... Another Proof of WurlfZer Leadership

**

No Other Commercial Phonograph Has The Cobra Tone Arm

HIGH-FIDELITY TONE BRILLIANCE...

Think of it! Less than $\frac{2}{3}$ ounce pressure at the "floating filament" stylus. Extremely low record surface noise, yet the Zenith Cobra Tone Arm picks up the finest modulations. Tone never before heard on a record. Music so marvelous that it sells itself to the listener—produces extra plays and added profits in every location.

UNEQUALED SAVINGS IN RECORD-NEEDLE COSTS...

IMPORTANT: The average popular number on your phonographs is played from 1500 to 2500 times. With conventional pickups record fidelity starts to fall off at from 50 to 300 plays—and falls off FAST. 3 to 4 record replacements are necessary during the life of that tune. With the Zenith Cobra Tone Arm one record plays the entire run, will still have 95% fidelity after 2000 plays. A substantial reduction in record and needle costs. A clear gain that can total hundreds of dollars in extra profits from every Wurlitzer Model 1100 or Model 1080A Phonograph. The Rudolph Wurlitzer Company, North Tonawanda, N.Y.

March 13, 1948

PE **MNIFS** -KI HEAVEN

CHICAGO—The old, old song, "Pen-nies From Heaven", applies very aptly to the coin machine industry today.

There is no longer any doubt in the minds of everyone connected with the trade that the most important factor in the continued prosperity and fur-ther success of this field is for its base, the operator, to be prosperous.

Without the operator enjoying profitable success the rest of the field is completely affected. And to such an completely affected. And to such an extent, that all business slows down. Yet, today the operator, himself, is at fault.

For years now this publication has continually pointed out that the operator must change his present commis-sion arrangement with his locations if he is to assure himself a continued profitable future in this industry.

The very fact that he has standard-ized the selling price of his equipment, has harsnly affected his future. In short, the public have come to accept his music and his amusement at the 5c price. And, he simply cannot, at this late date, make too radical a change in the coin chutes he is using.

The merchandise machine field saw fit to change from 5c to 10c chutes, to meet the new and higher prices of the merchandise being vended. There are no longer 15c coin chutes on cigarette machines. The lowest is now the 20c chute with the greater majority featuring the 25c chutes.

But the operator of music, regardless of the fact that his overhead has jumped from 150 to 200 per cent, still continues blithely on his way with his 5c coin chute. And the very fact that he hasn't changed his system of com-mission arrangements with his locations, in the greater majority of cases, has pushed him hard against the wall in his attempt to make his equipment pay.

What does the operator have left from each nickel which is inserted into his machine? First of all, 2½c immediately goes to the location, 1½c (and better in many cases) goes to cover his present overhead expenses;

therefore he is left with 1c to amortize his equipment, for financial reserve, to pay for new machines and to show him some salary for his labor as well as prpofit for his investment. "Pennies from heaven"—is what

each and every operator can sing to-day—because that is exactly what he is dealing in, unless he changes over entirely to meet the present inflation-ary market conditions with which he has to contend.

has to contend. As far as the trade is concerned, and many business men everywhere in the nation have also taken up the cry, a $7\frac{1}{2}c$ coin would probably be a lifesaver for the music and amuse-ment and even the merchandise ma-chine divisions of the industry. This $50\frac{7}{c}$ additional to the present 5c coin would probably solve a great many problems. But, as yet, the $7\frac{1}{2}c$ coin is a long way off and, all things considered, may never be minted by

considered, may never be minted by this Government.

The one and only answer to the pennies from heaven" situation, then, if for the operator to change his present commission arrangement so that he at least has one penny for profit— completely and solely profit—and not for division into a great many seg-ments so that no profit is visible when

the division is completed. As fas as the music machine oper-ator is concerned, speeded records of ator is concerned, speeded records of approximately 2 minutes playing time would help. But, what would be of even greater aid to him, would be a commission of 70%-30% or a front money guarantee, so that he is at least assured covering his overhead expense and obtaining some profit on his capital investment.

There is no longer any doubt that in many of the larger cities where television has cut inroads into col-lections, the music operators and even the amusement machine operators, will be faced with less play action because

of night baseball and other evening

sporting events this summer. This means that the operator must protect himself now—while he still can, and not when the evening sport-ing events, plus the spread of television receivers, has become such that

sion receivers, has become such that he simply cannot convince his location owner he needs more money to exist. Locations aren't too considerate of the opeprator. He must make his change now, while there is yet time, and assure himself, thereby assuring all the industry, that he will continue to remain in a profitable business. If this "pennies from heaven" era is going to continue—for the nickel

is going to continue—for the nickel today is worth the penny of yester-day—then the operators must arrange to keep at least one penny all to themselves.

They simply must, on a national scale, so that it is nationally accepted, change their present commission ar-rangements to make this penny profit possible.

It shouldn't be too difficult to convince the location owner, who is ac-tually the operator's partner, that partners should share on an equal 50-50 basis.

That being the case, the operator and being the case, the operator can show what his overhead expense is, and also cut off whatever overhead expense is endured by the location owner, and then equally divide the remainder. Certainly that is the one and only fair method for partners to use

use. Those operators who have already arranged for front money guarantees, for a better commission percentage basis, are the operators who are today enjoying profit and who are continu-

It is up to everyone in the field to help bring about a more equitable commission basis for the operator— for he can't longer endure this "pen-nies from heaven" situation.

TRADE ACCLAIMS **IDEA OF PUBLIC** PLAY PROMOTION

Agree Public Wants to Relax and Have Fun Playing Games and Juke Boxes. Urge All Out Program to Bring Back Big Play.

CHICAGO — The many compli-ments received by *The Cash Box* for the editorial which appeared in its February 14, 1948 issue, definitely link all in the field with the solid fact that many have ne-glected to exploit the entertain-ment qualities of their products and have become "technicians of machinery" instead of sellers of fun, relaxation and economical en-tertainment.

tertainment. From operators, jobbers, dis-tributors and manufacturers all over the nation have come fine comment on this editorial. All feel that the trade should go all out to bring back the public to its equipment from the standpoint that the public will be able to relax while having fun and being entertained.

fun and being entertained. As one noted manufacturer stated, "The success of the moving picture industry can be condensed into but one word—exploitation. And that", he said, "is just what this industry needs today." He agreed that more showman-ship, more exploitation of the amusement branch of the field is most necessary today. He also said, "There is no doubt that if the oper-ators, and everyone else in the busiators, and everyone else in the business, will go all out to get the public interested in the relaxing and enjoyment qualities of the amusement machines and juke boxes that the play will increase and that all will profit."

One well known operator writes, "You are absolutely right in your editorial in the February 14 issue. That's just what the boys in this business seem to have forgotten. That they are sellers of fun, relaxa-tion and really fine and economical entertainment

entertainment. "Every coin machine man should make it his business", he says, "to

get people interested in his equipment from the standpoint that they are going to relax and have a lot of fun playing the games and lis-tening to the juke box. We are, and always have been, purveyors of economical entertainment to the public. Let's tell the public what fun there is in playing amusement machines and listening to juke boxes."

"This is not the time", another operator writes, "for the members of this industry to go high class. Let's", he continues, "go right back to the good, old fashioned angles we used years ago when we en-couraged play by telling people how much fun it was to play machines, how they could relax while playing them and listening to the phonos, and also to tell their friends that this is the business that brings them fun and pleasure everytime for only a nickel."

There is complete acclaim thruout the trade for this editorial be-cause of the fact that it asks the operators to promote play for their equipment. The one and only way all can be assured of better profits in the entire industry is by more play action. And the public want machines that will allow them to relax — that will make them laugh and feel at ease—that will give them simple and entertaining pleasure pleasure.

The old time operators were among the greatest entertainment exploiters. They always made it their business to get play started.

They always saw to it that once play started everyone would have fun. The plan was not to see how much could be won on the game, but, instead, how much fun everyone could have playing the new game or listening to the latest recordings.

And laughter is one essential sorely needed today by all the pub-lic. There is no doubt that if the nation's coinmen will start a campaign to have people play their amusement and music machines from the single, simple fact that they will have fun and be entertained, that there will be an en-tirely new attitude on the part of the average man and woman who enjoy coin machines. This attitude, it is believed by the majority of coinmen, is what will bring back more and better play action.

There are a great many angles which can be used by the average op to gain proper attention from the public for his equipment. Pub-licity of all kind is needed. Charit-able institution hook-ups. Competi-tive play contests. And dozens of tive play contests. And dozens of other ideas which have been used in the past and which many have neglected for years.

All these welded together to bring about a new and more appreciative understanding of the relaxing and enjoyable entertainment offered by coin machines are sure to revive a great many locations and also bring to this trade the boom which should rightfully be its due at this time.

52 WEEKS SUBSCRIPTION TO THE CASH BOX

ALL FOR \$

Full Gea

The greatest BUY in all coin machine history...and here's why...

EDITORIALS that dig analytically deep into the very heart of every problem confronting the industry and point the way out. The editorials which have appeared in *The Cash Box* have won acclaim and have been read into the minutes of many of the nation's coin machine organizations. Many a bulletin board features them regularly. And thousands of reprints have been made for leading coin machine firms.

NEWS.... regarding all the coin machine business appears on the pages of *The Cash Box* in each week's issue as, and many times, even before, it actually happens. News is illustrated, carefully edited, digested and made easily readable. As a special feature, right with the news, also appear the views and predictions of the nation's leaders.

AUTOMATIC MUSIC SECTION unequalled in all the history of the juke box industry. The most complete section of its kind. Contains each week: "The Na-tion's Top Ten Juke Box Tunes"; "Record Reviews"; "Round The Wax Circle" and "Rollin' 'Round Randolph" two intimate, newsy columns of New York's and Chicago's music industries; "Juke Box Regional Record Reports" giving the top ten tunes in the nation's leading cities; "Hot In Harlem", "Hot On Chicago's South Side", "Hot In New Orleans" and "Hot On Central Ave. In Los Angeles" featuring the top ten race tunes in the nation's four leading race music centers; "The Nation's Big 5 Hillbilly, Folk and Western Juke Box Tunes"; "Folk & Western Record Reviews"; The famous Tunnis' "Disc-Hits Box Score" listing the 40 best selling records thruout the country; plus pictures, news, special stories and many, many other features.

MANUFACTURERS' NEW EQUIPMENT a complete section devoted to the new products of the nation's leading coin machine manufacturers. Not only listing the latest models just as the factory announces them, but, also featuring the prices of all machines.

AUTOMATIC MERCHANT'S SECTION ... an entirely new, different and better approach to the "new era in automatic selling". This section features the "A. M. Blue Book" containing the names and products (as well as the prices) of every manu-facturer of vending machines in special categories. A service, as many have stated, worth its weight in gold. And, in addition, complete news and technical information regarding the entire automatic merchandising machine industry with one of its leaders featured each week on a special two color cover.

ments of the nation's leading manufacturers, distributors, jobbers and suppliers to the coin machine trade. Loaded with pictures. Bringing rapid fire, intensive, truthful coverage of the entire amusement machine industry with pithy, analytical and exact material to help all in the field.

INTIMATE NEWS COLUMNS.... "Chicago Chatter", "Eastern Flashes", "California Clippings", as well as columns from St. Louis, New Orleans, Houston, Dallas, Minneapolis-St. Paul, Denver, Philadelphia and other cities, week after week, bringing intimate personal information in a breezy, newsy style to all the trade.

COIN MACHINE MART the greatest, most complete, most outstanding, best read classified advertising pages in all the history of the coin machine industry. Truly the trading mart of the business. Buys galore. Sales each week. One of the most widely read classified sections in any publication in the nation, many have stated.

"C.M.I. BLUE BOOK"

Without any doubt the most outstand-ing guide to the prices of all types of machines featured by the industry. Ac-cepted by many states. Looked up to as the one and only "official price guide" in the industry. The "C.M.I. Blue Book" is mailed entirely separate of The Cash Box. Special subscription to those who gualify for the "C.M.I. Blue Book" \$10 per year. Must be taken in conjunction with a subscription to The Cash Box.

March 13, 1948

"What's Good About Goodbye" (3:04) "Hooray For Love" (2:58) DINAH SHORE (Columbia 38094)

(Columbia 38094) • More deep moving music from the forthcoming Universal-International flicker "Casbah" with chirp Dinah Shore to spill the fragrant wordage to "What's Good About Goodbye". Wax weaves in slow tempo as thrush Dinah spills the vocal spot in strong powerful tones that satisfy. It's gravy for the romance crowd —they'll huddle next to this one night and day. Dinah's soft gilded tonsils weave magic musical moments behind the tender instrumental work of maestro Harry Zimmerman. On the flip with "Hooray For Love", our lass switches to the lighter side with this gay pleasing tune. Wax is repetitious and catchy at the same time. Ork blending by Sonny Burke is superb—he strikes the right medium on this deck. The pair will go strongly wherever the Shore fans float— and that covers loads of territory.

