## TO EDIT OR NOT TO EDIT...

The following article enlarges on last week's front page story regarding a change of policy at WKBW. The research was gathered by J.J. Jordan.

The issue of airing edited singles continued to stir up reaction this week, after WKBW's initial statement on the matter. PD Bob Harper and MD Jim Quinn cited consumer complaints about records purchased which did not match the versions aired on WKBW.

Jim Quinn elaborated on WKBW's policy toward edits this week, raising several new points. "It is WKBW's position that when a singles buyer goes to a store and buys a consumer single, that that single should contain the entire song as recorded on the album.

"If a radio station wants to play an edited version, if the record company wants to distribute an edited version to stations or jukebox dealers, we have no objections. Our concern is that if a consumer who hears a song on the radio goes to a store and gets an edited 'ripoff' version for an outrageous price, then the next time he won't come back and buy singles. We feel the singles market is not dying...it's being murdered by bad vinyl, the big hole in the middle, and by the edited version of songs. The singles buyer should be treated as fairly as possible, and must get his money's worth."

Echoing Quinn's sentiments was Joel Denver, MD at WFIL. "I think the public feels ripped off by singles," he told R&R, and went on to agree with Quinn that stock singles should contain full-length versions of songs. KRBE PD Clay Gish said, "I would like to see singles contain the full song. The singles buyer would get a lot more for his money. Why should he spend his money on a single and get less than what's on the album cut?"

Bill Hennes, WNDE's PD, is of a different opinion, believing that the stock single should be what the radio station is serviced. "If a radio station is serviced and playing an edited version of a long song, the singles buyer should be able to walk into a record store and buy the version of the song they heard on the radio." And WIFI PD Bob Hamilton feels the whole issue is unimportant, and that putting full versions of songs on stock singles will not particularly stimulate singles sales.

Station policy on playing edited singles varies around the nation, but most agreed that they did not

## Singer Faces Possible Death Sentence

A former member of the group Tower of Power could be sentenced to death in a California Superior Court during his sentencing trial December 10. Rick Stevens, lead singer of the group for three years, was convicted of the execution-style murder of two men that Stevens claimed were drug pushers. Besides the first-degree murder conviction, Stevens was also found guilty of six other felonies, including kidnapping and manslaughter. In court, Stevens had said that he was at the vic-

tims' home to talk about a \$3000 debt he owed them. Two other men were also arraigned on the murder charges, one was acquitted, and the third, former Cold Blood manager Lester Davis, was convicted but will not face the death penalty. Although it took the jury in the case seven days to determine Stevens' guilt in the murder, they deliberated only one hour to decide that "special circumstances" permitted a possible death penalty for him.

## Technical Difficulties Beyond Our Control...

The Radio & Records offices received many calls this past week, all asking where their copy of R&R was. After spending time with U.S. Post Office representatives, we were informed that the United Parcel Service strike has added a heavy burden to the regular U.S. mail and that in some cases, because of the unusually heavy Christmas season mail, first class mail is running a week behind in delivery. We apologize for the inconvenience and hope that our subscribers understand that we are continuing to meet our deadlines, but we cannot answer for the post office.

like to play edits that differed from stock copies. Les Garland, CKLW; T.J. Lambert, WGCL; Charlie Ross, KEEL; Bruce McGregor, WAKX; Sandy Jones, WKY; Ken Curtis, KAKC; and Mark St. John, WISE were among those contacted by R&R who were so inclined. At KHJ, Charlie Van Dyke states that he does not mind playing DJ copies that differ from stock singles, and plays both short and full-length versions of records on their list at different times. CKLW's Les Garland prefers to play the single version rather than longer versions, but feels that "Stations should be consistent and play one or the other and not day-part versions."

Finally, Dave Sholin at KFRC brought up a key point, stating that his station does not like to play edited records, but is forced to at times owing to the extreme length of certain tracks. With highly popular numbers like Peter Frampton's "Do You Feel" clocking in at over 14 minutes in its full album version (Lynyrd Skynyrd's live "Free Bird" is another case in point at 11½ minutes), the problem of whether to play long or edited versions is a very troublesome one for tightly formatted Top 40 stations, and seems likely to become more prevalent.

In some cases, such as Heart's "Magic Man," DJ copies contained both an edited version and a full version while stock copies contain the full version of the song. It's unlikely that consumers would complain about getting a LONGER version.

**WHO IS THAT LOVELY LADY HUGGING THAT UNSHAVEN MORNING DISC JOCKEY?**—The lady is Erica Farber, General Manager of 99X/New York. The hug is to welcome back morning personality Jay Thomas from his around-the-world contest. The station sent Thomas, via Pan American Airlines, around the world, with stops in Tokyo, Hong Kong, Frankfurt, etc. The listener with the closest guess to the actual air time it would take for Thomas' flight would win a dollar a minute. The winner was a 27 year old who claimed \$4,420 for 73 hours, 40 minutes of flight time. One of the highlights of the trip was when Thomas would check in between plane changes from the various airports and interview people on the air long distance.

## WCAO's Ron Riley On Mediastat

With an ever increasing number of stations subscribing to Mediastat, I thought I'd share some information that I gathered at a luncheon meeting that our General Manager and I had last week in Washington with Jim Sidler, President of Mediastat, and his associates.

As you no doubt know, Mediastat is designed to be a monthly research tool for station management, and especially useful in areas of programming. A good pre-ARB insight into your direction.

The sample is smaller than Arbitron, generally around 500 calls are made, so when you narrow your particular rating down to a particular demographic group in a specific time period, one or two people can have a heavy influence on the outcome of the survey.

Conversely, though, if the monthly trends are studied, it apparently will give you a pretty accurate indication as to whether you're going up, sliding, or stationary. It also provides daily cumes, which no other service has. This can give you a real look into daily maintenance, as it's broken down into day parts which immediately tells you just who's listening. It's a good "checks and balances" procedure as it gives you a tally of around 34,000 quarter hours.

