Greaseman's Self-Destruct Reignites Industry Debate: How Far Is Too Far?

by Jeff Silberman, Marc Schiffman, and Frank Saxe

While the racially inflammatory and repugnant remark that led to Doug "the Greaseman" Tracht's firing from WARW Washington, D.C., may have been so far beyond the standards of taste and sensibility that it was indefensible by any definition, it was hardly the only time that an air personality went too far in an effort to provide outrageous entertainment.

Last week, modern WPLA Jacksonville, Fla., night jock Dick Dale staged a "Spank The Monkey" contest, where in-studio male contestants raced to pleasure theniselves the fastest. using naked female volunteers for inspiration. One contestant was an undercover cop, who busted Dale for prostitution ("providing an environment for a sex act" by offering prizes).

He and PD Rick Schmidt were suspended for a week.

At N/T WABB-AM Mobile, Ala., Dan Daniels was fired after he said a local dance troupe of girls aged 3 to 17-on their way to the Summer Olympics in Australia—looked like "prostitutes." But he probably would've gotten a slap on the wrist at KYSR (Star 98.7) Los Angeles, where Jamie White of the morning trio Jamie, Frank, and Frosty explained how she gets her husband out of a funk: "One yank on the wank, and everything is fine."

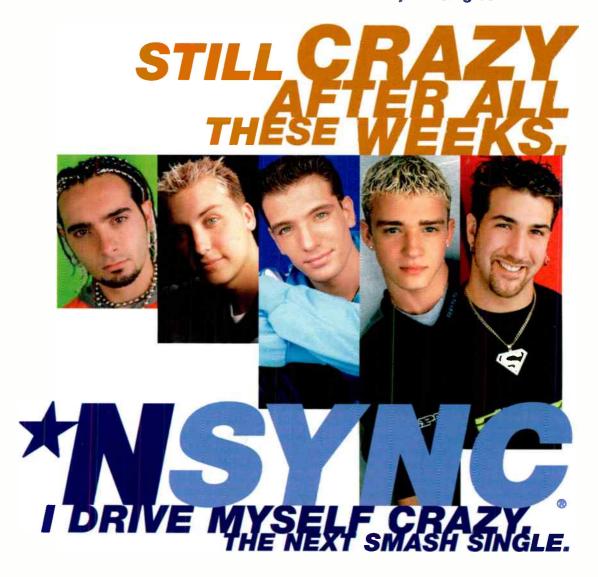

These incidents basically serve to focus the spotlight on just where the line is between entertainment and irresponsibility. Complicating things are two forces seemingly determined to obliterate whatever standards are set. "With the Jerry Springer sideshow on

Chancellor Taps Smith As Senior VP

JEFF SILBERMAN

323-525-2303 • jsilberman@airplaymonitor.com

When Chancellor closed on KKFR (Power 92) Phoenix last year, the prevailing gossip was that **Steve Smith**, who as VP of programming for Emmis Broadcasting was locked in bitter radio wars with Chancellor in New York and L.A., would not continue to consult KKFR. Not only did Chancellor maintain its relationship with Smith, but he's now Chancellor's senior VP of programming. Smith, who will maintain his outside consultancy, will report to Chancellor chief programming officer Steve Rivers. He'll focus on the group's top 40, R&B, and R&B oldies stations.

In other corporate programming news, Rich Hawkins, OM for Capstar's AC/classic rock combo KYXY/KPLN San Diego, is named VP of programming for Capstar's Western region. Capstar has also confirmed the hiring of the Research Group's Jason Kane as president of its "virtual radio" unit, Star System. Kane's appointment was tipped here in early February. Speaking of the Research Group, former VP of programming for CBS Radio Rick Torcasso is named president of that firm, amid ongoing reports of a new connection between TRG and Critical Mass Media.

The Cincinnati Enquirer reports that Jacor's lawsuit against WKRQ (Q102) Cincinnati VP/

GM Jim Bryant has ended with Bryant's admission that he was behind a local "listener" complaint campaign last spring against Ja-cor-owned crosstown outlets WEBN/WOFX. As part of the out-ofcourt settlement, Bryant sent a letter to 1,000 national and retail accounts admitting that the complaints were

fakes. Bryant also paid Jacor a "six-figure" sum, according to the paper.

In management news, Errol Dengler, most recently VP of sales and marketing for Omni America, becomes GM for Chancellor's Cleveland cluster, including top 40 WZJM (Jammin' 92).

PROGRAMMING: BOWEN RE-UPS

On the heels of some of its best ratings ever, Jefferson-Pilot has extended the contract of WSTR (Star 94) Atlanta PD Dan Bowen to 2002.

Julie Adam is upped to PD at new top 40 outlet CISS (Kiss 92) Toronto. Adam, who was APD under CISS' previous country format, replaces country PD Danny Kingsbury. Meanwhile, CISS taps the lineup of the market's former top 40 AM, CFTR, for mornings (Kris "KJ" James) and afternoons ("Tarzan" Dan Freeman).

