Career MDs Decide: Should They Stay Or Should They Go?

by Jeff Silberman

For some radio personnel, an MD job is basically a steppingstone to a programming gig. But at certain influential major-market outlets, the challenge and high profile of the MD position rivals PD posts in most markets.

Currently flourishing in that spot-light are Andy Shane at WKTU New York, Paul "Cubby" Bryant at WHTZ (Z100) New York, and Erik Bradley at WBBM-FM (B96) Chicago, who practically seem wedded to their respective stations and say they are in no hurry to claim a PD gig.

Tracy Austin and John Reynolds carried the same influence as MDs of KIIS Los Angeles and KHKS (Kiss 106.1) Dallas, respectively. Recently.

they decided it was time to try their hands at programming, Austin at WKSS (Kiss 95.7) Hartford, Conn., and Reynolds at WNKS (Kiss 95.1) Charlotte, N.C. Beyond their strange fixation with Kiss stations, what would make a career MD in a comfortable post at an influential station decide to be the front person who'll get the fame—or blame?

"I reached a point where I felt I had enough experience to do it," says Reynolds, who was MD at KHKS for three years and spent a total of 10 years as an APD MD. "Once you become an MD or an MD with APD duties, you get the run of a station for certain lengths of time when the PD is unavailable. You eventually reach a point Continued on page 6

They Gave Up Their Day Jobs For This?

On their big day at the racetrack, these music and radio whizzes sheepishly discover they're all wearing the same thing! In the back row, from left, are Infinity Columbus, Ohio, VP/GM Dave Robbins; MCA Records reps Dwayne Ward, Cat Collins, and Jeff Davis; WEND Charlotte, N.C., PD Jack Daniel; and WSTR (Star 94) Atlanta APD J.R. Ammons. In front, from left, are Universal Records rep Victor Lentini; Capstar Raleigh, N.C., director of programming Brian Burns; Capitol Records rep Mike Snow; and Star 94 PD Dan Bowen.

Industry Mourns CD Media's Tom Shovan

Very sorry to report that **Tom Shovan**, one of the most fervent supporters of radio and this publication, died April 9 after a fall at his home. Starting his career when he was 12 years old at **WKXL** Concord, N.H., in 1954, Shovan spent more than 20 years at a variety of stations, including **WMEX** Boston and **WPOP** Hartford, Conn. He then got into consulting and syndication, most recently as VP/manager of operations for CD Media, which handles **Rick Dees'** countdown shows and others. He will be missed.

BY JEFF SILBERMAN 323-525-2303 • jsilberman@airplaymonitor.com

MANAGEMENT: IT TOOK TWO

CBS replaces Rochester, N.Y., market manager Bob Morgan with two new GMs. Director of sales Kevin LeGrett becomes VP/GM for top 40 WPXY and album WCMF. Terry Owen, station manager for WPXY and modern adult WZNE, is named GM for WZNE and soft AC WRMM.

Cumulus Myrtle Beach, S.C., director of sales David Lewis is named market manager overseeing top 40 WJXY. Cumulus Columbus, Ga., director of sales Bernie Barker is named market manager of the group's Montgomery, Ala., cluster, including AC WMXS and top 40 WHHY-FM. Cumulus also names market managers Jay Cooper (Dubuque, Iowa). Scott Farkas (Amarillo, Texas), and Ray Nelson (Ann Arbor, Mich).

PROGRAMMING: LITE AND LIVELY

ABC Radio Networks rolls out a new soft AC format, Lite 2000, based on its **KMEO** Dallas. KMEO's personalities will also serve as the virtual jocks for the new format, which launches June 1. Meanwhile. ABC is also getting into the "virtual radio" business, offering a new service called LocalMax, where affiliates will be able to customize both their playlist and jock content.

Adult top 40 WRQX (Mix 107.3) Washington, D.C., PD Steve Kosbau is upped to director of operations for that station and jazz sister WJZW. WJZW PD Kenny King retains those duties Meanwhile, soft AC rival WGAY flips to R&B oldies

WSPK/WHUD Poughkeepsie, N.Y., programmer Bryan Krysz is returning to the Cromwell Group and will be based in Nashville at its top 40′ modern combo WQZQ/WZPC. Exact duties for Krysz. who still consults Cromwell, are still being determined. Krysz will consult WSPK and WHUD after his departure.

Jones Satellite AC WJKK Jackson, Miss., goes local as 98 Mix-FM under consultant Jerry King of McVay Media. PD Brock Owen is handling

mornings but will move to afternoons once he can hire a replacement. John Parker from WFLV (Live 105) Tallahassee, Fla., is doing middays. At WFLV, night jock Brian O'Connor is named interim PD/MD/afternoons as the hot AC shifts to modern adult; he replaces Mike Edwards, now PD at country WCTD Wilkes-Barre, Pa. P/T Elizabeth is upped to nights.

