FMQB ALBUM REPORT

BILL HARD, Editor

Hard Choice

DON HENLEY, "I CAN'T STAND STILL", ELEKTRA

Not only is this the best solo Eagles effort to date, it's got to be top 5 for the year. The combination of his incredible voice, quality songs throughout, fabulous arrangements, and the highest production standards should keep airplay and sales flying through Christmas. "Nobody's Business" and "Dirty Laundry" will lead, but "I Can't Stand Still", "You Better Hang Up", and "Johnny Can't Read" are top drawer, too. They don't get better than this.

Easy Choices

SANTANA, "SHANGO", COLUMBIA

Considering Holiday imbands will be covering "Hold On" forever, it's a safe bet for us to slide "Shango" into the Front Page. "Nowhere To Run" from the 12" will do well due to the slightly higher rock quotient. Also, give a listen to "What Does It Take" and "Let Me Inside"...12" reaction: Bobbin Seam, WLPX, "Nice traditional album rock material from Santana. Good 25-34 spread"... Marc Miller, WBCN, "I really love the new Santana. 'Hold On' will be enormous."

BAD COMPANY, "ROUGH DIAMONDS", SWAN SONG

On first listen, it's a much more relaxed, low key Bad Company than we're used to. But just as they were one of the first bands to popularize melodic metal, they seem to be softening up right on cue, too. Now they're scoring with taste. We recommend the nice bluesy groove of "Electricland", also check out "Ballad Of The Band" and "Racetrack".

Chain Reaction

GEORGE THOROGOOD, "BAD TO THE BONE", EMI

With 65 stations already on the single, we were expecting at least that many LP conversions to come across, and we came up with 69 reports, for #1 Most Added, including 13 Level 1's...Radio action: Jim Smith, WLVQ, "This guy's career is on a roll. After the Stones dates on the 50/50 tour, he comes through with new songs that are pure to the George Thorogood form. 'Bad To The Bone' is much more tolerable than macho metal any day"...Bill Simmons, WMYK, "Another rock and roll masterpiece from George Thorogood. If you can't handle the single, be sure to check out 'Bad To The Bone'. I can't think of another artist who personifies blues based rock and roll better than George"...Rob Lipshutz, WAAF, "The new album is faithfully authentic rock and roll, even though he's playing on a major league team now"...Jim Buckley, WNCN, "One of the hottest up-feeling records I've heard in a long time"...Karen Andersen, WKII-FM, "George gets back to rock and roll roots, and one of those roots' creeds is 'Let's have a good time'"...And from Lin Brehmer, WQSK, "George continues to infuse an old idiom with new life--nice crisp production"... The title track will lead, followed by the single and "Back To Wentzville".

JOHNNY VAN ZANT, "LAST OF THE WILD ONES", POLYGRAM

37 quick adds made Johnny #2 Most Added this week, as radio agrees with our Choice comments. He's more poised and polished, and thanks to brother Donnie's increased involvement, has borrowed more winning moves from 38 Special...From Ron Nenni, WYXX, "We've always been supporters, and the 38 Special sound could bring him to where he should be"...Ron Diaz, WYNF, "The success of 38 Special has opened up the eyes of Donnie's brother Johnny. Southern rock with Yankee production has made the new album a smooth piece of work. I must admit I miss the whiskey laced hard edges, but this is one fine LP"...Bruce Bond, WZZO, "It has all the makings of a great album. It's about time he lived up to the likes of his brothers"...And from Dick Bascom, WQXM, "Johnny is already getting very good calls, although there was some confusion at first. People were calling up for 'the new 38 Special', and I must admit, they sound incredibly alike"... "It's You" leads, followed by "Good Girls" and the title cut.

MICHAEL McDONALD, "IF THAT'S WHAT IT TAKES", WARNER BROTHERS

Six months ago, album programmers would have walked on by. Obviously, the recent successes of Fleetwood Mac, Crosby, Stills & Nash, Marshall Crenshaw, and Jon Anderson, etc., have made radio more confident in slower, softer things. So Michael McDonald locks up a quick 28 stations for #3 Most Added...Comments: Dave Krusenklags, WJQQ, "He's a pop songwriter extraordinaire, but when you have to keep your mind on upper demos, he's a valuable programming tool in certain dayparts. We'll start with 'Love Lies'"...Brian Leonard, WDEK, "Michael McDonald redefines mellow, but that's good. 'Playing By The Rules' and 'I Keep Forgettin'' really suck you in"...Bob Linder, WQHA, "Michael McDonald will melt the hearts of the ladies and many 24-39 men, too. His energy and positive vibrations sail right through the radio"...Stew Schantz, WPDH, "For the upper demos, finally a solo album from Michael McDonald. The single and the title track are working for us."

CHAIN REACTION CONTINUED

RANDY MEISNER, EPIC

After a number of impressive adds on the single, the Lp continues the momentum. 23 more stations sign in for #4 Most Added, that's 63 in the past two weeks. Should be good for a debut in the 40's in our next report...Radio: Bernie Kimble, WSYR, "What a pleasant surprise. I expected a much more laid back album, but Randy really rocks out on this one. I think it's great"...Bob Bittens, WHCN, "We went with 'Jealousy'. Talk about powerful songs. Between the Tower Of Power horns and Marcy Levy's incredible vocals, it's a knockout"...Ron Nenni, WPYX, "'Jealousy' is clearly the strongest of all the solo material from an ex-Eagle so far"...And from Warren Williams, KATT, "The Meisner and Glenn Frey releases have brought a new sound to the airwaves--FEOR (Former Eagles Oriented Rock). The nice part is that it's all good material"... "Never Been In Love" is #80. Also watch for action on "Jealousy", "Darkness Of The Heart" and "Tonight".

"FAST TIMES AT RIDGEMONT HIGH" SOUNDTRACK, FULL MOON/ASYLUM

The Soundtrack powers onto the charts--#14 Index, #13 Metro, 20-13 Doubleday, 18-11 Pollack, 20-15 Sebastian, and new at #17 Superstars...22 more reports make "Fast Times" #1 Most Added for the past two weeks with 124 stations. That guarantees a move into the top 10 next week. Max play mentions include: WIOT, WQXM, WIYY, WMMR, WABX, KMET, KZEW, KSRR, KGON, KBPI, and WKLS...Comments: Karen Allen, KBPI, "The gem of this project is still the Soundtrack. There really is something for everyone and we intend to make good use of it in the weeks and months ahead"...Mike Wolf, WQFM, "It's no secret that the 'Fast Times' Soundtrack is undoubtedly the best collection of rock and roll by various artists ever assembled for one record"...Dick Blackmon, WOWD, "It's not only a showcase for some of today's top talent, it seems to have also been a chance for most of the artists to get outside themselves and try something new. The whole album has a very fresh feel to it. Three cheers for progress and imagination"...Bob Bittens, WHCN, "People are beginning to become aware that there's a first class Soundtrack out there. 'Fast Times' should do real well with or without a movie"... Leaders: "Somebody's Baby" #24, "Fast Times" (Hagar) #71, "Waffle Stomp" #77, and "Never Surrender" #81.

STEVE WINWOOD, "TALKING BACK TO THE NIGHT", ISLAND/WARNER BROTHERS

The ultimate in classy relief artists bangs in at #21 Index, #23 Metro, and comes up #6 Most Added with 19 more, for a total of 115 FMQB stations. The single is firmly established at #16 with "Valerie" new at #70...The Doctor at WYFE sez it all, "The name just echoes music. Having been one of my favorite musicians since Traffic, it's great to hear some new stuff from one of the masters"...Already heavy on: WFBQ, WSYR, WHCN, WQXM, KZEW, KRQR, WNEW-FM, WYNF, WSHE, WBCN, WLVQ, WAAF, KQRS, KISS, and several more.

JON ANDERSON, "ANIMATION", ATLANTIC

As we enter the 4th week of rejuvenated add activity, all that hand-to-hand promotional combat pays big chart dividends. 49-44 Index, 50-45 Metro, for a double Prime Move...Key calls include: WRIF, WQXM, WQFM, WMMS, WEBN, WCOZ, KZEW, WYYS, KTXQ, KRQR, KQRS, KLLOL, KBPI, WLVQ, WCMF, and KZAP...Increased play on KBPI and WMMS. 1 down, and 23 steady. "All In A Matter Of Time" is up 72-49...Joe MacCabe, KYYS explains, "This is a great Jon Anderson town, and I'm surprised we didn't add the record earlier. It just sounded a bit soft on first listen. However, it's in because he always sells here, always gets good requests and strong Top 40 play"...From Alan Sneed, KSRR, "It's probably more appropriate for album radio than most of the recent Jon Anderson material and the albums with Vangelis."

PAUL CARRACK, "SUBURBAN VOODOO", EPIC

With tunes like "Lesson In Love" and "I Need You", we figure it's just a matter of time before this gem gets the attention it deserves. 15 new believers takes us to 48 FMQB stations, led by KZEW, KQRS, KROQ, KDKB, KTXQ, WMMR, WMMS, and WNEW-FM...More raves: Bruce Goldsen, WRKI, "I was sorry when Paul Carrack left Squeeze, and I think his absence hurt their most recent effort, but it certainly didn't hurt him. I can't stop listening to the first 4 songs on the first side. In picking a cut, it was like the Crenshaw--couldn't decide which to play, so we'll go with 'Lesson In Love'"...The Doctor, WYFE, "'I Need You' is great for a lot of upper demos. It's almost something I would expect the Animals to put out with today's sound"...Bruce Bond, WZZO, "With the new Paul Carrack album, I can't wait to see the guy live again."

MISSING PERSONS, CAPITOL

Onward and upward! 47-42 Metro Prime Move, 42-38 Airplay advance, and a strong add week (DC101, WQXM, WFBQ, WYMX, WAPI-FM, KLAQ, WTUE, and 5 more) guarantees more big moves next week...Increased play WYSP, WMMS, WMMR, WBCN, WHCN, WHJY, WCCC, WBRU, and KWF...Comments: Bob Linder, WDHA, "Some encouraging early sales and requests for Missing Persons"...Chris Geisen, WSKS, "Missing Persons Lp is generating some talk after only one week with us. Sounds like a winner"...Bernie Kimble, WSYR, "Missing Persons style has found a receptive audience in Syracuse"... "Words" is a Song Index gainer, 38-32.

BUILDERS

MEN AT WORK, COLUMBIA

One of the major success stories of this year keeps the heat on--they crack the top 10 with a startling 15-8 jump, up 15-7 Metro. The holdouts continue to roll in--new on KISS, KSHE, WFBQ, WIQB, and WBLM...Increased play: KBPI, KTXQ, WCOZ, WDVE, WMMS, WNEW-FM, WSHE, WLAV-FM, and WSYR... "Who Can It Be Now" is rock solid at #1.

JUDAS PRIEST, COLUMBIA

A 17-15 Index gainer, and a 19-12 Metro Prime Mover--#12 Superstars and Doubleday...Also building impressively on the Retail Index, 17-12... "You've Got Another Thing Coming" moves 10-9 on the requests chart, and jumps up 16-10 on the Top 100. We're also seeing a notable increase in play on "The Hellion/Electric Eye" at #61 on the Song Index.

URIAH HEPP, MERCURY

More glowing stats--20-15 Metro underline, 21-18 Index, and a crusher Checklist: 27 maintaining, 5 dropping, and 35 building...Sales and phones: WQXM, WMET, WPDH, KSMB, WRAS, WAVA, WDVE, KMOD, WLVQ, WAPP, and KLAQ...Sales up on: WHJY, WKLS, WMAD, and WBAB...Hottest phones: WYFV, WOUR, WYFE, KRQR, WLPX, WDIZ, WKDF, KISS, KYYS, WWCK, and WHCN... "That's The Way" moves 13-7, "On The Rebound" 92-85.

TORONTO, NETWORK

Holly and Company pick up a point on the Index, 35-34 and show strength in the major markets with a 37-32 Metro underline...New on: WYSP, WBCN, WZXR, WHJY, WTUE, WAPI-FM, WYMX, and KLPX... "Your Daddy Don't Know" jumps 44-36...The Checklist shows Toronto building at KBPI, WKLS, DC101, WMET, KZEW, WKDF, KGON, KMET, WNEW-FM, KATT, WRAS, KSMB, and KZEL...Radio Action: Mike Wolf, WQFM, "From our initial research, we think Toronto has a lot of potential"...Bernie Kimble, WSYR, "Good calls on Toronto. Working on getting them in town."

TAXXI, FANTASY

Taxxi has been on the verge of popping onto the Index for several weeks, and it got the needed lift this report with a #50 Back Page debut. Up 49-47 Metro, and new on heavies WPLJ, WYSP, and KDWB... Top tracks: "Cocktail Queen" 88-87, and "I'm Leaving".

CHEAP TRICK FACTS...

John Sykes, Director of Programming, MTV: "We are receiving excellent audience response on Cheap Trick 'She's Tight' and 'If You Want My Love' videos. Both cuts continue to rotate as powers and this week 'One On One' moves to the #8 best selling Lp in MTV markets... Last week we conducted a toll-free video request line test, asking viewers to call in their favorite clips. Out of the 2,000 calls analyzed, Cheap Trick ranked #1 in artist and song most requested. The exact demographic breakdowns by request are as follows:"

	15-19 males	15-19 females	20-24 females	25-29 males	30+ male and female
"She's Tight"	#3	#1	#3	#2	#2
"If You Want My Love"	#2	#9	—	—	—

As I'm sure you are well aware, phone requests, for the most part, skew heavily towards active teens. Overall, however, the band did extremely well in all demographic categories... In addition, after analyzing our July viewers' mail we found Cheap Trick to be the #6 most requested band."

Jeff Hammer, Owner of Texas Tape And Records, Houston: "Over 3,000 screaming fans jammed into my store which is a little over 20,000 square feet. They came from Louisiana, San Antonio, and points west. This in-store was by far the most successful we've ever done with over 500 pieces sold that day and hundreds of walk-ins. It was by no means a cheap date. Thank you, Cheap Trick!"

Michele Robinson Sayre, KLOL: "'She's Tight' is the hottest request item here at KLOL. The video is the best rock video on MTV."

Rick Lambert, KSRR: "'She's Tight' was top requests for two months. The song is a monster. Anyone who doesn't play this song is crazy."

John Lander, 97Q: "We started 'She's Tight' in limited rotation after 6PM because of the excitement here in Houston. From then on, our jocks received constant phones that started with teens and rapidly expanded into the 18-24 demographics. Consequently, it is now being used in all dayparts, even mornings. Every third call at 97Q is for 'She's Tight'. It is the response cut off the album."

Doug Davis, KWXL: "'She's Tight' has held #1 female 18-24 phones for five straight weeks."

Dave Logan, WLAV-FM: "We're noticing a huge response to Cheap Trick particularly the tune 'She's Tight'. From what we can tell, it's almost entirely due to MTV's input."

Ed Levine, WAQX: "Due to high cable penetration, we're getting response to a couple of MTV videos. Cheap Trick's 'She's Tight' is showing up in our request research."

Lp 46*-42* Billboard

Bottom Line: "She's Tight" Gets Results.

A FLOCK OF SEAGULLS, JIVE/ARISTA

One of our prize picks continues to kill and maim. Up 16-12 Index (one shy of an underline), 16-14 on the Metro List, as "I Ran" roars up the Song Index 5-3 and "Space Age Love Song" is #83.

"TRON" SOUNDTRACK, COLUMBIA

9 new adds puts the Soundtrack on a total of 52 FMQB reporters, with strongest play mentions from KGON, KSJO, KWK-FM, WNEW-FM, WYSF, WAAF, WFBQ, WHCN, and WIOT...Up 40-37 Metro, 41-37 Index... "Only Solutions" goes 36-27 on the Song Index.

WARREN ZEVON, ASYLUM

Warren holds at 48 Metro, debuts #50 on the Index...Airplay up on WMMR, WMET, and WBRU...Down on 2, steady on 16...New on KZEW, WMAD, and WROQ...Checklist: 51 not playing, 21 considering, 1 dropping, 14 maintaining, and 11 building: WNEW-FM, WBAB, KBLE, WMAD, WPYX, WBCN, WZZO, WMET, KWFN, WXRT, and KTIM.

THE CLASH, EPIC

The 33-30 Metro movement reflects increasing major market confidence...#16 on the Retail Index...9 new adds including WKLS, KSRR, WSHE, and WIOT...Checklist: 19 maintaining, 4 dropping, 13 of 30 not playing are considering, and a healthy 24 are building...Phones and sales: WHJY, WOUR, WBRU, WMET, WZZO, WLAV-FM, WRCN, WRXL, WYSP, WHCN, KROQ, and WAAF... "Should I Stay" is #31 this week.

MARSHALL CRENSHAW, WARNER BROTHERS

The underlines cool out this week (27-25 Index, 30-29 Metro), but the adds keep coming: WGRQ, KZAP, WFBQ, KLPX, WIQB, WDIZ, and WZZO...More play increases, too: KBPI, WZXR, WSYR, WROQ, WPYX, WFYV, and WWCK...24-14 for "Someday, Someway".

BILLY THORPE, "EAST OF EDEN'S GATE", PASHA/EPIC

Not a ton of call letters yet, but some real quality. New on WLRS, WQXM, WMMR, KGON, KTXQ, and WDIZ...Programmers seem to favor "I Can't Stand It" and the title track, but the house choice is "While You're Still Young"...Dick Bascom, WQXM, "I like Billy Thorpe's album quite a bit. It certainly is a much needed improvement over his last album. 'I Can't Stand It' is somewhat reminiscent of 'Children Of The Sun', but thankfully not overdone. The cover is probably the best one he's had yet. Yes, covers sometimes do sell albums"...Gloria Johnson, KGON, "Billy Thorpe's album is great all the way through. We're starting with the title track."

