BRYAN ADAMS, "HEAT OF THE NIGHT", A&M

Although he's always been a rocker, Bryan's prolific songwriting has made him a chart topper in many formats. Rather than play it safe with a prudent common denominator track, Bryan breaks the two-year silence with this glorious reaffirmation of his AOR roots. The synth-free, no frills arrangement lets the band work up a wicked jam, with Keith Scott's bluesified licks and Bryan's boisterous belting front and center. One of his best.

FLEETWOOD MAC, "BIG LOVE", WARNER BROS.

Face it. Anything new from the big Mac is a major event, especially after a five-year absence. But when it comes in the form of something this artfully provocative, you know the listeners are going to get aroused. Employing state of the art studio-ronics, and the coolest use of love grunts in decades, Lindsey leads the band on a jaunt into stark, European flavored rhythm rock, that's as captivating as it is suggestive. Well worth the wait, now let 'er go!

U2, "THE JOSHUA TREE", ISLAND

Just the facts, ma'am: "With Or Without You" busts on board at 4* Trax, with a riveting 157 station #1 Most Added finish, as 70 Top 5 phone reports impact a rare #1 Most Requested debut. 73 of 83 Checklisters voted it a "4 star classic", with these highlights: Larry "hottest success story of the decade" Dunn, WLIR; J. David "hypnotic rock standard" Holmes, KUPD; Glenn "the definition of brilliance" Stewart, WHJY; John "the band of the 80's" Lassman, KQRS; Pam "heavenly" Edwards, KGB; and Lenny "the most important record you'll play in the '80's" Bloch, WRCN. Now for the depth your listeners crave: "Bullet The Blue Sky" is Jimi incarnated, "Streets Have No Name" captures the essence of U2, "I Still Haven't Found" is another killer, with "One Tree Hill" and "Red Hill Mining Town" side two stand outs. Album of the year.

THOMPSON TWINS, "GET THAT LOVE", ARISTA

Sporting a stream-lined line-up and Rupert Hine's crafty board work, the Twins continue to evolve away from pure pop, toward a more rock oriented posture. "Get That Love" is one of Tom Bailey's best songs ever--more mature, with considerably higher nutritional value. Listen without any preconceived baggage and you'll hear thoughtful, highly textured, mass appeal music that will feel at home on any mainstream format. And wait'll you hear the new moves on the Lp!

ROCK AND HYDE, "DIRTY WATER", CAPITOL

The Payola\$ were at their best when they let their spontaneous musical instincts take over, with minimal contriving and calculation. The new name, producer and label seems to have provided the optimum environment for emancipating their hypnotic hooks. Paul Hyde's breathy vocals and Bob Rock's restrained guitar fills intermesh in an uncluttered, aero-dynamic production that lets the music and the social substance of the lyrics shine through. Already receiving close-out play on both formats in Canada; now poised for major impact across the border.

JULIAN COPE, "SAINT JULIAN", ISLAND

After a few run throughs with the complete album, we're confident Cope can survive any and all onslaughts, obstacles and unforeseen acts of nature. He has an uncommonly strong knack for late '80's power pop, as evidenced by "World Shut Your Mouth's" Top 25 chart run and request/retail validation. "Trampolene" is the logical follow-up. A brash concoction of multi-layered guitars and relentless rhythm, it's sure to dispel any one-hit/novelty notions, and establish Cope as an artist to be reckoned with.

THRASHING DOVES, "BEAUTIFUL IMBALANCE", A&M

When Jimmy Iovine, Chris Thomas and Bob Clearmountain share production credits on a band CFNY's Don Berns calls "one of the most important new bands to emerge this year", best take note. As you've seen with Timbuk 3 and Julian Cope, a clever quotable buzz phrase will get a strong song noticed faster and "Beautiful Imbalance" has got a beaut! Happy, up, quirky, and it only takes one listen.

THE OTHER ONES, "WE ARE WHAT WE ARE", VIRGIN

We know the product deluge dictates survival of the fittest with newer acts, but don't, repeat don't, miss this new artist wonder. The sparse intro may throw you at first, but put your player in the repeat mode and let those international macro-hooks sink in. You'll appreciate the Bowie theatrics in the production, and the Chrissie Hynde meets Aimee Mann vocals.

HOODOO GURUS, "GOOD TIMES", ELEKTRA

With two #1 college/alternative albums under their belt and legions of loyalists Down Under, the Hoodoos are equipped to crack the mass appeal American market. And what better vehicle than this bright breezy sing-along. Tapping their endless supply of pop hooks, the band delivers a bouncy '60's influenced salute to innocence, with the Bangles back-up vocals picking up where the Mama's And Papa's left off. Let the good times roll!

RED 7, "WHEN THE SUN GOES DOWN", MCA

Mike Rutherford may be Red 7's most famous cheerleader, but don't listen expecting to hear Genesis Jr. These Bay Area originals have a distinctively fresh sound, highlighted by great harmonies, breathy atmospherics and Gene Stashuk's high octane vocals. And how could we resist that slightly tropical flavor, or a sax solo that would bring the Big Man to his feet? Red alert, don't miss this sunset.

MONDO ROCK, "PRIMITIVE LOVE RITES", COLUMBIA

New England got a piece of the Rock in '85 when WBCN, WAAF and WFNX gave a solid shot to "Come Said The Boy". Now here's the fast paced follow-up from these Australian ever-greens. A tribalistic rocker, "Primitive Love Rites" mixes one part Loggins, one part ZZ, and a hint of Devo, with just enough wailing guitar, harmonica and sax to make it work. It's different, it's tasty and it rocks.

DEL FUEGOS, "STAND UP", SLASH/WARNER BROS.

Rock Radio's rapid endorsement of the Del Fuegos is proof positive this band's in it for the long haul. "Slide's" two week development is impressive: #1 Trax Gainer 98-68*, 20 new (WXRK, WNOR, WONE, WDHA, WBYP, WKFM, KYYS, KLOL, KBCO), 39 Cume KISW, KFOG, KQRS, KEZO, KILO, WAAF, WHJY, WFNX, WBCN). Mike Boyle, WDHA advises, "Spend some time with the new Del Fuegos. You're going to hear a band that's getting better all the time!" Now discover the depth on this artistically tasteful package. Check out "Wear It Like A Cape", a Dave Logan, KFOG fave, as well as the catchy "Name Names". Depth with distinction!

LOU GRAMM, "READY OR NOT", ATLANTIC
Lou manages to hold the Album Action pole position for the fourth straight week as "Ready" jumps into the Hot Trax Top 20, 22-18* fueled by new play at 11 including KYYS, WKLS, KDJQ, WEZX, WRFX and WFMG, and increased rotation at nine more (WNEW, KGB, WSHE). It's now Max/Heavy at 52 and ready for the home stretch.

HUEY LEWIS, "I KNOW WHAT I LIKE", CHRYSALIS
As 11 more give Huey the nod, paced by WNOR, KZEW, WKLS, WAQX, WPYX and WXRC, "Like" cruises 27-24* Hot Trax; posts this report's fourth rated National Gainer, 30-24*, while holding strong at 30* Metro. And as WYNF, WIOQ, KILO, WPDH and two more up the rotation, the Max column expands to 13 and the Heavy tally swells to 32.

DAVID & DAVID, "RIVER'S GONNA RISE", A&M
Ten new commitments (KFOG, KATT, KEZO, WRCN, WWZU, KFMQ) plus increased play at KGB motivate a blistering 95-69* Hot Trax leap, a hefty 47-40* National surge (good for #2 and #3 Gainer honors respectively) and 42-40* Metro improvement. Of the early 38 on it, it's already Max/Heavy at 20! And there's no doubt the cume will continue to rise, what with the massive 33 considering--16 close.

LITTLE AMERICA, "WALK ON FIRE", GEFLEN
Ten more "Walk" in this week (KEZO, KKDJ, KOZZ, WKFM, WKLC, KEZE) and six more increase play, generating chart flames of 56-49* Trax; 48-43* National and 43-41* Metro. It's now Max/Heavy at KTXQ, WNEW, WEBN, WYNF, KLOL and more, with Top 5 calls at four...Wade Linder, KQDS, relates, "We've been playing it for a couple of weeks and the feedback is just awesome."

WORLD PARTY, "PRIVATE REVOLUTION", CHRYSALIS
Nine new revolutionaries enlist this week (WKLS, WTPA, KICT, WRUF, KNCN, KFMF) expanding the cume to 46 and generating a 62-58* Hot Trax jump; 24-22* Metro elevation and a firm hold at 20* National. The early request read-out shows Excellent/Good response at 15, with another 20 considering.

STRANGLERS, "ALWAYS THE SUN", EPIC
As "Sun" corrals nine new including KSJO, KYYS, WBYS, WEZX, WAAF and WLAV, increased air is the haps at WQBK, WDHA, WWWV and WHMD influencing 48-45* Trax improvement. The Checklist uncovered a build at seven; building phones at four and a build in sales and phones at three more. And with 16 more considering, the Sun will continue to shine on the Stranglers.

JENNIFER WARNES, "FIRST WE TAKE MANHATTAN", POLYGRAM...KMOD, WIOQ, WTPA, WMAD, WWWV, KRQU, and KPEZ give Jennifer a shot this week as "Manhattan" impacts the Hot Trax chart at 86*. And judging from the multitude of raves we've received of late from folks like Wade "Great upper demo phones" Linder, KQDS...Dave "A classy piece" Kane, WCMF...and Brian "One for all to consider" Wolfe, WGLU...to name but a few -- it looks like this one's building to the break out point.

ROBIN TROWER, "CAROLINE", GNP/CRESCENDO
Now that the format has rediscovered this veteran guitar hero's value ("No Time" went Top 20 Trax), why not take advantage of Robin's latest emphasis cut "Caroline", new at 10 including KOME, KSHE, WRCN, WEGR, KFMF, KFMF and KRNA; already on WGTR, WDHA and more.

KBC BAND, "HOLD ME", ARISTA
Eight locations grab hold of this latest KBC killer, including KSJO, WOUR, WKFM, WLAV, WHMD, WRUF and KRQU, joining KQRS, KESI, WWWV and more already there. This tasty ballad is a perfect follow-up to "America" and will add a touch of class to any playlist. It deserves your attention.

GEORGIA SATELLITES, "RAILROAD STEEL", E/A
All aboard The Satellite Express!! "Railroad Steel" chugs 55-51* Hot Trax, thanks in part to eight new passengers (KUPD, KSJO, WBYS, WEBN, WRXL, KKDJ, KQWB, KWHL) and increased air at KILO, WOUR and KBER. With their proven track record, this one's an automatic.

TESLA, "MODERN DAY COWBOY", GEFLEN
"Cowboy" rounds up new spins at KPOI, WIOT and WIMZ and increased air at KISS, WSHE, WRXK, KKDJ, KICT and KRNA to power a 29-27* Trax climb. While continuing to stampede the phones at #12 Most Requested, the album holds steady at 29* National; 32* Metro... Now put an ear to "Little Suzi", cracking the Trax chart at 95* with fresh play at WRIF, WDIZ, WAQX, KFMG and KOZZ.

ERIC CLAPTON, "RUN", DUCK/WARNER BROS.
An 80-67* sprint on the Hot Trax 100 comes on the heels of fresh spins at six including WHTF, WTPA, WEZX, WMAD and WYMG. E.C.'s latest is already enjoying Max exposure at WLUP and WLAV while being treated to Heavy play at four more.

HIPSWAY, "THE HONEYTHIEF", COLUMBIA
While returning to the National chart at 49*, "The Honeythief" steals a spot on eight more playlists this week paced by KRQR, WBYS and KOMP, swelling the cume to a fat 52 and jacking it 61-57* on the Hot Trax 100. And as WSHE, KRNA, KNCN and WWWV increase air, the Max/Heavy column expands to 15.

PAUL SIMON, "BOY IN THE BUBBLE", WARNER BROS.
New play at five and increased rotation at 11 more (DC101, WHTF, WTPA, WRDU, WAAF, WKFM) push Paul's "Boy" 18-12* Hot Trax; 21-16* National, and 22-19* Metro. As the cume stretches to 122, it's now Max at 17 and Heavy at 36 more.

ESQUIRE, "TO THE RESQUE", GEFLEN
Coming to Esquire's "Resque" this week are KZAP, WSHE and KWIC, expanding the cume to 46 and sparking a 54-50* Trax surge. And while KGB, WQFM, WYNF and WWWV increase the rotation, the Lp bags this report's fourth best 48-42* Metro rise and 42-41* National improvement. While 10 report Excellent/Good calls, it's being considered at 10 more.

CROWDED HOUSE, "DON'T DREAM IT'S OVER", CAPITOL...The Dream is far from over as KZRR, KBER and KJOT join the crowd; 16 more increase and "Dream" upgrades 10-9* Trax, and melts the phones at #8 Most Requested. The album lunges 15-10* National and bags our #1 Metro Gainer, 19-10*. It's now Max at 52; Heavy at 31.

DIRT ALERT!

MORNING MOUTHS IN MOTION

KSHE & WHTQ Set New AM Drive Teams

Heard any exceptional morning talents that aren't locked into megabucks/multi-year contracts? KSHE, St. Louis and WHTQ, Orlando have, and they wasted no time hiring them. Joining KSHE April 1st from WKLS, Atlanta are Steve Mitchell, Mark McCain and Rob Buttery. Slated to put in their last day in Hot 'Lanta March 20, The WKLS Wake Up Crew will replace J.C. Corcoran, who exited KSHE in November.

Instead of raiding an existing morning team, Orlando's newest AOR -- WHTQ -- is building the perfect AM drive beast a different way. They've lured a couple of WSHE, Miami characters--Production Director/morning show producer Paul Castronovo and 6:00-10:00PM jock/Research Director Tom Griffiths--and paired them up for mayhem in the AM.

Explains WHTQ PD David Gariano, "It's a calculated risk when you take two people that haven't been a team before and throw them together. But when one starts a sentence and the other one finishes it, you know they're in sync."

Nine years of friendship and five years of working at the same stations will do that to you. Tom and Paul broke into the biz together at WRUF, Gainesville in '82, moved to Miami in '84 to work at then AOR WCKO (Paul-mornings, Tom-nights), before 'SHE stole 'em. As hosts of the 'SHE Saturday Night Party (103 requests with 3-4 bits per hour), they put 'SHE in first place 12+ Saturdays, 7:00PM-Midnight.

