THE END OF CALL-IN CONTESTS?

## NY Phone Co. Proposes Charge For Busy Calls

A proposal by the Bell system's New York Telephone Co. would drastically affect radio's call-in con-

tests. The proposed rule would apply a charge for all calls made to a busy number. Also, in an attempt

to cut down on circuit overloads taking place during contests, the company would make broadcasters buy package plans for any such contests run. The package would include an automatic answering device that would inform the caller that the lines were busy, and to try back later, rather than just getting a busy signal.

If the New York rule goes through, broadcasters in the area can expect to add several thousand dollars, with one estimate being an additional \$15,000 a month, to their phone bills, if call-in's are still held. Speculation is that the Bell system may apply this rule to their other companies after the initial New York plan goes into effect.

## Mike Joseph Rocks Ratings At CK101/Cocoa Beach, Fla.

Mike Joseph, who played a very important part in the development of rock radio, and was the first to use a tight playlist, is doing it again. Joseph has been consulting WCKS (CK101)/Cocoa Beach, Florida. The PD at the station is Benjamin Hill. In the just released Arbitron for that market, the station jumped ahead of the other 17 stations in the market, and ahead of the 8 rockers to an overall number one position.

Interesting part of the story is that the rock format went on the air just six weeks before the April/May Arbitron began. Joseph noted that the station is using a 40-50

record playlist, with no gold being programmed. It seems that the other rockers play about 40-50% oldies and Joseph felt that for competitive reasons he would delete all gold. CK101 is also programming a few selected album cuts from top-selling albums.

Joseph was National PD of KPOA/Honolulu, with Ron Jacobs as the PD back in 1957 when they used the first top 30 playlist. Joseph continued playing the hits at WKBW in 1958 with the "Big 20," he went on to program WABC, WFIL, WKMR and many more, before beginning his consulting career.

## Pipolo To Become Natl. VP, Promotion for UA

R&R has learned that Pat Pipolo will be appointed VP National Promotion for United Artists Records, a position recently vacated by Ray Anderson. Word is that UA Presi-

dent Artie Mogull will make the official announcement on Monday (8/9). Pipolo had previously held the same position for the past two years at Island Records.

### Al Bell Found Not Guilty

Stax Records' chairman Al Bell has been found not guilty of bank fraud charges in the Memphis U.S. District Court. Bell's co-defendant Joseph Harwell, a former bank VP, was found guilty of conspiracy and fraud charges stemming from a \$100,000 kickback on a loan made by his bank to Stax.

### Plough Broadcasting Names Director Of FM Services

Craig Scott, National Program Director of Plough Broadcasting Inc., has appointed Tommy Charles, who is currently with Polydor-MGM Records in Dallas, to head Plough's newly created position of FM Music Service Director. Charles will be based in Memphis at WMPS and will be involved with developing the directions of music for the Plough FM radio facilities. Plough owns FM properties in Boston, Memphis and Chicago. Charles, prior to joining Polydor Records, has been Program Director for the Plough-owned Country station, WSUN/St. Petersburg, Florida.

### Spears Hits The Road

KFRC Operations Manager and PD, Michael Spears is going on a working vacation. Spears is leaving Saturday August 14th for Denver via the Amtrak train. Spears has noted that he will be glad to meet and talk with local radio people at each of his stops along the way. Contact Michael Spears at (415) 982-9200 for exact times and appointments. The train will be stopping in 13 different cities in 5 states including Truckee, Reno, Evanston, Green River, Laramie, Rock Springs.

### Crocker Pleads Not Guilty

WBLS/New York Program Director Frankie Crocker will go to trial November 1 for two counts of lying to a federal grand jury. Crocker pleaded not guilty to the charges and posted \$20,000 bail after surrendering himself to New Jersey authorities.

### Quickies

Two recently released Arbitron reports show marked gains for Rock stations. In Jacksonville, John Long's WAPE moved up dramatically in total persons 12 plus, Mon-Sun 6am-

12mid, from an 8.2 to 13.9, for number one adults 18-34, and number two in adults 18-49. In Memphis, WHBQ (R) regained strength, moving from a 6.1 to 11.8, their highest position in two years. For complete breakdowns on Arbitron's nationwide, our Special Edition ARBreak-out issue will be a free bonus with next week's Radio & Records.

Jerry Bright, formerly of KRUX, KENO, CHUM and KDWB, is the new VP and GM of KSAQ (Q100)/San Antonio. Format of the station is Rock.

Just as KROQ-AM returned to the Los Angeles airwaves without prior fanfare in June, KROQ-FM returned this past Monday (8/3). Both stations are simulcasting an AOR format.

**UDDERS GETTING SIGNIFICANT ACTION**—WCGQ/Columbus, Georgia morning man Scott Miller recently got a case of the crazies and decided to broadcast his entire show on top of "Kadie The Cow" in front of a local dairy. Miller's antics created quite a thrill for morning drivers who came upon the scene.

**DOG DAY AFTERNOON**—On Saturday, July 31st, RKO Radio's San Francisco FM station, K106 (KFRC-FM) shattered the world record for the longest hot dog and bun ever made. The one piece combination measured an incredible 442 feet 8½ inches long—breaking the previous record by more than 350 feet. Actually, it broke two records...the other for the longest continuous bread ever baked. K106 issued 200 Leaner Wiener Winner Certificates to kids as they entered the ballpark. The certificates made them eligible for a hot dog eating contest. The winner received a beautiful custom-built Golden Weenie Award—a loving cup with a winged victory. Perched on the tip of the wings was a gold-gilded hot dog. The promotion was all part of K106 Day at Candlestick Park. Sampling a piece of history for themselves are (from left to right) account executive Priscilla Watts, sales manager Ron Harrison, creator and coordinator of the project Mike Hoffman, program director Dave Sholin, account executives Karen Knight and Steve Gray.

(And now we have presented the world's longest caption).

