HEART.....RONNIE SPECTOR.....JUDE COLE.....STAN CAMPBELL.....IMMACULATE FOOLS.....  
THE COLOURFIELD.....MONTROSE.....ACE FREHLEY LP

#### HEART, "ALONE", CAPITOL

A power ballad by an artist of less than Heart's stature might leave you holding out for the album. But the Wilson Sisters' proven track record in this genre--coupled with their status as the standard by which other female projects are measured--mandates immediate airplay. "Alone", produced by Ron Nevison, is loaded with female/25+ appeal, you know it'll fly across the street, and who could hold back when the band kicks in and Ann lets loose with her lusty pipes? You won't be alone.

#### RONNIE SPECTOR, "WHO CAN SLEEP", COLUMBIA

The voice that defined an entire era in '60's female rock 'n roll returns in a duet with her favorite partner in crime, Eddie Money. You already know their chemistry yields major league results--"Take Me Home Tonight" peaked at #1 Trax, #2 Most Requested--and with Eddie's current winning streak, his contribution is a big bonus with your audience. Give 'em this soft wall-of-sound pop rocker, complete with Ronnie's trademark "whoa oh ohs" and Eddie's instantly recognizable vocal stamp, before they hip up to it across the street.

#### JUDE COLE, "LIKE LOVERS DO", WARNER BROS.

Jude's a former member of Rockpile and The Records, he's played in Dwight Twilley, Billy Thorpe and Moon Martin's road bands, Dave Edmunds has covered his material, and Tom Petty asked him to try out for the Heartbreakers. Guess you could call him the best known unknown around. On the Russ ("Back In The High Life Again") Titelman produced debut 12", Jude contrasts his reedy voice against a powerful backbeat and subtle '50's flavor. The result is a guitar-driven, mid-tempo rocker par excellence. Hey, Jude.

#### STAN CAMPBELL, "YEARS GO BY", ELEKTRA

We've all been waiting for someone to revitalize that mid to late '70's jazz-rock Doobie Bros. sound, but whoda thunk it would come from this former Special AKA co-lead singer? Stan's vocal similarity to Michael McDonald is uncanny, and this slick uptown shuffle reeks of class and upper end appeal. One of the best "new" voices we've heard all year.

#### IMMACULATE FOOLS, "TRAGIC COMEDY", A&M

It's currently the fastest rising single on the U.K. charts and understandably so. Propelled by a rhythm track that picks up where "Every Breath You Take" left off, Immaculate Fools state-side debut walks that fine line between brooding British modern rock and distinctively different AOR material. The strategically stark arrangement and breathy vocals give it a hypnotic quality, with Ross Collum's (Tears For Fears) production adding a smooth veneer.

### THE COLOURFIELD, "RUNNING AWAY", CHRYSALIS

Count on "Deception" becoming one of the year's biggest Adventure Club albums. But there's also plenty of first rate material for crossover conscious AORs and Hit Radio. Start with "Running Away"; finally, someone's done '80's justice to this overlooked Sly Stone classic, complete with a funky guitar fix from Roland Orzabal. Already on KBCO, KROQ, WRAS, WFNX, WTOS, WEQX and KTCL, in power at WLIR. Then check out the poly-rhythmic "Badlands" or the beautifully bittersweet "Miss Texas, 1967". Daring and deep.

### MONTROSE, "GAME OF LOVE", ENIGMA

He's long been a leader in guitar artistry having worked with the likes of Edgar Winter, Van Morrison, Sammy Hagar and Boz Scaggs to name a few. Ronnie's debut Enigma release, "Mean" shows Ronnie's love for the music that has influenced pure rock guitarists for over twenty years. Covering Wayne Fontana and The Mindbenders "The Game Of Love", Montrose gives new life to this timeless chestnut kicking out the jams from start to finish! WDHA's Mike Boyle jests, "What's more fun than a jar of K-Y? A revolution on the turntable with 'Game Of Love'!"...While WMGM's Al Branca nails it, "This song is big on originality even though it's a remake. Coolest record of the week!"...Come on, baby, let's play.

### ACE FREHLEY, "FREHLEY'S COMET", MEGAFORCE/

ATLANTIC...Ace is back and Rock Radio rolls out the red carpet as "Into The Night" storms on 19 OTBers, including WNEW, WHJY, WYNF, KISS, KMOD, WEZX, KAZY, KWIC, WDHA and KNAC, debuting the track at 99\*. And radio's ready for Ace: Beaver Brown, KDJK screams, "It kills me!"...Tom Starr, WOUR declares, "Back with a vengeance!"...Dave London, WEZX cites, "A mass appeal rocker"....Redbeard, KTXQ is "Pleasantly surprised"....Mike Boyle, WDHA reports, "Calls are through the roof!"...Glenn Stewart, WHJY subtly reminds us, "The Kiss army is huge!"...And Mark Williams, WWZU closes nicely, "Ace Frehley is off and flying; no stopping this comet. It'll kick you in the ass-teroid!" With the Lp now arriving, you'll wanna check out the depth charges. Go immediately to the autobiographically flavored "Rock Soldiers"; it's a gas. And also lend an ear to "Something Moved". Ace is back and he told us so!

## AUTOMATICS

Depth Trax From Established Albums

### WORLD PARTY, "ALL COME TRUE", CHRYSALIS

Here's the real format follow-up to the Top 5 "Ship Of Fools". Larry Snider, KXRX suggests, "Any station that's truly serious about adult demos should stick with this song". Brew Michaels, KEZE agrees, "The upper demos are responding to the haunting Stones-like melody and highly polished sound. Definitely the best song on the album." New on 10 including DC101, KLPX, WCCC and WBRU, now on KGON, KLOL, KDKB and KATT, pulling Top 5 phones at 3 including KGON. New at 93\* Trax.

### LOS LOBOS, "IS THIS ALL THERE IS?", SLASH/WB

Lobos are winning over scores of new fans daily, thanks to Rock Radio's unwavering support and the blazing "must see" live show. Few albums have depth and quality to compare with "By The Light Of The Moon" so why wait on the new emphasis track? This sax-powered roots rocker deluxe will have your listeners

hoppin' 'n' boppin' all the way to the cantina for another Corona or 12! New on WHCN.

## DOUBLE SHOTS

Deserving Second Trax From Newer Acts

### JOHN PHILIP, "LITTLE BIT OF FAITH", ATLANTIC

"What's It Gonna Be" established a strong Southeastern base for this Gator Country rocker. With the follow-up track, John again proves he can pen and play solid American rock 'n roll that draws on the rich Petty/Mellencamp tradition. There's tons of hooks, some great modern production, and a totally accessible sound that fits the format like a glove.

### HIPSWAY, "ASK THE LORD", COLUMBIA

As one of '87's longest running Buzzbands, Hipsway made quite the first impression on both formats with "The Honeythief". Now as we explore the creative depth of this rookie's debut offering, we discover a track even more oriented to Rock Radio. The hot new version of "Ask The Lord" displays a more vibrant vocal as well as a hot lead guitar mix. The new priority track comes replete with that infectious Hipsway beat and those magnetic hooks. But the big sell is Graham Skinner's compelling, Idol-esque vocals. Let's gear up for round two!

### BILLY BRANIGAN, "CAN'T LUV U", POLYGRAM

Billy B.'s "Maybe Tonite" was obviously only a mere tip of the iceberg regarding Branigan's musicianship and direct appeal for the format. When we initially touted Billy's leadoff 12" we earnestly believed, and continue to believe, in this artist's relevance for Album Radio. "Can't Luv U" is decidedly more rock than pop, and showcases Billy's searing axe work coupled with those energetic vocals. This raved up rocker smokes from the git go. Blast it!

## REACTION RECORDS

The Most Active New Trax as Determined by Adds, Charts and Programmer Reaction

### MASON RUFFNER, "GYPSY BLOOD", CBS ASSOC.

(70 New/71 Cume)...Mason impressively checks in this week at #1 Most Added with a hearty 70 OTBers including WMMR, WNEW, WIOQ, WLLZ, KTXQ, KGB, KISW, KBCO, WQFM, KFOG, KRQR, KXRX, KMJX and WEGR bowing the track at a mighty 50\*! And radio's jacked. Sample these "four star classic" reviews from the likes of Harvey Dr. K. "He re-invents the guitar" Kojan, KLOL; Chris "Good hot stuff" Emry, WIYY; Dave "New guitar hero" Kane, WCMF; Stacey "Rock 'til you drop!" Yelton, WKQQ; Bob "Love those riffs" Welsh, WQBK; Inessa "It's wonderful!" York, KGON and Greg "This guy's hot!" Mull, WRXK...Jim Trapp, KZEL endorses, "His playing will lay you out!"...Rad Messick, WDIZ promises, "Will be big!"...Chris James, WTPA reveres, "Jimi Hendrix meets Jimmy Page"...Cathy Down, WLNZ relates, "Blood, Sweat And Tears of rock 'n roll"... And Redbeard, KTXQ praises, "America's best kept secret"...But not for long.

### JON BUTCHER, "HOLY WAR", CAPITOL

(34 New/52 Cume)...The first full impact week on Jon's double shot shows nothing short of high programmer confidence in this brilliant package. Among the 34 New are KOME, KUPD,

KAZY, WAQX, WAPL, WCCC, KISS, KWHL, KMOD, KICT and KRQR stretching the now playing column to 52 and debuting "Holy War" 59\* Trax. You can't get any more topical. Larry Miles, KOME offers, "Timing is everything; how did he know?"...Jim Trapp, KZEL believes, "Topical, tough and tenacious!"... Chris James, WTPA agrees, "Timely and terrific!"...Kelly Cruise, WEGR echos, "Right on time!"...And more raves from Joe "Super smash!" Marino, WAQY; Harvey Dr. K. "Another smash!" You'll not only join the headlines but you'll make headlines with your listeners on this one!

LITTLE STEVEN, "TRAIL OF BROKEN TREATIES", MANHATTAN... (33 New/100 Cume)...This passionate and powerful song is breaking wide open as the second week garners 33 New (KYYS, WAAF, WIOQ, KUPD, KILO, KLOS, WQMF, WBYP, WQFM, KOME, KEZE, KRQR), hitting the century mark with the cume and generating this report's #5 Trax Gainer, 52-36\*! As six increase play, 24 are already citing Good/Excellent phone action including WBCN, KLAQ, WXRK, WDHA, WPLR, WQBK, WLNZ, WMGM, WHTF, KATP and KMBY. Larry Miles, KOME steps up, "Little Steven hits us with another powerhouse, sure to grab the ears of everyone!" Plus the heart and soul!

ANDY TAYLOR, "DON'T LET ME DIE YOUNG", MCA (32 New/33 Cume)...Andy's next automatic track impacts at a healthy 32 this week including KISS, KNAC, KOME, KRQR, WQFM, KLBK, WHCN, WZZO, WEZX, WDIZ, WTPA, WEGR and WAAF debuting the track at 76\*. There are tons of "Great follow-up" type comments and waves of accolades. Russ Mottla, WAAF shouts, "The dude rocks!"...Bob Kranes, WXRK coins it, "Straight ahead rocker"....Dave London, WEZX touts, "Best track on album"....Elise Vander Borgt, KNCN assures, "He's definitely rockin'"...Stacy Yelton, WKQQ remarks, "Another one that works"....And Harvey Dr. K. Kojan forsees, "Serious hit potential." Bet the house on it.

R.E.M., "AGES OF YOU", I.R.S./A&M (30 New/97 Cume)...KTXQ, WRXL, CILQ, KLOL, WZZO, WHTQ, WHCN, KRQR, WFYV, WONE, KMJX, WRKI, WWTR and KOZZ are amidst the 30 newcomers mushrooming the cume to a beefy 97 and with eight play increases (WDIZ, WKQQ, WMGM, WDHA, KUPD, KFMQ, KLAQ, KMBY) motivates a 50-41\* Trax jolt. Stacy Yelton, WKQQ shoots straight, "'Dead Letter Office' is open and operating. R.E.M. sounds groovy as always. We know better than to sit out on any R.E.M. release." Good, sound advice.

TOM PETTY AND THE HEARTBREAKERS, "LET ME UP (I'VE HAD ENOUGH)", MCA...With the Lp gaining more momentum than a runaway train (holding strong at 4\* National and Metro), it's appropriate that the consensus back-up track is none other than "Runaway Trains". It's this week's #5 Trax Gainer, 44-28\*, on the basis of a stout 29 new (#6 Most Added, including KRQR, KUPD, KBPI, CFOX, KAZY, KILO, KWIC, WEZX, WXRK, KOZZ), 98 current mentions, plus Top five phones at WEZX and WWTR. Coming in a close second is "The Damage You've Done", garnering fresh spins at KDKB, WEZX, WRFK, KPOI, KWIC, KMBY, WAOR, KTYD WXRK and KJOT, now on a fat 54 while leaping 62-53\* Trax. Meanwhile, the lead track maintains its superb status as our #1 track in the rack, holding firm at 1\* Hot Trax, while upgrading 3-2 Most Requested. Of 163 now on it, 129

rotate in Power, 19 more supply Heavy emphasis and a whopping 43 report Top 5 phones. This album will not let up until everybody has had enough--sometime in 1988, no doubt.

