BUSINESSWEEKLY OF

Every 60 seconds of every working day an estimated 56,601 candy bars are produced—about 7,063,875,000 in a year.

Spot Radio *sells* those candy bars—or anything else—effectively and economically.

Spot Radio costs less to reach more customers, whoever they are, whenever and wherever you like.

And, 60 seconds is all it takes.

COMPARABLE RATINGS • First issue of *Activity*, new rating service to be published weekly by A. L. Sindlinger & Co., Philadelphia, audience research firm, slated to appear early this week. It will be report on audience for all major advertising media — tv, radio, newspaper, magazine and screen advertising—all measured on common base so that ratings of various media are directly comparable.

8•T

WHILE national average increase in radio national spot billing from January to July was 20.6%, based on Station Representatives Assn. findings, one national representative reports billing increase for his list during period approached 40% and is destined to stay at that level or above for entire year. Inquiries at firms handling both radio and tv bring consensus that, percentage-wise, spot radio will outstrip spot tv. but not in dollars.

BIT

TRAFFICKING TEMPTATION? • FCC, in its inner councils, is pondering question whether its practice of issuing tax-exemption certificates on new station purchases which date back to "forced sales" under duopoly rule—actually functions to enforce Commission policy. Duopoly rule, preventing ownership of more than one station of same class in same market, in force since 1941, resulted in tax certificate innovation so that capital gains taxes would not have to be paid on "forced sales." One view is that continued use of tax certificate operates to promote "trafficking" in stations.

В●Т

BROADCASTER resentment over demand by Olympic Organizing Committee for heavy tv and theatrical newsreel fees to cover upcoming games will be fanned to white heat when background comes out into open. Behind this move against two visual media is reported desire of Australians to build up huge kitty that will finance foreign travel of their athletes for years to come. U. S. opposition centers around protest made by NARTB Freedom of Information Committee. European broadcasters also are set to resist coverage demands.

B+T

HOT KINE • NBC-TV's color kinescope process using monochrome lenticular film (story, page 78) is considered not only "emergency measure" to provide necessary three-hour time delay for west coast color shows but also "long range" despite imminence of color tape recording development by RCA-NBC team. Color kinescope showing last week was unexpected order from front office, since first public display wasn't scheduled until Sept. 29. In fact. whole color closed-circuit was rush twoday production with Ziegfeld Theatre conversion to tv completed within but one hour of "show time" and technical crews getting no chance for shake-down trials.

Bei

STRENUOUS efforts have been made during past fortnight to complete paper work for filing of applications with FCC for transfer of Biner stations (Consolidated Television & Radio Broadcasters Inc.) to Crowell-Collier, but immensity of detail in \$16 million-plus transaction necessitated postponement until sometime this week probably by Friday, Sept. 21. C-C on Aug. 31 announced it had completed its financing (B•T, Sept. 3), delayed because of tight money market. If application is filed by Sept. 21, it will allow FCC six weeks for approval prior to Oct. 31 cut-off date of sales contract.

B•T

CONSPICUOUS BY ABSENCE • Although six members of FCC were in New York last week, principally to attend RTES luncheon at which Chairman McConnaughey was speaker, all stayed away from opening of Celler Subcommittee antitrust hearings at Federal Building in downtown New York. Among observers for FCC, however, were Robert D. L'Heureux, administrative assistant to chairman, and Ashbrook P. Bryant, Broadcast Bureau attorney now assigned to network study staff, latter taking copious notes.

B•T

NETWORK representatives at Celler Subcommittee hearings were non-plussed by reading into record of portions of strongly worded presentation made by major film producers to network study group last May 31. They said it was first they knew of these charges they will be called upon to answer this week (story, page 39).

B#T

NIGHT RADIO BUY • Reflecting renewed interest in radio by major advertisers, Columbia Pacific Radio Network today (Monday) will announce 52-week purchase by Regal Amber Brewing Co. (Regal Pale beer) of 15 CPRN stations on Monday-through-Saturday 9-9:30 p.m. (PST) for Gil Henry's *Regal Record Room* through Guild, Bascom & Bonfigli, San Francisco, effective Oct. 8. Show will originate from KNX Los Angeles.

в∙т

CITATION by Dept. of Defense will be awarded NARTB President Harold E. Fellows Sept. 30 for outstanding service on behalf of Reserve Forces Act Week. Parade review will be staged at Fort Myer, Va., by Presidential honor guard, it's understood. Defense Dept. credits Mr. Fellows with bringing about wide publicity on behalf of reserve week. **TOLL TV STUDY** • That remark of Chmn. McConnaughey in New York last week—that the FCC may begin studying staff-digested comments on pay tv within next 30 to 60 days—does not mean that the staff has started breaking its back to get material together. Ever since controversial subscription tv suggestion first arose, staff has been compiling data on subject and is up-to-date on complete "appreciation" of entire matter.

BeT

WHEN Chunn. McConnaughey ventured thought there should be some experimental pay tv so public's reaction to paying for tv programs can be more accurately gauged, he was allying himself with Comr. Lee who made that very point in his bylined article in Look Magazine earlier this year [B•T, March 12]. Contr. Lee said that pay tv may prove to be salvation for uhf outlets.

SUPREME COURT TEST • Supreme Court will be asked to review July Court of Appeals 8-2 decision upholding right of FCC to allocate ch. 10 to Vail Mills, N. Y (outside of Albany, N. Y.). Appeal will be sought by ch. 35 WTRI (TV) Albany. In essence, move asking Supreme Court for writ of *certiorari* means court-ordered stay against accepting applications for Vail Mills ch. 10 remains in effect. Application for that vhf channel has been filed by ch. 41 WCDA (TV) Albany, but has not yet been accepted by FCC. FCC has proposed to delete ch. 10 allocation in pending deintermixture case dealing with arca.

В●Т

FCC ALSO is considering appeal of its own to highest tribunal in case involving WSPA-TV Spartanburg, S. C., wherein Court of Appeals held FCC erred in granting station permission to move its transmitter from one mountain to another [$B \bullet T$. Sept. 10]. One legal view, it's understood, is that Justice Bazelon, who wrote strong oplnion, exceeded court's function in telling FCC it must accept population count based on curves. Other is that there's no necessity to ask for Supreme Court review, since mandate can be met without depriving public of service now being received from WSPA-TV.

B•T

GIVES UP ONE HAT • Jack Harris, newly elected president of Assn. of Maximum Service Telecasters, has tendered his resignation to NARTB President Harold E. Fellows as chairman of association's Television Information Committee, which he has headed past two years. With expansion of NARTB's public relations program [B•T, Sept. 10], Mr. Harris assumed work of TIC had been concluded and, moreover. expressed view that his duties with AMST would preclude continued active participation in NARTB public relations.

at deadline

JUSTICE DEPT. MAPS MORE FBI PROBES OF NETWORK 'CONTROL' IN TELEVISION

JUSTICE DEPT. will continue to press its twoyear industry-wide tv probe with vigor and will ask its Federal Bureau of Investigation later this month to embark on new network-stationtv advertiser expedition to collect "wide variety of information concerning network procedures for selling time to advertisers."

Pending new FBI hunt (agents have been actively canvassing field since last March) disclosed Friday by Assistant Attorney General Victor Hansen, in charge of Justice's Antitrust Div., only witness to oppear on second day of Celler probe (earlier story page 39). Mr. Hansen, indicating get-tough policy, proved to be first witness cast in main supporting role of network critic.

As Mr. Hanson's testimony ended Friday subcommittee recessed until today (Mon.)— Rep. Emanuel Celler (D-N. Y.) suggested voluntary effort by tv industry to effect changes to avoid protracted litigation; asserted FCC could solve matter in even shorter time (than Justice Dept.'s estimate of one to two years for whole picture to be studied and before any court action instituted by government). Mr. Celler noted FCC has power to modify chain broadcasting rules.

Training most of volley against network "control" practices, Mr. Hansen warned "must buys" may violate Sec. 1 of Sherman Antitrust Act, that network-talent arrangements with talent tied to network and made condition to purchase of choice time by advertisers also might constitute antitrust violation.

Action against alleged networks' preference for their own shows also hinted by Mr. Hansen, who held out possibility that tv shows might be considered not as services but as commodities (and thus be subject to Robinson-Patman Act), as result of complaints now before Federal Trade Commission against advertisers using radio-tv merchandising plans [BoT, July 30]. Another fact-finding aim, he said, is to determine whether fixed time rates—via owned and operated stations and by affiliates by virtue of time periods sold to national advertisers constitutes illegal price fixing.

Possibility of divestiture proceedings to separate networks from tv production was suggested by Mr. Hansen as last resort if relief is needed and no other is available.

Unexpected development was Mr. Hansen's expressed concern with purported move within FCC to liberalize multiple-ownership limit on tv station (now seven with maximum of five v's) and assured subcommittee Justice would ask FCC to consider tightening existing limitation even further.

During his testimony, he raised possibility that Philadelphia federal grand jury study of NBC-Westinghouse arrangement may be widening by disclosing that firms other than RCA, NBC, Westinghouse Broadcasting Co. and Westinghouse Electric have had files subpoenaed—he mentioned CBS as one of these firms. "More of these [file subpoenas] may still be forthcoming," Mr. Hansen said, refusing to elaborate.

Mr. Hansen drew parallel of network "control" over nation's tv stations to now famous Paramount Pictures case of 1948, in which Supreme Court divorced movie production and exhibition. But, he said, "networks' control over the nation's tv stations dwarfs the majors' power over theatres condemned in Paramount [case]." Presenting figures showing number of network-affiliated stations as about two weeks ago (422 stations out of total of 457), Mr. Hansen asserted "it seems clear the networks own or are affiliated with more than 90% of the television stations in this country."

He also charged that its probe, though not yet complete, suggests that the principal networks beyond doubt have power to dominate if not control aspects of television and spill over into distribution of entertainment and program production, building of scenery and tieups of talent. Thus, he said, Justice's inquiry now "focuses on whether that power has been, or will likely be, used to exclude competition."

Mr. Hansen noted Justice Dept.'s tv probe now spans every relevant facet in network operations, including pricing of shows (network and independent), discounts, rebates, program rejections, kinescoping, network time demandsupply, percentage of prime network time occupied by network-owned or controlled shows, etc.

Witnesses slated for today's hearing at 10 a.m., Federal Bldg., Foley Sq.: songwriters Stanley Adams (former ASCAP president) and Jack Lawrence and showman-songwriter Billy Rose; Carl Haverlin, president of Broadcast Music Inc. Mr. Celler indicated to newsmen that networks may be called to testify latter part of this week, and if necessary when New York phase of hearings is over, they would resume in October, possibly in Washington.

Mr. Rose announced Friday that he, Mr. Adams and Mr. Lawrence would testify today under subpoena and that they, along with others, including Oscar Hammerstein II, Dorothy Fields and Otto Harbach, would hold news conference immediately following the subcommittee's morning session today.

No Cuts for RCA Color

NATIONALLY-ADVERTISED prices of RCA Victor color sets will not be reduced for introduction of 1958 models, President Frank Folsom of RCA told sales meeting Friday in Camden, N. J. In fact, RCA can offer no assurance prices will not rise due to increasing costs in labor and materials, he said.

OLD WAYS BEST?

AS PART of plans to strengthen programming structure, WGN Chicago reportedly is contemplating airing dance band remotes from key hotels—just as radio stations used to do in radio's "Golden Era." Success of Lawrence Welk on tv and revived interest in name bands said to be factors in the Chicago Tribune station's consideration of move, along with desire to veer WGN away from now-conventional record format and "jukebox" concept.

BUSINESS BRIEFLY

Late-breaking items about broadcast business; for earlier news, see Advertisers & AGENCIES, page 42.

PETER PAUL PURCHASE • Peter Paul candy, Naugatuck, Conn., starting tv spot schedule Sept. 16 in approximately 100 markets. Contract, for 52 weeks, placed through Dancer-Fitzgerald-Sample, N. Y.

CLARK CAMPAIGNS, TOO • D. L. Clark Co. (Clark candy bars), Pittsburgh, planning threemonth tv spot drive in children's shows on 64 major market stations across country. Agency: Grant Adv., Detroit.

DENTURE DRIVE • Block Drug Co. (Poli-Grip and Polident), Jersey City, planning tv spot announcement campaign in approximately 65 markets for 13 weeks, starting Oct. 1. Grey Adv., N. Y., is agency.

SHAMPOO PREPARES • Block Drug Co. (Minipoo shampoo), Jersey City, preparing spot announcement radio campaign to begin Oct. 14 for nine weeks in 14 major cities. Agency: Down, Redfield & Johnstone, N. Y.

LEVER LAUNCHING • Lever Bros. (Silverdust), N. Y., placing 10-week radio spot announcement campaign effective Oct. 1 in nearly 50 markets. Sullivan, Stauffer, Colwell & Bayles, N. Y., is agency.

SOUP'S ON • Thomas J. Lipton (Lipton soup), N. Y., placing radio and tv spot announcement campaigns in 15 radio and 15 tv markets. Radio campaign breaking on West Coast Oct. 1 for five weeks; in Gulf area Oct. 15 for four weeks; in East, Oct. 1. Tv spots start Oct. 15. Young & Rubicam, N. Y., is agency.

KEY OPENS AD PUSH • National Key Co., Cleveland, today (Mon.) launching "first fullscale campaign" in key industry, using spot radio and television, plus other media. Blaine-Thompson Co., agency, said number of radiotv markets not determined but campaign, starting this week, is expected to reach markets throughout country where National Key's 23,-000 dealers are located.

SOUTHEASTERN BUY • Colonial Stores will sponsor Ziv Tv's *Dr. Christian* film series in 15 major southeastern markets beginning in October. Liller, Neal & Battle, Atlanta, is agency.

BREAD BUYING • Baker's Franchise Corp. (Lite Diet bread), N. Y., through Kastor, Farrell, Chesley & Clifford, N. Y., planning radio spot announcement campaign beginning late September and early October for 13 weeks in about half-dozen eastern markets.

AMMONIA ON RADIO • Parsons Ammonia Co., N. Y., through Jackson-Hedrick, N. Y.. started six-week radio saturation campaign Saturday in half-dozen major markets.

RADIO FOR MY-T-FINE • Penick & Ford Ltd. (My-T-Fine desserts), N. Y., through BBDO, N. Y., placing radio spot announcement campaign in New England area only, starting Sept. 26 for six weeks.

You can Sell the 9th U.S. Market with One Dominant Medium...

TWO AND ONE HALF MILLION PEOPLE ... with over 31/2 billion dollars to spend!

Radio WOW serves Omaha, Lincoln and Sioux City, Iowa—plus 1¾ th million MORE families outside those areas.

In total this is equal to the ninth market, population-wise in the U.S.A. This amazingly rich farming-industrial population spends over $3\frac{1}{2}$ Billion a year for goods and services. Are you getting your share?

NBC SALES ECHELON GETS NEW REVAMP

SERIES of new appointments in wake of NBC top-level executive realignment being announced today (Mon.) by Thomas A. McAvity, new executive vice president for television network programs and sales.

William R. (Billy) Goodheart Jr., veteran show business authority who came out of retirement to join NBC last spring will be put in charge of NBC-TV network sales with nomination for vice presidency to go before NBC board of directors at meeting Oct. 5. He succeeds George H. Frey, who's moving to Sullivan, Stauffer, Colwell & Bayles [CLOSED CIR-CUIT, Sept. 3; also see story, page 48].

Mr. McAvity, one of four executive vice presidents appointed in reorganization 10 days ago [B \bullet T, Sept. 10], also named Michael H. Dann, vice president in charge of tv program sales, to same post in new alignment; Walter D. Scott, who has been vice president and national tv sales manager, to be vice president and tv sales director, and Carl M. Stanton, former vice president in charge of NBC Film Div., to be vice president in charge of tv programs and sales, business affairs. Messrs. Dann and Scott report to Mr. Goodheart; Mr. Stanton to Mr. McAvity.

Meanwhile, announcement to be made shortly that Thomas McFadden, vice president and

Bon Ami Puts \$350,000 Into Biggest Spot Drive

IN ITS BIGGEST single tv spot splurge to date, Bon Ami Co., through Ruthrauff & Ryan, N. Y., this month and next will conduct daytime drive reportedly totaling \$350,000 in billings. Starting today (Mon.), Bon Ami, for new push-button "Jet-Spray" cleanser, buys into NBC-TV's Today and CBS-TV's Good Morning With Will Rogers Jr.; on Sept. 24, into NBC-TV's Home and ABC-TV's Afternoon Film Festival, and on Oct. 7 into NBC-TV's Matinee Theatre. Bulk of tv budget, however, is slated for saturation spot drive in total of 50 markets. Sixteen eastern markets will be hit Sept. 26 and 27 with one-day "Bon Ami Sellathon" consisting of 32 announcements; western markets Oct. 17 and 18—using two stations each "in most cities." Supplementing this 43-market campaign will be additional tv spot drive starting end of September in seven major cities. Entire drive is keyed to coincide with completion of national distribution of "Jet-Spray."

O'Connor Purchases WJVB

WJVB Jacksonville Beach, Fla., sold Friday by J. Lyle Williams Jr. to J. W. (Bill) O'Connor for \$75,000, subject to FCC approval. Sale handled by Blackburn-Hamilton Co. Station operates on 1010 kc, 1 kw daytime. Mr. O'Connor recently bought WPFA Pensacola, Fla., subject to FCC approval. He is Chicago radio artist.

WPIX (TV) Strikes 'Pitches'

WPIX (TV) New York reported Friday it has instituted policy of rejecting all "hard sell" and "pitch advertising" and believes station will be "entirely free" of this type of advertising by general manager of NBC's WRCA-AM-TV New York, will return to owned stations and NBC Spot Sales division as vice president in charge under Charles R. Denny, who held that post until elevation to executive vice president in charge of operations in executive realignment.

In other developments, Richard A. R. Pinkham, vice president in charge of tv network programs, who had been slated to get offer of another post, decided to stay—and word Friday was that he would keep present title and responsibilities. Frederic W. Wile Jr. also has announced resignation as vice president in charge of tv programs for Pacific Div. [CLOSED CIRCUIT, Sept. 10] saying his future plans have not been made.

Speculation continued about future plans of Sylvester L. (Pat) Weaver Jr., who resigned as board chairman coincident with reorganization. He was reported to have had "many" offers (Crowell-Collier's budding broadcast division, MGM, at least two agencies, BBC, financial backing for own enterprises were among those mentioned by some associates). He was represented as challenging estimates that NBC settled his long-term contract for \$200,000 or \$300,000, saying terms were much to complicated to put precise figure on.

end of September. Spokesman said move resulted from national advertisers buying time in "increasing numbers" after station started heavily programming "top-quality" syndicated half-hour shows (60 currently on station). He added WPIX "never was happy about the situation, and was waiting for first chance to get rid of mail order and 'hard sell' business." Though not NARTB member, he said, station plans to observe NARTB code provisions.

Loew's Hits KMGM-TV Call

USE of KMGM-TV by what was KEYD-TV Minneapolis-St. Paul was protested by Loew's Inc. Friday when it filed petition with FCC to reconsider grant of call letter change made last month. Owners of KMGM-TV announced they were negotiating with Loew's for lease of MGM feature films as well as minority interest for Loew's in station [B•T, Sept. 10]. Loew's, silent on this, claimed "MGM" trade mark was theirs, that use of call unauthorized and might damage its film sales in Minneapolis-St. Paul area.

Engineers Get 'til Oct. 1

FCC Friday extended to Oct. 1 deadline for comments from engineers regarding analysis of controverted basic technical data on which comments on proposed deintermixture rulemaking involving 14 cities must be based. Original deadline for engineering aspects was Sept. 15. Deadline for comments on proposed unmixing was Sept. 10 but was extended to Nov. 15 several weeks ago. Engineering analysis by special committee of Assn. of Federal Communications Consulting Engineers being mailed to FCC this weekend. Consensus, according to best information, is that some uhf data should not be relied on too heavily.

PEOPLE

ROBERT L. HOENSHEL, merchandising director, Victor A. Bennett Co., N. Y., elected vice president.

STORRS HAYNES, formerly vice president in charge of radio-tv for Compton Adv., N. Y., and previously radio-tv account executive with McCann-Erickson, N. Y., appointed television group head at J. Walter Thompson Co., N. Y.

WILLIAM P. HEMP, merchandising supervisor for International Div., Minnesota Mining & Mfg. Co. (broadcast tapes), promoted to assistant sales manager for division's tape products.

GERALDINE ZORBAUGH, vice president and special assistant to president of ABC, to be honored tonight (Mon.) by New York chapter, American Women in Radio & Television, at testimonial dinner hailing her as first woman vice president in network broadcasting.

GEORGE F. HALLER, formerly media supervisor at Biow-Beirn-Toigo Inc., N. Y. (now defunct), to media department of J. Walter Thompson Co., Chicago.

WHAM-TV Now WROC-TV

WHAM-TV Rochester, N. Y., city's oldest tv station, changes call letters to WROC-TV effective today (Mon:). Station continues as NBC-TV affiliate. David C. Moore, Transcontinent Television Corp. president, said operating policies will not be changed. Change in call letters specified in contract by which TTC sold WHAM-AM-FM to Riggs & Green Inc. Originally, WROC call belonged to SS Frederick Von Steuben for visual signal purposes. Ship has been decommissioned. William Fay, longtime manager of WHAM properties, continues as WROC-TV president.

Tv-Boosters to Be Debated

FIRST industry discussion of pressing issues in community tv-booster controversy to be held at Salt Lake City during Thursday-Friday NARTB regional meeting (early story page 81). William C. Grove, KFBC-TV Cheyenne, Wyo., host director, has scheduled debate involving Bernard Koteen, counsel for tv station group that asked FCC to put community facilities on common-carrier basis; E. Stratford Smith, executive secretary, National Community Television Assn., and Robert L. Heald, NARTB chief attorney.

Scherer Elected MARTB Head

J. P. SCHERER, WHFB Benton Harbor, elected president of Michigan Assn. of Radio & Tv Broadcasters Friday at close of meeting (early story, page 84). He succeeds Carl E. Lee, WKZO Kalamazoo. Other officers elected were Les Biederman, Paul Bunyan Network, vice president, and George Millar, Knorr Broadcasting Co., secretary-treasurer.

Shelby Gets Sarnoff Medal

DAVID SARNOFF Gold Medal for 1956 of Society of Motion Picture & Television Engineers will be awarded posthumously to Robert E. Shelby, NBC vice president and chief engineer at time of his death last December. Medal, established in 1951 to recognize technical contributions to tv art as well as to encourage development of new techniques, methods and equipment, will be given to Mr. Shelby's widow Oct. 9 during SMPTE's 80th convention in Los Angeles. Mr. Shelby was one of tv's pioneers in both uhf and color systems.

----- AWARDS --

Six Legion Auxiliary Awards Split Evenly by ABC, NBC

THREE ABC and three NBC programs have been cited for "Golden Mike" awards by the American Legion Auxiliary during the group's 36th national convention in Los Angeles concurrent with the American Legion's 38th convention there. Awards for radio-tv were instituted by the auxiliary in 1950.

Two radio awards went to NBC, one for Dr. Norman Vincent Peale as best religious program and another for Lone Ranger as best program for youth. ABC Radio's Voice of Firestone was honored as best musical program.

ABC-TV won two television awards, one for Life Is Worth Living as best religious program and another for Disneyland as best program for youth. NBC-TV received a Golden Mike for Perry Como Show as best musical.

Awards were presented by Mrs. Bowden D. Ward, national president of the auxiliary. They were based on a national poll of the auxiliary's membership of one million women.

Top 'Ham' to Be Honored

NOMINATIONS for the fifth annual Edison Radio Amateur Awards—sponsored by the electronic components division of General Electric Co.—will close Jan. 3, 1957, the awards committee announced last week. The Edison Award Trophy and a \$500 check will be given to one of the nation's 140,000 licensed radio amateurs who displayed sufficient "sacrifice, ingenuity and benefit" in the public interest within the continental limits of the U. S. during the 1956 calendar year.

Judges for the contest include FCC Comr. Rosel H. Hyde, Undersecretary of State Herbert Hoover Jr., American National Red Cross Chairman E. Roland Harriman and G. L. Dosland, president of the American Radio Relay League, the amateurs' national organization.

AWARD SHORTS

WSAZ-TV Huntington, W. Va., received award certificate from Second Army Recruiting & Induction Center, Ashland, Ky., recognizing station's "fine spirit and public service."

KPTV (TV) Portland, Ore., was awarded U. S. Treasury citation for cooperation in U. S. Savings Bonds Program.

WGBS-TV Miami, Fla., for "wholehearted support" of Area Marine Corps Reserve, got certificate of appreciation.

KING-AM-FM-TV Seattle, Wash., awarded national award of American Humane Assn. for "extraordinary devotion" to humane movement during August.

Warren Culbertson, staff meteorologist, WFAA-TV Dallas, Tex., named top television personality by Tv Preview magazine.

Andrew Hoffmann, regional sales manager, WWVA Wheeling, W. Va., won President's Cup Trophy of W. Va. Broadcasters Assn. at golf tournament held in conjunction with annual fall meeting at White Sulphur Springs, W. Va. $[B \bullet T, Aug. 26].$

WCCC Hartford, Conn., has received certificate from Leo J. Mulcahy, Conn. director of Civil Defense, recognizing station's cooperation as Conolrad outlet during Operation Alert 1956.

NBC-TV's third entry in the *Project XX* documentary film series, "The Jazz Age," cited at the Edinburgh Film Festival. The program—destined to reach U. S. television screens early in 1957—reconstructs the 1920's through film, music and narration by the late Fred Allen.

ANTIGONE

IT WOULD take a far more accomplished actress than Marisa Pavan to hurdle the broad gap between Nunnally Johnson's screenplay of Sloan Wilson's best seller of 1955, Man in the Grey Flannel Suit, and Jean Anouilh's stage adaptation of Sophocles' spellbinding tragedy of 441 B. C., "Antigone." Thus, we simply cannot understand what motivated the "Unit Four" people of The Kaiser Aluminum Hour to pick the albeit lithe and pretty Miss Pavan for such a strenuous role as demanded by the playwrights. As it turned out, she was more antagonist to co-star Claude Rains than she was Antigone to Mr. Rains' Creon, regent of Thebes.

(To be downright nasty about it all, we recall that the part of Antigone, the strong-willed daughter of Oedipus—in the 1945 adaption by Lewis Galantiere who also wrote last week's tv version—was filled by Miss Katherine Cornell. There, it's out.')

Although backed by a versatile varsity of players, the only true star to emerge from this Thebian quagmire of princely struggles and kingly vengeance was that of Alexander Scourby, a Chorus in a Brooks Brothers Suit. It was Mr. Scourby's happy duty to put M. Anouilh's wit to the test. Sample: "Tragedy ... unlike melodrama, which is vulgar, is ... tranquility. In tragedy, the outcome is not in doubt ... and there is nothing the audience can do to stop it from unwinding ... like a coiled spring."

Though in color, "Antigone" was one of those plays that looked better in black-andwhite, and one of the main reasons for this was the eloquent yet stark beauty of Rouben Ter-Aruturian's simple space cadet-like set. The final—but by no means unimportant—touch was provided by Ben Ludlow's tympanic score. It aided immensely in tightening M. Anouilh's spring.

Production costs: Approximately \$45,000.

Sponsored by Kaiser Aluminum & Chemical Corp., through Young & Rubicam, New York, on NBC-TV, alternate Tuesdays, 9:30-10:30 p.m. EDT.

- "Antigone" by Sophocles. Adapted for tv by Lewis Galautiere from the stage play by Jean Anouilh; executive producer: Worthington Miner; producer-director: Franklin Schaffner; assoc. producer: Joseph Dackow; costume & set designed: Rouben Ter-Aruturian; unit manager: Douglas Luts; script editor: John Byram.
- Cast: Claude Rains, Marisa Pavan, Mildred Natwick, Felicia Montealegre, Alexander Scourby, Paul Stevens and Clint Young.

THE ADVENTURES OF JIM BOWIE

"I WANT a knife, not just a skinning knife too small to pierce a bear's fat and so brittle it will snap off if it strikes a bone, but a real knife that a man can depend on—so long, so thick, and with a doubled-edged tip, curved so and balanced for throwing."

In essence, those are the specifications for the famous Bowie knife as outlined by Jim Bowie, who had just come out second best in a wrestling match with a she-bear, to Sam Black, master cutler. How young Bowie got his knife — and tested it in hand-to-hand combat with a villainous thief—was told in "The Birth of the Blade," opening episode in *The Adventures of Jim Bowie*, new Friday evening series on ABC-TV.

Based on Monte Barrett's biography of Bowie, *The Tempered Blade*, the tv series presumably deals with actual events in it's hero's life, but few viewers are going to be much concerned with how closely the stories match the facts. As long as they're as action-packed as was the first, all true Western fans will be happy. Scott Forbes, in the title role, both looked the part and acted it to the teeth, and the script of Lewis R. Foster, who is also producer-director of the series, gave him plenty to get his teeth into.

All in all, *The Adventures of Jim Bowie*, started off like a worthy companion to Davy Crockett.

Production costs: \$38,825.

- Sponsored by American Chicle Co. through Ted Bates and Chesebrough-Pond's Inc. through McCann-Erickson on ABC-TV, Fri., 8-8:30 p.m. EDT.
- Executive producer: Louis F. Edelman; producer-director: Lewis R. Foster; writers: various.
- Star: Scott Forbes, supported in the opening program, Sept. 7, by Walter Sande, Kem Dibbs and Robert Foulk.

HEY, JEANNIE!

WHOEVER CAN (or doesn't have to) overcome aversion to such a title as *Hey*, *Jeannie!* (*Honestly*, *Celeste!*, *It's Always Jan*, etc.), whoever isn't fed up with half-hour tv comedy situations, with the insipid average-man apartment sets, the streets of Brooklyn and the Dodger-loving citizens, whoever measures down to these negative requirements may qualify as a regular viewer of the new Jeannie Carson series.

The star is a charming slip of a girl, very entertaining when allowed to sing and dance. Her acting measures up too, along with the familiar comic talent of Allen Jenkins, cast as the Brooklynesian taxi driver who, with his sister (played by Jane Dulo in a tight suit), takes in the Scots lassie heroine. But talent can't always triumph over a tiresome plot.

Episode one on Sept. 8 found the immigrant girl forced by a set of inane circumstances to taxi a pair of umpires for a Dodgers game to the stadium. The heroine couldn't find the way, much less remember that in the States one drives on the right. So it was not surprising when she was stopped by an Irish policeman. (I'll be askin' to look at yer' droiver's loicense.") They end up dancing a jig, one of the few worthwhile moments in the show. Such moments were too rare in a pallid half-hour. Life and Saturday nights are too short.

Production costs: Approximately \$38,000.

- Sponsored by Procter & Gamble Co. through Compton Adv. on CBS-TV Sat., 9:30-10 p.m. Producer: Charles Isaacs; director: James V.
- Kern, Les Goodwins (alternating); music conductor: Earl Hagen, Herb Spencer; package by: Four Star Productions.

TWENTY-ONE

LIKE the card game of the same name, NBC-TV's new quiz show, *Twenty-one*, calls for judgment as well as for knowledge, thereby providing an interesting variation on the toofamiliar quiz show pattern. Contestants, vying against each other from individual soundproof booths to keep either from knowing the other's score, select easy or hard questions with values graded from one to 11. In scoring, losses are deducted from winnings; 21 wins the game or, if a contestant thinks he's well ahead, he may end it after two rounds of questions; the winner gets \$500 a point for the difference between his score and that of the loser.

On last Wednesday's opening program, a 59year old longshoreman with little formal education knocked out in fast succession a college graduate wife of a college professor and a psychological warfare expert, both losers hav-

His work is the talk of the town

121

Telephone talk, that is! For Joseph Rouse installs Bell central office switching equipment made in our factories. He's shown here doing just that... helping to bring more dial telephone service to Thomasville, Ga.

It could easily be your community. For, last year alone, our 17,000-man installation organization worked on 45,000 separate jobs in over 6,500 cities and towns doing such work as making additions, modifying equipment and changing manual switching equipment to dial service.

Installation of central office equipment is one more way Western Electric people help your local Bell telephone company provide your town with good, dependable telephone service.

NOW YOU CAN ACTUALLY HEAR RADIO PROGRAM AVAILABILITIES SIMPLY BY TELEPHONING YOUR NBC SPOT SALES **RADIO REPRESENTATIVE!**

From the beginning of Radio, the truly vital elements of intelligent buying have been the programs themselves and the personalities who make them sound advertising investments. Now, for the first time, national Spot Radio advertisers can make important buying decisions based on actual performance of programs and personalities.

Radio-Phonic Spot Buying offers you *immediate* auditions of Radio programs carried by every station represented by NBC Spot Sales. And you don't have to move from your desk! This new and exclusive service is available right now to time-buyers in New York. Eventually, it will be available in other key cities.

An up-to-date file of audition recordings is as close to you as your telephone and the list will soon be expanded so that, eventually, you can hear any Radio show on any Radio station sold by NBC Spot Sales. Just call your NBC Spot Sales Radio Representative at your convenience, name the station and the show you want to hear, then sit back and listen to the sample-in-sound for yourself - as much or as little of it as you choose.

Try Radio-Phonic Spot Buying today!

ing overgauged their knowledge of a category while the victor knew when to call for a low value question and, just as important, when to call a halt. Result: he has \$10,500 to his credit and a week to decide whether he wants to stop there or to take on a new opponent this Wednesday.

Despite a strong conviction that what tv needs least is another quiz show, here's a frank admission that Twenty-one is far from the least enjoyable of the new season's new crop of programs.

- Production costs: Approximately \$18,000. Sponsored by Pharmaceuticals Inc. through Edward Kletter Assoc. on NBC-TV, Wed., 10:30-11 p.m.
- Mc.: Jack Barry; packager-producer: Barry & Enright Productions; executive producer: Robert Noah; announcer: Bill McCord; director: Charles Dubin; producer: Howard Merrill; music director; Paul Taubman: scenic designer: Jack Landau.

THE SLENDERELLA SHOW

ELOISE ENGLISH as a young and successful businesswoman, Eloise English as a personality, Eloise English as a piquant talker, is a lady who should be able to command more than passing interest from the radio listener. But when the executive vice president of Slenderella is introduced by Galen Drake on the new CBS Slenderella Show (Sat. 10:50-11 a.m. EDT) as "an authority on behaviourisms of women," she is defeated before she speaks a word. Authority on the subject conceivably could be established, but never by such a nettlesome assertion as that.

The banter Sept. 8 between the old master and Miss English about whether or not wives should be given "allowances" further diluted the star's charms. Galen Drake can take care of himself, but Miss English deserves more careful treatment, especially when her firm is paying the bill.

Production costs: Approximately \$4,000.

Sponsored by Slenderella through Management Assoc. of Connecticut on CBS Radio, Sat. (10:50-11 a.m.).

PICK THE WINNER

CBS-TV IS OUT to resurrect old-style political debates with its new Pick the Winner series. It's a notable attempt, as evidenced by last Wednesday's contest between Gov. Harriman of New York and Sen. Knowland of California. It's also near impossible to achieve in 30 minutes, as the same show proved.

The technique, roughly, is this: Each speaker is allowed a two-minute opener, then they alternate for periods of four minutes, three minutes and 21/2 minutes. That accounts for 23 minutes speaking time, 111/2 minutes apiece. Now, everybody knows that 111/2 minutes is hardly time for a politician to say hello, much less expand on an issue. Add the fact that with each turn a new challenge or question was raised-and not answered-and you get a rough idea of how little was gotten across.

(It must be noted, however, that Gov. Harriman wasn't as hampered by time as Sen. Knowland. He merely ignored the limits and spoke as long as he pleased.)

All this is not to say that the program is not worthwhile. It is, most certainly. It also is entertaining. More might be gotten out of it, however, if certain issues were set down in advance.

Sponsored by Westinghouse Electric Co. through Ketchem, MacLeod & Grove on CBS-TV; Wed. 7:30-8 p.m.

Producer: Ted Ayers; director: Verne Diamond; narrator: Walter Cronkite.

RADIO IS NO rphan Annie IN OUR SHOP

Since the advent of television with its glamour—its newness—its size and—its profits, Radio has led a pretty drab existence around most "rep' offices"—a regular "Lil Orphan Annie". Not so at Hollingbery—We haven't forgotten that our first dollar twenty years ago was a "Radio Dollar"—and we wouldn't be in business today if we didn't have those same "Radio Dollars" coming in. Radio is a basic and fundamental part of our daily business operation—it always has been in the past and it will be so long as there is radio advertising to be sold.

Radio will never be a Little Orphan Annie in our shop.

Geo. P. Hollingbery Co.

.IT's curious that most Americans allow themselves to be fascinated with stories of nuclear war horror, but display a marked apathy towards such vital functions as civil defense. With "Survival Street," a live telecast from Olney, Md., NBC-TV and the Federal Civil Defense Administration attempted rather admirably to orient the viewing public on the

SURVIVAL STREET

IN REVIEW

how and why of the latter agency's functions. The program, marking the opening of Civil Defense Week, was complete enough. There were hundreds of volunteer participants, civil defense workers, fire and rescue equipment, along with burning and smoking sets. How-ever, there was an air of "staginess" to the production. It's the decision of the individual viewer as to whether these overtones of theatrics are good and bad. One viewpoint: The FCDA should be more concerned with an orientation effort. The other: Is it humanly possible to overemphasize possible atomic havoc and the need for preparation?

Sustaining on NBC-TV Sun., Sept. 9 (5:30-6 p.m., EDT).

Point of Origin: Live from Civil Defense Training Center at Olney, Md.

Narrator: Ben Grauer; Executive Producer: Barry Wood; Producer: Ed Pierce; Director: Dick Schneider; Writer: George Lefferts; Music: Vladimir Selinsky; Unit Manager: Monty Morgan; Associate Director: Van Fox; Production Supervisor For Federal Civil Defense Administration: Nat Linden

SEEN & HEARD

The sigh-and-squeal set who felt that Elvis Presley had been unduly restricted in his appearance with Steve Allen a month back cannot make the same complaint about his Sept. 9 spot on the Ed Sullivan Show, which allowed him full freedom of body. It must be said, though, that for the most part the CBS camera focussed discreetly on the singer's head and shoulders. More noteworthy to this viewer, who can take Mr. Presley or leave him, was the guest host, Charles Laughton, whose extremely mobile countenance offered a welcome contrast to Mr. Sullivan's unexpressive mien. Among the more attractive commercials on television are those for L&M cigarettes ("Live Modern") and Chesterfields ("They're for Real"). Both make artistic use of costumes, music, drama and photography. But when advised to smoke both during the same halfhour (Hey, Jeannie!, Sept. 8, 9:30-10 p.m. EDT), what's a guy to do? Give up smoking out of pure frustration?

DOUBLE DUTY BLONDES

REVLON Corp. isn't "seeing double," even though the 19-year-old blonde twin contestants on the Revlon-sponsored The \$64,000 Question on CBS-TV currently figure in commercials for a rival cosmetic firm, the Toni Co. (div. of Gillette Co.). It appears the twins, Susan and Caryl Volkman, were featured in film commercials as the "Toni Twins," and though the Toni commercials were produced about two years ago, they currently are being shown on CBS-TV.

Mert Koplin, producer of The \$64,000 Question, termed the sponsor conflict 'unfortunate" but pointed out that Revlon had known of the Toni commercials before the Volkman twins went on Question. He added that since the Toni films had been made "so long ago," Revlon felt it would not make any difference.

A Gem EDITOR:

... The TELECASTING YEARBOOK is a gem and is with me wherever I go and constantly on my desk where it is in use daily, including many Saturdays when I can work undisturbed.

David A. Bader, V. P. Atlantic Television Corp. New York

... ITS EXPERIENCE!

In straight calendar terms, WSM-TV has a margin of more than three years TV experience over either of the other stations in this market. That's how long WSM-TV was the only station serving this area, and learning in the process what this audience wants and what it takes to sell them.

But WSM-TV's experience goes deeper. As an extension of one of the country's biggest and most successful radio operations, WSM-TV's experience can, in several important respects, be projected over the past 30 years.

