Hard Choices

THE ROLLING STONES, "DIRTY WORK", CUL...

It's been called the "best since" everything but birth control, but at the very least we'll say it's obvious these boys are totally revitalized. The record is easily on commercial par with their recent classic "Tattoo You", with a freshness, spontaneity and bite that dwarfs all but Van Halen. And the single aside, we especially applaud their distinct move away from that trendy R&B/funk jode they love to mine, back to the kind of multi-generational guitar-based body rock that's been their forte for a quarter century. As "Harlem Shuffle" powers to the top, we also heartily recommend "One Hit", and the equally awesome "Winning Ugly" with "Dirty Work" backing them up.

JULIAN LENNON, "THE SECRET VALUE OF DAY-DREAMING", ATLANTIC...

Julian sticks it to the play ups with the week's best 25, and 15 more adds, 121 aboard and a 14-7 Primer seals the deal for the single. And you know that 48 "good" to "excellent" request reports this fast means your listeners are hungry for more from rock's favorite son. Give them "You Get What You Want" and/or "Want Your Body".

JOE JACKSON, "BIG WORLD", A&M...

We had more pick potentials this week than at any time in recent memory, and there's obviously more deserving new product than you have room for. We feel "Big World" looms large on that list for many reasons. Joe's return to the rock style of "Look Sharp" and "Night And Day" is especially effective with the unique live to two track digital recording, and you can always count on the man to deliver at least one major hit per disc—whatever the direction. "Right And Wrong" is the one.

TIP: HONEYMOON SUITE, "BAD ATTITUDE", WB...

You'll never catch us second guessing these guys. For dependable, catchy rockers they're as good as a sophomore band gets. Many of you picked "Bad Attitude" as the first push track—now "Feel It Again's" top 10 performance should make it a much easier add. Automatic even.

VAN HALEN, "5150", WB...

And we'll gladly pronounce this the most grandly successful Chapter II in rock history. Whodda thunk that San Francisco Sammy could slide into the #1 L.A. rock parking spot with such aplomb? How can Eddie continue to improve when he's already Jimi Incarnate? And can you believe even cleaner, clearer sound from the new producer tag team? With 7.5 mil and 4 smash singles the last time around, expect this number to churn out the crunch equivalent of "Thriller" level sell thru. "Best Of Both Worlds" and "Dreams" do it for us—with the single now up to #2.

FIONA "BEYOND THE PALE", ATLANTIC...

We fully expect the single to carry the weight for now, and it's been well received with 31 adds, a #67 debut, and more than a few strong reviews. KFMJ's Bob Allen summarizes, "With her recent appearance on Miami Vice, Fiona seems to be on the verge of going over the top. 'Boy's World' can't help but fuel her progress." Righto—with the Big Break imminent, best get familiar with "Hopelessly Love You", and "Tragedy", the album's two best rockers.

JOE COCKER, "SHELTER ME", CAPITOL...

It's like Joe never left on the phones—with over 30 stations listing "good" to "excellent" response, including KQRS, WRXL, WXXK, WHCN, WAAF, WKDF, WLUP, WHJY, KRQR, WKXS and WYXX. With numbers and quality like that, CHR coverage is right around the corner. So dig deeper, live longer and groove jump into the album's irresistible "You Can Leave Your Hat On" or "A To Z".

TIP: JEFF PARIS, "BACK ON MY KNEES", POLYGRAM...

We told you this was the hit from the git—and now that the tops are down, get behind the best boulevard burner around. Already on WXXK.

TIP: AUTOGRAPH, "WE'RE AN AMERICAN BAND", RCA...

Yeah, we can dig the fact that they'd like to put a little distance between themselves and the Russian group of the same name. The song has certainly had a long enough vacation, and might even come off as original to younger listeners. Nice to hear a between album conscience jogger that's something other than a soundtrack.

Reaction Records

DAVID BOWIE, "ABSOLUTE BEGINNERS", EMI...

We'd consider 83 instant adds an absolutely marvelous beginning, replete with a #23 debut and the radio rave count we've come to expect from His Coolness... Ken Anthony hears "That classic Bowie style that ranks right up there with 'Heroes' and 'China Girl'..." Inessa York agrees, "Very lovely indeed, and when the horn kicks in, it's bliss..." Erin Riley, WMPR, sez, "One of his best ballads..." Amanda Tepper, WPLR, rates it an "Absolute winner..." Dinner jacket rock was the word from WOUR's Tom Starr... "Good older Bowie" said KMOD's Jim Jones... From KATT's Scott Douglas, "Nice female record..." WXXI's Buzz Knight said, "Great 'Heroes' feel..." And from WJLR's Karen Small, "Love the saxophone work and the whole sound is satisfying. Sounds like something from the 'Heroes' era."

GRAHAM NASH, "INNOCENT EYES", ATLANTIC...

Nash's crossover smash claims 73 first weekers, with just over 30% of those surveyed awarding four-star classic status... Greg Gillispie reacts, "I expected a syrupy ballad that wouldn't make much sense, but instead we get a wonderful pop rock song that works very well..." WNEW's Mark Chernoff echoes, "Great pop tune..." David Hall, WKDF says "It takes Graham back to his Hollies roots for a great radio song..." KFMJ's Bob Allen tells us, "With his credentials, I thought Graham deserved more stature as a solo force, and this song simply has 'hit' stamped all over it..." From WYMF's Ron Diaz, "Good upper demo/female record. Real nice piece of music..." WKKE's Jessie Brice agrees, "A terrific surprise. A simple, straight-forward song..." New at #30.

JUDAS PRIEST, "LOCKED IN", COLUMBIA...

"Locked In" turns in the fourth longest Primer, 47-34, but the real deal this week is request muscle. Priest pounds the phones for a 13-5 Most Requested run, with WYMF, WOUR, WPLR, WHCN, WNEW, WCCO, KTRJ, KISS and WJOT among the top fivers. And you holdouts simply must deal with 13 "excellent" and 12 "good" phone mentions... 20 adds make it 68 now on, with KISW, KATT, KXZL, KLGL, KLOS and three more upping, none dropping, and 11 (WLAV, WWCX, WLLZ, WHJY, KUPD, WNEW, KISS, KLGL, KQRS) already up to max. As Red Messick says, "I think they're the Steely Dan of the metal heads, and you don't lose any credibility with the upper end, either. Feels real good to me."

KATRINA AND THE WAVES, "IS THAT IT", CAPITOL... Katrina's new rhythm rocker opens with 35 adds and a #65 debut, with KURS, WKDF, KSRR, WNEW, WSHE, WXRK and WBAB heading the key call count...WCPZ's Kevin Young calls it "A mighty piece of vinyl that deserves mighty rotation"...Lars Murray, WBRU, says, "How they managed to cram 30 years of rock and roll into one song is beyond me, but more power to them"... "Love the riff" says WRXL's Paul Shugrue...Kevin Vargas, KMHL, notes, "Good group and still improving"... KEZD's Joe Blood reacts "Ballsy, powerful"...from CHOM's Neal Kushnir, "Captures the spirit of classic R&B"...KRNA's Steve Kosbau gushes, "A fantastic mass appeal record"...Bill Evans, WLUP, screams, "Love it!! Love it!!"...And from WBAB's Ralph Tortora, "It's the K&W soul review!!"

Buzzbands

UFO, "THIS TIME", CHRYSALIS... Ron Diaz knows what "Time" is--"A tune with the potential to be their biggest yet. All it took after many years was for UFO to smooth out their raunch and roll just a bit"...It's new on WRIF, WAAF, WYMF, KUPD, WKXL, KRQR, KZEW, WSHE, WBCN, KATT, KLBJ and (hi Drakel) KBER--and that's quality call letters for 12 adds...Early ups at KISS, KMDD, WQFM, KXHL and WKLC help fuel the 63-51 Primer, and the Checklist shows a very healthy request build, too, with WRXL, KKDJ, WQHA, WIOT, WKQU, WPDH, WIBA, WDMF, WQFN, and WLNZ, all listing "good" calls. The LP gains 46-40, debuting at #43 Metro.

BIG AUDIO DYNAMITE, "MEDICINE SHOW", COLUMBIA... We're totally committed to the remix, and 11 quick adds suggests this project will finally get the deserved shot. As Bob Krane says, "If you're sick of the same old music, BAD is the cure. Take the 'Medicine Show'"...More reaction from Don Berns, CHFY, "Outstanding. Former hit here"...Rick Van Gil, WIOT, "Best album of 85"...Lex Staley, WFTV, "Growing on me, bigtime"...Dana Brown, WQFM, "Great upper demo appeal"...Greg Gillispie, WQVE, "Great production. One for the format"...Larry Dunn, WLIR, "Great remix. Good sales and phones."

GLEN BURTNICK, "LITTLE RED HOUSE", A&M... Glen continues to pull bigger and better add counts here in the late innings: New on 10, including KRQR, KGB, WBCN, and WSKS, with no decreases and ups from KATT, WDMF, WXRK, KRNA and WMMG...Checklist builders include WMMG, WPLR, KFNG, KRNA, KRKE, WKQU, KRQR, WLLZ and WLNZ...With phones particularly healthy at WAAF, WDIZ, WDMF, WQHA and WAQX..."Red House" is Prime at #43, moving the album 41-43, 40-35 Metro, both Underlined.

WAX, "RIGHT BETWEEN THE EYES", RCA... Ron Diaz does lead line honors once again: "Wax is gonna have a big crossover record, a hit everybody's gonna end up playing. So get on it first and then move over to other tracks from this very tasty LP"...The single scores our third strongest 74-60 Primer, with adds at KAZY, WYMF, KZEW, KGB, WBAB and 5 more, ups at WMMG and KRQU, and 37 now playing.

MARILLION, "LADY NINA", CAPITOL... "Nina" will not be denied--regardless of the vinyl glut. Note the 32-20 National Album Underline, this report's strongest move on that chart, and the #2 36-22 Metro hike. "Nina" gains 33-24 with 10 more adds and ups at WQFM, KISS, WSHE, KSJO, KRKE and WRXL, with only 1 decrease and 27 now at "4" or better intensity play. Now on 85.

LEVEL 42, "SOMETHING ABOUT YOU", POLYGRAM... 46 adds gives them a little over 30% penetration, and the stats to date (and over 20 considering) indicate it's got more easy album radio mileage. New on 7, upped at WTUE, KXZL, WQBK, WSHE, KAZY and WKLC, with no dips or drops and 18 at "4" or better emphasis. Good Checklist, too, with 20 building and none dropping. "Something" rolls 60-48, reflected in a 44-39 LP Underline and 47-41 Metro Primer. As CHFY's Don Berns says, "This is music with integrity. It sounds great on the air and translates into mammoth sales and requests"...As Pam Brooks, WPDH, puts it, "Here's one heck of a new LP, full of very stylish upbeat music. This is one of those tunes that you spin once and know it's gonna click--so why resist?"

PET SHOP BOYS, "WEST END GIRLS", EMI... Check the 14-10 Most Requested progress--thanks to hot phones at WZZD, WJLE, WQBK, WPLR, WYDD, WKDF, WPGU, KBCO, KFME and more. No sweat on the Checklist, either: With phones at WSKS, WYDD, KRNA, KAZY and WLNZ, and a general building trend at WQHA, WTUE, WZZD, WPYX, WKDF, WQBK and several more...WMMG's Mike Boyle sez, "Phones are off the hook"...Huge phones reports WPYX's Andi Turco "...A smash" says WBLM's Robin Mathieu...WRUP's Bob Walton raves, "This is a monster record"...41 adds to date and 9 WU (WSHE, WBAB, KAZY, WTUE, WYDD) motor the single 66-56.

KEEL, "BECAUSE THE NIGHT", MCA... 7 adds give them 19 after two weeks, but the quality call quotient is there, with KLAQ, KISS, WQFM, KLPX, KMDD, WIOT and KATT topping the list...New at #92, with at least 11 considering.

"PRETTY IN PINK" SOUNDTRACK, A&M... Last week we mentioned the building P-Furs success story on the title track, and this week's Vega numbers merit a strong shot: She's got adds at WQFM, WLAV, and WUYA, ups at KAZY and WGRX, and an 85-75 Underline. WQFM's Dana Brown says, "Left Of Center" deserves your attention. The minute you drop the needle on it, you'll want to listen all the way through"...The P-Furs pick up WNEW, WMMG, WBCN and WMMV, with Bob Krane reporting "Unbelievable phones and strong sales"...WRXL's Paul Shugrue says, "Strongest track from a strong soundtrack"...And WCCC's Brian Illes notes the "Great new mix"...Updating the UMD track, try a 53-88 Underline with adds at WPDH and KPOI and top 5 calls at WPYX, WYDD, WEQX, KRNA, KZYR and CHEZ, and ups at WYDD, WSHE and KRNA--with no decreases. The LP profits from all of the above, building 42-32, 38-26 Metro.

THE DEL LORDS, "SOLDIER'S HOME", EMI... A brilliant slice of Rock Americana bolstered by Neil Gerardo's skillful production and wife Pat's distinctive back-up vocals. Hear it on WYSP, WRCN, KBCO, WHFS, KRQU and 7 more. See them on the Benatar tour.

THE MODELS, "OUT OF MIND...", GEFEN... The Models stake their claim at #93, just moments before the giant vinyl title wave hits. New on KBCO, WLUP, WBAB, KPMI and WMMV, with WSHE and KLOS upping and KSRR, WNEW, WQBK, KRQR, WQHA and WNEW among those already in...WBAB's Ralph Tortora testifies, "The Models are serious contenders when it comes to getting my vote for best new band of '86. As I listened to the LP, I got the same feeling as when I listened to the Cars' debut for the first time."

JIMMY BARNES, "WORKING CLASS MAN", GEFEN... This backtrak also continues to build beautifully, with 60 now on board, adds at WRIF, WCMR, KOPD, KZAP, WSHE, KLAQ and 7 more, ups from WMMG, KXHL, WFXR, WGLU and a 50-39 Underline. Requests are rated "good" at KSJO, KMDD, WOUR, WPLR, WMMG, WQHA, WGLU, WPDH and 8 more. Also check the 34-29 National LP Underline.

Builders

ELVIS COSTELLO, "DON'T LET ME BE MISUNDERSTOOD", COLUMBIA... Sure, the King's got a few holes to fill in, but the week's 5th ranked Metro Underline (39-32) proves it's definitely getting the job done in the major markets. DCIOI, WMMR, WCKB, KGON, WNEW, WLUP, CILQ, WYSP, WGRX, WLIR, CHOM and KBCO all report above average play, and who's better for image points than Elvis? New on WIOT, WLUP, WGRX, WAQY and WBLM, upped at KGON, KPOI, KFNG and WQIR, as the growth trend continues: 41-40 Song Index, 38-35 National Airplay.

THE CALL, "I STILL BELIEVE", ELEKTRA... The Call crack Top 20 on the wings of 6 new (WQFM, KISW, KBER, KRSP, KBAT, WWCY) 104 on, and increases at KZAP, KATT, WRCN, WWCK, KILQ, KWHL, WBLM, KKDJ, WGIR, WLNZ, WAPL and WKQQ. Their incredible stamina, after 8 weeks of action with virtually no crossover company, makes it all the more legit. Underlined across the board 24-17 National, 24-19 Metro, 22-20 Songs. Believe it!

