"Little Fellow" (2:56) "''Nuff Said" (2:57) RAY HERBECK ORCH. (Bullet 1015)

• Pair of delightful sides from the capable Ray Herbeck ork spill here with the light fashioned tones of "Little Fellow" and "'Nuff Said" weaving thru the wax in mellow time. Piper Hal Munbar to the mike for the ultra sweet, soft wordage of the top deck. Grab the title and you've got the wax message here. Hal's vocal spot is pleasant as it stands, with the band filling in to round out the side. On the flip with "'Nuff Said", Lorraine Benson joins with Hal to spell a cute little piece. Stuff is there for the asking, and should meet with favorable approval by music ops—especially those who operate wired music.

#### "Laroo Laroo Lilli Bolero" (3:03) "Spring In Demember" (3:16) EDDY HOWARD ORCH. (Majestic 1224)

• Ultra soft purring by maestro Eddy Howard and a barrel full of pleasure treasure with this cookie. It's the rapidly rising "Laroo Laroo Lilli Bolero" on the top deck, with Eddy piping in slow, tender tones that satisfy. You'll go for the romantic pitch of the ditty—add a voice such as Eddie Howard has, and you've got a coin winner. The maestro-balladeer comes thru for ops again on the flip, another piece bound to stir up sighs and the like among the swoon set. "Spring in December" shows as a disk that can do the trick—and in a big way at that. It's more velvet set to music and of the kind bound to sooth and charm the most avid listener. Get a load of this bit—it's sure to prove itself.

#### "He Likes The Girlies" (2:51) "Nightingale Polka" (2:36) WALTER SOLEK ORCH. (Harmonia 1175)

• Label this hunk of wax "must" material for your phonos. Following on the heels of their smash success with "I Love Julayda", Walter Solek and his boys step out in fine regalia to give with more buffalo meat in the person of "He Likes The Girlies" Natch, it's more polka wax, and of the brand that stacks up heavily when it comes to coin play. Sensational wordage of the ditty, coupled with an exceptional arrangement makes the disk as catchy as the mumps. You'll likewise go for the flip, a merry, happy affair flashing in good flavor all thru. Top deck is tailor made for a spot on your machines. With the nation polka happy—we see no reason for it not clicking.

#### "My Happiness" (2:51) "They All Recorded To Beat The Ban" (2:49)

JON & SONDRA STEELE (Damon 11133)

• Ditty kicking up a storm in the midwest, and rapidly spreading throughout the nation is this bit by Jon & Sondra Steele. Labeled "My Happiness", the wax shows as material well loaded with strong possibilities to score. Ditty spills in slow, tender mood, with the duo pitching pipes in soft hushed manner behind some favorable instrumental backing. Grab the title here and you've got the bill of fare. Stuff should go well in those tavern spots, and especially so with the fans that love to listen. Flip is a take-off on the disk ban, with the title once more offering the wax message. All the coin potential lies within the top deck—it should rack up lively play as it stands.

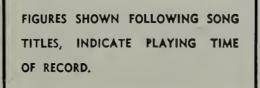

KING COLE

 Seldom are we permitted to gaze upon a miraculous event. In this "Nature Boy" by Nat "King" Cole and Frank DeVol orchestra. Cause for all the excited comment is the remarkable and compelling nature in which this disk is rendered. Nat's ever pleasing simple and re-Nat's ever pleasing simple and re-laxed manner show in magnificent tones of quality attained by only few. The disk is unique in that it tells a story—and one that should definitely meet with approval on the part of music operators and their phono fans throughout the land. The flowing-glowing wordage cast a spell upon the listener and draws one back for another earful draws one back for another earful time and again. Haunting and dramatic music furnished by maes-tro Frank DeVol is more than enchanting throughout the wax-it ably serves Nat with a medium for brilliant and rapturous climax. Nat's phrasing of the elegant wordage is immaculate and emphatically points all the more to a daz-zling performance. On the flip with "Lost April", from the Goldwyn flicker "The Bishop's Wife", Nat is joined by the trio to offer more moments of ecstatic music. This side is one that will draw live play in the machines also. "Nature Boy" represents a milestone in the music industry. It's latent power as a commanding coin-culler is immeas-urable. It is a "must" in your machine!

#### "Bouncing With Benson" (2:41) "Boogie Ride" (2:46) PAUL WILLIAMS SEXTET (Savoy 664)

• Pair of flashy sides that ops with race spots can latch onto are these offered in stylish manner by the hep Paul Williams Sextet. Top deck grabs the lead, with an ode to jockey Al Benson spilling. Titled, "Bouncing With Benson", the disk does just that—it bounces and rocks all over the place. Mellow instrumental work is spotted throughout the waxing, with the refrain fine and dandy. On the flip with a choo choo story labeled "Boogie Ride", the crew come thru with more stuff made to order for the jazzophile set. Get next to the pair—they spell coin play.

#### "Mary Lou" (2:40) "Chinatown & Hindustan" (2:41) AQUA STRING BAND (Modern 20-278)

• This thing should slay 'em—and have phono fans standing six deep waiting to play this hunk of wax. It's more string band music, with a pair of fresh and invigorating tunes sure to meet with wide approval. With the fond strains of "Mary Lou" and "Chinatown & Hindustan" echoing in brilliant fashion here, the wax takes on the appearance of top phono material. We go for the top side, bound to get a hypo from its flicker attachment of the same name. Spot vocal on the side is loaded with appeal, with the ork blending to round out the wax. Stuff is sure to go in a zillion spots—hop on the bandwagon.

#### "Love Of My Life" (3:13) "You Can Do No Wrong" (3:00) HARRY JAMES ORCH. (Columbia 38156)

• Pair of fashionable sides by maestro Harry James and wax that the moonstruck kiddies can latch onto. Featuring chirp Marion Morgan on the pair, the disk shows with loads of appeal for a phono spot. Top deck grabs all the glory, with the thrush spooning her delightful way all thru. Wax is slow and haunting, and features a weird opening spot. Metro of the ditty, in beguine tempo, is highly suited to the dance crowd. On the flip with "You Can Do No Wrong", balladeer Vinnie De Campo joins the canary for a light novelty spot. Wax is fair as it stands, and altho it won't stop traffic, it should go over well with the many James' fans. Both sides are from the forthcoming MGM flicker, "The Pirate" and should come in for some heavy flack once it breaks.

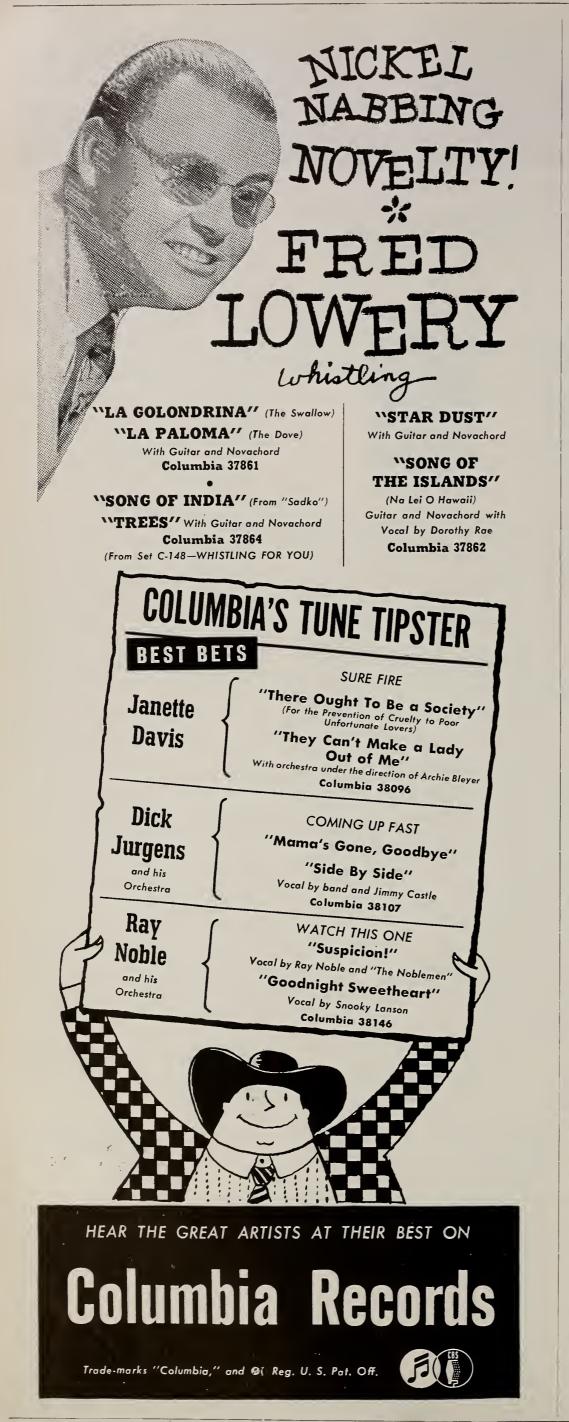

#### "You Can't Be True Dear" (2:58) "Once Upon A Wintertime" (2:47) VERA LYNN (London 202)

• The pipes on this kid makes you sit up and take notice! It's chirp Vera Lynn on a pair that should garner mad raves once it gets around. Pitching pipes to the tempo of the current click "You Can't Be True Dear", Vera displays a beautiful set of tonsils. Waxing weaves in waltz tempo, with the gal's offering mellow throughout. Stuff should earn a spot in your machine—it is that good. On the flip with more romance material, Vera comes back with another potential coin winner in the person of "Once Upon A Wintertime". Stuff is a plush, velvet lined ballad—soft and warm throughout. Orchestral backing by the Bob Farnon ork spikes the disk. For musical pleasure and coin in the phonos—get next to this duo.

#### "Long After Tonight" (3:04) "What Do I Have To Do" (3:00) ANDY RUSSELL (Capitol 15055)

• Strong ballading of piper Andy Russell in even more powerful tones on this bit takes on an atmosphere of rich exuberance and the taint of excellent coin play for phono ops. Currently receiving wide raves throughout music circles, Andy's rendition of "Long After Tonight" should meet with heavy approval. Take note that the ditty is prominently featured in the much flack flicker "Arch of Triumph". On the flip for a bit of gaiety, mate Della Russell poins her hubby to pitch a duet on "What Do I Have To Do". It's another picture tune, this time from the Universal-International show "Are You With It?" Wax makes for favorable listening pleasure all the way. The many Russell fans should go for this pair.

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages

With all the sad, dreary expressions on most faces around Tin Pan Alley, one would think that a wake had hit the street. Most pubbers complain that sheet sales are experiencing their worst slump ever; while diskers aver that record sales continue to hold up. All factions agree that "things ain't what they used to be" —or should be, in this case. Recent trend noted in the biz is that songwriters are taking the initiative and are going out stimulating their own material thru juke box operators. Penners claim that since the publishers and parent record manu-facturers won't plug their own songs via juke boxes; they will. And not too sur-prising is it to see a host of these songwriters come away with beaming smiles. Nevertheless, the slump in sheet music sales, and the comparative tightening in disk circles represents a problem to the biz. To reiterate a wise sage of yesteryear—"What we need is a good 5c cigar."

Palda Records followed this column's suggestion and recorded the Charlie Tobias-Peter DeRose tune "Babe" by the Ferko String Band. Using 65 pieces, the session was one of the most ambitious to date. "Babe" is dedicated to the King of Swat, the Mighty Sultan, Babe Ruth, and with his approval, will have the advantage of exploitation on the song done thru a flicker being made on the Babe's life and an eight week serial in the Saturday Evening Post. The disk is scheduled for release in two weeks, right in time for the opening of the baseball season.

DeLuxe Record prexy Dave Braun announces that his firm has set up their own distribution in Baltimore, Md., to cover both the Baltimore and Washington, D. C. territories. The office is under the guidance of Mr. Sidney Bernstein, well schooled in the disk biz... "Bullets" Durgom, personal manager for Andy Russell, the Pied Pipers and other personalities in the music biz has at many occasions been mistaken for Jim Bulleit, prexy of Bullet Records. As a matter of fact they have been receiving each other's mail. The two caught up with each other one day last week and worked up a business arrangement whereby Bullet will release and distrib one of "Bullets" attractions, the Bob Troop Trio. First side is to be "Bye Bye Blackbird" and "Heidi". . . .

Merrill Kaplan, ace trombonist at the Loew's State for 17 years recently joined the staff of Georgia Music, and has been selling so many records, he tells us he's thru with the horn . . . Keep your eyes peeled for "My Happiness", a storm about to break in record circles. It's on Damon Records . . . Leading pubbery making up viny platters and flashing their ace tune on same to disk jocks and ops alike . . . Couldn't catch our breath after gazing at that smart Daisy Mae that visited us this past week. Daisy is heralding the forthcoming DeLuxe release of "Makin' Love Mountain Style" . . . Duke Ellington, one of the truly greats of our time coming along nicely after a very dangerous bit of surgery . . . Keep your eyes peeled for "Better Luck Next Time" and "A Fellow With An Umbrella" from the MGM flicker "Easter Parade".

