SIGNS IN LOCATIONS

Fast becoming one of America's best known profit producer

FOR WURLITZER FACTORY - APPROVED MUSIC MERCHANTS . . .

The *Sign of the Musical Note*, promoted in full color, full page national magazine ads . . . on billboards from coast to coast . . . on signs in locations is a natural patron puller for any location when displayed on its window or door.

Smart location owners are awake to this fact. They want Wurlitzer Music in their places of business . . . they must go to a Wurlitzer Factory-Approved Music Merchant to get it. He can and is cashing in on Wurlitzer Leadership.

FOR WURLITZER LOCATION OWNERS

Everyone, everywhere is learning to look for the Sign of the Musical Note. There they will find Wurlitzer Music . . . *America's Favorite Nickel's Worth of Fun*. Wide-awake location owners know it—are installing Wurlitzer Phonographs—are tying into Wurlitzer's national advertising—are taking in more money with Wurlitzer than they ever did before. Like the Wurlitzer Factory-Approved Music Merchant, they're cashing in on Wurlitzer leadership. The Rudolph Wurlitzer* Company, North Tonawanda, N. Y. *The Name That Means Music To Millions.

Greater Recognition

By Bill Gersh

"COINTOONS"

This year of 1946 has seen this industry striving to gain greater stability, acceptance and, especially, greater recognition.

This has all come about since *The Cash Box* proposed that a "Public Relations Bureau" be created for this industry, which would promote the best interests of this field and would, once and for all time, eliminate much of the "mystery" surrounding the coin machine business so that it would stand in the open, among all other big industries, with long overdue and respected recognition.

Since the proposal that a "Public Relations Bureau" be created by this industry, the CMI (Coin Machine Industries, Inc.) leading association of the coin machine business, has adopted the suggestion. CMI has been asking that everyone in this field cooperate with it to get a "public relations program" under way on a national scale.

It is easily understood, by all who comprise this industry, that the one and only fashion in which to solidly and sensibly gain greater recognition for this trade, is for the best sort of public relations effort to be put forth to draw the proper sort of attention to this field and to, especially, overcome a great deal of misunderstanding, which is not only current with the general public, but even with the best informed press of the nation.

The most outstanding factor in this drive for greater recognition of the coin operated machine industry is that everyone of the leading coinmen in the nation are eager to get into this effort. They are willing to work with all the energy they have to bring this about.

These men realize that by this industry gaining better understanding, acceptability and recognition in their communities that they will tremendously benefit. They will be more assured of continuing on in this business on a more solid basis.

This sudden turn on the part of so many in this field to this type of effort is extremely commendable. It is a certain sign that the members of this trade have at last forgotten that just earning profits is all that is to their interest in their business. They have now come to understand the meaning of gaining more than just immediate profits. They now also want to help themselves for many years to come by gaining greater recognition of their business endeavors today. And they want to keep this recognition on as high a plane as possible so that this great entertainment and merchandising industry will continue to win the applause and acclaim of all American business.

But, this cannot be accomplished by just wishful thinking. It cannot be done by theory. It must be done by the best possible practical methods. These start right with the operator himself. He is the contact and focal point of all public relations effort. His contact with the location owners — and thru them with the general

public — is the first and best work which can be accomplished for any public relations program.

The advertising, publicity and educational work which will be done by long experienced public relations counsellors will only back him up. All this work will not be worth a plugged nickel if the operator himself doesn't get back of this program and do everything he can to make it successful.

That is why the CMI is appealing to the operator directly to enter into their organization as an "associate member" — so that he will intensify his interest in the work they plan to do — for him.

With the operator wholeheartedly back of this program there is absolutely no doubt that it will prove successful. It is his groundwork with the location owners (and thru the retailers — the public who patronize his locations) which will start the ball to rolling in the right direction.

He will be the one who can help gain the greatest good — the most outstanding recognition for this industry. It is up to him to work with whatever organization — especially with CMI — that will assure him of his future in this industry — which means insuring his livelihood for the years to come.

RADIO OPERATOR GETS 75% COMMISSION

Has Less Overhead Expense, Lower Equipment Cost, Operates in 350 Class Hotels, Claims Coinmen Can't Operate Profitably on Less than 75% Commis'n

NEWARK, N. J.—The time has come when every intelligent, far seeing coin machine operator in the country is at last driving to obtain what this publication has been urging on him for almost four years now — the 70% to the operator and 30% to the storekeeper commission basis — to insure himself profitable operating for post-war.

As this 70% - 30% idea gains greater momentum each day, other suggestions also flood in. At present there is a suggestion that the operators of music machines do away with the 5c coin chute entirely and feature 10c per tune, 3 plays for 25c. Another suggestion, which is being practiced in some territories where strong music operators' associations rule, is to obtain "front money." Most cases show that such ops obtain \$3 for older machines. \$5 for newer machines. A few ask 1% of the entire installation cost. But, the majority of "front money" coinmen believe that the music op should get \$10 "off the top" and then split the difference on a 50/50 basis.

Along comes a large operator of coin operated radios and reports that he has been getting 75% of the commission from his radios (and from the better class hotels) all along. In fact, he doesn't believe that any music operator can continue profitably in business on less than 75% commission.

Wm. Weiss of Radio-Matic of America, Inc., is the operator. He is having General Electric of Syracuse, N. Y. build a new coin operated radio for him to his specifications. At the present time his firm operates in 350 of the better class hotels. This sort of operation, Weiss explains, is only profitable on a large volume

basis. They give the player 2 hours of radio music for 25c. If the customer plays the radio for only a half hour or so and then turns it off, he can turn it on again later for more music, until he gets his full two hours of play.

But, what is most important to all other operators everywhere in the nation, is the fact that here is an operator who does not endure as much increase in his overhead expense as does the regular juke box and pinball coinman; who also hasn't the terrific cost of the new equipment to face (the cost of one modern juke box would buy a dozen of the new coin operated radios) and yet these juke box and pinball coinmen, enduring so much more expense and higher equipment cost, are receiving less commission (by far) than what this operator is getting.

Certain members of the Ohio State Automatic Phonograph Owners Association disagree with *The Cash Box* that the modern commission basis should be 70% to the operator and 30% to the location owner. They claim that if all overhead increases and higher machine costs are to be taken into consideration then the commission basis should become 80% to the operator and 20% to the location owner.

Every coin machine man should remember that the present 50%-50% commission basis is due to the fact that those operators who purchased the first phonographs back in 1934 and '35 installed them on the same commission basis as for the amusement devices they were operating. They did not, at that time, think about the automatic music industry as something which would grow to its present stage of national

(and international) acceptance. They never dreamed that the juke box would become the most powerful musical network in world music history.

This 50%-50% commission basis continued on during the war period, even tho *The Cash Box* urged that it be changed, and earned good profits for the operators, simply because there was no new equipment to buy. But, overhead continued to increase. Mechanics who were paid \$35 per week are now getting three and four and more times that much. Records have gone sky high. Needles, tubes, parts, supplies, general help, rent, trucks, tires, garage, etc. are also away up in the sky. *The Cash Box* noted this inflationary trend during the war period and started immediately to urge the juke box operator to quickly change his commission basis while the war was on to 70%-30%.

Today — it is imperative that this commission basis be changed. Not only has overhead expense continued to increase as inflation comes into being — but now the trade knows what the new machines are priced at — and also realizes that these prices, because of labor victories and OPA increases on raw materials — will go even higher.

Surely, then, if an operator of coin radios can get 75% commission from the better class hotels (350 of them) then the members of the juke box field (as well as every pinball operator) should be able to get at least 70% commission from their locations.

IT IS IMPERATIVE TO GO TO A BETTER COMMISSION BASIS IMMEDIATELY — IF YOU WANT TO CONTINUE IN A PROFITABLE

NATION'S OPS WANT FEDERAL LICENSES TO FEATURE BUYER'S NAME ONLY

Take Off Location's Names, Ops Write. Urge Action be Taken in Washington Immediately Before More Territory is Lost

NEW YORK—Even before all of last week's issues of *The Cash Box* reached their destination carrying the story that something be done immediately to change the present Federal license law so that the names of location owners would not appear as purchasers of the licenses, letters and phone calls had begun to arrive at the offices of this publication commending this article and urging that a committee be formed to go on to Washington to see what would have to be done to change this law.

From everywhere in the country reports are flooding in that due to the fact that the press, crusading blue-noses, publicity seeking politicians and other of like ilk, can call on the Collector of Internal Revenue in their district and look up the registration records of coin machine licenses, which is open to the public, that territory after territory has been closed down.

"This," one coinman leader writes, "cannot be blamed on the collector himself. He has nothing to do with it. The law allows anyone to go up to his office and look over the records and see who purchased licenses. As one Ohio coin machine man said in *The Cash Box*, 'This acutally incriminates the operator'. In short, the operator should not buy Federal licenses, for when he does local politicians, blue-noses and other hypocrites, attempt to incriminate him.

"This is not the purpose of the Federal government. They want revenue and not incriminations against the people who are giving

the revenue. There is no doubt in my mind that Washington will work with the coin machine operator to change this law. There is no reason why the license should not bear the name of the buyer — and the buyer is the coin machine operator in almost every case. Let's get this law changed as quickly as possible — therwise a lot of us are going to lose territory — which means that we shall be left without the means for a livelihood."

Backing up this coinman's statements comes the report from Cincinnati, O. (as given in the past week's, May 6, issue of *The Cash Box*) that Thomas A. Gallagher, Collector of Internal Revenue for the first district of Ohio, lashing out at the press which placed him in the position of giving out this information stated.

"Statements have appeared in the press tending to put the collector's office in the role it has not played and is not playing. I repeat that this office is the custodian of the slot and pinball registration records and that is all. We have done nothing to publish or publicize these records; this is not our function. Under the law, I say again, these records have been open and are open to public inspection and will be so open until the law is changed. Certain persons exercising this right of public inspection searched our records and published what they found."

Any reporter, on a newsless day, can hustle himself over to the collector's office, go thru the coin ma-

chine registration records, and within a few minutes the press will headline stories which are bound to close one town after another. Yet, the collector's office, as in the case of the collector of the first district of Ohio, can do nothing to prevent such public inspection — even tho he will admit that this is highly irregular in all matters pertaining to the offices of the Collectors of Internal Revenue.