On the WSM — WSM-TV joint payroll are the skilled technicians, executives, planners, writers, producers, and talent staff of more than 200 nation-

ally famous stars who have earned for WSM numerous awards, plus such accolades as "top music station in the nation" and "showcase of American folk music" in more than 25 top national magazines, including American Magazine, Billboard, Collier's, Coronet, Farm and Ranch, Good Housekeeping, Look, Nation's Business, New York Times Magazine, Newsweek, Pathfinder, Redbook, Saturday Evening Post, Time, Town Journal, Variety, and Wall Street Journal.

Our point is this: the WSM success formula, still going strong after 30 years, has been neatly extended (by the very people who devised it) to WSM-TV making it the recognized TV leader in this market.

our respects

to JACK WEBB MINOR

IN DETROIT's feverishly competitive Motor City, young Jack Webb Minor has fashioned an enviable reputation for taking the "calculated risk" in media and leaning heavily on television to stimulate automobile sales.

It could literally be said that he demands "all the facts" before applying analysis and judgment and the final step: "either stop and discard, or pull out all the stops and go."

Associated with advertising and sales for the past 16 years, Mr. Minor has managed to cram a considerable amount of experience into his 35 years. With the Chrysler Corp. family since 1953, he shifted from the Dodge to the Plymouth Div. last July, as vice president in charge of sales. In that capacity he has final say on factory and dealer co-op advertising, promotion, merchandising and varied other activities.

In the Chrysler realignment aimed at restoring Plymouth to third place saleswise, television is thus apt to have a golden stake, much as it did during the young executive's tenure with Dodge, where one of his earlier "risks" involved the "discovery" of Lawrence Welk. Mr. Minor also enthusiastically endorses saturation spot radio.

Jack Webb Minor has a simple philosophy about sales and advertising ("sell and you eat") which reflects his early education and background in Kansas City. Born in that city Oct. 29, 1920, he attended Horace Mann grade and Central high schools and obtained his first job at Loomis Adv. Agency selling advertising space in the local telephone yellow pages. It was, as he recalls, a commission job, which he recommends for any beginner in the field. With the advent of World War II, young Minor enlisted in the U. S. Navy. He was assigned to communications and wrote technical data during his 42-month hitch.

Mr. Minor decided after the war he could best expose his natural and aggressive abilities in a city with more opportunities, so he moved from Kansas City to Detroit. He joined Transportation Adv. Co. as a salesman, helping the firm to expand by compiling an enviable sales record. He was promoted to vice president and sales manager in November 1945, and built a reputation for development of public relations and merchandising campaigns for Transportation's clients.

Word of Mr. Minor's advertising-sales prowess as a young executive soon got around, even in Detroit's industrial society. In April 1952, he transferred to Grant Adv. Inc. there as vice president for the Dodge account. He joined Dodge in December 1953 as advertising and merchandising director and early this year was appointed its general sales manager for automobiles and trucks.

In his new position at Plymouth, Jack Minor

is responsible for all sales activities related to moving vehicles from the dealers' showrooms to the public. Directly or indirectly, this includes supervision and training of Plymouth's expanded field force, personnel of zone and regional sales offices and working closely with dealer associations and individuals nationwide, as well as advertising, merchandising promotion, public relations and direct mail.

"The Welk show proved amazingly successful in helping dealers sell cars and that's not guesswork," he reasons. Dealers enthusiastically backed up Mr. Minor with such reactions as: "In 30 years I've never seen anything sell Dodges the way Welk does" and "The response [to our tv show] has been almost unbelievable." The past year, before shifting over to Plymouth, Mr. Minor was credited with stimulating a good deal of dealer enthusiasm during the Dodge "Sellathon" shows in New York, Chicago and other key cities—campaigns heavily buttressed by spot radio.

Radio can count Mr. Minor as a supporter, too, "when you want to tell a large section of the public something in a hurry"---and, what's more, it "reaches people in their cars." (This seemed to be demonstrated during Dodge's Sellathons, where spots recorded by Lawrence Welk and others were utilized in appeals to different car owners each week to switch over to Dodge.) He also espouses strong newspaper and magazine schedules.

This strong faith in all media, particularly radio-tv, was exemplified when he joined Dodge in 1953 and quickly welded together a new team and expanded car and truck advertising last fall. With the advent of the 1957 Plymouth line, Mr. Minor will help, advertisingwise, put the division's "K" series before the public and broadcast media are sure to be "prime" factors in the drive. Dodge and Plymouth have purchased another Welk series, *Top Tunes and New Faces*, starting Oct. 8 on ABC-TV and will use spot radio-tv in some 65 markets, plus dealer co-op campaigns.

When he isn't traveling (he's covered well over 70,000 miles since last October), Mr. Minor likes golf and is active in such organizations as the First Presbyterian Church of Birmingham, National Council of Presbyterian Men, Detroit Adcraft Club, Detroit Board of Commerce, University Club and Alpha Delta Sigma (advertising fraternity). He is chairman of United Foundation's public relations committee.

Personable and deceptively slow-talking, Mr. Minor enjoys the time he is able to spend with his family—his wife (the former Ellen Irwin) and three daughters, Jill, 9, Judy, 6, and Jaclyn, three months—when not talking Plymouth with thousands of dealers throughout the nation.

- BOOKS —

TELEVISION PROGRAMMING AND PRO-DUCTION, by Richard W. Hubbell. Rinehart & Co., 232 Madison Ave., New York 16, N. Y. 272 p. \$5.50.

IN HIS PREFACE to the third edition, Mr. Hubbell states the volume's purpose thus: "To analyze and define the nature of television; to formulate basic theory for its development as an art; to demonstrate practical techniques for program production; to show how programs are created and produced; to show what is happening in television around the world, and to show some of the far-reaching effects of economics on programming and television growth."

Several new chapters have been added to cover the final points, but the major part of the book was written between 1939 and 1944 when the author was a producer-director-writer for CBS-TV. "This portion of the original edition has been retained intact," Mr. Hubbell writes, "for the simple reason that it has been proved correct."

For the same reason, **B**•**T** repeats what it said when the second edition of *Television Programming and Production* appeared: "Established as one of the few books which are required reading for anyone considering a career in video programming."

MURDER, VERY DRY!, by Sam Sinclair Baker. Graphic Publishing Co., 240 W. 40th St., New York 18, N. Y. Paperbound. 157 pp. 25 cents.

THE SCENE is a tv studio, with cast, producers, camera crew and other essential personnae fighting out the rehearsal of a new \$100,000 quiz show which premieres that night, all locked in to prevent disclosing any information about the mystery tune. Suddenly comes murder. Told in the first person by the head of the agency in charge of *Quiztery*, the story saterizes advertising, tv, quizzes and married life, but the result doesn't quite come up to the Mr. and Mrs. North stories on which this book is so patently modeled. However, Sam Baker, of the executive staff of Donahue & Coe, provides enough chuckles and thrills to make a pleasant hour's reading, particularly for anyone familiar with the Madison Ave. milieu.

HOW TO MAKE GOOD TAPE RECORD-INGS, by C. J. LeBel; Audio Devices Inc., 444 Madison Ave., New York 22, N. Y. 151 pp.; \$1.50 paperbound, \$2.50 clothbound; available through Audio Devices Inc. or any Audio Devices dealer.

STUDIO engineer and hi-fi bug alike will find much of interest in this compact book published by one of the country's leading tape manufacturing firms. You name it, and Mr. LeBel has the answer for it—on just about every phase of tape recording but video tape. In some detail, Mr. LeBel discusses the background of tape, its uses, advantages, shortcomings and characteristics (frequency response, distortion, speed, wow, flutter and gosh-only-knows what else). In the chapter titled "Selecting a Recording Tape," Mr. LeBel naturally minces few words, recommends "Audiotape"—what else?

In addition to thoughtfully providing several blank pages towards the end of the book for note-taking, the author has invited three experts to contribute additional know-how to tape recording: "Microphone Recording" by Columbia Records Inc.'s recording operations director, Vincent J. Liebler; "Tape Editing" by RCA Victor's A. A. Pulley, and "Use of Sound Effects" by WNYE (FM) New York's Herman Haverkamp.

KLAC Foots Bills For Bowl Charity

FIFTH annual production of the Big Five Charity Show by KLAC Los Angeles took place last week at the Hollywood Bowl with such performers as Bob Hope, Jerry Lewis, Peggy Lee, Danny Thomas, Liberace, Tennessee Ernie Ford, Paula Kelly and the Modernaires, Leo Diamond, and others contributing their services. Tab for the production was picked up by KLAC with proceeds going to the RTRA (Radio, Television, Recording, Advertising charity) and the Hollywood Boys' Club.

WCCO Conducts Safety Campaign

A PRE-Labor Day safety campaign on WCCO Minneapolis-St. Paul featured recorded messages by leading Twin Cities clergymen, Gov. Orville Freeman and WCCO personalities urged motorists and pedestrians to be extra careful over the long weekend. The station reported that there were no fatalities within a 50-mi e radius of Minneapolis-St. Paul over the holiday period.

NEPH Week Plan Urged

IN O3SERVANCE of National Employ the Physica'ly Handicapped Week, Oct. 7-13, the President's Committee for Employment of the Physica'ly Handicapped is asking radio and tv programs to feature the work of one of the many entertainers who have proved that disabilities dcn't qualify—such as Alec Templetcn, Jane Froman, Connie Boswell, Johnny Ray, Jimmy Savo and Al Hibbler. Featuring such performers during NEPH Week will help the nation's two million hendicapped workers seek jobs and persuade more employers to hire them, the committee believes.

CBS Radio Aids in Rabies Search

THE six-year-old son of Mr. and Mrs. Claude C. Lear of Dallas, Tex., was bitten by a rabid dog when the motoring family stopped at a Southwest town. Ignorant of the dog's condition, the Lears drove off, dismissing the accident as "nothing serious." When the dog died and his condition became known, the town's mayor, trying to contact the unknown family, turned to CBS News in New York. Bulletins aired on the CBS weekend news service, Weather Along the Highways, reached CBS Radio affiliate KRLD Dallas, wh.ch a.so joined in the search. The KRLD bulletin reached the Lears, and they sought immediate medical aid.

Talent Array for WGR-TV MD Telethon

THE ENTIRE staff and facilities of WGR-TV Butfalo parucipated in an 18-hour telethon from Memorial Auditorium, staged to help the local Muscular Dystrophy Assn. attract more than 8,000 volunteers. Entertainers who joined the station staff included network m. c.'s John Reed King and Virg.nia Granam, Huga O'Brian, tv's Wyatt Earp, Cab Calloway, Florian Zabach, Captain Midnight and The Platters.

Telethon in Puerto Rico

NEARLY ALL of Puerto Rico's talent was on hand for WAPA-TV San Juan's telethon to raise money for the relief of victims of hurricane "Betsy," or "Santa Clara," as the storm is referred to by islanders. Pledges amounted to \$49,141.32 plus an estimated \$50,000 in c'othing, food and bulding supplies, a total believed to be the largest ever raised for Puerto Rican charity. WAPA-TV President Jose Ramon Quinones introduced Puerto Rico's first lady, Dona Ines M. de Munoz Marin, wife of the island's governor. She was on hand for the entire telecast, appearing on the air at intervals and helping behind the scenes. A high-

BROADCASTING • TELECASTING

It was nothing at all, sir...thanks to WJR

Last winter, the Air Force started broadcasting a series of transcribed 15-minute radio programs. It chose WJR, Detroit, as its outlet for Michigan, Indiana, and Ohio.

We programmed it at 6:15 P.M. on Saturday, as a public service.

In December, they began making one 30-second announcement a week, offering a weather booklet.

They received 4,697 requests in December and January, and WJR alone pulled 2,130-45% of the total.

Nine other stations across the nation split up the rest.

The lieutenant in charge was pleased, of course,

and mildly surprised. We should have warned him.

After all, we know that 41% of the total audience in WJR's area rarely turns its radio dials from WJR. We know that 30% of the audience rates WJR as most public spirited, and 18% says it's most helpful.

And we know about response, too—because listeners trust and act on WJR advertisements by 2 to 1 over the nearest competitor.

How do we know? The Alfred Politz Research, Inc. report on listener habits in WJR's area tells us.

Your Henry I. Christal representative will be glad to tell you more about WJR and its 16 million listeners.

The Great Voice of the Great Lakes

Here's WJR's primary coverage area. Write us for your free copy of the Politz report or ask your Henry I. Christal Co. man.

light of the program was the auctioning by vocalist Lolita Cuevas of an album of records given her by Dr. Albert Schweitzer. It brought \$200.

WBZ-TV Comes Crashing Through "MR. GEORGE WILSOFTEN," a dummy replica of an average 165-lb. man, was the featured performer in a live telecast presented by WBZ-TV Boston as a feature of the new "2000 A.D." series on *Dimensions*. The dummy rode a crash car equipped with a safety belt to evaluate what happens in a fixed barrier collislon at 50 miles per hour. Accelerometers, artificial human heads, and required instrumentation to measure the extreme forces were described. The test was held in front of the WBZ-TV studios with the cooperation of local fire and police departments.

CBA Establishes Scholarship

THE Connecticut Broadcasters Assn. has established an annual scholarship for an outstanding state youth at the U. of Connecticut, Daniel W. Kops, association president and executive vice president of WAVZ New Haven, announced last week at a CBA outing. The outing, under the direction of Sydney F. Burns, general manager of WADS Ansonia, was held to make up for the group's annual meeting last March, which was disrupted by a blizzard.

WMAR-TV Fights MS

COOPERATING in Multiple Sclerosis Month, WMAR-TV Baltimore is presenting a series of three half-hour programs devoted to all facets of public enlightenment on this disease. A multiple sclerosis symposium featured a discussion by Dr. O. R. Langworthy, chairman of the medical board of the Maryland Multiple Sclerosis Society; Dr. John Magladery, chief neurologist, Johns Hopkins U. Hospital, and John H. Fetting, treasurer of the Maryland MS Society. Therapy and rehabilitation methods were explained and demonstrated on the second program in the series, and the third part will deal with the current financial campaign.

WLIB Saturates X-Ray Spots WLIB New York carried a one-week "satu-

ration" campaign of public service announcements last week to call attention to the New York City Health Dept.'s offer of free chest x-ray examinations for residents of the Bedford-Stuyvesant section of Brooklyn.

GOV. George Craig of Indiana (c) receives a film titled "War Without End," dealing with highway safety, from Robert E. Dunville (l), president of Crosley Broadcasting Corp., and Al Bland, Crosley vice president in charge of programming. The Crosley-produced film was presented on Crosley-owned WLWT (TV) Cincinnati as a tribute to Indiana's safety record.

FILM VS. NETWORK Celler Witnesses Attack Chains

THE heralded House Antitrust Subcommittee investigation of alleged monopoly in the television industry opened in New York last Thursday with testimony almost exclusively from a hitherto undisclosed document in which four film companies held out blunt charges against television network operating policies.

But officials of the four companies, who were first day's witnesses, were considerably more moderate than testimony in the 65-page document—which they filed last May with the FCC Network Study Committee—on which the committee queried them.

Committee Chairman Emanuel Celler (D-N.Y.) at one point accused one of the witnesses of "tempering your remarks," but all four officials maintained they were not backing down from their presentation to the FCC group.

The four witnesses were Ralph M. Cohn, vice president-general manager of Screen Gems; Michael M. Sillerman, executive vice president of Television Programs of America; Herbert Jaffe, executive vice president of Official Films; A. Frank Reel, operations manager of Ziv Television Programs. The four firms constitute the Association of Television Film Distributors Inc., in whose name their presentation to the FCC Study Group was filed.

Chairman Celler made clear at the outset that the investigation would be far reaching, encompassing, among other things, advertising revenue, FCC's performance of its responsibility, the FCC network regulations, relationships between networks and stations, the uhf problem, networks and film producers-distributors, networks and program "control," networks and music licensing—a new ingredient—networks and AT&T, and networks and talent as well as the network option-time must-buy practices which highlighted the Senate Commerce Committee's tv hearing last Spring.

The film company witnesses stuck to their guns—and their FCC document—in maintaining (1) changes in allocation to permit "a major improvement" in the number of stations would probably make rules changes necessary, (2) but that in the meantime network option time should be restricted, the total amount of programming a station may take from any one source should be limited and that network participations in program production should be restricted

MR. COHN MR. SILLERMAN

MR. JAFFE

MR. REEL

ATFD'S SECRET PROPOSALS FOR CURBING NETWORKS

THOUGH its proposals for solution of "the network problem" had been revealed in broad generalities [$B \circ T$, June 4], full details of the "remedy" prescribed by Assn. of Television Film Distributors came to light last week. Specific proposals were contained in a 65-page "presentation" ATFD made to the FCC Network Study Committee May 31, kept secret since then. Here is a condensed text.

"We believe that the remedy for the ills we have outlined lies in the restoration of free competition in television. We recognize the extent to which our problems are caused by the limitation in the number of television outlets of equal power. We also recognize that we would be somewhat less than realistic if we simply suggested that somehow or other you find ways and means of providing for a large number of outlets of equal power and unmixed frequency in every major city. We, therefore, propose that you consider the modification of the chain broadcasting rules to try to relieve monopolistic tendencies in two general areas:

"(a) that having to do with option time and station acceptance of network programming, and

"(b) network participation in the ownership

of programs."

"One solution calls for the complete abolition of option time. . .

"A second solution which has been discussed is to require the networks to divest themselves of program control. Under the present system, the point is made that the networks in deciding whether to purchase a program from an outside source have a conflict of interest. Their obligation is to provide the best possible programming; their financial interest may impel them to choose that program which they own or in whose profits they participate. Their choice of the best programs would undoubtedly be much more frequent if they did not have a financial stake in the programs to be broadcast. And independent program sources would be strengthened since the networks would have the incentive to choose the best possible program without regard to the company that owned it.

"May we also suggest for your consideration a third solution.

"Our solution is two-fold. First, we recommend that the number of hours under option time should be reduced. While we are not dogmatic about the specific number to be allowed, we believe that $1\frac{1}{2}$ hours in each of the segments of the broadcast day, as defined in the communication's rules, is generous. This amount of option time should be more than adequate to provide for programs where simultaneity is important because time is of the essence.

"Our second suggestion is to limit the number of hours of programs that a station may accept from the networks, option time and station time combined. Without such a -limitation, the networks would simply continue to dominate station time in the same way they do now. Our recommendation is that stations shall not be permitted to take more than 90 successive minutes from the networks and that in between such 90; minute periods there must be a minimum of one hour devoted to nonnetwork programs. We recognize that some network programs of necessity exceed 90 minutes in length-e.g. sports, political conventions, etc. We believe that provision can be made for this extraordinary type of presentation by providing that the 90 minute total may be exceeded to the extent of not more than 19 hours per month-but only for programs of the exceptional type described above.

"We believe that the suggestion we have made is a reasonable one. It will enable the networks to continue their important role but will remove the obstacles which now handicap the development of independent program sources and restrict the use of television by the small advertiser. . ."

BROADCASTING • TELECASTING

or banned (for detailed proposal, see condensed text, page 39.)

Chairman Celler obviously did not always agree, however, that they were hewing to the tone of their FCC presentation.

At one point, he insisted that Mr. Cohn, principal spokesman for the group, read the following excerpts from the ATFD document.

"In other words, the networks, insofar as television is concerned, do the following:

"(1) Own and operate their own stations; (2) control the time, by means of option contract, of all their affiliates; (3) engage in the production and participate in the profits of programs which they are completely free to select to play on their own stations and those of their affiliates; (4) control talent by means of longterm contracts as a result of their time control; (5) own and operate film syndication subsidiaries which, with the advent of tape, will give them almost complete control over the reruns of their live shows as well as their film shows; (6) own and operate merchandising subsidiaries or divisions.

"In summary, the networks are exercising an increasing monopoly power over the entire field of television which is slowly hlocking off independent operations from an opportunity to compete,"

Then he polled the witnesses: Did that represent the considered judgment of their companies?

Mr. Cohn: "Materially. . .

Mr. Jaffe: "Materially, in fact, yes."

Mr. Reel: "Yes . . ." Mr. Sillerman: "Yes . . ."

The question of networks seeking profitparticipation rights to programs they buy from independent producers and distributors figured prominently in questioning.

When some such contracts were offered for the record, Harry M. Plotkin, counsel to ATFD, won committee consent to have them "edited" to eliminate "private" matters not concerned with the investigation. It was a concession that presumably heartened network officials, who have protested strongly against having all their private contracts details spread on the public record.

Chairman Celler wouldn't commit the committee to take for the record only the "profitparticipation" provisions of the proffered film contracts, but assured Mr. Plotkin that "I don't think you'll have any trouble" in making satisfactory arrangements with committee counsel on this score.

He instructed each of the four witnesses, however, to submit for the record full details on instances where networks have "demanded" profit-sharing, re-run rights, or merchandising rights as a consideration for putting a program on the network. He also called for details where a network rejected an independently produced program in favor of a network controlled program.

Friday's session was to be cut short about noontime, in observance of the Jewish holy days. Thus only Friday witness scheduled was Victor Hansen, assistant attorney general, antitrust div., Justice Dept. Presumably John G. Johnson of WTOB-TV Winston-Salem, N. C., chairman of the Uhf Coordinating Committee, who had been scheduled to testify Friday. would appear this week, possibly today (Mon.).

It was was known that Carl Haverlin, president of BMI, is slated to appear today at the committee's invitation (he was not subpoenaed) at 11 a.m. ASCAP was understood to be slated to send a witness, although the probable date and time were not known. ASCAP authorities refused to confirm or deny the report that it would testify; a spokesman said, however, that

Page 40 • September 17, 1956

it would not appear except by subpoena.

ABC President Robert E. Kintner is slated to appear on Thursday, it was learned, and CBS Inc. President Frank Stanton on Friday and next Monday. Committee authorities expected the New York sessions to continue through "a good part" of next week.

Committee members on hand for the opening day's sessions, aside from Chairman Celler, were Rep. Kenneth Keating (R-N. Y.) and Rep. Peter Rodino Jr. (D-N. J.). Congressman Rodino was absent Thursday afternoon, however. Committee counsel participating were Chief Counsel Herbert N. Maletz and Associate Counsel Samuel R. Pierce Jr. and Co-counsel Kenneth R. Harkins.

Chairman Celler opened the Thursday session promptly at 10 a.m. with a statement as to the investigation's purpose.

To receive star billing in the Celler "spectacular" are the following topics as outlined by the chairman: how FCC has "discharged its statutory responsibility in accordance with the

Keating Quips

REP. Kenneth B. Keating (R-N. Y.), got a laugh last week with a topical gag during the House Antitrust Suhcommittee's hearings on alleged monopoly in television held in New York City. Chairman Emanuel Celler (D.-N. Y.) was reading a statement made-in the course of an interview published in BoT last Feb. 28by Sylvester L. (Pat) Weaver Jr., who resigned 10 days ago as NBC board chairman. The statement dealt with the high proportion of network billings placed by a relatively few big advertisers, and concluded that if this situation continues the non-network advertisers must "go out of business, literally go out of business." Observed Rep. Keating "Now he's out of business."

congressional mandate" in insuring a nationwide competitive system of broadcasting and whether it has had a tendency to become "unduly responsive to the industry viewpoint to the detriment of the public interest"; a "further study" of network option time and must buy policies" as well as the networks' "power to grant or withhold an affiliation contract"; discrimination -- if any--by networks as between affiliated stations, and a look at FCC's Chain Broadcasting Regulations, which, he noted, were "adopted some 15 years ago in the pre-television era."

Also, the chairman singled out network control of programs telecast in choice time periods, asserting that "it has been argued that [network control] imposes a production disadvantage upon independent program sources, but permits the networks to insist upon the rights of profit participation and commercial exploitation with respect to independently produced films."

Rep. Celler emphasized that tv advertising revenue, which he admitted to be "the lifeblood of network telecasting" would not be sacrosanct: "We shall inquire into whether or not the much sought-after prime evening hours on the networks are available on an equitable basis to all advertisers and advertising agencies or conversely are concentrated in the hands of a few."

The subcommittee, moreover, he said, will look into the relationship of the networks and talent by exploring the contention that "option time permits the network to control talent since it alone can guarantee to star performers continued entry into the nation's television homes."

On song licensing and publishing, Mr. Celler noted that this was a "related antitrust" problem commanding the subcommittee's attention because "popular song hits have become valuable properties as well as important program mate-rial for radio and television use." He then said the committee would hear testimony bearing upon the "joint activities" of broadcasters in this field.

Also on the subcommittee's program, Rep. Celler said, would be an examination of the "relationship of AT&T as a public utility to the telecasting industry by virtue of its control of network interconnections," and a desire to determine whether the "uhf problem will be handled so as to foster competition rather than momopoly and by the same token provide the maximum number of tv outlets throughout the country." He thought FCC's current approach through rule-making proposals on deintermixture "holds forth much promise," but, he warned, the subcommittee wants to know just what the FCC order of June 26 will do and thus expects to hear individual uhf operators and "their representatives."

The Celler group wasted no time in tossing a homhshell: It hased its initial and subsequent questioning on the document submitted by ATFD to the Barrow Network Study Group of FCC and sharply attacking network practices, particularly option time and the control of programming.

This was the first disclosure of the heretofore secret "presentation" to the Barrow unit. Observers felt that this portended similar revelations in the hearing sessions to come.

Asked by counsel if there were other companies which had similar problems to ATFD, Mr. Cohn named Revue Productions (Music Corp. of America subsidiary), National Telefilms Assoc., and Guild Films. Rep. Celler and Mr. Cohn agreed that the networks were in direct competition with independent film producers and distributors as well as being their "customers."

Under questioning, Mr. Cohn said although some producers were "affiliated with networks" they were not associated "fulltime" but as "contracted associates," a practice, he noted, which is becoming more the trend.

Do some producers work exclusively for the networks so that the networks "own the sum total of their services?" Mr. Cohn said it was true to some extent, but a "relatively new departure" and cited California National Productions (subsidiary of NBC) as an example.

Taking its cue from the ATFD presentation before the Barrow study group, the subcommittee aired data on network-producer contracts, particularly those which give a network a share in the profits. Examples presented by Mr. Cohn were CBS and its Burns and Allen show, Desilu Productions (I Love Lucy and December Bride) and ABC with the producers of Wyatt Earp, Jim Bowie, and Danny Thomas Show. These producers, Mr. Cohn continued, film shows in association with the networks and have a direct affiliation as suppliers of the programs.

As to network profit sharing in this program product, Mr. Cohn said he believed CBS, for example, had stock in Desilu. Network control is exercised, he observed, with Desilu films and Burns and Allen playing first run only on CBS.

The committee counsel offered that the network derives its revenue from these programs through time and production charges to the advertiser. Mr. Cohn amplified this as profit from three sources: sale of time, profit on production and profit on distribution. He noted, too, that often additional revenue is available to the network through the film sales subsidiary and gathered from subsequent sale of rights (for example, *Badge 714*, syndicated version of *Dragnet*), re-runs after the show is off the air and offering a previous edition of a series to run concurrently with the regular series (example: *Sunday Lucy Show* which was on CBS as well as *I Love Lucy*).

He said that Hal Roach Studios and Desilu were producers which permit a network to bring its own production package into the shop, using stage and studio facilities.

Mr. Cohn declared that the networks hold bargaining power because of a lack of sufficient tv stations in top markets and because of "options on large segments of time."

He said Screen Gems sold directly to networks four out of its 10 programs which have been or will be networked this coming season: *Circus Boy* on NBC-TV, filmed segments of *Playhouse 90* on CBS-TV; *Cowboy Theatre* on NBC-TV and *George Sanders' Mystery Theatre* on NBC-TV. Of these four, Mr. Cohn said the *Playhouse* segments and the *Sanders* mystery series were sold to the networks on a basis in which the network would share in the profit.

Subcommittee Counsel Maletz read a paragraph from the contract of Screen Gems and NBC on Circus Boy entitled, "Profit Sharing," noted it was "complicated" and asked for clarification. Mr. Cohn said the series had been sold to NBC at a "certain price" and that of anything realized over that price in its sale to an advertiser, Screen Gems would share in the profit. For Playhouse 90 segments, Mr. Cohn said, CBS obtains a 50% share in the profit and 50% of rerun rights, and NBC gets a 25% profit share in Sanders' Mystery, U. S. and Canada showings as well as a rerun share.

Committee counsel noted stations do not as a rule obtain a share in profit in either the first or subsequent runs of series placed on the networks. Mr. Cohn admitted it indeed would be "very unusual".

The other companies reported as follows on selling shows "directly" to networks for the fall season: Ziv, none; TPA none, although it has four being network-exhibited; Official 1½ (fraction relates to *Robin Hood* sold onehalf to Johnson & Johnson and the other half sold to network, this segment sponsored by Wildroot).

At this point, "drama" erupted in the hearing room as a member of the audience who identified himself as Harry Levine shouted that as a "layman" he wished to say that "collusion and conspiracy . . ." He got no further as Chairman Celler demanded Mr. Levine was out of order and should go through channels requesting to testify if that was his intent. Mr. Levine later told newsmen he was in public relations, had been in the radio-tv field for 25 years and had been "around," including the entertainment centers of Hollywood and New York. It was not decided whether Mr. Levine would be heard formally.

The hearing then veered from the audience interruption to an eruption from Chairman Celler.

Mr. Cohn was asked whether a network should give preference to a network-produced show, or perhaps one that it bought directly, over a program independently produced or sold by the independent producer to an advertiser or agency. The stage was set for Mr. Celler's ire.

Mr. Cohn reminded the subcommittee that networks were responsible for their programming, that they choose on their own grounds, that it would be presumptuous for him to say the networks were discriminatory ("though we suspect in some cases they might") and that he thought the networks were as "fair as they can be."

Chairman Celler charged Mr. Cohn with "tempering your remarks" in contrast to ATFD's presentation to the FCC Network Study Group.

Mr. Cohn insisted ATFD's "bulk of criticism" was laid to the shortage of tv stations. Chairman Celler countered by noting ATFD's position was that networks are increasing a monopoly over what is shown on the airwaves. Mr. Celler declared that Mr. Cohn was attempting to place most of the "difficulty" to the shortage of stations. Mr. Cohn, holding fast to his belief that the "deep-seated" fault or long range problem was in FCC's allocations, added that ATFD's recommended reduction of option time in peak viewing hours (from 3½ to 1½ hours in nighttime) was proposed as an interim measure, pending increase in number of stations.

Mr. Celler immediately shot back that it was implied, if not spelled out, in ATFD's presentation to FCC that networks discriminate as to what programs go on the air and that this should not be done "with only the profit motive." He maintained these thoughts go "far beyond" the station shortage. Rep. Keating followed up with a blunt query: Should the

PROBE IN HIGH GEAR

REP. CELLER

Justice Dept. force the networks to give up their film subsidiaries?

To this, Mr. Cohn answered no. He noted that the analogy drawn in the presentation to FCC on what action the Justice Dept. took in splitting up the production and exhibition of theatrical film was meant to show only how another and "related" industry problem was solved. He said the motion picture split was mentioned only for background and as an "approach."

Mr. Celler pursued the issue by pointing to portions of the ATFD presentation which noted that networks could be required to divest themselves of program control, particularly since there is a conflict of interest of outside program product with those programs in which the networks have a financial interest.

Mr. Cohn said that there was a confusion as to what ATFD *itself* proposed and what had been cited as being advocated by others to cure the problem. The latter were two: complete abolition of network option time and the requirement that the networks divest themselves of program control. ATFD's request, however, he said, was a proposal to limit the number of hours a station can accept from networks, both option and non-option (referring to "straddling" —wherein a network program takes in some option and then runs into non-option periods).

At this point on, the hearing wrangled over a key section of the presentation by ATFD to the Barrow committee, which read:

the Barrow committee, which read: "Using its power to approve or disapprove on the grounds of 'public interest,' 'good programming' or our 'concept of what kind of show this time period should contain', the network can and does refuse to accept the program of the independent, usually at the same time stating its willingness to accept another show in which, by a strange coincidence, it has a profit participation."

Committee counsel referred to correspondence it had taken from Screen Gems files outlining failure of the film company to have a series, You Can't Take It With You, placed on CBS although Carter Products and its agency (Sullivan, Stauffer, Colwell & Bayles) had approved it. Carter had been sponsoring Meet Millie on Tuesday nights. CBS, it was charged, notified SSC&B that it planned to place Joe and Mabel (A CBS-commissioned film series) in that slot for Carter sponsorship. Mentioned was correspondence said to involve J. L. Van Volkenburg, CBS-TV president, Hubbell Robinson Jr., CBS' program vice president, and Frank Stanton, CBS president. It was alleged that CBS forced the dumping of Take It; Carter accepted Joe and Mabel, then Joe and Mabel was tossed out, and finally Carter was obliged to place Meet Millie in the time slot.

Chairman Celler and Mr. Maletz set off flares by insisting that the subcommittee's subpoena duces tecum (order to produce all records) failed to uncover enough documents to substantiate a statement in ATFD's charge to the FCC that there were "many instances" to back up its assertion of networks discriminating against their product in favor of their own show in which often they have a share in the profits. Mr. Celler then demanded additional papers be presented to the subcommittee after the noon recess. The afternoon session-not attended by Rep. Rodino-was interrupted near the outset by Chairman Celler's inquiry whether the film group had delivered the additional records requested. Mr. Plotkin reiterated that all pertinent documents had been made available earlier to committee counsel and that copies of all those designated by counsel had been supplied.

As questioning of Mr. Cohn resumed, he conceded it is "true" that networks sometimes seek rights to independent producers' proposed programs and that often no agreement is reached because of conditions sought by the network—participation in profits on the program; right to approve script, talent, director; rights to subsequent distribution of the program etc.

Such negotiations, however, are business matters involving "give and take," Mr. Cohn said, with each side out to get the best terms it can. He declined to say that networks "demand" a share of the profits as a condition of putting an independent producers' program on the air. They usually tried, he said, "but so would we or anybody else." When distributors or producers have the upper hand in network negotiations, "we turn the screws," he asserted.

Did networks pay production costs in all cases where they got profit-sharing rights in connection with independently produced programs? Mr. Cohn said that in each such case the network has paid a fixed sum, and that if the producer could turn out the program for that sum, "then the answer is yes."

He wouldn't say that these payments by the networks amount to a "subterfuge" by which networks acquired profit-sharing. Perhaps, he said, the networks consider such payments, for films not yet produced, to be "risk capital."

At another point the ATFD document was quoted as saying producers were "pressured" to give the networks distribution rights to products sought by the networks. Mr. Cohn agreed with the statement but said "this doesn't mean we succumbed to pressure." Pressure, he added, is a part of business negotiations.

The committee wanted to know whether Mr. Continues to page 67

INDUSTRY ASSAILS FREE TIME AT SENATE ELECTIONS PROBE

• NBC, CBS, ABC, NARTB also indict Sec. 315

- Report \$2.1 million political time optioned
- Politicos Hall, Butler differ on gratis periods

THE three radio-tv networks and NARTB last week emphatically denounced a suggestion that they be required by government fiat to give free broadcast time to political candidates. They also told the Senate Elections Subcommittee headed by Sen. Albert Gore (D-Tenn.) that broadcasters are strapped during election years by Sec. 315 of the Communications Act and asked that it be amended if not repealed.

Testifying Tuesday before the three-man Senate group were NBC Treasurer Joseph A. McDonald, also head of the network's Political Broadcast Unit; CBS Vice President Richard S. Salant; ABC Vice President Ernest Lee Jahncke, assistant to the president and head of ABC's Political Broadcast Unit, and NARTB President Harold E. Fellows.

They were joined in their objections to free time proposals by Republican National Chairman Leonard Hall, who testified Monday that such a law would start a "chain reaction" that might extend equivalent demands to other facilities used by candidates in campaigning, such as newspapers and other media, railroads and airlines. The equal time provisions of Sec. 315 would cause countless minority parties to spring up and eventually destroy the two-party system, Mr. Hall declared.

Mr. Hall's opposite number, Democratic National Chairman Paul Butler, who preceded the GOP chairman during Monday's testimony, reiterated his past position that tv networks should be required to make free time available to candidates as a public service in return for "the public license they receive."

The networks submitted information on broadcast time under contract or commitment to the political parties while five national political committees furnished figures on their respective finances as of Sept. 1 (see story, page 44). Sen. Gore has announced that the Senate group will conduct a running account of political campaign contributions and spending, rather than the customary investigation after the elections. Next accounting is due Oct. 1.

The political committees, the networks and NARTB were asked if they could supply similar reports every "week or 10 days." Although all the political committees and the networks thought this possible, NARTB President Fellows expressed his doubts about the possibility of securing information on a regular and frequent basis from individual stations.

Among other witnesses, besides the network executive and Messrs. Hall and Butler, were Jack Kroll and James L. McDevitt, co-directors of the AFL-CIO Political Education Committee; Gen. John R. Kilpatrick, chairman, Citizens for Eisenhower, and Archibald Alexander, chairman, Volunteers for Stevenson. Also testifying was John Hay Whitney, chairman of United Republican Finance Committee of New York, a fund-raising group which solicits funds for GOP campaigns from eight counties in metropolitan New York. Mr. Whitney is senior partner in J. H. Whitney & Co., which holds several broadcast properties.

The Senate group resumes its hearings Oct. 8, when MBS will be asked to testify on time under contract to political groups. Other members of the three-man subcommittee and present at the two-day session were Sens. Mike Mansfield (D-Mont.) and Carl T. Curtis (R-Neb.). Sen. William Jenner (R-Ind.), chairman of the subcommittee in the 83rd (GOPcontrolled) Congress, attended the Tuesday session.

All three networks pointed to their cooperation in helping political parties reduce preemption costs of radio-tv time by reserving specific periods as far as a year in advance of its use, and to their agreement with the parties to make five-minute periods available by shortening regular one-hour and half-hour network programs, at one-sixth of the halfhour rate, according to proposals first made on behalf of the Democrats.

This year, contrary to the practice in past campaign years, none of the networks are paying agencies their 15% commission for preempted shows, they testified. As Mr. Salant explained: (1) the agency receives no services, loses nothing; (2) the agency still has the advertiser's budget for the pre-empted program and can place it on any other show or in other media and still get its 15%, and (3) "we think it is desirable to keep costs down to a minimum" for the political parties.

Mr. McDonald, leading off for broadcasters, said that because of NBC's foresight, pre-emption costs for time presently under NBC contract will not be more than \$50,000, compared to a total of \$175,000 in 1952. NBC's proposal for 1-minute and 1½-minute political spots on participating programs does not seem to have

JWT EXECUTIVE CHARGED WITH ASKING EMPLOYES FOR CONTRIBUTIONS TO EISENHOWER CAMPAIGN

HENRY C. FLOWER, a vice chairman of J. Walter Thompson Co., New York, was identified in widely circulated news reports following a story that broke in a June issue of *The Reporter* magazine of an agency executive who had purportedly solicited funds for the Eisenhower campaign from his employes (see main story above).

Reached in New York late last week, Mr. Flower had no comment to make on Democratic National Chairman Paul M. Butler's assertion before a

Senate group nor

on a later state-

ment by a spokesman for the Na-

tional Committee

that Mr. Flower

was the author of the letter to

which Mr. Butler

referred. At the

same time, Mr.

Flower released to B•T what he

indicated was the

MR. FLOWER

MR. FLOWER "final" letter mailed to agency employes at their home addresses. Mr. Flower is chairman of the advertising division of the United Republican Finance Committee. The letter follows:

"The right to choose a president, and to

decide which party shall have the responsibility for governing our country, must obviously be fully exercised if we are to preserve our democracy. We must know the issues involved—make a critical appraisal of candidates—go to the polls—and vote.

"I am convinced, also, that each of us has a further responsibility: to help make it possible for the candidate of our choice to present his case (and explain the principles for which his party stands) to all the people of this country. Like everything else, political campaigns involve increasingly large sums of money.

"The time has long since passed when we can leave the responsibility for financial support to a few rich individuals. We must broaden the base of our giving—if we are to preserve our two-party system.

"The next four years may well be crucial. I am personally convinced that the progress we've made during the last four can only be preserved in an atmosphere of business confidence. Therefore, my choice of candidates is President Eisenhower.

"His doctors assure us that he is equal to the burdens and responsibilities of office. He has told us that he is willing to continue his efforts in our country's behalf, if that is our will. But his election is by no means assured.

