# he Cash Box

Everyone knows the saying "United we stand. Divided we fall."

That saying applies nowhere more strongly than in the relationship between the juke box and record industries.

For both these businesses have reached their modern peaks of activity literally hand in hand.

Today the record business is a full fledged, vital aspect of our entertainment picture. That wasn't so twenty years ago. At that time, the record industry was fighting for its life against the all-embracing new invention, radio. It was presumed by all those "in the know," that records were dead and that music would henceforth be purveyed to the public exclusively through radio.

Those "in the know" were wrong.

For it was just about that time that juke boxes started expanding their activities and their capacities. And as juke boxes spread to more and more locations, as they were able to hold more and more disks, the record industry grew in proportion and prospered.

Today, juke boxes use directly approximately 25% of the entire output of records and are responsible for an untold amount of indirect sales. With 550,000 machines located throughout the entire country, each one capable of playing anywhere from 80 to 120 sides, it can readily be seen that juke boxes are a vital aspect in the health and continned prosperity of the record business.

But likewise, so does every juke box operator know that without the continuous commercial output which the record industry has geared itself to, juke boxes could never have reached their present capacity, nor could they continue to attract customers at the rate that they do.

Fortunately for everyone concerned, there have never been any real disputes between the juke box and record people. Each knows the value of the other. Each knows the other's function. Each knows that alone, the going would be very tough-perhaps even impossible.

So today, after working closely together for more than twenty years, each of these industries stands as an entity, operating individually, yet closely related, not only in the product which it sells, but also in its attitude towards this product.

For essentially both the record industry and the juke box operator is selling music to the public. And just as it is rare to find someone in the record business who doesn't really like records or music, so is it rare among juke box operators. As a whole, juke box operators are vitally interested in every phase of the record business, for they know that the song, the artist, the treatment, the promotion all go into the making of a hit. And it is the hit record which both the music people and the juke box operators want.

With this same goal in view, the juke box and record industries will go on working together in the years to come, understanding each other's problems, and cooperating in their solution.

Personal Mgt. FRANK P. BARONE 515 MADISON AVENUE NEW YORK, N. Y.

# GUY MITCHELL (Columbia 40468; 4-40468)

• "NOBODY HOME" (2:35) [Haw-thorne ASCAP—Wayne, Spring-er] Guy Mitchell has a potent piece of material to work with here as he glides through a cute latin beat novelty. Fashions tune with an amusing ac-cent. Could click.

G "ZOO BABY" [Joy ASCAP — Wayne, Springer] Norman Ley-den and the ork again assist Guy as he rides over the imaginative lyrics that make up this novelty. Bouncey side that mentions all sorts of ani-mals. Cute.

# DANNY COSTELLO (MGM 11958; K-11958)

B "WE'RE NOT CHILDREN ANY-MORE" [Robert ASCAP—Green, Ross] MGM has a newcomer with a load of potential in Danny Costello. The crooner's debut performance on this pretty ballad is commercial and it could take off. Good tune.

Get "MY OWN" [Love BMI-Mellin, Gaze] a chorus backs Danny on this shuffle beat love song. Pretty delivery of a good tune.

# BILL DARNEL ("X"-0109; 4X-0109)

**B** "A MILLION THANKS" (2:24) [Marlyn BMI—Freed, Scott] Bill Darnel gets an assist from the Excels on a solid rock 'n roll item that could catch on and click. Potent arrangement.

(2:10) [Marlyn BMI—Scott] An-other rocker is belted out by the song-ster. Two good sides for the hoofers.

# GOOD TIME CHARLIE (Media 1008; 45-1008)

"CRAZY OTTO GOES TO PARIS"—With the cornball piano so popular today, the new Media label starts off on the right foot with a contagious and amusing arrangement of rinky-dink material by Good Time Charlie. Charlie plays all popular French standards here.

**B** "CRAZY OTTO GOES TO ITALY"—Charlie offers more of the same on this side, but the tunes played are all Italian favorites. Cute stuff. Should sell plenty.

# LEROY HOLMES ORCH. (MGM 11962; K-11962)

"UNCHAINED MELODY" (2:49) [Frank ASCAP — Zaret, North] Leroy Holmes and the ork, as-sisted by the penetrating whistling of Fred Lowery, presents a beautiful string arrangement of a haunting film melody that's breaking. Should share heavily in the final take. Song is sure to be a smash.

• "OLIVIA" (2:51) [Paxton ASCAP — Ackers, Skylar] A chorus joins the Holmes crew on this pretty, romantic offering. Inviting name song.

# THE CASH BOX

"THE DOOR IS STILL OPEN" [Berkshire BMI—Willis] "TEARDROPS FROM MY EYES" [Simon House BMI—Toombs] THE HILLTOPPERS (Dot 15351; 45-15351)

### THE HILLTOPPERS

• The Hilltoppers enlist in the ranks of the pop artists to record rhythm and blues hits with two ter-rific sides that offer excitement in every groove. Featuring the po-tent, commercial voice of Jimmy tent, commercial voice of Jimmy Sacca, the boys present on one side a great new tune that is so simple it's beautiful. It's a hot r & b tune tagged "The Door Is Still Open". And it's their most beauti-ful performance since "P.S. I Love You". Flip "Teardrops From My Eyes", is a rhythm number that was a smash in the r & b field a number of years back. We're wild about the top half.

FONTANE SISTERS

FONTANE SISTERS The practice of recording rhythm and blues tunes for the pop market, continues in full swing. Here, the Fontane Sisters, riding high with "Hearts of Stone" and "Rock Love", dish up another r & b smash that'll head way up toward the top. It's a beautiful ballad with a beat, and the girls blend wonderfully on it. It's the Fon-tanes' first venture into the slow bal'ad department since they joined Dot, and we're sure it'll establish them as top money earners in all fields. Flip, "Put Me In The Mood" is an appealing shuffler.

"DON'T BE ANGRY" (2:15) [Republic BMI—McCoy, Brown] "CHOP CHOP BOOM" (2:30) [Pamlee BMI—Taylor, Smith] THE CREWCUTS (Mercury 70597; 70597x45)

### THE CREWCUTS

• The Crewcuts, who had their biggest hit in "Sh-Boom", a rock and roll smash, delve into the rhythm and blues field and come up with some great material for their latest release. And if this song doesn't hit the No. 1 spot, nothing will. It's a sensational jump novelty dubbed "Don't Be Angry". In addition to a great tempo, the fabulous La-la-la-la gim-mick at the start is just "the most". Flip "Chop Chop Boom", is another hot rocker with a Latin beat. Top half should be the biggest R & B tune to hit the pop field yet.

"MOST OF ALL" [Arc BMI—Fugua, Freed] "THE DOOR IS STILL OPEN" [Berkshire BMI—Willis] DON CORNELL (Coral 61393; 9-61393)

### DON CORNELL

DON CORNELL For his latest release, Don Cor-nell takes hold of two of the coun-try's hottest rhythm and blues bal-lads of the day and presents them in top notch fashion. Two tre-mendous showings by the deep voiced crooner that should have the money rolling in. One side in a wonderful love song labelled "Most Of All", a tune that'll almost cer-tainly be a top seller. The coupling is a facinating, and simple roman-tic item tagged "The Door Is Still Open". It's a warm and tender sentimental song loaded with poten-tial. Don has a twin threat here.

# TOMMY & JIMMY DORSEY (Bell 1087; 45-1087)

B "MR. RAINBOW" (2:19) [Em-bassy BMI—Blassner, Hollander] Tommy and Jimmy Dorsey display their talents on a pretty melody set to a very danceable tempo. Bill Ray-mond handled the vocal chores.

Generation of the second secon dance sides.

# JOE MARINE (New Disc 10019; 45-10019)

GOODNIGHT MY LOVE" (2:18) [Robbins ASCAP — Cor-don, Revel] Joe Marine, a polished performer, wends his way through an inviting love song assisted by a chorus and Charlie Naylor's ork. Smooth piping.

"IF IT WASN'T FOR YOU" (2:41) [Tee Pee ASCAP-Im-merman, James, Cassini] The crooner belts out a pretty, new tune set to a slow shuffle rhythm. Commercial of-fering that could catch on if it gets a push.

# BILL JOHNSON QUARTET (Ronnex 1001; 45-1001)

Generative SHTIGGY BOOM" [Lero BM] Jarvis, Diamond] A clever little novelty is given a solid rock 'n roll reading by the Bill Johnson Quartet. Sock side that could stir up sales.

B "I ALMOST LOST MY MIND" [St. Louis BMI — Hunter] An-other potent piece of rhythm and blues material that's making big noise is fashioned by the Johnson boys. Crew has a terrific sound.

# ROY HAMILTON (Epic 9102; 5-9102)

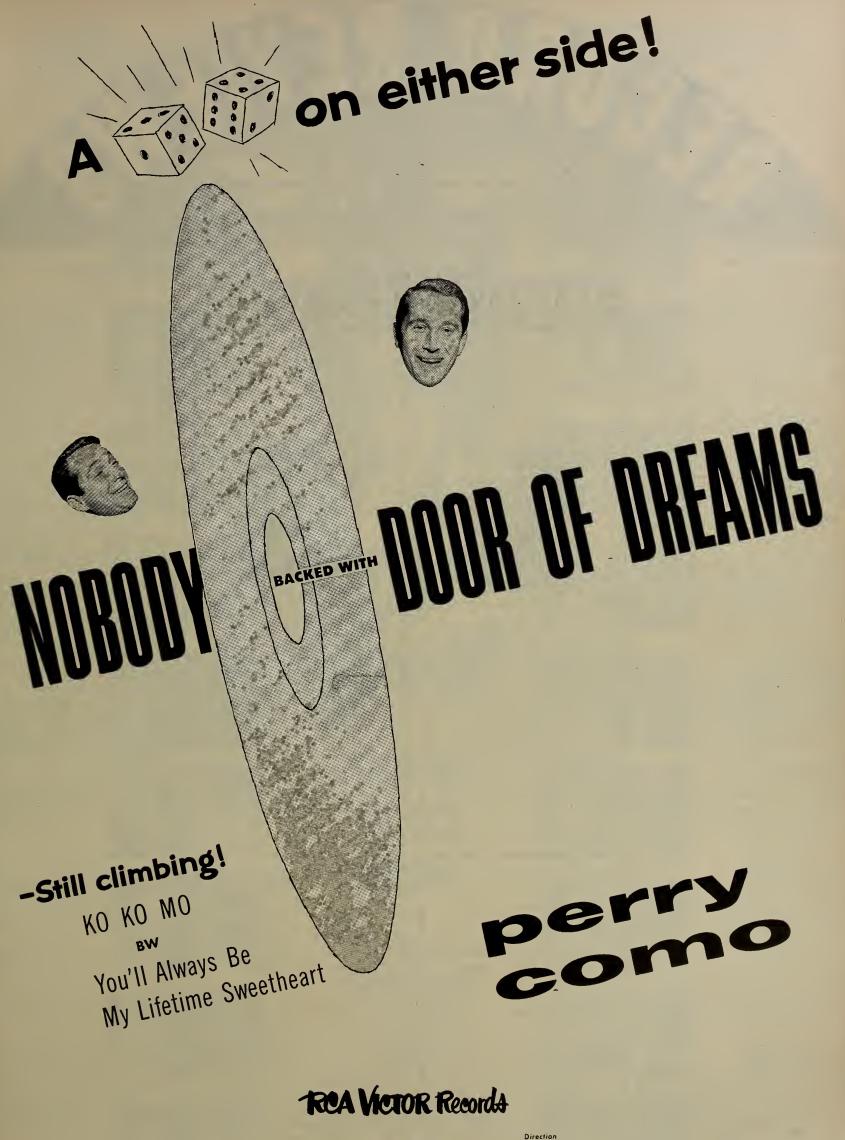

(UNCHAINED MELODY" [Frank ASCAP — Zaret, North] The dramatic, spine-ting'ing voice of Roy Hamilton comes over beautifully on this exciting new song that's break-ing for the top. Tremendous perform-ance by the warbler. Should sell a heap of records.

**G** "FROM HERE TO ETERNITY" [Barton ASCAP—Wells, Kaiger] This side features the songster on a jump item that made some noise about a year ago. Ok side.

# JOHNNIE RAY & LES ELGART ORCH. (Columbia 40471; 4-40471)

FLIP, FLOP AND FLY" [Pro-gressive BMI—Calhoun, Turner] A tremendous rhythm and blues jum-per is fashioned in top form for the pop market by Johnnie Ray and Les Elegart's crew. Rockin' side. Will do well.

• "THINE EYES ARE AS THE EYES OF A DOVE" [Carlyle BMI—Sandry] A semi-religious item taken from the bible is feelingfully fashioned by Ray.

# IRVING FIELDS TRIO (Fiesta 049; 45-049)

B "DAVY CROCKETT MAMBO" [Wonderland ASCAP – Brunn, Blackburn] The nation's number one tune gets a driving mambo treatment from the Irving Fields Trio. Clever arrangement that makes for top notch dancing.

B "CRAZY PANCHO MEDLEY" — Fields lets loose at the key-board with a cornball piano medley of popular Latin American tunes. Now that the rinky-dink piano sound is so popular, this one could sell big.

THE SUNNYSIDERS (Kapp 113; K-113)

<sup>(HEY, MR. BANJO"</sup> (2:00) [Mills ASCAP—Morgan, Malkin] The Sunnysiders make an impressive debut on Kapp with a cute bouncey novelty. Contagious ditty loaded with handclapping and banjo pickin'. Could the provide the second sec stir up noise.

<sup>(2)</sup> "ZOOM, ZOOM, ZOOM" (2:16) [Mills ASCAP—Morgan, Malkin] Another good jumper on this side makes the disk a good commercial item for the boxes. Has a solid beat and a light, pleasing melody. Two strong ends.

# ARLINE TYE (MGM 11957; K-11957)

B (2:24) [Mellin BMI—Aleff, Aleff, Mellin] Arline Tye, a polished song-stress, bows on MGM with an easy going lilter. Good tune well delivered. Bell and knock on door, add to side's speed appeal.

B "WHAT WAS I TO DO" (2:40) [Mellin BMI—Moore, Campbell] This end is another lilter pertly treated by the thrush. Choral assist fits perfectly. Very pretty romantic ditty. Arline could make the grade.

# KATHY LLOYD (London 1520; 45-1520)

(2:36) "TOMORROW NIGHT" (2:36) [Felsted BMI — Dana, Gamse] Kathy Lloyd, Ted Heath's lead vocal-ist, comes through with a beautiful reading of tender love song. Latin flavored number. Polish showing. Wistful voice.

G "IT WORRIES ME" (2:30) [ABC Music ASCAP—Reichel, Sigman, Schultz] Another penetrating new ballad is feelingfully interpreted by the songbird. Easy going recital.

BING CROSBY (Decca 29483; 9-29483)

B "JIM, JOHNNY AND JONAS" [Red River BMI—Bond] A very pretty tropical tune is tenderly fash-ioned by the rich Bing Crosby voice. Sentimental ballad set to a slow waltz tempo. Luch charus assists tempo. Lush chorus assists.

B "FAREWELL" [Wonderland AS-CAP — Blackburn, Bruns] The groaner melts through a folk flavored tune presented in the "Disneyland" "Davy Crockett" TV series. A touch-ing tune beautifully handled. Chorus is full and great here.

# THE CASH BOX HHP "NO SUCH LUCK" (2:55) [Southern ASCAP—Stillman, R. Allen]

"SMOKY MORNING" (3:00) [Carol ASCAP—George, S. Allen]

DOLORES HAWKINS (Epic 9100; 5-9100)

# DOLORES HAWKINS

DOLORES HAWKINS • Epic is destined to have a tre-mendous year in 1955 if the new Dolores Hawkins platter is any in-dication of what's to come. The thrush takes hold of a fascinating new ballad called "No Such Luck" and projects it in winning fashion. It's a wonderful tune with an imaginative lyric that ranks in a class with "Hey There." Not only is the song outstanding, but the thrush's performance is great. And the Don Costa ork and chorus assist excellently. Song has that standard quality. And the catchy "Ah Yes" line makes you want to hear more. Flip is a torchy, sentimental blues called "Smoky Morning." Solid cou-pling. pling.

"CRYSTAL CHANDELIER" (2:25) [E. H. Morris ASCAP-H. Spina] "ENCHANTMENT" (2:48) [Lawson-Gould ASCAP—Parker, Small, Singer]

# HUGO WINTERHALTER & HENRI RENE (RCA Victor 20-6076; 47-6076)

• Here is the most beautiful instrumental coupling so far this year. Two absolutely captivating sides that oughta sell a heap of records. Set against the lush strings of the Hugo Winterhalter orchestra, Henri Rene works on the penetrating musette accordion and does two great jobs. "Crystal Chandelier" is a light, novelty type instrumental with a contagious tune. Sparkling lilter full of color. Has that hi-fi sound. Equally great is "Enchantment," a beaty mood item with depth and excitement. A potent, melodic piece that can't miss. The artists have a two-sided winner.

THE BREEZE AND I" (3:21) [E. B. Marks BMI—Lecuona, Stillman] "JALOUSIE" (3:29) [Harms ASCAP—Gade, Bloom] CATERINA VALENTE (Decca 29467; 9-29467)

### CATERINA VALENTE

• Italian star Caterina Valente, who broke through the hit barrier and the sound barrier with her phenomenal high fidelity like re-cording of "Malaguena," has on her latest platter, two tremendous sides that should establish her as a top recording artist. Both are top-drawer Latin standards—"The Breeze And I" and "Jalousie." And each half features the Werner Müller orchestra supplying tremen-dous intros as lush and exciting as the one heard on "Malaguena." The only difference is that Miss Valente sings these tunes in English and not in German. The disk was recorded by Deutsche Grammophon, which did the previous disk. Decca has another money-maker in this one. Italian star Caterina Valente, one.

"GOODBYE STRANGER, GOOD-BYE" (2:39)

[Wemar BMI—Kaye, Baum, Kaye]

"RED ROSES" (2:31) [Lowell BMI-Kriegsmann, Walters]

JOHN LAURENZ

(Jubilee 5190; 45-5190)

Here is one of the most beauti-

ful delut records we've heard in

a long while - a record which in-

troduces John Laurenz on the Jubi-

lee label with a great new tune that

could climb to hitdom. And the

tremendous new song is "Goodbye Stranger, Goodbye." It's a tender

and touching waltz ballad presented

with feeling and tenderness by the

crooner. He also gets a great assist

from the chorus and Don Costa's

ork. Coupling features John on a pretty shuffle item dubbed "Red Roses." Catchy number that'll attract attention. Two potent sides that should break through.

# LEE RAYMOND & COSTELLO SISTERS (Sound 113; 45-113)

(2:45) [Shapiro, Bernstein ASCAP— Simms, Joy] Lee Raymond and the Costello Sisters team up on a lovely oldie that looks like it'll be real big now. Many recordings of this will help song take off. Lee and the girls blend beautifully on this side.

**G** "BABY, DARLIN'" (2:47) [Flair BMI—Berry] A good rhythm and blues item is delivered by the artists for the pop market. Good piece of material.

# DEBBIE HALEY (Unique 301; 45-301)

"THE CLOCK" (2:25) [Geo. Pincus ASCAP — Lipman, Dee] The new Unique label makes a big first showing with this contagious little ditty so colorfully fashioned by the pert Debbie Haley voice. Song has loads of potential. A tune with a great idea.

(MY HEART KNOWS YOUR HEART" (2:35) [Delaware AS-CAP — Guercio, Stano, Davies] Joe Leahy sets up a lush backdrop for the polished vocalist's tender reading of a lovely new romantic item. Ex-cellent juke box fare.

# JUNE VALLI (RCA Victor 20-6078; 47-6078)

"UNCHAINED MELODY" (2:50) [Frank ASCAP — Zaret, North] A great new song that'll probably hit the #1 spot, is excitingly interpreted by June Valli. Thrilling performance by Winterhalter ork and chorus too.

"TOMORROW" (2:29) [Herb Reis BMI — Hart Gera'dson] The po'ished thrush lilts through a tender and easy going ballad. Pretty number. Could hit big.

# DORIS DAY (Columbia 40483; 4-40483)

B: "FOOLISHLY YOURS" [Shapiro, Bernstein ASCAP — Simms, Joy] A beautiful love song that'll be getting a big push, is given a sincere and penetrating delivery by Doris Day. Mellomen set up a terrific backing. Could bit Could hit.

"TWO HEARTS, TWO KISSES" [St. Louis BMI — Stone, Wil-liams] The versatile chirp comes up with a solid pop interpretation of an r & b tune that's breaking big. Song is clicking in pop too. Fine showing by Dossie

# THE GAYLORDS (Mercury 70586; 70586x45)

"MY BABE" (2:20) [Arc BMI — Dixon, Stone] A smash rock 'n roller that's getting vast coverage in pop, comes off in great style under the control of the Gaylords. Solid jumper that could send the boys up there again there again.

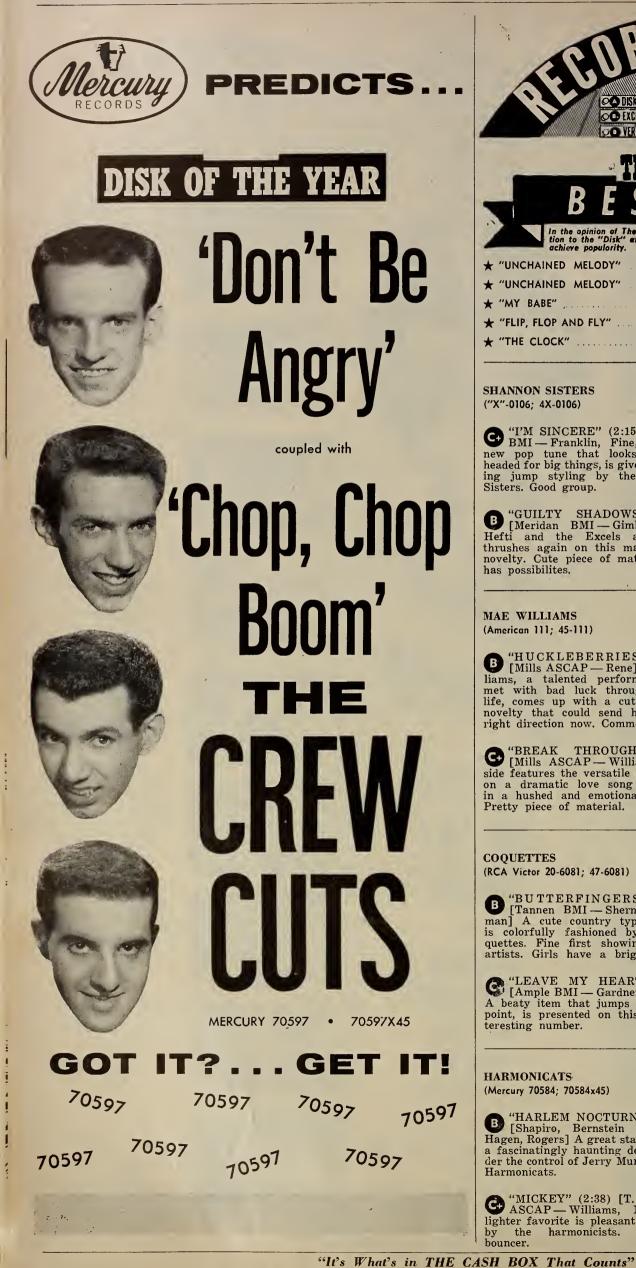

**B** "THE WOODPECKER SONG" (2:15) [Robbins ASCAP—Di-Lazzaro, DiLazzaro] A lovely and most inviting oldie that makes great listening is colorfully treated in Ital-ian and English by the trio. Good coupling for big sales. Good bouncer.

