Hold the phone to Atlanta! Grapevine spies the possibility that consultant Jerry Clifton's contract may not be renewed. Certainly THAT possibility, along with the new G.M. at Z93 (he's winding up business in Boston), augur for a new P.D. no earlier than January.

Atlanta Sources/Spotters ....have seen one Mark Shands roaming Hotlanta.....could he be on the Z93 wish list????

And no, we haven't seen any smoke signals from KRBE in Houston-- Some major, major posts vacant out there!

Turkey Stuff(ings)...

Seriously??? Grapevine heard of a station being stopped by local food banks in their 'Bowling for Turkeys' promotion.....the station supposedly was going to drill holes in frozen turkeys then bowl with them.

Welch & Woody On Tour... Eagle 106's morning duo, Welch & Woody, hit the road for a 2 day non-stop mission to collect cans of food to benefit the Greater Philadelphia Food Bank. The team will broadcast live from the Eagle 106 Hot Bus until the bus is completely filled with cans. MD Jay Beau Jones spouts: "I've never seen anything like this! People are bringing by bags of food--not just cans, but bags." Jay Beau adds: "I hear there's a new Madonna coming---I heard it's called 'Like A Prayer'".

That's A Lot of Birds... WNCI's Morning Zoo decided to use the old gas war strategy in a big morning promotion. Massenelli's market was the winning store & Dominic Massenelli was \$1,000 richer. The store bid the lowest to sell turkeys to the public for two hours. The two hour sale cleaned out the 200 turkeys in stock and the store had to give out over 400 rain checks. The price---5 cents a pound. One listener drove over 70 miles when he heard the news. Other turkey related promotions include: Wednesday-giving away zip-lock baggies and aluminum foil for leftovers; Thursday-loaves of bread every hour for those turkey sandwiches; Friday-wrapping supplies for the holidays.

And in Albuquerque, Howard Johnson had 'em riding Wild Turkeys! "KIVA listeners had 10 second to 'Ride the wild turkey' for prizes...and of course, on Thanksgiving Day, we ran our now-traditional '30 Biggest Turkeys Of Rock & Roll'-- the 30 WORST records!"

Somebody-- Maybe Howard Johnson-- said it: In November, you go on autopilot with promotions: Howard also unreeled the "Cans Film Festival"-- admission to that night's featured flicks with cans of food for the hungry...

(This is great promotional stuff for NEXT Thanksgiving-- You ARE making a copy for your '89 promotional file, aren't you?)

Dinner on the Mayflower.... G98, Portland gave listeners a chance to win dinner on the Mayflower...the moving van. The dinner on the Mayflower, turkeys and a 'Turkey Bowl' (listeners bowling for turkeys) were all part of the station's Thanksgiving promotions.

Thanksgiving On The Mayflower, Chapter 104: In Denver, KS104 improved its "Mayflower" promotion, says Doug Hamand: "THIS year, the Mayflower van is parked on the steps of the state capital-- with the Mayor and the Governor our guests for dinner!"

And they really did it...G98, Portland got away with the frozen turkey/bowling stunt. P.D. Jon Holiday states: "I thought we would get some calls on the promotion, but we didn't. We just wrapped up our big Kokomo promotion. We gave away the soundtrack, qualified winners, to attend the Cocktail party. Some lucky winners then were selected to go on a trip to any one of the tropical islands mentioned in the song 'Kokomo.' The winning couple were newlyweds and chose Aruba."

"Turkey Patrol"??? "We slapped a turkey logo on our WTIC-FM van, and went cruising for bumper stickers", gobbles--uh, reports Dave Shakes. "Winners get turkeys BUT some are stuffed with \$100 bills...and for each turkey a listener gets, we donate one to charity...."

On their toes in Hartford, where 'TIC morning man runs off to join...not the circus, but the BALLET! "The 'Nutcracker' has universal appeal", says Dave, "so we tied in with the Hartford Ballet." Tough role, Dave? "Well, actually, he appears as the BUTLER!"

R-E-S-P-E-C-T: That's what the Buffalo Bills are finally getting, and that's the song WMJQ parodies for their favorite NFL franchise....

"The Super Bowl will be the CAJUN Bowl", predicts HOT 97.7's Michael Newman-- "I foresee a New Orleans Saints-Buffalo Super Bowl-- and both towns going crazy!" (The crack Grapevine Sports Analysis Team is dusting off your pre-season predictions--- a report next week in Grapevine.)

Pronunciation guide: Okay, class, a review: "Tone Loc" is pronounced TONE LOKE; "Robbie Nevil" and "Ivan Neville" both pronounce their names NEH vill; "Siouxsie" starts like the Indian tribe and ends with a "zee"--- SOO zee; and it's EE-dee Brick-ELL.

Grapevine predicts a H-O-T Winter for Kansas City: We peeked at the latest Birch monthlies-- Rock-leaning KXXR jumped 6.7- 9.6, apparently dethroning AOR leader KY102 (9.0- 6.7)....KXXR's showing was enough for #2 overall.

Lines we liked: From WNNK/Harrisburg, where Grapevine heard this midday positioner-- "WINK 104-- one thing you and your boss can both agree on!"

Thanks for all the positive comments on last week's "Conference Call" with Guy Zapoleon, et al....We thank Atlantic Records and the participants....and hope to bring you more unique features like it!

Sleighbells ring, can you hear them?....Next week in FMQB, some key programmers discuss Christmas: When to play Christmas songs...Which ones to play...Plus other holiday programming elements. Keep it right here on the same Bat Channel!

FMQB Grapevine (Continued)

Trashing the competition: "WGTZ's policy is NOT to refer to the competition on-air", says P.D. Jay Jarvis. "So when one of the morning guys said 'WTUE SUCKS', then followed that up by putting listeners on the air...I suspended him for 2 days without pay. Let me tell you, the phones went BANANAS-- In SUPPORT of the guy! We even got a page 3 article in Saturday's paper out of the controversy." Grapevine hears that the talent in question has now re-focused his negative feelings-- toward Z93 MANAGEMENT! "Hey-- THAT I don't mind-- just don't plug the other guys!"

Things We'll Know About In December (A random list):  
Kid Leo's whereabouts in 1989....What format EZ Communications plans for oldies WIOQ/Philadelphia....Mike Tyson's net worth....

Ch-Ch-Changes:

At 98PXY/Rochester: Pyramid Broadcasting bestows on Tom Mitchell, already P.D./M.D., the O.M. designation. (What's left? Emperor? Grand Vizier?)

Scott Summers resigns as Ralph Wimmer's M.D. at WHTK/Hilton Head-Savannah....He's ready to log on with a computer company...P.D. Ralph Wimmer needs tapes-- ASAP. (See "Changes".)

At WPGC...Research Director Stacey Siefert is seeking her own replacement (301-441-3500). Stacey sequesters to WZYQ, Fredrick to do mornings and promotions.

J.D. Ryan leaves the Eagle's nest in Dallas to do nights at crosstown Y95.

Ain't it weird? Johnny Carson can spend 5 minutes talking about the current TV ratings sweeps....but if the Saturday overnight jock slips for 5 SECONDS about the same thing, it causes a commotion bigger than the last Tyson-Givens fight!

This could be a whole Geraldo show: KLUC/Las Vegas asked their listeners "What song you most like to make love to?" Survey says: "When I'm With You" by Sheriff!

Tracking the Fox in Detroit: "Chuck Beck looked up, and there was Eddie Money, sitting in his office!" New Asst. Promotion Director Joe Constance has the scoop: "Eddie walked in off the street, with no notice, nobody else with him!" This one we want pictures of, guys: "John McFadden's tongue is still hanging out-- he emceed the 'Robert Palmer Video Girl Lookalike Contest!' (The ink is still drying in the laser printer for the Detroit Birch monthlies-- WDFX goes 5.5- 6.4, good enough for a #4 12+ ranking.)

Tracking Anita Baker in Detroit: "Her first album sold double platinum in a year....THIS one hit 2 mil in a month!" Elektra honcho Rick Alden flew to the Motor City to present the diminutive chanteuse her award. (Anyone for "Cocktails"? Sales: 2.78 million units!)

