BRYAN ADAMS LP.....PETER WOLF LP.....GARY MOORE.....THE TRUTH.....BERNIE TAUPIN.....
ROCK & HYDE LP.....NIGHT RANGER LP.....THOMPSON TWINS LP.....AUTOGRAPH LP

BRYAN ADAMS, "INTO THE FIRE", A&M

Sure, he's one of the decade's format cornerstones, but the new material is anything but predictable. Expanding on his basic meat 'n' potatoes posture, Bryan diversifies with his most versatile and lyrically aware album yet. "Victim Of Love's" soul-stirring hooks and unique production make it an immediate stand-out, while the title track, "Remembrance Day" and "Hearts On Fire" all represent giant steps forward. The world is powering "Heat Of The Night" (7-5* Trax, 7-6 Most Requested and the week's best 35 play increases), while "Another Day" is active on 27, new at 59* Trax. Now's the time to dig deeper.

PETER WOLF, "COME AS YOU ARE", EMI

Rock's original rapper returns with a record that beautifully balances his Geils Band party rock 'n' roll roots with the funkafized fury of his latter day work. Simply said, Peter's 2nd solo album is deep, definitive, consistent, humorous and a helluva lotta fun! Coming off the #1 title track, you'll want to immediately make room for "Can't Get Started" and "Love On Ice", beat the competition to the future multi-format melter, "Blue Avenue" and let your night jock blow his face out with "Wind Me Up". Like the Woofa Goofa sez, "Yeow, rotate!!"

GARY MOORE, "OVER THE HILLS AND FAR AWAY", VIRGIN

This veteran axeman/singer/songwriter has obviously spent time rethinking his musical direction. Drawing on his native Ireland's rich roots, Moore crafts a driving dynamic sound that soars like the best of Big Country or Horslips. An unusual fiddle-powered rock jig like this will always be an audience grabber and Moore's unparalleled guitar playing is guaranteed to keep the powerchord crowd happy too. Take your choice of the harder edged Lp version or the lighter mix on 12".

THE TRUTH, "WEAPONS OF LOVE", I.R.S.

Picture this. If Bad Company were just getting started today, they'd probably sound a lot like "Weapons Of Love". We're not alone in our infatuation for I.R.S.'s most mainstream project to date--Redbeard started raving five weeks ago after kidnapping his local rep's advance cassette and Tom Schepke, The Bearman, Ron Garrett, John Piccilo and Ward Holmes are just as stoked. Fat, full-blooded rock 'n' roll--that's The Truth.

BERNIE TAUPIN, "FRIEND OF THE FLAG", RCA

After a few listens to Bernie's solo debut, it's apparent he contributed a lot more than just lyrics to Elton John's success. And where has he been hiding those smooth and assured pipes all these years? "Friend Of The Flag"--a pro-American statement from an expatriot Englishman's perspective--demonstrates that Bernie can produce world class mid-tempo adult rock music in his own right. Let it fly high!

ROCK AND HYDE, "UNDER THE VOLCANO", CAPITOL
"Dirty Water" is easily their quickest start-up ever, as 2nd week action reels in 47 new (KSHE, WDVE, KZEW, KOME, WBCN, WQFM, KZAP, WGTR, WHCN, WIOQ), 91 cume, and a riveting 69-39* Trax trek, far and away this report's #1 Trax Gainer. WDVE's Anthony Alfonsi finds the duo "Very reminiscent of the Moody Blues yet possessing a contemporary edge" and it's Carter Alan's "Pick of the week" at WBCN. "Dirty Water" is guaranteed to eclipse their previous success so be prepared to deal with more from this classy, mature hook-heavy album. Our faves: "I Will", "The Blind, The Deaf, and the Lame" and "Knocking On Closed Doors".

NIGHT RANGER, "THE BIG LIFE", CAMEL/MCA
"The Secret Of My Success" scores big points in a flash as evidenced by its three week Top 15 status (19-14*), 12 New/129 Cume and a weighty 19 play increases. With the LP now slamming the pavement (debut 12* National, 12* Metro), it's time to think depth. "Rain Comes Crashing Down" is the power ballad of your dreams, just ask KGB's Pam Edwards and WKLC's Brian Krysz and "Big Life" is another tasty rocker. John McCrae, KRQR puts it into perspective "Big Life" is easily Night Ranger's strongest album. You'll have no problem going deeper on this one." No problem at all!

THOMPSON TWINS, "CLOSE TO THE BONE", ARISTA
"Get That Love" has got these stats: #10 Most Added with fresh air on WHCN, WCCC, KGGO, KZEL, KKDJ, WXRC, KTYD and 7 more, 54 cume and the week's 5th best 78-64* Trax Gainer. The album demonstrates the Twins significant growth and progression, as Rupert Hine guides the band into more intelligent and textured territory. "Twentieth Century" is the rocker, while "Long Goodbye" has shades of the Police and the Fixx. Get close.

AUTOGRAPH, "LOUD AND CLEAR", RCA
The title track races up the Trax Chart 67-61*, fueled by solid airplay on 48 to date including KSHE, KUPD, WYNF, WQFM, KLAQ, KLOL, KDJQ, WDHA, WEZX, KGB, WLLZ, WRIF, KISS, WCCC and WTPA. If it's depth you demand, then sign onto this impressive rock package. "Everytime I Dream" is the natural offset to "Loud And Clear's" thunder; a strong power ballad with hooks in all the right places. You'll also want to lend an ear to the anthemic "Dance All Night", a driving rocker with melody and magnetism. With depth charges like these, this will be the Autograph comeback album.

AUTOMATICS

Depth Trax From Established Albums

GREGG ALLMAN, "ANYTHING GOES", EPIC
It only took one track to put Gregg back on top, and wasn't it great to see him park "Angel" at #1 Trax, #2 Most Requested after all these years. "Anything Goes" is more of what's made the Allman's best work withstand the test of time--Gregg's gutsy delivery and distinctive keyboard playing; and Dangerous Dan Toler's furious fretwork.. Rodney Mills' contemporary arranging and production provide the appropriate '80's update. Already on WQFM, WGTR, WHJY, KILO, WIXV, WAPL, WAQX, KWHL, KILO and KKFM.

REO SPEEDWAGON, "VARIETY TONIGHT", EPIC
Last week's #1 Trax Gainer wrestles down 10 New including KRQR, WPYX, KEZO, WEZX and

WYMG, for 47 adds to date, and a healthy 61-52* Trax jolt. "This is the one!" declares KGB's Pam Edwards, "The most unique REO I've ever heard" reviews Michael Davis, KFMG, "Getting good calls" notes Dave Kane, WCMP, "Best song they've done in years" sez David Fortney, WKLT, "Nice depth" observes John Lassman, and Glenn Stewart, WHJY closes with "It's the balls!" This is clearly one of their best AOR tracks in years; we dare you not to move to that monstrous synth/bass/guitar groove.

CROWDED HOUSE, "SOMETHING SO STRONG", CAPITOL
They're finally getting that hard fought, well deserved recognition, thanks to the critical acclaim, the SRO club tour (the show's a killer as witnessed by the entire FMQB staff this past week), and the Top 10 AOR/CHR "Don't Dream Its Over". Go back and re-experience the album and you'll agree this House is going to be big! For ultra-cool, melodic, mass appeal pop-rock, they're unmatched, and we urge immediate follow-up play on "Something So Strong".

RATT, "SLIP OF THE LIP", ATLANTIC
With a platinum-plus album under their collective belts, the ongoing SRO tour, and the chart success of "Dance" on both AOR and Top 40 -- Ratt and Roll rocks on..."Slip Of The Lip" possesses all of the qualities that have made Ratt a radio fixture: High energy vocals, that driving rhythm section and those anthem-like hooks. Nothin' like metal with a message-- "Slip Of The Lip, I like the way you move your hips!!" Video just out and added to MTV's hottest rotation. Ratt on!

REACTION RECORDS

KNCN, "Massive hooks"...Ted Habeck, WMRY quips, "The Other Ones are one of the better ones" and Harve Alan, WCCC punctuates, "Major hit potential!". With the self-titled Lp now hitting the streets, discover the depth of these dynamic Virgins. Try "All The Love", "Losing It" and the witty "He's A Man".

U2, "THE JOSHUA TREE", ISLAND

The U2 invasion rolls on. "I Still Haven't Found" (28 New/102 Cume) is this report's #4 Most Added track (KSHE, KISW, KZEL, WSHE, KMJX, WCMF, WAQX, WFBQ, WEGR, CILQ) with 5 play ups and blasting 31-23*. "Bullet The Blue Sky" garners 17 New, logging 70 Cume and smokin' 48-38* Trax; "Where The Streets" bags 16, boosting its cume to 66 and surging 44-36* and "In God's Country" (8 New/56 Cume) advances 45-42* Trax. "With Or Without You" continues its leading role assault as it bangs home the top Trax slot 1*, based on 15 play increases and 119 Power rotations; it's the #1 Most Requested track while the Lp dominates Album Action at 1*. Radio is simply overwhelmed. Chris James, WTPA, "Listeners just can't get enough; every track is a winner"...Stacey Yelton, WKQQ, "U2 owns phones and sales in this corner of the world"...Beth Kepple, WKLS, "The U2 Lp tops requests, sales and airplay" and Larry "The Duck" Dunn, WLIR, "U2 still commands #1 phones and #1 retail!"...#1 indeed!

ERIC CLAPTON, "RUN", DUCK/WARNER BROS.

(19 New/90 Cume)...One of Rock Radio's solid foundations continues to prove his programming value as E.C. again checks in to the Most Added column with 19 New adds (WAAF, WHCN, KDKB, KGON, WGTR, WMRY, WTUE, WWCT, KWIC), increasing the cume to a bulky 90 and with seven play ups (WHJY, WKFM, WCCC, WBRU, WRUF) sparks a 50-37* Trax jolt. The album remains Top Ten. It's obvious this vet has some mighty young legs.

THE CULT, "LOVE REMOVAL MACHINE", WARNER BROS.

(18 New/104 Cume)...The Cult converts continue with a major force as 18 newcomers (KBPI, WDVE, KLOS, KLBK, KSJO, WQFM, WXKE, WQBK, WEGR) join the 104 already on and 7 play increases, producing a 36-29* Trax trek. And the phones are flashin' as 18 (WBCN, KQRS, WAAF, KICT, WDHA, WTUE, CILQ, KOZZ, WBRU) report Top 5 requests influencing a 15-10 Most Requested blast! Anthony Alfonsi, WDVE relates, "I never thought you could combine The Stones, Led Zep and AC/DC, but apparently The Cult have found a way!"...Phil Manicki WWCT uncanningly applies the same analogical formula and Karen Andersen Small, WGIR warrants, "The aggressiveness on 'Love Removal Machine' is part of what rock 'n' roll is all about!"

EDDIE MONEY, "ENDLESS NIGHTS", COLUMBIA

(17 New/99 Cume)...Eddie continues to mix it up with the Most Added crowd as 17 fresh spins (DC101, KLAQ, WLQV, KBPI, WIOT, WZXL, WWTR, CFOX, WKLC, WIMZ) inflate the cume to 99 and spark a 29-21* Trax leap. WNEW, WSHE, WGTR, WTPA, WKDF, WZZO, KICT and KFMQ are among the 12 who increase play, as the Lp proves to be one of the most significant programming items: this report's #4 Album Gainer 20-15* National and 15-13* Metro. A sure bet for anyone's Money!

TESLA, "LITTLE SUZI", GEFLEN

(16 New/36 Cume)...Rock Radio delivers the Double Shot on these rookie of the year candidates with no time a wastin'! Amidst the 16 new adds are KRQR, KZAP, KISW, WHJY, WCMF, WBYR, KLBK, KKDJ and KEZO augmenting the start up cume to 36 (WKLS, KGB, KILO, WDIZ, WRIF, KQRS, KBPI, WAQX, KTYD) and generating our #2 Trax Gainer 80-60*! Alan

White, KILO teslafies, "Tesla is a young and eager band with a tremendous amount of talent. We're pleased to be in on the ground floor of their career", and Wayne Summers, WRCN endorses, "I said some months back that Tesla was kicking ass and taking names on 'Cowboy'. But now get ready to really smoke 'em with the next killer track 'Little Suzi'. This one separates balls from the bullshit!" 'nuff said!

LOS LOBOS, "SET ME FREE (ROSA LEE)", SLASH/WB (14 New/80 Cume)...WNEW, KGB, WKLS, KSJO, WSHE, WZZO, WAPL, WCCC, KOMP and WIZN are among the 14 new spins courting "Rosa Lee" stretching the cume to 80 and motoring the cut 37-32* Trax. If you're searching for phone action, look no further as 28 cite Good/Excellent calls including WBCN, WAAF, WHJY, WIOQ, WPLR, KLAQ, KLPX, WQBK, WRUF, WEZX, WRXK and KQDS. Among the latest guests to attend are WMMR, KSJO, KZAP, WHCN, KLAQ, WAPL and seven more mounting the guest list to a crowded 108 and influencing a 32-31* Trax advancement: a 31-30* National rise, and a firm hold at 34* Metro. As WHJY, KUPD, WXRC, KOZZ and three more increase air, the Max/Heavy column swells to 29. You've got an open invitation.

EUROPE, "ROCK THE NIGHT", EPIC

(13 New/93 Cume)...With these boys from abroad rockin' the request lines like they are (32 Excellent/Good phone mentions), you know the double shot activity stateside is going to be vigorous. Behold the 13 new commitments to "Rock The Night" paced by WCCC, WSHE, WHCN, KKDJ, WMGM, WIMZ and WDVE, where Anthony Alfonsi sez, "Europe's 'Rock The Night' is a great follow-up to the first single. Hearing it on the radio, I feel it moves a lot better than 'Final Countdown'..." Speaking of moves, eight locations move it up in rotation to further encourage a 33-30* Hot Trax improvement, 25-22* National advancement and 24-23* Metro progress.