### New GM at KNEW

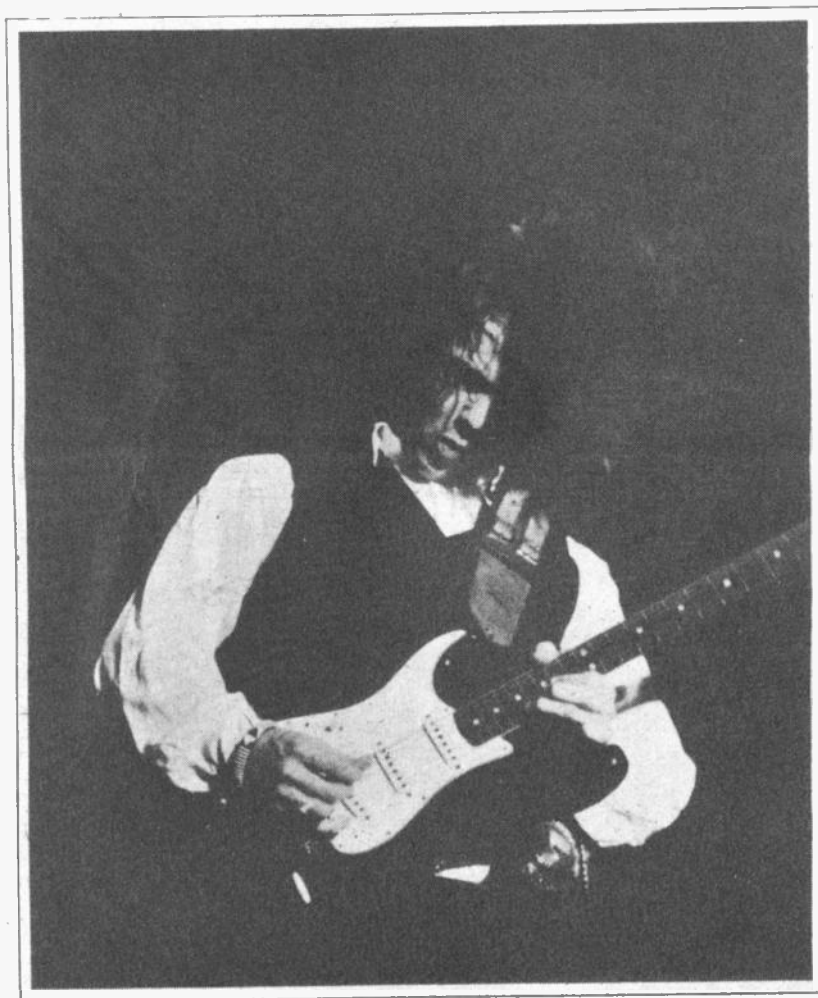

Hal Smith, current Program Director of KLAC/Los Angeles, has been promoted to General Manager of KNEW/Oakland-San Francisco. Smith replaces Harvey Levin in that position. Both stations are owned by Metromedia. Assistant Program Director Don Langford has been named the acting Program Director for KLAC. Smith will assume his new duties within the next couple of weeks.

### ARBITRON DELETES BALTIMORE DIARIES

Arbitron Radio has issued a press release to all users of the Baltimore April/May 1976 market report stating that they have deleted certain diaries from that report because of tampering. Prior to the survey period, Arbitron was notified by local broadcasters that certain diaries were being offered for sale to radio stations. According to the release "The name of the party involved with the sale of the diaries was made known to Arbitron, and these diaries were isolated from the regular sample. When diaries were returned, they were examined and deleted." All information on the incident gathered by Arbitron has been turned over to the FCC's complaint and compliance division.

### McCLENAGHAN TO SHULKE

Company President Jim Shulke has announced that Stereo Radio Productions has changed their name to Shulke Radio Productions, and that former Arbitron VP Bill McClenaghan will join the company in September as a Vice President. Shulke said "The addition of Bill McClenaghan will make us far better balanced to provide a better service with continued growth." McClenaghan will be based in the new SRP facilities in South Plainfield, New Jersey.

### LAMBERT TO WGCL

T.J. Lambert is the new program director of WGCL/Cleveland, leaving his air personality position at WIF/Philadelphia.

### PEANUT PROMOTION

WCGQ/Columbus, Georgia received national CBS-TV coverage of their recent promotion. Every hour, callers received cans of peanuts in order to qualify for an all expense paid trip to Jimmy Carter's home in Plains. Several hundred callers jammed the station's phone lines, while the station pondered where to set up accommodations for the winners in the motel-less Plains.

### RKO PLAYS MORE EXCLUSIVES

KFRC/San Francisco world premiered the entire new John Denver "Spirit" album this past Tuesday night. KHJ/Los Angeles had premiered the Bay City Rollers LP over the past weekend.

### Y100 IS 3

Y100/Miami celebrated their third birthday this past weekend, with their "Blowout On The Beach." A free concert and disco dance starring Vicki Sue Robinson highlighted the celebration, along with a monstrous 800 pound Y100 birthday cake, designed to serve over 6000 listeners. A sailboat race on the beach enabled one listener to win a sailboat by coming in first.

### THREE E'S IN CONCERT

WFBC/Greenville recently held a drawing for an all expenses paid trip to Louisville for three concerts featuring Elvis, The Eagles and Elton. As an extra bonus for the station, the winning listeners phoned in reports after each concert.

### THE GREAT EAT-OFF

WIFI/Philadelphia's latest promotion, the "Philly Hoagie Eat Off," is giving volunteer listeners a chance for a gastronomic treat. The listeners will consume as many of the submarine "Hoagies" as possible to win prizes. A separate function will pit the many different sandwiches' tastes against each other, as celebrities participate in the station's "Hoagie Taste-Off."

### WRKO'S ELTON CELEBRATION

WRKO/Boston had a series of promotions surrounding Elton John's 4th of July Boston concert. 150 listeners won Elton tickets by calling in, while thousands of others found special Elton iron-ons in a local paper. During the July 4th weekend, the station gave away, twice per hour, listeners' choice of any Elton album they want. Each of these winners then became eligible to win a Captain Fantastic pinball machine.

### BEATLES ROCK AND ROLL DAY

WBJW/Orlando PD Tom West coordinated a promotion with Capitol Records' Beatle expert and national promotion manager Steve Meyer. Steve was heard by WBJW listeners giving clues to Beatles' trivia questions. Correct callers won the new 'Rock & Roll' LP. A limited quantity of custom Beatles Magical Mystery mirrors, complete with the station logo, were also given away to listeners who registered at a local record store.

### CHARITY DRIVES

WAEB/Allentown held a 58 hour Radio-Thon to benefit a local humane society which was in danger of shutting down. The three phase project first solicited for listeners to go door to door throughout the county to raise funds, and then held the live-remote broadcast, with station staffers and volunteers manning the pledge phones. The third portion was a Walk-A-Thon with a twist. Listeners who owned pets were asked to walk 20 blocks with their animals to raise pledge money. Local celebrities, as well as recording artists Bobby Vinton, Donna Summer, Andrea True, Henry Gross and John Travolta all actively participated in the events.

KDON/Salinas jocks Frank Colburn, Eileen Cashman, Dennis Beck, Roger Daniels, Brian Roc, and newsmen Bill Wise all volunteered their time on a local Telethon to raise funds for a local fire department.

Each personality hosted the show for an hour in order to gain the \$30,000 goal to fund a new rescue unit.

### WINX PROMOTIONS

WINX/Rockville Washington D.C.'s "Mystery Voice" promotion features different voices each day and a winner a week. The on-going promotion has a weekly prize valued at over \$500, such as his and her's bicycles, AM-FM car stereo radios, digital watches and more.

The "Sound of Cash" is also running on the station. Callers who call in and say exactly what time the "sound" was heard, win prizes and get a chance for a \$100 cash bonus.

### SMILES ON RADIO

National Smile Week is being celebrated at WGBB/Merrick, New York. Listeners call in and simply smile on the radio, winning free smile buttons and qualifying for a complete camera outfit.

### "DRIVE IN" AT THE DRIVE IN

The newly released movie "Drive In" will be specially shown by WSGA/Savannah for their listeners. Admission to the show is an WSGA bumpersticker, also featured at the drive-in theater is a custom van show.

### NAME THE GROUP

WAIR/Winston-Salem ties in with Casablanca Records for the "Group With No Name" promotion. Callers qualify for first prize of an expenses paid trip to Los Angeles, dinner with the Group With No Name, and a trip to Disneyland. Second prize is a year's supply of Casablanca releases, third place winner receives an autographed picture of the group, and a personal phone call from them.

### MORE ARTIST TIE-INS

WCHL/Chapel Hills' "3B Weekend" featured giveaways of Beatles and Beach Boys' LPs.