"It Was Written In The Stars" (3:06) "What's Good About Goodbye" (3:01) DICK HAYMES (Decca 24326)

(Decca 24326) • Romantic purring of piper Dick Haymes and a pair of strong ballads that are bound to be featured in the phonos in the very near future. Dick strikes gold with his rendition of "It Was Writ-ten In The Stars", a haunting melody that will have phono fans across the land singing this bit. The choir boy's rendi-tion is soft and tender and gilded with a touch of velvet for the superb meaning-ful ways of this ditty. On the backing with more flicker music, Dick keeps the splendor of this performance going in high gear with his version of "What's Good About Goodbye". It's more meat for the moon-in-june kids; and heavily sugar coated it is. They'll play this pair anywhere and especially so when the lights are low.

"Gentleman Friend" (2:46) "Love Me Or Leave Me" (2:51) SARAH VAUGHN (Musicraft 539)

Click chick Sarah Vaughn and more • Click chick Sarah Vaughn and more meat for ops with race spots with this duo labeled "Gentlemen Friend" and "Love Me or Leave Me". Able backing by the Jimmy Jones Quartet spot the disk off to a good start, with Sarah's charm-ing pipes sounding prettily throughout the wax. Topside is a show tune to which Sarah blends beautifully. Flip, a stand-ard that is ever popular might click big with the crowd that goes for good music. The chirp's following is enough to war-rant your getting next to this pair. •

"Mama's Gone Goodbye" (3:01) "Side By Side" (2:57) DICK JURGENS ORCH. (Columbia 38107)

(Columbia 38107) • Long missing from the phonos as a featured name, maestro Dick Jurgens steps out with a pair that may well re-establish him in the forefront of the juke box clan. Top deck, labeled "Mama's Gone Goodbye" shows as a piece to which the sedate dinner crowd can get next to in a big way. Wax moves in medium slow tempo with loads of sweet and reed echoing throughout. Backing, "Side By Side" is another ditty well loaded with possibilities to score. Piper Jimmy Castle offers the vocal refrain here with the chords blending in smooth fashion. Both sides look to hypo phono play—lend an ear here.

JO STAFFORD

<text>

"There Ought To Be A Society" (2:58) "Worry, Worry, Worry" (3:00) KAY KYSER ORCH. (Columbia 38106)

(Columbia 38106) • Pair of delightful sides by maestro Kay Kyser and the tempo of "There Ought To Be A Society" and "Worry, Worry, Worry" stepping out. Top side should rapidly become a heavy plug item on the phonos—it's that cute. Vocal spot by chirp Gloria Wood is full of pleasure and makes for favorable listening. Beat of the ditty and message therein stacks up like a spade flush throughout the needling. Flipper is a cute novelty piece that is infectious enough to catch on heavily. Harry Babbitt and the Campus Kids join for the merriment offered here with the refrain continuing in the gay happy vein. Both sides should make fair musical attractions.

"There Ought To Be A Society (3:00) "They Can't Make a Lady Out Of Me' (2:59)

AU

JANETTE DAV'S (Columbia 38096)

(Columbia 38096) Bowing into the disk spotlight, chirp Janette Davis pitches pipes to come up with a comely pair of hypo ditty's that might strike your fancy. Offering the light and mellow wordage to "There Ought To Be A Society" on the top deck, Janette spi ls the vocal refrain in sharp tones, while the Archie Bleyer ork fill in the background. It's high powered catchy material that might start the kiddies howling. Flip is more kick wax titled "They Can't Make A Lady Out Of Me". Wordage weaves around the title with effective tonsiling throughout the wax. Top side is the one that will grab off the headlines.

"It's The Bluest Kind Of Blues (2:52) "You Turned The Tables On Me" (2:17) PATTI PAGE (Mercury 5098)

(Mercury 5098) • This kid can chirp for me any day in the week. Utilizing better tone and rhythm than we've heard in a long time, thrush Patti Page steps out in high gear with "It's The Bluest Kind Of Blues" and "You Turned The Tables On Me". Patti's bright patters on the top side show effectively with loads of meaning-ful splendor in her rendition. Stuff is blue—the gal's tonsils fit the mood of the ditty like a glove. On the backing with "You Turned The Tables On Me", Patti comes thru for ops once again with an-other dreamy piece bound to make the kids float high. Orchestral flavor by the George Barnes trio spikes the cookie. Patti Page for plenty of paddy-cakes in the form of buffalo heads.

"My Gal Is Mine Once More" (3:03) "Starlight Rendezvous" (3:01) TOMMY DORSEY ORCH. (Victor 20-2724)

(Victor 20-2724) • More music from the much heralded musical production "Inside USA", with the rhythm of "My Gal Is Mine Once More" offering the cause for excitement. It's one of maestro Tommy Dorsey's bet-ter disks in many a moon. Enticing vocal treatment by a vocal ensemble sets the stage for this heavenly piece of sugar and spice. Wax drifts like a cloud with the backdrop furnished by maestro Dorsey exemplifying his astute perform-ance. Flip is more material for the star gazers with a galaxy of pipers coupled on "Starlight Rendezvous". Pipers Harry Prime, Audrey Young, The Clark Sisters and The Town Criers join hands for the sweet stigma of this ditty. Both sides are tailor made for those quiet spots— especially so with the top deck.

"Jungle Rhumba" (2:49) "Ok'l Baby Dok'l" (2:51) XAVIER CUGAT ORCH. (Columbia 38095)

(Columbia 38095) • The metro of this one should have the hep hip-swivelers clamoring like mad. Xavier Cugat with this ditty that'll stir the heart and soul of every rhumba fan. Titled "Jungle Rhumba", Cugie gives out with a ton of lavish Latin rhythm that sparkles all the way. Stuff is made for dancing pleasure—you just can't sit still. On the flip with "Ok'l Baby Dok'l", the maestro showers piper Aladdin to the fore to spill the charming novelty word-age. Wax rings true with the vocal spot effective as it stands. Top side for the moola.

MUSIC

Reports have it that the West Coast is fairly sizzling after an alleged blast was leveled at James C. Petrillo and the American Federation of Musicians by a transcription studio. The studio is sup-posed to have ordered tootler Ike Car-penter to cut, and later getting a nega-tive reply from both Carpenter and Local 47, West Coast AFM representative. Spokesman for the transcription unit al-legedly threaten a court order citing the Taft-Hartley Law. Local 47 is reported to have notified AFM national head-quarters with diskers, music publishers and the entire music industry avidly awaiting word. As the recording ban wears on, it is rapidly becoming evident that the industry as a unit is becoming irked and more than a bit perturbed. Many major diskers are beginning to feel the bite of losing out on potential sales via solo song hits. Witness the fact that the current hit recording "Manana" has only two labels out with it, Capital and Decca. Platteries are known to be toying with the idea of using their English affili-ates to record such songs and then in Reports have it that the West Coast is Decca. Platteries are known to be toying with the idea of using their English affili-ates to record such songs and then in turn have them sold and distributed here. This in itself will allow music publishers to place more songs and possibly "open up things". We still maintain that the ban will blow off when the boys on Cap-itol Hill get down to business.

Songsmithorkster to sumtes. * * * Songsmithorkster Buddy Kaye dropped around to visit this past week and came up with a hat-ful of interest-ing dots and dashes. Buddy, who had a hand in such name hits as "Till The End of Time"; "This Is No Laughing Matter"; "Till Close My Eyes"; and "Full Moon and Empty Arms" has recently come up with another pair that are currently breathing hot and heavy; "Sierra Madre" and "Thoughtless." Buddy's inspiration for "Sierra Madre" came about while he was tracing the adventures of that fa-mous Louisiana pirate, Jean Lafitte. A little reading and pop—a smash song success. Incidentally Buddy recently cut another original piece on MGM wax which we believe will just blow the roof off. Look for "Donna Bella."

* * *
Talk about hard luck, Les Paul seems to have his share of it. Les was involved in an automobile accident several weeks ago and wound up in the hospital for over four yeeks. While his first Capitol recording home supposed to have been coming home this week. Reports just received tell us that Les has just been stricken with pneumonia and is now being held at the Oklahoma City hospital for some time longer, in addition, doctors are battling an infection set in his arm. A hearty get weld addressed to Les would certainly do this grand performer a world of good.

this grand performer a world of good. * * * * eyes peeled.

Page 13

"Dream Girl" (3:01) "Haunted Heart" (2:51) GEORGE PAXTON ORCH. (MGM 10153)

ΗĐ

(MGM 10153) • It's a sure fire musical bet from the forthcoming Paramount flicker of the same name, "Dream Girl" that grabs the lead here. With musical accompaniment furnished by maestro George Paxton, the deck takes on an air of splendor. Piper Dick Merrick to wail the pleasing wordage in soft dulcet tones that satisfy. Ballad is offered with loads of meaning, while the Paxton boys back the balladeer excellently. On the flip with "Haunted Heart," from the musical production "Inside USA," it's choir boy Dick to spill the vocal refrain once more. Tune is bound to reach the top and should come in for some heavy flack once the show breaks. Both sides make for favorable listening pleasure — Paxton's rapidly growing clan should go for this duo.

"I'm Out To Forget Tonight" (3:03) "Intrigue" (2:58) BILLY ECKSTINE (MGM 10154)

(MGM 10154) • Graceful vocal styling of balladeer Billy Eckstine and another top notch pair to which his many fans can latch onto. The deep, expressive tones with which Billy purrs with on the pair aptly prove the sincere, fineness of his voice. Titled, "I'm Out To Forget Tonight" and "Intrigue," Billy displays his vocal chords in brilliant form, while maestro Hugo Winterhalter flourishes behind with loads of singing strings. On the back with "Intrigue," Billy once again renders an immaculate performance with the powerful wordage here filling the air with a ton of sincerity. Both sides should meet with excellent approval from his many fans—latch on!

"I've Only Myself To Blame" (3:00) "But Beautiful" (2:53) FRANKIE LAINE (Mercury 5096)

(Mercury 5096) • More throbbing tones by the great Frankie Laine and the tempo of "I've Only Myself To Blame" and "But Beautiful" seeping thru. Frankie's stylish tonsils weave a charm about the listener, putting you in a very receptive mood. Top deck grabs the spot, with Frankie wailing slow and steady while maestro Carl Fischer gives out with the musical accompaniment. Its sung as only Frankie Laine can sing it, with loads of tricks and quivers therein to polish the platter. Flip is currently kicking up a storm— Frankie's rendition should boost it higher. The man is hot—get next to this pair.

"Moonlight Bay" (2:37) "Let The Rest Of The World Go By" (2:42)

BRAD REYNOLDS (Sing-A-Tune 505)

(Sing-A-lune 505) Something new in the way of platters for music operators. Bowing into the disk spotlight with this release, Brad Reynolds offers participation singing to ops with tavern locations, with his rendition of two old favorites titled "Moonlight Bay" and "Let The Rest Of The World Go By." Both sides should be familiar to ops as well as music lovers everywhere. Reynolds rendition of the pair is extremely favorable and makes for pleasant listening. Second chorus of each side allows the listener to join in—a new twist which might hypo phono play. Instrumental backing provided by the Irv-

DON RODNEY

• First click platter for the coming Easter season and a hunk of wax that's loaded with beauty. Popular piper Don Rodney to the mike with an original piece titled "My Irish Colleen" sets the stage for an avalanche of coin playing bound to break about the tune. Don's pipes pitch in low soft mood, surrounded by an aura of musical splendor provided by the rapturous refrain of singing strings throughout the waxing. The melody of the tune is gay and dreamy, and should satisfy the pleasure of the most ardent music fan. Lyrics of the song are wrapped around the title, with Don's scintillating vocal performance dazzling all thru. On the back with "Evening Bells", the choir boy once again displays his delicate tonsils to another effective side. It's more slow drifting music to which the cuddle kids can get next to. "My Irish Colleen" should please the fancy of a zillion kids—it's a bonny bell ringer, it is.

ing Miller ork flavors the wax, altho the spotlight shines brightly on the piper. The pair deserve a spot in your machine —if only to see the results.

"Muchachita" (2:21) "Loch Lochmond" (2:24) BARCLAY ALLEN RHYTHM FOUR (Van Es 1006)

• Bright sparkling ivory fashions of top notch piano thumper Barclay Allen, and a pair that should beckon coin play any day in the week. Barclay sets rights with his rendition of the stylish Latin piece "Muchachita" to switch to a Scotch theme with "Loch Lomond" on the flip. Top side for all the gravy. Latin flavor injected here should suit the hep rhumba fans. It's tainted with just the right amount of taunting rhythmic styling to attract the star gazers too. Backing shows just as adequately as the top deck, with the faint Scottish air blending smoothly all thru. Both sides for the light spots. "Pin Up Polka" (2:20) "What Do You Want To Make Those Eyes At Me For" (2:47) LE MONTI'S TU-TONES (Aristocrat 508)

(Aristocrat 508) • What with the nation polka happy these days, we can't possibly see how this thing can miss. It's the highly publicized "Pin Up Polka" with Le Monti's Tu-Tones offering the vehicle here. Lee and the gang do the ditty up mellow, replete with lavish rhythm throughout. Vocal spot by Mario Lozer adds loads to the tune, setting it up for some heavy needling. On the flip with more top notch music, Lee and the boys give with "What Do You Want To Make Those Eyes At Me For." Wax is an immaculate performance for the combo and should win wide favor. Bay all means grab this platter—we're sure it will hypo your phono play.

