## Deane's List

### BILLY IDOL, "TO BE A LOVER", CHRYSALIS

Billy shifts gears on the long-awaited new LP and the result is absolutely stunning. Yeah, there's lots of Elvis, gospel and early Memphis influences, but what really makes it happen is Billy. His steamy, sexy explosive style is rock 'n' roll personified, and more than any other working performer today, he's able to revive the rebel in us all. And when they let those call and response vocals loose at the end, oh lawdy, mama, have mercy!!

### BAD COMPANY, "THIS LOVE", ATLANTIC

Bad Company meets Foreigner? With Mick Jones as executive producer and original Foreigner boardman Keith Olsen at the controls, there's an undeniable resemblance and it works! "This Love" is a compelling mid-tempo song, spiced with subtle breaks in all the right places; featuring a hot sax intro, memorable chorus and an impressive vocal debut by new Badster Brian Howe. Run with the pack!

### CHICAGO, "18", WARNER BROS.

Only a band as musically skilled and diverse as Chicago can continue to exhibit brilliance after 17 albums. The orchestral performance on "18" is simply stellar. The majestic quality of this album is consummately reflected by the track "Niagara Falls". The genius of the production is superceded only by the bright intricacies of the horn arrangement, chilling at times. We also recommend "It's Alright" and "Over And Over".

### BRIAN SPENCE, "HEAR IT FROM THE HEART",

POLYGRAM... The combination of a first rate English talent with an American arrangement/production style worked wonders for the Outfield, and similar dynamics are obviously the case here. Brian's versatile voice has remarkable range, that workhorse of a rhythm section sure gets the job done, but what really brings the song home are those totally infectious vocal harmonies on the chorus. And who could resist?

### ALICE COOPER, "GIVE IT UP", MCA

He's been tripping with a comeback for some time and with help from Ratt producer Beau Hill, "Give It Up" finds the original shock rocker back on the right track. His venomous vocals still have that unmistakable snarl, Kane Roberts works his axe like a lethal weapon, and "Give It Up" demonstrates some of the best songwriting Alice has done since the "Billion Dollar" days. Also lend an ear to "Frankenstein" and "T-ick Bag".

### TIP: ALVIN LEE, "SHOT IN THE DARK", 21/ATCO

Alvin Lee motored back into album radio's prime time with Detroit Diesel which received top shelf accolades and airplay. With track #2, Alvin whips up a meaty blues rocker driven by a powerful back beat and the master's always amazing fretwork. Take a shot.

### WANG CHUNG, "EVERYBODY HAVE FUN TONIGHT",

DECCA... Every once in a while one of those career shaping tracks parachutes in from left field and captures everyone's heart, ears, feet, and imagination. Wang Chung's latest is such a song. It's easily their best writing ever, the arrangement and production sizzle, and the message is so simple, up and universal--sort of like rock radio's "Celebration". We dare you to listen and sit still! Ron Diaz found it "Hooky, funky and happenin'", a Top 5 record! Wang Chung tonight indeed!

### GEORGIA SATELLITES, "KEEP YOUR HANDS TO YOURSELF", ELEKTRA

... Hey, who are these confederate upstarts from the wrong side of town that play raw roadhouse rock that owes as much to Jack Daniels as it does to Chuck Berry? Let's just say that "Keep Your Hands To Yourself" is a fiery, blistering exercise in the untamed tradition of the Stones, Rockpile, and CCR that'll add fiber and balance to your playlist. Could be the hottest thing out of Georgia since Ty Cobb.

### JASON & THE SCORCHERS, "19TH NERVOUS BREAK-DOWN", EMI

... With the atmosphere of album radio favoring the "oidies but goodies" approach...enter this week's entry in the rock cover sweepstakes. Jason and the boys lend their special brand of "honky tonk" roots rock to this Stones classic and walk away proud. This interpretation is highlighted by Jason's raw vocals and the band's high energy rhythm section. Don't delay, play it their way!

### IRON MAIDEN, "WASTED YEARS", CAPITOL

Maiden's massive retail and box office (3 near platinum LPs, sell-out tours) have elevated them to the top of their genre, and to legendary-like status with their army of fans. From the multi-dimensional layered guitar intro, to the increased emphasis on melody, production and disciplined vocals, it's obvious that Eddie and Company have set out to both challenge and expand upon their audience.

### CHEAP TRICK, "KISS ME RED", EPIC

Seems like Rick and the crew are up to old tricks again. "Kiss Me Red" sees a return to the infectious power pop style of the Dream Police era. Robin Zander's vocals pack as much bite and urgency as ever, and the tasteful use of synthesizers freshens up that signature sound. Your confidence level should be high on this Cheap Trick!

## Reaction Records

### BOSTON, "AMANDA", MCA

Guess that eight year sat-up got the job done, eh bubba? "Amanda" steamrolls 123 stations, immediately establishing residency at #7 Airplay and #1 Most Requested--an astonishing feat only Van Halen has been able to pull off this year...And the radio reaction borders on hysteria: Jeff Reidel, KKDJ, "Have never had this kind of reaction on a record...Tom Starr, WOUR, "#1 phones by a 10-1 margin"...Glenn Stewart, WHJY, "Women cry with delight"...Greg Hull, WARC, "Biggest record we've ever seen"...Howie Castle, WEGR, "Dominates the phones"...and Russ Rottis, WAFJ, "A classic already"...WNAD's David Anderson has the kicker: "They've been in labor for 8 years and it was worth the wait for them to deliver."

#### TIP: VAN HALEN, "5150", WARNER BROS.

This is about as automatic as they come. No need to lecture on the LP's staggering retail run, that it's the band's biggest to date, or how it seems like Sam's been part of the ensemble since, well...forever. Suffice it to say that track #6 is another guitar-based smasher from one of America's finest that will get immediate results. We rest our case, defense may cross examine.

### Reaction Records Continued

#### JOHN FOGERTY, "EYE OF THE ZOMBIE", WARNER BROS.

It's obvious from the comments that the LP will top many a programmer's Best-of-'85 list, and the airplay will, no doubt, carry it well into '87. First week faves "Headlines" and "Change In The Weather" each nail 53 adds, in at #33 and #34, respectively...Now the reviews: Sunny McCloskey, WCHN, "It sounds as if OGR's old swamp grooves took a political course for John's new LP"...John McCree, KFOR, "Lives up to the high expectations"...Boonle Stacy, KNOV, "Way beyond superlatives"...Joe Blood, KEZO, "A brilliant masterpiece"...Harve Alan, WCCZ, "Slick 80's style, classic OGR appeal"...Mike Doyle, WDMA, "He's immortal"...and Bob Sofronson, XELE, wraps it with "Add or die"...The LP claims the week's highest debut at #3 National/Wire.

#### BILLY SQUIER, "LOVE IS THE HERO", CAPITOL

Cautious anticipation may have described the pre-release sentiment but, as evidenced by first week action --#2 Most Added with 26 and the week's 2nd highest debut at #7B--the new LP has dramatically restored radio's confidence level...WJLH's Glenn Stewart calls it "A gem for album radio, especially if a station is overloaded with crossovers"...Bob Bailey, WLS, hears a "Good, strong, straight-ahead rocker, and Billy writes a much better song than most of the hard rockers"...Different, progressive, catchy" critiques Lee Randall, WLVQ, "His career's been taxed" declares Curt Gary, WESH...Curtis Johnson, KUPD, hears "Rock with a dance beat."

"Love For Sale" closes 21 adds, in at #73, "Puzzlin' Evidence" perks at #83, with 21 others. And 10 first-weekers give "Radio Head" a #88 debut...AJ Branca, WMSH, "No way to measure the pleasure of this treasure"...Pan Edwards, KGB, "The heads have managed to keep their sound while still moving uniquely into the future"...Tom Daniels, WCKS, "Album of the Year"...Allison Stewart, WBRN, "Crede de lacrima of the vinyl that's out"...Larry "The Doc" Dunn, WLR, "Four cuts deep"...Glenn Stewart, WJLH, "Art for the masses"...Jessie Brice, KJRH, "An adventure in fun."

#### TINA TURNER, "BREAK EVERY RULE", CAPITOL

WCCZ's Harve Alan poses the question: "Is there a rock station that can afford not to play this album?" No argument across the street, where Bob Bittens comments "We already know that Tina and Bryan are a great team, so it comes as no surprise that their collaboration on her latest is a stone cold killer rock tune. If it was any hotter we'd have to fireproof our turntables"...And we heard tons of tasty Tina tuna testimonials from the likes of Lee "Killari" #1 Randall, WLVQ...Howie "Perfect for rock radio" Castle, WEDR...Curtis "Tina gave us a record rock 'n' rollers can use" Johnson, KUPD..."Back" starts at #58 with 35 adds. "Overnight Sensation" scoops up 12 new, in at #100--as the LP debuts at 24/22.

#### IGGY POP, "CITY FOR LOVE", A&M

What's this? Iggy in the Most Added???? Is a week like this??? Whoah, talk to me, babe. 30 OTB adds with majors like WLSZ, WCKZ, KFOR, WJLV, WCCZ, WHEW, KZEW, WJLV, WAAF and WYXK? And a #70 debut? And, what's the programmer oooh on Iggy? Inessa York, KJRH, pegs it "Memorizing and more accessible. I can just hear listeners asking if it's a new Billy [do] song"...Sunny McCloskey, WCHN, observes "Smash and generating mega requests"...Rick Harnock, WAPL, reviews "Interesting and with Bowie's help it could work"...Larry "The Doc" Dunn, WLR, believes "If you play Bowie you've got to play this"...And Andy Frost, CILG, closes with "His Best in years!"

#### RIC OCASEK, "THIS SIDE OF PARADISE", GEPHEN

WCHN's Bob Bittens calls the play: "Ric opts for commercial over quirky and comes up with an album easily equal to anything the Cars have done"...Rick Van Hill, WJLH, hears "A greatest hits package"..."A winner all the way" assesses Aris Happers, WCAV..."Well driven" quips Jon Evans, WJTV..."We're revved up!" enthuses Pan Edwards, KGB...And Sam Hensick, WDEZ, feels "It could be around for a long time"..."True To You" crosses the finish line with 20 new, in at #71. "Keep On Laughin'" adds on 10. The single's the week's play up champ (X) (increases) surviving 5-3 Airplay, 10-9 Most Requested. The LP hits the bricks at 8/7 Netro.

#### "TIL TUESDAY, "WHAT ABOUT LOVE", EPIC

Their critically acclaimed second effort is two-thirds closed in a scant 2 weeks (25 new/27 cum). Now here come those crucial play-ups and phone validation: X530, WLVQ, KBCO, WCHN, WXXK, KZRR, WADC, WIOG, XLAQ and four others increase -- WCHN's "excellent" requests outlets, 20 "good", and 3 early Top 5 reports...WADI's Wayne Summers warns "'Til Tuesday has a smash with 'What About Love', but CHR will soon be all over it"...Tom Brooks, WFRN, updates "Already generating phones"...ditto from Christina, WFLN, "Instant phone reaction to it"...Underlines 33-24 for the week; #1 Point Gainer, Songs.

#### PETE TOWNSHEND, "LIFE TO LIFE", ATLANTIC

Priority consideration is still the rule with any "new" Townshend, regardless of product flow, and this unexpected soundtrack offering garnered a near unanimous Checklist thumbs-up. Some highlights: Paul Shurue, WREL, "Sounds like 'Empty Glass'"...Bob Bailey, WLS, "Good depth track"...John McCree, KFOR, "Consistent Townshend"...and Mark Chernoff, WHEW, "NICE PT studio track"...X123 Tom Schuppke has the final word, "There's a lot of Townshend product out there right now, but this one's the tops. Sounds like 'who's next' material"...#7 Most Added, with 22 first week adds and a #88 Sing debut.

#### ELVIS COSTELLO, "TOKYO STORM WARNING", COLUMBIA

## Reaction Records Continued

### PHANTOM, ROCKER & SLICK, "LONG COOL WOMAN...", EMI

As an astute Al Branca, WMGM, observes, the cover craze has many a chart and "playlist looking like an oldies catalogue", but, backlash or not, PR&S are off to a very solid start. Witness those 14 first week adds (DC101, WAAF, WHJY, KDJQ, WAPL, WPDH), and the number of programmers genuinely juiced over the new 12": Curtiss Johnson, KUPD, "Their timing was right. The record will span two directions"... Rad Messick, WDIZ, "Ballsy version"... Rick Panneck, WAPL "One of the better, more quality covers"... Glenn Stewart, WHJY "The Hollies with balls"... and Ron Garrett, KDJQ "Bitchin'!".

### FRANKIE GOES TO HOLLYWOOD, "RAGE HARD", ISLAND

It's following the same early development pattern as "Two Tribes": mega across-the-pond activity, instant Adventure Club acceptance, and a healthy buzz at more mainstream outlets... Larry "The Duck" Dunn, WLIR, flashes "Song #2 in England and demanding heavy phones"... Brian Wolf, WGLU, suggests "Let's take it seriously"... "Outrageous" pipes Don Berns, CFNY... "A" for adventure" spells Dave Kane, WCMF... "A breath of fresh air" comments Neil Kushnir, CHOM... Bob Bailey, WKLS, finds it "Specialized but accessible" ... Out and on 12 including WLIR, CHOM, WMGM, WDHA, WHFS and CFNY.

## Double Shots

### CINDERELLA, "NOBODY'S FOOL", MERCURY

No fairy tale here, as our fave from the Lp bags a breakthrough week with fresh air on KGB, KILQ, WBAB, WCCC, KMOD, WMGM and five more, with WYNF upping... Again to Harve Alan, "Cinderella seems to be taking over where Def Leppard left off. This album has sold well and worked well here"... Ditto from WMGM's Al Branca, "Their Lp is Top 10 retail here and this track should prove the Lp won't turn into a pumpkin at midnight." Muscling 95-88 Songs.

### TOM COCHRANE, "THE UNTOUCHABLE ONE", CAPITOL

The slow consistent momentum continues as TC's deuce trends 58-53-38-35, powered by play ups at KSHE, WYNF, KUPD, KATT and WMGM, adds on KGB, KMBY and WFAL, and power play at KISW, CILQ, WKQQ, KFMM, and WRFX with 50 now playing. Checklist barometer turned up building status at 16 including KSHE, CHOM, WBYR, KDJQ, KNCN, CILQ and WXRC with 20 maintaining, 13 considering and only 2 dipping or dropping.

### EURYTHMICS, "WHEN TOMORROW COMES", RCA

It's undoubtedly their deepest and most rock radio relatable Lp to date, and current consensus centers around "Tomorrow". We're up to a 50 station "on" inventory with new action on WLUP, WLNZ, KRQU, KRNA, WSKS; heavy or power rotation already in progress at WCKG, CILQ, WIOQ, KLOL, WKDF, KATT, KPOI, KZEL and seven more. And in Requestland, it's garnering excellent reaction at WLIR, CILQ, CHOM, WPLR and WSKS, good at 13 including KOME, WKQQ, CFNY, KLPX, WTUE and WQBK.

### DAVID AND DAVID, "BOOMTOWN", "SWALLOWED BY THE CRACKS", A&M

The rapid fire business "Boomtown's" been doing (the week's 4th best 18 play ups, near close-out airplay, Top 10 action on all the charts and #5 Most Requested) and the astonishing quality of the debut Lp present a convincing case for the double shot. Put an ear to "Swallowed By The Cracks", now playing on WLUP, WYNF, KAZY, KZEW, KMOD, WTUE, WOUR, KOZZ, KLBJ and KZEL.

### KIM MITCHELL, "THAT'S THE HOLD", ALERT/ATLANTIC

It was a near impossible week for any developing act to deliver the deuce, but Kim still managed 5 adds (KLPX, WMAD, WEGR) and that fat 27 station considering list indicates a sizable influx just ahead. Improving 96-95 with 20 adds to date.

## Buzzbands

### FAR CORPORATION, "STAIRWAY TO HEAVEN", ATCO

Right to the raves: Jack Green, KLPX qualifies "They may be messing with a classic, but they do it well"... Tim Orayer, WHTF reports "Instant phones"... First weekers: WHCN, WKLC, KLPX, KEZO, WRKI, KZEP, WLNZ and WIXV.

There are some hot reaction trax on this album: "Boyz", "Substitute" and "Do You Wanna". Try 'em at nights and watch the phones light!

### BROKEN HOMES, "IN ANOTHER LAND", MCA

The Homes break new ground at five (KLPX, KMOD, KATT, KRNA and KPOI) bringing the cume to 15 (WQFM, KOME, WRXL, WDHA, KUPD, KLBJ and WRKI). Given the current space parameters, these guys ain't doing too bad for rookies and with a bulky 30 considering, the kick-in is about to come!

### YNGWIE MALMSTEEN, "YOU DON'T REMEMBER", POLYGRAM

We know Yngwie's gonna crawl before he walks, but this baby is pullin' down some nice calls: KZEW, WLLZ, WHCN, WAQX, WHTF, WAPL, KILQ, WEZX, KISS, KNAC, and KLPX. Lorraine Rapp, WAQX claims "You Don't Remember" is perfect for this guitar hungry market. The song wails." The track is prime at 92, there's 20 cume to date and 17 considering. Get those phones buzzin'!