JOE COCKER, "SHELTER ME", CAPITOL... Joe owns the phones with KQRS, WRXL, WXRK, WHCN, WAAF, WKDF, WLUP, WHJY, KRQR, WQMF, WSKS, WPYX, WIUE, and KOZZ, among the 30 logging "good" or "excellent" calls. The rotation picture keeps pace--"4" level emphasis on 43, power play on 8, as 6 new push it past 100 now playing, and turns a muscular 16-13 Song move. Now indulge in the Lp's irresistible "You Can Leave Your Hat On" and "A To Z".

OZZY OSBOURNE, "SHOT IN THE DARK", CBS ASSOCIATED... Rock's reigning madman forks over 10 more play ups led by KIXQ, WYMF, WSHE, WDIZ, WLLZ, WQFM and KISW. Factor in 99 now playing and you've got Ozzy's boarding pass to a #15 Song Underline. 16-12 National, 18-14 Metro. With his retail box office firepower and #4 Most Requested status, we'll bet you'll be back for more.

FABULOUS THUNDERBIRDS, "TUFF ENUFF", CBS ASSOCIATED... The Bird's the word on the request lines with top fivers at WDIZ, WLUP, KQRS, WIUE, WKLC, KLBJ, KRKE, KZYR and WWV, good for #12 Most Requested status. A fab 23 play hikes is the week's 2nd best, and 32 "5" emphasis reports, 47 at "4" means if you ain't got it in heavy, you're light. #6 Airplay.

BRIAN SETZER, "THE KNIFE FEELS LIKE JUSTICE", EMI... This knife's showing no signs of wear or tear as KSHE, WDIZ, WGRX, WBAB, WKDF, WAQY, WOUR and WRUF up, and WCMF, WLUP and KSJO add, delivering a 12-11 Song Primer. Most of the 116 on are giving it above average rotation.

QUEEN, "PRINCES OF THE UNIVERSE", CAPITOL... Two weeks on the street and already netting "good" calls at WIOT, WPDH, WLNZ and WKLC, with 8 more reporting "fair" call. Increasing on WSHE and WPDH, new on WAAF and KNCN with WLLZ, KZEW, WNEW, WXRK, WYFV, WCCC among the 17 adds to date. Building 100-94 Songs.

GREG KINN, "LOVE AND ROCK AND ROLL", EMI... Nine more including WQFM, WYSP, WFXR, KNCN, WNOR, and KFMQ pumps the add count to a kinnvincing 52, as 8 increases (KGB, KLOS, WSHE, KSJO, KILQ, WRUF, WAQY, and KPOI) combine for the 56-46 Song sprint. Developing instant phone follow-through as well, with "good" calls on WMMR, KQRS, KGB, WQMF, KSJO, WLNZ, WRCN and 5 more, "excellent" at KRQR. WQFM's Dana Brown kihnjctures, "Love And Rock And Roll" is hook laden and intriguing due to that consistent bass line that runs all the way through the song.

Automatics

THE HOOTERS, "WHERE DO THE CHILDREN GO", COLUMBIA... Guess #3 Most Added with 38 upon the 12's arrival kind of spells it out for this one, eh? "Children" debuts at #52, returning the Lp at #38 Nationally and rebounding 48-38 Metro. Key calls: WMMR, KATT, WAAF, WHJY, KSHE, WXRK, KISW, WNEW, KGB, WSKS, WHCN and WSHE.

BOB SEGER, "FORTUNATE SON", CAPITOL... Our Checklist found this to be the better request getter--with "excellent" calls at KATT, WQFM, WOUR, WAAF, WIOT, WKLC and 5 more, and 24 "good" call reports... It's #6 Most Added with 26, upped in rotation at 13, and Underlined 34-18 with 11 max listings... "American Storm" comes back with 21 increases and a 5-4 Underline.

PETE TOWNSHEND, "SECONDHAND LOVE", ATCO... Here's another easy call: 23 stations places #7 Most Added--and the 49-35 Underline is our third strongest. Now on 61 with WMMR, KBCO, WLUP, KGB, KMET and KRQR among 10 listing max rotation.

PHIL COLLINS, "TAKE ME HOME", ATLANTIC... Phil once again dominates in just about every key stat: #1 in play ups with 25; #1 for Song Index points and positions gained, 24-10; the biggest National Lp move 28-10; and the #2 Metro move 29-16...#8 Most Added with 22, now on 94 current reports, and max at 47.

SIMPLE MINDS, "ALL THE THINGS SHE SAID", A&M... The active adds and ups continue: new on 18, including KSRR, WIOT, WAAF, KSJO, KFOG and KGB, upped at KSHE, KRQR, KFMQ, KXZL, KRKE and 5 more... Everybody's second favorite track from the start nabs a 35-22 Underline, moving the album 18-14/15-13 Metro.

INXS, "LISTEN LIKE THIEVES", ATLANTIC... New air includes KEZO, KFOG, WOUR, WSHE, WSKS, KATT, and KGB. With WHCN, KIXQ, KZEW, WKDF, KISS, KILQ, KXZL and WDHA among the majors already playing... It's on the Song Index at #69.

MR. MISTER, "IS IT LOVE", RCA... At this point, no add or up spells bad gamble. New adds include WLVO, WAAF, WSHE, WKDF and WOUR, with 13 ups, only 2 dips, and max play on 8. Note the 29-21 Underline and 20-16 National Primer.

THE STARSHIP, "TOMORROW DOESN'T MATTER TONIGHT", GRUNT/RCA... Whatta they think? Here's the Checklist chatter: Dave Kane, WCMF, "Already a hit"...Ted Edwards, KGB, "Lp's a gone gator"...David "quotemonster" Hall, "Should follow 'Sara's footsteps"...Dana Brown, WQFM, "It's a hit"...Greg Gittispie, "Good follow-up"...Brian Illes, WCCC, "The platinum gets thicker"...Marty Bender, WSKS, "Smash"... Pam Brooks, WPDH, "Exciting and upbeat."

Double Shots

CHARLIE SEXTON, "IMPRESSED", MCA... In terms of image, appeal, and songmanship, we couldn't think of a better-suited newcomer for the format. So with "Beat's So Lonely" scaling the CHR charts, best stake your claim now. "Impressed" adds on WHJY, WTPA and KKDJ with 32 on and a 78-73 Primer, 41-37 Metro.

LLOYD COLE AND THE COMMOTIONS, "BRAND NEW FRIEND", GEFEN... Although most hadn't heard it at report time, we still came up with these programmer positives: Erin Riley, WMMR, "Wonderful artist and song"...Andy Preston, KPOI, "A fun song"...Pam Brooks, WPDH, "Interesting and soulful"... Cindy Bailen, KZEW, "He's America's Al Stewart"...Dana Brown, WQFM, "Fun and sophisticated"...Rob Ellis, WKQQ, "Has potential"...And Robin Mathieu "Deserves more than college airplay"...Out a minute and already on WLIR, KLBj, KBCO and KRQU, and a major recurrent hit at CFNY.

ALAN PARSONS PROJECT, "IN THE REAL WORLD", ARISTA... Pam Brooks, WPDH, calls it "The track from the Lp that could break it wide open if we all give it a chance. It's a clean, straight ahead ambitious rocker"...KSJO's Ken Anthony adds, "'In The Real World' sounds very strong on the radio"... We listened, we picked and we Checklist, with KRQR, WRCN, WRKI, KATT, WIOT, WYFV and WRUF building 10 maintaining and 26 considering. New on 8 (WFXR, WRKI, KSJO, WPDH, WYMG, WGIR) now on 31, with the week's biggest Song jump, 89-72.

DIVINYLS, "SLEEPING BEAUTY", CHRYSALIS... As we've said before, it's just a matter of time before their talent prevails. They continue to burn up the road and positive critical press is a constant. Check the current edition of Musician magazine for the latest rave up. And though they're the antithesis of a singles band, this is probably the Lp's best bet in that department.

"MEDICINE SHOW"

**The New 12-inch Featuring
The London Mix Edit (4:32) And The New York Mix Edit (4:00)**

"Playlist sick? Down in the dumps? Ailing? Need some help? Write your own prescription. It's the 'Medicine Show' from Big Audio Dynamite."

Bob Krane, WBCN

"'Medicine Show' strikes me as the most evocative, gripping, rock 'n' roll song on an otherwise fine LP. We've been playing this track since day one."

Lin Brehmer, WXRT

"'Medicine Show' is a track we've been playing since the record came out. We especially like the New York remix, which makes it easier to work with on the air."

Doug Clifton, KBOO

"'Medicine Show' was Top 5 rotation and requests for quite a while here. People just didn't get tired of it. It's got a great dance beat, plus interesting and meaningful lyrics. And the studio effects really enhance the lyrics. This is a work of art, as far as musicianship goes. It works! And the album is selling well here, too."

Del Williams, KOGI

DIRT ALERT!

Presents...

KMET CLEANS HOUSE, NEW AIR LINE-UP UNLEASHED

PD Larry Bruce has wasted no time waking and shaking up one of Southern California's premier heritage rockers. Shortly after joining KMET last month, Bruce moved swiftly to install long time compadre Judy McNutt-Friedman as MD, followed by the appointments of Chris Brodie to Programming Coordinator and Rick Scarry to Director of Creative Development. Having finalized the Mighty Net's programming team, Bruce has now made sweeping changes in the station's air staff. The new line up, unveiled on St. Patrick's Day features:

6AM-10AM: Denise Westwood and Paragat Kelly...Advancing from part-time, Denise has put in 5 years on air at KMET, 3 at KGB. Paragat, an 8 year 'MET vet, returns to morning news from afternoons. Together they replace the exiting Jeff Gonzer and Ace Young, and take on KLOS' Shana and Chuck Moshontz.

10AM-2PM: Cynthia Fox...Continuing her 8 year tenure at KMET, Cynthia segues from 6PM-10PM to take the place of outgoing Billy Juggs. That puts her opposite Bob Coburn at KLOS.

2PM-6PM: David Perry...Another long-time LA personality, David has handled KMET afternoons for 6 years and late nights for 2, along with stints at KLOS and KISW, Seattle. Just up the dial from David is Geno Mitchellini.

6PM-10PM: Pat Martin...Pat joins direct from an 8 year hitch at KGB in the same shift. His KLOS counterpart is Steve Downes.

10PM-2AM: Sky Daniels...KMET's Asst.PD moves from afternoons to take on highly regarded Jim Ladd.

2AM-6AM: Deirdre O'Donohue...An accomplished journalist (Spin Magazine), Deirdre joined KMET 6 months ago for overnights. Hosting the after-hours session crosstown is Joe Benson.

Also exiting is weekender Rick Lewis--Jack Snyder and Phil Hendrie are now tackling that turf.

"It is a difficult decision whenever staff changes are made" admits Bruce, "But KMET has been in need of a fresh new sound. I am confident that this team gives us that." Sky Daniels adds that heightened awareness of new product and renewed support of local music are also part of the KMET game plan. And he spoke of giving the station back to the people: "So many major market stations have become monoliths--they're closed--particularly in the Top 5 markets. We're going to have a much more accessible environment for the audience."

Meanwhile, back at KGB: Pat Martin's 6PM-10PM shoes are filled by John Leslie, who advances from the 10PM-2AM shift. John has two years at KGB under his belt, not to mention time put in at former AOR competitor KPRI and KLOS. New to 10PM-3AM is Adrian Bolt from weekends, as the nation's longest MD talent hunt continues...

WIYY PD TAKE TWO

WIYY, Baltimore--PD-less since Ted Edward's disappearing act last month--has tapped WRXL Richmond PD Tom Evans as Program Director. Evans, a former WQDR, Raleigh PD who also programmed KATT, Oklahoma City "for about an hour" takes his new post March 31st. "I'm not going in there replacing anybody. I'm going in there to work with the fellow who really brought the station all the success its had in the past" notes Tom, referring to Chuck DuCoty who programmed IYY for many years before elevating to Station Manager last May. With that success in mind, Evans feels his main concerns will be "paying attention to detail and follow through." But does he see an increasingly competitive situation developing with WGRX's new classic rock format? "We leaned heavily on classic rock both at 'XL and 'QDR" contends Evans, "So I have a handle on it. If the music is researched right, we can throw a block in front of that. Let's face it, WIYY has a 9 year heritage." Tom, an off-air PD at 'XL, will pull a short, yet to be determined air shift. To use his words, "I'm being brought out of retirement in that department."

Fade to the Richmond ranch: GM Claire Shaffner is talking to PD candidates including MD Paul Shugrue, who was just bumped up to Interim PD. Look for Mike Rivers to bail out of XL's morning show, leaving Dick Hungate to fly solo with news ace John Ogle (Lawrence). Mike is looking to return to CHR radio and can be reached through the station for the next few weeks.

UTZ'S DESK GETS NEW CHERRY TOPPING

To say there's been rabid anticipation for the new Stones' LP could be the tip-sheet understatement of the decade. First, there was the "why wait for the real thang--let's make our own version" approach demonstrated by K-ROCK's Howard Stern. Now, Philadelphia has given new meaning to the phrase "Dirty Work". When WMMR leaked three tracks from the LP a full week in advance of its official air date, local Columbia ace Herb Gordon became so personally appalled that he smashed a cherry cheesecake on the desk of OM Ted Utz, saying, "You want Dirty Work? Clean this up!!" Columbia, who have taken a strong stance against record leaks in the past two years, have broken off relations with 'MMR for the time being.

BILL BRUUN: LIVING ON TULSA TIME

How did KICT Wichita PD Bill Bruun prepare to interview for the KMYZ, Tulsa PD position? "I got ready by watching videos of Steelers linebacker Jack Lambert terrorizing running backs" he confided. Guess the psych sessions worked--Bill inked his deal with the Shamrock station on--you guessed it, St. Patrick's Day! "I'm ecstatic about joining a growth-oriented company like Shamrock that has such an obvious commitment to Rock 'n Roll (WDIZ, Orlando; WQFM, Milwaukee; WGRX, Baltimore; and WEZX, Scranton). GM Bob Tomarkin and I hit it off famously. He brings a wealth of experience with him from WQFM Milwaukee." OM at KICT for nearly 3 years, Bruun will battle a monster he helped create, having programmed Tulsa's KMOD for 6 years. He also served as PD at KXXY, Oklahoma City in its AOR days.

DIRT ALERT!

WORLD EXCLUSIVE: Lou O'Neill Jr in New York can't tell how or why he knows, but he says that there will definitely be a Bob Dylan/Tom Petty American tour this summer--with major cities being rocked! As you know, Petty and Dylan have created a sensation Down Under as they broke records at almost every stop in Australia and New Zealand.

FLASH! Bruce Springsteen is off to Los Angeles with his wife Julianne--and don't be surprised if The Boss stays on the coast a little longer this time than he did during his last visit. You see, Julianne is anxious to get back to acting, and many scripts are being offered to the comely model. She's being very cautious in choosing the right one, and therefore might be in California for an extended stay. Oh well, New Jerseyans.

