## THE FRIDAY MORNING QUARTERBACK ALBUM REPORT™

A PROGRAMMING GUIDE

EXECUTIVE NEWS • 1930 EAST MARLTON PIKE, F36 • CHERRY HILL, NEW JERSEY 08003 • (609) 424-9114

### Hard Choices

**BRYAN ADAMS, "RUN TO YOU", A&M...** Yes, he could sing the classifieds and have a hit--that's why this well thought-out and beautifully executed tune is such a joy. Expect any first Adams single to shine, and more orchestration and less grit make this one a cut above.

**TOTO, "STRANGER IN TOWN", COLUMBIA...** Hey, how about an album of Toto's greatest hooks--a la Stars On. Just when they needed to toughen up and shake the media darling rap, a snappy tune about not-nice guys. You know, the old fist in the velvet glove--and it works.

**MOLLY HATCHET, "THE DEED IS DONE", EPIC...** Satisfied Man might describe Pat Armstrong these days, as the single powers 35-25 with 91 already on board...Ted Edwards sums it up, "Sitting pretty in comeback city. They've honed their sound (a la 38 Special) to fit squarely into 1984"...For extra kicks, roll "Stone In My Heart".

**PAT BENATAR, "WE BELONG", CHRYSALIS...** Here's a lady and management team plugged into industry trends. At precisely the right moment, Pat crosses from the Battlefield into Adult Land, and once again, Neil's masterful arrangement and studio skills make it unique and powerful.

**REG SPEEDWAGON, "I DO 'WANNA KNOW", EPIC...** This great new single is a clear reminder never to wear out your welcome. Saturation airplay on a number of hits, and several misses, may have put their AOR bandwagon on the blocks, but they lay low, did their homework, and now that snarling Leslie, biting guitar, and Kevin's wonderful vocals are a breath of fresh air.

### Chain Reaction

**JULIAN LENNON, "VALOTTE", ATLANTIC...** The well-timed and poignant 12" is out-of-the-box or 78 stations, for #1 Most Added, and already burning the phones after just one week...Noel Mirsky, WCKC, "The public's reaction to the Lennon is no different than ours in the industry. They're getting goosebumps, too. This is a major release"...Greg Gillispie, WOVE, "It brings a tear to my eye every time I hear it. And from the reaction on the phones, it does much the same for the audience"...Bob Krane, WBOH, "The record is arousing a lot of curiosity and the phones are real hot"...Paul Shugart, WRXL, "A 97% positive response seems to prove the theory that musical talent is hereditary."

**ROGER HODGSON, "HAD A DREAM", A&M...** Roger bats clean up, adding another 29 reports for 104 in 2 weeks, and the all-important Increased Play stats show 17 stations have already increased rotation, matched with 47 steadies and 2 down... "Had A Dream" gets the 38-9 Underline, with dual Primers for the Lp 30-17 Index, 33-18 Metro...Comments: Jeff Piccio, WHJY, "Every hook that Supertramp has ever produced is included on the 5 minute version. I never realized how much I missed the band till I sat down with 'Eye Of The Storm'"...David Hillary, WNOR, "Already seeing strong retail--people are asking for it by name."

**TEE WAYBILL, "YOU'RE STILL LAUGHING", CAPITOL** The 12" kicks in another 23 reports, moving "Laughing" up 84-52 for the Underline...WBOH's Bob Krane vouches, "Fee's voice is unmistakable and for audiences starving for new Tubes, this record works!"...Bruce Bond, WTPA, "The tune really shows the maturing that Tee has achieved throughout the year, and it fits our station perfectly"...Karen A. Small, WQIR, "A good-sounding record in the tradition of 'She's A Beauty' and 'Talk To (A Later)'."

**"TEACHERS" SOUNDTRACK, CAPITOL...** Yes, Virginia, "Teachers" is the "Footloose" of album radio. That 2-1 Metro Chart move gives 'em the top slot on both sides--38 Special gains 7-5 (up on KGON, KKCI, KZEW, WIYY, WNET, XMOO, WRXL, WPCR, KZEL, WBLM, KNET), Seger climbs 19-11 (up on KLOS, WIYY, KLPX, WQMF, WTAP), and Night Ranger pushes to #60 (up on KZEL, KATT)...From Scott Douglass, KATT, "It stands on its own merit. It will do well for anyone who adds it since it basically runs the gamut of AOR radio"...Amy Bahman, WAQX, "The Seger is on two days and already ringing the phones. Another across-the-board Bob Ballad."

**THE HONEYDRIPPERS, ES PARANZA...** The intense audience reaction we wrote about last week continues at full flame--"Rockin' At Midnight" moves up 29-12, gaining 6-3 on the Most Requested... "Sea Of Love" builds 82-43...This week they're #2 Most Added with 37 more stations, for a two-week total of 125, powering dual Primers 20-7 Index, 21-7 Metro...WLOP's Bill Evans sez, "Phone response was so strong we simply had to add the record"...Lisa Novak, KRQR, "Excellent continued strong response. More than a novelty record"...Lee Randall, WLVO, "Immediate phones. There hasn't been this much excitement since Bruce came in"...Craig Martin, KRCK, "Only the Kiss Army is keeping it from being #1 Most Requested"...Ron Diaz, WYAF, "The kids love it, their parents can't get enough of it, and the phones are ringing off the hook."

**JETHRO TULL, "LAP OF LUXURY", CHRYSALIS...** Every week it's more obvious--this is indeed the best-sounding and best-received Tull effort in many years. New on 22 more for 86 to date...Increased air on WLLZ, KLPZ, KBCO, KAZY, WFYV, WPLR, WCMF, and KNET...The Checklist shows a healthy 22 builders, including KIDL, WPTX, KISS, KZOK, WHJY, WJFM, WFYV, WBAB, and KROR...On the Back Page: 42-31 Index, 45-32 Metro, with "Lap Of Luxury" underlined 40-33...Reaction: Bob Bittens, WBCN, "Strong early sales and requests are a major factor here"...Zak Phillips, KAZY, "Tull has always had a strong following in Denver and we had phones even before the album hit." Also consider "Under Wraps" #1 as suggested by Greg Gillispie, WOVE, "I still find this song more appealing and more representative of what Tull should be in the 80's. Now #2 most requested after 2 weeks of airplay."

**FRANKIE GOES TO HOLLYWOOD, "TWO TRIBES" (ISLAND)...** Starting to open up nicely--new on 15--including KEZO, KLOS, KBCO, WLVO, W2XR, and WIYY...A 69-38 Prime Mover, too...WLVO's Lee Randall says, "To us, it's excitement. It's an ear-grabber. It's what the radio should sound like in 1985. We're looking for this to be a big, big song"...WBCN's Bob Krane reports "An unbelievable amount of action surrounding 'Two Tribes'"...W2XR's Tom Stein tells us "It sounds terrific on the air"...From WYAF's Ron Diaz, "It's a 'make you listen' type record. We're talking across-the-board biggie"...And from Zak Phillips at KAZY, "Still a questionable image band here, however, it's such a strong song and did well on 'Fresh Vinyl', so we added it right away."

TIP:

UB40, "IF IT HAPPENS AGAIN", A&M... Last week when the cop on Miami Vice mentioned "I busted the kid for hash at a UB40 concert", I knew mass acceptance was right around the corner...350,000 units in the U.K. speaks my language. Watch this simmering single.

**CHAIN REACTION CONTINUED**

PAUL MCCARTNEY, "NO MORE LONELY NIGHTS", COLUMBIA... In terms of AOR acceptance, the old boy was dead, but as all you tipsters know, the new single has pumped new life into his rock credibility. "Lonely Nights" moves to #36, with 19 more adds. As Joe MacCabe puts it, "Once we started to backsell Gilmour on guitar, the McCartney calls picked up. Very safe record to play"...The Roz, WIOT, agrees, "I'm a sucker for David Gilmour's guitar, so it's a pleasure to add the best song that Paul McCartney has done in years"...And from Buzz Knight, WRKI, "When you're striving for 25+, there's no avoiding a record like this."

COREY HART, "IT AIN'T ENOUGH", EMI... A wave of the patented Wazwand, and voila! Hart's new single scores a 54-42 Underline, thanks to 20 brand new adds and ups on KBCO and WDHA...Also note the album resurgence--back on at #42 Index/#44 Metro--a smart re-add.

EUROGLIDERS, "HEAVEN", COLUMBIA... Another excellent newcomer scores the big breakout week--now out 5 weeks in stiff competition, the Eurogliders bring in another 14, including WRIF, WHJY, KGB, WLUP, and WLAV, putting the album on a #49 in the National rankings--moving "Heaven" up 71-61...From Bill Evans at the Loop, "Their sweet sound a la Fleetwood Mac makes this a perfect record for us"...Ted Edwards, KGB-FM, "Columbia seems to be completely committed to the Eurogliders, and after a couple of spins, I can hear why."

TOMMY SHAW, A&M... Tommy guns his way into the top 15 on the Back Page with twin 19-15 Underlines...New on 4, up on KWFM, KATT, WMMS, WLLZ, KICT, WRDU, WQFM, KEZO, KLOS, KRCK, WPLR, WIYY, KGB, KZOK, KRQR, and WOUR. "Girls With Guns" blazes 12-7, and that's live bullets territory, class...Greg Gillispie reports, "Shaw is really starting to sell the phones. Continues to be very strong. It goes to hot this week"...WKLS' Bob Bailey says, "Tommy is pulling unusually good phones for a record of that nature"...#10 Most Requested, hottest at WLAV, WAAF, WKLS, KISW, KXZL, WBCN, WPDH, and KILO.

ZEBRA, ATLANTIC... Regrouping nicely behind the new key track, Zebra romps for a 25-21 National Underline steady at 23 in the Metro rankings, with a 23-18 jump for "Bears"...Increased play: KISS, KRQR, WHJY, WIYY, KWFM, WAAF, WPLR, and WPDH.

TWISTED SISTER, ATLANTIC... As "I Wanna Rock" kicks in, watch those charts turn around. This week the LP bounced 46-41 in the Nationals, scoring a 47-39 Underline Metro, too. Also note the 56-45 Song move, with increased rotation on WBCN, WHJY, WIYY, WSKS, and WAQX (not to mention 21 Checklist builders)...From Lynn Wells, KBPI, "When the Twisted Sister first came out, we went with 'I Wanna Rock'. It was very successful, pulling #1 phones for a couple of weeks. With the new video, the time has come to put it out of recurrent and bang it for a few more weeks."

JOAN JETT AND THE BLACKHEARTS, MCA... Thanks to new play on KSRR, WLLZ, WHJY, KRQR, WIYY, and 7 more, we're looking at double debuts for Joan Jett--at 46 Nationally, 50 Metro...Cut selection is still wide open. We favor "New Orleans", and so does KRQR, as Lisa Novak comments, "It is a party song, and Joan comes off best when she's belting it out"...From David Hillary at WNOR, "Very positive phone reaction. Will be stronger than 'Do You Wanna Touch'. The dependable Jett sound with a catchy hook and more meat on the album."

TIMOTHY B. SCHMIT, ELEKTRA... Tim tucks in at #50 in the Nationals, new on 13, including WMMS, WRIF, KZOK, WNEW-FM, and ups on WOUR and KWFM.. "Playing It Cool" leads with a #75 Debut, but also keep an ear on "Something's Wrong". Take it from KATT's Scott Douglas, "With all the former Eagles on this track, it's like a flashback. And being the diehard Eagles fan I am, it's nice to see that the West Coast is alive and well"...Very much alive in the considering column, too, with 25 total.

HALL AND OATES, RCA... The 28-24 Metro Primer headlines Hall and Oates' week. Ditto the 26-17 advance for the single...We're behind "Some Things Are Better Left Unsaid"..."Bank On Your Love" and "Method Of Modern Love" are also radio faves...Up on WBCN, WHCN, WNEW, and WPYX...New on WRIF, KRIX, WDIZ, WPGU, and KEMQ for 77 to date...5 emphasis play includes KZAP, WGRQ, WLUP, WMMS, WNEW, WSHE, WLVQ, KFOG, WIOT, WLAV, WPYX, WZXR, and KXZL.

BLACKFOOT, ATCO... "Morning Dew" drops in at the #35 Song position, with new air on WLLZ, WMET, KMOD, KWFM, WGIR, and WCKN...Ups on WBCN, WDHA, and WPYX...Strongest rotation on KSJO, KLAQ, WDHA, KZAP, KZXL, DC101, KFOG, KICT, and KMET...A Metro Prime Mover 41-37--building 36-33 in the Nationals.

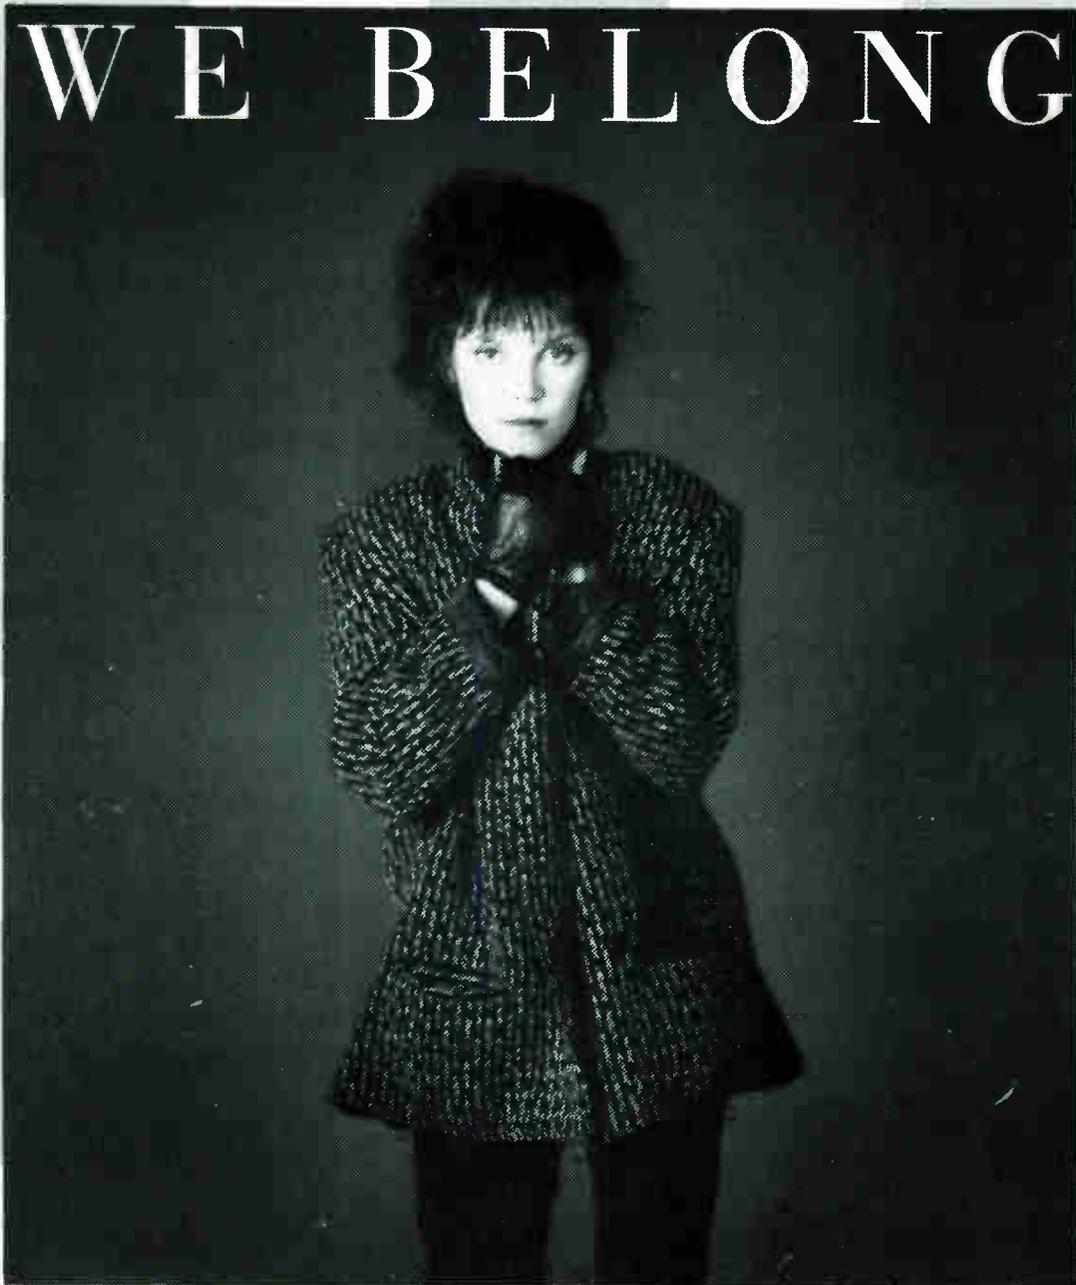

AUTOGRAPH, RCA... If you can't hear "Turn Up The Radio", turn up the record player, Slick ..KTXQ's Ted Utz did, "speaking of spending time with a record, Autograph is really beginning to shine thru. I'm more of a believer this week"...WTPA's Bruce Bond calls it "Rock and roll with a punch, and it fits in nicely"...From WQFM's Jerry Gavin, "Guitarist Steve Lynch recently sat in on a guitar symposium with such notables as Larry Coryell, Johnny Winter and Les Paul. That's what those people think about his guitar playing, and with that kind of respect, you've got to believe Autograph has the goods"...Check these quality calls: KGB-FM, WQFM, KYYS, KISS, WHJY, WPYX, KBPI, WIYY, KICT, WAAF, WTPA, and WIQB...Great start.

JOHN PARR, ATLANTIC... Another easy audition. Between "Naughty" and "Magical", there's puh-lenty to work with...New on KOMA, KRQR, KGB, WCMF, WDHA, and 7 more...WCMF's Dave Kane offers, "With all the product facing us, I didn't think any new artist would have much of a shot. John Parr is the exception because 'Naughty' is an exceptionally cool tune. I don't know who the guy is or from whence he came, nor do I care. The only thing that matters is that he's got a killer tune that kicks ass and takes names"...From WXKE's Hal Brandt, "The Parr may not get attention right away, but what a great song. Sounds like Squier"...In the audience reaction department, this from KYYS' Joe MacCabe, "Great story here already. Requests for the guy by name, and whoever heard of John Parr before?"

GENERAL PUBLIC, "TENDERNESS", I.R.S... Again we go to Mr. Kane at WCMF, "We've got no problem with General Public and you shouldn't either. 'Tenderness' has the trademark bounce, and verve of past English Beat records and they've always been good to us"...From Janice Taylor, KMBY, "The English Beat always has had an amazing audience reaction and General Public is doing the same. At first we thought it might take listeners a while to get hip to the band change, however, we received instant audience approval"...General Public has great crossover potential, so don't miss the 'beat'. New on KBCO, WDHA, WCMF, WRCN, WPGU, WCPZ, WTCS, WHTG, and KEMQ, with "Tenderness" underlined 90-83.