"The Democrats (in the population as a whole) outnumber the Republicans 4 to 3.

Eisenhower's courageous stand on the farm bill may well cost him votes in normally-Republican strongholds. Three-quarters of the normally-independent votes are going to have to be persuaded—if Eisenhower is to be re-elected.

"It is for this reason that I have accepted the responsibility for raising money for the Republican Party. "In deciding on how much you should

"In deciding on how much you should give, I think you would be interested in an article in the May issue of *Fortune*, entitled, 'How to Give Money to Politicians.' As this article suggests, 1% of your income would not be "out of line." But please give whatever you feel is right. I am naturally in hopes that we can set the standard for our profession—not only in total amount but in number of contributors.

"Sincerely,

Henry C. Flower Jr., Chairman Advertising Division United Republican Finance Committee

"P.S.: If you want to make a contribution to the Republican Party, a pledge slip is attached. You may pay it in installments if you prefer. I cannot guarantee you won't be approached by committees from other states, but you are authorized to say to them that you have made your entire contribution through the advertising profession."

aroused much interest up to now, but may do so later, he said.

The NBC executive said his network, as others, requires payment for time 48 hours in advance; that NBC has signed a blanket contract with the Democratic National Committee authorizing the DNC's agency, Norman, Craig & Kummel, to order the reserved time. The time periods have been worked out with the Republican National Committee, but no contract has yet been signed, he said. Mr. Mc-Donald felt sure there will be more daytime political broadcasting done, although the time now under contract is for evening periods.

Asked by Sen. Mansfield of his feeling on the question of government-mandated free time for candidates, Mr. McDonald said such a plan is "fundamentally unsound"; that NBC is a "private business" and this would amount to "expropriation of our property." There is actually no "free" time, he said, noting that NBC has to pay for line charges, equipment and rent. Asserting that no similar demands are made on transportation companies and on newspapers, he said free radio-tv time would "amount to a subsidization on all fronts." Discussing network coverage of the conventions, he said the political events should be "streamlined." He quoted NBC President Robert W. Sarnoff as saying NBC lost over \$1 million in covering the 1956 conventions.

Mr. McDonald felt sure more money would be spent in radio-tv in the 1956 election campaigns than the \$6 million estimated in 1952. A "wild guess" would be 33-50% more, he said. He felt sure politicians are going to realize the value of radio as the campaign wears on, and buy more radio time.

The NBC executive estimated NBC-TV production costs, in addition to time and preemption charges, would run "up to \$14,000" for a half-hour program, depending on the kind of presentation wanted and the originating source.

He estimated the \$410,000 worth of time under contract to the Democrats would be increased by up to \$40,000 in production charges and \$2,000 in pre-emption costs, for a total of more than \$450,000.

Republican pre-emption costs will be higher, a total of some \$42,000 based on the \$475,000 worth of time under contract at present, because some of the time was ordered late. With production charges of about \$55,000, the total for time presently under contract may cost about \$575,000, he said.

Mr. Salant said CBS losses will be over \$1 million for its convention coverage.

CBS has orders from both the RNC and DNC, but has signed no contracts yet, he said.

Mr. Salant criticized Sec. 315 of the Communications Act: "It has severely limited broadcasters in carrying and broadcasting without charge face-to-face appearances of candidates, because each time we carry President Eisenhower or Governor Stevenson, for example, we subject ourselves to the legal requirement of giving equivalent time to every other candidate for President." He noted there were 18 parties with candidates in 1952 and there is likely to be a large number in 1956. CBS, as ABC and NBC, has given or scheduled time to candidates of some minority parties for time equal to that given to the Stevenson-Kefauver and Eisenhower-Nixon acceptance speeches during the conventions, running about an hour in each case, Mr. Salant said.

The CBS executive said the network's political presentations are not slanted or biased to the extent that "human frailty" can be depended upon to avoid such presentations. "We have no commentators," he said, continuing that "ours are newsmen" who "cannot express their

NETWORK TIME OPTIONED BY PARTIES

own views."

He noted that CBS-TV carried short announcements by President Eisenhower recently as public service speeches: one on the *Ed Sullivan Show* kicking off the Community Chest drive and the other about civil defense on a regular news program. CBS consulted with the FCC but could get no definite assurance of whether equal time must be given to other presidential candidates, he said.

Mr. Salant said the GOP will have to pay \$17,000 in pre-emption charges for a half-hour ordered the week before (Sept. 6) for Sept. 19 on CBS-TV.

He said BBDO is the only agency which still insists that it get its 15% commission for time periods pre-empted by political programs, but that CBS is trying to convince the agency otherwise.

Mr. Salant, as well as ABC and NBC rep-

resentatives, said his network would be glad to cooperate in furnishing the subcommittee information on time under contract to political parties on a weekly or 10-day basis throughout the rest of the campaign.

Mr. Jahncke said ABC estimates it lost more than a half-million dollars in covering the conventions.

Asked whether ABC had calculated the benefits to networks in goodwill and public relations in covering the conventions as compared to the detriment which might have resulted had they not covered the conventions, Mr. Jahncke said ABC had not, but, he added, many people unfortunately were just not interested in viewing the conventions and that in cities where other stations carried ball games and other non-political programs the ABC affiliate lost audience during the two convention weeks.

Sen. Gore said he did not feel tv network

September 17, 1956 • Page 43

THESE network executives last week toted up radio-tv political time under option to political parties, then lambasted "free time" proposals and Sec. 315 of Communications Act. L. to r., Ernest Lee Jahncke, of ABC, Richard S. Salant, of CBS, and Joseph A. McDonald, NBC.

coverage of the conventions was "actuated entirely by charitable, eleemosynary motives." Mr. Jahncke replied that ABC covered the

conventions as a part of its public service. A lively exchange followed a part of Mr. Jahncke's statement in which he said a "statutory requirement" to give free time to political candidates would "be a form of forcing networks to make political contributions or would impose a discriminatory tax on networks and stations."

Sen. Gore asked if free time might not be made a "condition" to a licensee's use of the "people's wavelengths."

Mr. Jahncke said broadcasters would be discriminated against because no similar demands are made on newspapers, which have second class mailing privileges, and on airlines, which have mail contracts.

Nevertheless, said Sen. Gore, "I couldn't let you treat as a discriminatory tax a condition the government might attach to the grant of a license."

Mr. Jahncke said the tv networks operated at a loss for "quite a few years" and that many stations still operate in the red. Television is not a "fabulous gold mine," he said, although now it is a "reasonably profitable" business. If it had not been profitable, he said, ABC wouldn't have been in position to give full coverage to the two political conventions, and if ABC were forced to give away free time the network would be "seriously impaired" in its ability to cover the conventions. There must be a profit in tv, he said, or the alternative is for the government to take over broadcasting, which is "anathema to us all."

Mr. Jahncke said ABC filed statements last February before the House Transportation & Communications Subcommittee saying the network did not favor amendment of Sec. 315 because minority rights should be protected.

Now, he said, ABC is not so sure. It can be argued he said, that Sec. 315 tends to restrict access to cameras and microphones and can be improved by an amendment freeing these restrictions, but "unless Congress is ready to eliminate the possibility of any further change in our political system and to set up a permanent bar to more than two political parties, minority interests are entilted to some protection."

To sum it up, he said, ABC does not advocate repeal of Sec. 315, but has no objection to its repeal. Citing ABC's political broadcast policies, he said the network's policy wouldn't be affected in any case.

Sen. Mansfield expressed his concern with the difficulties presented by Sec. 315 in requiring that candidates of all parties receive the same opportunities as those of the two major parties. He said he hoped the subcommittee would "go into equal time" and make recommendations to the Senate Commerce Committee to "ameliorate" the present difficulties.

Mr. Fellows said NARTB would be glad to cooperate in making a study of radio-tv costs for the campaign, pointing out that the association mailed questionnaires to all radio-tv stations Oct. 30, 1952, and received replies from 100% of tv stations and 85.5%of radio outlets by Nov. 24, 1952, showing a total of \$6,062,378.05 spent nationally and locally (A Brooking Institute survey showed \$3.6 million in radio-tv network buys and \$2.4 million in time from local stations.)

But when asked by Sen. Gore if the information could be supplied weekly or every 10 days throughout the campaign, Mr. Fellows said he didn't think it would be possible to get the information on this basis because most of the local time purchases "pile up" during the last two to three weeks of the campaign. He indicated such regular reports would lead to confusion.

He inquired if the subcommittee would ask newspapers for the same information on the amount of space bought for political purposes. He said that in his opinion, if newspapers received such a request, they would "rear up" through their trade association and there would be a "fight." He said NARTB would cooperate in any way the Senate group desired, but it is "not going to be easy to get a running account" from individual stations.

John Moore, special counsel for the Senate group, told B•T Wednesday that NARTB and the subcommittee staff will confer on whether to attempt to get regular reports on time purchased from stations. He said the subcommittee intends to make a study of alleged institutional newspaper advertising by corporations which advocates a political viewpoint, yet is claimed as tax-deductible.

Mr. Fellows said Sec. 315 places the broadcaster in a "legal strait jacket," and that the easy solution is to decide "not to do any political broadcasting [which the present law permits]. This obviously is not consonant with our view of the industry's public service obligations. However, I think it is undisputed that Sec. 315 does prevent the public from receiving full coverage of the news forum and panel shows involving candidates, and all the campaign messages of the major parties."

Mr. Fellows criticized the censorship provisions of Sec. 315, under which a broadcaster cannot censor a candidate's broadcast speech, yet may be held liable for libel and slander under state laws. Sen. Mansfield agreed that this provision is unfair to the broadcaster.

The NARTB president said the record shows broadcasters have been fair in presenting issues not covered by Sec. 315 (broadcasts by supporters of a candidate, attacks made against him by non-candidates and advertisements for or against him) and, thus, can be trusted to maintain balance and fairness where candidates themselves are concerned.

Free time proposals, he said, are "not only discriminatory but unrealistic, unworkable and unconstitutional." He asked for "complete elimination" of Sec. 315.

Mr. Butler charged Republicans with refusing to cooperate in the plan of Phillip L. Graham, publisher of the Washington Post & Times Herald (WTOP-AM-FM-TV Washington), to use public service advertising in all media (through The Advertising Council) to solicit small contributions from citizens for the party of their choice. The Democratic National Committee also has advocated legislation calling for "free" radio-tv time for candidates, he said.

The Democratic chairman said that on May 22 this year "the vice president of a large New York advertising agency solicited funds by mail from over 100 employes of his agency, on the basis of 'what it might mean to you personally if Eisenhower were not reelected.'" The DNC Thursday told BoT the agency referred to was J. Walter Thompson Co., and the vice president, Henry C. Flower.

PARTIES HOLD \$2.1 MILLION OF RADIO-TV NETWORK TIME

THE three major radio-tv networks told a Senate group last week that the two national political committees already have under option or contract \$2,179,630.20 in radio and tv time for the 1956 political campaigns.

Testifying before the Senate Elections Subcommittee (see story page 42), executives of NBC, CBS and ABC said the Republican National Committee and the Democratic National Committee have signed for or optioned a total of 29 hours and 10 minutes radio and tv time (see table). These are straight time charges and do not take into account pre-emption costs (which, however, are expected to be much lower than in 1952 because of early orders) and production costs.

Of the total, television time purchases outstripped radio buys almost 20-to-1, with a total of \$2,074,500 for 22 hours and 45 minutes of network television and \$105,130 for 6 hours and 25 minutes of network radio time.

(Mutual, which did not testify last week, said Friday the network presently has only two halfhour periods under contract, both to the Democrats—9-9:30 p.m. Oct. 23 and 11-11:30 a.m. Nov. 3 on the full network at a total cost of about \$15,000.)

There will, of course, be additional radiotv purchases which are likely to cost far in excess of the time already under contract because of increased pre-emption charges for less than 30 days notice to the agency and sponsor of a show bumped off a network to make way for a political presentation.

Several officials of political committees also testified last week on the state of their respective groups' finances and their plans for contributions to finance the campaigns of candidates of one or the other of the two parties.

The networks' share of the contracted time ran like this: NBC—a total of \$885,000 for 10 hours and 50 minutes of radio-tv time of which \$851,000 is for 8 hours and 50 minutes of television and \$34,000 for 2 hours of radio; CBS—total of \$874,630.20 for 10 hours and 20 minutes of radio-tv time, including \$833,500 for 7 hours 55 minutes of tv and \$41,130 for 2 hours 25 minutes of radio; ABC—total \$420,000 for 8 hours of radio-tv time, including

H-R has always been a major league outfit. The mature working partners who started this firm were all seasoned professional salesmen in the field of radio and television. Every man we've added to our staff, as we have grown, has reached the "majors" before we take him on. He has to be a "pro" to live up to our promise to "always send a man to do a man's job." This major league thinking also applies to the stations we represent; they're in there pitching too. Together we make a team with a batting average, that is consistently among the highest in the leagues.

BUTLER'S FORECASTS

SEN. John Marshall Butler (R-Md.), who is engaged in a contest for reelection with Democrat George P. Mahoney, has come up with a new campaign gimmick. He's sponsoring a nightly weather roundup over WTTG (TV) Washington, D. C., which has coverage in its neighboring state.

Leslie G. Arries Jr., general manager of WTTG, said, "This marks the first time in the television history of the Washington area that a candidate for political office has sponsored a program, other than a political talk, to present his viewpoint to the public."

The five minute program—Weather at 11:10—will be aired by the ch. 5 outlet Monday through Friday.

390,000 for 6 hours of tv and 30,000 for 2 hours of radio.

Broken down according to the respective political committee purchases:

GOP-\$1,109,245 with all three networks: \$475,000 for 5 hours 20 minutes on NBC-TV; \$472,750 for 4 hours 35 minutes on CBS-TV, \$1,495.10 for 5 minutes on CBS Radio; \$160,000 for 1 hour 50 minutes on ABC-TV.

Democrats—\$1,070,385.10 with all three networks: \$376,000 for 3 hours 30 minutes on NBC-TV and \$34,000 for 2 hours on NBC Radio; \$360,750 for 3 hours 20 minutes on CBS-TV and \$39,635.10 for 2 hours 20 minutes on CBS Radio; \$230,000 for 4 hours 10 minutes on ABC-TV and \$30,000 for 2 hours on ABC Radio.

NBC reported agreements with the GOP for one full hour period, six half-hours and 16 5-minute periods, all on television, and with the Democrats for four half-hours on both radio and tv and 18 5-minute tv spots.

CBS agreements with Republicans called for one full hour, five half-hours and 13 5-minute periods on tv and one 5-minute period on radio. Democrats agreed to four half-hours, one quarter-hour and 13 5-minute periods on television and four half-hours, one quarter-hour and one 5-minute period on CBS Radio.

The ABC agreements with the Republican National Committee were for one full hour, one half-hour and four 5-minute periods on television. Democrats optioned four half-hours and 26 5-minute periods on television and four half-hours on ABC Radio.

All the networks made some regional or local sales for national or state and local candidates and ABC Radio contracted with AFL-CIO on behalf of the International Union of Machinists for one quarter-hour national hookup for Democratic presidential nominee Adlai Stevenson (Sept. 6).

The NBC regional contract was with the New York State Democratic Committee for the senatorial campaign, calling for an eight-station television hookup from 7-7:30 p.m. (NYT) last Monday.

CBS reported the Liberal Party in New York ordered "a lineup of CBS Radio stations in New York for a 55-minute broadcast" last Tuesday night.

ABC reported these orders or sales: Television—Pennsylvania State Democratic Committee, 9:30-10 p.m. last Wednesday on six stations; New York Democratic State Committee, 10-10:15 p.m. Aug. 2 on six stations; New York State Stevenson Committee, 9-9:30 p.m. April 25 on eight stations; Californians for Stevenson & Women for Stevenson, 10-10:15 p.m. June 3 on four stations; Kefauver for President Committee, 10:15-30 p.m. June 3 on five stations; Labor Volunteers for Kefauver Committee, 6:30-7 p.m. June 4 on seven stations; Californians for Stevenson for President Committee, 6:30-7 p.m. Feb. 4 on 11 stations. Radio-Democratic State Committee of New York (for Gov. Averell Harriman), 10:10-25 p.m. Aug. 2 ("New York State only").

Financial status of the various political groups who testified before the Senate subcommittee, as of Sept. 1.

Democratic National Committee: Cash on hand, \$35,655.54; unpaid bills, \$49,000, making a \$13,000-\$14,000 deficit, according to Chairman Paul Butler. Mr. Butler said the DNC received \$269,000 during the first quarter of this year.

Republican National Committee: Cash on hand, \$664,625—what was left of \$1,754,142 received in contributions for the first seven months of this year, according to Chairman Leonard Hall.

Democratic Senatorial Campaign Committee: Cash on hand, \$26,541. Received in addition \$35,000 Sept. 6 from proceeds of dinner for Sen. Walter F. George (D-Ga.), according to written report by Sen. George Smathers (D-Fla.), chairman.

Republican Senatorial Campaign Committee: Cash on hand, \$692,349, with anticipated commitments of \$329,113 on Sept. 1, according to written report by Sen. Andrew Schoeppel (R-Kan.) chairman.

National Federation of Republican Women: Cash on hand, about \$30,000, use of which is not restricted to "entirely partisan" purposes, according to Mrs. Carroll Kearns, chairman.

National Volunteers for Stevenson-Kefauver: Cash on hand, \$29,000; collected \$34,668 this year and has spent \$5,518, according to Archibald S. Alexander, director, who said the group hopes to help pay for tv time for the Democratic nominees.

Citizens for Eisenhower: Cash on hand, \$59,-706, with commitments of \$44,000, leaving "position" at \$15,000. John R. Kilpatrick, chairman, said the group collected \$414,000

Hotpoint Plans to Stress Marketing of Tv Color Sets

MARKETING of color tv sets will be one of Hotpoint Co.'s "priority projects" in 1957, D. Edward Weston Jr., general manager of its tv receiver department, asserted last week.

At the same time he forecast that formation of new family groups and "new disposable income" will be major factors in stepping up sales for black-and-white units.

While tv is still in its infancy, Mr. Weston pointed out, a number of monochrome technological advances have been made which, together with the imminence of color, are expected to increase tv sales. Additionally, Mr. Weston cited growth of

Additionally, Mr. Weston cited growth of the second-set tv market and "intense interest" in portable models, plus aggressive manufacturer-dealer advertising campaigns. He reported Hotpoint, which introduced its first tv line this past summer, is enjoying current orders and sales "surpassing all original expectations."

Piel's, Hamm's Again Voted Best Liked Tv Commercials

PIEL'S AND HAMM'S beers retained their one and two spots, respectively, gained last May, in the latest Advertising Research Bureau survey of best liked commercials. Both are this year up to Sept. 5 and spent \$385,000; that it expects additional contributions of \$500,000 to \$700,000, or a total of approximately \$1 million. It collected \$1,694,000 in 1952, he said.

AFL-CIO Political Education Committee: Cash on hand, \$215,360 in "voluntary contributions" to be used for political purposes. There is another \$117,754 in an "educational fund," which is used to educate people to vote and to disseminate the voting records of congressmen, among other things, according to Jack Kroll and James L. McDevitt, co-directors. Mr. McDevitt said the Political Education Committee "hopes" to collect \$1 million for the elections campaign, but doubts if that goal will be reached.

United Republican Finance Committee, New York: Cash on hand, \$90,554. John Hay Whitney, chairman of the GOP fund-raising group which solicits funds in an eight-county area in metropolitan New York, said the group has raised \$683,559 this year and disbursed \$593,076. He said the unit "hopes" to raise a total of \$1.5 to \$1.75 million. Disbursements have included \$21,355 to Republican Congressional Committee, \$104,688 to Republican Senatorial Committee, \$75,000 to New York State Republican National Finance Committee.

Ike Plans Indefinite

PRESIDENT EISENHOWER may expand his campaign itinerary and speech schedule, he indicated Tuesday at a news conference. Explaining that a large number of invitations to speak and suggestions for appearances have been received, he said final decisions have not yet been made. Present plans call for five or six major addresses, with as many as three of them originating outside Washington.

At his Gettysburg, Pa., GOP rally address Wednesday, the President said radio-tv executives have promised special programming and promotion to aid the voter registration drive.

regional advertisers (New York for Piels and Hamms in Midwest). Alka Seltzer moved up from sixth to third place.

Of the 28 best liked commercials in the latest survey, 16 also were on the list last May. The top 28 and their rate of mention:

FREY TO LEAVE NBC DEC. 1 FOR SSC&B

GEORGE H. FREY, NBC vice president in charge of television network sales and associated with NBC since its inception 30 years ago, will move to

MR. FREY

Sullivan, Stauffer, Colwell & Bayles as vice president in charge of network operations, effective Dec. 1 [CLOSED CIRCUIT, Sept 10], the agency announced last week. Mr. Frey has been in radio-tv since

in radio-tv since 1924, when he joined WEAF New York (now WRCA) when it was operated by

American Telephone & Telegraph Co., prior to its sale to RCA in 1926. He started as a stock clerk in the engineering department and after technical training at RCA Institute, repaired the radio sets of clients of the station and later of the network.

While he was repairing, he also was promoting the young medium—a combination job that led to his appointment as an NBC salesman in 1929. He has remained in sales since that time and has been credited with working on virtually every account the network has had on the air. Among others, he represented NBC in the negotiations that sold Lever Bros. and Kraft Foods on their first large-scale use of radio.

Mr. Frey became sales service manager in 1940; manager of eastern sales in 1946; director of sales for network tv in 1949; a vice president in 1951, and vice president in charge of tv network sales in 1954.

Brophy Named Chairman Of Nat'l Advertising Week

THOMAS D'ARCY BROPHY, chairman of the board of Kenyon & Eckhardt, New York, has been named general chairman for the 1957 Advertising Week, it was announced last week by Ben R. Donaldson, director of institutional advertising for the Ford Motor Co. and chairman of the board of the Advertising Federation of America.

Advertising Week, which will be held from Feb. 10-16, is sponsored jointly by the Advertising Federation of America and the Advertising Assn. of the West. Eugene McKim, advertising manager of *Western Farm Life*, Denver, has been appointed vice chairman of the committee, representing AAW.

In 1956, according to AFA, all media contributed nearly \$1 million in time and space to the event, with nearly 30 million impressions. estimated from the week-long celebration.

Members of the National Advertising Week committee include, among others: J. L. Van Volkenburg, president of CBS-TV; Robert W. Sarnoff, NBC president; Robert E. Kintner, ABC president; George B. Alarik, BBDO, Minneapolis; C. R. Bramham, WSM-TV Nashville; Carleton B. Evans, WKJG Fort Wayne; Mary Furey, KWK-AM-TV St. Louis; Fred J. Haberline, advertising manager, H. C. Bohack Co., Brooklyn; Tony La Sala, vice president, Geyer Adv., New York; Don J. Maggini, vice president, Kenyon & Eckhardt, New York; Roger Pryor, vice president, Foote, Cone & Belding, New York; Richard Scheidker, vice president, American Assn. of Advertising Agencies, New York; Allen B. Sikes, field director, Bureau of Advertising, American Newspaper Publishers Assn., New York; Kevin B. Sweeney, RAB, New York, and John D. Yeck, Yeck & Yeck Adv., Dayton.

The national committee, which has responsibility for creating the campaign material for both the AFA and AAW this year, will meet under the directorship of Chairman Brophy on Sept. 28 at the Advertising Club of New York.

Kent Uses First Spots To Announce Price Cut

P. LORILLARD Co.'s Kent cigarettes is turning to spot tv for the first time in its three-year history in order to report a four-cent price reduction. The reduction was announced on last night's (Sunday) The \$64,000 Challenge on CBS-TV (which Lorillard sponsors with Revlon Products Inc.). The all-media campaign kicks off today (Monday) with a mammoth saturation drive via newspapers, magazines, radio and television.

Through Young & Rubicam, New York, Kent is launching a five-week tv spot campaign in approximately 60 top markets. Coincident with the tv spot drive will be an 18-market radio push, also lasting five weeks. An agency spokesman, while declining to divulge allocations, said broadcasting will get "well over 50% of the budget."

Kent is the second filter-tip cigarette to cut its price within a month's time. Earlier, Philip Morris' Parliament instituted a five-cent price reduction. Kent's cut averaged four cents a pack, or \$1.80 per thousand cigarettes wholesale, and applies to both regular and king-size.

Reason for the price reduction, according to Lorillard President Lewis Gruber, was that extensive testing in West Virginia and Wisconsin indicated "that Kent's sales volume could be lifted sufficiently on a nationwide basis by a price reduction to offset the reduced profit." The tv film commercials also give the reason for the price cut as the completion of an ultramodern new Greensboro, N. C., plant whose "high-speed machines are turning out thousands more packs per hour than has been hitherto possible."

American Character Doll Sets Big Pre-Yule Tv Push

TELEVISION-CONSCIOUS American Character Doll Co., New York, which earlier this year predicted that its pre-Christmas push this year would account for its heaviest tv spending to date [B•T, May 28], last week verified this by earmarking "well over \$300,000" for what was said will be the longest campaign of any toy manufacturer this year.

American Character Doll, through Webb Assoc., New York, will invade 100 top U. S. markets with a double-pronged kiddies' drive, utilizing Associated Artists Productions' "Popeye" and "Bugs Bunny" cartoon packages and specially-filmed "tv mats" showing its latest line of dolls. Starting the end of this month, the doll company will place the AAP cartoons on a tv station in each of 50 top markets, and simultaneously will unleash spot announcement drives in 50 other tv markets, in which stations are still being lined up.

According to the doll company's Advertising-Promotion Manager Bernard J. Schiff, "this will be the largest spot campaign in our industry so far as duration goes."

Advance Schedule Of Network Color Shows (All times EDT)

CBS-TV

Oct. 2 (9:30-10 p.m.) Red Skelton Show, Pet Milk through Gardner & S. C. Johnson & Son through Needham, Louis & Brorby on alternate weeks (also Oct. 9, 16, 23).

Don Belding to Run For Mayor of L. A.

DON BELDING, director and chairman of the executive committee of Foote, Cone & Belding,

Los Angeles, announced last week he will be a candidate for mayor of Los Angeles in the municipal elections next spring and will liquidate his stock interest and resign from active management of the agency Jan. 23, 1957.

Mr. Belding made his political future known on the eve of a business trip to

South America and just a few days after the incumbent Mayor Norris Poulson announced he will not seek re-election. Mr. Belding made his decision following the urging of friends in the Greater Los Angeles area who asked him to forestall his retirement plans and seek the highest city post. He presently is vice president of the Los Angeles Airport Commission.

The widely known agency pioneer announced he will open his campaign in November after his return from South America and visits to affiliated FC&B offices in seven countries there. Several friends are reported to be forming a campaign committee.

Mr. Belding has worked in Los Angeles for 33 years and in addition to his broad experience with FC&B and its predecessor, Lord & Thomas, he has been active in both national and local civic affairs. Under President Truman and Secretary of Commerce Sawyer, he was a one-term chairman of the Small Business Advisory Committee of the Commerce Dept. Last year, President Eisenhower named him to the National Monument Commission and he now serves as vice chairman.

Mr. Belding is a founder and former director of the Advertising Council and is a founder and present chairman of the board of the Freedoms Foundation at Valley Forge. He also has served as chairman of the advertising industry's Joint Committee for Improvement of Understanding of our Economic System and founder and trustee of the Council for Advancement of Secondary Education.

The FC&B executive is a member of the public relations committee of the National Conference of Christians & Jews and is past director of both the Los Angeles Chamber of Commerce and the Merchants and Manufacturers Assn. Currently, he also serves as civilian aide to the Secretary of the Army and is vice president of the Defense Orientation Conference Assn.

SSC&B Gets 3 Block Accounts

BLOCK DRUG Co., Jersey City, N. J., last week appointed Sullivan, Stauffer, Colwell & Bayles, New York, as its agency for Nytol sleeping powder, Green Mint mouthwash and Py-Co-Pay toothbrushes. SSC&B had been mentioned as the likeliest candidate-out of a handful of agencies-to receive the bulk of the Block account following its departure from Harry B. Cohen Adv., New York [CLOSED CIRCUIT, Aug. 27]. Only one of the Block products handled by Cohen-Amm-I-Dent toothpaste-is as yet unassigned to a new agency. An agency spokesman said no decision on Amm-I-Dent had yet been reached. Account switch is effective Oct. 1.

(P) Participations, as distinguished from sponsorship.

In the above summary, the monitoring occurred the week ending July 28, 1956.

The Hooper Index of Broadcast Advertisers is a measure of the extent to which a sponsor's commercials are seen or heard. Each commercial is assigned a number of "commercial units," according to its length." This number is then multiplied by the audience rating attributed to that commercial.** When each commercial has thus been evaluated, the results for all commercials of each sponsor are added to form the HIBA. For further details of preparation, see the basic reports published by C. E. Hooper Inc., Broadcast Advertisers Reports Inc. and American Research Bureau Inc. Above summary is prepared for use solely by BROADCASTING • TELECASTING. No reproduction permitted.

* "Commercial Units": Commercials are taken from the monitored reports published by Broadcasting Advertisers Reports Inc. A "commercial unit" is defined as a commercial ex-posure of more than 10 seconds but usually not more than one minute in duration. Four "commercial units" are attributed to a 30-minute program, and in the same proportion for programs of other lengths. A "station identification" equals one-half "commercial unit." # Audience ratings for television, both national and local, are those published by Ameri-can Research Bureau Inc. Those for radio are the ratings of C. E. Hooper Inc. In the case of station breaks, the average of the ratings for the preceding and following time periods is used wherever feasible: otherwise, the rating is that of either the preceding or following time period, normally the preceding.

Lady Esther to Use Spots

SPOT broadcasting, primarily tv, will be util-ized by Lady Esther Div. of Chemway Corp. in 21 major markets, probably starting some-time in October, it was reported last week. The firm's agency, Dancer-Fitzgerald-Sample, is currently screening availabilities for spots to promote Lady Esther's press powder compact and comb offer announced previously [B•T, Sept. 10]. Media plans are expected to be finalized in the next two weeks.

Gardner Rejoins Thompson Co.

ED GARDNER, creator and star of the Duffy's Tavern series of radio and television, has joined J. Walter Thompson Co., New York, as a creative member of the television department on such programs as Kraft Television Theatre. Before launching the Tavern series and taking on the role of Archie, the bartender, Mr. Gardner was a producer-director with the Thompson agency on radio's Burns and Allen Show and the Rudy Vallee Hour.

In Appreciation of Dr. Frank Stanton's 10 Years As President of CBS

For his leadership, his fine business judgment, his confidence in CBS Radio-cornerstones on which our Association has been built and prospered.

For his genius, courage, integrity, capacity for work and unselfish devotion to duty which have earned the respect and admiration of his fellow man and the whole Broadcasting industry.

For the sure logic and courage of his answers when responding to major industry problems.

For the application of his early training in establishing realism in Radio research.

For his keen intellect in continuously proposing and vigorously supporting innovations and changes for the betterment of Broadcasting.

For making the phrase "Public Interest, Convenience and Necessity" the ruling tenet of his business life.

Now be it resolved that the CBS Radio Affiliates, at their annual Association meeting, express their affectionate esteem to Dr. Frank Stanton for his many great contributions and continuing confidence in CBS Radio in particular, and the great art of Broadcasting in general.

WHIO, DAYTON, now completing its 20th year as a CBS Radio Affiliate, is proud to participate in this tribute to a former Daytonian.

Hutchins Loses Part Of Philco Account

THE Philco Corp. and Hutchins Adv., both Philadelphia, will terminate a 21-year association Jan. 1—at least partly. At that time, Philco will transfer its consumer products division (radios, tv sets, air conditioners, electric blankets, washers and dryers and refrigerator-freezers) to an agency "to be announced shortly."

The loss of the consumer products division, accounting for "at least" an estimated \$10 million billing, will leave Hutchins servicing the Philco national telephone directory program, service division and government and industrial division accounts, handled through the agency's Rochester, N. Y., office. Hutchins Adv. Co. of Canada Ltd. in Toronto will continue to service all Philco advertising for the dominion.

Philco officials would not comment on the shift. It was understood that several large agencies in New York—among them Ruthrauff & Ryan—had been vying for the account.

Philco Corp. has been an active broadcast media user so far as "big shows" are concerned this past year. It sponsored radio-tv convention coverage on ABC for about \$4 million (also see Buick story, this page) and a week ago Sunday—as it has done for the past few years sponsored the "Miss America" pageant from Atlantic City, also on ABC-TV. It bowed out of regular network tv last year, when it dropped *Playhouse* on NBC-TV.

FC&B Detroit Office Opens Sept. 26-27 for Ford Div.

OFFICIAL OPENING of its Detroit office, set up to service the Ford Motor Co. Special Products Div. account, has been scheduled by Foote, Cone & Belding for Sept. 26-27, the agency announced last Wednesday. When fully-staffed, the office is expected to operate with 60-65 people.

Vice President Charles Wilson will head the new office with Clyde Rapp, also a vice president, as associate manager. Robert F. Hussey, vice president, will transfer from FC&B's Chicago office to Detroit as media account executive on the new Ford division.

First day of the official opening will be devoted to station representatives and the press with the second day for Ford executives and personnel. The office is located in Detroit's National Bank Bldg. and will formulate plans for the introduction of the division's new automobile in the fall of 1957.

Spot Radio, Tv to Publicize National Automobile Show

ADVERTISING campaign using spot radio, spot television as well as other media is being planned by the Automobile Manufacturers Assn. in support of the first industry-wide National Automobile Show in 16 years being held in New York's Coliseum Dec. 8-16.

William H. McGaughey, American Motors vice president and chairman of the association's show committee, told a news conference last week that AMA has appropriated \$100,000 for the campaign. Through Cunningham & Walsh, New York, which will handle advertising, publicity and exploitation for the event, AMA will advertise the show from Dec. 2 through 16, using about 100 television and 500 spot radio announcements featuring the jingle, "Let's Go to the Auto Show." Above and beyond this, all car manufacturers plan to promote the show on their regularly-scheduled radio and tv programs and many will allocate special funds for separate radio-tv promotions, according to Mr. McGaughey.

Passenger car manufacturers in the show will be American Motors, Chrysler, General Motors, Studebaker-Packard and Ford, marking the first time that Ford has participated in an all-industry show, according to Mr. McGaughey. Eleven makers of commercial vehicles will be represented in the show—Chevrolet, Diamond T, Dodge, Ford, General Motors, International Harvester, Mack, Reo, Studebaker, White and Willys. A highlight of the event will be a 30minute stage presentation to be produced by Arthur Knorr, who produced the recent television "Salute to Eisenhower", and to be written by Goodman Ace, radio-tv writer.

Toni Fall Radio-Tv Plans Heavy on Network Programs

LINEUP of 1956-57 radio-tv properties for Toni Co., heavy broadcast advertiser, was taking shape last week with the approach of the network fall season. With its new network purchases all set, it seemed certain that Toni will definitely drop alternate-week sponsorship of CBS-TV's Godfrey and Friends while retaining its every-other-week place on Talent Scouts.

Toni is set for alternate sponsorship of the new Walter Winchell show (with P. Lorillard's Old Golds) on NBC-TV (Friday, 8:30-9 p.m. EDT) starting Oct. 5 and a new situation comedy, *Stanley* (with American Tobacco's Pall Mall), on NBC-TV (three Mondays out of four, 8:30-9 p.m. EDT), beginning Sept. 24.

Toni also resumed alternating-sponsorship (with R. J. Reynolds' Salem cigarettes) of Art Linkletter's *People Are Funny* on NBC-TV (Sat., 7:30-8 p.m. EDT), beginning this past weekend.

Bobbi Pin Curl permanent and Pamper shampoo will be promoted on *Stanley*, with business placed by Tatham-Laird Inc., Chicago. North Adv. Inc. is the agency for products to be featured on the Winchell and Linkletter programs.

Firm will continue its participations in CBS-TV's Garry Moore and Bob Crosby shows and its daytime CBS Radio schedule (Nora Drake, Helen Trent).

Historical Foundation

A TV SPONSOR has come up with a program that is unusually well-suited for its sales plans. The sponsor is Warner Bros. Co. (women's foundations) of Bridgeport, Conn., for which NBC-TV last week announced the format of Warner's four Be a Famous Figure musical afternoon colorcasts, the first of which will be on the network Sept. 22, 1-2 p.m. EDT. The program, placed through C. J. LaRoche & Co., New York, features Broadway singers Bill ("South Pacific") Tabbert and Doretta ("The King and I") Morrow, and narrator Jinx Falkenburg McCrary. It concerns a young fashion illustrator (Tabbert) in search of the "perfectly proportioned" female to use as a model. Miss Morrow will play various of these women-all from the pages of history: Napoleon's Josephine, Flo Ziegfeld's "girl," and Mata Hari, among others.

ABC-TV Lines Up 3 Sponsors For New 'Circus' Program

AMERICAN Metal Specialties Corp. (Amsco Toys), Hatboro, Pa.; Remco Toys, Newark, and Hartz-Mountain Products, New York, are slated to be among the first advertisers to buy participations in ABC-TV's new hour-long *Circus* program starring ventriloquist Paul Winchell and Jerry Mahoney and including variety acts from the U. S. and abroad. The Martin Stone package, successor to last season's *Super Circus*, in which Hartz-Mountain was also a participating sponsor, goes on the air Thursday, Oct. 4, 8-9 p.m. EDT.

In announcing the debut of Circus, ABC-TV programming and talent vice president Robert Lewine said "the demise of Ringling Bros. (Ringling Bros., Barnum & Bailey circus) suggested to ABC the need for continuing the colorful American institution."

Agencies are Lavenson Bureau of Adv., Philadelphia (Amsco); Webb Adv., (Remco) and George H. Hartman Co., Chicago (Hartz-Mountain).

ABC Election Package Picked Up by Buick

SIGNING of the Buick Motor Div., General Motors Corp., as sponsor of ABC's election night radio-tv coverage was announced last week by E. T. Ragsdale, vice president of General Motors and general manager of the Buick Div.; Slocum Chapin, vice president in charge of ABC-TV network sales and Don Durgin, vice president in charge of ABC Radio. It is understood that Buick will pay in the neighborhood of \$250,000 for the coverage.

The sponsorship by Buick follows Philco Corp.'s relinquishment of its option for election night coverage. Philco originally signed for a reported \$4.3 million for ABC's political package but decided not to exercise its option for election night coverage.

ABC's election night coverage will begin at 8:30 p.m. EST and continue until presidential and other key races are decided.

P&T Dye Promotion Begins; Network, Spot Radio Used

RADIO—network and spot—will figure prominently in Park & Tilford Distillers' fall campaign for its All-Fabric Tintex home dyes. Starting today (Monday), P&T will kick off a network sponsorship drive via ABC Radio, placing its announcements on When a Girl Marries and Whispering Streets, both acrossthe-board daytime serials. Tintex used these same shows last spring.

P&T's agency, Émil Mogul Co., New York, will supplement network coverage (330 ABC Radio affiliates) with a flexible radio spot drive —also starting today—in approximately 100 markets for 9 to 13 weeks, depending on the area. All announcements on the spot campaign —for the most part placed on women's participation programs—will be live, except for a recorded jingle on the theme of "if you can wash it, you can dye it." According to Mogul, radio will take the bulk of the fall budget and the remainder will go towards home economics and retail trade publications.

Agencies Merge Operations

RALPH H. JONES CO., Cincinnati and New York, and Mumm, Mullay & Nichols, Columbus, Ohio, and New York, have consolidated their staff operations. The agencies, however, will operate as separate corporate entities.

takes pleasure in announcing the immediate appointment of

AS EXCLUSIVE NATIONAL REPRESENTATIVE

NETWORK NEW BUSINESS

Reynolds Metals Co., Richmond, Va., will sponsor the Little Brown Jug harness race from the Fair Grounds, Delaware, Ohio, on CBS Radio this Thursday (6:30-6:45 p.m. EDT). Agency: Buchanan & Co., N. Y.

NETWORK RENEWALS

Hills Bros. Coffee Inc. renews for 52 weeks half-sponsorship of *Frank Goss News* on 23 stations of Columbia Pacific Radio Network effective today (Monday). Schedule is on Monday-Wednesday-Friday, Tuesday-Thursday-Saturday alternating week basis. *Frank Goss News* is heard Monday through Saturday 5:45-5:55 p.m. (PDT). N. W. Ayer & Son, N. Y., is agency.