"Robbins Nest" (2:47) "Tacos, Enchiladas & Beans" (2:49) SAM DONAHUE ORCH. (Capitol 493)

(Capitol 493) • The flavor of this cookie is bound to send phono fans on the rampage again. Following the smash success of "I Never Knew," maestro Sam Donahue sends a pair that are bound to stir up coin play throughout the nation. Top deck, titled "Robbins Nest," is the now familiar click ode to a disc jock. Mood of the song flourishes with brilliant rhythm throughout, with maestro Sam grabbing a spot here and there. Flip is a bit of a novelty theme, with chirp Shirley Lloyd to offer the vocal treatment. "Tacos, Enchiladas & Beans" shows as a fair kick to which the many Donahue fans can latch onto. Wordage of the ditty is cute all thru, with the thrush's vocal spot rounding out the side. Get next to "Robbins Nest" —pronto.

"I'm Not So Bright" (2:58). "That's Gratitude" (2:49) MARTHA TILTON (Capitol 15042)

(Copitol 15042) • Back into the Capitol fold, chirp Martha Tilton spills her first release here with a pair of brightly fashioned sides which might grab off a load of attention in the phonos. Titled "I'm Not So Bright" and "That's Gratitude," the lass pitches pipes to come up with some soothing material. Top deck weaves in slow metro with the wordage of the song offered in teasing fashion. It's a beautiful ballad and bound to snare sighs from the cupid set. Flip shows as a novelty piece with Martha mixing loads of tricks into her rendition. Orchestral support by maestro Dean Elliot spikes the disk all the way. Both sides are well loaded with possibilities—spin 'em.

"Matinee" (3:01) "That Feathery Feelin"" (2:57) GORDON MacRAE (Capitol 15041)

(Copitol 15041) • Nostalgic tones of pipes Gordon Mac-Rae and a pair that might click heavily with phono fans. It's the mood and pattern of "Matinee" and "That Feathery Feelin'" that set the stage here, with Gordon's heavy tones weaving a pleasurable style throughout. Top deck, currently undergoing heavy plugging might grab the lead. Patterned on the "Ballerina" style, the balladeer's pipes fill the air with loads of sweet romance for the younger set. Flip is in the lighter vein and has loads of attractive wordage to make up for the deepness of the top deck. Altho both sides don't stack up to being exceptional wax, they are nevertheless, adequate filler material.

Title Strip Firm Skeds Indie Diskery Plan

PITTSBURGH, PA.—Dal E. Haun, general manager of the Star Title Strip Co., Inc., this city, announced the availa-bility of a title strip distribution plan to independent record manufacturers this past week

Star, handling the bulk of title strip manufacture in the nation, and catering to thousands of juke box operators plans on expanding their service to all inde-pendent diskeries at a "flat initial run" basis.

basis. In an announcement of the plan to indie platteries, Mr. Haun pointed out that the aim of their firm was to "make our service to operators as complete as possible." "If your records were among those that we printed title strips for, then these strips helped your sales in two ways," he stated.

strips helped your sales in two ways," he stated. "First, they helped you sell more rec-ords to the operators that use of service regularly. Second, they helped you sell more records to the retail stores, because every time a juke box fan played their favorite recording on a juke box, the printed title strip informed the player that that was your record, and not one of a dozen others on the market." "Every one of the title strips printed contained not only the title of the song, the name of the artist, but also the name of the record company and the number

the name of the artist, but also the name of the record company and the number of that record." Title strips it is to be pointed out are valuable to the juke box operator since they dress up his machines.

Godfrey Beams With Gold Polka Platter

NEW YORK—The broad beaming smiles from Edward Wallerstein, (left) chairman of the board of directors of Columbia Records Inc., and Arthur God-frey, are evidence of mutual satisfaction. Between they they hold the millionth copy of the Columbia recording of God-frey's "Too Fat Polka", which rose to the top of the nation's song charts in phenom-enal time. Mr. Wallerstein presented the gold award to Godfrey on his Chester-field air show recently. Meanwhile, God-frey's disking of "Slap 'Er Down Agin, Paw" continues to draw wide attention.

Philly Phono Ops Select "Shine" As Click Tune

PHILADELPHIA, PA—More than two thousand howling, happy teen agers gathered at the Click Club, this city on Saturday, February 28 to participate in the March Click Tune Party, co-sponsored by the Philadelphia Phonograph Operators Association and Frank Palumbo, prominent nitery owner.

The tune selected as the Click Tune of the Month was "Shine." Recordings of the song will be placed in the number one spot on the more than 3000 juke boxes in the Philadelphia area.

Feature of the party, the Harry James "Wanna Blow A Horn" contest, met with enthusiastic reception on the part of the many youngsters. In addition, the phono ops monthly award of a new automatic phonograph to a local high school was widely applauded.

Palumbo, whose immense charitable efforts on behalf of Philadelphia's youngsters have won him recogniton throughout the nation, provided tiers of food, candy, soda and ice cream for the party.

The record that won the Click award, was Frankie Laine's Mercury recording of "Shine." Running second in a closely contested race was Art Mooney's MGM version of "Big Brass Band From Brazil."

Short Shots From the Hills and Plains died at his Hollywood home early in Feb-ruary. He is survived by a brother and daughter. . . Tex Williams, we learn, recorded maestro Stan Kenton's theme "Artistry In Jazz" with a Western twang. Using no saxes or trumpets, Tex cut the piece tagging it "Artistry In Western Swing". Tex used four fiddles, a harp, accordion and three guitars. . . Stan Kenton, presently on tour was not available for comment. . . Dave Miller continues to break it up in Newark, via his WAAT show. . . Vaughn Horton skedded for a nation wide tour with his latest click tune "Toolie Ooolie Doolie". That ditty really is a smash and is bound to be gobbled up by one and all. A whole batch of entertaining records were recorded just before the recording ban became effective by Andy Parker and his Plainsmen, Capitol Records an-nounced this past week. Parker's first re-lease will couple "Ruby Red Lips" with "Texas Belle", which was introduced for the first time on Cottonseed Clark's KTLA television program in Hollywood last month. Parker and the Plainsmen also engraved a couple of sides with Tex Ritter, slated for early release. We hear Eddy Arnold gets a \$1,000 guarantee per night. Eddy is currently touring California auditoriums and really packing 'em in. . . . Spade Cooley drop-ping his trumpets and saxes in favor of an authentic Western combo. . . . Tex Williams hired Joaquin, ace steel guitar man in the biz. . . Hal Horton really do-ing a wonderful job at KRLD promoting folk artists. . . . Kitty Carson hitched to Smiley Wilson. The pair are featured daily over WGAD, Gadsen, Ga. . . . Hank Penny, King Records star, made his debut over television recently at WLW, Cincy TV unit. . . . Song folios of Grandpa Jones and Cowboy Copas, pair of King artists riding hot and heavy, have just been pubbed by Lois Music Co., a King affiliate. by

* * Merle Travis playing a series of dates for the Veterans of Foreign Wars. Milo Twins appearing with Merle. . . . Tex Ritter's disk of "Dallas Darling" started a whirlwind of activity down in Dallas recently. A contest was started to find a beautiful girl who would be "Dallas Darling". The entire thing is being tied into an Army recruiting program. . . . Veteran folk in the music biz sorrowed at the passing of J. Keirn Brennan, ace songwriter. Brennan authored such song hits as "Empty Saddles", "A Little Bit of Heaven" and "Boy of Mine". Brennan

West Coast Plattery **Blasts Disk Ban**

LOS ANGELES, CALIF. — Standard Radio Transcriptions, this city, reported-ly issued notice to James C. Petrillo and the American Federation of Musicians, that unless union representatives met with them to reporting differences in the with them to negotiate differences in the current recording ban, they would take action with the National Labor Rela-tions Board.

tions Board. This is the first reported case in which a segment of the industry, diskery or transcription, halted from cutting by the ban, has taken action. Recently, Capitol Records issued a recording order to one of their artists. At present, nothing has developed since their order. The trans-scription service will allegedly cite the provisions of the Taft-Hartley Law, in the event that the union does not meet with them.

Grogan Rejoins King

CINCINNATI, O.—King Records Co., this city, announced the re-appointment of Phil Grogan as manager of the adver-

of Phil Grogan as manager of the adver-tising and sales promotion departments for the firm. Grogan disclosed that the plattery plans on expanding their sales promotion department, by adding additional men to cover juke box operators and disk jock-eys throughout the nation. Mr. Grogan temporarily left the King firm three months ago. Prior to that he was associated with several recording companies, and has a wide knowledge of the recording business.

Lutcher Visits With Wash. D. C. Music Op

WASHINGTON, D. C.—Visiting with local music operator Hirsch De LaViez and disk jockey Eddie Gallaher, WTOP, click Capitol Records chirp Nellie Lutcher eyes her latest recordings on the Pack-ard phonograph on display Nellie's "Fine Brown Frame" is cur-rently reported to be kicking up a storm throughout the nation. De LaViez and Gallaher sponsor a weekly juke box "record of the week" show in Washington, D. C.

March 13, 1948

JACK SHEPPARD

affecting every music operator in the country, Sidney H. Levine, attorney for the Executive Committee of the nation's the Executive Committee of the nation's automatic music operators; Jack Shep-pard, president of the Philadelphia phono-graph Operators Association, and Hirsch De LaViez, chairman of the public rela-tions committee of the national group, ap-peared in Washington this past week to obtain first hand information concerning these hearings these hearings.

The hearing, called by the House Judi-ciary Committee for March 1st, was re-portedly scheduled to tackle possible legis-lation pertaining to amendments or changes to existing copyright statutes.

changes to existing copyright statutes. Levine, Sheppard and De LaViez, rep-resenting the National Committee formed in Chicago recently to combat legislation deemed detrimental to the industry, were informed by Judiciary committee mem-bers that hearings on copyright amend-ments would be postponed until March 22. Cause for the difference of opinion among music leaders throughout the na-tion seemed to be that no definite state-ment was issued by the House Judiciary Committee explaining just which piece of legislation would be dealt with. It is known that proponents of the

It is known that proponents of the measures being eyed in Congressional chambers at present have been active throughout the past several months.

Representative Earl Lewis, (Rep. Ohio) Chairman of the Committee on the Ohio) Chairman of the Committee on the Judiciary is reported to be working out final details of his bill H. R. 5014, intro-duced in the House of Representatives on January 19, 1948. Altho this piece of legislation does not pertain itself to the automatic music industry, it is easily seen that amendment thereto, specifically re-ferring to the automatic music machines, could be appended. The bill in its present form states, that H. R. 5014 is "An act to amend and consolidate the Acts re-specting copyrights . . ." H. R. 5014 deals with the disposition of copyrighted dia-logue, sound effects or music in motion pictures.

pictures. Representatives of the national com-mittee for music operators are cognizant of the possibility of H. R. 2570 reappear-ing in committee or discussion. H. R. 2570 is the measure introduced by repre-sentatives of the American Society of Composers, A uthors & Publishers (ASCAP) last summer, and was subse-quently left in committee at the close of hearings in Washington. Advocates of the measure, in addition to ASCAP, have been actively watching developments these past few weeks. H.R. 2570 specific-ally dealt with amending the copyright laws to extract some mode of royalty payment from the music machine indus-try. Mr. Sidney Levine disclosed that he

Mr. Sidney Levine disclosed that he and other members of the executive com-mittee will appear in Washington on March 22 to attend the hearing called by the Judiciary Committee.

Please mention THE CASH BOX when answering ads-it proves you're a real coin machine man!

Bullet Records Open Nashville Factory

NASHVILLE, TENN.—Jim Bulleit, secretary of the Bullet Record Co., lac., announced the official opening of the firm's new record pressing plant in Nashville, Tenn., this past week.

Bulleit disclosed that the factory will be capable of pressing approximately 10,000 records a day, with full scale production planned to be underway by midsummer.

"Situated in buildings at Berry Field, which formerly housed Air Transport Command Offices, the record pressing shops have been equipped with the latest machinery." he stated. "Lognard Matson Los Angeles has

shops have been equipped with the latest machinery." he stated. "Leonard Matson, Los Angeles, has been employed to supervise the local plant and has been installing equipment for the past two weeks. Offices of the company have been moved to the new location."

