PHIL COLLINS, "ANOTHER DAY IN PARADISE", ATLANTIC

We'll pay Phil's latest the ultimate compliment and say it sounded great on the phone! With its hypnotic hook and dreamy texture, "Paradise" reminded us of "Man On The Corner" or even "In The Air Tonight". Like the latter, it has a powerhouse Collins drum track that builds in intensity as the song unfolds. The man-for-all-seasons employs a different vocal style and makes a point about the homeless without preaching. You don't need a meteorologist to tell you it'll blow in at three formats and wear well on most AORs. Another smashi.

THE KINKS, "HOW DO I GET CLOSE", MCA

Twenty-five years after their first #1 hit, The Kinks turn in one more great Ray Davies rocker that satisfies on a number of levels. Credible? Few (if any) of the surviving British Invasion bands have protected their artistic credibility like the Davies brothers. Contemporary? When's the last time you heard power chords in a Kinks tune? Durable? We think it's one of their most memorable radio rockers since "Destroyer". Brew Michaels, KXRX "Ray Davies continues to be one of the youngest veteran rockers around. The production and technique showcase his savvy. The lyrics and music give us a glimpse of his heart."

WHITESNAKE, "FOOL FOR YOUR LOVING", GEFEN

Their last record was the second-most-played album of '87, moved 6 million units, and helped usher in a harder direction at radio, thanks to smashes like "Here I Go Again", "Is This Love" and "Still Of The Night". Here's the first CD-PRO from the biggest shipping album (1.5 Mil) in Geffen history. Like the aforementioned hits, "Fool For Your Loving" defines melodic hard rock with an all-demo, radio-ready sound that's as crossable as they come. You can also have your Snake and eat it too, thanks to three customized versions -- the AOR Mix, the slightly longer Vai Voltage Mix (Steve's axe has been mixed hotter for maximum crunch factor), and the CHR Mix (Coverdale's vocals were bumped up a bit in the mix). Also included: a new nighttime rocker, "Judgement Day".

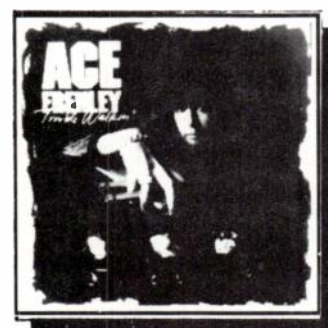

WARREN ZEVON, "RUN STRAIGHT DOWN", VIRGIN

Following '87s stark "Sentimental Hygiene" LP, The Excitable One takes a sharp left into the future with this frightening audio portrait of environmental apocalypse. "Run Straight Down" definitely fills the Floyd void. In fact, David Gilmour wrenches out some soul-exposing guitar work throughout the tune. This leadoff works more on your head than on your body and comes complete with a scary spoken litany of toxic chemicals, helicopter and police siren sound effects, and wild electronics. But most importantly, Zevon's song shines through all the cerebral production. Look for big out-of-the-box airplay and quick audience reaction.

GRAHAM PARKER, "BIG MAN ON PAPER", RCA

AOR rediscovered the Parkerilla with "Get Started (Start A Fire)", which ranks among the best radio moments of his latter day material. Now it's time for a softer, more soulful side of Graham, one that recalls the sweet sound of "Wake Up Next To You". Not that Graham's lost any of the grainy realism that has kept him one of the best singer-songwriters to crawl out of England's mid '70s Pub Rock scene. Au contraire, that acid wit rings with relevancy and timeliness. Graham's hot-off-the-microphone vocals dominate a stripped down arrangement that's broken only by a majestic muted trumpet solo. Listen loud and you'll say "Oooh la la!"

ACE FREHLEY, "DO YA", MEGAFORCE/ATLANTIC

Ask your average 25-year-old what The Move is and he'll probably say it's that weird house that got bombed in Philly. In other words, Ace's surprisingly accurate cover of this classic is a new song to most of your audience. Ace adds the appropriate Eighties punch and power, taking full advantage of today's technology. Those vintage power riffs get a new lease on life, and leave it to the Shit-Hot-Lantic gang to bring this rockin' remake home.

THE DOGS D'AMOUR, "TRAIL OF TEARS", CHINA/POLYDOR

We dug their first American album but just couldn't find the right radio track on it. If this is any indication, The Dogs have that problem licked on round two. Loaded with good-time raunch, "Trail Of Tears" shows off this English working class band's roots: Seventies Stones, Faces, Hanoi Rocks, Aerosmith and Jack Daniels. We were quickly enamored by bandleader Tyla's whiskey voice and prime time look, not to mention his song titles -- "Drunk Like Me", "Goddess From The Gutter", "The Ballad Of Jack The Prettiest Girl In The World" and "Princess Valium". Rock 'em doggie-style.

L.A. GUNS, "COCKED AND LOADED", VERTIGO/POLYDOR

WHJY, WAQY and WHEB are the newest converts, joining early believers WDVE, KBPI, KAZY, KNAC, CILQ, KATT, KBER, KISS, KJJO, KLAQ, KLOL, KRQX, KUPD, KZEW, WAZU, WBAB, WLLZ, WQFM and WLZR for a 62-station total on "Rip And Tear". Factor in increases on CILQ, KDJK, KKEG and WXPB and you've got a 48* Trax standing. "Cocked And Loaded" offers more ammo to take these street trendsetters from metal to mainstream: "The Ballad Of Jane" (a killer power ballad), "Never Enough" (the definitive MTV -- Rock 40 -- AOR crossover), and "Sleazy Come Easy Go" (raw attitudinal rocker). Fire away!

DEPTH TRAX

ROLLING STONES, "TERRIFYING", ROLLING STONES

How dominant have the Stones been with their recent Lp? "Steel Wheels" has been perched atop Album Action for 8 weeks and counting (after debuting #1), and has produced a #1 track, and soon to be #1 track. "Terrifying"? You bet! WDIZ's Lee Randall calls it, "The best song on the album!"; Carter Alan, WBCN marvels "Great groove!" and Chris Herrmann, WHJY hails "Best thing they've done in years!" Hear it on 29 (WLUP, KRQR, KXRX, KUPD, WHCN, WKQQ), elevating 68-65*.

THE CURE, "LULLABY", ELEKTRA

By George, we think the format's finally gettin' it with The Cure. There's guaranteed retail attraction when you're talkin' The Cure. "Disintegration" is currently at 1.1 mil and growing rapidly, and this time out Album Radio's come to the party in full force. The first two trax were extremely radio active with top 25 performances turned in twice. The seductive "Lullaby" is dreamy, moody and ultra hypnotic. The Cure, play often.

JETHRO TULL, "THE RATTLESNAKE TRAIL", CHRYSALIS

Tull have already parked one in our Top 10 and "Kissing Willie" proved to be a solid phone reaction track to boot. You get even more of Ian's trusty trademark flute on the follow-up along with an action-packed arrangement. Instantly familiar and safe. Early airplay at KILQ, WIZN and WROV.

JEFFERSON AIRPLANE, "TRUE LOVE", EPIC

"Planes" landed safely at over 140 FMQBers and managed to carve out a top 15 track. For more of that heritage artist/contemporary appeal one-two punch, "True Love" will deliver on several fronts. And who wasn't surprised by the sold-out tour, not to mention the electric performances. A classic band that's still in demand. First stop KFOG.

GORKY PARK, "MY GENERATION", MERCURY

Townshend's timeless classic takes on a new light when performed by Russian rockers Gorky Park. But there's more to this cover than just cross-cultural curiosity. GP's

hard-edged treatment includes a thunderous Bruce Fairbairn-produced drum sound, opening up this anthem for a whole new generation.

BANKSTATEMENT, "RAINCLOUD", ATLANTIC

Leave it to Genesis' keyboardist Tony Banks and space guitarist Tony Hillage to craft a seamless audio slice like this. Tony turns in an unusual vocal and some fine synth work, while a percolating rhythm track holds it all together. With its enchanting and moody quality, "Raincloud" is ready for middays. Hear it on KBCO.

METAL MONSTERS

WHITESNAKE, "FOOL FOR YOUR LOVING", GEFGEN

Oh, like we really gotta hype ya on this one! This revitalized WHITESNAKE classic is just what we've been waiting for! That familiar, big SNAKE sound is back, and the fine folks at Geffen have given you 3 versions to play around with. Our personal fave is the "Vai Voltage" mix, which features the guitar mastery of Steve Vai. If that's not enough, they've also include another track from the album, "Judgement Day", a track for those who like to rock. That Coverdale magic is back!

KISS, "HOT IN THE SHADE", MERCURY

The lead track, "Hide Your Heart" has already cracked the TUFF TRAX chart, entering at 27* this week. The 23rd album in their long and successful career is being hailed as their finest record in quite a few years. The gold and platinum awards are many, and we feel there's a space on the wall for "Hot In The Shade". Tracks we like include "Read My Body", "Rise To It", "Prisoners Of Love", "Little Caesar", "Silver Spoon" and "King Of Hearts".

ACE FREHELY, "TROUBLE WALKIN'", MEGAFORCE/ATLANTIC

ACE's solo career has been a real rocket ride, and with "Trouble Walkin'" ACE continues to soar. With a revamped line-up and his strongest solo material ever, the time couldn't be more right for that million seller. The guitar work shines and we just love the cover of the ELO classic, "Do Ya". Other tracks that Ed Trunk made us like are: "Shot Full Of Rock", "Hide Your Heart", "5 Card Stud", the title cut, and "Fractured 111".

VOIVOD, "DOMINE"/"THE UNKNOWN KNOWS", MECHANIC

No strangers to the world of experimentation, VOIVOD has just about tapped every source of creativity. Or so we thought. But, with the release of "Nothingface", it's clear that all of a sudden it's not so clear. Isn't that what experimentation is all about? Blacky, Piggy, Snake and Away are a modern day psychedelic, cosmic, science fiction version of a band your mother warned you about. Mechanic Records prez, Steve Sinclair sez, "VOIVOD is the future of metal!" We couldn't agree more.

ICE-T, "THE GIRL TRIED TO KILL ME", SIRE/WARNER BROS.

Whenever we get together with our posse of homeboys we chill to the sounds of ICE-T! That's cause we're so fly! (Whatever the hell that means. We learned it from Arsenio). Seriously, this is the coolest metal/rap tune we've heard since THE BEASTIE's. If you want to have fun, give this a shot! Word! (Whatever that means).

CONCRETE FOUNDATIONS: SUICIDAL debuts on the Top 30 at #10, along with CORONER at #27. SUICIDAL's appearance give them this week's Blockbuster award. Returning this is TESLA to the #26

position from obscurity. Shaker of the Week is KISS with their latest due out in the near future (Does it have anything to do with Jeff Kitt's killer Forum interview with Gene? -Maybe.) BAD BRAINS is this week's #1 on the Top 5 moving SOIA down one notch to #2. (Sorry guys. Get a manager!) Serious chart action from SOUNDGARDEN (!), THE CULT, LIVING COLOUR, TORA TORA, and WHITE LION. Some of it might seem like old noise, but it's noise all the same! See y'a! LISA PROSPER - CONCRETE MANAGEMENT.

DOWN AND DIRTY...

This week we get DOWN & DIRTY with Terrence Lee "Toast" Glaze, one of the dudes in the Dallas based band we've been screaming about, LORD TRACY. The Lp is a smoker, their live show is an experience not to be missed and Terrence, well...just read on!

MD: How did you guys get your deal with UNI?

Terrence: Originally, a guy named Paul Burton, who works for Chrysalis saw us, and he loved us. He wanted to sign us, so he got his bosses to come out and see us. When all the other record industry people found out Chrysalis was coming to see us all the other company's came out to see what they were missing. Bill Bennett had just started working at UNI and he was real interested in us, so then I went out to L.A. and met some more people. In the end we decided to go with Bill Bennett and UNI because we wanted to be surrounded by good people. Bill's the only reason we signed with them!

MD: Describe your live show.

Terrence: We try and mix THE BEATLES, SEX PISTOLS and throw in early VAN HALEN into the sound. It's just supposed to be fun, positive and uplifting instead of gloom and doom. Everybody in the band can play very well...the musicians are very great. Musicianship is important, but the show is the most important thing for us.

Continued From Previous Page

MD: Explain your fascination with women with huge breasts.

Terrence: Well, originally before I was going to be a musician I was going to be a female mammologist...I think that's Greek from the word "Mamma". I just wanted to make enough money to support my family. I just kinda got side tracked and ended up here.

MD: Why do they call you "Toast"?

Terrence: I'm not exactly sure. It's mainly because I'm so interesting to talk to and people just drink to me a lot. I guess you could say it's my electromagnetic personality.

MD: What are your Top 3 nicknames for the male organ?

Terrence: 1) Thang 2) Death God Lordhead 3) (You fill in the blank)

MD: Describe your first sexual experience.

Terrence: Let's just say it was pretty weird and leave it at that!

MD: Ever meet or "do" Traci Lords?

Terrence: No, but one of the members of our band has. I can't say which one it is...it's not who you'd think it is. It really is the truth!

MD: What are your Top 3 nicknames for self inflicted self stimulation?

Terrence: You guys are way out!!! I've never done that, so for me to try and figure out something like that...well.

MD: Ever "do" anybody famous? Who?

Terrence: Of course, but I can't tell you who! I will tell you that she has a tattoo and that she was pretty good.

MD: When you're with a girl for the first time, how long should it take to get to home base?

Terrence: Oh, that's easy! The less hair she has on her body, the less time it takes! If they have hair all over their body, you know like even on their back, well this could take some time! That was a good question!

Thanks to Terrence (Just call him Terry) of LORD TRACY and manager extraordinaire, Peter Leeds for putting up with this nonsense! These guys are just too much fun and too talented to miss! Get into the record and don't miss them when they come to your town....We'll see you there for sure! Next week we'll get DOWN & DIRTY with the one and only MICHAEL MONROE.

STUFF YOU SHOULD KNOW...

* The big rumor concerning the break-up of W.A.S.P. was running hot and heavy last week. According to manager, Rod Smallwood, "The band is not splitting up, they're just not working together for awhile." Look for an official statement concerning W.A.S.P and IRON MAIDEN very soon.

* OVERKILL has released their brand new album "The Years Of Decay". The record was produced by the band and Terry Date. Terry is best known for his work with METAL CHURCH and SOUNDGARDEN. The album just received the highest possible rating in Kerrang magazine, and is said to be the bands finest release yet. The band recently shot a video in New York for a track called "Elimination". It's a very intense black and white

performance video that will premiere on MTV on October 28th. Look for the band to make a guest appearance on Headbangers Ball on November 11th. OVERKILL will kick off the first leg of their U.S. tour in mid November, go to Europe, then return to America for more touring in the new year.

* Speaking of OVERKILL, their former drummer Rat Skates has formed a new band called BONE TO BONE. Unlike OVERKILL, Rat's new band will be in a more rock and roll style, similar to an AEROSMITH sound. BONE TO BONE are presently looking for a guitarist and bassist to round out the line-up. Interested parties should send a tape and photo to Rat Skates at: P.O. Box 781 New Providence, N.J. 07974.

* "SHOCKER", the new horror film that is due in theaters on October 27th has just released an accompanying soundtrack album. "Shocker: The Music" features music from DANGEROUS TOYS, SARAYA, BONFIRE, IGGY POP, and many more. Also included is a MEGADETH cover of ALICE COOPER's "No More Mr. Nice Guy", which is the first single and video. The opening track is a song called "Shocker" which is performed by an all star line-up known as the DUDES OF WRATH. The band consists of Tommy Lee on drums, Vivian Campbell on guitar, Rudy Sarzo on bass, and Paul Stanley on lead vocals. The albums producer and main songwriter, Desmond Child, also sings a few lines.

* SLAUGHTER is the name of the new band formed by Mark Slaughter and Dana Strum, former members of the VINNIE VINCENT INVASION. The band is completed by guitarist Tim Kelly and drummer Blas Elias. "Part of the idea is to bring emotion back into the music", stated bassist and co-producer Dana Strum. Tracks scheduled to appear include "Fly To The Angels" and "Eye To Eye". 15 songs in all will be on their as yet untitled debut album. It's due out in January with a tour to follow.

* KING DIAMOND just announced some "Conspiracy" tour dates: 10/24 San Francisco, 10/27 Denver, 10/31 New York, 11/2 Flint, MI., 11/3 Milwaukee, 11/4 Chicago, 11/9 Columbus, 11/10 Lakewood, OH., 11/12 New Jersey (Venue TBA), 11/15 Albany, 11/16 Poughkeepsie, 11/17 Bayshore, NY., 11/18 Brooklyn, 11/19 Boston, 11/22 Pittsburgh.

HOTTEST NEW TRAX

THE PRIMITIVES, "PURE", RCA

This UK act became a pop sensation almost overnight in their home country. Last year's "Crash" opened many ears to their blend of light hearted pop/rock. Lead vocalist Tracy Tracy has dropped the e in her name and become a redhead. On this new effort, the band members have their feet firmly planted on the ground. Although Tracy's delicate vocals soar through the melodies, the tunes are less fluffy this time out. Lead cut "Sick Of It" raced up the charts. Check out album cuts "Secrets", "Summer Rain" and "Shine". Pure and Lovely.

DON DIXON, "EEE", ENIGMA

This veteran producer (R.E.M. Smithereens, Guadalcanal Diary) gets down with this long awaited release. "EEE" marks his third studio album and is of course impeccable produced by Dixon himself. Lead cut "Bad Reputation" (written by dB Peter Holsapple) features the Uptown Horns and has already been receiving airplay. The album features vocals from Don's wife Marti Jones. Check out his version of John Hiatt's "Love Gets Strange", "Oh Cheap Chatter" and "Gimme Little Sign".

SHADOWLAND, "SHADOWLAND", GEFEN

This five song Ep from this young band will whet your appetite for their full length album coming early next year. The bulk of this band formed in Florida and along with an Alaskan drummer migrated to L.A. where they've opened for acts as diverse as Julia Fordham and Soul Asylum. Their music is just as diverse. "Wink Of An Eye", the lead cut is a smoth, dreamy tune highlighted by the lilting oboe and background vocals of Dream Academy's Kate St. John. "Imitation Of Life" features Waterboys' Anthony Thistlethwaite and Colin Blakey.