SPOT NEW BUSINESS

Star-Kist Foods Inc., L. A., returns to tv with 26-weeks campaign beginning this month, sponsoring programs in eight Pacific Coast markets. Account handled by Honig-Cooper Co., S. F.

Glamur Products (rug and upholstery cleaner), Syracuse, N. Y., buying radio spot campaign on approximately 35 stations in 15 markets starting Sept. 18. Campaign to run from six to eight weeks. Company also plans tv spots in nine markets starting Sept. 18. Rockmore Co., N. Y., is agency.

Sinclair Refining Co., N. Y., for its new Power-X gasoline with X-Chemical, has brought approximately 125 tv spots in 40 markets to supplement its regular tv schedule. Campaign started last week, will run until end of year. Morey, Humm & Warwick, N. Y., is agency.

A&A SHORTS

Clark & Bobertz Inc., Detroit, elected member of American Assn. of Advertising Agencies.

Tempo Inc., Chicago agency, has changed named to Wentzel, Wainwright, Poister & Poore Inc. Name change marks new emphasis on media in addition to sales promotion and creative services offered in past.

The Edwards Agency Inc., L. A., moved to its own building at 915 N. La Cienega Blvd.

Miller, MacKay, Hoeck & Hartung, Seattle, announces affiliation with Jon M. Ross Adv. Agency, Hollywood, effective this month.

The Radow Adv. Agency, Columbus, Ohio, moved to larger quarters at 494 City Park Ave.

AGENCY APPOINTMENTS

Frank H. Lee Co. (Lee and Disney hats), Danbury, Conn., appointed Anderson & Cairns, N. Y., effective immediately. Media plans undetermined.

Making Most of It

GILLETTE Safety Razor Co. last week announced plans for a record \$2,740,000 campaign during this month and next for advertising and sales promotion in connection with the company's sponsorship of the World Series on NBC-TV in October. The appropriation is for newspaper advertisements and for cost of a premium, a condensation of the 320-page The Official Encyclopedia of Baseball, to be offered free to purchasers of Gillette's "Super Speed" razors. The premium offer also will be advertised on Gillette's regularly-scheduled Cavalcade of Sports (NBC-TV, Fridays, 10-10:45 P.M. EDT).

Page 54 • September 17, 1956

On Right Track

SOUTHERN PACIFIC RAILROAD may be leading the way for other trains to get on right track to save passenger traffic through saturation radio. Since a three-week radio test in June on one station each in San Francisco and Los Angeles using a jingle, SP has had 17% increase of traffic on daylight trains between the two cities. For nine previous years traffic has constantly decreased. Result: This week SP starts a bigger saturation radio drive through Nov. 25 using the same jingle on six stations in each of those two cities. Typical buy is KLAC Los Angeles with 1,000 spots. Agency is Foote, Cone & Belding, San Francisco.

Cannon Mills, N. Y., names N. W. Ayer & Son, N. Y., to handle advertising for Cannon sheets. Agency handles other Cannon products, also.

Helene Curtis de Mexico, appoints Kenyon & Eckhardt de Mexico, S. A., to handle its advertising, effective Jan. 1, 1957. K&E will handle the entire Helene Curtis line.

RATING SERVICE PEOPLE

William Nelson Shafer, Western Div. of American Research Bureau, appointed Pacific Coast manager.

A&A PEOPLE

104 SIGN UP FOR NTA FILM NETWORK, DUE TO BEGIN OPERATIONS ON OCT. 15

President Ely Landau terms it the fourth tv network, says it will start with two hours programming each week, hopes to have 10 hours weekly by 1959-60.

THE FIRST tv film network, hailed by its founders as embodying "the network sales and programming concept of the future," moved out of the planning stage last week with an actual blueprint for operations, starting Oct. 15, on a lineup of 104 affiliated stations.

Confident that the film network foreshadows the business of tomorrow, Ely A. Landau, president of the newly organized NTA Film Network, disclosed that operations will begin with a two-hour network

program each week of "super-spectacular" feature films and expand according to this tentative time-table: three and a half hours by early 1957 and 10 or more hours per week by 1959 - 60, supplemented by live telecasting of outstanding sports and other special events. Mr. Landau views

MR. LANDAU

his new project, which he calls "the nation's fourth tv network," as embodying a concept that must be followed by tv networks generally, if television is to flourish and take its "rightful place" in the economy of the nation. Mr. Landau points out he has no desire to replace current tv networks and understands that this "would be impossible," but believes the film network will broaden the base of the tv economy by attracting advertisers because of "its advantages of flexibility, non-interconnection and no 'must-buy' policy." He contends that network television, as now constituted, has impeded the growth of the medium and offers these observations:

• The coaxial cable is a "mighty expensive item" in networking, with CBS-TV on record as having spent \$20 million in 1955 for this expenditure and ABC-TV about \$6 million. This expense item ultimately is passed on to the advertiser and has "discouraged" many sponsors from using network tv and has restricted usage by advertisers presently in the medium.

• Network practice of specifying "must buy" basic lists of stations (often running more than 50) is "uneconomical" for the advertiser, who has no distribution in certain "must-buy" markets and consequently "turns him away" from the medium on numerous occasions.

• The need for "powerhouse" network programming is not being met in the markets that have four or more stations, and even stations that currently have network affiliations are "insecure" in that they do not know when they may lose that affiliation. Several stations have had to discontinue business or operate with reduced revenues when their networks switched affiliations.

In view of these "network limitations," according to Mr. Landau, the NTA Film Network can "fill an urgent need" of television stations throughout the country for "an additional major source of quality programming and national advertising income." The film network, he claims, "provides an additional marketplace where national advertisers can buy nation-wide coverage of American television homes in a single, competitively-priced transaction, combining market flexibility with the convenience and prestige of a national network."

The NTA Film Network of 104 stations "probably" will be expanded to more than 130 stations by the time of the beginning of operations, Mr. Landau believes. As presently constituted, he said, the network will reach about 31 million television homes of the country's total 48.6 million families. The families covered by the NTA Film Network, according to Mr. Landau, have an effective buying income of about \$213 billion, or 80% of the country's total potential.

Mr. Landau claims that the film network will offer these advantages:

• Advertisers will be guaranteed time clearances and programming and the "advantages in timebuying flexibility without the burden of 'must buys' now prevalent in the industry."

• Stations will be offered "power-house" programming, consisting initially of "super-spectacular" feature films never before shown on tv, to vie for larger audiences.

• Advertisers will achieve a lower cost-perthousand through large audiences gained from "top-level" programming, 'though their expenditures for time will adhere to published rates.

• Stations will gain more revenue than under the conventional network arrangement, largely because the lack of the coaxial cable will pare down overhead.

• Stations will acquire more programming "leverage": In the event they lose their conventional network affiliation, they still can rely on NTA's "power-house" programming. Notwithstanding, they have acquired another major programming source to bolster their regular network offerings.

The NTA Film Network has signed two types of two-year contracts with its affiliates, running for 39 weeks a year. In 40 smaller markets, the network has supplied the station with a library of 800 hours in return for which the station makes available two hours of time to the network. These stations receive no additional compensation. In the 64 other markets, the stations offer the two hours of time to the network, which programs and sells this time

AND CHARTER AND

BROADCASTING • TELECASTING

FILM

- FILM -

and compensates the stations out of sales revenues.

The 104 stations generally have cleared for the network two hours on Friday, Saturday and Sunday evening, ranging between the hours of 9:30 and midnight. In the markets where the network has not arranged the library transaction, the contract provides for a 60-40 gross split of the affiliate's rate card, with the network receiving the larger share. The station's regular rate card for the time period prevails for advertisers. If the network does not sell a program in a particular market, the station may sell it focally with the same split prevailing, but NTA may "pre-empt" the program on 30-days notice.

It is Mr. Landau's contention that the NTA Film Network's affiliates will "get a better shake" from his arrangement than under conventional network procedure. His explanation is that although networks provide approximately a 70-30 division, the station gains only 22% net after provision is made for the first 30-hour concession to the networks; for the cost of coaxial cable and the agency commission. NTA film affiliates gain 30% net, after provision is made for both agency and station representatives' commissions on gross revenues. Mr. Landau points out that the station representative also stands to gain under his network policy.

Mr. Landau regards his formula for advertisers as "realistic," observing there is no "must-buy" station list. He calls his minimum requirement "an economic dollar buy." Mr. Landau explains it this way: He places a certain value on his programming and time to an advertiser, or groups of advertisers. For "X" numbers of dollars, the advertiser can purchase time on a certain number of stations, reaching the minimum total of the rate cards of the stations he requires. Mr. Landau stresses that advertisers can select the markets conforming with their distribution patterns. He has set no limit on the number of national advertisers to participate in sponsorship of the initial network program on Oct. 15. The network presently is devising a volume discount system for advertisers.

Coincident with the announcement of the launching of the film network, the company last week kicked off an advertising-merchandising-promotion campaign that is expected to cost about \$400,000 in the next few months. Newspaper advertisements in major cities heralded the advent as "the fourth dimension network." Shortly the project will be promoted in business, trade and consumer publications.

The concept of a non-interconnected film network has been a pet project of Mr. Landau for more than four years. He outlined plans for the network in hearings before the Senate Interstate & Foreign Commerce Committee in June [B•T, June 28]. Since that time, Mr. Landau and other officials of the network's parent company, National Telefilm Assoc., have been occupied in lining up affiliates, obtaining film programming and working out other details of the venture.

Though reticent about pinpointing programming plans, Mr. Landau intends to inaugurate the network with "top-notch" feature films that he is obtaining from independent producers. After the first of the year, he plans to offer what he calls a 90-minute "spectacular" aimed at children, which he will program on Saturday or Sunday morning. He is confident that from this modest beginning, the network will "catch fire," and envisions 10 or more hours of film programming per week by 1959-60.

Other officers of the NTA Film Network, who have assumed new posts in addition to those with the parent company, are: Oliver A. Unger, executive vice president, and Harold

NEGOTIATIONS have been completed for purchase by WBKB (TV) Chicago of threeyear "exclusive in Chicago" rights to 60% of 742 RKO-Radio feature films from C & C Television Corp., with option for the rest of the properties. Signing the contract is Sterling C. Quinlan, ABC vice president in charge of WBKB, in presence of Ralph Andrews (I), WBKB film director, and Skip Steloff, C & C account executive. The deal is one of several currently being consummated by C & C involving spot announcements for International Latex in films-for-time trade [BeT, July 30].

Goldman and Edythe Rein, vice presidents. Miss Rein also has been named secretary of the network. Operating head of the film network is Raymond E. Nelson, vice president and general manager.

Home office for the network is New York. Regional offices are located in Los Angeles, Boston, Minneapolis, Chicago and Memphis. Affiliates of the film network signed through last Thursday are:

KTEN (TV) Ada, Okla.; WOI-TV Ames-Des Moines, Iowa; KTVA (TV) Anchorage, Alaska; WLOS-TV Asheville, N. Final contracts are pending in nine markets. They are: Albany, Atlanta, Cleveland, Miami, New Haven, Philadelphia, San Francisco, St. Louis and St. Petersburg-Tampa.

Four Star Files Suit On 'Cavalcade' Films

FOUR STAR FILMS Inc., Hollywood, filed suit in Santa Monica (Calif.) Superior Court last week to prohibit Don Sharpe and Warren Lewis Productions from filming the ABC-TV Du Pont Cavalcade Theatre programs and to request that all profits from the series be returned to Four Star. Additional damages totaling \$500,000 are sought.

The action was taken because of the recent announcement that Sharpe-Lewis Productions has been retained to make 16 new Cavalcade Theatre films, Four Star said.

The suit also names Don Sharpe and Warren Lewis individually. Mr. Sharpe formerly was president of Four Star Films and Mr. Lewis was producer for the plaintiff. Both are Four Star stockholders.

Four Star contends that Mr. Sharpe, while employed by the plaintiff as the salaried sales agent and executive producer for the Du Pont Cavalcade Theatre and as a member of the board of directors of Four Star Films, "violated his obligations of faithfulness, trust and confidence to Four Star and that Sharpe and Lewis secretly conspired and agreed to seize for themselves a corporate business opportunity belonging to Four Star Films Inc."

The suit asks that all profits in connection with the filming of *Cavalcade Theatre* by the defendants be transferred to the plaintiff. The third cause of action asks for \$250,000 general damages for breach of fiduciary obligations, plus \$250,000 punitive damages.

Attorney for Four Star Films is Harry L. Gershon of the law office of Cruikshank & Gershon. Stockholders in Four Star Films are Dick Powell, Charles Boyer, David Niven, Messers. Sharpe and Lewis and President William Cruikshank.

Sharpe-Lewis Productions gave the following brief comment to B•T:

"John Sharpe and Warren Lewis have not been served with any papers in connection with any legal action by Four Star Films Inc." When called upon to comment on the action as reported to them, they stated that they violated no obligation, legal or moral, to Four Star Films in connection with *Cavalcade* and that

Represented Nationally by CBS Television Spot Sales

on the contrary their dealing with *Cavalcade* was with the prior consent of the president of Four Star Films.

They said that a complete and specific answer will be made to all allegations made by Four Star in the legal action when the legal papers are served on them.

FILM EXECUTIVES TO SEE ELECTRONICAM DISPLAY

DuMont film system will be unveiled at Paramount Sunset Studios Oct. 1. Showing will kick off week-long series of demonstrations for film production crafts and guilds.

HOLLYWOOD will see Electronicam in action for the first time when the DuMont Electronicam film system is unveiled for a demonstration showing at the Paramount Sunset Studios, Oct. 1, Ralph B. Austrian, western manager of the Allen B. DuMont Laboratories, announced Friday. The improved Electronicam system was shown in New York a fortnight ago [B•T, Sept. 3].

The Oct. 1 demonstration of how Electronicam can save time and money in film production will be held for bankers and heads of financial institutions in the Los Angeles area who are interested in and connected with film production financing. Also attending will be major studio executives, members of the Screen Producers Guild, Society of Independent Motion Picture Producers, business managers of the various guilds associated with film production and members of the motion picture and financial press.

This premiere demonstration will launch a week-long series of demonstrations for members of crafts and guilds engaged in motion picture and tv film production, Mr. Austrian said. Invitations are going out this week to an industry-wide list, which will include, in addition to the already mentioned groups, the Screen Directors Guild, the American Society of Cinematographers, the Motion Picture Research Council, Alliance of Tv Film Producers, Screen Actors Guild, Unit Production Managers and the International Alliance of Theatrical Stage Employees. All of these organizations, Mr. Austrian said, are cooperating with DuMont in the demonstration.

General Manager Stanton Osgood of the Paramount Sunset Studios has set aside the 12,000 square ft. Stage 4 at the Sunset Blvd. plant for the demonstrations.

The week-long series was necessary, Mr. Austrian pointed out, since the invitational list of financiers, studio heads, producers and production personnel totaled some 2,500 and the seating area on the demonstration stage will accommodate a limited number of 300 at one time.

The DuMont mobile unit, which is now enroute to Hollywood for the demonstrations, is the first of its type to be used in film production, DuMont claims. It consists of two streamlined, air conditioned vehicles, each with its special function, the larger, 32 ft. trailer houses and transports cables, stage and floor monitors and cameras. The second is an 18 ft. trailer, which may be rolled onto the stage and is the control room or "brain" of the unit and houses the viewing monitors, switching equipment and provides space for the director and other production personnel. One side has a 12 ft. window commanding a full view of the shooting set.

The DuMont Electronicam film system is described as a "team tool" designed to save time

Page 60 • September 17, 1956

and production costs during filming and is said to fit readily into established Hollywood production patterns. It does not interfere with, but rather supplements, already tried and proven techniques used currently, DuMont contends.

The system is a closed circuit television (high definition) system integrated with a Mitchell 35 mm motion picture camera through a common optical system which eliminates troublesome parallax and which enables every member of the production crew, from producer, director, cameraman, and editor on down, to view the actual scenes being filmed on monitors as they are registered on the film in the cameras. It can function with one, two, three or more cameras, Mr. Austrian stated.

The demonstrations will be supervised by a corps of DuMont engineers and operating men who are accompanying the mobile unit to Hollywood, Mr. Austrian said. Many of the top DuMont executives from the main laboratories in Clifton, N. J., are expected to come to Hollywood for the demonstrations.

Color from Monochrome Film Produced at Cut Cost—Klein

COLOR prints from black-and-white motion picture negatives at a fraction of the original cost of production has been achieved by Animation Inc., Earl Klein, president of the Hollywood television commercial producing firm, announced Thursday.

Using a simplified process, Mr. Klein said it is no longer necessary to reshoot the commercial film in color. Instead, color conversions can be made directly from the original negatives at a cost of less than 1% of the original films.

"Increasing use of color television has brought an increased demand for color commercials," Mr. Klein said. "Clients are beginning to request conversion of old black-andwhite commercials into color." Nationwide Insurance, through the Ben Sackheim agency, New York, was the first to take advantage of the color conversion process of Animation, he added.

Gross-Krasne Inc. Appoints Hill, Simel Vice Presidents

ED SIMEL AND ROBERT HILL have been named vice presidents of Gross-Krasne Inc., Hollywood, and join the re-activated syndicated film television sales organization immediately, it was announced Thursday by Jack Gross and Phil Krasne.

Mr. Simel, formerly associated with G-K when it operated United Television Productions, and later with MCA Tv Ltd., will cover the southern territory for G-K.

Mr. Hill, who formerly headed his own company engaging in the distribution of filmed and live tv programs, will operate in 11 western states.

This makes a total of five key sales representatives appointed by G-K to sell its O. Henry Playhouse syndicated tv series, the other three being Mel Schlank, vice president in charge of sales, Robert Braham, who heads the New York office, and Irving Feld, now headquartered in Chicago and covering the Middle West.

Guild Buys Lantz Cartoons

GUILD FILMS CO., New York, announced last week it has acquired the Walter Lantz cartoons for television distribution. The package, comprising a total of 179 shorts, will be offered as a library to stations for unlimited runs.

Warner News Bought By Studio Films Inc.

STUDIO FILMS INC., New York, last week reported the purchase of Warner News Inc. from Warner Bros. for \$500,000, adding that a new organization will be formed called Pathe Pictures Inc. Warner News was the subsidiary that produced the recently-discontinued Warner Pathe Newsreel and a variety of short subjects.

In the transaction, the new company acquires the extensive Warner Pathe film library, consisting of more than 22 million feet of newsreel film and the cameras and installations of Warner News.

Benjamin Frye, executive vice president of Studio Films, which produces live and filmed programs and commercials, has been named president of Pathe Pictures. While the new company will not produce newsreels for theatres, Mr. Frye said, it will make use of the library for the production of tv documentaries and news subjects and for theatrical short subjects. It will continue production of the two-reel "News Magazine of the Screen."

Other officials of Pathe Pictures, which will begin formal operations today (Monday), will be Andrew Gold, production chief of Studio Films; Robert Youngson, production chief of the Warner "News Magazine of the Screen"; John Levien, formerly news editor and general manager of Warner News, and Dr. Laurence B. Tipton, education director of the "News Magazine of the Screen." These executives have been named vice presidents of Pathe Pictures.

Frank J. Shea Appointed By Roach to Post in East

FRANK J. SHEA has been named director of eastern operations of the Hal Roach Studios' commercial division, according to Sidney S. Van Keuren, vice president-general manager. Mr. Shea has been vice president in charge of sales, Pelican Films, New York, and previously director of tv and commercial film sales, John Sutherland Productions.

Mr. Van Keuren said the Roach division has enjoyed a 67% increase in business over last year, with the greatest increases in the Midwest and East. Mr. Shea will headquarter in New York, effective Sept. 19. He began his business career with New York brokerage firms. From 1940 to 1954, he was world sales director of Time Inc. motion pitcure and tv units.

'Earp' Sold in England

ABC-TV's Life and Legend of Wyatt Earp series, which started over the weekend, has been sold by ABC-Film Syndication as a series of 26 half-hour segments on Associated Tv Ltd. outlets in London and Birmingham, England. ABC-Film Syndication also has sold the show on CBC-TV Canada along with another ABC-TV property, Adventures of Ozzie & Harriet.

FILM SALES

Screen Gems Inc., has sold its Hollywood Movie Parade package of 104 Columbia Feature Films to 15 more stations, raising to 84 the total number of tv outlets that have signed for the package.

Ziv Television Programs' International Div. has sold Science Fiction Theatre and Highway

Where would you advertise if you were a station manager?

This spring a research firm^{*} asked 1,476 advertising executives in forty states, "In which of the following (7) publications would you advertise if you were a station manager?" 560 replied.

B • T _____ 49.1% Pub. B _____ 27.7%

- GOVERNMENT -

Patrol to the Broadcasting Corp. of Japan (NHK) for use on government-owned tv outlets in Tokyo and Osaka. Ziv claims sale marks the initial purchase of American tv films for use on the government-owned television outlets, which are non-commercial.

FILM DISTRIBUTION

Trans-Lux Television Corp., N. Y., last week announced it is offering for regional and local syndication a new series of 39 quarter-hour tv films, titled *Profile*. Each film dramatizes an historical event or an episode in a famous person's life. Titles include "Marco Polo's Travels," "Christopher Columbus," "The Civil War" and "Mahatma Gandhi."

FILM PEOPLE

Raymond L. Fuld, formerly with NBC-TV's network sales department, to M-G-M- TV Sales Dept. with headquarters at New York.

Bernard L. Johnston, formerly account executive with Louis Block Adv., Chicago, appointed to Chicago sales staff of CBS-TV Film Sales.

Arnold Bailey, formerly in sales department, Charles E. Skinner Productions, Hollywood, named sales manager of Universal Recorders there.

Ray Thursby, in charge of cost control at UPA Pictures Inc., Burbank, Calif., appointed Burbank studio production manager. Rev Chaney, assistant to Mr. Thursby, named assistant studio production manager.

George Seitz Jr., former writer-director for Lone Ranger tv film series, to Cascade Pictures, Hollywood tv and industrial film firm. Fillmore Phipps resigned from Cascade staff to join Douglas Aircraft as executive assistant to advertising director.

Kenneth J. Coleman, sales manager, Consolidated Film Industries Inc., N. Y., to assistant sales manager, Pathe Labs, processor of tv, industrial and motion picture film. He will supervise eastern sales.

Henry Gillespie appointed midwestern area manager of Screen Gems, not southeastern area manager as erroneously announced earlier by Screen Gems [B·T, Sept. 10].

Charles Van Bergen, assignment and foreign editor, Warner Pathe News, to Marathon Tv Newsreel, N. Y., as director of news and special events.

George Hirschfeld, motion picture and tv film commercials photographer with various Hollywood studios and tv producers, appointed director of photography for MPO Productions and MPO Television Films, N. Y.

Irvin Spence, veteran MGM animator, to Animation Inc., Hollywood tv film commercial producer.

Lloyd Hughes, production assistant, Cascade Pictures, Hollywood, promoted to associate producer.

Bill Goodwin, veteran radio-tv m.c. and currently announcer on NBC-TV's *It Pays to be Married*, signed by UPA Pictures Inc., Burbank, Calif., as narrator for firm's new CBS-TV series, *The Boing-Boing Show*, featuring cartoon character Gerald McBoing-Boing. Marjorie Thomas, west coast reporter, *Radio-Tv Daily*, and former BoT tv film editor, to UPA for special assignments and promotion work, with emphasis on *The Boing-Boing Show*.

Dick Joy signed by Desilu Productions, Hollywood, as announcer for syndicated series, *Sheriff* of Cochise, which stars John Bromfield.

Page 62 • September 17, 1956

McCONNAUGHEY SAYS HE WILL PROPOSE FIVE-YEAR LICENSE EXTENSION PLAN

FCC chairman, speaking at RTES luncheon in New York, surprises audience with first public disclosure that he is in favor of extending present three-year license stints. He also reveals that FCC is expected to review staff-digested comments on subscription tv within 30 to 60 days as next order of business to follow allocations study.

AN audience of about 500, including leaders of the radio-tv industry, was electrified Wednesday by FCC Chairman George C. McConnaughey's first public disclosure that he will propose formally that the term of broadcast licenses and renewals be extended from a three-year to a fiveyear maximum [CLOSEN CIRCUIT, Sept. 10].

Mr. McConnaughey was the featured speaker at a Radio & Television Executives Society lunchcon at New York's Hotel Roosevelt, marking the opening of the broadcast-advertising executive group's season.

Other highpoints of Chairman McConnaughey's major address and his meeting with newsmen that followed later:

• Revealed at the news session that FCC expected to review staff-digested comments on subscription tv within 30 to 60 days as the next order of business to follow the Commission's allocations study. FCC, he thought, would decide after reviewing comments if it would ask for hearings or perhaps "finalize a decision."

• Warned at the conference that FCC is "going to look more closely" into "sales, mergers and consolidations of broadcast facilities," explaining this policy in view of a rapid turnover in station facilities (at one point he characterized this development as possible trafficking in station licenses).

• Emphasized that the Commission has an "open mind" in its quest for a solution to uhf-vhf allocations problem, and reiterated the need for a crash research program—a united effort by FCC, Congress and industry in exploring the issue.

• On the eve of the Celler hearing in New York on radio-tv industry practices (see story, page xx), deplored "duplication" of Congressional committee probes, aiming his remarks particularly toward the Celler group.

The RTES luncheon, saluting FCC, was attended by all of the commissioners except T. A. M. Craven.

Aid to Local Financing

Mr. McConnaughey told newsmen that the two-year extension of station licenses should facilitate local financing since better bank terms could be obtained for the five-year period as compared with three years. He also noted that it would "encourage stability in both station operation and the industry as a whole." He reminded that FCC, regardless of the term a license is granted and/or renewed, always can revoke a station's license. He also said the increase in the licensing period would relieve some of the Commission staff's workload.

He said his proposal would be placed before the full Commission in the "near future" and certainly well in advance of the new Congressional session in January.

Questioned by newsmen on his remarks dealing with duplication in Congressional investigations of radio-tv industry practices, Chmn. McConnaughey emphasized he had no "objection" regarding the sincerity of the Celler committee. Asked to be more specific, he emphasized the "tremendous duplication" in the Celler group's investigatory schedule.

He said FCC's Barrow study group already is

investigating the networks and had made progress, noting that it would have an interim report for Congress next January (to Senate Interstate & Foreign Commerce Committee). The group has until June 30, 1957, to complete its job.

In his remarks before newsmen on subscription tv, Mr. McConnaughey reaffirmed that he personally thought experimental licensing of toll tv ought to be permitted and thereby "find out if people want it."

Mr. McConnaughey intimated at his news conference that FCC would press for a more comprehensive showing via "exhaustive hearings" of proposed station sales, mergers and "consolidations". "We would like to feel that the licensee will operate that facility for the proper period of time," he said, adding that the Commission must take into consideration whether a sale or transfer actually would be in the public linterest.

FCC Not Wedded to Uhf

The FCC chairman also seemingly put a checkrein on the belief, held by some, that the Commission is "irrevocably wedded to an alluhf system or even to having a uhf system at all in the long run." He pointed out that the objectives of the soon-to-be-organized Television Allocation Research Committee also call for a study of multiple vhf channel usage [B•T, Sept. 3; CLOSEN CIRCUIT, Sept. 10]

It was Mr. McConnaughey's proposal that broadcast licenses run for three years, however, that stirred the industry. Although there has been some talk along these lines for years, Mr. McConnaughey's was the first open advocacy of the move.

The chairman's remarks on this subject were as follows:

"Under Section 307 (d) of the Communications Act of 1934, as amended, broadcasting licenses and renewals may be granted for a maximum of three years. In other services the maximum period is five years. I have given this matter considerable thought during the 'past year and questioned why the distinction between broadcasting licenses and licenses for other services.

"In my opinion, there should be none. There should be no distinction between the period of time. When a group of people go through the required processes of obtaining a broadcasting license with the necessary requirements entailed for obtaining such a license, those licenses should be for a period of five years. Renewals, in my opinion, should be for a like period of time. It is common knowledge that people who go into the broadcasting business must, in many instances, make arrangements for financing proposed operations, and I feel that a fiveyear period written into the Communications Act would have the effect of stabilizing the industry and by so doing inure to the public interests." The license terms have been unchanged in the Communications Act since 1934.

In am radio, license terms ran from three months (1928-1931) to six months (1931-1939) to one year (1939-1941) to two years 1941-

FILM -----

An open letter

to TV station owners and managers:

1956 will go down in TV history as the year in which Hollywood's great libraries became available to TV

The first entire major studio library to be acquired for your use was the RKO library of 742 features in December of 1955 by C & C Television Corporation.

Since then Columbia, Warners, 20th Century-Fox and the Metro-Goldwyn-Mayer Company also made available to you part or all of their great film libraries.

The combined original cost of production of the feature motion pictures being offered to you by all these companies is well in excess of \$2,000,000,000.00. It would probably cost double this amount to produce these outstanding attractions today if money alone could accomplish the end result.

Such creative talents as Louis B. Mayer, Darryl F. Zanuck, Jack L. Warner, David Selznick, Harry Cohn, directed the production of these successful pictures.

Every important male and female star throughout the world plays in them. The outstanding directors and writers of the motion picture industry directed and wrote the scripts, many of them based on successful novels and plays.

All of this is now available to the TV viewing public through your stations.

I hearrily recommend that you acquite these pictures for your stations by contacting Ralph Cohn of Screen Gems for Columbia features, Bud Barry of MGM for their fabulous library of features, Eliot Hyman of Associated for the wonderful Warner library, Ely Landau of NTA for 52 Fox Pictures, and Erwin Ezzes of C&C Television Corp., for the RKO library.

You would be fortunate indeed if you could acquire *all* of these features for your station. We realize this would be very costly and difficult to absorb in addition to your other program commitments.

You can, however, acquire at least *two* of the companies' entire libraries available if one of them is RKO because C & C TV Corp. has made available the most unique purchase plan in the short history of television.

YOU ARE ABLE TO MAKE MOST OF YOUR PAYMENT WITH ONLY A PART OF YOUR UNSOLD INVENTORY OF SPOTS, AS NONE OF THE SPOTS IN YOUR EVENING "A" TIME IS RE-QUIRED. YOU WILL ALSO BE PERMITTED TO OWN THIS LIBRARY FOR YOUR MARKET FOR 10 YEARS, EVEN THOUGH

WE ARE ASKING FOR SPOTS FOR ONLY 5 YEARS.

Ask some of the theater managers in your town how they would like to pay their theater's film rental by giving the distributors passes for a fraction of *yesterday's* empty seats instead of with hard dollars.

Yes, Mr. TV Station Owner, most of these theaters made big profits and many still are making money but I doubt if any of them would turn down such an opportunity

Many of the most highly respected and successful TV station operators have not been too proud nor permitted themselves to be dissuaded by our beloved competitors when they took the time to properly analyze what unique value our method of merchandising has to offer.

Some of them such as Westinghouse, Crosley, Triangle, Storer, were at first affected by what rhey had heard about that naughty word called "Barter" of their unsold-unprofitableunused spots for our *great RKO library;* however, after thorough analysis, they have signed contracts.

You don't have to commit for the enrire library, as we'll make available a smaller number of pictures for a reduced number of spots.

Our plan contemplates providing you with a new set of prints directly from the lab to remain permanently in your station.

Every TV market in the country will be playing some of rhe features from the companies mentioned above—they will either be on *your* station or your *Competitor's* stations. You cannot afford to ignore *their* existence or they may affect your station's existence.

From a purely objective standpoint, just reflect on the reason why you are not using a greater number of features today. Perhaps it's because *only now* have the *highest quality* feature pictures ever produced been made available to TV.

We don't believe you can *afford* to pass up investigating what we consider to be the single most profitable deal you've ever been offered to date.

We believe that the American public, who have paid billions of dollars to see feature pictures in the movie houses throughout the country, is the same audience watching TV and we would like to point out that well over 90% of them have not seen even the best of the top pictures from all the libraries.

matchew fox

PRESIDENT, C&C TELEVISION CORP.

Approved by the Leaders

CROSLEY, KOA, KTRK-TV, STORER, TRIANGLE, WESTINGHOUSE, ARE BUT A FEW OF THE MOST ILLUSTRIOUS NAMES IN TELEVISION WHO HAVE BOUGHT

General Manager, Triangle Stations

"First of all, it's a tremendous buy, realistically priced for local use. Beyond that, my personal opinion is that the package is the greatest programming source ever made available to TV stations. 'Movietime USA' will automatically provide a competitive advantage for every station running it.

"As an organization, we are in the habit of relishing our many 'firsts." We're proud to have scored another by being first to wrap up 'Movietime USA.' The fact that the contract is the largest ever negotiated by a film distributor and a regional station group is evidence of our confidence in the salability of every feature of the package."

Roger W Oligge ROGER W. CLIPP

General Manager, KTRK-TV

"I have been buying film for television for about ten years now and have never seen such enthusiasm on the part of our audience and advertisers as we have had since the announcement of our MOVIETIME USA package. We have had an amazing number of calls and letters from people in and out of the industry about it.

"It goes to prove that RKO's star-studded package is the kind of television fare that will sell our station, because it is the kind of programming that the people have been waiting to see."

Willard E. Walbridge

Vice President in charge of TV, Crosley Broadcasting Corporation

"The Crosley Broadcasting Corporation is very pleased with the arrangements completed with Mr. Matthew Fox for the showing of the RKO feature film package over our television stations in Atlanta, Dayton, Cincinnati, and Columbus, because we can now augment our fine schedules with star-studded names of filmland in such excellent features as 'Abe Lincoln in Illinois,' Citizen Kane,' 'Having a Wonderful Time,' 'Hitler's Children,' 'Quality Street,' Stage Door,' just to mention a few of the many tremendous box office smashes which assure our audiences that the best in movies will also be seen on WLW-Television. Yes, we are delighted... and the reason for this feeling is bound to become more and more apparent to our audience and clients as we program these great RKO features."

ohn I. Murp

JOHN T. MURPHY

President and General Manager, KOA-TV

"The addition of Movietime, U.S.A. feature films to KOA-TV's movie library is an exciting one for all of us. We believe these feature films to encompass all the facets of entertainment that bring about high ratings and audience acceptance.

"Among the great number of Hollywood's best feature films that KOA-TV has already shown or plans to show, the Movietime, U.S.A. package promises new highs in audience applause and commercial success."

William grant

WILLIAM GRANT

Vice President in charge of Programming, Westinghouse Broadcasting Company, Inc.

"Westinghouse Broadcasting Company believes that good feature films are an important ingredient for effective local TV programming, today and tomorrow. We bought the C & C library, the first of the major feature film libraries available for television, because a library of this caliber offers a plentiful and well-balanced source of feature films to fit many programming needs. These features are rich in both story value and star value, and they are eminently promotable and salable. We are sure that these films will have great appeal for the viewers who tune to KDKA-TV, Pittsburgh; KPIX, San Francisco and KYW-TV, Cleveland."

Richard M Pack

RICHARD M. PACK

These are but a few of the many unsolicited testimonials in our files. Copies on request.

- Authoritative Statistics show that most television stations increase paid commercial time by 50%, when good movies are programmed.
- You can make present non-productive time pay off by trading part of it for our outstanding package of Hollywood's greatest motion pictures.
- By bartering this unsold time, you can acquire a proven-successful programming pattern which will increase your sales and soar your ratings to new heights.
- The Company which will use the bartered spots is the International Latex Company. Since this organization has never been a television advertiser, you are not losing a customer.
- As you know, the trend today is towards feature films. With our outstanding motion pictures, your programming can be planned to successfully capture a loyal audience.
- As business men, we don't have to spell out for you what this means in terms of increased ratings, increased sponsorships and increased profits!
- Every dollar you gross on our library, whether sold for total sponsorship or on a participating spot basis, is adding to your profit. Where else can you get such an opportunity?

Write - Wire - Call

1943). In 1943 am licenses and renewals were set at three years, the maximum provided by the Communications Act for broadcast stations.

Fm rules, established in 1945, established a one year license period. This was changed in 1948 to three years to correspond to the am rule.

Until 1953, the Commission licensed tv stations for only one year. In the latter part of 1953, the Commission revised its rules to extend the license term for the same number of years as for am and fm.

Plaint that the FCC has been spending an unprecedented number of man-hours in recent years in preparing for and attending Congressional committee hearings was bolstered by figures released by Mr. McConnaaughey in his speech.

The Commission, the chairman said, has spent a total of 7,432 man hours in this work for the second session of the 84th Congress (Jan. 5-July 27, 1956). This breaks down to 929 days or 3.6 man years. Mr. McConnaughey himself has spent 287 hours or more than 35 work days in these endeavors, he pointed out.

In discussing the allocations proceedings, Mr. McConnaughey emphasized that the Commission is "completely open-minded" in its quest for a solution to the scarcity problem.

"It is not seeking solely to bail out uhf grantees," the chairman declared. "It is not simply trying to protect the investments of vhf grantees. Of course, it would like nothing better than to accomplish both those ends, if they are compatible with the Commission's long-term goal of giving the American public the best nationwide, competitive system obtainable. In fact, the Commission is not irrevocably wedded to an all-uhf system or even to having a uhf system at all in the long run. The best proof is that, among the many other details of research which the Tv Allocation Research Committee will be asked to explore, we find multiple vhf channel usage. The Committee will be expected to make a thorough study of techniques required to make most effective use of the 12 existing vhf channels only for television broadcasting and to furnish us with an evaluation of television service which can be achieved by the application of such techniques. However, I am sure that the Congress, the Commission and the public will not countenance the deliberate ignoring of scientific facts and developments which would tend to prove that an all or major uhf system would best serve the needs of American public."

The organization of TARC is scheduled for this Thursday (Sept. 20) in Washington. Invited as sponsors have been NARTB, RETMA, Assn. of Maximum Service Telecasters, Committee for Competitive Tv (uhf group), and the Joint Council on Educational Television [AT DEAD-LINE, Sept. 3]. Its objective is to determine whether uhf is capable of furnishing a service to the country that is comparable to that already furnished by vhf. It is the implementation of the "crash" research program on uhf which the chairman first proposed in his NARTB convention speech last April.

Referring to some suggestions that the research should encompass sociological as well as economic factors, Mr. McConnaughey said that he shied away from such ideas. ". . . When we get into the subject of economics and sociological concepts I become a bit apprehensive," he said.

Mr. McConnaughey called on broadcasters to continue exercising strict vigilance over the programs and commercials which go out over the air.

FILM VS. NETWORK: CELLER HEARING

- GOVERNMENT -

Continued from page 41

Cohn knew of any instance where Columbia Pictures, Screen Gems' parent company, had ever shared profits with a chain of theatres exhibiting one of its releases. Mr. Cohn said he couldn't speak for Columbia Pictures, but that he doubted such sharing was done. In the theatre business, he explained, existence of alternative theatres puts the producer in a better bargaining position than in television, where stations are limited.

Chairman Celler wanted to know whether, if tv operators have such a "near monopoly," they shouldn't be put under "more restraint." Mr. Cohn said this was "not my conclusion"; that spectrum space is not so limited that more stations could not be built, and added that "we want no more restrictions on the tv industry" than essential.

The option-time limitations proposed by ATFD, he said, are an interim measure until enough of the spectrum is freed to make more competition possible.

Chairman Celler persisted. When the producers have the upper hand in business negotiations, he asserted, they gain it through "artistic ability"—creation of a program which the networks feel will be appealing—while the networks, he claimed, get the upper hand through no special ability but because they have built up strong operations—"not on merit, like you."

Mr. Cohn answered that merit was the only basis on which producers wanted to gain advantage. Also, he added, producers in their negotiations with networks benefit from the existence of competition among the networks.

Counsel Pierce cited the ATFD document's reference to an incident in which, it was claimed, ABC felt it needed a new program for the hour following Disneyland and wanted Screen Gems to try a western program such as interested sponsors thought would be good programming. In negotiations with President Robert E. Kintner and other ABC officials, he said, the network was said to be willing to finance a pilot film at a cost of about 21/2 % of the cost of the whole series. But ABC wanted 50% of all the profits of the production venture, the ATFD document asserted. Screen Gems asked ABC whether it (SG) would receive any of the profits from the sale of the time period of the succeeding time period, and was told it would not. Screen Gems counteroffered to finance the pilot itself and sell the program, if ABC would set aside the time period and let Screen Gems retain all profits. Finally, the document said, Screen Gems offered ABC "a token profit participation," but "a deal was not made.