Modern adult KRUZ Santa Barbara, Calif.,

Modern adult **KRUZ** Santa Barbara, Calif., PD/MD/p.m. driver **Mike O'Brien** is the new APD/MD/p.m. driver at adult top 40 **KMSX** (Mix 95.7) San Diego, replacing **Ron Price**.

Simmons Radio Group launches mainstream top 40 KRZN (Channel 105.1) Albuquerque, N.M. Crossover sister KKSS (Kiss FM) PD Tony Manero and MD Jackie James will handle identical responsibilities at the new station.

tical responsibilities at the new station.

Country WDEZ Wausau, Wis., PD Mark Skibba is upped to corporate PD for Midwest Communication's local cluster, including top 40 WIFC.

PEOPLE: KIIS SENDS VALENTINE

A lot of action at **KIIS** Los Angeles last week. P.m. driver **Valentine** is using owner Jacor's Profit technology to the fullest by doing mornings at **WBTT** (the Beat) Dayton, Ohio. He actually records the morning show the night before, right after his KIIS shift. Meanwhile, KIIS is using commercial-free music to replace 10 a.m.-noon host **Billy Burke**, who departed last week.

KMXB (Mix 94.1) Las Vegas APD/MD/afternoon host Kozman heads to KALC (Alice 106) Denver as APD/MD.

KMXV (Mix 93) Kansas City morning host Denis Prior segues to AC sister KSRC (Star 102) for identical duties. News/traffic reporter Laurie Arbore joins Prior as full-fledged co-host. At Mix 93, sister KBEQ Kansas City PD Mike Kennedy returns to top 40 from the country format, taking the morning shift with his wife, Nycki Pace.

AC KIMN Denver brings in Jane London from N/T WTVN Columbus, Ohio, for morning co-host duties... Adult top 40 WMGX Portland, Maine, taps the morning team at top 40 rival WRED, Rob Steele and Joe Lerman, for nights, replacing Kim Rowe, who joins WRED.

Scooter Hooper is named production director for top 40 WFBC-FM (B93.7) Greenville, S.C., joining from Clear Channel's WGSQ Cookeville, Tenn. Meanwhile, production assistant Tracy Perlitis is upped to production director at AC sister WSPA (and its oldies sister WOLT/WOLI).

Top 40 WMGR Albany, Ga., middayer Jasmine Phoenix joins crosstown rhythmic top 40 WNUQ (Q101.7) for afternoons.

WKCI (KC101) New Haven, Conn., needs P/Ts, as Bill Fisher left for a night gig at WBLI Long Island, N.Y., and Steve McDermott took the middays/production director vacancy at WKOE (the Shore) Atlantic City, N.J.

WPST Trenton, N.J., MD Chris Puorro adds APD duties.

Jessica Taylor leaves WBBO Monmouth, N.J., to do middays at KZHT (Hot 94.9) Salt Lake City.

212-536-5361 · sgraybow@airplaymonitor.com

Collins Scores AC's Highest Debut In A Year

Phil Collins' "You'll Be In My Heart" (Hollywood) bounds onto the AC detection chart at No. 20 this week. It is the highest AC debut since Eric Clapton's "My Father's Eyes" charted at No. 19 in February '98. "Heart" increases more than 300% in detections and more than 400% in audience this week.

Jewel's "Down So Long" (Atlantic) moves 18-9 on the modern adult chart, making it the singer/

Jewel's "Down So Long" (Atlantic) moves 18-9 on the modern adult chart, making it the singer/songwriter's fourth-consecutive top 10 title at the format. It joins "You Were Meant For Me," which peaked at No. 4, "Foolish Games" (No. 6), and "Hands," which hit No. 3 last December.

Ricky Martin debuts on the modern adult chart this week with "Livin' La Vida Loca" (C2). The title is being played on 16 modern adult stations, all of which are dual reporters to adult top 40. Meanwhile, "Loca" gains more than 1,200 spins at mainstream top 40, where it is being played at 98 of the panel's 107 stations. It's not the only song up more than 1,000 detections at mainstream, as the new Backstreet Boys single, "I Want It That Way" (Jive), gains 1,149 detections.

BULLET 'EM: Due to consistent increases in spins over the past few weeks, both Lenny Kravitz's "Fly Away" (Virgin) and Sixpence None The Richer's "Kiss Me" (Squint/Columbia) are regaining their bullets on the adult top 40 and modern adult charts, despite being on the chart for more than 20 weeks. If either title goes down in spins for just one week, it will become ineligible to bullet again.

PERSONNEL FILE: 550 Music VP of promotion **Desiree Schuon** exits her post. Former Mercury rep **Bebop Hobel** joins RCA, based in Atlanta.

PANEL CHANGES: **KQBT** (the Beat) Austin, Texas, is added to the rhythmic top 40 and cross-over panels. There is now a total of 35 rhythmic and 63 crossover stations.

WRHT and WQSL New Bern, N.C., have been temporarily removed as Airplay Monitor reporters due to technical difficulties.