HOUSE OF FREAKS, "ALL MY FRIENDS", RHINO

Their past two albums have consistantly gained this young duo a larger fan base. Their recent bill with The Bangles, although a strange coupling did introduce this fresh talent to scores of young record buyers. This new Ep will tide you over until their next release. Choice cuts include "Ten More Minutes To Live"

(strangely reminiscent of The The) and "Meet Your Heroes". Johnny Hott and Bryan Harvey kick up their heels and as usual make a ton of noise.

PSYCHEDELIC FURS, "BOOK OF DAYS", COLUMBIA

Richard Butler croons out his sultry, sexy vocals on this dark yet energetic material. The overall sound of "Book Of Days" harkens back to their earlier almost gothic days. The single "Should God Forget" leads the way. Check out the album. Try "Shine", "House" and "Entertain Me".

THE WONDER STUFF, "RADIO ASSKISS", POLYDOR

You may have been treated to this new tune during their last tour. Its controversial content is delivered through an explosive arrangement. Rob "The Bass Thing" holds down an addictive beat while the tune creeps into your memory. Look for this cut off their forthcoming album "HUP".

YOUNG FRESH FELLOWS, "THIS ONE'S FOR THE LADIES", FRONTIER

Young Fresh Fellows

Young Fresh Fellows formed in 1983 in Portland, Oregon. Since then they've developed a steadily increasing fan base through their releases, touring and relationship with The Replacements. 1986's party rocker "Beer Money" put them on the map and 1987's "Amy Grant" got more people interested in this energetic band. This new album highlights their energy while concentrating on gentle harmonies and memorable arrangements. Choice cuts include "Still There's Hope", "Carrothead", "Taco Wagon" (their updated version of "Tequila") and a cover of The Kinks' "Picture Book". Look for them at CMJ.

NINE INCH NAILS, "PRETTY HATE MACHINE", TVT

Nine Inch Nails

Nine Inch Nails is Trent Reznor's platform for musical expression. As a one man band, Reznor combines his influences and talents on many synth instruments and comes up with an intriguing and unique piece of work. Reznor called on fellow producers Adrian Sherwood, Keith LeBlanc, John Fryer

and Flood and together the team has created A-1 club material. Lead cut "Down In It" is enjoying nationwide airplay. Now check out album cuts "Sin" and "Terrible Lie".

LES NEGRESSES VERTES, "MLAH", SIRE/WB

Les Negresses Vertes

World music is beginning to come into its own and onto the airwaves of many college stations across the country. Les Negresses Vertes quickly gained popularity in England when their material arrived there. This Paris based band combines the influences of their folk based heritage of Algerian, Spanish, French and

Italian blood with a gentle outlook and introduces us to a new sound. This 8 piece band of ex-circus members, reformed convicts and fishing net menders don't play atypical French accordian music. Their uptempo lead cut "Zobi La Mouche" translates to "Dickie The Fly" and we're not talking insects! Ecoutez!

VARIOUS ARTISTS, "HAPPY ANNIVERSARY, CHARLIE BROWN", GRP

"This is an innovative combination. A highlight of many of the *Peanuts* specials has always been the jazzy score. Now, with the 40th anniversary of the comic strip, GRP has assembled an all-star cast to pay tribute to Charlie Brown and friends. Along with some of GRP's core artists, are performances from B.B. King, Dave

Brubeck and Joe Williams. Mixed with the most familiar themes from *Peanuts* specials gone by, are a number of pieces inspired by the characters of Schulz's famous strip. The instrumental talents of David Benoit, on the opener, and most famous of these pieces, is met by a number of vocal tracks including B.B. King on "Joe Cool", Joe Williams song about Woodstock, "Little Birdie", and the beautiful rendition of "Christmas Time Is Here" from Patti Austin. What better way to celebrate two unique American traditions, Jazz and *Peanuts*, than by this release. This, far and away, should get the award for most fun compilation! And this is just the beginning of a year-long 40th anniversary celebration beginning in January with a new anniversary TV special.

PHILIP AABERG, "UPRIGHT" WINDHAM HILL

One of the nice things that a lot of Windham Hill releases bring with them is the chance to hear stripped down arrangements of material. George Winston directed our focus firmly upon his piano and let our ears explore much of what that instrument could do. Michael Hedges twisted the guitar in a multitude of new directions

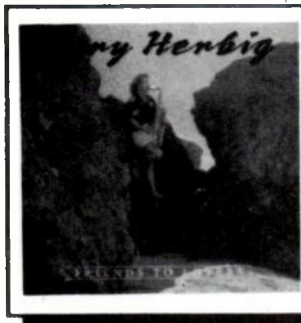

while frequently bringing in accompanying instruments. Aaberg falls close to the latter category. On "Upright", a lot of rollicking piano lines are presented either naked and alone in the spotlight, or as the driving force in an ensemble. And each time Aaberg gives a real friendly delivery to his music. The solos outweigh the duets, trios and others; and provide a challenge for Aaberg, who has to keep our attention with just two hands and his instrument, from which he wrings every last nuance and tone. This isn't about pyrotechnics or flashy playing either. He has an easy style about him, that makes just listening to his work very enjoyable. As the title suggests, you get the feel of being in a familiar, cozy club with a very talented player entertaining the crowd on a battered old upright piano. When it comes time for full accompaniment, like on "As If We Didn't Know", "Every Deep Dream" and "Slow Dance", the mood changes slightly to a fleshed-out arrangement of what might best be termed 'folk-jazz'. But either way, Aaberg's playing is memorable and worth more than a passing listen.

GARY HERBIG, "FRIENDS TO LOVERS", HEADFIRST

Electrifying pop-jazz is what Herbig's all about. His sax wails in an uncompromisingly soulful way. Herbig cut his teeth as both live sideman and studio session player, gracing literally hundreds of albums from artists like Paul McCartney, Stanley Clarke, Van Halen and The Yellowjackets. Some of Gary's fellow session workers (many with solo careers of their own) share the spotlight on this album. Keyboardist Don Grusin is a highlight on much of the material here, and he is joined by fellow keyboard-player Greg Mathieson and guitarist Pat Kelley, among many others. From the opening strains of the title track, the groove and melody grab you. It's music that's hard to ignore. Though, as the album reminds us, a lot of the work was prepared on an Atari Computer, the feeling is anything but robotic. There is a free and open feeling throughout, a wonderfully attractive looseness to the playing with a scintillating energy always present. Gary's playing was one of the high points of the most recent Montreux Jazz Festival. His first album proved to be a Top 10 success and so now he's poised with this, his second album. Playing with an intense and infectious feel, Herbig should expect to go flying up the charts yet again.

ANIMAL LOGIC, "ANIMAL LOGIC", IRS

What a rhythm section! The driving rhythmist from The Police, Stewart Copeland, linked with one of modern jazz's most impressive voices, Stanley Clarke. Together, they are the arrangers and producers for this pop venture. They're joined by a heretofore unknown vocalist and former piano teacher, Deborah Holland, who not only has a full and evocative voice, but is the principle songwriter.

It's her ideas that these two master-musicians work into viable pop material. Add to the formula, the guitars of Michael Thompson with occasional help from Pete Haycock on the country-tinged "I'm Through With Love" and Steve Howe on "There's A Spy (In The House Of Love)" and "As Soon As The Sun Goes Down". From the jazz/alternative world come Freddie Hubbard on trumpet and L. Shankar on violin. The full ensemble of these quality players make for an unparalleled session. Both Clarke and Copeland affirmed their desire to be in a mainstream outfit by not over-playing the material and making this a super-chops session. The results, as evidenced by pieces like "Winds Of Santa Ana" are smooth, well-crafted pop gems, while the quirky "I'm Sorry Baby (I Want You In My Life)" closes the album, a little farther afield than the previous nine tracks, by going off in a more subdued jazzy direction. Expect to see the trio further their career as a band with a tour.

URBAN EARTH, FEATURING HARVIE SWARTZ, "FULL MOON DANCER", MESA/BLUEMOON

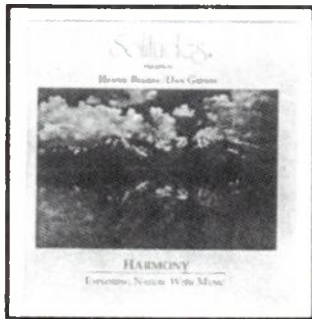

The second wave from the newly formed Mesa/Blue Moon label is here. One of the featured artists in this second set of jazz material is Urban Earth. The group knows its jazz roots and effectively blends it with a modern up-beat feel. The normal accoutrements of bass, drums, keyboard and guitar are rounded out by tasteful touches of sax and vocal lead. The title track starts the whole thing going

and perfectly exemplifies all this unit has to offer. A catchy melody is doubled by wordless vocal and other instrumentation while a swinging piano line comps underneath, with keyboard and other ornamentation coming in and out. A lyrical vocal tune is also featured as one of these 8 tracks. "You Know What I Mean" closes the album with the same vocalist who crops up from time

to time, Joan Johnson Drewes. The rhythm section is tight and driving. The drummer's dynamics can shift from a light jazzy accompaniment to rock bashes. And throughout, exciting solos are featured. It might be useful to think of this in a vein similar to, say, Pat Metheny Group. Here you have the same quality playing with a real jazzy, but totally accessible feel. Also recommended, "Triana" and "From The Heart".

HENNIE BEKKER/DAN GIBSON, "HARMONY", SOLITUDES

This release brings to mind Bernie Krause's "Gorillas In The Mix", where the music was the message, and the message was to bring our heads around to our decaying environment. Just as Krause is an expert in his field, having contributed his recordings to many university audio archives; so too, Gibson is a naturalist well-tuned to the ways of photography, cinematography and audio,

documenting his love of nature on these media. In fact, he's the man responsible for the stereo parabolic microphone, that mini satellite-dish-looking contraption sometimes seen on the sidelines at football games. Whereas Krause proved himself a craftsman at orchestrating the very sounds of nature into upbeat instrumentals, Gibson takes another approach; birds don't become flutes, they play along-side flutes. Here, nature and man work together, each playing their own instruments. To Gibson, it reflects the need for humans to work with, and not against, their environment. The whole Solitudes series is the brainchild of Gibson and consists of about 15 soundscape audio recordings of nature, with several video releases as well. Harmony differs in Gibson's pairing of these unadorned recordings of nature with music. "Solitudes On Loon Lake" is the track to focus in on here. On it, you'll hear carefully crafted guitar lines against the backdrop of echoing bird-calls and a touch of backing synth. It sounds like something off of a Pink Floyd record, or a Knopfler-esque type of lead. It's the best way to get acquainted with Gibson and his work.

TOURS:

NANCI GRIFFITH's novel-like portraits of characters in song, as heard on her new "Storms" album, can be caught live as she shares the stage with a similar artist, James McMurtry, whose "Too Long In The Wasteland" is his debut for Columbia. DIALOGUE

THOM REINSTEIN, PORTRAITS IN SOUND, MODESTO:

Re: Quake...Modesto, 90 miles east of San Francisco, Thom Reinstein Productions is located on the third floor of an unreinforced masonry structure built in 1926. The shaker rolled thru town like a freight train, end over end. Quite a ride, the strongest ever felt here. It was no fun. P.S. Looking for new offices!

LIN NEUMANN, KSNM, MODESTO:

Thought you folks might like to know how we responded to the Earthquake. Since our are - Merced/Modesto - felt the quake, but were spared the damage we organized an on-air pledge drive for the Red Cross to aid victims in the Hollister-Salinas area near the epicenter of Tuesday's quake and about an hour away from our studios. Beginning early Wednesday we have raised more than \$5,000.00 by asking businesses and individuals to challenge one another to match pledges made on the air. The pledge drive will continue for the next few days and the response in our community has been warm and enthusiastic....During the immediate aftermath of the quake on Tuesday evening we also beefed up our news department and departed a bit from our format to go live with up-to-the-minute reports because we understood that our listeners to the west were without power and needed information.

DEBORAH LEWOW, GRP 404-564-2171:

"A personal aside to Nick Francis at KKSF in San Francisco. Thanks for calling to let us know you were all right. To everyone in San Francisco, San Jose, Santa Cruz, etc. Our thoughts and prayers are with you."

KENNY ALTMAN, MUSIC WEST, 415-925-9800:

"Greetings!!! First, the new news - James Asher's 'The Great Wheel' has made a good showing in its first few weeks out, with adds at KQPT, The Breeze, KTWV, KLTR, WPCH, WJIB, WDHA, WEGR, WEVO, WXRC and more - try it, you'll like it!!!...Ray Lynch's appearance on Good Morning, America is scheduled for Monday, 10/23. Jim is performing at Norfolk, VA on 10/21 and Vienna, VA (D.C.) on 10/27. I'm in New York this week with both Ray and Jim, hoping to get to see some of you in person to say thanks!!! Giants in six? Well, it's only Tuesday and I'm the eternal optimist!!!" (Ed. Note: At the time this Dialogue was written Kenny was unaware of the fate that was to come of his city, San Francisco. Wednesday, we were happy to hear that Kenny was safe and sound.)

MIKE EILAND, WLVQ, MILWAUKEE:

"Mike Eiland this week in 1966: Grade - 7th. Favorite TV show - The Fugitive. Favorite songs - 'You Keep Me Hanging On' by the Supremes and 'Good Vibrations' by the Beach Boys. Favorite pastime while enjoying all of the previously mentioned - Reading Peanuts...Just received the Anniversary collection from GRP saluting Good Ol' Charlie Brown! With my Vince Guaraldi CDs, this will carry the joy through Christmas! An excellent set!...Wind Machine tops the requests. The rockers love the twin guitar work. Good response to Danny O'Keefe's new release, and Rickie Lee Jones blows me away!...I'm getting through the big stack of new releases quite well, but failing in returning phone calls. You know who you are. You'll hear from me!...P.S. Remember the time when Charlie Brown tied his peanut butter sandwich into a knot?"

JANE DAVIS, WRAS, ATLANTA:

"Now that I have the whole Wendy Wall CD, I have really come to appreciate her talent. I also am growing to love the 'Legacy' compilation, especially since it contains old favorites Uncle Bonsai and Sarah Hickman...Check out 'The First Chill Of Winter' by Boo Hewerdine and Darden Smith from Evidence on Chrysalis...Phone calls on Lazlo Gardony and The Black Velvet Band; request for Tracy Chapman."

CHERYL CROSS, KEYV, LAS VEGAS:

"The new Uncle Festive, 'And That We Do Know', is a hallmark release! At least five tracks that are perfect for NAC formats - congratulations to Bud, John, Ron and Marc - the 'KEY wishes you the best on this one!!...It is now official! KEYV has now sprung a sibling/sister station - KEYF Spokane. Las Vegas wishes its favorite sister, 101.1 the 'KEY, the best, and are excited about it's future progress. For service calls, please contact: Randy Andersen - OP Mgr., Christina Gorton - Asst., 509-448-1111...Great CDs have been coming in by the bushell! Good stuff from David Benoit, Earl Klugh, Dave Samuels, Tracy Chapman. The vocal from Patti Austin on Sadao Watanabe's 'Front Seat' is exactly what a mature vocal should sound like. It's nice to have all of this great music to build a format from...Good luck to other NACs on the advances on the Summer Book!"

JOANI WILLIAMS, KKFM, COLORADO SPRINGS:

"With Winter creeping not-so-subtly into Colorado, the Sunday morning mood turns a bit more contemplative; a perfect setting for the new 'Harmony' project, which is a truly beautiful marriage of sound and music that expresses the essence of nature...Also, another new project from a local favorite, Steve Barta, who, along with Nelson Rangell, can be heard regularly in the Springs. We're happy to support both these artists, and to wish them luck with their new releases."

"TRAFFIC ZACK", WPYX, ALBANY:

"Grover Washington's new Columbia release, 'Time Out Of Mind', is very good. It received average phone action during the 'PYX 106 Jazz Brunch...Yeah, I'm gonna say it again - that Brian Bromberg album, 'Basses Loaded', is the hottest album I've been airing this year. I haven't realized as many calls since the first time David Sanborn's 'Slam' aired from his 'Close-Up' album. Something about that bass guitar Bromberg plays, I guess!...On a jazzier note - Branford Marsalis is damn near perfect on the new 'Do The Right Thing' movie soundtrack from Columbia. Give a listen to 'Mookie' and you'll see what I mean...Another hot tip comes from Windham Hill - Andy Narells' 'Little Secrets' album is a cross between Salsa and Jamaican Steel Drum. It sounds excellent."

MARK BENSON, WIOT, TOLEDO:

"Glad to see that the former members of Latitude Craig Payton and Ben Verdery are back on a new label. Latitude worked well for us last year, and this one should do even better...We also hopped aboard 'The Fabulous Baker Boys' soundtrack. I hear Michelle Pfeiffer will make men sweat in this film. I'm off to the theater."

ERA
PRESENTS
DIRT ALERT!

**DIRTMAKER: MILGRIM ASSUMES
CAPITOL PRESIDENCY**

HALE MILGRIM

After 16 years with Warner Communications and 5 years with Elektra, Elektra Senior VP of Marketing **Hale Milgrim** has joined Capitol Records as President. He replaces **David Berman** who resigned, suddenly, 4 weeks ago.

Milgrim's move to the Capitol Tower reunites him with Capitol-EMI Music Chairman **Joe**

Smith, who he worked with at both Elektra and Warner Bros. An official announcement from Capitol is expected next week.

Late last week, Capitol announced that Senior VP A&R Worldwide **Simon Potts** will take over the label's U.S. A&R department as Senior VP A&R. Potts, who used to operate independently of Capitol's A&R department, travelling internationally in search of talent for the label, will now oversee the department and continue to sign domestic and international acts to the label. Based in Hollywood, Potts replaces VP A&R **Tom Whalley** who has resigned to pursue other interests. In an unrelated development, VP Black Promotion **Hank Talbert** has resigned.