SPIN MAGAZINE'S ONE-YEAR ANNIVERSARY blowout, held at The Saint in New York City was one party we'll remember for a long time. More information about the party next week.

GUEST QUOTE: Sammy Hagar to rock journalist Jack Curry, in last week's USA Today, on the new Van Halen sound: "A lot of people say we are too commercial. If you have a good beat, a good melody, you're getting too mainstream. Well, a garage band can have a lot of raw energy. We have raw energy, too, and songwriting abilities. Our new album has a real hard edge to it, but it also has sensitivity!"

EXECUTIVES AT CAPITOL RECORDS are (enter expletive here) over the new Katrina & The Waves album, simply titled "Waves", which will be released by Capitol on March 21st. As you know, the first single from the LP, "Is That It?", is receiving a very favorable response...Capitol, of course, is extremely excited about its newest releases: Joe Cocker; King Kobra's "Thrill Of A Lifetime"; and, something that's a collector's item - Bruce Dickinson's "Headtastic" - recorded before Bruce ever hooked up with Iron Maiden, and done when he was fronting a band called Samson. Manager Rod Smallwood says it will surprise many of Maiden's fans.

CONGRATULATIONS TO GEDDY LEE, of Rush, who recently became the first person in the history of GPI Publications (Guitar Player, Keyboard Magazine and Frets Magazine) to be featured on the cover of both Keyboard and Guitar Player. Geddy shares cover space on Guitar Player's April issue with bandmate Alex Lifeson. In addition Geddy was recently named Champion-of-Bass-Players by the readers of Guitar For The Practicing Musician--The contest began two years ago, and pitted 32 of today's top bassists in a series of elimination matches. The final four included: Geddy Lee, Roger Waters, John Paul Jones and Chris Squire, with Rush's leader defeating Squire in the one-on-one finale. Look for all the results in this month's issue.

IT'S OFFICIAL: The Moody Blues will title their new album on PolyGram "Wildest Dreams". The release date is April 14th, and the first single from the LP will be "The Other Side Of Life". Lou O'Neill Jr points out that "...Life" and the title cut are both Justin Haywood compositions.

WNEW-FM broadcast the morning show on St. Patrick's Day from the Manhattan Brewery in New York. Lots of luminaries dropped by to say hello, including Greg Kihn, Jim Kerr of Simple Minds, and Joe Lynn Turner, who, along with his band, performed a sparkling set. Not to be out-done, veteran morning/afternoon personality, Dave Herman, also broadcast from the Manhattan Brewery and had a great time doing it.

FORMER BOB DYLAN SIDEMAN, AL KOOPER, played a one-nighter last weekend at the Bottom Line that brought a slew of interesting people to the show. More details on Kooper's return to New York rock next week.

THE HARD ROCK CAFE has been chosen for the site of the Art Aid Auction, which is designed to benefit the Live Aid Foundation for African Famine Relief. It will be conducted by Sotheby's on Wednesday, March 26th, from 6:30 to 10:00PM at the H.R.C., 221 West 57th Street. It's rock 'n' roll black tie!

MCA'S IRVING AZOFF is telling anybody who will listen that The Pogues new record, "Rum, Sodomy, And The Lash", could be one of the big "sleepers" of 1986. It was produced by Britain's Elvis Costello, and has just the right feel for the times. Remember this band's name, The Pogues, from Ireland.

WUAB-FM PROGRAM DIRECTOR, BOB BUCHMANN, was recently pictured in the February issue of Playgirl Magazine. Buchmann was tabbed as one of the twelve hottest dj's, both sexy and popular, in the U.S.--and, he admitted, he showed "some skin".

THE FIRM tour kicked off last week in sunny Florida at the Sun Dome, and now is progressing across the country to very, very positive reviews. This week Jimmy Page and company rock the Civic Center in Springfield, MA; the Broome County Center in Binghamton, NY; and the Civic Arena in Pittsburgh, on the 24th, 25th and 27th, consecutively. Then, on the 29th, The Firm plays a one-nighter at the War Memorial in Rochester.

THAT WAS FORMER BEATLE George Harrison who bought up a slew of guitars like they were going out of style at Manny's Musical Instruments on West 48th Street in Manhattan. According to Lou O'Neill Jr, George's rare appearance set off the rumor mill once again, and stirred up speculation that one of the world's most famous musicians may be planning public appearances here in the U.S. for the first time in more than twelve years.

VIDEO DIRECTORS GODLEY & CREME created a sensation last week in New York City putting together the new effort for Robert Jungkias. Footage was shot not only in Chinatown, on the Staten Island ferry, and at the Brooklyn Bridge, but also in New York's seedy Times Square, because of the special effects Godley & Creme desired. As you know, MTV named this pair the Video-Directors-Of-The-Year for 1985, and word is that rockin' Robert, out of Memphis, Tennessee, will be huge, a la Bryan Adams, John Cougar Mellencamp, and Springsteen--who he reminds so many of.

FOR SEVERAL HOURS on Saturday, March 15th, the audience in the National Exhibition Centre in Birmingham, England, was entertained by a slew of superstars at a benefit concert for the support of the Birmingham Children's Hospital. The affair was the brainchild of ELO's Bev Bevan, who dubbed the project: "Birmingham Heartbeat '86." It featured the very best of the Midlands England talent. Among the many who performed were: The Moody Blues; Robert Plant; Denny Laine; Steve Gibbons; Rory Wood; The Rockin' Berries; and, the nostalgic return of The Move and The Apple Jacks. ELO also guested on the bill, playing their first live concert together in more than four years. For the record, The Electric Light Orchestra's last British performance was at the N.E.C. in December, 1982. All of the monies raised by the benefit, including all merchandising, will be used for a campaign to raise funds for major construction at the Birmingham Children's Hospital. David Hughes, the hospital's administrator, has said, "There is a variety of projects urgently needed to insure the safety and comfort of the children, staff and visitors here." Bev Bevan had teamed with the N.E.C., promoters and local businessmen to spearhead this ambitious local campaign to help those among them in need. The Quarterback salutes ELO for doing a great job!

JOURNEY slipped into New York City quietly last week to over-dub five tracks at Gotham's Power Station.

The Rock Report

THE PRETENDERS will release their follow-up to "LEARNING TO CRAWL" via Sire Records in September. CHRISIE HYNDE (or CHRISTINE KERR as she now prefers to be called) wanted to try something a little different this time around as she has put down some tracks without bassist MALCOM FOSTER and drummer MARTIN CHAMBERS. In their place, Hynde has used the services of session musicians STEVE JORDAN, SIMON PHILLIPS and ELVIS COSTELLO and The Attractions' bassist BRUCE THOMAS. There is no reason to believe, however, that Foster and Chambers are out of the band as they supported the change. This LP is being produced by JIMMY IOVINE and BOB CLEARMOUNTAIN and, according to those who have heard it, the record sounds brilliant. Chances are The Pretenders will tour upon the release of this LP.

May 30th is the opening date of the MONKEES reunion tour, and the venue is the Tropicana Hotel Casino in Atlantic City. This date is just the beginning of the ninety-city U.S. tour which will keep the band on the road through September. The show is being billed as The 20th Anniversary Celebration of The Monkees World Tour. MICHAEL NESMITH will not be on the road with the group, but has consented to join them for one show benefiting a yet unnamed charity. PETER TORK will play guitar, DAVY JONES will be on tambourine and MICKEY DOLENZ will be behind the drum kit. The band will be accompanied by an eight-piece back-up group which will include four horn players. Joining the MONKEES on the road will be HERMAN'S HERMITS (sans PETER NOONE), the GRASS ROOTS and GARY PUCKETT AND THE UNION GAP. Coinciding with the tour, DAVY JONES' book, "THEY MADE A MONKEE OUT OF ME", will be released. In the meantime, Rhino and Arista Records are working hard to actively re-release previous albums including both "Greatest Hits" LPs.

Currently enjoying a successful reunion of sorts are GREGG ALLMAN and DICKY BETTS, who are each touring the country with their own bands. After performing their solo sets, the two join on-stage and run through some classic ALLMAN BROS. tunes including: "STATESBORO BLUES", "SOUTHBOUND", "ONE WAY OUT", "RAMBLIN' MAN" and "IN MEMORY OF ELIZABETH REED" to name but a few. Allman and Betts will continue on the road until the end of this month, then they'll take a break and pick back up again in mid-April. The duo has no plans to enter the studio, so if you're an Allmans fan you'd better catch them now.

Capitol Records plans to release the first BEATLES compact discs in the coming months, and the first to come out will be "ABBEY ROAD", "SGT. PEPPER'S LONELY HEARTS CLUB BAND", "THE BEATLES 1962-1966" and "THE BEATLES 1967-1970". Meanwhile, another Beatles bootleg has hit the streets. Titled "NOTHING IS REAL", the record features one side of previously released material and one side that includes five different versions of "STRAWBERRY FIELDS FOREVER", with commentary from producer GEORGE MARTIN on the variations. The "Strawberry Fields Forever" tracks range from the earliest version of the song with no orchestration, to the end result.

THOMAS DOLBY has been working with RYUICHI SAKAMOTO (ex of YELLOW MAGIC ORCHESTRA) on a single titled "FIELD WORK" b/w "EXHIBITION". The 7" and 12" versions will be released through the British-based label 10 Records.

"SO" is the tentative title of the upcoming PETER GABRIEL album due from Geffen in May. The first single, "IN YOUR EYES", ships this week. Gabriel is planning to begin a U.S. tour in October. This album is being produced by GABRIEL and DANIEL LANOIS.

BILL WYMAN, IRON MAIDEN and MOTORHEAD are a sampling of artists appearing on the soundtrack to the upcoming horror film, "CREEPERS", coming from Italian director DARIO ARGENTINO. No word yet on a release date.

There's a long-form video on the way from MOTLEY CRUE, and it's going to contain some of the Crue's very own home movies shot during a recent European tour. The long-form will also feature all five of the Crue's existing videos, plus a new clip, to be based on a song from the band's album, "Theatre Of Pain". The project's being coordinated by WAYNE ISHAM, who directed "Smoking In The Boys' Room", and it should be available early this summer...DURAN DURAN's ANDY TAYLOR will record NEIL YOUNG's "Southern Man" on his upcoming solo Lp. He began recording the album recently in L.A. His producer is ROY THOMAS BAKER, who's also worked with THE CARS and QUEEN. Former SEX PISTOL's guitarist STEVE JONES has written some songs with Andy for the album and is playing on it. The Lp is due out late this summer...GEORGE HARRISON recently made a surprise appearance at a benefit concert in Birmingham, England. He performed "Johnny B. Goode" and "Money (That's What I Want)" with MOODY BLUES and ELO to help raise money for the Birmingham Children's Hospital. Also performing were ROBERT PLANT and DENNY LAINE...MODERN ENGLISH are back after a 2 year lay-off. They've just released "Stop Start", their first album since 1984's "Ricochet Days", and will kick off an extensive U.S. tour during spring break festivities at Jacksonville University in Florida. The first leg of the tour will take them all over the East Coast, before winding up May 4th at Trinity College in Hartford, Connecticut.

Paul Rodgers: "Jimmy's style is a very, very intense and masterful sort of sound really. And the ideas that he has for songs are very strong. I find that I can come up with a melody fairly easily with them -- a melody that works across the rhythm that he's created."

News From Rock Over London

MADNESS, normally the band who are everybody's friends, find themselves surrounded by controversy as a story has broken in the British press about lead singer, GRAHAM "SUGGS" MAC PHERSON, and his alleged friendship with IAN STEWART, the lead singer with a notoriously racist band called SKREWDRIVER. The story claimed that for nine years, SUGGS has been close friends with STEWART who is currently in prison. The singer refutes the suggestion that the two are still in contact, denying that he has given financial help to the band and saying that he hasn't seen STEWART for six years, since he found out about his National Front connections. MAC PHERSON is said to be considering legal proceedings against "THE SUN" newspaper which made the allegations.

The AMERICAN EMBASSY has finally decided to recognise the "artistic merit" of the BLOW MONKEYS and so, visas in hand, they'll be off to the States shortly. The new 12" of "DIGGING YOUR SCENE" on release in the UK has a previously unavailable version of "MAN FROM RUSSIA" on the B-side. This is a track off their last album, "LIMPING FOR A GENERATION". Listen out for an interview with the BLOW MONKEYS...on Rock Over London soon.

MANFRED MANN's EARTHBAND are back on the scene with a new 7" and 12" single, "DO ANYTHING YOU WANNA DO". This is a cover version of the 1977 UK hit from EDDIE AND THE HOTRODS and marks their switch from the Bronze label to 10 Records. They are about to set off on a 3 month European tour which coincides with the release of their 13th album.

THE CURE have decided to lend their name to another cause this year. As well as playing the CND concert in June (ROL News March 14), they have now added their name to the prestigious list of rock artists appearing in the GREENPEACE CONCERTS at the ROYAL ALBERT HALL. THE CURE are set to round off the series with their performance on April 25. And, apparently, there will be more GREENPEACE music later on this year with DIRE STRAITS and EURYTHMICS performing for the CONSERVATION CAUSE at WEMBLEY ARENA.

SIOUXSIE is set to start touring again as the knee she dislocated on her last tour is on the road to recovery. She has tentative plans for a US tour in May, but will kick off with some European dates first. "THE TINDERBOX" album, which they originally started recording last May, will be out soon.

DURAN DURAN's JOHN TAYLOR seems to have been chatting up the entire British media recently. Although not always complimentary about his fellow Duran stars, he seems pretty confident that the band will be back in the studio next month recording a new album for September release.

Onto the...latest new records: QUEEN have just released a 7" and 12" version of "A KIND OF MAGIC" from the film "HIGHLANDER" (that's a different release to their US single from the picture)...DEPECHE MODE's 6th album, "BLACK CELEBRATION", which includes the single "STRIPPED", is just out and they are due to tour the UK in a couple of weeks...PETE DINKSHEND's British release of "GIVE BLOOD" has been put back to mid-April, but the flip sides will be recent live recordings of "MAGIC BUS" (7") and "WON'T GET FOOLED AGAIN" (12"). After several hitches, we can at last expect DAVE CLARK's double album of the musical "TIME" to be available in early April.

A compilation album in aid of charity is due out in May. That's called "ACTION" and features a selection of Midlands artists including UB40, GENERAL PUBLIC, STEVEN DUFFY, and THE MOODY BLUES. It's to be released on FM records and all proceeds will go to a children's hospice in the West Midlands.

The BPI has been alerted about the first case in Britain of parallel CD imports. Demon Records are rather concerned about the fact that unlicensed copies of ELVIS COSTELLO's "THE MAN" and "ARMED FORCES" have gone on sale via an importer, a full 2 weeks before they were due to be legitimately released through Demon.

...Meanwhile COMPACT DISCS are proving to be the growth area in the business for this year and to cope with the demand, there are plans for 3 new CD factories to be built in Britain.

An organization to represent the interests of independent record labels was set up in London last week. They have chosen to call themselves "UMBRELLA" and at the moment, this comprises of some 40 labels. One of the main areas they hope to exert some influence on is the British singles chart, which tends to favour major-label releases since the shops that contribute to the compilation of the charts tend to be mainstream, high street stores which often don't stock the indie product.