**STONE FURY, MCA**, , Another rookie comes through with noteworthy calls: KOME, KRQR, KBPI, KGB, WIOT, WQAF, WBAB, and 2 more...KRQR's Lisa Novak feels "They've got the energy of a young Scorpions. Just right if all the established cuts are wearing a bit thin"...At WIOT, The Roz calls it "Not grinding or melodramatic, just catchy rock"...Ted Edwards sez, "Sounds better every time I hear it"...And from KSJO's Ken Anthony, "Lenny Wolf, the lead vocalist, has a familiar sound that can only help in getting this band established. 'Break Down The Walls' has the power and hook of a smash."

**EAST FORWARD, "WHAT'S IT GONNA TAKE", ISLAND**, , Hey, how about that 100-82 Prime Move? Chalk it up to new action on WBAB, KLAW, KRIX, and 2 more, as well as increased play on WPYX, and "3" or better rotation on KLOL, WOVE, WEBN, WHJY, WSHE, KMOD, KLAQ, WPYX, WCMF, WPDH, and WTPA.

**IRON MAIDEN, "TWO MINUTES TO MIDNIGHT", CAPITOL**, , The audience for Eddie and Company continues to grow stronger and more loyal with every release, and the "Powerslave" album is no exception. The album registers a 5 point gain on the Airplay Chart 40-35, with a Metro increase 39-36. And the listeners demonstrate their loyalty by keeping the phones and cash registers ringing. Sales move up to 13 on national Street Pulse charts, with requests also rising to 13th on the Most Requested list..."Two Minutes To Midnight" clocks up the Index to #39.

Now on KQRS, WQBK, WWTR, WNOR, WRUF, WPGU, KKCI, WRCN, WOUR, KILO, and WGRQ, with upward moves reported at WIYY and WTPA...It makes plenty of sense to play the **TALKING HEADS** Soundtrack as early reviews of the movie range from "excellent" to "stupendous". The Lp charts at #44 Airplay, with a #42 Metro Primer, with any of the tracks providing welcome library relief...

**THAT GIRL COULD SING:** CYNDI LAUPER makes another Prime Move on the Song Index, 58-48, as WWTR, WWWV, KESI, WCKO, KKCI, WTUE, WPYX, WRCN, WBLM, WIOT, and WTPA decide to join Cyndi "All Through The Night". Max/heavy reports from WMMS, WCKO, KKCI, WBCN, WLUP, WMMR, WYDD, KFOG, WBRU, WFVY, WKDF, WRCN, and WPDH confirm her appeal regardless of format...No one can deny PATTY SMYTH has arrived. She and SCANDAL are coming out winners with the debut of "Hands Tied" at #81 and "Beat Of A Heart" steady at #13. The album moves don't skip a beat either as it remains Top 10 Airplay and Metro...

**TINA TURNER** continues her blitz of the airwaves! "Better Be Good To Me" looks better than ever at #27, with renewed interest coming from the video featuring appearances from Cy Curnin and Jamie West-Oram of The Fixx...

**HOW CAN YOU DO IT ALONE?:** It's nothin' but a house party for PETER WOLF this week as "I Need You Tonight" gets new mentions from KZEW, WQBK, WKLT, KAZY, KSQY, WXKE, KRQR, WRLX, WBLM, WBAB, & WCCC and upward reports from WHJY, WKLS, WLLZ, WAQX, and WOUR. Song Index Prime Moves 65-55...STEVE PERRY breaks the Top 20 Index with "Strung Out" in at #19.

**LOGICAL SONGS:** 19 stations including WYNF, WAQX, WPYX, KZOK, KICT, WIOT, WOUR, KGON, KZEL, WCKN, and KQDS VAN HALENIZE themselves as "Hot For Teacher" takes the 8th Most Added position and debuts on the Song Index at #92. Rotation jumps at KISW, KSHE, KILO, and WTPA, with no doubts about this one joining the head of the class...The Arthur Baker re-mix of "Hello Again" gives THE CARS the gas they need to keep them riding high on the Index. Increased airplay at KGON, WNEW, WRXL, WTPA, and WPDH and max/heavy rotation at 9 more including WTPA, where Bruce Bond comments, "It's the best Arthur Baker remix to date, and I believe it should be played in heavy rotation". Song Index Prime Move is up 22 for a 66-44 increase...Ron Diaz, WYNF, comments "EDDIE MONEY is movin' on and movin' up our charts" and it looks like you all agree. "Movin' On" finds itself #22 on the Index, while "Every Man" comes in #14 Airplay/#16 Metro...Max Airplay at KRQR, KSJO, WQFM, KWFN, and WPDH, with the Checklist showing Eddie's building at KATT, KWFN, WNOR, KMOD, KZEL, KKCI, and KXZL...Capitol has shipped the 12" version of BILLY SQUIER's "All Night Long" this week, while AOR also shows interest in "Can't Get Next To You", in at #49.

**NEW KID IN TOWN:** HONEYMOON SUITE's "Burning In Love" picks up KQRS, KRCK, WHJY, KLOL, and KMET this week, while our Checklist shows 26 more considering. Building at KZOK, WNOR, KSRR, KISS, WTPA, WOUR, while KISS, WPDH, KILO, WRXL, and WOUR report heavy phones as well...THE TEXTONES begin to make their move with adds at KFMH, WMMS, WXKE, WHFS, and KMET. Check out "Standing In Line" as well as "Hands Of The Working Man"...The 12" version of AZTEC CAMERA's "All I Need Is Everything" also contains their cover of Van Halen's "Jump". Tom Stein, WZXR, reports, "Aztec Camera hits top 5 requests with 'Jump'. We doubled it up with the original and the phones went nuts"...Steve Bridges, KFMH, concurs, "Big requests for Aztec Camera's 'Jump'." With "All I Need" next on the Index, expect a debut to follow.

## *“Break Down The Walls”*

### THE STORY:

**Ted Edwards, KGB-FM:** *“I must have been in a bad mood on my first listen to Stone Fury. But after the second listen I was forced into a late add. It is great, and it sounds better every time I hear it.”*

**Pepe Lopez, KLAQ:** *“MCA picks another winner! This is rock and roll as solid as a stone with the intensity of a fury. It’s our best testing record to date, and we got immediate phone response!”*

**Jon Dillon, KZEW:** *“This is the stuff AOR radio is made of, it’s straight ahead, high energy rock and roll with a message, and it worked for us right out of the box.”*

**Bob Elliott, KTXQ:** *“Not only did these guys ‘Break Down The Walls’, but they smoked the phone lines from the very first play.”*

**Ken Anthony, KSJO:** *“Lead vocalist Lenny Wolf has a familiar sound that can only help in getting this band established. ‘Break Down The Walls’ has the power and the hook of a smash.”*

**The Roz, WIOT:** *“It’s not grinding, nor melodramatic, just catchy rock, and I think it’s being overlooked.”*

**Bonnie Stacy, KNCN:** *“Led Zep meets Def Lep, and you get Stone Fury. If you don’t, you’re not listening. What a record!”*

**Dana Jang, KOME:** *“When I heard the Stone Fury advance, I thought it was a super rock song, and now that I’ve heard the album, I still think it’s the standout track.”*

**Ralph Tortora, WBAB:** *“All I can say about Stone Fury’s ‘Break Down The Walls’ is that it IS gonna happen. This is exactly what AOR radio needs to define themselves in what is becoming a predominately a CHR world. If this mutha doesn’t bust wide open I’ll be very dissappointed.”*

**Wes Nessman, KFMX:** *“Stone Fury. Rush meets Ratt. This bandwagon will be humongous!”*

# Paging... Yoko Ono

EXCLUSIVE FROM BILL HARD AND KEVIN GUNN:

BILL: HOW DID THIS PROJECT COME ABOUT?

YOKO: John was planning it as a surprise for my 50th birthday. Naturally, I wasn't told, but John was really looking forward to it. We had this thing about trying to top each other for birthday gifts, so I think he really wanted to pop it this time. I think that he did...Of course, later, in 1981, it was picked up by friends. We decided to do it since John wanted it...In our partnership, we were always discussing our songs, and I think John was very astute in his observation when he said that if someone were to cover some of my songs, then everyone would know that I wrote good songs...If this makes it big, that just means he was right.

BILL: WHY DO YOU THINK YOU'VE EXPERIENCED AN IMAGE PROBLEM?

YOKO: My feeling is that, initially, we came out with a band that upset a lot of people, and understandably so. People loved John's songs and his music, and I think that they felt that I was riding on the side and robbing his space. When people change partnerships on a different level, it turns into a different story. Then I think, after ten years or so, they start to accept. It's a little different with me being a woman, too. John was always saying, "If you were a guy, they would have accepted you by now"... That's one of the things I miss most. We used to make each other laugh...We'd laugh like crazy about me.

BILL: HOW HAVE YOU COPEDED WITH THE LOSS OF JOHN?

YOKO: Well, there's a lot of beautiful people out there, and they're always writing to me and supporting me spiritually. That's the thing that helps Sean and me, and helps give us reason to live. Naturally, there were times when we were very down. There is a big void in our life. There is no way to deny that. Somehow, people writing me, sending me love, letting me know that they remember John, that makes me feel warm.

BILL: WHO DECIDED WHAT ARTISTS WOULD DO WHICH SONGS ON "EVERY MAN.."?

YOKO: Nobody decided anything. It just happened. Instead of going through a list of persons, it evolved naturally. Roberta Flack lives next door to us in The Dakota. Klaus Voorman is an old family friend, as is Harry Nilsson. It just happened like that. Eddie Money is not an old family friend, but my head security man at Dakota is his brother, and that's how that happened...John and Yoko were always saying "I love you" to the world. Then it was just Yoko saying "I love you"...Now, it's like a family of artists, from different backgrounds -- pop, medium rock, new wave -- and they just got together. I have never had an experience like this before. It was beautiful when we were together. It was lonely when I did it alone, so this time it was an incredible communication and medium. It's an album in the tradition of a concept album--it's a package of love, and at the same time, it's something very different. It's more like Yoko stepping back, and all these sensitive artists, professional artists, all saying it in their own way. In a way, the fact that they were all my songs are incidental. There is such an incredible exchange here!

BILL: HOW'S SEAN?

YOKO: Sean is my inspiration. He's my partner now. Making him a partner is like having a partner for the future. These days I just allow things to happen. We have survived a lot of things that have happened--bad things, close calls--whatever. Through that, Sean and I have become great friends, and the fact that we survived wouldn't have happened without him. Each time that I say something is terrible, there he is...I don't know that much about people in their 20's and 30's, but pre-teens seem to be extremely resilient, active, and very hopeful people. He has one or two very close friends, and maybe a few more that are close enough.

BILL: IS HE IN SCHOOL?

YOKO: Yes, although we weren't sure about sending him. John and I decided that he would go to school when he wanted to. One day he asked, and now he's in a private school.

BILL: SEAN'S SONG AT THE END OF THE ALBUM IS WONDERFUL. WHEN DID HE RECORD IT?

YOKO: Well, he recorded this when he was 7. He's 8 now. "It's Alright" was an incredible surprise to me. I thought he was going to sing it, but he rapped it. And he sang all sorts of things that I knew what he meant...You never know what's going to happen in the morning. This could be 80% mother talking, but I loved it!

BILL: WHAT MUSIC DO YOU LISTEN TO?

YOKO: A lot of times I hear John's songs in my head. I don't listen to other people's songs that much. I keep thinking about John's "I'm Losing You", which is an incredible song. I also liked his song "God". "Working Class Hero" is beautiful.

BILL: WHAT WOULD MAKE "EVERY MAN" A SUCCESS TO YOU?

YOKO: It would be a success to me if people really get something out of it in their own way. I hope that it could inspire people in some way. Any artist who creates something endeavors to communicate something with people. It may be, in the 80's, that writing music like Mozart did, that you're just pleasing the Lord, or the court, and that's all you have to think about...We are writing for the people. That's the case here, we care for the people and for this project...My feeling is that anything is a possibility.

BILL: SO FAR THE LEAD ALBUM TRACK IS EDDIE MONEY'S TREATMENT OF "I'M MOVING ON". HOW IS THAT WITH YOU?

YOKO: That's wonderful, but every track is good in its own way. In the end, if I had my way, I would like everybody to listen to the whole album. It's not just a sequence of songs. When you look at the cover, and listen to the songs, I think you will come out of it perceiving it as a theatrical production. It's a package, as I said before, a package of love. And through that experience, if you get some inspiration, that would be nice. It's nice that people get inspired in their own way.

# Paging... Yoko Ono Continued

BILL: HOW DO YOU FEEL ABOUT PROMOTING AN ALBUM?

YOKO: Communication is power, loving power. Money is some kind of power too, and there are ways of using that for good. Sometimes I wish it was like an artist can create the work itself, and not have to elaborate on it or explain it any further. But that kind of luxury - no artist has these days.

BILL: CAN WE LOOK FORWARD TO ANY FUTURE PROJECTS FROM YOU?

YOKO: I decided in 1981 that I had to keep going. Again, Sean has had a lot to do with that. I will go back into the studio. I am also in the process of setting up the Lennon Museum. I'm looking for a site in New York City, and that will take some time. There will also be a Lennon Scholarship, designed to help people all over the world. Just imagine a Japanese boy or girl winning a Lennon Scholarship.

BILL: HOW ABOUT VIDEO FROM THE "EVERY MAN" PROJECT?

YOKO: I did a video in 1981, but I don't know how I did it. Now they want another one. I started it, but it's much harder to see John's image now...So I decided to give it to Polygram, and thank you very much.

BILL: HOW HAVE YOU PROGRESSED, DEALING WITH YOUR PLACE IN THE MUSIC WORLD?

YOKO: When John and I got together, initially, we were so inspired and spirited. The Plastic Ono Band got such a shellacking from the world that it kind of intimidated us. There was no point in going on making music that people weren't going to listen to, and were going to throw in the trash can...This time around, I am determined NOT to be intimidated. When we put out "Milk And Honey", I got some letters saying thank you for putting it out. I got others saying that I was                     . But there is a tremendous amount of support out there. I will not be intimidated. My first responsibility is to Sean, John and myself.

EDITORS' POST SCRIPT: Harry Nilsson's video of 'Loneliness' and Sean's 'It's Alright' are currently on MTV, and John Lennon's title video will premier soon...

## Question Of The Week

How do you tabulate sales in your market, and in what way does retail factor into your programming decisions?

STEVE BRIDGES, KFMH: "We're usually adventurous when it comes to adding artists, so sales don't influence that very often. But sales are used to tabulate what is hot. If someone's going to put down money on something, we should be spinning it in a very healthy rotation depending on what demographic is spending the money. We've got the record stores pretty well trained in this area to give us the information that we need and they likewise have got us conditioned to give them feedback."

JOHN COOPER, WQBK: "We use an intern at the station to contact all of the area record stores and tabulate a list of what's selling, strong, medium or light or not at all...If we find that a record is showing strong sales and we have it in light rotation, chances are we will move that record up in rotation, so it does have an impact...I think if we see strong sales by a new up-coming group that will help us in our decision making process although that's only one factor in our decision to add new artists."

STEVE STRICK, WFNX: "We call about 30 area stores including the One-Stops and we get a top 25 from each place. Then we average an overall top 20...The sales effect is not a uniform situation. It has an effect sometimes on certain records...If we go on an artist, we're on it before it hits the stores."

PAM BROOKS, WPDH: "Lucky me, I have a right hand man who takes care of doing all the call outs, calls the record stores in the area once a week and does the percentages...I check the sales reports. If it's been serviced and it's selling, I would think about upping the rotation. I balance out the sales reports against other considerations. I'd like to think that my ears and the talent of the artist is the main deciding factor in my adding a record...The only time sales influence my adding a record is a situation where I don't hear it but it's in the trades and millions are buying it, then I would consider adding it."

PAUL MICHAELS, WXCS: "There's close to 10 record stores in the area and every Tuesday an assistant to me makes calls to all those stores and tabulates the sales figures on all the Lps we're playing. We also keep tabs on Lps that have recently gone recurrent. We also asked the stores if anything else is moving that we haven't asked about...I think sales do affect the rotation of an artist. If the sales are up on something we're already playing we'll up the rotation...As for newer artists - sales don't influence us as much. If we like it and it fits, we'll play artists regardless."

ZAK PHILLIPS, KAZY: "If there's a record we're not playing that's showing strength in sales it's obvious to us that we should be supporting the record on the radio...We're primarily concerned with the sound of a record and whether or not it fits our radio station, but with certain borderline artists sales could get them on the radio."

RICH ROBINSON, WHTG: "We call four stores in the area that encompasses our broadcast range and ask for their top 10 albums and 12" records and what they're getting the most requests for...If they're selling an artist, we'll up the rotation...If it's something we don't particularly like but it's selling, we'll probably add it."

STEVE CHRIS, WCKN: "We call the record stores in our area...We up the rotation on sales, research and requests. Primarily, on research...Sales influence our adds of newer artists about 30%. However, if something's selling hot in all our stores, then I would give it a higher percentage for an add."

DREXEL DEFORD, WYER: "We call the stores, ask for the top 20 sellers and anything that is particularly active - something perhaps not in the top 20 but is selling well...Sales has some effect in increasing the rotation, but I still go with gut decision - sales do help though...If it's selling and we're not playing it and nobody else in town is playing it, it does make me consider adding it."

CRAIG MARTIN, KRCK: "Basically, we have a research person tabulate sales...Sales have some effect in increasing the rotation, say 25%...Not much influence on adds of newer artists. Usually we're on it before it starts selling big."

JOE BLOOD, KEZO: "I survey 7 stores in the metro area that we feel are representative and that cover all geographic areas of the city. Over the last 6 years I've developed a rapport with these store's managers to the point that I can get actual piececounts of current Lp and tape sales. We compile this information every Monday, and utilize it in our music meeting Tuesday morning. I view retail research like this as simply another tool to better the radio station. It is not given undue consideration, but then again it does have impact. In terms of influencing us for new artists, this give us another window to evaluate their potential appeal and in the case of the major bands, sustained sales verify/justify adding other tracks from the album within our genre."

## QUESTION CONTINUED

BOB LINDEN, KESI: "We check around different record stores to monitor sales and if there is something that's selling very well that we're not playing, we'll listen to that closely. We're one of the stations that says what's played on the air in terms of back and front selling, and we feel that that has an effect. I thought it was pretty funny when various consultants said not to say what you're playing and then base your station's rotations on sales."

TOM SCHEPPKE, KISS: "We are planning on instituting some in-store heavy research, but currently we don't tabulate sales. We are more interested in the artist image, the sound of the song, and if it will appeal to our audience. After all, there is a lot of good music out there that doesn't sell massive quantities, while a lot of music that does sell wouldn't appeal to our listeners."