"At A Sidewalk Penny Arcade" (2:35) "Crying For Joy" (2:40)

> PIED PIPERS (Capitol 15057)

• Loads of pleasure in store for phono fans with this double-decker. It's the Pied Pipers offering romantic strains of harmony on "At A Sidewalk Penny Arcade". Effective background music by maestro Paul Weston and his boys tag this piece as meat for the soda-sipping crowd. Stuff is soft and refreshing and makes you wanna come back for more. On the flip for the metro of the gallant Gershwin oldie "Crying For Joy", the combo sing their merry way to a ton of coin. The light bounce treatment offered is both delightful and attractive. Latch on to this pair of satisfiers and keep the buffalo heads rolling into your phonos.

#### "The Miracle Of The Bells" (3:11) "Evelyn" (3:01) TOMMY DORSEY ORCH. (Victor 20-2779)

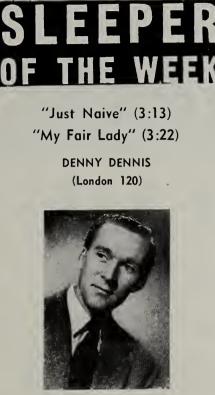

• Pair of sides by maestro Tommy Dorsey and the sweet melody of "The Miracle Of The Bells" and "Evelyn" seeping thru. Piper Stuart Foster grabs the lead in the top deck, with his pipes ringing true all the way. Ditty is featured in the flicker of the same name, and should garner a slew of heavy publicity. On the backing with more light refrains, Harry Prime teams with the Clark Sisters to offer "Evelyn". Ditty is soothing and refreshing and should meet with approval in the more quiet spots. The pair will make excellent filler material. Ops that have a spot—take note.

#### "Love Of My Life" (3:04) "You Can Do No Wrong" (3:07) PERRY COMO (Victor 20-2784)

• More scintillating music by balladeer Perry Como and a song sure to be on the top of phono lists in the very near future. Titled "Love Of My Life", Perry offers a ton of romantic wordage in exceptional styling. Ballad is very strong and meaningful, with a piper's charmed tonsils spilling an air of tender fragrancy throughout. Beguine beat behind spikes the disk and adds to the tremendous possibilities it has. On the backing with "You Can Do No Wrong", Perry once again comes thru with another coin winner. Both sides are by Cole Porter and are featured in the forthcoming MGM flicker "The Pirate." The Russ Case ork back Perry in very fashionable styling, with the spotlight on the crooner throughout. Get next to "Love Of My Life"—it's going to be a big one.

#### "Lies" (2:56) "Congratulations" (2:49) CHRIS CROSS ORCH. (Sterling 4003)

• Pair of sides bound to kick up a storm which might develop into an avalanche of coin play for music ops are these offered in exceptional manner by the Chris Cross ork. Top deck is an oldie, with a rendition that is bound to draw a load of attention—and buffalo hide at that. It's the beat and rhythm offered that attract, plus a fond vocal spot by Hal Rocca and the Crosstones. Flip makes for more pleasant listening and should go well with the quiet set. "Lies" as it stands will draw loads of nickels.

DENNY DENNIS

• Crooner Denny Dennis bounces into the spotlight again via this disking bound to stir up loads of coin play. It's titled "Just Naive" and sure to set the bobby-sox parade howling and clamoring for more. Set in a soft plush atmosphere of musical charm and rapture, Denny offers a ton of melodic brilliance with this nostalgic ballad. Tailor made for the crowd that loves to love—this piece is a natu-ral for the phonos. Denny's rich pleasing voice is filled with intimate meaning, and makes for startled sighs and the like. On the backing with more meat for the moon-in-june kids, Denny comes back with another potential winner in "My Fair Lady." It's more sweet strains of pleasure filled listening with Denny displaying his excel-lent vocal strains in grade A fashion throughout. Orchestral backing by the Stanley Black orchestra hypo the pair all the way and add to its coin culling ways. "Just Naive" will set the pace as a featured disk in the phonos.

#### "At A Sidewalk Penny Arcade" (3:06) "Who Killed 'Er" (3:00) TONY PASTOR ORCH. (Columbia 38142)

• It's another boffo disking for maestro Tony Pastor! Sure to hit the top on many an operator's machine is this bit titled "At A Sidewalk Penny Arcade". With chirp Rosemary Clooney on deck to offer the vocal spot, the deck shines all the more. It's a romance story that takes place in a penny arcade, with cute abounding lyrics flowing all over the place. The gal's pipes are delightful and blend blissfully as the wax weaves in slow measure. Ork backing by the Pastor boys shows as grade A stuff all thru. On the flip with "Who Killed 'Er", the crew step out in high fashion for a spot of novelty wax. It's The Clooney Sisters to the fore in the vocal spot, with the band joining in for a chorus also. Both sides rate heavily with "At A Sidewalk Penny Arcade" grabbing all the glory. "You'll Never Cry Again" (2:50) "Jump It But Don't Bump It" (2:56) SUNNY WILLIAMS

C.C.

#### (Super-Disc 1058) More meat for ops with race spots there for bin for bin bin by Super-

are these offered in fair fashion by Sunny Williams. Titled "You'll Never Cry Again" and "Jump It But Don't Bump It", Sunny displays his versatile styling on the pair which might prove attractive. Top side spills in slow, tender fashion with Sunny offering the wordage in blues manner. Title gives off the bill of fare throughout. Flip is a bit of ivory boogie, with Sunny coming thru with a spot vocal. Wax won't tear up the town, but nevertheless is favorable.

#### "Just Naive" (2:57) "The Man With The Horn" (3:00) JIMMY ZITO ORCH.

#### (Coast 8031)

• Combination of chirp Helen O'Connell, ex-Jimmy Dorsey chirp, and Jimmy Zito and his boys labels this platter golddust. Helen's warbling on the top side, titled "Just Naive" proves to be just as enhancing as ever. The gal certainly has lost none of her fine vocal quality. Flip is an instrumental bit, with maestro Jimmy puckering up for the melody of "The Man With The Horn." Wax should be familiar to music ops since it scored on the phonos not too long ago by another horn-blower. "Just Naive" is the side they'll yell for---and loud and long at that.

#### "That Ain't Right" (2:43) "May I Never Love Again" (3:05) FRANKIE LAINE (Mercury 5114)

• Pair of sides that will fit your phono like a glove are these done up real brown by Frankie Laine. Spilling the vocal strains of this oldie on the topside, Frankie demonstrates his superb brand of tonsiling, with the Carl Fischer ork backing the lad in fine manner. On the flip with a piece that is more toned down, Frankie offers "May I Never Love Again." Stuff is soothing and blissful throughout and makes for favorable listening pleasure. Both sides are sure to go over big with the many Frankie Laine fans—latch on.

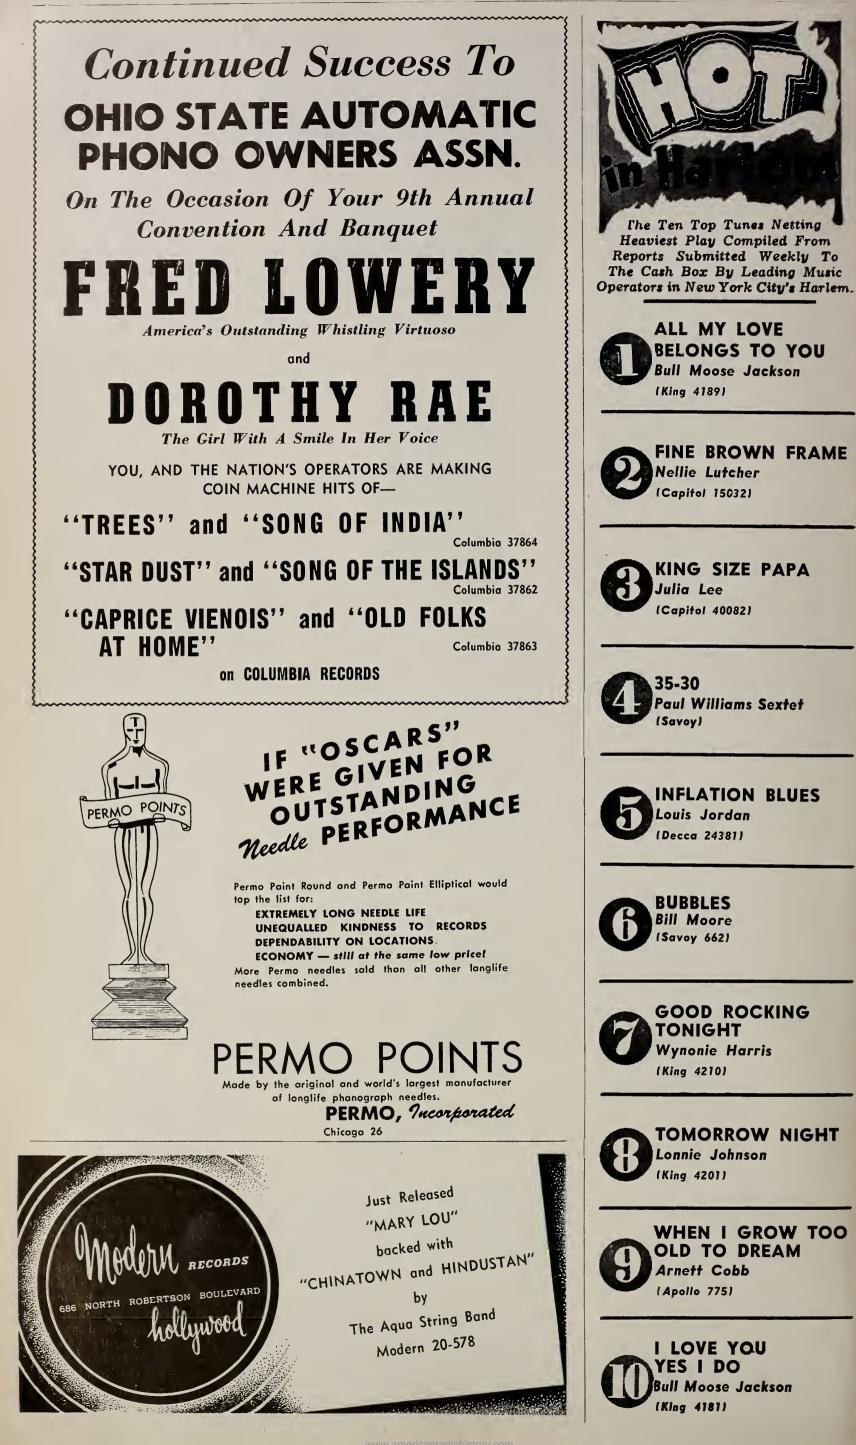

#### "Tell Me A Story" (2:54) "Haunted Heart" (2:57) VIC DAMONE (Mercury 5120)

• More melodic music that is bound to fill your phono is this piece by crooner Vic Damone. Labeled "Tell Me A Story" and "Haunted Heart" Vic displays his top notch vocal caliber behind a plush background of sweet and strings. Stuff is sugar coated for the romance crowd and is suited to both the dance and listener crowd. Both sides are currently kicking up a storm in many a spot, and as such should come in for loads of flack. The pair are also being heavily plugged, and are bound to cause loads of excitement once they make the rounds. Vic's rendition will fill the bill-you take it from here.

# Block Week'' April 15-22

-Page 15

NEW YORK—After thirty successful years in music, and 20 years in radio, Ray Bloch, music conductor for Signature Records is being honored through the medium of "Ray Bloch Week" (April 15 to April 22.)

Sponsored initially by Signature, the program has gained momentum as radio stations, disk jockeys and trade publica-tions throughout the nation climbed aboard for the week long salute.

During the week Bloch will apear as a guest on many top disk jockey shows in the metropolitan area.

Climaxing the week, Ray Bloch con-ducts an all-Gershwin Concert at Carnegie Hall. The concert is sponsored by the Victory Lodge of B'nai B'rith and the proceeds of same will go to charities designated by that organization. It, incidentally marks Bloch's first appearance at Carnegie Hall. Appearing on the bill will be vocalists Alan Dale, Robert Mer-rill, Genevieve Rowe and Monica Lewis.

April 17, 1948

HOLLYWOOD, CALIF .- First major meeting with dealers in the history of Capitol Records, Inc., was held this past week, (April 2) at Salt Lake City, Utah, in cooperation with Mountain States Distributors, Inc.

Attending this meeting at the New-house Hotel in Salt Lake City were Jerry Colonna, Gordon MacRae, Martha Tilton, the Benny Goodman Trio, Merle Travis and Jimmy Wakely; all representing Capitol artists.

Floyd A. Bittaker, Vice-President of the plattery, and Robert W. Stabler, assistant national sales manager, represented the firms national headquarters during the session.

Arrangements for the meeting, attended by more than 600 dealer representatives, were made by E. E. Pritchett, manager of the Mountain States distrib firm, and Frank Greenburg, manager of the firm's record department.