Mr. Cohn said this version was substantially correct; that it happened about last March.

Mr. Pierce wanted to know whether Screen Gems had any memoranda on the discussions with ABC. Mr. Cohn said he had thought so —that memos are usually kept on such matters—and that he'd been surprised to find none in this case. Either memoranda were not made or they disappeared through misfiling, which could happen, he asserted.

The committee asked Mr. Sillerman about a purported incident last fall involving NBC's WNBQ (TV) Chicago, Drewrys Ltd. (beer and ale); MacFarland Aveyard (agency for Drewrys), TPA's Susie series and NBC Film Div.'s Great Gildersleeve.

Mr. Sillerman said Drewrys and the agency were to sponsor *Susie*, but WNBQ "preferred" *Gildersleeve*. He said WNBQ sent a letter cancelling the Drewrys time period, whereupon

Drewrys decided to take *Gildersleeve* and was granted the time period.

Rep. Keating said NBC would be called to give its side, but that if Mr. Sillerman's account was "all there is to it," then it was a case of "cramming" a program down the sponsor's throat.

Chairman Celler wanted to know if there were many "such cases." Mr. Sillerman said there have been "some"—that he wouldn't say "many" and couldn't document them. This, he said, was the only one involving a network o&o that he could recall specifics on. He said there had been "a couple" of similar instances involving network affiliates, however.

The committee then canvassed the four film firms for any such experiences they might know about.

Mr. Jaffe said he remembered it had occurred "a couple of times" but that he could recall no specific instances. Mr. Cohn said that, being in a managerial position, he didn't and wouldn't necessarily know about such cases. Mr. Reel said he knew of no instances of his own knowledge but that since he was not in sales he, like Mr. Cohn, wouldn't necessarily know.

Chairman Celler said the record would be kept open for details on all such cases known to the four witnesses.

The inquiry moved next into network preemption of sponsor's time. Mr. Jaffe cited NBC's pre-emption of Firestone's Voice of Firestone for presentation of Caesar's Hour, which resulted in Voice moving to ABC. He also noted that U. S. Tobacco Co.'s Martin Kane went off the air when NBC secured Lever Bros.' Lux Video Theatre and installed it in Martin Kane time. Mr. Sillerman said CBS-TV had taken Longines-Wittnauer's Chronoscope off to install a nightly news roundup, and that Singer Sewing Machine and Bristol-Myers had wanted to renew Four Star Playhouse but that CBS-TV had taken the time for Playhouse 90.

Rep. Keating said it sounded to him as if "the big job of the advertiser is to get on the air at all," and wondered why networks bother to give volume discounts.

Counsel Maletz cited the ATFD document's assertion that networks, by long-term exclusive contracts, "exercise tight control over the services" of star performers. Mr. Cohn conceded that producers might negotiate with the networks for "loan-out" of such talent, and that it might be granted for a single show but hardly would be permitted if the producer wanted the talent for a whole series since that would take the star's services away from the network for a protracted period.

The subcommittee also—without pursuing the idea—drew out of Mr. Cohn a confirmation that some film producers were thinking about producing live shows. He said nobody was engaged in such a venture now, however.

Harmon Joins Advisory Group

APPOINTMENT of Ralph Harmon, vice president in charge of engineering of the Westinghouse Broadcasting Co., New York, as a member of the Broadcast Advisory Committee was announced last week by Theodore C. Streibert, director o fthe U. S. Information Agency. Members serve without salary. Mr. Harmon has been vice president of engineering at Westinghouse since 1948.

WGTH-TV Sale to CBS Given Second FCC OK

FCC last week reinstated its approval of the sale of WGTH-TV Hartford, Conn., from the General-Times Television Corp. to CBS. The \$650,000 purchase of the ch. 18 Hartford outlet had been approved early this year, but when WNHC-AM-FM-TV New Haven, Conn., protested, the grant was suspended.

Last week's reinstatement action came after the sale of WNHC-AM-FM-TV to Triangle Publications Inc. (radio and tv division) last June [B•T, July 2]. Two days after Triangle assumed ownership of the outlet, it filed pleadings with the Commission to withdraw the WNHC objection to the CBS purchase and also to the proposed NBC purchase of WKNB-TV New Britain, Conn., which is still pending at the FCC.

Despite the fact that the WNHC protest, plus a protest by WATR Waterbury, Conn., were withdrawn, hearings on the \$600,000 NBC purchase of WKNB-TV were set by the FCC's own action. The hearings began Sept. 7 before Hearing Examiners James D. Cunningham and Herbert Sharfman and will resume tomorrow (Tuesday). Issues involve purported concentration and overlap.

Operational duties of WGTH-TV were assumed by CBS Sunday (see story, page 100). Purchase of the outlet gives the network its second uhf facility. Its other stations are ch. 19 WXIX (TV) Milwaukee, Wis.; ch. 2 WCBS-TV New York; ch. 2 KNXT (TV) Los Angeles, and ch. 2 WBBM-TV Chicago.

Economic Impact No Issue In Pittsburgh, FCC Rules

ECONOMIC IMPACT of one television station on another is not a proper subject for FCC inquiry. This is the essence of the FCC's decision last week in turning down a request by WSTV Inc. (WSTV-TV Steubenville, Ohio) that the economic issue be included in the rehearing on the Commission's 1955 grant of Pittsburgh's ch. 11 to WWSW Inc. (WIIC [TV] Pittsburgh).

WSTV Inc., whose ch. 9 WSTV-TV covers the Steubenville-Wheeling area, claimed that if WIIC were permitted to increase its power and antenna height the business of WSTV-TV would suffer.

The FCC, with Comrs. McConnaughey and Mack abstaining, declared that the economics of broadcasting should have no place in FCC hearings. Its attitude was summed up in the following words:

"It is clear that inclusion of the issue requested by WSTV would constitute recognition of the principle that an existing television licensee operating in one community may be entitled to protection from competition by a station operating in another community. Such recognition would, as stated in *Cullman, supra,* and as stated bŷ the courts, run counter to the over-all policy of the Communications Act that broadcasting is to be a competitive service. It would establish the consistently rejected notion that economic injury to an existing station is in itself grounds for refusing to grant a broadcast license."

A hearing already has been held on the Pittsburgh ch. 11 grant, with ch. 16 WENS (TV) that city as the protestant, and with an initial decision affirming the grant already issued. WSTV's intervention was ordered by the Commission and the hearing ordered reopened today (Monday).

In addition to the grant, WIIC's request for

increased power and antenna height is also involved.

The grant of Pittsburgh's ch. 11 to WWSW Inc. came after a merger agreement between WWSW and Pittsburgh Radio Supply House Inc., owner of WJAS-AM-FM Pittsburgh, which must be sold before the option can be exercised.

FCC to Take Another Look At WGMS Sale to RKO

SALE of WGMS-AM-FM Washington to RKO Teleradio Pictures Inc., for \$400,000, approved by the FCC last July, has been held up by the Commission pending oral argument on a protest by minority stockholder Lawrence M. C. Smith [$B \bullet T$, June 18]. Oral argument is scheduled for Oct. 1. The FCC ordered reassignment of the WGMS licenses from RKO Teleradio to The Good Music Station Inc. by Oct. 12.

Mr. Smith, who holds $16\frac{3}{5}$ % of WGMS stock and also owns WFLN (FM) Philadelphia and 30% of WAEB Allentown, Pa., has charged that the stations were sold despite the fact that Nathan Strauss, WMCA New York, had offered a higher price. Mr. Smith also attacked an agreement whereby RKO Teleradio would retain Mr. and Mrs. M. Robert Rogers ($41\frac{3}{5}$ % WGMS stockholders) as consultants for a five-year period, at \$30,000 per year.

The FCC found that Mr. Smith was a party in interest. However, since the allegations in the protest were considered by the FCC before it approved the sale, oral argument rather than a hearing was ordered.

Gen. Sarnoff Visits Ike

BRIG. GEN. David Sarnoff, RCA board chairman, conferred with President Eisenhower at th White House Tuesday morning. Gen. Sarnoff said after the conference they had discussed the report filed by the National Security Training Commission, of which he is chairman. The President was pleased with the report, Gen. Sarnoff said.

Spectrum Curb a Must, McC Tells Colo. Gov.

THE FEDERAL GOVERNMENT must control the radio spectrum, FCC Chairman George C. McConnaughey said last week in answering Colorado Gov. Edwin C. Johnson's plea to permit on-channel boosters to continue operating without FCC interference [B \bullet T, Sept. 10].

". . . In view of the nature of radio, the complicated interrelation of services in the spectrum and the variety of broadcast needs throughout the country, the part government plays in the process must be at the federal level," Mr. McConnaughey wrote in a Sept. 11 letter to the former chairman of the Senate Commerce Committee.

He warned that unless the radio spectrum is federally policed, broadcast services may again face the difficulties which led to the adoption of the 1927 Radio Act.

The FCC chairman's letter also related the background of the Commission's thinking which led to the establishment of a "translator" service for remote areas to receive big city tv signals. This new service-the first three grants for which were made two weeks ago [B•T, Sept. 10]-permits the establishment of a "repeater" service which enables a big city tv station to be picked up, amplified and converted to one of the upper uhf bands and rebroadcast on a low-cost, low power basis. This came about after several dozen unlicensed "booster" transmitters sprang up in the northwest states to bring tv to small, mountainlocked communities. The FCC brought ceaseand-desist actions against a number of them and is awaiting a U.S. Court of Appeals decision on a case involving an unlicensed booster in Bridgeport, Wash.

Gov. Johnson last month "authorized" Steamboat Springs, Colo., booster to continue operating without regard to the FCC [AT DEAD-LINE, Aug. 6]. There are about six such operations now "blessed" by the Colorado governor.

Four Am Stations Granted By FCC During Past Week

FOUR new am outlets were authorized by the FCC last week. Construction permits awarded were:

Fairbanks, Alaska—Radio Anchorage Inc., granted 1240 kc, 250 w unlimited. Radio Anchorage Inc. is licensee of KBYR Anchorage, Alaska.

Golden, Colo.—Golden Radio Inc., granted 1250 kc, 1 kw daytime. Principals are Pres. William H. Finch (5.68%), 39.69% owner of KCSR Chadron, Neb.; Vice Pres. Conrad F. Schader (25%), employe of KTLN Denver; Secy. Robert W. Fouse (5.68%), 39.69% owner of KCSR; Fred D. Fouse (31.81%), 20.61% owner of KCSR, and Rachel R. Fouse (31.81%), housewife.

Portland, Me.—Casco Broadcasters Corp. granted 1310 kc, 1 kw daytime. Principals include Pres. Sherwood J. Tarlow (49%), owner of WHIL Medford, Mass., and 60% owner of WGUY Bangor, Me.; Melvin L. Stone (25%), 49.8% owner of WRUM Rumford, Me., and 55.4% owner of WGHM Skowhegan, Me., and Faust Couture (25%), 98% owner of WCOU Lewiston, Me., and WFAU Augusta, Me.

San Saba, Tex.—Radio San Saba granted 1410 kc, 500 w daytime. Principals are equal partners J. Earl Webb, painting contractor, and Gilbert T. Webb, commercial manager of KSWA Graham, Tex.

No Network, No Deal

UNIQUE AGREEMENT assuring continued network affiliation is included in an application filed with the FCC last week asking for approval of the \$820,-000 sale of CBS-affiliated WEOA-WEHT (TV) Evansville, Ind., from Malco Theatres to WEHT Inc., a syndicate headed by Cincinnati capitalist Henry Hilberg [B•T, Aug. 27]. The agreement provides that the selling group will notify CBS of the proposed sale and that if CBS indicates that its ch. 50 WEHT affiliation will be discontinued, the purchasing group can drop the deal.

Amarillo, Detroit Tvs Asked in Two Applications

APPLICATIONS seeking construction permits for two new television stations were filed at the FCC last week. Southwest States Inc. filed for Amarillo, Tex., ch. 7, and Plaza Radio & Tv Co. filed for Detroit ch. 62.

Southwest principals are equal partners Murray Woroner, commercial manager-2.66% stockholder at KAMQ Amarillo; George A. Oliver, sales manager-1.33% stockholder at KAMQ; Robert D. Houck, general manager-47% owner of KAMQ; Hoyt Houck, president-47% owner of KAMQ, and Estate Development Corp., Amarillo (land development, loans, investments, etc.).

The application calls for 46 kw power and antenna height 806 ft. above average terrain. Construction cost is listed at \$167,500, first year operating cost at \$388,029. Affiliation with ABC-TV is planned.

Plaza principals are Alex Rosenman (50%), former minority stockholder in WCAN-AM-TV Milwaukee and owner of a representative firm in New York; Eliot Hyman (25%), former owner of Associated Films Inc., motion picturetelevision production firm, and David M. Harris (25%), photography interests.

Power for the proposed Detroit outlet was listed at 252.68 kw, with antenna 407.75 ft. above average terrain. Construction was estimated at \$371,539, first year operating cost at \$264,000.

Peter W. Seward Dies

FUNERAL services were held in Larned, Kan., last week for Peter W. Seward, former assistant

chief hearing examiner for the FCC, who died in a Wichita hospital Sept. 8. Mr. Seward, 78, had been suffering from an intestinal ailment for four months.

Mr. Seward entered the communications field in 1934 as an FCC lawyer in Washington. He joined the Commission in 1937 as a hearing examiner

MR. SEWARD

and served as assistant chief hearing examiner 1938-39. He left the FCC in 1945 to re-enter communications law.

Mr. Seward abandoned his law practice in 1952 and had not participated actively in broadcasting since then. He sold his 39.8% interest in KNOK Fort Worth, Tex. (then KWBC) in September 1953. He is survived by his wife,

'PEACHES AND CREAM' OUTLOOK RULES AT CBS RADIO AFFILIATES CONVENTION

Optimistic view prevails as all speakers stress upswing in network business and programming trends. Rivers elected to replace Brown as board chairman; Caley succeeds Sowell as vice chairman; Ryder and two directors re-elected; Wailes in for Storer.

A HEARTY BLEND of the old confidence and optimism that used to dominate radio gatherings was evident as the CBS Radio affiliates held their third annual convention last Monday and Tuesday in New York.

Some 200 affiliates, already heartened by the year's general upswing in radio business at the spot and local levels, received further encouragement from the reports they heard on business, programming and other accomplishments and prospects at the network level.

Dr. Frank Stanton, president of CBS Inc., told the affiliates that the network's faith in radio has been justified, and John Karol, sales vice president of CBS Radio, reported that "we are doing so well that our two major problems—at least in our daytime schedule are product conflict and station clearances."

Another heartening development was the report, not yet announced publicly, of negotiations with Jack Benny—for years almost a symbol of network radio in its best days—to return to his old "Sunday at seven" spot on CBS Radio, which he left in May 1955.

PRESENTATION of an armchair to CBS President Dr. Frank Stanton (r) is made by Kenyon Brown, KWFT Wichita Falls, Tex., retiring chairman of the CBS Radio Affiliates Assn. board of directors.

More concretely, officials also disclosed that the network had just added an estimated \$300,-000 in billings by (1) sale to Pharma-Craft Corp. of 100 five-minute segments in CBS Radio nighttime programming over a 20-week period, in addition to its current sponsorship of two quarter-hours a week on the daytime Houseparty, and (2) sale to Standard Brands of 30 7¹/₂-minute segments in daytime serials over a two-week period. Agency for Pharma-Craft is J. Walter Thompson Co.; for Standard Brands, Ted Bates. The signings were viewed as further evidence of advertisers' rising regard for network radio as an "exciting, even fashionable" medium for moving goods and services.

Dr. Stanton, who received from the affiliates a surprise salute in the form of a gift and a scroll honoring his "ten years as president of CBS" (see story page OO), told the affiliates at the opening-day luncheon that "radio is here to stay and has a good future ahead of it ... our faith in the future of radio is stronger than ever."

In a business meeting, John M. Rivers, WCSC Charleston, S. C., was elected to succeed Kenyon Brown, KWFT Wichita Falls, Tex., as chairman of the board of the CBS

BROADCASTING • TELECASTING

Radio Affiliates Assn. Mr. Brown will remain on the board in an advisory capacity.

Charles Caley, WMBD Peoria, Ill., was elected vice chairman, succeeding F. C. Sowell, WLAC Nashville, who also served as chairman of the convention committee. J. Maxim Ryder, WBRY Waterbury, Conn., was reelected secretary-treasurer. Three directors-atlarge elected were Frank Fogarty, WOW, Omaha, and Worth Kramer, WJR Detroit, by re-election, and Lee Wailes, Storer Broadcasting Co., to succeed George B. Storer, of the same organization.

Opening the convention Monday morning, after introductory remarks by retiring Chairman Brown, CBS Radio President Arthur Hull Hayes stressed progress made by the network in sales, programming and research. He said much of the credit should go to the affiliates and thanked them for their cooperation.

Mr. Karol stressed that "we are facing the future with confidence—but let me add quickly, not with complacency." CBS Radio's advances, Mr. Karol asserted, stem "from our management's willingness to invest heavily in fine programming" and from "the hard-hitting, hard-working and really dedicated group of people who make up our business."

He told the group that "the way some people in our business are operating reminds me of the stableman who was trying to save money by feeding one of his horses sawdust instead of oats." The only thing wrong with it, he said, was that just about the time the horse was getting used to the sawdust—he died. "And this is what might even happen to some of those in our business," he added, asserting that CBS Radio's attitude is the reverse, with its program schedule "being strengthened instead of weakened."

Of "some of the ways that we are going after new and repeat business," he said:

"We have continued to expand our sales force. We have substantially increased the size of our sales service dept. We are in the midst of a strong advertising campaign aimed at our prospects. We are doing even more in specific research efforts. We are combing the fields more carefully for smaller national advertisers. We are continuing to call on agencies, and I know we are doing it more thoroughly and intelligently but, most important, we are greatly increasing our calls on advertisers.

"Our greatest success has been in the Monday through Friday daytime schedule." In this, he continued, CBS Radio has furthered its cause by pointing up, through research, "that the medium of daytime television does an adequate job at a very high cost" while daytime radio has a "truly universal character."

He said, "we must now, and we shall, develop new interest and new sales in evening

radio." He cited General Motors' renewal of Lowell Thomas, some "very sincere current interests" in the Edward R. Murrow nightime news strip and the extension of Chevrolet nighttime business as "heartening." "We have a number of clients in our segmented shows," he continued, "but we intend to have many more in the future."

The "most important change we have wrought in the past year," Mr. Karol told the affiliates, has been "a change in the attitude of advertisers and advertising agencies toward network radio." From looking at network radio as "a somewhat sickly medium" a year or two ago, he said, advertisers are coming to regard it as "exciting, even fashionable . . . both advertisers and agencies are giving an ever-increasing amount of time to exploring the great opportunities in network radio."

But, he cautioned, "at no time in recent years has it been so vital that we not relax our efforts . . . we are facing increasing competition as our revenue increases. You have probably heard that NBC recently strengthened its network radio management, sales and program personnel. Already we are facing bitter cost competition. Our higher costs, and greater income for you, are justified by our greater value. We must enhance these values and continue to justify and protect our rate card."

Howard G. Barnes, programs vice president, told the convention that "every aspect of the strong radio network is still to be found in the weekly program schedule of CBS Radio. When the CBS Radio Network furnishes all of this programming to the audiences of its affiliated stations, and has every intention of continuing and improving the schedule, by whom can it be said that network radio is dying?" Sig Mickelson, CBS Inc. vice president in charge of news and public affairs, reported that CBS Radio currently carries 97 newscasts a week, apart from special events, sports, and public affairs.

Carroll Hansen, coordinator of news and sports, sketched plans and goals in his field. Jules Dundes, vice president in charge of advertising and promotion, described the advertising campaign being launched by the network for the fall season and outlined special promotional materials being prepared.

The final day's sessions included a management conference in which the affiliates directed questions to President Hayes and other network officials; a report by William D. Shaw, network sales manager, on sales and research projects; a luncheon featuring commentator Eric Sevareid as chief speaker, and a panel session with WLAC's Mr. Sowell as moderator and J. Frank Jarman, WDNC Durham, N. C., representing management: Catherine Peden, WHOP Hop-

Helpmate Aids in Stanton Tribute

DR. FRANK STANTON, president of CBS Inc., was paid a surprise tribute by CBS Radio Affiliates Assn. at its convention last week "in appreciation of (his) 10 years as president of CBS." The tribute took the form of an armchair, selected after secret consultation with Mrs. Stanton, and a scroll expressing "affectionate esteem" for his "many great contributions" both to his own organization and to broadcasting as a whole.

A jocular string was attached to the gift of the chair—a condition that he "not use it to watch television." But there was no frivolity about the scroll. It read:

"For . . . his leadership, his fine business judgment, his confidence in CBS Radio cornerstones on which our association has been built and prospered.

"For . . . his genius, courage, integrity, capacity for work and unselfish devotion to duty which have earned the respect and ad-

miration of his fellow man and the whole broadcasting industry.

"For . . . the sure logic and courage of his answers when responding to major industry problems.

"For . . . the application of his early training in establishing realism in radio research.

"For . . . his keen intellect in continuously proposing and vigorously supporting innovations and changes for the betterment of broadcasting.

"For . . . making the phrase 'public interest, convenience and necessity' the ruling tenet of his business life;

"Now be it resolved that the CBS Radio Affiliates, at their annual association meeting, express their affectionate esteem to Dr. Frank Stanton for his many great contributions and continuing confidence in CBS Radio in particular, and the great art of broadcasting in general."

NOW - Another RCA first in Camera Tubes

...the 750-mesh screen for RCA IMAGE ORTHICONS

(With new MICRO-MESH)

For Black-and-White RCA-5820

For Color RCA-6474 (With new MICRO-MESH)

RCA announces a major development—MICRO-MESH SCREEN in Image Orthicon design that substantially improves the picture quality of TV cameras—even beyond present-day high-quality standards of performance!

In RCA MICRO-MESH, the fineness of the mesh has been increased from 500 lines per inch to a new high of 750 lines per inch—with a mechanical exactness heretofore unattainable. Here are a few ways this improvement works for you. (1) It eliminates mesh pattern and moiré effect without need for defocusing—both in blackand-white and color. (2) It permits improved picture-detail contrast. (3) It is particularly effective in color cameras where detail contrast cannot be improved by operating the tube above the knee.

Under continuous development for more than 5 years at RCA, MICRO-MESH in RCA Image Orthicons is evidence of RCA's intensive engineering effort to bring telecasters camera tubes of the highest possible quality.

RCA Image Orthicons—with new MICROMESH—are available immediately from your RCA Tube Distributor. For technical details on RCA Image Orthicons, write RCA, Commercial Engineering, Harrison, N. J.

ADVANTAGES OF MICRO-MESH

For black-and-white or color

- Eliminates mesh pattern and moiré effect without defocusing.
- More than meets all technical requirements of 525-line TV system.

For color only

- 750-mesh tube with aperture-correction circuit provides 100% response for 350-line information. 500-mesh tube without aperture-correction circuit permits only about 60% response for 350-line information. Although correction circuit can be used with 500-mesh tube, such use emphasizes moiré and beat-pattern problems.
- Minimizes beat pattern between color subcarrier and frequency generated by beam scanning mesh-screen pattern.
- Improves detail of color pictures.

CAMERA TUBES FOR TELECASTING

POLLER SUES CBS ON MILWAUKEE BUY

Former owner of ch. 25 outlet charges network forced him out of business. CBS' Stanton answers that Poller's own request spurred network's purchase.

AN antitrust suit, asking \$4,350,000 in treble damages, was filed last week by Lou Poller, owner of the now-dark ch. 25 WCAN-TV Milwaukee, Wis., against CBS Inc. and others.

Mr. Poller charged that CBS conspired to force him out of business by its 1954 purchase of ch. 19 WOKY (TV) Milwaukee (now WXIX [TV]). The charge was denied in a statement issued Friday by CBS President Dr. Frank Stanton.

The suit was brought in the U. S. District Court in Washington, against CBS Inc., Bartell Broadcasters Inc. (former owners of the Milwaukee ch. 19 outlet), CBS Television, J. L. Van Volkenburg (president of CBS Television), H. V. Akerberg (stations relations vice president of CBS Television), and Thad Holt (former owner of WAPI, WAFM and WAFM-TV Birmingham, Ala.).

Gist of the accusations was that CBS dissuaded George B. Storer (Storer Broadcasting Co.) from negotiating for a \$2 million purchase of WCAN-TV, that CBS assured Mr. Poller that WCAN-TV would be continued as the Milwaukee CBS-TV outlet, that on the strength of this assurance WCAN-TV obligated itself to lease quarters in a new building, at a \$500,000 charge, plus acquiring new equipment, that CBS secured an option to buy WOKY with Mr. Holt acting as a front, and that as a result of the \$350,000 CBS purchase of the ch. 19 station, WCAN-TV had to go out of business.

Dr. Stanton in commenting on the suit brought against CBS by Mr. Poller said:

"There is no basis in fact and, according to our counsel's advice, no basis in law, for this complaint. Mr. Poller charges that CBS drove him out of business. The facts are exactly to the contrary. CBS purchased certain of Mr. Poller's Milwaukee broadcasting equipment at his urgent request, and in turn CBS sold certain equipment to Mr. Poller. CBS did so only on the express written representations by Mr. Poller that he would remain in business. Mr. Poller is now trying to take advantage of his own failure to live up to his representations and would appear to be putting the bite on the hand that fed him."

When CBS bought the then WOKY, it paid \$500,000 to Mr. Poller for his equipment and the leases to his studio-transmitter quarters. Mr. Poller also received the WOKY equipment, which he valued at \$50,000. Deducting these from the \$2 million value he placed on WCAN-TV, he figured his damages at \$1.45 million.

Mr. Poller, was a stormy figure during his Milwaukee telecasting days—he fought bitterly against the allocation of ch. 6 to the Milwaukee suburb of Whitefish Bay, and against the ch. 12

Page 76 • September 17, 1956

AT the two-day planning and operations meeting of the ABC's top executives of its nine owned tv and radio stations, last Monday at the St. Regis Hotel, New York, were (I. to r.): seated, James H. Connolly, vice president in charge of the San Francisco office (for stations KGO and KGO-TV); Harold L. Morgan, Jr., vice president and controller, who presided; Robert E. Kintner, president ABC; James G. Riddell, president and general manager of WXYZ-AM-TV Detroit; and Sterling C. Quinlan, vice president in charge of WBKB (TV) Chicago.

Standing: Robert L. Stone, general manager of WABC-TV New York; John Pival, vice president for WXYZ-TV; Harold Neal, vice president for WXYZ and John S. Hansen, general manager of KABC Los Angeles.

Not present were Stewart Barthelmess, general manager of WABC New York, and Selig J. Seligman, general manager of KABC-TV Los Angeles.

Milwaukee grant to merged applicants, Milwaukee Area Telecasting Corp. — has been living in Washington during the last two years.

He was one of the inner group plumping for the nomination of Sen. Kefauver as the Democratic presidential candidate. He was mentioned prominently at one time as a possible successor to Frieda B. Hennock when her term expired in 1955 as an FCC commissioner.

He has also applied for FCC permission to test pay tv on his Milwaukee outlet and offered to buy ch. 44 WOPT (TV) Chicago if he could operate parttime on subscription tv.

At one time Mr. Poller also controlled WPWA Chester, Pa. (now WDRF) and had a substantial interest in WARL Arlington, Va. (Washington, D.C., area).

Mr. Holt, and his partner Edward Norton, sold their Birmingham properties to the Birmingham News Co. in 1953 for \$2.4 million. Early this year the FCC approved the \$18.7 million purchase of the Birmingham News Co. by S. I. Newhouse (Newhouse newspapers and broadcast stations).

The civil suit was filed in behalf of Mr. Poller by Wolf, Block, Shore & Solis Cohen, Philadelphia.

Mr. Poller told B•T that the full impact of the Milwaukee transactions did not "hit" him until almost a year after their occurance. He said that he began discussing the antitrust suit with his attorneys six months ago and that the complaint took four or five months to draft.

AB-PT Sets 25-Cent Dividend

DIVIDENDS of 25 cents per share on common and preferred stock were announced last week by the board of directors, American Broadcasting-Paramount Theatres Inc., payable Oct. 20 to shareholders on record as of Sept. 28.

Affiliation of KGW-AM-TV With ABC Confirmed

KGW-AM-TV Portland, Ore., will become affiliates of ABC, Walter E. Wagstaff, tv manager, and John Eichhorn, am manager, confirmed last week [CLOSED CIRCUIT, Sept. 3]. Effective date for the affiliation was not announced.

Present ABC affiliates in Portland are KLOR-TV and Westinghouse-owned KEX. KGW-TV (ch. 8) is not yet on the air and has an October target date. KGW went on the air Mar. 25, 1922, and joined NBC in 1927. KGW-AM-TV is owned by Pioneer Broadcasting Co., whose principal stockholder is KING Broadcasting Co. (KING-AM-TV Seattle).

ABC's Segmented Selling Has Grossed \$7 Million

ABC RADIO's segmented selling plan for its top-rated morning block has resulted in sales representing more than \$7 million in gross billings during the first year it has been in effect and has achieved a "near sell-out" in the morning schedule, Don Durgin, vice president in charge of ABC Radio, announced last week.

Mr. Durgin said the billings came from 52 national advertisers, of which 24 used network radio for the first time. Called the ABC "D" (dispersion) plan, it permits advertisers to sponsor morning programs in five-minute segments.

Advertisers who used network radio for the first time during the year on ABC Radio's morning schedule, according to Mr. Durgin, were: Accent International, American Bird Food Mfg. Corp., Beatrice Foods Co., Cameo Curtains Inc., Consolidated Cigar Sales Co.,

Mutual's WNAC Boston 'Affiliates' With NBC

NBC RADIO lined up 50-kw but Mutual-"owned" WNAC Boston last week as its affiliate —on a parttime basis—in that area where it faced exclusion when Westinghouse Broadcasting Co. dropped its NBC Radio affiliations [B•T, July 1].

The station, which succeeds WBC's WBZ in the NBC lineup effective next Monday, also will continue to carry both Mutual and Yankee Network programs. WNAC is licensed to RKO Teleradio Pictures, the Thomas F. O'Neil interests that own General Teleradio (including Mutual, the owned stations, and Yankee and Don Lee networks). The 34-year-old WNAC operates on 680 kc.

The NBC affiliation was announced jointly by Harry Bannister, NBC vice president in charge of station relations, and Norman Knight, executive vice president of the Yankee Network Div. of RKO Teleradio Pictures.

The three-way affiliation of WNAC was unusual enough to prompt Mutual President John B. Poor to go on closed circuit to all MBS affiliates on Thursday with this message:

"For your information we have permitted our key New England affiliate, the 50 kw WNAC Boston, to air some NBC features. This in no way will interfere with clearances for MBS and Yankee [network] programs. This is being announced jointly today by WNAC and NBC and is being done to provide a sister network with an outlet for some of its programming in one of the nation's major markets. We wish to bring this to your attention first because it underlines the unreserved faith we and RKO Teleradio Pictures Inc., our parent company, have in network radio and the soundness of network operations."

Signing of WNAC leaves only one affiliate to be replaced out of the four WBC stations which disaffiliated in disagreement with NBC's radio programming policies [B•T, July 16]. That one: a replacement for KDKA Pittsburgh. Earlier, NBC replaced Westinghouse's KYW Cleveland with WHK, and WOWO Fort Wayne with WKJG.

NBC Promotes Ed Macauley

APPOINTMENT of Edward H. Macauley as head of the western division sales office of NBC Radio Spot Sales in San Francisco was announced last week by John H. Reber, director of NBC Spot Sales. Mr. Macauley joined NBC in 1953 on the local sales staff of KNBC, the network-owned station in San Francisco, and served successively as account executive for NBC Spot Sales and Television Spot Sales in that city.

Page 78 • September 17, 1956

NBC-TV SHOWS ITS COLOR KINESCOPE FILM

Demonstration on West Coast involves use of Eastman Kodak's lenticular monochrome development.

NBC-TV Tuesday night demonstrated its color kinescope film development for newsmen and set dealers on the West Coast, playing back a closed circuit origination from the Ziegfeld Theatre in New York three hours later. The color kinescope was originated at NBC's color center at Burbank, Calif., and seen at network affiliates from San Diego to Seattle. The original closed circuit telecast was held for Whirlpool distributors in 120 cities. It was a special 50-minute musical revue starring Billie Burke, Dinah Shore, Vaughan Monroe and Fran Allison. Robert Sarnoff, NBC president, and Frank Folsom, RCA president, were among top network and advertiser executives who made on-camera talks.

It was the first time the network has shown its color kinescope to the public and it goes into regular use with the Sept. 29 Esther Williams' "Aqua Spectacle of 1957." Functioning in the same manner as black-and-white kinescopes, the color kinescope will allow western cities to have the color shows in color at the same corresponding evening time as they are presented in the East.

Using lenticular monochrome film developed by Eastman Kodak Co., the unique RCA-NBC process cost about double regular blackand-white kinescope operation but only onethird the cost of ordinary color film, if the latter were to be used. The monochrome lenticular film, which registers the color picture components in black-and-white, permits faster development as well, like ordinary monochrome films.

Consolidated Film Industries, a Republic Pictures Corp. subsidiary in Hollywood and New York which claims to process its major share of tv films for all program producers, is building a new plant adjoining NBC-TV color studios at Burbank for the express purpose of processing the new lenticular film for the network. It will be in operation by Sept. 29.

The color kinescope presentation was introduced by John K. West, vice president in charge of NBC western division, who said RCA-NBC engineers began working to overcome the time-delay problem on color recording soon after the FCC approved color tv in December 1953. Within the past two years more than 100 people have been working on the lenticular film process with Dudley Goodale, manager of NBC Development engineering, serving as coordinator on the project among RCA, NBC and Eastman Kodak.

Newsmen present at Burbank for the color kinescope demonstration were not enthusiastic about the picture and color quality of the film product. Its difference was heightened by the live color pickups seen on the studio monitors along with the film sequences. One observer described the color kinescope now as about equal to the early monochrome kinescope efforts in clarity and texture. Another, however, said black-and-white rendition was good. He liked the "low key" lighting effect.

NBC representatives said that by the start of regular color kinescoping Sept. 29 most of the bugs will be worked out. They said line equalizers will be installed to "crispen" the color images electronically and heighten color saturation, while RCA also will ship to Burbank electronic aperture correctors for the recording camera to help improve picture resolution. The estimated picture resolution now is about 270 lines.

The lenticular film process has a potential resolution in excess of the maximum of the color tv system itself, they said. Another particular advantage is that the process constitutes an "additive color process" and uses blue light for blue, whereas other color film processes heretofore have been "subtractive," taking white light and subtracting red and green to get blue.

When the new CFI plant becomes operative, film quality will improve because the film will be developed by spray technique rather than conventional deep tank, another NBC engineer told BoT. This eliminates all chance for "hypo drag" to streak or alter the film's image quality, particularly susceptible in deep tank with lenticular film.

The color kinescope does not include the sound track, NBC engineers explained. It presently is recorded separately on synchronized tape, although the development group is perfecting techniques to include the sound track on lenticular film as on monochrome kinescopes.

Brief explanation of how the new color kinescope process works was made on the west coast closed circuit by John R. Kennedy, NBC engineer in charge of the Burbank equipment.

"Lenticular film is a special form of blackand-white film with tiny cylindrical lenses, called lenticules, embossed in its face," he explained. "Each lenticule extends across the 35 mm width. There are 25 lenticules embossed in each mm of film length. And, in the height of the 35 mm frame, there are approximately 390 lenticules. The purpose of these lenticules is to direct color-separated black-and-white stripes or layers on the film emulsion.

"The techniques of color television must be mentioned briefly. The televised object is split by an optical system into three color images the red, green and blue primaries of the system. Three image orthicons translate these images into color-separated electrical signals. These signals are coded and are transmitted into color on receivers or monitors.

"At either the monitor or home receiver, the coded color signal is decoded and three signals representing red, green and blue information are applied to a spray gun kinescope tube. Due to the angular impingement of the electron stream on to the special phosphor face of the kinescope, a color picture is achieved.

Voice Contest Planned By NBC's Radio Team

FIRST programming idea under the new management team at NBC Radio centers around "the most beautiful voice in America" contest and includes participation by the network's affiliates in the project, designed to whet local and national advertising interest.

Details of the new program were outlined last week in a closed-circuit broadcast to affiliates by Matthew J. Culligan, newly-installed vice president in charge of NBC Radio. As described to affiliates by Mr. Culligan, the program idea will take hold initially at the local level, with stations inviting listeners who believe they have "beautiful speaking voices" to cut a tape. Subsequently, stations will broadcast the tapes over a period of weeks, select winners, and relay these tapes to the network, which will hold a national contest over several weeks.

Mr. Culligan believes the nation-wide search for "the most beautiful voice in America" will provide entertainment value and at the same time capitalize on the pride that millions of men and women have in their speaking voices. He told affiliates that the program "should offer

ESSO RESEARCH works wonders with oil

Helping him and her to health and beauty!

The after-shave lotion he rubs on his chin ... her cosmetics so kind to feminine hands ... the alcohols for bracing rub-downs or antiseptic needs ... many depend on a chemical ingredient from oil first developed by Esso Research. So many things that help us live better today are the result of ESSO RESEARCH—working wonders with oil!

an almost unlimited opportunity for local and national promotion and merchandising." He suggested tie-ins with local merchants as a means of obtaining prizes for local contests, and added that the network planned to secure many valuable prizes for the national competition.

Mr. Culligan indicated that NBC Radio shortly will announce the name of a national advertiser to sponsor the contest. He urged affiliates to communicate with the sponsor's dealer in their area and attempt to sell him the local contest. If this is not feasible, Mr. Culligan said, affiliates should try to sell the local program to another logical client.

NBC Radio plans to continue the network show for several weeks after the local contests are over so that the best voices of the area winners can be put on the air, Mr. Culligan explained. He said a national board of judges will pick the national winner. Mr. Culligan reported that prizes also will be awarded to the station that sends in the winning tape and the station promotion director who performs the most effective job on the contest.

Harry H. Frazee Jr. Dies

HARRY H. FRAZEE Jr., 54, staff director of public service broadcasts, NBC Radio, died Wednesday at Lenox Hill Hospital, New York, after a brief illness. Mr. Frazee joined NBC in 1952 after a lengthy career in broadcasting that included a tour as program manager of the old Blue Network (now ABC) and as producer with Phillips Lord Radio Productions on the *Gangbusters* series. He was the son of the late Harold H. Frazee, former owner of the Boston Red Sox and producer of Broadway shows. He is survived by his wife, Mrs. Helen Frazee, two sons and his mother.

- EDUCATION -

META Plans New York Educational Tv Center

AN EDUCATIONAL TV production center will be established in New York City "before the end of the year," it was disclosed last week by the Metropolitan Educational Television Assn. Inc., a non-profit corporation chartered several years ago by the New York State Board of Regents for the purpose of integrating state education and tv.

META announced that kinescope production facilities will be set up at an approximate cost of \$500,000 at small, rented quarters in the Carnegie Endowment International Center opposite the UN headquarters in Manhattan, now housing various private groups. One of the organizations backing META financially is the Carnegie Endowment for International Peace. Other funds are slated to come from the Rockefeller Foundation, Avalon (Mellon estate) Foundation, Fund for Adult Education and other private charities.

To Study Fla. Educational Tv

A COMMITTEE to make a thorough study of Florida's immediate and long-range educational tv needs has been appointed by the state's governor, LeRoy Collins.

The committee, which Gov. Collins said would prepare a coordinated state-wide plan for taking fullest advantage of the nine educational channels which have been allocated to the state, already has requested the FCC to make no changes in reservation of any of those channels until the committee has completed its study.

NBC, NABET Begin Talks Over West Coast Dispute

- PERSONNEL RELATIONS -

TALKS were begun in New York Thursday looking toward settlement of an organizational dispute between NBC and the National Assn. of Broadcast Employes & Technicians involving three clerks in the network's Hollywood recording department.

The network was off the air for four hours on Wednesday when NABET technicians refused to go on duty across a picket line set up by the three protesting non-technical employes.