LORDS OF THE NEW CHURCH, IRS

Their best week yet. 23 new stations come in to boost The Lords' 3 week count to 53! Highlights include: WMMR, WSHE, WXRT, KRQR, WYSP, WBCN, KLOS, KYYS, WMMS, KTXQ, KZEW, and WCMF...Our Checklist shows 46 not playing yet, 21 considering, 1 dropping, 17 maintaining, and 13 building, including WMMS, KZEW, WBCN, WSHE, KMET, and KROQ.

SIGNIFICANT SONGS:

"HOLDIN' ON", TANE CAIN, RCA

An excellent week--#2 Most Added single with 21, including 6 Level I reporters, WMMR, KSIE, WYNF, KQRS, WLPX, and KTXQ.

"DON'T FIGHT IT", KENNY LOGGINS with STEVE PERRY, COLUMBIA

It rolled in mid-week, and we're knocked out. Great song with top 10 play guaranteed.

"VOYEUR", KIM CARNES, EMI

It is very danceable, but that club rhythm is more than offset by the wide demo appeal of Kim's raspy pipes. Just out and on 14 stations, including KISS, WBCN, KBPI, WNEW-FM, and WQDR...Gloria Johnson, KGON, "Is anyone else into Kim Carnes' 'Voyeur'? My gut reaction says it's a hit"... Bob Bittens, WHCN, "I love the new Kim Carnes. I'm sure I'm not sticking my neck out when I say she's got another monster single on her hands"...Stew Schantz, WPDH, "The Kim Carnes song is definitely a smash"...Trish Robbins, KTIM, "Kim Carnes new single 'Voyeur' is strong. Should go in the clubs and on the radio. Excellent production from Val Garay."

"DO YOU WANNA TOUCH ME", JOAN JETT, BOARDWALK

Album stations first lined up behind the "Summertime Blues" side of the 12", and this week we see a number of stations flip it over for the single...New on WMET, WAAF, KGON, KZEW, WHJY, WKDF, WROQ, and more...Comments: Bobbin Beam, WLPX, "We added the Joan Jett single. Rock and roll image supreme for that one"...Jeff Riccio, WHJY, "Joan Jett's 'Touch Me' single has blown me away since I first heard it on the 'Bad Reputation' album over a year-and-a-half ago."

"TURN IT LOUD", HEADPINS, ATCO

It seems the mellower superstars are all the rage, but don't forget about your core audience. We think "Turn It Loud" is first rate metal, so give it a real serious listen. Check this from KLAQ's Rob Roman, "The Headpins definitely have the goods. Three weeks ago we played selected cuts from the album as a midnight feature. And even though we didn't add the album after that, the phone calls began the next day and proceeded for the next two weeks. All that response from playing parts of an album only once. Highly unusual! This week we aired 'Turn It Loud' on our new music show and again got great response"...New: DC101, KLAQ, KRQR, WPYX, WIOT, WKLC, WWTR, WWCT, WRKI, WRAS, KZEL, and KLAQ.

"SPEND THE NIGHT", CHEETAH, ALBERT/ATLANTIC

You guys are a bit slow on the draw on this one--but once you see the video, I guarantee you'll come across...WSYR'S Bernie Kimble testifies, "We added Cheetah, and the response from the feature, I've got to tell ya, girls aside, has been the best of any record since I've been here (only 5 weeks, but it's still a statement)"...Also consider "Bang, Bang".

"SOME OLD SONG", PAYOLA\$, A&M

The slightly bizarre arrangement makes this tough to pigeonhole, but we hear a great hook and love those Mick Ronson production touches...From WQDR's Bob Walton, "Sometimes I amaze even myself. If you were to tell me four weeks ago that my favorite record this week would be by the Payola\$, I would have called you all sorts of names. What ho, however, it is true! The new record is dynamite. I've always liked the Mick Ronson 'wall of clutter' production and 'Some Old Song' is the lead track. It just belongs on the radio. If you ever played Ian Hunters' 'Central Park', 'Some Old Song' is a natural."

"EUROPA AND THE PIRATE TWINS", THOMAS DOLBY, CAPITOL

Again we think this track has tons of potential and between reaction to our cassette reservice and Capitol's commitment, we're looking for big things...KLAQ's Rob Roman sez, "Thomas Dolby got good, strong, positive response as a midnight feature, so we'll try it as well. 'Europa' is the cut drawing the most response. If you're looking for techno-rock, this has to be considered"... And from Jim Buckley at WRCN, "We added Thomas Dolby because it has that 'new' sound to it and it fits in very well with a lot of our recurrent material."

"YOU REMIND ME", SHERIFF, CAPITOL

We heard the WLLZ test came back positives in the high 90's and that's an attention-getter. Already performing well in Canada, so move it to the front of your audition stack.

WBCN, Marc Miller: "'Hold On' will be enormous."

THOMAS DOLBY
 The Golden Age of Wireless

A FMQB Red Page Tip, last week: "I'll admit it—we missed this one first time through. The heavy KROQ play and KLOS add caught our eye this week, and Lee Abrams also mentioned it was a personal favorite. That, and Capitol's follow-through a la Missing Persons, sent us back for a second audition. We highly recommend 'Europa'."

ROBERTA HABER: "Some of you might already be aware that WMJQ and I have parted ways. If you're looking for a disc jockey and/or music director, I'm looking too. 716-325-7073 is my home phone. Feel free to call just to chat, no purchase necessary. I'd like to thank everybody at the FMQB Album Report for being so supportive over this past year. Bill, George, Susan and staff--we'll be speaking again. I'd like to thank everybody, both record and radio types, for the stimulating exchange of ideas and for the good times."

BOB HATTRICK: "In the past three months, since leaving Doubleday and starting my own consultancy, Dave Hamilton has expressed concern with regard to my performance as his supervisor in the capacity of Vice President of Programming. I really don't wish to engage in an ongoing battle laid out on the pages of various trades. Dave is clearly a competent program director who does not need to constantly affirm his position in the industry by attempting to slam me. I always felt Dave was good, or he would not have programmed for me for 2½ years in Minneapolis. I left Doubleday with some of the best PD's in the country: Joe Urbiel, John Larsen, and Beau Raines, all of whom contributed to our overall performance as the premier rock chain in the nation. Now it's Dave's turn to take the reins, and his abilities as an administrator of programmers will be demonstrated in the upcoming Arbitron. As Dave has often indicated, startups are easy. Our starts were extraordinary, but we never had the luxury of a commercial-free Summer. In fact, never started up with more than three commercial-free weeks, let alone the unprecedented promotion budget he's enjoying in New York. Historically, we've been able to turn our startups into long-term successes, witness St. Louis and Denver (until recently--after I departed). Dave's skills at audience maintenance and station imaging will be put to the test, as WAPP is on equal footing with WPLJ this Fall. I'm sure he will give his best effort. And as I enjoyed working with him in the past, I certainly hope this is the end of any future press sniping."

WSYP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "Had a wonderful time at Bill's party the other night. They'll have to create some new superlatives to describe Bill's house. It's truly magnificent. Best of luck to the entire Hard Family in their new home...Very impressed with the Jeff Pollack interview last week. Bill's questions were probing and incisive, and Jeff's answers were thorough and to the point...We finally added the Toronto album, due to Rick Alden's and Larry Braverman's unflagging efforts...Also giving a shot to a number of new bands this week, most notably: Taxxi, Lords Of The New Church; and, a wonderful zippy little tune by the Swingers called 'Counting The Beat'. It's got a familiar sing-song hook that's somewhat reminiscent of T-Rex...I've got to admit that my initial resistance to ABC is fading. They may never make it onto the radio, but 'Look Of Love' and 'Poison Arrows' are a couple of catchy little numbers...Hope you're dealing with the three C's of the current crop of deserving records. I refer to: Messrs. Carrack, Cocker, and Crenshaw. Last week, we moved the Crenshaw into a more meaningful rotation, and I'd give my eye teeth to be able to do the same with Carrack and Cocker...We switched tunes on the Steve Winwood from the single to 'Valerie'...Gotta give Don Henley credit for breaking out of the mold with 'Johnny Can't Read'. Still looking forward to the album, particularly for a monster tune that he collaborated on with Bob Seger called 'Nobody's Business'...We've already seen some burn on Billy Squier's 'Emotions In Motion'. We're still going strong with 'Everybody Wants You', and feel his tune on the 'Fast Times' Soundtrack is the standout...Where do I sign up to join Jim Monaghan's crusade to bring back Rocky and Bullwinkle--one of the most witty and literate programs to ever grace the airwaves...Sales Stories: A Flock clocks in at #3, right behind Fleetwood Mac and John Cougar; Men At Work enters the Top 20; and, we're starting to see some reaction on Kim Wilde...Thanks to Polygram's David Leach and Fred DiSipio for setting up a phoner with Dave Hope...And belated thanks to: Bruce Tannenbaum for his help in last week's Jon Anderson phoner."

WQFM, MILWAUKEE, WI ASST. P.D.-MIKE WOLF: "It's no secret that the 'Fast Times At Ridgemont High' Soundtrack is undoubtedly the best collection of rock and roll by various artists ever assembled for one record. Let's not overlook the fact, though, that the release of the album and movie might actually make the students now on Summer vacation look forward to going back to school! The story, as painted by the music on this album, makes high school seem like an adventure worth savoring, rather than the ho-hum routine that many students seem to look upon it today. I'm truly looking forward to seeing whether the movie lives up to the soundtrack...Lee and I love the new Rockets record, particularly 'Rollin By The Record Machine'. The song pretty much reinforces what Joan Jett taught us--that the best place to meet someone of the opposite sex is to hang out next to a juke box...Shooting Star is going through the roof. Both of the last albums built up a core audience that gets bigger with each release. Top 20 sales, one of our top callout records, and lots of requests, too...From our initial research, we think Toronto has a lot of potential."

WMMS, CLEVELAND, OH M.D.-KID LEO: "I have just one comment this week. Yes, once again, I stand on a soap box and shout the praises of our favorite son, Michael Stanley. There isn't much more I can add to things I've said in the past, so just dig out the old issues of the FMQB Album Report, and I'll repeat those raves in spades."

KAZY, DENVER, CO M.D.-DOUG CLIFTON: "Our new music this week includes: Randy Meisner, 'Never Been In Love'; Lords Of The New Church, 'Open Your Eyes'; Judas Priest, 'Another Thing Coming'; and, an Lp that's been in heavy rotation at home since the release, Joe Jackson, 'Night And Day'. We'll use: 'Steppin Out'...Some hot new releases that we're looking forward to for next week include: Peter Frampton's new Lp, especially the cut 'I Read The News'. Also like the new Kenny Loggins single. This one has lots of high energy rock and roll...Also impressed with the Hughes Thrall cassette...Considering: Santana, Warren Zevon, Don Henley, Peter Frampton, and Kenny Loggins...Spys moved up, light to medium. We're looking to expand to more cuts soon...The Clash was in town last week, and we increased play. Requests for 'Should I Stay' are solid, but retail has peaked...Toronto is a record I'm really behind that needs more airplay for response...Getting calls for: 'Vacation'. Retail is off to a slow start. Their show in a week should boost sales...Thanks to: Mark Kargol of EMI for an opportunity to see the Stray Cats at the Boulder Theater--a great show...More birth announcements: Congrats to our morning man Tom Collins and his wife, Barbara, who are the proud parents of a baby girl, Courtney. Also in Colorado Springs, congrats to: Rich and Christy on the birth of their daughter, Chelsea. Must have been a long, cold winter...Best of luck to: Joe Folger at KQRS."

WQXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM: "Rock and roll is alive and well in the Bay Area. 7,500 people turned out for a triple bill this past weekend, featuring: Cheap Trick, Axe, and Shooting Star. All three bands were in fine form. An excellent concert, and album sales have increased significantly on all three...A Flock Of Seagulls broke into the Top 10 and is close to being one of our Top 5 most requested records...Along the same line, Men At Work also broke into our Top 10 sales. New music is happening down here, as is heavy metal...Judas Priest continues to grow in sales and requests. I know most people are playing 'You're Gonna Get What's Coming', but we've had phenomenal success with 'Hellion/Electric Eye'. And as I mentioned before, not just from the Priest fanatics. We're even getting some upper demo male calls for it...Jon Anderson sounds great, speaking of upper demo appeal. 'Olympia' has a lot of meat to it, and it's a record even the heaviest of rock stations could use...Johnny Van Zant is already getting very good calls, although there was some confusion at first. People were calling for the 'new 38 Special'; and, I must admit, it sounds incredibly like 38...Although sales have yet to develop, phones are good for the 805. The more I hear 'Young Boys', the more I like it...Uriah Heep is building rather nicely, with solid requests and good sales...Marshall Crenshaw developing nicely, up to #17 on our sales...I like Billy Thorpe's new one quite a bit. It certainly is a much-needed improvement over his last album. 'I Can't Stand It' is somewhat reminiscent of 'Children Of The Sun', but thankfully not overly so. And the cover is probably the best one he's had yet. And, yes, covers sometimes do sell albums."

WYNF, TAMPA/ST. PETERSBURG, FL M.D.-RON DIAZ: "The success of 38 Special has opened up the eyes of Donnie Van Zant's brother, Johnny. Southern rock with Yankee production has made 'The Last Of The Wild Ones' a smooth piece of work. I must admit I miss the whiskey-laced hard edges, but this is one fine Lp...Another piece of slick vinyl headed towards the top is Santana's 12". The man doesn't quit--he just gets better with age. For years, Carlos Santana has been giving us music for power rotation at home as well as on the air. Hats off to the master...If you're having any type of action with the Crosby, Stills & Nash Lp and you're looking for another track, 'Southern Cross' is doing real well here on the Bay...Onto sports. Hard to believe, but football season is here. Time to tighten the chinstraps. We're geared for the year of the Bucks. Dallas embarrassed us last year in the playoffs, and Tampa Bay has not forgotten. The Bucks are hungry. Off to make the first football beer run of the '82 season. See you at the stadium."

WDVE, PITTSBURGH, PA P.D.-HOWIE CASTLE: "What a month for concerts here in Pittsburgh. The Jon Anderson/805 show came off great, as expected. Jon has never sounded better. He did all the Yes classics, as well as the solo material. And, 805 was great...Also, REO Speedwagon and Survivor were in town for two shows last week. Again, first class...Musically this week, we added: Shooting Star...Good calls on: Men At Work and Billy Squier."

KBPI, DENVER, CO M.D.-KAREN ALLEN: "We buttered the popcorn, kicked our shoes off, and did the premiere screening of 'Fast Times At Ridgmont High' on Tuesday night. It was enthusiastically received by the teens. However, the gem of this project is still the soundtrack. There really is something for everyone, and we intend to make good use of it in the weeks and months ahead. I personally loved the Louise Goffin tune...It's nice to see our M&M moving steadily up the list: Men At Work and Marshall Crenshaw...The say good things come in small packages, so don't overlook the 4-song Ep from Avalon. It's tasteful and melodic and bridges the hard-to-soft gap on the air beautifully...We're definitely leaving room for the new Kenny Loggins/Steve Perry tune. What an ear-catcher...Where did Michael McDonald find some of those weird noises?...And there is no question if I should stay or I should go. I went and stayed for The Clash at Red Rocks Monday night. Sometimes you need to question if it's all worthwhile, and The Clash definitely makes it so...Also, congratulations and the best of everything to: Joe Folger, new to Middays and Music Director of KQRS. Glad to see you're working with a good bunch of folks again!"

WMMR, PHILADELPHIA, PA M.D.-LISA RICHARDS: "Very enjoyable party at Bill Hard's last week. Finally got to meet Rich Totoian. It was great seeing Marko Babineau and his wife, Colleen, and Jon Scott. And, of course, the clincher was a w-w-wonderful ride on Alan Wolmark's motorcycle...Record Of The Week: Cheetah, 'Bang Bang'. Australia sure knows how to package their bands, with the likes of AC/DC, Olivia Newton-John, and now Cheetah--wrapping up males with their great looks and rock and roll, and women with their very relatable lyrics. This band's gonna be huge."

WNEW-FM, NEW YORK, NY M.D.-JIM MONAGHAN: "In-case-you-missed-it-first-time-around department: We have a new telephone number for adds and tracking: 212-986-2030. Tracking is ready by 12-Noon Monday. Adds and tracking are ready by 5PM Tuesday. If you want to talk music, especially independents, it's much easier to get through Wednesday, Thursday, and Friday than it is Monday and Tuesday. Since I don't have an assistant, I'm going to need your help to keep things sane...The Birch numbers for June/July came out. Did I hear someone yell 'TIMBER'?...Best of luck to our friends at WLIR...Does anyone know how I can contact Peter Gammons at the Boston Globe? He's harder to reach than I am... Congratulations go out to: Mr. and Mrs. Robert Catania and Mr. and Mrs. Joshua Feigenbaum on their new arrivals...Personal to Jack Hopke and Steve Leeds: Thanks for all your support. What a pleasure to know you can still trust people in this business."

KWK-FM, ST. LOUIS, MO M.D.-JIM ATKINSON: "Billy Squier's album looks better every day in our out calls, especially 'Everybody Wants You'...Eddie Money's holding right in there--quite strong. 'No Control' leads...Journey's 'Only Solutions' continues to build...Spys are hot...Robert Plant's 'Mystery Title' is a killer... 'Paperlate' from Genesis is doing quite well for us...The new Taxi track, 'I'm Leaving', goes right into hot rotation in its second week around here...Steve Winwood's 'Still In The Game' is showing potential...Although we missed 'On The Highway' from Paul Collins Beat when it was released a few months ago, it's never been played in this market and we strongly believe in the track. So we added it this week as a current."