Coinmen have taken one beating after another since this law came into effect as a wartime revenue raising measure. There is no clear distinction between what is a "gaming" and what is an "amusement" device. Worst of all has been the fact that the storekeeper's name is demanded on the license itself — which, after the press grabs it — puts coinmen in the position of incriminating themselves.

This law can and should be changed — and changed immediately. The trade should appoint a committee of its leading members to go to Washington and ask that this change be placed into effect. Of course, going on to Washington doesn't mean just a few hours time. It means going thru the various entangling, irritating red tape of government and learning who is who and what is what and how it is done. But, some committee should be made up now to investigate what has to be done, and report back to the industry just what can be done to change this law.

DAVE QUIRK

RECORD REVIEW EDITOR

OF

"THE CASH BOX"

"Strange Love"**"I'd Be Lost Without You"**

Phil Regan

(Majestic 7181)

● Phil Regan, the handsome ex-New York cop now starring in the movies, comes up with two good vocals that should go over big in the spots where romancers gather. Phil has a good voice and does a real good job with "Strange Love" especially. On the flipover, "I'd Be Lost," Regan gets a little help from a male quartet that gives the number a little dash of the old barber shop singing days. Both sides should do big business.

"Ain't Gonna Move Blues"**"Dog House Blues"**

Wes Prince and his Rhythm Princes

(Excelsior 167)

● Wes Prince and His Rhythm Princes are made up of four fellows who do a neat job on two blues numbers. Hal Grant, guitar, doubles as vocalist and does right well too. "Ain't Gonna Move Blues" and "Dog House Blues" will suit those in the race spots to a tee.

"Come Rain or Come Shine"**"Just Make Love to Me"**

Orrin Tucker and his Orchestra

(Musicraft 15063)

● "Come Rain or Come Shine" featuring Scottee Marsh, a gal with a come-hither voice, is sure to be a repeater on the old juke box. How can it miss when the vocalist, the band, and the song are all A-1? On the backing, Orrin Tucker and Scottee Marsh sing a novelty number entitled "Just Make Love to Me" and it's loaded with puns. Both sides will capture lots of coins from the cash customers.

"Honey, Do You Think It's Wrong?"**"Popcorn Poppin' Mama"**

Frankie Marvin

(San Antonio 104)

● For cowboy and hillbilly spots Frankie Marvin has waxed "Honey, Do You Think It's Wrong?" and "Popcorn Poppin' Mama" in true style. The first is on the slow side and the flipover, "Popcorn," is one of those novelties done in Ukelele Ike (Cliff Edwards) manner. Although it's reminiscent of "Pistol Packin' Mama," it has enough originality of its own to put it over. And Marvin handles it okay.

**SLEEPER
OF THE WEEK****"They Say It's Wonderful"****"I Remember"**

Ray Herbeck's Orchestra

(4 Star 1082)

● Irving Berlin has done it again — this time with "They Say It's Wonderful" which is the hit song from his new show "Annie Get Your Gun." Ray Herbeck and his "Music with Romance" set the stage in this waxed version of the Berlin hit while the spotlight belongs solely to Roy Cordell's vocal. His fluent, rhythmic style make for pleasant listening. In fact, the whole number must have been written just for the soft lights and smooth music crowd. On the other side "I Remember" runs in the same vein. Again it's Ray Herbeck's Orchestra and Roy Cordell's voice. The record is bound to click.

**"I Woke up with a Teardrop
in My Eye"****"Donkey Serenade"**

Joe Alexander

(Excelsior 173)

● A combination of a snappy instrumental quintet, the Red Callender group, and a better than average singer, Joe Alexander, teams up on a disk of "I Woke Up With a Teardrop in My Eye" and "Donkey Serenade," the old standby. The first, "Woke Up," is a ballad and Alexander wrings it dry, with the Callender boys getting in enough licks in the background to change the pace. On the flipover, "Donkey Serenade," Alexander displays a powerful range.

"Bye and Bye"**"Dip Me in the Golden Sea"**

McCravy Brothers

(Davis 3502)

● Here's a vocal duet that knows how to sell a cowboy ballad and a spiritual type of number. "Bye and Bye" will tickle the chaps and spurs crowd and "Dip Me" will find an audience among the coin box players who go in for spirituals or numbers close to them. The McCravy Brothers know how to do both and this disk should do plenty of business in the race and cowboy spots.

"Guitar Polka"**"It's a Sin"**

Frankie Marvin

(San Antonio 103)

● Frankie Marvin has come up with a waxing of some real American Folk Music — better known to most of us as hillbilly. "Guitar Polka" has a snappy vocal but still offers plenty of instrumental capers. For those from the wild and woolly west, "It's a Sin" will prove to be quite nostalgic. The latter is a Marvin original, but both will be popular where they go for that sort of thing.

"Route 66"**"Everyone is Sayin' Hello Again"**

The King Cole Trio

(Capitol 256)

● Without a doubt the King Cole Trio is one of the best triple threats in the business. "Route 66" doesn't let their followers down as it's a swingy number and one that you'd like to hear again so you can get the words. For a little variety the boys give us "Everyone is Sayin' Hello Again." This side has a slow, easy rhythm that just about everyone will go for in a big way.

"Ain't She Pretty"**"A Hundred Years from Today"**

The Jones Brothers

(Majestic 1038)

● The Jones Brothers are another of the small combinations but their style is plenty original and won't be confused with any of the others. Two of the lads toss the vocal back and forth and there are enough instrumental inserts to keep it interesting. "Ain't She Pretty" has a lot of punch to it while "A Hundred Years from Today" lends itself nicely to crying in your beer. Both sides will reap profits at 5c a throw.

"Li'l Augie Is a Natural Man"**"Any Place I Hang My Hat Is Home"**

Johnny Mercer

(Capitol 254)

● Johnny Mercer does a triple threat job here. Capitol is his record company, "Li'l Augie" and "Any Place" are his own compositions for the hit musical, "St. Louis Woman," and Mercer, of course, does the yodeling on both sides of the disk. With all this mercerizing, the disk is right good and will have the Mercer fans dropping the beaucoup nickels in the boxes.

RECORD REVIEWS

By *Ralph Emmett*
OF
"THE CASH BOX"

"Cement Mixer"

"I Must Forget About You"

Al Russell Trio

(Excelsior OR174)

● "Cement Mixer" was originally written to be done by a small jump combo, and this version done the "Stomp" Russell three fits that pattern nicely and precisely. Combining piano, guitar and bass with their own nimble vocalizing, the boys have made this disk a package of hot rhythm that'll wear itself out under the needle. The arrangement is in a class by itself and makes for easy listening to the twist lyrics. On the other side, the lads show their versatility when they slow the tempo and do a first class cutting of "I Must Forget About You," an oldie that still packs lots of appeal for torch carriers. Tag this as a "must" disk.

"Fly Hen Blues"

"Lonesome Man Blues"

Cousin Joe with Earl Bostic Sextet
(Gotham 500)

● For the location that contributes for harlemesque and Central Avenue music at its best, here are a pair of blue novelties with every right to click. On the "Fly Hen" side, Cousin Joe does the warbling in jackpot style while the Bostic six supplies rhythm to make your toes wiggle. With "Lonesome Man," Cousin Joe pipes lyrics that'll magnetize customers around 3 AM as the Bostic boys send him music that rolls 'round his voice like cigarette smoke. If you've got the spot for it, have your distrib spin this platter for you, and you'll see what I mean.

"They Say It's Wonderful"

"Laughing on the Outside"

Andy Russell

(Capitol 252)

● Top billing goes to "They Say It's Wonderful," only to call your attention to a tune that should ride to the ceiling on anybody's hit parade. Watch it. In addition, seldom has Andy Russell ever waxed a pair of tunes as tailor-made for his vocal style than on this disk. Highlighted by the muted melody provided by the Paul Weston ork, Russell puts every trick he knows into both numbers. On the blue "Laughin" side, he has come up with one of the best cuttings ever made of the tune. This disk can't miss anywhere. Buy it.

"Montuno"

"Eu Vi Um Leao"

Chiquito and Orch.

(Gotham)

● Chiquito and his boys really go to work on "Montuno" to come up with a number that glitters with Latin flavor and surprises with the Hi-de-ho-ing that recalls Cab Callo-way at his grooviest. Chiquito chants this while his chorus assists to make it one of the hottest rhumbas heard in many a week. On the backing they save their breath, but go all out on the instrument work to provide juke customers with a thumping samba. A sock disk wherever they'll take a Latin American number without lace.

"The Gypsy"

"Don't Be A Baby, Baby"

Phil Brito

(Musicraft 15062)

● With this disk, Phil Brito gives music ops one of the best waxings of the current favorite "The Gypsy," to be heard in many a spinning. Aably supported by the Walter Gross Ork, Brito handles the number with all the grace it needs. On the backing, "Don't Be A Baby, Baby," Brito does his usual first class job to lift this disk into place beside his other coin-culling numbers. If the fans like Brito, they'll take to this one eagerly.

PIC O' THE WEEK

"That's The Groovy Thing"

Earl Bostic and His Orchestra
(Gotham 104)

● Here's a disk that's a powerhouse of rhythm. "That's The Groovy Thing," is as groovy as its title. It's a jump number the like of which comes by only once in a long while. Tho specially patterned for the jump location, the fact that it's first quality jazz, too, should give it more than passing attention in any spot where liberal musical tastes are found. The melody is built around a bare handful of notes, but what happens to that handful when the Bostic crew go at it with instrumental and vocal tears down the house with rockin'. Get out and hear this tune first chance you get. It's a natural. The flipover, "Tippin' In," is a top flight instrumental that makes for eager listening.

"I Fall In Love With You Every Day"

"Seems Like Old Times"

Bobby Sherwood Orch.

(Capitol 257)

● Music ops can take this disk for a nickel grabber wherever it's placed. Bobby Sherwood does the lyrics in better than workman-like style while his orchestra gives it just the right accent in rhythm. On the flip-over, Bobby takes over the stick to lead his crew thru "Old Times," in an arrangement that can't miss.

"In the Moon Mist"

"I Don't Know Why

(I Just Do)"

Art Mooney and Orch.