AFTRA Seeks Change In Dues Structure

The American Federation of Television and Radio Artists (AFTRA) is asking members to adopt a national dues structure that will raise some members' dues but cut the amount others pay. The proposed structure would charge members a minimum of \$116 a year and would be uniform throughout the country. At present, each of the 36 locals sets its own rate structure.

While the base rate will rise \$6 in Boston, it will drop \$38 in Washington, D.C. This will be the first rate increase for L.A. members since 1989, while New York's local has not increased its dues since 1990. AFTRA predicts the flat-rate dues will raise an additional \$2 million a year. AFTRA members will vote on the plan in June.

While members making under \$2,000 would not be charged dues, the formula would charge a minimum of \$116 a year, plus 1.35% of earnings up to \$100,000, plus 0.25% of earnings from \$100,000 to \$250,000. Earnings above that would not be charged. The restructuring of dues, which has been under review for four years, was delayed until the Screen Actors Guild rejected a proposed merger in January.

BROADCAST BIGWIGS MEET

More than two dozen broadcasting bigwigs met in Dallas April 6 to discuss the development of a capital fund to aid minority broadcast investment. The initiative, spearheaded by CBS CEO Mel Karmazin and Clear Channel CEO Lowry Mays, may help broadcasters dodge an FCC bullet when its EEO rules are released later this year.

Radio One has refiled its IPO with the Securities and Exchange Commission, to address unspecified concerns it had with the document. Barring unforeseen trouble, Radio One stock should debut within the next three to six weeks.

CD Radio has hired Agency.com to set up an Internet site to market the service, in addition to handling subscriptions and technical questions. Executive VP of marketing Ira Bahr says

it could also sell music-related products, including download capabilities, but "our core business is satellite-to-car radio," he says. "There are definitely going to be ancillary businesses to that." CD Radio is set to launch Jan. 17, 2000, and will broadcast roughly 100 channels for a monthly subscription fee of \$9.95.

TM Century executive VP and veteran broadcaster **David Graupner** will succeed president/CEO **Neil Sargent** May 1.

'ROUTINE' DEFINED BY FCC

The FCC has released data on how long it takes to approve a "routine" radio deal. Most of the 3,441 transfers in 1998 were approved in 45 to 60 days. Only eight of the 25 deals that were flagged for concentration concerns are outstanding. Nine transactions were granted in an average of 2.8 months after the agency received no comments. One case just completed its comment period and is still undecided. Seven undecided cases average 5.3 months, including Clear Channel and Jacor's \$4.4 billion merger and Capstar's \$190 million Triathlon purchase. Ownership limits require several stations be spun off before either deal can be approved.

Meanwhile, the FCC is accepting comments on an Entravision petition that would give qualified minority groups a better shot at getting a forfeited construction permit.

The FCC has fined Brooke Communications \$6,000 for taking control of AC KKMX Tri City, Ore., from FM Broadcasters of Douglas County Inc. before it received agency approval. FM Broadcasters was fined \$10,000.

SALES: BARNSTABLE BUYS WGH

Barnstable Broadcasting buys AC WFOG, country WGH-FM, and sports WGH-AM Norfolk, Va., from a Sinclair-run trust fund for \$23.7 million . . . Cumulus buys classic hits WLRO, modern rock WXZZ, country WVLK, oldies WLTO, and N/T WVLK Lexington, Ky., from HMH Broadcasting 1nc. for \$44.5 million. They're also buying country WQRB, modern AC WBIZ (the Zone), classic hits WMEQ, and classic country WATQ (the Moose) Eau Claire, Wis., and their AM sisters from Phillips Broadcasting for \$14.8 million.

Triad Broadcasting is buying AC WLRK, classic rock WXRG, modern rock WCPR, and classic hits WXYK Biloxi/Gulfport, Miss., from Gulf Coast Radio for \$7.8 million.

PROMOGANDA

AN OVERVIEW OF RADIO PROMOTIONS • BY JEFF SILBERMAN

323-525-2303 · jsilberman@airplaymonitor.com

Promos Work At Office For Secretary's Day

Promo directors have focused on the mother of at-work holidays, Secretary's Day. This week, it tops our Topical Barometer, overtaking "The Phantom Menace" and year 2000 events.

Country KYGO Denver is fielding numerous client requests for Secretary's Day tie-ins, "everything from having temps fill in all week for 50 secretaries to a special acoustic concert just for secretaries," Garret Doll dictates to his assistant.

When gas prices jumped 25%, R&B KMEL San Francisco was fuelin' April 1—but it wasn't foolin'! Broadcasting from a gas station at a busy intersection, they pumped free fuel for four hours. "Cars were lined up for blocks, and every TV station covered it for their morning, noon. and evening news," says Katie Eyerly. "We paid for the gas, and it was the best \$2,000 we've spent so far this year!"