Former BEATLES' producer GEORGE MARTIN made an appearance at the HOUSE OF LORDS (of all places) last week. He was speaking at a reception hosted by the BPI as part of a campaign to press home to the government the idea of introducing a special tax on blank tapes. In his speech, GEORGE minced no words about the matter by saying: "The curse of the microchip is that it enables anyone to make unlimited copies of our records, and those twin cassette machines are simply devices for printing 5 pound notes".

The GREATER LONDON COUNCIL (GLC), as its final gesture on the music scene before its abolition, has organised a major ten-hour concert to take place on London's South Bank on the GLC's last day of existence, Easter Monday, March 31. Among those scheduled to appear at the free event are EDDY GRANT, who'll be flying in specially from his Middle East tour, LATIN QUARTER, and the reformed Q-TIPS (without former lead singer PAUL YOUNG).

FINE YOUNG CANNIBALS, in the British charts recently with a somewhat unorthodox reworking of ELVIS' "SUSPICIOUS MINDS", follow it up with "FUNNY HOW LOVE IS", remixed from their album...BRONSKI BEAT, meanwhile (whose lead singer JIMMY SOMERVILLE sang on that cover version) have their new one just out, "C'MON C'MON."

Some whispers we heard this week: FRANKIE GOES TO HOLLYWOOD's new single--they've been away so long, maybe that should be "comeback" single--should be with us by the end of April (and one of this week's newspapers reckons we'll see a new style FRANKIE, with Holly and friends sporting the "rustic look"!)...KRISTY MAC COLL, who sings on the new ROLLING STONES album, which was co-produced by her husband STEVE LILLYWHITE, is currently writing songs with ALISON MOYET...and the word is that PAUL MC CARTNEY has been inquiring around London about just who is the hottest remixer of the moment--so expect his new material to get the 12-inch remix treatment.

FRANKIE's Former ZTT labelmates, ART OF NOISE, provide us with our first ever chance to mention DUANE EDGLEY in the ROL column this week...because they've just released a cover version of "PETER GUNN" and it features a special guest appearance by the man himself. The twang is the thang again.

A confident return to the British album chart last week for ELO, whose "BALANCE OF POWER" debuted at 12. Still no shaking DIRE STRAITS at number one, though; currently the greatest challenge comes in the form of a compilation album of recent hit ballads called "SONGS FOR LOVERS".

SQUEEZE are about to release (yet) another single from the "COSI FAN TUTTI FRUTTI" album. This time it's "KING GEORGE STREET", and we understand the B-side will feature a previously unavailable live version of "LOVE'S CRASHING WAVES", the DIFFORD and TILBROOK song from their brief solo period.

DAVID BOWIE's current huge success in Britain with "ABSOLUTE BEGINNERS" gives him his 39th chart appearance in the UK...and that puts him just behind ELTON JOHN and STEVIE WONDER, who have 40 each and are currently tied in third position in the all-time list. The top two? ELVIS PRESLEY and CLIFF RICHARD, both in front by a long, long way.

JOE JACKSON'S curiously high return to the album charts with "RUMOURS" (ROL News March 7) is a new readers. Normally when a catalogue album returns that far up the chart, it's because of some kind, or for the more macabre reason of a recent death. This time, though, it's a new release: "RUMOURS" was one of a large number of WEA albums that got a huge sales boost recently as part of a series of mid-price, "PRIME CUTS" albums. WEA saw the albums included in the promotion sales.

JOE JACKSON featured in the film "PRETTY IN PINK", this week becomes the first UK single from the band and former chart favourites THE BELLE STARS are back with a new, smaller line-up and a single "PROMOTION" on Stiff.

In this coming week we take the biggest bag of popcorn we could find and present a show with a theme--there's that British release by QUEEN and another exclusive, the STYLE COUNCIL's "HAVE A LITTLE BLUE", as featured in the soundtrack of "ABSOLUTE BEGINNERS". It's also a great pleasure to hear new material by one of ROL's great favourites, JOE JACKSON...There's the new hit by the POGUES, by ELVIS COSTELLO; part two of our ELO interview, a Rock Request by that lady who shares breakfast with the STONES' producer, and in the Melting Pot, another edition of the Studio Diary with news of the forthcoming British releases by THE ALARM, THE SMITHS, THE CURE and lots of others..

Question Of The Week

Recently we've seen 'classic rock' formats spring up in Washington, Kansas City, Tampa, and other markets. What impact do you see 'classic rock' outlets having on the marketplace? Do you consider them AOR? And, since they play so little current product, how do you feel about 'classic rockers' reporting to trade magazines?

BOB KRANES, WBCN: "Trade magazines are supposedly reflecting what's happening now. They have their finger on the pulse of the radio industry, which is reflected in their charts. If a classic rocker is going to be reporting to the trades, it's really not serving anybody at all. I could just pull out my playlists from 1975 and see what they're playing...Calling themselves AOR sort of doesn't serve a purpose either. AOR radio was formulated out of the progressive radio format and we all know what progressive means and we all know how important that type of radio is to our listeners. WBCN is a lifestyle radio station committed to bringing the audience new and exciting music, along with music that people will be constantly relating to. A classic hit station is unable to relate to people's ever-changing lifestyles. I definitely see them having some sort of impact, if anything, it's relatively easy to see they'll have an upper demo effect."

BRAD HUNT, ELEKTRA: "In the quest for the ever elusive 35 to death demographic, the total disarray of the stations in the AOR format are killing the format. It is time to cut the crap! Enough with the mental masturbation of the numbers games. The only real numbers that count are sales and if someone tells me 'I heard your record three weeks ago' or worse 'I never have heard it' then we are not going to sell anything. If you aren't playing the record, then what is accomplished by reporting it? Sometimes I wonder if programmers think record promoters don't listen to the radio. The only catalog that sells is metal and realizing this doesn't fit with Wimpy Wednesdays or Maudlin Mondays. I need you as much as you need me from this point on if: 1) you play less than 15 currents, or 2) you play less than 30% currents. You can contact any WEA sales office for prices on any Elektra/Asylum product. And please, no calls about promotions. It is not the time for complete honesty. I wish you success in programming against every other format, but unless you buy the classics, we won't sell them. You know you are and so do we!"

BOB WALTON, WRDU: "They will have some short term impact. Obviously there was some 'need' for a classic rock outlet, but I don't see any way it could be a long term format commitment. A station can't survive living in the past...They are AOR to an extent if they're playing more than just the Top 40 from years gone by... And I think in no way, shape or form should they report as an AOR station. AOR as a group should be looking forward, not backward."

WARREN WILLIAMS, KSRR: "I see them developing a small but loyal audience with a large time spent listening, but in order to expand the audience, the music base needs to be expanded over a period of time...I think you have to take it on a case by case basis, but a number do seem to be AOR...It would depend on what percentage of their playlist was actually current, and probably 20% should be the cutoff."

DANA BROWN, WQFM: "I think that classic rock is having some impact on the market. One cannot deny the temptation on the part of the listeners to only go with what they know. It's like eating junk food. It tastes great at first, but after a while it makes you feel like you're missing something. How many times can you hear 'Puff The Magic Dragon'? Absolutely, not. That's ludicrous.. Allowing them to report to trades, the very thought of it is comical. Are we going to call the trades to see if the Circles 'Red Rubber Ball' is in a power rotation this week? It's a novelty format at best."

GREG TORRINGTON, CHEZ: "I think they have the tendency to share some of the upper demographics with the established AOR outlets. Overall we don't perceive it as a threat...I don't think they should be reporting to trade magazines. And if I can be really nasty, I don't think they should be serviced either. I don't view them as AOR."

JOHN BEAULIEU, WTUE: "I see quite a big impact, after all, rock and roll is 30 years old and there's a lot of people that age. As far as I'm concerned they are still AOR (Adult Oldies Rock) and as far as reporting product, all product counts, so any report is valid."

BONNIE STACY, KNCN: "As far as impact on the market, I don't think they would have that much because there are so few of them. It would depend on the market and what voids they have to fill. I consider them AOR. As long as they are not adding recurrents, it's okay."

DUANE SHERMAN, WTOS: "Today, more than ever, classic rock is the backbone of radio. All good size markets should have a classic station. Sure, it's great to hear new music, but it's always nice to be taken back to your roots and, hey, let them report. Who's it going to hurt?"

PHIL MANICKI, WWCT: "Its impact depends on the size of the market and the competition. But with all the 70's groups resurfacing it could be beneficial for both radio, and the record industry. Yes, I would consider them AOR because it's just more of the foundation of what we all are. If they play currents, yes, they should report. Aren't those currents supposed to be the best?"

QUESTION CONTINUED

TOM SCHEPPKE, KISS: "The classic rock format has an audience here in San Antonio. I see I run the 'KISS Classics' everyday at noon and on Sunday morning. Phones, requests and proved the show is very popular. I feel, as long as classic rockers play some form of c they most certainly are one of us and should report too!"

RICHARD PACTHER, PROMOTION IN MOTION: "The immediate impact is that their competition usual oldies. No names or call letters, please!...Sure, they are AOR--they play album rock!...I as long as their new stuff is weighted proportionately when the charts are figured out."

GREG GILLISPIE, WDVE: "In markets where there is no heritage AOR, or a heritage AOR that is not targeted, they could have tremendous impact, provided that they are well researched and don't try five million 'oh wow' records at one time. I don't see a long life for a station like this because realistically the library will be limited and if there is a strong AOR in town, the image should belong to them...As far as considering them AOR--Certainly! They undoubtedly will be using more classic album tracks than the typical oldies-style hit single...As far as reporting to the trades, I think that depends on the amount of current music that they are going to play, but from what I've been able to see, their rotation on newer stuff is so low that I'd prefer not to have their information included in the weekly charts...A station of this nature will lose out when it comes to creating excitement around the major new releases like the Rolling Stones, Van Halen, etc., and they should probably get them two years later."

KEN ANTHONY, KSJO: "Many variables have to be weighted to determine exactly what kind of impact a classic rock station would have on a particular market. If the station is positioning itself in a market that doesn't have an oldies outlet (and depending on the market's demographics) a classic rock station could have an impact...I would consider a station like this AOR only if it played a legitimate percentage of currents, along with its classic rock library...I think it's up to the individual trade magazine to determine whether a classic rock format plays the right percentage of currents to gain reporting status."

MARK DEVINE, WRKI: "It's hard to say what their impact is going to be and it's hard from the few brief monitors that I've seen...I'd be inclined to call them AOR...If they're adding new records and playing them, why not report?!"

KEVIN YOUNG, WCPZ: "This goes back to the whole issue of stations like WMMS using a lot of cross-over, then breaking away. Maybe what we need in AOR is two different categories, kind of like what you see in R&R now, where full service ads are listed separately from more musically oriented ads...Then, maybe on the other hand we should wait and see what happens. Maybe the more oldies oriented AOR would fall by the wayside as the newer AOR's break out...It's a question I've long debated and I could talk forever but I've gotta get ready for the air!"

WAYNE SUMMERS, WRCN: "I don't see how an all classic rock format could win over a format that gives listeners a balance of old and new. The trick is to choose the right new music in order to limit the liability of the unfamiliar--more AOR old album rock, than AOR...I have no problem with classic rockers reporting to the trades!"

SAMMY LEE, KMYZ: "Yes, I do consider classic rock AOR because they are playing the same old stuff as everyone else at AOR...Should they report? Yes, if they're adding any new stuff!...I think we are going to see a lot more classic rock stations because people enjoy the older stuff more than the new stuff and by adding a few good new ones, no one's missing out on what's going on in the 80's!"

FRED LEEMHUIS, KGRO: "If they don't play very many currents, I would consider them more of an oldies station...Depending on the actual makeup of the playlist, the term AOR could be used, but instead of referring to album oriented rock, they might be called All Over the Road!"

MARTY BENDER, WSKS: "After initiating and doing a classic rock format six years ago, I feel its value, then and now, is extremely lucrative. However, in its purest form '100% oldies' it remains a flanking format... Ideal for non heritage feeder stations to remain competitive. At most metros, a current flow should be carefully implemented...As far as reporting status, you don't have to be mostly current to sell records or have an impact on your market. It then becomes a quality versus quantity issue on a market by market basis."

RAD MESSICK, WDIZ: "In markets where the AOR doesn't take advantage of artist depth, there's room for a classic rock station. Unfortunately, they can't play the new Van Halen and call it a classic song... AOR's need to take advantage of their depth to block a classic rock station from coming into the market... We've been here for 15 years and we feel quite comfortable playing the new Van Halen and the Dave Clark 5!"

DAVE KANE, WCMF: "It depends on what's currently happening in the market. I don't think classic rock is a real mass appeal format. If there's an AOR in town that's doing its job in programming a good selection of music from the format's heritage as well as older music that has relevance in the market, then the impact may not be felt as much as if there was an absence of a rock station or one whose mix was heavier on currents...I guess you can consider them AOR, but I would set a minimum percentage of current music being played in order to have reporting status!"

DON BERNS, CFNY: "Personally, I hope that the impact is minimal. I can see it taking a bite out of the AOR, and to some extent CHR, audience but I fervently hope that the format is not a success...Yes, I suppose that they could be considered AOR stations, except a new label would have to be created for them (something along the lines of AOR gold stations)...I definitely, strongly, emphatically feel that they should not be reporting to any trade magazines. Furthermore, is this creative radio? When I hear oldies on a steady basis, it makes me feel 'old' and I'm in their prime demographic--and where is the responsibility to reflect what is happening in music today? Are these stations saying that nothing is being created today that is worth playing? Should record companies simply close their A&R departments and the artists all move to someplace where they can entertain each other?"

PAUL SHUGRUE, WRXL: "Their impact depends on the size of the market. Naturally, they'll work better in the larger markets...Each classic rock station seems to play a different amount of current product--some none and some a little...Any station that plays a current product should be granted reporting status!"

ANDY PRESTON, KPOI: "In a market with a fat and lazy AOR, a classic rocker could probably take a good chunk of their audience. The key to keeping a classic rock station fresh is having a library three times larger than what's actually being played on-the-air at any given time so you can continually move songs in and out of rotation to keep it fresh...Yes, I consider them AOR and yes, if they are playing any current product, they should report!"

LINDA LANCI, WLNZ: "Basically, as far as reporting, if they're not playing the current product it doesn't make sense to me! To report to a trade, you need to be dealing with current product!"

DAVID HALL, WKDF: "The classic rock format is the answer to an unserved need. Upper demos who faithfully supported AOR in the late 60's early 70's were left without any station playing their music when traditionally AOR's for the most part stopped playing, or greatly reduced their play of music from that era. These adult rockers were already beginning to be left behind when the Journey, Van Halen and Loverboy types took over, and certainly feel unserved by a playlist full of The Alarm, Simple Minds, Talk Talk and all the other pink and purple spiked-hair bands of the 80's. The potential impact of the classic rock format is to bring about the split of AOR into two formats--one serving under 25 and one serving 25 plus. Many of us have seen that coming and it's getting nearer. Such a split would solve reporting problems if a station is adding current product from the likes of Jackson Browne, Pete Townshend, Bob Seger, etc. They should be allowed to report!"

