WEEKLY SUMMARY
(Editor, Gary Taylor)

Smash of the Week: KISS YOU ALL OVER-Exile (Warner Bros.) The page 14 review (May 26) read in part: "The evaluation of the lyric is the key to the record's future". In retrospect, that was only a part of it - the real key was Texas radio.

Hot Line: SMILE-Emotions (Columbia) Reminiscent of "Best of My Love", this entry could very likely follow in its footsteps - and rightly so, since Maurice White of Earth, Wind & Fire wrote and produced it.

Looking Good: FUNK-O-NOTS-Ohio Players (Mercury) Doing well already, charting in Cleveland, Seattle and Miami, and added in Columbus, Toledo and Birmingham.

Big Effort in Lake Charles

Tom Gallagher accepted his first programming position at KLOU-Lake Charles, a station which has not had a P.D. for the last eight months. The sound had an over-emphasis on teen pop, there were 1200 oldies in rotation and no research was being done. Feeling the encroaching influence of FM in the market, management hired 26 year old Tom when he told them, "It's time for this radio station to grow up."

Tom, from KAAZ-Little Rock, is aiming for an 18-49 target rather than 12-34. He trimmed the oldies down to 350, and is playing them, as well as currents, in power rotation. He's got plans to recruit a research team from local McNeese University, and he's hired several new jocks. Lineup: Tom (6-10 AM); Ron Riley (10-2 PM), Steve Street (from KOBE-Las Cruzas, N.M., 2-6 PM), Paul Taylor (6-10 PM); John Blair (from WTIK-New Orleans, 10-2 AM), Scott Johnson (15 years old, 2-6 AM).

Tom feels "The bottom line in music and news/public affairs is to localize." With his primary competition coming from the FM's he says, "I feel I have inherited a comfortable lead, but I'm watching (the competition). I'm a firm believer in not counter programming."

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Established Progressive Airplay

Rolling Stones-----
Bruce Springsteen
Foreigner
Bob Seger
Bob Dylan
Joe Walsh-----
Pablo Cruise
Moody Blues
Kenny Loggins-----
Alan Parsons
David Gilmour
Gerry Rafferty
The Cars
Peter Gabriel

Notes: Leading the pack with a rather comfortable margin is the Stones. The contrast between the airplay patterns of the bad boys of the 60's and that of Bruce Springsteen serves to prove a point that superstars will always get significant, immediate airplay in progressive radio. It is a combination of the intensity and length of that airplay which is indicative of the LP's strength, not the initial response. Bruce's airplay is showing signs of early slippage, while the Stones LP has proven to be a real come-back. As regards to the rest of the list, The Cars is the new name to burst onto the scene. They come from Boston and show great regional acceptance in the Northeast. No other regional surprises surface.

New Progressive Airplay

Johnny Winter
Ambrosia
Leon Russell
Rita Coolidge
Pat Metheny

Notes: As is always the case, initial numbers are not as sure footed as the established numbers. Still it is a pleasant sight to see this list of airplay entries. Johnny Winter is an undiluted bluesman who makes it stick in a rock world. Likewise, Leon Russell is a deeply rooted rocker. Finally, this list ends with the hottest young jazz guitarist to emerge in several years, Pat Metheny. He, too, makes his music stick in a rock world.

Singles: Again, the City Boy single stands well in front of a list of singles which include Robin Trower, Spirit, Nick Gilder and The Who.

Imports: And again, The Rolling Stones 12" pink vinyl recording leads all imported records. The only real competitor for it is a Beatles record on colored vinyl.

The following new tracks are filling progressive airwaves:

Sgt. Pepper-Aerosmith-COME TOGETHER	Burton Cummings-BREAK IT TO THEM GENTLY/HOLD ON
Sgt. Pepper-E.W.& Fire-GOT TO GET YOU INTO...	I'M COMING/ROLL WITH THE PUNCHES
UFO-CHERRY/ONLY YOU CAN ROCK ME	Pat Metheny-PHASE DANCE
Chris Rea-FOOL (IF YOU THINK..)/FIRES OF	Trooper-RAISE A LITTLE HELL
SPRING/WHATEVER HAPPENED TO BENNY SANTINI?	Johnny Winter-ONE STEP AT A TIME/WALKIN' BY MYSELF
Laura Allen-OPENING UP TO YOU	Creed-KEEP ON ROCKING
Sammy Hagar-TURN UP THE MUSIC/RED	Moon Martin-HOT NIGHTS IN DALLAS/CADILLAC WALK
Keith Jarrett-COUNTRY

Gab

KEEWEE Week

KEWI-Topeka celebrated its 16th birthday, judged "Topeka's Most Beautiful Girl" and held a three night disco dance contest during the station's "Greatest Week of Summer." The Mayor of Topeka issued a formal proclamation naming July 19th "KEEWEE Day." It stated in part: "One decade and six years ago...in order to form a more perfect radio station, KEWI 1440 was born...the station has grown to become a leader after which others are patterned..."

Fans Sign Card

When the Beach Boys appeared in Longview-Kelso, Wa., KLOG made a giant greeting card for them and invited listeners to come to the station and sign it. Over 800 people signed it over the three days it was set up in the lobby, and KLOG personality Bob King presented it to the artists.

"Animal House"

WFBC-Greenville sponsored a very successful premiere of "National Lampoon" magazine's movie, "Animal House," last week. They promoted it for only two days and had to turn away 500 people. Admission was free.

Transitions

Horizons Communications Corporation of New York recently sold its California station, KRE-AM/FM-Berkeley, to a newly formed and as yet unnamed corporation consisting of Inner City Broadcasting of New York (WBSL, WLIB) and Tom Berkeley, attorney, publisher and Oakland Port Commissioner. The transfer takes place on FCC approval, and no format change has been indicated. (Both stations have been "Jazz, Rhythm and Blues" for almost ten years.)

Best wishes to Mike McNeil of KVOX-Fargo, Dave Nichols, P.D. of WBSR-Pensacola, and their new wives, Julie and Rita. Mike and Julie were married August 4th, and Dave and Rita, July 29th.

Back to the Beginning

Rick Carroll and Larry Groves of "Rick Carroll & Associates" tell us they are now consulting not only KEZY-Anaheim, but also KRDG-Redding, Ca. Rick, former P.D. of KEZY, and Larry, current M.D. of KEZY, formed the consultancy several months ago.

Rick worked at KRDG when he first began in radio at 16. The P.D. who hired him then, Jerry McGee, is still programming the station. We look forward to hearing more about the reunion.

Mickey Mouse?

The winner of KLWN/FM-Lawrence, Ks., "106 Where in the World Contest" chose Disney World for his vacation spot--out of any place in the world. Mike Schmidt said they received 25,000 entries.

"Bayou Review"

WAIL-Baton Rouge turns the airwaves over to local rock bands one hour a week. "We highlight their albums and home tapes and give bandmembers a chance to show their stuff..." writes Sheila Taylor, M.D./P.D. WAIL bills itself as "the AM alternative." "Bayou Review" is probably one instance in which it really is...