"The most exciting thing about moving to Orlando will be finding an orange grove, and probing Paul's lips for citrus cankers," quips Tom. "But seriously, folks," adds Paul, "we want to bring the Miami sound to Orlando. We want to take what we've learned from (TK Communications VP Programming) Rick Peters and apply it to the Orlando market."

Tom and Paul will be the nucleus of a four-person morning team that will also include an un-named news director, and the Orlando version of Jack Strapp-sports ace Frank Vaught. Look for Paul to be the signature voice of Q-96 and to contribute voice work to other Harris consulted stations. Q-96 plans to go live later this month.

Major Market Openings at WKLS & KLOS

While KSHE and WHTQ ready new AM drive teams, both WKLS and KLOS are in the midst of national morning show talent hunts. "I've

been hearing about these rumors for awhile," says 'KLS PD Bill Pugh, "so we've been looking at some folks, and we hope to come to terms with someone soon." What kind of morning show will work best at B/A/D/E's flagship station? "Someone wild and crazy who loves the south", sez Bill. "We're looking for people who can be topical about Atlanta and want to have a good time. I'm listening to everything that comes across my desk, because you just don't know--another Brandemeier could be out there."

In the interim, ten-year 'KLS air staffer Willard Arbour moves from nights to mornings, working alongside News Director Kelly Kincaid. Bill's accepting T/R at 1800 Century Blvd., #1200, Atlanta, GA 30345. No calls, y'all.

KLOS, who have been searching for that elusive morning-dream-team for nine months now, have recently made overtures to WKDF morning dominator Carl Mayfield. It's no wonder. Carl is far and away Nashville's top rated morning personality, and his contract expires July 1.

"We're talking to people from all over the country, and he is one of them," sez KLOS GM Bill Sommers, "but we haven't offered him anything. The man is under contract so I can't. I can tender him an offer based on after the contract, if I wanted to do that."

But don't think 'KDF is about to let their guy go that easy. As PD Judy McNutt puts it, "We are in negotiations. We want Carl to stay. We love him. We like him as a friend. We want him to stay here forever. We're working on it so he doesn't go."

How close is KLOS to naming a permanent PD? Again to Sommers: "I'm picking the hits with Kurt (Kelly). We're having a great time...."

WERI MAKES THE SWITCH--PROVIDENCE NOW A THREE AOR TOWN

Providence is the latest market to become a three AOR town. Joining WHJY and WBRU is Harris Communications consulted WERI, rechristened WWRX. Does the scenario sound familiar? No jocks. Board ops track all-Beatle album sides, with produced teasers twice an hour.

PD Greg Butler tells FMQB that WWRX will adopt Harris' Adult Rock format. What is 'HJY PD Glenn Stewart's reaction? "We welcome any and all comers to take their best shot at us."

HOWARD STERN-TV OR NOT TV?

Rumor has it Howard Stern's TV deal is pretty much in the bag. Look for a weekly show (either Friday or Saturday) on the Fox Network, starring the Stern-eshe and sidekick Robin Quivers in front of a live audience. But the big question is, will radio's bad boy go up against Saturday Night Live or David Letterman?

BOWIE MEETS THE PRESS: PLANS "GLASS SPIDERS" TOUR

David Bowie will be hosting a series of international press conferences beginning March 17 in Canada, with an American press conference slated for the next day at 1:00PM in New York. Eight or nine other countries will follow. What's on the agenda? Bowie's new "Never Let Me Down" Lp, and upcoming "Glass Spiders" tour.

The Thin White Duke is expected to announce dates for an elaborate 1987 tour, rumored to include Peter Frampton on guitar. Also expected in the 30-minute American press conference are songs recorded during the "Let's Dance" sessions that never made it to vinyl.

"There will be an assortment of surprises," reveals EMI VP Promo Tony Smith. "I would highly recommend that no one miss carrying this press conference." A series of networks will be running the news conference, including D.I.R. who offers it on a non-exclusive basis free of charge. Call Station Relations at 212-371-6850 for more details.

Look for the Bowie single to arrive at radio March 18th at 1:00PM.

MORE FROM MIAMI

Flash! This just in. After less than 6 months on-the-air, WGTR has pulled ahead of 15-year Heritage AOR WSHE in the South Florida combat zone. The Jan/Feb Birch has 'GTR at a 4.8 12+ to 'SHE's 4.6

KRQU PROMOTES IHLE TO PD; LEWIS TO MD

KRQU, Laramie/Cheyenne has replaced outgoing PD/MD John Edwards by promoting 2 from within. New to the PD post is morning man/Promo Dr. Bob Ihle, 7P-Mid man Kevin Lewis adds MD duties. Filling John's 3P-7P shift is Mark Mallack from KMOR, Scottsbluff, Nebraska.

"No immediate wholesale changes are planned" according to Bob. "It'll be a big task to improve on what John's already done here, but that's what we're here for".

John has been retained by the station as a consultant/advisor. AE Don Paul ups to GSM.

BON JOVI REMEMBERS HIS ROOTS

During their recent appearance at Milwaukee's Mecca Arena, Bon Jovi took special time out to thank WQFM's Chip Hobart on stage. Seems that back in 1982, before Bon Jovi had his band together, Chip Hobart was there. Jon told the story on stage that initially the record companies were ignoring him and how he brought an 8 track cassette to WAPP in New York City to Chip Hobart (then Asst. PD/MD) who heard "Runaway" and convinced Jon to be on the WAPP homegrown Lp. The rest is history. Before playing "Runaway" that night Jon said "This one's for Chip!!" Obviously Hobart was ecstatic: "It was a

real thrill just to see the band from the side of the stage, but to have them tell the story of how we found "Runaway" back in 1982 was really an honor!!"

RCA UPS ATKINSON TO SENIOR VP A&R

RCA VP/A&R, West Coast, Paul Atkinson, the man responsible for bringing such major acts as Bruce Hornsby And The Range, Mr. Mister and Autograph to the label, has been promoted to Senior VP/A&R, effective immediately. Atkinson, who also played a major role in the Big Time Records label deal, will remain headquartered in Los Angeles and will head up all of the label's A&R activities. He will report to RCA President Robert Buziak.

Before coming to RCA, Atkinson served in New York for five years as Director of East Coast A&R for Columbia, signing such artists as Patty Smyth and Loverboy. His priors also include five years with CBS Records in England. And perhaps you remember his days as lead guitarist of the legendary '60s British group The Zombies.

Our interview guests on this show are THE CHRISTIANS, who have a national hit with their first Island release "Forgotten Town"...and this week's Rock Request, putting a new slant on the excitement over the Beatles' CDs, is a rare stereo version of a different Fab Four song from the period, "This Boy".

In conversation last week with ace American sax player DAVID SANBORN, Rock Over London's PAUL SEXTON learned some interesting facts about the forthcoming MICK

JAGGER LP which SANBORN appears on. SANBORN, who's a longtime friend of most of the STONES having played on their 1972 tour and the "Undercover" album, plays on two tracks on JAGGER'S new album that are produced and co-written by DAVE STEWART. He reports that MICK "sounds great" on the LP and that a couple of cuts he's heard featuring JEFF BECK and SIMON PHILLIPS are "killers, absolute killers".

JAGGER'S album is expected late in the summer, just ahead of a series of Wembley concerts...and he'll have a few happier memories of his recent trip to Barbados thanks to some successful recording he did there including one track featuring a choir of local schoolchildren.

The soul men keep providing the big rock stories for the ROL column: we went to see BEN E. KING'S show at the London Palladium last week, and with BENNY still atop the UK singles charts with the 26-year-old "Stand By Me", his friends were really out in force when it came to encore time. Just listen to this for a lineup of guests: RONNIE WOOD of the STONES; MICK JONES of FOREIGNER; MICK HUCKNALL of SIMPLY RED; JOHN PAUL JONES, ex-LED ZEPPELIN; ace session singer MADLINE BELL; SIMON KIRKE of BAD COMPANY; BILL PINCKNEY, from the original DRIFTERS; and perhaps most incongruous of all, WILLY DEVILLE. BENNY chose the FOREIGNER smash "I Want To Know What Love Is" as his first encore, before leading the assembly into a reprise of "Stand By Me". The audience went away bemused by the bizarre ensemble but happy nonetheless - and incidentally that audience included ROBERT PLANT, watching his former LED ZEP colleague JOHN PAUL JONES making what must have been his first stage appearance in many a moon, and pretty good he looked on it too. Both Joneses, JOHN PAUL and MICK, are working with KING on his new Manhattan LP.

ROGER DALTRY is releasing different singles on either side of the Atlantic. In the UK it's "Hearts Of Fire", tentatively scheduled for March 30, but in America he's coming with what the UK record company 10 call the "hit of the album", ROGER'S interpretation of ELTON JOHN'S number two American hit (and UK number 16) from 1974, "Don't Let The Sun Go Down On Me".

The new THOMPSON TWINS album "Close To The Bone" is out in the US on March 30, a week before it makes it into the British shops. The LP is produced by RUPERT HINE and TOM BAILEY and from it comes the first single "Get That Love". ALANNAH CURRIE and BAILEY wrote the material for the album in an old farmhouse in the Wicklow hills of Ireland, and they're talking about starting a tour later in the year.

And by all accounts the couple are still on good terms with ex-TWIN JOE LEEWAY...news of his recent marriage in L.A. was broken to the British press by TOM and ALLANAH who keep in touch with JOE by letter and the occasional get-together.

Still with the TWINS, the film for which they sang the title song "Nothing In Common" will be getting an extremely belated UK release on June 5, but in the meantime, and with unfathomable logic, the soundtrack LP is out in Britain this week, also featuring fellow Arista artists NICK HEYWARD and CARLY SIMON.

FLEETWOOD MAC'S long-awaited new album finally has a title, "Tango In The Night", and a provisional UK release date of April 6. The first single, "Big Love", is due to be with us in a couple of weeks.

Also on the release schedule from WEA: a new single from Hollywood Beyond, the group who scored an ROL Top Five hit last year with "What's The Colour Of Money". The new release is "Save Me", due at the end of the month. STAN CAMPBELL, the black singer who fronted the Special AKA for part of their time together, is starting a solo career and the first results are a single called "Crawfish" - yes, that's the same song ELVIS sings at the beginning of his best movie, "King Creole". ERIC CLAPTON'S follow-up to "Behind The Mask" is "It's In The Way That You Use It", in a couple of weeks, and further away in May, we're due to get the YES LP "Big Generator" and THE BEE GEES' "ESP".

The furore about the British Government's proposal to withhold tax on money earned in the UK by foreign artists has already led to international record companies forbidding their acts to record in Britain. As if that wasn't bad enough, now we hear the quite extraordinary news that foreign artists' media interviews in this country, be they television, radio or magazine, will be under Government scrutiny as well. Our learned friends plan to assess, individually, to what extent each interview will contribute to sales of the artists' back catalogue. How on earth they plan to measure this, only they can know. What's next, we wonder - tapping private conversations to see if someone in Birmingham is telling a friend how good the DIRE STRAITS album is, then taxing MARK KNOPFLER and go on that because it encourages sales?

If the CULT'S "Love Removal Machine" is your sort of record...looks like their album "Electric" will turn you on. It's taken them almost a year to get it onto vinyl after the first version, produced in the UK by STEVE BROWN, was scrapped and the band relocated to New York to start all over again with RICK RUBIN...it'll be released over here on April 6.

The GO WEST LP has been put back for the umpteenth time and is now due for release in late May or June...

The ICICLE WORKS' new album is out in Britain this week, with the title (deep breath) "If You Want To Defeat Your Enemy Sing His Song". The cassette version includes two extra tracks, and the CD has these two and another pair, one of them being a cover of "Into The Mystic", thus extending the WORKS' membership of the VAN MORRISON fan club.

MOONTWIST, the band fronted by JOE JACKSON'S wife

RUTH ROGERS-WRIGHT, have signed to London Records and will release the single "Talking About The Weather" soon.

Extremely healthy sales of the first four BEATLES CDs saw this Fab Four back on the UK album chart last week. "A Hard Day's Night" was the best performer at 30, closely followed by "Please Please Me" at 32, "With The Beatles" at 40 and "Beatles For Sale" at 45. No album has ever returned to the album chart after a gap of more than 20 years before, so the BEATLES have broken that particular record four times over.

Elsewhere in the album chart, "The Phantom Of The Opera" continues at number one, with sales totalling 350,000 in its first three weeks. Not bad for a double LP selling at about eight pounds a time that was supposed to have been released for Christmas but suffered all kinds of recording and artwork problems. U2 will surely remove "The Phantom" from top spot next week, but in the meantime the biggest challenge came from the Smiths' odds-and-sods LP "The World Won't Listen", which followed in the steps of "The Queen Is Dead" by entering at number two and gave the band their fifth consecutive Top Ten album in the space of exactly three years. SIMPLY RED'S "Picture Book" celebrated a year on the chart last week and it's still going up, at number five. The dance compilation "Ultimate Trax Volume 2" and ENNIO MORRICONE'S soundtrack to "The Mission" were the only other new entries on the Top 100, at 50 and 93 respectively.

Much activity in the music video charts, where Queen's "Live In Budapest" film was a new entry at number one, and there were four other new entries in the Top 10: OZZY OSBOURNE'S "The Ultimate Ozzy" at four, "Break Every Rule" by TINA TURNER at six, DURAN DURAN'S "Arcadia" project at seven and BON JOVI'S "Breakout" at eight.

The rumours some time back that Welsh THE ALARM were close to splitting have been well and truly scotched (or should that be welshed?) by news of a big UK tour by the band in April and May, their first dates since they appeared on QUEEN'S show at Wembley last summer. They're currently recording their next album.

The BLOW MONKEYS aren't wasting any time following up their recent ROL Top Fiver "It Doesn't Have To Be This Way". Their new single is "When I'm Out With Her", available next week.

KIKI DEE, who made what we thought was a pretty good "comeback" record called "Another Day Comes, Another Day Goes" with DAVE STEWART on EMI last year, is back on another label, CBS, this week. Her single's called "I Fall In Love Too Easily" and there's an album, "Angel Eyes", to follow.

Drum Theatre, whose single "Eldorado" was desperately close to making the national Top 40 on its third issue recently and featured in Rock Over London, try again with "Moving Targets", just out.

Interesting to note that in the UK, Chrysalis are bypassing "Jacob's Ladder", the current US single by HUEY LEWIS - instead they're releasing "Simple As That" from the same LP...

Rumours abound in the business here that "New Musical Express" will shortly transform into a glossy, A4-size format.