(Vogue R-732)

● Here's a pair on a platter that'll spin aplenty wherever they like 'em sweet and low. On the "Moon Mist" side, the Mooney ork provides a tip top arrangement as a backdrop to the pleasant caroling of Johnny D'Arcy. On the backing, "I Don't Know Why," Mooney sets the older fans remembering as The Moon Chasers carry the vocal thru in the same mood.

"Can't Win, Can't Place, Can't Show"

"Trouble Keeps Hanging 'Round My Door"

Paul Westmoreland

and his Pecos River Boys

(San Antonio 101)

● Paul Westmoreland and his outfit have cut a pleasant yippie-i-ay number here for any location that corrals that sort of customer. On "Can't Win," the boys do the typical hard luck story ably and adequately. On the flip-over, "Trouble," they follow thru with a song of harder luck still. Both tunes gain appeal with each replay.

"Boyd Meets Stravinsky"

"I Only Have Eyes For You"

Boyd Raeburn and Orch.

(Jewel GN10002)

● The Raeburn ork waste no moments before getting down to curling a classical Stravinsky score into something meant to satisfy the wildest bobby sox jump addict with the "Meet Stravinsky" number, but the disk finds its greatest appeal on the "I Only Have" side, a whiskered tune brought to the present by David Allyn, who does a better than adequate vocal.

C.M.I. BLUE BOOK

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week.

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code number appear in front of the name of each machine.

1

MEANS PRICE
WENT UP.

2

MEANS PRICE
WENT DOWN.

3

MEANS MACHINE JUST ADDED
TO LIST.

4

MEANS PRICES WENT UP AND DOWN
DURING THE PAST WEEK.

5

MEANS PRICES REMAINED SAME AS
IN LAST PRICE LISTS.

6

MEANS NO PRICES QUOTED FOR PAST
TWO WEEKS.

7

MEANS NO PRICES QUOTED FOR PAST
THREE WEEKS.

XX

MEANS NO PRICES QUOTED FOR
MANY WEEKS — PRICE SHOWN IS
LAST KNOWN QUOTATION.

WISCONSIN VETS WANT SLOTS IN CLUBS AND BINGO LEGALIZED

Ask Legislators to Amend Thomson Law at '47 Session so that Fraternal Organizations Can Operate Slots and Bingo Games

MADISON, WIS. — Members of the Marion Cranefield Post 1518, Veterans of Foreign Wars, will bring pressure on local legislators to have them vote to amend the Thomson anti-gambling law at the 1947 legislative session so that fraternal organizations may operate slot machines and play bingo, reports Edward J. Watland, manager of this city's VFW post.

Watland is also a director of the Wisconsin Association of Club Managers which held a meeting in Milwaukee on March 26 to raise funds to lobby for amendments to the Thomson act which would permit private clubs to operate slots.

Watland reported that members of patriotic and fraternal organizations had brought pressure on legislators in other sections of the state and urged them to change their votes during consideration of the Thomson act in 1945.

Watland is reported to have stated, "I dare say that our representatives were not called upon at all to amend the act last session. We do expect to speak to them about amending this act. I can't tell what action the Post (VFW) will take officially but I know many members will speak to the legislators individually."

Watland also declared, "My interest is on behalf of other VFW clubs and other organizations in other parts of the state which want to operate slot machines and make some money."

Watland is reported to have stated that he did not favor wide open gambling, but wanted it licensed so that the state would derive some revenue and the machines could be regulated.

(The Thomson act, as members of the cointrade will recall, closed down this entire state to every type of slot, pinball and one-ball. Not only have patriotic and fraternal clubs suffered since this act went into effect, but a great many noted resorts thruout the state were also affected

and many of these have been forced to up their rates to take care of the business they are doing. The Wisconsin resorts were always good locations for all types of amusements.

(It is generally hoped by coinmen that in amending the Thomson act that pin games and other amusement machines will again be allowed

to operate and that state supervision will regulate such operation. The cointrade thruout Wisconsin has suffered greatly since the Thomson act became law and the large operations which formerly existed here could again be brought back if the amendments take place at the '47 legislative session.)

**N. J. JUKE BOX MEN
 FORM STATE ASSN.**

**LeRoy Stein, Named Mgr.
 Sol Kesselman is Attorney**

NEWARK, N. J.—In a large meeting held here the juke box coinmen of this state came together to re-form their former organization into the Music Guild of America.

This will now become the state juke box organization with headquarters in this city. Various other cities will also have associations which will be chapters of the Guild.

LeRoy Stein, well known coinman of this city, was appointed executive manager of the Guild. Stein has been well known to the trade for many years and has a great deal of experience with associations of coin machine men. He proved one of the most active association workers prior to the war. It is believed that this appointment will prove of good value to all the juke box ops in the state.

Sol Kesselman, who has been the attorney for the juke box ops here for some years, was named attorney for the state Guild. He has worked hard, it is reported, to help the organization to greater growth.

As yet no president of the state Guild has been elected. At present there are no officers appointed for any of the chapters thruout the state. The organization's members are of the belief that at their next meet a president of the state association will be elected.

"THE HAPPINESS BOYS"

CHICAGO — DeWitt (Doc) Eaton, general salesmanager of AMI (left), Dennis Day, noted star of radio, records and films (center) and James Mangan, advertising and public relations counsellor are pictured together under the title of "The Happiness Boys."

Dennis Day, at this meeting, gave "Doc" Eaton his latest album of Irish melodies which, according to "Doc," "Are the sweetest you've ever heard."

Eaton said, "We are daily hearing from more and more recording stars, as famous as Dennis Day, who are anxious to help put juke boxes away over the top. These artists all realize what the juke box means to them."

"They are anxious and even eager to prove to the coin operated music machine industry just how much they appreciate the great reception which their records are receiving on juke boxes everywhere in the nation."

SUE MUSIC OP FOR PLAYING A COPYRIGHTED RECORD

Suit is Started in Jersey City for \$1,000 Against Op Who Played Request Number on His Wired Music System

PASSAIC, N. J.—In the April 1, 1946 issue of *The Cash Box* there appeared a warning to all music machine operators (printed in red) not to play personal recordings. With this warning there appeared a story to the effect that one well known wired (telephone) music op, who had for years played personal recordings at a set rate for customers who brought their own record to his studio, was being threatened with suit for playing a "copyright" song.

This past week the suit became fact. A suit for \$1,000 has been instituted against this wired music system operator and his studio for playing a "copyright record" without the permission of the copyright owners.

As is well known to the trade there are two bills now in Washington, one in the House of Representatives' Patents Committee (the Buckley Bill) and the other in the Senate Patents Committee (the Myers bill) which are strictly anti-juke box bills and which are at the present time more or less dormant in both the House and the Senate. But, these bills of themselves show the tendency to make the juke box industry pay for the use of copyright music.

In this suit, in this city, which is now stirring the juke box trade, there is fear that perhaps someone a lot bigger than the man who started the suit is back of this entire case. Should this be the fact then the industry here and everywhere else in the country will have to come to the fore to defend this action.

The operator here, who asks that his name not be mentioned at this time, in fear that it may attract one of the large copyright organizations, if they are not already involved in this action, is asking for any music machine operator anywhere in the nation who may have gone thru a similar suit to immediately inform *The Cash Box* the results of the suit so that it can be used in this instance.

GREAT BRITAIN ENTERS BID FOR COIN MACHINE EXPORT MARKET

NEW YORK — Coinmen in every phase of the industry may soon find themselves holding an important stake in the race for world markets which business leaders foresee as developing into a high-powered all out competition between the United States and Great Britain.

Recent signs, appearing as apparently unobtrusive trade announcements in the nation's press, indicate that all phases of British industry are being primed to declare themselves in on the foreign markets formerly controlled by American-made items. Coin machine are among these items.

According to recent dispatches, the British government has decreed that 85% of all manufactured goods produced in that country must be set aside for export. Accordingly, trade leaders conclude from such a move that the British bid is not inspired by industrialists alone. Johnny Bull, himself, they say, is behind this determined effort to gain a very advantageous handicap on Uncle Sam, the war having eliminated all other possible contenders for control of world markets.

Adding weight to this British bid is the fact that raw materials, currently unavailable to American manufacturers, are finding their way to British factories in impressive quantity. Outstanding reasons are: (1) Few strikes have plagued British production efforts. (2) No sooner had the echo from the last war-time shot disappeared when Britain's far-flung interests began the dispatch of critical materials to England's home ports. (3) The speed with which the British government began to drop its trade bars with the war's end.

As a result, many items still in the reconversion stage of production here in the United States have already been produced in Great Britain and are available to anyone or any nation with the purchase price. *Indeed, it is a fact that British manufacturers can even provide equipment to American coinmen right now.* Blocking such a move, however, are the United States import duties which would tag a prohibitive price on any foreign-made machines sold here.

But Europe, Latin America and the Far East, offer a beckoning finger to anyone with a coin machine to sell.

It is well known that American manufacturers are so back-logged with orders that it will take months before they are ready to ship any new

equipment to foreign markets. It is well known, too, that British coinmen have a long way to go before they can roll their production wheels fast enough to satisfy any sizeable proportion of the tremendous foreign demand. As a result, qualified inter-

national traders have voiced the bald conclusion that the United States will find a stronger-than-ever Great Britain in the export competition of coin goods and Great Britain's strength, they say, should not be underestimated.

THREE GENERATIONS OF MATHENY

WICHITA, KANS. — Three generations of the Matheny family gather alongside the truck delivering the new Aireon phonos.

From left to right, second generation Mr. and Mrs. Harold R. Matheny; third generation, daughter Joanne and first generation, Mr. and Mrs. H. A. Matheny, all of the Matheny Vending Company, this city.

The entire Matheny family are telling all of the ops in this territory

about the new Aireon phonos, and even little Joanne is reported to have learned about the new features and can describe them to any prospective purchaser.

Complete display of Aireon phonos and accessories are attractively arranged at the Matheny Vending Co. showrooms in this city. The Matheny family is always on hand, they report, to help ops with all of their problems.

"Critical" Shortage of Electrical Wiring Looms

WASHINGTON, D. C.—Another thorn-in-the-side to coin machine production now appears in the offing with the disclosure made here this past week that government officials are considering placing electrical wiring equipment on the list of "critical" commodities.

Coinmen who are heavy users of this equipment were urged to prepare for the introduction of government controls in its future procurement.

