SURE SHOTS

JEFF BECK, "STAND ON IT", EPIC

An appearance from the original flash guitarist is always a big deal, especially when he's got a hot new band and a tour in the works with Stevie Ray Vaughan. On his new album, "Guitar Shop", Jeff's at his blistering best, backed by drummer Terry Bozzio and keyboardist Tony Hymas. He starts with a boombox-ready fuzz-funk riff, then assembles a soaring guitar piece around it, blow by blow. Beck's credibility with your heritage listeners can't be denied and the youth demos will want to know who the "new" guitar guru on the block is. As proven by Satriani's success, rock instrumentals can develop into mammoth reaction trax, as long as there's a song inside. And that's more than the case here. Early adds on KOME, KGON, KLPX and three more.

THE SMITHEREENS, "A GIRL LIKE YOU", ENIGMA/CAPITOL

On stage The Smithereens recall the early Who with their high energy decibel-defying set that always gets the audience on their feet (and sometimes on the stage!). On disc they're consistently one of the critics' darlings. On the air they invariably cut through with melodic, Sixties-steeped power rock: "Blood And Roses", "Behind The Wall Of Sleep", "Only A Memory", "Drown In My Own Tears", "House We Used To Live In". Here's The Smithereens first track with hard rock producer Ed Stasium and, as you'd expect, it's on the rowdy side. That intensified edge, combined with the year's horniest lyrics, will get the job done at AOR again, while launching the band on the Rock 40 and CHR level for the first time.

FIONA (DUET WITH KIP WINGER), "EVERYTHING YOU DO (YOU'RE SEXING ME)", ATLANTIC

In terms of image, compatibility and style, the Fiona-Winger coupling is a natural. Their voices mesh perfectly, with her earthy tones in the right channel and his high profile chops in the left. Beau Hill, producer of most of the W-bands and Ratt, brings out Fiona's toughest sounding track yet, with a smidgen of "Hysteria" style production. Formatically, it's right in the middle of that AOR/Rock 40/CHR pocket and the combination of crossover play with an appropriately steamy video will have this genetically perfect couple sexing everyone in a second. Fiona's back and rockin'!

PAUL CARRACK, "I LIVE BY THE GROOVE", CHRYSALIS

Paul proved his viability as a solo artist with the 1987 Top 10 crossover "Don't Shed A Tear" and its follow-up, "One Good Reason". Now he shows that he's really a soul man at heart with this testimonial to groove power. The song's inspiration may be R&B, but its appeal is as across-the-board as they come. This groove comes fully equipped with soul-smoked call and response vocals, and a funky organ break that would give Booker T a woody. Written with Eddie Schwartz, and produced with Tom 'T Bone' Wolk, "Groove" is earmarked for the crossover, and you can bet on a warm welcome for the album, with a support cast that includes Chris Difford, Robbie McIntosh, Nick Lowe, Daryl Hall and Mike Campbell.

MARILLION, "HOOKS IN YOU", CAPITOL

If Fish was their Peter Gabriel then new vocalist Steve Hogarth could be their Phil Collins. In the same way that Collins ushered in a new era of accessibility for Genesis, Hogarth's more mainstream vocal approach should prove to be the missing link for Marillion. There's still the layered synth work that's become their trademark, but the new record has a noticeably harder texture. In fact, "Hooks In You" has that Big Sound that's been lacking on the radio since the first Asia album.

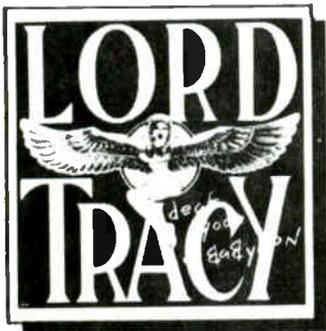

XYZ, "INSIDE OUT", ENIGMA

While this track should work for anyone tapping into the late '80s hard rock-heavy metal explosion, XYZ is closer in sound to Seventies stadium rock; There's a hint of Van Halen in the guitar, a Steve Perry similarity to the vocal and even a bit of Cheap Trick in the harmonies. In a nutshell, the band started in Europe, migrated to L.A. (by way of New York) and survived four years of LA's club wars. Earlier this year they entered the studio with Don Dokken and emerged with this auspicious debut that WAPL's Garrett Hart calls "A certified smash that's not just for metalheads". Impressive first outing.

LORD TRACY, "OUT WITH THE BOYS", UNI/MCA

Brash, irreverent, and a great sense of humor. That's this Dallas-based band's M.O. In their self-penned bio, Guitarist Jimmy "K" writes, "I ended up in Memphis where Jerry Lee Lewis puked on my best pair of penny loafers and guided me to Piggy's Bar-B-Que Hut where the local big band, The Scrotums, were in full swing." Get the picture. And they match their attitude with raw-as-meat rock n' roll. **Drake Hall**, WEGR, "It's irreverent and nasty and all those things that we all know and love, but somehow it's inoffensive too. Without being too trivial and menial, Lord Tracy is a lot of fun and, frankly, I haven't seen a band this exciting since I first saw Van Halen 10 years ago."

MEGADETH, "NO MORE MR. NICE GUY" ("SHOCKER" OST), SBK

While you may never even have considered playing Megadeth outside of Metal Shop, you've got to admit their Desmond Child-produced cover of "No More Mr Nice Guy" is faithful, clean and a hit waiting to happen (again). Especially when it's backed up by a new Wes Davis ("Nightmare on Elm Street" Parts 1- 136) horror flick. Also included in the first all Heavy Metal soundtrack ever to be associated with a nationally released feature film are The Dudes of Wrath (Alice Cooper, Paul Stanley, Tommy Lee, Vivian Campbell, Rudy Sarzo, and Guy Mann-Dude) ripping it up on the movie's title track, co-written by Desmond Child. We're also picking up a strong street buzz on Bonfire's "Sword And Stone".

HOTTEST NEW TRAX

PETER HIMMELMAN, "245 DAYS", ISLAND

Not only is this Peter's most programmable track to date, it's also one of the coolest new adult rock tunes on the street. "245 Days" is slow cookin' and slightly funky with a piano track that cascades through the upper registers. The production is impeccable, the hook is long-lasting and the overall effect is downright intoxicating, and that's no Hymie Town Hype. Listen on headphones for the full stereo effect. Prematurely popped on KEZO, KZYR, WZEW and KQWB.

MICHAEL PENN, "NO MYTH", RCA

Here's one that scores big points on the refresh-o-meter. While "No Myth" is sure to elicit comparisons to Crowded House and "Rubber Soul", there's an ample measure of originality here too, especially in lines like "What if I were Romeo in black jeans". Lithe but not Lite, Penn's leadoff has one of those great yearning vocals that stay with you. Already enjoying a healthy Adventure Club start with KFMU, KACV, WRAS, WNCS, KFMH, KZYR, WDST and KTCZ on the case.

PRETTY BOY FLOYD, "ROCK AND ROLL (IS GONNA SET THE NIGHT ON FIRE)", MCA

Looking for a well-constructed lower end rock 'n roll anthem in the pop-metal category? Then say hello to these "Leather Boyz With Electric Toyz". It may be basic 3-chord bombast for the black T shirt crowd, but the other Floyd's leadoff has well above average hook value and more than its share of interesting changes.

ANIMAL LOGIC, "THERE'S A SPY IN THE HOUSE OF LOVE", I.R.S.

For name value alone this trio is guaranteed to attract attention: Police drummer Stewart Copeland and jazz bassist extraordinaire Stanley Clarke teamed with new singer-songwriter Deborah Holland. Regardless of their varying backgrounds, Animal Logic takes a straight-on approach to mainstream pop rock with a sound that's highly textured, fresh, intelligent, expertly played but not complicated.

DEPTH TRAX

ANDERSON BRUFORD WAKEMAN HOWE, "QUARTET (I'M ALIVE)", ARISTA

After the #1 AOR track "Brother Of Mine" and its follow-up "Order Of The Universe", the A-Team rolls out a classic sounding ballad in the tradition of "You And I". "Quartet" has female appeal to the max along with some dazzling Rick Wakeman keyboard work. It's the one that a number of programmers earmarked when they first heard the Lp and, thanks to an edit, is now ready for all daypart play.

MOLLY HATCHET, "HIDE YOUR HEART", CAPITOL

It'll only take one listen to convince you this Desmond Child/Paul Stanley penned beauty will soon be a gone gator. It's got a million dollar whoah-oh-oh-hey-hey-na-na-na chorus and, dare we say, some nifty "Freebird"-like speed guitar jamming. Now playing on WDIZ, WRUF, WTKX and KCNA.

DANGEROUS TOYS, "SCARED", COLUMBIA

Real action from real men translates into real retail, and Dangerous Toys fits the bill on all counts. Sportin' sales approaching gold, the Toys boys counter with a mainstream supreme, which by the way happens to be a tribute to Alice Cooper. KNCN's **Don Gilmore** screams, "A super smash!" We agree. Fast starts at KISS, KUPD, KNAC, KRZQ and 4 more.

STEVE STEVENS ATOMIC PLAYBOYS, "ACTION", WARNER BROS.

"Atomic Playboys" went nuclear on over 90 FMQBers, with equally impressive phone follow-through to boot. Now the format must do anything but punt on the electrifying double shot. "Action" is about as theatrically intense as it gets, and the guys do a Sweet job. A killer cover with plenty of voltage to spare. "Action" already at WRIF, KZAP, KRZQ and WTUE.

KING'S X, "SUMMERLAND", MEGAFORCE/ATLANTIC

If you're ready for the '90s, then be prepared to deal with King's X. The band presents sensible hard rock, in a uniquely appetizing avant garde fashion. "Summerland" takes you on a fantastic voyage, from it's acoustically comfortable intro through it's rhythmic and tempo twists and changes. It's refreshing, original and rock solid, kind of like Living Colour.

BEAT FARMERS, SOCIALITE", CURB/MCA

The Beats get downright soulful and playful with step two. There's an engaging element about this band that's evident in just about anything they do, and this time around they have the goods for Album Radio. "Socialite" will get you jammin' in no time. It's all funky up!

Why I'm a musician

there is a saying that a person's name is indicative of the essence of his being. in giddish, the name himmelman means "man from heaven", having descended from such a place. i guess i've always felt most at ease with insubstantial things...that is, things of the spirit as opposed to things of the flesh. since music is nothing you can touch or see i've always felt that making music is a lot like what it would feel like to paint with angels.

א"ב

synesthesia is a state of sensory reversal wherein one hears colors and sees sounds.

METAL MONSTERS

MEGADETH, "SHOCKER-NO MORE MR. NICE GUY", SBK

We saw ALICE fry Mr. MUSTAINE at the Concrete Convention and what a sight it was. Quite frankly, we couldn't think of a finer band to cover this classic COOPER track. All the same elements are in place, but it's been given that MEGADETH stamp of the champ. Who says nice guys finish last?

OVERKILL, "ELIMINATION", MEGAFORCE/ATLANTIC

Can a label get any hotter than these guys? With TESTAMENT currently perched at 1* TUFF TRAX, OVERKILL shouldn't be far behind! Combining the perfect mix of rhythm and speed with the vocal mayhem of Bobby Blitz, it's easy to feel real positive that this will be the one to take them over the edge.

BEAU NASTY, "SHAKE IT", WTG

This L.A. based fivesome encompasses a great mix of hard work, melody and more balls than the sauna at our YMCA. The vocals are razor sharp, the guitars have a killer punch, and the steady rhythm section makes this one high octane all the way. And besides, with Beau Hill producing, how can it go wrong? Check out the CD single! There's more to it than meets the eye!

LORD TRACY, "OUT WITH THE BOYS", UNI/MCA

We saw these guys kick it out in Memphis and we can't remember when we've been so entertained! "Out With The Boys" is your basic good time rockin' tune complete with

great tongue-in-cheek lyrics. A real autobiographical song for all men, and women for that matter. Besides, they're great guys, just like us!

PRETTY BOY FLOYD, "ROCK & ROLL (IS GONNA SET THE NIGHT ON FIRE)", MCA

Don't let the name fool ya! They may be pretty, but they sure know the meaning of the word hook. If POISON could rock, this is what they'd sound like. One listen is all it will take, and when that bigtime anthemic arena chorus kicks in, you'll be hooked like a trout in shallow water.

LAW & ORDER, "GUILTY OF INNOCENCE", MCA

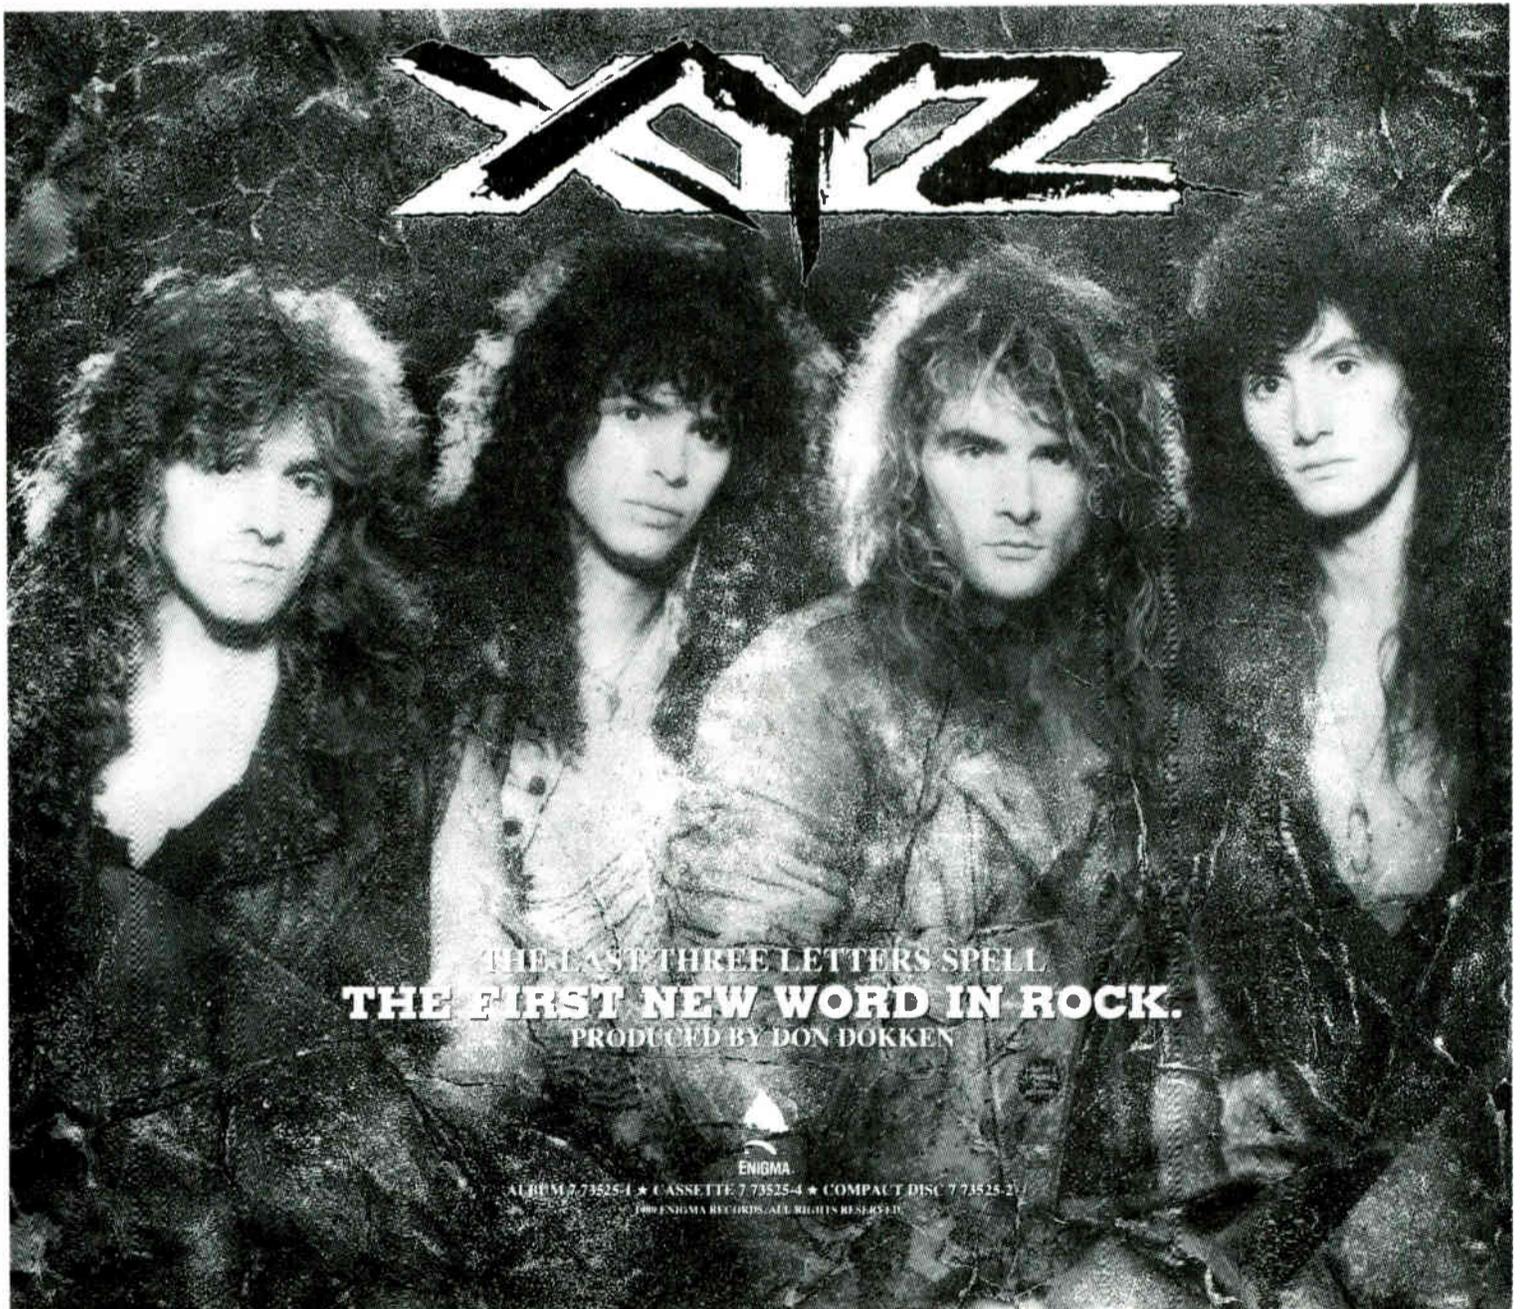

"We Don't See God" has already assaulted the TUFF TRAX chart, debuting at 30*. This blues inspired quartet is out to prove that you can rock and still maintain your conscience. The Lp is a mixture of heart pumpin' scorchers, straight ahead boogie woogie, and a nice touch of acoustic blues. Go directly to "Say You Love Me", "Dawg", the cover of SKYNYRD's "Needle And The Spoon", and "Love Reality".

BABYLON A.D., "BABYLON A.D.", ARISTA

Easily the band that stuck out most in our minds from the Concrete shows. We said it before, this band sounds to us like a tough TESLA in a street fight. Combining the perfect quality of power and grace, BABYLON A.D. is in our mind, ready for the bigtime. "When The Hammer Swings Down" has already evoked its share of early airplay, now get into "Bang Go The Bells", "The Kid Goes Wild", "Shot O' Love", and "Sweet Temptation".

JEFF BECK WITH TERRY BOZZIO AND TONY HYMAS, "GUITAR SHOP", EPIC

Need a break from your daily dose of crunch and munch? Well, "Guitar Shop" may be just the prescription the doctor ordered. Legendary guitar meister, **JEFF BECK** is back with a new record and a full blown tour to boot. Hey, it's not really metal, but it is **BECK** and that's good enough for us!