As we reported last week, it's clean-up time again at the Department of Trade and Industry, who recently took it upon themselves to "bust" 18 different pirate radio stations in a single week, including one station twice. Some more details of those raids have emerged: a crane, would you believe, was used to remove aerial masts from several operations; but every one of the stations was back on the air in a short space of time. This cat-and-mouse game has a lot further to run yet.

Absolutely no contest when it comes to choosing our favourite silly song title of the week, because it comes from the splendidly ridiculous band GOATS DON'T SHARE. Their new waxing goes by the magnificent name of "Omar Sharif's Moustache"...maybe they should team up with one of the groups supporting the POGUES on tour - an all-girl Irish dance combo calling themselves THE HAIRY MARYS...

Also supporting the POGUES are AFTER TONITE, the COVENTRY band who are fronted by the former SPECIALS and FUN BOY THREE member LYNVAL GOLDING.

Meanwhile, the POGUES have done their own support slot for U2 on a Channel 4 TV special about Irish music and rumours abound that they're the most likely candidates for the warm-up on U2's European tour this summer.

The new single by SIOUXSIE and the BANSHEES is to be their version of the IGGY POP song "The Passenger", from the "Through The Looking Glass" LP...

The PRINCE'S TRUST has extended its summer event to two nights this year. The concerts will take place at Wembley Arena on June 5 and 6 and confirmed so far are ALISON MOYET, CURIOSITY KILLED THE CAT, BRYAN ADAMS and MIDGE URE who'll be organizing an all-star line-up for both gigs...the PRINCE and PRINCESS OF WALES have only confirmed for the first night...

It seems that announcements of the line-up for this year's Glastonbury Festival could be a little premature due to current legal action over the event. The site owner MICHAEL EAVIS has already signed up ELVIS COSTELLO and the CUMMUNARDS but the local council haven't granted him a licence yet; in fact they're still trying to prosecute EAVIS for breaches of the Local Government Act at last year's event...if the festival is allowed to take place, it is bound to face new restrictions.

A number of British rock stars, sports personalities and TV actors have decided to raise awareness rather than money with their forthcoming "Walk For The World Campaign"...JOAN ARMATRADING, MIDGE URE and PETER GABRIEL are expected to take part in a relay walk this summer...they aim to collect a million signatures in support of greater government aid for the third world.

GABRIEL, meanwhile, has added three more shows to his UK tour at the end of June, two of them at Earl's Court, London...

ECHO AND THE BUNNYMEN have almost finished recording their new album which is being produced by LAURIE LATHAM...they were helped out on keyboards by HENRY PRIESTMAN - the man who does most of the talking in this week's ROL interview with the CHRISTIANS.

Dave Clark has announced that DAVID CASSIDY will replace CLIFF RICHARD next month as the lead in his hi-tech musical "Time"...Cliff, who's been in the show for a year, will resume his singing career with a European tour. CASSIDY will do a three-month run and then CLARK hopes JOHN TRAVOLTA will take over.

LEVEL 42 show their support for the Anti-Apartheid movement with a song that features only on the CD and cassette versions of their new album..."Freedom Some Day" goes some way to salving the conscience of the band who found their last single "Lessons In Love" doing phenomenally well in South Africa...though they do point out that all profits from that went to Artists Against Apartheid...

And another new release worth checking out on cassette and CD is GARY MOORE'S "Wild Frontier" album - they include the 12" version of his recent hit "Over The Hills And Far Away" and the CD only has a bonus track "Crying In The Shadows"...

It seems a pity that "Skin Trade" - DURAN DURAN'S best release in years - hasn't sold itself on merit and in an effort to boost its chart performance the single now retails also as a poster-pack and on cassette with the special stretch mix...

ANDY ROURKE, bassist with THE SMITHS has just been fined 1000 pounds for possession of heroin last year...ROURKE is now said to have kicked the habit.

DEREK BRAMBLE, the 26-year-old Londoner who caused an international stir three years ago when DAVID BOWIE picked him to co-produce the "Tonight" LP, has spent

his time writing and producing an impressive catalogue of hits in Britain for our premier female pop/soul singer, JAKI GRAHAM. Now he's planning his own debut album and tells us that he hopes it will include contributions from many of his mates in the business over here, notably LEVEL 42'S MARK KING, who might even be involved on a co-production basis.

ROCK REPORT

CROSBY, STILLS, NASH & YOUNG are officially reforming, but you already knew that, since we reported the story last August. The band began work in Los Angeles last month on their forthcoming album with producer BILL SZYMZYK. The new disc will contain ten tracks, and they are as follows: "Compass", "He's An American", "Nothing Is Perfect", "This Old House", "Long Walk Home", "Try To Find Me", "Mideast Vacation", "The Monkey And The Underdog", "Clear Blue Skies", and "Before The Moon Is Full".

This record is the follow-up to the only other studio album the group ever did - 1970's "Deja Vu". There is some confusion as to what label will release the new LP: YOUNG is under contract to Geffen and CROSBY, STILLS and NASH are inked to Atlantic Records. This reunion is a happy one for the band as it seems by all appearances that DAVID CROSBY'S drug problems are behind him. Look for CROSBY, STILLS, NASH & YOUNG to embark on an outdoor stadium tour this summer.

25 YEARS AGO THE BEATLES started making headlines around the world, and with the recent controversy surrounding the "Get Back" album, the band is back on the front pages again. Sources have told us that Capitol Records is mulling over the possibility of releasing the "Get Back" album in an effort to thwart the bootleg version which has recently surfaced. For those of you unfamiliar with the disc, we'll explain: GEORGE MARTIN produced the album, then known as "Get Back". THE BEATLES rejected the completed disc and placed it in the hands of producer PHIL SPECTOR, who added orchestration and background vocals. The record was subsequently released under the title of "Let It Be". The original "Get Back" album is the bare-boned, streamlined recording before SPECTOR got his hands on it. The following is a brief description of the differences between what appeared on "Let It Be" and what is on the "Get Back" record: "One After 909" (no difference), "Save The Last Dance For Me" (cover of THE DRIFTERS tune which dissolves into laughter and conversation at the end. Never appeared on "Let It Be"), "Don't Let Me Down" (never on "Let It Be", the song is a more heartfelt version than the single), "Dig A Pony" (different take), "I've Got A Feeling" (slightly different version), "Get Back" (same as the single release except the fade out that SPECTOR cut from the song is left intact), "For You Blue" (different take), "Teddy Boy" (never released by THE BEATLES although MC CARTNEY cut a solo version that was on his 1970 self-titled LP), "Two Of Us" (slower version), "Maggie May" (same cut), "Dig It" (much longer song than what appeared on "Let It Be") and finally, "The Long And Winding Road" (this song appears in its natural form, which is the unorchestrated version without the strings and background vocals. It's simply PAUL on piano, BILLY PRESTON on organ, RINGO on drums, GEORGE on guitar and JOHN on bass.) Let's hope this record in its original form gets released in the not too distant future. In other BEATLE-related news, JOHN LENNON and PAUL MC CARTNEY were recently inducted into the Songwriters Hall of Fame, making them the first non-Americans to be bestowed with that honor. YOKO ONO accepted for JOHN, but PAUL did not attend the ceremony.

WE ALL KNOW THAT Cleveland was chosen as the site to house the Rock 'N Roll Hall of Fame. A location has been secured and plans are now being drawn up with regard to the actual. The committee has hired the internationally-known architect I.M. PEI to handle the job of designing the museum. PEI, of course, is the man who's responsible for the breathtaking John F. Kennedy Memorial. No word yet as to when they expect to break ground.

WE REPORTED a few weeks ago that THE MOODY BLUES had just finished up their "Other Side Of Life" tour which had them on the road for over a year. Now we've learned that the band plans to return to these shores sometime this summer for a month-long jaunt of selected outdoor dates. Before they arrive though, the group will head into the studio to work on demos for their new album, which should be out next year. As we told you, JUSTIN HAYWARD and PATRICK MORAZ will both have solo albums out by then as well.

KEITH EMERSON is one of three artists featured on the forthcoming "Manhattan Collection" record due from RTV later this month. Most of EMERSON'S tracks are solo instrumentals and they include: "The Dreamer", "Prelude To Candice", "Hello Sailor", "Inferno" and "The Gollywog Cakewalk". This material, which originally appeared on an Italian release through Chord Records, was done before EMERSON reformed EMERSON, LAKE & POWELL. The other two performers on this disc are session man STEVE CAMERON (Jerry Lee Lewis) and former SKY and CARAVAN member DEREK AUSTIN.

SQUEEZE are currently in London's Townhouse Studios with producer RUSS CULLUM (TEARS FOR FEARS) working on their follow-up to 1985's "Cosi Fan Tutti Frutti". The band will take a break from recording to do a short East Coast tour which begins April 17 in Ohio and finishes up May 6 at The Ritz in New York City. Then it's back to London to finish the record, which should be out by the end of the year via A&M.

SIMPLE MINDS continue work on their forthcoming live album due June 1. The band is currently doing overdubs in a Los Angeles studio. Tracks that will no doubt be included on the album are: "Alive And Kicking", "Don't You (Forget About Me)", "Everything She Said", "Promised You A Miracle" and "Glittering Prize".

THE BRITISH are coming! "Top Of The Pops", one of London's premiere music shows and a forerunner of "American Bandstand", has added a Los Angeles office and plans to begin broadcasting Stateside shortly. No date has been announced yet.

MICK JAGGER ALBUM NEARLY COMPLETED: Mick Jagger's plans now call for his new album to be released at the end of the summer with a tour to begin in England soon afterwards. A spokesman for Jagger, Alan Edwards, says there isn't much work left to do on the album. One track includes a choir of local school girls from Barbados, where Jagger has been working. Meanwhile, the English press has once again been having a field day with The Rolling Stones. One report went so far as to quote Keith Richards saying he'd go on the road with Roger Daltrey singing instead of Jagger. Jagger has denied other reports that he'll be taking some members of The Stones with him on his tour.

PRINCE: Sheena Easton gets co-writing credit on the song on the flip side of Prince's new single. The song is called "La La La, He, He, Hee". The collaboration is an outgrowth of working together on Easton's hit, "Sugar Walls", which Prince wrote.

KEEL: Don Dokken joined Keel in the studio to sing "I Said The Wrong Thing To The Right Girl", one of the songs from Keel's self-titled album due out in May. Dokken's producer, Michael Wagener, is doing the Keel album.

PHIL COLLINS: Phil Collins will kick off a tour with Eric Clapton in Oakland, California, on April 11th. Collins will spend part of his hiatus from Genesis playing drums on about 20 of Clapton's tour dates, ending at Madison Square Garden on April 27th.

SANTANA: Original keyboard player Gregg Rolie returns to the Santana line-up for the U.S. leg of the group's tour, scheduled to begin around May 1st. Rolie will not be with the band for their European dates before then.

AEROSMITH: Aerosmith has started work on a new album in Boston. They are planning a release to coincide with a tour around July.

AIDS DAY PLANS FALLING INTO PLACE: A growing number of artists are agreeing to participate in International AIDS Day, which will be highlighted by a major show at London's Wembley Arena on April 1st. There are also plans for a "Hits Of '86" album, featuring Peter Gabriel, Big Country, The Communards, Depeche Mode, Duran Duran, Erasure, George Michael, Marc Almond, and The Pet Shop Boys to be released around the time of the show. All the proceeds from the show and album will go to The Terrence Higgins Trust, Britain's leading AIDS charity. Stuart Adamson, of Big Country, and Hugh Cornwell, of The Stranglers, are writing a song for AIDS Day. George Michael will make his first solo appearance at the Wembley show, as will Holly Johnson, of Frankie Goes To Hollywood. Julian Cope, Womack And Womack, and the British reggae band, Aswad, have agreed to appear at the show. The Blow Monkeys, Marc Almond, and The Chiefs Of Relief all previously agreed to play benefits on AIDS Day, or during the same week.

PETER CETERA: A decision to have two people perform a medley of the "Best Song" Oscar nominees at The Academy Awards has been reversed. Now, Peter Cetera will perform "The Glory Of Love", from "Karate Kid II", and James Ingram and Linda Ronstadt are expected to be performing "Somewhere Out There". Berlin, Tony Bennett and Levi Stubbs, who does the nominee from "Little Shop Of Horrors", have not yet been confirmed.

NATALIE COLE: Natalie Cole has a new recording contract with Manhattan Records. Her debut for the label, due out this spring, will include one of her father's classics, "When I Fall In Love".

ARTISTS RIGHTS GROUP RESEARCHING 200 ROYALTY CASES: Chuck Rubin, head of the Artists Rights Enforcement Corporation, says his firm is trying to recover royalties for some 200 artists from virtually every major record company. The New York company, which last year helped Richard Berry regain the rights to "Louie, Louie", provides research for artists and songwriters who are trying to correct royalty inequities. Rubin's firm specializes in early rock classics. He's currently working on cases for Bo Diddley, Etta James, the estate of Frankie Lyman, and doo wop groups, The Spaniels and Del Vikings. Rubin, a former manager and booking agent who has worked with Tommy James, Kool & The Gang, The Commodores, says the problem of uncollected royalties stems from the artists' unwillingness in the early days to press their claim out of fear they'd be jeopardizing their careers. Rubin says since he formed the company in 1981, some artists have been able to collect for the first time in 20 or 30 years.

WHITNEY HOUSTON LEADS MULTI-PLATINUM HONOREES WITH EIGHT MILLION SOLD: Whitney Houston, Bon Jovi, Boston and Madonna led the multi-Platinum honorees in the February awards handed out by the Recording Industry Association of America. Houston's debut lp was certified for sales of eight million; Bon Jovi, six million; Boston and Madonna, four million each. Other multi-Platinum awards went to The Bangles and Cinderella. The five-record Bruce Springsteen set went Gold, Platinum and multi-Platinum simultaneously. The Beastie Boys, Dio, Run D.M.C., Ratt, and Bon Jovi's last album were certified Platinum. Gold awards went to Gregory Abbott, Eric Clapton, and The Georgia Satellites.

SON OF VENUE MANAGER CHARGED WITH TICKET SCALPING: The 21 year old son of one of the country's largest concert venues has been charged with ticket scalping. Jonathan Smith, whose father is general manager of the Meadowlands Arena in New Jersey, is charged with selling 450 tickets to some of the biggest shows, including Bruce Springsteen, Van Halen, Duran Duran, Kenny Rogers, Black Sabbath, The Moody Blues, Lionel Richie and others. The ticket scalping, which took place in 1983 and 1984 while Smith was still a high school student, was discovered by the man's father. He turned the matter over to state police. The irregularities just now came to light because of a friend of Smith's who testified at a hearing looking into the arena's alleged monopolistic practices in selling tickets. Meanwhile, Rep. Frank Guarini (D-N.J.) has introduced legislation in Congress that would make scalping punishable by a \$1000. fine, or six months in jail. In introducing the bill, H.R. 774, Guarini called The Meadowlands "The ticket scalping capital of the world."