### FM UK, "FROZEN HEART", PORTRAIT/EPIC

Don't skate away from FM UK. This "frozen heart" is just startin' to thaw. New adds at these heavies: WLLZ, KUPD, KAZY, WAAF, WTUE plus solid action from The LOOP, WHCN, WHJY, WTPA, KLPX, WPDH, KNCN, WPLR, KLAQ and KMOD produce a healthy 59-52 Song move, while the Lp is Nationally prime at 42.

## Bullders

### TIMBUK 3, "THE FUTURE'S SO BRIGHT", I.R.S.

### A NOTE FROM THE PUBLISHER...

I take great pleasure in announcing the addition to the FMQB Album Report Team of Mark DiDia as Radio Research/Music Director, effective Monday, September 29th. Mark joins us from his most recent position as Music Director of WXRK, New York. His prestigious, extensive credentials in album radio also include posts as MD at WYSP, Philadelphia and PD of WMGM, Atlantic City.

We are also pleased to name Paul (Dr. Dirt) Heine as Assistant Editor. The hot and expanded FMQB Album Report team stands ready to give you more of what you need, faster and better than ever before.

### KAISER CAPTURES MTV VP PROGRAMMING

MTV has recruited 10 year Atlantic promo exec Sam Kaiser to replace John Sykes as VP Programming. Along with playing a key role in the programming of the channel, Sam will be placing "special emphasis on strengthening MTV's relationships with the suppliers in the music, film and home video industries" according to MTV Senior VP/GM Tom Freston. Overseeing the talent and artist relations department is also part of the job description.

A decade long history at Atlantic will obviously serve Sam well in his new challenge at MTV. As VP National Singles Promotion, he was in charge of the label's video promotion as well as directing and coordinating all singles' releases. Named 1985's VP Promo Man of the Year and 1981's National Promo Director of the Year by the Poe Music Survey, Sam started with Atlantic as a field rep in St. Louis. He's also worked in album radio, St. Louis style, at KADI-FM.

No word yet on who will fill Sam's shoes at Atlantic (Danny Buch sez they're big ones to fill, at least size 12) but we'll bet National Director Singles Promotion Andrea Ganis and National Promotion Manager Secondary Singles Promotion Joe Ianello will soon be putting in marathon days. Kaiser's last day at Atlantic was September 19. He'll be in place at MTV by September 29.

### DRAKE HALL OUT AT KBER, DEVINE RESUMES MANAGEMENT DUTIES

"A philosophical difference, and a difference in our basic work ethics" is how Devine Communications Prez Chris Devine described factors contributing to the resignation of KBER, Salt Lake City Station Manager/Devine Group PD Drake Hall. The announcement came as a shock to many. In nine months with the company, Drake quickly advanced from PD to Group PD to Station Manager and was wearing all three hats when he turned in his resignation.

Devine tells us he will absorb station manager duties, as that post is not expected to be filled for a while. KBER programming is now being directed by Asst PD/Acting PD Bill May, and as far as group programming matters go, Devine says, "for the time being we're going to look to (KKBR, Albuquerque OM) Bill Evans to answer any questions. We have a couple of transactions in the works, and when those gel we may be looking to expand Bill's role."

Drake phoned in these parting comments to FMQB. "I'll announce my next big step soon. My best wishes and thanks to Chris Devine, John Piccillo, Bill Evans and Bill May. I'm sure that all of our hard work in getting these stations up and on the air will pay off in the long run. I can be reached at (801) 582-4531."

### KCFX TAPS DENTON MARR AS PD

MIA programmer Denton Marr has resurfaced at KCFX, Kansas City as PD of the highly successful classic rock outlet. He replaces Greg Stevens who exited last month for air work at KGMG, San Diego. Denton, who is back to using his real name after a short stint as Joe Denton while programming KLOL, Houston, is best known for his 13 year run at Cincinnati powerhouse, WEBN. Will he slowly incorporate some of the production and humor elements that made WEBN so entertaining into KCFX's sound? If so, it would be one of the first attempts at animating classic rock's generally sterile on air presentation.

### CBS NEWS CHATS WITH POLLACK: EUROPE I CONSULTANCY REVEALED

"Jeff was getting off the plane and there were the reporters" sez Sharon Fratello of the Jeff Pollack Communications office. No, she's not describing a showdown between "60 Minutes" and the consultant. Rather, she's relating a chance appearance made by Pollack on September 15's "CBS Evening News with Dan Rather". The network had sent a reporter and camera crew to the Paris airport to poll travellers on their reaction to new restrictions that make it necessary to carry a visa when travelling to France. And Jeff was one of them.

But WEBN's Curt Gary wants to know, "What was Jeff doing in France and how did he get a visa?" Jeff was finalizing a consultancy arrangement with Europe I, a national contemporary music station centered in Paris that will eventually be delivered via satellite to over 100 affiliates in Europe. Jeff is helping set up the operation and will consult the French speaking station.

Now about your visa, Jeff. . .

## WCPZ SHIFTS TO HIP AC/ADULT TOP 40

PD Randy Hugg updates on the format adjustment at WCPZ, Sandusky: "Our market research revealed that our demos were coming up a bit lower than we had wanted. That, coupled with the high concentration of tourist population here, led us to shift toward a more mass appeal approach, which we describe as a cross between a hip AC and an adult Top 40. We're emphasizing currents from Genesis, Cyndi Lauper, Madonna and Billy Ocean, but we're using about 60% oldies, from Elvis Presley to Billy Idol. We're not as concerned with artists as much as with songs right now. It's a very exciting time here. Although we're losing a bit on the musical creativity side, we certainly stand to gain in terms of station sound, promotions and other non-musical programming ingredients."

## GABRIEL AND LITTLE STEVEN STAGE U.N. WORLD PEACE CONCERT

Peter Gabriel and Little Steven kicked off the 42nd session of the United Nations Assembly September 16 rock 'n' roll style by putting on a free peace show in honor of the day being declared "International Day Of Peace". The show, which took place on the grounds outside UN headquarters in NYC, featured speeches by politicians and dignitaries, a performance by a childrens chorus as well as music from Gabriel and Little Steven, according to WXRK, New York evening personality Mark Coppola, who was covering the event for K-ROCK.

It seems The Cope accidently stumbled upon the diplomats section and had a chance to talk with Gabriel and Little Steven. The outspoken and cause-conscious rockers talked of the first two years of the University of World Peace, and their scheduled concert to benefit world peace in Tokyo in December. They also mentioned plans to capture the upcoming show on video to raise funds for the university, which hopes to bring together all of the world's peace organizations.

The two put on a private concert for the approximately 125 UN diplomats in attendance before noon, and the scheduled 1PM start of the free show. Little Steven lent his axe work to Gabriel's band for a rendition of "In Your Eyes", said The Cope. The day also marked the start of the first Earth Run, in which runners will carry a lit torch all over the world, returning it to New York and a permanent position on the west side of the UN building sometime in December. Thanks to K-ROCK and Mark Coppola for relating the story to FMQB.

## BRUCE JUICE DOUBLE SHOT

The Boss, Jon Landau and Chuck Plotkin are in the home stretch of production of Bruce's 5-Lp package entitled Bruce Springsteen And The E Street Band Live 1975-1985, set for worldwide release in late Fall by Columbia Records.

The 40-song, multi-disc will contain live recordings taken from the band's 1975, 1978, 1980-81 and 1984-85 tours, and will contain tunes covering Bruce's entire recording career. The album package will also contain a 36 page booklet with lyrics and photographs.

Bruce is also lending his support and talent to a one night benefit concert for the Bridge School, an educational facility in the San Francisco area for handicapped children. The all acoustic show, which will take place on October 13 at the Shoreline Amphitheater in Mountain View, CA, is being organized by Neil Young and his wife Peggy, who have a son with cerebral palsy. Also scheduled to appear besides The Boss and Neil, are Nils Lofgren, Don Henley and actor/comedian Robin Williams.

Bonnie told FMQB, "I'd like to officially welcome our new Operations Manager, Pepe Lopez to the station and say how much I appreciate his confidence in my abilities by promoting me to PD. # DIRT ALERT!

**THE WATERBOYS:** Ex Waterboy Karl Wallinger releases his debut album on Chrysalis records in early October. "Private Revolution" is the name of the album, and Wallinger is calling his group World Party, though he produced, arranged and played most of the instruments on the album.

**HUEY LEWIS:** The next Huey Lewis And The News single will be "Hip To Be Square," the song with backing vocals by San Francisco 49ers Joe Montana and Dwight Clark. It ships September 29th. "Stuck With You," became Lewis' second No. 1 record in a row, following last year's "Power Of Love".

**AIR SUPPLY:** Air Supply had to cancel their show in Atlanta recently because Russell Hitchcock's tonsils were swollen and he was "Under doctor's orders not to sing or use his voice in any way." A joint statement by Hitchcock and Graham Russell apologized for the cancellation of the outdoor show. About 4,000 tickets had been sold for the show.

**THE MONKEES:** Michael Nesmith joined the three Monkees onstage the final night of their three night stand at the Greek Theater in Los Angeles. After they all embraced, Nesmith, until now "The Missing Monkee" joined them on the last two songs.

**MEN AT WORK PRODUCER, DRUMMER REUNITE IN THE CITY:** Peter Mc Ian, the producer best known for doing Men At Work's first two multi-million selling albums, has reunited with a former member of the band and put together a new group called The City. The City, with former Man At Work Jerry Speiser on drums, released their debut single, "Walk Away," on Chrysalis records, with the album "Foundation," scheduled to follow in early October. Speiser is joined by guitarist Stuart Mathis, Bass Player Wade Biery and vocalist Billy Trudel. Meanwhile, Men At Work's singer, Colin Hay, is in London recording his new album with Sade and Big Country producer, Robin Millar.

**ELECTION DAY BRINGS STARS OUT TO TWO CALIFORNIA CONCERTS:** The November election is once again bringing out top movie and rock stars to lend support to their pet causes. The August 28th "Get Tough On Toxics", concert in Long Beach, raised about \$300,000 for two environmental initiatives, and it is being followed with another in San Francisco late this month. Don Henley, Don Felder, Timothy B. Schmidt, Stevie Nicks, Mick Fleetwood, Jimmy Buffett, Neil Young, Joni Mitchell, Warren Zevon, Lindsay Buckingham and J.D. Souther performed at the "Toxics" show in Long Beach. Glenn Frey, who was to have appeared, was hospitalized in Colorado with an intestinal disorder, so the Eagles reunion consisted only of Frey on film strumming the opening notes of "Best Of My Love." On September 27th in the Grand Ballroom of the Fairmont Hotel in San Francisco, the Starship will headline another environmental fundraiser for the Safe Drinking Water Act, proposition 65. Their show will conclude a day-long whistle stop tour of the state by such stars as Robin Williams, Whoopi Goldberg, Linda Evans, Laurie Anderson, Jane Fonda, Martin Sheen, Kat Jackson and Rosanna Arquette.

**BRUCE WILLIS:** The debut Lp "Moonlighting" star Bruce Willis is recording should be out in January, with a single out before then that features the Pointer Sisters. Willis will also be appearing with the Pointer Sisters on an NBC-TV special in January.

**O-M-D:** O-M-D have finished their new album and will be arriving in the U.S. for a visit late this month. They've added two members to their line-up to make it a six piece band. The new additions are the Scottish Brothers, Neil and Graham Weir, who play trumpet, bass, trombone, keyboards and guitar between them. It seems like adding a whole other band.

**LOU O'NEILL JR., 9/17/86:**

**THE MULTI-TALENTED** Robert Palmer was sensational on the Carson show last week, performing a stunning version of "Riptide", the title track of his most recent Lp, as well as a second song, and responding to questions posed to him by guest host, comedian Jay Leno. More mainstream pop acts are appearing on the "Tonight Show," as Carson nears the quarter century mark hosting it.

**SANDY EINSTEIN**, of Herbie Herbert's organization in California, flashes that rock 'n' roller Eric Martin is still with Capitol Records, and indeed, will have a new Capitol release on the streets early in '87. According to Sandy, Richie Zito (of The Motels, Eddie Money, and Neville Brothers fame) is helping Eric with production, and one of Capitol's most talented and sagacious executives is going to throw all his marketing weight behind the Eric Martin project. Don Grierson, who felt there was still life in Tina Turner and in Heart, certainly has an enviable track record. Lou O'Neill Jr. tells us that Don Grierson has located four songs for Eric that he firmly believes will break the quiet and shy Bay Area artist to a new level of success and stardom. Sandy Einstein, the old philosopher, also says that he and the cagey Herbie Herbert are now co-managing a band named Europe that is on Epic Records. They've had great success, in Germany, as well as in Scandinavia, and Herbie is already speaking with a Swedish accent. Ya, ya, ya, ya!!!

**THE NEW RATINGS** are out in New York City, and rock 'n' rollers should take heart. Both WNEW-FM and K-ROCK are up in the numbers, and the heat is on.

**EMERSON, LAKE & POWELL** may portray themselves as humble rock 'n' rollers, but that didn't prevent the three-man band from England from staying in New York City's Ritz Carlton last week during their trip to the Big Apple. They were at the Garden Saturday night, and we'll have more details and a concert review next week in the Quarterback.

**LOU O'NEILL JR.** did an exclusive interview with several members of Toto last week, and reports that the music on "Fahrenheit" is just as strong as what we'd expect from this veteran California band. Lou huddled with guitarist Steve Lukather, keyboard player David Paich, and drummer Jeff Porcaro, and found the Toto guys in rare form and ready to go. "I'd say this is one of the strongest records we've ever made," said Paich, as guitarist Lukather added, "There's not one weak track on the disc. We're so pleased to introduce our new vocalist on this record. His name is Joe Williams, and he can sing like a bird. We think this is a whole big change for Toto, and are very excited about the project." As in the past, the band produced and arranged the disc, and came up with an exceptional cover when a friend took a Polaroid picture of a street scene with an SX-70, and then made some minor hand adjustments on the print.

# DIRT ALERT!

**THERE'S A HOT BUZZ** at CBS about the new Tommy Price/Kasim Sulton album called "Lights On". Scheduled for an October release, the first AOR 12-inch, "Shotgun Shy", has already been rushed to radio. And, according to Kasim Sulton, there'll be a tremendous commitment made on behalf of this record. Kasim needs no introduction to fans of rock 'n' roll after his years of superb musicianship with Todd Rundgren and Utopia, and of course, Tommy Price was the backbone of the Billy Idol band for many, many years. Elliot Easton, of The Cars, and Steve Stevens, Billy Idol's fiery lead guitar player, both make special guest appearances on the Lp.

**BON JOVI AND 38 SPECIAL** played for a near-sell-out crowd last week at the Jersey Arena in the Meadowlands, as promoter John Scher drew from two different genres of rock. There were the heavy metal maniacs who were there for Bon Jovi, and the Southern Rock fans who were there for 38 Special. The young girls sure do love Jon Bongiovi!

**NEW YORK CITY** was jumping last week, with Elton John closing out his Garden run and AC/DC and Ozzy Osbourne coming through town. This week should be even busier, with, among others, Bob Seger and his Silver Bullet Band returning to the Big Apple after an absence of many, many years.

**LOOKS LIKE THE BOSTON** album will finally hit the streets on Wednesday, September 24th. It's sure to be one of the hottest rock releases of 1986!!!

**HUEY LEWIS & THE NEWS** will shortly be going out on the road for a major American tour. Watch for Huey to hit a slew of cities coast-to-coast in one of the biggest bang-ups of 1986.

**ERIC ("SLOW HAND") CLAPTON** will definitely be doing a whirlwind Canadian campaign of about eight or nine cities, among them Montreal and Toronto, between November 1st and November 18th. The line-up will be: Clapton; Phillinganes and East, plus one or two other musicians.

**CAROL MILLER**, of WNEW-FM, did a very, very interesting interview last week with Joe Cocker. It aired on "Nightline" coast-to-coast. And, the same night, the man who wanted to get high with a little help from his friends, and has the most famous twitch in rock 'n' roll, was terrific on "The David Letterman Show". In fact, David and Joe got along so well that Letterman made Joe promise that he would come back in the very near future, at which time he would do a duet with Cocker.

**FMOB HEARS THAT Texas' Fabulous Thunderbirds** will squeeze in a very special video on their trip to the Big Apple. They open for Bob Seger and The Silver Bullet band at Madison Square Garden, and will be back at the famous rock emporium two nights later. According to publicist Charles Comer, The Birds will rock David Brenner and ABC Late Night TV on Wednesday, the 24th, and then tape a very special video spot for Danny Goldberg's "Rockers Against Drugs". In that video, Jimmie Vaughan, the chief Thunderbird says, "We're tuff enuff not to take drugs. Are you???" And, don't forget to catch the forthcoming feature on the T-Bird which will be in the October 6th issue of People Magazine. When Jimmie Vaughan was asked on CBS's "Night Watch", why the band was suddenly experiencing such a surge of popularity after more than a dozen years of reaching for the brass ring, Vaughan's answer was...Charles Comer!

**ANYTHING TO THE RUMORS** that say Cyndi Lauper will be a June bride? That's what we're hearing. In an interview Cyndi granted last week she pulled manager/boyfriend Dave Wolff right in front of the camera. Dave said on the "Rock 'n' Roll Evening News", "I don't wanna be on TV," but for his Cyndi, he did it anyway!!!

