FMQB ALBUM REPORT

February 4, 1983

BILL HARD, Editor

Hard Choices

U2, "NEW YEAR'S DAY" 12", ISLAND

We had the exclusive pick on their debut LP, cooled it on the follow up, and now this new 12" has reconfirmed our belief. Between a dramatically improved record and the much discussed shift in album radio music, U2 has practically unlimited potential. Note the 30-13 jump in our Modern Music section, and make this a top listening priority.

JON BUTCHER AXIS 12", "LIFE TAKES A LIFE" b/w "IT'S ONLY WORDS", POLYGRAM

Jon has been a star in the Boston club/bar circuit for years. Several regional singles have done well and his warm-up work on the last Geils tour was enthusiastically received. You will have the long-awaited album in a couple of weeks & we're happy to report it measures up to the rep. In the meantime, the 12" makes a great calling card. Start with "Life Takes A Life".

DIVINYLS, CHRYSALIS

Tough, distinctive rock from Down Under--included on cassette in this week's FMQB. We're totally sold on Christina's accent and phrasing and that ringing guitar is fabulous counterpoint. Solid songs, too--"Science Fiction" is our favorite, but "Eisie", "Only Lonely" and "Boys In Town" also jump out.

ULTRAVOX, "QUARTET", CHRYSALIS

Has this outfit always made such hooky little songs, or did maestro George whip 'em into shape? At any rate, "Quartet" is a wonderfully melodic and relaxing record, with more than a little Roxy Music ambience. One of the week's big surprises. Trax: "Reap The Wild Wind", "Serenade" and "Hymn".

Chain Reaction

JOURNEY, "FRONTIERS", COLUMBIA

Had they increased the gloss quotient, it could have been their "Waterloo", but they wisely side-stepped that kind of "Good Trouble", roughed up the edges, and came up with a record that rolled out-of-the-box to fairly uniform raves...#1 Most Added with 93...Reaction: Greg Gillispie, KEZO, "It's a credit to the band that they didn't wimp out. After their most recent single successes, they easily could have"... Craig Martin, KZOK, "This is the first album to show that these guys can rock and roll. The overall feel of the album has a lot more guts to it than anything they've ever done"...Bill Weston, WGRQ, "All comments are very supportive. Smith's drums and Schon's guitars are right up there with Perry's vocals"... Les Cook, WLS-FM, "The single is a hit and the album is packed with rock and roll. It's amazing how they continue to evolve"...Steve Feinstein, NYSP, "One of their richest efforts. It's an album filled with finely and meticulously crafted gems and it deserves a claim as much as any of the latest skinny tie stuff"...Ron Nenni, WQVE, "Their biggest rocker to date. We've had excellent response"...The single continues to lead at 57-2 on the Song Index. "After The Fall", "Chain Reaction" and "Send Her My Love" are also up there.

ERIC CLAPTON, "MONEY AND CIGARETTES", DUCK/WARNER BROTHERS

Considering all the modern music emphasis of the last several weeks, Eric turns in an exceptionally healthy first week with 76 album adds. The single "Ain't Goin' Down" and "Shape Your In" lead in that order... Comments: Bob Rosel, KFMQ, "The new Clapton is terrific. I think it's better than 'Another Ticket' which is proof that all music doesn't have to be synthesized or 100 mph to sound terrific"... Mike Wolf, WQFM, "His guitar work seems to get better with age, as witnessed on 'Ain't Goin' Down'. The best thing he's done since his double live album"...Dick Blackmon, WQMD, "Hanging around with Ry Cooder was obviously good medicine. Haven't heard such fire from Eric in a long time"...Brian Taylor, KQDS, "Slowhand satisfies on this one. Just listen to 'Ain't Goin' Down', or the track about my wife's social habits. 'The Shape You're In' is sure to please those transitionaries and weekend hippies. Right, Mr. Hard?" Finally from Kid Leo, "While old Slowhand has slowed down, he still can find it within himself to have a fast furious burst of guitars as in 'Ain't Goin' Down'."

STYX, "MR. ROBOTO", A&M

I'll admit the style overhaul left me a bit baffled at first, but early returns from the listening audience are positive plus...Ron Nenni, WQVE, "Mr. Roboto" was #1 requested this week. Glad to hear Styx keeping abreast of the 80's"...Bill Weston, WGRQ, "Very heavy requests from all ages. Guess their image isn't as wimpy as we think"...Greg Gillispie, KEZO, "Styx broke out of their wimpy formula to give us a great statement of the times"...Art Phillips, KILQ, "Already a top 5 request. It took only minutes for the audience to agree it's weird, but it's Styx"...And from Karen Anderson, WQIR-FM, "I don't think 'Dona Arigato Mr. Roboto' will win any lyrical awards, but boy, what a hooky phrase!"...#1 Most Added Single with 81.

TIP:

INKS, "THE ONE THING", ATOC

Simply a fun song with the right studio touches and catchy harmonies. Due on 12" next week.

CHAIN REACTION CONTINUED

BRYAN ADAMS, "CUTS LIKE A KNIFE", A&M

Last week's 75 adds convert for the week's highest #23 Index, #24 Metro debuts, and with 39 new adds factored in, we expect close to top 10 play in our next report. Airplay muscle to the max...On the Top 100, "Take Me Back" debuts #44, "I'm Ready" new at #75, and "The Only One" #99...KSHE's Jack Silver tells us, "The KSHE on-air excitement over Bryan has converted to quick retail. Debuted at #39 sales, which is quite a statement here in St. Louis. He is also scheduled to open for Hall & Oates, and I'm vowing to make this a top 10 seller here"...Bryan is already up to max play status on KBPI, KDWB, KISW, WIOT, WKQQ, and WLAV-FM...And hot rotation on WAAF, WDVE, KZOK, KSJO, KSHE, KGON, WHJY, and several more.

BERLIN, "PLEASURE VICTIM", GEFLEN

33 first week adds (including KAZY, KBPI, WGRQ, KFOG, WMMR, KSHE, and KTXQ) are hot stuff, but we're most impressed by the radio raves. How about this from Bob Bittens at WHCN, "Sex, drugs, and rock and roll, eh? Well, drugs are kind of expensive, rock and roll has gotten a little boring, but sex will always be relatively cheap and exciting. That's why Berlin is a natural"...Amy Dahlgren, WAQX, "In an attempt to help ease the frustrations of the world, 95X puts 'Sex' on the air this week. Berlin's answers to Masters and Johnson makes 'Miracles' and 'Love To Love You Baby' sound like Donnie and Marie"...Buck McWilliams, WIOT, "'Sex' brings angry letters from women's organizations and mega-phones from radio listeners who've either heard it or heard about it. Why didn't this one come out during the last book?"...Duke Meyer, WQMF, "An intriguing project. 'Sex' goes into our Fresh Rock Show this Sunday evening, and I've got a feeling the phones are going to light up like Macy's at Christmas time when it's playing"...Other trax? Bob Walton, WQDR, "If we had only added one record (instead of 13), it would have to have been Berlin. This band has got talent. We're starting with 'Masquerade'"...Karen Allen, KBPI, "Berlin knocked me off my chair. 'The Metro' creates a great atmosphere and has worked very well for us"...And from Jeff Riccio, WHJY, "This record is wild. 'Sex' is a strong cut, but not the only one. 'Masquerade' and 'The Metro' are doing strange things to people here at the station."

THOMAS DOLBY, "BLINDED BY SCIENCE", HARVEST/CAPITOL

The 12" did quite well, and in the past two weeks, Capitol has logged over 100 mini-Lp adds, but if you're not convinced, check this from Ron Nenni, "Dolby was initially a disaster, then it went to 50/50, and now mostly positives on 'Blinded By Science'"...Here's more: Dick Bascom, WQXM, "Dolby is pulling phenomenal phones, and even though we've only been playing it about a week now, the phones are coming from just about all demos, male and female"...Lisa Richards Kendall, WMMR, "'Science' is having great success here since the Michael Tearson debut on Gorilla Theater. Sounds smashing on the air"...Rick Williams, KTYD, "Phones are ringing off the hook for it here"...Randy Raley, KYYS, "We think the Dolby is an outstanding record"...And from Lin Brehmer, WQBK, "The Dolby continues his meteoric rise in the public's esteem. #1 in airplay, #1 in requests...And from David Einstein, WHFS, "'Science' is off to a fast start here with good phone response"..."Science" is the leader, of course, 94-56 on the Song Index, but keep an eye on "Submarines" which is gaining quickly, due to night play.

THOMPSON TWINS, "SIDE KICKS", ARISTA

As we said last week, it's all over Top 40, and if you plan to play this record, now's the time before it's established across the street...Overall the #6 Most Added with 21 reports, including KQRS, WAQX, WILS-FM, WYNF, WMAD, KFOG, WIOT, WLPX, WLAV-FM, and WXRT...Again to Bob Bittens, WHCN, "I stand firm behind my statement. This is one of the classiest albums to come out in a long time. It's got great songs, super production, and a single that's beginning to burn up the charts. If 'Lies' is too danceable for you, got with 'Love On Your Side' or 'Tears You Can't Hide' which sounds like Asia meets the Talking Heads"...From Les Cook, WILS-FM, "'Lies' is a hit. Don't let Top 40 beat you on this one"...And from Lisa Richards Kendall, WMMR, "we've been on it since Randy Hock's early tip in December and their soldout show at the Rip. 'Lies' is a crossover smash hit."

ART IN AMERICA, PAVILLION/EPIC

It's different, refreshing, and flying on the radio--#7 Most Added with 20 stations this week to bring the total now playing to 47...Key adds: KYYS, WPYX, WYFE, WYNF, KISS, WLLZ, KRQR, and KGB-FM...Ted Edwards tells us, "Isn't it refreshing to hear a creative new sound from an American band?"...Steve Bridges, KFMH, "Also getting response to Art In America. A very well thought-out production"...Dave Lange, WSHE, "Art In America looks like an easy winner, especially the title track and 'Undercover Lover'. That track may be a little soft but has tremendous crossover potential"...And from Mark Miller, WWCK, "Top 5 sales this week to go along with top 5 phones. Actually the record could have done even better with more stock" ..Look for an Index debut next week.

DEF LEPPARD, "PYROMANIA", MERCURY

The 28-13 Index underline makes Def our strongest Chart Mover this week. Ditto the 27-14 Metro advance... On the Consultant's Page: Superstars 19-11, Pollack 18-15 and Sebastian/Casey 12-10...Note the #3 position on the National Request Chart, thanks in part to top 5 calls at WSKS, KQAK, WYSP, WLUP, WEBN, KZAP, KOME, KGON, WDVE, WLQV, WYFE, and 11 more...Up a whopping 19-8 on the Retail Index. Top 10 sales reporters include WQXM, WAAF, WILS-FM, WSKS, KGON, WLQV, WDVE, WAQX, plus 8 more...Play stats show a strong 20 increases in just two weeks, including WDVE, WMMR, KZOK, KSHE, KRQR, WILS-FM, WHCN, KLAQ, KISS, WZZO, WRCN, WOUR, KZEW, WDHA, and KWXL...46 are steady, 1 down. We have 24 max play reports...Comments: Bob Welch, WPYX, "Our #1 request is 'Photograph'. The album debuted #2 in sales last week, and the phones are hot about a tour"...Steve Feinstein, WYSP, "Def Leppard proved conclusively that the power of metal can be happily wed to monster hooks"...Curt Gary, WEBN, "Real hot here. 'Photograph' just grows on you every time you hear it"...And from Pete Clark, WPDH, "'Photograph' will easily surpass last year's 'Heartbreak'"... Top songs are "Rock Til You Drop", "Rock Of Ages", and "Too Late For Love".

PSYCHEDELIC FURS, COLUMBIA

One of the week's strongest Chart gainers--36-27 Index, 34-29 Metro...New on WAQX, WIMZ, KLPX, WIOT, WAPI, WMJQ, KYYS, WWCK, and KMOD...Last week's majors included: KISW, WQXM, WZXR, KOME, KGON, KZOK, WDVE, WYFV, WPYX, and WHCN...For a total of 97 adds to date...Airplay: 8 up: KWXL, KWFM, WKDF, KILO, WAAF, WLAV-FM, WLQV, and WSHE...2 down and 26 steady...Max/heavy play includes KNAC, KLOL, KROQ, WPDH, WBRU, KZEL, WCMF, WDIZ, WYFV, KFOG, KGON, and WCOZ... "Love My Way" is up to #28 on the Song Index.

JOHN HALL BAND, EMI

18 more stations (led by KAZY, KDWB, KBPI, KSMB, WCMF, KISS, WBCN, KZOK, and KOME) take John to a two-week add total of 56 stations...The week's second strongest Index debut at #33, #39 Metro... "Love Me Again" is the top track at #41 on the Song Index...Checklist: 37 maintaining, none dropping, and 12 building: WQMF, WPDH, KBLE, WILS-FM, WAQX, KQRS, KBOS, WDHA, KSMB, KISS, KMOD, and WRXL...21 of 40 not playing are considering. Heaviest play on WPDH, KMOD, WLAV-FM, WQBK, KWFM, KILO, WRXL, KQRS, and WLUP.

TONY CAREY, ROC SHIRE

Still building beautifully. Up 23-20 on the Back Page, 22-18 on the Metro Chart...#8 Most Added with 18 more stations, including WPLJ, WQXM, WIYY, WMMS, WMJQ, WBAB, WBCN, and KZOK...When that potential new add activity converts to regular play, expect a prime move in our next report. "I Won't Be Home Tonight" has moved 28-11-9 in the past three weeks...Airplay: 44 steady, 3 down, and 11 up: KWXL, WILS-FM, WLAV-FM, WLQV, KTXQ, KYYS, WCOZ, WLUP, WMMR, WQFM, and KMEL...Max play reporters include: KBOS, KILO, WIOT, KAZY, KBPI, KSJO, KWK, WAPP, and WYSP...The Checklist backs it up: 1 dropping, 27 maintaining, and a convincing 41 building...4 of 16 not playing are considering, and we're now up to play on 69 FMQB stations.

THE B'ZZ, "GET UP", EPIC

The B'zz continue to shape up as one of the year's quickest starting debut acts--up 44-36 Index, 41-34 Metro, for double underlines...Another solid add week: KDWB, WEBN, WAAF, WILS-FM, KLOS, WBAB, KSJO, KZAP and 4 more...Airplay: 19 steady, none down, and 7 up: KWXL, WOUR, WRCN, KISS, KLAQ, WMMR, WYSP...WEBN's Curt Gary reports, "'Get Up Get Angry' is getting some early phone action from fairly limited airplay. I think it's a solid street song"...From Belle Nolan, KQAK, "The B'zz could be the fastest growing tune on album radio. Monster city"...And WDVE's Ron Nenni offers, "#2 request this week and we are seeing a bit of sales activity. It really stands out on the air"..."Get Up" goes up 76-53 on the top 100.

ROBERT ELLIS ORRALL, RCA

Just out and looking especially healthy in the northeast. On WCOZ, WBRU, WAQX, WDHA, WRCN, WBAB, WBCN, KWFM, KNAC, and KQDS...We favor "Tell Me If It Hurts". "I Couldn't Say No" and "Senseless" are also being added...WQMF's Duke Meyer sez, "'I Couldn't Say No' sends shivers up my spine, brings tears to my eyes, and all those overused descriptive phrases"...Dave Kane, WCMF, "An outstanding record that leaves no need to call the Uh-oh squad"...Also a favorite of Sky Daniels, Amy Dahlman, and David Filipov.

CULTURE CLUB, EPIC

That album radio crossover gets stronger every week. New at #46 on the Back Page, up 49-44 underlined on Metro Chart...New on WYNF, WCMF, WQDR, KREM-FM, KWXL, and WPDH...WCOZ and WMMR increased play, with KEZY, WLAV, KROQ, WBCN, and WPLR reporting heaviest rotation...Checklist looks good, too: 8 maintaining, 1 dropping, and 20 building, including KQRS, WMMR, WRNO, KBCO, KEZO, WDHA, WCMF, WNEW-FM, WOUR, KNAC, WPLR, WLAV-FM, WBCN, WXRT, and WRXL...25 of 64 not playing are considering..."Do You Really Want To Hurt Me" is up 81-58.

ENGLISH BEAT, IRS

It's taken months to convince programmers, but by now, it should be clear that "Save It For Later" is sticking...Up 32-29 on the Back Page to go with a nifty Metro Prime Move 38-33..."Save It" is strong at #32...New on WYSP, WILS-FM, WCKO, and WDIZ...Up on KILO, WLAV-FM, WTUE, and KROQ.

FRIDA, ATLANTIC

A quick reminder that the momentum hasn't cooled one bit. New on KGON, WLUP, WZXR, WIYY, KYYS, and 7 more. Checklist: 30 maintaining, 7 dropping, 37 building. "I Know" stays at #5.

BLACK SABBATH, "LIVE EVIL", WARNER BROTHERS

We're still picking up primarily live option spins, but we did log in enough regular play reports for an Index debut at #45...New on KMET, KRQR, WLVQ, WWCT, and WWCK for a total of 52 reporters...Increased play on KBOS, KSMB, WDHA, WRCN, WZZO, and KLAQ...Key trax: "Children Of The Sea", "Iron Man" and "Paranoid".

JOE JACKSON, A&M

J.B. Brenner has been keeping the hammer down on us to get behind "Breaking Us In Two" and the stats are sure falling his way. Joe rebounds 48-43 on the Back Page...Recent re-adds include WGRQ, KREM-FM, WRKI, WYFE, WQXM, WMAD, and WKLS.