Tavares latest LP title was the theme for WEEQ/Waynesboro's "Skyhigh" weekend, where listeners won the album each hour.

WAKX/Duluth was given a great deal of the credit for ZZ Top's sell out concert appearance, giving away tickets, ZZ Top LPs and T-Shirts to raise excitement for the show.

WLCY/Tampa listeners recently got a chance to win Tubes' LPs and Tube Tops during their "Tubes Weekend."

WPEZ/Pittsburgh sent two listeners to Buffalo for the Elton John concert, expenses paid. Callers qualified for the drawing. Their recent "Parliament Weekend" featured special promos cut by group leader George Clinton, while listeners called in to win Parliament LPs and T-Shirts when they heard the "sound of the roof being torn off the sucker."

### WMAK CORRECTION

Correcting last week's front page story on changes at WMAK/Nashville, station General Manager John Patton has announced that Stu Bowers remains as Operations Manager and morning drive personality, with Possum Riley appointed as Program Director under Bowers. Riley will also handle the music duties. Allan Dennis has returned to WMAK to do afternoon drive.

Tim Monnig, Columbia local promotion manager, Cincinnati presents a gold record for Earth, Wind & Fire's "Shining Star" to WAKY program director Johny Randolph.

Charlie Van Dyke, KHJ's morning drive and PD, (2nd from r) starts a 41-hour birthday at 3XY in Melbourne, Australia. Helping him celebrate are (l. to r.) John Scott, Promotion Director at 3XY, Dick Heming, PD and engineer Jeff Campbell. Because of the 17 hour time difference between Los Angeles and California, Charlie started his birthday on Sunday in Melbourne, flew back to California, where 41 hours later, it was still Sunday.

WIFI/Philadelphia's "Philadelphia Freedom" red, white and blue Jeep was awarded recently by the station's "Uncle Sam." Listeners were invited to call hourly and guess the ten digit secret serial number of the jeep. The listener pictured here guessed the number within four hours of the beginning of the contest.

By some cosmic coincidence, the "Martian" pictured here landed in Chapel Hill, North Carolina the same day as the U.S.A.'s Viking landed on Mars. WCHL program director Dick Hungate (left) involved the visitor in station promotion, where "it" handed out Mars candy bars, Wings' "Venus & Mars" LPs, and Laserium light show passes. However, WCHL's listening audience was later informed that the planetary visitor had "kidnapped" a local clothing store owner (and WCHL advertiser) and taken him away to Mars. After some pleading, the Martian and hostage were returned directly to the WCHL studios, and the Martian returned safely home. During the course of the promotion, listeners were also able to win prizes by answering planetary trivia questions.

## BUSINESS NEWS

### Civil Rights Groups Challenge FCC EEO Rules

Several civil rights groups and a coalition of Protestant and Roman Catholic organizations have filed a petition in a U.S. District Court challenging the Federal Communications Commission's current EEO rules. The groups' case centers around current regs that exempt broadcast stations with 10 or fewer employees from Equal Opportunity rules. The petition says that nearly two-thirds of all broadcasters are exempt from the rules because of this clause.

### Shaw Appointed President At ABC

After five years as group VP of the ABC-FM stations, Allen Shaw has been appointed President of the FM group. The appointment was announced by the executive committee of American Broadcasting Companies.

### FCC Makes It Formal On Format Changes

The Federal Communications Commission has issued a formal policy statement stating that radio station format changes are not within the jurisdiction of the Commission. The statement was prompted by a recent U.S. Court of Appeals ruling that the FCC should look into the planned format switch of WEFM/Chicago.

### Equal Time Revised

The FCC ruling that would have made broadcasters seek out all candidates for elected office if the station ran any air time for any candidate for that office within 72 hours of election, has been revised after broadcasters complained that the task would be enormous. The revised regulation calls for a notice of air time given during the 72 hour period to be placed in the station's public file.

### New Eastern Arbitron Account Exec

Richard Hammer has been named Eastern Arbitron Radio Sales account executive. He will service clients in New York City, Pennsylvania and upstate New York. Hammer joins Arbitron from the ABC Radio Network.

### Executive Pay Up

LA survey by a Chicago research firm shows American executives' pay scale up 5.5% in 1975. Of the 816 companies surveyed, salaries of high execs ranged from \$105,000 for companies with 50 to 100 million dollars in sales volume, to \$420,000 for those with up to \$5 billion volume.

### Citizens' Band News

The FCC has OK'd 17 more citizens band channels for use, upping the total to 40 channels. Stiff technical requirements for CB sets were also set up by the Commission in order to reduce interference. The FCC also noted that the CB problem of sunspots will have to be dealt with in the future.

A public relations firm notes that consumer publications devoted to CB use have risen in number radically since the beginning of the craze. Nearly 40 periodicals now deal with CB's, compared with only four a year ago. The company projects 60 publications of all kinds by the end of 1976.

### Elton Returns To The Screen

Elton John will play the lead character in the upcoming "Candide" film, to begin production in September of next year. The movie is based on Leonard Bernstein's Broadway musical. Also slated for a starring role is Peter Sellers, and Olivia Newton-John will be tested for a major part. Robert Stigwood and Allan Carr pacted Elton for the part, and own the film rights.

### Car Repair Costs

The American Mutual Insurance Alliance has released results of a study that show that costs of repair to a totally wrecked standard 1976 automobile would exceed four times the factory listed price of the car. If the car needed 25% of its parts replaced, the repair bill would exceed the original price of the car by \$557.

### FCC Sets New Petition Deadlines

Effective September 1, the FCC has announced that all petitions for rulemaking must be brought before the Commission within 120 days of acceptance of filing. Such action as notice of inquiry, denial of the petition, notice of proposed rulemaking, or an explanation as to why an extension is needed must be made within the time period.

### Ad Council Opposes FCC

The Advertising Council has spoken out against the FCC's proposed rule on public service announcements. The Council says that the petition to cut back the number of PSA's distributed by the Ad Council for use on stations would be a violation of the First Amendment. Also included in the proposed rule is a clause which would make stations run at least 90 seconds of PSA material every two consecutive broadcast hours. The FCC is not expected to rule on this petition until late fall.

### Airline Choosing Study

A recent survey by the Newspaper Advertising Bureau reports that only 54% of executives who fly make their own choice of the airline to use, while the remaining 46% who choose are secretaries. The secretaries themselves are doubly important to airlines, as the study shows that 80% traveled over 200 miles on their most recent vacations, and 50% of those used airlines for these vacations.

### National Car Rentals' Comparative Ads

Although competitors' names will not be directly used in ads, National Car Rentals will kick off a campaign using results of a survey showing that their cars are in the best condition, over such competitors as Avis, Hertz and Budget. The \$1 million budget set for the campaign will include radio buys featuring National's spokesman Don Rickles.

### NAB Appoints Summers

The National Association of Broadcasters has appointed John Summers to their executive VP-GM position. Summers moves into the number 2 spot in the Association after being executive VP, legal affairs and general counsel for the NAB.

### New Timex Digitals

Priced from \$20 to \$50, Timex Corp.'s new digital watches will be shipping this fall. The company has been late in moving into the digital line, and will support the announced 1 million watches shipped by Christmas with major advertising buys.