Gary Taylor's Personal Picks

HOW MUCH I FEEL-Ambrosia (Warners) This song is one facet of the group's overall style. Just as they can be highly symphonic and technical in approach, so can they be soothing and lyrical. This, their first single in two years, is an outstanding record with potentially wide demographic appeal.

DON'T LOOK BACK-Boston (Epic) When a record appears as the Top Prospect and Top New Add simultaneously, a review is not necessary other than to acknowledge its incredible energy and the excitement it creates in the industry.

Gavin's Gab

Radio for Kids

When WFTL-Fort Lauderdale discovered the local Big Brother/Big Sister program badly lacked adult volunteers, the station set out to provide the kids on the waiting list with Big Brothers and Sisters.

WFTL succeeded in pairing the more than 1000 kids on the list with adults. The 2000+ people attended a Fort Lauderdale "Striker" soccer game as guests of the station. Area merchants donated hotdogs, soft drinks and ice cream.

"For the first time in the history of the Broward County program, every single child was provided with a Big Brother or Sister," Mike Harvey commented.

Lightning Strikes KOFM

During a storm last week, a powerful bolt of lightning struck and burned part of KOFM-Oklahoma City's 1550 foot transmitter, leaving the station off the air for 45 hours. P.D. Mike Miller said station employees doubled as "tower elevator operators, cable carriers, steeplejackers and walkie-talkie communicators" in a round-the-clock attempt to put the station back on the air. Local television, newspapers and regional wire services covered the effort. Now that all is running smoothly again, Mike says he "hopes lightning never strikes twice in the same place."

Carnation Festival Minus Carnations

WFAH-Alliance, Oh., will help the town celebrate its 19th annual "Scarlet Carnation Festival" August 12-19. The celebration, honoring Ohio's State Flower, features many events including a golf tournament, a concert by the Lettermen, a 140-unit parade, a beauty pageant and a Ball. It draws 40,000 people, and throughout the week, WFAH promotes it extensively. Bill Brophy, M.D., has served as Chairman of the Festival Committee for several years. P.D. Dick Elliott will emcee the beauty pageant.

Ohio doesn't raise carnations commercially. President William McKinley, a native of Cancon, wore the flowers in his lapel, hence the reason for the flower's State status and the festival.

Ecology-Minded KMGK

KMGK-Des Moines' current "Stick-It" promotion encourages conservation of energy by focusing on buses and carpools, Michael Stone reports. With the cooperation of the Metropolitan Transit Authority, KMGK jocks stop buses sporting station stick-its and give prizes to all passengers. Participants in carpools also win. Although individual cars are not excluded from winning, buses and carpools are overtly favored. Michael says reaction is extremely good.

River Races

KEIN-Great Fall's fourth annual "Great Missouri River Race" in late July attracted 20,000 people, John Walton reports. Over 1900 racers participated in the 13 mile race for trophies and prizes including kayaks, jackets and coolers. In addition to the race, the crowd enjoyed fried chicken, hot dogs, hamburgers and beverages. The KEIN staff all loaded onto a pontoon boat and never finished the race, but had a great time socializing. "Super success," John said.

KFXD-Boise and a beer company hosted a raft race for Muscular Dystrophy on August 5. Charlie Fox said first prize was a trip up the Big Salmon River to Mackey Bar, and the second prize, a trip to Sun Valley.

Back-to-School

WVOV-Huntsville, Ala., plans for a highly unusual "Splash" to occur at its back-to-school "Disco Splash" on August 18. Twelve skydivers from a local Parachute Club will dive in formation into Brahm Park Lake to herald the start of the party. As they fall, smoke and flares will fire from the ground. WVOV stages three Splashes a year at the Huntsville Auditorium, and they always offer swimming in the Olympic-size pool, free hamburgers and soft drinks, disco dancing in the evening, and prize giveaways. They draw a big crowd--the last one, a "Midsummer Splash" held July 4, attracted 7000 people. The skydiving show will be a "first" so the upcoming one might be the best Splash yet.

KKLS--Rapid City staged a highly successful "Midsummer Night's Disco Dream Dance" last month, Mike Kjar reports. Two thousand people showed up at the Civic Center Arena. Part of the proceeds went to a local service club. The station plans another dance in August, a back-to-school one.

Country Club

WQIK-Jacksonville, Fla., moved to its auxiliary hurricane broadcast facility when a train container car carrying hydrochloric acid began to leak, spreading toxic chlorine gas through the area. This forced WQIK to evacuate its main facility along with 3000 others in homes and offices. The hurricane station, located on the 37th floor of the building, was less than a month old and stocked with oldies only, so a nearby record store loaned WQIK copies of current records. A salesman arranged to get through with police escort, and delivered the commercials. In addition to music, WQIK broadcast emergency information and stayed on the air for the duration of the evacuation from 8 AM to midnight.

Even though it rained, the WIRE free picnic at Indianapolis Raceway Park on July 30 drew 35,000 people, Bill Robinson reports. Tom T.Hall, The Kendalls, Ronnie McDowell, Kelly Warren, Steve Wariner and several Indiana entertainers all performed. A great Tug of War took place. Bill, in a white tuxedo, led one team, while WIRE's Sports Director headed the other. After winning twice, Bill ended the third pull, a stand-off, by leaping into the mud-filled center pit. The wet weather couldn't dampen the day's high spirits.

Country Club

WQIK-Jacksonville, Fla., moved to its auxiliary hurricane broadcast facility when a train container car carrying hydrochloric acid began to leak, spreading toxic chlorine gas through the area. This forced WQIK to evacuate its main facility along with 3000 others in homes and offices. The hurricane station, located on the 37th floor of the building, was less than a month old and stocked with oldies only, so a nearby record store loaned WQIK copies of current records. A salesman arranged to get through with police escort, and delivered the commercials. In addition to music, WQIK broadcast emergency information and stayed on the air for the duration of the evacuation from 8 AM to midnight.

Even though it rained, the WIRE free picnic at Indianapolis Raceway Park on July 30 drew 35,000 people, Bill Robinson reports. Tom T.Hall, The Kendalls, Ronnie McDowell, Kelly Warren, Steve Wariner and several Indiana entertainers all performed. A great Tug of War took place. Bill, in a white tuxedo, led one team, while WIRE's Sports Director headed the other. After winning twice, Bill ended the third pull, a stand-off, by leaping into the mud-filled center pit. The wet weather couldn't dampen the day's high spirits.

