INSIDE TOP 40

by Dave Sholin

Traditionally, the next several weeks don't involve a heckuva of lot of activity as far as new music is concerned. Only the strong will survive the holiday break and the onslaught of new releases in January. Most-asked question this week: "What's looking good heading into 1988?" Outside of the self-evident big chart climbers, here's a wrap-up of noteworthy UP & COMERS.

Dirty Dancing

Count on the fact that PATRICK SWAYZE will join either the CHARTBOUND list or the TOP 40 when we go to press for the first issue of the year. This latest sensation from "Dirty Dancing" is debuting in the top thirty at B97 New Orleans, Z100 Portland, WKQB Charleston, KCPX Salt Lake City, and KSND Eugene. Adds include 93Q Houston, KATD Los Gatos/San Jose, WNCI Columbus, BAM99 Montgomery, KC101 New Haven, Z93, PWR 99.7, and 94Q Atlanta, etc. Following the same pattern as MEDLEY/WARNES AND ERIC CARMEN.

Nothing but positives continue to come in on SALT-N-PEPA. The story seems to be the same wherever it gets played: heavily dayparted at first, then forced into increased rotation by enthusiastic listener response. Chris Bailey and Cathy Cruise WNVZ debut it at #21, and nearly half of the 85 stations reporting it have it in the top twenty—including KIIS, KIXY, POWER 104, 93Q, WZKX, WKXX, Y106, WWUF, ISLE 95, WABB, POWER 106, and B95.

Single or no single, MADONNA is on her way up quite a few charts and gathering a large airplay base. Latest to get on board include B104 Baltimore, WWFX Bangor, KOZE Lewiston, KKYK Little Rock, Z104 Madison, WHYT Detroit, KYNO Fresno, LG73 Vancouver, WDJX Louisville, WXKS Boston etc. Already making good gains for Dene Hallam KCPW Kansas City 33-28, Keith Naftaly KMEL San Francisco 15-12, and Vince Garcia KYOS Merced 14-8.

DAN HILL keeps building a chart and airplay picture that should help him earn a CHARTBOUND slot in the New Year. Jeff Garrison at KAFX Lufkin takes it top ten with 12-7 move.. also top ten at KLBQ 19-7, KQEU 11-6, WIZM 11-6, and KSWB 10-9. New at 99KG Salina, KZZU Spokane, WCIL Carbondale, Q105 Tampa, JLK/FM Asbury Park, etc.

After just a couple of weeks, EURYTHMICS are just one report shy of an even 100. Adds include KPLZ Seattle, KWNZ Reno, WXXQ Freeport,

KWTX Waco, WKDD Akron/Canton, CKOI Montreal, K104 Erie, WIQQ Greenville, etc. On at KYIA, KITY, KZOU, WSPT, WBBQ, Q104, Q96/76, WBNQ, etc. Richard Sands and Steve Masters debut it #24 at LIVE 105 San Francisco.

M/A/R/R/S, our RECORD TO WATCH two weeks ago, now has a 17% HIT FACTOR. Top ten in Houston and San Francisco and on the move at HOT 103 11-3 and Z100 New York 26-20. Also gaining at Y106 29-20, WHKW 29-26, Z93 debut #26, KMGX debut #24, WHYT debut #20, etc.

Very bright future for RICK ASTLEY who seems to be turning this international hit into a winner on this side of the Atlantic. Airplay nearly doubles with adds at both KCPW and KBEQ Kansas City, 92X Columbus, EAGLE 106 Philadelphia, Q106 San Diego, B95 Fresno, KAKS Amarillo, WDBR Springfield, etc. Taking off fast at KMEL 33-25, KOZE 34-27, KRIT 37-29, etc.

Another strong week for BOY GEORGE who comes close to doubling his airplay stats. An impressive 35 adds include KDWB Minneapolis/St. Paul, WNYZ and WRCK Utica,

PWR 99.7 Atlanta, 106RTB Vincennes, 106X Florence, WPFM Panama City, KWIN Stockton, WJZQ Kenosha, KCPX Salt Lake City and KFMV Provo/Salt Lake City, etc.

Bob Beauchamp and Guy Brouillard take SWING OUT SISTER up 30-27 at CKOI Montreal. Twenty-seven adds move them close to the 100 report mark and they should easily top that by the time we return from the holiday break. New on KZZK, KPSI, HOT 1-94, KMEL, KIXS, KISN, WNSL, WPST, PRO/FM, KATD, KRQK, etc.

Last week's RECORD TO WATCH, THE ALARM, heads into the top thirty at KZEV Clear Lake/Mason City, WVKZ Schenectady/ Albany with 10 adds including Q96/76 San Antonio, WLLI Joliet, Z94 Boston, KKEZ Ft. Dodge, WWHB Hampton Bays, etc.

No record this holiday season will have a bigger impact than SHARON BATTS and POWER VISION'S "Dear Mr. Jesus." J.J. Stone at WGGZ/FM Baton Rouge is representative of virtually every PD when he reports getting "Two thousand calls a day, with about 9 out of 10 listeners calling for it." Bill Tanner debuts it #13 at POWER 96 Miami, and Steve Perun charting it #10 at Y100. Also top ten at K104, KCPW, and B95.