Sidler always depicts monthly fluctuations as "wobbles" and cautions stations not to over-react to a particular trend you may note until you get at least two or three books under your belt.

In the area of trends is where Mediastat parallels what you see in your Arbitron book, only with Mediastat you get this information on a month to month basis, as opposed to quarterly or semi-annually. So it gives a programmer the opportunity to catch a problem area between the ARBs.

Another positive feature of the Mediastat is that stations (for an extra fee) can compose a "ques-

tion" which will be asked those being surveyed on your behalf. Questions such as: what is the listeners preference for one station over another; what are their musical tastes; do they own an FM car radio or why a particular station (maybe yours) wasn't mentioned in their report. Questions can also be asked to just one particular demographic group that you may be having problems with. Or, if you prefer, the entire group being surveyed can be questioned. You make up the question... they ask it. This can bring you a wealth of information which, again, can potentially be a tremendous asset in making programming decisions.

Unfortunately if a negative trend continues it can also give your boss the insight that he might need a new Program Director, but that's the business. Apart from that though, for stations or group operators who don't conduct their own independent research, it seems to me that Mediastat is a great tool...if for no other reason, it makes you get together on a management level and really think.

Frankly, I for one am happy to have the addition of a service like this as it's sorely needed in our industry. And the overall result has to have a positive effect on your programming methodology and your radio station in general.

## John Garry Key Witness At Murder Trial

John Garry, half of the WTAE/Pittsburgh morning team of Garry and O'Brien, found himself accused of being the third party in a love triangle that apparently resulted in a murder.

It seems that a young lady that Garry had been out with socially on a number of occasions has been charged with the murder of her husband. The morning man first met the accused on the station's telephone and testified in court Tuesday (11/16) that he in fact had met with the suspect for drinks and coffee earlier the day of the murder.

She testified that she had gotten home that night at around 1 am and found her husband's body in the garage. He had been shot to death. She also maintains that she is innocent and that her husband was probably shot by a burglar.

The District Attorney is alleging that the wife had recently gone into debt to the tune of \$15,000 to \$20,000, and was fearful that her husband would find out. The DA was also trying to establish a possible triangle love affair, and that's where John Garry entered the picture. Observers at Garry's testimony feel that he should and will be completely exonerated from any wrong-doing.

WTAE General Manager, Ted Atkins, states that the station is backing Garry all the way and feels that his morning man is completely innocent of any impropriety.

## Radio Hall Of Fame

The National Association of Broadcasters has announced the formation of the "Radio Hall Of Fame." The NAB has sent all its station members nominating forms for the Hall of Fame, which will be compiled by January 1, 1977. Nominees should be active in the industry for at least 10 years, posthumous nominations may be made for broadcasters who have been deceased for over two years. The first members of the Hall of Fame will be announced at the NAB's national convention in Washington in March of next year.

**RAY-SIROTT SIROTT**—WLS/Chicago afternoon drive personality Bob Sirott helped his listeners solve their romantic problems when he "hired" Elizabeth Ray to be his guest love counselor for a week on his show. Every afternoon at a specified time, listeners could call in their problems and get free advice from Bob and Liz. Sirott tells R&R that the promotion was a hit, but he still doesn't know if Ms. Ray can type!

## KEZY's "Noonies"

Lunch-time free Rock concerts at local schools have recently been presented by KEZY/Anaheim. The "Noonies" feature local groups. In order to qualify for the free entertainment, schools must submit petitions with 1190 signatures to the station. Night jock Jim O'Neal acts as MC of all the festivities.

## Million Dollar Message

WYRE/Annapolis' "Million Dollar Message" enables one lucky listener to win interest on \$1 million cash. To win, they had to unscramble the one-word a day message. All the words were given out of sequence.

## Mayor Pledges To Radio-thon

The entire air staff of WVOT/Wilson, North Carolina took part in the annual Diabetes Bike-A-Thon, raising hundreds of dollars for the local chapter of the Diabetes Association. Even the town Mayor got involved by pledging a dollar a mile to afternoon jock Gary Edwards.

Local charity officials said that this year's turnout was the best ever.

## WGUY's "Disco Trout"

WGUY/Bangor PD Mark Lawrence sent R&R a tape of the station staff's latest creative recording, entitled "Disco Trout." Although performance credit is given to "Marlin Perchkiss and the Swine Flu Over The Cuckoo's Nest Band," the actual production was in the hands of morning man Jay Michaels and his newsmen J. Charles Foster. "Disco Trout" has turned into quite a local hit, Lawrence reports heavy requests for the tune, and some local publicity was attained for the record in the Bangor Daily News.

## For The Record

WVOV/Huntsville comes up with a bit of name trivia. Their current weekend man's real name is "Jim Record." Jim now goes in the file with such greats as John Records Landecker who's given names are industry-related.

## WIBG Newsteam Hi The Carpet

A mysterious malady struck the WIBG/Philadelphia morning news team recently. Mary Margaret Myers and Richard Hunt, after three hours in the studio, were introduced by jock Bob McLain before their 7:50 am newscast, and promptly went into one of the most crazed, laughter-filled news presentations in history. The team barely made it through the news before they and other staff members realized that there was definitely something physically wrong with the pair. It seems that fumes from the new carpet recently installed in the news booth was making the duo extremely light-headed. In fact, Mary Margaret blacked out and was taken to a local hospital for treatment. WIBG PD Chuck Knapp reports that both are now back to normal, although the station GM, Burt Sherwood, sustained injuries to his car radio when he threw his briefcase into it after hearing a very surprising newscast!

capsule." The promotion, held in conjunction with a local stereo outlet, offers a first prize of nearly \$4000 worth of sound equipment, including the new computerized system turntable with a memory bank, plus an album a week for life.

KNOW/Austin is using their contest scramble as the station jingle. The five-record montage enables listeners to win up to \$500 when they unscramble the tunes.