SCOTT DOUGLAS, KATT: "Sales are tabulated on a callout basis to our area retailers. They rate each Lp on a scale of 1-10. The KATT relies heavily on passive callout research. Retail is a consideration, but not a major one."

MATT EFFKEN, KFMQ: "We call the stores that sell records in the market and get their top 10 sales. And we compile those together with a point system to arrive at sales strength for each record in town. This gives us a list of about 25-30 records. This sales research is taken into account with other factors such as national chart performance, requests, etc., to help determine our playlist."

KEN MARTIN, KZEL: "We contact 5 stores plus a chain and we tabulate each sale with a number relative to the store size."

AMY DAHLMAN, WAQX: "Every Monday Ed's on the phone with all the majors grading releases on a scale of 1 to 10. In general, our airplay will start sales which combined with requests can cause upward movement chart wise. Sales may bring a release to our attention such as when 'Eddie And The Cruisers' started to take off retail we then brought it home with airplay. 'Eddie And The Cruisers' is the exception however. It doesn't often go that way."

GLENN STEWART, WWTR: "In this particular market, sales can be useful in determining when to go off a record that's dying. They can also help determine when a new artist has made an immediate impact. For example after our playing Big Country for a couple weeks sales in our market took off. That type of situation, however, is very unusual."

GREG HAMMER, WRUF: "We call 4 local record stores weekly and trace 25 current Lps...A little bit...It usually doesn't unless the sales are incredible."

JOHN AMBERG, WWCT: "We just call 4 or 5 retail outlets and try to find trends. Not really much in we watch the charts and our competition...Not a real big factor unless it's selling hot hotcakes."

BOB CLARK, WTUE: "We tabulate sales by calling all the record stores weekly rating them 1 to 100 in their store. We ask about all Lps we're playing and considering. Local sales have a pretty fair amount of influence on whether or not it gets played. Local sales is one of four or five criteria we use for judging a record's progress."

BOB BROOKS, WGRX: "We don't. We have an EOR station as opposed to AOR and the relationship between our audience and record sales is unknown, where as in AOR good phones get good sales. I'm not saying there is no relationship; it's just not obvious."

RON DIAZ, WYNF: "We take an average by calling a network of stores weekly. Something we're on but not seeing initial reaction to as far as research but are seeing sales we'll move it up more than it has in the past."

TOM STARR, WOUR: "We correlate actual units on a graduated scale, also taking into account duration, and extent of stock, sale prices, advertising and display considerations. 15 different stores are contacted."

JEFF RICCIO, WHJY: "We tabulate the sales list from just about every record store in the market and average them out. As far as how sales influence our playlist, the influence isn't initial but I think that a record that is selling heavily will entice us to move a record into heavy on our playlist."

ANDI TURCO, WPYX: "We call a good number of stores each week, most of them give us ratings from 1-5. We add up the results and come up with our list. As far as the importance of deciding to play, it's just another factor to balance out our final decision."

MARTY BENDER, WSKS: "In between radio jobs, I spent two years at Cashbox Magazine doing editorials and assembling the sales charts. I stole the technique. So actually what I have is a way too accurate tabulation system - it's more than I need. But what the hell?!"

BOB SHOWACRE, WHFS: "Because of the diverse nature of our programming we get information from pop outlets and stores that also handle underground product to find out what they are interested in. I use a relative scale and I talk directly to the buyer. At that point, I do much more than adding the scores together - but the rest is a secret."

PAUL SHUGURE, WRXL: "We consider retail reports about as important as requests. Therefore, we don't pursue retail reports actively. We get reports every week from the two main record chains in the city and can pretty much gauge the retail response through that."

JOSE DIAZ, WBLM: "On a weekly basis, we call approximately 12 key record stores and ask them what their top 20 selling records of the last week were. We then compile this into a master top 20 selling list. Generally I feel that it's the responsibility of the record company to follow-up on whether or not there is stock. My main concern is with what is actually selling. The only time lack of stock comes into play is when a store specifically mentions that a certain record is not in the store and then I will turn around and relay this to the record company. Sales is obviously only one part of the programming picture. We use our local sales research to put together a weekly countdown of top selling records. The other way I've used sales is in depth on certain records. For example, if a record continues to sell after we have stopped playing it, we will generally try to find another playable cut to tie into the record sales."

THE ROZ, WIOT: "I have an intelligent slave, Jim, who calls one representative from each major record chain weekly. We track everything we add plus some other we're considering. Toledo's top 20 sales are one of the many variables I consider when doing the adds each week."

BRUCE BOND, WTPA: "We call about 7 stores and we run down all of the albums we're playing plus some we're considering. And we use the 1-10 system where 10 is the best. We add everything up and get a total. A lot of times also, the store reporter will put a lot of personal opinion into their rankings, but there's no other way to go about sales. Sales figures into our music rotation system more than it does in picking our new adds."

CHRIS RYAN, KWFM: "For us, retail research is just one more tool to use in our music meetings. We sample a cross section of outlets varying in demographics and geographic placements. We ask the stores for the top 20 selling albums regardless of format so that we can keep an eye on other genres of music and that also reflects how strong our competition is in retail sales."

**QUESTION CONTINUED**

DAVID HALL, WKDF: "We call all the major stores and have them give us their top 20 albums and singles for the week and we average that into a top 20 national area sales...If an album is selling hot many times that will get it into a higher rotation quicker...Not much sales influence on our newer artists."

RON SORENSON, KBLE: "I don't...None...Microscopically...This is not to say that I'm not concerned that record companies sell albums. After all, if they don't they won't send me all these nice new records. It's just that what we play affects what sells rather than what sells affects what we play."

TED EDWARDS, KGB: "Combined sales from a select group of stores which have been weighted and averaged and positioned numerically...Sales have quite an effect in increasing rotation. We do callouts at KGB but only after the record is highly familiar. Sales is one of the important keys we use in increasing rotation prior to callout. And also, when callouts are not particularly great but sales are outstanding we may be more inclined to leave a record on."

ALAN WHITE, KILO: "We survey a number of retail outlets in both Colorado Springs and Denver by using our playlists of currents and recurrents and then rating them on a scale of 0-5 with 0 being no sales and 5 being top sales. Then we tabulate and average everything out...We call 7 stores a week...No, 'cause a lot of the stores won't give us unit sales."

RALPH TORTORA, WBAB: "By calling about 40 different stores in the area...It depends on the store if we get actual unit sales."

SKIP ISLEY, WYFE: "Luckily the local record stores tabulate the record sales for us. Sometimes sales figures tip us off on things we're not playing but we should be considering - as in the case of Beaver Brown. But we rarely add something just because it's selling; otherwise we'd be playing all metal and Julio Iglesias."

TOM STEIN, WZXR: "We call the record stores and have them rate each album that we play or are considering playing on a 1 to 10 scale...Sales can have a very important effect if an album is selling extremely well or not selling at all...If we see sales on an artist that we are not even playing yet, that is a signal from the street that they want something they aren't getting from our radio station, if it's our kind of a record. For example, the first week that Ratt's 'Out Of The Cellar' was released it showed tremendous sales that told me right away that there were a lot of people who knew who Ratt was before they got radio play."

KAREN ANDERSEN, WGIR: "Rather than a numbered system, we have the store report hits, mediums, and new releases stirring up customer interest, along with the retailers' comments in general...We take into consideration other aspects of research, i.e., phones. We won't increase something on a retail basis alone...We have to look into what kind of store is reporting a new artist. We take into consideration whether the store is in a mall, or whether it's a so-called 'record collector' store and then make our determination from there."

PEPE LOPEZ, KLAQ: "I send all the retail outlets in town a copy of my playlist. I call them on Monday and get combined record and tape sales figures...If a record is selling well, it increases the chance that we will up the rotation...It influences the adds of newer artists only slightly."

JOHN GRAPPONE, WRCN: "We do research with certain stores within the area, tally them up, and find out how the record stands - not only records that we're playing, but records we're considering...If it's a record that we're on, and it's starting to sell we will consider moving it into a higher rotation. We don't add records simply because they're selling. This pertains to records we're not currently playing but being worked on by the record companies. If the record sounds good to me and the Program Director, Mark Coppola, we'll add it. Once the record is added, we watch the progress to see if it does anything."

NEAL MIRSKY, WCKO: "We monitor sales, talking to sales stores and pools to see what's selling and not just rock records. When something is selling that I'm not playing and if it's in format, the sales will turn me onto it. That stems from MTV sparking it."

MARO SELBY, KRVV: "We keep our eye on sales but it isn't a major consideration."

ERIN RILEY, WMMR: "I have my assistant, Amy, call 25 stores every week to get an idea, but it's usually pretty predictable as to what's selling. No surprises. However, when there is a surprise, I obviously notice it. Elvis Costello and the Psychedelic Furs are two examples where we used good sales to up rotation."

IRV GOLDFARB, WPLR: "We use them consistently and a plunge or jump in sales would have an influence on how we deal with the record."

DAVE KANE, WCMF: "What I look for are sales on new and developing artists. Also look for sales on albums that we didn't think would sell a great deal. Big ticket items are fairly predictable."

KEN ANTHONY, KSJO: "We are primarily a call-out research station so sales info is used sparingly, primarily because sales info isn't specific enough...Prince sells a million records, but who buys it? Two million female teens or one million 64-year old housewives could be each buying the Lp three times. Also, album buyers are, usually an active and small percentage of your total listening audience. We're interested in record sales, but it's not our primary source in choosing music."

BOB KRANES, WBCN: "We do a retail report, and I look at all the other reports available to me in trades. They're all weighed accordingly."

INESSA YORK, KGON: "I use it to verify moves on charts, something if someone is trying to convince me about a record I'll use it for evidence pro or con."

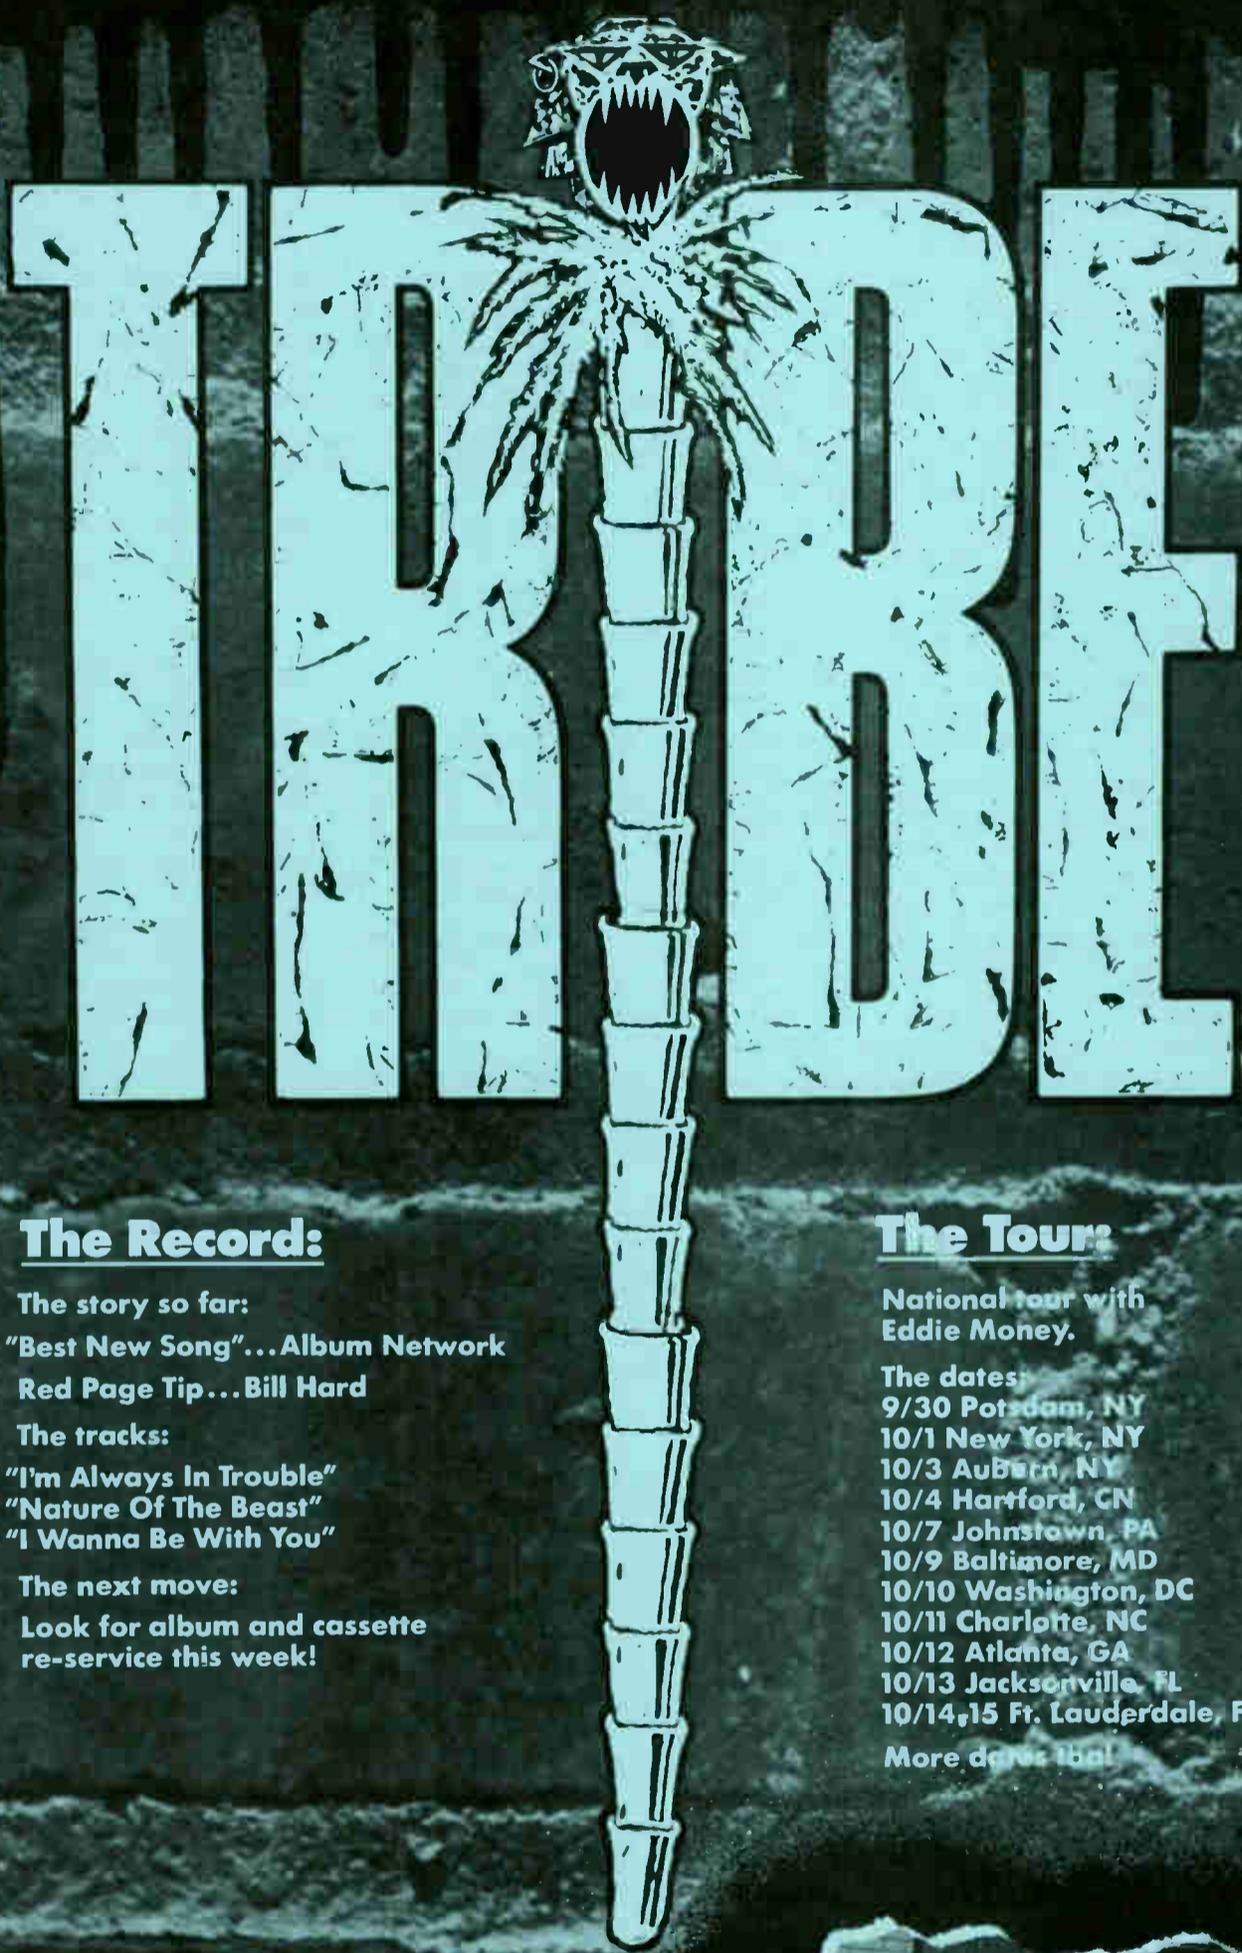

PAUL HEINE, WGRQ: "We have two sales surveys that we use. One is an inhouse listing of about 45 records and the other is the Cabbage Patch, put together by the buyer in the area (John Grandoni)...If a record is burning out the store that we're not playing we take a very close second look at it. If we've been playing one for 6 to 8 weeks and is not happening, we take a second look as well."

PAUL McMILLIAN, WKLC: "We call records stores in both cities and rate the records 0 to 5. It has a lot to do with our rotation. Just look at the 'Eddie And The Cruisers' soundtrack...Usually I add it before the sales have kicked in. Occasionally it helps a borderline artist."

LEE ROBERTS, KICT: "Wichita only has 6 good record stores. It's simple, I call each manager and ask them to rate what's on my playlist on a 1 to 5 scale and then I ask for any Lps that people are asking for that we're not on."

MIKE BRAMEL, WPGU: "We seek sales results from local record stores. Dramatic increase sales are considered for adds."

ROBERT PLANT, former lead vocalist of Led Zeppelin, has written his entire new studio Lp, although they're just getting into the actual recording of it right now. By the way, Robert is so knocked out by the reception that The Honeydrippers have received, that there is a possibility that he may do another project along similar lines. Did you hear him make mention of Brian Setzer of the Stray Cats on his D.I.R. Broadcast? Plant called Setzer one of "the most exciting guitarists of the '80's."