If Geraldo Can Do It...so can I.....KKBQ's John Lander decided to reenact the Geraldo Rivera/ Skinhead confrontation. John reveals: "We recreated the scene right here at the radio station. Channel 2, the NBC affiliate even came by to check out the situation. Man, is my nose killing me!!!"

Black Friday... Black Friday is a nutty day when it comes to traveling and especially shopping. Who would want to brave those vicious mall crowds??? While most radio stations are not really too busy on this 'off' day, B94 in Pittsburgh is manning a full assault on the market. MD Lori Campbell explains: "We've got everyone going out to the malls & shopping areas....Interns....jocks....everyone.

We'll be giving away all kinds of prizes and having people record their own holiday greeting for B94. We'll also have the B94 Secret Santa out giving winners \$100 bills."

New Gig for Jessica Hahn. Guess the young lady got tired of that morning routine....She'll be teaming up with BJ Harris to do 7p-12 midnite. MD/Asst. PD Kevin Robinson tells Grapevine: "Jessica is really getting into all aspects of radio. Editing, dubbing, production, the works. For Thanksgiving week we gave away turkeys--stuffed with \$50 dollar bills! The Morning Zoo is currently assembling the world's largest holiday band for the Christmas season. If you're looking for a good midday cut--we're getting phones on Bette Midler's 'Under The Boardwalk.'"

Spaced!!! The Soyuz 7 cosmonauts will be jammin' in outer space as the space mission plans to take the new live Pink Floyd LP "Delicate Sound of Thunder" with them on their trip. According to Floyd manager Steve O'Rourke, "we'd been asked to be discreet about the Russian request. I can say that we supplied them with the first cassette to be transferred direct from the master tapes several weeks ago." The group will fly to Moscow to witness the lift-off. Grapevine also hears that Ziggy Marley is donating 'material' for the cozzies to take into space with them.

M-I-C...see you real soon...Power 95, New York helped celebrate Mickey Mouse's 60th Birthday by playing the Mickey Mouse Club theme song to kick off a set on the Mickster's B-day. The staff had an in-studio party with Entertainment Tonight's Mary Hart & John Tesh there to capture the event on tape for a later broadcast. John & Mary wore Power t-shirts on their Friday (11/18) segment.

This Week's Urban GO-RILLAs are phoned in on Albie "Gahn" Dee's newly stolen, we mean purchased car phone...."Superwoman" from Karyn White is a smoker....Kierra with Shanice Wilson - it's called 'This Time'.....Michael Rogers on WTG is happening in a BIG way....Z-Look is hot as is Sassa....got to go, there's a telephone pole approaching!!!!"

Dr. Dave Urso checks in from WTG central: "Patty Kensit, the lead singer for Eighth Wonder, has just landed the role as Mel Gibson's girlfriend in 'Lethal Weapon II'. She's been pretty busy with her acting career." Meanwhile, in the record biz, Eighth Wonder's "Cross My Heart" is gaining rapid momentum at Top 40.

As Reported in Last Week's Grapevine... WXXX, Burlington Vermont was sold last week--the buyer was Atlantic Ventures of Boston. The company owns WAQX, Syracuse & WARM, Rochester.

"That Record is So Strong".... states a humble Albie Dee..."we're running spots for the Buster movie. The spot has a 10 second hook from 'Two Hearts'...We're getting calls for the song from the spot. It's testing hot with out-of-the-box office phones!!"

JFK Remembered... Grapevine heard some area stations honoring the late President Kennedy last week. Philly's Eagle 106 had a moment of silence at 1:00p.m. Dallas time, followed by a brief audio tribute. Laser 104.1 in Allentown ran 1 minute profiles every hour.

Baby Boom Promotion: "We figured the most valuable service WANS could render was BABYSITTING!" WANS/Anderson's Bill Catcher is ready with the Pampers: "Every Saturday 'til Thanksgiving, our jocks will be stationed at the biggest local mall, watching toddlers for mom & dad..."

## FMQB Grapevine (Continued)

Speaking of malls (and isn't that where your listeners will be in December?)...POWER 95/NYC has installed "Giving Trees" in 6 metro-area malls. Each "tree" is decorated with "Wish Cards", each describing an inexpensive wish from a needy person in the local neighborhood. Shoppers choose a wish, fulfill it, and return the package to the store by December 17. Federal Express is donating delivery services for the "Giving Tree" promotion.

Any pictures of Scott Muni in your archives? Scott, of course, was a WABC "Good Guy" in the 60's...and has been a giant in our Industry for 25 years. The tireless Denny Somach is now researching Scott's life for a future book, and asks Grapeviners for "photos-- anything that might be used in this book. Please contact me (Denny) at 215-446-7100."

Speaking of rock history...The heroes of the Philadelphia music scene reunite for an evening of food, fun, and memories-- Saturday, February 4, 1989. For info, call Wendy Isaacs at 215-893-9100...

Is "Dear Mr. Jesus" going to be all over the air this holiday season????

The first Y107 promotion this year that did NOT involve a plastic surgeon: "We gave out Buckle-Up Bucks at the very high-traffic Nashville intersections", says Louis Kaplan. "If we spotted you wearing your seat belt, you got 5 bucks. THEN, for every pre-set you have for Y107, you get \$100-- \$1,000 if ALL your buttons are on Y107!"

Toys (and Rod Stewart) For Tots: "This year's Q107 Toys For Tots concert should be the biggest yet!" says M.D. Kevin McCabe. "Admission to Rod Stewart at the Capitol Center on December 18 is \$18-- and an unwrapped toy...Our thanks to Rod and to Warners!"

This Week's Top 5 nicknames for Interns.. (selected by Lou Zerr)...Cousin.....Skippy.....Smurf.....Mr. Rogers & Neighbor.

MATTY "THE HUMDINGER" SINGER - THOUGHTS FOR TODAY

Through time all wounds heal.

To be good is noble, but to teach others to be good is nobler -- and less trouble.

Let us all be happy and live within our means, even if we have to borrow money to do it.

The trouble with having more leisure is that you have to work harder to pay for all those expensive hobbies.

-----

Scott would very much appreciate it if any of his friends out there can help him out, and we thank you."

It's one triumph after another for the red hot Jersey quintet!