GEORGIA SATELLITES, "RAILROAD STEEL", ELEKTRA

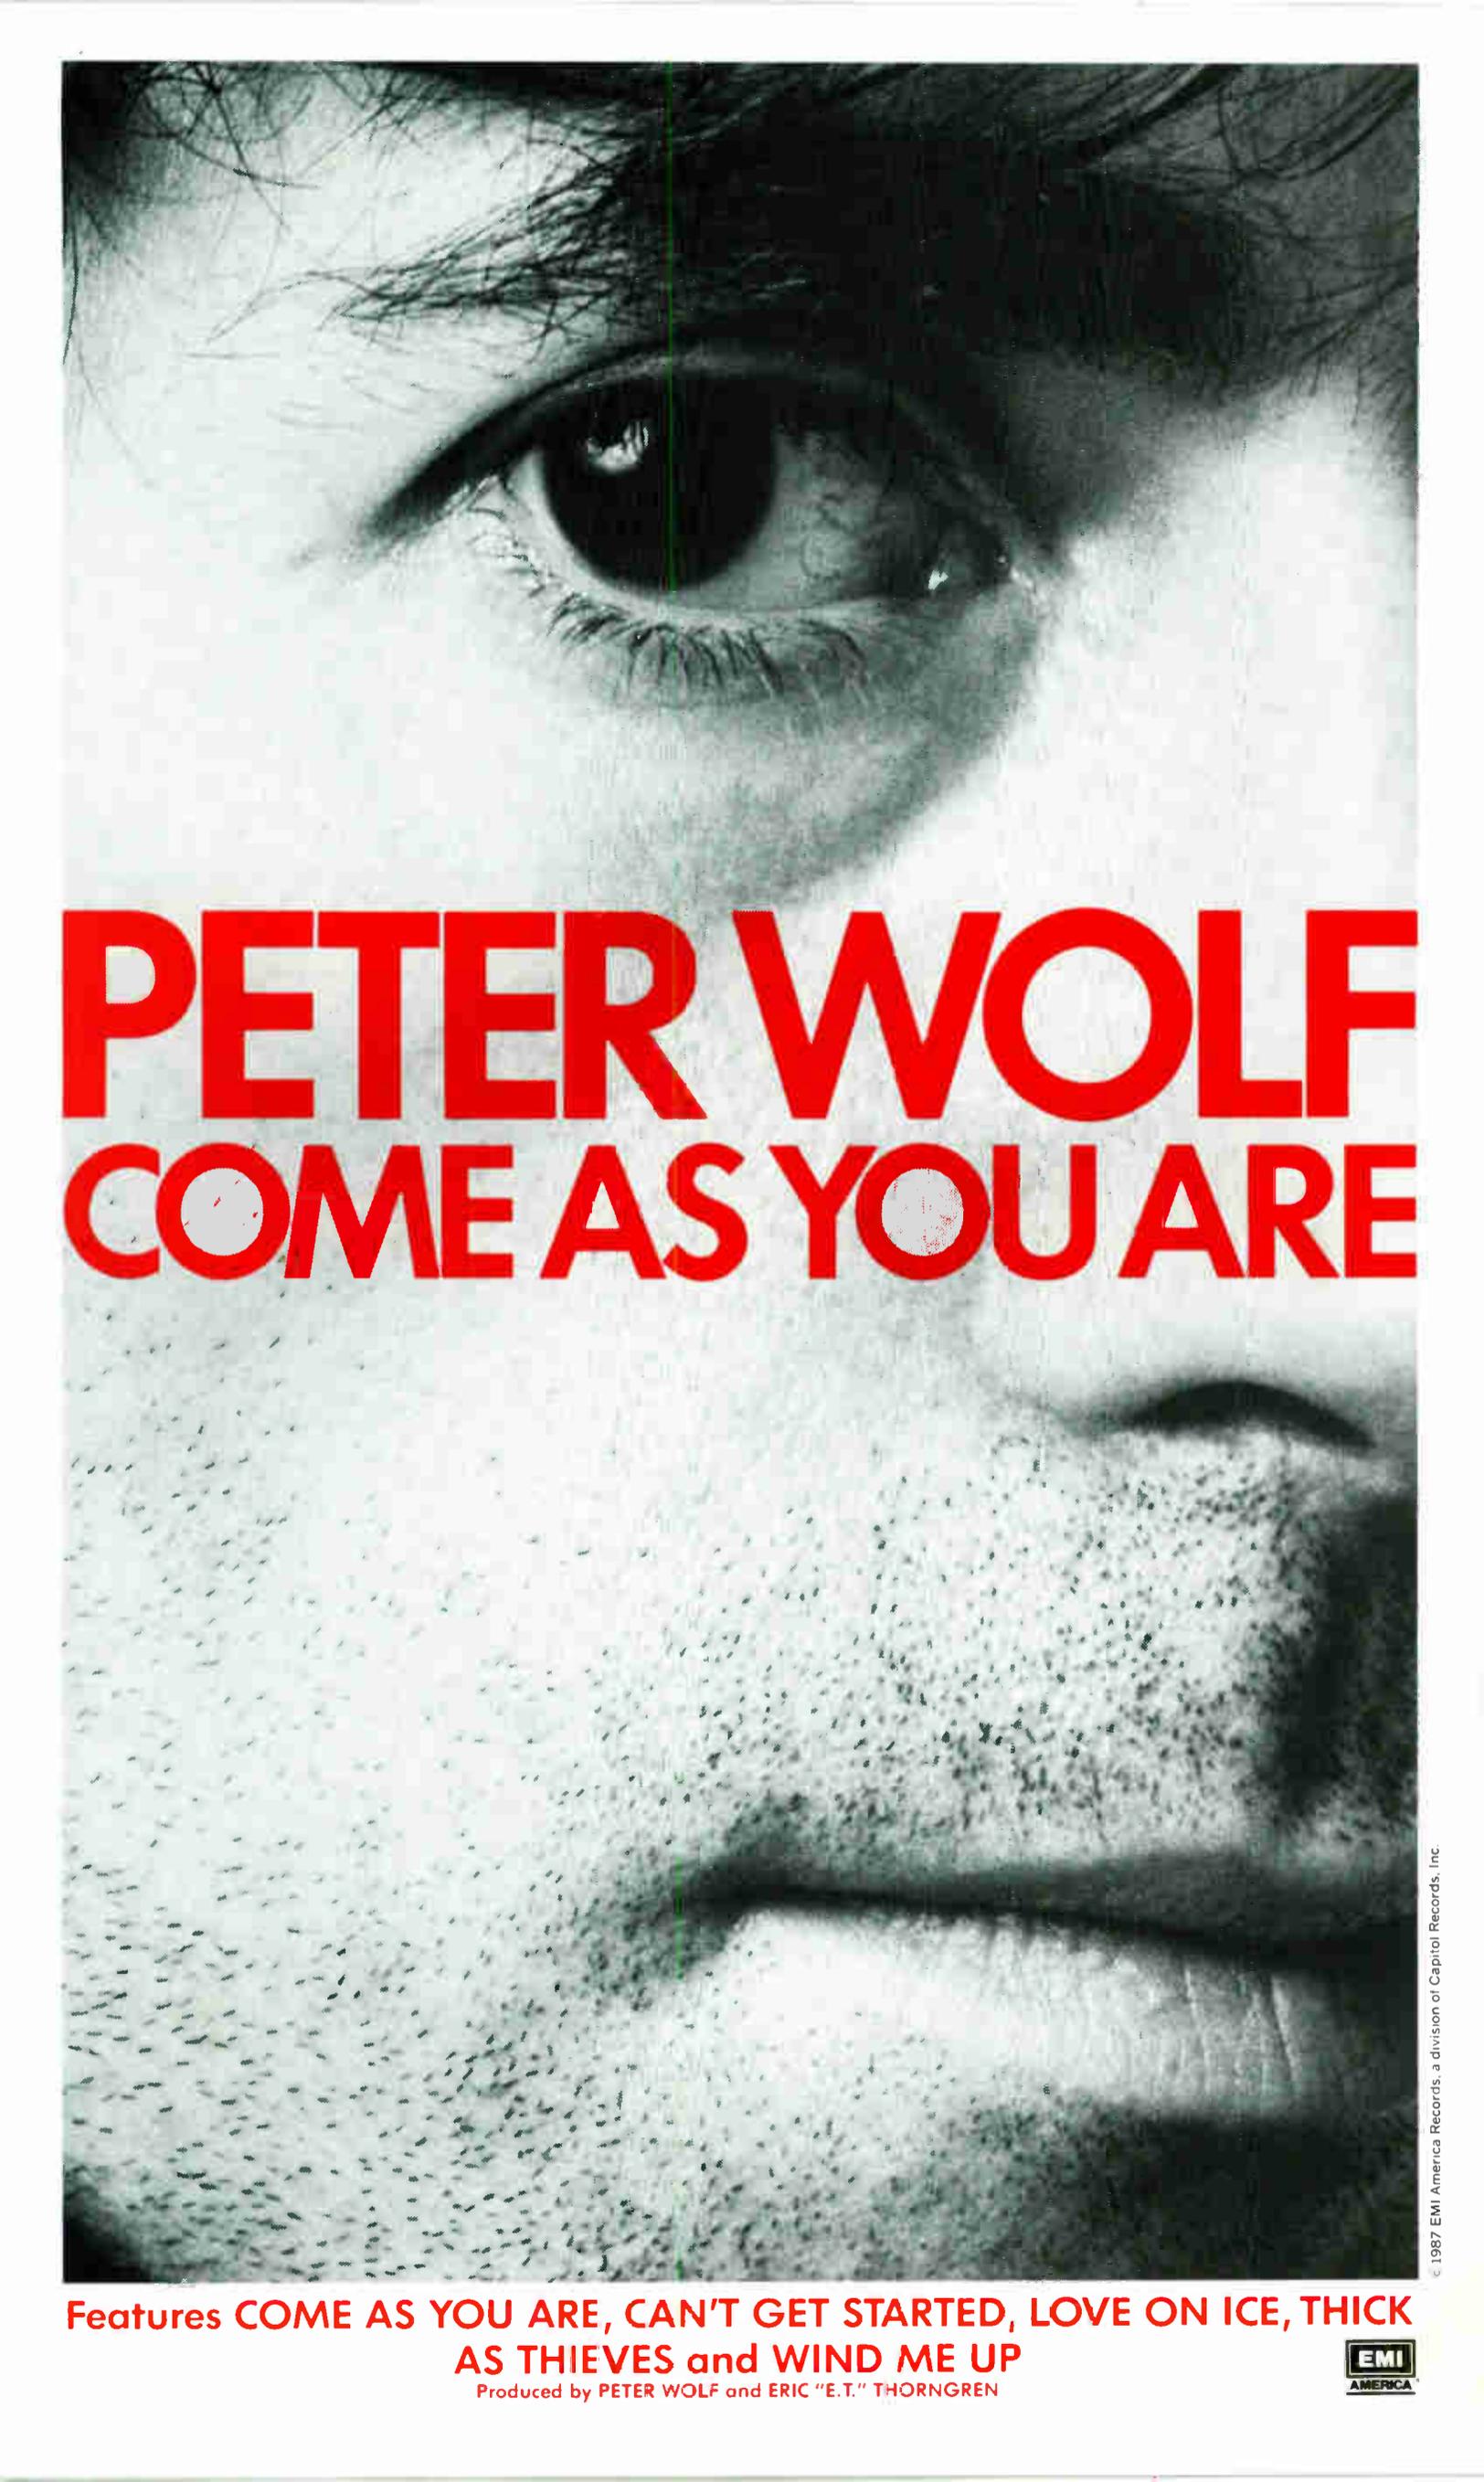

(12 New/65 Cume)...WPDH's Pam Brooks steps up, "Proof that there is life after an incredible debut like 'Hands', 'Railroad Steel' is our third dip into this Lp and the momentum hasn't let up. These guys have a sound that just adds special oomph everytime we spin." Joining WPDH in the fresh spins department are KGB, WBAB, WTUE, WAPL, KNCN, WIZN, KLAQ, WHMD and three more, expanding the current column to 65 and motivating 43-41* Trax headway. It's now Max/Heavy at 21 and like Pam says, "Hey, ya know what they say, 'you can't keep good men down'". Or good songs.

THE DEL FUEGOS, "LONG SLIDE (FOR AN OUT)", SLASH/WARNER BROS. (11 New/61 Cume)...

The Fuegos slide on 11 more this week headlined by KYYS, KGB, KRQR, WLNZ and WTPA, while WSHE, KPEZ and KWIC up the rotation generating a robust 58-50* Hot Trax glide. The Album Action charts show our fourth rated National Gainer, 45-40*, and a 40-39* Metro surge. With baseball season rapidly approaching, the timing couldn't be more perfect to add "Long Slide". You can't strike out with this one; it's a hit that's certain to steal your listener's hearts.

FARRENHEIT, "FOOL IN LOVE", WARNER BROS.

(10 New/50 Cume)...The chart thermometer reads 1000 degrees Fahrenheit as "Fool In Love" posts a blistering 71-56* Trax cruise (this week's #4 Gainer) while the album bags #2 Gainer honors on both charts, leap-

ing 50-43* National and Metro. Generating those monster moves are fresh spins at WGTR, WHJY, WCCC, KFMG, WIZN, WWZU, WWWV, KMBY and two more plus increased air at eight including WLUP, WTUE, WAQY, KATT, WTPA and WAAF. Of 50 currently on it, it's now Max/Heavy at 14 including majors KLOL, KDJQ, KSHE and KZAP, with Top 5 phones at WAQY and WGIR. Feel the heat.

THE SMITHEREENS, "TIME AND TIME AGAIN", ENIGMA (10 New/23 Cume)...The 'Reens keep coming back "Time And Time Again" with more superb tracks from their dynamic debut disk and radio is always happy to oblige with an abundance of airplay. This latest killer is already on 23 including newcomers WHJY, WCCC, KICT, WAAF, WMAD, WWWV, KMBY KTYD, WTCS and WMRY, vaulting it to a Hot Trax debut at 97*...Chris James, WTPA is pumped: "The excellence continues"...Harve Alan, WCCC sees great things ahead, "Should be bigger than their previous success"...WMRY's Ted Habeck informs, "If you're into the Smithereens, then you can't miss with 'Time And Time Again'." And there's no time like the present to find out for yourself.

JULIAN COPE, "TRAMPOLENE", ISLAND (8 New/25 Cume)..."Trampoline" bounces on to the Hot Trax chart at 96* as KFOG, WRCN, KBER, KRQU and four more are new, swelling the early cume to 25 (KBCO, WLIR, KEZO, WHFS, WDHA, WKLC), with 15 more Considering... Many of our checklists feel that this track is stronger than "World Shut Your Mouth", and considering that track's successful run, that's quite high praise...Also in Julian's corner are Don "Absolute Classic" Berns, CFNY;...Carter "Another Provocative Smash" Alan WBCN;...Erin "Terrific" Riley, WMMR...and Pam "Nice follow-up" Edwards KGB...to name a few. St. Julian scores again!

GLASS TIGER, "I WILL BE THERE", MANHATTAN (7 New/97 Cume)...The strong, steady reaction continues as the Tiger hunts down another seven new (WKLS, WYNF, WBYR, WIOT, WEGR, WLZR, WIBA) while KUPD, WHTF, WZZO, WDHA, KPOI, WWCK and six more increase air to stimulate chart growth of 27-26* Hot Trax, 28-26* National and 33-31* Metro. Of 97 now playing, it's now Max at nine (KTXQ, KUPD, KDJQ) and heavy at 28 more.

LITTLE AMERICA, "WALK ON FIRE", GEFFEN (7 New/81 Cume)...We turn your attention over to KICT's Phil Thompson. "Over the weekend I got a glimpse of a band that blew the doors off my favorite local dive. The dive I am referring to is the Coyote Club and the band is Little America. Even though I arrived at the show just in time to catch the last set, I could tell I was seeing a phenomenon in progress. Real straight ahead rock and roll is what they're all about and if you're not playing Little America, I think you're missing the boat"...There's already 81 on the boat including newcomers WLWQ, WXRC, WAQX, WLAV, WKQQ, KPEZ and WWCT as "Walk On Fire" bolts 40-35* Trax, 34-33 National and 37-36* Metro, while debuting at #20 Most Requested. We agree with Phil, this exciting and talented new band should not be missed.

THE DAMNED, "ALONE AGAIN OR", MCA (7 New/52 Cume)...Last week's #4 Hot Trax Gainer is this report's #3 Gainer, surging 73-57*. Now that's what we call progress! And as seven locations supply fresh airplay (WQFM, KLLOL, WBYR, KBCO) and CILQ, WDHA, WPLR and WMGM increase air, the positive programmer chatter escalates...WXRK's Bob Kranes suggests, "If you're looking for a song to connect all demos together then The Damned's 'Alone Again Or' fits right in and makes that connection"...

WRDU's Bob Walton offers testimony to support that claim. "We've got 'em older, younger, male, female...I don't know of anyone who doesn't like this record"...And more from Kim "Too mainstream, too hip to pass up" Alexander, WHCN... and Andy "We're talking immediate phones" Frost, CILQ...There's 52 currently on it with 11 more Considering. This record is too damned good to pass on.

PETER GABRIEL, "DON'T GIVE UP", GEFFEN (7 New/29 Cume)...St. Peter gets the nod at seven more this week paced by WRKI, WBRU, WMAD, WRXL, KBER and KWIC expanding the cume to 29 and inducing solid 86-81* progress on the Hot Trax 100. As the album maintains its strong hold at 48* National, WMGM, WHEB and WKQQ already provide heavy airplay emphasis. Peter's outstanding Lp has produced "So" many great tracks already, and this latest emphasis cut proves that the album is far from exhausted. Don't give up on Peter, add this track and watch that Gabriel magic work your listeners into a frenzy one more time.