## Random Thoughts

"Random Thoughts" will reflect the questions and comments of our subscribers and our editorial staff regarding the day to day activities and occurrences in our industry. Your "Thoughts" are welcome.

Broadcasters are going to have to stand up to Arbitron on their late release dates. If they can get TV overnight Arbitrons, they should be able to get radio Arbitrons released quicker than 3 months. In certain markets, Fall spot buys have already been made, without a release on the new April/May Arbitron. (contributed by Jerry Rogers, WSGA/Savannah).

## Mike Harrison

Before all the details of the recent CBS convention become "old news," I would like to mention a panel session in which I had the privilege and pleasure to participate. The panel consisted of Bob Burch, national program director of Century Broadcasting (KWST, WABX, KSHE); Stan Garrett, program director of KZEL; George Meier, editor and publisher of Walrus; and yours truly. We spoke before two separate sessions, one for the Columbia national promotion staff and one for Epic. Mike Pillot, national AOR promotion for Columbia and Mike Shavelson, national AOR promotion for Epic moderated their respective sessions.

Although both sessions were far too brief (good ones always are), some interesting points were covered.

Bob Burch discussed the need of a national programmer to have good music directors and jocks who can lend their collective years of experience toward funneling front line information (research, etc.) to him because he can't be in all markets at the same time. The issue of whether one person can effectively program radio stations autonomously from afar has long been a controversial one with roots that sink deep into the matter of balancing national "universals" with local "seasoning" programming elements. Burch showed a sensitivity and understanding of this particular aspect of programming more than one radio station at the same time. With national PD's and consultants popping up throughout the AOR scene, I hope that more will share Burch's attitude because listeners deserve to have local representatives who have some degree of say in the programming policies of their stations and, on a professional level, we should encourage creative usefulness on the part of all broadcasters rather than foster a radio industry of puppets, the strings of whom are pulled by a select few.

Stan Garrett discussed various aspects of programming a station in a small, self-contained market (Eugene, Oregon) and his comments were of extreme significance to a huge percentage of the entire radio industry. He pointed out that the station has been able to achieve both ratings and financial success without having to submit to the creative restrictions that befall many larger stations in more competitive situations. He made me stop and wonder just how many stations in similar situations (of all formats) could be doing the same thing, but don't, because they feel some sort of compulsion to imitate the "big boys." After all, Garrett has proven that one can earn a national reputation and respect out of a small market as Eugene (which he has) by doing things the way you see them. He stated, "Music is my life, I don't know what I'd do without it. I feel that it is our responsibility to expose our listeners to as much of the new music as possible. Even albums that many programmers might pass on can contain one or two good cuts. It is our job to play them. Of course, we also sprinkle in many of the hits because our listeners want to hear them too." Garrett mentioned that he considers his main competition to be Pop/Adult radio, more so than other Rockers, because AOR's maturing demographics are beginning to eclipse those that at one time were considered Pop/Adult territory.

I particularly enjoyed meeting George Meier. It was refreshing to discover that we share most of the same philosophies. He made an interesting point at the sessions, which in both cases drew a round of applause, about the totality of establishing an act. He pointed out that it requires much more than just radio airplay and that record companies that focus in solely on that avenue are selling themselves short. According to Meier,

## SEPTEMBER:

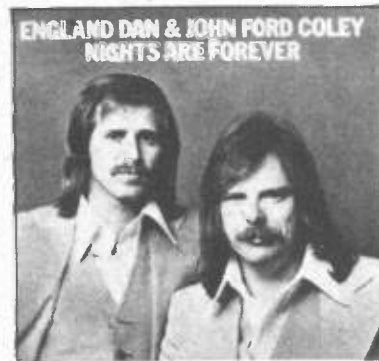

2 Canadian National Exposition, Toronto, Canada  
3 Blossom Music Festival, Cleveland  
7 Pine Knob Pavillion, Detroit, Michigan

England Dan & John Ford Coley have been singing together for quite a while. And their new hit single, "I'd Really Love To See You Tonight" proves it.