D. A. ASKS FOR \$3,492 FOUND IN PA. SLOTS

DuBOIS, PA.—State Police and the Pennsylvania Liquor Control Board agents who seized 58 slot machines from clubs in Punxsutawney, Brookville and Adrian during a county-wide raid found the machines yielded \$3,492.38 when the count was made by County Treasurer Earl Beatty.

District Attorney Sykes has petitioned Judge Jesse C. Long for the public destruction of the slots and asked that the \$3,492.38 be turned over to the county treasurer.

Should the money be granted to the county treasurer, ops here report, this would set a precedent in such seizures. Coinmen and clubs whose machines were seized are asking for the return of the slots and especially for the money which these contained. Ops hope to win this case for otherwise they will be subject to seizures of cash as well as equipment, they claim.

Ops here state that this is the first time they can recall when the D.A. has asked for destruction of the machines and also for the contents. It can upset all procedure for future operations in this area on other types of equipment should his request be granted the District Attorney by the judge.

Conklin Now Manager of Shreveport Nov. Co.

SHREVEPORT, LA.—E. F. Conklin who formerly managed the Northwest Novelty Company reports that he is now manager of the Shreveport Novelty Company, 414 Crockett St., this city.

The firm are well known as distributors for the equipment of O. D. Jennings & Company.

Mills Sales Co. Feature New Lonson Coin Boxes

OAKLAND, CAL.—Mills Sales Company, Ltd., this city, are featuring the new Lonson Coin Boxes.

These are now being used by many coinmen thruout this area who found them the most efficient method for gathering together rolls of deposits, especially for storing in safes. These eliminate the use of coin bags and are said to be sanitary, light, compact and economical.

SEATTLE, WASH.—Modernistic offices of the M. S. Wolf Distributing Company showrooms in this city. Bert Beutler is manager. "The of-

fices," Beutler reports, "are among the most beautiful in the country and all who have seen them believe that they add tremendous prestige to the coin machine industry."

Coin Machine Laundry Wins State Court Decision

NEW YORK—Coin operated laundry machines won an important court decision in this city during the past week when a Supreme Court decision was handed down in favor of a landlord who sought to lease part of her building as a location for 20 self-service machines.

The decision reversed a ruling issued by the State Board of Standards

which maintained that such an operation would violate zoning laws which prohibit steam or wet wash laundries in a business district.

In reversing the State board's decision, the judge declared

"Labels applied to old processes should not be construed so as to retard the development of new techniques," the judge ruled.

SNEARLY GREET'S AIREON EXECUTIVES

RICHMOND, VA.—The R & S Sales Company, well known distributors in this city of the Aireon Electronic Phonograph and other coin equipment, were host to a pair of Aireon executives who visited there during a recent tour. Pictured here, left to

right, are Ted Snearly, partner in the R & S firm, Jim Beckham, Aireon engineer, Bill Roberts, assistant to Aireon Vice President Rudy Greenbaum, and Don Patterson, R & S service manager.

PIN GAMES RULED LEGAL IN SYRACUSE

SYRACUSE, N. Y.—This city's Corporation Counsel, Lyle W. Hornbeck, passed a decision this past week which holds that the city ordinance governing the licensing of pinball machines as a valid and legal statute.

The decision differed and was the result of a recent ruling handed down by Polite Judge Homer V. Walsh in a recent pin game case.

Counsel Hornbeck included in his decision the fact that the city grants permits only for the operation of machines permitted under the provisions of the state law. Pin games, it was contended, did not violate those provisions when operated as amusement equipment.

Following the corporation counsel's decision, Mayor Frank J. Costello instructed police to enforce rigidly the requirement that prohibits its use of "amusement devices" by anyone under eighteen years of age

Vendo Tells Production Plans

KANSAS CITY, MO.—Vendo, the firm recently publicized by the Saturday Evening Post for its coin changer, will devote the bulk of their production facilities to the manufacture of soft drink venders it was announced here recently.

An 83-bottle dispenser and a 53-bottle vender will be made in quantity, as well as larger and smaller units. It may take 18 months to hit their production peak, the company said.

"YOU CAN ALWAYS DEPEND ON ACTIVE — ALL WAYS"

BAN ON GAMES STIR CLUBS TO PROTEST

SOUTH NORWALK, CONN. — All clubs and fraternal organizations in this city were notified that all types of slots, pins and coin machines of all types were to be removed from the premises immediately, under orders issued here recently by Lorin W. Willis, the State's Attorney.

The crack-down on games has brought forth a continuing howl of protest from club officials, many of whom claim that the machines helped the clubs to meet financial obligations and in many cases kept the red ink from flowing into the treasurer's accounts.

Observers here are of the opinion that this action will be fought by a group representing several of the clubs involved. It is claimed that the equipment does not solicit the trade of the public but is intended solely for the amusement of members interested in the financial support of their own fraternal club.

AUTOMATIC "HEN" WILL LAY HARD BOILED EGG

NEW YORK — Well, it has finally been done. The proverbial egg with your beer now comes tumbling down via the coin chute, and what's more a little bag of salt comes along with the egg.

They call it the Eggomat, and it's the invention of a trio of war veterans. What's more, the newspapers report that the machine is now going out on locations in this city as actually a revamp of an old cigarette machine with a few new parts added.

The inventors are Robert Koff and Norman Weiser, cigarette machine and juke box mechanics, and Irving

Quart an electrical engineer. Their machine was conceived when on returning from service they heard of a Boston plant which "roasted" eggs in an electric machine at 250 degrees, for an hour. The egg came out hard-boiled and suitable for eating up to a year after preparation, without the need of refrigeration.

Under the process, organisms inside the shell which might cause deterioration are destroyed and the tissue under the shell becomes airtight, preventing entry of any foreign matter.

No nutritive value is lost under the process, the vets learned, and the eggs are now sold in quantity.

The three settled down to work on an old cigarette machine and after many disappointments worked out a revamp which would hold four to six dozen eggs, in separate boxes, and release one at a time with the release of a lever.

Thus an egg can now be provided automatically with the customer's beer.

Now please don't ask — "What beer?"

COMPLETES AMI TOUR

JAMES T. HYDE

CHICAGO—James T. Hyde, assistant to DeWitt (Doc) Eaton, General Sales Manager of AMI, has returned to this city from a comprehensive visit to the Grand Rapids factory of the Automatic Instrument Company,

Hyde recently completed a tour in which he attended AMI phonograph premieres in New York and Pittsburgh where he made the acquaintance of many music operators

As a result of these journeys into the field, Hyde declared, "I've become most impressed with the men I've met in the juke box industry and find them as a whole interesting, intelligent and always 'on the ball.' I was really pleased to note the enthusiasm for our AMI product, and when Doc Eaton told me that in the phonograph business there was never a dull moment, he wasn't fooling

RESORT OWNERS WEEP FOR SLOTS

MADISON, WIS. — Tho Wisconsin's north-woods vacationland is expecting its greatest season in history, location owners thruout this resort territory are groaning and grouching over the fact that this year will see the season without their best standby for an additional dollar, the slot machine.

Having been declared down as a result of the Thomson anti-gaming law passed last year, the slots were one of the greatest drawing cards offered by the resort men, comparing in attraction to the best natural features offered by this well known vacationer's paradise.

Newsmen, in search of the resort men's reaction toward facing a season devoid of the machines, reported much mourning in memory of the equipment.

From every town that was culled for comment came outpourings of good words for the departed slot. Inn keepers, hotel men, tavern owners, all reflected the sentiments of their customers "who are going to miss yanking the handle this coming summer." Slots had brought a gay, sporty crowd, they said, and provided a good deal of the amusement when amusement was needed.

ASKS CITY TO LEGALIZE SLOTS, PINS

TOLEDO, O.—Indicative of a good deal of public sentiment thruout this state, as a reaction to the state-wide crackdown on slots and pins which was extensively reported in the press, was an opinion voiced by James C. Brancheau of this city, recently aired in the editorial columns of the "Blade," leading newspaper here.

Brancheau urged that the municipal council follow the example of the U. S. Government by licensing slots and pin games for the revenue they would provide to the city.

"After all," he stated pointedly, "if the Federal government is willing to tax pinball and slot machines, why should Toledo do otherwise?"

Brancheau's comments stirred a great deal of opinion to his suggestion. A wave of taxation appears in the offing as the city seeks methods to raise municipal funds. Many persons here seem to be convinced that as long as the U. S. Government licenses this equipment, there is no reason why this state, too, should not follow suit.

Cig Ops Credited for Price Rise

ELMIRA, N. Y.—Cig machine ops were credited with having convinced the OPA to give them an additional cent price rise by the "Star-Gazette," newspaper here.

Reporting the boost granted thruout the tobacco industry, the newspaper appeared inclined to take the ops over the coals because of the price advantage they received.

U. S. SUPREME COURT REFUSES TO REVIEW "STOLEN SLOT" CASE

WASHINGTON, D. C. — The United States Supreme Court has refused to review the convictions of two ops who were convicted of illegally repossessing their equipment from local authorities and taking the machines outside their own state limits, it was recently disclosed here.

Convicted under the provisions of the National Stolen Property Act, the two ops, Fred and John Percy Reynolds of Flomaton, Ala., had been sentenced to pay fines of \$1,000 and terms of a year and a day in prison by the Federal District Court last year. Because of the Supreme Court's action, the sentence will continue.

The case began in October 1943, when Alabama police seized about 100 slots on Fred Renolds property at Flomaton, Ala. A short time later, the machines were illegally taken from the sheriff's office and moved to the home of John Percy Renolds in Flomaton, Florida. Some of the machines were later sold in Mississippi and Louisiana.

Brought to trial last May, the men were convicted for transporting the "stolen" slots in interstate commerce.

Contending that the value of the machines under the OPA regulations was less than that required under the statute, they appealed their cases to the Supreme Court.

The Renolds further contended that

the indictment should have specified that the machines were owned by someone besides themselves because, under the law, they could not be convicted for transporting their own property.

ROLSTON IS NAMED GENERAL MANAGER OF AMI MUSIC DIV.

CHICAGO — John N. Rolston has been appointed General Manager of the Music Division of the Automatic Instrument Company, according to an announcement made by the firm this past week. He will have offices in this city and Grand Rapids, where the AMI factory is located.