**BIRTHDAY BOOK FOR THE WEEK OF SUNDAY, SEPTEMBER 21, 1986:** Canadian singer/guitarist/songwriter/poet Leonard Cohen is 52. Music fans know Leonard Cohen for his famous song, "Suzanne". # News From Rock Over London

NIK KERSHAW's new record "Nobody Knows" is the first release from his forthcoming album "Radio Musicola" expected in just over a month's time. ROL's heard the whole LP and it sounds like another impressive set. Nik wrote and produced all the songs on the LP and plans to promote it with an extensive tour starting in late November. It'll take in most of Europe including the UK in January and then he'll head off for Israel, America, Japan and Australia during the spring.

And Nik's also been busy lending his voice to the anti-heroin record "Live-In World". Nik arrived home from his holiday in Barbados on Sunday morning only to be driven straight to the Abbey Road studios to join a host of stars including CLIFF RICHARD, THE THOMPSON TWINS, FRANKIE's HOLLY JOHNSON, FISH from MARILLION and many more - but not BOY GEORGE as hoped. The song they recorded will be released as a single in a month's time and will also appear on the double "Anti-Smack" album which comes out on November 17. The LP features tracks either especially written or donated by top name artists like PAUL McCARTNEY, EURYTHMICS, BANANARAMA and RINGO STARR. The profits from the records will go to The Phoenix House Charity's drug rehabilitation program in the UK and Europe. There is also talk of a follow up concert bringing all these artists together for what should be quite a show.

ELVIS COSTELLO has written a song especially for the "Anti-Smack" album called "Nothing At The End Of The Rainbow" which isn't on his new album "Blood And Chocolate" out this week.

And these days, rock stars don't just sing for charity. Last week Amnesty International benefited from a cricket match in Bristol where MIKE OLDFIELD and JOHN ILLSLEY took their turn at the crease and FEARGAL SHARKEY provided entertainment of a more musical variety. Meanwhile, in Germany, DEF LEPPARD's one-armed drummer, RICK ALLEN, led a rock soccer team which included artists from IRON MAIDEN to victory against an all-star West German side. However, RICK WAKEMAN's charity soccer match on home soil didn't go quite so well when he fractured his arm and had to cancel an Italian concert. Maybe ELTON JOHN should stick to what he does best too; shooting of the video for "Heartache All Over The World" had to be postponed when he dislocated his shoulder playing tennis.

ICICLE WORKS are still undecided about the title of their new album, due October 6, but they're all set to release another single from it next week. Their follow up to "Understanding Jane" is called "Who Do You Want?".

Rumors abound that DAVID BOWIE is to tour the world next year, kicking off Down Under in the late spring. PETE TOWNSHEND has spent the past couple of months messing around on boats with his family but is all set to return to work and has a number of interesting projects up his sleeve; more news on those as soon as we get it.

So...Mr. BOB GELDOLF, Knight of the British Empire is now in the running for a Nobel Peace Prize.

And following our story a few weeks back concerning ALISON MOYET's collaboration with THE LOVER SPEAKS...It worked so well that Alison's releasing the song as her next single. She had nothing but praise for the duo, "Their work is so moody and deep - it's great working with them".

The HUMAN LEAGUE's PHIL OAKEY was heard making a rather unusual radio request the other day. The League are short of musicians, and Phil was making a plea for a keyboard player and a guitarist to get in on rehearsals straight away and then go on tour. The one proviso was that they'd have to live locally up in Sheffield because he's apt to call a rehearsal at the drop of a hat.

Remember the controversy about the future of British radio caused by the government's Peacock Report? Well, the new boss of BBC Radio has made his feelings very clear about the report's proposal to sell off national music stations Radios 1 and 2. He called the idea "a phony bill of goods" and said there was no way the stations could retain their present character if forced to go commercial.

Britain's number one pop band The COMMUNARDS are to try their hand at soundtrack music for the first time. They're writing the score and a number of songs for "Empire State" - a new British thriller about a seedy London club (haven't I been on this film set before?). Unlike "Absolute Beginners" and "Mona Lisa" though, this one's set in the newly trendy East End of town! Also contributing to the soundtrack which won't be out until next year are SIMPLY RED, PAUL WELLER, LATIN QUARTER, THE HOUSMARTINS, DEPECHE MODE and PAUL HARDCASTLE.

Mr H-H-H-HARDCASTLE has also written another new theme tune for Britain's most popular TV music program, "Top Of The Pops".

"Falling On Your Feet" is the name of a new project aiming to combat youth unemployment with the help of British rock stars. It will be financed by the government who have just made a grant available to the Utopia video company owned by producer PHIL WAINMAN, best known for his work with the BOOMTOWN RATS and THE BAY CITY ROLLERS. A combination of video, radio and print will encourage young people to train for available jobs and the project is being supported by record companies and independent radio nationwide.

The new UK release from The PET SHOP BOYS is "Suburbia" and 25,000 copies will be sold in the form of a double-pack, 5-track EP including the single, the flip "Paninaro" and the Shep Pettibone remix of "Love Comes Quickly".

The STRANGLERS kick off their long awaited UK tour in Scotland, gradually working their way down the British Isles to England's south coast. GO WEST are also starting their countrywide tour up north in mid-November to promote the new album. Their single is due out at the end of this month.

THE JESUS AND MARY CHAIN have had differences, musical or otherwise, with the man who discovered them, manager Alan McGhee, so they are going their own way with plans to spend the rest of this year writing and recording new material for their second album, expected in February.

QUEEN have released "Who Wants To Live Forever" from the "Highlander" soundtrack. It was written by BRIAN MAY and features all 74 members of the National Philharmonic Orchestra.

Hot on the heels of "Sing Our Own Song", UB40 have released "All I Want To Do" from their "Rat In The Kitchen" LP.

BILLY BRAGG, famous for instructing retailers to sell his records for the lowest possible price, has released his third album "Talking With The Taxman About Poetry" and you get all 12 tracks for £4.99 about £1 less than average.

Former Rock Over London chart-topping band THE HOUSEMARTINS have recorded a new version of their ballad "Think For A Minute" as a follow up to "Happy Hour".

The UK album chart still shows the "Now 7" compilation at number one, but there was an impressive debut at four by PAUL SIMON's "Graceland", which has enjoyed tremendous reviews in Britain. In fact, it debuted four places higher than PAUL McCARTNEY's "Press To Play". The admirable BRUCE HORNSBY AND THE RANGE were awarded for their excellent "The Way It Is" single with a first appearance on the LP chart at 17 and DAVID SYLVIAN's "Gone To Earth" was new at 24.

# The Rock Report

Some of Britain's top musicians gathered in Abbey Road Studios last week to record LIVE-IN WORLD, a song written and performed to benefit London's anti-heroin campaign. Contributing talent included RINGO STARR and his son ZAK, HOWARD JONES, THE ALARM, TOM BAILEY of THOMPSON TWINS, JOHN PARR, BONNIE TYLER, FISH from MARILLION and members of MADNESS, to name only a few. The single will be released next month courtesy of EMI with an entire album to follow, featuring new compositions from ELVIS COSTELLO and FRANKIE GOES TO HOLLYWOOD among others. The Lp should be in the stores by Christmas. All proceeds raised from this project will go directly to The Phoenix House, which is one of London's finest drug rehab centers.

\*\*\*\*\*

Speaking of MADNESS, it seems that "The Nutty Boys" have decided to go their separate ways after eight years and seven albums. They will be sorely missed by those of us who held a high appreciation for their unique sound and sense of humor, which was evident on their albums and videos. No plans have been announced as far as future solo projects go.

\*\*\*\*\*

We've been telling you about "HAIL HAIL ROCK 'N ROLL", the new Taylor Hackford film that chronicles the story of legendary rocker CHUCK BERRY. On October 13-16, a camera crew will be in St. Louis shooting footage of BERRY and a slew of other rock 'n rollers as they come to play their respects. So far, some big names have expressed an interest in attending the festivities. They include: ERIC CLAPTON, MARK KNOPFLER of DIRE STRAITS, TINA TURNER, EDDIE VAN HALEN, BILLY GIBBONS of ZZ TOP and JERRY LEE LEWIS. From St. Louis, BERRY will travel to New York, where he will grace the stage for a live performance with an all-star band including DAVE EDMUNDS on guitar, JOHN ENTWISTLE on bass, E-STREET drummer MAX WEINBERG and keyboardist CHUCK LEAVELL. The concert is scheduled to happen on October 18 and anyone lucky enough to get a ticket should be in for a memorable evening.

\*\*\*\*\*

If there was an award given to the hardest working man in rock 'n roll, DAVE is going over tracks that will appear on his first-ever live album, due from Columbia in January. From there, EDMUNDS plans to enter the studio to begin work on his next studio album which will, of course, be followed by a tour.

\*\*\*\*\*

THE ROCK REPORT had a chance to spend some time with EDDIE MONEY, who told us that he's about 99% sure that he's garnered the opening spot on the CYNDI LAUPER "TRUE COLORS" tour set to kick off in Mid-October. EDDIE, who's currently strapped to the top of the AOR charts with his hit "TAKE ME HOME TONIGHT", is already looking ahead to his next album. He and guitarist JIMMY LYON (who EDDIE has collaborated with in the past on such hits as "BABY HOLD ON" and "ROCK 'N ROLL THE PLACE") have begun to work together again. The two have completed a new song that will appear on MONEY'S next record.

\*\*\*\*\*

The reformed BAD COMPANY is currently rehearsing material from "FAME AND FORTUNE", their new album due from Atlantic in two weeks. As we told you, original BAD CO. bassist, BOZ BURRELL, has returned to the fold joining MICK RALPHS, SIMON KIRKE and new vocalist BRIAN HOWE. Hopefully, the new/old band should be on the road by the new year.

\*\*\*\*\*

Rumors abound that TREVOR HORN and his label ZTT (ZANG TUMB TUUM) are the new proud parents of the fledgling London based STIFF RECORDS. Apparently the deal was settled the early part of this week. If this is so, ZTT, which is best known for being the home of FRANKIE GOES TO HOLLYWOOD, will inherit STIFF'S roster of acts which at one time included ELVIS COSTELLO, NICK LOWE, MADNESS, LENE LOVICH, THE ENGLISH BEAT, TENPOLE TUDOR, ANY TROUBLE and JOE "KING" CARASCO.

\*\*\*\*\*

RATT'S new single, "BODY TALK", will be featured in the new EDDIE MURPHY movie, "GOLDEN CHILD", due from Paramount Pictures in December. The song, which comes from the album "DANCIN' UNDERCOVER", will be released through Atlantic next week. The group is currently in Hollywood where they're shooting the video to the song at the Whiskey A Go Go with director/Manager MARSHALL BERLE (son of Milton). The record was produced by BEAU HILL and features the following tracks: "SLIP OF THE LIP", "TAKE A CHANCE", "ONE GOOD LOVER", "ENOUGH IS ENOUGH", "SEVENTH AVENUE", "IT DOESN'T MATTER", "DRIVE ME CRAZY" and "LOOKING FOR LOVE".

## VIDEO NEWS

PETER GABRIEL will kick off his U.S. tour on November 7th. It'll run for six weeks, winding up December 16th. Cities and venues haven't been announced. Peter's band will include guitarist David Rhodes and drummer Manu Kache, who were both with him on this summer's Amnesty International Tour. Former King Crimson bassist Tony Levin, who's played on all of Peter's tours, will be along as well...THE PRETENDERS will release their new album, "Get Close", on October 17th. It's their fourth Lp, and it's produced by Jimmy Iovine and Bob Clearmountain. The Pretenders won't officially say who's in the band these days, but it is known that bassist Malcolm Foster and drummer Martin Chambers do not appear on the new Lp. Most of the bass parts on "Get Close" are handled by Chu Chu Manchan, and the drummer on most of the album is Blair Cunningham, a former member of Haircut 100. Steve Jordan, who used to drum in Paul Shaeffer's Late Night Band, also appears on the album...MICK JAGGER will begin recording his second solo album this fall in Holland. Mick is still talking to producers but his first choice appears to be Rick Rubin, the 23-year old whiz kid who produced Run DMC's smash album, "Raising Hell"...JUDAS PRIEST's next album will be a double-live Lp. It was recorded in Houston, Texas on their recently completed "Turbo" tour. It'll probably be in stores early next year, though no firm date has been set for its release. This will be Judas Priest's second authorized live album--their first, "Unleashed In The East", came out in 1979.

## INTERVIEWS

JANET JACKSON: "My brothers would tell me all the time that I'd grow out of it...being a tomboy, and I'd say 'Are you kidding?' I never hung with my sisters. They would always want to get their nails done and their hair done and I didn't want to do that. I wanted to play baseball, climb trees, go swimming, and act really crazy, and I just never wanted to be with my sisters. I was a serious tomboy and I'm growing out of it."

## RIGHT ON!

(Exhibiting album radio's spontaneous response to new releases.)

### ARETHA FRANKLIN

#### ERIN RILEY, WMMR:

Aretha! The second "Jumpin' Jack Flash" fell into my hands it was in our studio and on the air! I have always felt this one and only Queen Of Soul has never sacrificed her integrity. She was an original influence on Rock And Roll and therefore it should be obvious that AOR is where she belongs. With the right pairing (Keith Richards), song (she has the perfect voice quality to sing "Jumpin' Jack Flash"), band and attitude this song becomes a natural. Don't miss the opportunity to play this classic by classics!

### FAR CORPORATION

#### CINDY BAILLEN, KZEW:

We played the Far Corporation version of "Stairway To Heaven" last year as an import and the response was tremendous. Whether they loved it or hated it, it seemed like everyone had an opinion. We're putting it back on realizing that whether or not people like it they will talk about it and they'll talk about the station or where they heard it. The vocalist sounds quite a bit like Robert Plant but with a disco beat like this I doubt it will threaten catalogue sales of Led Zeppelin "4"! You want to get reaction to a record? Play the Far Corporation.

### TIMBUK 3 (NEW RELEASE IN CANADA)

#### DON BERNS, CFNY:

I'd be off base if I didn't rant and rave about "Greetings From Timbuk 3"--the finest debut Lp in recent memory and hands down my choice for Lp of the year so far. It's rare that a work of this quality and magnitude comes along from an established band; it's downright exciting when it comes from someone new, showing astounding depth of sound and lyrical creativity. Songs like "Just Another Movie"; "Shame On You"; "Cheap Black And White"; "Hairstyles And Attitudes" and "The Future's So Bright..." have become instant classics on my turntable. In fact I would venture to say that there isn't a weak track on the whole Lp. Of course, the great chart movement indicates that this Lp is a hit but if there are any holdouts out there, you are doing your audience a massive disservice if you don't treat them to "Greetings From Timbuk 3".

### IGGY POP

#### BOB BITTENS, WHCN:

There're so many things to like about Iggy Pop's new record it's hard to know where to start. First of all, that voice! Finally a rock singer who doesn't sound like he needs an injection of male hormones. Iggy's voice has the resonance to give your woofers a workout and he doesn't have to scream to be intense. The Bowie/Richards production is flawless giving the song a driving but controlled feel. Combine these with solid instrumental backup and an immediately accessible hook and this could be the record that propels Iggy from king of the cult artists to Mr. Mainstream rocker. A real standout record from a rock survivor.

### OMD

#### STEVE KOSBAU, KRNA:

The new OMD single is hot! I know it will be very successful for the CHR aggregate, and also for the individual AOR's that jump on this gem early. OMD will not tarnish an AOR's image. The vast majority of our core hasn't heard enough about the band to think they're wimpy or unhip. I am confident that I'll put smiles on the faces of 18-34 year old females, and the only males I'll upset are the one's who hate anything softer than AC/DC. OMD's last single worked wonders for us. If you beat the CHR's to this one, you'll love the results. I'm sure of it.

## SOUNDING BOARD (You've got the floor...!)

**Alison Stewart  
Music Director  
WBRU/Providence, R.I.**

95.5 WBRU is celebrating its 20th Anniversary as an FM radio station this week. What began as an underground/progressive/free format institution, has emerged as a 20,000 watt Burkhart/Abrams consulted AOR, an FMQB Level 2, and a P2 R&R reporter with a 4.4 Arbitron share ranking 6th in a market of thirty stations. And to think this place is run by Brown University students! A commercial station run by a group of misguided youths?! Impossible, you say? Well, rethink your doubtful thoughts because it happens every day in Providence, RI. Sort of. WBRU is comprised of a volunteer student staff and a group of professionals, casually referred to as "paid slime". Together we try to produce "New England's Finest Rock"--or at least that's what our billboard says. Actually, we are an organization dedicated to creating a commercially successful radio station while playing some cool tunes along the way.

Even after all those words of wisdom, someone somewhere will manage to mough the question, "So, are you commercial or college?" We are commercial, period. Well, semi-colon. We are a commercial station who recognizes the importance of new bands; an attitude considered college by many people. Fortunately, with our size and power, a new band like The Cult will be heard by 100,000 people because they are played in conjunction with the important and established artists of AORland. This is not to say that our less than conservative philosophy applies only to new music. We value our Traffic and ELP album cuts as much as the Smithereens. Trying to enhance your playlist with new music takes not only restraint, but good ears and a lot of luck. Several years ago, eyebrows were raised at the result of WBRU's fascination with a little known band called R.E.M.