Before joining Capitol in '87, Potts served as Managing Director of Elektra Records U.K. where he signed Simply Red, When In Rome and other artists. As Director of A&R for Arista Records U.K., Potts inked The Thompson Twins, The Stray Cats, Wang Chung, Haircut 100 and The English Beat.

**BAY AREA RADIO ROCKS
AND RECOVERS FROM QUAKE**

Northern California's killer earthquake knocked most Bay Area radio stations off the air, at least temporarily, this past Tuesday. But the disaster also demonstrated the medium's power and immediacy, since radio became the area's primary source of information during the powerless days following the first tremors. A smashed studio-transmitter link kept KSJO, San Jose off the air for 40 minutes Tuesday evening, while crosstown KOME was off for only 90 seconds even though its transmitter was moved about 2 inches by the initial jolt. KKSF, San Francisco remained off the air until 10:30 a.m. Wednesday. KRQR, located in San Francisco's high rise Embarcadero One within walking distance of the Bay Bridge, was off the air for 10 minutes before returning at full power with no equipment damage.

Strangely, KOME had been broadcasting from the Bay Bridge all day Tuesday in honor of the Bay Bridge World Series. Although the quake immediately cut the station's broadcast phone lines from the remote, afternoon driver **Frank Bennett** and Promotion Director **David Wohlman** used a cellular phone to make the first live report from the bridge. PD **Ron Nenni** told FMQB, "From their vantage point, they saw the cantilever section of the bridge go down, and from the other direction they saw this huge cloud of dust near the Cypress section. They said, 'This is the most amazing earthquake we've ever felt. There seems to be major destruction here. We'll check back if we can.'"

KRQR suspended regular programming and simulcast its AM News sister station KCBS from 7:00 p.m. Tuesday until 5:00 a.m. Wednesday. Likewise, KSJO simulcast with KSJX for three hours following the quake. KKSF PD **Steve Feinstein**, who was airchecking a jock when the quake hit, commented, "When we finally came back on, the most sensible thing for us to do besides giving out critical information was to complement the great job the News stations were doing by playing some music to help soothe

people nerves. Our music is often described as relaxing, soothing and refreshing and in a crises period, when a lot of people's nerves are on edge, the best thing a station like ours can do is simply do what we do best which is provide them with music."

Most Bay Area stations suspended all commercials Tuesday evening and into Wednesday, adding extensive news, traffic and referral services. Street scenes with 30-40 people huddled around a battery operated radio were not uncommon, said KROY, Sacramento PD **Sean Lynch**. "My wife was walking out of Candlestick Park and didn't have a radio," KRQR PD **Chris Miller** recalled. "This guy was walking by with a walkman. She asked him what was going on and he said, 'Here I have an extra radio,' and gave it to her."

Using its interactive computerized phone system, KOME set up an Earthquake Help Line which dispensed emergency instructions and referral information. The station has also set up collection locations around the South Bay to gather money food and blankets. All proceeds from the station's annual Rock Auction, which has been moved up by 2 weeks, will go to the Red Cross to aid victims in Los Gatos and Santa Cruz. (KOME needs more rock memorabilia, and asks the industry to donate more "big money items" for the auction. Contact Nenni, or mail items directly to 3031 Tisch Way, San Jose, CA 95128.) KSJO helped coordinate efforts in the hard hit Santa Cruz Mountains, using their facility to help gather ice and water which authorities dispensed to victims in the mountains.

WMMR, Philadelphia sent "Philly's most famous San Franciscan", midday man **Pierre Robert** to the Bay Area "to get the real story of the people," said MD **Erin Riley**. "He's talking to all kinds of locals to get their own personal stories, and phoning in reports." Sensing that its audience will be ready for a lighter perspective on the disaster by the weekend, KSJO has printed over 500 "I Survived the Great Quake Of '89" t-shirts for on air giveaways. Logo included, of course.

CLASSIC COURSE: EX-HOT 97-ER ELLIS TO KLSX

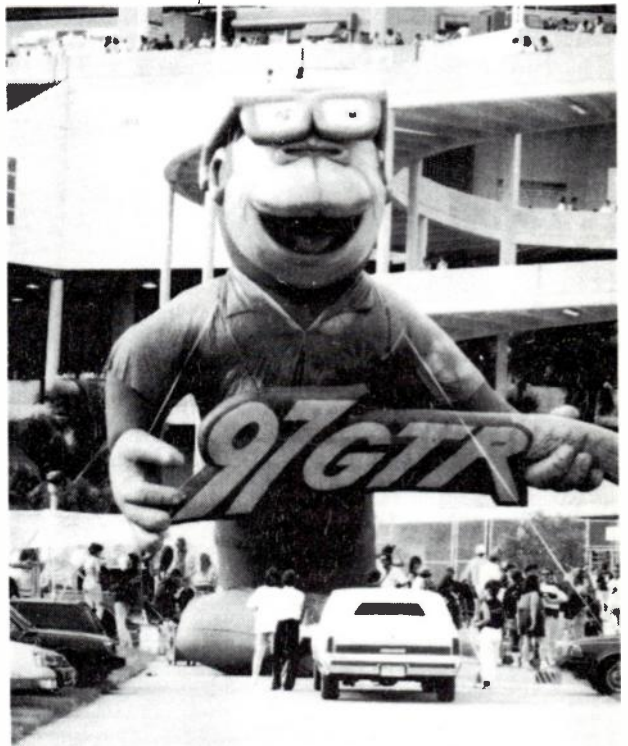

Greater Media has drafted ex-Hot 97 (WQHT) New York PD **Steve Ellis** to program Classic Rock KLSX, Los Angeles, effective November 1. He replaces **Tom Yates** who has recently resigned to pursue opportunities in management and ownership.

KLSX VP/GM **Bob Moore** told **FMQB** he interviewed 20 applicants, but chose Steve because "he brought a mixture of things to the table that we hadn't seen in a lot of the other people. His ability to fight on the street and the fact that he's already programmed against **Shannon**, **Imus**, **Stern**, **WPLJ**, etc. were big factors. He brings a wide background of competitiveness. Steve demonstrated an AOR background from his work at KDWB, Minneapolis and The Apple in New York, yet he made the cut when Emmis bought Doubleday, proving he's a real versatile student of the media. He understands what it takes to win in the '90s, and that you have to do a lot of things outside of the music to win."

Promising that KLSX will become a "completely different radio station" while remaining Classic Rock, Ellis added, "The station will become more aggressive promotionally and marketing-wise. We're going to make it more street-oriented." Asked if "more aggressive" referred to round two of his skirmishes with Scott Shannon (he competed with the Pirate Radio programmer when Shannon was PD at Z-100) Ellis responded, "That's what Scott does best. That's what I do best. I'm looking forward to a good

battle. We're going to go in and be a street-fighting, down-to-the-shirt radio station. I'm looking forward to taking charge and going to battle. Scott's the same way. The other radio stations are not going to roll over and die. L.A. has the best radio battles in the country right now, and I'm looking forward to being a part of them."

Ellis has worked in CHR, AOR, Dance Top 40, and Rock 40, but is new to Classic Rock. He left Hot 97 in August after 3 years with the Churban outlet, including 8 months as PD. Ellis programmed WAPP, New York from '82-'86 and put in 7 years on-air at KDWB, Minneapolis.

"I AM AN ANIMAL": WGTR, Miami brought The Who to Joe Robbie Stadium on July 30. 97GTR gave away over 300 tix to the show and broadcast live from the concert. Their 30-foot inflatable rock 'n roll animal stood tall at the stadium.

HOLLAND LANDS KMBY OM SLOT

KMBY, Monterey/Salinas has imported KFRX, Lincoln Asst OM/Promo Director **Ross Holland** for the newly-created OM position. Holland also holds down morning drive, while overseeing the Programming and Promotions departments.

"KMBY has been a very successful radio station in the past," Holland told **FMQB**. "With the new ownership, this station can become a powerhouse in the market. I don't foresee any major changes. I'll just fine tune because the station has been very successful in the 25-54 demo that we're after."

Holland has programmed KQHT, Grand Forks and KZIO, Duluth. His background also includes KKRC, Sioux Falls.

CRULL FILLS WYBR PD SLOT

WYBR, Rockford Interim PD/morning driver **Tim Crull** has officially been given the keys to the PD office and has segued to afternoon drive. The first-time PD had been holding down the fort for the past 6 months.

"We're finally making a statement here in Rockford," Crull told us. "There is a need for a strong AOR, so I'll keep things flowing and keep the music fresh. We're promotionally strong now. That's what I've spent the last

ALL THE DIRT THAT FITS

LARSON EXITS AS WIMZ PD: WIMZ, Knoxville PD John Larson has exited due to "philosophical differences" after programming the station for 3 years. No replacement has been named. "I'm looking forward to taking on a new programming challenge," sez Larson. The 12-year programming vet has also programmed WLLZ, Detroit; WAVA, Washington D.C.; WCMF, Rochester; KDKB, Phoenix; and APD at WMET, Chicago. He's also a former Doubleday Regional programmer covering Washington, Chicago and St. Louis. Larson can be reached at WIMZ for the next few weeks at (615) 525-6000. It's where heaven meets earth." Her radio experience includes the now defunct JB-105, Providence; WING & WIZD, West Palm Beach; and WCEZ, Jupiter, Florida.

MOFFITT CONSULTS KXXR: Rock CHR KXXR, Kansas City has just inked with Larry Moffitt Communications.

DON'T "WALK WITH AN ERECTION": FMQB has learned that WIOD, Miami (WGTR's Talk sister) is the other station the FCC is investigating for airing "Walk With An Erection".

'ROQ OF THE NINETIES: KROQ, Los Angeles GM Trip Reeb says the station plans to name a new MD but has no definitive timetable. Don't look for The 'ROQ to bring in a new off-air MD, however. Trip says they'll either promote from within or bring in a new MD/personality. Air staffers Louis and The Eagle are currently assisting PD Andy Schuon and Reeb with music.

RATTIGAN RESIGNS AS WNOR PREZ/GM: WNOR, Norfolk Prez/GM Jack Rattigan has resigned to form Rattigan Radio Services, a sales and management consultancy. His company will help stations set up management systems and train salespeople.

DAMIAN CHARGES WHFS WITH DISCRIMINATION:

Claiming discrimination against the handicapped, WHFS, Annapolis-Washington MD/APD Damian Einstein has filed a complaint with the State Of Maryland. The 18-year 'HFS vet, who was taken off the air in May and reassigned to the APD/MD slot, contends his speech impediment was the reason he was pulled off the air. Damian has lodged a handicapped discrimination charge with the Maryland Commission on Human Rights against WHFS owner Duchossois Communication Company.

CHICAGO'S PRIDE: WXRT, Chicago's compilation for the Chicago music scene, Chicago's Pride, is being released nationally. It consists of 13 local bands including Eleventh Dream Day which has been signed to Atlantic since the LP's release 1 month ago. The project has sold over 6,000 pieces in the Chicago area alone.

Supplies were flown directly to Charleston by USAir, who had created a special flight and route for the all-night journey. APD Pam Edwards and Public Affairs Director Gary Whipple accompanied the flight.

JUST BETWEEN YOU AND ME: Atlantic's latest promo stunt involved Lou Gramm. Another Buch 'N Flash original had Gramm sending telephone messages to programmers across the country in a stamped, no-return address envelope. When you called the number, you reached an answering machine with this message from Gramm: "Hi, this is Lou Gramm and 'Just Between You And Me', here's a song from my new album, Long Hard Look. Now after you've listened, leave a message and let me know what you think." Some of the programmers who responded include KQRS, Minneapolis APD/MD John Lassman; KUPD, Phoenix APD/MD J. out-stretched frog, a Robin, an Einstein character with Bengal face paint and some wacky fingers. Industry-ites are puzzled and think it has to do with 'EBN personalities Robin Wood and Eddie Fingers. Stay tuned...

The kick-off was held on October 13. Joined by lottery officials, 'FBQ's morning show broadcast live and 6,000 people showed up. Former Indiana Pacer George McGinnis scratched a giant lottery ticket revealing a \$5,000 cash prize, which was donated to the Governor's Task Force for a Drug Free Indiana.

What would you do for Stones tickets? That's what WBCN, Boston asked its listeners in a recent Stones concert ticket giveaway. The latter was a bit too much even for the WBCN judges and the winning tickets went to a listener who dressed himself in nothing but Saran Wrap. Here he is pictured in front of the WBCN studios (left) with morning personality Charles Laquidara.

Why I'm a musician

there is a saying that a person's name is indicative of the essence of his being. in yiddish, the name himmelman means "man from heaven". having descended from such a place, i guess i've always felt most at ease with insubstantial things...that is, things of the spirit as opposed to things of the flesh. since music is nothing you can touch or see i've always felt that making music is a lot like what it would feel like to paint with angels.

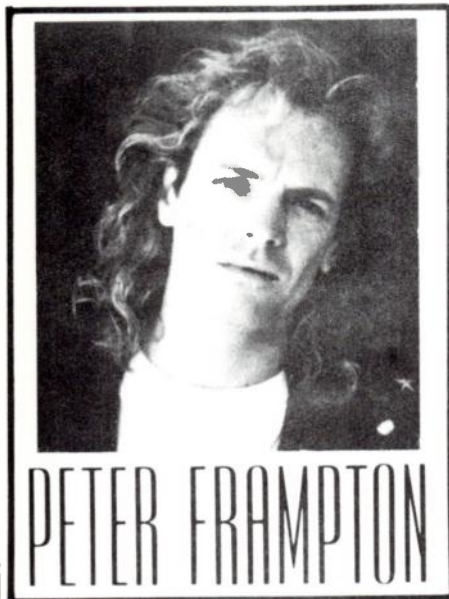

synesthesia is a state of sensory reversal wherein one hears colors and sees sounds.

UP CLOSE!

Trace your early music experiences and influences.

I was eight when I first got a guitar. By the time I was ten I was in my first semi-pro band called the Truebeats. When I was about 14 I moved on to The Preachers which was managed and produced by Bill Wyman, which opened up a whole new world. During the summer holidays from school in '66 I was offered a job with The Herd. It was either go to college or join a pop band. So guess what? I joined a pop band. About a year later we had a big hit record in Europe and

ended up having about 3 or 4 big hits in Europe that were very teeny bopper oriented. That came to a grinding halt when we got rid of our management and record label. Someone was screwing us but we didn't know who so we got rid of everybody. It was around that time that I bumped into Steve Marriott and Ronnie Lane of The Small Faces. This was before Rod Stewart was in Faces. Having been a big fan of the band, Steve helped The Herd produce a couple of tracks on an album that actually never came out because I decided I was going to leave. Steve was helping me find some musicians for a less pop oriented band. He phoned me up one day and said 'Hey, I'm leaving The Small Faces, how 'bout I join your band?' So that's when Steve Marriott and I got together and formed Humble Pie. We got Greg Ridley from Spooky Tooth and the rest is history. We did a lot of touring and put out quite a lot of albums in a short space of time. That was in the end of 1968. I did 5 albums in two years with Humble Pie. It was a very productive band.

When did you split from Humble Pie to make it on your own?

I left Humble Pie before the band's live album which was the biggest seller. Even though I enjoyed Humble Pie and was a founding member, the band became very one directional where we started off very multi directional. It was great for the band, but it wasn't good for me in the end. Even though I really loved the band I thought it was better for all concerned that I leave before the album came out. We all knew it was going to be successful, but we didn't know how big of a success it would be. When the album came out I had started to work on my solo career. The album was a huge success and I thought I'd made the biggest mistake of my life. Obviously, I was to prove that it wasn't a big mistake. Five albums later came "Frampton Comes Alive", and "Shine On" was a big vehicle for the success of the Lp. "Shine On" was done on the "Rock On" album, right before Humble Pie's live Lp. Even though the masses hadn't heard of Peter Frampton, the devout (Humble Pie) fans had and were the real reason for the growing popularity. I built up a following by touring, which translated well when the live album came out. So those fans just went out immediately and bought the record.

What was your attitude regarding the follow up to the "Live" Lp?

The next album was "I'm In You" which sold three million. Which ain't too shabby, but of course everybody thought I was slipping after 14 million "Live" Lps. This was the least enjoyable record that I'd ever made in my whole career. What I should have done was taken two or three years and just said "look, I've done my fair share of touring, I want to do some more but I don't want to do it right now. Let's just pull back, let me live a little so that I can rejuvenate and recharge the batteries." This was the first record that sold that many copies and everybody, wrongly or rightly, said "you got to make another record really quickly to capitalize on the success." We know now that's not necessarily the case. When you sell 14 million records worldwide, people are going to remember you for a couple of years, not just six months. So, I never took time out for myself. I always thought that everybody who was advising me was right. It was only very recently when I left A&M Records, who I was with for 13 years, that I decided to take a break. I think it was the best thing I've ever done.

What have you been up to since your time off?

I did one album for Atlantic before this one and went out and did a little bit of touring. I supported Stevie Nicks. While I was doing that David Bowie called, we'd been to school together so it wasn't as if we didn't know each other. It was great that he called because he loved my guitar playing on the "Premonition" record and he said "come and do that on one of mine". I said "you got it", so I went and made the record with him. While I was there he asked me to do the tour, I couldn't really say no. To have no responsibility, go out there, blow solos for a year on the road was a luxury I couldn't afford to turn down.

Can you relate some of your experiences you've had with Bowie over the years?

I was always looking up to him because he was four years ahead of me. He was always doing what I hoped to be doing. It was like that until Humble Pie. We did a tour in England called "Changes '69" and he was our special guest under us. He had the number one single in England at the time which was "Space Oddity", we had the #2 which was "Natural Born Boogie", and Dave Edmunds' "Love Sculpture" was #6. It was a pretty intensely packed tour. The last of the big package tours. That was the first time we appeared on the same stage but not at the same time. I think people gave me less credibility than I started out with as a musician because of a few things they may have associated me with, I'm not going to bring them up myself, but there were a couple of mistakes made along the way. I think playing with David again helped put back all the credibility that had been lost. David helped put me back on track and I can never thank him enough for that. He gave me so much more confidence to go back in and do what I've just done and I really feel that this record is the strongest thing that I've done since before the live record.