Rolston, a graduate of De Paul Academy and the University of Illinois, was formerly associated with the firm of Booz, Allen & Hamilton, here. Previous to that, he was assistant general sales manager for the Sullivan Machinery Company, Michigan City, Ind., with whom he was associated for thirteen years.

According to DeWitt (Doc) Eaton, General Sales Manager of the Automatic Instrument Company, Rolston is at present devoting most of his time to the Grand Rapids factory where he is expediting production and procurement.

81% OF NEW ORLEANS YOUNG MEN'S BIZ CLUB VOTES FOR LEGALIZED GAMBLING

By N. Charles Wicker
By Special Wire to The Cash Box

NEW ORLEANS, LA.—A poll of the New Orleans Young Men's Business Club members this past week disclosed that 81 per cent of them favored, "legalized, taxed, zoned and controlled" gambling in this city.

This survey, by this powerful and well meaning organization, may determine to a great extent the future of gambling in this city, which has had the lid clamped tight since the new city administration under Mayor DeLesseps S. (Chep) Morrison took office on Monday, May 6.

Mayor Morrison stated that several bills to legalize gambling have been drawn but that the new administration has not committed itself to any of them yet.

The Young Men's Business Club poll showed that, altho 81 per cent of the membership favored legalized gambling, 16 per cent favored complete abolishment and 2 per cent preferred retention of the system which in the past permitted operation of gambling establishments in violation of the law.

Prior to this poll, James E. Cripps, new assistant Superintendent of Police, speaking "for the record" on his first day in office, stated that the order has been passed around for

the discontinuance of "all gambling" and not just any one form.

With this the slot machines had their faces turned wallward but, as one proprietor quipped, they will be turned about again "just as soon as we can get some candy mints".

However, most of the operators here have solved the city ordinance by moving their machines to adjacent

parishes where gambling is encouraged, rather than enforced.

The Young Men's Business Club canvassed its members with three choices in their survey on gambling: 1) Do you approve of gambling in its present form? 2) Do you approve of legalized gambling in certain sections? 3) Do you favor abolishment of all gambling?

GEORGE SEEDMAN HELPS CIG OPS

NEW YORK — The leadership of George M. Seedman, Secretary of the Rowe Cigarette Service Co., Inc., in bringing about OPA approval for a one-cent a pack consumer increase on cigarettes sold through machines is his latest in a long series of accomplishments.

As a member of the legislative and public relations committees of the National Automatic Merchandising Association, which is headed by R. Z. Greene, president of the Rowe Manufacturing Co., Inc., Seedman has helped to eliminate unjust taxation throughout the United States as well as other forms of discrimination against the industry.

When cigarette machine operators were threatened with the possibility of having to absorb the increase in the price of cigarettes, Seedman consulted with OPA officials in Washington as representative of the automatic merchandising industry on the Tobacco Retail Industry Advisory Committee.

He succeeded in securing the co-

operation of the OPA by pointing out that cigarette price rises allowed to manufacturers would work a hardship on vending machine operators if they were not permitted to pass the increase along to the consumer.

In support of his statement that over-all profits of vendors would be reduced below pre-war levels, Seedman compiled reports from various parts of the country containing operators' composite profit and loss statements for 1941 and 1945.

Just before the war, Seedman participated in working out a National Anti-Slug law. He also played a prominent part in the efforts of NAMA to amend the 1941 Revenue Laws so that bona-fide vending and service machines were expressly exempted.

During the war an attempt to substitute an alloy in the five-cent piece which would not operate vending machines was defeated, once again largely through the efforts of the NAMA and the Rowe organization.

CLICKS WITH NEW EVANS' CONSOLE

LEONARD MICON

LOS ANGELES—Leonard Micon of Pacific Coast Distributors, this city, reports that coinmen here are "enthusiastic about the new Evans Bangtails, combination cash and free play console".

Micon also stated, "We can use all we can get and have been in contact with the factory for immediate large quantity shipments to handle the big demand we have for this great console."

According to Micon the firm intends to arrange a very fair quota delivery arrangement to all the ops who have placed orders with them.

They are also making a very outstanding display of the Packard Plamor line of phono accessories and wall boxes and report that these have been moving very fast with the trade

WARNS PINBALL USERS

CHARLOTTESVILLE, VA. — Police Chief M. F. Greaver warned merchants in this city that vending or pinball machines operated with any element of chance are in violation of State laws and will be confiscated.

The chief reported two incidents here in recent weeks in which investigations were ordered, but he said that each case was cleared without any normal charges being brought against the operators.

He quoted the state law to point out to merchants which types of machines are permissible, "Machines are in violation if 'as a result of any element of chance or other unpredictable outcome the player may become entitled to receive any money, credit, allowance or thing of value, or additional chance to use such machine or device, or to receive any change, token, slug or memorandum entitling the holder to receive money, credit or thing of value,'" he said.

He stated that he would interpret the law to include free play pin games. The law makes a violator subject to a fine of from \$50 to \$1,000 or from 30 days to 12 months in jail.

Merchants convicted under the state law automatically forfeit their ABC licenses if they engage in the sale of beer or wine.

CLICKS WITH "SHINE-A-MINIT" MACHINE

LOS ANGELES—Charley Robinson of C. A. Robinson Co., this city, reports that his firm are clicking big with the new "Shine-A-Minit" shoe shine machine.

Robinson said, "We are enjoying a flood of orders for this machine. It is surprising to note how everyone wants to get into this automatic shoe shine business. Already some of the most outstanding buildings here have been contacted by prospective operators and they have found that the owners are very enthusiastic over having the machines in their places."

Robinson reports that the firm are far ahead on orders for "Shine-A-Minit" machines and are planning on equally and fairly proportioning deliveries.

PRIVATE EXPORTS SET NEW RECORD BY MARCH VOLUME

WASHINGTON, D. C.—Of interest to coinmen who may be eyeing the export market with question as to whether this is the appropriate time for such consideration, is the recently released U. S. Government report that American commercial exports in March of this year shattered all previous marks since January 1921.

By "commercial" exports is meant other than UNRRA, lend-lease, or U. S. Government shipments.

The record breaking figure set in March 1946 amounted to \$586,000,000. The fact that this sum was \$118,000,000 over the previous month indicates that exports are showing ever more rapid advances as the boom foreign markets are reopened.

TAX PAID ON 108 SLOTS

PAINESVILLE, O.—The number of slots listed for federal tax in Lake County, here, is 108, it was recently announced by Thomas M. Carey, collector of internal revenue, and Harold F. Murphy, chief of the miscellaneous tax division. Geauga county was credited with 18.

"BANKBALL" FIRM NAMES 3 MORE DISTRIBS

NEW YORK—Continuing to expand their list of distributors for "Bank Ball", George Ponser and Irving Kaye of Amusement Enterprises, Inc., this city, announced this past week the appointment of three additional firms.

The V. P. Distributing Company, St. Louis, Mo., has been signed to cover the territory of Eastern Missouri and Southern Illinois. The Stewart Novelty Company, Salt Lake

City, Utah, will sell to Utah and Colorado.

The Alfred Sales Company, Buffalo, N. Y., will cover Western New York and other counties.

These new distributors, including those added two weeks ago, bring to a total of 20 the number of outlets which are handling this alley game.

Other distributors will be announced as they are appointed, it was said.

Slot Cabs In Boom

HARRY H. BROWN

CHICAGO — Harry H. Brown of American Amusement Co., this city, reports that the firm's slot machine cabinets are enjoying one of the best booms ever recorded by his company.

According to Brown, "More and more operators are calling around for our cabinets than ever before. This may be due to our slogan, 'We will not be undersold', to some extent, but we do believe that it is mainly due to the fact that we have been producing the best that there is in slot cabinets."

"Our Black Chrome, Gold or Copper Chrome and especially our Silver Chrome cabinets", he continued, "are meeting with approval everywhere in the trade. Those operators who have already used them have repeated their orders many times."

HIGH SCHOOL KIDS USE JUKE BOX FOR DANCES

SAN ANGELO, TEX. — Local high school students are using the press here to tell all the kids in town that, "There will be a nickelodeon in the girls' gym and games in the cafeteria."

YWCA FEATURES JUKE BOX DANCING FOR TEEN AGERS

ELMIRA, N. Y.—The Young Women's Christian Association, this city, are featuring juke box dancing on Saturday nights for members of the YWCA

INDIANA SLOT CASES DISMISSED

ANDERSON, IND. — Affidavits for possessing slot machines (filed February 19) against 13 clubs, lodges and other fraternal organizations in this city were dismissed this past week by Madison Circuit Judge Joseph A. Dickey.

Record entered by Judge Dickey in each of the cases showed them dismissed "on motion of the prosecuting attorney and on recommendation of persons who were responsible for the filing of the affidavits".

The charges, filed by prosecuting attorney Cecil F. Whitehead, were preferred against trustees and directors of the various local organizations and alleged that the establishments possessed slot machines in violation of the state law.

All of the affidavits listed as prosecuting witness Walter D. Timmerman who, authorities said, was a representative of a Fort Wayne private detective agency.

It is reported here that Timmerman worked for the retail beverage association composed of the tavern owners in this county who demanded that action be taken against clubs and other organizations for possession of slot machines.

ENLARGES PARTS AND SUPPLIES DEPT.

LOS ANGELES—Ray R. Powers of E. T. Mape Music Company, this city, reports that his firm are enlarging their parts and supplies department to where they will be able to handle the most complete line for the trade in this area.

Powers said, "We are going to enlarge this department to such an extent that everyone of the operators thruout the entire southern California territory will be able to get whatever they want—and in a hurry.

"We have always believed", he continued, "that parts and supplies are one of the real necessities for any distributor and that the larger the stock on hand the better service the operator is assured."

CALL SLOTS "LOTTERY" IN PLYMOUTH, MASS.

PLYMOUTH, MASS. — Here in the "home of the Plymouth Rock" police, when they grab slots right off a truck call these instruments, and the men taken off the truck with them, "being concerned in setting up a lottery and promoting a lottery" and "having in possession implements of lottery."

The ops paid a fine of \$100 on pleading guilty to "possession" of the machines. The court benefitting to the tune of an additional \$1,000

found in the three machines taken off the truck.

Police here claimed that the men on the truck had just purchased the three slots only last week and were trying to place them in some private club or organization.

On the charge of being concerned in setting up a lottery, the case was filed. The fine was on the "possession" charge only.