KZOK, SEATTLE, WA M.D.-CRAIG MARTIN: "Adds This Week: 'Fast Times At Ridgmont High' Soundtrack; Ted Nugent; Nazareth; and, a Re-Add for Heart with help from MTV...The Heart album had been dying a not-so-slow death, but our research in the past two weeks showed an incredible upswing due to the video of 'City's Burning'. It's not the first time a song has come back strong thanks to a video; and I, for one, welcome it. As long as MTV can expose more people to a wider range of music, it can only help radio in expanding their playlists and, in return, get more records sold--so everybody's happy. I can safely say there are quite a few songs we're playing now that we wouldn't have played a year ago, before MTV got to this market...Terrible Ted gets back on the airwaves. The Northwest was one of the big breakthrough markets for Ted in the mid-70's and his song 'No, No, No' registers a big 'yes' for radio in '82...This Summer's soundtrack album, 'Fast Times At Ridgmont High', makes programming too easy, with Billy Squier, Sammy Hagar, Joe Walsh, Don Felder, and all the others. All you have to do is drop the needle and you come up in good shape. The Squier and Felder tunes are my early favorites...Shooting Star's last album sold real well here and was a good callout Lp, so we're getting some good early phone response to the new one. We started with the single and now have moved to 'Do You Feel All Right', a bit more of a rocker...Most of the Jon Anderson response is coming from older demos. We're hoping to see it spread."

WKLS, ATLANTA, GA M.D.-BOB BAILEY: "Good Phones On: Producers; Joan Jett; Billy Squier, 'Everybody Wants You'; Glenn Frey; and, A Flock Of Seagulls...Journey and Toronto off to a good start, as well...Saleswise: Go Go's, Judas Priest, A Flock Of Seagulls, Men At Work, and Marshall Crenshaw are looking good, even though the majors still dominate...Alan Parsons Project finally making some retail impact as well...The rest of the George Thorogood Lp sounds much better than the single...Keep an ear out for the new 4-song Ep from The Brains. They're no longer with Mercury--now it's Landslide. No national distribution as yet. If you're interested in a copy, contact Pam Kent (404-873-3918)...Personal to Michael Plen: We aren't talking about perspective (at least I'm not). We are talking about lack of phone response on a record that should, logically, have a turnover. Not hearing a song on a 4-hour rotation has never stopped us from getting teen calls before; witness, 'Physical' or 'Super Freak'. There's no reason to assume it should on 'Vacation', except perhaps that the teens aren't really into it. But we both know they were last time, so why is this one seemingly different? I don't have a good answer, though I am open to one."

KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON: "Sales: #1 Scorpions, #2 Fleetwood Mac, #3 Loverboy, #4 Men At Work, #5 Asia, and #6 Billy Squier...Requests: #1 Men At Work, #2 John Cougar, #3 Billy Squier, #4 Headpins 'Turn It Loud'. Darby Mills' vocals are gutsy, and Headpins rocks the way Portland likes it...Billy Thorpe's album is great all the way through. We're starting with the title track... Thanks to Greg Lee of Warner Bros., we got to hear some excerpts from the Who's upcoming release. Sounds like a big one; and, with a title like 'It's Hard', we know it'll have to be a Hard Choice... On the Billy Squier album, there's so many good songs. I'm sure everyone has their favorites, but I find myself getting hooked on 'She's A Runner'...Is anyone else into Kim Carnes 'Voyeur'? My gut reaction says it's a hit. We'll give it a test this week and see what happens...To Bone: Your Seagull Squad did their job, and you got your re-add on 'I Ran'. We'll give it a chance to sprout wings; and it better happen, or we'll send you back your bag of feathers."

KTXQ, DALLAS, TX M.D.-DRAKE HALL: "Hello America! God, it's good to be here today! Thanks. You've been a great room. Gotta split. Tane is waiting for me back at the hotel...The Tane Cain album is to be dealt with. The girl can sing, and she's pretty too, but don't hold it against her. The album and Tane should be in your hands as we speak... The 'Fast Times' soundtrack is so full of good stuff it's almost disgusting. Every ex-Eagle and his mama have something to offer here. Some good, some bad. We're playing the Felder, the Jackson, the Hagar and we'll look for more as space permits...Speaking of ex-Eagle's, Randy Meisner come on down!! 'Jealousy' sounds good. Not sure about the female screeching at the end of it, but we'll let the audience decide...Glad to hear the electro-shock therapy hasn't toned Steve Winwood down that much. It was my album of the week last week, (which you would already know had the big guy called back like he said), and the audience freaked. Older folks especially--they said 'what--no Journey, no Judas Priest'...Billy Thorpe is back in a big way and since this was his original breakout market, we hope for the best...There is absolutely no truth to the rumor that the new JVZ Lp is 38 Special outtakes. That is bull poop. Actually, Donnie wears a mask and sings with this band in the off-season. Actually, JVZ is a k-i-l-l-e-r, that's why he's here and we'll watch the phones for reaction to 'It's You' and further cuts...Men At Work to our heaviest heavy rotation...Billy Squier's three cuts deep--incredible sales and phone reaction."

WAPP, NEW YORK, NY M.D.-CHIP HOBART: The new Bad Company album is just a killer. It's been 3 years plus since their last, I just love the new one especially 'Electricland', 'Untie The Knot', 'Nothing On The TV' and 'Ballad Of The Bad Band'. Basically, I like the whole album. It's mellow but funky...Added 'I Ran' from Flock Of Seagulls this week. I know it's late but better than never 'cause it's a good record...On the CSN, it's perfectly great for 25+ demo. They sound as good as they did in the 60's...Shooting Star is testing well for us...'Nowhere To Run' from Santana just knocks me out! On that right out-of-the-box...An excellent album from Johnny Van Zant. Besides 'It's You', I hear 2 or 3 more strong tunes. Classic Van Zant family stuff...Doing 'I'm Leaving' from Taxi, and that's getting good response...Clash is huge in this market...'Ridgemont High' is a personal fave. Hear at least 5 or 6 strong tracks...Under consideration: Clocks, Lords Of The New Church, Thorogood, Toronto, B.E. Taylor, Paul Carrack, Avalon, Tane Cain, Nazareth, Rockets, Men At Work and Paul Brady."

KSRR, HOUSTON, TX P.D.-ALAN SNEED: "This Week's Adds: The Clash (following the lead of some other ABC o&d's) and Jon Anderson (which is probably more appropriate for album radio than most of the recent Jon Anderson solo material and the albums with Vangelis)...Asia was finally displaced at #1 in Houston rock album sales by Fleetwood Mac...Robert Plant and Crosby, Stills & Nash are close behind... We moved our personal favorite CSN cut 'Southern Cross' into the powers this week; along with 'Burning Down One Side' by Robert Plant...'Eye Of The Tiger' continues to pull great phones; as does: 'She's Tight', 'Jack And Diane', and 'Valley Girls'...The Producers 'She Sheila' sounds terrific on the radio, and I believe strongly in this band...Steve Winwood is growing on me every day. We moved the album into medium rotation this week. Our only hesitation, initially, was the fact that the station is so totally up-tempo...Dayna Steel will be leaving 97ROCK to pursue other interests in Los Angeles. She can be reached until September at: 713-780-0961. We wish her the best of luck."

KLQL, HOUSTON, TX ASST. P.D.-MICHELE ROBINSON SAYRE: "Well, it's been brought to my attention that I haven't raved nearly enough about 'She's Tight'. We played that cut when the Cheap Trick album was released. That was thanks, at least in part, to Beth Rosengard. Simultaneous with airplay was the showing of the video on MTV. That was about all it took for 'She's Tight' to become our #1 request, fighting Survivor for that slot. It's a great song, and live at their show, it was killer...Speaking of strong live shows, if the Pat Travers/Ted Nugent show stops in your town, you owe it to yourself to see it. They're both out on the road with new bands. Pat Travers is in fine form, and wait till you see Nugent. He's phenomenal. Judy Libow and Vince Faraci will back me up on that...Love that Kenny Loggins/Steve Perry cut. It sounds wonderful on the air. Those two voices together are heaven... Bad Company's 'Electricland' is very strong...The Fixx, 'Stand Or Fall'--what a surprise! Excellent. Who are these guys?...Johnny Van Zant is sounding a bit like his brother and 38 Special on 'It's You'. Sounds like a hit to me...Best use of a song in a movie award goes to: Jackson Browne's 'Somebody's Baby' in 'Fast Times'. A lot of the other material got lost, but Jackson stands out and sounds great. Still can't get enough of Timothy Schmidt's track either...Dance favorite of the week: 'Poison Arrow' by ABC."

WGRQ, BUFFALO, NY M.D.-BILL WESTON: "In Cleveland last week, I heard Billy Idol's 'Hot In The City' everywhere. Top 40, album rock radio--it sounds great no matter what the format. We added it here this week, with the customized Buffalo version...I kept telling local Warner Bros. rep Jeff Criden that someday, someday, we would add the Marshall Crenshaw, and we did this week; along with Randy Meisner...More concerts in Buffalo from 97ROCK. Much thanks: M.J.Caliendo for the Santana interview; Ted Mussaro for the Graham Nash visit; and, Craig Simon for arranging the Kevin Cronin/Gary Richrath interview...Retail surprise of the week: Steve Winwood debuts at #8; Billy Squier bolts to #7; and, 805 still selling Top 10...Getting good phones on: Toronto. Still in medium rotation...Got a sneak listen to the Santana album. It sounds great...Doing Jackson Browne's single very heavy from the 'Fast Times' Soundtrack. Joe Walsh's 'Waffle Stomp' could be a surprise...Considering: Kenny Loggins/Steve Perry single."

KYYS (KY102), KANSAS CITY, MO P.D./M.D.-JOE MacCABE: "We re-added the Axe record this week. I think we got off the tune a bit early. It obviously sounds good on the air, and we're still getting a few requests for it. Now that 'Rock And Roll Party' is the single, I'm sure it has a much better shot...'Fast Times' is getting good calls for Jackson Browne. Not much reaction yet to Joe Walsh or some of the other stuff...Steve Winwood is getting big requests in the stores, and retailers are dying to get it in stock...This is a great Jon Anderson town. I'm surprised we didn't add the record earlier. He always sells here, always gets good requests, and also strong Top 40 play. It just sounded a bit soft on first listen...We're getting good calls for the Uriah Heep, a la: 1) 'Sounds good'; and, 2) 'Who's in the band?'"

WBCN, BOSTON, MA M.D.-MARC MILLER: "Having been absent from these Pages for a few weeks, I'd like to thank all the people who have done wonderful things for WBCN and me since the last time I wrote. You know who you are...Anyhow, onto the music...The Bus Boys' new Lp has at least one incredible tune called 'Last Forever'. This cut could be a huge hit single...Do you like pop music? (Yea, Yea) Check out the new Shoes Lp, especially the cuts: 'Curiosity' and 'Mayday'...Have you heard 'Talk Talk' yet? It's hot, danceable rock...I really love the new Santana. 'Hold On' will be enormous...One of my favorite guitarists of all time, Bill Nelson, has just released a new solo Lp called 'The Love That Whirls'. It's very danceable and wicked programmable. Don't miss it...And now, a new feature called DANNY SEZ: Paul Carrack brings a 60's Motown feel up-to-date and delivers it on his first solo Lp, 'Suburban Voodoo'. Favorites are: 'Lesson In Love' and 'I Need You'. With lyrics like 'I need you like a fly needs a plate', how could you miss?...If melodic guitars are always a pleasure for you, Translator's debut album will keep you in ecstasy. Great jock response and phones on 'Everything That I'm Not'."

WLPX, MILWAUKEE, WI M.D.-BOBBIN BEAM: "We added the Joan Jett single. Rock and roll image supreme for that one. We're using: 'Summertime Blues', but we've decided to flip it for a little variation... Tane Cain's single is great, her management is great, her video is great, she looks great. I just hope they don't try to market her too much as a sex object...Nice traditional album rock radio material from Santana. Good 25-34 spread...B.E.Taylor Group is a real surprise. We're gonna give that a shot...Also, we'll re-add: Axe, 'Rock And Roll Party In The Street'...Considering: Randy Meisner, 'Jealousy' (like the horns); and, Paul Carrack...Uriah Heep selling #18. We're playing: 'On The Rebound'...Also Considering: Johnny Van Zant (just didn't have room)...Huang Chung is also a surprise. We like China...Spys are taking off. Testing very well, and selling Top 25. Starting to get calls for it, too...Judas Priest is always hot in Milwaukee, and this time sales are already up to #13. Requests are there, of course. Seems to do real well with men 12-34...#27 sales for X. They drew 600 to a club date a couple of weeks ago...The Clash went in last week. Better late than never. Continuing to see decent sales, currently in the low 20's...#26 sales for the Rockets. 'Rollin' is a great kickback to old rock and roll...Jon Scott is so right on in regard to the Hughes Thrall. These guys remind me a lot of Deep Purple, a la Ian Gillan vocals when they were at their peak artistically. I'm excited about 'The Look In Your Eyes'. The vocals just knocked me over. It'll be a mo-fo."

KATT, OKLAHOMA CITY, OK M.D.-WARREN WILLIAMS: "The 'Fast Times' Soundtrack, along with the recent Glenn Frey and Randy Meisner releases, have brought a new sound to the airwaves: 'FEOR' (former Eagle's oriented rock)! The nice part is, it's all good material...Beginning August 16th, my air shift changes to 3-7PM and I'll take calls M-F from 10AM to 1PM Central time."

WAPI-FM, BIRMINGHAM, AL M.D.-JOANNE PETERSON: "95ROCK bids a fond farewell to: Brad Riegel, who's been doing overnights. Brad will be going to WCMF, Rochester, NY for a great gig. We wish him the best of luck. We will miss him."

WWCK, FLINT, MI P.D./M.D.-MARK MILLER: "It's dirty, it's mean, and it's the stuff funky dreams are made of. George Thorogood's 'Bad To The Bone' sounds great. 'Nuff said...I'm on vacation again. I'm gone! Catch you later."

WLRN, LOUISVILLE, KY M.D.-TERRY MEINERS: "Just heard the Bad Company album. C'est magnifique! (That's the only French I know, except for the word 'chevrolet'). This record is sweet enough for across-the-dial airplay. Why, even Mom and Dad will be tapping their tootsies to some of these tunes. Call Sean Coakley for your official Bad Company butt plug. Guaranteed to keep you humming all day long...The wife listened to the new Mike McDonald record last night, and she's still stuck to the easy chair in the den as a result...This week's new music preview lab rats: The Clash, Rockets, and Toronto...Note to Bill Kennedy and Mike Dugan: Watch your calendar. Rick Springfield is probably going to take the job next...Jay Hart: Great idea! We'll do that Vic Vergat weekend during the Fall Book...Buck McWilliams just returned from a sabbatical in the Vatican City and offered up this reverent riddle: How come the Pope wears underwear in the shower? Because one should never look down upon the unemployed."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "To S.L.I.C.: It takes people like Steve and Cynthia to send a lightweight like me a hot air balloon!"

WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LOGAN: "Tony Gates is taking a leave of absence from the Music Director job for the next month or so. In the meantime, I'll be handling all calls. The best time to catch me is between 9AM and 1PM. If I don't get back to you on the day you call, I promise to touch base with you the next day...We're noticing a huge response to Cheap Trick, particularly the tune 'She's Tight'. From what we can tell, it's almost entirely due to MTV input. By the same token, most of the calls are teens. Yet, there's no denying the impact of the video base...Our most interesting element of sales research this week was the fact that cassettes are outselling albums by a 3 to 1 margin among the Top 15 pieces. What's this world coming to? Walkmans and MTV?"

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "Out of the West they come, ready to take over the ears and minds of any unsuspecting person who happens to turn on a radio. The L.A. Rockers, and they go by names like: Meisner, Browne, Henley, Nicks, Felder, and Walsh. They're here now or they're coming soon, and there's nothing you can do to stop them. Oh well, if it's not Canadians or Australians, it might as well be Californians...We went with: 'Jealousy' from the Meisner. Talk about powerful songs, between the Tower Of Power horns and Marcy Levy's incredible vocals, it's a knockout. Hey, Marcy, how about putting a little bit of that raw energy into your next album...Although most of the attention is still focused on the Jackson Browne single, calls for the Sammy Hagar are starting to come in, too. People are beginning to become aware that there's a first class soundtrack album out there. 'Fast Times At Ridgmont High' should do real well, with or without a movie...Steve Winwood is showing some early strength. We're getting calls from a surprisingly mixed group of people, too. 'Valerie' is getting the most response, so far...I love the new Kim Carnes. I'm sure I'm not sticking my neck out when I say she's got another monster single on her hands. All I need is an unwarped copy, okay Jack?"

WTUE, DAYTON, OH M.D.-BOB CLARK: "Yes, my vacation was fine. So fine that I'm taking another one in three weeks. They'll take a message...Mike: Looking forward to the party you had this weekend. Hope there's some horsing around...Adds: 'Fast Times At Ridgmont High' Soundtrack; Uriah Heep; Elvis Costello; and, Shooting Star...This Week: Missing Persons, Jon Anderson; and yes, Bob Meyers, we added Toronto."