## KCBQ Runs Radiothon

KCBQ/San Diego PD Gerry Peterson made us aware of an instant community station promotion. A local high school football player had his neck broken during play and the family needed money for immediate medical bills. KCBQ went on the air with their "Radiothon" and raised over \$10,000 in about twelve hours.

## Money Music

\$1,470 in cash is the prize in KNDE/Sacramento's current "Money Music" promotion. 14 hit songs are used as the key in the contest, one of the records is played each of 14 days. Clues are given on the air to let listeners know when the song would be played. At the end of the 14 days, the first caller to list all records correctly won the cash.

## A Maze Of Montages

Several stations are running record and voice montages, giving their listeners chances to guess the identities of the mystery collages to win various prizes.

AOR KPRI/San Diego is running a "Music Connection" contest in which they challenge their audience to identify 10 brief licks of songs which are in a broadcasted "sound

**AFTERNOON KNAPP TIME**—WIBG/Philadelphia has placed billboards all over town depicting every on-air staff member. Afternoon man and PD Chuck Knapp sent us this picture of his "Afternoon Knapp Time" board.

## Holiday Happenings

99X/New York is the first radio station ever to participate in the annual Macy's Thanksgiving Day parade in the Big Apple. The 99X "Boogie Down Broadway" float was manned by the station personalities along with Barry Manilow and Lady Flash.

KMEN/San Bernardino invited their listeners to "Show Us Your Turkey." For a few days prior to Thanksgiving, the KMEN "Haywagon," with both "Pilgrims" and "Indians" on board, traveled around town. Every time bits of "Turkey In The Straw" was heard on the air, listeners looked out their windows to see if the wagon was near their house. If it was, and the listener showed their turkey, they

won a microwave oven to bake the bird in.

98Q/Vidalia listeners had to be fast-talkers to win their Thanksgiving turkey from the station. The "Give Us The Word-We'll Give You The Bird" promotion asked callers to repeat a tongue-twisting phrase in order to win their dinner.

Dressed in full plumage, WAAY/Huntsville's "Fred The Wonder Turkey" made appearances around town, driving the WAAY Turkey Truck. Fred stopped motorists and walked into businesses, bestowing free turkeys on winners at random.

WAKX/Duluth took part in the city's annual "Christmas City of the North" parade last weekend. The station's float depicted a futuristic Christmas that could take place 200 years from now.

**ATLANTA INVADED BY FROGS**—Atlanta area record stores and radio stations were invaded by ABC Records' "Frogs," who handed out the Amazing Rhythm Aces' "Too Stuffed To Jump" albums, and T-shirt iron-ons. Pictured here with WQXI's Rhett Walker (right) are ABC Marketing Coordinator Janet Ehman, ABC Promo Exec John Schoenberger, and (inside the frog), ABC Singles Sales Coordinator Spencer Herzog.

KSTP/Minneapolis and MCA's Local Promotion Manager, Brian Boylan recently held a "Free As A Bird" promotion, in which listeners calling in won Lynyrd Skynyrd's "One More From The Road" album. All winners qualified for a drawing for the grand prize of the use of a specially chartered airplane for a day to fly the winner and guest anywhere they chose. Before flying off to their destination are (left to right); Brian Boylan, winner and friend, and KSTP PD Rob Sherwood.

Hoping to give themselves a little "pull" in the market, KLAQ/Denver, is "milking" their latest logo, "On The MOOVE," for all it is worth. Pictured showing off some of the promotion material used by the station, which included everything from bumper stickers to sweat shirts, socks to frisbees, posters to notepads, is JIM "BOB" DUNCAN, R&R's staff Cowperson.

The WTOC/Savannah "Love Jocks" are shown here along with the Savannah Little Theater Players, after a very successful three-day run of the station's Haunted House. The non-profit theater group was supported by the station listeners who visited the house, raising \$1200 for the group. WTOC supplied T-shirts, singles and McDonald's gift certificates as prizes to the House visitors.

After giving away \$20,000 in "Don't say hello" jackpots, WNOE/New Orleans' "Big Snatch" just paid off another \$3000 to a listener who answered her phone "WNOE Plays The Best Music." Pictured with the winning family are (second from left) General Manager Eric Anderson, (in hat) Buzz Bennett, and at right Kevin Metheny and Mark Driscoll.

## Albums, Interviews, & Concerts

The Sylvers' latest single was the basis for WFOM/Marietta's "Hot Line" week. Listeners called each hour to win the group's newest LP and qualify to have their phone bill paid for six months. Another artist tie-in was held two weeks ago. Hourly giveaways of Starbuck's album, plus real "bucks," in the form of silver dollars, were featured all weekend long.

Starbuck's Bo Wagner stopped in at WDAT/Ormond Beach to do an interview with mid-day man John Lindsey, and help answer request lines for afternoon jock "The Janitor."

Eagles LP's and tickets to the group's Minneapolis concert were given to WAKX/Duluth listeners.

KEWI/Topeka held their "Classic Week" recently. Each day a superstar was featured and their albums given away to listeners who answer trivia questions about the stars. Each evening the specific album was played in its entirety. Stars featured were Elton John, Fleetwood Mac, The Eagles, Carole King, and The Beatles.

WGCL/Cleveland dedicated an entire week to giveaways of Beatle LP's each hour. All winners qualified for the grand prize of a Classic jukebox filled with Beatle records, and 10,000 dimes to play it with.

13Q/Pittsburgh did a promotion take-off on the regularly featured "hat joke" segment of the Captain & Tennille's TV show. Listeners called in their favorite hat jokes, qualifying for a trip to Hollywood to see the show's taping.

A rotating cart comprised the WSGA/Savannah "Kiss-O-Meter" contest, just prior to Kiss' concert. If the caller's on-air kiss registered under 50 points, they won a copy of the "Beth" single. If the smacker registered over 50, a copy of the album was awarded, and the kisser qualified for a complete Kiss LP catalog, limo ride up to the show, and a chance to meet Kiss backstage.