# Radio Action

**KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES:** "'Sad Songs Say So Much'. And swan songs bore so much. So let's just say farewell to a bunch of fine, fun people as we call in the dogs, piss on the campfire, and fold our AOR tent. To those with whom we'll still be working in our new CHR format, thanks for your patience during the transition. To the others, our best wishes that you keep album radio a viable and valuable vehicle for your market and/or record company."

**WDEK, DEKALB, IL M.D.-JOAN WILLIAMS:** "A couple of weeks ago, I stated in these pages that WDEK would remain an AOR station. I made that statement because the station's management assured me that it would be true. However, after some recent developments since then, I have to apologize for making what is now a false statement. Beginning in a few days, WDEK will switch to CHR. Ward Holmes is no longer our PD, due to those ever popular philosophical differences with station management. Lew White, formerly of Q100 in Allentown, is our new PD and you can reach him between 2-4pm weekdays. I'll be moving to a nighttime airshift, so the best time to call me will be after 4 weekdays, starting October 15th. I do apologize for being misleading, but those of you who know me will understand that I was given two stories. Ward's home number is 815-758-7547...For those of you who made our AOR existence so much fun, all I can say is thanks, it's been great to work with you and I hope we can continue to work together and stay in touch. It's been fun."

**KBCO, BOULDER, CO P.D.-JOHN BRADLEY:** "KBCO has moved to new studios. Our new studio is just down the road, but there is still a great view of the Rockies. Our new address is 4801 Riverbend Road, Boulder, CO 80301. The phone number remains unchanged."

**KISS, SAN ANTONIO, TX M.D.-TOM SCHEPPKE:** "I want to announce my appointment as Music Director at KISS. I'm on the air from 10a-2p central and will take music calls from 3-5pm Monday thru Friday. I'm looking forward to hearing from you, and you'll be hearing from Joe Anthony and myself soon...Coming to town for some great shows: Billy Squier, Fastway, Exciter, Grim Reaper, The SanTERS, Laaz Rockit, and last but not least, Quiet Riot, Whitesnake, and Helix."

**KSRR, HOUSTON, TX P.D./M.D.-MICHAEL STEVENS:** "On the Honeydrippers--Out of 1 play on a weekday afternoon, the phones dictated amazing reaction. I've never seen anything like it! A week later we ran the Robert Plant National Press Conference Live from London...Just in, REO 'I Don't Wanna Know'--slapped it on the turntable and loved it immediately. It's nice to have them back...Roger Hodgson is equipped with interesting production--nice touch to his vocals, while still maintaining that Supertramp feel. Like to see him put on a few pounds too... Real pleased that a rave of mine has come thru with Zebra's 'Bears'...Just jumped up to heavy, selling well in the Retail Dept: Springsteen has been number 1 for 6 weeks, followed by The Cars, Prince, 'Eddie And The Cruisers'... Good reaction to Iron Maiden, Scandal and Ronnie Dio."

**WHJY, PROVIDENCE, RI M.D.-JEFF RICCIO:** "Roger Hodgson has returned in fine form. He was Supertramp! Every hook that Supertramp has ever produced is included on the 6-minute version of 'Had A Dream'. I never realized how much I missed the band until I sat down with 'Eye Of The Storm'...Survivor is performing much better than I had anticipated. We're starting to get a steady stream of calls and sales have finally developed for Survivor...This month's great morning tune is Four-In-Legion's 'Party In My Pants'. I wish all phone-getters were as easy to pick as this one...Speaking of phone-getters, don't hesitate to play The Fools' 'Life Sucks & Then You Die!' We've been playing it for months now and it is easily our most requested tune of the year...We could all sit for hours and talk about how scary the Julian Lennon tune is, but all you have to do is put the song on the air and let it speak for itself. Man, is it eerie! It's also timely and effective. The curiosity calls haven't stopped. Julian Lennon has come along and reminded us of how much we miss John, but this time, it might just be a little easier to take."

**KRCK, PORTLAND, OR M.D.-CRAIG MARTIN:** "The Julian Lennon sounds so much like his father it's scary. But what really matters is the music and if it's good - and in this case it is. Phil Ramone's production brings back images of 'Sgt. Pepper' era Beatles and the chorus is very strong. The Lennon name can be both a help and a hindrance and Julian is going to be under closer scrutiny than your average newcomer. With 'Valotte' he shows he's up to the challenge...Fee Waybill's first solo venture carries on in the Tubes tradition. 'You're Still Laughing' follows the same vein as 'Talk To Ya Later' and 'She's A Beauty'...Smart dayparting is the key to Hall & Oates 'Out Of Touch'. These guys are CHR monsters but they have just enough edge to their music to make it acceptable to at least a large segment of the AOR crowd. These are the kind of songs that can give you that all important cume. The whole album is one of their best ever with 'Some Things' and 'Bank On Your Love' sounding like real future possibilities...Molly Hatchet follows in ZZ Top's footsteps. They even got their engineer to make 'Satisfied Man' their hottest product since their debut. A slicker sound than we're used to from these Southern axe men, but Danny Joe's snarling vocals let you know who it is... The Honeydrippers are setting the phones on fire. Only the Kiss army is keeping it from being #1 most requested. The most pleasant surprise is that all of the calls are positive. You take a classic rock voice with some classic rock music and I guess you can't go wrong."

**KXZL, SAN ANTONIO, TX M.D.-ANGELA WRIGHT:** "I dreamed the other night about checking out the movie 'Teachers'. Of course, in the dream I was with someone incredibly gorgeous, and we were sitting in the back row checking out a kickass show with a smoking soundtrack so hot that the figures in the theater were catching on fire. Was I excited when I woke up! Got to the theater today to see the movie and I was surprised and disappointed to see that all that great music was under-used. Just a brief shot of Night Ranger, ZZ Top, Bob Seger and others. Now you tell me, brief shots are okay once in a while, but I'm into longer sessions. What a waste of a great soundtrack...Molly Hatchet's 'Satisfied Man' rocks. Check it out and you'll be able to say 'it was good for me too'...Grabbed the new Van Halen video on the TV today - finally. Afterwards, I just had to listen to 'Hot For Teacher' another three times. Van Halen gives good video."

**WHCN, HARTFORD, CT M.D.-BOB BITTENS:** "Julian Lennon obviously knows the meaning of the words 'Honor Thy Father'. What better way to pay tribute to your parents than to take the 'family business' to new heights. No cashing in on dad's hard work for this boy. He's a talent all by himself. 'Valotte' is really nice and if you really want to hear the ghost of John Lennon, check out the import single 'Too Late For Goodbyes'... Finally got to the Jethro Tull this week. Strong early sales and requests a major factor there. They opened their U.S. tour in Connecticut this week...Thanks to Drake Hall and Jon Scott for including me on the conference call with Ian Anderson. Besides being a decent musician and songwriter, the guy's got one hell of a sense of humor...Thanks to Caplan and Bennett for convincing me to drag my butt to NYC for Stevie Ray Vaughan's gig at Carnegie Hall. He is, without a doubt, one of the world's great guitarists."

**WYNF, TAMPA/ST. PETERSBURG, FL M.D.-RON DIAZ:** "The kids l-o-v-e it, their parents can't get enough of it, the phones are ringing off the wall for it. It's the Honeydrippers! Initially I figured on mostly curiosity calls for the Honeydrippers, but I underestimated the action this mega-star combo could generate. It's the cat's pajamas!...It was great listening to a funny and interesting Ian Anderson on Jon and Drake's conference call last week. I had to jump off the phone early but not before Ian mentioned his favorite track from the Jethro Tull album 'UnderWraps'. I was a bit surprised 'Lap Of Luxury' wasn't one of his faves. It sure is one of mine! Some guys can write h-i-t-s without even trying...I've mentioned it before and I'll mention it again-- 'High On You' from Survivor's 'Vital Signs' is a great follow-up to 'Can't Hold Back'. Both tunes are working extremely well for WYNF...Another second track we've been successful with is 'Tender Years' from the Beaver Brown Band --it's a hit in Tampa Bay...Julian Lennon sent chills up my spine too and playing it on John's birthday gave me a sad but hopeful feeling. John's music is in Julian's blood...From Yoko's 'Every Man' project, Eddie Money is movin' on and movin' up our charts...I'm digging Frankie's 'Two Tribes' trip. It's a make-you-listen type record. We're talking across-the-board biggie here...Finally, after listening to the tape several weeks ago, and now reading bits and pieces of the lyrics in the Sheet, I anxiously await Don Herley's 'The Boys Of Summer Have Gone'--Bring it on!"

**RADIO ACTION CONTINUED**

WSKS, CINCINNATI, OH M.D.-MARTY BENDER: "Clean-up time: Congratulations to all radio and record people who have been promoted, married, had a kid, or just simply dropped by with the Joe Schmo Band, and I mean that sincerely... Hey, let's just call it Fok-tober and shit-can the whole idea already. What the heck ever happened to Jimmy Hoffa? I think he joined Boston--They disappeared at the same time!"

KRVV, VAIL, CO M.D.-MARO SELBY: "There have already been phone calls and much interest in both the new Hodgson and the Honeydrippers...The edited Pat Metheny is ideal for airplay throughout the day in our format...Baxter Robertson is as nice as everyone says he is...Having read about all the commuting MD's who listen in their cars, I feel luckier that I can see the radio station from my living room. It's not the greatest view in Vail, but it's convenient!"

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY: "I wish you could have been there to see how well loved Warren Zevon is in Philadelphia! He was here a month ago, sold-out two shows, and a month later he did it all over again. Not many artists can claim that, especially when you consider that he doesn't even have a recording contract! Open your ears, folks--Warren has some new material that will knock your little socks off!...Great to see everyone in New York last Thursday at Carnegie Hall. Freddie, why do you always keep me out so-o-o late?"

KSJO, SAN JOSE, CA M.D.-KEN ANTHONY: "It's Rocktober and KSJO is celebrating 16 years of rock 'n' roll! Since 1968, quite a few stations have come and gone fighting the rock wars in the Bay area, but we're proud to say we're still healthy after all this time...Thanks to all the record and album radio folks who have supported us. Let's rock for another 16 years!...The Julian Lennon record is amazing. The Lennon legend lives on. Happy Birthday, John--We miss you."

KBPI, DENVER, CO M.D.-LYNN WELLS: "At a time when local record reps are becoming an endangered species, great to be able to welcome somebody to town rather than saying goodbye and good luck. Ray Carlton is the new Elektra rep here in Denver and we're glad to have him. Congratulations are also in order to John Schoenberger on his promotion to V.P. John, you've got a h-o-t band on your hands with Stone Fury. Lenny Wolf, the lead vocalist, has a familiar sound that can only help in getting this band established. 'Break Down The Walls' has the power and the hook of a smash...When the Twisted Sister album first came out, we went with 'I Wanna Rock'. It was very successful for us, pulling number 1 phones for a number of weeks. With the new video, the time has come to pull it out of recurrent and bang it for a few more weeks. Can't hurt, right Danny?...Other adds this week include Autograph, Roger Hodgson, the Honeydrippers and Pat Benatar, as the Christmas rush continues."

WBCN, BOSTON, MA M.D.-BOB KRANES: "Don't get caught sleeping--Frankie Goes To Hollywood now! An unbelievable amount of action surrounding 'Two Tribes'. So much so that this is the second week in a row that I am ranting and raving about them...Fee Waybill, Fee Waybill, Fee Waybill--A project that's been in the works for quite some time and now that I'm finally getting a chance to actually hear it, all I gotta say is alright! Fee's voice is unmistakable and for audiences starving for new tubes, this record works...Those chills that I spoke about last week are still running through my body--Julian Lennon's record is arousing a lot of curiosity and the phones are real h-o-t. Wait till you hear the album...This week-end is WBCN's first annual 'Road Race'. It's a ten kilometer run and a four kilometer walk with wheelchair participants encouraged to participate. The race will end with a party at the Metro for all runners. Looking forward to hitting the streets once again...P.S.: Wait till you hear the new record from one of Boston's biggest bands. It'll knock your socks off!"

WLUP, CHICAGO, IL M.D.-BILL EVANS: "Stevie Ray Vaughan owns the book on playing 'that' guitar. What a treat to see him play at his own birthday party. Carnegie Hall has to be the most perfect venue in America. An entire evening and morning of magic. Thanks to Bill Bennett and the rest of Epic for the hospitality, plus yet another thank you to Lambert and Loncao...Wham! sales in Chicago indicate that despite strong CHR airplay, it hasn't kicked in yet, so we decided there is a lot of mileage left on this one...Stills duet with Mike Finnegan produces a perfect song for what we're doing...Julian Lennon's 'Valotte' is gorgeous, reminiscent of 'Across The Universe'. Proves that it's in the genes...Phone response on Honeydrippers was so strong that we simply had to add the record, using 'Sea Of Love', the easiest way to judge whether the Lp can go the distance...The Eurogliders sweet sound a la Fleetwood Mac goes in. Another perfect record for the Loop."

KGB-FM, SAN DIEGO, CA ASST. P.D./M.D.-TED EDWARDS: "How about those Cub busters!!! I'm still an American League fan, but my humble apologies to the San Diego Padres for being embarrassed by their performance in Chicago. Fan or not, this team has set our supposedly sleepy little city on fire, and after all the negative crap that was winged at San Diego and the Padres by the Chicago and National press, I have just one question. Hey you guys, what does shit taste like?...Now onto more pleasant matters. If you're looking for a pre-lubricated hit to shove up your competition's butt and haven't dealt with the Scorpions 'I'm Leaving You' yet, I highly recommend that you check it out. The tune spent 8 weeks in power rotation at KGB-FM. Why? Sales, call out, requests--you name it, this one's got it all...On this week: Roger Hodgson. I must admit that after the last Supertramp album, I was reluctant to get into this record. But after a couple of listens, my apprehensions are far behind me. This is one spectacular album...Also sitting pretty in comeback city: the Molly Hatchet band, a la 38 Special, honing their southern sound to fit squarely into 1984...Columbia seems to be completely committed to the Eurogliders and after a couple of spins, I can hear why. We began to share that commitment with our listeners this week...Love the Fee Waybill 12" too. Highly familiar pipes, solid tune, sounds like a hit to us. No problem putting their tune from 'Teachers' into rotation... Also on Tull's 'Lap Of Luxury', Twisted Sister's 'I Wanna Rock', and Bill's pick from the Autograph Lp 'Turn Up The Radio'. We like it too, Mr. Bill. Mainstream rock and roll still works great with our listeners, and in that sense, this tune is an easy pick. Ditto for Stone Fury. 'Breaking Down The Walls' sounds better every time I hear it. And it certainly puts a grin on my puss to be able to squeeze these in before the annual fall superstar blitz...P.S: Gail Lee, thanks."

KYYS, KANSAS CITY, MO P.D.-JOE MACCABE: "Adds this week: Julian Lennon 12", and the not so obvious Autograph's 'Turn Up The Radio'. The Lennon is simply mah-valous. We have the import and we're also using 'Too Late For Goodbyes'. Sounds great, can't wait for the rest of the package. Send it on CD please...Blackfoot started off with great requests--either for the group by name or 'who's doing that version of 'Morning Dew' seems to have tailed lately. I can only guess they're hearing it enough or they are simply tired of it... A typical Kiss record selling some and dominating on the phones, mostly pre-teens...The Krokus seems a bit quiet, ditto Zebra, though both sound fine on the radio, and oddly enough they 'test' well. What does that mean?...The Honeydrippers, U2, Cafferty's 'Tender Years' is the big smash. I play it and it works great... John Parr--Great story already. Requests for the guy by name, and who ever heard of John Parr before. We agree with Bill on the next cut...Once we started to backsell that Gilmour was playing guitar, the McCartney calls picked up. Very safe record to play...Getting calls on Tina Turner, sorry we were late. But I'll never admit this to Capitol. This is a typo...New Benatar goes right in, and I'm probably the only one who can't decide on a new Hall And Oates cut."

WCCC, HARTFORD, CT P.D.-DAVID GROSSMAN: "We're getting across-the-board acceptance on 'Too Late For Goodbyes' from Julian Lennon, 'Valotte' kicking in with excellent phones 18+. Most listeners believe they are hearing John...Giving Keats a shot. It will be a BIG record...Huey Lewis recorded 'Thin Line' here in Hartford, and it will obviously walk the same path as the other four singles...John Cafferty's 'Tender Years' shows excellent female acceptance. If you're looking to grab women where it counts, this is a must play item... Peter Wolf's album continues to do well. 'I Need You Tonight' was surfacing in its own right since the release of the album and will do well...Rickie Lee pulling top 5 phones...Honeydrippers' 'Rockin' At Midnight' continues to burn up the phones and 'Sea Of Love' is not far behind. The perfect cross-format track with guaranteed upper demos. If you're looking to broaden the demo, they don't get wider than this."

RADIO ACTION CONTINUED

WLVO, COLUMBUS, OH M.D.-LEE RANDALL: "Our top 3 retail items this week are Prince, Bruce Springsteen, and Tina Turner...Immediate phones on the Honeydrippers. There hasn't been this much excitement since Bruce came in...As well, people want to hear the new U2, Kiss, and Rush, as a result of their appearance last week. In concert, Rush, after a sloppy start, pulled it together to entertain their most devoted fans for a sold out show in Columbus. Maybe someday, we'll be lucky enough to talk to them...Our adds this week: the haunting Julian Lennon, the Honeydrippers, Jethro Tull and Frankie Goes To Hollywood. The Frankie record, to us, is excitement. It's an ear grabber. It's what radio should be like if you turn it on in 1985. We're looking for this to be a big, big song."

WDVE, PITTSBURGH, PA P.D.-GREG GILLISPIE: "I can just see Robert Plant and all his friends sitting around wherever they hang out these days with a big smirk on their faces. They probably just had a ball of fun doing the Honeydrippers project and now radio, and moreover, the audience, isn't quite sure what to make of it. Our thoughts are that it is a fun project by the biggest names of our format. It has good appeal for both the young and upper end and it ought to be heard. Comments from the audience have ranged from disbelief, to they can't stand it, to they love it, to it's Iglesias, to it's Page, Plant and Beck. Honeydrippers don't care what it is...I wonder what would have happened if Joe Jackson would have been more of a household name when 'Jumpin' Jive' came out...Jethro Tull's 'Under Wraps' #1 (the song) is now #2 most requested after just a couple of weeks of airplay. I still find this song more appealing and a better representation of what Jethro Tull should be in the 80's than 'Lap Of Luxury'...Fast Forward continues to do well, still top 10 requests...The Timothy B. Schmit song 'Something's Wrong' will fill a void. And speaking of former Eagles members, I had a chance to hear the Don Henley record last week and can't wait to get that on the radio...The Julian Lennon brings a tear to my eye every time I hear it, and from the reaction on the phones this week, it does much the same for the audience...Tommy Shaw is really starting to sell and the phones continue to be very strong on 'Girls With Guns', so that goes to hot this week...David Bowie is also picking up, so we added 'Neighborhood Threat'...I wholeheartedly agree with those who say the 'Teachers' soundtrack is for AOR what 'Footloose' was for CHR. We'll be banging this record well into the new year... I'm starting to get very nervous about the Steve Miller record. I really thought the other formats would fall in line by now. The same is true for the Lindsey Buckingham. As a matter of fact, I'm downright pissed that we were the only station in town to play this record...I saw Stevie Ray Vaughan at Carnegie Hall last week, and it was an absolutely amazing and thoroughly enjoyable show. The guy who unfurled the banner from the upper deck at the end of the show summed everything up perfectly. It said, 'Jimmi would have been proud'."

