BRITNY FOX, "DREAM ON", COLUMBIA

Watch this Philly foursome park one straight down the center of AOR, or whatever we're calling the format today. The Fox's dual guitar foundation takes the increasingly popular acoustic metal route and brings back an assured, freewheeling singalong. A year of playing 4-5 nights a week in front of some of metal's roughest audiences has sharpened the band and "Dream On" shows off a tighter, more cohesive playing unit. **Rick Panneck**, WAPL feels their latest "shows incredible growth from the first Lp. If you weren't turned on the last time around, definitely give this a listen." WONE's **J.D.** declares "This cut should put them on the map for good." Britny Fox's debut is platinum. The new "Boys In Heat" album is at 300,000 units only six weeks after release. Factor in AOR saturation and watch the retail rafters come down. Early action at WLZR (Top 5 phones), WQFM, WCMF, KISS, KBER, KILQ, WRXK, KBOY and WHMH.

TIM KARR, "RUBBIN' ME THE RIGHT WAY", EMI

Clean meat 'n potatoes Rock, modeled after classic Bluesrock-- that's the approach this L.A.-by-way-of-Montreal export takes on his confident debut. Tim's penned a convincing single and he delivers it with passion and attitude. The track's harmonica and slide arrangement will definitely rub your listeners the right way. **Tim Parker**, KISS "One of the new records for 1990 that every station can play."; **Ken Anthony**, KLOL "He's got the looks, he's got the sound, and he's got the potential to make it to the top!"; **Gary Palmer**, WLLZ "The Motor City loves its cars and Tim Karr will be a popular model for the '90s!"; **Russ Mottla**, WIYY "Look for Tim to become a mainstream artist at AOR."; **Dana Jang**, KSJO "Tim Karr is the right way to rock into the '90s!"

BALAAM AND THE ANGEL, "I TOOK A LITTLE", VIRGIN

The guitar riff rules supreme in Balaam's book. And whatta riff they've cooked up this time. A body rock riff that holds up and wears well. The new Balaam also comes equipped with an easy to digest hook that should cut through on the airwaves. If you enjoyed the full frontal attack of "I Love The Things You Do To Me" and "I'll Show You Something Special" from their first disc, then you'll appreciate how they've added a slight pop skew while simultaneously staying in your face. Before-the-box at tastemakers KUPD, KFMH and KRZQ.

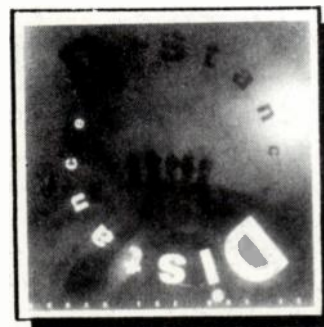

THE JESUS AND MARY CHAIN, "HEAD ON", WARNER BROS.

Every year, a few bands make the Alternative-to-mainstream cross in a big, BIG way. In '89 it was The Replacements and Love And Rockets. This year it could very well be The Jesus And Mary Chain. Already considered one of the Eighties progressive rock pioneers, the brothers Reid combine a mainstream song structure with a series of menacing chord changes and net a track that cuts the edge without going over it. Buzzsaw guitars growl, maximum melody lines appear, then merge, and a radio ready rhythm holds everything in place. And with an album title like "Automatic" (currently reigning supreme at #1 Adventure Club), what's a radio head not to like? Hear it on 91X, WDRE, WBRU, WFNX and others; see it on MTV, checking in at Buzzbin status.

J.J. CALE, "HOLD ON BABY", SILVERTONE/RCA

J.J.'s not an AOR staple, of course, but his music and guitar style are. Chances are you play Clapton's classic covers of J.J.'s "Cocaine" and "After Midnight" along with healthy amounts of Dire Straits and Lynryd Skynyrd, two other Cale-influenced bands. Now the influential Okie retires from semi-retirement with his first new disc in six years. He opens up a fine, fine groove and his lazy, laid back six-string and gritty vocals purr right through it, creating a sound that chugs into your musical psyche within seconds. It's not a classic yet, but it sure sounds like one.

DISTANCE, "GIVE IT UP", REPRISE

Turn on the fuzzbox and pump up the volume, friends and neighbors, it's power soul time! The Distance is composed of some of music's finest talent, lead by Bernard Edwards, Tony Thompson and Eddie Martinez. They've crafted a soulful, hard houserocker that will sound hot at night, hotter in concert. Grimy, gritty guitars combine with vocals reminiscent of Living Colour's Cory Glover, and the result is as fresh as it is furious. Give it a shot.

SILENT RUNNING, "LOCAL HERO", ATLANTIC

We were surprised to learn that Silent Running hails from Belfast since this track is right out of the Seger-Mellencamp school. As with those artists, Silent Running makes sure their songwriting is up to snuff before setting out to make a record. "Local Hero" relates the story of a fading rock star told from a fan's perspective, and the band makes it work both lyrically and musically. The production, texture, and tempo are in sync with where you want your station to be sound-wise. And who can resist when they bring on the big "na-na-na" thing at the end?

JOAN JETT, "THE HIT LIST", BLACKHEART/CBS ASSOC.

Following last week's season-opening #1 Most Added finish, "Dirty Deeds" plugs in at 46 more reporters, giving Joan an 81-station cume and the week's #4 Trax Gainer, 69-38*. WNEW, WDIZ, WRDU, WTPA, KMJX, WBLM and KJKJ are getting Top 5 Requests, good for a debut at #19 Most Requested. Joe Moss, WPYX "Joan Jett is the Headbangers' fave this week"; Andy Dean, WDHA "Cover versions of classic songs, for better or worse, seem to have become imbedded in the fabric of contemporary music. But I couldn't have come up with a more perfect match than Joan Jett doing 'Dirty Deeds'. I'm really curious to hear the rest of the album, which is nothing but covers of Joan's favorite songs through the years." Early office pleasers from Joan's hit list include: "Love Hurts", "Time Has Come Today", "Love Me Two Times" and "Tush".

HOTTEST NEW TRAX

SASS JORDAN, "SO HARD", ATLANTIC

Like label mate Alannah Myles, Sass is already a big deal in her native Canada: Platinum sales, two Top 10 hits and two in the Top 20, and a Juno award in '88 for "Most Promising Female Vocalist". Please listen soon to this sharp-witted, brash lead-off. A barrelling acoustic guitar sets the stage for Sass's feisty writing and vocals. And "So Hard" buries the needle on the fresh-meter.

VOIVOD, "ASTRONOMY DOMINE", MECHANIC/MCA

Syd Barrett lives! One of the most innovative and experimental bands in the metal circuit, Voivod, are currently riding high on the Tuff Trax chart at #1. Certainly not your average everyday run-of-the-mill cover, and that's why 91X and WHTG jumped out-of-the-box. "Astronomy Domine" is setting them up to be what Mechanic prez, Steve Sinclair calls, "The single most important new group to come out of the '80s!"

PRINCESS PANG, "TROUBLE IN PARADISE", METAL BLADE/CAPITOL

Before you write this off as another metal record, you best give it an earful. This ain't no fairy tale band. They're out to join the ranks of the big boys. The debut single from New York City's outstanding new rock band captures Princess Pang in all their street smart, sweaty, sexy glory. Lead singer Jeni Foster can belt it out with the best of 'em as she explores the hidden dangers in paradise in a full on rock attack.

DRAMARAMA, "LAST CIGARETTE", CHAMELEON

The Surgeon General's latest warning states that this "Last Cigarette" won't kill you -- or will it? It killed us with its rocky, hooky appeal, and it's already knockin' 'em dead at WDRE, WBRU, WFIT, WSUP, WHFS and WWVU, plus fresh spinners KMBY, KXRX and KTYD. This L.A. based American rock band enjoys a passionate relationship with its fans, and "Last Cigarette" is just the tip of a spark poised to ignite into a fireball.

DEPTH TRAX

RUSH, "PRESTO", ATLANTIC

"Show Don't Tell" enjoyed a six-week run at #1 Most Requested, and only Slowhand kept Rush out of the top airplay spot. And now, Presto!, track #2. New play at 25 (WKLS, WLWQ, WPYX, WGTR), continuing play at 51 others (KISW, KGB, KOME, WFBQ, WLAV, KBPI, KQRS, KXRX, KYYS, WGR, WLUP) and Top 5 phones at KQRS, KZRR, WEZX, WTUE, WKGB, WPXC and WVBR make this the safest record you'll add this week. Doing the Trax gorilla thing, 46-35*.

KISS, "FOREVER", MERCURY

What do you get when you cross Paul Stanley with Michael Bolton? The simple answer is a smash rock power ballad destined to be around "Forever". You'd expect KISS to jump out first, and KBER followed suit. "Hide Your Heart" enjoyed a good ride at Rock Radio, and across the street. As the Lp approaches platinum, expect this to eclipse that ten-fold.

STAGE DOLLS, "LORRAINE", CHRYSALIS

"Love Cries" set the stage for one of '89s more promising new acts. The Stage Dolls enter into the '90s with "Lorraine", a melodic rocker that sports a bigtime chorus, and one of the more catchy hooks to come around in quite a while. Hear it on KBER, WDHA, WRXK, WHMH and WKGR.

THE ANGELS, "LET THE NIGHT ROLL ON", CHRYSALIS

They're sure not writin' them like this anymore. The Angels have struck a powerchord into the hearts of Rock Radio that will take you back in black to the glory days of AC/DC. KNAC, KEZO, KTYD, WGIR, KFMH and WLZR supply first week air, getting The Angels off to a flying start. Listen to "Let The Night Roll On" and you too will find The Angels winging you into your own personal Heaven.

FLIES ON FIRE, "BAPTIZE ME OVER ELVIS PRESLEY'S GRAVE", ATCO

This one's still fresh on our minds from Flies On Fire's acoustic performance at Club FMQB (AKA Kal's Koleseum). It's a down home strum-along with a hint of Creedence, and it shows off some of Tim P's most incisive songwriting yet. Real music for real people.

WEBB WILDER, "HITTIN' WHERE IT HURTS", ISLAND

Island's committed to this project. And they've shown on a few occasions how their stick-to-it-ness can bring a record home. Webb Wilder is making some of the finest authentic American rock 'n roll today, and "Hittin' Where It Hurts" is a natural for airplay. Keep an eye on the tube for NFL Films' greatest hits set to Webb's new emphasis track. New on KPEZ.

'Sometimes She Cries' would be huge!" Now on 71, "Sometimes She Cries" is our #3 Trax Gainer (71-39*), thanks in part to eight rotation bumps (KATT, WIYY, KZEL, KGGO, WKGR). The Lp earns Highest Debut honors re-entering at 37* Album Action.

MICHAEL PENN, "NO MYTH", RCA

(25 New/112 Cume)...KISW's Mike Jones praises, "RCA is to be commended for the job they've done on this record. We've been convinced!", and WAPL's Rick Panneck endorses, "It's a legitimate hit record in this market. We've been on the track now for five weeks, and it continues to grow both sales and requests!" It's still growing in believers, too, as 25 more sign up (KLOS, KFOG, WBAB, WMMS, WDIZ, WEZX, WFNX, CILQ), taking the tally to 112. "No Myth" marches 32-24* Hot Trax, and the Lp zooms 36-29* Album Action (#2 Album Gainer).

HOOTERS, "BROTHER DON'T YOU WALK AWAY", COLUMBIA

(24 New/33 Cume)...KLOL's Patty Martin heralds, "What we've been waiting for!"; WDVE's Anthony Alfonsi comments, "Socially conscious!"; and WTPA's Chris James echoes, "An important record for the '90s!" The Hoots take their come to 33 (WNEW, KBCO, WDHA, KGB,

WHFS, WNCS), with the addition of 24 new (WMMR, WHCN, WZZO, WLAV, WTPA, KZOQ, KJOT, WROV, WRFX). "Brother Don't You Walk Away" debuts at 65* Hot Trax, and has phones ringin' at WWCT.

ROLLING STONES, "ALMOST HEAR YOU SIGH", COLUMBIA

(20 New/49 Cume)...Of the 20 new (WPLR, WAVF, WRFX, WYNF, KATS, KICT), WHCN, KILO, WMAD, KAZY, KZEL, WEZX and WAPL waste not a moment with Max/Heavy spins. WNEW and WRXL join the Max/Heavy club this report, and WKDF reports Top 5 calls. Rolling 66-49* Trax, "Almost Hear You Sigh" also spins on WQFM, KSQY, KTXQ, KFOG, WNOR, KNCN, WWTR, WFAL, and more.

BAD ENGLISH, "BEST OF WHAT I GOT", EPIC

(19 New/117 Cume)... "Best" gets the call at another 19 (KGB, WFBQ, KZRR, KISW, KZAP, WEBN, KTYD, KGON), pushing its stable to a healthy 117. The 17 increasers include WHCN, WDHA, WCCC, WPYX, and KCAL, plus "Best Of What I Got" elevates 28-18* Hot Trax. Coming on strong, too, is "Price Of Love" which WPYX's Joe Moss sez is, "Another strong ballad with those distinctive and sultry John Waite vocals." "Price" is the week's #5 Trax Gainer (91-66*) with nine new (WNOR, WTPA, KRZQ, WIYY, WLVQ, WTUE), and Top 5 phones at KUPD. The Lp advances 23-17* (#3 Album Gainer).

BUZZBANDS

The Most Active New/Developing Artists

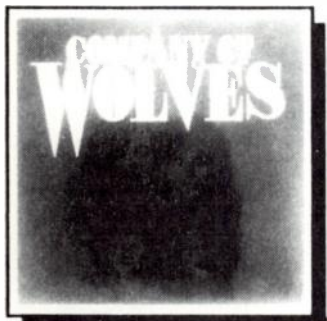

HAVANA BLACK, "LONE WOLF", CAPITOL

When you have a week like Havana Black had with 44 OTB (KLOL, WLZR, KISS, KUPD, KILO, WRIF, KNCN, KZRR, WAPL, KAZY, WZBH), it's no wonder they earned the #1 Buzzband crown. KISW's Mike Jones speaks for the masses, "The OTB award this week goes to Havana Black with 'Lone

Wolf", which received a nearly unanimous thumbs up from the Smash or Trash jurists. It's the best straight-ahead rock song I've heard all year -- all decade, even!" "Lone Wolf" bursts onto the Trax chart at 60*.

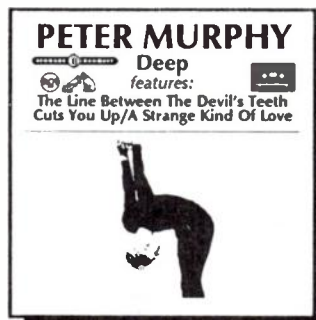

COMPANY OF WOLVES, "CALL OF THE WILD", MERCURY

The other wolf on the scene is really a Company Of Wolves. "Call Of The Wild" checks in at 63* Hot Trax with fresh spins igniting at KOMA, WLLZ, WKLS, KILO, KSQY, WRCN, WIYY, KEYJ, KFME, and eleven more. Now rotating at 40 (KJJO, WFYV, KISS, WTPA, WRXK, KRIX), WWTR and WLZR increase. 1990 indeed does

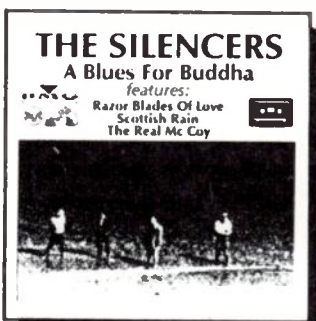

seem to be the Year of the Wolf as WDHA's Andy Dean confirms, "My favorite new track by a new band of the new year is the Company Of Wolves 'Call Of The Wild'!"

PETER MURPHY, "CUTS YOU UP", BEGGARS BANQUET/RCA

WWV's John Knapp endorses, "The best new single on my desk is, without a doubt, Peter Murphy's 'Cuts You Up'!" Crossing from Alternative to the mainstream in a big way, "Cuts You Up" adds WROV, KBCO, KXRX, WNOR, KSQY, KZYR, KLBj, KTCL, and nine more to a list that has swelled to 23 (WDRE, WBRU, WHTG). Cutting up the Trax chart with a 75* Debut, Peter increases at WFNX and WMAD, and pulls down Top 5 phones at WRAS and WHTG.

THE SILENCERS, "RAZOR BLADES OF LOVE", RCA

Love" kickstarts the Trax chart at 90*.