DOWN AND DIRTY...

This week's Down And Dirty contestant is **CRIMSON GLORY's** Jon Drenning. Jon has been wanting to do this for quite a while and now he gets his chance. Come with us and get inside his somewhat twisted mind and find out what makes him tick. Tell us Jon...

CRIMSON GLORY

MD: What is the basic concept behind CRIMSON GLORY?

Jon: I was always into monster bands like **JUDAS PRIEST**, **PINK FLOYD**, **QUEEN** and **LED ZEPPELIN**,

but not one of them was my idea of the perfect band. I like a lot of qualities from each. When I started playing guitar in high school my dream was to create a band with a sound that was a unique recipe of my musical influences, but with a very original quality. I didn't want any influence to dominate the sound. I found that to be creative you have to go inside yourself and bring your personality to the surface, amplify it and go with the flow. I feel that I am a very intense person with a dark and mystical side, and that's how I conceived **CRIMSON GLORY**. I think you have to create your own little world within your music.

MD: What aspect of **CRIMSON GLORY** best exemplifies you?

Jon: Definitely the intensity and aggressiveness within the music. I'm heavily into metaphysics, the unknown and very transcendental themes. I like to create a mystical aura around the band.

MD: What prompted the band's interest in the mysteries of the Far East?

Jon: I've always been a loner in mind. I've had a lot of friends, but not one knew me all the way through. I never let anyone know everything. I do a lot of reading about the mysteries of the world and the unknown. I felt the mystique of these influences would work well for the band.

MD: Why do you think that Europe accepted you faster than the U.S.?

Jon: Europeans seem more willing to take a chance on something new. We had toured Europe and Japan several times and have been very well received, and we had never really toured the U.S. until this year, so that may have had something to do with it. I think the industry and media in the U.S. is aware of what we have done in Europe, so that should be a big help in picking up in the States.

MD: Tell us about the chicks in Tampa.

Jon: Well, the girls in Tampa are pretty loose, shall we say easy. You find a lot of weird girls -- girls that have all of these hidden fantasies that they won't tell anybody, and it takes someone like me to bring them out. I'll convince them that some perverted act is good for them and they will agree.

MD: What do you look for in a girl you plan to tie up?

Jon: I enjoy girls who are very open about it, but I also enjoy the challenge of finding a girl who is really shy and try to make her go over the edge and make them go further than they have ever gone before. I guess I look for innocence, because I enjoy taking it. I think all girls will do it, I just think they have to find the right guy to coax it out of them -- I'm a pretty good persuader.

MD: What kind of fun things could you show us in Tampa if you were our tour guide?

Jon: Tampa, well Florida in general is a giant graveyard, surrounded by mobile homes. I call it the "Grim Reaper State". The most fun can be had on the beaches, the west coast of Florida has some of the most beautiful beaches, and some of the most scantily dressed women, and that can always be fun.

MD: What are your special tricks to make the babes dig you?

Continued From Previous Page

Jon: I tell them about my love chamber. It's a cross between a planetarium laser show and the dungeon in "Hell Raiser". There is no sunlight whatsoever, only dark mood lighting. There is nothing on the walls, just a king-size water bed in the middle of the room. The water bed has big chrome eyes screwed into all 4 corners of the bed, which I get extensive use out of! I think that all women secretly want to be tied down. I'd like to start tattooing dragons on the extreme upper thigh of girls I've been with, you know like "Jon Drenning was here!"

MD: Describe your wildest backstage moment.

Jon: I like to create my own universe, where I play God. Backstage before a show I have a very serious attitude. I don't want to be bothered, and I sure as hell don't want some girl hanging on me before I go on stage. And after I come off stage, I want my time alone. I feel I've earned it. Then an hour or so after the show, I'll want to go out and mingle with the people. The dedicated ones will hang and wait if they want to see us. If your looking for wild stories, ask me about the girl that "Lonely" was written for. That was my first experience with mace!

MD: Have you found the perfect woman?

Jon: There really is no perfect woman. I find different aspects of different women desirable. I think variety and experiencing many different kinds of women is far better than one perfect woman.

MD: What good things come in twos?

Jon: Growing up in a beach community, I think the answer to that is pretty obvious. In Florida, sometimes band aids are used to cover these things, figure it out for yourself!

MD: What's your personal philosophy on life?

Jon: Demand the best, perfection in yourself and everyone around you, and be willing to sacrifice anything to achieve your goals. I want to strike down the ones who lead me and take their place. There's an old saying, "One man's ceiling is another man's floor". I want everyone's ceiling to be my floor!

We'd like to thank Jon for his time and for giving us a few new ideas. Also thanks to Roadracer's Kathie Reed-Barr for putting not only her mind, but her body on the line for us. If your lucky and real good, we'll give you another Down And Dirty next week.

CONCRETE FOUNDATIONS: Well lookee here! Some surprise debuts spice up this week's chart. **BONHAM**, **BANSHEE**, **SHOTGUN MESSIAH**, and **LOUDNESS** enter the Top 30 in a blitz of new releases. (Can't you just smell the rush season in the air?) Along with debuts are a few returns like **GREAT WHITE**, **LIVING COLOUR**, **STEVE STEVENS**, and **SICK OF IT ALL** (Who by the way, are still #1 on the Top 5!). **WHITESNAKE** is this week's Shaker with everyone screaming for Steve V's wild stuff. That new band with broken handed drummer, **BONHAM** are not only one of this week's debuts, but the highest one at that, giving it the precious award of Block Buster. Keep an eye on the new **AEROSMITH** and the new **BAD BRAINS**, both are making some strategic moves up the totem pole. Top 5 chart has a return this week from **FORBIDDEN**. (Must be a result of that killer showcase at this year's Forum.) Thanks to everyone that helped us out this year. Foundations Forum '89 was a tremendous success that could have never happened without you! **LISA PROSPER - CONCRETE MANAGEMENT.**

STUFF YOU SHOULD KNOW...

* First off, we'd like to congratulate Clarissa Garcia on her new gig with Def American. Clarissa will be exiting her Enigma post in a few weeks and start with Def American later this month or the first week of November. Clarissa will be handling radio promotions for the label. Rick Rubin couldn't have picked a better person to bolster his staff.

* It remains unconfirmed, but it looks likely that Dave Holland has left **JUDAS PRIEST**. Sources in Arizona (were vocalist Rob Halford lives) said Halford was in the local clubs searching for candidates to replace Holland. Dave Holland has been a stable member of **J.P.** for over ten years, although many felt he did not play on the bands last Lp, "Ram It Down, and a drum machine was used instead. After the disappointing sales of **PRIEST**'s last album and tour, the next record will be crucial to their career. More news soon.

* **DIO** have parted company with keyboardist Claude Shnell. Currently, **DIO** consists only of Ronnie, new guitarist Rowan Robertson, and longtime drummer Vinnie Appice. Auditions for a bassist to replace Jimmy Bain are presently underway, although it is doubtful that Shnell will be replaced.

* **ANTHRAX** will start preproduction for their next album in New York next month. For the first time ever, **ANTHRAX** will most likely record that album in L.A. The next **ANTHRAX** record is due in early 1990.

* **VAN HALEN** has also started writing material for their next album. Recording should take place at the 5150 studios in January. Contrary to rumors, **SAMMY HAGAR** remains a member of **VAN HALEN**, and is working with the band on new songs.

* More highlights from Foundations Forum '89: A virtual who's who of the metal scene was on hand, kicked off by the keynote address from **GENE SIMMONS** of **KISS**. Due to his outside involvement with his own record label and management company, **SIMMONS** made the keynote both interesting and entertaining. He also spoke about the forthcoming **KISS** album, "Hot In The Shade", and the upcoming **KISS** tour. There were also live performances by **ICON**, **VAIN**, **FAITH NO MORE**, **SUICIDAL TENDENCIES**, and many others. For **SUICIDAL TENDENCIES**, it was their first L.A. appearance in over four years. Other bands hanging out at the convention were **GUNS N' ROSES** (Duff and Axl were stage diving during the **FAITH NO MORE** set), **OVERKILL**, **ANTHRAX**, **TESTAMENT**, **SLAYER**, **FERRARI** (who finally have a new singer named Rory Cathy), **LITA FORD**, **STRYPER**, **KING DIAMOND**, **MOTORHEAD**, **MSG**, **BRITNY FOX** (who premiered their forthcoming album "Boys In Heat"), **BONHAM**, **ALICE COOPER**, **MEGADETH**, and many more. The Foundations Forum is scheduled to take place every September in L.A.

* **ALICE COOPER** will begin his tour on November 21st in Belgium. Look for him to spend the months of November and December all over Europe. Canada and Australia are slated for January. When will he grace our shores you ask? Well, expect **ALICE** in the states late January or early February. We hear he'll be doing a warm-up date in of all places, Iceland. Figure it out!

* Wait 'til you see the **SHARK ISLAND** video. It's gonna kill ya!

* **WTPA**'s Sally ViCious checks in with this week's "Bimbo" name. "Band Mole". Not to be outdone, our very own Paul Heine gives us his name. "Crumpet"

* Here's the latest news from the Megaforce camp: John Monte and Lou Svitek of **M.O.D.** have left the band in persuit of their own **METHOD**. Reed St. Mark of **CELTIC FROST** is the beat behind the machine....**TESTAMENT**

HOTTEST NEW TRAX

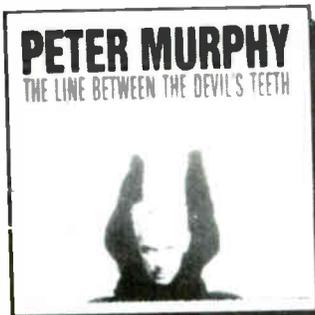

JOE STRUMMER, "EARTHQUAKE WEATHER", EPIC

More than ten years after the birth of The Clash, Joe Strummer releases his first solo album. He's collaborated with Mick Jones on Big Audio Dynamite, The Latino Rockabilly War on "Permanent Record", The Pogues and numerous other soundtracks and tours. "Earthquake Weather" teams him up with

ex-Chili Pepper, Jack Irons and ex-Circle Jerk, Zander Schloss. While lead cut "Shouting Street" is moving up the charts, check out the album. Choice cuts include "Gangsterville", "Kings Of The Bayou", "Sikorsky Parts" and "Jewellers & Bums". Joe's breathy vocals filled with energy and urgency inspired a generation, now let this new project light you up again. Look for a tour in November.

PETER MURPHY, "THE LINE BETWEEN THE DEVIL'S TEETH (AND THAT WHICH CANNOT BE REPEAT)", BEGGARS BANQUET/RCA

What a mouthful of a song title! The song lives up to it, and more. Murphy's inimitable vocal delivery is a welcome sound to the ears. His grasping, passionate voice blends with an uptempo tune to which he silkily raps like a pop version of Dracula. The 12" comes with an extended version and 'version 2' of "A

Strange Kind Of Love". This is just a taste of what is to come. His new album "Deep" will hit in January.

FLESH FOR LULU, "PLASTIC FANTASTIC", BEGGARS BANQUET/CAPITOL

When FFL's "I Go Crazy" was heard on the "Some Kind Of Wonderful" soundtrack, teen queens went wild. Although Alternative Radio has been with this band since their beginnings in 1983, this film feat alone may have attracted the masses. This new Lp will reel 'em all in. Produced in Sydney by Mark Opitz (INXS,

Divinyls) and Zeus B. Held (Transvision Vamp), "Plastic Fantastic" is a raging blend of rock and pop. Lead cut "Decline And Fall" is a slice of contemporary rock and roll heaven. Check out album cuts "Slowdown", "House Of Cards" and "Stupid On The Street".

MICHELLE SHOCKED, "ON THE GREENER SIDE", MERCURY

Michelle takes a step towards a more traditional folk based sound. "Greener Side" highlights Michelle's sparkling vocals matched with her own perfect harmonies. Veteran producer Pete Anderson adds the right textures to keep this uptempo tune rockin'. This new 12" comes with three additional cuts, most which

will be seen on her forthcoming album "Captain Swing".

DAVID BYRNE, "REI MOMO" SIRE/WARNER BROS.

David Byrne has long been a fan of Latino styled music. On this new effort he blends a strictly exotic flavor with his distinctive and unique vocals. Produced by Steve Lillywhite, "Rei Momo" is a crisp and clean compilation of styles including Cha Cha, Mambo, Merengue and more. Take a trip to the islands and sample

"Make Believe Mambo", "Independence Day" and "Dirty Old Town".

HEX, "HEX", FIRST WARNING

A collaborative event. Hex makes the first effort between ex-Game Theory member Donnette Thayer and The Church's Steve Kilbey. Instantly mesmerizing, their ethereal music is intriguing and captivating. Choice cuts include "Diviner", "Ethereal Message" and "In The Net".

WALKING WOUNDED, "RAGING WINDS OF TIME", CHAMELEON

Walking Wounded front man Jerry Giddens travelled from Louisiana to L.A. There, in the City of Angels he formed this bright new band. "Raging Winds" highlights WW's multi-influenced band members. Most noted is a country, folk, Mexican appeal delivered with a fresh new twist. Choice cuts include "Raging Winds Of

Time", "Remember Ruben Salazar" and "Hollywood's To Blame".

THE BAND OF HOLY JOY, "MANIC, MAGIC, MAJESTIC", ROUGH TRADE

The Band Of Holy Joy hail from London and have enjoyed a following from British critics. This new album will introduce the states to their brand of wistful and passionate music. Combining sweet sounds with inventive arrangements, the band utilizes strings, accordion and trombone to relate their

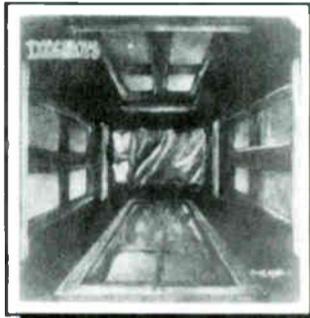

musical message. Check out the British single "Tactless", "Baubles, Bangles, Emotional Tangles" and "What The Moon Saw".

CEE CEE CHAPMAN, "TWIST OF FATE", CURB

Cee Cee Chapman belongs to the new generation of young country/folk rockers. Along with Nanci Griffith and Mary Chapin Carpenter, Cee Cee gathers strong country influences and complements them with her soul stirring vocal delivery. Choice cuts include "Twist Of Fate", "Love Is A Liar" and "You Lie".

DOUGHBOYS, "HOME AGAIN", RESTLESS

This release is the second for this Montreal based band, but the first to hit the U.S. Their first album, "Whatever" was a huge indie success on their home turf and this release will open more ears. Their aggressive blend of raw rock and pop is reminiscent of The Replacements. Choice cuts include "No Way", "White Sister" and "Numbered Days". Currently they're touring Europe. The U.S. is next.

THE GRAPES OF WRATH

Amy Grosser: You guys sent out a great promo item. How did the idea of an encyclopedia with a CD cut out come about?

Kevin Kane: In a way it's obvious and in a way it isn't for what people usually get for promo items.

Amy: Too bad you couldn't get the rights to use Steinbeck's novel "The Grapes Of Wrath".

Kevin: Steinbeck didn't come up with the phrase 'The Grapes Of Wrath'. He took it out of a song. It was a line from a 15th century hymn. I don't read books, I've got a really short attention span, I read magazines. We just picked the name out of a book of movie titles. "The African Queen" was one that we seriously thought about. I think that would have given us a lot of trouble. Chris was reading "September Bowl Of Green" at the time that album came out. The album came out in September and had a September feel to it.

Amy: How did The Grapes Of Wrath form?

Kevin: Essentially, I met Chris in 8th grade and I started hanging around with him and his brother Tom. At that time, 1977 most of the kids around us were into stuff like AC/DC, Meatloaf and Supertramp. There wasn't a rock radio station near us so we didn't get exposed to a whole lot of music. I got into music from the rock records my dad had like Beatles records and Simon And Garfunkel and Bob Dylan. We all had developed a taste for that kind of music. We started to hang out together and we basically learned to play together. We got into punk rock for a while, went our separate ways for a while and got back together in April of '83 with the intention of getting back to what we originally were doing when we were kids. I'd been in a band called Empty Set that was doing stuff along the lines of Pere Ubu and Joy Division.

Amy: Did you grow up in a musical environment?

Kevin: We're from a small tourist/retirement/fruit town in Canada. It's a pretty reserved place. You'd swear it was still the early '50s there. This town has about 100,000 people and at the point where we were starting to get serious about music and wanting to play, there wasn't a club there that booked live bands. There was a lot of resistance to us wanting to be an actual rock band and make records. People thought that's what people from the big cities do. If we sound bitter at times, we all know it's with reason. We moved to Vancouver five years ago and did a record on our own. The folks at Nettwerk heard it and we became the third act to be signed to Nettwerk after Moev and Skinny Puppy.

Amy: Who are your influences?

Kevin: Dylan, Simon And Garfunkel, The Beatles, a lot of British invasion stuff like The Kinks, The Who, The Rolling Stones. Punk was also a really big part of our development with bands like The Sex Pistols, The Clash, Black Flag, Echo & The Bunnymen. Now I listen to stuff that we don't sound anything like. I'm really into bands like Thelonious Monster, Soul Asylum, The Replacements and The Pixies.

Amy: What was it like working with Tom Cochrane and Anton Fier?

Kevin: They both have different approaches but they were both different albums. With "Treehouse", the songs had been written before and we had been playing the songs on the road for a long time. The songs had sort of developed organically. The songwriting was simpler too so when he came in it he made a couple of suggestions and some changes and we got down to recording it. When Anton got the demo tapes, he really liked the songs but the songs were really rough in terms of arrangements and executions. He had a lot more work ahead of him and he's very meticulous so he would pick everything apart and we'd put it back together note by note, beat by beat. He doesn't express what he wants to hear he just expresses when he doesn't want to hear something so you basically have to keep doing it and make it sound fresh and he'll sit there and say 'No, again, no, again.' The title is sort of a joke on that. We'd hear him through the headphones '...and again'.

Amy: How did you hook up with your guests on this album?

Kevin: One of the things I really liked about The Golden Palomino's "Blast Of Silence" was "Sneaky" Pete's pedal steel playing. To me that's an instrument that's a total mystery to me. It's pretty wild to have somebody that you admire that much be on your record. Anton had worked with Chuck Leavell on our previous project and thought it would be good to have his input.

Amy: Will you tour soon?

Kevin: We're touring now with Sarah McLachlin. It's going really well. The response has been great. So far every show has sold out. We'll be in for the CMJ convention. We're waiting for a back up spot. I'd like to play in front of Edie Brickell. The listeners would come from the same headspace. We're not as jammy orientated as that band is but I think sonically there's a similarity. They try and ring different sounds out of their line up. We're kind of a traditional band in our instrumentation. We love the sound of Badfinger, Big Star and Eagles records.

SOWING THE SEEDS AT WDRE

There was plenty of celebrating when Tears From Fears' Curt Smith stopped by the station. (L to R): Mercury's Eric Hodge, WDRE's Malibu Sue and Matt Cord, Curt Smith and WDRE's official bartender Hahn.

REVIEWS YOU CAN USE

MARK O'CONNOR, "ON THE MARK", WARNER BROS.