BOGASH TELLS PRESS WHY CIGS ARE 17¢

BALTIMORE, MD. — Lou Bogash of the Baltimore Cigarette Service, Inc., leading cigarette machine ops, this city, this past week told a "The Baltimore Sun" reporter why coinmen have been forced to raise the price of cigarettes to 17c per pack, in accordance with the OPA ruling which allows the cig machine ops to do so.

Bogash was backed up in his statements by Samuel Rose, OPA price specialist of this city, who also told the "Sun" all about the new price rise. Rose told the "Sun", "Because of an increase in Federal taxes on cigarettes, the OPA two years ago permitted the price in vending machines to go to 16c a package.

"However," he continued, "at that time there was a shortage of pennies and of manpower, and the operators, with the cooperation of the storekeepers, decided to absorb the tax themselves, rather than pass it on."

Bogash said that customers, not understanding that the former 15c rate was under the ceiling, had protested that the present 17c price was illegal.

"The War Manpower Commission," he said, "asked us not to employ girls to put the pennies back into the packages when the 16c rate was authorized.

"We complied," Bogash reported, "as a gesture of patriotism in time of war. The situation now has changed and we feel justified in asking the ceiling price."

has clarified the price situation in the press here,

PHILADELPHIA PATTER

By A. W. Greene

PHILADELPHIA, PA.—The boys have got "that look in their eyes" . . . Dave Rosen, the AMI distrib, greeted us with it. Then he says, "Come in and look around." We push past carpenters and hop over lumber to see a new stockroom just being completed. So many platters we haven't seen since the day we toured the Decca production line! "Confidentially," Dave tells us, "there's \$150,000 worth of recordings here—the biggest stock in these parts." He takes us for a further inspection. They're building a new shipping and receiving department. There's a new and bigger stockroom (we had to jump to one side as men started to unload machines off the elevator) and the maintenance department looks like a corner of a big factory. Now we understand that "glint"—it's "golden" . . . At the Automatic Equipment Co., Bill Chaitt's got "that look," too. He's getting ready to catch a train for Atlantic City but the 'phone rings and he learns that more Symphonolas will arrive in about an hour. Bill's so happy that he delays his trip. In the meantime, he invites us for a look-see. The first thing that greets our eyes is a parts department that makes your heart jump. It's a big, bright, modern department. It's so new that all the bins are not yet filled. Next we see Bill's prize baby. It's a steel spray painting booth, one of the most modern we've yet seen—with the newest heavy-duty compressor, explosion-proof motor, large panels of spun glass air filters, and so on. Bill designed it himself. When we go back to Bill's office, he mentions that during the past week he had conducted an intensive training course for Seeburg servicemen. Over 200 attended . . . We look up Sam Weinstein, Philly's Aireon distrib, but we find that he's on a trip. And whaddya know, our old friend Charley Hannum has that glint in his eyes, too. Only with him it's a secret and we can't coax the story out of him. We left with a promise for "big news" in a couple of weeks, maybe less. So keep your eyes glued to this spot . . . We amble across the street and see friend Bill Bye's Wurlitzer establishment. We decide to say "hello" to the boss but he, also, is out on business. We sit down for a minute because it's raining pitchforks. Soon we hear a voice that says, "Okay, you can have your machine this afternoon. What? That's too bad. No, I don't think I can do anything for you. Oh, sure, sure. If I hear anything, I'll let you know." The door of the office opens and whom do we see but our old friend Art Schaffer. He's scratching his head and asks, "Where can I pick up a truck? A customer of mine needs one badly." Al Kirsch and Bob Greenway smile skeptically as Art gets on the 'phone — but he does the trick. He locates a truck, calls the customer and gives him the news. We can see now why the Pennsylvanians like that boy, and now we can believe the story we heard about the Coinman who wanted a Wurlitzer but Art previously signed up an exclusive in the territory, so it's no dice. This coinman then says, "Who's the exclusive boy? By golly, I buy him out." Sure enough, three days later, the coinman not only buys the business but the entire building. What they won't do for that fellow Art . . . Sam Stern, prexy of Scott-Crosse Co., Rock-Ola distrib, just got back from Chicago. He had a fine trip but he's a little concerned about the effects of the coal strike. If it isn't one thing, then some other things crops up to delay shipments—and Sam could do a fast vanishing sales acts with several carloads . . . It won't be long before Harry Block and the boys of the Block Marble Co. locate on coinrow. He's got a fine building near Emby's place. Carpenters are working, but there have been delays on account of material shortages.

What would Philadelphia's Broad St. do without our industry? We hear that one or two more are seeking leases, or is it purchases?

WARNING GIVEN TRADE ON BUYER

CHICAGO — Two noted distribs here, Empire Coin Machine Exchange and National Coin Machine Exchange, warn the trade to beware of a buyer calling himself—W. F. Wlost.

These men report that Wlost, who gave his address as 1202 Alamo National Bldg., San Antonio, Tex. (and which has since been reported as a "mail desk address") called on them showing them memberships in several lodges, mention-

ing the names of leading ops and distribs in San Antonio, and then purchased equipment from them which he placed in the car he was driving, giving them a check on a bank in San Antonio.

Since then these men discovered that Wlost has a very small account with this San Antonio bank and has since advised the bank to return the money to him care of General Delivery, Minneapolis, Minn.

DON LEARY ASKS STOREKEEPERS "Do You Own Your Own Juke Box?" IN EFFORT TO SELL RECORDS DIRECT

MADISON, WIS. — L. S. Glass of Modern Specialty Co., this city, sent in a postcard received by one of his locations from Don Leary's Automatic Sales Co., 56 E. Hennepin Ave., Minneapolis, Minn., which asks the location owner (Mrs. Georgia G. Meyers, 529½ State St., Madison, Wis.) "DO YOU OWN YOUR OWN JUKE BOX?"

The card goes on to say, "If you do then you will be glad to know us! We are the 'MOST TALKED ABOUT RECORD SHOP IN THE ENTIRE U.S.A.' We have over 150,000 phonograph records always in stock—every type of recorded music is available from us. We ship anywhere. Your JUKE BOX will get 'top play' only if you are able to supply it with the best 'nickel getters' — and we have them. You'll save money by buying all your records from us instead of from a dozen different sources. Just sign and mail us the attached card and we will put you on our mailing list to receive all the advance 'dope sheets' on what new records are available at all times. If you don't own your own machine—file this card away—you may own your own some day and will want to know where you can get records that will make you real money."

The card, on its reverse side, asks the location owner to sign name and address to get a complete listing of records especially suitable for getting "the most play on my machine". At the bottom of the card there is a P.S. which says, "If you don't own your own machine now—KEEP THIS CARD—you may wish to mail it later on." And the location owner must also fill out one extra space which reads, "I Own . . . Machines—Make . . ."

Don Leary was one of the juke box operators in Minneapolis. According to reports, he is supposed to have sold his route. He entered into the retail record business and is reported to have created quite a sensation by

using the Minneapolis newspapers to advertise the fact that new and used records could be obtained from him at good prices. He grew into quite an impressive mail order house for recordings.

Solotone

**THE PERFECTED
INDIVIDUAL
MUSIC SYSTEM**

Solotone will make more money for you because it gives you five outstanding features.

1. Solotone individual music systems consist of any number of individual boxes, each box earning its own revenue by playing low volume music which can only be heard in a booth or directly in front of a box at the counter.

2. Solotone gives customers high fidelity tone quality because of its full-size-6-inch speaker.

3. Solotone's exclusive Meter Counter registers the plays for all the boxes in the location — a constant, accurate check of revenue.

4. Solotone boxes have DUAL (5c and 10c) coin slots — the 10c slot can increase your incomes as much as 30%.

5. Solotone boxes take up to 30 nickles or 15 dimes at one time — which means extra revenue from customers.

Get the full story on this multiple profit-maker. Write or wire today for the complete Solotone plan.

GIVES YOU A ROUTE WITHIN A LOCATION!

THRU THE COIN CHUTE

CHICAGO CHATTER

This was, without any doubt, the most hectic of any week which any of the old timers in the coinbiz here can remember. With the brownout and with the freight problem and also with one a million other headaches—rumors continued to fly fast and furiously all over the town — all day long — every day this past week. And how coinmen do like this sort of gossip. There were stories about manufacturers quitting altogether — just simply locking the door and forgetting about the factory until the coal strike was settled. There were stories about manufacturers who had decided to quit for the balance of '46 and await the New Year of '47 before again going back into production. There was gossip about two or three of the phono manufacturers — nothing official — and nothing which could be substantiated — but there it was and one and all talked about it. And yet, when the week was over, ops were still out taking care of their routes even tho some were enduring a tremendous decrease in take — distributors were still coming into town — jobbers were still repairing and renewing equipment — manufacturers were still manufacturing — there were plenty of visitors in town — and, in general, the coin machine industry continued right on — holding its head up high — marching along with dignity, optimism and a grand courage — which should give inspiration to all — for this is one business that doesn't fall down easily.

M. S. (Bill) Wolf of M. S. Wolf Distributing Co., San Diego, Los Angeles, Portland and Seattle (and points east, south and north) was in town all this past week and proved himself a marvelous host. His suite was crowded from early morn until late each evening with coinmen from here, there and everywhere . . . Another Californian in town all this past week was Wm. (Bud) Parr of the Solotone non-selective wall boxes. Bud had Forest Wilson along with him and they were doing quite a job in their big suite showing the Solotone to all who visited with him. And Bud, too, proved himself a host par excellence — doing quite a bit of entertaining for the coinmen . . . H. F. (Denny) Dennison of Personal Music Corp., Newark, N. J. manufacturer of the Phonette Measured Music system, spent some time in town this past week winning a host of friends with his good sportsmanship and also proving that he, too, knew how to entertain the members of this trade.

Ed Ponder of New Orleans in town this past week and looking for someone who has some ice. Ed won himself a host of friends with his truthful, homey philosophy and when he had left some of this philosophy was still being repeated by the boys. Wonder if Ed will ever get over the need for ice? . . . DeWitt (Doc) Eaton and Paul Bleck of AMI seen around the Bismarck Hotel this past week. They were very busy entertaining a group of AMI distribs and as usual Doc was doing a grand job of it . . . Oscar Schultz of Automatic Coin Machine & Supply Co. also seen in the Loop this past week talking it over with some of the boys before going over to his private "shvitz" . . . Mike Hammergren of Wurlitzer was in town, too, for a few days this past week and, as per usual, his suite was crowded with the boys who are making Wurlitzer more popular . . . Harry Brown up and around in the early dawning hours with a great big smile to tell the boys how big "Smiley" is going over and to also advise one and all that he has at last (at long last) found an apartment for himself and his Mrs. and that they are moving into it sometime in June . . . Herman Paster of St. Paul seen around town and telling those whom he met to "be brave" . . .