Hot dance entry from the COVER GIRLS is beginning to spread. HIT FACTOR is up 27%. Sean Lynch adds it at Z100 Portland as well as Paul Christy POWER 104 Houston. Climbs 21-17 Q106, 12-9 POWER 106, 14-12 WXKS, 10-7 KGGI, etc.

Clarke Ingram sent up the red flag on GLENN MEDEIROS a few weeks ago. He notes tremendous response, especially from women for this ballad. Added at KIXY, WHNY, WHSB, KITI, Y95, KISN, KCPX, KFIV, KTUF, etc.

Happy holidays to all of you and here's to continued health and prosperity in 1988.

INSPIRED BY "MR. JESUS" RADIO HELPING KIDS THIS CHRISTMAS

Children were the overwhelming focus of radio fundraising this holiday season.

- In Oregon, KEX-Portland morning host Bob Miller played miniature golf for 24 hours to raise money for local school children.

- KRNA-Iowa City sent the KRNA Santa out into the streets of Eastern Iowa, collecting toys for needy children.

- KKSS-Albuquerque morning man Bill Thomas raised \$10,755 for Toys For Tots in a 29-hour marathon.

- Philadelphia's WXTU raised \$20,000 in a three-hour fundraising effort on Sunday, December 13th. The money will go to fight child abuse.

- In another effort inspired by the Sharon Batts song, "Dear Mr. Jesus," Randy Miller at Z93-Atlanta raised more than \$37,000 for the same cause in a 29-hour marathon broadcast.

IN MEMORIAM

Losing a colleague is a tragic event at any time of the year, but doubly so amid the rejoicing of the holidays. It is sadly ironic that we have an unusual number to report this week, beginning with Norm Woodruff, dead of AIDS at the age of 47. One of the pioneers of the news/talk format, he worked as News Director at KCBS-San Francisco, KIRO-Seattle and KFBK-Sacramento.

Longtime KRMD-Shreveport, LA, programmer Tom Phifer died of a heart attack Dec. 8th at the age of 51 in Temple, Texas, where he had held his most recent radio job. "He was a sensational radio person and really good for the industry," says Nashville independent record promoter Wayne Edwards, "I will really miss him."

Our condolences also to the family, friends and colleagues of KKBQ-Houston VP/GM Bill Burns, dead of a heart attack at age 45.

Finally, the sad news that WCVQ-Clarksville, TN, programmer Dennis Daley committed suicide. He was 35.

CAPITOL-EMI WILL DISTRIBUTE BURT STEIN, DAVID MALLOY LAUNCH APACHE RECORDS

FOUR CHIEFS, ONE INDIAN From left: CEMA President Dennis White, Apache Records' Burt Stein, Capitol Industries President and CEO Joe Smith, Apache Records' David Malloy and the new label's first signing, John Brannen.

Veteran label executive Burt Stein and songwriter David Malloy have formed a new company, Apache Records, and signed a distribution agreement with CEMA (Capitol, EMI-Manhattan, Angel and Distributed labels). Their first release is a single, "Desolation Angel" by newcomer John Brannen. Stein founded the Album promotion department at Elektra Records, and served as Executive VP at Gold Mountain Records. Malloy has co-written standards like "Love A Rainy Night," "Drivin' My Life Away," "Suspicion" and "Love Will Turn You Around." Says Stein, "We intend to operate Apache Records as a quality boutique operation, exploring all areas of rock 'n' roll, searching the extremes."

BAPTISTS UNAMUSED KKBQ PRANK BACKFIRES

John Lander ran a mythical condom up the flagpole, but Houston Baptist University wasn't saluting. The KKBQ morning show, which regularly "zoogerizes" listeners with put-on phone calls, called the mother of a student at the college with the news that his scholarship had been revoked because he had been nabbed flying a 10-foot condom from the campus flagpole. School officials heard the put-on, and told student Elliott Segal, in effect, "Very funny—you're suspended indefinitely." Segal, who works part time at the radio station, says he was told he'd "impugned the character of the college. I feel terrible—I didn't mean any harm, and my mom thought it was funny." Lander says listener calls are running heavily in Segal's favor, and he plans to fight the suspension.

H.A.P.P.Y HOLIDAYS!!

DRISCOLL'S CHRISTMAS SPECIAL KZLA OILS TROUBLED WATERS

KZLA-Los Angeles morning driver John Driscoll sent his December 14th show to the Persian Gulf for rebroadcast to U.S. armed forces patrolling the oil tanker shipping lanes. The four-hour show includes taped greetings and dedications from listeners, friends and family members, along with old-time Christmas classics and current Country favorites. The show will be aired by Armed Forces Radio in Bahrain.

NO SCHMOOZING IN SEATTLE DARK DAYS FOR K-LITE

Taking "More Music" to its inevitable conclusion, Seattle's KLTX has replaced live announcers with a phone line for listeners to call if they want to know what they're hearing. PD Rob Conrad was among the casualties; only weekenders Alice Nelson and Mark Christopher will be moving to similar shifts on sister KJR. Also joining KJR weekends is Mike Ford, while Chuck Knoph assumes the 6-10 position weeknights.