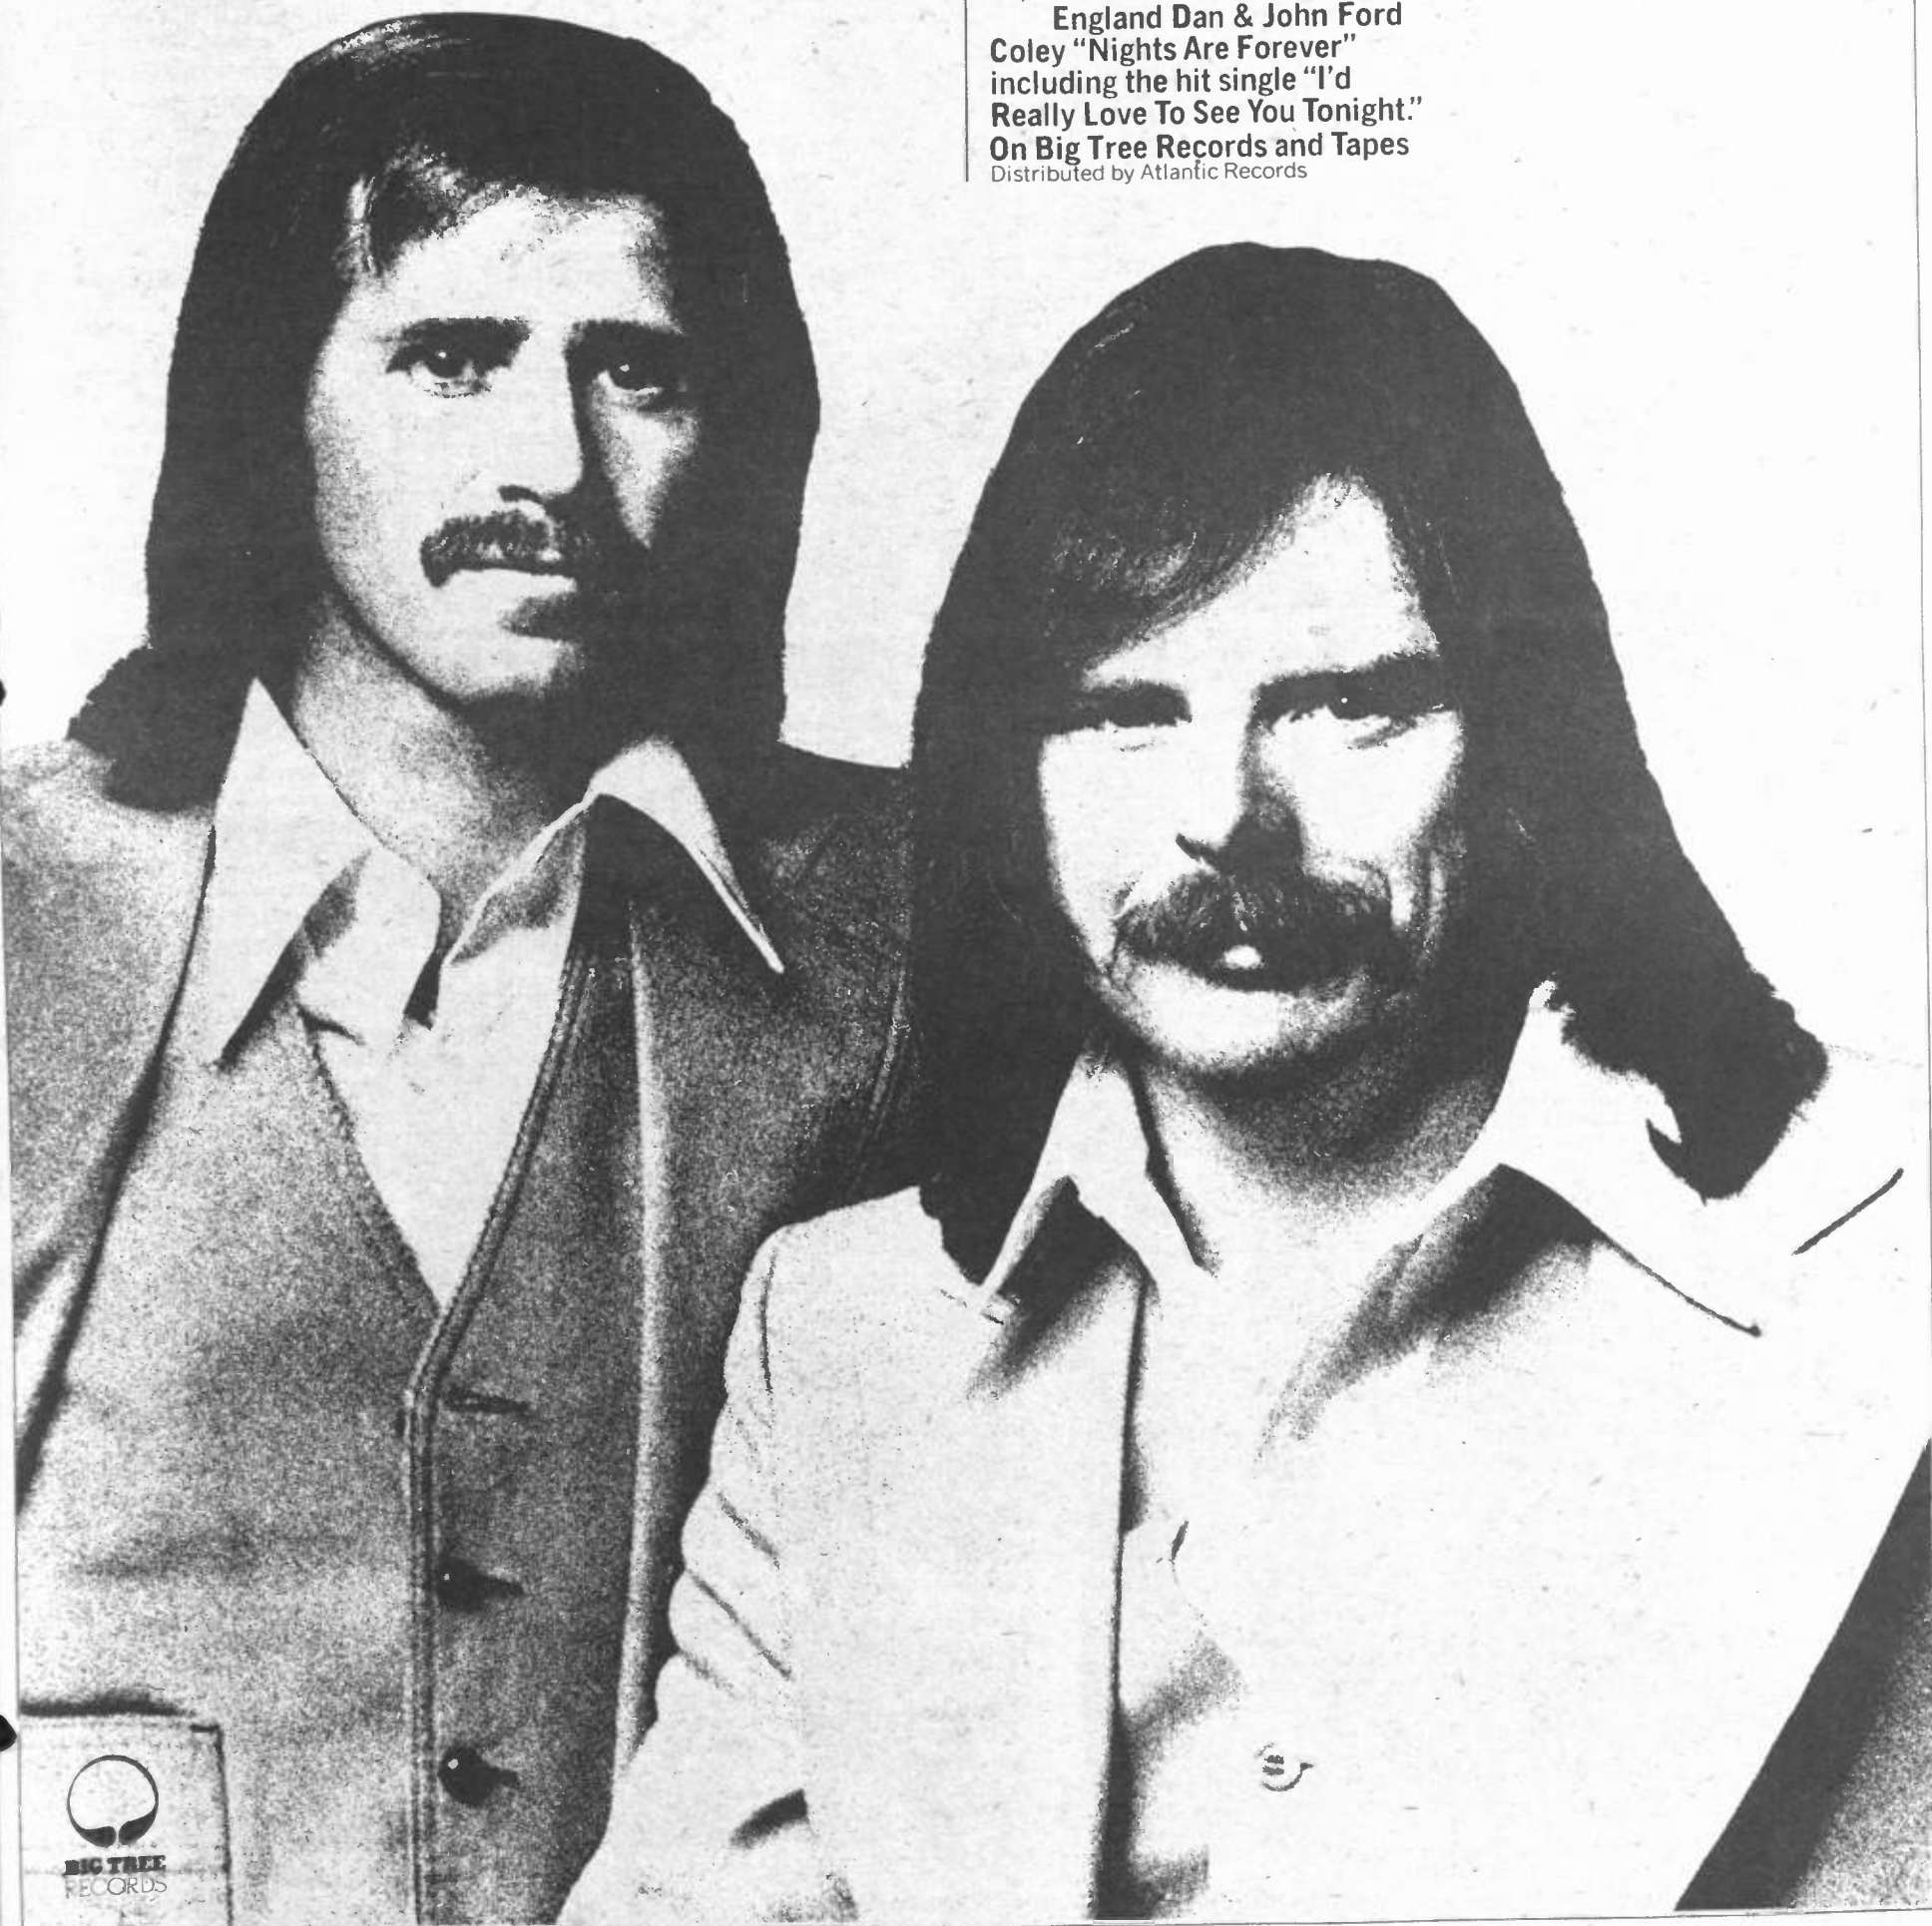

Their high, tight harmonies, and their soaring melody line have made "I'd Really Love To See You Tonight" a huge summer hit. But there's a lot more to England Dan & John Ford Coley, and you can hear it on their new album "Nights Are Forever."

England Dan & John Ford Coley. See and hear them every night on Big Tree Records and Tapes.

England Dan & John Ford Coley "Nights Are Forever" including the hit single "I'd Really Love To See You Tonight." On Big Tree Records and Tapes Distributed by Atlantic Records

## Chart Summary

STARSHIP and MILLER remain AOR radio's big one two airplay punch. It was a very stable week with the first four positions unchanged, only four debuts, and one bounce back. TAYLOR inched up. C/N, CHICAGO, and STEELY were strong and stable. FRAMPTON continued to push back upward. AWB is hanging in there. BOYS nudged up. AEROSMITH maintained. BENSON enjoyed healthy gains, as stations on it increased airplay and more AOR's join the Benson bandwagon. YAMASHTA had a sensational second week adding to last week's impressive showing in which it was the week's most added album. It should be pointed out that the official artists in this collection are STOMU YAMASHTA, STEVE WINWOOD and MICHAEL SHRIEVE, but space limitations force us to abbreviate it. BOZ continues to resurge as AOR's increase their play on "Lowdown" and "Lido Shuffle," the latter of which many are screaming should be a single. GINO was the week's highest debut, with strong nationwide support and incredible response from the South. ANDERSON returned to a growth pattern. FURAY made major jumps. M/A also seems to be very much for real. HEART enjoyed a tremendous resurgence. ROXY was stable. CITY took hold rather firmly. SPIRIT gained dramatically. MAC remains. TUCKER maintained. SPRINGFIELD had a tremendous second week on the chart. Lots of nice comments about the album from key programmers. PARSONS came on strong. RODEN and HUMMINGBIRD debuted. PRATT bounced back onto the chart. WAYLON JENNINGS (who's been known to infiltrate AOR territory), BILLY JOEL, and JOAN ARMATRADE almost made the chart, in that order.

This chart is based solely on airplay and does not attempt to fabricate a trend. The artists in italics are those receiving the most rapid gain in airplay.

## Mike Harrison

Continued from page 18

it is a cumulative process taking in concerts, in-store play, press coverage, and a great deal of patience, as well as radio airplay. He said that record companies should co-ordinate these activities to a greater extent and that he can't understand why the publicity and promotion departments at record companies work as separate entities. Good point!

Although not on the aforementioned panel, Tom Yates, PD of KLOS, gave a speech at the convention on AOR radio and did a superb job of further defining its place and dimensions in our industry.

All in all, the AOR involvement at the CBS convention was fruitful and the company is to be commended for their progress in upgrading and developing an AOR promotion staff.