O'Connor is an important installation on the New Age scene. This is because by using his violin as lead instrument, he maintains a sound that can be easily distinguished from the overwhelming number of keyboard-oriented material. True, there are folks like **Jean-Luc Ponty** whose fiddle-prowess is well documented on record, but O'Connor's voice stays closer to traditional American violin material than Ponty's more jazzy inclinations and European, classical roots. There's always a slight twang evidenced in Mark's playing, an earthiness that he keeps a hold of. That said, "On The Mark" has O'Connor and band playing some very hot, contemporary instrumental music. A real up-beat feel resides throughout most of the pieces here. Joining O'Connor are keyboardists **John Jarvis** and **Mike Lawler**, **Edgar Meyer**, **Jerry Douglas** and **Michael Brecker**. Some of the line-up may be familiar as O'Connor's bandmates in the recent "Strength In Numbers" release. There's also an appearance by **James Taylor** who sparked an impromptu reading of "Ol' Blue", that went right to tape. "On The Mark" lets O'Connor soar on his chief instrument while he also concentrates on his first instrument, guitar. And the music put together for the release is a step forward in his musical evolution, and broadens his range, establishing his position as a major young talent.

RANDY MORRISS, "THE SEVENTH SON", PACIFIC ARTISTS

"Morriss is a very ambitious player. His album's hefty offering of 14 tracks finds him trying a number of styles, from more introspective acoustic piano-based numbers to pop-jazz vocals to Gregorian chant to synth-laden instrumentals. The recordings are mostly gleaned from about a half-dozen previous releases, with the title track, the sole new composition. Most of the previously released tracks are re-arranged and re-recorded here to give a fresh approach. Morriss, a keyboard player, is credited as sole composer and player on the album. While the arrangements center on the keyboards, other instrumentation, such as drums, is brought into the picture, too. Although a wide diversity of styles are offered, he seems to excel in certain areas. Pieces centered around acoustic piano, such as "Conversations, Part I" or "Song For Julia" are well-presented. The title track also attests to his talents in a more fleshed-out instrumental setting. After a short piano intro, drums kick in and off he goes with a sound and groove that hints slightly of **Bruce Hornsby**. It's an up-beat piece and a great introduction to his work.

FAREED HAQUE, "MANRESA", PANGEA

Haque's guitar sings through these 14 numbers with a clean sound and wonderful sense of melody. Behind him, an impressive line-up of musicians play, including **Fred Simon, Tony Levin, Clifford Carte, Rick Marotta** (who produced this album) and **Danny Gottlieb**. Gottlieb's presence drives home a significant

comparison. Danny was the drummer in an older formation of the **Pat Metheny Group**, and Haque's music is frequently reminiscent of Metheny. These are internationally-flavored jazz tunes that sing with a wonderful lyricism, that clearly reflect the talented line-up that contributed. There are also moments when the others put their instruments back in their cases and Haque plays some beautiful solo numbers, like the title track and "**Los Tres Golpas**". But this is a team effort most of the time. "**Ain't No Sunshine**" features a slow-moving bassline that sets a moody tone for this atmospheric piece. "**Duende**" is an up-beat piece that Haque's guitar dances over. Other noteworthy pieces include "**P.M.**", "**Necking With Sven**", "**Kukla's Dance**" and "**E Presiso Perdoar**". His music is extremely accessible and "**Manresa**" offers a wide selection of music to choose from all of it, exquisite. Haque is scheduled to appear on **David Sanborn's "Night Music"** show on November 19th, and tentative plans are in the works for a tour.

NANCI GRIFFITH, "STORMS", MCA

Griffith's voice can easily fit with others in the woman-child vein. Her music is the best country has to offer, filtered through pop styles -- or as she would have it, "folkabilly". And on "**Storms**", ten songs are offered in proof. Light arrangements (without the crying guitar associated with so much country music) create the

backdrop for her stories about love and leaving and growing up. The musical landscape is slightly different for her than past efforts. Her way with words comes through in each tune and reflect her other occupation as novelist. Some of her best moments come in "**Drive-In Movies And Dashboard Lights**", an indictment of those who only look skin-deep for beauty, or "**You Made This Love A Tear-drop**" where Griffith, and backing vocalist **Phil Everly**, mourn the end of a long relationship with a slow ballad of poignant sentiment. But on "**It's A Hard Life Wherever You Go**" she travels the well-worn path of social consciousness with her own insights on the legacy we give our children. These are prime examples of one of America's under-rated musical voices.

TOURS:

ONE OF WINDHAM HILL's most successful ensembles, the quartet **Montreux** is spending a good portion of the fall on the road. Charleston, West Virginia plays host to the group on the 15th of October, followed by a stop in Cleveland on the 17th, and concerts in Pittsburgh, Minneapolis and Chicago on the 19th-21st. They head farther west in November.

PIANIST JIM CHAPPELL has been touring in support of his "**Living The Northern Summer**" album, on Music West. On the 21st, he'll be in Norfolk, Virginia, followed, nearly a week later by a stop in Vienna on the 27th.

DIALOGUE

MARK BENSON, WIOT, TOLEDO:

"**Dave Grusin's 'Migration'** is another masterpiece. How does he keep topping himself...The Fall avalanche of new music has arrived. Help! I love being able to select from a number of choices for airplay, but I'm afraid some will be lost in the shuffle. If we could have some of the number of Fall releases delayed until the first quarter, this problem wouldn't exist...It was a pleasure to chat with **Billy Joe Walker, Jr.**, one of the truly nice guys in the business. Best of luck on the tour!!...As I work my way through the stack of CDs on my desk, one early standout is **Suzanne Ciani**. This one seems to have a more uptempo flavor to it and we like '**Driving**'...Personal to **Kevin at Narada**: Our fax number is 419-244-2483. DO I WIN?????"

TRAFFIC ZACK, WTRY, SCHENECTADY:

"I took **Brian Bromberg's 'Basses Loaded'** off the playlist for a couple of weeks, then reintroduced it. I couldn't stay off the phones! Who is this bass player!?!?! **Dave Grusin's 'Migration'** from GRP shows he's tops on the piano...A couple of fresh saxists to watch for: **Gary Herbig** and his new '**Friends To Lovers**', from Headfirst and **Tim Eyeraman's 'Jazz On L'**, from Blue Moon...If guitar's your thing, check out **Lee Ritenour's 'Color Rit'**, from GRP or the '**Guitar Workshop in LA**' (excellent) from JVC. Here's something that may get your listening audience on the phone...Once in a while, I feature jazz artists covering rock artists. Every time I do, I get phenomenal phone action. In the archives I've played **Maynard Ferguson's 'Eli's Coming'** from M.F. Horn, **The Dirty Dozen Brass Band's 'It's All Over Now'** from '**Voodoo**'; I've even gone as far this week to play the Royal Philharmonic's cover of **Pink Floyd's 'Money From Objects Of Fantasy'**, RCA Victor. The feature lasts about 45 minutes to an hour and I only do it about once every few months, so the loyal jazz fans don't get excited. Some of them even call to say they loved it!!!!"

JANE DAVIS, WRAS, ATLANTA:

"The rain must make folks Sunday morning insomniacs -- I received many more phone calls than usual. Here's who got their attention: **Bruce Becvar, Kurt Reiman, Harold Bud, Cliff Eberhardt** (Legacy compilation), **Eric Anderson**, and because he's coming to town, a request for **Andreas Vollenweider**."

JOANI WILLIAMS, KKFM, COLORADO

SPRINGS: "Many thanks to Fey Concerts, the Hotel Boulderado and the inimitable **Roger Lifeset** for making it possible for **Orange Juice & Jazz** to send a Colorado Springs winner to Boulder for the Acoustic Alchemy concert there October 31...And on a broader level, many thanks to **Rickie Lee Jones** for a beautiful project that was well worth the wait."

MIKE EILAND, WLVQ, COLUMBUS:

"We're having a rock and roll fun fest with **Little Charlie And The Nightcaps** on the Jazz Brunch. The music is as legitimate in the AOR format as **Stevie Ray Vaughan**...Early good phones on the new **David Benoit, Suzanne Ciani** and **Tim Eyeraman And East Coast Offering**...We like the fine balance of NAC/Jazz/Contemporary on the new **Urban Earth**, featuring **Harvie Swartz** and '**Jimmy Beach**' is a knock-out from '**Life At The Beach**' by **Gary Knox**...This week's sweet surprise is the track '**Earth Bird**' from **Abdullah Ibrahim/Dollar Brand's 'Mindif'**. It was the perfect tune to start off with last Sunday. Discovered it by playing the cassette on the road...And to **Debra Lewow** -- we're on all the GRP releases with **Rit** and **Grusin** leading on the phones! Like **Pepe Le Pew** says: 'Le Wow!'"

PRESENTS

DIRT ALERT!

DIRTMAKER: CURELOP SAYS "I DO" TO KLOS

CAREY CURELOP

Following a marathon search, KLOS, Los Angeles has signed WYNF, Tampa PD Carey Curelop to fill its 9-month PD opening. A 10-year AOR programmer, he becomes only the 6th person to program the 20-year heritage AOR. The last KLOS PD was Charlie West, who exited in January to open a consultancy business.

Curelop told FMQB, "I look forward to the challenge, I'm grateful for the opportunity and I'm anxious to get out there. The parallels between WYNF and KLOS are, oddly enough, somewhat similar. We have been able to win the 18-34 and 25-54 year old men battles in Tampa and those are the demos we will continue to go after at KLOS. Both are heritage radio stations. Both have extremely strong air talent. Both radio stations are heavily promoted and both are in very competitive situations."

Market conditions have changed dramatically in the 9 months that KLOS has been without a PD: Pirate Radio stormtrooped the market in March, establishing itself as the #4 station 12+ within 6 months. In an effort to reverse a severe ratings tailspin, KROQ made extensive management and programming changes in the Summer and began shifting more toward the mainstream. And last month another high stakes player entered the foray, Evergreen's KKBT, with an unusual hybrid that has defied traditional format definitions.

Asked to assess the rapidly changing marketplace, Curelop responded, "I really have to sit and monitor the market for considerably longer than I have before I can say more than KLOS is a strong heritage radio station, has

great talent, a great image in the marketplace and I look forward to being able to help steer them in the right direction for the future."

Despite widely circulated rumors that have painted KLOS President/GM as "impossible to work with," Curelop said he had "no reservations" about taking the most talked about PD opening of this (or any) year. "Bill and I got along well, and I made him feel comfortable that I'm capable of doing the job and that I have the right attitude. He assured me I would have autonomy over the Programming Department. I found him to be a very knowledgeable gentleman, and very sincere. I talked with several people that have worked with him for a very long time and I just don't believe the guy deserves the bad rap."

A former KFMG, Albuquerque and WABX, Detroit PD, Curelop programmed WYNF from '83-'89, except for a 6-month programming hiatus at WLLZ, Detroit in '85.

BUTSCHER BAGS WHFS PD SLOT

Progressive AOR WHFS, Annapolis/Washington has expanded its Programming Department with the addition of WGFX, Nashville MD Michael Butscher as PD, effective October 9. Butscher, a former WGRX, Baltimore APD/MD, joins OM David Einstein who continues to head the Programming Department.

"Michael is no stranger to the Washington/Baltimore area and has extensive knowledge of progressive music and the unique objectives and goals of WHFS," Einstein told FMQB. "My goal is to fortify the programming function at WHFS. With Michael's programming knowledge and feel there's no telling what we can accomplish."

Butscher, who will also be the station's evening jock, added, "I believe this is a match made in heaven. David and I are a perfect fit. We have a common vision and

philosophy for the course WHFS should take. I'm really excited to be involved with a station that is on the cutting edge of music and doing radio in the present tense. WHFS plays now music for now people."

Last week, WHFS installed a new transmitter in Crofton, Maryland, which is 10 miles closer to Washington and 5 miles closer to Baltimore than it's previous Annapolis location. Broadcasting at 50,000 watts with 150 feet of additional antenna height, the station expects to improve coverage in Washington and outlying areas.

WARRANT FINDS HEAVEN IN VEGAS: They didn't have time to check out the stinking rich gamblers on the strip or to strike it rich themselves, but Warrant did take time out for a show in Las Vegas. Hangin' out backstage were (L-R): Warrant's Erik Turner, KOMP's Richard Remsberg, the Promotion Department's Kenny Ryback, and Warrant's Steven Sweet.

KRSP CHANGE UP: CARLSON OM, BOWEN PD

KRSP, Salt Lake City, has completed a Programming/Operations restructure. Steve Carlson, PD for Gold-formatted KRSP-AM since '81, has been promoted to OM of the AM/FM combo. And WZBH, Ocean City PD Ron Bowen has joined AOR KRSP-FM in the same position, replacing Randy Rose who exits to pursue ownership in San Luis Obispo.

KRSP Exec VP/GM Allen Hague told FMQB, "Steve is certainly a veteran of the market, having been in the market a number of years and taking on a very tough AM situation for a number of years. He can add a lot of market influence to the operations/programming side with Ron coming as PD from an Eastern city. Ron will add a lot of promotional savvy to the station which we're going to need in distinguishing ourselves from all of the other people who are in the pack."

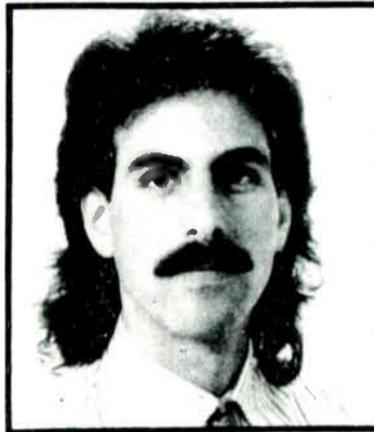

Reflecting on his move from market #151 to #38, Bowen told FMQB, "Salt Lake City is a real radio intensive market and one that is becoming increasingly fragmented. KRSP is the heritage AOR and any of the other stations that are starting to nip at its heels are relative newcomers and they're going after smaller segments of the audience. We are dealing from a position of strength and it's time to get extremely aggressive. Our plans are to make KRSP a legendary AOR along the lines of WMMR in Philly, KBCO in Denver or 97 Rock in Buffalo."

At this point in its 12-year AOR history, KRSP is being squeezed by Classic Rock KLZX on the upper end and current-intensive KBER on the lower end. Traditionally a

top-rated powerhouse, the station has slipped 7.6 - 5.3 during the past year alone (Arbitron Summer '88 - Spring '89), while KBER has grown 2.2 - 5.0 in the same period, and KLZX has, for the most part, remained flat in the low-to-mid 3's. And KRSP's 10-year morning team of John Carter and Don Bammes joined KLZX 6 weeks ago after sitting out a non-compete stretch.

Prior to WZBH, Bowen programmed WAIL and WWUS, Key West. Carlson, a 17-year KRSP staffer, has programmed KRSP-AM for the past 8 years. community involvement and

ROSS APPOINTED RELATIVITY CO-DIRECTOR OF NATIONAL PROMOTION

DAVID ROSS

RCA Regional/Local Promotion New York Rep David Ross has been appointed Relativity Co-Director of National Promotion, based in New York. In his new position, Ross will be responsible for all AOR and CHR promotion in the East, South and Midwest, working with L.A.-based Co-Director of National Promotion John Schoenberger.

This includes coordinating department activities, directing the promotion staff, and serving as liaison with the trades.

"After working in the business for 11 years, holding a national position at Relativity is something that I've always wanted to do," Ross told FMQB. "Working with a small roster will enable this company to become a major force in the very near future. With John on the West and me on the East - watch out radio! Relativity is on the move!"

In addition, National College Promotion Rep John DiMaio has been upped to Director of National Alternative Promotion.

WZBH PROMOTES POWELL TO PD

WZBH, Ocean City Promotion Director/morning mouth John Powell has been promoted to PD, replacing Ron Bowen who has joined KRSP, Salt Lake City for same (see separate story). Powell will retain his promotion duties and his airshift. And afternoon driver Cepth Michaels has been upped to MD, replacing Jeni Gipe who has segued to Classic Rock KVFX, Modesto.

"This is a great opportunity for me," Powell told Dirt Alert! "Ron did a fantastic job of leaving everything in great shape. I feel like I'm just stepping behind the wheel and the station is already on cruise control. There's always a lot of work to do, but I've got a great staff and it should be a smooth transition."

Powell has also programmed WAIL, Key West.

WNEW-FM HELPS HUGO VICTIMS

Many radio stations across the country have rallied to aid victims of Hurricane Hugo. Among them is New York's WNEW-FM. Using 10 tractor trailers donated by various van line companies, the station collected tons of canned goods and non-perishables. The trailers, set up throughout the tri-state, were quickly filled with donations from listeners and clients, including Perrier, Pepsi, Budweiser and New York restaurants. On October 3, the trailers caravanned to Charleston.

WNEW's **Scott Elberg** commented, "**Dave Herman** was speaking with news person **Donna Fiducia** on air about the tragedy of Hugo and how WNEW-FM could help. Dave and Donna had an idea: Let's rally the troops in WNEW's vast listening audience and come together to support our friends in Charleston, South Carolina. There's a difference between interest and commitment. When you're interested in doing something, you do it when it's convenient. When you're committed to something, you accept no excuses, only results."

KXXR UPS FRANKLIN TO PD: PIRATE PROMOTES STEELE TO OM

GARY FRANKLIN

Two of the country's most successful rockin' CHRs announced new key players this week. Following a 2 month tenure as Acting PD, **Gary Franklin** has officially been given the keys to the PD office at KXXR, Kansas City. And L.A.'s Pirate Radio (KQLZ) has named PM driver **Shadow Steele** OM, replacing **Randy Kabrich**, who was "recalled" by Q-

105, Tampa last week.

Franklin told FMQB's Grapevine "the downtrends have been reversed and KXXR will continue to be moving back up. The staff has been pulling together and management has seen our united effort to make this baby fly." The station has also named **Mark Cruz** MD.

Steele commented, "I'll be handling the staff, programming and formatics. I'll have a stronger role in the day to day operation of the station and the internal staff. Randy will still be contributing and he, **Scott Shannon** and I will all still be involved with the music." The Summer Arbitron put Pirate at #4 12+, #1 18-34.

ENIGMA SIGNS GUARNIERI AS SENIOR DIRECTOR OF A&R

JOHN GUARNIERI

EMI A&R Exec John Guarnieri has been appointed Enigma Senior Director of A&R. While at EMI, Guarnieri worked with Queensryche, George Thorogood, The Neville Brothers, Red Hot Chili Peppers, The Stray Cats and Lions & Ghosts.

"John Guarnieri was chosen from a mountain of 700 plus resumes due to his extensive background

with both major and independent labels, combined with his excellent taste in music," commented Chairman William Hein. "John brings years of experience to the position and will focus immediately on the development of the Enigma Records roster."

Guarnieri has also signed acts for I.R.S. In a related announcement, Accounts Payable Supervisor Jacqui Randle has been upped to A&R Administrator.

ALL THE DIRT THAT FITS

LOGAN WYNF INTERIM PD: WYNF, Tampa has named APD/MD/afternoon Charlie Logan Interim PD, following Carey Curelop's resignation for the KLOS, Los Angeles PD post (see separate story). Logan is also a serious candidate for the permanent position.

GREAT AMERICAN'S EXPANDING AOR EMPIRE: As predicted in last week's *Dirt!*, Great American has purchased KBPI, Denver and WKRL, Tampa for approximately \$30 million. Talk in Tampa says they'll go after heritage AOR WYNF. Dave Milner, who heads Great American's radio division, once served as WYNF GM when Taft (now Great American) owned the station.

KZEW CHANGES: As of presstime on October 5, KZEW, Dallas was gearing up to "tweak" the format. Sources on the *Dirtline* tell us that The Zoo will take a younger, harder-edged direction and be more current-intensive: Rock 40 meets AOR. Although KZEW denies rumors of becoming a Z-Rock affiliate, it has picked up the Z-Rock 50 Countdown on Sunday nights.

GROVES EXITS KROQ: APD/MD and KROQ, Los Angeles staple Larry Groves is out. Music duties are being handled by GM Trip Reeb and PD Andy Schuon.