The program included a brief discussion of record merchandising and an entertainment program featuring many Capitol Records artists.

### Charlie Spivak Rumored In Split With Victor

NEW YORK-Charlie Spivak and RCA-Victor were rumored to have severed contract relations this past week. What is supposed to have caused the spit between the maestro and the diskery is

unknown at this writing. Spivak came to RCA-Victor during the last record strike, called by the American Federation of Musicians. At that time, Spivak recorded for Columbia, and he advised the latter plattery of his intended move just prior to the strike being called. Columbia pulled all his disks from the market, leaving Victor with none to issue at all. Spivak, meanwhile went without a record for close to two years.

#### Krantz Severs "Clover" Deal With Mercurv

PHILADELPHIA, PA.—Dave Krantz, president of the Krantz Record Co., disclosed that he has severed his affiliations with the Mercury Record Co.

Krantz had a deal with Mercury, whereby the latter would press and distribute the original Krantz recording of "Four Leaf Clover" by the Uptown String Band.

Mercury is supposed to have ceased pressing as of April 1st, with all stampers used in the production of the click disk to be returned to Krantz. An accounting of disks sold is also to be made to Krantz. The cancellation of the contract will not involve any legal tangles Krantz asserted, since there never was a written contract with Mercury.

### WSM Retains Exclusive **Right To Grand Ole Opry**

Another Federal Court this week upheld Radio Station WSM's exclusive right to the use of the show title, "Grand Ole Opry."

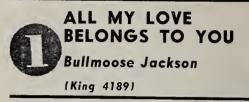

In a suit brought in the Southern Division of the Southern District of Mississippi in Biloxi, WSM, Inc., was granted a permanent injunction re-straining Chuck Williams and his Georgia Peach Pickers from using the name, Grand Ole Opry, in his adver-tising or using any reference to the Opry which would "have a tendency to mislead and deceive the pubic into believing that his programs are spon-sored by or in any way connected with the plaintiff in the case."

Commenting on the action Harry Stone, WSM General Manager, pointed out that this case was important, not only because once again it proved WSM's right to the exclusive use of "Grand Ole Opry," but because it demonstrated that other acts cannot falsify their advertising with references to past connection with the Grand Ole Opry.

The decision in the Williams case was handed down by United States Judge S. C. Mize. Other similar action brought within the past year by WSM, Inc., resulted in successful suits in Kentucky and Georgia.

# DISKERS SMASH DOWN ON WEST COAST BOOTLEGGING OF HIT TUNES

HOLLYWOOD, CALIF.—Federal police officials, in addition to private and local law enforcement officers were known to be investigating reports of "bootlegging" or in stronger terms, the actual theft of recordings and masters here this past week.

The situation, which has been kept in the dark for the past three weeks, until police officials could start their investigation, has grown to quite a large extent, involving a great many of the major and independent recording companies on the West Coast.

A ring of thieves, undoubtedly familiar with the recording business, are reported to be dubbing records off the air, reproducing actual labels, and selling the disks thru various distribution channels. In many cases, master recordings are "borrowed" to assure the disk's accuracy.

It is pointed out that there are dozens of pressing plants on the west coast, many who will take on work without asking any questions. Not only are the original recording companies being injured by these tactics it is pointed out, but publishers, artists and the Federal government itself are invoved. The manufacturer of these spurious platters evidently forgot about the payment of Federal Excise tax. Several of the major platteries have been reported banding together with many independents in an effort to track down the instigators of the racket.

Paul Southard, formerly in charge of Sales of Columbia Records, Inc., has been appointed Vice President in Charge of Merchandising, according to an an-nouncement by Frank K. White, Presi-dent of Columbia Records. Under the company's new organizational plan, the Merchandising Department under Mr. Southard's supervision will incorporate sales, distribution, advertising, sales pro-motion, publicity and related angles of the business.

Mr. Southard has a background of more than a quarter of a century in the record business. He started in 1920 with the Aeolian Company which made Vocalion Records, at a time when made vocal-ion Records, at a time when modern re-cording was in its infancy. Later he was associated with the Brunswick Com-pany, the American Record Corporation, and the RCA-Victor Company. In 1939 he joined Columbia Records as Sales Manager, in charge of training the field force and developing the company's distributing organization. He became Vice President of the company in 1943 and member of its Board of Directors in 1947. He is a resident of Fairfield, Conn.

TITLE

SEYE of the WEF "Tennessee Waltz" "How Much Do I Owe You" COWBOY COPAS (King 696)

Folk and Western

• Following on the heels of his smash recording of "Signed, Sealed & Delivered," Cowboy Copas sets another pair here that are sure to become featured items in the phonos. It's the topside of this patter that grabs the glory, as Copas steps up to offer "Tennessee Waltz." Ditty is a slow tempered folk tune, with Copas' strong competent tonsils spilling in smooth refrain throughout. Stuff is tailor made for your machines-add to the disk's top notch quality the tremendous popularity of Copas and you've got one that will score. Flip is a switch to some peppy wax with Copas and the boys displaying their talents in fine fashion. You'll go for the top deck in a big way.

#### "Seaman's Blues" "Waiting For A Train" ERNEST TUBB (Decca 46119)

• Pair of sides for ops to latch onto are these offered by the very popular and capable Ernest Tubb. Titled "Seaman's Blues" and "Waiting For A Train," Er-nest shows with a load of flavor and nostalgia, sure to kick up a storm. Top deck is a plaintive ditty with Tubb pitching pipes in smooth manner. Flip is another choo choo story which might garner a load of attention. Take note of Tubb's wide popularity and you're sure to grab onto this piece of wax.

> "Lone Star Moon" "Play Fair" GENE AUTRY (Columbia 38148)

• More mellow music by Gene Autry and a pair of sides which ops might use as good filler material. Both sides are fashioned in effective fashion, with the top deck, "Lone Star Moon" hogging the spotlight. Group vocal on this deck highlights the wax and likewise adds to Gene's vocal spot. Flip is favorable as it stands, with the relaxed melody spilling throughout. Ops that have a call for Autry, and that covers loads of territory, ought to go for this

#### "No Reason Left To Care" "I Feel Better Since I Got Your Letter" PETE NEWMAN (Majestic 6028)

• Pair of sides which might kick up a slight storm, are these offered by Pete Newman. Rendition of both shines brightly, but its the material offered that detracts. The pair are offered with loads of nostalgia, as the wax weaves slowly throughout this melancholy piece of wax. Both sides are aimed at ops with Western spots. You take it from here.

CHICAGO—Tower Records new address, come May 1st, will be 540 Michigan Ave., North, which will also feature their display rooms . . . and that's going "classier" than ever, Dick Bradley . . . so here's wishing you lots of luck in your new spot. . . Nellie Lutcher still absolutely moiderin' 'em with her individual style of zingin' those numbers over. . . . London Records bangs into town with a new hit, clickin' in the jukes here, "Heartbreaker" . . . and the London firm just gettin' goin' we're told . . . what? after that zingeroo "Now Is The Hour"? . . . Rosalie Allen getting lots of nice congrats from the music boys here because of her RCA-Victor platter, "If I've Only Been True To You" . . . swell job, Rosalie, it's a honey. . . Disc jocks here all hepped up over "The Mojo" by Sax Mallard. . . Aristocrat is now chalkin' up another hit. . . Eddie Howard ("Juke Box King" of '46 and '47) provin' it, buhlieve me, at the Aragon these nites . . . get out there and see for yourself.

Composer and quintet leader Raymond Scott is absoutely sockin' em over with his daring and original music at the Rag Doll... and this is one spot where you gotta be good, my boy, you gotta be good. ... Kay Starr continues to be the major attraction at the College Inn which includes up and comin' balladeer Darwin Daine ... watch this kid, he's goin' places ... and Herbie Fields ork doing a very, very grand job behind this star studded show.... The Blue Note will offer Louis Armstrong's great jazz group in a teenage concert ... and that Louie knows how.... Skitch Henderson on the stage at the State & Lake and doin' it up brown.... Skitch you're gettin' better every day.... Georgie Olsen, with those smooth, danceable rhythms of his will be leaving the Edgewater, he tells me, on April 9 and that Orrin Tucker and his ork follow. in.

That lovely you hear these nites singin' with Chuck Foster is . . . Marion Spellman . . . nice, ain't she? . . . and extra good on the vocals, too. . . . Jimmy Featherstone opens at the O'Henry Ballroom on May 5 . . . catch his music. . . . Wayne Gregg into the Martinique on May 6 . . . Universal disks now have Ken Griffin's "You Can't Be True Dear" . . a lovely hunka stuff . . . listen to it . . you'll like this version. . . Tommy Carlyn leaves the Tianon . . and back to his old stampin' grounds . . . Bill Green's Casino in Pittsburgh . . . but the smoke ain't gonna hide this kid . . he's got the stuff . . . expect to see him bustin' Broadway wide open one of these days. . . . Stan Kenton and his "progressive jazz" (which Stan claims was the biggest of all big gambles he ever took) clicked to well here that they've got him comin' back to the Opera House for more . . . April 20 and 21.

Hey, you guys, didja get in on those cigars Hughie Keough was passin' out in the Woods Bldg. this past week? Seems Hughie became a daddy for the fourrth time...one more and they'll be featurin' the Keough basketballers in Madison Square Garden one of these days... whaddaya say, Hughie?...What a helluva bad break Thelma Gracen got last Sunday eve! Those gunmen who held up the Martinique taking three rings from Gay Claridge's vocalist valued at 15 gees ...our sympathies, Thelma, and here's hopin' they catch those crooks....Gloria Hart still givin' with "the stuff" that brings 'em back again and again to the Blackhawk...while Art Kassel builds 'em castles in the skies with his sweet music...that Art's okay, ain't he?... knows just what the people want. OHIO OPS MEET ATTRACTS NATION MUSIC BIZ LEADERS

Many Music Publishers, Song Pluggers and Diskers To Be Present at Annual Meet, Hollenden Hotel, Cleveland, April 14

JACK COHEN President, Cleveland Phono Merchants Assoc.

CLEVELAND, O.—Music operators here are of the belief that one of the most impressive turnouts in all the history of the state's music organization will be noted this April 14, at the Hollenden Hotel, when the Ohio State Phonograph Operators Association convenes for their Ninth Annual Convention here.

Already many of the nation's leading music publishers, pluggers and diskery representatives are on their way to attend this state-wide meeting of Ohio's automatic music operators.

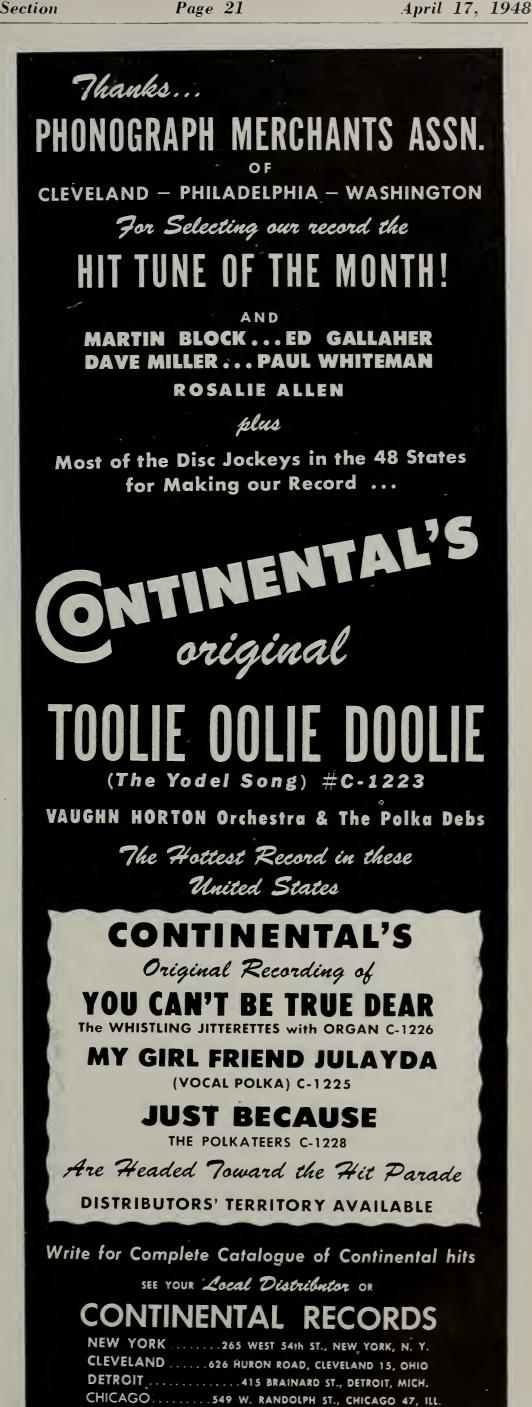

In addition, every one of the large juke box factories intends to have representatives present at this meet, just as they have been present in past years.

The meeting will be called to order during the early morning hours by Jack Cohen, president of both the Cleveland Operators group, as well as the state organization.