Speaking of conventions, I would like to thank the NRBA (formerly NAFMB) for their response to R&R's postponing the AOR convention, partially to accommodate the organization's many general managers who could not attend both. Their convention chairman, Eric Hauenstein, GM of Phoenix AOR station KDKB, informed me that the NRBA will hold a special AOR seminar (the first in their history). I have been invited to chair that session. The panel will include Norm Winer, PD of WBCN; Bill Compton, PD of KDKB; John Gorman, PD of WMMS; Jack Crawford, PD of WKDA-FM; Ed Romig, PD of KOMA; and Jeff Pollack, music coordinator of KBPL. The NRBA meeting will take place at the Hyatt Regency Embarcadero in San Francisco on September 20, 21, and 22. For more information, contact the National Radio Broadcasters Association, 500 Fifth Avenue, New York, New York 10036. Any opportunity for AOR people to get together is always welcome.

On the subject of getting together, it's always nice to have our correspondents stop by for a visit whenever they get out this way. We had the pleasure of such a visit by John Gorman and his wife, Roberta, who are just wrapping up a very well deserved California vacation. Ever since WMMS received national acclaim for chalking up a whopping 9.7 (12 plus, 6am to 12 midnight, Mon-Sun, 1/4 hour average) in the recent Arbitron, placing them on the top of the extremely competitive Cleveland radio pile and establishing them as the highest rated major market AOR station in the country, the station has been the object of extreme interest on the part of record companies (as you can well imagine) and radio people alike. I asked Gorman to give us somewhat of a professional sketch of the station.

One of the significant aspects of their ratings accomplishment is the fact that WMMS still subscribes to the philosophy that an AOR station can be run fairly "loose" with a wide selection of music and individual jock freedom to program his/her show without a projected playlist, hotclock, or formula. In the wake of many industry observers pointing to a "trend" which favors the ratings success of the more formatted AOR's, WMMS stands out as a symbol of hope to those broadcasters

across the country who would prefer to maintain the structural ideals of the format's inception period.

The people most responsible for choosing the music that makes its way into the control room bins are program director, John Gorman, and music director, Charlie Kendall. Up until recently, the entire staff was available to promotion people but that has changed, as Gorman puts it, "At the staff's request because promo people have been abusing the station's hotline." Gorman and Kendall, however, are very much available to record people. Gorman advises that the best times for this activity are Monday and Thursday between 9am and 2pm. They prefer that record people make an appointment in advance.

# COUNTRY

## Direct From Duncan

The Program Director of KYAL, Plano, Texas (just outside Dallas), MICHAEL O'DAY, thinks Playboy Records should change the name of their label to be proper with changing times. He suggests the label be called "Playperson." (Well, if nothing else, maybe we can get NICK HUNTER to burn his bra)...Any suggestions for the R&R Convention, next year in Dallas, would be welcomed as we start making plans for the various sessions. If you have any ideas, such as speakers, topics of discussion, etc. send them to my attention here at R&R...Again, don't forget to send copies of your station's billboards, logos and bumper stickers for our upcoming Country feature. Even if you have sent bumper stickers in the past, just to make sure we have one for the feature, send them to: R&R COUNTRY EDITOR, 6430 Sunset Blvd., Suite 1221, Hollywood, California 90028.