Olympia Beer and Olivia Newton-John were cleverly tied together for KLEO/Wichita's "Olympia Newton-John" weekend. Callers heard the sound of an Oly can opening, and if an Olivia tune was played after the can was opened, they won Olympia Beer belt buckles, T-shirts and sun visors, as well as Olivia's album.

WCGQ/Columbus, Georgia gave away a "Best Of The Doobie Brothers" album every hour in their latest "Best Of" weekend.

Custom promos by the Spinners highlighted WPEZ/Pittsburgh's "Rubber Band" weekend. Listeners called in several times an hour to win Spinners' albums and the "official Spinners rubber bands" referred to in the hit song. The group's promo gave instructions on how to dance with these rubber bands.

WEEQ/Waynesboro held a "Something Special" weekend. The Something Special Sylvers LP was given away, with some copies of the album containing other goodies such as cash and gift certificates.

WSPT/Stevens Point's Pat Martin held a live interview with David Cassidy on his show last week.

WRNR/Martinsburg listeners are registering for the station's "Any LP You Want" promotion. Three times per day, jocks call registrants and award them their favorite album.

WDBR/Springfield, Illinois afternoon man Rich Styles is pictured here (without costume) along with local listeners who trick-or-treated the station on Halloween. All the visitors entered a contest for the best costume. Everyone who dropped by won albums and T-Shirts.

Halloween eve, WSPT/Stevens Point kicked off its "Midnight Movie" at a local theater with a seance to bring Harry Houdini back. This Halloween was the 50th anniversary of Houdini's death. WSPT's afternoon jock Dave Marx MC'd the occasion by demonstrating what a seance involves. A horror flick followed the seance. Pictured (left to right); Dave Marx, PD Pat Martin, and a seance participant.

A sold-out concert appearance by Boston occurred just one week after their single "More Than A Feeling" charted number one at B100/San Diego. Also shown are B100's Glen McCartney (left) and the telegram singers from "Western Onion," Los Angeles.

Marilyn McCoo & Billy Davis Jr. stopped by WCAO/Baltimore to visit 6-10pm personality Brother Love (left). Also joining Marilyn and Billy were ABC's Jim Smith (second from right) and Bob Brady (right).

Before flying off to their destination are (left to right); Brian Boylan, winner and friend, and KSTP PD Rob Sherwood.

Hoping to give themselves a little "pull" in the market, KLAQ/Denver, is "milking" their latest logo, "On The MOOVE," for all it is worth. Pictured showing off some of the promotion material used by the station, which included everything from bumper stickers to sweat shirts, socks to frisbees, posters to notepads, is JIM "BOB" DUNCAN, R&R's staff Cowperson.

The WTOC/Savannah "Love Jocks" are shown here along with the Savannah Little Theater Players, after a very successful three-day run of the station's Haunted House. The non-profit theater group was supported by the station listeners who visited the house, raising \$1200 for the group. WTOC supplied T-shirts, singles and McDonald's gift certificates as prizes to the House visitors.

After giving away \$20,000 in "Don't say hello" jackpots, WNOE/New Orleans' "Big Snatch" just paid off another \$3000 to a listener who answered her phone "WNOE Plays The Best Music." Pictured with the winning family are (second from left) General Manager Eric Anderson, (in hat) Buzz Bennett, and at right Kevin Metheny and Mark Driscoll.

KHJ/Los Angeles awarded Epic/Sweet City's Wild Cherry with a gold "KHJ Number One Music Award," which commemorates their "Play That Funky Music" reaching the number one spot on the station's charts. The award was presented to the band by KHJ PD Charlie Van Dyke and air personality Dr. John. Pictured (left to right) KHJ MD Rosie Guevara, Wild Cherry's Bryan Bassett, Van Dyke, Dr. John, lead singer Robert Parissi, and band members Ron Beitle, Allen Wentz and Mark Avsec.

WDAT/Ormond Beach helped the area's largest shopping mall celebrate their second anniversary with a live remote broadcast. Air personalities "The Janitor" (right) and "Barefoot Rick" (left) helped draw the mall's largest crowd ever.

KENO/Las Vegas morning man and Program Director Scott Gentry conducted a surprise interview with stripper "Kitten," to promote her opening at a local club. The buff appearance was set up by News Director Norm Seely, and was a total shock for Scott. Kitten strolled into the control room totally nude just as Gentry was introducing Seely's newscast. Both participants "barely" made it through the interview.

Barry Manilow stopped by KNUS/Dallas to say hello before his local concert. Left to right are: PD Christopher Haze; Manilow; KNUS' Jake Roberts; and MD Randy Hames.

Umbrella in hand, ABC Records' Connecticut promotion man Bill Beamish visited WAVZ/New Haven PD Johnny Walker (right) to promote Stephen Bishop's single "Save It For A Rainy Day."

KOLE/Port Arthur Beaumont morning personality Steve Golden (right) presents a check for \$134 to the winner in the station's "Golden Opportunity" contest. The talent search promotion asked listeners to call in to display any form of talent they wished, with all participants winning albums. Weekly finalists were selected by call-in votes and won \$13.40. The semi-finalists then vied against each other again, and listeners chose the gentleman pictured here as the winner for his impressions of various TV and movie stars. He also got a chance to be a guest disc jockey on Golden's morning show.

WIFE/Indianapolis News Director Dave Berry gave station listeners a play-by-play description of what a real wilderness survival test is all about. Berry was taken to a desolate area of central Indiana and left with no food, water, matches or protection. For four days and 3 nights he survived on flower bulbs, roots, acorns and drinking the condensation that had accumulated during the night off his nylon jacket. Dave filed live reports daily on his progress, failures and condition. After the ordeal, he was airlifted from the wilderness by helicopter and flown to a sandwich shop in Indianapolis for his first meal.