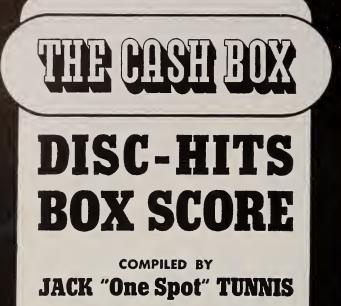

location." This week marks the first anniversary of the release of Francis Craig's smash hit recording of "Near You". Bullet's seruel to "Near You", the Craig disc of "Beg Your Pardon", was issued in the interim and the two have established record history. The smash success of both "Near You" and "Beg Your Pardon" took Craig out of comparative obscurity and cast him into the national entertainment limelight. "Near You's" total sales is said to be the largest of one record in a single year. It is also one of the few times that a sequel hit, "Beg Your Pardon" soared into the top song category.

Craig, after a successful theater tour of the nation, returns to Nashville this week to discuss future recording plans with Bullet.

In addition to Craig, Bullet's artist lineup includes Bob Crosby, Bobby Breen, Patti Clayton, Jimmy Payne, Ray Herbeck, Ray Pearl, Cecil Gant and others.

The Dawn of a New Era in Automatic Sellin

WALTER MANN

For many years one of the leading exponents of automatic merchandising. His interest in the field dates back to his position with American Chicle Co. as director of vending sales. From there he purchased the Adams Gum franchise and the machine that went with it to create the G. V. Corp. At the same time he held the position of salesmanager with Du-Grenier, Inc. He is now president of G. V. Corp. as well as of Wilbur Suchard Chocolate Co. He is also a director in LaLance & Grossjean Mfg. Co. and continues energetically to work for the best interests of automatic merchandising in all its divisions. Page 26

THE ALPHABET OF A SUCCESSFUL AUTOMATIC MERCHANDISER

Editor's Note: In 1930, eighteen years ago, this feature story was written by the publisher of The Cash Box and was widely publicized at that time. It is extremely interesting for all now engaged in the automatic merchandising machine industry to once again read this story and note how closely it ties in with the present era.

A through F appeared in the February 28 issue. G through P appeared in March 6 issue.

(Q) Quantity contracts.

Of late years another important fact has arisen. That the merchandise the machine sells, must not only be nationally advertised but of such character that the operator can contract in large quantity so that he can effect a savings in this direction, which naturally means a greater profit margin. Many cigarette machine operators are today purchasing direct in large quantity. The savings gained in this fashion tremendously help to boost profits. Candy operators learned this a long time ago. All down the line of merchandise machines this is becoming more and more apparent.

(R) Novelty appeal.

Every merchandiser must also have that certain something known to the trade as novelty appeal. In short, when a purchaser exclaims, "What a novel way to sell this merchandise", then the operator knows he has attracted the right sort of attention to his machine. Almost every merchandiser that has ever proven to be successful has this novelty feature. It is especially true in the case of the new Coca-Cola machines. Some even state that the novelty feature is more predominant in this machine than in any other. It is a feature which means a great deal toward gaining the good will and good humored attention of the purchaser.

(S) Make non-profit merchandise profitable.

The greatest accomplishment of the automatic merchandiser is to be able to replace non-profit merchandise investment for the retailer and to make it profitable. There is a great field open today for the machine that will replace the 3 for 10c candy bars being carried by so many retailers because of chain store competition. Tho being sold at a loss to themselves, these stores must continue to carry this merchandise so as not to drive their customers to the chain store. The machine that will make this profitable just as the cigarette machine eliminated retailer investment and made cigarette sales profitable for thousands upon thousands of merchants thruout the country will have accomplished another great advance for general merchandising machine equipment. It is this outstanding quality which has placed the modern vending machine in the limelight of American sales promotion.

(T) Take advantage of advertising.

Every merchandiser must be so constructed that it will be able to accept and take advantage of the national and local advertising for the product it vends. In this fashion the merchandising machine popularizes itself without cost to itself. It certainly would be a shame to sell a product as greatly advertised as Wrigley's Gums and force the public to search for the name on the machine. The machine must feature the product that it sells as prominently as possible so that it takes advantage of the thousands of dollars being spent on the product. In the very near future this will become even more important than it is today as more national manufacturers recognize the automatic merchandiser. It may not be long before these same manufacturers will be glad to pay for space on machines by advertising discount.

And now the third and most important principle. The *Operating Principle*. Here both the mechanical and merchandising principles are covered from the standpoint of profitable operating, and therefore tagged, *Operating Principles*:

(U) Reasonably priced.

The automatic merchandiser must be priced within its earning possibilities. In short, it should be possible to amortize the cost within a reasonable time. This is one great necessity where both the territory, the type of purchasers, the construction of the machine, its price and the profit possibilities all add to an equasion which makes for careful study. In short, the price must be reasonable, in comparison to the profit possibilities.

(V) Capacity important.

The machine must have sufficient capacity so as to hold down servicing overhead. Tho this feature is considered one of the mechanical features, it is placed under the operating principles because it is so much involved with the general profit possibilities of the merchandiser. Efficiency of operation and employment of modern business methods is one of the most important necessities for profitable automatic merchandiser operation and therefore sufficient capacity which aids these features enters under the operating principle.

(W) Gradual growth.

Every merchandiser must allow the operator to build his business on a gradual and steady basis. It must not force too big a route on him at once to earn a decent profit on his investment. Only by gradually developing with the machine does he learn the necessities of his business and grow with it. This feature is one that should receive much more consideration than it does at the present time.

(X) Market price sales.

The machine must sell its merchandise at market price and yet bring profit to the operator. In short, where cigarettes have been forced down in price and retailers have demanded reduction to meet this cut from the cigarette machine operator he has been able to meet this condition and yet earn profit. All machines should be constructed along this line. As stated formerly there is a tremendous market for a machine that will vend the popular cut price candy bars at 3 for 10c, but, at the same time earn profit for the operator.

(Y) Speed servicing.

One of the most important features for better operating profits is that the machine must lend itself to speed servicing. This improvement on the part of most of the merchandisers today has resulted in many operators thruout the country being able to increase their routes without having to increase their servicing personnel. And as far as profits is concerned, has been responsible for a distinct and pleasant rise in most instances.

(Z) Withhold new models.

No manufacturer should outmode his machine too rapidly. This may seem like holding back manufacturing progress, but, is not really so. The manufacturer that seemingly is continuously introducing a new model is putting himself out of business just as fast as he is his own operators. The cost of the average machine should be carefully gauged by the manufacturer as far as amortization of this cost on the part of his operators is concerned. After such periods he can introduce new models. But, he should not stop experimenting and seeking to better his product for only in this fashion can he keep himself and his operators sure of their future in the automatic merchandising business. A happy medium can very easily be reached by any manufacturer who will visit with a cross section of operators to get their opinions.

Markepp Gets First U. S. Vend Machine Cobbs Juice Vender

Holds Showing for Ohio Operators. Foresees New **Candy Vending Era With Air Conditioned Unit**

CLEVELAND, O.—Meyer M. Mar-cus of the Markepp Sales Co., this city, is showing U. S. Vending Cor-poration's new patented air-condi-tioned candy vendor to Ohio's opera-

Marcus takes great pride, it is re-ported, in securing the very first of these machines off the production line. "Air conditioning of candy", Mar-

cus stated, "dispensing seven different brands at a constant cool temperature, twelve months of the year, is the nat-ural answer to the candy vending busi-ness, which heretofore", he continued, "has been seasonal and limited to sales during about eight months". This model, Markepp stated, is the

This model, Markepp stated, is the first of a series of refrigerated vend-ers to be made available nationally on a complete "Pik-Ups Service" for in-dustrial plants, schools, department stores, and similar type locations. Capacity of this air conditioned candy vending machine is 400 candy bars. The firm claim they have "a one a second delivery chute". Reaction of operators to this new

a second delivery chute". Reaction of operators to this new air conditioned vendor, Marcus also says, has been very good with many claiming that this machine is definitely pointing the way to an entirely new merchandise sales era.

Marcus has had many years of vending machine sales and operating experience and stated, "In all my years in the industry this is the very first vending machine I can safely say leads the way into new and better and more profitable sales era.'

Wilbur-Suchard Takes Over "Juke Box Jury" Air Show

BOSTON, MASS.—The Wilbur-Suchard Chocolate Company, Inc. of Lititz, Pa. will sponsor the popular air program, "Juke Box Jury", staged in this city over station WHDH on Saturday afternoons.

day afternoons. It will be a weekly feature for the youngster who like the latest popu-lar tunes played in this show. The broadcast is composed of teen-agers who act as the jury for the latest recordings. This program is one of the most popular on the air for the youngsters and will tie in with the juke box, latest records and Wilbur-Suchard chocolate bars. chocolate bars.

Each week a prominent band leader or vocalist is the guest star on "Juke Box Jury" broadcasts. Similar pro-grams are also conducted in other eastern cities.

N. J. Governor Urges **3c Tax on Cigarets**

TRENTON, N. J.—Governor Dris-coll of the State of New Jersey has introduced a bill into the legislature here urging that each pack of cigarettes be taxed 3c to raise the revenue needed by the state.

It is reported that millions of cartons of cigarets are shipped from New Jersey to states where taxes are high and this is said to be one of the most profitable mail order businesses here.

Ex-Cell Shows New Vendor on Location

LOS ANGELES, CAL. — Ex-Cell Products Corp., Chicago, Ill., will hold their first showing here of their new dual flavor cup drink dispenser in one of the leading theatres in this city. This unique method has won much

comment and is among the very first to show a new machine on actual location

The machine will be exhibited by West Automatic Candy Co. of this city. One of Ex-Cell's engineers will also be present.

Joe Goldberg heads Ex-Cell and reports that the machine took over four years to develop. The machine has a capacity of 800 six ounce drinks.

Will Show Coffee-Donut Combo Vender

CHICAGO-Much interest here in the showing expected very soon of the new combination coffee and doughnut vending machine which is being made ready by Coffee Vendors of America, headed by Paul Lovell. The exact date of the showing hasn't as yet been an-nounced but is expected within a very short period.

The machine, it is reported, will sell around the \$800 mark. The coffee ca-pacity is said to be approximately 260 cups and there is a choice of a six or twelve dozen doughnut dispenser which can be operated for nickel or dime

Coffee and doughnuts are dispensed thru two separate openings in the ma-chine. The operators are expected to make their own local deal for the donuts to be individually packed in cellophane.

Coffee used in the vender is brewed ahead of time and will remain fresh for 48 hours, it is stated. A special patented process is used.

Berco Ice Cream Bar Vender Production

CHICAGO-Henry Hildebrand of Berco, this city, whose Borden's ice cream bar vender clicked at the CMI convention here this past January, re-ports that quantity production of this

ports that quantity production of this machine will start sometime in March. At the coin machine show, Walter Gummersheimer and Barney Frericks of St. Louis, Mo. showed the machine. Hildebrand stated, tho, that since February 11, Universal Distributing Co. are no longer national distributions for this worder. this vender.

No plans for national distribution are as yet reported.

Plan To Hike Ciggy Machines to 25c

PHILADELPHIA, PA.—Many well known cigarette machine ops here are known cigarette machine ops here are discussing changing over to straight 25c per pack operation. Claim is that present 20c operation is barely allow-ing them to break even. Some state that under present method they are enduring a loss and will be forced to change to 25c chute operation.

Shown at Fla. Citrus Exposition

- Reports current MIAMI, FLA. here are to the effect that the Cobbs' 5c Florida Orange Drink Dispenser, proved a very popular attraction when demonstrated at the 24th annual Florida Citrus Exposition in Haven, Fla. recently. Winter

Executives of the firm claim that the vender scored a hit with thousands of exposition visitors and also with several prospective franchisers from various parts of the country who were present at the exposition.

Negotiations are reported to already be under way for franchises with Henry Cobbs, well known Miami gift fruit packer and shipper, who recently launched this new non-carbonated beverage at his \$500,000 Little River, Miami plant.

The Cobbs vendor is reported to serve approximately 1,000 orange drinks at a single filling at 5c per cup. The machine also features a change-making unit. Complete operation from deposit of nickel into coin chute (or any other larger size coin) into six ounce cup is reported to take less than seven seconds.

The firm is featuring two slogans for this machine, "An Orange In Every Cup", and also, "Sip Some Sunshine". The orange drink, it is said, being al-ready rich in natural Vitamin C von-tent, is also fortified with 133 units of the "sunshine" Vitamin D.

Cobbs stated that The Cobbs Beverage Company, Little River, Miami, is already planning a very extensive advertising and promotion campaign for the popularization of this new drink dispenser.

Franchises are being given at this time and prospective franchise holders are already contacting the firm for various territories thruout the nation.

NAMA Meet in Nola on April 30 and May 1

NEW ORLEANS, LA. — NAMA (National Automatic Merchandising Assn.) will hold its Southwest regional meeting April 30 and May 1 at the St. Charles Hotel, this city.

This meeting will include vender operators from Louisiana, Texas, Oklahoma and Arkansas.

A large turnout is expected for this meeting with many of the vending ma-chine operators in this four state area eagerly looking forward to this re-gional meeting.