KZEW, DALLAS, TX ASST.PD/MD-CINDY BAILEN: "Marillion has the progressive sound that the Genesis fans love, and the UFO is so mainstream it could be a Foreigner song. Where did they get that girl with the tatoo.. We went right on the Bowie record, but I'm still waiting for it to grow on me. He stole that title from the Jam...Congratulations to ZEW sportscaster Mike Rhyner, who sneaked off and got married last weekend, and also congratulations to John Hey of EMI and his wife Maggie on the birth of Jeremy Alexander."

could know because the ratings have current AOR product,

QUESTION CONTINUED

TED EDWARDS, KGB-FM: "I think that a 'classic rock' format, like any other gold-based format, would likely peak early, if there's a hole in the market for it, level off, and fade quick. Any format based on oldies has a limited shelf life. You can only play the same songs so many times before the 'oh, wow' factor goes away...I certainly consider them AOR. AOR does not denote that it be a contemporary format... I feel fine about them reporting to trade magazines, considering that there are a number of AOR's that are barely more than recurrent radio stations that report to trade magazines already. It would seem unfair to ostracize a radio station that's predominantly recent gold, as opposed to a station that's predominantly ancient gold."

KEVIN VARGAS, KWHL: "The main problem with classic rock is the lack of excitement with hot and happening new material. I believe in yesterday, but I'm living for today and preparing for tomorrow. Perhaps the writing of Edward Bellamy is the warning for those looking backward. It may be Utopia for some, or is it just an escape from having to cope with the challenges of today's changing world?"

BRIAN ILLES, WCCC: "I believe the stations with the best overall music mix, promotional push, and sound, will always be the market leader. That's why in some markets CHR dominates, and in other markets AOR dominates. The strength of rock radio has always been a combination of the best classic songs and the best current music, and I think that will always be the case. If a classic rock station is going to play very few currents, they're going to have to offer something else to attract new listeners, not to mention what they'll have to do to keep all their oldies from burnin' out real fast. After all, they only release new music everyday--they don't release new oldies...Yes, I consider these stations AOR. Any station that plays rock and roll and plays album cuts as opposed to just hit singles, is an AOR...If the individual trade publication decides the amount and frequency of the number of currents a particular station plays warrants publishing their chart, that's fine with me. If the station is in a market big enough and has enough listeners, then what they do with currents is of importance to radio and records alike. However, I wouldn't want to see a so-called classic rock station get a promotion or a concert co-pro with a new band before a station that has a heavier mix of current stuff!"

WALLY WALKER, KQRS: "Whether or not you consider them AOR, if you don't keep a close watch on them, they will have an impact on your audience. Fortunately, we recognize this--we have one in our market, and we're able to blunt their impact. In fact, we watch them closer than our CHR competition...Since they play so little, and are so late on current product, I think they are wasting a trade magazine's space by reporting!"

SCOTT DOUGLAS, KATT: "I could see a classic rock station taking a piece of the pie, but I'd like to see them take us on. I suppose they would be AOR's if they were to play current deeper album cuts. A lot of AOR's are right now 40% current to 60% classic, and they still report to the trade magazines, so what difference does it make when we're dealing with current product? A classic rock station will not report 'Stairway To Heaven' in power rotation anyway!"

RON SORENSON, KBLE-FM: "If a classic rocker is defined as a station that plays very little current product, I see them as having no more impact on album radio than golden oldie formats had on top forty radio. And, if they play little current product, it doesn't seem to make sense for them to report. Who cares whether 'Freebird', 'Stairway To Heaven', or 'Fly Like An Eagle' is in heavy rotation this week!"

AL BRANCA, WMGM: "Let me answer this week's question like a true politician! To the first question, what impact? That depends on a lot of things including what market, competition in that particular market and the station's original format. I don't think the impact would be as great changing from a true AOR to classic rock as it would changing AC or CHR to classic rock. Yes, I do consider it a form of AOR. Sure, they should report. It will make them that much easier to read! In an aggressive market, a classic rock station, in my opinion, won't pull big numbers for long. It gets 'old' fast and a true music head needs new challenges for the ears!"

BOB WELCH, WPYX: "I see them having a big impact on the 25-34 age group. Yes, I do consider classic rock stations AOR. If they're playing any current product at all, yes, they should report to the trade."

RICK VAN GIL, WIOT: "I feel that an AOR format is like a baseball team. You need a blend of crafty old veterans and hungry young rookies to get it to a championship season. A totally veteran team or format will most probably have a decent season, but down the road it runs out of gas. A team or format that utilizes the best of the veterans, plus the young up and comers may have their ups and downs, but in the long run, they will develop into a consistent winner, if managed right. To dominate a market a station must develop a farm system. Our farm club is U2, the Police, The Cars, Simple Minds, INXS, and many more! I really have no use for an all classic rock format. An all classic rock station is like eating old bread and I give my old bread to the birds!"

AMANDA TEPPER, WPLR: "I think if you, at the trade magazine, would travel around the country and listen to all your AORs, you'd find many of them to be, in effect, classic rock stations--playing very little current product. Classic rock stations don't break new artists, and neither do many so called AORs!"

VIRGIL THOMPSON, WRUF: "I would say these classic rock stations are a combination of a mainstream or strictly 25+ AOR...Do I consider them AOR? It depends on the image they present and the amount of 'oldies/crossovers' they play. If such a station plays Petula Clark's 'Downtown' and their positioning statement is 'classic hits' then I don't think such a station can be classified AOR...Market impact? I think they can only be really successful in large markets where they can afford to shoot for strictly 25+ numbers. I think this type of station could possibly be classified as an AOR/Male AC hybrid...As far as reporting to trades, if they are playing current product, it should be reported."

BOB BITTENS, WHCN: "In an industry dependent on a changing marketplace and riddled with quick fix managers, there will always be people waiting to jump on any formative bandwagon that promises to deliver mega numbers and desirable demographics. These trends tend to come around in cycles every couple of years and often do deliver the promised results over the short haul. However, be it classic rock or modern rock or eclectic rock, it cannot triumph in the long run against a consistently well programmed station with a long history of playing a variety of quality rock. As for reporting status - a minimum percentage has to be set for current music (say 20%?), otherwise, what will they have to report?"

KAREN ANDERSEN SMALL, WGIR: "They'll attract listeners because of the 'oh wow' factor. People will hear something they haven't heard in years. I'd only consider them AOR depending on how deep they went into past albums. If they only play singles and they blend Motown R&B product, I wouldn't necessarily consider them AOR...I think classic rockers ought to report to the back issues of trade magazines."

STEVE BECKER, WKFM: "In Syracuse, the market is fairly saturated with 'classic rock and roll' material, so it's pretty much covered between the radio stations...Depending on what amount of current material these classic rock stations play, would determine if they're AOR."

INESSA YORK, KGON: "I think they are definitely filling a need and are more viable than say a 'solid gold' type station. They're like the NEW solid gold for the generation!"

DOUG CLIFTON, KBCO: "No, I wouldn't really consider them AOR unless they are playing a large amount of AOR based groups...I don't believe that it's right for a station, who plays very little currents, to report to a trade magazine."

NEXT WEEK'S QUESTION: In honor of April Fool's Day, which is just around the corner, we'd like to ask the question: What is your favorite joke?

Radio Action

WYNF, TAMPA/ST. PETERSBURG, FL ASST. P.D./M.D.-RON DIAZ: "Put me down as a big Wax fan. 'Right Between The Eyes' is a spunky, good-time tune. Wax is gonna have a big crossover record, a hit everybody's gonna end up playing, so get on it first, then move on to other tracks from this very tasty Lp...UFO's 'This Time' has the potential to be their biggest song yet. There is nothing harsh about this track; and after many years, UFO has smoothed out their raunch and roll just a bit. And that's all it took...Joe Lynn Turner's voice is a very popular one in Tampa Bay. We've been playing his 'Young Hearts' cut since Joe Lynn's concert appearance here over a month ago and it's been performing very well for us...The new Graham Nash is a real nice piece of music. Good upper demo female record. We'll put in on immediately."

WHJY, PROVIDENCE, RI ASST. P.D.-GLENN STEWART: "Count me among the believers. Charlie Sexton and The Cult both work! Charlie played a killer show here in Providence and sales continue to be strong, so 'Impressed' is a natural...I've been hesitant with The Cult, but consecutive weeks with top 5 sales makes 'She Sells Sanctuary' a must. Count me in, better late than never."

WQFM, MILWAUKEE, WI M.D.-DANA BROWN: "Of all the music I've listened to this week, a couple of songs really stand out. Suzanne Vega's 'Left Of Center' deserves your attention. The minute you drop the needle on it you'll want to listen all the way through. Let your listeners do the same...The new one from Greg Kihn 'Love And Rock And Roll' is hook laden and intriguing, due to that consistent bass line that runs all the way through the song...Last, but not least, don't forget the rocker from Gary Moore 'Out In The Field'. Contrary to the way it might sound initially, it does blend nicely with old and new music. And it will keep you razor sharp."

WHCN, HARTFORD, CT ASST. P.D.-BOB BITTENS: "Take a hefty dose of Graham Nash, combine it with a splash of Kenny Loggins, add a simple yet infectious hook and you've got the magic formula for a hit single. Top of the charts, then forgotten in six weeks. Hello, HCN. Yeah, man, play the new Judas Priest. Hello, HCN. Yeh, dude, play the new Judas Priest. Hello, HCN. Judas Priest, Judas Priest. We got the message...Let's see, Katrina, Fiona, Bonnie, Benatar - get out the dart board. And the winner is --...Great morning song: 'Why Get Up' by the Fabulous Thunderbirds...Song that won't burn out: 'I Still Want You' by The Del Fuegos...Best advance cassette of 1986 so far: Joe Jackson 'Big World'. Thanks, Al."

WCCC, HARTFORD, CT M.D.-BRIAN ILLES: "With the continued long term success of INXS in the Hartford market it was only natural to pull the 'Do ~~Wot~~ You Do' from the 'Pretty In Pink' soundtrack. It's 'What You Need' Part 2, but in the best possible sense...It was about a year ago this week that WCCC was one of the first stations to play Katrina And The Waves 'Walking On Sunshine'. We're proud to be leading the way again with 'Is That It?...A special thank you to Debbie Sweeney of Warner Bros. for all the recent reservice. Your help was very much appreciated."

KGON, PORTLAND, OR M.D.-INESSA YORK: "Old favorites from old favorites - Seger and 'Fortunate Son'. He's always done 'live' justice and I actually prefer (dare I say it) this one to 'American Storm'...Sidestepping the sophomore jinx, Julian Lennon is guaranteed success with his new one despite the auto-adds the name may attract. Judging from the sound of 'Stick Around' I should think many new fans will be entering his fold with this stronger, more definitive music...That new one from Katrina And The Waves is fun. Nice to see former Soft-Boy-Turner-Wave, Kimberly Rew, be so clever for penning that tune. This stuff reminds me of the kind of thing Cold Blood used to do...It might take a couple of spins for some folks for that new Bowie to kick in, perhaps because of that odd modulation, but I find it very lovely indeed and, when the horn kicks in, it's bliss consciousness...Requests: There's life beyond Van Halen and it includes Robert Palmer and a very massive interest with INXS."

WNEW-FM, NEW YORK CITY, NY M.D.-MARK CHERNOFF: "What a party - St. Patrick's Day live in New York City from a REAL brewery. And quite an array of live music. We started with a local New York City group, The Mosquitos, followed by Joe Lynn Turner and his band. Both were marvelous and kept the crowd on their feet (before the bar opened). Then Greg Kihn flew in from California and played three acoustic tunes, 'Sheila', 'Breakup Song', and 'Sweet Jane'. Other live guests included Lou Reed (and we debuted his new record), Jim Kerr, Ozzy Osbourne and Glen Burtnick...It's funky rock and roll and it's good!...Don't miss the new single from Katrina And The Waves, 'Is That It?...Also a great pop tune from Graham Nash with 'Innocent Eyes'...P.S.: If Glen Burtnick is coming to your town, see him. Lots of energy, and a great show."

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY: "A very busy week starting with Pat Benatar at the Spectrum. Everything would have been great had the day not started off with the Little People Of America breathing down our knees (or our necks, whatever the case may be) for alleged dwarf chucking...Pat was right on target - in fine voice and a heck of a nice woman. Thanks to Kevin Sutter, Daniel Glass and Neil Lasher for taking care of business. Everything was much appreciated. Later in the week it was great to run into Kenny Puvogel, John (what a cool watch) Brodey and Peter Napoliello in New York...We are all mesmerized by the new Bowie track and the new Julian Lennon gets better with every listen...Locally we have a couple more Philadelphia bands ready to happen in a big way. First off, The Sharks from Allentown, PA. They won the MTV Basement Tapes last year and they sell a lot of records in this area...And coming in a couple of weeks: John Eddie. John has been an 'MMR favorite for years, a captivating performer with great songs and a great voice. He's spent a lot of time playing Philly and the Jersey Shore, occasionally accompanied by Paul Heine's friend, and mine, Bruce Springsteen."

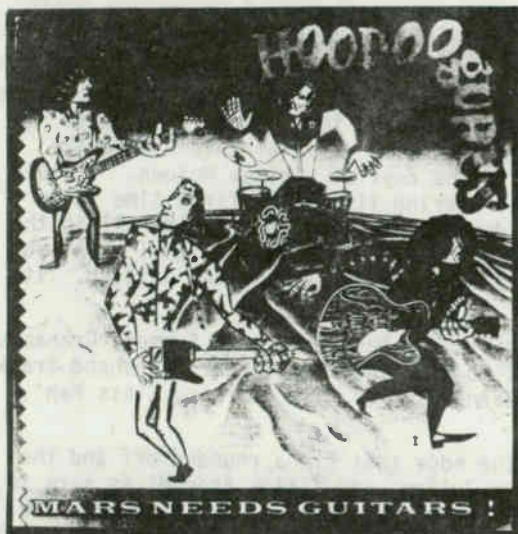

WBCN, BOSTON, MA M.D.-BOB KRANES: "Thirteen thousand plus at the Worcester Centrum on Thursday, March 12th, at WBCN's birthday bash. It was one of the most exciting days in New England rock and roll history. As you have probably read by now, we gave away all the tickets for free and invited 13,000 WBCN listeners to help us celebrate our birthday. Aerosmith provided the rock and roll in the true Aerosmith fashion, as this band continues to rip up the roads on their current tour. Their sets get better and better. Before all the concrete and tar is ripped up and the paths to their shows are impassible, do yourself a favor and see them live...Thanks to Stephen Tyler, Joe Perry, Brad Whitford, Tom Hamilton and Joey Kramer. You guys are the best...Thanks also to Collins and Barasso and their staff for a job well done. Also thanks to the staff and management of the 'BCNtrum', everyone from the left coast at Warner Bros. and Geffen Records, everyone from the right coast as well and to all of you who made this event happen in a big way. You know who you are...On to some music: David Bowie's 'Absolute Beginners' is a gem. It shines brightly as only a Bowie song can...If you're sick of the same old music, take the 'Medicine Show'. B.A.D. is the cure...We sometimes overlook important, timely songs. Now, before you say to yourself 'gimme a break', check out 'Black Wall' on the Dennis DeYoung record. Not only does this song play tribute to an important time in American history, but it will also strongly convey a message that was missed because to some of our younger listeners the Vietnam War is just a history lesson in another boring social studies class...Last, but certainly not least, Fiona. 'Living In A Boy's World' will be the song that will make Fiona an even bigger household name. Her album is packed with some great music. Don't delay...Get well wished to Danny Patrick Ewing Buch...P.S.: Personal to Fran Alberti: My wheels will always be spinning in your direction...Adds: Fiona 'Living', Dennis DeYoung 'Black', David Bowie 'Absolute', Glen Burtnick 'Little', UFO 'Time', Export 'Running'."