Tom Birch, Program Director of KOMA/Oklahoma City reports on the "All New KOMA," with a resurgence of promotion activities and excitement for the power hours 50,000 watt station. The new logo shown here is being used on 10,000 bookcovers and thousands of KOMA "Rainbowshirts" that have already been given away. The "All New Improved" KOMA visual is used as a label for "canned shirts," distributed to local sponsors and national agencies. "Captain KOMA" is making housecalls all over the area with \$100 bills to award to owners of radios tuned to the station, and \$10 for each person that has KOMA written down. Also currently running is hourly "Free Money Calls," worth from \$2000 to \$5000. Listeners just have to know what the current amount in the jackpot is to win when they are called by the KOMA personalities.

## Never Too Old To Broadcast

A former television news anchorman has won a suit against his former employer. An Oklahoma City jury concurred with the employee's feelings that he had been fired for being "too old," which is in violation of a 1967 law. The 49 year old broadcaster won \$60,000 from the court.

## WLAC Sold

Billboard Publications has purchased its first broadcast facility, WLAC/Nashville. Billboard will buy the outlet from Life and Casualty Insurance Co. for \$3 million, pending FCC approval.

## Volunteer Can Labeling

The National Canners Association has announced a plan in which manufacturers would begin to voluntarily list on can labels the exact weight of food in the can before liquid is added. The voluntary plan comes shortly after the Food & Drug Administration and consumer groups proposed such a law. At least four major U.S. canners, including Del Monte and Libby McNeill & Libby, have said that they will go along with the guidelines. The FDA responded to the Canners Association plan by calling it a "step in the right direction," but also noted that it would continue to ask for even more label information.

## McDonald's To Use Nutritional Info

The Food & Drug Administration has given McDonald's restaurants the go-ahead to use nutrition information in their advertising, as long as full nutritional facts are provided on posters or other promotional items in the chain's outlets. McDonald's first requested a change in ruling to allow them to use the information in their ads two years ago. The FDA says that the new ruling should pave the way for other chains to use the same ad strategy.

## America's "Influential" Women

A panel of editors, university presidents and social commentators has chosen a list of the 25 "Most Influential Women" in the country for the official World Almanac list. Of the 25, nine are journalists, including Barbara Walters; six are in politics; only one was chosen from the field of business, Mary Wells Lawrence; and again only one from entertainment, the "Children's TV Workshop's" Joan Ganz Cooney.

## Frampton Sues New York Retailers

Peter Frampton has filed two separate suits against New York's Korvette Stores and Marlboro Bookshops for allegedly selling unauthorized posters of the artist. Frampton's licensing agent, Bandana Merchandising, is making an attempt to stop illegal sales of posters, T-shirts and other promotional items of the superstar's. The suits, filed in New York State Supreme Court, ask for \$500,000 damages and \$500,000 punitive damages each. Frampton's manager Dee Anthony said that several similar suits will be brought against other retailers.

## Bakersfield Stations Change Hands

Buck Owen's Thunderbird Broadcasting Co. has received FCC approval for transfer of ownership of KBIS/Bakersfield from Westco Media to Thunderbird. Owens will move his Country KUZZ call letters to that frequency as a full time operation. The current KUZZ has been sold to the Four Square Gospel Group, who will introduce an all-religious format at that daytime frequency. KUZZ-FM, also owned by Thunderbird, will change from a Country to an AOR format, effective with the AM frequency change within 30 or 45 days. The proposed new call letters for KUZZ-FM are KKXX.

## Video Disc Manufacturers Warm Up For Ad "War"

At least five U.S. companies, and 18 foreign based video disc makers, will stage "one helluva fight" in advertising campaigns. At a recent international video disc programming conference, more than one company exec was anxious to say that the manufacturers are ready and willing to spend in the millions of dollars for advertising. Most of the companies will zero in their budgets on upper-middle and affluent classes of American consumers, with ads that will focus on the educational and informative discs available, as well as motion pictures. According to industry experts, a mass market for video discs may be 15 to 20 years away, but none of the companies will hold back early advertising now to get a corner on the market.

## Rolling Stone's History Of Rock & Roll

Rolling Stone Magazine has released their "Illustrated History of Rock & Roll" this month. The book features over 1000 photographs, and traces the history of Rock from the earliest days of "urban blues," through the '50's and '60's and into current contemporary Rock music. As a reference book, the History of Rock & Roll offers discographies of important artists over the past 20 years.

## Toyota Finds Advertising "Answer"

A record 1977 advertising budget is being readied by Toyota Motor Sales, U.S.A. No exact ad dollar amounts for the year were announced, although company spokesman said that it would exceed last year's \$27 million. New theme for Toyota's Corolla will be to call the model "The Answer." The Corolla ads will make up the major emphasis on '77's ad campaign. Secondary emphasis will be on the Toyota Celica and pick-up trucks. The company will also continue its successful "You Asked For It, You Got It, Toyota" theme for overall advertising. Included in ad plans announced, Toyota will sponsor numerous sports events during the coming year, such as the Indianapolis 500, College All-Star Game, and also Don Kirschner's Rock Concerts.

## Women Polled On Fragrances

PPL Fragrances, a world-wide producer of women's toiletries, has announced their findings in a recent study on women's attitudes about fragrances. The company found that younger, career oriented, women think of perfumes as a reassurance in a world full of pressures, and is an opportunity to "express her individuality." Qualities most liked in these products by the females polled include pleasant, refreshing, clean and healthy. Of the 790 women surveyed, most younger and older women relied on the "clean" type products, while the 35-49 year old women are more inhibited in their use of fragrance in any product. One interesting finding was that wealthier, more educated women are less receptive to fragrance in products than are lower-income, less educated women. Those studied also noted that packaging of products had little to do with their response to what's inside.

## Kraco 40-Channel CB Ads

Kraco Enterprises Inc. has slated a \$2 million national ad budget for their new 40 channel CB radios. Using spot radio in 31 marketing areas, the ads will continue throughout 1977. Featured in commercials will be "Kraco," the talking parrot, who will continue his travels throughout the country to support the CB 40 channel series.