Delegates from various chapters of the association, in the cities thruout the state, will also be present. Many important problems are expected to be discussed at the meetings which have been arranged during the daytime period. The evening will see one of the usual grand entertainments, dinners and dances which this organization features. Decca headliner Carmen Cavallaro is the featured orchestra this year.

Last year two bands appeared, Eddy Howard and Gene Krupa, both presenting one of the finest shows ever. In addition to Cavallaro, entertainers will also be on hand.

The organization has again asked  $Th^{\circ}$ Cash Box to distribute copies at all tables for the big evening affair. A special shipment of The Cash Box will be flown to Cleveland for distribution.

Please mention THE CASH BOX when answering als-it proves you're a real coin machine man!

YERMI STERN

NEW YORK—Yermi Stern, president of Hit Parade, Inc., this city, who are clicking in the juke box industry with their "Hit Parade" posters featuring point of sale advertising for the top ten tunes of the month, reports that the firm are preparing to name distributors for these posters thrubut the nation.

According to Stern, ""After long and exhaustive location tests thruout the country we have now decided, because of the great and growing demand for our 'Hit Parade' posters, that we need distributors in all important sections of the nation so that the juke box operators will be able to obtain instant service."

He also said, "With such organizations as the Automatic Music Operators Association of New York voting wholeheartedly in favor of 'Hit Parade' due to the tests made by their president, Al Denver, who is, by the way, one of our most enthusiastic users, as well as the tests conducted by Jack Sheppard, president of the Eastern Pennsylvania Phonograph Owners Assn., and Jack Cohen of the Cleveland and Ohio State Phonograph Merchants Association also enthusiastically behind 'Hit Parade', we are up against a problem of instant supply, so that we can get our posters to the operators everywhere in the country thru well located, central sources."

Juke box ops who have already subscribed to the monthly "Hit Parade" service rendered by this firm report that this point of sale advertising has not only brought them a larger percentage of quarters into their machines, but, has tremendously stepped up their collections.

Some report better than 50% increase in take. The firm, itself, conservatively stays to the average of 15 per cent increase "wherever the 'Hit Parade' is used correctly, and with the cost only 30 cents per poster per month, this makes it one of the most profitable promotional products to have ever yet been presented to the automatic music industry".

In the meantime, Stern reported, other tests are also under way in various parts of the country and in Canada and advance reports from these juke box operators is to the effect that they have "been pleasantly surprised at the grand reception given the 'Hit Parade' by the public and also the increase they are enjoying in collections".

**Black & White Diskerv** Form Distrib Biz

LOS ANGELES-Paul Reiner, president of Black and White Record Company, this week issued his long promised announcement of interest to independent record companies, distributors and dealers in the formation of B and W Record Distributors, Inc.

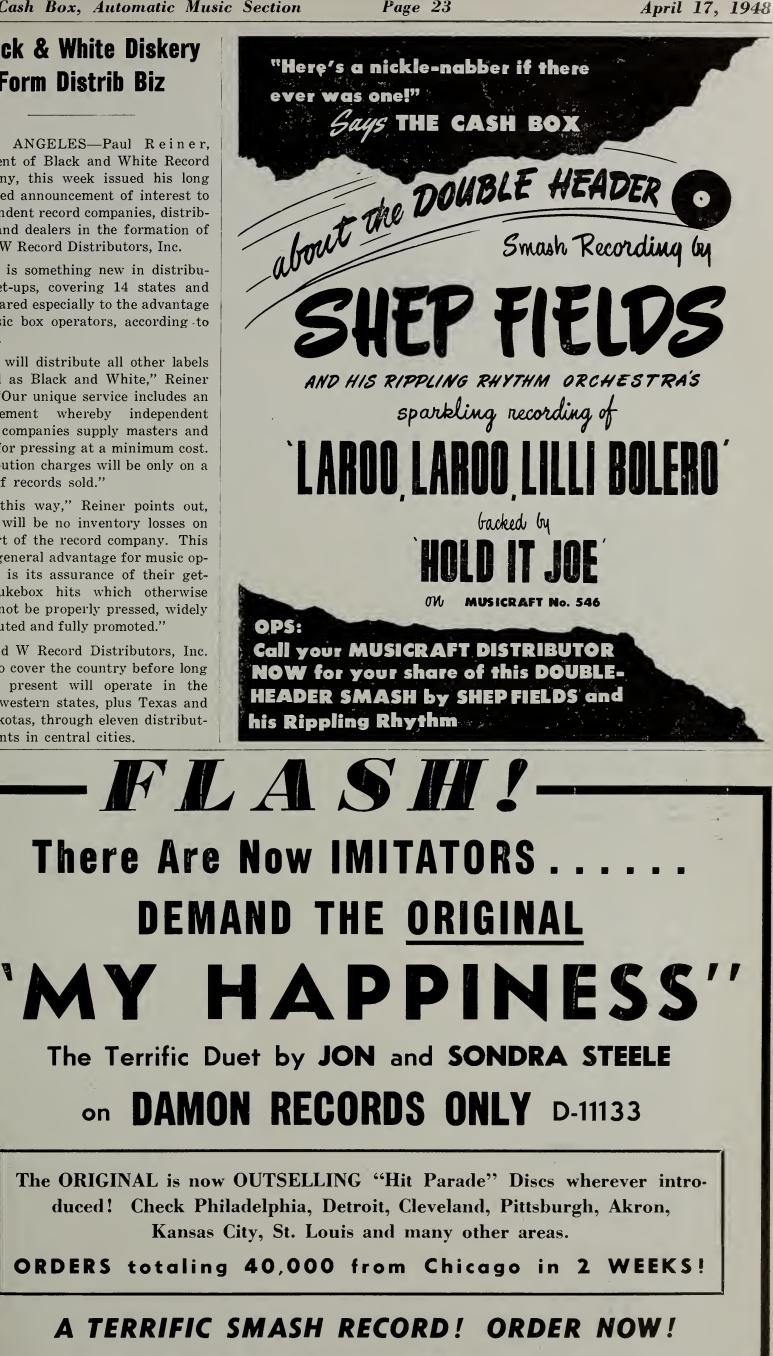

Plan is something new in distribution set-ups, covering 14 states and also geared especially to the advantage of music box operators, according to Reiner.

"We will distribute all other labels as well as Black and White," Reiner said. "Our unique service includes an arrangement whereby independent record companies supply masters and labels for pressing at a minimum cost. Distribution charges will be only on a basis of records sold."

"In this way," Reiner points out, "there will be no inventory losses on the part of the record company. This plan's general advantage for music operators is its assurance of their getting jukebox hits which otherwise might not be properly pressed, widely distributed and fully promoted."

B and W Record Distributors, Inc. plans to cover the country before long but at present will operate in the eleven western states, plus Texas and the Dakotas, through eleven distributing points in central cities.

# **Ops Flock To Burns Detective Agency For Protection**

WASHINGTON, D. C.—Executives of The Coin Machine Operators of America, Inc., Commerce & Savings Bank Bldg., this city, who are exclusively handling the protection service of the world famous William J. Burns International Detective Agency, Inc., in the interests of the coin machine industry, report that they have been "deluged with requests" from operators all over the country for more information regarding this famed protective service.

"There is no substitute for Quality!"

NOW!

As one of these execs stated "We have never realized what theft and vandalism the average coin machine operator was subject to until we made the announcement we were now handling the world famous William J. Burns International Detective Agency protection for the coin machine trade.

machine trade. "It seems," this executive continued, "that operators of all types of machines are in need of our service. They have in the past gone along in a very careless manner and haven't protected the equipment from thieves and vandals. It is sad to think of all the loss which has been caused the average operator from theft alone, not to speak of vandalism. Machines have not only been stolen, but, they have been marred and damaged to such a point where the trade-in acceptance was absolutely worthless.

ance was absolutely worthless. "Furthermore," he continued, "because of the tests which have been made over a year's time, we are now able to offer this famed protection to the coin machine operator for less than a penny a day."

It is also reported that many of the nation's leading associations have arranged for the William J. Burns International Detective Agency protection for their members on a combination membership rate.

# Coin Machines To Be Cut 89% If War

TPal

WASHINGTON, D. C. — The new handbook just issued here this past week regarding what cuts can be expected in all industries, in case of war, lists the cut in coin machine production at 89%.

an industries, in case of war, first the cut in coin machine production at 89%. This is approximately the same as happened during the past war period. The only production allowed was for parts necessary to keep machines operating.

The name of the new handbook is "Military Aspects of Industrial Mobilization" and should prove of interest to all in the industry.

House of Representatives' Sub-Committee Rules Favorably on Anti-Juke Box Bill (H. R. 1269) Believed Dead. Bill Now in Big Committee-On-The-Judiciary. Sen. Hawks (R. N. J.) Introduced Similar Bill (S-2164) in Senate on Feb. 13. Juke Box Leaders Shocked. Big Fight Looms Ahead. Hope is the Bills Will Not be Read Out This Session. Ops' Executive Committee Attorney Praises "The Cash Box" for Advance Warnings as He Rushes to Washington to Meet With Juke Box Mfrs' Atty. Entire Industry Must be Alerted.

80TH CONGRESS

**1ST SESSION** 

WASHINGTON, D. C .- The nation's juke box leaders are shocked. They've been caught short. Not heeding the warnings of The Cash Box, they disregarded the bills which were supposedly "dead" from the hearings held last year before the Sub-Committee of the Committee-On-The-Judiciary. This Sub-Committee on Patents, Trademarks and Copyrights, suddenly, without any warning whatsoever, decided favorably on the Scott Bill (H. R. 1269) which is reproduced on this page, and passed this Bill on to the big Committee-On-The-Judiciary which is in session right now.

This means that should this Bill pass the Committee-On-The-Judiciary it will go into the Rules Committee from where it enters into the House of Representatives for vote.

At the same time, Senator Hawks (R.N.J.) has introduced a companion Bill (S-2164) into the Senate which is reported to be exactly similar to the Scott Bill.

Both bills mean to extract tribute from the juke box industry. Both bills suddenly, without any warning or hearing, pounced down on the necks of the members of this business and banged down so hard that a battle for the very life of this business is now at hand.

It is up to every juke box operator to alert everyone in his territory re-garding these bills.

garding these bills. The legal counsellor for the national operators' Executive Committee, Sid-ney H. Levine, who is also attorney for the Automatic Music Operators Assn. of New York City, is on his way to Washington to meet with Hammond Chaffetz, attorney for the juke box manufacturers, to discuss ways and means to overcome these bills in the House and Senate. Before leaving for Washington, At-

House and Senate. Before leaving for Washington, At-torney Levine phoned *The Cash Bor* to state, "No one heeded your warn-ings. This proves that *The Cash Bor* the work it was writing about when it hlasted those headlines at the trade urging it to 'be prepared'." George A. Miller, Chairman of the national operators' Executive Commit-tee, has already been notified. He is urging all to keep calm, cool and col-lected, until further facts are known. He will make the call to the nation's juke box operators just as soon as he

juke box operators just as soon as he believes that such a battle cry should be made.

be made. Should these bills pass it means that every juke box operator in the nation is subject to pay tribute to ASCAP (American Society of Composers, Au-thors and Publishers) and also any-one else who publishes a song and has a recording of it played in a juke box. It will be the most complicated puz-zle which has ever yet appeared hefore any industry in this nation. It will mean paying tribute to tens, possibly hundreds of publishers and societies who will jam down on the operators' necks and demand rovalties for playing of a song which they can,

individually, or as a group, copyright. Four times have the members of New York's juke hox industry been victorious over these people. But never before have they been faced with a situation as grave as this one.

Situation as grave as this one. This is the furthest advance ever yet made to get the "Copyright Act of 1909" changed so as to force every op-crator in the country to pay tribute to one privileged group, or, to perhaps hundreds of privileged persons who will decide to do their own collecting when they copyright their own tunes. "It's a black day for the industry"

when they copyright their own tunes. "It's a black day for the industry", one noted juke box leader here stated. He further believes, "This is the one time when every juke box operator in the nation must be alerted so that he stands ready for the battle that is ahead of him. If he disregards this warning he'll be a very sorry man. The Cash Box", he continued, "is to be given, once again, tremendous credit for the work which it has done in the past and which it can be counted on to do now. Every juke box operator should get back of The Cash Box". The situation is made even more

should get back of *The Cash Box*". The situation is made even more tense due to the fact that the Pan American report, now in the hands of Congress, charges that these neigh-bors are not getting royalties for the songs which are used "commercially" in this country. And since there is a move afoot to bring closer together the Pan American union with the United States it is believed here that this re-port will have a very serious effect on these bills. these bills.

Furthermore, such statements as made by Rep. Carroll D. Kearns (R. Pa.) who, as head of the Labor Com-mittee, urged that juke boxes pay roy-alties to the musicians, as a cure for all musician's ills, has also hurt this industry. industry.

an industry. Operators of automatic music are urged to remain calm, but, to be pre-pared for the battle of their lives. There is no doubt, with conditions what they are in the automatic music industry today few, if any, can stand any further costs being added onto their operations at this time. As is well known, should these bills be successful, the costs which can be charged against the industry, regard-less of their amount to begin with, may absolutely wipe out hundreds on hun-dreds of operations.