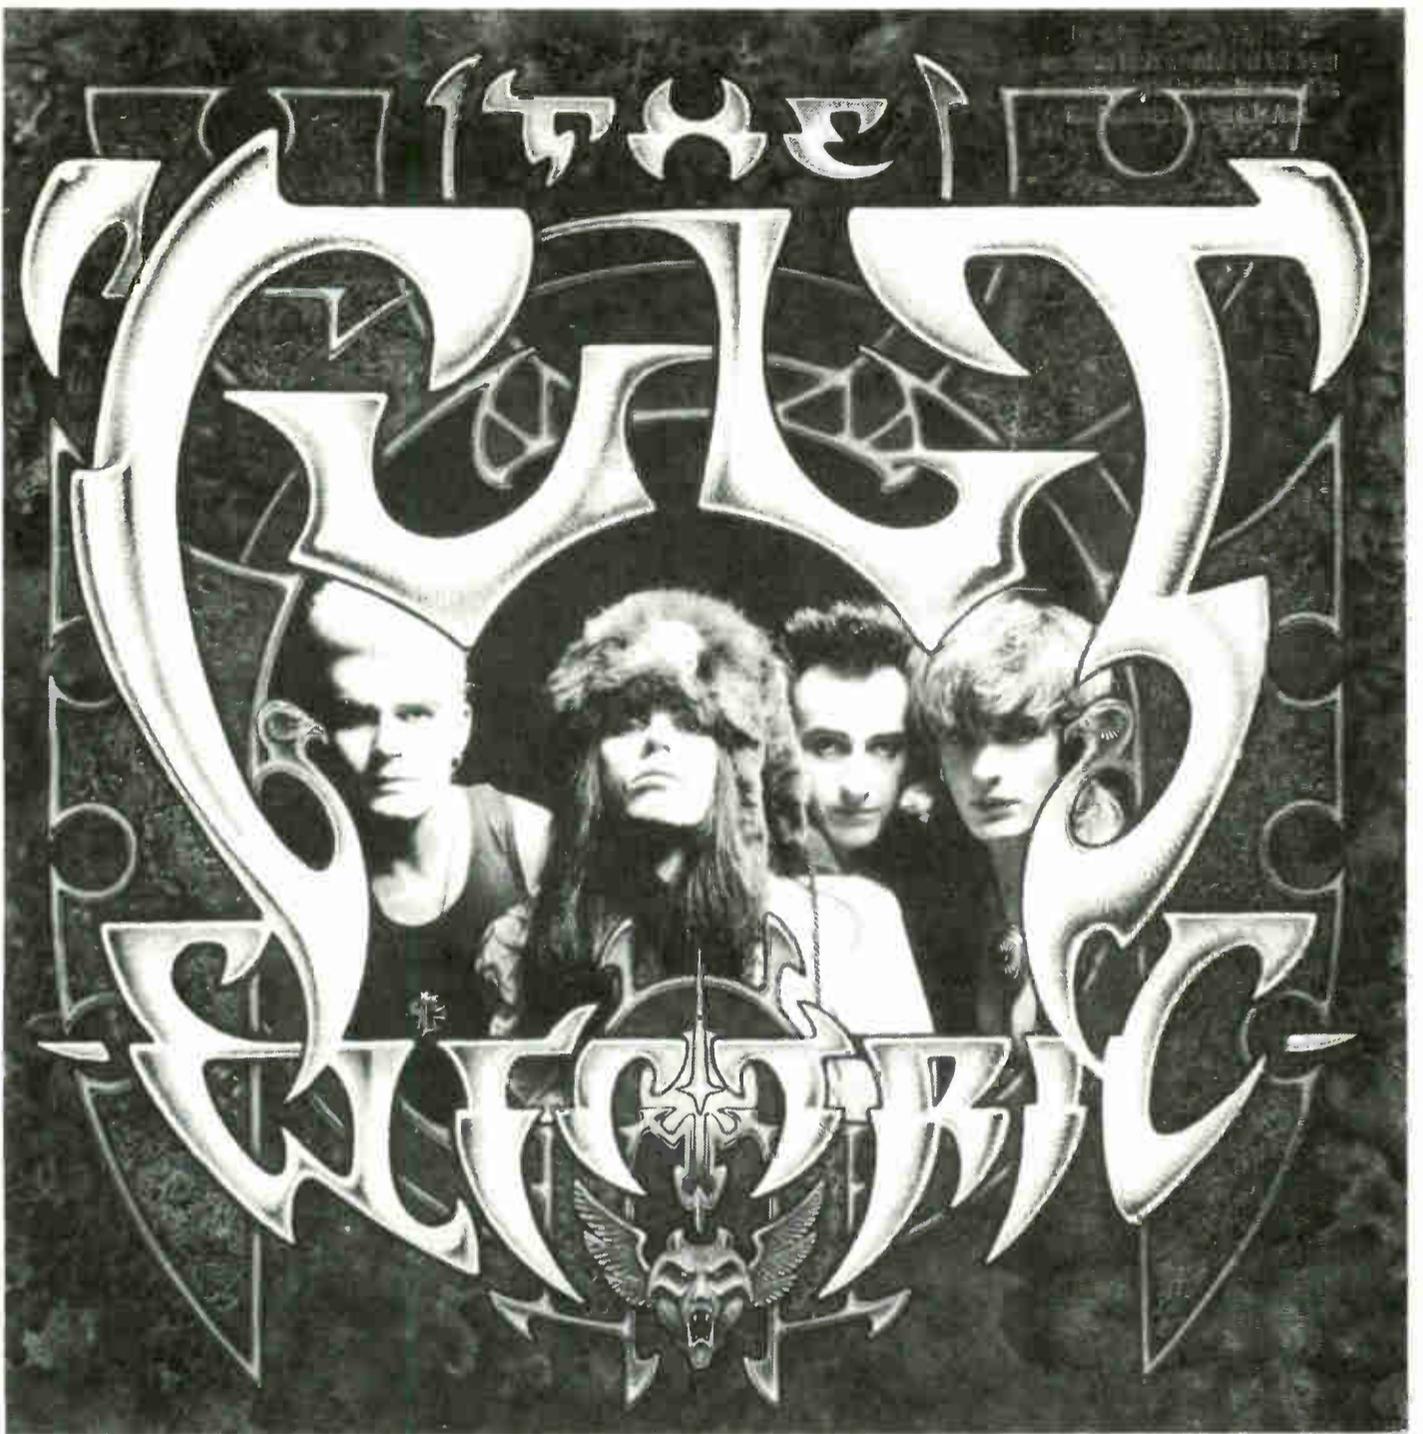

DAVID BOWIE, "NEVER LET ME DOWN", EMI Rock radio's not lettin' down, its gettin' down, and David Bowie's star is shining as bright as ever. Let's talk multiple Reaction tracks, ok babe? Retaining its consensus back-up posture is "Time Will Crawl", which follows up last week's #1 Most Added showing by checking at #7 Most Added this report with 27 new (WLLZ, KGB, WLVQ, KAZY, KZEW, KRQR, KGON, WRXK, WAPL, WEZX, KEZO) while posting a sweltering 41-30\* Trax leap. Of 101 cume, 12 increase play, 39 spin at Max/Heavy and a beefy 35 report Excellent/Good request activity including Top 5 phones at three. "Bang Bang" grabs new play at WLIR, WEZX, WOUR and WHTQ (48 cume), increased air at KLOL, KSHE, WQFM, KKFM, KMBY and WRUF, elevates 59-57\* Trax and motivates Top 5 calls at KOME, WDIZ and WHTQ. "Day-In Day-Out" surges 4-3\* Trax as new play at WLNZ brings the cume to 152 (93 Power/31 Heavy rotation mentions: Top 5 phones at thirteen-#11 Most Requested). The Lp is smokin' at 5\* National and Metro. Ground control to major airplay...

CUTTING CREW, "ONE FOR THE MOCKINGBIRD", VIRGIN... (26 New/56 Cume)...Nothing like 26 for the "Mockingbird" (#8 Most Added) to supply momentum to a rookie band's double shot. Among those new to the Crew this week are KGB, KSHE, WCCC, WMGM, WPYX, WQBK, WAQY, WEZX, WTPA, WLAV, WRKI and WHEB, bringing the current column to 56 and inspiring our #3 Trax Gainer, 78-58\*. Radio remains jacked over these rookie-of-the-year candidates... Pam Edwards, KGB, asserts, "The Cutting Crew are making quite an impressive debut; 'One For The Mockingbird' definitely takes off where 'Died' left us, but more importantly convinces the audience that this crew isn't just a one-hit wonder. Undoubtedly, record sales will begin climbing again"...WMGM's Al "The Hit Man" Branca assesses, "'Mockingbird' is a little more straight ahead than 'Died In Your Arms', and should do well here as the Lp remains Top 10 retail"...Mockingbird now, everybody have you heard...?

CROWDED HOUSE, "SOMETHING SO STRONG", CAPITOL (25 New/111 Cume)...WFAL's Tom Stork steps up, "About the new Crowded House, nothing's so strong as 'Something So Strong'. Our listeners don't want to dream it's over, so they jumped all over this track when we tested it"...Speaking of jumping all over it, just about everybody has already done just that -- 111 in all including the 25 newcomers paced by WMMR, KROQ, KGB, KOMP, WEGR, WAQX, WRDU and WIMZ. Factor in this report's fourth best 19 play increases (KRQR, WYNF, WIOQ, WEZX, WRXK, KILO) and it boogies 37-24\* on the Hot Trax 100 as the Lp advances 23-20\* National while holding at 20\* Metro...Stacey Yelton, WKQQ, cautions, "'Something So Strong' shouldn't be ignored"...What she said.

GENESIS, "IN TOO DEEP", ATLANTIC (24 New/50 Cume)...The format is certainly wasting no time re-embracing "In Too Deep". Witness the 24 new commitments (WDIZ, WIOT, WBLM, WTKX and WWCK in Power; KSHE, WCCC, KBPI, WAQY and KGGO in Heavy; with WNEW, KOME, WLNZ, KKDJ and KMBY also among the #10 Most Added tally); the 50 current mentions, and the increased airplay at seven. You want serious Trax movement? How does our #1 Gainer, 71-48\* sound? Album momentum you ask? This report's #1 Metro Gainer, 49-44\* and a 42-39\* National surge clearly qualifies. Requests? It's Top 5 city at four folks. You know your listeners can never get enough Genesis so power this sucker up.

SUZANNE VEGA, "LUKA", A&M... (23 New/57 Cume)... Although "Luka" is exploding on all fronts, we have to first go directly to a sampling

of the reams of unsolicited raves we've been hearing...Ron Sorrenson, KBLE, steps up "Suzanne's songwriting remains an 11 on a scale of 10, but she's obviously much more comfortable this time in a group setting and in the studio. More Robert Cray said they, so "Right Next Door" lands at Double Q this week in heavy rotation! Speaking of heavy rotation, play increases at 10 swell the Max/Heavy column to 29 and combine with the new play mentions to generate a 33-22\* Trax jolt, a 25-23\* Metro rise and a firm hold at 21\* National. The stratocaster bluesmaster's latest gem is now on a massive 129. Let's close the door.

PATTY SMYTH, "DOWNTOWN TRAIN", COLUMBIA (19 New/75 Cume)...Continuing to be one of the higher priority adds, Patty's Double Shot is unleashed at 19 more this week (KSHE, WRIF, KYYS, WGTR, WRXK, WHEB, WPDH, WHTF, WQBK), mounting the cume to a healthy 75 and sparking a 53-43\* Hot Trax cruise. As KUPD, WIOQ, WDHA, WMGM, WRCN, KOZZ and four more increase the rotation, the Max/Heavy column swells to 19. A quick glance at the checklist shows 19 Excellent/Good phone mentions and another 13 Considering--eight of which are close. Make sure the train pulls into your station.

RICK MEDLOCKE AND BLACKFOOT, "SATURDAY NIGHT", ATLANTIC... (18 New/41 Cume)... "Saturday Night" impacts the Hot Trax chart at 97\* as 18 new commitments paced by WNEW, WQFM, KRQR, WEZX, WAQX, KEZO, KLAQ, WEGR and KILQ bump the on tally to 41. As WDHA and KWHL, report Top 5 phones, the checklist uncovers a massive 41 Considering--half of which are close... KOME's Larry Miles proclaims, "Rick Medlocke And Blackfoot--these guys keep on slugging and with good reason. The song title 'Saturday Night' says it all"...KLAQ's Magic Mike suggests, "If you want every night to be a Saturday night, play Rick Medlocke"... Saturday, Saturday night's alright.

FLEETWOOD MAC, "TANGO IN THE NIGHT", WARNER BROS... The big Mac attack continues to roll as a multitude of depth tracks continue to garner major doses of fresh airplay. Leading the way is "Seven Wonders", new at 18 (KGON, CHOM, KRQR, WSHE, CFOX, KMOD, WAPL); now on a near-closed 134; up at a weighty 15; power cruising 21-12\* Trax while Top 5 phones at eight motivate a Most Requested debut at #16. Right behind is the title track, added at 16 more this week (WLVQ, WDIZ, WMGM, WXRC,

WBRU, KKFM) for 92 current mentions to date; up at KISW, KLOS, WRUF, WRDU and KWHL (Max/Heavy at 40); elevating 39-34\* Trax. "Isn't It Midnight" bags five new (KGON, KLOL, WBYR); increased play at six, improves 38-37\* Trax, with 75 now playing. The Lp holds firm at 3\* National and Metro on the Album Action charts.

STEVE WINWOOD, "WAKE ME UP ON JUDGEMENT DAY", WARNER BROS. ... (13 New/47 Cume)... Steve's got our #2 Album Gainer this week, 37-33\*, and upgrades 34-31\* Metro, thanks to "Wake Me Up's..." 13 new play mentions paced by WCCC, WHCN, WLNZ, WKLC, KKFM, KICT, KKDJ, WZZO and WTKX. As the cume expands to 48, increased play WAQY and KMBY add impetus to stimulate a hefty 66-54\* Trax leap. Early Max play is provided by KATT, WAQY and WHTQ, while 13 more (KRXQ, DC101, WHCN, WTPA, KWIC, WDIZ, WMGM, WRCN) supply Heavy emphasis. Like each of the previous cuts from this blue chip Lp, "Wake Me Up..." defines the Automatic track. Play it.

MONDO ROCK, "PRIMITIVE LOVE RITES", COLUMBIA (11 New/85 Cume)... The Mondo Rockers continue to boast one of the more active Reaction Tracks out there, and radio continues to testify on the merits of getting "Primitive"... KNCN's Elise Vander Borgt sez, "Another tune I'm all hot and bothered over is Mondo Rock's 'Primitive Love Rites'. With beach and poolside weather around the corner, this is definitely a winner"... Michael Davis, KFMG, speculates, "The song of the summer just could turn out to be 'Primitive Love Rites'. Hear it once and you'll be jammin' all day"... Among the latest to jam on it are KGB, KBPI, WAQY, WEZX, WKFM, KFMG, WIOT and KBAT, stretching the cume to a beefy 85 and catapulting it 45-40\* Trax. As seven increase rotation, the checklist finds a build at nine, building phones at a strong 14, building sales at five and 20 more Considering. The Lp rises 35-34\* National and holds steady at 39\* Metro. Get primitive.

TNT, "10,000 LOVERS (IN ONE)", MERCURY (11 New/46 Cume)... As the cume mounts to 46, the track elevates 73-67\* while the Lp impacts the Album Action charts at 48\* National and 49\* Metro... Mark Williams, WWZU, relates, "After listening to the album, TNT has no fizzling fuse. They pack a full load. '10,000 Lovers' is just beginning. Another Mercury/Polygram rock and roll powderkeg ready to explode"... The steady buzz along the radio grapevine and the 22 actively considering should certainly ignite the fuse.

JOHN FARNHAM, "YOU'RE THE VOICE", RCA (11 New/27 Cume)... John's "Voice" is ringing in many an ear these days and the good folks at rock radio like what they hear judging from the many raves we're receiving. And it's making for some very happenin' new airplay, like the 11 fresh spins delivered this week by KLOL, CILQ, CFOX, KKDJ, KOZZ, WMGM, KZEL, KJOT, WONE and WHTQ, where Slats states, "John Farnham's 'You're The Voice' goes into medium. Definitely ear candy with cherry on top"... The early 27 already on it and the tasty Hot Trax debut at 88\* has got to be music to John's ears. And we suggest you listen to the voice of reason, which says a tune this strong should not be overlooked. Hear the voice.

# BUZZBANDS

The Most Talked About New/Developing Artists

THE REPLACEMENTS, "THE LEDGE", SIRE/WARNER BROS... On the basis of 11 new commitments, The Replacements are awarded #1 Buzzband accolades this week. Joining early-bird WHFS on "The Ledge" are KYYS, WBCN, WEQX, KZEL, KBLE, KSTM, KQWB, KATP, WFNX, KFMH and WXRT. What these Minneapolis-based rockers have provided here is a stripped down, fast paced roots rocker that relies on Paul Westerberg and Bob Stinson's raw axe work and Tommy Stinson and Chris Mars' comet quick back beat. It's four minutes and four seconds of tight, hard-drivin' rock n' roll and Jim Dickinson's minimalistic production provides a nice alternative to all the studio spacetratics that dominate much of today's music. It'll work and deserves careful consideration.

DANNY WILSON, "MARY'S PRAYER", VIRGIN  
We were so knocked out by this tune when we first heard it, we had to make room for it on our Super Sampler 1 cassette. Danny Wilson's "Mary's Prayer" is a melodic and accessible track that is certain to add a touch of class to any playlist. At present, it's doing just that at 11 including the 10 newcomers (KBCO, WRXK, WHFS, WWWV, WMAD, KRQU, KATP, KMMX). And there's quite a Buzz brewin' around the dial-- enough to motivate numerous four-star ratings on this week's checklist as well as some extremely supportive unsolicited testimony. Here's a sample...Greg Mull, WRXK, admires, "'Mary's Prayer' will be a multi-format hit. The hook is strong. If you haven't, do yourself a favor and listen" ...An overwhelming majority of those that did were impressed with what they heard... Folks like Mark "Accessible track to most formats" Williams, WWZU...Russ "Hook City" Mottla, WAAF...Kim "Killer Hook" Alexander, WHCN...Anthony "Like it a lot" Alphonsi, WDVE...Pam "Grows on you" Edwards, KGB...Mike "If you like Steely Dan, you'll love this" Boyle, WDHA...and many, many more...This bad boy will fly.

STAN BUSH & BARRAGE, "CRANK THAT RADIO", EPIC/SCOTTI BROS... "Crank That Radio" impacts the Hot Trax 100 this week at 91\* catapulted by new play mentions provided by KGB, WLAV, WDIZ, WHEB, WKLC, WHTF, KMBY and WWWV. The on tally is now up to 25 (WQFM, WRKI, WSHE, WLNZ, KLPX, WTPA, KWIC, WWZU, WAQX, WEZX, WPLR) while the strong phone activity continues to mount--WEZX still reports Top 5 activity. Chris James, WTPA, reveals, "The Stan Bush was a welcome surprise. 'Crank That Radio' is another springtime record"... And a killer listener Reaction Record at that. Crank it up and man the request lines.

AUTOGRAPH, "DANCE ALL NIGHT", RCA  
Judging from "Dance All Night's" three week 12-9-9 add trend, it's safe to assume that rock radio is serious about its commitment to Autograph's follow-up cut. The programmer Buzz on this track was loud and proud from the get go and continues to grow in magnitude...Mark Williams, WWZU, informs, "Auto-graph--hot shit here. 'Dance All Night' goes heavy. I really think it runs the ranks of Def Leppard's 'Pyromania'. The work that went into 'Loud And Clear' can only be matched by the airplay we'll get out of it"...And WMGM's Al "The Hit Man" Branca pun-ctuates with "The night belongs to Autograph--much stronger than the lead track"...New play this week is provided by WHJY, KAZY, KRXQ, KMOD, WMGM, WTUE, WKLC, KLPX and KJOT, running the start-up cume to 44 and generating a 70-64\* Trax trek, plus firm holds at 40\* National and 42\* Metro. While WWZU, KATP and KSQY increase play, 14 more report Excellent/Good phones and another 12 consider.

THE LONG RYDERS, "GUNSLINGER MAN", ISLAND  
"Gunslinger Man" continues to blaze the rock radio Buzzband trail by gunning down another six new commitments from WHJY, KGB, WBCN, KMOD, WTCS and KSQY, expanding the current column to a solid 30 and catapulting it to a Hot Trax debut at 96\*. The Long Ryders' latest can also be heard at KZAP, KUPD, KRXQ, WHFS, WNOR, KLAQ, WDHA, KWIC, KLPX, KTYD, KQWB, KATP and more, while another 37 actively consider joining the list. Pam Edwards sez, "Cool track of the week comes from The Long Ryders. 'Gunslinger Man' is the perfect combination of down and dirty rockin' with a tasty dose of twang!" Catch it also on Super Sampler 2 and let it roll.

THE CURE, "WHY CAN'T I BE YOU", ELEKTRA  
Just take a gander at all the programmer positives our expanded checklist uncovered on The Cure's "Why Can't I Be You"...Red-beard, KTXQ, is jacked, "They're gonna be huge"...Erin Riley, WMMR, calls it "One of their best"...Oedipus, WBCN, informs, "Really growing on me, very fond of it"... Don Berns, CFNY, excites, "Absolutely grand"...Mark Williams, WWZU, hears "Their best radio track ever"...Pam Brooks, WPDH, sez "I love it, it's great"...Russ Mottla, WAAF, finds "Strong mainstream potential"...Tim Drayer, WHTF, reports "Early phones from first play"...and Chris James closes with "They finally have arrived"...And radio is welcoming their arrival with lots of early airplay. Witness the six new locations (WBCN, WTPA, WDHA, KSTM, KRQU and WWZU) and the 20 current mentions. Give this one the shot it deserves.

THE SAINTS, "BIG HITS (ON THE UNDERGROUND)",TVT... The Saints have been one of the most consistently talked about Buzzbands of the year, and "Just Like Fire Would's" impressive go round created quite the AOR headway necessary to begin to finally break this creative band. Now's the time to dig deeper into this diversified and imaginative package. "Big Hits" displays a fuller instrumentation sound and a more potent vocal delivery. The brass section sparkles throughout and provides the ideal complement to the bright and catchy melody. It's energetic, happy, infectious, and a perfect springtime tune. Listen and react!