HOW HOT IS HOWARD?: WXRK's Howard Stern is up 5.0 - 6.2 12+ in New York's Summer Arbitron. That puts him in 3rd place over all, but first among Gotham's personality morning shows. Other Stern triumphs: #1 25-54 Adults and #1 25-34 Men with a 20.6.

MARTELL FOUNDATION TO HONOR KRASNOW: Elektra Entertainment Chairman Bob Krasnow has been chosen to receive the 1990 Humanitarian Award by the T.J. Martell Foundation. In a departure from previous years, this year's annual awards presentation will take place at a gala concert and supper in Avery Fisher Hall at NYC's Lincoln Center on June 8, 1990.

JACOBS JUMPS FROM 'GFX: Classic Rock WGFX, Nashville PD Leigh Jacobs has exited for a mystery East Coast PD position. Promo Director/1-3p personality Mike Thomas has been named Acting PD and is a likely candidate for the permanent post. Thomas is a former KISS, San Antonio and WYBR, Rockford PD.

FLAG ON THE PLAY: Arbitron has cited WBCN, Boston for ratings distortion. The station's ratings are listed below the line in the Summer book. According to Arbitron, morning man Charles Laquidara encouraged listeners on 2 separate occasions during the Summer book to write 'BCN's calls in their diary even if they didn't listen. New York's Z-100 and Classic Rock KZPS, Dallas have both been flagged with ratings bias. Arbitron says KZPS produced a print ad that was similar in design and text to the Arbitron diary.

FREY RISES TO WAOR INTERIM PD: WAOR, South Bend PD Gregg Richards has relinquished his programming duties and has segued into sales. MD Sue Frey has been named Interim PD.

KBER X 2: KBER, is currently simulcasting on 2 different FM frequencies in Salt Lake City. KBER owner Devine Communications is buying KDAB (101.1) and selling KBER (106.5). During the transfer of license period, the company is simulcasting KBER's AOR format on KDAB. Both stations identify themselves separately on the top of the hour and carry separate public affairs programming. Although KBER says it cleared the arrangement with the FCC's Mass Media Bureau, KRSP has filed a formal protest complaint with the Commission.

CSN CRUISES TO CAPITALAND: Crosby, Stills & Nash made sure to drop by WPYX, Albany on their visit to Capitaland. Mugging it up were (L-R): WPYX's Joe Moss, David Crosby, Steven Stills, and Graham Nash.

DIRT STREET JOURNAL: Fujisankei Communications Group of Japan has purchased a 25% share of Virgin Music Group from Chairman Richard Branson for \$150 million. In other mega-million dollar transactions, Canada's Maclean Hunter has purchased Selkirk Communications for \$606 Million (Canadian). Included in the deal is CFNY, Toronto for \$16 million.

KFOG FLIES WITH THE JEFFERSON AIRPLANE: On September 30, over 65,000 people turned out for KFOG, San Francisco's free concert with the Jefferson Airplane, benefitting the San Francisco Food Bank. KFOG asked listeners to bring canned food as admission, and a record 45,000 pounds of food was collected for the food bank.

"YATTA YATTA YATTA" GOES #1: WGTR, Miami's Yatta Yatta Yatta CD of song parodies is now the #1 selling disc in South Florida. Since its release on September 25, the CD has sold 1,720 copies, with an average of 172 selling per day! Morning men Herman & McBean are planning a club tour to promote the disc, which is dedicated to the memory of former MD Patty Murray. Proceeds from sales benefit The Make A Wish Foundation.

THE FOX TURNS GREEN: As environmental awareness increases, CFOX, Vancouver has thrown itself into the role of communicating the very latest environmental info to its listeners. Twice a day, The Fox airs "The Green Report", a feature which covers recycling info, waste management interviews, world-wide environmental concerns, and what each person can do to help the cause. News Director Kerry Marshall hosts the report.

DOOBIE BROTHERS DAY IN SAN JOSE: In celebration of the fact that the Doobie Brothers formed in San Jose in '69 and are currently in the midst of their 20th Anniversary Tour, the Mayor's office has proclaimed Rocktober 7 "Doobie Brothers Day In San Jose". KOMA was involved in the event. A presentation of the Mayoral Proclamation took place at the Shoreline Amphitheatre prior to the Doobie's benefit concert for Children's Hospital at Stanford.

FOX FACTOR: When WUFX (formerly WPHD), Buffalo heard that consultant Fred Jacobs was in town visiting his client 97 Rock (WGR-FM), one of the station's jocks dedicated Richard Marx's "Ain't Nothing You Can Do About It" to Jacobs. Meanwhile, 97 Rock Production Director Duane Doherty has crossed to WUFX for afternoons. Will ex-WMMS, Cleveland personality Ruby Cheeks be the next person purring on The Fox?

RENAISSANCE WOMAN: Renaissance lead singer Annie Haslam just made her solo album debut set for release on Epic. (L-R): Epic's Dennis Oppenheimer; Haslam; and Epic's Dave Glew & Michael Caplan.

ROCK AND ROLL BOULEVARD: WRDU, Raleigh has asked the Raleigh City Council to name a new section of road where the station is located "Rock And Roll Boulevard". But the request has drawn bad reviews from other neighbors on the recent re-aligned road including workers at a local Social Security office, who feel it would be incongruous for "a federal agency which generally deals with elderly and disabled members of the public to be located on a street named Rock And Roll Boulevard."

NBC LAUNCHES "CAN": The NBC Radio Network is launching Custom Affiliate News (CAN), a service designed to provide a select group of affiliates with individualized coverage of major news stories. NBC Radio Network News Correspondent Bill Groody has been appointed National Correspondent and NBC Radio Network News Managing Editor Ed Belkin has been appointed CAN Producer. As major domestic and international stories break, Groody and a team will immediately be dispatched to the scene. Using satellite uplinks, the news team will transmit specially packaged stories and coverage designed

to meet each individual affiliate's needs. Customized coverage will include actuality feeds of local officials and personalities, drop-ins for local talk shows, live Q&A's with local anchors, plus additional coverage as requested by an affiliate.

ROCK REPORT

News on cockney singer, **IAN DURY** who, with his band the Blockheads, had a UK number one in 1979 with "Hit Me With Your Rhythm Stick". Dury and one of the ex-Blockheads, Mickey Gallagher, have written a rock 'n' roll musical called "Apples", which opens at The Royal Court Theatre in London on October 17. In recent years Dury has been involved in a number of stage and film projects including Roman Polanski's movie flop "Pirates" and the successful Royal Court play "Road".

Fondly remembered punk favourites **THE BUZZCOCKS**, led by Pete Shelley, have a four-track EP called "Fab 4" released by EMI next week, featuring some of their finest moments. "Ever Fallen In Love/(With Someone You Shouldn't Have)", the song covered by Fine Young Cannibals, is the lead track, supported by "Promises", "Everybody's Happy Nowadays" and "Harmony In My Head".

DAVE EDMUNDS' new LP "Closer To The Flame", which was originally scheduled for American release at the end of September, now looks likely to be held until the new year. Nevertheless, he's about to shoot the video for the first single "King Of Love" with director Nigel Dick. The album features contributions from Rolling Stones session keyboard player Chuck Leavell and drummer Jim Keltner, best known as drummer on George Harrison's "Cloud Nine" and the "Traveling Wilburys Volume One" album. Meanwhile, Edmunds is due to complete production next week on Nick Lowe's new album.

Promising young Scottish rock band, **THE KEVIN MC DERMOTT ORCHESTRA** get their big break this autumn when they support Eurythmics on tour in America. Their debut album, "Mother Nature's Kitchen" received favourable reviews when it was released earlier this year. Meanwhile, **CUTTING CREW** are supporting Marillion on tour in Europe. However, the band are bound to be disappointed by yet another delay in the UK release of their second album "The Scattering", which is now scheduled for October 30.

TEARS FOR FEARS will release their next single "Woman In Chains" on November 6. As expected, "The Seeds Of Love" entered the UK album chart at number one and sold more than twice as many copies as its nearest rival, last week's number one, **TINA TURNER's** "Foreign Affair".

Scottish band **TEXAS** have another single scheduled for the end of this month: "Prayer For You" is on their debut album "Southside". Fellow Glaswegians **LOVE & MONEY** release "The Up Escalator" on October 16 and on the same day the city's rock newcomers **SLIDE** follow up their promising first single "Why Is It A Crime" with the album "Down So Long".

Goat's Head Soup is gone at **BILL WYMAN's** Kensington restaurant Sticky Fingers. "Changes needed to be made" says the new chef, Dermot Lehane, who was poached from London's Hard Rock Cafe along with four colleagues. With a new grill-based menu, Sticky Fingers says it is now attracting more customers, though the extra publicity from the Rolling Stones' tour is no doubt helping. "We could survive on Rolling Stones fans for the rest of our days", says the restaurant confidently.

Meanwhile, **CYNTHIA LENNON** is reported to be pulling out of her London restaurant venture, Lennon's. Launched in a blaze of publicity last year, the West End eaterie which serves such delights as Sgt. Pepper Steak has proved less popular than she hoped. Lennon's is likely to undergo a facelift with the change of ownership.

SOUL II SOUL's Jazzie Band, Nelly Hooper, have done a remix of the new Fine Young Cannibals single "I'm Not The Man I Used To Be". Matt Dike (Beastie Boys/Tone Loc) is responsible for another remix of the single which is released later this month. There are plans to issue "I'm Not Satisfied" as the fifth single from "The Raw And The Cooked" in the new year.

News from London now has details of **DURAN DURAN's** forthcoming best-of album. It'll be called "Decade", released on November 13, and will feature 14 hits, stretching back to their first, "Planet Earth", in February 1981. The track listing is (Side One) "Planet Earth", "Girls On Film", "Hungry Like The Wolf", "Rio", "Save A Prayer", "Is There Something I Should Know" and "Union Of The Snake"; (Side Two) "The Reflex", "Wild Boys", "View To A Kill", "Notorious", "Skin Trade", "I Don't Want Your Love" and "All She Wants Is". One week later on November 20, the "Decade" video will be released. 11 of the 14 were Top 10 UK hits. The band have now sold 18 million albums around the world.

ERIC CLAPTON will be playing a total of 18 nights at London's Royal Albert Hall in the new year. Clapton's January residency at his favourite venue has become something of a tradition in recent years, and January/February 1990 will see him playing 12 nights with his regular band, then three "Evenings Of The Blues With

Special Guests", then three "Evenings With The National Philharmonic Orchestra". Incidentally, he turns up as guest guitarist on the latest album from Italian singer Zucchero Fornaciari, "Oro Incenso & Birra" ("Gold Incense & Beer"). The track in question is called "A Wonderful World".

DEF LEPPARD have moved their recording operation from Amsterdam to Dublin where Joe Elliott has his home. We hear the band have completed three songs for the new LP and partly recorded two more. They've given their blessing to a new fan club called The Rock Squad which will be launched on October 31 in Maidstone, Kent. It will operate as an information exchange with newsletters for the members and regular deliveries of fans' letters and memorabilia to the lads hard at work in the studio.

A mysterious German band are likely to crash into the British charts this weekend with a song that wasn't even a hit in their own country. "Oh Well", by a group called **OH WELL**, is an updated dance version of the Fleetwood Mac hit from exactly 20 years ago. EMI UK, who are releasing the track, know very little about the group, and can't locate them—but the song has had massive national radio airplay even before its release, which is next Monday.

Legendary songwriters, **JERRY LEIBER** and **MIKE STOLLER** gave an extremely rare performance at the ASCAP awards dinner in London on Wednesday night, playing many of their most famous songs like "Jailhouse Rock", "Hound Dog", "On Broadway" and "Searchin"; and then welcoming guests Phil Collins, Billy Ocean, Justin Hayward and Simon Climie on stage for a version of "Stand By Me".

VIRGIN RECORDS have sold a 25% minority stake in the company to Fujisankei of Japan at a cost of 100 million pounds. Boss Richard Branson is quoted as saying: "It gives us complete and utter independence". The deal gives Fujisankei a quarter share in the record division, including Virgin's interests in music publishing and recording studios. It's thought that the money will help to wipe out the huge debt that's been building up since Branson reprivatised the company, and the deal allows for the setting up of a joint venture company in Japan to encourage local talent.

Dance news: **ARETHA FRANKLIN**'s next UK single from her "Through The Storm" album will be "Gimme Your Love", her duet with James Brown. The song has been remixed by none other than Prince. This will make the third consecutive duet single from the LP following those with Elton John and Whitney Houston.

ELTON JOHN's follow-up to "Healing Hands" will be the ballad "Sacrifice" from his "Sleeping With The Past" LP. It should be released at the end of the month in the UK and a couple of weeks later across the Atlantic.

We hear that **SUZANNE VEGA** is now recording her next album at Skyline Studios in New York, with the release date pencilled in for January 1990. Meanwhile, Suzanne will also be making a guest appearance on the debut album on Columbia by Shawn Colvin, who's occasionally partnered Vega on stage and also did backing vocals on "Luka". Another guest on the forthcoming Colvin LP will be Bruce Hornsby.

ANDERSON WAKEMAN BRUFORD HOWE recently interrupted their touring schedule to go back into the studio and re-record a new version of the fourth section of "Quartet", called "I'm Alive", from their current album.

Teen popsters, **BROTHER BEYOND**, return with the first single from their next album "Trust" in Britain on October 16. The 45 is called "Drive On", and the album has been produced by top American dance writer/producer/performer Jeff Lorber together with Keith Cohen, whose pedigree is also pretty good—he worked on the Paula Abdul, that's so far produced three American number ones. The BB album includes a version of "The Three Degrees" 1974 UK number one "When Will I See You Again", which they're planning as a Christmas single. Meanwhile, Brother Beyond are beginning to get attention in the US with one of the UK hits from their last album, "Be My Twin".

BILLY OCEAN's "Greatest Hits" LP is out this week, featuring all his '80s successes plus the new 45 "Licence To Chill"...**JULIA FORDHAM**'s second album "Porcelain" is also just out, with her British tour starting on October 30.

Chart rockers, **DOGS D'AMOUR** follow "Satellite Kids" with "Trail Of Tears" this week, and to coincide with a TV documentary about his hugely publicised London Docklands concert last year, **JEAN-MICHEL JARRE** releases a new version of his biggest hit, "Oxygene IV". "Joy" is the new single by Pure band **THE LIGHTNING SEEDS**.

PANDORA'S BOX, the new band put together by Jim "Bat Out Of Hell" Steinman, have their first single "It's All Coming Back To Me" out this week. The video is directed by Ken Russell, in typically outrageous form, using a horse, a snake and a burning motorbike impaled on a cemetery altar (what else?).

THIS WAY UP, the band formed a couple of years ago by former Culture Club member Roy Hay. The band consisted of Hay and singer **ROBINSON REID**, and released one unsuccessful album on Virgin. 26-year-old Reid now turns up again on Virgin with his first solo single "Memorize", which he wrote with Tony (Bananarama, Spandau Ballet, Imagination) Swain.

JETHRO TULL are now into the European leg of their tour, having played three excellent shows last week at London's Hammersmith Odeon. News From London was at the last of those dates to see the band, in their usual self-effacing and often hilarious way, playing through a varied set which concentrated quite a lot of attention on the new "Rock Island" album—the band taking the opportunity on "Another Christmas Song" to shower bass player Dave Pegg in fake snow—and Dave's Fairport colleague Rick Sanders guested for one song on electric violin.

QUEEN release "Scandal", their 35th single and fourth from "The Miracle" LP on Monday, with the previously unreleased track "My Life Has Been Saved" on the B-side. A special 12" issue features the band's four signatures engraved into the vinyl. The following week **SIMPLY RED**'s ballad "You've Got It" gets its UK release.

As the new line-up of **JOHNNY HATES JAZZ** continues to tickle the lower realms of the chart with "The Tide Is Turning", their former singer Clark Datchler, who recently won a BMI award for "Shattered Dreams" has been recording his solo album in the UK, L.A., Holland and Italy. Working with Dave Gregory of XTC and American session maestros Jerry Hey, Nathan East and Paul Jackson, Datchler plans to release the LP in the new year.

While there is no re-release scheduled for "One" in the UK, across the Atlantic the **BEE GEES** follow up their US Top 10 success with "You Win Again" on October 17. "It's London leading America by two years", says manager Harriet Steinberg referring to the record's four week stay at the top of the UK singles chart in the autumn of '87. The song is on their E S P LP and features as an extra track on the American CD and cassette versions of the album "One". The brothers Gibb are due to tour the Far East and Australia before settling down to record the follow-up during 1990.

Monday's album releases: **CLIMIE FISHER**'s second titled "Coming In For The Kill" featuring the single "Facts Of Love", number two LP too from **CURIOSITY KILLED THE CAT** entitled "Getahead" and featuring their current hit "Name And Number", **DEAD OR ALIVE** finally get a UK showing for their "Mad Bad And Dangerous To Know", **THE BLUE NILE** put on their "Hats" and **FIVE STAR** gather together their "Greatest Hits".

LEVEL 42's "Take Care Of Yourself" single, from their forthcoming best-of album, has its UK release in a week, on Monday (10/16) with the US following on October 30. It's their most pop/dance-oriented single in several years.

As we mentioned, everything else in the album chart this week was eclipsed by the performance of "The Seeds Of Love", which as expected entered the chart at number one for **TEARS FOR FEARS** with a huge sales margin over the number two, which of course was last week's new entry at the top, **TINA TURNER**'s "Foreign Affair". **MADONNA**'s "Like A Prayer" vaulted again, nine to five, and **MARILLION**'s "Season's End" had a first-week position of seven. Aside from TFF, the most impressive chart achievement of the week was undoubtedly by the Scottish band **RUNRIG**, whose local popularity may not have been recognized throughout Britain yet, but still gave them a debut position of 11 with "Searchlight". **IAN MC CULLOCH**'s solo album "Candleland" jumped in at 18 and popular classical violinist, **NIGEL KENNEDY** at 43 with his interpretation of "Vivaldi Four Season". **LOU REED**'s "Retro" and **RICKIE LEE JONES**' "Flying Cowboys" had back-to-back debuts at 49 and 50, and there were new entries near the bottom of the 75 by **NUCLEAR ASSAULT**, **THE BIBLE** and **THE MACC LADS**.

Here's what U.S. fans are in store for: "Figure Of Eight," "Jet," "Rough Ride," "Got To Get You Into My Life," "Band On The Run," "Ebony And Ivory," "We Got Married," "Maybe

"Slip Of The Tongue" is the name of the new WHITESNAKE Lp, slated for release via Geffen on November 9th. Sporting the pioneering axe work of new guitarist Steve Vai, the Lp is said to be similar in sound and texture to their smash Lp "Whitesnake 1987." Produced by Keith Olsen (PAT BENATAR/THE BABYS), the Lp features "Fool For Your Lovin'" - a new version of an older Whitesnake track, along with such standouts as "Judgement Day" and "The Deeper The Love." Look for Whitesnake to hit the road in early 1990.

"Chronicles" is the title of the first ever RUSH compilation scheduled for release on October 24th through PolyGram. Compiling 28 tracks from the band's star-studded career, the collection is set to be released on cassette and compact disc only. Featuring an essay by rock historian John Swenson, the compilation showcases two previously unavailable live tracks - "What You're Doing" and "A Passage To Bangkok" - along with such Rush faves as "Spirit Of Radio," "Closer To The Heart," "Tom Sawyer," "Red Barcheta," "The Big Money" and "Time Stand Still."