Bill's July Diary

1. Drove to Oregon to pick up two grandsons, Eric & Colin Sample, aged 11 and 9 respectively. Headed for California. Detoured around a spilled chemical truck blocking highway 5 north of Eugene. Picnic on beach at Big Lagoon, with Janie Shanks, her husband Donald and their 5 year old son, Rion.
2. Driving down highway 101, the boys kept looking for some good rock music on the radio, found it on KFRC, where they were counting down the old hits. We arrived in Mill Valley before they reached number 1, and we never did find out what it was.
3. Visited Grandpa's office in S.F. - then on to Golden Gate Park for the Japanese Tea Garden, Steinhart Aquarium and the Planetarium. Then home to Mill Valley and a series of TV programs I didn't know existed.
4. Playground fun and swimming for the grandsons, followed by a fireworks show in Sonoma County.
5. 2AM. Phone rings. "Mr. Gavin, this is the Mill Valley Police Department. Do you own a green Audi sedan?" "Yes." "Where is it now?" "In my carport." "Will you look and see?" I looked - gulp! - it wasn't there! "We've recovered your car. A police officer ordered it to stop. When it didn't, he pursued it into the hills. Three people jumped out of your car and ran into the woods." So an officer drove me to my abandoned car, and I drove it home, dented fender and all. That afternoon, soothed our spirits with a picnic at Stinson Beach, courtesy of Col. Sanders.
6. Drove to Hidden Villa Ranch near Los Altos, where the grandsons were enrolled for a two weeks summer camp.
7. Took off for Atlanta where Gary and I had dinner with Jim Davenport and Bill Lowery and their wives, along with Pat (Mrs. Kent) Burkhart. Wonderful food, delightful company.
8. Stimulating radio discussions, plus a dandy talk by Bill Engle of Arbitron.
- 9,10,11. Left early for flight to Vail, Colorado, where George and Judy Burns were conducting a radio seminar. Very informative classes conducted by Tom Schattenfield, Norman Woodruff, Sylvia Clark, Nick Anthony and finally by George himself.
- 12-19. Back home getting re-acquainted with my cat.
20. Put the two boys on a Greyhound Bus bound for Oregon.
- 21-23. Janie and I fly to Mpls., join Beth & Orval Nelson for a drive to Elmwood, Wis., where they're hosting a big reunion celebration, entertaining high school graduates from as far back as 1911. This is the town where I taught, 1926 to 1929, and where I met Janet Breed as a freshman in the high school. That was when she said to me, "Mr. Gavin, I don't care if you are an instructor here, I think you're a terrible snob." I wound up the reunion banquet at the piano, leading the guests in "School Days". Janie and I were guests of Mr. Vera Springer in her stately old house, where she has lived for sixty-one years. A truly great lady, much loved and cherished by the entire village.
- 24-25. Visited Orval and Beth in Crosslake, Minn. Went for a boat ride with nieces Debbie & Dana. Had a sample of marine speed with pilot Debbie pushed the throttle up to 40 miles per hour!
- 26-30. Out on the driving range every morning, trying to improve my golf swing. (Boy, am I terrible!)
31. Today's issue of Billboard carried my picture. Can't understand why they ran such an old one. That was taken during my first Gonzo Tour in 1958, when I was programming "Lucky Lager Dance Time". I didn't play guitar at the time. The one in the picture was just a prop, used to create the illusion that I was a musician. But that picture of Ted Nugent really was a shocker. Just goes to show what rock and roll can do to the body. Just six months ago he could have passed for a Saturday night Low Rider.

Inside Progressive Radio

Album Views

The old singer/songwriter formulation gets another shot in its vinyl arm with the release of Burton Cummings' new LP. DREAM OF A CHILD hardly does anything wrong. Instead of relying only on his writing, Cummings wisely augments his fine songs with those of other writers. By doing that he avoids his own second level material while he takes advantage of the vast archive of songs which have been done once. It's a way of insuring that a ten song LP has in it ten worthy songs. Of course, the artist has to get beyond ego and royalty greed and also has to use a good ear.

Add to the material his terrific voice and a supportive production and, hits or not, he has given us a fine recording.

A similar artist, David Gates, releases a curious album which splits new and reissued material. It's okay.

On the new side, we find the born again Genya Ravan. A not particularly impressive prior career with Ten Wheel Drive and as a soloist, led somehow to her recent work as a punkish producer in New York. Now she comes out rockin' and she does blow some smoke.

Some brand new and notable names are Bim (aka Roy Forbes), and Chris Rea. Bim has an especially distinctive quality while Chris has teamed with Gus Dudgeon to make a very solid entry into the rock world.

Carole Bayer Sager and Shel Silverstein qualify as potent writers who won't challenge Sinatra for the singing chairpersonship. It is Silverstein's bent wit, however, which fits his bark.

On the classy end is another wonderful LP by Doc & Merle Watson while on the crassy end is SGT. PEPPER'S LONELY HEARTS CLUB BAND. To have merely redone these songs without significantly adding to them gives us nothing new and only harkens thoughts of the original, original soundtrack of a dozen years ago. The movie's success or failure will drag the LP along.

 The winner of WCOS/FM-Columbia's "Great 98 Grocery Grab" bagged \$440 worth of groceries last week. The station picked the six foot, two inch, 250 lb. shopper at random out of 2000 entries. WCOS broadcast the event live and interviewed the winner after the spree. Two runners-up received \$98 to spend on groceries at their leisure.

WGUD-Pascagoula takes requests in a highly unusual way now. They recently moved into new facilities (at Jefferson and Main), and since the building was previously a bank, WGUD now features a "drive-up request window." They gave away tickets and prizes at the window the first three days. Larry Hester reports a successful operation.

Albums of the Week
(reviewed by Ron Fell)

"Listen To Your Heart"-Paul Anka (RCA) The "tough-guy" stare on the cover is about as hard as the album gets. Only four of the album's ten songs are written by Anka, but all of them fit comfortably into his vocal style and are pleasantly arranged by a flock of five people. I'M BY MYSELF, LISTEN TO YOUR HEART, LOVE ME LADY, BROUGHT UP IN NEW YORK (BROUGHT DOWN IN L.A.), and STARMAKER are probably the strongest in this unusually strong Anka set.

"Who Do Ya Love"-K.C. and The Sunshine Band (T.K.) KC's music is fun; nothing cerebral, nothing controversial. Howie Casey and his metronomads play musical silly putty with flare. This is not to imply any similarity with Spike Jones' style, but it's the kind of music people share and enjoy in groups. DO YOU FEEL ALL RIGHT, COME TO MY ISLAND, WHO DO YA LOVE, I WILL LOVE YOU TOMORROW and the recent single, IT'S THE SAME OLD SONG are all throbbing toe-tappers which make perfect pop radio programming.

Also recommended from the following LP's:

- "In The Middle Of The Night"-Aerial (Capitol) HARMONY/IF ONLY I WERE OLDER/INDISPENSABLE THOMAS HENSIBLE/RACE THE SUN
- "Savage Return"-Savoy Brown (London) THE FIRST NIGHT/SPIRIT HIGH/ROCK N' ROLL MAN/DOUBLE LOVER
- "Frankie Valli...Is The Word"-Frankie Valli (W.B.) GREASE/NEEDING YOU/SOMETIMES LOVE SONGS MAKE ME CRY/SAVE ME, SAVE ME
- "Next Of Kihn"Greg Kihn Band (Beserkley) MUSEUM/REMEMBER/SORRY
- "Tony Orlando"-Tony Orlando (Elektra) DON'T LET GO/SAVE THE LAST DANCE FOR ME/A LOVER'S QUESTION
- "Superstar"-Bob McGilpin (Butterfly) WHEN YOU FEEL LOVE/SUPERSTAR
- "Keeping Time"-Paul Jabara (Casablanca) DIDN'T THE TIME GO FAST/DANCIN'(LIFTS YOUR SPIRITS HIGHER)

Gary Taylor's Personal Picks

* HOLLYWOOD NIGHTS-Bob Seger (Capitol) The relationship between the vocal and the group is perfectly structured in one of the most energetic releases to arrive in this office in some time. The total effect spins an infectious musical web that demands repeated listens.