WHJY, PROVIDENCE, RI M.D.-JEFF RICCIO: "Let me quickly introduce myself by saying hello and it's great to be working in the music director capacity at Southern New England's biggest rocker. Believe me, there's something scary about walking into a station that has just received a double digit book. Although I'm not completely unfamiliar with HJY, having worked here part-time since its conception back in '81, I am highly honored to take over as Acting M.D. Hopefully, if everything goes as planned at both ends, the position will become permanent. My first priority this week is to sincerely thank Rob Lipshutz for all his help and support during our transitional period, and to wish him the best of luck at WAAF. I'm keeping the same office hours that Rob did, as well as the 12-Midnight shift, and I do look forward to chatting with anybody and everybody...Let me tell you, I walked in here on a week when the exceptional rock and roll seems to be flowing in. Joan Jett's 'Touch Me' single has blown me away since I first heard it on the 'Bad Reputation' album over a year-and-a-half ago. It's not going to take much longer for the rest of the country to love 'Touch Me' as much as I do...Also, both sides of the Rockets 12" has me jumpin' around quite a bit. 'Record Machine' and 'Gonna Crash' are irresistible...Finally, I'm still in the process of pacing myself. That's gonna do it for this week."

WZZO, ALLENTOWN/BETHLEHEM, PA M.D.-BRUCE BOND: "I'd like to thank: Michael and Dave from Capitol for getting me into the Squier/Queen show at the Meadowlands. If it weren't for them, I would have been left out in the rain. It was a pleasure talking to Billy. The guy is great, and he performed up to very professional standards...On the subject of Capitol, it's one of those songs that's been left behind, but brought back from the dead. The next avant garde new music to make it will be 'Europa' from Thomas Dolby...Johnny Van Zant has all the makings of a great album. It's about time he lived up to the likes of his brothers...We finally added Missing Persons. We're playing: 'Words', but the entire Ep is played more than anything else in my car...With the new Paul Carrack album, I can't wait to see the guy live again...And more upper demo rock and roll. Back into medium goes Marshall Crenshaw. This time, we'll try: 'There She Goes Again'...On the 'Fast Times' Soundtrack, we're on: Joe Walsh, Jackson Browne, and Sammy Hagar. I'd love to throw in Donna Summer. She really does sound great lately...I got to hear the new Novo Combo. Check out: 'Animation Generation'...The Top 5 Lehigh Valley Sales Are: Asia, Survivor, Loverboy, Genesis, and John Cougar...The Top 5 Calls This Week Go To: 'Eye Of The Tiger', 'Valley Girl', 'Jack & Diane', 'Rock And Roll Party', and 'Should I Stay'...Why does Epic have problems getting other stations to play this Clash album? Isn't it obvious the stations playing it are having success--sales, requests, and best of all, longevity...Sorry to Linda for The Fixx, but I will project 'Stand Or Fall'; and, I'll project Coney Hatch for next week...Thanks to: George and George for the Doobie Brothers show...Thanks to: Bill for the Canoe Parade and the Pollack interview...Did you hear Van Halen on 'ROCKLINE' last Monday? It had to be the best Rockline I've ever heard...What a mainstream song 'Let Nothing Come Between You' is from such a crazy kind of guy as Warren Zevon--and then there's 'Hula Girl's'. The guy is back...We're playing 'Man Out Of Time' from Elvis Costello and getting requests. When you listen to Elvis's album, you get very emotional because of his songwriting. It works because his songwriting is so good."

WRNO, NEW ORLEANS, LA P.D.-MIKE COSTELLO: "A former mid-day and Music Director here at WRNO, who left us to do something else for a living other than radio, returns to join me on the Morning Show as a two-man team. He will also be Asst. P.D. His name is Hot Rod Glenn. The station's music will be put together by the Asst. P.D. and the M.D. Dave Nichols will still be involved with the music; however, nothing goes in without it going on my desk first!"

RALPH TORTORA, WBAB

"It wasn't until a few days ago, that THE LORDS OF THE NEW CHURCH hit me smack between the eyes. Whatever it is, "OPEN YOUR EYES" could go all the way."

DAVE KANE, WCMF

"OPEN YOUR EYES" is great and don't miss "LIVIN' ON LIVIN'" and "RUSSIAN ROULETTE."

LARRY GROVES, KROQ

"We get heavier and heavier on THE LORDS OF THE NEW CHURCH. It's a happening record."

HUGH SURRAT, KMET

"We're getting good response to THE LORDS OF THE NEW CHURCH. We're playing "OPEN YOUR EYES."

RICK PETERSON, WWCT

"A cross between the Kinks and the Doors set in the 1980's"

WMYK/WZAM-AM, ELIZABETH CITY/NORFOLK, VA P.D./M.D.-BILL SIMMONS: "Another rock and roll masterpiece from George Thorogood. If you can't handle the single, be sure to check out 'Bad To The Bone'. I can't think of another artist who personifies blues-based rock and roll better than George Thorogood... Steve Winwood debuts retail at #5...Other good retail coming from A Flock Of Seagulls, Billy Squier, Alan Parsons, and, surprisingly enough, Joe Cocker."

WPYX, ALBANY, NY M.D.-RON NENNI: " 'It's You' is it for the Johnny Van Zant band! We've always been a supporter, and the 38 Special sound could bring him to where he should be...Same with George Thorogood's 'Bad To The Bone'. It has that stuttering hook and raw rock magnetism...Tane Cain's 'Holding On' sounds like a hit to me. I'd like to hear more from that album...Randy Meisner's 'Jealousy' is clearly the strongest of all the solo material from an ex-Eagle so far...Have you listened to 'Flamin' Desire' by Bill Nelson? It sure is infectious! Considering the success of a lot of modern music, this record could happen! Also, think of all the old Be-Bop Delux fans you have...'Don't It Make Ya Feel' is a cut to be reckoned with, along with 'Turn It Loose' on the Headpins album. Both songs received excellent response on our New Music Show...I think a song that we may not be able to get away from is 'Devil In The Deck' from Coney Hatch. I like that a lot better than 'Hey Operator'. It reminds me of Jim Croce going heavy metal...Hey, Jim Sellers, thanks for the tape of the new Icehouse...We're going with Billy Idol, finally. The localized version makes it even more meaningful. Let's face it, the song is a h-i-t...Check out these local sales: Men At Work went from #17 to #6, and Flock Of Seagulls, #16 to #9, both outselling Fleetwood Mac...Billy Squier's on the way up, #26 to #11...805's hanging in there at Top 10...Starting to sell are: Uriah Heep, Frank Marino and Shooting Star...Eddie Money is in trouble. It sounds great on the radio. I'd hate to see it become a turntable hit...Still waiting for Ted Utz's baby."

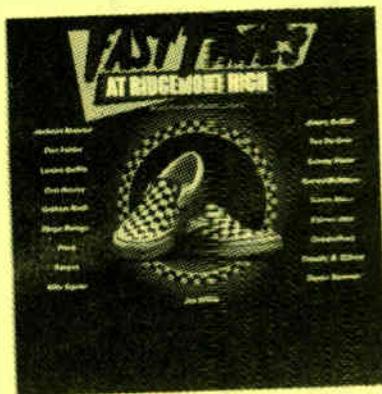

WAAF, WORCESTER, MA M.D.-ROB LIPSHUTZ: "Greetings from the plushly appointed Cocaine Realty Bar And Grill! This being my first week at WAAF, I'm playing sponge, absorbing everything there is to know. I get to devote my entire day to music. But like Barnett, I like to limit most record calls to Monday and Tuesday, and we're gonna continue to do our adds on Monday...Music: George Thorogood's new album is faithfully authentic rock and roll, even though he's playing on a major league team now. Our designated hits are: 'Lou Ann' and 'Bad To The Bone'...We flipped the Joan Jett 12" for 'Do You Wanna Touch', which should at least go over bigger than 'Crimson And Clover'... If you've gone the distance with 'I Ran' by the Seagulls, plug in 'Space Age Love Song'. The album is Top 10 here...Finally, to a lot of nice folks, thanks for your best wishes on my new working residence. It feels real good!"

WAQX, SYRACUSE, NY P.D./M.D.-ED LEVINE: "We're gonna go with 'Bad To The Bone' on the Thorogood album. It's vintage stuff from him in a market where he always does well...I'm not nuts about the Santana single but the flip side is very strong. We'll start with that...I'm very disappointed with reaction to the Spys album so far. The recognition factor seems to be zero, but we still believe in 'Don't Run My Life' and are going to really wail on it for two weeks and see what happens...'Mega Force' from 707 has got to be one of the most overlooked album tracks of the year. It sounds good on the air and, most importantly, has tested super when recognized. We're gonna help the recognition factor out by bumping it into heavy...Also starting to get some response to 'Only Solutions' from the 'Tron' soundtrack...By the time you read this, over 25,000 tickets for Van Halen's Carrier Dome appearance will have been sold. The ticket sales have resuscitated the album to the point where it's back to heavy with 4 or 5 tracks on it...On the 'Ridgemont High', the Squier is the biggest potential reaction track, but his album may confuse the issue. We're using Jackson's single, and 'Waffle Stomp'...Clash debuted Top 10 retail in Syracuse and slipped weekly for about a month--now it has levelled off to Top 30 sales...We think the Uriah Heep sounds great but no audience reaction to speak of yet...Due to high cable penetration, getting response to a couple of MTV videos--the Def Leppard 'Bringing On The Heartbreak', lots of calls for that. Also, 'She's Tight' from Cheap Trick, which is showing up in our request research, and nobody in town is playing it. Also, 'Ball And Chain' by Aldo Nova... One other band that we are playing is getting major calls--Stray Cats 'Rock This Town' and 'Stray Cat Strut'!"

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Can't record companies release clean product? What's this album I got in the mail with reference to my old girlfriend, Connie Snatch? Oh, that's Hatch? Well, never mind...Why doesn't Elvis Costello play with Abba, then for the first time we could all enjoy Abba and Costello?...I was on the beach last weekend and I ran into a group of young teens sunbathing nude from the waist to the knees only. They call themselves Young Sun Mooners...Oh, records, that's right: Well, I'm excited about the new Michael Stanley Band album, Kenny Loggins/Steve Perry, and from the you-heard-it-here-first-department, famous for breaking such acts as Flock Of Seagulls and Axe, be on the lookout for Fashion. Skip the first two or three songs and go directly to 'Dressed To Kill' and 'You Only Left Your Picture'. This is quality album rock music, a la Cars and Genesis, that could prove to be the sleeper of the year...We figured out how to introduce Huang Chung! By associating their name with something that rhymes we feel the audience will have an easier time remembering. For instance, we'll say 'FM104 gives away everything from donkey dung to Huang Chung', or 'FM104 makes it rain in Spain with Tane Cain', and I've already stated how we associated Coney Hatch!...Funny thing happened after the Scorpions show last week. Sales leaped from 40-21 and the phones were hotter than they've been when the Lp was hot...In heavy at home: Duran Duran (esp. after seeing them live last week, thanks to Louis Heidelmeyer), Paul Brady, and that new song about Congressmen by Bob Seger called 'Worm The Page'!"

WSYR, SYRACUSE, NY P.D.-BERNIE KIMBLE: "Chip Knight will be starting the 7-12 shift this week. He comes to us from WPEZ in Pittsburgh, when they were Top 40 a while back...We added Cheetah and, on the response from the feature (I've got to tell ya, all girls aside), the reaction has been the best of any record since I've been here! (Only 5 weeks but it's still a statement)...What a pleasant surprise from Randy Meisner. I expected a much more laid back album, but Randy really rocks out on this one. I think it's great!...Because of our signal area, Canada plays a big part in the Syracuse music market and most of the Canadian rock bands are well received down here. We're getting some good inquiry calls on Coney Hatch...'Tron' Soundtrack was added because of requests due to the movie and Journey's drawing power...Missing Persons' style has found a receptive audience in Syracuse...Yes was always big in the New York State markets. We added Jon & Vangelis 'Friends Of Mr. Cairo' as a recurrent several weeks ago-- (It was never really played in the market)-- and calls have been fast and furious since we put it in. Now having great success with 'All In A Matter Of Time', too...Co-promoting the Elvis Costello show in town. I was a little unsure of his strength in the market. The show is 3/4 sold-out and we now feel very comfortable playing 'Man Out Of Time'...Inquiry calls on Spys when played, but no requests yet...Good calls on Toronto--working on getting them into town."

KTIM, SAN RAFAEL, CA M.D.-TRISH ROBBINS: "Kim Carnes new single 'Voyeur' is strong. Should go in the clubs AND on the radio. Excellent production from Val Garay who's now producing Marty Balin, also on EMI... George Thorogood's got rock to shake up your playlist. It leans towards the rough side of rock and I like it...Double dynamite Pauls: Paul Carrack. A classic pop/rock vocalist aided by Nick Lowe; and, Paul Brady, singer/songwriter with something just a little bit better...And there's a lady brightening up our airwaves, too. Bonnie Hayes and her band, The Wild Combo, have the hooks it takes for radio. Try: 'Joy Ride', 'Separating', 'Raylene', and of course 'Shelly's Boyfriend'. This is a band I've been watching from the beginning and these players, including Bonnie who plays keys, have the chops and melodic and rhythmic sense to turn a lot of people on. It's a good combination...One last rave: Marshall Crenshaw. I think we've really got something here. This guy is writing excellent songs, has a helluva trio that is right on (relaxed and in the pocket groovin') and you'll find Marshall Crenshaw #1 on our list this week because he earned it...Bye for now."

WLWQ, COLUMBUS, OH M.D.-TIM SMITH: "EMI has unleashed its most impressive package from George Thorogood. This guy's career is on a roll! After the Stones dates on the 50/50 tour, he comes through with new songs that are pure to the George Thorogood form. 'Bad To The Bone' is much more tolerable than macho metal any day...Also pleased to jump on the Tane Cain 12"--an obvious to all of us interested in beating Top 40...Presented a very enthusiastic crowd with a free John Waite concert at the Agora last night. How quickly we forget the strength of Baby's rockers 'Head First' and 'Midnight Rendezvous'; and, after hearing it live, I must restate that the strength of the 'Ignition' Lp lies in the cut 'Take Me To The Top'...REO, Genesis and Townshend are off, due to dropping sales...Nugent, Axe and April Wine never did come through...Changing a second cut on Winwood to 'Valerie'...Having great success with Squier, CSN, Robert Plant, John Cougar and Fleetwood Mac...The Van Zant sounds solid... Now waiting for the follow through on 'In A Matter Of Time'...Thanks to all involved with the Scorpions, Iron Maiden, and Girlschool interviews...Early listening to the Bad Company leans to the last two cuts on side two...The standout cut on Michael Stanley seems to be 'When I'm Holding You Tight'... Finally, contrary to what is easily misinterpreted in a recent Billboard article, WLWQ does not change its format to new music on weekends!"

WSKS, CINCINNATI, OH M.D.-CHRIS GEISEN: "I'm disappointed that I'm not seeing more airplay on the Translator album 'Heartbeats And Triggers'. The track 'Everywhere That I'm Not' is starting to get some phone action. Please give it a listen. It's one of those songs that you'll say 'yuk' to the first time; and 'Wow, I love it!' the second time. It'll be a real shame if the song doesn't do something... The Missing Persons Lp is generating some talk after only one week with us. Sounds like a winner... The Johnny Van Zant we added sounds exactly like the Van Zant style. 'It's You' is the cut we'll go with...Also like the sound of the 805 record 'Young Boys'. It's another one that kind of grows on you!"

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "Well, we certainly haven't reached the burn threshold yet on 'Jack & Diane' but it is a good time to consider where radio goes next on the Cougar album. Stats indicate 'Thundering Heart' his best, and when he's at his best, he's great...Joe Walsh gets the nod in addition to Jackson Browne on the 'Fast Times' soundtrack. Unfortunately, beyond these two, it sounds pretty sparse to us... 'Eye In The Sky' from Parsons ignites the phones, and sales are in hot pursuit... Winwood also off to a good start...Men At Work, a real phenomenon...And it's great to see The Clash breaking down doors, finally. The time is right for this band."

WXRT, CHICAGO, IL M.D.-JOHN MRVOS: "Sky, get well soon. We miss your comments...More Don Henley!?"

WQBK, ALBANY, NY M.D.-LIN BREHMER: "Two of my current favorites are selling extremely well. By far, the hottest retail item in the market is the debut album from Fear Of Strangers. The Stray Cats, a band I seem to mention every single week, is starting to blow out of the stores. Both of these bands seem young enough to play with a freshness and spontaneity rare in contemporary rock and roll. Fear Of Strangers' songs sound deeply personal and they manage to communicate their passion in an affecting way. The Stray Cats capture that rawness and excitement everyone looks for in a rock and roll band...Marshall Crenshaw and Men At Work are approaching the 'I told you so' point here where you heard them first... 'Situation' by Yazoo is getting quite a few positive curiosity calls. People love that song...The new add that stands up this week: George Thorogood's 'Bad To The Bone'. George continues to infuse an old idiom with new life. The album's production sounds crisp and 'Bad To The Bone' and 'Boogie Chillun' are killer...To Sue DiBenedette: You can swim with me anytime...To Cynthia: I have to talk to Steinbrenner first...I'll see you all in Forest Hills on the 21st for Elvis. Thank you Linda Kirishjian."

KNAC, LONG BEACH, CA M.D.-MARY GODGES: "The Talking Heads show was right up there with The Clash as far as big concerts go this year. No need for a million star crazed fans at these shows, simple musical unity-they put the funk back into this fool...KNAC gave away a surf board at both Surf Punks shows at the Roxy on the 9th and 10th...Bill Bruford of King Crimson will draw a winner August 12th at Frontier Music for Tama Drums and Tiestee Cymbals, enter at various record outlets...Nick Lowe was on the BBC Rock hour... The KNACmobile is in the Orange County car show...Interviews this week: Surf Punks, and Bill Bruford... Alyce is the new intern at KNAC, welcome to the asylum...Looking forward to the new Defunkt Records...Records doing well: Yazoo, The Fixx, Black Uhuru, The Members, and of course The Go Go's and The Clash."