WWV's John Knapp endorses, "The best new single on my desk is, without a doubt, Peter Murphy's 'Cuts You Up'!" Crossing from Alternative to the mainstream in a big way, "Cuts You Up" adds WROV, KBCO, KXRX, WNOR, KSQY, KZYR, KLBj, KTCL, and nine more to a list that has swelled to 23 (WDRE,

WBRU, WHTG). Cutting up the Trax chart with a 75* Debut, Peter increases at WFNX and WMAD, and pulls down Top 5 phones at WRAS and WHTG.

Their '87 Top 20 track "Painted Moon" set the stage for format acceptance. 1990 has started off razor sharp for The Silencers as early starters KBCO, WDRE, WFAL, WHTG, WBRU and WNCS are joined by 16 newcomers (WMAD, WFNX, WROV, KFMU, WWVU, KRQU, KZYR, KMBY, WHFS). "Razor Blades Of

THEY MIGHT BE GIANTS, "BIRDHOUSE IN YOUR SOUL", ELEKTRA

TMBG break into the big leagues with their major label debut, and step right into the fire. WHFS, 91X, KTCL, KACV, KFMH, WWVU, and WEQX join jump starters WDRE, WFNX, WHTG, WMAD, and WBRU, plus WOXY who already spins Max/Heavy. In addition, "Birdhouse" is causing WBRU, WOXY, WMAD, and

WFNX to put in OT on the phones.

STEVIE SALAS COLORCODE, "THE HARDER THEY COME", ISLAND

WONE's J.D. praises, "Stevie Salas Colorcode's 'The Harder They Come' is a very slick piece of work, with some great percussion overtones and clever guitar licks!"; KFMH's Phil Maicke heralds it, "The biggest surprise of the week!"; and WFBQ's Jay Baker simply calls it, "Great rock and roll!" Just out and "The Harder

They Come" lands on KFMH, 91X, WFAL, KACV and WHTG.

SALTY DOG, "COME ALONG", GEFEN

WCMF's Dave Kane calls it, "Big 'n ballsy!"; WRXK's Arvette insists, "I love it!"; and WTPA's Chris James confirms, "It's pulling Top 5 phones!" This puppy debuts at 87* Hot Trax and now rotates on 21 FMQBers (WQFM, KPEZ, WEZX, WHMH, WNCD, KFMH, KRZQ, KZRR), as WPLR, KMOD, CILQ and KRXQ join

the party. "Come Along" increases at KNAC and WFAL, and also has phones ringin' at WRXK.

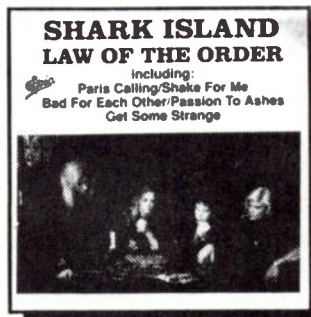

MICHELLE SHOCKED, "ON THE GREENER SIDE", MERCURY

"On The Greener Side" is a little on the wilder side for Michelle, loaded with Swing and a trace of Rockabilly. WDHA, WKQQ, WVBR and KZYR are the latest to come over to the right side, joining over ten others (WFNX, 91X, KFMH, KTCZ, WWVU, WDST, WBRU). "On The Greener Side" has already stepped into Heavy status at

WRAS, WWVU and WNCS.

SHARK ISLAND, "PARIS CALLING", EPIC

Upgrading 85-79* Hot Trax, "Paris Calling" is new this report at WQFM, KLOL and WTKX. Already Max/Heavy at KUPD and WLAV, Shark Island is also spinning at WCMF, KISS, WDHA, WLLZ, KMOD, WPLR, WRXK, KEZO, KLBj, KFMH, KEYJ, WTCS and many more. Take it from WMMR's Erin Riley, "This band has the

goods!"

SHAKING FAMILY, "TIC TOC", ELEKTRA

WFBQ's Jay Baker states, "Hope everybody gets a chance to catch the buzz on Shaking Family. Don't let the name fool you, because you'll find the music amazingly tight and very mainstream. I'm sure you'll be as surprised as I was!" This blend of acoustic and electric guitars is refreshing, as WKQQ, WDST and WTCS

have just found out.

METAL MONSTERS

SLAUGHTER, "UP ALL NIGHT", CHRYSALIS

One of the more anticipated releases so far this year is the debut from SLAUGHTER. After carving a niche for himself with VINNIE VINCENT, Mark has become one of rock's hottest vocalists. "Up All Night" has one of those big-ass arena size chorus' that hooks you instantly. The look is made for MTV. The song is made for continuous airplay...all the way to #1.

BILLY SHEEHAN, "KING OF THE WORLD", RELATIVITY

As bass players go, few have the resume of this guy: Guitar Player Magazine's "Best Rock Bassist" 4 years in a row; former member of both DAVID LEE ROTH and UFO; and currently tickling the frets with his own band, MR.

BIG. This track comes from "The Talas Years", a collection of studio and live tracks taken from the early '80s. "King Of The World" will work for you because it's BILLY SHEEHAN. Nuff said!

SALTY DOG, "EVERY DOG HAS ITS DAY", GEFGEN

"Come Along" is gnawing its way up the chart (30-26*), and we understand there's 3 new edits on the way. You'll have your choice of "With Ass", "Without Ass", and "Hole Ass". So, pick your favorite ass! The Lp's chock full of great tunes from a band that's on the come. We like "Cats Got Nine", "Ring My Bell", "Spoonful", and "Heave Hard (She Comes Easy)".

KILLER DWARFS, "DIRTY WEAPONS", EPIC

Now here's a band that's three dwarf's short of Snow White! Seriously, we feel this could be the year of the DWARF! The KILLER DWARFS get help from producer

And The Baby Screamed.

Andy Johns, who gives the band a much more mature and commercial sound without losing any of the energy you've come to expect from this band. Little disc...big sound!

LAZ ROCKIT, "LEATHERFACE", MEDUSA

Just when you thought it was safe to go back to the movies, here comes the return of "Leatherface". Already on the TUFF TRAX chart at 29*, LAZ ROCKIT are back and this is the perfect vehicle to introduce them to a whole new audience. Move over Freddy, 'cause now "The Saw Is Family".

RATOS DE PORAO, "BRASIL", ROADRACER

Geez, we were really hoping for a lyric sheet so we could figure out what the fuck Cordo was singing! As longtime fans of the Brazilian death metal circuit, we just can't help but love the subtle timing changes and the brutality with which they assault the English language...we think. Songs we think we like include "Children Without Future", "Suicidal Herion", "AIDS, Pop Repression", and "Fucked Plan".

CONCRETE FOUNDATIONS: The new decade just brings more and more changes, eh? Now we've gone Top 40. Unfortunately, we couldn't get Casey to do the radio show, so you'll just have to read it for yourselves each week in the **FMQB METAL DETECTOR**, folks. Of course this leads to more debuts, like this week's **CARCASS** and **TERRORIZER**. The new format also means more returns. So many of them in fact, that it would be unfair to only mention a few, but how about the biggest return? O.K. - **MIKE MONROE**. **MIKE** and **TESLA** tie for the Block Buster of the Week position, both moving 12 places upward. Shaker goes to **SAVATAGE** orice again. In-Store play is **WHITESNAKE** for the second time, with **JOE SATRIANI** and **VOIVOD** not trailing too far behind. **CARCASS** and **TERRORIZER** have answered my prayers, and added a little spunk to the Top 5. Moving up the charts by leaps and bounds are: **WARRANT**, **DANGEROUS TOYS**, **SOUNDGARDEN**, **GREAT WHITE**, and **ACE FREHLEY**. Ciao! **LISA PROSPER - CONCRETE MANAGEMENT**.

DOWN AND DIRTY...

This is our first Down And Dirty of 1990, and we couldn't think of a better way to kick things off than with Joel Ellis of **CATS IN BOOTS**. Joel talks about the formation of **CATS**, what he's having for lunch, chicks and what we should do with Manuel Noriega. So tell us Joel...

CATS in BOOTS

MD: What's the band been up to?

Joel: We've just finished our second video, which is for "Her Monkey". It's pretty visually arresting and we're real happy with it. It's getting a lot of action. I think it's gonna be a good year for us. Right now Jam and Butch are in Tokyo, Randy's in Las Vegas and I'll be heading to New York to do some MTV stuff.

MD: How did the band come together?

Joel: I was out here in L.A. and had just finished doing a record for Atlantic records that was never released. I was doing a lot of networking, writing with a lot of big people and picking up tips. I ran into Jam and he handed me a tape. He'd been following my progression through L.A. for a couple of months and he finally thought it was time to approach me. He gave me a business proposition, ya know, let's put the band together and you and I will do all the writing. I listened to the tape and I liked the direction he was heading in. We took it from there and we decided to go to Japan and book a tour. The audiences are much more impressionable over there.

MD: That ties into the next question...you did things a little different by going to Japan first and then coming to America.

Joel: Yeah, well, L.A. is kinda stagnant. You know, all the people you need to reach are so busy and it just doesn't pay to play the club scene. I'd been through all that and I was tired of it. I just really wanted a change. Going to Japan seemed like such an exciting thing to do and Jam felt confident that we could get some attention from some of the magazines. It all fit together.

MD: So how important was the press in Japan as far as securing your deal with EMI?

Joel: Basically it was. The key point was they really liked the record. They liked what we had done. A lot of people think it was because Jam was famous there, but he'd been out of the music scene for two years. He was a guitar player in a band that was kinda doing the **IRON MAIDEN** thing, they wore the **KISS** make-up and their audience was not really our audience. The magazines liked what we were doing, they admired his integrity and ambition, they loved the music. They did a lot of features on us and we sold a lot of records through mail order. All the publicity helped a lot.

MD: Is having a message in your songs important?

Joel: I think it's real important to either convey a message or to tell a story. Storytelling is a big part of music and entertainment, I really believe that. I like to keep the cranial mode happening with the music. Our first demo record was a rebellious thing for me as far as my writing goes. Sure, there's songs I want to convey a message in like "Her Monkey". I felt it was a story that had to be told, because it was something that was hurting to come out of me. The other songs we just wanted to have fun with. I said to Jam, what do you want to write about. He said, I want to make a song about bad boys. I go okay, here ya go we'll do a song called "Bad Boyz" and we'll do it about us. I think the message in songs is important and I think there'll be a lot more of that in my writing.

MD: You did the record with Mark Opitz who had worked with INXS and the DIVINYLS. What was he like to work with?

Joel: He also worked as an executive engineer on all the **AC/DC** stuff. He was great. The first interesting thing about Mark was that he was from Australia. It was a big triangle. You had the American guys trying to speak Japanese and the Japanese trying to speak Australian and the Australian guy looking at us going "oh God". It was really a lot fun. We first started working with Tom Werman.

He was very difficult, hard to pin down, his ideas were vague, he never gave us a straight answer and he wasted a lot of time. Mark was the complete opposite. He said where do you guys want to be with this record. I said go all out energy. He knew exactly what to do with this record. He was really great and his attitude was great.

MD: What are the tour plans for now?

Joel: Right now it's just the West Coast thing and we've got two or three avenues as far as the supporting thing goes. We hope to get on AC/DC's tour later this year. I'd love to tour with them. Our label would like to see us go to Europe. It's a new decade, it's a new year and we're looking at it from starting over. We've gotten a good push so far and we're gonna start from scratch and put our balls to the wall and go for it. We wanna tour, tour, tour! RATT wants to do a Budokan show with us and the guys in WHITESNAKE said it would be interesting to have us open for them. Hopefully, we'll get something.

MD: Does "Shotgun Sally" really exist?

Joel: She does. When we were writing the song I was having a hard time with the girl I was seeing, who is also "Her Monkey". I was going through a rough thing with her being addicted to drugs and a couple of my buddies came over to cheer me up. We started talkin' and throwing ideas around and laughing. It turned out to be a funny song about a girl on PMS with a shotgun. It's ironic 'cause our drummer Randy was shot and killed by a girl and was brought back to life in the recovery room. He was D.O.A. and he had an outter body experience. So it all relates.

MD: Describe your wildest backstage moment.

Joel: We were in Dallas and after our show there were a bunch of girls who asked us to autograph various parts of their bodies. They proceeded to undress in front of us and handed us magic markers. We broke out the video camera and got it on film. That was a lot of fun.

MD: Are Japanese women easier than American women?

Joel: They're different. They do it more honorably. I forget what city in Japan it was, but we were in our hotel room playing Nintendo and drinking and there's a knock at the door. We open the door and there's about four or five girls who just wanted to give us massages. I remember laying on my stomach on the bed getting this incredible massage by four girls at the same time. Each had a leg, the other had my back and my arms. They were pokin' me in places that I never experienced in my life. They used elbows, chins and everything. So, I guess you could say their more open to massage.

MD: So, what's for lunch?

Joel: I'm chompin' on a turkey sandwich with lettuce, tomato, swiss cheese on whole wheat with mayo and mustard. But you can say I'm having a scab sandwich with a glass of pus.

MD: If you were an air freshner, what scent would you be?

Joel: That's a good one. How about "seconds after" sweat.

MD: What should we do with Noriega?

Joel: I'm very touchy on the subject of capitol punishment. I was thinking about giving him some sort of torture to give us all the information he knows to help us

dig deeper. He's like the tree, but the roots are still there. I think we should find a way, ethical or non-ethical, to get him to help us solve this problem. And if that don't work, we'll put his face in Randy's snare drum.

MD: Any parting words to our friends in radioland?

Joel: If you haven't been "Kicked And Clawed" yet, you will be soon. Hey, "Kicked And Clawed" is the only cure for "Cat Scratch Fever".

Thanks to Joel and Norm Osborne for allowing us to get a little goofy. Next week the "Hammer Swings Down" with Derek from Babylon A.D. Aloha!

STUFF YOU SHOULD KNOW...

* **OZZY OSBOURNE** will release his new live Ep, "Just Say Ozzy", on January 24th. This live collection is from OZZY's 1989 tour. Produced by Andy Johns, the Ep will contain the following killers: "Miracle Man", "Bloodbath In Paradise", "Shot In The Dark", "Tattooed Dancer", "Sweet Leaf" and "War Pigs". We hear OZZY is planning a farewell tour for 1991.

* The new Lp from **ROBERT PLANT**, "Manic Nirvana", is due out in mid-March. Once again, ROBERT will be using the same band who played on "Now And Zen". The Lp is said to be much more hard-edged than his previous solo Lp's. Watch for ROBERT on the road this Summer.

* **RONNIE JAMES DIO** has returned to the studio. Look for the Lp in the Spring with an extensive World Tour to follow. Along with the new Lp comes a new line-up featuring Rowan Robertson (guitar), Jens Johansson (keys), Teddy Cooke (bass), and Simon Wright (drums on the Lp). RONNIE describes the new line-up as "A bunch of passionate professionals!"

* **YNGWIE MALMSTEEN** is touring Europe as we speak. We hear his touring band consists of Frankie Banali (drums), Don Airey (keys), Patrick Young (bass), and Goron Edwards (vocals).

* "Leader Of The Banned" is the title of the new Lp from **SAM KINISON**. This time out SAM has included 4 "legitimate" rock and roll remakes, not parodies: CHEAP TRICK's "Gonna Raise Hell", MOUNTAIN's "Mississippi Queen" (which has been rewritten to tell the story of Jim Bakker), THE ROLLING STONES "Under My Thumb", and SAM's personal tribute to ELVIS, "Are You Lonesome Tonight". The music portion of the Lp was produced by Richie Zito and features a stellar cast of musicians including WHITESNAKE's Rudy Sarzo, BON JOVI's David Bryan, POISON's C.C. DeVille, EDDIE MONEY, LESLIE WEST, DWEEZIL ZAPPA and HOUSE OF LORD's Chuck Wright and Lanny Cordola. The comedy side of the Lp features such titles as "Detox This", "Shopping For Pets", "Sex, Videotape And Zoo Animals", "Jerry's Bastard Kid", "Old People Must Die", and "Grilled Cheese Sandwich".

* Congrats to KIX, who've landed the coveted opening slot on the upcoming WHITESNAKE tour.