SIMPLE MINDS, A&M

We'll say it again. This class package is the goods and will soon cross from "personal fave" and "heavy home listening" to serious radio play. We recommend the title track and "Promised You A Miracle".

SIGNIFICANT SONGS:

"MEXICAN RADIO", WALL OF VOODOO, IRS

It was looking kind if iffy--until Orlando. Now, watch out! We've been keeping an eye on 'em and this week the new action merits a mention. New on KGB-FM, KZAP, WILS-FM, WHCN, WQXM, and WDIZ.

"WORKING GIRL", THE MEMBERS, ARISTA

This quiet performer continues to accumulate credible calls--New on WCOZ, WPLR, WKDF, WAPI, and two more. Up 88-70 on the Song Index...Adds in '83 include: WAQX, WPYX, WRKI, WGRQ, WQXM, KWXL, KATT, WBCN, KTXQ, KAZY, WYMX, WTOS, WQFM, WBRU, WYFE, KMOD, KGB-FM, WLVQ, WLPX, and WWCT.

"DER KOMMISSAR", AFTER THE FIRE", EPIC

We've been telling you this is a smash for weeks, and here's more to back that up--Brian Christopher, WLRS, "After The Fire continues to prove itself--phones, phones, phones!!"...Ron Nenni, WDVE, "This is a #1 song!"...Buck McWilliams, WIOT, "We love the tune and we're going with it this week"...Bob Rose, KFMQ, "'Der Kommissar' has generated a wave of positive calls on our Modern Music show, so we put it in this week"...And from Kid Leo, "Finally convinced on After The Fire's version"...New on WSHE, WIOT, KFOG, WYMX, and three more.

"SAY YOU WILL", BLANKET OF SECRECY, WARNER BROTHERS

Another slow but consistent builder erupts with a super hot add week. New on WCOZ, WQXM, KLPX, WAAF, WLVQ, WYV, KZEL, WBRU, KWXL, and KFMX...To get a handle on where this one stands at radio, we ran the Checklist and came up with 11 building, 7 maintaining, and 1 dropping. Builders: WQXM, KWXL, WPYX, KILO, WIOT, WILS-FM, WAAF, WBRU, WQBK, WZZO, and WYV...Dig this--35 of 64 not playing are considering. "Say You Will" is definitely a comer.

"THE WALLS CAME TUMBLING DOWN", THE CALL, POLYGRAM

Again we call your attention to this more or less overlooked very strong track. New on WXRT, WCMF, WAER, and WQBK...As WCMF's Dave Kane says, "We're all agreed that the Calls is a great record. 'Walls' is an engaging little number with a melody so strong you can't get it out of your head".

"COME ON EILEEN", DEXYS MIDNIGHT RUNNERS, POLYDOR

Debuts pushed it back a notch on the Index, 46-47, but the Metro build intensifies, 46-43...New on: WPDH, WQBK, WPYX, KEZO, and WDEK...Increased play on KBCO, WDHA, WOUR, KNAC, and WHFS...Top 5 requested at WQBK, WAAF, and WOUR...With heaviest spins on WZZO, WXRT, WPLR, KMET, WBCN, WMMR, WAAF, and KPRI...Comments: Greg Gillispie, KEZO, "'Eileen' is so hook laden I can't quit singing it. Guess it brings out my true Irish heritage"...Ted Burton Jacobsen, KKRQ, "'Eileen' is a runaway smash. Simple as that"...Greg Torrington, CHEZ-FM, "The phones are coming through for Dexys"...And Bob Welch WPYX, "We played it once last week and the phones lit up and haven't stopped."

"THE FANATIC", FELONY, EPIC

Spreading nicely with new air on WILS-FM, KILO, WSHE, KWFM, KKRQ, KWXL, and KLRB... Why did KILO add it? Art Phillips says, "I can't get that silly song out of my head. So, let's see what Felony can do on the air"...Brian Krysz says, "It's generating more phones than any debut act in recent memory"...And back to Kid Leo, who's been on the record for three weeks, "It's getting reaction--some bad, most good, and it seems to be a record that people actually dig."

BERLIN

"PLEASURE VICTIM" #4 Most Added with 33!

INCLUDING: KAZY, KBPI, WGRQ, KFOG, WMMR, WSHE, KTXQ, WDIZ, WAQX, WHCN, WQDR, WCMF, WIOT, WZZO, WLAV-FM, and many more!

Radio is wild for it!

Bob Bittens, WHCN: "Sex, drugs, and rock and roll, eh? Well, drugs are kind of expensive, rock and roll has gotten a little boring but sex will always be relatively cheap and exciting. That's why Berlin is a natural."

Bob Welch, WPYX: "I'm sleeping with the Berlin record. 'Sex' is the best I've had in weeks."

Jeff Riccio, WHJY: "This is a wild record. 'Sex' is a strong cut but not the only cut. 'Masquerade' and 'The Metro' are doing strange things to people here at the station."

Amy Dahlman, WAQX: "Berlin's answer to Masters and Johnson makes 'Miracles' and 'Love To Love You Baby' sound like Donnie and Marie."

Buck McWilliams, WIOT: "Berlin's 'Sex' brings in angry letters from women's organizations and megaphones from radio listeners who've either heard it or heard about it."

SUGGESTED: "Sex", "Masquerade", "The Metro"

Slowhand is back!

"MONEY AND CIGARETTES"

Out of the box on 76 stations! #2 Most Added!

NEW: WCOZ, WPLJ, KAZY, KDWB, WNEW-FM, KBPI, WQFM, KSHE, WMMS, WMMR, WRIF, WLLZ, KGON, DC101, KSJO, KTXQ, KQAK, KOME, WAPP, WKLS, KGB-FM, and many more!

Kid Leo, WMMS: "Clapton has a new lease on life with the new record label. While old Slowhand has slowed down he still can't find it within himself to have a fast, furious burst of fingers a la 'Ain't Going Down'."

Mike Wolf, WQFM: "His guitar work seems to get better with age as witnessed on 'Ain't Going Down'. This is the best thing he's done since his double live album."

Bob Rosel, KFMQ: "This album is terrific. Proof that all music doesn't have to be synthesized or 100 mph to sound great."

Dick Blackmon, WOWD: "I haven't heard such fire from EC in a long time."

Brian Taylor, KQDS: "This guy's roots are in blues. Slowhand satisfies on this one."

KEY CUTS: "Ain't Going Down", "The Shape You're In"
and the single "I've Got A Rock And Roll Heart" #35

This week's "Wotta Guy" award to KMET's Hugh Surrat for cheering up Kareem. "I didn't even know his house had burned down. I was sitting with Ted Habeck eating a Big Weenie (Editor's note: Local 4-star restaurant), reading the sports, and saw that Kareem had lost 3,000 jazz records, which was approximately the same amount I had boxed up after cleaning out the music library. So, being a Lakers fan, it's very important to me Kareem has his head screwed on right since he has to play with Moses. We don't need no migraines so I called the Lakers office. At first, they thought I was some crazy. Since our country AM KLAC broadcasts the Lakers games, I had Charlie Cook, our AM P.D., call their office and I ran it down. They got back in 15 minutes and said that Kareem liked the idea.".....Hmmm. Maybe we ought to raid Kal's backroom for Moses' favorite artists.

A staff change at WBCN, Boston: Carter Alan is now doing 6-10PM, and Albert O. is now doing 2-6AM.

We picked up a number of yuks on the Abrams listener/music categories we printed last week. Our statistician Ed Dalva came up with three more categories of listeners we thought you'd enjoy:

1. The Intelligensia...Usually in their 20's or 30's. Idolizes Joni Mitchell. Thinks Laurie Anderson is really happening. Reads Robert Palmer's reviews in the New York Times. Really digs the Roche sisters. Enjoys the MacNeil Leherer Report. Cannot stand "American Bandstand", but watches "Soul Train" to see the latest Negro dances. Known to still own a few Bob Dylan records, although will not always admit it. Thinks the Europeans are light years ahead of us.
2. The Young Divorcees. As they spend a lot of time outside socializing, they have a need to identify with the music that is played at their favorite haunts. Although Gloria Gaynor's "I Will Survive" is not standard fare on all jukeboxes anymore, they identify with that lyric, such as "Gloria" by Laura Brannigan. Other favorites include "Celebration" by Kool And The Gang, "I Don't Love You Anymore" by Teddy Pendergrass, anything Barbra Streisand or Lionel Richie are associated with, and "Sailing" by Christopher Cross. Likes to entertain with Bolero and Grover Washington, Jr.
3. The Burnout.....An unfortunate leftover from the 60's. Still listens to well-worn copies of the Doors, Airplane, and Moody Blues. Prefers avant-garde music of today, such as Phillip Glass, Robert Fripp, and Brian Eno. Does not care or has not heard of Toni Basil. Does not enjoy John Cage; he is better left to the Intelligensia. Will not admit they ever over-indulged with too many chemicals, however this type is easily discernable by their jerky movements and rolling eyeballs.

Radio Action

WDVE, PITTSBURGH, PA M.D.-RON NENNI: "'Mr. Roboto' from Styx is #1 requests this week. Glad to hear Styx keeping abreast of the 80's, but the song could burn out quickly. We need more material from the album soon. And we have had some negs from diehard Styx fans...Journey's 'Frontiers' is their biggest rocker Lp to date, and we've had excellent response to 'Chain Reaction', 'Edge Of The Blade', and 'Back Talk'...Best new music I've heard this week is from INXS. Giving us a good full sound and quality vocals, almost like a modern Moody Blues vocal style. We'll be looking forward to the whole album... 'Mexican Radio' from Wall Of Voodoo is very compatible for our sound. We've received immediate response... There's no question that U2 is ready to explode. They were ahead of their time, and some other successful new bands over the recent past have paved the way. We're plugging in the import 'New Year's Day', and 'Sunday Bloody Sunday' from the album is a great song, too...We're considering: Berlin. 'Sex' would undoubtedly be a big teen request item, but I think 'Metro' is the best song on the album...Also looking at: 'Der Kommissar' from After The Fire. It is a #1 song...Other future considerations include: 'The Walls Came Tumbling Down'; Modern English, 'I Melt With You'; Thompson Twins, 'Love's On Your Side' and 'Lies'; and, the Dire Straits Ep is terrific...Also, Robert Hazard is doing very well--all positives on 'Escalator Of Life'...By the way, our listeners are accepting the modern music slowly but surely. Example: Thomas Dolby was initially a disaster, then it went to 50/50, and now mostly positives on 'Blinded Me With Science'. Also using 'Submarines' at night...Def Leppard debuted at #4 in sales; Saga is now up to #3; Missing Persons #5; #6 Journey with the initial stock; Night Ranger busted wide open from 16 to #7; and, Triumph holding up well in Top 10...The B'zz are buzzing--#2 requests this week, and we're seeing a bit of sales activity. Really stands out on the air...Def Leppard is a big #4 request item, mostly for 'Photograph'. It seems that more than the cult are calling for it, and of course, the rockers are delighted with 'Rock Til You Drop'...Bryan Adams 'Take Me Back' is off to a great start with phone and retail interest as well...We're very seriously considering: Dexys Midnight Runners 'Eileen' is a contender."

KGB-FM, SAN DIEGO, CA M.D.-TED EDWARDS: "Top of the list: Journey. I feel this is a mo-fo from the word go. Easily their strongest effort to date. We'll go with: 'Chain Reaction', 'After The Fall', and the single...Next up: Art In America. Isn't it refreshing to hear a creative new sound out of an American band??? We'll start with 'Loot'...Speaking of fresh and creative, we'll also go with Modern English this week. I really feel that 'I Melt With You' has a lot of potential...We'll also throw in Billy Squier's live Ep this week and 'She's A Runner'...We'll even put in that old guy, Eric Clapton. It seems he has a few good licks left. 'Ain't Goin Down' is our choice...That's all this week from beautiful downtown San Diego."

RADIO ACTION CONTINUED

WYNF, TAMPA/ST. PETERSBURG, FL M.D.-RON DIAZ: "'SEX', I've fallen in lust again. Terri Nunn of Berlin is one hot lady. She sounds a lot like Chrissie Hynde, a sneering badass bitch. I'm ready to be a 'Pleasure Victim'. This record could be another Clash, Flock, Duran type smash. The vocals alone grab you. Is it horny in here or is it just Berlin's 'Sex'?...Other tunes turning me on: 'Promised You A Miracle', Simple Minds; and, a track from Shari Ulrich called 'Mad Money' on MCA. March Edgar tipped me to this one, and right from the first listen it sounded familiar, yet it has a modern feel...We went another track deep into the Def Leppard record. 'Too Late' sounds like another 'Heartbreak' to me... Records that are steamrolling here at 95YNF are: Frida, Triumph, The Gator Rocker, and Tom Petty (shows no signs of letting up--the track happening now is 'Straight Into Darkness')."

KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON: "Sales: #1 Def Leppard, #2 Men At Work (first time out of the #1 position), #3 Stray Cats, #4 Hall & Oates, #5 Duran Duran...Requests: #1 Men At Work, #2 Devo, #3 Missing Persons, #4 Duran Duran, and #5 Def Leppard...Also good calls on: Thomas Dolby, 'Science'; and, any new Journey...Speaking of Journey, it seems to me everyone's overlooked the best song on the Lp, and that's the title track. It's the one that takes Journey another step into the future, the one that's the most adventurous, and after repeated listens, the one with staying power. 'We all need new frontiers' and this time Journey has captured that feeling more than ever before...I must admit I wasn't too excited about the prospect of a new Styx record, but once I heard 'Mr. Roboto' I was hooked. The video is great, too. It's fun to see a robot with a smile on its face for a change...Thomas Dolby's 'Science' sounds like a hit to me...February is here, KGON is 9 years old, and you can bet we'll be celebrating the entire month. We welcome calls from any artists with birthday wishes. Anyone else 9 years old???"

KQRS, MINNEAPOLIS, MN M.D.-JOE FOLGER: "This is my last report. I'm leaving the Great White North to become a wrangler--the cowboy kind of guy I am. I'll be the M.D. at KEGL, Dallas. Hope to stay in contact with all the music people I've met in the past few years. I'm leaving KQRS in the very capable hands of Lynn Wells. So take it away, Lynn"...**LYNN WELLS:** "It's been a real pleasure working with Joe. He leaves KQRS with our respect and best wishes. So like, take off already!...Music adds this week include: Thompson Twins, 'Lies'; Robert Hazard, 'Life'; Styx, 'Mr. Roboto'; and, Journey... Seriously looking at: Felony's 'Fanatic'...I'm looking forward to my new position with great enthusiasm and a real commitment to the continued success of KQRS. Hope to talk with you soon."

WQFM, MILWAUKEE, WI ASST. P.D.-MIKE WOLF: "With the release of 'Frontiers', it's become quite apparent that the key to Journey's success is consistency. While the quality of other group's music goes through peaks and valleys, Journey maintains the same high caliber, album after album. Journey is one of the few groups recording today that can sound good both doing ballads and straightahead rock and roll. While the natural tendency of most multi-platinum groups would be to lay back and become complacent, such is not the case with Journey. In fact, they sound more vibrant than ever...Talk about laid back, it was nice to hear Eric Clapton's new album. His guitar work seems to get better with age, as witnessed on 'Ain't Going Down'. This is the best thing he's done since his double live album...Let me add my name to the growing list of programmers who are excited about the new Bryan Adams Lp. Unlike most albums which have only one good track, this one's got 3 or 4 great songs. This should be the one to bust him wide open on formats outside of album rock, also...Sorry to hear of the demise of Ilyse from WRXL. Ilyse, keep your chin up, 'cause you're still one of the best in my book."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "Amid all the talk of modern rock elbowing out more mainstream music, along comes Journey with one of their richest efforts. After the single, 'Chain Reaction' is our pick, with 'Rubicon' and 'Edge Of The Blade' next in line. 'Send Her My Love' and 'After The Fall' are the outstanding softer tunes. It's an album filled with finely and meticulously crafted gems and it deserves acclaim as much as any of the latest skinny-tie phenomena...While I'm in a reactionary mood, let me sing the praises of The B'zz 'Get Up Get Angry', which proves that there will always be a place for great visceral rock and roll...Billy Squier's 'She's A Runner' benefits from the live treatment. The tempo's a tad quicker and the band sounds fuller. Smart move on Capitol's part to keep the 'Emotions' album alive...Def Leppard have my fave rave of the week with 'Photograph'. They prove conclusively that the power of metal can be happily wed to monster hooks. We're also on 'Rock, Rock Til You Drop'. And I agree with everybody who said that 'Too Late For Love' will also be there in the homestretch...Be on the lookout for INXS on Atco. A few listens indicate a band with genuine commitment and intelligence...Maybe the most under-hyped record of late is The Members 'Working Girl'. Don't let its quiet excellence slip by you...Congratulations to: George Meier on his new post. George is a man of genuine vision. Other than starting up Walrus again, this is the best move for him...Thanks to: Howard Lesnick at EMI for his help above and beyond the call of duty."

KBPI, DENVER, CO M.D.-KAREN ALLEN: "It's good to be back after a two-month vacation. Actually, I was working very hard taking care of my new baby, Elizabeth. I've also been trying to catch up on all the good new music--and there's a lot of it...Here's a hot tip from the baby: Ultravox is phenomenal! There isn't a song on the album that I don't like. We'll be trying out a few of the cuts as time goes on...Same goes for: Simple Minds and Art In America. Look for us to come in on those soon...Since I came back, Berlin knocked me off my chair. The 'Metro' creates a great atmosphere and has worked very well for us...And finally, you can now get ahold of me Monday thru Friday 9-5."