# JACK MITNICK RESIGNS FROM RUNYON SALES Will Announce New Set-Up Shortly

JACK MITNICK

NEW YORK—Jack Mitnick, who has headed the sales division of Runyon Sales Company for a number of years, announced that he had resigned from the firm effective with Saturday, April 3. The resignation was brought about, Mitnick reports, by the organization of a new venture—about which he will inform the trade in full detail within a very short time. "My association with Runyon and its

"My association with Runyon and its personnel has been the happiest years I've spent in the coin machine business," stated Mitnick, "and when I explained my plans to Barney Sugerman and Abe Green, they were in agreement with me that I couldn't turn this great opportunity down.

"I shall be ready to make my announcement very shortly," continued Jack, "and it will be a very pleasant surprise to the trade."

Mitnick has been associated with the coin machine industry for over twenty years, having been connected at one time or another, with every phase of the business. In the rast few years, he has specialized in the sale of the AMI phono and accessories for Runyon Sales Company.

### Perin & Miller Appointed To Executive Posts In Jack R. Moore Company

PORTLAND, ORE. — W. H. (Bill) Schetter, president of Jack R. Moore Company, announced the appointment of Ralph D. Perin as Branch Manager of the Portland area, and George Miller as Sales Manager for the Portland office. Perin has been associated with the Moore Company for the past four years, and is well known to operators thruout the entire state. Miller is known to all coinmen in the area, as he has been associating with them for many years. "In addition to greeting operators

"In addition to greeting operators here," stated Schetter, "I intend to get out in the field and visit with them on their own grounds."

BARNET B. SUGERMAN

NEW YORK-Runyon Sales Company, this city, national distributors for Telo-matic Corp., manufacturers of the "Robot" and "T-3" units for commercial music, presented a very elaborate compilation of commercial music routes this past week which proved that the average music operator should add on commercial music to his present route to assure himself extra steady income.

As one of the execs of this firm stated, "For many months now we have been urging music operators everywhere in the country to take on our 'Robot' and 'T-3' units for these have proved themselves the steadiest moneymakers in the commercial music field. Operators," he continued, "who have already entered into the commercial music field are averaging from \$15 to \$17 per week steadily, each and every week, on contractural agree-ment with the commercial locations in their territories."

He also said, "We have featured the 40 selection unit because, as past experience has proved, and has been stated by famous industrial music experts, no more than 2 to 3 hours of music is necessary in the average industrial and com-mercial location."

The Telomatic firm has also found that their "Robot" and their "T-3" wired music unit which are completely automatic, requiring no attendants, are easily operated because the average operators have old mechanisms which they can use in conjunction with these units.

"To make the deal even more fascinat-ing to the operator," this executive stated, "we are willing to start him off by accepting a trade-in deal on some of his present juke boxes. In this way we feel," he continued, "the operator will definitely get into this very lucrative business and sign up locations right in his own vicinity which he has overlooked."

The average operator is obtaining approximately \$15 per week for the rental of the "Robot" unit along with an installation of anywhere from two to five extra speakers.

These men have found, it is reported, that they can obtain steadier extra in-come from the "Robot" and the "T-3" wired music unit, than they can from any other source identified with their businesses.

Since no extra help is needed, the same service man covers these spots and simply installs the records requested, thereby saving the operator much overhead expense.

It is also a fact that the average operator, because he knows the music which is most popular in his territory, has been of great help to all factory executives and commercial locations, for he can arrange for the music best liked by the workers in these spots as well as by the public in the commercial locations.

The firm is also making a special price offer, in addition to the trade-in plan, to the operators all over the country, and the belief is that this "offers the most unusual opportunity for the average operator to cash in on the commer-cial music field."

# PLANS PROGRAM **TO AID NATION'S** MUSIC OPS

Will Push For Greater **Acceptance of Automatic** By Public To Music **Help Boom Play** 

GEORGE A. MILLER

OAKLAND, CALIF.-George A. Miller, chairman of the music operators of America, National Executive Committee, is reported preparing a program which will benefit ops thruout the nation.

Winner of the 1947 Public Relations ward of Coin Machine Industries, Inc., Miller has proven his adeptness at public relations work and understanding of what is required to get the attention of the public.

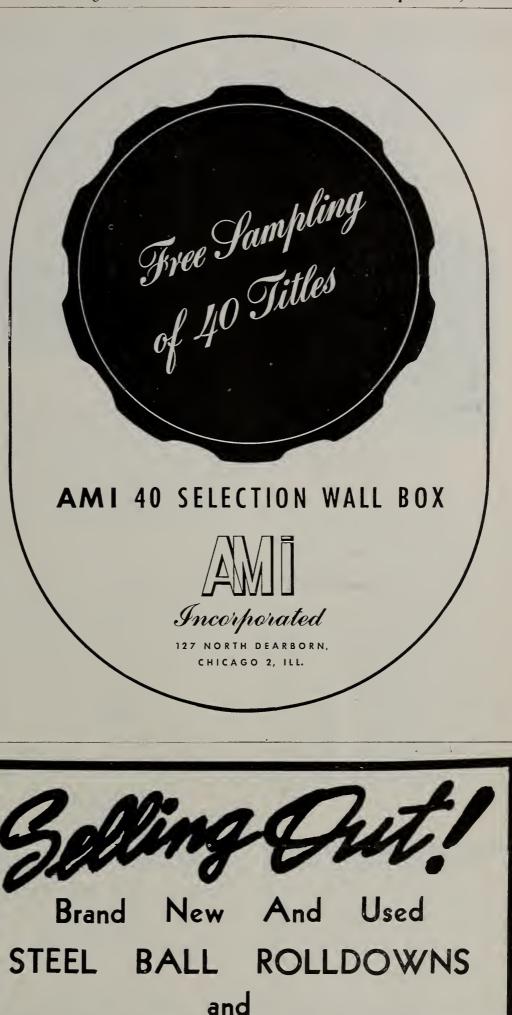

This effort, it is believed by many, should prove of very great interest to all the automatic music industry for it can open the path to greater play and will mean bigger profits for all music ops.

There is need for greater public acceptance of automatic music thruout the na-tion. Not too many have recognized the need for exploitation and advertising sales promotion.

Miller is among the few music leaders in the industry who have knowledge of what intelligent promotional effort can do for the operators. He has always gone ahead on the basis of winning public friendship and understanding and, thereby, gaining the good will of each community.

As Chairman of the National Executive Committee of the music operators it is believed that his program, when it is ready for the trade, will be of unusually good help to all concerned.

# **CMI** Contributes \$25,000 To Chi **Tumor** Institute

Because of the success of the Can-cer Fund Campaign of the Coin Machine Industries, Inc., the Chicago Tumor Institute received a check for \$25,000 for cancer research Sunday, April 4.

Dave Gottlieb, president of CMI, presented the check to Dr. Ludvig Hecktoen, president of the institute, at a "citation dinner" of the Jennie Rubenstein Memorial Fund. Gottlieb, who also addressed the group, was as-sisted in the presentation by Meyer Gensburg, of the Genco Manufacturing & Sales Co., Chicago.

The \$25,000 was allotted to the tumor institute by Walter Winchell and the directors of the Damon Runyon Cancer Fund, to which CMI members have contributed more than \$250,000.

The dinner, held in the Covenant Club, Cihcago, was attended by more than 600 civic leaders, medical authorities and contributors to the CMI and Jennie Rubenstein funds. The latter agency gave Dr. Hecktoen a check for \$10,000.

Because of the large number of persons desiring to attend the annual "citation dinner," it was repeated Sun-day, April 11. Dr. Louis Mann, of Sinai Temple, presided and entertainment was provided by stage, radio and screen stars currently appearing in Chicago.

The Jennie Rubenstein Memorial Fund was founded by Mrs. Nathan Leibowitz in memory of her mother, a cancer victim. Mrs. Joseph Hyman is president.

#### Steel Shortages Holds Back New Vendors

Further Steel Curtailment Cuts Back Vending Machine Manufacture. Prices Are Expected To Go Up Again

PITTSBURGH, PA.—Reports from the "Steel City" indicate that further curtailment of steel production can be expected as the days of the coal strike drag on.

This was instantly felt thruout the cointrade with the vending machine division most severely affected.

It is now believed that with steel harder to obtain and with shorter production schedules as well as the possibility of a further coal strike this summer to again halt steel production, prices of all vending machines will go up to meet steel prices.

In the meantime some of the vending machine manufacturers already report that they have found it unusually difficult to continue to obtain the steel they need for further production.

With the vendors coming out very slowly from factories thruout the country, and now with steel more difficult to obtain, even tho many promised volume delivery beginning this past March, the trade believes that real production of vendors will not be seen until sometime later.

Packard Phono To Be Upped \$50 **After June First** 

Increase Due To Gov't **Re-arming Program** 

WILLIAM H. KRIEG

INDIANAPOLIS, IND .- William H. Krieg, Packard Manufacturing Corporation, this city, this week announced that due to the present conditions and the fact that all raw materials will almost cer-tainly be returned to a priority system shortly, it is necessary that the price of the "Manhattan" phonograph be raised \$50, and prices of Hideaways, Wall Boxes and other products be increased 10% straight across the board.

"Due to a big re-armament program on the part of our Government' stated Krieg, "and the almost certainty that the Government will return to a priority system on all raw materials in about sixty days and that Congress will reinsixty days and that congress will rein-state the draft in the very near future, it will be necessary for Packard Manufac-turing Corporation on its next run of 'Manhattan' phonographs to raise its prices. Therefore, the prices of 'Man-hattan' phonographs shipped on or after June 1, 1948 will be increased \$50 each. At this time it will also be necessary that the prices of Hideaways Wall Boyes and the prices of Hideaways, Wall Boxes, and other Packard products will be increased 10% straight across the board.

"It is not possible to maintain present prices" explained Krieg "in the face of billions for re-armament—hundreds of thousands of men back in the Armed Forces-and a priority system on scarce materials (which includes all metals), and billions to help all of our Allies throughout the World. However, all orders will be filled at existing prices on shipments up to June 1st to the extent of available supply, plus supplies which we now have on order." HIRSH de LaVIEZ

WASHINGTON, D. C.—It is reported here that Hirsh de LaViez of Hirsh Coin Machine Co., this city, and Joe Eisen of Joe Eisen & Sons, New York City, have joined forces with The Coin Machine Op-erators of America, Inc., Suite 304, Com-merce & Savings Bank Bldg., 631 "E" St., N. W., here, to bring home to the nation's coin machine operators the many great coin machine operators the many great advantages of the William J. Burns International Detective Agency protective plan.

Both Hirsh and Joe Eisen have long been active in all operator matters in their areas and are also well known as leaders in organization work as well as distributors for leading manufacturers.

Both men stated that they believed the William J. Burns International Detective Agency was offering the trade the most outstanding protection which had ever yet come its way.

As Joe Eisen stated, "For many years now one of the biggest problems which confronted all operators was theft, van-dalism, pilferage and actual destroying of machines right on location. Costs to protect themselves were always so high that the average operator simply couldn't afford them. Now, with the deal just arranged for the coin machine industry by the William J. Burns International Detective Agency, which costs the opera-tor about one-half cent per day for such outstanding protection, every operator is assured of overcoming the one problem with which he always contended." confronted all operators was theft, van-

#### Jas. A. Gilmore Resigns From CMI Post

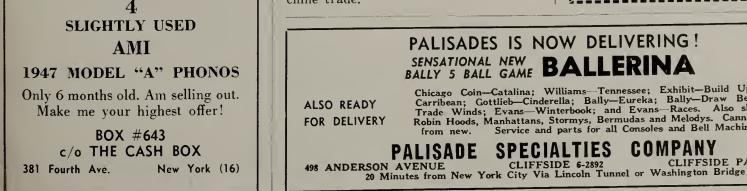

CHICAGO—James A. Gilmore has an-nounced his resignation as secretary-manager and director of Coin Machine Industries, Inc., (CMI). His resignation, effective immediately, was accepted by the CMI board of directors at its meeting April 6 April 6.

In recognition of his long service and efforts in behalf of the industry CMI directors voted Gilmore a substantial pension

Gilmore played an important role in CMI since its organization in 1939. After a period of inaction during the war, Gilmore returned in September 1945.

"We regret Jim's decision to leave us "We regret Jim's decision to leave us and wish him every success in the future. He has been a loyal associate," stated Dave Gottlieb, CMI president. Gilmore states that he has no immedi-ate plans for the future, beyond his de-sire to take a much needed rest.