WCKO, MIAMI, FL P.D.-NEAL MIRSKY: "Congratulations to John Schoenberger on his well-deserved promotion to V.P. Albums at MCA. John is one of the hardest-working, music-loving promotion men I know...The public's reaction to the Julian Lennon is no different than ours in the industry. They are getting goosebumps too. This is a major release."

WNEW-FM, NEW YORK, NY M.D.-MAXANNE SARTORI: "Thanks to everyone who remembered my birthday with cards, flowers and potables...I've read with great amusement, people's critique of Eno's production on the U2 album. I think if everybody had their own set of the Oblique Strategies cards, which is a boxed set that came out at about the same time as 'Before And After Science'--1978 (available as a boxed set from Island), I think people would understand why a lot of musicians would like to work with him. He approaches life and art with one thing in mind, that nothing is ever a mistake, only an alternate way of doing things. I happen to like the production and I have in my hand right now the English 12" of 'Pride', which contains additional tracks 'Boomerang 1 And 2', '11 O'clock Tick Tock', and 'Touch' (both produced by Martin Hannett). On the back of the picture sleeve is a picture of Martin Luther King. I'd just like to leave everyone with the quote which appears under the picture. 'I refuse to accept the cynical notion that nation after nation must spiral down a militaristic stairway into the hells of thermonuclear destruction. I believe that unarmed truth and unconditional love will have the final word in reality. This is why Right temporarily defeated is stronger than evil triumphing.'"

WKLS, ATLANTA, GA M.D.-BOB BAILEY: "A quick report this week. Add one, drop four. We'll be down to 10 currents in no time. Added the Jethro Tull 'Lap Of Luxury'. A decent record--We'll see if Tull still has an audience...We moved the Peter Wolf and John Waite singles up in power because they were added across the street...Tommy Shaw pulling unusually good phones for a record of that nature...Other than that, it's Prince and metal all the way...To recurrent: Honeymoon Suite, Springsteen, Lindsey Buckingham and Dio...Just got the U2 sales, and it debuts at #6 retail in town. That's definitely their best start here ever...Also in sales: Strong debut for the Honeydrippers at #14."

KRQR, SAN FRANCISCO, CA M.D.-LISA NOVAK: "Adds this week include: Stone Fury. They've got the energy of a young Scorpions, just right if all the established acts are wearing a bit thin...Joan Jett's 'New Orleans' is a party song and she comes off best when she's belting it out...A second cut from U2, the single couldn't be doing better, so we've added the title track...Even though John Parr is a newcomer, he doesn't sound at all Foreign...er...I mean, it's like he's been around a while...Peter Wolf's 'I Need You Tonight' should be a great record for our actives...Increased play on Zebra...Tommy Shaw seems to be a winner...Excellent continued strong response to Honeydrippers, more than a novelty record...The listeners perceive the Waybill as a new Tubes record. Medium calls...And Hatchet appears to be building."

KGON, PORTLAND, OR M.D.-INESSA YORK: "Due do a code in da head, I missed out on last week's great question of the week regarding where one listens to albums and I wanted to add one more voice for advance cassettes if record companies are listening. Those cassettes are the most effective way to listen to an entire album or review one or listen to formats such as the recent Joan Jett thing which was an interesting way to introduce a new Lp. At the office it's necessary listening time, at home it's 'important' Lps and faves... Elsewhere-- A late observation on U2's 'Unforgettable Fire'. Interested to see how the new album is confusing a lot of folks (ie: the Rolling Stone review and so on) no strong songs and so on. I find the lack of good old A-B-B-A-B blah structured tunes refreshing, to say the least. Leave 'em to Paul McCartney and CHR. U2 have managed to defy and change a lot of rules, and more power to them (on our telephone, 'Pride' is number 2)... At home I'm listening to Tom Verlaine."

KTXQ, DALLAS, TX P.D.-TED UTZ: "I'm happy to see that Ron Nenni at HJY can cause a little trouble. I'm also happy to see that U2 can get people excited. I tried to do the same thing here in Dallas but the competition was just unconcerned, because U2 doesn't sound like Shooting Star. Just ask the 16 year old that does their call-out. Something here doesn't make sense. They drop the record and we've got 'Pride' in power with two other cuts in medium. Maybe now the audience in Dallas/Ft. Worth will see a difference between Q102 and KZEW...David Bowie also falls into the same situation. We're 3 deep and the record is going strong. At this point, I have to wonder how long the Julian Lennon will last before the novelty wears off... Speaking of spending time with a record, Autograph is really beginning to shine through. I'm more of a believer this week...Friday, Oct. 26 will be great day for rock radio. Look out CHR's, here comes 'Perfect Stranger' from Deep Purple. Nuff said...This week's adds: Lennon, Molly Hatchet, Tommy Shaw, and Hall And Oates."

WZXR, MEMPHIS, TN M.D.-TOM STEIN: "Aztec Camera hits top 5 requests this week with 'Jump'. We doubled it up with the original on our 'Two Fer Tuesday' and the phones went nuts...Survivor vaults into maximum rotation this week...Both the Eurogliders and Frankie Goes To Hollywood go in this week and both sound terrific on the air...Pat Benatar always seems to come up with the right sounding songs at the right time...The more I hear the U2 album, the more I like it. Besides the single, we're on the title track. But 'Bad' is another killer cut...I love the monster mix of 'Hello Again' from the Cars."

## RADIO ACTION CONTINUED

**WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN SMALL:** "When the Molly Hatchet 'Satisfied Man' first hit the music office turntable, everyone listening did a double take at the label to make sure we were really hearing Molly Hatchet. The band has done a strong mainstream rock and roll record with an irresistible hook...Fee Waybill's 'You're Still Laughing' doesn't sound like he's away from the Tubes at all. It's a good sounding record in the tradition of 'She's A Beauty' and 'Talk To Ya Later'...This week we'll also give Blackfoot a try, namely the 'Living In The Limelight' track. I still don't think the world needs yet another version of 'Morning Dew'...I have to agree on the depth of the 'Teachers' soundtrack. There's enough here for both album radio and CHR to keep the record chartbound for a while. As a matter of fact, the 'Roman Holiday' tune sounds like a bonafide CHR hit. Bob Seger's 'Understanding' has the phones ringing. It's been such a long time since Seger has had any new tunes that something fresh from the Detroit Rocker has his fans perking up their ears. Gee, I wonder how the movie is."

**WIOT, TOLEDO, OH M.D.-THE ROZ:** "Let's go crazy and LET'S GO TIGERS, All the way! I'm a sucker for David Gilmour's guitar so it's a pleasure to add the best song that Paul McCartney has done in years. Had to throw in 'Sea Of Love' along with 'Rockin At Midnight'... The Honeydrippers Ep has really brought out the sweettooth of Toledo listeners (although from the press conference I hear the group's title is actually supposed to be perverted!)...Molly Hatchet was a must this week. This one will spread way past their loyal followers. No scrawling endless guitars. It gets right to the point with 'Satisfied Man'...The Julian Lennon is already top 5 phones after just one week, although listeners can't pronounce the title. I hear it's 'Valotte' rhyming with boat and it's named after the French chalet where Julian wrote most of the album... WIOT's final add was Stone Fury. It's not grinding nor melodramatic, just catchy rock and I think it's being overlooked. Dee 'Potty Mouth' Snider and Twisted Sister are achieving number 3 phones with 'I Wanna Rock'. Let's kill Niedermeier, Yeah!! U2 debuted number 3 in sales, Hall And Oates in number 4, Bowie at number 7 and the Honeydrippers at number 10. Ciao. Mein. Noodles."

**WTPA, HARRISBURG, PA M.D.-BRUCE BOND:** "I'd like to say that Walter Mondale is a big jerk!..The new REO Speedwagon tune is our number one request this week...I got the new Pat Benatar 12" in the mail this morning in about 52 pieces. This is one of the reasons I wish certain record companies would send more than one piece of product. Just by luck, a local independent sent me another copy today also. Saved by the Independents!... The best Arthur Baker remix to date is The Cars' 'Hello Again', and I believe it should be played in heavy rotation...The Fee Waybill tune really shows the maturing that Fee has achieved throughout the year and it fits our station perfectly...Also, the band Autograph is rock and roll with a punch, and fits in nicely... Thanks to the Joan Jett organization for the show last week. Thanks to Steve Leeds also...Who cares if Ronald Reagan looked nervous in the debate? Wait till the next and final debate. That's the one that really counts because it will leave a lasting impression in everyone's mind. Once again, Mondale is a jerk...I got to see my parents dog, Fred, last week again, and make it a 'Two Tribes' day."

**KWFM, TUCSON, AZ M.D.-CHRIS RYAN:** "Well, it's finally come to the desert. The Boss just announced an Arizona date on November 8th and the phones haven't been this hot since The Stones played here...We are cookin' through the first part of this book with a great high profile promotion and how's this for a prize? We're sending someone to Tokyo to see Billy Squier. And also sending two people to see Yes, among others in Rio De Janiero. How's that for a medium market?..One more thing to say. Even though by the time you read this, the series will be history: GO PADRES!

**KLAQ, EL PASO, TX M.D.-PEPE LOPEZ:** "Dee Snider made believers out of us. Serious music fans in El Paso were treated to gear-grinding rock and roll with a twist Monday night. Coming on the heels of Dee's arrest for profanity and abusive language the night before, the Sister put on a PG 13 performance that sent the audience home with Twisted little smiles on their faces. If TFS heads to your market, make an extra effort to get Dee into your studio. It will be the best interview you do all year...The Honeydrippers have won a place in our rotation. Arin and I were knocked out when we heard the record but hesitant at first to play it. So we tested it. The response was overwhelmingly positive. Across the board demographically and in all day parts. We are determined to break this record in our market. So, we're on 'Sea Of Love', and 'Rockin At Midnight'...It was a pleasure seeing Kenny Ryback again. Sincerity and honesty are this man's trademark. He flew into town to turn us onto the Alphaville record, and to share sushi and saki (much more of the latter than the former). He also made me promise to quit saying ugly things about indies or he would date my daughter...We had the same response as the rest of our radio brethren when we heard the Julian Lennon tune. If it gives you goosebumps and raises the hair on the back of your neck, imagine what it will do to your listeners...The McCartney record is a personal fave. The Gilmore guitar adds the necessary ingredient to make it an album radio hit."

**WRCN, LONG ISLAND, NY M.D.-JOHN GRAPPONE:** "First on the agenda is a big thank you to Ray Free for making it possible for me to see one of the most exciting, polished, and a down right good plucking guitar player-- Stevie Ray Vaughan. It was a sold out show in the Big Apple with a party afterwards which gave me the opportunity to meet Stevie and some people I'd been speaking to for months but never saw face to face. Among them Debbie Applebaum and Fred DiSipio, Jr. from Hot Trax promotions. Also nice to meet Dave Logan from KFOG, Mark DiDia from WYSP and Erin Riley, from WMMR. Ralph WBAB Tortora and Ken WNEW Dashow were there as well...October 9th, 1940, a Lennon was born. October 9th, 1984, a Lennon is added to the RCN playlist. Kind of eerie, huh? Julian sounds beautiful...The big move on the RCN album sales chart this week is U2, 18-2. We went with 'Wire' this week...Honeydrippers clocks in at #3...Finally, do Michael Plen and myself two favors. Listen to the General Public record and then add it."

**WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER:** "Right on, Heavy Lenny! Your recent comments about marketing AOR correctly were very well received here. As you said, 'the AOR heritage is worth millions'. We love it and don't intend to be 'a watered down version of a CHR'. In any case, in the NJ - NY area, we'd be crazy to change with thousands of disenfranchised listeners from WAPP and WPLJ just waiting to hear some good new rock 'n roll...Speaking of that, let's hear it for John Parr, General Public, Julian Lennon (this week's adds) and new tracks from Corey Hart and Billy Squier...Adds last week included Molly Hatchet, Eurogliders, Fee Waybill, Joan Jett, and Roger Hodgson...Congratulations to an astute record company that knows of New Jersey's advantages: Capitol Records tapes plus CD's is moving their East Coast headquarters to the Garden State."

**FROM MARK:** "WDHA just did a live show with Joan Jett And The Blackhearts this past weekend. The show was packed (sold out) and the parking lot was closed over an hour before the concert began. I would like to thank Steve Leeds, Kenny Laguna, The Meadowbrook and of course, Joan Jett And The Blackhearts for doing this special DHA show. Joan called in live to thank us, not only for currently supporting her, but supporting her five years ago when she didn't have a major deal. She said that this was her way of remembering our unswerving support for her. Thanks, Joan, and good luck with the new album (we're playing four cuts) and world tour...DHA listeners have been going wild for the Honeydrippers. 'Rockin', 'Sea Of Love' and 'I Got A Woman' are all getting phones. I'm already looking forward to volume 2,3, etc...**TO MAXANNE:** Why are the jackets being made so they don't fit in the sleeves in all direction? All I manage to do is rip the paper and scratch lots of records!...Big performer this week is the 'Teachers' soundtrack. Calls for 38 Special, Bob Seger, Night Ranger and ZZ Top live at the Capitol. WDHA had the world exclusive last week of Julian Lennon's 'Too Late For Goodbyes' (before the release of the single 'Valotte') and the phones were ringing for the 'New' John Lennon tune."

**KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE:** "All I have to say this week is that Julian Lennon's song 'Valotte' takes my breath away!"

WQBK, ALBANY, NY P.D.-JOHN COOPER: "The first time we put Blackfoot's 'Morning Dew' on the office turntable, about a half dozen of us were listening. The immediate reaction was laughter. I should have known then that the audience would love it. We are getting great reaction and seeing good initial sales...Aztec Camera's 'All I Need Is Everything' is the kind of song you need to make your radio station sound distinctive. Mark Knopfler's production is, as usual, right on the money. Also, Aztec Camera's version of 'Jump' is what's meant by making a cover version of a song uniquely your own...I'm happy to announce that Jo Carenza will now be handling over-nights. Jo has been with us for the last year and a half and she now fills the vacancy created when Tom Irwin moved to the 7-midnight slot...And finally, nice to talk to Roman, Charlie Datri, and Fred DiSipio, Jr. Lin Brehmer was right about you guys."

WEZX, SCRANTON, PA DAVE WEEKS: "We are currently burrowed in the fall avalanche of promotion. Just finished our fourth annual triathlon to benefit the Regional Environmental Council, welcoming the Outlaws tonight, and about to award another listener with \$1000 for hearing our six songs payoff sequence! Later this week, we're looking forward to seeing Jethro Tull and Honeymoon Suite...We again remind all labels of our commitment to laser discs and we'd appreciate every piece of product you can send us on compact disc...Our favorite record of the week is the Honeydrippers with an honorable mention to Julian Lennon. It was sure eerie to hear Julian on his father's birthday."

KEZO, OMAHA, NB M.D.-JOE BLOOD: "About the only thing besides our mourning the Cubs, is a special thank you to Dan Denegris and Jon Kirskey for the birthday dinner. 'More Saki!' It was also good to see our friends down the road in Lincoln, Tom Barker and Matt Effken from KFMQ."

KESI, SAN ANTONIO, TX P.D./M.D.-BOB LINDEN: "All record companies should not release any more music ever again. Actually, we have enough great music to get us through about another year, if we're able to listen to all that's out now. And I'm sure I'll eat my words in January."

KLPX, TUCSON, AZ P.D.-JIM RAY: "I'm very pleased to be working at a real radio station. Again, My friend, Mike Berger, has done a great job with KLPX. It's a very unique situation for me and 96Rock. First, to have competed against Mike and then to work closely with him. My hat is off to one of the most organized PD's I've ever been around and he'll only do great things for KGB...KLPX rocks on with new voices: John Hutchinson from KWK doing Morning Hank Cookenboo from KUPD /KDKB doing Midday; Marvin Wrey, former right hand whiz from across the street, doing 6PM-10PM as I move into programming at KLPX with Bryan Miller handling the music...I feel very positive about my direction and that of KLPX!"

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "It's sad to see the National League Pennant land in a city that only managed to put 15,000 in the stadium the day they clinched their division. Hopefully, by this time, the Padres have been reduced to tiger meat!"

WKQQ, LEXINGTON, KY P.D.-DAVE KRUSENKLAUS: "We have made a change in Music Directors: Rob Ellis is our new M.D. Rob will provide service with a smile starting on Oct. 15th, office hours Mon. thru Wed. 8:00AM-11AM and Thurs. and Fri. when available."

WZZO, BETHLEHEM/ALLENTOWN, PA ASST. P.D./M.D.-GENE ROMANO: "A special thanks to Bobbi Silver for the great seats to Lou Reed in Philly last weekend. Ooh sweet Lou...The Honeydrippers are bopping into our listeners' hearts... I just finished listening to a heart-stopping live Birthday cassette of Bruce Springsteen recorded at a small bar in Lancaster, PA. While practicing in the area before this tour started, Bruce and the entire band took the stage without anybody knowing beforehand, and played for about 50 minutes!"

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Here comes the final quarter and with it a host of heavy hitters! We are gearing up for new product from Bryan Adams, REO, Pat Benatar, Kinks and Deep Purple--plus there's room for more U2 and Bowie...With all of that product facing us, I didn't think any new artist would have much of a shot. John Parr is the exception because 'Naughty Naughty' is an exceptionally cool tune. I don't know who the guy is or from whence he came, nor do I care. The only thing that matters is that he's got a killer tune that kicks ass and takes names...I can't describe the chill I felt on that first listen to Julian Lennon. That eeriness alone made us add the record. I'm very interested to hear what our listeners think of it...We've got no problem with General Public, and you shouldn't either...'Tenderness' has the trademark bounce and verve of past English Beat records and they've always been good to us...Survivor goes to heavy this week and there are good calls developing on the new Seger tune...Humble Department: I must admit that upon the first few listens, I wasn't crazy about the U2, but after repeated playing it does get through to you...The album currently monopolizing our turntable is Roger Hodgson...Thanks to A&M's Ruby Cheeks for coming by again. The burger was great but it took its toll on me the next day...Finally, we welcome Janet Merrian as the newest addition to WCMF. Janet comes to us from WRXT in Buffalo and she will handle AM News and a Weekend airshift or two."