BIRTHDAY BOOK: SUNDAY, NOVEMBER 27: Some claim he was the greatest rock guitarist ever. Without question he was one of the most controversial individuals ever to plug in a Fender Stratocaster. Certainly, everyone agrees we lost Jimi Hendrix far too early in life. Born in Seattle, Washington, Jimi would have been 46 today, had he not succumbed to a drug overdose in London on September 18th, 1970. The "Hendrix sound" has yet to be duplicated. Perhaps it never will be. It's been 28 long years since Shirley Alston and the Shirelles hit the top of the charts with the haunting, "Will You Still Love Me Tomorrow?" The tune, of course, was penned by the husband and wife team, Gerry Goffin and Carole King. The lovely Caroline Kennedy-Schlossberg counts 31 and it's been 18 years since former Beatle George Harrison unveiled his three-disc masterpiece, "All Things Must Pass". The blockbuster package spawned the No. 1 single, "My Sweet Lord". THE American playwright, Eugene Gladstone O'Neill was the only person in history ever to win not only the prestigious Pulitzer Prize, but the Nobel Peace Prize as well. He died on this date, some 35 years ago in a quiet Boston hotel. We've never seen his equal since. Charlie Burchill (Simple Minds) is 29. Eddie Rabbitt is 47. Bruce Lee is 48...MONDAY, NOVEMBER 28: Happy 59th to Motown legend Berry Gordy Jr. The Detroit-born genius began his career as a professional boxer in the early 1950's before opting for music. John Lennon made his last public appearance (with Elton John) 14 years ago. EJ still regards the Madison Square show as one of the highlights of his long career. ELO drummer Bev Bevan, born in Birmingham, England, is 42. Randy ("Short People") Newman is 45. The politico who allowed his "monkey business" to destroy his chance for the Presidency, Gary Hart, toasts his 51st. He was born Gary Hartpence. John Spinks (Outfield) is 33...TUESDAY, NOVEMBER 29: The 'Boss' of the Bluesbreakers, John Mayall, is 55 years young and what a debt he is owed by so many. One of our great horn players, Chuck Mangione, rings up his 48th. Ronnie Montrose is 41. Felix (Young Rascals) Cavaliere reaches number 44. Felix hails from Pelham, New York, and was widely considered the heart 'n' soul of the Rascals. Country 'n' western tough guy Merle Travis tallies up yet another year. Former (and sometimes current) 'Papa' Denny Doherty marks birthday number 47. DD was the fourth and final ingredient that propelled the Mamas and the Papas to superstar status way back when. Barry Goudreau (Boston, Orion The Hunter) is 37...WEDNESDAY, NOVEMBER 30: America's "oldest teenager", Dick Clark, is 59 years young. His 'Q' factor (acceptance by the television viewing public) rates among the highest in the industry. It's number 33 for the inimitable Billy Idol. Paul Stookey of Peter, Paul & Mary fame, is 51. Former sixties radical Abbie ("Steal This Book") Hoffman hails his 52nd. Actor Efrem Zimbalist Jr., marks his 65th. Fifteen years ago we complained that oil prices had "skyrocketed" to the 50 cent per gallon figure. Doesn't that number sound appealing today? June Pointer is 35. Roger Glover (Deep Purple) is 43. Shuggie Otis is 35. Nick Ashford and Valerie Simpson married 13 years...THURSDAY, DECEMBER 1: Blue Oyster Cult cutup Eric Bloom hits the double 4's. The totally outrageous Bette Midler marks her 43rd. The Divine Miss M-- is one of only a handful of musical artists to make the difficult jump to Hollywood. Nice guy Lou Rawls roll up birthday number 53. Former Marshall Tucker Band drummer Paul Riddle is 35. Like most of the MTB, Paul hails from Spartanburg, South Carolina. Woody Allen is 53. Actress Charlene Tilton, of "Dallas" fame, celebrates her 30th. The beloved Mary Martin is 75 years young. Miss Martin is the real-life mother of actor Larry Hagman, best known as the nefarious J.R. Ewing, of "Dallas". Super-golfer Lee Trevino, putts to his 49th. Mr. Former Doors' stickman John Densmore hardly misses a beat on his 43rd. Actor/Comic Richard Pryor hits his 48th. It was on this date in 1976 that England's bad boys, the Sex Pistols, firmly established their well-earned rep as incorrigibles, when a routine appearance on the BBC erupted into a slew of profanities. Johnny Rotten was never so sullen, savage 'n' stinky! Yet, to some the Pistols remain the top punk band of all time. Sam Reid (Glass Tiger Keyboardist) is 25. Steve Plunkett (Autograph Lead Singer, Guitarist) is 33...FRIDAY, DECEMBER 2: Onetime teenage tennis terror Tracy Austin is 26. Steve (Studio 54) Rubell, reaches his 45th. And, the highly regarded Taj Mahal, rendered a very special show for a group of convicts at the Washington State Penitentiary 17 years ago. It was, quite literally, a "final concert" for all. Only those waiting on "Death Row" attended Taj Mahal's moving and beautiful performance. Rick Savage (Def Leppard) is 28...SATURDAY, DECEMBER 3: Heavy metalist John "Ozzy" Osbourne, starts a new decade, it's birthday number 40 for him. Mr. "Moon River", Andy Williams, is 58. The Starship's intrepid Mickey Thomas reaches birthday number 39. Did you know it was none other than Mickey who sang Elvin Bishop's biggest hit, "Fooled Around And Fell In Love"? .38 Special's Don Barnes rings up another. It's been 12 long years since keyboard master Rick Wakeman rocked the pop world by rejoining Yes. Country great Ferlin Husky is 61. Exactly 104 years ago "Ladies Home Journal", was first published, and it remains an American institution. Steve Forbert is 34. Darby Mills is 29.

The Next Time Out Question: "I can't wait for the next album (or the next movie) from —"

SECRET OF SUCCESS FOR RADIO CREDIT CARDS: A

large & loyal audience. Why does the radio credit card work so well for some stations but not others? The first principle of credit card success, warns Reg Johns, president, Fairwest Promotions, is, "You gotta have it before you flaunt it. 'It' is a large and loyal listening audience." Johns' company brings stations and banks together to set up station credit card programs, so he's all for them. But he warns they're not for every station. He notes, for instance, that credit cards "are no quick fix for an AM that's hurting. To turn its affinity card into a success, the chief qualification a station needs is a very loyal audience. Strong loyalty to the station, to its music, or to at least some of its personalities or to the local charities the station promotes through its card is what creates the affinity." Also, he says, a station needs "a track record of strong and sustained promotions. The station has to get behind the card if it's going to do the participating advertisers any good. These merchants have to see a benefit for themselves if they're going to grant discounts to the card holders and allow the station to hang up its call-letter streamers all over their stores." Fairwest has negotiated several deals with different banks for a variety of outcomes, says Johns. "The banks we've tied in with are aggressive. They are compensating the stations with the largest deals available." A Yardstick. Banks have a yardstick. "They've seen what American Airlines has done with credit cards. American's done great. They call it 'Power Marketing.' But American starts with its frequent flyers, who build up points by continuing to book American. And all the cooperating companies American's persuaded to participate and offer discounts to card holders know these frequent flyers are prime prospects for their services--companies like Avis, Hertz, hotels, restaurants and cruise ship lines." He says one way stations who know how to promote build loyalty is by donating a percentage of the profit each time a card is used to a local charity. "In Indianapolis the cause is their new zoo. In Kansas City one station is helping a hometown fund for kids. In Norfolk a station uses card-generated profits to back one charity for four months, then switches to another for the next four months and keeps changing to spread the good works around. These charities can be promoted on the air and on bumper stickers and on T-shirts, along with the station call letters. They can be promoted in the station mailers and credit card invoices, just as the call letters and the participating retailers are. This way the program taps listeners' charitable instincts along with their greed for discounts and bargains, all at the same time." Thus, KLSI(FM)'s Master Card offers its Kansas City listeners a frequent user program including prizes, travel and no annual fee for the first year. It also includes a contribution to the Kansas City children's home town fund. Johns says the bank pays for the introductory mailing piece, pays for all the take-ones, "and they pay the station a percentage on all purchases -- not balances, like the other guys. Based on average credit card spending, when the station has 10,000 card holders, it will earn \$180,000 in the first year. If it does 50,000 card holders over three years, it will do \$3.6 million."

INXS: INXS, George Michael, Mark Knopfler, Robbie Robertson, Van Halen, Charlie Sexton, Apollonia and Kenny Loggins are among the artists appearing on a calendar to benefit the Phoenix-based Make A Wish Foundation, which raises money to fulfill the last wishes of terminally ill children.

MICHAEL JACKSON: Having a day declared in their honor is nothing new for artists visiting Los Angeles, but Michael Jackson now has his own month. Mayor Tom Bradley declared November Michael Jackson Month in the city because of his book, records and shows at the Sports Arena.

TRACY CHAPMAN: Albums by Tracy Chapman and Pat Benatar have been singled out as "practical and exciting" in the 1988 Parent's Choice Awards. The Massachusetts-based, non-profit organization reviews media for children.

DURAN DURAN: Duran Duran spent \$5,000 at a record store in Boston while there for a record signing. They purchased about 1,000 albums and 70 videos, with their record company picking up the tab.

CHRISTOPHER CROSS: After a nine year association, Christopher Cross is no longer affiliated with Warner Brothers, and is currently shopping for a new record deal.

SONIC YOUTH: Lee Ranaldo, singer and guitarist with Sonic Youth, says they will be putting out another record under the name Ciccone Youth. Two years ago they re-did Madonna's "Into The Groove," using her last name of Ciccone for the release. This time, they'll re-do Robert Palmer's "Addicted To Love." Ranaldo says there are even plans for a whole album by Ciccone Youth.

IN ENGLAND, STRAITS' HITS TOPPLE U2: Dire Straits' Greatest Hits album, "Money For Nothing," debuted at #1 on the British charts, displacing U2's "Rattle And Hum." The Lp sold almost 100,000 copies during its first week out. U2 had spent a week at the top spot, selling 320,000 copies during its first week of sale.

GLASS TIGER: Canadian band Glass Tiger is looking for a new drummer following the departure of Michael Hanson. Lead singer Alan Frew said Hanson is leaving because he wants to be able to write more songs than the band is willing to do.

BOBBY MC FERRIN: Bobby McFerrin duets with Chaka Khan on one cut on her new album, "C.K." The song "Soul Talkin'" was written by Brenda Russell. The album also features a Miles Davis solo and two songs written by Prince.