WXRT, CHICAGO, IL M.D.-JOHN MRVOS: "Two concerts this week that showed me once again the breadth and depth of what we call rock. Monday night, Neil Young performed solo in a soldout WXRT show at the UICC Pavilion; the crowd cut across what appeared to be three distinct generations of Neil Young fans. What they saw was a very well-produced show which showcased Neil's past gems with his new computerized 'look'. The chilling highlight was what he called his only folk song 'Ohio', performed with a video of Kent State as a backdrop. Audience response was incredible...Last night's entertainment, also solo, was that excitable boy Warren Zevon. About the only comparison that could be made between the two shows was that they both performed solo. As much as I wanted to hear the band come crashing through, Warren's intensity held me riveted. He wailed through a 90-minute set with the help of a 6-string and a 12-string guitar and a highly spirited performance on the piano. Catch both these shows coming your way...Hitbound adds this week: The Call, Thompson Twins, Ultravox, and Hot Chocolate... Hot Hots: Culture Club, Dire Straits Ep, Thomas Dolby, Simple Minds, Greg Kihn, and Ministry."

WCOZ, BOSTON, MA ASST. P.D./M.D.-PAUL LEMIEUX: "Farewell and best of luck to my good friend Andy Beaubien, who departs WCOZ as P.D. to take the same position at KSRR in Houston, Texas. Andy's move will become effective February 13th. The last two years here at WCOZ have been a pleasure for me, working with someone as knowledgeable and experienced as Andy. I know he'll knock 'em dead in the Lone Star State. Somebody please get him an 11-gallon hat like Lee Michaels."

WSHE, MIAMI, FL OPERATIONS MANAGER-DAVE LANGE: "Stuck in the car cassette player: Thomas Dolby. Even though 'Science' is getting lots of adds, I really like 'Submarines' a lot more, and the three tracks on the other side are gonna be in heavy consideration as this continues to build...The Fixx is really starting to come home...Art In America looks like an easy winner, especially the title track and 'Undercover Lover'. That track may be a little soft, but it has tremendous crossover potential...There's a certain magic in After The Fire's 'Der Kommissar' that makes it stick to your eardrums...There's a lot of interesting things on this Berlin album. Although 'Sex' looks interesting, we felt that 'Pleasure Victim' would blend right in with what we're doing...Also like the Spoons record. 'Nova Heart' stands out right away, but I think there's more here...One of the more unique tracks on Journey for us is 'Frontiers'. A totally different beat for the band."

WMMS, CLEVELAND, OH M.D.-KID LEO: "So I was wrong about the Super Bowl--but not about Bryan Adams. How come everybody remembers when we're wrong and don't remember when we're right? Bill, I know KROQ has been playing Berlin for quite some time, but if you check our playlist, you'll find we've been on it for four months as well. In fact, we gave the band the first inroad into what is called the Heartland of America. At least the band is thankful--we've gotten calls from management...We also were on Duran Duran out-of-the-box way back in June or July. Yes, we believe in new music, but more than that, we believe in good music...Clapton has a new lease on life with the new record label. And while old Slowhand has slowed down, he still can find it within himself to have a fast furious burst of fingers--a la 'Ain't Goin Down'...Finally convinced on the song 'Der Kommissar', and After The Fire's version at this point has the lead. However, we're toying with the idea of going back to the old golden days of Top 40 rock and roll and playing the various covers and having what amounts to a battle of 'Der Kommissars'--with Falco and Suzy Andrews... 'The Fanatic' from Felony is getting reaction. Some bad, but most good. It seems to be a record that people actually dig...The Members maintaining nicely. With concentrated effort nationally the song could take off...Increased play: Ric Ocasek -- starting to see sales; Schon/Hammer (in the end it'll be overshadowed by Journey, but for the time being the new album is helping it); The B'zz--great response; and, Red Rider--a slow builder, concert here mid February."

WEBN, CINCINNATI, OH M.D.-CURT GARY: "Hey, lots of new stuff--let's start with Chilliwack. Passed over the album version of 'Secret Information', but the remix is real punchy and comes right out at ya. Don't think this will be a secret too much longer...Saga had a real nice run here with 'On The Loose', so we'll see if we can't keep it going with 'Wind Him Up'...We re-added the Pretenders, 'My City Was Gone'. Lots of phone action, and I wouldn't be surprised if we didn't spread play back to 'Chain Gang' soon...Other records we're spreading deeper: Men At Work, 'Be Good Johnny'; Duran Duran, 'Rio'; and, Seagulls, 'Space Age Love Song'...Surprising to note that after all this time, The Fixx's 'Stand Or Fall' is starting to gain a whole lot of recognition...And I can't say enuff about Golden Earring. I anxiously await their U.S. tour...After you've gotten over the Journey single, check out 'Send Her My Love'...The B'zz 'Get Up Get Angry' is getting some early phone action from fairly limited airplay. I think it's a solid street song...Def Leppard is real hot. 'Photograph' just grows on you every time you hear it. 'Too Late For Love' will probably be the 'Bringing On The Heartbreak' of this record...We opened up the Bryan Adams with a tune called 'This Time'. It didn't seem to be working, so we switched to 'I'm Ready' and it just jumps out of the radio...Night Ranger still showing real good retail action following their show three weeks ago...Lots of negs on the Neil Young. 'Mr. Soul' does not seem to be attracting the attention we expected. Funny thing is his show was just announced at the Coliseum this week and the phones won't stop asking about concert info. It's not over for Neil...I was hoping this would be the week 'Ferryman' would explode for Chris De Burgh. Maybe I'm just rushing it a bit, and I think in one more week the audience will finally catch on. I think it's a hit song...Considering: Felony, 'The Fanatic'."

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record Of The Week: Dire Straits, 'Twistin' By The Pool'. This ROTW is dedicated to the WB Promotion staff and Dire Straits' Management for trying to figure out Mark Knopfler's next move. From a 14:55 'I will absolutely allow no edit' 'Telegraph Road' to a 3:30 Stray Cats salute--who can figure this guy? Oh yea, and he won't tour either...Bryan Adams is my life. If my comments are limited this week it's because I literally have been unable to take his latest off the turntable. This could be subtitled Canadian Fool for 1983. I applaud the 'christal listener' package, nice graphic and art work, informative and concise--a good intro to these new records...The early reaction to Def Leppard's 'Photograph' indicates crossover acceptance, perhaps in the upper demo range... Well, everybody in Chain Reaction is on 'Chain Reaction'. Journey obviously knew how to stroke the Editor with the lead track being, of course, his choice...Look for another taste of the Divinyls to be mailed this week in the Sheet...I like Robert Ellis Orrall almost best of all that Front Page stuff. Not to negate any positives on the Thompson Twins 'Lies'. I want to like it because I see the honest dedication on Arista's part, but I'm also hearing it as a record that never would have been pushed three years ago."

WMMR, PHILADELPHIA, PA M.D.-LISA RICHARDS KENDALL: "This week brought us another blockbuster rock and roll album from Journey and a triumphant comeback from Eric Clapton...Yes, Journey has the Midas touch. I foresee another gold one, and it couldn't happen to a better bunch of guys...Eric Clapton-- On 'Money And Cigs'. Aside from 'Shape You're In' and 'Slow Down Linda', we like 'Ain't Going Down'... Which brings me to my fave rave this week: Berlin. We're starting with the inescapable vocals of 'Masquerade', but in the inimitable words of John DeBella, 'Sex sells better than anything on the radio. My whole career is based on it.' Needless to say, John likes 'Sex'...Speaking of DeBella, our early morning whiz kid, the original Screamer Of The Week is back!! This week it's A&M's Simple Minds. Without further ado, here's DeBella: 'Well, A&M says 'Promised You A Miracle', Mr. Hard says 'New Gold Dreams', so I have to go with 'Glittering Prize'. What this all means is you can't avoid this record. You've got to be able to find a great song! Back to you, Lisa'...Oh, by the way, DeBella says, 'Hi, Leo'... One record that's having great success here since the Michael Tearson debut on Gorilla Theater is the Thomas Dolby 'Blinded By Science'. It sounds smashing on the air...Paul Barrere's latest is not only receiving phones, but letters as well...We've been behind the Thompson Twins since Randy Hock's early tip in December and their soldout show at the Rip. 'Lies' is a crossover smash hit...FLASH: Enjoyed Jeff Backer's visit today...Another record to be very aware of is the Gary Private 12" 'Lonely Hearts'-- wish I had room. The hotly mixed production alone will kiss you, and it never stops punching out the riffs and synthesized melodies. Listen to it loud. Allen, you've picked another winner...I was ecstatic to see Philly's Robert Hazard's 'Escalator Of Life' debut at #84 on the Song Index. This song will escalate to the top. WMMR has been pounding it for one solid year and a half and the demand has not subsided by one phone call!!...Records I will not stop talking about: Dexys Midnight Runners, 'Come On Eileen'; Neil Young, 'We Are In Control'; Phil Collins, 'Like China'; and, The Call, 'Walls Come Tumbling'."

KSHE, ST. LOUIS, MO M.D.-JACK SILVER: "My favorite song of the week is: 'Slideaway' by Single Bullet theory. Fine new rock...Whatever Journey did to Steve Perry's voice was a smart move. It adds a new dimension that I really like. The cuts that stand out to my ears, in addition to the single, are 'Chain Reaction' and 'Edge Of The Blade'...On the Clapton, our lead cuts are: 'Ain't Goin Down' and 'Shape You're In'. The whole album is tasty as hell...Chris De Burgh continues to paint a visual picture on the air like no other song I've got in current rotation. I'm real excited about this track and hope it'll be as big as I think it could be...The KSHE on air excitement over Bryan Adams has translated into quick retail--debuted at #39 in sales, which is quite a statement here in St. Louis. He's also scheduled to open for Hall & Oates. I'm vowing to make this a Top 10 seller here...The 'Hendrix Medley' on the new Soft Cell has got to be the ultimate irony. Here we find rock groups from the future performing the rock of the past. Is this track dinosaur rock? No way!!!...Personal to Buck McWilliams: You've gotta quit dating those pigs. Try some other barnyard animals--how about a sheep???"

WGRO, BUFFALO, NY M.D.-BILL WESTON: "Instead of clouding your vision with 80/20, 70/30, and 50/50 ratios, try 20/20. Take a look at your listeners' responses over the past week. In 10 days, 97ROCK has yet to receive the comment 'What happened to your C-2's?' Really, no response about the lack of oldies, but a very noticeable surge in requests for the hot new songs. Plus, it's fun to be on the air again...Very heavy requests, all ages, for the Styx single. Their image isn't as wimpy as we think... The other hot phone item is the Journey Lp. All comments very supportive. Smith's drums and Schon's guitars are right up front with Perry's vocals. Perfect chemistry and perfect timing...97ROCK's concert with Missing Persons is sold out and 'Spring Session M' is selling Top 10. Can't wait to see Dale's coconut shell brassiere...More sex and rock and roll--Berlin. A cautious add. We'll closely monitor phones on this one...Very happy to get back on the 'Night And Day' album. Wanted to go for 'Real Men', but had to settle for 'Another World'. Please come to Buffalo, Joe!!!"

KZOK, SEATTLE, WA M.D.-CRAIG MARTIN: "Maybe this is the Journey album that should have been titled 'Departure', because compared to their last couple of albums, it's definitely that. As far as reaching new 'frontiers', I'm not sure. What I do know is this is the first Journey album to show that these guys can rock and roll. It comes as no surprise to anyone familiar with the band. We were just wondering if they ever would rock again after finding success in MOR heaven, but they're rockin' on 'Frontiers'. The single 'Separate Ways', 'Chain Reaction', 'Rubicon', and 'Back Talk' all kick ass; and, the overall feel of the album has a lot more guts to it than anything they've ever done...Eric Clapton opened his North American tour in Seattle last night at the Paramount Theater, a beautiful old 3,000-seatter that was the perfect setting to see Clapton. Eric and his band, featuring Duck Dunn, was fantastic as they went through a set of post-Cream material. All the hits were there, including 'Layla' and 'Let It Rain', as well as a good dose of material from the new album. Eric is such a great guitarist, he makes it look easy. That may be the only criticism of him. Maybe if he were just a little flashier he might be able to reach a younger audience. I'm sure Eric's not worried about it because his audience is already pretty large. And if you're a part of it, you'll enjoy 'Money And Cigarettes' and you won't want to miss him when he hits your town, especially if he's playing a smaller hall (like he did here in Seattle). Eddie Van Halen would have left the place drooling."

KQAK, SAN FRANCISCO, CA P.D.-BELLE NOLAN: "Just when I was starting to dry out from the Convention--Pow-ee, rain, rain, and more rain. Guess that's one way to get things growing here in the Bay Area, including the nurturing of some very happening artists...Tonio K. Capitol, my faith in you has been renewed. You have reservised radio with a few spicy Tonio K. offerings from his mini album. Don't drop the ball there, work that sucker to death. Ecstatic to find out that 'I Handle Snakes' will be on the next Tonio K. Capitol release, but whoa--not yet. Let's get back to his latest project first... Robert Hazard's 'Escalator Of Life' is an absolutely irresistible tune and prompts our staff to respond in chanting...Here's one fan who definitely misses the patter of Little Feat. Nice to have Paul Barerre carrying on the tradition...Had a chance to listen to the U2 thanks to Michael Abramson. They've refined their sound to meet rock radio's new criteria, yet have maintained their integrity as first-rate musicians. It's great watching this band grow...Duran Duran must be the fastest burning record we've ever seen here at the KQAK. It's a direct result of heavy airplay on five stations and oversaturation on MTV...On the other hand, The B'zz could be the fastest growing tune on AOR. Monster city...Here comes the 'fess up'. Even though I've admired their organization and have nothing personal against the band, Journey has not been one of my favorite rock groups. But geez, who could deny the power and impact of 'Frontiers'? I'm especially partial to 'Send Her My Love'--a smooth, sensual, mature-sounding love song. For our smoker, we'll take 'Edge Of The Blade' in addition to 'Separate Ways'. Thanks, Journey, for sparing me the wrinkles...Added the Heaven 17 and also the wry Randy Newman...Can't wait for the Marty Balin. He'll give you the Airplane sound that Starship couldn't without him."

WBCN, BOSTON, MA M.D.-MARC MILLER: "To Hugh Munoz at The Channel regarding last week's comments: If you would get the shit out of your ears and turn on the radio and stop looking at charts, you'd realize that you didn't know what you were talking about. As it happens, Culture Club's 'Do You Really Want To Hurt Me' has been the most played song at WBCN for the past five weeks, and that's how long the record has been out. We also added Duran Duran out-of-the-box the first time. And, if you would stop being so damn elitist, you might like Red Rider and Sammy Hagar...Enough name calling, now onto the music...The Simple Minds records sounds great on the radio. Check out: 'Glittering Prize'...And don't miss the Thomas Dolby Lp...Album of the week goes to: Journey. It's almost hard to believe that these guys keep getting better and better...Fun add of the week is: Malcolm McLaren, 'Buffalo Gals'. Oedipus would like to thank all concerned for setting up the meeting with Malcolm...And now here's **DANNY SEZ:** 'So there I was with stacks of records to listen to and I put on Sound Barrier. Wait! Hold on! Could it be? Yes, unpretentious heavy rockers. These guys can play and then some. Check out 'Nobody Cares' and 'Rock On The Wild Side' and be the first in your town to break the Sound Barrier... Vinyl heart throb of the week goes to: Dire Straits, 'Twisting By The Pool'...Back to Sparky'...A quick staff change here: Carter Alan is now doing 6-10PM, and Albert O. is now doing 2-6AM."

WKDF, NASHVILLE, TN M.D.-DAVID HALL: "Kiss played to a packed house at Municipal Auditorium Sunday night, even though they had to compete with the Super Bowl. KDF's airplay of 'I Love It Loud' obviously had a lot to do with it, because I hear the concert isn't selling well in markets with no new airplay on Kiss. It worked well for all concerned here...The Bryan Adams album is loaded with killer cuts. Singling out one to play is impossible, so we went with two, and I'd like to play everything on Side One before the year is out. It's time this 'unknown' Canadian talent got the platinum reception he deserves... The Journey album is strange. Why is Steve Perry's voice buried in the mix? I don't know if there's much life in this one past the single...Eric Clapton has more rock and roll in his heart than on his album, but there is some tasty stuff here reminiscent of '461 Ocean Blvd.'...And, finally, getting some good, early phones on the new Styx single."

WAPI-FM, BIRMINGHAM, AL M.D.-JOANNE PETERSON: "Lots of good music for you this week, and lots of good adds...Eric Clapton's album is strong through and through. His best in a long time...Journey--another good one for Journey fans...Also added: Styx 12", Bryan Adams, Psychedelic Furs, and Re-adds on Glenn Frey and Don Henley...I went to see The Members this week; lots of fun and great music. This band knows how to grab an audience. 'Working Girl' is going to be a smash...Top phones: Michael Jackson, Frida, Journey, Duran Duran, Men At Work...Golden Earring continues to grow in both phones and sales... Men At Work returns to heavy this week with 'Be Good Johnny' and 'Underground' in Medium...Top sales: Hall & Oates, Michael Jackson, Men At Work, Bob Seger, Duran Duran, Stray Cats...Looking forward to seeing a lot of folks at the South-East Radio/Record Conference next weekend here in the 'Magic City'."