MAE WILLIAMS (American 111; 45-111)

B "HUCKLEBERRIES" (2:49) [Mills ASCAP — Rene] Mae Wil-liams, a talented performer who's met with bad luck throughout her life, comes up with a cute bouncey novelty that could send her in the right direction now. Commercial.

**G** "BREAK THROUGH" (2:42) [Mills ASCAP — Williams] This side features the versatile songstress on a dramatic love song presented in a hushed and emotional manner. Pretty piece of material.

(RCA Victor 20-6081; 47-6081)

B "BUTTERFINGERS" (2:09) [Tannen BMI — Sherman, Sher-man] A cute country type bouncer is colorfully fashioned by the Co-quettes. Fine first showing by the artists. Girls have a bright future.

G "LEAVE MY HEART" (2:03) [Ample BMI — Gardner, Bowers] A beaty item that jumps up at mid point, is presented on this side. Interesting number.

(Mercury 70584; 70584x45)

**B** "HARLEM NOCTURNE" (2:41) [Shapiro, Bernstein ASCAP— Hagen, Rogers] A great standard gets a fascinatingly haunting delivery un-der the control of Jerry Murad and his Harmonicats.

G "MICKEY" (2:38) [T. B. Harms ASCAP — Williams, Moret] A lighter favorite is pleasantly handled by the harmonicists. Attractive

### JOAN WEBER (Columbia 40474; 4-40474)

B "LOVER-LOVER" (2:25) [Miller ASCAP — Wolcott] From the MGM pic "Blackboard Jungle" comes this slow waltz ballad which Joan Weber renders with emotion and sin-cerity. Sounds a lot like "Let Me Go, Lover." Potent deck.

"TELL THE LORD" (2:52) [Ox-G ford ford ASCAP—Simms] The thrush hands in another moving per-formance on this religious item.

NEIL LEWIS ORCH. (Tico 244: 45-244)

• "ENCHANTING CHA CHA CHA" [---Mona, Cory, Gracie] Here's a solid cha cha that should appeal strongly to the enthusiasts. Neil Lewis and the boys offer a good melody set to a fine beat. Good ar-rangement rangement.

G "SING AND DANCE" [-Lazaro, Pieto] More cha cha material solidly performed by the group. Vocal is exciting. Smooth stuff.

### THE LAURIE SISTERS (Mercury 70596; 70596x45)

B+ "THE OLD TOWN HALL" (2:05) [Penn ASCAP—] The Laurie Sisters take hold of a great oldie and belt it out in super-commercial fash-ion. A powerful cutie that should have no trouble making the grade. Catchy side. Cornball instrumental break makes side jump.

\*DANCING AND DREAMING" (2:11) [Rylan ASCAP-] The thrushes make this a two-sided con-tender with a lilting ditty on this end. Colorful novelty. Girls blend per-fectly on this top drawer tune.

FRANK CHACKSFIELD (London 1530; 45-1530)

B "PAVEMENTS OF PARIS" (2:35) [Fox ASCAP—Auric] A French standard is lushly styled by PARIS" the Frank Chacksfield strings. A dreamy romantic piece of inviting mood music. Accordion sound in ork is effective.

G: "GLORIOUS" (2:10) [Mellin] BMI — LeLong, DeVille, Mellin] More pretty string-filled music won-derfully treated. Big, beautiful arrangement.

# "What Should I Sing?" Such Great Luck

CHICAGO-One of the most interesting, most intricate and most puzzling problems, has always been what to answer to the young artist who asks:

"What should I sing?"

Here is where the great coaches come into the equation.

The Cash Box went far out of its way, this past week, to ask one of the noted coaches to answer this question.

The coach: Truly McGee.

Her experience ranges clear around the globe. From Paris to London, and back to here to, "the old days of the old Chez Paree," on to Hollywood, and even into the hinterlands.

Truly McGee answered this question, quietly and thoughtfully.

She said, "A truly great artist, a naturally great artist, needs nothing more than his artistry. Because his greatness is due to the fact the people think he's great."

That, of, and in itself, is sufficient to continue his greatness, if he will not overstep the bounds of logic.

"But," she continued, "to the artist who is young and new and who wants to move ahead, and move ahead just as quickly as possible, these are some very unique and psychological thoughts which have come about in past years.

"For example, the song that the artist sings, since he must stand up and sing before an audience, must be the kind of song that is aligned to his height, weight, appearance, personality, type, feeling, figure, and general characteristics as a 'singer'.

"All this," she claims, "plus the following: the song must be very, very easy for this singer to sing. So easy, that he or she can sing this song sitting down, standing up, running, jumping, skipping, lying down, or in any position whatsoever, for any reason whatever, and with absolutely no strain on the vocal chords.

"No strain of any kind. No effect on the general personality. No upsets of the general characteristerics and, especially, no loss of the optimistic, happy mood, in any fashion whatsoever."

# **Musical Talent**

NEW YORK-Mike Baiano, (second left) is completely surrounded by musical talent during dinner at Danny's Hideaway. The talent includes Robert Mellin, (left) music publisher, Hugo Winterhalter, RCA-Victor recording artist, and last but not least, Mrs. Baiano, better known as Jaye P. Morgan, singer of songs, latest of which are: "Danger, Heartbreak Ahead" and "Softly, Softly" on the RCA-Victor label.

"It's What's in THE CASH BOX That Counts"

YORK -NEW YORK — Dolores Hawkins sings "No Such Luck" on her latest recording session as Bob Allen, the author of the tune, not only watches but duets with her in several places on the record. The disk, which has just been released by Epic, looks like Dolores' strongest entry to date and it is confidently felt that the tune could break through to standard pro-nortions. # **Fred Astaire Names Paul** Whiteman VP of Dance **Studio Chain**

NEW YORK-Charles L. Casanave, executive vice-president of the Fred Astaire Dance Studios announced the appointment of the maestro Paul Whiteman to the post of Vice-President in charge of music.

Casanave, co-founder with dancer Fred Astaire of the national dance studio chain, explains the appointment of Whiteman as a "big step in the education of the American people, as well as the music industry, to the better appreciation of good dance music."

During Whiteman's tours, he will also undertake, via radio, television and school proms, the promotion of dance music. Whiteman feels, "due to all the many stylized vocal record-ings and specialty records out today, people are forgetting how to use their natural rhythm."

# There's Gold In Them Thar Hills

April 2, 1955

There are many factors which go into the making of a hit record. Some say one thing is most important, some another. But almost everyone agrees that the basic material is of the utmost importance, i.e. the song you start with.

The search for the proper song is a never ending task. It is being carried on hourly by every A&R man and every publisher, not to mention artists, their managers, their friends and everyone else who has any sort of connection with them.

Mainly though the discovery of new material is a job for the publisher and the A&R man. It is these two who together find tunes, develop material, and in general are responsible for that end of a record.

The relations between A&R men and publishers has always been, and continues to be a touchy situation. Each of them has very specific problems which sometimes are not understood by the other. Or if understood, are not dealt with fully.

One of the big problems which publishers complain of is the limited time which A&R men have to see them. A publisher can make a date with an A&R man perhaps once every two weeks or so. And for that meeting he has to make a selection of available material to show him based on what he thinks the A&R man is going to want. It is many publishers' contention that many songs may be in a publisher's files which he doesn't take up to the A&R man, but which the latter might very well want.

And some publishers have found a solution to that problem.

It has become the practice now among some of the larger publishers to invite the A&R man up to his office instead of the publisher going to the record company. Several things are accomplished by this method. 'First, the A&R man is away from the pressures of his office, with the phone constantly ringing and new problems always arising. And secondly, in the publisher's office, the A&R man can leisurely go over much more material than he ever could in his own office. The entire catalogue is available to him and all the new things are right there before him.

Of course there are difficulties in this method of operation, the most important of which is the problem of getting an A&R man, who is always unbelievably busy, to get time enough to spend the hour or so that it takes.

But so far, A&R men who have followed that method, have found that there's gold in them that hills, as the saying goes. For they have come up with hits which otherwise might never have been brought to light.

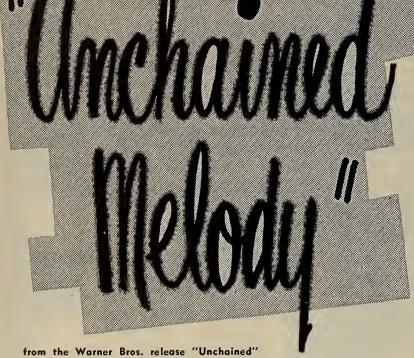

Here's a method of operation which A&R men and publishers should seriously think about and try to develop as an adjunct to their present way of operating. Of course we don't mean that A&R men shouldn't still be available to publishers-when they come to call. But we do see here a method of solving both the A&R man's and the publisher's problems by developing this additional procedure.

Up until now, tried as it has been on a limited scale, it has produced hits. And after all, that's the point of our business.

# 9<sup>1</sup>/<sub>2</sub> BILLION PLAYS A YEAR

Good times or bad times the records continue to spin, around and around, in a merry whirl, at least 176,000,000 plays per week in the 550,000 juke boxes located in every type of known establishment in the U.S. This means 9,512.-000,000 spins a year!

The greatest showcase for the artist ever known in the history of the world. A showcase for his wares, his talent, his ability. So outstanding it has never been equalled.

This, then, is the juke box business of America. The continuous whirling, spinning records that bring Americans everywhere in this great land, farm country, metropolitan city, cozy suburb, peaceful valley, rugged hills, the music of the artists of the world.

Here is the business essence which engenders the birth, the development, the growth of a tune to hit proportions. That makes unknown stars overnight. That zooms small salaried artists into the bigtime. That creates a diversion the like of which has never been known in all the world's fantastic history.

Sunny or showery day, good or bad day, glad or sad day, the juke boxes of America spin 176,000,000 plays each week. Over 9½ billion plays a year. A fantastic number of plays. A thrilling deluge of music to a music loving peoples.

Here, in these 176,000,000 plays each week, are born new artists. Here, in these 176,000,000 plays is the surety bond for the established artists. Here, in these 176,000,000 plays, is the basis of an industry that produces the music America loves to hear.

As the juke box plays go up and down chartwise, as the play falls off, as it leaps up, so is it noticeable that sales go up or go down. Here, then, may be the answer to what record manufacturing executives want to know as to why their sales are down, or why they have gone up.

There are executives in the recording manufactories who have long ago noted sales drops comparable to play drops in the nation's juke boxes and take cognizance of each time play goes up or down in the 550,000 juke boxes located thruout the U.S.A.

Here is the business guide for the man engaged in making recordings. As juke box play falls off he will, if he searches diligently, find that the sales curve on its downward trend will closely follow the chartwise drop in the nation's juke box play.

He will, at the same time, find that the sales curve swings upwards as the play grows greater in the nation's juke boxes and, from this chartwise curvature, will be able to translate his records into sales which assure his business success.

It is factual today to use the curving lines of the juke box's ups and downs, as far as play action is concerned, for the sales of any of the leading record firms.

With the nation's 550,000 juke boxes grinding on a tune-sales, most definitely go up-'way up.

With but a small portion of the same 550,000 juke boxes grinding out a tune, sales will go ahead to the public in the same proportion.

An artist's success, as has long been known, is based on this simple busiuess process. If his records have what it takes, the public playing them in the nation's juke boxes, means that the public will also buy them in a proportionate measure to the number of plays, and the sales will be noted on a comparative basis against the play action.

So as long as the nation's 550,000 juke boxes continue to grind out a minimum of 176,000,000 plays per week, the artist, the record distributor, the record dealer and, especially the record manufacturer, is assured an ever steady market with the possibility of great growth as play goes up each day and each week to assure him a portion of the minimum of 9,512,000.000 plays per year.

The above figures, for the benefit of the reader, are based on the conservative estimate of but \$8 per week gross intake for the operator in the nation's 550,000 juke boxes, according to the prevalent commission arrangement with location owners (in a majority of instances) of 50%-50%. The total intake of the individual juke box therefore is twice \$8 or 360 nickel plays per juke box per week.

# The People Who Make Music

This is a fierce yet triumphant business. An exciting business. A business that tingles the spine and the entire nervous system of all who are engaged in it.

This is a business of anticipation. Of knowing what the public will want. Even before the public knows what it will want.

Of being able to perfectly time a release. Of gauging the complete merits of a tune. Of hearing it "in the rough" and polishing it into the brilliance of a sparkling diamond.

Of capturing instincts. Of pointing the way even before the path has been created. Of knowing, and loving, and living with people.

That's the music business. A business which has made heroes of many. Rich men of some.

A business as unpredictable and, therefore, as thrilling as what may happen tomorrow.

This is the business of music. This is the business of the "tune that clicks". Of the deep personal pride in such a tune.

This is more than show business. Because without music, where would show business be?

Music is what was born in the hearts and minds and souls of all the peoples of the world.

The business of music is the business of a nature's boy and a sophisticate. It is the business of the great and the small. (It can, overnight, make the small-great.)

This is the business of the dream in the musical mind of man. It is the lilting tune of his entire life.

The bright tune of his marriage. The faster tunes of his youth. The sentimental tunes of his agedness.

The tunes that escaped his memory. The tunes that were born with him. The tunes that became part and parcel of him.

All this, and much more, is music. It is the warming, brightening sunlight of the world.

And because music is the business in which we are engaged, the business we love, we must plan ahead for it.

We must realize that the little things we do today the few-andstretched-out-far-between-things may be just the things that will affect the music we produce tomorrow.

We can't be selfish in the world of music. Because, although music is our business it is, in a very real sense, more than just a business. It is an art. It is the expression of the soul.

This, then, is written in the sincere hope that we, as the people who are most responsible for giving music to the nation, from its formulation thru its growth and into its final form, will remember continually that we must build for the future.

Tomorrow's music successes hinge upon the music people of today. It is they who will determine what kind of music world we will have. It is they who will decide whether we are to have an industry devoted to artistic endeavor or an industry in which the dollar matters above all.

We sincerely believe that the people in this industry of music, regardless of how tough they think they are inside themselves as business men, are still the artistic people of the world.

# Congratulations

NEW YORK—On Saturday, March 19, when "Tweedlee Dee" reached the Number One position on "Your Hit Parade", two top record distributors repre-senting the east and west coasts surprised Dorothy Collins by visiting her at rehearsal at NBC to congratulate her for having one of the best records of the song—on Audivox. Dorothy's current release is "My Love's A Gentle Man".

Reading from left to right are Paul Shorten of Allied Distributors in San Francisco, Dorothy Collins, Johnny Halonka and Harry Apostolaris of Alpha Distributors in New York City.

# Shop Ups Sales With **Great New Gimmick**

KNOXVILLE, TENN. — Almost every record shop is faced with the problem of having its listening booths occupied for long spans of time by people who come in to hear records and not to buy. The Bell Sales Com-pany, this city, was faced with the same problem and attempted many things to combat the situation with-out effective results. Now, at last, the company has a plan that not only works successfully, but it does so with a two-fold purpose. There is a sign in each booth that reads: "There is a  $10\phi$  charge for each record taken into this booth if no records are purchased. This money will be turned over to the Polio Fund". And here are the results: Bell's sales are up because it now has the listening space for those who want to buy records. The ones who had to pay for listening were not angry about the dime fee because the money went to charity. The total amount collected

for listening were not angry about the dime fee because the money went to charity. The total amount collected was three dollars for three weeks. "This seemed to be very little", says Sam N. Morrison, "until we visualized the potential of a year-round program of this type on a national basis. We feel that this plan is worthy of na-tional promotion and hope that as many dealers as possible will put this plan to use".

# New Jazz At Carnegie

Page 36

NEW YORK—Carnegie Hall opened its portals Saturday evening, March 12, to a jazz concert that struck a new note in music appreciation. Dubbed, "New Jazz At Carnegie", the show was the first of a proposed series of concerts intended for the serious jazz fan, who wants and expects an intel-ligent selection of the best in contem-porary jazz.

porary jazz. A stellar array of established and up and coming jazz personalities de-lighted the sell out crowd with their fine display of instrumental and vocal interpretations. Featured on the ros-ter were the Dave Brubeck Quartet, Gerry Mulligan, the Chet Baker Quin-tet and newcomer, Carmen McRae. Handling the emcee chores in deft fashion was the amiable New York Dee Jay, Al "Jazzbo" Collins. Impressively nailing down opening spot on the program was youthful trumpeter, Chet Baker, who within a short space of time has become a key figure in the jazz world. Chet charmed the fans with his stylings of "Chiquita", "Walkin" and "Jumping Off A Cliff". The artist also showed his fine vocal ability as he tenderly rendered two lovelies, "But Not For Me", and "You Don't Know What Love Is". Sidemen in the polished group included Phil Urso, tenor sax; Russ Freeman, piano; Jack Lowler, bass; and Pete Lippman on drums. Next, Carmen McRae, whose star

Urso, tenor sax; Russ Freeman, plano; Jack Lowler, bass; and Pete Lippman on drums. Next, Carmen McRae, whose star shines bright on the musical horizon, wooed the audience with her warm, sincere and sensitive singing. The thrush, with Dick Katz at the plano, Bob Bates, bass; and Joe Dodge on drums, gave out with such favorites as "A Foggy Day", "Darn That Dream", and "It's Very Clear". The gal's a real comer. Gerry Mulligan, great baritone sax-ist, and big band arranger, followed with his tantalizing contributions to the evening's festivities. Backed by the Baker Quintet, Mulligan dished up "Bernie's Tune". "Freeway" and his most famous "My Funnv Valentine" (a tune he performed with Baker in

(a tune he performed with Baker in his original pianoless Quartet).

Rounding out the show was the Dave Brubeck Quartet, recipients of many awards for being the outstanding jazz combo. The crew, featuring Paul Desmond, alto sax; Bob Bates, bass; Joe Dodge, drums; and Brubeck at the ivories, enchanted the crowd with their skillful and most imaginative interpretations of "Don't Worry 'Bout Me", "Crazy Chris", and "When You're Smiling".

The entire performance, according to the fan reaction, proved to be a successful experiment and a most appealing experience. Producers of the package were Don Freeman and Robert Gardiner.

The arrival of Don Cornell in Lon-

don before starting a tour of leading provincial theatres, was packed with excitement. Don was whisked away from the airport to his hotel for a very impressive press conference making all the London papers in big headlines. This was by no means the end of it. During his three days in our capitol city, he crammed in sightseeing, two radio shows, one T. V. appearance and last but not least, a very important recording date. Yes, within two days of landing from New York, Don was in the studios cutting two sides to be released immediately on the Vogue Coral label, and what sides they are! . . . Sorry to hear of the death of Charlie Parker. The jazz world mourns a great alto star. . This week sees the arrival in London of Eddie Fisher, Debbie Reynolds. Mama Fisher and Mama Reynolds not forgetting Milton Blackstone and entourage. They're in for a wonderful time and will get a great kick out of the tremendous reception Eddie always gets at the London Palladium. Joan Regan who provides the title song for the sound track of the movie "A Prize of Gold", off to the states for premier of film.... Vera Lynn left for Denmark once again, after throwing a most enjoyable birthday party. . Leslie Abbott leaving Southern Music Co. to join sponsored television company as contract man and copyright expert. . . . Julie Andrews certainly landed herself a plum part in the new musical version of "Pygmalion" opening on Broadway shortly. Who could resist this lovely young artist who captured the hearts of Broadway in the current production of "The Boy Friend". . . . So now it seems the new catch phrase in U. S. record business is "dig that crazy otto". We remember it here as just plain piano rag and that's going back a bit. . . . Heard the DeMarco Sisters' disk of "Dreamboat" and "Two Hearts". Could be a big one for the girls over here. . . . Bobby Mellin due here next Monday for confabs with his publishing firm over here.

NEW YORK . . . Disk jockey, Bill Randle, entertains a mob of teenagers at the auditorium of the Island Trees Memorial High School at Island Trees, New York, by popular demand. Randle is currently doing a disk jockey show on CBS New York, Saturdays, from 1:30 p. m. to 5:45 p. m. along with his regular stint on WERE Cleveland.

April 2, 1955

Page 38

April 2, 1955

The other day we were relaxing a little, sitting in an easy chair and listening to a disk jockey program. The disk jockey was fine, the records were good, but it was hardly relaxing. For 3 or 4 times in the period of an hour, we had to jump up from the chair to turn the volume either up or down.

At one point we were being blasted out of the house; at another we could hardly hear the music.

A universal tone level is one of the basic needs of the record industry. Everyone who has ever heard the radio for a protracted length of time knows what a problem this is.

But more important even than disk jockey shows, this is a great problem in juke box locations.

In such a location, the customer cannot adjust the machine when it plays too loud or too soft. Either the owner has to keep doing it or if the juke box is in a tavern, the bartender. Obviously for a bartender to keep taking time out to adjust the sound level is uneconomical and disturbing to him. Not to mention how disturbing it is to his customers to have to keep asking him to do it.

For a long time now, *The Cash Box* has been pointing out to the record industry, and its trade organization, the RIAA, how vital this question is.

Unfortunately, as yet, little has been done about it.

It would seem to us this problem is one of the easiest to solve. Almost every record firm belongs to the RIAA and we can't see where there is any controversial question involved here. It is simply a matter of agreeing on a particular tone level and everyone adopting it.

We're certain moreover, that the companies themselves would be anxious to participate in such an agreement for it can only benefit them—and harm them in no way.

Anything that makes it difficult to play records, whether on juke boxes, on the radio, or at home, detracts from the entire record industry. Anything that makes it more pleasant to play records, helps.

In our opinion, agreement on a universal tone level can be easily achieved, should be achieved as soon as possible, and the RIAA should take the lead in bringing the record companies together on this matter.

# DISTRIBUTORS SHOULD SELL-NOT JUST TAKE ORDERS

Of all the factors that go into the making of a hit record, none is of greater importance than the distributor. It is the distributor who, many times, makes the difference between a hit and an ordinary seller. It is the distributor who, by his promotion, can add hundreds of thousands to a record's sale.

