# **Competition Now An Important Factor In T40 Format's Growth**

After growing in fits and starts since 1996, top 40's share of the national audience is finally on an upward trajectory, approaching double digits for the first time since 1992. And, at least to some extent, top 40 PDs have their new competition to thank for it.

Spring was a good book for both new and established top 40 stations, as reflected in the format's 9.2-9.8 increase in Airplay Monitor's exclusive national Arbitron numbers. But an analysis of those numbers shows that the second top 40s that began popping up in some markets over the past two to three years are starting to grow new listeners for

the format, rather than just cannibalizing existing ones, as had appeared to be the case as recently as a year ago.

If that pattern bears out, it would be significant because much of country radio's growth spurt in the late '80s/early '90s came from second country stations that were often able to build 8- to 9share constituencies without taking more than a share or two from the country incumbent. Similarly much of top 40's decline during that time came when a second top 40 switched format without any of its shares making their way to the surviving competitor. And often that competitor soon left the for-

# **The Artist Formerly Known As Prince To Perform At Radio Seminar**

The Artist Formerly Known As Prince, who helped millions "party like it's 1999," will

usher in the millennium in grand style at the Billboard/Airplay Monitor Radio Seminar and Awards, Oct.7-9 at the Fontainebleau Hilton in Miami Beach. The Artist, who first came to fame as Prince, will put on an exclusive live performance immediately following the Ra-

dio Awards show Oct. 9 in the Main Ballroom of the Fontainebleau.

The Artist's new single, "The Greatest Romance Ever Sold," hits all formats Oct. 11; 'Rave N2 The Joy Fantastic," his new Arista Records album, goes to retail Nov. 2. In a recent Billboard interview, Arista president/CEO Clive Davis described the new album as "soulful, funky rock, and cutting edge all at the same time. The Artist is youthful, fresh, creative, and electrifying. He has led the way and been the voice of a generation. He is also one of the greatest performing talents of all time." Arista will sponsor the post-awards cocktail party.

The Radio Awards, hosted by legendary rocker-turned-DJ Dee Snider and ABC Radio Networks syndicated R&B morning host Doug Banks, recognize the nation's top programmers, air personalities, and syndicated programs. All Billboard/Airplay Monitor Radio

Artist's historic performance. Registration for radio station attendees is \$99. To register for the Radio Seminar, contact Michele Quigley at 212-536-5002 or visit www.billboard.com/ events/radio.

# O'Brien Focuses On Alice As WKQI Brightens

Several weeks after WKQI (Q95.5) Detroit PD Tom O'Brien added programming duties for new rock-leaning adult top 40 sister WWWW (Alice 106.7) comes news that he is relinquishing his WKQI chores. AMFM's Tom Poleman is handling those duties for now and searching for a new PD. In recent weeks, Q95.5 has added more rhythmic titles (e.g., TLC, Jennifer Lopez, 2 Unlimited) and pulled much of its '80s gold, but it remains more adult than mainstream rival WDRQ.

In other programming news, WKRZ Wilkes-Barre, Pa., PD Tony Banks is the new APD/middays at WHYI (Y100) Miami, replacing Al Chio, now PD of R&B oldies sister WMGE. Also at WKRZ, morning team Rocky and Sue return from oldies WSHE Orlando, Fla. That sends Ken "Doc" Medek and sidekick **Deb** to mornings at country sister **WGGY**. Longtime AC KOSI (Cozy 101) Denver PD

**JEFF SILBERMAN** 323-525-2303 • jsilberman@airplaymonitor.com

Scott Taylor exits. Programming manager **Steve Hamilton** will oversee those duties in the

WZLE (Kiss 104.9) Cleveland picks up the WAKS calls vacated by Clear Channel sister WMTX (Mix 100.7) Támpa, Fla.

Country WHKW (the Hawk) and modern AC WQSH Louisville, Ky., have flipped frequencies, with WQSH getting the 50-kilowatt signal at 98.9 and WHKW getting the 3-kilowatt signal at 93.1. After three frequency moves for WHKW, PD Dennis Hill says, the station has been relaunched as 93.1 the Bull, with the calls WYBL. The station is running jockless, and midday host Rebecca Lake exits. WQSH becomes the New She 98.9, under OM C.C. Matthews. The only air staff member remaining is middayer/promotions Nikki, and some WHKW talent may end up on WQSH.

Adult top 40 WMXB (B103) Richmond, Va., morning cohost Bender is upped to PD, as OM Jeff Cochran focuses on other station duties. Also, APD/MD/midday host Lisa Greene exits; former Danny Bonaduce sidekick Kelly Boom is holding down middays on an interim basis.

R&B KKSS Albuquerque, N.M., MD Jack**ie James** segues into the programming chair of top 40 sister **KCHQ** (Channel 105).

Former WSNX Grand Rapids, Mich., PD Todd Michaels is named PD at Cumulus' adult top 40 WWWM (Star 105) Toledo, Ohio. Michaels replaces T.J. McKay, who has accepted another position within the company.

Longtime AC WLMX Chattanooga, Tenn., segues to active rock.

Top 40 WSSX (95SX) Charleston, S.C., PD Billy Surf exits.

Modern AC KTOZ (Alice @ 95.5) Springfield, Mo., interim PD/morning host Shelli

Top 40 WBEC (Live 105) Pittsfield, Mass., is now simulcasting on WZEC in the Albany,

### **PEOPLE: STAR STRUCK IN L.A.**

The repercussions from last week's reconfiguring of KYSR (Star 98.7) Los Angeles' morning team, from Jamie White, Frank Kramer, and Frosty Stillwell to White and ex-WBIX (Big 105) New York morning man Danny Bonaduce, continues to reverberate throughout L.A. and Denver, where the original trio started five years ago. On her first day with Bonaduce, White said on-air that the realignment was "forced" on her by corporate and that she actually quit, but since management insisted that Bonaduce would be on-air regardless, she was persuaded to stay on the job by her husband. Bonaduce, while admitting his desire to do mornings in L.A., expressed surprise that the station would want to "fix something that wasn't broken."