OH! DARLING-Robin Gibb (RSO) The impact of the artist's name and song will guarantee considerable airplay; where it goes from there is up to the radio audience. (I had a problem in listening because I kept waiting for him to run out of the room in the middle of the song.)

Transitions

Dan Vallie, P.D. of 92Q-Nashville, reports changes at both 92Q and sister station WMAK. WMAK will switch its long-held Top 40 format to a "contemporary, highly disco-oriented format." Barry Mayo from WRAP-Norfolk, Va., will program the station, and Jim Maddox will consult. About WMAK's change, Dan commented: "There's a big void in the market for disco. We expect to do well immediately." 92Q will go completely live, dropping its album-flavored sound for a return to solid Top 40. Steve McCoy from WORD-Spartanburg, S.C., has joined the lineup of six air talents. Rish Wood reports similar changes at KINT/AM-El Paso. The station will change to a disco format, billed as "Radio Disco 16." The FM, "KINT 98," will retain its rock format but will now simulcast AM Drive with KINT/AM.

WAZY(296)-Lafayette, Ind., will abandon its album rock night time format on August 14, extending the present Top 40 daytime format to a 24 hour pattern. P.D. Jeff Weber reports number one Arbitron ratings daytimes for teens and adults 18-45.

Congratulations to Dave Martin, music director of RKO's WFYR-Chicago, on his appointment to the programming position of WBZ-Boston effective the end of August.

Bob Baron, Group P.D. for Smith Broadcasting, has been named Promotions and Public Relations Director of WAAY/TV-Huntsville, Al. In announcing the appointment, M.D. Smith III, Chairman of the Board, said Bob would continue as a weathercaster on Channel 31, and as the consultant for the radio outlets, WAAY and WNUF. This industry seldom allows for the advancement of programming people, and it is encouraging to see Bob finding further outlets for his considerable talent.

SGS Investors Group announced last week they have purchased KVOG-Salt Lake City/Ogden. The full-time AM station will retain its "Adult Top 40" format, according to Robert Sherman, TV producer and writer, and member of SGS. Tom Greenleigh, also a part-owner, will manage the station. Tom has programmed K100 and consulted KRLA in Los Angeles.

J. Peder Boysen, whose broadcasting career spanned 40 years, died in Eau Claire at the age of 56 last week. Just prior to his death he worked at WEAQ/WAXX and WEAU/TV-Eau Claire. Our sympathy to his family, friends and all those who knew him.

First Effort Wins Big

KRE-Berkeley's Public Affairs Director, 24 year old Joanne Rosenzweig, won a prestigious Armstrong Award (Columbia University) for her first documentary effort, "American Women on the Move: National Women's Conference 1977." The Award, citing "excellence and originality in FM broadcasting," will be presented at the NRBA convention next month in San Francisco. Joanne, who covered the convention in Houston for KRE, condensed twelve hours of convention material into the one hour special.

The documentary and subsequent award have brought the sparkling, quick-witted young woman much recognition. A graduate of Emerson College (Communications), she enjoys producing documentaries and, provided "somebody pays me for it," will make many more.

"The Green Book"

Jeff Green of "Evergreen Productions" reports they will publish a catalog next winter that may prove a real timesaver for broadcasters. "Evergreen" has compiled a 400 page volume of songs categorized by subject. Called "The Green Book," it contains over 35,000 listings that date from 1955 on. The songs encompass every music format there is, and are listed under 2-300 headings such as parties, ecology, money, magic, dreams, politics, television, show business, liquor, drugs, traveling, friends, Valentines, Christmas, and so on. For more information and to reserve a copy, write "Evergreen" at 1353 Church St., San Francisco, 94114. Phone: 415-821-7022. Cost is \$125 a copy but don't send money yet. Billing will follow publication. Jeff, a 1978 graduate of San Francisco State's School of Broadcasting, said there will probably be only one printing (1000 copies) in 1979, so availability is limited.

Request

A recent fire wiped-out KGRI-Henderson's record library. They are badly in need of singles, albums and oldies service from all sources (country and rock). Address: Box 311, Henderson, Tx., Zip 75652.

Mailbag

Charlie Rowe, P.D. of WCGQ-Columbus, writes about our Atlanta meeting July 8-9:

"For some time now I've wondered if I would ever have the opportunity to meet the fine folks from the Gavin Report, and I must say it certainly was a great thrill to come face to face with people that I have dealt with over the years.

"Both Jeff Blake and I would like to express our thanks to you for a very informative meeting. It truly had to be one of the most productive meetings I've ever attended. Hopefully, it will be made into an annual event because I feel it greatly benefits all of the participating regional broadcasters to be involved in this type of professional meeting."

Gary Berkowitz, P.D. of WPRO/FM-Providence, sends these comments about Boston, July 22-23:

"When I look back at the conference, I can honestly say I feel really positive about it. The intimate meeting style is a great change from the usual 'Zoo' approach. As in Philadelphia, those who attended Boston, left with more than they came with.

"Thanks for giving me the opportunity to share thoughts with the rest of the 'New England Crew...' Looking forward to 'Gavin '79...'"

"D.J. of the Year" Awards

Several of our correspondents were nominated finalists in the Country Music Association's annual "D.J. of the Year" awards. In Category II (market area 50,000-500,000), they included Lonnie Bell of KOYN-Billings, Mike Burger of WHOO-Orlando, Larry James of WBT-Charlotte and Buddy Ray of WWVA-Wheeling, W.Va. In Category III (market area over 500,000), Les Acree of WMC-Memphis, Bob Cole of KIKK/FM-Houston and Lee Shannon of WIRE-Indianapolis were named.

Many of these have been our correspondents for years, and all have contributed much to Country Music. It's gratifying to see their exceptional talents recognized in this way.

Inside Progressive Radio
(by George Meier, Editor, of Walrus)

An important point is made about the continuing trend to play it safer and safer with the release of four virtually identical albums. How could four good, well-produced LP's all sound the same? It happens more often now that things have tightened up so. Album radio continues to narrow its focus and the concert scene does, too. Records follow - they attempt to put everyone into the grooves, the center, the true middle of the road.

So it is important, though not surprising, that a good record by Leo Sayer sounds like the good record by Livingston Taylor, which sounds like the good recording by Jesse Winchester, which sounds like the decent Colin Blunstone LP.