WRDU, RALEIGH, NC M.D.-BOB WALTON: "Why do I get the impression that this onslaught of good music is going to continue for the next six months? Someone is conspiring to make me work for a living! You still can't beat working over a hot turntable...In a word, the Julian Lennon song is scary, but past the ghosts and the memories, it's a real good song. Dad would be proud...For those who have not yet heard us on-the-air, the Eurogliders fits our sound like a glove...And we're real close to Frankie Goes To Hollywood. That fits another way--it fits the mood and it fits the times. I don't know if I'm looking forward to their version of 'Born To Run' though...The big shots this week on the phones and in the record stores are: Tommy Shaw and Rod Stewart...And the personal faves are: Waterboys, Janey Street, and Aztec Camera...For those who need to know such things, here's our current jock lineup: 5:30AM-9:00AM Steve Reynolds and Kevin Silva; 9:00AM-11:00AM Kevin Silva; 11:00AM-2:00PM Ben Ball (Operations Manager); 2:00PM-6:00PM Tom Guild; 6:00PM-10:00PM Bob Walton; 10:00PM-1:00AM Bob Robinson; 1:00AM-5:30AM T&R's welcomed."

KFMQ, LINCOLN, NB M.D.-MATT EFFKEN: "ADDS: Timothy B. Schmit, Jethro Tull, Honeydrippers, Julian Lennon, General Public, Hall & Oates Lp, Rod Stewart 12"...MOST REQUESTED: Survivor, U2, Prince, Tommy Shaw, 'Eddie And The Cruisers'...INCREASED PLAY: 'Teachers', Bruce Springsteen, Steve Perry, Tina Turner, Corey Hart, Tommy Shaw, Molly Hatchet, Roger Hodgson, Michael Furlong...INCREASED SALES: Prince, 'Eddie And The Cruisers', Tina Turner, Chicago, Bruce Springsteen...Happy Belated Birthday to fellow Sioux Falls alumnus Joe Blood of KEZO. Thanks to Joe and Dan Denegris of Epic for allowing P.D. Tom Barker and I to be part of the festivities... P.S. The reason Tom didn't want any Saki is because he thought it was raw fish."

KMBY FM, CARMEL/MONTEREY, CA M.D.-JANICE TAYLOR: "ADDS: Joan Jett, Julian Lennon 12", Golden Earring 12", M.A.Thompson, Thompson Twins, Tommy Shaw, Everly Brothers...MOST REQUESTED: U2, Honeydrippers, Bruce Springsteen, 38 Special, David Bowie...INCREASED PLAY: Hall & Oates, 'Teachers', Timothy B. Schmit...With all the great music out, it's hard to single out one artist or Lp that deserves special attention. One of KMBY's favorite 'somewhat' new bands is General Public, formerly Ranking Roger and Dave Wakeling of the English Beat. The English Beat always has had amazing audience reaction, and General Public is doing the same. At first, we thought it might take listeners a while to get hip to the band change, however, we received instant audience approval. In fact, we had listeners calling for General Public before the Lp was even released! General Public has great crossover potential, so don't miss the 'beat'."

KSQY, RAPID CITY, SD M.D.-JEFF MICHAELS: "ADDS: Paul McCartney, Peter Wolf, Eurogliders, Julian Lennon 12", U2's 'Wire', Fee Waybill 12", Timothy B. Schmit...CONSIDERING: Matthew Wilder, Sammy Hagar, Golden Earring, John Parr...MOST REQUESTED: U2, 38 Special, Prince, David Bowie, 'Eddie And The Cruisers'...INCREASED PLAY: Hall And Oates, Elton John, Eddie Money, Bob Seger, Roger Hodgson...INCREASED SALES: U2, The Fixx, David Bowie, Elton John, Zebra."

KQDS, DULUTH, MN P.D.-BRIAN TAYLOR: "ADDS: Eurogliders, Airrace, Timothy B. Schmit, Julian Lennon, Paul McCartney, Queensryche, Van Halen (Re-add), Cars (Re-add)...MOST REQUESTED: Kiss, U2, Sammy Hagar, Honeydrippers, Billy Idol...INCREASED PLAY: Cars, Janey Street, Steve Perry, General Public, Michael Furlong...INCREASED SALES: Prince, 'Eddie And The Cruisers', John Waite, Scandal, Tina Turner."

**RADIO ACTION CONTINUED**

WKL, TRAVERS CITY, MI P.D.-CHUCK POET: "ADDS: Corey Hart, Honeydrippers, Frankie Goes To Hollywood, Molly Hatchet, Peter Wolf (Re-add)...CONSIDERING: Julian Lennon...MOST REQUESTED: Billy Idol, Prince, Survivor, Tina Turner, Whitesnake...INCREASED PLAY: David Bowie...INCREASED SALES: U2, David Bowie...The Julian Lennon is the scariest song of the year."

WTOS, SKOWHEGAN/BANGOR, ME M.D.-KELLY GRAY: "ADDS: Airrace, Jethro Tull, Ramones, Jools Holland, Pressure Boys, The Animals, Alphaville, Julian Lennon 12", Paul McCartney 12", Fee Waybill 12"...CONSIDERING: Prefab Sprout...MOST REQUESTED: Fixx, Talking Heads...INCREASED PLAY: dB's, The Honeydrippers...Thanks to Michael Plen of IRS for sending the fine new Jools Holland Lp and the Animals album and also for setting up the interview with Ranking Roger of General Public. Usually, I review one song, but there are so many excellent tunes on the new General Public album that I'm featuring the entire Lp this week...The Ramones have come out with another great rockin' effort...The Pressure Boys have been awarded this week's originality prize. Not only is one side of the Ep blank, with a place to put your name, but also enclosed is a paper doll cut-out to dress your pig. The music is good too... Annie's Lp of the week is: General Public's 'All The Rage'."

CHEZ-FM, OTTAWA, CN M.D.-GREG TORRINGTON: "ADDS: Aztec Camera, Eurogliders, Parachute Club...CONSIDERING: Honeydrippers, Timothy B. Schmit, XTC, White Wolf...MOST REQUESTED: Frankie Goes To Hollywood, Twisted Sister, Prince, Honeymoon Suite, Red Rockers...INCREASED PLAY: Juluka, Red Rockers...INCREASED SALES: U2, Katrina And The Waves, Lou Reed, General Public, Tears For Fears."

KBLE, DES MOINES, IA P.D./M.D.-RON SORENSON: "ADDS: Jethro Tull, Chaka Khan, Rootboy Slim, Wayne Johnson Trio, Apollonia 6, Bobby's Blue Band, Julian Lennon 12", Alphaville 12"...INCREASED PLAY: Everly Brothers, Aztec Camera, Waterboys, Danny O'Keefe, Roger Hodgson, Honeydrippers, General Public, Teachers' Soundtrack...With Ronnie Ray-gun's recent debate debacle still fresh in your listeners' minds (if any), this is the most appropriate week to discover Rootboy Slim's 'Cowboy In The Sun Too Long'. Here's just a sample lyric: 'Howdy pardner, you know I need your vote again, I've got this kinda compulsion to be President till I'm 110.' I think that Wally and Gerry should adopt it as their official campaign song...Jethro Tull is our mainstream mainstay this week. All the Tull trademarks are there--both of them--Ian's voice and Ian's flute, and in fine form too. We like 'Lap', 'Saboteur', and 'Apogee'...I've heard only two songs from Julian Lennon, the 12" 'Valotte' and 'Too Late For Goodbyes', the track Bill mentioned which was featured on Rock Over London. All I can say is it's incredibly good stuff and incredibly spooky at the same time...I don't know if Alphaville is big in Japan, but I do suspect they'll rise rather rapidly stateside. Try it with the Vapors' 'Turning Japanese' or Graham Parker's 'Discovering Japan'."

KRIX, BROWNSVILLE, TX M.D.-RICHARD "ACE" BROOKS: "ADDS: The Fixx, Billy Squier, Roger Hodgson, Bob Seger, Corey Hart, Hall And Oates, Molly Hatchet, Michael Furlong, Night Ranger, Fast Forward...CONSIDERING: Joan Jett, U2, White Sister...MOST REQUESTED: John Cafferty, Iron Maiden, Prince, Kiss, Sammy Hagar...INCREASED PLAY: Tommy Shaw, Zebra, Elton John...INCREASED SALES: 'Eddie And The Cruisers', Iron Maiden, Twisted Sister, Kiss... I think the Molly Hatchet is a monster that you just can't ignore...And the Honeydrippers has me doing backflips."

WWWV, CHARLOTTESVILLE, WVA JOHN WHITELY: "ADDS: Huey Lewis 'Thin Line' (Live), Joan Jett And The Blackhearts, Cyndi Lauper, Julian Lennon 12", Eurogliders, Fee Waybill 12", Tina Turner 12" 'Better' (Live)...INCREASED PLAY: Teachers' Soundtrack, U2, Survivor, The Honeydrippers, Culture Club...I'm going to see Lou Reed and the Swimming Pool Q's tonight, and I can't wait. And the R.E.M. comes to town Thursday night, and I'm really looking forward to that one...Also, I just want to say how pleased I am to be running the 'Every Man Has A Woman Who Loves Him' birthday party for John and Sean. Should be a great radio show!"

WXKE, FORT WAYNE, IN M.D.-HAL BRANDT: "ADDS: John Parr, Rod Stewart, Julian Lennon 12", Billy Idol, Peter Wolf, Lindsey Buckingham, Textones...CONSIDERING: Fast Forward, Elton John...MOST REQUESTED: 'Eddie And The Cruisers', Sammy Hagar, U2, Bob Seger, Honeydrippers...INCREASED PLAY: David Bowie, Krokus, Roger Hodgson, Honeydrippers...INCREASED SALES: 'Eddie And The Cruisers', Sammy Hagar, Billy Squier, Honeydrippers, Prince... Julian Lennon - I'm a big John Lennon fanatic, and I expected it to be embarrassing. But it's really a great surprise. We debuted it on John's birthday, and what better way to do it...The John Parr may not get attention right away, but what a great song. It sounds a lot like Billy Squier in the way that the Santers sound like Foreigner."

KFMX, LUBBOCK, TX M.D.-WES NESSMAN: "ADDS: List frozen...MOST REQUESTED: Prince, Twisted Sister, Kiss, Teachers', Ronnie Dio...INCREASED SALES: Prince, Bruce Springsteen, 'Eddie And The Cruisers', Tina Turner, Iron Maiden... Twisted Sister was in town last Saturday night and after that show, I am definitely an S.M.F. Thanks to all three bands for a killer show. And regardless of what stage show may lead you to believe, I found them the nicest and most cooperative people we have ever dealt with...Topping the weekend off, actually right after Twisted Sister, was Wendy O. Williams. Thanks to everybody for bringing great rock and roll to Lubbock...Wes 'don't call me Elliot' Nessman."

WXLP, DAVENPORT, IA M.D.-TERRI DUGAN: "ADDS: Steve Perry, Teachers' (Bob Seger), Jethro Tull, Fee Waybill 12", MOST REQUESTED: Kiss, Scandal, Ronnie Dio, John Waite, 38 Special...INCREASED PLAY: Scandal...INCREASED SALES: Kiss, U2, The Fixx, Peter Wolf, Krokus...It is possible to run both an FM and AM station on a 12 volt car battery. We did it for an hour today. However, cueing up records with a flashlight is a pain in the ass... As far as the Cubs go, wait till next year."

WWCT, PEORIA, IL M.D.-JOHN AMBERG: "ADDS: Julian Lennon 12", Fee Waybill 12", Molly Hatchet, Bob Seger, Honeydrippers...MOST REQUESTED: Honeydrippers, Sammy Hagar, Julian Lennon, Prince, Honeymoon Suite...INCREASED PLAY: Teachers', Paul McCartney, Roger Hodgson, Honeydrippers, Dennis DeYoung...INCREASED SALES: U2, David Bowie, Hall And Oates."

WHFS, BETHESDA, MD M.D.-BOB SHOWACRE: "For a month now, WHFS has been the home of the Sony Beta Hi-Fi Hour. This program features the clear, crisp distortion free sounds of Beta Hi-Fi. It airs twice daily and for one hour on Sunday evenings. We are currently looking for product to use in this format and accept a widely diverse selection of music. So far, we have aired everything from Devo to Dizzy Gillespie, Bowie to Blotto to The Band, from Todd Rundgren to R.E.M. to Max Roach. If you can contribute, please contact David Einstein."

WRXL, RICHMOND, VA M.D.-PAUL SHUGRUE: "The Julian Lennon single is generating the most excitement this week. We played it on 'Rate At 8' on John's birthday and I was a little worried about a 'He's riding on his father's coattails' response. What we got was just the opposite. The 97% positive response seems to prove the theory that musical talent is hereditary...My fave tune this week is Timothy B. Schmit's 'Playin' It Cool'. He's taken the Poco/Eagles sound and modernized it better than any former members of those bands yet... Speaking of modernizations: Molly Hatchet joins Blackfoot breaking out of the southern rock mold. Hey listen, if three guys from Texas can do it, why not six guys from Florida?"

WBLM, LEWISTON/PORTLAND, ME P.D.-JOSE DIAZ: "It looks like the fall deluge of quality product is underway. It's amazing how sometimes you think certain bands would never produce significant songs again but they continue to surprise you. In this category, I would have to list the latest releases from Jethro Tull and Molly Hatchet...The Julian Lennon record, in spite of its similarity to his famous father, holds its own. We are already getting reaction to the video airplay of the single...Rickie Lee Jones' 'The Real End' is holding up very well. In fact, we have yet to get any complaints from the hard core rock and rollers in the audience...It really is amazing how quickly we've gotten reaction to The Honeydrippers. In fact, the reaction has come in often before we go on the air to say who it is...Anxiously awaiting the new J.Geils record. From all reports, they supposedly have it all together without the presence of Peter Wolf."

- WTCS, FAIRMONT, WEST VA M.D.-SCOTT REPERT: "ADDS: Ramones, General Public, Tommy Shaw, Cars, Roger Hodgson... CONSIDERING: Devo, Airrace... MOST REQUESTED: Prince, Survivor, Bowie, Tina Turner, Honeydrippers... INCREASED PLAY: Honeydrippers, Dennis DeYoung, Wham!, U2, Eurogliders... INCREASED SALES: Bruce, Prince, Krokus, Tina Turner, Cyndi Lauper... We started a Greatest Hits Program on Saturday mornings and we could use some greatest hit packages!"
- WKLC, CHARLESTON/HUNTINGTON, WEST, VA M.D.-PAUL McMILLAN: "ADDS: Molly Hatchet, McCartney, Julian Lennon, Frankie Goes To Hollywood, Rodger Hodgson, Huey Lewis... RE-ADD: Van Halen... CONSIDERING: John Parr... MOST REQUESTED: Kiss, Hagar, Whitesnake, Steve Perry, Corey Hart... INCREASED PLAY: Sammy Hagar, Honeydrippers, Hall & Oates, Van Halen... INCREASED SALES: Prince, Bowie, U2, Hall & Oates, Kiss."
- WNTR, OCEAN CITY, MD P.D.-RICHARD REMSBERG--ASST. P.D./M.D.-GLENN STEWART: "ADDS: Huey Lewis, 'Eddie And The Cruisers', Cyndi Lauper, Corey Hart, Twisted Sister... MOST REQUESTED: Kiss, Honeydrippers, Molly Hatchet, Tina Turner... INCREASED PLAY: 38 Special, Steve Perry, Survivor... From Glenn: This week Rich and I are men of few words; however, we have noticed that there seems to be a more than average number of wimpy songs out there! We're playing a bunch of them because of the crossover appeal, but now is the time to be careful!"
- WRUF, GAINESVILLE, FL M.D.-GREG HAMMER: "ADDS: Julian Lennon, Timothy B. Schmit, Honeydrippers, John Cafferty, Paul McCartney, Van Halen, Ratt... CONSIDERING: John Parr... MOST REQUESTED: U2, Survivor, Honeydrippers, Blackfoot, Bob Seger... INCREASED PLAY: Roger Hodgson, U2... INCREASED SALES: U2, Zebra, Survivor, 'Eddie And The Cruisers', Sammy Hagar."
- WPGU, CHAMPAIGN, IL ASST. P.D.-MIKE BRAMEL: "ADDS: Molly Hatchet, Ramones, Hall & Oates, Julian Lennon 12", Comateens, Timothy B. Schmit, Elton John, 'Eddie And The Cruisers', Keats, A Flock Of Seagulls, General Public... MOST REQUESTED: U2, Honeydrippers, Bowie, Talking Heads, Bruce Springsteen... INCREASED PLAY: David Bowie, Keats, General Public, 38 Special... INCREASED SALES: Prince, Rickie Lee, Talking Heads, David Bowie... San Diego is going to be mowed down by Motown--I never liked McDonald's hamburgers anyway! Oh yeh, back to music: Rick Kaempfer hasn't been seen since the 7th inning Sunday, but we managed to get things done without him! The Honeydrippers are h-o-t, Roger Hodgson and Fee Waybill come thru with strong solo efforts... Listen to Julian Lennon's 'Valotte'. It sounds so-o-o much like John, it's almost eerje."
- WMGM, ATLANTIC CITY, NJ P.D./M.D.-MIKE BOYLE: "ADDS: Roger Hodgson, Frankie Goes To Hollywood 12", Julian Lennon 12", 'Valotte', and the Import 'Too Late For Goodbyes', Molly Hatchet 12", Michael Furlong, Fee Waybill 12"... I'm flipping out over the Frankie Goes To Hollywood edit on 'Two Tribes'. It sounds great on-the-radio. Don't wait any longer on this record... We're playing a couple of tracks from Julian Lennon and it's spooky when you listen. After you get thru that you realize his talent is of his own design and we have a lot to look forward to in the years to come... I've really kept my mouth shut too long about some of my colleagues on these Pages. I look at it this way: If you can't stand the heat, get out of the kitchen! We're all in this together and it's a responsibility to take those calls from the promo people and listen to all the product. Yes, we may not have room for it. Yes, you may not think a new piece of product has a chance in hell, but it's part of the turf to talk to the record companies and listen. If you can't do that, you should really be doing a 9AM-5PM at McDonald's where everything is totally predictable... Congrats to my friend in Harrisburg, Bruce Bond, on his upcoming promotion, and to Mark DiDia for his first year... Also, thanks to Bobbi Silver at RCA for a great time at the Lou Reed Show this past Saturday night at Philadelphia's Tower Theater. Catch Lou when he comes to your town. He's great in concert!"

