**ROD STEWART \* GRAHAM PARKER \* VINNIE VINCENT INVASION  
MICHAEL JACKSON \* HONEYMOON SUITE LP \* ROBIN TROWER LP  
SOUL ASYLUM \* YA YA**

#### ROD STEWART, "LOST IN YOU", WARNER BROS.

The verdict from the music-on-hold hook jury during Tuesday's FMQB phone "test" was unanimous: Rod's back and rockin'! And if it sounds great on a long distance line, wait'll it hits the air. The Power Station tune-up steers Hot Rod back in the right direction for Album Radio and should shake any remaining image residue. Wanna bet more than a few of your long-term listeners hear strains of "Every Picture Tells A Story" when David Lindley's mandolin wind comes blowing out of their box. Stewart's still got one of the best voices in Rock 'N Roll, and when he's paired with a song this strong, you can't afford to miss out.

#### GRAHAM PARKER, "START A FIRE", RCA

Graham's grown a lot since he first crawled out of the British Pub Rock scene in the mid '70s, and hasn't the format come a long way since those days too. Now more than ever, the two seem to have a lot in common. Graham's still squeezing out sparks with his usual thought-provoking commentary but this time he's wrapped them in a soulful, adult sound. With the format seeking out and breaking distinctive and intelligent originals like The Church, Midnight Oil and The Smithereens, the climate seems right for a Parker breakthrough as well. Already on WNEW!

#### VINNIE VINCENT INVASION, "ASHES TO ASHES", CHRYSALIS

Clearly, they're poised to pop. Their last album moved a quarter million units without the benefit of serious airplay and their fan club could probably qualify as a medium market at this point. So bring on the Summer with a track that sounds like the best of AOR, circa 1980—it's Queen into AC/DC into Zeppelin! And with Bone behind his first hard rock project since joining Chrysalis, this Invasion won't quit until it's V-Day! Vinnie's best cruncher since "Lick It Up".

#### MICHAEL JACKSON, "DIRTY DIANA", EPIC

Okay, so not everyone can play it, but those of you who can will reap serious come rewards. The Gloved One hasn't rocked this hard since he first beat his way on to AOR with Eddie you-know-who in '83, and admittedly a lot has changed since then. But with Steve Stevens' time-warping fretwork and "Diana's" overall Rock slant, Michael might just do it again. If the glove fits...

#### HONEYMOON SUITE, "RACING AFTER MIDNIGHT", WARNER BROS.

The 4-week read on "Love Changes Everything" couldn't look better: 26 Play Increases, a fat 145 station come with 52 Heavies and 13 Powers, Top 5 phone breakouts at 5, and a chart-busting 20-15\* Trax move. Combine this kind of radio-activity with the best album of their career, and you've got a hard rock band on the brink of the Bigtime. There are plenty of first rate backups and future singles here—start with "Lookin' Out For Number One", "Love Fever" and "Cold Look".

#### ROBIN TROWER, "TAKE WHAT YOU NEED", ATLANTIC

"Tear It Up" does just that, landing on 47 first weekers for #3 Most Added status and a debut at 55\* Trax. Programmer reaction couldn't be stronger: KGON's Inessa York, "It's an automatic for us. We've never been able to keep those Trower fans down!"; Dave Kane, WCMF "His guitar hero status seems to be as strong as ever"; Garrett Hart, WAPL "Great for 25+ demos"; Jay Baker, WFBQ "Don't miss this one"; John McCrae, KRQR "Comes all the way home" and Joe Blood, KEZO "Will solidify his comeback". If you're looking for one of those drive-off-the-road segues try "Second Time" off the Lp into "If 6 Was 9", and also get into "Love Attack".

### SOUL ASYLUM, "SOMETIME TO RETURN", A&M

There's something instantly likable about this Minneapolis quartet. Maybe it's the way they weave subtle harmonies and careening guitars with the intensity of an early Who or Ramones. Maybe it's the undeniable honesty and garage band energy they project, or that their sound can't be conveniently pigeon-holed. Soul Asylum's already got the critics and college/alternative radio in their corner and this frantic first release on A&M should give them the exposure expansion they need.

### YA YA, "WHEN THE WORLD CRIED", ATCO

If you're involved in the "Star Forever" campaign, then this Lennon tribute oughta tie in nicely. It's amazing that nearly 8 years later, many have not yet fully recovered from the Lennon tragedy. This should instantly hit home with that crowd. Musically, we hear more than a trace of Pure Prairie League in the harmonies and the juxtaposition of a bright cheerful melody against serious lyrical content produces a rather haunting effect. Timely, topical and touching.

## AUTOMATICS

Depth Trax From Established Albums

### PINK FLOYD, "DOGS OF WAR", COLUMBIA

Who wasn't blown away by the "Momentary Lapse Of Reason" indoor tour? Not to mention what a potent power tool the Floyd boys have been considering the wealth of depth on the current Lp. You can allow your audience to relive those magic moments courtesy of that nifty "A Momentary Lapse Of Reason Official Tour CD". The live version of the sobering "Dogs Of War" cooks. What with the outdoor shows commencing as you read, best keep that music mix in the Pink. Already Top 5 calls at KTXQ and KZEW, while also receiving spins at WFYV, KILO, KMJX and WIZN.

### AEROSMITH, "MAGIC TOUCH", GEFFEN

OK, so these Beantown sluggers threw just about everything at you including the killer change-up "Angel", which directed "Permanent Vacation" to the double platinum mark. Well, almost everything. Bowing at 90\* Trax, the power driving "Magic Touch" permits you to bring in the Spring season Tyler style. Playing in prime time at 22 including WKLS, WLLZ, KBPI, WAAF, KJJO, WHJY, KILO and WDIZ, with Top 5 phones at KISS and WGIR.

### JERRY HARRISON, "CHEROKEE CHIEF", WARNER BROS.

Jerry's first time around proved to be oh so sweet as "Rev It Up" raced up the Trax Chart with a fury peaking at #5, while garnering a ton of audience response—thriving on the Most Requested chart for ten weeks (4 inside the top 10). Yes, it was performance plus for this original T Head. "Cherokee Chief" is haunting and compelling on a whole other level. Where "Rev It Up" drove it right home, the "Chief" opts for a more intriguing and musically diverse route, delivering similar results. Already on board are WBRU, WPLR and WFNX.

### 3. "LOVER TO LOVER", GEFFEN

This trio's timing couldn't be any better. Considering that today's AOR is as much in sync with the classic rock sound and identity as it's ever been, 3 offers the best of two worlds. The majesty, wizardry and aura of Keith Emerson and Carl Palmer, coupled with one of rock's freshest and assured vocalists. The format obviously took advantage of a good situation by pounding "Talkin' Bout"

Top 10 Trax, and with the latest exquisite rocker, "Lover To Lover", expect this new combo to continue its drive for the gold. Hear it early on KOME, KISS, KSQY and WMJY.

## REACTION RECORDS

The Most Active New Trax as Determined by Adds, Charts and Programmer Reaction

### BRUCE HORNSBY & THE RANGE, "THE VALLEY ROAD", RCA

(166 New/166 Cume)...With "The Valley Road" posting first-week sophomore stats like that #1 Most Added finish (166 OTB including 35 in Power/63 in Heavy) and our Traxmaker debut at 8\*, it's crystal clear that Bruce is one of those rare superstar artists who commands immediate attention of the highest order. A cross section of the 65 four-star high fivers include Sky "Tried and true" Daniels, KFOG; Pam "Surpasses expectations" Edwards, KGB; John "Smash, smash, upper-end smash!" Lassman, KQRS; Garrett "Across-the-board winner!" Hart, WAPL and Jay "Hornsby is the king!" Baker, WFBQ. Pam Brooks, WPDH exclaims "Bruce has made me thankful for my ears!" and Mike Boyle, WDHA lauds "The Bruce Hornsby is just what we expected it to be—another masterpiece!"

### ERIC CLAPTON, "AFTER MIDNIGHT", POLYGRAM

(133 New/133 Cume)...WDVE's Anthony Alfonsi contends, "The Michelob version of Clapton's 'After Midnight' gives us the rare opportunity to play something old and something new at the same time." With 133 reporters in agreement (immediate Power rotation at WNEW, KXRX, WNOR, KFOG, KSHE, WLLZ and 26 more; 42 Heavy including WMMR, KOME, KZEW, WLVQ, WHCN, KISS and WEBN), EC dents the Trax chart at 16\*, as the box set lands parallel at 16\* Album Action. WNEW, WEBN, KQRS and WRX already log Top 5 calls, Radio Action overflows with high praise for the package as a whole, and WRDU's Bob Walton aptly nutshells it, "If you're narrowing down to two or three tracks, you're doing your audience and yourself a gross disservice. Play it all!! Not only is it made for AOR, it made AOR!!"

### BRIAN SETZER, "WHEN THE SKY COMES TUMBLIN' DOWN", EMI-MANHATTAN

(42 New/44 Cume)...Touching down at #4 Most Added with 42 first week mentions (KLOL, KRQR, KRXQ, WNEW, KYYS, KXRX, WDVE, KILO), "When The Sky Comes Tumblin' Down" impacts the Hot Trax chart at 64\*. Take it away Greg "Brian can do no wrong!" Mull, WRXK; Jack "Great new direction" Green, KLPX; "Catfish" "Wonderful pop melody embraced with rock guitars" Phil, WHMD; John "Kick ass rocker!" Amberg, WKRR and Ted "Solid future hit!" McEnroe, WBRU. KTXQ's Redbeard calls it, "More focused than his previous effort" and KRQR's John McCrae punctuates, "What a riff!"

### JOAN JETT & THE BLACKHEARTS, "I HATE MYSELF FOR LOVING YOU", BLACKHEART/CBS ASSOC.

(39 New/39 Cume)...We direct your attention to the programmer welcome wagon for immediate examination of the scores of praise. John McCrae, KRQR "Mandatory for any real rocker!"; Patty Martin, KSJO "The audience should love it!"; Joe Marino, WAQY "Shows maturity, growth and a rockin' style"; Chris Emry, WIYY "The best she's sounded in years!"; Christina, WPLR "This is a hit!"; Jim Steel, WIOT "Look out—could be an anthem." Now gander at the OTB numbers: #5 Most Added with 39 new (WNEW, WLLZ, WDRE, KRQR, KTXQ, KJJO, WHCN, WIYY, WFYV, KGB, KISS, WPLR) for a debut at 73\* Trax, with Top 5 calls at WNEW and WWZU. Like WHEB's Scott Laudani sez, "Joan is back!!"

## POISON, "NOTHIN' BUT A GOOD TIME", ENIGMA/CAPITOL

(30 New/65 Cume)...Nothin' but more smokin' stats across-the-board for Poison. Combining 30 new commitments (KUPD, WCCC, KQRS, WFBQ, WQFM, WNOR, WRXK, WAAF, WEZX, WIOT) with increases at eight, "Nothin' But A Good Time" grabs #1 Trax Gainer honors, 67-46\*, while 17 Top 5 phone citings (WHJY, WKDF, KJJO, WYNF, WHCN) power it to our highest Most Requested Trax debut at #7. ## JOHN COUGAR MELLENCAMP, "ROOTY TOOT TOOT", MERCURY

(21 New/32 Cume)...When it comes to an artist like John Mellencamp and an album like "The Lonesome Jubilee," can there possibly be such a thing as going too deep? We think not, and so does the format. His new emphasis cut "Rooty Toot Toot" hits the bricks at 70\* Trax as 21 are new (#8 Most Added paced by WMMR, WNEW, WEBN, WKDF, KFOG, KMPC, WFBQ, WKLS and KILO). Of 32 already spinning, WZZO and WZXL are up, 16 are in Max/Heavy.

## ZIGGY MARLEY, "TOMORROW PEOPLE", VIRGIN

(20 New/49 Cume)...Like a freshly rolled spliff, "Tomorrow People" is on fire, mon! First the figures: New at 20, including WKLS, KGON, KISW, WHCN, KATT, WRXK, WDIZ, WOUR, WWWV and KTYD; already on 49 (increased at WMJY, WWZU and WROV, Power/Heavy at 10); Top 5 calls at WRXK, WRX, WEQX and WHTG; elevating 72-62\* (#5 Gainer); impacting Album Action at 46\*. Now the reaction. Greg Mull, WRXK "This is the hippest record to come out in quite a while and you're missing the boat if you're not on it now!"

## HENRY LEE SUMMER, "DARLIN' DANIELLE DON'T", CBS ASSOCIATED

(17 New/44 Cume)...WPDH's Pam Brooks steps up, "Henry Lee Summer is on the edge of greatness. He is a charismatic personality who leaps off the vinyl. If he comes anywhere near your town, rush to the show and you too will be caught up by his honest, unaffected, damn-glad-to-be-having-this-much-fun attitude!" New play activity sure remains at a fever pitch as a #10 Most Added 17 new (KGON, WKLS, KISW, WHCN, KATT, WWWV, WKQQ, WDIZ) check in, pushing "Darlin' Danielle Don't" 74-54\* Trax (#2 Gainer). Now on 44 with increased play at six.

## JOHN KILZER, "RED BLUE JEANS", GEFLEN

(16 New/42 Cume)...Last week's #1 Buzzband is one of this report's top shelf Reaction Records as 16 new give John Kilzer a shot headlined by KBPI, WHJY, WLUP, KUPD, WKLS, KTXQ, WCMF, WHEB and KMOD. With an early cume already at 42 (increased air at KILO and WGIR, Top 5 calls at KDKB and WDVE), "Red Blue Jeans" boogies 84-74\* Trax for #5 Gainer honors. And how 'bout that checklist, which shows a whopping 40 considering/21 close.

## AC/DC, "THAT'S THE WAY I WANNA ROCK 'N ROLL", ATLANTIC

(15 New/65 Cume)...WIYY, WQFM, WNEW, WRIF, WPHD, WAAF, KBAT, KBER, KFMX, KQWB, WKLT, WRQK, WXL, WHEB and WJXQ go deeper into the "Blow Up Your Video" Lp with a fresh dose of "That's The Way I Wanna Rock N' Roll." Factor in 65 currently spinning (up at KMJX and KISS, where Top 5 calls are the haps) and the track rolls 56-49\* while the Lp lifts 35-34\*.

## JON ANDERSON, "HOLD ON TO LOVE", COLUMBIA

(15 New/47 Cume)...WGIR's Karen Andersen Small sez, "One spin of 'Hold On To Love' was enough to make sure that this one wound up on the air where it belongs!" Right now, Jon's lead track is on the air at 47 of our reporters, including newcomers DC101, KZEW, WCCC, CHOM, CHEZ, KMOD, WMJY, WWWV, WRCN, WHTF, WTPA, WGIR, WDIZ, KWIC and WOUR. ## SCORPIONS, "SAVAGE AMUSEMENT", MERCURY

Album Radio's treatment of the Scorps new Lp can best be described as depth, depth and more depth, with seven cuts garnering OTB exposure beyond the chart stomping lead track. While "Rhythm Of Love" grabs six new (WQFM, KNAC, WSHE) and increases at 27 more, it rumbles 16-12\* Trax while 55 Top 5 phone citings keep it at #3 Most Requested. Leading the back-up derby is "Believe In Love" (new at 12 including KISS, KAZY, KLOL, KOME, KUPD, KOZZ, KILO), while "Don't Stop At The Top" grabs 10, "Passion Rules The Game" bags six and "Media Overkill" flies on five. # BUZZBANDS

The Most Talked About New/Developing Artists

## THEN JERICO, "LET HER FALL", MCA

Copping #1 Buzzband honors this report is Then Jerico, grabbing 13 newcomers including WDVE, KMPC, KMOD, 91X, KPOI, KTYD and WROV, the cume now blossoms to 33 (WRIF, WEZX, WZZO, KICT, WTPA, WIMZ), while the track jolts 97-85\*, our #4 Trax Gainer. These numbers become even more impressive given the "heavy release" context of the week. Don't let this one slip by you; take this advice from KGON's Inessa York, "With Then Jerico I got caught up in that name trap that almost prevented me from hearing what is really a cool song!" WTPA's Chris James relates, "Alternative meets Heavy Metal--great sound!"

## JOANNA DEAN, "KISS THIS", POLYDOR

Curt Cartier, KEZE puckers up "Joanna Dean is fantastic; I love it to death! Sassy, brash, raw, thumbing her nose to you if you don't like it. Kind of the way another gal approached life, I think her name was Janis!" Yes, the lovely lady Joanna is causing quite the rise among programmers, but just imagine what she'll do to your audience! Just ask KWLN's Robert Harder, "We've got Top 5 phones for Joanna Dean. A lot of requests are coming from guys who apparently want to 'Kiss This!!'" Or WDHA's Mike Boyle, "Joanna Dean is Top 5 phones! If you don't believe me, 'Kiss This!!'" WLLZ, KMPC, WIXV, WTPA, KMJX and WHEB are amidst the 10 new, swelling the cume to 27 and creating that 92\* Trax appearance. Reaction plus!

## 10,000 MANIACS, "LIKE THE WEATHER", ELEKTRA

Sit back, WHCN's Kim Alexander has a story she'd like to relate, "My newest love is the 10,000 Maniacs! I listened to them way back when it was released and wasn't impressed. But when the record wouldn't go away, I went back to it and it hit me. Pow! Right in the kisser!" Ain't it the truth. DC101, WRIF, KWIC, KMPC, WOUR, WRXK and four more fall for the Maniacs, widening the cume to a weighty 61, triggering 50-45\* and 43-41\* Hot Trax and Album Action movement respectively. WNEW, KBCO, KLLO, WKLS, WBAB, WPLR, WZZO, KLBj and WCCC are among the already rotating. DC101's Curt Gary closes, "There's an undeniable buzz on 10,000 Maniacs. We're just now starting to feel the success of this artist!"

## JOHN BRANNEN, "PRIMITIVE EMOTION", APACHE

JB's first tenure as a top shelf Buzzband artist culminated with #1 status, as "Desolation Angel" then proceeded to scale

the Trax Chart and hit Top 20 paydirt. It's obvious that the follow-up is off to a similar start. KJJO, KMPC, WLZR, WAQX, WKLC, KJOT and KACV support "Primitive Emotion" OTB, as WAQX's Lorraine Rapp raps, "John Brannen is an artist we feel has the goods, especially after seeing his live show in Syracuse. Check out the cover of the CD single, it's pretty cute!" Now, Lorraine! Tune into the JB Double Shot, it'll be well worth it.

## LIVING COLOUR, "MIDDLE MAN", EPIC

Second-week activity finds Living Colour drawing in heavy KLOS along with WFYV, KEZE, WTCS and WJXQ where Bill Webster gets personal, "My personal crusade--great song!" Now that most of you have sampled "Middle Man", we'd like to share your enthusiasm. Alan White, KILO "Up-and-coming smoker!"; Patty Martin, KSJO "Strong debut!"; Christina, WPLR "Sounds great on the radio!"; Inessa York, KGON "No denying the great guitar!" and Chris James, WTPA "Step onto the cutting edge of rock!" Now on 14 including WNEW, WCMF, KJJO, WLLZ and WRQK.

## SHONA LAING, "SOVIET SNOW", TVT

This intriguing New Zealander has already topped the charts in her native land, and is quickly attaining success throughout Europe. Working with the likes of Manfred Mann and Cliff Richard, Shona is certainly no stranger to rock and roll. Critically acclaimed as a "female Peter Gabriel", Shona displays a unique and appealing musical style. "Soviet Snow" emphasizes Laing's socio-political awareness and features the paradox of her distinct vocal fashion, gentle yet fiery. Off and running at the Adventure Club with WDRE, WXXP, KACV, WHTF and WZEW already lending air. Listen up.

## THE MISSION U.K., "TOWER OF STRENGTH", MERCURY

Also refusing to allow the product glut shuffle to get in its way are the fightin' Mission UKers. Heavyweights WNEW, KTXQ, KBCO, KISS, WWCK and KWHL turn to "Tower", stretching the now playing column to 47 (WRIF, KLLO, KRXQ, KATT, KMOD, WEZX, WIMZ, WDHA, KQDS, KEZE). The track muscles ahead 59-57\* Hot Trax. Take this tip from WCMF's Dave Kane, "I really like the trance-like effect on 'Tower Of Strength'. John Paul Jones' influence can clearly be heard, and this one could be a slow builder." But for now it's a hot Buzzband!

## JAMES REYNE, "FALL OF ROME", CAPITOL

Now you know we don't like to preach to ya, but we do think you're underserving one of the first quarter's more impressive debuts. With the dust settling just a bit, it's time to re-audition this potent rocker and follow your instincts. KBPI, KQWB, KTYD, KBAT and WHMH "Fall For Rome" extending the cume to 40 including KYYS, WIMZ, WTPA, KJJO, WLLZ, WPLR, WCCC, WHCN, KSQY, KMOD and WHTF. The track climbs 80-77\* Hot Trax.