THRU THE COIN CHUTE

Things happen, and happen, and happen . . . and the Windy City leads 'em all . . . but all-ways. . . . So what happens this week? . . . Well, Charlie Schlicht left for the east where he intends to visit with Mills' distribs and see what's to be seen regarding the Constellation . . . and Charlie believes that Mills is still gonna head the list when it comes to phono sales. . . . And Lindy Force of AMI (while we're talkin' music) is all excited about some event come May 8 . . . but, Lindy won't talk too much, except to say, "Just wait 'n' see what we have up our sleeve". . . Marvin Bland of the Vic Manhardt Co., Milwaukee, was in our town this past week and made it his business to get around, but good, we saw and heard Marvin over at Mills where he was askin' questions, they tell me. . . . And over at Williams Mfg. Co. (they must have somethin' new poppin' soon for it's almost impossible to reach Harry) "Skeet" Moore, who seems to be all entangled with the sales work, is hoppin' around on one of those size 8 shoes of his and yellin', "Tennessee". . . whatever in the hell he means by that . . . but, from what we can gather, it seems like Williams' "Tennessee" is goin' over and orders are pourin' in.

Art Weinand (our newest Daddy, and. a boy at that) smilingly and calmly talkin' things over with Ken Wilkinson of San Antone and Georgie Prock of Dallas, this past week, while in between phoning longdistance to talk to thisa and thata guy here and there, in pops Archie LaBeau to talk horses, horses, horses to Art, who, instead, wants to talk phonos, phonos and more phonos... but, from what we gather, there'll be lots more of those new Rock-Ola "Magic-Glo" jobs up in St. Paul-Minneapolis (Twin Cities) from now on in.... Dave Wallach as enthusiastic as hell over that new "Leap Year" game ... (wonder if the gal goes with the game?) ... could be ... anyway, Dave tells me that before they could even get into production some of the "faithful" called up and said, "Ship, kid, ship, we can use 'em" ... and that made Dave and Ted Rubenstein feel like a million right quick ... which is a very, very nice thing, ain't it, Dave, to have such nice distributors who will spend money to phone longdistance to give you orders?

Nate did it. He threatened he would. So, what happens? Last week Nate Gottlieb picks himself up, phones his BW (beautiful wife) and says, "Honey, get ready, we're on our way to Floreeda." And, by golly, if Nate didn't leave . . . for a three weeks' vacation in the sunshine state . . . all prepared to drink crange juice after orange juice . . . look out on that calm blue ocean . . . and just soak up sunshine . . . in between goin' to the dog and horse tracks and maybe a nite spot or two or three. . . And with Dave Gottlieb back on the job (the boss, himself) so what does Sal do? Hasten himself on to Noo Yawk . . . where he gets himself into conversations about who's the biggest distributor in the business? (By the way, who is?) . . . Dick Hood back from his Ft. Lauderdale, Fla., hcme (which, someone told me, Dick just sold. and for a handsome profit, too) so Rex Shriver hikes himself off for a deserved rest . . . and Dick tellin' me that "everything's hunky dory with sales goin' along" . . . so now, I suppose, Dick will, one of these very nice sunny days, pick himself up and tell the guys and gals at H. C. Evans & Co. that he's off to his St. Joe, Mich., home . . . just to see how the chickens and grapes are gettin' along.

Ed Lavender of George Ponser Co., went up to Cleveland to meet with "the boss" (none other than Georgie Ponser) this past week and was plenty smilin' when he got back . . . said Ed to yours truly, "We done a helluva sellin' job up there," but, from what Florence Vincent, that very efficient secretary tells me, "Ed, believe me, had that 'club car' look when he got back here" . . . what's more, Ed, whatthehell is this "we" business anyway? . . . Over at Bally Mfg. Co., this past week, the boys were simply jammed with visitors . . . which, of course, ain't nothin' exceptional for Bally . . . those guys is used to visitors . . . anyway, Bennie Becker of Noo Yawk called around and, try hard as he might, Art Garvey claims he couldn't get him into a Gin game . . . Ben's backin' off Art from what we hear (I suppose Ben's gonna deny it all). . . . Chris Christopher was around and took advantage of that neat little bar they have in the joint, from what they tell me, but, Chris can handle the stuff, so we're with him anyday . . . and my old friend P. Palamantier of Palamantier Sales, Canton, O., was also around that big Bally plant . . . "just sorta lookin' things over" . . . the way he puts it. . . Georgie Jenkins left town the end of the week . . . where? . . . no one seems to know. Chicago Coin...one of the most enthusiastic and cheerful guys I know...all hepped over "Trinidad" which, according to Ed, should pass the sales mark set by "Catalina"... their last game...and should surpass it tremendously, according to advance reports which Ed has already received about the game. ...Eddie Hanson of Groetchen Tool & Mfg. Co. hies himself to Cleveland for the big restaurant convention and finds they've slated him for a room in one of the outlyin' hotels ... but ... what does Eddie do? ... simply get on the phone with some of the coinguys in Cleveland and ... whammo ... there's a room in the leading hotel ... gotta give our coinguys credit for the way they take care of the "brethren" in this biz.... Hey, what's happened to Ray Cunliffe? ... ain't heard a word from the guy in some weeks ... c'mon, Ray, give out.

Over at Genco there's lots of celebratin' . . . seems that "Trade Winds" clicked right off the bat and the orders are floodin' in . . . Myer Gensburg doing a noble job of handling the factory and sales and production and everything else . . . and smilin' pretty as those wires and phone calls advise him, "It's a moneymaker, Myer, one of the best yet produced" . . . ain't that nice to hear from your distribs, ain't it? . . . Well, well and well, my friend, Billy DeSelm, woke up and reported in . . . seems that Billy was busy entertainin' some of the many boys who called around at the United Mfg. Co. factory . . . and that this sorta kept him outa circulation for a while . . . anyway, Lou Cosalo of Rockford. Ill., was there and Norwood Veatch of St. Louis and lots of other guys (Billy was short on the phone because of the gang in his office) said he, "Wish we were in the new plant now, so's I could have more room to talk to you, but, believe me, these guys have got me hemmed in" . . . and I hear that Herb Oettinger (that music critique) was reviewing some Greek records this past week . . . where'd you learn Greek, Herb?

Monte West of AMI just rolled into town and phoned us ... said he had one helluva swell time out on the coast with the J. R. Moore gang . . . and that takes in Bill Schetter, Johnny Ruggiero, Helen Cusson, Ralph Perim, George Miller and all the gang up in Portland . . . and Portland is one swell place to be right now, too. That Spring blossom country is somethin' to see at this time of the year. . . . Lotsa the coinguys here verra much pleased over that 25 gees donated to one of Chicago's cancer clinics from the big Damon Runyon Fund and Walter Winchell having Dave Gottlieb and Myer Gensburg make the presentation (you'll read all about it on one of the news pages in this issue). . . . Larry Frankel from down Rock Island way, we hear, has his club goin' full blast these nites and is reported to be doin' one grand job. . . . What's with Gordon Sutton? . . . don't tell me he crashed that beautiful, new, big Bonanza of his, already? . . . anyway we ain't heard from this football tackler in some weeks now (Say, Gordon, next time you wanna play football with me—I'll take Art Garvey of Bally on my side. Art, y'know, used to be one of Notre Dame's greats and was All American, furthermore, one of the best tacklers the Bears ever had . . . so, watch out).

Wanna know somethin' (you music guys) there's more Permo Points used in this town than all other phono needles combined ... check that statement... One guy I know very, very well is gettin' some gorgeous blondes together and is gonna have Ray Riehl of United take a picture of 'em in pin-ups (that means a hunk here and just a little hunk there) workin' on the new United plant ... maybe excavatin' that hole in which Herb Oettinger is gonna make his offices way over on the northeast end of the place (How you like to take that pic, Ray?) ... Watch for a big surprise announcement from Jim Mangan (Mangan & Eckland) he's gonna do somethin' which will help all the music guys... Is John Chrest sick again? Can't get him on the phone... Announcement of the William J. Burns International Detective Agency protection plan interests plenty of ops in this man's town ... they've been phoning in for more info ... and it looks like lots of 'em will be tieing in with this grand service. ... George Ponser phones in from Cleveland to advise that ... because of number of orders already taken ... he's gonna put on a complete production shift for "Pro-Score" ... George says, "Pro-Score is going over bigger than we even dreamed it would" ... which is certainly very, very nice to hear these days.

Bell-O-Matic Corp.. Grant Shay, Vince Shay, Midge Ryan, Frank Lorden and the whole, whole gang, celebratin' their second anniversary this past week. . . . Ed Levin over at They tell me that Ray Moloney has become "expert" on Bally Bowler...so we're lookin' for this sweetheart to engage with him in a bout... on Bally Bowler... maybe we'll wind up with a quarter to the good yet... Who knows?

Music took a big jump this week-both in sale of equipment, new and used, and in the operators' collections. Jobbers and distributors report that they have moved more music machines during the past week than for quite some time in the past. The arrival of nice warm spring weather is pointed to as the reason. A very interesting reaction to the effect of television on music machine business is the attitude of ops in this city. Having been the first to be adversely affected by the installation of television in bars and taverns, New York ops optimistically state that even with the improvement of the programs available, they are over the hump. They expect sports events to cut into their playing time this coming summer, but it has been thus for the past few years. Many expect to get more playing time, stating that the novelty has worn off in this city, and the juke box players will return to their habits of playing music machines.

Al Siegel, Siegel Distributing Company, Wurlitzer's Canadian distributor, visits the big city for a few days.... Barney (Shugy) Sugerman, Runyon Sales Company, national distributor for Telomatic Corp., presented an analysis of commercial music routes which shows the average music op can add on commercial music to his present route and do a very profitable business.... Al Blendow, Blendow & Meyers, Inc., the new jobbing and distributing company, starts off with a tremendous bang. Specializing in the planning of complete arcades, and supplying arcade equipment, Blendow has been called out of town two and three days each week. With the many years he's spent doing just this type of work, Blendow is considered quite an expert.

Nat Cohn, Modern Music Sales Corp. (Aireon distributor) has a deal pending that will send a few hundred Aireon phonos to South America. . . . Meanwhile, Cohn can't seem to be able to fill the many local orders as rapidly as the ops would like. They've even taken his samples away from him. . . . Another Aireon distrib who is in for some fast action is Ralph Colucci of State Music Distributing Company, Hartford, Conn. Together with Ben Palastrant, regional sales managerr for the factory, Colucci has arranged a showing of the Aireon line to Connecticut ops. The showing starts Tuesday, April 12, and ops will partake of the usual food, entertainmemnt and refreshments. This firm will run several other showings thruout the smaller cities of Connecticut.

There was quite a gathering in the offices of Hymie Rosenberg, H. Rosenberg Company, one day this week. With Hymie playing host, the group consisted of Sol Gottlieb, D. Gottlieb & Company; Irv Morris, manager of the Newark, N. J. office of Active Amusement Machine Company; Ben Becker, Ben Becker Sales Company, regional sales representative of Bally Manufacturing Company; Dave Simon, regional sales representative of United Manufacturing Company; Willie Levey and Jack Semel, Supreme Distributors, Brooklyn, N. Y., distributors for Williams Manufacturing Company. The boys were relaxed and the conversation was on many general subjects--general coin machine subjects, that is.

Jack Mitnick, who for many years has been connected with Runyon Sales Company as sales manager, announced this week that he had resigned from the firm in order to take care of a coming venture. He'll notify the trade all about it soon. . . . Louis Broudo, one of the founders of Globe Printing Company, salesboard manufacturers, acquires all of the outstanding stock of the firm to become the sole owner. Otto "Goldy" Goldman, known to all coinmen, and long associated with Globe, was named "Managing Director. . . . Dave Lowy, Dave Lowy & Company, back from a three week vacation in Miami Beach, Fla., and without a question of doubt, the healthiest looking coinman in the city. Dave must have put on at least twenty pounds. Phil Mason, the other half of the firm, who had vacationed previously at Miami, ready for all action. Phil tells us that the music sales have shown a decided spurt.

A new handbook "Military Aspects of Industrial Mobilization", just issued by the government, lists a cut in the manufacture of coin machines at 89% in the event of war. ... Hirsh de LaViez, Washington, D. C. and Joe Eisen of New York City, have joined forces with The Coin Machine Operators of America, Inc., Washington, D. C., which is offering the William J. Burns International Detective Agency protection for the coin machine trade. ... Phil Gould expects to be ready to open his new tremendous arcade "Pleasureland" at Coney Island, Brooklyn, N. Y. by the end of May.... Mike Munves probably the busiest coinman in the city—what with personally talking over arcade plans with all his visitors and jumping out to both established and new arcades thruout the area.

Joe Young and Dan Kipnis, Young Distributing Company, Wurlitzer distributors here, tell us they'll have an important announcement to make within a week or so. . . . Joe Munves, Economy Supply Company, keeps adding many items to his already large selection of parts and supplies. "It's a good thing I have a retentive memory" claims Joe "as there are, or seems to be, thousands and thousands of parts." . . . Barney (Shugy) Sugerman catches up with a severe cold, and is forced to stay home in bed for several days. . . . It was nice to see the ever pleasant, smiling face of "Kempy" Kempler, Runyon's field salesman, who was back in the New York offices for a few days.... Max Levine, Scientific Machine Corporation, Brooklyn, N. Y., finding it hard to keep up with the orders for the "hit" baseball game "Pitch 'Em & Catch 'Em", and the ever popular "Pokerinos".