WRAS, ATLANTA, GA M.D.-GARY MCCAULEY: "The Brains Ep on Landslide Records has Atlanta dancing under streetlights...The Fixx on MCA has a killer cut called 'Stand Or Fall'. It should get airplay on a lot of stations... Cheetah and the Headpins have quality rock and roll albums that should be included on every album rock station...Thomas Dolby's, 'Windpower' is another cut from the 'Old Age of Wireless' lp that should be considered for airplay... 'Fast Times At Ridgmont High' has so many great cuts on it that it's hard to choose a favorite...George Thorogood and the Destroyers are truly 'Bad To The Bone'...Santana, Toto, Fleetwood Mac, and James Taylor are coming to Atlanta and I can't wait to see them."

KBLE, DES MOINES, IA P.D. & M.D.-RON SORENSON: "The two heart stoppers at KBLE this week were ABC and Shoes. When you're putting together a back-to-school playlist don't forget the new Shoes. 'Boomerang' takes them back to the quality level of their first Elektra release which we played quite a bit. Stepping up on this one are: 'Curiosity', 'Too Soon', 'The Summer Rain', and 'Under The Gun'...Learning your ABC's should be easier this Fall, too, with audio help from Mercury's new release. Sotet and Company should send flash cards as a promo item. Produced by Trevor Horn, the English Buggie, (Geoff Downes is the Asian) the influences literally run from Barry White to the Human League, though they are closer to the League Unlimited Orchestra than the Love Unlimited Orchestra. We like 'Poison Arrow', 'Look of Love', and 'Tears'...Adds: Michael McDonald, George Thorogood and the Destroyers, Shoes, Johnny Van Zant, ABC, Tom Scott, John Renbourn, Australian Crawl, Modern English, Grass Roots, and the Skunks."

WKLC, CHARLESTON/HUNTINGTON, WV P.D.-NEIL LASHER: "Adds: The Clash, George Thorogood, Santana 12", and Headpins...New Music Preview will be Johnny Van Zant, Spys, and a local band called Sugarcreek. We decided that we would, on occasion, include a very hot local band as part of our New Music Preview. We'll let the world know how this works next week!...FM105 had a hot rocking weekend with all kinds of promotions including the FM105 Haltertop Night at the Charleston Charlies' baseball game. The Charlies are Cleveland's AAA farm team...We had a front license plate bolt-a-thon and we sold over 250 FM105 front plates. Also, 30 lucky people got to travel on the FM105 rock express to the great Legend Valley rock concert. Looking forward to CSN coming into town August 18th and Loverboy on the 20th...Top 10 retail this week: Johnny Cougar takes the #1 spot. Fleetwood Mac goes from #4 to #2. Survivor finally dips a little, after 6 weeks at #1, goes to #3... REO rebounds from #7 to #4, probably due to their sell-out concert last week...CSN#6 to #5, Steve Miller#2 to #6, Frank Zappa#3 to #7, Robert Plant stays at #8, Alan Parsons stays at #9, and Eye To Eye goes from #11 to #10... My hat's off to those people who worked the Men At Work record. Phones are incredible!"

WDEK, DEKALB, IL M.D.-BRIAN LEONARD: "Adds: Nathan Coates 45, Tom Scott, Talk Talk, 'Fast Times' Sound-track, George Thorogood, Shoes, Missing Persons, Michael McDonald...What do you call a boomerang that doesn't come back? A stick! What do you call an album that keeps coming back to you? 'Boomerang'! Shoes have landed on their feet with 'Boomerang'. Not a lame track on there. The problem was deciding which ones not to play, though 'Summer Rain' and 'Mayday' really grabbed my cockhlea... Michael McDonald defines mellow, but that's good. 'Playing By The Rules' and 'I Keep Forgetting' really suck you in...There's a new single out from a Chicago group--Nathan Coates. It features a blast-from-your-past group, The Dells, on back-up vocals and it's heavy duty hot. They are on Taxxi Records so check it out or Jesse Jackson will boycott your station...This weeks hots: Roxy, Pete Townshend, Fleetwood Mac, Joe Jackson, Steve Winwood, Men At Work, CS&N, Steve Miller, Marshall Crenshaw, Alan Parsons, Joe Cocker, Paul Carrack, Bus Boys, 805, Dave Grusin, and Warren Zevon."

WYMX, AUGUSTA, GA M.D.-OWEN HOLMES: "Welcome, with a capital W, to my buddy Butch Waugh, who has accepted the RCA gig in Hotlanta. Now you'll know what it's like to really work, Butch...Secondly, on a much sadder note, I would like to say thanks for the many years of cooperation to Johnny Schuler, who will be leaving A&M at the time of this printing. It's very difficult to say goodbye to such a close personal and professional friend. There's not another one like you in the business, and you'll be missed...Station news: WYMX is currently helping to fight the battle against Muscular Dystrophy with a flea market, putt-putt golf tournaments, nightly music benefits, and on-air promotions, with all proceeds going to the MS Association...Thanks to Jeff Cook of Arista for a wonderful Flock Of Seagulls promotion that is selling the hell out of the record in this market, and to my comrade Paul Yeskel of Atco for all of his support in conjunction with Axe...Music adds: Billy Idol, playing the customized version which sounds great on the air, George Thorogood, Toronto, Tane Cain, The Bus Boys, Johnny Van Zant, and Missing Persons...In closing, I'd just like to describe this week without Mary to guide me, as the kids at Ridgemont High would say, 'It's totally A-W-E-S-O-M-E!!'"

WOWD, TALLAHASSEE, FL P.D.-DICK BLACKMON: "Adds: 'Fast Times' Soundtrack, Steve Winwood, Santana 12", Michael McDonald Lp, Randy Meisner Lp, George Thorogood, 'Tron' Soundtrack, and Shooting Star...Bravo to all involved with the 'Fast Times' Soundtrack. It's not only a showcase for some of today's top talent, it seems to have also been a chance for most of the artists to get outside themselves and try something new. The whole album has a very fresh feel to it. Three cheers for progress and imagination... Steve Winwood has definitely found his niche for the 80's. Nice to know there's still room for the vets. 'Still In The Game', indeed. He moves to heavy this week, as does: Marshall Crenshaw, A Flock Of Seagulls, Men At Work, and Billy Squier...Fleetwood Mac still dominates in sales, followed by Alan Parsons and John Cougar."

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "Being in the hospital ain't no fun, but I sure felt good hearing from my many friends. The most unusual gift award has to go to Steve Leeds who got a florist to deliver a plant with an enema bottle attached. How rude! Hope to be back in full swing real soon. Meanwhile, I am taking obscene calls at home (201-749-3326)...Mark 'I don't like bees' Chernoff, has been doing his usual top notch job keeping me up to date on everything...My boss gave me a mini-Moog synthesizer as a birthday/get well present, and I'm having a blast making my own new music. No commercial bids right now, but you never know, it may be a hit record down the line!...Activities have hardly slowed. We concluded our annual treasure hunt where the winner received \$2500 for finding the hidden certificate after correctly putting together all the clues at sponsors' locations. The treasure value increased each day it wasn't found. Lots of fun!...Thanks to Dave Morrell at Capitol, we ran a promotion giving away copies of Billy Squier's album from those winners we selected by random drawing. The grand prize winner got to go back and meet Billy and receive his guitar (autographed) that he just played on stage at the Meadowlands Arena. It all worked out real well--pictures to follow...Courtesy of Atlantic Records, we're helping promote CSN album and a New Jersey concert with hundreds of brightly colored CSN/Rock of North Jersey frisbees to give out to listeners at the show...We talked on the air by phones with Joan Jett from Hawaii, just prior to her flight to NJ and her concert in Asbury Park...Also talked with Jon Anderson...Joe Ianello at Atlantic has been a real good friend in making for the best relationship ever between WDHA and Atlantic...Our best wishes for success to our friends at WLIR on their new musical venture. Sounds good to us...We promise not to divulge from whom the super platinum record award came to avoid other stations being upset who may not have gotten one, but for those who know we love you and deeply appreciate the recognition...Only a few adds this week: 'Bad To The Bone', George Thorogood who rocks out with an album we feel may be a turning point in his career with great musical backup support. (And with teeth like those on the cover, he must have a great dentist, too)...Michael McDonald will melt the hearts of the ladies and many 24-39 men, too. His energy and positive vibrations sail right through the radio...Also good advance 12" from Johnny Van Zant and a real interesting 'Voyeur' cut from Kim Carnes...Some encouraging early sales and requests for Missing Persons...Considering: Shoes. Good harmonies and tight production...Looking forward to hearing the whole Santana, Van Zant, and Don Henley albums...I must be feeling better. What's the similarity of sex and a snowstorm? You never know how long it's gonna last or how many inches you're gonna get."

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "It's time to talk LOUD. Actually, you should turn it LOUD. The Headpins definitely have the goods. Three weeks ago we played selected cuts from the album as a midnight feature. And even though we didn't add the album after that, the phone calls began the next day and proceeded for the next two weeks. All that response from playing parts of an album only once. Highly unusual, right? To say the least! Then, last week we aired 'Turn It Loud' on our new music show and, again, got great response. This week we add the record. Forget the comparisons to AC/DC and all the others that you've seen in print. Play it and you will get response. Obviously, it's not an early morning record, but if you daypart, as most people do these days, your nighttime audience will thank you for playing it...The Clash has been walking out of the stores, so we'll give it support... Thomas Dolby got good, strong positive response as a midnight feature, so we'll try it as well. 'Europa' is the cut drawing the most response. If you're looking for techno-rock, this has to be considered...The most improved award of the month goes to Johnny Van Zant. This record 'It's You' proves the band can appeal to a mass audience."

WYFE, ROCKFORD, IL ASST.M.D.-THE DOCTOR: "First off, Brent and I would like to congratulate an old friend, Les Cook, on his new PD gig at WILS-FM, Lansing, MI. Les, best wishes always, and good luck with your new crew...Musically at the ROCK station, we are adding a very interesting album from a very interesting group of musicians, Missing Persons. I've got a lot of respect for anyone who's ever played in Zappa's band and this group's got two of 'em. I know it's been out for a while, but I think it's about time everybody found Missing Persons. Check out 'Words'. It's got another one of those great hooks that sounds great on the radio...We're also adding Paul Carrack's track 'I Need You' which I think is great for a lot of upper demos. It's almost something I would expect the Animals to put out with today's sound...Johnny Van Zant is the last of the wild ones. With the commercial appeal of 38 Special, you might expect Johnny to go that way too, but he's true to his title. We've added 'It's You'...This week we're also converting Winwood to an album add, keying on 'Game' and 'Valerie'. Winwood--the name just echoes music. Having been one of my favorite musicians since 'Traffic', it's great to hear new stuff from one of the masters...My thanks to FMQB for a very informative interview with Jeff Pollack...Happy listening. Talk to ya next week."

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN: "The adds: Paul Carrack, George Thorogood, Headpins, Van Zant 12"...We wrapped up our 'Partytown' promotion with a party for the winners at a local club this past Sunday. Powerhouse, a local band, played for the winners and their excited guests for free and they enjoyed drinks and food courtesy of Larry Braverman and Marty Markiewicz at Elektra. Thanks to them for helping to take advantage of one of the better lifestyle songs of the year...While on vacation, I forgot what it was like to have to fend off the calls, especially when there are more new releases than congress has call boys...Shifting through the glut are, of course, Paul Carrack and George Thorogood, always a Northeast favorite. The new Thorogood album sounds like his best produced yet. I hope the EMI connection helps put his career where it belongs...I was sorry when Paul Carrack left Squeeze, and I think his absence hurt their most recent effort, but it certainly didn't hurt him. I can't stop listening to the first four songs on side 1, and in picking a cut, it was like Crenshaw--couldn't decide which to play, so we'll go with 'Lesson In Love'. Also like 'I Need You'. That ought to cover me for my dinners with Totoian and Caplan this evening...Personal to Bittens: Stop saying what I say!! Although you probably think it's the other way around...And to SLIC: When you visit our new office/studio complex, I'll consider moving you into the #1 spot on The Gold Goon Line."

- WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN:** "Adds: Randy Meisner, George Thorogood, 'Fast Times' Soundtrack, Steve Winwood, Johnny Van Zant...I have to agree with everyone that the 'Fast Times' Soundtrack will be around on the radio for a long time. That Joe Walsh tune is a killer track. Sounds like a logical single choice to me...Randy Meisner's 'Never Been In Love' has a hook that stays with you...What can I say about George Thorogood's Lp, but it's wonderfully fun. George gets back to rock and roll roots and one of those roots' creeds is 'let's have a good time'. I like 'Back To Wentzville', 'Blue Highway' and 'New Boogie Chillun', along with 'Nobody But Me'. We'll start with the single... Johnny Van Zant has his 38 Special chops down very well. 'It's You' is bound to be a hit in its own right, however, I hope the listener doesn't confuse the Van Zant single for the new 38 Special...Thanks to Debbie D. of Warner Brothers, Boston for the Elton John tickets. Elton's fans are really not all that vocal, but boy, when Elton John concerts hit town, they're out in droves and screaming their heads off. All I have to say is Elton's great, and I thoroughly enjoyed the show...Still pulling top phones here: John Cougar's 'Jack & Diane'."
- KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES:** "As you read this, I'm still scraping the mud out of my lungs after swimming through New Orleans' first outdoor concert in 5 years. What a difference a little monsoon can make. The music was fine and the Beaver Production people were excellent as usual...Enjoyed watching Le Roux interviewed backstage by MTV, but sad to see it happen just as their leader from the beginning, Jeff Pollard, announces he's leaving the group. As least with Leon Medica still in, you know they'll keep it together and justify all the support RCA has given them...P.S. Flash: As I dictate this report, our Music Director, Marsha Cummings, has just given birth to a 6 lb. boy...Mostly curiosity calls on Lords, but so far, it's all positives."
- KZEL, EUGENE, OR M.D.-KEN MARTIN:** "We're rolling into Lane Abbey Fair week and rolling lots of rock, too. Many thanks to all those who have helped make it happen: Greg Feldman and Randy Hock from Arista, Calvin Lew with Polygram, Harry Boughman from A&M, Harry Reyman from Columbia, Greg Lee from Warner Brothers, Debbie Lipitz from Epic, and Dan Forman from Capitol. You'll all have your videos back by the end of the month...KZEL is still accepting cassettes and resumes for weekend openings. Contact Charlie Van Hall, P. O. Box 70128, Eugene, OR 97401. No calls, please."
- WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ:** "Looks like the Men At Work have done their homework and are definitely in contention for breakout status in '82...The Quarterflash single on the 'Night Shift' Soundtrack does sound like other things they've put out before, but it looks like it has a lot of potential on a Top 40 level...Johnny Van Zant's song 'It's You' sounds great though his style has gotten somewhat louder and more guitar based, a la 38 Special. Sounds like the Van Zant connection is at work...From what we hear on the 12", it looks like Santana has another solid Lp due to come out. 'Hold On' is a good song, but my personal favorite is 'Nowhere To Run', in terms of a rocker...Top 10 sales: #1 CSN, (it will probably stay at #1 due to their recent sold-out appearance in Portland), #2 Fleetwood Mac, #3 Asia #4 Stones, #5 Survivor, #6 Alan Parsons, #7 Human League, #8 Robert Plant, #9 Toto, and #10 Loverboy."
- WMAD, MADISON, WI ASST.P.D.-LES COOKE:** "I'm accepting the programming responsibilities at WILS, Lansing, as of August 23, and I would like to thank everybody here at 92MAD and everyone at Erin Broadcasting. We have an opening here now for a promotion director and air personality, probably mid-days. Great facility and team fun situation...I listened to the Bus Boys and Van Zant earlier today, and those albums knocked me out. Can't wait to get back into listening to new product. Sounds to me like Johnny has been hanging around with Donnie a little bit."
- WRCN, LONG ISLAND, NY M.D.-JIM BUCKLEY:** "Last Friday night WRCN co-produced a show along with Hurrah of Easthampton (also NYC) featuring A Flock Of Seagulls. We knew it would be a success, but we didn't realize how much of a success. The place was filled to the rafters with Seagulls fans, and with this week's retail tracking, the album jumped from 28-11. Needless to say, it looks like the beginning of a great relationship. With more shows already in the works for the Waitresses, David Johansen and more in the near future, this is by no means the first party we've had this Summer. We've been averaging one or two a week in area clubs, and they're not just your basic bar parties either. Where else but Long Island can you party on the Atlantic Ocean either in the hot Summer sun or in the cool Summer nights? We even had airplanes displaying our logo for the beach crowds from Fire Island to Montauk. From the reports we've been getting, we are definitely the dominant station on Long Island beaches on any given day...In between parties we've been working on an airplane drop, similar to Less Nessman's turkey drop but with less disastrous results. If you have any ideas, give me or Barry a call...This week's adds: 'Tron', Bonnie Hayes, Tane Cain, Shoes, Thomas Dolby, George Thorogood (real hot), the Rockets, and Mazarin (a local club band)...The Thorogood album is one of the hottest up-feeling records I've heard in a long time...We are getting some reaction to The Producers and I think it's got a good possibility of building...We added Thomas Dolby because it has that 'new' sound to it and it fits in very well with a lot of our recurrent material."
- WKQQ, LEXINGTON, KY P.D.-DAVE KRUSENKLAUS:** "We'll keep these brief today. We have some construction going on in the hallway that makes talking on the phone prohibitive. So, we'll get right to the meat of the matter and start with George Thorogood. I don't even think we saved a copy of the last record so it's not only physically but mentally erased. This record is such an improvement it has to be a contender for 'most improved' honors for this year. The single is getting good first week response. Although I anticipate quick burn, we'll also swing with 'Bad To The Bone', a hard-driving rock and roll tune very reminiscent of Thorogood's early effort 'Move It On Over'...I've only had time to go through one side of the Michael Stanley Band record. It, too, on initial listen, is a much improved effort. My early pick is 'In Between The Lines'. We don't want this band to go into construction work. They've been around for a long time, and I hope this record can give them the wide mass appeal success they deserve... Michael McDonald holds no surprises. He's a pop songwriter extraordinaire, but when you have to keep your mind on upper demos, it's a valuable programming tool in certain dayparts. We'll start with 'Love Lies'... The time has come for The Clash. It has been consistently a hot sales and request item in this town since its release. I now have confidence that it's safe to play this record. 'Should I Stay' is the audience's consensus cut, although I personally prefer 'Rock The Casbah'...Johansen and Judas Priest are doing real well...Top sales: Fleetwood Mac, John Cougar, CSN, Billy Squier, and Survivor...Also strong retail: Robert Plant, Men At Work, and Alan Parsons...Still strongly considering: Carrack (a real pleasant package) and Willie Phoenix...Terry Meiners, got a joke for ya: You know why congressmen don't use bookmarks anymore? They prefer to bend over pages."
- WWCT, PEORIA, IL M.D.-RICK PETERSON:** "Adds this week include The Rockets, Headpins, The Producers, Johnny Van Zant, George Thorogood, and the Tane Cain and Don Henley singles... 'She Shiela' from The Producers has become our office favorite. After a listen or two, it's one of those songs that sticks with you all day...Survivor continues to pull good phones, along with John Cougar and Steve Miller...We're seeing new sales action on Men At Work and Steve Winwood...For next week we are looking at Paul Brady."
- WWWV, CHARLOTTESVILLE, VA P.D./M.D.-JAY LOPEZ:** "Adds: George Thorogood Lp, Michael McDonald Lp, 'Tron', Tane Cain, Randy Meisner, and The Bus Boys...Strong local record sales: Fleetwood Mac, Survivor, and CSN...Increasing record sales: Eddie Money, Steve Miller, Clash, and 'Fast Times' soundtrack...New sales: 805, Uriah Heep, Missing Persons, Joe Cocker...The Paul Brady really sounded refreshing, not bad at all, so it's a projection for next week...We also project Cheetah sometime in the future. Our favorite song on that album is 'Spend The Night'. It's a fun song and might be what we could use."