## PAT McLAUGHLIN, "NO PROBLEM", CAPITOL

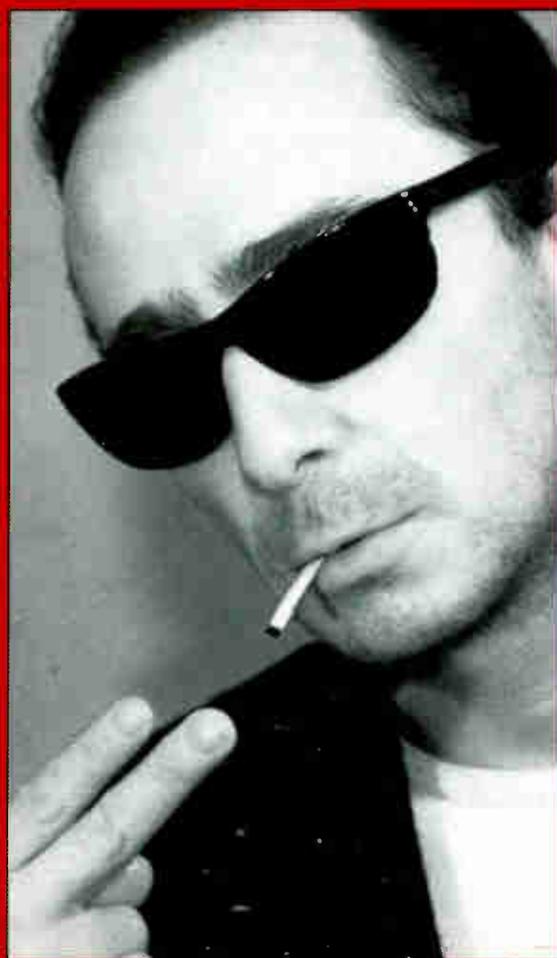

The format's slowly but surely warming up to Pat's new emphasis cut as KPEZ, WAQY, KATT and WROV join a rather auspicious group of call letters paced by WLUP, WKDF, WRIF, KFOG, KBCO, WDIZ, KISS, KMOD, WDHA and WMAD. The start-up cume now stands at 30, as "No Problem" lunges 90-84\* Trax. With a massive 39 reporters considering, Pat's mainstream offering should spread quite quickly.

## ROBERT TEPPER, "THE UNFORGIVEN", SCOTTI BROS./EPIC

For our weekly Tepper report we tap KLPX's Jack Green where "The Unforgiven" is pulling Top 5 phones, "Robert Tepper continues to do well. We may be living with his Lp for quite awhile!" RT's entry in the up and coming category continues to show solid progress each week as the early cume now stands at 18 including KYYS, WRIF, KLAQ, WKLS, WFYV, WPLR, KQWB, KWIC, KZOQ and KRZQ. Don't let this viable rocker slip through the cracks.

## **BODEANS, "PICK UP THE PIECES", REPRIZE**

That 58-56\* Hot Trax improvement was generated by new

commitments at WMAD, KRNA and WRUF while KGRG, WGIR, WPDH, WKRR and WMJY increased this week. "Pick Up The Pieces" is already in Power/Heavy at KSHE, KBCO, WHEB, WPLR and 4 more.

## **WAX TO WATCH!**

### **"WEIRD" AL YANKOVIC, "EVEN WORSE", ROCK N' ROLL RECORDS/EPIC**

The Weird one's back and in rare form. We guess it takes a mega hit by the gloved one to serve as the ultimate creative catalyst behind this wonderfully warped mind. "Fat", Al's version of MJ's "Bad", is a riot, and the video is a must see (just tune in Al-TV anytime). You can rock out with "Stuck In A Closet With Vanna White" and another must for mornings is Al's ethnic interpretation of the smash hit single "La Bamba" which in Al-speak translates to "Lasagna". At least somebody still has a sense of humor!

### **THE CROSS, "SHOVE IT", VIRGIN**

It's almost time to dust off Alice Cooper's "School's Out" and get it ready for active duty and we feel that anyone after lower demos will want to check out this '88 variation on that theme. The Queen sampling is guaranteed to turn more than a few ears and, who knows, this could be a future #1 with the Boones Farm crowd.

### **STEVE GAINES, "IT'S ALRIGHT", MCA**

Yes, it's that "It's Alright", you know, the Curtis Mayfield gem. And, yes, it's that Steve Gaines, former Skynyrd guitarist that was involved in the unfortunate fatal accident. But producer John (Styx) Ryan permits the musicianship and talent of Steve Gaines to live through a collection of songs soon to be released on the MCA label. We're told the influences range from Elvin Bishop to the Allman Brothers, and obviously a little Motown as evidenced by "It's Alright". A strong soulful and upbeat rendition sure to attract adult rockers.

### **THE ZARKONS, "HEART FULL OF SOUL", ATLANTIC**

This classic tune is given a contemporary twist from Los Angeles' Zarkons. Lead vocalist Randy Stodola and bassist Diane Chen were both former members of The Alleycats who had previous success playing on the soundtrack and appearing in the film "Urgh - A Music War". On "Heart Full Of Soul", The Zarkons display their knack for crisp pop with texture. Sultry horns, layered harmonies and deep production add flavor to this timeless tune. Give this full flavored tune a spin.

## METAL MONSTERS

### VINNIE VINCENT INVASION, "ASHES TO ASHES/LP MEDLEY", CHRYSALIS

No sophomore jinx here gang! Just 5 minutes of pure unadulterated pleasure...Vinnie and his Invasion are back in a big way with a powerful, melodic, Zeppelin-esque rocker. Vocalist Mark Slaughter bangs out rich full harmonies while Vinnie wails his way through note after scorching note and producer/bassist Dana Strum brings out the best with a bolder, broader sound behind the board. The "Lp Medley" is just a tease of what's to come, and as they say "All systems are go!" They've outgrown the glam and opted for a more rock n' roll image and the result is flawless! An easy call.

### ROBIN TROWER, "TAKE WHAT YOU NEED", ATLANTIC

The lead 12 inch "Tear It Up" kicked some butt this week at Rock Radio debuting at 55\* Hot Trax with a #3 Most Added finish. His name sake alone should get him played with you guys, but the album's deep enough to satisfy just about everyone. We think "I Want You Home", "Shattered" and "Second Time" are the standouts for HR/HM stations. His best since "Long Misty Days". It's your move.

### ONLY CHILD, "I BELIEVE IN YOU", RHINO/RAMPAGE

Singer/songwriter/guitarist Paul Sabu is no stranger to rock & roll with his resume reading from a self titled Lp to an A&R guy to a producer (Little America). Only Child is Paul's latest baby and quite frankly we're glad he gave it birth. Already rocking the ranks at KJJO, WHMH, WRCN and others, "I Believe In You" draws from a variety of influences, namely Hagar, but stands on it's own as well. Yes, it rocks, but the melodic characteristics make it an easy crossover. Give it a shot.

### SODOM, "PERSECUTION MANIA", SPV/STEAMHAMMER

Ready to get Sodomized? Then open the package from the Schnappela and let 'er rip. Already causing a commotion at retail (23-17\* Concrete Best Sellers, 2\* Concrete Independent Sellers) this very heavy, crunchy and quite well produced piece should be auditioning on your turntable as we speak! With good Catholic names like Tom Angel Ripper, Chris Witchhunter and Frank Blackfire, these German rockers are poised and ready to take on the world. The cuts: "Persecution Mania", "Nuclear Winner" and the cover of Motorhead's "Iron Fist". Oh, by the way don't forget the Sodom Ep enclosed in the same package, "Exposure Of Sodomy". They both smokel

### SATAN, "INTO THE FUTURE", SPV/STEAMHAMMER

As they say, Ga-mora the merrier...Before you write these guys off as devil-worshipping demons from hell, you best listen first. Satan is actually melodic, traditional, British sounding heavy metal that's quite good. Lead singer Michael Jackson (don't even think about it) belts with the best of them, and we were psyched to hear those strong harmonies, as well as some first rate music, all put together by veteran producer Roy Rowland. Out-of-the-box go with "Key To Oblivion" and "Hear Evil, See Evil, Speak Evil". One question? Is that war paint or do you guys have day jobs at the local mine.

**CONCRETE FOUNDATIONS:** IRON MAIDEN's "Seventh Son..." is killing retail as it moves to 1\*. GUNS N' ROSES are right behind with their relentless touring paying off. Highest debut this week is from the SCORPIONS at 7\* with "Savage Amusement". JOE SATRIANI 's Lp is the Block Buster, being the highest chart mover from 15-6\*! - ANDY INGKA-VET-Concrete Marketing.

## STUFF YOU SHOULD KNOW...

\*It's almost witching hour for the METAL DETECTOR CD SAMPLER!! The Spring '88 CD METAL MONSTERS will be mailing in next week's sheet! Among those included in the star studded lineup are new tracks from QUEENSRYCHE, GUNS N' ROSES, WITNESS, FLOTSAM & JETSAM, VINNIE VINCENT, L.A. GUNS, DIRTY LOOKS, NUCLEAR ASSAULT, KILLER DWARFS, FATES WARNING, CHRIS IMPELLITTERI, SOUL ASYLUM, FIFTH ANGEL, PROPHET, STONE, ZODIAC MINDWARP and THE BLOODY STOOLS (with the METAL DETECTORS!). We know, we're heavy, we're in a band! Look for it next week!!!

\*THE METAL DETECTOR's would like to thank Pete Angelus, Paul Childs, Ed Anderson and DIAMOND DAVE himself for the red carpet treatment this past week at the DAVID LEE ROTH/POISON show at Philly's Spectrum. From the opening moments of "Bottom Line" through "Knucklebones" to the Van Halen classics "On Fire", "Jump", "Panama" and "Ain't Talkin' 'Bout Love", Dave had the crowd eating out of his hand, especially when he air surfed! If you haven't seen this spectacle yet, do yourself a favor. Once again, STEVE VAI must be seen to be believed. His fingers move faster than the spokes on your bike. So, if you can, get to see this show.

\*METALLICA update: As we told you before the new METALLICA album will be titled "Injustice For All" and will have a running time of over 60 minutes. It will be mixed by the new metal mixing stars Mike Thompson and Steve Barbiero.

\*A new movie soundtrack called "The Decline Of A Western Civilization-Part 2-The Metal Years" is due for release soon. The record will contain new cuts from ARMORED SAINT, MOTORHEAD, MEGADETH, QUEENSRYCHE, EXODUS and METAL CHURCH. Also included will be a cover of "Born To Be Wild" by LIZZY BORDEN, a GUNS N' ROSES/ALICE COOPER collaboration of "Under My Wheels" and a live version of "Bathroom Wall" by FASTER PUSSYCAT. The album is due out on Capitol records.

\*The new QUEENSRYCHE album "Operation: Mindcrime" is due out at the beginning of May. The Lp is a heavy concept record and contains 14 songs running over 60 minutes (don't all of Cliff's bands run over 60 minutes?). Watch this space next week for a interview with lead singer Geoff Tate.

\*Real nice to hear from Kelly Hansen of HURRICANE, who are hitting the road with MSG in support of their new album "Over The Edge", produced by Mike (GUNS N' ROSES) Clink and Bob Ezrin. Kelly told the METAL DETECTORS how Ezrin got involved with the Lp: "Bob was doing the new PINK FLOYD album, we knew someone who was also working on the album. We gave him the tape, he gave it to Bob, who really liked our music. His input has really brought out the creativity in all of us". With the tour under way as you read this, the video for "I'm Onto You" is in the can and will be on MTV in about a week. We asked Kelly about their song writing process..."We all write and because of our various influences we get a unique sound, not one dimensional. We've grown as writers since the last album and we want our songs to be the focus of the band, not the hair or the looks". Kelly says he can't wait to get back to Philly and have a cheesesteak! Hey dude, we're buying.

\*Our good buds ROUGH HOUSE (formerly known as TEEZE) are gearing up for their debut with Columbia records this summer. ROUGH HOUSE are managed by Champion Entertainment and Max Norman has produced their album which is currently being mixed at the Carriage House in Connecticut. According to guitarist Gregg Malack "The record grabs your ear from the first track to the last one and doesn't let you go. Max Norman is super intelligent! He let us be ourselves because he knew that we'd be living with this album for a long time".

\*PAGAN BABIES, the heavy hitting 5 piece hard core band from Philly is the first signing for the newly established hard core label HAWKER records. Their debut Lp is titled "Next" and is due out on June 6th. For more info call John Bello at RoadRacer.

## HOT WAX

### T-BONE BURNETT, "THE WILD TRUTH", COLUMBIA

T-Bone Burnett is the thinking man's rock star. His delivery is emotionally and lyrically vulnerable. This remixed version of "The Wild Truth" is airier, more spacious and more gracious in its rendering. Note the success of "The Killer Moon" and jump on the impressive and memorable "Wild Truth".

### DMINYLS, "TEMPERMENTAL", CHRYSALIS

Christina's gritty voice has always intrigued you right? So dig into the Lp. With "Back To The Wall" enjoying airplay, read on...The title cut is a blustery rocker while "Hey Little Boy" is a bit poppier. "Fighting" is an uptempo rocker instilled with a groove you can't deny. Check it out.

### BILLY BRAGG, "LIVE AND DUBIOUS", ELEKTRA

If ever an emotional performance could truly be captured live on disc, it would have to be from Billy Bragg. This live Ep captures his passion for his music and for his convictions. Bragg, a political performer reminds Americans of their political freedoms on "Help Save The Youth Of America". Bragg carries his band on this back, a guitar and himself. He's an honest and modest performer and one that deserves to be heard.

### LEGAL WEAPON, "JUST LIKE A ROSE", MCA

Legal Weapon, the L.A. sensation have previously relied on their self-released Eps and Lps to perpetuate their regional following. Last seen on the "Dudes" soundtrack, Legal Weapon now introduce their first MCA album "Life Sentence To Love". The band follows vocalist Kat Arthur's bluesy lead. Their hard edged rock displays all the passion and anger of youths weaned on punk but retains a mellow edge to keep it accessible. "Just Like A Rose" is bound to capture the attention of many an astute programmer.

### THE JESUS AND MARY CHAIN, "SIDEWALKING", SIRE/WB

Retaining the raunch, while obtaining a more accessible manner, The Jesus And Mary Chain introduce their latest. Aside from the 12", "Sidewalking" will be found on the forthcoming Lp "Barbed Wire Kisses", a compilation of import B-sides.

### GRAHAM PARKER, "START A FIRE", RCA

Cosmopolitan + Smooth + Cool + Suave = Graham Parker's "Start A Fire". Who else but the King of Cool could create such a happening tune. It's subtle but it hits hard and when it does, this little groover won't leave you alone. Coming soon... "The Mona Lisa's Sister".

### VELVET ELVIS, "VELVET ELVIS", ENIGMA

This North Carolina band captured the attention of veteran producer Mitch Easter who begged on to do their debut release. Stylistically, they fall somewhere between Game Theory and X, grabbing the eclectic vision of the former and the vibrant raw energy and lustful harmonies of the latter. Choice cuts include the 'eastern' tinged "Over And Out", the country inspired "I Got Everything" and the smooth "Privilege".

### THE WOODENTOPS, "YOU MAKE ME FEEL", COLUMBIA

So you think you've heard every embellishment and nuance on "Wooden Foot Cops On The Highway"? Wait, there's more! Jump on "You Make Me Feel" and listen again. The smooth delivery matched with the gentle almost rolling rhythm creates a graceful, memorable tune. Check out the eerie "Late Night Mix". Also included on the UK 12" is a "Motor Mix" of "Stop This Car" complete with a valley girl rap. You can never get too much of a good thing.

### APB, "WHEN I FEEL THIS WAY", LINK

APB tunes have always been staples in clubland. Known for their uptempo, easily danceable grooves, tunes like "Shoot You Down" and "Palace Filled With Love" have created quite a buzz and earned cult status for this Scottish band. With the release of "When I Feel This Way" and a tour booked for this summer, APB should rise above their cult appeal. "When I Feel" retains a funk factor through their trademarked hard edged bass while remaining accessible to the masses through a smooth delivery and a memorable hook. Call Link (212) 334-9556.

### THE PIXIES, "SURFER ROSA", ROUGH TRADE

Surfer Rosa finds the Pixies' new material more assertive than their more dreamlike effort "Come On Pilgrims". Hair trigger rhythms recall influences from the Violent Femmes and Iggy Pop. Frantic guitars and frenetic arrangements display emotional rock with an edge. Black Francis' scraping vocals mesh with the smooth delivery of Mrs. John Murphy and add

texture and a softer balance to their often noncohesive material. Hear the influence of The Fall on "Broken Face" and check out the memorable "Break My Body".

### THIN WHITE ROPE, "IN THE SPANISH CAVE", FRONTIER

Thin White Rope dove into an open armed audience of Alternative rockers with their release of "Moonhead". "Spanish Cove", their third album is sure to garner more interest and many more fans. Guy Kyser's scratchy vocals add texture to the smooth rock dealt by jangly guitars and steady percussion. Check out the swing influence on "Mr. Limpet" and the eerie "Timing". Contact Frontier at (818) 506-6886.

### SALEM 66, "NATURAL DISASTERS, NATIONAL TREASURES", HOMESTEAD

Long on the music scene, Salem 66 have influenced bands and created new fans wherever they tour. This new release finds their fresh, textured rock more uptempo and less gloomy than previous efforts. "Lucky Penny" highlights Judy Grunwald and Beth Kaplan's smooth harmonizing. Fresh memorable pop perfect for Springtime.

## THE BEARS

**Amy:** Are you enjoying the tour?

**Adrian Below:** The audiences have been terrific. In fact it's kind of scary, they don't let us go away.

**Amy:** "Rise And Shine" is creating quite a buzz not

only on the Alternative scene but also on the AOR front.

**Adrian:** This time there's much more focus on one song, "Aches And Pains" which we've even done a video for. The

making of the video was very arduous, long and exhausting. We made it in L.A. with a 12 or 15 man crew so it was very professional. The director of photography has done McDonalds commercials and he was amazing. He concentrated so much you couldn't even talk to him.

**Amy:** Looking at the photos on your albums and previous caricatures I'm expecting wacky things from your video.

**Adrian:** I think it will be kind of wacky, we did a lot of crazy stuff. There were a lot of very interesting looking shots. I looked through the camera and I'm going to try and learn how to make videos. I'm not David Byrne yet but it does interest me. It looked to me to be a lot of fun.

**Amy:** Have you brought any influences of past working experiences to The Bears?

**Adrian:** I'm not sure, I suppose so. I learned things from every one of my experiences. It certainly isn't a conscious effort. I feel what I put into The Bears music is myself. I'm sure there's a little bit of King Crimson in there somewhere because it was such a long enduring experience and really modified to a certain degree the way that I play. King Crimson was responsible more than anything for me delving into odd rhythmic time signatures although I learned that with Frank Zappa. I didn't really put it into effect until King Crimson. I don't know what I got out of the Talking Heads, not much I don't think. I was really a side man for them. I just played my thing. In King Crimson I was a full fledged part of the band and responsible for a great deal of the writing.

**Amy:** Do you have fond memories of those times?

**Adrian:** I have mixed memories of both those times. I had some problems with Chris and Tina over the Tom Tom Club so that tainted my memories of the Talking Heads but mostly I remember really having a lot of fun on tour with them. With King Crimson, I got much closer to those people and so my memories go a little deeper. It was obviously very difficult to work with Robert. He's a bit tyrannical and at the same time I really love him, he's a great guy. Tony and Bill were some of my very favorite people and monster musicians to work

with. It was a very difficult experience not just fun like The Bears, but at the same time a terrific experience. The band made some very adventurous music. For now The Bears is forever for me. There isn't another band I want to be in. I want to see this band really grow and go on for another decade. I do have a new solo album that's halfway finished. After The Bears tour I'll go back into the studio and finish this record, hopefully it'll come out in the Fall.

**Amy:** How did The Raisins become The Bears?

**Chris Ardusa:** The Raisins were a bar band in the '70s. Adrian and myself were playing in bar bands independently of each other. Eventually, we got on the same kind of circuit playing down south and through the midwest. It came to our attention that we were managed by the same guy and this guy said we should check each other out. We were playing in Nashville, where Adrian lives and he came to see us and he liked us and we liked him. We got along famously in fact. Soon after that he joined Frank Zappa and the rest is history. We kept in touch with him and he produced The Raisins album in 1983 and as he was going to produce the second Raisins Lp, the band was on the verge of breaking up, so they did. Adrian and Rob decided to start a band.

**Amy:** How did you come up with the name The Bears?

**Chris:** Rob and Adrian were searching for a generic title that would kind of mean nothing until the music was grafted on to it. So when you hear the name it doesn't conjure up anything other than what the band sounds like. What does The Beatles mean? Nothing really, it's quite a silly name, but when you hear the band you go 'oh that sounds like The Beatles'. The first stab at a name was The Tigers but there already was a band called The Tigers.

**Amy:** Do you feel there is a big change between the first album and this album?

**Chris:** Yes, I like it better, I think it sounds better. We had been touring for a long time when we recorded it and I think the band was tighter and more together.

**Amy:** You're on tour now. Where are you headed?

**Chris:** Cleveland, Toledo up to Canada and then we're going to do the East Coast.

**MARK BENSON, WIOT:** "There's nothing more enjoyable to find than a stack of new CDs and Lps on your desk Monday morning. Don't overlook Spyro Gyra's Dave Samuels 'Living Colors'. Definitely a change of pace. Can't peel my ears away from the new David Benoit. This one will even do better than his last...A note to record reps: If any of your New Horizons artists will be playing in the Toledo area, as well as Detroit or Cleveland, please let me know. We'd love to tie into your show promotionally."

gorgeous. 'The Grand Parade' appears to be distinguishing itself as the lead track. On one hand regal, while at the same time incredibly playful. 'My Wife With Champagne Shoulders' and 'The Gracious Core' also are receiving considerable interest, both at Adult Alternative Stations and on the jazz circuit. Two, go back and check out 'The Last Emperor' score. There's a lot going on here and the recent Oscar this original score received should cause you to revisit this atmospheric Lp. One last pixmission, for all you AOR shows out there. There are 8 to 10 Venture releases I've scheduled to ship to you in the near future. If you've got a weekly forum for jazz and ambient music, get in touch. I'd love to turn you on."

**LYNDA KADY-WUELFING, AUDION, PASSPORT JAZZ, (201-753-6100):** "We're all so excited that 'Into The Night' by Exchange has cracked the New Horizons Top 10! We really appreciate the wonderful help we've had from so many savvy programmers. So now we've got our fingers crossed, hoping that we may be able to take this record all the way. The credit will be all yours out there...The buzz on the Rippingtons' 'Kilimanjaro' continues to build and we're even getting requests for records from club DJs! If you haven't given this an intensive listen to, please do it soon...You should also go back and check out Local Color, a collaboration between jazz guitar great Steve Khan and Rob Mounsey. Khan needs no introduction, but you might be interested to know that he's been working along with Larry Fast on the new Joe Sample record. Mounsey is best known as a producer/arranger. He collaborated on the score to Michael J. Fox's 'Bright Lights, Big City', produced the last three Michael Franks albums and has arranged for Madonna. We suggest the track 'Gondolas'. Interest is also picking up in Arco Iris and publications like Jazziz have had wonderful things to say about this exotic blend of world musics, electronics and masterful playing."