* Here's a rundown of who's in the studio: **DEATH ANGEL** is working on their Geffen debut with Max Norman...AC/DC is working with George Young. We hear Malcolm Young will play on the Lp...**QUEENSRYCHE** is again working with Peter Collins on their next Lp, which is due in the Spring. Word is, it's not a concept album...**LITA FORD** is recording her 4th solo Lp with Mike Chapman. We hear she may be covering **ALICE COOPER**'s "Only Women Bleed", as well as "Hellraiser" by **SWEET**. Other songs include "Stiletto", "Big Gun", "Dedication", "Hungry For Your Sex", "Bad Boy", "Aces & Eights", and "Ripper"...**SWORD** is working with **ALDO NOVA** on their next album due in March. Expect a more melodic sound...We hear producer extraordinaire, Bob Rock is working with **EUROPE** as well as **ELECTRIC BOYS** who are signed to Atco...**HELLOWEEN** is recording with Tommy Newton, while ex-**HELLOWEEN** guitarist Kai Hansen will be releasing his solo Lp "Heading For Tomorrow" on Noise.

SO ROCK TO **SHARK ISLAND**...**Ozzy** and **Geezer** re-united doing 'War Pigs'. CD to ya soon. 'Just say **Ozzy**'...Slammin' to **Suicidal Tendencies**, **Gothic Slam** and **Meliah Rage**. CLARISSA GARCIA, DEF AMERICAN (213-278-6699):

"It's still early in the new year and we have a lot happening at the ol' Def place: **Wolfsbane's** video for 'Manhunt' has just been added to/debuted on MTV's **Headbangers' Ball**...**Trouble's** new release is the killer pick in the latest CMJ and it received five K's in the new Kerrang!, where it was described as being 'capable of collapsing speakers with pure, crushing riffs.' After listening to their latest effort, you'll be salvaging what's left of your woofer and tweeter...On Saturday, I experienced **Dread Zeppelin** at Club Lingerie. Maybe you've heard of 'em? They do reggae versions of **Led Zeppelin** songs with an **Elvis** impersonator singing lead. Even 'Priscilla' was there with a beehive to rival the **B-52's**. After the second song, the novelty of **Dread Zep** wore off. But the band who opened for them, **Two Free Stooges**, was hilarious. These guys dress, act, and sing like some old lounge act's worst nightmare. If you ever get a chance to see them, do it. They're fun...As promised, here's an outline of the birthday card sent to me from the **Metal Detector's** favorite hot tub babe. Top 10 reasons why birthdays are better than sex: 10) The flaming candles aren't as dangerous; 9) The ice cream doesn't melt before you're finished with it; 8) The pin-the-tail game isn't as painful; 7) You get more than one gift; 6) You don't get as much frosting on the carpeting; 5) Cake; 4) You're guaranteed to have a birthday every year (thank God); 3) Birthdays aren't as exhausting; 2) It's okay if a friend walks in on your birthday; and the #1 reason why birthdays are better than sex -- 1) You're the only one who has to be satisfied...On that comforting note, I'll say goodbye kids."

MISSI CALLAZZO, MEGA FORCE (201-254-6533):

"What do I have to do to get **Overkill** to number one????? Giving up SEX was not enough???? Must I sacrifice a member of my family???? Just tell me what it will take!!!! Trust me, I'll be willing to do it!!!! Please (I am on my hands and knees begging) let **Overkill** be #1!!!! You know they deserve it!!! They LOVE you, and I know all of you LOVE them!!!! We are putting ourselves on the line, the entire staff of **Megaforce** are from this day on giving up SEX as a sacrificial offering to make **Overkill** #1!!!! This is a very difficult thing to do, but we are TOTALLY committed to make **Overkill** #1!!! I promise (kind of) that I will never ask you for anything again if you cooperate and make **Overkill** #1!!!! If you don't, I will be coming around to collect those **Overkill** keychains that you LOVE so much!!!!...**Ace** is on the radio, doing better than ever!!! Check out his next emphasis track 'Trouble Walkin'. **Ace** will begin his tour in mid-February...**Testament** are on the road in EUROPE, and when they return they will be doing another string of dates scheduled to begin in early March!!!!...**Violence** will be coming to you in April!!!!...PLEASE, PLEASE REPORT **OVERKILL** #1!!!!"

CHERYL "OUR DECADE" VALENTINE, METAL BLADE (212-645-6208):

"Yep, we own this decade! We, meaning you and me. It's up to us to make something of the '90s and, oddly enough, I know just how we can do it. We can support worthy artists and pass the word on to as many homosapiens as humanly possible! If I may so boldly suggest, we can start this little quest with D.R.I. We're already off to a jammin' start with the imbecile types -- you've been brilliant with them thus far and we thank you very much for that. My only criticism would be that Commercial radio seems ignorant of D.R.I.'s popularity. They're a consistently good seller and their club shows are packed. No audience for D.R.I. at Commercial radio? Bullshit!. Once again, I'd like to commend College radio for doing such an excellent job with the Rotten ones and hope that you will feel compelled to continue spreading the word...On a lighter note -- you should feel pretty shitty right about now. Why? Because the general populace is treating Fates Warning much better than you are. I'd say that about 80% of their shows have been absolutely packed, they're selling twice as many records as No Exit and MTV is supporting them heavily (they were the first video a week or so ago). Feel stupid that you barely put them into the Top 5? As well you should. Let's acquire a brain for 1990!...We've got fudge -- not really, but we do have Candlemass! Their new Lp (product?) is entitled Tales Of Creation and it blows Ancient Dreams away. 'Oh pishaw!' you say. Me-eth telleth the truth. Tales is so killer!...The Doom Masters shall rise again at the end of January, so start salivating on your mailbox NOW!...Coming up in mid-February, we've got a special treat for you -- the new one from Anacrusis. We are licensing their second record, 'Reason' for the U.S. and it rules! The closest category that we could put these St. Louis types in is Weirdo Anger Metal. They're very innovative and tight and we're creamin' over this baby! Wait 'til you see the press on it. Ah! We're so great, I can't sand it! Ah!!!!...Thank you for your time. Hasta luego."

RUSSELL GERRIOR, CONCRETE MARKETING (212-645-1360):

"This is a good week for both sports fans and music lovers. The Boston Bruins are in first place in the Adams Division with the best record in the NHL; and there are some great records out, including Babylon A.D. with their new emphasis track 'Bang Go The Bells', Britny Fox's 'Dream On', MSG's 'Save Yourself' and Law And Order's 'Your Sister Does'. Others that are working their way up the charts are The Angel's 'Dogs Are Talking', The Front's 'Fire', Heist's 'High Heel Heaven' and Keel's 'Evil, Wicked, Mean & Nasty'. A few records that will be arriving over the next couple of weeks are Slaughter, Barracuda, Balaam And The Angel, and a new Ep from Mortal Sin. If you need product on any of these bands -- call me."

KATHY DOVLATOV, NOISE INTERNATIONAL (212-334-9268):

"Greetings! Allow me to introduce myself -- I'm the new 'radio chick' at Noise Records. Those of you who report to CMJ and attended the 1989 happening metalfest in New York may remember me as the Metal Marathon Coordinator. Now, instead of commuting to Long Island, I walk to Noise. But enough about me...In a couple of weeks you should be receiving a most exciting sampler package, a Coroner CD-single for 'Last Entertainment', plus a brand-new advance compilation with Scanner, Running Wild and S.A.D.O. Full-length Lps for the latter three will be landing in your mailboxes sometime in February...We've got lotsa other things in the making and I'll be keeping you posted. In the meantime, I hope you're all playing a lot of Coroner and Watchtower and finding them as aaa-mazing as I do! If there's anything you need, I'm the one to call. Be talking to ya."

KATHIE REED, ROADRACER/RC (212-219-0077):

"Keep your eyes open for 'There Stood The Fence' -- the radio 12" from New York's Toxik!! This is an account of the world the day after a nuclear war, (pretty deep, huh?!) This baby is backed with the Zep tune 'Out On The Tiles'!! Toxik will be playing warmup dates in the New York area in preparation for their tour of Europe. Catch 'em if you can!!...Hey, how about the new Paradox -- 'Heresy' will really blow some wind in your sail with cuts like 'Heresy' and 'Killtime'!!...New Pestilence will be creeping its way onto your turntables, the doomsters will slay you with 'Consuming Impulse'...And don't forget to check out the new R.D.P. (that's a quick way of talking about the Basement Rats from Brazil)!! This crossover storm will enlighten you to the way the world is in Brazil in the 1990's. If you need an RDP lyric sheet, give me a call!!!!...Now for the dialogue dirt update: Monte Conner has been declared the 'Party Animal' spokesperson for the 1990's, replacing Spuds!! Monte will be consuming Komicazi's at every bar known to man and even coming to the city on the weekends to take part in his liquid ritual!!!!...And in an unrelated note -- NO, I am not dating Steve Prue!!!!"

STEWART MORALES, TORRID (914-644-3885):

"The Gothic Slam 'Just A Face On The Road' tour kicks off in February! Get ready for it. I will be going out with the band on a few selected dates to give you radio rockers the full Slam treatment. Prepare yourselves with the Gothic album 'Just A Face In The Crowd'. Remember G.O.T.H.I.C. S.L.A.M. is Grand, Outstanding, Too Hot, Incredibly Cool, Superior, Loud, Aggressive Music!...Trash Broadway will soon hit the road as well in the east. These guys are ready to blow away any headliner. I don't have an acronym for Trash Broadway, but we're working on it. If you have any suggestions, let me know. Mahalo."

TOM MICUCCI, IN-EFFECT (718-740-5700):

"As stated last week, Scatterbrain is the name of the new band on In-Effect Records. Paul Nieder, guitarist for the band and one of the members of the now defunct Ludichrist, chose a person at random to receive the guitar for the name-changing contest. The winner is freelance writer Mark Dery. Congrats to Mark and we should have some pictures of him with the guitar and the band soon...Scatterbrain's debut release will be called 'Here Comes Trouble' and will be out on March 19. This is In-Effect's first project of the New Year, so beware!!!!...There has been a change on the Sick Of It All dates. They will be joining the D.R.I. tour on February 4th in Toronto, not January 19th as earlier stated. The Midwest dates that they will be missing will be made up in mid-March, so stay tuned for more info...Killing Time will be playing some weekend shows in support of their excellent 'Brightside' Lp, so you will finally see this killer band (pun intended) live...Again, congrats to Mark Dery and thanks to all who submitted names. There were some really cool ones...Well, be good!!"

BILL FISCHER, MCA/HARD ROCK (617-933-9290):

"Well, boys and girls, welcome back! I hope you all had a fine holiday season and received the gifts you wished for. I, personally, received some of what I wanted, including Voivod reaching #1! The Voivod mega-tour has just begun and our Montreal contingency is already perched at numero uno in the CMJ Metal chart, with FMQB success to soon follow. Six more weeks of dates have been added to cover the whole country. If you have no announced dates yet, then give me a ring and I will be more than happy to oblige you with information. 'Nothingface' has also penetrated the Top 100 on the alternative charts and has recently charted at 156 (with a bullet) in Billboard!...New York's finest, Law And Order, have also handed me a fine gift in placing within the Top 10 of FMQB's Metal chart, while also perching themselves securely within the CMJ Metal charts. If you have not been hit with the buzz on this band, then TURN UP THE VOLUME...Right now, the emphasis track you should check out is: 'Your Sister Does'. Presently, the band is playing occasional gigs in the Northeast while waiting for the big word on the national tour scene."

HOTTEST NEW TRAX

OFRA HAZA, "DESERT WIND", SIRE/WB

I'm still not sure why they call her the Barbra Streisand of Israel. She sounds nothing like her, however she sells just as many albums. International music is slowly coming into the mainstream in America and it will take performers as talented and charismatic as Ofra Haza to take it to the top.

Last year's "I'm Nin Alu" was heard all over college radio, so dig into her second domestic release. Lead cut "Ya Ba Ye" is an uptempo tune. The 12" contains different versions. Check out album cuts "Wish Me Luck", "Fatamorgana" and "Taw Shi".

ELECTRONIC, "GETTING AWAY WITH IT", IMPORT

While Peter Hook's out getting Revenge, New Order's **Barney Sumner** has teamed up with the Pet Shop Boys and Johnny Marr. Forget about Liza, check this out. First off, who could deny Sumner's smooth and cool delivery. This tune is a perfect vehicle for his velvety pipes. "Getting Away" is a gentle tune with a

definite beat. The import 12" comes with a bonus cut and an extended mix. Look for an album out later this year.

THE RAVE-UPS, "HAMLET MEETS JOHN DOE", EPIC

This sampler preceeds The Rave-Ups' forthcoming second Lp "Chance". It's been a while since their first album, but they've lost none of the energy that made them shine. This new release highlights a tighter, more textured piece of work. "Respectfully King Of Rain" is a delicate yet textured tune with a hint of psychedelia

and a monster sized hook. The CD Ep contains two bonus cuts.

GRANT HART, "INTOLERANCE", SST

Many people are still divided on who was actually the best band of the '80s, The Replacements or Husker Du. The demise of the Huskers later brought a wonderful album from lead vocalist Bob Mould but it was a project from drummer Grant Hart that proved to be the first post HD project released. This full

length CD includes the single "2541". Hart plays every instrument on this effort. Check out "All Of My Senses", "The Main" and "Anything".

THE LILAC TIME, "THE LILAC TIME", FONTANA/MERCURY

Stephen Duffy's second album with The Lilac Time "Paradise Circus" came out late last year. This new Ep will remind you how good an album it is. "American Eyes", the current lead track highlights Duffy's smooth as silk vocal delivery. The Ep sports an acoustic version of the tune plus a cover of Joni

Mitchell's "Big Yellow Taxi" and several bonus cuts.

UB40, "LABOUR OF LOVE II", VIRGIN

Hopefully this one won't take five years to receive national recognition. The big jump to Virgin coincided with the release of this new effort. First up is their version of Al Green's hit "Here I Am (Come And Take Me)". Their combination of rock, pop and reggae is a potential mainstream mauler. "Red,

Red Wine" achieved national acclaim for the band but these guys should be superstars. Check out "The Way You Do (The Things You Do)", "Homely Girl" and "Groovin".

NOW READ THIS...

The wait is over! Look for an import 12" January 22 from **SINEAD O'CONNOR**. The effort, "Nothing Compares 2 U" is a Prince tune and was previously done by The Family. Look also for the video, which like the import is being shipped one month before the domestic release. The single comes from her March Lp release "I Do Not Want What I Haven't Got".

"Three Months, Three Weeks & Two Days" is the title of the **BILL PRITCHARD** album. I.R.S. is releasing a special six song Ep that contains "Invisible State", "Kenneth Baker" and four new tracks.

Mid-February brings the release of "Jacket Hangs" the first single from new Chrysalis act the **BLUE AEROPLANES**. This comes from their forthcoming album "Swagger" which will be released in March.

DINNER WITH THE BODEANS

The BoDeans visited Providence, Rhode Island and went to dinner with the locals. (L to R): WHJY's John Junda, BoDeans' Danny Gayol, Kurt Neumann, Sammy Llanas, Bob Griffin and Michael Ramos and WHJY's James Evans.

I.R.S.' East coast offices have moved! Reach them at 594 Broadway Suite 901, New York, New York 10012. (212) 334-2170, fax: (212) 334-2178.

PETE SHELLEY, currently on tour with The Buzzcocks commented on the Fine Young Cannibals version of "Ever Fallen In Love". He didn't much like their version but is enjoying the royalties.

It's been five years since **BAND AID** and now, here's Band Aid Two! Produced by Pete Waterman of the famous Stock, Aitken, Waterman house, the tune includes artists Tina Turner, Tears For Fears, Jimmy Sommerville, Bananarama, Cliff Richard and more. Details of Bob Geldof's involvement in the project are sketchy although it was he who suggested the tune in the first place.

The new **TANITA TIKARAM** album will be out in the UK in January. Entitled "The Sweet Keeper", in homage to her mother, the album sports the lead cut "We Almost Got It Together".

ALL ABOUT EVE feature a Jethro Tull tune as the B-side of their current UK single "December". The band covers Tull's "The Witch's Promise".

It's been five years since the last **WORLD PARTY** album. Their next, "Goodbye Jumbo" will be released in March.

THE STRANGLERS recently covered the Kinks tune "All Day And All Of The Night". Their most recent cover is "96 Tears" the old ? & The Mysterians.

Derek Holt and Pete Haycock, two members of **H-FACTOR** and previously the Climax Blues Band have joined up with guitarist Steve Hunter. The trio covers the old Climax Blues Band tune "I Love You". Their debut album features covers of Squeeze's "Tempted" and Wall Of Voodoo's "Mexican Radio".