This new album rocks out more than your last. Had you made a conscious decision to change your writing style?

I think being happy in my personal life, feeling confident in my music and to know that I'm not going to get confused with trying to sound like anybody. I'm going to sit down and write when I feel like it, just like I used to. No one's going to tell me to sound like this person, which they have along the way. I made it sounding like me and not thinking about it. I think sometimes you can start to think about how you should be or how other people think you should be. What turns me on the most is when I sit down and write a song from the heart because it just comes to me. If it don't turn me on then I don't stand a chance that other people are going to like it. I went back to doing what I used to do and enjoying it myself.

You no longer work with demos while recording. What are your new methods?

A demo to me is when I go home and write a song, and I might play it into a machine. I make an eight track demo. I'll say 'it sounds great and I'll finish it up but when I record it for real, it'll sound much better'. When you come to actually do that two months later you make it sound better but it may not have that magic that the first one had. What is that thing? It's a mood about it that you might have strummed upwards when you started the first chord on the demo and now you're strumming downwards and it just doesn't feel the same. People call it 'demoitis'. It's intangible. It's something that can only be explained as a mood that is captured on that first demo when you first wrote the song. I don't put it down that way anymore. I immediately go to my multi-track machine and I put it down in a way that I can improve it if I want to. But I can keep even the first vocal I do or the first rhythm guitar I do. Sometimes you take that away and that's what it is. It's the guitar, whatever it is it's just something that makes you like it.

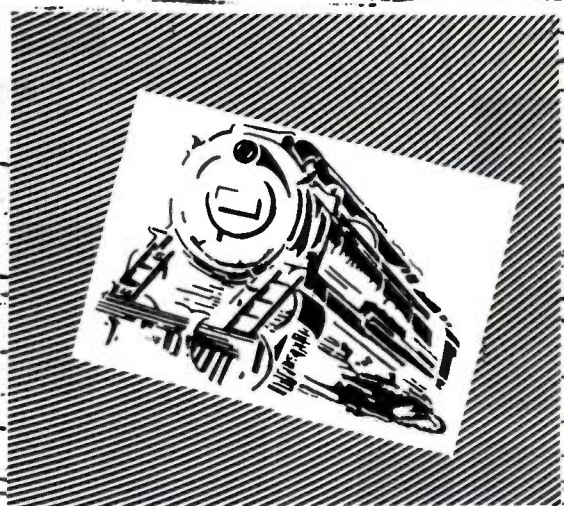

Are you planning a tour?

I love to tour. It's like if I was an actor in films. The only way you get the final release of knowing that people like it is to maybe sneak into a movie theatre and sit in the back row to see how people react to the movie. Unless they go and do theatre and that's what I'm able to do. I'm able to go after I've finished my record. I'm able to play live in front of however many people and I get to know how they feel about it and there's nothing like it. If things go as I would like them to go then I hope to be touring as soon as possible. I would like to do small venues and theatres, large clubs and colleges. I'm going to have a good band. I wouldn't want it any other way, that's the last place you skimp. I've always had a good band, I've prided myself on that. The better the players are, the better I play, good supporting cast.

ROCK REPORT

"Built To Last" is the name of the new **GRATEFUL DEAD** Lp, slated for release on Halloween. Produced by Jerry Garcia and John Cutler, the record contains nine free-flowing Garcia/Robert Hunter tunes guaranteed to warm the hearts of Dead Heads everywhere. The full track listing is as follows: "Foolish Heart" (the first single), "Just A Little Laugh," "Built To Last," "Blow Away," "Standing On The Moon," "Victim Of The Crime," "We Can Run," "Picasso Moon," and "I Will Take You Home."

The Rock Report recently had the pleasure of speaking with **BAD ENGLISH** lead vocalist John Waite while touring the country in support of their smash debut Lp. Waite told us that if he records another next solo Lp it will be totally different from his past works. "If I do any more solo albums, I think I would probably really lean out and do something with a string quartet, or just do a blues album," says Waite. "But I don't think I could find it in myself to do another solo album with bass, guitar and drums -- I'm just not interested, I've done it."

For a taste of one of pop's most underrated artists, check out **"BASHER -- THE BEST OF NICK LOWE"**, just released by Columbia. Known for his prowess as a producer with such acts as **ELVIS COSTELLO** and **PAUL CARRACK**, the collection contains over 28 Lowe gems. "Cruel To Be Kind," "Cracking Up," "I Knew The Bride When She Used To Rock And Roll," "Switchboard Susan," "Heart," "Ragin' Eyes," "So It Goes," "Heart Of The City," and "When I Write The Book" are among the pop treasures included.

Did you know that **PAUL MC CARTNEY** plays the searing lead guitar song on "Taxman"? You'll learn about that and much more in **Beatlesongs**, the name of yet another book on "The Fab Four," just released by Fireside Books. Penned by William Dowling, the book chronicles how each **BEATLE** song was conceived, utilizing extensive research and actual quotes from **JOHN, PAUL, GEORGE** and **RINGO**. In addition, there are three master appendices that cross-reference which Beatle wrote the most songs, which songs were written by the band but recorded by other artists, and a list of unreleased material.

Hailed by critic's as one of the finest female vocalists in pop music, look into "Retrospective" -- a video collection of **ROSEANNE CASH**. Racking up ten #1 singles in her career, "Retrospective" features videos for many of those smash hits -- "I Don't Know Why You Don't Want Me," "Tennessee Flat Top Box," "Runaway Train," "The Way We Make A Broken Heart," "Blue Moon With A Heartache" -- along with a live version of the classic "Seven Year Ache," plus her steamy duet with husband **RODNEY CROWELL** on "It's Such A Small World." Comments from Roseanne about her life and music link the videos. With a running time of 60 minutes, the video retails for \$19.98.

"Breaking Through The B.S." is the title of rock legend **BO DIDDLEY**'s first domestic Lp released in over ten years. Recorded at Diddle's Florida studio, "Big Dad," the Lp -- released through Triple X -- features the guitar slinger delving into the rap world with "Bo Pop Shake," "I Broke The Chain," "Jus' Like Bo," along with soulful tunes like "You Tricked Me." A 1987 Rock and Roll Hall of Fame inductee, you can catch the rock pioneer rocking with the best of them out on his current U.S. tour.

- 10/27/75 **BRUCE SPRINGSTEEN** appears on the covers of *Time* and *Newsweek* simultaneously.
- 10/28/72 "Join Together," by **THE WHO**, is chosen as the official theme of the U.S. Council for World Affairs.
- 10/29/66 **? AND THE MYSTERIANS** "96 Tears" is the #1 single in the U.S.

The Rock Report is provided by Denny Somach Productions, 812 W. Darby Road, Havertown, PA 19083 (215/446-7100). Material compiled by Denny Somach and Ken Sharp and copyright 1989. All rights reserved.

JOE JACKSON played the London dates of his tour over the weekend at Hammersmith Odeon and impressed *News From London* enormously with a very versatile set lasting some two and a quarter hours and including the whole of his current album "Blaze Of Glory" (from which "Down To London" has just been released as a UK single) and newly rearranged versions of Jackson classics like "Stepping Out" and "It's Different For Girls".

ELVIS COSTELLO has a compilation album out next week on Demon Records--and he helped to put it together himself. It's called "Girls + Girls-Girls=\$ & Girls" (we think!) and includes material from the 1976-1986 period. In a press statement, Costello remarks "I must caution against taking it too seriously unless you are considering a career in the legal profession." The compilation is being simultaneously released not just on album, cassette and CD but DAT as well.

News From London now has track details of "Addictions Volume One", the **ROBERT PALMER** compilation due at the end of the month on Island. We were surprised by the inclusion of Palmer's track with The Power Station, "Some Like It Hot", listen as well for a newly remixed version of "Looking For Clues" and the similarly updated first single "Bad Case Of Loving You". The full running order: "Bad Case Of Loving You", "Pride", "You're Gonna Get What's Comin'", "Addicted To Love", "Sweet Lies", "Woke Up Laughing", "Looking For Clues", "Some Guys Have All The Luck", "Some Like It Hot", "What's It Like", "Every Kinda People", "Johnny & Mary", "Simply Irresistible" and "Style Kills". "I'm making a record I'd want to go out and buy", Robert told us earlier in the year.

TRANSVISION VAMP, UK chart regulars over the last year, may be in line for some lucrative sponsorship. They've already signed a deal with Levis, who will back their 30-date UK tour which began on Sunday (15th) in a deal which has the band sporting Levis clothing in promotional posters for the shows, and now it's reported that negotiations are taking place for lead singer Wendy James to sing on a TV ad for Levis jeans.

KATRINA AND THE WAVES will be playing some American dates soon with **SQUEEZE**, who played a London show at the Town & Country Club on Tuesday. Their follow-up to the current single "If It's Love" isn't decided yet, but Glenn Tilbrook tells us: "there are two that are being considered at the moment, "Love Circles" and "She Doesn't Have To Shave". I never know about singles, I'm very bad at choosing them, but they're the two that the record company are talking about."

Drummer **MARK BRZEZICKI** has left Big Country to concentrate on his career as a session drummer for both studio and live work. Disappointing sales for the band's last LP, "Peace In Our Time" led to many rumours that the band have split but their record company, Phonogram, say the remaining three members are now demoing for a new LP and Brzezicki will almost certainly play on it. Meanwhile he's touring with ex-Marillion singer Fish on whose album he has also guested and he's working on new material with his old mate Simon Townshend, brother of Pete.

Irish singer-songwriter **GILBERT O'SULLIVAN** who was immensely popular in the early seventies with hits like "Alone Again (Naturally)", "Clair" and "Get Down" is making a comeback. His new album "In The Key Of G" will be out mid-November with a single "Lost A Friend" released on Monday (10/23).

"Fire On The Ocean" will be **CLIMIE FISHER**'s second single from the second album "Coming In For The Kill". The ballad has been written by Simon Climie, Rob Fisher and Dennis Morgan and produced by the duo with additional production and mixing from Bob Clearmountain. Guest musicians include Neil Taylor, Chester Kamen, Nathan East and Steve Ferrone. The release date is November 6 and a special beat-box mix will feature on the 12".

Ex-Housemartin **NORMAN COOK**, back in the charts with "For Spacious Lies", is keeping his remixing career going with a new "Afro House" mix of "Kazet", out as a single on November 6 from The Mahotella Queens' album "Paris Soweto". The Queens were recently featured on the Art Of Noise single "Yebo".

Not content with a successful European tour, **BLACK SABBATH** are now set to conquer the USSR. Following two shows in Mexico on October 28 and 29, they fly to Russia on November 17 for eight dates in Moscow and seven in Leningrad. They're expecting to play in front of 20,000 at each Moscow show and 18,000 a piece in Leningrad.

THE FAT BOYS are about to release "the world's first rap opera". "On And On" is their sixth album and features 13 tracks taking the Boys on a rap adventure through New York neighbourhoods, with the final track "Rainy, Rainy" featuring Darren "Beat Box" Robinson singing for the first time. The album comes out in Britain on November 6.

"Steely Dan mania" might be putting it a bit strong, but the influence of the much-missed American group is being felt particularly strongly at the moment. US rappers **DE LA SOUL** have the highest new entry in this week's UK singles chart with "Eye Know", which samples heavily from the Steely Dan song "Peg"; saxophone maestro **GROVER WASHINGTON, JR.**'s new Columbia album "Time Out Of Mind" takes its name from the "Gauche" track, which Grover also covers; and Walter Becker is the producer behind the excellent return to form of **RICKIE LEE JONES** on her new LP "Flying Cowboys".

BOBBY BROWN hasn't yet got around to releasing his American smash ballad "Roni" in Britain, but he's about to put that right. It'll be out in November as the follow-up to "Rock Wit'cha". Even before it comes out, Brown has amassed more weeks on the British singles chart in 1989 than anyone else (43) and has had more Top 40 hits than anyone else (five so far).

Katrina Leskanich of **KATRINA AND THE WAVES** tells us that the third single from their current album "Break Of Hearts" is likely to be the ballad "Crush On You", although "Can't Tame My Love" and "Rock Myself To Sleep" are also possibilities. "We're a bit concerned about making these records where everybody has a different favourite single", Katrina says. "It would be easier if we had a record that had four obvious singles and the rest filler".

TERENCE TRENT D'ARBY's first single from the LP "Neither Fish Nor Flesh" will be "This Side Of Love" but it won't be released until next month. D'Arby's alter-ego The Incredible E.G. O'Reilly, who put out "The Birth Of Maudie" as a single last month crops up a few times in the credits on the LP. One mention is for "cardboard box roadie"--the cardboard box in question is among Terence's plethora of weird and wonderful instruments on the album. Interesting to see he has dedicated the LP to Muhammed Ali, Brian Wilson, his daughter Seraphina "and the students of China in the long hot summer of Blood and Broken Dreams, 1989".

Fans of British blues and R&B music will be delighting in the news that **THE CRAWDADDY CLUB** is reopening at the end of the month. The club, in Richmond in south London, made its name in the 60s as the venue for up-and-coming British groups like the Rolling Stones and the Yardbirds, comes back to life with an opening night bill featuring, appropriately, ex-Yardbirds drummer Jim McCarty and guitarist "Top" Topham.

JULIA FORDHAM, meanwhile, has signed a sponsorship deal with Atari whose keyboards she uses on tour. The Corporation is sponsoring the singer's UK dates which start on October 25 and say they chose Fordham because her audience consists of "the more perceptive adult...technically minded and intelligent; just the sort of people to be impressed by the Atari computer range". Whatever happened to good old-fashioned enjoyment of music for its own sake?

After a disappointing performance in the UK chart for **THE ALARM**'s "Sold Me Down The River", the band swiftly follow it up here with "A New South Wales" which features the Morriston Orpheus Male Voice Choir and members of the Welsh Symphony Orchestra. The release on October 23 coincides with the band's London dates.

LEVEL 42's "Level Best" compilation, coming early in November, shapes up like this: "Running In The Family", "The Sun Goes Down (Living It Up)", "Something About You", "Tracie", "Starchild", "It's Over", "Hot Water", "Microkid" and "Take A Look", "Take Care Of Yourself", "Heaven In Your Hands", "Children Say", "Love Games", "The Chinese Way", "Leaving Me Now", "Lessons In Love", "To Be With You Again" and "The Chant Has Begun". The last two songs on each side are included on the cassette and CD but not the album version.

One of the great delights of the year so far was the American top 10 crossover success of the **JEFF HEALEY BAND** via "Angel Eyes". The song missed out in Britain, despite two attempts by Arista Records, but they'll look to spread the word on Healey with the release of "When The Night Comes Falling From The Sky", timed to coincide with the UK appearance of the "Road House" movie in which it appears.

Due from FFRR Records on November 6 is "Captain Swing", the new album by **MICHELLE SHOCKED**, featuring her single "Greener Side".

TIMBUK3 will embark on an acoustic tour of Europe with a London date on November 29 and a promo single called "National Holiday" doing the rounds.

For an incredible sixth week in a row, there was a new entry at number one on the British album chart, "Enjoy Yourself" by **KYLIE MINOGUE** replacing last week's champion, "Crossroads" by **TRACY CHAPMAN**. And there were five more new entries in the Top 20, **LIZA MINNELLI** the highest at six with "Results", **JESUS & MARY CHAIN** new at 11 with "Automatic", **THE BLUE NILE** returning at 12 with "Hats" (a dramatic improvement on their 1984 debut "A Walk Across The Rooftops" which peaked at number 80) and **JULIA FORDHAM** at 13 with "Porcelain". **NEIL YOUNG** had a good first week, appearing at 17 with "Freedom". **CUMIE FISHER** were new at 35 with "Coming In For The Kill", rapper **ICE-I** at 42 with "The Iceberg/Freedom Of Speech" and **DAVID BYRNE** at 52 with "Rei Momo". There was a cautious entry at 53 for the once-invincible **FIVE STAR's** "Greatest Hits", **RANDY CRAWFORD** came on at 63 with "Rich And Poor" and down in the basement, **CLAYTOWN TROUPE** edged in at 72 with "Through The Veil" and **BONFIRE** at 74 with "Point Blank".

POISON: Bruce Fairbairn plans to begin producing Poison's third album next month at his studio in Vancouver, where he did **AEROSMITH's** "Pump."

TORA TORA: Tora Tora started a 40-city tour with **L.A. GUNS**. One writer has already called Tora Tora "probably the hottest thing to come out of Memphis since **ELVIS PRESLEY**."

STANLEY TURRENTINE: Tenor sax player Stanley Turrentine is in critical condition in a Pittsburgh hospital suffering from pulmonary edema. Turrentine, who has a Top 15 jazz album, "La Place," has a history of heart problems, but he is expected to pull through.

ELTON JOHN: Elton John is the latest to fall victim to the soft pay-per-view market for rock on TV. His show from Miami for October 13th was cancelled. The official reason given was insurmountable, last minute, contractual obligations.

THE HOOTERS: The Hooters are trying out songs from their upcoming album, "Zig Zag," while opening **STEVIE NICKS'** concerts.

SQUEEZE: **STING** stopped by a Washington D.C. club where Squeeze's Chris Difford and Glenn Tilbrook were playing a set, and joined the pair to sing "Tempted." He stopped by after his performance in "The Three Penny Opera," and some of the other cast members were there for the show as well.

FLEETWOOD MAC: When he's on break from his duties with Fleetwood Mac, Mick Fleetwood has been appearing at various Los Angeles clubs with a new band, **THE BIG TOWN PLAYBOYS**.

JEFF BAXTER: Former **STEELY DAN** and **DOOBIE BROTHERS** member Jeff Baxter is putting together a band to record an album for Columbia Records next year.

EXTRA SECURITY TO KEEP DRUG BEARING FANS AWAY

FROM AEROSMITH: Aerosmith started their first tour of Europe in 12 years in Cologne, Germany, under beefed-up security. Management has hired extra bodyguards to keep people away who are fascinated with the group's previous drug abuse notoriety and who may want to offer drugs to the sober band as a way of getting close to them. **STEVEN TYLER** jokes, "We used to snort half of Peru and it would take a year and a half to do a record. Now we put our nose to the grindstone." Aerosmith hopes to play a concert at a strip joint in Paris' Moulin Rouge district. Tyler says they'd be honored to share the stage with some of them because "strippers are the true artists of any generation."