GEORGE MICHAEL: With the sixth and final single from the "Faith" album climbing the charts, George Michael is vacationing in the Caribbean before returning home to London for the holidays. Michael is due to be back in the U.S. in January to announce his next projects.

OZZY OSBOURNE: Ozzy Osbourne had to postpone two shows on his "No Rest For The Wicked" tour because his production was too big for the stage. It will be scaled down when he makes up the postponed dates in Atlanta and Miami.

ROCK AUCTION RAISES \$25,000 IN PHILADELPHIA: A pair of David Bowie's sneakers sold for \$300 and an autographed Bob Dylan harmonica sold for \$1,500 at an auction benefitting the Philadelphia Music Foundation. The proceeds from the event, over \$25,000, will go to benefit a scholarship and other education programs. A Kramer guitar donated and signed by Eddie Van Halen went to an anonymous buyer for \$2,900, while a 1981 Buick Regal

autographed by Bruce Springsteen, Sting, and many other artists went for a mere \$2,000.

JACKSON TRYING TO RESCHEDULE TWO MISSED L.A. SHOWS: Michael Jackson, his band, roadies and the Lakers are all trying to juggle their schedules so the singer can make up two concerts at the Sports Arena in Los Angeles that he missed because of illness. Jackson's concerts had to be cancelled when he came down with swollen vocal chords after a show on Sunday (13). Jackson spent all day Monday with his doctors and was so hoping he'd be able to do the show that night, it wasn't cancelled until everyone was in their seats. The promoter has already vowed to honor ticket stubs for both the show and parking when the dates are rescheduled, but Jackson's tight schedule, other commitments by his band members, equipment transportation and the basketball schedule have so far made it impossible for a date to be announced.

SWAYZE FILM WRAPPING IN CHICAGO; SOUNDTRACK TO CBS: Principal photography is wrapping up in Chicago on a new Patrick Swayze movie that will be out in the spring. "Next Of Kin" is about an Appalachian man who is killed by the mob and the revenge his family takes. Producer David Kershenbaum is putting together a country and pop soundtrack for CBS Records. Swayze does a little bit of performing in the film, but so far hasn't done anything for the record. B.B. King wrote a new song for the film, and sings it in a scene shot at the Checkerboard Lounge in Chicago.

POISON PEN CASSETTES?: Despite the advice of their attorneys, Brett Michael, of Poison, says the group may go ahead and start playing some of the cassettes fans are sending them before their concerts in certain cities. These are not demo tapes from struggling band containing music they hope to have heard. Michaels says the tapes are spoken word recordings of such things as fans threatening to kidnap them. "They'll give us the precise city, date and time," he says. "It constantly amazes us." Someone recently put a bullet hole in the band's tour bus while it was parked outside a hotel. No one was on the bus at the time.

CHER WRAPS UP PERFUME PROMO TOUR; RETURNS TO STUDIO: Cher wrapped up her personal appearance tour for her perfume, "Uninhibited," with a stop at Macy's in downtown San Francisco that drew 4,000 people. It was the first time on the five city, two week tour that Cher brought the family along -- 12 year old Elijah Blue Allman, and beau, 24 year old Rob Camilletti. Cher now plans to finish the album she's recording for February release while looking around for another film to do.

WALSH WELL ENOUGH FOR KANSAS TO DO U.S.O. CHRISTMAS TOUR: True to the title of its newly-released album, "In The Spirit Of Things," Kansas will be giving a special treat this Christmas season to the American service men and women stationed overseas. Singer Steve Walsh is recovering quickly enough from the throat problems that forced postponement of the Kansas tour, for the band to embark December 2nd on a two week, seven-date tour sponsored by the U.S.O. They'll play bases in England, Iceland, Germany and the Azores, Portuguese islands in the North Atlantic. The tour is being undertaken with the support of AT&T. Touring for the U.S.O. is nothing new for Kansas. Back in 1984, Phil Ehart assembled the U.S.O.'s first airborne rock and roll division, with members of Cheap Trick. They made history as the first major rock group ever to tour for the U.S.O. But this marks the first time Kansas will be touring for the U.S.O. as a separate entity. Meanwhile, Kansas will begin American dates on January 18th.

**UNICEF "RADIOTHON" RAISES \$300K, PLEDGES FROM PETTY, HARRISON:** The total raised for UNICEF from the Saturday "Radiothon" is approaching \$300,000. That includes pledges phoned in by Tom Petty and George Harrison, who called from London. Artists who performed on the show were Crosby, Stills, Nash & Young, Robbie Robertson, Randy Newman, Fabulous Thunderbirds, Jackson Browne and Pat Benatar.

**GALAXY, BOX 3482, RUBIDOUX, CA 92519...TERRY MOSS, PUBLISHER...(714) 685-1942**

**IVAN NEVILLE:** "Not Just Another Girl" is the leadoff single from Ivan's debut solo album, "If My Ancestors Could See Me Now"... Neville may be making his solo debut, but he has a great deal of experience in the music business. His credits include stints with Bonnie Raitt's band and the R&B/rock act Rufus... Ivan did some bass work on "Dirty Work," the Rolling Stones' last album and contributed to the solo releases this year by both Robbie Robertson and Keith Richards. Neville also appears in the video for Keith's single, "Take It So Hard"... Ivan's album features a duet with his father, Aaron Neville, who had a hit in 1967 with "Tell It Like It Is"... Bonnie Raitt and J.D. Souther make guest appearances on "If My Ancestors Could See Me Now"... Ivan received his first musical instrument at age 10. It was an electric guitar from the local five-and-dime which he just fiddled with for a time. A few years later, he started playing his mother's piano and was soon getting pointers from family friend, jazzman James Booker... While still in his teens, Ivan won a New Orleans talent contest, sharing the stage with Branford and Wynton Marsalis... QQ (Ivan): "I think I realized the family tradition that surrounded me, but it wasn't like I paid any special attention to it at the time. I was more into grasping everything and absorbing it naturally-- which is good, because that way, I wasn't overpowered by it"... Before heading from Louisiana to California to join Rufus, Ivan played keyboards with his father and uncles, who are known as the Neville Brothers...

**VAN HALEN:** "Finish What Ya Started," the follow-up to Van Halen's Top Five hit, "When It's Love," is from the band's multi-Platinum album, "OU812"... Van Halen's "Monsters Of Rock" heavy metal tour was reportedly the biggest money loser of this summer's tours. Even though it was the highest grossing tour (\$19.8 million for 18 shows), it also had the largest number of empty seats... Once a Van Halen show starts, it doesn't stop -- even if one of the guys has an accident. Through the years, while Alex Van Halen has been on stage, he's been mistakenly set on fire, blown up by a stick of dynamite thrown from the audience, gotten a cut on his hand so deep the bone was visible, and broken his leg five different times... QQ (Eddie Van Halen): "I am not a rock star. I am a musician"... The band should do much better on its "OU812" solo tour since it is playing smaller venues than the "Monsters Of Rock"... Alex is known for his expertise as a drummer and Eddie is thought of as a guitarist's guitarist -- but as teenagers, Alex's first instrument was a guitar and Eddie's was a drum kit... An admitted alcoholic, Eddie has been sober since last Spring and credits wife Valerie Bertinelli with helping him take recovery one day at a time. The rocker says he's the happiest he's been since forming Van Halen with David Lee Roth a decade ago... Eddie gets offers all the time to play on other artists' albums. But he prefers doing his own music, which takes up most of his time. The last record he played on with Michael Jackson's "Beat It"...

**WILL TO POWER:** "Baby I Love Your Way" and "Free Bird" -- which the trio calls "Free Baby" -- is featured on its self-titled debut album... "Baby I Love Your Way" was originally recorded in the 1970s by Peter Frampton and "Free Bird" was a hit for Lynyrd Skynyrd... Will To Power

had a #1 dance hit in Miami last year with "Dreamin'," which is included on its debut album... The group was formed by Miami club and radio DJ Bob Rosenberg, who is Will To Power's producer, composer and co-lead vocalist. Other vocals are handled by Suzi Carr, while Dr. J does all the sax work... Bob Rosenberg says that Will To Power's musical signature is its unique combination of pop melody and dance beat... QQ (Bob): "The music of Will To Power is really about hooks-- melodic hooks, rhythmic hooks, one after another"... A native of Philadelphia, Bob Rosenberg moved to Florida in the early '70s and has become one of the most popular DJs on the Miami club scene. In 1984, he released a 12" rap single he called "Miami Vice," which was a hit on the local club scene, but not with the producers of a certain TV show, who threatened legal action against him and caused him to pull the single from the market... Rosenberg is known as a pioneer of what's called "Hot" radio -- high-energy programming and mixing. Bob says the format has lasted a lot longer than anyone predicted and that there are variations of it all over the country now... Will To Power calls "Free Baby" a "slo-jam" medley...