RADI-O-RAMA RADI-O-RAMA

and Ray Fisher have left their respective PD and MD posts at WZIX/FM-Columbus/Starkville, MS. Both will pursue outside interests. Acting PD/MD is Bob O'Dell ... T.J. McKay replaces Sean Phillips as MD at Z96 (WZLD)-Columbia, SC. Both McKay and PD Rick Woodell previously programmed KKYS-Bryan, TX.

INSIDE A/C

Dan Hill closes 1987 on top of the mountain, but with a two week break it's anyone's guess who will be on number one as '88 begins.

Natalie Cole remains at number four but continues to receive new adds from WNSR/FM, WAIV, WGAD, WSPD, J107, KGW, KGLO. Many stations are quickly moving Ms Cole from MEDIUM to HEAVY rotation. "I Live For Your Love" should continue its climb.

Fleetwood Mac's "EVERYWHERE" has continued its strong climb towards the top of the chart with KOSI, KHOW, KSTP/FM, WIRL, WRVA, KKJO, KGLO, WNSR/FM, KKLT, WLAM, KKPL, WEBC and 3WM.

Gloria & The Miami Sound Machine show a stable HIT FACTOR of 85%. Among the 43 stations that have "Can't Stay Away From You" in HEAVY rotation are KFYZ, WSKY, KMWX, KEZR, WIHN, KHYL/FM, KYJC, WQHQ/FM and KOST. Many stations will transform from MEDIUM to HEAVY rotations in coming weeks.

Expose continues in the MOST ADDED category with 30 new stations. With adds at WGOW, KWLO, WSKY, WLIP, KQIC/FM, WIZE, WAJK WHIZ and WKLI among others. "Seasons Change" should be around after the holidays.

Tiffany

The highest certified single, Tiffany's "Could've Been," also tied for MOST ADDED. Among the ten stations that have her in HEAVY rotation are WAFL, WBLU, WCVQ, WZNY, KLSS, WLS. With a 51% HIT FACTOR and a string of new believers including WELI, KLSY, KWAV/FM, KFMB, KIDX, and KDTH. Tiffany's "Could've Been" will be.

The Pet Shop Boys with Dusty Springfield single has gone from RECORD TO WATCH last week to a chart debut at #37. They also tied in the MOST ADDED category with 29 new stations.

This week's RECORD TO WATCH is "She's Like The Wind" by Patrick Swayze featuring Wendy Fraser. This single has doubled its adds from the previous week and the wind blew in KKLK/FM, KUIC, KTHO, B100, KEZR, KORT, WTMJ, WMT/FM, KIZZ, WRMF, WRFC, WQHQ/FM and WKYE.

REVIEWS

by Ron Fell & Diane Rufer

With 1987's final moments upon us, I decided to thumb through our back issues in search of the Best of 1987. A/C Radio was indeed blessed with some custom gems. Here is a partial list of some of the highlights. Merry Christmas, Happy Holidays and Happy New Year to our loyal band of readers. We love you all. Songs are listed in alphabetical order. Diane

CUTTING CREW - I've Been In Love Before (Virgin) After "Died In Your Arms," A/C kept the ball rolling.

CHRIS DeBURGH - The Lady In Red (A&M) After two releases, Chris made it to the Top Seven.

FLEETWOOD MAC - Little Lies (Warner Bros.) From the very beginning, this was our fave cut.

PETER GABRIEL & KATE BUSH - Don't Give Up (Geffen) A beautiful heartfelt song reflecting hard times.

GENESIS - In Too Deep (Atlantic) Also featured in the movie Mona Lisa.

HEART - Alone (Capitol) Heart still beats strong on A/C radio.

KENNY G - Songbird (Arista) A breakthrough year for jazz instrumentals. Kenny started it.

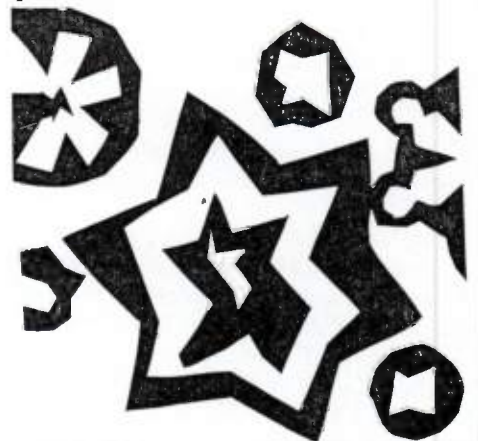

BILL MEDLEY & JENNIFER WARNES - The Time Of My Life (RCA) Jennifer sings like a bird, while Medley is back back back.

SMOKEY ROBINSON - Just To See Her (Motown) All three singles are a joy. This one boasts his silky style.

SWING OUT SISTER - Breakout (Mercury/PolyGram) Hip British music always has a place on A/C.

JENNIFER WARNES - First We Take Manhattan (Cypress/PolyGram) The unlikely blend of Leonard Cohen and Stevie Ray Vaughan works!

U2 - With Or Without You (Island) A/C radio was not immune from the U2 phenomenon.