WVAQ Morgantown, W.Va., PD Lacy Neff is upped to director of programming. He'll also oversee co-owned modern AC WSSN and coun-

Former KQKS (KS107.5) Denver MD Lee Cagle snares the PD post at R&B KXHT (Hot 107) Memphis.

Justin Brown leaves WMJJ Birmingham, Ala., for the PD/morning job at KQIZ Amarillo, Texas, beginning March 15. He replaces Joe Dawson.

WHZZ (Z101.7) Lansing, Mich., PD Woody Houston has left the building.

Fargo is upped from MD to PD at WVYB (the Vibe) Daytona Beach, Fla. He succeeds Sam Diamond, now PD at WBFA Columbus, Ga.

At soft AC WGKS Lexington, Ky., PD Skip Elliott steps down to concentrate on his on-air and cluster MIS duties. Mike Donovan of Vallie Richards Consulting is looking for a replacement.

Ted Kelly, PD of AC WHMD Hammond, La., and country KCIL Houma, La., is named OM at country WXCT, classic rock WDGL, and R&B oldies WTGE Baton Rouge, La.

Casey Kasem's "American Top 40," displaced by the format change at WBIX (Jammin' 105) New York, will now air on sister WHTZ (Z100). Meanwhile, WBIX gets new calls WTIM.

PEOPLE: WKTU FIRES HOLLYWOOD HAMILTON FOR CONTEST-RIGGING

WKTU New York morning personality Hollywood Hamilton was let go after station management discovered he attempted to fix the outcome of an on-air contest Feb. 25. "Hollywood Hamilton is a talented broadcaster," says VP/GM Scott Elberg. "However, WKTU will not tolerate any activity by its personnel which violates the trust New York listeners have placed in our station and its contests and promotions." Hamilton, who admits doing so as a favor to his longtime publicist, has accepted the management decision. In happier news, WKTU moves late-nighter Diane Prior to middays, replacing Efran Sifuentes.

Doug "the Greaseman" Tracht, the recently

fired morning man from classic rock WARW Washington, D.C., has been attempting damage control in the wake of his racially charged comments about the dragging death of James Byrd Jr. in Texas. Tracht hooked up with Rock Newman, a former boxing promoter (and friend of former D.C. mayor Marion Barry), who arranged for a press conference March 3 at National City Christian Church, where Tracht started his series of mea culpas. Tracht expressed "profound shame, humiliation, and sorrow" about his "insensitive, hurtful, racistsounding words." He said he would "try for as long as it takes to demonstrate my sorrow and remorse." He then apologized, first to the Byrd family, then to the African-American community at large, to which he offered, "I am will-

ing to entertain suggestions of any form as to how I might begin to repair the damage my words have caused." He also apologized to his listeners, friends, colleagues, and wife. Tracht, who made the rounds of local talk shows to continue his apologies, is already the target of a listener

drive to boycott any station that might conceivably plan to put him back on the air.

KDWB Minneapolis PD Rob Morris picks KKLS Sioux Falls, S.D., PD/afternoons Derek Moran to be KDWB's next MD, succeeding Rich Davis, now PD at WZEE (Z104) Madison, Wis.

WIOQ (Q102) Philadelphia APD Jay Towers returns to WDRQ Detroit for mornings, replac-

Sorry to report the death of Brent Lee, 22, a P/Ter at modern adult KAMX (Mix 94.7) Austin, Texas. At rhythmic top 40 sister KQBT, morning co-host Mark McCray is upped to APD/afternoons, replacing Alex C. KQBT now seeks a new

morning-team leader who "gets the street scene." **KQKS** (KS107.5) Denver night host **Ricky** Fuentes has left the building.

WWHT (Hot 107.9) Syracuse, N.Y., moves p.m. driver Marty to mornings, replacing Joe Boxer, and middayer Java Joel to afternoons. Exiting PD J.J. Rice needs a new middayer. Meanwhile, sister AC WYYY (Y94) loses middayer Jeanne Ashley to MD/middays at new AC outlet KSRC (Star 102) Kansas City.

KSEQ (Q97) Fresno/Visalia, Calif., PD Rik McNeil is splitting the music duties vacated by the departure of **Steve Perez**. Now co-handling the tunes will be McNeil and APD **Eddie Cruz**. Also, promotion director Rudy Orozco is upped to programming coordinator.

Soft AC WEZF Burlington, Vt., a.m. driver Jon Brooks joins oldies rival WKOL for mornings.
Rhythmic top 40 WGL-FM (Z102.3) Fort

Wayne, Ind., hired almost an entire air staff this week. New PD Brian Michaels, from modern AC WPTE (the Point) Norfolk, Va., takes afternoons; country WJEN Rutland, Vt., middayer Amy Ryan takes the same daypart at WGL; and top 40 WJET Erie, Pa., night jock Jo Valentine takes nights. The station has also applied for the calls WCKZ. Meanwhile, WPTE P/T Lee Lovingood joins AC WXGM Gloucester, Va., for mornings.