As with any change, some initial callers were none too pleased with the new arrangement, but, surprisingly, the heat seems to be greater in L.A. than on the original trio's home turf of Denver AMFM Denver GM **Bob Visotcky**, who is rumored to be heading to Los Angeles in the near future to oversee new AMFM stations KOST and KFI-AM, describes the response as "not bad at all. It wasn't that major." In L.A., however, a source at Star says the station initially received thousands of missives, although the response has dwindled considerably. The station has responded to at least 500 of those complaints individually. Visotcky expects Frank and Frosty to eventually land on another AMFM station, not necessarily in Denver.

In other people news, KOKS Denver PD Cat Collins recruits WLDI West Palm Beach, Fla., night host Lucas for afternoons, starting Oct. 4. Collins is still looking for an MD.

KDMX (Mix 102.9) Dallas APD Race Taylor fills the long-vacant afternoon slot at WPLJ New York, replacing Rocky Allen.

WFLZ Tampa promotion director Ron Shepard is upped to APD. Debbi McCarthy, director of promotion for sisters WFLA/WDAE, adds director of special events stripes at WFLZ.

# **Bega Takes Top Mainstream Audience Spot**

This week's column was written by Jonathan Kurant.

MAMBO NO. 1: Lou Bega's "Mambo No. 5 (A Little Bit Of...)" (RCA) is the new No. 1 on the mainstream top 40 audience chart this issue, displacing labelmate Christina Aguilera's "Genie In A Bottle" (RCA). "Mambo's" ranking has been higher on the audience chart throughout its chart history due to early support from major-market stations such as WHTZ New York; KIIS Los Angeles; WWZZ Washington, D.C.; and WBLI Long Island, N.Y. Not surprisingly, these stations were among the Airplay Leaders when the song earned Airpower honors Sept. 3. "Mambo" also earns mainstream top 40 Greatest Gainer honors for the sixth consecutive week while moving 3-2 on the detection chart, where Aguilera still controls the top slot.

Jennifer Lopez has the highest-debuting song on the rhythmic top 40 audience chart at No. 30 with "Waiting For Tonight" (Work/ERG), the follow-up to her No. 1 debut, "If You Had My Love." "Waiting" is boosted by early airplay on WKTU New York and WBBM-FM (B96) Chicago. Making its first appearance on the rhythmic top 40 audience chart this week is Smash mouth's "All Star" (Interscope). The song debuted in May on the mainstream audience chart and reached No. 1 July 30.

Sting returns to the pages of Top 40 Airplay Monitor this week, as "Brand New Day" (A&M/Interscope) bows on the modern AC chart at No. 40. The track is also the Greatest Gainer this week. His last chart appearance was in November '96, when "I'm So Happy I Can't Stop Crying" reached No. 28 at adult top 40.

PANEL CHANGES: Effective this week, KKXX Bakersfield, Calif., moves from the rhythmic and crossover panels to the mainstream top 40 panel. WBAM Montgomery, Ala., moves from the adult top 40 and modern adult panels and is added to the mainstream top 40 panel. KCAQ Oxnard, Calif., moves from the rhythmic top 40 panel to the mainstream R&B panel. The station remains a crossover reporter. There are now 114 mainstream top 40, 30 rhythmic, 70 adult top 40, 30 modern AC, 60 crossover, and 76 mainstream R&B reporting stations.

### The SoCal Winds Were Named After Him

Too modest to consider himself the No. 1 guitarist in the business, Carlos Santana considers the Avis position. Pictured, from left, are Arista's Joe Reichling, KIIS Los Angeles PD Dan Kieley's son Joe, Santana, Kieley, and KIIS MD Michael Steele.

Modern AC KKPN (the Planet) Corpus Christi, Texas, OM Jason Hillery names p.m. driver Chad Bennett MD and moves Oscar Rene from nights to mornings and gives him APD stripes.

WXKS-FM (Kiss 108) Boston has found its

overnight successor to Christine Fox: P/T Chris Shane, who previously worked at WPXY Rochester, N.Y. Now doing P/T at Kiss is Northeastern University student and WMAS Springfield, Mass., vet Damien Fahey.

New rhythmic top 40 KLNA (Power 105.5) Sacramento, Calif., PD Jeff Nelson brings in XHTZ (Z90) San Diego promotion staffer/ part-timer Davin Scott for nights.

Top 40 KCLD Saint Cloud, Minn., parttimer Derek Lee lands nights, replacing Phat Wes, now at top 40 WIFC Wausau, Wis. Also, KCLD afternoon driver David Black joins top 40 WDAY (Y94) Fargo, N.D., for nights. T&Rs to PD Steve Hunter.

Former classic rock WCOF Tampa night jock Jack Shell joins adult top 40 WMHX (Mix 103.9) Louisville for mornings.

Former WNTQ (93Q) Syracuse, N.Y., jock Chris Mann joins crosstown WWHT (Hot 107.9) for nights. Also, oldies WQSR Baltimore promotion director Hawaiian Ryan

Sampson joins WWHT for overnights.

Classic hits WXBB/WXBP (Arrow) Portsmouth, N.H., morning host/promotion director Josh Judge joins AC WZID, oldies WQLL, and adult standards WFEA Manchester, N.H., as marketing/promotion director.

Top 40 WJMX (103X) Florence, S.C., mid-

day host **Kidd Phillips** is named MD. AC **WMXQ** (Mix 103) Jacksonville, Fla., morning co-host Coty White joins crosstown country WROO (Rooster Country 107) for nights.

### **WAR OF THE EIGHTIES**

The Chicago battle over the name "The Eighties Channel" goes to the Internet, as WTMX PD Barry James has launched two Internet sites using the name. The Web sites, eightieschannel.com and the 80 schannel.com, promote a coming format they describe as follows: "From retro to pop, it's the best of the '80s! Music that started a video revolution available now on a market-exclusive basis to radio and world-wide on the Internet. Licensing of The Eighties Channel (sm) name and artwork is available." James is fighting for use of the name with rival WXXY/WYXX, whose Web site is WXXY.com.

AN OVERVIEW OF RADIO PROMOTIONS • BY JEFF SILBERMAN

323-525-2303 · jsilberman@airplaymonitor.com

## **The Rise Of Fall Radio Promotions**

Station concerts retained the Topical Baronieter crown, but fall topics, from Halloween and the new TV season to October's Breast Cancer Awareness Month and Thanksgiving, dominated the top 10.