KTXQ, DALLAS, TX M.D.-DRAKE HALL: "Jesus! It's good to be here in the 80's with you wonderful people. Since everyone is so modern rock crazy, we have joined the pack. We have a new wave recipe show every morning and the jocks on the show do a stream of consciousness rap over a drum machine--a la Laurie Anderson and Human League...In an effort to insure our hipness quotient with the rest of the country, we added Berlin's 'Sex'. This song still scares me, but 'I'm A Slut', 'I'm An Axe Murderer', etc., of course, will be a hit here...Also, for our 55+ listeners we rolled the Clapton. Everybody's out to make a change. The old Sleepy John Estes tune is great, and it's nice to hear Eric bend a few strings on 'Ain't Goin' Down' which I'd like to dedicate to the JAPs of America...Also, kind of like the Journey album. Just when we were ready to put the last nail in the coffin they rear their ugly heads. We're playing 'Trouble Child', 'Chain Reaction' and the title track...Having great success with Ric Ocasek's 'I Can't Wait'. That's a hip hit record..Ditto for Art In America's title track...The Greg Kihn single is getting phone calls through the roof, but the biggest phones by far is for Def Leppard's 'Photograph' and 'Rock Rock'...Tony Carey to heavy rotation this week. This is a hit."

RADIO ACTION CONTINUED

WQXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM: "Thomas Dolby is pulling phenomenal phones even though we've only been playing it about a week now. The phones are coming from just about all demographics, male and female, and the comment is usually, 'God, what was that song?!' It's 'One Of Our Submarines', and it definitely is rock in the 80's. You ought to think about it if you haven't already...The Members are also pulling some nice phones. The hook on 'Working Girl' is just too good to pass up...Hats off to Styx. 'Mr. Roboto' is a definite move forward for the band. I can't wait to hear the album...
Saleswise: Def Leppard did very well this week at #9 on the Sales Index; Missing Persons moves 9-5; Phil Collins up to #3; Duran Duran #2; and, Men At Work continues to be #1...If you haven't already, check out 'Underground' from Men At Work. Sounds real good on the air...I'd like to give belated thanks to both Les Cook and Brent Alberts. Great seeing you guys at the Convention and I hope to see you again, soon."

KYYS, KANSAS CITY, MO M.D.-RANDY RALEY: "When I walked through the doors of this building after being gone for six months, the excitement that this place generated overwhelmed me. We're thoroughly committed to working with new music, and I must say that, for me, it's a very exciting feeling...We're going on Thomas Dolby's 'Submarines' because we think it's an outstanding record."

WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-BRUCE BOND: "I was in a club last night and, believe it or not, the video that was on MTV was more important to the men than their girlfriends, and vice versa. (I had seen the video three times that day, so I was checking out the ladies...)...I feel like creating more enemies...
'Ears' Feinstein picks Motley Crue. Whew! Build up those teens' ears...Thanks to the local record store for our station's getting the Journey Lp a day after other radio stations. That's okay, Herb, I'm not pissed; personally, I don't think this band has too much of a future anyway. That's just my opinion, of course. (Remember what happened to REO.) On second thought, maybe I shouldn't create enemies with all the job openings right now!...And now, a couple of thank you's: Thanks to Kal Rudman and Matty Singer for the interview. Thanks to Denny Somach Productions for the video night...Thanks for a 4-hour airshift in the middle of the day. Yes, I'm on-the-air now from Noon til 4PM, and I'll be taking calls before and after. The adds are ready at 9AM on Wednesday, unless you know our hotline number...Bill Hard, you are wrong about the song 'The Fanatic' by Felony. If Lee Abrams is looking for techno-pop sounding rock and roll, Felony is on target. This is not a novelty. This is important to our 80% New Music rotation and, thus, my projection. By the way, Art Kornfeld and Rita are not paying me to say it." (Editor's Note: We put it in Chain Reaction three weeks ago and again last week; obviously, we think it's a valuable record. I maintain that it will burn quickly--and, 'if you believe', where's the official ad?????)

WPYX, ALBANY, NY M.D.-BOB WELCH: "Adds This Week: Art In America, Chris De Burgh, Dexys Midnight Runners, Robert Hazard, Styx, Journey, and Billy Squier...We finally went on the Dexys record this week. We played it once last week, the phones lit up and haven't stopped...I love the Chris De Burgh record. It jumps out of the speakers. Really fine production by Rupert Hines--this guy's on a roll. It's still early, but we expect both phones and sales on this record...Our #1 requests is Def Leppard's 'Photograph'. The album debuted at #2 in sales last week and the phones are hot about a tour...Speaking of hot phones, our #2 requests this past few weeks has been the mellow metal from Vandenberg. Everyone likes this. Can't wait to see him with Ozzy...The new Journey sounds several cuts deep to me. 'Separate Ways' is in heavy rotation and phones are heavy...We're looking at: Soft Cell and Berlin for next week. I'm sleeping with the Berlin record. 'Sex' is the best I've had in weeks. Hey, Geffen, how about a color blowup of the inside sleeve for us lecherous music directors? Terri Nunn has replaced or almost replaced Dale Bozio as my favorite fantasy. Bad jokes or no."

WCCC, HARTFORD, CT M.D.-BILL NOSAL: "Competition causes change. Hail, MTV!!!! Competition is healthy. It either causes your balls to grow or fall off, and if you don't have balls, well ...Research is an important tool (but still just a tool) that somehow became a substitute for ears, the real tools of our trade. If it feels good, do it. If it sounds good, play it. Long live 80/20, 70/30, 79/21, Seven and Seven, and CC and Ginger."

WMJQ, ROCHESTER, NY ACTING P.D.-MICHAEL ISABELLA: "Hey record types--whatever happened to joint radio/record company promotions? Now that radio is coming to terms with more new music, it's time to give that added exposure some muscle. C'mon, guys, let's stimulate interest in these new artists...RCA got smart and decided to put some effort into a very talented young Bostonian named Robert Ellis Orrall. The first Lp contains the ultimate paranoia anthem 'Call The Uh-Oh Squad', and this new Ep is just as much fun...Chris De Burgh reminds me of Al Stewart with balls, and 'I'm Counting On You' sounds so much like a Joan Armatrading song that I had to check the credits. Needless to say, this guy has come up with a class Lp. We'll go with the lead track 'Ferryman'...Long-term promotion of the decade goes to Warner Brothers Records for Blanket Of Secrecy. I'll tell you what, guys, tell me who they are and I'll play it."

WAQX, SYRACUSE, NY M.D.-AMY DAHLMAN: "In an attempt to help ebb the frustrations of the world, 95X puts 'Sex' on the air this week. Berlin's answer to Masters And Johnson makes 'Miracles' and 'Love To Love You Baby' sound like Donnie & Marie. The overnight jock here complained that the hole in the record was too small. That's okay, he lies about his age, too...I love the Robert Hazard. It takes a few listens to tie down 'Escalator Of Life', but in these times, it may turn into the next anthem of the human shopping mall...Amazing calls on 'Mr. Roboto'. Listeners are ready for new Styx and the Lp should be a smash...Speaking of smashes, Journey comes back once again, altering their sound just enough to garner renewed interest in these guys...Little Feat fans finally have found relief with Paul Barrere. We'll start with 'Sweet Coquette', but 'Fool For You' rates up there also...Heavyduty nod of the week goes to: Sound Barrier. 'Total Control' is a hot, driving, burned down one side, smoker! It can't go wrong...Robert Ellis Orrall has done it this time with 'Special Pain'. 'Tell Me If It Hurts' is the one for us...Retail this week shows action on: Bryan Adams, Def Leppard, Frida, and Heaven 17...Heavy requests coming in for: 'Photograph', 'Separate Ways', 'Mr. Roboto', and Scandal's 'Goodbye To You'."

WHJY, PROVIDENCE, RI M.D.-JEFF RICCIO: "This has been one of the most interesting weeks I've had for new music in quite awhile. The exceptional quality of the product is fantastic. Although we couldn't go with all the music we wanted to this week, I'm looking forward to dealing with most of it further down the road. One of the tunes we did add, though, comes from Chris De Burgh. 'Don't Pay The Ferryman' might be one of those records that might slip by your own turntable, but don't let that happen to your audience. PLAY IT!...Bryan Adams Lp, on the other hand, is so powerful that it's impossible to deny it airplay...What can you say about the new Journey record. It fooled me. It's good...A couple of records that I believe are great are the ones from: Art In America and Berlin. I think most people are unaware of how big Art In America could be. I'll admit it took more than one listen for me, but now I'm crazy about it...The Berlin record is wild. 'Sex' is a strong cut, but not the only cut. 'Masquerade' and 'The Metro' are doing strange things to the people here at the station. I'd also like to think that I'm the only one who got an autographed picture sent to me from Terri Nunn many weeks ago, but I have a feeling I'm not...One last surprise came just moments ago as I sat down and listened to the new 12" from Jon Butcher Axis. I suggest you do the same and we'll talk about it later."

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "Journey has definitely come through with a fine effort. This group has taken the addition of Jonathan Cain and pulled together the move into the 80's...Def Leppard has another dramatic week and goes into a heavy rotation...Increased response to the B'zz, Def Leppard, Saga and Night Ranger...Also getting immediate response to Bryan Adams and continued interest in Red Rider and Triumph."

RADIO ACTION CONTINUED

WILS-FM, LANSING, MI P.D.-LES COOK: "Record-of-the-Week is Journey. Who else? These guys are back in a big way! The single is a hit, and the album is packed with rock and roll. It's amazing how Steve Perry and company continue to evolve...The new Styx single is very 1980's. Lots of new rock going in this week...We're all fanatics over the new Felony...Grab a burrito, crank up the stereo, and put on Wall of Voodoo...Don't save English Beat for later. Put it on 'cause now is the time to learn Modern English. 'I Melt With You' will work...The Thompson Twins 'Lies' is a hit. Don't let Top 40 beat you on this one...We're also trying the Single Bullet Theory...On the corporate rock level, new albums from: Eric Clapton, Bryan Adams, and The B'zz...It was great to see everyone a couple of weeks ago. I think I finally recovered. Thanks to comrades Debbie Dalton, Brent Alberts, Dick Bascom, Susie Austin, Craig Lambert, Marko, Dave Loncao, Father Rick Harris, Rich Piombino, and others too numerous to mention...To Buck: Your just jealous 'cause you don't have any hair to cut, even if you wanted to. By the way, I know a guy in Lansing who does excellent hair transplants. I understand he did Boy George's hair...To Mike Bone: Thanks for the entertainment from Orlando to L.A."

WLRS, LOUISVILLE, KY M.D.-BRIAN CHRISTOPHER: "Wrap yourself up in a Blanket Of Secrecy. Warm feelings will soon follow. 'Say You Will' is great...After The Fire continues to prove itself. Phones, phones, phones...What do you mean, 'green hair or no air'? 80/20 may be rocking the boat just a bit, but remember, it's the thought that counts. The change is long overdue...Hey, man, play some 'Freebird'...The phones surprisingly nice on Frida, Clapton, Styx...While Little Red Riding Hood is packing her goody basket, her mom stops her and says, 'Honey, I wish you wouldn't go to Grandma's today. I've seen some nasty reports in the paper about the Big Bad Wolf.' 'But mom; says she, 'Grandma's counting on me! With this her mom says, 'Okay dear; but pack this .357 magnum in your goody basket.' As Little Red is trotting down the path, out jumps the Big Bad Wolf. 'Hey, bitch, know what I'm going to do to you? I'll start by tearing your clothes off. Then, I'm going to throw you on the ground, abuse you for awhile, and when I'm done, I've got three little pig buddies who are going to come by and do the same thing.' Little Red whips out the .357 and says, 'Oh no you're not, you son-of-a-bitch, you're gonna eat me just like the book says.'"

WIOT, TOLEDO, OH M.D.-BUCK MCWILLIAMS: "Mr. Bill, before you jump the gun printing market ratings, make sure you double check for accuracy. After recalling our book, Arbitron has now pushed us up to an 11.7; good for #1 in the market for the 3rd book in a row, and 7 out of our last 9...If you're not playing Greg Kihn, your book's in 'Jeopardy'. This one brings them onto the dance floor...Berlin's 'Sex' brings in angry letters from women's organizations, and megaphones from radio listeners who've either heard it or heard about it. Why didn't this come out during the last book...Perfect song to play after 'Sex', since she's asking for it, is Robert Ellis Orrall (get it?) 'Tell Me If It Hurts'. Follow that up with Clapton's 'Ain't Going Down' and Single Bullet Theory's 'Keep It Tight', and you have a steamy scenario of nothing but filth...A store in town has decided to create a sandwich after the success of 'Mexican Radio'. They're calling it an Iguana Bagel...Would be interested in hearing how After The Fire is doing in other markets where it's getting played. We love the tune and went with it this week...Went with the rockers off the Journey album, and 'Rubicon' and 'Edge Of The Blade' are as head-removing as anything Judas Priest has done...By the way, CBS, why don't we get a promotion together for the Psychedelic Furs and give away tie-died minks for Valentine's Day?...And, why doesn't Epic service us with a copy of the Warren Report for adding Single Bullet Theory?...What do Jack Kennedy, Lee Harvey Oswald, and independent truckers have in common? They all do shots...For sure, Simple Minds is next week; but, in the meantime, don't miss the boat on Chris DeBurgh's 'Ferryman'. Females have already discovered the pleasure of that song on our station, and they're telling us...So what does an Ocean City sorority girl do when she first wakes up? Walks home...Wish I could stay, but I've got tickets to a hot, new movie starring Clint Eastwood and William Shatner called 'Geek Trek'."

WKZL, WINSTON-SALEM, GREENSBORO, NC M.D.-CHURCH HOLLOWAY: "Adds this week: Bryan Adams, Thompson Twins, Re-add on The Clash, Billy Squier, and Styx...Stray Cats returns to power rotation. Their concert at Wake Forrest University was sold out within two days...There's one angle to the Modern Music debate that hasn't been discussed: The quality of the production on these tracks is absolutely state-of-the-art, so they technically make your station sound bright, fresh, and current. The guy who just sank a couple of grand into a new sound system is sure to notice. Listen to Men At Work, segued into an old Stones or Cream track, and you'll hear what I mean."

WWCK, FLINT, MI P.D./M.D.-MARK MILLER: "The Art In America story continues, with Top 5 sales this week to go along with Top 5 phones. Actually, the record could have easily done even better with more stock. As is usually the case with a new band, stores only stock a few pieces at first. All of these quickly sold out in every store, which is certainly an impressive start. The potential here is amazing. As I said before, this band could be one of the hottest in 1983. Be looking for the song, 'Undercover Lover', to explode on the Top 40 side in a few weeks. It's a ballad with balls!...Def Leppard is also doing nicely with 'Rock Of Ages' surfacing as the cut that grabs the most interest. It's one of those chant-type songs, and we all know those chants work. Just ask Joan Jett...Across-the-board acceptance on Greg Kihn's 'Jeopardy'. The boy's been knockin' on the door for years, and this time I think he'll finally break it down. Incredible female response...In the odds-and-ends department, Beth Rosengard is the world's best tour guide...Tony Smith knows what I had for dinner...L.A. from the air has got to be the 9th wonder of the world. Sunset Strip checks in at #10...And, finally, a personal note to the Boys in Detroit: It's time to become music people again, instead of computers, programmers, corporate lawyers, and phone solicitors. It would be a crime to see a new band break everywhere in the country, except their hometown, because their research didn't come back. Come on, gang, it doesn't take that long to hear a good record. They played for you this Summer, they're on your album, they blow away the competition on air tests, and now it's time to give them the airplay they deserve. You tell your listeners you're behind Michigan rock and roll! (It's not just yours anymore, it belongs to all of us.) Well, come on, let's prove it."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "Surprise, surprise, surprise! February 20th is not my last day at WRXL, TODAY is. Effective immediately, Tim Scott will handle all music calls and interim P.D. responsibilities...Thanks again for all your support, and I'll look forward to hearing from you real soon. My number is: 804-233-0999...The best time to reach Tim is 11AM-3PM, Mon-Fri at WRXL."

WLVO, COLUMBUS, OH M.D.-TIM SMITH: "#1 request item this week, by a long shot, is Def Leppard, and we quote from the PD, 'This is the rock of the 80's.'...Duran Duran also hot on the phones, and Top 5 in sales...Medium requests for: Thomas Dolby, Neil Young, Red Rider, Todd Rundgren, The Members, Missing Persons, and Night Ranger...A combination of Top 15 sales and a sell-out show here puts Night Ranger into Power...Light phones for: Psychedelic Furs, Scandal, Bryan Adams, and Greg Kihn...Young requests for Styx, and curiosity calls for Tony Carey...Had Phil Collins in town for a sell-out show. Great execution of a style of music that is all his own. The wide demographics of the audience is noteworthy. Even the 16-year-old rockers appreciated and applauded the horns and sax solos...Our audience reaction to current music is looking positive. As the airplay ratio of current-to-old increases, so have 'current' requests. The challenge in the mix presentation is up to the Jox meeting a new understanding of 1983 tastes. With the emphasis on current music so strong, the Jox have increased needs to be in sync with the records and artists they are playing. To do this, it only seems logical for them to live with the music; therefore, it's essential for all record companies to service airstaffs more efficiently. I'm not referring to an occasional cassette from a tip sheet, I'm talking complete service of records and print material to match our commitment to new music. The idea of one or two item service, followed by one fresh copy six weeks later, is history. We're moving with new music now, where are you?"