Top 40 KHIFI Austin, Texas, made a game of it. For Gas Roulette, its morning-show producer went to a very discreet station and, before people filled up, asked them to guess "odd or even" on the final cost. "If they were right, we paid," Mike Paterson says. "Wrong, they got prizes like shaving cream and old Twinkies

Top 40 WKSE Buffalo, N.Y., celebrated income tax day by giving out stamps, 1040EZ forms, and sending massage therapists to local post offices. Country WBEE Rochester, N.Y., offered free CDs and stamps. "With a postage meter, you can be a full-service station," **Stephanie Hogerman says**. "Post a claim of not being responsible for lost or misdirected mail. Trade out for 'unofficial' postal outfits and screen your logo on them.'

Condom makers must be reporting sharp sales drops, as scores of stations ran Millennium Baby mass "conception" contests last week. WKSE went to the homes of five couples, did pregnancy tests, gave "passion packs," and had them touch a fertility statue. Adult top 40 KFMB-FM (Star 100.7) San Diego's Y2K Baby Race sent 50 couples to a posh resort. Waiting

for a pregnant pause are Stephanie Ringer and Kim Leeds, respectively.

"It's Like, You Know . . .," "Futurama,"
"The PJs," "Family Life," "Will & Grace"

Save for '00: Country KNTX Phoenix held its annual Easter Egg Hunt for blind children (the plastic eggs beep). "Each child received Beanie Babies in a giant candy-filled basket donated by a mattress company," Vicki Fiorelli says. "Our local NBC affiliate did morning weathercasts from there, and a local bank sponsored the event. Other clients on-site staged a party after the egg hunt." R&B WJTT (Power 94) Chattanooga,

Tenn., and Wayne Collins held a hunt with "Hip-Hop the Easter Bunny," and modern adult WLLC Charleston, S.C., played Easter Egg Roulette. The grand prize was tickets to a Hootie & the Blowfish Monday After the Masters concert. "My PD wasn't particularly enamored with me after I pelted him with hardboiled and raw eggs," says yolkster Mariana Franco-Robertson.

PROMO TOPIC OF THE WEEK: CONCERT SPONSORSHIPS

Last week, more than half the panelists said that they cut back on promos in the buildup to their stations' concerts. How to make good on potentially left-out clients? Persuade clients to co-sponsor the concert! Yet Promogandists are divided on the proper number of sponsors.

In the "more the merrier" camp are country KEEY Minneapolis; WLLC; and top 40 WPXY Rochester, N.Y. (about 20 sponsors), and triple-A KKZN (the Zone) Dallas (10-15). KEEY's Diana Buckmann and KKZN's Barbara Luchsinger offered these sponsorship opportunities for clients: Presents • side stage • pouring rights • pop/soda • kids' area • bleacher seats • special "best" seats . ticket back . "oasis" (a shaded rest area at outdoor events) • water • pizza • sunscreen • booths • banners • Gobo light or slide of presenters • stage announcements • second stage • pre-show ticket give-away via Jeep hits • bags with items inside.

When you promote the concert up to three months in advance, you can rotate sponsors through promo liners, created to focus on what they'll be doing on-site," Buckmann says.

Dissenting are country KNIX Phoenix (one sponsor, unless it's a George Strait-type extravaganza), modern rock WPLY (two presenting and one at side stage), and R&B WDTJ Detroit (two stage and four register-to-win). "Each maor concert has a flyaway to drive traffic to client locations to pick up either discount or free tickets and register for the flyaway," WDTJ's Vicki Preston says. "We include sponsors in live 10second mentions and 30-second recorded promos, plus one hour van hits for a ticket blitz.

Also taking the minimal view is Diana Ades of top 40 WNKS (Kiss 95.1) Charlotte, N.C. We allow two title sponsors, and sales created six presenting sponsors whose names are alternated on promos [so they get fewer promos than title sponsors]," she says. "We also have onsite-only sponsors who get no on-air support. I still feel we overdo it, because it can take away from the event's branding. Next year, I'd like one title, one presenting, and that's it for on-air."

QUICK HITS

Country KPLX (the Wolf) Dallas got a NASCAR buzz on the cheap during the Texas 500. "Instead of paying big bucks for track advertising, we sponsored the Primestar 500 Happy Hour Howl, a free concert with Ricochet, Trini Triggs, and Shane Stockton," Paul Williams says. "We promoted a free event as part of a high-dollar ticket event that appealed to NASCAR and non-race fans. It made it sound like we were officially involved for a lot less money."

To celebrate the opening of a mini-mart/car wash, rhythmic top 40 **KLUC** Las Vegas' morning show had listeners fill the back of a flatbed truck and drove it through the car wash. Vanessa Thill didn't do the windows

Do Multiple Mixes Dilute Songs' Impact?