The distributor is the contact between the manufacturer and the agencies through which records reach the public. It is the distributor who in turn gets the records to the retail stores, the juke box operators, the one stops and, in many cases, the disk jockeys.

In this capacity, he has a direct responsibility for what happens to a record in his area.

How many times have you heard of a record that's sold 20,000 in one area and 2,000 in all the rest of the country? What does that mean? It means generally that one distributor was on the ball, getting exposure for a record which had hit potential, while the other distributors fell down on the job.

Much too often, if a record doesn't get immediate reaction, the distributor simply forgets about it to go onto other records which apparently are showing up faster. Unfortunately this not not only a fault of the distributor, but very often of the record manufacturer also. There must be an endless number of hits that have been lost because the reaction wasn't immediate. And this is proven particularly by those records which have done exceptionally well in one area and nothing in others.

Certainly with our mass means of communication, differences in tastes these days don't vary so much between a Boston and a Detroit. They both receive the same radio and TV shows. They are both subject to all the same influences of our culture and society. Yet how can you explain why a record should do well in one city and lay a bomb in the other? The answer, more often than not, lies in the fact that one distributor has used ingenuity in getting a disk exposed even though there wasn't an overwhelming immediate response while the other distributor went on to greener fields.

The record industry can no longer afford the distributor who's just along for the ride. We have before us an era in which record sales can expand to such an extent that current sales may seem infinitesimal by comparison. But that great expansion of the record business will never occur if distributors just take orders and don't get out there and sell.

All of us in the record industry have a duty to see to it that records are constantly reaching the greatest number of potential buyers possible. And every single distributor should be in the forefront of that drive.

Any distributor who isn't has no right to be in the record business.

# PS hits RIGHT HAS NO

It's said that music is the universal language of man. And nowhere can that better be demonstrated than in the music which America loves and sings.

BOUNDARIES

In the last several months, tune after tune has made its way from Europe and other continents into the hearts of the American public. There have been such songs as "Oh My Papa," "The Happy Wanderer," "The Little Shoemaker," "Anema E Core," "Softly, Softly," "Finger Of Suspicion," "Lazy Gondolier," and many others.

The basic appeal of music reaches everywhere. During the war and occupation, wherever American troops were stationed, they found music which they could adapt to their own tastes. That ability to appreciate the music of other lands has carried over so that today all sorts of songs can become American hits, songs from Europe, songs from the Orient, songs from Latin America.

What's equally important—and perhaps from the point of view of international relations even more important—is that the reverse holds true. There is hardly a country in the world that you can go to where American music is not being played. There is nowhere that American records are not being distributed. Of course we don't know what's going on behind the Iron Curtain, but we suspect that just as all people who long for freedom must manage to smuggle in somehow the things they love, so, many people enslaved in the world today must somehow manage to get hold of and play an occasional American record. For there's probably no medium that can better give them the hope to fight on and the confidence that victory is inevitable than music.

The proof of the effectiveness of the American recording industry in international relations is shown every time a recording star goes anywhere in the world. Though most of the world's population may never have seen some of our top recording names, their voices have made them household words. Patti Page goes to the Orient and huge crowds turn out to see her. Kay Starr goes to Latin America and she is a sensation. Guy Mitchell prepares a world tour and excitement runs high among record fans everywhere. Nat Cole, Frankie Laine, Johnnie Ray, Al Martino and numerous others visit England and they are wildly welcomed.

These are all American record names. Their reputations have been made through records—and records alone. They are known to the world almost exclusively through the sound they export on their disks.

What better proof is there of the universality of music?

In the music business, we sometimes have a way of depreciating ourselves. We talk about it as a small business compared to the giant of motion pictures and other mediums of entertainment. But that isn't really so as far as influence is concerned. American recording stars have helped to spread the gospel of the American way of life throughout the entire world. And they have done it through the most effective way conceivable—through music, which reaches to the very base of people's feelings and hopes and desires.

kicked off the music machine indus-try's campaign in Massachusetts to help the thousands of cerebral palsy victims by placing the first dime in a Wurlitzer, contributed by Redd Dis-tributing Co., in Hotel Vendome on Friday night, March 18. Hundreds of teen-agers from pre-paratory schools around greater Bos-ton, celebrating their night before Spring prom, shouted and cheered in the lobby as the Arthur Godfrey singer, here for a Blinstrub engage-ment, met with officials of the Mass. Present for the ceremonies, which included the handing over of the keys to the machine from James Geracos, president of the MMOA, to Stewart Nash, Greater Boston Cerebral Palsy C a m p a i g n Chairman, were Dave Baker, treasurer of MMOA, Mrs. Baker; Lu Ann Simms and her hus-band, Loring Buzzel; Lu Ann's father; Guy Livingston, Cash Box; Paul Ste-vens, Paul Stevens Associates; J. C. Cleve, manager, Hotel Vendome. The machine had been placed in the hotel lobby the same day after names of the four distributors had been placed in a hat, and a name pulled. Redd Distributing won the honor of being the first distributor to place a machine in the Vendome, campaign headquarters. The machine will be there for 18 days, to be followed by machines from the other three distri-butors, Trimount, Atlas and Music & Television Corp. (Seeburg, AMI and Rock-Ola respectively). It was a "first" in many ways. It was the first time a juke box had ever been inside the 100-year-old famed Vendome hostelry. It was the first time a celebrity had put a dime in a music machine in front of the photog-raphers. Interesting sidelight was report of

# POPULAR

"I LOVE YOU"—EDDIE FISHER—with Hugo Winterhalter and his Orchestra —RCA Victor LPM-1097 (12" LP) SO IN LOVE; PRETTY BABY; MY ONE AND ONLY LOVE; I CAN'T GIVE YOU ANYTHING BUT LOVE; THE GIRL THAT I MARRY; I SURRENDER, DEAR; WHAT IS THIS THING CALLED LOVE; LET'S FALL IN LOVE; MY ROMANCE; LOVE SOMEBODY; LOVE SENDS A LITTLE GIFT OF ROSES; SOMEBODY LOVES ME.

SOMEBODY LOVES ME. This is without a doubt, Eddie Fisher's best LP to date and it oughta be a smashing success. Working with the Hugo Winterhalter orchestra on all the bands, Eddie dishes up a dozen great romantic standards most of which have the word love in the title. They're beautiful recordings, some with an up-beat and the others in the ballad category. The feature that really fascinates this reviewer is the fabulous four-color photo of Fisher on the cover. It's an amaz-ing piece of top grade color photography. Back cover offers five candid shots of Mr. Fisher. The album is as good as sold if anyone sees the front cover. Should be Fisher's biggest selling LP to date. Fisher's performances speak for themselves.

"SOFT AND SWEET"—THE THREE SUNS with string Orchestra—RCA Victor LPM—1041 (12" LP) THERE IS NO GREATER LOVE: A SINNER KISSED AN ANGEL; MOONLIGHT IN VERMONT; THE RIVER SEINE; FLAMINGO; STARS FELL ON ALABAMA; THE TOUCH OF YOUR LIPS; VELVET MOON; AUTUMN NOCTURNE; BLUE ORCHIDS; SKYLARK; IT'S DAWN AGAIN.

MOON, AUTUMN NOCTURNE, BLUE ORCHIDS, SKYLARK, IT'S DAWN AGAIN. There is no doubt that the Three Suns are one of the best small instrumental groups in the country. Seldom can one find a guitar, organ and accordion creating such beautiful music. Place their amazing sound against a lush back-ground, and you have mood music at its best. This is what Victor offers on this LP. The boys also use excellent material, 12 great standards. "Sinner Kissed An Angel" and "Velvet Moon" would make a great single. Mood music that stands out from the run-of-the-mill string-stuff. Great four-color cover photo of a gal in a negligee oughta attract a load of customers, too.

### Favorites of DICK CONTINO-Mercury MG 25208 (10" LP)

NIGHTINGALE; ADIOS; CHARMAINE; BEWITCHED; PURPLE ISLANDS; SONG OF THE ISLANDS; TANGO OF THE ROSES; YOU ARE ALWAYS IN MY HEART.

Here is Mercury's first LP with Dick Contino, one of the country's top accor-dionists. And it's a beautiful piece of wax, indeed. Assisted by a chorus and a rhythm section. Contino wends his way through an octet of his favorites. They're all beautiful standards and are presented in a variety of tempos; latin, jump, and fox trot. Accordion students can learn much from the artist's tech-nique. His fans will love this.

"FLIRTATION WALK"-Robert Farnon and his Orchestra-London LL 1053 (12" LP)

WOULD YOU LIKE TO TAKE A WALK; REFLECTIONS IN THE WATER; IT'S ALWAYS YOU; TWO LITTLE GIRLS IN BLUE; SWEET AND LOVELY; SO DO I; FLIRTATION WALK; BY A WATER-FALL; CAN I FORGET YOU; IT'S EASY TO REMEMBER; FLIRTATION WALTZ; DOWN BY THE RIVER; MY FOOLISH HEART; I LOVE A LASSIE.

Robert Farnon an important figure in the development of mood music, as it is called today, is better known in England than he is here in the U.S. But since music has no national boundaries, here's an album that will be enjoyed by all. Fourteen warm and smoothly fashioned standards. On most mood music LPs, the orchestra slows up so much that the dance tempo is entirely lost. Here, however, there are good waltzes and good fox trots. Fine material for a romantic mood.

KERN: Scenario for Orchestra on themes from "Show Boat"—and other selections—Janssen Symphony of Los Angeles—Camden CAL 205 (12" LP) BARBER: OVERTURE TO SCHOOL FOR SCANDAL; HERRMANN: PIANO CONCERTO FROM "HANGOVER SQUARE"; TANSMAN: SCHERZO: FROM "FLESH AND FANTASY"; RAKSIN: THEME FROM "LAURA" FROM "LAURA."

Werner Janssen conducts the Janssen Symphony of Los Angeles through five beautiful selections that the public has become familiar with and learned to love, thanks to filmdom. These are the background themes which were instru-mental in making the above mentioned films top successes. One half of the LP is devoted to "Show Boat," the other portion features four other themes (mentioned above). Forty-five minutes of beautiful music all at the low Cam-den price. Juicy acquisition for anyone who's just starting to build an LP collection.

"AN EVENING ON BROADWAY"—33 All-Time Hits from Carousel, Show Boat, Oklahoma, South Pacific and others played by Charlie Kunz at the piano —London LL 1134 (12" LP)

The Broadway stage has been a fabulous influence on the entire world. Here, pianist Charlie Kunz relaxes at the keyboard and presents 33 of Broadway's all-time great hits. Side one features selections from "Carousel," a number of Rodgers and Hart tunes, music from "Show Boat" and four numbers from "South Pacific." Side two includes an Oklahoma medley, selection of Richard Whiting hits and the hits of Walter Donalson, Ray Noble, Jerome Kern and others. If you like a solo piano and B'way music, this is for you.

# JAZZ

"OLD ROCKIN' CHAIR"-Hoagy Carmichael and his Orchestra-RCA Victor -3072 (1-10"LP)

ROCKIN' CHAIR; GEORGIA ON MY MIND; MOON COUNTRY; BARNACLE BILL THE SAILOR; BESSIE COULDN'T HELP IT; ONE MORNING IN MAY; LAZY RIVER; SING IT WAY DOWN LOW. An unusual album—a collector's delight. Most of the sides listed above were cut from 1930 to 1934. Tho dated in style and sound, it is of tremendous interest historically. Along with Hoagy, who performs and vocalizes a bit, there are such unforgettables as Bix Beiderbecke, Jimmy Dorsey; Tommy Dorsey, Bud Freeman, Benny Goodman, Gene Krupa, Eddie Lang, Bubber Miley, Jack Teagarden and Joe Venuti.

"BLUES FOR SALE"-Billy Eckstine-EmArcy MG 26025 (10"LP)

"BLUES FOR SALE"—Billy Eckstine—EmArcy MG 26025 (10"LP) IT AIN'T LIKE THAT NO MORE; BLUES FOR SALE, JELLY JELLY, LONG, LONG JOURNEY; LONESOME LOVER BLUES; ALL I SING IS; TELL ME PRETTY BABY; BLUE. Although today's teen-agers consider Billy Eckstine a master at handling a ballad, few are familiar with his work as a blues singer. Back in '39, Billy was a struggling newcomer. He got his first big job with Earl "Fatha" Hines' band. A few years later, Eckstine formed his own band. This is where this LP picks up his voice. It's an exciting and interesting package of historical value to those interested in the Eckstine career. He sounds so different on the up-beat items, that you can't even tell that it's Billy. Great package for jazz enthusiasts, rhythm and blues fans and Eckstine followers. An LP with wide appeal. wide appeal.

HERE'S ART TATUM-Brunswick Records BL-54004 (1-12" LP)

HONEYSUCKLE ROSE; MOONGLOW; I GOT RHYTHM; BEGIN THE BEGUINE; TEA FOR TWO; STORMY WEATHER; GONE WITH THE WIND; ST. LOUIS BLUES; COCKTAILS FOR TWO; DEEP PURPLE; AFTER YOU'VE GONE; ROSETTA.

The master displays his ample virtuosity at the keyboard with a dozen delec-table sides. At times his spectacular technique makes it sound as though two pianos were being played at the same time. He maintains a swinging beat and colorful tone effects plus tickling, rippling fill-ins. Supporting Tatum are Tiny Grimes on the guitar and Slam Stewart on bass.

LIONEL HAMPTON "OH ROCK"-MGM Records E 285 (1-10"LP)

GABBY'S GABBIN; GLADYSEE BOUNCE; GATES STEPS OUT; OH, LADY BE GOOD; KINGFISH; OH, ROCK; SAMSON'S BOOGIE; COOL TRAIN.

More Hampton. Eight sides highlighting the vibe genius of the peppery swingster. The man really drives as indicated by the title, "Oh Rock." More fuel for Hampton fans.

"MEET ME WHERE THEY PLAY THE BLUES" — Period SPL 1106 (1-10" LP) ,

"ORIGINAL DIXIELAND"—Period SPL 1110 (1-10" LP)

ORIGINAL DIATELAND<sup>2</sup>—Period SPL 1110 (1-10<sup>2</sup> LP) One of the artists most closely associated to the blues and Dixieland, Jack Teagarden, is offered here in a sampling of both by Period Records. One album is devoted to each phase and a better exponent than the trombonist and gravel voiced singer could hardly be found. Devotees of this type of music as well as jazz collectors will do well to listen. With Jack at this session were Fred Greenleaf, trumpet; Kenny Davern, clarinet; Norma Teagarden, piano; Kass Malone, bass and Ray Bauduc, drums.

"BANJO KINGS GO WEST"—Volume 3—Good Time Jazz L-26 (10" LP) COLUMBUS STOCKADE; STEEL GUITAR RAG; SAN ANTONIO ROSE; YOU ARE MY SUNSHINE; WESTWARD HO; HOME ON THE RANGE; HOME IN SAN ANTONE; PANHANDLE RAG.

WESTWARD HO; HOME ON THE RANGE; HOME IN SAN ANTONE; PANHANDLE RAG. Here's a treat for the banjo enthusiast. Music that's interpreted by three of the best in the field. Dick Roberts handles the tenor banjo, Red Roundtree works the plectrum banjo and Ernie Anderson is on the other tenor banjo as they fashion eight exciting numbers. Assisting are Bill Norris on the piano; Ray Leatherwood, bass; Ralph Hansell on drums. Stan Wrightsman and Nick Fatool assist on side two. A good selection of songs known the world over mixed with some more recent tunes that could be classed as country music. Great pickin'.

# CLASSICAL

DVORAK "Concerto in B Minor for 'Cello and Orchestra"—Capitol Records P 8301—(1-12" LP)

Andre Navarra, 'Cello-New Symphony Orchestra of London conducted by Rudolph Schwarz.

Andre Navarra emerges from this session covered with glory. His sensitive cello playing of the Dvorak "Concerto for Cello" is brilliant. Filled with warmth, depth and tonal effects, the 'cello, at the hands of Navarro, is accorded full honors as a solo instrument. The orchestra fulfills its function admirably under the baton of Rudolf Schwarz. The beautiful concerto is given a fine allaround performance and should be well received.

FRANK "SYMPHONY IN D MINOR"-RCA Victor LM-1852 (1-12" LP)

FRANK "SYMPHONY IN D MINOR"—RCA victor LM-1852 (1-12° LP) Guido Cantelli conducts the NBC Symphony The most popular of Franck's works is offered here under the able baton of Guido Cantelli. Cantelli guides the NBC Symphony through the brooding emotions and dramatic themes with obvious affection and awareness of its moods and colorations. Cantelli, who has been in New York at Carnegie Hall most of his winter season, has been growing in reputation and should be well received. However, there are several good recordings on the market which offer competition offer competition.

RACHMANINOFF-"Concerto No. 2 in C Minor"-Capitol P8302 (1-12" LP) Leonard Pennario, piano. The St. Louis Symphony Orchestra, Vladimir Golschmann, conducting.

One of the most popular piano concertos is the offering of Leonard Pennario, young pianist. Pennario is gentle and delicate as he fashions the melancholy feathery melody. He plays with warmth, love and technical perfection. It is a fine release that will meet the most exacting demands of the buying public. Vladimir Golschmann conducts the St. Louis Symphony Orchestra with all the knowledge and affection that comes from a long association with the work.

FAMOUS TENOR ARIAS-Cesare Valletti-Cetra 50176 (1-12" LP)

TU CHE A DIO, TOMBE DEGLI AVI MIEI-DONIZETTI "LUCIA DE LAMMERMOOR" IL MIO TESORO INTANTO, DALLA SUA PACE-MOZART "DON GIOVANNI" POURQUOI ME REVEILLER, O NATURE-MASSENET "WERTHER" LA REVE, AH! FUYEZ, DOUCE IMAGE-MASSENET "MANON" Cesare Valletti, one of the world's leading tenors, sings excerpts from four operas listed above. His emotional and fluid singing fulfill all the requirements of the beautiful arias. His pure tone will delight opera followers. Those who prefer to buy the melodic highlights of operas will find this a powerful at-traction.

# **RCA Victor Announces "Miss Juke** Box" Finalists; Ops To Choose Winner At MOA Convention

NEW YORK-RCA Victor has just announced the three finalists in its "Miss Juke Box of 1955" contest. One of the girls will be selected at the MOA on Tuesday, March 29, to carry the coveted title. The finalists are:

Sonny Graham, a twenty-eight-yearold from the Bronx. She used to sing with a group called the Rhythmettes.

Ginny Dennis used to sing under the name Virginia Maxey with such bands as Charlie Barnet's, Tony Pastor's and Bobby Byrnes'. She also was with the Modernaires and the Pied Pipers. She was born in Indianapolis.

Kay Malone, from Beverly Hills, Cal., was born in New Orleans. Both her parents did a song and dance act in show business. She sings in several languages.

All three girls will be in Chicago for the final judging. Coin-operators will meet the candidates and hear their recordings at the MOA convention. The winner will receive an RCA Victor recording contract and her sponsor will receive an RCA Victor 21" Color TV set. The other two candidates will be awarded RCA Victor "New Orthophonic" High Fidelity "Victorola" phonographs.

All entries were submitted to Victor by coin-machine operators. The finalists were chosen by judges Bob Austin of The Cash Box, Paul Ackerman of The Billboard, Herm Schoen-feld of Variety and Hugo Winterhalter, pinch hitting for Joe Carlton who was called to the west coast.

# MOVE SONGS ARE MONEY SONGS

After a long hiatus, movies have at last come back into their own as far as the music industry is concerned. For much too long a time, songs from movies were dormant as far as general popularity went. But then themes from motion pictures began to be recorded as instrumentals and they caught on with a great deal of strength.

Today any time you look at a list of the top records in the country, motion picture songs are always represented. In the last year, the following picture tunes made noise: "The High And The Mighty", "Three Coins In The Fountain", "Smile", "Hold My Hand", "Cherry Pink And Apple Blossom White" and "Unchained Melody".

It's not too hard to judge why movie songs should have such a great chance with the public. Everywhere the picture is being played the song is being plugged.

As a matter of fact, in one recent case it was possible to follow minutely the promotional effect of a film. The song was "Hold My Hand" recorded by Don Cornell and it was used as an integral part of the theme of the film "Susan Slept Here". When the record first came out, there wasn't an everwhelming reaction to it. But in each city that the picture played, sales immediately spurted. This happened clear across the country so that the cumulative effect was to make the disk one of the nation's top sellers.

As far as juke box operators are concerned, it is extremely important to keep track of what musicals are playing a particular locality and to make sure that the machines there have the songs from the film. For it has been found over and over again that people who have seen a movie and enjoyed the music in it, want to play that music when they see it in a juke box.

This holds true not only for big musicals, but for any picture in which a musical theme is involved. Some of our biggest records in the past year have come from non-musical films with a haunting theme melody which was exploited on records.

And the record business can also take pride in the fact that, just as a picture helps to promote a song, so can a record help to promote a picture. There's no doubt that several recordings of a particular movie theme being played on juke boxes and on the air help to make people want to see that picture. A striking example was "Three Coins In The Fountain" which was definitely helped by the great recordings of the song.

But as far as the music industry is concerned movie songs have once again come to mean money songs. Operators who are wise enough to take advantage of this, will profit both in terms of good will and increased play.

**Buddy Robbins Named To Columbia Pictures Music Post** 

NEW YORK — Columbia Pictures Music Corporation announced last week the appointment of Buddy Rob-bins to the post of general profes-sional manager. In his new position Robbins will act as liaison man with Columbia Pictures and the various record companies as well as play an active role in the promotion of the songs from Columbia films published by Columbia Pictures Music. Recently Robbins was associated with United Artists and was active in the promotion of the music from such films as "The Barefoot Contessa," "Vera Cruz" and "Marty." Prior to that he was general professional man-ager for J. J. Robbins Music and George Paxton Music.

# Self-Promotion Campaign

NEW YORK—Hank Barnett, new pop ballad singer on the Dot Label, is taking no chances. He recognizes the fact that he has to stimulate the

is taking no chances. He recognizes the fact that he has to stimulate the men in the business to get them to plug him through to the public. "A performer can't squawk if the public doesn't accept him. That's the idea of show business, but it's only too often that the people in the busi-ness itself either make or break a performer", explains Hank. So Hank is starting a self-promo-tion campaign whereby he will at-tempt to draw a direct reaction from the public in a small city. By means of continuous newspaper advertising, he expects to assemble a listening audience. With the help of local dee jays in this small city he hopes to get his record aired often. Listeners will be asked to call the station collect and offer their opinion of Hank's re-cordings. Barnett will foot the bill for all the collect call.

# MAYMIE WATTS (Groove 0103)

(2:20) [Vir-Cel Music BMI-McGill] Maymie Watts makes her debut on Groove with an excellent reading of the tune currently making noise in the Philadelphia area. A slow rhythmic blues effectively performed.