The dispute occurred just as the *Tennessee* Ernie Show was to start and only the audio portion continued. The network substituted a movie for *Matinee Theatre*, a weekday live origination from Burbank Studios, and was able to have supervisory technicians on duty in time for *Queen for a Day*. Regular technicians returned later in the afternoon when the network and NABET agreed to switch discussions to New York Thursday.

Several months ago the three recording clerks designated they wished to join NABET but the network claimed they did not constitute a bargaining unit under the National Labor Relations Act. NABET said it was protecting its rights by the protest picket line.

An NBC spokesman said the walkout was "in violation of a contract between NBC and NABET."

AFTRA, Networks to Talk

THE American Federation of Television & Radio Artists will begin negotiations in New York Thursday with ABC, CBS and NBC for a new contract covering radio and television performers under the union's jurisdiction. The current two-year pact expires Nov. 15.

Two exceptional new advertising opportunities from the company that made history with TV feature film...

THE BIG IDEA ... a fascinating weekly half-hour film series ... the first and only television program to showcase American inventive genius. Producer Donn Bennett, creator of the show, emcees with the clarity of an engineer and the flair of a veteran showman. In each edition he presents inventors from all walks of life who demonstrate their "brainchildren"- brand-new, fully patented but unmarketed inventions. Already successfully tested in the nation's fourth largest market, THE BIG IDEA has thoroughly proved pulling power for the gadget-loving American audience and the advertiser who wants to reach it.

THE BIG IDEA

NARTB'S REGIONAL CONFERENCES OPEN SECOND SEASON AT MINNEAPOLIS TODAY

Association President Harold E. Fellows to head nine-man crew touring nationwide circuit. Salt Lake City meeting starts Thursday; San Francisco and Oklahoma City set for next week.

NARTB opens its second season of regional conferences today (Monday) at the Nicollet Hotel, Minneapolis, with a two-day program format instead of the three-day program used at last year's first regional meeting circuit.

President Harold E. Fellows will head a nineman crew that will make the nationwide circuit in two jumps. After the Minneapolis meeting ends tomorrow, the "flea circus," including a large crew of associate members, will head for Salt Lake City where proceedings start Thursday morning. Next week includes San Francisco (Mon.-Tues.) and Oklahoma City (Thurs.-Fri.).

After that the traveling group will return to base for a fortnight, resuming Oct. 11 in Washington. Winding up the series will be Boston (Oct. 15-16); Indianapolis, Oct. 18-19, and Birmingham, Ala., Oct. 25-26.

The two-day agenda in Salt Lake City was rearranged because of the FCC's Sept. 20 Washington conference on the uhf crash program. FCC Chairman George C. McConnaughey, originally scheduled to speak Thursday night at the Salt Lake City banquet, has been replaced by Comr. John C. Doerfer.

President Fellows' luncheon speech at Salt Lake City has been shifted from Thursday to Friday. He will take part in the FCC conference, leaving Washington Thursday night to join the regional meeting Friday.

A. Prose Walker, NARTB engineering manager, is expected back from Poland this week in time to take part in the FCC meeting. He may join the NARTB travelers on part of the regional meeting circuit.

MR. GROVE MR. FITZSIMONDS

The NARTB traveling crew will include President Fellows; John F. Meagher, radio vice president; Thad H. Brown Jr., tv vice president; Vincent T. Wasilewski, government relations manager; Charles H. Tower, employer-employe relations manager; Joseph M. Sitrick, publicity and informational services manager; Edward H. Bronson, tv code affairs director; William L. Walker, assistant treasurer who will be convention manager for the series, and a representative of NARTB's station relations department. A member of the NARTB Tv Code Review Board will attend each meeting. RCA will be host at a reception prior to the opening day's banquet at each of the meetings and in addition will operate a coffee club.

Opening the Minneapolis meeting today will be the host director, F. E. Fitzsimonds, KFYR Bismarck, N. D. After introductory remarks, he will present John F. Meagher, NARTB radio vice president, who will preside at a "bull session" behind closed doors. This feature, dealing with radio topics, occupies the full morning agenda on the first day.

President Fellows will speak at today's luncheon. After his talk, a forum discussion will be held on the upcoming membership referendum, calling for a new vote on a recent by-law change eliminating the eight at-large directors from the NARTB board. Named to lead discussion were E. K. Hartenbower, KCMO-AM-TV Kansas City, on behalf of re-establishing at-large directors for large, medium, small and fm stations, and Jack Dunn, WDAY Fargo, N. D., speaking against at-large directors.

The at-large directorship forum will be held at each of the eight regional meetings.

Television Bureau of Advertising will give a sales presentation the afternoon of the first day. It will be led by Oliver Treyz, president. Mr. Brown will discuss recent tv developments. Mark L. Wodlinger, WOC-TV Davenport, Iowa, will speak on tv management's sales problems.

Winding up the first afternoon for tv delegates will be an NARTB Tv Code presentation led by William B. Quarton, WMT-TV Cedar Rapids, Iowa, vice chairman of the NARTB Tv Code Review Board. Edward H. Bronson, tv code affairs director, will review enforcement developments.

While the tv program is under way, concurrent radio programs will be given radio dele-

WAR IN THE AIR is a brilliant series of 15 half-hour programs, produced by the BBC Television Service and never before seen in America, that tells the dramatic story of allied air power in World War II and Korea-s force material for many of today's best-selling novels, notion pictures and television films. Exciting episodes such as "Battle for Britain," "Air War in Korea," and "Jets vs. V2 Rockets" are part of the footage made available by the allied governments, NATO, and all branches of the U.S. Department of Defense. Acclaimed by the exacting critics of the British press, WAR IN THE AIR is living history with all the action, suspense, and prestige of powerful realistic drama. (Pre-sold to Rainier Ale for Los Angeles, San Francisco) WAR IN THE AIR

45 FAMOUS FEATURES

Television's original Million Dollar Movie – the most successful film package ever sold to television – is now available for re-sale in many markets at extremely low cost.

gates. Orville F. Burda, KDIX Dickinson, N. D., will preside at a small-market station roundtable. C. L. Thomas, KXOK St. Louis, will moderate a large-market roundtable.

Ernest C. Sanders, WOC Davenport, Iowa, is chairman of the conference resolutions committee. NARTB board members in the region, besides Mr. Fitzsimonds, are Ben B. Sanders, KICD Spencer, Iowa, District 10 director, and Payson Hall, Meredith Publishing Co., tv director.

FCC Comr. T. A. M. Craven will make his first industry appearance since re-joining the Commission last July. He will speak at tonight's dinner.

Top feature of the Tuesday agenda at Minneapolis is a luncheon talk by Arthur H. Lund, radio-tv vice president of Campbell-Mithun, Minneapolis agency.

The second morning at Minneapolis will be opened by Charles H. Tower, employer-employe relations manager, discussing problems of tv stations in small markets. Taking as his subject "How Small Can You Get?" he will go into operating costs by different size markets of the smaller type. Profit items and manpower problems will be discussed. An intimate look at a small-market tv station's problems will be given by means of a case history. Mr. Tower's talk will be followed by a closed-door discussion on tv problems.

After Mr. Lund's luncheon-speech, resolutions will be considered.

In the afternoon President Fellows will review general association business matters. Mr. Wasilewski will review the Washington legislative situation. Winding up the two-day agenda will be a discussion by Mr. Tower, "Was Fenwick Really Hired?" He will cover problems of hiring and selecting personnel, explaining how station management can use a new guide to employe selection. The guide provides a series of criteria to use in judging the qualifications of prospective employes.

The revised scheduling of Commissioners by the FCC, besides appearances of Comrs. Craven at Minneapolis and Doerfer at Salt Lake City, provides these assignments: San Francisco, Sept. 24, Comr. Hyde; Oklahoma City, Sept. 27, Comr. Lee; Washington, Oct. 11, Chairman McConnaughey (tentative); Boston, Oct. 15, Comr. Mack; Indianapolis, Oct. 18, Comr. Bartley; Birmingham, Oct. 25, Comr. Doerfer.

William C. Grove, KFBC Cheyenne, Wyo., small-stations board member, will be acting host director for the Mountain-states meeting Thursday-Friday at Salt Lake City. Mrs. Hugh Mc-Clung, KHSL-TV Chico, Calif., will represent the Tv Code Review Board. The by-laws debate will be led by Ken Nybo, KBMY Billings, Mont., for the restoration of at-large directors, and Richard M. Brown, KPOJ Portland, Ore., for the negative. Ian A. Elliott, KATL Miles City, Mont., will moderate the small-market radio roundtable. Phil Hoffman, KLZ Denver, will moderate the large-station roundtable.

With Mr. Treyz at the TvB presentation will be Howard Abrahams, director, retail sales department. D. Lennox Murdoch, KSL-TV Salt Lake City, will discuss tv management sales problems. William Grant, KOA-AM-TV Denver, is chairman of the resolutions committee. James D. Russell, KKTV (TV) Colorado Springs, is the other NARTB board member from the region.

Bartley at Wisconsin Meet

FCC COMR. Robert T. Bartley will speak Oct. 2 at a luncheon of. Wisconsin Broadcasters Assn., to be held at Plankinton Hotel, Milwaukee. He will discuss political broadcasts.

Legislators' Conference Favors Radio-Tv Coverage

RESOLUTION favoring "improved and expanded" use of radio-tv coverage of state legislative sessions was adopted by the National Legislative Conference at its ninth annual meeting in Seattle a fortnight ago.

The conference directed its executive committee to inquire into the proposal as a means of increasing "public awareness of the legislative process." Host for the meeting was the Washington State Legislative Council. Text of the resolution, one of 11 proposals adopted, follows:

"Be it resolved that this ninth annual meeting of the National Legislative Conference authorizes and directs the Executive Committee to make inquiry with respect to the improved and expanded use of the various public communications including television, press and radio, in order that the public may better understand the legislative process in the several states."

Idaho Assn. Forms Network To Cover State Legislature

IDAHO broadcast stations will operate a statewide network during sessions of the state legislature, providing on-the-spot coverage from Boise, it was decided at the Sept. 5-6 convention of Idaho Broadcasters Assn. at Idaho Falls. The plan calls for all stations to carry a nightly news roundup which is expected to demonstrate radio's importance to the state's political and civic life.

IBA approved plans for an annual seminar for high school juniors and seniors interested in broadcasting. Dean Boyd Martin, U. of Idaho, outlined plans for the seminar, a twoweek course to be held during the summer. The plan goes to the university's board of regents. Each station would send one boy or girl for instruction by faculty members and broadcasters.

C. N. (Rosie) Layne, KID-AM-TV Idaho Falls, was elected president of IBA, succeeding Clair Hull, KCID Caldwell. K. Clark, KBAR Burley, was elected vice president, and Gene Shumate, KRXK Rexburg, secretary-treasurer. Named to the board of directors were Mr.

Named to the board of directors were Mr. Hull; Earl Glade Jr., KBOI-AM-TV Boise; John Matlock, KOZE Lewiston; Harold Toedtemeier, KIDO-AM-TV Boise; Mervin Ling, KAYT Rupert, and John Taylor, KWIK Pocatello.

George Lewis Moskovics, tv development manager of KNXT (TV) Los Angeles, was banquet speaker. John Young, KIDO, won the IBA golf tournament.

51 Indiana Radio Outlets Carry State Fair Programs

TWO 15-minute tours of the Indiana State Fair at Indianapolis were carried a fortnight ago by 51 of the 59 am and fm outlets in the state through a special network set up by the Indiana Broadcasters Assn.

Daniel C. Park, association president and commercial manager of WIRE Indianapolis, said that the special network was part of the organization's program to bring all the Indiana outlets into the IBA fold. The fair coverage was originated by WIRE and taking part were Tom Peden and Carolyn Churchman of WIRE; Harry Martin, farm director of WFBM Indianapolis, and Bob Morrison of WXLW Indianapolis.

A similar hook-up for the state high school basketball tournament and state fair was set up in 1954.

The Nation's Leading Broadcasting School Proudly Announces

FOR 1956

PRESENTED BY NORTHWEST

As Our Tribute to Those Who Have Contributed Such Outstanding Efforts to Excellent Television Entertainment.

Northwest presents these "Stella" awards as the result of a poll of thousands of Northwest students of Television, in every one of the 48 states. Who could be better qualified to reflect the popularity of these stars than these people from every walk of life.

Yet these "Stella" awards represent far more than popularity alone! The people polled were all students of Television, well versed in the requirements of *good* Television programming and astutely critical. So these people and programs are really stars—Tops in popularity, Outstanding even in the constructively critical eyes of the students of their own media.

It's With Pride That Northwest Salutes These Stars by Presenting Them With These First Annual Acknowledgments of Achievement.

The "STELLA" Awards for 1956

Northwest commissioned the noted Norwegion artist, Arvid Orbeck to design this award, depicting the Greek mosks of comcdy and tragedy. The awords are hand crafted in Sterling silver.

MICHIGAN ASSN. HEARS TIPS ON SELLING

Panel discussions at broadcasters convention in Gaylord feature agency advice that attacks some current ways of doing business.

RADIO AND TV stations were offered a series of agency tips on ways to sell time during two panel discussions held Thursday at the opening sessions of Michigan Assn. of Radio & Tv Broadcasters convention, held at Hidden Valley, Gaylord, Mich.

With a record registration of 170, Michigan broadcasters heard a series of talks and exchanges of views that attacked some of the current ways of doing station business. Seven agency executives calmly aired their favorite gripes and offered constructive suggestions from the standpoint of those who buy broadcast time.

Sen. Charles E. Potter (R-Mich.), member of the Senate Commerce Committee, spoke on tv allocations problems at the Friday dinner session. John Karol, CBS Radio vice president in charge of network sales, told of program upgrading by the network.

The Thursday morning panel, covering radio timebuying, was moderated by John Carroll, WKMH Dearborn. Participants were Clyde Clem, Grant Adv.; Art Wible, Maxon Inc.; Kelly Taeger, McCann-Erickson, and Richard P. Doherty, management consultant.

A tv timebuying panel was moderated by Don DeGroot, WWJ-AM-TV Detroit. Taking part were William H. Stockwell, of Stockwell & Marcuse; A. H. Ritter, Zimmer-Keller-Calvert, and Ken Fleming, Leo Burnett agency.

Discussing radio rate-cutting. Mr. Wible said he knew of an instance in which an agency developed a campaign listed at \$262,000 on card rates. After stations got down to serious priceslashing, he said, the price dropped to \$155,000. He added, though, that radio rates are "firming up."

He cited an analysis of radio trends showing that news, sustaining shows with spot allotments, the Godfrey-*Breakfast Club* type and some soap operas are favored buys. The problem of the national radio buyer is one of purchasing spots by time slots instead of proximity to popular programs, he said.

Scattergun buying on a price basis is easy from an ivory tower, according to Mr. Wible, but selective buying requires checks of individual disc jockeys with the audience the advertiser wants to reach. Disc jockey popularity rises and falls, he said, with stations seldom providing current ratings showing type-of-audience reached.

Mr. Clem called for imaginative promotion and publicity, citing NBC's *Monitor* as an example. He found radio listening in tv homes had increased six minutes in a year, showing slow growth and stability. Mentioning the Dodge account, he said sponsors and agencies want reasons for radio buying "other than ratings." Station pitches are poorly timed, he said, mentioning that the agency is now deluged with station sales efforts despite the fact that the media decisions were made months ago. He urged stations to submit local success stories.

Mr. Taeger said saturation radio is a helpful supplement to print campaigns. He favors power stations in early morning and late afternoon time segments. One or two radio stations once covered most of an area, he said, but now more stations are needed.

A survey of Chrysler dealers, conducted

every two years, shows radio "way down the line" below newspapers, tv, outdoor and movies, he observed. He said stations will be asked to make dealer calls this autumn in connection with automotive advertising, and wondered how many stations will be willing to make these calls.

Mr. Doherty criticized the calibre of station commercial copy, claiming it is "relegated to a low-paid clerk." He said station managers should "sentence themselves" to the task of listening to the commercial copy their employes create for sponsors.

He criticized managers who conceive of package rates as cut-rate pricing. As to station promotion, he felt stations should spend at least 2 to $2\frac{1}{2}$ % of annual revenue for advertising and promotion. He called for better programming to offset the news-music trend and advised stations to study seasonal patterns of local business houses.

Mr. Fleming, at the tv panel, emphasized the importance of station personality and community identification. These elements sway many station decisions by agencies, he claimed. "Sit down and write out a statement on just what your station represents and stands for," he urged, hinting this might turn out to be a tough job.

P&G Products Stand on Merit

As an example of personality importance, he said Procter & Gamble Co. makes each product stand on its own merits, with no relience on company name. "The same relationship should exist between a station and its network," he added, with the network lending stature to the station but not serving as the station's reason for existing.

"If I were a station manager or commercial manager," he said, "I would spend 75% of my time at agencies selling the personality of my station. I would leave the selling of ratings, coverage and the other statistics to my representative. He knows the agency intimately, on a daily basis, and he knows best how to tell them I'm first in this or second in that."

As to trade advertising, he said he had noted a flood of station ads showing pretty girls. "I am certainly not opposed to beautiful girls," he said, "but I wonder if an ad such as this performs its function of selling the station. Also, there are a great numbers of ads screaming 'I'm first' in this or that. It would be interesting to run a survey and find out how many timebuyers knew the station was fiirst before the ad ran and how many knew the station was first after the ad ran. If the latter number is higher than the first, we had better get some new timebuyers and you had better get a new representative."

Mr. Ritter discussed station-agency relationships, talent problems, station promotion and other topics. He suggested small-market telecasters try to develop more local talent at community theatre, school and other levels to assure a better overall supply in the market, particularly for handling of live commercials. Some stations, he felt, can also do a better job of promoting themselves. Mr. Ritter said he is a firm believer in tv advertising.

Relations with station representatives also were broached by Mr. Ritter, who urged they be given "more leeway and authority" by their clients in dealing with agencies. It would prove helpful, he indicated, if representatives could more often provide definitive "yes" or "no" answers on availabilities; thus eliminating need

for the agency to contact stations direct.

Mr. Stockwell started out by protesting against loud orchestra pickups that drown soloists and even choirs, urging that soloists be given a chance to be heard properly. As to the future of tv, he warned station owners and sales managers not to let promotors buy time segments under some such name as Good American Hour and then fill it with brief announcements "haphazardly and irresponsibility sold." Such programs kill off hundreds of future radio advertisers, he contended, convincing them that radio doesn't work. "Don't let this happen in television," he pleaded.

Mr. Stockwell said he looks particularly for programs with "word-of-mouth" possibilities; programs that will cause comment. "That is the best indication I know of that a program has a good chance of climbing up in the ratings within the near future," he said.

Sen. Potter attached importance to the FCC Sept. 20 conference on uhf conversion, feeling it may determine whether a tv shift to uhf is feasible. He voiced hope the industry will cooperate with FCC in its studies. Current tv programming is served by only three networks, he said.

The shift to uhf will take seven to 10 years, he predicted, and favored deletion of the present 15% excise tax from all-channel tv sets.

John Karol, CBS radio vice president in charge of network sales, told the Thursday luncheon the network's policy of "maintaining and improving" the quality of programs has resulted in \$6 million in new business in the last few months.

Mr. Karol acknowledged that CBS Radio's broadcast schedule is "an expensive one," but argued that a reduction in program quality "means a loss in audience . . . and eventually that will lead to a loss of advertisers and revenues." Among advertisers who have contributed to the \$6 million in new business for CBS Radio over the past few months, Mr. Karol said, were Colgate-Palmolive, Standard Brands, Slenderella, Mentholatum and Pontiac.

In addition to the upgrading in programming, Mr. Karol cited "new sales approaches" that are used by the network to attract the attention of advertisers. He pointed out that CBS Radio has directed its advertising "more specifically to our clients," has increased its sales force and sales service facilities, and has aimed its research "more accurately as specific targets."

Another factor that has contributed to radio's sales upsurge, Mr. Karol said, is the advertiser's recognition of radio's ability to deliver frequency. He continued, "In the past few months, a number of national advertisers have told me the same story—that they are facing increasing competition from new products. As a result, they are convinced that they have to repeat their sales messages more and more often. The ability to give advertisers tremendous repetitive impact at reasonable costs is . . . an ability absolutely unique to radio."

Ernie Greup Heads NCAPB

ERNIE GREUP, program manager of WTVD-TV Durham, N. C., was elected president of the North Carolina Associated Press Broadcasters at the association's annual meeting last week in Raleigh. He succeeds Jack Knell of WBT-WBTV (TV) Charlotte.

Phil Ellis, WPTF Raleigh, was named first vice president, and Hal Stanley, WRRZ Clinton, second vice president. Paul Hansell, AP Charlotte bureau chief, was re-elected secretarytreasurer.

TVB REPORTS TV NOW FULL TIME MEDIUM

Philadelphia presentation labels video 'major entertainment, information and communication medium of the country' in pointing out large gains in viewing hours and advertisers' dollars spent.

TELEVISION is now a "round-the-clock, fullday medium" that also is "the major entertainment, information and communication medium of the country," Television Bureau of Advertising asserted last week in a presentation to Philadelphia advertisers and agency executives. TvB President Oliver Treyz, who with Operations Director Gene Accas made the wide screen presentation at Philadelphia's Bellevue-Stratford Hotel on Tuesday, unveiled new viewing data compiled by A. C. Nielsen Co.

Of 126 hours in the week between 6 a.m. and midnight, he said in summarizing the Nielsen data, 30% of the total time in the tv home is devoted to television viewing. The presentation also pointed out:

"Daytime circulation has been growing at a faster rate than night. Today, television's greatest values—as reflected by cost per thousand—are found in the daytime. Television's daytime audience is considerably larger than many advertisers realize and far larger than tv's competitors would have them believe.

"For example, over two out of five television homes regularly view before 9 a.m. These are Nielsen unduplicated home figures for the first measured week in March of this year. And each of these early morning television homes watches one hour 57 minutes per week.

"In the next three-hour span, between 9 a.m. and noon, more than seven of every 10 homes view television, and of these viewing homes, the average spends well over four hours per week watching.

"Between noon and 3 p.m., more than 80% of all U. S. tv homes watch . . . an average of five hours 20 minutes per week.

"In the late afternoon, almost nine of every 10 homes view television during the week. Between 3 and 6 p.m., these homes watch nearly six and a half hours.

"In the early-evening span—6 to 9 p.m.— 95.9% of all U. S. tv homes watch. And we need two clock faces to illustrate the time they spend—for it is 12 hours 32 minutes per week.

"In the last three hours of the Nielsenmeasured day, 95.2% of all tv homes view, and they average the impressive total of 10 hours 51 minutes weekly viewing hours per home.

"... Television is unquestionably a roundthe-clock, full-day medium. From 9 a.m. on, television regularly reaches, during the week, the *majority* of the 36.5 million U. S. television homes, and even in the early-morning period, from 6 a.m. to 9 a.m., it delivers a large minority of the vast television potential."

Presenting the information in "six-hour chunks," TvB showed this pattern:

Morning—70% of tv homes watch during the course of a week, spending "considerably more than five hours in their viewing."

Afternoon—91% of homes watch, averaging almost 11 hours a week.

Evening-96% watch for a weekly average of more than 23 hours per home.

"In the morning alone, before 12 o'clock noon, more homes now regularly view television than watched evening television three years ago," Mr. Treyz said. He called the morning hours "the great developmental area of tv—the great advertising potential to reach and sell the American purchasing agent, the American housewife, the woman with the billion dollar reach.

"Today, according to Nelsen, in television homes more families view daytime television in one week than listen to all of radio, day and night. Furthermore, they spend more time watching daytime television than listening to all of home radio around the clock. This is even true on a Monday-through-Friday, as well as a Sunday-through-Saturday basis.

"This Nielsen comparison certainly doesn't make radio look small—it merely puts the new dimensions of daytime television circulation into accurate and dramatic perspective."

TvB, which has drawn the fire of other media, especially newspapers, on a number of occasions, had a good word for all media in the Philadelphia presentation: Today's "advertising boom . . . happily applies to all media," the Bureau said.

"Radio, for the first time after six consecutive years of decline, has turned the corner and is on the rise. Magazines are definitely up, at a level about twice that of 10 years ago. Newspapers have gained at an even more spectacular rate. And, on top of all this advertising boom, television—virtually overnight—has skyrocketed to first position in

TVB BOARD APPROVES '57 OPERATIONS PLAN

TELEVISION Bureau of Advertising's board of directors, convening in New York last Wednesday, approved TvB's operational plans for 1957, including its research, sales promotion, and membership expansion programs.

Among the projects approved by the board, according to TVB, was one that would implement an earlier bureau program whereby it "related specific markets to the selling efficacies of television," and others calling for "a vastly augmented research program" into new fields not previously covered, and "a thematic selling campaign" for 1957.

Details of TyB's expanded research schedule were not divulged, but during the board meeting, its highlights were presented by Dr. Leon Arons, the bureau's director of research, and Charles H. Smith, director of research of WCCO-TV Minneapolis and chairman of the TvB research committee. The research program had been discussed on Tuesday by the TvB research committee, which consists of Messrs. Arons and Smith, and Daniel H. Denenholz, director of research, The Katz Agency; Melvyn A. Goldberg, director of research, Westinghouse Broadcasting Co.; Oscar Katz, CBS-TV vice president in charge of daytime programs and until recently, director of research for the network, and C. Wrede Petersmyer, KOTV (TV) Tulsa.

Norman E. Cash, TvB vice president, reported that membership in the bureau now stands at 225.

The board approved plans for TvB's annual membership meeting Nov. 16 at the Waldorf-Astoria Hotel, New York, and set Nov. 15 as the date for the next board meeting. A resolution commending President Oliver Treyz and his staff for their "excellent work" also was passed by the board.

Board members attending the meeting in addition to Mr. Treyz were W. D. (Dub) 1955, and as this Fortune (magazine) chart shows, is extending its leadership in 1956."

But, TvB pointed out, television enjoys the advantage of a lowered cost per million. Where "newspapers' cost per million index has constantly risen to 20% above that of 1950," the presentation said, "tv's cost per million home hours of tv use is down by 74%."

The presentation quoted McCann-Erickson's central research department as estimating that national and local advertisers invested \$1.025 billion (time and talent) in tv advertising in 1955-\$540 million in network; \$225 million in local, and \$260 million in national spot.

The Philadelphia presentation, one in a series which TvB is making to advertiseragency people around the country, was introduced by W. D. (Dub) Rogers Jr., TvB board chairman and president of KDUB-TV Lubbock, Tex., and its satellite KPAR-TV Sweetwater, Tex., who pointed out that TvB "seeks, through its basic functions of research and promotion, to provide an efficient, gratis service to those of you who buy time, and, to that extent, is thought of by its policy group as a bureau in your service as much as it is in the service of the broadcasters themselves."

Roger W. Clipp, of WFIL-TV Philadelphia and the other Triangle Publications stations, who also is secretary of the TvB board, was host for the session. Lawrence H. (Bud) Rogers of WSAZ-TV Huntington, W. Va., treasurer of the TvB board, also was present.

Rogers Jr., KDUB-TV Lubbock, Texas, chairman of the board; Campbell Arnoux, WTAR-TV Norfolk, Va.; Otto Brandt, KING-TV Seattle; Roger W. Clipp, WFIL-TV Philadelphia (TvB secretary); Donald W. Coyle, ABC-TV; Gordon Gray, WOR-TV New York; Merle S. Jones, CBS-TV; Robert Lemon, WTTV (TV) Bloomington, Ind.; H. Preston Peters, Peters, Griffin, Woodward Inc.; Lawrence H. Rogers, WSAZ-TV Huntington, W. Va. (TvB treasurer); Henry W. Slavick, WCMT (TV) Memphis; George B. Storer Jr., Storer Broadcasting Co.; Robert R. Tincher, KVTV (TV) Sioux City, Ia., and Thomas B. McFadden, newly-appointed vice president for NBC-TV owned and operated stations.

Unable to attend were board members Kenneth L. Carter, WAAM (TV) Baltimore, and Richard A. Moore, KTTV (TV) Los Angeles.

RAB Executive Unit Meets

RADIO Advertising Bureau's executive committee will meet at the Waldorf-Astoria Hotel in New York tomorrow (Tuesday). On the agenda will be a discussion of the bureau's current campaign to bring major advertisers into radio and consideration of a large-scale radio advertising and marketing experiment planned for early 1957.

Kenyon Brown, KWFT Wichita Falls, Tex., is chairman of RAB's executive committee. Other members are: Charles C. Caley, WMBD Peoria; Arthur Hull Hayes, CBS Radio, New York; Ward D. Ingrim, KHJ Los Angeles; William B. McGrath, WHDH Boston and Allen M. Woodall, WDAK Columbus, Ga.

Haber Heads RETMA Group

JULIUS HABER, RCA, has been reappointed chairman of the Public Relations & Advertising Committee of Radio-Electronics-Tv Mfrs. Assn. The committee is directing RETMA's participation in National Radio Week and National Television Week.

TRADE ASSNS.-

Dealers Laud NARTB, RETMA For Tv Week Promotion

NARTB and RETMA have been lauded by the National Appliance & Radio-Tv Dealers Assn. for the "important contributions" they have made to the second annual National Television Week this year.

Don Gabbert, NARTDA president, praised Joseph Sitrick, NARTB manager of publicity and informational services, for his work with RETMA and NARTDA and Julius Haber, chairman of 'RETMA's publicity-advertising committee, for organizing promotional aids and helping manufacturers. Mr. Gabbert described NARTB's "How to Use Television" booklet as "one of the most useful devices yet created for offsetting what negative publicity televiewing has received and for presenting television as the excellent entertainment medium it is."

Plans for television week promotions in several key markets and small communities, ranging from elaborate banquets to sales meetings, were announced by A. W. Bernsohn, managing director, NARTDA, coordinator of local activities for the event.

Celebrations have been scheduled for Phoenix (Ariz.) Sept. 21, Bakersfield (Calif.) Sept. 23, Milwaukee Sept. 11, Muskegon (Mich.) (no date given), Atlanta Sept. 12, Madison Sept. 16, St. Louis (week after actual event), Los Angeles Sept. 27, Seattle Sept. 27, New Orleans Sept. 19, San Diego Sept. 18, Salt Lake City Sept. 21, Cincinnati (whole week), Tucson Sept. 10 and other cities.

Many events will be held in conjunction with local NARTDA meetings and set promotions in conjunction with newspapers, as well as local appliance dealers.

In Cincinnati the week will be used as a foundation for a special television-radiophonograph promotion involving the *Cincinnati Post* and local utilities. Promotion will stress a second tv set for families and include, during the period Sept. 5-Oct. 10, series of 58 radio spots on 10 stations, transit ads in 600 buses, 60 billboards and newspaper advertising.

Leo Durocher, NBC-TV executive, is slated to be luncheon speaker at Los Angeles' observance at the Beverly Hilton Hotel. The Electric League there has produced 3,000 window banners with the theme, "The Fabulous Tv Fall," stressing programs in the period from the political nominations in August to the elections Nov. 6.

KTBC-TV Austin, Tex., served as host for an organizational meeting of tv leaders in that area, NARTDA reported, while Florida Power & Light Co. is aggressively using broadcast media in Miami to promote radio-tv set sales during September and October.

NARTB Booklet Aids Public In Television Appreciation

A BOOKLET designed to help the public appreciate tv broadcasting has been published by NARTB. It will be distributed by tv stations during National Television Week Sept. 23-29. Titled "How to Use Television," the booklet was written for NARTB by Dr. Robert M. Goldenson, psychology teacher at Hunter College, New York.

Dr. Hunter uses a typical family to show ways tv can stimulate family interests, lead members of the family in new directions and show them how to take advantage of tv programming. The publication has been distrib-

FIRST entries in a contest seeking best identification ideas for subscribers to the NARTB Standards of Practice are reviewed by a special NARTB committee headed by Worth Kramer, WJR Detroit. Attending the committee meeting in Washington were (I to r): seated, Walter E. Wagstaff, KIDO Boise, Idaho; Chairman Kramer; Carleton Brown, WTVL Waterville, Me.; Cliff Gill, KBIG Los Angeles; standing, NARTB President Harold E. Fellows, and John F. Meagher, radio vice president. Prize for the best entry from station personnel will be a transistor radio.

uted to 3,000 American educators, government officials and civic leaders.

NARTB's first printing totals 12,000 copies. Booklets may be ordered from the association for 10ϕ each, actual cost.

Co-sponsors of National Television Week are NARTB, Radio-Electronics-Tv Mfrs. Assn. and National Appliance & Radio-Tv Dealers Assn. Plans include banquet meetings of tv retailers in major cities, special network tv programs, local and national promotional and advertising campaigns and special public events commemorating the contributions made by tv to entertainment in the American home.

The event coincides with the main receiver selling season. RETMA pointed out that 90% of the nation's population is within range of at least one of the 477 licensed tv stations, with 49,500,000 tv sets produced by manufacturers. Consumer investment in home sets exceeds \$7.5 billion. Four of every five homes now have tv equipment. Production this year is estimated at 7,300,000 receivers.

AAAA Planning Group Named For Eastern Annual Meeting

NAMES of the planning committee for the Cooperation With Sales Work group meeting of the 1956 Eastern Annual Conference of the American Assn. of Advertising Agencies were announced last week by Adolph J. Toigo of Lennen & Newell, New York, chairman of AAAA's Eastern Region. The conference will be held at New York's Hotel Roosevelt Nov. 27-28.

William Nevin of Compton Adv., New York. has been appointed chairman of the planning committee for the group meeting, which will discuss specific tools and approaches in the marketing field that agencies have used to increase the effectiveness of advertising. Other members of the committee are: Hal Davis, Kenyon & Eckhardt, New York; Joseph I. George, Wilson, Haight, Welch & Grover, Hartford; William E. Holden, Doherty, Clifford, Steers & Shenfield, New York; Sherman Landers, Gray & Rogers, Philadelphia; David Palmer, Erwin Wasey & Co., New York, and Lyle Purchell, BBDO, New York.

MBA, U. of Mississippi Plan Sales Management Conference

.1

SALES management conference for broadcasters will be held Sept. 28-29 by the U. of Mississippi in cooperation with Mississippi Broadcasters Assn. under the direction of D. C. Treller, director of the university's conferenceinstitute-short courses activity. The sessions will be held at University, Miss.

will be held at University, Miss. Howard Cole, WHOC Philadelphia, MBA president, will open proceedings. Ray Butterfield, WLOX Biloxi, will preside at the first morning's session, which will include a talk by Hil F. Best, president of Hil F. Best Co., New York, on ways of getting national business at small-town radio stations. Frieda Hennock, Washington attorney and former FCC commissioner, will discuss radio vs. tv.

C. J. Wright, WFOR Hattiesburg, will preside at the first luncheon. An afternoon panel on regional agencies will be moderated by Paul Schilling, WNAT Natchez. Taking part will be H. N. Gwynn, Simon & Gwynn, Memphis, speaking on regional radio buying; Stanley Starr, Walker-Saussy Adv., New Orleans, speaking on statistics; Carl D. Mullican Jr., Mississippi Power & Light Co., discussing ways local radio stations can get more regional business.

A panel on retailer use of radio includes Herbert Brasfield, Mississippi Retail Jewelers Assn.; Charles W. Else, Southland Oil Co.; Edward Shackeroff, Batesville; Lindsay Spight, Spight's Dept. Store, Tupelo, and president, American Retailers Assn., and John Wise Jr., National Automobile Dealers Assn. Prof. John H. Fox Jr. of the university's law department will address the dinner session.

The second day opens with Granville Walters, WAML Laurel, MBA secretary, presiding. Automatic radio will be demonstrated by Seeburg Corp. and Skyline Network. Taking part in a panel on profits through cooperative advertising will be R. P. Bratten, McGregor Inc., Memphis; Mrs. Norma Marsh, B. F. Goodrich Co., and Hal Yockey, Pan-Am Southern Corp. Harold Krelstein, president of WMPS Memphis, will speak on ways of putting sales ideas to work and Duncan Whiteside, director of the university's radio department, will discuss the institution's radio activity.

BROADCASTING . TELECASTING

HOW TO MIX BUSINESS AND POLITICS

An election isn't much of a show if you want frequency, but everyone knows that there are more radios in this country than Congressmen. So, counting candidates' wives and all, right smart interest gets stirred up for the solo go irregardless.

Couple years ago Sears, Roebuck & Co., a friend of ours, bought half of a primary election broadcast on WMT and decided to advertise dehumidifiers. In case you live in a dry climate, a dehumidifier is an electrical appliance that sucks moisture out of basements. (Sounds like nasty work.-Ed.)

(It is, but somebody's got to do it.)

Sears got rid of a big clutch of these items from that one 1/2 primary.

With this large do coming up in November it occurs to us that, if you or Sears or anyone you know is stuck with dehumidifiers, you could do worse than destock with some delovely radio commercials.

CBS for Eastern Iowa Mail address: Cedar Rapids National representatives: The Katz Agency.

RCA Devises Technique For Reducing Interference

Development might cut cochannel mileage separation between stations by 15%.

A NEW technique for reducing interference between tv stations on the same frequencies was disclosed last week by RCA.

The development involves the use of an exceedingly stable crystal oscillator which establishes a fixed relationship between the carriers of co-channel stations and at the same time cuts down the fluctuations in frequencies at each station to as little as five cycles-per-second.

This puts the interference patterns in the field frequency of the transmissions, it was understood, and thus hides them. This type of interference is generally a bar effect. Result is an improvement of about 10 db in reception which might result in the possibility of reducing co-channel mileage separations by about 15%.

The method has been tested for the last seven weeks between NBC-owned ch. 4 stations WRCA-TV New York and WRC-TV Washington. They are about 200 miles apart.

The results of the tests and of the new crystal oscillator were discussed by W. L. Behrend, RCA Labs., Princeton, N. J., at the sixth annual fall symposium of the Institute of Radio Engineers, Professional Group on Broadcast Transmission System, in Pittsburgh this past weekend.

IRE members also heard Ross Snyder, Ampex Corp., describe details of that company's video tape recorder; John T. Wilner, WBAL-TV Baltimore, chief engineer, and Raymond L. Day, FCC Laboratory Div., among others.

Radio Set Sales Gain; Tv Sales Off Slightly

RADIO SALES by retail dealers showed an increase in the first seven months of 1956, compared to last year, but tv sales dropped slightly, according to Radio-Electronics-Tv Mfrs. Assn. Radio and tv set production figures for the seven months were below the 1955 levels.

RETMA found that radio set sales (not including auto sets) totaled 3,967,555 units in the seven-month period compared to 2,732,983 a year ago. July radio sales this year totaled 576,453 sets compared to 839,830 in June and 303,965 in July 1955.

Tv set sales totaled 3,273,560 units in seven months compared to 3,584,562 a year ago. July tv sales totaled 405,310 sets compared to 439,362 in June and 381,567 in July 1955.

Production of both radio and tv sets was down from 1955, according to RETMA, with July figures affected by the general industry vacation period.

Tv set production totaled 3,752,133 units in seven months compared to 4,173,038 in the same 1955 period. Production in July totaled 336,931 sets compared to 553,025 in June and 344,295 in July 1955.

Radio set production totaled 7,225,862 in seven months of this year compared to 7,777,-378 a year ago. July radio output totaled 566,697 sets compared to 1,073,775 in June and 718,489 in July 1955.

Of July's 336,931 tv sets, 41,803 had uhf tuners and 273 had fm tuning circuits (for pickup of fm radio band).

Radio and tv set production in July and the first seven months of 1956 follows:

	Televi- sion	Automo- bile Radio	Total Radio
January 1956	558.347	519.648	1,078,624
-February	576.282	437,611	1,093,506
March (5 weeks)	680,003	478,272	1,360,113
April	549,632	299,253	992,982
May	467,913	282,611	1,060,165
June (5 weeks)	553,025	296,256	1,073.775
July	336,931	198.565	566,697
-	3,752.133	2,512,216	7,225,862

RCA Tube Types Program Stresses Standardization

RCA has introduced a new Preferred Tube Types Program covering a group of electron tubes having universal application in tv receiver design, it was announced last week by L. S. Thees, general communications manager, RCA Tube Div.