## NEWS YOU CAN USE

**ANY OF TODAY'S** female folk-based singer songwriters spotlighted in this genre can trace roots back to JONI MITCHELL. From ELIZA GILKYSON to JANE SIBERRY to SUZANNE VEGA, Mitchell's influence comes through. The Album "Chalk Mark In A Rain Storm", on Geffen Records, is Mitchell's return to the scene she has inspired. Of course, "Snakes And Ladders" is the first single and pairs Mitchell up

with DON HENLEY, but that just scratches the surface of the many talented artists who appear on the album. Through the ten tracks, such people as PETER GABRIEL, WILLIE NELSON, BENJAMIN ORR, TOM PETTY, WAYNE SHORTER, MANU KATCHE, Prince's proteges WENDY MELVOIN and LISA COLEMAN and even BILLY IDOL and STEVE STEVENS all contribute to this wonderful collection of songs. From "Snakes And Ladders" proceed to "The Tea Leaf Prophecy (Lay Down Your Arms)," "My Secret Place" or "Lakota". The album was the second most added last week (behind Shadowfax), listen and find out why.

**AMERICAN GRAMAPHONE RECORDS** is much like Paul Masson Wines. They sell no record before its time. To that end, it usually makes for exquisite musical craftsmanship albeit at a rather slow release rate. This year's first release from that company will be from guitarist RON COOLEY who has already recorded two albums for the label. "The Ancient And The Infant" will be out in the next few weeks. American Gramophone's Dick Musil has been really pleased with the support given to "Classical Gas" and promises another MANNHEIM STEAMROLLER release later in the year, "Christmas II". You can also look for new material from the jazz-based group CHECKFIELD.

**YOU MAY REMEMBER** a recent mention of MAX LASSER'S ARK'S "Earthwalk" CD. Well, the latest news is that Lasser and company have been signed to CBS and June will see "Earthwalk" be their debut release for the label. It features Lasser on guitar and other VOLLENWEIDER alums in the band. Expect a tour to begin in the fall.

**HAVING BEEN CALLED** "the world's hardest-rocking chamber music quartet," BIRDSONGS OF THE MESOZOIC presents an adventurous selection of instrumental music on a compilation release entitled "Sonic Geology". The CD only release is available now on Tykodisc and contains a full 70+ minutes of wonderful music comprised of electric guitars, electronic synths, effects, tapes and acoustic pianos, horns, and saxes. The group was formed out of the ashes of the band MISSION OF BURMA and the CD itself is comprised of material from three releases as well as two previously unreleased tracks. It's not jazz, it's not heavy metal, it's new but it ain't new age. Hardly the type of music to fall asleep to, this isn't wallpaper music made to be ignored. Check out "Ptoccata", "The Orange Ocean", or "Theme From Rocky & Bullwinkle". Call it punk new age, call it hard rock classical, call it acid minimalism but play it and your listeners will be calling for more. And they will be playing live in the near future too!

JOACHIM KUHN may be a familiar name from the work he contributed to both Private Music piano samplers. Sadly for Private, Kuhn has moved on to another label. Kuhn's latest release is out on the Atlantic Jazz label and is called "Situations". He continues in the tradition set on the Private Music samplers by playing acoustic piano solos much in the tradition of George Winston but with a more jazz feel, less pastoral and a little darker.

## AN INTERVIEW WITH PRIVATE MUSIC ARTIST JAMES NEWTON HOWARD

James Newton Howard

James Newton Howard began in music as a classically trained pianist. From there he moved on to do a great deal of work with Elton John during the mid seventies on and off all the way through to the latest live album. Outside of that, Howard had logged time in the studio with just about everyone in

keyboards: player, arranger, orchestrator, conductor and producer roles. His latest project being production work on Randy Newman's forthcoming album. He's also done a great deal of soundtrack work, the latest of which was released on Private Music and is called The Promised Land.

**What made you change your direction from a classical background to a more pop direction?**

I took a break from music for a while, which is something that, as I look back on now, seems rather astonishing because I can't imagine my life without music. I took a two year hiatus, at the end of the '60s. I was just sort of disillusioned along with a lot of other kids my age. I really had no idea what I was going to do. A friend of mine suggested that I go and try out for this band that was holding auditions for keyboard players and actually had a recording contract. We did a couple albums, it was a horrific experience, out of that I ended up doing a solo record, which was a very bizarre record. I was really counter anything that had any commercial validity whatsoever. I hated anything that was played that you could remember a melody from. So I proceeded to make what has been described as the ugliest album in recorded history as my first solo album. It was all instrumental with such memorable titles as "Ducks", "Margaret, I'm Home", and "Six Bees". Anyway it was a learning experience and I had a good time.

**What types of artists influenced you early on?**

Well, my earliest influences obviously were classical musicians. In fact, the more I listen to classical music now, the more I realize how much of an influence it had on me. I'd say my earlier classical influences were probably Beethoven, Chopin, Brahms, Bach. Later, Prokofiev, Stravinsky and then as I got into pop, certainly the Beatles, Jimi Hendrix; every English rock and roll band in the world because I think English rock and roll is the greatest. Keith Emerson, for me at the time, embodied everything that a keyboard player ought to do. I remember I was a big Doors fanatic. I was sort of a late bloomer when it came to rock and roll. I was so entrenched

in classical music for so many years that I didn't really start listening to pop until the mid to late '60s. I heard it, it was around, but I didn't really get into it. I guess the Beatles were really the turning point for me.

**How does soundtrack work differ from normal composition from your point of view?**

For me, the objective in writing for a soundtrack is to respond as emotionally as possible. I just react emotionally and try and translate, get the music to express whatever emotion it is that I'm feeling at that time. You're responding to somebody else's vision of the world and you're saying, I would accompany this vision with this music; whereas when you're writing for yourself and only for yourself, it's your own vision. The music is there to serve the film and it has to be and it always will be. I think there are infinitely more alternatives when a composer is working just for himself and not in response to a film.

**How did your work for "The Promised Land" compare to your other soundtrack experiences?**

None of them are easy. I would say this one was not as problematical as some because I was in real good communication with the director. We both really spoke the same language from the beginning. What that did was it really set a direction for me in terms of the aesthetic that this man wanted to achieve and what he wanted the music to do. Some films have been very difficult because my vision of what should be there and the director's have clashed. It can be very difficult for a non-musician, i.e. a director, to express what it is that he does want or doesn't like about what you've given him.

**Prior to this and your other soundtrack work you worked extensively with a piano/keyboard legend, Elton John. How did that come about?**

Well, I was auditioning at ABC/Dunhill for a solo record. I was peddling "The Ugly Album", we'll call it (as opposed to "The White Album".) It was very difficult to get a deal for an esoteric instrumental record. One of the staff producers there was a guy named Gary Katz, who produced Steely Dan. And he and I hit it off real well. He said, listen I think this stuff's great but the president of the company is going to miss it by a boat. If I can ever do anything in the future, let me know, there's just nothing I can do about it. A couple of years later, Elton decided to add a synthesist to his band. His agent called Gary Katz and Gary said "well there's this kid that I listened to a couple of years ago, he played great, you might want to give him a call". I did get a call, I went up and met Elton for a half an hour and he hired me.

**And on his most recent effort you conducted The Melbourne Symphony Orchestra.**

Right, I did the orchestration and conducted the orchestra. I'm a composer conductor which is not a schooled conductor. I'm a stick waver, or, as somebody once described another conductor I read about, a 'vulgar podium pounder'. That was my first live conducting experience and it requires that you be a much better conductor because you can't go back and do takes again if you blow it. Your cues have to be concise and clear. It's very different and intimidating, but ultimately very exciting, it was great.

# DIRT ALERT!

## WHO'S RUNNING THE SHOW AT 'RIF? MD/ACTING PD MCGREGOR SPLITS

And then there were none. Bruce McGregor has resigned as MD/Acting PD at WRIF, Detroit, effective Friday (22). McGregor's resignation comes just two weeks after PD Pat Still received his pink slip from The Riff. "I opened my mail at home the other day" McGregor said, tongue planted firmly in cheek, "and imagine my surprise when I found my PGA tour card." Talk to you soon on the first tee, in yet another area code." Look for KYYS, Kansas City PD Scott Jameson to continue calling the shots at 'RIF until a PD is hired. What names are the Dirtmongers hearing for the job? It'd be easier for us to tell you which names aren't being mentioned.

## GROSSMAN BIDS ADIEU TO THE 'ZEW

The other Big League resignation comes from The Big D, where KZEW PD David Grossman bid adieu to The Zoc on Monday (18), citing philosophical differences in the execution of the format. "(GM) Bill (Knobler) and I felt differently," G-Man told Dr Dirt. "He felt the format should be executed one way and I felt it should be executed a different way. It comes down to the fine points of programming." Grossman's resignation comes eight months after joining The Zoo following programming runs at WRXL, Richmond and WCCC, Hartford. He tells us he'll announce future plans in the next couple of weeks. KZEW, which has had more than its share of PD turnover lately, has named APD/MD Jimmy "The Saint" Christopher Acting PD. He told FMQB, "Since I've been a topnotch programmer for six years, I guess I can do a pretty good job of acting the part." The Saint's thrown his hat in the ring for the permanent position.

## GREENBERG SPLITS FOR CBS?

Effective June 1, recently appointed Atco Prez Jerry Greenberg will no longer head the label. There are strong rumors in the air at DIRT!! Headquarters that have Jerry starting up a label through CBS, housed out of the West Coast. Does this mean that Greenberg staffers Dave Urso and Michael Prince will follow their leader? Stay tuned for more details...

## I GUESS THAT'S WHY THEY CALL THEM THE O'S

Okay, so we couldn't resist taking one good-natured shot at those poor, hapless birds of misfortune, The Faltimore Oreos, uh...we mean Baltimore, well...you know. At press time our sportsline connection has informed us that the streak rolls on at 15 and counting...that's losses for anyone who doesn't watch Sports Center. It's a major league record for most consecutive losses to start a season. The Orioles' plight has much of the country laughing at their expense. But in true radio fashion, two local Album Rockers have mobilized their entire coverage areas in support of their winless baseball team—a veritable Best Bits meets bad baseball, if you will. Those two somebodies are WIYY, Baltimore morning mouth Bob Rivers and WWTR's wake-up team of Vince Edwards and Mike Filippelli.

At press time, Rivers has been on the air since 5:30 AM, Tuesday (4/19), vowing not to come off until the team won a game. Seems about 12 'IYY staffers, all of whom are big time Orioles fans, were on hand for the Birds game against Cleveland the night of Saturday, 4/16. During the game, MD Chris Emry turned to Rivers and jokingly suggested that he stay on the air until the Orioles posted their first W. "I turned and noticed everybody laughing except Rivers," 'IYY Promo Director Tom Meyers told us. "What can I say," a surprisingly chipper-sounding Rivers told FMQB. "You know what it's like when you go on the air and you stick your neck out—you don't have much of a choice. I didn't really think this could happen. But uh...I'm...uh.....doing okay. Thanks for the support. I've gotta run now I'm afraid. I'll call you sometime when I'm coherent."

Response to River's radiothon has been tremendous. He's appeared on Good Morning America and NBC Nightly News, not to mention the tons of other national and local media coverage. The station has been inundated with flowers, food and calls, among them about 50 radio stations from Honolulu to Canada. A rental center sent him a bed and a limo service promised a ride home in style when the whole thing was over. All over the city store marquees say "Turn on your lights for Bob Rivers and the Orioles" and most of Baltimore's motorists have done just that. A big rally is being planned at the airport when the team gets back from its road trip to show that the city stands behind them despite their adventure in ineptitude.

Across the state in Ocean City, a similar situation was unfolding. Throughout the Orioles' losing streak, Vince Edwards and partner Mike Filippelli bantered back and forth across the WWTR morning airwaves about whether or not the team would set the record. Mike, a die-hard O's fans said not. Vince, a native of Nebraska said, yes, they would indeed. At the suggestion of a listener, the two decided to make a wager on the matter, with the loser having to crawl 96 blocks to a local mall on his hands and knees. Upon arriving at the mall, the loser would then sit in a kiddie pool filled with chocolate for three hours while listeners covered him in their favorite ice cream sundae garnishes. Well, you know what happened, Mike lost. Again, the situation has received tons of local coverage and created a massive buzz among residents. The phones haven't stopped ringing from people wanting to know when it all will take place and a local limo service has offered to drive Vince the length of Mike's crawl so that he can ride comfortably behind and gloat! He's planning to do just that.

## WINTER '88 ARBs

### NEW YORK

CALLS	FORMAT	SPR/87	SUM/87	FALL/87	WIN/88
WNEW-FM	AOR	3.5	4.0	3.3	3.5
WXRK	AOR	3.3	3.7	2.8	3.5

Surprise, surprise! Mark Chernoff's WNEW-FM and Pat Evans' WXRK are tied 12+ for the first time ever, as K-Rock posts a dramatic .7 increase. No doubt a big chunk of that came courtesy of the controversial but lovable Howard Stern, who gained 5.2 - 6.1 12+. Plus K-Rock spent big bucks on outdoor and contesting, compared to a relatively naked 'NEW. 'NEW is up in all dayparts - including a 3.6 - 4.0 leap in afternoon drive - and beats K-Rock in every daypart after 10AM. But the big story in the Big Apple is Hot 103 (WGHT) which lunged 3.7 - 4.6 in the CHR zone.

## LOS ANGELES

CALLS	FORMAT	SPR/87	SUM/87	FALL/87	WIN/88
KLOS	AOR	2.9	3.0	3.8	3.6
KROQ	AOR	4.1	4.3	3.7	3.4

KTWV	NA	2.5	2.7	2.3	2.4
KNX-FM	SOFT RK	3.0	2.8	1.3	1.9
KNAC	AOR	1.4	.9	1.1	1.1
KMPC-FM	AOR	--	--	.7	.5

It rained on the Rockers Parade in El Lay, with every AOR except KNX-FM either down or flat. Overall, the market's AOR share is down 1.3 to a 13.5 due to big TSL losses. Charlie West's KLOS remains out front, despite their first down book in over a year; Rick Carroll's KROQ dropped to its lowest mark in the past year yet registered their best 18-49 book in station history. Leaning more Rock, less AC, Andy Beaubien's KNX-FM added .6, while Tom Yates' KLSX lost .6. Tom Marshall's KNAC is still good for their perennial 1 share, while new entry Sam Bellamy's KMPC-FM shows a disappointing .5. There seems to be a black hole in the 4-share range with no L.A. stations scoring anywhere between a 3.9 and a 5.3.

## CHICAGO

CALLS	FORMAT	SPR/87	SUM/87	FALL/87	WIN/88
WLUP-FM	AOR	3.7	3.6	4.5	4.1

WXRT	AOR	2.7	2.4	2.5	2.2
WNUA	NA	--	1.2	1.8	1.5

Greg Solk's Loop FM still dominates Windy City AOR, with Tim Kelly's WCKG down over a share from last summer and Norm Winer's WXRT off slightly. The Loop AM notched their third consecutive up book since signing on last spring. Hey, how can you miss when you sandwich Kevin Matthews between Brandmeier and Steve & Garry? Next.

KOME	AOR	1.7	1.5	1.1	1.5
KSJO	AOR	.9	1.0	.8	1.3

Dave Logan's KFOG and Chris Miller's KRQR continue their leap frog race, with The Rocker rolling ahead by .3. More interestingly, the two have carved out distinctly different market positions, with KFOG way out front in Adults 25-54 (KFOG - 3.5; KRQR - 1.8) while The Rocker shows big progress 12-24, and adds nearly two-and-a-half shares at night '12+! In South Bay signals new KSJO shock jock Perry Stone doubles the station's morning drive share (.7 - 1.4) as both KSJO and KOME score impressive growth in the S.F. book. Steve Feinstein's KKSF is off 2.7 - 2.4 12+ but finishes 2nd place Adults 25-54 at night, and first in that demo on weekends.

Ted Utz's mighty WMMR led the market 12+ for their 12th consecutive book as the station celebrates its 20th year as an AOR. But 'MMR's victory was by only .1 over easy listening WEAZ, and 'MMR hasn't had an up book since summer '86. Overall, Andy Bloom's WYSP turned in a flat performance, although Howard Stern continues to grow, trending 4.8 - 5.8-7.2 12+ compared to John DeBella's 10.1 -9.2 - 8.5 showing. ## TELLER RESIGNS AS CBS RECORDS PREZ

Al Teller has resigned as CBS Records Division President. CBS Records "regretfully" made the announcement on Tuesday (19) following weeks of rumors and speculation. CBS Records President/CEO Walter Yetnikoff said that "while Al Teller ran CBS Records Division, they achieved the highest sales and profits in the company's history. His contribution was enormous and will be sorely missed."

Teller, who first joined CBS in '69 said his "past seven-and-a-half years at CBS have been gratifying" and that he is "looking forward to exploring new challenges and opportunities which have been made available." In his 11 years with the company Teller has held positions as Assistant to the President, Director Marketing/Development, VP Operations, and Snr VP/GM of the Columbia label.

CBS is expected to name Champion Entertainment's Tommy Mottola as Teller's replacement next week.

## WMMR SET TO CELEBRATE 20 YEARS OF ROCK AND ROLL IN PHILLY

They've been rockin' and rollin' non-stop in the City Of Brotherly Love for the past two decades and to commemorate their 20th

year as The Home Of Rock And Roll, WMMR, Philadelphia will throw itself and its listeners a 20th Anniversary celebration at the Spectrum on Wednesday night, April 27.

The bash will feature live music, national comedians, Philadelphia sports figures and local personalities, and will run from 8:00 PM through midnight. All proceeds from the sale of merchandise and anniversary programs, as well as money raised from a five-day charity radiothon will benefit S.C.A.N. (Stop Child Abuse Now), a Philly-based non-profit organization specializing in the treatment and prevention of child abuse and neglect.

Fifteen thousand free tickets for the event will be given away throughout the area at special ticket raids each day leading up to the date of the celebration. The first 500 people who show up at the announced ticket raid locations will be given one pair of tickets each.

Joining the current 'MMR personalities will be 'MMR alumni, Mark Goodman, former MTV VJ, and WNEW-FM, New York morning man Dave Herman, who was the station's first jock to air the rock and roll program the "Marconi Experiment" 20 years ago. Glen Burtnick and his band will serve as the house band, with scheduled guest appearances by Greg Allman, Hooters, Steve Howe, Paul Carrack, Roger Glover, Southside Johnny, Tommy Conwell, John Eddie, and Robert Hazzard.

## KGON ADDS POLLACK, OM; WQFM MORNINGS OPEN; PIOMBINO JOINS THE BUZZARD; DEVINE BAILS FROM BUFFALO'S BEAR

KGON, Portland OM/PD/morning personality Iris Harrison will relinquish her OM title May 1, when the station adds a separate OM to the programming/operations dept. Iris will

continue as PD/morning personality. As she puts it, "After a year of 12- and 14-hour days, I decided it was probably time to concentrate on the morning show which is the anchor of a rock n' roll radio station, and my 3 and 1/2 year old darling little boy who, on the weekends, thought it was abnormal that mom wasn't going to work!" KGON GM Dan Hern and Ackerly Group PD Rick Scott have narrowed the selection down to a few candidates and are not accepting resumes. Meanwhile KGON, who are currently battling classic rock, soft rock and Z Rock, has signed up with The Pollack Media Group for consulting services.

After just six months in morning drive, John Millinder exits WQFM, Milwaukee. "One of the great things about this job is sitting in a meeting and turning to my right and seeing Kid Leo. That's special".

## ARISTA ELEVATES IENNER TO EXEC VP/GM; DICKINSON CROSSES TO EMI

Arista Sr. VP/Marketing and Promo, Don Ienner has been promoted to Executive VP/GM. In his new position, Ienner will have supervisory responsibility for promotion, sales, artist development, publicity, production and creative services, and will be instrumental in helping to shape the overall executive and creative direction of the label.

Ienner, who joined Arista in 1983 as VP/Promo before earning his Senior stripes, commented, "You can talk about individual accomplishments, about #1 records, about the artists we've broken, but I feel that what the last five years have really been about is the redevelopment of a major record company and the creation of what is probably the best overall team in the industry. We are absolutely prepared to enter the '90s with the roster and the staff who will set the pace for the next decade."

In news out of the EMI-Manhattan camp, former Chrysalis Sr. Director/A&R, East Coast, Bruce Dickinson, has joined as Director/A&R, based in New York. ## MASON, HAYES POINT KQPT IN NEW AC DIRECTION

Sacramento has finally gotten the point. KQPT, 100.5 - The Quality Point, as they're calling it. Helmed by OM Alan Mason and Asst PD Kate Hayes, KQPT is the latest station to sign on using a hybrid format of contemporary music styles. With a mix consisting of about 45% contemporary jazz (instrumentals and vocals), 35% alternative AOR product and 20% "hip pop", The Point targets 25-54, with an emphasis on 28-42. Hayes, who last programmed progressive KKCY, San Francisco calls it "a lifestyle station that changes through the day. We use everything that the new adult contemporary says they do, but we feel we're more of what traditional AORs were all about." For a reference point (no pun intended), try KINK, Portland about two years ago or KKSF, San Francisco today. Core artists include Steely Dan, George Benson, Kenny G, The Kane Gang and China Crises. Other artists that turned up in a sample hour included Bruce Hornsby, Double, Earl Klugh, Dire Straits, Michael Franks, Stanley Clarke, James Taylor, Jonathon Butler and BS&T. Hayes does mornings and ex-KRXQ PD Ron Garrett is doing overnights. You'll find The Point at 3110 Fulton Ave, Sacramento, CA 95821. 916-635-1005. Record service is needed.