BUZZBANDS

The Most Talked About New/Developing Artists

HOODOO GURUS, "GOOD TIMES", ELEKTRA
On the basis of a heavy 13 new commitments and rabid programmer reaction, the Hoodoo Gurus are the recipients of #1 Buzzband honors this week. Among those letting the "Good Times" roll are WNEW, WLLZ, KBCO, KILO, WEQX and KFMH, mounting the cume to a solid 28 and initiating a Hot Trax debut at 95*. Now take a gander of just a small sampling of the unsolicited positive radio chatter we're receiving... Alan White, KILO sez, "Springtime in the Rockies means good times and the Hoodoo Gurus spell it out with a bouncy little tune"...Don Berns remarks about CFNY's "pick of the week", "With the Bangles singing back-up we will have some 'Good Times' playing this across the board winner"...WBLM's Robin Mathieu calls it, "Fresh, good time rock and roll from a band due for the big break"...And these four-star testimonials from Doug "Should be a hit" Clifton, KBCO...Kim "Pure pop for now people" Alexander, WHCN...and Bob "Strong, melodic hooks" Welch, WQBK...It's time for all to discover the band that has so many folks raving. "Good Times" is a perfect Spring and Summer song that must not be overlooked.

XTC, "DEAR GOD", GEFFEN
WBRU's Rick Barr has the floor, "Right now 'Dear God' is the only song that can hold a candle to U2 on our request charts and I can't believe so many of you are avoiding it. Wake up, this is not an Adventure Club only tune. Yes, it's provocative. Yes it's controversial. Yes, it pisses some people off. So does your morning show. But XTC has something your morning show is missing--intelligence. Don't let this one pass you by"...Beth Kepple, WKLS preaches "It's a sacrilege not to play XTC's 'Dear God'"...and Bob Kranes, WXRK assures "If you want your listeners to wake up and put their ears to the radio, then play 'Dear God'"...How can you pass on a song that is #12 Most Requested with Top 5 phones at 14...out of 41 cume! That is fkn incredible! The latest to kneel and pray are WBAB, KRQR, WHJY, WLNZ, WKLS, WPLR, KICT, WAAF, WPYX, WLZR and WYMG sparking a beefy 72-62* Trax jolt, an Lp debut at 45* National and our #3 Metro Gainer, 46-41*. STAGE DOLLS "COMMANDOS", BIG TIME/RCA

The Stage Dolls hail from Tronderlag, Norway and like it says in the bio, Tronderlag is to Norway as St. Louis is to the U.S. (We couldn't pass on that analogy.) So put on your mainstream, melodic rock headphones and take a stab at this hook-laden song. The industry Buzz is workin' overtime...Mike Boyle, WDHA, excites "Good song!"...Wayne Summers, WRCN, admires "Great first outing"...Carter Alan, WBCN, praises "Lp is brilliant!"...Cathy Down WLNZ, admits "A big surprise"...and Larry "The Duck" Dunn, WLIR, endorses "I'm really knocked out by this Norwegian band. Tip of the iceberg."...KLAQ's Magic Mike approves, "What a seductive song!"...WGLU's Brian Wolfe screams, "Blew me away!" And, finally, WDHA's Mike Doyle nails it, "Hey, come on, Jimmy Iovine produced it."... "Beautiful Imbalance" is new at 4 (KBCO, WDHA, KATP, WMRY) and now on 11 including WHFS, WLIR, WEQX and WYBR. With at least 10 more considering, look for The Doves to fly!

EDDIE AND THE TIDE, "WEAK IN THE PRESENCE OF BEAUTY", ATCO...The Tide continues to rise as

"Weak" bags new play at KOME, KQDS, WAQY and WHMD, expanding the cume to 36 and fueling a 70-63* Trax glide, and a debut at 45* Metro. Eddie And The Boys are already enjoying Max play at KDJQ and Heavy emphasis at KSJO, KZAP, KOME, KQDS, KRNA and KFMF. Also among the current column are KFOG, KDKB, KQRS, KRQR, WCMF, WAQY, KKDJ, WTPA and WEZX...WTPA's Chris James feels this song "Has hit written all over it in a few formats."...So do we, and if you pass on it, we think you'll kick yourself later for missing out on an obvious female and upper demo pleaser. Listen again and give "Weak" a shot!

PD OPENING AT KAZY AS PHILLIPS RESIGNS

KAZY, Denver, PD Zak Phillips has tendered his resignation notice, opening up a prime programming opportunity in a Top 25 market. Phillips, who came to KAZY in '84 after four years at crosstown KBPI (MD/7p-Mid), is looking to program in a medium-sized western market. He will stay on as PD/afternoon drive until his replacement is named. New GM Bill Struck explains, "Zak was PD under a previous owner (Group One) when the station was being programmed out of Akron. While we feel that Zak has the ability to be a great PD, this is a cutthroat situation. We're looking for an experienced powerhouse PD that's ready to go to battle and make a name for himself."

KAZY has been playing Rock N' Roll under various monikers since 1965. Struck, who programmed the station from '74-'76 (then as KLZ-FM), was named GM after DKM took over the outlet from Group One last November. At that time they dropped KAZY's eclectic mix in favor of traditional AOR under consultant Jeff Pollack. The Fall '86 ARBs had KBPI at 6.8; KBCO with a 6.7; KAZY posting a 3.9, and classics outlet KHIH at 2.0.

EVANS EXITS KKBR PD

After seven months as Op Mgr/morning man at KKBR, Albuquerque, Bill Evans has declared himself a free agent. Promo Dr/midday jock Paul Ingles has been named Acting PD and moves to AM drive, as owner Chris Devine shops for Bill's successor.

"It was an amicable parting," sez Bill, who became KKBR's first PD when the station launched its eclectic AOR format last September. Like Denver, Albuquerque is a crowded AOR market, with KKBR, KFMG, and Jon Sinton consulted KZRR. "I'm going down there next week and we're going to take a pretty critical look, and see if we can't mend some bridges and go forward from there," sez owner Chris Devine, adding that the station may move more in an AC direction.

A 19-year broadcaster, Evans worked the Chicago Album Radio circuit for ten years before programming KKBR. He served as MD at WLUP during two separate runs at the station, with two years at then AOR WMET as MD sandwiched in between. Bill's looking for his next challenge at 505-823-9832.

RUMORS IN THE AIR: WBMW TO AOR: Z ROCK EXPANSION

Is Infinity about to take its newly acquired Washington property-WBMW AOR? Heavy market rumblings say yes, but GM Ken Stevens says he's "Leaving all options open". "We're still studying it", Stevens told FMQB. "We have a lot of information coming in. We did a lot of work on it in Palm Springs, and we should have a clear answer within a few weeks."

If WBMW makes the switch it would give Infinity its 6th AOR--5 of them in the nation's Top 10 markets. Would they simulcast Howard Stern in morning drive? "It's not out of the question" sez Stevens, admitting that Infinity research still shows high market recall of Stern from his days at DC101.

Is Satellite Music Network about to sign a Philly client for its Z-ROCK format? SMN's John Tyler can't comment right now, but talk in the market points to a possible suburban outlet for the 24 hour a day hard rock/heavy metal format. Tyler did admit SMN is working on lining up affiliates in Boston and Dallas, and are active in Pittsburgh and Minneapolis. More to come...

J.C. LANDS KSD-FM MORNINGS; 'KLS UPDATE

Former KSHE, St. Louis morning mouth J.C. Corcoran has landed crosstown, at Gannett's AC KSD-FM. Length and terms of the multi-year contract were not disclosed. J.C. will start within 60 days.

DIRT ALERT

Continued From Previous Page

Does this mean KSD will modify its soft AC format. (Somehow we can't imagine J.C. doing that bit about "388 pet names women have for the male reproductive organ" between Petula Clark and Barry Manilow records...). "We have discussed but have not yet determined what kind of adjustments will be made to the music" says KSD-FM Acting GM Bill Coffey. "We don't feel J.C.'s type of program will work with the current format". Any formatic adjustments will be made with the assistance of Gannett VP/National PD Gerry DeFrancesco. St. Louis is rife with rumors that a Classic Rock station is on the horizon. Will it be KSD-FM? "We don't preclude the fact that we could play certain oldies" continues Coffey, adding that KSD-FM will probably end up being competitive with KSHE.

With WKLS, Atlanta's former morning team of Mark McCain and Steve Mitchell headed for wake up duty at KSHE, look for an announcement on their replacement in Hot 'Lanta within a week. Dirt Alert! hears it will be a current Gulf Coast AOR morning man. Meanwhile, 'KLS has filled the production opening created by Mitchell's leaving by hiring Matt Walsh. Matt slides into the newly created Prod. Dr. post, from the same at WPDH, Pougkeepsie where he also held down 7p-mid.

WSHE VS. HERMAN & McBEAN

The ball is now in Herman and McBean's court in the legal battle between the WGTR morning drive team and their former employers at crosstown WSHE. While sitting out a 4 month non-compete clause, H&M's names appeared in WGTR sales literature, which WSHE maintains was a violation of their employee contract. Although WSHE's earlier complaint had been thrown out of court, an appellate court has reversed that decision. Comments TK Communications VP Programming Rick Peters "We always thought we had a contract problem and that there had been a violation, and the court has seemed to say that we were in fact correct."

Herman & McBean have until March 31 to ask for a re-hearing. If WSHE gets an injunction because the no-compete was broken, then H&M could be pulled off WGTR's air for 6 months.

Meanwhile filling the 6p-10p opening at WSHE is Tom Robinson, most recently WBCN, Boston's 6p-10p man. Robinson previously handled overnight/fill-ins at WMMR, Philadelphia and covered 7p-mid at WFBQ, Indianapolis, both under PD Charlie Kendall. Taking the WSHE Prod. Dr. job is Bill Louis from Crosstown classic outlet WMXJ where he was doing Prod. Dr./midday man.

KRAUSE PROGRAMS MOTOWN CLASSIC ROCKER

WKLH, Milwaukee PD Joe Krause has been named PD at new Detroit classic rocker WCSX, effective April 6. "I'm thrilled that WKLH is currently the highest rated classic station in the country" Joe told FMQB. "The latest Arbitrend has us up 7.7-8.6, including #1 25-54 Adults. I'm excited about going to Detroit because it's my hometown, and I'm equally excited to be working with (WCSX GM) Tom Bender, as I was Asst. PD at WABX in '78 when Tom was programming WRIF".

WCSX launched its classic format March 14 under Interim PD Joe Coppbianco who will not be remaining with the station. Joe programmed former New York album rocker WAPP from 82 to 84, taking the station to a 4.9 12+. As PD at WFBQ, Indianapolis (80-82) he took the station to an 11.2. Since leaving WAPP Joe has written a book called "The Radio Station", which he describes as a modern up to date look at radio today.

WEBBER EXITS WIOQ; BRADY UPS TO WXXP MD

WIOQ, Philadelphia MD Bill Webber, Jr. has resigned after 6 years with the station. Bill's accepted a position with Scarsdale based Radio Computing Services, the music selection software firm that brought you The Selector.

"I'm real excited about the opportunity to work with and provide support to RCS' client stations across the country and around the world" Bill told FMQB. Bill will be doing installations, demonstrations, and trouble shooting for RCS clients and stations interested in their services. "I'm looking forward to helping improve Selector, Sampler, and especially the newest service DJ Select which puts the computer in the air studio allowing the jock to get more involved in the process."

WIOQ co-program managers David Dye and Helen Leicht are talking to potential MD candidates at (215) 667-8100.

WXXP, Pittsburgh has upped afternoon driver Deb Brady to MD, replacing DJ Bird who has migrated back to sister station WLIR, Long Island for air work. A former Local MD/overnight jock at WFNX, Boston Deb tells Dirt Alert! her new gig "is certainly not unfamiliar territory in light of my work at WFNX. But it is a challenge I'm looking forward to". Music hours to follow.

PSYCHEDELIC SNACK

"White Rabbit" on white vinyl? It's true. 20 years after its initial release in the Summer of Love, RCA is reissuing the Airplane classic on 7"/12" on March 30. That's Oscar Day, and "White Rabbit" figures prominently in the "Platoon" soundtrack, which many anticipate will win The Best Picture Oscar. The video of "White Rabbit" is a heady combination of footage from "Platoon" and from the Airplane performing "White Rabbit" on The Smothers Brothers show. It debuted March 28 on MTV

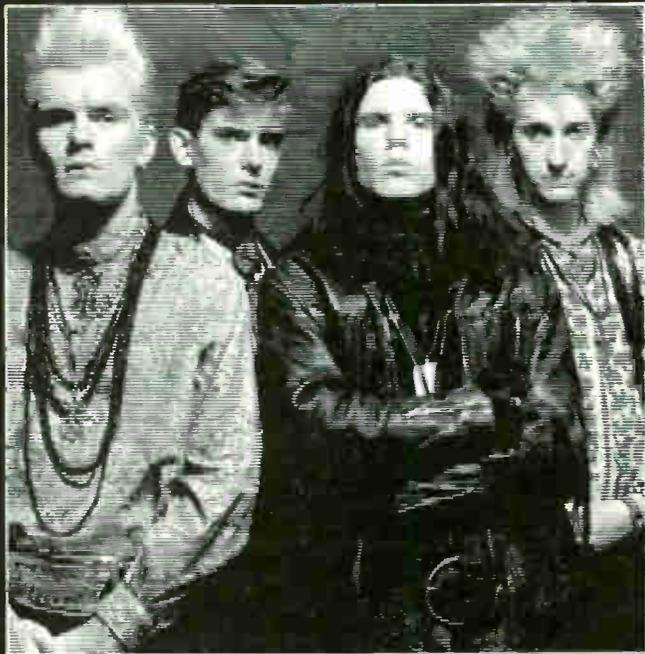

Also on MTV last Saturday was the KBC Band (recipients of Best Debut Album and Best Bass Player awards at this year's Bammies) recorded live from Daytona Speedway in Ft. Lauderdale as part of the video network's Spring Break coverage; hot concert footage that should not have been missed.

STATION TO STATION

Steve Zazo has exited his post as Local Sales Manager for WWCK AM-FM., Flint to take the Account Executive position at WRIF, Detroit. Zazo joined the Flint AOR combo in 1984 as an account person before taking on the local sales manager post.

DIRT ALERT

Continued From Previous Page

Buddy Angrillo, formerly of WCCC, Hartford weekends/fill-ins is new to WRCN, Long Island weekends.

WIBA AM-FM, Madison WI has undergone a change of ownership from Price Communications to L.L. Broadcasting, Inc. at a sale price of \$10.8 million. The expected takeover date is June of '87.

San Antonio rocker KISS was recently purchased by Adams Communications from former owners Capitol Broadcasting Co. at a cost of \$11 million. Adams Communications also owns WLAV AM-FM, Grand Rapids, among others.

Effective April 1, Kankakee AOR WBSW will change call letters to WBUS. Said station VP/GSM Tim Milner, "We changed to get back to where we wanted to be originally and it has been very successful." The station, which carries the slogan "99.9 FM--The Bus", had opted for the new call letters two years ago but lost them to a Georgia outlet due to some confusion on the part of their lawyer. According to Milner, the new calls further help listeners identify with WBUS, after knowing them as "The Bus" for two years now.