Siouxsie And The Banshees' **STEVE SEVERIN** is still mixed up in a mess with the British Board Of Film Censors. The organization has banned Severin's film of Sister Theresa of Avila due to its blasphemous nature.

NETTWERK has linked with **I.R.S.** for distribution of most of their product in the United States. Their joint projects will include Bill Pritchard, Bel Canto and MC 900 Ft. Jesus.

The **INDIGO GIRLS** have released a long video compilation. Entitled "Indigo Girls Live At The Uptown Lounge", the effort features the duo in concert.

The long awaited album from **RENEGADE SOUNDWAVE** will soon be released. Enigma/Mute whet your appetite with 1987's "Biting My Nails". In addition to the new album "Soundclash" a CD Ep will be released. The special CD will feature two non Lp tracks.

Look for an import single soon to be released from **THE CURE**. They'll release "Pictures Of You" backed with live tracks from some Wembley shows last July.

REVIEWS YOU CAN USE

**CHRISTINE LAVIN, "ATTAINABLE LOVE",
 ROUNDER/PHILO**

When last year's "Good Thing He Can't Read My Mind" came out, Lavin proved herself an accomplished folk-singer with a sharp wit. This time around, her humor shines through on cuts like "Sensitive New Age Guys", "Fly On A Plane" and the epic "Shopping Cart Of Love: The Play". But she proves equally facile at focusing on

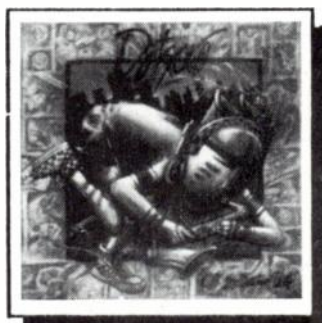

relationships, and more appropriately how we look at ourselves in relationships with the title track, "Victim/Volunteer", "The Kind Of Love You Never Recover From" and "Moving Target". And everything she has to say is cloaked in beautiful melody, sparse but supportive accompaniment and excellent vocals. Don't overlook "Castlemaine" or the great liner notes -- though you'll need a mirror to reveal the epilogue of "Shopping Cart".

**CELESTIAL NAVIGATIONS, "CHAPTER II",
 NOUVEAU**

After a holiday preview of what this group has to offer, the second full-blown collection of Celestial Navigations' unique combination of the music of Chris Many and Geoff Levin with the far-out stories written and told by Geoffrey Lewis is here. To those already familiar with this outfit, there are no surprises, just 10 more excellent, funny and engaging stories. If you missed out on this trio the first time out, throw in "The Soothsayer" and hear how Lewis' tale of a crafty medieval character becomes an indictment of modern-day charlatans while Levin and Many create an electronic setting for the story.

DOTSERO, "OFF THE BEATEN PATH", NOVA

This trio offers their brand of fresh, slick light jazz. The grooves are strong and the playing is sharp and to the point. The focus stays on Stephen Watts' sax-work, along with his brother David's guitar. Michael Friedman rounds out the Colorado-based unit with his bass. Influenced by old masters such as Miles Davis and Dexter Gordon as well as pop-jazz fusionists Steely Dan, Chicago and Earth, Wind & Fire, Dotsero's instrumentals run the equilibrium between the two with the result being music perfectly suited to this format.

CRYSTAL WIND, "INNER TRAVELER", HIGHER OCTAVE

Higher Octave has had a great deal of success operating in the sphere of electronic material. And this group's name and album title seem to come from that same musical genre, until you hear what they have to play. Their music carries with it jazzy voicings, acoustic instrumentation and a rhythm section that swings. To be

sure, there are synthesizers present, but this group has created a new and different middle ground between the familiar sonic electronic washes that can sometimes sacrifice melody and the jazz world. This offering also distinguishes itself by the presence of a pair of New Age cover songs. Both "Icarus", originally by that icon of electronic music, Kitaro, are given new readings by the group.

MIKE SMIAROWSKI, "ISLAND FANTASY", SMEAR

The warm tropical sentiments on this release make it a welcome change to the brutal winter already chilling much of the country. Hard to believe this guitarist hails from Buffalo, New York, when his light, jazzy playing accompanies keyboard pads and marimba lines evocative of Caribbean music and visions of palm trees.

Smiarowski's (pronounced -- smear-OW-ski) fanciful musical sketches of his dream paradise are joined by the fast-paced "Tension Teaser" with its compelling flights of fusion. "Island Fantasy" is a fantastic winter escape.

NEWS YOU CAN USE

SAX-MAN SAM RINEY is currently enjoying the success of his "At Last" album on the Spindletop label. If you're interested in talking with Riney, interviews are now being scheduled by the folks at Peer Pressure promotions for the weeks starting January 15th and 22nd (they're trying to focus primarily on the first of those two weeks.) Contact Roger or Fred at (818) 991-7668. Their fax number is (818) 991-7670.

JANE SIBERRY will soon see the next single from her "Bound By The Beauty" release. Expect to get the melodic "The Life Is The Red Wagon" real soon. The track is indicative of Siberry's approach on this album where more acoustic, folky and even country elements come together under her quirky pop songwriting and wistful voice. "Red Wagon" is an uplifting number and very adaptable to the format. Expect to see Jane on stage during a Spring tour of the states.

NEW HORIZONS would like to welcome new reporter WEXT, Poughkeepsie. WEXT signed on the Dec. 4, 1989 and describes themselves as a "hybrid of AOR and Jazz similar to WBOS in Boston". WEXT's Program Director is Chris Lammly and Music Director is Gary Manheim. They can be reached at (914) 454-WEXT and their mailing address is 80 Washington St., Penthouse Suite, Poughkeepsie, NY., 12601. They are looking for record service immediately.

DIALOGUE

MARK BRODSKY, WAPL, APPLETON:

"A tremendous effort by Ramsey Lewis and Billy Taylor on 'We Meet Again'!! If this collaboration doesn't come in on 99.9% of this month's playlists, I'll start smoking again!! No, just kidding! (cough, cough) I really did quit smoking, and by the time you read this, I'll be two weeks gone!!...Also, check out the "Gatemouth" Brown on Alligator -- 'Cool Jazz' is the track of champions. Hey, take it easy, O.K.?"

JOANI WILLIAMS, KKFM, COLORADO SPRINGS:

"Comparisons continue between Didier Lockwood and Jean-Luc Ponty, I'm sure, so let them. '1-2-3-4' is filled with energy and lovely lines, and Dotsero's 'Off The Beaten Path' is already giving the phones a workout. What a nice way to start off the new year!"

MARK BENSON, WIOT, TOLEDO:

"The '90s are heating up already, with the new effort from the Richard Smith Unit on CMG. Kenny G., Dan Siegel and Richard Elliott dropped by and you'll love it. Hey, record folks -- now it's time for new music. My playlist is waiting."

DEBORAH LEWOW, GRP:

"Happy New Year New Horizons, the '90s are definitely here! GRP's upcoming events include: 'Happy Anniversary, Charlie Brown' or 'You Don't Look 40, Charlie Brown', CBS TV special airs February 2, EST. Also, Snoopy and the gang will be honored during half-time at the Super Bowl January 28th...Watch your mail for Steve Kahn's 'Public Address', The Rippington's GRP re-releases

of 'Kilimanjaro' and Gary Burton's 'Reunion' with Pat Metheny...To those of you who will be attending the Gavin Convention, please plan to stop by the GRP Suite Saturday afternoon to meet Deborah Henson-Conant and Don Grusin and hear their new releases. I will be in contact regarding the exact time."

DIRT ALERT!

DIRTMAKER: SYKES CHRYSALIS PRESIDENT: KIENER VICE CHAIRMAN

As widely rumored, Chrysalis has called on entertainment industry veteran John Sykes as President, replacing Mike Bone who resigned last month. Concurrently, the label has promoted North American CEO Joe Kiener to Vice Chairman of Chrysalis Records Inc.

JOHN SYKES

JOE KIENER

Sykes is best known for his 5 year hitch with MTV, which he co-founded while working at Warner Amex in '82. He left the network as VP Programming in '86 to enter artist management as an agent for Creative Artists Agency. For the past year-and-a-half, Sykes has been President of Champion Entertainment, guiding the careers of John Cougar Mellencamp, Hall & Oates, Taylor Dayne, Carly Simon, James McMurry and others. He began his career at CBS Records in '76.

Commenting on the label's new management structure, Chrysalis Group Chairman PLC Chris Wright said, "During the past year, Joe has played a key role in introducing vital changes and new strategic direction to our organization. Under his overall leadership, and with exciting appointment of John Sykes at the helm of our U.S. label, we stand at the beginning of a promising new decade for Chrysalis in North America."

Kiener added, "John's decision to join our team is a significant accomplishment for Chrysalis, and a vital step in the development of the company. His experience and successful track record in record companies, at MTV and in artist management, make him the perfect choice for this job."

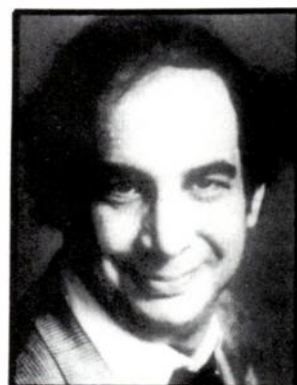

Sykes remarked, "I am delighted to be part of this new global music structure that Chrysalis is in the process of creating. I see the incredible recent success in our U.K. affiliate company about to be matched on this side of the Atlantic. Chrysalis offers the ideal situation for both new and established artists in today's marketplace -- the care and attention afforded by a boutique style label, along with the worldwide distribution clout of EMI."

MCA REALIGNS PROMOTION DEPARTMENT: UPS MEYER AND BRILL

MCA's Promotion Department has been restructured to initiate what Exec VP/GM Richard Palmese terms "a contemporary approach to record promotion." Senior VP Promotion Steve Meyer has been promoted to Senior VP Product Development, where his duties will include the strategic planning and execution of all label promotion efforts. Concurrently, Senior VP Field Promotion Billy Brill has been upped to Senior VP Promotion. Brill will be responsible for all Pop promotion campaigns.

"Promotion is changing and evolving in the '90s," explained Palmese. "Steve's appointment is a response to those changes. He will be involved in extensive planning and set-up, and the coordination of all aspects of the company's efforts in the promotion area. Billy's contribution to the label's success story has been enormous. He is indisputably one of the best promotion executives in the business. Billy is a one-of-a-kind promotion man with great instincts. We are confident that he will bring creativity and originality to his new position."

important role in our current successes, and I'm happy to acknowledge her contribution and expertise with this appointment." Anthony added, "I'm very excited by the challenges ahead. We have a great promotion team at Epic and we see the '90s as an important time for music."

For Anthony, the '80s were a time of steadily ascending the CBS corporate ladder. Hired in '78 as part of Portrait Records L.A.-based promo department, she was awarded with 5 promotions at Epic in the past decade: Manager AC Promotion ('81), Associate Director AC Promotion ('83), Director National AC/Trade Liason ('84), Director National Promotion ('87), and VP Pop Promotion ('88). She relocated to Epic's New York headquarters in '88.

ELEKTRA ELEVATES ALDEN TO SENIOR VP CHR PROMOTION

RICK ALDEN

Rick. He's got that rare combination of savvy, enthusiasm and knowledge that make an invaluable player. I'm extremely interested in seeing where Rick takes CHR promotion in the coming decade."

Epic has tapped VP Pop Promotion and 12 year CBS veteran Polly Anthony as Senior VP of Promotion. From her New York base, Anthony will now oversee the operation of all the promo activities of Epic and its associated labels.

Epic President David Glew remarked, "Polly has demonstrated her ability time and again. She's played an

Elektra VP CHR Promotion Rick Alden has been promoted to Senior VP CHR Promotion.

"Given the shifting deomographic of the 1990s, CHR will assume increasing importance in the future of radio," stated Senior VP Promotion Brad Hunt. "I can't think of anyone better suited to handling this burgeoning music market sector than

Alden added, "I'm honored by the continued support and confidence shown to me by Bob (Krasnow), Brad (Hunt) and Aaron (Levy). They've stuck by me through the rough times as well as the good, and it's more than just business - it's family. This promotion is a direct reflection on the great performance of my staff and I thank them for it."

Alden joined Elektra in '79 as Philadelphia Promotion Marketing Mgr. He's also a former Regional and National Marketing Mgr. His experience also includes Atlantic and RCA.

ROCK STARS REUNION: After 22 years, George Harrison (right) and John Sebastian reunited for 2 hours of music and conversation on "Rock Stars". The 2 guitarists first met at London's Marquis Club in '67 when Harrison and John Lennon attended the Lovin' Spoonful's first U.K. performance. After the show, Harrison invited Sebastian to a party at Rolling Stone Brian Jones' house. "It was a wild night," recalled Sebastian. "All I remember is winding up on my back playing George's sitar for hours."

IANELLO UPPED TO ATLANTIC SENIOR DIRECTOR NATIONAL POP PROMOTION

JOE IANELLO

Atlantic Associate Director of National Pop Promotion Joe Ianello has been upped to Senior Director of National Pop Promotion, based in New York.

VP National Promotion Andrea Ganis said, "Joe's personality and in-depth knowledge of our business make him one of the pillars of Atlantic's promotion team. Since joining the national staff nearly

4 years ago, he has displayed thorough professionalism, unfledgling determination and a remarkable sense of humor. A dedicated record man and a true original, Joe is respected and appreciated by all in the industry. It is with great pleasure that I acknowledge his accomplishments with this much-deserved promotion."

Ianello joined the label in '82 as New York Local Promo Rep. He then served Boston/Hartford/Albany and was later appointed National Secondary Promo Mgr.

RON GESLIN

KIM WHITE

"The decision to make these personnel moves is testimony to EMI's determination to leap into the new year with as heavy-hitting a promotion team as we can possibly field," remarked VP Promotion **Jack Satter**. "All five of these people have proven themselves highly capable, enthusiastic and dedicated, and I look forward to their contributions to EMI in the '90s."

SATELLITE MUSIC NETWORK TURNS UP "THE HEAT"

Satellite Music Network has launched a new CHR format, "The Heat", consulted by Z-Rock Managing Director **Lee Abrams**. The high-energy mainstream format is set to broadcast on 57 stations in the United States and the Caribbean, and a customized version is being aired in China. The Heat features include "Saturday Night Blowout", a 2 hour Rock 'n Dance party show; "Heat Instant Holdup Weekends", instant winner giveaways; "The Heat 30 Countdown"; and "The Heat Fire Sale", a giveaway of all artist inventory.

Abrams commented, "It's time to rethink CHR. It's simple - play hits, get creative, excite listeners." OM **Harry Nelson** added, "The Heat is a theme park on radio - streetwise D.J.s, killer specials, in technicolor production."

The Heat Fleet line-up presents **Molson**, "after whom the famous Canadian beer was named", morning drive; **Lacy Layne**, "sister of Lois", 9a - 1p; **Harry Nelson**, "great jock, but not the guy who wrote Midnight Cowboy's 'Everybody's Talkin'", 1p - 4p; **Jason Taylor**, "with the deep voice that tends to frighten young children and small animals", afternoon drive; **Crashman**, "who is in need of professional help", 8p - midnight; and **Monty Foster**, "another one after whom a famous beer was name, this one Australian", midnight - 5a.

ALL THE DIRT THAT FITS

EINSTEIN EXITS WHFS FOR RCA: WHFS, Annapolis OM David Einstein has exited after 20 years with the station to join RCA for local promo duties, based in Maryland. He replaces Ken Van Durand who has segued to Nashville. "RCA offered me the chance to do something I've wanted to do almost as long as I've been in radio," Einstein commented. "It's unusual to find this type of job without having to relocate. I'm very grateful for the time I've spent at this station with this format." Einstein will assist 'HFS in hiring his replacement.

BOWEN EXITS KRSP: After 3 months as PD, Ron Bowen has exited KRSP, Salt Lake City over "philosophical differences". "I still have a lot of respect for the parties involved and hope all the best for them. It's a tough market situation. We both wanted the same things, but we were coming at it from different perspectives. I'm looking forward to another challenge in a more creatively fertile atmosphere." OM Steve Carlson has taken on programming duties until a replacement is named. Bowen can be reached at (801) 942-5154.

MARILLION ROCKS THE ROXY: Marillion headlined at the Roxy in Los Angeles. Capitol VP Pop Promotion John Fagot (center) hung out with bandmembers Steve Hogarth (left) and Steve Rothery (right) backstage.