George Dick of CMAC spent but a minute or two with some of the guys who called at his gorgeous offices for George was on his way to the Antique Show where he is searching for an accordion that is out of this world. It is reported to me that when he finds what he wants he is shipping it out to San Francisco and going there by plane to take lessons . . . But George should remember that Howard (Curley) Pretzel (also of CMAC) has the same thought in mind . . . Dave Margolin of New

York, Sam Weinstein of Philadelphia and Vic DeSchryver of Detroit, all Aireon distributors, seen at the airport one evening this past week getting on that big TWA Constellation going west . . . One of Chi's leading mfrs had a truck full of equipment hijacked this past week and the FBI is searching out the hijackers . . . Milt Salstone who used to work for Jack Fagman at the Sherman is now out selling records and reports that things are going very, very good . . . Jack Nelson seen around the Loop in the wee hours one day this past week and just coming from a visit with out of towners

Ray Moloney and George Jenkins in a huddle over at Bally for many an hour with other Bally officials figuring ways and means out of this emergency problem and also advising distribs who are phoning and calling there every hour of the day on deliveries, etc., etc. . . . Vince Shay of Bell-O-Matic busy greeting visitors and telling them all about what the brownout here has meant to production and deliveries . . . Art Bouterious, his Mrs. and son in town this past week (Mills Sales Co., Ltd., Oakland, Cal.) and reported to be mixing business with some pleasure while here . . . Many an interested coinman seen over at the Jennings plant wanting to look at the new equipment there . . . Charley Robinson of L.A., who was also in town for sometime this past week, looking everywhere for one of those large sized baskets and some long frock coats to pull a gag on Bill Wolf and terribly disappointed when he can't get what he wants . . . Myer Gensburg of Genco telling visitors why he can't give them all the "Total Rolls" they would like to receive . . . Dave Gottlieb busier than a one-armed paper hanger with all those production problems, the CMI, and a multitude of other things that arise every day.

One eastern visitor told us that it was nice to ride the 20th Century Limited once again. All the old services are back and the treatment is marvelous, he claims. He believes that the speedy, new planes have snapped the railroad men to attention . . . Burl Adams of Mercury Records tells us that Tony Martin has just completed recording six new sides for the firm and that Tony's first release should prove absolutely sensational in juke boxes . . . Now, with Morrie back, Eddie Ginsberg is reported to be relaxing just a bit . . . Jimmy (Globe) Johnson talking Four Bells with some of the out of town distribs who want to buy these "as is" . . . Al (Bell Products) Sebring is jammed with orders for the "Beacon Coin Changer" and now awaits production . . . "70%-30% commission basis is right, not 10c per play," one noted manufacturer tells us . . . One way to forget all about the brownout is to drive out into the country and see the green, growing things, the neatly plowed fields and the clear blue sky .

Ben Lutske of Daval busy as usual and tying up deals as he goes along . . . Prices of all equipment will go up anywhere from 25% to 50% before the year is over, one manufacturer tells us . . . Connie Haines, the new recording sensation whom Walter Winchell picked for the No. 1 spot on juke boxes, phones to say "hello" as she passes thru on her way to Hollywood . . . A. R. Kelso of Rock-Ola reported to be busier than ever — yet, he's right there greeting those who wish to see him — personally. And that, boys and girls, is a really big job for a busy exec . . . We're awaiting Harry Williams first flight into the blue in his own plane — ditto for Gordon Mills . . . Sam Strahl phoning friends in town this past week to advise them that he will be in Los Angeles on the 25th of May . . . And Barnet (Shugy) Sugerman of Runyon Sales Co., New York, also on the phone at 3 in the dawning talking over plans to be in Hollywood (not for the pictures) on the 19th of this month . . . We hear that Roy (Monarch) Bazelon has become quite a golfer — looks like the emergency is doing someone some good anyway . . . Bill Gersh in town this past week and just before he arrived (staying here but one day) Mrs. Gersh planed thru — wonder if the twain will ever meet?

THRU THE COIN CHUTE

EASTERN FLASHES

Johnny Fuller of Albany, N. Y. visits the city on a buying trip. Johnny, out of the Army some half dozen months, complains that the twenty-five pounds he's added since his discharge is making him a roly-poly . . . Al Bloom and his son Herbert, who just opened Speedway Products, Inc., here, amazing the music ops and jobbers with the phono revamp work they are turning out. Altho the finished job looks like a high quality wood, it's only plastic. Bloom proudly flashes that pen and pencil set given him by the Automatic Phonograph Operators Assn. upon his resignation . . . Sol Gottlieb of D. Gottlieb & Co., renews acquaintance with his many friends on coinrow.

That record department just opened by Runyon Sales Company of New York taking shape. Operators are flocking in and the shipping department is mailing out large packages . . . Fred Iverson of Eastern Sales Co., Rochester, N. Y. visits coinrow and does some buying . . . Joe Pazier, Manhattan Phonograph Company's (Aireon distributors) head mechanic, celebrates the arrival of a new addition to his family. A boy arrived on Tuesday, May 7 . . . Jackie Berman, Economy Supply Co., Baltimore, Md. getting ready to visit Chicago in the next week or so.

Bob Slifer, Coast Sales & Distributing Co. (Rock-Ola distributors) can't get rid of the cold he contracted some weeks ago. The only remedy we can think of would be to absorb some of that mountain sunshine for a week or so . . . Practically every visitor here drops over to look over the wired individual music boxes . . . Bill Simon, Goody Distributing Corp., recoding the Gotham records, claims his firm is concentrating on giving the music ops the type of music that makes money in juke boxes . . . Hubert Beers of Mac-Hub Melody Co. accepts a Majority in the Army and returns to the service of Uncle Sam.

Al Price, Al Price Distributing Co. (distributors for U-Need-A Vendors) informs us he is making limited deliveries of the new 6 column cigarette machine . . . Hy Singer and Maurie Farber of Runyon Sales Co. of Buffalo, spend a few days with the Runyon Sales Co. of New York executives. Singer and Farber anxiously awaiting word when they can expect the AMI phono for their territory . . . Jack Fitzgibbons, Jafco, Inc., one of those long distance telephone callers. Jack knows from long experience that a telephone call, no matter where, can accomplish matters a lot faster and better . . . Nat Cohn and Earl Winters, Modern Music Sales Co., play host to Gene Dahl and his assistant, who fly in to be on hand for the opening smash at Gim-

bel's department store with their Vogue records.

Hymie Rosenberg, H. Rosenberg Co., watching the carpenters change the set-up of his offices. Getting ready for something big, he claims . . . Harry Berger, West Side Distributing Co., claims he is taking on the distribution of a parking meter . . . Bill Blumenthal, Tri-State Sales, (Bally distributors) proves to be a top-notch diplomat—keeps his customers mellow thru all their demands for more and more machines. However, in our opinion, Charlie Polgaar is the top diplomat—he tells Warren Ryan, his Newark, N. J. manager "Take over for the day"—and then goes fishing . . . Barney Kahn, well known coinman, will soon have an announcement to make . . . Dan Subarsky leaves for a fast trip to St. Louis.

Isn't it about time that Bill Alberg and Charlie Aronson of Brooklyn Amusement Machine Co. took a trip to Chicago? . . . Sal Trella elected Secretary of the Automatic Phonograph Association, taking the place of Al Bloom, who resigned . . . Barney (Shugy) Sugerman, Runyon Sales Co., takes a trip upstate New York on important business . . . Bill Rabkin and Al Blendow, International Mutoscope Corp., hear from their Voice-O-Graph operators that the collections are very high. Rabkin attributes this to the great popularity of all type of recordings now in vogue . . . Sam Stern, Scott-Crosse Co., Philadelphia, Pa., returns from a visit to Chicago . . . Joe Ash, Active Amusement Machines Co., Philadelphia, Pa. in Chicago seeing the manufacturers.

Hy Siegal, Apollo Records, hopes the day will come soon when he will be able to go out and eat some good lunches. The way conditions are today, Hy is lucky to be able to grab a sandwich on the fly around three o'clock. Siegal knows the operators' needs and sees to it that they are given first choice on anything Apollo makes . . . Wonder of all wonders! Mike Munves is talking of taking a few weeks vacation this coming summer. Don't kid us, Mike—we know from away back . . . H. F. (Denny) Dennison, Personal Music Corp., Newark, N. J. flies to Chicago . . . Charlie Aronson, Brooklyn Amusement Machine Co., celebrates a birthday this week.

Ben Palastrant, Eastern Regional Director for Aireon Manufacturing Corp., finishes up a trip thru his territory with a party in New York. Joining in the fun with Ben were Joe Greene, Greene Distributing Co., Boston, Mass.; Al Bergman, Alfred Sales Co., Buffalo, N. Y.; Art Hermann, Hermann Distributing Co., Albany, N. Y., and Dave Margolin, Manhattan Phonograph Co., this city, all Aireon distributors.

THRU THE COIN CHUTE

CALIFORNIA CLIPPINGS

Bill Wolf of the M. S. Wolf Distributing Co., is off to the Windy City where he has several deals underway which he hopes to close. He's planning an announcement of the grand opening of his Portland offices and showrooms for May 15th . . . Samuel (Curley) Robinson managing director of the A.O.L.A.C. informs us that the federal excise tax on gaming and amusement equipment will be due and payable on July first. There will be no reduction nor elimination of the tax this year he reports, all rumors and reports to the contrary notwithstanding. This opinion came as a result of conferences Robinson held with federal officials both here and in Washington. As an added service of the association, a free notary public service will be available to members, it was announced.