In the cases of Leo and Jesse, especially, the production approach materially changes their essential artistry.

Then there is the new Leon Russell album, which should be a big event since it is his first solo LP in several years. In that time his position in the business has eroded significantly. The jury is still out.

Two notables from the outside are the new Sonny Fortune album and the soundtrack to the John Belushi film, Animal House. Sonny's jazz album hits the spot by not being too far out and not being old fashioned either. Animal House is just plain 50's fun.

The "Valentine" Station

WPST-Trenton will sponsor a benefit concert for the "'Trenton Times' Camp Fund" August 27, with area bands, including Valentine, providing entertainment. The concert, held at an outdoor theater, will cost \$1. The "Camp Fund" sends underprivileged children to camp.

Phil Simon of WPST said another recent free concert by Valentine, emceed by WPST jocks at a local mall, attracted 7000 people.

KQOT's River Race

KQOT-Yakima, Wa., held its third annual River Float last week, and Brady Layman reports 750 people participated in the 18 mile run through Yakima River Canyon. People floated on "everything from single inner tubes to elaborate floats, including a train (engine, two flat cars and caboose), a few paddle wheel river boats, and the KQOT unlimited hydroplane built on tubes or rubber rafts." Racers enjoyed complimentary food and beverages after the run, and winners received cash prizes and trophies. All local television stations covered the event.

KUHL's Auditions

KUHL-Santa Maria is holding auditions for its local Fall television campaign. Fifteen people who can say what they like about the station in the most attractive way, and in ten seconds, will star in the commercials. According to Denny Luell, the response has been great.

Beer and Bed Races in Frederick

WZYQ(Z104)-Frederick, Md., sponsored several unusual benefit races, a "Bed Race" and a "Beer Bicycling Race," that attracted 5000 people to the local carnival grounds August 13. Ten teams of four competed in the "Bed Race." One person was strapped into the bed--three others pushed, as the teams raced around the track. The "Beer Bicycling Race" required contestants to drink a can of beer, then ride their bikes around the track--eight times (with no pit stops). Last year's champion repeated his performance this year, according to Barry Hodge. Proceeds went to a local service organization.

Elvis Programming

Several stations ran special programs and documentaries last week in remembrance of Elvis' death, August 16, 1977. WJON-St. Cloud aired comments from people who knew Elvis. They also taped "One year later" reactions from local people. Tom Kay, P.D., said their FM sister station ran a documentary, so the two stations "complimented each other nicely."

Rick Robinson, morningman of WGAD-Gadsden began preparing his three hour "Elvis Special" several weeks ago, according to P.D. Roger Gaither. The program included comments from Elvis and his associates, personal recordings of Rick's, biographical information and music. The show ended with "Elvis Has Left the Stage" from his live album.

WLAC-Nashville gave away Elvis Photo Albums and posters in its "Salute to Elvis."

WVOV-Huntsville ran Watermark's 13-hour "Elvis Presley Story" throughout the week, and gave away a complete Elvis catalogue.

Country Club (cont'd. from pg. 6)August 16, 1977

Several stations ran documentaries and special programming on the anniversary of Elvis Presley's death, August 16, 1977. Some stations produced their own specials including comments from friends and associates of Elvis', or reactions of local people. Other stations chose to air ABC's three hour special on August 13, Watermark's 13 hour "Elvis Presley Story," or Drake-Chenault's offering. Many gave away Elvis record libraries and posters.

Nazis Attacked on KCKN

When KCKN-Kansas City Talk Show Host, Mark Elliott, featured two members of the Nazi Party on his "Community Hot Line" show August 13, 15 club-wielding protesters broke into the studio and attacked the Nazi members. P.D. Chris Collier said Mark was unhurt, but the two Nazis, members of the American White People's Party, suffered head lacerations and were taken to the hospital. The scuffle in the control room was carried on the air for a few minutes until the station could switch to music. Chris said the protesters were members of the "Committee Against Racism" and the "Revolutionary Progressive Communist Labor Party." During the altercation, several windows were broken and staff announcers, Roger Collins and Dan Roberts, were punched. One hour later the members of the Nazi Party returned and were put back on the air...the show must go on.

"KEED Days"

The County Fair in Eugene proclaimed August 19 "KEED Day." KEED's Buck Owens broadcast two hours of his show live from the fairgrounds. Bob Wise emcee'd both of the hour-long shows, one at 2 PM, the other from 8-9 PM. Prizes and a weekend trip to the Oregon Coast were given away. Bob said that "KEED Canned Food Night at the Civic Stadium" earlier this month proved a rousing success. Over 1500 cans were donated to the Eugene Mission that night. The KEED jocks played city officials in a three inning softball game prior to a Eugene Emeralds game, and people with canned food goods were admitted free.

Free Groceries in Shreveport

KRMD-Shreveport's latest promotion is paying their listeners grocery bills. For four weeks, listeners with KRMD Country Club cards are sending their grocery bills to the station. Drawings choose the winners. If the person named calls the station within five minutes, KRMD buys them groceries in the amount shown on the bill.

GabWRIG-Wausau's 20th

WRIG is celebrating its 20th anniversary throughout the month of August with concerts, giveaways and other activities. Two concerts so far have headlined Styx and Head East. Tickets to the debut of "Sergeant Pepper," as well as to the concerts, were given away. The WRIG jocks beat local dignitaries 9-7 in a baseball game. The birthday month will culminate with the giveaway of jukeboxes containing hits from the year of WRIG's birth, 1958, to 1978.

WFBC Bash

WFBC-Greenville sponsored "The Southeast's Largest Free Picnic and Concert" on August 20th, and Ken Rogers anticipated a crowd of 5-6000. The station gave away hot dogs, soft drinks and free rides in the WFBC helicopter. All the jocks took part in games and activities. Several Southern rock groups performed, including Mose Jones, Eclipse and Moonpie.

WWID's Summer Jam

Five Georgia bluegrass and rock bands performed at WWID-Gainesville's "Summer Jam" on August 5. The festival, held at the Northeast Georgia Fairgrounds, lasted from 3 PM to midnight. During intervals between bands, WWID arranged contests and demonstrations on stage. The beauty contest, gym shorts contest and disco show proved very entertaining.

Album of the Week
(reviewed by Ron Fell)

"Don't Look Back"-Boston (Epic) One of the band's distinguishing characteristics is the rich tonal harmony they get out of their guitars; on "Don't Look Back" this cavernous sound is particularly opulent. The album is long overdue, but it is equally overwhelming. The current single DON'T LOOK BACK and two other cuts, IT'S EASY and FEELIN' SATISFIED are Boston's best of the album, but the album's other four rockers follow closely behind.

Gary Taylor's Personal Pick

PEGGY SUE-The Beach Boys (Brother/Reprise) Leave it to the Beach Boys and Carl Wilson to put out a version of a Holly hit that sounds great. After years of listening to mediocre re-makes we finally get to hear someone who does the song justice.

Gavin's GabTransitions

Long established rock outlet, WSAI-Cincinnati will adopt a country format Monday, August 21.