LED FLOYD 98: WKRL, Tampa, who started their all Led Zeppelin format after New Years, went into Phase II by adding Pink Floyd to their airwaves on January 11. Acting PD Ted Cannarozzi phoned the Dirt Lines! at 5:30 p.m. to inform us that due to listener vote, the station will now play 50% Led Zeppelin and 50% Pink Floyd. Industry speculation is that the station will go AOR, doing a Lazer format similar to WLZR, Milwaukee.

I.R.S. ISSUES SALE STATEMENT: I.R.S. President Jay Boberg issued this statement concerning speculation of an imminent sale of the label: "Over the past 5 years, I.R.S. has been approached by numerous parties about a possible sale. We are not uninterested in the concept, but relish our status as one of the few remaining independent companies. We would need to see an offer that would substantially benefit our artists and employees before considering any type of sale. Until such time, it's business as usual." PolyGram and EMI are rumored to be looking at the label.

STEELE SEGUES TO KGB INTERIM MD: KGB, San Diego Asst Production Director/overnight owl Gregg Steele has been named Interim MD. He replaces Pam Edwards who exited last week for KNAC, Long Beach as PD. "It's been a year-long search, but we've finally found the right complement to our air staff with Ed," commented Station Mgr Greg Solk. "He shakes things up wherever he goes. Besides, we think it's time the Loop got controversial."

CLASSIC HITS WZZM: Rock CHR WZZM, Wheeling changed its calls to WEGW and flipped to Classic Hits two weeks ago. The station is consulted by former WYSP, Philadelphia PD John Roberts who has also been named Acting PD. WEGW, which plays 3/4 Classic Rock and 1/4 AC/Oldies is the only rocker in the market. Sez Roberts, "There was a wide-open hole for Rock. There are 2 Country stations, 2 Top 40s and an EZ station but no Rocker. ROCK REPORT

In celebration of the second leg of his U.S. tour, Capitol is releasing in late January the ultimate **PAUL MC CARTNEY** collectible titled "World Tour Pack," a special edition of his "Flowers In The Dirt" effort. Available on CD in a limited run of 25,000, each box set has been individually numbered and includes a 3" CD single of the previously unreleased Macca song "Party Party." Additionally, the lavish package includes a 36" by 24" full color hand poster, 6 full color postcards, an "I'd rather be listening to

McCartney" bumper sticker, giant family tree of the band, tour itinerary, and Friends of the Earth information brochure.

"Manic Nirvana" is the title of a new **ROBERT PLANT** Lp, due through Atlantic in mid-March. The Lp, recorded in London with the same set of musicians who performed on his "Now And Zen" Lp and tour, is said to be much more hard-edged than any of his previous solo works. Look for Plant to hit the road this Summer.

Women, children and bats beware as **OZZY OSBOURNE** unleashes a new live Ep, titled "Just Say Ozzy," through Epic on January 24. Recorded live on his 1989 "No Rest For The Wicked Tour," the Lp was produced by Andy Johns (**CINDERELLA**) and includes Ozzy and band bassist Geezer Butler, guitarist Zakk Wylde, and drummer Randy Castillo bashing their way through six killer tunes. The full track listing is as follows: "Miracle Man," "Bloodbath In Paradise," "Shot In The Dark," "Tattooed Dancer," and new versions of "Sabbath" classics "Sweet Leaf" and "War Pigs." In other news, Ozzy is said to be recovering nicely from his problems with alcoholism and is planning a farewell tour in 1991.

PHIL COLLINS: THE SINGLES COLLECTION is the moniker of a new video package devoted to the superstar, just released on Atlantic Video. Included in the package are all the promo videos from his first three albums, along with his recordings for the movies "Against All Odds," "Buster," and his #1 collaboration with **PHILLIP BAILEY**, "Easy Lover." Furthermore, the 64-minute collection features live versions unavailable elsewhere of "Who Said I Would," and "Against All Odds." Among the other tracks

are: "Don't Lose My Number," "I Missed Again," "In The Air Tonight," "You Can't Hurry Love," "One More Night," "Take Me Home," "Sussudio," "A Groovy Kind Of Love," "Thru These Walls," and "Two Hearts."

"Unkihntrrollable" is the title of the first ever live Lp by **GREG KIHN**, just released by Rhino. Recorded in concert halls across America, the Lp includes powerful live versions of such "Kihntagious" hits as "Jeopardy," "The Break Up Song," "Can't Stop Hurting Myself," and "Happy Man." Additionally, the Lp showcases "Kihnetic" covers of "Green River," "Route 66," "For You," and "Do Anything You Want To Do".

Picture **THE GEORGIA SATELLITES** stuck in a room with **GUNS N' ROSES** and you've got the stellar debut effort by PolyGram artists **COMPANY OF WOLVES**, set for release on January 23rd. Formed in New York, the band -- Steve Conte (guitar/vocals), Kyf Brewer (lead vocals/harp/piano), John Conte (bass), and drummer Frankie Larocka -- have crafted a viciously infectious Lp with teeth. Produced by the group along with Jeff Glixman (**KANSAS**), the tracks that best exemplify the outfit's "no-frills" kick-ass sound are "St. James Infirmary," "Call Of The Wild" (the first single), "Romance On The Rocks," "Hell's Kitchen," and "I Don't Want To Be Loved." A reminder for 1990, you'll be in good company with Company of Wolves.

Following his appearance in The Who's stage version of Tommy in Los Angeles last year, **BILLY IDOL** is about to make his big-screen debut playing Tom Baker, the best friend of **JIM MORRISON** of The Doors, in the forthcoming Oliver ("Wall Street", "Platoon") Stone film about the band. The part of Morrison has gone to Val Kilmer, previously seen in "Willow" and "Top Gun" with Meg Ryan ("Top Gun", "When Harry Met Sally") as his wife. Filming begins next month and it means that Idol's long-delayed LP has now been put back again, to April, although the title is now confirmed as "Charmed Life". Wouldn't you know it, the album will include Billy's rendition of The Doors' "L. A. Woman".

IGGY POP is back on record this month with the single "Living On The Edge Of The Night", his first 45 under a new deal with Virgin's AVL and a track featured in the Michael Douglas movie "Black Rain". Iggy will begin recording a new LP in February, to be produced by Don Was.

THE ROLLING STONES' follow-up to "Rock And A Hard Place" will be one of the "Steel Wheels" ballads, "Almost Hear You Sigh". The video was shot in Toronto and includes some footage from the current tour. Meanwhile **PAUL CARRACK**'s next US single from "Groove Approved" will be "Battlefield" which he co-wrote with Nick Lowe.

THE CULT are remixing "Sweet Soul Sister" for single release on March 12...**WHEN IN ROME**, big in America last year with "The Promise", are recording tracks for their second album.

A little-publicised **BEATLES** book by their former chauffeur is now available in Britain. It contains the memoirs of Alf Bicknell, who made news last year when he discovered some tapes containing lost, impromptu Beatles performances and sold them at one of the rock 'n' roll auctions. The inevitably-titled "Baby You Can Drive My Car" is a day-to-day account of Alf's work for the Fab Four, published by Number 9 books, which is run by the book's co-author, Garry Marsh. The paperback-only, A5 tome comes in a limited (1000) edition vinyl case with a cassette featuring Bicknell's spoken reminiscences. The book's foreword is by none other than George Harrison.

AXL ROSE joins the reformed **SEX PISTOLS**! Well, that was the rumour...dispelled by a comment from Guns N' Roses' US office this week to **Sounds** in which they point out that Axl is due in the studio with the rest of the band for recording sessions beginning on Saturday (1/13). The rumour may have grown from the fact that Rose has on occasion played on stage with former Pistol Steve Jones and appears on the re-recording of the Pistols' "Did You No Wrong" on his current album.

GEORGE MICHAEL should finish work on his new album in March, when his autobiography is due for publication and he'll be the subject of a major TV documentary. Meanwhile his old pal from Wham! Andrew Ridgeley releases "Shake" as his first single in February.

WHITE LION have been forced to cancel their tour of Britain planned for this month. The rockers, who were here in November supporting Motley Crue, have had to postpone because of complications arising from lead singer Mike Tramp's recent operation to have his tonsils out.

TECHNOTRONIC's Thomas, alias Jo Bogaert, is producing two Belgian dance acts: Hi Tek 3 and Ya Kid K which is the latest recording project of Manuella Kamosi who co-wrote "Pump Up The Jam".

A band of Japanese superstars whose name means "male group" are making their first ever trip outside their homeland to record new material at Livingston studios in north London. **OTOKOGUMI**, who pack 50,000-seater stadiums in Japan, have sold half a million copies of each of their first two albums and their debut single "Daybreak" sold 1.4 million. Their trip to London, in early February, should produce songs for their third Lp.

Two big US hits get their UK release this week on Atlantic as **KIX** bring out "Don't Close Your Eyes" and **LOU GRAMM** returns with "Just Between You And Me"...**JANET JACKSON**'s "Come Back To Me", the ballad from "Rhythm Nation 1814", is also out on Monday (1/15), and a week later ex-Specials singer **TERRY HALL** releases another 45 with Blair and Anouchka called "Ultra Modern Nursery Rhyme".

DEACON BLUE, currently climbing the UK chart with "Queen Of The New Year", will begin a European tour at the end of January with dates to follow in America and Japan. They'll then start writing for their third album, but one piece of work is already in the can: the band have contributed the music to a television programme called "Dreaming", due for screening at the end of 1990.

PHIL COLLINS made it seven weeks on top with "...But Seriously" in the British album chart this week, with **DIONNE WARWICK**'s "Love Songs" the best climber, moving 46 to 14. The rest of the chart is somewhat dominated by, believe it or not, **THE CARPENTERS**. Following the screening of the TV movie "The Karen Carpenter Story" starring Cynthia Gibb in the title role, "The Singles 1969-1973" hurtles back into the chart at 24, "The Singles 1974-1978" reappears at 42 and the newly-released Carpenters LP "Lovelines" also makes an appearance at 73. There's a strong re-entry for "Vivaldi Four Seasons" by **NIGEL KENNEDY** at 35.

While **JOE COCKER**'s cover of "Fever" looks set to continue his singles success in Europe, it's not scheduled as the follow-up release to his current American hit "When The Night Comes". Instead Capitol tell us there'll be a live Cocker album out around April and the next single will probably be taken from that.

The death from AIDS was announced last week of **BILLY LYALL**, the one-time member of the group Pilot who had a number one UK hit in 1975 with the Alan Parsons-produced "January". **The Sun** says that he had the disease for three years and had lost his will to live after AIDS claimed his close friend Alan Murphy of Level 42 in October.

Virgin expect to hear the first fruits of **CULTURE CLUB**'s renewed labours at the end of this month--meanwhile, **BOY GEORGE**'s management tell us rumours that he's been offered a part in the new London production of "The Rocky Horror Show" are indeed true, but George has decided to decline.

JULIE ANNE RHODES, wife of Duran Duran's Nick Rhodes is due to tread the boards next month when she stars in the British premiere of Corine Jacker's "Breakfast Lunch And Dinner" at the small Chelsea fringe theatre, The Man In The Moon. Although her husband recently won a Best Dressed Man award, Julie Anne won't be following suit--one scene calls for her to appear dressed in nothing but a towel!

JACK BRUCE tells us he won't be able to make a guest appearance during Eric Clapton's residency at the Royal Albert Hall this month as he resumes his US tour with Ginger Baker still on drums on January 19 and Eric's shows start the previous night. However, Jack says all the old Cream members are on good terms--no sign of the old rivalry between him and Ginger--and he received his first ever Christmas card from Eric. As "A Question Of Time" gets its UK belated release, Jack says he hopes to get the band as it now stands into the studio this spring before continuing the tour in Japan, Australia and Russia.

TERRY MARSHALL'S DAILY INSIDER
P.O. Box 792, Concord, CA 94522... (415) 680-1177

BRUCE SPRINGSTEEN: Bruce Springsteen is allowing the use of his cover of **WOODY GUTHRIE's** "I Ain't Got No Home" for a short feature about a homeless man. The film, "The Sidewalk Motel," was written and produced by Rob Stone.

DOOBIE BROTHERS: The Doobie Brothers are the latest to try a pay-per-view concert. Their January 25th concert in Honolulu is being offered for around \$14.95, with a portion of the proceeds going to the Vietnam Veterans Aid Foundation.

WHITESNAKE: The hot streak **KIX** started with "Don't Close Your Eyes" is continuing. They've landed the coveted opening slot on the Whitesnake tour beginning early next month in the U.S.

THE PURSUIT OF HAPPINESS: The Pursuit Of Happiness, who impressed many last year with "I'm An Adult Now," are working on their second album for release in March. **TODD RUNDGREN** is producing once again.

RICHARD MARX: Richard Marx is celebrating the next leg of his "Repeat Offender" tour by hosting a party at an Italian restaurant in Hollywood. **ARSENIO HALL**, **SLY STALLONE**, **CORBIN BERNSEN**, **JAY LENO** and **RICK SPRINGFIELD** were there. Marx and Cynthia Rhodes also celebrated their first wedding anniversary. The next leg of his tour kicks off on the 24th in Pittsburgh.

SINEAD O'CONNOR: Sinead O'Connor is releasing a new single in February called "Nothing Compares 2 U." It's a rather obscure track **PRINCE** recorded with the short-lived band, **THE FAMILY**. O'Connor has already completed a video for it with John Mayberry, who has done her previous clips. The song is from O'Connor's second self-produced album, "I Do Not Want What I Haven't Got," due out March 14th.

QUARTERFLASH: Remember Quarterflash, the Portland band that had the hit with "Harden My Heart?" Lead singer and sax player Rindy Ross was last heard from doing little theater in Portland, but Quarterflash has recorded a new album for Epic Records, which will be out in March.

ALLMAN BROTHERS: The Allman Brothers are recording a new album, which Epic Records expects to release in the spring.

TOAD THE WET SPROCKET: The strangely-named band, Toad The Wet Sprocket, is including an excerpt from the **MONTY PYTHON** skit that inspired their name on promo copies of their new single, "Come Back Down." The song is from their second album, "Pale," due out next month. "Pale" was produced by former **LONE JUSTICE** member Marvin Etzioni. Toad The Wet Sprocket has been opening some shows for the **B-52'S**.

PETE TOWNSHEND: Pete Townshend and his wife, Karen, have their first son, but a source near the couple says the two were disagreeing over what to name him. Pete apparently wants to name him Mick.

UB40: UB40, who have just made their label debut for Virgin Records after leaving A&M, are planning a North American tour to begin in May.

CLEMONS CALLS HIATUS OF E STREET BAND "A MIXED BLESSING": Clarence Clemons says he has mixed thoughts about **BRUCE SPRINGSTEEN's** decision not to use the E Street Band on his next album. "It's a blessing...and also a hurt," Clemons says. "Being together for 18 years, it was a sad thing to see it end. But on the other hand, I'm free now to do my own thing and not worry about Bruce saying you have to stop and come back to work. I'm sure this isn't the end of the E Street Band, but if it is, I enjoyed it, had a great time with a great band, a benchmark in rock and roll." Clemons admits he hadn't been used as much on the last Springsteen albums and tours. "It was just a matter of direction and his choice," he says. "Of course I wanted to play more, but there was no space to play. That's one of the reasons I got my own band and go out and play with other people. I saw the handwriting on the wall, I guess."

WILL GUTS BE AS BIG AS GUNS?: One of the most closely watched debuts of the year will be **HAVANA BLACK**. Can the team that put **GUNS N' ROSES** on top do it again with a band from Finland? The group recently spent a week in Los Angeles shooting a video for the song "Lone Wolf," from their Capitol album "Indian Warrior." Guts, the leader of Havana Black, says a friend of theirs who is a German record executive, brought

their tape to L.A. and played it for Alan Niven, who manages Guns N' Roses and **GREAT WHITE**. Guts says when he called they had no idea who he was; so, "It was a little bit surprising to come here," he admitted. Guns N' Roses are very big in Finland even though they've never performed there, but Havana Black members didn't realize Niven was the man behind them until he flew them to L.A. last May to sign them. Guts says the folks back home are skeptical because they don't believe a rock band from Finland can make it outside the country. Only one has so far: **HANOI ROCKS**, another of Guns N' Roses' favorites. Guts adds that Havana Black took their name from a Cuban cigar because one of the members happened to be smoking one when they were trying to think up a name in a hurry.

PRESENTS
**QUESTION
of the
WEEK**

What are the biggest challenges you perceive the format will face in 1990? What influence will Rock 40 and Classic Rock have on Album Radio?