NYLONS HOLDING AUDITIONS IN THREE AREAS FOR NEW

MEMBER: The Nylons are getting six to eight tapes a day from singers hoping to replace Paul Cooper. The a capella group will hold auditions in their hometown of Toronto, in Minneapolis, and on the west coast before making a final decision about a replacement for the baritone, after the first of the year. The Nylons' manager, Wayne Thompson, says Cooper is leaving because he's tired of the road after only 160 one-nighters a year for the past eight years! The group has dates booked into early August, but Cooper plans to leave at the end of March. One of the first things his replacement will get to do is record a Christmas album, which The Nylons have penciled in for next June.

STEVIE WONDER TO DONATE SONG ROYALTIES TO UNICEF:

Stevie Wonder will donate the royalties from his new song, "Parents Of The World," to UNICEF. He is to premiere the song in Tokyo at the World Popular Song Festival this month. Wonder also says he'll perform in mid-December at an event celebrating the 80th anniversary of the National Association for the Advancement of Colored People.

B.B. KING PLAYS A DIFFERENT "LUCILLE" ON "PEANUTS"

ALBUM: Well, it's not exactly the "Lucille" B.B. King is used to, but the guitarist has contributed music to the new album, "Happy Anniversary, Charlie Brown," and will participate in the half-time entertainment at the Super Bowl doing "Linus And Lucy." King is joined on the album celebrating "Peanuts" 40th anniversary by **KENNY G**, **PATTI AUSTIN**, **DAVE BRUBECK**, **CHICK COREA**, **JOE WILLIAMS**, **GERRY MULLIGAN**, **LEE RITENOUR** and Oscar winner **DAVE GRUSIN**. They do versions of the late **VINCE GUARALDI's** music for the various Charlie Brown TV Specials, as well as originals written by Grusin and Brubeck. The album came out on October 17th and with 300,000 advance orders, GRP Records claims it's already the biggest in its history. In fact it's going to well, the company is planning a "Garfield" album for next fall.

BELINDA CARLISLE'S ROLE IN "sex, lies and videotape":

If it hadn't been for Belinda Carlisle, the film "sex, lies and videotape" might not have been made. Carlisle is the wife of producer Morgan Mason, son of the late actor James Mason. "The acid test was whether my wife, who never reads scripts, would like it," Mason says. "So I asked her to read the first five pages to see if she got bored. After reading it, she told me I had to get it made."

DARIN'S ESTATE SUES OVER MC DONALD'S COMMERCIAL:

BOBBY DARIN's heirs have filed suit against McDonald's over the "Mac Tonight" commercials. Lawyers for the late singer's only child and the Darin Trust Fund claim that his version of "Mack The Knife" was chosen to imitate over those by other artists who have recorded the song because his was the best-selling record of 1959. The Darin family says the campaign falsely implies their endorsement, damages their interests in the song, and does not compensate them for use of their property. The suit, filed in U.S. District Court in Los Angeles, asks for \$100,000 in actual damages, an injunction against further use of the sound-alike, and \$10 million in punitive damages. Darin will be posthumously inducted into the Rock 'n' Roll Hall of Fame in New York in January, and there are plans to make a feature film about him.

CHICAGO TOUR WINDING UP; GREATEST HITS II DUE:

Chicago is just back from a Far East tour and Robert Lamm says two concerts they played at a park in Taipei, the capital city of Taiwan, were "the most frightening in Chicago's history." Lamm says a concert had never before been held in Rainbow Park where they played for 10,000 people each night. He says their road crew had to work with the venue's staff to make sure the stage was sturdy enough. "Our nerves were frazzled during the whole show," says Lamm. "There was always that thought in the back of our minds that the stage was going to cave in. We were sweating the whole way through." Lamm added that the audiences there are not at all reserved, either. "Security guards were having a tough time holding up the barricades from the fans who were creating a crush near the front of the stage. There was a great wild energy," he said. Lamm and company will have

a new single out October 31st called "What Kind Of Man Would I Be?" It's from a "Greatest Hits 1982 To 1989" collection that will be out November 14th. Their tour with the **BEACH BOYS** ends November 6th. Chicago plans to go back into the studio early in 1990 to start a new album. Bill Champlin, meanwhile, will have his solo album released on Capitol Records.

MOTLEY CRUE: Motley Crue warmed up for their tour by playing a surprise club gig in Los Angeles. Four hundred fans got in to see them at the Whisky. A spokesperson said the band with the #1 album, "Dr. Feelgood," was getting "back to their roots."

DRUG TRIAL ON BON JOVI MANAGER OPENS: The trial of the manager of Bon Jovi, **SKID ROW** and **THE SCORPIONS**, is set to open in Lafayette, Louisiana. But since manager Doc McGhee is only one of the 170 people going on trial on drug charges, it's not known if he'll be in the first group of 30 to be tried. The trial will be the largest ever in the state's history. It took 30 days and \$100,000 to renovate the Federal Courthouse there to accommodate all the defendants and their lawyers at one time. If convicted, McGhee, who has already pleaded guilty to drug smuggling charges in North Carolina, faces a 150 year prison sentence and \$400,000 in fines. He is accused of being part of a ring that imported 1.28 million pounds of marijuana into the country from 1982 through 1984. McGhee produced the anti-drug "Make A Difference" concert in Moscow last August.

HUNTER/RONSON: The **IAN HUNTER/MICK RONSON BAND** began rehearsals in Toronto for their tour, which begins the first of November. They already toured once last fall with the same band and material on their new album, but they do need to break in a new drummer.

THE CHURCH: The Church is currently in the studio working on their follow-up to "Starfish." Meanwhile, Rykodisc is releasing **MARTY WILLSON-PIPER**'s second American solo album, "Rhyme." He recorded the 12 songs last January in Stockholm, Sweden.

IMPACT OF G N' R ON STONES' L.A. TICKET SALES: Some are crediting **GUNS N' ROSES** with selling as many as 20 to 40 percent of the 275,000 tickets to their Los Angeles concerts with the **ROLLING STONES**. One promoter not involved with the Stones tour told the L.A. Times that the band needed some "insurance" after watching **THE WHO** fail to sell out a single show at the same place, the L.A. Coliseum. The promoter claims that on their own, the Stones could have sold out two coliseum shows, but with Guns N' Roses, they guaranteed themselves a third date, and enabled promoters to add a fourth. The Stones' business manager who is one of the producers of their tour, denied that strategy was used. He called Guns N' Roses the "icing on the cake" for fans. He also noted, "historically the Stones have given fans in certain markets a substantial, multi-act show. Prince opened for them in L.A. last time (and was booed), **VAN HALEN** in New Orleans and **ZZ TOP** in Texas. Guns N' Roses is simply in that tradition." The L.A. shows are the only ones with the Stones and G N' R.

TV SHOW, MORE TOURING, POSSIBLE RECORD FOR ALL-STARR BAND: A TV show and a live album resulted from **RINGO STARR**'s summer tour with the All-Starr Band. Starr's manager says he hopes to have the album released on a label that will put out a studio Lp by the All-Starr Band at a later date. The line-up left for a Japanese tour, and they're planning a European tour next spring.

GRAHAM NASH DOING NEW MUSIC, TALK SHOW, "THE RING": Graham Nash taped his first talk show for D.I.R. Broadcasting, airing on cable. The issue-oriented show, called "The Ring," will mix music of celebrity guests with their views on such topics as the environment and world wildlife. There are plans for a series of 13 shows. The ever-controversial **GRACE SLICK**, one of the first guests to be booked, is bound to raise some eyebrows with what she's planning to talk about: the death penalty. "If somebody is convicted of killing someone," says Slick, "instead of killing them, they should automatically become medical experiments instead of using animals. It's stupid to use a rabbit because everything about them is different," explains Slick, "so why not just use human beings?" Slick says most capital crimes are crimes of passion and people might think twice before shooting their wife or husband if they didn't know what would become of them if they were convicted. She says, "It's not a matter of life imprisonment or a death sentence. It's a matter of you may go to the University of California and they may cut four of your fingers off and sew 'em back on, just to find out if it works. Or, you may go to Revlon and they'll put stuff in your eyes for a month to find out if it makes you go blind. Who knows? You're an automatic experiment."

PRINCE, JAGGER GET HIGHEST BIDS AT L.A. AIDS AUCTION:

The costume worn by Prince on his "Lovesexy" tour brought the highest bid at the National Academy of Recording Arts and Sciences auction for AIDS in Los Angeles. The turquoise, black and blue costume with a mirrored heart over the left breast went for \$5,000. A cape from **MICK JAGGER** fetched \$4200. About 250 people attended the auction. The costume **ELTON JOHN** wore when he received his Hollywood star went for \$3,000; **MADONNA**'s bustier was a steal at \$600; a shirt from **ELVIS** fetched \$2600; and **STEVIE WONDER**'s Yamaha DX7 synthesizer went for \$1300. A NARAS spokesperson felt the event really helped raise consciousness about AIDS, and evidence may be that **EDDIE MURPHY**, known for his homophobic tirades about gays and AIDS, donated a suede suit, which went for \$250. But the auction left some wondering what **DAVID CASSIDY** plans to do with that autographed pair of **CHAKA KHAN**'s leopard skin hip boots that he bought for \$300! Organizers say they should know the total amount raised soon.

QUESTION of the WEEK

Has the FCC's ongoing crackdown on obscenity (last week they fined WLLZ, Detroit for playing "Walk With An Erection") caused you to take a closer look at lyrics in your library? Is the FCC obsessed with obscenity? What was the most obscene thing you've done on the air, or had done to you?

REDBEARD, KTXQ/DALLAS:

"No, the thought never occurred to me...No, the FCC does not generate complaints or instigate censorship. However, some rabid rightwing, special interest groups led by Tipper Gore and Jerry Falwell are obsessed with denying Americans the right to listen to your choice of rock and roll...The most obscene thing

I've done on the air was appearing on the PBS program 'Washington Journal', debating this very issue with Tipper Gore. It could have black-balled my reputation as a free-thinking Jeffersonian constitutionalist."

BOB ELY, KILO/COLORADO SPRINGS:

"The new 'safe radio' FCC has not affected what we play or when we play it. We've always had standards that work for us and apparently for the FCC. It does seem that the big dogs are obsessed with protecting listeners from obscenity that many want to hear. Some stations have had great success with 'Language On The Edge'. Somebody is listening...The FCC too serious? Probably. Maybe it's just me, but if I hear radio I don't like, for whatever reason, I find something else. That's what it's all about anyway, a choice."

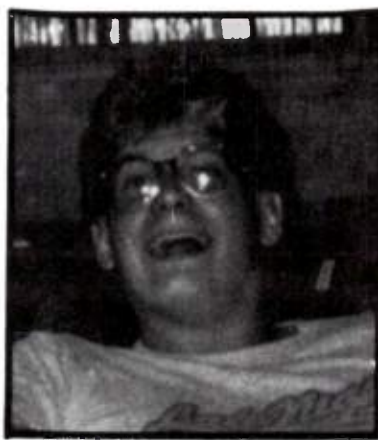

LEE RANDALL, WDIZ/ORLANDO:

"No, we've never had any questionable lyrics to begin with. We are, however, more closely policing the morning show songs since they produce original stuff. But for the most part our music and verbal content are PG...I think the FCC is shooting with a blindfold on when it comes to obscenity.

They need to get in, pick apart the decent/indecant area and come up with a clearer definition, leave innuendo alone and get down to the blatant violations. There are probably over 500 stations that played 'Walk With An Erection', so why just single one station out. And lastly, has the FCC seen the Fox Network lately?"

SLATS, WKDF/NASHVILLE:

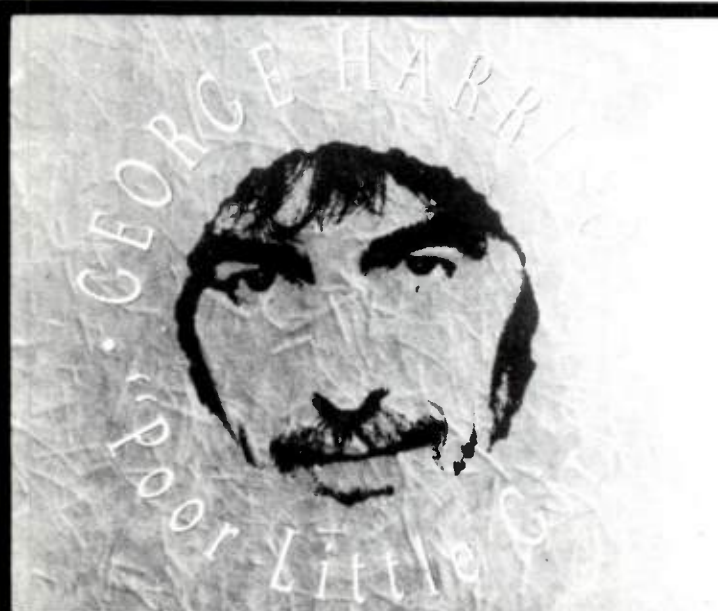

"The recent ruling hasn't necessarily caused us to look at the songs so much as to the on-air content. Currently, there is a coalition of folks who have formed an organization to 'clean up' Nashville's airwaves. The CHR here aired a bit of a 15-year-old girl gettin' hosed by a German Shepherd that upset a few advertisers and

launched this probe. What resulted was a definitive loss of revenue, four solid weeks of TV and print coverage not to mention a huge increase of cume to hear what's gonna happen next...Yes, Chairman Sikes is obsessed with indecency because they feel they have lost control. Back when he worked, Ozzy and Harriet was cool to listen to and with personalities that fly wide open thru all dayparts, I don't think he quite knows what to do. If Roseanne can hum on bananas at 8 EDT, when I'm 50 I'd love to walk with an erection...I've been fortunate, when someone wants to mess with me, I'll trade with 'em and usually they'll get frustrated and hang up, but when I was doing nights at KEZO/Omaha in '84, Jesse Jackson stayed with

a farm family just outside Lincoln. While campaigning for the presidency, I was able to get the phone number of the residence thru a listener from Midwestern Bell. When I called, this 60-year-old woman answered and I told her that if Jesse wasn't gone at midnight, we'd show up with our pick-ups, burn a dozen crosses on her yard and blow up her house. The cops came over and guarded the place and none of them knew it was me calling from 50 miles away."

RADIO ACTION

WMMR, PHILADELPHIA MD-ERIN RILEY:

"I just love Lou Gramm's new song. In fact, I was singing along somewhere in the middle of the first listen. He's one of the best singers out there. Right up there with John Waite who, with his band Bad English, knocked everyone's socks off this past weekend. It started out at 85 degrees in the club, and by the time the band left the stage it was over 100 degrees...Right now I'm having the extreme pleasure of listening to the best Billy Joel album in years. Rock and roll from beginning to end. That's what I like to hear."

KTXQ, DALLAS APD/MD-REDBEARD:

"Our congratulations to PD Andy Lockridge and his wife Kelly on the birth of a new baby girl. Abbey Eleanor, clocked in at 8 lbs, 7 oz on October 11. This is their third baby girl, and Kelly hit her due date the first two times and missed her date by only about nine hours this time. Has she been this punctual all her life?...In other station news, we're sorry to report that we are not changing formats, we haven't blown anybody out or changed consultants and therefore I guess we won't get any ink in the trades this week. But here are some interesting numbers from the Summer Arbitron: 18+ Adults - KTXQ 4.0; KZPS (Classic Rock) 3.1; KEG (Rock 40) 3.6; KHYI (Pure CHR) 2.8; KZEW 1.7. 18-34 Adults - KTXQ 8.1 (#1); KEG 6.6 (#2); KHYI 5.7 (#3); KZPS 5.4 (#4); KZEW 3.6. Men 25-54 - KTXQ 5.6; KZPS 5.4; KEG 2.8; KZEW 2.5. We beat Classic Rock, a direct AOR competitor, and two CHRs and we did it with 50% current music."

WCMF, ROCHESTER APD/MD-DAVE KANE:

"Well, I see the Dead are still doing it as only they can. 'Foolish Heart' is definitely a quintessential Dead tune, and the only thing I hate about new Dead songs is that the Deadheads come crawling out of the woodwork and annoy the shit out of you...Tesla remains our most successful new band in terms of requests and research...Second to them is Great White, and we just happen to have an upcoming concert with both bands which should be spectacular!...Tangier's 'Southbound Train' seems to be right on track. They're a band we expect to do well for us for a while...Large thanks to Geffen's Mark DiDia and Kevin Rabat for duty above and beyond!"

KBCO, BOULDER APD/MD-DOUG CLIFTON:

"Still seems to be lots of interest in George Harrison after the success of 'Cloud Nine' and the Traveling Wilburys project. We also had to take a look at the success of 'Cheer Down' from the 'Lethal Weapon' Soundtrack, and that was enough for us to give 'Poor Little Girl' a shot. It's more than just a throwaway track on a best-of collection...Another one of those records that's been on the bubble makes it on this week's add list. Michael Penn has been under consideration since it was on our new music show. 'Brave New World' works best for us for starters, but there is plenty of depth to this release. Sit down and give it a close

listen...Paul Carrack is good whether he's working with another band or doing it solo. The single is a great CHR song - the album provides us with several better choices for Album Radio. 'I'm On Your Tail' was the unanimous choice!...And then there's the Grateful Dead. #1 Phones the first week out, of course. Deadheads are anxiously awaiting Halloween for the full album. I'm told by several Deadheads that this new song, 'Foolish Heart', isn't something that's been played live for the last ten years. I'm sure they'll be quite happy with the tricks and treats the Dead will have to offer next week!...We've gone to a second track from Winter Hours, 'Roadside Flowers'...B-52's switches to 'Channel 2'-Replacing 'Painting By Number' from McMurtry's 'I'm Not From Here'...The Daniel Lanois get a second track added full time, 'Still Water'...To freshen up the Stones currents we've added 'Almost Hear You Sigh' and 'Can't Be Seen'...Requests: The Dead are tops. Close behind in second it's The The. John Lee Hooker still in the Top 5 with 'I'm In The Mood'. Melissa Etheridge is hanging on in four with Stevie Ray Vaughan rounding out the Top 5. Also doing well: James McMurtry, B-52's, Lenny Kravitz, Winter Hours and Jimmy Cliff...Thanks to Jeff Patton for turning me on to the crazy world of 'Fish Heads'. Radiators rule! They proved it with two Sold Out shows at the Boulder Theater...Ski season in Colorado officially starts this coming weekend!"