Owners of the station, Affiliated Communications, have long felt that AM Rock's days are numbered. P.D. E. Alvin Davis said they decided to implement the switch this month after a record-breaking month of business in July. They had wanted to go country for some time. Alvin will continue to oversee the album rock programming of WSAI/FM along with other stations in the chain. They will hire a new programmer for the AM.

WVOV-Huntsville, Ala., didn't fare well in the last Arbitron so they secured the services of Dana Harmon as P.D. and altered their rock format to resemble an Adult-Contemporary one. The new sound will debut August 21. Dana said they had considered switching to "country" but decided to try for the older rock audience instead. WVOV's A/C-flavored format features an increase in oldies (two more oldies inserts per hour), more country crossover, more public affairs/news and less teen music. Lineup: Gary Drake (6-9 AM), Dave Tipps (10-2 PM) and Larry Roberts (2-7 PM).

WYNQ/FM-Chattanooga, sister station to WGOW, became a live operation August 19 with the new call letters, WSKZ/FM. The 100,000 watt rock outlet, billed as KZ106, needs singles and album service from all sources (Box 4704, 37405).

Mike Langley, P.D. of KELD/KEZU-FM-El Dorado, Ark., reports the FM will change from an automated Contemporary format to a live "Progressive Country" one in October, 1978. Mike, who will continue programming KELD after the switch, said "the contemporary format just isn't working for us." Until a P.D. is appointed for the FM, Mike is accepting tapes and resumes for air talents for both stations. (Phone: 501-863-6126). Noalmark Broadcasting, owners of KELD/KEZU, also own KXOW-AM/FM-Hot Springs, KOCA/KKTX-Kilgore, Tx., and KCIA/KYKK-Hobbs, N.M.

KAGO-AM/FM-Klamath Falls, Ore., became a 24 hour operation recently.

For Sale: Carted Oldies Library

KEX-Portland, planning a move to brand new quarters by October 1, is recarting its entire oldies library, and has a "vast volume of used Fidelipac cartridges--in excess of 2000 acceptably usable ones--to sell. Over 1200 have KEX oldies already on them and would be sold with a card file index. Eight hundred more are in use for spots, format elements, etc. This would be a particularly good deal for an adult contemporary station seeking to move into a tape cart oldies library, who feels the cost for new carts is prohibitive." Anyone interested in acquiring all these carts in about two months should call Eric Norberg at 503-225-1190.

WISE at 39

WISE-Asheville celebrated its 39th birthday August 20 with a free party for 6000 people at a local park and lake. Sandwiches, softdrinks, ice cream and cake were given away, as well as prizes such as cassettes and artist libraries. Ray Williams detailed some of the games played: the "Amoeba" Race (an Amoeba is a single-celled, sprawling micro-organism) required people to form groups of 13 (frequency). A rope was tied around each group, then they had to run between designated points, donning items of clothing until fully dressed. Other games included a watermelon toss and a greased poll climb. The park offered paddle boats and other water facilities. WISE set up its "Sound Factory" for dancing. A super party, Wildman Ray said.

Muscular Dystrophy EventsThe Roller Coaster King

A spectacular benefit for Muscular Dystrophy is in the works at WDLP-Panama City. Jim King, who broke the world's record earlier this summer for the most rides down a beach chute, will attempt to break the current record of 124 hours on a roller coaster starting August 28 at noon. Posters and billboards are up all over town, and pledges have already started to pour in. "Time" magazine, local and network TV news, wire services and newspapers have begun covering it, and Jerry Lewis has promised to call Jim on the air after he breaks the record. Last time out (the beach chute experience) Jim said he was bedridden for three days. Since he will experience motion sickness on the roller coaster as astronauts do, he has enlisted the aid of three doctors from the Houston Space Center. They have started him on a high energy, low bulk diet and provided braces for his back and neck.

Banana's for M.D.

KRZI-Waco will stage its second annual "Banana-thon" on September 2. Captain Banana (the KRZI crew is known as the "Banana Bunch") will dress up in a yellow jumpsuit, stand on the main highway in front of the station, and sell bananas at \$1 apiece. He'll sell 1580 bananas (frequency) with proceeds going to M.D. during the telethon on Labor Day.

Mike Lucas said last year's Banana-thon attracted the attention of TV stations in New York, who wanted videotapes of the event for local telethon cut-ins.

Wichita and Fresno Support M.D.

KAKE-Wichita launched its annual Muscular Dystrophy Golf Tournament August 5-6 at the local Hidden Lakes Golf Course. Called the "biggest tournament yet," the effort raised \$12,000. Local merchants and officials golfed, many purchasing ads in the big green programs distributed by KAKE.

KFIV-Modesto raised \$26,000 in its annual "Skate-a-thon" for M.D. Two-hundred-fifty people skated for 24 hours, while KFIV jocks played music.

Radiothon for Rowdy Creek

KPOD-Crescent City, Ca., ran a 72 hour radiothon during the area's "Easter in July Lily Festival," and with help from the local Kiwanis Club, raised \$22,000 for the Rowdy Creek Fish Hatchery. The lengthy effort took place in the lobby of a seaside resort facility. Half the money raised came from radiothon pledges.

KCKN at the Rodeo

KCKN-Kansas City reports its jocks won the "Volkswagon Race" three out of five nights at the Abdullah Shrine Rodeo July 18-22. Ten men had to squeeze into a gutted Volkswagon, drive it 60 feet, climb out and physically turn the car around, then beat the other cars back. Wes Cunningham, KCKN personality, sang the "Star Spangled Banner" for the rodeo audiences.

A Songwriter in San Diego

KSON-San Diego thinks it has a national winner in the fried chicken company's "Songs that Make You Feel Good" songwriting competition. KSON's local first place winner, Peter Richardson, wrote "I'm Drunk and You're Dreamin.'" The song will now be judged among all other regional winner entries for the national award. Barbara Mandrell will record the top song.

Summer in Kingsville

KINE-Kingsville drew a crowd of 3000 to its first "Kingsville Mall Appreciation Party." The station broadcast the seven hour event live, and gave away \$1000 in merchandise and prizes. Gordon Marcy wrote and produced a three hour special, "Album Oriented Country - A Trial Run," which aired August 11. The program was broadcast live from a local jeans store, and Rusty Weir was on hand for an on-air interview and autograph signing.

State Fairs

On KEIN-Great Falls "Date Night," August 4, receipts at the Montana State Fair were up 45 percent, with a crowd of 4000 attending. Couples wearing KEIN Sunshine Buttons rode the rides free. (People picked up the free buttons at sponsor locations.) KEIN broadcast live from the fair on "Date Night," the last day of the Fair.

WNCI-Columbus is manning a station booth at the Ohio State Fair through August 27. Steve Edwards says the jocks are "sticking WNCI stickers on people as they go by," and giving away "Mini Vans" (go-carts with fiberglass bodies). The fair attracts 300,000 people, and the lineup of entertainment this year includes Bob Hope, Johnny Cash, the Sylvers, the Osmonds and Tavares. It's only fair to mention that WAKY-Louisville also broadcast live from the Kentucky State Fair August 16-26.