P.D. NOTEBOOK

by Eric Norberg

1987

DAWN OF THE 'NEW AGE'

Almost every December, I'm able to write about a "format of the year," and 1987 is no exception. The hoopla surrounding the new New Age music format still amazes me. Although I don't for a minute think we are seeing the birth of a "one-in-every-market" format here, I do see a significant potential audience, composed at least partly of those who seek background music but are too young for the all-orchestral approach.

One major programming trend that hasn't received much attention in recent years is the waning of the traditional Beautiful Music station. This is partly because their demos grew "too old" (they had become irrelevant to younger listeners) and partly because there have been no significant releases of lush instrumental covers of recent hits for many years.

The death of the background music LP market was directly attributable to the success of the background music station. Why should anyone buy recordings by Mantovani, Percy Faith, the Jackie Gleason Orchestra or 101 Strings when FM radio provided them for free? By bringing about the end of the production of the music they were using, Easy Listening FM stations more or less put themselves out of business.

Today, they have largely mutated into "Lite A/C" stations, with a mix of researched, mostly older A/C hits designed not to intrude. These stations have gained ratings and younger demos while still holding a significant number of older listeners. The older listeners may not care for the change, but the majority appear to be sticking with the former background music stations rather than opt for the alternative of Big Band.

New Age stations provide instrumental music for background use, and a younger demo to boot. Such stations fill a hole in the marketplace—and they may get more upper demos than they expect, as some of the former Beautiful Music listeners decide they prefer New Age instrumentals to "Lite A/C."

There is also good reason to think the New Age formats will draw what was referred to as "disaffected radio listeners"

at the Contemporary Adult Radio Conference last June. My own research suggests this segment has not been disaffected by radio as a whole—just by commercial radio, and in fact has been listening to radio on the noncommercial band.

However, I cannot help but think that some of the stations plunging into this format without really understanding what they are doing have unreasonable expectations, and will look for another bandwagon in a year or two.

I have two additional observations: First, New Age stations had better find a way to announce titles and artists to assist in sales of the records they are playing, or they too run the risk of destroying the industry they are dependent on. We are not as likely to see the New Age record business disappear with the advent of New Age radio stations, as happened with Beautiful Music, but nobody can buy these records if they don't know what it is they are hearing.

The second point I'd like to make is that New Age music (as distinguished from jazz) does have appeal to A/C—and even Top 40—listeners, when these instrumentals and vocals have a strong melody line. Instrumentals have always been a part of hit music, although they have been rejected in recent years for reasons that are not clear to me. To pop programmers: Do not overlook the best of New Age to keep variety in your format! Several tested pop hits from this field have been totally overlooked by A/C and Top 40 programmers.

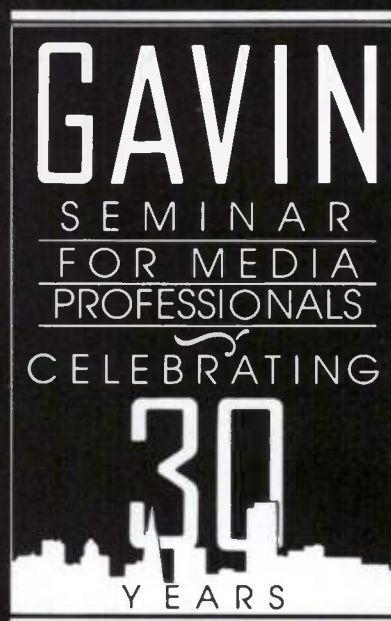

The Satellite Music Network surprised some in the industry by switching its few Heavy Metal "Z-Rock" FM stations to the new "Wave" format. Their strategy has become clear in their latest "Z-Rock" ads suggesting the format for AM use. Heavy Metal is surely a very narrow format demographically—too narrow to maximize advertising sales for most FM stations, even in major markets. But it certainly would make sense for those AM stations that are at a loss as to what to offer to succeed. There is ample rating evidence to show that fringe rock formats that aren't offered on FM—and can be

New Age stations had better find a way to announce titles and artists to assist in sales of the records they are playing, or they run the risk of destroying the industry they are dependent on.

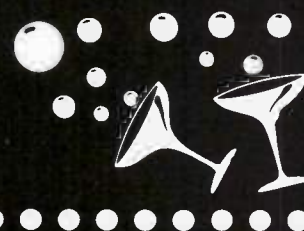

distinguished from what FM stations in the market are doing—can succeed. Of course, since the format is delivered in stereo, any AM station using that—or any format—should broadcast in stereo!

Holiday Greetings! Meet you here in January! ■

HOLLYWOOD

by Tony Richland

NOVEL

This is the last Hollywood column you'll be ignoring this year. Tradition dictates that it be a Christmas or year-end piece. Everyone else does them, but the more we look back at '87, the more we think it should be a Thanksgiving column. We feel that way because, upon examining the events of the past 12 months, we feel real thankful to just be sitting here and thankful that we've escaped some of the troubles we've escaped. This is for sure: We've had a helluva better year than Jessica Hahn, Gary Hart, Douglas "What A Rush!" Ginzburg, Jim Bakker, Sean Penn (We didn't do ANY time!), Judge Bork, KMET, the L.A. faultline, Joe Biden, the New Lucy Show, "Ishtar," Joan Rivers, Wall Street

and Delta Airlines.