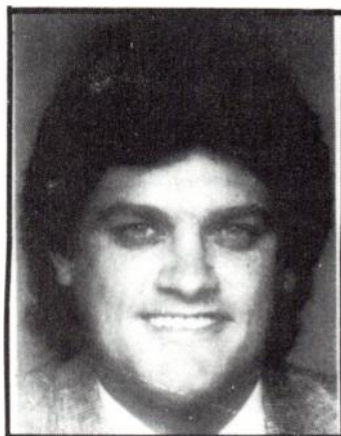

STEVE YOUNG, KISW/SEATTLE:

"AOR continues to face a crossroads situation in 1990. Some stations who are already strongly focusing on the 25+ demographic will find themselves aging 35+ and beyond as the decade proceeds. The younger demographic will find solace in mainstream AOR stations which still represent new music in a strong enough presence to make a difference. Rock 40, if it is ever done properly

(KZEW in Dallas was close before Anchor Media pulled the plug), will strongly influence AOR stations that have left their back doors open...Classic Rock is not done yet. In a sense, those stations aiming older will become Classic Rock stations and eventually will abandon playing current music altogether. Aging AOR stations will become male AC stations and their biggest enemy will be boredom. To compete against stations such as these will require making the time between the records more interesting and listener driven...The crisis of radio talent will become even more acute in 1990. If radio does not take it upon itself to bring in fresh, young talent, the morning shows of the future will suffer. More importantly, talent will become an increasing factor in all other dayparts as well...Major radio companies will have to come to realize the importance of not only on-air talent, but great program directors are in short supply. This new year will see more programmers moving into the general manager's office as well as increased compensation for great program directors."

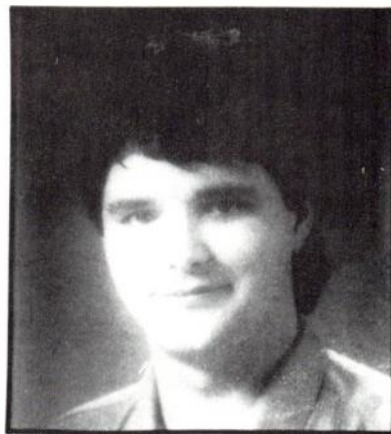

DAVE LOGAN, WNEW/NEW YORK:

"The biggest challenges facing AOR programmers in the '90s will be management oriented. How well you can function and contribute within the station infrastructure will be the most demanding aspect of the job in years ahead. The variety of balls that you need to keep aloft will increase in size and weight in the '90s! Rock 40 still seems to be in search of a significant audience so I expect

they'll try a few new wrinkles that will vary widely from market to market. Classic Rock will continue to nibble at the edges of traditional AORs who aren't prepared to assault the format in contemporary terms. One of the major tasks for '90s AOR stations is to rethink how we market our 'product' to our 'customers'. I see this as perhaps the key area for attention in the decade to come."

BOB WALTON, WRDU/RALEIGH:

"If it hasn't realized by now, our format just cannot be the 12-54 format anymore. Fragmentation will continue! You just cannot please all of the people all of the time! Rock 40 will improve as its programming skills improve and its roster strengthens; Classic Rock stands to improve as 'traditional' AORs try to please everyone or over-react to Rock 40...Much like the changes we went

through in 1981, we will have to realize that to win we have to stay top of mind. We have to be true to our heritage and recognize the future. The best reason to not do something is because 'that's the way it has always been done.' We will have to be more creative in marketing and promotion, and until the record industry discovers more creative ways of promoting and growing, we will have to endure the unwarranted hype and try to not become over-cynical and unreceptive to new music...Our success lies in deciding exactly who we are after and to know our target audience. With a lot of competition for 'mind space,' we have to find new and creative ways of standing out and not becoming just another annoyance."

QUESTION OF THE WEEK

KEITH MASTERS, WAQY/SPRINGFIELD:

"Where it hasn't happened already, secondary and tertiary market AORs will continue to be attacked on the lower and upper end of the demographic spectrum by variations of Classic Rock and Rock 40. Just the way the major and larger secondary market AORs were in the late '80s. It's a simple fact of life that the 'format pie' of each metro will continue to be fragmented into more and more pieces. The

AOR PD challenge in the '90s will continue to be to protect those audience segments that you're inflating your overall numbers with, and have plan 'B' ready to go on a moment's notice. Plan 'B' is knowing what core demo is essential to your survival and doing everything possible to protect it when a format attack occurs. From there, hope you have management that understands that war has been declared against you and that you're going to suffer some casualties. I believe the days of operators buying up property and expecting them to perform to full financial potential for extended periods of time have come to a screeching halt. Let's hope the '90s usher in the return of the 'broadcaster-not-accountant' who expects every bit as much high performance from the station, but has the savvy to plan for and know when they enter a period of time where they will have to weather a challenge. All this in mind, the AOR PD challenge of the '90s is rounded out never being satisfied with what you've got. Always be ready to gain more ground, don't get caught sleeping at the wheel, and make life hell for anybody that dares to try to take you on."

WFBQ, INDIANAPOLIS MD-JAY BAKER:

"Hope everybody gets a chance to catch the buzz on *Shaking Family*. Don't let the name fool you because you'll find the music amazingly tight and very mainstream. I hope the album is as good as the 12" *'Tic Toc'*. I'm sure you'll be as surprised as I was. I usually judge the book by its cover, because I still can't get over that the Troggs broke up. Whatever happened to all those great brand names anyway?"

KISW, SEATTLE MD-MIKE JONES:

"As the decade turns, my chosen task of bringing great music to the masses just gets more satisfying. New this week is *Michael Penn* and *'No Myth'*. RCA is to be commended for the job they've done on this record. We've been convinced, and I hope to play this 'til *'March'* (at least)...The OTB award this week goes to *Havana Black* with *'Lone Wolf'*, which received a nearly unanimous 'thumbs up' from the Smash or Trash jurists. It's the best straight-ahead rock song I've heard all year. All decade, even...Thanks to John and Ian of Bonham for stopping by the Stratocaster Lounge. It was a pleasure to host them on the day their album went Gold. Congrats to WTG...And thanks to Billy Duffy of the Cult for phoning the Strat. Good to hear that band's heads are 'clear as an unclouded lake, *Mr. Deltoid'*...Speaking of the Strat, we've launched a new feature for the '90s, Comedy Night, broadcasting 'live' comedy one night a week. Re-service

on comedy albums of the last couple years would be greatly appreciated (and much ballyhooed on the air, I assure you)...A reminder: In the new decade, our music call hours remain 1 'til 4p.m., Mondays and Fridays. Thank you."

WHCN, HARTFORD MD-KIM ALEXANDER:

"Welcome to the 1990s. It feels good to start a new year. I had a perfect vacation and now I'm ready to dig in...I've been dying to play *Aerosmith's 'What It Takes'* and the *Rolling Stones' 'Almost Hear You Sigh'* - my favorite songs from each album. Don't they just pull on your heart? We'll power these pronto...Looks like *Michael Penn* is starting to happen. I've always been a fan of that song. I'd love to see it go all the way...New stuff: *Edie Brickell* does a nice job on *'A Hard Rain's...'*. It probably has a short shelf life, so we'll hit it now...Although *Joan Jett's 'Dirty Deeds'* isn't my personal cup of tea, it will certainly get people listening...I like the *Black Crowes* record - reminds me of the *Stones' 'Exile On Main Street'* meets the *Cult*...The *Chris Rea* record sounds good too - quite like *Dire Straits*. I think we'll be hearing this one everywhere...Finally, thanks to the 'HCN staff for their work in covering four *Billy Joel* shows in Hartford. We did a live broadcast from the 'HCN skybox in the Civic Center, a live concert scene from the Civic Center shops, a ticket upgrade, and a pre-concert party. Oh, and we gave out tons of tickets, cassettes, and provided free parking, too. Phew! We owned the shows. Make sure you catch Billy in town. He is THE ENTERTAINER."

KGON, PORTLAND MD-DAVE NUMME:

"It's a new decade so it's time to become a Program Director. I've segued across the hall from KGON MD to PD of 1520 AM, The X. We are a 69% current intensive Hard Rock station which will super-serve 18-24 year-olds. Portland is a very strong market for Hard Rock, so our expectations are high. AM can work if it's an alternative in the market and The X is pure rock with no exceptions!! I will be available for music calls Thursday and Friday, Pacific Time, 10a.m.-12 Noon, and would appreciate service from all labels: KFX, 4614 SW Kelly, Portland, OR 97201. Please call *Bob Anchetta* at KGON during the same hours. He's a great guy and knows this town better than the folks at City Hall. Let's go!"

WKDF, NASHVILLE MD-SLATS:

"*Brian Krysz* has had more jobs than Braniff Airlines has had owners!"

WBRU, PROVIDENCE MD-KARYN BRYANT:

"Hey -- I'm back from vacation and ready to rock. And as you can tell, I have not resolved to stop saying dumb things like 'ready to rock'. In any case, I'm looking forward to the upcoming shows from the *Mighty Lemon Drops* and *The The*, and all of those exciting new releases we've been told about. (Actually, I can only think of a couple right now, but I'm really excited in any case)...I'm absolutely in love with the *Ian McCulloch* and *Peter Murphy* albums. These two guys have a couple of the greatest voices ever caught on digital recording systems, or whatever the hell they use...*'Taste The Pain'* is awesome, but I always knew the *Chili Peppers* were the band of the nineties!...*They Might Be Giants* are sure to please, and they're just so damn cute...Speaking of cute, I got to visit with *Paul V.* over the holidays -- what fun!"

KBCO, BOULDER MD-DOUG CLIFTON:

"Results from our 1989 KBCO Music Poll...*Top Songs: Tom Petty 'Free Fallin''*; *Fine Young Cannibals 'Good Thing'*; *Don Henley 'End Of The Innocence'*, *Cure 'Lovesong'*; and *The Call 'Let The Day Begin'*...*Top Albums: Tom Petty 'Full Moon Fever'*; *Don Henley 'End Of The Innocence'*; *Rolling Stones 'Steel Wheels'*; *Fine Young Cannibals 'The Raw And The Cooked'*; and *Bonnie Raitt 'Nick Of Time'*. The *Indigo Girls* placed their Epic debut at #8 while *'Southside'* from *Texas* finished 11th in the album poll. Top album of the decade was *'Brothers In Arms'*. Goodbye '80s...Hello '90s. Our first add of the new decade was the *Silencers 'Razor Blades Of Love'*...This week we follow that add with the *New Bohemians* cover of *'A Hard Rain's A Gonna Fall'* from the *'Born On The Fourth Of July'* soundtrack, *Peter Murphy 'Cuts You Up'*, *Bonedaddys 'New Suit'*, *Katie Webster 'Two Fisted Mama'*, and *Area 'Anyway'*...Over the holidays, the hottest phone item for us was *David Wilcox*. Both *'Eye Of The Hurricane'* and *'Rusty Old American Dream'* are working for us. Our third track is *'Just A Vehicle'*. The album is Top 10 retail!...The #1 album over the holidays was and still is *B-52's*...Thanks to the CU Buffalos for providing Colorado football fans with an incredible season!"

RADIO ACTION

Continued From Previous Page

WMMR, PHILADELPHIA MD-ERIN RILEY:

"Getting the year off to a good start with some terrific follow-up tracks like 'Brother Don't You Walk Away' from the Hooters. Go out and see them when they come to your town. They just played a couple of nights at the Tower Theater and once again rocked everyone's socks off...Billy Joel's new single was my favorite song on the album to begin with...Same goes for Aerosmith. 'What It Takes' is a definite #1! Steven throws so much tortured passion into it...A well-deserved congratulations goes to Pam Edwards. Southern California will rock like Northern California recently did."

KMJX, LITTLE ROCK MD-DAVID ALLEN ROSS:

"Happy Birthday to one of the sweetie's of the record biz: Bonnie Stacey! And, Good Luck to Mark Neiderhauser...Magic 105's getting ready for Jimmy Buffett on the 21st and the second show of the '90s will be Motley Crue and Warrant on February 6th...Musically, Joan Jett sounds great and is getting phones along with the Red Hot Chili Peppers and Alannah Myles...Building for us are the Georgia Satellites, Bonham and The Alarm."

WPYX, ALBANY MD-JOE MOSS:

"PYX-106 wrapped up the decade by BURYING the '80s! We created a Time Capsule: a 1980 GMC pickup--and asked listeners to donate items which they felt typified the 1980s. Aside from the many Reebok sneakers, Rubik cubes, MTV logos, condoms, new Coke cans, etc., we tossed in a few items like the top albums of the decade and a montage of photos of station events. The truck was buried on December 30 in a local park and a headstone to mark the spot will be permanently installed in the Spring... Now that the past is deep-sixed, let's talk TODAY: Richard Marx's 'Too Late To Say Goodbye' is a sure fire winner, and we're confident it will be a crowd pleaser, putting it into heavy rotation this week...Also into heavy is my favorite Aerosmith track 'What It Takes', as well as Billy Joel's 'Extremes' and Bad English's 'Price Of Love'. Another strong ballad with those distinctive and sultry John Waite vocals...Joan Jett is the headbangers fave this week, and we go for another one from Rush with 'Presto'...My fave pick-to-click this week is Jon Anderson's 'Far Far Cry' from the 'Requiem For The Americas' project. After three spins on our New Releases show, we started to get deluged with requests for this pretty ditty which finds Jon sounding great (and reminds me of his great solo work--Maybe he should go for outside writers more often!)...Alannah Myles continues her HOT streak this week by pulling in #1 phones. A smoker!...I'm off to catch Aerosmith and Skid Row--A full report next week!"

WDHA, DOVER PD-ANDY DEAN:

"Cover versions of classic songs, for better or worse, seem to have become imbedded in the fabric of contemporary music. But, I couldn't have come up with a more perfect match than Joan Jett doing 'Dirty Deeds'. I'm really curious to hear the rest of the album, which is nothing but covers of some of Joan's favorite songs through the years. I can't recall anyone doing this since John Lennon's 'Rock And Roll'--should be interesting...On the strength of 'Roam', the B-52'S have quickly rebounded to #2

phones and sales. Sure, CHR will be all over it in a second, but for now it's kickin' ass for us!...Giant also continues to perform well, with 'Innocent Days' moving into heavy, backed by Top 5 phones. We had a great run with 'I'm A Believer', and they still haven't gotten to the real smash from the album, 'I'll See You In My Dreams'...My favorite new track by a new band of the new year (whew!) is the Company Of Wolves 'Call Of The Wild'. The comparisons to Steve Earle are obvious, but Earle has a good track record here so I'm optimistic about the Wolves...Hey, RCA--why won't you release the new Little Steven record here in the U.S.? I heard a rumor that you thought it was too political/controversial--Is that true? Granted, it sounds more like Prince than anything, but I think it deserves to be heard--or at least available. We're playing 'Love And Forgiveness' from a West German import of the CD...Closing on a personal note, I want to wish Michael Williams much success in his new national gig with Motown. I'll miss ya, Michael, but not enough to play the new Lionel Richie record!"

WONE, AKRON MD-J.D.:

"Once again this week there's some fabulous material out! The new Billy Joel 'I Go To Extremes' is a terrific cut, along with the new one from Whitesnake 'The Deeper The Love'. Two tracks bound for the Top of the charts...In the up and coming developing artist department, there's some great stuff to listen to: Stevie Salas Colorcode 'The Harder They Come' is a very slick piece of work with some great percussion overtones and clever guitar licks...Another record with all-out guts is from a new band called Slide. 'Why Is It A Crime' is an absolute killer! Great vocals with slick riffs make this record a pleasure to listen to...Also falling under the same heading is the Britny Fox track 'Dream On'. This cut should put these guys on the map for good...This weekend we get set for the second annual ROCKY AND BULLWINKLE CARTOON FESTIVAL. Featured will be cartoons from that series like Peabody And Sherman And The Wayback Machine, Tennessee Tuxedo, Fractured Fairytales, Mr. Wizard And Tooter Turtle, George Of The Jungle, and many more. The last time WONE put on this event, over 3,500 people enjoyed this spectacular festival...Special thanks to Lou Gramm for the phone call last week and to Juan Diaz and Froilan Sosa of Nuclear Valdez for checking in as well. It was much appreciated."