With modern adult KYSR (Star 98.7) Los Angeles MD Chris Ebbott and music coordinator Kim Farima gone, ex-KFMB-FM San Diego APD Greg Simms, who came to Star 98.7 to do middays, is named interim MD.

KKŔZ (Z100) Portland, Ore., morning host John Murphy is being heavily courted by a local TV station. In case that does go down, PD Tommy Austin wants to get in a new host as soon as possible, so he's requesting T&Rs now

Finally, It's All About Mya

BUILDING AN ARTIST: Although Mya has appeared on the rhythmic chart four times in the past year, twice on her own projects and twice as a guest vocalist for other acts, she is on the chart for the first time as the sole featured artist with "My First Night With You" (University/Interscope). "It's All About Me" (University) with Sisqo hit No. 9 July 18, 1998; Pras' "Ghetto Supastar (That Is What You Are)" and BLACKstreet's "Take Me There" (both Interscope) rose to No. 2 July 18, 1998, and Jan. 30, respectively; and "Movin On," a Mya track featuring Silkk The Shocker, hit No. 3 Oct. 10, 1998. Interestingly, "My First Night With You" debuted higher than any of the aforementioned titles.

COMPANIONSHIP: Celine Dion's duet with Andrea Bocelli, "The Prayer" (550 Music/ERG), marks the first time that the "Titanic" chanteuse has appeared on the adult contemporary chart with a male counterpart since "When I Fall In Love," her duet with singer Clive Griffin, which peaked at AC at No. 6 on Sept. 18, 1993, in the pre-BDS era. Prior to that, Dion's duet with **Peabo** Bryson, "Beauty And The Beast," hit No. 3 on the AC chart in January 1992.

PERSONNEL FILE: Restless Records adds former Island national director of top 40 promotion Ieff Davis as VP of promotion.

Trauma Detroit local **Linda Wilson** joins Beyond Records. Trauma Chicago rep Todd Ahsmann (773-529-7005) and Boston rep Alex Levy (617-536-2673) exit . . . Former Columbia Detroit local Howard Lesnick has established his own company, the Detroit Guy Promotions, Columbia Phoenix rep Dave Shaw will take over Detroit-based duties for the label, and former Island rep Lori Rischer joins Columbia; she'll cover Denver, Salt Lake City, Phoenix, and Albuquerque, N.M.

Universal West Coast coordinator/promotion assistant Joe Rainey (323-874-6658) exits.

FCC Halts EEO Reviews For Now

The FCC has announced it will turn a blind eye to any minority-recruitment problems, at least for now. Although the FCC is proposing new EEO rules, until those regulations are on the books it will throw out any such complaints it receives.

The Rev. Jesse Jackson's Rainbow-PUSH Coalition has made regular use of the process, frequently filing complaints against stations whose licenses were up for renewal. The move was announced in a decision granting license renewals to seven Jacor stations in San Diego, which was protested by Jackson's group. More than a dozen such complaints are outstanding.

The process of adopting new EEO rules continues to move forward. Last week, comments on the FCC's proposal were filed by such diverse groups as the National Organization for Women and the American Federation of Television and Radio Artists. The final comment period closes March 31, after which the FCC will craft its plan. The U.S. Circuit Court of Appeals for D.C. ruled last April that the old regulations were unconstitutional.

Also at the FCC: The merger of Jacor into Clear Channel is giving the FCC a chance to take a closer look at Clear Channel's pickup of five Syracuse, N.Y., stations in a swap with Cox A review is being conducted to see if Clear Channel would control too much of the market with its acquisition of AC WYYY, rhythmic top 40 WWHT, country WBBS, N/T WSYR, and sports WHEN. According to BIA, 40% of local ad dollars are being spent at the five stations.

DOJ OKS CAPSTAR-TRIATHLON DEAL

The Justice Department has reached a deal with Capstar to allow the company to go forward with its purchase of Triathlon Broadcasting, but it has to sell five Wichita, Kan., stations—oldies KEYN, jazz KWSJ, N/T KNSS, N/T KFH, and sports KQAM—to Connoisseur Communications in order to meet ownership limits. Capstar will get to keep country KZSN and AC KRBB to go with its current Wichita lineup of top 40 KKRD and album KRZZ.

While not under DOJ dictate, Capstar is also selling three Triathlon stations in Colorado Springs, Colo., to Citadel. AC KVUU is being placed in a trust, with a future sale likely. Cap-

star and Citadel are also making a trade, with Capstar swapping oldies KSPZ for AC KKLI and \$10 million.

In Spokane, Wash., Capstar is selling Triathlon's oldies **KEYF-AM-FM** to Citadel.