## ROCK AND ROLL CLASSIFIEDS

WZEW, Mobile MD/PM driver and resident lunatic Kerry Gray and legendary overnight personality Uncle Tim have taken over as hosts at the local cable outlet music trivia show 'Bay Music Television'. "It's great! They give us an hour to be just as gonzo as we can on live television," said Kerry. Uncle Tim just asked, "How in God's name does Linda Ellerbee put up with these hideously bright lights?" The show features live local bands, and will be most happy to use any video clips of new or vintage music on a 3/4 inch format. "We'll put it on the air, we'll plug the act, the label, the rep, your fat cousin Regina, anything you want except money of course," they said as the pair left the station to have their chest hair moussed.

### RADIO ACTION

WCOZ, BOSTON, MA. MD-KATE INGRAM: Opening Monday's FMQB was one of the most emotional rushes I've had in a long time. So many people talking about great new music. It's a definite trend—the acceptance rate of new music as opposed to how it was say, a year ago. Sure, record companies did a lot in signing the new acts, and radio has done an increasing job in supporting them, now isn't this an amazing phenomenon!! The question is—what will it do to radio programming and ratings?? Seems like the trend is such that the stations that make the right music judgments will win. My bet is that the public is ready to be educated!

WLRS, LOUISVILLE, KY. MD-DRAKE HALL: Eric Clapton live at Budokan...The Nips go wild over coke!!!

WMET, CHICAGO, IL MD-DAVE BENSON: We're celebrating our first anniversary as a rock and roll station in Chicago. We'd like to take the time to say thank you to all radio and record industry people who helped put the show on the road. We're gearing up for what promises to be an intense summer of rock and roll radio in Chicago and we do appreciate all your help. Our current lineup: Scott McConnell 6-10am, Patty Haze 10a-3p, PD Bob Coburn 3p-6p, Mr. Bill Evans 6-10p. Bob Stroud is our production ace and Bob and I do weekends. Bruce Holberg is our GM.

KISS, SAN ANTONIO, TX. MD-JOE ANTHONY: I really hope that other Program and Music Directors continue to give Def Leppard strong airplay. It was #1 played here again this week and sales are already very heavy with a lot of in-store play generating big numbers. It's also #1 requested too, at a time when there are so many albums out by major artists.

WLUP, CHICAGO, IL MD-SKY DANIELS: Record Of The Week: Pete Townshend "Let My Love Open The Door". What can you say about Pete Townshend? How wonderfully passionate, alive and committed to music he is. I always

tended to treat his earlier solo effort "Who Came First" as a religious album. This too evokes that depth of human experience. To be frank, it's one of the most emotional pieces of rock and roll music I've heard in years!

KBPI, DENVER, CO. MD-PHIL STRIDER: KBPI rocks the surgeon's choice! We discovered this week that there is a medical center in the area that pipes us into the operating room. The surgeons listen to it because they want to stay awake and alert, but don't want their ears to hurt while operating. One of the major Denver papers did an article on this—so we've now changed the format to appendix oriented rock!! We're flattered that they do that, but somehow I can't imagine going under the knife to the strains of Van Halen!!

WPDH, POUGHKEEPSIE, NY. MD-RON NENNI: Why doesn't the audience sound Japanese at the end of "Cocaine" on the new Eric Clapton album??...Here's the current jock lineup: 5-10am Ken Gonyea, 10-3pm Mike Harris, 3-7pm Ron Rizzi, 7-mid Ron Nenni. Our weekenders and part-timers include Stu Shantz, Brian Krysz, and Pat Principarde.

WDVE, PITTSBURGH, PA. PD-DAVE LANGE: The "Urban Cowboy" soundtrack will probably be the most fascinating album this spring. The content is unquestionable. The questionable parts are: 1) Is John Travolta too associated with disco to shed the image?; 2) Does he dance in the film?; 3) Has America burned out on him? That's it.

KPAS, EL PASO, TX. MD-GAYLE MILLER: Lobbyist Of The Week: WPLJ's Carol Miller and all those Jersey folks working to make "Born To Run" the state song. I would love to go to a high school graduation ceremony 20 years from now and be able to hear the kids singing the gospel according to Bruce! Amen.

WRXL, RICHMOND, VA. MD-DAVID BERNSTEIN: The question in Richmond is, can sniffing bumper stickers get you high? We received a letter from an administrator at the Henrico County School Board claiming that his elementary school students were sniffing XL-102 bumper stickers and getting high! We stared at the letter in almost disbelief. Then on second thought, we tried 'em. We sent the letter to the company that prints the bumper stickers. The company responded by saying, "It is physically impossible to get high by sniffing the bumper stickers". On my morning show we used the bumper sticker story as a news item. The phones didn't stop ringing. The questions ranged from "Is this story for real?" to "How do I get my hands on those little devils?!".

### RECORD ACTION

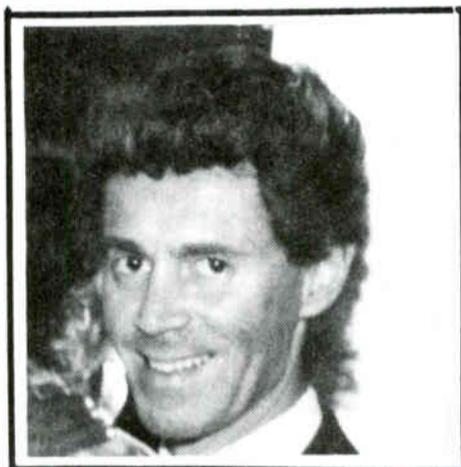

JOHN SCHOENBERGER, RADIO RECORDS: I'll buy a lot of excuses as to why radio won't add a record, but "because of the book" is one that I simply don't understand. If you would play an artist or a song any other time, why not during a book too? Isn't that when radio's supposed to sound its most representative? Good, fresh, new music is exciting all year round.

MARKO BABINEAU, A&M: I would like to introduce myself to everyone since it's my first week in Record Action, but there are not enough words in the English vocabulary to describe this character. If you're interested, please call me.

# UP CLOSE!

## UP CLOSE! WITH RAY TUSKEN VP ROCK PROMOTION/CAPITOL RECORDS

### TRACE YOUR CAREER PATH.

**1961-1965:** Became immersed in R&B, Blues and Jazz. Led R&B band with high hopes until troubles abroad and a disappearing deferment required a change of plans. A few years and much listening later ...

**1970-1975:** Self-relocated in L.A.,

obsessed with getting into the record industry. Joined Capitol as a salesman, moved to WEA as a salesman, went back to Capitol as local promo rep, covered just about every retailer, wholesaler and radio station, of any format, in the market. Brought into the Tower by Bruce Wendell and Al Coury.

**1976-1983:** "AOR", that now-maligned term, was a baby concept that found its first record company home at Capitol; there was a wave, and I was allowed to catch it. With Bruce and Steve Meyer, enjoyed a strong and stable period, filled with good soldiers and memorable campaigns.

**1983-1986:** "A&R", that pinnacle of aspiration, achieved. As an A&R guy, I was a great product manager. I actually learned a lot, got into metal, met some great folks, loved the studio if not the road, but missed the team and the opportunity to lead. (The true life of a shark, unless it's Marko, is a solitary one.)

**1986-1988:** You can't go home again. I knew this going back to the Promo hot-seat, and replaced "AOR" with the music-oriented "Rock" in my title. And it wasn't the same. Losing three years meant starting over. Company changes brought other challenges. John Fagot gave me rebirth; bless him for giving me Mr. Big. I'm where I always wanted to be, teaching and learning, and breaking acts.

### WHO WERE THE MOST INFLUENTIAL PEOPLE IN YOUR CAREER?

At Capitol: Fred Sepanlou (got me in), Jim Mazza (several times), Bruce Wendell (also several times) and Al Coury, John Carter and Bobby Colomby, Don Zimmermann, David Berman and John Fagot. (Don Grierson and Walter Lee got stuck with me, but also stuck it out with good humor.) Media prognosticators Mike Harrison and Lee Abrams caught my attention and defined the wave. Many artists, managers and producers have shared music, dreams and hard but wonderful work. Right now, my street smarts are getting a tune-up from Ritch Bloom, my partner.

### WHAT ARE YOUR TOP "DESERT ISLAND" LPs OF ALL TIME?

Everyone in my room the last night at the B/A/D/E Conference knows it starts with "Kind Of Blue" by Miles. The last song I want to hear, though, is "Don't Fear The Reaper" (I'm not kidding). In between exile and death, I'll need a lot of jazz and its rock descendants (including both Burrell and

Beck, "Song For My Father" and "Rikki Don't Lose That Number"), plus the voices of Marvin, Otis and James. But because I'd refuse to go without my wife, our mutual favorites from Pink Floyd to Sade, Zeppelin and ZZ Top, would be there. Don't forget Claus Ogerman's "Gate Of Dreams", and where the hell is that CD anyway, WB?

### WHAT'S YOUR ULTIMATE ROCK AND ROLL FANTASY?

You've heard it a thousand times before: To be able to play real guitar as well as I do the air model, and to do it on stage with a great hard rock band. I mean, its gotta be physical, this is a fantasy, right?

### WHAT ARE YOUR FAVORITE LEISURE TIME ACTIVITIES?

Cocooning with my bride, watching and taping great old movies. Going to great restaurants, particularly French ones, which is a rare treat these days and not to imply an invitation except to Nick's, Roscoe's or Cassell's.

### WHAT WAS THE LAST BOOK YOU READ?

Halliwell's Hundred (again). Book reviews, movie reviews and restaurant reviews are getting ahead of books and movies, if not restaurants.

### IF YOU WEREN'T IN THIS BUSINESS, WHAT DO YOU THINK YOU'D BE DOING?

Trained for: Teaching History. Preferred: Movie-making. If I had it to do over again: Real Estate first, then music.

### WHAT'S HOT AND WHAT'S NOT?

A Jacuzzi and champagne. What was the question?

### WHAT'S YOUR BIGGEST GRIPE WITH THE "OTHER SIDE"?

I don't like the status quo, but I believe in acyclic evolution: Society changes, music becomes important or merely fun, but music is the constant; get into it or get into Insurance.

### WITH AOR PLAYLISTS TIGHTENING AND THE PROLIFERATION OF CLASSIC ROCK, WHAT ALTERNATIVE FORMS OF PROMOTION/MARKETING DO YOU FORESEE IN THE '90s?

Fragmentation requires a flexible response, and you've always got to stay loose and in touch with reality. Those of us with experience have got to get back to the streets, listen and, above all, stay excitable. I love the new tools of our information age. Portable phones and CD players, computers and fax machines; networking is going to get very interesting.

### IF YOU COULD ASSEMBLE THE ULTIMATE SUPERGROUP, WHAT MUSICIANS WOULD YOU USE AND WHY?

Not restricting ourselves to the living, it happened: The aforementioned "Kind Of Blue" features Miles with Coltrane, Cannonball, Bill Evans and a great rhythm section. I'd like to see that album played live by those guys, and I feel the same about "Abbey Road." I love great players, and there's a lot of them in present tense, but it's got to work live to be rock and roll and I was never good in Chemistry. Synergy is the key, not type-casting.

### WHAT ARE THE HOTTEST SOUNDING STATIONS YOU'VE HEARD IN THE PAST 12 MONTHS (ALL FORMATS) AND WHY?

Why does everyone always mention 'BCN first? It's still the ideal: evolved and mature, yet fresh and exciting. They've got the great air staff, balanced and seasoned, that's essential to great radio. I want to listen more to Steve Feinstein's station, and I'm looking forward to hearing WRXK, WEZX, WLZR and KJJO soon. Redbeard is a great jock, and it's also fun to hear JJ on the air at KMPC-FM—these guys know their music.

## JOHN LENNON...A STAR FOREVER

Over 100 stations worldwide have launched a campaign to try to get a star for John Lennon on the Hollywood Walk of Fame. Many stations are doing write-in campaigns, urging listeners to send postcards in to the Walk Of Fame Committee by May 20th to show their support, as well as other promotions to coincide with the cause.

The Pollack Media Group has encouraged all its stations to get involved with the campaign and here's what a few of the Pollack client stations are doing to promote

it: **WKFM**, Syracuse is working with a local record store, who is providing the station with the entire John Lennon library on CD for on-air mentions. In turn, the station will randomly pick from the postcards they've received and that listener will win the collection; **WGIR**, Manchester, in addition to its write-in campaign, is holding petition signing parties in conjunction with their daily remotes from specific locations. At the remotes listeners will receive a "John Lennon...A Star Forever" T-shirt; **KNX-FM**, Los Angeles is giving away 1,000 T-shirts to listeners and are also devoting an entire "Brunch With The Beatles" to John Lennon and the campaign.

**KGB** is also a co-sponsor of the international write-in campaign. The station is encouraging all of its listeners to send in postcards with their names and addresses in support of the "John Lennon... A Star Forever" campaign. All the postcards will be forwarded to Hollywood where they will be presented to the Hollywood Chamber of Commerce along with all the other correspondence.

Nominees are considered by the Walk of Fame Committee on an individual basis and nomination does not automatically mean approval for a star on the Walk of Fame. John Lennon's name is currently under consideration by the committee and the purpose of the campaign is to generate written support for his candidacy.

## WHAT A TAXING EXPERIENCE

### KGB DUNKS THE I.R.S.

"dunkees". The agents dressed in business attire from the waist up and swimsuits from the waist down. They set up the dunk tank in a parking lot adjacent to a centralized post office and the station invited listeners to come down and get their frustrations out by dunking tax agents. A fee of \$1.01 was charged for three chances to "dunk the I.R.S." and the proceeds went to a local charity.

**KGB**, San Diego tried to make April 15th, Tax Day, a little less "taxing" by holding a "Dunk the I.R.S." promotion. They rented a "dunk tank" from a local amusement distributor and got their local I.R.S. office to provide them with 12 I.R.S. agents to be the

## WGTR'S TAX INVASION

Every couple of months **WGTR**, Miami sends their morning show, Herman & McBean, to "invade" a listener's home. The station asks listeners to send in a

letter telling them why they should invade their home and the best letter wins their own "Home Invasion". However, if listeners are going to enter this contest they had best be prepared for the results! Herman & McBean literally invade people's homes by arriving at 5:00 in the morning, without warning, complete with bullhorns and the station's 30 foot rock and roll monkey mascot to park on the front lawn. They stay for the entire length of their show, walk through the house, go through the drawers, just generally disrupting anything they can.

On April 15th, Herman & McBean did a special "Home Invasion". They were sent to "invade" a listener's home to help them with their taxes live on the air. Fortunately, for the listener's sake, a CPA was also on hand to make sure their facts and figures were correct.

## WWCK JOINS THE PROCRASTINATION CLUB

Knowing that people would probably wait until the last minute to mail their taxes, **WWCK** in Flint, Michigan, awarded procrastination

awards to those frantically running to the main post office between 10PM and Midnight on April 15th. The station gave out awards that had room for each individual to insert their own name for personalization.

## WHCN FACES HARTFORD

**106 WHCN** recently held a contest to give one of their listeners a shot at fame — their face on a giant billboard overlooking Interstate 84 in downtown Hartford. To win listeners had to identify a montage of songs with the word "face" in them. Pictured here is the billboard with the winner's face on it in between caricatures of 'HCN morning personalities Picozzi and the Horn. The winner's face was on the billboard for a month, and he also won \$1,006 in cash.

GEFFEN presents  
**MUSIC**  
**News**

**ROCK**  
**REPORT**

YOU LUCKY DOGS HOLDING DUCATS FOR ATLANTIC RECORDS 40TH ANNIVERSARY BASH are in for quite a day. The current line-up of guests includes: MICK JAGGER, KEITH RICHARDS, ROGER DALTREY, PETE TOWNSHEND, PHIL COLLINS, ROBERT PLANT, MICHAEL HUTCHENCE and ANDREW

FARRIS of INXS fame, YES, BEN E. KING and the BEE GEES. Naturally, the speculation of possible reunions is rampant, and it's no wonder with Mick and Keith on the bill, as well as Robert Plant and the possibility of JIMMY PAGE appearing. The only announced reformation so far is that of CROSBY, STILLS, NASH and YOUNG. The event, which happens May 14 at Madison Square Garden, has an expected running time of eight hours. Those of you lucky enough to be HBO subscribers can catch the last four hours, which the network will broadcast live. Obviously, the event is sold out.

WE'VE BEEN TELLING YOU ABOUT PRINCE'S FORTHCOMING ALBUM "LOVE SEXY." due May 3 from Warner Bros. Aside from the single, "ALPHABET ST.", look for the following tracks to appear on the new Lp: "GLAM SLAM," "EYE NO," "ANNA STESIA," "WHEN 2 R IN LOVE" and "I WISH U HEAVEN." We told you a while back about "BLACK," the album that Prince scrapped in favor of "Love Sexy," and how it is appearing here and abroad in bootleg cassettes and garnering a fee of \$100 a pop. Well, evidently that is not the only album that was put aside. Apparently, Prince recorded tracks that were slated to appear on another album which was titled "CAMILLE." The fate of this album is assumed to have gone the way of "Black," but to our knowledge bootlegs of this disc have yet to surface.

JUNE 13 IS WHEN WE CAN EXPECT STEVE WINWOOD'S DEBUT VIRGIN RELEASE. This as yet untitled Lp is the follow-up to "CHRONICLES," his greatest hits package which came hot on the heels of "BACK IN THE HIGH LIFE." According to those who have heard several tracks, the album possesses a different sound. Winwood will go "back to the highway again," starting in St. Louis (free Michelob for all) beginning July 7 for a jaunt that will take him through the summer.

ELTON JOHN RETURNS WITH A NEW LP ON JUNE 14 titled "REG STRIKES BACK" (the album title referring to Elton's real name of REGINALD DWIGHT). This Lp will be released on MCA and not on their re-activated Uni label, which was a one-time home to Elton back in the 70's. Uni, which preceded the MCA label back in the 60's and early 70's, was the bannerhead for such acts as STRAWBERRY ALARM CLOCK, NEIL DIAMOND, THE FOUNDATIONS and HUGH MASEKELA. As we said, the label has been re-activated and their first release of this decade will be from the Scottish band WET WET WET. Titled "POPPED IN SOULED OUT," the band's Lp will ship in late May and be preceded by their first single, "WISHING I WAS LUCKY." Uni is striving to represent those acts which might otherwise get pigeon-holed in this country. It will also serve as MCA's U.K. extension.

WELL, BRIAN SETZER FANS GEAR UP FOR "LIVE NUDE GUITARS" coming your way this week via EMI. The much anticipated follow-up to "THE KNIFE FEELS LIKE JUSTICE" album of a few years back should be a winner, by the sound of the single alone. Produced by (EURYTHMIC) DAVID A. STEWART, CHRIS THOMAS and LARSON PAINE, the album contains the following tracks: "REBELINE," "EVERY TEAR THAT FALLS," "WHEN THE SKY COMES TUMBLIN' DOWN" (the single), "SHE THINKS I'M TRASH," "LOVE IS REPAID BY LOVE ALONE," "ROSIE IN THE MIDDLE," "SO YOUNG SO BAD SO WHAT," "THE RAIN WASHED EVERYTHING AWAY," "RED LIGHTNING BLUES," "TEMPER SURE IS RISIN'" and "NERVOUS BREAKDOWN." Lending a hand musically are bassist TOMMY BYRNES, drummers JERRY ANGEL, OLLE

ROMO and DENNY FONEHEFER and harmonica player BRUCE WILLIS (yes, that Bruce Willis). "Live Nude Guitars" was a long time in the making and is actually Setzer's third Lp, as he scrapped the second in favor of the stronger songs featured on this one. "SHE THINKS I'M TRASH" is the only holdover from the second sessions. Regardless, "Live Nude Guitars" is an admirable and rocking sophomorph effort from the one time STRAY CAT. Look for Brian to hit the road in the not too distant future.

MICHAEL JACKSON FANS AROUND THE COUNTRY WILL BE LINING UP at their favorite book stores to get their hands on a copy of his just released biography "MOON WALK." Four years in the making, this long awaited tome is chock filled with photos (many never seen before) and memories of a childhood spent before the adoring masses. Jackson is candid about his youth and the hard work it took to achieve his and his family's star status. Jackson tackles his plastic surgery, the loneliness of his life, his girlfriends and the making of "THRILLER," among other things. He isn't as open about the more controversial issues surrounding him such as his bid for JOHN MERRICK's remains or the infamous oxygen tank. Regardless, the book is an interesting read and is recommended. Look for it from Doubleday at \$15.95 at your local book store.

"SECOND SIGHTING" IS WHAT FREHLEY'S COMET IS CALLING THEIR SOPHOMORE DISC for Megaforce due May 13. The track "INSANE" will be the first single. Also included on the disc are the following tracks: "TIME AIN'T RUNNING OUT," "DANCING WITH DANGER," "IT'S OVER NOW," "FALLEN ANGEL," "SEPARATE" and "NEW KIND OF LOVER," among others. Producer SCOTT MABUCHI sat behind the board with ACE and the boys, which among them include new drummer JAMIE OLDAKER, an alumnus of ERIC CLAPTON; and PETER FRAMPTON. July 1 is the kickoff date of the tour, which will take the band across the U.S. and to Europe, Japan and the U.K. Frehley's Comet will be accompanying IRON MAIDEN on the U.S. leg. In other news, the band recently did a one-off gig at London's Hammersmith Odeon that will be released on video cassette under the heading of "LIVE IN LONDON." The home video will feature Comet classics like "RIP IT OUT," "SOMETHING MOVED," "COLD GIN" (a KISS tune), "NEW YORK GROOVE," "ROCKET RIDE", "DEUCE" and "CALLING TO YOU," among others.