**SAMPLE SIZES SOAR IN BIRCH RADIO REPORTS:**

Dramatic increases in sample sizes will be put into effect in Birch Scarborough radio reports, starting this fall. All size markets will be affected, but the increases will be particularly sweeping on the weekends in markets below the top 10, where the average sample will be doubled. Specifically, in markets 11 to 50, the Saturday and Sunday samples will go up 85%. In markets 51-plus, the weekend samples will zoom up 123%. In both cases, the increases go into effect this fall. In the top 10 markets, weekend samples have already been increased 70%, with winter '88 quarterly reports the first to be affected. Monday-Sunday sample sizes in the top 10 markets will be increased in three steps: The fall '88 quarterly reports will show a 35% increase, the winter '89 reports will show another 15%, and the spring '89 reports still another 20%.

**SEPTEMBER WEB REVENUES UP 1.1%:** Radio network revenues in September were up for the fourth month in a row, though it has to be noted that they weren't up by much. However, it should be also noted that the four up months followed four down months. The September revenues for network radio, according to figures released by the Radio Network Assn., came to \$31,298,000, as against \$30,958,826 for the same period last year. That's equivalent to an increase of 1.1%. The increase followed rises of 3.8% in August, 5.0% in July and 1.0% in June. This, in turn, followed dips of 5.0% in May, 1.5% in April, 10.9% in March and 0.1% in February. The year started with a fluke and unexpected 11.1% increase in January. Peter Moore, RNA president, stated: "Though September is a modest 1.1% increase, it should be noted that our figures exclude any revenues from the Seoul Olympics, as is our continued practice. We all know how well Olympics media sales were. So a net increase of 1.1% demonstrates how strong the month actually was for network radio were we to include those dollars." The performance looks even better when it is considered that the RNA figures don't include political advertising, either.

# ROCK REPORT

WITH ALL THE EXAGGERATED REPORTS IN THE NEWSPAPERS ABOUT THE YES SPLIT, let's see if we can set things straight here. RICK WAKEMAN has announced that he's forming a new band with STEVE HOWE and BILL BRUFORD. There is an outside chance that JON ANDERSON may make an appearance on the group's debut album,

probably headed for Arista. At the moment this Wakeman, Howe, Bruford band does not have a name. Meanwhile, the members of Yes (CHRIS SQUIRE, ALAN WHITE, TONY KAYE and JON ANDERSON) are currently rehearsing material for a new album on Atlantic, due some time next spring.

JUST IN TIME FOR THE HOLIDAY GIFT GIVING COMES A GAME FOR THOSE IN THE BUSINESS, and when we say the business we mean the industry. Symmetry Games Inc. presents ROCK 'N ROLL...THE MUSIC BIZ GAME, a self-contained board games that pits rock stars against agents, lawyers and other artists. The game begins with each player trying their luck with a sum of money, and from there you roll to determine the success of a single, a tour, a line-up change, etc. The packaging of Rock 'N Roll...The Music Biz Game is clever and colorful, and would make an excellent promotional item for station giveaways. If you're interested in finding out more information, contact Symmetry at 212/288-3998, or if you want to order direct, phone 800/334-9933.

"TOO HOT TO HANDLE" IS WHAT MOTLEY CRUE IS CALLING THEIR NEW ALBUM, due from Elektra on January 16. Containing ten tracks, including their version of the BEACH BOYS' "CALIFORNIA GIRLS," the record also features the following songs: "YOU AND ME," "DOLLAR IN MY POCKET," "POISONOUS DREAMS," "HIGHWAY TO HELL," "WAKE UP," "DEAD MAN," "WAR OF ALL WARS," "L.A.," and the title track. Crue will head overseas first to make up the dates they had to cancel last year. After completing that jaunt, the band will undertake a massive tour on our shores.

AS FAR AS THOSE RUMORS CIRCULATING ABOUT DISCORD IN THE VAN HALEN CAMP, DON'T YOU BELIEVE IT. SAMMY and EDDIE are getting along just fine, thank you, and currently in the midst of renegotiating their deal with Warner Bros.

QUEEN FANS WILL BE RELIEVED TO KNOW THAT FREDDIE HAS HUNG UP HIS OPERATIC HAT (you mean you never heard MERCURY and MONSARRAT CABELLE doing "BARCELONA?") Queen has returned to the studio to begin work on their sixteenth album, which should be released in spring of '89. In the meantime, Queen is releasing a series of 3" CD maxi singles of their greatest hits.

DON DIXON FANS ARE GOING TO WANT TO MAKE A BEE-LINE TO THE NEAREST STORE to get a copy of "THE CHI-TOWN BUDGET SHOW." This live collection, recorded in Chicago on March 22, features partner and paramour MARTI JONES on a number of tracks. Songs include: "HEART IN A BOX," "BORROWED TIME," "YOUR SISTER TOLD ME GIRLS LIKE TO DANCE," "FEBRUARY INGENUE," "SKIN DEEP," "RENAISSANCE EYES," "SOUTHSIDE GIRL," "CAT OUT OF THE BAG" and "PRAYING MANTIS." "The Chi-Town Budget Show" hits the streets next week, courtesy of Restless Records.

ANOTHER BOB DYLAN BOOK HITS THE STORES NEXT WEEK, this one entitled "A BIOGRAPHY." Written by BOB SPITZ, this tome claims to examine the real Bob Dylan "warts and all, from Midwestern enfant terrible and Greenwich Village folkie, to superstardom as the voice of

his generation." Upon viewing the book, it does actually shed some light on controversial issues that real Dylan fans may find interesting (i.e.: that Bob was the one responsible for turning THE BEATLES on to marijuana.) "DYLAN: A BIOGRAPHY" is not exactly light reading, weighing in at 656 pages. It can be yours for \$17.95.

SPEAKING OF BOOKS, ANOTHER ONE OF THE REFERENCE VARIETY has entered the market, titled "THE HARMONY ILLUSTRATED ENCYCLOPEDIA." The sixth in the series contains updated information on artists who have made a recent impact like ROBERT CRAY, R.E.M., INXS, etc. It's a decent book to keep around the station for interview and biographical information. Get your copy from Harmony Books.

**KMZQ-FM, LAS VEGAS GOES TO DEX ALLEN GROUP.** The untold story. Olympia Broadcasting had its hands full making up its mind. It had two buyers -- both willing to pay the revised \$6.7 million asking price. One was Allen and several San Diego lawyers. Here's the inside story: Allen sold off KROY-FM, Sacramento recently to Great American for \$11.8 million. The partners will put only \$2 million cash into the acquisition making it a 70 percent plus finance deal. A norm is 60 percent leverage. Enter, John Price of Price Broadcasting. His broker, Americom, brought him into the picture with \$6.7 million of cash in hand. Insiders say Price, due to his radio and real estate investments, can write the entire check from his checking account. But Allen had a written agreement. KMZQ-FM's owners had a kind of "Let's Make a Deal" decision. As Monty Hall would say, do they take door one -- Allen with a written agreement and cash coming? Or Door Two -- Price with no written agreement, but cash readily in hand?

**SAUNDERS SELLS ALBUQUERQUE COMBO.** Bill Saunders will make \$8.1 million when Dex Allen and a group of San Diego attorneys (Commonwealth Broadcasting) purchase KRZY-AM/KRST-FM from Wagontrain Broadcasting. Commonwealth also has an interest in KYXI-FM, Yuma, AZ and has sold KROY-FM, Sacramento to Great American to acquire KMZQ-FM, Las Vegas from Olympia. Wagontrain also owns Drake-Chenault.