Television Survey At Bars And Taverns Made By Beer Company

Discusses Advantages And Disadvantages

NEW YORK—Television is the major subject of discussion in a digest called "Beer Facts" turned out by Piel Bros. (local brewery). The question placed under the microscope of this survey is whether a television set in. a bar or tavern as a sales stimulator pays off.

The digest points out that of every ten television sets in use today, one is in a tavern, and the proprietors are either very enthusiastic or slightly disappointed. It says many bars and grills have seen their sales jump after installing a television receiver. On the other hand, "Beer Facts" points out the pitfalls, such as the great amount of non-spenders and "one glass of beer" buyers who crowd into the location to view the program. In addition, there is the regular spender, who becomes so engrossed in the program that he fails to buy. Another point is brought out-that some regular good spenders stay away when a big fight or ball game is on view, as they don't want to become involved with a large crush of other patrons.

"Beer Facts" advises the tavern owners "Television receivers in taverns will continue to draw extra trade only so long as this medium of entertainment is available to a limited degree in certain communities. As soon as every tavern has a television receiver, the value of this selling aid is reduced."

Production of video receivers is expected to reach around 16,000,000 sets by 1953, which will average about one to every three families. The industry estimates that the output for 1948 will be 750,000 sets. During the coming years, many additional cities will fall into the range of television broadcasting stations, and the programs will be more attractive. Most of the programs put on the air today are sports events, which are the main attraction in commercial locations.

Meanwhile, the trade is showing great interest in the coin operated combination television-music machine. Videograph, Inc., and Speedway Products, Inc., showed their units at the recent Coin Machine Industries convention, and both report that operators thruout the entire country indicated their intention of buying this type of equipment.

HERB OETTINGER

CHICAGO-Probably few in the na-

CHICAGO—Probably few in the na-tion's coin machine fraternity know that one of the outstanding critics of popular music is Herb Oettinger of United Manu-facturing Co., this city. Being in constant contact with coinmen very well known in the music trades and also listening to their arguments regard-ing pop music, Oettinger is reported to have developed into a critic of outstand-ing importance.

have developed into a critic of outstand-ing importance. Just the other evening, this last week, brother employees of United Manufactur-ing Co. report that Herb was seen lugging home handfuls of record albums which had just been released by the outstanding diskovies diskeries.

1

Not only does he speak the language of music, but, it is said, his critiques of pop music have won him many arguments, to the extent where he has driven other critics of music, many many miles just to listen to their conversation regarding the very latest tunes.

L. C. FORCE

CHICAGO— L. C. (Lindy) Force, gen-eral salesmanager of AMI, Inc., this city, reported this past week that Monte West, service engineer of the firm had gone to the West Coast to conduct a service school for the J. R. Moore Corp., who have taken on the AMI phonos and music accessories for the northwest and northern California area area

Monte West is well known as one of the leading service school instructors in the country. He has traveled thruout the en-tire nation arranging for service instruc-tion of outstanding operators and their mechanics

mechanics. The J. R. Moore Corp. has offices in San Francisco, Cal., Spokane, Wash., and headquarters are in Portland, Ore. West will cover all offices of the firm and will first spend his time training the mechan-ics of the firm's offices.

The territory covered by the J. R. Moore Corp. for AMI consists of Oregon, Washington, Northern California, West-ern Nevada, Northern Idaho and Western Montana

It is believed that at a later date serv-ice schools will be set up in all main centers of these states where mechanics of the firm, as well as Monte West, will travel and arrange for complete instruc-tion of all music operators regarding the new AMI phonos.

Suggests Stickers For Pin Ball Games **Reading "Enter**tainment For Sale Only 5¢"

SAM WOLBERG

CHICAGO—Sam Wolberg, President of Chicago Coin Machine Company, well known thruout the nation for their many marvelous pinball games, suggests that the nation's amusement machine opera-tors feature stickers on all of their pin-balls advising the public, "Entertainment For Sale—Only 5¢." The idea has clicked with all those who have heard about it and the suggestion that the operators tie in with a campaign to tell the public as well as all pinball players that they are actually buying entertainment, when they invest a nickel in a pin game, has met with great ap-proval. Operators who have been questioned

proval. Operators who have been questioned stated that they believed this to be one of the best suggestions yet made. One well known operator said, "This is in keeping with the slogan which was adopted some years back, 'Relax—Play Pinball', but, in my personal estimation, is even better than that slogan, for people are seeking economical entertainment and they will spend a nickel anytime to be entertained, especially by a pinball ma-chine." chine.

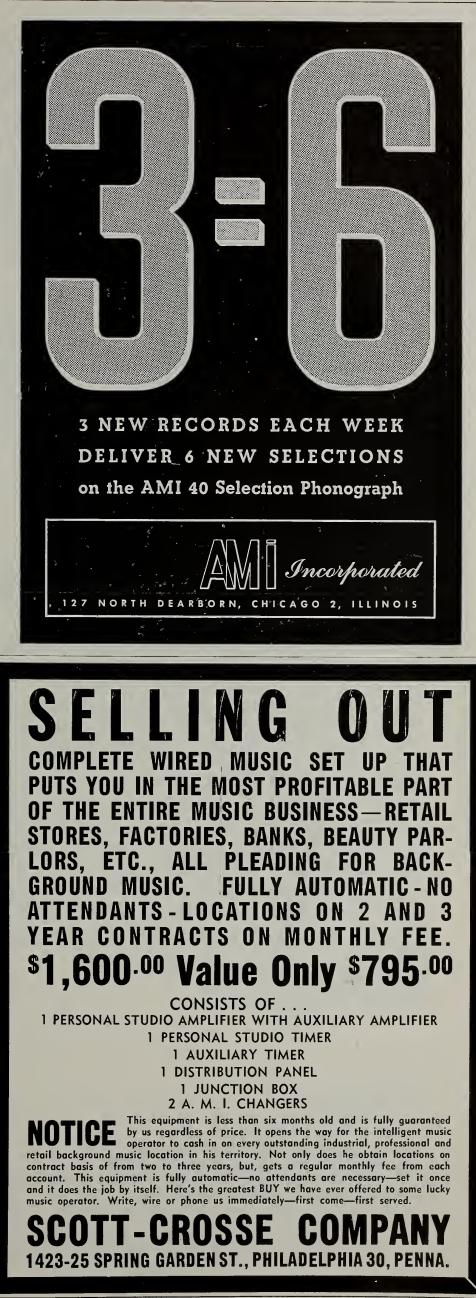

It is also believed that this suggestion and be greatly amplified and that it should eventually take the form of a public rela-tions advertising campaign to boost the economical entertainment being offered the general public by pinball amusement.

So. Dakota State **Ops** Association Meet Mar. 7, 8 & 9

HURON, S. D.—The South Dakota State Operators Association will meet in this city on March 7, 8 and 9, 1948. Many problems of great importance, it is believed, will be thrashed out at this three day meet. There will also be present many out of town distributors, jobbers and opera-tors, who are expected to bring those meeting here some extremely interesting news.

meeting here some careful and a news. One of the most important items which will be brought up for discussion, it is reported, will be a new and better commission percentage arrangement for the state's ops and, the belief is, this may show the way to the best profits ever yet carried earned.

It is also hoped that representatives of the trade press will be present at this meeting and will deliver speeches to the members of the organization.

The Cash Box **Page** 38 March 13, 1948 **NEW YORK PIN GAME SITUATION** FEATURED IN N.Y. TIMES STORY

NEW YORK—As reported in previous issues of *The Cash Box*, the pin game situation here hasn't been settled to the extent that operation can proceed with a free rein, and without the mental strain of wondering just what the local officials may decide.

officials may decide. In a feature full length column story, the New York Times of Thursday, March 4, the pin game is given outstanding prominence. Joe Hirsch, former manager of the Amusement Machine Operators Association of New York City is quoted as saying that since October, after a test case, the machines had been brought here and that the operators had not been both-ered by the police in any way. Police Commissioner Arthur W. Wal-

ered by the police in any way. Police Commissioner Arthur W. Wal-lander, when questioned by the Times re-porter, stated "We know that there are some in the city. But we are not sanction-ing them because we have made twenty-five or thirty arrests, but we haven't been too successful in the prosecution. In fact, it has been practically nil." Wallander continued that it was difficult to obtain

convictions because the magistrates reconvictions because the magistrates re-fused to say that the machines are illegal. "The arrests" he said "were made after the discovery that the pin games had been tampered with, and the elements of skill removed. Some of the machines hav 'free plays', which the storekeeper may acknowledge with payments of money to the player." the player.

Hirsch strongly refuted the statement that the machines were "illegal". "There are no free games" he stated "and we've cautioned the storekeepers against giving away any prizes whatsoever. They are adhering to the law religiously," Hirsch referred to a report in 1041 in

Hirsch referred to a report in 1941 in which the then Commissioner of Investi-gation William B. Herlands said that "pinball machines which are not equipped with a free play device and are not readily converted into free play machines are not gambling devices in and of them-selves."

Commissioner Wallander asserted how-ever "We'll have to watch the situation very closely. The action is in the hands of

our legal department." Council Vice Chairman Joseph T. Sharkey, who introduced a bill to the City Council last December to license the equipment, operators, distributors, manu-factures and starsheapers uncertained that

City Council last December to license the equipment, operators, distributors, manu-facturers and storekeepers, reported that the bill had been filed but "thrown out the window" when Mayor O'Dwyer said the city might be accused of putting il-legitimate operators in the business. Com-missioner Wallander also told Sharkey that "we're handicapped by the courts." Commissioner Patrick Meehan, head of the Department of Licenses, told the Times reporter "They're placing these things all around the city, from what I hear. I don't like it. However, I have no licensing power at all on these machines. As far as I know, the problem is still up to the Police Department." Coinmen familiar with the New York situation are confident that the city will continue to permit the operation of games if the legal conditions are met. However, they would be greatly pleased if at some time in the near future, a licensing or-dinance would be considered.

"Manhattan" For Manhattan

BILLY DeSELM

CHICAGO—C. B. (Billy) DeSelm, general salesmanager of United Manu-facturing Co., this city, reported this past week that, "It looks like our Man-hattan was made for Manhattan from reports we are receiving from the nation's largest metropolis."

Billy remarked, "When our Manhattan Billy remarked, "When our Manhattan was originally shown to the trade we were absolutely swamped with orders and we have been working day and night here in an effort to fill them just as speedily as possible.

"We did not", he continued, "expect any swamp of business from New York. But", he says, "almost immediately after the announcement of 'Manhattan', Man-hattan itself seemed to jam right down on us and it looks now like we're going to have our hands full trying to satisfy the demand from the nation's largest city."

De Selm points to the features which are causing a commotion everywhere for the "Manhattan" pinball they have just introduced as the reason for the almost overnight smash hit which this game has made made.

He stated, "There is no longer any doubt that the nation's pinball operators want games that have just what the player cries for—simplicity—speed ac-tion—lots of thrills and suspense—but, above all, a real nickel's worth of enter-tainment."

MANUFACTURING

COMPANY 161 W. HURON STREET CHICAGO 10, ILLINOIS

Seacoast Distrib. Biz Handled At **Newark Offices Keeps Orenstein Busy**

ark offices of Seacoast Distributors, Inc., Irving Orenstein, manager, is one of the busiest coinmen in the East. Previously the New York office, run by Dave Stern and Harry Pearl, handled all business at that point. Now that the New York offices have been closed up and all business placed thru the Jersey offices, Irv has more than twice the work previously dele-gated to him.

"Altho all matters must come to my at-tention at this office" stated Orenstein, "we are covering the New York territory as diligently as always, and have a half dozen salesmen seeing the trade."

Seacoast is distributors for Rock-Ola phonos; Watling scales and Daval's "Postmaster" stamp machine.

Visits Mid-West **Aireon Showings**

FRED MANN

CHICAGO—Fred Mann, regional sales representative for Aireon Manufacturing Corporation, announced that showings of the new "Coronet" 400 phono continues at the various mid-west distributors. Mulligan Distributing Company, Pitts-burgh, Pa. have set March 9 and 10 as their showing dates, and operators in that territory have been invited to view the Aireon line in their showrooms. The Detroit showing at the Wolverine Sales Company takes place March 5, 6 and 7 instead of the February date orig-inally announced.

and 7 instead of the February date orig-inally announced. Operators in Cleveland, O. have been invited to view the Aireon machines at the newly organized Erb-Wert Distrib-uting Company on March 5, 6 and 7. Fred reports that he will be on hand at all three showings. Extremely active, Mann is visiting the Aireon distributors in Milwaukee, Minneapolis and St. Paul before the above showings.

IRVING ORENSTEIN

NEWARK, N. J.—With all the execu-tive details being tunneled thru the New-

Op's & Service Dept. Brought To Door Parts

ILLINOIS SIMPLEX DIST

CHICAGO—Gordon Sutton, president of Illinois Simplex Distributing Com-pany, Wurlitzer phono distributors here, pictured above shaking hands with Lee Taylor, head of the service depart-ment, and M. A. Bertels, general service manager of The Rudolph Wurlitzer Com-pany, looking on.