## [So You Can Understand It]

### New Rule Proposal Hits At Annual Financial Reports... You Should Know About It And Comment Before It's Too Late

We at R&R feel it is necessary to call your attention to a rule-making proposal currently before the FCC. With respect to this present rule making proposal filed by a Washington Communications Law Firm specializing in cable TV which asked the Commission to make the following data from the Broadcast Annual Financial Report available for public inspection for the first time.

1. Page 1 in its entirety.
2. Net Broadcast Revenues
3. Depreciation and Amortization Expense.
4. Interest Expense.
5. Total Broadcast Expense
6. Total Property Cost After Depreciation

It is our opinion that this rule making proposal should be opposed vigorously by each and every broadcast station. Since the FCC has extended to December 3, 1976, the time for filing opposing statements, this would be a good time inform you of this matter. In addition, the FCC has extended to December 8th, time within which oppositions may be filed to the rule making proposed by several public interest law firms which would require:

1. All broadcast stations to keep a transcript, tape or disc of all News and Public Affairs programming.
2. Radio stations to make program logs available for public inspection.
3. Require radio stations to provide in-house mechanical reproduction facilities for members of the public to copy portions of the public file.
4. Require stations to keep and disclose written comments from the general public for three years from the date received.

It is our opinion that the instant proposal would cost too much and cause unnecessary paperwork to an industry that is already being sagged down in paperwork and unnecessary costs.

Comments on both the above should be directed to Chairman Richard Wiley at the Federal Communications Commission, Washington, D.C. 20554.

## NBC LEADS PACK FOR SECOND WEEK

ABC network programming remains on top in season-to-date Nielsen ratings, but NBC is making it a tight race, coming up number one for the eighth week of the season. NBC was also on top the week before, with the help of the first half of "Gone With The Wind." For the week ending November 14th, NBC had a 22.1 share, ABC 21.1, and CBS 17.9. NBC specials including "Sybil" and part two of "Gone With The Wind" helped push NBC to the top, while ABC held a good share in special programs with Wednesday's Dorothy Hammill, John Denver and Olivia Newton-John specials beating out CBS' "Chinatown" and NBC's "Disappearance of Aimee." ABC evening news took a drop during the week. Barbara and Harry had a 10.6 rating, NBC 15.4 and Walter Cronkite's CBS news a 16.9.

## OTHER TV NEWS

NBC will drop their Wednesday night movies on December 1, and premiere a new comedy lineup. New shows that will kick-off on that date are Don Rickles' "CPO Sharkey," his third attempt at a TV series; "The McLean Stevenson Show," where McLean will play a hardware store owner with family problems, and Michael Constantine will star in "Sirota's Court," playing a night court judge. Also moving to the Wednesday night comedy lineup will be "The Practice."

Why is it that after a rating period many radio people feel it is now time to "take it easy" or "relax awhile?" Should not professional broadcasters continue year-round to put out their very best, whether or not a rating period is going on?

# Parallels

**Parallel I:** Major market stations (top 30 markets) that are format dominant\* in their market and/or are the major sales influence. These stations usually play under 35 records in total.

**Parallel II:** Key stations (31-100 markets) that are format dominant in their respective markets, and influence rack buying patterns for their region. This category also will include some major market stations that are not the dominant ratings/sales influence, but have demonstrated importance in their respective markets. These stations will usually be programming 35 or less total current selections.

**Parallel III:** All other reporting stations. This parallel will also cover stations with longer playlists. It also will include secondary reporters that are not the format dominant station in their market but influence the market considerably.

\*Format dominance determined from latest Arbitron survey available in that market.

# To Edit...

Continued from front page.

sion than the one they heard aired. But with records like the Frampton single (edited to half its full length on both DJ and store copies) and Boston's "More Than A Feeling" (a minute shorter on DJ's and stock), there is a definite potential for alienating consumers, as pointed out by Quinn in his statement above. There's also a basic philosophical question for radio stations to consider—whether the advantages of attracting album-oriented consumers by playing full-length versions will outweigh potentially turning off and tuning out the more impatient Top 40 fans. The edit question is a long way from being settled.

The questions raised by Quinn about alienating the singles buyer would seem to most directly affect the record companies, who have the option of putting the full-length version of a song on their singles or matching the edits they send to radio stations. R&R heard two views on the subject. Bruce Wendell, Capitol VP for National Promotion, stated that Capitol's stock singles contain the full versions of songs. "Capitol's stock singles are the complete works of the artist...the full length of the record...We do service radio stations with an edited version of some songs because they can't always play the long version."

Warner Bros. National Promotion Director Don McGregor said, "Our policy has been that once a cut is lifted from an album there is an initial edit made on the cut for the purpose of a single, then we do not go back and monkey with the stock single copy. If we edit a song for radio, stock will usually end up that way...In some instances you reach a point on a 45 RPM record where you can only put so many grooves in the record before it starts distorting...We feel that if radio wants something and we feel we can give it to them without screwing the artist, then we're going to give it to them."

The issue is obviously far from closed, and R&R welcomes further comment from radio and record industry figures. For now, perhaps the most appropriate summing-up comment comes from a radio personality who when asked his feelings about edited records whimsically replied, "Cut down on them."

# COUNTRY

## Direct From Duncan

A few changes have occurred since we last got together...SHELLEY DAVIS, in a major shakeup at KBUL, Wichita, has been let go. Davis was GM of the station. Music Director STEVE BOWER was also axed on Monday of this week. I talked with Shelley this week and he said he would be looking for another management position, Sales Manager positions would be considered. His home number is (316) 684-2282. Davis has made many contributions to the Country music radio industry through his work with the Country Radio Seminar....The Music Director of WSAR, Akron, BOB FULLER, will be leaving radio as of December 23. Bob will move his family to Nashville to start a new company, "All American Record Distributors."...BOB COOPER is the new General Manager of KHAK Cedar Rapids, Iowa. The station is still looking for a female to work the evening shift. (If you happen to be a "lady of the night" don't hesitate to call Operations Director DAVE DONAHUE. But if he gives you a line about "humming your audition," you'd better watch out!)...KUZZ, Bakersfield, will become the first 24 hours a day Country station in that market. They just received FCC approval of a frequency change. They will take over the 970 spot on the dial from KBIS. KUZZ-FM will change call letters and format to AOR after the first of the year. (More details in the R&R Late News section)...JOHNNY SHILOH has been appointed PD of KCIL-FM in Houma, Louisiana...PAUL GOLD is the new PD of WFNC, Fayetteville, S.C....PEGGY SEARS replaces PENNY REEVES at KBOX, Dallas. She will co-host the morning show with ALLEN PECK. Ms. Sears will also be assisting PD TOM ALLEN with the music chores...