It's Only Rock And Roll: My On-The-Road Adventures With THE ROLLING STONES is the name of a new book recently released by St. Martin's Press. Written by noted journalist Chet Flippo, the book is a personal memoir of the author's colorful time covering the "world's greatest rock band." Flippo vividly details following the Stones through airports, concert halls, hotels and southern jails with alarming honesty and verve. Available now, the book retails for \$8.95.

"Wonderwall," a 1968 psychedelic fantasy film which sports a musical score by GEORGE HARRISON and ERIC CLAPTON, has just been released on home video by Studio Entertainment. Directed by Joe Massot (LED ZEPPELIN's "Song Remains The Same"), the plot centers upon an eccentric scientist who falls in love with the girl next door. Starring Jack Macgowan and Jane Birkin, the long lost film retails for \$79.95.

Halloween marks the release of the first eight albums from ROXY MUSIC through Reprise Records. Following hot on the heels of the recent BRYAN FERRY/ROXY MUSIC greatest hits collection "Street Life," the compact discs include: "Roxy Music," "For Your Pleasure," "Stranded," "Country Life," "Siren," "Viva," "Nanifesto" and "Flesh And Blood."

THE FIXX: The Fixx had to cancel a five week mini tour of Europe after an old injury Cy Curnin sustained in 1984 when he fell off a stage flared up again. The band is about to start recording their second album for RCA at Curnin's Between The Ears Studio in New York.

JOE STRUMMER: Former CLASH member Joe Strummer has a new album, "Earthquake Weather," and movie, "Mystery Train," out. He'll embark on a North American tour November 7th.

POCO: In addition to his work with Poco, JIM MESSINA is working on a solo album for Warner Brothers.

ALICE COOPER: Noting what happened to Pete Rose, Alice Cooper says he's worried that he might have blown his chances of getting into the Rock and Roll Hall of Fame because he once bet on the Grammy Awards.

BROKEN HAND SIDELINES JASON BONHAM: Jason Bonham will be out of action until mid-November because of a freak accident. After the band completed their dates in Florida, Bonham and some fans went four-wheeling in a jeep. While the drummer was behind the wheel, the vehicle hit a rock and the steering wheel spun around so hard, it broke bones across the back of his hand. No shows were actually canceled, but it did force them to postpone tour plans.

PETTY FANS HELP CLEAR THE WAY FOR GREENPEACE AT JONES BEACH:

TOM PETTY's tour has ended and he is back in Los Angeles working on more music, but the effects of his summer tour are still being felt. New York Governor Mario Cuomo has relaxed the restrictions that prevented Greenpeace representatives from working his concert at Jones Beach, a state park. Petty urged fans to write the governor asking why he wouldn't let Greenpeace in. So many of them did that the governor's office says now Greenpeace representatives can be at Jones Beach if they are guests of the artist performing there.

CARTNEY will not only be opening his concerts by showing a film about himself, the American leg of his tour will be launched with a showtime TV Special. The 60 minute program, "Paul McCartney: Put It There," was filmed in London while Paul and the band were recording their latest album, "Flowers In The Dirt," and rehearsing for the tour. The show will debut November 11th.

GRAHAM PARKER BARES "HUMAN SOUL" NEXT MONTH:

Graham Parker releases "Human Soul" October 31st, his follow-up to "Mona Lisa's Sister." "Human Soul" was recorded over a five week period at the beginning of the year in a London studio. Co-producing the Lp with Parker was his longtime collaborator, Brinsley Schwarz. And, like "Mona Lisa's Sister," the cover art was created by Parker's wife, photographer Jolie Parker. It's a photo collage done in the style of David Hockney.

WHY FILM STUDIOS ARE TRYING TO GET INTO THE RECORD

BUSINESS: Disney is leading the parade of film studios shopping for a record company. Industry observers say the studio is eager to either acquire or start up its own record company because the soundtracks from three of its films, "Cocktail," "Beaches," and "Good Morning Vietnam," have sold eight or nine million copies combined -- and all the money is going to outside record labels. Other film producers trying to get into the record business include Paramount, New Line and Carolco. Both Disney and Paramount tried to acquire A&M Records and Island Records, but were outbid by PolyGram. In addition to the obvious soundtrack connection, studios want to be in the music business to take advantage of the new technology, especially audiovisual compact discs, a combination digital record and movie. There's nothing new about film studios owning record companies, but most studios sold their record companies in the seventies when the record business was in a slump. Now, Universal Pictures and Warner Brothers, which both have in-house labels, are posting unprecedented profits from their record divisions.

BECK, VAUGHAN CONFIRM TOUR PLANS FOR NEXT MONTH:

JEFF BECK AND STEVIE RAY VAUGHAN will kick off a 26 date tour together October 25th at the Northrop Theater in Minneapolis, ending December 3rd in Oakland, California. Vaughan and **DOUBLE TROUBLE** will open the shows, then the guitarist will join Beck at the end of his set to close the show. The two guitarists are currently working out a rehearsal schedule. Beck will be touring with Terry Bozzio and Tony Hymas in support of the new album "Jeff Beck's Guitar Shop," which came out October 3rd. That's the trio that got its start playing a bar band backing up **NICOLETTE LARSON** in the hit film comedy "Twins." They spent about five of the 18 months since then recording "Guitar Shop" at Jimmy Page's studio in England. They knew they were on the right track when they laid down tracks for four songs the first week they were there. They co-produced and wrote all the material. "It's been a collaboration from day one," says Bozzio. But he adds that in addition to the new material for the tour, they've also rehearsed some of Beck's classics such as "Freeway Jam," "Blue Wind," "People Get Ready," and "Train Kept A Rollin'." They made their concert debut last summer on a Japanese tour.

GRAMMYS: The National Academy of Recording Arts and Sciences has announced the Grammy Awards will be held February 21st at the Shrine Auditorium in L.A. Nominations will be announced January 11th.

JEFF HEALEY: The **JEFF HEALEY BAND** plans to wrap up their "See The Light" tour by the end of this month and return home to Toronto to begin recording their second album. They're currently playing some club dates after finishing a tour with **LITTLE FEAT**.

ORIGINAL "SEA OF LOVE" BEING RE-RELEASED: PHIL

PHILLIPS: "Sea Of Love" is being re-released this month because of the hit Al Pacino film of the same name. Producers had Tom Waits record a version of it to close the film because they felt they stood a better chance of getting airplay for it with a contemporary artist performing it. But PolyGram, which owns the 30 year old hit, will release the original and a soundtrack album. The song was the only hit for Phillips, who is now 68 and lives in Louisiana. The song serves as a clue in a murder investigation in the film.

BILLY JOEL RELEASED FROM HOSPITAL:

Billy Joel was well enough to be released from the hospital where he had undergone surgery for kidney stones. He's recuperating at home now. While he recovers, he's also holding auditions for a new band member to supplement the line-up he already has. Joel will begin rehearsals in mid-October for his "Saturday Night Live" appearance on the 21st. The next day, he'll leave for Europe, which is where he was headed before he was hospitalized.

AEROSMITH SET FOR "PUMP" WORLD TOUR, 20TH

ANNIVERSARY: Aerosmith made a quick trip to L.A. to shoot their next video, "Janie's Got A Gun," before starting their "Pump" world tour. They left for their European dates with **THE CULT** as the opening act. Joey Kramer says it's "99 percent" sure that **SKID ROW** has locked up the coveted opening slot on the American dates. On the eve of their 20th anniversary (November, 1990), Aerosmith looks set to enjoy their biggest success yet. As Joey Kramer says: "A lot of people were ready to jump on the fact that we were dead and the ashes were buried, and that's

what we came back out of. When you're at the point where we were and then you fall, I believe it's harder to come back from that point than it is even from the beginning. You have certain things to live up to," he explained, "and then you've got to surpass that." Kramer admits they're handling their success a lot better this time around. He admits "the machine is much tighter now," and calls Aerosmith "more of a team effort." Kramer also says there are fewer distractions now that they're all sober. "The bottom line is we're a rock and roll band," he said. "Making music and being onstage together is what has driven us to this point. It's always been our common denominator."

QUESTION of the WEEK

How has programming changed over the past 5 years? How have fragmentation, increased competition, and advances in research, marketing, and technology affected the way you do your job?

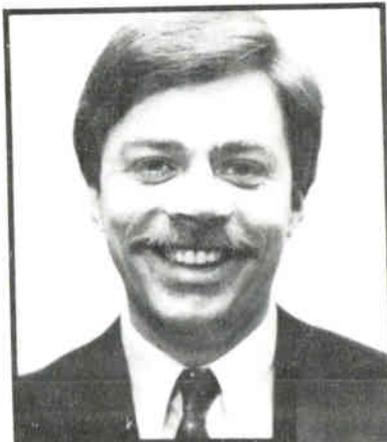

MARTY BENDER, WRIF/DETROIT:

"The biggest change over the past five years has been the rampant increase in the importance of the sales promotion. It's getting to the point where numbers don't even come into play. Agencies scout around for the best ideas and most exposure, and the buy gets placed on the station who does the most. The majority

of my day is occupied by finding ways to incorporate promotions into a programming framework. The sad part is that the stations who promise the most don't even do what they propose. They bury it. Fragmentation has ironically made things easier. Only a handful of records will work for your target demo. The shares have gone down and the real battle is on the streets with the sales people. The labels are tougher to deal with because of fragmentation. They can't understand why they can't 'close out' the market. The record business is being run by greed, and they lose objective sight of what's really going on. Research has vastly improved and it has given radio a clear and concise idea of what will work...If I ran a label, I would go out and hire programmers from the stations with the tightest lists. They could at least help stop the flow of product that ends up in the New Wave graveyard. Greed has also made the managers, agents, and even the artists want it all now. Favors and paper ads hurt everyone in the long run...The biggest change in radio technology is the scan button. It has single-handedly taken the word 'loyalty' out of the radio consumer's vocabulary. If you're working on trusting just one station in a market--you're STUPID...Gotta go--there's a sales person at my door with a promotion."

ED LEVINE, WJFK/WASHINGTON:

"A PD nowadays needs to be much more of an expert in areas such as research, marketing and talent management than five years ago. Adding 6-7 records a week, doing a few bar parties and handing out concert patches no longer guarantees you ratings. AOR was just beginning to deal with research and

computers in the early '80s. Together they've given Program Directors product control previously lacking...The advent of big-time personalities has created big challenges. It's no longer enough to say 'because I told you so' to someone with a no-cut multi-year deal. The care and feeding of egos plays a much greater role than earlier this decade...It used to be if you were smart and aggressive you were guaranteed success. Now if you're NOT smart and aggressive, don't even bother showing up!"

STEVE BECKER, KLCX/EUGENE:

"Rock and Roll Radio is still alive and well! Most programmers remember it's a medium that has to sound active and involved with its listeners. The past five years has improved our ability to get closer to our listeners through research and technology. We've become better marketers in the heat

of competition. My programming philosophy has not changed drastically. I feel gut is the most important ingredient. Flesh that out with your financial resources, format direction and presentation along with creative promotions, mix well with research and the result should be a winning combination. The fragmentation of album rock and roll has made us better programmers. Sure, sides will be chosen--Classic Rock, Rock 40, Adult Rock, Metal, Mainstream and the like. I feel, depending on the market and the station's packaging, each of those rock formats can survive and succeed. Bring on the '90s--the challenge is there and AOR will meet it!"

WHJY, PROVIDENCE MD-CHRIS

HERRMANN: "Too Rolling Stoned" best describes my head this morning. However, the world's greatest rock and roll band quite simply put on a clinic for all the greats, near-greats, and ingrates to take notes on. Personally, 'You Can't Always Get What You Want' was worth the five hours of traffic and crazed promo dudes -- the rock and roll event of the decade in New England. Special thanks to the Blairman for everything!...Well, Roctober is here, our new state-of-the-art studio is hours from completion, and we're finally adding Melissa Etheridge! Phew - no signs of a sophomore slump with 'Brave And Crazy'. Great record from start to finish."

KUPD, PHOENIX PD-CURTISS JOHNSON:

"There is a record I see slipping down MCA's priority list and it's a shame, because here in the Phoenix market The Call's 'Let The Day Begin' is selling. (Top 20 for the last month.) It's getting phones too. For the first time. The first track was Top 5 and 'You Run' is Top 5 phones second week out. That's against such heavy active records like Motley Crue, Aerosmith, Stones, etc., etc. It's not selling to teens either. CD sales are leading cassettes by a pretty decent margin. In-store research says mid-20s male and female predominate. I hate to see another Call album come and go without them breaking open to a bigger audience. This album has what it takes to do it. MCA, don't let this one slip through your fingers. Programmers make some room. The band deserves it!"

WBRU, PROVIDENCE MD-KARYN BRYANT:

"Big Audio Dynamite is undoubtedly one of the coolest bands in the world. Last Wednesday night they rocked the Living Room something fierce. They have the ability to reach people's heads through their feet like no one else. The new material sounded excellent, and the old favorites were received with even more enthusiasm than 12-year-olds at a New Kids On The Block concert. We were fortunate enough to have Don and Greg stop by and rock the airwaves too, which was a treat for me. Thanks to Jerry and company at Columbia for a wonderful Sold-Out show...The B-52's are still doing phenomenally here at 'BRU. 'Cosmic Thing' will definitely be remembered as one of the Top 3 Summer records of '89, and will probably last us through 1990 at the rate it's going...The Alarm appears ready to conquer the world, as their record rides atop playlists everywhere...And we're doing our best to see that Providence doesn't miss out...Also doing well are Max Q, the Red Hots, Camouflage, The The, and The Mighty Lemon Drops...And, lastly, thanks to Joe Jackson for being awesome in concert."

KISW, SEATTLE MD-MIKE JONES:

"The Bodeans are awesome! Kurt and Sammy stopped by the Stratocaster Lounge and played a couple songs live, then rocked the 99 Club, overcoming sound difficulties to pump out a great set. Thanks to Sue and Larry of Reprise for a memorable evening. By the way, the Bodeans' opening act, Vancouver's 54.40, is a band to watch...Robyn Hitchcock was enchanting at the Backstage. A songwriting genius and genuinely goofy guy, he deserves more attention...Adds this week include Jack Bruce (our upper demos will certainly be curious to hear 'No Surrender', a song that stands out among the current crop of retro-rockers), and The Call (we had such a great run with 'Let The Day Begin' that it didn't take much debate to decide to give this oh-so-hip band a shot on 'You Run')...Topping the phones again this week is Bonham (heal soon, Jason), followed by Soundgarden (the sleeping giant awakens Saturday night. Look for a review next week)."

WKDF, NASHVILLE MD-SLATS:

"What adjective can you use on this new Billy Joel? Finally somebody does social commentary right, no filler just meat...I'm so happy to finally give this Bonham a shot. When Lisa Walker whips this on at night, we should install a rebuttal line stating that, no this isn't Led Zeppelin, but it's good...It's too early for it

to be getting cold here. Who didn't go to church?"...**FROM APD-LISA WALKER (aka Stevie Stevens):** "What a wild time we all had at the annual Carl P. Mayfield/Miller Genuine Draft 'Rock For Toys' Golf Tournament! Too many artists -- too many labels to thank -- so as we say in Nashville: A huge 'We appreciate it!' from the entire staff here. Congrats to Mellencamp's team for hittin' 'em good. We had over \$50,000 in prizes to give away. The Tournament raised over \$26,000. Since 'KDF' was one of the first stations in the country to host a tournament like this, if your station is thinking about it, give us a call and we'll tell you how it's done!...More victories to announce from 'KDF's' unique Community Services Fund. After raising nearly \$100,000 for 'Baby Blaine', we're proud to announce that he finally has a new liver and is doing super. The entire city of Nashville has followed this youngster's fight for life, and the fact that 'KDF' and our morning ace, Carl P. Mayfield, played a huge part in motivating the city to help Blaine, proves that miracles do happen... We're doing another \$10,000 scavenger hunt...And just wait till you hear what we have planned this Fall!"

WDVE, PITTSBURGH MD-ANTHONY

ALFONSI: "Only Billy Joel could take events from the last 40 years and put a melody to it and come out with such a great sounding record. 'We Didn't Start The Fire' should be just the tip of the iceberg from his forthcoming album, 'Storm Front'. This song continues to grow on you with each continuous listen, and the song structure reminds me of 'Give Peace A Chance'...Thanks to Doug Hamann of CBS for his help with the Rolling Stones."

WFBQ, INDIANAPOLIS MD-JAY BAKER:

"Myself and Q-95 would like to thank repeatedly the band The Call for their great live radio concert. It was historic in every sense of the word and sounded great. Hats off to Margaret of MCA who can really whip up a mean American Express card after eating Cajun. It was a great evening."

KBCO, BOULDER APD/MD-DOUG CLIFTON:

"Through the past decade, Neil Young has released albums that seem to fit whatever mood he happened to be in at the time. Early in the decade there was Neil Young And The Shocking Pinks doing Rock-A-Billy, there was the modern sounds of 'Trans'. More recently, Neil released the R&B-based 'This Note's For You'. With the arrival of 'Freedom', we have a group of songs that cover the broad spectrum of Neil Young's talents. This record reminds me of his early career -- songs that rock mixed with numbers that have more of that country rock feel. 'Crimes In The City' is an early staff favorite...Tracy Chapman once again proves that she is one of today's best songwriters with the release of 'Crossroads'. There isn't one song on her new album that we won't play at some point. For starters, 'Bridges' and 'Freedom Now' will satisfy her fans for a week or two...I was shocked to learn that the Georgia Satellites was the band that was the mystery group on a recent CD Sampler. 'Another Chance' is a 360-degree turn for these rockers. I applaud them for having the guts to try something new. The song was a big hit in this week's music meeting...After several weeks of discussion, we finally decided that 'Rosemary' from Lenny Kravitz was the song to try. Good response from the air-staff so far...Top Phones: McMurtry, John Lee Hooker, Eurythmics, Subdudes and Alarm...Top Retail: Melissa Etheridge, Rolling Stones, Subdudes, B-52's, Bob Dylan, Poco, Tears For Fears, Indigo Girls and Stevie Ray Vaughan...Thanks to the Bodeans for an excellent live show from the Glenn Miller Ballroom. Special thanks to Mark McCraw and Nancy Levin for their work in bringing the taping of the concert together...Thanks to Michael Brannen for the visit with Peter Frampton."

WYNF, TAMPA APD-CHARLIE LOGAN:

"We lead this week with two guys who have put aside all experimentation and novelties and focused themselves on what they do best: Billy Joel and Neil Young. Your upper demos will be screaming for both these records. Billy Joel has his best effort in years. The chanting verse of 'We Didn't Start The Fire' is reminiscent of 'Still Rock N' Roll To Me'. This tune is very aggressive and jumps out of the radio...Speaking of aggressive, Neil Young blew me away on Saturday Night Live. 'Rockin' In The Free World' is the kind of song I've been waiting for Neil to do for years now. This tune is a powerhouse...Kix 'Don't Close Your Eyes' is blowing our phone lines out. Finally, they are going to hit BIG. I've loved these guys for years...Bang Tango goes on with some hot phones already...And to Jordan Zucker of A&M, thanks for the scuba-dive trip from Hell on the good ship Barf!"

WGR, BUFFALO MD-BOB RICHARDS:

"On Monday, October 2nd at 6AM, 97 Rock morning personality **Larry Snorton** began a marathon broadcast, attempting to break his own Guinness World Record of 20 days and four hours! The decision to break the record came after **Norton** was accused of 'mellowing out' by a friend, while on the air. **Norton** will attempt to remain on the air until October 24, breaking the 9-year-old record by more than two days! Under the Guinness guidelines, **Larry** is allowed 5 minutes of rest per hour, which he does not use until the end of the day, when the total time is about 2 hours. He uses that time to sleep! Community response has been overwhelming to the stunt, with listeners donating anything from food to videotapes to TVs and refrigerators! **Larry** hopes it will all be worthwhile as he is taking pledges of food and money for the Western New York Food Bank. The worst part of it all is that his cot is set up in my office! It actually smells like old Frito's down there!...And now these words **FROM CARL RUSSO**: "I love how the guys across the street put the same shit in a different bag! Tee, hee, hee! You know, they say 'imitation is the biggest form of flattery' and I'll tell ya--I'm certainly flattered!"