USA FILES AN IPO

The USA Radio Network is the latest radio company filing an IPO. By selling 100,000 shares, it will raise up to \$1 million in a limited offering open to Texas residents only. It will use the money to help pay for new programming and put its content on the Internet. The Dallasbased network provides news, music, and talk programming to 1,200 stations nationwide. In other IPO news, Radio One may file its IPO by month's end.

Moody's has downgraded CD Radio's rating from stable to negative, after last month's announcement of a delay in the delivery of the chips needed to build its receivers, plus a delay in the launch of its three satellites. These delays push back the service launch date by nine months, to December 2000.

Journal Communications' board of directors names radio division president Carl Gardner a corporate VP.

NEW MEDIA

Global Media says that in the past three months it has signed more than 1,500 radio stations, making it the largest Internet partner with radio. Competitor Broadcast.com has 385 stations, while rival Webradio has 27. Global president Michael Metcalfe credits Global's higher rate of return to stations as his company's attraction. Although 10% of North American stations have already inked a deal with Global, Metcalfe says, its goal is 50% by year's end.

SALES: KISF IT GOODBYE

George Tobin is selling R&B adult KISF Las Vegas to Heftel for \$20.3 million. Heftel plans to flip the station to a Spanish-language

Radiant Broadcasting is selling hot AC WFLV Tallahassee, Fla., to Capitol City Radio Partners for \$3.5 million . . . Sinclair has placed AC WFOG Norfolk, Va., in a trust to meet FCC ownership caps. A buyer is still being sought.

Top O' The Chart To St. Patrick's Day

Promoganda pollsters are feeling the luck of the Irish this week, as their St. Patrick's Day plans were top-of-mind in the Topical Barometer. The Oscars came in second, narrowly ahead of the spring break and amusement-park events, which tied for third. Among those finding it easy to be green are the following:

• Modern rock WKQX (Q101) Chicago's

Keith O'Sgariglia notes that Q101 will sponsor a float in the city's massive St. Patrick's Day parade. (The locals even dye the Chicago River green, much like the facial complexion of this year's Bulls fan.)

• Top 40 KKRZ (Z100) Portland, Ore., is sponsoring Kell's Irish Festival, a four-day bash at a local Irish bar/restaurant. "We tent the back parking lot, bring in over 20 bands, have a Celtic street fair and petting zoo during the day for the kids, and totally celebrate the Irish," says Wendi O'Foster.

• Modern AC WALC Charleston, S.C., will dress its man-in-the-street as a "wee one"-he's a 6-foot-2-inch redhead—to hit town with a bit o' the green (dollars, that is) for listeners. Mariana O'Franco-O'Robertson is also working on a green-Jello-pool prize dive at a club.

 Taking a rather tackier tack is rhythmic top 40 KLUC Las Vegas, which is celebrating St. Panties Day. "We'll auction off celebrity autographed panties on-air for charity," says Vanessa O'Thill. "All autographed panties will be displayed in the St. Patrick's Day Parade."

Saluting the silver screen, top 40 WPXY Rochester, N.Y., is putting a lot of sizzle into the show biz of the Oscars. "98PXY is joining with the world-famous movie theater the George Eastman House to show the Oscars on the big

Barbie Party, which featured a Barbie lookalike contest. Living doll Wendi Foster reserved a room at a local hotel and decorated every-thing in pink: "So pink it'd make a normal person puke!" she says. "We had child-sized pink Corvettes and Barbie jeeps on display, as well as a time line of Barbies to give an illustrated history of the plastic babe.

The Z100 Morning Zoo selected 100 listeners to compete. The contestants walked a runway with the Barbie they're supposed to most look like. They were also judged in categories such as best outfit, most enthusiasm, the Barbieest personality (in other words, the biggest airhead), Barbie trivia, and hair and makeup. The winner took a grand-prize trip for two to Malibu, Calif., with a tour of the Mattel factory. Runners-up received a special commemorative 40th-anniversary Barbie doll.

QUICK HITS

R&B WJTT Chattanooga, Tenn., is giving away the Ultimate Ticket, a veritable "season pass" to all Power 94 events and concerts for the entire year. Wayne Collins lined up Pepsi as a sponsor for the golden ducat

Even in an era of multimillion-dollar lotteres, it's amazing how much heat you can still generate with station T-shirts. Country KEEY (K102) Minneapolis created a commemorative 15th-birthday T-shirt and debuted it at the Minnesota State Fair. Diana Buckmann sold 'em out immediately. Modern adult WALC (Alice@ 100.5) Charleston, S.C., sent its street guy out in the van for some Drive-By Shirtings. No one, not even the staff, knew where he'd show up with limited-edition "I Am Alice" T-shirts. "Folks were banging U-turns and driving illegally just to hit him up for a shirt," says Mariana Franco-

Top 40 WNKS (Kiss 95.1) Charlotte, N.C., is getting all hopped up about its imminent Bar Crawl in the Uptown area. Listeners can crawl to five bars on the street for the same price, notes designated driver Diana Ades

Modern rock KXTE (Extreme Radio) Las Vegas went into overdrive for a promotion based on a local concert by the band Fuel. Five winners and their guests got to Fuel Up With Fuel at the All-American Sport Park, where they hopped into mini-NASCAR race cars and raced against the band. Holding the checkered flag was Carly Johnston.