WBRU, PROVIDENCE MD-KARYN BRYANT:

"This week local heroes Bop (Harvey) are releasing their disc 'Bread And Circuses', so look for it soon. They are a really great ska-world, beat-reggae band, so don't let this one pass you by!...I haven't got too much else to say this week: the new Psych Furs is really cool, as is Peter Himmelman. Animal Logic and The J+M Chain are two more fine records which need to be heard by everyone!"

WBCN, BOSTON MD-CARTER ALAN:

"WBCN would like to thank Reprise Records and Ocean Blue for making our free lunchtime show with the band such a success. WBCN filled the Channel with interested new music listeners for the Pennsylvania group. 'Between Something And Nothing' has become a big 'BCN hit and a fine breath of fresh air whenever it's played...Another strong performer on the air has been 'I Don't Want A Lover' from Texas. Although most of the album stations have ignored this band or moved on to the second track, we've hung in there and the song has become a local hit. To celebrate, WBCN broadcast the debut performance of Texas in Boston at a club called Nightstage. Thanks to Mercury and Texas for making it such an exciting success...Talking about success, we managed to pack nearly 5,000 people into the Boston Garden to hear eight local bands perform at our annual Rock Of Boston showcase. We hung a curtain across the Garden to create a club atmosphere and allowed all ages to attend. Five of the acts, The Del Fuegos, Treat Her Right, Heretix, The Walkers and The Jones, have contracts with major labels. Two other bands, Kid Crash and Scruffy The Cat, have impressive independent records. The Neighborhoods headlined the night and brought Brad Whitford of Aerosmith on stage to play some songs from the new Hoods album he produced. The band also performed 'Moving Out' and 'Walk In The Dark' from the first Aerosmith album. Then Brad Delp, lead singer of the band Boston, stepped on stage to help the band play 'Long Tall Sally', Led Zeppelin's 'Communication Breakdown' and his own hit, 'Rock And Roll Band'. The supersession brought the crowd to its feet and earned the event a page in Boston rock and roll history."

KISW, SEATTLE MD-MIKE JONES:

"Outta-the-box this week are the Grateful Dead, Lou Gramm and Joe Satriani...On the phones, Neil Young surges to Top 5 with 'Rockin' In The Free World'. Bonham is still #1, followed by Motley Crue 'Dr. Feelgood', Soundgarden 'Loud Love', and Aerosmith 'Janie's Got A Gun'...R.E.M. left me in a stupor with their live show in the Coliseum. Michael Stipe has evolved into one of the most charismatic, enchanting frontmen in rock, and he was genuinely friendly and open backstage. Artsy and entertaining, R.E.M. managed to bridge the chasm between their intimate, introspective songs and an audience ten thousand strong. Bravo!...Current personal passion: Mudhoney, a Seattle band on Sub Pop Records. Massive in Europe, their new album will launch a breakthrough."

WKDF, NASHVILLE MD-SLATS:

"A double for Atlantic. Lou Gramm has one of the most recognizable voices around...And this Fiona smokes. I want to stick my nose in her belly button and be her lawn doctor...Can't go wrong with Billy Joel. The piano ballad is pretty strong too...Promo Item of the Week: That train from Atco. Every time a sales dude comes into my office, choo-choo!...FROM APD - LISA WALKER (aka STEVIE): Records generating big response in the last week: Bad English 'Smile', Bonham, Giant, and curiosity about D.A.D has really picked up...Nashville just cannot get enough of the Petty tracks we're playing - 'Dream' and 'Free'

Fallin'...I'm still recovering from a big all-football weekend up north where we checked out the Giants at the Meadowlands and saw the S.U. slaughter at the Dome. I do miss my Giants but the U.T. The whole incident was the talk of Nashville over the weekend and it gave our jocks a chance to show their 'human' side with Slats even going on-air saying how drugs may have been cool when he was a teen, but not anymore...'KDF's Ten Thousand Dollar Thursdays return -- every Thursday of the Book!...Congrats to Bruce Moser and his wife on their latest 'add', and all the best to Jeff Gillis who's taking over the promo held at 'PYX106. WDRE, LONG ISLAND MC-MALIBU SUE, ROB

GREENBAUM: "A look over the past month indicates there was an incredible amount of activity inside and outside of WDRE. First of all, 92.7 Day was amazing. Deborah Harry, The Mighty Lemon Drops and the Ocean Blue all put on great performances. Erasure, Joey Ramone and the WDRE air staff were gracious hosts. Arthur Baker and The Innocence Mission stopped in...The Jesus And Mary Chain and Kurt from Tears For Fears stopped by the station to talk about their new records...Some shows that came through the area that were beyond belief of being incredible were: The Bad Brains, Texas, Lenny Kravitz and The Pogues...Some brilliant new music that is out there is the new Kate Bush, The Hangman's Beautiful Daughters, Deborah Harry, Pale Saints and the Psychedelic Furs...The WDRE Radio Concert series is now in full swing every Sunday night...Some past concerts have been the Wonder Stuff, F.Y.C., The Pixies and The Mighty Lemon Drops, and the Ocean Blue...I hope everyone saw the 10/16 showing of 21 Jump Street featuring the music of Concrete Blonde...Some quick

thanks go out to Seymour Stein, Howie Klein, Peter Standish and Hillary Scribner and everyone at Sire/Reprise and Record World/Square Circle for making 92.7 Day happen; Eric Hodge from Mercury for bringing up to the station Kurt from Tears For Fears; Lisa at Caroline for the Bad Brain tickets; John Dimaio at Relativity for a hangover from hell, and Charlie from I.R.S. for hanging out at The Cactus. Did we forget anyone? Well, if we did, thanks!!...Don't forget Alien Sex Fiend at the Lime Light on October 29."

WDVE, PITTSBURGH AMD-ANTHONY

ALFONSI: "Thanks to Don Joseph of Atlantic for his help with Badlands, and thanks to Jack Snyder of Capitol for his help with Great White and to Kevin Rabat of Geffen for his help with Tesla. Extra special thanks to Fiona for a pleasant evening."

WXRT, CHICAGO MD-LIN BREHMER:

"In the long-storied history of WXRT, there have been few events to compare with our live broadcast of Melissa Etheridge last Friday night. Her five Park West shows sold-out so quickly, everyone agreed the intimacy of a club setting was a luxury Melissa can no longer afford. With the demand for tickets beyond the pitch of fever, our live broadcast generated so much excitement, good will and applause that our gratitude to Bill Leopold, Island Records, and Melissa cannot be easily expressed. Melissa Etheridge left Chicago in ashes and we were glad to help...James McMurtry opened for Nanci Griffith at the Park West last night and made a deep impression on the audience. David Bromberg accompanied James on guitar and the live version of 'Too Long In The Wasteland' provided some sonic twists on one of the best rock songs of 1989. It's kind of exciting to watch the development of this future superstar...I've seen Peter Dinklage in concert. Don't let his thoughtful, relaxed demeanor mislead you. Onstage, he's a performer you might compare to Springsteen. '245 Days' is a genuinely compelling piece of work."

WTPA, HARRISBURG APD-CHRIS JAMES:

"The BIG story of the week is Kix. 'Don't Close Your Eyes' jumps to #1 phones after just one week in heavy. These guys are probably the best kept secret in rock 'n roll. We've been playing them for the last six years, and it's nice to see the rest of the country realizing what a huge band these guys could be. If you really want to be convinced, go see them live...The other HOT item on the phones this week was the Flies On Fire record. That raw rock 'n roll sound has always done well here, but Top 10 phones after one week in medium is the sure sign of something big brewing. It's like Thorogood meets the Georgia Satellites. ...Speaking of which, how about their new one? This is the record CSN wish they'd put out! The harmonies are amazing, and the hook may not be some big crunch thing, but it grabs you...We love the new Satriani, as well. This guy is an automatic for us. He has performed extremely well in the past, and the new track is his best yet. I call it ZZ-Zeppelin. The hooks and guitar riffs in this could make this track destined to be a classic...As of this writing, the Animal Logic has gotten three spins on-the-air and it looks like it may be a contender for Top 10 phones next week. Don't overlook what could be one of the best sounding and testing tracks of the year...Finally, let me go on one more time about our hometown sensation, Hybrid Ice. The band is now managed by Platinum Music. The same guys that have Paula Abdul. There are a few major labels looking at the band this week. Please give this a serious consideration. Their second album has sold over 100,000 records and is still going strong. I ask you, couldn't you use a band that's going to yield revenue like that? Besides, they're better than some of the shit I get sent...That is all!"

WKRR, GREENSBORO MD-JOHN AMBERG:

"Great new tunes out from Lou Gramm and George Harrison! Lou has one of the most distinct voices around, and he can really go to town on a mid-tempo ballad like 'Just Between You & Me'. Harrison and Jeff Lynne could make pop records in their sleep. This one has that classic Harrison slide guitar and Lynne's ever-present Beatles feel. 'Poor Little Girl' is a winner!...Billy Joel's new album sounded great on first impression. I get the feeling it will sound better and better with each new listen. 'That's Not Her Style' is an automatic. Check out 'Shameless' and 'I Go To Extremes'. This is one deep album from an AOR mainstay...My heart goes out to the unfortunate earthquake victims in the Bay area. But for Giant fans, take heed: At least you found one sure way to stop Ricky Henderson!"

WWRX, WESTERLY MD-JIM MC GUINN:

"Oh, apartment hunting we go! Quickly getting sick of commuting 45 minutes from my beach house in Westerly, home of our old studios, to Warwick, home of our new studios, just five minutes from Providence. Brand new equipment, brand new job for me, too--into my third week at Morning Drive (missing Overnights like a hole in the head!) New phone number for music calls is 401-732-4903. I'll be around M-Th 10AM-Noon. Yowza!"

WGIR-FM, MANCHESTER MD-KAREN

ANDERSEN SMALL: "Paul Carrack's new record fits right into ROCK 101's groove with a tune that's gonna be a multi-format hit! It's been too long since Carrack had a berth at the Top of the charts...The word that immediately comes to mind about Rickie Lee Jones 'Satellite' is 'stylish'. This one doesn't fit right into an identifiable album radio mold but it's hard to deny the quality and adult appeal of this song--quality can't help but work!...Tesla's 'Love Song' is getting phone action. If you have a ROCK 40 or CHR in your neck of the woods, this one will work for you before it works for them, get to it!...I can see where there might be some listener confusion with the Fiona/Winger record. So far, however, the requests here at ROCK 101 for 'Everything You Do' are coming in for Fiona."

WWCT, PEORIA APD/MD-MARK BRETSCHE:

"A big thank you to Jay Hart, John Souchack, and Andy Allen of Island Records for the Melissa Etheridge show in Chicago Saturday night. Her sophomore effort is definitely as strong, if not stronger, than her debut...Retail and requests are continuing to be strong on The Call. 'You Run' is a perfect follow-up track."

WRCN, LONG ISLAND PD/MD-TOM

CALDERONE: "What a week for adds! The most impressive is the debut of Lenny Kravitz. Look up 'singer/songwriter' in the dictionary--his picture will be there! This is another record that will score you 25+. Your trendy's, your

women, your tie-dye, your yuppie, and those who still care about lyrics. Give it a shot. Let's face it, the typical AOR playlist has every core act in the history of AOR. Here's your chance to throw in something fresh. 'Let Love Rule!'"

WONE, AKRON MD-J.D.:

"Our Show-Us You're W-ONE Campaign continues forward until the end of the month. Once again we're asking our listeners to 'show off' our call letters to the most people in the most creative way. The grand prize is \$10,000 and first prize is roundtrip airfare, hotel accommodations, plus spending money for two to the sandy beaches of Hawaii...Special thanks to Jimmy Messina for stopping in last week and spending the entire noon hour spinning and playing some of his favorites. It certainly was a pleasure...Also, thanks to RCA's Chris Hensley for bringing Jimmy by...Thank you also to Mercury's Jimmy Fay for bringing by up-and-coming-artist Robin Beck. Not only is this gal an absolute doll, but her record 'Save Up All Your Tears' is a killer!"

WIOT, TOLEDO MD-MICHAEL YOUNG:

"The Sports Arena was rockin' once again. Although Great White had to cancel due to an injury, suffered by Jack Russell, Tesla and Badlands tore it up with a near sold-out Glass City crowd. A big THANK YOU to Kim Langberker of Atlantic, Justin Fontaine of Geffen, and Chuck Swaney of Capitol, for all their hospitality. Keep on snappin'!...The golden fingers of Joe Satriani grace the airwaves once again and this time he does a little singin'--Singing that sounds like thunder from the sky. 'Big Bad Moon' is nothing short of a lightning bolt going through your body. It's great to see Joe take a chance with the vocals, and to be honest, I think it works. Nice job!...I loved The Smithereens' first record but I wasn't too hot about their second and I felt that they were just a flash-in-the-pan band. Not so, my friend! The new single 'A Girl Like You' has all the power and energy the band showed on the debut. Let this track work for you, there's a bigger Smithereen-following than you think!...Then there's the new Lou Gramm. How can you go wrong with one of the most distinct voices in R&R? It's a great daytime record and it appeals to everyone. Give it a listen and I'm sure you'll agree."

KMJX, LITTLE ROCK MD-DAVID ALLEN ROSS:

"Magic 105 welcomes Billy Squier, Blue Murder and King's X to town November 10th. This show is gonna kick ass!...I had a big weekend in Dallas, thanx to Bubba Wayne and Ronnie Raphael. I got to meet Lee Abrams, and partied with Barry Griffin, Bonnie Stacey, Meredith Hayes, Michael Scurlock, and Chaz Mixon of KZEW (Happy Birthday CHAZ)...I caught Lord Tracy at The Basement, and these guys smoke. Check out their song 'Out With The Boys'."

WPYX, ALBANY MD-JOE MOSS:

"The Dead's 'Foolish Heart' gets an out-of-the-box add, with Top 5 phones within days. A great song we first heard them play live during a 'PYX Live Dead Concert broadcast in 1988. Shades of Terrapin...Another great 'PYX concert event is in the books as Bad English pumped up a Sold-Out crowd last week. Thanks to Terry Coen from Epic, and the band's Jonathan Cain for stopping by the studios for a chat before the gig...Paul Carrack's 'Live By The Groove' is shakin' up woofers and tweeters in Capitaland...Georgia Satellites 'Another Chance' is a great song, and perfect for those upper demos...Billy Joel's 'Storm Front' is anything but cloudy. Starting with the raveup 'That's Not Her Style', it's great to hear Billy back and rockin' again!...Lou Gramm is back with a beautiful crossover hit in 'Just Between You And Me' that should be a hot request item soon...Even though I've only heard a slice over the phone, the new Clapton sounds like his best in years. Can't wait!...The Smithereens have given us their best record yet with 'A Girl Like You'...And finally, for the first time in years, I really love a new Kiss tune. This track is filled with hooks and Dyn-O-Mite!"

WKQQ, LEXINGTON APD/MD-STACY

YELTON: "When you only have one spot open, you add the genuine article. The Grateful Dead are our only add this week...Many heartfelt thanks to Michael, Jay and Andy at Island. I won't soon forget the 24 hrs. I spent in Chicago, and it was wonderful to see Melissa Etheridge at Park West. Next go round, I'm sure she'll be in 'the big halls'. Thanks, again!"

WKFM, SYRACUSE PD-BRIAN ILLES:

"Two easy adds this week: The Grateful Dead and Stevie Ray Vaughan. You can't deny the mass appeal that The Dead now have, nor can you deny what clean blood has done for Stevie Ray's ability to perform...The Lou Gramm took a few listens and was not as obvious a choice at first...Even though The Alarm is tearing up the charts, they don't really have much of a history in Central New York. However, it seems to be doing really well with upper demos nationwide, and it's such a great song that it should work here."

WWTR, OCEAN CITY PD-SKIP ISLEY:

"Personal to Billy Joel: Next time you call, keep in mind that I don't work on weekends! Sorry about those speeding tickets!"

WIZN, BURLINGTON MD-TOM VAN SANT:

"Summer Birch numbers have WIZN jumping 23.5 - 24.7 (12+), and the 'Q'-less competition dropping 14.0 - 11.0. I guess we'll just start calling Steve Cormier the Wayne Gretzky of Album Radio...I was hesitant when I heard that Joe Satriani was stepping up to the mike on his new album, but 'Big Bad Moon' scores a Top 5 request in its first week, and Joe's vocal has really grown on me. His guitar is the real star anyway. Let's get this guy on a headline tour pronto!...Lenny Kravitz 'Let Love Rule' is working! It's in the Top 10 requests this week, and will really set your station apart from the pack when you start spinning it. Don't wait!"

KKDJ, FRESNO PD-ART FARKAS:

"Want to thank Sara Haynes, from Relativity Records, and people at Bill Graham Management for a great time last Friday Night at Bill Graham's house...Also, congratulations Joe Satriani on the release of a killer new track and video. And, thanks for waiting all night to have your picture taken with me, Joe."

WRFX, CHARLOTTE MD-FRED MC FARLIN:

"Fans of Gumby should check out Buena Vista Records' new tribute to the bendable green guy. Appropriately titled 'Gumby', the CD includes performances from Sly and Robbie, Dweezil, Moon Unit Zappa and Frank Sinatra, Jr....Here's keeping my fingers crossed for Enigma Records to break Don Dixon and his new release 'EEE'. Don is a talented and personable singer/songwriter and his live performances with Marti Jones are always a blast. Plus, he's sort of a local hero, with a host of Charlotte musicians on his records and in his touring band (Jim Brock, Jamie Hoover, etc.) and Reflection Studios (R.E.M., Guadalcanal Diary, The Smithereens, etc.) a few blocks from here...And yes, folks, I'm not ashamed to say that after years of being a major fan of the band, I finally managed to get Kix on our playlist. (Right song, right time.) I've always thought these guys were one of the most underrated and undeservedly unnoticed groups in rock. Here's to ya, guys!"