After being void of Rock Radio programming since Marconi first put tubes in a box, Tyler, TX is now an AOR town thanks to KROZ, a former country outlet that switched to Album Rock on March 1. Sixteen-year radio veteran Joel Hardy is programming KROZ and describes the station's sound as "Straight forward AOR". Hardy sez his programming will lean toward the harder edged acts such as Robin Trower and Whitesnake while still finding room for the more mainstream acts that are generally appealing to women and upper demos. But as Joel told us, "We're basically programming kick-ass rock and roll." KROZ is owned by Hawthorn Broadcasting with consultation services provided by Advance Broadcast Management. If you would like to contact Joel and KROZ, call (214) 593-6333.

KMJX, Little Rock is now being consulted by Jeff Pollack.

Dan Ballard, formerly of WLAV, Grand Rapids is now on mornings at WLNZ, Lansing where Charlie McCain is now serving as GM. Charlie joins the Lazer from WKLT, Traverse City.

KDJQ, Sacramento has changed its call letters to KRXQ, effective March 26. The call letter change is the result of a law suit filed against the station by KDJK, Modesto, claiming that the two stations had overlapping signals in Stockton, CA. The case was settled out of court and KDJQ changed to KRXQ because they rarely use their call letters on the air anyway, but rather refer to themselves as 93 Rock.

Bill Knobler has exited as GM at KPRW and KATT, Oklahoma City to take on the same duties at AOR/Gold combo KZEW and KLDD, Dallas. Knobler is no stranger to the market, having served as National Sales Manager of Dallas Top 40 outlet KEGP prior to joining KATT in 1985. The Opening was created when former GM Gene Boivin exited for another opportunity in Detroit. The move re-unites Bill with former KATT Promotion Director Alan Lombard who also joined KZEW recently. Filling the KPRW and KATT GM vacancy is GSM Tricia York, as AE Larry Bastida graduates to GSM.

KILO, Colorado Springs GM Lou Mellini has been promoted to VP of Radio for the station's parent company Bahakel Communications in Charlotte, North Carolina. Mellini will stay on as GM at KILO, a

position he has held since 1984, the year Bahakel acquired the station. Lou joined KILO in 1980 as GSM and was promoted to Station Manager two years later.

Strong Sounds, the daily 90-second AOR/CHR syndication being presented by TRG Communications, Inc. and Out-Q Media and hosted by Pat St. John, makes its national debut on Monday, March 30. The first week line-up of features includes a birthday tribute to Eric Clapton, a salute to the Beatles, segments on the Doors and Bon Jovi, and a spicy interview with the Bangles. Future Strong Sounds segments are scheduled to include spotlights on Crowded House, Europe, World Party, The Georgia Satellites, David & David, Huey Lewis and the News, Peter Gabriel, and Bruce Springsteen, Strong Sounds can be heard on Satcom 1-R, Transponder 3, Channels 16 and 17. Transmission times are as follows: Thurs., 3:37pm-3:52pm EST and Fri., 1:12pm - 1:27pm.

St. Louis-based radio program supplier Clayton-Webster Corp. is planning a new, Monday-through-Friday 90 second sports information series hosted by CBS Television's football color analyst, John Madden. Entitled John Madden's Sports Quiz, the program will be primarily targeted to the 18-34-year-old male demographic delivered by AOR stations. "We have already received positive feedback to the concept from many AOR stations," said Stephen Bunyard, president of Clayton-Webster. According to a company spokesman, subscribing stations will receive two "completely different" programs for airplay each weekday; one with a 60-second national advertiser spot that stations must air, and the other with a 60-second "hole" for local advertisers; which would be optional to air. The new Madden series is slated to debut Sept. 1.

ROCK OVER LONDON PLAYLIST:

Show airing internationally during the week of April 5.

FLEETWOOD MAC/"You And I (Part 1)" (Warner Bros.)

Not included on "Tango In The Night" but it's a delectable new Lindsey Buckingham-Christine McVie song.

GARY MOORE/"Friday On My Mind" (10)

The song was an international mid-60s hit for Australian band The Easybeats, who included Vanda & Young, later of Flash And The Pan - Gary's updated version sounds like a very big hit.

DEAD OR ALIVE/"Hooked On Love" (Epic)

Another single from the album "Mad, Bad and Dangerous To Know" and another certain UK chart appearance.

DAVID BOWIE/"Julie" (EMI America)

A new Bowie composition that won't be on the "Never Let You Down" album.

WHITESNAKE/"Here I Go Again (1987)"

You guessed it, not from the new Whitesnake album, but a fresh version of the band's 1982 hit.

THE ROCK OVER LONDON TOP FIVE:

1 (-) FERRY AID/"Let It Be" (CBS); 2 (1) U2/"With Or Without You" (Island); 3 (2) ALISON MOYET/"Weak In The Presence Of Beauty" (CBS); 4 (-) CURIOSITY KILLED THE CAT/"Ordinary Day" (Mercury); 5 (-) FINE YOUNG CANNIBALS/"Ever Fallen In Love" (London).

Our interview is another in the "Whatever Happened To..." series, this week tracking down Dave Clark, formerly of the DC5.

The Rock Request: one of the many fine XTC singles that got away, "Wake Up".

The recording of the "Ferry Aid" record "Let It Be" went ahead as reported here last week...recording started on the morning of Saturday, March 14 when artists started arriving at the studio where STOCK, AITKEN AND WATERMAN were producing the latest all-star benefit record in aid of the families of the victims of the Zeebrugge ferry disaster. They lifted PAUL McCARTNEY'S vocal from the original BEATLES version and recorded a new backing track with the distinctive guitar sound of MARK KNOPFLER and GARY MOORE plus LEVEL 42's MARK KLONG on bass. During the next 48 hours over a hundred artists and TV celebrities dropped in to join in the chorus or sing a line or two of lead vocal. They included BOY GEORGE, PAUL KING, KATE BUSH, BANANARAMA, KIM WILDE, CURIOSITY KILLED THE CAT, THE ALARM, MEL AND KIM, CHRIS DIFFORD and GLEN TILBROOK from SQUEEZE, BONNIE TYLER, NIK KERSHAW and ERASURE. Fans waiting outside were also given a chance to add their voices to the line-up. Production finished on the Tuesday lunchtime and just 20 minutes later it was on the air courtesy of national Radio One. The video was aired for the first time on The Tube three days later and the single was in the shops last Monday. It enters the Rock Over London Top Five at number one on this week's chart. The Sun newspaper - better known for defending libel cases against such stars as ELTON JOHN - set the whole thing up and CBS were responsible for the mastering and distribution of the record.

ROD STEWART is doing his own bit for the "Ferry Aid" appeal by re-releasing "Sailing", with all the proceeds going to the same disaster appeal. In the seventies, the song achieved the almost unheard-of distinction of being a Top Three UK hit twice in a year - number one in 1975 and three in '76.

Great jubilation and enormous relief were the overriding emotions last week when the Government announced a complete U-turn over their proposed new law on withholding tax on foreign artists' UK earnings. Representatives from the British Phonographic Industry and others have persuaded Treasury secretary Norman Fowler that record royalties should be exempt from the new tax. This appears to mean that foreign stars who choose to record in Britain will now not have to pay tax on the profits simply because they were in the UK when they recorded. Thus, an estimated 75 million pounds

will, after all, stay in the music business instead of being hived off by the Government.

A computer games company is entering the UK record market. Mastertronic are launching a label called Mastersound which will issue a series of compilations albums, the first being "Heart Of Soul", which includes current chart artists BEN E. KING and PERCY SLEDGE. Recommended retail price is 3.49 pounds.

Early signs are that there is a big market for budget-price CDs, if sales of the 24 titles in K-Tel's series are anything to go by: they sold 200,000 units in the first week of release. This week Chrysalis Records enter the fray with 10 cut-price compact discs by artists like BLONDIE, JETHRO TULL, HUEY LEWIS AND PAT BENATAR.

Sure enough, U2 entered the British album chart at number one - The "Joshua Tree" had first-week sales of a quarter of a million. Simply Red's "Men And Women" played second fiddle - but then their last album "Picture Book" is still in the top ten. The "Move Closer" compilation lived up to its name with a jump from 23 to 5, and the next new entry came from ICICLE WORKS at 28. Great joy in the ROL office accompanies the new entry at 57 - at last, months late, and after some TV promotion, WORLD PARTY'S "Private Revolution" made its album chart debut.

Speaking of KARL WALLINGER, practically the entire ROL team was at WORLD PARTY'S showcase gig last week at the Astoria Theatre, and we had a rare old night: the band was in excellent form, both on their own material and some fascinating cover versions, like JOHN LENNON'S "Nobody Told Me" second song in, and a final encore of "A Day In The Life", Chrysalis UK appear to be readying "All Come True" as the next single from the album here, and meanwhile KARL awaits the birth of his and his girlfriend's baby in April. The private revolution is going public.

Irish singer-songwriter PAUL BRADY has a new single out this week called "Eat The Peach"...GARY NUMAN'S Numa label may be no more but he's quickly resurfaced with a new distribution deal and a single called "Radio Heart"...MARC ALMOND'S new single is called "Mother Fist And Her Five Daughters"...BON JOVI will headline this year's Castle Donington heavy metal Festival...ROGER DALTRY'S UK single "Hearts Of Fire" has been put back a couple of weeks to an April 13 release, with the album due in Britain two weeks later...

MARK KNOPFLER, having laid down the new guitar solo for "Let It Be", gets back to the millionaire lifestyle in May by participating in the 60th anniversary rerun of the Mille Miglia in Italy. It's a 1000-mile road race that used to take place every year, until it was abandoned in 1957 after 11 people died. Now it's been revived as a more gentle, celebrity-filled 1200-mile drive. KNOPFLER will be driving with racing car instructor Atain de Cadenet in a 1933 eight-cylinder supercharged Alfa Romeo.

Chatting last week to ERNIE ISLEY of the soul group ISLEY JASPER ISLEY, Rock Over London got a surprising response to the question about the UK chart-topping version of their song "Caravan Of Love". "I only heard their version once," ERNIE said, "and I think I almost preferred it to ours. The a cappella arrangement seemed to bring out the gospel message even more." High praise indeed.

After months of rumours and speculation about the demise of FRANKIE GOES TO HOLLYWOOD, their record company ZTT have finally admitted all is not well in the FRANKIE camp...in a statement they said the band "have had enough of each other at least for now. They can't stand the sight of each other, but can't stand to be apart." Well, HOLLY JOHNSON seems quite happy to stay away from the others, it's often been reported that he disapproves of the antics of the other members and his solo career is underway with a forthcoming

album and his appearance at the International Aids Day Wembley gig next week. ZTT says the rest of the band have their own projects too which should fill in time before FRANKIE reforms to make a third LP in 1988...we shall see.

The organisers of this year's CND (Campaign for Nuclear Disarmament) festival at Glastonbury seem pretty confident that the event will go ahead despite local council opposition...more names have been signed up including ROBERT CRAY, HUSKER DU, TROUBLE FUNK, THE RICHARD THOMPSON BAND and LOS LOBOS who will play with ELVIS COSTELLO for one set.

THE POGUES have been playing a number of new songs during their tour and they hope to start recording the next album shortly despite the indecision over whether or not they'll sign to EMI...STEVE LILLYWHITE is tipped to produce it.

If the POGUES do get the support slot on the U2 tour, they'll have to add a few more dates to the list...U2 are now playing an indoor show at Wembley Arena on June 2 in addition to the two stadium gigs on June 12 and 13...they've also confirmed concerts in the UK's major cities with more dates to come next week.

"The Tube" - commercial television's antidote to Top Of The Pops has been axed and will air for the last time at the end of next month when the current series comes to an end. Its future has been in the balance for a while, not helped by presenter JOOLS HOLLAND'S use of bad language on a live promo back in January, but now Tyne Tees television have decided "it has run its course" and they promise new music based programmes to replace it. In its five year history, "The Tube" has won a number of TV awards and claims to have broken some of the UK's top acts including FRANKIE GOES TO HOLLYWOOD, THE HOUSEMARTINS and PAUL YOUNG.

But as one bites the dust...another rises from the ashes. Independent television are developing a rock/Top 40 show to rival Top Of The Pops. It will be presented by DAVID JENSEN from London's Capital Radio who also hosts the nationally and internationally syndicated Network Chart for independent radio. The new show will be 30 minutes long and will feature live bands and a satellite link-up with the US...its working title is "The Roxy" and now "The Tube" is going, its provisional summer start date looks more likely.

A video single by THE CULT has just been made available in the UK, featuring their current 45 "Love Removal Machine" together with one of their previous hits, "She Sells Sanctuary". It retails for just under five pounds.

THE COLOURFIELD'S album "Deception" is out in Britain this week...The STRANGLERS' single "Shakin' Like A Leaf" is now available in an "official bootleg" version featuring an 18-minute track entitled "An Evening With Hugh Cornwell"...The FAITH BROTHERS (remember "Country Of The Blind?") are back with a new single called "That's Just The Way That It Is With Me"...BARCLAY JAMES HARVEST return to the British stage next month for an eight-date tour.

ROCK REPORT

SOURCES TELL THE ROCK REPORT that EMERSON, LAKE & (drum roll please...) CARL PALMER have reformed and are planning to enter the studio to record their reunion album. This means that ASIA has officially thrown in the towel as BRIAN LANE, the band's manager, has now signed on to handle ELP. More details on this next week.

THIS WEEK WE CAN EXPECT the new BRYAN ADAMS album, "Into The Fire", to land on turntables around the nation. The first release from the LP, "Heat Of The Night", has garnered good response already, especially with the aid of the latest marketing device known as the "cassingle." The cassingle, which is a cassette single, is touted as the wave of the future and ADAMS has the first domestic release of this sort. BRYAN once again teamed up with producer BOB CLEARMOUNTAIN and brought in drummer MICKY CURRY, guitarist KEITH

SCOTT and bassist DAVE TAYLOR for this follow-up to 1985's "Reckless". ADAMS kicks off his U.S. tour in Louisiana on May 6 and will continue straight through September without interruption save the annual PRINCE'S TRUST CONCERT happening June 5 & 6 in London. Also slated to appear at the royal gala are ALISON MOYET, ULTRAVOX'S MIDGE URE and the latest British rage, CURIOSITY KILLED THE CAT.

BY ALL INDICATIONS AMERICA just can't wait for the new FLEETWOOD MAC album, "Tango In The Night", scheduled to ship on April 13. The first single, "Big Love", which is already available, features a track on the b-side titled "You And I (Part 2)" which will not be released on the new Lp. We understand that the band will continue this practice on all single releases as it is a popular selling tool for 7" singles as well as giving their fans a little something extra. "Tango In The Night" was produced by LINDSEY BUCKINGHAM and RICHARD DASHUT and features 12 new compositions (4 penned by BUCKINGHAM, 4 from CHRISTINE McVIE, 1 collaboration between McVIE and BUCKINGHAM (entitled "You And I Part 1") and 3 from STEVIE NICKS. FLEETWOOD MAC is now on the West Coast preparing to lens the video clip to "Big Love" and talk about the feasibility of a summer tour.

THE RETURN OF THE PASTORAL JEHRO TULL is imminent as flutist IAN ANDERSON and company are currently ensconced in a recording studio on the outskirts of London. The band will have a new record ready by July via Chrysalis and a tour of the States to follow sometime in the late Summer.

ELVIS COSTELLO AND NICK LOWE (Be Still My Beating Heart) are planning to join forces for a short U.S. tour beginning the latter part of April. The dynamic duo will be taking on primarily colleges and small venues. COSTELLO and his record label, Columbia, are currently in a state of flux with regard to the renewal of his contract. ELVIS' most recent album for the label, "Blood & Chocolate", was released shortly before Christmas.