PARTLAND BROTHERS, "SOUL CITY", MANHATTAN  
We checklisted this crossover crusher (which is currently exploding across the street) and found a wealth of AOR programmers who found something this format can deal with as well...Larry Miles, KOME, sez, "Smooth production, harmonies galore; a winner"...Slats, WHTQ, praises, "Great, great great!"...Dave Kane, WCMF, remarks, "It's smooth"...Pam Brooks, WPDH, found it, "Very catchy"...John Edwards, KBPI, calls it "Good blue-eyed soul"...And once again we'll close with Al "The Hit Man" Branca, WMGM, who informs "We like it in sin city"...WMGM liked it so much, they added it, and so did WKLC, KFMH, KZOQ and KRQU. This one spells power for both formats. Let's keep in step.

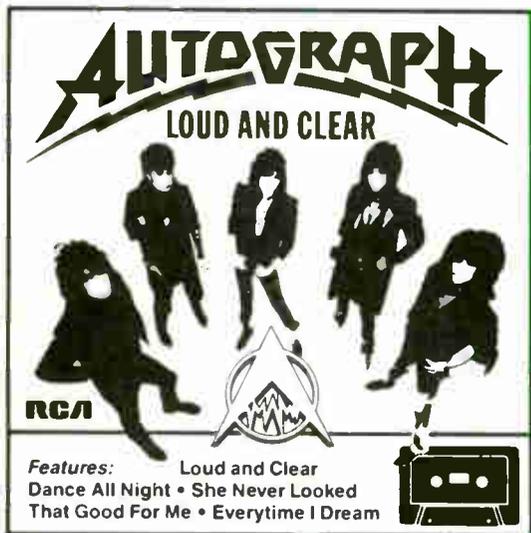

JON ASTLEY, "JANE'S GETTING SERIOUS", ATLANTIC  
CFNY's Don Berns is serious: "Count us in on the Jon Astley album. You can't get a fresher sound than this. It will standout on-the-air like Grace Jones' bracelets -- outrageous but fun!"...Amidst the heavy traffic, Jon pulls in new airplay at WBCN, KRQR, WLIR and WFNX expanding the early cume to 24 including KBCO, KFOG, KTYD, WMGM, KRQU, KZEL, WXXP, WHEB, WWZU, WWWV and WXXP, good enough to spark a debut at 100\* on the Trax chart...KLOL's Harvey "Dr. K." Kojan praises: "I can't think of a better match of lyrics and production!"...The scheduling for MTV's Hip Clip of the Week is in for May 13. Let's get serious!

SCRUFFY THE CAT, "MY BABY SHE'S ALRIGHT", RELATIVITY...Well, ain't this the cat's meow. With its great guitars, positive lyrics and infectious harmonica, Scruffy continues to establish a credible Rock Radio base as WXRK and WDHA join the litter! Check out this cat scratch fever...WBCN's Oedipus believes it's, "Good American rock and roll"...WXRK's Bob Kranes thinks it, "Adds a good edge"...WMGM's Al Branca raps, "Cooooool!!"...and finally, CFNY's Don Berns purrs, "Wait, don't put the cat out--put him on your turntable. Scruffy The Cat, that is. 'My Baby She's Alright'. It's fun, it's great rock and roll, and it sounds great on-the-air too!!" ...Nuff said!

HEGE V, "HOUSE OF TEARS", MTM  
Hege wastes no time impacting Album Radio as the Lp pounds the pavement. KBCO, WTOS, WEQX and KBLE pick the infectious "Burial Grounds Of The Broken Hearted", while KZEL taps "Matter of Fact"...and Jim Trapp steps up: "Another important new band on the scene at KZEL is Hege V"...There's also some chatter developing on the title track. Energetic and powerful rural rock at its best, that's Hege V...Take a tip from WTOS's Duane Sherman: "Hege V is one of the best Lp's of the year. Side one is really good and I predict big things coming from this band"...Stop, look and listen!

GREGG ALLMAN, "ANYTHING GOES", EPIC  
Grabbing this weeks 2nd ranked 22 play increases (KFOG, KOME, WQFM, KBAT, WIZN, WTPA, WRFX, WAPL), Gregg "Goes" 14-9\* on the Hot Trax 100 thanks in part to new commitments at 14 (KLOS, WPDH, DC101, WIOT, KOMP, WZXL, WHTF). As the Lp remains at 6\* on both charts, KXRX's Larry Snider has some advice for us all: "Programmers can afford to go a lot deeper on the Gregg Allman Lp. You can wait to take it single by single or you can get into it now...Take this album home, give it your full attention and then, let's collectively proclaim Gregg Allman as comeback player of the decade!" Amen!

## WAX TO WATCH!

### THE FALL/"THERE'S A GHOST IN MY HOUSE" - BIGTIME/RCA

The Fall have been an alternative staple for 10 years and are only now being widely distributed in the U.S. "Ghost" is a punchy remake of the R. Dean Taylor song penned by Holland/Dozier/Holland. Mark E. Smith has a vocal style unmatched-ah to any artist-ah. Early adds on WFNX, WTOS and KTCL.

### FUZZBOX/"LOVE IS THE SLUG" - GEFLEN

No, not like the Roxy Music song. Fuzzbox combine the pop of the Bangles and the punch of the Modettes to create melodic and memorable pop tunes. The band doesn't take themselves too seriously (The album title is "We've Got A Fuzzbox And We're Gonna Use It") and they have a lot of fun in the process. New at KTCL. Also testing the waters of the Lp are WFNX, WRAS and KROQ.

# DIRT ALERT!

## CURT GARY ENDS DECADE+ RUN AT WEBN, FOR DC-101 OP DR/MD/NIGHTS

After eleven years at WEBN - the last eight as MD - we figured it would take dynamite to get Curt Gary out of Cincinnati. So weren't we floored when he called to tell DIRT ALERT! that the Curt Gary Show was moving to DC-101, Washington, to "replace some dogface named Cerphe." Curt also assumes the newly created position of Op Dr/MD, reporting to VP Programming Dave Brown, effective May 15.

Moving from washing floors to middays/MD during an 11-year-tenure at one of America's proudest album rockers is a story worth asking about. So ask we did. Curt hesitated to send a photo "because it would only give the opportunity for one more rapist to impersonate a disc jockey in D.C."

**PAUL:** Two of the few constants in radio are change and movement. Yet WEBN has always been at the top of its game, and you've managed to be a major player on the team for over a decade. How do you account for the long run at 'EBN?

**CURT:** Primarily you have to attribute that to the ownership and management here. They've always dealt with talent as people, and have created an environment that makes radio a whole lotta fun to do. That's the only way you keep people for long periods of time. I was always told that college was the best four years of your life, but it's turned out that WEBN has been probably the best eleven years of my life.

**PAUL:** When I visited 'EBN awhile back, I was impressed with how the station functions as a family operation, and the way the facility reeks of heritage.

**CURT:** That comes down to the basic philosophy that bigger is not always better, and that if you can do it yourself, you're probably better off. A lot of the promotions and ideas that have made WEBN what it is today have been internalized--they've come directly from the staff and management. It goes back to having the kind of people at the top who have created that environment that lets us do what we do best.

**PAUL:** For years, WEBN has been synonymous with not only Cincinnati rock 'n' roll, but also with the city itself. At this point, the station's a cultural institution in the market.

**CURT:** We've made it a point to try to be more than just a music delivery system, and to make WEBN a part of our listeners lives--so we became more than just a radio station, we

became a lifestyle. Back in the heyday of progressive radio, WEBN sort of came out of the gate running, and they've always had that quirky side to them and realized that was a real asset, something that other radio stations didn't seem to have a handle on. Despite all the changes--made necessary by the change in the competitive situation and in people's listening habits--we've always kept a little bit of quirkiness about us, which has endeared us to our listeners.

**PAUL:** WEBN's record high 12+ share (12.6) in the Winter Book is a nice way to go out. What are your thoughts on going to DC-101, and into a market where the rock radio competition is likely to intensify quickly?

**CURT:** One of the reasons why we have a 12.6 here is because we never pretend that we're on top and not vulnerable. We've never let our guard down. I know it's going to be a much different environment in Washington, but I'm accustomed to working hard and winning and I'm going to carry that and hopefully bring a little bit of the 'EBN magic to Washington. (DC-101 VP/GM) Goff Lebhar and (VP Prgm) David Brown are two people that I feel hold a lot of the same philosophies that I do about radio and about people in general. I'm extremely excited about the possibilities of what can be done with DC-101. They have so many things going for them right now, and with the little bit of spark that I may be able to add to the mix, I think we're going to see great things happen in the near future. I always hesitated leaving WEBN because when I met the staff and management at other major market radio stations, I didn't find them to be real people. But Frank Wood at WEBN has always been the kind of guy you'd die to work for, and it's so hard to find people like that in this business. But I think maybe I found another one.

**PAUL:** Can we expect you to continue your high national profile at DC-101?

**CURT:** Absolutely. They've been a very taxed crew at DC-101 and that's one of the reasons why they're bringing me in. They see an advantage to being a little more visible within the industry in terms of the cooperation that it can create. We've always been known for playing hard ball musically here at WEBN, and I don't foresee changing my attitude in that. I do what I think is right.

**PAUL:** What's the most significant thing you've learned in eleven years at WEBN?

**CURT:** Be honest with your listeners; be honest with yourself; and be prepared to work twice as hard as you thought you were going to, and you're probably going to have a whole

“Erase any doubt you may have about Red 7. Amongst the heavy competition for radio airplay, Red 7 has done very well for itself. They’ve moved from an out-of-the-box add to heavy rotation without a trace of burn. You’ll find this song somewhere in the middle of Cinderella and Wire Train and with its intelligent lyrics and haunting saxophone it leaves a positive feeling for all those who listen.”

—Ron Garrett/KRXQ

“It’s in heavy, it’s pulling phones. It’s working whether the sun’s up or the sun’s down!”

—Stacy Yelton/WKQQ

“It’s a good solid adult record with an excellent horn section. Most of the requests are from females and we’re glad to have supported this band from the beginning.”

lotta fun. And fun is infectious. When you put all that together you usually come out a winner.

WEBN Programming Asst. Tony Tolliver ups to MD, as Jay Gilbert rejoins the station for middays.

## CHRISTOPHER TAKES COMMAND OF KISS-- "THE ARMORED SAINT" RETURNS TO TEXAS

KISS, San Antonio, has selected KNAC, Long Beach, PD Jimmy "The Armored Saint" Christopher as PD, replacing Trip Reeb who exited last month to program KAZY, Denver. The move is a natural for both parties: KNAC's Pure Rock format is similar to KISS' hard rockin' posture. And Jimmy's a vet of Texas radio, having jockeyed at KLOL, Houston, and KHFI, Austin.

"What I've done here over the last six years, and particularly over the last sixteen months (since KNAC adopted Pure Rock), has made this a natural move for me. KISS has broken a lot of acts, and I'm just tickled to death. It's going to be a big step for me. They're a legendary set of calls, that have been around for seventeen years. We're going to have some fun and continue to kick Texas-sized ass!"

Joining KNAC for nights in January '79, Jimmy was named MD in October '80, before advancing to PD a year later. It was in the early '80's that he designed the station's modern "Rock 'N Rhythm" format, which it retained until switching to Pure Rock in early '86. About the same time, Jimmy The Saint transformed into Jimmy The Armored Saint.

He joins KISS as the station returns to the top of the San Antonio ratings heap: 7.6-8.7. The Saint's initial goal, he tells us, is to, "Get to know the staff and earn their respect. They're together as a family and as a team, and you definitely need that to be a winning organization, which they are." Although he won't do a regular air shift, look for Jimmy to host the same sports show he does on KNAC. "It's a real light one-on-one irreverent sports show where we have fun, but still deliver the facts."

## H&G GIVE BIRTH TO THE LOOP AM & FM

Heftel Broadcasting's longtime dream of The LOOP AM & FM has just become a reality. Made possible by a merger with Statewide Broadcasting, which gave the newly founded H&G Broadcasting a radio property on both bands--WLUP-FM, and WCFL-AM, the new Chicago combo was launched April 29.

Rechristened WLUP-AM ("The Loop, AM, One Thousand"), WCFL dropped its Christian format on the 29th and began simulcasting WLUP-FM's programming. Although ratings champ Jonathan Brandmeier will be simulcast indefinitely in morning drive, The Loop has announced initial phases for establishing a separate identity for WLUP-AM:

May 4--24-hour-a-day simulcasting ends, as the combo splits programming from 6PM-Midnight. Afternoon aces Steve Dahl and Garry Meier, simulcast from 2P-6P, sign off the FM but remain on the AM for an extra hour, followed by ex KWK, St. Louis and WLAV, Grand Rapids personality Kevin Matthews, in 7P-Midnight.

May 21 -- the split extends from 2:30 P - midnight. Steve and Garry totally depart from the FM, settling permanently into

2:30-7P on the AM. Bobby Skafish returns to PM drive (2:30-7P) on the FM, as Patti Haze advances to 7P-Mid.

Separate midday and overnight shows are expected by Spring, '88.

WLUP AM/FM Pres/GM Jim deCastro and OM Greg Solk envision 2 distinctive demo-dominant stations:

WLUP-AM--Designed to fill the void for the 25-49 year old listener in the Chicago market, where AM stations currently skew heavily in the 35-44, 55-64, and 65+ demos. "Steve and Garry are the key to the radio station" sez Solk, who describes The Loop AM as an "adult personality/music/sports" outlet.

WLUP-FM--Adult AOR targeted 18-44. Says Solk, "The FM will now be able to play a lot more music in afternoon drive which is what we were doing when Steve & Garry were competing against us".

Solk and deCastro expect Steve and Garry's mammoth cume will turn the dial to AM 1000. "We're going to build it slowly, just like we did with the FM" continues Solk. "There's a huge promotional campaign being rolled out--billboards, TV, buscards--it's going to take the city by storm!"

## DIRTY SHORTS

After a little over a year as KLPX, Tucson, PD, Arin Michaels has resigned. No replacement or Interim PD has been named yet, but a staff meeting was planned for May 1.

Five-year WYNF, Tampa, vet/night man Charlie Logan has been named MD. Although it's been five years since Charlie held that position (he served as MD at WFYV, Jacksonville, from '79-'81 under PD Rad Messick), Charlie's been actively involved in 'YNF's music since he joined. "It was a real natural progression for me because I've been helping (outgoing MD) Ron (Diaz) with music all along, and I've gotten to know all the reps here, as well as the market and the music." Charlie started in radio at WMJQ, Rochester.

Is Classic Hits coming to Cincinnati? Two of the market's ACs did not fare well in the latest ARB sweep. One of them, WLLT, has just hired Mike McVay, who currently consults two Classic Hits stations.

WMMR, Philadelphia Morning Zoo master John DeBella is hosting the NBC Memorial Day "Summer '87" special which will look back on the great songs of summertime from the past 20 years, including a salute to the "Summer Of Love", 1967. The four-hour special will be carried by over 200 stations. In more DeBella DeDirt, we've learned that John is talking with both NBC and ABC about his own nationally syndicated show. An official announcement probably will not be made until the fall.

WZTA, Miami has finalized its weekly on-air line-up, thus bringing an end to its jockless AOR broadcasts. As reported previously in DIRT!, 'ZTA recruited Jeff Chase from cross-town A/C WAXY to team up with Jeff Gonzer (formerly of KMET and WINZ) for morning drive. The "Breakfast Club" wake-up crew kicked off the station's live broadcasting on Monday, April 27. The rest of 'ZTA's line-up consists of MD Jean Cashman on middays, 10A-2P; Lee Gillette (also formerly of WINZ) handling PM drive, 2P-6P; Scott Legere, formerly of WAQY, Springfield, MA doing 6P-10P; Casey McCoy, previously with KGON, Portland on 10P-2A, and former WKGR, West Palm Beach staffer Peter Moon handling the 2A-6A airshift. PD Pete Bolger told us, "Musically, we've been pretty much intact for the past month. As I said, we were busy doing talent workshops, getting people in sync and getting them familiar with the market place, so we're ready to roll now."

## SLAIGHT SPLITS FROM CILQ, HEADS STANDARD RADIO DIVISION

CILQ, Toronto VP/GM/PD Gary Slaight exits that post to become President of Standard Broadcasting's radio division, effective June 26. His departure ends a 10 year association with Q-107, that dates back to the station's AOR inception.

In his new position, Slaight will oversee programming at Standard's AM/FM combos in Toronto, Montreal, and St. Catharines, and at its AM property in Ottawa. Additionally, he'll serve as GM at the company's Toronto FM, AC-formatted CKFM, where he will be based.

"As Q-107's 10th anniversary comes up in May it seemed like the perfect time to make the move to Standard." Slaight commented, "My father owns the company and it was obvious that at some point I was going to go back and work with him".

Slaight's father, Allan also owned Q-107 until '85.

Look for CKFM to take on Toronto ratings giant CHUM-FM, a station Slaight competed with in the past when CHUM-FM was an album rocker. Slaight's position at Q-107 will be divided into 2--GM candidates are now being interviewed. Bet on Asst. PD Bob Mackowytz, whose been with the station for its 10 year AOR tenure, to move into the PD job.

Slaight's exit comes on the heels of the announcement of the first annual Toronto Music Awards, designed by Slaight and artist

manager Joe Owens to celebrate Toronto talent. The awards ceremony, co-sponsored by Q-107, will take place in September in Toronto's Massey Hall. But now Gary sez he may have to buy his own ticket.