WONDER, JONES, RODGERS CLAIM FIRST BI-COASTAL RECORDING SESSION: Stevie Wonder, Quincy Jones and Nile Rodgers participated in what is being billed as the first CD quality coast-to-coast recording session on March 4th to cut an anti-crack song for Wonder's next album. Wonder and Jones worked at Wonderlove Studios in L.A., while Nile Rodgers conducted a choir of teenage boys at a studio in New York. The song is called "Please Don't Pass Go". The technology for the session was developed by Sony Professional Audio and three other communications firms. The newly recorded song doesn't have a release date yet.

JOURNEY: CBS-TV has scheduled the documentary on Journey, "Raised On Radio", for airing March 27th at 11:30 p.m. That's Journey bassist Randy Jackson playing on the hit duet by Aretha Franklin and George Michael.

THOMAS DOLBY: Thomas Dolby has completed the soundtrack to Ken Russell's new film, "Gothic", which is just out in England.

THOMPSON TWINS: The Thompson Twins release "Get That Love" as the first single from their new album "Close To The Bone". They plan to kick off a world tour in England at the beginning of the summer. Meanwhile, former member Joe Leeway, who left the group last year, has moved to Los Angeles and married his girlfriend.

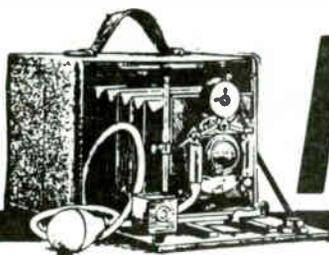

MICK JONES PRODUCING NEXT FOREIGNER ALBUM: Mick Jones has decided to produce Foreigner's next album himself, according to Lou Gramm. Although the group has always worked with producers in the past, Gramm says, "This time, he really wanted to do it himself. I think he could have done it himself last time," Gramm continued. "He pretty much knows the way he wants it and has a vision of the final outcome, so he should just go for it." Gramm said that on past albums, producers have acted as a "buffer zone" between himself and Jones. "He usually likes to have someone in the control room with him just to bounce ideas off," said the singer, "and to keep us from really going at each other if it gets to that." Work on the new album is scheduled to get underway at the end of this month.

WHILE CHRISSIE HYNDE and her Pretenders continue to criss-cross America on a big nationwide tour, the Akron, Ohio, native's husband, Jim Kerr of Scotland's Simple Minds, continues to work non-stop in Woodstock, New York, as they put the finishing touches on a forthcoming live Lp. Of course, Jim is known to be a perfectionist, and the mixing process is said to be extremely intense as the serious Scot gets down to business.

THE BEASTIE BOYS CONTINUE to cut a searing reputation everywhere they go in the United States. Here's the latest skinny from New York: Although the Boys are known for their outrageous concerts and anything-can-happen attitude, we understand that the band received a warning from the building manager at the Louisville Gardens in Louisville, Kentucky. According to sources, the manager indicated that they would not hesitate to stop the show if anybody jumped on the stage, or any minors were found backstage. They were not able to bring their twenty-foot hydraulic penis with them on the stage because they were threatened with being arrested and prosecution if they did.

BEST BITS

WZZO -- SHOW US YOUR JERKS!

WZZO

Mark DeVine and Tim Scott do mornings at WZZO in Allentown, Pa. and we caught up with Mark, who let us in on one of their most successful bits: "We do something on a seri-

regular basis that works very well for us. We call it 'Jerk Of The Day' and we relate a strange but true tale on someone who has done something very stupid. We dress it up with sound effects and a music bed, and put our own twist on it by suggesting a prize that we can send to the 'Jerk Of The Day'. It's very simple, but when dressed up it's very retainable in any market size. People love stupidity and they often send in their own suggestions for the 'Jerk Of The Day'. One of our recent 'Jerks' featured a woman in Texas who wanted to get her car washed quickly -- so she drove through the car wash at 35 MPH. We said something like, 'We'd like to send this lady a sponge so she can do it herself next time!' Or something along those lines. Then there was the 'Jerk' who went in to hold up a bank and wrote his stick up note on the back of one of his business cards!" You can bet the boys had fun with that one.

By the way, if you know any jerks, send them to Allentown.

MESSAGE IN A...CART MACHINE?

KY-102

Rockers in Minneapolis have the pleasure of awakening to Max Floyd, Frankie and John Hart at KYYS. We spoke

with John this week, and he told us about one of their Best Bits that happened by accident: "We were doing a bit on Oral Roberts and, this is honestly the truth, all of a sudden we heard this demonic little voice in the background. It sounded like the tape was running at 1/4 speed and you couldn't tell what it was saying. We honestly don't know where the voice came from - there were no carts in the machine. It was the spookiest thing in the world. It was like Oral Roberts had sent the devil after us. We had taped it and when we listened back to it, sure enough the (background) voice is there. We tried speeding it up, playing it backwards, playing it forwards and I never did make any sense of what was on the tape. It really freaked us out, but

it made our show a lot of fun that morning."

"Over the weekend we promo'd the fact that we were trying to isolate the voice, trying to find out exactly what the demon was saying, and if Oral Roberts had sent the Devil after us. Then for Monday's morning show when we came on to do the bit, we played the show backwards. I used our harmonizers on my voice to make it sound devilish, and telling people to send their checks to our morning show -- or God would come and get them. This all started out as an accident and turned out to be our Best Bit of the week!"

'PYX 106 JOINS THE BREAKFAST CLUB

PYX 106

Mason and Sheehan are the longtime morning team at WPYX in Albany, and Bob Mason spent some time telling us what makes their show tick: "We do a lot with Break-

fast Clubs. I think that on top of everything we do on the air with the phones and everything else it's really important to get out there and let the listeners get to know us, so we do a Breakfast Club monthly from one restaurant or another. Some of our Best Bits have come out of this. We have a close relationship with the listeners and a lot of what we do on the air relies on the listeners being the funny people. Our record Breakfast Club crowd was over 2,000. But we're always doing around 1,200 or so. We do them from hot restaurants and hotels in the market and we try to find a place that hubs traffic wise. We move around the market. For instance, in August, when the Saratoga racetrack is open we're there. Saratoga is the summer place to be. All of society arrives for a Breakfast Club. We've got a character here in the market by the name of Mary Lou Whitney and Mary Lou has turned into a great friend of ours. She's the Grand Dame of society. But Mary Lou is also a media freak and to get to know Mary Lou, we ran a Mary Lou Whitney look-alike contest -- open to men and women and managed to get Mary Lou to bite the bait; she appeared at the contest. Not only did we have coverage from all the television stations in town, but Women's Wear Daily picked it up as well as the Los Angeles Times and the Washington Post. That was an example of a Breakfast Club stunt. We've also done Breakfast Clubs with the Wrestlemania theme. A couple of years ago with

WNEW/FM'S MURDER AT THE PLAZA HOTEL

WNEW-FM
102.7
WHERE ROCK LIVES

WNEW-FM recently created a special give-away promotion to help celebrate the release of the film "Angel Heart", starring Robert DeNiro, Mickey Rourke and Lisa Bonet.

The radio station gave away run-of-engagement tickets to the film, and every winner also received passes to the "Angel Heart" release party at the Tunnel nightclub in New York City.

The promotion had an extra added twist. 'NEW Morning Man Dave Herman also gave away five pair of tickets for an "Angel Heart" Mystery Weekend to coincide with the movie's occult murder mystery theme. Winners received a weekend stay at the Plaza Hotel in Manhattan and a chance to participate in a "who-dunnit" mystery to be performed by an acting troupe brought in by the Tri-Star movie company. Tri-Star also brought in other winners from approximately a half dozen other stations around the country. It's definitely a unique theme for a fun promotion!

ROCK RADIO CATCHES MARDI GRAS FEVER

Although the Mardi Gras Festival is one of the biggest annual parties in the country, the event is relatively unfamiliar to most of us Americans who have never been able to experience it. Realizing that, several stations seized the opportunity to bring the festival to their listeners through live remotes from the Bourbon Street blow-out, and their efforts were rewarded with exciting, hot sounding radio segments.

WBAB
102.3

WBAB, Long Island was one of those stations that figured if their listeners couldn't make it to the Mardi Gras, they would bring the Mardi Gras to their listeners. Sending morning co-hosts Bob Buchman and Tracy Burgess, afternoon

drive personality/jazz show host Jerry Martinez, Promotion Director Dave Richards and a broadcast crew to New Orleans, WBAB set up a broadcast booth outside the Royal Sinesta Hotel. The Hotel furnished the WBAB crew with a suite to stay in free of charge and offered any assistance in background information that would add color to the remote. Beginning with the station's Monday night jazz show live from one of the oldest clubs in New Orleans, the WBAB personalities translated as much of the color and excitement that is the Mardi Gras. The following day was Mardi Gras day and the WBAB personalities took to Bourbon Street for a full day of coverage of the parades and

various craziness that is so much a part of the festival itself. One of the "Krewes" marching in the parade was the raisin krewe--dressed as raisins and marching to "Heard It Through The Grapevine". All the while, the station interviewed local personalities for bits of history and lore to add color to the broadcast. They also had the opportunity to interview the Fabulous Thunderbirds during the day's coverage. The event sounded great over the air thanks to the efforts of the WBAB team's hard work at capturing the atmosphere while describing the action. Interestingly, the station got a great unplanned plug when several Long Islanders noticed the WBAB jocks and approached them while they were on live. What WBAB listeners received from the remote was the next best thing to actually being at the Mardi Gras, while WBAB scored big points through a great sounding two days of live radio.

WHMD
Hit Rock 107

At the same time, WBAB was doing its two-day remote, local AOR outlet WHMD, Hammond LA was in the home stretch of what was a three phase promotion/charity event that began four weeks prior to Mardi Gras Day. The first phase featured a give-away

that included a full membership to the krewe of Omega, tickets to the Mardi Gras Ball, a free tuxedo rental, and a full costume to wear while riding on one of the floats in the Omega Parade. Phase Two was tied into Valentines Day and offered a full evening of activities replete with a dozen roses, dinner for two at the fanciest restaurant in town, and transportation to all of the nights events in a brand new Lincoln Town car chauffeured by WHMD MD Phil Colwart. Phase Three involved a bachelor auction for the benefit of the Muscular Distrophy Association in which Phil and Morning Man Kevin Carlisle spent an evening out on the town with the highest bidding female. In addition to all of the giveaways, WHMD did live broadcasts from the various events taking place during the entire Mardi Gras Festival, devoting a full day's coverage to capturing as much of the various parades and festivities happening around the area on Mardi Gras Day.

The station also presented periodical reports on the history and lore of Mardi Gras. What undoubtedly must have been exciting for WHMD listeners is that they could be in two places at once during the day--one in person and one via the station's live broadcasts. No doubt, being based in the area, WHMD was well prepared to offer it's listeners full coverage of the festivities as well as lots of exciting live radio.

Meanwhile two listeners of WRCN, Long Island were treated to the real thing through WRCN's "Dave Edmunds live from New Orleans" promotion giveaway. One lucky listener and a guest were sent to New Orleans to see Edmunds perform on a riverboat. The prize included round trip airfare, hotel accommodations and \$104 dollars partying cash.

So while not everyone was able to attend Mardi Gras '87, listeners of WBAB, WHMD and WRCN were able to take in much of the wild event thanks to the efforts of the three outlets - Just another example of AOR radio's commitment to bringing it's listeners more than just great rock music. Kudos to WBAB, WHMD and WRCN for continuing the tradition that makes Rock Radio the coolest format on the airwaves.

POLYGRAM PRESENTS QUESTION of the WEEK

With New Age music finding more of an outlet on radio (The Wave and KSCO, San Jose), some are predicting that every market will soon have a New Age station. Do you agree or disagree? Would a New Age station work in your market, and why? Does New Age have a place in your station's programming?

GREG SOLK, WLUP: "I think that statement's too drastic. A few cities will embrace a New Age format, but certainly not everyone. Some are saying this is the next step for AOR and I don't think this is the case. If done correctly, we could see a lot of interest in many markets...Will New Age work in Chicago? I don't know. If it does, I don't think it's the kind of station I personally would like to work with. I enjoy exciting and foreground radio, not background. Personality is the key to adult radio of the future. I can't see working in radio without it. New Age doesn't have a lot of value for the Loop, although we do have a jazz show that features some of the music and we are always looking for ways to get a little more progressive in our approach. I think Frank Cody and his station, with the gamble they have taken, will hold the lock and key to that format. If The Wave is as successful as they are predicting, we just may see other broadcasters hopping on the bandwagon, as we have seen with classic rock and many years ago with John Sebastian's Kick-Ass Rock N' Roll. History has taught us that when one station is successful with a format, other stations quickly fall in and duplicate it."

ERIN RILEY, WMMR: "If a New Age format would work in any market, I think it would work here in Philadelphia because of the market's heritage. Many of the artists that would fit into the broad umbrella of New Age -- Tangerine Dream, Patrick Moraz and Jean Michel Jarre, for example -- were played on WMMR in its progressive days; not to mention the success that 'artrock' bands like Yes, Genesis, Bowie and Gabriel enjoy here today. So Philly obviously has an acquired taste for this kind of music. New Age is already getting some play in the market on our 'For Headphones Only' show and on WIOQ's New Age program."

BILL WISE, WGTR: "I think it will probably wind up in most major and some medium sized markets. Obviously it's a very specialized format a la classic rock. It's certainly not going to dominate any markets, but may pull the right demo and psychographics..."

In Miami, LOVE 74, the local AC station, does a Sunday jazz show and 'INZ carries the David Sanborn show, so with those stations already dipping into that music, I don't see it as something we at WGTR would have a need to program."

HARVEY "DR. K" KOJAN, KLOL: "New Age is here to stay. Anyone who doubts this need merely check the sales charts. Whether the format proliferates is definitely tied, at least initially, to the success of The Wave and other pioneers. But anyone jumping on the New Age bandwagon and expecting long range mass appeal may be very disappointed. First, even if The Wave works, we all know success in L.A. really doesn't translate to other towns. (Very little about L.A. has anything to do with the rest of America anyway.) Unlike the 'progressive' explosion to which some have drawn parallels, New Age will not attract the active, loyal, genuinely excited music lovers that got KMET and KLOL on the map in the first place. Also it would be tough to make the format work as anything more than background, and advertisers like to think their message will be heard...As far as local potential goes, Houston is not the type of city to support the format, at least not now. The Yuppies are all moving away. KLOL does program plenty of New Age during our 'Sunday Brunch', and the response on the phones and through the mail is excellent. But Jazz Brunch host and New Age expert Becky Wise agrees the format would not work here. Try Dallas."