QUICKSAND" (2:42) [Laerteas B ASCAP-Douglas, Norman, Beardon] Miss Watts ups the tempo and rocks out the infectious rhythm item in good style. Goodhunk of wax that should get the gal known in short order.

# OSCAR McLOLLIE (Modern 955)

B→ "PAGLIACCI" (2:25) [Leon Rene ASCAP—Rene, Scott] Mc-Lollie comes up with an unusual item for his fans. A dramatic, middle beat bounce done up in pop trimmings. Pretty melody and different enough to catch on. Give it a good listen.

"ETERNAL LOVE" (2:30)B [B & M BMI-Motola, Taub] Flip is a quick beat jump item etched in good style. The deck is a good dance item and the Honeyjumpers bounce through it effectively.

### JEWEL BROWN (Duke 140)

"NO, YOU CAN'T KISS ME NO MORE" (2:47) [Revelation-Eddie "Tax" Curtis] Jewel Brown makes her bow with a cutie uptempo bouncer and the result should please. Platter has an infectious quality. Good ork sup-nort port.

B "WHERE DO I GO FROM HERE" (2:45) [Revelation BMI -Curtis] Gal shows her versatility on the flip, a slow, pop flavored, blues. Miss Brown sings with feeling and puts the tune over. Good wax.

# THE SPOTLIGHTERS (Imperial 844)

"BAM JINGLE JINGLE" (2:35) BAM JINGLE JINGLE" (2:35) [Commodore BMI—Smith, Smith] A middle tempo bouncer given an ok vocal reading by The Spotlighters. Driving horn and handclaps lend pep-per to the wax.

"IT'S COLD" (2:16) [Commodore BMI—Smith, Smith] The Spot-lighters etch a slow tempo rhythmic item on the flip with more restraint. Ok deck.

hot piece of material in a slow big beat ditty titled "Come On Baby". Rhythm rocks as Mabon begs his baby to make love to him. His chant style is very effective as Mabon socks home the simple but potent lyrics and it could turn out to be his strongest in some time. The flip, ""Wow! I Feel So Good", is a quick beat staccato vocal well done, but lacking the impact of "Come On Baby". It's a one sider, "Come On Baby".

### THE BARONS (Imperial 847)

"ETERNALLY YOURS" (2:15) (Commodore BMI-The Barons] The Barons glide through a slow blues ballad with feathery treatment. Pretty and restfull.

"BOOM BOOM" (2:20) [Commo-BOOM BOOM (2.20) Le Barons dore BMI-Gold, Ray] The Barons change pace on the reverse side and jump through the middle beat effort with a zesty performance.

JACK DUPREE (King 4779)

B "TWO BELOW ZERO" (2:56) [Jav & Cee BMI—Lucille Dupree] Poor Jack Dupree. He's been locked out in the rain 2 below zero 'cause he hasn't paid his rent. His mouthings of the luvice make this of funny side of the lyrics make this a funny side.

C "BLUES FOR EVERYBODY" (2:31) [Jay & Cee BMI-Glover, Dupree] A slow bounce blues per-formed in Dupree's unique style of formed in vocalizing.

# THE FIVE WINGS (King 4781)

"ROCK-A-LOCKA" (2:29) [Jay B & Cee BMI—The Five Wings] The Five Wings rock their way through a swinging bouncer with a good performance. Side drives.

"TEARDROPS ARE FALLING" (2:20) [Jay & Cee BMI—The Five Wings] The group backs with a slow blues ballad on the weepy side.

# **BEULAH BRYANT** (Excello 2049)

"WHAT AM I GONNA DO?" B (2:26) [Excellorec BMI] Beulah Bryant sings a slow beat bouncer and aided by a tambourine sound throughout comes up with an ok wax.

G "PRIZE FIGHTIN' PAPA" (2:48) [Excellorec BMI] Miss Bryant wails a slow rhythmic blues on the flip and does a fair job. "What Am I Gonna Do" is the stronger offering.

# THE CASANOVAS (Apollo 471)

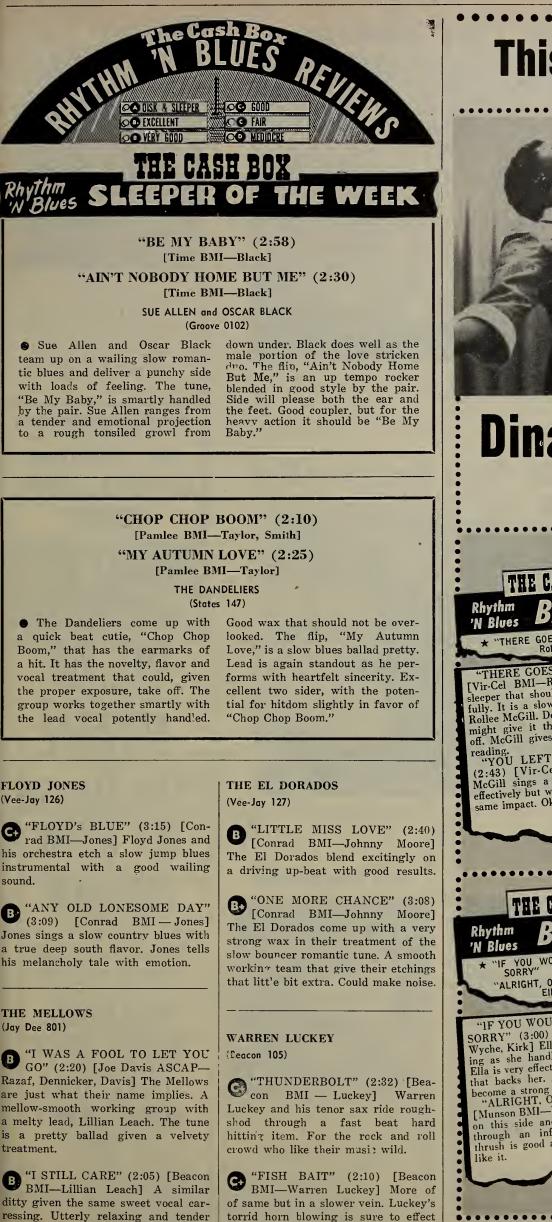

"THAT'S ALL" (3:00) [Bess BMI-Mayfield] The Casanovas make a smooth team on their reading of a slow ballad blues pretty. The wax comes off with potent effect and deck could make some noise.

"ARE YOU FOR REAL" (2:44) B "ARE YOU FOR AMARA Un-[Bess BMI-Bob Woodward] Under deck is a fast beat jump ditty that the boys drive on. Ok wax and good two sider.

# THE PLATTERS (Federal 12204)

HERE ANYMORE" WORK "MAGGIE DOESN'T (2:38)[American BMI-Taylor, Lynch] The Platters work over a cutie that should stir things up. The group rocks around the cute dissertations of Maggie. Deck is gimmicked all the way through and the chuckley effects come through in good style.

("TAKE ME BACK, TAKE ME BACK" (2:22) [American BMI-Taylor, Lynch] A slow beaty item with a romantic theme smoothly etched. Group different enough to make it.

A few months ago, *The Cash Box* heralded the emergence of rhythm and blues tunes into the pop field. We pointed out that for the first time, numerous records originally made for the R&B market were being bought by an audience which had never heard of them before.

Today this trend has become even more pronounced. Some of our top hits, such as "Hearts Of Stone", "Earth Angel", "Tweedles Dee", "Ko Ko Mo", "Sincerely", "Rock Love", "Pledging My Love", "It May Sound Silly" and others are selling great in pop stores and are receiving tremendous plays on juke boxes in pop locations.

Moreover, pop artists are jumping in to cover rhythm and blues songs as soon as they show any sign at all of making noise. Until very recently, artists and record firms used to wait until an R&B disk really hit the top before trying to cover it in a pop vein. Today that no longer holds. Rhythm and blues material has been showing such strong appeal that even before a song gets anywhere on the Hot Charts, it becomes an item to be reckoned with.

This whole procedure has been a gratifying one. There has been a tremendous amount of musical fulfillment which has been lost to a great majority of record buyers because of their lack of knowledge of the rhythm and blues market. Now, just as the folk field opened up an entirely new vista to us, the rhythm and blues field is once again showing us a new area in which we can appreciate different types of music than the ones we've known.

This trend in the music business has not only had a salutary effect upon our powers of appreciation but it has had a direct bearing on the amount of business being done in the industry. The record business has been good recently. And one of the main reasons for this is that we have been able to take records which ordinarily would sell to a limited market and spread them all over the country. This increases the total amount of records sold; it gives independent companies a chance at a major market; it gives established record firms an opportunity to experiment with artists which they formerly couldn't afford to bother with; it gives these artists a chance at the bigtime; and it gives writers and publishers a field to work in which was formerly only a minor area of activity.

The whole movement has broken down barriers which in the ordinary course of events might have taken untold amounts of time to do. How better to understand what is known to you than by appreciation of the emotional experience of other people? And how better are the emotions portrayed than by music?

All factions in our country have a vital contribution to make to our culture and understanding. The music and record industries could never accomplish anything greater than to contribute to that achievement.

We are proud of the people in our industry who are opening these doors. We trust this movement will continue, expand and prosper.

The uptown area is swinging once again and this time, as so many times in the past, a major part of the sales are brought about because of the terrific jobs rendered by the wailing newcomers. To mention a few of The Charms whose steady stream of hit releases have firmly established the group as national favorites. At breakfast and a quick chit-chat with the very personab'e manager of The Charms, Herschel Bayless, we learned of the unlimited amount of success they enjoyed while touring with one of the hottest packages ever assembled. Some of the other outstanding artists who rounded out this thrilled filled package were The Moonglows, The Clovers, Faye Adams, Joe Turner, Lowell Fulson, Bill Doggett, Paul Williams, The Spence Twins, Al Jackson and The 5 Keys . . . The Hearts still riding high with "Lonely Nights".... Gene & Eunice following up their initial Ko-Ko-Mo sizzler with a two sided smasheroo that's really a lulu. Their newest "This Is My Story" B/W "Move It Over Baby" should make the op's quite happy, for in this platter they are afforded two chances instead of one to snatch the coins. . . . Johnny Ace and the flip side of his "Pledging" deal getting stronger and stronger. It's a cute little novelty b'ues reading that really swings. Dig it and you'll see just what we mean. . . . Richard Berry and "Please Tell Me" just the thing to round out an evening of digging the disc. . . . Eddie Heywood drops by to let us know about the many vocal versions of his "Land Of Dreams" which are due to hit the market sooner than soon. . . . Joe Turner's "Flip, Flop, & Fly", Ray Charles' "I Got A Woman" chartbuster, The Cardinal's "Door Is Still Open, "It May Sound Silly" starring Ivory Joe Hunter and Arnett Cobb's exciting "Flying Home Mambo" has the Atlantic front office jumping about like mad. . . . Dean Barlow and "I'll String Along" steadily climbing. . . . "Most Of All" the latest by The Moonglows doing likewise. . . Johnny Sparrow and "Sparrow's Nest" blazing away and away.... "Boom Diddy Wa Wa" presents Junior and Marie in top form. Louis Jordan resting in the country cool breezes before moving into the cutting rooms. . . . The Midnighters taking time off for a quick breather before hitting the open roads once again as the other half of the big deal which also spotlights the dynamic Arnett Cobb and crew. . . . Buddy Johnson and sister Ella hitting once again. This time it's "If You Would Only Say You're Sorry" B/W "Alrighty, Okay". . . . The Swallows and "My Baby" starting to move skyward. . . . Hal Jackson, Lloyd Williams, Sara Lou & Buddy and Vic Bozeman, all of W.L.I.B. keeping things good and groovy over at that station.

# **Much Ado About Nothing!** Where Are All Those Dirty Lyrics We've Been Hearing About?

NEW YORK—There's been a great fuss lately about so-called dir lyrics in Rhythm and Blues songs.

No one will deny that some lyrics in R&B are suggestive—just as some lyrics in Pop and any other field are off-color. However, it has been our observation that Rhythm and Blues songs which become popular among observation that Knythm and Blues songs which become popular among the general public have as clean lyrics as any other song that is played on the juke boxes and on the air today. There is no responsible A&R man, no maior record company that would major record company that would knowingly cut questionable lyrics. It would be folly for them to do so.

The cry against R&B lyrics ob-viously comes from those well en-trenched sources who hesitate to encourage any competition and who really can't understand any other forms than the ones to which they have become accustomed.

In an effort to find out just what is dirty in current R&B songs, we have gathered together the top tunes from the field which are currently making noise in pop charts and reprint them herewith.

We don't by any means claim that these are the best lyrics we've ever read or the most sophisticated or the most intelligible. However we do claim that as far as smut or double entendre is concerned, you will find none in all these lyrics combined, which is more than we can say about almost any Broadway musical in the last twenty vears.

## IT MAY SOUND SILLY

It May Sound Silly for me to say this, After the way you broke my heart, But I still love you, although we are apart. It May Sound Silly to say I miss you, I must confess that this is true, I want you only, 'cause no one else will do. The day we quarreled and you left me, Before you walked out thru the door, I wanted to tell you how much I'd miss you, But my pride wouldn't let me tell you so. We have done it so often and with such intensity, that today almost all operators who know their business have a proper conception of commercial programming material. They know **"WHEN I GROW** that in any one location there are many different types of custo-TOO OLD mers who want to hear many different types of music. There is no longer a location in which only one kind of record can be played. TO DREAM" American tastes are becoming more and more integrated so that

almost everyone who is exposed to music has a variety of tastes. That lesson has been learned by juke box operators. And proudly we feel that The Cash Box has had a great deal to do with it.

But it seems not yet to have been learned by retail dealers.

Today the musical picture is changing so fast that any retailer who doesn't keep up with the latest developments is losing an untold amount of sales.

The change that is taking place is an acceleration of the rate at which American music is becoming national rather than regional.

The juke box, the radio, television and the movies have all contributed to this process. And the end result is that rhythm and blues music no longer is limited to what used to be considered a rhythm and blues audience. Folk music is no longer limited to a regional audience. And pop music is popular all over the nation. A hit tune is a hit in every state, in every corner of the country.

The meaning of all this is that people are fast recognizing that the tastes of other people in other regions are as valid as their own. And with an open mind, they are learning to appreciate qualities which they never could see before. .

As we said this has become most noticeable in the recent popularity of R&B music among pop audiences. Today many of our hit tunes are taken from that field just as many pop records are in top positions in R&B regions.

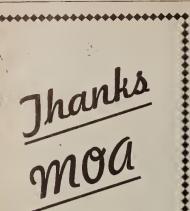

The implications for the music business in this tendency are tremendous. For a whole new area of appreciation is being opened up. It means that there will be a greater freedom in the writing of songs. There will be records that will appeal to a much wider segment of the population and therefore will be able to sell in larger quantities. And finally it means that American tastes are becoming broader, embracing the music of all America rather than just part of it.

Retail record stores in many areas still have this great lesson to learn. For the most part, juke box operators already know it. The sooner the storekeepers know it, the sooner they will be doing their part to spread American culture in the fullest sense of the word and the sooner will they be expanding their own possibilities for greater business and greater profits.

#### Page 80 "Thanks To The Operators" Lou Black, General Manager Top Talent, Inc., Springfield, Mo. My missus thanks you . . . my two youngsters thank you ... I thank you .. and my stockholders thank you ... Yes, everybody who derives something from this fellow's efforts at booking country music talent should this week make a deep bow in the direction of "Mr. Music Operator U.S.A." Not just because the operator is the key source of promotion of such artists in my stable as Red Foley and Jean Shepard, but-equally important-because the operator is our firm's most reliable predictor of whether a given personal appearance attraction will draw in his locality. For my money, he's better than a crystal ball!

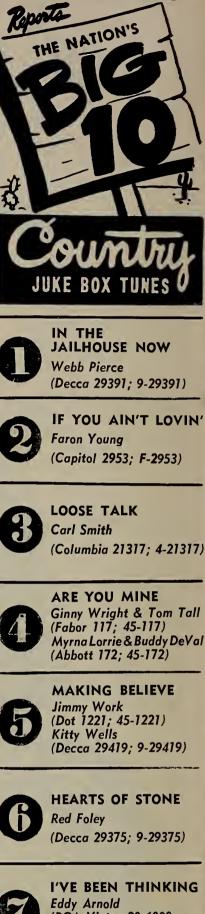

I've heard it said that advice is cheap; and certainly there's no shortage of folks willing to spill forth words of wisdom on the subject of a recording artist's dollars-and-cents popularity at the boxoffice. But worth its weight in gold is the opinion of a man who's in a position to really know. And I have discovered that the opera-And I have discovered that the opera-tor, even more so than the record store man, is in a position to know the public's tastes. Perhaps this is because many of the potential show-goers are not record buyers, but nearly everybody is a jukebox customer at one time or another.

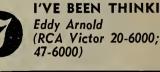

everybody is a jukebox customer at one time or another. Oftentimes, the advice I receive from an operator is more than just a "Yes, I feel that your attraction will draw here" or a "No, it won't". . . . Many have offered such sound suggestions as, "I think that boy, Porter Wagoner, would help your bill in this area, after the way folks went for his 'Company's Comin'," or "You're missing a good bet by not having Hawkshaw Hawkins on that show." And darned if acting on these suggestions hasn't paid off! My profound respect for the opera-tor stems not only from the coopera-tion he has shown me, but also from my observation of his abilities as a real promoter-type of businessman in his own right. My hat is off, for ex-ample, to such fellows as the midwest-ern operator who always attends my shows with a pencil and notebook in hand. During the course of the per-formance he takes down the title of every song sung by each recording act; traveling back through his ter-ritory a week or so later you'll find many of these numbers on his boxes.

And he tells me that if I have had a good house for my show, he can fully expect good house for my show, he can fully expect good business (from my ticket-buyers) on nearly all of the records, old and new alike, which were per-formed on the show. More power to you, Ops!

## Ed McLemore Overcame Many "How High The **Obstacles To Establish Big "D"**

DALLAS-Ed McLemore is one man who has faith in the folk music business. The long-time Dallas wrestling promoter, who is responsible for a lot of the nation's entertainment through his nationally distributed "Texas Rasslin'" films, is a veteran nine year producer of Dallas' Big "D" Jamboree and the entrepreneur of many touring country music shows at his Dallas Sportatorium.

To understand McLemore's direc-tiveness, consider his continuance in the folk music business despite many the folk music business despite many obstacles. For one thing, fire destroyed his old Sportatorium in May of 1953. The fire occurred on a Friday preced-ing the regular Saturday night pres-entation of the Jamboree. But the show went on. McLemore rented a building on the state fair grounds in Dallas and the show was unreeled on schedule the following day to keep intact his never-missing policy. Throughout the summer, the Jamboree was held at the fair grounds while a costly new Sportatorium was being erected on the site of the former Dal-las landmark. las landmark.

But, up it went, and the Jamboree returned in a new building especially designed for the staging of the show. Fate intervened again, and for some reason—a reason that baffled many a physicist—the new Sportatorium had a major sound prob-lem. The construction of the building, while being sound engineering-wise, created a severe sound problem. The singers could not be heard from

The singers could not be heard from the stage. The answer was a costly one—a complete installation of the building's now famous "Circa Sonic" sound system—at a cost to McLemore of \$10,000.00! But in it went and the Jamboree was back in business.

The future of the Louisiana Hayride is unlimited. Folk music has always had its followers and will always be one of the most popular forms of expression. KWKH has been a leader in the folk music industry since the first day it began broadcasting. When other radio stations refused to play so called "hillbilly music", KWKH was airing regular programs by such stalwarts as the "Sunshine Boys", "Jim-mie Davis", "Bob and Joe Shelton" and an endless number of well known singers. To mention the wonderful entertainers who have appeared on KWKH would fill a goodly portion of The Cash Box. In the first days of radio, when KWKH was very young, most of your folk music fanciers were in the country but in this day and time they come from all walks of life and are just as apt to live in the city as in the rural areas. This is reflected by the fact that the Louisiana Hayride attracts a whopping 65 per cent of the listeners in the city of Shreveport. Suffice it to say, the percentage is even greater in the rural areas. We have extensive plans for putting the hayride on TV. Filming the hayride and offering it on an open end basis is being thoroughly investigated. There is a distinct possibility that a half hour of the Louisiana Hayride will be hour of the Louisiana Hayride will be aired each Saturday night on the CBS radio network. The hayride is now heard every third Saturday on "Satur-day Night, Country Style". It is in-teresting to note that the hayride has developed more lasting talent than any other show of its type in the world. KWKH's Louisiana Hayride will continue to be "The Cradle Of The Stars". **"IT TICKLES"** (2:28) [Central BMI-T. & W. Collins]

"LET DOWN" (2:04) [Central BMI-T. Collins]

> TOMMY COLLINS (Capitol 3082; F-3082)

It appears as though Tommy Collins has come up with the sides that are gonna put his name high up on the popularity charts once again. On the top lid, Collins and his female vocal partner dish up a sprightly, quick beat cutie, dubbed "It Tickles". Lyrics tell about a neighborhood romeo whose mus-

tache really delights the gals when he kisses them. On the lower portion, Tommy and the thrush turn in a top calibre vocal duet as they wax a fast paced, sentimental piece, labeled "Let Down". Both ends are sure to create loads of excite-ment in the jukes and over the counter.

#### ED CAMP

(Imperial 8285; X-8285)

B "I'M TIRED OF LOVE" (2:45) [Commodore BMI — E. Camp] Smooth voiced Ed Camp gives out with a soft, sincere vocal job on this middle tempo, romantic lament. Subdued strings support the chanter.

**B** "MAGNOLIA WALTZ" (2:30) [Commodore BMI—E. Camp] On the lower etching Camp sings a pretty, slow tempo waltz item. Lovely mel-ody and lyrics.

#### **VONNIE FRITCHIE** (Fabor 119; 119-45)

(2:14) [Dandelion BMI — D. Grashey, M. Lorrie] The talented tones of Vonnie Fritchie come over in sparkling style on a light-hearted, quick beat ditty. This gal really loves her guy. A deck to watch.

B "THERE I STOOD" (2:24) [Dan-delion BMI — R. R. McCollum] Flip half the chirp sends up an in-triguing vocal on a poignant, up-tempo ballad.

**BOB AND WANDA WOLFE** (King 1450; 45-1450)

**B** "HOME MADE WINE" (2:22) [4 Star BMI—Wolfe, Clements, Wolfe] Newcomers to the label, Bob and Wanda Wolfe, husband and wife in real life, come up with an engag-ing vocal duet on a delectable, quick beat piece.

**B** "FULL MOON" (2:01) [4 Star BMI — Wolfe, Clements, Wolfe] Bottom side the artists deck out a fast paced, romantic ditty in colorful style. Appealing string backdrop.