WNEW-FM, NEW YORK MD-LORRAINE

CARUSO: "Mucho thanks to **Andy Allen** and **Lynn Oakes** at **Island Records** for our special intimate broadcast of **Melissa Etheridge** from the **Bottom Line**."

WCMF, ROCHESTER APD/MD-DAVE KANE:

"Many thanks to **Rochester** resident **Lou Gramm** for stopping up on the **Morning Show** to give a preview of his new solo record. The songs are absolutely killer and our listeners loved it. Wotta guy!...Whether you want new artists or established acts, there are a ton of great tunes out there to choose from. **Warrant's 'Big Talk'** should make it a hat trick for the band. We've had great success with 3 other tracks (which includes research and calls), and we expect no less from the latest one. They've earned the right to talk big. **'XYZ'** sounds like it could be a winner for us. Great hook and it rocks our socks off!...**Billy Joel's** latest is great. He's an artist of great depth and maturity. **'We Didn't Start The Fire'** should definitely strike some chords with our upper end...Thanks to this week's visitors: **Jon McHugh**, **Gina Iorillo**, & **Tom Balla**."

WKRR, GREENSBORO MD-JOHN AMBERG:

"Special thanks to **Dan Chippen** for the **Elton John** concert. **Elton's** quite the **British** gentleman, and he played one hell of a show in **Chapel Hill**, too...Last year I was able to catch the **BoDeans** live three times. Each time the guys closed with a rave-up, **Jerry Lee Lewis**-styled rocker called **'Good Work'**, and each time the crowd ate it up. I was hoping the **BoDeans** would put **'Good Work'** on their new album, and, as usual, they didn't disappoint me. Now's your chance to play this killer track on the radio: Two minutes & fifty seconds of pure adrenalin rock 'n roll. Crank it up and let it work!"

WPYX, ALBANY MD-JOE MOSS:

"Thanks to **Island Records** for the first-rate evening at the **Bottom Line** with **Melissa Etheridge**. It was another outstanding performance! Does this woman ever have an off-night? I'm a confirmed **Melissa**-head. Thanks to **Andy Allen** and **John Souchack** for a great time...Although we are one of the lucky stations to own some early CD pressings of **Bowie's** RCA albums, it's great to have the new **Rykodisc** set. A beautiful package and great collection of **Bowie** music. Can't wait for the whole catalog!...Some great new albums out recently: **Bonham** continues to turn heads and generate **Top 5** phones for four weeks straight...The **Tears For Fears** album is the latest CD stuck in my player. **'Year Of The Knife'** and **'Badman's Song'** are my fave tracks--just get better with every listen...The **Hunter/Ronson** album delivers on the promise of **'American Music'**, a solid, meaty collection of rockers...Welcome back **Ian & Mick!**...**Billy Joel's** getting immediate reaction and big phones...The **Georgia Satellites** have a tasty acoustic track with **'Another Chance'**, and finally the first and last names in social commentary on our times: **Neil Young** and **Tracy Chapman**. Both **'Freedom'** and **'Crossroads'** are beautiful, varied, exceptional albums with brilliant songs and great lyrics. This is great music for the soul!"

KMJX, LITTLE ROCK MD-DAVID ALLEN ROSS:

"This weekend, **Magic 105** is opening the **State Fair** by presenting **38 Special** and **Molly Hatchet**. Many thanks to **38** for the in-studio visit and to **Molly Hatchet** for the in-store autograph session...Back for a repeat performance at the **State Fair** is the **Magic 105** Rocktography Exhibit, only this year we have turned

it into a contest, with cameras, zoom lenses and gift certificates awarded for various categories. We let our listeners submit their best rock photographs and display them at the **Fair** for approximately 350,000 Arkansans to see."

WTPA, HARRISBURG APD-CHRIS JAMES:

"Welcome back, **Billy Joel!** The new song is terrific! How does **Top 5** phones in the first week sound? It's easily his most AOR accessible song in years. The hook is a real grabber, and the lyrics snag every demo...I love the new **Georgia Satellites** as well. It looks good for next week. It's hard to believe it's them. The guitar is a welcome change and the harmonies are reminiscent of **CSN**...**'Janie's Got A Gun'** springs to #2 phones this week. We literally get requests to play it twice in a row...After weeks of trying to find room, the **Alannah Myles** gets a shot in heavy this week. We had tremendous luck with the first track, and although this one takes a 180 degree turn, she's got a good base here. If this doesn't yield **Top** phones I'll be surprised. This lady can sing the blues...**James McMurtry** is still picking up steam too. After every play someone calls and wants to know who that was, and what the name of the album is, and we do back sell!...We began a **New Music Show** this week, which airs Sunday nights at 8:00. It's an hour show featuring progressive and alternative music, called **'The Sound Alternative'**. Any music types that have anything they think would fit, please rush us your stuff. We could use the **Red Hot Chili Peppers** and **Flesh For Lulu** ASAP...We got great reaction this week from the **Camper Van Beethoven** and the **Will And The Bushman**. We hope to use this as a springboard to regular rotation!"

WGIR-FM, MANCHESTER MD-KAREN

ANDERSEN SMALL: "All I have to say for this week is **Melissa!**, **Melissa!**, **Melissa!** **Melissa Etheridge** just keeps getting better and better, there's no stopping her!"

WONE, AKRON MD-J.D.:

"The new **Billy Joel** record, **'We Didn't Start The Fire'**, is nothing short of brilliant. It's a masterful piece of musical art woven into a wonderful retrospect of the last 40 years...In the **Up** and **Coming** Department: Keep an eye and ear out for a new outfit called **Animal Logic**. **'There's A Spy (In The House Of Love)'** is melodically tasteful. It's very good and with a lineup like **Stewart Copeland** and **Stanley Clarke**, how could it not be? Also, add to that list the services of vocalist **Deborah Holland** and you have a triple threat of major talent. **Deborah Holland** may not be one of those household names yet, but she could become one very soon. Her singing is very dynamic and stunning. Thanks to **Larry Olek** of **I.R.S.** for stopping by and sharing the new material from **Animal Logic**. It's very impressive...Also, many thanks this past week to **Blue Murder** and the **Stage Dolls** for not only stopping by the studios, but also for one terrific show...Kudos also to **Geffen's Kevin Rabat** and **Chrysalis' Bruce Marek** for their help in making it one killer of a concert!...Special thanks to **Columbia's Doug Hamann** and **Epic's Joe Carroll** for their help with the **Rolling Stones/Living Colour** show. It was certainly a concert which will not soon be forgotten...Last and certainly not least, thanks to **Sandi** and **Tony** from **Saraya** for calling and spending some time with us on-the-air last week. Hope to see you back here real soon!"

WPLR, NEW HAVEN MD-TOM BASS:

"I must be having a great week: I managed to squeeze in not one but two records that I am absolutely in love with: **Lenny Kravitz** and **Raging Slab!** **Lenny Kravitz** seems to have managed to incorporate a little bit of everything into **'Let Love Rule'**. I don't know exactly what it is but there is something about that song. The more I listen to it, the louder I play it, and the more captivated I get. **Raging Slab**, on the other hand, have just recorded a song packed with guts, guitars, and more hooks than you can shake a stick at. The only way **'Dog Eat Dog'** could miss would be if you never let your listeners get their ears on it...**Billy Joel** also caught me off guard. I haven't personally been able to get into any of his records for years, but **'We Didn't Start The Fire'** hits home. I love this one, and evidently so do **'PLR's** listeners. We only played it a few times after it came in, and it's already our **4th** Most Requested song...Thanks to **Steve Kline**, **Rod Stephens**, and **Matt Pollack** for a fine dinner and a chance to see **Mr. Big** and **Enuuff Z'Nuff** live, even if I was running a bit low on energy. Likewise, **Michael Williams** and **Charlie Londono**, thanks for playing host to another round of escape from **New Haven!**...Meanwhile, I've got to get back to my CD player. After all, it must have been 10 or 15 minutes since I last listened to **'Let Love Rule'**. I'm addicted!"

MARK SAVAGE: "Last week was a busy one here at FM105! We helped our sister station, WYBB in Charleston, SC get back on the air with all the parts that we could spare--including Ace engineer, **Steve Clawson**. We also sent twelve truckloads of relief to the people of South Carolina, but they are still in need so keep those donations coming...We did find the time to move Bonham's 'Wait For You' into heavy. Thanks to **Alex** for the promo opportunity!"

WRFX, CHARLOTTE MD-FRED MC FARLIN:

"Always something interesting going on around here, but the last couple of weeks have been especially eventful, with the aftermath of Hurricane Hugo. Several of our station personnel, including the GM, are still without power...And the trial of **Jim and Tammy Baker** happening a block from here! Last week our Morning Team, **John Boy and Billy**, did their show live from outside the courthouse. They handed out cardboard fox faces and gave away **Tammy Baker** albums to anyone who would come by and stick their head under a sofa they brought along (if you hadn't heard the story, apparently Jim temporarily flipped his lid a couple of weeks ago, said people had turned into 'animals' and were chasing him. He was found curled up on the floor of his lawyer's office with his head under a sofa...Today they raced Nascar driver **Rusty Wallace** from a client's car dealership to the station in rush hour traffic. WWCT, PEORIA APD/MD-MARK BRETSCH:

"Big thanks to **Nancy Stein** from Warner Brothers for the R.E.M. show in Champaign. A definite MUST show to see when they come to your town...Talk about a departure, **The Georgia Satellites**' 'Another Chance' is a fresh breath of air. These guys sound like they've done some growing up...The **BoDeans**' 'Good Work' and **10,000 Maniacs**' 'Eat For Two' are two records that deserve some attention. As the saying goes, 'If it plays in Peoria...!'"

KFMU, STEAMBOAT/VAIL APD/MD-PAUL

CAVANAGH: "As the Rockies gear up for snow, KFMU is gearing up for another edition (the third) of the Annual 'Putt-Off'. This year an added touch is the kick-off of our 15th Anniversary, in addition to our Most Popular promotion on the 13th of October, which if you have checked your calendar, you will have noticed is a Friday...A lot of great music out right now. Is this an earlier start to the Christmas rush?"

WDHA, DOVER PD-ANDY DEAN:

"I'm back in the saddle after a week of vacation, followed by a week of Convention, with a week in between to try and catch up! So, let's talk music: The Georgia Satellites have caught all of radio by surprise with 'Another Chance', but it's the ballsy move the band needed to make. Kudos to Elektra for taking this track to radio first! I've had the chance to hear the entire album, and it shows a gigantic step forward for the Sats. Those of you who think this band knows only three chords, think again and listen again! This band and this song deserve your attention!...I love the Mr. Big follow-up, 'Wind Me Up'. Keeps reminding me of Van Halen. I think this band will be around for a long time...I hope everyone has checked out the David Bowie cover of Springsteen's 'It's Hard To Be A Saint In The City' from the new box set. Having grown up on the Jersey Shore and being a Bruce purist, I tend to take a dim view of cover versions of his songs, but this is very definitely an exception! Hard to believe this song has been in a vault somewhere for 15 years. It's very tastefully done, and is uniquely Bowie-ish in style, while maintaining the basic sound of one of Bruce's best songs...Bonham grabs #1 phones at WDHA--Just wish I could find room to get it into heavy...Two songs that I can't get enough of: Will And The Bushmen's 'Blow Me Up', a totally infectious song which I hope doesn't get lost in the sauce, and Lenny Kravitz's 'Let Love Rule', which combines so many moods and influences into one song that I hear something different everytime I listen to it...Several thank-you's are also in order (hope I don't forget anyone) for some visits to the station: To Steve Kline for Peter Frampton, Eric Hodge for Texas, Jon McHugh for Giant, John Siegler for Starship, and Charlie Londono for The Alarm...And last, but by no means least, a sincere thank you to everyone who voted me Billboard's AOR PD-Of-The-Year. I'm very proud of the award, especially since this is my first job as a Program Director, and it helps to make all of the hard work seem appreciated. Talk to ya later!"

WIOT, TOLEDO PD-JIM STEEL:

"Everything seems like a blur because the whirl-wind trip was so short--but the memories will last a lifetime. Thanks to my new second family (Andy Allen, Mike Whitenack, Bob Catania, John Souchack, Lynn Oakes, Yuli & Bill Leibold) for the chance to see the Etheridge show in NYC. You folks are all credits to this profession: Melissa, Kevin, Bernie & Fritz continue to grow together--quickly becoming one of the most cohesive bands I've seen. It was real great to put faces to names (Brian Jeffries, Danny Buch, Matt Pollack, Bill McGathy, Andy, Bob, John, etc...) and it was nice to see some familiar folks: Dave Logan, Lynn, Yuli, Bill, Craig Lamberer & Debbie Appelbaum (FMQB)...FROM MD-MICHAEL YOUNG: "Hi, Lynn Oakes, how's it going? Great week for music: Billy Joel is a sound for sore ears and 'Fire' rekindles the career of one of my favs. You can't go wrong with this one...'Big Talk' is just that big! This is just a great record from Warrant! Proof that they'll be around for a while. Play it!"

WPDH, POUGHKEEPSIE MD-PAM BROOKS:

"First few days on and Billy Joel garners Top 5 phones here and the interest seems to reflect our audience's desire to give him another shot. Fortunately, 'We Didn't Start The Fire' deserves lots of attention for not only its hip sound, but the very history it's built upon. Here's to the Billy of the '90s!...With just a few spins, Rickie Lee's latest got enough calls of welcome back to the airwaves, that we felt confident enough to put it into heavy. I'm tickled pink since I've followed her with great awe for many years now and it's heartwarming to know lots of people have held a torch for her as well...With tons of local interest and lots of listeners following the solo efforts, it's great to give Bobby Mesano's first venture a nod. 'Hide Your Love' goes into medium and we expect to see heavy local sales, as well as gross on the national level. Do yourself a favor. Open up that strategic package and get it on the air...Much thanks to John, Lynn and Andy of Island, as well as the incredible Melissa Etheridge. Hard to believe that she could get any better, but her set just soars!"

WKQQ, LEXINGTON APD/MD-STACY YELTON:

"Welcome back to rock 'n roll, Billy Joel! 'We Didn't Start The Fire' is tailor-made for AOR, and its history lesson is perfect for 25-44...And, another surprise is the maturity of Georgia Satellites. This is the right choice at the right time. 'Another Choice' proves that the Sats don't have to do barn-burners everytime out...Looking for good things from Saraya's 'Back To The Bullet'--it's a rocker with a campfire sing-along potential."

WHMH, ST. CLOUD MD-MICHAEL CROSS:

"Back for the attack in Central Minnesota! From the 19 that was ranked #1 in Minneapolis, while at the late great Hot Rockin' 104-

-We now venture into St. Cloud with the New Rockin' 101! Some radio stations just don't get it. KJJO/Minneapolis had a strong AOR, giving KQRS its first challenge ever, and winning demos that were the heart of the format. At one point, Hot Rockin' 104 was 5th in the market 12+ with Arbitron, and in the Birch we came oh, so close to KQRS (10.6 to 10.0). But, in September of '88 that all came to an end with some small-time PD from Debuque. The same station boasts a monthly trend of a 2.1, and they're running Z-Rock on Saturday nights from 8PM to 3AM. Geez, I wonder why? Farewell old friend...On to bigger and better things here in St. Cloud because we have switched from automated AOR to live AOR as of October 6th. So, now we will be known as Rockin' 101 with major market sound and major jocks. So, to all labels: We need service, and tons of it!!! Please help us out as much as we will help you out in the future. Send product to: Michael Cross/WHMH, 666 Golden Spike Rd., St. Cloud, MN 56379. It's great to be rockin' again! Thanks to everyone for the support, and extra thanks to Mike Boyle at FMQB and Steve Stevens/Pirate Radio L.A....Musically here, Motley Crue is #1 and we love 'Kickstart My Heart', too...Love the Lizzy Borden, Icon, Loudness and Faster Pussycat. P.S.: 'Pump' rules!"

WNHU, WEST HAVEN PD/PROM.-JOHN

PERRONE: "First, let me introduce myself: I'm John Perrone. Since July I've taken over as Program/Promotions Director here at WNHU, but as far back as May, I had a chance to promote a show for our little station here in lovely West Haven. That show was Alice Donut. Thanks to Scotty at Buling Eye and all the members of Donut for that memorable--Thanks...Over the past couple of months, WNHU has interviewed such bands as Chemical People, Ali, Adrian Belew, and taking over our station for two hours as 24-7 Spyz. Thanks to everyone who made those interviews possible...Thanks to all the record companies who sent us records to make it possible for WNHU to become the #1 non-commercial radio station in our area. Thanks...My personal thanks go out to Kim White at EMI for all the Red Hot Chili Peppers stuff. Thanks, Kim...It was a pleasure meeting everyone at the NMS in July and I hope to see you all at the CMJ Convention this month...Look forward to the Mary's Danish/Chili Peppers show...Some new stuff to check out would have to be: The Doughboys, Asexuals, and Skunk...Fact: for all the people who think Living Colour is Metal: They're NOT!...Well, until next time: See ya. See ya. Hope you had a real good time...The Magic Garden Theme!"

WIZN, BURLINGTON MD-TOM VAN SANT:

"September was, without a doubt, 'Rolling Stones Month' at WIZN, and we wrapped it up this week by drawing a winner for a 5-day, 4-night stay in Los Angeles to see the Stones at the Coliseum, with all the trimmings, of course. The contest featured an audio representation of the famous Stones tongue-and-lips logo, which we called the 'Rolling Stones Wagging Tongue' sound cue. When listeners heard the sounder, they called in to register for the trip. Half a dozen busses rolled down to the first two Foxboro, MA Stones shows, and we're getting another hit in December when the band returns to Montreal, the closest venue on the tour. We've got about 12 busses set to roll for that one. And yes, Thom and Dan, our busses show up!"

WFRD, HANOVER MD-JEFF SOLOMON:

"Another busy week here at the Rock: Got back from the Stones this morning at 3:30--WOW--Who says you have to get old? Loved Mick and the female vocalist going at it in 'Gimme Shelter', and playing 'Sympathy' was just icing on the cake...Also hopped down to Boston last week to hear Paul Carrack play his new single and a few old favorites at Synchro Sound. Paul was in top form, and the first single on his new album is great!...Music this week: Love Tesla's 'Love Song'--shows terrific versatility in the group--This is an excellent song...LA. Guns is smokin' with 'Rip And Tear'. The listeners will go nuts for this...Tracy Chapman sounds a lot like the first album, but how can you argue with that? She continues to have one of the most unique sounds in rock...Bowie's Springsteen cover is excellent. He retains the flavor of the original 'Saint In The City', yet adds his own style, producing a sure-fire winner for rock 'n roll radio...Finally, I've got nothing but great things to say about the new Trevor Rabin song, 'Sorrow'. I listened to this just once, and I had to add it. From the 'Graceland'-like intro to Trevor's licks, this is a phenomenal tune! That's all for this week--so, hang loose and a little bit to the left."