POLYGRAM ROCKS RADIO ROCK N' QUOTE OF THE WEEK

"Very impressive sales on 'God's Own Medicine' prompted us to add the Mission U.K. and 'Play Wasteland'."

DOUG CLIFTON/KBCO

RAD MESSICK, WDIZ: "I disagree for a couple of reasons. I don't think there's a large enough cell in every market to support an esoteric format as that. It's gonna take a city with the size and the hipness factor of an L.A. or New York to be able to pull off a New Age format successfully. I think in a lot of places where it would go on, people would consider it another kind of Beautiful

Music station, which is not what New Age is all about...I don't know if it would necessarily work here because, once again, there're seven or eight radio stations targeting that demo and serving it pretty well."

TOM DANIELS, WCKG: "A New Age station in every market -- no. I feel that it is a specialized format geared to the 23-50 year olds; very upscale...In Chicago, a niche could be carved out for a New Age outlet. Right now we're running 'Musical Starstreams' on Sunday evenings. It's a syndicated New Age music program."

STEVE BECKER, WKFM: "At this moment, our market is pretty saturated with jazz features and crossovers. There's a college radio station that broadcasts jazz 24-hours-a-day and its derivatives. Our own station runs the 'NBC Jazz Show' with David Sanborn on Sunday mornings, and there are various other jazz features that are heard in this market. The idea of that type of station might work where there's a void among particular cities' radio station formats. The viability of the format might work, but my feeling is that it could only be supported in a larger market."

CARTER ALAN, WBCN: "It's a safe bet that a New Age station will eventually set up shop in Boston. However, I believe its place in the market would be relegated to the Muzak lovers. Much of New Age is vital and exciting music, but there's also a lot of fluff which unfortunately falls in that Muzak category...WBCN is a Rock And Roll station and will continue to concentrate on Rock And Roll music."

RICK BARR, WBRU: "I disagree. I think that only the top 15-20 markets can support a New Age station. I don't think that its appeal is broad enough to get enough revenues in a smaller market...I don't think that a New Age station will work in this market because existing local jazz and A/C stations already don't do that well here. Therefore, I don't think that such a limited format will do well either...No, we don't program any New Age music. We run thirty hours of jazz a week and we never touch New Age music."

BOB BITTENS, WHCN: "I think it depends on your definition of soon. I think that perhaps sometime in the next ten years we may find New Age formats taking the position currently held by Beautiful Music/Easy Listening stations. I see the New Age format as a kind of 'set your radio there and leave it' format that will be used very much the same way that Beautiful Music is used now; i.e., doctors' offices, restaurants and supermarkets...I don't believe that a full time New Age station would work in this market at this time. As a special programming segment, I do believe it has a lot of potential...We are currently using some music that could fall under the New Age heading during our weekly jazz program."

RON NENNI, KOME: "I disagree with the statement that every market will eventually have a New Age outlet because I feel that New Age appeals to a very narrow portion of the audience. It may develop in the future and become the hip Beautiful Music of our generation. There is a segment of The Bay Area that responds well to jazz programming, as illustrated by the success of AC/Jazz KBLX, but I wouldn't call that a New Age station...We have a program on KOME where we feature New Age jazz and progressive music every Sunday night between 10:00 and Midnight. 'Stonetrek' has been in the market for 11

years, 9 of those here at KOME. Because of the show, we are #1 25-54 Adults on Sundays, 7PM-Midnight. Greg Stone has been the host of the show for its duration and he has the most loyal following of any person I've ever seen in my ten years in radio. Because of that show, we have a jump on the trend in the market...Let's face it, San Jose is a Rock N' Roll town and the majority of South Bay 18-49 men are rockers and the appeal of a New Age format here is limited."

PETER BOLGER, WINZ: "A New Age format has potential for the large markets, but I can't see a very small market with a limited number of signals being able to do well with it. In a large market situation where you have many signals, and stations are able to survive on a specific niche, then it's very possible that a New Age format could work. It really depends on the size of the market and what else is going on in the market. In Portland, KINK doesn't specifically play New Age music, but they play music that people perceive as offering that kind of sound, and are very successful with it. New Age would have no place at KGON because we are a rock 'n roll radio station. Although we've had great success in re-establishing KGON's image, perception dies very hard, and therefore we have to make sure that we don't confuse our listeners. So playing New Age at KGON would only confuse the image of the radio station again."

LEE ABRAMS, B/A/D/E: "First of all, in two days of listening to The Wave, I didn't hear any New Age music. It's all sort of AC and light jazz. Although the New Age definition is pretty nebulous, nothing on The Wave struck me as even being close to what could be considered New Age...The confusing thing with that station is they have billboards and promos proclaiming The New Age Of Radio...KSCO will be much more of a real New Age station, as opposed to AC. New Age is the new Beautiful Music. In 1974, you had somebody that was 35 who liked Rock, but every now and then wanted to lay back and could turn on a Beautiful Music Shulke type station and hear The 101 Strings doing 'Guantanamo' and that was fine for the early 70's. Now in the late 80's, you have somebody in their 30's that needs to kick back, and I think the New Age atmosphere serves the same purpose that Beautiful Music used to serve. I do think there's a hole in practically any market for a new generation of Beautiful Music stations that would lean toward the New Age music. As far as people saying it could only work on the west coast, and not in Dubuque Iowa, they said the same thing about AOR in 1969. There is a certain element of it that could fit into AOR today---primarily, the more Pink Floyd rooted European synthesizer approach being used by Jean Michel Jarre. Whereas the more acoustic oriented folk stuff - No way! But there is an element of it that definitely does fit--the spacier Tangerine Dream/Floyd kind of approach, with the right melody and put together properly could definitely sound good. For example, if someone came out with a 1987 version of what Jean Michel Jarre did with 'Oxygene' several years ago, that could fit in real nicely. But I can't hear a George Winston piano solo between Springsteen and Genesis."

LIN BREHMER, WXRT: "The notion of an all New Age radio station seems too one dimensional to sustain a radio station over any length of time. However, the potential success of The Wave in Los Angeles would certainly inspire variations in many markets if the numbers look good. Nobody enjoys a bandwagon

QUESTION OF THE WEEK

Continued From Previous Page

as much as radio programmers. For WXRT, so called 'New Age' music has always had a place as one of the many styles of contemporary music that we find compatible with our musical direction. Like any other style of music we play, we are very selective. But one should consider that by the time a style of music or format has become a punchline in a Doonesbury cartoon, that music as a popular sensation is most definitely on its way out."

WAYNE SUMMERS, WRCN: "I disagree that every market will have a New Age station. A New Age station would work on Long Island because of the number of sophisticated listeners. We're more of a mainstream, straight ahead AOR Rock N' Roll station, and although I would personally like to hear a New Age program during a special feature show, the P.D. doesn't agree -- maybe someday."

RADIO ACTION

WCCC, HARTFORD, CT P.D./M.D.-HARVE ALAN:

"Sports fans--the Grapefruit League is underway and 'CCC's new morning show is in place. I would like to welcome Chris Rivers from 95X, Syracuse, to the team...U2 earns an instant power; #1 request record, bar none...Two other performers this week are Gregg Allman 'I'm No Angel' and Cutting Crew '(I Just) Died In Your Arms'. We can't play these songs enough...Peter Wolf and Hipsway also had outstanding responses...New stuff this week: Billy Idol 'Sweet Sixteen', an automatic record for 'CCC. Idol always does well in Hartford...Track two for Lou Gramm 'Ready Or Not' hits...Frozen Ghost is also hitting the air this week...The biggest question mark is the Gabriel/Kate Bush duet. We know radio folks love it, but will the audience? We'll find out, won't we?"

KGON, PORTLAND, OR M.D.-INESSA YORK:

"Hey, there's a trend going on here. (Remember when the Police were just three blonde punks in '79?) Just the other day I was looking at the New Release list, who's playing what, etc., and music from the likes of The Damned and Killing Joke are on-the-air on Red-blooded, all-American stations. Hah! There's a message in there somewhere...U2 is the obvious ruler of the phones. 'With Or Without You' is a very introspective beginning, however, to this long awaited project. I was a wee bit surprised, but it sounds wonderful and strong on the air...Portland Talent Alert: The Razorbacks have released an album titled 'More Love, Less Attitude'. It's a well produced album with a great mix of blues and rock--right down the current trend alley. It's being distributed by Jem, so when they come a callin', remember this is worth your time to check it out. The Razorbacks."

WHCN, HARTFORD, CT M.D.-KIM ALEXANDER:

"I be hip-mo-tized by U2. 'With Or Without You' has a beautiful melody and the production (Eno and Lillywhite) is ethereal. Give me that hypnotic groove and give me the Lp soon...By the way, Hartford gets two sneak preview shows in May. Looks like the Stones

have officially handed over the rock and roll torch to the Cult. 'Love Removal Machine' has that freewheeling, rebellious, raunchy 'Exile On Main Street' sound that rock and roll is all about. And you gotta play it loud...We're giving XTC's 'Dear God' a spin here and there. The phones always go nuts. Before you let it roll, have a theology speech prepared...Lastly, if you got an advanced cassette of Mason Ruffner's 'Gypsy Blood', it's probably stuck in your tape deck. What is it about Austin that produces so many guitar groups? Must be something in the chili. The vocals sound like Hendrix meets Dylan, and the guitar is pure Texas. Watch this guy!"

KZAP, SACRAMENTO, CA P.D.-TOM CALE:

"A great big thanks to Dave Rothstein and the Capitol crew for helping make KZAP's celebration of the first Beatles CDs such a smashing success...Thanks to Gary Briggs at Warner Brothers for introducing me to Chrissie Hynde. I couldn't believe she was showing us pictures of her kids! You gotta love anybody who urges the fire bombing of malls in one breath and talks about her kids in the next. Maybe during the Maryland portion of the tour, she could do us all a favor and urge the crowd to fire bomb Arbitron!"

WIYY, BALTIMORE, MD M.D.-CHRIS EMRY:

"The phones have spoken. U2 is a smash. Our audience is begging for more...If the Bryan Adams and Fleetwood Mac are just as good, the heat from that trio should keep us all warm until spring."

WBCN, BOSTON, MA M.D.-CARTER ALAN:

"You've gotta love those Del Fuegos and their new record. For a homecoming visit in between U.S. tour stops, the happy foursome was treated to a rousing party at Boston's Tabasco Grill. Let me tell you, this place is hot! How hot? They bring in tank trucks of that sauce every day to replenish their stock. My mouth is still burning and there isn't a germ left alive in my mouth. Thanks to Mr. Mike Symonds and George Skaubitis for putting the shebang together...Do I have to rave anymore about U2? I feel that everyone in America has to be playing this record. U2 has reached complete mass appeal, and 'With Or Without You' is a beautiful single suitable for AOR, CHR and even A/C stations. We can hardly wait for the New England tour dates in May...In response to your queries, music calls will only be accepted Wed.-Fri., Noon to 5:00PM...And finally, congratulations to local MCA rep Roman Marcinkiewicz for getting Promo. Man-of-the-Year, and to Atlantic Records for hiring my Asst. Music Director for local promo."

WLIR, LONG ISLAND, NY ASST. P.D./M.D.- LARRY

"THE DOCK" DUNN: "Our biggest musical success is U2. 'With Or Without You' is an out-of-the-box Screamer Of The Week power add. Our audience is insatiable. They crave and crave and want more U2. The new single is our #1 Most Requested song. In fact, 'With Or Without You' now holds the record for most listener votes for a song voted 'Screamer Of The Week'. U2 is the hottest success story of this decade. Meet the new Boss. By the way, after listening to the new album, I loved 'Street Of No Name' and 'Red Hill Town'...I'm really knocked out by this Norwegian band Stage Dolls. 'Commandos' certainly makes for fun radio...Thanks to Flesh for Lulu and the March Violets for a successful night at the Ritz this past Friday...Also, thanks to Hipsway for stopping up live on-the-air. My thanks to Jerry Lembo, Linda Kirishjian and Paul Rappaport...Personal to Chrysalis: I hope you guys come with the Bible album in America. 'Mihilia' is the next 'Baker Street'. I can hear everyone six months from now raving about 'Graceland'."

WRCN, LONG ISLAND, NY P.D.-LENNY BLOCH:

"Five out of five PDs agree, U2's 'The Joshua Tree' could be the most important record you'll play in the '80's. Velvety smooth pro-

duction, a passionate sounding Bono, gutsy guitar from The Edge--all add up to a master work. Where do you start? The Lp is open at WRCN and we'll ask our listeners to help us decide. Last weekend we gave them their first opportunity to win the Lp and the response was overwhelming, all on the strength of 'With Or Without You'. Other tracks that raise hair are 'Where The Streets Have No Name', 'Bullet The Blue Sky' and 'Red Hill Mining Town'. Congratulations to the band and Island Records on this authentic future classic...Big thanks to Dede Whiteside for the super night on the town. A sincere pleasure finally meeting Dede after all these years...Many thanks to Gregg Allman, Epic, and Terry Coen for the show and the album party. Both were largely successful...Top 5 phones include good ol' Bon Jovi, Poison, U2, Europe and Boston. Raise your hands if you're powering U2."

WDVE, PITTSBURGH, PA M.D.-ANTHONY ALFONSI:

"Looks like U2 is on their way! Within the first week of release, the phone lines are on fire!...The new Whitesnake falls into the same category...Thanks to Mark Fritzes of Atlantic in Pittsburgh, and Steve Jones from Atlantic in Miami, for helping me see Genesis at the Orange Bowl!...We'd like to thank Gregg Allman who did a knock-out interview with our news goddess, Lauri Githens, and did a Standing Room Only show on March 9th here in Pittsburgh, thanks to Gregg's manager, Willy Perkins."

WLWQ, COLUMBUS, OH M.D.-WENDY STEELE:

"U2 sounds grrrrreat! Mega requests! Columbus can't get enough of it!"

WYNF, TAMPA/ST. PETERSBURG, FL ASST. P.D./M.D.-RON DIAZ:

"Friends, Romans, countrymen! Please help us celebrate our Birthday Party! All I ask is artist IDs as follows: 'Hi, I'm _____ of _____, proud to have my music on 95YNF, celebrating 6 years as Tampa Bay's only home of rock 'n roll--95YNF.' Thank you in advance. Address it to: Ron Diaz, C/O 95YNF, P.O. Box 42195, St.Petersburg, FL 33742."