News this week that Liverpool band CHINA CRISIS are resuming their relationship with Steely Dan's Walter Becker. He's producing their next album, due this Summer. When they last worked together, on the '85 Lp "Flaunt The Imperfection", the result was a Top 10 album, but for their next long

player, "What Price Paradise", China Crisis switched to the Langer/Winstanley production team and the record peaked at #63 on the UK chart.

TALK TALK'S next Lp will be titled, "Spirit Of Eden", with a scheduled release date of June 6.

The Top 30 national success of the reissued CLASH single "I Fought The Law" has prompted CBS to go for another re-release from the "Story Of The Clash Volume 1" compilation, and this time it's their highest-charting UK single "London Calling", out on Monday with another three cuts adorning the 12 inch and CD single: "Brand New Cadillac", "Rudy Can't Fail" and "Street Parade".

JOE JACKSON'S double album compilation "Live 1980-1986" is out on Monday and a 22 track video, "Live In Tokyo", is being released to coincide with the Lp. The video was directed by Kaname Karrachi, sells in the UK for 9.99 pounds and features more than 100 minutes of film and music. Hottest news on Mr. Jackson is that he's touring Japan now and will then start work on a new studio album.

STEVE WINWOOD'S first album for Virgin is down on the schedules for June 20, and he'll be previewing the new material at Montreux next month...BIG AUDIO DYNAMITE return in June with an album called "Dread Astaire", a single will precede it next month, that title's even smarter than "No 10 Upping Street"...THE SILENCERS are hoping to have a second album ready for summer release on RCA...THE RAILWAY CHILDREN'S first Lp since they signed to a major label is scheduled for May 5 and titled "Recurrence", U.S. release follows later in the month...MIKE OLDFIELD'S next UK single will be "Flying Start", taken from his album "Islands"...ROBERT PLANT has already rescheduled the Irish concerts he recently postponed in order to prepare for his U.S. dates. Although they don't take place until late September, it was in his best interest to announce them now, as the UK press had suggested the cancellation was due to the sensitive political situation.

Ever wondered just how many records, cassettes and CDs come out of Britain every year? It's 40,000 and climbing, according

to the company that logs such things, National Discography. They report that new market factors such as the compact disc boom, with its concentration of catalogue material, have expanded the field by anything up to a third, even in the last year. They feel, though, that once record companies have exhausted their viable catalogue material, the annual output should settle back to around 25,000.

Britain's most successful chart group of all time, STATUS QUO, (36 hits including their current single "Ain't Complaining") will be making it 37 shortly, with a new 45 called "Who Gets The Love" out on May 3.

WET WET WET, already four hit singles deep into their "Popped In, Souled Out" set in Britain and with a U.S. deal now set on the revived Uni label, begin a major British tour in June with a show in their native Scotland at Glasgow SECC.

A metal band hotly tipped by the hard rock magazines over the past year or so, CHROME MOLLY, go for the big time this week, with their cover of the debut Squeeze hit "Take Me I'm Yours" on IRS. The band hail from Leicester in the Midlands. The song doesn't benefit from a heavy treatment as well as did the Christopher Cross song "Ride Like The Wind", at the hands of Saxon recently.

Jubilation this week for IRON MAIDEN, whose new album "Seventh Son Of A Seventh Son" entered the UK album chart at number one, selling some 75,000 copies in the process. They've had seven chart albums since making their Lp debut in 1980, but rather surprisingly this is their first chart-topper since "The Number Of The Beast" in 1982, and that went straight to number one as well.

Elsewhere in the album chart, "Now 11" dipped to number two in deference to IRON MAIDEN, and T'PAU'S "Bridge Of Spies" re-entered the Top 10 at 10 from 16. TALKING HEADS "Naked", already a gold Lp in the UK, moved from 23 to 12 and BELINDA CARLISLE'S "Heaven On Earth" gained again from 22 to 13. Most impressive move by an established album was the 36-15 jump for THE CHRISTIANS, as it celebrated six months in the chart. Next highest new entry after IRON MAIDEN: "Waiting For Bonaparte" by THE MEN THEY COULDN'T HANG at 41, the album containing the minor hit single "The Colours". Also new were PLACIDO DOMINGO "Greatest Love Songs" at 63 and BRENDA RUSSELL'S "Get Here" at 87, fuelled by her excellent Top 30 single "Piano In The Dark". AZTEC CAMERA "Love" re-entered at 75.

Speaking of THE CHRISTIANS, they've also charted this week with the remixed "Born Again" single, making five hits from that debut Lp. The video for the song was filmed in Rinata in Southern Italy, a town that was destroyed by an earthquake and never rebuilt. Part of the video features the building of a large marble plaque, which the town will retain as a keepsake of The Christians' visit.

Also on the Lp chart, FLEETWOOD MAC improved yet another place to four with "Tango In The Night". At the same time, the "Everywhere" single made exactly the same move in the singles chart, a significant gain because it makes the song their biggest hit 45 since the re-release of "Albatross" in 1973, and their biggest success with a new track since "Oh Well" in 1969.

Monday also sees another solo stab from THE STRANGLERS' HUGH CORNWELL, who's generally had little success outside the group. "Another Kind Of Love" is the single, with the debut album "Wolf" following in June. The 45 sports a video filmed in Prague with the surrealist Czechoslovakian animator

Jan Svankmajer. Cornwell's best known solo work so far was his contribution to another animated project, the "When The Wind Blows" movie.

ICICLE WORKS' new single is the powerful ballad "Little Girl Lost", and they're touring the UK to support it in May...The CD single of JUDAS PRIEST'S "Johnny B. Goode" includes a live version of their #12 UK hit from 1980, "Living After Midnight"...The UK success of "C'mon Everybody" has prompted EMI to re-release another EDDIE COCHRAN single, "Somethin' Else", originally a small hit here in October 1959.

Son et Lumiere takes on giant proportions this fall when JEAN MICHEL JARRE stages what he hopes will be the world's biggest ever music event at London's Royal Victoria Docks. Along the same lines as his show in Houston, "Destination Docklands" will have a potential audience of two million, with room for 150,000 on site to see the artist at work. The laser and light show could make landing at Docklands' airport that night somewhat of a challenge!

GALLAGHER AND LYLE are back in recording action with a new single called "You Put The Heart Back In The City", which is the theme to the UK's biggest consumer event of 1988, the Glasgow Garden Festival. The Festival is expected to attract some three million visitors between now and September. Benny Gallagher and Graham Lyle wrote the song specially for the event, and the fact that they've re-united just for the occasion is emphasised, when you see that the B-side is "Fifteen Summers" from their 1974 album "Breakaway". Gallagher and Lyle will be performing the song live in front of the Prince and Princess of Wales when the Festival opens on April 28.

The 1970 album "JOHN LENNON/PLASTIC ONO BAND" has finally made it onto CD in Britain after some severe difficulties with the re-mastering, caused by the haphazard recording process Lennon and Phil Spector used in making the record. They got away with them on the vinyl, but the higher-fi format apparently only brought out the background noise even more. Those problems have been largely overcome, although Lennon fans still shouldn't expect miracles.

The album of Jules Shear songs recorded by IAN "WOODSTOCK", "SHAKE IT" MATTHEWS, called "Walking A Changing Line", is out in Britain on Monday (25) on Windham Hill via A&M. It's Ian's first major release in more than five years.

SAM BROWN, daughter of 60s English rocker Joe, releases her second single "Stop" on May 2, and is also supporting Thomas Dolby as he debuts his new band The Lost Toy People at London's Town & Country Club on Monday.

EMI Records has launched the first 11 titles on the MMC LABEL, which they will incorporate blues, jazz, rock and folk within the new age framework. The label was launched in 1982 by session drummer Peter Van Hooke, best known as the drummer with Mike (Rutherford) And The Mechanics. A low price sampler CD is out called "First Frames", featuring MMC artists like Ian Lynn, Herbie Armstrong and Sunwind.

The movie will be in theaters in June.

**HUEY LEWIS:** The next Huey Lewis album will feature Stan Getz playing tenor sax. Lewis was able to get the jazz great by agreeing to perform a show in July to raise money for the jazz studies program at Stanford University. The benefit concert is to be held in the university's 86,000 seat stadium.

**NEW BOZ SCAGGS SINGLE RECORDED WITH SIMPLY RED**

**PRODUCER:** Boz Scaggs kicks off his comeback with a new single, "Heart Of Mine," recorded with Simply Red producer Stewart Levine. Scaggs' album, "Other Roads," his first since 1980's "Middle Man," will be released on May 16th. Scaggs plans to follow-up the release with a tour. It will begin in Japan in July and arrive in the U.S. in August. In addition to Levine, Scaggs also worked with producer Bill Schnee. Performers on the album include his former band members, Toto's Steve Lukather, Jeff Porcaro and David Paich. Siedah Garrett, James Ingram, keyboardist/producer Peter Wolf, and Madonna collaborator Pat Leonard also contribute to the album. Scaggs teamed with such composers as Marcus Miller, Bobby Caldwell and poet/songwriter Jim Carroll. Mary Lambert directed the video for the single "Heart Of Mine."

**SPRINGSTEEN TURNS DOWN TICKET REQUEST FROM FAWN**

**HALL:** According to a report in the Boston Globe, Bruce Springsteen last week denied a request for tickets to his Washington D.C. concert by Iran-Contra figure, Fawn Hall. The Boss turned down Ollie North's secretary in no uncertain terms, saying: "I don't like Ollie North and I don't approve of the things you did. I'm a Democrat and I have nothing to say to you."

**CHEAP TRICK:** The day before Cheap Trick flew out of Los Angeles for a tour of Australia, the band rushed through a quick recording of the Barrett Strong/Beatles classic "Money" for the soundtrack of "Caddyshack II." The track is not being included on their "Lap Of Luxury" album, which in Japan will be released on CD and cassette only. "I think it's kind of weird," says drummer Bun E. Carlos, one of rock's most notable record collectors. "But CBS in Japan seems to think that the vinyl record is all over and we don't get to approve or disapprove of what they're doing. The worst thing, as far as I'm concerned, is that I have this great collection of Japanese pressings of our albums that isn't going to get any bigger."

**POISON TO POISON:** Poison and Pretty Poison held a summit meeting at a club in Harrisburg, Pennsylvania before the glam rockers started their tour with David Lee Roth. Poison's Bret Michaels saw Pretty Poison's show, then visited them backstage afterwards. Michaels says neither band is worried that the similarity in names will confuse people because the music is so different. Michaels couldn't remember Jade Starling's name, having just hung out with them that one evening. But he said, "They're their band and we're ours. And, they're real nice. If I had gone back and met them and they had been kind of asshole-ish, I could understand some problems."

**GOFFIN ACKNOWLEDGES HERITAGE ON NEW ALBUM:** Louise

Goffin's new album includes a nod to her famous babysitter, Eva Narcissus, who became "Little Eva" after she recorded "The Locomotion," written by Goffin's parents, Carole King and Gerry Goffin. At the end of "Brand New Drum," to the tune of "The Locomotion," Goffin sings, "Everybody's banging on a brand new drum, now - come on baby, come on, baby." Neither of her parents worked on the album, "This Is The Place." But the 26 year old singer said both were touched by the remembrance. "That's me being affectionate to my parents, the song and the history," Goffin explained. "I wanted acknowledge where I've come from and what has been handed down." Goffin went on to compare it to storytelling, saying: "Generation to generation has to tell some of the same stories, pass them on and keep them alive." Goffin played the album for her mother this week in Los Angeles. She had promised in advance, "There's going to be a little surprise for you." Goffin, now married and living in London, will introduce songs from her third album starting this week, playing some private, acoustic dates with the guitarist from her band in cities around North America. The only shows Goffin has planned are for the closing of London's Marquee Club next month.

**JOAN JETT:** Joan Jett debuts a new rhythm section on her new

album, "Up Your Alley." Joining the Blackhearts are drummer Tommy Price from Billy Idol and Scandal, and bassist Kasim Sulton of Utopia. Bon Jovi collaborator Desmond Child co-wrote three of the songs on Jett's new album, including the single, "I Hate Myself For Loving You."

**THE DIVINYLS:** The Divinyls guitarist Mark McEntee was late

arriving in America to launch the Australian group's new album, "Tempermental." McEntee and partner Christina Amphlett got their plane tickets switched around. When McEntee's flight landed in Hawaii on the way to L.A., they wouldn't let him back on.

**PET SHOP BOYS:** The Pet Shop Boys premiere their movie "It

Couldn't Happen Here" at the Cannes Film Festival next month.

**BOZ SCAGGS:** In addition to releasing his first new album in

eight years, Boz Scaggs is also opening another club and restaurant in San Francisco in June. Scaggs and his partners finally decided on the name, "Slims," for the nightspot. Scaggs, who has owned a rib joint in the city for the past several years, is taking the club business very seriously. He's even hired away some longtime employees of concert promoter Bill Graham.

**UB40:** UB40's U.S. concert dates starting in late July will be

the start of a year away from home for the British reggae band. The band, which takes its name from an unemployment form, is now making so much money they have to stay out of the country for a year for tax reasons. UB40's tour will include a headline appearance at Madison Square Garden on August 11th.

**FORMER CULT DRUMMER THREATENING TO SUE:** The Cult's

ex-drummer says he feels used and betrayed by his former bandmates. Les Warner also says he's planning to take legal action against them for financial compensation. Warner joined The Cult on a world tour for their "Love" album, then played on the follow-up, "Electric." He says he was hired on a trial basis, paid 150 pounds per week, but took the gig on the promise that eventually he would become a full member.

Warner says during the two and a half years he was with the band, he was never paid more than 250 pounds per week. "I appeared on all the band's merchandise and in their videos," says Warner. "During the last tour, I was writing with Ian (Astbury) and everyone seemed pleased with my stuff. When we came off the road, I asked Billy Duffy when I would be signed as a full member of the band. Two months later while they were living it up in L.A. on their Harley Davidsons, I was told I was out." Warner said The Cult offered him 2,000 pounds and a drum kit when they fired him.

**JAGGER OPENED JAPANESE DOOR FOR SATRIANI:** Guitarist Joe Satriani says playing with Mick Jagger really opened the door for him in Japan. "Surfing With The Alien" will now be released there on May 21st. Jagger gave Satriani five minutes in each show to do whatever he wanted and the guitarist chose to play the song "Midnight." Satriani said his other song, "Satch Boogie," had to be cut because the show was too long at two and a half hours.

**ROCK AUCTION ENDS IN LONDON:** A week long auction of rock memorabilia came to an end at Sotheby's in London. During the final session, a guitar belonging to John Entwistle of The Who went for 15,000 pounds, and four pages of schoolboy scribbling by John Lennon commanded 12,000 pounds. The auction house described that as "an important stylistic landmark"; other items sold included a piece of paper with the lyrics to "Imagine," and a check Lennon wrote to the taxman in 1968. The Beatles' Japanese fan club spent 3300 pounds for Paul McCartney's lyrics to "Little Child," written in 1963. Almost 200,000 pounds worth of memorabilia was sold during the auction.

**S.F. AIDS BENEFIT KICKS OFF DANNY WILDE TOUR:** Danny Wilde kicked off the tour for his album, "Any Man's Hunger," with an AIDS benefit at the Hard Rock Cafe in San Francisco. According to Wilde, the show raised about \$20,000 for a hot meals program for AIDS victims in the Bay Area. It was the first benefit he has ever performed. Wilde is doing all of the new album in his set, plus "Criminal Mind" and "Isn't It Enough." That song became a hit for Patty Smyth. Wilde will be juggling this club tour with his songwriting. Before leaving L.A. to go on tour, Wilde was writing with Peter Frampton for his next album. He had already finished two songs for Charlie Sexton's album, which Sexton has just started recording. And he and Roy Orbison are working on a song called "Never Too Strong" for Orbison's album on Virgin Records. "The word is out that I can write songs, so guys are calling me up," says Wilde. Wilde and Geffen Records are in the process of picking the follow-up to "Times Run Wild." After meetings, Wilde believed they were going to agree with his choice and make "Every Goodbye" the next single and video. Wilde says future plans call for him to tour as an opening act in the U.S. this summer.

**HOUSE OF SCHOCK NOW OPEN TO THE PUBLIC:** Former Go-Go Gina Schock is rehearsing her band, House Of Schock, for their first shows since they went into the studio to record their debut album. They will start with club dates around Los Angeles the first two weeks of May. Schock is currently trying to work out the details of being the lead singer and part time drummer. She admits she enjoyed singing back-up with the Go-Go's, but never had a "burning desire" to become a singer. She wanted to concentrate on her drumming and songwriting. After a few false starts with others, including Carlene Carter, and auditioning dozens of singers, Schock found she agreed with her partner, Vance Degeneres that she did the best job singing the songs they had written together.

Says Schock: "Did you ever notice that after a band breaks up, everyone goes to do a solo record and everyone thinks they can sing? In the process of auditioning singers, I was teaching them the songs I had written. Singing them over and over, my voice started to get pretty good and strong." As for her former bandmates, Schock has remained close friends with Kathy Valentine. Belinda Carlisle visited the studio while she was recording and Jane Wiedlin came to see them when they played a club in L.A.

PRESENTS  
**QUESTION  
of the  
WEEK**

What rockers would you like to see as President and Vice President? Why?

**BETH KEPPLER, WKLS:** "President, Joe Walsh because life's been good to us so far. But seriously folks, you can't argue with a sick mind. For Vice President, Frank Zappa because he'd tell the PMRC where to go and send Tipper Gore to Montana to be a dental floss tycoon."

**REDBEARD, KTXQ:** "The President would be Charlie Daniels. Vice President would be Little Steven Van Zant. And I'm not being frivolous, I would actually vote for those two."

**STEPHEN PAGE, KOME:** "I think Ziggy Marley would make a great VP and for President, let's go with Joe Satriani. Ziggy would be fantastic taking care of all the little problems that are created by those bothersome people that otherwise don't know what ganja means. Joe lets his fingers do the talking on his guitar, and I think that if that's what Ronnie did, we might think about keeping him around. But this is only a dream, isn't it."

**JON RUSSELL, KZAP:** "I really wouldn't wish that on my favorite artists, but if I had to make a choice it would be Peter Garrett of Midnight Oil for President. He seems like the guy that would get the job done. As for VP, it's a good place for Joe Satriani to start because he wouldn't have to say much, if anything at all."

**ANTHONY ALFONSI, WDVE:** "Nancy Wilson for Vice President because everybody is dying to meet her and she'd be great at all the public appearances. This would be one VP that people wouldn't forget! For President, Billy Joel because of what he says at the end of every concert: 'Don't take any shit from anybody.'"

**BRUCE MCGREGOR, WRIF:** "Let's go with Robbie Robertson for Prez. Hey, I know he's Canadian, but they've got 2 baseball teams there and someday we're going to have to cough up a World Series for them. And Dylan for Vice President—someone from Duluth should get near the White House on something other than a tour."

**INESSA YORK, KGON:** "David Byrne for President and Midnight Oil's, Peter Garrett, for Vice President. One with hair and one without, Ying and Yang, and I think they'd temper each other pretty good."

**WENDY STEELE, WLVO:** "ZZ Top for President, enough said."

**PATTY MARTIN, KSJO:** "Peter Garrett of Midnight Oil for President. He's got ideas, concerns and opinions, and cares enough to try and do things about what's wrong in the world. He ran for office in Australia and didn't win, but I'd sure vote for him. Robbie Robertson for Vice President, because he's already had his picture taken with the entire music industry. Now he needs some politicians' faces to hang on his wall."

**JIMMY 'THE SAINT' CHRISTOPHER, KZEW:** "Ann and Nancy Wilson, cause I guess I would vote for a blonde and brunette. Hey, we need some women rock and rollers as President and VP."

**JOHN LASSMAN, KQRS:** "President: Jon Bon Jovi because he still owes me. Vice-President: Lita Ford because I still owe her."

**KIM ALEXANDER, WHCN:** "For President, Mojo Nixon and for Vice President, Sting. I think the names speak for themselves."

WARNER BROTHERS  
**ROCK N' QUOTE OF THE WEEK**

"George Harrison is better than everyone else. The collaboration between Jeff Lynne and George works. The experience and talent of the musicians works. It's no surprise to me that every emphasis track sounds better than the last. Pure and simple **'This Is Love'** is a record by a Beatle that stands with the best."

**SKY DANIELS**

**JOHN COOPER, WPYX:** "President: Frank Zappa because he's proven to be a spokesperson for a generation, and for VP, ZZ Top because they've proven to be partiers for a generation. So it's a winning ticket."

**JIM STEEL, WIOT:** "Jackson Browne for President and Nancy Wilson from Heart for Vice President. Jackson Browne, because he seems to care more about what's going on in the world than whether or not his record went gold or platinum. He's a rock and roll artist with a brain. And Nancy Wilson, because she can do the same thing Bush does; stand around and do absolutely nothing. But at least she'll look good."

# QUESTION OF THE WEEK

Continued From Previous Page

**CHRIS HERRMANN, WHJY:** "Frank Zappa for President because of his brains and great political sensibility. For Vice President, David Lee Roth, because we need a colorful character after the George Bush regime, and Diamond Dave fills the bill."

**TED MCENROE, WBRU:** "The answer is not that a rock and roller should be president. The answer is we need a President and Vice President who can rock and roll. Thus, I've devised a band with Mike Dukakis on lead vocals, George Bush on drums, Jessie Jackson and his mad Stratacaster on lead guitar and backing vocals, and Al Gore on bass. You should be pouring early in 1989, so look for us then."

**IVAR HAMILTON, CFNY:** "Why the hell ask me? I'm an alien! I don't know, maybe the guys in the Dead Milkmen would do well in the White House. They would make drag racing the national sport and give me a green card!"

**JERRY TRUJILLO, KDKB:** "I don't think any rock and roller who is devoted to his career as a musician is qualified for presidency."

**JOHN HAGER, WPHD:** "No question, it's Little Steven for President and Kate Bush for Vice President, just so we can keep Bush in the VP seat."

**DAVE KANE, WCMF:** "Bruce Springsteen for Prez and John Cougar Mellencamp for VP. Both gentlemen seem to have a genuine concern and optimism for the potential of this country."