Giving new meaning to the term "massive exposure" is R&B KPWR (Power 106) Los Angeles' billboard campaign that touts morning host Big Boy. The knockoff of Calvin Klein's Obsession ads features a 450-pound jock, lying down seductively, clad only in silk boxers. The headline promotes him as a "Morning Obsession." "It's getting a phat response," says **Dianna Obermeyer**—and no, we're not that sure on the

Speaking of air-personality heavyweights, modern rock WKQX's 350-lb. morning sports guy Al Roker Jr. recently wrestled 10 girls on he Internet. Unfortunately, Keith Sgariglia didn't have enough memory to recall who won.

Top 40 WKSE Buffalo, N.Y., just held its firstever Cheer for the Cure cheerleading competition for high school teams. Proceeds benefited a number of charities, roots Stephanie Ringer.

TOP 40 TOPICS BY SEAN ROSS

Web Listening Spreads: Can You Keep Up?

It's been 18 months since RealAudio became the "killer app" that forced me onto the Internet and usurped a lot of my local listening time in favor of German top 40, French R&B, and Greek oldies stations. For at least the first year of cyber-DXing, I was pretty much alone in this pursuit. Co-workers or visitors would hear CKZZ (Z95.3) Vancouver blaring out of my office and ask me how to download RealAudio, but they either never managed to get it to work or never followed through in the first place.

About six months ago that started to change Former Monitor chart manager Theda Sandiford-Waller was, to my recollection, the first; before long, she could tell me what modern rock WNNX (99X) Atlanta was doing at any given time. Soon, her intern, Gordon Murray (now a chart department staffer), was listening to stations at his desk that I'd never heard myself. This morning, chart administrator Silvio Pietroluongo told me that WPOW (Power 96) Miami was now on streaming audio-at one time that was something that no co-worker could have found out before me.

A few weeks ago, another chart department staffer told me he wasn't enjoying WPLJ New York as much since they'd started playing less '80s gold. I asked if he'd tried all-'80s **WXST** Columbus, Ohio. Two days later, I walked by the marketing department, and WXST was playing on their computers, too. It would now be fair to say that at least a quarter of the office is now listening to Internet radio at least occasionally. That includes the technical-support folks, the ones more likely to be listening like civilians, not programmers.

Knowing that this scenario is being played out around the country (and around the world) is a little like being an America Online subscriber before and after the holidays a few years ago, when everybody got discounted AOL and suddenly it was hard to connect. With more RealAudio users, you can't always count on being able to hear what you want. Stations that struck me as particularly esoteric for the general populace, like Canadian oldies AM CHUM Toronto, now regularly have their RealAudio capacity maxed out, so that you can only count on getting through after

7 p.m.
That's not the only frustration. A lot of the stations that were available in real-time audio a year ago have had problems with their feed. Many got on before ASCAP and BMI began trolling the rolls of Internet broadcasters looking for money; once the performing right societies came calling for royalties, some stations gave up. Others were approached by local ISPs that were willing to put the stations up for free; eventually those stations found out they were getting what they paid for. Some of those stations have given up, too; others are on hiatus because the Internet audio feed is, not surprisingly, not always the first priority for their chief engineers—especially now that those CEs have to keep six stations on the air.

Is keeping streaming audio on the air so that the editor of Airplay Monitor can listen from the comfort of his desk a priority for you? Probably not, although you are keeping your local roads safer, since I'm no longer driving through your market at I a.m. with one hand on the wheel and another trying to adjust the boom box on the passenger seat to record airchecks. But RealAudio feeds have probably replaced some conventional radio listening for some of your market's own diary keepers. For top 40 and R&B radio in particular, having your station available on a listener's computer helps decrease the burden of trying to be the station the whole office can agree on

Consider the following scenario. Listeners who have been hearing your station at their desks can no longer do so. Maybe some will turn back to their desk radio, if they have one. Some will, more than likely, find WPOW or WXST or an Internet-only station for themselves. Remember the mid-'80s: Many R&B FMs found their format exiled to an AM sister because the owner could make more money with a general-market format on FM. Many listeners went to AM, but a surprising number stayed on FM with their secondchoice format. I've found myself to be a creature of habit, too. I have the listen-line number for CHUM-AM, but I don't call it. I just punch up another one of the 200 or so RealAudio files on my desktop.