Country WBEE Rochester, N.Y., will hold its 10th annual Safe Halloween. At least 600 kids (plus parents) will converge on a busy local mall, where the goblins can trick or treat and enjoy free cider and donut holes, goody bags with client swag, interactive entertainment, a parade, and a costume contest. "The TV crews love this event," says Stephanie Hogerman, who'll go as Barry Manilow. "With great sponsor tie-ins to offer for non-spot dollars, the entertainment underwritten, and the goody bags donated, there's little-to-no cost for this event. And it looks incredible in the market.'

Top 40 WKSE Buffalo, N.Y., is staging a Fall Fashion Makeover. Fall fashion disasters will win gift certificates to a local mall, with a \$1,000 grand prize to boot. "We'll also broadcast from the mall with the fashion police and do a clothing drive to benefit the needy," says

a stylishly attired **Stephanie Ringer**.
Album rock **KEGL** (the Eagle) Dallas bid adieu to summer with its Get Out of Bounds vacation giveaway with Coors. "We gave away 20 outdoor camping vacations to Colorado for two, including airfare, camping gear, and a VIP tour of the Coors Brewery," says an aleing **Loren Condron**. "The trip winners also qualified to win a Coors Gold Jeep Wrangler." fund is siphoned off to help the weak sister. Then there are other market considerations: "Our biggest issue is what the competition is doing," says Mike Godfrey of top 40 CKIK Calgary, Alberta. "If we are being attacked, we can generally see extra dollars if we can prove that we need it to defend and that the threat is real.'

When budgets are cut, how to compensate? 'We hit the street more with CD prizes or small promos that we receive from record labels," says an R&B promo ace. "By being more accessible, you can compensate for a budget cut.

"Do smaller promos at someone else's expense, such as trips the old-fashioned way," says a country panelist, who admits,"I hate doing them under management scrutiny, because it's the same old excuse. They always sound similar, and the P1's can tell. It's hard to get people moving forward when there's a slump.

Obviously, promotions alone can't help turn around a station's ratings, yet certain ones can spur a positive momentum. "Telemarketing can get you a lot of attention quickly," says an R&B promo maven. "Database or loyalty marketing takes longer but also can have dramatic results.

Naturally, cash still rules, whether it is awarded in a Phrase That Pays contest or a Mystery Music Sweep. Yet, a top 40 promo diva notes, "cume-building stunts tend to build our ratings. We've had a billboard promotion throughout '99 that has worked for us. Also, trips, concert tickets, cash, and items that listeners can't get [otherwise, such as backstage passes] are great for increasing TSL and ratings.

### **TOPICAL BAROMETER**

HOTTEST NEW MOVIES: "The Sixth Sense," "For Love Of The Game," "Stir Of Edhoes," "Blue Streak"

### **HOTTEST CONCERT TOURS:**

Ricky Martin (top 40), Clint Black (country), TLC (R&B), Kid Rock (modern/album rock), N Limit Army (R&B), Backstreet Boys (top 40), Smash mouth/Lenny Kravitz (modern/modern adult)

### PROMO TOPIC OF THE WEEK: **RATINGS REPERCUSSIONS**

The radio business today may be run more on the bottom line than ratings, but that doesn't mean the quarterly book report has no influence on a radio station's budget. Only 44% of Promogandists say their promo plans are unaffected by ratings bumps or wobbles. A third of the panelists say a major hit in the book can alter their plans, with the remainder saying that either a big up- or downturn can cause revisions. Of those affected by King Arb, 33% say a great book could pay off in extra money for promos. Conversely, 17% say a ratings drop could lead to a budget cut, but 50% say a hit could bring in more money to compensate.

A couple of caveats: One promo director notes that if her station does well but a sister station doesn't, often part of her station's promo

### **QUICK HITS**

Be like Regis? R&B KPWR (Power 106) Los Angeles is staging So You Want To Be a Hip-Hop Millionaire, where listeners answer hip-hop trivia questions to qualify for a drawing. The chosen one will have 106 seconds to choose a money bag that may contain anything from \$1,000 to a cool million. Diana Obermeyer hopes to cash in big on this.

Modern KXTE (Extreme Radio) Las Vegas will go hog-wild over Bikes and Bands, a huge motorcycle expo in October featuring four bands per day for three days. "To tie in a forced listening promotion, we're registering 107 listeners on-air to win the grand prize, which will be drawn at the event—a new motorcycle and all the equipment you need to start your own

band," says **Carly Johnston.** R&B oldies **WZMX** (Z93.7) Hartford, Conn., will host its first Adopt-a-Playground program. The entire staff, along with listeners and clients, will clean the broken glass, rusted rides, etc., from a local playground. "We'll also plant flowers and grass and add new rides," says **Tristano Korlou**. "The local TV personalities will also lend a hand. There's nothing like showing your community what your station stands for

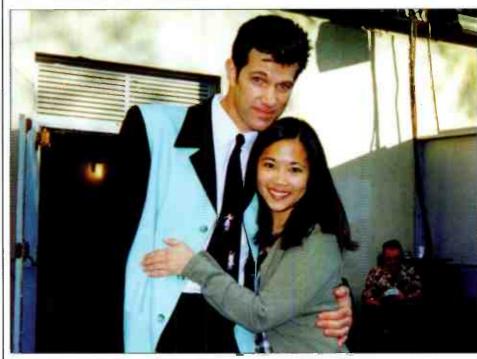

Next stop for rhythmic top 40 KLUC Las Vegas' Y2KLUC Party Bus: Universal Studios, Hollywood. "KLUC is giving away trips for two on board a bus, and listeners travel with the jocks for a daylong event," says tour guide Vanessa Thill, who adds that past Party Bus excursions "have been great. We've gone to amusement parks, concerts, and sporting events. Part of the fun is riding the bus. We have a VCR and show hit movies.