## VINYL TAP

Bob Frymire has joined Virgin Records as West Coast Regional Promotion Manager. Frymire, who joins the label from his entertainment marketing and consulting firm, Bob Frymire Productions, will be based in Virgin's Los Angeles headquarters, and will also work out of the local WEA office. Commenting on Bob's appointment, Virgin VP/National Promotion Phil Quartararo said, "Bob is another member of that original group of people we worked with in promotion. He is especially qualified for this job because of his understanding of the big picture, he knows how to apply marketing skills, and, above all, understands the potential of the music. It is our privilege to be able to have him work with us." Concurrently, the label has named Jacque Perryman as International Director, Music Division, and Gemma Corfield as Director, A&R Administration.

Due to the label's substantial growth and ensuing marketing needs, Enigma Records has established a new branch within its marketing department to focus on the alternative and developing groups on its roster. Mary-

ann Earl, formerly in radio promotions, will head up the Alternative Marketing Department, which will play an important role in bringing new talent to the label. Commenting on Enigma's new intensified focus in the alternative market, Earl said, "With our current rate of growth, I feel very strongly that we should continue to support the type of alternative talent which has made Enigma the respected label that it is today".

Atlantic Records and Critique Records have reached an agreement through which Atlantic will now manufacture and distribute Critique releases in the U.S., via the company's Atco division. The first release through the joint agreement was the Newcity Rocker's cover version of "Black Dog".

Relativity Records has named Mike Coricone as Director of National Album Promotion. Coricone, who has been with Relativity's Parent company Important Record Distributors for the past six years, can be reached at (718) 995-9200 from 9:30A-6P, or at (718) 699-0558 at other times.

Sandee Bathgate has joined Bruce Allen Talent as administrative coordinator. Bathgate, who has previously worked for three years in Capitol's A&R department as well as two years doing management related duties for Triumph, will report directly to Company President Bruce Allen and be involved in all aspects of his varied projects.

## NEW ORLEANS SHUFFLE

By now you've already heard about Mason Ruffner's barnburning Epic Showcase in New Orleans--part of what most agree to be the promo junket of the year. But a musical highlight of a different sort happened the next night when a group of radio and record types descended upon New Orleans' soundtrax studio to live out their rock star fantasies...Picture Epic's Harvey Leeds, MCA's Bill Bennett, One Way's Robyn Kravitz, and A&M's Craig Lambert teaming up to cover the Drifters classic "Under The Boardwalk". Or how about FMQB's Fred Deane, WEZX's Dave London, and WKDF's Judy McNutt laying out the Bayou version of "Doo-Wah-Diddy"...And then there was Dr. Dirt and The Dirtettes (FMQB's Paul Heine, 'KDF's Judy McNutt, WHCN's Kim Alexander, and Epic's Harvey Leeds) rousing remake of "Twist & Shout"... The grand finale---"We Are The World". Yes sports fans it was historic and A&R departments beware---it's all been captured on tape! Let's just say that there's a damn good reason why we work in this end of the business!

## E PLURIBUS DIRT

Philly's latest local rock hero, Tommy Conwell, is picking up right where the Hooters left off. His powerful and energetic live shows have been wowing Philly audiences since the invention of The Cheesesteak. For the past several months there's been an industry watch on this fine talent as to who was going to make the big score. Several label execs and reps have made the sojourn to the Liberty Town to at first witness and then attempt to sign Tommy.

After much contemplation, it appears a decision has finally been made. In another FMQB backyard exclusive, we tracked down Conwell's manager, Steve "Hooters" Mountain, for the straight poop. Steve told us, "We've made a handshake agreement in principle with Columbia Records, and we don't anticipate any problems in making the deal. The three reasons we chose Columbia were Teller, Eichner and Chertoff. Tommy felt that this was the most

powerful team with respect to his music and in terms of peacefully delivering a finished record. Tommy went with his heart on this one; he believes Columbia is the right place."

On Friday, April 24, at 6:15AM, the first of 10 golf matches was held pitting Champion Entertainment with Arista Records. Representing Arista were Don Ienner and Tom Ennis. Representing champion were Brian Doyle and Pat Rustici. After a week of hype from the Arista camp, the Champion players were starting to believe it. But after only 8 holes, they realized it was nothing but hype. Champion proceeded to take the next 8 holes as Arista found themselves buckling under the pressure. Let the scores speak for themselves...Brian Doyle-80; Pat Rustici-96; Champion-176; Tom Ennis-92; Don Ienner-96; Arista-188.

Jeff Pollack Communications will be sponsoring the Fifth Annual JPC Programming/Management Conference, scheduled to be held in January. JPC promises that this conference will be bigger and better than any of the previous four, as it has added an extra day of activities to the itinerary. Our interview guest this week is Joe Jackson, who talks in the first of a two-parter about his new "Will Power" LP.

In the Rock Request, we strap on the "Aqualung" for a '71 classic.

While we were interviewing Dennis Greaves of The Truth last week, ROL passed the time of day with their manager Micky Modern, who also manages Nik Kershaw, and Micky told us that Nik is planning to go back into the studio in July and record some songs for his next LP with Austrian producer Peter "We Built This City" Wolf, who Modern says he hopes will get Kershaw back in that "commercial" form again.

Bill Wymann's had to put up with a lot of jokes about youth recently, but now we can mention it in a more positive light, with the news that he is launching a nationwide scheme to help young bands. Bill's plan is to tour around the UK in The Rolling Stones' mobile studio, inviting local groups on board to record their own tapes to a professional standard. Wyman and a "team of experts" will also be giving advice on how to get on in the business, and Bill will enlist the help of local radio stations to generate interest and encourage young talent to send in demo tapes. The title of the venture is AIMS, standing for ambition, ideas, motivation and success.

The Marquee is being knocked down! It's not quite as drastic as it sounds, but the Wardour Street, London WI venue that helped to break bands like THE STONES, THE WHO, THE KINKS, MARILLION and HOWARD JONES is due for demolition in the summer, reopening in 1990 as part of a \$14 million complex that'll also include a shopping centre, offices and a TV/recording studio. Billy Gaff, the man in charge at The Marquee, is looking for a temporary home for the "Marquee" identity during those lost three years, something in the centre of London that will hold between 500 and 1000 people. We hear Gaff also plans a chain of Marquee cafes selling Marquee beer. If he wants to recreate the feel of the dear old place (and we really are sad to see it go) the beer should be extremely watery, served in plastic glasses and consumed only on the stickiest of floors by people crammed shoulder-to-shoulder. Ah, what a place...

ROD STEWART's "Sailing" single may have only made a brief showing on the singles chart recently (it was reissued to raise funds for the Zeebrugge ferry disaster appeal) but its extra three weeks on the bestsellers, in

its third spell of chart life, pushed its aggregate weeks total to 34 - and only 24 singles in British chart history have done better than that.

Remember JOBOXERS? They were the band who had a purple patch in '83 with the Top 10 hits "Just Got Lucky" and "Boxer Beat", only to fade from view pretty quickly. Now their lead singer DIG WAYNE is all set to return, with a very strong dance record called "Mastermind" - produced by Mark Reilly of Matt Bianco.

GO WEST tell us they're hoping to be one of the bands at the massive One World show in July - if it goes ahead, that is, and they were as uncertain about that as anyone.

A fine soul rocker that never made it as a crossover pop hit either in the U.S. or the UK a couple of years back was "Don't Look Any Further" by sometime TEMPTATIONS singer DENNIS EDWARDS. Now the song is being updated by a white band who've already had success with covers of soul songs, the KANE GANG - and it's about to become their new single after a long lay-off.

A ballet based on the life and times of JOHN LENNON had its world premiere last Friday. "The Dream Is Over" is part of a week-long showcase at Sadler's Wells by LFB, the smaller division of the London Festival Ballet.

No surprises in Ireland, where THE POGUES and THE DUBLINERS are number one with their UK Top Ten success "The Irish Rover". Whoever it was that decided to issue that single to coincide with St. Patrick's Day deserves instant promotion.

ALISON MOYET's "Raindancing" album, which entered the chart last week at number two, doesn't quite have the impetus to overthrow "Now 9" at the top of this week's chart. Latest contender to end its run is the debut LP by London's pop/soul warblers MEL AND KIM. "FLM" - it stands for fun, love and money, and enters at three. U2 are thus edged down to four, the "Move Closer" compilation and LEVEL 42 hold at five and six, then there's a big entry at seven for FLEETWOOD MAC's "Tango In The Night". Moving into the top ten at nine from its entry position of 12 is CULTURE CLUB's "This Time" hits compilation; GENESIS are back on the climb with "Invisible Touch" from 29 to 12. FIVE STAR go up again with "Silk And Steel" to 14 and the next highest debut is THE BLOW MONKEYS "She Was Only The Grocer's Daughter" at number 20.

The Chrysalis Records group last week announced first-half profits of just over five million pounds. They say they expect "satisfactory, but less sensational" results in the second half of the financial year.

Congrats to TOPPER HEADON, former drummer with THE CLASH, who did something not very anti-establishment last week: he got married to 26-year old Catherine Belben, a lady he met at his first record company Phonogram.

Glancing at the London Top Ten film chart this week, we note that not one of the top half dozen movies in our capital has produced any British hit singles, quite a rare thing in these days of rock/film tie-ins. "Star Trek IV" is London's most popular film, followed by "Blue Velvet" and "Personal Services" but you have to go down to number seven to find a film with a hit soundtrack: it's "Crocodile Dundee", still putting bottoms on seats, as we say, after all this time - that of course yielded the Top Three UK single "Live It Up" by MENTAL AS ANYTHING. Incidentally, can we please give a loud cheer (or perhaps a miaow) as we see "The Aristocrats" at number two in the US movie chart?

CRAIG GANNON, who departed THE SMITHS line-up awhile ago having previously served with AZTEC CAMERA and THE BLUEBELLS, has now teamed up with IVOR PERRY, once of EASTERHOUSE, to form THE CRADLE. Their debut single "It's Too High" is out soon.

Birmingham rockers SHY have "Young Heart" lined up as

the second UK single from their "Excess All Areas" album...their RCA labelmates Westworld hope to have their debut album out by the end of May.

Still at RCA, we hear good things about a new Liverpool band they've signed called TWO A.M., fronted by a chap named DAVE LLOYD, formerly with the group RAGE. Their debut LP, due in June, is being mixed in New York at the moment by Neil Dorfsman. If you don't check your album credits too closely, a gentle reminder: Dorfsman's the man who engineered and co-produced "Brothers In Arms".

U2's next British single is "I Still Haven't Found What I'm Looking For" and it's scheduled for release on May 25, with two of those previously unreleased tracks on the B-side...and may we take this chance of passing on the address of their official British fan club - it's U2 Fan Club (logical so far, eh?). PO Box 48, London, W6, England.

SPEAR OF DESTINY have been battling away in the hope of higher chart honours for fully four years now, so it's good to see the third incarnation of the group (rather unfortunately abbreviated to SOD III) giving KIRK BRANDON his first taste of the national Top 40 with "Never Take Me Alive", one of the new entries on the ROL Top Five this week. It's from the LP "Outland", which is produced by Brandon and German Zeus B Held, a veteran of records with SIMPLE MINDS, DEAD OR ALIVE and British soulsters IMAGINATION. There's another German involved these days, Volker Janssen on keyboards, with Stevie B on guitar and brothers Steve and Pete Barnacle completing the line-up on bass and drums respectively. SPEAR OF DESTINY complete their British tour with a date at Hammersmith Odeon this week.

The latest additions to the Campaign For Nuclear Disarmament's Glastonbury Festival, taking place in June, make an interesting and varied list; BEN E. KING, MICHELLE SHOCKED, COURTNEY PINE and the MIGHTY LEMON DROPS. That's in addition to the many names already announced like ELVIS COSTELLO, NEW ORDER, LOS LOBOS, ROBERT CRAY, TROUBLE FUNK, PAUL BRADY, RICHARD THOMPSON, WORLD PARTY, VAN MORRISON and THE COMMUNARDS.

The only thing you can predict about ELVIS COSTELLO is that he'll be unpredictable...latest wacky wheeze that Declan's come up with is a band called THE MACMANUS GANG. Demon Records are set to release a single by them titled "A Town Called Big Nothing", next week. Costello wrote the song but doesn't sing on it - in fact the lead vocal is spoken by Sy Richardson, who co-stars with Elvis in "Straight To Hell", the new film by Alex 'Sid and Nancy' Cox. The song was featured in the introduction of Costello's last round of UK dates.

THE CHRISTIANS have put back their British tour until June because they want to finish recording their first album with Laurei Latham (first single due to coincide with the dates, LP following in July) but when they do go out, we hear the support act will be the equally excellent TWO NATIONS, whose "Living In Two Nations" is marked on our card as one of the best singles of the year so far.

WE TOLD YOU A WHILE BACK that PINK FLOYD would be touring in September, and now word comes that Canadian dates have been announced and in some locations the tickets have already gone on sale. follow. We'll let you know more about this shortly.

JOHN MELLENCAMP, now officially minus the COUGAR, is currently in Burbank, California's Master Control Studios working on the follow-up to his "Scarecrow Lp" with producer DON GEHMAN. The new album, which is still untitled, should be in the stores by the end of August via PolyGram.

THE DOOBIE BROS. REUNION mini-tour has now been extended to eight dates with the latest additions being in the Pacific Northwest (Tacoma, Spokane, Portland). Kicking off May 21 in San Diego, the trek will take them through California and into Las Vegas with an appearance scheduled at the Aladdin Casino benefiting the LITTLE SISTERS OF THE POOR. Other charities being helped by the band's generosity include the VIETNAM VETERANS AID FOUNDATION and the CHILDRENS HOSPITAL AT STANFORD UNIVERSITY. At this point, the twelve members have no plans for a studio album. The band is thinking, though, about a possible East coast tour for August.

AN ALL-STAR CAST has gathered in London for a forthcoming movie release entitled "Eat The Rich". Making cameo appearances in the British movie are PAUL and LINDA McCARTNEY, BILL WYMAN, SANDIE SHAW, ANGIE BOWIE, JOOLS HOLLAND and movie business magnate MILES COPELAND. The film is being produced by Smart Egg Pictures and should be completed sometime in 1988.

"R.E.M. SUCCUMBS" is the name of the upcoming home video from the Athens, GA band due June 1 from A&M Video. Containing an intro by R.E.M.'s PETER BUCK and band manager JEFFERSON HOLT, the tape features such clips as "Driver 8", "Fall On Me", "South Central Rain", and "Radio Free Europe", to name but a few. Many of the included clips have never been seen before, such as "Life And How To Live It" and "Feeling Gravities Pull". The 50-minute cassette will also include a mini-film tagged on at the end. The short movie, entitled "The Left Side Of Reckoning", is comprised of videos taken from the left side of that record and strung together to make a film. Included in the short are "7 Chinese Brothers", "Time After Time" and "Pretty Persuasion". This is a piece of work every R.E.M. fan should own and it can be yours for the low price of \$19.98. Currently, the band is in Nashville at Sound Emporium Studios with producer SCOTT LITT working on their new Lp.

JOE WALSH is hard at work cutting tracks for his new record, "Got Any Gum?", at Ardent Recording Studios in Memphis with producer TERRY MANNING. Giving Joe a helping hand are bassist DAVID COCHRAN (CHRIS SPEDDING, ROY HARPER) and drummer CHAD CROMWELL. Warner Bros. will be releasing this album in early Summer.

ROCK REPORT CORRESPONDENT KEN SHARP spoke with Squeeze lead vocalist/guitarist GLENN TILBROOK in Lancaster, PA recently and he told us the new Squeeze album is almost completed. The Lp is being produced by E.T. THORNGREN (PETER WOLF, TALKING HEADS) and is currently in the mixing stages. Slated for a late summer release, the Lp is tentatively titled "Life In The Bus Lane" and, according to TILBROOK, marks a return to the "classic" Squeeze sound. Among the tracks included are "The Prisoner", "Trust Me" and "Footprints In The Frost". Squeeze is currently on a two-week tour of colleges.

EMERSON, LAKE & PALMER enter the studio in July to begin work on their reunion album set to be released through Atlantic. Currently, the band is in England writing material.

TOM PETTY: Tom Petty had hoped to include footage from Evangelists in his clip for "Jammin' Me," along with scenes of the Reagans, Khadafy and Ku Klux Klan. However, the clip's producers got a firm "No" from Billy Graham, the Bakkers, and Jimmy Swaggert.

ROCK & HYDE: Rock and Hyde began their first tour April 23rd at home in Vancouver, British Columbia. The band will take the "Under The Volcano" album on the road right across Canada and then head down the eastern seaboard opening in Washington on May 13th. They're hoping to get picked up as the opening act on a major tour this summer. Their debut LP has already gone gold in Canada.

ERIC CLAPTON: After their show in Chicago on Sunday night April 19th, Eric Clapton, Phil Collins, and Robert Cray paid a visit to the Limelight, where they spent about 45 minutes jamming with Buddy Guy and James Cotton, who were playing there as part of the club's Sunday Blues Night Tradition.

**THE CURE:** The Cure's first studio album in more than two years, "Kiss Me Kiss Me Kiss Me," will be released May 19th. The double album of 18 songs and more than 70 minutes of music includes Rock, R & B, Middle Eastern-Flavored Music, even Classical Violin on one song, "How Beautiful." The Cure will be touring the U.S. this summer.

**LYNYRD SKYNYRD:** Armored Saint has recorded a new version of Lynyrd Skynyrd's "Saturday Night Special," for their new album, "Raising Fear." The LP marks the first time the band produced itself.

**ROY ORBISON:** T-Bone Burnett has produced a new version of "In Dreams," for Roy Orbison, with Orbison singing to the masters from Monument Records. David Lynch will direct Orbison's video for "In Dreams."