WRNW, BRIARCLIFF MANOR, NY M.D.-PAT PRINCIPATE: "Adds: Thomas Dolby, Talk Talk, Missing Persons, Shoes, Michael McDonald, Freddie Salem, Johnny Van Zant 12", Coney Hatch 12", George Thorogood, Rattlers 45, re-added 38 Special, Cheetah, and Non-Fiction...Good to see Arthur Fields from Capitol come up to the country for some fresh air and a visit to the station. Thanks for the company, Arthur, but tell me, how did you know that the cupcakes with the squiggles on top were my favorite? A man with a mission, I listened intently as Arthur sold me on Missing Persons. I'll be damned, it is a good record. If it weren't for Arthur coming up, I probably would have continued to be one of those 'missing persons' on Missing Persons...Millions of trillions of thanks go to Joe Ianella from Atlantic for giving me the chance to meet one of my heroes of rock and roll gone by, Jon Anderson. Jon is an amazing talent with a presence that goes far beyond the first two or three rows of an auditorium...On the home front, lots of contests for our listeners. After all the end of Summer kind of makes you blue what with thoughts of school and winter storms on the rise. So to go out of this season in style, we've been non-stop with giveaways to shows and festivals and loads of albums thrown in since June...Why in the hell didn't we go on with Pete Shelley in the first place? He had an impressive first week here, coming in at #4, and if he keeps this up, he'll find himself in heavy rotation next week...The new Shoes sounds real good, and once again, the Go Go's come in at #1. But then, why not? The record's so damn good, #1 is where it belongs."

WQDR, RALEIGH, NC M.D.-BOB WALTON: "Sometimes I amaze even myself. If you were to tell me four weeks ago that my favorite record this week would be by the Payola\$, I would have called you all sorts of names. What ho, however, it is true! This new record is dynamite. I've always liked the Mick Ronson 'wall of clutter' production, and 'Some Old Song' is the lead track. It just belongs on the radio. If you ever played Ian Hunter's 'Central Park', 'Some Old Song' is a natural. By the way, I was not paid to say that...Another favorite is 'Mexican Radio' by Wall Of Voodoo. It's amazing what gems I can come up with just by listening to records. A note of philosophy here to other MD's--if you don't listen to everything that comes in, you're not doing your job...The best record of the year is about to come out. The new Icehouse record will be a masterpiece. I haven't hear it, I'm just biased...Last night The Producers opened for Toto here in Raleigh and had virtually thousands of people on their feet throughout. The Producers are for real...Just a thought about Paul Brady--a beautiful record in its own right. The thought being if 'Brown-Eyed Girl' and 'Fire And Rain' were to be released today, would we play them?"

KWXL, ALBUQUERQUE, NM M.D.-DOUG DAVIS: "Both Bill and I would like to thank Martha Davis of the Motels, and Dave Anderson and Randy Robbins of Capitol Records for their individual efforts during the Motels concert. Hey, Dave, please let us know when you're back in town so we can alert the girls at Bennigan's...Our Motel promotion went great. We gave away 50 passes to the show which was soldout. The grand prize winner received a weekend for two at the Marriot Hotel, plus an autographed Motels catalogue...'Fast Times' is also turning into a super promotion. We sold out the theater with the help of Universal, Elektra/Asylum, and Front Line Management, who provided us with some super promotion stuff...In music news: We finally added two records that I personally have loved for months. Balance with 'Slow Motion' being our lead cut, and Jon Anderson's 'All In A Matter Of Time'...Also added Tane Cain and Frank Marino. The song 'Strange Dreams' is a classic rocker...We're getting increased phones on Producers, Paul Carrack, Randy Meisner, and John Waite...Bill and I are still real puzzled about the REO Lp. We've been on it for 8 weeks and still have not seen any requests and sales are very slow. Is this happening anywhere else?"

CHEZ-FM, OTTAWA, CANADA M.D.-GREG TORRINGTON: "Adds: George Thorogood Lp, Lords Of The New Church, Cyndela Whitney (a local artist with an Ep who was on our homegrown Lp last year)...Considering: The Fixx, and Randy Meisner, based on advanced listening...On our chart, the Payola\$ leap up to #1, that's based on airplay and sales. Most stores we are tracking are noting increasing sales. 'Eyes Of A Stranger' is still, hands down, the key track, but also check out 'Some Old Song' and 'Rose'...John Cougar and Roxy Music are still very much in the forefront as well...Watch for Jon Anderson on tour. 2500 people enjoyed his two-hour plus concert here last night. Yes fans needn't despair, there's a heavy representation of Yes material in medley form--kind of a Stars On Yes. All kidding aside, Anderson is an extremely sincere performer with a band that rivals the musicianship obvious in Yes at their best...If you have any of these new releases, we still don't, and we're eager to hear Cheetah, Marcy Levy, Paul Carrack, Shooting Star, Frank Marino (wait a minute, he's Canadian), and the Bus Boys."

WTPA, HARRISBURG, PA M.D.-JEFF KAUFMAN: "Can't stop listening to, and talking about, George Thorogood. The 12" is good time rock and roll, but the title track will cause structural damage. If Thorogood's latest doesn't send your mood through the ceiling, check your pulse, you're probably dead...Also new and hot--Johnny Van Zant. Knowing he's got to make it this time, he's playing it close to the vest, but the energy is still untamed. Crank it up and wish him luck...Thanks to Debi Gould for helping to make the Kansas show so hot, and thanks to John Elephante for spending the afternoon with us. A weird combination, Kansas with CSN, but a great show...Adds this week: Sammy Hagar's track from 'Fast Times', Johnny Van Zant, Paul Carrack, and they said it would never happen in central Pa., The Clash."

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "I have long been a fan of The Shoes and their new album is certainly no exception. Upon first listen, 'Shake It Away' stands out as well as 'In Her Shadow' and 'Mayday'...For the upper demos, finally, a solo album from Michael McDonald. The single and the title track are working for us...The Kim Carnes song is definitely a smash, as is the Don Henley...More next week on new music."

KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS: "Hottest music radio promotion of the year: 'Fast Times At Ridgmont High'. Excellent organization, a full movie theater, and the record is in hot rotation. These are the kind of promotions we'll be looking for in the future at KILO...The Clash is in the top requests, and everyone is still shaking from the Stray Cats show in Boulder this past weekend."

BOB MEYROWITZ AND PETER KAUFF DIR BROADCASTING (212-371-6850): "On 8/28 we're presenting a true exclusive—for both network and syndicated radio--the Rolling Stones on Supergroups in Concert. This program, recorded on their last Americantour, is the only Stones concert show recorded on that recent tour and continues the line of exclusives that DIR has had with the Stones for the last three tours. In addition to some of their greatest songs, which don't appear on their live album (like 'Beast of Burden', 'Let It Bleed', 'Let Me Go', 'Hang Fire', and 'She's So Cold'), the program also features comments and insights on the group from people who are close to them like Bill Graham, Art Collins (head of Rolling Stone records), Bob Clearmountain (their engineer) and promoter Ron Delsener...The Inside Track features some hot talk with Elton John, Mick Jones from Foreigner, and Glenn Tilbrook of Squeeze coming up the week of August 23rd...Look for September Biscuits to feature John Cougar and Jon Anderson, who does a stunning medley of Yes songs."

JOE MIRABELLA AND JANE NORRIS, STARFLEET BLAIR (212-752-0400): "This Monday, August 16th, at 8PM Mountain time, Starfleet Blair brings to the wonderful world of radio another concert first: John Cougar live from the Rainbow Theater in Denver. Starfleet has a lot of live radio network firsts under its belt, bands like the Kinks, James Taylor, Zappa, Ozzie Osborne, Elton John, and hundreds of others. Producing live music as it happens and reaching 10-15 million radio listeners all at the same time, creates incomparable impact for the artist involved. Starfleet's last broadcast of Elton from the Starlight Theater in Kansas City, reached 12 million plus on NBC's The Source; and to quote WB's Ted Cohen, 'The broadcast played a part in Elton's increased box office and record sales while on tour'. Sam Kopper, Starfleet president, says, 'John Cougar's music is in the tradition of greats like Chuck Berry or the Police, bands who get a big rock and roll sound out of refreshingly simple instrumentation. We've looked forward to the broadcast for a long while and we're happy to help John get the rest of the country a mile high, from the Mile High City, Denver...Look for more to come from Starfleet this Fall and Winter, in both live concerts and announcements of other exciting radio programming...Good luck to Kim Reiss, former promotion director of WPLJ. Knock 'em dead at ABC television."

GAYLE MILLER, LONDON WAVELENGTH (212-682-5390): "It's great to be in the Hard sheet again! London Wavelength is celebrating its tenth rock and roll anniversary this month with a two-part BBC Rock Hour special featuring some of the best BBC/LW concerts like: Fleetwood Mac, Traffic, Pink Floyd, Led Zeppelin, Queen, Genesis, Supertramp, The Police, and many more. It's hard to believe we've been rockin' for a decade and I look forward to the next ten years...The BBC Rock Hour rounds out August with Asia, Nazareth, and a Bill Wyman special... In September, LW presents Jim Morrison, Three Hours for Magic, which includes previously unreleased material from the Morrison estate. It's an intriguing and a revealing look at one of rock and roll's most mysterious idols. You'll hear Jim singing and reading poetry along with lots of Door's music. For more details call me... Since so much great new music is getting lost in the corporate radio shuffle, we've formed a network of over 115 college stations devoted to the progressive music cause. So far we've lined up concerts with Duran Duran, Boomtown Rats, and Sparks, to name a few. We're looking to record concerts with bands that receive their support from college radio. Bands on independent labels or the majors will be welcome. Let's support the stars of tomorrow by giving them the shot they deserve today...To the folks at MTV: I'm glad I finally got the service; but in only one week of viewing (usually at the same time each day), I've seen the same 38 Special, Stones, and REO videos. It's getting to be like watching 'I Love Lucy' reruns."

NORM PATTIZ, WESTWOOD ONE (213-204-5000): "Dear Source/Starfleet (has kind of a poetic ring to it, doesn't it?) Well, anyway, welcome to our weekly session of 'Is it live or is it Memorex?' Actually, who cares? Certainly not listeners. Don't be so defensive. There's nothing wrong with a 15.9, 18-24 share. After all, it is the highest Ruskin share in the network's history...The fact that Westwood One has many concerts and specials that have delivered more, some as high as a 30, doesn't take away from your accomplishment. In fact, a recent Quarterflash concert delivered a 15.8, 18-24 share, which is a whole tenth of a point less than your all-time high. But facts are facts and national means national, whether on 57 stations or 570. Maybe you should refer to your concert as semi-national and we can all go on to something else. There are no winners or losers when companies like yours and ours deliver the kind of shares we're both talking about. So let's just go on and do a great job for all of our stations...Personal to Teddy Cohen: Congratulations on Elton's 15.9 and Quarterflash's 15.8. Sorry we couldn't do better. Lets have lunch."

MARGARET LOCICERO, THE SOURCE (212-664-4193): "We've seen and heard Black Sabbath, AC/DC, Judas Priest, and the question is--what's next? The answer--Iron Maiden. Do your listeners (cults and otherwise) a favor and schedule Iron Maiden, recorded live for Labor Day Weekend. You cannot be counter-programmed...Also in September a Van Halen Special, a Joe Walsh Concert recorded live in Dallas & Eddie Money recorded in Santa Cruz...September also brings Music Magazine III, hosted by George Taylor Morris and produced by Brad Fish. The show is getting rave reviews. It's scheduled once a month, mid-month...By now John Cougar has rocked America live via satellite from Denver's Rainbow Music Hall...Our next satellite broadcast is Blue Oyster Cult and Aldo Nova September 24th, from Worcester, Mass. If you're interested, give a call...By the way, 1983 is approaching rapidly. Time to get digital, folks."

JAY GOLDMAN, CLAYTON WEBSTER CORP. (314-726-0906): "On 'Rarities' this week, featured artists include: the Who, in a rare non-album song called 'Water'; Mick Jagger, as part of the Andrew Loog Oldham Orchestra doing 'Da Do Run Run'; John Fogarty of CCR in a rare solo effort entitled 'U Got The Magic' & Dire Straits doing 'Eastbound Train'...And on Flashback Friday, 'Rarities' goes back to the roots of Peter Frampton, whose new album is due out shortly, from when he was with a group called The Herd performing 'From The Underworld'... 'Retrorock' this week is proud to present the Kinks in a trilogy concert, the first was recorded in England in 1966, the second in the U.S. in the early 70's, and the last part in the U.S. in 1979. Included in this Retrorock are such Kinks' classics as 'Well Respected Man', 'You Really Got Me', 'Till The End Of The Day', and 'Sunny Afternoon'...The Sporting News Report this week will feature interviews with sports broadcasters Ernie Harwell, Phil Risuto, Vin Scully, and Red Barber, as well as interviews with Don Newcomb discussing the drug problem in organized sports."

CINDY TOLLIN, GLOBAL SATELLITE NETWORK (213-344-5651): "Hope you all caught the 'Van Halen Show' on 'ROCKLINE' Monday night. We were in Minneapolis taking calls from listeners around the country. It was literally 'The Van Halen Show', with David Lee Roth taking on the roles of producer and host, as well as featured guest 'Diamond Dave', famous lead singer of Van Halen. It was one wild and crazy show with lots of fun and surprises (boy, was I surprised!) and I'm still recuperating...Many thanks to Ted Cohen of Warner Bros. for all his help. (Boy, did I need help!). Why didn't I listen to my mother and take up accounting?"

A NEW MERV GRIFFIN SHOW WITH KAL RUDMAN (WITH PAUL WILLIAMS SUBSTITUTING FOR MERV GRIFFIN) WILL BE SEEN ON WEDNESDAY, AUGUST 18th. Appearing on this show will be: The Pointer Sisters; America; and, Lisa Hartman.

THE NEXT MERV GRIFFIN SHOW WITH KAL RUDMAN TO BE SEEN IN PHILA. WILL BE ON WEDNESDAY, AUGUST 18th from 4:00 p.m. to 5:00 p.m. over WPVI-TV (Channel 6). Appearing on this show are: Rick Springfield; Sheena Easton; Chilliwack; and, Bertie Higgins.

THE SOURCE

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 174 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this week's report.

The new CHRIS SQUIRE, ALAN WHITE, TONY KAYE and TREVOR RABIN BAND that we told you about has chosen the name Sinema. The band's long awaited debut album will be out in early 1983 on Atlantic Records. Bob Ezrin will be the producer and rehearsals are going on right now in England.

Sources have told the ROCK REPORT a name of a track off the forthcoming BRUCE SPRINGSTEEN album that should be released by the end of the year. The song is called "Mansions On The Mountain".

GRAHAM NASH recently participated in a Hollies reunion Lp. Polydor has signed it outside of the States, and there is a lot of interest from Atlantic for stateside distribution.

KEITH EMERSON may be forming a Nice-type band that may include Jack Bruce on bass. Nothing is yet definite on that.

The next solo album of JERRY GARCIA will be out around September 15th, and will be called "For The Roses". The GRATEFUL DEAD will be going out on an Eastern tour in September. The dates are only tentative as of now. They'll start in Houston on September 8th, then they'll move through Florida, the Southeastern states and then up the East Coast.