# MONITOR PROFILE

# PD Knight Sheds Light On Success Of Resurgent AC Sunny 95 In Columbus

We all know the mantra, "12-plus is just a beauty contest; all that matters are the target demos." It's a mind-set that would seem to be magnified at an AC station, yet you'd be hard pressed to blame WSNY (Sunny 95) Columbus, Ohio, for crowing a bit about its 6.9-7.8 12-plus leap in the spring Arbitron ratings. "We certainly aren't running around high-fiving, saying our job's done," PD Chuck Knight says. "In fact, our job has only begun, but we are happy with what we've done."

For years, WSNY has been considered a market rival of heritage top 40 WNCI, which, until recently, leaned very adult. "Today, there are more differences between the two stations than ever, in terms of less artist sharing on our playlists," Knight says. "However, given the complexion of the Columbus market, they're our No. 1 shared audience station, and we're their No. 1 shared station. If you get too hard-core into dissecting numbers, then you can make the case for doing a lot of counter-programming. But when you really look at it, we're our own main competition."

**WSNY Columbus, Ohio** 

Chuck Knight
Program Director

we're our own
main
competition'

'When you

look at it,

Owner: Saga Ratings: 6.6-6.0-6.9-7.8

Both stations learned that lesson the hard way. "About six years ago, WNCI wanted to be Sunny 95, and we wanted to be WNCI," he recalls. "Both stations tanked when they stopped delivering to the expectations of their respective listeners. We both learned our lessons; WNCI went scurrying back to top 40, and we certainly scurried back to mainstream AC, and both stations have been fabulously successful ever since, living up to our listeners' expectations."

Today, WSNY is "a straight-ahead pop AC station that doesn't lean modern by any stretch of the imagination," Knight says. "The Blues Travelers and Del Amitri records tend to come and go, while the Lilith artists by and large have not worked here. Jewel, Sheryl Crow, and Natalie Merchant have not done well here, which is kind of ironic, since two Sarah McLachlan tracks have been in heavy rotation. Even so, she's what I consider to be on the fringe. She's not a core artist [even with] two really good songs. Our core is still Elton John, Billy Joel, Celine Dion, and Phil Collins, although Shania Twain could be our next core artist."

Here's a sample hour on WSNY: Backstreet Boys, "I'll Never Break Your Heart"; Eagles, "Take It Easy"; Elton John, "You Can Make History (Young Again)"; Whitney Houston, "How Will I Know"; Sarah McLachlan, "I Will Remember You" (live); Journey, "Lights"; Rod Stewart, "Ooh La La"; George Michael, "One More Try"; Madonna, "Take A Bow"; Billy Ocean, "Caribbean Queen"; Shania Twain, "You've Got A Way."

Knight believes the appeal of the boy bands on WSNY has more to do with a lack of appropriate adult hits than the product itself. "I'm almost embarrassed to say that mainstream ACs have to resort to playing kiddie boy bands, but you know what? It's the only straight-ahead pop product that has any energy and tempo to it."

While playing those groups had to help

WSNY's 12-plus numbers, Knight cites other reasons for Sunny's bright showing, starting with Merlin, new producer of the Dino and Stacy morning show. "He re-energized all of us and added a new, different perspective," he says. "He came up with new ideas, new ways of thinking about the same issues. Adding just a different twist can be extremely valuable. Doing our jobs in a slightly different way—be it in the morning show, any other daypart, or in marketing or promotion in general—can do a world of good."

motion in general—can do a world of good."

Knight also credits midday jock Steve Cherry and MD/afternoon host Mark Bingamen, both of whom boast programming experience. Yet there is no concern about having too many programmers spoil the sound. "The days of me wanting to do it all are long gone," Knight says. "In my first three years as a PD, I wanted to do everything—the promos, construct the call-out tape, do an air shift. It was a great learning opportunity, but I soon realized that I can't do it all. Having them offer their ideas and perspectives is extremely valuable to me and the station."

Regarding the Achilles' heel of ACs, nights and weekends, Knight says, "We've run love songs for the past 13 years, and 18 months ago, we started running Delilah. We took a lot of grief, because we went from a music-intensive to a personality-driven show, but she seems to have caught on. To be honest, [listeners] either love her or hate her. On the weekends, we're a straight-ahead AC, heavy on the music with give-aways. We want to be like a can of Coke: consistent every time you push the button."

To keep the positive momentum going, Sunny 95 returned to its historical emphasis on four words, "less talk, light rock," Knight says. "For a while, we dabbled with the 'most variety of the '80s and '90s,' but every time we asked our listeners what the station represented to them, it always came back to those four words. So, a little over a month ago, we went back to them."

Yet a "less talk" slogan can run counter to the goings-on at WSNY's morning show. "Our morning show is high-profile, and it's one of the most successful AC morning shows in the country," Knight says. "From a ratings perspective, we marketed the station in the mornings with the birthday game. Now we're marketing the overall music image of station, but we aren't asking mornings to do that for us, because they represent talk and entertainment . . . We're letting our listeners do that through testimonials."

The "less talk" handle also helps differentiate the station from its competition when it comes to spot loads. "It's our response to that issue, because our competitors have been loading up," he says. "This is an opportunity for us to shine on a perception we already own."

on a perception we already own."

Being owned by Saga, WSNY is a comparative David to the Goliath cluster rivals, yet Knight sees that as an advantage. "We love it!" he says. "We're much more nimble on our feet. We have the ability to adjust our marketing dollars to take advantage of situations and address strategic needs of the station, and I know that, across the street, there would be no way those dollars could be moved around. We consider our flexibility to be a real advantage."

How flexible is Knight when it comes to looking at his own future? "I still don't know what I want to do when I grow up," he says, deadpan. "I always wanted to program in a top 10 market, which I did for two years. I found out that market size doesn't dictate your happiness, but the dynamic in the station controls your happiness. Having worked with Saga in the past, I knew when I left the first time that this was company I wanted to work with again. It's great to come back to the Saga family, [CEO] Ed Christian and [executive VP of programming] Steve Goldstein. These two people are radio people. They're not investors. They understand what it takes to win."

## **Can Top 40 Play Too Much New Music?**

In recent weeks, during the course of interviews on other topics, I've come across a number of major-market PDs, most notably WHYI (Y100) Miami's Rob Roberts and WWZZ (Z104) Washington, D.C.'s Dale O'Brian, who marvel about the speed at which their audience is now becoming aware of new music, with the latter in particular expressing concern that radio is losing its franchise as the place where people go to hear new songs. Both stations have, over the course of several years, gone from being tough adds to starter stations, at least on certain types of records.