WEQX, MANCHESTER/ALBANY MD-FRAN

KUSALA: "After a couple of weeks of downtime, I have returned! And, boy oh boy, is it great to be back! Especially with the lineup of adds we have to brag about this week: Billy Joel is back and better than ever, with one of his very best projects of the last ten years! Serious power pop that should firmly plant him right back on top of AORI...The Del Fuegos are absolutely

incredible! Without a doubt one of the classiest artists and tunes we've added in the past several months! It's a real pleasure to have them back!...Lenny Kravitz is leading what's sure to become the 'battle cry' of the '90s with 'Let Love Rule'...Don Henley's 'Last Worthless Evening' is one that hits home, and Aerosmith has an 'instant classic' on their hands with 'Janie's Got A Gun'...Our listeners are still clamoring for Neil Young, Cult's 'Eddie', B-52's, Rickie Lee Jones and Camper Van Beethoven! Sure, it's a diverse Top 5, but you can always expect the unexpected from WEQX and our listeners...Party on Dudes and Dudes!

KTCL, FORT COLLINS MD-SAM FERRARA:

These are two releases to get excited about...I need correspondence and service from the following labels: Rabid Cat, Alternative Tentacles, Touch & Go, and Dionysus. I can be reached after 3PM on Monday Tuesday, and Friday: 303-493-5330. Hope to hear from you soon."

WRXK, FT. MYERS MD-ARVETTE:

"Hurricane Hugo brought more to S.W. Florida than just a few showers! With a hearty congratulations in order for PD-Dick Tyler and wife, Sandy, on the birth of their first son, Tyler Randolph, on September 25th...Days later another son was born to a K-Rock account executive whose wife wasn't due for another eight weeks. My suggestion when visiting in the Ft. Myers area, unless you're ready to start a family, too, don't drink the water and definitely do not come during a low pressure system!...Jack Bruce is also a

welcome addition on the airwaves and already a favorite to watch Stevie Nicks 'Whole Lotta Trouble' and Trevor Rabin 'Sorrow'. By the third listen, that outrageous hook just wouldn't get out of my head!"

JEFF SHANE, CAPITOL (213-871-5733):

"Another great road trip! First, met 'my man' Gary Jay at WRKU and had a great dinner. Then off to Pittsburgh where I spent some time with Anthony and Gene. Off to Buffalo and had lunch with John Hager (sorry we didn't get HOT with Buffalo wings), but it was great to be there on WGR's birthday! Finally, I saw Stan and Dave at WCMF. It doesn't take a genius to figure out why they're so successful. Thanks again to everyone for their hospitality...We're all getting ready for the final crunch this year and I'm getting more excited about my product. The more I play it for people the better I feel. This week McCartney's 'Figure Of Eight' ships in support of the tour; Billy Squier's 'Don't Let Me Go', with video and tour starting in Miami October 17; and Queen's 'Scandal'. This cut, according to Brian May, was written for American radio...Look out world 'cause next week Marillion will be out. It's already doing well off the import. This will be their biggest record yet!...The Smithereens 'Girl Like You' is receiving raves from everyone. The video is great; of course my cameo makes the video (HA HA)...Finally, Dave Edmunds will also ship 'King Of Love'...In two weeks you'll have Flesh For Lulu 'Time And Space'. This should really add credibility at AOR for this band...Also, MSG 'Anytime' sounds like an AOR and Rock 40 smash...If anybody gets Hits magazine, check it out. When you see my boss, you'll know why we're all a little off center. Looking forward to hearing from everyone."

PAUL RAPPAPORT, COLUMBIA (212-975-8616):

"Hard Rock is in, and if you are going to play it, play the hits. Dangerous Toys is just that animal -- a big hit. It all started at retail. Word of mouth spread quickly through the hard rock crowd and boom, 150,000 records were gone in the first four weeks of the project! Then MTV and Rock Radio got on board and together, boom! Another 250,000 gone! Over 90 album rockers dabbled with 'Sport'n A Woody' and 'Teas'n, Pleas'n'. The video was Top 10 Requested on MTV for three months! At about this time Rock Radio was discovering 'Scared' -- a rockin' track that worked because it was more palatable and could be played in all day-parts. Five or six stations have already jumped the gun and are playing it. The 'Scared' video was played once last week on MTV and it immediately gained the status of #1 Most Requested video on 'Dial MTV' after just that one airing! Start this sucker after 3:00 p.m. and watch it go! And, as a thank you to Album Rock Radio, we are launching a drawing for a trip to Scotland to tour real haunted castles. Keep your numbered 'Sacred' CD handy to win!"

JEFF NAUMANN, VIRGIN (213-278-1181):

"If you think Lenny Kravitz is a fake, a hype, a studio magic artist, etc., then go see him live. You'll be completely convinced that Lenny Kravitz is for real, is a true talent, and does fit into the scheme of Rock Radio. Don't deprive your listeners of something so neat and fresh as Lenny Kravitz. Don't be a fraidy

cat. Oh, by the way, his album is already selling from word of mouth and the press...**Camper Van Beethoven** 'Pictures Of Matchstick Men' continues to pull adds, light up phones, and sell through at retail. Here's a song all demos will love. I can't see how you could go wrong playing 'Pictures Of Matchstick Men'...Finally, we recently released a new track from the very talented and witty **Syd Straw** called 'Think Too Hard'. I don't think a song can sound more like a hit on first-listen than this one. At least listen to 'Think Too Hard' before passing judgment. 'Think Too Hard' is a mainstream song with great lyrics and a hook that's impossible to forget even if you've got Alzheimer's disease...Coming soon, a brand-new Lp from **Warren Zevon**. The first track features (and I do mean features) **David Gilmour**. It's called 'Run Straight Down' from the album 'Transverse City'."

NORM OSBORNE, EMI (212-603-8668):

"The **Red Hot Chili Peppers** are one hot ticket right now. Their show is selling out everywhere. The Lp is #1 in every chart for airplay. On October 16th, we are shipping 'Higher Ground' to AOR. There comes a time when a band is right and now's the time. This can be programmed in your mix...**Cats In Boots** is doing great on the metal front. Requests and chart moves are looking better each week. They will be out on a 12-show Z-Rock Tour starting October 25th. More to follow on the **Cats In Boots** -- Stay tuned...**Richard Marx** 'Angelia' continues to pick up new adds this week with WIYY."

JEFF "DOCTOR'S ORDERS" COOK, ELEKTRA

(404-344-4933): "Hi there, radio rockers. Since I've been in bed for the last two weeks, on doctor's orders, I thought I'd take pen in hand and offer a little rock and roll medication for your radio stations...First of all, **Motley Crue's** 'Dr. Feelgood' Lp is the #1 album in Billboard. And 'Kickstart My Heart' is now the second track we're prescribing to keep your listeners fit, so give them a healthy dose...**Tracy Chapman's** track record speaks for itself. Ten-and-a-half million albums sold world-wide last time out; and now a triumphant return with 'Crossroads'. If you're not playing this track, you might need to see a shrink. Let your audience decide on this one...**The Georgia Satellites** are back and 'Another Chance' has caught most of you by surprise, in fact some of you are having trouble hearing it because it's different. Well, my advice is take two aspirin, listen again and call me in the morning. If you'll recall, a lot of you weren't sure about 'Keep Your Hands To Yourself', and it was a #1 AOR track...Say ahhh. Now, say ahhhhh, ummmmm, gonna put on 'Sorrow' by **Trevor Rabin**. This second track is bound to cross-over quickly and become a hit. Play it now...**Faster Pussycat's** 'Poison Ivy' deserves nighttime play at your station. Over 230,000 sold in just a couple of weeks. This record is guaranteed to raise the temperature of your rock and roll listeners...Also, check out these tracks for a healthy playlist: **Black Velvet Band** 'When Justice Came', **Sugarcubes** 'Regina' and coming soon, **The Cure's** 'Lullabye'."

SEAN COAKLEY, ARISTA (212-830-2178):

"They say third tracks are tough to get on the radio. In the case of this new song from **Anderson Bruford Wakeman Howe**, I shouldn't imagine that it will be too difficult for even the hardest of hearing to appreciate what **Jon Anderson & Co.** have created, the band went into a studio in Dallas and re-wrote and (obviously) re-recorded the final part of 'Quartet' called 'I'm Alive'. A song of hope, optimism and joy, that will be a perfect 'relief' record that you can spin in all dayparts. But, don't take my word for it. Watch what happens when you put in on the air. Our third track from the **Jeff Healey Band** was similarly re-done and we all know what happened: Top 5. The new version of 'Quartet (I'm Alive)' will be added to the album, CD and cassette...Please listen to 'Hammer Swings Down' from **Babylon A.D.** Already lighting up the phones for Z-Rock, this is a mainstream cruncher from a band that will be around a long time. Lp arrives this week...Also arriving this week: **Grateful Dead's** 'Foolish Heart'. Reports accepted on October 16 (or your bosses' nephew doesn't get into the next show!). It'll be HUGE...Thanks to those of you who continue to play this superb album from **Eurythmics**. The remainder should stop categorizing and go back and listen...Personals: 'No Myth' by **Michael Penn** will be a major hit."

KENNY PUVOGEL, WARNER BROS. (818-

953-3723): "On your desk this week is the new CD pro of **Steve Stevens Atomic Playboys** titled 'Action'. You all remember the **Sweet**, don't you? Well, here's a kick ass updated version of this great song. As you all know, Steve and the band are out there on tour and this show is one helluva rock and roll show! 'Action' is one of the highlights of the set. As I write this, I'm

starting to really get psyched up about seeing this show at **The Roxy** tonight! Big thanks go to KZAP, WRIF, WTUE and KRZQ for already supporting this track. We at Warner Bros. hope that you are as excited as we are, after you hear this song!"

CHUCK BLIZIOTIS, A&M (212-826-0477):

"**Giant's** 'I'm A Believer' is well on its way to becoming a giant HIT. We now have a Top 20 album track, medium rotation at MTV, 70+ CHR stations and Rock 40 (including Pirate Radio). All the elements are in place and 'I'm A Believer' is poised to be a gigantic smash...**Tora Tora** is on a 40 city tour. **Tora Tora** is over 250,000 in sales. **Tora Tora**, now!...**Jason And The Scorchers** on tour with **Bob Dylan**. 'When Angels Cry' is our new track. This is the track that all **Scorchers** fans raved about. You spoke, we listened, you got it...**Extreme's** 'Mutha' is beginning to happen. Nighttime airplay is bringing immediate and massive requests. This, in turn, has led to increased rotation at MTV and at the Rock 40s. This is a very active track. I urge you to test 'Mutha' for one week and I guarantee you'll be calling your A&M rep back to school or other **Extreme** promotions."

BRUCE FLOHR, RCA (213-468-4177):

"Lots o' information for ya! First, RCA has remastered and added two new tracks to the powerful **Bullet LaVolta** Lp 'The Gift'. This band was the college discovery of the Summer. Please listen to the record and hear why...**The Primitives** have picked up where 'Crash' left off. The new album 'Pure' is out October 23rd...**The Del Fuegos** are proving that two years off is good for the soul and the song writing...Radio cannot say enough or get enough of England's **Stone Roses**. The album is Top 5 and is receiving critical acclaim everywhere. Listen to 'I Want To Be Adored'...There is an Import EP of **Pop Will Eat Itself** out. 2 B-sides that are very 'Poppy'...**The Hoodoo Gurus** also have 3 B-sides out for radio only. They are back on the road supporting an album that has sold 150,000 copies!...Lastly, if you are not playing **Michael Penn**, it must be because you only add what you think you should and not what sounds like great music. Ouch! That's scathing!"

JIM DELBALZO, COLUMBIA (212-975-7029):

"The response to **Billy Joel's** 'We Didn't Start The Fire' has been most rewarding. **Billy** is clearly one of the greatest songwriters of our generation, and he once again came up with a 'killer' track and a great album. I can't remember the last time a song got this type of praise from every variety of AOR radio station. Even stations that had no **Billy Joel** in their library were out-of-the-box on the new single...**Dangerous Toys** 'pick-to-click', 'Scared', should already be on your desk. We're confident this track will pay off big time. Hold onto your numbered CD. If your number is selected, you'll win a trip for two to Scotland for a tour of haunted castles and Loch Ness...Thanks to **Oedipus**, **Chris Garrett**, **Chris Hermann** and **Kim Alexander** for a great night with the **Stones** in Boston. Thanks also to Columbia's 'poster child' for Valium, **Jerry Blair**, for a rare evening."

PAUL BROWN, VIRGIN, (212-463-0980):

"As I stop here briefly at the office, I gotta do two things: poof the old rug and do my comments. So - do I must...It's Christmas and it's Fall Book time...Want an automatic? Listen to **Gregg Allman's** 'I'll Be Holding On' - sounds like a natural - hit movie, core artist. It's a marriage made in heaven...And then there's the divine one, himself, **John Lydon** - with the rest of **Public Image Limited**. Check out 'Warrior'. It's got a hook that makes **John Holmes'** claim-to-fame look like a dwarf party gerkin. Just huge. The hook, that is. Anyway, make sure to listen to 'Warrior', especially when you're working on the computer...And then, there's **Syd Straw's** 'Think Too Hard' - and wow, oh wow, are you missing the boat on this one. Don't even think about lumping **Syd** in with the rest of the other female artists out there. **Syd** has electric guitars in her band...Finally, I stand corrected on one particular issue. You've finally convinced me. The 460,000 **Ziggy Marleys** that we've sold so far were bought by Jamaicans. And who's chasing that demo, anyway? Silly me."

CHRIS BACA, EMI (213-960-4614):

"'Higher Ground' is the track to take the **Red Hot Chili Peppers** to the next plateau. The album has climbed to the #1 slot on every alternative chart and they are poised to crossover to mainstream Rock Radio. **Red Hot** sales, **Red Hot** in-store play, **Red Hot** radio and **Red Hot** requests have set the **Chili Peppers** up: 'Higher Ground' adds October 16th...**Richard Marx** continues to grow at Album Radio. 'Angelia' is a rock ballad that works. Start it in mornings and middays and watch your phones light up!"

ALAN OREMAN, COLUMBIA (213-556-4990):

"Thanks for the #1 Most Added track in the country. Billy Joel, as the comments and reaction indicate, has delivered one of the best songs this year. Already Top 5 phones at WNEW, WDVE, WPLR, WXKE, KLBK and KTYD...We're going for adds on 'Scared' from Dangerous Toys this week. This is the one that will take this band Platinum and beyond. Video is already causing phones at radio...Warrant's new track 'Big Talk' is one that, if you're not dealing with yet, you need to. This week, 'Heaven' is just about burnt, so stick in 'Big Talk' now. They'll be on tour with Motley Crue very soon...Bob Dylan's 'Everything Is Broken' is getting great reaction everywhere - as are the Stones with 'Rock And A Hard Place', 'Sad Sad Sad' and 'Terrifying'...Have you listened to Shawn Colvin yet?...Coming in the next few weeks is probably one of the best Eddie Money tracks ever...Stay tuned. Thanks again for keeping us red hot. Later."

MONTE CONNER, ROADRACER/RC (212-219-0077):

"God, it's been over a year since I last wrote a radio dialogue! But I still keep up on the radio end and read the trades each week. Getting chart numbers these days is a lot harder than in the past - the competition is intense! With that in mind, I would like to tip my hat to our lovely Radio Goddess, Kathie Reed Barr - the most cheerful and optimistic person I know. Kath, you are doin' one hell'a fine job. I don't know what we would do without you! Yes, I think it's safe to say that Cheryl and Ris Happy Face have been dethroned (or at least tied for the crown). Look out for rising force Missy Callazzo - this woman rules. And don't forget the lovely Charity Kurz, who wears rockin' perfume and is doing a bang-up job with the Tangsters. Hey, don't you guys miss Megadon? Why couldn't we have lost that leech Ettore instead? Life is certainly unfair...Kathie tells me you guys are doin' the King, right. I just wanted to say thanks to everyone for their support. King Diamond's latest horror masterpiece, 'Conspiracy', continues the creepy tale started on last year's blockbuster, 'Them'. King is a truly unique artist. He looks and sings like no one else (except for Gene Simmons, of course!), writes songs that have an unparalleled sound, and surrounds himself with only the best musicians (check out the awesome solo work by Andy La Rocque and Pete Blakk). King is taking good, clean horror stories and setting them to metal music, pioneering a unique union that has earned the vocalist the tag 'The Steven King of Heavy Metal'. This concept comes together beautifully in the 'Sleepless Nights' video, which combines B&W band footage with vintage clips from classic horror movies. The whole video has the look and feel of a classic '30s horror movie. Look for the video very soon on MTV. Keep playing 'Sleepless Nights' and if you haven't heard it yet, check it out now!! This is easily the King's most accessible track yet. Look for King on tour starting on Halloween. Read Billboard and watch the King rise (#126) and get ready to meet new drummer Snowy Shaw. He's from Sweden, is 6'5", with blonde hair down to his waist, and plays like a motherf**ker!...Once again, thanks for your continued support (especially on the Annihilator front)...Now I'll leave you with my impersonation of Michael Schnapp: 'Yo duuudes! Play the King, love the King, play the King, report the King, report him high, get it? Put the King at #1, play the King, you love the King, do the King right. King rules. King loves you. I love you, babe. Go through the roof with 'Sleepless Nights'. Push. Push. Push. Do the right thing. You'll feel good about it. Later, babe."

JOHN GOLD, PROMOTION (212-877-6443):

"Dear FMQB subscribers: David Della Rossa 'Nothin' But Trouble'! Is it almost Miller Time? Or What!! 'Any Ol' Time' now the David Della Rossa 'She's A Holy Roller' coasterz gonna start crewzin' - once again! Yep! You got it! This is no 'Miss Understanding'! This is the bottom line! MICHELLE ALBERICO, NOISE

INTERNATIONAL (212-334-9268): "Hi again. I had a great time at the convention; I am sure you all can say the same. Gannon and Danny of Mordred were there. I hope everyone had a chance to meet them, they're really great guys. Speaking of Mordred, their video, 'Everyday's A Holiday' made its debut on MTV Saturday. So if you didn't see it, or even if you did, call MTV and request it so you can see it again. The number is 1-800-DIAL-MTV, in case you didn't know...Watchtower's new album is called 'Control And Resistance', and will be out on Halloween...You should all have the Coroner single by now. It's clear because of the album's title, 'No More Color'. The single is 'Die By My Hand' b/w 'Tunnel Of Pain'. You're gonna love it. There has been a new date added for Streets in New Rochelle for Kreator and Coroner on October 28. So if you missed them while they were in the New York area, here's your chance to see them...Also there is a date for Mordred. October 6 they will be at Contry Club in Reseda, CA. Check them out...Oh yeah, Missy - Icon - Ding - Loser - Ha Ha!"

ELISA CASAS, TITANIUM (212-697-6140):

"Badlands, Phase Two, is under way! The ingredients: Happening tour (October Tesla/Great White dates confirmed), killer new track ('Winter's Call', which has the guitar solo of life in it), great musicians, unbelievable video, rave album reviews, tons of press, adds, adds, adds and great hair! 'Winter's Call' is calling you - the ultimate Fall track...Banshee, meanwhile, is taking the Midwest by storm, with major radio support and the album selling out at retail. Two dates are set up: October 31, a Halloween show in K.C., Memorial Hall (3,000-seater, a definite sellout), and November 3, Peony Park (Omaha, 1,800-seater, ditto). Anyone out there that wants to go, call me! You are all V.I.P.'s if you're playing 'Shoot Down The Night'."