Oldies PDs often have a hard time finding the right versions of songs these days. Album versions or alternate takes become the ones available on CD. Add PDs who aren't always old enough to remember the originals, and suddenly you're more likely to hear the version of the late-'60s pop hit "Montego Bay" that ends with **Bobby Bloom** singing "Oh, What A Beautiful Morning" than the version that was played at the time. It shouldn't be hard to find the right side of "Montego Bay," but it's not the only oldie that confuses PDs.

So how on earth will PDs know what to play when today's hit music becomes tomorrow's oldie, given the glut of mixes now offered? Will Mariah Carey's recent singles be remembered as creamy ballads, frenetic house music, or jeeptempo R&B tracks? Will Brian McKnight's "Anytime" be recalled as the original ballad or the dance remix? I'm hearing a lot of the remix on stations that gave the bulk of their current airplay to the original, which could mean the remix is taking on a life of its own or, as likely, that an uptempo recurrent gets precedence over a ballad during the scheduling process.

With the genie out of the bottle for so long, it seems vaguely futile to complain about the preponderance of remixes. There are remixes I enjoy, particularly the version of "All I Have To Give" that invokes "Float On" by the Floaters or the top 40 mix of **Shania Twain's** "That Don't Impress Me Much," which appropriates the riff from Rocky Burnette's "Tired Of Toeing The Line." And my biggest concern about remixes, that they expose listeners to songs that they will never be able to buy, at least on an album, has been amply stated in this column.

But beyond hurting retail, I wonder if multiple remixes dilute the impact of hit records for radio. Top 40 has been well-served by the number of its hits that can again reach critical mass at multiple formats; that's less likely when the hits are different on every station in town, meaning that PDs must worry about not only researching the correct hook but the right version.

I also wonder whether, in those days before Cher broke down (or at least dented) the barriers for dance/pop at mainstream top 40, all the dance remixes may have either convinced PDs that they didn't need to find original dance records or, worse, helped burn out an entire genre. And, allowing just a little hysteria here, whether we're steering listeners even further away from the notion of a "hit single" to a postconvergence mind-set of generic music customized by the consumer and downloaded on MP3 without radio's help. (Click here for 130 bpm, click here for lost-love lyric, etc.)

You've also gotta wonder whether this greater variety of mixes is somehow making top 40 more homogenous—depriving listeners of the variety that they seek there—by nuking any hint of what made a song work at its original format. After two mainstream pop ballads that just happened to be by a country artist, "That Don't Impress Me Much" could have been the Twain single that brought uptempo country back to top 40 for the first time since "Achy Breaky Heart." I like the remix. I would have loved to see top 40 deal with the original, which was already pretty rockin', on its own terms.

And sometimes remixes that are meant to answer PDs' concerns about a song end up violating the audience's expectations. Some PDs responded to Lenny Kravitz's "Fly Away" as if it was by Korn or Limp Bizkit, not a song that had long been ratified by 25-34 listeners at rock radio and adult top 40. The top 40 PDs who demanded a remix that de-emphasized the guitar weren't just sanding the edge off their stations but were depriving all but their exclusive cume of what was likely one of the song's key elements for those listeners.

It's not quite as hard to close out a record in top 40 as it was in the early to mid-'90s, when those stations that were still left in the format were in such disarray that getting 90% of the chart panel to play the No. I song was a major accomplishment. But it's still hard enough that labels aren't likely to turn down airplay by remixing less. And it's impossible to come up with a strict guideline that would have allowed us the remix of "Un-Break My Heart" but spared us the scores of copycats that followed, although I'm willing to suggest one possibility. **Toni Braxton's** record was already well-established at radio by the time the remixes kicked in; they enhanced a hit that the audience already liked. That remix built on a song's established image; by no longer waiting until a song is a hit, some remixes are ensuring that a song never gets to have an established image.

Career MDs Decide: Should They Stay Or Should They Go?

where you wait for just the right environment to program. When you're an MD in a market this size, you get much better opportunities to choose

"I just felt like the time [to become a PD] wasn't right until now," says Austin, who was MD at KIIS for five years and before that was MD at KHFI and KBTS (B93) Austin, Texas, for another five years. "In one sense, I didn't want to leave, but once I get so totally comfortable in a job and can do it so well. I need to move onto my next challenge. This is a totally different job at the other end of the country that'll entail a different mentality and lifestyle. It's exciting to learn about new things and places, while at the same time [WKSS] suits my ear for dance and rhythmic music. The station has a great staff; it's the perfect situation for me to start as a programmer.

Indeed, both Austin and Reynolds are going to established stations in fairly large markets that boast strong air staffs and a deep-pocketed corporate owner. "Whenever you're offered a job, you have to look at the opportunity and ask if it's something that makes sense as your first move into programming," Reynolds says. "You want to have a good experience right out of the chute, so I'm fortunate to be going to a station that has a great morning show, among many other things. But that doesn't mean I ruled out stations that were down in the dumps. If [a turnaround station] had the right owners and people who'd give me the tools, support, and autonomy I'd need to get it off the ground, I definitely would have con-

Both credit the experience they accrued working with PDs who provided plenty of programming insight. "In five years at KIIS, I went through four PDs and two owners," Austin notes. "It was almost like getting a new job every time a new PD came in. I had to really pay attention to their philosophies—what kind of records go next to others and what doesn't. I learned something different from each PD, both good things and bad. I was able to vicariously program the station in a variety of ways."