KLOL, HOUSTON, TX M.D.-HARVEY 'DR. K.'

KOJAN: "Congratulations to KLOL's own David Sadof who has just been named Asst. Music Director at the ripe old age of 23! His knowledge and enthusiasm, especially in the area of new music has proven invaluable. Speaking of new music, The Damned will be added shortly which makes me smile everytime I think about it. Other eminent adds include the Del Fuegos and

The Cult. I'm rather surprised Farrenheit hasn't received more attention--great melody, exceptional harmonies, vulnerable lyrics, a little sax, some tasty guitar, sparkling production--and every conceivable hook known to man...Little America is starting to get some significant request action...And now, an important message to CHRs everywhere: Contrary to what you may read in these pages, U2 is not, repeat NOT, one of the best, most popular and most important bands in the world today! Their new single is not hauntingly beautiful and the most accessible thing they've done! Pay no attention to this band!...And finally, thanks to everyone who has made me feel so welcome in my first weeks as M.D. Your wisdom and patience as I learn the ropes are most appreciated. Special thanks to Heavy Lenny for the CD and the long distance lessons and to Richard Pachter for just being an 'all around good guy'. And to Jack Isquith: Great to see you in Rolling Stone, but does this mean you'll still talk with us mortals?"

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY:

"Well, this time there's no excuse for U2's amount of airplay not to equal the amount of diehard fans you see at their concerts. It never ceases to amaze me how big a secret they are from the general public and their fans number in the millions!!! They sell 20-30-40,000 more seats everywhere they play. Goes to show you the power of AOR radio. 'With Or Without You' leaves no room for anything but mega-success. The song is so-o-o beautiful and haunting and Bono's voice, as usual, makes my heart and my stomach flip flop!...Something I look forward to every year is when Paul Young comes to town. This guy is just one song away from superstardom. In my mind the range in his voice is only rivaled by one other singer, and that's Daryl Hall--and he dances as good as Prince! Did I say that? I don't know what came over me!"

WBUR, PROVIDENCE, RI M.D.-ALISON STEWART:

"U2's 'With Or Without You' has a hypnotic quality that lures any listener into a state of musical ecstasy. Speaking of XTC, they came in a close #2 in phones to U2. Providence is clamoring for these two bands!...Frozen Ghost hooked us this week with that incredible hook. 'Should I See' is impressive in terms of song-writing and performance...Peter Dinklage soars in at #4 phones this week. He's coming to town and we all look forward to the show. That's a fine record...Thanks to the Warner Bros. gang for the Del Fuegos Listening Party last night. It was super to meet the band and Kenny Puvogel, who came 3,000 miles just for this date... Also, Birthday best wishes to Karen Durkot from Elektra Records!"

WEBN, CINCINNATI, OH M.D.-CURT GARY:

"We got wind of their release yesterday and now it seems all the world has stopped in their tracks for Bryan Adams--Just when you thought you'd caught your breath, comes Fleetwood Mac--Once again, two bands make everyone else move over. The phones are already burning for these songs and they haven't even heard them yet! I, for one, have heard Bryan Adams and the man is a bonafide h-i-t machine! The rumor is Fleetwood Mac sounds like 'Rumours' which is OK by me. No cease and desist orders here--We'll just take them as they come!"

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA:

"Thanks to all the folks at Epic Records for helping us send some listeners to Europe (Italy, to be specific) to see the band Europe perform the final concert of their 'Final Countdown' tour...I've always liked the China Crisis tune 'Arizona Sky' and this week is the right week to put it on. After the last album, I can't help but make the Steely Dan comparison. 25+ rock, if you will. The beauty of it is because of their New Wave image, China Crisis attracts younger demos too. If you have any taste at all--try it. You'll probably like it...Did Night Ranger create a song for the new Michael J. Fox movie, or an episode of Miami Vice? Everyone's going to comment on U2 this week so we'll go with a couple of underdogs: One is Frozen Ghost, the other is The Saints. We managed to squeeze the Ghost record on this week and the cliché is true--it sounds great on the radio. It was another close week for The Saints. I am hooked on this record. All you have to do is listen once or twice and you'll be singing the chorus too. Hopefully The Saints will get a shot next week...Thanks to Jim, Harry and Skin from Hipsway for stopping in this week and to Rick and Dan from the Georgia Satellites for stopping in last week. Both interviews were fun. Also, thanks to Jerry Lembo and Steve Schnurr for getting them here."

KKCY, SAN FRANCISCO, CA M.D.-LORRAINE

MEIER/P.D.-KATE HAYES: "The San Francisco Bay area is presently Sold-Out retail on Chris Isaak, and we're getting deluged by calls from fans begging to hear more while they're waiting to buy it! The top requested tracks are 'Lie To Me', 'Blue Hotel' and 'This Love Will Last', and if Chris Isaak is coming to your town--go ahead and take a chance and put him on-the-air. He's one of the funniest things on two feet! Chris is the stuff stars are made of--achingly pure vocal quality and stunning instrumentation wrap themselves around the listener on great track after track. The promise of silvertone is delivered in full on his latest album!"

WXRT, CHICAGO, IL M.D.-LIN BREHMER:

"Surely, the prospect of a Siauxsie & The Banshees album featuring nothing but cover versions colored my eye with a jaundiced hue, but the album is a pleasure! The Jim Morrison cover fits the band like a warm mitten and the Banshees doing Iggy is heavenly...Our preview of the Del Fuegos album forecasts big things for this band. 'Long Slide' is as sharp as a John Cangeloci head first dive...The Kinks kicked off our 15th anniversary with two sold-out shows here, the second of which was broadcast live. Many thanks to many people, but especially to the Kinks, who blew the house away and who endured the many complications of live broadcasting like the professionals they are. Norm is the biggest Kinks fan I've ever known. He dug it!...What do you get when you combine charisma, vocal thunder and a slightly

twisted variation of honky tonk rock 'n roll? The answer: J.D. Lang!...Adds: U2 12"; Rank & File; K.D. Lang."

CFNY, TORONTO, CN ASST. P.D./M.D.-DON BERNS:

"So, I thought I'd experience all the heat I could get on Hawaii's beautiful beaches (check out Kauai, if you get to the Islands--it's gorgeous); especially after I returned to the Great White North only to find temperatures dropped 50° in 6 hrs., as we returned to Winter Sunday night! But lo and behold, the new music this week is so-o-o HOT, I feel like I never left the sunshine!...Those who play dance-oriented records cannot afford to be without Boris Badinough's 'Hey Rocky', the first big novelty record of the year. Get on it now before the CHR stations get on it and burn it to a crisp!...XTC's 'Dear God' isn't out here yet but I can remember the song blowing me away when I heard it on a demo cassette of 'Skylarking'. It is, without a doubt, the most accessible track the group has recorded since 'All You Pretty Girls'--yet it maintains the lyrical essence of this fine band...Also on the Import from the Thrashing Doves who continue to amaze with their third 12" single 'Jesus On The Payroll' which adds even more depth to what I feel will be one of the most important new bands to emerge this year...The Stranglers release a 12" extended on 'Shaking Like A Leaf' which is already getting requests here, based on a couple of spins last week...The 77s 'Do It For Love', off their debut Lp, sounds like a sure winner. Ditto for Westworld's 'Sonic Boom Boy' which has made waves in England and is about to do so here...And for those of you getting into Killing Joke, check out the track called 'Victory', available only on the CD and cassette versions of 'Brighter Than A Thousand Suns'. 'Victory' is a cooker--a great upbeat production and those are just the singles this week--the albums are even hotter, what with the Simply Red; The Smiths; Siouxsie & The Banshees; and that other group--what are they called? Oh yes--U2! 'The Joshua Tree'? Yeah! I think it is going to take something akin to 'Sgt. Pepper' to dislodge U2 from the album-of-the-year spot...And now a word from the underground where we find IVAR HAMILTON: 'The Mighty Lemon Drops move into heavy rotation after very nearly blowing the Chameleons off the stage at R.P.M. this past week...Thanks to Bruce McDonald and the gang at WFNX for showing me a great time in Boston! Until next time!"

WHJY, PROVIDENCE, RI ASST. P.D.-GLENN

STEWART: "Thanks to the folks at Polygram for their hospitality in Londontown! Deep Purple was fabulous and an extra added attraction was on another night seeing Ben E. King perform with Mick Jones, Ron Wood, Simon Kirke and John Paul Jones. Is that a jam, or what? It was great meeting the Purple band and David Gilmour, watching Redbeard at work, and as for Ron Diaz adventures--everything you've heard is t-r-u-e!...While in London, I copped a Bon Jovi tune that won't be available in the States 'til this Summer, called 'Edge Of A Broken Heart'. If you can lay your hands on it just get it on-the-air with no questions asked!"

KBCO, BOULDER, CO M.D.-DOUG CLIFTON:

"Best New Song: Del Fuegos 'Long Slide'. It's more produced but it still has an edge to it...Building: Bob Geldof 'Love Like A Rocket' and Jon Butcher 'Goodbye Saving Grace'. Both move into power rotation this week...New Life: Because of the success of 'Don't Dream It's Over', we've gone back to our two favorites from the debut Crowded House Lp 'Something So Strong' and 'World Where You Live'...Requests: U2; Prince; China Crisis; Heaven 17 and Gino Vannelli...Adult Retail:

KDJQ, SACRAMENTO, CA M.D.-RON GARRETT:

"It's time to separate the men from the boys! The message is 'Loud And Clear'-- Autograph is back! The kids want to rock and they will turn up the radio when you fill their little heads full of this high decibel blaster...Chris Isaak's 'You Owe Me Some Kind Of Love' is moody and haunting. Shades of Roy Orbison and surf guitar dance through my head. I feel this will be a monster for this hard working gentleman, who is ready for the success that awaits him...Wire Train's 'She Comes On' is a real foot tapper. Feel it jump out and grab you with its full force-driving beat. The hook is razor sharp and the vocals reminiscent of a sixties tune! Wire Train delivers listener friendly, mass appeal music with emotion. The band has a lot of street appeal and I believe this will be the record that will put them over the top!"

KAZY, DENVER, CO TIM JEFFREYS:

"Well, U2 is certainly alive and well--Our #1 requested song in the first week--it goes in at heavy. Can't wait to hear the rest of 'The Joshua Tree' as well as the new Bryan Adams single 'Heat Of The Night'... Happy to report we've added the Psychedelic Furs 'Heartbreak Beat'. I've always thought this was a killer cut, and we'll see what the audience thinks...Also new this week is Frozen Ghost. It's amazing how much Arnold Lanni sounds like Cy Currin--Should be a natural for us since we already play The Fixx!"

KUPD, PHOENIX, AZ M.D.-J. DAVID HOLMES:

"'With Or Without You' from U2 pulls together all of the best elements of their past work into one song. This will be like 'Every Breath You Take', an hypnotic rock standard that they'll be playing 20 years from now!"

KGB-FM, SAN DIEGO, CA M.D.-PAM EDWARDS:

"Looking in my Webster's this morning, I think I found a perfect word to define U2's 'With Or Without You'--ethereal! Mr. Webster says it means: '(1) Highly refined; delicate--(2) Heavenly'. I couldn't agree more. And, at a time of over-promotion and critical hype, U2 has some-

how managed to walk that fine line between over exposure and ultimate coolness! In case you're wondering what Joshua Tree is, it's a national monument/park that is one of the last unspoiled deserts left in the world. It's about half an hour from Palm Springs and in it there are multitudes of Joshua trees--these kind of rugged, straggly and completely undisciplined trees that you see behind the band in their most current photo. Lone Justice will be the opening act on the U2 tour, so this is the time to re-listen to their album. We've had a lot of success with several tracks so we're now giving 'Belfry' a shot...The Cult's 'Love Removal Machine' is power rock 'n roll. This is an AOR band!...And, if you can't play 'Private Revolution' from World Party, try 'All Come True'. Play it next to the Stones and callers think it's a double shot!"

KSJO, SAN JOSE, CA M.D.-DAVE NUMME:

"People are hungry year round, so KSJO recently presented 'Can Jam Six' at the Cabaret in San Jose with the KBC Band headlining. KSJO raised over 1,300 cans of food for the Santa Clara County Food Bank and nearly \$1,000 in cash. As a follow-up to our successful 'Can Jam', KSJO, Arista Records, Rainbow Records and the KBC Band continued our Canned Food Drive with the ten South Bay Rainbow Record stores. Each person bringing two cans of food received a copy of the KBC Band single 'America' (with a 'C'), a KBC Band poster and \$2.00 discount on their new Lp. The items were courtesy of Arista. The week following the overblown TV saga, KSJO spread red propaganda by presenting 'Kalifornia With A 'K'', a week-long radio series lampooning the overpriced, overhyped TV monstrosity. KSJO's lobster along with Doug Ferrari, Steve Carey, Kevin Astell and Robyn Ginsberg created the manifesto...Crank the Cult!!"

WKFM, FULTON/SYRACUSE, NY P.D.-STEVE BECKER:

"By the time these comments come out, I'm sure that the new U2 album will have smothered the airwaves; however, I'm not sure if the S.U. Orangemen will have made it past the second round of the NCAA tournament. Hopefully, this year will be different and it will be Cajun food for this Orange fan, which makes a nice transition to the weekend I spent in New York when I went to see the Eig East Basketball Tournament. To the people I saw, and you know who you are, thanks for the time and good company...Personal to a beautiful man, Dave Bouchard of Epic: You're primo in my book!"

market. The album has been in Top 10 for two months... Now that both CHR's in the market are pounding Robert Cray 'Smokin' Gun', we've added a third track off the Lp, 'Right Next Door'... Dokken has always done well at WAPL. 'Dream Warriors' just seems like a natural add."

KEZE, SPOKANE, WA ASST.P.D./M.D.-BREW

MICHAELS: "From the first slap of the cymbal to the final exultant 'arghyaoua', The Cult 'Love Removal Machine' is top fuel, bonafide, refried and out-of-sight. In layman's terms, it's just plain awesome, dude. 'Rain' provided some great smoke for us last year and, if anything, this track is even stronger. Kind of makes you wonder what the Stones would sound like today if they opted for this William Duffy gentleman rather than Ron Wood back in the mid-70's, or perhaps it just makes me wonder that... As for U2, again, dudes, just plain awesome. I see it as their version of 'Every Breath You Take'. It's got 'Bad's' smoldering hard to pin down feel compacted in an unconventional yet appealing form. The fans scream for genuine rock n' roll from nice guys who don't pander to the taste of 13-year-old brain dead want-to-bes. ...Little America delivers 'Walk On Fire' and it's performing well here on one of Little America's generally more conservative AOR's."