WZXR, MEMPHIS, TN M.D.-TOM STEIN: "I hear 'Mr. Roboto' is a shoe-in for the Time magazine 'Man Of The Year' for 1983. He poled #1 phones in his first week of play...What can you say about Journey? We're starting with 'Separate Ways', 'Chain Reaction', 'After The Fall', and 'Rubicon'...We finally found room for Frida, and we're getting lots of curiosity calls...'Underground' is now our 4th cut on 'Business As Usual'. Has there been a debut pop album like this since 'Meet The Beatles'?...Scandal moves into a hot rotation...At-Home favorites: The Call 'Walls', Thomas Dolby 'Science', Dexys 'Eileen', and Robert Ellis Orrall 'Tell Me If It Hurts'...Tom Petty and Nick Lowe invade Memphis this week."...**P.D.-REDBEARD:** Attention A&R! I got to see Steve Walsh and his new band, Streets, perform live at the Volunteer Jam #9. Of course, Steve was the focal as well as the vocal point for all of the great Kansas songs, and his new band really smokes. There's a tape of three killer songs that you can get by contacting me, personally, at 901-726-0060. Great music like this is just looking for a label!"

KBLE-FM, DES MOINES, IA P.D./M.D.-RON SORENSON: "This weeks adds seem to be equally divided between those which will please our old farts and young turks...KBLE has always supported Little Feat to the max, so that Paul Barrere is welcome indeed! We like 'Love Sweet Love', 'Along This Lane' and the remake 'High Roller'...Eric Clapton is another house favorite and we're quite pleased with the energy level of 'Money And Cigarettes'. It's hardly heavy metal, but it's certainly not the same Slowhand who gave us 'Backless', the album we refer to as gutless. 'Cross Cut Saw' and the single are out front but we're about 6 cuts deep...I suspect Berlin to be the first big beneficiary of the rapidly escalating new music buzz. They've got their modern music moves down pat, while retaining a pop feel. We like the 'Metro' and 'Pleasure Victim' best...Thompson Twins and Soft Cell should also have an easier time of it with their current releases. From the Twins we especially like 'Love On My Side'...We're really pleased to see the Tony Carey record doing so well in radioland. We were on this puppy out-of-the-box and this week it moves to heavy. Glad you got out of Rainbow, Tony...**Adds:** Eric Clapton, Paul Barrere, Berlin, Soft Cell, Thompson Twins, Chris Cross and Marty Balin 12".

WQBK, ALBANY, NY M.D.-LIN BREHMER: "Thomas Dolby continues his meteoric rise in the public's esteem: #1 in airplay, #1 requests...Dexys Midnight Runners is a close second in phone action...Personal favorite of mine is Albert Lee's solo album. Rock and roll in a classic groove...Check out the Simple Minds Lp. That band has a lot to offer...The staff is wild about The Cure's 'Let's Go To Bed'...I enjoyed Bob Bittens' comments last week. Touche!"

WHFS, BETHESDA, MD P.D./M.D.-DAVID EINSTEIN: "Though it's been our rave for the last several months, The The continues to burn up the phones and the airwaves--this is no hype or play-this-thing stroke--this is straightup unbelievable response. Now with an edited version available, anybody could and should deal with it. Sire: Is there going to be an Lp or what?...Thomas Dolby's 'Science' Ep is off to a fast start with good phone response...New hot and heavy singles from Echo and the Bunnymen, Kinks, and U2's 'New Years Day', hopefully a great intro to a smashing Lp...Rap record of the week: Wuf Ticket 'Ya Mama' and Falco's 'Der Kommissar'."

WMYK/WZAM-AM, ELIZABETH CITY/NORFOLK, VA P.D./M.D.-BILL SIMMONS: "Added Berlin's 'Sex' out-of-the-box. How can anyone not play a song with that title?...One other thing, Duran Duran is now showing up with Top 10 sales."

WTUE, DAYTON, OH M.D.-BOB CLARK: "I was in Louisville over the weekend. I heard a party going on on WQMF. Seemed like a combination anniversary party and a lesson in amateur gynecology...A sad goodbye and good luck to our Operations Manager Chuck Browning. KZAP in Sacramento is getting a smart programmer...Duran Duran is turning into a large cut...Also, I'd like to say something nice about an Atlantic act, but Bill Heltemes is holding me at gunpoint at the moment. He's a real nice guy but a terrible shot. Nonetheless, he got his name in the Hard Sheet...**Adds:** Robert Plant, 'Far'; Greg Kihn, 'Jeopardy'; John Hall Band; Chris De Burgh; Eric Clapton; The B'zz; Bryan Adams; Journey; and, Scandal."

WBRU, PROVIDENCE, RI M.D.-DAVID FILIPOV: "We like Single Bullet Theory. 'Keep It Tight' does just that. Tight, catchy, and an interesting pop sound; just fine!...Thompson Twins 'Love On Your Side' is their best yet, and it just happens to be their most suited for AOR cut...Something else which is near and dear to my heart is Carlene Carter's duet with Robert Ellis Orrall on his new 'I Couldn't Say No'. It may be a bit soft, but it's got that hypnotic Fleetwood Mac groove and, of course, Carlene's lovely vocals...Finally, it's good to see Blanket Of Secrecy's 'Say You Will' re-emerging. Don't miss out on a good thing this time around!"

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "Sex, drugs, and rock and roll, eh? Well, drugs are kind of expensive, rock and roll has gotten a little boring, but sex will always be relatively cheap and exciting. That's why Berlin is a natural. The days of sitting next to the radio with pencil and paper trying to get all the words down will return now that 'Sex' is on the airwaves...The double whammy combination of exceptional video and hooks that won't let go will guarantee Thomas Dolby a place on the radio for a good long time. The record's low price won't hurt its success either...Although I've yet to get behind the record with airplay, I stand firm behind my statement of last week that the new Thompson Twins album is one of the classiest records to come out in a long time. It's got great songs, super production, and a single that's beginning to burn up the charts. If 'Lies' is too danceable for you, go with 'Love On Your Side' (the next single from what I hear) or 'Tears You Can't Hide', which sounds like Asia meets the Talking Heads...**Fave Rave #2 This Week:** The album from Simple Minds. Talk about classy packages. Along with the Twins, this record has dominated my home turntable play for the last couple of weeks...**To Rosie Pisani:** Although your comments were my inspiration, there was certainly nothing personal intended. I admire your work at WLIR and wish you continued success."

WDIZ, ORLANDO, FL P.D.-BOB CHURCH: "If you didn't play it before, check out 'L.A.' from the Motels... I'm confused with all this talk of 80/20. Is it 80% attitude, 20% music, or the other way around?... We're curious to see how the market likes 'Sex'...Impressed with the English Beat...Bryan Adams is a good record, but we'll see if it sticks...Jim Steal joins us for Middays. Still looking for the other half of the 'Rude Awakening'."

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "Adds: Bryan Adams, 'The Only One'...First of all, I want to thank: Mike Dungan for turning me onto the Robert Ellis Orrall album. To be honest, when I first got the album, I was thinking, 'Right, how good can this be?' His name sounded like a new dental technique. But now I'm a believer. 'I Couldn't Say No', his duet with Carlene Carter, sends shivers up my spine, brings tears to my eyes, and all those other overused descriptive phrases. 'Tell Me If It Hurts' is a very close second. If you haven't given this a serious listen, please do...The Blanket Of Secrecy sounds better to me every time I hear it. It's still my pet project...Berlin is an intriguing project. I love the picture on the inside sleeve. 'Sex' goes into our Fresh Rock show this Sunday evening, and I've got a feeling the phones are going to light up like Macy's at Christmastime when it's playing... Thanks to: Sean Coakley for his prompt mailing of 'Far Post'."

WSKS, CINCINNATI, OH M.D.-MARTY BENDER: "After working in the retail trade and now the radio end of this business, my initial reaction of 80/20 is one of caution--not closemindedness. Caution because of the relatively few people who react and force others to suffer. Did we all become urban cowboys, disco dancers, punks, or whatever other lifestyle being touted by the next big musical stimulus? Hell, no. Why? Glut. Simple record company glut. And overreaction to what was supposed to happen next. Nothing scares me more than record companies going out and trying to find bands to fit a formula that can easily be inserted into any format. This is only a word of caution because I see a pile of Xerock releases beginning to fill up. Unplug that computer and keep listening to the only real popular culture we have--rock and roll--whatever it is, and hopefully evolves to become."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "There is some quality stuff out there lately, friends. New faves include: Simple Minds, Thompson Twins, and my rave for this week is for Robert Ellis Orrall, an astounding record that leaves no need to call the uh-oh squad. Sure the duet with Carlene Carter is fine, but the title track and 'Senseless' are killers. This stuff will sound great on the radio... Journey is pretty groovy too. Aside from the single, we like 'After The Fall'... Besides Journey, other WCMF adds are: Styx 12", Clapton, Berlin, John Hall, the Call and Culture Club... We don't want to hurt ourselves, so count us in as members of the Culture Club, and we're all agreed that 'The Call' is a great record. 'The Walls Came Tumbling Down' is an engaging little number with a melody so strong you can't get it out of your head... Just missing out this week was Gary Private which is a fantastic record combining elements of mainstream and modern music. Don't overlook this one... Also in the wings for next week is Dexy's, which like Derek Shulman has been waiting patiently... Max play at home this week for Robert Ellis Orrall, The Call, Simple Minds, and Def Leppard... Personals: Pam Newman: You're wonderful (is that OK)?... Jack Ashton: Is my check really in the mail?... Jeff Murphy: My faves are dirt bombs, cement heads and head bangers."

KZAP, SACRAMENTO, CA M.D.-JONAH CUMMINGS: "Bryan Adams is smoking the River City with 'Take Me Back'. This is undoubtedly the record that will give him the recognition that he deserves... The B'zz have the phones buzzing... Scandal goes to a hot rotation. KZAP was a believer from the beginning on 'Goodbye To You'... Seems like Journey went out of their way to put some rock on 'Frontiers'. We'll go with: 'Rubicon' and 'Chain'... 'Ain't Goin Down' by Clapton kicks with a speeded up riff of 'All Along The Watch Tower'... Our new P.D. will be Chuck Browning from WTUE, Dayton. He'll be here February 14th."

WMAD, MADISON, WI M.D.-DALE WOLTER: "Due to the rather intense amount of negatives on two different testing features we decided to wait on the Berlin even though it's easily the best of the week. I am looking forward to reading your feedback... The Def Leppard is out the door! Phenomenal phones and sales this week... I won't bore you with flaming adjectives about Bryan Adams. Suffice to say it's a pleasure to finally get on-the-air. Ditto with Dexys Midnight Runners... To Heavy Lenny: You've come a long way-- nice work my man! Sales in general have slowed down a lot this week. Men At Work still leads, closely followed by Bob Seger, Def Leppard, Duran Duran, Judas Priest, Triumph, Stray Cats and The Clash... If the Pretenders had an album it would easily be Top 5 sales here. The single is doing that well... Finally, to everybody who really believes it's 80% brand new music-- Boy, are we going to kick your ass!"

WYMX, AUGUSTA, GA M.D.-OWEN HOLMES: "Adds: Dire Straits Ep, Styx 45 Lp, After The Fire, Eric Clapton, Journey and Bryan Adams... Music: The Bryan Adams is much better than his first album, 'Cuts Like A Knife' has a lot of good cuts but I strongly recommend 'The Only One' for upward mobility... Triumph and Ric Ocasek, due to sales and requests, move from light to medium... I took a listen to Dexys Midnight Runners for the first time yesterday and wow, that record is a hit! Thanks to Steve Smith of Polygram for the info... Boy, were people ready and waiting for the Journey album! In three days it sold in excess of 25 copies and double at number 10 on our countdown... Duran Duran continues to pull requests and to sell records... Personals: Sorry to hear about your condition, Buddy Bear, but with a little help from your friends, you're going to make it through '83. Count on it!... To Don Miller, Epic Records-- get well and thanks, and to Alan Sneed, WKLS, Atlanta, a big welcome back and B-R-A-V-O!... Top 5 sales: Michael Jackson, Adam Ant, Hall And Oates, Pat Benatar and Duran Duran."

WQDR, RALEIGH, NC M.D.-BOB WALTON: "This week was a record week for record adds. Bill won't give me all the pages necessary to rave about them all, so here are my fave raves: If we had only added one record (instead of 13) it would have to have been Berlin. This band has got talent and we're starting with 'Masquerade'. I think this track is the most melodic and has the biggest crossover potential... We're also hitting on Dexys Midnight Runners after only two days of play and we're already getting calls for 'that song with the Mow-town banjo'. So far not all calls are positive but it is proving to be a song that makes people tune up the radio and listen!... Dire Straits' 'Twisting By The Pool' is the silver lining to 'Love Over Gold'. It simply feels great and all that remains is to see Mark Knopfler duck walk... Unfortunately, our 'not on' but 'considering' pile is still rather large. The top contenders are: Albert Lee, Robert Ellis Orrall, The Thompson Twins and Modern English. By golly, I love 1983!"

WDEK, DEKALB, IL M.D.-JOAN WILLIAMS: "Adds: Dexys Midnight Runners, Art In America, Soft Cell, Berlin, Buddy Holly, Simple Minds, Eric Clapton, Journey, and Bangles... Singles: Marshall Crenshaw, Broken English, Marty Balin, and Styx... Jazz: Kilimanjaro... Re-add: Frida... Hots: Petty, Collins, Hall & Oates, Seger, Rundgren, Supertramp, Heaven 17, Garland Jeffreys, Musical Youth, Ric Ocasek, Neil Young, Passport, Clapton, Dire Straits Lp, and Duran Duran... Mediums: Gabriel, Barrere, John Martyn, Fashion, Joni Mitchell, Randy Newman, Donald Fagen, Culture Club, Billy Joel, Schon/Hammer, Dire Straits Ep, Apprentice, Rush, Rough Trade, Devo, Red Rider, Tony Carey, and Shari Ulrich."

WKCO, MIAMI, FL P.D./M.D.-MARK TAYLOR: "Adds: Neil Young, Eric Clapton, Journey, Billy Squier, Thomas Dolby, Garland Jeffreys, and English Beat... Mark Taylor is new P.D./M.D. (formerly of WCEZ in West Palm Beach). He'll be working along with Dave Hoeffel, who has been promoted from Production Director to Operations Manager. We'll be adding a lot of new music here, and we're bringing a brand new exciting rock station to Miami/Fort Lauderdale. We'll have more to say next week about adds and changes here at K-102."

KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS: "Since everyone will be talking about Steve Perry's lips this week, we'll skip right on over to old Slowhand. Clapton has completed the cycle going from the blues of John Mayall and back to the early influences of artists like Sunny Boy Williamson, Johnny Otis, and Muddy Waters. It's great to hear all of that slide guitar from EC and we're especially pleased with 'The Shape You're In' and 'Ain't Going Down'... Berlin is h-o-t, steamy, techno-powered pop. Terri Nunn is going to be a star. And I agree with our Editor that in order to effectively break this band, 'Sex' is definitely the standout (or is it standup) track?... Thomas Dolby makes a KILO debut this week. You just can't deny 'She Blinded Me With Science' and a great job from Capitol for not letting this one slip by... I can't get that silly 'Fanatic' song out of me head. So let's see what Felony can do on-the-air... As Steve Feinstein so aptly put it, another hook that melts in your mind comes from those Celtics, Dexys Midnight Runners-- 'Eileen' is a h-i-t! While everyone argues what format it should be on, we're going to add it... Our surprise add of the week goes to Rachel Sweet's 'Voodoo', compliments of your friendly neighborhood MTV. The audience is screaming for fresh female talent and those sweet vocals just ignite on-the-air... Oh, no, it's 'Mr. Roboto'. Already a Top 5 request! It only took minutes for the audience to agree it's weird but it Styx... Thanks to Michael Brannen for spending \$3.98 of his hard earned dough for the new U2 import. We love it... Does Jimmy Christopher at KNAC set any world Hard Sheet record for having the Stray Cats hot rotation for 107 weeks?"

KQDS, DULUTH, MN M.D.-BRIAN TAYLOR: "Adds: Eric Clapton, Berlin, Styx 12", Fairchild, Modern English, Robert Ellis Orrall, and Robert Hazard... Based on the response to the single, you may now be reading all the comments about how wimpy the new Eric Clapton album is, but understand-- this guy's roots are in blues. Slowhand satisfies on this one, just listen to 'Ain't Going Down' or the track about my wife's social habits 'The Shape You're In'. It's sure to please those transitionaries and weekend hippies right, Mr. Hard?... The great production on the Berlin record surprised me, but then of course, it's a Geffen product. We'll lead with 'Masquerade'. As far as my opinion of singer Terri Nunn, just check with Buck McWilliams' comments. I'm sure he'll sum it up nicely. Now that you've muddled through 4 or 5 songs on the Bryan Adams album don't miss the cut 'This Time'. This guy has so-o-o-o much talent and could be the next female heart throb... Getting big jumps in rotation this week and also heavy on the phones are Duran Duran and Journey... Retail leaders are Seger, Def Leppard, and Neil Young."

- WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN:** "Adds: Eric Clapton, Journey, Styx 12", Greg Kihn 12"... Greg Kihn has been one of my favorites for a long time. He never fails to come up with memorable, enjoyable tunes and 'Jeopardy' is no exception...Even though Eric Clapton doesn't have that aggressive fire of his early career days, 'Money And Cigarettes' rolls along nicely and his guitar playing is pleasingly fluid. I wonder if he's been listening to J.J. Cale. Along with 'Rock And Roll Heart', I like 'Everybody Ought To Make A Change', 'The Shape You're In', and 'A Man In Love'...I'll reserve my comment on the Styx 12". I don't think words along the line of 'Domo Arigoto Mr. Roboto' will win any lyric awards, but boy what a hooky phrase! We'll wait and see what the Lp has in store. So far we've seen some positive phone reaction on 'Mr. Roboto'...Journey's 'Separate Ways' sounds better every time I hear it on-the-air. I genuinely like it...Sales: Men At Work, Duran Duran, Clash, Tom Petty, Neil Young, Phil Collins, Bob Seger and Pat Benatar...Phones: Men At Work, Duran Duran, Adam Ant, Phil Collins, Pat Benatar and Pretenders."
- KTYD, SANTA BARBARA, CA M.D.-RICK WILLIAMS:** "Adds: Journey Lp, Eric Clapton Lp, Bryan Adams, After The Fire, Single Bullet Theory, Bangles, Ministry 45, U2 Imp 45...After weeks of deliberation, it appears that the After The Fire version of 'Der Kommissar' has the edge for us here in Santa Barbara. So far. Both of the other versions are receiving extensive airplay everywhere else and who's to say we might not end up going on them as well. Great song!...The new U2 single is also a killer...Phones ringing off the hook here for Berlin, Duran Duran, and Thomas Dolby...Also, don't miss Greg Kihn and 'Jeopardy'."
- KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES:** "This week's breakfast-of-crow is dedicated to Keith Altomare and Michael Plen at IRS. After steadfastly refusing to seriously consider Wall Of Voodoo the first time around, I grudgingly agreed to try it on its new incarnation. Voila! Instant Top 5 phones! Don't expect it to last very long, but while it's here we'll drink the water and run with it...Other Ma Bell maulers: Michael Jackson (most are not even mentioning Eddie anymore), Styx, Pretenders 'City' and Journey...Guess the callers haven't gotten the message on 80/20 yet. Hell, I even got a request for 'Layla'. I missed the EPCOT Center and the audience retards out on the phone!"
- KFMH, MUSCATINE, IA P.D.-STEVE BRIDGES:** "Adds: Styx 45, Marty Balin 45...It amazes me to read Lee Abrams' comments recently. First he tells you to follow him, then he tells you not to go overboard in following him! It's time to play new music. I hope everyone doesn't go overboard in following him this time. I'd hate to burn out new music. Actually, I don't think you can--that's just my sense of humor...I love the Bryan Adams, and so does the audience...Also getting great response on Art In America. A very well thought out production...Blanket Of Secrecy is doing extremely well...My favorite is Modern English. Can't play enough of it...I just want to thank all my staffers publicly for the success this station has experienced this Fall. I truly have one of the best staffs in the Midwest!"
- CHEZ-FM, OTTAWA, CN M.D.-GREG TORRINGTON:** "Adds: Eric Clapton, Garland Jeffreys, Rational Youth...We've also added tracks to the Randy Newman Lp 'I Love L.A.' and 'My Life Is Good'. This guy's tongue is so far in his cheek it's a wonder he can sing. Newman's dry wit triumphs again with songs and a fine rock backbeat...On the Clapton Lp 'The Shape You're In' is the track which grabs my attention. If this had come out in warmer weather, it would have been a perfect driving song...The Schon/Hammer album sounds good but I thought Neal Schon wanted a non-corporate rock alternative to Journey when he teamed up with Jan Hammer, not a companion project. Jeff Beck: Come out, come out wherever you are...Comebacks are happening for us in requests and retail action on The Fixx's 'Shattered Room' and Icehouse's 'Primitive Man'. Renewed interest is keeping these in rotation for us...The Phones are coming through with Dexys Midnight Runners, Blotto, and the new Styx single...Retail callouts are unanimous with sales on Hall And Oates, Strange Advance, Red Rider, Dire Straits' new Ep 'Twisting By The Pool' and Bryan Adams. Incidentally, Adams has sold out 2,300 seats here for a concert two weeks away! Headline status cannot be too far behind on the arena circuit for Bryan!"
- WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ:** "The Journey album is everything it was expected to be--strong throughout! It rocks--it makes you cry. I personally like 'Send Her My Love'...Eric Clapton is finally rocking again. We like 'Shape You're In'...Thomas Dolby's 'Blinded By Science' is a must, especially with all those subtle format changes out there...We finally re-added the Culture Club this week with a different mix off the 12", which I'm sure you can get from your local Epic person...I like the version of 'Come On Eileen' much better off the album than off the 12"...I don't know what to say about the Styx single, except to say people don't seem too excited about it. I hope the album has more to offer...Making good progress this week: Def Leppard, John Hall Band, Red Rider and Bryan Adams...Till next time!"
- WDHA-FM, NORTH JERSEY G.M.-BOB LINDER:** "Looking over last week's FMQB Modern Music list we noted that we're playing 9 of the Top 10, 12 of the Top 15, and 17 of the Top 30--5 of those we're considering for next week. We should also note that this has always been our format style, not an Abrams-come-lately! By the way our percentage is about 60-65% new music. Can't quite imagine 80% working for everyone...Mark has added a 'Rate-A-Record' feature in his morning show. Recent results: Thomas Dolby ('Blinded') 5.0, Berlin ('Sex') 4.75, Loz Netto ('Fade Away') 5.1, Dexy's ('Eileen') 4.7, Art In America 6.3, Members ('Working Girl') 6.8, Bangles ('I'm In Love') 5.6, Robert Orrall ('Couldn't Say No') 7.0, Marty Balin ('What Love Is') 7.1, Styx ('Mr. Roboto') 6.3, Journey ('Separate Ways')...Speaking of Journey, we held a listening party last week to debut the new album. Discount certificates for album purchases were given out, as well as free Tacos. It was a fun evening! Journey was very well received."
- WPDH, POUGHKEEPSIE, NY P.D.-PETE CLARK:** "PDH is finally rockin' from our new tower, 500 feet taller than the World Trade Center in NYC. We effectively cover from NY's northern suburbs right through Albany. Calls from Massachusetts, Northeastern PA and Connecticut are stronger than ever before. We're getting good phones on Duran, Vandenberg, P-Furs, Golden Earring, Hazard, Dexys and a new band called Combo Audio. Check it out--'Romanticide' is a great tune...It's good to see The Members get some play. We've been on it for months now...'Change Reaction' is our lead track from Hazard...Simple Minds' title track stands up real well to repetition...A Quick One' will do well as the next single from Ric Ocasek...On The B'zz record, also check out 'Too Much To Ask For' a h-o-t radio track...Def Lep's 'Photograph' will easily surpass last year's 'Heartbreak'...Still looking for some service for our import show. Call me if you have anything!"
- KFMQ, LINCOLN, NB M.D.-BOB ROSEL:** "Adds: Eric Clapton, Journey, After The Fire, Styx 12"...The new Clapton Lp is terrific--I think better than 'Another Ticket'. Proof that all music doesn't have to be synthesized or 100 mph to sound great...The new Styx cut is interesting but we're getting mixed reaction from our listeners...After The Fire's 'Der Kommissar' has generated a wave of positive calls on our 'Modern Music' show so we've decided to put it in the format and see what happens...We're looking closely at Robert Hazard, The Call, Thompson Twins, and Wall Of Voodoo for next week...The weather outside is frightful but I love it, so I'm off to have a snowball fight! See you in the trenches!"
- WLIR, LONG ISLAND, NY M.D.-ROSIE PISANI:** "Yes, that was us blasting off Page 46 of the most recent issue of Rolling Stone Magazine. WLIR achieved winner status in Rolling Stone's 1982 Review--and we're planning more of the same for 1983...Thanks to the Scottish band APB for a fantastic soldout radio concert. APB is a young, innovative funk rock band that is as of yet without a record deal (here's a band worth checking out)...Worthwhile new domestic music from: Ministry, Blancmange, and the Thompson Twins; along with a quirky import from Q called 'Playback'...Also, there's a definite kick to Toto Coehlo's 'I Eat Cannibals'. How can all those women dressed in Hefty bags lose?"

 WWTR, OCEAN CITY, MD P.D.-BRIAN KRYSZ: "Adds: Thomas Dolby Ep, Journey, Robert Ellis Orrall, Berlin, Art In America, Eric Clapton and The Members...Plenty of great new music to get excited over! Red Rider has to be one of the deepest Lps to come along in years...Saga's 'Wind Him Up' is a great tune. With the right edit, it can be a great single...Can't get Gary Private's 'Lonelyheart' out of my head--give it a listen...Robert Ellis Orrall's Ep is h-o-t. 'Tell Me It Hurts' should be a smash...Felony's 'Fanatic' is generating more phones than any debut artist has before...Records that didn't happen initially but are now doing well are: Frida and Wall Of Voodoo...Def Leppard is already #1 in requests and sales...I'm doing my report from the top of our tower, 500 feet above sea level, and I refuse to get down off it till I get a full-length 8x10 autographed picture of Terri Nunn in a revealing outfit. I'll probably be up here a long time, but it's worked before!"

WOWD, TALLAHASSEE, FL P.D.-DICK BLACKMON: "Adds: Eric Clapton, Styx single and After The Fire...We played After The Fire as the Track-of-the-Week last week to underwhelming response. Although the final count was about 57% positive, the negatives were very adamant. A lot of comparisons to 'Superfreak', but we'll keep it around awhile in a light rotation. Why start something if you're not going to finish it? ...The Dire Straits Ep is lots of fun! It's in a test pattern this week...I like the new Clapton album! Hanging around with Ry Cooder was obviously good medicine. I haven't heard such fire from EC in a long time. We went with 'The Shape You're In' and moved the single into heavy...Men At Work are still on top of the sales heap; and, Duran Duran are now up to #4."

KEZO, OMAHA, NB P.D.-GREG GILLISPIE: "Adds: Journey, Bryan Adams, Dexys Midnight Runners, Wall Of Voodoo, Greg Kihn 45, Styx 45, Thomas Dolby 45...What can you say about Journey? Their formula still works! It's so finely crafted and well-honed it can't miss. It's a credit to the band that they didn't wimp out. After their most recent single successes they easily could have...What can you say about the new CBS distribution system--not much! The 3 major releases in a row have hit the stores 2 days before radio. Frankly, it sucks...Styx broke out of their wimp formula to give us a great statement of the times. It looks like Time magazine definitely had foresight when they picked their Man-Of-The-Year...Dexys 'Come On Eileen' is so hook-laden I can't quit singing it. I guess it brings out my true Irish heritage...The only other song out right now that's got more hooks is 'Wishing'. Arista: You shouldn't ask me not to play a record I can buy at the import counter. By the way, anybody got a Men At Work import they want to trade for the Flock?...Bryan Adams is good straight-ahead rock right off the streets. The only problem is nothing leaps out and kills me, although there are 4 or 5 good songs on the album. We'll start with 'I'm Ready'...After a weekend of airplay, 'She Blinded Me With Science' and 'Jeopardy' are attracting positive phone response."

KKRQ, IOWA CITY, IA ASST. P.D.-TED BURTON JACOBSEN: "Adds: Styx 45, Thomas Dolby, Felony...To quote Art In America--'Welcome To New Times'! Great record by the way...With Lee Abrams' 1983 incarnation on-the-air at KKRQ, we are adapting by keying in on the right groups and more importantly the right songs. The fresh rock sound has brought us more in tune with 1983 and with our audience. New music's snobbery will be short-lived as all of AOR begins to lead radio out of its straight jacket. Hopefully the hyped airplay stiffs can be nipped in the bud if we just use our heads...First out-of-the-box then--Dexys Midnight Runners. 'Come On Eileen' is a runaway smash. Simple as that...The Members--Check out 'Working Girl'. It'll bait your gills from square one...Modern English--'I Melt With You' is a staff favorite...Bryan Adams' 'I'm Ready'. The hook is there...We're two cuts deep on Red Rider...To my surprise, Tony Carey is generating response on the phones. It's a legitimate record...Def Leppard and Vandenberg had requests, with Golden Earring's 'Twilight Zone' still holding strong, and the new Journey single is going to be huge if early calls are any indication...The Greg Kihn single is headed to Homerun City!"

KWXL, ALBUQUERQUE, NM M.D.-DOUG DAVIS: "The headlines read: 'AOR in trouble. MTV the new music force. Rick Carroll format AOR saviour'--Wait a minute!!!! KWXL/94 Rock in little old Albuquerque, New Mexico has just experienced our best Arbitron ever with a 9.5 and total control of men 18-34, with growing female numbers. We accomplished these positive numbers by carrying creative programming ideas for our market. We added a lot of new music that was right for our audience and allowed the airstaff to become creative air personalities and have fun at the same time. That is our key word--fun. Rick Carroll is a brilliant programmer who deserves all the success in the world. He had guts and the ability to create fresh ideas when radio was at its steepest point. I personally don't believe the Carroll format is the only alternative. We have found that our success has to do with many facets and in cramming too much modern music down our listeners' throats, it alienates them for a long time. When 94Rock adds a record that we believe is right for our market, we stay with it, even when the mythical promotion god in the sky deems it a non-priority project. We found great success with Blanket Of Secrecy, Frida and Frank Marino, which are all now basically recurrent after months of heavy play. It's a shame that so many records like the Producers, Marcy Levy, etc. etc. are just lost in the shuffle. At 94 we don't really give a damn if it's modern, metal, or mellow--if it sounds good on our radio station, we're gonna give it all the life we can, and our audience doesn't really care if the record is a hit in Denver, Dallas or Dumfuch."

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "Journey has a denser sound than 'Escape' but after repeated listenings, you realize that there are a few potential hit singles on here. 'After The Fall' may end up being the 'Open Arms' of this album...There's not much more that I can say about the new Bryan Adams that hasn't already been said. I guess we should be ready to make room for a deserving superstar that is in the making...We'll see how far the new Styx 45 goes. We got some initial reaction to the effect that this was pretty bizarre from the audience. I guess this is the band's way of plugging into the 80's...Frida has had a resurgence around here as of late. It's really starting to move and getting steady audience reaction...Lastly, I want to remind all of the record companies that we are currently interested in any artist ID's to promote our 10th birthday which is coming up March 1."

WWCT, PEORIA, IL M.D.-JEFF MURPHY: "Adds: Styx 45, Journey Lp, Eric Clapton, Frida, Paul Barrere, Heaven 17, Single Bullet Theory, Black Sabbath, Wall Of Voodoo and Heaven...Sales for Def Leppard, Phil Collins who play in the area this week, Men At Work, Seger, and Triumph...Hot requests for Def Lep, Ozzy, Kiss, and the new Journey...We're looking at Robert Ellis Orrall next week...Thanks to Rick Sudakoff of Atlantic for the chance to meet Phil Collins again this past week. If you haven't seen the Fabulous Jacuzzi's and One Neat Guy on tour, you're missing a class act which is exactly what Phil is in person...Expanded on a lot of the big albums this week. Additional cuts were added for Neil Young, Triumph, Journey, Bob Seger and Sammy Hagar."

Modern Music News

By Denny Somach

THE ROCK REPORT has learned from reliable sources that PINK FLOYD may be scheduling a concert at New York's Madison Square Garden on July 2nd. This is also reported to be their farewell performance. A world-wide broadcast is being planned to coincide with the concert. Also, the much talked about Lp, "The Final Cut", may be released soon.

NOW THAT DAVID BOWIE has signed with EMI, his new record has just been finished. The album is called "Let's Dance", and should be out in April. An advanced single, the title track, will be issued in March. A world tour will follow.

AS REPORTED, NICKY HEYWOOD has departed from HAIRCUT 100. We have now learned that he will be releasing his debut solo record on Arista about the same time that his former bandmates release the second Haircut Lp.

CHUCK PANOZZA AND J.Y. YOUNG of STYX have just returned from Europe where they did a promotional tour for their new Lp "Kilroy Was Here". Their American tour begins March 10th in San Diego. This first leg of the tour is the small hall tour that we told you about, which will bring them to New York in April. STYX will perform multiple nights in each city. The first video to the new album is "Mr. Roboto". The band will soon release the second video of a J.Y. YOUNG called "Heavy Metal Poisoning". Guitarist TOMMY SHAW is now working on a third video.

FRANK ZAPPA conducted THE LONDON PHILHARMONIC ORCHESTRA during a live performance on January 11th, and recorded an album with the ensemble on the 12th, 13th, and 14th. No name or release date for this project has been set. Also, a new FRANK ZAPPA Lp should be out in late February or early March, which is called "The Man From Utopia". Zappa will conduct the SAN FRANCISCO ORCHESTRA on February 9th, performing the music of composer EDGARD BARESE. GRACE SLICK of JEFFERSON STARSHIP will emcee the event.

AS REPORTED, THE NEW POLICE album will be out on March 22nd. STING will sing background vocals on the next JOOLS HOLLAND single. HOLLAND was the original keyboardist with SQUEEZE before leaving to pursue a solo career.

ROBERT PLANT HAS BEEN working on his second solo album, which should be finished by the end of March. There is a very good chance that Plant will embark on his first solo tour soon after the Lp's release.

BAD COMPANY'S DRUMMER SIMON KIRKE and his new band WILDLIFE should have their debut album out in a few months. The Lp most likely will be released on Swan Song Records. Sources have also told The Rock Report that Wildlife may open for THE KINKS on their American tour.

"THE HIGH ROAD" is the name of the soon-to-be released live Ep from ROXY MUSIC. The four track record contains "Can't Let Go", "My Only Love", a remake of the NEIL YOUNG tune "Like A Hurricane", and a remake of a JOHN LENNON song called "Jealous Guy". The record should be out in early March. Roxy Music is touring Japan until February 15th.

MODERN MUSIC NEWS CONTINUED

THE GRAND ALLIANCE is the name of a new band formed by DEREK HOLT of THE CLIMAX BLUES BAND, ROYE ALBRIGHTON formerly of NEKTAR, and BRENDON DAY. Their debut Lp will be out April 21st on A&M Records. No title has been given yet. Meanwhile, The Climax Blues Band will have a new Lp out later this month called "Sample And Hold". They are involved in a European tour until July.

THE PSYCHEDELIC FURS will start a new tour of the states on or about March 11th in Los Angeles. OUR DAUGHTERS WEDDING will be the support act.