This whole tirade is the result of an article that I read in Rolling Stone magazine that hailed college radio as the pioneers of new and innovative music. I thought to myself: Do we fit into this category or are we completely in the world of strict rotation? I would think our position would be one admired by both sides. But somehow we're either sellouts or merely "playing radio", depending on who is speaking. Our adds are as black and white as anyone else's, but we also give the largest amount of Southern New Englanders the largest amount of great music. I'm fortunate to be a part of 'BRU, a place that has seen the likes of 60's disc spinner, Bob Lewis, CFNY's Don Berns, and WHJY's Glenn Stewart, who resides across the river. What are we doing here? I'm not exactly sure. But we're doing it better than three-fourths of the so-called professional market--and that's in between classes.

# POLYGRAM PRESENTS

## Question Of The Week

Thanks to Kevin Vargas, KWHL for suggesting this week's question: Does your station talk over song intros? Any specific dayparts or all the time? What's your opinion on hearing an album radio jock talk over the music?

**KEVIN VARGAS, KWHL:** "Only fadeups and never past an obvious post or start. Robert Plant's 'In The Mood' is a great example. Otherwise no! A song is both an instrumental arrangement and lyrics. Some feel talking up intros is hip and keeps up the pace. I find it an obnoxious case of ego to think the listeners want to hear a jock over the song. I've heard one of our CHR competitors talk up GTR's 'When The Heart Rules The Mind'. If I was either Steve, I'd be offended. I've heard some successful and otherwise outstanding AORs with DJs that simply babble over the music. Why? Music is our primary service, not the ego satisfaction of perfectly hitting the post."

**KLIFF KAHUNA, WHMD:** "Yes, our jocks talk over song intros, primarily in drive times; however, it's permissible in all other dayparts. I don't have a problem with it as long as he or she is not getting into that CHR mode of having to talk up to the vocal of every record everytime the mike is on. Our jocks, myself included, try not to talk past the first post on a record. I think it defeats the principle of forward motion if you don't talk over the intro."

**CURTIS JOHNSON, KUPD:** "As a general rule, we don't talk over intros. Our morning man has a tendency to do so but mornings are a different ballgame. Situations where we will talk over intros are light passages before the song really kicks in and, rarely, to keep the momentum of the station going during a music sweep. Most of the time, if you would hear those situations go by as a listener, you wouldn't be thinking 'they were talking over the intro of my favorite song'."

**MARK DAGWELL, WTKX:** "Only when they are very mellow and hard to hear. We try not to."

**BONNIE STACY, KNCN:** "That depends on the song and the intro. No specific dayparts. Again, it depends on the song, the intro and the jock. There's nothing static in this business."

**TIM DRAYER, WHTF:** "The only time that we would talk over song intros would possibly be in AM drive; however, we do not go for posts or talk up to the words. This is not CHR."

**ROB ELLIS, WKQQ:** "Yes, we do talk over song intros. We do it to give the perception of continuous music. Obviously, we won't do it if the song really kicks in strong or there are vocals at the beginning. But, when you are just doing a one- or two-line buffer during a music sweep, it helps give a listener that continuous music perception."

**LORETTA CRAWFORD, WCLZ:** "From what I've heard, in New England we are one of the few stations in any format that does not talk up songs at all. The point is, the song is a very important entity and so is each talk set. We give both the song and the rap equal time, thereby giving equal importance to each in the listeners' minds. A no talk up priority gives brevity a whole new meaning and creates a time within which a jock gets to develop personality. Personally, I like to hear a good talk up and know the feeling of hitting all the posts, but there are some big market AOR's where the talk up is absolutely obnoxious. There's a fine line between saying something you really need to and just hearing your own voice."

**VIRGIL THOMPSON, WIXV:** "No, no, no, no! Hell, fuckin' no!"

**ALAN WHITE, KILO:** "We generally don't. However, there are certain cases where the record enables us to roll it up under the announcer--to start the record to come up underneath the last couple of words of the rap. I don't think it goes hand-in-hand with the style of AOR that we do. It's pretty much best left to CHR. Personally, I don't think that it's great for the song. It takes away from the song when you do it and tends to piss off the listener."

**ALISON STEWART, WBRU:** "It's a big, bad, ugly thing for a BRU jock to talk over the beginning of the song. Let's leave that for Top 40, please. Hopefully, the jocks have enough respect for the song to let it play out without them flapping their gums. It's so unnecessary."

**RON GARRETT, KDJQ:** "Officially, we don't talk over song intros but, every once in a while when it feels right, we will--but very briefly. We won't talk over the intro of a record to hit a post. If it's something like a real soft intro, we will step lightly over the intro and fade out."

**JEFF MICHAELS, KSQY:** "We never talk over the music, and to hear an AOR jock do so I think is obnoxious and is not what the format is about."

**PHIL MANICKI, WWCT:** "With the wrong songs, no. It sounds real bad. But with the right songs, yes--because 'hitting the post' is like the crack of a bat when you hit a homerun."

**ROBIN MATHIEU, WBLM:** "We just recently started to talk over music because we found it gave our sound a better flow. Of course, we don't talk over all song intros, and we don't talk for 40 second intros except when it's appropriate. As far as hearing a jock talk over music, I don't have any problem with that as long as they don't talk over the words."

### QUESTION CONTINUED

- MARK REYNOLDS, KOZZ: "Our morning man has the go-ahead to talk over an intro, but doesn't have the license to do it all the time. As a rule, we like to avoid it. I think it depends on the song. A lot of intros are just wasted vinyl in some cases. I certainly wouldn't want to talk over a good intro."
- KAREN ANDERSEN SMALL, WGIR: "No. As far as Album Radio is concerned, I'm somewhat of a traditionalist in presentation, so it bugs me when I hear an announcer babbling over the music. Most of the time when an announcer talks over the music intro, what he says isn't worth anything because he's just trying to fill in space until the vocals come in. Good talk overs are hard to do. Very few people can do them well."
- JIM ROBINSON, KESI: "We don't, and our audience appreciates it."
- STEVE BRIDGES, KFMH: "We do not talk at any time over music. I believe that Album Radio listeners want to get away from that, and in fact other adult formats have shown that to be the case as well--for instance Country. My opinion is that there're too many Album Radio jocks and Album Radio programmers that are programming their stations as being on the defensive in regards to CHR rather than just looking at it as a different format and making that format appeal to as wide an audience as possible. CHR is not necessarily God's master plan for the FM band. Whenever I see a station add the Monkees or rant and rave about how good Huey Lewis is and not add an R.E.M. or be late on Bonnie Raitt, I get sick."
- GREG TORRINGTON, CHEZ: "If we do it at all, it's usually during the morning show. Generally we never talk over the first few notes to maintain the tightness. It messes up home taping."
- INESSA YORK, KGON: "We don't really talk over anything, as a rule. Maybe we'll just lead in with the call letters slightly or the name of the band. If it's done right and briefly, I like it, it doesn't bother me. But please, not over a brand new song."
- JOE MARINO, WAQY: "We talk over songs all day.. But as far as talking over a classic like Led Zeppelin's 'Stairway To Heaven', that's something you just don't do. I think that it makes for a better texture and a tighter, more consistent sound."
- MIKE BOYLE, WDHA: "Yes, we do talk over intros from time to time. It doesn't happen during any specific daypart, but when we do, the talk over is very short. By keeping it short, I don't feel it hurts anything."
- AL BRANCA, WMGM: "Yes, we do talk over intros. However, there are guidelines such as the obvious no talking over cold intros, hard intros, and no aiming for the post (i.e., talking for the sake of talking just to reach the vocals). And we don't read promos, weather, PSAs or information over an intro--only if it pertains to that particular song or artist. We do talk over records during all dayparts. I don't mind hearing talk over an intro if it's done in good taste."
- CHUCK BROWNING, WIOQ: "We do talk over records, but sparingly and never at the sacrifice of the integrity of the music. If you gotta pull the volume down to talk over it, you shouldn't be there in the first place. I don't think artists create song intros for jocks to talk over. Sometimes it works nonetheless, but it's a very delicate balance. There are some songs that are hard to get into without talking over them. I always remind the jocks that at a concert, if the applause starts on the third note, it means that they know and like the song so you should never talk over it."
- BRIAN ILLES, WKFM: "As a general rule, we do not talk over song intros. Occasionally, we might roll the song as we say the call letters one last time. I have worked at stations where jocks talked over intros and didn't talk over intros and, as long as you consistently do it or don't do it, I think it's all right."
- JOE BLOOD, KEZO: No! Never! Never! I don't like talk overs and I think that the fact that we don't is just another positive positioning factor against our CHR competition which does do talk overs."
- TOM SCHEPPKE, KISS: "Yes, it's up to the jock who's on the air. I think there's a right way and a wrong way to do it. I won't recommend that anyone read the weather or PSA over the front of a song, but I'll roll the front end of a tune while talking about the artist till it gets to the words. We don't get any complaints about it if it's done right. When I first started out in radio about 10 years ago, I ended up talking all over the front of 'Stairway To Heaven' about a PSA or something. I talked all the way up to the vocal--now that's overkill!"
- HARVE ALAN, WCCC: "Yes, we talk over song intros. No, we don't intrude over classic records. Yes, rock radio needs to talk over records. I feel that forward motion at all times is crucial. We do not sound typed, just exciting. If done right, talking over music, at least in my situation, ties the whole package together."
- BOB BITTENS, WHCN: "We try to discourage talk overs. Listeners still perceive that as being a very unhip 'Top 40' thing to do."
- GREG MULL, WXRC: "It's our policy not to talk over the intro of records. The format was derived as a music format and many listeners, including myself, still think the intro of a song is just as important as the rest of it. The only exception to this rule is if we use an artist liner over the intro of that artist's song."
- LEX STALEY, WFYV: "No we don't talk over intros; no particular reason as to why or why not, it's just our programming style. I'm not adverse to a station doing it, as long as they make it sound right."
- JOHN FLORENCE, KRSP: "No, we've never done it, and it does bother me whenever I hear it."
- KEN ANTHONY, KSJO: As a rule, we don't talk over the music, but it's not an iron clad rule. Occasionally, the song might sound fine with talking over the intro, especially if you set up a bit for some type of emphasis. I believe that one of the things that separates AOR from CHR is a respect for the music. I find it irritating when AOR jocks talk over the music."
- BILL PRESCOTT, KZAP: "No, we don't. What's the point?"
- MICHAEL DAVIS, KFMG: "Rarely, because it can cause a lot of confusion. To steal a line from KQRS, Minneapolis, 'An AOR should be the station that doesn't scream over your favorite rock 'n' roll'."
- DAVID ANDERSON, WMAD: "No, we don't talk over song intros. As a matter of fact, any jock caught talking over a song intro should have 'the Refrigerator' sit on his face. Occasionally, I think it's refreshing to hear an album jock talk over a song. Break some rules once in a while, surprise the listeners."
- JOHN BEAULIEU, WTUE: "It's a station policy not to talk over intros."
- RANDY STEWART, WBGK: "At WBGK we do not talk over any intros. Almost everyone's research indicates that the type of listeners we're trying to attract don't want their music talked over. As far as other AOR stations go, it might be okay depending on the type of format. If there's a fair amount of personality interjected on the station, the only way to achieve the desired flow is by talking over music."
- JACK GREEN, KLPX: "There's no specific policy in reference to talking over intros, some jocks do it, some don't. Personally, I prefer not to. We're album oriented and I think we should play the whole song with no clutter."
- LECIA MACRYN, WWCK: "Very rarely, almost never and if we ever do, depending on the song, only if it's an extremely soft intro and only if it's a very short, and I mean very short, talk over. No specific dayparts. Personally, I don't care for talk overs, they take away from the music and can be very distracting and annoying."
- JOHN BEAULIEU, WTUE: "It's a station policy not to talk over intros."
- DUANE SHERMAN, WTOS: "Yes, our station does talk over song intros, sometimes. The sometimes being when the song is right. No specific dayparts, and not all the time. Only when the jock feels comfortable with it, and we never suggest that somebody do it. My opinion on hearing an Album Radio jock talk over the music? Fine, as long as the jock does it the right way. After all, who's more important, the jock or the musician?"

MARK WILLIAMS, WWZU: "We do not talk over any song intros, except in morning drive, Monday through Friday, and only at a time where the intro is not a significant part of the song. Our only reason is to keep things rolling. Personally, it annoys me to hear people talk over intros and it always has. ZOO 92 has actually received phone calls from listeners telling us the reason they like ZOO 92 is because we don't talk over all the good music."

MARTY GRIFFIN, KFME: "The only time that we talk over intros is on a real soft intro to a record. I think it's okay if it's done only once in a while; don't over do it."

MARTY BENDER, WSKS: "We are not here to be heroes, we are here to be heard. Abstinance of talk-overs is an archaic relic of old-line reform radio. While talk-ups are not encouraged, their execution can be short enough and concise enough to fulfill the valuable programming elements: 1) station identification, and 2) pre-announcing new music, especially when dealing with core artists whose latest songs are yet to reach a familiar recognition with the majority of the audience. Radio is a passive medium. Record companies call this pre-announcing 'sell'. We call it 'tell'. It's nice when they both can work together."

RUSS MOTTLA, WAAF: "Yes, we do talk over records at WAAF. As a general rule, we try not to talk right up to the vocals. But in order to keep our music sweeps flowing, and not sound like a stop down, we do talk-over especially song intros. I feel that the days of AOR radio, under any circumstances, not talking over intros, are over. I hear stations like that now and they just don't sound relevant."

WAYNE SUMMERS, WRCN: "Only over the first few seconds when doing so doesn't seem to detract but rather highlights the music. It is, however, not the normal course of affairs here. Basically, we do not talk over the music. My opinion: If God had intended for us to talk over music, he'd have installed transistor radios in our teeth."

HOWIE CASTLE, WEGR: "We discourage it. It is done sparingly and then only in morning drive."

BOB BAILEY, WKLS: "We don't talk over records at all. In our competitive situation, I think it would be very negative. In another market, who knows? It would depend on how much the station was trying to position itself as the musically hip station in town. If you are shooting for that position, you don't want to do it because it tests terribly with musically aware males."

MIKE KELLER, KQDS: "We take pride in the fact that we don't do talk overs. One of our slogans is 'The station that never talks across your favorite classic rock 'n' roll'. It's very annoying to me to hear an Album jock talk over music. Some of the research that we've done shows that's one of the things listeners detest the most about our Top 40 friends across the street."

TOM STARR, WOUR: "Yes, we do and it's not restricted by dayparts. Talk-overs are, however, limited to those songs that ease the listener in, rather than ones that have a cold intro."

DON BERNS, CFNY: "Yes, we do in all dayparts, although talking over song intros will only happen on the average of twice an hour. We also run 5-10 second promos over song intros once per hour, especially with long intros that you find on 12" mixes that we play a lot. I find nothing aesthetically displeasing about the practice; in fact, when it's done properly, it can be quite exciting to listen to."

DOUG CLIFTON, KBCO: "In most cases, we stay away from talking over the intro of a song. The music is what's most important at KBCO, and our research has shown that the audience doesn't like to hear the jock talking over intros. The only exception would be a song that starts off really soft and builds with a long intro. There are some people who can do a good job talking over records. It really depends on the jock, and it depends on the image of the station. Just to conclude talking over intros is more reminiscent of CHR radio."

ERIN RILEY, WMMR: "No, with the exception of the morning show. You try and tell John DeBella what to do. Personally, I think it's sacrilegious."

RON SORENSON, KBLE: "No. Never. I don't like it."

JOHN McCRAE, KRQR: "We basically leave it up to our jocks' discretion. I love it when it's right, and can't stand it when they screw it up!"

CINDY BAILEN, KZEW: "We don't talk over record intros, we find our listeners prefer it this way. However, personally, I don't mind hearing a jock in any format talking over an intro as long as it's done well. I learned how to do it when working at a Top 40 radio station, and now I talk up songs on the car radio all the time."

MARK BENSON, WIOT: "No, we don't talk over tunes. However, I think it can be done occasionally, but certainly not all the time."

# Radio Action

35  
WKLS, ATLANTA, GA M.D.-BOB BAILEY: "I'm not going to hide the fact that I'm a little leery of Aretha Franklin for AOR, but if there is an Aretha song that can work on the format, it's this one, what with Keith and Ronnie helping out. So, it's a full time add, although a bit of an experimental one! I doubt the record will be around as an oldie for very long, but as big a CHR record as it is undoubtedly going to be, we would like to be a part of it--such as we can within the limitations of 96ROCK... 'Puzzlin' Evidence' strikes me as the most mainstream accessible song from the new Talking Heads. They are an interesting band in that they've never compromised their 'art', but have still managed to build a mammoth 'cult' audience. I'm not talking about cult in terms of a small audience. I define cult as fans that are loyal to the artist, beyond the production of hits... Although I don't think the Billy Squier single is radically different from his past work, I think it's a good strong straight-ahead-rocker, and Billy writes a much better song than most of the hard rockers... The Beach Boys have turned in an excellent interpretation of 'California Dreamin', a surprising choice of material but one that works on both an artistic and mass appeal level. My biggest reservation on the record stems from wanting to avoid overuse of the current spate of classic remakes. There must be 10-15 serious airplay contenders which fall under this heading. A few of them provide good flavor, even if their ultimate appeal is only as a curiosity piece, but an overuse of remakes is just as bad as an overuse of oldies in the music mix... Atlanta's not a hot bed for mainstream local talent but the Georgia Satellites have clearly emerged as the best straight down the line working band in Atlanta, and have a great following here!"