In a recent Airplay Monitor interview, Roberts says that encountering so much of a demand for new music comes as a surprise to somebody indoctrinated to believe that a tight list was always better. Personally, I know that the type of top 40 listener who can't hear enough new music exists. Through high school and college, I was one of them. Most of my listening was to small-market AC stations, suburban top 40s, and other places where I could count on hearing the stiffs. That's when I wasn't hanging out at the few record stores in Washington, D.C., where you could actually audition records. (Unfortunately, those stores tended to order new singles later than others.) When 1, like other similarly afflicted teens, did the playlist for my own hypothetical station, I was unable for years to find fewer than 50 currents that I considered airworthy and couldn't understand why those jokers at WABC New York or KHJ Los Angeles felt differently.

The difference between 1979's music junkie and his 1999 counterpart is access. Even before MP3 and other downloads, there were in-store listening stations (and a lot more places to audition music). In the '70s, 1 looked at Billboard's Hits of the World section and wondered what all those British hits that never came out here sounded like. Now, 1 hear them every day on the Internet and can run across the street to the Virgin Megastore to buy them when the latest import hit compilations come in.

Music junkies have better access to PDs' attention these days, too. Some of that is because of the Internet—station Web sites, radio bulletin boards, music testing via the Web, etc. Some of that could also be because many top 40 PDs have adjusted their demographic sights downward. When 25-34 ruled, they were a lot less likely to come across people who still had the time and energy to seek out new music, although the Internet has made it easier for those listeners too.

It's not inconceivable to me that music junkies could have multiplied since 1979, in the same way that non-industry consumers who are interested in hearing the week's film grosses have multiplied, both spurred by the greater availability of that info in the post-"Entertainment Tonight" era and, in turn, creating the demand for even more places to get that information. But it's equally conceivable that the number of people who want the new songs right away have stayed the same—they've just come to the fore.

At age 37, I still have a pretty healthy appetite for new music, but not an unlimited capacity for it. The energy that now goes to discovering weird Italian disco hits has definitely cut into the time that went to knowing what the No. 58 country record was. And I'm now getting the feeling of not hearing hit records enough on top 40 that I used to get from, say, modern rock in the early '90s, when 1 first noticed that, no matter how important "Smells Like Teen Spirit" was, I hadn't heard it 50 times on the radio.

In the '70s and early '80s, once a song became "My Sharona" or "Bette Davis Eyes," you could count on getting sick of it, no matter how much you liked it initially. That was harder in the mid-'90s, just because there were fewer places to hear top 40 music and fewer other formats likely to share it. Top 40's hits are now more prevalent, but I still have the feeling of "Livin' La Vida Loca" having gone away before I really reached critical mass on it. "No Scrubs" went back to 12 spins a week before I got anywhere close. And knowing that PDs had plenty of research indicating they should take those songs away early once again makes me wonder if the P1s are making too many of the decisions.

Even without the actives, it's easy in this industry to get dragged through music too quickly, especially with the number of new priorities on your desk each week. But being aggressive on new music doesn't mean having to throw the hits away quickly. If you subscribe, as I do, to Guy Zapoleon's "hub-and-spoke" theory that every other record should be a recognizable smash, there's a lot of leeway with what goes in between the smashes. Theoretically, it should be possible to satisfy cravings for both the newest titles and the quasi-recurrents, especially now that the dearth of usable gold is creating opportunities to spin those recurrents more. It's just one more new balancing act that top 40 PDs find themselves with, not unlike the balancing of three different age cells with less and less in common. Fortunately, this has been and remains a format that thrives on diversity.

### Competition Now An Important Factor In T40 Format's Growth

Continued from page 1

Top 40 Airplay Monitor examined the top 100 markets to see where top 40 was tied with or outperforming its national average, pulling at least 9.8 shares. We found only 11 markets where a single station pulled a 9.8 or better, compared with 39 markets where the format was pulling better than a 9.8, but only as a result of the combined shares of two or more radio stations. Conversely, we found that the format in some markets with extremely successful top 40s was still under the 9.8 national average because the top 40 in those markets had no competition.

A year ago, the industry was just becoming convinced that most markets could support one top 40 station, much less two. When a second top 40 station did come into the market, it usually ended up being a 2- to 3-share spoiler, used tactically as part of a cluster to try and whittle down the shares of an established rival, or, worse, it spurred a war of attrition, as in New Orleans, where an otherwise respectable 7.5 share for the format is being divided in near-equal pieces.

### **WANTED: MORE SAN ANTONIOS**

The bad news is that there aren't many markets like San Antonio, where two top 40 stations are posting strong 12-plus numbers, namely KTFM (11.3) and KXXM (7.6). San Antonio is the best market in the country for top 40, with 18.9 shares. But there aren't many markets like New Orleans either. And the number of markets with no top 40 shares has dwindled to almost nothing, also a considerable change from a few years ago.

San Antonio was followed by Wilkes-Barre, Pa., with 17.4 shares, divided primarily between WKRZ (12.0) and WBHT (4.7). Wilkes-Barre is one of the 11 markets where one station, WKRZ, does well enough by itself to exceed the national average. However, the next-largest top 40 mar-ket, Honolulu, divides its 17.1 top 40 shares among KIKI (6.8), KXME (6.7), and KQMO (3.6), which has since switched to R&B.

Same with Providence, R.I.'s 17.0 shares, which are split six ways among WPRO (6.8); WWKX (4.9); WJMN Boston (2.3); WFHN New Bedford, Mass. (1.9); WXKS-FM Boston (.7); and WQGN New London, Conn. (.4). Providence showed one of the hallmarks of several good top 40 markets, specifically a multiplicity of signals from adjoining markets. Similarly, Allentown, Pa., draws some of its 16.9 shares from stations in Philadelphia; Wilkes-Barre; Trenton, N.J.; and Reading, Pa., even though WAEB-FM beats the national average by itself with a 13.2.