Dave Stern and Irv Orenstein, Seacoast Distributors, Inc., Newark, N. J., clearing up their music inventory, and selling plenty of used machines. Dave reports that the Jersey ops have begun to buy the Rock-Ola "Magic-Glo" in good quantities. . . . Charlie Aronson and Bill Alberg, Brooklyn Amusement Machine Company, Brooklyn, N. Y. report that the good spring weather evidently brought out the ops and arcade men, as they've been getting many orders for Evans' "Bat-A-Ball". . . Al Simon getting ready to open his new offices and display rooms on West 42nd Street, just off Tenth Avenue. Simon is regional representative for Chicago Coin Machine Company.

CALIFORNIA

CLIPPINGS

downs put off from April 2 to April 26 and a 30 to 45 day wait before the appeal on last week's verdict against other rolldowns, local distribs and ops are uniting in an all-out legal effort to stop the eager bluecoats from confiscating games . . . Their legal lights think this may be accomplished as Los Angeles is a town where you can slap an injunction for or agin' almost anything . . . Meanwhile city ops are knuckling down on their music equipment and filling in with sideline items pending a return to normal and better . . . County action and out of state fortunately holding its pace so that distribs are not singing the blues any louder than usual . . . Take Charlie Fulcher—and this is not a takeoff on the pop tune "He's Too Fat For Me"-the Mills' man says, "Things are looking good," waving his shiny new Optimist card around and about the place . . . A fellow optimist by the name of George Warner over at Automatic Games was in similar spirit . . . Said Genial George (no relation to Gorgeous George), "We got nothing to cry about . . . out of state biz keeps that glow in our eyes" . . . Bill Williams out and Tennessee on the verge of same . . . New shipment expected from son Harry's Chi plant.

With scheduled hearings on several brands of roll-

VRU THE COIN CHUTE

Lyn Brown figures to tide himself over the gap by plugging Penn shuffleboard . . . The "rolldown king" says the non-coin item promises to fill in nicely for ops with bar locations on a 50-50 deal . . . Next door at Pacific Coast Distribs, Len Micon's son, Arnold, reports that Genco's Trade Winds are blowing in from the factory and blowing right out on location . . . Paul Laymon was out when we were in, but his man Charlie says, "Gold Cup looks like a gold mine from where I sit" . . . He was sitting right on top of one of the Bally beauties . . . so he oughta know . . . Here's news . . . and it's good . . . Nels Nelsen of M. S. Wolf is as proud and happy as if he just gave birth all on his own . . . The new, long awaited arrival is the AMI 40 selector box, and music ops are really beating a path to the Wolf doors . . . Bill Wolf was San Francisco bound at time . . . Bud Parr of General Music Co. back from San Diego and Fred Gaunt ready to swing through Imperial Valley for same purpose of extolling greater glories of Rock-ola's "Magic-Glo."

Leonard Baskfield, general manager of E. T. Mapes plant, down from 'Frisco (apologies t) the natives but San Francisco takes up so much space) ... Visited with Ray Powers and gang at local distrib point and beamed at Filben music box' fine pace ... E. T. M. now at his Modesto ranch enjoying California after his extensive South American travels ... W. R. Happel Jr. of Badger Sales says of new Keeney electric cig machine, "Everything doctor and ops ordered" ... Jack Gutshall of firm bearing Jack Gutshall sounded like a man with nothing but sweet music on his mind ... New shipmnt of Packard boxes in and moving right out in a line ... Jack is really looking forward to his new neighbors and plenty more music when Exclusive Records Distributors, Inc. moves next door to him within few weeks ... The Leon René outfit hopping over from Vermont St. location to larger quarters ... Exclusive's Advertising Manager, Charlie Craig, has left the company, we understand ... Don't know what his plans are, but the best of everything to him. in show business, gives out this week with a fine lot of literature on the activities and whereabouts of their talent parade... Most of it belongs in some other column than this one but worthy of note is Gordon MacRae whose monicker is just really starting to woo the buffalo ... Gordon looks like a sure comer in several departments ... Now hitting his stride on radio, with a show following Crosby's (Bing, that is), the singer is set for star billing in a pic called "Silver Lining" out at Warners ... On him, it reads like a good title ... Nellie Lutcher and brother Joe are currently reunioning during her appearance at that city's Oriental Theater, the Capitol gab sheet says ... not even mentioning that her "Fine Brown Frame" has achieved the not too common distinction of scoring on general charts as well as race lists during past few weeks.

Capitol last week cut its first "major recording" since ban . . . It's another instrumentaless two-sider, featuring The Sportsmen in "Toolie Oolie Doolie" and "If You'll Be True, Dear" . . . Slated for immediate release. Disc will have the boys accompanying themselves through rerecording four parts onto original track for orchestral effect . . . This month's start saw big huddle of Capitol's top artists (Colonna, MacRae, Martha Tilton, etc.) and execs in Salt Lake City in conjunction with Mountain States Distributors, inc. . . . Over 600 dealers attended the meeting ... Leo Mesner of Aladdin back in town after what he conservatively terms "a successful trip" crosscountry . . . Brother Eddie is out these days scouting around the Avenue and points west for some of that fine talent that he's so good at scouting . . . News from Modern Records is the traveling Biharis are all together at home base in Beverly Hills with Joe in from New York, Jules standing by and Roz waiting her cue to take off for Gotham.

Art Rupe of Specialty abubbling over with joy at his two-headed wonder, "You Don't Love Me" and "Extemporaneous Boogie" . . . The Camille Howard platter is enjoying unprecedented dual success on the Avenue and promising to do same in other cities . . . Specialty's new sales mgr. John Davis now in Texas and reports good reception for Howard and fellow artists . . . Baltimore and Washington, D. C. two other cities heading towards 50,000 mark on Camille's disc . . . Bill McCall of 4-Star Records in East on business but his sales mgr. Don Pierce scores plug for T-Texas Tyler, of "Deck Of Cards" fame, due to head big show in D. C. Constitution Hall April 17 . . . Then comes four week tour at \$1,000 per and an appearance on radio's Grand Old Op'ry . . . Sylvester Cross of American Music Co. a hard working, proud and happy guy with three of nation's top novelty tunes: "Slap 'Er Down Agin, Paw," "Never Trust a Man" and "Deck of Cards" . . . Robert Gordon of Van-Es Records reveals Barclay Allen about to start eight months tour of U.S. following hit engagement at Ciro's . . . Tour

By way of making up for any previous lack of material on Exclusive, here's another item of note . . . Franklin Kort, Rene's national sales mgr. and gen'l mgr. West Coast Division, now on nation-wide goodwill tour in line with sales promotion campaign for dealers and distribs . . . Kort will be away six weeks letting the customers know about Exclusive's three-year backlog . . . Capitol, whose Johnny Mercer is the busiest artist-exec ties in nicely with release of "Tea For Two" and gives further boost to "Loch Lomond" and "Muchachita" . . . Time and again it's proved that a personal appearance spells coin on a town's music boxes . . . Gordon reports several distrib spots still open for Van-Es product.

Les Jaffe of Mercury offers preview tip to ops: Be on alert for Vic Damone's "Haunted Heart" . . . Nothing weak about it for jukes, says he . . . Ralph Bass, publicist for Charley Washburn's Coast Records tells us outfit has taken over Lorry Raines' Publicity label discs "I Remember April," "I Cover the Waterfront" and sundry . . . Understand that Coast may have announcement of legal interest shortly re contested big name star contract with a major record firm . . . Got first earful of Red Ingle's "Cigareets, Whusgy and Wild Wimmen" this week . . . It's a killer.

#### MINNEAPOLIS

Hy-G Music Company held a very successful showing at the Tropical Room of the Dyckman Hotel Wednesday, March 31, to Saturday, April 3, 1948, to the show and people the Select-O-Matic 200 Library. Bob Murphy and Cedric Adams, columnists of the Minneapolis Star, wrote columns praising the Seeburg Select-O-Matic "200" Library. HY-G Music Company reports that this has been one of the most outstanding shows. Opera-tors throughout the entire Northwest made it a point to be in Minneapolis during one of the days of the showing in order to see the Select-O-Matic "200" Library.

L. S. Vangen, 3717 York Avenue North, Minneapolis, back on the job again, after spending a very happy two months' vaca-tion in Mexico. . . M. M. (Doc) Berenson, former owner and operator of the Minneapolis Machine Company, Minneapolis, has opened a very exclusive Men's Shop. The name of it is "The London Shop." . . Ben Jahnke of Hutchinson, Minnesota, and his mechanic, Ernie Haberman, spent the day at the Tropi-cal Boom at the Dyckman Hotel just watching the Select-Ocal Room at the Dyckman Hotel just watching the Select-O-Matic "200" Library work. . . . Elmer Pederson and a party of four from Hastings, Minnesota, took time out to visit the Sportsman's Show.

Andrew Markfelder of Staples, Minnesota, in town for the day making the rounds. . . . Bill Hattlestad of Cottonwood, Minnesota, stopped off in Minneapolis, his first visit since last fall... Archie La Beau of the La Beau Novelty Company, St. Paul, Minnesota, in Chicago for the week on business.... Billy Cohen of the Silent Sales Company back at his desk and very tan looking after spending two months at Phoenix, Ariz. ... SCOOP!... The Al Plotnick's, 1025 North Logan, Minne-apolis, are "expecting" sometime this summer. Al is a very likable operator who just recently went into business for himself.

Bob Westrum and his father-in-law Van Middlemas of Bismarck, North Dakota, drove into Minneapolis and went back with a trailer full of Watling Scales. . . . Fred Norberg of the C & N Sales Company, Mankato, Minnesota, is at the Mayo Clinic for a checkup. Fred has been working very hard and commuting quite often between offices at Mankato and Indiana. . . Charlie Gumm, former operator of Bloomer, Wisconsin, and now owner of a very large mink farm, had his picture taken by the Minneapolis Morning Tribune shaking hands with taken by the Minneapolis Morning Tribune shaking hands with Governor Dewey. The Governor was on a campaign tour, and it looks like Charlie is very much in politics.

Greg Mraz of Brainerd, Minnesota, in town for a few days visiting several of the distributors in the Twin Cities.... Joe Topic, of the Scott Novelty Company, Shakopee, Minnesota, down in Texas, looking over some orange groves that he may purchase. . . Lou Granite of Shippewa Falls, Wisconsin, for-merly in the business and later in popcorn has sold out and is now a gentleman of leisure, looking for something new. . . . Jim Rooney of Chippewa Falls, Wisconsin, is back on his feet again after being laid up for several months with a frac-tured arked tured ankle.

A surprise announcement this week in St. Louis was the opening of Martin Acceptance Company on Grand Avenue. At the helm was none other than Martin Balensiefer, veteran operator, distributor, manufacturer, and now "financier" in the juke box field. Many operators will remember Marty when he was a sparkplug in the old Associated Phonograph Owners of St. Louis, as well as a Wurlitzer distributor with offices on Market St. opposite the city auditorium.

A visitor who was welcomed on Rock-Ola routes during the week was H. W. Graham, Rock-Ola Chicago representative, who was at bat to help ops out with service and insta lation problems. There has been an epidemic of electrical troubles during the past month, say county ops, far from transformer service.

Gladys Baumann, whose cheery smile was a welcome sight over the books at Ideal Novelty Company has resigned, much to the trade's regret. Much housework ahead.

Big event of the month was the March meeting of the Mis-Souri Amusement Machine Association, which held one of the most important pow-wow's of the past two years at the Clar-idge Hotel. Main topic was the surprising success of "co-operative closed competition," reports President Lou Morris of Morris Novelty Company.

Under this plan, whereby the larger ops with extensive investments in the field, maintain the same rates at similar locations, almost non-existent profits are becoming visible again.

"We believe that a more healthy condition on the routes will amount to a fine public relations campaign" says Dave Monahan, secretary of the association.

"We can't hide from ourselves the fact that there is little or no new blood coming into the industry. If the news gets around that the business is profitable again, we'll stand more chance."

It is also noticeable, say the top men, that claim jumping has almost ceased.

"The big operators will show the way for the newcomers," Dave said, in closing.

Visitors in St. Louis included Rudy Falk of Bowling Green, Mo., Fred Weale of Farina, Ill., Fred Shelton from Jefferson City, and Jewett Cook of Cook Music Company in Centralia.

Del Veath of VP Distributing Company has been commuting back and forth between St. Louis and Chicago again. Sales on Williams "Tennessee" are running high, which necessitated "on the spot" dealings, says popular Del. VP is turning out a lot of flipper remodeling jobs on pin games as well.