#### WADE RAY

(RCA Victor 20-6061: 47-6061)

**B** "EXCUSE ME" (2:37) [Spring-field BMI — C. Walker] The splendid vocal stylings of Wade Ray coupled with a pleasing melody pro-vide for a potent, coin-catcher. Could be a click side.

**B** "I COULDN'T BE SO HAPPY" (2:33) [Hill & Range BMI — H. Barnes, D. Robertson] Ray warmly delivers a middle tempo, moral type item. The chanter states that happy endings are much more appreciated when preceded by sad experiences.

#### JEANETTE HICKS

(Columbia 21374: 4-21374)

B "JUST LIKE IN THE MOVIES" (2:21) [Cedarwood BMI — W. Walker] Jeanette Hicks steps up to bat out a fast paced tale about a romance that didn't go according to script. Fetching instrumentation on a deck that should lure the spins.

B "SUCH A WONDERFUL FEEL-ING" (2:12) [Blackwood BMI-Henslee] The chirp hands in an at-tractive reading as she spins an up-beat love piece.

#### JIMMIE DAVIS

(Decca 29445; 9-29445)

"I MIGHT EVEN LOSE MY MIND" [Jimmie Davis BMI-J. Davis] Jimmie Davis dishes up a fine vocal interpretation on an original, up-tempo tune with touching lyrics. Mel-ody and lyrics blend in fitting fashion. A good deck.

B "SOMETIMES LATE AT NIGHT" (2:19) [Jimmie Davis BMI—J. Davis] Reverse platter is a middle beat weeper that Davis renders in tender style. Soft string support.

THE BELEW TWINS (Coral 61630; 9-61630)

**B** "SHE WADED IN THE WATER" (2:16) [Trinity BMI— J. Hicks] The Belew Twins take hold of some spicy material and send it across in infectious fashion. Charm-ing harmony on this catchy, fast paced ditty.

"BEWARE OF SPEEDY GON-ZALES" (2:13) [Trinity BMI-J. Hicks] More off-color lyrics, this time with a Latin beat. Vocal efforts are most pleasing on these debut sides.

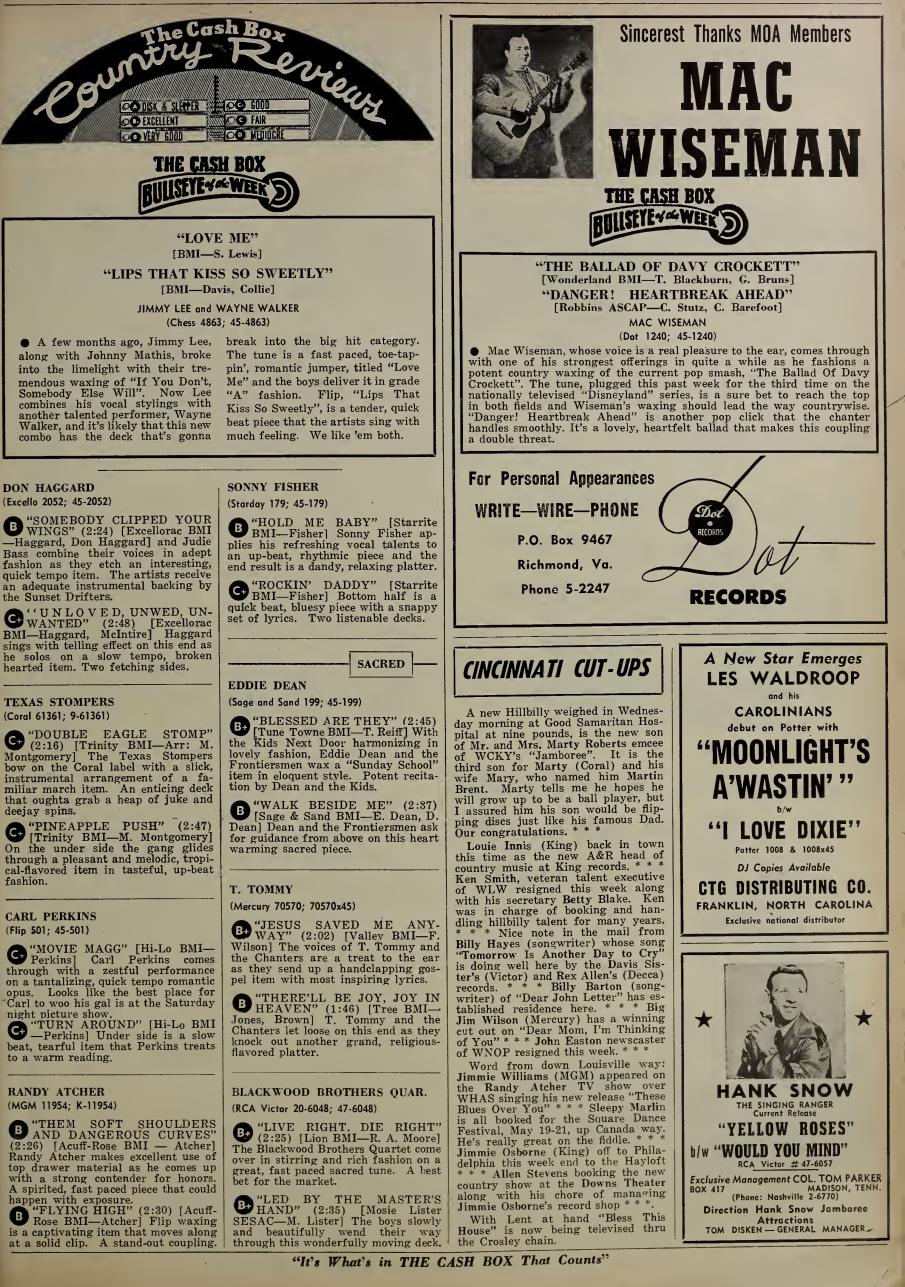

#### **GLENN KIRBY** (TNT 121; 45-121)

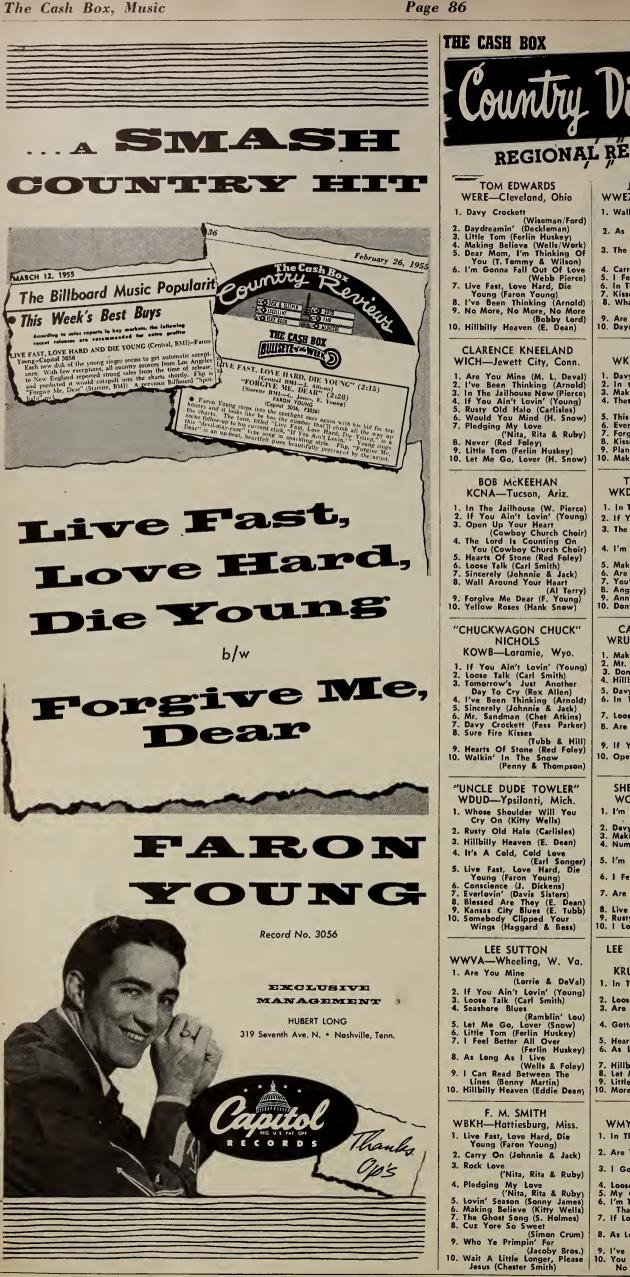

•"I LOVE BLUE EYES" (2:31) [TNT BMI—Riley] Glenn Kirby comes up with some effective warbling as he neatly fashions a quick tempo item with heartfelt lyrics.

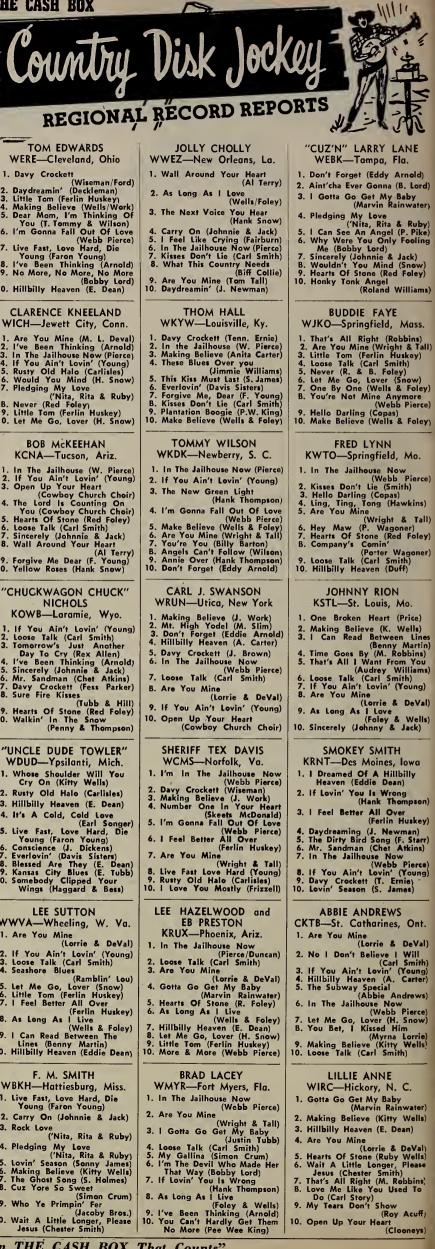

G "TIRED" (2:42) [TNT BMI-Riley] The chanter waxes an up-beat, feelingful piece in easy-on-the-ears style. Distinctive instrumental backdrop on both halves.

## Here and There

and from Everywhere ... Coinmen Attending the MOA Convention are saying . . . Meet Me in BOOT No. 10 (The Cash Box Exhibit) and Room (The Cash Box Suite)

For the first time in many years the family has come together again. This fifth annual convention of Music Operators of America has brought together in Chicago members of the industry who haven't seen or met with each other in years.

Not only the manufacturers, distributors and operators of automatic music from all over the country, and from out of the country, but also vending and amusements people who haven't had the opportunity of seeing or greeting each other in years.

In addition there are the recording manufacturers, distributors, music publishers and their contact men, and many, many others allied to the automatic music, vending and amusements industries, who are meeting with people they haven't met with in some years now.

As someone stated, "MOA is bringing the family together again." And the possibility is, provided that Music Operators of America continue ahead as progressively as they have that in years yet to come, perhaps all the family will again come together as it used to once during the year, to meet and greet each other in convention-met.

If MOA accomplishes nothing more at this fifth annual convention at the Morrison Hotel in Chicago, March 28, 29 and 30, 1955, it can glory in the fact that it has been largely responsible for an achievement few ever believed would again come about. The meeting of a great majority of the members of the coin machines family in one city and at one time.

This large and festive convention is a far, far cry from the very first meeting that came about to create what is today known as Music Operators of America, Inc.

How well The Cash Box remembers this event. For it was The Cash Box that energetically hustled about thruout the City of Chicago the day before, and all the morning and afternoon previous, to bring about the first meeting ever called. This very first meeting was held in The Cash Box suite at the Bismarck Hotel here in Chicago just seven years ago. At this meeting in its hotel suite, *The Cash Box* urged the formation of Music Operators of America as the "watch-dog" for the industry, against any and all adverse national legislation.

Those who were present, and practically all automatic music leaders were there, agreed with *The Cash Box*, and so Music Operators of America, Inc., came into being.

This fifth annual convention of MOA is a far cry from that very first meeting. The Cash Box, and all who were then present, can take great pride in this achievement. For definitely this is an outstanding achievement.

There is no doubt that those who are present here in Chicago at this fifth annual convention will have much to think about before and after they leave.

Whatever they will think of the business meetings, the exhibits, the general conversations and usual good times, is only a part of the bigger thought.

The big moment will be the nostalgia which this convention will bring to men who will remember how, prior to World War II, the industry met as a single and solid unit, year after year.

All the industry, whether music, vending or amusement, gathered together. Talked and laughed but progressed because of these oncea-year meetings.

The family, the greater part of it, is together again. Brought together by this fifth annual convention of Music Operators of America, Inc.

This is, therefore a very historical date. A date to remember. And to look upon with deep thought.

This proves that the family can and should get together, as it used to meet years ago, and bring back the comraderie as well as that harmony which existed between all divisions of the industry.

This is a great convention, regardless of what else happens and/or transpires during the three days of this meet, only because the family's together again. Page 92

ago, in 1939 but, a nickel all over again, because the Dime of 1955 is only worth as much as the Nickel of 1939.

Back in 1939 music operators paid 300% less than what they are paying today for new phonographs, parts, supplies, gasoline, labor and everything else they require to do business.

Today, in 1955, they are paying far over this 300% MORE and, yet, a lot of music operators continue to charge the very same coin they did in 1939, 5¢ per play.

Since the nation's economists have openly advised that the present American Dollar is valued at but 50¢, compared to what it was worth in 1939. this means that those music operators who are still charging a nickel per play are actually getting 21/2¢ per play.

In short, they are getting half of what they used to get per play sixteen years ago, in 1939, and they are paying over 300% more in expense to do business.

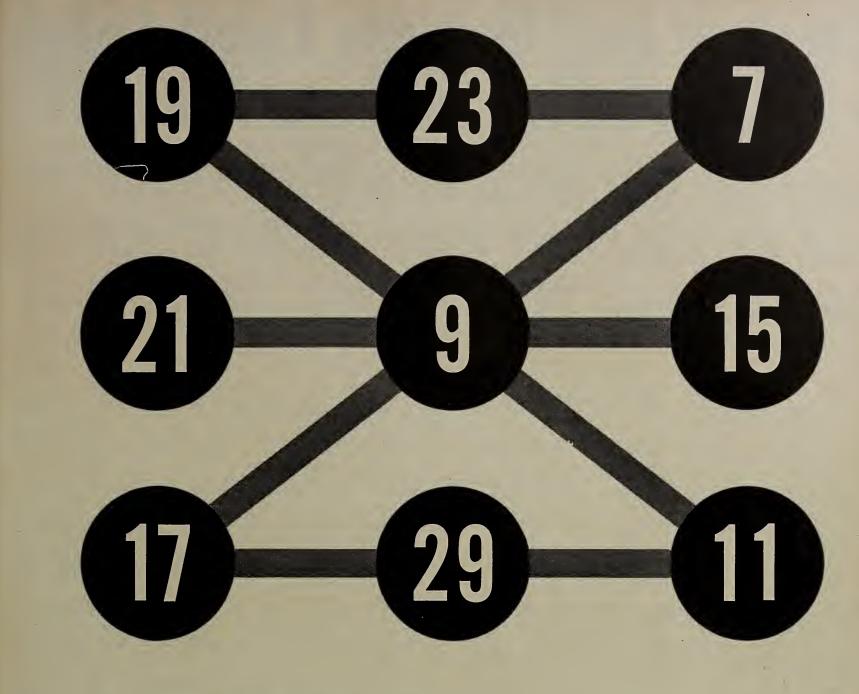

How any businessman can reconcile an increase of 300% in the cost of his merchandise, and charge only half of what he used to charge for that merchandise, is a mystery only some superior and mystical being can answer.

And since the nation's economists report that the present 1955 American Dollar is only worth 50¢, then this means that the present 1955 American Dime is worth but 5¢.

The DIME of 1955 is the NICKEL of 1939!!

There is one, and only one way, in which the music operator of 1955 can assure himself of somehow matching the tremendous inflationary increased overhead he is now enduring—and that is to get "A Nickel A Play Again" —which means changing over to dime play NOW! Because the Dime of Today is the Nickel of Yesterday!

Today is the Nickel of Yesterday! He won't be the first anymore! He won't be the daring pioneer anymore! He won't have to know whether this will, or will not, work out anymore! Because all over the nation, from coast to coast, other music operators have proved that the American public, just as they, realize that the Dime of 1955 is the same coin as the Nickel of 1939.

## FOR THE FIRST QUARTER OF 1955

#### FOREWORD

Due to the number of requests received from subscribers to The Cash Box from all over the free world requesting that, at the termination of each quarter year, an issue be printed with a complete review of all music and amusement machines introduced during the quarter in their own language, for easier and speedier reading, for better understanding, and for a clearer knowledge of what has and is transpiring in the American market. The Cash Box has decided to meet this request by publishing: "The Cash Box Quarterly Export Edition" in Spanish, French and German, as well as in English.

The growing demand for American music and amusement machines, both new and used, from all over the free world, has caused "The Cash Box Price Lists" to become ever more important.

Governments all over the world are now reported to check with "The Cash Box Price Lists" for customs duties and general customs regulations, as well as for taxation and other matters pertaining to the importation and financial regulations of each country.

International members of the industry, regardless in what country they are resident, are extensively using "The Cash Box Price Lists", which are now over 16 years old, to give them a more clear understanding of the prices of American Music and amusement machines of all kinds.

In the past few years, American firms have begun to export in much larger volume than ever before, both dollar-wise as well as quantity-wise. This has created an entirely new situation for the manfacturers and distributors of American machines of all kinds who now desire to reach the buyers in all the countries of the free world. They want to advise him of the equipment they have for sale. They want to meet with his requirements for his particular market.

Much ingenious reconditioning of used machines has come into effect. American firms are meeting the demands of importers in various countries of the world with exactly the type of equipment which is required. They have reconditioned and revamped equipment to meet demand.

This first issue of "The Cash Box Quarterly Export Edition" opens the path to better understanding and closer business relationships between the seller and the buyer of new and used American machines of all kinds. By printing the information in the language of the importer of American machines he will be better able to understand all surrounding circumstances and general conditions regarding the equipment being offered to him.

The following is a review of the first business quarter of 1955. This covers the months of January, February and March, 1955.

Not only will all the new machines, which were introduced during that quarter be listed, along with the names of the manufacturer but, at the same time, all important information, such as new trends in machines will also be reported and this, in addition to the general information contained on both new and used machines, should prove of great value to all concerned.

#### REVIEW

1954 ended on a very optimistic note. During October, 1954, there was some pessimistic speculation as to whether the balance of 1954, and possibly even the first quarter of 1955, would prove to be "good business" months.

Just then, there was a resurge of business and, regardless of the Christmas and New Year Holiday Seasons, business continued to progress tremendously, with many manufacturers asking their employees to work overtime hours, so that they could meet the press of orders which came into being.

The result was a very happy Holiday Season for manufacturers as well as distributors.

As 1954 came to its conclusion, the products then being produced by leading factories were as follows:

AMI, Inc., Grand Rapids, Michigan, U.S.A., was now well under way, as far as production was concerned, with its new high fidelity, 40, 80, and 120 selection automatic phonographs. This factory labeled this new product its "Model 'F'" phonographs. In addition to these very colorful phonographs, the firm was also producing entirely new high fidelity automatic music accessories.

Bally Manufacturing Company, Chicago, Illinois, U.S.A., one of the outstanding manufacturers of the industry met the challenge, as 1955 came into being, with some of the finest products this firm had yet produced. This factory had been tremendously succesful for many years and had won a very large following. During 1954 it seemed that this firm had reached the apex of its success. But this has since been disproved by its first products of 1955. As 1954 ended this organization was producing: "Variety", an in-line type pinball game. "Champion", a coin operated horse. "Moon-Ride", another coin operated ride for children. Also two new coin operated bowling games: "Magic Bowler" and "Mystic Bowler".

Magic Bowler" and "Mystic Bowler". Chicago Coin Machine Company, Chicago, Illinois, U.S.A., which was enjoying a very fine success with the products it had presented all during 1954, was riding the crest with the new machines it had on the market. These were: "Thunderbolt Bowler" and "Fireball Bowler". These coin operated bowling games had captured the imagination of the American games playing public and the firm was, therefore, one of the busiest in the amusement games industry.

the amusement games muustry. Exhibit Supply, Chicago, Illinois, U.S.A., one firm that has passed the 50 year mark in the industry, was also busily at work meeting the demand of the international coin machines market. At the moment the most outstanding product of the firm was the "Sportland Gun", a coin operated shooting rifle range. In addition, the firm was delivering such products as: "Junior Jet Ride", "Big Bronco", "Roy Rogers' Trigger", "Rudolph The Red Nosed Reindeer", "Pete The Rabbit", "Rawhide", "Space Patrol" and "Sea Skate", all children's rides, featuring horses, reindeers, rabbits and boats. A very fine product called, "Vacumatic Card Vendor", which was the first entirely different type principle used in card vending machines, was winning much acclaim. At the same time, the firm continued to manufacture arcade machines, supplies for these type machines, as well as other equipment relative to this industry.

Genco Manufacturing & Sales Company, Chicago, Ill., U.S.A., now composed of three young men, came into the field with a very fine product. This was a new coin operated gun which was called, "Big Top Rifle Gallery". D. Gottlieb & Company, Chicago, Illinois, U.S.A., well known for its pinball games all over the world, had just introduced a new and revolutionary machine for four players which it called, "Super Jumbo". At the same time it also was in production on one of its well known five-ball type pinball games, "Diamond Lill". In the case of both machines the firm was busy supplying demand.

J. H. Keeney & Company, Inc., Chicago, Illinois, U.S.A., was also working hard to meet demand for its well known products. These were: "Sportsman" (a coin operated gun); "American Bowler" (a bowling game); "National Bowler" (a bowling game); as well as its very famous "Keeney Cigarette Machine". It was also advising the industry about its forthcoming coffee vending machine.

Rock-Ola Manufacturing Corporation, Chicago, Illinois, U.S.A., was extremely busy meeting the demand for its new coin operated phonographs and music accessories. This well known automatic music manufacturer was producing a 120 selection, as well as a 50 selection, high fidelity automatic phonograph and music accessories to match. These new phonographs were known as "Model 1446".