**UNIVERSAL SELLS STATIONS IN \$23 MILLION DEAL.** To Douglas Broadcasting of Palo Alto, CA. Selling KMAX-FM, Los Angeles and KEST-AM, San Francisco. In May Universal sold six stations totaling \$35 million. Those stations were: WDCT-AM, Washington, DC; WYLO-AM, Milwaukee; KUXL-AM, Minneapolis; KCNW-AM, Kansas City; KNRB-AM, Fort Worth, KTEK-AM, Houston. Now looking to make serious deals. Trying to move into the top 20. Universal's current lineup is: WTAE-AM, New York; WNDZ-AM/WVVX-FM, Chicago; WSYW-FM, Indianapolis; WGRT-AM, Indianapolis; WWCS-AM, Pittsburgh; WCBW-FM, St. Louis; and KPPC-AM, Los Angeles.

**MORE EVIDENCE OF BUILDING LARGER SALES STAFFS.** Just in from WWDB-FM, Philadelphia where they have completed a major sales department hiring spree. They replaced three departing salespeople and then hired four new ones. This is a trend you will see in your market if you don't do it first. Not just hiring when it comes time to replace someone, but adding several new people. With economic uncertainty ahead, many shrewd stations will be gearing up now for a bigger effort in 1989. Costs will shrink. Programming will become more cost effective. But sales departments will grow dramatically in the months ahead. We'll keep an eye on the trend and update you from time to time.

**WHEN TO IDENTIFY NEW MUSIC.** A controversy is brewing that you should keep an eye on. October 16th article in the New York Times by pop critic John Rockwell stuck it to radio for not identifying the music it plays. He cites record company polls as saying that listeners want to know who is singing new songs. Believe it or not, Rockwell suggests, "If anything is to change, the radio stations must be persuaded by their listeners, not just their advertisers. People have to follow through on their wishes by listening (in sufficient numbers to be reflected in the ratings) to stations that do announce, or by protesting fiercely convincing those that don't."

**ONE MORE THING.** Many of our readers know Inside Radio has not been a big fan of the RAB these past few years. Nonetheless, CEO Bill Stakelin's departure from what seems to be a sinking ship (membership erosion, lack of support from the new breed of group executives) is of concern to all of us. RAB has lost its way. From trading glitzy brochures (with their own pictures on them, as they did in Stakelin's first year) to what seemed to be an arrogant attitude about the RAB's position -- its purpose. An unfair dues system that penalizes the "little guy." The time has come to go to our industry's best and brightest (managers, group executives, sales managers) and listen to their input. Trying to resurrect an old institution may not be as desirable as finding a new way to rally radio's sales clout. We're going to pass along some of our new ideas next week. But, let's not just replace Stakelin without taking a good look at what he has presided over. Then, let's see if it's worth fixing.

**SCONNIX WILL SELL WHDH-AM, BOSTON.** Inside exclusive. Despite the company's denials, look for Sconnix to deal its adult contemporary station to either Infinity or CBS. Probably Infinity. Sconnix just sold WBOS-FM in Boston to Ackerly Communications for \$19.3 million. WHDH-AM is their problem station. It bills \$11 million a year, yet declining ratings and high operational costs make Sconnix nervous. Every major group has a station that has a problem succeeding. WHDH-AM is Sconnix's. The sale has nothing to do with any inability of Sconnix to service debt.

**JAG COMMUNICATIONS TO SELL ITS GROUP.** Inside exclusive. Look for John Gambling and Morton Hamburg to sell their remaining stations (WFBR-AM/WLIF-FM, Baltimore and WFOG-FM, Norfolk). They are likely to get in excess of \$44 million. Then expect JAG to take the profits and come back again to build a bigger radio group. This maneuver is seen as a way to replace JAG's subordinated debt.

**OSBORN SELLS WILKES-BARRE COMBO FOR \$12 MILLION.** Inside exclusive. Expect Osborn Communications to sell WKRZ-AM/FM to Kerby Confer. Eastern's Bob Zimmerman also looked at the stations. It's a shrewd deal for Osborn who bought the stations for \$7.6 million in August of 1985. Osborn Communications and Fairmont Communications are in an upgrade mode. Look for Fairmont to acquire in top ten markets. Osborn in medium markets. Also note this change in strategy: Frank Osborn actively looks for turn-around situations now. He doesn't have to do MBOs. Doesn't have to buy cash cows.

**WESTWOOD ONE STOCK CONTINUES ITS DECLINE.** Ever since Norm Pattiz's deal to buy KIQQ-FM, Los Angeles from Outlet for \$56 million was announced, only Pattiz has seen it as a plus. Stock prices since then have declined from \$11.25 per share to eight and one-eighth -- which means Westwood One lost 27.8 percent of its value within weeks. No

## INSIDE RADIO (Continued)

other significant news had been forthcoming at Westwood One during the same period. Oddly, Pattiz is still publicly ecstatic about paying 20 times cash flow to own a Los Angeles radio station. Obviously, his shareholders are less ecstatic with each passing week.

**RAB READY TO MAKE ANOTHER MISTAKE.** They're feverishly looking for a replacement for departing CEO Bill Stakelin without first taking an opportunity to find out why membership is declining and important, major groups are withdrawing their support. The selection committee is headed by Dick Chapin who engineered Stakelin's ascension to power. He owns one radio station. Meanwhile, other important group heads are being left out. Their opinions not even solicited. Stakelin seems eager to step aside. RAB just as eager to replace him. As long as RAB refuses to update itself for the first time in 30 years, the top job will be a dead end one for whomever is selected. Other selection committee members are Steve Berger, Rick Buckley, Mike Lareau, Dean Sorenson and Jeff Smulyan.

**WHO ARE THE CANDIDATES FOR STAKELIN'S JOB.** This is the only real and accurate list. The RAB selection committee has asked the following people to submit resumes for Bill Stakelin's job: Communications Equity Associates' Tim Menowsky, Dorton Broadcasting's Joe Dorton, Olympia's Ivan Braiker, RKO's Jerry Lyman and former NBC executive Bob Mounty. RAB is also asking two of its present executives to submit a resume. They are VP Wayne Cornils and Stakelin sidekick Danny Flamberg. Cornils is recovering from a serious illness. Three or four other executives have been asked to apply, but so far they have not responded.

**H&D BUYS GROUP FOR \$9.5 MILLION.** From AllCom's Alan Roberts from whom they've acquired several stations. This time Roberts is selling WSYB-AM/WRUT-FM, Rutland, VT and WRGI-FM, Naples, FL before retiring. In 1984 Hartstone and Dickstein bought Pittsfield, MA combo WUHN-AM/WUPE-FM from Roberts for \$2 million. Sold it in 1987 to GM Phil Weiner for \$4 million. Dickstein also bought WFPG-AM/FM, Atlantic City from Roberts in July, 1986 for \$5 million. The station is being managed by Roberts' Dick Taylor. H&D presently own five other combos: WSUB-AM/WQGN-FM, Groton, CT; WTLB-AM/WRCK-FM, Utica, NY; WBBW-AM/WBBG-FM, Youngstown, OH; WDOV-AM/WDSO-FM, Dover, DE, WKRS-AM/WXCC-FM, Waukegan, IL. Here's the inside: Roberts sold all the stations without a broker. Roberts takes back soft paper and H&D do their deal. It's a variation of "Your price -- my terms" game which is being played a lot lately to improve their balance sheets.

**METRO-NET SELLS TO ATLANTIC VENTURES.** For \$3.75 million for WXXX-FM, Burlington, VT in an asset acquisition deal. Atlantic Ventures' Steven Dodge bought WEZO-AM/WRMM-FM, Rochester for \$7.3 million in May. Also acquired WAQX-FM, Syracuse in early October for \$4.5 million. Atlantic Ventures waiting to close their \$28.3 million purchases of WRKO-AM/WROR-FM, Boston. But here's the real story: Metro-Net partners Louis Lloyd and Dick Borel are in court over an issue relating to their loss of escrow money when they didn't complete the acquisition of WRSC-AM/WQWK-FM, State College, PA for \$7.5 million. The Bank of Boston did an inside deal to sell WXXX-FM. Insiders say Gary Stevens of Gary Stevens & Company had an exclusive option to buy the station personally and didn't. Kagan Investment pool was somehow involved in the potential purchase.