John Lester, who's got one of the best read columns in town, writes, "About 75% of New Orleans' music box operators are hitting it tough because prices in their field have gone up between 150 and 300 per cent in the last several seasons. (The boxes, themselves, for example, once cost about \$300, now cost about \$1,000.) Beginning April 12 a small weekly service charge will go into effect . . ." . . . which is, indeed, very nice support for the new music organization here. . . Antonio Bologna, partner in New Orleans Amusement Co., will marry Miss Appa Duelos Appil 11 the security will begue imme Miss Anna Duclos . . . April 11 . . . the couple will leave imme-diately for a 45-day honeymoon which will take them from New York to California. Santo DiFatta will act as best man. He's the other partner in the biz.

Lee Meekley of Crowley, La., was a recent visitor to the one stop coin machine co. . . and bought publenty, but publenty of merchandise. . . #### BIGGER PROFITS FROM WURLITZER 1100s

Records played over 2000 times retain 95% fidelity... (test it yourself!)

, HI

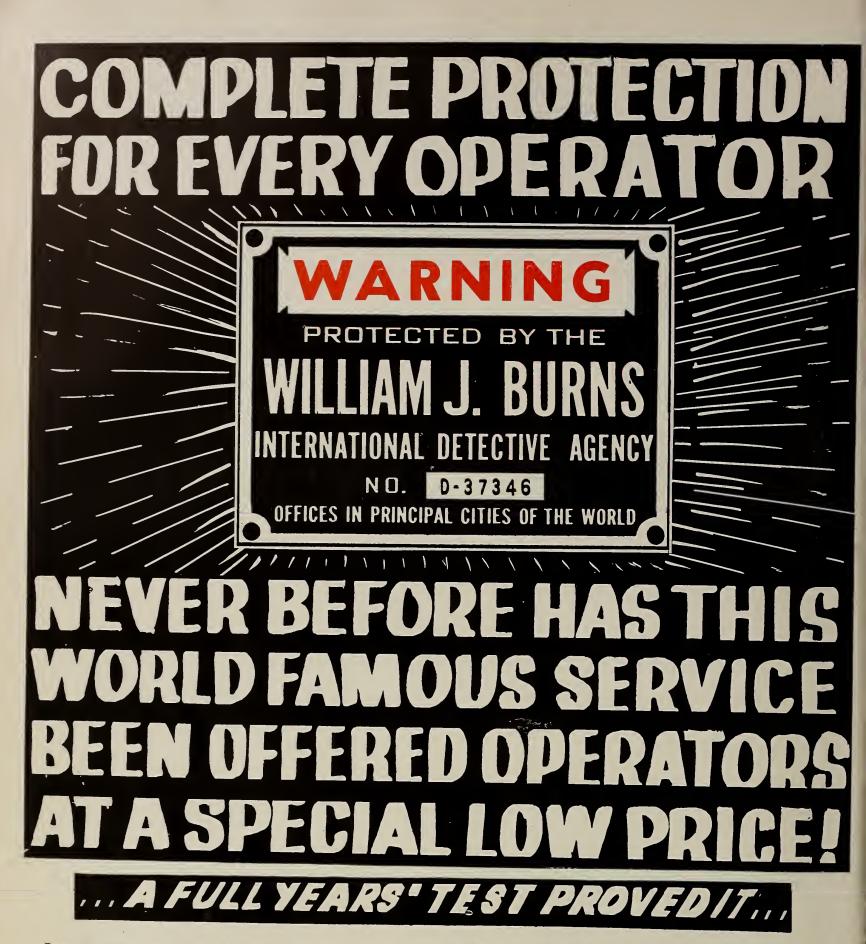

Selling music is much like selling anything else. The better the quality the bigger the sales.

That's why the pace-setting new Wurlitzers have the power to make people play them over and over again. Only from Wurlitzers, with the famous Zenith Cobra Tone Arm, can you hear tone so sparkling, so natural that it's like hearing the artists in person! And with conventional pickups, record fidelity starts to fall off at from 50 to 300 plays—and falls off FAST. With the Zenith Cobra Tone Arm, records still have 95% fidelity after 2000 plays.

With less than  $\frac{2}{3}$  ounce pressure on the record, the Zenith Cobra Tone Arm reduces record surface noise, prolongs record life. Yet it faithfully reproduces the finest modulations, produces clear-as-a-bell tone that sets new high standards for recorded music.

Replace your old phonographs that take in too little, cost too much to service. Trade them in on Wurlitzer 1100s. Put your route on a good profit paying basis by moving a better paying phonograph into every location.

## WHAT'S WRONG WITH MUSIC?

NEW YORK—There's been a lot of talk everywhere in the nation about, "What's wrong with music?" and every answer has been different.

There's nothing wrong with music that a better commission arrangement for the average operator won't cure.

Whether it's 10c a play, a 75%-25%commission basis, \$10 or \$15 per week front money guarantee, or, best of all, a graduated percentage commission scale, just like the cigarette machine operators use, or whatever other arrangement the operator may decide upon in keeping with the individual problems with which he is confronted in his territory, he absolutely must change his present (50%-50%) commission basis—or else.

For over five years now, as is well known thruout the entire automatic music industry, *The Cash Box* has urged music ops to change to a more equitable commission basis, so that they will survive whatever slump business periods come along and, at the same time, continue operating their music equipment profitably.

There are some in the industry who state that phonos are finished as profitable operating equipment. These men compare the modern juke box, at this present moment, to the old time automatic piano.

"Just like the piano faded out of the picture, to eventually be replaced by the modern juke box," they say, "so has the time arrived when the juke box must be replaced by some other musical instrument which will prove profitable to operate."

Others point to those cities where television has cut deeply into the take and claim that this summer, and probably the summers (and winters) yet to come, will absolutely wipe out any possibility of profit for the juke box operator.

"With baseball games being televized," they claim, "even afternoon and evening play is ruined during the summer. And," they further state, "with Petrillo agreeing to allow his musicians to play for the telecasters, this means better music programs and more of them, so that this, too, will help finish off the juke boxes."

In short, these pessimists look at everything else, talk about everything else, but, their own inefficiency. They're just like the carpenter who blames his tools for a poor job. Like the painter who blames his brushes. But, none of them take the time to study, and to blame themselves, for their present poor business situation.

Not one of these men has come to the fore and stated that he is making the greatest mistake in all his business history by giving the storekeepers 50 per cent of the gross intake from his equipment.

Even when one of these men at last

condescends that his own method of operation is all wrong, he then blames this on the competition with which he is faced. In short, if his competitors wish to pay locations 50 per cent commission, and thereby commit business suicide he, too, must do so.

No, there's nothing wrong with the automatic music business that a better commission arrangement won't cure.

It simply requires forceful and intelligent salesmanship on the part of the average phono operator to prove to his locations that he can no longer continue to operate profitably on a 50%-50% commission basis.

That such a basis isn't equitable. That the cost of automatic music parts and supplies have risen over 250 per cent. That the cost of new equipment has risen far over 150 per cent, and continues to go even higher as materials become scarcer and labor wages go up.

It simply means that either the operator increases the cost of each play, to equal the increases which he is enduring, and to combat the inflationary era with which he is faced, or changes his commission arrangement so that he can continue to do business profitably.

One noted phono op stated, "There's no reason in the world why we should even give the average location any commission at all. Or," he continued, "why we don't work out a graduating commission scale, as you recommended sometime ago, like the cigarette machine operators and many other merchandiser operators use. This," he claims, "is the solution to the automatic music business."

He's right in many regards. This is a service industry. It renders one of the most pleasing services ever brought to the American public—bringing music which helps to stimulate sales of the basic merchandise the location owner features.

Surely, location owner after location owner has proved that he could, would, and did, purchase a television receiver, when he found this expense necessary to the continuance of good business relationship with his trade. This is all expense to him. No profit.

There is no doubt that many operators everywhere in the nation enjoy locations where they pay absolutely no commission. Therefore, there is a possibility that other operators may be able to convince a great many more poor paying locations that no commission can be paid at this time, and especially under present business conditions. But, that being rather difficult to convey to the average location today, because of the poor business conditions being endured by the locations themselves, the average location owner will, and must, be made to agree that the operator should get a more equitable share of the intake from the automatic music equipment.

The entire music situation today resolves itself down to one basic factor a better commission arrangement. A commission arrangement which will pay the location owner a graduating percentage scale, depending upon how much money the automatic music equipment takes in each week.

Unless this sort of method is nationally adopted and backed by the sales power and economic force of the manufacturers and distributors, then the automatic music business will continue to slide downward, and the result will be that sales will be cut into deeper and deeper as time goes by.

This is, then, the time when all factors in the automatic music industry must come together in one potent, fighting, educational force to help the nation's automatic music operators to arrange for a better commission basis so that once again they will be operating their equipment profitably.

Evading the issue won't do the job. Continuing to neglect the basic cause of the business slump in automatic music, is like the ostrich burying only his head in the sand.

Regardless of whether the forthcoming lack of materials to build music machines creates a boom in the market or not, the answer remains that the field cannot be stimulated unless its members realize that the real problem is the fact that the operator is not getting a decent share of the intake from his machines to make it profitable for him to continue in the automatic music business.

The manufacturers and distributors realize this. The operators themselves are at the lowest point they have ever reached; gloomier, more pessimistic than they have ever before been.

This is the time when the power forces in the field should get together to point the correct path for a more equitable (a graduated percentage commission scale) arrangement between the operators and the location owners.

The result can mean a complete revival of the industry, just as there was in the cigarette machine business when this type of a commission basis was adopted, and all will prosper again.

HOW TO MAKE A MILLION DOLLARS Bring Cointrade New Product That Will Win Public's Approval and Get Big Play. Ops Need Something That Will Do What First Pin Games and Juke Boxes Did for Biz in '30s.

NEW YORK—Wanna make a million dollars? Sounds kind of silly to ask anyone this question. Especially these days.

But, there's every possibility for someone to make a million in the coin machine industry. If that person can bring in some new idea, some new product, that will return the same sort of boom times produced by the first pinballs and phonos back in the early '30s.

And there's no doubt that someone is going to present something new and entirely different to the coin machine industry.

Usually it's someone who, because of adversities, is forced to build something onto something to keep on going with whatever old equipment he has on hand. And, he usually builds it, in crude form, either in his cellar or in his attic workshop. And then a new industry starts to boom.

Someone stated that somehow, somewhere, somebody was going to come along with an entirely new and different and better idea in the automatic music business. Whether it would tie in television, or make records do something new, no one, as yet, seems to know. But, everyone expects it.

The same holds true in the games field. Every amusement machine operator believes that there will be someone (soon) coming out with something entirely different, at an unusually attractive price, which will do everything that has been done by every type of amusement product which has so far been built, and which will zoom the amusement machine business to new high peaks.

Whatever it is, and from wherever it comes, it means that someone can make a million dollars — presenting that new and better idea to the coin machine industry.

There are men who are of the belief that the time has arrived when something entirely new is required of this industry. That someone should change whatever type equipment now exists and create a new product which will start a boom, and zoom the coin machine business to new heights. Everything is possible—even the

Everything is possible—even the making of a million dollars—and fast —if someone will come up with the necessary idea to bring about the new boom for coin operated equipment right now—when most needed.

So, when we started off with, "wanna make a million dollars?", perhaps now it doesn't sound silly. Perhaps the members of this field will put on their thinking caps, invest the few dollars in speculative enterprise that is necessary, and plunge into the plan to bring this field something as entirely different as was the pinball game in the '30s or the modern automatic phono in '34.

There are many today who are experimenting with television - phono combinations. Perhaps one of these may yet be the answer. Who is there to say it won't?

Perhaps, too, there is someone right now operating machines with some home-made gadget which is bringing in the coin, and which he doesn't know, or can't believe, is "the new" product.

It's time to keep eyes and ears open. It's time to look about. To note just exactly what the public is going for at this time. To bring to a head something that might have been started years ago and which was never finished.

Whatever the product; whatever the idea; it may make the inventor and the merchandiser a million dollars. It will, too, revive the entire industry. It will bring into being new ideas and those are just the things which keep an industry going. Which make it prosper and grow greater. Which cause it to lead the field as the coin machine business has been leading the entertainment industries for some years now.

Someone stated that the average theatre is now also feeling the brunt of telecast programs. That these uncatres find their houses empty when a big fight is under way, or when some other extraordinary sporting event is taking place. The theatres are working hard to overcome whatever effect television may have on them.

And the nation's juke box operators, at least those in territories where television is now kicking deeper into their take, are eagerly searching for something which will also overcome television's effects on their collections.

Therefore, to some ingenious individual, there's a tremendous opportunity. A million dollars for the idea and its manufacture. The item that will instantly gain public interest and approval and that will zoom collections everywhere in the country.

It's not impossible. It's been done before. Many times. Therefore, whoever wants to get into it now should do so immediately — for this is the most opportune time which may face his possibilities for the pot of gold at the end of the dollar rainbow that million dollars he wants.

Someone, somewhere, has the idea. It's up to him and his people to bring it forth. The nation's coin machine industry eagerly awaits it.

We hope, all of us, that it will prove just as great an item as did pinball and phonos in the early '30s and we further hope that he will bring it out very, very soon. The million dollars awaits him for his ingenuity and his progressiveness as well as his merchandising ability.