J. P. Seeburg Corporation, Chicago, Illinois, U.S.A., was busier than it had ever been meeting demand for its new model high fidelity automatic phonograph and accessories. The phonograph was: "Model HF-100-R" and featured 100 selections. At the same time this factory was also producing a 200 selection, non-coin operated phonograph of very fine high fidelity quality for the home market, as well as for background music installations.

as for background music installations. United Manufacturing Company, Chicago, Illinois, U.S.A., one of the popular factories in the industry, was also very busy. It was producing: "Mercury", "11th Frame", and "Comet", shuffle games. All three products were much in demand. In addition, the firm was also manufacturing a coin operated rifle, "Carnival Gun", as well as an in-line type pinball game called, "Singapore". Williams Manufacturing Company

ball game called, "Singapore". Williams Manufacturing Company, Chicago, Illinois, U.S.A., was also a very busy factory. It was producing two products at the time. These were: "Jet Fighter", a coin operated rifle and, "Lulu", a five-ball type pinball game. The firm had many new ideas under way at the time. It was busy experimenting and engineering new products while working at top speed to produce these two machines. Away from the busy Midwestern

Away from the busy Midwestern and Chicago areas of the United States were other firms, also engaged in the music and amusement game manufacturing. These manufacturers were working hard to meet the orders which they were receiving from the American, as well as from markets from all over the world.

The Rudolph Wurlitzer Company, North Tonawanda, New York., U.S.A., just outside of the city of Buffalo, was producing three very popular automatic phonographs, Models: "1700", "1600A" and "1500A". This manufacturer was preparing to announce a new, high fidelity automatic phonograph, with music accessories to match.

International Mutoscope Corporation, Long Island, New York City, U.S.A., one of the oldest firms in the industry, was very busy attempting to meet the demand for its arcade machines like: "Drive-Mobile", and its automatic picture taker: "Photomat", as well as its post-card vending machines: "Art Parade" and "Universal Card Vendor".

Auto-Photo Company, Los Angeles, California, on the west coast of the United States, was also working very hard to meet demand for its four-inone automatic photograph machine, which had won outstanding popularity and was much in demand.

The industry, therefore, was tremendously enjoying the holiday season as 1954 came to its close. All were busy. The factories were working at top speed. Few, if any, believed that "business would ever be better". So all were surprised, as the first weeks of 1955 went by, to note that each and every factory in the trade was actually being deluged with orders. Not only from the domestic market of the United States but also from all over the world.

#### JANUARY, 1955

The very first week in January of 1955 saw the first new amusement product of the year introduced. This was a new bowling game by United Manufacturing Company which this firm called: "Mercury Shuffle Alley". Business on this new product was almost instantaneous.

most instantaneous. The very next week, Bally Manufacturing Company announced its new in-line type amusement game, which it called: "Big Time". Almost overnight this firm was literally swamped with orders for this new game, a type of game for which this manufacturer had won a tremendously outstanding reputation. In addition to the other machines it was producing, this firm was hard put to meet all orders.

unted an orders. United Manufacturing Company wasn't far behind. They, too, introduced a new product in the field in which they had won such a fine reputation. It was called, "Mars Shuffle Alley". This firm, too, found that the great demand required all of its facilities to meet the orders which were flooding into its offices, while trying to produce all the other equipment which it had under way on its factory production lines.

The following week United Manufacturing Company again introduced a new product. This time the firm presented: "Bonus Gun", an entirely new coin-operated rifle and, in addition, this firm also presented a new in-line type pinball game called, "Tropicana".

Other manufacturers, the week of January 22, 1955, also introduced new products. Chicago Coin Machine Company, who was enjoying success with each new product it presented, entered into the new 1955 market with, "Criss-Cross Target". A bowling game that instantly won approval and which, to this day, is considered one of the best produced.

Exhibit Supply, the firm that had enjoyed so much success with its coin operated rifles, decided it was high time to present one of the products which it had held in abeyance. This was a new automatic rifle, "Sportland Shooting Gallery".

Williams Manufacturing Company also believed that this was the proper time, during this week of January 22, 1955, to present an entirely new product. This firm introduced, "Safari". A new type coin operated rifle with many unique features.

Even before he knows it, before he is prepared for it, these Senators and Congressmen, his Senators and Con-gressmen, may be voting on these three bills which will definitely decide whether he shall continue on with the yoke of enslavement tightly locked around his neck, or whether he will continue on as a free, proud and in-dependent American businessman. Every music operator who has been reading the facts published here week after week knows that the bills now in the Judiciary Committees of both the Senate and the House are just simply requesting that ASCAP, and similar such organizations, be given the right of UNLIMITED PRIVATE TAXATION AUTHORITY over him and his business. This means that ASCAP, and similar such organiza-tions, will have the right to PRI-VATELY TAX HIM whatever they FEEL LIKE TAXING HIM and CONTINUE TO UP THAT TAXA-TION WHENEVER THEY FEEL

A continuación presentamos una reseña del primer trimestre comercial de 1955, el cual abarca los meses de enero, febrero y marzo de este año. No sólo se detallarán todas las neuvas máquinas introducidas durante

ese trimestre junto con los nombres de las fábricas, sino que también se suministrarán todos los datos de im-portancia, tales como las nuevas ten-dencias en materia de máquinas, además de la información de índole reneral acerca de los móquinos puevos general acerca de las máquinas nuevas y usadas que será, sin duda, de gran utilidas para todos los interesados.

#### RESENA

El año 1954 terminó con una nota muy optimista. En el mes de octubre

muy optimista. En el mes de octubre de 1955 se suscitaron dudas acerca de si el resto del año y tal vez el primer trimestre de 1955 serían meses de "buenos negocios." Precisamente, entonces ocurrió un resurgimiento comercial y, a pesar de los Días de Fiesta de Pascua y Año Nuevo, los negocios siguieron pro-gresando enormemente hasta el punto de que muchas fábricas pidieron a sus empleados que trabajaran horas extraordinarias o sobretiempo para de esa manera poder dar curso a los pedidos de urgencia. El resultado de esto fué una Tem-porada de Fiestas muy feliz tanto para

Bally Manufacturing Company, Chi-cago, Illinois, E.U.A.—Una de las más destacadas fábricas del ramo, sentó un pracedente a principios de 1955 al colocar en el mercado varios de los mejores productos que jamás haya fabricado. Esta fábrica tuvo un éxito inusitado nor muchos años y se bizo inusitado por muchos años y se hizo de una enorme clientela. Durante 1954 se conceptuó que esta empresa había llegado al colmo del éxito. Sin emllegado al colmo del éxito. Sin em-bargo, esto lo refutan sus primeros productos fabricados en 1955. A fines de 1954 esta empresa producía: "Va-riety", un aparato especial del tipo de bolitas (pinball); "Champion", un caballo accionado por monedas; "Moon-Ride", otro aparato automático para niños. También otros juegos de bolos (bowling) accionados por mone-das, a saber: "Magic Bowelr" y "Mys-tic Bowler".

Chicago Coin Machine Company, Chicago, Illinois, E.U.A.—Esta em-presa, que tuvo un magnífico éxito con los productos que introdujo durante 1954, logró conquistar el mercado con las nuevas máquinas "Thunderbolt Bowler" y "Fireball Bowler". Estos las nuevas inaquina Bowler". Estos Bowler" y "Fireball Bowler". Exhibit Supply, Chicago, Illinois, E.U.A.—Una de las empresas que ha sobrepasado la marca de 50 años de establecidas en la industria, también se hallaba muy activa tratando de hacer frente a la demanda interna-cional de máquinas accionadas por monedas. Por el momento, el producto principal de la empresa era el "Sport-land Gun", un fusil de tiro accionado por monedas. Además, la empresa en-tregaba productos tales como: "Junior Jet Ride", "Big Bronco", "Roy Rogers' Trigger", "Rudolph The Red Nosed Reindeer", "Pete The Rabbit", "Raw-hide", "Space Patrol" y "Sea Skate", todos juegos para niños, con cabellos, renos, conejos y botes. Un magnéfico producto designado con el nombre de "Vacumatic Card Vendor", que re-sultó ser algo completamente distinto en materia de máquinas para vender cartas, tuvo un éxito inusitado. que tuvo gran exito y fue muy sonci-tada. Por lo tanto, la industria tuvo mag-níficas oportunidades durante la tem-porada de fiestas a fines del año 1954. Todas se hallaban muy activas. Las fábricas trabajaban a velocidad máx-ima. Muy pocas, si acaso, conceptua-ban que "los negocios podrían ser mejores de lo que eran". Por eso es que recibieron una gran sorpresa cuando se convencieron en las pri-meras semanas de 1955 de que todas y cada una de las fábricas del ramo estaban inundadas de pedidos pro-venientes no sólo del marcado do-méstico de los Estados Unidos sino de todas partes del mundo.

#### **ENERO** 1955

En la primera semana de enero de 1955 se presenció la introducción del primer nuevo producto de diversió o entretenimiento del año. Se trata de un nuevo juego de bolos (bowling) fabricado por la United Manufactur-ing Company y demoniado por ella "Mercury Shuffle Alley". Las ventas de este nuevo producto fueron feno-menales. menales.

menales. A la semana siguiente, la Bally Manufacturing Company dió a conocer su nuevo juego de entretenimiento de-nominado "Big Time". Casi de la noche a la mañana, esta empresa se vió literalmente abrumada con los pedi-dos de este nuevo juego que dió al fabricante una fama insólita. A esta empresa le costó much trabajo stender a todos los pedidos de estas y otras todos los pedidos de estas y otras máguinas

La United Manufacturing Company no se quedó muy atrás. Esta empresa introdujo también un nuevo producto del ramo que tantos laureles lo con-quistó. Fué denominado "Mars Shuffle Alley". Esta firma se concenció tam-bién de que la demanda inusitada requería todas sus facilidades y re-cursos para dar curso a tolos los pedi-dos que se recibían en sus oficinas y al mismo tiempo fabricar todos los demás equipos que se hallaban en la cadena de producción de sus fábricas. En la semana siguiente la United Manufacturing Company volvió a in-troducir un nuevo producto. Esta vez la firma presentó "Bonus Gun", un rifle accionado por monedas comple-tamente nuevo, e introdujo, además, un nuevo juego de bolitas (pinball) denominado "Tropicana". #### RUECKSCHAU:

Das Jahr 1954 endete mit einer sehr optimistischen Enstellung. Im Okto-ber 1954 wurden allerdings pessimistische Stimmen laut, die daran zweifel-ten, ob die letzten Monate von 1954 und das erste Vierteljah von 1955 sich als günstige Geschäftsmonate erwei-sen würden.

sen würden. Doch gerade dann kam eine Ge-schäftsbelebung zustande; ganz ab-gesehen von den Weihnachts- und Neujahrs-Saisonverkäufen wuchs das Geschäft ganz erstaunlich; viele Fa-brikanten ersuchten ihre Angestell-ten, Ueberstunden zu arbeiten, um der Mange der hervingtrömenden Auf

Die Bally Manufacturing Company, Chicago, Illinois, U.S.A., eine der her-vorragendsten Fabriken der Industrie, forden zu Beginn des Jahres 1955 die Konkurrenz heraus mit einigen der feinsten Produkte, die diese Firma je hervorgebracht hat. Diese Fabrik hatte schon viele Jahre lang beson-ders gute Erfolge erzielt und sich erworben. Im Jahre 1954 schien es, als ob diese Firma den Höhepunkt ihres Erfolges erreicht hätte, doch wurde man durch die ersten Produkte des Jahres 1955 eines Besseren belehrt. OMAHA, NEB .- Bob Breither and | Paul Calamari, Bally field engineers, will be at Lieberman Music Company offices, this city, on April 12 and 13 to conduct the Bally Service School.

Breither and Calamari jointly stated, "We will reveal the latest servicing tips, better operating methods, give detailed explanations of wiring diagrams, and provide a thoro coverage of the new Bally in-line game 'Gayety', together with 'Magic' and 'Mystic Bowler'. We will, as usual, conduct lengthy question and answer periods to provide the solution to individual operating and servicing prob-lems. Coinmen from the Omaha ter-ritory will do well to attend this school and obtain the valuable assistance we can give them."

Jerry Harris of the Lieberman organization, and members of his staff, will be on hand to greet operators and servicemen.

## **PREMIER TRIMESTRE 1955**

#### INTRODUCTION

INTRODUCTION Vu le grand nombre de requêtes reçues des abonnés au "The Cash Box" de toutes les parties du monde libre, demandant su'à la fin de chaque tri-mestre, un rapport soit publié avec une revue complète de toutes les ma-chines à jeux et jute-box introduites pendant le trimestre, ceci dans leur propre langage pour une lecture plus facile et plus rapide, une meilleure comprehension, et pour une vue plus claire de ci qui se passe et s'est passé sur le marché américain. The Cash Box a décidé de se rendre à cette in-stance en publiant "The Cash Box Quarterly Export Edition" en Espag-nol, en Français, en Allemand, aussi bien qu'en Anglais. La demande croissants de machines à jeux et à musique Américaines, tant neuves que de seconde main, émanant

de tous les pays du monde libre, a été la cause d'une importance accrue de "The Cash Box Price Lists."

1955. Nous donnerons non seulement la nomenclature de toutes les nouvelles machines ayant été lancées sur le marché durant le premier trimestre, ainsi que le nom des fabricants, mais, en même temps donnerons d'impor-tants renseignements, tels que les nou-velles tendances, et, ceci, en supplé ment des informations générales, s'a-vérera de grande importance pour tous les intéressés.

#### REVUE

1954 se termina sur une note trés

optimiste. Durant Octobre, 1954, il y avait quelques conjonctures pessimis-tes quant à la balance de 1954, et on se demandait peut-être même si le pre-mier trimestre de 1955 s'affirmerait des mois de "good business." C'est alors qu'il y eu un renouveau d'affaires, et malgré les vacances de Noël et du Jour de l'An, les affaires prirent un essor prodigieux. Beaucoup de fabricants demandèrent à leur per-sonnel de faire des heures supplémen-

de fabricants demandèrent à leur personnel de faire des heures supplémentaires, afin de faire face à la grande presse des commandes qui arrivaient. Le résultat fût une joyeuse saison aussi bie pour les fabricants que pour les distributeurs.
A la fin de 1954, les machines fabriquées par les principales usines étaient comme suit:
AMI, Inc., Grand Rapids, Michigan, U. S. A., est à présent en chemin en ce qui concerne sa production, avec ses nouveaux phonographes à sélection automatique, haute fidélité "high fidelity," 40, 80 et 120 sélections automatiques. Cette usine a appelé sa nouveauté: phonographs "Model 'F.'"

Bally Manufacturing Company, Chi-cago, Illinois, U. S. A., l'un des prin-cipaux industriels, au début de 1955, lança sur le marché quelques uns des meilleurs produits fabriqués jusque là par cette Maison. Cette usine a eu un succès prodigieux depuis de nom-breuses années, et a acquit beaucoup de partisans. En 1954, il semblait qu'elle était au sommet de sa réussite. Mais ce fût démenti par ses premi-ères nouveautés de 1955. A la fin de 1954, cette organisation produisait "Variety" un jeu de type "pinball," "Champion" un cheval actionné auto-matiquement par monnaie, "Moonride" également automatique pour enfants, et deux autres jeux de boules automa-tiques "Magic Bowler" et "Mystic Bowler." C'était "Thunderbolt Bowler" et "Fireball Bowler." Ces jeux de boule automa-tiques, ont séduit l'imagination du plblic américain des parcs d'attractions, et de ce fait, cette Maison a été l'une des plus actives dans l'industrie des ieux

Exhibit Supply, Chicago, Ill., U.S.A. un Maison qui a passé le cap de 50 ans dans l'industrie, a été également très active pour satisfaire la demande du marché international des machines au-tomatiques. A ce moment, le produit le plus marquant de cette firme était "Sportland Gun," tir à la carabine au-tomatique. De plus, cette Maison liv-rait des machines comme "Junior Jet Ride," "Big Bronco," "Roy Roger's Trigger," "Rudolph The Red Nosed Reindeer," "Pete the Rabbit," "Raw-hide," "Space Patrol," et "Sea Skate," tous des jeux pour enfants, représen-tant des chevaux, des daims, des la pins, et des bateaux. Genco Manufacturing & Sales Com-pany, Chicago, I'I., U.S.A., qui a maintenant à sa tête trois jeunes gens, lança dans l'industrie un trés bon pro-duit, un nouveau fusil, à fonction-nement automatique, qui fût appelé "Big Top Rifle Gallery."

D. Gottlieb & Company, Chicago, Illinois, U. S. A., très bien connue dans le monde entier pour ses jeux type "pinball," venait de lancer une ma-chine tout-à-fait nouvelle dans le genre, qui fût appelée "Super Jumbo" à quatre joueurs. En même temps elle fabriquait l'un de ses fameux jeux à cinq balles type "pinball," le "Diamond Lill." Peu pensait que les affaires pourraient être encore meilleures. Aussi, ce fût une surprise quand, dans les premi-ères semaines de 1955, les usines se virent submergées de commandes. Non seulement du marché domestique des Etats-Unis, mais de tout le marché international.

## Jersey Shore Operators Form Association

ASBURY PARK, N. J.—Operators in this part of New Jersey formed a new association called the Garden State Operators Association. From its first gathering of 7 operators, the organization in the short space of a few weeks has increased its membership to 22 coinmen.

Heading the association as president is Babe Kaufman of Atlantic Highlands, one of the most experienced and progressive persons in the industry. Frank Mandia is vice president, and Danny Sylvester is sccretary-treasurer. The two man board of directors consists of Cockie Kirsh and Whitey Burbol. Officers and board members meet every week at Babe Kaufman's office.

Heading the list of matters to be considered is dime play. Many in the organization have already begun to change to dime play, and it is believed the others will follow suit. Ops are following the plan of programming their machines with some 40% to 50% of ep records.

Compared to the launching of a ship, the launching of a column is, perhaps, somewhat less spectacular. Wellwishers, however, have already contributed in the way of ideas, items and information pertinent to the interests of this column.

For example: Most men, one gal informs, seem to consider the chattering of us gals just so much yakity-yak. But, very often, out of this yakity-yak comes a helpful hint, a practical idea, a promotional tho't. These are usually put to good use by our men, bless 'em, who then claim them as their very own.

We gals do have good ideas. This column hones to become the outlet for the gals who are, too often, seen but not heard. Let's get together and pool our ideas. Write. Phone. Wire. Tell me about yourselves. Your experiences. Your glamour secrets. Etc., etc.

Congratulations to Lt. Cmmdr., USNR, Sylvia Silberman of Santa Monica, Cal., on her appointment as Chairman of a new Red Cross Volunteer Staff in her city. We hope that Lt. Cmmdr. Silberman will follow her first letter and newspaper clip with more news of her interesting activities.

If space permitted we would print, in its entirety, the letter we received from *Dolores Minthorne* of Minthorne Music Co., Los Angeles. This is truly "encouragement plus". Dolores has promised that, within a week, we can expect a detailed review of Southern California business happenings, along with chit-chat and general observations. These should prove interesting to both the men, as well as their wives, especially those couples who work side by side, in this industry.

In answer to Senora Maria Sapochnik of Havana, Cuba: We shall be more than happy to show you about our Chicago shopping centers as well as lunch with you in our famed Pump Room. (Como esta usted, Maria?)

We hear from *Rose Bennett* of Toledo that, in just two more years, she will be eligible for membership in The Cash Box' "20 Year Club".

Happy, happy birthday to Audrey Reynolds Hunter of Dallas, Texas. And, aside to Lucille Laymon, a very happy birthday to your very sweet feller.

Lingering in memory—*Eloise Man*gone's very beautiful Miami home. A treasure trove of objets d'art. Especially that gorgeous vase seen thru the picture window as you come down the front walk.

Around and about Chicago. . . . Trudy Coven's rapid recovery from recent surgery making her three boys very happy. . . . Eve Feinstein doing a very commendable and energetic job for Brandeis University. . . . Now that Dorothy Gottlieb is home, the family is complete. . . . Isobel Kline writes, promising to join us in our efforts to make this column "a real accomplishment" for us gals. . . . Lucy DeSelm, plenty busy as a mother, now busier than ever as a young and attractive grandmother.

In closing, remember what the great Rudyard Kipling said: "A woman's guess is much more accurate than a man's certainty."

## **Report For The First Quarter of 1955**

#### (Continued from Page 96)

D. Gottlieb & Company, during the week of January 29, 1955, presented a new five-ball type pinball game to the market called, "Twin Bill".

#### FEBRUARY, 1955

Excitement reigned in the music field when The Rudolph Wurlitzer Company announced its "National Wurlitzer Days". An entirely new model coin operated phonograph was presented to the industry by this famous firm. Wurlitzer introduced its new "Model 1800" high fidelity phonographs, featuring 104 selections.

For a week or so, things were rather quiet, then Chicago Coin Machine Company introduced a new bowling game, "Triple Strike".

Within a few days, United Manufacturing Company also introduced a new bowling game, "Lightning Shuffle Alley".

Then both Genco Manufacturing & Sales Company as well as Williams Manufacturing Company, introduced new games.

The young men of Genco followed up its very fine success of its first gun with an even greater success in this same line. This coin operated rifle was called "Wild West".

Williams Manufacturing Company presented a new five-ball type pinball game called, "Spitfire". This was an entirely new departure in Williams' games and won good comment.

As the month of February, 1955, rolled along, continued large volume sales was the subject of all sales managers of leading factories. Six day work weeks were being instituted. Overtime was part of every factory's production.

As February waned, D. Gottlieb & Company presented one of its very biggest hit pinball games, "Gipsy Queen". Orders flooded into the firm. Executives were hard put to equitably allocate production.

The following week, and following the many successes which it had enjoyed, Chicago Coin Machine Company introduced another fine bowling game, "Arrow Bowler". This firm, too, was immediately backlogged with orders.

#### MARCH, 1955

Two new guns were introduced, which met with much fine trade comment. Exhibit Supply presented "Model 500 Shooting Gallery". J. H. Keeney & Company, Inc., introduced its latest coin operated rifle, "Ranger". In both cases orders seemed to flood into both factories.

As this first issue of "The Cash Box Quarterly Export Edition" starts to press there are more new innovations in new coin operated games and music machines on the way.

Rock-Ola Manufacturing Corporation, Chicago, Illinois, U.S.A., is preparing to present its new automatic phonograph to the trade.

Williams Manufacturing Company, in addition to the sensation caused by its ingenious and unique, "Select-A-Train" machine, advises that it has something that is even more startling.

"It's What's in THE CASH BOX That Counts"

J. H. Keeney & Company, Inc., reports that its new "DeLuxe Coffee Vending Machine" is now in production and that orders, many of which were taken weeks ago, are now being filled as rapidly as possible.

Other manufacturers, like Bally Manufacturing Company, advises that it has entirely new products which are on their way to the market.

United Manufacturing Company has just introduced an entirely new inline type pinball game, "Manhattan."

#### SUMMARY

Most outstanding, this first quarter of 1955, is the continued growing popularity of the new coin operated rifle games which began to capture great attention and sales the latter half of 1954.