**LOOK FOR CASEY'S NEW TOP 40 TO BE A SMASH.** Casey Kasem's "Casey's Top 40" picks up five powerful Emmis stations. Kasem has been off the air since mid-year when he decided to leave ABC's "American Top 40" for Westwood One. The new countdown show debuts the weekend of January 21. Kasem is the proven countdown master weaving the information and music together in a unique style. With two months to go, 350 stations have been cleared -- nine in the top 10 markets. It's rarely done, but Kasem is about to switch his charisma, style and following to Westwood One.

**STATION SALES.** WWCK-FM, Flint is being sold by Fraiser Reams to Mark and Jack Steenbarger for \$2.4 million. . . .KODM-FM, Odessa, TX being sold by East-West Broadcasting Co., Ltd. for \$3.45 million to D&F Broadcasting. . . .WRQN, Inc. selling WRQN-FM, Bowling Green, OH to ABS Communications for \$2,685,000. . . .Mark Carter and Carter Family selling WWAV-FM, Santa Rosa Beach, FL for \$1.65 million to Ray Quinn. . . .KYOS-AM/KMYT-FM, Merced, CA being sold by Radio One, Inc. for \$1,755,000 to Merced Radio Partners.

**MANAGEMENT.** KSSS-AM/KVUU-FM, Colorado Springs GM Mike Ginsburg is now GM at KLSQ-FM, Las Vegas. . . .KXL-FM/FM, Portland GM Ray Watson promoted to VP/Radio for Kaye-Smith Enterprises. Watson will oversee operations at KJRB-AM/KEZE-FM, Spokane, WA as well as KXL-FM/FM. . . .Frank Magid's latest departure is Radio Division Manager Jim Worthington who is becoming the GM of KLEO-AM/KZSN-FM, Wichita. . . .WNBC-AM, New York VP/GM Peg Kelly named station manager at WYNY-FM, New York. . . .KDIS-AM, San Francisco Station Manager Aleta Dwyer-Carpenter promoted to VP/GM of the station. . . .WQHT-FM, New York GSM Judy Ellis promoted to Station Manager. . . .KFAC-AM/FM, Los Angeles Chairman of the Board and Chief Operating Officer Ed Argow exiting his post. Argow will join Group III Management on a project basis. No one will be taking his place.

**RADIO PROGRAMMING.** WSPO-AM/WSPT-FM, Stevens Point, WI PD Jay Bouley now program director at WEUZ-AM/WBIZ-FM, Eau Claire, WI. Music Director Jerry Steffen takes his place as program director at WSPO-AM/WSPT-FM. Also at that station, News Director Gary Wescott promoted to Ops Manager. . . .Z-ROCK signed on KJJO-AM, Minneapolis November 7 with no warning to listeners. KJJO-AM was previously Motown. KADX-FM, Denver is also giving up its present format, jazz, for Z-Rock. . . .Rock WBYS-FM, Buffalo changing format to New Age. New call letters are WBMW-FM.

**ONE MORE THING.** With all due respect to Dick Chapin, can't RAB bring some fresh faces into its search for a new President? In fact, with the many young entrepreneurs building groups right now, aren't we missing a chance to get their input on the future of the organization? Thousands of stations thrive every year without the RAB -- and some of them are members. We vote for having a wider cross-section of people in the review of what went wrong these past five years and what can be done differently in the next five. Open up the country club to the very people who can take or leave the RAB -- the new breed of group owner and manager. They're tougher, more resourceful and brighter than some, but not all, of the RAB hangers-on. And, they're not all men. Let's get more women in top RAB management positions. The reason membership is falling off is because RAB is a relic of the past. The men, women -- entrepreneurs all, have been ignored. It's still not too late.

ONE TO ONE: THE JOURNAL OF CREATIVE BROADCASTING - Jay Trachman, Publisher  
CreeYadio Services, 1988 - Box 9787, Fresno, CA 93794... (209) 226-0558

**TALENT TIPS:** "Beyond The Basics" -- by Jay Trachman... There's nothing wrong with pounding home the "basics": call letters, frequency, your name, time & temp. You've got to give people your "address," so they can get back to you. And, the theory goes, if they hear it enough times, just maybe they'll remember when the rating diary falls into their hands. It's true, but it's not the whole story. Sometimes you stumble into the truth. When I wrote in this column several weeks ago, "We spend too much time begging people to remember us, and far too little in giving them something to remember us by," I didn't realize two other publications would extract that line and quote me. I think I struck a nerve. So let's explore the topic in a little more depth...

Imagine you're at a party where you meet a lot of strangers. If you're like me, you'll forget most of them by tomorrow. Of those you remember, what sticks in your mind? Three principal things: name, appearance and personality. Who will you remember? The ones who impress you in some way, either positively or negatively. People with whom you've carried on a conversation, found you're on more or less the same wavelength, felt you'd like to know them better. Or, the one who made a big fool of him or herself. Now, try this fantasy: supposing you were introduced to a lot of people, several times. "I'd like you to meet Joe, Mary, Steve, Shirley and Andy. That's Joe, Mary, Steve, Shirley and Andy." An hour passes, and none of these people distinguish themselves from the rest of the crowd in any way that matters to you. By now, how many names do you think you'll remember? If you're like me, maybe one. (Usually, the most attractive women.)

On the other hand, supposing, at this party, you make five new friends, and spend some time chatting with each one. Mentally, you hope to get together with them again after tonight. How many of them do you think you'll remember? See my point? Let's re-cast this as a listener with a dial full of radio stations, punching around. And every time they stop at a new station, they hear the call letters, frequency or slogan. How many do you think they'll remember? But now, our fantasy listener hears something that catches her attention: her favorite song? Perhaps. Or a DJ who's saying something to which she responds emotionally. She likes what she's hearing; she enjoys the brief experience. I submit, this is the one station she will remember, because **she is motivated**. Saying your name doesn't, by itself, make people remember you. Offering a person something he or she responds to motivates them to want to remember you; that's where frequent repetition of the basics comes in. We make sure that we do say our name (calls, frequency, our own name) often enough so that **if a person is motivated, he or she will hear it and remember it**. Motivation is more important than repetition in this process.

Why would a new listener want to remember your station so he or she could find their way back? Because you play the most records in a row? Because you play the hottest hits? Or the most favorite oldies or the "truest" Country Music? Don't make me laugh. When everybody's playing more or less the same music, all in a row, you may think that your slogan or "positioning statement" is important to your listener, but the evidence is that he or she can't tell your station apart from all the others that are doing essentially the same thing. Yet that's how 90% of the radio stations attempt to position themselves today. We've forgotten the basic tenets of positioning theory, as created by Ries and Trout in their classic book, "Positioning, The Battle For Your Mind": the "position" has to be credible, has to closely match the consumer's own perception of your product, has to have meaning to the consumer, and has to differentiate you from everyone

else. "Most hits in a row"? If you were a listener with a choice between stations that play 10 in a row, 20 or 30 in a row, would this have meaning to you?

What are you offering that he or she can't get anywhere else, and that has meaning to them? This question has to be answered on two levels: the positioning of the station, and what the personalities have to say. The station must be doing something the listener can perceive as unique, and the dj has to be talking about things that no one else in town is. Like... his own perceptions and responses to life, his experiences as a husband or wife, as a parent, a music lover, a shopper, a jogger, biker or bowler; above all, as a citizen of this place on this day. Appeal to me as a fellow human being; that's what I need to motivate me to remember those call letters and that positioning statement. No matter how many times you say it.

**EDITORIAL:** "A Brush With Big One Eye" -- by Jay Mitchell, Jay Mitchell Associates, Fairfield, IA (Editor's note: this article is reprinted from the August first edition of "Sound Thinking," monthly client newsletter of Jay Mitchell Associates. Copyright 1988. For more information, see below.)...Some very close friends of our -- we'll call them "Jay" and "Sharon" -- recently received a Nielsen television diary. When the diary arrived, Sharon, no stranger to the broadcasting business, having married a thirty-year veteran and having put in a few harrowing years herself, said, "Oh goodie. Our change to vote for our favorite shows." (By the way, Nielsen apparently has no screening process; I -- I mean, "Jay" -- was never asked if he worked in broadcasting, which fact has disqualified him in the past from Arbitron participation.)