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "Having the new Ric Ocasek record is almost like having a new Cars album! Members of the band show up throughout the Lp, but that's ok by me. If there's any difference at all it's the guitar work of Steve Stevens. The album has plenty of good material to give it a long run on-the-air... Talking Heads always surprised me with each new release. 'True Stories' is the kind of record you can listen to over and over and hear something new each time. Right now I'm not sure if I like it as well as 'Speaking In Tongues' or 'Little Creatures', but talk to me tomorrow and I may have changed my mind... I can't turn my back on two of the most important ladies in the world of Rock and Soul: Aretha Franklin sounds better than ever on 'Jumpin' Jack Flash'. That should be an automatic everywhere. Meanwhile, the musical marriage of Tina Turner and Mark Knopfler continues to work out just fine. 'Overnight Sensation' is our choice for a lead cut... Richard Thompson has released another exceptional record. He certainly deserves a shot on any alternative station and the 12" 'Valerie' would sound great everywhere else... Operations Manager, Dennis Constantine, attended the AOR panel at the NAB recently. He said one of the panelists stated the reasons so many AOR stations are switching to classic rock or ignoring new music is because there is no good new product coming out! That kind of attitude will be the death of album radio! If half of these so-called 'programmers' spent any time at all listening to new music, maybe they would change their minds and turn their audience on to something new instead of running 'Suite Judy Blue Eyes' or 'Rhiannon' into the ground. Some people just don't get it!... Thanks to Bob Meyers for dropping by KBCO with Bruce Hornsby and George Marinelli. We taped Bruce's S.R.O. concert at the Rainbow and played it back on-the-air. The response has been fantastic! Bruce Hornsby is one of the biggest new acts of the year in Boulder/Denver"... FROM P.D.-JOHN BRADLEY: "'Stairway To Heaven', '25 Or 6 To 4', 'California Dreamin'', 'Jumpin' Jack Flash', 'Barefootin'', 'Long Cool Woman', 'Spirit In The Sky', 'Tobacco Road', 'What's Going On'--A station could play all currents and still be classic rock... Are artists following the lead of many radio stations and remaking oldies as their only hope of getting airplay? The classics are fine but the current crop of 'original' songs is good too. Both have a place in the mix of a quality radio station."

WLWQ, COLUMBUS, OH M.D.-LEE RANDALL/WENDY STEELE: "WLWQ is getting mega calls on Boston--great response--can't wait for the Lp!... Bruce Hornsby 'The Way It Is' is a flavorful midday song, working better for us than 'Every Little Kiss'... Huey Lewis 'Fore!' has been #1 retail for 3 weeks in a row, and Steve Winwood has stayed at #2. He played a great sold-out show here this past week. 'Thanks' to Larry Bole for his fine hospitality toward us and our winners who were put 'Back In The High Life'... Sales movers: 'Top Gun' Soundtrack, Peter Gabriel, and Triumph... Top 5 requests: Bon Jovi, Triumph, Steve Winwood, Peter Gabriel and David & David... Mark Bishop (best known as Munch), now not only holds down the sports desk, but is also Promotion Coordinator, and Wendy Steele has officially been named Asst. Music Director."

KOME, SAN JOSE, CA M.D.-CANDI CHAMBERLAIN: "Although some knuckleheads may think that the Boston single is wimpy-wombly-wambly, I guess I still have a 'Bobby Vinton' kind of sentimentality about me because I think it's one of the sweetest things I've heard in ages. I'm really curious to hear the rest of the project, FINALLY!... Elsewhere we find that rhythm and blues has reclaimed its rightful place on the album charts via a Bryan Adams smoker on Tina Turner's new Lp 'Break Every Rule' (it's about time somebody did). Who says only AOR staple artists are allowed to revitalize soul on the radio? 'Back Where You Started' is an excellent start in the 'exchange student' direction. After all, if mainstream AOR artists can hit #1 with serious studies in Stax/Volt Memphis soul-type tunes, then why in the \*\*\*\* shouldn't one of soul's premiere artists demonstrate that the bus travels both routes??? It's absolutely stunning and amazing that AOR is finally ready for one of the most talented soul artists in the history of modern music to bust loose with a totally viable screaming, smoking rock 'n roll record--'Back Where You Started'--indeed, it's about time! And now, before we were so rudely interrupted by the stigma of disco--I mean, after all, where did rock 'n roll come from in the first place? I hope to see a healthy furtherance of this trend--makes the wait so much more worth it... And, by the way, I'd like to nominate Ric Ocasek's 'Emotion In Motion' and 1958s 'For Your Love' by Ed Townshend as the AC segue of the year."

WNEW FM, NEW YORK, NY M.D.-MARK CHERNOFF: "This has been one of the busiest music weeks that I can remember. Things that really stand out: John Fogerty 'Change In The Weather', Aretha Franklin's 'Jumpin' Jack Flash', the entire Talking Heads Lp and 'Amanda' by Boston... Please don't overlook Southside Johnny's 'Tell Me', the best cut on the album... Also, don't miss out on Iggy Pop's 'Cry For Love'. Bowie's production does wonders."

WHJY, PROVIDENCE, RI ASST. P.D.-GLENN STEWART: "What a week! I know it's generally thought that with the rush of new 'must play' product, we music decision makers should be saying what a 'pleasant problem' this is. Well, yes, it sure beats having lousy records to work with. But if an M.D. has a hard time sorting out new Boston, Billy Squier, Ric Ocasek, John Fogerty, Talking Heads, and Phantom, Rocker & Slick (to name just a few), just think how tough it is for the average listener to absorb. It is realistically too much to ask. Let's recap the week. Talking Heads: quirky and brilliant from first note to last... John Fogerty: maybe not quite as deep as 'Centerfield', but 'Change In The Weather' is 'Suzy-Q' Part II, tough and intense... Ric Ocasek: hipnotic melodies that are guaranteed to sound better with repeated listens... Billy Squier: a gem for album radio, especially if a station is overloaded with CHR crossovers. 'Love Is The Hero' has at least three great hooks... How could I mention Boston without noting the listening mega-party in Beantown? Roman and Randy and the MCA boys have done it again. It was a blast reuniting with the FMOB pair and other friends and seeing all the new faces--you know who you are. Brian Illes: we must do more therapy again sometime."

KISS, SAN ANTONIO, TX M.D.-TOM SCHEPPKE: "Boston is back. No doubt about it, 'Amanda' is red hot. It took 24 hrs for the audience to get hip and since then, the phones haven't quit. I'll give you a tip while you're waiting for the album. Take the b-side 'My Destination' and use it at the end of 'Amanda', sounds killer... The new Billy Squier 'Love Is The Hero' sounds good to these ears. This one's real catchy... 'Playing For Keeps' Soundtrack has a killer Townshend track on it. There's a lot of Townshend product out there right now, but this one's the tops--sounds like Who's Next material. I can't wait... Got to add the import Iron Maiden 'Wasted Years'. Somebody got smart and gave it to MTV first. Makes sense to me since most station programmers won't touch these guys with a ten foot pole. Your loss is MTV's gain... Finally, call Roger Lifeset and get a copy of the Perennial Lp. These guys from the Washington State area sound like Zeppelin meets Zebra to me. Good fresh nighttime rock and roll... P.S.-Trip Reeb and myself will both be out of town the week of the 22nd to the 26th. Don't call us, cause we'll be having a good time."

WHCN, HARTFORD, CT ASST. P.D.-BOB BITTENS: "Only 95 more shopping days 'til Christmas and the rush is starting! If this week's releases are any indication, 1986 is heading for a big finish!...It's been eight years since their last record, but our audience is acting like they've never been gone. Boston's 'Amanda' is already our number one most requested song...I just can't get enough of John Fogerty's gritty guitar work as it provides the fuel for his fiery new album. His picking is almost as sharp as the teeth in his lyrics: 'Zombie' is as down and dirty as 'Centerfield' was bright and bouncy. A killer record from a rock 'n roll master...Ric Ocasek opts for commercial over quirky on 'This Side Of Paradise' and comes up with a solo album easily equaled to anything the Cars have done as a band. His instantly familiar voice and style should keep this record on the charts at least through year's end...While not the first-listen-monster that made 'Little Creatures' the first platinum Talking Heads album, 'True Stories' does have its gems. We'll start with 'Love For Sale' and I also like 'Radio Head'...We already know that Tina and Bryan are a great team, so it comes as no surprise that their collaboration on her latest album is a stone cold killer rock tune. If 'Back Where You Started' was any hotter, we'd have to get fireproof turntables to play it...Speaking of h-o-t females, Aretha Franklin's treatment of 'Jumpin' Jack Flash' is her rockiest record in years. Across the board positives from listeners on this remake of the Stones' classic...And finally, how about that Iggy Pop? The best record Bowie has made since 'Let's Dance'--and it's great to have a rock singer who can hit some low notes!"

MCA RECORDS

WBCN, BOSTON, MA DANNY McCLOSKEY: "This week is major release central! New releases from Cyndi Lauper; John Fogerty; Talking Heads and Ric Ocasek make for great airplay. Cyndi's colors and originals prove her talent will squash any sophomore jinx: 'Change Of Heart', 'Calm Inside The Storm', and Marvin Gaye's 'What's Going On' are the standout cuts...It sounds as if Creedence Clearwater's old swamp grooves took a political awareness course for John Fogerty's new Lp. Favorites include 'Headlines', 'Change In The Weather', and 'Violence Is Golden'... The Talking Heads album once again proves the genius that is David Byrne. Prime tracks are 'Love For Sale' and 'Puzzlin' Evidence', although 'City Of Dreams' has a reserved space in my heart and on my turntable...Ric Ocasek's solo Lp shows the man is more than just a wheel in the fine running machine that is the Cars. His effort couples tenderness with the biting edge we've come to expect in his tunes and layers the whole with fine musicianship...I got a chance to hear an advance on the 'til tuesday album and I can only echo Bob's praises from last week. Good going, guys! This Lp will be around a long time in your currents, and will find a happy home in your core library...The new singles from Boston and Aretha Franklin both sound great...The new Iggy Pop is a s-m-a-s-h and is generating mega requests...Also huge in the request camp: Neil Young's 'Hippy Dream' and UB40...Massive phones on the Gene Loves Jezebel--put on 'Heartache' and hire more people to answer all the calls! Personal plug: Listen to the 'Scruffy The Cat' Lp on Relativity. These guys have been building a strong base in New England for a few years and now they're ready to take over the world. They come at you with the confidence of a tom on the prowl and with more balls than have been used on all the diamonds in the country this past Summer. Give it a listen!"

KGB-FM, SAN DIEGO, CA M.D.-PAM EDWARDS: "With Boston's new one almost on the streets, do you think there's someone we can convince to release their first record on CD? It would have been great having it years ago but now's as good a time as ever...Well, the Talking Heads have managed to keep their 'sound' while still moving uniquely into the future and retaining enough of the basics for the masses. It's always a great week when we get a new Talking Heads release, and this one's been no exception. We're using 'Puzzlin' Evidence' first... 'This Side Of Paradise' recipe: Add one Ric Ocasek, three Cars, another handful of key players, and a collection of thoughtful lyrics. Layer with a texture sound, and a dose of 'magical potion'. Produce in studio, listen repeatedly to finished product, lay gently on turntable. Ten songs will serve millions...Jef Scott's 'One By One' has been garnering a great reaction. It is one of those songs that sounds better in your music mix rather than alone on your turntable...Thanks to INXS, Dokken and Great White for the fine hospitality you all showed us during your recent concert stops. Thanks also to the folks at Powercuts for the special extras you provide... Once again I think we must all prepare ourselves mentally for another onslaught of Brucemanía. Try to avoid any contact with his music or his press coverage for the next month. You'll be barraged with all of that soon enough. It will be a treat--but be prepared!"

CFNY, TORONTO, CN ASST. P.D./M.D.-DON BERNS: "Back to work from a week in Vancouver and 3 days at Expo '86 where the lines are still long, but the exhibits are well worth the wait. Unqualified raves to the Northwest Territories, British Columbia and Telecommunications Pavillions, plus the Expo Centre with their unique presentations of life in Canada. The imax 3-d in the Canada Pavillion is a mind fucker. The great hall of the Canada Pavillion features outstanding and unique artworks plus a remote controlled spaceship that flies about to the delight of the crowds. Special notes: The Time Tunnel in the Ontario Pavillion is a visual and aural treat. Maybe because the host country is Canada some of the other countries represented don't go all out, but if you want a real treat you should journey to Vancouver for Expo before it ends in a little less than a month. Beware; however, of Greeks bearing ships. The Pegasus is supposed to be a cruise liner turned into a hotel-- instead it's a rip off that bears no resemblance to pamphlets sent to travel agents! Fortunately I didn't spend any time there, or I might be tempted to go on about what a toilet it is!...On the music front, the new Talking Heads and Elvis Costello Lps and new singles from Iggy Pop, New Order and General Public are h-o-t! h-o-t!... Tom Robinson fans note: There's a new UK single called 'Still Loving You' that is very much in the order of the 'Hope And Glory' Lp (i.e. it's great!)."

**KSJO, SAN JOSE, CA M.D.-KEN ANTHONY:** "What a major new week of new music topped off by the new John Fogerty album. I've been a CCR fan since the first album, and this new release sounds like vintage Fogerty. 'Change In The Weather' is 'I Heard It Through The Grapevine' Part II with John's patented blues guitar riffs. We're also playing 'Headlines'--a straight ahead rocker. It's great to see that John Fogerty still has his unique sound and I'm lining up for the Fogerty tour now...Also a big thumbs up to the new ones--Billy Squier and Boston... The major surprise of this week is the 'Playing For Keeps' Soundtrack, featuring great new songs from Pete Townshend and Phil Collins, plus a solid version of 'Stand By Me' from Julian Lennon (his dad would be proud). It won't matter if the movie flops--there's plenty of quality tracks on this album."

**KLOL, HOUSTON, TX M.D.-DAYNA STEELE:** "I'm currently helping put together a teen recreation room at Children's Hospital here in Houston. We need all sorts of items including bumper stickers, albums, tapes, t-shirts, posters and any other promotional items you can spare. These things need to be mailed to: Richard Wier, University Children's Hospital at Herman, Third Floor, Jones Building, 6411 Fannin, Houston, TX 77030-1501."

**WCCC, HARTFORD, CT P.D./M.D.-HARVE ALAN:** "B-O-S-T-O-N!!! 'Amanda' pulls #1 phones instantly...MCA didn't have to throw a party to get us on this one. (Roman and Randy...the gathering was great)...Tina Turner's album is also great. Is there a rock radio station that can afford not to play this album?. 'Back Where You Started' rocks harder than many mainstay artists. This album may even be better than 'Private Dancer'...There are many good tracks on Fogerty's album, but which one to play? 'Change In The Weather' got the nod. It recaptures some of that classic CCR sound...Aretha and friends pulling phone interest...Billy Squier, always strong in Hartford, Should score with 'Love Is The Hero'...Let's not forget about the Talking Heads-- quite an interesting album and at this point 'People Like Us' is the standout track!...Cinderella seems to be taking over where Def Leppard left off. This album has sold well and worked well here. Listen to 'Nobody's Fool' and see if it fits your nighttime rotation...Please don't release any new records this coming week. There's enough stuff left over to last for weeks to come."

**KGON, PORTLAND, OR M.D.-INESSA YORK:** "Certainly the most obvious fever this week is to be found in the Boston camp. Who'dve thought they're so popular..still? 'Amanda' is a seductive enough start, but thank God there is new material on the way...Fogerty's album is impressive. For a start, I like 'Change In The Weather'. I also respect his stance on CCR music...As for the Iggy Pop, 'Cry For Love' is a mesmerizing piece and I guess more accessible. Frankly, I don't care. I'll take it as it comes. I can just hear listeners asking if that's a new Billy Idol song...This past week in the live department, we will finally have had the chance to hear Bruce Hornsby's stuff; and, after having read all the other raves on his show, it'll be my turn...Also, I'm checking out the Robert Cray Band, local favorites here in Portland...On the phones it's Boston, David Lee Roth and R.E.M."

**WEBN, CINCINNATI, OH M.D.-CURT GARY:** "So what is Jeff Pollack doing in France, and how did he get there without a visa? While we're speaking of notables, I understand Flash is a great vocalist. Next time you're in Cincinnati, guest spot with my band...Far and away the best reaction track on the John Fogerty is 'Violence Is Golden'. Guitars that just won't quit. Next time around, give me a whole Lp of that. And speaking of guitars, don't let this one slip away from you. Bypass the 12", 'Secret Doors' and go directly to 'No Time'. Robin Trower is back with a vengeance. His band sounds better than ever before and Robin has still got the goods. Independently distributed by GNP Crescendo, the album's called 'Passion', proving once again the blues aren't back--they never left!"

**WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY:** "Well, we certainly aren't at a loss for new music! Personally, I can hardly keep up, but I'm having fun trying. Let's start with Billy Squier: Right from the beginning of the song I was hooked. Of course, Billy is one of my all time favorite rockers and his records are always produced so well, interesting--you know what I mean...And then there's the Queen Of Soul, Aretha Franklin, giving half of the Stones something to do while they should be touring the United States...A lot of favorites on the John Fogerty album. I was not able to see his show this year because of DeBella's wedding bash, but I heard great reports and I can only imagine, after hearing the record! I love 'Sail Away', 'Headlines', 'Change In The Weather' and 'Wasn't That A Woman'. It's clear he wanted to make a record that was very different from 'Centerfield' and he succeeded...Some great concerts I didn't miss this week: First, Elton John. The guy is still such a showman. The new material sounds great live, and the choice of oldies was fabulous. Songs like 'Candle In The Wind', 'Love Song' and, of course, 'Philadelphia Freedom' had the audience on the edge of their seats. Having that much fun should be illegal...I'd also like to 'thank' all those who made our Red Rider broadcast such a success: Dave Morrell, Rick Salvador, David Knight, and Todd, Bill Siddons and of course Tom Cochrane... Back to records for a mere second: Boston's 'Amanda' comes along legally just in time for us. When I think of all those cease and desists that I got from Epic, it kills me. We could have been playing it for years now. I know my audience wouldn't have minded. I think DeBella summed it all up when he said, 'I like a band that finds a formula and sticks with it.'"

**WIOT, TOLEDO, OH MARK BENSON:** "Back from the swamp and better than ever, John Fogerty blows us away with another supreme effort! We're going with 'Change In The Weather' and 'Headlines'. Can't wait for the show this Saturday...Speaking of shows, Bob Seger And The Silver Bullet Band, owned Toledo with a great show before 10,000 of his closest friends. It was the quickest sell-out in Toledo history...And, best of luck to one of the nicest guys in rock 'n roll, John Eddie. P.S.: A vacationing Jim Steele wishes Bruce a happy 37th birthday!"

**WHMD, HAMMOND/BATON ROUGE, LA M.D.-KLIFF KAHUNA:** "In the past couple of weeks, I've been disturbed by the amount of covers coming in. Most of these are being done by relatively new artists. If, in fact, this is a ploy to get new artists on our station--it won't work! You're still better off working me on new artists who have new material. A perfect example of this is Bruce Hornsby And The Range. I felt a need to make this comment when I received in the mail, a cover version of 'Stairway To Heaven'. Hey, folks, this is going too far!"

**WSKS, CINCINNATI, OH P.D.-MARTY BENDER:** "The B-side of the new David Lee Roth single is in Spanish. It's 'Toco!'"

**WFXR, CHARLESTON, SC M.D.-R.G. JONES:** "I just can't believe it! Yes, the Georgia Satellites is every bit as much fun and exciting as all the talk. I've just listened to it about eight times and little did I know--for some reason my memory failed me until I heard the record--but the Satellites were in town a couple of months back with Jason And The Scorchers--and it was just too much fun!"

**WKFM, FULTON/SYRACUSE, NY ASST. P.D.-BRIAN ILLES:** "Steve Becker is on vacation until Sept. 24, so the music is all my fault for now. On behalf of Steve and myself, a big 'thank you' to Roman and all at MCA for the Boston trip and listening party. We had a great time and we didn't even wake up hung over! It was a great pleasure to meet and talk with Fred and Debby, as well as everyone else, including Brad Delp and especially Glenn Stewart...Musically, Steve couldn't have left me with an easier week. We saw John Fogerty about three weeks ago before 'Eye Of The Zombie' was released. It's a different sound but it's another winner. We'll start with two tracks: 'Headlines' and 'Change In The Weather'. That leaves us with six more tracks to play in 1987!"

**KEZO, OMAHA, NB M.D.-JOE BLOOD:** "The Smithereens record is, without a doubt, legitimate. For the second straight week, Top five phones on 'Blood And Roses' and Top twenty sales on the Lp. They're following the same pattern that R.E.M. followed a few years ago. I look for this band to be huge!...Boston's 'Amanda' is obvious #1 phones but I think that our audience would have appreciated something a little more upbeat, rockier if you will. I'm sure the album will fulfill that promise...The John Fogerty album is, without a doubt, the best thing he's ever done. I love the tropicality of 'Headlines', 'Change In The Weather' and 'Violence Is Golden'. John's guitar playing has never had more of an edge than it does on this album...The Tina Turner I also find to be superior to her last effort, especially the Bryan Adams cut 'Back Where You Started' and Mark Knopfler's 'Overnight Sensation'...The Talking Heads 'True Stories' should definitely propel the band further into the mainstream. Besides 'Puzzlin Evidence', I also like 'Radio Head'...The Billy Squier is a pleasant surprise, and the Far Corporation cover of 'Stairway' is definitely unique. I look for that and Boston to dominate our phones this week!"

**WMGM, ATLANTIC CITY, NJ M.D.-AL BRANCA:** "The Talking Heads new Lp is all I've been talking about for the last few days. No way to measure the pleasure of this treasure. Favorite tracks: 'Love For Sale', 'City Of Dreams', and especially 'Hey Now'. What a fun song...John Fogerty's new album is also great. The most memorable track after one spin is 'Headlines'. It's got great lyrics and reminds me of a CCR version of 'Dirty Laundry'...**ADDS:** Boston 'Amanda'--in just four days #2 phones...Aretha Franklin 'Jumpin' Jack Flash' and Phantom, Rocker & Stick's 'Long Cool Woman'---Added to the Beach Boys and Chicago makes our current playlist look like an oldies catalogue but they're all great remixes...Billy Squier 'Love Is The Hero'--good crossover potential...Cinderella 'Nobody's Fool'--the Lp is Top 10 retail here and this track should prove the album won't turn into a pumpkin at midnight...Frankie Goes To Hollywood 'Rage Hard'--'Relax' was a novelty. This track has much more serious overtones. It has great change-ups and is well produced. That cold ending will keep your jocks on their toes...GTR 'Here I Wait'--we're torn between live and studio versions. Live is great, but how can you pass on playing the CD?...Emerson, Lake & Powell 'Lay Down Your Guns'--sounds like a lost track from 'Brain Salad Surgery'...Top five phones: Bon Jovi 'You Give Love A Bad Name'; Boston 'Amanda'; Steve Winwood 'Freedom Overspill'; Bob Seger 'It's You'; Robert Palmer 'Didn't Mean To Turn You On'."

**KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE:** "KILO retail: Steve Winwood grabs the top spot, followed by Bon Jovi; Huey Lewis; Peter Gabriel and Genesis...Tina Turner debuts at #8...Hey, who opened the flood gates? The only problem with so-o-o many superstar albums coming out--it makes it very difficult to give the newcomers and baby acts the shot they deserve. But, as they say--it's a jungle out there, so grab your machete and start wacking away...With the increasing number of calls that I get each week, I must limit the times that I can receive them. Please restrict music calls to Wednesday through Friday from 1:00PM-5:00PM MST. If there is an emergency, please leave a message and I will get back to you. Thank you."

**WBRU, PROVIDENCE, RI M.D.-ALISON STEWART:** "I have nightmares about weeks like this! With so much stuff out, it would be ridiculous to comment on everything, but I'd like to pay homage to three folks: First is Aretha Franklin-'Jumpin' Jack Flash' just makes my socks roll up and down. The queen of soul is landing high again... Next is Elvis Costello. He's back on track with 'Tokyo Storm Warning'. It's a track you should be on...Bruce Hornsby goes to heavy again with 'The Way It Is'. It's a song to watch and play, if you haven't taken the plunge...Thanks to Roman at MCA for the Boston listening party; to George Skaubit at Warner Bros. for John Fogerty tickets; and Don Masters for Emerson, Lake and Powell."

WDHA, NORTH JERSEY, NJ P.D.-MIKE BOYLE: "First, let's tell MCA what a class act they are! The Boston listening party in Boston this past weekend was a lot of fun! The album sounds great and we're looking forward to getting it on soon! By the way, our editor, Fred, looked great with the white socks. Hey, Fred, did you like my jacket?...Can you remember a release week like this one? It's been a long time!...Deep now on Cyndi Lauper; John Fogerty; Ric Ocasek and Tina Turner...Favorite adds this week from Iggy Pop; The Venetians and Frankie Goes To Hollywood."

WBGK, MILWAUKEE, WI M.D.-RANDY STEWART: "If anyone gets a chance to check out Bruce Hornsby And The Range on tour, do it! In addition to great songs, you'll hear and visualize a great performance. The Range is one of the tightest bands out there and Bruce's vocals and piano work are superb! There's a lot more concert energy than you'd expect after hearing the album. A big thanks to Bruce and RCA's Mike Dungan for letting WBGK be a part of the show!"

KLPX, TUCSON, AZ M.D.-JACK GREEN: "John Fogerty sure gets my vote in the best album cover sweepstakes! I wish I had his makeup artist! Needless to say, we're going crazy over this new Lp. Favorite tracks are: 'Violence Is Golden', 'Soda Pop' and 'Headlines'. John is definitely not taking it lying down...Keith Richards has done a terrific job with Aretha Franklin and 'Jumpin' Jack Flash'. After a little trepidation about playing it, all of our fears went out the window once we started getting phones on it. Give it a try!...Another one to try is Far Corporation 'Stairway To Heaven'. They may be messing with a classic, but they do it well!"

WKQQ, LEXINGTON, KY M.D.-ROB ELLIS: "When it rains, it pours! The John Fogerty Lp is so deep! 'Headlines' is a muther...Really happy with 'Amanda' from Boston on-the-air. So looking forward to the Lp... 'til tuesday has a super follow up to their last Lp. If this record lives up to expectations, they'll be a firmly established act...Here's a guy who puts out super cuts for rock radio: Tunes like Eddie Money's 'We Should Be Sleeping' are AOR's bread and butter...Billy Squier's record takes a different direction, but it seems to work. No real big out-of-the-box hook, but it's an infectious little tune after 3 or 4 listens."

WCLZ, PORTLAND, ME M.D.-LORETTA CRAWFORD: "It's been an amazing week for live shows! Steve Winwood and John Fogerty all within six days. Jimmy Cliff and Steve Winwood is a 'must see'. The only people who couldn't appreciate it were too young to remember 'Low Spark' or too old to open up to the new song. A couple of tasty Spencer Davis tunes with a cherry on top...John Fogerty and Bonnie Raitt is yet another inspired pairing--and another case of legendary rock artist progressing rather than playing to the nostalgia crowd. Fogerty has a dynamite new Lp that deserves as much AOR attention as any classic rock format gives CCR. Turn up 'Knockin' and 'Soda Pop'. Special 'thanks' to George Skaubitis for both shows. Warners is really a full service label... We're listening to Tina Turner this week. Lots of criticism about her 'formula', but she's got a voice that shakes your soul and that's the real bottom line...Also, new Talking Heads; Ric Ocasek and Everything But The Girl grab the lobes this week!"

KRNA, IOWA CITY, IA M.D.-STEVE KOSBAU: "I've honestly never witnessed audience response to a new release one fourth as overwhelming as that for the new Boston single! In the first morning we had 'Amanda' in our hands, we tallied more requests for it than our average-most-requested-song gets in two weeks. It was staggering! This is the most exciting release I've seen in my ten year career, bar none. For KRNA it debuts at #1... This is a strong statement, but the Outfield appears to be the '80's answer to Boston. 'Play Deep' proves to mean more every day that it is the strongest debut album in several years. The fourth single is every bit as ear catching as any one of the first three. Our phones are lit up with calls for 'Every Time You Cry' already... I feel that many AOR's missed a golden opportunity for a mass appeal cross-over several months ago with OMD's 'If You Leave'. It was incredibly successful for KRNA. I expect an equally fantastic performance from their latest adult pleaser 'Forever Live And Die'. Check it out before the CHR's do!...And, to finish, I feel obligated to let you in on the best kept secret in quite a while. That, of course, is Dr. & The Medics' cover of 'Spirit In The Sky'. It found a home in our Top five phones a month ago and refuses to leave. Test it--you'll l-o-v-e it!"

WPLR, NEW HAVEN, CT M.D.-CHRISTINA: "It's New Haven, but they're clamoring for Boston--so Bon Jovi finally has to take the back seat! Not bad, I guess, if you're at a drive-in...Instant phone reaction to 'til tuesday and Billy Squier...Still getting curiosity phones for Bruce Hornsby; David & David and FM/u.k. ...And, if you were skeptical about Chicago's remake of '25 Or 6 To 4' remember, whatever you throw out in the trash you need desperately four days later!...Note: We've already wrecked our band twice, Harve--yes it's invaluable."

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "It's long been one of my favorites. I'd hoard the record if I could and spin it only during my airshift. Now along comes Phanton, Rocker & Slick with a real nifty remake and I'm forced to give them both up so that everyone can enjoy. I may not be long, but I am a 'cool woman in a black dress,' so feel free to join me in the boudoir, but only if you bring the radio and crank it up!... 'What About Love' seems to be the question of the year. Pay that no never mind because this 'til Tuesday tune is already generating phones here and what titillates me even more is that I've heard the rest of the Lp and they've delivered a second venture with lots of depth. 'Voices Carry' put them on everyone's lips, but 'Welcome Home' should establish 'til Tuesday as truly exciting group. I particularly like 'Coming Up Close' and 'Angels Never Call'... I'll admit that when the Beach Boys' 12" arrived, I pooh-poohed it and said you're wasting my time. I mean, I enjoy both groups, but covering 'California Dreamin'; give it a rest. Well, as the sun faded behind the clouds and the temperature dropped, I found this amazing smile spread across my face as I spun this song. It is a wonderful remake. Surprisingly fresh and good for what ails you. I guess that's what makes the band and the song timeless...I'm happy to report that our P.D. got tired of my mouth in his ear and now I don't have to invite all of our listeners to my place to enjoy the Burns Sisters. 'Run Rebel Run' assumes its rightly spot on the WPDH airwaves."

KNCN, CORPUS CHRISTI, TX P.D./M.D.-BONNIE STACY: "Wow! What a week for majors. The Fogerty album is way beyond superlatives from beginning to end. John's wide range of influences is so very evident on 'Eye Of The Zombie'...And Boston! I too doubted we'd ever get them back and now it's as if time stood still for the last six years. They picked up right where they left off. I wonder how many other programmers premiered it on the air without even an advance listen? What fun...The new John Beauvoir cut is really getting phones and no one is more surprised than I, since we didn't use 'Feel The Heat'...And now I'd like to officially welcome our new Operations Manager, Pepe Lopez, to the station and say how much I appreciate his confidence in my abilities by promoting me to P.D. The new title will likely mean some changes in the way I do business, so please be alert for new music call times and days in the near future. And thanks too for your support...and you know who you are, darlings!"

WBYS, BUFFALO, NY M.D.-MIKE BENSSON: "We're extremely happy with the July/August Birch monthly which officially makes us the #1 12+ station in the market (9.1). It's very gratifying to see the hard work paying off. I know we're only three month's old and this is just one monthly and we haven't bought a cake yet, but we can all tell that this town has accepted us and is behind us and we will continue to be a listener-oriented full fledged rock 'n' roll station."

WEGR, MEMPHIS, TN P.D.-HOWIE CASILE: "If the phone response is any indication, MCA better ship the long lost Boston '3rd Stage' Lp platinum because requests are about 20-1 over anything else. We're just overwhelmed by the amount of new product by name artists this week, which makes it tough to give those newer acts airplay... The Ric Ocasek is real good and I love the Tina Turner 'Back Where You Started' (keep writing 'em, Bryan)... The John Fogerty Lp arrived just in time as the title track was getting cooked! We went with 'Headlines' and 'Wasn't That A Woman', the latter having a nice Memphis feel to it...The Billy Squier sounds real good and a pleasant surprise is the Honeymoon Suite 'All Along You Knew'... 'Life To Life' by Pete Townshend sounds like a winner from the 'Playing For Keeps' soundtrack...Nice to see Michael Plen and Paul Brown from I.R.S. in town. My god, Michael, 2 bands getting airplay!...Thanks to Gary Rossington and Dale Krantz-Rossington for the visit and interview and best of luck to the new group...My last comment is that I'm burning out on all the cover versions. Is songwriting becoming a lost art?"

**WLNZ, LANSING, MI P.D.-RICK VAN GIL:** "Gee whiz! I sure wish my Dad would raise my allowance so I could buy all the great music that's out this week: John Fogerty's Lp is suprem-a-reno. Right now we'll go with 'Headlines' and 'Change In The Weather'. It is just amazing the amount of talent that John Fogerty has oozing out of his body. I can't imagine rock radio without him! This Lp will take us past the first of the year...The Ric Ocasek album might as well be a greatest hits package. Side one is the most impressive 23 minutes and 17 seconds I've heard in a long, long time...Boston has to be a heavy rotation tune at the start! This band has the most loyal fans in the history of history. My question is: If we waited 7 years for the single, does that mean we have to wait 57 years for the Lp?...The new Iggy Pop is anything but blah, blah, blah--Teaming up with David Bowie gives Iggy the career pop he needed!"

**KWHL, ANCHORAGE, AK M.D.-KEVIN VARGAS:** "This is a plea with a capital 'P'. Send artist ID's!...John Fogerty is getting mixed reviews from our airstaff, but I stand and give my applause. John shows his character and depth by not just making 'Centerfield' over, and this opinion comes from someone who wasn't overly excited by the single. But, as I told my pal, Kenny Ryback, John Fogerty on a bad day is still better than a lot of people on a good day...Timbuk 3 is creating a bright future for themselves. This prior unknown band is suddenly becoming a h-o-t phone item... We're also getting great calls for Great White. Better late than never!...And the Stabilizers 'One Simple Thing', which, thanks to our Columbia guy, Larry Reymann, we discovered!"