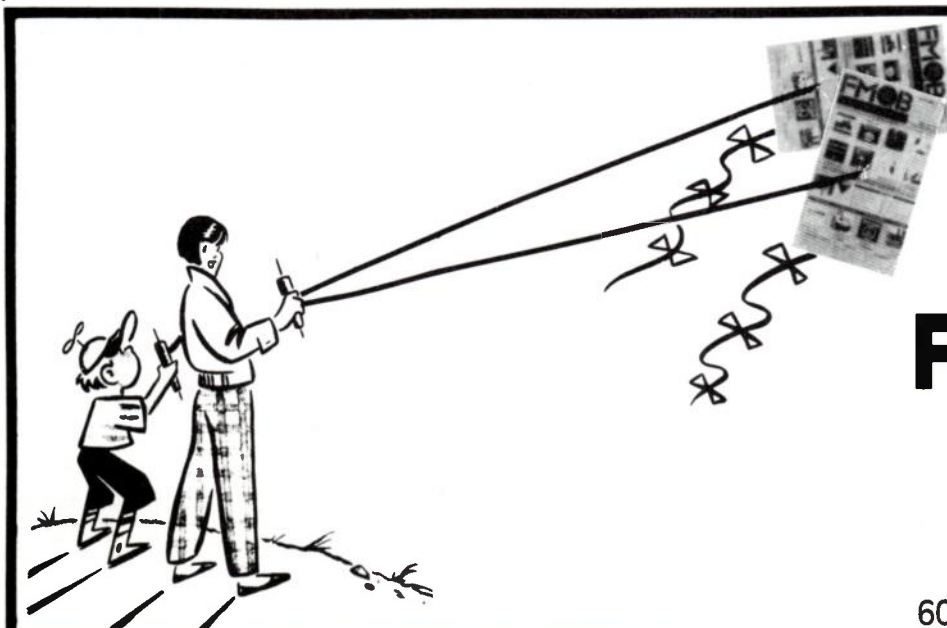

WIOT, TOLEDO MD-MICHAEL YOUNG:

"Still looking for artists to call for our Friday Night Phone Call feature! Can take calls anytime during the week, if you let me know in advance. Thankx!...As I was listening to the new Whitesnake, when it first came out one song stood out as a mega smash, 'The Deeper The Love'. Don't even hesitate on adding this one or you'll miss the boat. It's definitely one of those 'oh yeah, they're gonna dig this one' tunes, I'm a tellin' ya...Talk about a blast from the past: Neil Young's 'No More' is great and very reminiscent of the days of old. This one sounds great on the air and it really works. Uncle Neil has really come in big with this track...I couldn't wait any longer for a new Tesla track, so we went with 'The Way It Is' this week. The fellas are on a roll and here is the perfect follow-up for 'Love Song', mark my words. Tesla will be the hard rock band of the nineties!"

WAPL, APPLETON/GREEN BAY/OSHKOSH

MD-RICK PANNECK: "Michael Penn's 'No Myth' is a legitimate hit record in this market. We've been on the track now for five weeks, and it continues to grow in both sales and requests...Havana Black has got that patented class rock 'n roll

sound that fits in perfectly with WAPL's music mix...By the way, whatever happened to Paul Rodgers? The Cult has that ability to strike the perfect balance in audience appeal. Hip enough to appeal to the alternative crowd without alienating the metal heads! 'Sweet Soul Sister' is an automatic...Other tracks that have been picking up heavy requests include Lord Tracy's 'Out With The Boys', Alannah Myles 'Black Velvet', and Diving For Pearls 'Gimme Your Good Lovin'...This new Britny Fox song 'Dream On' shows incredible growth from the first Lp. If you weren't turned on the last time around, definitely give this a listen!...My Road Warrior Award goes out to A&M's Jordan Zucker who made it to Appleton on January 4th. That's the first time any record rep has come this far north this early in the new year!"

WAQX, SYRACUSE IPD-MEG STEVENS:

"Rolling into the '90s in F.I.N.E. style: Clapton, Henley, Aerosmith and Joel. Alannah Myles is one of the best-sounding records on the radio. Ten points to Atlantic for continuing to believe in a quality artist...Quality and quantity on the Clapton album. The deeper it gets the better...Speaking of deep, Whitesnake's 'Deeper' is 'Here I Go Again' plus. Steve Vai adds the extra punch on guitar."

WPLR, NEW HAVEN MD-TOM BASS:

"It's impressive how lazy a couple of major holidays can make one! I need a jumpstart for the nineties! So, I go home to North Carolina for Christmas. It doesn't snow in Connecticut, but it does in North Carolina. Needless to say, I was thrilled to no end... I am thrilled about one thing, though -- we have a new face at PLR: Marylee Raila joins us from WEFX in Stamford. She'll be doing that seven to midnight thang...Musically, Alannah Myles is our Top request item as we begin the nineties...Michael Penn is in the Top 5 phones, as well. 'No Myth' is a for-real-hit. Just add airplay!"

KLOL, HOUSTON MD-PATTY MARTIN:

"There's certainly no shortage of new music to begin the decade with! A few that I particularly like are: Peter Murphy, Jon Anderson, Company Of Wolves and Nuclear Valdez...I think the Hooters' track 'Brother Don't You Walk' is what we've been waiting to hear...The Cult 'Sweet Soul Sister' is the perfect follow-up track...For us, after freezing for 2 weeks, our strongest tracks continue to be Tesla's 'Love Song' and Alannah Myles 'Black Velvet'. Also holding strong: Rush, Rod Stewart and Junkyard. 'Simple Man' is getting very strong phones."

WNEW, NEW YORK MD-LORRAINE CARUSO:

"A proven hit thru and thru is Skid Row's 'I Remember You' with #1 phones this week...Joan Jett's a close second with her gutsy version of 'Dirty Deeds'...Clapton's 'Bad Love' is a multi-format smash...Congratulations go to Kix for their first Gold record in ten years. Persistence really does pay off!"

WTPA, HARRISBURG APD-CHRIS JAMES:

"To the surprise of everyone, the Molly Hatchet record continues to pull Top 10 phones. It's without a doubt one of those Southern fried rock standards. This track has breathed new life into the Lp in sales, as well...The MSG is still the #1 phone record, by a wide margin. It's got it all covered, from the heavy rockers to the CHR cross-over listener. This thing also shows no sign of burn. A sure Top 10 track for '90...Over the Summer, there was one record that we really believed in, but never could seem to find the room for it. Well, we finally did, and it's pulling Top 5 phones. That record is the Stevie Nicks 'Whole Lotta Trouble' remix. This should have been the second release off of the album. Do yourself a favor. If you're looking for a killer sounding and testing track, pull this one out of the pile from last year. It worked for Alannah Myles--it'll work for Stevie...While we're on the subject of women rockers, will someone please order the tiara for Joan Jett? Welcome the new Queen of Rock 'n Roll! 'Dirty Deeds' is Top 5 phones, after just two weeks. The song is a proven hit and Joan is hotter than Noriega's kitchen!...Probably the most important record of the year is the Hooters', 'Brother, Don't Walk Away'. Homelessness is an issue we should all be concerned with, and this record really brings it home, plus it's a great sounding song, too--so play it...Finally, my three favorite baby bands of the year so far: Diving For Pearls, Company Of Wolves and Havana Black. The Diving For Pearls is working great on the air, plus the Lp is deep. The Company Of Wolves is already showing up on the request logs, and I feel Kyf Brewer (of Ravyns fame) might have the chemistry to make it all the way this time...As far as Havana Black goes, is it just me or does someone else hear the second coming of Bad Company here? All three bands could be superstars by next year!"

WKRR, GREENSBORO MD-JOHN AMBERG:

"Hi, Rockers! Welcome to the '90s! Aren't you sick of hearing that? I'm never tired of hearing intelligent pop songs with killer hooks like 'No Myth' by Michael Penn. What a great tune! Reminds me of vintage Jules Shear. Hey, we know this guy is Sean Penn's brother. We added the song anyway...Edie Brickell is an absolute gem. Her cover of 'A Hard Rain's A Gonna Fall' does Mr. Dylan justice and then some. I just read Ron Kovic's book, 'Born On The Fourth Of July' and can't wait to see the film...The year is certainly starting off right as far as concerts are concerned--Todd Rundgren in February, plus Nuclear Valdez and the Del Fuegos later this month, and Billy Joel in early March...I hope everyone had fun over the holidays, but it's back to the stereo for this kid. Let the onslaught of first-quarter acts begin!"

WKFM, SYRACUSE PD-BRIAN ILLES:

"Kicking off the new year with new tracks from albums that made 1989 great: 'What It Takes' from Aerosmith was an early favorite and should be the 'angel' of this album...Stevie Ray has rarely expressed himself better than on 'The House Is Rockin'". Looking forward to some great shows with Aerosmith and Billy Joel in the weeks to come!"

WPDH, POUGHKEEPSIE MD-PAM BROOKS:

"Back in the swing with some old and new killers for 1990. Stones still stirring our audience up so we've resurrected 'Terrifying', and the calls are so-o hot for Bonham 'Wait For You' that we've powered it on up to power...Petty's still selling up a storm so our nod goes to a fourth tasty cut 'A Mind With A Heart Of Its Own'...The Deeper The Love' will certainly titillate all ages of our demographics and it's bound to be one of Whitesnake's biggest. For sure, they are rockers of huge proportions but when David gets down with a ballad, the phones light up...Neil Young's 'Freedom' may well be the voice of conscious as we move from one decade to another with hope and fear. Listeners still respond to 'Rockin' In The Free World'--incredibly well. And I expect the same for 'No More' as the message sinks in...Hoping for the room for Havana Black 'Lone Wolf'. They've managed to take two or three recognizable styles and melt them together to create a very fresh sound."

WIZN, BURLINGTON MD-TOM VAN SANT:

"I'll miss 'going one by one', 'I have to ask' and 'that's my story', but congrats to Heavy Lenny!"

WZRR, BIRMINGHAM PAT QUEEN:

"Attention all Record Reps! Help! We at Rock 99 are proud to announce the birth of 'a new generation of rock'. Hot on the heels of the success of Rock 99's 'Jazz Flavors', we've launched another weekly program, the purpose of which is to fill a year long void in alternative and progressive rock. I'll be hosting the show myself...Being the workaholic and music lover that I am, I'm putting in lots of extra hours to insure a high quality program. I hope we'll be able to expand the show's length in the near future. So far, all the response has been very positive, but my Music Library is not as well stocked as it should be. Reps: Please send CDs only--I have just one turntable. Any artist bios, and your help to arrange interviews for me with the artists would be a welcome addition to the show...As always, Jim Sellers, Elektra, has been way ahead of the game in servicing WZRR and my new show. Many thanks to you, Jim...Davis Coleman, MCA, is quickly following suite (thanks for the package, David)...I hope you will all adopt Jim's motto: 'Ask and ye shall receive'. I look forward to working with all and hope to see you at the upcoming Birmingham shows: Cult, Bonham, Dangerous Toys, Whitesnake and The Ramones."

KFMH, MUSCATINE/DAVENPORT MD-PHIL

MAICKE: "After 17 years with 99Plus, KFMH Vice President/Operations Manager Steve Bridges has purchased a minority share of the station, owned and operated by Flambo Broadcasting...Musically, The Smithereens were in big demand over the holidays. '11' is the deepest release since 'Green Thoughts'. Do yourselves and your audience a favor and move on to cut two. 'Blues Before And After' is great power pop for the '90s, and The Smithereens are a band that should be on every AOR station playing new music...Also, this week went back and re-added 'Personal Jesus' by Depeche Mode (even consultants can hear that hook)...Don't be afraid of They Might Be Giants, one of the most unique bands around. We've had excellent response from their past releases and expect the same from 'Birdhouse In Your Soul'...Some station news: Mary Reiley has moved to 7PM-Midnite and will still host our alternative show 'Off The Beaten Track'. Mary will take your calls Monday & Tuesday between 4-6PM...Steve De Boever moves to Copy Writer and will still take care of the jazz music. You can call him anytime during business hours."

"Thanks to the record companies for all the groovy Christmas sweatshirts and t-shirts--but, 'why' must they always be Large or Extra Large? Don't forget, some of us are scrawny little wimps!"

WRFX, CHARLOTTE MD-D DAY:

"Songs that work: Michael Penn's 'No Myth' is a really strong daytime record that stays true to that upper demo rock 'n roll feel without sounding like A/C crossover material...Rolling Stones is safe and solid and should work very well...Aerosmith's follow-up Lp continues to prove itself. 'What It Takes' is a multi-format motion mover for sure...We're happy with the Hooters, also...Alannah Myles is still generating an impressive max of phones. The question is 'why'? Our theory centers around the theological debate of Elvis' emergence as a religious deity...Top lyric in rock 'n roll this month is still the Don Henley classic line: 'She just looked at me uncomprehendingly, like cows at a passing train'."

WKGR, WEST PALM BEACH MD-DENNY JAMES:

"We would like to thank all the Record Reps for the great service they have given our radio station!"

KFMU, STEAMBOAT/VAIL APD/MD-PAUL

CAVANAGH: "Some fantastic new material on the loose these days: Hooters 'Brother Don't You Walk Away' should prove to be another 'All You Zombies' for the Philly guys...Edie Brickell And New Bohemians' cover of Dylan's 'Hard Rain' is a natural for KFMU...Since we started supporting Alannah Myles early on, she has built herself a niche here that we know she'll continue to fill. 'Rock This Joint' will give our night listeners a view of her rockin' side...Subdudes still bringing in phones. 'Need Somebody' should satisfy our listeners craving for this front range of Colorado band--What do you mean you haven't heard them?...2/10/90: The Media Cup! Invites coming soon to a mailbox near your house. Wax 'em, sharpen 'em, and point 'em downhill, always downhill!"

WXLP, DAVENPORT MD-MALCOLM RYKER:

"Well, it's a new decade, a new year and best of all, I didn't get picked up by any UFO aliens over the holidays!...97X is kicking ass! Advance Arbs zoom WXLP from 11.1 (12+) to 14.8 (12+). I'd say that's pretty smooth sailing. Hell, we're just getting cranked up!...Musically, watch out for the new Tora Tora track, 'Phantom Rider'. Instant goosebumps, instant phones, so why not give the competition a little surprise attack?...He's a surfer, a dreamer and now a flyer, but most of all Joe Satriani is the hottest axe player out on the circuit! Put on your head phones and take a little trip 'Back To Shalla-Bal'. No vocals, just instantly recognizable, finger lickin' pickin'!...I took a chance with Chi-Town Rockers, Enuff Z'Nuff. The track sounds cool on the airwaves. Just 'enuff of a change up to keep the station's overall sound groovin', but then again, I'm a 'high flying' kinda guy. Give 'em a shot, you won't be sorry...Neil Young's 'No More' is a phenomenal follow-up to 'Rockin' In The Free World'. Upper demos are freaking out over this tune. This sounds like Neil Young 10 years ago! Great guitar riffs, too!"

WHMH, ST. CLOUD PD-J. J. JEFFRIES:

"It is amazing how one person can mislead so-o many people in such a short amount of time. Changes from the holidays: A new Music Director that does what he's asked to, and a much-more directed, well-planned format. Now that the record's straight, post holidays smash: Salty Dog 'Come Along'. If you haven't heard it, listen to it! #1 phones two weeks straight. It's a mover and a shaker--a hook that kicks my ass...Enuff Z'Nuff 'Fly High Michelle' grabs women pretty well...Aerosmith 'What It Takes' is a crunching hit. I knew that from the first time I heard the CD. I wish our in-town competition would make up their mind. What will it be, boys? Let's get down and dirty!"

WWWV, CHARLOTTESVILLE MD-JOHN KNAPP:

"The best new single on my desk is, without a doubt, Peter Murphy's 'Cuts You Up'. Sooner or later the ex-Bauhaus frontman will be on par with his old-mates Love And Rockets. If you need a new artist with a built-in following, this is it!...Huge performers for us include Alannah Myles, Depeche Mode, B-52'S, and the whole Aerosmith 'Pump' Lp...I'm not the only person who thought Warrant's 'Sometimes She Cries' would be HUGE...Keep your eye on the Innocence Mission on A&M. They could duplicate the 10,000 Maniacs' story in this new year...Ciao."