STAY, JUST A WHOLE LOT LONGER

On the other side of the fence, Bryant, Shane, and Bradley are quite content with their current lofty positions. "I still don't have the PD bug," Bradley says. "I've had calls [about PD vacancies] before, and I've been very flattered by their interest, but going to a smaller market doesn't appeal to me. What's more, nowadays, big radio groups are promoting their MDs to PD posts at sister stations around the country. They prefer promoting in-house, because the MDs already know the corporate system. They don't need to be taught the company ways and be nurtured along, like an outsider would.'

"I've had a few PD offers," Shane admits. "But I truly love this station, I appreciate the love Jimmy de Castro spreads throughout the Chancellor chain, and I really want to continue to work with [PD] Frankie [Blue]. Eventually, I could see myself becoming a PD, but it would have to be the absolute perfect situation."

"Each year, I get closer and closer to wanting to become PD, but at this point, I don't see it happening for another five years," Bryant notes. "At 27, I have a love for doing music and for being on the radio. I don't have a love for balancing a budget and dealing with the politics and other duties of a PD. Of course, I'd definitely consider a major opportunity, one where I'd be up for the challenge. After all, I took a job no one wanted in '96, when I followed [PD] Tom [Poleman] to

Both Shane and Bryant know firsthand about leaving a job they loved for an initially unknown quantity—Bryant when he followed Poleman from KRBE Houston to Z100 and Shane when he left Z100 to join Frankie Blue at WKTU.

"I didn't want to leave KRBE," Bryant says. By no means did I want to leave the comfort zone there. But [Z100] was a huge challenge. Tom said that if we could turn his station around, we'd be so happy about what we accomplished, and that's what made me come here—to be part of the team that resurrected Z100.'

Ironically, Shane had the same feeling about leaving Z100 for 'KTU. "It was very difficult," he says. "Z100 was embedded in my veins, but a long time ago, Frankie and I talked about starting a rhythmic top 40 station in New York. This market really needed one that played a lot of dance. When the opportunity came up, it was something

SOMETHING TO ASPIRE TO

A PD post may not be the ultimate gig for this trio—especially if someone creates a group MD position. "I'd love that," Shane says, with Bradley adding, "That would be a great job, although I don't know if it'll ever happen. It would be hard to do music in multiple markets, considering the unique aspects of each market and how much attention you have to spend on each one. In fact, it's like being a group consultant."

So the trio of music titans continues its reign, relying on guts even when research on some records fails to live up to gut expectations. "That can bother you, but some records just never connect," Bradley admits. "Obviously, not every record you like becomes a huge hit, but once you commit to a record, take it as far as it can go.

'When records I'm passionate about don't pan out in research, I sometimes feel like it's my fault," Bryant says. "I'm lucky to have a PD who listens to me and still lets me take shots on records. Then when a record does bad, I take it personally. It's as if I'm the label guy, because I was the one standing on the desk, campaigning to get it on the air."
"We've played records like Vengaboys' 'We

Like To Party!' and the Deborah Cox when nobody was playing them," Shane says. "We were on Cher well before the research came through. As for records not coming through, there have been hits for us that never researched. But the bottom line is when I go on my gut, which I do a lot, I better be right at least 95% of the time. So far, my track record has been pretty good.'

Standing Room Only

Cavalierly flaunting the maximum hallway capacity codes, from left, are Capitol senior director of promotion Brian Rhoades, Everclear's Craig Montoya, WBMX (Mix 98.5) Boston PD Gregg Strassell and MD Mike Mulloney, and Everclear's Greg Eklund and Art Alexakis.

MONITOR PROFILE

OM Mike Morgan Flies WFLY And Albany Cluster To Higher Altitudes

WFLY (Fly 92) Albany, N.Y., has one of the most recognized heritage call letters in top 40, yet, as OM Mike Morgan says, "this is a 'What have you done for me lately?' world . . . We can't sit back and become a dinosaur, with Fly remembered as 'the former, legendary top 40' in town. We want to be the contemporary, fresh hit-music station now as we were in '95. So we stay on top of pop culture and the latest trends to find out what our 18-34 audience is talking about today.'

Morgan has done plenty of reinventing since returning to Fly to stay in '91. Now, he's OM of Fly, AC WYJB (B95.5), R&B WAJZ (Jams 96.3), and the new modern adult WSRD (Z104.9). Yet he says the influx of niche formats hasn't changed the Fly's longstanding musical direction.