WE'VE BEEN TELLING YOU about "Dead Letter Office", the forthcoming R.E.M. compilation due from I.R.S. in April. The following is the track listing: "Wind Out", "White Toronado", "Ages Of You", "Running Down", "Voice Of Harold", "Bandwagon", "Burning Hell", "Crazy", "Rotary 10", "Toys In The Attic" (AEROSMITH'S song), and three VELVET UNDERGROUND covers: "Femme Fatale", "Pale Blue Eyes" and "There She Goes Again". For those of you who are thinking about buying the compact disc this news just might sway you: the CD version of "Dead Letter Office" will also contain the 5 tracks from "Chronic Town", the band's 1982 Ep. R.E.M. head into a Nashville studio next month with producer SCOTT LITT to begin work on their follow-up to "Life's Rich Pageant". Those of you home on Friday night, March 27, may want to check out "Raised On Radio", the CBS Television documentary on JOURNEY. The hour program combines in-depth interviews with vocalist STEVE PERRY, keyboardist JONATHAN CAIN and guitarist NEIL SCHON along with concert footage shot by NFL Films.

SPEAKING OF NEIL SCHON, he is planning a one-off reunion with his old band, SANTANA. SCHON, who joined the outfit headed by CARLOS when he was just 17, is planning on returning to the studio and the road with them sometime this year. This will also reunite the guitarist with keyboardist GREGG ROLIE, with whom SCHON left SANTANA to form JOURNEY in 1972. ROLIE, in turn, left JOURNEY in 1980 to pursue a solo career. Other original SANTANA members slated to return include bassist DAVID BROWN, drummer MICHAEL SHRIEVE, percussionists MIKE CARABELLO and JOSE CHEPITO AREAS.

THREE ORIGINAL MEMBERS OF THE HOLLIES are planning a 32 date British tour commemorating their 25th anniversary. Taking part in the celebration will be ALLAN CLARKE, TONY HICKS and BOBBY ELLIOT. GRAHAM NASH, the fourth member of the group and their guitarist/harmony vocalist, is spending his time working on the new CROSBY, STILLS, NASH & YOUNG reunion record and will not take part. No word yet if the three remaining members are planning any U.S. dates.

MORE TOP ARTISTS TO RELEASE CASSETTE SINGLES: Cassette singles in release by Bryan Adams and Prince are expected to be followed in the coming months by Whitney Houston, Huey Lewis, U2 and 40 to 50 more by June. The cassette single will come in two configurations: one with just the 'A' and 'B' sides of the record on both sides of the tape, and another maxi-single with different mixes of the same song, similar to its 12-inch vinyl counterpart. Record executives who originally thought of cassette singles as a "market test" now look upon them as a "market introduction". Some say if the product fails to catch on, it will also prove that there is no market for vinyl seven inch singles. Others believe that it could increase sales of hit singles by several hundred thousand copies.

NIKE USING BEATLES SONG IN NEW SHOES CAMPAIGN: Nike is launching a \$7 million advertising campaign to promote a new line of air-cushioned shoes, which will use the Beatles' tune, "Revolution". Nike has issued a statement saying it's the "first time in advertising history that an original Beatles group recording has been licensed for use in a television campaign."

SIMPLY RED: Simply Red's new album, "Men And Women", sold 200,000 copies its first week in release in England and entered the charts at No. 2. Only U2's "Joshua Tree" kept it from being No. 1. That album sold 300,000 and entered at one. Elsewhere in the world, the Simply Red album entered the charts in the Top 10 in Holland and Belgium, went Gold in Italy, and sold 100,000 in three days in Germany.

their next U.S. single, "One For The Mockingbird", is already completed and out in England. Cutting Crew will do a British tour after they finish the video and may be in North America after that.

INXS, BARNES GET FIRST SINGLE FROM NEW SOUNDTRACK

INSTEAD OF GRAMM: Lou Gramm has lost his "First Single" right on the upcoming Atlantic soundtrack album for "Lost Boys". Instead, the INXS/Jimmy Barnes joint effort, "Good Times", written by AC/DC producers Harry Vanda and George Young, will be the first single lifted from the LP. "Good Times" went to No. 2 on the Australian charts. Its flipside, another joint effort titled "Laying Down The Law", will also appear on the "Lost Boys" soundtrack.

BILLY IDOL SETS THE RECORD STRAIGHT ON GIRLFRIENDS:

Billy Idol has issued a statement concerning the woman arrested by New York police on drug charges as she walked with Idol in Greenwich Village. The statement says: "Grace Hattersley is a young lady I had known for a matter of days when this all began. But with all I've read about her in the papers recently, I now feel I know her a good deal better." Idol says it's "flattering to read that the occasional woman pines after you. I can see I've left many of you aching for the answer to one overwhelming question: Who is really Billy Idol's girlfriend? Well, her name is Perri Lister." All charges against Hattersley were dropped shortly after the incident.

PETTY, DYLAN WRITE HEARTBREAKERS' NEW SINGLE: Tom

Petty And The Heartbreakers will release their new single April 6th. Titled "Jammin' Me", it is described as a socially tough-minded song written by Petty, Bob Dylan, and Heartbreakers guitarist Mike Campbell. "Jammin' Me" is the first single to be released from their forthcoming album "Let Me Up (I've Had Enough)", which is due out on April 20th.

CYNDI LAUPER: Peter Falk has joined the cast of Cyndi Lauper's first movie, "Vibes", which starts shooting next month. The cast also includes Jeff Goldblum.

PAUL MC CARTNEY: Last year, Duane Eddy was playing with the Art Of Noise. This year, he's playing with the Beatles. Paul McCartney appears on the album Eddy is recording for Capitol Records on the Wings' song "So Glad To See You Here". And Eddy performed on one song on the new album George Harrison is recording with Jeff Lynne.

BOURGEOIS TAGG: Todd Rundgren is producing the second album by Bourgeois Tagg. Half of the album will be reopened at Rundgren's studio in Woodstock, the other half in San Francisco.

TOM PETTY, GOODRICH SETTLE MILLION DOLLAR SUIT: The million dollar lawsuit filed against B.F. Goodrich recently by Tom Petty was quietly settled. The financial terms were not disclosed, but Petty was awarded a substantial sum in damages and Goodrich

agreed to withdraw the commercial, which Petty said was too similar to one of his songs. Petty claimed that Goodrich and its ad agency based the commercial on his song "Mary's New Car", from the album "Southern Accents", after he refused to give them permission to use it when they asked him last year. A musicologist who testified in court said that in his opinion, the vocal, lyric, melody and instrumentation between the song and the commercial were too similar.

MONKEES PROMOTER PLANNING ANOTHER SUMMER TOUR OF '60'S

STARS: David Fishof, the sports and show biz super-agent responsible for the highly successful Monkees revival, will launch another tour this summer featuring '60's music stars. Called the "1987 Classic Summerfest Tour", the show will bring together The Byrds, Tommy James And The Shondells, Herman's Hermits, and Mark Lindsay, formerly of Paul Revere And The Raiders. According to Fishof, the renewed success of such bands as the Monkees and Raiders, has resulted less from nostalgia seekers than from the attraction they hold for a new generation of fans.

KFMG THROWS A HELLUVA BREAKFAST PARTY

Rock 108 KFMG

KFMG/Albuquerque provided us with a morning show aircheck to give us some insight into Craig Martin's Breakfast Party. We heard a sampling of two of the Breakfast Party features: the first one called "The Week In Review". This weekly bit is a take-off on Saturday Night Live's Weekend Update combined with Firesign Theater style comedy. This particular newscast starts out with a Liberace story and while segueing into the next story, the newscaster says, "Moving from the dead to the near dead, William Casey, who conveniently had half of his brain removed while testifying to a senate panel investigation on the Iran Arms Deal, resigned as head of the CIA, making him the first head of the agency who actually quit due to lack of brains. Casey's close friend, President Reagan said as soon as Casey was well enough he'd be offered a job as an official White House sofa...Speaking of furniture, the President turns 76 today"... and proceeds to go into "live coverage" of the birthday party featuring Reagan, Nancy and staff. It's extremely creative and the amount of work that went into the production is impressive.

The second feature is also weekly and is called "The All Mail Revue" where, to the tune of "The Stripper", Martin reads letters from listeners. He prefaces by saying, "Of course we'd love to answer each letter personally, but frankly we've got much better things to do." The (bogus) letters ask questions like, "Were you dropped on your head as a child?", "Are the band musicians musically trained?" or "My best friend just moved away, can I be your best friend?" For each question The Breakfast Party has produced some ridiculous answer, turning each one into a bit. Martin ends with, "That's all we have time for now. Thanks for listening, and remember, keep those cards and letters."

Reading about KFMG's Craig Martin and the Breakfast Party only gives you a hint of what the show is all about. We suggest if you're ever in Albuquerque give 'em a listen or better yet, ask for an aircheck. We think you'll find it funny too.

WHAT'S IN A NAME?

WHMD
Hit Rock 107

Contrary to popular belief, morning man Ace O'Connell is alive and well and being funny at WHMD, Hammond, LA. Ace lent us a Best Bit this week, to prove how funny he is.

"We do something called 'The Name Game'", Ace explained. "We solicit phone calls for two contestants who will play against each other. Each contestant wins a dinner for two. We ask them for a famous person, place or thing, put them on a conference call and depending on the clues that I give them they respond. For instance, one time I was looking for a birthday cake and my clue was, 'Before you eat me you have to blow me'. It put both of the callers in shock...It's sort of like Jeopardy. The two contestants play against each other and it's fun because all I do is play the dumb game show host. I have a lot of fun with them before we even play the game. A lot of the game is in the introduction. First off, I tell them nobody can play if they've had a felony conviction. Then I'll say something like, 'Do you like the color green?' They'll say, 'Yeah!' I'll say, 'Do you like to travel?' They'll say, 'Yeah!!' I say 'Great news. I'll drop your name off at the nearest Army recruiting station on my way home from work today.' I have fun interviewing them like that.

"We've found that this is a good game that involves more than one person at a time and because it's done live, anything can happen."

Is your morning show funny? Do your listeners suffer from terminal laughter as a result of listening to your morning personality/team? Have some of your recent morning bits been nominated for dozens of awards for their creativity and entertainment value? Why not share these ideas with the rest of us and in the process help those struggling, dull, witless, droll, void of originality, ratingless morning shows get their act together. Send us your Best Bits on tape or in written form to FMQB, 1930 E. Marlton Pike, Suite F36, Cherry Hill, NJ 08003. Go ahead, make us laugh.

PROMOTION FILE

KFOG BROADCASTS THE BAMMIES

KFOG was chosen again this year to broadcast the 10th Annual Bay Area Music Awards

(better known as the Bammies) held at the San Francisco Civic Auditorium. BAM is an acronym for Bay Area Music, a local magazine. Winners of the Bammies are chosen by popular vote through the magazine. The Bammies are the most important musical happening in the Bay Area. There's no finer way to tie in the music business locally than to be a part of it. This year's extravaganza was bigger and glitzier than ever and KFOG air personalities M. Dung and Dave Morey had the honor of being the on-air hosts, interviewing many of the celebrities. The event was sold out weeks before there was any announcement as to who was going to play, and approximately 7800 people were in attendance.

Performing this year were Chris Isaak, Eddie Money, Kantner, Balin & Cassady, Bourgeois Tagg and Journey's Steve Perry, Neal Schon and Jonathan Cain (there was rumor going around that this was their last performance together). Surprise guests included Todd Rundgren, Bonnie Raitt, Dan Hicks, Ronnie Lott and Dwight Clark of the 49er's, and Commander Cody. One of the highlights came when John Fogerty and Chris Isaak joined forces with a couple dozen others and did one of Bo Diddley's old songs "Didley Daddy."

In the awards department John Fogerty was chosen as Musician Of The Year in the write-in category, Huey Lewis And The News came away with three awards this year; for Best Album ("Fore"), Johnny Colla/Best Reeds and Bill Gibson/Best Drummer. Eddie Money won Outstanding Song for "Take Me Home Tonight", Chris Isaak won BAM's write-in vote for Best Club Band of the year and The KBC Band walked off with Best Debut Album while Jack Cassady took the award for Best Bass Player.

WKFM HAS THE POWER

In conjunction with the latest Kansas album and tour WKFM/Syracuse wanted to give listeners some "power", so they decided to make a listener the owner of KIX-FM for one day. The listener won the chance to call the shots for the day, sit in with the KIX morning crew and tell them what to do and what not to do, and even hire or fire for the day. They also received \$104 in cash, had a limo available to them and were taken to lunch and dinner on the station. Of course they also went to the Kansas show that night and met the band after the show.

The logistics of the promotion were simple: the KIX-FM owner/general manager recorded a drop in that said, "Hi, this is the owner of KIX-FM and I want to give you the power." When listeners heard it they called the station and the tenth caller got a pair of tickets to the show, the Kansas "Power" album and were automatically registered for the grand prize drawing.

The promotion went off without a hitch and last we heard, PD Steve Becker and MD Brian Illes still had their jobs.

ST. PATTY'S DAY IN SAVANNAH

SAVANNAH

When WIXV, I95 in Savannah switched formats to AOR they did it on St. Patrick's day weekend so the anniversary of the station would always fall on the city's biggest party of the year. (St. Patty's Day festivities in Savannah bring about 300,000 visitors to town and is noted as the second largest St. Patrick's Day celebration only to New

York). This year the festivities began on the Friday before St. Patty's Day with an all request weekend and a remote from Savannah's historic Riverfront. This was the sight of five days of non-stop rock and roll, plenty of food, a little beer and perfect weather. Local and regional bands played from noon to 2:00 AM daily and all request radio continued through the weekend. Monday night I95 welcomed Chicago for an evening of great rock and roll before a near sellout crowd. Finally, Tuesday the 17th had arrived. I95's Breakfast Flakes, John and Maryanne were clad in white and green tuxedos, while I95 kazooers were dressed in official station jerseys and green derbys for the St. Patrick's Day Parade. The Flakes were interviewed by all three local TV stations and the parade was featured on NBC's Today Show and CBS' Morning program. After the parade all the kazooers were admitted aboard the I95 Budweiser Boogie Boats to cruise up and down the Savannah River as mega sound systems pounded out rock and roll. The boats had been running since Saturday and the peak of excitement was late afternoon when Brighton Rock took to the stage for a free show. The station received mentions in local newspapers as well as TV coverage, not to mention congratulatory comments from listeners over the request line. The station even received a couple of homebaked cakes from listeners wishing them a Happy Anniversary and St. Patrick's Day. It was a lot of work and quite a hectic week but the exposure and fun were well worth it.

POLYGRAM PRESENTS
QUESTION
of the
WEEK

With AOR's current growth trend, many markets now have two, if not three, AORs. Realistically, can one market support three AORs? And is the current glut of album rock stations healthy or unhealthy for the format in the long run?

GREG GILLISPIE, B/A/D/E: "I guess those who said AOR was a dead format were dead wrong. It's obvious that the format has been and will continue to be very successful, and now what we're seeing is the second or third CHR or AC in the marketplace looking at the AOR as a place to take money and ratings from. It happened before, and then we had a glut of CHRs. I can't say whether having two or three or more variations of an AOR format in one market is healthy or unhealthy, but I can tell you that I would not want to be a second or third man out where we have firmly established stations in the format."

POM EVANS, WIYY: "In the long run, no. Usually the second or third stations to a format have generally been losers in previous formats and they bring a lot of bad habits with them; i.e., bad marketing plans, overly reactive managers seeking magic solutions, inadequate promotions, etc. This in turn reflects poorly on everyone in that format. Maybe in the Top 5 markets the fragmentation can be absorbed by the sheer number of available listeners, but beyond that 'he who is firstest with the mostest' will win in the long run."

TED EDWARDS, KGB: "In the majority of radio markets, there are few winners and few winning formats. When the also-rans look up with envy at the top and see two or three CHRs and one or two AORs, the potential of taking that success away, or even splitting it up, looks very attractive. Half of something is certainly better than losing money! So, I'm not surprised to see additional AORs entering the battle, especially with our growth into highly attractive upper demos. Whether they can be supported is somewhat market dependent, and also comes down to how the shares are eventually divided. As an AOR programmer, I enjoy the increased profile of the format. At the bottom end, I can't see how it would injure AOR."