At WTCR, Ashland, Kentucky, BARRY CHASE replaces DAN HALYBURTON as Program Director. Halyburton has resigned with no further plans at this report. Morning man JEFF GOODRICH also has left the station to become PD of WEET, Richmond. BRAD HENDERSON replaces Goodrich in the morning slot at WTCR. MIKE FINCHAM is the newly appointed Production Director. JERRY CRABTREE will remain the station's Music Director. Promotion calls should be made on Mondays from 9am to 4pm...CECE WHITE has rejoined KJJJ, Phoenix, to do the eight to midnight slot...DAVE RICHARDS from KPIK, Colorado Springs, is now doing the seven to midnight shift on WCOP, Boston...JOHN HAGERMAN, Vice President and General Manager of WBKR, Owensboro, Kentucky, informed R&R the station will have a live formatted Country sound as of the first of the year. The station had been using a couple of different syndicated automated Country formats. The lineup will include Hagerman, 6am to noon; PD HENRY BRISTOW, afternoons; MIKE MORTON, evenings; and SANDI CHAMPION, aka "Jake, the little ole hit-picker," will handle the all-night show...DAVE ALLEN joins KMPS, Seattle as the Director of Promotions...BOB BRANSON from WEMP, Milwaukee, is now doing weekends at Z-104, San Diego...DAVE OLSEN is no longer National Promotion Director for IRDA. He is looking for a radio or record position. Dave has had 17 years experience in the business. His former gigs include WUNI, WAME, and WINN. His home number is (615) 383-3260... A new all Country station, under the direction of former KCKC, San Bernardino, Program Director MARK WILLIAMS, will be among us in Ontario, California, as of the first of the year. 10,000 watts KSOM will be needing some air talent. Tapes and resumes to Williams at P.O. Box 26743, San Bernardino, California 92406. No calls...

A few other notes of interest (mostly in the key of H): A couple weeks ago nine Wisconsin Country radio stations got together in Milwaukee for the first time. The purpose of the meeting, according to WTSO, Madison, O.D. CHUCK MORKRI, was to discuss mutual problems of Country radio stations in that state. He said the response was so good that three or four meetings are planned a year. The next will be at the Wisconsin Broadcasters Association meeting in Madison next February. The stations who participated were WAPL, Appleton; WAXX, Eau Claire; WGEE, Green Bay; WTSO, Madison; WCUB, Manitowoc; WLOT, Marinette; WMP, Milwaukee; WLKE, Waupun; and WXCO, Wausau. Topics of discussion included format styles, music, promotional ideas and how to sale Country radio...The Program Director of WWVA, Wheeling, CHARLIE COOK, has available a four minute interview with a fellow who worked on the ship the Edmund Fitzgerald. Cook says the station has been using the track with the Gordon Lightfoot single. If you are interested in a copy of the interview, write WWVA, Capitol Music Hall, Wheeling, West Virginia, 26003...KSON, San Diego, needs Christmas product...KING EDWARD IV of WSLC, Roanoke, Virginia, has a new single on Soundwave Records called "Rabbit Run."

Most stations again this year gave their listeners "The Bird" for Thanksgiving promotions. Most were nothing to flip over. They were the typical "when you hear the turkey gobble, call in and win..." LARRY CLARK, PD of WEEP, Pittsburgh, came up with a unique idea. Instead of turkeys he gave away hot dogs in his "Happy Franksgiving" contest... That reminds me, did I ever tell you about my dog named Ben. That was its name until the puppies arrived. Now I call my dog "Ben-Her."

## Biff Collie INSIDE NASHVILLE

DATELINE: JERRY LEE LEWIS was arrested two nights in a row this week; the first night for drunk driving in Collierville, a Memphis suburb, the second night for reportedly attempting to enter GRACELAND, ELVIS PRESLEY's home, with a gun. Bad blood has existed for years as far as Jerry Lee is concerned... JOHNNY "K" swore out a peace warrant against WENO Station Manager CASEY JENKINS after Casey "forcefully," he said, ushered him from the premises. "K" had been a station employee for seven years. Morning DJ DON HOUSER had been there almost ten years before he too became a part of the mass firing which precedes the new (Dec. 1st) "all-music, no-talk," format...Nashville's WMAK Top 40 format now has a "top dog." An adoption took place after the station ran a "lost dog" report and learned that THIS LOST DOG would die unless somebody took her, and everybody hasn't room for a 15 month old St. Bernard!...FARON YOUNG sold his "Jailhouse" nightclub to WEBB PIERCE, now it's called RHINESTONE COWBOY. More album, picture and souvenir sale outlets, Webb?...JOHNNY CASH was trying to phone convicted murderer GARY GILMORE in Provo at the insistence of Gilmore's attorney DENNIS BOAZ; the official who answered at the prison said Gilmore could not talk, he had just taken an overdose of drugs...TEXAS LONGHORNS' coach DARREL ROYAL joined 75 other radio, TV, newspaper and media people at the LUMBER YARD in Austin last Monday to congratulate DALE MCBRIDE at a record explosion party. They came from as far as Ft. Worth and Houston, and Dale's record producer, BILL WALKER, flew in from Nashville...ERNEST and his estranged wife OLENE TUBB became grandparents for the first time when daughter GALE, and her husband, BILL KEY, became parents of 7ft. 9in. WILLIAM FRANK KEY, JR... DAVID CASSIDY was in Music City this week. When he was here last he packed the auditorium; this time, after local newspaper mentions, no one was there to meet him at the airport...ROY ACUFF was back on stage at the Opry last weekend; first time since the gall bladder operation Oct 21st.