"Fly is a very special top 40 station that always had a slight rhythmic lean, initially because there wasn't a rhythmic station in Albany." he says, "We're not about to lose that because we now have an R&B sister. People still expect Fly to play all the hits. Obviously, that includes the Goo Goo Dolls, Alanis [Morissette], and Jewel,

Mike Morgan Operations Manager WFLY Albany, N.Y.

'We're maintaining the policy we've used successfully'

Owner: Albany Broadcasting Ratings: 10.0-9.7-9.2-9.9

but we still retain an uptempo lean. Musically, we're trying to maintain the same policy we've used successfully over the years. A lot of top 40s aren't around anymore because they tampered with their music formula for success. They kept jumping on music-trend bandwagons and forgot about their mainstream presentation. You need to retain a sense of the overall picture of what is best for a top 40 over the years.

Here's a sample hour on WFLY: K-Ci & JoJo, "All My Life"; Sixpence None The Richer, "Kiss Me"; Lauryn Hill, "Doo Wop (That Thing)"; Me"; Lauryn Hill, Doo wop (That Thing); Savage Garden, "The Animal Song"; Usher, "Nice & Slow"; Sugar Ray, "Every Morning"; Robyn, "Do You Know (What It Takes)"; BLACKstreet & Mya, "Take Me There"; TLC, "No Scrubs"; Robbie Williams, "Millennium"; Garbage, "Special"; Destiny's Child, "No, No, No, No, and Tacharotropic "Pump Ilp The Iam" No"; and Technotronic, "Pump Up The Jam."

Unlike some PDs profiled in this column recently, Morgan isn't especially overwhelmed by the quality of the available music. "I'm a big believer that in any given week, there's probably only five to 10 real hits . . . What's nice now is balance. Pop and modern rock are real solid. I'd like to see a few more true rhythm hits, but at least there are records out there to choose."

Overseeing a station cluster does allow Morgan to program the music strategically. "There are times when we program certain artists to a certain station to protect our other stations," he says. "Other times, we'll play artists on one station to warm it up before it gets to Fly. It makes sense for WAJZ to build an R&B song to a critical mass before crossing over to Fly.

Cross-promotions within the group are also happening—to a point. "All of our stations are involved in our annual golf expo and will also work together on a job/education expo. We'll also use B95.5 to help promote Fly 92's Summer Jam. The AC will be involved with a couple of the acts that are playing the Jam, and our new modern adult will help promote it, too.

"Other things we want to keep separate, including cash contests," he says. "Currently, in this market some stations are involved in a 12station, multi-market cash contest. While that isn't illegal, I feel it's somewhat deceiving because your listeners are playing against a whole mess of people, trying to win just one cash prize. For now, I think our audience prefers to compete just against other Fly listeners; it makes the contest more attainable. This is not to say we have entirely ruled out a cash contest for our four stations in the future. It's just that right now, even if we tell our listeners that they're competing against our other stations' listeners, it still comes off as deceiving to me."

As OM for Albany Broadcasting's cluster, Morgan is confident that he can go up against the mega-powers in town. "Fortunately, our owner, Jim Rrell, knows that you need a good group of stations in a market to survive in radio today," he says. "It's still OK to be a mom-andpop on a national scale, but in one market, you better own more than one station, or you can be shut out on certain buys and not survive."

But he's not about to sacrifice one of his stations as part of a flanking maneuver against the competition. "Personally, I think every station should win," he says. "It's like writing out a baseball team's batting lineup and putting a weak hitter in between some power hitters. Why not have four good hitters in a row? I don't see the value of using a weak sister to combat someone across the street. I've got to worry about my own house first.

"Nor am I in favor of putting a station on computer or satellite just to take away from another station in town . . . You can flank and dilute as much as you want, but at the end of the day, the most important thing is what you're billing on each station. And you need to have a viable product to sell the avails on all of the **JEFF SILBERMAN**

Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Air-power awarded to those records that attain 2,000 detections for the first time. Greatest Gainer awarded to the record with the largest increase in detections. Most New Stations awarded to the record registering six or more detections at the most stations for the first time this week. If two records are tied in number of detections, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks.

Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records that attain 600 detections for the first time. Greatest Gainer awarded to the record with the largest increase two records are tied in number of detections, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks

Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records that attain 900 detections for the first time. Greatest Gainer awarded to the record with the largest increase in detections. Most New Stations awarded to the record registering six or more detections at the most stations for the first time this week. If two records are tied in number of detections, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks.

Songs ranked by audience, computed by cross-referencing exact times of airplay with Arbitron listener data. Records showing an increase in audience over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in audience. If two records are tied in total audience, the record being played on more stations is placed first. Records become recurrents and are removed from this chart in conjunction with the Crossover Airplay chart.

Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records that attain 900 detections for the first time. Greatest Gainer awarded to the record with the largest increase in detections. Most New Stations awarded to the record registering six or more detections at the most stations for the first time this week. If two records are tied in number of detections, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks.