## RONNIE LANE DRAWS FULL HOUSE AT NY

**COMEBACK:** Ronnie Lane's Easter Sunday Concert in New York drew a full house at the Limelight, including former Rolling Stone Mick Taylor, Paul Simonon of the Clash and producer Andrew Oldham, in from his South American base of operations in Columbia. Lane performed 14 songs with his band, The Tremors, which includes Bobby Keyes on sax. Lane did the entire show without a break, singing while seated on a stool. With his Multiple Sclerosis in remission now, Lane hopes to do some recording and received an offer on the spot from Oldham, who is ready to sign him to his record company.

## BILLY IDOL TAKES A PAGE FROM JIM MORRISON'S

**BOOK:** The remaining one thousand tickets to Billy Idol's second concert in Worcester, Massachusetts earlier this month sold out the morning after word got out that he had dropped his pants and exposed himself during an encore of the Doors' "L.A. Woman," the night before. That incident and Idol's set are bound to bring lots of publicity to the "Whiplash Smile" tour. Idol's backdrop is a woman's legs--spread--and he makes his entrance from between them. Jack Nicholson saw part of one of the early shows on the tour in Troy, New York, where he is filming his next movie, "Ironweed." "I've been going to see Nicholson's demented characters on film for years," Idol said later "I'm glad to be able to repay the favor."

## ORGANIZER SAYS JULY'S ONE WORLD CONCERT IS

**STILL ON:** It looks as though the One World Concert, first announced in February, will take place. The show could be the biggest fundraiser since Live Aid. Organizer Michael Aminian says the show will go ahead as planned on July 11th. Included in the One World line-up is an appearance by Spandau Ballet in Tokyo, and U2, Simple Minds and The Pretenders could be sharing the same stage in Warsaw. Britain's Prime Minister, Margaret Thatcher has even written to Russia's Mikhail Gorbachev asking him to allow Queen to play Moscow's huge People's Stadium.

## FROZEN GHOST'S BACKWARDS MASKING JOKE:

The phrase Frozen Ghost utters at the end of the song "Truth In Lies," the last song on side two of their album, is "You're Ruining Your Needle," played backwards. Frozen Ghost's Wolf Hassel says he and partner Arnold Lanni decided to include it just as a backwards masking joke. "We wanted to end with something whimsical," he explained, "Just to show that Arn and I aren't pretentious, that we're just a couple of guys who get together, play music, really enjoy it, and think the whole thing should be fun." Hassel warns not to take their song lyrics too seriously. They don't want people to think they're "Preaching," they're simply making observations about the way things are. "If there is any backwards masking--and I'm not sure there is," Hassel said, "We wanted to show that it's not that satanic stuff. The other phrase we thought of using was "Be good to your moms and drink milk."

## ADAMS ON TRACK WITH TOUR, NEXT SINGLE &

**VIDEO:** Everything is on track for the Spring tour by Bryan Adams, which begins May 6th in Shreveport, Louisiana. Concert ticket sales are slower than on the "Reckless" tour, management admits. During the first month on the road, Adams will film the video for the second single from the "Into The Fire," LP. The track: "Hearts On Fire." It will be a performance piece from

an American show. Adams has kept a low profile with the press to spread momentum over several months. He will appear on the cover of Rolling Stone in June and will make his second appearance on "Late Night With David Letterman" this Spring.

**WAILER MURDERED:** Carlton Barrett of the Wailers was shot and killed outside his home in Kingston, Jamaica Friday night April 17th. The Drummer's widow, Albertine Barrett, told police she heard gunfire as she was watching television. Police say that Barrett was shot twice in the head. No motive has been established by Police, and no arrests have been made. The Wailers had just returned to Jamaica after performing in Miami. The group is scheduled to tour Europe beginning in mid-May.

## PROS AND CONS OF CUTTING CREW:

Kevin McMichael says he and partner Nick Van Eede got the name Cutting Crew from an English Journalist, who was using it in reference to a dinosaur band. "The phrase was, 'This old cutting crew is going in to wax its' twelfth album, we wish them luck'," McMichael recalled. "As a phrase, it stuck and we put it on our short list of possible names for a band sometime." McMichael added the name also suited them because at the time they began working together, they were both sorting out contractual problems that prevented them from performing. "All we could do was demo demo demo," McMichael explained. "We couldn't put together a band and play for at least six months because it would have landed us in court." McMichael says the name has caused some problems, though. "Little did we know that a year later, it would become sort of synonymous with a lot of hip hop and scratch acts," he said, "and that we would find our record mistakenly racked with Doug E. Fresh in the hip hop bins."

## DOOBIES EXTEND REUNION TOUR:

The Doobie Brothers have slightly revised their tour itinerary and added a few more dates to their reunion tour. The first date is now May 21st in San Diego, after the group switched it from Arizona to support the boycott against the governor for rescinding the Martin Luther King birthday holiday. In addition to dates in L.A. on May 23rd and San Francisco on the 25th, The Doobies will also play Salt Lake on the 27th; Portland on the 29th; Seattle on the 30th and Spokane on May 31st. On the last four dates, Southern Pacific, the country rock band with Doobies members, will be the opening act.

## WILSONS CONFIDENT WITH HEART'S "BAD ANIMALS":

Heart is shooting the video for their new single, "Alone", in Los Angeles. "Alone" is out, followed by the album, "Bad Animals", on May 15th. Heart will just be returning from a weeklong visit to England and Europe when the album ships. Their American tour will kick off June 26th in Worcester, Massachusetts. "Sure, we felt some apprehension about trying to make a record that was even stronger than our last one," says Nancy Wilson. "But, 'Bad Animals' is stronger," she insists. "It's more melodic, more sophisticated and there's more continuity from track to track. And," she continued, "I've never felt more proud being with the band and the wonderful people we work with. There are true friendships in this band. It's a family and that's what a band should be." According to singer Ann Wilson, the new album is "more rock, more passionate, more direct. What we really set out to do was make an LP which rocks as hard as we rock onstage, and we did it," she said. Heart re-teamed with producer Ron Nevison for "Bad Animals". He had worked with them on their "Comeback" album, which was their first no. 1 LP, sold five million copies, and contained five top 10 singles.

## ADAMS TOUR TO HAVE CUSTOMIZED SOUND

**SYSTEM:** Bryan Adams' tour, which kicks off May 6th in Shreveport, Louisiana, is said to feature a revolutionary sound system designed especially for him. The singer retained Jason Sound Industries, of Vancouver, to research and develop a system that would deliver the full impact of the live performance to every seat in the house. After six months of testing, the result is the J-60 sound system, which uses more than 150,000 watts and sets a new standard for concert technology. Adams has North American dates booked through September 5th, except for the first week of June when he'll be in England playing the Prince's Trust Concert in London. The official European leg of the tour will begin in October and run through December 22nd.

**HEART:** Twelve hundred fans turned out in downtown Los Angeles April 24th to help Heart shoot their video for "Alone". The concert portion of the clip was shot at the Embassy Theater inside the Embassy Hotel, which was built in the early 1900s.

**U2:** Joan Baez danced her way through the first of U2's two concerts in San Francisco April 24th & 25th. Other celebrities who turned out to see the Irish band included Paul Kantner, Mickey Thomas and Jonathan Cain.

**RAY CHARLES:** Ray Charles has formed a foundation to research hearing disorders. He also testified at a House Appropriations Subcommittee Hearing this week (28) to discuss hearing impairments.

**ANDY SUMMERS:** Andy Summers is releasing a new album on MCA Records in July. Summers will begin his tour in Europe, then arrive in North America for concerts on July 16th.

## MORE SECURITY, LESS INSANITY FOR BEASTIES-RUN

**DMC TOUR:** The Beastie Boys are leaving all of their controversial props at home for their tour with Run DMC, but both bands will be traveling with extra security when the tour gets underway June 13th in Honolulu. Among the security measures: airport style metal detectors, and a minimum of six bodyguards. In-depth questionnaires and video tapes about providing security are being sent to each hall the show will play. In cities where gang-related problems have plagued Run DMC in the past, the show will be booked into a suburban area, where it is believed to be easier to maintain control. Lyor Cohen, who is the co-manager of both bands, says the steps are being taken in an attempt to overcome "problem reputations" so the two bands won't find it increasingly difficult to find halls to play.

## STADIUMS, LIVE ALBUM NEXT FOR U2 SAYS

**MULLEN:** Larry Mullen says Bruce Springsteen spent several hours with U2 after one of their shows in Los Angeles April 20th advising them on what changes they'll need to make in order to make the jump to playing stadiums. Mullen says although no one in the band is particularly eager to do so, stadiums are probably where fans will find the Irish band when they return to the U.S. for the next leg of their tour starting in September. According to Mullen, U2 is also planning to follow-up "The Joshua Tree," with a live album so they can take a break after finishing an 18 month world tour. Mullen says during the break, he'd like to record a country album, which will feature him singing.

## AEROSMITH, LOVERBOY, IRON MAIDEN JOIN ROCK &

**HYDE CONCERT:** What started off as the final night of a three night stand for Rock and Hyde ended up as an all-star jam at a local Vancouver nightclub on April 25th. In the intimate 300 seat Club Soda, all five members of Aerosmith took the stage for the Rock and Hyde encore and performed five songs. The band was getting antsy in the studio and needed to get out for a gig. Following them onstage was Loverboy's guitarist Paul Dean and Virgin records' latest signing, Colin James, who performed two songs. Then, out popped two members of Iron Maiden, including Bruce Dickinson, in town for a date the next night. The jam ended with all the musicians performing a rousing version of Rock and Hyde's "Dirty Water," with the audience chanting the chorus.

**ELVIS COSTELLO** had a packed audience at Brown University standing in a frenzy of enthusiasm as the bad boy from Britain ran through many of his most famous numbers, including "What's So Funny About Peace, Love And Understanding", "Breaking Glass", on which he shared vocals with his pal Nick Lowe, and a terrific version of one of his early hits, "Alison (My Aim Is True)". It was a sold-out audience. Costello used his interesting feature at this concert, a huge spinning wheel which had dozens of his songs listed. It was about twenty feet tall, and a fan from the audience spun the wheel, and whichever song came was the song he performed. On the other side of town, on the same night, Squeeze was at Providence College in

Rhode Island, with The Truth opening the festivities. The band consists of Glenn Tillbrook, Chris Difford, Jools Holland, and Gilson Larvis.

**JOE STRUMMER,** long a main man in Britain's Clash, was spotted in Nicaragua last week working on the next Alex Cox film. Alex is perhaps best known right now for his film "Sid And Nancy".

**FROM BRITAIN** comes word that General Public has definitely dissolved, but watch for Rankin' Roger, Horace Panter, and Everett Norton to stay active.

**MICK JONES,** formerly of The Clash, brought his Big Audio Dynamite into Manhattan's Irving Plaza for a multi-night run last week. In fact, B.A.D. rocked from April 21st through the 26th, and every performance was S.R.O.. On Saturday, David Bowie spent almost the entire evening at Irving Plaza, and danced up a storm in the balcony overhead. Also on the scene that evening, were Dave Stewart, of the Eurythmics; reggae king Jimmy Cliff; former Clash man Paul Simonon; Bowie's lead guitarist, Peter Frampton; and several of the Beastie Boys. On Sunday, Nick Hucknell of Simply Red made the scene, as did movie star Matt Dillon. Because of overwhelming demand, three more shows were added at Irving Plaza for B.A.D. on April 30th, and May 1st and 2nd.

**FORMER BILLY SQUIER STICKMAN** Bobby Chouinard, one of the most talented drummers in the business today, has just completed the Peter Wolf video for "Can't Get Started" in Boston. Watch for Chouinard and former lead guitar player Jeff Golub to join the Peter Wolf touring band as the ex-lead vocalist for J. Geils gets that itch to play.

**BILLY IDOL** SOLD OUT his 3-night run in Los Angeles in 2 hours flat. Meantime, tickets went on sale for his June 2nd blockbuster at Madison Square Garden. And reports from all sources indicate Billy created a virtual sensation a fortnight ago when, during an encore, he and his band cracked into a Doors song, and then...you guessed it, Billy dropped his skin-tight leather pants.

## QUEEN FOR A DAY

In recognition of the 32nd anniversary of the old tv show "Queen For A Day", WMMR's John DeBella and the Morning Zoo thought they'd do their own version of "Queen For The Day". On the original TV show you were supposed to give a sob story and the person with

the best story won a prize. DeBella's concept was different; he thought they would just have drag queens on the air. Anyone was eligible--all you had to do was be a man dressed as a woman.

DeBella gave details: "We told them they had to be here by 8:40 in the morning and by 8:40 we had 13 men dressed in drag and turned 20 away. Some of these guys were pros. Some were very appealing and others were gross. The winner was gorgeous. What a set of legs on this guy!" The winning queen won a four day cruise, three days at Disneyworld plus hotel, rent-a-car and airfare.

The original concept of this bit was that three finalists were to be chosen and they were supposed to walk from WMMR to the television studios of a local station (about 14 blocks) and appear on a talk show called "People Are Talking". But about a half an hour before they were supposed to go, John got a phone call from the station saying that the general manager of the station had pulled the promotion off the air. He refused to let these people go on because he was afraid of insulting someone. DeBella told us, "This is a show that finds it tasteful to put a woman on the air that has two heads. Or Siamese twins joined together at the head. When they interviewed them on TV they both had their head laying on a chair. This is tasteful. But men dressed in drag, that's not tasteful at all."

## THEY'RE SCREAMING FOR KRXQ

# 93 Rock

Maryellen O'Brien does mornings at KRXQ/Sacramento and is one of the very few woman morning personalities in the country. We thought it was about time to see what kind of bits the other gender was up to: "Here's something that I did last week that went over hysterically. You see I'm new to California. I've been here about a year and I've noticed that guys in California like to scream for no apparent reason. They just let out these incredible bellows. In the apartment complex where I live, as soon as the weather started getting really warm, you'd hear these screams coming from all these apartments. I was talking about it on the air and I said that I didn't understand it but I'm trying to overcome my affectacious eastern ways and learn about this. I asked if people would call up and give me a California primal scream and try to educate me. I couldn't believe the response, both male and female, just calling up and screaming their fool heads off!" When asked if she found out the reason for this bizarre behaviour Maryellen said: "They do it just because they're happy to be in California!"

Maryellen also gave away Tears For Fears' latest album to all the screamers for their primal participation. Tears For Fears are big promoters of primal scream therapy.

Only in California!

Is your morning show funny? Do your listeners suffer from terminal laughter as a result of listening to your morning personality/team? Have some of your recent morning bits been nominated for dozens of awards for their creativity and entertainment value? Why not share these ideas with the rest of us and in the process help those struggling, dull, witless, droll, void of originality, ratingless morning shows get their act together. ## GREAT GUITAR GIVEAWAY I

Rock  
**108** KFMG

During the month of April, KFMG, Albuquerque celebrated its 8th birthday and National Guitar Month with a Great Guitar Giveaway. They teamed up with a local music store to give away 20 electric guitars. Listeners could register at the store and the station did a drawing once each weekday for the entire month of April. According to PD Tom Marshall, "it wasn't a real expensive promotion to do because the guitars were traded out. Since we can't do ten Porsches in this market, we tried to take the concept and use it for something that still appeals to rock and rollers." Response to the promotion was excellent with participants' ages ranged from 14 years old to 50.

KFMG also took a weekend in April and did a Great Guitars Weekend. That was the only time where someone could win a guitar by listening to the station. They did a block of songs from "great guitar players" and would play songs by Jimi Hendrix, Eric Clapton, Led Zeppelin, etc. The caller had to name the three songs, the three groups and the lead guitar players. The first correct caller won an album and then became eligible to win one of the twenty guitars.

WDHA, Dover also celebrated National Guitar Month in April with a slightly different guitar giveaway promotion. The station hooked up with Gibson guitars and got their hands on two Les Paul customs in Ferrari Red with

gold trim. They also had Tom Keifer of Cinderella autograph both guitars. To win, WDHA put together a montage of five guitar licks and listeners had to guess the title and the artist in order of the montage. Then, they had to take their guesses and put them in an entry box at one of two different guitar stores. Each guitar was given away from one of the stores and the winner was chosen in a random drawing from all the correct entries.

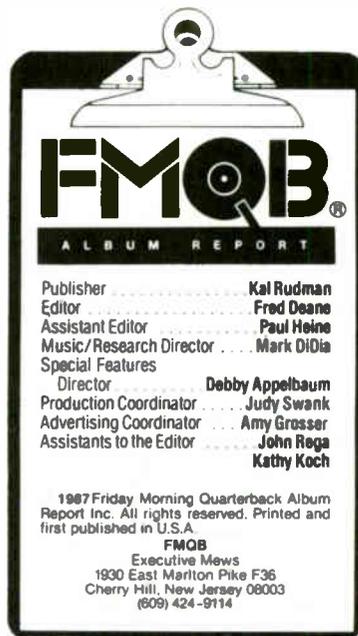

## RETURN YOUR TAXES ON WRXK

**96 K-ROCK**

On April 15th, tax return deadline day, WRXK wanted to find a way to take a negative thing that

everybody knew about and try to turn it into a positive thing. They got together with Pepsi and a local pizza franchise and got the Pepsi wagon out, served food and drinks, played music and payed people's postage to mail their tax returns. The post office was open until midnight and the radio station parked themselves there from 7:00 PM - Midnight paying people's postage from their own postage meter from the office. They put about 600 tax returns through but 1,500 to 2,000 people actually showed up. People just came out to party. They gave away t-shirts and other station paraphernalia. Apparently the post office was very skeptical of the idea at first but as things got going, they became more receptive and ended up loving it!

WRXK had all three tv stations covering the event and one of the stations even did live breaks with them. They also received front page coverage in the local edition of the newspaper the next day. They got great feedback from listeners. People called the station thanking them and telling them what a nice thing they had done. Next year I'm going to Florida to mail my tax return.