## RADIO ACTION CONTINUED

**WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS:** "So the 12" arrives and I give it a spin as a treat while I'm on the air. It was so eerie. I just sat spellbound and listened intently. Julian Lennon is certainly his father's son, at least in vocal quality and styling. 'Valotte' is a mind blower. And after the first listen, I'm seriously excited about hearing the rest of the Lp, keeping in mind that Julian is his own man and the material merits our time on that fact first...How about the Aztec Camera/Knopfler collaboration? You'll be missing out if you don't take a long look at 'All I Need Is Everything' and then add it. It's doing very well here in Poughkeepsie and it's the kind of song that gets immediate response when you give it a spin...The most matured sound of the month award goes to Molly Hatchet. 'Satisfied Man' leaves this woman very satisfied indeed. Amazing what a good tune can do for you. The deed is done, and if the rest of the album stands up to the first track, they've got a killer on their hands. Welcome to the 80's, guys...I'd like to put a buzz in your ears about some fellows we're pretty fond of in this area. DC Star is the band's name and the Lp is titled 'Living In A Rock And Roll Whirl'. Just a great rockin' Lp and a fine effort from the guys. Keep your eyes and ears open for them...Thanks to Jay Miggins and Howard Lesnick for the fine festive night with John Waite and Scandal in Poughkeepsie. Great 'sold-out' concert; and let me tell you, the ladies of this year are surely shaping up to be Cyndi Lauper, Pat Benatar, and Patty Smyth. (Ha, Ha, Ha, and of course, Pam Brooks.)"

**CILQ, TORONTO, CN M.D.-SAMANTHA TAYLOR:** "ADDS: Scruff & Scuzettes 'Chum-Busters': Roger Hodgson, Julian Lennon 12", Jethro Tull, Billy Squier, Bob Seger, Zebra, Eddie Money, Bruce Springsteen, Rough Trade, Krokus, Holly Woods, ...MOST REQUESTED: David Bowie's 'Blue Jean', Kiss 'Heaven's', Iron Maiden's 'Two', Kim Mitchell's 'Lagar', Scandal's 'Warrior'...INCREASED PLAY: Roger Hodgson, Jethro Tull, Bruce, Krokus, Rough Trade...INCREASED SALES: U2, David Bowie, Roger Hodgson, 'Eddie And The Cruisers', Kiss, Iron Maiden...For the past few years, CHUM-FM has been taking our ideas and renaming them and using them on their station. We've got Ten At Ten, they've got 12 at Midnight, etc...So our morning man, Scruff Connors and his backup band, the Scuzettes, put together a little tune which we've dedicated to them, called 'Chum-Busters'...From 6am Thursday until 10pm Monday, over the Canadian Thanksgiving week, CILQ played the top 1007 songs of all times. Listeners were asked to write down all 1007 songs in order and the first correct list chosen at random on October 12th will win \$1,007. The promotion was a major success with listeners using computers, handling the listening in shifts, and doing marathons of listening to win."

"It's nice to see American radio finally picking up on Frankie Goes To Hollywood. WFNX was one of the first stations in the country to play the record and it's gratifying to see a record that we believe in take off so well...The new 12" of the Fixx's 'Less Cities' is one of the finest re-mixes I've ever heard. It's kind of long for radio, but it's great for late night listening...Ranking Roger and Dave Wakeling from General Public, stopped by WFNX last week. Dave and Roger are two of the nicest people I've ever met. On top of that, their album is fantastic. We added it out-of-the-box and it immediately skyrocketed into our top 5 requests...It looks like UB40 have another hit on their hands with 'If It Happens Again'...Finally, Julian Lennon sounds so much like his dad that it's scary. The second most asked question of the week (right behind "How 'bout them Cubs?"), has to be "What is it and how is it pronounced?" It's "VALOTTE", pronounced VAH-lot, and it's the chalet in France where Julian Lennon wrote the songs for his first solo Lp...You'll have the Bryan Adams 12" of "Run To You" this week, but you'll also want to make room for the Adams/Tina Turner duet off the Bob Clearmountain produced Lp, "Wreckless"... Heartbreaker Mike Campbell's blistering guitar surges through Don Henley's "The Boys Of Summer" and that, combined with Henley's captivating vocals, guarantees this haunting saga will please both maxi and mini demos no matter what the season...With the election upon us and patriotism in vogue, it's time to play some good ol' American rock 'n' roll. R.E.M.'s "Don't Go Back To Rockville" 12" will satisfy their disciples and convert more Doubting Thomases...Paul McCartney's Soundtrack Lp, "Give My Regards To Broad Street" will include re-makes of "Good Day Sunshine", "Yesterday", "Here, There & Everywhere", "Ballroom Dancing", "The Long & Winding Road", "Silly Love Songs", "For No One" and "Eleanor Rigby", as well as three versions of "No More Lonely Nights" and original material written especially for the soundtrack...Speaking of originals, the newly reunited Deep Purple (Ritchie Blackmore, Ian Paige, Roger Glover, Jon Lord and Ian Gillan) return to the airwaves on November 2nd, and by all accounts, "Perfect Stranger" echoes the power and style that made them legendary in the last decade. You'll want to join together with the other representatives from 19 countries who will be plugged into their press conference, sponsored by the ABC Radio Network and PolyGram Records. This international assemblage, which is the first of its kind, will take place on October 26th in New York...Buenos Dias a la radio republic! David Johansen's new Lp, "Sweet Revenge" contains the headline grabber destined to give David the exposure he deserves. Once you've "Heard The News", you'll know what we mean...WBCN's Bob Krane's clues us in on the new J. Geils Band Lp, "You're Gettin' Even While I'm Gettin' Odd", due out October 29th: "Wait till you hear the new record from one of Boston's biggest bands. It'll knock your socks off!"

# Record Action

**JON SCOTT, MUSICVISION (818-906-1995):** "Heartfelt thanks to the many people who've called and volunteered their support and effort on behalf of the TJ Martell Rock 'N Bowl in 1985. However, if next year's event is to succeed this one, we must have the cooperation of the entire album community. On behalf of Tony Martell, I urge each and everyone of you to take a few minutes out of your day and call me to offer your help, whether it's an idea, promotion, or an idea about the event or just to call saying, 'I want to help.' We've officially set a goal of \$75,000 and to reach this we must have your support. To the ones who have already called, thank you very much. But remember we need you too."

**LINDA FEDER, JEM/PASSPORT (201-753-6100):** "Are you playing the fool, ...oops, I mean Fools? If you're not, you're missing out on one of the great novelty, morning songs ever. Call me for a copy of 'Life Sucks And Then You Die' and see for yourself...Al Stewart's new album 'Russians And Americans' is about as timely and relevant as a record can be filled with political innuendo and insightful lyrics. There's even a song called 'The Candidate'. Al's out touring the Northwest and California this month...Santer's are all over Texas... Wendy O's moving so fast, I couldn't even try to tell you where she is today...True West are covering the entire Midwest, while their latest album, 'Drifters' continues to climb college radio charts. If you'd like a copy, call me...Patrick Moraz' solo Lp, 'Time Code' is on its way to you. Listen to 'No Sleep Tonight'...David Johansen's 'Sweet Revenge' will be in your hands this week. All you David Jo fans, get ready for his best record ever!! This record is truly funky and chic!!!"

**BENNETT KAUFMAN, GOLD MOUNTAIN/A&M (213-469-2411):** "We are so excited here at the mountain between KMET, KNAC and KROQ. Every time we turn our radio on we hear the Textones' 'Standing In The Line'. Adds this week include: KMET, WMMS, WIMZ, WXKE, KSPN, KTCL, KOZZ, KTYD, and KROQ. I finally got in my extra copies so anyone who still needs the album please let me know...You should be getting the 12" of 'Rocket Launcher' from Bruce Cockburn's 'Stealing Fire' Lp this week. The tour has started and tickets are also doing great. A new video is now at MTV on 'Rocket Launcher'. This cut is very active, and has helped the album reach top 10 sales in Colorado, Boston, and Ann Arbor. Doug Clifton of KBCO in Boulder told me, 'Rocket Launcher' was the #1 most requested record for the first three weeks the album came out and it has remained in the top 5 since then. This past weekend, we did a request weekend where listeners wrote in the 3 songs they most wanted to hear. 'Rocket Launcher' was by far the #1 most requested!!!!."

**MARKO BABINEAU, GEFFEN (213-278-9010):** "Hi everybody. Good to see my name back in print again cause we know what Markoman says always carries impact. Let's start with Billy's Airplay Index. I just happened to notice 'Eddie And The Cruisers' 22 weeks. Billy Idol, 23 weeks. Ratt, 25 weeks. And guess what's right in the running with these albums--That's right folks, just when you thought it was safe to back off of Whitesnake, look out, they're about to bite you again. 22 weeks and hanging in there strong. 'Love Ain't No Stranger' was released this week as the single. The video just went on MTV. Read my lips--we will get this one. As we speak, we are cracking the 350,000 mark and on our way to gold. The Quiet Riot tour has opened a lot of eyes for Whitesnake believers. Please catch this show if they come to your town. David Coverdale loves to work, so if you want the boy on the phone, give me a call...While we're hard rockin', let's talk about the master of heavy rock. Of course, I'm talking about Sammy 'The Red Rocker' Hagar. I don't know about you, but I'm about to get a 'VOA' tattoo on my left arm from this beautiful little tattoo parlor down on Sunset. Sammy is knocking them dead. And Krokus is holding their own and setting the crowd up for Sammy every night. Thanks, Sean. When Sammy climbs up the light fixtures to the top of the ceiling and breaks into the 'Star Spangled Banner', what else could he follow it with but 'VOA'. This is the next track we're working off this album. Another show not to be believed live...A special note to you programmers who heard Black 'N Blue first time out--thanks an awful lot. This is the first band to open for Aerosmith and not get bottled off stage, or for that matter, receive encores. They also opened up for Night Ranger, and currently, Billy Squier, and have received such rave reviews that Japan has requested their presence for mega bucks and Sony is chipping in an arm and a leg to videotape their live shows. Believe me folks, these folks will be superstars. We're shipping a 12" on the 17th on 'School Of Hard Knocks' b/w 'Action' (Sweet's old hit). If this don't getcha, I don't know what will... On Geffen's horizon, keep your eyes and especially your ears open for the new Tom Robinson and XTC albums. The 12" in Tom Robinson features 'War Baby' which features great sax lines throughout the song...On the XTC 12", the consensus cut is 'All You Pretty Girls'. There are also videos available on both songs...P.S.: If you hear some vibes on the street on Don Henley, it's true, folks, we got them. And are we excited. 'The Boys Of Summer' will be on your desk the 25th. This will be a #1 track or my name ain't Marko."

**ANDY ALLEN, RCA (212-930-4518):** "'Big' - A massive MTV and Pontiac sponsored tour. 'Bam' - A CHR smash! 'Boom' - 70% of album radio in the first two weeks. Hall And Oates is exploding out of the gate. This Lp will be with us well into next year...Those that use their ears and search out new, exciting music, have found Autograph. 'Turn Up The Radio' has listeners doing just that. Coming soon: A remixed 12" especially for album radio. (Don't forget Autograph in your metal shows)...Check out the re-recorded version of 'The Show Must Go On' by Grim Reaper. The Lp's reached the 100,000 mark and the band's out on the road...At the other end of the musical spectrum is Baxter Robertson. If you're looking for intelligent, sensitive adult rock and roll, you'll find it on 'Vanishing Point II'...On tour: Lou Reed, Jefferson Starship, Grim Reaper, and Rick Springfield... Good luck to you all in the fall sweep...Congrats to KSHÉ on becoming the #1 music station in St. Louis."

**DANNY BUCH, ATLANTIC (212-484-7631):** "Twas the night before hockey season and all through the house not a creature was stirring, not even my official New York Ranger Nick Fotiu blow-up doll. Yes, it's that crazed time of year - the only real sport that matters has kicked off and one can almost smell the ice (quest que 'cest World Series?)...And speaking of kicking off seasons, Atlantic continues its roll. Just hitting is AC/DC's 'Jailbreak' - this vintage track was never before released in this country and features Bon Scott...Also just out is 'Love Makes You Blind', the debut 45/promotional 12" from an exciting new artist on Atlantic Records, Fiona. This explosive song is also the theme from the forthcoming Columbia Pictures film 'No Small Affair'...Strong Lps from Jean Luc-Ponty and Alphaville have just shipped. If that's not enough, watch your phones light up to our current product - Julian Lennon, Honeydrippers, John Parr, Zebra, Twisted Sister, Michael Furlong, Ratt, Stephen Stills, Jim Capaldi...Stay hungry!... GO RANGERS!"

**MICHAEL PLEN, I.R.S. (212-980-6699):** "Add General Public 'Tenderness'. It's an adult female smash, and major reorders are already in progress...Play Let's Active 'Blue Line'. Like R.E.M., don't miss it... And speaking of R.E.M., play 'Rockville', 'Rockville'--what album radio should be all about...Finally, the biggest song of the year will be 'Two Tribes'. Blow your competition away and play it or you'll be the one in the garbage bag outside the shelter."

**PAUL RAPPAPORT, COLUMBIA (212-975-8616):** "As has been the case over the past few years we at Columbia are currently blessed with a lot of good records. Every week I find myself running out of expletives and room writing about all our stuff. I wanted to just take a time out here and call your attention to one very important piece of music - THE EUROGLIDERS. We are seeing the tell tale signs of a hit record here i.e., big phones from a wide range of demos, early sales interest around the country, etc., etc., etc., Columbia is 100% committed to the breaking of this new act and an all out effort is being launched to this end. The EUROGLIDERS have delivered a fresh new sound laced with hooks and lyrics that show them as possible, dare I say probable, superstars. Again, 'Heaven' looks very, very strong and the Lp 'This Island' is deeper than you perhaps now even realize. Please help us during the next couple weeks to firmly establish an act which is destined to mean as much to radio as it will for us. Thank you, and see you on the charts!"

## RECORD ACTION CONTINUED

AL CAFARO, A&M (212-826-0477): "New from Bryan Adams--'Run To You'--You'll have it Wednesday. Bang it till it burns. The album will ship 10/31...Three listens to UB40's 'If It Happens Again I'm Leaving' will do it. Their last Lp sold over 350,000 units with marginal airplay on 'Red Red Wine'. They are ready to explode in America...We loved your urgency on Roger Hodgson, we're on virtually 100% of album radio. Thanks...Get into the Tommy Shaw album. It's a shame for all of our airplay to be solely 'Girls With Guns'. This record is too good--Try 'Lonely School', 'Kiss Me Hello', or 'Free To Love You'...Dennis DeYoung's 'Don't Wait For Heroes' is a logical choice for the next single...Some very solid call letters on the Textones this week. Listen to 'Standing In Line'...The General Public deserves your attention. 'Tenderness' will be a very active record. Play it and watch your sales...In the 'self-righteous' department: Album radio's slow response to and support for Frankie Goes To Hollywood will justify a year's worth of slings and arrows. It's this kind of neglect that fuels the myth of AOR as a boring, predictable, dead format. We all know this not to be true. When the story is compelling, AOR should be there to tell it!"

BOB CATANIA, ISLAND (212-477-7159): "I don't mean to bitch and complain (but I always do, so why stop now?)but the last time I looked, 'next week' was not a rotation that will break records. Several weeks ago, we released an Lp by Fast Forward. Response was excellent. Many of you stepped forward and added the record; a good majority offered a very positive feeling and indicated this record would be added very soon. Thus began the 'next week' put-off. Understandably, a week will come along where things get tight but many of you have pushed it to the point of being ridiculous. I must stress that in all these cases, a positive was offered to us, not a coercion into saying good things about the record. When a positive is offered and a commitment made, it should be honored 'as you would expect from us'. This Sheet carries a category 'Considering'. Last week, 25 stations listed Fast Forward as 'Considering'. I tried to find those 25 stations. What I found was 25 next weeks. Hey Bill, maybe we ought to change the name of that category. It seems to be giving us all a false impression of what is going to happen. Like many other companies, we are involved in developing a new act. We know it takes long, hard work. We're committed, but we need you too. 'What's It Gonna Take' continues to be a top 5 request item at WDVE; WTPA had top 5 requests; WEBN shows strong calls and are looking at a 2nd track. Stations making a commitment are having real success. It can happen for you. Just don't wait for next week."

MICHAEL PRINCE AND THE FAT MAN, ATCO (212-484-6400): "So anyway, the next thing I know is I got a heaping, steaming pile of warm cole slaw in hand and I'm about to throw it smack in the face of Dick Van Dyke...Cut to 75 Rockefeller Plaza, 4th Floor. The Blackfoot story continues with more adds, increased rotation, and new believers in the 'Morning Dew'. Don't stay off a record that's reacting and selling...The Airrace is heating up, this being the best of all seasons to break a new band. But the likes of WQMF, KUFO, KZEL, KSHE, WDIZ, KMOD, KZEW, WGLU have already taken this one to the bank...Please give a listen to Southside's 'Love Is The Drug'. This looks like it could be the one...Yes, it's been a while between tracks, but this is the same INXS that wowed audiences this year all across America and all over radio. 'Burn For You' is a gem. A brilliant piece of music from an overwhelming act. Can you say delightful? Sure you can...Cut to 51st and Madison Ave. where Michael Prince was last seen chasing the Fat Man with a red editing pencil in hand and poised to strike. Tune in next week for the gory details...Since you did, thanks for reading."

STEVE LEEDS, LE FRAK ENTERTAINMENT (212-586-3600): "After banging the phones this week for the first time in several months, I feel as if I'm on a mission to preserve the purity of rock and roll against the dreaded deluge of corporate clone rock. Yes, I'm referring to the new album from Joan Jett And The Blackhearts; a performer who refuses to do endorsements and/or corporate sponsorships and maintains her credibility by making great rock and roll records regardless of current popular trends. With the credible major market call letters, and the support of the rock and roll intelligentsia such as Mike Harrison and Dave Marsh, and the likes of producer Jimmy Iovine claiming it's one of the best rock and roll Lps he's ever been associated with--the public will react if radio programmers, as gatekeepers of the public airwaves, provide the necessary exposure. Over the years, AOR has concerned itself a lot with image. Here's a natural positive image enhancer that embodies the pure rock and roll spirit of America, 1984. If album rock radio as a format can survive, it's important to choose what artist you're going to support. How can you fail to embrace that which you helped create in the first place. If we continue the philosophy of 'you're only as good as your last segue', then we're all screwed."

KATHY KENYON, ISLAND (212-477-7167): "Tomorrow marks my 10th year doing promotions. No, I haven't gone crazy yet. Whenever it gets to be 'just another job' and not worth the hassle, an act or song comes along to make it all worthwhile to me. I'm not the type of promo person who thinks every record I work is great--nobody's that lucky. But I've been more fortunate than most in that I've spent most of my time working for Island Records and Island artists (even when I was employed elsewhere). From Robert Palmer, my all-time favorite, through Marley, Winwood, U2, The Waterboys (my other fave), Frankie, (and even Eddie And The Hot Rods), and all the others. It sounds like hype, but I've truly had a great time and loved working with them and helping with their records and tours. (And my previous companies: Brenda Russell, Neil Larsen, Seawind, UFO, Robin Trower and Roy Harper). They made it worth it. That's all. Thanks to Freddie Mancuso, Michael Papale, and Derek Sutton for giving me the chance in '74. I hope the next 10 years are half as much fun. P.S: Happy Birthday Maxanne."