**JAY BAKER, WFBQ:** "I would like to see Zappa as President--he's actually articulate. Mick Ralphs for Vice President because he would have the White House jammin'."

**MIKE STEWART, WIMZ:** "Robert Plant for President because he has a command over people. For Vice President, Kenny Loggins, because he's always got soundtrack hits and his albums never hit. He's always coming in second place."

**VALERIE PITTMAN, WRAS:** "For President, Pete Townshend because he's super, super cool. For Vice President, Joan Jett because she looks good in leather."

**SCOTT LAUDANI, WHEB:** "For President, Peter Wolf because he's got the presidential jive down. For Vice President, Kate Bush because she's great and deserves American recognition."

**JOHN LOSCALZO, WRCN:** "David Byrne as President just because he wears suits well, and Frank Zappa as Vice President. Just imagine the excitement as he presides over the Senate. And just think, they may make an album together. Remember, it's better than judging your candidate by the sports team from his home state, which is how I'm voting this year, and I don't even like sports."

**MARK BRADLEY, WNOR:** "ZZ Top would be my choice as three-headed President. Previous candidate, bad campaign. They can regroup and go for the GOP nomination. For VP, I'll go with the Cult. Why, because the Vice President doesn't have to do much anyway. They're always there, nobody ever gets mad at them."

**DEB BRADY, WXXP:** "I think Sinead O'Connor would make a great President and maybe Thomas Dolby as her VP, because they would have a refreshing perspective on life."

**CURT CARTIER, KEZE:** "Sinead O'Connor for President and Buster Poindexter for VP, just because."

**CHRIS JAMES, WTPA:** "Joanna Dean, 'cause then she could say 'Kiss This' and for Vice President Paul McCartney, because lately he hasn't done anything."

**MIKE LYONS, WHTQ:** "Bruce Springsteen for President because of his character, Steve Stevens for VP because of his hair. The first piece of legislation will be to make his hair the 51st state."

**TRICIA GRIFFITH, KBER:** "Ozzy Osbourne as President and Ted Nugent as VP. Ozzy, because he sent Oral Roberts a \$1.00 when he was up in the tower praying that God wouldn't take his life. It shows that he knows how to handle his money. Ted Nugent because I think it's important that the VP can play kick ass guitar."

**RICK MACKENZIE, WAAF:** "Sting for President--we need an intellectual type for a change. Bruce, the all American guy would be my choice for Vice President."

**AL SCOTT, KZEL:** "I'd like to see Frank Zappa as President because he can bullshit. Vice Prez would have to be Stevie Ray Vaughn because he plays a killer guitar."

**JOE MARINO, WAQY:** "Frank Zappa for President because he'd definitely put the PMRC in its place and assure our freedom, and besides we've never had a president that can play guitar like that. Ted Nugent for Vice President. I would've said President, but I wouldn't trust him with that red button."

**ALAN WHITE, KILQ:** "Bruce Springsteen as President and Dennis Hopper as Vice President. I think Bruce is a spokesman for our generation and, as such, is a natural choice. Dennis is my choice for VP just because he's a lunk, and he's a great movie maker."

**JACK GREEN, KLPX:** "Alice Cooper for President because to coin the phrase that he used here in Tucson when he ran for Governor, 'A Troubled Man For Troubled Times'. Robbie Robertson for Vice President because he's got a very clear perception of the dangers we face daily."

**DUANE DOHERTY, WKLC:** "I'd have to go with Alice Cooper as President for the simple fact that if we had Alice in the White House, nobody in their right mind would want to fuck with us. For VP, it would have to be Ted Nugent. Anybody that was crazy enough to fuck with us would get shot, stuffed and hung on Ted's wall."

**GREG MULL, WRXK:** "Billy Gibbons for President, just because he's the coolest. And Peter Garrett of Midnight Oil for Vice President, because we need someone with a conscience."

**DICK SHEETZ, KRZQ:** "Even though I'm a hard rocker, I would like to see Bruce Hornsby as President because he's an all American, down home guy and you can tell he would understand the needs of the people through his lyrics. I think Bruce would need a good woman so the Vice President will have to be a lady. He's got two ends of the spectrum to pick from. He could go with someone who wouldn't nag him all day like Joni Mitchell for instance. She would just sit out in the flower garden and play her acoustic guitar all day. Or the other end, like Joanna Dean. You can tell by listening to this lady that she would keep him in line."

**BOB WALTON, WRDU:** "I would like David Byrne to be President of the United States because we need that fresh outlook on life. And if the vice presidency is just a figurehead position, why not David Lee Roth. He'll add life to the executive branch and the parties would be great."

# QUESTION OF THE WEEK

Continued From Previous Page

**JOHN AMBERG, WKRR:** "For President, I'd like to see John Mellencamp, and for Vice President how about Chrissy Hynde. Mellencamp is anti big business and big corporation, which can't hurt, plus I know John would pass a law that would prevent any corporation from using rock classics as TV commercials. Said law would be punishable by death. I like Chrissy for Vice President because she'd be tough on defense, and she sings better than Geraldine Ferraro."

**JENNIFER GIPE, WWTR:** "I'd like to see Frank Zappa as President and John Denver as Vice President. They would kick the shit out of the PMRC. And Dee Snyder would make a great Speaker Of The House."

**MIKE FERRIS, WYBR:** "I'd say Springsteen and Zappa would make a good ticket. Bruce seems to represent the common man, and Frank would protect us from the radical right, plus he's a helluva lot more exciting than George Bush."

**KAREN ANDERSEN SMALL, WGIR:** "Bruce Springsteen for President and John Cougar Mellencamp for VP. They're both cut from the same mold and would work well together, and they wouldn't take garbage from anybody. Not to mention the fact, that they would remember the little people and I don't mean the Japanese."

**WBCN, BOSTON, MA M.D.-CARTER ALAN:** "BCN's Concert Broadcast series continued with great shows from the Paradise Theater featuring 3 and Henry Lee Summer. The former ELP mates performed for 104 minutes doing the entire 3 album plus classics like 'The Sheriff' and 'Fanfare For The Common Man'. The rabid Paradise audience lent a near hysterical edge to the broadcast. Special thanks to Marko and Karen Durkot from Geffen. Henry Lee Summer slipped into the Paradise for his visit and the midwest star kicked our butts. Thanks to Henry and the folks at Epic, Harvey Leeds and Lenny Collins...A huge thank you to T-Bone Burnett for playing live in the studio at 'BCN this past Friday. Ken Shelton and Mark Parenteau interviewed the outspoken guitarist and talked about his latest album in between T-Bone's acoustic offerings. Thanks to Ellen Darst and CBS."

**KLOL, HOUSTON, TX M.D.-DAVID SADOF:** "Okay, it's time to put away any misconceptions you may have about names of record labels. There's more to Megaforce than heavy metal. The proof is in 'Out Of The Silent Planet' by King's X on the Megaforce label. This is a talented Houston band that deserves a listen. Check out 'King' and 'Shot Of Love'...Guns N' Roses is still strong this week with both 'Welcome' and 'Sweet Child' getting Top 5 phones...Our adds this week include Ziggy Marley, Bruce Hornsby, Timbuk 3, Brian Setzer, Big Pig and 'Believe In Love' by the Scorpions."

**WYNF, TAMPA/ST. PETERSBURG, FL ASST. P.D.-CHARLIE**

**LOGAN:** "Bruce Hornsby has the perfect song for springtime. It's refreshing and melodic. 'The Valley Road' will certainly help the numbers of many a station's spring book...The Clapton package is awe inspiring. Polygram is to be congratulated. We'll bang 'After Midnight', but we'll play with everything in the package...Robin Trower's 'Tear It Up'. We had so much success with the last Lp that we can't deny the follow-up. It's a good song and should work well!"

**KTCZ, MINNEAPOLIS, MN P.D.-ALAN LAWSON:**

"Bruce Hornsby's new single confirmed my suspicion that last year's Grammy winning new artist would have no problem following such a tremendous debut album. 'The Valley Road' is a rhythm hook for all formats. I've had a chance to hear some of the other tunes on 'Scenes From The Southside' and they're unbelievable. If you can get passed the impeccable phrasing of Hornsby's vocals, his piano works and the distinctive sound of The Range, the lyrics will floor you. Can't wait until May 2nd so our audience can appreciate the depth of the Lp. Thanks, Bruce...**FROM M.D.-JANE FREDERICKSEN:** "Thanks to Beau Siegel, Jay Hart and all the folks at Elektra for tickets to the 10,000 Maniacs/Tracy Chapman show. Also for the great live interview and acoustic set with the Maniacs. Both Tracy Chapman and the Maniacs have captured the hearts of Twin Cities concert goers, selling out two shows here. Natalie Merchant sings like an angel and whirls like a dervish--proving she has an engaging stage presence as well as a captivating voice. And I like her dresses."

**WHCN, HARTFORD, CN M.D.-KIM ALEXANDER:**

"When I was in high school, Cheap Trick's 'In Color' was the record to die for. I wrote the only fan letter of my life to Robin Zander inviting him to dinner at my house (the offer still stands). What a relief that 'Lap of Luxury' is good. Check out 'Space', 'All We Need Is A Dream' and 'Wrong Side Of Love'. Welcome back, guys!...My newest love is the 10,000 Maniacs record. Honestly, I listened to it way back when it was released and wasn't impressed. But when the record wouldn't go away, I did my duty as a conscientious music director and went back to it. And it hit me, POW!, right in the kisser. If you didn't fall in love the first time, please go back to it. It's well written, well sung, well played (check out the lyric sheet--there's a lot to take in). Next week there will be a pop quiz...Last and not least, thank you Polygram for helping us with the Clapton 'Crossroads' weekend. It sounded great. We had a lot of happy guitar freaks out there...P.S. Hey, P.R. - Now that Christina and I have our whips, what do you want us to do with them?"

**KTXQ, DALLAS, TX ASST. P.D./M.D.-REDBEARD:** "Next!"

**WBRJ, PROVIDENCE, RI M.D.-TED McENROE:**

"It's Tracy Chapman story #64. We put it on one week in light and boom - Top 5 phones. In fact, three of our Top 5 requests are by female artists. Hummm, makes you wonder!...Also, thanks to all the folks who are making our April concert madness a big success...And good luck to Glenn Stewart out in Albuquerque. You'll certainly be getting more sun."

**KOME, SAN JOSE, CA M.D.-STEPHEN PAGE:**

"Many thanks this week to Warner Bros. Records and Bev Stevens for providing a great show with Jerry Harrison last week at the Philmore in San Francisco. I don't know how many more dates he has on this tour, but if you get a chance, by all means check him out...Once again, we seem to be coming to loggerheads with more music than we have space for in the playlist. Fear not my friends, we will get to everything in good time. Just because it's not out-of-the-box, doesn't mean we don't love you or your artist!"

**WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY:** "I'd like to take this opportunity to thank a bunch of people who helped us out over the past week. Polygram's John Brodey, Drew Murray, Jim Lewis and Bobbi Silver for an interesting evening last Tuesday. From the finest of dinners to the rockiest of show, Yngwie is unbelievable. In fact, I was speechless for probably the first time!...Next, the bunny crowd, Kenny Puvogel and George Stone, for a nice visit with Honeymoon Suite and all their cooperation with Diamond Dave! Speaking of which, Dave put on a show and a half, but then again Dave's a guy and a half. I sincerely hope he stays in the public eye forever. I can always use more entertainment!...And finally, JB, Chuck and Stu from A&M for their immediate call to action in regards to Southside Johnny...Many more thank you's in this space next week after I come up for air, after our 20th birthday party."

**WKDF, NASHVILLE, TN M.D.-DAVID HALL:** "After reading some glowing reviews of the early Deep Purple releases on compact disc, I was severely disappointed when I got 'The Book Of Tallesyn' and heard the worst-sounding CD I've come across to date. It sounds like it was mastered from a vinyl Lp copy, complete with surface noise and pops and clicks. They tried to hide it by filtering out all the highs, but you could still hear it. I'm surprised Passport allowed it to go out on their label this way. If they really did have to use an Lp as a master, they ought to sticker the CD and say so."

**WLVO, COLUMBUS, OH M.D.-WENDY STEELE:** "The sounds of Bruce Hornsby's piano makes the flowers grow...Irie, maan, the Zigster (as Buzz says) is lit. I mean goes into light. I don't expect it to remain lit long but sheet, maan, I expect it to take off. We'll see how Columbus reacts. I know Buzz now sports dreadlocks...I thought the album 'Passion' by Robin Trower was overlooked, and we are quite happy to be playing 'Tear It Up'...Saw the Bears last week. They are wild on stage. Very entertaining. So was the opening band, Velvet Elvis, who have been produced by Mitch Easter of R.E.M. fame. The little lady on the drums is superb...Thanks to John Boulos and Drew Murray of Polygram for helping us with a dynamite Eric Clapton Rock N' Roll Weekend. Along with other E.C. Polygram releases, we gave away sets of 'Crossroads' which is just an awesome release. The booklet and photographs are so interesting and educational. Ron Wood is a very talented man and one hell of a nice guy. Haven't had the pleasure of meeting Eric yet, but would love it!"

**WXRK, NEW YORK, NY M.D.-ROBERT BENJAMIN:** "It's ratings day and we're guzzling champagne. Go see Neil Young...It's nice to have Brian Setzer back with a rough and tough sound. Brian is set to remind everyone that Jessica Hahn was not the only one to be from Massapequa, Long Island."

**WCMF, ROCHESTER, NY ASST. P.D./M.D.-DAVE KANE:** "Let me just say this about that - You can 'Carry Me Back To Ole Virginny' with Bruce Hornsby's latest. 'Valley Road' is a song with feeling. It seems to breathe life from the radio...For the last week and a half we've been playing the test pressing from Robin Trower and we're seeing some good early calls. His guitar-hero status seems to be as strong as ever...And while on the subject of guitars, after a great run doing the 'Satch Boogie', we can safely say 'surf's up' at WCMF with the next from Joe Satriani...Sometimes the simplest of things can be the very best. John Kilzer's 'Red Blue Jeans' proves that with 3 minutes of basic, carefree rock n' roll. This song is fun!...And finally, I really like the trance-like effect of Mission U.K.'s 'Tower Of Strength'. John Paul Jones's influence can clearly be heard and this one would be a slow builder."

**DC101, WASHINGTON, DC O.M./M.D.-CURT GARY:** "This week a few obvious choices, but the real winners are the kings of the street—an undeniable buzz on Jerry Harrison and 10,000 Maniacs. We're just now starting to feel the success of both these artists."

**KGON, PORTLAND, OR M.D.-INESSA YORK:** "A couple of reaction records include Neil Young, Midnight Oil (still there), Cheap Trick, Robert Plant's 'Tall Cool One' and Talking Heads...Building every day are the Smithereens and The Church. Very good curiosity calls on these two bands...I'm expecting somewhat of the same thing for Treat Her Right and Kings Of The Sun...Robin Trower's 'Tear It Up' is an automatic for us. We've never been able to keep those Trower fans down...We're all very pleased with Eric Clapton's box set and thankfully it's not just a rehash of tracks already existing on other albums. We're especially using the previously unreleased tracks to good advantage...A couple of tracks that have caught my ear lately include Tracy Chapman. She has such a wonderful and different voice that given the proper set of circumstances could catch on...Some other vocals that are an off-beat standout - Then Jerico. I got caught up in that name trap and it almost prevented me from hearing what's really a cool song."

**KSJO, SAN JOSE, CA M.D.-PATTY MARTIN:** "Ronnie Montrose fell from our Top 5 requests to #6, but that's not stopping us from moving 'Mach 1' to heavy...My record-of-the-week is, without question, Ziggy Marley. I spent Saturday afternoon vacuuming and moving furniture, and I just kept flipping the cassette over and over and over. I must have heard it five times. I couldn't bring myself to listen to anything else...Concert of the month, or perhaps year: Midnight Oil. I can't remember when I've been so blown away by a concert. Peter Garrett is commanding on stage. I could barely take my eyes off him except to watch the rest of the band who were superb. Midnight Oil writes songs with real meaning based on issues that matter and Garrett presents them with passion and humor. They were so good, they made me want to go listen to everything they ever put on vinyl, which I plan to do. Opening was a San Francisco band, The Looters, who were incredible. It's no big surprise that Island Records had the foresight to sign these guys. Their record is due shortly and I guarantee you'll be impressed."

**WPHD, BUFFALO, NY O.M.-JOHN HAGER:** "An actual transcript from a phone conversation with Marty Bender: 'Hi, Marty. I got a question about a promotion you guys did.' (Click. Dial tone.)"

**WDVE, PITTSBURGH, PA ASST. M.D.-ANTHONY ALFONSI:** "The Michelob version of Clapton's 'After Midnight' gives us the sometimes rare opportunity of being able to play something old and something new at the same time. 'I Wanna Make Love To You' is a gem in itself. I think it ranks up there with some of Clapton's best. I haven't had time to get into all four CDs yet, but it won't be long before I wear them out...Bruce Hornsby's 'The Valley Road' picks right up where the last record left off. It looks like Bruce is on the right road to becoming a major writer and recording artist who'll be around for a while...Brian Setzer's 'When The Sky Comes Tumblin' Down' has a straight-ahead rock n' roll sound that I like. I liked the last album a lot and I hope this one is just as good if not better...I think Atlantic made a wise move signing Robin Trower based on last year's successful album. 'Tear It Up' is another straight-ahead rocker, and we're looking forward to Robin's show here on May 2."

**WHJY, PROVIDENCE, RI M.D.-CHRIS HERRMANN:** "After two weeks of 12-hour-days (or is that daze), I feel like the job is finally mine! The other City by the Bay was glued to 94HJY last weekend as we featured trax from 'Crossroads'. Yes, Clapton IS God and we were in six-string-heaven...Carl Palmer and Robert Perry from 3 also delighted our listeners with an interview and spectacular show...From the land of loud guitars and music that will grow hair on your fingernails, Poison and Iron Maiden are burning up our phones...I've had a tough time removing the Hurricane CD from my machine...Also notable: John Kilzer, Robert Tepper, Robbie Robertson, Living Colour, and last but not least, Velvet Elvis."

**KGB-FM, SAN DIEGO, CA M.D.-PAM EDWARDS:** "I can't get the Scorpions record off the turntable. It was well worth the wait! The Germans are pulling in #1 Requests and big sales too. We're trying 'Passion Rules The Game' as our second track, we're on 'One Wasn't Enough'...Last Friday we gave our listeners a chance to dunk the I.R.S. for charity, and it was a big success. Twelve brave I.R.S. agents actually volunteered their time and let disgruntled tax payers continually dunk them in the tank! We couldn't lower anybody's taxes, but we did give tons of folks a chance to vent their frustrations...And, last Monday, 101KGB-FM hosted the 7th Annual Entertainer Awards for San Diego. Entertainer of the Year was Mojo Nixon, and Band of the Year was the Beat Farmers...And finally, thanks to all for the Birthday wishes."

**KXRX, SEATTLE, WA M.D.-BREW MICHAELS:** "Seattle's X was proud to welcome Robin Trower to town for 4-night, Sold-Out rock 'n roll mayhem last week. As some of you know, a few weeks back, KXRX found a dance copy of 'Tear It Up' in a back alley dumpster, while looking for aluminum to recycle. And we've been playing it ever since, to the delight of our Trower hungry fans. This week we officially add it into power...Also new to power, the cool new version of 'After Midnight' from one of the X's strongest core artists. Thanks to Polygram's Don Cottingham for all the boxed-set giveaways...Bruce Hornsby is one of those rare artists who combine genuine talent with finely honed skills in crafting memorable music. 'The Valley Road' is a hugely successful sophomore effort which may in fact be better than anything on the first record. At KXRX it goes straight into heavy. And thanks to Bruce and Manager, Tim Niece, for stopping by the X studios on the promo tour...Brian Setzer takes a giant step forward in his quest for solo success with 'When The Sky Comes Tumblin' Down'. Rough, rugged and with enough production spice to last over the long haul...HOT phones on Midnight Oil, Treat Her Right, the new Neil Young and Semi Twang. We prognosticate 'Salty Tears' to be a big hit...Also, be on the lookout for Colin James on Virgin. KXRX's Seattle Blues welcomed him for a Sold-Out club date earlier this month and he nailed us between the ears with some sharp and tender modern day blues."

**KBCO, BOULDER, CO M.D.-DOUG CLIFTON:** "Big news this week: Bruce Hornsby, Tonio K. and Pink Floyd. The new Bruce Hornsby single went right into a power rotation here at 'BCO. Some of Bruce's most loyal fans are here in Colorado, and they're certainly ready for the release of 'Scenes From The South Side'. One of my favorite songs on the new album is a cut that Bruce was performing during 'The Way It Is' tour called 'Til The Dreaming's Done'. Bruce visited the KBCO studios while in town for a Listening Party. He was kind enough to play a little keyboard live on the air (including a great Keith Jarrett jam), plus spin a few discs too. Thanks to Bruce and to Zak Phillips for stopping by...Tonio K. was in town over the weekend with the Kinks show and he stopped by on Saturday to talk with P.D.-John Bradley. If you haven't taken the time to listen to 'Notes From The Lost Civilization', please take it home and give it a spin. Thanks to Dick Merkle for arranging the interview...The Pink Floyd traveling music and light show made a stop at Mile High Stadium this week. The extravaganza thrilled the 50,000+ fans who attended the show. Thanks to Joe Schuld for the chance to meet Nick Mason and Rick Wright before the show...The record that has taken KBCO by storm is Tracy Chapman. 'Fast Car' is #1 phones for a second straight week. There are simply no excuses for not playing this record...The one word that everyone has been using to describe the Eric Clapton CD collection is WOW!...Dianne Hicklen joins the KBCO weekend staff. Dianne was formerly at KTCL and KFMU."