JOHN EDWARDS, KBPI: "To a large degree, I would have to say that most Top 50 markets have the ability to support at least three AORs. Each individual station should welcome the added incentive to counter program

and find their own particular niche in the market place. Additional competition is always healthy and should encourage excellence as well as more specialization. Anyone who is afraid of additional competition is unsure and not confident about their own station's position and direction. In Denver we have four AORs and each is doing a great job in appealing to a particular demo."

BILL WISE, WGTR: "It's starting to look like CHR did 3-4 years ago, isn't it? The question that AOR faces today is: Will history repeat itself or are there enough variations on the format to support multiple AORs? Obviously, there are the 'me too' stations that are not going to make it, but a station that comes into a market and offers something unique will have much better success...Personal to Charlie Kendall: How'm I doin' so far?"

POLYGRAM ROCKS RADIO
ROCK N' QUOTE OF THE WEEK

"The **Mission UK's 'Wasteland'** is a superb choice for the lead cut and possible single... but the remainder of the lp is equally brilliant."

— Carter Alan/WBCN

GLENN STEWART, WHJY: "No market can support more than two AORs unless several of them are satisfied with a smaller piece of the demographic pie. Now that a third AOR wants to proclaim Providence home, I can assure you that 'HJY will not be satisfied with anything less than what we've already got! Why should we?? With intelligent dayparting and active, visible promotions, we serve all the right demos and we have no need to super-serve to only one group. If all the AORs decided to specialize and narrow-cast their programming (as in Los Angeles), then multiple AORs are viable. At 'HJY, we'll let others super-serve...We want it all!"

RUSS MOTTOLA, WAAF: "With the AOR format being about 20 years old and the variety of music available today, I think there is definitely room for multiple AORs in major radio markets. As radio continues to grab the concept of narrow-casting, I can see several varieties

QUESTION OF THE WEEK

Continued From Previous Page

of rockers in major markets: a teen rocker; one targeted 18-24; and another for adults 25-49--all with their own audience and advertiser base. I think overall the more variety you have in any format, the healthier it is for the format. Competition stimulates better radio in any market, large or small."

ZAK PHILLIPS, KAZY: "I think that we will see AORs in multi-AOR markets beginning to target their demographics more specifically; so the survival rate of AORs in each individual market is going to increasingly depend on the available demographic cells in that market and how hot your sales staff is. I think what we'll find is that, in effect, the cream will rise to the top. Increased competition is healthy for any industry, and perhaps this is the shot in the arm that AOR has needed for quite a few years now to bring a new core of really creative people into the forefront."

DON BERNS, CFNY: "I really don't think that one market can support three AORs if they are essentially the same station. If, for instance, one station was Classic Rock, one was hard edged, and one leaned toward modern music (aka Alternative), then I think the market could support three AOR stations--otherwise you're talking redundancy. It just doesn't work...In the long term, I don't think it will have any affect on the format because each station will try to out-position itself in terms of music. I think that it's a very healthy atmosphere in which to break new artists."

STEVE BECKER, WKFM: "As AOR is diversifying its format between Classic, Mainstream, Heavy Metal and New Age, major markets probably could support several AORs. The importance for survival would be the diversity of each station. Locally, this size market has had a history of having two AORs though recently, till we hit the airwaves, there was only one AOR. The pie may be split up more now, but I feel that there is enough to go around. However, for this city an additional third AOR wouldn't make it."

WAYNE SUMMERS, WRCN: "I think it depends on the market. Some markets can viably support two, maybe three AORs. We'll find out if Miami is one of them. I don't see it as bad for the format; any growth I perceive is positive."

LORRAINE RAPP, WAQX: "It largely depends on the individual market and its size. It seems improbable that one market can support three AOR's doing the same thing. If the proliferation of album stations across the country forces a looser definition of 'album radio' you might have three AORs going after slightly different audiences and advertising dollars. But I sincerely doubt that most markets can sustain three AORs. Let's wait and see what happens in Florida! History has proven in Syracuse that only one AOR can be successful and we are the one operating in the black. As far as whether this competition is good or bad for the format in the long run: I don't think it's effected. As long as stations are vying for an AOR audience the format is alive and continuing to move forward. After the war is over in each market there will always be a station ready to try the whole thing again so there is no realistic threat of AOR becoming extinct. There will always be a need for a good rockin' station and I don't think that will change."

BOB BITTENS, WHCN: "I think it's possible depending upon the make-up of the audience and what other formats are available in the same market. Certainly for all three to be successful, they would all have to be fairly narrowly targeted...I don't think it can hurt the format as a whole, but it may force us to redefine what AOR means."

TRIP REEB, KISS: "It depends largely on the size of the market. If each of them can carve somewhat of their own niche in the marketplace, and have something different to offer the audience, then perhaps they can succeed. I'm inclined to believe that in a majority of the markets they can't or won't survive...That really all depends on demographic appeal of the radio stations and the financial environment of each individual market. Is it good for the format? Yes, increased competition breeds better radio. If nothing else, it makes people more aware and enables them to do a better job. Hopefully, it'll spawn better radio. The strong survive."

RICK BARR, WBRU: "I think only the largest markets can support three AORs. We just got our third AOR here in Rhode Island, and I'm not sure that the market will support all three of us. I think any successful AOR has to have its own identity, and if that identity can grab you a decent market share, then you're all set. The problem comes when two AORs are trying to maintain practically similar identities. Any large market should be able to have a Classic Rock station, or a New Music station, or a mellow Adult Rock station, or a Metal station--as long as you can grab your segment of the market, you should be alright."

BRUCE McDONALD, WFNX: "I think a market can support three AOR stations if they're all not doing the same thing. You can have a Classic Rock station, a Progressive Rock station and a straight-ahead Rock station all in the same market, and they can all exist independently and successfully apart from each other. The Boston area has many varied AOR stations and the market holds them all very well. Time will tell whether or not the current flux of Album Rockers is healthy or unhealthy for the format. It's basically the survival of the fittest. If your station's got something strong, you'll survive and thrive."

JOHN BRADLEY, KBCO: "Yes, three AORs can survive in a major market, but they must be musically diverse."

KAREN ANDERSEN SMALL, WGIR: "Needless to say, whether a market can support more than one AOR depends on the size of the market. Several years ago everyone was jumping on the CHR boat. Now where are they? As with any trend, once that trend is over only the strong will survive."

ALAN WHITE, KILO: "It depends. In our particular situation here, we have a lot of AORs that cover a lot of different bases. We're not rated in the Denver book, our signal carries into Denver, we acknowledge them, we have listeners there. I think that a market our size can support many AORs, as long as they can move in a strong defined direction. It's good for the format."

RADIO ACTION

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA:

"With all these great new releases added on top of all the things that came before them, feels like we're shifting into musical overdrive. If the Bowie 12" doesn't make you dance, you better check for a pulse. It's fantastic, and so was that press conference at the Cat Club! I never ever thought I would see Bowie perform six feet in front of my face! I would've seen the sweat bead on his brow, but he's English and far too cool to do anything like that. Thanks to Howard Bernstein and Tony Smith from EMI and Michael Abramson and Neal Mirsky from DIR Broadcasting for the great time. While we're on the subject of EMI, they had a busy week: Peter Wolf Listening Party last night. The music was h-o-t and so were those chicken wings. By now you have the Wolf Lp and hopefully love it. Much more rock-oriented than the last album, but it still has a lot of funk. This is party rock at its best. Too many favorites to pick just one, but 'Can't Get Started' should be on everyone's playlist next week...Paul Simon (with help from Los Lobos hits the air this week. 'All Around The World' was my favorite from the get-go and seeing how we've been ahead on this album from the get-go, we'll keep going... Also on this week: The Saints. I have a feeling that what Enigma did for the Smithereens, TVT will do for The Saints. I've got my fingers crossed...The Bryan Adams record is phenomenal. PLAY SIDE 2 FIRST!...Thanks to Jerry Lembo for bringing Patty Smyth out last week. As always, she was a lot of fun on-the-air...Also, congrats to Steve Schnur on his bump-up at Elektra. Bye now."

WLWQ, COLUMBUS, OH M.D.-WENDY STEELE:

"Yesterday on-the-air, I rolled Side 1 of 'The Joshua Tree' and it sounded superb--got great phones...Whitesnake has them calling in as well. What an eargasmic tune!... 'Another Day' by Bryan Adams sounds almost better than the single...Songs that tickle my fancy: Farrenheit 'Fool In Love' and In Pursuit 'Only For You' and 'Thin Line'."

WCCC, HARTFORD, CT P.D./M.D.-HARVE ALAN:

"It's great to know that when Hartford's rock listeners want to hear their favorite new songs during the work hours, they can only turn to WCCC! I'm very happy to play my power currents more than once during the 9-5...A great sales story to report for Los Lobos--Based on rock radio airplay, we take this record Top 10...Listen to the 4th--I mean 3rd track from the Smithereens. 'Time And Time Again' should be bigger than their previous successes...From the New Bands Who Deserve Hits pile, check out the Ward Brothers 'Why Do You Run', plus Farrenheit's 'Fool In Love'."

KLOL, HOUSTON, TX M.D.-HARVEY "DR. K"

KOJAN: "Thanks so-o-o much to Be Bop, Ken Benson and everyone at EMI for the great time in Dallas. It was a pleasure meeting people like Ronnie Raphael, Bonnie Stacy, Jeff Carroll and the infamous Redbeard! Speaking of EMI, they have got a winner with the new Bowie, which went right in to

heavy...We also added a couple other things that we've been trying to fit in for a while: The Damned and Concrete Blonde (the latter being one of the strongest albums in recent memory). I'm glad we're finally getting behind this very talented band... Robert Cray continues selling Top 10, actually moving up the chart again this week which is more than enough reason to add two more cuts!"

WEBN, CINCINNATI, OH M.D.-CURT GARY:

"Night Ranger has already had a good run in Cincinnati and it looks like 'Success' will follow suit...But the real story here this week is Whitesnake. I don't know where the buzz got started here! Before track one ever aired on WEBN, the phones were exploding. When you listen to the production on this Lp, the street buzz is easily explained. This is a great rock record...Gino Vannelli advances in one short week. The reaction on 'Wild Horses' is already there. Don't let this song fool you--it grooves!...Thanks to Doug Burton of PolyGram for all his help with Cinderella and Bon Jovi. If Cinderella comes to your town with gastritis, it's only because they were on Lunchmania on WEBN!"

KZAP, SACRAMENTO, CA P.D.-TOM CALE:

"To those of you in the record industry that think I fell off the end of the earth, I may as well have! I'm up to my ass in projects! I still love you, but please refer music calls to Bill Prescott till further notice. I shall return to normal shortly. See you in L.A.!"

WBCN, BOSTON, MA M.D.-CARTER ALAN:

"The CD evolution is spinning off an exciting series of promotional concepts. The Sampler Collections from Island, Virgin, CBS and MCA have been useful in stocking our library until the actual CD of each artist comes in. A great portion of 'BCN selection on-air is from CD. Our library boasts over 400 titles. The CD single is also an interesting concept which we have found useful in our current file. Recently, Rykodisc in Salem, MA released a CD of the Jimi Hendrix experience 'Live At Winterland'. This CD-only release was premiered on 'BCN's 'Back To The Future' program and a promotional tie-in with Rykodisc allowed winners to collect their own copy of the disc of new live tunes. Rykodisc has also released a lion's share of Zappa and Mothers' records and can be contacted at (617)-744-7678--ask for Don Rose...My pick-of-the-week has got to be Rock And Hyde's 'Dirty Water'--sounds fantastic!"

WLIR, LONG ISLAND, NY ASST. P.D./M.D.-LARRY

"THE DUCK" DUNN: "My thanks to Brad, Dave, Mark and Clyde of the Hoodoo Gurus for a fun filled on-air interview! Also, thanks to Brad Hunt, Steve Schnur and Mark Cohen for their help with the sold-out Hoodoo Gurus co-promote this past Saturday night at the Ritz. If I have said it before, I'll say it again: This is the year of the Gurus (I never said that)...U2 still commands #1 phones and #1 retail. If you thought the album had depth, wait till you hear the B-side. Bring on the tour!... Comments of the month go to Lin Brehmer with his musical spring training report... Up-coming shows in town we look forward to include: Iggy Pop at Bay Street in the Hamptons; The Pretenders at Radio City; China Crisis and Squeeze in May at the Ritz and seven nights of Big Audio Dynamite at Irvin Plaza...My congratulations go to Deb Brady, the new Music Director at WXXP... Screamer-of-the-week: The Smiths (Import) 'Half A Person'."

good, fresh 80's rock 'n roll...Special thanks to Sharon White for stopping by with the new Tom Petty 'Jammin' Me'. Can't wait to start playing it, starting Monday, April 6th...KBPI rocks the Rockies!"

WDVE, PITTSBURGH, PA M.D.-ANTHONY ALFONSI:

"I never thought you could combine the Rolling Stones, Led Zeppelin and AC/DC, but apparently The Cult have found a way! 'Love Removal Machine' is a good rockin' song that's grown on me. I like it a lot...Always good to hear some fresh new Bowie material with 'Day In Day Out'. Can't wait to hear the album, as well as seeing him on tour this year...Rock And Hyde is very reminiscent of the Moody Blues, yet still has a very contemporary edge to it. It goes in this week...Europe's 'Rock The Night' is a great follow-up to 'The Final Countdown' and hearing it on the radio, I feel it moves a lot better than 'The Final Countdown'...Whitesnake has taken control of our phones riding to #1 Most Requested at WDVE this week but U2 is holding strong at #2."

CFNY, TORONTO, CN ASST. P.D./M.D.-DON

BERNS: "Greetings from concert-town! The Pretenders blew in to Toronto this past week and were blown off the stage by Iggy Pop whom I had never seen before--but when Chrissie Hynde kissed the stage where Iggy had stood, she did the right thing! Too bad some of that raw power didn't rub off on the new Pretenders, who were proficient--but nothing to write

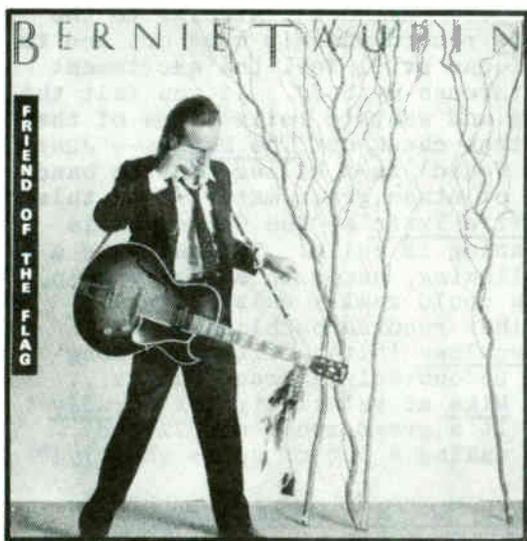

comments about...I find that I get most excited about live music these days when I see new artists appearing in clubs, and one of the best is Vancouver's Colin James who is on the verge of a major label U.S. signing, as evidenced by the large numbers of record mavens in attendance Saturday night--(I should say what company they were from but it was great to see Michael Plen again and to meet Jeff Naumann). At any rate, Colin James is an artist worth waiting for, America! His power rock and blues is reminiscent of George Thorogood--His guitar work is outstanding, and his band has the tightness of which fantasies are made. So, all in all, it was a great week for live music. Not too shabby on the recording end either, with Hunters And Collectors 'Living Daylights' arriving long enough to audition before making its way into the studio. Boy, does everybody around here like this group, with their powerful music and unique vocals that seethe with the raw passion and anger of youth and make for one great sounding record... Speaking of great sounding records, this week the CFNY Music Department picks the Hoodoo Gurus as the single of the week. With the Bangles singing back-up 'Will Have Some Good Times' playing this across-the-board-winner...Ivar sez 'Dire Straits meets Roy Orbison and blows my sox off with Chris Isaak's self-titled album'--watch out WEA Canada--we're going to force you to release this one up here!"

ence was such a good idea. It made the debut an event, not just new rock, from David Bowie on W-blah-blah-blah...Robin Trower's 'Passions' has done so-o-o well for us, we're going a cut deeper on 'Caroline'. Nice tune. Doesn't it remind you of good old Starship?...Whitesnake is working so well--as is XTC. Check out that Gowan record--it'll make every woman swoon. Now, excuse me while I go listen to it somewhere."