On the newsstands of America you will find the latest edition of *People Magazine*. The issue with the Pop group THE CARPENTERS on the cover features inside a story about WMAQ Program Manager BOB PITTMAN and his evening personality ELLIE DYLAN. It makes for some interesting reading. You'll find it in the "Couples" section of the magazine...In case you haven't figured it out yet, the ROBERT LEE JACKSON featured on the Big Name record "Request Line" is none other than KNEW, Oakland-San Francisco, air personality BOB JACKSON. The cut is doing well in a few markets...New Country station in Rockford, Illinois, WYFE-AM will change their current format to Country in the next month. ROBIN WALKER, formerly with WUBE and WIRE, has been named programming consultant. If you would like, you can send product to Walker at his base: Rt. 2, Box 122, Old Sligo Road, La Grange, Kentucky.

Congratulations to DAN STEWART, all night jock on WGEE, Green Bay, Wisconsin, on his marriage last Friday...ALLEN PECK of the famed "Peck & Penny Show" at KBOX, Dallas, has scheduled a wedding with his future wife, Gloria, for September 3.

DAVE DONAHUE, Operations Director of KHAK, Cedar Rapids, Iowa, has hired former KWMT, Fort Dodge, Iowa Program Director, SKIP NELSON for an undisclosed position. Donahue told me Nelson, who won the small market DJ of the year award last year from the Country Music Association, is such a talented person, he didn't want someone else to get him. (How nice to be loved in this business)...TED WHITE, formerly with WGGT, Savannah, Georgia, has joined SID KAMINSKI's WPNX, Columbus, Georgia to do afternoon drive...KRAK, Sacramento, has hired JIM HALL, from a program and music position at KYOS, Merced, California, to work the midnight to dawn air shift.

KSON AM & FM, San Diego has changed their hours of simulcast. Both stations will broadcast the same programming from 6am to 7pm Monday through Friday...MIKE HOYER has now begun his new all night air shift at KFGO, Fargo, North Dakota. Hoyer, former Operations Director with KBUL, Wichita, wanted me to inform Country artists they are invited to call him on his show. He can be reached at the station Monday through Friday, Midnight to 6am, at (701) 237-5245...MIKE CARTA, Program Director of WVOJ, Jacksonville, Florida, is interested in trading airchecks with different stations. If interested send your airchecks to Carta at WVOJ, 1435 Ellis Road South, Jacksonville, Florida, 32205...RICH JONES, Music Director of WAME, Charlotte, North Carolina, says he will be taking music calls on Thursdays between 3 and 5:30 pm.

STATION PROMOTIONS: I guess we have, at one time or another, all had to do a remote broadcast. On occasion a GM, PD or salesman will come up with a memorable remote idea. Such is the case of the two upcoming remotes: BOB CLARK, of WEEP, Pittsburgh, will be broadcasting from a garbage dump. Apparently, a local sanitation company has an annual luncheon for clients. This year the company has asked WEEP to broadcast the event. (Let's hope they're not serving leftovers)...CURTIS KING, Music Director of KSO, Des Moines, by far gets to take part in the best of the two remotes. He is broadcasting at the opening of the new X-rated movie "Alice In Wonderland." Wouldn't it be crazy if the theatre and the station got busted at the remote. (It could happen if DOLLY PARTON stopped by and showed them a thing or "two.")

Looks like a couple of members of the WIRE, Indianapolis, staff have been horsing around. Afternoon jock KEN SPECK and WIRE Sports Director DON FISCHER took part recently in "The Great Ride." Speck and Fischer rode horseback for 6½ miles to a local shopping center. Listeners of WIRE were invited to guess the winner and elapsed time. Whoever was correct and closest to the time won a trip for four to Disney World or cash equivalent. (Note to WIRE's BILL ROBINSON: Tell your winners to be sure to say "hello" to WHOO, Orlando, Program Director MIKE BURGER when they go to Disney World. I understand Burger moonlights weekends there playing Tinker Bell)...(While I'm sending notes: Hmmm. Note to DUGG COLLINS, Program Director of KDJW, Amarillo: Bubbles-La Rue from "Rub You Right Massage," here in Hollywood, called a few days after your recent visit here to the Coast. I'm suppose to tell you the movies are ready and could you please return the whip. The only thing I couldn't understand was, why did she keep referring to you as "shorty.")

More promotions and things next week. This week's musical question: "What has eight legs, salutes, and bites First Class Privates." (A military crab.)

KCUB, Tucson recently had a promotion where they gave away early American coat hangers. Pictured are the nail (or hanger) and the logo card used during the promotion.

The California National Guard, KRAK and Columbia Records staged a joint promotion that publicized Johnny Cash's "Sold Out Of Flagpoles" single and helped tell the Guard's recruiting story. KRAK Disc Jockey Joe Mitchell discusses National Guard opportunities with SP5 Emily Barry (left), while State Retention and Recruiting Officer, Major Ted Carlsen (right) looks on.

IT PAYS TO FIDDLE WITH KUZZ...That's what more than five thousand people who came out to see them, and 28 "Old Time Fiddle" contestants who were the attraction agreed over the weekend. KUZZ FM/AM Bakersfield presented an old time fiddlers contest in conjunction with the Valley Plaza Merchants Association at the Bakersfield shopping mall. The contest was spread over three days, with admission free. KUZZ personalities were on hand with records, albums and "stick it on" bumper stickers. Shown in above photo are: KUZZ's Jay Albright, L., and Bill Woods, r., clowning as the winners in the junior and senior division of the KUZZ-Valley Plaza Old Time Fiddler's Contest show off their trophies.

### COUNTRY AIR PERSONALITY ORGANIZATION FORMULATES BYLAWS

The combined officers and board members of the newly established Federation of International Country Air Personalities, announced their organization will open a new era of communication, co-operation and beneficial self-help for members of the broadcast industry involved solely in the field of country music.

A non-profit organization, chartered and incorporated under the laws of the State of Tennessee, with permanent offices at 1201 16th Avenue, South in Nashville, FICAP is the first organization dedicating itself to the betterment and benefit of the life of the man on the air, the country music disc jockey.

Voting memberships are available only to members actively engaged in the on-the-air duties of radio and television broadcasting. Associate and corporate memberships are available but hold no voting privilege.

Officers and members of the board of directors at the founding of the organization are:

Chairman of the Board—Grant Turner, WSM, Nashville.  
President—Charlie Douglas, WWL, New Orleans  
First Vice President—Billy Parker, KVOO, Tulsa  
Second Vice President—Mike Hoyer, KFGO, Fargo.  
Secretary-Treasurer—Cliff Haynes, KNEW, Oakland  
Parliamentarian—King Edward IV, WSLC, Roanoke  
Sgt. At Arms—Mike Burger, WHOO, Orlando  
Billy C. Cole, WHO, Des Moines  
Bill Mack, WBAP, Fort Worth  
Buddy Ray, WWVA, Wheeling  
Dale Eichor, KWMT, Fort Dodge  
Corky Mayberry, KFOX, Long Beach  
Jim Kizzia, KMUS, Muskogee  
Bob Ingram, WRJW, Picayune  
Jay Drennan, WSLR, Akron  
Executive Director—Georgia Twitty Nashville

All officers and directors serve without pay or remuneration for expenses and serve two year terms without the right of succession. Three