**WKLS, ATLANTA, GA M.D.-BETH KEPPLER:** "I don't care if he plays with the elephant man's bones. I don't care if he's homo, bi or a-sexual. I don't care if every part of his body is made of plastic. Michael Jackson is the most talented performer I ever saw in my life. If you can dance as well. If you can write music as well. If you can sing as well, then go ahead and criticize! His concert was one of the high points of my life and I think it's a shame that, because of his image, AOR radio can't play 'Dirty Diana' without being crucified by our listeners. That's baaaad!"

**KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE:** "Everything you've heard about the Pink Floyd tour is true. Messrs. Gilmore, Wright and Mason and company played to a sea of thousands of awe-struck Floydian fanatics. The sound was flawless from every corner of Mile High Stadium. The visual presentation, from the lazer robotics to the airborne

effects, was riveting. Many thanks to Joe Schuld of CBS/Denver for all of the arrangements. It was a show that will continue to bounce around in my head for many nights to come."

**KWLN, MEMPHIS, TN M.D.-ROBERT HARDER:** "We're very tight, so we only had room for three tunes. Bruce Hornsby is one right out-of-the-box for anybody, so get on it. Bruce Springsteen's 'Roulette' and John Cougar Mellencamp's 'Rooty Toot Toot' are eventual automatics, so we went on them relatively early...We've got Top 5 phones for Memphis' own Joanna Dean. A lot of the requests are coming from guys who apparently want to 'Kiss This'."

**KLPX, TUCSON, AZ M.D.-JACK GREEN:** "Cheap Trick's 'The Flame' is burning up the phones. There's been more response to this record than I've seen in a long time...Robert Tepper also continues to do well. We may be living with his album for quite a while...On the new music side, we just couldn't resist the new Ziggy Marley record. It sure adds a new dimension to the sound of the station...Timbuk 3 is gonna do it again! Another great album with a lot of depth. I hope everyone jumps on the 'Reverend Jack' express...Finally, don't forget about our new music line. Get all the adds and rotations by calling 602-623-6261 after 2:00PM on Tuesdays."

**WWCT, PEORIA, IL M.D.-PAUL NELSON:** "The Eric Clapton set is as wonderful as everyone expected. Among the highlights of the unreleased material is the live version of 'I Shot The Sheriff', a Blind Faith song that sounds like Cream ('Sleeping In The Ground'), and the Cream song that sounds like Blind Faith ('Anyone For Tennis'). Also, check out the alternate version of 'After Midnight'. It's disc two, cut ten, and not to be confused with the 'Michelob Mix' that ends the set. I wonder if we have to daypart this one for nighttime play only. Just kidding...The Cheap Trick is pretty solid. 'The Flame' is burning up the phones here. 'Let's Go', 'No Mercy' and 'Space' are good backups, and Elvis won't be spinning in his grave if he hears 'Don't Be Cruel'...As for the Hornsby, I think John Amberg said it best last week, but whoever said 'he's a breath of fresh air in pop music' was pretty accurate, too!"

**WHMH, ST. CLOUD, MN ASST. P.D./M.D.-RANDY KAYE:** "Good to hear Joan Jett back in form with 'I Hate Myself For Loving You'. Out-of-the-box and onto the air goes Joan...Other picks this week include the Divinyls, Only Child, Leatherwolf, Brian Setzer and Krokus...King's X is burning up the airwaves in central Minnesota."

**WJXQ, JACKSON/LANSING, MI P.D.-BILL WEBSTER:** "Just a reminder: My music hours are Thursday and Friday from 2:00-5:00PM, when I sit by the phone eagerly anticipating your call. At other times, there are no guarantees. Listen to Vernon Reed!"

**WHMD, HAMMOND/BATON ROUGE, LA M.D.-"CATFISH" PHIL:** "Next week (May 1), the 'Catfish' takes a well deserved vacation! I'm motoring to the Carolinas in my Phaeton. While I'm touring, WHMD Jazz Doctor, Richard Blake, will handle reporting the adds. See you on Hollywood Squares. Fegmaniax."

**WFRD, HANOVER, NH M.D.-JOHN AGUILAR:** "Hallelujah! People are catching on to Neil Young's new Lp, moving on to other tracks from it. I just shoved 'Ten Men Working' to power rotation and everyone digs the sound of those men grunting and heaving as they pull out railroad ties or

whatever else your mind might want to conceive that they might be doing...Bruce Hornsby has just come up with a wonderfully artistic tune in 'Valley Road'...Please add Robert Plant's 'Ship Of Fools'. It is an irreplaceable tune full of Plant's crooning from his hippy days...We moved early on 'Rooty Toot Toot' by John Cougar Mellencamp. A definite stick your head out of the sunroof and chug a beer song!...Lastly, Joan Jett gets an early add...I picked the Scorpions for Vital Vinyl this week and want to thank Don Masters of Mercury/Polygram for his help."

**WAAF, WORCESTER/BOSTON, MA INTERIM P.D./M.D.-RICK MAC KENZIE:** "Just listened to approximately 15 seconds of Bruce Hornsby's 'The Valley Road' because it came in just minutes before we did music. It was the week's first add...AC/DC 'That's The Way I Want To Rock And Roll' did well for us initially when the record first came out and we've now officially re-added it...Eric Clapton's 'Crossroads' compilation is incredible. Those unreleased cuts will be keeping our classic rock shows busy for weeks and we added the new version of 'After Midnight' as well...Finally, Poison—What can you say? We target the younger demos. They buy records. They like Poison. We play it!"

**WPLR, NEW HAVEN, CT M.D.-CHRISTINA:** "The new Cheap Trick is sensational! 'The Flame' is now two weeks in a row #1 phones, and there are so many great songs like 'No Mercy', 'State', 'Wrong Side Of Love' and 'Ghost Town'. We plan on playing this album for a long time...Of course, the Bruce Hornsby is already getting lots of reaction!...Tops on my turntable, the Toni Childs Lp. Check it out!...Hey, Pat, next time bring some real ID so we can have a real lunch."

**CFNY, TORONTO, CN ASST. M.D.-IVAR HAMILTON:** "I'm still trying to recover from the John 'Archie' Souchak Birthday celebration in Boston this past weekend. Man, oh man, do you guys know how to throw a party! Good to see all the gang from WFNX, Mike Marrone from WHTG and thanks to John Sigler from RCA for the Love And Rockets show...Well, back in Toronto, it's Morrissey madness in all the stores. It's now easily as BIG as the last couple of Smith's albums in these parts...A big thumbs up as well to the Peter Murphy album which is getting unanimous favorable reaction from jocks and audience alike...Sleeve and album of the week, in my opinion, is the Thomas Dolby 'Aliens Ate My Buick' release. There is so much going on here and it's great that the audience in this town is already calling in for it. The Dolby album was definitely worth the wait!...No more reggae resistance at CFNY. After a Sold Out show and a retail upswing, we have finally gone on Ziggy Marley's 'Tomorrow People'. The Marley reaction could open up the doors again for other reggae acts that have had a tough time in the last couple of years with radio. Is this a new openness for reggae on radio? Sure looks that way!"

**WKFM, FULTON/SYRACUSE, NY P.D.-BRIAN ILLES:** "It does my heart good to see some real heavyweights in the business, like Harvey Jekan and Paul Rappaport, come to the defense of AOR. Yes, we can and do sell records! But, just like any industry, the record labels would like to see more of their product sold than is currently the case. It's very important to keep in mind that the economics of this country is not the same as it was 10-15 years ago. Back then it was easy to go into a record store and plop down \$30 or more at a time on albums. These days, not as many people have that kind of money, especially upper demo AOR listeners who have car and mortgage payments. It's also not the same for the labels, because it's much more expensive for them to take a chance on, sign, and groom a new band. Also, although AOR is playing fewer currents total, I think you'll find, that we're playing them more often, which actually results in more exposure for the artists that we do play. Another thing I think you'll find is that stations are sticking with their currents longer, giving them more of a chance to really take

hold. I nearly always stick with something two months or more to see if it's working. Most times, especially with success stories, you could tell earlier. But, if you're going to commit to something for two months, that means that slot on your playlist is locked up, making it more difficult to find room for something that's new. It's a programmer's dream and nightmare in the same breath-not having room on your playlist because all your records are working, and not being able to add all the great new bands like Blue Rodeo, Jenny Morris and Then Jerico...P.S.: Good luck to Lee Abrams. A lot of radio people won't miss him, and a lot of people are real anxious to see if he can really deliver what he says he'll deliver."

**WAQX, SYRACUSE, NY P.D.-LORRAINE RAPP:** "As I expected, the Cheap Trick is now our #1 Most Requested song...The Scorpions new tune, 'Rhythm Of Love', is doing really well, too...As far as sales in the market, the Smithereens new album is selling Top 20 and the Church just made Top 25 on the 95X Syracuse Sales Index...We're going on a second track this week on John Brannen, an artist we feel has the goods, especially after seeing his show live in Syracuse recently. Check out the cover from the CD single. It's pretty cute!"

**KEZE, SPOKANE, WA ASST. P.D./M.D.-CURT CARTIER:** "The dawn of Power Swing is a breath of fresh air to rock radio. We'll be milking these notes for all well into the Fall...No sophomore jinx for Bruce Hornsby And The Range whatsoever. Not since Eton John has someone commanded immediate attention and reaction with the piano...Love the new Trower and Living Colour. Both working well out-of-the-box...The box set of Clapton is the most significant compilation in the history of rock 'n roll...Joanna Dean is fantastic. I love it to death. Sassy, brash, raw, thumbing her nose to you, if you don't like it. Kind of the way another gal approached life. I think her name was Janis...Another veteran female rocker having success is Joni Mitchell. If maybe she's not that accessible for you, try the 'Dancing Clown' track. With cameos from Tom Petty and Billy Idol, this tongue in cheeker has a dozen mood changes. P.D./Morning Man, Gary Allen, is having a ball with it!"

**WTPA, HARRISBURG, PA ASST. P.D.-CHRIS JAMES:** "Two years ago, when a new artist named Bruce Hornsby came along, we were one of a handful to go out-of-the-box. We knew then that this guy was a superstar just waiting to happen and he proved us right. Now with the new track out, amid tons of other new stuff this week, once again we're going out-of-the-box on Bruce, this time in heavy. Not because he's a superstar, but because the record is great. Now when someone says they're playing Bruce, you'll have to ask which one!...I'm usually the first person to say, 'Please, no, not another remake!' But when it's Eric Clapton and 'After Midnight', how can anyone say no? The '88 version sounds great on the air and let's face it, Michelob is two for two. Genesis and Steve Winwood have done it, so why break the streak?...I can't say enough about the new Poison. They've thrown away the bubble gum and have gotten down to rockin'. You could almost call this a great comeback. 'Nothin' But A Good Time' will be the rocker on everyone's mind come Summer...Midnight Oil had a great week on the phones, now coming in at #3. Now it's phones, sales and 'Beds Are Burning' in Central PAI...Cheap Trick continues to pull excellent phones as well, this week up to #4. Every demo across the board reacts as soon as it gets played. Welcome back, guys!"

**WIOT, TOLEDO, OH M.D.-JIM STEEL:** "Hats off to all those involved with putting together the Clapton package! It's a timeless collection that is very, very impressive (too bad we

were only serviced with CDs)...Hornsby's return is also very impressive. 'Valley Road' is just one of those songs that's a given; nothing fancy or flashy, just rock 'n roll the Hornsby way...And, in the kickin' ass and takin' names department: Yngwie and Poison are bonafide phone burners. P.S.: 'Love Bites' is building momentum quickly."

**WPYX, ALBANY, NY ASST. P.D./M.D.-JOHN COOPER:** "The Bruce Hornsby song picks up right where the last album left off and is destined to be huge...It may still feel like late Winter in Albany, but we're warming up the airwaves with Ziggy Marley's 'Tomorrow People', an excellent reggae rocker...Robin Trower got himself a hot rock 'n roll song with 'Tear It Up'. We look forward to his concert here in early May...Everytime we play Tracy Chapman's 'Fast Car' we get tons of interest calls. I haven't seen reaction like this in a long time."

**WAPL, APPLETON/GREEN BAY/OSHKOSH, WI P.D.-GARRETT HART:** "Greetings fellow reptiles. It's Springtime in the hinterlands and it's about time! The term 'chilled out' is apropos here in the land of way, way too much cheese!...Some big names are on our chart this week, including Clapton, Tull and Trower. Names everybody knows, with tunes everyone can sing along with. Mr. Bruce Hornsby has served us up a sweet one with 'Valley Road' and Robert Plant stays the course with 'Ship Of Fools'...Timbuk 3's 'Reverend Jack' is kickin' ass on the tundra and will be making a significant move on our chart next week...We jammed with E.I.E.I.O. here in town last weekend. The boys are no lightweights. Check them out for yourself. These guys come to play...Those are the highlights. 'Til next time, be all you can be. See your local reptile recruiter. In New York, it's 'Flash'."

**WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS:** "Mark my words: Henry Lee Summer is on the edge of greatness. Do not, I repeat, do not pass this man off as media hype. Do go back and give a long hard listen to the whole album. Key in on 'Darlin' Danielle Don't', 'Hands On The Radio' and 'Winged Tip Shoes'. Henry is a charismatic personality who leaps off the vinyl. Now, I speak from experience because Henry rocked the socks off the Hudson Valley last week, when he treated us to his super talent live. He literally had the crowd in the palm of his hands. Henry is one of those artists that you might feel like passing off as a one hit wonder, and that's why I'm soap boxing about him. If he comes anywhere near your town, rush to the show and you, too, will be caught up by his honest, unaffected, damn glad to be having this much fun attitude. Henry Lee Summer will be the fever of the season and WPDH would love to have him back!...Tracy Chapman's album is a revelation. I am mesmerized. Please, please, if you love music, songs in their purest form, lyrics that strike a nerve, you must listen to this entire Lp. 'Fast Car' hit me between the eyes, but I never believed she could sustain such intensity throughout. Wrong. This album is going to move you. Do yourself a tremendous favor, and if nothing else, delight in an awesome treasure...A resounding round of applause for Bruce Hornsby And The Range. 'The Valley Road' continues the road to success. Bruce has made me thankful for my ears."

**WRXK, FT. MYERS, FL P.D.-GREG MULL:** "Let's check out this Ziggy Marley record. What label can we put on it? It's not metal, it's not corporate, definitely not New Wave. It doesn't sound like Billy Idol or ZZ Top. Could it be something different? Sure, it's a reggae record, and I'll bet you don't play much of that, but it's more than just that. This kid has everything going for him. A great fresh sounding record, an instantly familiar name, and a hot record company. This is the most hip record to come out in a while, and you're missing the boat if you're not on it now...Bruce Hornsby's a smash. It doesn't take a Rhodes scholar to figure that out...Finally, play Tonio K's 'Stay'. It has a nice Spanish Harlem feel to it and fits nicely into the mix."

**KGRG, AUBURN, WA O.M./M.D.-AARON VAUGHN:** "The new Krokus is smoking the airwaves! If you're playing AC/DC or Iron Maiden, do your audience a favor and add this. It's great stuff...The new Alarm track 'Rescue Me' has been getting good response here for a couple of months and we should be pushing this one into heavy next week. All signs point to this track being even stronger than 'Presence Of Love'...Look for Brian Setzer and Eric Clapton next week on the G-spot!"

**KNAC, LONG BEACH, CA M.D.-ROSS GOZA:** "Dirty Looks is exploding! The phones are going crazy for 'Oh Ruby', and we're seeing some retail movement, too! Of course, most importantly, these guys rock!...Robin Trower returns to sonic form with a sure fire smash in 'Tear It Up'! Can a guitar sound better? Wait, don't answer...Ronnie Montrose is pure rock guitar god personified, and 'Mach 1' screams! Also, check out 'Sidewinder' and 'Windshear'...Cheap Trick 'All Wound Up' is working well on KNAC. Positive reaction immediately...Song lyrics of the week have to go to Tankard (from Noise Int'l/Combat) for 'Chemical Invasion': 'German beer's among the finest. The beer is pure and chemical free. A standard set which we are proud of. A standard met by no other land...' 'Chemical Invasion': Fight for your right to drink pure beer'!!! Will Loudness sing about import quotas next?"

**WDHA, DOVER, NJ O.M.-MIKE BOYLE:** "A couple of 'thanks' to start off with first this week: Thanks to Valarie and Kenny at Warner Bros., plus Ralph from The Head Office for bringing out Honeymoon Suite. The interview was great, as was Cut One on the new CD. Hint! Hint!...Thanks also this week to Hilary, Michael & Rich at Reprise for a great time at the Neil Young & The Bluenotes New York show. This new phase in Neil's career is so ass-kickin'. Whatever you do this Spring, catch this show when it comes to your town...Musically, the Bruce Hornsby is just what we expected it to be. Another masterpiece! I can't think of any other performer today who is so dedicated to the perfection of his sound!...Congrats Bruce Hornsby & The Range. You've delivered a sophomore seller...You don't come from the east and not play Joan Jett. Joan's new record is her most polished 'rocker' yet. Looking forward to seeing her on the road, always a 'sweating' experience...Finally this week, Joanna Dean is Top 5 phones. If you don't believe me, 'Kiss This'!"

**WRDU, RALEIGH, NC M.D.-BOB WALTON:** "If ever an artist deserved a four CD package, it's Eric Clapton. 'Crossroads' is a salute to 25 years of rock 'n roll's absolute best. If you're narrowing down to two or three tracks, you're doing your audience and yourself a gross disservice. Play it all. Not only is it made for AOR, it made AOR...Speaking of perfect records, Bruce Hornsby & The Range get added immediately into heavy. This band has it all: Image, demos, talent and sales. You just can't do better than this...After extensive on-air testing and in-house polling, Ziggy Marley and the 'Tomorrow People' go on. We have concluded that on a sunny 75 degree day in the Spring, nobody doesn't like Ziggy Marley."

**KEZO, OMAHA, NB M.D.-JOE BLOOD:** "We received a test pressing of the new Robin Trower last Thursday, in advance of his Friday and Saturday shows in town. 'Tear It Up' is a refreshing change of pace. Love the background vocals. With the success of his last project, we look for the new album to solidify his comeback...The Bruce Hornsby is a good sophomore effort. Nothing terribly different in terms of sound, but a good song and a fine performance...The Joan Jett is an anthem you can't refuse...And the Poison is also surprisingly good. It reminds me of Edgar Winter, circa 1972, meets Kiss, circa 1975. It has a great hook!"

**WSTZ, JACKSON, MS M.D.-GUY AUSTIN:** "How come all the other AORs haven't added Lillian Axe 'Dream Of A Lifetime' yet? It's HOT, it's commercial and it's Top Phones here at Z-106. Mega women call for this song. This one is not to be discarded just because they're a new group. They'll bring instant response."

**WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR:** "A mind boggling Clapton collection...Kevin Sutter blew thru town the other day with some enticing details on the upcoming 20th year Tull retrospective. These are sure to be only the first of many such packages from heritage artists. We love the concept. Labels may lament the amount of attention focused on these artists at the expense of baby band exposure, but they sure won't miss the chance to cash in...Has anyone researched the effect that use in commercials has on songs? The remake of 'After Midnight' sounds too good not to play...So does Neil Young's commentary on the subject in the title song to his new one."

**WWW, MORGANTOWN, WV ASST. M.D.-PAT FERRISE:** "Hi! I'm Patrick, and I'm the new M.D.! Susan is off into the real world. Music hours to follow. Watch this space...Let's talk about Tracy Chapman. We're getting a lot of positive comments on 'Fast Car'. Listeners are calling up wanting to know immediately what was played...Ziggy Marley has put out a very solid record. 'Conscious Party' is a great song. He doesn't disappoint real reggae fans. There is some true roots music on this album. This album will promote greater awareness towards reggae music... 'Sidewalking' from The Jesus And Mary Chain is something new that stands out. I love the overbearing production on the drums. I'm looking forward to hearing the rest of the album."

**WKQQ, LEXINGTON, KY M.D.-STACY YELTON:** "I have always hated critics, and I am especially furious over the numerous slammings of Clapton's reworking of 'After Midnight'. So screw 'em. It's heavy and it's HOT. This version is as sleazy and sexy as the original should have been...Nice work from Bruce Hornsby & The Range on 'The Valley Road'. This man smashes the boundaries of formats...Henry Lee Summer's ballad 'Darlin' Danielle Don't' is the perfect follow-up. What a great way to show his many facets and musical styles."

**WIZN, BURLINGTON, VT M.D.-TOM VAN SANT:** "A big week for music here with Clapton, Hornsby, Brian Setzer's fine new one, and Henry Lee Summer's 'Darlin' Danielle Don't'. Thanks to Henry Lee for the visit and excellent performance last Thursday. His sales are now major league in the area, so 'Danielle' is an automatic...Welcome back Divinyls! I always smile inside when Christina's sneer goes out over the airwaves. A great rock band not to be overlooked...Too bad our E/P/A friends never worked the Radiator's 'This Wagon's Gonna Roll'. It's our #1 Most Requested! It's not too late, Harvey...Jenny Morris 'Body And Soul' has all the ingredients to be a big song, including some nice rough edges and a killer hook. Could be the Concrete Blonde of '88...And finally, kudos (or condos) to Apache for the cover of John Brannen's 'Primitive Emotions' CD single. I've always wondered how giraffes did it!"

**WMAD, MADISON, WI M.D.-PAUL MARSZALEK:** "I don't often get starstruck, but Saturday afternoon I found myself in awe of a young woman from upstate New York. She's competent and confident, commanding yet cordial. She chooses her work very carefully. Her name's Natalie Merchant. I'd like to thank her for spending time on the air with me before the Sold Out 10,000 Maniacs show. 'In My Tribe' is selling extremely well and 'Wishing Chair' is simply nowhere to be found. I should also recognize the woman who opened that show. Her name is Tracy Chapman and she happens to have the Most Requested song at our fair station."