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY:

"I'd like to take this opportunity to thank George Silva and all the folks at EMI for making it possible for us to go to the Bowie Press Conference in New York City. Bowie was every inch a superstar last Wednesday. He seemed to have a renewed inspiration for rock 'n roll and reeked of self assuredness. I've never seen a press conference handled quite that way: First, he and the band kicked in with the new single. Then, right from the center of the stage, he looked out over the audience and said 'well, what does anyone want to know?' Bowie fielded questions with such finesse and showed us quite a sense of humor too. Looks to me like 1987 is David Bowie's year!...Los Lobos heated up, and I mean literally, the Chestnut Cabaret on both Saturday and Sunday nights. It really felt like Summer in there--I wanted to break out the barbecue...Didn't have an opportunity to comment on the Thompson Twins record last week, but I'd like to make up for it now--ok? So, it's perfect and perfect for 'MMR. In fact, it's John DeBella's favorite new song. It's true to the Thompson Twins sound, but even more rock 'n roll. Funny how they started out with 6, went down to 3, and finally now we can really call them 'Twins'...It looks like Little Steven's Manhattan debut will be the one that will go everywhere. The guitar playing is extraordinary."

WKLS, ATLANTA, GA M.D.-BETH KEPPLER:

"It's a sacrilege not to play XTC's 'Dear God'. Songs that make you think as well as feel, that are as heavy as this, are really a treat musically. This one has it all and packs the same impact as Bruce Cockburn's 'If I Had A Rocket Launcher'...Talk about a trip through the emotional ringer! Whether you agree with the final statement or not, this record is great mental floss. I wish everyone of the Washington's wives would listen to the U2 album and read the lyrics at the same time. Doesn't take a rocket scientist to comprehend the Christian references and Bono and Company have always been up front about their religious convictions. The album is tops in requests, sales and airplay--yet, how many of the people buying and loving this album embrace the same Christian beliefs? A majority don't, but they buy it anyhow, so don't try and tell us that our beliefs and value systems are totally subject to the message of the rock 'n roll we listen to...Now I will get off my soap box and admit I'm in l-o-v-e with 'Big Love' in a big way. God, isn't it great to hear Lindsey Buckingham all over a Fleetwood Mac song, and what a pleasure to be paid a visit by Nicki Squire last week. The lady is as lovely as her voice, has impeccable taste in clothes and even drank our awful office coffee with a smile! Unless your audience hates Yes, play this record!"

KRQR, SAN FRANCISCO, CA M.D.-JOHN MC CRAE:

"David Bowie returns with the will to rock! ...'Big Life' is easily Night Ranger's strongest album. You'll have no problem going deep with this one...Mondo Rock sounds like record-of-the-week. Don't let

the good taste fool you...The Ward Brothers fits in nicely...Robert Cray keeps up the quality as we put in 'Guess I Showed Her' this week...The Del Fuegos have taken a major step forward with 'Long Slide'...This time around, The Damned have hit a sweet spot with their cover of the Love classic. 'Alone Again Or' is generating good phones here already. The future's so bright, The Damned better wear shades!"

KBCO, BOULDER, CO M.D.-DOUG CLIFTON:

"Best New Release: David Bowie's 'Day In Day Out'. He's a very important artist for album radio...Best New Song: Hoodoo Gurus's 'Good Time'. Their best shot at a hit record!...New Life: The remix of Big Audio Dynamite's 'V-13' made a big enough difference that we added the record...Building: David Bowie goes directly into power; the Genesis B-side 'Feeding The Fire' gets good response, so it's heading into power, along with Concrete Blonde's 'True'; Frozen Ghost's 'Should I See' and World Party's 'Private Revolution'...Phones: The calls have slowed down somewhat, but U2 still tops the request list. XTC's 'Dear God' kicked in this week with 90% positive calls. Prince continues to pull great phones, as does China Crisis. The new David Bowie has spawned enough interest to put him at #5 Top phones. Other artists continuing to do well on the phones are: World Party; Crowded House; Hipsway; Bob Geldof and B.A.D. ...Retail: U2! Thanks to Island for helping out with our St. Patrick's Day Give-Away!"

WXRK, NEW YORK, NY ASST. P.D./M.D.-BOB

KRANES: "The David Bowie Press Conference and release of his new material certainly made for some exciting radio last week! 'Day In Day Out' is certainly a strong return for Bowie. It is interesting to see how David is adapting to this part of the decade. He seems to be continuing the true Bowie form and making great music... The other exciting things going on over the air include: XTC's 'Dear God'. Is this ever an attention getting song. If you want to make your listeners wake up and put their ears to the radio, then play 'Dear God'...I remember listening to the Smithereens record when it came out and to this day I can still feel the excitement that ran through my body. If you felt the same thing and want to relive some of that feeling, then check out The Saints--'Just Like Fire Would' is a killer and the band has a lot of other great material on this record...Wire Train's 'She Comes On' is also beginning to build. The band has a decent following, and with a little help, this track could really enlarge that group...Other records bubbling under include Reckless's 'Nitty Gritty', a song that will undoubtedly attract phones... Thanks to Mike at Relativity for Scruffy The Cat. It's great rock 'n roll and should be making a lot of noise shortly!"

KICT, WICHITA, KS M.D.-PHIL THOMPSON:

"Over the weekend I got a glimpse of a band that blew the doors off my favorite local dive! The dive I am referring to is the Coyote Club and the band is Little America! A prior engagement kept me from seeing the whole show. Even though I arrived at the show just in time to catch the last set, I could tell I was seeing a phenomenon in progress. These guys filled the Coyote with more sound than I thought possible in that place! Not volume-wise, but pure energy. Real straight ahead rock 'n roll is what they are all about, and if you're not on Little America, I think you're missing the boat. Sit back, listen, and watch Little America get BIG. And to Stu and the rest of the guys, don't forget how to find the wizard!"

WAPL, APPLETON/GREEN BAY/OSHKOSH, WI M.D.-
RICK PANNECK: "This has to be the best time of the year for new music. Imagine! New material from Bowie and U2 in the same month. Interesting situation with U2's 'The Joshua Tree' at retail. First week out, the total unit sales in our market surpassed both Springsteen and Bon Jovi at their peak! Bowie is obviously a s-m-a-s-h. Looking forward to seeing him on tour... Tesla's 'Little Suzi' and Cinderella's 'Somebody Save Me' continue WAPL's tradition of playing a wide variety of music, and the fact that both Lps are selling well doesn't hurt either...With the backlog of material in the last couple of weeks, we finally found room for The Cult. Sounds like The Seeds on acid. Wait a minute--The Seeds were on acid! Forget it!"

WIXV, SAVANNAH, GA M.D.-VIRGIL THOMPSON:
"As we enter our second year--to remain as efficient as possible, we have new music hours: They are Monday, Tuesday and Friday 2:00-4:00PM. You can talk to me or Bill and if you need to talk to us any other time, just call and leave a message. We'll get back to you. Thanks."

KFMG, ALBUQUERQUE, NM M.D.-MICHAEL DAVIS:
"Thanks to the good folks at Columbia in L.A. and Phoenix. To quote an old Edgar Winter tune, 'we all had a really good time'... David Bowie rocks on with 'Day In Day Out'. David, you are still one of the coolest mo-fo's around...As projected, we've jumped on the Rock And Hyde. Lots of potential with 'Dirty Water'...Special thanks to those who supported the ROCK108 Alice Cooper/Tesla concert celebration...And finally, UNLV all the way!"

WTPA, HARRISBURG, PA ASST. P.D.-CHRIS JAMES:
"The U2 continues to set Central PA on fire! It seems listeners just can't get enough. 'With Or Without You' continues to be our #1 request, but every track is a winner. Thanks to Alex Miller of Atco for the U2 help on our St. Patty's Day promo. Not only did winners get a new U2 Lp, but a box of Lucky Charms with anywhere from \$1.00 to \$100.00 inside...We're giving the Stranglers second life. The song won't quit and has been one of my faves from first listen. Besides the album cover's great too...The Farrenheit, Jennifer Warnes, and Jon Butther continue to burn up the phones. Not just curiosity calls anymore, but actual requests...Finally, don't ignore the Doug & The Slugs--a great Springtime record. Put the T-top down and let it go!"

WHMD, HAMMOND/BATON ROUGE, LA M.D.-PHIL COLWART: "Baby's got a 'Black Book'--check out Rhino Records Rank & File...Esquire 'To The Rescue'-- Yes in a dress!...Thanks, Billy Cox, of Geffen. Thanks, David Bowie!"

KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE:
"We're celebrating our 9th Birthday here at KILO all this month with nine separate events for our listeners to get involved with from seeing U2 on the road, to local and Denver shows...Thanks to Bob Margolis of Geffen/Denver for his cooperation in bringing both Tesla and Little America to the station last week. I must say that these two bands have different sounds, but they are both young and eager with tremendous amounts of talent, egos in check and a desire to learn more about the business. We're pleased to be in on the ground floor of their careers. Good luck to both from your friends at KILO... Congratulations to our G.M. here at KILO, Lou Mellini, who has just been promoted to V.P. of Radio for Bahakel Communications, our parent company in Charlotte, NC...

Musically, David Bowie bounces back with a rocker that fits in and is much more accessible than his last few projects... Rock And Hyde finally got rid of the payola nonsense, but we always knew that the talent and the song writing ability were there. 'Dirty Water' is a dense and textured song that lingers in your mind's ear...Springtime in the rockies means good times and the Hoodoo Gurus spell it out with a bouncy little tune...In the projection bin, the Other Ones; Julian Cope; Wire Train; Red 7; The Saints; and Mondo Rock."

WTUE, DAYTON, OH M.D.-JOHN BEAULIEU:
"Went to the NCAA semi-finals in Cincinnati this past weekend. The stands were half full of record guys. So that's what you guys do when you're not selling records! Thanks to Jay Hart! Also, kudos to Craig and Ross for taking care of us at the Pretenders/Iggy Pop show. And thanks to Iggy for being one of the most interesting people I've met!"

WLNZ, LANSING, MI M.D.-CATHY DOWN:
"Even though the sun is shining brighter than ever, and the temperatures are rapidly rising, the record load isn't lightening up so we can't get lazy and soak up some of those rays. From the super stars last week to exposing underground bands this week, it looks as though the rays will have to wait...XTC; Red 7; and the Del Fuegos have had major college radio exposure in the past, but as far as commercial airplay goes, now that's a whole different story! A segment that should definitely be rewritten, because all three of these bands sound as fresh and strong as the established pros. But not to leave the pros out of the chapter, David Bowie's latest 'Day In Day Out' sounds real fine. But after hearing a brief sneak peak at a few album tracks from the upcoming Bowie album, the single is mincemeat compared to the other tracks! A great comeback for the Bowie man, definitely in the 'Ziggy Stardust' fashion. I'm counting down the days until the Bowie album is in my white, pale hands...If the records keep pouring out at the rate they are, it looks as though I'll be obtaining a tan by soaking in the artificial pay-rays this year with smash newcomers like The Other Ones 'We Are What We Are' beaming in my ear."

KWHL, ANCHORAGE, AK M.D.-KEVIN VARGAS:
"I don't want to read of anyone at RCA complaining about Classic Rock stations again, now that they are recycling 'White Rabbit'. An excellent song but it's a classic. Once again we are asked to treat a classic as a current??? Seems like a slight contradiction to me...Congrats to Phil Manicki at WWCT, Peoria on the promotion--Way to go Philski. We'll tip an old style next time I'm in the area!"

WZZO, BETHLEHEM/ALLENTOWN, PA KIM DOUGLAS:
"In conjunction with our 'Thirsty Thursday' ongoing giveaways, WZZO is having a 'Beer At Cheers' party where we are sending one lucky winner and a guest to Boston via Piedmont Airlines. They will be picked up at the airport by a limousine, taken to the Cheers bar and treated to beer and the TV show on television. At the end of the night, they will be chauffeured back to a hotel to spend the night and flown back the next day...Also, the Harlem Globetrotters were recently in town and we held a slam dunk contest at half-time of their game. We lowered the basket to 8½ feet and gave some lucky WZZO listeners the chance to live out their slam dunk fantasies. The winner received a basketball autographed by the Globetrotters and a gift certificate for a local sporting goods store."

combining songs from the new album and some jamming versions of classic Allman Brothers material. It's hard not to get nostalgic, especially for those of us who have been following Gregg for over 15 years. Two lucky listeners got to be 'bad' in New York City for a weekend as winners in our 'I'm No Angel' promotion. Thanks to Dave Bouchard for his help in setting it up...Syracuse has been one ecstatic town with the S.U. Orange-men making it to the final four in New Orleans...Ditto the consensus on the new U2 album. Aside from 'With Or Without You', Simon and I have narrowed it down to 'I Still Haven't Found What I'm Looking For' and 'Bullet The Blue Sky'. The latter has a guitar riff with a striking resemblance to Ted Nugent's 'Stranglehold'. Listen for yourself before you think we've totally flipped out...Congratulations and best of luck to my friend Matt Walsh who starts at WKLS in Atlanta as Production Director."

KEZE, SPOKANE, WA ASST.P.D./M.D.-BREW

MICHAELS: "Cinderella is a band that is taking the best parts of their influences and combining them in a fresh, unique mainstream Hard Rock style. 'Somebody Save Me' has vocals reminiscent of Steve Tyler and Bon Scott and guitars that bite with the raw fury of Judas and the Boys. What sets them apart are the lyrics. Anyone who writes 'The Shit You Ate For Breakfast Will Only Give You Cancer' is alright by us. If Bruce wrote pure rock, it would sound like this. Our only problem is getting PD Gary Allen to quit playing it at 7:15 in the morning... The Whitesnake album has something for every shade of the AOR approach. 'Is This Love' is the mainstream smash. Coverdale's vocals are every bit as riveting as on 'Love Ain't No Stranger' and the reduced edge in production will make it a crossover in two if not three formats."

WAQY, SPRINGFIELD, MA M.D.-JOE MARINO:

"This Friday marks the birthday of someone I've looked up to for the last 5 years. Anyone in their 60's that wears an Iron Maiden leather jacket and travels the area so well with stories of records that are twice my age, is OK in my book. A big Happy Birthday to Marv Amols of Capitol Records...It's great to be talking about World Party again. 'All Come True' is one of AOR's choicest of cuts...Rock And Hyde's deep melodies and unique sound make them a sure pick for this week...We tried out the Newcity Rockers 'Black Dog' cover, and we got an amazing reaction to it. This could be the first successful Zeppelin cover...David Bowie is still rockin'. We already have HOT phones on 'Day In Day Out'."

WIOT, TOLEDO, OH M.D.-JIM STEEL:

"This summer FM104 will rule Toledo's riverfront with a couple of parties in the park. We're looking for some hot up and coming bands to play in front of 40,000 people--any takers? Please call and ask for Keith or myself...And finally, just how much longer do I have to wait for the Springsteen long form video?"