KKCY, SAN FRANCISCO, CA P.D.-TOM YATES/KATE HAYES: "By Cooder's version of Robert Johnson's 'Crossroads' is finally sinking in...Lots of calls now for both the original and the Cream version. Amazing to me how many people don't know who Johnson was or his contribution to rock and roll. Rhetorical question of the week: Why did the legend of Robert Johnson have to go to the big screen with a white kid playing the lead?...Simply Red has been a favorite since last fall on the KKCY (City) with 'Holding Back The Years'. Now Whithers' 'Grandma's Hands' by this talented young band has them running for the phones. Other strong calls: Talk Talk 'I Don't Believe You', John Taylor's 'Jazz' and Eddie Jobson...No surprises in sales: Jackson Browne, Robert Palmer, and 'Pretty In Pink'."

WMMR, PHILADELPHIA, PA P.D.-TED UTZ: "Picture this: The Morning Zoo Review. A week long series of broadcasts with John DeBella, Mark The Shark, Howard Eskin, and Clay Heerey, broadcasting live from The Heartthrob Cafe, a local 1950's bar/soda fountain in Center City Philadelphia with the flaming 'they can play anything' Caucasians--Philly's best party band--providing musical support for the entire week. Over 500 people jammed up to the stage each morning and lined around the building--free breakfast everyday--an endless list of local and regional personalities including the Philadelphia Flyers, Ron Jaworski, local TV and talk show and news anchor people, Southside Johnny, Tommy Conwell, a number of local comedians, the Philly Fanatic, and, of course, Action Jackson Quigley. That's just some of what took place live on WMMR last week! Philadelphia came alive for the Morning Zoo Review. Special 'thanks' to Denny Somach Productions for coordinating the entire week--just the latest in the 18 year history of WMMR!"

WDVE, PITTSBURGH, PA P.D.-GREG GILLISPIE: "With the upcoming release of their new album 'Dirty Work', the Rolling Stones have truly entered the 80's. Yeah, I know they've had two albums that have come out in the 80's; but when you hear this, it's probably the most radical Stones album since 'Sticky Fingers' and when I say radical, I don't mean it's totally different. It does have that trademark 'Stones' sound, but it's not an album full of recycled Chuck Berry riffs. 'Winning Ugly' and 'Back To Zero' both have a great groove, and some of the slickest guitar work I've heard from Keith and Ron in a long time. 'One Hit (To The Body)' sounds like the best thing that wasn't on Mick's solo album. 'Fight' reminds me of 'Jumpin Jack Flash', and the most interesting thing is that Keith sings one song called 'Too Rude', and Ron and Keith take lead vocal honors on 'Sleep Tonight'. All in all, this will be one of their biggest albums in recent memory... I heard the Joe Jackson last week and now that he's done big bands, beatnik music and almost jazz-like music, he's back to the sound of his first album. Best choices here are 'Right And Wrong' and 'Soul Kiss'... The biggest surprise of the week was the Graham Nash record. I guess I expected the worst in the form of a syrupy ballad that wouldn't make much sense; but instead, we get a wonderful pop rock song that works very well... Hot on the phones again this week: Van Halen, both sides of the single; Ted's 'Miss Dangerous'; Robert Palmer 'Addicted'; Stones, B-side; Outfield; Clannad, still Top 10; Firm 'Live In Peace'; and a couple of new entries: Mr. Mister 'Is It Love' and Pete Townshend 'Secondhand love', which just jumps out of the radio."

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "Music, sweet music...Without a doubt, the Models are serious contenders when it comes to getting my vote for the best-new-band of 1986. As I listened to the Lp, I got the same feeling I experienced when I listened to the debut Cars album for the first time. The 12" is great and so is 'Stormy Tonight', 'Sooner In Heaven' and 'Cold Fever'...Early indications show that 'Rough Boy' from ZZ Top is gonna bust this sucker wide open. Time will tell...Little Richard sounds great on my turntable and sounds even more exciting on the radio. 100% rock and roll...I like that K&W soul review. Katrina and The Waves have come up with another smash...Finally, don't let the Wax 12" fool you. Check out the Lp bracket, especially if you're a 10cc fan. Vocally, Andrew and Graham work very well together (they must have taken some serious funk drugs before recording the Lp). 'Hear No Evil', 'Systematic' and 'Ball And Chain' stand out here."

CFNY, TORONTO, CANADA ASST. P.D./M.D.-DON BERNIS: "Our special thanks to Mark Gano from the Violent Femmes and Mark King from Level 42 for dropping by this week for live mike interviews. Gano was genuine and genuinely surprised that the Femmes Lp is so strong here. It remains our top played Lp and top 5 in requests and sales in Toronto and is indicative that a band with a new and innovative approach to music can garner a huge audience. Gano was relaxed, informative and a great guest. Since I've used that word to describe him, I guess I have to use the word superlative to describe Mark King's hour on the air here. If you love Level 42's music (as all of Toronto does), you'll love King in an interview situation. He's bright, funny informative and is incredible with listeners. Any time he wants to come back and do a show here, we'll be more than happy to have him. In the meantime 'The World Machine' Lp remains top 10 in sales and the initial buzz on their April concert here is going to translate into an immediate sell-out when tickets go on sale here this week. It's great to see that after a half dozen Lp's and enormous success at CFNY that Level 42 is becoming more widely accepted. Theirs is music with integrity--it sounds great on the air and translates into mammoth sales and requests...Now, onto the new records this week and a subtle comment about the Art Of Noise with Duane Eddy doing 'Peter Gunn': Wow...amazing...fucking great...geez Louise...holy shit!...Not only is this an automatic add, but it's also an automatic top reaction record. You won't believe how fantastic this song sounds until you hear it. Everything old is new again and that brings me to the Todd Rundgren 'Acapella' Lp. How we ever missed this one last year, I don't know; but we're on it now. Todd is amazing anyway. This masterpiece outdoes almost anything else he's recorded."

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "David Bowie and Graham Nash are our two big additions this week. Biggest surprise of the week is the Graham Nash. Welcome to the 80's Graham...We also picked up on two import albums including Bruce Cockburn 'World Of Wonders' and Justin Hayward 'Moving Mountains'...My fave record of the week is the Del Lords 'Soldier's Home'...Boys Don't Cry is heating up the phones with 'Want To Be A Cowboy'...Level 42, Robert Palmer, Pet Shop Boys and INXS round out our top 5 requests...Hours for phone calls this week are 10 A.M. to 1 P.M. Wednesday and Thursday."

KSJO, SAN JOSE, CA M.D.-KEN ANTHONY: Three cheers for the new David Bowie. 'Absolute Beginners' has that classic subtle Bowie style that ranks right up there with 'Heroes' and 'China Girl'. Give this one a few spins and you'll see what I mean...The Alan Parsons 'In The Real World' sounds very strong on the radio. Now, my only question is, will they ever tour?...And the Simple Minds is another automatic...Finally, Detroit rock meets 'Miami Vice'. Ted Nugent has a phone monster with 'Little Miss Dangerous'."

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "Hot-tech-news: This Fall, at least 18 Japanese manufacturers will introduce D.A.T. (digital audio tape) recorders. It is one system using a helical head (like video) with cassette size, slightly smaller than our present audio cassettes, but up to 4-hour recording time. Player size can be made the size of current Walkmans. With precise digital indexing/cueing capability, it won't be long for the system to move into professional applications. Will we at last replace the broadcast cart--the weakest link in our audio chain? And, if this system is successfully launched, look for prices to drop rapidly--like the compact disc players, from \$800 to under \$300. As a concession to the music industry, the digital sampling rate is different from the compact disc, so a digital to digital copy is not possible--A CD could be recorded but it would not be a mirror image of the original, thus counterfeiting is prevented. Is the public ready for digital? Yes! Is everyone ready for yet another audio system? NO! Not everyone, but many will try it; and if it works well, sounds good, is easy to use, and the costs come down, I think the sales will cut into the conventional cassette business. I don't think it will diminish CD sales at all. If anything, it will only enhance that format, since this is a digital companion--and, NO, the recordable CD is not around the corner! Unfortunately, that technology is still years away...Warning: For those stations aggressively building a CD Library, many listeners are frustrated and annoyed that they cannot easily find and buy all the CD's they hear on the radio. As we all know, retail stock on a particular title is short lived. So, let the listeners know that the station is having just as hard a time finding the discs, rather than the 'look what we have, and you don't' approach!...Since my theme this week has been digital, I'll conclude with a fantastic all-digital release coming this week from Joe Jackson. Listening to the advance cassette has been one huge treat. Well worth all the effort! This set of music, tailored to the length of a CD (a little over 1 hour), gets back to the roots of live rock. Wait till you hear it--you'll know why I'm raving about it! My only suggestion is--rather than releasing a two Lp set with three sides, why not put a song from each of Joe's previous albums on that fourth side as a sampler for new listeners?..."

FROM P.D.-MIKE BOYLE: "A big 'thank you' to Sue and Al at A&M for their help with our Glen Burtnick this past Thursday night! Everything went great and Glen Burtnick put on a fantastic show! Glen's on the road now, so don't miss him when he comes to your town!. Also, thanks to ESP Management for their help and to 'Legitimate Lenny' (Heavy Lenny) for stopping by the show on his East Coast visit!...It was our #5 seller last week and this week the 'Pretty In Pink' Soundtrack is #1! What more do you need to show that there is quality music on this album?...As I've said before, The Wax album is great! Check out 'Systematic' as a second track!"

WAQY, SPRINGFIELD, MA ASST. M.D.-SHAUGHN HAYES: "We're really excited about the change in the format! The listeners like the heavier rock and roll! We've got Rush coming into the Springfield Center for their only New England appearance, April 3rd, as is Kiss and King Kobra on April 6th. Looking for a sell-out like Monday's The Firm show. It's going to be a great concert season!"

KRNA, IOWA CITY, IA M.D.-STEVE KOSBAU: "KRNA's 'Consumer's Guide To New Music' show helped us determine how hot the new Judas Priest track is. 12 of every 13 callers responded favorably to 'Locked In'...David Bowie's 'Absolute Beginner' sounds superb. The man is phenomenal!...I'm now an official Katrina And The Waves fan. 'Is That It?' is almost like taking a time machine back to the days of vintage Motown. I could barely restrain myself from putting it into rotation until I finished hearing it for the first time in my office...Jim Kerr has to be the most outstanding vocalist to make a debut appearance in rock 'n roll in the past five years. Simple Minds 'All The Things She Said' is yet more proof of this. What a tune! What an album! What a band!...ZZ Top's 'Rough Boy' shows a dimension of that band I'd never imagined existed. It is easily the classiest mass-appeal tune they've ever recorded!"

WKFM, FULTON/SYRACUSE, NY P.D.-STEVE BECKER: "When I saw Crosby, Stills and Nash this past Summer, Graham's 'Innocent Eyes' knocked me out then--and still does on vinyl...We'll go with the latest Pete Townshend track, 'Secondhand Love' plus, as a follow up to 'No Second Prize', Jimmy Barnes scores with 'Working Class Man'. I'm 'Gung Ho' on it--love the movie too!"

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "Julian Lennon has added the edge that Fiona rounded off and the results benefit both. Even the women were ready for more muscle from Julian, and 'Stick Around' is sure to for at least a couple of calendar pages. We hope there's lots more like it when the Lp comes around...Fee, Fi, Fiona. We smell a h-i-t with 'Boy's World'. Even though it might sound a little too build-to-spec, you can't argue with the author's track record...One spin of the Judas Priest was all it took to confirm the in-house raves for it, when I got back from vacation. One spin on-the-air has done the same for the request line...The jury is back on the Big 3 of a couple of weeks ago. It looks unanimous for Van Halen--they all should be this easy. One listener's comment was, 'David Lee who?!' "

KMOD, TULSA, OK M.D.-JIM JONES: " 'Thank you', Jerry Barrett, for all your help in getting us to see ZZ Top! We loved the show immensely...And 'thanks' for a great evening out to Jon Kirksey; Charlie Stroebel; and Bill Collins. We had a great time and loved the lobster!...Hey, we're on the 60, going for a TD!"

WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-RICK STRAUSS: "This is a very exciting week for us with releases from Fiona and Sharks, two of our hometown favorites! Remember what happened last year with the Hooters? This year it's the Sharks' turn! I compare the two because of all the bands I've seen rise to regional popularity around here, very few displayed such an ability to continually win over new fans, and to inspire such fierce devotion and loyalty among them. The Sharks are perfect for radio in 1986: A hip modern sound--danceable--but make no doubt about it, this is rock 'n roll. The songs are hooky and very melodic and the vocals and harmony are among the best you're going to hear from anybody this year. All of this will be obvious if you listen to the record, but in addition to their musical talent add experience, attitude, and a great stage look. If you've ever bothered to read my comments in the past, you know how much I have always believed in this band, and with good reason. Their last independent release debuted in the Top Ten retail here. Any venue they play is guaranteed to be packed (two years ago they drew over 5,000 people to our birthday party before we had to close the doors). They get consistently high requests and every promotion we've ever done with them has met with overwhelming listener response. We all know about all the new product out within the last few weeks, but please don't let this record get lost in the shuffle! Do yourself a favor and introduce yourself to the Sharks...On the other hand, AOR needs no introduction to Fiona. Last year, enough of us had faith in 'Talk To Me' to make it one of the most successful debut records of 1985. Now, 'Living In A Boy's World' proves that belief was well founded. She didn't let us down the second time around and it doesn't take too much imagination to hear this one crossing over. Don't discount her increasing visibility in other media. Remember 'Miami Vice'? Later this Spring, Fiona will have a starring role on a silver screen in your town. We all know it couldn't happen to a nicer person! Z95 loves Fiona and we love this record...Finally, thanks to those Chrysalis guys, Neil and Kevin, for a good time at the Pat Benatar concert last week."

WTPA, HARRISBURG, PA M.D.-CHRIS JAMES: "Thanks bunches to Joe Reagoso from MCA. Your help with the Charlie Sexton promotion was greatly appreciated--To say the least, we were impressed...The new Sharks Ep is out and is already our number one phones. Please take a look at it...Finally, to Neil Lasher from Chrysalis: 'Thanks' once again (you got your mention)...Aloha from Central Pa's home of rock 'n roll!"