Then there's Syracuse, N.Y., next with a 16.5. Initially, Syracuse had looked like a market where a new second player, WWHT (Hot 107.9), had embroiled one of the format's few mid-'90s successes, WNTQ (93Q), in a war of attrition. WNTQ hasn't seen the 13.0 it posted in fall '95 since WWHT came to town. But it did rebound to an 8.2 in the most recent book, while WWHT's 6.8 share is still higher than stand-alone top 40s in many markets. And when you factor in noncommercial WJPZ's 1.1 share and WSKS Utica, N.Y.'s .4, the format has seen a growth of 3.5 shares as a result of increased competition.

### **TOP 40 FINDS A STRONG ISLAND**

Most of the aforementioned markets are No. 50 or below. But Long Island, N.Y., has 14.6 top 40 shares, divided among New York's WHIZ (5.6) and WKTU (3.1) and the market's own WBLI (5.0) and WXXP (.9). None of those stations existed as a true top 40 in 1995; the three major players all adopted the format within a year, so it's hard to tell how many shares the format would have ended up with if, say, WKTU had longer by itself

## TOP 40'S HIGHEST SHARES

San Antonio (18.9) Wilkes-Barre, Pa. (17.4) Honolulu (17.1) Providence, R.I. (17.0) Allentown, Pa. (16.9)

## TOP 40'S LOWEST SHARES

Cleveland (1.1) Akron, Ohio (1.2) Greensboro, N.C. (1.7) Memphis (3.5) Washington, D.C. (3.6) before WBLI and Z100 returned to top 40.

Then again, WFLZ Tampa, Fla., was an early success story for the format, even cracking double digits. Since WLLD came to town, Tampa has become a 12-share top 40 market, although neither WFLZ (5.9) nor WLLD (6.1) can be thrilled about dividing those shares down the middle. Same with Indianapolis, where that scenario is exactly duplicated by WZPL (5.9) and WHHH (6.1). Austin, Texas, is now a 12.3 share top 40 market, but KHFI (5.0) was undoubtedly happier before KOBT came to town and carved out a 6.9 share. (The remaining .4 share goes to KTFM.) Likewise, Denver and Cincinnati have about 10.5 shares each, but no single player scores higher than a 5.5 12-plus.

Other major markets where the combined top 40 shares exceed the national average are New York, Dallas, Boston, and Miami, all with a 9.9 share for top 40 listening. Seattle has a 10.8, when you count noncommercial dance outlet KNHC.

### 10 DIVIDED BY 5 (CAN ONLY BE 2, AND 2 IS A LOW, LOW NUMBER)

All of those markets have top 40 stations that are considered successful, but there's still one market in the New Orleans mold where total shares exceed the national average but individual shares are low. The Monmouth/Ocean County, N.J., market has 10.2 top 40 shares, but they're divided five ways among WBBO (3.0), WHTZ (3.0), WKTU (2.8), WPST Trenton (1.0), and WIOQ Philadelphia (0.4).

However, some markets with successful mainstream top 40s are still below the national average, among them Atlanta (8.9); Minneapolis (8.2); Charlotte, N.C. (8.0); Louisville, Ky. (8.8); and Buffalo, N.Y. (8.1). In each case, those markets had no second top 40 during the spring book.

### **ONLY 11 OUTPERFORM THE NORM**

Only 11 markets managed to exceed the 9.8 benchmark on the strength of one station (those markets may have had more than one top 40 station, but in each case, a single station still accounted for 9.8 or more shares). Besides Wilkes-Barre and Allentown, those markets are El Paso, Texas; McAllen, Texas (15.6 shares); Harrisburg, Pa. (15.5); Wilmington, Del. (13.9); Colorado Springs, Colo. (13.1); Johnson City, Tenn. (12.2); Oklahoma City (11.0); Columbus, Ohio (10.1, on the strength of WNCI); and Greenville, S.C. (9.8).

It's worth noting that of the 11 markets cited, only Columbus and Greenville have successful mainstream R&B FMs. In fact, most of top 40's biggest markets are cities where a rhythmic top 40 is filling the hole for an R&B station or where there's no rhythmic station at all. Another interesting fact, even in the strongest top 40 markets, is that there's no real case of two healthy and evenly matched mainstreamers, something common during the mid-'80s. (The closest is Syracuse, although some would contend that WWHT was more rhythmic than mainstream in the spring.)

Now to the markets where top 40 was underperforming. The three lowest are, of course, the cities that had no full-signal top 40 for most of the spring book: Greensboro, N.C. (1.7); Akron, Ohio (1.2); and Cleveland (1.1).

Other markets at or under a 5 share in total top 40 listening are Memphis (3.5); Washington, D.C. (3.6); Detroit (4.1); Baltimore (4.2); St. Louis (4.6); and Los Angeles (5.0). As with Atlanta and other aforementioned markets, this shouldn't be interpreted as denigrating the individual stations involved; both L.A.'s KIIS and Detroit's WDRQ posted their best numbers in recent memory dur-

ing the spring, for example.
It should also be pointed out that the L.A. number would also be a 9.0, more comparable to the national average, if we included KPWR, which many in the industry regard as top 40 but which Airplay Monitor classifies as an R&B station. Certain R&B, modern rock, and hot AC stations have long regarded themselves as "top 40 for the marand even if you disagree, an analysis of the numbers shows that they control a lot of the listening that would otherwise go to a top 40. Washington, D.C.'s top 40 share, for instance, would be a 9.1 if you added WPGC to WWZZ and bleed-in listening from WXYV Baltimore.

# **Controversy Over Cross-Ownership**

Broadcasters have taken their pleas for fewer ownership rules to Capitol Hill. In what will likely be the beginning of several hearings on broadcast ownership rules, the House Subcommittee on Telecommunications heard repeated calls for a relaxation of ownership caps and regulations during a Sept. 15 hearing. The National Assn. of Broadcasters sent board member James Yager before the panel to defend its position, and with Congress' attention, Yager credited the FCC for recent changes, then asked for more. The FCC loosened its broadcast rules last month to allow one company to own two TV stations in exchange for giving up some radio

holdings, but he said it should have eliminated the radio/television cross-ownership rule entirely, calling it "redundant and unnecessary" considering the fact that the 1996 Telecom Act contains ownership limits. Yager, CEO of Benedek Broadcasting, also spoke in favor of eliminating the newspaper/broadcast crossownership rule.