There were some amazing occurrences in '87, and visions of MORE amazing stuff looms for '88. The much-maligned "Wave" format, as Brent Fussburger would say, surprised a lot of people, and the Beverly Hills restaurant smoking ban gave us the shakes every time we dined at Trader Vic's (which, being a top Hollywood correspondent, is daily). The annual Hollywood Boulevard Christmas Parade was held, and the "stars" riding on the floats were something called Kirk Cameron. The L.A. Clippers semi-basketball team couldn't beat the Sisters of Mercy and surprised a lot of people when they drew more than 560. (The "announced" crowds were in the 6,000 area. We went to a few of these massacres and figured that if 6,000 people were present, most of them were dressed as empty seats.)

Scab football made a mockery of a travesty of a sham of the NFL season, and turned the upcoming Super Bowl a major ho-hum. Two teams which had never been heard of by anyone but their mothers made it to the "World" Series, and we've figured out that the team that won is from a town where Mary Tyler Moore threw up her hat in the air. Ollie North dolls started piling up in warehouses 10 minutes after his 15 minutes of fame expired, bankrupting a misguided San Francisco entrepreneur.

All of America got excited about the visit of a chubby bald foreign guy--check that: TWO chubby bald foreign guys. We're still up in the air about whether The Pope or Gorbys had the most charisma. Senator Bill Bradley, who would have had a good shot at making it to the Oval Office, declined to run, thus depriving us of the first president in history WITH a good shot. Mario Cuomo declined to run, depriving us of the first president since JFK to give a good speech, and the first EVER to make a decent linguini. "The Cosby Show" continued to con a good portion of America into believing it was more than just a dark-hued version of "Leave It To Beaver." The Gavin Report got slicker and fancier, with chic new paper, color and graphics, and the Chinwag column expanded, with Joe Belden feeding us all the salient facts about overnight shift changes in Yankton.

Going relatively unnoticed was the announcement about the projected "Space Hotel" commencing in the early '90s. Nineteen separate shuttles will bring space stuff and living niceties somewhere up near the moon and six or seven astronauts will begin living in it while most of us are still alive. This is

astonishing. Nowhere did they say how many of the John Glenns will be male or female, or just what the logistics of their daily lives will be. We visualize as much advertising puff as during the last Olympics: "MORTON-THIOKOL CONDOMS...THE OFFICIAL CONDOM OF THE SPACE HOTEL."

The aging of rock and roll continued in '87, as Mick Jagger arrived somewhere in his mid-40s, with his lips remaining around 19. We went to an Everly Brothers concert which was attended by a crowd somewhat older than my Uncle Hyman. It was cute to see all the seniors exiting the venue humming "Wake Up Little Suzie" as they shuffled towards their Studebakers.

Beloved Publisher Ron Fell's hair went an even whiter shade of pale, and Sinatra had about 12 feet of intestine removed. Yours truly purchased two feet of it and had it mounted in our den. Toy guns were banned in L.A. late in the year, making it impossible for us to pull one of the replicas on Jhani Kaye when we're attempting to get a rare add on KOST.

One thing's for certain: The earthquakes here in Tinseltown did some good around THIS venue: We got our priorities in order, at least for a couple of days. We vowed to be a good boy in every way from now on...and we WERE a good boy for half a week, cutting down on our smoking, scotch and caffeine, and placing an extra call to our mother. Nothing's been shaking for a while, and we've picked up a few cartons of Merits to celebrate.

As the '80s draw to a close, we have a few thoughts: Things really haven't been too bad, have they? We're still here, and the Gavin Report is about to celebrate its 30th anniversary. THIS is amazing to us as we ponder where the time has gone, and, for those of you who've seen the years fly by without realizing the fruits of your labors, consider this: Way back when yellow legal pads served the same purpose that computers do now, we knew someone whose dream didn't come true until he was about fifty years of age! This person had been in a number of career situations with varying degrees of success, but he had an idea--a dream--and many of us are the richer that he did. He's not around to see the continuation and modernization of that idea, but at this holiday season we find ourselves thinking a lot about our dear friend Bill Gavin. To all of you, especially Mrs. Rosemary Hollywood and our daughters, The Hollywood Girls, a toast to good health and success and a suggestion that you continue to follow YOUR dream.

Merry Christmas, friends. ■

BIO FEEDBACK

by *RON FELL*

U2

In March, Warner Books will publish "Unforgettable Fire: Past, Present and Future." This authorized biography of the band was written by Dublin, broadcaster Eamon Dunphy.

LOVE & ROCKETS

The entire group was part of the band Bauhaus '79 to '83. Two members also formed a group called Tones On Tail and put out an album, "Pop," in 1983.

GLASS TIGER

The band hopes to finish their second album in Montreal with producer Jim Vallance prior to beginning a second world tour in South America.

CHER

Production of her new album took more than a year, but Cher was able to record all her vocals during a one-month period between film roles in "Moonstruck" and "Suspect."