CINDY BAILEN, KZEW: "Interestingly enough, our sister station, KRQX is a classic rock station and I think they potentially would have been a threat, if not for the fact that they are on AM. I think one of the things we've been able to do is to incorporate a lot more classic rock into the ZEW in the past several months, and we try to avoid playing the stereotyped 1967 hits. Don't think the classic rock stations are AOR, but if you sit and listen to one, it's like stepping into a time machine of where AOR was a few years back... If a station doesn't play or add much new music, there's very little point in reporting to the trades."

WIOT, TOLEDO, OH M.D.-RICK VAN GIL: "The last time Graham Nash was in town he did everything for us but plow the fields, and now the nicest guy in rock 'n roll comes out with a super solo effort that will help make upper demo numbers look like William Perry's waist size!...Van Halen still heads the list for top phones. If we have to wait much longer on the album, I'm going to have to put diapers on the whole air staff!"

WTUE, DAYTON, OH M.D.-JOHN BEAULIEU: "Just back from Tampa watching and listening to WYNF, WDIZ, and the Cincinnati Reds! I'd venture to say all three will kick some impressive butt!...Thanks to Flash for the great seats at The Firm's opening show. Good show but Jimmy needs to cut down on the chain smoking...In the Midwest, it's time for another Fabulous Thunderbirds track and we choose 'Two Time My Lovin'...Just saw the new Michael Keaton movie 'Gung Ho' and 'Tuff Enuff' sure sounds good on the big screen...Phil Collins comes out of recurrent and back into heavy to add fuel to his own burning fire...Graham Nash is a natural for us...And, whatever happened to Andrew Gould? He's back with a new waxed shine...If Joe Cocker is working well for you, check out 'You Can Leave Your Hat On' from the '9½' soundtrack...We like the remix of Jimmy Barnes so we'll look at that for next week, as well as that new Katrina And The Waves."

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN SMALL: "Leave it to David Bowie! He's always up to something different! 'Absolute Beginners' sounds like something from around the 'Heroes' era. I love the saxophone work and the whole sound is satisfying...Another pleasure this week was the new Fiona record. She sounds a bit like Kim Carnes on 'Living In A Boy's World'. It's a good tune and her performance is excellent!"

WPLR, NEW HAVEN, CT M.D.-AMANDA TEPPER: "I automatically like almost anything Bowie touches but 'Absolute Beginners' is a winner. I l-o-v-e it!...The Hooters are not from New Haven, and they haven't been in current on any station from here for a while, but the album is still Top 15 sales here. Pretty impressive! The main reason we added 'Children' this week is because it's a great song. Patty Smyth sounds wonderful on it and it's got a hook most bands merely dream about...Speaking of hooks, Fiona has a much better one this time out so we'll give her a shot out-of-the-box...Judas Priest was our number four requests last week and that came after we only played the song once. Now that it's in medium, it could be another Ozzy, and thanks to Caplan for having Mr. Osbourne call me up. Of course we got tremendous response to the interview!... 'Thanks' to Randy Hock, and all the folks at MCA for a great evening with Charlie Sexton...Tonight it's Glen Burtnick--I hope he's as charming on stage as he is in person. If he's coming to your town, make sure you nab him for an interview!"

WRCN, LONG ISLAND, NY M.D.-WAYNE SUMMERS: "Graham Nash is a real class act and 'Innocent Eyes' is the best! I expect this song to be a cross-over s-m-a-s-h!...Absolute vintage David Bowie 'Beginners' will attract a broad demo spectrum...Van Hagar continues to eclipse all others--it's the most requested and tops in sales... I'm impressed with the way the 'Pretty In Pink' Soundtrack is moving out of the stores on Long Island. We're going with the Psychedelic Furs track this week...Also new to our rock-off category is Big Audio Dynamite 'Medicine Show'."

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "One of my favorite ladies on the airwaves--on the tube--and soon to be on the silver screen--is Fiona! Apart from the fact that she's such a downright funky fun female, she's a real nice person--and, what a voice! WPDH had good success with 'Talk To Me' so we're going on 'Living In A Boy's World' out-of-the-box. I like her approach on this song, showing off more of that great vocal quality and I love the lyrics. 'Beyond The Pale' should be a big seller with this track kicking off the excitement...Speaking of good sound quality, have you listened to Level 42? Here's one heck of a nice Lp full of very stylish upbeat new music. 'Something About You' is one of those tunes you spin once and know it's gonna click, so why resist?...We passed on Dennis DeYoung's 'Call Me' in favor of 'Black Wall', and the phones are already telling the message. Our audience wants to remember and pay tribute and this is another good anthem to help them do so...If you passed on 'Stereotomy' and then did nothing else with the Alan Parsons Project, I have to tell you that the track from this Lp that could break it wide open (if we all give it a chance) is definitely 'In The Real World'. It's a clean, straight ahead, ambitious rocker ... Opus continues to do well here, steadily moving up on our Top 12 at 12. Believe it or not, with predominantly male phones, it's at #2 this week and is selling well also...I'm off to bask in the sun, become a Bahama Mama and find Nirvana!"

KFMQ, LINCOLN, NE ASST. P.D./M.D.-BOB ALLEN: "It's birthday time in Lincoln! Q-102 is celebrating a proud tradition of leading the Capital Cities' Rock 'n Roll Brigade for 15 years now. We're busy planning a host of nifty activities and promotions to make this a special year for our listeners. We would sure appreciate any help we can get in the horn tooting department! We need recording artists, former Q-102 alumni, promoters, etc.--just send us a tape--wish us a Happy Birthday 'celebrating 15 years as Lincoln's rock 'n roll leader--Q-102'. Yes, it's that easy to get on the radio in Nebraska...The combination of Peter and Ina Wolf, which has worked miracles with the Starship, sounds destined to do the same for Fiona. Her recent appearance on 'Miami Vice' seems to be helping Fiona go over the top and 'Boys World' can't help but fuel her progress. I like this tune quite a bit better than 'Talk To Me'--and where goes Fiona, there's Julian Lennon. If the rest of the Lp is as strong as 'Stick Around', I think we can rule out 'Sophomore Jinx'... This week's award for 'hits ya right in the chops' goes to Graham Nash--hands down. On first listen, 'Innocent Eyes' floored me. With credentials like The Hollies and CSN, I thought Graham deserved more stature as solo force, and this song simply has h-i-t stamped all over it!"

WBLM, LEWISTON/PORTLAND, ME M.D.-ROBIN MATHIEU: "I've never been much of a Jackson Browne fan, but the song 'Lives In The Balance' has really turned me on to his music for the first time in a long time. The album presents the mixed emotions many of us feel about the position and role of America. 'Lives In The Balance' seems to be the epitome of Browne's statement, even if he didn't intend to make one...Finally, two of my original picks from standout albums are released: I second Lars Murray's sentiments that any Simple Minds song is fine, but 'All The Things She Said' always struck me as one of the strongest cuts and The Hooters will have another s-m-a-s-h with 'Where Did The Children Go'. Congratulations to Columbia and The Hooters as 'Nervous Night' goes platinum!"

WLNZ, LANSING, MI P.D.-LINDA LANCI: "Van Halen's 'Why Can't This Be Love' is generating hot phones...Also good phones for Palmer, Stones, Seger, Nugent, and the Priest...Favorite new adds this week include: David Bowie 'Absolute Beginners', once again showing the multi directions that Bowie's capable of...The laser has been behind the Starship 'Tomorrow' and INXS 'Thieves' since day one. Glad to see these two finally released as singles...And finally looking forward to the Burtnick show in the Motor City this Friday night."

WBRU, PROVIDENCE, RI M.D.-LARS MURRAY: "Hooters 'Where Do The Children Go' is a pleasant change of pace with great mandolins and those trademark Hooters harmonies. A triumph of melody over energy. Good going... Bowie changes gears again shifting from upbeat back to mid-tempo and yet has not regressed. This is the kind of song that seeps in slowly and suddenly you find yourself humming it. Just further evidence that the man does not stagnate...Katrina And The Waves certainly answer the 'are they AOR' question with another one, 'Is That It'. How they managed to cram 30 years of rock and roll into one song is beyond me, but more power to them. It's gutsy and it's got the stuff...INXS seems to have the sound these days. Watch the clones come out of the woodwork. The title cut to 'Listen Like Thieves' goes in this week no questions asked. I only hope that its success doesn't keep their 'Pretty In Pink' cut off the air...Of course the big story this week is the P-Furs title cut to 'Pretty In Pink'. If you've seen the movie, it should be obvious why this song was our #1 request this week. Big, big, big...The Models 'Out Of Mind Out Of Sight' has taken my turntable by storm and should make it here in the next few weeks...But, this is it for me. The big adios, the stroll into the sunset. I'm history, out of here, the big 10-4, over and out. I've had a great year as MD, but my term is up (I'm not fired and I didn't quit) and Alison Stewart takes over next week. To the Boston promo community: thanks for your patience...And to all my indie pals: best of luck."

KFMG, ALBUQUERQUE, NM M.D.-MICHAEL DAVIS: "A buck and a half isn't much to pay, but when will record companies issue stock singles to radio? It seems rather strange for a music director to be out buying 45's to play on his station! In the case of Van Halen or the Rolling Stones where it's available to the public, and the album isn't due for a while, it should be serviced to radio. One of those strange oddities... Albuquerque rocked and rolled with the Del Fuegos in concert recently--Don't miss them--hot stuff!...Ozzy Osbourne; Judas Priest; Van Halen and Robert Palmer continue to burn the phones here!"

WKDF, NASHVILLE, TN M.D.-DAVID HALL: "Katrina And The Waves ask 'Is That It?'--and I say YES! What a great song to build on that base they got last year with their great debut album and tour. No sophomore jinx here. I predict a smasharoo...My other favorite new record is from Graham Nash--what a surprise! I've always liked him, but he's had trouble in recent years coming up with memorable material on his solo albums. Not so this time. 'Innocent Eyes' takes Graham back to his Hollies roots for a great radio song. The Kenny Loggins harmonies work perfectly... 'Secondhand Love' is THE hit on 'White City'. We've been on that gem from Pete Townshend for nearly two months and it has definitely out-performed 'Give Blood' and 'Face The Face', which weren't bad songs themselves."

KRKE, ALBUQUERQUE, NM M.D.-JESSIE BRICE: "New music hours go into effect this week. You can call between 11:00AM-3:00PM Mountain Time on Mondays and Tuesdays...Adds will be available after 3:00PM on Tuesdays... The Graham Nash was a terrific surprise--a simple straightforward song...Also new is Pete Townshend 'Secondhand Love'."

WLIR, LONG ISLAND, NY M.D.-LARRY "THE DUCK" DUNN: "The Bowie single continues to demand heavy phones. Every time I hear it on the air it sounds as fresh as its first airing. No fluff here--just hit city for the Duke...Last year we interviewed Katrina of Katrina And The Waves. She credited WLIR with their signing to Capitol Records. Three years ago we were playing 'Walking On Sunshine', 'Going Down To Liverpool' and 'Mexico' as Canadian imports. Someone must have been listening. A&R and radio still live: this new single has become the perfect follow-up to 'Sunshine'; all the best to Katrina and the band. We remember the early days--take this one to the bank... 'Duck-Pick-To-Click'. Floy Joy import 'Weak In The Presence Of Beauty'. Thanks to Robby Gray of Modern English and Mike Ward of Floy Joy for phoning in... Screamer Of The Week: Bourgeois Tagg 'Mutual Surrender'."

WRXL, RICHMOND, VA M.D.-PAUL SHUGRUE: "Many thanks to the Lash at Chrysalis for the Benatar show--excellent!...For the lowdown on the latest ch-ch-changes here at XL, check out Dirt Alert!...Tom Evans, THE CAREER MOVE OF THE YEAR--Congratulations! We'll miss you!"

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "I'll be on vacation this week. The weather here is beat. I'll be back in the office Friday, March 28th. Pass the suntan oil and the Walkman please--and don't kick sand in my face!"

KISS, SAN ANTONIO, TX M.D.-TOM SCHEPPKE: "KISS research shows this week's top five selling rock Lps in San Antonio are: 1) Metallica (most requested); 2) Ozzy Osbourne; 3) W.A.S.P.; 4) Metal Church (Top Ten for over a month!); 5) Robert Palmer...Saxon played to about 3,000 rockers at a sold-out KISS concert event March 15 with Armored Saint. Special thanks to both bands, their managers, plus Capitol's James Bishop and Chrysalis' Jeff Hackett for helping make it work...While waiting for Van Hagar and Judas Priest, we've added the new Legs Diamond Lp 'Land Of The Gun'. These L.A. rockers have been around ten years now and San Antonio loves Legs! T-Bone's picks are 'My Own Game' and 'Turn To Stone'...Finally, check out the new band called Hurricane on Green World Records. The song is 'Take Me In Your Arms'...KXZL--rest in peace--R.I.P. KZAP--all Zep all the time?"

WDIZ, ORLANDO, FL P.D.-RAD MESSICK: "Judas Priest is definitely locked into a mold. I think they're the Steely Dan of the metal-heads and don't lose any credibility with the upper end either. Feels real good to me...One of the songs I'm most excited about this week is Peter Frampton's 'All Eyes On You'. I think Peter's got 'Lines On My Face Part II' with this one...Glen Burtnick is getting Top 5 calls, if you're not playing it, reconsider. It sounds great on the radio...I think the Graham Nash is very contemporary. Could be a very big CHR record and can't do us any harm from the image standpoint...The most wonderful record of the Big Three for the last three weeks has to be Van Halen. I found eight songs we can play, no problem, and initial response is nothing short of phenomenal...Increased play items include Honeymoon Suite, Brian Setzer (starting to see Top 5 calls), Ozzy Osbourne (also Top 5 calls and Top 10 sales), and The Firm's 'Live In Peace' (consistently #1 calls since their show here Monday night)...A belated thank you to Ron Diaz, Carey Curelop and the YNF staff for their hospitality during the Jimmy Page/Rockline. Also great to see Flash, Cindy Tollin and Steve Jones."

KWHL, ANCHORAGE, AK M.D.-KEVIN VARGAS: "Deservedly so, the Hooters have gone platinum. 'Nervous Night' will go down as one of the 80's best debuts. 'Where Do The Children Go' could be a three-format hit for the band. This group will be closely watched at next release time, but I'll bet they do the success thing all over again. After all, their album was a debut, but not an introduction to successful songwriting...Marillion's 'Lady Nina' is a fabulous job of story telling. This would make a great movie title track. The story revolves around how Nina affects the lives of those she makes her mark with. This is a song of passion, compassion, and it's an interesting twist hearing lustful sex so honestly recognized with the inner conflict it can create. Let the Genesis comparisons end. Here are the new progressive storytellers of AOR...Lastly from the retail side, Honeymoon Suite's 'The Big Prize' has exploded in top 10 sales action. It moved #10 - #2 - #2 over the past three weeks, moving close to 39 copies in 5 days in our #1 indicator alone. Also Robert Palmer is still moving as quickly as it's restocked."

WMGM, ATLANTIC CITY, NJ M.D.-AL BRANCA: "Thank you to Neil Lasher and Chrysalis! The Benatar show was great and our contest winners were thrilled having their picture taken with Pat!...Two favorite adds this week: Graham Nash and David Bowie. Does the Bowie melody remind you of something else? How about 'Memories' from Cats?...Also on this week: Simple Minds; Starship; Greg Kihn; Katrina And The Waves; Fiona; Jackson Browne 'Lives In The Balance'; Pat Benatar 'Big Life'; and Bourgeois Tagg...Van Halen is still number one on the phones, followed by Robert Palmer; Rolling Stones; Ted Nugent and Ozzy Osbourne."