KLPX, TUCSON, AZ M.D.-JACK GREEN:

"First off, thanks to Sharon White and Bubba Osborne from MCA for the great Boston jackets (You know, I could make a lot of money selling these things. I've never had so many people wanting to buy my clothes!) P.S. to Sharon: We've got to do lunch more often...Thanks to Arthur Promoff from Geffen for all of your help with the Tesla and Little America shows...Thanks to Michael Brannen at Atlantic for a fabulous and fun lunch...And finally, to Epic's Joe Bravo: Maybe next time!"

WPYX, ALBANY, NY M.D.-ANDI TURCO:

"I admit I'm probably one of the few who is not a David Bowie fan, not just the early days anyway, but 'Day In Day Out' could change my mind! I'm looking forward to the entire album. Hell, I'd just love to see the tour, just to catch Frampton on guitar... Also in my new favorite department this week are XTC and The Other Ones. They both warrant your attention if you're not already playing them...Spend some time with the Frozen Ghost album. There's not one bad track on that baby...Please keep in mind that I'll be in L.A. all this week. Expect the playlist to be frozen until I get back on April 6th."

WPLR, NEW HAVEN, CT M.D.-CHRISTINA:

"Sunshine means only one thing--spring skiing! Send cassettes--we're doing our adds from the roof!...Psychedelic Furs; Jon Butcher, and The Damned are building nicely. Can't get enough of 'The Joshua Tree'--come to think of it, I don't think anyone has ever gotten burned out from too much U2."

WEGR, MEMPHIS, TN M.D.-KELLY CRUISE:

"We're four cuts deep into the new U2-- hopefully it will satisfy the flood of calls...David Bowie; The Cult; Rock And Hyde; Glass Tiger and The Other Ones were our adds this week...I listened to the Crowded House boys on 'Rockline' last night and was very surprised with the contrast between their music and their personality. Those guys are nuts!...Special thanks to PolyGram's Gregg Stevens for taking care of biz at the great Huey Lewis/Robert Cray show in Memphis last week...Also, thanks to Dave Ross of Chrysalis for the nice 'rendezvous' and good to see Warner Bros. 'Gene Dries' in town also...At long last, California here I come! Can't wait to meet everyone in person."

WKFM, FULTON/SYRACUSE, NY P.D.-STEVE BECKER:

"Hopefully by the time this comes out, S.U. Orange basketball fans will be toasting a National Championship! Other than that, just wanna say a big 'thank you' to Jimmy Mack from Kansas for the promotion in having our listeners on stage to watch the show!"

WBRU, PROVIDENCE, RI P.D.-RICK BARR:

"Pardon me while I climb up on my soap box. Right now, 'Dear God' is the only song that can hold a candle to U2 on our request chart, and I can't believe so many of you are avoiding it. Wake up! This is not an Adventure Club-only tune. Yes, it's provocative. Yes, it's controversial. Yes, it pisses some people off--So, does your Morning Show. But XTC has something that your Morning Show is missing: Intelligence. Don't let this one pass you by...While waiting for Crowded House to take the stage last week (great show--thank you, Tony C), I was impressed with the number of people singing along to 'World Shut Your Mouth'. Julian Cope's 'Trampoline' follow-up is just as strong. So in it goes."

WRCN, LONG ISLAND, NY ASST. P.D./M.D.-

A solid follow-up...I said some months back that Tesla was kicking ass and taking names on 'Cowboy', but now get ready to really smoke 'em with the next killer track 'Little Suzi'. This one separates balls from bullshit...Bryan Adams, the pyromaniac of rock, sets North America ablaze with 'Into The Fire'. Bryan's raspy, rowdy, rockin' is a statement of his best effort to date. Great depth and variety provide a big plus for us programmers from a credible established crossover artist. 'Native Son' will be a monster... WRDU, RALEIGH, NC M.D.-BOB WALTON:

"Response to The Damned 'Alone Again Or' runs the gamut from hippies who grooved to it back in '67 when Love first recorded it, to the 'me generation' who remember it from UFO, to hardcore followers who have known of The Damned for 10 years. We've got 'em older, younger, male, female--I don't know of anybody who doesn't like the record... I'm still stunned by the Patty Smyth record. It's so well done from beginning to end, both in terms of style and substance. It's a whole lot more than a four minute rock song--'Downtown Train' is the killer cut... I have this feeling that there are still radio stations who don't know how to deal with U2. They've been around for 7 years now and have certainly set the mood for the 80s and the standard for the 90s...There is no excuse not to play 'Private Revolution' from World Party. I had the same hesitations and was literally and instantly proven wrong. The positive phones came immediately, with listeners comparing it to both Todd Rundgren and Mick Jagger. This song will be, without a doubt, bigger than 'Ship Of Fools'."

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN
SMALL: "The good stuff keeps on coming for us to put on the radio. A David Bowie release is always an event and 'Day In Day Out' is no exception...I always liked the Payolas and was glad to see that musical tradition carried on with Rock And Hyde. 'Dirty Water' has a hook that pops into my mind at the oddest of

times...The Cult record is a good one to thrash out your aggressions to. The aggressiveness on 'Love Removal Machine' is part of what rock and roll is all about."

KMBY-FM, MONTEREY/SALINAS, CA ASST.P.D./M.D.-STEVE HOOVER: "Just got the Stan Bush and put 'Primitive Lover' on my adds list before it was even finished. What a rocker!...Look out, here comes the David Bowie that's been keeping us waiting for years...We get tons of calls for Whitesnake. Finally got the whole Lp and it's everything I (and our listeners) could have expected after hearing 'Still Of The Night'. (Can we call the engineers to get the monitor speakers to go louder when I play Whitesnake?)...KMBY seems to have settled into a groove as we head into the book of our life. Since Arbitron re-evaluated our metro to include Santa Cruz, we are now a medium market and will be rated continuously. By the way, is there any record for the most-number-of-songs-added-from-one-album-in-one-week? Seems like Bono and the boys are hopping on a gravy train with biscuit wheels. Can't wait to see them in this area...If you haven't already, check out the new Smithereens...Tesla continues to do well for us and we're adding 'Little Suzi'...Till next week, keep rockin'."

WRXK, FT. MYERS, FL P.D.-GREG MULL:
"Spring is in the air and a young man's fancy turns to 'Primitive Love Rites'. White boys need help with the rhythm and this song makes it impossible to lose the beat. Just drop it in the CD (yes, it is on the Columbia Sampler CD), crank it up, and stand back dudes 'cause you will move to the beat. Then, just when you think you got your blood pressure under control, the harp and guitar solos kick in and you know you just began. Instant life will be added to shopworn playlists..And that's not all. There's plenty of credible new tunes this week including The Other Ones 'We Are What We Are', and what they are is a bigger record for Virgin than the Cutting Crew. (I believe the Virgin's loosening up.)...If you're looking for another Gregg Allman track (in Florida you can't leave home without one), check out 'Can't Keep Running'...The World Party album is also too hot to put down. 'All Come True' has been my personal favorite since first listen. It will be the next emphasis track and is probably the most accessible yet...Another forgotten or often ignored album is 'Passion' by Robin Trower. Don't ignore it. 'Caroline' is a priority track for AOR. The record is still selling here from 'No Time' and the audience is demanding more...With this much great new material, CHR doesn't stand a chance for the Spring Book. Play this stuff and kick some ass!"

WBLM, LEWISTON/PORTLAND, ME M.D.-ROBIN MATHIEU:
"Concrete Blonde played a fantastic show for our St. Patty's Day bash in Portland. Thanks and best of luck to this band. I hope you catch them live in your town...Night Ranger is tearing up the phones and getting ready for heavy airplay...Little America is surprising us with good phones after just one week on-the-air...Follow the lead of the Northeast and give the Hoodoo Gurus a spin. I'm making 'Good Times' my springtime theme. It's fresh, good time rock and roll from a band due for the big break...Can't wait for the Bowie album."

WQBK, ALBANY, NY M.D.-BOB WELCH:
"It's sunny and near 70° in lovely Albany. I rolled down the windows, popped off the sun-roof and took a cruise. I found eleven on my car stereo when The Cult 'Love Removal Machine' came on. These guys have been listening to lots of Zeppelin and Stones records...Just as effective on a different scale though, is XTC's 'Dead God'. We've had nothing but positive calls on this song. This is a tune that stands out head and shoulders above everything else on-the-air. It commands attention."

"Woah, didn't think I'd come home, but how much sun, fun and buns can one woman take? (Actually, a lot, but the bosses said I'd have a job waiting for me if I got my butt back quickly, soooo...)...Gregg Allman came to town the other night and kicked ass. What a show. He was in rare form and the sellout crowd proves that his new material as well as the classic Allman Brothers stuff is much in demand. Thanks, Gregg, for a truly exciting night...Also on the bill was Island's Peter Himmelman, and I was totally in awe. What a refreshing group. By the way, the house was packed by the time Peter hit the stage and the response was very hot. For a group that's musically at the other end of Gregg's sound, the crowd was with him all the way. I loved it and I'm gonna fight to get him on the 'PDH airwaves...We're right on track with 'Railroad Steel' from the still hot Georgia Satellites. Proof that there is life after an incredible debut like 'Hands', 'Railroad' is our third dip into this LP and the momentum hasn't let up. Hey, ya know what they say, 'You can't keep good men down' and these guys have a sound that just adds special oomph everytime we spin them...My ears are hot on Wire Train's 'Ten Women', but I'd love to make it eleven...Also, I'm hoping for room to 'Dance Along The Edge' with Concrete Blonde. A great follow-up to 'True' which has become one of my all-time favorite songs...We're also looking to give the nod to the effervescent Del Fuegos, who never cease to put a smile on my face as well as their songs in my heart. So, hopefully, it won't be too 'Long' for us to get on the 'Slide'."

It's amazing how Spring brings new records out of the woodwork and promotion people with them...The sun is finally shining here, so David Sanborn's 'Summer' is the dominate in-house favorite... Our phones are lit up with Latitude; Anderson and Skok and In Pursuit. It's not the usual fare, but that's why they're listening to us...We're looking forward to competing in the Spring Arbitron. It will be our first one with our feet securely planted. This market is so competitive,

He said after the 'Let's Dance' album he had a writer's block although he was faced with the biggest success of his life from the 'Let's Dance' Lp, 'Which direction do I go?', he asked himself. 'The most commercial route that will gain even more acceptance for me, or do I stay true to my own feelings?' Needless to say, he stayed

true and released 'Tonight'--but radio turned its nose up at it. Put your nose back down and play the new Bowie. The man deserves it...We're adding more U2 tracks this week. U2 continues to gain more and more acceptance with every play. I really feel proud to have been the person to debut 'The Joshua Tree' to Maine...Also dig that new Throwing Muses Ep. SEAN COAKLEY, ARISTA (212-830-2178)

"I love spring training and the unconditional equality it affords all 28 teams. Can you imagine the reaction if the manager, responding to reporters' inquiries, predicts: 'Well, we've got a pretty fair group of players this year and, yep, I think we've got a good shot at third or fourth place.' No one accepts that attitude and no one should. I feel the same way about any rock station not playing the THOMPSON TWINS because it's 'too big a hit' for Top 40. Hey, wake up from your coma and notice that these guys are 'Eating Your Lunch' every day. This song is already working great on WMMR, KBPI, WNEW, 91X, WCCC, WNOR, WHCN and dozens of other market leaders. Please don't embarrass yourselves. This is the best album yet from a Platinum selling artist...KBC is on MTV's Spring Break Concert on Saturday, March 28 at 11 pm (E.S.T.). The tour moves up the eastern seaboard this week...I heard a new Dead song that sounds like a #1 record...Personals: If you don't have it yet, get your hands on The New Bluebloods on Alligator. A great look at the current and future state of the Blues...Chris Isaak is a great album, killer live, and if he's not on your playlist then you're probably the same person who couldn't quite hear 'Born To Run' in '75."

(213-278-1181) "Get ready for yet another veritable suckaaah from Virgin. It's GARY MOORE. You'll be receiving both the Lp 'Wild Frontier' and a remix 12" of 'Over The Hills And Far Away' (not the Led Zeppelin song). The 12" has louder vocals and less heavy instrumentation than the album version. 'Over The Hills And Far Away' is also on the 'Young Virgins' CD sampler. Punch in #16. Gary Moore has a ton of friends at radio and this record will finally give him the recognition that he deserves. He has also taken a change of direction in his overall sound. In fact, 'Over The Hills And Far Away' reminds me of a cross between (get this) Big Country meets Horselips...You'll also get the full album from THE OTHER ONES. This album has at least three hit singles in it, too. 'We Are What We Are' is building a huge buzz and is really exploding with adds all over the country... You'll also be receiving BALAAAM AND THE ANGELS' first album. They're kind of like an early U2 meets the Cult. Listen to the track 'Light Of The World'...The CUTTING CREW is selling like crazy. We're well over 200,000 already. Not bad for a band no one heard of

five weeks ago...Thank you, Album Radio, for your enthusiasm and support for Virgin Records. We're just beginning!"

SCOTT BORCHETTA, MTM (615-242-1931)

"Comments? You want comments? I'll give you comments! I've made a brilliant discovery. Not only is the T.J. Martell Bowling extravaganza going on this weekend in L.A., but for all you speed freaks like myself, the Long Beach Grand Prix is happening on Sunday, April 6. I can't think of a better way to clear out a three-day drunk than to blow my brains out at 200 plus miles per hour...To the Biz: Special thanks to Phil C. at WHMD for being an early believer in our IN PURSUIT record. The record is currently in heavy rotation and smokin'. New adds this week include KBOC, WJFX, KFMH, WPYK and KDKB. For those of you who are waiting, we are not going to go away; so give in to the cool sounds of In Pursuit!...See you at the races."

MICHAEL PRINCE & ALEX MILLER, ATCO (212-484-6400)

"EDDIE AND THE TIDE's Lp, 'Looking For Adventure', is out--while the single, 'Weak In The Presence Of Beauty', is in strong rotation across America, and making good moves upwards in the trades...The RECKLESS boys have helped explain their 'No Frills' concept in the video for 'Nitty Gritty'. 'Nitty Gritty' can be heard in great cities like San Diego, Boston, San Antonio, Tampa, New York and Wichita. The time is now to get down to the 'Nitty Gritty'...The phone lines at Z-ROCK burned last week when Joey DeMaio of MANOWAR hit the airwaves Manowar's 'Fighting The World' Lp is selling incredibly well, and after one listen you'll know why. It's a digital masterpiece...BRIGHTON ROCK's ballad, 'Can't Wait For The Night', is our next emphasis track. It's side 1, cut 4. If you need it, the 12" ships Monday, the 30th...Saint Julian has got the goods! The second track, 'Trapolene', from JULIAN COPE is 'Trapolene Me'. U2?... Since you did, thanks for reading."

MIKE CORCIONE, RELATIVITY (718-995-9200)

"Advance tape of SCRUFFY THE CAT's new Lp 'Tiny Days' should be on your desk now. If you didn't get one, call me. We've already got commitments from WBCN and WXRK. This is one hot potato. Los Lobos and the Georgia Satellites rolled into one with horseradish on top. 12" shipping April 10th with the album following April 17th. Give this tape a listen and watch for a special surprise from Scruffy in your mailbox soon."

PROGRAM PRODUCER

ED PINKA, RADIO INTERNATIONAL (212-302-1670)

"I hope EVERYBODY gets to hear ROCK OVER LONDON this week. We're proud to bring American radio the re-make of 'LET IT BE' by FERRY AID. Boy George, Mark Knopfler, Kate Bush, Mark King of Level 42 and many other English artists banded together on this record to benefit the Zeebrugge ferry victims. It's a good cause and a fine record, so play it and talk about it. Radio can make a difference."