THE OUTLAWS are taking a break from their current tour and they'll start again on August 26th when they go out with the Charlie Daniels Band, who they haven't toured with for five years. Around the middle of September, they'll release an anthology of the band's career, a sort of greatest hits album, that will feature versions of songs never before released. One featured cut is a live version of "Ghost Rider".

Def Leppard's guitarist, PETE WILLIS, has just left the band right in the middle of recording their next album "Pyromania". Sources close to the band have told the ROCK REPORT that Phil Collen has been named as Willis's replacement.

A GARY NUMAN Lp called "I Assassin" will be released on Atco Records around the third week of September. His tour will start in October, playing the West Coast, Canada, and the East Coast--in that order. One song from the new album, "We Take Mystery To Bed", has already been made into a video.

BIRTHDAYS THIS WEEK: 8/17: Sib Hashian of Boston is 33; 8/18: Dennis Elliot of Foreigner is 32; 8/19: John Deacon of Queen is 31, Ginger Baker, ex-Cream is 42; and 8/20: Robert Plant is 34.

Question Of The Week

As Summer draws to a close and radio tempo begins to quicken, we are planning to start up our "Rock Wars" feature again. We asked readers for their feedback as to what markets we should visit and why.

CURT GARY, WEBN: "Baltimore/Washington. Which ones are getting the bulk of the advertising dollar from Capitol center!?"

DOUG PODELL, WLLZ: "Definitely Detroit. It's another bloodbath here."

RAD MESSICK, WFYV: "L.A. would be interesting with KMET, KROQ, and KLOS. Or Seattle--two of favorites."

BILL SIMMONS, WMYK: "I would like Rock Wars to go to Washington, DC and check out the battle between an old line air (DC101), and the wide-listed Doubleday approach at WAVA. My second choice would be New York--WAPP and WPLJ."

JOSE DIAZ, WBLM: "I'd like to see Rock Wars in L.A. I think KROQ's close showing to KMET and KLOS is worth looking at in print."

BRUCE BOND, WZZO: "Philadelphia, because I feel WMMR and WYSP are competing against each other more than ever now."

TERRY MEINERS, WLRS: "I'm trying to figure out just exactly what is going on in this town. Louisville, definitely."

BILL BAILEY, WKLS: "With all the talk about KROQ, I'd like to see Rock Wars in L.A. The whole KROQ thing has just been sold and sold. I'd enjoy seeing the Rock Wars there."

ROB BARNETT, WAAF: "I'd love to see WBCN and WCOZ. My other suggestions would be Philadelphia and Chicago."

ART PHILLIPS, KILO: "How about in Denver. KBPI, KAZY, KPKE, and KBCO in Boulder. I think it would be fascinating to see what all those guys are doing."

ROB LIPSHUTZ, WHJY: "L.A., Philadelphia, and Chicago. Remember, we're adults."

RALPH TORTORA, WBAB: "I would like to see it done in the New York market, mostly because there have been so many major changes with the addition of WAPP to the album rock roster and WLIR going towards new music."

NIKKI STEVENS, KSJO: "San Francisco--KMEL and KRQR. A big upheaval there and then K-quake is coming in."

CHRIS GEISEN, WSKS: "I would say Cincinnati. First of all, we've been going up in the last three Birch reports, and I'd like to see comments compared between us and the long-time rock and roll station in Cincinnati."

THE DOCTOR, WYFE: "Maybe a couple of smaller markets, none in particular, but somewhere in the middle markets. That would help us more with our research."

NEIL LASHER, WKLC: "You can't do Cleveland, cause there's no war there. Only one army...Chicago. I'd like to think it's a very competitive market with three real good stations, and I'd love to see WXRT win the war and beat the big guns with their slingshots."

ED LEVINE, WAQX: "Probably New York, since there are four stations in there, all with various approaches to album radio, and all of them with the resources to back up what they do on the air. Plus, I've been hearing some great gossip for years, and it would be good lunch time reading."

QUESTION CONTINUED

- MICHAEL PLEN, I.R.S.: "Los Angeles! To show exactly how the influence the new music faction has seeped into all three album stations, and its effect on Southern California as a market."
- ALAN WOLMARK, ATLANTIC: "Los Angeles, because it's the first testing ground for radio of the 80's."
- STEVE LEEDS, S.L.I.C.: "I'd like to see NYC done. Purely for selfish reasons, and to see the changing and shifting of playlists."
- MIKE BONE, ARISTA: "I would like to see Rock Wars go to any market where there is competition between an album rock station and a Top 40 or contemporary hits station that leans album rock such as Pittsburgh or Dallas. I think it would be interesting to see who's really playing the most new records. Is it Top 40, or is it album rock?"
- JIM SELLERS, CHRYSALIS: "Cincinnati. WEBN has always been the king of the hill, and nobody's been able to knock them off. It would be interesting to see what WSKS is up to."
- KEN BENSON, EMI: "I would like to see a Rock Wars based on Los Angeles and the reason is that anyone who has ever listened to radio in LA or driven the freeways, knows what a battleground this place really is."
- JOEL WEBBER, INDEPENDENT: "Ah'm a peace lovin' man, 'cept when I git riled, but I'd really like to see a Rock Wars in L.A. (including KROQ), Boston, and the City of Brotherly Love, Philadelphia."
- SEAN COAKLEY, ATCO: "I'd like to see Rock Wars go to Cleveland where the war is over."
- GREG TORRINGTON, CHEZ-FM: "I'd like to see it in the Toronto market, mainly because CHUM-FM and Q107 seem to be neck and neck in the market, and they have marked leanings towards different sounds these days."
- DUKE MEYER, WQMF: "I'd like to see it done in Boston because Boston has always been my dream market, and I'd be curious to see what they have to say."
- DAN WALSTON, WIMZ: "Cincinnati, because of the new FM battling it out with WEBN."
- RICK PETERSON, WWCT: "Chicago. It would be of interest to us because of our close proximity and I like to keep close tabs on what's happening there."
- MARK CHERNOFF, WDHA: "I'd like to see Philadelphia and New York, cause they are the two markets adjacent to where we are. Include us in the New York Rock Wars, please."
- LIN BREHMER, WQBK: "I certainly wouldn't mind Rock Wars showing up in my own market. But aside from creeping self-interest, I'd like to see Rock Wars in Washington, DC; Boston, and L.A."
- MIKE LYONS, WDIZ: "Probably San Francisco as soon as the formats go in there. That's starting to heat up."
- DAVE KRUSENKLAUS, WKQQ: "Chicago--I have seen some of the marketing techniques, i.e., printed material and T.V. spots for the LOOP and WMET. From what I understand from people in the know, there are some interesting personalities in the market at the helm of both those radio stations. I'd like to see a Rock Wars for a market in the top 5."
- JIM BUCKLEY, WRCN: "Long Island. With the heavy competition between WBAB and WLIR, it would be interesting to find out why WLIR is going to a rock format, and to see how they compete with the NYC stations, if at all. For us sitting out here on the Eastern end of the Island, we feel distant enough not to be involved with that heavy market competition, to a degree. Seeing as how we're the 11th market in the country, it would be nice to see the recognition and to let other people know that we exist on the doorstep of the #1 market."
- STEVE FEINSTEIN, WYSP: "Anywhere but Philadelphia. But seriously, folks, any market where the competition is at least 3 way. For instance, Denver, New York, L.A., San Francisco, Seattle, Boston, and Detroit."
- MICHELE ROBINSON SAYRE, KLOL: "I would like to see Rock Wars in Atlanta or Miami, but neither market has competition, so I think L.A. would be fun."
- ILYSE GOTTLIEB, WRXL: "Seattle. Because that has all the consultants in one market and it's always interesting to see how they all stack up against each other."
- RICK ALLISON, WPLR: "I think you should do New York City."
- CHIP HOBART, WAPP: "Right here in New York City, the Big Apple."
- DOUG SORENSON, KQRS: "Any market but a Doubleday market. Because the comments from the Doubleday stations are picked by Dave Hamilton, and are superfluous since their local program directors can't really comment on their local situations. I think Seattle would be the best choice. It makes Syracuse look like a playpen."
- RON NENNI, WPYX: "It would have to be New York City right now with WAPP and WPLJ, and you could even include WNEW. I'd like to see Rock Wars in L.A., too, between KMET, KROQ, and KLOS."
- JON RUSSELL, KRQR: "By the end of the year it will be World War III here! How about San Francisco!"
- DAVE KANE, WCMF: "I'd like to see Rock Wars in New York. With the emergence of WAPP playing the best of both worlds, it would be interesting to see how the long time album radio stalwarts are holding up against it, especially with the emergence of WLIR as the 'new music' station for Long Island and New York City."
- DAVE LOGAN, WLAV-FM: "Detroit, so you can really find out what's going on down there."
- J. DAVID HOLMES, KDKB: "Phoenix--right here. We've got a great head-to-head battle going with our competitor, KUPD."
- GLORIA JOHNSON, KGON: "San Francisco, cause the rock battle seems to be heating up down there."
- DALE WOLTER, WMAD: "I wouldn't mind seeing one in Chicago. Definitely the WMET/LOOP thing would be kind of fun."
- DOUG DAVIS, KWXL: "Definitely Albuquerque, because there's another station in town that claims to be playing a lot of music, and we would like to have it battled out once and for all."
- BOB WALTON, WQDR: "Actually, I'd like to see a comparison of the three biggest stations in North Carolina, not really Rock Wars, because we don't overlap. I very rarely get to get out of Raleigh and I would like to see on paper what they're doing, just for my own benefit...P.S. If someone could foot the bill for the paper, I'd like to see Rock Wars go to New York City."
- KAREN ANDERSEN, WGIR-FM: "Boston. WCOZ and WBCN have two such divergent philosophies, I'd love to see them slug it out in print."

QUESTION CONTINUED

CRAIG MARTIN, KZOK: "Seattle, 'cause then I can get into it."

BRIAN LEONARD, WDEK: "I would like to see it go to San Francisco/San Jose, especially with the promise of the new KROQ format debuting there. It's a very active and very competitive market."

ROB ROMAN, KLAQ: "Denver! Any city with that many rockers is of interest to me."

DAVID FILIPOV, WBRU: "Anyone of the three, Boston, L.A., or New York. 'Just because a lot of times I see two stations who are very similar in Rock Wars. I'd like to see WBCN vs. WCOZ or KROQ vs. KMET and KLOS, or WNEW vs. WAPP and WPLJ. Then we can see how stations that are actually very different stack up against each other."

TED EDWARDS, WCOZ: "I'd love to see Boston in print, Chicago, L.A., New York, and any other place they're beating the hell out of each other."

KEN MARTIN, KZEL: "I would say Seattle, just because they're in our region and I'd like to see what's happening, and because of all the competition that is there."

HOWIE CASTLE, WOVE: "Denver. Because there's four album rock stations there! To tell you the truth, I'd really like to see what the hell the big difference is between the four of them."

GREG GILLESPIE, KEZO: "Denver, because there are 4 album radio's battling for shares in the market and all are taking a slightly different approach...Also Toledo, because of WIOT's new 'competition'...And also Detroit. I think people should see what's happened to the one-time leading city of rock and roll radio."

STEW SCHANTZ, WPDH: "Boston--WCOZ vs. WBCN, or New York WAPP vs. WPLJ. WBCN has always been my favorite radio station. It's the battle between the superstar and more progressive 'let's be pioneers in the rock area' stations."

BOB BITTENS, WHCN: "I'd like to see a New York or Philadelphia Rock Wars...New York between WAPP and WPLJ but wait until September when they are both doing real radio, instead of one commercial-free...I'd like to see WMMR and WYSP just for the comparisons...I'd also like to see Hartford with WHCN and WCCC."

TUESDAY, AUGUST 17

TODAY IS A 5

Keep in mind that a "5" rating is not a bad one. This average number for this day comes from the playful, fun-loving attitude of the Moon in Leo and the energy generated by the new moon that will be exact tomorrow. It is difficult to concentrate when you would rather play. At 2:50 PM, EDT loving Venus at 4 degrees of Leo is at a 90 degree square to optimistic Jupiter at 4 degrees of Scorpio. Here is a very creative angle, yet there is an added dose of a love of independence and freedom. The sun in Leo is at a 120 degree trine to mystical Neptune and at the same time, the sun is at a nice 60 degree sextile to disruptive Pluto. Busy activity in the heavens with the result that when confusion results. Checking it all for a time will out.

WEDNESDAY, AUGUST 18

TODAY IS A 5

A new moon with the moon at perigee (closest to earth) can cause very restless sleep and activated dream states. In many ways the heightened emotional activity can make you suspect that we are experiencing an old-fashioned full moon. As the day wears on, you will see a more active tone of yesterday's emotional patterns. The new moon is exact at 10:46 PM, EDT with the moon and sun joined at 25 degrees of Leo. It is also at that time that the moon becomes void-of-course until tomorrow at 5:41 AM, EDT. Many know that the new moon is the time to begin new projects, but the most overlooked part is that projects are maximized when begun AFTER the exact point of the new moon. Test it yourself, and you can have a very fine, playful evening.

THURSDAY, AUGUST 19

TODAY IS A 7

At 5:41 AM, EDT the moon enters Virgo. The adaptable, earthiness of this sign helps greatly to take some of the rough edges off the hyperness of the new moon. You can launch new projects, new ideas, cut your hair to stimulate growth, and plant things. What is most gratifying will be the rapid, efficient tone of conducting business today. After several days of procrastinating, you will no longer need to feel "guilt". Let's just call this accomplishment Thursday! Do not overlook implementing ideas that have been rattling around in your brain. In addition, this is a day made to order for brainstorming. The evening hours are better for work than play, but in either case it will not be a bad night.

FRIDAY, AUGUST 20

TODAY IS A 7

Another day very similar to yesterday, but isn't it a great feeling when you polish-off a week in grand style? At 2:56 PM, EDT the moon and mental Mercury are joined at 19 degrees of Mercury's sign, Virgo. This is a great conversational, idea-ridden time, obviously this will be beneficial to the luncheon crowd on the West Coast and for post-lunch meetings in the East. If it is a back-log of work that is your problem, fret not today. Business will flow smoothly throughout the day and evening. The moon will be void-of-course from 10:36 PM, EDT until entering Libra at 8:23 AM, EDT Saturday. Should you be heading out tonight, know that the cosmos is treating you well.

SATURDAY, AUGUST 21 & SUNDAY, AUGUST 22

BOTH SATURDAY & SUNDAY ARE A 7

The moon in Libra is an action-oriented emotional pattern, and since Libra is a mental sign, a very pleasant weekend is at hand. With no void-of-course moon either day, you can just spend like crazy. Only one potentially rough period is on Sunday evening at 5:44 PM, EDT when the moon and restrictive Saturn join at 19 degrees of Libra. A minor depressant, why not mellow out with friends? This is our last weekend of the sun in Leo, and we begin the changeable portion of this season on Monday morning. When the sun changes signs, a period of disorientation sets in for a couple of days. How nice it is when this period coincides with a weekend that is socially fine. This will greatly decommission this disorientation.

MONDAY, AUGUST 23

TODAY IS A 5

Welcome Virgo! At 7:16 AM, EDT the sun enters Virgo for a stay until September 23rd. Our ancestors called this sign changeable to signify the last portion of Summer. The earth quality came from the fact that this was harvest time; no more, no less. Sure beats the idiotic stuff you read about Virgo in pop astrology books, huh? As the sun enters this sign, the sun is at a 90 degree square to erratic, eccentric Uranus at 1 degree of Sagittarius; a most rebellious angle. Mental Mercury at 24 degrees of Virgo is at a 90 degree square to mystical Neptune retrograde at 24 degrees of Sagittarius; great for creative thinking and lousy for logical thinking. The moon in Libra is void-of-course from 4:43 AM, EDT until entering Scorpio at 2:22 PM, EDT. Take what comes today in stride and avoid the pushy people!

Record Action

LENNY BRONSTEIN, HEAVY LENNY PROMOTIONS (213-450-6224): "A few comments on records coming out. There is a new Icehouse coming in late August that is one of the most superbly crafted and listenable records in years. Many of you remember the time and energy I expended on their debut. It panned out well in audience reaction and sales for many markets. The comparisons will be multitudinous but will all be comparisons to bonafide classics. It's in the vein of Pink Floyd, Supertramp, and Stealers Wheel with more hooks than a tackle shop in Key West...There is also a new Peter Gabriel album coming about Labor Day. Two years ago, hundreds of album rock stations and top 40's were baffled and amazed by 'Games Without Frontiers' being a top 10 single. The album was a monster and was another step in a long, illustrious, creatively brilliant career. Always adventurously intricate, Gabriel approaches this new Lp with little regard for conventional technique and again carves out his own niche. Few heard or predicted the success of 'Games', but many tipped their hats in recognition of his previous achievements and loyal following, and were rewarded with an Lp of great programming longevity. It will take you more than one listen on the more intricate of cuts, but it's the kind of masterpiece replete with challenges to the ears. Both are deserving of you unflinching support...My other thoughts go to Joan Jett who has been on many radio stations since last November without interruption. The resurrection of Geils, the Go Go's, Joan Jett and the whole new music revolution are easily the headline grabbers of 1982 so far, but Joan Jett is one of those continuing sagas with 'Touch Me' being a breaker two years after its initial release. 'Summertime Blues' will be that extra little bonus in your library for your listeners, but 'Touch Me' is your third top 10 Joan Jett tune in a row and her monster crowd concert number. Joan's loyalty has been first and foremost to album radio and it would be scandalous to let your CHR/Top 40 steal your thunder by playing Joan in heavy rotation while you ignore her or give her lip service. She's paid those proverbial dues to a greater extent than most and her management has always supported you. 'Touch Me' is a brand new song to the majority of your listeners and even the diehard Jett album rocker's who banged 'Touch Me' two years ago can reinstate it for all the listeners who missed it the first go-round or were not listening to your station then...The final thought is a reminder that you are allowed 50 slots to report current records in this Sheet. If you are really playing a record, it behooves you to report it so it can get its credit and compete effectively with all the majors out there. I've run across many programmers who may play a record light because they don't see a lot of other print around the country. Sometimes they fail to report the record themselves. A record in light rotation is certainly getting more play than 100 Lps not in rotation at all. No one can divine airplay unless you report it yourself. If you believe enough to add it, then believe in it enough to put it in print and move it up when its time comes...Off to Europe for now. Stay heavy til then."