DUE TO THE SUCCESS of "Come On Eileen", DEXYS MIDNIGHT RUNNERS will do a short tour of major cities this month. Here are the dates: Feb. 8-Boston, MA; Feb. 10-New York, NY; Feb. 14-Toronto; Feb. 15-Detroit; Feb. 16-Chicago; Feb. 18-San Francisco; Feb. 19-Los Angeles, Feb. 20-Berkely (Tentative).

THE ERIC MARTYN BAND, recently signed to Elektra Records, will have their debut Lp out in mid-March. The album was produced by KEVIN ELLISON, of Journey fame, and RODNEY MILLS, known for his work with .38 SPECIAL.

SOFT CELL HAS JUST released their second Lp called "The Art Of Falling Apart". The members of the duo are now working on other projects: MARC with Psychic TV, and DAVID with Cabaret Voltaire.

THE BIRTHDAY PARTY, whose latest Lp "Junk Yard", was released in the U.K. only, will start a rare tour of the States in the middle of March. The dates have not yet been confirmed.

MUSIC FOR PLEASURE have followed up their second single "Light" with "Time". The band is now in the middle of a British tour.

THE BELLE STARS debut Lp was released by STIFF U.K. last week. The album contains their latest single "Sign Of The Times". The 7-piece female band is now in the Far East shooting a television commercial.

DEPECHE MODE have released their first single of '83 called "Get The Balance Right". The 12 inch contains a live version of a track on their first Lp called "Tora, Tora, Tora". The song was recorded at London's Hammersmith-Odeon last October.

NEW MUSIC REVIEW: - "Work For Love" by Ministry on Arista. This Chicago-based outfit scored a big club hit with last year's "I'm Falling/Cold Life" Ep on the indie Wax Trax label. "Work For Love" is their first major release, and the song continues in their dance/funk vein. Clean production on this record will give the band more mass appeal than the original Ep, and with the release of their debut Lp, we will be hearing a lot more from Ministry in the future.

NEW MUSIC REVIEW - "Feel Me/Living On The Ceiling" by Blancmange on Island. A British duo that should not be passed off as another Soft Cell or Yaz. Blancmange (pronounced Bla-manj) display a more rhythmic feel for their synthesizers. This first domestic release incorporates layer upon layer of electronic percussion, making it an instant dance hit and interesting enough for radio play.

NEW MUSIC PROFILE - THOMPSON TWINS: Formed in 1977 by TOM BAILEY. After releasing two independent singles on a small label, they released "Perfect Game", which attracted the British press. Two albums followed, "A Product Of...Participation" and "Set". These were available only as imports. "Set" contained the huge dance hit "In The Name Of Love", that was later released by Arista as an Ep and later an album. The follow-up single, "Lies", from the forthcoming Arista Lp, "Side Kicks", has already seen extensive play in both clubs and on progressive radio.

BIRTHDAYS THIS WEEK: Jimmy Greenspoon (ex-Three Dog Night) on Feb. 7. Tom Rush on Feb. 8. Carole King on Feb. 9. Alan Rubin (of the Blues Brothers) on Feb. 11. Ray Manzarek (ex-Doors) on Feb. 12. Peter Tork (ex-Monkees) on Feb. 14.

ROCK HISTORY THIS WEEK: Feb. 7, 1980-PINK FLOYD'S "The Wall" concert opens in L.A. Feb. 8, 1971-BOB DYLAN'S film "Eat The Document" opens in New York. Feb. 9, 1964-THE BEATLES debut on The Ed Sullivan Show.

Feb. 10, 1981-ELVIS COSTELLO appears on NBC's "Tomorrow" show. Feb. 11, 1963-THE BEATLES' "Introducing The Beatles" is recorded. Feb. 12, 1967-KEITH RICHARDS, MICK JAGGER, and MARIANNE FAITHFUL are arrested in England for drug possession. Feb. 13, 1971-CAT STEVENS' "Wild World" is released.

RELEASES THIS WEEK: Feb. 7 - MARSHALL CRENSHAW Ep on Warner Bros. Feb. 11 - J. GEILS BAND "Land Of 1,000 Dances", on EMI.

WHAT EVER HAPPENED TO...: ED KING...Former member of the 60's psychedelic band Strawberry Alarm Clock and later guitarist for Lynyrd Skynyrd(who co-wrote "Sweet Home Alabama"), who left the band before their tragic plane crash on 10/20/77. KING is now a real estate broker living in South Jersey and is involved with a gospel group.

COMMENTS: "To paraphrase the Clash (Go Straight To Heaven Boy) Heaven 17 that is. At this point in the career of Heaven 17 the domestic Lp would rate as their European greatest hits Lp. 'Let Me Go', 'Penthouse And Pavement' are the cuts. To put it bluntly, these guys were the brains behind the beat of Human League...In response to continued Request/Reaction Modern English's 'I Melt With You' joins the KFJC Top Ten...As did U2's 'New Years Day' single, showing a taste of the impact 'War' will make on stateside radio. Stateside to pool side 'Twistin' By The Pool', if you like Dire Straits and you miss Rockpile, this one's for you. With Terry Williams on drums this band will kick live. Dire Pile or Rock Straits, right..HOW TO BECOME POPULAR AT PARITES: Just tell people you have a tape of the new U2 Lp, it worked for Michael Abramson and it will for you on the airwaves."

COMMENTS: "Our top add this week is the debut release from The Bangles. This female quartet plays a great brand of pop-rock, filled with soaring harmonies reminiscent of the early Beatles and even the Mama's And The Papa's. This release has clear commercial potential, and may develop along the same lines as the Go-Go's."

COMMENTS: "Dream Syndicate are touring at the moment so they have a chance to become quite popular. They are a very talented group and if they can pull it off live they just might have something. I'd like to see music get a lot tougher sounding actually. I'm tired of all this synthesized, disco styled music."

COMMENTS: "The news in radioland is good and long over due. Now, what I want to know is what the P.D.'s new criteria will be. The old one, if I'm not mistaken, required at least one dead member per band played..Bryan Adams sounds like the next Benny Mardones to me (as in all the originality of a Xerox)..Attention video makers: We need more venetian blind scenes...BMR is still my leader".

NEW ACTION: Thomas Dolby, Thompson Twins, Malcolm McLaren, Heaven 17, Ric Ocasek.
RECORD PICKS: The Units.
COMMENTS: "Some songs are 'coming back' as born again dance floor hits as commercial radio catches on to the Modern Music released over the past year. Many of these are no longer being reported to the trades by club jox or the truly progressive radio stations since they've already been 'through the mill'. But this, of course should not take anything away from the recent success of Duran Duran, Dexys Midnight Runners, The English Beat, Wall Of Voodoo, ABC, or The Members. Be aware that some reporters may not be reporting a song or record just because they're tired of reporting it. These stations and clubs like to report what's new and somehow, once it becomes a hit, it's not cool to report".

COMMENTS: "Thanks to Faulty for the Bangles Ep. These ladies can really rock. We are having good audience reaction already probably due to the reverb from when they were in town with the English Beat...One band that you should look out for is The dB's. They have only been available on import previously but have recently been signed to Bearsville (according to the grapevine). We have had great success with their import releases. These guys from No. Carolina have been the #1 import sales in our area. Don't let them pass you by when the record comes out - you won't be sorry!"

MOST REQUESTED: Dead Kennedys, Echo And The Bunnymen, Rank And File, Big Black, U2.
COMMENTS: "The biggest new things here have to be the new singles by U2 and Echo And The Bunnymen. Requests for these records have been heavy since the day they came out. Let's hope with the new Lp U2 becomes the popular band they deserve to be...As for the Bunnymen, who are incidentally, my favorite band in the world, this new single is incredibly strong. Everyone should listen to it at least ten times at full volume. The Sisters Of Mercy have attracted a lot of attention with their "Alice" single. Here's a great idea of what you can do with a drum machine, guitars and a singer who sounds like the Phantom Of The Opera. The Sisters are from the Leeds area, which has also recently spawned two other new groups whose records deserve a listen: The March Violets and The Danse Society".

COMMENTS: "Winterweather finally came to the north Georgia foothills. Snow is predicted for tomorrow, so I guess we can finally call this winter. Musically, things are really hopping here in Athens. The buzz in Athens is February 3rd. The evening will begin at 8:00 P.M. with a solo performance by Neil Young in the UGA Coliseum. Then, after the show, it's Polyrock at the i and i Club. Professors are rescheduling classes around this event. The Little Tigers have finally released their single. Look for it in the mail. It is on their own label, Little Records. I know you'll like it. Thanks go out once again to Dave Danheisser at W.Bros. in Atlanta for BIG help in the Neil Young Trans/Concert promotion... I'd like to thank some other folks who make music happen, and make working for free a lot of fun: Arista's Jeff Cook, Robyn Kravitz (Arista), Mark Pucci (MP Productions), Keith Altomare (IRS), Mike Hobbs (i and i Club), Judy McNutt (Hard Sheet) and of course Robin of RCA, Dane of CBS, and Larry and Dottie at Elektra".

Video

RICHARD CHEMEL, TARGET VIDEO (800-222-7555) (213-993-7669): "TV rights for the 1988 Olympic Games are being eyed by a consortium of major TV advertisers along with network and cable broadcasting. The advertisers could very well outbid others and wind up re-selling the games to broadcasters. Broadcasters, I would imagine, are not thrilled by the thought of advertisers by-passing the middle man...Fawlt Towers fans will find a striking similarity to the new ABC series 'Amanda's' starring Bea Arthur, set to debut Thursday night this week. 'Amanda's' is set in a resort hotel by the sea, and Ms. Arthur portrays the acid-tongued manager...Strawberry Shortcake is set to appear in her very own video-taped movie due for release soon...A major resurgence for the Beta format is on the horizon. Sony has begun a Sony Software division which is acquiring and distributing Beta-only titles to recognized dealers. The first Sony title is the outstanding classic 'The Hobbit'...The Video Aquarium and Video Player Place video tapes were a hit at the CES show. The one-hour programs are selling like hotcakes--not to just video retailers. Both tapes retail at \$39.95 each and look for more video environment tape titles in the coming months. For further information give me a call...When Journey's 'Escape' video game catches on you can bet more music-oriented video game programming will become available. In addition, plans for an arcade version of the Journey game is in the works. 'Custer's Revenge', the first video game for adults, which was receiving mountains of adverse publicity was discontinued by its manufacturer--Mystique Games. The additional two remaining Mystique Games will be available on Toofer game cartridges which were shown at last month's video games show. The Toofer game line is manufactured under the Play Around brand name and is compatible with Atari 2600 VCS systems."

Record Action

JON SCOTT, MUSICVISION/BACKSTREET (213-344-5599): "Let that sucker blast from Dallas! I just had the opportunity to see Tom Petty And The Heartbreakers as they start their tour across America. Special thanks to T.O., Jon Dillon, D.O., Robin Rivers, David Nichols, Charlie Stroebel, and Dino C. Barbis (the best) for making it a great Super Bowl Day...The new Petty single is 'Change of Heart' and the first 100,000 singles will be pressed on special vinyl including the new tune called 'Heartbreaker Beach Party'. Also we'll be servicing you with a live 'Change Of Heart' for competitive edges... Let me be the first to tell you about the new Walter Egan Lp that features David Lindley, Lindsey Buckingham, Nicky Hopkins, and Christine McVie. Look for the track 'Full Moon Fire' on Walter Egan's new label Backstreet...Other new stuff we love is the new Gerard McMahon, a guy who made a lot of friends last time out. Look for big things now as Full Moon takes over his career...Also one of our new favorites is Jon Butcher Axis on Polygram. We've followed Jon for years and the growth of this band is amazing. We predict Jon Butcher Axis to be a gone gator. Special thanks Valerie...Congrats to Alan Sneed. We missed you in Atlanta...Kudos to Mando Camina for that big book...Mrvos: We're pulling for your Blackhawks. Please pray for the Kings...Our weekly conference calls continue and we'd love to have you join us. For details, call me collect 213-344-5599...Finally, thanks to everyone for your belief in a couple of projects we're proud to have been a part of from the beginning. I'm speaking of Blanket Of Secrecy. (Could be comeback of the year) and Berlin. Congratulations to Gerrity and Barbis for their belief...P.S. Let's go bowling!"

BURT STEIN/LARRY BRAVERMAN, E/A (212-355-7610): "The 'Kihnspracy' of '83 should be on your turntables now. Greg Kihn's first single 'Jeopardy' leads the way. If you happen to be among the minority of unfortunate radio programmers (at last count, 2) who happen to be experiencing a possible negative response, give 'Jeopardy' one to two weeks of solid airplay and watch the turnaround!!! Everyone has their favorite from 'Kihnspracy' and we recommend 'Talking To Myself', 'Can't Love 'Em All', 'Tear That City Down' and the Patsy Cline cover of 'I Fall to Pieces'...'Live Wire' by Motley Crue has spread to the Midwest via MTV and the help of Buck McWilliams who once again listened to an album (and his audience) before drawing any conclusions. Yes, the people of Toledo are into the Crue... To satisfy your fix for a Doobie, coming February 18th is a 12" of the track 'So Wrong' by Patrick Simmons from his forthcoming album 'Arcade'."

RECORD ACTION CONTINUED

HEAVY LENNY, (213-450-6224): "This past week, George Cukor and Paul 'Bear' Bryant died and were given a great deal of television and newspaper coverage in their passing. Having gone through my recent loss of my father, I was thinking how lucky they were to have been so recently honored by their peers and 'industries' while still alive to enjoy the accolades. Posthumous honors are all well and good in the case of sudden death or the lack of a process in which we can honor someone, but how rich and rewarding it is to receive attention, recognition and even fame during the time that you strive so hard to achieve it. It has always been sad to me to see baseball players who dominate their eras, now ignored by a generation not familiar with their achievements firsthand. For so many major actors, actresses, directors, and other creative people in the movie industry to never win an OSCAR for their splendid work is a crime. In our recording industry, the Grammys have ignored too many talents and kinds of talents for far too long. We are the generation making the music, playing it and influencing the world with its sounds. Yet so few of us have a say in determining who we feel is most representative of the BEST of the year in music. Sure Dick Clark has awards and Playboy has its poll, but as a working body of radio and promotion people, we really have almost no voice in the Grammys or any other equivalent honoring process for our peers. It's just a thought, but how do we become the Academy members who actually vote? On an even more serious note, why do we spend so much time picking apart each other each week instead of inaugurating a way of acknowledging each other and our individual accomplishments? Sure, a lot of it becomes a popularity contest, but many of us don't always get the proverbial 'pat on the back' from the people we work with and for often enough, if at all. Maybe it's a little hokey, but I think it's time to set up some guidelines to recognize and celebrate performance by us and the artists we play and promote. Again, it's just a thought...but why wait till someone leaves an industry or dies to say good things about them???? STAY HEAVY."

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "The big three: Scandal, Schon Hammer, P-Furs all are about to break the team in airplay charts. Scandal at #7 and Schon/Hammer at 16 on the Song Index with P-Furs right behind. It's been a long haul but these are all proven records. All three are request items and all three are selling through. All have Columbia's 100% commitment for in-store displays, support, MTV, etc., etc. These are the three we are focused on to bring home as a company. Most everyone is now on board. Hurry up, the train is about to blow by...Thanks to all for appreciating the major offering from Journey. Our faves are: 'Separate Ways', 'Chain Reaction' (written for our beloved Editor), 'After The Fall', 'Edge Of The Blade' and 'Rubicon'. These guys seem to do nothing but get better and better...Congrats to Sneedo on the Mustang's new upholstery, and on returning to be king of Atlanta once again. The duo of you and Bailey is unquestionably historical."

BILL BENNETT, E/P/A (212-975-7013): "What a great week! Phones be buzzin', records be poppin', and people be talkin' music. Finally! I heard the drums and I saw the smoke but this is the first week I've seen the Indians...Absolute video must: 'Buffalo Gal' by Malcolm McLaren shows you why this will be a huge record. (Maybe Dexys will pave the way for 'Buffalo Gal' then it will come full circle and Hugh Surrat and I will be able to put Rickie Skaggs on KMET)...New Clash video of 'Should I Stay' will be bigger than purple. (Is it true that WIYY is playing the 'Mustapha?')...Culture Club heads for gold while you guys still wonder if it's a hit. 'Do You Really Want To Hurt Me' is certain to be a #1 single, and 'I'll Tumble For Ya' will be the teen catch phrase for sex this Summer, but I would rather them hear it from you...Art In America continues to grow because it's such a different sound... The B'zz are a hit. 'Get Up Get Angry' is developing into a war-chant and both Single Bullet Theory's 'Keep It Tight' and 'The Fanatic' by Felony look like genuine hit singles candidates... 'Der Kommisar' by After The Fire is the radio record to be dealt with. You read it in this Sheet first. I love the song and have the Falco version on my road tape next to ours. But, After The Fire has guitars and is in English...I was more impressed by Sotet's art collection, the fact that Gerrity had the John Anderson single in Orlando, the Buck and Brian show, and the Gates/Logan endurance run, than all of January's histrionics...What the hell is Gariano compiling along the Canadian border? Stephen Clean, Jerry Lubin, Doug ('Mr. Detroit') Podell, and now Piombino! Either the inmates are running the asylum or 'M*A*S*H' has found a new format...P.S. Thanks for the giggles Bone, while Kravitz learns what two crackers in a car can do and what a 'trucker's parfait' is."