**POLYGRAM PRESENTS**  
**QUESTION**  
 of the  
**WEEK**

With the current glut of Superstar releases, and a strong match of up-and-comers, how do you adjust your music formatics to accommodate this volume of music? Do you feel that the new music you're playing is getting an adequate rotation to have an impact on your audience?

GLENN STEWART, WHJY: "Even with a glut of superstar product, I'm a firm believer in not changing the percent of new versus old music on-the-air. That's a delicately balanced formula that doesn't need to be tampered with. The jocks on-the-air have to be more careful in giving proper front and back sells to new product, and they have to be enthusiastic about it. When a superstar album comes out, we'll focus on one track getting frequent play and then for the first two-to-three weeks of the album we'll spread out play on several other tracks. After that we'll narrow the focus to just one of these other tracks. Unfortunately, when you've got a number of different superstar albums like we do now, it's hard for the audience to digest it all. But, if it's all presented on-the-air properly, we can make it as easy as possible."

LARRY MILES, KOME: "As far as adequate rotation, it only makes sense to increase the number of times the current category gets played throughout the course of the day. That covers the extra tracks that are valid to be placed in the current rotation and adjustments required to both get the extra songs on-the-air and acquire the adequate rotation. Whether it's adjusting the clock or flow sheet or sequence sheets, taking some course of action on the number of times per day the currents are selected is really the only way to get all this new music on. Otherwise, there's just no feasible way to add music to the current category and expect it to get worthy exposure."

ERIN RILEY, WMMR: "The big difference between the new bands and the superstar bands is that with the superstar bands we usually have to show a lot more depth on the album. The new artists usually have only one song so you're obviously going to get less rotation on the band in general, even though it may be in the same category as a superstar artist. The superstar artist may have multiple cuts so that artist is going to be featured more often than the new artist. It takes longer but that's just the way it has to be. If it's real it's going to come through in the end."

LARRY SNIDER, KXRZ: "Being a brand-new radio station, we were still adjusting our flow and balance and contemplating reducing the number of currents on our flow sheet because of the lack of completely suitable product. It's our desire to present the best new music the quickest, and to play enough of the old favorites. Now that there's a proper amount of superstar product out, we are able to avoid adjusting down our currents slots. By properly front and back-selling current product by unknown artists, we avoid any problems with presenting new artists."

RAD MESSICK, WDIZ: "It's really nice when there are superstar artists out at the same time as some good up-and-comers. First, it allows the superstar artist to be around a lot longer, as you don't have to play five songs from each of them out-of-the-box. Therefore, the album can last for over a year, as in the case of Peter Gabriel or Genesis. Secondly, most of the superstar acts are very familiar-sounding, as in the case of U2 or Fleetwood Mac. Therefore, the audience doesn't necessarily perceive them as mind-boggling and intimidating new songs. New acts with substance, like Cutting Crew and Little America, will always rise to the occasion because the song is in the groove. Therefore, we get the best of both worlds with baby bands and superstars...We have a basic policy that if the song isn't going to get an adequate rotation, then why add it? It doesn't do us any good and it doesn't do the record company any good."

GREGG MULL, WRXK: "I really haven't made any adjustments because we have always given currents a fairly high profile on the station. The rotations are sufficient, but we have given new albums, especially from superstars, a higher promotional profile; i.e., recorded promos hyping the amount and quality of new music on the station."

giving the six supergroups two to three cuts in our rotation and trying to squeeze in the rest...As far as getting adequate rotation, probably a lot of the stuff is not, right now. But I feel that I'm not the only one having this problem and that all of the great songs will have their time."

TOM SCHEPPKE, KISS: "When I get a superstar album, I immediately hit a track an hour the first day, then we'll cut it down to at least one new track per daypart the next day. After that, we'll pull the best two or three new cuts and, if there's already a 12" cut from the album in 'A' rotation, I'll put the new ones in medium. I don't wanna take the emphasis away from the 12" or single... It depends on the artist. Obviously, David Bowie I wanna play, but this isn't a really big Bowie market, so I'll play it in a heavy rotation but maybe not at night. Whereas the new Ozzy album I'll play three or four new cuts -- I gotta bang Ozzy!!"

KIM ALEXANDER, WHCN: "It is great, isn't it? I love having so much good new music to deal with, but it is frustrating too. Since we've begun the no repeat work days, it has alleviated the problem a bit. Although we won't repeat a song any weekday between 9AM and 5PM, we're still playing the same amount of currents, so we've had to add more music and go deeper on major Lps. That's the good part. I do think though that we may have to leave records in longer to see reaction. I'm finding with the new system it can take a good month to see any sales or phone reaction. Personally, I'd rather deal with too much quality music than not enough. If you think a record deserves to be heard, please find a way and play it."

STACEY YELTON, WKQQ: "Double Q has always been known to play a lot more current than most AORs. What we have done to accommodate all these wonderful new sounds is packeting. This is done on the Selector Computer Music System. For example, Bryan Adams: We can have three tracks in heavy by using the packeting system...We are definitely exposing new artists to our audience. Again, we use currents. Most hours at Double Q allow us to play 12 songs and, in most dayparts, we have an even mix of six currents and six recurrents. Being the only AOR in town, allows us to be more adventurous. Hence, we can have somebody like The Other Ones in a power rotation."

BRIAN KRYSZ, WKLC: "I drop the weak, unfamiliar shit that we've been giving a shot to...Yes, because no one else is playing it at all!"

TY BANKS, KQWB: "Being in a fairly conservative market but still wanting to expose new artists, we compromise by playing fewer tracks from big name artists, thereby allowing playlist availability for the unknowns. We still can't play as many as we'd like ideally."

TOM STARR, WOUR: "In terms of overall ratios of current to older material--no. We will accommodate superstar product initially by optioning two or more tracks within certain current rotation categories. We do that to avoid muscling out non-superstar developing product. For example, if we're going to play four Fleetwood Mac songs and don't want to knock out the Hoodoo Gurus, we option the Mac songs within a category. The thinking is that with a superstar artist people want to hear the artist as opposed to a specific song...Part 2: Absolutely. The cream rises to the top."

PAM EDWARDS, KGB-FM: "We just drop 'Freebird' so we can fit in three other songs..."

PAUL SHUGRUE, WRXL: "The problem we're having is that there's five or six superstar releases, a lot of debut acts with strong songs, and nothing in between. So there's a lot of very familiar voices and very new voices on-the-air. It seems to work out okay, except on Two For Tuesday... I know the music we play is having an impact because we have a short list, but I don't understand how that can be true with sixty song lists."

INNESSA YORK, KGON: "We haven't made any adjustments yet, but we are considering something such as a New Music Packet for nights. There is a concern, of course, that there would be adequate airplay. It would be very important to watch for early positive signs that would tell us to move a track up into a more prominent rotation."

SKID ROADIE, KYYS: "When you say superstar, you mean like The Butthold Surfers and The Angry Samoans, right? Just go track-by-track. Rotationally, treat tunes equally... Add impact with front/back sells for 'important' tracks, and use hook-laden college promos to reinforce retention of lesser known artists."

CHRISTINA, WPLR: "The beauty of AOR formatted radio is that we can go several cuts deep on a superstar and still have room for new music. By being aware of when superstar material is going to be released, we don't have to juggle our format...No new record gets added here unless we can back it and rotate it one hundred percent."

ANDI TURCO, WPYX: "We take it on a song-by-song basis and we do also watch the trades, but we do feel it's important to play the best of the new artists combined with the established ones...And, yes, they are getting sufficient rotation. Proof of the pudding is we are seeing local sales on the records that we do commit ourselves on."

DEB BRADY, WXXP: "We try to maintain a balance between new music and older, familiar product; however, we do favor the newer stuff. With our relatively fast rotations, chances are when you tune in you'll be hearing one of our hot currents. Since we always play an abundance of currents, there's never any need to change our music formatics since we're always accommodating a large amount of new music. Because of the way our rotations are set up, people are getting a good exposure to the new artists."

lot deeper on the Gregg Allman Band. You can wait to take it single by single or you can get into it now. With Allman coming to Seattle, and the phones and sales as h-o-t as they are, it's been our good decision to go deeper. Take this album home--give it your full attention, and then let's collectively proclaim Gregg Allman as Comeback-Player-Of-The-Decade. Pay special attention to 'Things That Might Have Been' and the duet with Don Johnson...Thanks to Epic Records for the wonderful time in New Orleans. Hope Mason's tongue is OK!"

KLOL, HOUSTON, TX M.D.-HARVEY 'DR. K' KOJAN: "Woke up in a cold sweat this morning--what a nightmare! I dreamed I was on a banana yellow school bus, piloted by a bald-headed creature right off the ten 'Most Wanted' list, careening through steamy, unfamiliar streets, surrounded by a scary assortment of drunks pounding the sides of the bus while we all sing '100 Bottles Of Beer On The Wall' at the top of our lungs. Am I going McNutts or what?"

WKLC, CHARLESTON/HUNTINGTON, WV O.M.-BRIAN KRYSZ: "July 4th is coming soon--and, as usual, it's FM-105's Fireworks Extravaganza Time on the Kanawha River with over 100,000 people looking on! 'Mybabyshe'sallright' because she loves this Boston band, and with good reason--they're fun, they're great rock 'n roll, and they sound great on-the-air, too!... Also sounding damn good these days is the Armoury Show. We had a good deal of success with 'Love In Anger' which is one of those songs which, when you hear it on the radio, you say 'hmm that's good--what is it?'--and now comes their 2nd Import single in 3 months, 'New York City', a Scotsman's view of the Big Apple that's none too kind, but nonetheless infectious and worth at least a listen...Count us in with Wire: 'Ahead' is the most accessible track this group has ever done. Rock 'n roll meets dance music for a perfect night

out...Count us in also on the Jon Astley album. You can't get a fresher sound than this. It will stand out on-the-air like Grace Jones' bracelets--outrageous, but fun!...You know those songs of which you can't get enough--You know the ones that, when you hear them, you crank up the volume and everything that you're doing comes to a complete stop while you get into what will eventually become one of your all time favorite songs--That's the way we feel about The Saints 'Just Like Fire Would', which is simply one of the great tunes of the year. No station that plays quality music should be without The Saints. Sure as hell you've got enough sinners!... Great concerts to report on this week: Shriekback were the best anyone here has ever seen them and Toronto's 9 piece jazz fusion group, Manteca, put on an amazing show that they taped for a live album. They're bigger than life and a name well worth remembering, in case their music breaks out of the Great White North... Thanks to the CS Angels and Gowan for stopping by the station for live mike interviews. Gowan's album is doing quite well here, thank you, and is worth a shot where you are!"

WLVQ, COLUMBUS, OH M.D.-WENDY STEELE: "J. J. Jeffries, our News Director, and myself are still mesmerized. We saw Clapton and Collins in Cleveland last Thursday, thanks to Belkin Productions. It was phenomenal. Eric looks and sounds better than ever. Eric, we'll have to do lunch soon...Last night we Wang Changed it up. The man is fun...Bowie's 'Time Will Crawl' has now crawled into my skin. First listen didn't totally excite me, but I really like it now. It goes into medium, as well as 'Tango In The Night' from Fleetwood Mac. Nice guitar work...Looking and hoping for more tunes to listen to in the convertible."

WLIR, LONG ISLAND, NY ASST.P.D./M.D.-LARRY "THE DUCK" DUNN: "Congrats to the Virgin crew for snagging the #1 spot in America... Congrats also to Daniel and Deborah Glass on the birth of their daughter...By the way, I've decided to spend summer school at the Lin Brehmer school of journalism. Your FCC comments were brilliant, Lin, absolutely brilliant...The Mission U.K. is a must-see band. You, too, will concur with Don Berns --and I'll add, 1700 fans at the Ritz can't be wrong either. We taped the band for a future radio concert this past Friday night. By far, the best stage and light show I've seen at the Ritz in years. The stage show was as elaborate as the Easter show at Radio City Music Hall...The next night, Oingo Boingo delighted a sold out Ritz crowd to a two-hour Dead Man's party. It's still amazing, Oingo Boingo can sell out the L.A. Forum, sell out the Ritz fast and clean, and

yet have a hard time getting arrested elsewhere. It's a guaranteed good time scene--Oingo Boingo live...In my humble opinion, I have to say, after spending hours with the Replacements album, 'Alex Chilton' is indeed the best cut on the album. Crank it...Thanks to Wayne Hussey of the Mission U.K. and Danny Elfman of Oingo Boingo for phoning in live...Special thanks to Mick Hucknell of Simply Red for stopping up live on-the-air with 'Donna Donna'...Personal: All the best to my good friend, Robbie Brooks--the agent's agent...And Screamer Of The Week: U2 'In God's Country'."

**WHCN, HARTFORD, CT M.D.-KIM ALEXANDER:**

"Is this reality? I'm still trying to adjust. Many, many, many thanks to Epic for the New Orleans weekend...Mason Ruffner is an incredible guitar player. At first I thought he sounded like Stevie Ray Vaughan, but after hearing the lp several times and seeing him live, there's no doubt about it: The guy has a style all his own. Strong songs, too... And now the N'Awlins Awards. Best chaperon and tour guide: Fred Deane and Dave London; Best singing: Robyn Kravitz, Harvey Leeds and Paul Heine. Best person to see transsexual dancers with: Jack Isquith. (I swear we were only there for a minute!)"

**WDVE, PITTSBURGH, PA M.D.-ANTHONY ALFONSI:**

"'Here I Go Again' by Whitesnake is an obvious choice. Not only is it a great song, but the overwhelming phone requests over the past few weeks didn't hurt it either...By the way, 'Still Of The Night' is still top phones...Gary Moore's 'Over The Hills And Far Away' should also do well. The combination and use of the instruments on the record makes it a standout. I expect this song to be a big request item...The Truth's 'Weapons Of Love' should give us a nice musical balance."

**WBCN, BOSTON, MA M.D.-CARTER ALAN:**

"Have you heard the news? The WBCN Ballbusters chalked up their first softball victory of the season by narrowly defeating the crack squad of Huey Lewis And The News. The grudge match has evened what will now have to become a best-of-three series. Huey was in town for three sold out nights at the B-C-Ntrum, and spent a sunny Sunday afternoon with the 'BCN jocks at Boston University's Nickerson Field. The game drew 6,000 spectators, who all paid \$2.04 a crack, with the proceeds going to the Jimmy Fund. After a heated game, the Ballbusters hung on to their one-run lead to emerge victorious. A defiant Huey Lewis vowed to return for the tie-breaking match. Thanks to Jerry Blair and the folks at Chrysalis, and also the band, for a great time...The Nocturnal Emissions party hosted by 'BCN jocks and music mongers, treated a fully filled Paradise Theater to the music of Mission U.K. This, the band's third gig in America, featured a spectacular performance in which the band clearly won over the crowd with the greatest reaction to their current airplay favorites 'Wasteland' and 'Stay With Me'. The Mission U.K. stand on the ground The Cult might have inherited had that band not gone into Led Zeppelin land. Thanks a lot to the Polygram folks for setting up the show...Also, WBCN was back at the Paradise for their presentation of Farrenheit's homecoming after a year away recording their debut album for Warner Bros. The show was fantastic, and was warmed up by Geffen's Little America who were making their first visit to Boston and who won the crowd over after their set...Finally, thanks to Rick Medlocke for a great 'Saturday Night'."

**WAQX, SYRACUSE, NY ASST.P.D.-LORRAINE RAPP:**

"One week left for you to put your bid in for the wildest, hottest, most fun rock and roll night shift around. Send T&R to Simon Jefferies, 95X, P.O. Box 95, Syracuse, NY 13250...We found out that Pink Floyd was confirmed to play the CNE Stadium in Toronto, September 22nd. Within a half hour, we sold out the hundreds of round trip packages that were made available exclusively to 95X listeners--before the regular tickets even went on sale!!"

**KGB-FM, SAN DIEGO, CA M.D.-PAM EDWARDS:**

"In ratings news, KGB-FM climbed to #1 in twenty different demos including virtually every male cell!...Cool track of the week comes from the Long Ryders. 'Gunslinger Man' is the perfect combination of down-and-dirty rockin' with a tasty dose of twang... The Cutting Crew are making quite an impressive debut. 'One For The Mockingbird' definitely takes off where 'Died' left us, but more importantly, convinces the audience that this crew isn't just a one hit wonder. Undoubtedly, record sales will be climbing again... 'Good Times' from the Hoodoo Gurus was a bit too pop for us, so we choose 'Out That Door' as our first Gurus' track. If you're looking, this is a great song...Once again, thanks to Rock and Mark at Atlantic for treatment above and beyond the call of duty. Your KGB-IOW certificates are in route...Thanks to Europe for stopping by the station and presenting us with a platinum disc. Swedish TV filmed the whole thing; so if you own a satellite dish, catch the Swedish news next week. Also generous thanks to the members of the band for the sperm donations!! Several of us here have always wanted to have a perfect blonde and blue-eyed child and now we can realize our dreams."

**KTCZ, MINNEAPOLIS, MN P.D.-ALAN LAWSON:**

"Last week was a busy and exciting one for City's 97. Thanks to Leo Kottke and Kenny G. for the impromptu live on-air performances. Thanks to Ben Sidran and Bernie Taupin for the great live interviews, and thanks, Bernie, for the tequila...As for music, Bernie Taupin's 'I Still Can't Believe That You're Gone' is a strong ballad and 'Citizen Jane' is great...The new Suzanne Vega album is a great follow-up to her debut album. 'Luka' gets instant requests...Also check out David Sylvian's 'Silver Moon' on the 'Gone To Earth' album."

**WBRU, PROVIDENCE, RI M.D.-ALISON STEWART:**

"I've been completely lax with my manners in the past couple of weeks. Big thank you's for Jerry from Chrysalis for the Billy Idol show; George Skaubitis for The Cult show; Jill Glass for the Suzanne Vega show; and Karen Durkot and Steve Schnur from Elektra for their preview of some great new tunes."