MARK COOPER, ROBOX (404-451-5997): "We are in final mix stages of 'Melodic Sandal', the second album by Ziggurat, being produced by Eddie Offord at his studio here in Atlanta. This will be a great Lp, full of hot music, not just one or two tracks. Be looking for it the week of September 6th. I'm so excited, I'll tell you all about it real soon."

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "One of the biggest records in the country--Men At Work! Thank you so much. It's a smash. Retail is starting to roll now; and even in these soft times, it's nice to know that a good record still wants owners...Extra special thanks to those early believers: Gloria Johnson (who must have a crystal ball in her desk), Ray White, Ralph Tortora, Sneed-o, Michele Robinson Sayre, Andy Lockridge, Bob Bittens, and Lin Brehmer. And lastly, but not leastly, Judy McNutt, who along with our beloved Editor found the key track 'Down Under' which, by the way, is being added as the second track especially for all of you who were early on 'Who Can It Be Now'...I read my first issue of Scott's Tissue. Hey, boy, you need more gossip! I did enjoy the Colonel Bone funnies though (the Don Rickles approach). And about that contest--I'm entering. Hey, now, the Priest is huge. Won't stop. 80-date tour starts this week. See Colonel Bone on tour with Krokus, Rods, and Priest. See Rap and Colonel Bone both get their ears welded from too much Marshall Amp exposure... Elvis Costello continues to make the moves. C'mon now. We've not been too heavy-handed on his last couple of releases, but this one's the goods for real and we won't give up. Retail is steady on this, which should signal this is no flash in the pan. 'Man Out Of Time' is a single this week. Go for it!... The Translator Lp is picking up steam. 'You're Everywhere That I'm Not' is getting major phones. This band is for real. If you haven't heard it yet, these guys sound like a cross between Love and the Beau Brummels...On the metal front, Frank Marino is making headway with the 'Strange Dream' track. Another track to look at is the very topical 'Maybe It's Time'. This could be very big. Very different for Frank, and very captivating...The Santana is an out-and-out smash. Both tracks doing equally well...And lastly, it's not my record, but you ought to get a copy of the Hughes/Thrall because it'll be taking a big chunk of the airwaves soon...Thanks to: Bill and Collie for the wonderful time out on the Lake. Good Mexican food is so hard to find on the East Coast!"

WYNN JACKSON, INDEPENDENT (404-321-5228): "On the road again. Seems like forever, but not when friends exist like those I've seen in Texas, Kentucky, California, and Illinois, just to name a few...Who'd a thunk it? Drake Hall a family man?...To Lembo: You were right, the guitars in 'Insane Days' by Phil Garland could be used as energy to light up your house--well, maybe not yours...Attention all Intellivision freaks: If you are interested in joining the only existing Intellivision Baseball League, then ask Mr. Bill, or give a call to the League headquarters at 404-321-5228 or 404-955-1550 and speak to Commissioner Rudie Bager and order our coaches Jersey and official letterhead. All you need is to have your win/loss record on file in the Commissioner's office along with a complete roster of your players and your team's home field address. Act now before the season is interrupted by the IFL. Up and coming mini-tournaments to be announced...I think Thorpe and Proffer have got the best Billy Lp since 'Children'. The title cut is the one...The listener reception to 'She Sheila' by The Producers has been phenomenal with some stations already 2 cuts deep after only 3 weeks. The video should be on the air this week...The Video Music Channel in Atlanta is here to stay. Get your rocks off to David Less immediately, and ask your local video company to plug them in a.s.a.p...Check out James Anderson on Kat Family with 'One Way Love', the obvious album rock track. You will be hearing more about this Texan...When all the dust settles, I'm certain that the Randy Meisner album will emerge a strong success...If you're not on 'Touch Me' by Joan Jett, you're late, so come to the party before it's gold...Welcome home George Thorogood, it's definitely time...Looking forward to the Peter Gabriel album from Geffen very shortly...Thanks to Michele for turning me on to the Hughes-Thrall Band. I love it!...Come get me Mother, I'm through!"

MICHAEL ABRAMSON, ISLAND RECORDS (212-355-6550): "Steve Winwood's newest Lp 'Talking Back To The Night' is kickin' ass and takin' names! Thanks to everyone for your immediate support. This album has enough depth to carry for many months. Early consensus cuts are 'Still In The Game', 'Valerie' and 'Help Me Angel'...Personal to George Gerrity: Thanks to you and your staff on a job well done. It's a pleasure working with you...Ladies and gentlemen of the world of radio, don't forget about the Joe Cocker Lp -- I won't. 'Seven Days' and 'Talking Back To The Night' are the cuts to be playing. Sorry, I can't let you off the hook on Joe, but the album is too good to go Chapter 11! Joe will be featured on the King Biscuit syndication on August 22nd with Marshall Crenshaw. More on that later...Coming soon: Larry Reynolds--guitarist/arranger extraordinaire for Marianne Faithfull for many years. A solid solo venture that you will find most interesting...Music on my time: Check out Cheetah--sounds like Heart with guts. Wall Of Voodoo is a new music entry that shouldn't be overlooked. Lords Of The New Church--a truly religious experience...Until next week."

RECORD ACTION CONTINUED

MIKE BONE, ARISTA (212-489-7400): "Quick late call rundown review of records: 1. The Alan Parsons Project. The turnaround record of the month. It only took 6 weeks, but now all you album rock knuckleheads are warming up to the 'Sirius/Eye In The Sky' hit track. Needless to say, with the multi-format exposure now on the same track, this album is exploding at retail...2. A Flock Of Seagulls. My boss (and a close personal friend) Richard Palmese has a hotline directly to God, and this week God picked up an already ringing telephone. Richard and God have delivered about 25 key Top 40 adds on the Flock Of Seagulls single 'I Ran' this week, bringing Richard and God's total to over 100 Top 40 adds so far. Again, multi-format exposure is exploding. On the album rock scene, to quote Tommy Hedges, allegedly programmer of some station in a tertiary market west of Hoboken, 'One of the best testing records we have ever played'. (Hmmm, maybe their telephone fidelity is better than that station in Chicago.) Looking for that second Seagulls' track? 'Space Age Love Song' is for you...3. The Bus Boys dominated L.A. press this past week. The Bus Boys 'Last Forever' is on its way to dominating a submissive album rock radio. WE WILL NOT RIDE IN THE REAR. WE DEMAND TO BE AT THE TOP OF THE STACK. Right on to the only black rock and roll band in America. 'Last Forever' will be worked until you play the record...4. Huang Chung. Buck McWilliams took off his clothes and got in bed with four English rockers with a Chinese name. (No, Sky, not Asia or Shanghai). Pronounce it Wang Chung, or pronounce it Hu-ang Chung, but all you have to say is HIT record! 'Hold Back The Tears' or 'China' will be the tracks...5. Haircut One Hundred is still banging away on many major market album stations. 'Favourite Shirts' is just out as our new single...6. Fashion. 'Move On/Streetplayer' moves onto radio this week. In the words of the infamous Robyn Kravitz, 'You got Flocked, you got your Haircut, now get Fashionable'...7. The Members 'Radio' is a 3:55 advertisement for what you do for a living. Check it out...PERSONALS: Thom O'Hair: Enjoyed the call. Now comment again. Make mine whole wheat, warden... Sky Daniels: Duck and weave, boy!...Dan Brennan: Thanks for the memories. Good luck with the new format...Bob Bailey: I'm now forced to tell about your propositioning the transexual. Pictures at 11... Bruce Bond was seen chaining his car to a tree at Bill Hard's party. Speaking of which, the Hard's new manse be a bad crib!"

EVAN DAVIES, STIFF (212-431-1600): "This being my second week, and all, I feel confident enough to be a little long-winded, so let's go...Girlschool continues to burn up the Southwest with half of Texas still trying to pull themselves together. They move on to Dallas, Galveston, San Antonio, Odessa, and El Paso with Albuquerque to follow. Rumor has it that the girls are stealing the show from the headlining Scorpions. If you don't believe it, see for yourself in person, and remember, you're another week closer to their second Lp, 'Screaming Blue Murder'! Look for it at the beginning of September, and be prepared for people who saw them live to be calling in clamoring for more...Prince Charles showed he had good taste in music, if nothing else, by asking Madness to perform the British national anthem at a recent London concert. The band was only too happy to oblige and proceeded to whip 'em out--kazoos that is. Needless to say, complete madness ensued, and the concert hall was transformed into a house of fun...Contrary to popular belief, Jimmy Mack has not been tapped as the new Yankee pitching coach-- look for him to be backup shortstop with the Minnesota Twins...Local NY act, Justin And The Undead, are receiving strong support here, not so strong elsewhere, yet. I don't have a whole ton of these at my disposal, so I haven't been able to do a mass mailing. If you're interested, you're welcome to call me up and I'll rush you yours...The Stiff 'If we had the money, we'd run ads like that' award goes to Uncle Jimmy, Dr. Jaffe, and the rest of the folks at Polygram with a special hello to Linda Walker who may remember me from WNYU...Speaking of Polygram, they should do well with ABC and Bananarama. They get a lot of calls during WNYU's new afternoon show. Just a college station, you scoff? Perhaps, but last year, the artists getting the most response were nobodies like A Flock Of Seagulls, Soft Cell, and the Human League. And look what happened to them! As I'm getting down from my high horse, I'll just add one more thing to programmers who might ignore the impact of college radio in their markets. Over the past month, one of the most played records at WNYU has been Bananarama's 'Shy Boy' import which according to Ray White's comments of last week has been 'pulling lots of requests'. Hmmm."

JOEL WEBBER, INDEPENDENT (212-255-7408): "New music is making its presence felt in a substantial way these days as album radio begins a major shift. That ain't the smell of bacon frying, kids, that's the core library burning out...The Bill Nelson album is beginning to make its move with a whole host of credible stations either on it or damn close to it. Jem Records is making major moves to support this record. If you still haven't heard 'Flaming Desire', get off the stick. Sales have been reported already and the clubs are just beginning to get the record now...The success of 'Touch Me' by Joan Jett And The Blackhearts has refueled sales on the 'Bad Reputation' album. When 'Touch Me' goes into the top 10, it will be Joan's third consecutive top 10 single, something that even the biggest of album radio artists have rarely been able to do. Through it all, Joan has maintained her album radio attitude and image and remains true to the cause...Has anybody seen the Swingers' video? No wonder MTV has been selling the record...New stuff: ABC with a poison arrow aimed straight for the heart, and the Yazoo album, which you must hear...Nothing goes better together than canoes, Mexican food, and trampolines. Take my word for it."

SEAN COAKLEY, ATCO (212-484-6400): "Let me start out by saying that we all lost a warm and colorful old rocker with the death of Paul Shorty Medlocke last week at the age of 71. Shorty, Rickie Medlocke's grandfather and author of such Blackfoot songs as 'Train Train', 'Rattlesnake Rock And Roller' and 'Fox Chase', will be remembered as a lovely human being who touched the lives of many musicians who grew up in and around Jacksonville, FL. Ride that midnight train, Shorty. We'll miss you...On the business side, Headpins is getting immediate phone response at KGON, KISW, KLAQ, and others. Tune into 'Turn It Loud' and 'Don't It Make Ya Feel'... 'Rock And Roll Party In The Streets' is the new single from Axe. The cross-format play on this one will push it right over the top. Ed and Robyn, keep the dialogue up. We love it!...Hey, this guy Pete Townshend plays with a full deck, eh?...Isn't it nice to hear the most imitated voice in rock once again. Well done, Mr. Rogers...Personally: I love this Paul Carrack song, 'I Need You'. The Temptations never sounded better. We need to hear more of this soul music on the radio."

BRUCE MOSER, COULD BE WILD (716-885-5200): "Will Bill Hard's canoe party become the East Coast's version of Jon Scott's bowling party?...It was fun getting together with Frank Holler and Orest at the Clarence Clemmons show. Going to see Clarence with Frank is like going to see the Yes with Lee Abrams. We're talking hardcore fan...Speaking of hard, the new Who is called 'It's Hard', not to mention 'A Hard Station' which is a great record by Paul Brady that deserves your attention...Don't miss the article in the new issue of Rolling Stone on Translator. 'Everywhere That I'm Not' is a great song that deserves another listen...Aldo Nova's new single will be 'Ball And Chain'. This song will push the album to platinum... The Payola\$ 'Eyes Of A Stranger' went gold in Canada this week. This record will be the next big hit to come out of Canada...Best new records this week: Coney Hatch added at WMMS and WSYR; Billy Thorpe (the title track will delight the 'Children Of The Sun' fans), and Romeo Void, now managed by Sandy Pearlman is the second CBS/415 release. If you missed 'Never Say Never' before, now you can play it off this album...Anyone looking for a good female jock or M.D. should contact Roberta Haber at 716-325-7073."

JON SCOTT, MUSICVISION/BACKSTREET (213-344-5599): "Congratulations to the Plimsouls on signing with Geffen Records...Had a great time and Bill and Collie (alias the Davey Crockett's) Hard's housewarming. The party, food, and company were excellent. What a great Summer treat!...First warning: The Hughes-Thrall Band is coming...Keep on rockin'!"

RECORD ACTION CONTINUED

JIM SOTET, POLYGRAM (212-399-7813): "Thank you to Bill Hard and WLUP-both of you really know how to throw a party! I must admit it was the best of both possible worlds: On the Loop boat, Kool and the Gang or Iron Maiden at Chicagofest, and Mexican food and beer at the new Hard house (or should I say log cabin). I kept expecting Fess Parker to step out from behind a tree...On the music front, and on the Front Page everywhere you look, the 'Last Of The Wild Ones' from the Johnny Van Zant band. Thanks for the support. Early reaction tells us 'It's You' is it...And thank you WRIF, KDKB, and KSHE for enthusiasm beyond the call of duty when it comes to Novo Combo...Is Cleveland, Toledo, and Syracuse out-of-the-box good enough for you on Coney Hatch? Remember the Scorpions and Def Leppard? Then please listen to Coney Hatch...Thank you Sean Coakley for your comments on Paul Brady. This is a special album, and one we are going to make sure people hear...Also, please listen to ABC, it is 'new music' in the best sense of the word...Faves at home and on the Walkman: Go Go's, Lords Of The New Church, Raiders Of The Lost Dub, ABC, and, still the best album of the year--Roxy Music, plus Jermaine Jackson and Devo...New Rush sooner than you think."

MICHAEL PLEN, I.R.S. (212-980-6874): "This week's rave records are once again, Adrian Belew and Wall Of Voodoo. 'Adidas In Heat' is being banged in New York in the clubs and on the radio. Add it or else...'Mexican Radio' is a great rock song. Don't be swayed by any preconceptions you may have on Wall Of Voodoo. Think of it the way you do A Flock Of Seagulls...The Go Go's, 42-9 in Billboard this week. Okay, radio geeks, how much more pounding does this record geek have to do to make you realize that the Go Go's is: 1) not a fluke band, 2) is a solid rock and roll record both musically and lyrically, and 3) everybody in America is buying this album. It shipped gold, and now that the tour has started, there's no way you can deny them. Do yourself a favor, see the Go Go's live and you'll lose any fears you had about their image or accessibility. The cuts are 'Vacation', 'He's So Strange', 'Get Up And Go' and 'Cool Jerk'...Lords continues to make noise all over the place with breakthroughs in Boston, Philly, and San Francisco this week. The tracks to use are 'Open Your Eyes', 'Russian Roulette' and 'Question Of Temperature'. The tour starts next week in L.A. and works its way East...Oingo Boingo on KMET! Another record top 10 in sales, breaking out of L.A. Go back and listen to 'Private Life'...Payola\$ are top 5 in Canada and are breaking in America now in Buffalo, Detroit, and other parts of upstate New York. The cut is 'Eyes Of A Stranger'...Tom Robinson added to KROQ. The cut: 'Martin's Gone'. Play it or you're gone. Martin...Cosmetics. Listen to 'The Crack'. It's viable rock for stations that play too much schlock. Is that you?...VEJUR QUOTE: For the crack of it all, I could walk through a wall...The height of Bill Hard's canoe party was seeing Susan Heiss change from a mini-skirt to jeans, and paddling around the Lake Kukumonga. We need more Fan Club entries. Susan is not satisfied with 300 members. New goal: 500!"

Paul Carrack	60	L-M	If there's better rock and roll out now, someone please call me and tell me about it. There's no excuse for not playing this.

"Radio deserves to be congratulated for breaking in the Men At Work album. It's because of a success story as this that we'd love to see radio get more involved with acts such as Carrack, Roxy Music, Costello, King Crimson, Crenshaw, Belew, et al. There is quality new music out there that deserves to be layed in its entirety. Listeners are huge for it. The only question is, will they tune in your station or your competitor's to hear it?"

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with **PLAYS PER DAY/WEEK**. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the Lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-5 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track