MARKO BABINEAU, A&M (213-469-2411): "Welcome earthlings! 'Mr. Roboto' says 'domo' to all radio programmers. If you don't know Japanese, that's 'thank you'!...The talk of the town is new music, so as usual Styx has made that 360° and have delivered that modern music. Don't get me wrong, this is a typical Styx album songwise, but the concept takes it beyond now. Pink Floyd 'The Wall' was out almost for two years before the movie came. We're delivering you video, a movie, to live act and a smash record all at once with a modern day concept. What else can a great record company ask for?... While we're thanking radio you have made Bryan Adams the most excitable boy in the country. It's wonderful to hear radio feedback, not only saying they like it but we're talking six cits deep. If you can't hear this record then it's time to hang up your rock and roll ears. He'll be on the road with Hall & Oates for 20 dates, and then he's off with Journey for another 70 dates. Tell me this kid isn't busy!...A new solo artist on the horizon radio has finally paid attention to is Chris De Burgh with a hit record titled 'Don't Pay The Ferryman'. Believe it or not, we're getting played in San Francisco...When you have stations on it in Cincinnati, Los Angeles, you can't be that far off. The album is very tasty but let's get down to the meat and potatoes. 'Don't Pay The Ferryman' is the song and it works...Is it Ultravox, Bryan Ferry, Human League or just plain Roxy Music? Well, hark, it is the Simple Minds. An album not to be missed. 'Promise You A Miracle' has been an indicator station hit for over 8 months on the import side. We'll be releasing this song as a single and going full tilt at radio. The band will be touring with Flock of Seagulls so watch for them in your locale. Beyond 'Miracles', check out 'New Gold Dream', 'Someone Somewhere In Summertime' and 'Glittering Prize'...Dave Logan: I tip my hat to you. You heard it out of the box...Attention Epic Records: Just because we sold over 2 million in Europe on Falco, doesn't mean we're going to let you have America. As the dean of national promotion men (Harold Childs) said, 'It's war!!!'

JEB BRIEN, CHAMPION ENTERTAINMENT (212-765-8553): "Though I'm nursing a terrible cold, it's healthy to see a new state of album radio taking shape. I hope that programmers don't overreact and get modern-tight. Balance is the key word! Those stations with tradition, like WBCN, WMMS, WRXT, and WNEW-FM, will have an easier time knocking off anyone who rivals them-- when it comes to mixing new with old. This is because their audience has been accustomed to hearing new forms of music over the course of many years. What I see is any music that has audiences reacting now has a show. I'm glad to see sales will play an intregal part in programming again. I think it's absurd that a top seller can't be played because of poor call-outs. Obviously, you're not calling the right people!...WAAF and KTXQ on Hall & Oates 'Family Man'. This is new music, folks, as 'H 2 O' approaches 2 million sales and will be the next #1 Lp in the trades. The tour starts Wednesday the 9th in Binghamton. Canada Dry is our tour sponsor to the tune of 3 million dollars in radio and print. If the H2OT tour is in your market, have your sales reps call your local Canada Dry bottler for advertising support. I urge album programmers to get out and see this show. It will blow you away!...I like to thank Strider and the people at KBPI for making Denver a Hall & Oates market once again! Ciao for now."

RECORD ACTION CONTINUED

MICHAEL PLEN, IRS (212-980-6698): "It's great to see the industry get a genuine excitement for new music but I hope radio, as well as the record industry, doesn't go overboard and make new music a joke in 6 months, as well as create a void format where radio has to pick up the pieces after the explosion. Please consider the following. New music has been there all along, and there has been great new music which has been passed over. It's just become psychologically okay in our minds to accept new music, so now one feels comfortable in playing it. But let's make sure we're checking the most important indicators of what's the best new music available. Charts like B.H.'s Modern Music, CMI's New Music Report, are just two places to get a visual perspective. It would be to your benefit to call the music director of your local college station or go down to the trend record store that sells imports and modern music, or a club where all these new music acts are playing. Talk to the people in these institutions and pick their brains. They represent the foundation of people that support a record from the bottom level up. It's like building a house. The bottom level, cult following, is the foundation. When that's firm, your strong, small national following, via significant sales, leads to that big level of Top 40 and album radio. They'll give you the best direction because they're music fanatics. They live their jobs when it comes to music, so trust their qualifications. To the record industry's side, don't push out all those meaningless, skinny-tie modern quartets in an attempt to fill this current rise of popularity. Let's take our time in determining what's the cream of the crop. The research is a lot easier on the street level in time and its return than anything you can get from a telephone. The most important factor is that you're going to need to listen to this music more than you've listened to other music because it's a sound that one must take time to acquire a taste for."

JUDY LIBOW, ATLANTIC (212-484-6063): "Whoever said that the Atlantic Rain Poncho has no use in California was obviously not on the road with me last week!!! Finally dry and home at last. I'd like to thank everyone along the way who made my trip comfortable and (as far as I's concerned) successful. The flood gates have opened up on the Frida record over the past two weeks, and, all I can say is...HOMERUN!!! (Or, should I say 'Touchdown'!) 'I Know There's Something Going On' is already top five on the Song Index, and the Airplay is approaching top 15. The Lp is also re-activating in some of the earlier major markets, while the single is starting to explode top 40!!!! It feels great! Thank you!...Paul Barrere is back 'On His Own Two Feet' with a solo Lp that is taking right off!!! Among the top five most added Lps its first week out. There is a place in album radio for this very distinctive Little Feat sound. Cuts: 'Sweet Coquette', 'Fool For You', 'Love Sweet Love', and others. Paul will be touring shortly with the Dregs as his band, a HOT show for sure...The Collins machine is back on the road. 'I Don't Care Anymore' has just shipped as the second single. 'Like China' is receiving strong emphasis as the follow-up AOR cut. Please give it a shot if you haven't yet. We're gold and gone!!!. The Helen Schneider and Gary Private 12 inches are making some noise so please don't overlook them...Coming Soon: INXS (pronounced 'in excess'), 'The One Thing' is an absolute monster!!!!. Also Coming: Gary Moore, Ph.D., Marianne Faithfull, the long awaited U2 and, Townshend. Hope everyone enjoyed a very exciting superbowl, (The Fish really got 'skinned', didn't they?)...P.S: Leo, next time consult me before you bet."

MICHAEL ABRAMSON, ISLAND (212-355-6550): "Okay--the conventions are over, the statements have been made and anticipation towards a heavier mix of new music and radio programming have everyone's adrenalin pumping. I'd like you all to go back and relisten to some 'new music' that's been overlooked for a couple of months that you may now be able to consider...Malcolm McLaren's 'Buffalo Gals' 12" is just simply a fun record. Put it on as a test and let your listeners decide if you're having trouble hearing it. Edit the scratch version with the traditional side. Do it any way you want, but give it a shot. He's been called wrong on all three of his past projects--(Sex Pistols, Bow Wow Wow and the Ants), and all three have come through. DON'T CUT MALCOLM MCLAREN SHORT...Blancmange (bla-mge) 'Living On The Ceiling 12" certainly belongs on any station programming new music. Produced by Mike Howlett, who did 'A Flock Of Seagulls' and O.M.D., this cut has it in the grooves. Besides that, you have good strong backup from MTV. The combination of radio airplay and MTV exposure has been doing magic; don't miss a trick with Blancmange. P.S. The Lp just shipped and should be in your hands this week ... Last but not least, look for the 12" version of U2's 'New Years Day' coming this week. This track is the perfect setup for the Lp which will be shipping towards the end of February. 1983 is the year that U2 will explode!! YOU CAN BET ONE IT!!!!!"

MIKE BONE, ARISTA (212-489-7400): "Yikes, late again! But Mom, I was out late at work. You know mini-skirt Tuesday at the Ritz with Europa Lula...Listen up, The Thompson Twins rule. Did you hear that? Thompson Twins rule. 'Lies' and 'Love On Your Side' are two smash album radio tracks. Thanks to everyone for delivering. We appreciate your support...Heaven 17 is sneaking up on a lot of mar-kets. This week NY and Phoenix went to Heaven and will be rewarded with eternal peace and high ratings. 'Let Me Go' is the track so let me adopt one of Jon Scott's terms and say that Heaven 17 is a mogen gator. That's like a gone gator except it's kosher. P.S. The Heaven 17 album debuts in Billboard at 115*...Ministry: Don't listen to me, listen to recent Papa Jim Ray. 'Ministry is huge in Tucson'. If 'Work For Love' is a hit in Tucson, the red-neck capital of the Southwest, it should work anywhere. The Ministry album is complete and scheduled for release in the near future... The Members tour continues to ignite immediate response and sales. Texas is now firmly in the grips of the Membership. I guess a lot of girls are 'Working Girls' in Texas...Starfighters continue to rack it up in these heavy metal arenas...Personals: Looking forward to watching CJOM shake up Detroit. Now all we have to do is get Dave Loncao back there as P.D....The Ultravox album is one of the greatest things ever committed to vinyl. Thomas Dolby puts my lights out too...P.S.S. Wait til you get Alex Call and the Krokus cassettes. Strong!"

KEN BENSON, EMI (800-421-4155): "EMI American proudly welcomes David Bowie to the label".

BETH ROSENGARD, B.R.A.S.H. (213-462-4204): "There are a few points I'd like to make in response to what I'm quickly learning about the new Superstars philosophy. #1 Currents: Has it occurred to you that the 'modern-rock-is-in--corporate-rock-is-out' attitude is every bit as exclusionary and discriminatory today as the reverse was yesterday? It seems to me that any album rock station would want to play the best current songs that fit within the widest parameters of rock and roll without regard to the buzz-word labels that the industry, not the audience, has imposed on the music...#2 Rotations: How much sense does it really make to take a current song by a well-known band that your audience demonstrably wants to hear and put it into such a high rotation that it burns out overnight so you can 'get rid' of it? I'd have thought it was more logical to play such a popular cut in a high rotation to satisfy demand without burning it out any faster than necessary...#3 Catalogue: What kind of research have you done to determine what catalogue cuts your audience still finds viable and fresh? There's a big difference between asking Joe Street if he wants to hear a lot of old Foreigner or Skynyrd songs on the radio, and getting his response to whether or not he liked 'Starrider' or 'You Got That Right'. How dare you categorically eliminate some of the biggest selling artists of the past and present. Just how do you know your audience doesn't want to hear anything more than 6 months old by certain core groups?...#4 Cudos: 'How', do you ask yourself at this point, can a record promotion person, who's always trying to get us to play more new music, criticize us when we decide to do just that? Well, I'm not! I applaud the fact that you are opening up your airwaves to more fresh, new sounds. I applaud the fact that when you add a record, it will get high enough rotation to really get a shot; and I applaud the fact that tired, old songs will get the rest they deserve. What I criticize are the extremes because they're as dangerous in radio as they are in records or politics and, after all, it really doesn't pay to throw out the baby with the bathwater unless you want to see the species die."

RECORD ACTION CONTINUED

JOHN SCHOENBERGER, WEST SOUTH WEST (213-466-3507): "Explain to me one thing. How can music that was good all of a sudden become not good? Granted, there was a definite need for more sensitivity to the modern music sound, but a hit is a hit regardless of how it is produced. After all, it is all rock and roll. Singles radio will continue to play the best of all genres and I think album radio should, too...By the way, I've got my own promo company now called West South West Promotions. Thanks goes to everyone out there who's given me positive vibes and support. An extra special thanks to Carol, Lyn, and Spencer for making me feel right at home."

BOB CATANIA, RCA (212-930-4518): "The aural sensation of the week is Orrall. Robert Ellis Orrall that is. His duet with Carlene Carter along with 'Tell Me If It Hurts' from the 'Special Pain' mini-Lp is generating quick acceptance at album radio and Top 40 is already pleading for the duet. Don't let any aural fixations keep you away from this great record...Our other Robert, Mr. Hazard, continues his upward climb as 'Escalator Of Life' makes new breakthroughs each week. The spread on this record is now totally nationwide and cannot be ignored. Look for the single and video coming soon... Triumph gets hotter and hotter each week and the tour starts rolling in two weeks. Be prepared for your date with heavy rotation...'Winds Of Change' from the Starship is shaping up as a super Top 40 hit so don't overlook its potential...'Family Man' from Hall & Oates is also making a tremendous impact. Many Top 40's are playing this in addition to 'One On One' because of the band's enormous strength. Mr. Abrams made a great point about not being able to ignore an album that's two million strong and #2 in Billboard. Well, 'H 2 O' is 1.5 million strong and #3 in Billboard so I guess it's getting close to where no one should ignore Hall & Oates anymore...Nantucket is proving itself out-of-the box in the Southeast with strong play and sales. Be sure and check out the Bryan Adams tune, 'Hidin' From Love'...The re-mix of 'Secret Information' from Chilliwack is getting a good response from all formats. Be sure and check it out...Finally, all you new music fans should listen to the debut effort from Rodway. 'I Am Electric' and 'Dear One' are the cuts."

WYNN JACKSON, PROMOTIONS (404-321-5228): "Well, in the midst of all the changes, I'm very proud to announce our fourth anniversary as an independent promotion company on February 17th. There's one more company currently doing album promotion that has a longer standing--Guess Who?...Welcome back, A.S. The town hasn't been the same since. Condolences to Houston, Texas...Also best of luck to: Max Floyd in all his future endeavors...Congrats to: Barbis, Leffler, Geffen, Kalodner, Fitzgerald & Sammy on the RIAA GOLD CERTIFICATION ON 'Standing Hampton' confirmed Monday, 1-31-83...The cut on the Night Ranger Lp has been established. If you think 'Don't Tell Me You Love Me' worked well, wait'll you try 'Sing Me Away'... To Howie Klein: Thanks for the note! Red Rocker's destined to make 415 Records red hot...Quick! Reach behind your desk and pick up the Single Bullet Theory Lp out of the stack and touch on 'Keep It Tight' and 'Hang Onto Your Heart'. It fits any fucking category your station may be in today... I'm very proud to see Tony Carey prove it to the whole world...With so many good records out, it's got to be hard (no pun intended) but my faves are: After The Fire, Neil Young, Berlin, Paul Barrere, and lookout, here comes Michael Bolton."

SEAN COAKLEY, ATCO (212-484-6400): "The Vandenberg band kicks off their North American tour this week. This music is call-in, call-out, and sell-thru. Other cuts getting good response are: 'Your Love Is In Vail', 'Back On My Feet', and 'Nothing To Lose'. Let's open this one up and push it past gold... INXS is 'The One Thing'. The Land of Oz produces another gem...Coming Soon: Gary Moore (ex-guitar ace of Thin Lizzy with knockout vocals by Jack Bruce), U2 (best record of their career), Marianne Faithfull, Pete Townshend, and Eddie Schwartz...It's not even Spring training yet, and I feel the temperature rising. We've got a lot of projects on the edge of exploding and I think this will be the year for several of them...Personals: Rad: Even though you're wrong about Vandenberg, I still enjoy the hell out of talking to you. Thanks for being honest...Jon Russell: I'd like to have a tape of your laugh. I'd edit it, remix it, extend it, and put it out as a single and then bet my life. It's a hit."

BRUCE MOSER, COULD BE WILD (716-885-5200): "Bill Hard's choice of the Berlin album was right on the money. However, it should be noted that the Enigma record was a top 5 airplay item at WMMS and is still in a heavy rotation. WMMS is as responsible for finding and breaking Berlin as KROQ was...The Redskins won the Super Bowl for David Einstein. Long live WHFS...Stewardess of the year: Mike Bone who is now flying for the New Music Airlines...Congrats to: Kim Anderson on his marriage to Stevie Nicks...Birthday cake of the week goes to: Paul Heine on the birth of the new format...New radio station of the week to put on all mailing lists: WEZG, Box 20, North Syracuse, NY 13212. Send all records to the attention of Bernie Kimble...The Edge are hot and getting hotter. Thanks to Jim Sotet, Jerry Jaffe, George Meier, and Derek Shulman for coming to see the band and having chicken wings. In the next week, the Edge will open for Missing Persons, Little Steven, and will open many of Bryan Adams's club dates...Could be deep: Both the Bryan Adams and Red Rider albums are at least 5 cuts deep...And Coming Soon: The new U2 album 'War' is destined to break this band and will be one of the biggest albums of the year. U2 will be touring in late March."

PORTLAND/SEATTLE - Joe Maita
(503-283-1293)

	SALES	POTENTIAL	
Triumph	5	9	Tour should put this in our top 10.
Schon/Hammer	3	6	If \$8.00 buys you Journey or the Schon/Hammer record, would anyone care to speculate which record the kids will buy?
Tony Carey	2	6	Airplay starting to pop up.
Sammy Hagar	6	9	Slipped after strong initial activity.
Golden Earring	5	9	Looks like the rock department has quite a record on their hands.
Vandenberg	4	7	The deaf and the criminally insane have listed this as one of their favorite new bands.
	% OF KEY ACCOUNTS	COVERAGE	
Paul Barrere	75	L-M	Some interest with the Feat fans.
The B'zz	-	-	Haven't heard it.
Bryan Adams	100	L-M	Tremendous reaction from everyone. Great value.
Simple Minds	60	L-M	Nice to see an oldtime favorite finally get a major label deal. Do listen to this record.

"Programmers interested in Dolby's 'Science' should play the long version. The short version isn't nearly as effective...Midge Ure's cover of Bowie's 'Sold The World' on the 'Party Party' Soundtrack is remarkable...It's very interesting to note that the Airplay Index on the FMOB of 1/21 features 29 records which have been on the list 10 weeks or more, of which 13 can be considered new artists. Eight are in the top 20. This should make it as plain as the synthesizer in your production studio that music has turned the corner and that the public wants to consume new stuff. It's good to see resistance to new music finally breaking down."

FOR YOUR INFORMATION:
 When reading the individual station report, please remember that there are three ways in which album rotations are tracked.
 1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
 2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
 3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the Lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-5 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