PAUL CARRACK

His vocals have led Mike & The Mechanics, Squeeze ("Tempted") and Ace ("How Long"). His first solo album was 1982's "Suburban Voodoo."

KENNY G

His current album, "Duotones," has been certified for sales in excess of two million units.

BEE GEES

Ten years ago this week, their song, "How Deep Is Your Love," was number one in the Gavin Report.

FLEETWOOD MAC

In the new Arnold Schwarzenegger film, "Running Man," Mick Fleetwood plays the father of a character played by Dweezil Zappa.

NEW ORDER

Prior to adopting their current band name in 1980, they were known as Warsaw, and later Joy Division.

BELINDA CARLISLE

Her husband, Morgan Mason, is the son of the late actor James Mason.

VIEW FROM THE HILL

This London-based trio originally released "No Conversation" on an independent British label, Survival Records, in 1984.

GEORGE HARRISON

His triple disc, "Concert For Bangladesh," won a Grammy for Album of the Year in 1972.

HEART

Though Ann Wilson is the band's usual lead singer, sister Nancy is the featured singer on the group's current single, "There's The Girl."

LISA LISA

An episode of the TV sitcom "Facts Of Life" will feature Lisa Lisa and her current single, "Someone To Love Me For Me," which deals with prevention of youth suicide.

INXS

Their first tour of America came in 1983 as the opening act for Adam Ant.

BILLY IDOL

His real name is William Broad. He changed his name prior to forming his punk band Generation X. The name Idol came from a progress report from a grade school teacher, which read, "Billy is idle."

STEVE EARLE/THE POGUES

Steve has asked the Irish band The Pogues to record a song with him for his next album.

DONNY HATHAWAY

The late soul singer's daughter, Lalah, has signed with Allegiance Records.

MICHAEL COOPER

He was a founding member of the soul band Con Funk Shun back in the early '70s.

THE BEST OF 1987 PART II TWENTY FIVE SONGS THAT RULED 1987...

Last week Keith and I listed our favorite artistic album blasts of 1987. ASIDE from those albums, here are the rest of the songs that made 1987 a challenging year of transition and quality. These are twenty-five songs that shook Peter Standish and the Zimmer Twins out of their office chairs. Celebrate 1987 by breaking your lease with these babies.

"ALEX CHILTON" -THE REPLACEMENTS (SIRE) The legend of Big Star is immortalized.

"TRAMPOLINE" -JULIAN COPE (ISLAND) Julian saw the USA with a few selected gigs including the '87 Gavin Seminar.

"LIGHT OF DAY" -THE BARBUSTERS (BLACKHEART/EPIC) Underrated song from an underrated "inside" music movie.

"SIGN 'O' THE TIMES"/"I COULD NEVER TAKE THE PLACE..." -PRINCE (PAISLEY PARK) His Purpleness is back with new glasses, terrible threads and cool songs.

"LI'L DEVIL" -THE CULT (SIRE) Hip bands are no longer ashamed of their Led Zep roots.

"LUKA" -SUZANNE VEGA (A&M) Now America knows who lives on the second floor.

"BITTER FRUIT" -LITTLE STEVEN (MANHATTAN) Duet with Ruben Blades recounts the joy of living in a Guatemala labor camp.

"SEE HOW WE ARE" -X (ELEKTRA) In exposing hazardous human nature, the band includes themselves in the lyric lines.

"PAINTED MOON" -THE SILENCERS (RCA) One of '87's best use of finesse and decibels.

"DEVIL'S RIGHT HAND" -WEBB WILDER (LANDSLIDE) Webb first heard this as a B-side on Steve Earle's indy debut single.

"LIE TO ME" -CHRIS ISAAK (WARNER BROS.) Movies and TV fight over him, but rock n roll still has him.

"AHEAD" -WIRE (MUTE/ENIGMA) Alternative pioneers reform and re-form with a vengeance.

"BOOM BOOM MANCINI" -WARREN ZEVON (VIRGIN) The best use of vinyl and boxing so far.

"THE TIDE IS TURNING" -ROGER WATERS (COLUMBIA) Roger leaves a chink of light in the wall. 1987's best arena show.

"APRIL SKIES" -JESUS & MARY CHAIN (WARNER BROS.) Clearing out the feedback for a little Alternative crunch.

"TOUCH OF GREY" -GRATEFUL DEAD (ARISTA) Admit it, you're surprised they pulled it off.

"SHOULD'VE KNOWN BETTER" -RICHARD MARX (EMI-MANHATTAN) This one could possibly stave off an Eagles reunion for five more years.

"I DON'T MIND AT ALL" -BOURGEOIS TAGG (ISLAND) First heard as a demo, it was the strings that clinched it.

"BIRTH SCHOOL WORK DEATH" -GODFATHERS (EPIC) A miserable existence summed up in four words. Blast this one loud.

"NO CONVERSATION" -VIEW FROM THE HILL (CAPITOL) A man pleads his case as the velvet hammer falls.

"ELVIS IS EVERYWHERE" -MOJO NIXON/SKID ROPER (ENIGMA) The "Heartbreak Hotel" of pop philosophy.

"STOP ME IF YOU THINK..." -THE SMITHS (ROUGH TRADE/SIRE) 1987 saw the demise of the masters of sulk rock. Johnny Marr lives.