## Biff Collie INSIDE NASHVILLE

VITAL STATISTICS: JODI LEIGH HAYNES is doing fine thank you, so is her mother CONNIE SMITH. Jodi was born Sunday July 25th at Nashville's Baptist Hospital (6 pounds-3oz)...The young girls were there for KEITH CARRADINE's short shot at Exit-Inn last week. "If my mom could see me now!" he said, looking over the crowd of sighing she's...Young DON KING collaborated with BILL and JEANNIE WALKER on the theme of the new "MUSIC HALL-AMERICA" TV series theme. Formerly titled "Nashville Now," it's the first TV series owned by Opryland Productions...T. TOMMY CUTLER's campaign for U.S. Congressman in Tennessee's 4th District has drawn upwards to 100,000 people to his rallies, utilizing the pulling power and performance of superstar casts, including GRANDPA JONES, HANK SNOW, JOHNNY RUSSELL, DAVID HOUSTON, JIM ED BROWN, TOM T. HALL, and dozens of others...FARON YOUNG's "Jailhouse" nightspot opened three weeks ago, was cooking until last week they had to close until necessary papers for a new liquor license was filed...The "Sheriff" had come off the golf course to get things in order for DAVID HOUSTON's appearance last week...Also, WAYLON's new club "The Ramblin' Man," down there (in the basement of the Possum Holler building) at the end of the "Alley" was shuttered, the lease voided, evicted by "SHUG" BAGGOTT, GEORGE JONES' manager-business partner. "Technicalities" they said...MEL TILLIS "picked" on the "Tonight" show with ROY CLARK this week. Roy hosted Monday, Tuesday and Wednesday...ROY HEAD was ecstatic about his session here last week, can't wait for the record to come out. It's another "Goldie" revival...EDDIE RABBITT (with two "T"s) will get married this fall, he says...MARGO SMITH, the banker's wife from Ohio, knocked 'em out at the Opry when she did her yodel act on the Opry. She's one of the freshest things to come along on the Nashville music scene for years. Credit JIM VIENNEAU with another coup. He first produced Margo.

SALUTE!! REX ALLEN, JR's highly-touted new single "Teardrops In My Heart" is another classic hit from the pen of super-writer VAUGHN HORTON. Among his credits are things like "Muleskinner Blues," "Sugarfoot Rag," "Hillbilly Fever," and over twenty other million dollar songs!!! Vaughn's living in Tampa, Florida, readying a new project for his publishing company. He headed the Nashville office of Penn Southern Music for years. Vaughn was a protege of VERNON DALLHART in his heyday, and continues to be one of the most productive and successful contemporary songwriters. I love the Vaughn Horton philosophy: "I used to write songs, but no more...now I write records!!"

## COUNTRY AIR PERSONALITY

Continued from page 24

meetings will be held by the board each year with a general membership meeting to be held each October in Nashville.

Among other areas of involvement with the air personalities in country music, FICAP will maintain an active job bank, educational and research materials, and is presently investigating various forms of insurance and self supported retirement policies, and will act as funding organization for the Country Music Disc Jockey Hall Of Fame. The Hall of Fame is presently housed in the ASCAP Building in Nashville.

A separate Board of Directors of the Country Music Disc Jockey Hall Of Fame nominates and elects members to the Hall Of Fame and operate completely independently of the FICAP organization. Three new inductees will be formally installed at the FICAP banquet to be held at the Hyatt Regency in Nashville in October on Friday the 15th.

FICAP, the brainchild of three of the board members was founded in behalf of the country music air personalities by Chuck Chellman of Nashville. Mr. Chellman serves as permanent trustee of the Country Music Disc Jockey Hall Of Fame.

Memberships for active country music air personalities are \$25.00 per year, associate memberships are \$50.00 per year and annual memberships for radio stations (which allows all their air staff to hold voting memberships) is \$100.00 per year.

The first member to join was Bob Cole of WWOK in Miami, the first associate member was Mel Foree of Acuff-Rose and the first radio station member is WSLC, Roanoke, Virginia.

Full information on membership is available from FICAP Executive Director, Georgia Twitty at 1201 16th Avenue South, Nashville 37212 (615) 385-0047.

## CMA BANQUET AND SHOW

**MOVES TO GRAND OLE OPRY**  
Over the years, the CMA Anniversary Banquet and Show has developed into one of the industry's most anticipated annual events. With this in mind, CMA members can look forward to a really exciting evening of fine food, good company and superb entertainment during this year's gala affair.

Several changes will make it all possible. First, the event will be held on Thursday evening, October 14th, allowing guests to take advantage of the space and facilities of the Grand Ole Opry House.

Second, those in attendance will have much more time to leisurely meet with friends, since cocktails will be served from 6:00 p.m. until 9:00 p.m., with banquet seating set for 7:30 p.m.

There will also be a noteworthy improvement in food service—the dinner will be catered to the individual tables in appealing basket arrangements, doing away with the bothersome buffet lines.

After dinner, those show tickets will gather inside the Opry House at 9:00 p.m. for the traditional CMA Banquet Show. The entertainment will be produced by Gene Nash, with musical direction by Bill Purcell.

Tickets to the event will officially go on sale to the general membership around August 15th. Order forms will be mailed to all members.

Two types of tickets will be sold this year. The \$20.00 ticket entitles the holder to attend the cocktail party, have dinner, see the show, and also bears a stub for admission to the televised CMA Awards Show Presentation to be held on October 11th. The \$8.00 ticket includes admittance to the cocktail party, the banquet show and the TV Awards Show Presentation. Tickets are non-refundable.

## POP/ADULT NOTES

BY MIKE KASABO

Bob Swanson, KEX, reports outstanding phone action on the Flash Cadillac record "Did You Boogie." The first few days of play it came in number three on the phone tabulation. By weeks end, it had jumped solidly into the number one position. Swanson points out that Wolfman Jack's "guest appearance" on the record seems to be a big part of the drawing power. The new Bellamy Brothers single is "Satin Sheets."

The unique sound of the Michael Franks record "Popsicle Toes" appears to be catching on at WIP, KNBR, WSAV and others. Key adds in the Northwest this week from KVI and KEX.

While several stations are still playing the old Gallagher & Lyle record, we note (see New & Active) good first week action on the brand new one "Heart On My Sleeve."

Unless my memory has totally failed me, I cannot remember a major motion picture being based on a hit song. But just so is the case of Bobbi Gentry's "Ode To Billy Joe." The Max Baer production appears to be doing quite well in terms of reviews and box office. Anyway, Capitol has re-released Ms. Gentry's recording and it appears to be playing very well at a number of stations including KFI, KRNT, WGR and WATR.

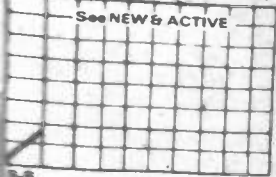

The rare opportunity to visit with Bob Hope came across my path last week, and, of course, I jumped at it. Thanks to Ward Grant, Mr. Hope's PR man, and Tom Salino Capitol records' promo guy for arranging the brief but rewarding meeting. Although it might be unnecessary to say, Bob Hope's presence in a room is almost overpowering. The man reeks of class...and many other positives that would take up enough space for ten of my columns. When I told Bob that I'm of Polish extraction, he said he didn't mind and would try to talk slower. His Capitol album "America Is 200 Years Old...And There's Still Hope" features many guest celebrities such as Phyllis Diller, Karl Malden, Demond Wilson, Jim Backus, Louis Nye and others. As we left his estate, I couldn't hold back the impulse. I started humming "Thanks For The Memories."