Does this mean some stations might have done well to never mess with streaming audio in the first place? Well, the bad news is that stations did help create listener usage patterns where radio is suddenly more than the local dial, further reinforcing the specter of digital satellite audio, microradio, and other new media. But the rapidly growing Internet radio audience didn't need a lot of help from existing broadcasters to discover this medium. Now that they have, better that broadcasters understand what's really needed to keep up.

Greaseman's Self-Destruct Reignites Industry Debate: How Far Is Too Far?

Continued from page 1

TV, there's going to be an audience no matter how low you go," states Garrett Hart, PD of album WDVE Pittsburgh. "There's not going to be a point where the American public says, 'We can't

Combine that with ratings-obsessed air talent. "Everyone wants to be Howard [Stern]," says album WLVQ Columbus, Ohio, PD Charley Lake. "People see his success and think, 'If I want to be as successful as him, I have to be rude.

"When the line has been pushed this far, some people feel they have to go beyond the line just to get noticed again," adds album WEBN Cincinnati PD Michael Walter.

Standing in the crossfire are programmers who encourage their air talent to be creative and entertaining yet try to keep them on the "right" side of the line-wherever that is. "Each line is drawn to fit the town, the station, and its targetdemo audience," says top 40 WABB-FM Mobile PD Darren Stone. "Each station has its own restrictions of what it will and won't accept. At the same time, you don't want the station to sound boring, so you have to know where that line is, get close to it every once in a while, then back off.

Stone and top 40 WYOY (Y101.7) Jackson, Miss., PD Dick O'Neil naturally draw a more restrictive line to serve listeners in the Bible Belt. "When there's a Baptist church every quartermile down here, people are very sensitive to any [potentially offensive] talk, be it on TV or the radio," O'Neil says.

On the more liberal West Coast, adult top 40 KFMB-FM San Diego PD Tracy Johnson gives his morning duo, Jeff and Jer, more leeway. "Sometimes it's OK to step across the line, as long as they jump right back to the other side," he says. "We're not here to impose our subjective morals on the audience. What a GM or PD decides is good taste is irrelevant. It has to reflect what the listeners respect and respond to. PDs and air talent who reflect the experience of their listeners can avoid a lot of problems. It's not a matter of never making mistakes; it's a matter of ending up on the right side of the line.

Rhythmic top 40 KYLD (Wild 94.9) San Francisco PD Mike Martin is even looser. "It's up to each air personality to know what our line is," he says. "They can interpret the line with one common denominator—whatever they do, don't blow our license. We don't set down rules as to what they can and can't say. They only need to worry about going too far and losing their jobs.

"It's a matter of trust," Martin continues. "If you have a high-profile morning show, you have to accept the fact that someone out there might not like everything they say and might take it personally. That can make you nervous, but it also makes your station become top-of-mind with the audience.

At WDVE, Hart says that if Scott Paulsen and Jim Krenn's morning show "didn't ever offend anybody, it wouldn't really be working. They do humor with adult themes that may be tasteless but not disgusting. There's a difference between being brash and crass.

Yet "going for a dick joke is an easy way to get a reaction," WABB's Stone counters. "The hard part is doing clean, funny humor. Many people get in trouble thinking [offensive humor] is the only way to elicit a reaction from an audience."

'You can make your point without using [offensive words] and blowing people out of their car seats," WYOY's O'Neil adds.

SEX YES, RACE NO

"My rules are pretty simple," WLVQ's Lake says. "I want my morning show to address everything, but they have to be careful about the words they use. The other rule is I will fire anyone for using the 'N' word or doing anything racist. I will not tolerate hate-mongering.

If there is a middle ground between the programmers who place tight restrictions on jock talk and those who basically give free rein, it is Lake's latter rule, where jocks have leeway to be sexually risqué but never make inflammatory racial comments. "I was at [WKBQ] Q104 St. Louis when Steve and D.C. made racial comments, and it was scary coming to work when there were bomb threats," WRVW (the River) Nashville PD Jimmy Steele says. "You don't cross the race line.

"Any kind of racial humor is not allowed at our station," affirms top 40 KQKQ (Sweet 98) Omaha, Neb., PD Wayne Coy. "On Wednesdays, we're allowed to set up a dirty joke on-air and then give the punch line to callers off-air. Blue jokes may be fair game, but we never cross the race line."

'You can get away with a little blue humor, because sex is funny to people," top 40 WJET-FM Erie, Pa., PD Dino Robataille adds. "But it's much harder, if not impossible, to make ethnic humor funny without creating problems.'