Newspaper Assn. of America president John Sturm also went before the subcommittee to reiterate the NAA's call for dissolving the newspaper/broadcast cross-ownership rule. "Never before has the need for legislative relief been so great," said a frustrated Sturm, noting the FCC failed to modify the ban when it revised other ownership regulations last month. "Put simply, there is no justification for the ban. Newspaper cross-ownership of broadcast outlets would not pose a threat to competition in the advertising

Sturm won support from Rep. Tom Bliley, R-Va., who noted newspapers were the only entity barred from buying a radio or TV station. "This outdated restriction runs counter to the competitive spirit driving the marketplace to-

day," he said.

With the recent CBS/Viacom merger, some Democrats on the committee said they were worried that any additional rule changes would lead to more media concentration. Republicans on the panel were generally more sympathetic. Rep. **Billy Tauzin**, R-La., said he will encourage the FCC to further relax its rules, although it is unlikely he will introduce any legislation to force it to do so. "It's always a lot easier when FCC rules are changed by the FCC," he said.

Elsewhere in Washington, Rep. Charles Rangel, D-N.Y., is drafting a bill that would revive the minority tax-certificate program, according to FCC Chair Bill Kennard's office, which is working with Rangel's legislative aides. The bill would be the companion to legislation introduced in the Senate by Sen. John McCain, R-Ariz., which gives a company a tax break if it sells a station to minorities, women, or first-time buyers. A private venture-capital fund effort being led by CBS CEO Mel Karmazin and Clear Channel CEO Lowry Mays, meanwhile, is apparently having trouble raising the needed \$100 million from broadcasters.

The FCC has extended the low-power FM comment period another 14 days, to Nov. 5.

### CAPITAL

Radio stocks are on fire, plain and simple. In the past two weeks, Clear Channel, Cumulus, and Emmis have all hit 52-week highs. Clear Channel has been spurred by recent bullish assessments of its stock, while Cumulus stock has been priced up from an executive road show pitching its forthcoming equity offering, which will reduce its debt load. Cox Communications stock has also been given a push with its addition to the CS First Boston Focus List, a listing of stocks with a lot of potential. Meanwhile, Emmis CEO Jeff Smulyan has stepped up his efforts to convince investors his stock is undervalued by meeting with a number of key analysts. First Union Capital Markets analyst Jim Boyle was apparently convinced, upping his 12-month target price for Emmis stock by \$4 a share.

Still lagging behind most radio stocks is AMFM, which has now completed the spinoff of its outdoor advertising unit to Lamar Advertising. Under the deal, Lamar paid AMFM \$700 million in cash, with the balance coming from stock. The deal has turned out to be a good one for AMFM; since the deal was announced June 1, the value of Lamar's stock has jumped from \$900 million to \$1.2 billion. That puts the deal's value at \$1.9 billion. "Strategically, this transaction represents an important step, positioning AMFM as the nation's largest pureplay radio broadcasting company," said AMFM CEO Tom Hicks in a statement.

Entercom is being sued by the owner of modern rock KWOD Sacramento, Calif., after a deal struck in 1996 fell apart. Under the agreement, Entercom would have taken KWOD in exchange for an Entercom station. But discussions broke down, and Royce International Broadcasting was unable to find another buyer. Royce president Ed Stolz alleges that Entercom collaborated with other owners to keep them from stepping in and buying KWOD.

The Rev. Al Sharpton wants to make sure any stations spinoffs required in the CBS/Viacom merger go to minority owners. Addressing the National Assn. of Black-Owned Broadcasters, Sharpton said his National Action Network will file a petition with the FCC asking it to block the merger unless the companies can prove it is good for minorities.

### **NSALES**

Regent Communications is buying album rock **KLAQ,** adult top 40 KSII, and N/T KROD El Paso, Texas, from New Wave Broadcasting for \$23.5 million.

Cumulus Media is buying four Killeen, Texas, stations from four sellers for a total of \$9 million. The stations are AC KOOC, country KOOV, religious KLTD, and oldies KYUL. Cumulus will take control of all four immediately under an LMA.

Cumulus has signed an option to buy adult top 40 WQLH and sports WDUZ Green Bay, Wis., from Laird Broadcasting.

Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to songs appearing in the top 20 on both the Airplay and Audience charts for the first time with increases in both detections and audience. Greatest Gainer awarded to the record with the largest increase in detections. Most New Stations awarded to the record registering six or more detections at the most stations for the first time this week. If two records are tied in number of detections, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks.

Songs ranked by audience, computed by cross-referencing exact times of airplay with Arbitron listener data. Records showing an increase in audience over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in audience. If two records are tied in total audience, the record being played on more stations is placed first. Records become recurrents and are removed from this chart in conjunction with the Mainstream Top 40 Airplay chart.

### FOR WEEK ENDING SEPTEMBER 19, 1999

Songs ranked by number of detections. Planists are listed in order of TSA weekly cume, beginning with the highest-cuming station. Cumes are updated twice yearly following the rolesse of the spring and fall Arbitron surveys. The number of stations shown each week varies depending upon space.

First Impressions (FI) denotes songs with 6 or more detections at station for first time this week.

# Monitor. — POWER PLAYES

### FOR WEEK ENDING SEPTEMBER 19. 1999

Songs ranked by number of detection. Playlists are listed in order of TSA weekly cume, beginning with the highest-cuming station. Cumes are updated twice yearly following the release of the spring and fall Arbitron surveys. The number of stations shown each week varies depending upon space.

First Impressions (FI) denotes songs with 6 or more detections at station for first time this week.

TOP 40 AIRPLAY MONITOR SEPTEMBER 24, 1999

# Monitor — POWER PLAYLISTS MAINSTREAM TOP 40

### FOR WEEK ENDING SEPTEMBER 19, 1999

Songs ranked by number of detections. Playlists are listed in order of TSA weekly cume, beginning with the highest-cuming station. Cumes are updated twice yearly following the release of the spring and fall Arbitron surveys. The number of stations shown each week varies depending upon space.