"JACK KEROUAC" -10,000 MANIACS (ELEKTRA) The Beat pioneer still inspires legions of poets/musicians.

"MA'TIT FILLE" -BUCKWHEAT ZYDECO (ISLAND) Nothing to do with breasts, this is a zydeco killer.

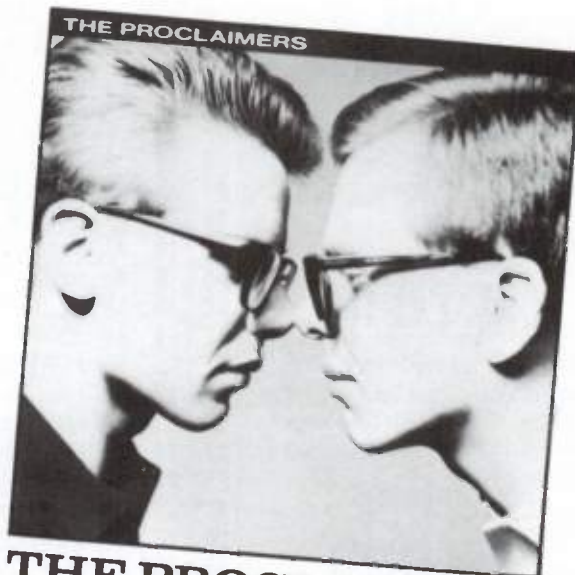

"DEAR GOD" -XTC (VIRGIN/GEFFEN) XTC, in letter form, petitions Mr. Big.

INSIDE ALBUM

by Kent Zimmerman

"Last night I shot the computer. One blast from the little .410 killed it instantly. The screen exploded, wires fused, circuits burned and the room filled with sour electrical smoke." HUNTER S. THOMPSON
12/4/87

WELCOME TO THE MACHINE. As the door closes on 1987, two more stations join the Gavin family. First we have WTAK in Huntsville, Alabama. PD Butch Menefee and MD Carla Moore take on rockin' the Crimson Tide. Write them at 6420 Stringfield (as in twine) Rd., 35806. 205-859-6100 rings the phone...Evansville has a rockin' outlet as well. Kay Nelson is PD of WGBF. Their address is 3809 Washington Ave, 47715. Give Kay a jingle at 812-477-8811. Help us in supporting both stations as they begin to spread the rock n roll throughout their regions.

GAVIN NOMINEES. Congrats to all the Gavin nominees listed on page 23, 24, 25, and 26. This year, our ballot return doubled from last year's. Lots of names and companies were singled out for praise. What you see listed are the top vote getters. Winners will be voted on by a specially selected industry electoral college. The final results will be sealed and announced at our **Gavin Seminar Thirty Year Awards Celebration** to be held February 13 in San Francisco, the final event of the convention. No one, not even the Gavin staff, will know the results until that magic night. Meanwhile, response to the upcoming Gavin Seminar has been tremendous. I urge each and every one of you to make your room and seminar registration plans. Rooms are dissolving at an alarming rate. Spend Presidents' Day weekend in San Francisco getting recharged.

NEXT REPORT--THE WEEK OF JANUARY 4th. Though we will be actively patching things together, the Gavin Report will not be publishing the final two weeks of 1987. As is customary, the last two weeks are the cool-out period. January 4th will mark the return of the madness. That's when we fire up the ole computer, face our terminal fates and ride. We can't resist letting Hunter S. Thompson have the last word here. In his latest column, he notes, "Nobody reads anymore. Money and music are the only real forms of communication these days. Newspapers are becoming like the last family of condors. Jerry Garcia and Leonard Cohen speak to more people than William Randolph Hearst or Joseph Pulitzer ever dreamed of reaching." Amen Hunter. As Bill Gavin always said, "Stay well." Yer pal, KZ

INSIDE ALTERNATIVE RADIO

by Peter Standish

What a week on the chart with a new number one and three new entries inside the top ten: David Sylvian, *Flesh For Lulu* and *O Positive*. The success of Sinead O'Connor is an incredible feat, considering she is the only debut album to top the chart this year and the first debut to do so in nearly two years. David Sylvian continues to blast his way through the chart, drawing raves from Valarie Pittman-WRAS ("doing surprisingly well") and Doris Duwe-WTSR. *Flesh For Lulu* is doing especially well for Jetson-WOXY and George Spillman-KUCI. Almost as big a story as Sinead O'Connor is the leap by Boston's *O Positive*. After starting off slowly, this album has gone berserk. Bruce McDonald of WFNX deserves much of the credit for its success. Bruce has been carrying on about this for weeks. *O Positive* was the People's Choice record at 91X-San Diego, while Mike Marrone-WHTG and Mark Miller-KABL report great response. Welcome back to KABL, which has a new address (420 North 5th St., Suite 470, Minneapolis, MN) and phone number (612-339-0336). The *Big Time Syndrome* compilation is bursting through with most airplay centered on the *Dream Syndicate* track.