Sometimes, the subject matter isn't the problem as much as the timing of the comment. 'The New Guy, our night jock, talked about a shooting at one of the local skating rinks, which in itself is not a bad thing," says KQKQ's Coy. 'But then he called the rink and left a goofy message. He asked what nights their shootings are on, which was insensitive—and the rink was a client. I had to re-emphasize that our target audience is young and impressionable. I'm not here to be a moral ranger, but our talent has to realize that we're a mass-appeal, PG-13

"It's almost like an LED display on a stereo," WEBN's Walter says. "At some point, some things are high, then they're low. Locally, five people have been killed by drunk drivers in the past week. So, drunk driving would not be a tremendous source of humor; it's a hot button. Race is something that will always be touchand-go. The sensitivity depends on what the hot buttons are of a particular day.'

If anything, communication is the key to keeping both the PD and air talent on the right side of the line. "I'm blessed with a morning show [Woody and Jim] that wants to win and execute the game plan," WRVW's Steele says. They know what the boundaries are, and they still ask questions about it. Sometimes we disagree [about what's acceptable], but we respect each other's position. Because of that, I give them a lot of autonomy on a daily basis.

Album rock WKLS (96 Rock) Atlanta PD Pat Ervin regularly scrutinizes the efforts of his morning duo the Regular Guys, who aren't above delving into religion (Jewish co-host Larry Wachs does a bit called "Ask The Jew") and homosexuality (they asked gay hairdressers why so many male stylists go that way). "We have 10- to 15-minute post-games each day, and sometimes they miss the mark," he says. "Parody and humor is OK, but you step across the line when you veer into mean-spiritedness.'

'I never have to worry about what [Jeff and Jer] say or how they say it," KFMB-FM's Johnson says. "Sometimes they make mistakes, but their intent is never wrong. If the talent has the wrong intent and attitude, the PD is the problem, not the talent. You need to get together and communicate to achieve similar goals."

CALCULATED CONTROVERSY

Top 40 WFLZ Tampa, Fla., APD Domino doesn't have to worry about hot-lining his morning show, since it's hosted by Jacor VP of programming B.J. Harris and M.J. Kelli, who Domino says was last airchecked by Scott Shannon. Nevertheless, they and the rest of the air staff are on the same page in what they want to accomplish.

'We believe in calculated controversy," Domino states. "In other words, we embrace controversy when it makes sense to create compelling radio—without doing anything illegal.

"For instance, our night guy hosts a body-piercing show on Thursdays," he continues. People come in and get a variety of body parts pierced. Obviously, it's one of most the controersial things on our radio; it's also one of the most popular. Even so, we cover all the bases: we check 1Ds and make copies of their driver's licenses. We just don't take anyone off the street. We want to be controversial, but we're not going to break the law to do it. Sometimes, it feels that [the law] may be the only line.

'Usually, if someone has to ask if a topic will be a problem, it probably is," he concludes. "Yet that shouldn't stop us from encouraging risk-taking and out-of-the-box thinking. There are no rewards when there's no risk-as long as it's calculated."

MONITOR PROFILE

Gary Schoenwetter Finds Everything Old Can Be Modern Again At KCNL San Jose

Gary Schoenwetter may sound like a classic rock PD when he says, "We're not on the front side of records. New music is not a position that the station takes," but actually he's PD of Jacor's KCNL (Channel 104.9) San Jose, Calif., a station that raised a lot of eyebrows last year when it flipped to '80s-based modern rock, rather than filling the top 40 hole in San Jose as expected.

KCNL isn't the first station to exploit modern rock's first generation-Schoenwetter's alma mater, KXPK (the Peak) Denver, and the modern adult outlets that followed it have done so for nearly five years. But KCNL is the first major-market station to declare outright that it doesn't have to be new to be modern.

'There's a great and vast music library that top 40s, modern stations, and early MTV made popular and has subsequently disappeared from the airwaves," he says. "In the Bay Area, [KITS San Francisco] Live 105 played on its heritage and actively dealt with New Order, Depeche Mode, and the Cure, even as the Offsprings and Silverchairs of the world were rearing their heads. But when [modern] KOME

Gary Schoenwetter

'Our goal is to

Owner: Jacor Ratings: .8-2.1

[San Jose] was folded into Live 105, there was a vacuum left . . . Our goal is to sate [the audience's] need for Reagan-era modern rock.'

KCNL plays a handful of recent titles that would be considered recurrents elsewhere. So how does it differ from modern AC? KCNL takes "your prototypical modern AC and inverts the percentage of music, new to old," he says. While a typical modern adult may be 70%-80% current/recurrent, with its gold ghettoized in a "Flashback Lunch" or "'80s At Eight," we're a good 80% '80s and very early '90s music and 20% recurrent." He also says that KCNL is imaged as an '80s station, whereas "the modern ACs are more the Lilith Fair image stations.'

Here's a sample hour on KCNL: Red Hot Chili Peppers, "Under The Bridge"; General Public, "Tenderness"; U2, "One"; Duran Duran, "Notorious"; Bob Marley, "Jamming"; matchbox 20, "Push"; B-52's, "Private Idaho"; Midnight Oil, "Beds Are Burning"; Til Tuesday, "Voices Carry"; David Bowie, "China Girl"; Pearl Jam, "Black"; Cure, "Boys Don't Cry"; Talking Heads, "And She Was"; and Pretenders, "Back On The Chain Gang."