First Impressions (FI) denotes songs with 6 or more detections a station for first time this week.

# Monitor POWER PLAYLISTS MAINSTREAM TOP 40

### FOR WEEK ENDING SEPTEMBER 19, 1999

Songs ranked by number of detections, Play hat are listed in order of TSA weekly cume, beginning with the highest-cuming station. Cumes are updated twice yearly following the release of the spring and fall Arbitron surveys. The number of stations shown each week varies depending upon space.

Impressions (F1) denotes songs with 6 or more detections at on for first time this week.

Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to songs appearing in the top 20 on both the Airplay and Audience charts for the first time with increases in both detections and audience. Greatest Gainer awarded to the record with the largest increase in detections. Most New Stations awarded to the record registering six or more detections at the most stations for the first time this week. If two records are fied in number of detections, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks.

Songs ranked by audience, computed by cross-referencing exact times of airplay with Arbitron listener data. Records showing an increase in audience over the previous week, regardless of chart movement. A record that his been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in audience. If two records are tied in total audience, the record being played on more stations is placed first. Records become recurrents and are removed from this chart in conjunction with the Rhythmic Top 40 Airplay chart.

DETECTIONS

# Monitor POWER PLAYLISTS RHYTHMIC TOP 40

FOR WEEK ENDING SEPTEMBER 19, 1999

Songs ranked by number of detections. Pla jists are listed in order of TSA weekly cume, beginning with the highest-cuming station. Cumes are updated twice yearly following the release of the spring and fall Arbitron surveys. The number of stations shown each week varies depending upon space.

First Impressions (F1) denotes songs with 6 or more detections at station for first time this week.

Songs ranked by audience, computed by cross-referencing exact times of airplay with Arbitron listener data. 
Records showing an increase in audience over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in audience. If two records are tied in total audience, the record being played on more stations is played first. Records become recurrents and are removed from this chart in conjunction with the Crossover Airplay chart.

### FOR WEEK ENDING SEPTEMBER 19 1999

Songs ranked by number of detections. Playlists are listed in order of TSA weekly cume, beginning with the highest-cuming station. Cumes are updated twice yearly following the release of the spring and fall Arbitron surveys. The number of stations shown each week varies depending upon space.

at impressions (1.1) denotes songs with 6 or more detections a tion for first time this week.

Songs ranked by number of detections. 
Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to songs appearing in the top 20 on both the Airplay and Audience charts for the first time with increases in both detections and audience. Greatest Gainer awarded to the record with the largest increase in detections. Most New Stations awarded to the record registering six or more detections at the most stations for the first time this week. If two records are tied in number of detections, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks.

Songe r	ankod by	audiano	ce, computed by cross-referencing exact times of airplay with A	Irbitron listener data Records showing an	increase	in and

Songs ranked by audience, computed by cross-referencing exact times of airplay with Arbitron listener data. Records showing an increase in audience over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in audience. If two records are filed in total audience, the record being played on more stations is placed first. Records become recurrents and are removed from this chart in conjunction with the Adult Top 40 Airplay chart.

# Monitor recurrents ADULT TOP 40

# Monitor — POWER PLAYUST ADULT TOP 40

### FDR WEEK ENDING SEPTEMBER 19, 1999

Songs ranked by number of detections. Playlists are listed in order of TSA weekly cume, beginning with the highest-cuming station. Cumes are updated twice yearly following the release of the spring and fall Arbitron surveys. The number of stations shown each week varies depending upon space.

First impressions (F1) denotes songs with 6 or more detections at station for first time this week.

Songs ranked by number of detections. Records showing an increase in detections ower the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to songs appearing in the top 20 on both the Airplay and Audience charts for the first time with increases in both detections and audience. Greatest Gainer awarded to the record with the largest increase in detections. Most New Stations awarded to the record registering six or more detections at the most stations for the first time this week. If two records are tied in number of detections, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks.

The chart, reprinted from Rock Airplay Monitor, is compiled from a national sample of data compiled by Broadcast Data Systems. 66 modern rock stations are electronically monitored 24 hours a day, seven days a week. Songs ranked by number of detections. Records showing an increase in detections over the previous week, regardless of chart movement. A record that has been on the chart for more than 20 weeks will not receive a builet, even if it registers an increase in detections. Airpower awarded to songs appearing in the top 20 on both the Airplay and Audience charts for the first time with increases in both detections and audience. Greatest Gainer awarded to the record with the largest increase in detections. Most New Stations awarded to the record registering six or more detections at the most stations for the first time this week. If two records are tied in number of detections, the record being played on more stations is placed first. Records below the top 20 become recurrents and are removed from the chart after 26 weeks. ©1999 Billboard/BPI Communications

Albums with the greatest sales gains. ● Recording Industry Assn. Of America (RIAA) certification for sales of 500,000 album units. ▲ RIAA certification for sales of 1 million units (Platinum). ◆ RIAA certification for net shipment of 10 million units (Diamond). Numeral following Platinum or Diamond symbol indicates album's multi-platinum level. Greatest Gainer shows chart's largest unit increase. Pacesetter indicates biggest percentage growth. ◆ 1999 Billboard|BPI Communications and SoundScan, Inc.

Compiled from a national sample of data supplied by Broadcast Data Systems. 114 mainstream top 40, 30 rhythmic top 40, 70 adult top 40 and 60 crossover stations are electronically monitored 24 hours a day, 7 days a week. Songs ranked by number of detections. Records showing an increase in detections over the previous week regardless of chart movement. A record that has been on a chart for more than 20 weeks will not receive a bullet, even if it registers an increase in detections. Airpower awarded to songs appearing in the top 20 on both the Airplay and Audience charts for the first time with increases in both detections and audience. Greatest Gainer awarded to the record with the largest increase in detections. Most New Stations awarded to the record registering six or more detections at the most stations for the first time this week. If two records are tied in number of detections, the record being played on more stations is placed first. 1999 Billboard/BPI Communications.

# RIGHT ABOUT NOW, THE FUNK SOUL BROTHER ...

- IMPACTING SEPTEMBER 28TH!
- FROM THE CERTIFIED PLATINUM ALBUM "YOU'VE COME A LONG WAY BABY"