WWZU, WILLIAMSPORT, PA P.D.-MARK WILLIAMS:

"I just got off the phones with Rickie from Poison. He didn't talk dirty to me. We just talked about the tour, videos, rock n' roll and, of course, the success of 'Look What The Cat Dragged In'. Hey, Poison, you're #1, fifth week in a row... Now that some warmer weather is finally here, it's time to beef up your airplay on heavy duty rock n' roll. Poison, Cinderella, Bon Jovi, Autograph, Dokken, Europe and Tesla are at the top of the heap here... You know that Cutting Crew is amazing. I haven't seen a new act explode that fast since, heck, I don't know how long. From the first play, phones; more play, more phones. They're a cut above the rest... U2's first track from 'The Joshua Tree' has really taken root here. #1 Most Added, right? You're barking up the wrong tree if it's not in power rotation already... Also new this week at WWZU: Eddie Money, Prince, Autograph, Simply Red, David And David and Night Ranger."

WQBK, ALBANY, NY M.D.-BOB WELCH:

"Since the beginning of the year, we have been sending listeners to places like Los Angeles, Orlando, Miami, Ft. Lauderdale and Montego Bay, Jamaica, and we are continuing now with a trip to Freeport, Bahamas where there is 'Always The Sun'. Thanks to Terry Coen at Epic for setting this up... Also, thanks to Andy Allen at Island for the U2 giveaways. Perfect timing here as we hosted a pre-St. Patrick's Day Party/Live Broadcast/U2 Listening Party at a local bar before the album hit the stores."

WIXV, SAVANNAH, GA M.D.-VIRGIL THOMPSON:

"With Gregg Allman's 'I'm No Angel' getting somewhat burned, it's time to move on to another track. Allman Brothers Band fans will remember 'Don't Want You No More/It's Not My Cross To Bear'. We've received calls for this track after we featured the album when it was first released. Check it out if you haven't already done so... After only three weeks on-the-air, the Cutting Crew has the most requested song here. It usually takes much longer before we see this type of reaction on a new act... This weekend is our one-year anniversary and St. Patrick's Day Weekend all rolled into one. Chicago plays St. Patrick's Eve, and then on the 17th Brighton Rock will do a free show for us. Hope we all live to tell the great stories that are sure to happen."

WRCN, LONG ISLAND, NY ASST.P.D./M.D.-WAYNE

SUMMERS: "The next mega act will be U2. I couldn't believe it when I heard WPLJ playing 'With Or Without You'. The new album is incredible and all of the Northeast is buzzing about it. WRCN gave 'em the Long Island premiere of 'The Joshua Tree'. On Wednesday, March 10, we were playing the entire album while our competition was waiting on the Federal Express guy... The new one from David & David shows the depth of this album, 'River's Gonna Rise' should be an automatic... Autograph comes through with straight ahead rock... We're digging deeper into Robin Trower's 'Passion' Lp and sliding the track 'Caroline' into medium rotation... Finally, check out The Cult 'Love Removal Machine'. Best yet from them."

WIOT, TOLEDO, OH M.D.-JIM STEEL:

"Next to Bruce Springsteen And The E Street Band, U2 are the most important musicians of the '80's. 'With Or Without You' has their secret recipe of hypnotic hooks and a killer emotional tug... Our All Request Birthday raised over \$5,400. We auctioned off front row seats for Bob Seger; they went for \$500. A pair of Bon Jovi tickets went for \$350 and Huey Lewis for \$300. All the rest of the pledges ranged from \$10 to \$130 for anything the caller wanted to hear... Special thanks to Dave Tezak, Doug Burton and Van-O for all their help... Anybody interested in how we did this, please call."

WEGR, MEMPHIS, TN M.D.-KELLY CRUISE:

"Obviously, the new U2 went right to heavy. We've been flooded with calls since the first play!... Night Ranger's 'The Secret Of My Success' is a h-o-t little rocker, and Robin Trower's 'Caroline' is an excellent follow-up to 'No Line'... 'Alone Again Or' from The Damned deserves a good listen. I think I like it because it's so different. (R.E.M. meets Herb Alpert and the Tijuana Brass?) ... Special thanks to Al Moss and Elektra's Jeff Cook and also to A&M's Ross Grierson; Craig Lambert and Mark Tindle for all stopping by last week!"

WZXL, WILDWOOD/ATLANTIC CITY, NJ P.D.-

STEVE MC NEE: "Haven't heard from Chrysalis or MCA reps! Please give me a call sometime! If you've lost the number it's 609-522-1416... Can't wait for 'The Joshua Tree'. U2 has always been one of my favorites, and this should be a s-m-a-s-h!"

WXXP, PITTSBURGH, PA M.D.-D.J. BIRD:

"I have been very lucky to work for an organization that has supported U2 from the very beginning. Both Denis McNamara and Larry 'The Duck' from WLIR received awards for their outstanding performance! Their support of U2 was just one of their many accomplishments. Here in Pittsburgh we continue to support U2--they are perhaps the best band of the 1980's. Although I've had many people send me records or tapes claiming they sound just like U2, let me tell you something folks ---only U2 sounds like U2!"

WDHA, NORTH JERSEY, NJ P.D.-MIKE BOYLE:

"U2 is about the only thing people want to talk about this week! This band has been a staple in our format for years, and now I think this new album will be the one that will make everybody stand up and notice!... The phones said 'play Poison' so we did! It's Top 5 phones after only a couple of days... Spend some time with the new Del Fuegos because you're going to hear a band that's getting better all the time! 'Long Slide' was a very easy add this week!... What is the 'Secret To Success'? Night Ranger knows--always be open to change! Nice record, guys."

WGLU, JOHNSTOWN, PA M.D.-BRIAN WOLFE:

"Dear Auntie Em: Just thought I'd drop you a line, via Rainbow Express, to tell you the latest scoop from the land of Lansing Lazer. The cyclone has been whirling with new products and next week's outlook should be an even more twisting experience! Traded my ruby slippers in for the latest Night Ranger single to learn the true 'Secret Of Success'...Been dancing, dancing, dancing down the yellow brick road with my cowardly, brainless, aluminum trio of friends getting ready for the Ratt show coming to town! And, talk about an odd couple--the latest hot item is the wicked old witch and the wizard. Their love song is--can you believe this--Poison 'Talk Dirty To Me'... Well, got to go and pick up Toto at the Emerald City pet groomer. So, just remember, Auntie Em, I love you and even though there's no place like home, with the h-o-t new U2 single cranked up loud, I think I'll live on this side of the rainbow 'With Or Without You' and save the click of my heels for another time and place. Sorry, love Dorothy!"

RAPP: "Proving just how much fun radio can be, Roger McGuinn stopped by for an hour during Simon's show to talk about old times, new times, and play his 12-string guitar on such classics as: 'Turn Turn Turn', 'Eight Miles High', 'Chestnut Mare' and 'So You Wanna Be A Rock And Roll Star'. Afterwards Roger sang a custom ID including our slogan 'Turn, Turn, Turn it up on 95X!' People calling in on the busiest lines asked to be 'left on hold' so they wouldn't miss anything! We also had a nice talk with Jack Casady, who, together with Jorma Kaukonen and Hot Tuna headlined the show with The Band. Thanks to Paul Brown for the help on the Concrete Blonde show...Love the new U2--can't wait for Bryan Adams; Fleetwood Mac and Tom Petty!"

WWTR, OCEAN CITY, MD P.D.-SKIP ISLEY:

"To everyone not playing Prince, and that's most of you--WAKE UP--you're missing the adult cross-over record of the year!"

WPYX, ALBANY, NY M.D.-ANDI TURCO:

"Spring in the Northeast! Sunday it was 70°--this morning it was 80°! Mother nature must be suffering from PMS...Quick! Get the chocolate as we segue to the thoughts of music!...U2 is a great record. What more can you say--it's a great record. The audience loves it and it's instant gratification for U2 fanatics...Frozen Ghost also has the massive potential to be a s-m-a-s-h...We also really like 'Why Do You Run' from the Ward Bros. Close your eyes when listening to this one and let it take you away. It's wonderful...I am so-o-o glad that new music is once again a priority in radio. If you haven't already heard, Levine and Turco will take PYX106 on the road for a broadcast from Los Angeles, and we will also be out there for the Rock And Bowl weekend---Film at 11!"

KFMG, ALBUQUERQUE, NM M.D.-MICHAEL DAVIS:

"ROCK108's New Mexico concert leader celebrates the U2 release with a concert date, April 5th at Tingley. You are all invited...Music-wise, Night Ranger leads the way on a strong list of adds...We're excited over the Cult's 'Love Removal Machine'. It should raise a few eyebrows and besides, my avant-garde friends love me for playing it!...REO Speedwagon's 'Variety Tonight' has a unique, soulful sound...Finally, we'll take a chance on John Philip. Don't miss hearing this one!"

WTPA, HARRISBURG, PA ASST. P.D.-CHRIS

JAMES: "The U2 is living up to its hype! Three days on and already a #1 request record! Get us the album A.S.A.P.! ... The Eddie & The Tide is one of my personal favorites. Reminds you a lot of Eddie Money but has h-i-t written all over it in a few formats...The Autograph was automatic. The band has performed so well here in the past, why stop now? Metal with melody...Finally, to give the playlist a touch of class, the Jennifer Warnes 'Manhattan' remix. The track really shows off Stevie Ray Vaughan's contributions and it should show great upper demos...Thanks to Rick Salvador from Capitol for all his help with the Ratt promotion!"

WIZN, BURLINGTON, VT P.D./M.D.-STEVE CORMIER:

"The Saints contain all the raw elements of rock n' roll that could make them, or should make them, a real good bet to be a success... There aren't many bands that can get your emotions churning like U2. 'With Or Without You' seems to have our listeners erupting, turning this into the #1 Requested song in only 5 days...Can any white man belt out the Blues better than Gregg Allman? He fills every spot in the Top 5; Billy Idol's conquered just about everything else. 'Sweet Sixteen' could put them on top as a Ballad King."

WZZO, BETHLEHEM/ALLENTOWN, PA KIM DOUGLAS:

"WZZO held a Blood Drive which was the most successful ever in the Lehigh Valley. In less than two weeks, over 2,000 Z95 listeners gave blood. We could have done more, but the Blood Bank was booked up...We are celebrating our fifth year of playing compact disc music. To celebrate, we are giving CDs every hour and giving away our 95th commemorative compact disc player...Effective immediately, I'll be the new Promotions Director at WZZO. I have been handling the midday airshift since January and I will retain my airshift in addition to taking on the new duties."

ANDERSON: "Now I can quit my day job", screamed Arnold Lanni of Frozen Ghost when he heard that we, and many others, added the record last week! We re-listened and we re-added...Jennifer Warnes 'First We Take Manhattan': Jennifer's soaring vocals are perfect, complimented by Stevie Ray Vaughan's searing guitar licks. 'Manhattan' is a record that will deliver males and females...Kelly And Mouse Studios are alive and kicking! Take a look at the art work for the latest Cult record in FMQB. 'Love Removal Machine' is bone crushing rock 'n roll so somebody should have played this for Bone Crusher Smith before he fought Mike Tyson. Here's a warning to the rest of the National League: Tom Teuber has found the Joshua Tree somewhere between Mesa, Arizona and The Rockies and is carving a set of super bats for the Cubs! Death to the Mets!"

top!...Check out a new songwriter named Tom Bright. His debut Lp 'Tortureland' is just out on Blackberry Way Records, a Minneapolis based indie. Production values are better than average and the songs are excellent. Try the title or 'Beautiful Lies', inspired by the great prevaricator...Also new from the Minneapolis independent is a best of the Lamont Cranston Band from Waterhouse. The Cranstons are among the best at bar-band blues and 'In A Perfect World' would be every bit as successful as the Nighthawks or the Fabulous Thunderbirds...Good to see another U.S. release from Doug & The Slugs. Immediate reaction to 'With Or Without' was very positive. One of the better tunes I've heard lately...Los Lobos 'Rosa Lee' excellent follow-up to 'Shakin' Simple, fun, love the brass and the 50's flavor!...Parson's 'Money' offers nice follow-up as well. Quite a different sound from 'Standing'...I'm not into horror flick sequels but I'll check out Freddie on the screen anyway, just to hear Dokken's 'Dream Warriors'. The supposed butterfly we have become includes a new Morning Man, Jay Mazarrocco, from Z-95 in Corpus Christi, and the return of KMBY G.M./Co-owner/Ex-Blair Consultant, Chet Tart, to P.M. Drive. I have added Music Director duties to my Asst. P.D. chores! This week I am also playing Program Director with our's on vacation. (The janitor just complained about all the hair falling on the floor around my desk), consequently, time is short but I'd like to mention that the Alan Parsons 'Money Talks' track sounds real good, as does Little America...The Cinderella has a nice crunchy sound and I can't wait for the rest of 'The Joshua Tree'. I can't find a volume knob that goes loud enough for that track...One of many surprises this week was the new Lp from K.D. Lang. She has herself a hoppin' record produced by Dave Edmunds. If they only had this vinyl at the O.K. Corral, they could have danced instead of killing each other...Simply Red is simply fantastic. They should have gotten a Grammy just for their performance on the Award's show...Pick of the Week: The Beastie Boys 'Brass Monkey'. Most comments this week will probably concern the excellent releases from U2, Del Fuegos, The Cult, Siouxsie And The Banshees, and the Stage Dolls. Yes, we added them and we like them, but I'm going to bend your ear now about the hard-working Mark Ernst of MCE Studios in Schenectady. It was long ago in the foggy past when Mark put out 'Hudson Rocks', a compilation Lp featuring Albany bands, most of which have long since scattered. Welcome 'Son Of Hudson Rocks', a

happening and today kind of record. The cream of the new Albany crop is on this one: Dirty Face, Mambo X, the Stomplistics and Chefs Of The Future, to name a few. Hand-in-hand with this release comes the 'Metaluna Syndrom', also from MCE Studios. This one gives you selections from 11 area heavy metal bands including Blacksmith, Mace and China White. While the 'Metaluna' material probably won't make it out of Howard Glassman's Loud Hour feature, the 'Son Of Hudson Rocks' collection is just what we needed. WEXQ does support and play the music of local talent, and a new and fresh collection like 'Son Of Hudson Rocks' gets an add to our playlist. You can write to Mark Ernst for information on these records at 467 State Street, Schenectady, NY 12305."