ANIIIT TAD AA AIIDIENCE

Songs ranked by audience, computed by cross-referencing exact times of airplay with Arbitron listener data. Records showing an increase in audience over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in audience. If two records are tied in total audience, the record being played on more stations is placed first. Records become recurrents and are removed from this chart in conjunction with the Adult Top 40 Airplay chart.

Monitor recurrents **ADULT TOP 40**

Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records that attain 700 detections for the first time. Greatest Gainer awarded to the record with the largest increase in detections. Most New Stations awarded to the record registering six or more detections at the most stations for the first time this week. If two records are tied in number of detections, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks.

The chart, reprinted from Rock Airplay Monitor, is compiled from a national sample of data compiled by Broadcast Data Systems. 70 modern rock stations are electronically monitored 24 hours a day, seven days a week. Songs ranked by number of detections.
Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to those records that attain 1,100 detections for the first time. Greatest Gainer awarded to the record with the largest increase in detections. Most New Stations awarded to the record registering six or more detections at the most stations for the first time this week. If two records are tied in number of detections, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks. ©1999 Billboard/BPI Communications

Albums with the greatest sales gains. ◆ Recording Industry Assn. Of America (RIAA) certification for sales of 500,000 album units. ▲ RIAA certification for sales of 1 million units (Platinum). ◆ RIAA certification for net shipment of 10 million units (Diamond). Numeral following Platinum or Diamond symbol indicates album's multi-platinum level. Greatest Gainer shows chart's largest unit increase. Pacesetter indicates biggest percentage growth. © 1999 Billboard/BPI Communications and SoundScan, Inc.

Compiled from a national sample of data supplied by Broadcast Data Systems. 107 mainstream top 40, 35 rhythmic top 40, 77 adult top 40 and 63 crossover stations are electronically monitored 24 hours a day, 7 days a week. Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on a chart for more than 20 weeks will not receive a builtet, even if it registers an increase in detections. Airpower awarded to those records that attain 2,000 detections (rhythmic) or 900 detections (adult top 40 and crossover) for the first time. Greatest Gainer awarded to the record with the largest increase in detections. Most New Stations awarded to the record registering six or more detections at the most stations for the first time this week. If two records are field in number of detections, the record being played on more stations is placed first. 1999 Billiboard/BPI Communications.

first on the air and first with research...

"Our first batch of research confirms what we've all suspected - Billy Crawford is a hit for Top 40 radio!"

Rich Stevens/KSLZ - St Louis
 Jacor Broadcasting

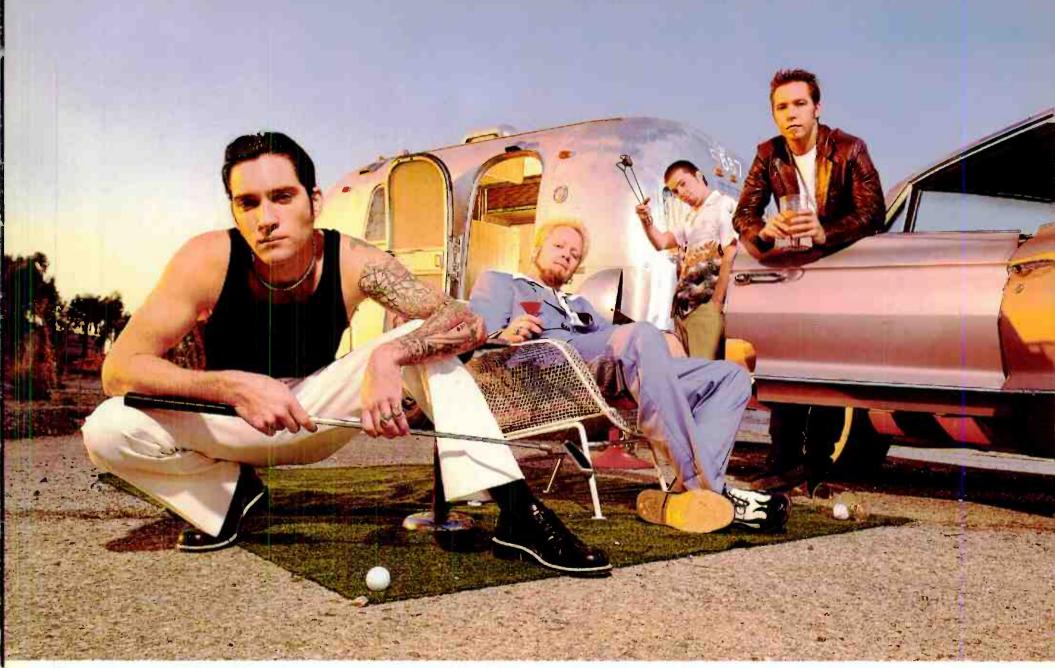

"In our first batch of research Billy Crawford shows Top 10 potential with our core audience."

– Chris Edge/G105-Raleigh Capstar Broadcasting