**WRCN, LONG ISLAND, NY ASST. P.D./M.D.-WAYNE SUMMERS:** "I thought I had already experienced the highlight of my career until this past weekend! Hats off to MCA for throwing the very best listening party for a new album ever. The food was exquisite--the city was fabulous--and the album is great! Boston, I even loved the dirty water! Nice to see ya Bob Krames, Bob Bittens, Ralph Tortora, Steve Becker, Steve Smith and Harve Alan! It was also great to meet the Deane--hobnob again with my ole buddy Mr. Hard--and most of all, "thank you" times three to Randy Hock and Bobby Shaw...I'm sure I'm not the only one this week who will compare the new Iggy Pop to Billy Idol meets David Bowie. 'Cry For Love' summons up that ethereal quality in Iggy which grabs our mortal ears and says 'listen up you mother--this is where it's at'...I agree with Bob Bittens that 'til tuesday has a s-m-a-s-h with 'What About Love', but CHR will soon be all over it and I suspect it will be a fast burn for mainstream AOR's...John Fogerty's album is stunning. 'Eye' displays a versatility and refinement which I believe equals, possibly surpasses, all his previous work--solo and CCR. The arrangement is pure genius...Damn, where did all this great chit come from, mane? Our playlist is bursting at the seams with great new music from The Talking Heads, Billy Squier, Billy Idol and Pete Townshend too!...See ya on the flip side of this cool dance we call rock 'n roll!"

**WPYX, ALBANY, NY ANDI TURCO:** "Now that things are getting back to normal, it's business as usual. Ed is here and getting settled in, and we all look forward to a killer Fall Book! The music is better than ever, too. The new Ric Ocasek album is great...Tina Turner once again proves that she is queen...And the new John Fogerty and Talking Heads sound great too. So much great new material to freshen the sound just in time for 'The Fall Book!'...**FROM P.D.-ED LEVINE:** "Thanks to everybody who called to say 'hi' this week. After 8 years, it's kind of strange not to know your way around the city, but it's also very exciting to have a new challenge! I didn't get a chance to publicly say 'thanks' and 'good luck' to Amy Dahlman. Amy's been 95X's secret weapon all these years. Now the rest of the country will find out how good she really is"...(P.S.: All the stories I heard about Levine were true.)"

**KFMG, ALBUQUERQUE, NM M.D.-MICHAEL DAVIS:** "As predicted, the ROCK 108 Chrysalis private jet to Las Cruces buried all the others. New Mexico's concert leader does it again! Huey Lewis, two nights in a row, was h-o-t! Such a shame to see Mario Cipolini with his hand in a cast, but as I told him, in the Billy The Kid Saloon 'I'm not going to ask because I don't want you to tell me'. Let's hope it wasn't another Tom Petty fit of rage... Our grand prize winners had a great time as did the ROCK 108 gang. Special 'thanks' to Jeff Laufer and Jeff Hackett. The Boston is a monster. Number 1 phones in less than a week. Eight years in the waiting didn't affect their following!...Sitting down to listen to the new Talking Heads Lp and the new John Fogerty is the icing for a Music Director. A second track from Dylan goes in and a nighttimer from Vinnie Vincent. 'Boyz Are Gonna Rock' develops out of the ROCK 108 metalshop."

**WAQX, SYRACUSE, NY M.D.-LORRAINE HAPP:** "Thanks to everyone for making this transition easier. Listening to all the great music that's coming out has made this job that much more exciting...The phones on Boston have been incredible--#1 most requested, first week out!...Side one of John Fogerty gives us the best of the 60's with a contemporary feel. 'Change In The Weather' is 'Suzie-Q' Part 2, and 'Headlines' is the straight ahead rocker...And what can you say about Yngwie Malmsteen? Anyone whose first name begins with 3½ consonants deserves a spin. 'You Can't Remember' is perfect for this guitar hungry market. The song wails!...Billy Squier gets a spot even though we're not thoroughly convinced...Finally, good luck to Promotions Director/Night Time Jock Smokin' Joe Simpson who's headed off to WHCN in Hartford!"

**WKLT, TRAVERSE CITY, MI P.D.-DAVE FORTNEY:** "ADDS: Boston 'Amanda'; John Fogerty 'Change', 'Headlines'; Ric Ocasek 'True'; Smithereens 'Blood'; Journey 'Girl'; Stabalizers 'One'...CONSIDERING: Billy Idol; Boston; Eddie Money...MOST REQUESTED: Eddie Money 'Take'; Ric Ocasek 'Emotion'; Neil Young 'Weight'; David & David 'Boomb-town'; Boston 'Amanda'...INCREASED PLAY: Steve Winwood; Huey Lewis; Triumph...INCREASED SALES: Huey Lewis; Bon Jovi; Steve Winwood; The Outfield...Real excited about the new John Fogerty album--It's full of good stuff!... Our phones are going absolutely nuts over the new Boston track, 'Amanda'."

**WNCT, PEORIA, IL M.D.-PHIL MANICKI:** "ADDS: Boston 'Amanda'; David Lee Roth 'Buffalo'; Genesis 'Deep'; Huey Lewis 'Like'; Smithereens 'Blood'; Timbuk 3 'Bright'; Beach Boys 'Dreamin'...MOST REQUESTED: Boston 'Amanda'; Bon Jovi 'Give'; David Lee Roth 'Crazy'; ZZ Top 'Fly'; Bruce Hornsby 'Way'...INCREASED PLAY: Ric Ocasek 'Emotion'; David Lee Roth 'Crazy'; Corey Hart 'Side'; 'til tuesday 'What'; Talking Heads 'Wild'; R.E.M. 'Fall'; Fabulous Thunderbirds 'Look'; Bruce Hornsby 'Way'; Huey Lewis 'Ladder', 'Hip'...INCREASED SALES: Huey Lewis; Bon Jovi; David Lee Roth; Steve Winwood; Genesis...Boston--simply unbelievable! Quickest phones response in a long time! After all the talk, this one had to be really good, and it is!...Another reaction record that tested well and continues to draw phone response is Timbuk 3. This kind of music keeps radio f-u-n!...Finally, the Beach Boys deliver. 'California Dreamin' is the perfect song for Fall and with those classic harmonies back, who could resist? You know the upper demos will go bonkers!"

**WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN SMALL:** "The phones are ringing like crazy for Boston's 'Amanda'! The band's fans are alive and well! Roman, I thank you--my stomach thanks you--for a wonderful listening party last Saturday. Had a great time. The Boston album is gonna be big. A big 'hello' to Tom Starr. It was good to see you again after all these years...Billy Squier 'Love Is The Hero' certainly has the hooks...John Fogerty's new album is interesting--certainly more aggressive than 'Centerfield' in sound and lyrics...The Talking Heads have come up with another quality album. The Heads always come up with music that's got depth and makes for good listening!"

**CHEZ-FM, OTTAWA, CN M.D.-GREG TORRINGTON:** "ADDS: Talking Heads 'Puzzlin' Evidence'; Cyndi Lauper 'Boy Blue', 'What's Goin' On'; Human League 'Love On The Run'; Aretha Franklin 'Jumpin' Jack Flash'; Iggy Pop 'Cry For Love'...CONSIDERING: Richard Thompson; The City...MOST REQUESTED: Run DMC; Human League; Huey Lewis; Timbuk 3; Bananarama...INCREASED PLAY: David & David; BoDeans...INCREASED SALES: Paul Simon; David & David; UB40."

WIXV, SAVANNAH, GA M.D.-VIRGIL THOMPSON: "I see that Bon Jovi is taking off in a lot of places and that's also the case here in Savannah. 'Slippery When Wet' is selling like crazy and is second only to Steve Winwood's 'Back In The High Life'. The CHR in town is already on 'You Give Love A Bad Name' so we'll up this into power this week and back it up with 'Wanted Dead Or Alive'...The new John Fogerty sounds great, fresh and yet familiar! We'll start with 'Headlines' and 'Sail Away'...Don't deny your listeners the opportunity to hate or love the Far Corporation's 'Stairway To Heaven'. This cover makes people voice their opinion whatever it may be!"

WFAL, BOWLING GREEN, OH M.D.-JEFF CLARC: "ADDS: Smithereens 'Blood'; Til Tuesday 'What'; Tom Cochrane 'Untouchable'; Journey 'Girl'; The Call 'OkTahoma'; Genesis 'In Too Deep'...CONSIDERING: Neil Young 'Weight'; Eurythmics; When; Paul McCartney 'Stranglehold'; Broken Homes 'Land'; Stabizers 'One Simple Thing'...MOST REQUESTED: Genesis; Peter Gabriel; E. KFMF, CHICO/REDDING, CA M.D.-MARTY GRIFFIN: "'Long Cool Woman'-'California Dreamin'-'Jumpin' Jack Flash-'25 Or 6 To 4', covers, covers and more covers. What ever happened to original rock and roll? Thanks to David & David and Bruce Hornsby."

KBLE-FM, DES MOINES, IOWA P.D./M.D.-RON SORENSON: "ADDS: John Fogerty 'Change'; 'Sail', 'Soda'; Tina Turner 'Paradise', 'Overnight'; 'Thunder', 'Break'; 'People', 'Afterglow'; Talking Heads 'Radio', 'Dream', 'People', 'City'; Richard Thompson 'Jenny', 'See', 'Handle', 'Nearly', 'Simple'; Cyndi Lauper 'On', 'Iko', 'Faraway'; Joe Lewis Walker 'Cold', 'One'; Ric Ocasek 'True'; Orleans 'Lady', 'Love'; The Vels 'Angel'; Robin Trower 'Forever'; Wally Badarou 'Chief', 'Walt's', 'Canyon'; Boston 'Amanda'; Robert Wyatt 'Ship'; Aretha Franklin 'Jumpin' Jack Flash'; Human League 'Human'...INCREASED PLAY: Paul McCartney; Timbuk 3; Billy Joel; Daryl Hall; Paul Simon; Huey Lewis; Larry John McNally; Don Johnson; Marti Jones...What an outstanding week for Adult Album Radio. I don't think we've ever added five records into medium or heavy before. This time make room; the heavyweights are comin'. Les' de eye ob de Zombie be cast 'pon thee, man, bes' be puttin' on that record right away, okay? Don' be wantin' no midnight visitation for de powers of darkness and death. So add or forever be de living dead. The eye be watchin'...Now Tina has her own kind of magic. An ageless spell which steals the soul of both programmers and listeners. Like 'Private Dancer' this album covers all the rock radio bases. We like the Mark Knopfler produced 'Paradise Is Here' and 'Overnight Sensation' best...Side two of the Talking Heads 'True Stories' may be their most accessible music yet. And talk about covering bases, a ballad, two tunes with steel guitar, one with fiddle, and in this, the year of the accordion, even a squeezebox on 'Radio Head'. Neat stuff!...We've been fans of Richard Thompson since the Fairport days. And always look forward to more. 'Daring Adventures' is full of choice quality stuff and goes straight on...Amanda is the quintessential commercial rock and roll record. It is, in fact, the most nearly perfect record I've ever heard. And I don't even like Boston very much...Personal note to Sean Coakley: You're right, Aretha is the Aretha of the 80's. We're jumpin', Jack."

KMBY-FM, CARMEL/MONTEREY, CA M.D.-PATTY MARTIN: "ADDS: Neil Young 'Weight Of The World'; Tom Cochrane 'Untouchable One'; Beach Boys 'California Dreamin'; Big Country 'One Great Thing'; Vinnie Vincent 'Do You Wanna Make Love'; The Outfield 'Everytime You Cry'; Tina Turner 'Back Where You Started'...MOST REQUESTED: Bon Jovi 'You Give Love A Bad Name'; Eddie Money 'Take Me Home Tonight'; George Thorogood 'Reelin' and Rockin'; R.E.M. 'Fall On Me'; Talking Heads 'Wild, Wild Life'...INCREASED PLAY: Talking Heads; Bonnie Raitt; Fabulous Thunderbirds; Rod Stewart...Jump on the next Big Country track. When I think of Big Country, that's the sound I think of. So much like 'In A Big Country'...George Thorogood is still getting hot phones. I'm sure partly because KMBY just did a show with him at the Santa Cruz Civic. As always, George And The Destroyers were hot. It was my fourth Destroyers show and their energy never ceases to amaze me. I especially appreciated the Don't Drink and Drive sentiment George echos throughout the show, especially because my car got sideswiped by a drunk the night before. And thanks tons to George for a real fun interview and for coming out to chat after the show. Another good show this weekend was The Starship at the Monterey Fairgrounds. Same stage as their last appearance here 19 years ago for the Monterey Pop Festival. Actually, Grace was the only one there then. It was great to see RCA's Jim Burruss and it was sure a treat to spend time afterwards with Craig Chaquico (see not only can I say it, but I can spell it too.)"

WTCS, FAIRMONT, WV M.D.-SCOTT REPPERT: "ADDS: Real Life 'Babies'; Rossington 'Turn It Up'; 38 Special 'Heart's On Fire'; Yngwie Malmsteen 'You Don't Remember'; UB40 'Sing Our Own Song'; Big Country 'One Great Thing'; Bucks Fizz 'New Beginnings'; Limited Warranty 'Hit You'; Boston 'Amanda'; Frankie Goes To Hollywood 'Rage Hard'; Elvis Costello 'Tokyo Storm Warning'; Aretha Franklin 'Jumpin' Jack Flash'; Cyndi Lauper 'Iko Iko'; 'Playing For Keeps' Soundtrack; Arcadia 'Say The Word'; Peter Gabriel 'In Your Eyes'...CONSIDERING: Perennial 12; The City 12; GTR 'Here I Wait'...MOST REQUESTED: George Thorogood 'Reelin' And Rockin'; R.E.M. WWZU, WILLIAMSPORT, PA P.D.-MARK WILLIAMS: "Okay, so I confused everyone by comparing Matthew Sweet 'Save Time For Me' with the Animals 'House Of The Rising Sun'. I hope it worked! I figure that you M.D.'s that are only hooked on classic rock and never play new music till it's old, would at least give Matthew Sweet a listen. You'll notice it sounds nothing like 'House Of The Rising Sun'. Instead you heard a fresh track that sounds great--lyrics and vocals that really cut--a nice smooth rhythm. The music is real nice, meaningful--a comfortable tune. Listen to it again...Hey, enough of the remakes already. I mean, geez--don't get me wrong, some of them sound good--but shit, some classic rock songs have to be left alone. I'm not going to point, just knock it off, pleeese!...ZOO 92 gave away our \$15,000 Laser XT last week. As part of the promotion, ZOO 92 threw a big rock 'n roll party at a local club. Get this, the winner is 56 years old. Rock 'n roll--it ain't kids stuff no more...Rick Salvadore and George Silva--thanks a lot. You've restored my faith in human beings!"

**RADIO ACTION CONTINUED**

**WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR:** "Change In The Weather' and 'Headlines' should waste no time making it into general circulation as the consensus follow-ups to John Fogerty's title track! The buried treasure on this Lp is the change of pace track 'Sail Away'...Hope Iggy Pop has his seatbelt fastened for what should be a rocket ride up the AOR charts: Phenomenal voice, great production and a killer tune...Getting hammered by soundtracks for the past 2 years was probably just a warm up for the onslaught of remakes we'll have to endure for the next two. Face it, most of the covers aren't much better than the ones inflicted on us in elevators. One notable exception is the Beach Boys brilliant reworking of 'California Dreamin''. As soon as the season catches up to the song it's on!...Phone response to Boston borders on out-of-control! Kudos to Roman and MCA for the listening party that was as out of this world as the cover art work for the new Lp 'Third Stage'-- Should propel this band right back into the forefront."

**WMAD, MADISON, WI M.D.-DAVID ANDERSON:** "Like a lot of people in radio right now, I'm very excited about all the new releases. There's a flood of excellent, top-quality new music right now, from people like John Fogerty, Tina Turner, Ric Ocasek, and of course--finally, Boston. It would be nice if the trend continued for the rest of the year. With so much good music from name performers, it's easy to overlook other new releases by lesser known acts like Timbuk 3, David & David..Tom Teuber, our V.P./Operations, recently took a well deserved vacation in the Greek Islands and the high point of that vacation (aside from swimming in the nude in the Aegean Sea!) was hearing Bruce Hornsby on the BBC's World Wide Request Show!"

**KNAC, LONG BEACH, CA M.D.-KEVIN STEPHENS:** "Many thanks for the hospitality to all at Elektra and Capitol Records for the recent Dokken/Great White show. Great show from all bands concerned, and local boys Eden put on a great show too...Reaction records for us include: Vinnie Vincent's 'Invasion' for which I predict very respectable sales, Cinderella and Stryper...We're seeing tremendous reaction from the core audience and the upper demos to the new subfetes on the new Iron Maiden record. I expect this record will exceed Iron Maiden's previous sales! The band deserves great credit for the many textures on this record. This is not just another heavy metal record!...Keep on rockin' everybody!"

**KQDS, DULUTH, MN P.D.-MIKE KELLER:** "From the first spin of the record 'Amanda', Boston became our most-requested song by a 4-1 margin over the rest. Most of the feedback has been total surprise that they finally put this record out...The second track from Eddie Money 'Endless Nights' is really developing on the phones now...The Outfield doesn't seem to be suffering at all from that 4th single syndrome. 'Everytime You Cry' is our 4th most requested song...David & David is a record that we held off on for a while but we sure are glad we're playing it now. It's been Top 5 on phones for two consecutive weeks...Another song that's taken me by surprise, yet a lot of people don't seem to be dealing with, is Hank Williams, Jr. and Huey Lewis. Basically you can't judge this song if you haven't heard it! We're getting quite a few curiosity calls on it...Far Corporation's 'Stairway To Heaven' remains the most classic rock radio track to date and despite all its play over the years, has still not lost its luster. Let's hope it stays that way with imminent Top 40 exposure on the new cover version around the corner."