Many well known manufacturers are now engaged in producing these gun games. New models, introduced this first quarter, have won very good comment.

Many are convinced that the success these new rifle games are enjoying will continue them among the most popular amusements for sometime to come.

Phenomenal sales continue to be the case for the in-line type pinball games. There are two manufacturers of these games. Both are located in Chicago, Illinois, U.S.A. Both are very well known in the industry and manufacture other well known amusement products.

The famed five-ball type pinball games, which are known and played all over the world, are being produced by two Chicago, Ill., U.S.A. manufacturers. New models of these games are frequently presented. Their popularity continues unhalted.

Coin operated children's rides are not being so chaotically produced by so large a number of manufacturers any longer. Those manufacturers who have remained in this field are among the more substantial factories in the amusement machines business. They continue to present new models, but at longer intervals than formerly, which has aided this division of the amusements field to greater solidity.

Many new type amusements are also in the offing. Such as the new product of a well known Chicago manufacturer regarding the "Spectator Type" "Select-A-Train", and whether this product is indicative of a new trend, cannot as yet be determined. The coming months should bring clarification.

The new automatic music machines are, without a doubt, the finest this industry has ever seen. The four well known manufacturers in this category of the coin operated machines business have turned to high fidelity and to 45 rpm mechanisms. The instruments are the most beautiful yet seen in the trade. They range from 40 to 120 selections. Worldwide business in the auto-

Worldwide business in the automatic music field continues along at a very steady pace as well as a high sales mark. Forthcoming months are expected to be just as fruitful of business as has been the first quarter of 1955.

## **Pittsburgh Park Orders Scientific** "3-in-Line" Games

BROOKLYN, N. Y.—Max Levine, president of Scientific Machine Cor-poration, this city, advised one of the most famous parks in America, Kenny-wood Park of Pittsburgh, Pa., has placed an order for a battery of its "3-in-Line" games. Describing the "3-in-Line" game, Levine said, "The game is based upon the 'Tic-Tac-Toe' principle. It is an individual game as distinguished from a group game. There are two 'Tic-Tac-Toe' cards on the illuminated backboard. The idea of the game is to achieve 'Tic-Tac-Toe' as often as possible. Scientific's '3-in-Line' game possible. Scientific's '3-in-Line' game has been on the market now for the past four years, and it has taken a prime position in the amusement trade with other standard items."

The firm's latest number, which is reported to be going over very well, is "Bing-O-Reno".

## **Open House at Exhibit**

"It's What's in THE CASH BOX That Counts"

CHICAGO — Frank Mencuri, vice-president of Exhibit Supply, extended an invitation this week to all MOA conventioneers to visit at the firm's factory for an "old-fashioned open house get-together".

Frank advised, "This will be the first time, since my arrival in Chicago from California, when I shall have an opportunity to say 'hello' to a great many of the people from that state, as well as from all over the country whom I haven't seen in some time."

He also advised that Ed Hall, sales manager of the firm, Chet Gore, manager of the Postcard Division, and all the other executives of Exhibit Supply, "would be on hand to greet all who will visit here at our factory and enjoy our old-fashioned open house get-together".

Mencuri also said, "We are going to have many items here which we believe a great many who will be attending the MOA convention will be very much interested in viewing.

"Exhibit Supply", he continued, "has been going far ahead in the field and we are ready to discuss new ideas with all visitors.

"There is no doubt that our prod-ucts are of importance to all in the

## Keeney Premieres "Deluxe **Coffee Vendor'' at MOA Meet**

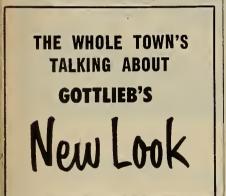

PAUL HUEBSCH

CHICAGO—"Our brand new 'De-Luxe Coffee Vendor' was actually built by the operators, themselves", is the way Paul Huebsch, general sales man-ager of J. H. Keeney & Company, Inc., started his story about its newest automatic merchandising machine.

As Huebsch explained, "For many months we were urged to build an en-tirely new type coffee dispensing ma-chine. We listened to descriptions of what these men thought should be the type of hot coffee dispenser we should build.

"Then", he continued, "we sent our own regional men out on a general survey to learn from others, every-where in the country, their ideas of the ideal hot coffee dispenser.

"When we had gathered together a volume of reports we called in our engineers and started the process of development which has, today, re-sulted in what we believe is the finest hot coffee dispenser in the industry, the 'Keeney DeLuxe Coffee Vendor'.

"The reason we say this", Huebsch claims, "is because tests have since indicated that our coffee vendor is ab-solutely what everyone wanted.

"It's small size is just what the average coffee vending machine oper-ator wants. The 'Keeney DeLuxe Cof-fee Vendor' is only 52" by 15". "Yet", Huebsch advises, "regardless of its size it still has a 300 cup ca-pacity. Therefore the 'Keeney DeLuxe Coffee Vendor' is just the dispenser that the trade has been seeking. It is perfectly sized both in measurements and capacity for the type of locations that want hot coffee vending machines and where it would be absolutely un-economical to operate the large ma-chines." chines.'

Reports already received from Keeney roadmen indicate that the new coffee vending machine is already well on its way to becoming an outstanding success.

The first machines shipped around to various parts of the country have already proved themselves in actual operation on various types of locations as perfect for all year around profits.

As Huebsch reports, "Here's a letter we received from an operator who says that, for the first time, he has the perfect sized and capacity vendor for all night gasoline stations.

"Here's another", Huebsch continued, "where the operator found he was losing money because of the expensive big capacity machine he had in this location, but couldn't take it out because, in the first place, he had no smaller unit to replace it and, second, he would lose the spot, even tho he wanted this big capacity vendor for another location.

"Now he's very happy with the 'Keeney DeLuxe Coffee Vendor' which, he also reports, has given him the opportunity to obtain many, many more locations in his area."

Shipments are starting to go out in quantity as production gets under way, the firm also reported.

larizarse y a aumentar las ventas en el segundo semestre de 1954. Muchos fabricantes bien conocidos se dedican actualmente a producir estos fusiles de enttetenimiento. Los nuevos modelos, introducidos durante este trimestre, han sido bien acogidos. Muchas personas se han convencido de que el éxito obtenido por estos nuevos juegos de rifles seguirän siendo uno de los pasatiempos más populares por algún tiempo. Las ventas de los juegos de bolitas (pinball) siguen siendo fenomenales. Hay dos fabricantes de estos juegos en Chicago, Illinois, E.U.A. Ambos son bien conocidos en la industria y fabrican otros bien conocidos produc-tos para diversión o esparcimiento. Los afamados juegos de cinco boli-tas (pinball), conocidos y utilizados en todas partes del mundo, son pro-ducidos ahora por dos fábricas de Chi-cago, Illinois, E.U.A., las cuales ofrecen con frecuencia nuevos modelos de estos juegos. Su popularidad con-tinúa sin interrupción. ## Mass. Ops Organize State- "The Cash Box"-Vierteljahrlicher Wide Cerebral Palsy Drive

More than 100 operators, with visiting officials of out of state music organizations, attended the meeting of the Massachusetts Music Operators Association at Hampden Court Hotel, Brookline, March 17, and heard details of the first state-wide music promotion for organized charity in history-the "Music Helps Johnny Fight Cerebral Palsy" wing of the United Cerebral Palsy Drive.

Nelson N. Marshman, executive director, United Cerebral Palsy Associations for Massachusetts, guest speaker, thanked the association for their interest in cerebral palsy, and predicted that their planned promotion with automatic music machines, would become nationally known as a "most outstanding endeavor." It was his second appearance before the group.

The plan, in which more than 10,000 music machines will be playing for cerebral palsy for the entire month of May, was further discussed by James Geracos, president of the association, and David Baker, treasurer. The plan calls for each operator placing a card with the following copy on his machine:

"Music Helps 'Johnny' Fight Cerebral Palsy. Your quarters and dimes will bring happier times to Cerebral Palsied Children (There are 10,000 C. P. Children like 'Johnny' in Massachusetts) Keep This Machine Busy! Every Friday proceeds of this ma-chine will be donated to the Cerebral Palsy Fund. Courtesy Massachusetts Music Operators Association."

Each operator may take as many cards as he wishes at a pre-determined rate per card. More than \$15,000 is expected to be raised at present indications and hope is held for raising \$25,000 if 100% co-operation is obtained from ops.

A discussion was held on ten cent play and David Baker, treasurer, reported that the program of public relations undertaken by the publicity committee, Phil Swarz, chairman; President Geracos; and Treasurer Baker; had got off to a flying start. Page one stories on dime play in the Boston Traveler, and United Press stories on the coming in of the "dimeolodeon" were carried in papers as far out of state as Manchester, N. H., and in Sunday newspapers throughout the state last week. Radio and television mention of the change-over has been made, the committee reported, and columnists in the Boston newspapers and disc jockeys have given it heavy coverage.

Paul Stevens, president of Paul Stevens Associates, Boston public relations firm, spoke on plans for the cerebral palsy tie-up. He told the group that the first machine of the lot to be put out by distributors, has been placed in the Hotel Vendome in Boston. Photos of Lu Ann Sims, star of the Godfrey show, and currently appearing a Blinstrub's, and Sammy Davis, currently at the Latin Quarter in Boston, were made wtih officials of the association and cerebral palsy in front of the machine.

The machine, a Wurlitzer, from Redd Distributors, was chosen by the association in a draw, and will be in the Vendome for 18 days, to be followed by a machine from another distributor, and so on until all distributors have displayed their machines. The Hotel Vendome will serve as headquarters for the cerebral palsy drive and a flag will be flying from the front of the hotel throughout the campaign.

Another guest speaker at the meeting was Myron S. Hillman of Lavoie & Hillman, Inc., Fall River, Mass., who has been associated with cerebral palsy as a chairman in previous drives.

He told the membership that it was "something that I've dreamed of for years in the business," explaining that he had always been a staunch advocate of participating in community activities. Other out-of-town speakers attending were: John T. Lazar, Lazar Music Co., Manchester, N. H.; Sam Orenstein, Triangle Distributors, Providence, R. I.; Anthony Joseph, secre-tary of Music Guild of R. I.; Walter T. Stadnick, Stad Distributing Co., Central Falls, R. I.; Edward A. Dyer, North Providence, R. I.; Chris Alexion, North Providence, R. I.

#### FEBRUARY 1955:

FEBRUART 1935. Freudige Aufregung erfasste die Musikliebhaber, als die Fa. The Ru-dolph Wurlitzer Company ihre "Na-tional Wurlitzer Days" ankündgte. Damit bereicherte diese altbakannte Firma die Industrie mit einem neuen münzautomatischen Plattenspielermünzautomatischen Plattenspieler-Modell. Es handelte sich um das Wur-litzer "Modell 1800", einem tonreinen Plattenspieler mit 104 Auswhalstücken.

Gottlieb & Company eines ihrer grössten Pinball-Spiele, "Gipsy Oueen" (die Zigeunerkönigin) heraus. Viele Aufträge flossen der Firma zu. Die Geschäftsfürer hatten geradezu Schwierigkeiten, die Produktion rich-tig einzuteilen. tig einzuteilen.

In der darauf folgenden Woche, und nach ihren bereits so mannigfachen Erfolgen, brachte die Chicago Coin Machine Company noch ein schönes Kegelspiel, "Arrow Bowler", heraus. Auch bei dieser Firma häuften sich die Aufträge sogleich an.

MARZ 1955:

Zwei neue Flintenmodelle wurden auf den Markt gebracht, die grossen Anglang im Handel fanden. Die Fa. Exhibit Supply kam mit "Modell 500 Shooting Gallerv" heraus, und die Fa. J. H. Keeney & Company, Inc., mit "Ranger", der neusten münzautmati-schen Flinte. Die Aufträge schienen in beide Fabriken nur so hineinzuströ-men. men.

men. Jetzt, da die erste Ausgabe der VIERTELJAHRLICHEN EXPORT-AUSGABE von "THE CASH BOX" druckreif ist, hört man wieder von neuen münzautomatischen Spielen under Musikmaschinen. Die Fa. Rock-Ola Manufacturing Corporation, Chicago, Illinois, U.S.A., hereitet sich darauf vor, den Handel mit einem neuen automatischen Plat-tenspieler zu beshicken. Die Williams Manufacturing Com-pany, die eine so grosse Sensation mit ihrer sinnreichen und einzigartigen "Select-A-Train" (Wähle einen Zug) benannten Maschine erzeugt hatte, lässt von sich hören, dass sie etwas noch mehr Aufsehenerregendes in noch mehr Aufsehenerregendes in

Keeney & Company, Inc., berichtigt, dass ihre neue "De-Luxe Coffee Vending Machine" (Luxus Kaffe-Verkaufs-Maschine) jetzt schon hergestellt wird, und dass alle Auf-trüge, von denen viele schon vor Wochen ankamen, jetzt so schnell als möglich ausgeführt werden. Andere Fabriken, wie die Bally Manufacturing Company, lassen von sich hören, dass sie sehr bald neuar-tige Produkte auf den Markt bringen werden.

## **Points Path for All Music Operators**

HARRISBURG, PA. — One well known music operator here is pointing the way for all the nation's operators to follow. He is Sol Hoffman of Tri-State Music Company who has sent 27 let-ters to each Congressman and Senator who is a member of the House and Senate Judiciary Committees. This is a total of 1,296 letters in all. Probably the largest number sent by any single operator in the nation. Other music operators, as has been reported by this publication, were

urged to send in at least 100 letters to Congressmen and Senators in an effort to defeat the present bills facing the industry in Washington at this time. Effort like this of Sol Hoffman of Tri-State Music Company, this city, may be considered what almost every operator thruout the country can ac-complish if he will just as energetic-ally set himself to accomplishing this task. task

There is no doubt that these letters had their effect on the Conngressmen and Senators who received them.

Richtung hinweisen, kann eben noch nicht festgestellt werden, doch werden wohl die nächsten Monate darüber Klarheit bringen. Die neuen automatischen Musik-maschinen sind, ohne Zweifel, die feinsten, die jemals von der Industrie erzeugt worden sind. Die vier wohl-bekannten Fabriken, die sich mit die-sen münzautomatischen Maschinen befassen, benutzen jetzt tonreine Triebwerke, mit 45 Umdrehungen die Minute. Diese Instrumente sind die schönsten, die der Handel je gesehen hat. Sie bieten von 40 bis 120 Aus-wahlstücke. Das Weltgeschäft in den auto-matischen Musikmaschinen schreitet mit festem Schritt und mit hohen Umsätzen voran. Es ist zu erwarten, dass die kommenden Monate in diesem Geschäft ebenso erfolgreich sein wer-den, wie es das erste Viertel des Johres 1955 gewesen ist.

tionnement automatique avec pièce de monnaie, qui a beaucoup de traits caractéristiques.

D. Gottlieb & Company, durant la demaine due 29 Janvier 1955, présenta un nouveau type de pinball à cinq balles sur le marché, qu'elle appela "Twin Bill."

#### FEVRIER 1955

Il y eut beaucoup d'excitation dans l'industrie de la musique à l'announce des "Journées nationales Wurlitzer," de la Compagnie Wurlitzer. Cette fameuse Maison présenta à l'industrie un phonographe entièrement nouveau, fonctionnant avec pièce de monnaie. Wurlitzer introduisit son nouveau "Modèle 1800," phonographs de haute fidèlité, avec un choix de 104 disques.

Pendant environ une semaine, les choses furent plutôt calmes, puis Chi-cago Coin Machine Company intro-duisit un nouveau jeu de boules "Tri-ple Strike."

Dans les queuques jours qui suivè-rent, United Manufacturing Company, présentait également un nouveau jeu de boules "Lightning Shuffle Alley."

Puis, Genco Manufacturing & Sales Company, et Williams Manufacturing Company, introduisirent de nouveaux jeux.

Les jeunes dirigeants de Genco Man-ufacturing & Sales Company, firent suivre le très bon succès obtenu par leur premier fusil, d'un succés encore plus retentissant pour un article de même genre. Leur nouveau modèle, à

même genre. Leur nouveau modèle, à fonctionnement automatique par pièce de monnaie, fut appelé "Wild West." Williams Manufacturing Company présenta un nouveau pinball à cinq balles appelé "Spitfire." Cétait un dé-part tout-à-fait nouveau dans ce genre de Williams, et il eut de bons commen-taires taires.

Comme le mois de Février s'écoulait, il y avait un volume de ventes impor-tant et continuel chez tous les directant et continuel cnez tous les direc-teurs de ventes des principals usines. La semaine de six jours de travail fut instaurée. Toutes les usines firent des heures supplémetaires.

heures supplemetaires. Février arriva à sa conclusion, D. Gottlieb & Company présenta un de ses plus sensationnels grand jeu de pinnball, "Gipsy Queen." Des com-mandes affluèrent à cette firme. Les dirigeants avaient dure besogne de répartir équitablement la production.

La semaine suivante, et poursuivant les nombreux succès déjà obtenus, la Chicago Coin Machine Company intro-duisit un autre très bon jeu de boules "Arrow Bowler." Cette firme aussi fut immédiatement submergées de commandes.

#### **MARS** 1955

Deux nouveaux fusiles furent introduits, qui eurent les commentaires troduits, qui eurent les commentaires flatteurs des commerçants. Exhibit Supply présenta "Model 500 Shooting Gallery.". H. Keeney & Company Inc., introduisit son dernier fusil à fonc-tionnement automatique avec pièce de monnaie "Ranger." Dans ces deux articles, les ordres semblèrent affluer aux compagnies respectives.

Comme cette première issue de "The Cash Box Bulletin Trimestriel Export Edition" est mise sous presse, il y a encore d'autres innovations dans les jeux à fonctionnement par piéce de monnaie, et machines à musique, sur le chemin.

Rock-Ola Manufacturing Corporation, Chicago, Ill., U.S.A. se prépare à présenter son nouveau phonographe automatique au commerce.

Williams Manufacturing Company,

dont l'ingénieux et unique "Select-A-Train" machine, a causé sensation. avise qu'elle a encore quelque chose de plus sensationnel.

J. H. Keeney & Company, Inc. reporte que sa nouvelle machine dis-tributrice "DeLuxe Coffee Vending Machine" est maintenant en production, et que les commandes, dont be-aucoup ont été prises depuis des semaines, sont maintenant exécutées avec rapidité.

D'autres fabricants, comme Bally Manufacturing Company, avise qu'elle a des produits entièrement nouveaux en production pour le marché.

United Manufacturing Company a également introduit à l'instant un jeu entièrement nouveau type "pinball," le "Manhattan."

#### SOMMAIRE

Le fait le plus marquant de ce premier trimestre 1955, c'est le pop-ularité continue et croissante des jeux de carabines s'opérant avec une pièce de monnaie, qui ont commencé à at-tirer l'attention et les ventes dans la deuxième moitié de 1954.

Beaucoup de fabricants très connus se sont engagés à présent dans la production de ses nouveaux fusils. Des nouveaux modèles, introduits durant ce premier trimestre, ont eu de très bons commentaires.

Beaucoup sont convaincus que le succès obtenu par ces nouveaux jeux de carabines, va les classer parmi les amusements les plus populaires dans les temps à venir

Les ventes phénomènales continuent dans les jeux de type "pinball." Il y a deux fabricants de ces jeux. Tous deux situés à Chicago, Illinois, U.S.A., sont très connus dans l'industrie, et fabri-quent également d'autres jeux très rénutée réputés.

Les fameux jeux de pinball à cinq balles, qui sont très connus et joués à travers le monde, sont produits par deux usines de Chicago, Ill., U.S.A. Les nouveaux modèles de ces jeux sont fréquemment prsésentés, et leur popularité augmente sans arrêt.

Les manèges d'enfants à fonctionne-ment automatique par pièce de mon-naie, ne sont plus actuellement pronaie, ne sont plus actuellement pro-duits d'une façon confuse par un si grand nombre de fabricants. Les firmes qui sont restées dans cette in-dustrie sont parmi les plus solides de l'industrie des jeux. Elles continuent à présenter des modèles, mais à des intervalles moins rapprochés qu'auintervalles moins rapprochés qu'au-paravant, ce qui a consolidé la division de jeux dans cette industrie.

Beaucoup de nouveaux types sont maintenant aussi en vue. Tels que le nouveau produit d'un fabricant connu, pour le "Spectator Type" "Select-A-Train." Que ce nouveau produit est l'indication d'une nouvelle tendance n'a pas encore été prouvé. Cela sera déterminé dans les mois à venir.

Les nouvelles machines musique automatiques sont, sans aucun doute. les meilleures jamais vues dans cette industrie. Les quatre fabricants très bien connus de cette catégorie de ma-chines automatiques, se sont tournés vers les mécanisme de haute fidèlité et 45 rpm. Les instruments sont les plus magnifiques que l'on n'ait jamais vus dans le commerce. Ils ont de 40 à 120 disques.

Les affaires du monde entier Les affaires du monde entier dans l'industrie de la musique automatique se continuent d'une façon très suivie, ainsi qu'un grand chiffre d'affaires. On s'attend à des affaires toutes autant fructueuses pour les mois à venir qu'elles l'ont été pendant le premier trimestre de 1955.

## Williams Mfg. Presents New Gun Game

#### J. A. (ART) WEINAND

CHICAGO—J. A. (Art) Weinand, sales manager of Williams Manufacturing Company, this city, advised this past week that the firm is now in production on an entirely new gun game, "Polar Hunt."

Said Weinand, "From reports which we have already received from various test points where 'Polar Hunt' was located, this new gun is the greatest which we have presented to the field.

"And that," Weinand claims, "is saying quite a bit for any gun, considering the success which we enjoy with 'Safari'."

Weinand explained that "Polar Hunt" would carry "an exclusive Williams' feature which has never before appeared on any similar product." "This is," he said, "the new 'Push-Button-Handicap-Time-Selector'. This new feature has won tremendous acclaim and all believe that it will prove 'the answer to greater profits' everywhere."

where." Weinand explained the feature in these words, "It evens up the play for poor shots against the sure shots. By that I mean," he said, "that now the players can set their own handicap. A poor player can set himself for 70 seconds of shooting time. A middle-of-the-road shooter can set for 60 seconds. A sharpshooter can set for 50 seconds. In this way all three actually start off at an even scoring rate."

He also explained that the "scoring runs into four figures" and that the top score is around 9,600.

One of the most novel of all the moving and pop-up targets is the "igloo," according to Weinand. He explained that once the igloo is hit then the North Pole appears. The Pole grows smaller and smaller and more difficult to hit with each shot. After the fifth hit it disappears entirely.

Weinand also stated, "Our new 'Polar Hunt' will appear in only one model, with triple match feature and replay, for we have found from our test reports, that this is the perfect model for the 'Polar Hunt', and the one that outshot, outplayed and outearned all other guns that had been located in the same test locations." Wisconsin Phono Ops Still Talk 10c Play

MILWAUKEE, WIS.—In its latest report to its membership the Wisconsin Phonograph Operators, statewide association of music operators, is still attempting to bring some solution to the many discussions which have been held in this city, as well as thruout other parts of the state, on 10c play.