WFNX, LYNN, MA M.D.-BRUCE McDONALD:

"ADDS: U2 'With'; Zulus 'Never'; Beastie Boys 'Brass'; Del Fuegos 'Long'; Cult 'Love'; Blow Monkeys 'Have'; Pursuit Of Happiness 'Adult'; Saints 'Big'; Paul Simon 'Boy'... CONSIDERING: Konk...MOST REQUESTED: XTC 'Dear'; Smiths 'Shoplifters'; The The 'Infected'; Chameleons U.K. 'Teams'; Kate Bush 'Heights'...INCREASED PLAY: XTC, Siouxsie & The Banshees; Mighty Lemon Drops; Killing Joke; Simply Red...INCREASED SALES: Beastie Boys, P-Furs, The The, Husker Du, World Party...I should have known that The Cult would be the band to do Led Zeppelin/Free style rave-up that is cool enough for everyone to play. 'Love Removal Machine' jumps out of those car radio speakers like nothing else on our playlist, and we're already getting Top 10 phones...After hearing it in San Francisco, I'm completely convinced that U2's Lp 'The Joshua Tree' is the big one! 'With Or Without You' already has the request lines smoking. It's the only song on our playlist that has a prayer of getting more requests than XTC...Speaking of XTC, 'Dear God' is the Most Requested song here at WFNX for two weeks in a row, with as many calls as the other requests combined. And the momentum is carrying over to retail where the single is selling briskly when and where it's available...Congrats to Danny McClosky. 'Long Slide For An Out' from the Del Fuegos is a welcome blast of spring fever. I love the guitar licks, the horns, the back-up singers; I love the whole damn song. This is American music at its best. And we were pleased to help the Fuegos celebrate the impending release of their album at Charlie's Tap in Cambridge last night. (The stand-up-and-smell-the-glove photo was classic!) Thanks to Mr. Mike, George and Kenny Puvogal of Warner Brothers for all the fun...World Party sales have been exploding with the availability of 'Private Revolution' on CD. I hope Rick Winward is feeling better...Matt Johnson of The The was by to chat on-air with our own Tony V. Here is an artist that not only makes exciting music but is also extremely articulate. He was truly one of our best artist interviews in the past year. Thanks to Jack, Alan and Lenny at CBS and Paul Vitigliano for setting it up...I was glad to play host to CFNY Ivar Hamilton this past weekend. See you in Toronto on August 8th...WFNX wishes to express our deepest sympathies to Karen Glauber."

RECORD ACTION

BOB CATANIA, ISLAND (212-477-7159)

"Important! It's not a word often associated with the music we deal with, for, first and foremost, music is meant to entertain. However, once in a very great while, a body of music comes along that is more than mere entertainment. Once in a very great while we get music that not only entertains but is --important. Such music is contained on 'The Joshua Tree' from U2. This album will rank as one of the classics of a decade still in search of a musical identity. This album will help to bring a focus and sense of purpose to all the music that will follow. 'The Joshua Tree' delivers the promise of a band that has fully matured in every aspect. There is a depth of styles and substance that most records never approach. There is beauty and a sheer uplifting quality about this music that reminds you why you got into this business in the first place. Some of the music can be brutally direct at times and yet unbelievably subtle at others. This album will challenge you and make you work, but the end result is a fulfilling experience that will leave you wanting more. You'll try to wear out the CD! In the end, 'The Joshua Tree' may not become the biggest seller of 1987 or produce the most hit singles, but it will be the most important. It will influence young bands everywhere. It will cause people to get excited by music like 'Sgt. Pepper' and 'Blonde On Blonde' got us excited. It will leave a legacy that only great music can. We'll all look back one day and be proud we played a small part in 'The Joshua Tree'. So -- entertain your audience! Educate your audience! Play 'The Joshua Tree'! Play it a lot!"

MICHAEL PRINCE & ALEX MILLER, ATCO (212-484-6400) "Who hasn't become 'Weak In The Presence Of Beauty' at least once in their life? You lose the ability to speak, you get weak in the knees -- it's passion taking control. This passion has been captured by Eddie & The Tide, and it's hitting both coasts and moving to middle America. San Francisco, Sacramento and New York believe in Eddie & The Tide; so does Phoenix, Madison and Minneapolis as well as a wave of others. Don't be 'Weak In The Presence' of a hit song!... Reckless! 'Nitty Gritty' the song. Reckless! 'No Frills' the album. Reckless! A band of rockers! If you play rock on your station and are overlooking Reckless! 'Nitty Gritty', you're missing a fun song with a killer hook... Manowar is 'Fighting The World' for their right to play the heavy metal that's in their brains, so blow your speakers with rock and roooollll... Everyone's talking about U2 because 'The Joshua Tree' is making U2 this decade's most important group... Since you did, thanks for reading."

JEFF "ON THE ROAD AGAIN" NAUMANN, VIRGIN (213-278-1181) "Three things to be ready for this week: First, the much talked about song from the half-Australian/half-German six-member-group The Other Ones 12", 'We Are What We Are'. This one will be huge and should catch listeners' ears from the very start... The second--an industry first--an 18-song young Virgin sampler CD containing both Virgin future and current releases including the Cutting Crew, The Other Ones, Heaven 17, Killing Joke and much, much more... And third, a 12" from England's Age Of Chance covering, in the Beastie Boy's fashion,

Prince's 'Kiss'. This one will get immediate reaction as it has in England where it went to #1 and various U.S. stations playing the import... The Cutting Crew's flying up the charts faster than any new band since Boston's debut album in 1976. '(I Just) Died In Your Arms' is already solidly in the Top 5 Most Requested songs in the nation. If you're ready to add a second cut, try 'One For The Mockingbird' or 'Any Colour'... Killing Joke's 'Sanity' keeps winning new believers each week. It was added to MTV and it's selling too. Don't be afraid to take a chance with Killing Joke. They already have a good-sized built-in following... It was nice meeting Beth Kepple from 'KLS celebrating her birthday last week."

RICHARD PACHTER, PROMOTION IN MOTION

(305-482-6629) "The U2 album is stunning and a masterpiece but isn't that what we expected. Also on the fine Island label of recorded music is the 77's. Check out their cut on the CD sampler 'I Can't Get Over It',... And Julian Cope bounces back with 'Trampoline' which you're sure to slip over. Be sure to check out 'Dirty Water' from Rock And Hyde. It's very classy stuff. And the Truth's 'Weapons Of Love', which sounds like the real Bad Company produced by Trevor Horn, will be a #1 track. You read it here first. See ya - bye."

MIKE CORCIONE, RELATIVITY (718-995-9200)

"Robyn Hitchcock, Scruffy The Cat, Push-twanglers, Sun, Surf, Hawaiian Tropic, Budweiser, Clams on the half shell. Sounds good, huh? Just some of the essentials for the spring and summer of '87. And there's more on the way!"

PAUL RAPPAPORT, COLUMBIA (212-975-8616)

"Mix two parts Z/Z/ Top, one part Killer Harp, a dollop of creamy sexual overtones, and give it all a hard driving beat - you just baked yourself a hit. MONDO ROCK 'Primitive Love Rites' - it'll blow your face off."

MICHAEL PLEN, VIRGIN (213-278-1181)

"Just like the Cutting Crew took off, expect to see our next record, The Other Ones 'We Are What We Are', do virtually the same thing. From the inception of Virgin, this has been the song virtually all radio has raved about. With magnificent adult appeal, and a universal scene, this song will definitely establish Virgin as the newest major to contend with. Many of you thought the Cutting Crew's success was a fluke or us calling in our favors, but you're wrong. This is what a brilliant promotion staff can achieve by just showing up to work... Give a listen to our Killing Joke record 'Sanity', as well as Gary Moore from Thin Lizzy, who will have a record out next week... Best new records out there: The Stranglers 'Always A Scum', Concrete Blonde (you're blowing it on this one) and the new Kraftwerk... One thing to look out for in the future is called CD addiction. Like heroin you'll find yourself in record stores buying up virtually every new CD issued. Naumann and I have blown hundreds of dollars on our collection. And the only thing that makes it better than a drug habit is that they last forever. I don't think CDs can fit up your nose or your butt for that matter. So be careful before Aids strikes. You might just have come down with a rabid case of CD disease... I'd like to say 'hi' to Jane Lipman from MJI, who'll be getting married soon. Good luck, your husband has got to be the happiest man in the world."

BURT BAUMGARTNER, COLUMBIA RECORDS

(212-975-7029) "Congratulations to the California Radio Network on their first successful conference call, of what I'm sure will be a cool exchange of real information effecting us all in the music business..."

KRQR The Rocker is Hip. HIPSWAY that is! After one week of testing, it was an ADD! You other rockers can play this too! Please give it a test...The PSYCHEDELIC FURS' album is a winner. If you haven't joined the team do so now! MONDO ROCK is on your desk, listen to 'Primitive Love Rites', then call me with your promotional ideas!...Speaking of 'Primitive Love Rites', 'Endless Nights' - EDDIE MONEY's new track (with the 12") - is doing great. Please check this track from Eddie's best album to date. Speaking of 'Primitive Love Rites' and 'Endless Nights'... 'She Comes On' is coming on strong with WIRE TRAIN picking up more great adds this week... Here's some secondary album cuts for Album Radio: Try COLIN HAY's 'Can I Hold You', 'Master Of Crime' or 'Lookin' For Jack'; SANTANA's 'Praise' or 'Songs Of Freedom'; and DAVE EDMUND's 'Paralyzed' and 'I Hear You Knockin'."

DEDE "VANNA" WHITESIDE, MTM (615-242-1931)

"Vanna had more fun in New York than she ever had turning letters. I'll tell you, boy, it was a sushi kind of time seeing Bob Kranes, Mike and Pat Evans, and a swinging kind of eve with Mr. Bloch, Mike Boyle, Gelb and, special toast of the evening, Mark Chernoff for 'Sweet Sue'. What a hot play! Emmy Award winner and our fearless leader, Mary Tyler Moore, teamed up with Lynn Redgrave to play one part each of a strong two-sided personality named Sue. Mary's sense of timing and style combined with Redgrave's dry English humor provided some unbeatable moments. We were definitely In Pursuit of a good time...Yes, Vanna's still In Pursuit of your support as this band is building in over 60 radio markets, and in the face of every superstar release out now. Hit Video's power rotation in 11 million homes doesn't hurt either. Golden Kitty Awards this week to KRNA, KZOQ, KSTM, WOXY and two stations in Boston, WMRQ and WFNX, with our thanks...A final note: Go see 'Angel Heart'. Vanna predicts it's an Academy Award winner and, folks, remember old Vanna predicted four on 'Amadeus'."

SEAN COAKLEY, ARISTA (212-830-2178)

"By now everyone should have their CD of the Thompson Twins new single, 'Get That Love'. (If you didn't, give me a call!!) Produced by Rupert Hine, this will take the duo even further than their last Top 10 AOR track, 'Lay Your Hands'...KBC's 'Hold Me' is the perfect upper demo record for any station, cutting cleanly across all attempts to pigeonhole by format. Great songs do that. Play this and see if the phones don't light up...'Money Talks' is a fact of life and the Alan Parson Project sing about it eloquently...Kenny G continues to be the hottest selling instrumental album on the street. Now approaching 400,000! 'Songbird' is a great tune to drop in the morning show... Coming soon, the Dead! Cruzadaos!"

PROGRAM PRODUCERS

ED PINKA, RADIO INTERNATIONAL (212-302-1670)

"As you travel down the musical road of life, there are many DOORS' specials to choose from. There is no right, no wrong show; they'll just take you to different places. If you can't get a map, get a good guide. A guide who knows the DOORS. Robby Krieger, guitarist and primary songwriter of the DOORS is the host of RADIO INTERNATIONAL's 20th ANNIVERSARY SALUTE TO THE DOORS. 'So keep your eyes on the road', 'and let it roll, baby, roll.'... And check out ROCK OVER LONDON this week, we've got the latest from the THOMPSON TWINS and a tune from the up-coming JULIAN COPE album."

WALT RITTMAN, DIR (212-371-6850)

"DIR is proud to present Grammy Award winners Bruce Hornsby And The Range and a special 90-minute broadcast from spring break in Daytona for the weekend of April 17. Heavy viewers are responding positively to "Dream Warriors" by DOKKEN.
 "(I Just) Died In Your Arms" by THE CUTTING CREW is getting strong 20+
 female support, while HIPSWAY'S "Honeythief" shows promise with teen
 males.

STING is recording in his home studio in New York, doing demos for his
 follow-up album to "The Dream Of The Blue Turtles." He's expected to
 stick with the same musical style as the last Lp, and he's been working
 with some of the same musicians, including sax player Branford Marsalis.
 Meanwhile, Sting will also be starting up his own record label, possibly
 for artists that he will produce himself. The label doesn't have a name
 yet, but their first signing will be African musician YOUSOU N'DOUR, who
 recently recorded and toured with PETER GABRIEL...On the fifteenth of
 April, EUROPE will kick off their first tour of America at the Warfield
 Theater in San Francisco. The first leg of the tour will see the band
 traveling from West Coast to East, wrapping up in New York City on the
 15th of May. Then, after a six week break, they'll come back to the
 States for another leg, hitting the cities they missed the first time
 around. A spokesman for the band admits that even though they're playing
 smaller halls than in their native Sweden, you can expect a major stage
 production...Three years ago, they were the hottest band in Britain, but
 now it looks like FRANKIE GOES TO HOLLYWOOD may be breaking up. After
 disappointing sales of their second album, "Liverpool", and a just-com-
 pleted European tour, Frankie are going their separate ways for an "indef-
 inite" amount of time. Lead singer Holly Johnson is about to begin work
 on a solo album..."Dead Letter Office" is the name of a new album due this
 May from R.E.M. The Lp will contain songs like "Wind-Out", "Rotary Ten"
 and "White Tornado", which appeared as B-sides of past singles, and two
 songs by Lou Reed, "There She Goes" and "Pale Blue Eyes", which the band
 often performs in concert. Meanwhile, R.E.M. begin recording their fifth
 album of new songs next month in Nashville.

TOM KEIFER (CINDERELLA): I like performance videos a lot, because I think
 people like to see the band. Most of the concepts we've had so far have
 played off of the name of our band as opposed to lyrics of our songs. I
 don't really like videos that dwell too much on the lyrics -- of trying
 to act out the lyrics of the songs -- because I think that the listener
 should be able to do that and leave it to their own imagination.