Paul and Lucille Laymon are planning a trip to Indianapolis to attend a wedding Paul's nephew scheduled for May 25th. The Laymons may then fly to Portland to spend a few days as the guests of Jack R. Moore . . . Elmo Robinson in town from Phoenix . . . Ops shopping along coin row this past week included, Paul Sullivan, Oceanside; Art Weiss, Arcadia; Ivan Wilcox, Visalia; Peter Thelan, Glendale; S. W. Ketcherside, San Bernardino; Allen McMahan, San Jacinto . . . Barry Beauregard, local op just out of the Veterans hospital at Oceanside, reports he's ok now and back on the job.

Add to building notes: E. T. Mape Music Co. enlarging and expanding their stock and parts room in their local showrooms. No news on the phono distributorship as yet, Ray Powers tell us . . . A new addition to the staff of the A.O.L.A.C. is Miss Jean Wool, recently appointed as personal secretary to Samuel (Curley) Robinson. Miss Wool just released from the Women's Army Corps, entered the service as a private and was released as a captain. The gal spent 3½ years in uniform, of which 21 months was spent overseas, in England, France and Germany. Prior to entering the service, Miss Wool was in charge of productions at Los Angeles station KMTR . . . Phil Robinson of the Chicago Coin Machine Co., off on a few weeks' trip to San Francisco and Seattle with intermediate stops along the way calling on distribs. Mrs. Robinson will accompany him on this trek.

Fred Meyers of K & M Distributors is in the deep south calling on the firm's distribs. H. A. Lucas, now in St. Louis, plans a return to this city shortly. In the meantime, Len Kelly is running things in the plant and keeps the staff on the go filling orders and answering inquiries for the firm's very popular platters . . . We hear that Jack R. Moore is planning a big get together at his country home up in Portland for his employees and a few friends as a Decoration Day celebration.

Len Micon of Pacific Coast Distributors, informs us that deliveries of the new combination cash and free play Evans "Bangtail" will be made within the next few weeks. The ops hereabouts are very enthusiastic about the new console, he says . . . H. M. Degovia of Dee's Service announces that he has

established a clearing house for music ops desiring to either buy or sell music routes. A listing is made of all sellers and potential buyers and DeGovia gets the boys together . . . John Rough of Phonofilm Productions informs us that the arcade ops are getting very active again and are really going after the 16 MM musical coin machine films he is distributing. He's taking quite an interest in noting the number of requests coming in from outside the country . . . Bill Leuenhagan just back from a very successful fishing trip. "No, we didn't catch much," Bill admits, "but we had a swell time just the same. It's the fishing not the catching that counts."

Elky Ray of the Gold Coast Coin Machine Exchange has temporarily set up headquarters at 2833 W. Pico Blvd. while waiting for the builders to finish his new building at 2844 W. Pico. Elky has been sweating it out these past few months after a series of unexpected delays . . . W. Merle Connell production manager of Quality Pictures will make an announcement soon on the release of their recently completed 16 MM coin machine movies for Panorams . . . Frank Berger of Berger Enterprises declares that the firm has just been reorganized. A complete sales and production organization has been fully set up and the firm will soon cut a series of new recordings for release to the phono trade . . . Jimmy Rutter of Operators Service has completed a number of horse race carnival machines for the Arcade people. Jimmy plans on expanding his workshop to handle the increasing orders for these machines and the large volume of requests to convert "Victory Derbys" to combination free play machines . . . Bill Williams of the Williams Distributing Co., announces that he is among the most unhappy men in the trade over the lack of new equipment. He claims enough orders on hand to keep the factory busy the rest of the year.

Jack Gutshall just back from a weeks vacation and fishing in the high Sierras, during which time he caught more than 100 fish and did all his own cooking and housework while occupying a mountain cabin. Jack tells this one on himself: While trying to pull in an unusually big one he tugged a bit too hard and fell overboard. No damage, Jack admitted. Just a good soaking . . . William Happel nephew of Bill Happel of Badger Sales just back from a trip to Chicago and Milwaukee. Bill looked in on the factories while visiting there and reported: "Very little was going on. It looks like a long time before new equipment will be shipped in any amount." . . . The local street car and bus strike is taking its toll on local employees with the usual number of persons unable to get to work. This is one town that really depends on its transportation system. Lucy Garcia, secretary to Ray Powers of E. T. Mape, finally had to haul her 1929 Chevrolet out of the garage to get to work . . . Nels Nelson informs us that he has sold more than 500 Phonette Music boxes in the past two days. "The boys are going for our "measured music" in a big way," Nels reports.

THRU THE COIN CHUTE

ST. LOUIS

Daylight Saving Time gives St. Louis tipplers an extra hour to drink up their beer (if they can get it) as well as stouter beverages, under a new city ruling. Missouri taverns are now governed by State statutes under Central Standard Time. 'Tis most confoosin' to tavern owners, but as long as they are on Daylight Saving Time they won't have to close until 2:30 A.M. on week nights and 1 A.M. Sunday morning. Ops have a "wait and see" attitude about the extra hour's effect on business. It's still, "no beer, no play on the machines," to them.

Big new headache is the coal strike's effect on delivery of new equipment . . . Ideal Novelty Company is moaning about the change of schedule at Northwestern Corp. which is on a two-day week schedule due to the strike. "There go our new ball gum machines," groaned Carl Trippe, Ideal's aggressive proprietor . . . Perryville (Mo.), ops are welcoming Sid Schilli into the fold after Sid disposed of his truck line at no loss to himself . . . Another newcomer in the field is Irv Shover who tried out with several ball clubs in the South before deciding that his pins couldn't take it. "I should kill myself at 35?" he grunted.

Eugene Cotter, just out of the Army, paid St. Louis a visit to pick up some equipment. Optimistic Cotter returns to his old haunts at West Frankfort, Illinois, but bemoans the fact that he sold his nickel machines and kept his penny line before donning the khaki. "Sure wish it had been the other way," he sighed . . . Fred Bolis, carnival op, is patting himself on the back after purchasing four electric light plants the other day. "Now I can move about without worrying about power," he gloated . . . Was almost like "home week" at the Mark Twain Hotel here as ops gathered to attend the service school given by a Seeburg representative . . . One week of rain can sure play havoc with the penny arcades. Those at Chain of Rocks Park opened early because of good weather but five straight days of rain last week plus plummeting temperatures hurt bad.

Simon Aron is another pre-war op back on the job at Ace Distributing Company after a session with the Army . . . Ditto Hubert Burnett, a former pingame mechanic, who is back with McCall Novelty Company . . . General opinion was that the low had been reached the past week. Five days of rain, no beer in taverns, coal strike tying up deliveries and factories, and increase in prices on certain machines added up to a big note of gloom.

NEW ORLEANS

F. M. Mitchell, Southern Music Sales service manager, took a small group of his employees on a fishing trip in his shrimp trawler, the Lady Lou, recently and came home with two ribs broken and one cracked. It seems while fishing at Manila Village on Little Lake he stumbled and busted his side against the boat's gunwhale. And what's more the party came home without any fish, the few cats and eels, etc., which were hooked were promptly dumped back.

Something new in the way of panorama appeal was started recently by the New Orleans Novelty Company at the Penny Arcade on Canal Street. The genial Louis Boasberg and Ray Bosworth have taken football thrills of 1945, split the films into two parts and are showing

the pictures in their machines, to the enjoyment and gratitude of thousands of Orleanians who line up daily for the previews. Only Boasberg would dream up such a scheme. Lou was a tackle on the Tulane University football team of 1931 which played such a sterling game against Southern California in the Rose Bowl.

Henry Fox is off again to the Windy City . . . J. H. Peres received his initial shipment of Daval products during the past week . . . A third jeep has been added to the transportation fleet of the New Orleans Novelty Co. . . . Dan Cohen of Progressive Music has also installed a number of these ex-army "limousines" for service calls.

Ben Robinson of Detroit has set up an office in the Progressive Music Company headquarters at 1400 St. Charles Avenue . . . O. J. Ford, of Mossels, Miss., was among the recent visitors to the Crescent City. He lost no time in picking up a Williams' "Suspense" while here . . . Ray Bosworth of New Orleans Novelty Company is reported to be on the list for the DFC, in recognition for his outstanding service in the war.

MINNEAPOLIS

Eddie Mape of the E. T. Mape Co., Los Angeles, stopped off here for a visit with several of the distribs. Eddie claims he's just making a trip around the country. Sort of a vacation . . . Julius Koers of the Rushmore Amusement Co., Rapid City (S.D.) was also among those who paused here for some chats with distribs. He was en route home from Chicago . . . Mr. and Mrs. Walter Hugeback — He's of the Red Line Vending Co., New Hampton (Ia.) — passed a few days here seeing the town . . . Looks like Harvey Porter is going back into the biz very shortly . . . Harman Paster of the Mayflower Distributing Co. is Chicagoing . . . J. Bettendorf opens Izaty's Lodge at Onamia (Minn.) sometime this month.

C. H. Potter of the Fairmont (Minn.) Novelty Co. is busy doing a reconstruction job. He was burned out two weeks ago . . . George Hasse came to town. First visit in many a moon . . . Jim Hooker of Sioux Falls (S.D.) getting to be quite a Minneapolis commuter . . . Roger Chester of Bismark, just out of the armed forces, is back operating his own route . . . Sol Stone of the Gopher Novelty Co. expected home shortly after an eastern vacation . . . Mr. and Mrs. Eddie Clavin, accompanied by Eddie's brother, made the rounds here recently . . . Add a martial note: Dave Meyer's son, of Sioux Falls (S.D.), came here to report at Fort Snelling for his physical . . . Frank Mager of Grand Rapids (Minn.) also graced our town for a day . . . How Do They Do It? Dep't.: Mr. and Mrs. Richard Kabot seen driving about in a brand new 1946 Nash sedan.

Mark Coughlin & Son of Mankato (Minn.) came to this city for a look-see . . . Eddie Westlund and Ray Gluth reported doing a fine job at Rush City since coming back to the coin biz . . . Robert L. Cross and family vacationing here for a few days. They're from Fairmont (Minn.) . . . Congrats! To Ted Pomerleau. He's got a brand new little boy . . . Henry Greenstein of the Hy-G Amusement Co., H. Lieberman of the Twin City Novelty Co., and Max (Doc) Berenson of Minnesota Machine Co., are actively engaged in the local Federation drive . . . Add some trade notes: Percy Villa bought the Sportland Arcade here. Roy Foster of Sioux Falls (S.D.) bought the Sports Bowl Arcade from Mildred Stuck. He installs an ABT rifle range soon.