WEQX, MANCHESTER/ALBANY MD-FRAN

KUSALA: "We're all pretty happy with the Summer Book! The best numbers in our history, nearly double our Spring numbers! Congrats and thanks to all our staff for the hard work!...And the music--oh, the music! We started with spotty play out-of-the-box on the new Grateful Dead--and our phones started ringing. In fact, the Dead take the top slot hands down...Rickie Lee Jones, Lenny Kravitz, Squeeze and Bonham round out the rest...The new Georgia Satellites is a true delight. It's great to have a band that isn't afraid to diversify--and in my humble

opinion, they've made a move in the right direction...The Call's 'You Run' will be a runaway smash and wait till you catch a listen to Ian McCulloch's solo project. We're outta-the-box into heavy on 'Proud To Fall', and you should be, too!...We're still looking for artist and rep IDs for our upcoming Birthday celebration. Holiday greetings are being accepted, as well. Send 'em to me at WEQX, P.O. Box 1027, Manchester, VT 05754! Thanks again...Catch ya on the flip side!"

WBOS, BOSTON MD-STELLA DENNIS:

"Huge phones on Sarah McLachlan 'Vox'...Melissa Etheridge 'You Can Sleep While I Drive' sounds great on the air!"

KFMU, STEAMBOAT/VAIL APD/MD-PAUL

CAVANAGH: "February 10, 1990--A date to mark on your calendars to remind you that your skis should be tuned, waxed, and ready to slide for the Annual Media Cup!...A big thank you to all who helped make the first weekend of KFMU's 15th Anniversary a success: Michael from Atlantic, Randy from Capitol, Calvin and Rhonda from Polygram, and Elektra's Jim Scott--thank you!...Explorer's Club in past weeks has featured new Deborah Harry, David Byrne, Shakespeare's Sister, Toad The Wet Sprocket, Joe Strummer, and Duncan Dhu...Too soon the snow will fly. Be safe!"

WPDH, POUGHKEEPSIE MD-PAM BROOKS:

"Besides Rycodisc 'Sound + Vision' package being one of the most visually appealing things, we spun it on a CD feature and the listeners love it--so, it seems like a solid move to go with the classic Bruce unreleased Bowie 'Saint In The City'. To continue the proof of Mr. Renaissance is depth--way cool! WPDH houses some of the biggest Marillion fans around and that dedication flows throughout the Hudson Valley. So, I wasn't sure how the new stuff would fly, but I do believe 'Hooks In You' will hold its own. It's just a real strong song that pushes them one step further into a rock groove and we have total faith. Add to that the fact that these ears can't wait to hear Fish's newest. Of course there is no respite from the mondo amounts of vinyl passing thru our hands; so whew, I'm glad it didn't take us a month of days to get to the amazing cranker from The Smithereens. 'A Girl Like You' resounds thru the airwaves and I know the scramble will be fierce for 'I'!...We're also loving and hope you're heading The Satellites message with 'Another Chance'. Groovy tune from a band that just epitomizes throwing caution to the wind...We aired Red Hot Chili Peppers' 'Higher Ground' last week on our Fresh Trax feature and the phones were red hot. So, what the hey, we've given it a nod...My heart is singing loudly for the new Lou...Note from Bill Palmeri: He's now taking music calls Fridays only 9AM-noon."

WFRD, HANOVER MD-JEFF SOLOMON:

"Hey there, all--it's another week of excellent music here at 99 Rock. Gregg Allman's tune 'I'll Be Holding On' off the 'Black Rain' soundtrack is excellent. Gregg delivers an excellent and different rock 'n roll ballad in an age where power ballads are the norm and everyone seems to sound the same...The Stage Dolls hit the charts once again with 'Still In Love'. It's another excellent song from our Scandinavian rockers, and like 'Love Cries', this just grows on you...Paul Carrack is back with a vengeance! 'I Live By The Groove' is far and away the best thing he's done in years, either solo or with his assorted groups--there's just no way not to like this. Also, Anderson Bruford and the rest of the ex-Yes

Shit, even Tupper looked amazed...The Midwest will be amazed when KFMH puts up its new tower and goes to 100,000 watts! Details very soon. So, don't forget labels, we are the only AOR in the Quad-City/Cedar Rapids area playing lots of new music, blues, jazz and metal and we will stay that way after the power increase. JEFF NAUMANN, VIRGIN (213-288-1446):

"Buy one, get one free! The out-of-the-box Veritable Suckaahh add this week is an oh-so-obvious one. It's Warren Zevon with David 'Pink Floyd' Gilmour. 'Run Straight Down' combines the distinctive voice and lyrics of Warren Zevon with a very Pink Floyd-ish sound. So you really are getting two stars and styles rolled into one song. This should be a big one...One last word. Lenny Kravitz. Can you hear it yet? It's working for all, Jensen."

NORM OSBORNE, EMI (212-603-8600):

"The Red Hot Chili Peppers are on FIRE! #1 Alternative five weeks running. Major adds this week are KBPI, KRXX, WXRT, KJJO, KMBY, KFMU, WAZU, KEZO, KNCN, WWWV. This band is for real and red hot. Sales are 53* BB and happening...Cats In Boots 'Shot Gun Sally' is tearin' up the Metal charts. The video is on MTV and the Z-Rock tour starts 10/25 through 11/12. This is one hot band!...Richard Marx 'Angelina' is one hot track. A must listen -- upper demos for your format...Questionnaires 'Windows To The World' on your desk now!"

JEFFREY SHANE, CAPITOL (213-871-5733):

"Another incredible week on The Smithereens. Early reaction seems to indicate this is the track all formats are waiting for. Phones are responding immediately on this cut...Marillion continues to state to radio that 'I'm A Hit'. Rock 40 is showing interest for 'Hooks In You'. They have a date in New York at the Ritz on November 14 and two dates in L.A., November 21 & 22 at the Roxy...Billy Squier continues to progress at radio. This week Rock 40 began to deal with 'Don't Let Me Go'. Video on MTV Rock 30 every day and tour has begun...Great White continues to get major adds with the 'LUP in Chicago as new believers. Video is going into heavy and with good research coming back for 25+ demos...Molly Hatchet is going to battle with Kiss on 'Hide Your Heart'. They say 'Why is everyone covering this record?' Well, maybe it's because our version is better than Kiss'. Let your audience decide the best version...Flesh For LuLu is really a great rock record. Judge the record not for the name of the band. A lot of people didn't listen to this cut, please do and be objective...Finally, next week you will have stickered CDs on Joe Cocker 'Bad Bad Sign'. This is more suited for AOR. Remember the old cut is in the Tom Selleck movie 'Innocent Man'. CHR and Rock 40 are beginning to break this record...Thanks to everyone at radio, and especially my staff, for a great two weeks. Let's keep delivering the hits."

JIM DELBALZO, COLUMBIA (212-975-7029):

"Make sure you take home the Billy Joel CD that should be in your hot little hands. There is music on 'Storm Front' for long-time Billy fans as well as music that's sure to win over new fans. 'That's Not Her Style', 'Downeaster Alexa' are just a couple of the recommended rockers. 'Leningrad' is a classic ballad that

is a personal favorite. Very simply, this is a great record. Needless to say, the real greats perform and 'We Didn't Start The Fire' is pulling phones like no other Billy Joel track ever has. It's on its way to being one of the songs that we'll remember 1989 by. Anyone not playing this record (besides Z-Rock and Alternative stations) needs help quickly...The Hooters will have a new record next week. They've covered the Peter, Paul and Mary song '500 Miles' as only the Hooters can. A great version of a standard that will be all over the airwaves very soon. If you're too young to remember the song, ask your older brother or sister...Warrant and Dangerous Toys are coming on real strong. Dangerous Toys is already the #1 Requested song on MTV, and very shortly Warrant will be attempting to wrestle that title away from them...If the Stones haven't come to your town yet, get ready. Everything you've heard about the show is true. This is one of the greatest shows you'll ever see."

JORDAN ZUCKER, A&M (312-298-9411):

"Giant is on the biggest roll yet -- several key live showcases are now being planned and attendance is mandatory...Tora Tora is on the road and kicking ass everywhere. Now is the time to be playing this record...Remember the first time you heard AC/DC - well, forget them -- Soundgarden is what is next. Don't delay. Play it today. Loud, love. Remember you don't have to hide. We know where you live...P.S.: Swingin' Dick and Charlie Logan: Congrats and I hope it don't spread to Chicago."

NEIL LASHER, SBK (212-492-1266):

"What a week on 'Shocker', 25 believers. Half of them majors. Pirate Radio in Los Angeles screaming #1 phones. As a former Program Director, it always gave me great satisfaction to see and hear and feel programming genius! That's why Scott Shannon is respected! He's a programmer genius. Why -- he takes risks. He's not saying 'I can't play Megadeth, my listeners will tune me out.' He hears a song and says that will work, and he uses it! That's how he keeps taking major market stations from 'worst to first'. THIS SONG WILL WORK! THIS 'SHOCKER' MOVIE is an instant Halloween promotional smash. SBK and Universal Pictures will help you do a promotion. Take risks and capitalize on a hot item. Do it. Just do it, you will not regret it. Metal Detector 27* - 18*, #1 Buzz Band and 90* Hot Trax."

VIC LENTINI, CHRYSALIS (312-275-2244):

"Don't let this fall through the cracks this week -- Jethro Tull comes back after a Top 5 smash with 'Rattlesnake Trail'. It continues in the tradition of Tull as they begin their U.S. tour, October 23rd in Troy, NY and October 24th in Rochester...Can it be? Yes, it can. Still on the road are The Stage Dolls. 'Still In Love' is the follow-up to their Top 10 hit and is getting adds with great results...Paul Mr. 'soon to be a household name' Carrack burns up radio again with 'I Live By The Groove'. Get on it before your CHR wins it...Ten Years After tour starts next month across the heartland in support of the second single, 'Highway Of Love'. Call your local Chrysalis rep for your 'Highway Of Love' promotion...Winter Hours continue to tour in support of 'Smoke Rings'. In Chicago, WXRT is banging this record. We have a budget show and a live taping. I know Boston was a huge success and Chicago is seriously buzzing."

ALAN OREMAN, COLUMBIA (213-556-4990):

"All I'm going to yak about right now is Shawn Colvin, an artist that deserves your ears. How does somebody get someone to listen to a new artist or for that matter, anything. Sometimes it's next to impossible because of all the music that comes across your desk. But it's part of our job to get you to listen and if you're into music, period, it's part of your responsibility to listen no matter what preconceptions you might have. Personally, I think this is a wonderful record. She gets some help from Suzanne Vega and Bruce Hornsby on a couple of tracks, but most of all she's somebody who just might move you, so please listen...I can't help but mention these records, too -- Bob Dylan 'Everything Is Broken', Billy Joel 'We Didn't Start The Fire', Warrant 'Big Talk', Dangerous Toys 'Scared' and Rolling Stones 'Terrifying'. They're all hits and if you're not playing them you should be...Coming soon -- Hooters!!...Later."

PAUL BROWN, VIRGIN (212-463-0980):

"Yo! MTV rocks! We are getting unbelievable feedback on 'Pictures Of Matchstick Men' from MTV. Call out is outstanding as is viewer reaction. The reason? Well, besides the fact that 'Pictures' has got terrific rotation, MTV is solidly behind this remarkable American band. #1 across-the-board at Alternative. Sold-Out shows (9000+ in Phoenix), dogs and cats living together. Again, what's the lesson here? Rotations, boobalah, ROTATIONS. Camper Van Beethoven is primed to blow open. You cannot leave a record in lunar and with a straight face tell a record person that there's just no reaction. It just don't hold water. Don't strangle promising young bands on their way up. Better yet, go see Camper. There's a reason for all this excitement. Check it out fer yerself...And holy, mudhead,

mackeral, Lenny Kravitz is progressing nicely, thanks to programmers following their gut instinct. This guy is very real and working in places like Montreal, Oklahoma City, Brownsville, Sioux City, San Diego, El Paso, Laramie, Albuquerque, just to cite a few disparate markets. The mosaic is begging to form, we're now on all the charts. If 'Let Love Rule' is a personal fave, but you've been unwilling to take the plunge, pick up the phone and call programmers already playing Lenny Kravitz. We know how you feel. Don't believe us, call your peers...And here comes Iggy Pop -- and here comes Zevon and the guitar parts in Public Image Limited's 'Warrior' are as big and nasty and crunchy as anything you've already got on the radio...Finally, let me be the first to wish you an enjoyable Christmas season."

MIKE MENA, SBK (212-492-1266):

"First off, thanks to WDRE, 91X, KROQ, WHFS, KUSF, KUNV, WRAS, KTCL, WXVX, KAVC and a slew of others that have realized they have something very special in their hands, Will And The Bushmen. The general phone reaction has been very strong. This is a deep, diverse record, so dive in!...Wendy Wall recently did a PA tour of the Northeast, stopping at WBCN, WDST, WPDH, WNCS, as well as KERA in Dallas, and charmed her way through each interview. A record doesn't always have to bash you over the head to win you over, but if you do need a head basher the 'Shocker' soundtrack is the goods...Alternative types, check out Iggy Pop doing 'Love Transfusion'. It bites as hard as cold metal."

JACK HOPKE, CHAMELEON (800-444-6044):

"Greetings from Southern California. Dan Quayle's in town today, and somewhere a Federal court has just ruled that a manufacturing company may demand that a woman employee prove sterility or be transferred out of a job she's chosen voluntarily and handled capably...But, let's be loyal, productive subjects and talk biz here, huh? Okay. Do not play the new Dramarama song, 'Last Cigarette'. Jesse Helms will filibuster and put out the word that it's you in those Mapplethorpe photos; accusations of subverting the economy will fly; we'll be forced to sticker for the obscenity of condemning a great cash crop; and the debilitated tobacco industry will have to sell to the Japanese, who all smoke eight packs a day. The Marlboro Man with a Karaoke mike in his hand? 13,000 RJR employees doing jumping jacks at 5:45 AM? The local stroke trauma center won't be able to keep up...Neither should you play 'The Healer' by John Lee Hooker. The pharmaceutical industry, patron of that exclusive, self-policing union called the AMA, wants nothing to do with quasi-homeopathic, musical cures. Prescription drugs are the healer, babe, not the blues. Put those guys out of business and there go the Vals, pals...Summarily dismiss the thought of adding the new Mary's Danish track coming to you soon. The band has been known to speak publicly in support of a woman's (hence, anyone's) right to control her own body. Your license could be in jeopardy, unless, of course, you're one of the 143 stations owned by Evanescence Properties, Inc., whose funding is administered by an ambitious arbitrageur who once did a favor for Mike Deaver's niece...And, categorically avoid 'The Raging Winds Of Time' by Walking Wounded. You don't really want to be messing with our very effective, very just, very progressive Central America policy. Besides, you'll only have to give equal time to some representatives of the Dignity Brigade and ARENA, and they'll rape your receptionist on their way out, surround your building with U.S. Government-issue Claymores, and put blow in your pre-schooler's Halloween punch...There. I hope that Dan appreciates all I've done to police the airwaves during his visit. On his flight out of that Orange County airport named after the portrayer of killers of men red and yellow, maybe he'll give some thought to letting me have that gig I want as curator of the Reagan archives."

MICHELLE ALBERICO, NOISE INTERNATIONAL (212-334-9268):

"First of all, I'd like to thank all of the stations who have filled out and returned the form I sent out. If you didn't send it back yet, please do as soon as you can so I can update my records. The first 15 I received were KHDH, WZMB, WCNI, WSOU, WQSU, WRCK, WBSU, WLOZ, WSBF, WMHD, WOZZ, WCWS, WFCX, WTWR and WJUL...The Watchtower album, 'Control And Resistance' that was supposed to be released on October 31 has a release date of November 14...Also, Mordred is going on tour with Nuclear Assault. Anyone wanting information on dates in your area, give me a call...Rage charted #1 Most Added a few weeks ago. Let's get those ads in for Coroner and see if we can make them #1 Most Added next week."

BRIAN McEVOY, GRAND SLAMM (609-853-

8312): "Good news on the Lion front! Mark Edwards (drummer for Lion) is making fine progress after his tragic accident. Those wishing to send encouragement to Mark, please send it to: Mark Edwards, Babyon Institute of Rehab., 3505 Gaston Avenue, Room 301, Dallas, Texas 75204...Grand Slamm finally has a release date for Riot's 'Born In America' record, November 3rd. Upcoming late November/early December, Alcatraz (finally), and Gary Moore, 'Back On The Streets', mid- to late-December...Grand Slamm's newest classic hard rock release will be Manowar's 'Sign Of the Hammer'. This classic recording will be released in America for the first time in December/January."

ELISA CASAS, TITANIUM (212-697-6140):

"Badlands is set to explode in a serious way! The video is on Headbangers' Ball and the response is amazing. Everyone thinks it's great! Now that all the pieces are back in place with Badlands, we here at Titanium/Atlantic can rest assured and concentrate on our next goal -- Gold! A headlining tour has been confirmed for November/December, so all of you who have been asking for a longer set are in luck! Anyway, who in his right mind would object to more Jake E. Lee solos? Have you heard the one on 'Winter's Call'? This is serious stuff...Banshee, the Midwest's premiere hard rock band, are going out on a club tour in November (meanwhile, they sell out 3,000-seat theatres in their hometown), laying a foundation for an opening slot position in 1990. Banshee continues to sell out at retail in the Midwest and an in-store has been confirmed for October 31 at Streetside Records in Kansas City (in conjunction with KXXR). Building at radio, slowly but surely. Did you get my flyer? Are you playing 'Shoot Down The Night'? If you need anything, call me! The band is available for on-the-air interviews, IDs, etc."