During their diary week, both Jay and Sharon completely altered their viewing habits to make sure that programs they believed belonged on the air were recorded. In addition, most days they did not record their viewing coincidentally, although Jay made every attempt to do so. (One forgets what is not habitual.) If two hip, sophisticated, media mavens like "Jay" and "Sharon" were unwilling or unable to keep bias out of the diary-keeping process, how can lesser mortals hope to do so? And remember, boys and girls, there are fewer TV stations than there are radio station; and television consumption is a more contained and static process than radio consumption. It therefore follows that radio diary-keeping is a bigger task (read "hassle")...and thus far more likely to be inaccurate. Of course, this merely underscores what anyone who has visited the client rooms in Laurel knows: that it is a miracle if any diaries are accurate.

Over the years, I have been a staunch defender of Arbitron and Birch, reminding attackers that **broadcasters** created the ratings monster...that the ratings are nothing more than fairly accurate research which broadcasters have transmogrified into biblical tenet. Perhaps it is time for broadcasters to cease bleating about tenth-of-a-point "victories" and adopt a more rational attitude about the ratings. Smart broadcasters know that the proper foundation and relationships with advertisers and agencies can obviate ratings vicissitudes; the rest is just ego. And we are paying dearly for our ego trip -- in the form of ratings fees which border on the obscene. (A few years ago, an Arbitron executive told me just what that company's profit margin really was. Whatever you think it might be, you're probably low.) We made the mess; we can clean it up if we want to.

sales services to the radio industry.)

**ARTIST PROFILE: ANITA BAKER...**Her musical career began at age 12 when she began singing around Detroit with her grandfather, a traveling minister. Her introduction to secular music came when she started listening to Detroit's WJZZ and gigging with "basement bands" formed by classmates and choir members, singing everything from Jazz standards to Led Zeppelin. After high school she spent two years moving from band to band until a member of Chapter 8, then one of Detroit's top club bands, invited her to audition. Baker says, "Everything I learned about music I learned from that band." The relationship had a short and long term impact: she made her recording debut with them in 1980 and sang lead on the minor hit "I Just Wanna Be Your Girl"; and began a friendship with keyboardist Michael Powell that would years later culminate in "Rapture" and "Giving You The Best That I Got."

After Chapter 8 was dropped by their record company, a discouraged Baker spent a few years as a legal secretary before recording "The Songstress" for a Los Angeles-based independent label. The album spawned the top-ten Black single "Angel" and first made a national audience aware of her Jazz/R&B synthesis. A conflict with that company led to a lawsuit and inactivity for Baker until she was signed to Elektra.

Trusted with creative control of a new project, Baker produced an album that won Grammy's for Female R&B Vocalist and R&B Song Of The Year ("Sweet Love"); she was designated Best Female Singer in Rolling Stone's critics' poll and Best New Female Singer in their fan poll. Baker is a student of the singing art who deeply understands the intricacies of her voice. So when she seems to be improvising on stage it's because "I wait for my voice to be ready to sing certain songs." The intimacy of her voice on record is partially a by-product of recording with two microphones; one feeds into the console, "the other into my head-set because I like room sound. That allows me to hear how I'm really sounding as opposed to hearing my voice interpreted by the microphone."

**PROMOTIONS: FROM: JEFF QUINN, WCJL, Marinette, WI-** "Unlikely Events"...I'm sure that everyone in radio has been informed at one time or another that a very unlikely business would like to do a remote, an in-store promotion or an on-air giveaway. With a little creativity, these lame ducks can be turned into peacocks. Here are a few examples of some actual promotions we've done in the past year or so... A store that sells only bottled water and bottled water cooler systems wanted us to give away bottles of artesian well water on the air. Great prize, huh? A little ingenuity came into play, and we came up with "Water Store Trivia." The trivia questions all concerned water, in one form or another. One question might be about the weight of a square foot of water; the next could be about the sinking of the Titanic. Fortunately, we had another built-in angle, since we were in the midst of a drought. What a great tie-in that was!

Currently, we're working on a promotion for the grand opening of a home-improvement store. Our pre-recorded teaser will say, "In one year, POWER104 has given away two trips to California, a money-grabbing spree in a bank vault, a \$1000 shopping spree, tickets to the hottest concerts around...and now...we're giving away something you can't live without - a bathroom!" Listeners will have to go to the store to register for a drawing to be held during an in-store remote broadcast. To increase the number of winners, we'll give away one item at a time: the fixtures, basin, tub and shower unit, shower curtains, and of course, the coveted commode itself.

We were also asked to give away a "body-care product." I never really was quite sure what it was...and I don't think anyone else was, either. A local independent distributor gave us certificates for it. We handled it in a rather unusual way... We gave the "body-care product" away along with a pair of tickets to a male stripper show to the tenth person to call in after we played the sound effect of a zipper being unzipped. The tie-in phrase was, "Your body will look good next to other bodies that look good!"

Then, there was the time that a female jock and I were scheduled to do a remote at a flower shop. Yawn City, right? That's what we figured. So we spiced it up a little. We started talking about flowers which led to the flower children of the 60's, and the way people acted in the 60's. The next thing the listeners heard were the two of us undressing to "commune with nature, like the flower children did." The "undressing," by the way, was pre-recorded and played back at the station. It consisted of zips, snaps, the rustling of cloth, etc. Our "theater of the mind" stunt got quite a few curious people into the flower shop. So, you see, an unusual prize or a boring remote is only a pain in the neck if you let it be. The more lackluster the promotion, the more creative you can be in order to make it work.

**MAKING A DIFFERENCE:** When the music industry decides to throw its full support behind a worthy cause, the bottom line is that things get done. Case in point, last week's (11/17) star-studded auction/dinner held at Manhattan's Puck Building. The Who's Who affair, for the benefit of the Nordorff-Robbins Foundation, raised a cool \$400,000 which will be used to help countless autistic and severely-retarded children. The Foundation's work is well known in Britain, and judging from the turnout at its first annual American fund-raiser, the N-R organization is determined to help the youngsters here, too. Co-chairmen Ahmet Ertegun and Joe Smith beamed with pride as the creme de la creme of the industry stood tall together and also reached deep into their pockets with heartfelt generosity. Among those spotted were Chris Blackwell, Dick Asher, Bob Krasnow, Clive Davis and Chris Wright, and...Robert Plant, Les Paul, Phil Collins, Curt Smith, Julian Lennon and Mike Rutherford. Without question, one of the evening's highlights was the presentation to Neil Young of 1988's "Silver Clef" award which the Canadian-born superstar so graciously accepted. Previous recipients of the honor include Paul McCartney, David Bowie and Elton John. An interesting mix of donated items hit the auction block and the bidding on many was fast and furious. They included a Gibson Les Paul complete with a personal lesson from the master himself; several original Ron Wood lithographs; and the fiery Robert Palmer's sexy suit made famous (or is that infamous?) on his "Addicted To Love" trek. The late John Lennon's collarless jacket fetched an eye-popping price, but, who's to quibble when the funds are earmarked for such a worthy undertaking? Certainly the most unusual item on-the-block was a visit to Ahmet Ertegun's home in Turkey!!! Wow. It was a grand evening for a worthwhile cause.

**INSIDE STUFF:** The critically acclaimed Jeff Healey Band added yet another media breakthrough to their ever-growing list when they received their shot on the Tonight Show last Wednesday (11/23). What a performer, and only a mere 22! The guys jet to Europe momentarily, but, return on the 12th of December to Boston. New York City's Bottom Line is the next night. The Carson people were so impressed by Healey's raves that a talent scout was dispatched cross-country to see for himself. We hear that "See The Light" is now past 150,000 pieces and selling.

"New format to keep your eye on: CBS-FM keeping Mike Joseph-consulted 'Hot Hits' rock format under wraps, as it takes off quickly in Philadelphia. Results: Third overall in October Arbitron monthly. Here's what it sounds like: 1) Very short playlist of top rock records; 2) High-energy DJ's; 3) Echo; 4) Very uptempo jingles (TM "Activators" package); 5) No news except for overnights; 6) "Family Fortune" telephone contest.

"Outside promotion consists of billboards featuring 'Hot Hits'....Also television. WCAU-FM recently switched from Black/rhythm format which had been splitting audience with Black competitor WDAS-FM. CBS management obviously very impressed with fast start of 'Hot Hits'."