Reason for all the ceremonies is the installation of a new service by Illinois for its music operator customers. The new truck is now bringing a Wurlitzer service and parts department right to the door of the operator door of the operator.

"I don't claim that this special service is anything new" states Sutton, "but

this is the first time it's being used in this territory.

The back of the truck opens up, show-ing the interior with a complete display of parts filed orderly on both sides. A work bench and all the necessary tools are part of the traveling service stock in trade. Taylor, who will handle the truck in calling on the operators, ex-pressed his enthusiasm over the great possibilities of this type of service. "No matter what the trouble may be, and best of all no matter in what isolated part of the territory it may develop, I can drive to it within a short time, and with the facilities on board the truck, all trouble can be serviced immediately." The back of the truck opens up, show-

Munves Prepares For Big Arcade Season

MIKE MUNVES

MIKE MUNVES NEW YORK—Regardless of the un-usually snowy weather that's been tor-menting the entire country, "Spring" is definitely on its way. We are absolutely sure—because Mike Munves, the coun-try's leading supplier of arcade machines, is the busiest man in town. Munves tells us that even during the winter months, and at the Coin Machine Industries show in January, he was ac-cepting substantial orders for the open-ing of the arcade season. Now the firm is busy getting the equipment ready for shipment thruout the country. Some ar-cades have been pressing him for immedi-ate delivery so that they can operate dur-ing the coming months on week-ends. Things are humming so briskly, that Max Munves, who spent the winter in Florida, is now back at the Munves' offices to see that all shipments go forth as rapidly as possible.

Page 41

Washington, D. C. Coinmen Garner Reno, Nev. Club **Front Page Publicity For Contribution** Of \$1,649 To Police Boys' Club

BEN RODINS

WASHINGTON, D. C.—Ben Rodins, president of Marlin Amusement Com-pany, heading a committee of 30 other coin machine companies of this city, pre-sented a check for \$1,649 this week to two young boys representing the Metro-politan Police Boys' Club, as their contri-bution of District coin machine opera-tors to the club's fund raising drive. The presentation was covered by the local press with feature stories and pho-tographs of Rodins, two boys and Ser-geant Abel Mann of Precinct 1, Washing-ton Police Department. The money was obtained by the oper-ators from receipts of their music ma-chines, cigarette and amusement ma-chines, who devoted several days' collec-tions to the fund. Rodins informed the police club that the complete returns weren't tabulated, and that there would be additional monies to be added to the figure disclosed. "We agree with the suggestions printed

be additional monies to be added to the figure disclosed. "We agree with the suggestions printed in *The Cash Box* over the period of many years, that we in this industry should show aggressiveness in maintaining a top public relations program" stated Rodins "and this wonderful publicity given this contribution, plus the inherent good-will obtained is invaluable. The op-erators who participated with us in the Police Boys' Club drive are to be com-mended highly."

mended highly." Rodins is active in many other public relations programs, one of which is taking a flock of underprivileged children on a day's excursion on his cruiser dur-ing the summer months. His cash contri-butions to many fund raising drives are not made public, but we know they are many.

Atlantic City, N. J. **Arcade Association Schedules Meeting**

ATLANTIC CITY, N. J. — F. McKim Smith, president of the At-lantic City Arcade Association, an-nounced that an important meeting of the association has been called for Wednesday, March 10 at 2 P. M. The meeting will take place at Central Pier, Atlantic City.

Arcade owners here are looking for-ward to the coming season with great optimism, and expect to have a record vear.

"Keep Games Away From Schools and Churches" — Blatt

Supt. of Schools Orders **Check of Locations**

THEODORE BLATT

NEW YORK—D. William Jansen, Superintendent of Schools, this city, issued an order at Board of Education Headquarters, to truant officers of the public school systems to check stores in the vicinity of schools for evidence of gambling on pin ball machines. Truant officers will turn over any evidence to the Police Department for

appropriate action. "I view with much concern" stated Jansen "the return of such machines and have notified the Bureau of At-tendance to be on the alert to report any situation which might make nec-essary cooperation by the police. The matter will also be taken up with all school principals." The Associated Coin Machine Oper-ators of New York City, local games association, anticipated problems of this third as their previous experience

this kind, as their previous experience has shown that there are always com-plaints from certain individuals, whether factual or not. Teddy Blatt, attorney for the association, and Bart Hartnett, general business manager, have always insisted that their mem-bers follow the association rules strictly—and one of the most important is to refrain from placing games anywhere near schools and churches. "We are not particularly bothered by Jansen's order" stated Blatt, "as our members have not been placing games near any schools. However, there is always the outsider who is hungry for a spot, and doesn't care where it is placed. We will cooperate with the Superintendent 100% to eliminate any evils that may arise."

Orders Additional 100 Pace Bells

Layout Totals 300 Bells

I. O. BATES

RENO, NEV .- Harold's Club, this city, has just completed the remodeling and refurnishing of an addition to the club, which doubles the present floor space. It is reported that the cost of the remodeling job is terrific, every-thing being done in the grand manner. The carpeting alone has set the club back some \$90,000.

back some \$90,000. There are 200 Pace Bell machines operating at Harold's at this time and the report this past week showed the heaviest play in the history of the club. With the new addition, J. O. Bates, general manager of Pace Manufactur-ing Company, Inc., Chicago, reports that the club has ordered an additional 100 bell machines, which are being 100 bell machines, which are being shipped post-haste.

"The total of 300 bell machines gives this club a bell machine layout that probably has never had an equal any-where in the world" stated Bates. "The demand for the Pace Bell machine is brisk not only from this location, but we are busy continually shipping the machines to our many customers thru-out the country."

The firm is now featuring its 1948 Deluxe Chrome Bell, in denominations of 1c, 5c, 10c, 25c, 50c, and \$1. One of the major features of the bell is the hugh giant jackpot, hand load up to 150 coins, and "adjustable" automatic load upon request.

"We guarantee all Pace bells" stated Bates "and will refund the operators money if after ten days trial they are not completely satisfied."

Heart Attack

HAROLD KLEIN

MILWAUKEE, WIS. -The trade was shocked to hear that Harold Klein, popular Milwaukee coinman, was the victim of a heart attack this past week, and will have to take it easy for a while.

while. Klein and Frank Roelke of Great Games are manufacturing a roll down game "Tele-Roll" which they intro-duced at the recent Coin Machine In-dustries show in Chicago, and which they report was very well received. While Klein is recuperating, Roelke will take full charge of the business.

will take full charge of the business.

Paul Laymon Looks For Biz Pickup

PAUL LAYMON

LOS ANGELES, CALIF. — Paul Laymon, genial head of Paul A. Lay-mon, Inc., Bally distributors here, reports that the past few weeks show a decided improvement in the buying activities of his customers, and every indication points to a big spring and

summer. "We are in a wonderful position, as "We are in a wonderful position, as far as variety of equipment is con-cerned" stated Laymon. "Bally ma-chines run from standard type arcade equipment thru the entire roster of machines, such as rolldowns, pins, con-soles, 1 balls, etc. With the welcome news that St. Paul is permitting the Bally Digger 'Hollycrane' to operate in that city, we are hopeful that we may be able to get similar licenses. Even so, our business is going great at this time, and looks like it'll get better and better from now on."

Recuperates From David Rosen Co. Baltimore Office Adds Frank Crowley To Sales Staff

BALTIMORE, MD.—The Baltimore office of the David Rosen Company an-nounced this week that they had added Frank Crowley, formerly of the Mar-lin Amusement Corporation, Washing-

In Amusement Corporation, Washing-ton, D. C., to their sales staff. Crowley will cover the territory, visiting each operator, to acquaint them with the AMI phonograph and accessories. In addition to phonos, Crowley will have his order book ready to take orders for all types of equipment, new or used. "The firm carries a complete line of

all new pin games and consoles, in ad-dition to the AMI line" states Crowley. "We have in stock at all times a large selection of used equipment, such as games, arcade machines, cigarette games, areade machines, cigarette vendors, and music machines. We can supply the operators' needs in parts of all kinds, and our fully equipped shop can handle repair problems. And, I don't want to overlook the wonderful record department we have."

Ponser Travels The Country On Sale Of "Pro-Score" Game

GEORGE PONSER

CHICAGO—George Ponser, George Ponser Company, this city, is planning a tour of the country to visit those territories where roll down games are being operated. Returning from a trip to New York City, Ponser immediately set up an itinerary which will take him to Cleveland, Detroit, and then to the west coast.

west coast. "These territories have shown that 'Pro-Score' is a big attraction and high earning game" states Ponser. "Once the operator places these games out on location, I find that the re-orders come in to us in steady streams. On my trip, I want to point out to many operators and arcade owners that 'Pro-Score' can earn good money during the coming spring and summer seasons."

While in the East, Ponser went out on locations with Irving Kaye, one of the big "Pro-Score" operators, and watched collections being made. He reports that he was bowled over when he saw the money that was played on the machine.

BELMONT RADIO SUPPLY, 1921 BELMONT AVE., CHICAGO 13, ILL.

CHICAGO CHATTER

Jim Gilmore, CMI's secretary, tells me that from now on he will take his vacation immediately after the big convention. . . . Jim leaves for New Orleans with Mrs. Gilmore . . . and from there on a West Indies cruise . . . a nice vacation, even tho Jim had to wait for it. . . Herb Jones of Bally getting production under way while planning new campaigns and working on one and a dozen other ideas. . . Lew Gensburg of Genco to California where brother Dave is also spending the winter . . . leaving Myer Gensburg all to himself to take care of getting those "Triple Action" to the ops all over the nation . . . and that keeps Myer plenty busy these days, . . . English Nathan who opened his own parts and supplies firm a few months ago, and who just moved into new and larger quarters on West Randolph Street, is a very busy man these days as more and more coinmen learn his whereabouts and start calling around to say "hello" and wish him well. and the angles about operating Ted doesn't know, I'm told, aren't yet known. . . . Vic Conforti over at Distrib. Corp. reports that the Aireon 400 Coronet is moving right along . . . also advises that Lou Koren is still down in Florida but that he should be back very soon. . . Those boys from Memphis . . . Clarence Camp . . Buster Williams . . . even when not in town are well represented by those big trucks they send up here to pick up machines for them. . . Nice pick up in conditions generally thruout the country, according to reports manufacturers here have received. . . . Sam Stern is making a real party out of a visit to New York . . . taking along six couples . . . doing the shows and the nitespots. . . . Charley Schlicht of Mills Industries advises about the new sales and price policy on Mills Constellation and attracts plenty of attention from music ops. . . . Rex Shryver of H. C. Evans & Co., busy as a bee now that deliveries have started on the firm's "Bat-A-Score" and orders are being filled just as rapidly as possible. . . . Rex also reports that orders for all of their line have shown swell pickup.

John Chrest of Exhibit down with Virus X for over a week and too weak to come down to the office . . . the boys down at Exhibit report that they knew John was really sick when he at last called for a doctor. . . . Nate Gottlieb who simply can't believe that he isn't being visited at all hours of the day by out of town coinmen reported this past week, "Everything is quiet on the Western Front—so far." . . . Ed Levin, General Salesmanager of Chicago Coin, keeping plenty busy talking with coinmen from everywhere calling around to grab as many of the "Catalina" as they possibly can. . . . Sam Wolberg of Chicoin discussing the benefits of economical coin machine entertainment and makes a very swell proposal regarding featuring stickers on each and every game telling about the fact that the op is actually selling entertainment. . . . George Ponser flies home to spend a few days with his family before starting out on a long trip that will take him all the way to California. . . . George has been doing a very fine job with Pro-Score . . . we hear that he will visit with many of the firm's distribs on this long jaunt.

Gordon Sutton of Illinois Simplex who is constantly traveling between the firm's three offices . . . Louisville, Indianapolis and Chicago . . . has just purchased his own plane . . . a Beechcraft Bonanza . . . and being one of those expert fliers it's reported that he's covering the three cities in speedy time these days. . . . Lots of changes over at Filben . . . Sam D. Drucker is now vice-president and assistant salesmanager . . . Bill Raben is salesmanager . . . Bert Davidson resigned as of February 1 . . . and with their new model coming out on April 1 both Bill and Sam report that they are working like beavers to get set for the rush. . . Billy DeSelm over at United Mfg. Co. also busier than ever since the announcement of "Manhattan" . . . its new features grabbing the spotlite and keeping him answering those long distance phones all day long . . . seems that a gang of guys who were down at United when the boys unveiled this new one went absolutely ga-ga over it . . . acclaiming it one of the most outstanding yet built by the firm.