3WD Party

3WD-Schenectady held a "Listener Appreciation Day" in a local park August 10 with free food, entertainment and prizes. Jim Walsh, owner of 3WD, said the nine hour event attracted 4000 people. The station's softball team, the "Demons," lost a game that day but they plan a big comeback.

Back-to-School

Z96-Grand Rapids plans an all school "Back to School" dance for 3-4000 students August 30. Jay Michaels said the entire air staff will appear in tuxedos, and give away prizes throughout the evening. Z96 dances draw a capacity crowd. The last one, held in July, attracted 3000 to the local skating rink.

KYA-San Francisco Backs the Teams

On the air, Rick Scott (M.D. and evening shift), bet Mike Rivers (morningman), the Forty-Niners would beat the Raiders in the August 19 game at Candlestick Park in San Francisco. The score was 31-14 Raiders, so Rick now has to give \$100 to Mike's favorite charity, Greenpeace.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Rolling Stones
Bruce Springsteen
Foreigner
Bob Seger
Joe Walsh
Kenny Loggins
Bob Dylan
Moody Blues
Pablo Cruise
David Gilmour
The Cars
Alan Parsons

Notes: On the surface this list is not too interesting because it is essentially unchanged from our last report. However, below the surface is a lot of movement. Of the dozen listings, fully ten of them are moving downward. Album radio is ripe for a raid on its current stability just as a Boston LP, a Who LP, and a Hall & Oates LP are being released. Look out. Of the two albums which are not sliding, the Kenny Loggins is merely holding its own. Only The Cars have an upward vector and they profit well from a strong northeast power base.

New Progressive Airplay

Robin Trower
Greg Kihn
Genya Ravan
Sammy Hagar
The Who

Notes: Robin Trower starts strongly with across the regional board support. That distinguishes his LP from others by Greg, Genya and Sammy, all of whom depend on regional bias to kindle a strong initial response. Still, the Trower album is in for intense competition from The Who and from Boston, whose LP did not even make this abbreviated list. Their later release dates affected our information gathering as can be the case. Varying release dates, in fact, are the reasons for our distinctions between new and established airplay.

Singles: Uncharacteristically, there is some real power behind the singles which are getting album radio response. Leading is Boston, followed closely by Linda Ronstadt and The Who.
Imports: On the contrary, the imported record scene is like a depressed area. A group called Magazine leads with a Beatles colored vinyl LP following and Steve Hillage just behind them.

The following new tracks are finding time in album radio:

Ambrosia-LIFE BEYOND L.A./IF HEAVEN COULD FIND ME/HOW MUCH I FEEL/APOTHECARY
Leon Russell-LET'S GET STARTED/LADIES OF THE NIGHT/MIDNIGHT LOVER/FROM MAINE TO MEXICO/ELVIS & MARILYN
Larry Carlton-ROOM 335/NIGHT CRAWLER
Sonny Fortune-TURNING IT OVER
Talking Heads-FOR ARTISTS ONLY/TAKE ME TO...RIVER
Jesse Winchester-SASSY/HIGH BALL/I'M LOOKING FOR A MIRACLE/A TOUCH ON THE RAINY SIDE
Chick Corea-THE ONE STEP
Crusaders-FAIRY TALES
Livingston Taylor-GOING ROUND ONE MORE TIME/I'LL COME RUNNING

WMC Air Talent Attacked

Jacque Strickland, noon-3 PM air talent at WMC-Memphis, was attacked and brutally stabbed in a parking lot three blocks from the station on the afternoon of August 21. Hal Jay said the 26 year old woman is in stable condition at the hospital (8/21). He said the muscles in her right hand were severed, she was slashed across the face and stabbed in the back and stomach. Her attacker, a man with a history of mental illness, is in police custody. He had called several times on the request line and threatened her. Cards can be sent in care of WMC, 1960 Union Ave., 38104.

Offer from KSTN

Dave Morgan, P.D. of KSTN-Stockton, has run an ad in our "Jobs" column for over eight weeks, and is still looking for a morning drive personality with a first class license. (He says he's listened to many tapes over the past two months but hasn't heard the person he wants.) Here's a few details about the position. Dave needs a "very versatile person." That means someone who can entertain in the morning and also write, produce and do news. Applicants must have a first class license, and "probably three to four years experience." Salary is negotiable. Address: 2171 Ralph Ave., 95206. Phone: 209-948-5785. J.J. Johnson, who normally does PM drive, is doing the AM shift until a new person is hired.

KOY for Cystic Fibrosis

KOY-Phoenix held an on-air auction August 14-19 and raised \$6500 for C.F. Dan Armstrong said the auctioneering procedure was effective: the items were described at the top of the hour, the current bid was announced at the half hour, and at the end of the hour, the closing bid was given. All auctioned items were donated by area merchants.

"Great Texas Raft Race"

The second biggest attraction in the history of Waco, Tx., was last year's Great Texas Raft Race which KRZI sponsored on Labor Day. (According to Mike Lucas, the first was a Baylor vs. Texas football game in 1974.) This year's race will probably surpass the first in attendance however, since bigger attractions are planned. Pre-race activities include a championship water skiing show from Cypress Gardens, Fla., and a two hour skydiving show. The race, a four mile course down the Brazos River, is open to anyone with a handmade raft. Mike estimates 45-50,000 people will attend, based on last year's police estimate of 30,000.

"Boat 81"

"For a radio station in this area, a boating image is necessary," Steve Kingston of WYRE-Annapolis commented last week. WYRE bought a 53 foot yacht this summer to broadcast remotes, boating news and weather for "one of the biggest pleasure craft areas in the country," Chesapeake Bay. "Boat 81" cruises around the Bay giving away boating equipment and other prizes, and remoting such Bay Area events as the "Baltimore Boat Show" in July.

Albums of the Week
(reviewed by Ron Fell)

"Along The Red Ledge"-Daryl Hall & John Oates (RCA) Probably their most complete album to date. There's a wider range of potential airplay here than on any of their previous six albums. A little less soul and a little more straight ahead rock and a haunting Rundgrenesque cut, AUGUST DAY, define the band in very accessible terms. IT'S A LAUGH, THE LAST TIME, DON'T BLAME IT ON LOVE and I DON'T WANT TO LOSE YOU highlight the album.

"LUXURY YOU CAN AFFORD"-Joe Cocker (Asylum) Cocker always sings with the delicacy of a chainsaw but producer Allen Toussaint has harnessed the energy and redistributed it throughout 11 powerful songs. Favorites include: WASTED YEARS, WHITER SHADE OF PALE, FUN TIME, WATCHING THE RIVER FLOW and I KNOW.