**KEZE, SPOKANE, WA ASST.P.D./M.D.-BREW**

**MICHAELS:** "ROCK106 is jumping up and down over the success of the younger bands. Little America has logged in Top 3 phones for the fifth consecutive week...Also very strong on the phones this week, World Party 'All Come True'. The upper demos are responding to the haunting, Stones-like melody and highly polished sound. Definitely the best song on the album."

**KGON, PORTLAND, OR M.D.-INESSA YORK:**

"We certainly enjoyed meeting with Bernie Taupin last week. Considering the sheer number of great songs this guy has written and the fact that he's a near legend, he handled it all with a certain finesse. It turned out to be a double party for us as our advances came in and we were thrilled...Favorite new vinyl of the week is Mason Ruffner--fun and rock and roll."

KOME, SAN JOSE, CA ASST.P.D./M.D.-LARRY

MILES: "Another week with too damn much music to deal with!! For weeks we have been putting in near double-digit new tracks and songs, and we are close again this week... The new Lou Gramm track, 'Heartache' extends his solo material and does so in fine style... Our Bay Area boys, Eddie And The Tide, have the track 'Waiting For The One' as the key track from their Lp. PLEASE give this a second, third, and fourth spin!... Is Jon Butcher hooked up to a higher form of future planning or what? Timing on the release of 'Holy War' couldn't have been predicted... Andy Taylor's 'Don't Let Me Die Young' is incredibly valid in the society of today's youth, and is a much cleaner production mix. Aside from the lyrical content, it musically sounds GREAT... Robert Cray's 'Right Next Door' and the Genesis track 'In Too Deep' are right up the upper demo alley... And Little Steven hits us with another powerhouse, sure to grab the ears of everyone... Some of the material we WANTED to deal with this week, but have to project for next, includes Rick Medlocke And Blackfoot. These guys keep slugging and with good reason. The song title 'Saturday Night' says it all!... Mondo Rock has our ears up... Concrete Blonde as well... And the Portland Brothers 'Soul City' is my stand-out favorite for the summer. Upper demo appeal, smooth production and harmony galore. It's gonna be big!"

KBCO, BOULDER, CO M.D.-DOUG CLIFTON:

"Best New Release: Nylons 'Happy Together'. It's the best release yet from this Canadian rock-apella group... Best New Song: A tie between Hege V 'Burial Ground Of The Broken

Hearted" and Mason Ruffner 'Gypsy Blood'... Building: Up to power rotation this week-- Tom Petty 'The Damage You've Done' and Crowded House 'Something So Strong'. Also added: Tom Petty 'Runaway Trains'; Stranglers 'Dreamtime'; and Jon Butcher 'Holy War'... Requests: Mojo Nixon retains the top position, while the Nylons move into the second spot. World Party is back in the Top 5 also... Adult Retail: U2 is still very strong in the #1 position. Fleetwood Mac debuts at #2, Robert Cray is #3, followed by Crowded House, Prince, Gregg Allman, Tom Petty, Psychedellic Furs, Simply Red and Los Lobos... Concerts: Thanks to Craig Lambert and Dick Merkle for their help in lining up our live cast of the China Crisis show from Boulder's Coast. It was our most successful live broadcast to date. The band sounded great!... Thanks to Tom Holser for helping out with our Kinetic Ball. Tom is managing Chris Daniels and the Kings at the national level. The Kings pack 'em in at Boulder's Coast as we kick off Kinetic Fest '87. Once again, please consider 'Testify' and 'Roadhouse Music' from the Kings debut national release, 'When You're Cool'. A big thanks to David Bromberg for popping into Boulder to sit with Chris... One final concert note: KBCO will be presenting the 1987 Summer Of Stars at Red Rocks... More thanks: To Paul Hyde and Jon Astley for the phone calls; Randy Robbins and Bill Bartlett for the visit... Personal to Bob Feinmeyer: The lilacs are almost in bloom!"

WNEW-FM, NEW YORK, NY P.D.-MARK CHERNOFF:

"Ace Frehley is certainly back with another Russ Ballard winner. 'Into The Night' shows some early promise... Little America's 'Walk On Fire' is just about to catch fire. Requests are heating up our phone lines... Without a doubt, Little Steven's 'Trail Of Broken Treaties' is his best solo effort."

WAQY, SPRINGFIELD, MA M.D.-JOE MARINO:

"I heard that someone said the Bowie album had 'no hooks' in it. This guy must have fish hooks in his ears! This album has more hooks in it than a bait shop...Jon Butcher is still building strongly with 'Holy War'...TNT's '10,000 Lovers', with its smoking guitar and great melodies, is still building strong here at WAQY...AND Andy Taylor comes up with another great anthem with 'Don't Let Me Die Young'."

WCMF, ROCHESTER, NY ASST. P.D./M.D.-DAVE

KANE: "In between auditioning all the great new stuff, I find myself coming back over and over again to the latest album from Chris Isaak. It's currently one of my faves and probably one of the most overlooked records currently out there. This is one solid record, and the vocal similarity to Roy Orbison is as eerie as the overall mood of the songs. 'Wild Love' is probably my favorite, although the Yardbirds remake could certainly cut it on familiarity. Go back and check this record out!...Thanks to Capitol for the Beatles' CDs."

WTPA, HARRISBURG, PA ASST. P.D.-CHRIS

JAMES: "Mason Ruffner is fantastic! Reminds me of Jimi Hendrix meets Jimmy Page. You're not a rocker if you're not on 'Gypsy Blood'...Third time's a charm for the Del Fuegos: 'Name Names' is pure mainstream rock, reminiscent of Tom Petty...Doug And The Slugs continues to eat up the phones. Once you get past the name, there's a genuine hit there. 'Love Shines' pulled Top 5 phones for the 3rd week. 'Day By Day' looks to be the next track...The latest Birches show us a strong #1 with men 18-34; the women numbers continue to build --#1 in adults can't be far away!...Tell Uncle Fred 'thanks' for the shirt!"

WRFX, CHARLOTTE, NC M.D.-MARY LONDON:

"Lots of love to Geffen's George Cappelini for bringing David Coverdale by the station. He's incredible! He does a wonderful interview!"

KOMP, LAS VEGAS, NV M.D.-RICHARD REMSBURG:

"Heavy Lenny was right about Gary Moore!"

KLAQ, EL PASO, TX M.D.-MAGIC MIKE:

"Thanks to Bill Collins and Kim Stevens of Atco for arranging a wild night for Nat Lamp and I--(In fact, if you want every night to be a 'Saturday Night', play Rickie Medlocke)...We just saw the Crowded House show and it is stupendous!"

WXXP, PITTSBURGH, PA M.D.-DEB BRADY:

"We're gearing up for our First Anniversary celebration, and a Double Exclusive concert with Howard Jones in May. It'll be his debut in this Steel City...It's no surprise that U2 is tops on the phones and in sales, but The Smiths and The Cult aren't far behind. For the fun and adventurous, may I recommend They May Be Giants, both live and on vinyl--total entertainment!"

WZZO, BETHLEHEM/ALLENTOWN, PA PROMOTIONS

DIRECTOR: KIMBERLY DOUGLAS: "WZZO helped the March Of Dimes raise a record \$303,000 during this past weekend Walk America with a record 6,700 people, including many Z95 listeners and jocks... WZZO celebrated a Bruce Spring weekend, to promote the new book 'Glory Days' by Dave Marsh (all about Bruce Springsteen). We gave away copies of the book and Bruce's compact disc all weekend."

WQBK, ALBANY, NY M.D.-BOB WELCH:

"So much great music -- so little space! We'll continue this week with the new Jon Butcher. 'Holy War' takes up where 'Good-bye' left off and the missile mix is

h-o-t...We also like the Cutting Crew's 'Mockingbird' and Patty Smyth's 'Downtown Train'...Colin James Hay gets the shot of the week based on what we've heard on how the record has performed elsewhere...Mason Ruffner is a projection for next week. I l-o-v-e the riffs in 'Gypsy Blood'...Great seeing John Weston in town for Frozen Ghost last week. It's been too long since we trashed hotel rooms together...Finally, Suzanne Vega is happening. 'Luka' is our #2 requests, after one week of airplay."

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR:

"Thanks to Patty Smyth for taking time out to spend with Jerry Kraus on-the-air the other afternoon, and CBS' Jay Miggins for bringing her by...We had to adjust the sensitivity of the smoke alarms in the studio when we put Mason Ruffner and Ace Frehley in--both are absolute killer Summertime trax...The Cult is going like 60 with Top 5 requests this week...Also great response to the new Crowded House track; Gary Moore; and everything off the Petty... Out-of-the-box calls on Mason Ruffner and Ace Frehley."

WIXV, SAVANNAH, GA M.D.-VIRGIL THOMPSON:

"Many thanks to George Cappelini from Geffen for bringing David Coverdale by the station. Mr. Coverdale is simply fantastic on-the-air and was a great co-host for the electric lunch. We played some old Deep Purple as well as David's favorite from the 'Electric Era' and; of course, many White-snake tunes. If you have the opportunity to get him by your station, definitely do so...This week 'Still Of The Night' goes to heavy, and the album is 3rd in sales behind U2 and Fleetwood Mac. This one's just now hitting the afterburner I believe!"

WPYX, ALBANY, NY M.D.-ANDI TURCO:

"Boy, was I surprised to find snow on the ground this morning. Someone should tell old Mom Nature to get with the program--it's Spring! Oh well--Adds this week are: 'One For The Mockingbird' from the Cutting Crew. We have been seeing Top 10 sales here; so come on, with the success of '(I Just) Died In Your Arms'--it's a natural... We also found room for Mason Ruffner. This genre of rock has always done well here, so we're very optimistic...Also new this week is Suzanne Vega. We've never played her before at PYX, but 'Luka' feels right as rain. It's a great older demo record and is not too light at all...Rock And Hyde makes it into heavy this week...Personal to Sue DeBenedette: Best luck to you in L.A. Knock them out--I'll miss you!"

KFMG, ALBUQUERQUE, NM M.D.-MICHAEL DAVIS:

"The song of the Summer just could turn out to be Mondo Rock 'Primitive Love Rites'. Hear it once and you'll be jammin' all day...Records that continue to build include Frozen Ghost; Lou Gramm; REO Speedwagon; Tom Petty and even the Whitesnake. This one has no limit...Phoenix, Arizona: What a memorable weekend. Thanks to Europe and the good folks at Epic Records!"

KZEL, EUGENE, OR P.D.-JIM TRAPP:

"It wouldn't be the comments without a tip of the hat to Epic Records for the trip to New Orleans. Mason Ruffner is a true Southern gentleman and his playing will lay you out. The Dave Edmunds production on the new album, 'Gypsy Blood' has helped fashion a genuine guitar-rock pressure cooker for AOR. The lead track is solid and I'm happy to hear that my follow-up favorites 'Fight Back' and 'Dancing On Top Of The World' were also picked by Mr. Edmunds himself...Other important new bands on the scene at KZEL include Hege V with their serious piece of work 'Matter Of Fact'...Also Green On Red with a cut called 'Track You Down'...Likewise, The Replacements lead track 'The Ledge'."

WCLZ, PORTLAND, ME ASST. P.D.-LORETTA CRAWFORD: "Thanks to George Skaubitis for the Eric Clapton show of the decade! There are plenty of offensive things on the radio that have nothing to do with obscenity. You want offensive? Listen to some commercials or buzzes and bells, or a jock doing a 30 second rap in two minutes. Awareness and intelligence are the best programmer's guidelines."

KUPD, PHOENIX, AZ M.D.-J. DAVID HOLMES: "Let me be one of the first to shout the praises of a new artist--a singer/song-writer named Tom Kimmel. This guy has the goods of a soon-to-be major artist. He wrote the song 'Heroes' on Little America's album and his debut entitled 'Five To One' is loaded with great songs that could easily cross over. Out-of-the-box, we go with the track 'Shake'. This record is real!"

WIOT, TOLEDO, OH M.D.-JIM STEEL: "Time to check the chalkboard and see whom I need to thank this week: Jeff Appleton of Atlantic heads the list. Thanks to him and Blackfoot for a special 'Saturday Night' that was so-o-o good I saw the dawn of Sunday morning...Don George of MCA is also on the list. I think it's fair to say we had a great time, capped off by Don letting me hear the brand new Bob Seger tune. I'm still numb from hearing the song and by the way, give that man a raise because I did everything to try to pry the tape out of his hands! He didn't bend and he didn't break. Next time I'll try dancing girls...The last name on this week's chalkboard list is Mike Stone of EMI for the advance tape on Little Steven's new project. I'm not really sure if there is a bonafide Top 40 hit, but what the album does contain is PLENTY of great songs that will make him very successful on the AOR side of the track!"

WXRC, CHARLOTTE, NC M.D.-JUSTIN PHELPS: "Little America is starting to get excellent phones here at THE ROCK. People are calling up and asking 'who is that'?... We added Suzanne Vega this week. Around the station, everyone loves it. Can't wait to hear it on the car radio!"

WKRR, GREENSBORO, NC M.D.-JOHN AMBERG: "Happy trails and best of luck to Jeff Murphy as he moves to Las Vegas to program KKLZ...Congratulations to Phil Manicki on his promotion to Program Director at WWCT...Thank you, Dave Ross, for the Elvis Costello show last Tuesday...Red 7's 'When The Sun Goes Down' is a h-i-t waiting to happen...Mason Ruffner is a mofo! 'Gypsy Blood' is the hottest thing to emerge from New Orleans since Cajun cooking!"

KMBY-FM, MONTEREY/SALINAS, CA ASST. P.D./M.D.-STEVE HOOVER: "It's been a long time since I walked out of a concert and said WOW! I saw U2 at the Cow Palace Saturday night...WOW!"

WKFM, FULTON/SYRACUSE, NY P.D.-STEVE BECKER: "Just a reminder to Record Companies that we can always use artist IDs. Make sure that it includes 'Move Up The Dial To Quality Rock And Roll In Syracuse; 104.7; KIX-FM'. Thanks to everyone who's been sending them already."

WPYX, ALBANY, NY M.D.-ANDI TURCO: "Boy, was I surprised to find s-n-o-w on the ground this morning! WLNZ, LANSING, MI M.D.-CATHY DOWN: "Send up the fireworks--wave the almighty red, white and blue, because Lansing's Lazer is celebrating. Not the 4th of July, but it's just as significant and important! Instead of celebrating our country's birthday, WLNZ has gone to the Mayor of Lansing and proclaimed this week the first official Lansing's Auto Worker Week. We went all out to salute the hard work of American auto workers and the UAW in a 10-day-celebration. Area businesses have also gotten involved and saluted UAW members with specials on area merchandise. And to make this event bigger than life, we've got remotes planned, Lazer Night scheduled, and even a Rattlesnake Dinner for those who dare to be different! It's our way of showing our appreciation to those who appreciate great rock 'n roll and share the belief of the American dream...Speaking of great rock 'n roll, Mason Ruffner's 'Gypsy Blood' gets down to the true blue heart and soul of what rock 'n roll is all about with all the blood and sweat included. Isn't it great to be an American?"

KNCN, CORPUS CHRISTI, TX M.D.-ELISE VANDERBORG: "Lots of things to talk about! From its psychedelic, almost spiritual opening, to the final mega drum beat, 'Holy War' has got to be the most timely tune out. How do you know? It pulled immediate phones (hence the move up to heavy), and firmly establishes Jon as a rocker to be reckoned with. Make room for it. Your local tel-a-vangelist may hate you for it, but your listeners will l-o-v-e it... Another tune I'm all hot and bothered over is Mondo Rock's 'Primitive Love Rites'. With beach and poolside weather right around the corner, this is definitely a winner...Little America is still very strong on the phones and selling lots of records, too!...And females are finally coming out of the woodwork for Whitesnake's 'Still'...In other news, Brighton Rock put on a fine show on Friday, the 24th, for young and old rockers alike. What a nice bunch of down-to-earth guys. Thanks to Ralph Alfonso; Bill Collins and also to Roberta at Record Bar 133 for a great in-store, and hey, Bonz, don't wait so long next time to come home to the C-City. We miss you!"

KATP, AMARILLO, TX P.D.-JACK RANDALL: "Brighton Rock rolled through town and they came to rock the Kat. It was a great show! A big thanks to all involved for putting it all together on such short notice...The Truth's 'Weapons Of Love' continues to light up phone lines with one of the hippest sing-a-longs just in time for Summer."

WMGM, ATLANTIC CITY, NJ M.D.-AL BRANCA: "Mason Ruffner--'Gypsy Blood', our favorite track this week! I'd compare it to Whitesnake in that upper demos' won't tune out because of unfamiliarity. As Whitesnake is reminiscent of Zeppelin, Ruffner sounds like classic Hendrix...Fleetwood Mac's 'Tango In The Night', from a great ballad to a night rocker, this song has got it all...Cutting Crew 'Mockingbird'--a little more straight ahead than 'Died In Your Arms', should do well here as the Lp remains Top Ten retail...Autograph 'Dance All Night'--the night belongs to Autograph--much stronger than the lead off track..."

"ADDS: Tom Petty 'Think', 'Mixed'; Patty Smyth 'Downtown'; Fleetwood Mac 'Seven'; R.E.M. 'Ages'; Crowded House 'Strong'; Bryan Adams 'Fire'...CONSIDERING: Gary Moore; The Other Ones; Little Steven...MOST REQUESTED: Tom Petty 'Jammin''; Rock And Hyde 'Dirty'; Little America 'Fire'... INCREASED PLAY: Little America; The Truth; Bon Jovi; Peter Wolf; Gregg Allman; Rock And Hyde; David Bowie; Eddie Money... INCREASED SALES: Fleetwood Mac; Peter Wolf; U2; Crowded House...A lot has been said already about the Tom Petty album, but I haven't had the chance to put in my two cents worth--so, here goes! In one word: 'fandamntastic'! Two more tracks: 'Think About Me' and 'All Mixed Up' go in this week, thanks to some overwhelming test phones...About the new one from the Crowded House: Nothing's so strong as 'Something So Strong'. Our listeners don't want to dream it's over, so they jumped all over this track when we tested it!"