Dave Wallach of Marvel Mfg. Co. actually knocking himself out in his tremendous enthusiasm over the swell reception given their new "plus-4" coin chute which allows the player to insert 20c into the same 5c chute. . . . Dave reports that the reaction to this new 4 play chute was really gratifying with many predicting it may open the way to a new era in pinball play. . . Ben Coven who is keeping himself busy these days with television and radio and what not reports that "I'm looking for that new idea" . . . and that isn't too easy to find, Ben . . . but, it may be just around the corner. . . . The two Sterns, Sam of Williams Mfg. Co. and Al of World Wide Distribs, arm in arming it up Randolph Street in animated conversation. . . . Ed Vojack, new adman for O. D. Jennings & Co., reports that he's so busy these days he just hasn't the time to even look up from his work. . . . Gerry Haley and all the gang over at Buckley Mfg. Co. very much pleased with the reception given their new bell, they report.

Ted Rubenstein, who heads Marvel Mfg. Co., has been operating since he was 19 years old . . . that's over 30 years now . . . Eddie Hanson of Groetchen Tool very, very thrilled over the reports brought in to him on the 18 games that were placed on locations here to check collection returns on "Camera Chief." This little three dimensional viewer features famous syndicated comics. Collection slips Eddie has in his office prove that "Camera Chief" has been taking in an average of about \$15 per week . . . and that is something, brother, believe you me. . . Jack Semel and Willie Levey of Supreme Automatics, Inc., Brooklyn, N. Y., in our town to meet with Sam Stern of Williams Mfg. Co. . . Sure was sorry to hear that Harolā Klein of Milwaukee suffered a heart attack and that he's confined to his bed for about a month or so. . . . Frank Roelke of the same firm reports business very good.

"Bally" Sally Goldstein of Coven Distribs claims that, "Someone must have been kidding you when they said I was no longer here"... it seems that Sally was out for a day and when one of the reporters here phoned... the party who answered said she was no longer there ... meaning for that day only.... Lots of guys very much impressed with the way the new United Mfg. Co. plant at California and Roscoe is going up... not only plenty of space to build games ... but the entire plant will be air conditioned ... all on one floor and all set for speedy shipping of their games with two loading platforms ... one on Roscoe and one on California ... main entrance on California Ave. ... and Lyn Durant to have the only two floor section of this huge plant with his offices contained therein ... as one coin machine wag stated, "Well, one thing we know, the first two games which will come out of this plant will, in all probabilities, be named 'California' and 'Roscoe'." ... Gordon B. Mills of Mills Industries advises that the trade simply must go ahead because of its right-on-the-doorstep economical entertainment and merchandising ... seems like a lot of the boys have overlooked the fact that they offer the public something no other division of the entertainment and merchandising fields can offer ... economy ... easier-to-get-to merchandising ... and complete efficiency.

Effect television will have this summer on juke boxes here, what with major league baseball games being played at night, has many of the juke box ops all hot and bothered . . . yet N. Y. C. ops, who have already gone thru this sort of thing, report that they no longer worry too much about video's effect since they installed more auxiliary speakers and cut down on the volume...J. A. (Art) Weinand of Rock-Ola Mfg. Corp. thrilled to hear what a swell job Bill Suter of Morcoin, Manila, P. I., is doing for the firm. . . Suter is putting on a terrific show in the Philippines for the new '48 Rock-Ola Magic-Glo phono and Art believes that he'll bust all previous sales records . . . by the way, Bill Suter, also reports doing one grand job with the equipment of every manufacturer he represents. . . Jean Bates over at Pace Mfg. Co., is really thrilled with the reception given his announcement on the firm's bells . . . seems like many of the nation's ops like the Pace merchandise because of its light weight and its speed action. . . Milt Salstone of M-S Distrib Co., is planning to surprise the record trade here very soon with an important announcement.

EASTERN FLASHES

Interesting to music ops here is the digest turned out by Piel Bros., local brewers. Called "Beer Facts", the booklet releases information after a survey on whether a television set in bars and taverns increases the business of the location. Both advantages and disadvantages are listed. Some of the locations are very enthusiastic, and others slightly disappointed. Most taverns show a spurt in sales upon the installation. Others find out that it attracts nonspenders, and slows up the "regular" spenders. When feature sporting events are scheduled, it is found that the location draws many additional "customers". One comment worth remembering is "Television receivers will continue to draw extra trade only so long as this medium of entertainment is available to a limited degree in certain communities. As soon as every tavern has a television receiver, the value of this selling aid is reduced."

R. J. McGlynn and his wife in from Sydney, Australia for a combination business pleasure visit. McGlynn and A. C. Jordan of Modern Music Company, Cape Town, South Africa, are the biggest operators in those cities. The firm has additional branch offices in Port Elizabeth and Johannesburg, South Africa; and Auckland, New Zealand. McGlynn is doing considerable buying here, which is his first visit. to the states. The most important problem they have to overcome is the price situation. By the time equipment arrives back home, the cost is increased by 50% over the purchase price, due to import taxes and shipping charges. McGlynn tells us that business is off about 30% from the peak war days. However, music machines are doing quite well, being operated on a 10c, 3 for 25c basis. Games run for 5c. Records are very costly as they must be purchased from England. It seems that these English companies have deals with the American companies that covers all purchases in Sterling coinage. McGlynn will remain in the United States for about four to five months, and will be visiting Chicago very shortly.

Joe Munves, who announced the purchase of Economy Supply Company, parts and supplies business, last week, entertaining many of his friends who are visiting him to wish him the best of luck. Joe's many years of experience in the various phases of the coin machine business is invaluable to him in securing items for the trade. In addition, his friendships in the business runs into the thousands. . . . Remember Al Sherry, the Brooklyn pin game operator and jobber of some years back. Al tried his hand at jobbing in Cincinnati when the town went down, and then during the war ran an arcade in Norfolk, Va. At this time, Sherry is completely out of the business, owning two Army & Navy stores in Norfolk. He was in town this week. and spent some of his time visiting along coinrow with his friends. . . . Willie Levey and Jack Semel, Supreme Automatics, Inc., Brooklyn, in Chicago this week visiting the Williams' plant. George Holzman, the other member of the Supreme trio, remains at the office. The boys are being complimented by Williams for the wonderful selling job they are doing with "Stormy".

There's quite a difference in the atmosphere at the offices of Modern Music Sales Corporation over that of a half dozen months ago. Today, the many offices are filled with executive personnel, stenographers, bookkeepers, et al. And Nat Cohn, the boss, on hand at all times, busy, busy, busy. The firm's activity caused by the recently acquired Aireon Phonograph line, distributing Signature records, Daval's stamp machine, and its interests in Gem Records as a manufacturer. With all these business activities on his hands, Nat is spending some time seeing that everything is going ahead on schedule with those plans for the opening of his newly built home in Belle Harbor. . . . Al Simon, Chicago Coin Machine Company's representative in the east, getting ready to move into those sumptuous new offices on West 42nd Street.

The terrible snow and sleet storm that hit the city on Tuesday kept Barney (Shugy) Sugerman, Runyon Sales Company, away from the New York offices. Usually Shugy braves all kinds of weather, but this one was too tough. Jack Mitnick of the New York office, wasn't lucky either. Despite the storm, he had to go out to see some customers. ... Phil Mason, Dave Lowy & Company, who was expected back from Florida this week, phones he'll stay another week. Another victim of "sand in his shoes". Dave Lowy grins at the news, but threatens "He better come back soon! I'm next, and I want to get away now!". Lowy's getting fatter by the minute, and is back to the weight he dragged around before the army trimmed him down to a normal size. . . . Max Munves, Mike Munves Corporation, who spent the entire winter in Miami, met up with F. McKim Smith, president of the National Association of Automatic Machine Owners. Smitty was getting ready to return to Atlantic City. Which reminds us-Al Schwarz, NAAMO public relations director, was in town on association business.

* * *

Phil Gould getting ready to open a new tremendous arcade at Coney Island. Named "Pleasure Land", the arcade is 50 x 200 feet, extending the entire block from Surf Avenue to the Bowery, and is located between Stillwell Avenue and 12th Street. The arcade will feature Poker tables, skee balls, and all the latest arcade machines. Many separate concessions, such as frankfurters, drinks, photograph, etc. have been let out. . . . Harry Schneider and Steve Quinn, Seaboard New York Corporation (10th Avenue) two of the busiest guys on the street. Harry reports that the operators have gone for Genco's "Bubbles" in a big way, since two roll over contacts have been added to the top of the playing board, and two flippers at the center on both sides of the game. "These additional features make the game extremely attractive on location" states Harry.... Ben Becker, Ben Becker Sales Company (Bally sales representative) home most of last week nursing the flu, returns for a day, but couldn't quite take it. He had to return home almost immediately. . . . Hymie Rosenberg, H. Rosenberg Company, distributor for Bally here, reports that "Melody" going so big, he can't keep a sample on the floor. . . . Steve Delwin, experienced local game operator, back in action with pins. . . . The many friends of Jack Fitzgibbons elated to hear he's recovered sensationally, and is now off the "danger" list. Teddy (Horizontal) Seidel, in conversation with the visiting coinman from Australia, R. McGlynn, discovers that they have mutual friends in "Kangeroo" land. Teddy recalls some of his best bouts took place there.

future.

CALIFORNIA

CLIPPINGS

Music distribs and ops watched the local sheets this week with as much interest as song writers, recording artists and John J. Public, as Mr. Petrillo once again made the front pages. ... Small local outfit by name of Standard Radio Transcription Services demanded via letters to Petrillo headquarters in Chi and to Los Angeles Local 47 that ban be lifted ... or else ... Legal alternative threatened by firm was a Federal court order for Musicians Union to bargain collectively "in good faith."... Beef was set off when Ike Carpenter's ork absent from schedueld transcription... Local 47 radio rep dismissed the matter by saying "We don't negotiate such contracts here —that's a national matter."... Standard's mouthpiece quoted from the Taft-Hartley Act and said, "Bargain by March 22— or else."

HRU THE COIN CHUTE

As to the music ban, it's time a bubble was burst for the benefit of coin machine people and the consuming public. . . . The legend about recording in Mexico, pooh-pooh to you, Mr. Petrillo, has turned out to be little more than legend. . . . Eddie Mesner of Aladdin Records, just back from South of the Border, says the Mexican gov't ban on American companies cutting down there is a tight one. . . Eddie figures musicians, disc makers and Taft-Hartley position will arrive at compro-mise solution before Mexico lifts its ban. . . Confirming this policy of our Latin neighbor is Holiday Records' Lou Chudd, who reports that "he knew all the time" the boys were just whistling Dixie when they promised to take their business to Mexico. . . Lou should know as his outfit has had production setup operating there long before the bans were posted. . . . Holiday, by the way, will soon depart from their almost exclu-sively Mexican music and go in strong for a race and hillbilly line. . . Speaking of exclusive, here's one from Exclusive that isn't. . . That doubletalk translates into ad man Crarlie Craig's answer to the old "What's new?" . . . Charlie's response was "Nothing's new" and as we've promised to reward the next guy quoting that immortal comeback with his own words in print, here it is. . . . Come to think of it, that might be the Craig man's sly way of getting in print.

There's something new with Charlie's Exclusive boss, Leon René, whose Publication co. bearing his name is expecting a windfall from the Bill Anson-Ted Mossman "When I Write My Song."... Disc jockey Anson should know a good thing when he writes one and composer Mossman is so sure of its success he's already bought a new house on the expected royalties.... Pacific Music Sales Co., which is plugging the tune, will launch an all-out drive next week.... Juke men have a wide choice in the platter ... recorded by Decca's Eddie Heywood, Exclu-sive's Herb Jeffries, Columbia's Cugat with Buddy Clark, Mer-cury's John Laurenz and Victor's Freddy Martin... Traveling Biharis at it again, this week Sol back at Modern's Beverly Hills home office from N. Y.... Mercury's Mike Kurlan comes up with promise of a coiner in Frankie Laine's new "Four Leaf Clover," due for the boxes this week ... and with nary a banjo, says Mike... Other Mercury platters slated a healthy play are "Cira-Cira Bim" with whistling Elmo Tanner and Ted Weem's outfit.... Steve Gibson and his Red Caps carrying a nostalgic torch in "Those Wedding Bells Are Breaking Up That Old Gang of Mine."... Dinah Washington's "No Lonely Gal Blues" and "Ain't Misbehavin'."

Art Rupe of Specialty announces new releases set for Camille Howard, Roy Milton pianist, who will solo via ivories and vocal with "You Don't Love Me." . . . Rupe has picked up options on Milton, Camille, Jimmy Liggins, the Pilgrim Travelers and the Nelson Alexander Trio. . . . He plans publicity and promotion program for these artists covering three to five year contracts.... Delson and Stoken Distribs are blossoming out with new record line in Mary Howard label. . . . Included will be Ethel Waters Album and sides by Walter "Foots" Thomas. . . . Their Rainbow platter of flutist Esy Morales' Jungle Fantasy bongo-rhumba has smart line on streamers: "Do Not Play This Record in the Dark."... It doesn't say what will happen if you do. . . . Over at Charles Washburn's music is in the air these days with a promotion tie-in planned by his Coast Record Co., with Paramount studio for Dorothy Lamour's waxing of "Queen of the Hollywood Islands." . . . Ad man Ralph Bass says all he needs is an enterprising jukebox manufacturer to round out the deal. . . . "Who Put the Dream In Your Eye," the Coast tune by Mark Warnow ork and singer Lorry Raines, has its eye on the Hit Parade . . . and it isn't dreaming, quotes Bass.