"Who Are You"-The Who (MCA) This album could just as aptly be titled "Identity Crisis". The band sounds as though they don't know where to go now. Entwistle's and Townsend's obsessive lyrics lack companion melody (not intense enough). The Who, capable of blasting almost any rock band off of any stage, have fallen prey to the culture vulture called "cynicism". While the band may not meet up to their own standards of rock and roll, it's still a cut above the rock median. Side one with NEW SONG, HAD ENOUGH, 905, and SISTER DISCO will provide much of the LP's future airplay.

Also recommended from the following LP's:

"Twin Sons Of Different Mothers"-Dan Fogelberg & Tim Weisberg (Full Moon/Epic) INTIMIDATION/LAZY SUSAN/TELL ME TO MY FACE/SINCE YOU'VE ASKED

"Danger Zone"-Player (RSO) LOVE IN THE DANGER ZONE/SILVER LINING/PRISONER OF YOUR LOVE/WAIT UNTIL TOMORROW/LET ME DOWN EASY

"Frozen In The Night"-Dan Hill (20th Century) ALL I SEE IS YOUR FACE/WHEN THE HURT COMES/(WHY DID YOU HAVE TO GO AND PICK ON ME

"City Boy Book Early"-City Boy (Mercury) 5.7.0.5./SUMMER IN THE SCHOOL YARD/THE WORLD LOVES A DANCER/MOVING IN CIRCLES

"Live At The Palais"-Michael Nesmith (Pacific Arts) CALICO GIRLFRIEND/JOANNE/PROPINQUITY

"Think It Over"-Cissy Houston (Private Stock) THINK IT OVER/WARNING-DANGER/SOMEBODY...TOLD ME

"Fork In The Road"-Jay Boy Adams (Atlantic) SADDLE TRAMP/I CAN GET BY

"Rock'n Romance"-Faith Band (Village) DANCIN' SHOES/IT'S SO EASY/MOON AND I

"The Cryers"-The Cryers (Mercury) WORLD'S ON FIRE/OH, I GET HIGH/(IT'S GONNA BE) A HEARTBREAKER

"Meanwhile...Back In The States"-Willie Alexander/Boom Boom Band (MCA) MASS.AVE./MODERN LOVERS

"Secrets"-Cil Scott-Heron and Brian Jackson (Arista) ANGEL DUST/A PRAYER FOR EVERYBODY-TO BE FREE/THREE MILES DOWN

"Another Side"-Vivian Reed (U.A.) DON'T START SOMETHING YOU CAN'T FINISH/IT'S ALRIGHT (THIS FEELING I'M FEELING)/CAN I BE THE ONE

Gary Taylor's Personal Pick

WAVELENGTH-Van Morrison (Warner Bros.) Morrison's latest musical escapade begins on a rhythmic note that quickly becomes a four minute delight (not to be confused with an afternoon delight) containing a decent guitar lick, a mixing flaw, and a chorus that probably had as much fun recording it as I had listening.

Gavin's GabBorder Dispute

XTRA/FM-San Diego, bought by Noble Multimedia Communications three months ago, will debut on September 11 with a "universal rock" format in the face of heated opposition from San Diego broadcasters.

Both the 100,000 watt FM and its AM sister, a 50,000 watt automated beautiful music station, are licensed to Mexico. Gene Knight, P.D. of XTRA/FM, said the programming will focus on the San Diego market, but will attempt to serve both sides of the border. "The station will attempt to conform to the rules of both the U.S. and Mexico. XTRA is a member of the NAB and is subject to its rules as well as to those of the Mexican FCC."

Dan McKinnon, president and general manager of KSON-AM/FM-San Diego, heads an organization made up of San Diego broadcasters called CERF (Committee for Equality in Radio Frequencies); CERF plans to file a claim with the FCC the day after XTRA/FM's entry into the market. The group will base its claim on a 1972 treaty between Mexico and the U.S., and a section of the 1934 Communications Act. The treaty requires stations to serve those within the borders of the countries that hold their licenses; the FCC rule mandates a permit when transporting programming across a border for rebroadcast into the U.S.

In addition, XTRA/FM will I.D. as "91X," so rock KMJC-San Diego is "extremely distressed" since it bills itself as "Magic 91." Gene, who left B100-San Diego in mid-July, said he didn't foresee a lot of confusion. "We're definitely going to be emphasizing that we're an FM station, and we're going to sound quite a bit different from Magic 91."

Gene said he plans to build a mass appeal position for XTRA/FM comparable to those of black WBSL-New York and KMJQ-Houston. Tackling his first P.D. position at the age of 29, Gene said the format will feature "album-oriented hits" (a la 99X-New York). All music will be carted, only album cuts will be played (including lengthy versions), and severe teen music will be avoided. The programming emphasis will be on 18+.

Gene said he recently spent several days in New York with Bobby Rich of 99X, searching for air talent. Most air positions have not been filled yet. John T. Lynch, who was Sales Manager of KFMB/B100, is General Manager of Noble Multimedia Communications and XTRA. Gene hired Jimmy Rogers, weekend/promotion man at B100, to do evenings at XTRA. Gene will do the 10-2 AM shift. Noble Multimedia Communications owns one of the largest advertising agencies in Mexico, "Noble y Asociados," according to Gene, but owns no other radio or TV outlets. The company built new studios for the FM in San Diego (1250 6th, 92101), and is having a new transmitter, with a height of 1000 feet above average terrain, constructed in the U.S. for relocation in Mexico prior to air date.

Prior to Noble's purchase, XTRA-AM/FM simulcast a beautiful music format. As of September 11, the stations will split completely. Rich Wood of TM was hired in July to program the AM. Gene has spent all of his radio career in San Diego. He started with KSON, moved to KCEA, then KCBQ and B100. In view of the local opposition to XTRA, Gene said he couldn't make any decisions about future changes at the station "until we're on the air, getting feedback from the streets."

Marathons for Muscular Dystrophy

KNOW-Austin will host a marathon 12-hour disco dance for Muscular Dystrophy starting September 2 at 9 PM. The couple that raises the most money wins a week-long, all expense paid trip to Paris and an evening at "Regine's," which is known as "the original discotheque," dating back to the late 1950's. The marathon will take place at the largest shopping center in town, a 180-store mall. The merchants have donated numerous prizes for giveaways. KNOW will remote the entire dance, and will appear on the local cut-in of the Jerry Lewis telethon. Bill Mayne said the dance and trip to France will be a "first" in Austin.

WDLP-Panama City's Jim King boards a roller coaster for a 124 hour benefit ride for M.D. on August 28. (Gab, 8/18) He'll be wearing a wireless microphone during the ride so he can talk on the air. Stations who might want to broadcast a live conversation with Jim, or call him for updates, can call the special pledge number at WDLP: 904-234-8580. On doctor's orders, Jim stayed home last week to physically prepare for the rigors of the coaster ride.

A radio vs. TV softball doubleheader for M.D. took place in Corpus Christi on August 26. KEYS jocks played the staff of a TV station, and at the same time, another radio and TV station squared off. Winners competed for the title.

Jim Racey of WCHV-Charlottesville reports the station is donating a penny to M.D. for every bumper sticker given away by stores in town. Last year, they gave 10,000 pennies to M.D.