**KFMX, LUBBOCK, TX M.D.-JON MC GANN:** "After being a little hesitant on Bruce Hornsby's debut, we had no problem whatsoever with 'The Valley Road'. It's fantastic and has very timely lyrics...Cheap Trick and Midnight Oil have lit the flame and are burning up the request lines...After hearing Clapton's 'Crossroads' collection, it reaffirms beyond any doubt his rightful place on top of the rock 'n roll spectrum. We added 'After Midnight' and it seems even better than the original version that's been on for years."

**WGLF, TALLAHASSEE, FL P.D.-WILL DOUGLASS:** "I would like to thank Dave Garbarino from Geffen and Steve Jones from Atlantic for a job well done at the Aerosmith/White Lion concert Friday night. It was great to see over 9,000 people on their feet at a rock 'n roll concert in Tallahassee. Both bands put on a hell of a show. Don't miss this tour...I'd also like to thank WRUF's, Harry Guscott, for letting the all new Gulf 104 dub some songs from Rock 104's incredible CD library. Thanks, Harry."

**KACV, AMARILLO, TX P.D./M.D.-JAMEY KARR:** "Wow! What a week for new music! Tracy Chapman and Shona Laing are burning up the phones, along with the Dancing Hoods and the Adventures. Give Led Zeppelin 4 a rest and give your listeners a real treat...Cheap Trick's newest and Kings Of The Sun are rocking out our mainstream audience with the Scorpions warming up in the bullpen. Stuff 'Layla', we're rockin' in the '90s!"

**WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN SMALL:** "Another good week for some exciting new releases: The Eric Clapton boxed set is amazing. The amount and the quality of music on 'Crossroads' is going to make this a must have for any record library... 'After Midnight' gets an excellent new arrangement, which will make listening to this classic refreshing all over. Bruce Hornsby has proven that he's got the goods by following up his first release with a quality piece of music in 'The Valley Road'. This one sounds instantly at home on the radio...Likewise with Jon Anderson's 'Hold On To Love'. One spin on the turntable was enough to make sure that this one wound up on the air where it belongs."

**WIXV, SAVANNAH, GA M.D.-RICHARD SMITH:** "Like the new Poison. It rocks, dude!"

**WSUP, PLATTEVILLE, WI M.D.-DAVE KARWOWSKI:** "As WSUP gears up for a great Summer, the music is getting hotter as well. The Smithereens are burning up the 'SUP airwaves with 'Only A Memory', so now we go two deep into their new Lp with 'Drown In My Own Tears'...Midnight Oil gets Most Requested honors this week with 'Beds Are Burning'. They will also find their way to Madison, WI April 28th. Speaking of shows in Madison, Tracy Chapman started things off for the 10,000 Maniacs last week. The Maniacs see their way to the Add category this week at 'SUP with 'Like The Weather'. Thanks to Todd Cavanaugh for the tickets. Great show!"

**KMJX, LITTLE ROCK, AR M.D.-DAVID ALLEN ROSS:** "I can't understand why Album Radio is ignoring the new Toto. The song 'Stay Away' is made for AOR. After seven albums they're still out there and this band originally got its start with Album Radio. Also, some other tunes you ought to listen to: The new John Kilzer 'Red Blue Jeans'; Krokus 'Let It Go' is probably their strongest effort to date. There's a fantastic ballad by the Scorpions off the 'Savage Amusement' album, very reminiscent of 'Believe In Love'...I want to mention one more time, Magic 105 is presenting Joe Walsh Rockin' At The

River on April 30th...Hats off to the folks at Polygram for the fabulous Eric Clapton CD set."

**WWTR, OCEAN CITY, MD M.D.-JENNIFER GIPE:** "WWTR will be starting a reggae show and would appreciate record or CD service on any reggae artists. Send to P.O. Box 717, Ocean City, MD 21842."

**WYBR, ROCKFORD, IL ASST. P.D./M.D.-MIKE FERRIS:** "Our thanks to Dave Remedi of RCA, Nancy Stein of Warner Bros. and Capitol's Bill Dempsey for their help with our Heart Of Rock 'N Roll Auction...The new Bruce Hornsby is as smooth as silk off a silver pool sez P.D.-Mike Thomas."

**SEAN COAKLEY, ARISTA (212-830-2178):** "THE CHURCH is a certified hit at Rock Radio, thanks to the support of 96% of the format who BELIEVED in their own ability to take an unknown and break a SONG. 'Under The Milky Way' continues its surge up to the top spot with Top 40 finally joining the space travel program in the past few weeks. Now we must set our sights upon breaking the ARTIST. **JEFF NAUMANN, VIRGIN (213-278-1181):** "Roger 'Queen' Taylor has a new band called THE CROSS. You should all have both the Lp and the two-song 12". The title track 'Shove It' has the potential to be a huge teen anthem and what better time of year, when everybody is in school has that 'Shove It' attitude—bring on the summer vacation! 'Shove It' also has another big hook. That is lots of Queen sampling. One test play should light up the phones. Give it a spin. For those of you looking for a straight rocker, we've included a second track on the 12" 'Love Lies Bleeding', with scorching guitars...ZIGGY MARLEY sales in just two weeks have reached over 200,000. This is real, no hype, honest to God. If you don't believe me, contact your local retail accounts or any one of a number of radio stations including WMMR, KROQ, WBCN, WNEW, 91X, KBCO, WPLR, WRIF, WXKE, WXRT, WRDU, WO—you get the picture. Sales, re-orders, huge phones, Sold Out shows, massive press coverage from Rolling Stone to Time magazine are just a few of the elements that add up to one thing—HIT RECORD! PLAY IT, YOUR AUDIENCE WILL LOVE YOU FOR IT!"

**MICHAEL LINEHAN, REPRISE (818-953-3750):** "NEIL YOUNG'S 'This Note' Lp and 'Ten Men' track roll into the Top 10 on every track and Lp chart (in a couple cases the Lp is Top 5). 'Ten Men' is #6 Requests in all three tips and the Lp is showing breakout retail reports its first week, with a debut in Billboard at 112\* and on the Album Network Retail Chart at 80\*. Well over half the stations already have this cut in power or heavy. Our thanks to radio for your incredible support of this project. I think it's safe to say that Neil will be around for some time to come. And if you

are one of the five or six stations not on this track, I can't imagine what else you are waiting to see before you realize your audience wants to hear this record...In a week that saw over 300 adds on just four cuts, the BODEANS 'Pick Up The Pieces' continued to pick up adds, rotation increases, and chart growth. Many of you have told us you want to play this track and we need your support now. You know this is one of the major bands of the future, help us continue to spread the base on this cut...If the LOVE AND ROCKETS show is coming to your city, get there early and catch the MIGHTY LEMON DROPS opening set. This is a great live band and they have been receiving excellent response on this tour. On Gavin's Alternative Chart they go to #1 this week!

VICTOR S. LENTINI, PASSPORT (201-753-6100): "LESLIE WEST 'Love Is Forever' and WILD SEEDS 'Debi Came Back'...Tuesday."

PAUL BROWN, VIRGIN (212-463-0980): "In regard to many of your recent queries, I'd have to think that it's a result of the recurring nightmares that I have about Sebastian Cabot and Orson Welles stripped down to loincloths, Sumo-style, and grappling grotesquely in a tub of day-old mayonnaise. That being squared away, let's talk about ZIGGY MARLEY AND THE MELODY MAKERS. The song, 'Tomorrow People' could very possibly be a five format smash: AOR, Alternative, AC, Top 40, as well as at the emerging Adult Alternative stations. The street (aka retail) is buzzing deafeningly and the live shows have been something to behold. They've been incredibly joyous celebrations. There's something going on here, folks, that's bigger than all of us. Remember, 'Tomorrow People', in fact, the whole Lp, 'Conscious Party', isn't just a reggae album. Before the smoke clears, I think that a lot of barriers are going to be trampled. Everyone is invited to the 'Conscious Party'. 'Everyone' as in you, too...Next up, is an Lp from Roger Taylor's band, THE CROSS, entitled 'Shove It'. You've got a 12" (that's right, you do) A/B'd with 'Shove It' and 'Love Lies Bleeding'. There's some serious distortion going on here. Check it out on headphones...And coming soon, the Virgin debut for CAMPER VAN BEETHOVEN AND THE RAILWAY CHILDREN'S second Virgin release, entitled 'RECURRENCE'."

CLARISSA GARCIA, ENIGMA (213-640-6869): "I'm not one to give advice/But girl, you're in trouble and you better think twice/You're holding up your hands with diamonds on your rings/Is it love or money that makes you do these things/I say Na Na Na Na Na Na/I'm on to you/Na Na Na Na Na Na/I won't be your fool/Can't you see how hard I try to keep you satisfied/Na Na Na Na Na Na...I saw that Steve Kantscheidt/WCDB wants to marry Peggy Donnelly. Steve, give Rich Scroggs/WWVU a call so he can predict your future. But make sure you don't call during Rich's afternoon nap-time. Oh, and after his nap, give him time to have his milk and cookies. Look for HURRICANE to tour with MSG (yes, it's true) and RONNIE MONTROSE will tour with Allan Holdsworth (yes, it's true). As soon as I have confirmed dates, I'll let ya know...Well, I have to get back to singing my song. (Sing along everybody)...You can play with your money, but you can't play with love/The company you keep—you put yourself above/What I want to know is what you want with me/You've got my attention but not my sympathy/I say Na Na Na Na Na Na/I'm on to you/Na Na Na Na Na Na/I won't be your fool/I don't wanna hear your lies/I'm being victimized/Na Na Na Na Na Na."

ROB STEINBERG, SCORPIONS/BREAK A LEG (214-667-6766): "A timely tour for the teutonic terrors is about to become a mega monster. So is the scintillating smash Lp 'Savage Amusement' debuting at #12 this week. After a few years of letting the hard rock scene develop, these masters of melodic metal are once again proving their power and promise.

'Rhythm Of Love' has already garnered the attention of radio and listeners alike. And of course, who could argue with 150 stations and a 16-12 move on the Hot Trax and #3 requests. THE SCORPIONS are looking forward to the upcoming Monsters Of Rock tour and three-month headlining stint beginning in August. And I mean they are ready to invade the American airwaves, arenas and stadiums...Break A Leg Productions: I have nearly fully recovered from my car accident of two years ago and look forward to renewing old relationships and developing new ones when we come to town. All the love and support over the past two years has helped my spirits and leg heal enormously. And thanks to everyone who was there. You know who you are and you are mah-velous...Now back to the music. Please let me know what your favorite and best received songs are from 'Savage Amusement'. Please call me before the 20th of May. I'll be in Leningrad until May 1st watching the Scorpions perform several Sold-Out-shows to the Soviets...Keep rockin'."

PENNY BARNES, RHINO/RAMPAGE (213-828-1980): "Lots of things to run by you this week, so I'll be brief. First of all, I've been reading comments by some radio stations who are actively looking for the greatest CD player to grace the studios of radio stations nationally, because seemingly there is a problem with them breaking down regularly, etc. Well, the one to buy would have to be the Technics SL-P1200 model. It is being utilized in the best studios across the country for its durability and many features (including pitch control). So there it is...Now, talkin' music, this week was our first week for the ONLY CHILD single to be added, and it was!! We had a good week picking up stations like WKWQ, KJJO, KLWD, WRCN etc., out-of-the-box. To those stations a big gracias!! Now, if you've been actively looking at this record since it came in (about two weeks ago), hopefully you have had time to live with it a little bit, and come to realize what a great sounding record this is. As far as accessibility is concerned, this is about as accessible as Rhino records gets. I am hearing the word 'hit' daily, and only now request that you take two seconds to listen to 'I Believe In You' to hear what we mean. Being a person that usually has product that leans a little to the left, I am sincerely happy to be able to work a record of this calibre. Remember WHITE LION? Well, there have got to be stations out there that feel that same way about this record. It's there—good production, great vocals and harmonies, awesome hook. What more is there? The band is radio ready, this song is a smash! Do not, I repeat, do not wait on this record, because it will pay off for your station to be on it early!!...The HOUSE OF FREAKS tour is on the road and blazing new trails on the road to success. They were especially well received at their show here in L.A. last week at the Paladium. Check them out at a venue near you...Have a great week."

MATT POLLACK, WADD (212-917-8425): "Just went 9 cuts deep on the JOE SATRIAN! album this week. The phones won't stop ringing and it helped us make a killing in the ARB's. Between that and the new one from the DANCING HOODS, we are now number one male and female, 12-83 in Hollis, Queens. Thank you Relativity."

MICHAEL SCHNAPP, SPV (516-783-3040): "Attention all metal shows...ATTENTION ALL METAL SHOWS! Through the grace of God and U.P.S. you should have our first 4 releases. Yes, they came! Early reaction to SODOM, DESTRUCTION and SATAN has been really great. Sodom's 'Persecution Mania' is SHOCKING people, it debuted at #23 on the Concrete Top 30 sellers April 15, 1988. Yeah, it's a real SOLID record. I've gotten word that you like the songs 'Bombenhagel', 'Persecution Mania' and of course, the Motorhead cover 'Iron Fist'. SATAN is really more melodic than you would think. With a name like Satan—it has to be good!...Check out the Satan songs 'Key To Oblivion' and 'Hear Evil, See Evil, Speak Evil', and get down with those vocal harmonies. Also, in your hands is DESTRUCTION (on blood

red vinyl) with the 'Mad Butcher' checkout cover of the old Plasmatics song 'The Damned' and of course, 'Mad Butcher' (I just love the artwork). Remember to check between the Butcher and Damned for the bonus track, all of 30 seconds of the Pink Panther theme, just great for answering machines). That's the METAL ROUNDUP for now. So go bang your head, will ya...Over to the Non-Metal, the BOLLOCK BROTHERS is out soon, look for a 12" on 'Harley David' (Son of a Bitch) Do you Dare? Also soon are the RAYMEN. Also, we are putting out the German hit, 'Okay' by O.K. This has been in the Billboard West German chart at #2 for 2 months. Yeah, we got something for everybody...Later...P.S. (Personal Shit) It's Battalion, Not Battaccion...Shelly I.C.M., Thanx...And did I like the Crumbs & Leeway?"

SHERRI TRAHAN, RESTLESS (213-640-3772): "Yes, it's true, Chris Watts has left our happy home to brew beer in Detroit. Although he could sleaze his way to every club in town, he just wasn't capable of weaseling enough gratis brewskies to keep him afloat. We'll miss his boyish charm and his movie-star looks (HA! HA!). So many fabulous records are skipping out the door here that I have paper cuts galore from packing them for your perusal. Lucky for us that Mike Ness had his guitar in the slammer, 'cause SOCIAL DISTORTION'S 'Prison Bound' is the gutsiest balls-out-blues rippin' rock this side of the cell wall. The title track and 'Like An Outlaw' are my faves. Try 'No Glam Fags' on 'Manic Panic', the debut album for MX MACHINE, our very own Pasadena hardcore-on-speed clowns. If you're hip to early GENERATION X, then you'll feel right at home with the FORGOTTEN REBELS 'Surfin' On Heroin'. 'Next time you go surfin', use a board, not a needle'. Point of advice from our Canadian friends...More SEX PISTOLS: 'The Mini Album' and 'The Swindle Continues'. May's another insane month for us with Mr. Wire himself COLIN NEWMAN'S solo Lp, 'It Seems Scala', featuring Bill Nelson, (pop-opera on 3 inch CD only, call me), our favorite off-beat art guys releasing 'Somewhere In Devo', the seminal punk band U.K. SUBS cranks out 'Japan Today', and lastly, the CAT HEADS (production masterpiece, thank you David 'Camper Van' Lowery) 'Submarine', which will undoubtedly be one of the Top 10 alternative albums of the year. We've just 'inked deals' (how corporate) with THE TALLGATORS and 7 SECONDS. Yeah!!..RESTLESS is also releasing the next record for an infamous psychedelic slut (furs?) band from L.A. Guess who?"

PHILLIP HARDY, MEGAFORCE (212-264-6533): "KING'S X. What can I say? What more can I add? I could scream, I could shout, I could beg, cry or whimper. But I won't. Forget the hype, forget it all. Just put the album on and listen to it. Is there something that I hear that honestly isn't there? Could I be that wrong about this? I can't bring myself to think so. Please listen to 'King', 'Goldilox' and 'Shot Of Love', then go back to 'King'. If after this you don't hear what I hear, please tell me so I can seek professional services. Honestly, I know what I'm up against, but damn me if I lie, I can look at anyone after listening to most anything new and know that my record is better. So without me begging, pleading, shouting, yelling, hyping, or anything; I respectfully request that each of you fine radio programmers step out and up to the plate for the little label that is trying so fuckin' hard to get people to listen. Special thanks are in order to the people who believe, you know who you are, extra special thanks to Bill and Rose, who have cut themselves and bled for this record; I won't disappoint you...As a parenthetical remark, I would like to congratulate (and thank) EMI Manhattan on their upcoming release by QUEENSRYCHE, 'Operation Minderime'...Finally, I can take the

KING'S X tape out of my car tape deck. Quite simply, the Queensryche album is one of the most intellectually satisfying pieces of music I have been treated to in a long while. I wish them the best of luck with this deserving product."

CHERYL VALENTINE, METAL BLADE (212-645-6208): "Steve Kantscheidt is the rulingest! He has FATES WARNING at #1 and HALLOWS EVE at #2. Can anyone top that? Jessica Harley has 50,000 watts and has Fates Warning at #1. Dr. Metal has 50,000 watts and has Fates at #3. Let's see what other mega stations will join in to break the band. Come on guys, be innovative, fresh and exciting. Put Fates Warning on your bill!...This week's 'tits' list for airing 'The Ivory Gate Of Dreams': Caesar at WKFU, Derek at 97 Underground, John at WVBR, Matt at WRFI, and Randy at WHMH. What other happenin' metal jock and jockettes will devote their time to playing 'Ivory'? More tits next week...My current God roster is growing (sorry for the sexual undertones in that statement). It now includes: Jay at WBSD, Steve at WFCS, Corey at WKNJ, and Matt at WNEK. Fates Warning is numero UNO at these extremely tasteful stations! You rulin' dudes are plunging me into eternal bliss over Fates' success. Oh happy day!...About that guy Russ Ceccola--Get this! Russ' newest excuse for not coming up to New York for the weekend is that it's Friday the 13th. He sez that he cannot miss the premiere of 'Friday the 13th Part MXCII'. Yes, Russ is truly a sick pup (a Ray Aldere phrase), I really can't stand the guy. He irritates me to no avail...Clarissa! That wasn't Clairol's Winter Wheat that I sent you. It was joy jelly to help you out with your hopeless husband Bill...Ah well, more futile attempts at slugging next week."

MONTE CONNER, ROADRACER (212-219-0077): "TOXIK and ZNOWHITE continue to pick up adds and slowly slither their way into the Top 10 at many metal blocks. That's no easy feat. Not only are these two competing against each other for that coveted Top 10 spot, but they're also competing against the likes of YNGWIE, SCORPUS, MAIDEN, FATES, GUNS, AC/DC and many more. Yes indeed, my work is cut out. But thankfully, I'm dealing with killer product. Toxik's 'World Circus' is melodic, technical speed metal with mainstream appeal. Check out 'Voices' or 'Social Overload' and you'll be impressed by the musicianship, lyrics and infectious melody. Znowwhite are more for the hardened, weather-beaten thrashers, the ones who dig bands like WHIPLASH, KREATOR and METALLICA. The big track is 'Thunderdome'--a manic, neck-snapping, 2-1/2 minute exercise in precision thrash. Not for wimps! This one is loosely based around the 'Mad Max Beyond Thunderdome' movie. But Znowwhite do have melody, mainly due to female vocalist, Nicole Lee, who is utterly brilliant on tracks like 'A Soldier's Creed' and 'War Machine'. Would it help if I told you that Megadon endorses Znowwhite? So what's the deal? Which do you prefer, Toxik or Znowwhite? Check out both and let me know 'cause I'm still tryin' to decide for myself. Call if you want to speak to Toxik's Josh Christian or Znowwhite's Ian 'I'm just a homeboy' Tafoya...KING DIAMOND advance tapes of 'Them'--soon!!! The master himself will be here from May 6-13th. He'll be haunting New York City, L.A. and Dallas. Call me for the scoop on the storyline of 'Them'--and remember: DON'T BRING THEM HOME TO MOTHER!...Before leaving, I have this incredible urge to give you my Top 10. So, here goes: CRUMBSUCKERS, WARGASM, AC/DC, KING'S X, BLIND ILLUSION, SODOM, VIOLENCE, JOE SATRIANI, VOIVOD and VENDETTA. If you're in a non-metallic mood, check out GREG KROLL...P.S. Art Boerke--I'm waiting for your promised dialogue."

MEGADON, COMBAT (718-740-5700): "Now that MAIDEN and SCORPS have new albums in the airwaves, it's time once again for the rest of us promopeople to market our product as 'alternatives' (I hate that term) to these supergroups. Might I be so bold as to suggest CRUMBSUCKERS, BLIND ILLUSION, and VIRUS? (There's plenty of other great stuff out, but let Cheryl, Monte, and their ilk tell you about those)...I saw Crumbsuckers at Irving Plaza last Friday. I hadn't seen my boys in over a year, and I've never seen them better. The songs 'Breakout' and 'I Am He' got the best response of the newer material, but everyone held their breath for the band's

unofficial anthem 'Bullshit Society'. The bodies were flying during that one...Cheryl Valentine is a jinx. Everytime we leave a show together, I get into or nearly get into a fistfight with someone. She'll give you the details of the spat. Cheryl Valentine is hazardous to my physical health...REAL MEN T-shirts in two weeks, gang; they're five bucks (postpaid), are double-sided, and come in extra-manly size only (of course). They're gonna go fast, I've got four dozen coming, and I'm halfway there in pre-orders already...Funny, funny Caesar, but I've got news for ya, kiddie: you ain't the first to compare me to Andre The Giant...What's with all the repeats? OLD GLOW, old Alf, old Al Bundy? When will this boring writers' strike end?"