BAT, ODESSA/MIDLAND, TX P.D.-MARK LAPIDUS: "Two of our listeners, who got engaged on-the-air last December, tied the knot this last weekend live on the BAT! Over 50 people piled into the station and the local club threw a big reception! Just when you think you've seen it all, a really touching event comes along and shakes your sensibilities...I'd like to send out 'special thanks' to everybody and Richard Pachter, who have been very supportive since we've signed on. Here's hoping that this Independent situation settles soon!"

WQMK, ALBANY, NY M.D.-PEGGY APPLE: "Spring is here and good radio tunes are everywhere. The Everly Brothers jump into top 5 requests with 'Amanda Ruth'... Honeymoon Suite moves into hot with 'Feel It Again'...And The Call remains a staff favorite...Our listeners are responding to Pet Shop Boys, The Fabulous Thunderbirds, Joe Cocker, Brian Setzer, and the new Stones...I find myself constantly turning up the new Van Halen...Golden Apple Of The Week: Level 42 'Something About You'."

KNAC, LONG BEACH, CA M.D.-KEVIN STEPHENS: "ADDS: The Firm 'Fortune', Pete Townshend 'Secondhand', Saxon 'Back', Lizzy Borden 'American Heart Wolf'...CONSIDERING: Van Halen, Judas Priest, Autograph, Rolling Stones...MOST REQUESTED: Metallica, Judas Priest, Saxon, Malmsteen...INCREASED PLAY: Metallica, Saxon, Ozzy Osbourne, Honeymoon Suite, The Firm, Van Halen, Motley Crue, UFO...INCREASED SALES: Metallica, Van Halen, Ozzy Osbourne, Motley Crue, Black Sabbath, Saxon, Kiss, Marillion, Ted Nugent, Hurricane."

Shocked because it is not just radio nor is it just records. I was further shocked to read the retraction last week. Mr. Case states clearly their timing was off. We recognized the radio and record relationship was in turmoil. I don't know how many record companies Mr. Case deals with, as if he's standing in the shoes of a music director or program director, but I believe that most of the turmoil is in his mind. If radio stations feel pressure and feel that it is undo, perhaps it's because the station's personnel have not learned to deal with the record companies in a mature business manner. They deserve the courtesy of being talked to, of having their phone calls returned. And if a song cannot be played, are we open and honest enough to state that and stand by our decision, not just to state through our secretaries but for ourselves to take a stand. I've felt for a long time since the acquisition of R&R by Hart-Hagues that the industry's weekly newspaper sometimes tends to be the industry's weekly engineer. Let's open up and get this rhetoric concerning the turmoil between our two industries toned down a bit. As one who used to report to Radio & Records, I say let's put some more pages in there, give a chance for more radio stations to report, give more space to P-2's and P-3's who can start a record and give it a chance to grow. Quit concentrating on the utterings of a few consultants who have found favor with this publication and return to the basic premise under which R&R was founded 11 years ago. It was stated then this magazine hoped to be a two-way open forum of communication between two dependent industries. One more thing the record companies who reacted to a single news report should remember: one is innocent until proven guilty and not innocent until put on film."

I mean, 'Is That It'. The title should have been 'What More Do You Want'. It's a mighty piece of vinyl that deserves mighty rotation. Especially where those 'Big Chill' demos are important. And, sure you'll probably hear people say that it's too poppy, but all the songs on the 'Big Chill' record were pretty poppy. If that's who you're aiming for, then this couldn't be a bad move."

I was out listening to the new Husker Du and Black Flag records. Both make me wish my stereo volume went to 11 (shades of Spinal Tap)...Bryan Ferry is without a doubt one of the most sophisticated solo stars of the 80's. His new single proves that Public Image Limited goes into a heavy rotation this week along with Julian Lennon who, by the way, can do no wrong...Pick of the week: Ish on Warner Brothers 'Dance, Dance, Dance'!...Until next week, stay up."

Record Action

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "Ladies And Gentlemen, start your guitars! Put those synthesizers away for a minute, this is THE REAL DEAL! Hey, just when you thought you were listening to real rock and roll out storms--who else?! THE ROLLING STONES! Now, this record separates the men from the boys. Music that's so powerful, it captures your body before your mind has a chance to react! If there's a better rhythm section out there, I don't know it. And dig these lyrics! Have fun, we are! It's gonna be a hot summer... Like phone burners?! JUDAS PRIEST after just one week, top 5 requested in the country!!! Put away all preconceived notions about Priest: look hard, the studs are gone. Listen hard, this band is making a giant step. Forget day-part, this is a top 10 smash. Ask around. You'll find out just how big this thing really is... Also, while you're nosing through the tip sheets, etc., look at what's happening for B.A.D.!!! This is for real and people are hopping aboard this one. This is one of the most creative, commercial sounding records in years. It's Clint Eastwood all the way! Who's not gonna like this?! It's all about cowboys and sixguns--The Wild West. It's like a movie on vinyl. We're talkin' hip, rock and kind of Floydish in the traditional sense. Go for it. We've been selling it steady for the past three months."

MICHAEL PLEN, I.R.S. (212-605-8606): "Aloha, radioland. As we quickly approach April 14th, it's time that I.R.S. gave you an early rebate. No, not money, but some rebate grief. Since you gave us grief all year round, it's only natural that the I.R.S. give some back to you around tax time. Some good grief first. Thanks to all of you who played The Alarm 'Spirit Of '76'. You obviously have good ears and good sense to know what a hit AOR record is. Unfortunately, those of you who didn't play it are lost. As it is, I.R.S. struggles enough to convince you that our records can succeed in the mainstream arena along with the regular rock and roll you normally play. Let's face it, if all records can succeed by the trade standards you look for, then it's a solid bet that our records are even stronger than you perceive because most of you are fighting us every step of the way. The unfortunate part of this whole situation is a year from now when bands like R.E.M., The Alarm and General Public are the biggest acts on your format, it'll be great to see the geeks come back on their hands and knees spouting, 'Hey, I played this record. I supported you'. Well, I've got news for you, that's not gonna be good enough. What makes a successful radio programmer is the ability to foresee trends. And when bands start selling in the 300,000 to 600,000 album range then that's something everyone's got to wake up to, not just after it's proven to be a hit. So you'd better start waking up to new music because I've got a memory like an elephant. I keep great tracking sheets and know everyone who's done anything with my records and those of you who have been there are going to be rewarded and those of you who weren't will just have to wait and see. This probably sounds arrogant, but the bottom line is I wouldn't be so angry if our success hadn't been achieved with a struggle. Granted it's tough breaking records but as I said earlier it's not like radio just came in all in one week and said, 'Hey you've got a hit'. Very few people believed that 'Strength' would be a successful AOR track--but it was, as well as being a hit where it was played alot. Even more of you thought 'Spirit of '76' wouldn't be a hit at AOR. It was. So when are you going to wake up and start negating the bands that will be your bread and butter in a very short time. It's gonna be time for the piper to be paid very soon. So start by playing Let's Active. This band is fronted by Mitch Easter, who produced R.E.M.'s first three albums. The song to listen to is called 'In Little Ways'...Also, check out The American Girls 'American Girl'... And our new track from The Alarm is called 'Absolute Reality'. I can't wait to hear the excuses on this one."

RICK WINWARD, ENIGMA (213-640-6869): " 'The Neighborhoods'In yours soon!"

LINDA KIRISHJIAN, COLUMBIA (212-975-1701): "We're ROLLING now and we have TURBO power."

RECORD ACTION CONTINUED

KEN PUVOGEL, WARNER BROS. (212-953-3723): "By now, hopefully, you have all had the time to listen to and digest one (if not all) of the major releases from Warner Brothers Records in '1984' (oops, that's their last Lp) 1986... '5150' from Van Halen. You all know the success story on the single at AOR and CHR radio. The next 12" that we would like to draw your attention to will be 'Best Of Both Worlds' which opens Side-2. Other personal faves include: 'Good Enough'; 'Dreams'; 'Love Walks In'; and Eddie's guitar playing on 'Summer Nights'. Alex Van Halen sounds better than ever. And how he is gonna duplicate his drumming on 'Get Up' live. I just can't wait to see. The tour starts in Shreveport, Louisiana on the 27th of March. The boys are really up for this tour. And when they come to your market, make sure you see them. If you don't it will be your loss!"

RICHARD PACHTER, PROMOTION IN MOTION (305-482-6629): "Nice to see everyone going 'Gung Ho' over Jimmy Barnes. 'Working Class Man' will be a big h-i-t-l... What's the logical move after 'Addicted To Love'? Why 'Hyperactive', of course... I still think Export's 'Runnin' Back For More' is a hot tune... New Culture Club coming soon... In the meantime, check out Robert Tepper's new one: 'Don't Walk Away' and Loverboy's 'Lead A Double Life'... Make sure you listen to Bourgeois Tagg's 'Mutual Surrender'... If you need any of this great music, give me a call. Operators and answering machines are standing by!"

SEAN COAKLEY, ARISTA (212-830-2178): "Before we all get lobotomized by 'All Oldies Radio' (AOR?) or 'The New AC' (Hi-Test, indeed), let's put what's left of your ears next to this stunning new KROKUS 12" of 'Burning Up The Night' and see if we can't find a heartbeat in there somewhere! This song is so obvious and accessible that I bet even your Top 40 competition will 'hear' it! Just don't get beat... One of the most interesting bands to come out of the U.K. in ages, has to be LATIN QUARTER. 'Modern Times' relates to McCarthyism of all kinds, whether it be Reagan's fantasies about millions of Latinos marching up through Central America into Texas or Tipper Gore's paranoia over rock lyrics. The point is, people are aware of these issues and it's refreshing when a pop group intelligently illustrates them in song. When you get the album, listen to 'Truth About John'. Great stuff!... For those stations incorporating jazz or instrumental music into their playlists, please listen to Jonathan Butler's lovely debut on Jive. 'Calm Before The Storm' is my fave... Please listen to 'Heartbeat Like A Drum' from A FLOCK OF SEAGULLS. The album arrives this week... April 10 is the day you'll be able to introduce your listeners to GTR. Steve Howe and Steve Hackett have made the debut-of-the-year. Outrageous? Too much hype? You'll hear what I mean!"

ALAN WOLMARK, RCA (212-930-4309): "After a long engagement with the flu, it's great to get back and see all that WAX on your turntables! Graham Gouldman and Andrew Gold are currently rehearsing and will hit these shores 'Right Between The Eyes'... STARSHIP's third s-m-a-s-h 'Tomorrow Doesn't Matter Tonight' is now out with a great first week. The single hits momentarily so don't let that other format beat you out on this h-o-t rocker!... Jim Foster is seeing through with 'X-Ray Eyes' and on tour with Mr. Mister whose 'Is It Love?' is unstoppable... Surprise of the week: Autograph is back with a killer version of '(We're An) American Band'. For one of America's brightest and most successful new groups--it's perfect! Congrats to Tom Evans (great choice, Chuck!). Welcome back to Dave Kane and Drake Hall, and my personal and sincere condolences to Charlie Kendall."

BOB CATANIA, ISLAND (212-477-7159): "In addition to having his first number one album track ever, by the end of this month, Robert Palmer will have: 1) his highest charting single ever, 2) his first Top Ten single and, 3) his first gold record! By the end of April we can project a possible #1 single and platinum record to go with March's achievements. 'Hyperactive' will ship on March 31st, exclusive to album radio... By the end of March, Bourgeois Tagg will have found a home on over 100 Top 40 stations, as well as over 50 album rockers. And, like those on the record now, they will see immediate phone and sales response to this unique sound... Also, the end of March will see a 12" ship from Danny Wilde, an exciting and short new single we feel has the goods. He had critical success as leader of Great Buildings and will now enjoy big commercial success with an album of incredible depth. Look for the advance 12" 'Isn't It Enough' on April 3rd... Finally, despite all the headlines you might have seen lately, Island is not only alive and well but on our way to our biggest year ever as we anticipate our 25th Anniversary in 1987!"

MICHAEL PRINCE/PAUL BROWN, ATCO (212-484-6400): " Stevie Nicks's 'Imperial Hotel' 12" backed with the extended mix of 'I Can't Wait' is now in your hands. The B-side is strictly for flavor, but by all means, check into the 'Hotel'. Tour dates have been set, so be on the lookout!... Radio seems to be in agreement--they WANT Pete Townshend's 'Secondhand Love'. The 'White City' Lp has been steady as a rock all the way through... The phenomenal and long overdue success story of Robert Palmer continues with album sales going through the roof and mothers, fathers, sons, and daughters clogging the request lines. America is truly 'Addicted'... Thanks to everyone for helping us succeed with these three projects. Your past, present and future support is greatly appreciated... On your desk, a 12" from Bobby Barth. 'Don't Come To Me' is the track. We think you're gonna be real surprised by this one... Also, on the subject of new projects, the Paul Brady is showing tremendous vitality in the face of heavy traffic. 'The Great Pretender' and 'Steel Claw' are getting solid response. Please keep your ears on this one... No NCAA predictions this week. I'm still scraping the egg off my face!... Finally, just when the Rangers begin their playoff drive, Buch goes under the knife. Is there no justice in this world?... Since you did, thanks for reading!"

KEVIN SUTTER, CHRYSALIS (212-758-3555): " 'This Time', come on--enough of this dilly dallying around! UFO has got a 15 year history at rock radio. The song's not metal! Anyone who has listened to it knows that! You have listened, haven't you? Besides the quality of the song, it does grab phones. Ask WLWQ--it came in #9 last week. That's middle America. No gimmicks--just quality... Starting March 25th the Divinyls embark on the artist development tour of the year. They and The Cult begin a cross country tour that already sold-out two nights in Boston, with New York City and Philly also buzzing with excitement. So, this week when you get the 12" of 'Sleeping Beauty' from the Divinyls, please check it out. And, if the tour comes through town, put on a clean shirt and check out why Musicians Magazine, this month, calls them: 'Wild, loud, mean and cruel! You've got to love them. Hopefully, I'll see you out at the Bowling Party next week. Till then, dare to be better than ignorant... listen!"

Program Producers

GARY AND THE WACKY SISTERS, MJI BROADCASTING (212-245-5010): "MJI is giving away a brand new Porsche! That's right, the company that is famous for giving great prizes on ROCK QUIZ is at it again. We're giving away a 1986 Porsche 924S to the first person to score a hole-in-one on the 14th hole at the T.J. Martell Golf Tournament. Is that cool or what???... Speaking of cool, THE COMEDY HOUR is ready to make your station the most entertaining thing on your radio dial. We've got interest in this show from every format, so add THE COMEDY HOUR now--before your AC competition beats you to it... Check out Robert Palmer next week on ROCK TODAY. You might as well face it, after you hear this you'll become addicted to ROCK TODAY!"

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by totalling the emphasis points on cuts.

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index, but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets, as defined by Arbitron