Mr. Thees, who described the program as "an answer to the need for greater standardization in television receiving circuitry and tubes," reported that RCA's new listing of preferred tubes includes types for tv receiver applications, such as RF tuners, amplifiers, deflection oscillators, rectifiers, damper circuits and control circuits.

"The program," Mr. Thees explained, "enables electronic equipment manufacturers to concentrate on fewer tube types. Concentration of fewer tube types makes possible lower tube production costs, lower warehousing and stocking expense. All of these factors can contribute to lower prices for the user."

The new preferred types program for tv and radio equipment manufacturers, Mr. Thees continued, is a counterpart of a similar program for radio manufacturers which was inaugurated by RCA in 1940. RCA's 1956 preferred types, he said, cover virtually every type of radio and television receiving circuit: AC, AC-DC, and battery-operated radios; portables and auto receivers; black-and-white, and color tv sets; am and fm receivers and phono amplifiers.

 RELIABILITYI

 • Exclusive Patchover—Prevents serious loss of air time; eliminates need for full transmitter lineup solely for standby.

 • Spare rectifier tube with heated filament — In readiness to operate if needed.

 • Longer-life AX-9904R Amperex final amplifier tubes.

 • Individual blas regulators.

TV power boost in mind? get ahead with S-E amplifiers!

ALFORD ANTENNA+STANDARD ELECTRONICS AMPLIFIER SHIGH BAND ECONOMY

Sylvania's Mitchell Foresees Continuing Electronics Gains

TREMENDOUS growth potential of the electronics industry in the next decade is projected by Don G. Mitchell, board chairman-president of Sylvania Electric Products, New York, in an article appearing in the September issue of *The Exchange*, published by the New York Stock Exchange.

Mr. Mitchell predicts that revenues from the electronics industry in 1966 will amount to about \$22 billion as compared with an estimated \$11.5 billion in 1956. He lists current broadcasting revenues in 1956 as an estimated \$1.9 billion and predicts they will reach \$5.6 billion by 1966.

On color tv, Mr. Mitchell estimates that about 150,000 color sets will be sold this year and believes that by 1966 color receivers will represent about 75% of all sets sold.

Saxon Promoted to Director Of RCA Regional Operations

ADVANCEMENT of Raymond W. Saxon to director of regional operations of RCA was an-

nounced last week by Martin F. Ben-

nett, the firm's vice

president of mer-

Mr. Saxon, who

has been with RCA

since 1940, served

sion Div. and in a series of key merchandising and sales posts with the company. In his new position, Mr. Saxon will supervise the operation of RCA's eight regional offices, with headquarters in Camden, N. J. His successor at Boston will be announced later.

Tele-Communications Inc. To Move to Staten Island

TELE-COMMUNICATIONS Inc., electronics laboratory division of Tele-Broadcasters Inc., New York, soon will be moved to Staten Island, it was announced last week by H. Scott Kilgore, Tele-Broadcasters president.

Purchase of WBBR Brooklyn, N. Y., from the Watchtower Bible and Tract Society in Brooklyn was announced last week by Mr. Kilgore [B•T, Sept. 10]. In seeking FCC approval of the transfer, Tele-Communications is asking to change the call letters to WPOW. Studios and offices will be located at 41 E. 42d St., New York, and on Staten Island.

Gray Develops New Projector

DEVELOPMENT by Gray Research & Development Co., Manchester, Conn., of a new tv transparency projector for both black-and-white and color has been announced by Newland F. Smith, vice president. Mr. Smith said the new projector, called Telojector Model 4 B, is an improvement over previous models. He claims "it is easier to maintain and practically eliminates the possibility of losing commercials through mechanical breakdown."

Page 92 • September 17, 1956

BEN H. COWDERY (I), president of KETV (TV) Omaha. Neb., signs for RCA equipment for the station, scheduled to go on the air sometime next year. With Mr. Cowdery are (I to r) Eugene S. Thomas, general manager; Jack Petrick, chief engineer, and John Almen, RCA district sales manager. Equipment from RCA and other companies will cost approximately \$700,-000, according to Mr. Cowdery. Ground was broken earlier this month for a new Ideco tower and 12-bay antenna which rise to a height of 588 feet above around.

Magnecord Appoints Lucas

MAGNECORD Inc., Chicago (tape recorders), last week announced the appointment of the Charles Lucas Sales Co., Dallas, as southwest regional representative for its products. Mr. Lucas has been active in the radio-tv broadcast and allied fields for 20 years and formerly was in the engineering department of WFAA Dallas for 13 years.

Emerson Raises Set Prices

INCREASE in the trade prices of six television models of the Emerson Radio & Phonograph Corp. were announced last week by Hal Dietz, vice president in charge of sales. He said the trade price increases were to become effective last Saturday and would result in retail price rises of about \$10 per receiver. He attributed the increases to higher manufacturing costs.

WBCM Buys RCA Transmitter

WBCM Bay City, Mich., has purchased an RCA BTA-1MX transmitter, according to Manager Leo A. Jylha. The new equipment is being installed by the station's engineering staff, under the direction of Ralph Carpenter, and will be operated by remote control from studios in the Wenonah Hotel.

Col. Herbert H. Frost Dies

COL. HERBERT H. FROST, 62, pioneer radio manufacturer, died Sept. 10 in George Washington U. Hospital, Washington, D. C. Col. Frost, assistant to the vice president of Buda Div., Allis-Chalmers Mfg. Co., invented the Frost headset in the early 1920s. He was the first president of the old Radio Manufacturers Assn.

New Parts-Saving Assembly Being Used In R&D Radio Kits

RADIO KIT, using a new module assembly developed by the Bureau of Standards to reduce the number of parts and wiring in electronic equipment, has been announced by R & D Electronics Labs, Long Island City, N. Y. In R & D's radio, two modules do the work of 16 separate electrical parts. R & D said engineers now estimate that 10 or 12 modules in a tv set would replace over 200 separate parts and that eventually modules will replace condensers, resistors and coils in all massproduced electronic equipment, thus affecting the size and price structure of radio and tv sets.

Module assembly is patterned after the government's "project tinkertoy" (developed for use in military electronic equipment). Each module has five or six stacked ceramic wafers. The methods in applying a silver material to each wafer designate its behavior (i.e., as a condenser, coil or a resistor).

GE Lab Moved, Enlarged

A NEW shift in current streamlining of General Electric's electronics business has been announced. GE is transferring its microwave lab at Stanford U. (Palo Alto, Calif.) to its power tube department, which has test laboratories and manufacturing plants in both Schenectady, N. Y., and Scranton, Pa. Lab facilities will be expanded to more than double the present size with new construction nearly completed. The lab, located in Palo Alto two years ago, employs more than 200 persons, including a professional staff of more than 75.

Tarzian Tv Gear Ordered

SARKES TARZIAN Inc., Bloomington, Ind., reports receiving an order from Toledo U., Toledo, Ohio, for complete tv studio equipment, including Vidicon cameras, 100-slide automatic slide projector and associated equipment. Shipments of 100-slide projector and video switching equipment to KDIX-TV Dickinson, N. D., and studio equipment to the U. of North Dakota also were reported.

MANUFACTURING SHORTS

RCA, Camden, N. J., reports shipment of custom built five-section superturnstile antenna to WDAF-TV Kansas City (ch. 4) and 25 kw amplifier transmitter to WKBT (TV) La Crosse, Wis. (ch. 8), and 50 kw amplifier transmitter to KLTV (TV) Tyler, Tex. (ch. 7).

Stancil-Hoffman Corp., Hollywood, has named S.O.S. Cinema Supply Corp., N. Y., distributor of its line of synchronous magnetic recorders. New Stancil-Hoffman Model S6D incorporates transistor printed circuit amplifiers for unit claimed to be lighter than comparable recorders on market.

General Electric instrument department sponsoring scientific color measurements course Sept. 24-28 at Portsmouth, N. H., to be taught by specialists from industry, government and educational institutions. Curriculum will cover spectrophotometry and colorimetry industrial applications. Tuition is \$110. Information is available from Ronald Doyle, Meter & Instrument Section, Canadian General Electric Co., 1130 Blvd. Charest, Quebec 8.

ORRadio Industries Inc., Opelika, Ala., reports August sales, usually light, reached biggest monthly total in company's history. Sales for

August 1956 were 90% above those of August 1955. Total 1956 sales to date are 58% above 1955 figures for corresponding period.

Sylvania Electric Products Inc., N. Y., has announced dividend of 50 cents per common share will be paid Oct. 1 to stockholders of record at close of business Sept. 10. Also declared was regular \$1 quarterly dividend per share on \$4 cumulative preferred stock, payable at same time.

MANUFACTURING PEOPLE

David Gerstein, director of government and industrial sales, Olympic Radio & Television division of Unitronics Corp., N. Y., promoted to vice president in charge of department.

Stanley J. Godwin, former line engineer, General Electric Co. power tube department, to GE district sales manager for electronic tubes, Dayton, Ohio.

James J. Lanigan, former program planning officer in southeast Asia, U. S. Information Agency, to Sylvania Electric Products Inc., N. Y., as public relations projects manager in radio tube and tv picture tube divisions. Robert F. Scalise, formerly salesman for H. L. Link Agency, Warren, Pa., to Sylvania parts division in Warren. Dean C. Midey, sales correspondent, Robert W. Plunkett, supervisor of sales office distribution service, and Edward Westgren, who has served in various Sylvania sales positions, all promoted to sales service supervisors, assigned respectively to private brand sales, equipment sales and renewal picture tube sales.

Harold W. Schaefer, vice president in charge of operating departments, appliance division, Philco Corp., Phila., appointed vice president and general manager of division, succeeding Raymond A. Rich, resigned. Larry F. Hardy, corporation vice president, to vice president in charge of consumer products divisions, which include tv, radio, appliance and automative divisions.

Verne Roberts, radio manager, Raytheon Mfg. Co., Chicago, to Spartan Div. of Magnavox Corp., Fort Wayne, Ind., as sales manager. His offices will be in Sentinel plant in Evanston, Ill.

Gordon L. Fullerton, with Sylvania Electric Products Inc. since 1943 in various engineering and executive capacities, appointed to newlycreated post of manufacturing manager of tv picture tube plants at Hatboro, Pa.; Fullerton, Calif., and Ottawa, Ohio. Harold E. Martin, engineer-in-charge, Naval contract projects, metal parts section of Sylvania Electric Products', York, Pa., plant, named product sales manager for metal parts.

Wilbur F. McKeehan, district sales manager for Air Force of General Electric Co., Dayton, Ohio, named GE's manager for sales of electronic tubes for Navy with headquarters in Schenectady.

Frederick W. Alexander, technical editor, electronics-communications division of Motorola Inc., Chicago, promoted to advertising manager succeeding Reginald Mars, resigned. Other promotions: Robert L. Borchardt, from assistant manager to manager of Motorola Technical Information Center, and Robert E. Newlin, from technical editor-staff writer to product promotion supervisor for communications.

George Fezell, manager of tv-radio appliance department of Joseph Horne Co., Pittsburgh, Pa., department store, to Magnavox Co., Fort Wayne, Ind., as merchandise manager for department store accounts.

Notre Dame Gridcasts Slated For Closed-Circuit Viewing

PLANS for closed-circuit tv feeds of at least five U. of Notre Dame football games into hotels of the Sheraton chain have been announced by WNDU-TV South Bend, Ind.

Starting with the Notre Dame-Southern Methodist clash in Dallas Sept. 22, the games will be beamed by WNDU-TV for Sheraton Closed-Circuit Television in Chicago, according to Bernard C. Barth, vice president and general manager of the Notre Dame tv outlet. He said additional cities and games may be scheduled as demands increase. Unlike system used in last year's telecasts, school will have complete control over package, handling originations and play-by-play of all closed-circuit feeds, it was understood.

Four other Notre Dame games scheduled for closed-circuit tv are Indiana, Oct. 6 (tentative); Purdue, Oct. 13; North Carolina, Nov. 17, and Iowa, Nov. 24.

Color Tv, Motion Pictures Set for Theatre Alliance

LARGE-SCREEN, live color tv will appear on the same program with standard motion pictures in theatres if plans of Max Cohen, president of Cinema Circuit Inc., New York, materialize. Mr. Cohen reported last week that he intended to test his plan shortly in his company's chain of 14 theatres located in New York, Connecticut and Florida and eventually expand the operation to motion picture houses throughout the country.

Mr. Cohen said the tv programs he is considering for motion picture theatres are "mostly musicals and special events." Installation of the system in theatres will be handled by Cine-Video Inc., of which Mr. Cohn also is president.

Welk to RCA Thesaurus

RCA THESAURUS announced last week that bandleader Lawrence Welk has been signed to transcribe a new, half-hour radio show for release this winter. Mr. Welk will serve as master of ceremonies. Featured on the program will be songstress Alice Lon, Myron Floren on the accordion, Jerry Burk on the Hammond organ and Artistic Alladdin as vocalist and on the violin.

Stamps and Jingles

AGENCIÈS ordering radio or tv jingles from Les Woz Jingles, 58 E. 79th St., New York, are being rewarded with Merchants' Green Stamps by Les Woz a minimum of 16,600 per jingle—if they so desire.

Helen Greer, New York representative for Woz, says that as a result of a newspaper ad campaign, a few agencies already have expressed a definite interest in getting the stamps.

Titus Heads New Song-Ad Unit

DAVE TITUS, radio-tv director of Cole & Weber, Seattle, has been named manager of the new business and educational film division to be opened this week in Hollywood by Song Ad Film-Radio Productions, it was announced last Wednesday by Song Ad President and Executive Producer Robert Sande. Mr. Titus becomes vice president of the west coast tv film commercial and radio spot production company. He has been with Cole & Weber three years and prior to that was in agency radio-tv work in both Southern California and New York.

PROGRAM SERVICE PEOPLE

Herman Finklestein; ASCAP general attorney, appointed head of copyright division, American Bar Assn.'s patent trade mark and copyright section.

Mort L. Nasatir, director of advertising, Decca Records, N. Y., has assumed additional duties of merchandising director.

Milton Golin, formerly head of Chicago City News Bureau's radio-tv department, to staff of Journal of American Medical Assn. as assistant to editor. He is credited with helping Community News Service of Chicago in 1947 organize nation's first local news wire service for broadcasting stations.

Howard Merrill, program supervisor of *l've* Got a Secret and writer of various tv program series, appointed by Barry & Enright Productions, N. Y., as producer of new giveaway program, *Twenty One*, to be launched on NBC-TV Sept. 12 (Wed., 10:30-11 p.m. EDT).

PURCHASE by Western Union of 14% interest in TelePrompTer Corp. [B•T, Sept. 3] was completed Wednesday in New York by officials of the two companies. L to r: Thomas F. McMains, WU vice president; Walter P. Marshall, WU president; Irving B. Kahn, Tele-PrompTer president, and Theodore B. Gittings, WU public relations vice president.

KSLA-TV INCREASES COVERAGE 6 TIMES WITH NEW IDECO TOWER

Here's the story---

BEFORE: Beginning operation in December, 1953, KSLA-TV, Shreveport, La., was equipped with a 265' tower and served a population area of 177,100.

AFTER: In November, 1955 the station changed to full power operation with a new 1195' IDECO guyed tower increasing population coverage to 1,089,350.

• When KSLA-TV decided to "reach up to reach out" they naturally turned their tower problem over to Ideco.

Why? Because Ideco knows towers ... has been supplying stations with new and expanded tower needs since broadcasting began. Meeting many unusual requirements in location, loads and weather conditions has given Ideco engineers a background in tower design and fabrication unmatched in the industry.

It's little wonder Dresser-Ideco is responsible for more than half of the nation's tallest TV towers and hundreds more of usual heights.

So when you are ready to "reach up to reach out" it's just good sense to call in Dresser-Ideco, regardless of whether your tower requirements are average ... unusual ... or spectacular.

For a practical talk about your tower, write Dresser-Ideco or contact your nearest RCA Broadcasting Equipment representative.

DRESSER-IDECO COMPANY One of the Dresser Industries COLUMBUS 8, OHIO Branch: 8909 S. Vermont Ave., Los Angeles 44, Calif.

NEW GROUP BUYS 4 CALIF. STATIONS

Imperial Broadcasting purchases KPRO Riverside, KROP Brawley, KREO Indio and KYOR Blythe for \$400,000. Also sold: KALI Pasadena, Calif., for over \$600,000.

NEW ENTRY into radio-tv station ownership was revealed last week with the \$400,000-plus purchase of four California radio stations by Imperial Broadcasting System Inc. The fourstation purchase highlighted a week which saw KALI Pasadena change hands for over \$600,000 and WOOW New Bern, N. C., for almost \$50,000.

Newly formed by Hollywood tv and business figures for the purpose of acquiring radio and tv properties, IBS announced Wednesday it had purchased stations KPRO Riverside, KROP Brawley, KREO Indio and KYOR Blythe from Broadcasting Corp. of America and W. L. Gleeson, subject to FCC consent.

Owner-management of IBS includes Frank K. Danzig, president and general manager; A. Bartlett Ross Jr., vice president and general sales manager; Richard L. Rosenthal, chairman of the board; Sherrill C. Corwin, vice president; Morris Pfaelzer, secretary-treasurer, and Rachford Harris, director.

Messrs. Danzig and Ross have been in radiotv for 20 years. They head Ross-Danzig Productions, Hollywood tv program packagers. Mr. Rosenthal is president of Citizens Utilities Co.; Mr. Corwin heads Metropolitan Theatres and North Coast Theatres and is a director of KAKE-TV Wichita, Kan.; Mr. Pfaelzer is an attorney, and Mr. Harris is an investment executive.

No changes in station personnel are contemplated, although expansion plans are already being discussed, an IBS spokesman told B•T.

"With Southern California setting the pace for radio all over the country, we look forward to a very successful enterprise under a revitalized organization," Mr. Danzig said. "We want the IBS stations to be the most attractive possible buy for local, regional and national advertisers, at the same time fulfilling our obligations to the listening audience for superior entertainment and news," he added.

IBS is currently investigating purchase of additional properties in other markets, B•T was told.

Also announced last week were the sales of KALI Pasadena, Calif., for a sum in excess of \$600,000, and that of WOOW New Bern, N. C., for \$48,500.

KALI was sold by Henry Fritzen, owner of KBUC Corona, Calif., to Tele-Broadcasters Inc. The transaction, subject to FCC approval, was negotiated by Albert Zugsmith Corp., Hollywood, newspaper-station broker. KALI is a daytimer on 1430 kc with 5 kw. Tele-Broadcasters, headed by H. Scott Killgore, owns WPOP Hartford, Conn.; KUDL Kansas City, Mo.; WKXV Knoxville, Tenn.; WKXL Concord, N. H.; WARE Ware, Mass., and—pending FCC sanction—WBBR Brooklyn, N. Y. Sale of WARE to Sherwood J. Tarlow and associates also is awaiting action by the Commission.

WOOW was sold by Craven Broadcasting Co. (Dr. F. Y. Sorrell) to Paul E. Reid, Otto Griner and H. M. Roberts, all of Fitzgerald, Ga. Mr. Reid is vice president-general manager

MR. ROSS

MR. DANZIG

of WBHB Fitzgerald; Mr. Roberts is WBHB commercial manager, and Mr. Griner is former owner of that station. WOOW, fulltime independent, operates on 1490 kc with 250 w. The sale, which is subject to FCC approval, was handled by the Paul H. Chapman Co., Atlanta, Ga., broker.

Among ownership changes approved by the FCC last week were one television station and three am outlets. These were, in the same order, WMCN (TV) Grand Rapids, Mich.; WIOU Kokomo, Ind.; WDOB Canton, Miss., and KTXL San Angelo, Tex.

H&E Balaban Corp. obtained control of ch. 23 WMCN. E. A. McCready Sr. and E. A. McCready Jr. surrender their 40% stock interest and Balaban Corp. also acquires 6.6% interest from 40% owner-president John D. Loeks, and 3.6% from 20% owner-secretary Howard W. Freck. Consideration involved is \$7,500. H&E Balaban Corp. owns 50% of WICS (TV) Springfield, III., 50% of WTVO (TV) Rockford, III., and 100% of Birmingham Tv Corp., applicant for ch. 42 in Birmingham, Ala.

WIOU was sold by North Central Indiana Broadcasting Corp. to Booth Radio & Tv Stations Inc. for \$180,000. WIOU is on 1350 kc with 1 kw and its affiliated with CBS. Booth interests include WJLB-WBRI (FM) Detroit, WBBC Flint, WSGW Saginaw and WIBM Jackson, all Mich., and WJVA South Bend, Ind.

WDOB was sold by J. Dige Bishop and associates to W. E. Farrar, Hugh Hughes, R. E. Hook and Lucille Hook for \$26,000 less \$5,000 in liabilities. The purchasers have interests in WRUS Russellville, Ky.; WRAG Carrollton, Ala., and WMAG Forest, Miss. WDOB is a daytime independent station on 1370 kc with 1 kw.

KTXL (1340 kc, 250 w), a Mutual affiliate, was sold to Warren J. Fortier for \$15,000. Mr. Fortier is owner of KVLH Pauls Valley, Okla., and 33% stockholder in KMRC Morgan City, La.

KTTV (TV) Adds Film Package

KTTV (TV) Los Angeles has announced its purchase of the 20th Century-Fox package of 52 feature films from National Telefilm Assoc. and will schedule uncut features, starting Nov. 7, in a Wednesday night period to be sold at time and program cost of \$6,500 per week. KTTV earlier sold selected features from its MGM buy to Colgate-Palmolive Co. for Friday evening use. KTTV is already programming the Columbia Pictures bundle of 104 features. KRCA-TV Los Angeles gets the 20th Century-Fox films after a second run on KTTV.

WPFH BROADCASTING STOCK IS OFFERED

Company, which includes WPFH (TV) Wilmington, Del., and WIBG-AM-FM Philadelphia, joins movement by major radio - tv companies to sell shares to general public.

A MOVEMENT to offer publicly stock in broadcast properties has been gathering momentum over the past few years and now includes many of the major companies in radio-tv.

To the ranks of publicly-held companies such as ABC, a division of American Broadcasting-Paramount Theatres Inc.; NBC, owned by RCA; CBS, and Westinghouse Broadcasting Co., a subsidiary of Westinghouse Electric Co., have come in recent years Storer Broadcasting Co., Consolidated Television & Radio Broadcasters Inc. (Bitner stations) and Tele-Broadcasters Inc. (H. Scott Killgore).

Latest to join this group is WPFH Broadcasting Co: (controlled by Paul F. Harron and whose stations include WPFH [TV] Wilmington, Del., and WIBG-AM-FM Philadelphia).

Its first offering was made last summer and comprised 150,000 shares of Class A common \$1 par value stock at \$1.875 per share, through Boenning & Co., Philadelphia. Also offered were 125,000 shares of Class B common at \$1 par value—but these were direct through Mr. Harron, president and controlling stockholder. The Class B over-the-counter price during last spring fluctuated between \$1.75 and \$2.00 per share. These offers were completely subscribed in the summer.

Last week, Boenning & Co. advertised WPFH Broadcasting Co. A and B stock and recommended them for "future appreciation."

Mr. Harron bought Wilmington's ch. 12 outlet (then WDEL-TV) from the Steinman interests in 1955 for \$3.7 million. He already controlled the WIBG stations, which he and his associates bought in 1936.

WPFH Broadcasting Co. is authorized to issue 7.5 million Class A common shares (of which 1,609,204 are outstanding) and 2.5 million Class B common shares (of which 2,141,-671 are outstanding). There also are notes and debentures. Class A stockholders elect five out of 15 directors; Class B shareholders, 10 out of the 15 directors.

Mr. Harron owns 67.59% of the company's Class B stock.

Consolidated balance sheet of WPFH Broadcasting Co., which also controls a wired music company in the Philadelphia area as well as the broadcast properties in Philadelphia and Wilmington, showed that as of March 31 there were total assets of \$4,335,985, of which \$418,-685 were current assets. Current liabilities added up to \$481,902 while long term liabilities were given as \$1,156,917. The balance sheet showed an overall deficit of \$52,950.56. and was included in the prospectus submitted to the Securities & Exchange Commission last June.

The ch. 12 Wilmington station operates independently with 316 kw. It is represented by Paul H. Raymer Co. WIBG operates on 990 kc with 10 kw. WIBG-FM is operating on 94.1 mc with 20 kw as a functional music station under an agreement with a supermarket merchandising company.

Mr. Harron is principal owner of the Atlantic City Racing Assn. and also of an outdoor swimming pool.

WBC Buys Warner Movies To Show on Three Stations

WESTINGHOUSE Broadcasting Co. last week announced it had signed a contract totaling approximately \$1 million with Associated Artists Productions, New York, calling for the Warner Bros. library of feature films and assorted short subjects to be shown on the company's WBZ-TV Boston, KDKA-TV Pittsburgh and KPIX (TV) San Francisco.

The contract provides for the entire library of 740 Warner feature films for WBZ-TV, in addition to 240 *Popeye* cartoons, which Paramount produced. One unusual aspect of the sale is that AAP provided sponsorship of the *Popeye* cartoons by signing American Character Doll Co., New York, and Remco Electroaics Toys, Newark, N. J., both through Webb Assoc., New York.

The WBC agreement with AAP also provides that KPIX will be supplied with 58 Warner Bros feature films and that KDKA-TV will obtain the *Looney Tunes* cartoons, featuring Bugs Bunny.

FORTY-TWO engineers of WGR-AM-TV Buffalo, N. Y., last week offered congratulations in the form of a scroll to the WGR Corp. and ABC Radio and Tv. The gesture grew out of the recent changeover of both the radio and tv station to ABC affiliation. Presentation of the scroll is made to Joseph J. Bernard, (r) vice president-general manager, by (1 to r) engineers Albert Koltun, Anibal Souza, William F. Willig, Pat Luisi, Raymond Smith.

"I read Ad Age regularly and thoroughly"

says: F. E. BENSEN, JR. Advertising Manager Canada Dry Ginger Ale, Inc.

"I look to Advertising Age every week for complete penetrating reporting of the news, as well as for provocative commentary on advertising trends and practices. And every week, that's what Ad Age gives me. It's one of the few publications I consider indispensable . . . I read it regularly and thoroughly."

F. E. BENSEN, JR.

Mr. Bensen handles what is probably one of the most complex campaigns in the advertising field. In addition to national advertising, his office supervises and coordinates the local campaigns of nearly 200 franchise bottlers and company-owned plants. He has held his present post for four years, working closely with W. S. Brown, V.P. and Director of Advertising.

Mr. Bensen joined Canada Dry in 1943 following his association with Vick Chemical Co. He served as assistant ad manager for four years, first for companyowned plant promotion, later for franchise advertising before being named manager for both. During this period Canada Dry's annual sales jumped from \$30 million to \$74 million.

Setting aside sufficient time to read Ad Age regularly and thoroughly is not so much decision as habit with most of the executives who are important to you. They have found in its crisp reporting, its insights into trends and developments, the style and calibre of information that makes it indispensable —not only to those who activate, but those who influence important market and media decisions.

A case in point is Canada Dry, where the advertising budget runs close to \$6 millions annually, not counting the share paid by franchise bottlers. Last year, it ranked among the top 200 tv spot advertisers*, and uses both radio and tv spots to promote its line of soft drinks, club soda, etc.

Every week, six paid-subscription copies of Ad Age reach important desks at Canada Dry, where they get read, quoted and discussed by sales, advertising and other management executives. Further, 38 paidsubscription copies get similar readership in the agencies bandling their advertising, J. M. Mathes, Inc. and MacLaren Advertising, Ltd.

Add to this AA's 35,000 paid circulation, its tremendous penetration of advertising agencies with a weekly paid circulation of over 9,000 agency people alone, its intense readership by top executives in national advertising companies, its unmatched total readership of over 120,000—and you'll recognize in

Advertising Age, a most influential medium for swinging broadcast decisions your way in 1956.

NBC SPOT SALES' CLIENTS AUDITION BY TELEPHONE

Buyer needs only call up to hear a program he's interested in sponsoring. Now limited to New York, 'Radio-Phonic Spot Buying' may be extended.

A NEW SERVICE, enabling agency timebuyers and other agency and advertiser people to audition by telephone the radio programs they're considering, was unveiled last week by NBC Spot Sales.

The programs, of course, must be those of the 10 radio stations represented by NBC Spot.

The service, called "Radio-Phonic Spot Buying," is "so simple somebody should have thought of it long ago," John H. Reber, director of NBC Spot Sales, said in pre-viewing it for newsmen last week. It works this way:

Transcriptions of programs on stations represented by NBC Spot are collected at the organization's New York headquarters. There a turntable has been installed, connected with the telephone. A prospective buyer, considering a certain program or programs, can call his NBC Spot Sales radio salesman in New York and ask to hear it (or them). While the buyer "holds on," the salesman has the department's receptionist — "Radio-Phonic" operator —put on the transcription and throw the switch that enables the caller to hear the program

at his own telephone in his own office. The caller can have one program taken off and another put on at any time, merely by speaking to the operator on the same telephone through which he's listening to the recording.

"From the beginning of radio," Mr. Reber said, "the truly vital elements of intelligent buying have been the programs themselves and the personalities who make them sound advertising investments. Now, for the first time, national spot radio advertisers can make important buying decisions based on actual performances of programs and personalities."

"Radio-Phonic Buying" makes unnecessary the lugging of record players and transcriptions from one agency to another, which Mr. Reber said NBC salesmen have sometimes done in the past without finding the practice particularly satisfactory.

The new service—which was the idea of Bill Fromm, manager of advertising and promotion for NBC Spot Sales—goes into effect today (Mon.) but at the moment is available only to New York agencies. However, Mr. Reber said, "we hope to extend it to our other sales offices in the near future." He said his organization already has collected audition records of some 50 programs and hopes eventually to have all programs that are carried on all NBC Spot represented stations.

Struthers to Manage CBS' Buy in Hartford

CBS INC. was set to assume ownership of WGTH-TV Hartford (ch. 18) yesterday (Sun-

day) and change the call letters to WHCT (TV).

MR. STRUTHERS

where he has been general manager for five years. Mr. Struthers has been associated with CBS for 16 years.

"Viewers to WHCT (TV) in the Hartford-New Britian areas will receive an expanded program schedule," Mr. Van Volkenburg said. "The station will carry a full daytime schedule, starting at 7 a.m. and it will add substantially to its local programming, particularly in the field of public affairs and civic interest programs."

CBS Inc. bought the station from General-Times Television Corp. FCC reinstated the approval last week [see story page 69].

WFLO in New Studios

COINCIDING with the station's ninth anniversary, WFLO Farmville, Va., moved into its new studio, transmitter and office building Sept. 9. The new building is of colonial design with white columns extending to the roof of the two-story structure. Opening ceremonies included messages from Virginia Gov. Thomas B. Stanley and others. Mrs. Carla B. Keys is WFLO owner-general manager and John Wilson is station manager.

WEEI NAMES GORMAN GENERAL MANAGER

TOM GORMAN, sales manager of WEEI Boston since September 1955, has been named general manager of the CBS-owned radio station,

it was announced last week by J. Kelly Smith, administrative vice president of the network. Mr. Gorman succeeds Harvey S. Struthers, who becomes general manager of CBS' newly acquired WGTH-TV Hartford, Conn. (see story, page 100). Mr. Gorman en-

MR. GORMAN

tered broadcasting following the war

when he joined WOR New York. In January 1952, he joined CBS Radio as account executive at WCBS New York, transferring to CBS Radio Spot Sales that December. He remained with this department until the summer of 1955, when he moved to the network's Boston operation.

Report on NBC Spot Sales Cites Upswing in Spot Radio

MORE than 50 new advertisers bought radio and tv time on stations represented by NBC Spot Sales during the past six months, John H. Reber, director of the sales organization, announced last week.

Without detracting from tv sales, he said "our radio business is just terrific," and concurred with other industry authorities who have predicted that this will be a peak year for spot radio. He said a number of stations represented by NBC Spot Sales are running up record volumes, with the "most amazing" record thus far—in point of percentage increase—going to WRC Washington, whose spot billings he said were 47% higher during the first seven months of this year than during the same period of 1955.

He credited a good share of his department's success to its trade advertising campaigns.

The new advertisers signed by his organization in radio and tv during the last six months, Mr. Reber said, encompass a number of consumer goods including detergents, perfume, beer, gasoline, paints, baked goods, and wearing apparel. Also, he noted, national spot schedules have been used in selling airline, bus, and railway transportation, insurance, and air conditioning—and in recruiting workers.

Englander, Chicago Stations Launch New Treasure Hunts

A TREASURE HUNT with \$100,000 as prize was launched over the past weekend in Manhattan by the Englander Co. (sleeping equipment) and two Chicago stations, WMAQ and WCFL, announced that they each would launch similar contests for prizes of \$1,000. The contests follow a "finders-keepers" giveaway stunt inaugurated a few weeks ago on WRCA New York [B•T, Sept. 10].

Englander last week aired 150 "teaser" spots over WNEW New York and for the next four weeks will broadcast 287 spots on WNEW and three other New York stations, WMCA, WINS, and WMGM. The contest calls for the hiding of a \$100,000 draft somewhere in New York, with clues being available at Englander dealers. If the draft is not found by next Monday, a new set of clues will be placed between the company's Airfoam mattresses in dealers' showrooms. If the draft is not found by Sept. 29, its value drops to \$25,000 and continues to drop daily as additional hints are revealed by the four New York stations. Englander is awarding one gift certificate each day during the first 15 days of the hunt.

WMAQ gave its contest chore to Henry Cooke on its *Chicago Calling* early morning show. He will give new clues each day (from 6:10-8:40 a.m.) until a certificate worth \$1,000 is found. The station promised it would be hidden in an easily accessible and prominent city location and that there would be no necessity for listeners to climb flagpoles or go skindiving off Grant Park.

WCFL, the Chicago Federation of Labor outlet, will launch its *Treasure Hunt*, giving away a \$1,000 bill each week and dispensing clues from 7:30-10 a.m. WCFL promised it would be hidden in Metropolitan Chicago.

Webb Manager of WAIT

APPOINTMENT of Lloyd Webb as station manager of WAIT Chicago was announced last

MR. WEBB

Wednesday by Robert O. Miller, owner-managing director of the 5 kw independent outlet.

Mr. Webb, who joined the station in 1954 as an announcer-disc jockey, will supervise all departments, concentrating on realignment of sales and programming operations, according to Mr. Miller. Mr.

Webb formerly was with WGES Chicago. WAIT operates on 820 kc and programs music and news.

SUNFLOWER CONTEST BRIGHTENS WRCV-TV DIVIDEND PLAN

A SUNFLOWER-GROWING contest, with an RCA Victor color tv set as the prize, turned the trick in stimulating interest in what WRCV-TV Philadelphia felt was an "extraordinary tv buy" but one that had been bypassed by many clients.

The buy is the station's "12-50 Dividend Plan," which offers an advertiser who buys twelve 10 or 20-second announcements in one week a full 50% discount on announcements falling in Class B, C or D time periods, plus a dividend of one 10 or 20second station break for each two similar announcements purchased between 9 a.m. and 5:30 p.m. Sunday through Saturday.

In order to use his nationwide mailing list of some 1,750 top-level agency personnel, WRCV-TV Promotion Director Jack Wiley's first chore was to procure a seed that would germinate equally in all sections of the country and at the same time grow at such rapid pace as to offer keen competition. The sunflower turned out to be the answer.

Mr. Wiley then went to work creating copy for a direct mail piece which would tell the recipient about the contest as well as the "12-50 Dividend Plan." He came up with a three-part campaign which afforded him the opportunity to place his WRCV-TV sales message before prospective buyers throughout the summer months. Mailing pieces were sent out May 30, July 18, and August 7.

As a result, approximately 200 entries came from 15 different states, and the WRCV-TV sales department signed up 20 new customers to the dividend plan during an admittedly slack sales period.

The Philadelphia tv station received a variety of stories from contestants during the contest—some true, some mighty "tall." One ad man in California confessed that he had split his packet of seeds and planted them in five different locations, each week sending forth a messenger from his office to check the height and condition of the crop.

A fellow from Chicago declared his sunflower to be 288 ft., 9 in. tall—and sent along a picture to prove it (there he stood, proudly displaying his three-ft. sunflower atop a tall Windy City building!). Chris

WINNER of WRCV-TV's sunflower-growing contest, Harold A. Bennett of Tatham-Laird, Chicago, had to get up on his garage to touch the top of his 12 ft., 9½-in. entry.

Lynch, of the Ted Bates Co., New York, was declared the midway winner and recipient of an RCA Victor black-and-white set.

The grand prize winner: Harold A. Bennett of Tatham-Laird, Chicago, whose entry was 12 ft. $9\frac{1}{2}$ in. tall.

We've Moved HOAR HOAG QUITS POST, REPLACED BY BLAIR

ROBERT B. HOAG has resigned as president of Hoag-Blair Co., tv station representative, and is being succeeded by John Blair, also president of John

Blair & Co., radio station representation firm which owns controlling in-

terest in Hoag-Blair. The changes are being announced today (Monday) by Mr. Blair, effective last Friday. In addi-

tion, Mr. Blair said

Richard Foote, re-

cently named execu-

tive vice president of

MR. BLAIR

Hoag-Blair, will assume the duties of general manager of the firm. Mr. Hoag's plans were not disclosed. He formed the Hoag-Blair organization in association with John Blair & Co. in the fall of 1954, to represent television stations not represented by Blair-Tv. He formerly was sales manager of KFMB-TV San Diego, and before

MR. HOAG

that was with CBS-TV Spot Sales and, before that, with KNXT (TV) Los Angeles both before and after its acquisition by CBS.

Mr. Foote, new general manager of Hoag-Blair, joined the organization in the fall of 1954 and became eastern sales manager six months later. He was named executive vice president a short time ago.

WQAM Signs Two

TWO MIAMI radio personalities have been signed by WQAM in a major talent move to capture a larger share of the audience, according to Todd Storz, who recently acquired the Miami station for his group. The station is expected to drop ABC affiliation and operate as an independent.

Alan Courtney joins WQAM Oct. 1 after a long background at WNEW and WHN New York and other stations. He has been at WGBS Miami seven years. At WQAM he will conduct his telephone interview program. Jerry Wichner, long at WINZ Hollywood, Fla., moves to WQAM at the same time.

Dexheimer With KFXM Buyers

PHIL DEXHEIMER, salesman of KBIG Catalina, Calif., has joined Howard Tullis, John Hearne and Ben Paschal in prospective ownership of KFXM San Bernardino, and will be general manager if the KFXM sale is approved by FCC. The Tullis-Hearne-Paschal group bought KFXM for \$24,000. The three own KAFY Bakersfield, Calif.

ADAM YOUNG Inc. has been named national sales representative for WGMS Washington, newly-purchased radio station that now is one of the owned-andoperated facilities of RKO Teleradio Pictures Inc. John B. Poor, MBS president and RKO Teleradio vice president, signs the contract, while Adam Young (I) of the representation firm and Wendell Campbell, national sales manager of General Teleradio's owned-and-operated radio and tv properties, look on.

KVSO-TV Ardmore, Okla., **Appoints Key Personnel**

KEY PERSONNEL of KVSO-TV Ardmore, Okla., now on the air with regular programming, was announced last week.

Douglas C. Dillard is station manager; Don Irwin, sales manager; Galy Varnell, director of tv operations; Bill Kolb, chief engineer; Dollie Talkington, program director; Barbara Winkler, promotion director, and Bill Lauderdale, news director.

The station also has released its first time One hour, one time in the Class A card. period (6 p.m. to 10 p.m.) costs \$150. One hour, one time in Class B (all other times) is \$120.

KVSO-TV went on the air Aug. 21 and began regular programming the first week in September.

KPLC's Wilson Dies at 56; Mills Succeeds as Gen. Mgr.

DAVID WILSON, veteran Lake Charles, La., radio-tv executive, died at his home there last

Tuesday after an illness of several months. He was 56. Mr. Wilson was general manager of the Calcasieu Broadcasting Co. and was active in management of KPLC Radio and KPLC-TV Lake Charles until this summer.

Pelham E. Mills Jr., with KPLC-AM-TV for 13 years and acting manager since

MR. WILSON

Mr. Wilson's illness, succeeds him as general manager.

Lee Perryman, formerly of the Lake Charles American Press has succeeded Mrs. Pauline Mahoney as promotion manager of KPLC-TV.