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS:

"As the T-shirt says, 'Clapton Is God', but this tour will also prove that Clapton is class. Anyone who says there's an age limit on rock 'n roll wasn't at Madison Square Garden Monday night! From start to finish, it was an evening of pure joy for me. A hundred thanks to my bud, Debbie Ditullio, for remembering my weakness. Actually, Eric culminated a three day spree of incredible music!...Friday night I was off to the Chance in Poughkeepsie to see Little America open up for Buster Poindexter. Many thanks to Stuart Sobol for the kind introduction to the guys and thanks to the guys. We had a super night of invigorating rock 'n roll. My favorites were 'Walk On Fire' and 'You Were Right'. I predict big things for Little America... Saturday I was drawn back to the same venue to witness the understated talents of a performer I've admired on vinyl for quite some time--but now I'm happy to report we are exposing her to the Hudson Valley via the airwaves. I was so blown away by Suzanne Vega's show that I just couldn't rest till we played 'Luka'. It's pure perfection for your upper demos...Sometimes it gets crazy around here, but as they say 'no pain, no gain'! I live with the hope that only the strong survive, and occasionally we help them rise to the top!...A few other artists that are picking up my spirits and perking up my ears are: The Truth with 'Weapons Of Love'. Here's a definite straight ahead song that succeeds with the basic elements of great lyrics and clean rockin'...XTC's 'Dear God' continues to get our listeners to respond. So, if nothing else, it works on that level-- besides, the added treat of being a fine piece of music...Great to see ya, Deb!"

KQWB, FARGO, NC M.D.-TY BANKS:

"Let's hear it for Minneapolis area rock! Both The Replacements and The Suburbs went in out-of-the-box. That Beejtar sends thrills up and down...Still very crazy about Gary Moore; Jon Butcher and The Cult, and if you haven't gone with Mason Ruffner yet, please give him a few more listens..."

Thanks to Tom Genetti for the Europe promotion."

WUVA, CHARLOTTESVILLE, VA M.D.-MARK DANESE:

"ADDS: Little Steven 'Trail'; Smitherens 'Time'; Genesis 'Deep'; Concrete Blonde 'Dance'; Cyndi Lauper 'On'; David Bowie Lp; Tom Petty Lp...CONSIDERING: Hoodoo Gurus 'Good'; Suzanne Vega 'Luka'; Gowan 'Moonlight'...MOST REQUESTED: XTC 'Dear'; Lou Gramm 'Ready'; Tom Petty 'Jammin''; Bryan Adams 'Heat'; Prince 'Sign'...INCREASED PLAY: Gregg Allman 'Goes'; Little America 'Fire'; Robin Trower 'Caroline'; Patty Smyth 'Train'; R.E.M. 'Ages'; Prince 'Sign'...INCREASED SALES: Tom Petty; David Bowie; Fleetwood Mac; Bryan Adams; Cutting Crew."

WRUF, GAINESVILLE, FL M.D.-JACK DEGNAN:

"Phones continue to sizzle for our own Tom Petty and 'Jammin' Me'. Follow ups: 'All Mixed Up' and 'Think About Me' get positive nods as well...Adds this week include Mason Ruffner 'Gypsy Blood', an intense head-popping tune that deserves consideration-- and, Andy Taylor's 'Don't Let Me Die Young' is a great follow up with refreshing positive lyrics...On the promotion side, ROCK104 has sponsored a few 'Crank It Up' car stereo contests that have been very successful...And night timer Eden Kendall joins morning drive."

WTCS, FAIRMONT, WV M.D.-SCOTT REPERT:

"ADDS: Blackfoot 'Saturday'; Elliot Murphy 'Taking'; Cutting Crew 'Mockingbird'; Jon Astley 'Jane'; R.E.M. CONSIDERING: Danny Wilson 'Prayer'; Red 7 'Sun'; Patty Smyth 'Train'...MOST REQUESTED: David Bowie 'Day'; The Cult 'Love'; R.E.M. 'Ages'; Bryan Adams 'Heat'; U2 (Open)... INCREASED PLAY: Gowan 'Moonlight'; Julian Cope 'Trampoline'; Gary Moore 'Over'; Fleetwood Mac 'Big'...I would like to thank Mark Fritzes and the whole Atlantic crew for the 'Saturday Night' promotion featuring Blackfoot. The record and promotion both proved to be tasty...Also, thanks to Mark for dropping by to do an hour on-the-air last week."

WWZU, WILLIAMSPORT, PA P.D.-MARK WILLIAMS:

"No contest! Ozzy's 'Tribute' Lp is going to be a s-m-a-s-h here. Besides substituting the live cuts for the studio tracks we already play, ZOO-92 adds 'I Don't Know' in current rotation. Some of the most reputable and accessible Ozzy music is found on this album. Phones are hot and our calls to the retailers predict big sales...Autograph: Hot shit here. 'Dance All Night' goes heavy. I really think the album runs the ranks of Def Leppard's 'Pyromania'. The work that went into 'Loud And Clear' can only be matched by the airplay we'll get out of it...After listening to the album, TNT has no fizzling fuse. They pack a full load--'10,000 Lovers' is just beginning--Another Mercury/Polygram rock 'n roll powderkeg ready to explode!...On-the-air as soon as we got it, Ace Frehley is off and flying. No stopping this comet. It'll kick you in the ass--teroid!"

WRQK, CANTON, OH P.D.-MARK BENSON:

"Had no problem dealing with the new Mason Ruffner. After seeing him put on a h-o-t show opening up for The Firm last year, it's great to see him get an automatic add on 'Gypsy Blood'...From now on you can reach me for music Monday, Tuesday and Friday, 10:00AM-1:00PM; and Greg Morrison, Monday, Tuesday and Friday 3:00-5:00PM."

at Double Q this week in a heavy rotation ...Better late than never, I guess, REO's 'Variety' comes in this week. The 12" convinced us it was time to move... 'Dead Letter Office' is open and operating. R.E.M. sounds groovy as always. We know better than to sit out on any R.E.M. release. People expect that from us... The new Crowded House certainly shows more shades of Split Enz. 'Something So Strong' shouldn't be ignored... Spring is out in its finest attire in central Kentucky, so I'm going out for a three hour lunch. See ya on the back roads."

**KOZZ, RENO, NV M.D.-HARRY REYNOLDS:**

"Just wanted to say that the Emo Phillips Band should be pleased with the new album. I thought it was pretty consistent all the way through with no smut and plenty of things to put between songs."

"We finally get a chance to make David Ross of RCA happy! John Farnham's 'You're The Voice' goes into medium. Definitely ear candy with a cherry on top!... R.E.M. is on as well. Their audience is the strangest slice of life I've ever come across--sort of like the Children Of The Damned, so I don't want them staring in my eyes making me crash into walls or something... Heavy consideration for the Partland Brothers; Little Steven; and this Immaculate Fools record is nice."

**WRXQ, FT. MYERS, FL P.D.-GREG MULL:**

"Who is Danny Wilson? Or, the appropriate question should be, 'Who are Danny Wilson?' They are the latest Virgins to get on the short road to mega h-i-t. 'Mary's Prayer' will be a multi-format hit! The hook is strong. If you haven't--do yourself a favor and listen!... Also, be on the lookout for Omar And The Howlers--'Hard Times In The Land Of Plenty'. **KQDS, DULUTH, MN M.D.-WADE LINDER:**

" 'Tango In The Night', title cut, is the most exciting Fleetwood Mac track!... Andy Taylor has no risk with his second track 'Don't Let Me Die Young', as 'I Might Lie' was an across-the-board smash for us... 'Heartache' from Lou Gramm is my new

Touring and working with a band seems to have given Suzanne Vega a broader musical perspective. Her songwriting remains an 11 on a scale of 10, but she's obviously much more comfortable this time in a group setting and in the studio. The payoff--greater stylistic diversity and in the main, a sound considerably more appropriate to album rock radio. No doubt initial play will come from the upper end of the demographic spectrum but 'Solitude Standing' has an excellent chance of making the **BIG CROSSOVER** to both mainstream album radio and CHR."

**WEGR, MEMPHIS, TN M.D.-KELLY CRUISE:** "Finally, we have the space to add the Little Steven; Suzanne Vega; Rick Medlocke; the 'right on time' Jon Butcher and Howie is h-o-t on the Mason Ruffner song since returning from seeing him live in New Orleans...We went with the flow on the Crowded House track 'Something So Strong', although I still think 'World Where You Live' is a killer song and it's only on hold for a while...Can't wait for the new Bob Seger tune. Hope it's as good as every-one says!...We're looking forward to checking out Sweden's answer to Bon Jovi this Sunday. Europe opens up our outdoor concert series at the Mud Island amphitheatre on the mighty Mississippi River... Great to see MCA's Bill (Barbeque) Bennett and Scott Porter--EMI's Philip Rauls; CBS's Larry Wall and Warner Brothers' Gene Dries--and a pleasure to meet Bob Pittman; Les Garland; Harvey Leeds and Steve Smith--all of the above in town for the QMI party that P.D. Howie Castle speaks of!"...**FROM P.D.-HOWIE CASTLE:** "What a week it was! Bob Pittman and Les Garland in Memphis launching their new label 'QMI' and throwing a monster party across the street from the station, at the Rum Boogie Cafe. Their first two signings are Memphis acts Jimmy Davis and Ella Brooks. Both artists tore them up that night!...In town also for the festivities were Bill Bennett and Harvey Leeds and others too numerous to mention. Special guests at the party included Ringo Starr and wife, Barbara Bach. Then, a couple of days later, it was on to New Orleans to see two new Epic signings: Mason Ruffner, a great guitar player and super nice person -- and The Radiators, who also blew us away. Great to meet and greet all in attendance, and many thanks for an unforgettable time! Now, it's off to a Mississippi River Cruise and barbeque with Ringo and company! Memphis rocks!"

The disc and accompanying information about Teta has made a deep gauge in my heart. We're adding the Lene Lovich/Nina Hagen song because it needs to be heard. The first 90 seconds are a bit hard to understand--in fact, I think it'll take people a couple of listens to get into the song--but, like I said, it needs to be heard. Contact Wax Trax Records if you want your station to play a song of protest against the vile, barbaric and sadistic practice of vivisection. DAVID ROSS, RCA (212-930-4518)

"Every once in a while, one of those records comes along that catches the public's attention. A year ago, RCA Records released a guy named BRUCE HORNSBY. As of today, Bruce Hornsby has sold 2.7 million albums, has won the Grammy for 'New Artist Of The Year', and his next smash track, 'Every Little Kiss', is just waiting to explode. The long-term commitment from RCA Records has proven that AOR can deliver on such records...The next commitment is JOHN FARNHAM. 'You're The Voice' is a stone cold FUCKING smash! AOR, then Top 40, will produce results that will make John Farnham a household name...AUTOGRAPH, SHY and BERNIE TAUPIN are the bread-and-butter bands that will make RCA a label to watch...If anybody needs any more information, just give me a call. Thanks for all your support."

VICTOR S. LENTINI, P.A.R.A.S./PASSPORT (818-500-7677)

"Things to do this week: Fencing, BOB, boating, PFEIFER, hiking, After, croquet, Words, Badminton, crush grapes...Ah yes! 'Success' is what I smell. I see a video. No, I see two videos. Palms are a sweatin'...Adds, mediums, heavies, by the truckload!...Blinding, flashing lights. Oh my God! It's the phone lines. It's those pesky listeners calling for that Bob Pfeifer melody!...Hello, what? CROSSFIRE CHOIR? Sure, no problem...Moral Of The Story: BOB PFEIFER, don't drop the needle without it."

MIKE CORCIONE, RELATIVITY (718-995-9200)

"SCRUFFY THE CAT now at WXRK, WBCN, WDHA, KZEL, WMJY, WEQX, WOXY, WTCS, WVVV, WPKY, WJFX, KVEZ, WQZK, WFNX, WHTG, WRAS, WMRY, WTOS, KZYR, WGTU, WFRD, KVNK and WKGL. How can you ignore this record? Bob Kranes at WXRK says: 'Remember how you felt when you first heard the Rolling Stones? Remember how you felt when you first heard the Del Fuegos? Remember how you felt when you first heard the Stray Cats? Feel it with Scruffy The Cat!' Nuff said? Scruffy is now on tour and will continue to scratch their way through the summer. Be involved in breaking the hippest new band of 1987! Call me this week if you need CDs, or more catnip!"

SCOTT BORCHETTA, MTM (615-242-1931)

"Thank you, radio, we are breaking through! We are up to 25 adds right now, and counting on the new IN PURSUIT 12" remix of 'Thin Line'. This is the cut that's gonna break this group. Major CHR release next week: 'I Wanna Be Committed'...Look out, cause here comes HEGE V (rhymes with Peggy Lee). This guy's the coolest! We're buzzin in Buzzbands, and check out that New And Note-worthy in Billboard. These cool cats are out-of-the-box at KBCO, KBLE, KABL, WOXY, WTOS, WHTG, KZEL, WEQX, KTCL and KFMH. Don't miss this cause when the party's over baby, we be gone, gone, gone!"

DAVE DANNHEISSER, WARNER BROS. (404-344-6820)

"Night after night more fans are joining THE CULT and lovin' them! The band looks and sounds great. Be sure to see them when the Idol/Cult tour hits your city. This week over 30 stations are reporting Top 5 Phones --are you? The next track we will work will be 'Lil' Devil'--get ready!...Speaking of new records, how about the DEL FUEGO'S 'Name Names'? JEFF NAUMANN, VIRGIN (213-278-1181)

"I'd like to rave a moment on an album I just love and you all have and I know you'll take home: It's the group DANNY WILSON. This band not only has a sound hinting of Steely Dan, but has the class of a Bruce Hornsby too. I'm sure your audience will respond immediately to 'Mary's Prayer'. Don't be afraid of adding a little class to your playlist! Play the amazing album from Danny Wilson...THE OTHER ONES is really starting to kick-in around the country--not only with requests but at the retail level as well. It may take a couple of weeks of airplay, but believe me 'We Are What We Are' is a hit record which has listeners singing the chorus everywhere...GARY MOORE is an Album Radio natural, and the extended vertible cookaahh mix from the 12" is getting great response at stations playing it at night. If you play rock and you're not playing Gary Moore yet, good God!, you're not only missing on a big hit, but the enjoyment of breaking an act (finally)...In the mail this week is a suckaahh! It's SPEAR OF DESTINY'S 'Stranger In Our Town' from the album 'Outland'. Check this one out now, you'll probably love it. Spear Of Destiny is rock and roll, and they have a sound that stands out...BALAAM AND THE ANGEL is getting great crowd response everywhere on their tour with Mission U.K.

The consensus track from Balaam is 'Light Of The World'...From the T'PAU album listen to the rocker 'Monkey House'. You'll end up playing air guitar by the end of it; who knows, maybe you'll want to add it too. I predict 'Heart And Soul' from T'Pau will be our next #1 record!...Coming very soon is the ultimate vertible suckaahh! from WARREN ZEVON with help from R.E.M. and NEIL YOUNG. The first song is 'Sentimental Hygiene'."

"Thanks to all the stations (240+) who worked with us on THE 20th ANNIVERSARY SALUTE TO THE DOORS. Everybody I talked to about the show said they got great phone response. I'm still thinking up excuses for the listeners who track us down and offer me \$100 for a copy of the show. Thanks again, and I'll have another special special coming up soon...And speaking of special, I'm sure you're all familiar with the Princes Trust Charity Record. Well, ROCK OVER LONDON has another exclusive this week, from that concert and not on the domestic show, check out PAUL McCARTNEY and the ALL STAR line-up doing 'I Saw Her Standing There'...We've got new DEPECHE MODE, too. The best new music, heard first on ROCK OVER LONDON."

## VIDEO NEWS

BRYAN ADAMS recently shot the second video from his "Into The Fire" album in his hometown of Vancouver. Continuing his "Burning" theme, this one is for the song "Hearts On Fire". It'll feature Bryan and his band in a live performance with live audio. Bryan's only other live audio clip was "It's Only Love", with TINA TURNER...ELTON JOHN'S next release will be a live double album, recorded last year in Australia with the MELBOURNE SYMPHONY ORCHESTRA. It includes live versions of some of Elton's earliest hits, like "Tiny Dancer", "Take Me To The Pilot" and "Your Song"...An inside source tells us MICK JAGGER will perform some ROLLING STONES songs when he tours Europe this summer. The tour will come to America in the fall. Jagger's band reportedly includes British guitar hero JEFF BECK, and Beck's longtime drummer, SIMON PHILLIPS. Production is just about done on Jagger's second solo album, also featuring Beck. It's due out here in late summer or early fall. Jagger's now rehearsing, and making plans for two videos, to be shot before he hits the road...BOSTON will be making their first tour of the decade beginning this June. While no dates have been set yet, the tour will last at least a month. The band will be expanded to five pieces for the tour, as opposed to the duo with guest stars that recorded "Third Stage" and they'll be playing through State-Of-The-Art sound equipment designed by lead guitarist TOM SHOLZ.

## INTERVIEWS

DAVID BOWIE: "Day In, Day Out" particularly dealt with the idea of somebody in a prejudiced position where there doesn't seem to be any kind of hope. It's impossible to make any money; it's impossible to get a good education. The things that people have to resort to try and get through and, in the end when the chips are down, everything's awful. When you think you've got to the bottom of the pit, it gets even worse and there seems to be no way out from that situation.