WKQQ, LEXINGTON AMD-TONY TILFORD:

"What makes a tune tick at WKQQ? Killer vocals for one thing, and that's exactly what you get from Shaking Family's 'Tic Toc'. The Family is a band that Double Q listeners have been grooving to for a couple of years. Shaking Family won our local band competition in 1988 and have been blatin' in the bluegrass ever since. The band has headlined our Toys For Tots benefit show for two straight years, and they are the only band on a major label that I've had a chance to play drums with! It's a long story that ended in disaster, but it did make for an interesting evening at the Charity Ball!...During the interim, the music schedule will be as follows: Calls on Wednesday and Thursday 10:30AM-1:00PM (Eastern) and the adds will be ready Mondays, at 12 noon at 606-254-9316."

WEQX, MANCHESTER/ALBANY MD-FRAN

KUSALA: "Whew! It's been a while since I sat myself down to write one of these--seems like the last time was a decade ago! Anyway, I hope everyone had a great holiday and is ready to rock 'n roll into the next century. And, lemme tell ya folks, it ain't gonna be hard with some of the rock action we've been checkin' out...Adds this week include 'House' from the Psychedelic Furs, The Smithereens 'Blues Before And After', They Might Be Giants 'Birdhouse In Your Soul' will add some nice alternative texture, Alannah Myles 'Just One Kiss' is sure to burn up our phones (our listeners cannot get enough of this fabulous babe from the Great White North, and The Cult's 'Sweet Soul Sister' will be smokin' up the airwaves on 102.7!!...This week's phones belonged to the B-52'S 'Roam' and Alannah Myles 'Black Velvet' with Eric Clapton's 'Pretending', the Stone Roses 'Made Of Stone' and Red Hot Chili Peppers 'Higher Ground' rounding our Top 5...All in all, a terrific start to a new year and new decade. Watch those Southern rockers, folks, cuz' in the '90s the 'South's gonna rise again!'"

WFRD, HANOVER MD-PHILIP MC CAULL:

"Well, as the song says, 'Back To Life, Back To Reality! As we settle down to real work for a new decade up here in God's cold country, we have a new MD--that's me! If you would like to talk, give me a call between 3-6PM (EST) on Tuesdays 603-646-3313...Now to the good stuff: Tons of adds! The Cult rip off another sweet rocker with 'Sweet Soul Sister', while Tora Tora's haunting ballad 'Phantom Rider' should generate tons of listener response--Just check out the scream...In our 'If It Ain't Broke Don't Fix It' category, the Hooters, Billy Joel, Rolling Stones and Tom Petty all get solid votes of confidence for their strong follow-ups...Warrant's 'Sometimes She Cries' will give the teenage crowd more happenin' stuff to rock with...As if this wasn't enough rock for one week, try Mr. Satriani's 'Back To Shalla-Bal' to keep the kids up at night...We'll check y'all next week!"

PAUL RAPPAPORT, COLUMBIA (215-445-

8616): "The Hooters' 'Brother Don't You Walk Away' is getting off to a very good start. As Pam Edwards put it so well, 'Signature Hooters sound with their usual attention to great lyrics.'...There's a lot of talk about The Front. Check out the video and you'll see that they have the natural goods. It's been a long time since I've seen a band cutting their own groove that looks and sounds this good so early on...Hope everyone is getting into the Britny Fox. 'Dream On' will be huge and can go all dayparts. And there's more where that came from. This album takes a major musical leap from their first, and that one's almost Platinum as it is!...And look out for Dangerous Toys! By popular demand we will release 'Sport'n A Woody! Yep, the phones won't stop and we can't keep 'Woody' down! This Lp is close to Gold and sells day in, day out...All the polls show Bob Dylan's 'Oh Mercy' very high for year end favorite Lp. MTV and VH-1 are waitin' 'Political World' and the Dylan tour leaves soon for Europe...Coming up, Midnight Oil!"

JEFF NAUMANN, VIRGIN (213-278-1181):

"Holy snappin' arseholes!! This new Balaam And The Angel's song, 'I Took A Little', is killer. It's also great for air guitarists, as well. These guys made tons of inroads, lots of friends from touring and received a hell of a lot of airplay last time around. Remember 'I Love The Things You Do To Me'? Anyway, its

crystal production was done by Steve 'The Cult' Brown, and we expect big things for Balaam on this one...Did ya hear yet that Lenny Kravitz is opening up for the very hot Tom Petty tour? What a break! Now will you believe Lenny is indeed a rock and roll artist? 'Let Love Rule' continues to increase in airplay. When will the rest of you give in?...Next week expect new releases from Warren Zevon, 'Splendid Isolation', and Virgin's debut record from UB40, 'Here I Am', which was an Al Green hit in 1973."

DAVID ROSS, RELATIVITY (718-740-5700):

"Happy New Year to all! We're now in full swing. The Joe Satriani project is now into Phase II. 'Back To Shalla-Bal' has been added to 50 radio stations in just two weeks. The tour will begin January 23rd on the West Coast. Keep in touch with your regional rep for tickets and giveaways. Past Gold and on our way towards Platinum...Phase II for Shotgun Messiah. Out to metal radio in a few weeks, 'Don't Care 'Bout Nothin'. With the tour in your city, the video about to run, and the track in place, keep a look out for these boys. It's just a matter of time. Down the road, well, we'll get to that next week...Thanks for your continued support."

BILLY COX, POLYDOR (818-955-5200):

"We're coming into the new year blasting both barrels on LA. Guns and 'Never Enough' -- as this mega-melodic rocker simmered over the holidays, programmers were delighted to see how the requests have built and rotation bumps became mandatory. Are you still waiting on this charted rock monster? Well, get the GUNS out of your holster now, don't wait to be gunned-down by your CHR competition on 'Never Enough'."

JIM NEILL, RYKODISC (508-744-7678):

"Kudos to the stations with taste and foresight who are currently playing Marty Willson-Piper's 'Questions Without Answers' (KFMU, KITS, KTCZ, KMBY, WHFS, WMDK, WRSI, WKXL, WOFM, the professor and Mary Ann). The CD single is hot in the rest of your hands. Please do the right thing. The video hits 120 Minutes and VH-1 soon...The Church's lead guitarist takes to the road solo acoustic for the month of February with stops in Atlanta, Charlotte, Chapel Hill, Baltimore, DC, Philly, Hoboken, NYC, Northampton, Boston, Chicago, Minneapolis, SF, LA and Long Beach. I'll be coordinating in-studio appearances. Apparently the new Church album is due sometime in March. The solo tour is a dandy opportunity to get Marty behind the mike at your station to talk about the band's plans and play a song or two from his outstanding solo effort, 'Rhyme'. If you're interested and you're on the tour route, call ASAP!...'Space Oddity', 'Hunky Dory', 'The Man Who Sold The World'. The first three titles in Rykodisc's David Bowie 'Sound + Vision' re-release program. Each has original artwork restored (some with multiple covers) and four bonus tracks each. Watch for the CD sampler in late January and the real thing shortly thereafter. I'm setting up promotions around these titles now. If you move fast, you might get to me before I get to you."

CHRIS BACA, EMI (213-960-4600):

"Richard Marx rocks onto Album Radio with over 65 stations the first week! 'Too Late To Say Goodbye' is returning Richard to the top of the charts. He has had five Top 10 AOR tracks; two from this album alone. With 3 million albums sold, he is hugely popular. This is a quality track that works. Put it on the radio...Tim Karr is my personal pick. This straight-ahead rocker has great songs, great vocals, good looks and will happen. We are committed to this project in a major way. Check out the reactions in our adds and you'll see our enthusiasm is shared by radio. This is a killer!"

BRUCE FLOHR, RCA (213-468-4177):

"Obviously, Peter Murphy's new album is 'Deep'."

MICHAEL LINEHAN, REPRISE (818-953-3750):

"What a week! Clapton's 'Bad Love' is headed for #1. It is the #1 growth track in the country this week. If you're not banging it in heavy yet, now's the time. He comes over to tour at the end of March...Neil Young's 'No More' is also smoking and moving Top 10 with new believers DC101, WKLS, WLUP, KRQR, WEGR, WIOT, WPDH and many more. 'Freedom' will be a Gold album in a couple weeks and both USA Today and the Los Angeles Times have picked it as album of the year! Neil is definitely back...The Cult tour is selling out everywhere and 'Sweet Soul Sister' came out-of-the-box this week as the #2 Most Added record with great chart debuts everywhere. This could be the biggest track yet from 'Sonic Temple'. Platinum

and counting...On your desk -- 'Give It Up' from The Distance. You may not know the band but you know the players -- Bernard Edwards and Tony Thompson from Power Station, Eddie Martinez from Robert Palmer's band and a host of albums (remember the guitar work on 'Simply Irresistible?'), Jeff Bova (keyboards for Clapton among others) and English vocalist Robert Hart who has the pipes. This band is devastating live. Check it out."

JACKIE TESMAN & GRAHAM HATCH, ATLANTIC (212-484-6002):

"A post-Christmas present is in the mail and ready for retrieval. Okay -- so we admit it -- this present is just a tad self-indulgent. But if you will be so kind as to help us with our quest, severe appreciation will follow. So when that manila envelope arrives in the mail with a return address from Atlantic Records, please tear it open and read the instructions carefully. We thank you, Eleventh Dream Day thanks you, Everything But The Girl thanks you, Map Of The World thanks you, The Beloved thanks you, Psychefunkapus thanks you, The Subdudes thank you -- and, above all -- B/N/F/N/P/O/M/G/P/S/&/A Consultants thank you. Buch - Flash -- Pisacane -- you are our heroes!"

ALAN OREMAN, COLUMBIA (213-556-4990):

"Thanks to everyone who helped to make this a damn good week for Columbia at Album Radio. Hooters had over 25 adds, Warrant over 30 and Billy Joel 40+. We're not really going for adds on 'Dream On' by Britny Fox until this week, but it was added at KISS, KBER, KILO, WQFM. KEZO, WCMF, WRXK and KBOY because they couldn't wait! The track is really that good! Don't forget to watch your personal Front video because you might just get lucky (even if you've already seen 'Fire' on MTV - which, by the way, is still in major rotation). We are going for adds on the 21st and 22nd...Shawn Colvin is a project we're still very much committed to even though we haven't been beating you over the head lately. We're still picking up adds -- she just completed a killer video and is still on a solo tour presently in the Southeast -- on her way up to Baltimore and Washington. We're presently on stations like KTCZ, KBCO, WHFS, KLBj, KNCN, KRIX, WMAD, KRQU and KFMU with only one station reporting in light. So, Brian, how about some upward spins -- please! Anyway, we still believe so you might want to go back and re-listen to 'Steady On' because the buzz is there and getting stronger. Get ready soon for some liquid gold as in oil -- coming soon. See ya."

PAUL BROWN, VIRGIN (212-463-0980):

"Hey, it's great to be back and a big hey hello and thanks to John Hayes for taking me to the topless donut shop in Fort Collins. Those employees really got great tips...Lenny Kravitz. Well, some of you can see the writing on the wall. Others of you can't. The Tom Petty tour is about to kick off and this is gonna blow the roof open. If you haven't programmed 'Let Love Rule', at least go see this man perform. Watch the crowd response. This guy is gonna happen...Next up, Balaam And The Angel. Early response has been terrific. Please take a listen to 'I Took A Little'. Mega-hook, huge sweeping chorus. This one is on the money...New Camper Van track now in your possession. '(I Was Born In A) Laundromat' should be listened to, these guys are still way hot...Soon to come 'Here I Am' from UB40 and 'Splendid Isolation' from Warren Zevon. All we ask is that you listen. Ciao now."

JON SCOTT, MUSIC AWARENESS (818-883-ROCK):

"Here's to your health and prosperity in the '90s! Early faves of the year include the much overlooked Subdudes 'Need Somebody'...We love Slaughter's new Lp on Chrysalis, Tom Petty's 'Face In The Crowd', Trevor Rabin's 'Can't Look Away', Stevie Salas Colorcode (smoker), and what a great concept for a video for Webb Wilder's 'Hittin' Where It Hurts'...Anyone who is looking to volunteer their time for the 8th Annual T.J. Martell Rock N' Charity weekend (May 9th-13th, Los Angeles) please give us a call at 818-883-7625...Finally, congrats to Mike Bone and David T. Fleischman. See ya on the phones."

LINDA KIRISHJIAN, NEW ART PROMOTIONS (212-683-1807):

"Happy new decade! Every once in a while you hear music that perks your ears. Raindogs is one of those records for me. Definitely check this band out when you receive their release. It's a contender!...Lene Lovich is back. Her new album 'March' (I wonder if she knows Michael Penn?) is coming soon. She has teamed up with old friend and collaborator Les Chappell to make an album that is truly Lene. Released on Pathfinder Records, look for a tour in March. If you don't receive your copy or would like one, let me know...Congratulations to Virgin on the budding success of Lenny Kravitz. He's definitely a '90s man."

JERRY RUBINO, ROUGH TRADE (212-777-0100): "Opal's 'Empty Box Blues' is a radio must. Yeah, you've heard that before, and most of the time it's true. (Us promo people wouldn't steer you wrong.) No difference here. Just one listen to this and you'll certainly agree. The musicianship of David Roback combined with the stunning vocals of Kendra Smith enrich any set of speakers. The few of you already on 'Transaction', think about 'Favourite Pack Of Lies'...I must make up for holiday time, so this week two Super-Segues: 'Waiting For The Winter' by The Pogues, 'I Don't Know Why I Love You' by House Of Love and 'Transaction' by Steve Kilbey. 2) 'Birdhouse In Your Soul' by They Might Be Giants, 'Move' by Inspiral Carpets and 'Empty Box Blues' by Opal...Later -- I'm off to Beantown."

ANDI TURCO, MUSIC AWARENESS (818-883-7625): "At this time of year, everyone seems to focus their attention to artists who may not have been considered 'mainstream' in the past. We begin to see names like Peter Murphy, Dramarama, Michael Penn, etc. popping up on a lot of radio stations. Always being an advocate of believing that music has no barriers and there is always an audience looking for new music, I have great hopes for the '90s. I'm looking forward to what lies ahead...Please direct your attention to some of the following artists: Stevie Salas Colorcode. 'The Harder They Come' has all the right hooks to get your audience to sit up and take notice...One of my personal favorites has to be Peter Murphy's 'Cuts You Up'. It's absolutely brilliant!...Also, keep your eyes peeled for a new Bill Ward record coming across your desk at any moment. The former Black Sabbath drummer teams up with old pal Ozzy Osbourne on this one and the results will become an obvious smash...Webb Wilder's 'Hittin' Where It Hurts' is another great track from a killer album. Please spend some time with it, it will be worth it...In the future, 'Anthem' department, Slaughter's 'Up All Night' is a sure thing. Already the buzz is on about the band. See and listen for yourself, this one will set the standards for the year...Finally, you will have an edit of Trevor Rabin's 'Can't Look Away' in the very near future. It's one of the best tracks on the album and will sound great on your airwaves. If you saw his show you know how well it went over with audiences everywhere...That's it for me this week. Thanks for reading."

"ROCK 'N ROLL HALL OF FAME SUNDAY": Chuck Berry, Little Richard, Elvis Presley, Buddy Holly, Marvin Gaye, Smokey Robinson, The Beatles, Bob Dylan, The Beach Boys, and The Supremes are some of the rock royalty who have been inducted into the world's most exclusive music club: The Rock 'N Roll Hall Of Fame. The class of '90 to be inducted this Sunday includes The Who and The Kinks. Throughout Sunday's special, MTV presents hourly clips on the music and careers of Hall Of Famers past and present. MTV will also present coverage from this year's Fourth Annual Hall Of Fame Ceremony, capturing the speeches, tributes, fans and impromptu jam sessions. An MTV Premier Presentation...
"BEN STILLER: IT'S YOUR HOUR": Largely through the efforts of his show business parents, Ben Stiller gets to host his very own "Vidcom", along with sidekick Jeff Kahn. A combination of comedy sketches and music videos, the show gives Ben The Wunderkind a chance to showcase his self-proclaimed genius. In addition to playing themselves, Ben and sidekick Jeff play a variety of characters such as Howie and Jordo, two college students from Cincinnati; and Eddie Munster, as he appears in a come-back special. The show features guest stars such as Henny Youngman, John Mahoney, Al Lewis, John Malkovich, Joan Cusack, and, of course, parents Jerry Stiller and Anne Mearns...
"NEW ON POST MODERN": Jesus & Mary Chain - "Head On" (WB); Peter Murphy - "Cuts You Up" (Beggars Banquet/RCA); The Ocean Blue - "Drifting, Falling" (Sire/WB); Psychedelic Furs - "House" (Columbia); Wonder Stuff - "Let Me Down Gently" (Polydor)...