Jacor hasn't done any broad-based marketing for KCNL yet. "We've got vehicles out on the streets, and it's been a lot of guerrilla warfare, showing up at the Violent Femmes shows, street fests, and anyplace there's a big-enough crowd of people between the ages of 20 and 45," says Schoenwetter. "Given the initial response, we're not in a huge hurry to throw money at it, because the response has been positive enough [that it's better to] keep that money in the bank for [when it's] needed.

He may feel a little déjà vu related to his tenure at KXPK. The Peak's initial calling card was the pre-grunge gold that was then being weeded from modern libraries. The big difference: "Unlike the Peak, we have the ability to have a second act. The Peak did tremendously well in its first year. It marketed and had a full air staff of recognizable names from the market. But when it had to fight off challengers, it couldn't do a lot . . . to draw attention to [itself]. It couldn't go, 'Hey, look, we've got the new morning show from KBCO," because it already had people from KBCO. It couldn't come out with a new TV campaign, because the initial campaign was so good that anything else . . . would pale in comparison."

In contrast, at KCNL, "we've taken it very slowly, and we started off with a canvas that was just painted with music. Now we've added some features, and down the road we can add jocks and marketing," Schoenwetter says.

Originally, the intention was to slowly put jocks on the air soon after a PD was hired, but 'the trends kept improving, and the feedback via E-mail and other methods [went] as far as [to say,] 'Thank you for not cluttering the air with jocks," "he notes. "At some point we'll have jocks, but how soon that is remains to be seen. [But] we're not going to add a big morning show and personality-based jocks. We want talent that can augment and position the music, breathe life into it, and do more than back-sell and give the call letters."

The perennial bogeyman of any gold-based station is what happens after the "oh, wow" factor wears off. "The politically correct answer is to continue to do new and different things with the music, platoon it and rotate it, and keep on trying new things," says Schoenwetter. "We can make this last as long as WBCN [Boston] has been reinventing itself. [But] it may be a better question for the Randy Michaels and Jimmy de Castros of the world, because [this business is] more about cash flow [than] where we're going to be in five years. You [can] run a station, and cash flow [goes] well for a number of years, but when there's a better hole, you flip the station. [Until then], let's [have a] cash flow [of] 'X' number of millions of dollars doing this, until it's time to fill a different hole." MARC SCHIFFMAN

Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records that attain 2,000 detections for the first time. Greatest Gainer awarded to the record with the largest increase in spins. Most New Stations awarded to the record detecting six or more spins at the most stations for the first time this week. If two records are tied in number of plays, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks.

ranked by audience, computed by cross-referencing exact times of airplay with Arbitron listener data. Records showing an increase fience over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not e a bullet, even if it registers an increase in audience. If two records are tied in total audience, the record being played on more stations ded first. Records become recurrents and are removed from this chart in conjunction with the Mainstream Top 40 Airplay chart.

Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Air-power awarded to those records that attain 600 detections for the first time. Greatest Gainer awarded to the record with the largest increase in spins. Most New Stations awarded to the record detecting six or more spins at the most stations for the first time this week. If two records are tied in number of plays, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks.

Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records that attain 900 detections for the first time. Greatest Gainer awarded to the record with the largest increase in spins. Most New Stations awarded to the record detecting six or more spins at the most stations for the first time this week. If two records are tied in number of plays, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks.

Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records that attain 900 detections for the first time. Greatest Gainer awarded to the record with the largest increase in spins. Most New Stations awarded to the record detecting six or more spins at the most stations for the first time this week. If two records are tied in number of plays, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks.

removed from the chart after 25 weeks.

Songs ranked by audience, computed by cross-referencing exact times of airplay with Arbitron listener data. Records showing an increase in audience over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in audience. If two records are tied in total audience, the record being played on more stations is placed first. Records become recurrents and are removed from this chart in conjunction with the Adult Top 40 Airplay chart.

Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records that attain 800 detections for the first time. Greatest Gainer awarded to the record with the largest increase in spins. Most New Stations awarded to the record detecting six or more spins at the most stations for the first time this week. If two records are tied in number of plays, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks.

Compiled from a national sample of data supplied by Broadcast Data Systems. 107 mainstream top 40, 76 adult top 40 and 62 crossover stations are electronically monitored 24 hours a day, 7 days a week. Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on a chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records that attain 2,000 detections (mainstream), 600 detections (mainstream), 600 detections (adult top 40 and crossover) for the first time. Greatest Gainer awarded to the record with the largest increase in spins. Most New Stations awarded to the record detecting six or more spins at the most stations for the first time this week. If two records are tied in number of plays, the record being played on more stations is placed first. 1999 Billboard/BPI Communications.