Operators here have reported, they claim, to Clinton S. Pierce, president of Wisconsin Phonograph Operators that, as far as this city is concerned, the majority favor dime play all the way.

way. It is believed that after the MOA Convention in Chicago, where leaders of Wisconsin Phonograph Operators will have the opportunity to talk with others who have had dime play in operation for some time that the change may come about in the next meeting of this association.

A large part of the membership of this organization intends to be present at the MOA Convention in Chicago.

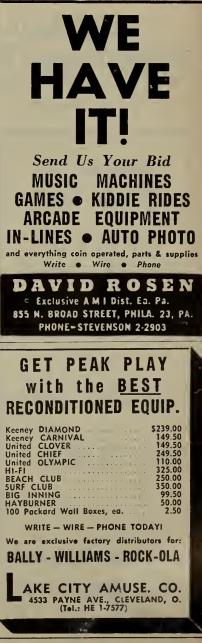

Among the officers of Wisconsin Phonograph Operators are: Ed Dowe, secretary-treasurer, of Beaver Dam, Wis. and Cliff Bookmeier, vice-president, of Green Bay, Wis.

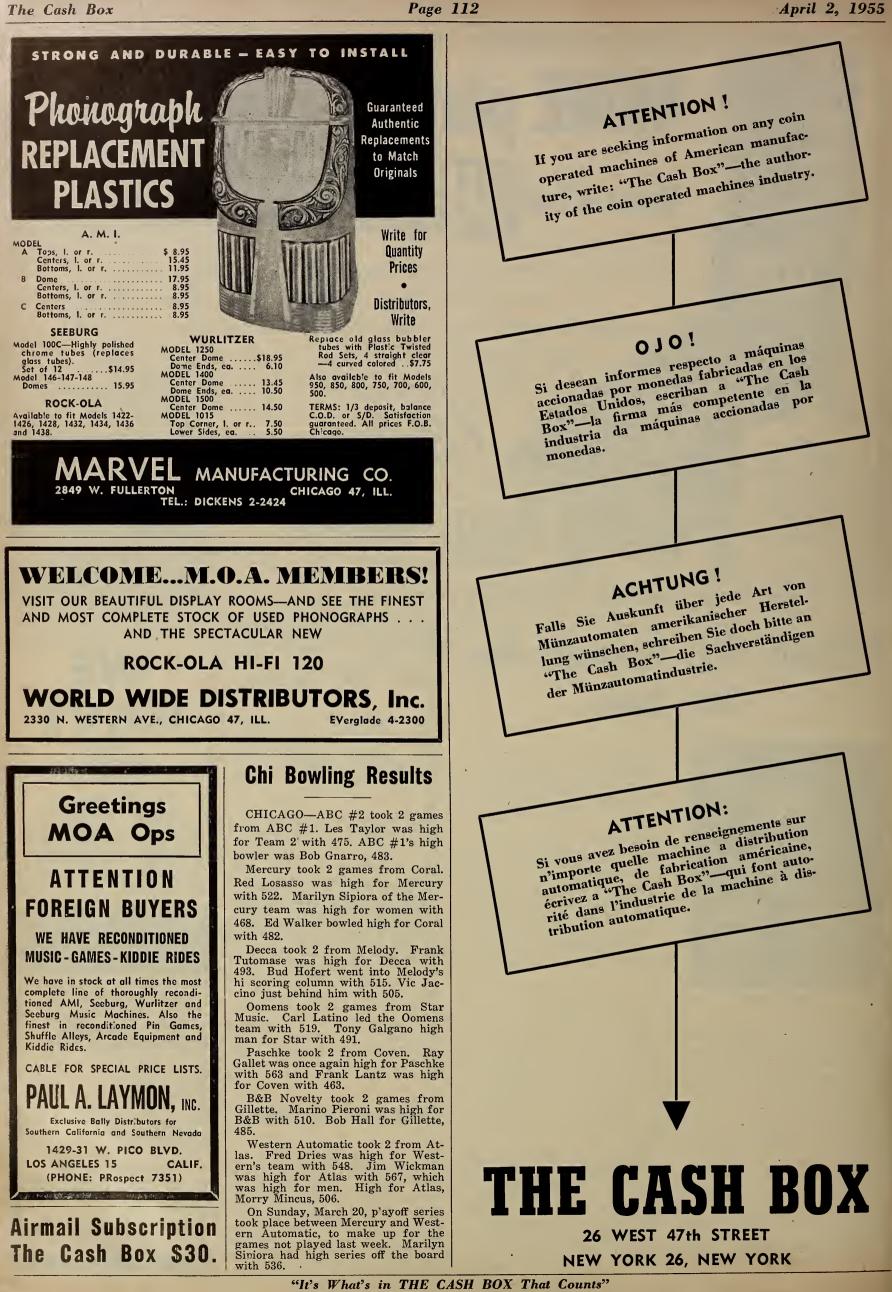

#### **Heath Forms New Company**

MACON, GA.—After an absence of several years, Ed Heath, well known to coinmen thruout the country, reports that he has formed the Heath Sales Company, this city, and wi'l deal in new and reconditioned in-line games.

Heath advises that he will be attending the MOA show in Chicago.

#### **Praises The Cash Box Editorial Stand**

LOS ANGELES, CALIF .--- Al Silberman, vice president of Badger Sales Company, Inc., this city, in addition to writing Congressmen and Senators on the three copyright bills, has been extremely active in getting every operator possible in his area, to do the same thing.

Silberman enclosed a copy of a letter to The Cash Box, which he sent out. It is not particularly long, but is exceptionally pointed. Al's last paragraph reads: "We are fighting for our very existence against this incredible obnoxious legislation and we, as well as the entire membership of California Music Merchants Asso-

With this copy, Silberman wrote Bill Gersh: "It is my personal opin-ion that The Cash Box has richly earned the grateful thanks of every Juke Box manufacturer, distributor, jobber and operator in every city, in every state in the country.

"You, Joe Orleck, and the entire staff of The Cash Box shou'd have a feeling of comforting warmth in the knowledge that, win, lose or draw, you've fought the good fight, and everyone in the industry will be eternally indebted to you."

## **Op Donates Phono to Girl Scouts**

NEW ORLEANS, LA .- Vincent Marcello, juke box operator, joined the 43rd anniversary celebration of Girl Scouts in America by contributing a juke box to the West Bank troops for their headquarters at the A'iris hut in Algiers. Marcello also gave the group a number of hit records for the machine.

Pictured herewith is Marcello and three girls from the West Bank troop, Merle Rauschkolb, Lillian Cox and Mary Hill.

NEW YORK—Nat Cohn and Charles Aronson, two old-time and highly suc-cessful coinmen, who today are not actively engaged in the coin machine business. will be at the Morrison Hotel for the MOA Convention.

Both men are attending the show with the view of once more entering the business, and will visit the vari-ous exhibits, factories, as well as dis-cuss matters with their many coinmen friends.

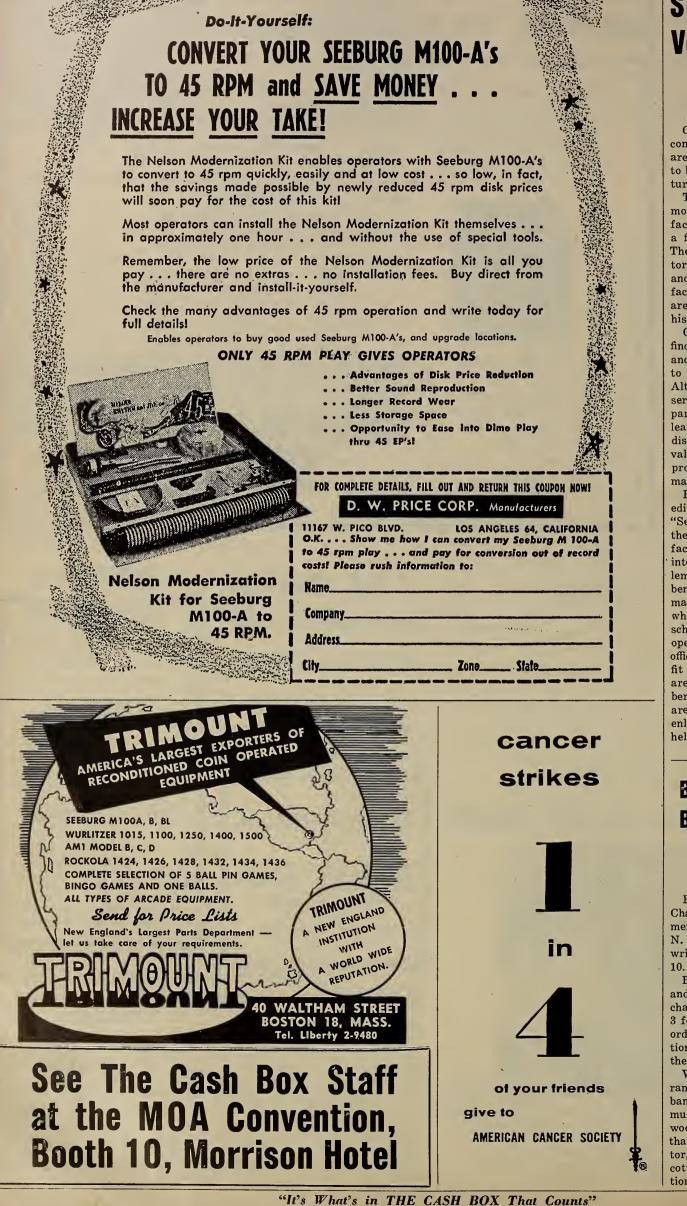

#### **Attend Radio Engineers** Convention

NEW YORK—Bill Kennedy, head of Kennedy & Company, advertising agency for several of Chicago's coin machine manufacturers, was a visitor here this week, attending the I.R.E. (Institute of Radio Engineers) Con-vention. Kennedy's interest was due to the fact that his firm handles the Guardian Electric Company account. Kennedy left New York at the end of the week, so that he would be on hand to attend the MOA Convention for his coin machine accounts.

## Factory Service Schools Proving Very Popular With Operators

CHICAGO—Service schools being conducted at the nation's distributors are proving to be extreme'y beneficial to both the operator and the manufacturer.

The practice, which is becoming more and more prevalent is for the factory to advise his distributor when a field enginer will be at his offices. The distributor then informs his operator customers thru the mail, by phone, and thru the trade press. When the factory engineer arrives, there usually are a good many operators awaiting his instructions.

Operators and their servicemen are finding out that they can learn quickly, and without experimenting, just how to best take care of their equipment. Altho operators claim they and their servicemen are acquainted with the particular mechanisms, they soon learn that the factory engineer and distributors' servicemen give them invaluable information and hints on the proper way to take care of their machines.

For many years The Cash Box has editorially advocated the formation of "Service Schools for Mechanics". With the present day method evolved by the factories, of sending their engineers into the operator's territory, the problem is being solved-and to the great benefit of both the operator and the manufacturer. And as time goes on, when it is announced that a service school is to take place, more and more operators attend at the distributors' offices, as they realize what great benefit they receive. And as the sessions are held before larger and larger numbers of operators, the manufacturers are encouraged to continue, and to enlarge its service engineer force to help coinmen thruout the nation.

#### Bob Charles Reports Binghamton Area Ops Changing to Dime

FT. LAUDERDALE, FLA. — Bob Charles, head of Binghamton Amusement Company, Inc., Binghamton, N. Y., is vacationing in this city, and writes he will remain here until April 10.

Before leaving for Florida, Charles and other operators in the area started changing their juke boxes over to  $10^{\circ}$ , 3 for  $25^{\circ}$  play, with  $40^{\circ}$  of their records on ep. Bob states that collections have shown an increase since the changeover.

While in Florida, Charles advises he ran into Art Herman, formerly of Albany, N. Y., who is running a route of music machines and games in Hollywood and Ft. Lauderdale. He reports that another up-state New York operator, Manny Baker, formerly of Endicott, has a cigarette machine operation going in Miami. The Cash Box

## For Repeal of 20% Tax

CHICAGO—A favorable press is helping James C. Petrillo, president of AFM, since his personal visit to President Eisenhower in Washington, to obtain repeal of the "war emer-gency" 20% entertainment excise tax.

This tax is not only hurting em-ployment of live musicians but, at the same time, means a great deal to the juke box industry.

As the "Chicago American" (Satur-day, March 12) reported on its edi-torial page:

"The tax is the 20 per cent bite on nite clubs—a 'wartime' and 'emer-gency' measure!

"Other amusement taxes have been reduced. This remains at the murder-ous rate of one-fifth of the check. It's costing jobs for musicians, entertain-ers and others.

"If it is removed or reduced, the in-crease in jobs and taxable incomes will "We urge the President and the Congress to correct this injustice."

The entire automatic music indus-try has long been advised by this pub-lication, ever since the end of War II, that this onerous 20% excise tax should be removed.

This would return thousands of locations, which are classified as medi-ocre today, to "top spots".

Once this 20% tax is removed, then dancing can once again be allowed, without the location owner having to

add 20% on the tab of each and every teenage dancing customer, or pay the additional 20% himself.

The entire automatic music industry has been urged, time and again, by The Cash Box to back James C. Petrillo in this great endeavor to help repeal the present "wartime emergenncy" measure, the 20% excise tax, especially against such forms of entertainment like dancing being allowed

to economical juke box music by teenagers.

This would, in the first place, allow the teenagers to dance off their tremendous energy and, thereby, help quell much juvenile delinquency and, second, bring about supervised gathering places for teenage groups, instead of having them roam the streets empty handed with nothing to occupy their time or minds.

April 2, 1955

As you read this column operators, record company officials, publishers and artists will be in Chicago for the fifth annual meeting of the Music Operators of America. Yes, we'll all be there. The largest congregation of music men from all over America ever assembled at one time in any one place will be on hand to gain firsthand knowledge about their business, see the attractive displays of all coin machine manufacturers and meet old friends and acquaintances from all parts of the country. From all present indications, the West Coast will have the biggest assemblage of coinmen that has ever attended an MOA meet. Oregon and Washington will be well represented with a host of operators from throughout the Northwestern territory. In California heavy reservations on the airlines and railway companies have been made by coinops and distributors in San Francisco and the bay region. The Central and Southern sections of the state will also be well represented with a record throng of both small and large operators.

Tom Sams, AMI district sales rep., phoned us from San Francisco to say that he and his lovely missus will be in the windy city for the big event. Tom will be present, along with other AMI execs., at the AMI booth on the exhibit floor of the Morrison. He just returned from a trip thru Alaska and reports that altho operators in the territory have huge scattered routes business has been pretty much on the boom side and play on all types of amusement machines has been exceptionally good. Tom also stated that soon after returning to San Francisco he had the pleasure of visiting with Rusty Draper who dropped in at the Huber Distributing Company showrooms.

Checking around Los Angeles and Hollywood we find that practically everybody in the coinbiz, and music field is on the way to the convention. Walt Hemple, president of The Calif. Music Merchants Association, LA division, and Ben Chemers, business manager flew back to the coincenter a week early to work with MOA president, George Miller, to make the final arrangements for the event. Mr. & Mrs. Sam Ricklin of California Music Company, Lester Sill, head of Spark Records and Herb Newman of the newly formed ERA Record Company all boarded the same plane the day before the convention. Others, too numerous to mention, embarked for the MOA in planes, trains and private auto. Among them was Pete Pellegrino, Fred Shuey and Ben Korte.

Jack Simon of Simon Distributing Company did some fast and furious traveling last week. He whizzed to San Francisco on business then planed to Las Vegas to meet his new partner, Howie Freer, and came back to LA before leaving for the convention. . . . Bill Happel, prexy of Badger Sales Company, stated that unless his plans were suddenly changed he'd be in Chicago bright and early on the 28th.

For several weeks Lee Walker has been recovering from illness with hopes that he'd be okay in time to attend the convention. However, just as he was getting his hopes up that he could go, the doctor advised that he still wasn't well enough to make the long trip. "Get plenty of rest, no night life and don't work too hard", were the orders-which sound plenty monotonous, but in Lee's case it's the best prescription for longevity! All the gang in Chicago will be thinking of you, Lee, and hoping to see you next year.

COINROW NEWS NOTES :-- We are all happy to welcome Howie Freer to Southern California. With his new association as a partner of Jack Simon of Simon Distributing Company local coin-ops expect the firm to undergo a new expansion program. This program will undoubtedly include a greater concentration into the export market. A large part of the firm's business has already been in this field and now with Freer's vast knowledge of foreign trade a new approach is expected with an eye toward developing new coin machine markets through the free world.

Hats off to Minthorne Music Company for their new drive to promote dime play throughout the area. Their new display shows how EP albums can be effectively programmed on a 100 selection Seeburg so that an operator can get a dime for his music without making the customer feel that he's getting cheated. Hank Tronick says that many operators decided to use the EP program and switch their machines to 10¢ or 3 plays for 25¢ after seeing the display. He adds that it is proving very profitable for those who tried it.

Operators from far and near ambled in along coinrow last week to see three new coin machines which were on display at the Distributors' showrooms. At the Paul A. Laymon & Company showrooms ops got a first hand look at Bally's new "Bull's Eye" gun for the wee crowd. All agreed that the gun would offer new opportunities and profit possibilities for the kiddie rides op. . . . Up at the other end of the Pico Strip coin-ops were stumbling all over each other to get in the doors of the Minthorne showrooms and shoot the new Williams' "Polar Hunt" gun. Just a quick glance at all the glowing faces showed that the Williams factory had come up with a new hit here in the Southland. . . . For the vending machine operators Badger Sales Company introduced the new Keeney coffee machine at their showrooms which received its share of noteworthy comments. . . . Among the many operators who trekked in from out of town to view the new machines were Ed Neel, Blythe; Gene De Vilbiss, Big Bear; Noble Craver, San Diego; Bill Shaeffer, Bakersfield; Milton

Noriega, Colton; Bill Bradley, Covina; Tom Ryder, Long Beach and Walter Hennings, C. L. Andrews, and Lee Nelson all from Santa Ana WHILE ATTENDING THE MOA MEET DROP UP AND GREET THE CASH BOX STAFF IN SUITE 2331 AT THE MORRISON HOTEL. Bill Gersh, Dan Parry, Karyl Long, Sid, Parnes, Bob Austin, Norman Orleck, Charlie Lamb and Carl Taft will all be there to meet you personally.

## **Atlas Music Improved Facilities Provide Sales and Service Efficiency**

CHICAGO-"We planned increased CHICAGO—"We planned increased benefits for our customers at home and abroad," reported owners Maurie and Eddie Ginsburg of Atlas Music Company, this city, "when we opened our new Atlas Building, but the advantages evident in our im-proved facilities have far outstripped our expectations. Our phonograph sales and service efficiency has been a revelation to ourselves and our staff."

Specially designed and constructed for all phases of phonograph sales and service, the huge, new Atlas quar-ters contain elaborate refinishing and rebuilding shops, extensive warehouse space and shipping facilities, includ-ing a department for special export

packing and handling. Atlas' tech-nical staff includes specialists on all makes of phonographs.

"Our handsome, well-appointed dem-onstration Lounge and the comfort-able, spacious offices are centers of interest for a host of music men from all parts of the nation and many for-eign countries," advises Harold Schwartz, chief of Atlas' sales de-partment.

Nate Feinstein, at the head of Atlas' export sales division, announced that the new Atlas Export Catalog "F" is now being distributed thruout the world.

## **Dallas Music Ops Meet To Discuss Dime Play**

DALLAS, TEX. — Music machine operators and distributors met at the office of Commercial Music Company, this city, on March 16, to discuss changing over their phonographs to  $10^{\circ}$ , 3 for 25¢ play.

Representing the distributors were Abe Susman, State Music; Ed Furlow and Arthur Hughes, S. H. Lynch Com-pany; and R. B. Williams and B. H. Williams of Commercial Music.

Many operators have already changed over their juke boxes, and others at the meeting declared their

intentions of changing. Operators who have already made the change informed the others that their collections showed a nice increase.

Among the operators in attendance were: C. A. Taylor; J. L. Baker; Bert Hunter; J. M. Browning; C. A. Buxton; Jimmy Watson; Emmett Nutt; R. L. Brown; Carl Weathers; W. F. Emerson; Leonard Kallman; Bob DePriest; Leonard Metessa; Carl French; M. A. Tidwell; H. D. Holmes; Tommy Collum; Herb Rippa and Lenny Cohen.

When you read this column, a good many of New York's coinmen will be in Chicago attending the MOA Convention. More New Yorkers left for this show this year than in any previous year. This same holds true for coinmen from New Jersey and Pennsylvania. Looks like a great show.

Young Distributing service school on the Wurlitzer "1800" phono continues to draw large groups of music ops and servicemen. School held this past Monday, Mar. 21 brought out some 75 "students". Joe Young and Abe Lipsky report that they handed out 40 radios to those men who attended every one of the four classes held. Claims they'll need at least 30 or 40 more. Last class will be held on Monday, Apr. 4... Bally's new kiddie gun "Bull's Eye" on floor of Runyon Sales—causing some very fine comment. Barney (Shugy) Sugerman and Abe Green off to the MOA show. Shugy, who had intended to continue on from the MOA show to Miami Beach, now advises he'll have to return to New York to take care of some important biz. Hopes to get to Miami a little later on. ... Jack Mitnick, AMI regional representative, who has been accompanying AMI's field service engineer, George Klersey, to the various Runyon branch offices, left for the AMI plant in Grand Rapids, Mich. on Thurs-day. From there he'll fly up to the MOA show on Saturday. ... Hal March, outstanding New England coinman—Brattleboro, Vt., 73 years young this week. ... Mike Munves' sister, Rose, entered a singer in the RCA "Miss Juke Box of 1955" contest, and the girl wound up among the final three contestants. Winner will be decided by votes of music ops at MOA show. ... Music ops of Camden, N. J., met on Thursday night, Mar. 24, to talk about dime play. Among phono distribs present were Barney Sugerman and Abe Green, Runyon Sales Co.; Harry Rosen and Joe Fishman, Atlantic-Penna Corp.; Joe Ash, Active Amuse-ment Machines Co.; and Herman Scott and H. Katz, S & K Distributing Co. ... Another New Jersey group of ops formed the Garden State Operators Asso-ciation. Group in favor of dime play in their area, with many of them already running on 10¢, 3 for 25¢, with ep records in about 40% to 50% of the phono selection panel. Voted president of this group was our old friend Babe Kauf-man. Other officers are Frank Mandia, vice president and Danny Sylvester, secy-treas. Members of the board are Cookie Kirsh and Whitey Burbol. \* \* \* \* class will be held on Monday, Apr. 4. . . . Bally's new kiddie gun "Bull's Eye"