JACKIE GLEASON'S "HONEYMOONERS" is filmed by Du Mont Electronicam System which incorporates an especially designed and adapted 35 mm Mitchell movie camera. Here are Jackie Gleason and Joyce Randolph, right, peering through the comera lens at Audrey Meodows and Art Corney.

NEW ELECTRONICAM REDUCES SHOOTING TIME

Du Mont's Video-Film System incorporates both Mitchell 35 mm film camera and TV camera

First to use a video-film system in major TV film production is Jackie Gleason's popular show "The Honeymooners." In going "live on film," Jackie Gleason makes use of the new Du Mont Electronicam System, which combines advanced TV techniques with highest quality 35mm photography.

Heart of the Electronicam System is a completely new type of unit, blending a Du Mont TV camera and a specially adapted Mitchell 35mm camera using a common lens system. It gives the producer full advantage of the best techniques of motion picture production while enjoying the time saving and broadened creative scope available in video's electronic practices. Savings in shooting time and costs are substantial.

The 35mm Mitchell cameras used as integral parts of the Electronicam System produce consistently superior black and white films, as well as color films which are unequaled for uniformity of quality. Mitchell cameras today serve not only in the television industry, but also are the predominant choice in the production of governmental, industrial, research and educational films, as well as being standard equipment for major studios throughout the world.

Complete information on Mitchell cameras is available upon request on your letterhead.

Du Mont Electronicam pick-up; Mitchell 35 mm film camera an left, TV camera on right.

*85% of professional motion pictures shown in theatres throughout the world are filmed with a Mitchell

Scene from "The Honeymooners" shows Jackie Gleason and Art Carney on set before three pick-up units of Electronicam System. Each pick-up unit has both TV camera and specially designed Mitchell film camera.

of the radio division.

In broadcasting for

more than 30 years,

he also has been

manager of the Ra-

dio Advertising Co.

and supervisor of

promotion for the

MR. MOORE

Hearst newspapers.

Edgar B. Filion, with the Meeker organization for seven years, was named vice president in charge of the television division. His new duties include supervision of sales development, station relations and tv sales.

Carl Jewett, who joined Meeker six years ago after serving with Everett-McKinney Co. and WKAN Kankakee, Ill., was named vice president in charge of midwest operations.

Vic Piano, with the Meeker company for

four years and before that promotion director of WSB-AM-TV Atlanta, becomes director of sales development and promotion, working directly with Mr. Filion and Mr. Moore.

Chuck Standard, who was a Procter & Gamble account executive for The Biow Co. and also served as an NBC-TV salesman and a client service executive with A. C. Nielsen Co. before joining Meeker, becomes eastern sales manager for television. He reports directly to Mr. Filion.

Norm Cissna, account executive in Chicago, becomes manager of sales development for the midwest area.

Additions to the firm include Paul Murray, formerly with WTTV (TV) Bloomington-Indianapolis, who will be an account executive, and Mrs. Mimi von Zelowitz, formerly a supervisor in the radio-tv research department of Young & Rubicam, who joins as director of research. She reports to Mr. Piano. Both she and Mr. Murray will be in the New York office, which has taken over the 37th floor at 521 Fifth Ave.

MR. JEWETT

KBIG Rejects Church Group's Request for Sunday Ad Ban

REQUEST by the Long Beach Council of Churches that KBIG Catalina, Calif., refuse to accept advertising from auto dealers on Sunday has been denied by John Poole, station president. "I do not believe it is within our premise to decide who should conduct business on Sunday and who should not," he wrote the council, adding, "This must be the decision of the business people themselves."

Mr. Poole explained that KBIG refuses advertising based on fraudulent claims, indecent or profane material, vulgarity or poor taste.

"The services of radio and tv stations must be available to all advertisers on equal terms, in accordance with our American philosophy of free enterprise," he said. He pointed out that the station could not apply a Sunday advertising ban on auto dealers and not on other businesses. He said many people dine at restaurants after attending church. suggesting the station performed a service to these people if it made them aware of a good place to dine.

KFSD-FM San Diego on Air

KFSD-FM San Diego. Calif., was to go on the air today (Monday). "completely sold out," according to Manager F. T. Boise.

The only San Diego station programming strictly for fm broadcasting, KFSD-FM will carry popular, semi-classical and classical music throughout its broadcast day, 4 p.m. to 11 p.m. Monday through Friday. Mason Ingram has been signed to program and announce all shows. KFSD-FM is to operate with 33 kw.

WRCA-AM-TV Names Heitin, Stevens as Sales Directors

REORGANIZATION of the sales departments of WRCA-AM-TV New York to "meet the changes and requirements of so rapidly an expanding industry," was announced last week by Thomas B. McFadden, NBC vice president and WRCA-AM-TV general manager.

Under the executive realignments, Jay J. Heitin, WRCA-TV sales manager, becomes sales director, as does George C. Stevens, WRCA sales manager. Succeeding them are James Barry (WRCA-TV) and Herman Maxwell (WRCA).

Mr. Heitin, former program manager, WHYN Springfield, Mass., joined WRCA-AM-

MR. STEVENS

MR. HEITIN

TV in 1949 as news and special events director for the then WNBC and WNBT (TV) stations, switching to sales in 1950 and becoming sales manager in 1954. Mr. Stevens joined NBC in 1945 as business manager of the radio recording department, becoming WRCA controller in 1949 and sales manager in 1954. Mr. Barry, a former space salesman, joined WRCA-TV in time sales, and Mr. Maxwell moved to WRCA as a salesman in 1953 after spending 20 years with WOR New York as account executive.

Tri City Promotes Two, Forms New Policy Group

FORMATION of a seven-member policy and operational group by Tri City Radio Corp. (WLBC-AM-TV and WMUN [FM]), Muncie, Ind., has been announced by President Donald A. Burton. Also announced was the promotion of two executives.

Maurice M. Crain, chief engineer, has been advanced to the newly-created post of vice president of engineering and purchasing agent and made a member of the policy group. He has been with the stations since 1936. Patrick S. Finnegan, assistant chief engineer since March 1954, moves upward into the chief engineer's post vacated by Mr. Crain.

Other members of the policy and operational group, in addition to Messrs. Burton and Crain, are W. F. Craig, vice president and commercial manager; Mrs. Garnet Burton, secretary; Lee Allerton, program director; Florence Boyd, office manager, and W. F. Craig Jr., recording secretary of the new group.

Buys for Year on WCKT (TV)

FULL-YEAR schedule of newscasts over WCKT (TV) Miami, Fla., has been purchased by Cities Service Oil Co., New York, through its agency, Ellington & Co., same city. The oil company will sponsor, effective today (Monday), Phil Kelleher's *11th Hour News* over the ch. 7 Miami outlet, Mondays through Fridays at 11 p.m.

Stars National Names Bress To Manage Chicago Office

ALAN BRESS, account executive in the New

York office of Stars National, radio - tv station representation firm, has been named general manager of the organization's new Chicago office, effective today (Mon.), President Bernard Howard announced last week.

Mr. Bress was with Harry B. Cohen before moving to Stars National in 1954.

MR. BRESS

Mr. Howard also announced that Larry Wasserstein, a timebuyer with the Cohen agency, has joined the New York office.

Ch. 32 WWLP (TV) Declares Both Stock, Cash Dividends

STOCK and cash dividends were declared last week by the board of directors of Springfield Broadcasting Co., owners and operators of WWLP (TV) Springfield, Mass. (ch. 32). The station believes it is the first uhf station to declare cash and stock dividends.

Roger L. Putnam, president of the station, said that a 5% stock dividend payable today (Monday) and a cash dividend, amounting to 10 cents a share, payable Nov. 17, were voted last Wednesday, coinciding with the end of 3¹/₂ years of operation by WWLP. He added that the uhf station has completed "one of its most successful six-month periods," with gross sales amounting to nearly \$500,000 and net earnings exceeding \$82,000. He predicted that gross sales for this year will top the \$1 million mark and earnings will reach "a record high."

Fourth WNBQ (TV) Studio Completes Switch to Color

WNBQ (TV) Chicago has completed its conversion to all-color operation, with the last of four studios now ready, NBC Central Div., reported last week.

At the same time, completion of remodeling of Studio E has been supplemented by withdrawal of equipment from storage adjacent to the Studebaker Theatre, consolidating NBC Chicago operations under one roof (the Merchandise Mart) for the first time in years.

WNBQ also has pressed into use a new film studio with one monochrome and two color film camera chains, slide projectors and switching-control equipment. Additionally, production facilities, props and shops have been moved from the lower tower of the Mart to the 19th floor.

DuMont Outlets Name Weed

WEED & Co. has been appointed national station representative for WABD (TV) New York and WTTG (TV) Washington, D. C., DuMont Broadcasting Co.'s President Bernard Goodwin announced last week. The appointment is effective immediately.

MR. HALLOCK (I) demonstrates the Midgetape portable recorder used on his Russian trip to J. Henry Helser, head of the Portland investment firm which sponsored the trip.

Uncensored Russian Talks Taped During Hallock Trip

TED HALLOCK, director of public affairs for J. Henry Helser & Co., Portland, Ore., investment firm, has returned from a 23-day tour of the Soviet Union during which he taped interviews with Russian citizens. Helser, which claims to be the first financial house to underwrite a private reportorial trip behind the Iron Curtain, said the interviews were made without government censorship.

Fourteen quarter-hour programs, titled *Inside Russia*, have been made of the tapes and will be aired on KPOJ Portland, starting yesterday (Sunday) under the sponsorship of Helser. In addition, the programs have been offered for sustaining broadcasts to other Oregon stations and a 30-minute program on Mr. Hallock's trip has been made available to Mutual.

Mr. Hallock formerly served in various capacities with KGW, KEX and KPOJ, all Portland, and KUGN Eugene, Ore. Twice he has been selected as Oregon's outstanding radio broadcaster by the Press Club of Oregon and has received awards from the National Conference of Christians and Jews, the English-Speaking Union of the U. S., Freedoms Foundation, Ohio State U., and in 1951, the George Foster Peabody award for his program series, *Careers Unlimited* and *Civic Theatre on the Air* at KPOJ.

Eggs in Alaska

TWO THINGS were proven by a recent sales campaign in Alaska: Alaskans like eggs and listen to and watch the territories radio and tv stations.

Using only the Midnight Sun Network (KFAR-AM-TV Fairbanks, KENI-AM-TV Anchorage, KJNO Juneau and KABI Ketchikan, all Alaska), Washington (state) Co-Op Assn., through Rune Goranson Co., Seattle, advertised its Lynden brand eggs. As a result of the campaign, the co-op's egg sales have increased seven fold. The week of Aug. 30, orders from Alaska were so large the association did not have enough eggs, had to short Alaskan customers by 30 cases.

We build electronic "BRAINS" for guided missiles

A missile's accuracy in reaching its target depends upon the reliability of precision electronic controls.

From the very beginning, scientists and engineers of the International Telephone and Telegraph Corporation have been at work on guided missile systems, applying world-wide experience and a score of special skills.

FEDERAL TELECOMMUNICATION LABORATO-RIES and FARNSWORTH ELECTRONICS COMPANY, both divisions of IT&T, are deeply engaged in research, development, and manufacture of missile guidance and precision remote control systems . . . contributing to the conception and operation of such missiles as the Terrier, Talos, Sparrow, Meteor, Rascal, and Bomarc.

Missile guidance is one more field in which the creative engineering and the

integrated facilities of IT&T are developing new concepts in electronics and telecommunications.

INTERNATIONAL TELEPHONE AND TELEGRAPH CORPORATION, 67 Broad Street, New York 4, N.Y.

Antitrust Suit by WNDR Ordered Brought to Trial

A MHLLION dollar antitrust suit by WNDR Syracuse, N. Y., against the Newhouse newspapers and radio stations in that city (Syracuse Post Standard and Herald Journal-WSYR-AM-FM-TV) has been ordered to hearing. The U. S. Court of Appeals, Second Circuit, two weeks ago reversed the dismissal of the suit by a federal district judge last year, [B•T, Aug. 22, 1955].

Written by Circuit Judge Harold R. Medina, the appellate court said that a trial should be held on the charge of conspiracy to restrain trade by the use of unit rate for advertising in the two newspapers, the circulation of false rumors about plaintiff, the refusal to publicize in the newspapers items favorable to the plaintiff and the giving of discriminatory advantages to WSYR. Judge Medina pointed out that a directed verdict in defendant's favor may be warranted at the end of the trial, and that "there are some indications that no substance will be found in the charge relative to rumors . .."

WNDR brought suit to collect treble damages charging the Newhouse newspapers and stations with unlawful restraint through "package deals in advertising," and alleged false rumors about WNDR's financial stability.

The suit was dismissed by Federal Judge Stephen W. Brennan. The appeal was argued before Judges Medina, J. Edward Lumbard and Sterry R. Waterman last February.

Our 30th Year

FRED FLETCHER, vice president and general manager of now-building WRAL-TV Raleigh, N. C., prepares to sign a representation contract with H-R Television Inc., New York. With Mr. Fletcher and waiting to sign is Frank M. Headley, H-R president. The ch. 5, NBC affiliate has a December target date.

Color Slides by KTVT (TV)

KTVT (TV) Salt Lake City is now transmitting black-and-white slides in electromic color with 56 different color combinations, the ch. 4 outlet reported last week. The color effects equipment was built and installed by Alan Gunderson, director of engineering, and his staff. The station plans a series of workshops with local advertising agencies to explain how advertisers can best take advantage of color presentations.

Mehlig Heads KTLN Sales

LEE MEHLIG has been appointed general

sales manager of KTLN Denver, effective Sept. 10, according to President Richard B. Wheeler. He replaced Dean Jarvis; who is leaving to construct a new station.

Mr. Mehlig, who has been national sales manager of KTLN since January 1954, began his radio career as an announcer with

MR. MEHLIG

WNMP Evanston, Ill., and joined the Denver station in August 1953.

KPIX-TV to Show Color Movies

KEEPING with the general trend to more color tv programming, KPIX-TV San Francisco has announced that color movies will be featured on the station's *Fabulous Program* (Sundays, 5 p.m.). Among color films to be shown on tv for the first time, according to KPIX-TV, will be "The Great Gilbert & Sullivan," starring Maurice Evans, "Garden of Allah," with Marlene Dietrich and Charles Boyer, and "New Mexico," featuring Lew Ayres and Marilyn Maxwell.

Cameraman Gene D. McKinney goes aloft for some footage on a new building.

WIBW-TV goes <u>anywhere</u> for news and gets it — with High Speed Du Pont 931 film

Good local and regional coverage is an important part of the six daily newscasts of WIBW-TV, Topeka, Kansas, and is contributing to the station's rapid growth in the Midwest. Du Pont 931 Film has proven ideal for their news photography both day and night.

Ed Rutherford of WIBW-TV Photo Staff says, "On one occasion, a photographer 'opened up' and shot in darkness so dense there was no meter reading. Result: a usable print!"

WIBW-TV staff members report a 180 ASA rating outdoors for 931 and easily push it up to 350 ASA. Latitude and sensitivity – excellent. And Mr. Lewis Dickensheets, Assistant General Manager, says: "Fortunately, Du Pont 931 is prehardened. That's particularly important, since the water we use for cooling is often above 76 degrees!"

Take advantage of the many fine features of Du Pont 931. For more information, ask the Du Pont Sales Office nearest you or write Du Pont, Photo Products Department, Wilmington 98, Delaware. In Canada: Du Pont Company of Canada Limited, Toronto.

PRIZE: A TROPICAL ISLAND

PIEL BROS., Brooklyn, is launching a "Bert and Harry Piel Treasure Island Contest," today (Monday), with the grand prize the ownership of a tropical island in the Bahamas. The contest will be promoted by "Bert and Harry" on radio and tv and in printed media. Weekly contests will be held through Oct. 15, with contestants asked each week to write in 25 words, or less, a reply that "Bert" would make to a comment by "Harry." Each week 107 prizes will be awarded, including automobiles, appliances and color sets.

SALUTE TO THE IRISH ON MBS

MUTUAL will present a special, one-time only Spirit of Notre Dame program Friday (9-9:30 p.m. EDT) on the eve of the beginning of its broadcast schedule of Notre Dame U. football team. The program, which will feature persons associated with Notre Dame in the past and present, will be highlighted by a brief documentary outlining the career of David Hayes, president of WACE Chicopee, Mass., chosen to exemplify the "Spirit of Notre Dame." Mr. Hayes is an alumnus.

KDEF PREPARED FOR STEVENSON

KDEF Albuquerque News Director Ben Caine was one of approximately 200 news and cameramen surrounding Democratic candidates Adlai Stevenson and Estes Kefauver when they visited Albuquerque on their "grass roots tour" of the nation. However, Mr. Caine was prepared. A mobile unit had been installed in his convertible the previous day and he approached Clayton Fritchie, head of the press relations, with ". . . we're ready now sir." With no idea what Mr. Caine was talking about, Mr. Fritchie replied, "You are?" "Yes, sir, and right on schedule, too. Please get Mr. Stevenson out to our mobile unit . . ." Apparently unwilling to admit that a radio address had been scheduled without his knowledge, Mr. Fritchie whispered into the candidate's ear and then led him to the newsman's waiting convertible. Mr. Stevenson proceeded to deliver a brief, unscheduled radio address on KDEF, thus giving the station a clean beat over other news sources.

NTA SENDING EXPENSIVE KITS

NATIONAL TELEFILM Assoc., New York, last week started distribution of promotion kits for its package of 20th Century-Fox feature films to the more than 100 stations that have bought the films. NTA claimed the kit is "the most comprehensive to be put together by a distributor to support a station operator." The kit weighs six pounds and is in the form of a file folder. It contains pockets for synopses, publicity releases, on-the-air announcements, slides, telops, mat ads, photos, and newspaper and magazine reviews. The kits, available free to the stations, cost NTA about \$50 each and would cost a station about \$150 to duplicate, an NTA spokesman said.

KANSAS CITY'S 'PRETTIEST BABY'

USING 56 radio spots per week, Union Chevrolet, Kansas City, held a "Prettiest Baby" contest in which entrants were less than six years old. The contest, staged by Litman, Stevens & Margolin agency, Kansas City, was a tie-in with the fact that Union's Jerry Green claims to be one of the world's youngest Chevrolet dealers and, therefore, advertises as "Baby Jerry." The contest drew 3,000 entrants within two months and singer Bing Crosby served as judge.

Neither High Road Nor Low Road for WISN

TO POINT UP its new "Musicana" format, WISN Milwaukee, is employing "maestros" rather than disc jockeys.

The maestros earn this fancier title because of the care with which they prepare their programs to maintain the tone and quality of the "new listen" and the individualistic techniques with which they present them, according to John B. Soell, manager of WISN-AM-TV and his assistant manager for radio, Carl Zimmermann.

"When they prepare their programs, they start with a basic policy, Mr. Zimmermann explains. "The artists must be well known . . the music must not scream or shout at the listener. Tempo is then considered. Because the music is smooth does not mean it must drag or become monotonous. At least every third selection must have a beat but definitely not a blues or rock-androll beat."

Although music is the focal point, the station's format also includes news, sports and network shows (predominantly ABC, with one NBC and one CBS show on Sunday).

day). "To know and present this music, WISN employs five of Milwaukee's and Wisconsin's most competent and popular air personalities," says Mr. Zimmermann.

They are The Little Maestro With the Long White Beard (in real life Bob Peterson), who is on in the early morning hours,

_ ___ ___ _

and Maestros Bill Bramhall, Jack Denton, Tom Lambert and Don Froelich, who are on at various times throughout the day and evening. Bramhall is featured from noon to 3 p.m. for housewives, and Jack Denton is on hand for an additional audience of teenagers coming home from school between 3 and 6 p.m. Tom Lambert carries a more sophisticated after-dinner show, and the 9 p.m. to midnight stretch belongs to Don Froelich.

Network shows get their biggest play in the 9 a.m. to noon section of the day's programming and include *Breakfast Club*, serials, and music programs. Network news and sports are spotted at other times throughout the day.

Letters of praise for the new WISN format have been rolling in both from agencies and the listening public.

Typical of the agency comments is one from James Doolittle, radio-tv director of Klau-Van Pietersom-Dunlap, Milwaukee: "Perhaps the simple, most important element in station programming is to reach an audience with programs the majority of people will listen to. WISN reaches that level of people who are in the better position to buy or influence the purchaser of advertised products. I personally can't believe that the rock-and-roll enthusiasts or other musical fadists exert much influence when it comes to purchasing power..."

KDKA'S CARMAN TO CAMPAIGN

TO SCARE UP votes for Carman Monoxide, "presidential nominee" of *Cordic & Co.*, disc jockey show on KDKA Pittsburgh, a 14-car campaign train sponsored by the station will tour towns in the tri-state area, Sept. 29. At certain towns along the route, the train will stop for a *Cordic & Co.* show, featuring election speeches by Carman (played by Bob Trow) and supporting talks by other program characters. The trip began as an on-the-air gag while *Cordic & Co.* was on vacation the latter part of August and the station used pre-recorded skits supposedly taking place on a Carman campaign train. A real trip materialized when KDKA officials realized that many younger

HERALDING 'CIRCUS BOY'

SCREEN GEMS has arranged a series of promotional events this week to herald the launching of its *Circus Boy* tv film series on NBC-TV Sept. 23 (7:30-8 p.m. EDT). During the week, Screen Gems will hold a circus party for 400 guests, including 100 youngsters belonging to the PAL (Police Athletic League); a press party with a circus motif; visits to New York hospitals by the cast of the tv film series and several ballyhoo stunts.

WBZ-TV SCOOPS LOCAL FIREMEN

WBZ-TV Boston claims a scoop on its competitors and local firemen when it began telecasting a Sept. 6 fire in Harvard U.'s Memorial Hall before the fire fighters arrived on the scene. A WBZ-TV worker saw the blaze and the station called the university to find out what was burning. This was the first notification Harvard had of the fire. WBZ-TV New Director Francis E. Whitmarch dispatched a tv camera with a Zoomar lens to the roof of the station's studios. News commentator Arch MacDonald began describing the blaze to viewers just as the first firemen arrived at the scene.

WNIB (FM) INVITES COMPARISON

WNIB (FM) Chicago is inviting comparisons with a series of prometional announcements asking listeners to tune in am broadcasts, then switch back to high fidelity fm. One announcement claims fm radio "compared with am is like a modern professional photograph compared with a tintype of yesteryear." Idea for the promotion was conceived by William C. Florian, WNIB program director.

WORLD SERIES PREPARATION

PAPER MATE Co. has signed actor-comedian Joe E. Brown to handle commercial pitches for its team of ball pens during the upcoming World Series on NBC-TV.

Mr. Brown will enact five different ball park characters—complete with rubbery grimaces and all the buffoonery. He'll start with his version of the pitcher's windup and run the gamut of catcher, umpire, sportscaster and hot dog vendor, throwing in a sales pitch for Paper Mate's Piggy-Back pen. The company filmed the spots in Yankee Stadium for authentic atmosphere and will be participating in World Series sponsorship for the first time.

TRADE INVITED TO GUESS

A "WORLD SERIES" contest among agency, advertiser, and network people has been launched by KELO-AM-TV Sioux Falls, KELO-TV's satellite KDLO-TV Florence, S. D., and WLOL Minneapolis. The contest will run

- INTERNATIONAL —

through the last four weeks of the baseball season, with a weekly prize awarded to the contestant guessing closest to the total number of runs that will be scored in both the National and American leagues in that week. For the first three weeks, portable tv sets will be awarded; for World Series week, a color tv set will go to the winner.

WBUF (TV) USING RADIO SPOTS

NBC, in double-barreled effort to promote fulltime network status of its Buffalo o&o, WBUF (TV), ch. 17, will use sound to promote sight. Starting at end of month, network will launch round-the-clock radio announcement campaign on WEBR, WKBW and WBNY all Buffalo. Grey Adv., N. Y., is NBC's agency. Subject of week-long radio blitz: Completion of WBUF's new transmitting tower.

TV PIPER LEADS KIDS TO THEATRE

KPHO-TV Phoenix reported the "SRO" sign was hung out Labor Day by the large Fox Theatre there when the station's Wallace Snead acted as m.c. for a special children's cartoon performance patterned after Mr. Snead's Wallace Watcher Club tv show. More than 500 children were turned away, KPHO-TV said, quoting the theatre manager as saying the tiein promotion "proves the influence of television." Members of Wallace Watcher Club got reduced admission tickets by showing their tv membership cards.

POLLING PRESIDENTIAL CHOICES

WALTER WINCHELL launched his post-cardpoll-for-President project on his MBS program on Sept. 9 (Sun, 6-6:15 p.m. EDT), and asked listeners to indicate their preference and also if they plan to switch their votes this year. Mr. Winchell has arranged with the Reuben H. Donnelly Corp., mail handling specialists, to tally and record postcards addressed to him at Box 711, New York City. The newscaster will announce the results on his Oct. 7. broadcast.

ISLAND TOURISTS TAPED

CJRW Summerside, P.E.I., has a special tourist program Hi Neighbor! with interviews of tourists coming to the Canadian island province on the Atlantic Coast. CJRW interviews tourists while they are crossing from the mainland on the ferries plying Northumberland Strait and airs the taped interviews. To make sure the tourists touch at Summerside, they are given gift vouchers redeemable at stores sponsoring the program. Last year 90% of the vouchers were redeemed.

KPIX (TV) HOLDS GYM PREVIEW

KPIX (TV) San Francisco held a "sneak preview" and luncheon for the press at a local gymnasium to publicize the motion picture "Champion," starring Kirk Douglas and shown on the station's *Big Movie* program. The promotion took place at Newman and Herman's gym, a training center for professional fighters.

MISS COLOR TV CHOSEN

TWENTY-one-year-old Ann Daly of Ridgewood, N. J., was picked last week from among 473 contestants as Miss Color Tv 1957 by WRCA-TV New York. The winner of the six-week-long search, who will be featured prominently in the station's forthcoming "color tv week," will receive, for her troubles, a new RCA color tv set and a two-week vacation for two at the Concord Hotel, Kiamesha Lake, New York. She will make appearances on station and network (NBC) shows.

U. S. Visit Planned By Royal Commission

CANADA's Royal Commission on Broadcasting, which for months has been considering dominion broadcast policy problems, plans to visit New York and Chicago for discussions of various—and far-reaching—phases of this country's system of free broadcasting.

Before it's U. S. visit, the commission also plans, during its current sittings in Ottawa, to take evidence on subscription television from one and possibly two of the principal U. S. advocates of pay tv. Zenith Radio Corp., proponent of the Phonevision pay television system, is slated to appear and Skiatron Electronics & Television Corp. (Subscribervision) may be on hand. Famous Players Canadian Corp., which has the Canadian franchise for International Telemeter, also will be heard.

The pay-tv sessions are scheduled for Sept. 21, and perhaps Sept. 22, and the commission has left the way open for U. S. opponents of pay television to present their own views on the subject if they wish.

The commission—whose major problem is to find a solution to the Canadian Broadcasting Corp.'s financial difficulties—expects to wind up its public hearing in Ottawa about the second week of October and plans then to move to Chicago and New York for private sessions. The group, headed by Chairman R. M. Fowler, is scheduling a three-day visit to New York Oct. 17-19 and is undertaking to set up private —and separate—conferences with officials of CBS and NBC regarding their respective methods of operating, especially in television.

Among the subjects the commission would

BROADCASTING • TELECASTING

like network information on are the determination of broadcast policies; organizational structures; network operation details; revenues from networking as against revenues from owned stations; affiliation policies; relationship of networks with Canadian broadcasters; discounts to sponsors; how tv program budgets are set up; agency vs. network control of programs; color television, video tape recording and other new developments and the effect they may have on tv economics; the uhf-vhf problems, and the outlook for radio.

Italian Publishers Protest RAI Commercial Tv Plans

A DELEGATION of Italian newspaper publishers has protested to the Italian Government against planned commercial television of RAI, Italian Radio & Television Service. Presently, the RAI radio service is operated on a semicommercial basis while a switch in the tv service from non-commercial operations to an advertising basis was formally planned for this fall.

The publishers' argument is that RAI, as the state's broadcasting monopoly, has no right to operate in the field of advertising. They point to Article 43 of the Italian Constitution which prohibits the state to take over private segments of the economy and to enforce its monopolies. The publishers added that RAI's operations are in direct competition to other media and independence of the press thus is in danger.

Original plans for the introduction of commercial tv in Italy called for about 30 minutes of commercial segments before and 30 minutes after the usual (non-commercial) programs of RAI. State-owned SIPRA (Societa Italiana Publicita per Azioni) plans to handle the commercial segments. No rates for the commercial segments have yet been announced officially, but observers believe that future rates will be at the lire equivalent of about \$500 to \$1,000 for every three minutes.

Launching of advertising in Italian tv is most likely to be postponed beyond the original fall date. A meeting of SIPRA, which had been set for Torino and at which details were to be discussed for an early introduction of commercial tv, has been postponed.

Meantime, set sales in Italy are booming. New viewers added during the first quarter of this year were estimated at 70,000, which is only slightly less than the four-quarter total of 1954, the first year of regular tv in Italy.

Observers agree that almost all of the latest success of tv in Italy must be credited to one single program, *Lascia o Raddoppia?*, the Italian version of the \$64,000 Question.

CBC Charged With Playing In Game, Being Umpire Too

REGULATORY POWERS and operational activities of the Canadian Broadcasting Corp. should be divorced, the Canadian Chamber of Commerce told the Canadian Royal Commission on Broadcasting at the Sept. 10 session at Montreal.

At this first reconvened post-summer session of the commission, the Canadian Chamber of Commerce stated that the CBC is in unfair competition with private stations and that the

Hour in Question

THE Independent Television Authority, which operates all commercial tv stations in the United Kingdom, has asked the British Postmaster General for permission to telecast programs during the 6-7 p.m. hour, now blacked out on the theory that the absence of tv makes it easier for mothers to get their children to bed.

Its appeal to end the 60-minute break does not come as a result of advertiser pressure, according to London's Commercial Television News, which reports: "The sole reason is to ensure continuity of programming . . . research charts show clearly that the audience grows steadily during the afternoon and has to start rebuilding from 7 p.m. onwards." The News quotes an ITA executive that "those who have drifted away during the break period may forget to come back when transmissions are resumed." BBC reportedly is opposing any change in the present arrangement.

CBC board of governors is hamstrung in a conflict of interests between its own operations and those of private stations. The spokesman for the organization stated "in baseball, you can't play in the game and be umpire."

Commission chairman R. M. Fowler said his investigating body has yet to hear specific examples of unfair competition by the CBC. He questioned the spokesman for the Canadian Chamber of Commerce at length to find proof of any unfair competition with private stations, but no single case was supplied.

A number of other briefs were heard the first week of the reconvened sessions including some for the present radio-television status and some asking for encouragement of private station networks, not presently permitted by the CBC.

U. S. Broadcasters to Relate Selling Ideas to Canadians

SUCCESSFUL United States selling ideas in radio and television are to be unfolded before the Canadian regional broadcasters meeting at Hamilton, Ont., Oct. 21-23. To inform members of the Central Canada Broadcasters Assn. annual meeting at the Royal Connaught Hotel, Hamilton, on latest selling techniques, a large number of U. S. broadcasters have announced their intention to attend the sessions.

Included are Elmer O. Wayne, general sales manager of WJR Detroit; Robert B. Jones Jr., general manager of WFBR Baltimore; Ralph Brent, vice president of WIP Philadelphia; Robert Swezey, general manager of WDSU-AM-FM-TV New Orleans; Elmo Ellis, WSB Atlanta; Easter Straker, WIMA Lima, Ohio, and Carl E. Lee, vice president, WKZO-AM-TV Kalamazoo, Mich.

Tv Set Sales Down in Canada

WHILE SALES of television sets to dealers were up to 36,031 sets in July 1956 compared to 27,595 in July 1955, total sales of television receivers for the first seven months of 1956 were down from 273,518 last year to 252,227, according to figures released by the Radio-Electronics-Television Mfrs. Assn. of Canada.

Radio receiver sales, on the other hand, were up in the first seven months of this year to 275,877 sets compared to 247,425 in the same period last year.

How much should a Tape Recorder cost?

\$45,000* The new Ampex Videotape Recorder at \$45,000 achieves flawless reproduction of TV picture and sound. The system not only promises to revolutionize network telecasting but will actually reduce material costs by 99%. In hundreds of TV stations throughout the country Ampex Videotape Recording will repay its cost in less than a year.

\$1,315* The Ampex Model 350 studio console recorder at \$1,315, costs less per hour than any other similar recorder you can buy. Year after year it continues to perform within original specifications and inevitably requires fewer adjustments and parts replacements than machines of lesser quality.

 545^* The Ampex Model 601 portable recorder at \$545 gives superb performance inside and outside of the studio. This price buys both the finest portable performance available and the most hours of service per dollar.

YOU CAN PAY LESS FOR A TAPE RECORDER BUT FOR PROFESSIONAL USE YOU CAN'T AFFORD TO BUY LESS THAN THE BEST

"Net price as of August 1, 1956 and subject to change.

NOTICE OF FURTHER PROPOSED RULE MAKING

1. On June 26, 1956, and July 23, 1956, the above-entitled rule making proposals were issued by the Commission proposing to make certain changes in the television Table of Assignments contained in Part 3, Section 3.606, of the Commission's Rules and Regulations. The Notices of Proposed Rule Making stated that offset carrier designations for the channels proposed would be specified in the final Reports and Orders. However, some parties have indicated that it would be helpful to have this information prior to the submission of comments.

2. Suggested offset carrier designations for the proposals made in the above listed dockets are as follows:

McConnaughey on Target

"THEREFORE, for the first time publicly, I am proposing that broadcasting licenses and renewals be given the same treatment as licenses for other services and that they be for a period of five years."

In those words, FCC Chairman George C. McConnaughey endeared himself to the broadcasters of the nation. The words were spoken before a capacity meeting of the Radio & Television Executives Society in New York last Wednesday. They brought rousing applause.

Mr. McConnaughey has the support of his fellow commissioners. They feel that, with the investment entailed in going into the broadcasting business, the three-year license is a slender thread indeed for economic stability. Non-broadcast licenses, most of them entailing much smaller investments, may be issued for five years.

The FCC now can be expected to recommend to Congress, when it convenes in January, that the Communications Act be amended to provide for the five-year license tenure. Broadcasters should back up the Commission by adopting strong resolutions at the NARTB regional meetings which get underway this week. And the state associations as well as all other organizations representing the broadcast media should follow suit.

One Week Worth Noting

THE WEEK of Sept. 23-29 is National Television Week. It also is National Dog Week. For that matter, it also is Home Fashion Time, Christian Education Week, National Tie Week, Visit Your Dealer Week and it contains Gold Star Mother's Day.

Assuming that tv broadcasters across the country are more interested in promoting their own rather than man's best friend, we suggest they get behind the promotion mapped out by NARTB, RETMA, TvB and the National Appliance & Radio-Tv Dealers Assn. The promotion puts across a point: how important television is in the lives of all Americans. It also makes a sales pitch: for second, portable and color sets.

Admittedly, special "weeks" are getting to be a bore because of the sheer weight of numbers. Tv Week need not be in that category. How the public will react—or if—depends in direct proportion to the amount of attention the industry itself gives to its own special week.

Empire Building

SHOULD there be new regulations to govern multiple ownership of broadcast stations? The FCC is pondering this question, having been given *carte blanche* by the Supreme Court to write reasonable regulations limiting ownership.

The present limitation on ownership by a single entity is, for tv, five vhf stations plus two uhfs, and for am and fm, a maximum of seven stations. The numerical limits are arbitrary. They now apply irrespective of the size of the markets served or the coverage of the stations.

At the last Congress, practically identical bills were introduced in House and Senate to substitute for the seven-station rule a 25% of population yardstick. Under it, conceivably five stations in the first five markets might surpass the population limit, or, at the other extreme, perhaps two dozen small stations in secondary markets would be permissible.

The FCC is considering this and several other alternative plans, but is sharply divided. There is support for a case-by-case approach, but this unquestionably would result in special pleadings and endless controversy.

The situation today obviously is inequitable. The concern is over the influx of investment capital by non-broadcasting entities, with the accent on television. In a comparative hearing, the FCC, all other aspects even, gives preference to the local applicant, as opposed to the non-resident. Yet, a non-local group can come along later and buy the property, with approval of the FCC virtually assured.

Broadcasting is an attractive business for investment capital television being particularly appealing, although radio has experi-

Page 130 • September 17, 1956

Drawn for BROADCASTING . TELECASTING by Sid Hix

"I'm not making a shirt commercial! It just happens I've got an infected eye!"

enced a remarkable resurgence in values in recent months. In many instances there are tax angles which permit the purchaser to pay a big price and still make a long-term advantageous deal. Usually, the licensee, notably if there's a multiplicity of stockholders, feels he cannot afford to reject the proposition.

No one questions the need for restraint by the licensing authority. Without it, wealthy individuals or organizations could conceivably acquire stations in all key markets and exert control in public affairs and business which would be unattainable in any other manner.

The FCC realizes, moreover, that if the trading in stations continues at the current pace, Congress will step in. And, historically, Congress deals with a heavy hand in anything that smacks of monopoly control.

Of the many complex policy questions before the FCC, few are more important than multiple ownership. A high degree of wisdom and courage is called for.

New Era at NBC

IN THE nine years he was with NBC, Sylvester L. (Pat) Weaver Jr. became probably the most talked-about executive in network broadcasting.

Not all of the talk was complimentary. A management man who defies the rituals of managerial behavior is apt to provoke criticism among those who hold the rituals dear. To some of his contemporaries, the vision of Mr. Weaver making policy while astride a bongo board was shattering.

Yet, there always was much talk in admiration of Mr. Weaver's creativeness, and we suspect that in time that sort of talk will survive while the criticism disappears. The truth is that Mr. Weaver, more than any other individual, gave shape and excitement and courage to television programming during the big growth years of network tv.

In a sense he was miscast both as president and chairman of the board of NBC. There is little evidence that he had or wished to develop an extensive interest in administration. He was and is a showman, whose flair for elegance and glitter is tempered by respect for substance.

These are talents which television can and undoubtedly will continue to use.

Meanwhile, NBC begins operating under a reorganized management team composed of experienced executives of proved accomplishment.

The management team, in contrast to one-man dominance, has become the common structure of U. S. business. We wish Mr. Weaver and NBC success in their personal and corporate futures.

Powerful, new Fall line-up for KSTP Radio!

NEW STARS ... NEW SHOWS ... NEW MUSIC!

That's the story of KSTP Radio which opens the Fall season with an exciting, all-new line-up of sparkling radio entertainment!

Popular KSTP Television stars have joined with top KSTP Radio personalities to present the finest programs in the Northwest.

New features include on-the-spot tape recordings made daily by roving reporters and interjected into various shows in the style of NBC's successful "Monitor;" "Talk Time" is a new show in which listeners may participate by telephone; live music and interviews are other new features.

Now is the time to put KSTP to work for you. Take advantage of the Northwest's BIG station with the new concept in radio programming to do your most effec-

tive selling job in this vital FOUR BILLION DOLLAR market.

KMBC-TV "in the money" in Konsas City

July Pulse Shows Channel 9 Again Leads In Quarter-Hour "FIRSTS" ...Has Best Over-All Ratings in the 3-Station Market! Morning, noon or night — whenever you put your money on KMBC-TV — you're backing the favorite!

KMBC-TV is definitely "out front" in Kansas City's television ratings race! According to current Pulse figures — calculated on average Monday-through-Saturday ratings during Channel 9's on-air periods — KMBC-TV is a good length ahead in the total of first-place quarterhours...and is a 1-to-8 favorite to either "win" or "place" anytime during the broadcast day!

And ratings aren't the entire KMBC-TV story, either. The form sheet shows that Channel 9 provides Class "A" primary viewing service to 31,493 more families than any other channel in the area, according to A. Earl Cullum, Jr., consulting engineer. Combine bigger coverage and higher ratings with the fact that KMBC-TV offers *full minutes* (not just chainbreaks) throughout the day and most of the evening — and it's easy to see why the Swing is to KMBC-TV.

For sure-thing tips that produce sure-fire advertising results, see the man who knows the facts — your Peters, Griffin, Woodward Colonel!