Ops who favor wired music should be glad to hear that the Pantages-Maestro Corp. will be ready to ship new equipment by next week.... Lunch with Paul Reiner of Black and White was well interspersed with raves for Maggie Hathaway's "Here Goes a Fool" and her brand new disc, "Nobody's Business What I Do."... Paul, in between his pastrami on rye, said something like this: "Versatile, that girl... ranges between Billie Holiday and Nellie Lutcher ... with Ethel Waters' personality to top it off."... He also managed to squeeze in mention of T-Bone Walker's new release, just hitting the boxes ... "I Wan' a Little Girl" with "T-Bone Shuffle on reverse..., Reiner prom-ised some news of major interest to record distribs in near future.

Ben Pollack, headman of Jewel Records and music maestru for Black and White, joined us for cheesecake and gave out with a nice takeoff on "Mishigener Hershel," the Yiddish with a nice takeoff on "Mishigener Hershel," the Yiddish takeoff on a Santa Anita racetrack announcer... The record, which is backed by "Dalang der Shlang, Mr. Butcher," is getting a nice play not only in Jewish circles but also in race spots... You don't have to understand the dialogue to get the humor... Ex-orchestra leader Pollack wouldn't confirm it but we've heard a rumor that Hershel is none other than Harry Ritz incognito... A natural for the jukes for sure now is Tex Williams' "Cigarets, Whiskey and Wild Wimmin" (right spelling)... The major networks barred it but defi-nitely this week... Capitol has two coiners ready for release in the King Cole Trio's "I've Only Myself to Blame" and "The Geek," a wildeyed novelty on the other side.

Bernie Shapiro, our old school chum who now answers to Mr. President at the Adams and Fairfax Corp., tells us Mon-treal distrib Moe Fine dropped in at the plant for a visit... Sales manager Al Silberman is off again, this time to Florida. ... Another traveler this week is Aladdin's Leo Mesner, who nailed brother Eddie to the desk before taking off for Chi and New York... Bill Wolf of M. S. Wolf still on the road, Fresno today and San Francisco tomorrow.... One traveling man we found in on Coin Row was C. A. Robinson, whose Al Bettleman took a turn at the wide open places... Back from a long haul, all the way to Guatemala was E. T. Mapes, visit-ing the local offices before heading for home and San Francisco. ... Ad man Ray Powers busy with buyers so right hand gal ... Ad man Ray Powers busy with buyers so right hand gal Lucy Garcia gave us report about Filben Mirro-cle moving out like the proverbial hotcake. . . . Bud Parr and Fred Gaunt bumped their heads together at General Music and came up with the inevitable boost for Magic-Glo. . . . Seems the courtesy "Thank You" button on the box is really paying off, according to the boys. . . . George Murdock was on the premises from San Francisco while we were around. . . . Found Bill Williams weathering a calm while waiting for more copies of "Stormy" to arrive. . . . The Williams' Box Score still on tap and still scoring, says Bill. . . . Ops troubled by old equipment acting up might drop in at Pacific Coast Ditsribs, where mechanic Powell Mark is supposed to be able to fix anything with a coin chute.

Badger Sales' W. R. Happel Jr. is still waiting eagerly for Keeney's new cigarette machine. . . . Paul Laymon excited about Bally's new game to be unwrapped this weekend but still strictly on the hush. . . . Caught Charlie Fulcher in a comparatively quiet moment and he proudly showed us the new Mills Constellation 40 selection and bonus feature ... six records for two-bits.... The box's unique appearance might be rated as another asset. . . . On subject of handsome boxes, the new Aireons really rated high praise from the local gentry last week. ... Rudy Greenbaum and Ed Whisler came in from the factory to help regional rep Aubrey Stemler and Sicking Distribs' pair of Jacks (Simon and Ryan) with the unveiling. . . . Struck us as a solid looking juke, yet streamlined and alive. . . Nice chat with Cele, Sicking's Latin type secy who gave the boxes some competition. . . . At Automatic Games Sammie Donin and George Warner cutting up a few touches with Dannie Jackson, just back from Pismo Beach. . . . Seen on the Row: Raymond Hendricks from Hanford, San Bernardino's F. W. Kaiser, San Luis' Eddie Lee, Visalia's Ivan Wilcox, Lomita's Thomas Boddy, Long Beach's Stanley Little . . . Bakersfield's Mrs. Fred Allen . . . San Diego's Cecil Vincent and Harold E. Quinn and E. E. Peterson.

THRUTHE CON CHUTE

MINNEAPOLIS

Brother, ever see a snow storm? ... a Minneapolis-St. Paul snow storm? ... well, if you haven't here's some idea of what one can be like ... ever since that snow storm of February 27 and 28 the Twin Cities are still trying to dig themselves out... maybe this is what they mean about March coming in like a lion and going out like a lamb ... let's hope for the lamb to come in, but quick ... in fact, the highways leading from the Twin Cities to the northern part of our grand state, and all the rural sections, are still snowed under ... it may not have been as bad as that 28 inch fall they had in New York ... but ... believe you me ... it was a darn good facsimile ... and, from what we hear, it will be several days before the snow plows get thru ... so, if you don't get too much news here of the guys and gals from all over Minnesota ... blame it on ole man Winter ... he's still around.

Gordon and Mrs. Rowe of Onamia, Minn. stopped off here in Minneapolis for a few days enroute home after spending a very pleasant vacation, they tell me, in Denver, Colo. and also visiting in New Hampton, Ia. . . Bob Aherin of LaMoure, N. D. called on our town this past week and visited with some of our well known distribs and jobbers . . . seems like Bob was plenty well satisfied with what he saw, heard and bought. . . Floyd Carlin of Sioux Falls, S. D. also called on our town this past week . . . "on business" . . . says he . . . and, from what we can gather . . . Floyd did the business.

Another visitor from Sioux Falls, S. D. this past week . . . none other than Don Schmidt . . . who drove in Friday . . . just ahead of the storm . . . and, from what I can gather, it was the speed of that car of his that beat the storm into our town the speed of that car of his that beat the storm into our town ... Don, tho, was forced to spend the weekend here because it was impossible to drive back ... but, I guess he enjoyed it anyway.... Say, I'm gonna get the prescription on how to do this "vacationing" business from Hank Sabes of American Sales Co. of our town ... Hank and his missus just returned from a very, very pleasant trip to Bermuda ... and what happens? ... they popped right off this past week for many, many days of visiting under Southern California's warm sunshine in Los Angeles ... youse guys and gals from L.A. who read this'll meet two very swell people in Mr. and Mrs. Sabes

Oscar Winter of LaCrosse, Wis. drove into our town and spent Oscar Winter of LaCrosse, Wis. drove into our town and spent a few days visiting about among our noted distribs here . . . Oscar is one man who simply steps into his car—steps on the gas—and away he goes. . . Wesley and Mrs. Smith also de-serted us . . and just in time, too . . . they left for a very nice vacation in Los Angeles. . . Say, what's coming off here . . . is everybody going to Los Angeles? . . . so what'm I doin' in town? . . . By the way all you guys who are interested . . . the quarterly meeting of the South Dakota State Operators' Asso-ciation will be held in Huran, S. D. on March 7, 8 and 9 . . . three very interesting and informative days. . . . Johnny McMa-hon of Eau Claire, Wis. also in our town, but, for only a day . . . what'samatta, Johnny, don't you love us anymo'?

Roy Stimpert of the Springfield Music Co., Springfield, Minn. was seen here, there and everywhere in this man's snowed in town this past week . . . looks like Roy was just lookin' . . . or was he? . . J. C. Weber of Blue Earth, Minn. made us feel swell . . . he was in town for a few days last week . . . and told us that business was absolutely swell . . . an' believe me that's the kind of guy I like . . . who doesn't care what's about thisa or thata . . . but just keeps right on going ahead and doin' a very grand job. . . One of our greatest sports fans here in Minneapolis is Harold Lieberman . . . a very swell person . . . and the other night we saw him in Minneapolis Auditorium watching the big basketball tournament with his son and daughter . . . and . . . getting a real, big bang out of it, too. . . . And that always reminds me . . . one guy in our town who takes over his son . . and, by the way, his son is supposed to know what it's all about, for the kid's a student at our famed Minnesota U. . . . is Willie (The Sphynx) Cohen . . . Willie just never loses to that grand boy of his and has become one of the best sports in our community.

NEW ORLEANS

Louisiana coinmen were watching the primary voting for governor this past week with a great deal of interest. The vote, a record by the way, went to Earl K. Long, brother of the famous "King Fish" Huey P. Long, by a majority of over 200,000. . . Dixie Coin Machine Company and Console Dis-tributing Company, are two of the business houses in this city sponsoring a radio program "This Is Our United States", which is broadcast over station WNOE each day from 12 to 12:15. Savings Bonds are given away as prizes for the best contest entry. . . Ray McKinley, the popular orchestra leader, is at the Blue Room, which together with the Ice Show, was held over. He's been at this spot now for over two months.

The Bing Crosby record of "Now Is The Hour" is the top tune in most of the spots here.... Coinmen attribute the good weather that's been on tap recently to the two Gracies, who spent some time here—Gracie Allen, the radio star, and Gracie Fields, the English songstress. Fields is playing at the Bev-erly Country Club, and is reported to be drawing record crowds. ... Bob Buckley and Sam Tridico, Console Distributing Com-pany report that their special delivery service is responsible for quite a good deal of business. They also state that Ward Peters flew to Dallas, Texas, this week on business for them. Ward flies his own new four passenger plane. He was a pilot instructor during the war... Henry Fox, the "Poydras Street Trader" having a rough time with old man sickness. He was laid up with the flu, his young son had his appendix removed and his little daughter was sent to bed ill. Mrs. Fox had to be the strong one, and nurse her brood.

Johnny Bertucci, somewhere in the Florida waters fishing from his new boat, which is described as terrific by those who've seen it. . . Ed Holyfield, another fishing bug, went looking for a good place to drop his lines this past week. . . . Jerry Thomp-son and Buster Diebreaux of T. & D. Novelty Company, Biloxi, Miss. are reported to be doing a nice repair and maintenance business on the coast. It's stated that they had a great deal to do with getting many of the operators back in business after the September storm. . . . Nobody had to wonder who Dan Cohen was rooting for in the election. . . Pete Nastasi, who lost his camp in the September storm, has completed his re-pairs and is ready for the summer. . . Larry Copeland dropped in to visit with Lupe Buckley of Console Distributing Company this week. Lupe claims it's the first time she has seen Larry since his trip to Montana and Nevada. . . The F. C. Maloneys expecting the stork in July. . . . Mary Rose Trocale, secretary for the Dixie Coin Machine Company, nursing her father, who is on the sick list. is on the sick list.

HOUSTON, TEX.

Sunland Supply Company, Inc., a large distributing firm, opened a Mercury record wholesale distributing branch here on March 1st. One of the outstanding features of the firm's new quarters is their large parking lot for customers, which ad-joins the building. Personnel at present includes Larry Salz-man, sales manager, J. M. Kahl, traveling representative, and glamorous Flo Nicholson, counter sales. . . A new coin ma-chine distributing firm opened offices under the name of Em-pire Sales Company. Lon L. Allbritton and Mrs. Allbritton head the firm. Lon conducted a coin machine business in San An-tonio for over fourteen years before coming to Houston last fall. Allbritton reports excellent business and the Mrs. chimes in "It has to be to meet the high cost of living in this neck of the woods."

Crowe-Martin Distributing Company, who recently acquired the phonograph line of Aireon Manufacturing Company, announced that it will conduct its business from one location, which is San Antonio. That means the firm is discontinuing its quarters in this city, altho Crowe announced that traveling representatives would take care of his record and other lines thru the Houston territory. . . . A. H. Shannon, Coin Machine Sales Company, Houston's oldest coin machine distributing firm, waxed eloquent talking about "Gold Cup", Bally's new one-ball game. . . . Norman Atkinson Jr., formerly connected with Crowe-Martin, and Bob Bowerman announced that they have formed a partnership under the firm name of "The Cleft". They opened their retail record store on Travis Street

Fred Barber and George Wrenn closed a big deal with Collis Irby when they purchased the Wallbox Sales Company. Wallbox Sales Company is one of the largest and best known coin machine firms in the state. . . . Cecil Robertson, owner of the Automatic Amusement Company, spends considerable time fiddling with his hobby of photography. It's reported that Cecil's pictures look far better than the average professional jobs-probably due to the fact that he is severely painstaking and spares no expense as to equipment and supplies. . . . Wayne Switzer, prominent young Seeburg operator seen enjoying himself at a Bi-district basketball game. . . . Harold Long of the Dallas office of Commercial Music Company (Wurlitzer dis-tributors) in town on a business trip to the Houston office of Commercial. . . . Macy's wholesale record store recently added the Savoy line.