**WXLP, DAVENPORT, IA M.D.-GARY JAMES:** "ADDS: Boston 'Amanda'; Corey Hart 'I Am By Your Side'; 38 Special 'One In A Million'; Steve Winwood 'Freedom'; 'til tuesday 'What'; Billy Joel 'Trust'; Bruce Hornsby 'Way'; Eddie Money 'Endless Nights'; Danny Wilde 'Body'; Beach Boys 'California'; Broken Home 'Another Land'; John Fogerty 'Weather'...CONSIDERING: Billy Squier...MOST REQUESTED: Ric Ocasek 'Emotion'; Eddie Money 'Take'; Boston 'Amanda'; Honeymoon Suite 'What'; Triumph 'Somebody's'...INCREASED PLAY: David & David 'Welcome'; Rainmakers 'Let'; Ric Ocasek 'Emotion'...INCREASED SALES: Bon Jovi; Triumph; R.E.M.; David & David; Paul McCartney."

**KFMH, MUSCATINE/DAVENPORT, IA P.D.-STEVE BRIDGES:** "ADDS: Richard Thompson 'Valerie'; David Lee Roth 'Goin' Crazy'; Bryan Ferry 'Help Me'; David Bowie 'Magic Dance'; Alcatraz 'It's My Life'; Boston 'Amanda'; Depeche Mode 'Question In Time'; Phantom, Rocker & Slick 'Long Cool Woman'; Billy Squier 'Love Is The Hero'; Ric Ocasek 'True To You'; Orchestral Manoeuvres 'Live And Die'; Tina Turner 'Typical Male'; Frankie Goes To Hollywood 'Rage'...MOST REQUESTED: Boston; Timbuk 3; 'til tuesday; Neil Young 'Weight'; Pete Townshend 'Barefootin'...'...INCREASED PLAY: Cinderella 'Nobody's Fool'; Broken Homes 'In Another Land'; Eurythmics 'When Tomorrow Comes'; Bonnie Raitt 'No Way To Treat A Lady'."

**WTOS, SKOWHEGAN/BANGOR, ME M.D.-DUANE SHERMAN:** "ADDS: Boston 'Amanda'; Iggy Pop 'Cry'; Aretha Franklin 'Jumpin'; The City 'Walk'; 38 Special 'One'; Beat Farmers 'Deceiver'; Southside Johnny 'Tell'; Everything But The Girl 'Come'; Doctor John 'Iko Iko'; Billy Squier 'Hero'; Phantom, Rocker & Slick 'Long'; Elvis Costello 'Tokyo'; The Cure 'Boys'; Frankie Goes To Hollywood 'Rage'; GTR 'Here'...MOST REQUESTED: R.E.M. 'Believe'; The Smiths 'Queen'; Talking Heads 'Love'; Paul McCartney 'Angry'; Timbuk 3 'Bright'...INCREASED PLAY: 'til tuesday; UB40; Tina Turner...Help me! I'm in a vinyl grave! 15 adds this week and I already have enough left-overs for next week. Jesus Christ! Slow down...The Talking Heads Lp gets immediate phone reaction. Two notable tracks stand out: 'Papa Legba' and 'Love For Sale'...It's great to see The Cure try 'Boys Don't Cry' again. Please! Please! Please, support this band. They sing from the heart--not the wallet...Frankie Goes To Hollywood is back and raging harder than ever. I can't wait for the 12 minute mix!...Also, don't overlook the 12" from The City. It's perfect AOR morning music...The new Elvis Costello is great. He leaves no time to catch your breath from his last Lp, but as far as I'm concerned he can put out a new album every Monday!...The new Aretha Franklin/Keith Richards version of 'Jumpin' Jack Flash' has all but set the phones on fire. This one is h-o-t!...And, isn't it great to have new music from Doctor John? The man still has it...Pick Of The Week: Iggy Pop. Iggy is back and doing it again. Don't overlook this man--hasn't he paid enough dues? Besides, it's a million times better than the new Boston--I fell asleep to that one!"

**WBLM, LEWISTON/PORTLAND, ME M.D.-ROBIN MATHIEU:** "So much music--so little space!...Boston is automatic, of course, and already a phone burner. Listeners are so hungry for the album that retail asked us to mention that it is not in the stores yet. Thanks to MCA and Roman for a very classy Boston listening party too...Iggy Pop jumps right out of the radio with a Bowie/Idol sound and a guaranteed s-m-a-s-h!...Aretha Franklin is on and rocking with her killer version of the staple AOR tune and Billy Squier's back on the radio with 'Love Is The Hero'. Two listens and bang! -- it hit me...Some favorite new cuts from the four monster albums: Tina Turner's 'Back Where You Started'; 'Changes In The Weather' and 'Headlines' from John Fogerty; Talking Heads 'Hey Now' and Ric Ocasek's 'Keep On Laughing', 'True To You' and 'Mystery'...Thanks to George Skaubits for excellent seats at the Steve Winwood show. If you're going to that one, don't miss out on Jimmy Cliff as the opener... Keep on rockin'!"

"Happy to see and hear a new Robin Trower album. Why isn't this guy on a major label? This is a very good album--far better than the BLP Lp. We're three cuts deep on this record...How about Georgia Satellites? This is a record you should definitely check out--its Rockpile meets Carl Perkins! It's too good to be ignored...The Iggy Pop record 'Cry For Love' is about as mainstream as Iggy's ever been. Hopefully this record will get airplay across the country...And radio will very soon be getting a 12" from the Adventure Club called 'The Push'. We've been on this for about two weeks now and it's getting great reaction."

## Record Action

KAREN LEE, ELEKTRA (212-484-7291): "I've been so excited about all our new releases, that I told Brad Hunt I would make comments about them this week. What a line up! Good gawd! THE CALL 'Oklahoma' is out with some pretty heavy hitters, and holding its own with its fair share of adds last week. Anybody who's anybody is playing this track...The SCREAMING BLUE MESSIAHS are out on the road. It's hard to imagine that three guys could make this much sound. The new track is 'Smash The Marketplace'. Don't miss this record or their show...THE CURE is priority, as always. Radio doesn't seem to get the message that this record is selling! 'Standing On A Beach' is approaching gold! HINT! HINT!. 'Boys Don't Cry' is the new track and the new chance for you to play it...GUADALCANAL DIARY is out on an extensive tour with R.E.M. These bands compliment each other perfectly. If you're playing R.E.M., you can play Guadalcanal Diary. Even if you're not playing R.E.M., you can play GCD. ...As there is always something new on the Elektra horizon, the GEORGIA SATELLITES are on your desk this week. This band is made of rowdy, good time rock and roll. 'Keep Your Hands To Yourself' will keep your hands on the repeat button of your turntable...Also new: The HOUSEMARTINS 'Happy Hour'. You'll be bopping around the radio station when you put on this record. Listen, add, report--and play!"

JACK ISQUITH, EPIC (212-975-5687): "Fresh from a 'Cavern Club' styled romp in New Orleans, CHEAP TRICK delivers 'Kiss Me Red' to radio this week. It's the first track from their upcoming Lp 'The Doctor'. Suffice to say, 'The Doctor' delivers on all counts (songs, production and performance) and, in doing so, cements Cheap Trick's hold as a format staple at AOR. And - if you dug the spirited outburst in New Orleans - don't miss them (and the promotional opportunities tied in with the band) when they tour this fall and winter. As always, Robin, Rick and the rest of the guys look forward to seeing their old friends at radio and making some new ones along the way. Please stick close to your EPA local for details of the upcoming Cheap Trick tour...And watch out for some incredible music from JOAN JETT, THE OUTLAWS and JAMES BROWN."

**RECORD ACTION CONTINUED**

LINDA KIRISHJIAN, COLUMBIA (212-975-1701): "What a great week! And what great records we have for you to air! 4  
ELVIS COSTELLO's album is now out. You'll love it. By now you've heard about the special tour he's doing in selective markets. In New York, for example, he'll be doing five nights on Broadway each night with different guests. We hear the COWARD BROTHERS will be making an appearance and there's more. Try 'Tokyo Storm Warning' off the Lp....I'm also excited because MATTHEW SWEET's album 'Inside' is out. When you get the album, listen to the whole thing just like you did with ELVIS COSTELLO. Especially pay attention to 'Quiet Her', 'This Above All', and 'Blue Fools'. FYI, BANGLES do backup vocals....There is a killer live version of JOURNEY's 'Girl Can't Help It' that I know you can't help putting on your playlist....Have you heard JEAN BEAUVOIR's 'Missing The Young Days'? Don't miss out....STABILIZERS, it was reported, sold out the Tower stores in Seattle by popular demand and not a restocking problem. 'One Simple Thing's power across America is building....Also selling is WOODENTOPS, 'TOP GUN' and THE OUTFIELD....Must see videos: RODNEY CROWELL's 'Let Freedom Ring', and BANGLES' 'Walk Like An Egyptian'....The track to listen to on EASTERHOUSE is '1969'. Don't get 'Stranded'. Really listen to how great this JOHN EDDIE track is. Don't let CHR beat you to one of our artists!...EDDIE MONEY has more than a smash once again. We're glad he's back....BURNS SISTERS are taking New York and L.A. by storm, K-ROCK is powering 'I Wonder Who's Out Tonight'. The New York area is BURNS SISTERS country with WNEW, WLIR, WXRX, WDHA, WHTG giving them a spin. P.S. Don't be surprised if you listen to the new FISHBONE album and you like it. Try 'Selective', and 'Give It Up'....Hey, did you catch BILLY JOEL on the DAVID LETTERMAN show last Thursday?"

MICHAEL PLEN, I.R.S. (818-777-3346): Album radio, thanks for taking R.E.M. and TIMBUK 3 to the status of elite hip artists for our format. That feeling should be a good one as you watch them both validate themselves on Top 40 and sales level. Now if we could just get rid of a few more oldies. Anyway, the new track from R.E.M. is 'Superman' and TIMBUK 3 is heading for Top 20 and going on Top 40 pretty quick....This week check into our BOLSHOI album. The song to listen to is called 'A Way'...And DOCTOR AND THE MEDICS refuses to go away and 'Spirit In The Sky' is one of the hottest requested songs in the country....And don't forget BEAT RODEO--a band you ought to listen to with the song 'I'm Not Afraid'....Jeff Naumann, the Plotcher King, how you doin'?"

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "RODNEY CROWELL is back with 'Let Freedom Ring'! There was a lot of interest on this and it got swamped by the biggies so here we are with the Lp, 12", 7" and video on your doorstep this week! 'Let Freedom Ring' is T-BIRDS meets ZZ TOP and CROWELL is a budding superstar.... The STABILIZERS is a hit. Chris Miller at the 'Rocker' in San Francisco says it's working the best of all the new stuff he's got on the air! Al Hofer at KSHE is getting heavy phones; Beard hit it early at KTXQ; last week KMET, KGB; this week KUPD put it into heavy after one week on the air! 'One Simple Thing' sounds great on the air and is already selling records!... And JEAN BEAUVOIR's 'Missing The Young Days' is comin' on! WYNF in Tampa can't get 'Feel The Heat' off the air and is playing both! Tower Records in Phoenix has continually been selling out of the Lp thanks to Johnny D and the 'key'....This week KRQR and a half dozen others more join the momentum and JOHN EDDIE's 'Stranded' will not be denied! This week WSHE, WRUF, WIOT and KLAQ. Spreading the already Eastern commitment....ELVIS COSTELLO has made yet another genius work. 'Tokyo Storm Warning' reminds me of something off 'Blonde On Blonde'....And check your sales figures for the WOODENTOPS. This project is growing and the band returns to the States for a fall tour."

ANDY ALLEN, ISLAND (212-477-7132): "Hats off to the RCA staff on the HORNSBY record! A/C breaker, track homer/breaker, and almost 50 adds CHR out-of-the-box. Nice week!...ROBERT PALMER is in the midst of his second smash from 'Riptide'. Already Top 30 AOR and Top 20 CHR. Sales have doubled in the last two weeks. (Not bad for an album that's been on the shelf for a year.) The thing I can't understand is that only 40 percent of Rock Radio are on this track. Robert is a Rock artist with Rock history and 'I Didn't Mean To Turn You On' is a mass appeal multi-format smash. Don't let this track get away...FRANKIE GOES TO HOLLYWOOD rages onto Rock Radio this week. You have doubts? Try it in your night tests (Rate At Eight, etc.) and I think you'll be surprised...DANNY WILDE has been a steady performer for months and won't stop now. 'Body To Body' sounds great...I.J. QUICK are on the road with Raven and in rotation at Z-Rock...Look for the THINKMAN 12" edit of 'The Formula' this week. The track should be much easier to program in its new form...As always--thank you for your support."

JEFFREY NAUMANN, RCA (213-468-4055): "A real treat is coming your way on CD from the EURHYTHMICS. The CD is for radio only, and will not be sold in stores. It contains tracks recorded live earlier this year from the Roxy Theater in L.A. In addition to the smash 'Missionary Man', it will include the live version of the current chart climber 'When Tomorrow Comes'. Some giveaways will be available, too...If you're not playing BRUCE HORNSBY's 'The Way It Is', man are you blowing it, especially if your competition is banging it. I firmly believe this is one record that will hurt you for not playing it. Bruce Hornsby will be the best new artist for 1986 by a landslide...Many programmers are really warming up to both 'Let It Out' from DARYL HALL and 'Sally Baker's (Low Tar) Dream' from MARK GERMINO. Please give a listen to both...LOVE AND ROCKETS' 'Kundalini Express' is a veritable cooker!...Boredom Department: Cliches like classic rock, 'no repeat, double plays'--and the list goes on. It all makes me sick. It's about time someone came up with a format that concentrates on current music, instead of rehashed bands from the 60's and 70's and oldies; otherwise, I'm afraid the album format will burn itself out--never to return."

RICHARD PACHTER, PROMOTION IN MOTION (305-482-6629): "I've been in New York City, my old home town, all week sitting in my aunt's kitchen in Queens, doing my usual smiling and dialing. I've had the opportunity to listen to what passes for album radio here. WNEW is pretty much a classic rock station, with some currents thrown in. That's kind of sad. I'm glad their ratings are the best in their history, but it sure ain't the station I grew up with. Scottso is on vacation but, for the most part, the rest of their jocks sound like a bunch of English teachers. Carol Miller may be the only exception; although the Saturday all-night guy was pretty goofy, so maybe he's a substitute teacher...K-ROCK sounds like just another Pollack station, so you can drop that homogeneous presentation into Anystown, USA with no variation. Didn't sound like Noo Yawk to me...WLIR was the most listenable, but their signal sucks--so that's that. It's been said before: If they could cover the city they'd be dangerous. Oh well, at least the Yankees have been playing great this week!...I heard some good new music (not on the radio). The TANDY AND MORGAN album sounds like the Great Lost ELO Record. I like 'Zero Zero' and 'Ria'. If you need a copy, call me immediately...Heard the new OUTLAWS, which is their best since their first. Very impressive!...Charlie Prevost played a couple of BILLY IDOL tracks for me. They're worth the wait. Hot stuff!...My favorite new thing, though, is the debut album from WORLD PARTY. Imagine if Bob Dylan had a good voice, could still write a great song, and didn't play that shitty harmonica. Karl Wallinger, aka World Party, sounds like that--with a little Beatles and Stones thrown in, filtered through an 80's consciousness. The songwriting is superior and the performance and production is fantastic. I predict big things for World Party. This may be the album of the year...Congratulations to BONNIE STACY. Sometimes the good guys win!"

BRUCE MOSER, COULD BE WILD (716-885-5200): "Could be the world's third greatest garage band. I had a chance to catch the opening date on NEIL YOUNG's new tour, and it could be one spectacular show from start to finish. Neil's latest Lp not only landed him on water, but also back on the radio--and this tour reunites him with Crazy Horse. There will be many who will cast their votes in this direction for comeback-artist-of-the-year. The only problem with that is that he's never gone away, and he continues to produce the finest music in whatever direction his creativity pushes him. Luckily for us, it has joined him again with Crazy Horse, and the combination produces some of the most powerful music heard in a long time. Anyone who needs to have their faith restored in the power of rock 'n' roll music to move people should not miss this tour. It's a five-star musical event you'll never forget. (Marko: You're 290 days past due.)...Could be the return of BITCHBOX. There are no less than 19 (magic number) cover songs now getting played. 90% of the time the remake doesn't come close to doing justice to the original, so no wonder classic rock stations are kicking ass. They're playing the real thing and not some cheap, bad imitation (and bad means not good, to quote Railine). Maybe Bryan Adams should open a school for songwriters who need to brush up on their skills...Coming next week: RAINMAKERS Live (could be one of the best new American bands) and the BERLIN Lp--a killer rock 'n' roll record featuring David Gilmour and Ted Nugent...Save a spot for your favorite nun."

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by totalling the emphasis points on cuts.

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index, but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets, as defined by Arbitron.