RADIO ROW: Billboard magazine buying WLAC-AM/FM in Nashville for a reported 3.5 million, hope to take over about April 1st, 1977 with the FCC's approval...WIZO Radio, "Sunshine Country" in Franklin, a Nashville suburb, switched from their old 1,00 watt transmitter to their 5,000 watt transmitter the other day...WENO now segueing records phasing into their December 1st format change...WKDA now has MIKE HAINES and sometimes D.J. JONES (a woman) doing their traffic time skycopter reports.

LETTERS:

## Cogent Country Comments

Dear R&R:

*I don't suppose I would really be a person considered to be gripey or really care about what Country Music is or isn't, though I do have my own opinions...But for the past couple of issues of R&R I have noticed a couple of letters that I must comment on.*

*First, it all started back in October when Biff Collie wrote about the first time some DJ's got together and decided to start going each year to Nashville for a meeting with some of the artists...First of all the year was 1959 not '49...In the issue 2 weeks ago, Ed Salamon went right along with the year 1949...Not that that was such a big deal but it did upset me a little bit when he started talking down about some of the Grand Ole Opry people...Country music is a legendary type history of America, not necessarily started here but nurtured here...Don't knock the people that are part of that history...There are some people on the Opry that never had a "hit" on records but are part of a great story that has helped me and other DJ's be better at our jobs...One other thing, I do wonder how any one should accept the fact that the celebration in October could possibly be anything but a DJ convention...After all, the Opry birthday isn't until the latter part of November...Why doesn't WSM have their celebration then...You can't really blame Irving Waugh...I would do the same thing he is doing if I could get away with it...*

*Now to my other comment...Mike Maloney of KSSS has decided to change the sex of one of the great ladies of the Grand Ole Opry, Del Wood...I realize, when you hear "Down Yonder" it doesn't say, "Hey, I'm a woman." But, geez Mike, Del is going to be terribly angry at you...*

*What I'm trying to say in this whole letter sums up like this...There have been a lot of complaints lately about Country Music Radio. One of the biggest is the ratio of ex-Rock Jocks playing Country records now and not knowing much about the music...I have no idea the complete background of these two gentlemen and I didn't really mean to pick on them, although I'm sure they will think I am, but please folks, engage brain before opening mouth...If you are a young person thinking about becoming a Country DJ at least consider brushing up a little on its background...You can't fool Country Fans although you may like to think you are...*

Thank you for the time,  
 Billy Cole

The boss only drinks on special occasions—like the 20th anniversary of the invention of Zip Codes!

**NOVEMBER 26: ANNIVERSARY OF FIRST U.S. HOLIDAY BY PRESIDENTIAL PROCLAMATION:** George Washington proclaimed this day in 1789 to be Thanksgiving Day...And **TOMORROW** marks the anniversary of that day in 1789 when Pepto-Bismal was invented!

It was really a cheap hotel. After I left I discovered they had stolen my towels!

**NOVEMBER 29: BIRTHDAY OF LOUIS MAY ALCOTT (1832):** She founded the world's first girlie magazine for midgets, called "Little Women!"

**NOVEMBER 30: BIRTHDAY OF SAMUEL CLEMENS (MARK TWAIN) (1835):** It was Mark Twain who described a brawl he was in: "Thrusting my nose firmly between his teeth, I threw him heavily to the ground on top of me!"

The boss finally told me when I can expect a raise...I wonder how I can get the weather forecast for Hell?

## POP/ADULT NOTES

BY MIKE KASABO

As reported earlier in this column, activity of a world-wide nature on Abba's "Dancing Queen" has made it a logical single release in this country. It continues to register top requests at KEX in Portland.

Barbra Streisand appears to have her healthiest release in quite some time with "Love Theme From A Star Is Born" on Columbia. Check New & Active for latest station airplay. The song is also available on the original soundtrack album that features a very fleshy cover of Streisand and Kristofferson.

Other new albums that Pop/Adult programmers have been asking for and finally got are...George Harrison's "Thirty Three & 1/3," complete with a personal music dialogue with GH himself; "Sundan Village" by Seals & Crofts; and the best of "Loggins & Messina" featuring the cream of their crop.

Paul Anka's latest solo effort for United Artists "Happier" is starting to show some early strength at many of the nation's top Pop/Adult stations. See New & Active for airplay breakdown. Meantime, his duet with Odia Coates continues to improve in chart standings.

One of the strongest come-backs we've seen in a long time is currently being enjoyed by the well-known and liked group Bread. Apparently people like their bread whole instead of sliced.

The new Donny & Marie Osmond went right on some biggies this week including WSM, WLW, WSAV and WNHC.

Dr. Buzzard looking strong with adds at WBZ and WNHC.

Lots of talk, and some play starting on 20th Century's sound track double album of "All This And World War II." The two cuts mentioned most often are by Helen Reddy and Henry Gross.

"Love Ballad" by LTD on A&M is rapidly picking up steam on many Pop/Adult stations. Latest key add is WTAE. Good moves include 22-15 WMGC, 21-16 WKBC-FM, 21-15 WNHC and 26-17 WCHV.

The Guy Marks record, "Man In The Glass" on Ariola America, is getting a ton of phone action at both WGN and WIP.

The new Linda Ronstadt went right on WMGC, WATR and KWAV.

The new Starbuck "Lucky Man" looking strong with good early returns WBAL, WSAV, KMBZ and KCRA.

"Hot Line" by the Sylvers picking up nicely now...check New & Active. Philharmonic 2000 is now known as Symphonic 2000. They're still on Mercury and "Disconcerto" was just added at KOGO.