CLARISSA GARCIA, DEF AMERICAN (213-

278-6699): "Well -- I'm here! I've officially started at Def American Recordings. The first release on my agenda is 'Live Fast, Die Fast' by Wolfsbane. Their great debut features the single, 'I Like It Hot'. The video for that song reminds me just how much I miss London. You'll be receiving the full release soon. When you do, check out: 'Manhunt', 'Shakin', and 'Killing Machine'. If you're going to CMJ's Music Marathon, you can see Wolfsbane at Zone DK Thursday night with Last Crack and Gothic Slam...Upcoming Def American releases include amazing stuff from Trouble and The Black Crowes. I'm sure you've heard about the Rip fiasco by now. The Mimes, Love/Hate, Princess Pang and Wolfsbane played and were great. I'm just glad I didn't pay \$100 to be treated like dirt, be kicked out of the Park Plaza Hotel, and miss GN'R. All of that happened to a lot of us, but at least I didn't pay. 'Nuff said. Look for Wolfsbane, and I'll see you in a few days!"

CHERYL "CHILL" VALENTINE, METAL BLADE

(212-645-6208): "C'mon! A Mexican/American Souvlaki shop?? Did I trick ya a good one? I'm quite the happy pup since I got to take a breather from this rather crazed city lifestyle. It was very, very nice to breathe real air in the middle of the Atlantic. I whiffed in some salt water along with the real air and it made me choke enormously, but it's still better than inhaling Elizabeth, NJ, our industrial neighbors who pollute the livin' daylight outta us...You wanna get some nighttime excitement? Then be a cool ghoul and check out the extreme-la-mento happenin' jams we got on the road, i.e. Lizzy Borden, Princess Pang, Helstar/Intruder, Loss For Words, and D.R.I. I, personally, can't wait to check 'em out. I get to see Lizzy for the first time on this tour in New Rochelle, but I suppose that I'll have to wait to see the Pangsters until they come back to the East Coast with Mr. Big...Might you be wondering whether or not Fates Warning are gonna tour? They will, it's just a question of who they're gonna tour with and where. We should have all that figured out in a matter of days. In the meantime, check out their jammin' video on MTV. It's got to be the best video any of our bands have ever done, and it's for that wailin' tune, 'Through Different Eyes'...We just started to check up on the progress of the Mike Monroe album, 'Not Fakin' It'. So if you need any product, info., etc. on the man, please call Dyana, Roseanne, Lori, or myself and we'll hook ya up!...I'm drooling in anticipation of the upcoming Metal Marathon at the Vista! I'm sure that this will be the best one yet, and I can only hope that us Metal Blade types will be helpful panel people. In other words, I hope that me and Dyana the hairy woman will be of use to you radio dudes and dudettes. Hope to see ya at the Vista!"

JILL COHN, MEDUSA (213-390-9969 X124):

"Well, I'm having trouble writing because of all the news about S.F. tonight, but we'll give this a go and see what comes out, (creativity, right Eyaon?)...Thank you to all the stations supporting Coven. I know I say this every week, but without

your support, many people would never get to hear an important song like 'Propaganda'. I strongly recommend reading the lyrics again, if you're still not completely sold on the 'Death Walks Behind You' CD...Speaking of important lyrics, may I introduce **Jailhouse**. (You DJs that say you can't play trash, this is the band for you!!) **Jailhouse** has great words and the guitar chunk to make you listen while you bang your head. KNAC, KGB and WSOU recently interviewed **Jailhouse**, and the band's video is scheduled for **Headbangers' Ball** on October 28. The CD 'Alive In A Mad World' will be in your hands the first week in November...Also, make sure you listen to **Fire Merchants** and **Elvis Hitler** which will be in the same bag. **Elvis** is for you thrashers and **Fire Merchants** will turn on anyone into Metal-Jazz-fusion trios. I wish you all could have heard **Cheryl** from WHUS rap, it was AMAZING!!!!!! Also, spoons to **Michael** and **Craig** at KNAC for the interview!!!!...That's it, stay cool and don't let Tom from WRPR trick you into giving him your measurements, girls!!!!!!"

JONI SOLOMON, CHAMELEON (213-973-8282):

"I CAN'T WAIT TO GO TO NEW YORK!!!! Excuse me - I'm just so excited to meet you all! (either again, or for the first time)...I'll be very busy there with **Mary's Danish**, **Dramarama** and **The Bonedaddys** - all of whom are playing during the convention!!! Don't miss any of them! I know, I know, everyone wants you at their show - but mine's better! Make sure to check out the Chameleon addition to your bag! (The bag also supplied by Chameleon!) Anyway, enough convention talk!...Let's talk **Dramarama**!!!! All of the following folks are 'Stuck In Wonderamaland' already - 91X, KROQ, KOTR, WOXY, WSMU, WBNY, WBER, WICB, KRCK, KABL, KITS, KUCI, KACV, KUNV, WFIT, KQ, KTCL, WXVX, WOFM, KDGE, WNUR, WBRU, WMDK and last and certainly not least, WHTG. (Hey, 'HTG played 'I Wish I Was Your Mother' as an import 7"...So, go ahead and smoke your 'Last Cigarette' - November 16th is the GREAT AMERICAN SMOKE-OUT, you know!...You may have been reading rave reviews about **Indian Bingo** lately, so LISTEN to the record, then ADD it!...**Walking Wounded**, just back from touring the Southwest, is also getting lots of attention...There will be a new Ep entitled 'The October Howl' from the **Bonedaddys** arriving just in time for the season's festivities!...And **John Lee** has still got it! Thanks to **Doug** at KBCO for the great T-shirt and aircheck - and to **Andrew**/WBER for the same! Great music and great clothes!...Speaking of clothes, **Tom 'T-Bird' Verga** from WRPR is partial to hot pink in the brief variety! Best, etc."

KATHIE REED BARR, ROADRACER/RC

(212-219-0077): "Hey, how about a beer??? Too early for ya?!? Well, how about the next best thing to intoxicate your senses, **Gang Green's 'Older...Budweiser'**. The Boston brewery squad are back to rock you till you drop - or feel ill!!! Check out the rocking 'Church Of Fun' - the core sound of 'We Can Go', or the ultimate in coolness, 'The Ballad'. You can run but you can never hide from **Gang Green**!!!!...**King Diamond's 'Conspiracy'** has reached the Top 10 in all the radio charts and **Monte (Mr. Death)** and I have to say thanks and keep it up!! We really need your help to get **King Diamond** to be the king of the hill!! How's the 'Sleepless Nights' contest going?? Let your listeners know that 'Sleepless Nights' will be featured on the Halloween **Headbangers' Ball** special and tell them to dial 1-800-DIAL-MTV and request **King Diamond 'Sleepless Nights'** - the more they see the video, the better chance they have to win a trip to LA to meet **King** and tour **Universal Studios**!!!!...I also want you all to know that **Roadracer** has started a new video promotion department, which I'll be taking care of, along with the radio department. If any one knows of any local video shows that play metal videos, please let me know. I really want everyone in the country to get access to our videos, regardless of whether or not you have MTV, so let me know!!!!"

RUSSELL GERROIR, CONCRETE MARKETING (212-645-1360):

"Plenty of bands, just not much time and a limit on space, so here are the Concrete metal radio highlights starting with the 'Shocker' soundtrack, featuring **Megadeth's 'No More Mr. Nice Guy'**, **D.A.D.'s 'Sleeping My Day Away'**, **Babylon A.D.'s 'Hammer Swings Down'**, **Powermaid's 'Nice Dreams'**, **Onslaught's 'Let There Be Rock'** and **Mortal Sin 'I Am Immortal'**...Arriving on your desk this week are **Keel**, with their latest 'Larger Than Live' and **Heist**, with their debut 'High Heel Heaven' on **Muscle/I.R.S.** records. The strongest tracks for **Keel** are 'Evil Wicked Mean & Nasty' and 'Hard As Hell', 'High Heel Heaven', (featuring **Ronnie Montrose**) is the strongest track from **Heist** and should work well for most of you...Hope to see y'all at the Metal Marathon!"

JOHN GOLD, PROMOTION (212-877-6443):

"Dear FMQB subscribers: **David Della Rossa 'Nothin' But Trouble'**!...O.K., boyz, **King Davidz** cummin' ta town! Just get set! This is a 'Miss Understanding' and a 'She's A Holy Roller' TEST - of the crew! 'My Gypsy Rose' hain't neva hit meh down yet, and you bet she knows 'Breath Of Fire'! Babe, 'Any Ol' Time' yer redy - you'll never be 'Lonesome Again'! I swear! Godz my witness! **Frankie Banali (Quiet Riot)**, **Randy Rand (Autograph)**, **Barry Brandt (former Angel)**, **Gordon Copley (former Lita Ford puhmpuh)**. 'Oh! Celia' - THANK YOU - for your ADDED support!!!

KIM WHITE, EMI/ALTERNATIVE (212-603-8664):

"**Red Hot Chili Peppers** first week at AOR picked up some excellent support from **KRQX**, **WDNS**, **WXRT**, **WPDH**, **KBPI**, **KMBY**, **KFMU**, **KJJO**, **WAZU**, **KFMH**, **KEZO**, **KNCN**, **WVVV**, **WWWV**, **WMAD**...**Daddy-O** from **Stetsasonic** has done a death-defying remix of 'Higher Ground', which pretty much outdoes all remixes I've ever heard (I feel like I always say that about this band, but you know...) Should arrive by November 6th, complete with a DUB VERSION! (You're saying to yourself, oh my God! a dub version??) and it's got the bass solo of doom...'**Mother's Milk**' has dominated the charts for about 8 solid weeks, MTV is playing the clip in **Buzz Bin** about 5 - 6 times a day...**Sanborne's Night Music** is scheduled and it looks as though **Saturday Night Live** is also in their future. **Life Magazine** has a feature scheduled, sales are incredible and it's busting the **Billboard Top 100** albums at #53. This has absolutely nothing to do with luck or supreme karmic energy. This record has the ability to become a multi-format crossover ala **Rock 40** and can only make the stagnant, close-minded, ass-backwards world of radio a better place, sans compromise."

MISSI CALLAZZO, MEGAFORCE (201-254-6533):

"**Overkill 'The Years Of Decay'** and **Ace Frehley's 'Trouble Walkin'** on your desk this week!!! Two amazing albums coming from everyone's favorite label **MEGAFORCE**!! **Overkill** up to #11 this week. Already Top 5 at **WKPX**, **WSOU**, **WCLH**, **WPOB** and others!!!!...Of course, holding at #1 for the 9th week, are **Testament**!! These Bay Area boys are on the road with **Annihilator** and **Wrathchild America**, look for dates in your area...**Icon** move up another slot to #8 this week. **Icon** will be going on the road in November. Look for them in the headlining spot in a club tour!! Check out **Headbangers' Ball** this weekend with debuts from **Overkill** and **Testament's 'The Ballad'** and look for **Icon's 'Taking My Breath Away'**...Thanks go out to **Paul** at **WVCB**, **Lou** and **Matt** at **WRTN** and **Amy** at **WKPX**!!!!...See you at **CMJ**, and don't forget **Ace**, **Overkill**, **Testament** and **Icon** all at #1, PLEASE!!"

MICHAEL J. SCHNAPP, EPIC (212-975-5987):

"So much - so good - so listen - **Danger Danger** on tour in Canada with **Warrant**. Next stop, your town with **Faster Pussycat**. Already over 100,000 records sold, live, **Danger Danger** are right on the money. Catch 'em live, you'll be happy...And happy we are, **Alice Cooper's 'Trash'** is Gold! **Alice** will tour in January 1990, 'trashing' America...**Kreator** is wrapping up the first headlining tour in U.S. with about 85% sell-outs and 200-500 kids at all the in-stores, and a walk-on appearance on **MTV Headbangers' Ball**. All-in-all, **Kreator** has sold and performed great...**Bonham** is flying out the door. **Bonham** is major...**Fifth Angel** deserves hugeness, soooo...You should also have the following artist on disc, lists, turntables, you know - **PLAY'EM**!...**Jeff Beck 'Slingshot'/'Guitar Shop'** - awesome!...**Fifth Angel - 'Time Will Tell'** good play gettin' better!...**Shark Island 'Live At The Wiskey'**. The full Lp 'Law Of The Order' is out in December. Play the live disc and look for the 12" of 'Paris Calling' live and studio. Check out the great songs! Full Lp soon!...**Meliah Rage 'Live Kill'**. **Meliah Rage** were #2 on the Metal Radio Charts for 'Kill To Survive'. Live - look out!...Thanks for supporting all Epic type of cool tunes. Hope S.F. is OK. 212-975-5987 Epic's Metal line...Smile!"

PEGGY DONNELLY, ATLANTIC/METAL (212-484-8127):

"Tours, tours, tours. **Badlands** are still on tour and getting great response to the new single and gorgeous video 'Winter's Call'...**Mr. Big** (just saw **Billy** at the L.A. RIP party last week surrounded by tons of half-dressed women) has been packing every venue. You better be playing the new single 'Wind Me Up'...**Dirty Looks** are in L.A. shooting a new video. Hope you all get to see these guys on their never-ending tour...**Fiona's** album is out. You all have the CD single of 'Everything You Do', the duet with **Kip Winger**. your playlist, right?...Wrathchild America 'Two Songs Free' are going fast, so get your orders in for your audience giveaways. Wrathchild America pick up the Testament tour October 24th in Minneapolis. Call Dot for guest list requests as usual - as a matter of fact, radio - call Dot for everything (if you don't already) 'cause I'm relocating to Atlantic L.A. to do A&R...Thanks for all your help over the past few years."

STEWART MORALES, TORRID (914-664-

3885): "Nice earthquake in San Francisco...Back at Torrid, the excitement is picking up as we set up material for Gothic Slam and Trash Broadway. Thanks to WRTN, WSOU and WNYU for the Gothic interviews. You should be getting the new Gothic Slam album, 'Just A Face In The Crowd' this week and the Trash Broadway next week...Looks like it's CMJ time once again. The ultimate concert event of the convention will undoubtedly be the Gothic Slam, Last Crack and Wolfsbane show at the S&M club, Zone DK. Be there. Be cool. Be seeing ya."

MICHAEL LINEHAN, REPRISE (818-953-

3750): "Next Thursday (10/26) you will receive 'Pretending', the first track from the forthcoming Eric Clapton album, so save a space because you'll want it on the air as soon as you get it. If you haven't heard it, ask your local Reprise rep for a listen...After one week of play, WDVE joins the Top 5 phone club on 'Good Work' by the BoDeans. If you're not giving this cut a shot, you are missing a crowd-pleaser...At the end of its first week at retail, Neil Young's 'Freedom' has nearly matched the sales of his last album. Neil is back with an impact equal to his heyday and 'Rockin' is the 4th Most Requested track in the country. If you've had any doubts about this album, check your local retail picture."

ANDI TURCO, MUSIC AWARENESS (818-

883-7625): "What an eventful week it has been so far. The Stones are in town, San Francisco is still rocking from a terrible earthquake and Jon's hockey team is in first place! (It must be

'Full Moon Fever'...)...Anyway, as we get on to music, let's talk about Trevor Rabin. Many of you had great success with 'Something To Hold On To'. Keep the momentum going with 'Sorrow (Your Heart)'. Between the unique texture and upbeat hooks, it's going to light up the phones instantly. Remember this, Yes did not have a #1 record until Trevor joined the group. This one will go the distance...The Kinks new album 'UK Jive' is going to make lots of Kinks' fans happy. 'How Do I Get Close' is already on the air and sounding great...Once again, Tora Tora is moving up by leaps and bounds, getting great reviews on their live shows and selling records as they go. 'Guilty' goes on WLLZ, WRFX, KZRR, KFMF, KFMZ and more...Another A&M gem is Giant. This record is pulling in great phones. If you're not on it, maybe you should reconsider...There are a few other great songs you owe it to yourself to listen to - Saraya's 'Back To The Bullet', Webb Wilder 'Human Cannonball' and Jason And The Scorchers 'When Angels Cry'. Enjoy and thanks for reading!"

JERRY RUBINO, ROUGH TRADE (212-777-

0100): "Hey gang, if you're coming in for the CMJ convention, don't forget to attend the radio dinner being thrown by Rough Trade, Chameleon, First Warning and Aim Marketing. It's at Arturo's, 106 West Houston in the West Village. Be there at 7:00 PM. Look for myself, Greg from Aim, Joni from Chameleon or Alma from First Warning on the floor of the convention and we'll make sure you know how to get there. You should've gotten your invites by now, if not, call one of us...Other stuff includes: The Band Of Holy Joy radio conference on Friday the 27th between 3 and 6 at the Vista. Galaxie 500 at CBGB on Friday and Straitjacket Fits at CBGG on Saturday. Look for us at our booth...Steve Kilbey, Galaxie 500 and Einsturzende Neubauten records have arrived and you're enjoying them, right?...With our West Coast office in San Francisco, the earthquake hit us more than just a news' story. As of this writing, we've been getting calls from our staff out there and everyone is safe. They will be spending the next few days getting things back in order, and, of course, spending hours in front of the computer...This week's Super-Seque: 'Something Tells Me' by Friction Wheel, 'Get Lost' by Glass Eye and 'Tactless' by Band Of Holy Joy...Later - at CMJ."

"BIG MAN ON PAPER"

I LOOK AT A NEWSCAST BEING BROADCAST
AND TRY TO CONNECT WITH THE EVENTS
IN FRONT OF MY EYES
BUT I CAN'T SEE ANY FURTHER
THAN THE BILLS ON THE TABLE
OR MY KIDS FIRST HALLOWEEN DISGUISE
THEN I DRIVE INTO TOWN
AND GO TO THE HUDSON VALLEY MALL
AND LOOK AT THE YOUTH IN THEIR WHITE SNAKE T-SHIRTS
THEY'RE WEARING A POOR MAN'S VERSION OF THE HAIRCUT
MAN THEY MIGHT AS WELL BE FROM ANOTHER UNIVERSE
I'D LIKE TO LIVE
IN ONE WORLD OR ANOTHER
BABY ONE WORLD OR ANOTHER
WOULD ALMOST SEEM RIGHT
I'D LIKE TO SEE
PEACE ON EARTH FOR MY BROTHER
BUT I'm JUST A