JILL MAXICK, CHRYSALIS/ALTERNATIVE

(800-221-8787): "Can you guess what the #1 record at KACV in Amarillo is this week? It's not a title you'll find in the Top 20 of any Alternative charts (yet -), but it is a record that Jamey Karr believed in wholeheartedly from the very first. His intuition has proven successful; the record works. The album, 'Evidence', by Boo Hewerdine and Darden Smith; the track, 'All I Want (Is Everything)'. Now I know we live in a track-oriented industry, but let me also tell you about two other songs that programmers are finding success with: 'Under The Darkest Moon' and 'Love Is A Strange Hotel'. Play any of them, all I care about is that you listen to this album of truly wonderful songs. Jamey's not alone - several other programmers have followed their ears and heart rather than the lure of big names or national chart numbers. Thanks go out to WHTG/Asbury Park and KBLE/Des Moines, who both have 'Evidence' in their Top 5. WRAS/Atlanta, WUOG/Athens, WTSR/Trenton, and KTAO, Taos have also been OTB players in Heavy rotation. We here at Chrysalis LOVE this record. Want an extra copy for at-home listening? Call me...More appreciation: Thanks to all who helped make Winter Hours a Top 5/Top 15 (depending on who ya read) album! For those who played 'Smoke Rings', when will you learn how to 'Rise'? 'Rise' is our suggested 2nd cut, a way cool rocker with a dark bit of spoken verse within. Winter Hours are touring. Catch 'em in these cities: 10/11 Atlanta; 10/13 Boston; 10/14 Northampton; 10/16 Athens, Oh; 10/17 Ann Arbor; 10/18 Chicago (taping for a WXRT live broadcast); 10/19 Milwaukee; 10/20 Minneapolis; 10/23 Pittsburgh; 10/25 Philly; 10/26 Baltimore; 10/28 D.C. and more to come."

JILL COHN, MEDUSA, (213-390-9969 X124):

"Hi, everyone. I'm pretty fired-up to hear all the good response about the new Coven CD. 'Death Walks Behind You' is making its move on the air waves and in the stores. Thank you to all the DJs who are gutsy enough to be pounding a political song like 'Propaganda'. Mark from WLOZ, said he did a homicidal-maniac set, i.e.: 'McDonaldland Massacre', 'Ted Bundy' and 'Silent Night'. With Coven, the programming possibilities are endless!!!!!! If Coven gets a little too dark, then put on Vengeance Rising. 'Human Sacrifice' is the thrash surprise of the Fall, it is scized-out thrash that appears to be too dark to play, but look again, OK??...If your listeners want something more mainstream, you can always play Sacred Warrior's 'Children Of The Light' or 'Black Metal'...Coming up, we've got a live Ep by the L.A. band Jailhouse, as well as the debut release of The Fire Merchants, which are a three-piece metal fusion band, featuring John Goodsall of Brand-X fame...Well, that's about it for me, I've got to go wait for the script, and think about if I'll ever get to review it in person, bye!!!!"

JOHNNY HANDSOME, IN-EFFECT (718-740-

5700, X336): "A parable: It is said that the Buddha preached for 49 years, and in all that time found it not necessary to speak one word. Soon after, a wandering monk played Buddha **Joe Satriani's** new single 'Big Bad Moon'. Buddha broke his silence, exclaiming 'Rock-N-Roll Dude' in incomparable glee. Buddha then dropped acid and freaked out. Now a homeless mendicant, Buddha is available for supermarket openings and celebrity tennis matches."

RUSSELL GERROIR, CONCRETE

MARKETING (212-645-1360): "You know it's hockey season here in the Northeast when you step outside, see your breath and immediately run into some little kid who is in desperate need of having his nose wiped. The discerning fan already knows that this will be the Boston Bruins' year...Hockey aside, let me recommend a few records to get you in the mood, starting with the 'Shocker' Soundtrack. This record includes tracks from **Megadeth, Bonfire, Dangerous Toys, Iggy Pop, The Dudes Of Wrath (Paul Stanley, Alice Cooper, etc)** and the list goes on. The movie is **Wes Craven's** latest creation and is sure to do well...**Princess Pang** and **Fates Warning** are two new releases from Metal Blade Records. Their lead tracks are 'Trouble In Paradise' and 'Through Different Eyes', respectively. Both have been out for a few weeks and are doing well on the Metal charts - catch **Princess Pang's** video on MTV Headbangers' Ball now, and **Fates Warning's** starting very soon...**D.A.D.'s** American debut 'No Fuel Left For The Pilgrims' is out, and being met with a great response. The strongest tracks seem to be 'Sleeping My Day Away' (video already on MTV), 'Jihad', 'Rim Of Hell' and 'ZCMI'...**Powermad** is still in or around the Top 10 on the metal charts after a month of being there. The debut Lp seems to still be growing, if you haven't yet, play 'Nice Dreams'...Upcoming projects include **Babylon A.D., Beau Nasty, Keel, Heist, MSG** and **Britny Fox.**"

KATHIE REED BARR, ROADRACER/RC

(212-219-0077): "THIS IS THE MOST AMAZING MONTH IN ROADRACER HISTORY!!! The New York offices will be visited by **Last Crack, Sepultura, Annihilator, Whiplash** and **Toxik**, all within the next 4-5 weeks!!!...Hey, **King Diamond** is rocking and his tour dates are being booked as I type - what lucky city will be gifted with the **Halloween** show - I should know by next week!! 'Sleepless Nights' - the tune is cracking and the contest is crazy, keep your eyes on MTV for the 'Sleepless Nights' video. If **Steven King** formed a metal band - it would be **King Diamond**. If you would like to go to LA and tour Universal Studios with **King Diamond** - tune your listeners into the SLEEPNESS NIGHTS' CONTEST!!!!...On the tour front - **Annihilator** is making a killing with the fans on the West Coast - the tour with **Testament** is THE tour of the year!! Dates in your area coming soon!!!!...**Whiplash 'Insult To Injury'** - the interviews are coming this week!!!!...Watch the mail for info regarding the '4 E.S.' contest!! If you can tell us what '4 E.S.' means, then you can win one of ten **Whiplash** T-shirts or a **Whiplash** cassette - can you figure it out????...On the way to you now - **Xentrix, 'Shattered Existence'** and **Gang Green, 'Older...'** - if in need - give me a call!!!...Hey, did you notice that **Monte** missed all the lovely people of the radio world - he's been lending me a hand. God bless him!! But, I fear that the dialogue wars may begin if **Monte** is writing!!!!...The CMJ Convention will bring **Last Crack** to town to play at Zone DK for a CMJ Showcase on Thursday, October 26. This is one band that has to be experienced and, yes, **Buddo** will be dressed for the performance...**Sepultura** will also be in NY during CMJ week - watch for the Brazilian death squad on the streets of NYC and playing local dates during the first week of November...WATCH YOUR MAIL FOR THE TOUR DATES ON ALL ROADRACER BANDS!!! KEEP ROCKING!!!"

TOM MICUCCI, IN EFFECT (718-740-5700):

"Well, after a week in my new position, I'm finally settling in. **Howie** (the 'dude' I'm assisting) has returned after an extended California business trip...Speaking of that West Coast city (El Layee), the Concrete Convention was great. There were cool parties, great shows, and general fun hanging with Californians in their native land, and us East Coast people on the other side. If it weren't for the horror stories about flying (Minneapolis airport is nice), getting booted from our first hotel to wind up 40 miles away (Pitulski loved that one), and general freeway (not highway) traffic, it's not a bad city. Definitely not N.Y., but close...If anyone wants to reach me about In Effect, call me at the above number. All radio-related calls (especially tour dates for **Sick Of It All, Ludicrist, Killing Time, 24-7 Spyz** and info on **Nuclear Assault's 'Handle With Care'** Lp) shall be forwarded to **Chris Minot** at the same number if you are a W station...Talk to ya' soon...P.S.: Look for info on the **Ludicrist name-change** contest, with a BC Rich guitar for the winner."

CHERYL "SEE YA" VALENTINE, METAL

BLADE (212-645-6208): "That's it! I can't take it anymore! I'm leaving the music industry so that I can open up a Mexican/American Souvlaki shop in Nebraska. I'm convinced that you all are just gonna do what you damn well please with our artists, and that my roll as a 'professional promoter' is not necessary. Therefore, I am departing for greener pastures and a 'normal life'. I'm sure that during the first few months of my new lifestyle, I will be reflecting upon your latest actions. In particular: A) Why you're slow to believe **Princess Pang**, when you know that I (and numerous others) am convinced that they are destined to be superstars in a worldwide sense. B) Why you're tardy in putting **Fates Warning** at #1 in your playlist (they have more musical talent than 90% of the commercial hard rock artists, not to mention heavy metal mainstays. This band is the epitome of 'music to my ears'). C) Why **Lizzy's** masterpiece remains under sublime mediocrity because of the ignorance of the masses. I will also reflect upon such things as why metal block shows and college metal will continue to pound already hugely successful artists into the ground by playing them alongside their AOR/CHR counterparts (this is a particularly perplexing dilemma when I take into account how many Metal Blade artists are on the verge of breaking, but may not, due to your procrastination and lack of commitment)...I bid you all a fond farewell!!!...**Lori Meadows** is the cool chick takin' care of radio - she rages!"

JESSICA HARLEY, MEGAFORCE (201-254-

6533): "The KING is coming...On your desk this week, the second emphasis track from '**Gretchen Goes To Nebraska**', entitled '**Summerland**'. Over 60 parallel stations supported '**Over My Head**'. '**Over My Head**' remained in the Top 10 requests on 'DIAL MTV' for over 5 weeks straight. Live footage for '**Summerland**' will be shot this weekend, and ready for MTV in 3 weeks. On October 18, **King's X** hit the road with **Billy Squier** and **Blue Murder**. The future is here and the future is **King's X!!!**"

GREG DUBROW, AIM ALTERNATIVE

MARKETING (800-828-7625): "To clear up the confusion - **Dramarana** has been shipped, and will be on your desk in time for adds this week!! The single is '**Last Cigarette**' from the album '**Stuck In Wonderamaland**', which will be arriving within a couple of weeks. The band is playing at CMJ on Thursday the 26th at the China Club, be there!!!...On your desk now is the cool new record by **Uncle Green** - the band is from Atlanta, by way of New Jersey, and they have a cool pop sound that will remind one of **Squeeze, The Knack, early XTC**, anything you can think of that falls in the 'catchy' category - early believers include **WHTG, KTCL, WRAS, WUOG, WBER, KCMU, KUSF, WFIT, WTUL** and, of course, **Drew Ross** at **KOTR!!** Try '**Time To Make Demands**' as the lead cut...Another record that should have your immediate attention is the debut release from **Hex**. Out on First Warning Records, the album is an atmospheric gem, and features ex-**Game Theory** vocalist **Donnette Thayer**, and the production talents of **Church-man Steve Kilby**. Check out '**Ethereal Message**' for starters. Already there: **WCDB, WFIT, WRAS, WAPS, KABL, WTUL, KCMU, WMDK, WDCR** and many others...Don't dismiss **Wendy Wall** as 'just another girl with a guitar'. Her literate style and emotional message can say something to all of us. '**Real Love**' is tougher than it sounds - also try '**Dig That Crazy Beat**'. **WBCN, KSMT, WXVX** and others already have...**Timbuk 3** should not be ignored!! The band have a name, a following and more importantly, a statement. '**National Holiday**', '**Dirty Rice**' and '**B-Side Of Life**' are just a few of the tasty nuggets on their latest I.R.S. release, '**Edge Of Allegiance**'....Questions or comments are welcome, so call if you have them. BYE!!"

MICHAEL J. SCHNAPP, EPIC (212-975-5987):

"So far - **Kreator** - selling out most shows on their first headlining tour. In-stores have been packing 200-500 enthusiastic fans in. Thanks for making the **Kreator 'Extreme Aggression'** tour and Lp so successful...**Alice Cooper** will start his world '**Trash**' tour in Belgium on November 21, with a 'warm-up' date in, get this, Iceland. Love it! U.S. in late January. Oh, and **Alice** is approaching Gold!...Also making a nice sales story is **Danger Danger**. At over 100,000 units, a tour with **Warrant** in Canada, and U.S. tour with **Faster Pussycat** in November. See it happen!...What time is it? **Fifth Angel** time. '**Time Will Tell**', the band's excellent second Lp will tell you it's time for **Fifth Angel** to be large. **Terry 'Rush' Brown** produced this record that's getting great reviews all around!...Also a large act is **Bonham**. 150,000 sold in 13 days!!! Get out of the way, **Bonham** comin' thru...**Jeff Beck** - that should be all you have to say - if you surfed with **Joe Satriani, Jeff Beck** will work. Check out '**Slingshot**' and check out **Jeff Beck** on tour. I'm down!...New from **WTG (Bonham)** is **Beau Nasty**. CD single of '**Shake It**' in your disc machine now. If you don't think it rocks, I'll tell **Torrid's Stew** on you, we know where you live!...Are you living on an island? No! - then play **Shark Island's** Live Sampler. GREAT SONGS! GREAT SONGS! GREAT SONGS! Full Lp out early December, but play the live stuff...Look for **Killer Dwarfs** in January...Cool meeting all of you who were at Concrete's metal schmooze hell death party, etc. FUN, FUN, FUN, but why does my body hurt so much from it? Oh well, gotta go, my Roy Rogers is here and I'm hungry, so good..."

MISSI CALLAZZO, MEGAFORCE (201-254-

6533): "What a weekend!!!! On Friday, we had an amazing listening party for **Overkill's** forthcoming Lp 'The Years Of Decay'. 1,800 **Overkill** fans packed L'amour in Brooklyn, NY. The biggest surprise of the evening was when **Overkill** took the stage and did two songs from the new album, and a **Black Sabbath** cover. Thanks to **Whiplash** and **Faith Or Fear** for great performances to top off the evening. Look for the first single and video 'Elimination' on your desk this week...Saturday, it was off to Brooklyn again, this time for **King's X**. Need I say more? They are the most amazing live band ever!!! The club was packed and the crowd was mesmerized!! Check out 'Send A Message' and 'I'll Never Be The Same'...**Icon** are burning up the charts. This week, they are up to #10!...**Testament** are forever at #1!!!! They just shot the video for 'The Ballad'. Look for this and **Icon's** 'Taking My Breath Away' on **Headbangers' Ball** in the coming weeks!!!!...Report every **Megaforce** product at #1!!!!!!!"

JERRY RUBINO, ROUGH TRADE (212-777-

0100): "I had one of my molars pulled yesterday and I still can't think or comprehend. All I know about is **The Band Of Holy Joy**. The track 'Tactless' is starting to take off with the folks out there who have gotten around to listening to it. Do yourself a favor and check it out...Things are starting to come back to me now. There's also **Lucinda Williams**. 'Passionate Kisses' is still going strong, but there's a lot of room still to go. With her recent appearance on **Late Night With David Letterman** (October 4th), it's bound to get that phone of yours ringing, and push the record out of the store. I know, personally, what a **Letterman** appearance did for **They Might Be Giants**, it should do wonders for **Lucinda**...Any day now, you'll have the solo record from **The Church's** vocalist/bassist **Steve Kilbey**. THIS IS NOT TO BE CONFUSED WITH THE **HEX** RECORD. This is strictly a **Kilbey** solo effort. If you did great with the last **Church** release,

and most of you did, you and your listeners will welcome this immediately...Due to the recent abundance of new music, again this week; 2 Super-Segues: #1 - 'Sight Of You' by **Pale Saints**, 'Where Do We Go From Heaven' by **The Mighty Lemon Drops** and 'Tactless' by **Band Of Holy Joy**. #2 - 'Secrets' by **The Primitives**, 'Don't Let Me Down, Gently' by **The Wonder Stuff** and 'Passionate Kisses' by **Lucinda Williams**...Later. After a few more pain-killers."

STEWART MORALES, TORRID (914-664-

3885): "I'm back and I'm talking REAL LOUD! CD singles are where it's at! By now, you have our latest in **Torrid's** advance CDs. **Gothic Slam** 'Who Died...' and the **Thin Lizzy** classic 'Thunder And Lightning' and if that was not enuf, there's also the new one from **Trash Broadway** for the song 'Eyes On You'...Back to **Gothic**, these guys rage hard with intensity and feeling. Two killer tracks, two killer labels (**Torrid** and **Epic**), too much! The album is called 'Just A Face In The Crowd'. The band is **Gothic Slam**. Get SLAMMING!!!...ALSO, **Trash Broadway**. Mainstream hard rock. Check out the guitar-sound of the master, **Joe Stump**. Enjoy, play and add these things, now."

ANDI TURCO, MUSIC AWARENESS (818-

883-7625): "October. A month for baseball, Fall foliage (though it's non-existent here in L.A.), and great music. Everyone is jockeying for their place to prepare for the Christmas rush...In the forefront is **Trevor Rabin**, whose next track, 'Sorrow (Your Heart)', will keep this record on the air into 1990. 'Sorrow's' South African influence, mixed with **Trevor's** unmistakable writing style, is bound to stand out amongst everything else on your airwaves...Another record that continues to strut its stuff is **Giant**. 'I'm A Believer' is hanging tough, with a good amount of rotation increases (as well as new believers)...**Tora Tora's** next track, 'Guilty', is another great one! With them out on the road with **L.A. Guns** - and over 250,000 units sold already - you can't go wrong...One of **Jon Scott's** favorites is **Wendy Wall's** 'Real Love'. She has a voice like an angel, and her superb lyrics will appeal to just about anyone. Think demos!...There are lots of **Jason And The Scorchers** fans waiting to hear 'When Angels Cry'. Just ask **WBCN, KGON, WAVF** and all the others who added it this past week...Last but not least: Go back and listen to **Russ Taff's** 'Winds Of Change'. It was co-written by **Danny Wilde** and has an unmistakable hook that'll knock you out. Enjoy...Before I close, I'd like to thank **Phil Quartararo** and **Michael Plon** for getting me in to see **Lenny Kravitz** at the **Roxy**. This guy and his band are too hot! We're talking about serious sizzle in concert. And there's not a song on the album that you won't find yourself humming at some point during your day. Don't pass up the chance to see them if you can...Until next week, thanks for reading. Ciao, baby."

VIDEO GRAMS

"MTV'S HALF HOUR COMEDY HOUR": Comedians Gary Lazar, Chris Rock, Jonathon Solomon, Cindy Eaton, Joey Lola and Peter Fogel are featured in tonight's "Half Hour Comedy Hour" hosted by Mario Joyner...**"COLIN QUINN BACK TO BROOKLYN":** Comedian Colin Quinn of MTV's "Remote Control" goes back to Brooklyn in search of his comedic roots. His bizarre and hilarious confrontations with his past are featured in this half hour comedy special. Directed by Ben Stiller ("Saturday Night Live") and co-starring Ann Meara and Bill Hickey as Quinn's parents, the special follows Quinn's journey through Brooklyn--from a bizarre Irish wake for his uncle Dermott to a press conference where all the reporters turn out to be Quinn's ex-girlfriends...**"THE WEEK IN ROCK":** This week's edition features a look at the Rolling Stones as they shoot a new video for "Rock And A Hard Place" and Jefferson Airplane's free show in San Francisco. Also included is an interview with Michael Stipe about the environment and coverage of Trixie's seeing Siegfried and Roy...**"MTV ROCKUMENTARY: GUITAR GREATS":** MTV salutes rock's greatest guitar players, with classic clips and archival footage. Among the "Guitar Greats" featured are Jimi Hendrix, Jimmy Page, Eric Clapton, Pete Townsend, Dave Gilmore, and Eddie Van Halen...**"MTV REWIND: 1981":** As the '80s wind to a close, MTV looks back at those years and the videos that came out of them...**"EAT THE RICH":** From Michael White, the producer of "The Rocky Horror Picture Show" and "Monty Python And The Holy Grail", comes this outrageous, anarchic British comedy about a motley group of social outcasts who wage a no-holds-barred class war against London's jet set. Starring members of Britain's popular Comic Strip troupe with cameos by Koo Stark, Miranda Richardson, Paul McCartney and Bill Wyman. Directed by Peter Richardson; music by Motorhead.