JAY MCDANIEL, MCA (404-447-6405): "Another solid week on the new Joan Jett And The Blackhearts Lp 'Glorious Results Of A Misspent Youth' on Blackheart/MCA records. The lead track is 'I Love You Love Me Love'. This will immediately get response along with the hot cuts 'I Need Someone', 'Hold Me', and 'New Orleans'. Special thanks to radio for the heavy airplay already on Joan Jett And The Blackhearts...MCA's own Stone Fury has had another great week. The Lp 'Burns Like A Star' is hot with immediate sales and requests. This is a real reaction record. The cuts are 'Break Down The Walls', 'Life Is Too Lonely' and the title track. Stone Fury deserves your attention...The Fixx track 'Sunshine In The Shade' is an AOR smash. This is the next single, and with the combined strength of AOR and CHR, 'Sunshine In The Shade' will be huge...Glenn Frey's single is continuing to gain new believers. This is a perfect upper demo passive giant!...Our 'Wild Life' soundtrack continues with major airplay. Your support is realized and appreciated by all...We have more exciting releases coming. A 12", October 29th on Giuffria titled 'Call To The Heart' which will be big!...The Planet P Project and 'Pink World' on special pink vinyl is coming Monday, November 5th. I can't say enough about this record and the depth of the lyrics. Get ready...Raves already from everyone on the signing of Triumph. Look for the 12" of 'Spellbound' coming soon on MCA...Regards, Jay."

LINDA KIRISHJIAN, COLUMBIA (212-975-1701): "Get ready for another TOTO smash! New lead singer Fergie Frederiksen fits right into the flavorful sounds only this band can give you. 'Stranger In Town' is soon to become a familiar favorite...By your EUROGLIDERS glider is broken and your WHAM! Go Go shirt is all ripped, but the power of 'Heaven Must Be There' and 'Wake Me Up Before You Go-Go' just keeps getting stronger. Let it overwhelm you!...Now there are some records you should be aware of. FREDDIE MERCURY 'Love Kills' has been having a 15-20 add weeks at Top 40. That's strong movement. This tune will make its way onto AOR soon...Well the believers in the Lamorians increases every week. Now I know you're saying IAM SIAM. Come on! Who's behind this project? Well has anyone heard of Larry Fast who's worked with a lot of talented people from Peter Gabriel to Southside Johnny? He and a fellow by the name of Brian Rothschild are responsible. Check out 'Talk To Me'. It has already won the People's Choice award at 91X and came in #2 for WLIR's Screamer Of The Week. (Hear that Bob?) Where it's on in most cases, the stations are receiving phone calls for it. Could be a wild card!...Say No! will be the next single for ROMEO VOID in a few weeks...DAVE EDMUNDS will bring you 'Breakin' Out'...And PAUL McCARTNEY will bring you 'No More Lonely Nights' (and soon more!)...BRUCE will be at the Oakland Coliseum Oct. 21 and 22 and at the L.A. Sports Arena Oct. 25, 26, 28, 29, 31 and Nov. 2 & 4."

**INTERVIEWS**

SAMMY HAGAR: "The worst show yet audience-wise was in Des Moines, IA ...a place where I had never played at all. I came in and we did about nine hundred people out of three thousand. It was a small theatre... and it looked terrible. You know, you walk out and just say 'oh, no' ...and I swear, my manager will vouch for this...I did probably the best show of the whole tour, there, where I felt the most fulfilled... I gave so much that night, and played for about 2 hours and thirty minutes, went way over time, kept coming back for encores, these 900 people were making more noise than 20,000, and that was one of the best shows on the whole tour."

## Video Action

MARCUS PETERZELL, THIS WEEK'S MUSIC (212-265-2600): "Well, we must be doing something right. As This Week's Music enters its 4th week, we are still getting fab ratings across the country which includes beating Friday Night Videos and Solid Gold in many markets. This week's show includes live performances by Billy Ocean, Mama's Boys, Sam Harris and Wang Chung; videos from David Bowie, Rod Stewart, Jefferson Starship; and a special guest appearance from Dale Bozzio of Missing Persons. Remember, we're in over 90 markets across the states. If you can't find your local listing, give me a call...Thanks to all who lit up our premiere party at The Limelight and that means France, Robin, Curt, Peter, Nancy, and Donna."

FRANCE HARPER, POLYGRAM (212-399-7279): "This month we feature videos from three widely acclaimed September releases - the Everly Brothers, 'Every Man Has A Woman', and Stephanie Mills. We're sure you'll all want to be 'on' these videos, as they all have crossover potential and are diverse...To get you 'psyched', next month we'll be adding Kiss' 'Heaven's On Fire', Scorpions' 'I'm Leaving You', John Lennon's 'Every Man Has A Woman Who Loves Him', and other blockbusters to our available videos, to careen you right into the holiday season, and make sure PolyGram gets on your Christmas 'play' lists."

NANCY GLUCKSMAN, CHRYSALIS (212-758-3555): "Just wanted everyone to know I finally met Curt Creager and it was a religious experience...And it was a religious experience at The Limelight for This Week's Music reception...How 'bout that Benatar?"

PETER BARON, ARISTA (212-489-7400): "The only thing I have to say this week is if you haven't listened to the entire Janey Street album yet, smell the coffee and do so. It's the best Lp (from the female gender) I've heard in many moons. Video coming soon...Also, if I may, Krokus continues its assault. More video soon, as well...P.S. I'm really upset to hear the weather in Saint Tropez has been miserable. Till next week."

## Program Producers

LAURIE GORMAN, PG PRODUCTIONS (818-981-3331): "Big congratulations to 'Live From The Record Plant' host Lou Simon and his lovely wife Marla on the arrival of their first-born, Scott Simon. What a great radio name. Planning on Scott's following in your footsteps, Lou? Lucky for us Scott decided to make his appearance before Sunday's show with Dan Fogelberg so 'Daddy' Lou was able to rest easy knowing his family was well and resting comfortably...Upcoming shows: Tommy Shaw on Oct. 14th, The Fixx, Oct. 21st, Steve Perry on Oct. 28th, Survivor on Nov. 4th and REO Speedwagon on Nov. 11th. For more information, call us at PG Productions at 818-981-3331."

JOE TRELIN, RADIO INTERNATIONAL (212-696-2350): "We are very excited to hear all the well-deserved attention the new Frankie Goes To Hollywood single is receiving. We wish all our friends at Island/ZTT, especially Kathy Kenyon, the opportunity to put out a publicity photo entitled 'Frankie Goes To The Bank'. Of course, one of the reasons we are so enthusiastic is that Rock Over London debuted both 'Relax' and 'Two Tribes' in the U.S., and helped launch the then little known band. As a matter of fact, 'Two Tribes' made it to the air on June 24th, and was featured for 13 consecutive weeks, proving Rock Over London works for you...On a related front, if Rock Over London is causing a bit of a misunderstanding with certain labels, via early releases, please call. We'd like to work with you. We think we can help any promotional push."

ROXY MYZAL, DIR BROADCASTING (212-371-6850): "Now that Tony Gates has introduced me to Warren Beatty, do I have anything left to live for? The answer is yes...This month 'Inside Trax' gives you great scoops. Lisa Robinson has news on Jagger's solo, the next Stones Lp, Tina Turner's movie debut and more. Lisa's guests on this month's show are Roger Waters and David Gilmour. You'll get on the right track on what's happening to Pink Floyd a la your Rocktober. Also, included Quiet Riot 'Live From San Antonio' on 10/19 on the 'ABC Rock Radio Network'. The 'Rock On The Road' special includes shows from Quiet Riot, Rod 'The Mod' Stewart, The Fixx, Jethro Tull, and Scandal. You'll hear first-hand comments from the bands about life on the road, things that they do to prepare for a gig, and what the kids will see and hear before they walk into the arena...'Rock On The Road' is great whether you're co-promoting the concert or not. Your station will be directly involved in the show...Thanks to Epic and Bill Bennett for the great Stevie Ray concert and party...Dave Logan, hope those nodes come out okay. Stay tuned."

EILEEN O'CONNELL & STEVE SCHARCH, WESTWOOD ONE (213-204-5000): "We can't drive 55 either, and have the insurance premium to prove it. News on 'Rock Album Countdown' (week of Monday, October 15), Sammy Hagar recounts how he wrote 'I Can't Drive 55' after getting a ticket for going 61 in a rental car on the way home from the airport following his recent photo-safari to Kenya...During the same show, David Bowie, talks about keeping his film and music career separate...Meanwhile, Mary Turner has a killer lineup set for her 'Off The Record'specials'. In the coming weeks: John Cougar Mellencamp (week of Monday, October 22); Peter Wolf (October 29); Pat Benatar (November 5 & 12); Tommy Shaw (November 19); and Steve Perry (November 26)...On the live-via-satellite-concert front, don't miss our broadcast of Elton John's November 4th concert at the Centrum in Worcester, Massachusetts - it's the final gig of his 1984 world tour backing 'Breaking Hearts'. He's said it's doubtful he'll do a full rock and roll tour again, and he'll be backed by guys most closely associated with Elton at his rockin'-est: drummer Nigel Olson, bassist Dee Murray, and guitarist Davey Johnstone with auxiliary keyboardist Fred Mandel (who's toured with Queen in the same capacity). Elton's dumped some of the old war horses from his set and does quite a bit of material from 'Breaking Hearts' and last year's 'Too Low For Zero'...For the best on radio, whether it's a countdown, a music or interview special, a concert or a live event, it's Westwood One...and only!"

# News From Rock Over London

ADAM ANT's in an argumentative mood, hitting out at bands who mime to backing tapes on tour. He says next time you go to a gig, look past the curtains and bodyguards and you might well see the tape reel rolling. But he won't name the guilty men for fear of legal repercussions. He also says he's still in regular contact with his friend MICHAEL JACKSON, someone who doesn't need to mime, he says.

MICK KARN (ex-JAPAN) and PETER MURPHEY (ex-BAUHAUS) have teamed up in a new outfit called DALI'S CAR (Pretentious? Nous?) and a new label called PARADOX. First release is "The Judgement Is The Mirror" and the album, "The Waking Hour", will follow in November.

UB40's new album "Geffery Morgan..." is just out and if you're wondering about the title, then it's had the desired effect. The band just invented the chap to keep us guessing. The Lp, by the way, includes their current U.K. hit "If It Happens Again."

THE PSYCHEDELIC FURS, this week release the "Mendelsohn Mix", of "Heartbeat" while Twisted Sister's "I Wanna Rock" has two live tracks on the British pressing, not available in America: "Burn In Hell" on the 7 inch and "S.M.F.", on the 12 inch, both recorded at London's Hammersmith Odeon.

BRONSKI BEAT, resident in our top five of late with "Smalltown Boy" and "Why", have their first Lp "The Age Of Consent" just out and it includes one of the most idiosyncratic medley coupings we've heard in a long time: "I Feel Love", yep, the DONNA SUMMER song - and "Johnny Remember Me", an outrageous STIFF-Rock hit in Britain by JOHN LEYTON in 1961. Suffice it to say that some medleys work better than others.

QUEEN's "We Will Rock You" live video, shot straight to the top of the music video charts here, while BOWIE's "Tonight" Lp effortlessly assumed #1 position in the album chart in its first week.

BOY GEORGE didn't know what he started in buying a badge of "The Order Of The Garter" for a few pence in a junk shop. It's perched neatly on the front of his cap on the cover of the "War Song". Apparently, only 24 people are actually members of Britain's oldest order of chivalry. Some of the owners of the coveted badge, are pretty famous: Prince Charles and Prince Phillip are such biggies. Needless to say, the Palace is not amused.

One of the U2 discoveries we mentioned last week - the 1980 track "Touch", will be on Rock Over London this week. And we'll also be taking a trip down to "Steel Town" - that's the new album by BIG COUNTRY. JULIAN LENNON's debut single "Too Late For Goodbyes", we played a couple of weeks ago, and it seems to have sparked off a great deal of interest in a number of stations who've started playing it since. It's your chance to hear it again this week. GENERAL PUBLIC will be dropping in for a chat about their latest album "All The Rage", and you can catch up on the follow-up to ALISON MOYET's "Love Resurrection". Also, it'll be time to re-set THE ALARM with another play of "The Chant Has Just Begun", and there'll be a brand new #1 in the Rock Over London top five.

"Van Halen's David Lee Roth says: 'With the advent of (video), we now realize we not only have the power to break hearts and ruin careers, we also have the power to ruin minds long before we actually play in the city.'...The Ontario Censor Board has given 'restricted ratings' to Frankie Goes To Hollywood's two videos for 'Relax' and 'Two Tribes'. 'Relax' was cited for being too sexually explicit, and 'Two Tribes' was considered too violent...Melissa Manchester will soon have her first-ever music video, for 'Thief Of Hearts'. While the tune is from the film of the same name, the clip will feature no footage from the movie... Nik Kershaw's 'Human Racing' video 'is the best video I've ever been involved in,' he says, particularly because of 'some great computer graphics.'...British band Intaferon were told by their British record company that their clip for 'Baby Pain' was 'too abstract,' and won't be released...Feargal Sharkey used the film 'The Deer Hunter', as the basis for his video for 'Listen To Your Father'. # The Rock Report

THE ROCK REPORT has learned that YOKO ONO is working on some very interesting projects for release over the next year. The first being a film titled SLEEPLESS NIGHTS; and like the EVERY MAN HAS A WOMAN WHO LOVES HIM Lp, the soundtrack will feature more of YOKO'S material covered by other artists such as JOE JACKSON and PAT BENATAR. In addition, well known photographer BOB GRUEN will be releasing a book of photos of JOHN and YOKO sometime this spring titled LISTEN TO THIS BOOK. There are also plans to release an Lp from longtime friend HARRY NILSSON. NILSSON, who appears on three of the tracks on the current EVERY MAN HAS A WOMAN album, hopes to release an entire record of YOKO'S songs but the release of this Lp will depend on the interest that is created from the tracks out now. To help spur them along, HARRY recently completed a video to LONELINESS, one of the songs he covered. This week will also see the release of a 12" version of the title track from EVERY MAN HAS A WOMAN sung by JOHN LENNON. This version will feature a remixed flip side of BORROWED TIME, a song that appeared on last year's MILK AND HONEY album. YOKO, meanwhile, has expressed great joy at the celebration that took place on October 9th in New York in honor of JOHN and SEAN'S birthday. Everyone was overwhelmed at the number of well-wishers who sent their messages from all over the world. Among those celebrating the happy occasion were HARRY NILSSON, ROBERTA FLACK, ROSEANNE CASH, KLAUS VOORMAN and, of course, SEAN and YOKO.

QUEEN has just released a full length video cassette called WE WILL ROCK YOU. The video was shot in Montreal, Canada during the 1982 QUEEN tour. Some songs that are featured in this concert tape are "Killer Queen", "Keep Yourself Alive", and "Under Pressure". Nothing from QUEEN'S most recent Lp WORKS appears on the video.

FOLLOWING THE DEPARTURE OF IAN GILLAN, BLACK SABBATH guitarist TONY IOMMI and bassist GEEZER BUTLER have been advertising in various London newspapers to find a new lead vocalist. These ads have been extremely helpful in the quest for a new singer because the band has received literally hundreds of tapes from young hopefuls applying for the position. When the band decides on a new front man, they will enter the studio to record an album for release next year. BOB EZRIN has been picked to produce the new Lp when a singer is found. Since IAN GILLAN left to reform DEEP PURPLE, he and the band have been keeping busy recording their new Lp PERFECT STRANGERS, which is due November 2nd. Our sources tell us that the band has signed a four-album deal with Polydor in the U.K. and will begin their tour in Australia in November, head to the U.S. in February then back home for a Spring U.K. tour.

\*\*\*\*\*

AS WE REPORTED, DURAN DURAN are releasing a mini video compilation around Christmastime called "Dancing On The Valentine". The mini video cassette will feature the three most recent DURAN videos THE REFLEX, UNION OF THE SNAKE, and NEW MOON ON MONDAY. All three videos feature different directors, RUSSELL MULCAHY (THE REFLEX), SIMON MILNE (UNION OF THE SNAKE), and BRIAN GRANT (NEW MOON ON MONDAY). As an added extra, there will be some never-seen-before footage included and the addition of a new special video effect called Disco Graphics to enhance the clips.

LONDON CORRESPONDENT MAL REDDING tells us that the CLASH have just returned from Italy where they played four quite successful shows. Currently, the band is still sorting out their legal disputes with the departed MICK JONES. The new CLASH plan to enter the studio shortly to begin to work on an album, which will be the first piece of vinyl from the new line-up. CLASH spokesman KOSMO VINYL said the band is heading to Brixton in December to play two benefits for the striking miners in Britain.

CANADIAN BRYAN ADAMS is gearing up for the release of his new Lp in November titled RECKLESS. Preceding the Lp will be a single titled "Run To You". ADAMS, like many others, has enlisted the talents of TINA TURNER for a little vocal help on one of the tracks - Watch out for that one!

\*\*\*\*\*

POLYGRAM RECORDS is planning to release some lost tapes from the VELVET UNDERGROUND by way of a new Lp titled VU. The tapes, about 45 of them, were originally recorded in 1968 and 1969. Someone had the difficult task of just picking 10 for inclusion on the new album. Some of those chosen are "Temptation", "Inside Your Heart", "Can't Stand It Anymore", "Lisa Says", "One Of These Days", "She's My Best Friend" and "Andy's Chest" among others. If that's not enough good news, they are planning to re-issue some older VELVET UNDERGROUND Lp's like WHITE LIGHT, WHITE HEAT and THE VELVET UNDERGROUND AND NICO.

\*\*\*\*\*

THE ROCK REPORT just got a call from our friend ERIC GARDNER at PANACEA, who told us that the nationally known Queen of Scream ELVIRA will be the guest VJ on MTV on - when else - but Halloween. ELVIRA will be playing some of the best horror related videos from 8:00 PM to Midnight. Along with the videos ELVIRA will entertain, only as she can, some very special guests including TODD RUNDGREN, LARRAINE NEWMAN, MARK MOTHERSBAUGH from DEVO, CHEECH MARIN from CHEECH & CHONG, among others. From Midnight to 2:00 AM, ELVIRA will shift her MOVIE MACABRE to MTV and show THE NIGHT OF THE LIVING DEAD.

CULTURE CLUB, who are currently in London rehearsing for their upcoming U.S. tour, have enlisted two new backup singers to replace the departed HELEN TERRY. The two women are RUBY TURNER, a club singer of Jamaican descent, and MO BIRCH, a British radio and TV personality.