Certified Eurythmics debut extremely high, with Candy Pennetta-KVNF noting heavy audience response. Our other Certified debut, *Gun Club*, is hot as a pistol for Josh Goldfein-WPRB, John Koski-WRVU, Heather Young-WUSC and Michelle Haunold-KBVR. Our Record To Watch is *Yo La Tengo* (which is how outfielders call for fly balls in south-of-the-border baseball), attracting the attention of Steve Balcolm-WXYC and Irin Strauss-WUSB. We will begin accepting reports again on Monday Jan 4th and I hope to see most of you here at the Gavin Seminar on February 11th, 12th and 13th.

Please note: There will be an Alternative format meeting late afternoon/early evening on Thursday the 11th. Nearly every record rep will be there, as well as most of our radio reporters. Radio attendees already confirmed include: Ivar Hamilton & Don Berns-CFNY, Adam Langley-WBNY, Bruce McDonald & Michael Bright-WFNX, Mike Marrone-WHTG, Larry The Duck-WLIR, Kandy Wilkens-WXCI, Susan Kennedy-WWVU, Paige Bradsky-WUSC, John Pernick and Helen Urriola-WFIT, James Lien-WTUL ("It's going to be a wild week, Mardi Gras is the weekend after."), Doug Clifton-KBCO, Mike Summers-KRPN, Brett Greene-

KUNV, Faith Henschel-KCMU and huge contingents from KUSF, KFJC, KCPR and KALX. Have a happy and safe holiday.

THE PETER STANDISH DIRTY DOZEN 1987 ALBUM FAVES

BY THE LIGHT OF THE MOON-LOS LOBOS (SLASH/WARNER BROS.) Ever see a grown man cry? I did the first time I heard "The Hardest Time."

ROBBIE ROBERTSON (Geffen) Is this what happens after taking a decade off? Other established artists stuck in a rut, please take note.

CHRIS ISAAK (WARNER BROS.) Though he has yet to break to the masses, once he connects the live gigs with records, look out. **DANCING WITH STRANGERS-CHRIS REA (MOTOWN)** Have you heard it? I'll bet not. This should have been a Top 10 Album Radio LP.

KINGS RECORD SHOP-ROSANNE CASH (COLUMBIA) Not exactly Country, not exactly rock--just one of the best of '87.

ON A NIGHT LIKE THIS-BUCKWHEAT ZYDECO (ISLAND) With the passing of Clifton Chenier, Buckwheat will carry the torch and then some.

SHAKA ZULU-LADYSMITH BLACK MAMBAZO (WARNER BROS.) Their debut on a major label, Paul Simon showcased this fine vocal band worldwide on his Graceland tour and album.

PLEASED TO MEET ME-THE REPLACEMENTS (SIRE) The most combustible rock n roll record of the year.

POETIC CHAMPIONS COMPOSE-VAN MORRISON (MERCURY)

This man is in music for all the right reasons. It's hard picturing him caring about airplay, charts, retail and publicity. A pure artist.

FOSTER & LLOYD (RCA) Though championed by Country programmers, Foster & Lloyd could rock their way onto more formats come '88.

DASH RIP ROCK (686) This was my top independent turntable record. Raw rock straight from the garage to the gut.

STRANGEWAYS HERE WE COME-THE SMITHS (SIRE) This group fully blossomed, peaked and ultimately collapsed in '87. But I can't stop playing their records, particularly this one.

MY LETTER TO SANTA

Dear Mr. Claus:

Well, it's getting to be that time when you squeeze your chubby little body down chimneys all over our land, showering gifts on those who have been patiently awaiting your arrival.

As is my custom at this joyous time of year, I'm writing you a letter on behalf of all the hard-working promotion people out there who have spent the last twelve months being real nice. After all, we don't know how to be naughty, or we'd be program directors and general managers—just kidding, Santa!

As I'm sure you've noticed from the letterhead, I have a new address this holiday season. That's one gift I'm enjoying that you didn't have to deliver. So now that I've lightened your load a bit, I'd like to suggest a promotion director gift list for you to consider as you pack your sleigh.

First of all, Santa, there's an ancient industry suspicion that the first radio promotion person must have been an ancestor of Rodney Dangerfield, who no doubt uttered the classic lament, "I receiveth naught respect." How about a potpourri made up of equal parts of Essence of Respect, Seeds of Credit and Leaves of Confidence to spread a pleasant perfume around the station and take away the nasty odor of unrecognized effort?

Next, I'd like you to give each of my confreres a fancy green package filled with budgets they can not only work with, but that contain enough money for that dream promotion which lurks in the inner recesses of every promotion person's mind—plus some Super Glue to prevent their budgets from coming apart in the fourth quarter.

While we're talking about it, your jolliness, let's slip a Price Potion into the egg nog of all the managers at the company Christmas party. This little libation should be specifically brewed to bring the notion of what things cost out of the days of Ebenezer and Marley into what is virtually the twenty-first century.

Please include a Parcel of Providers in your goodies—a group of well-priced, well-informed and well-disciplined suppliers we can all depend on to deliver good quality work for good prices in good time.

How about tossing in an Assurance Amulet? This timely talisman guarantees that concert tickets will actually reach the contest winner three days before the event, and that the one-sheets we mail to the rep offices are there prior to the sales manager's arrival for the big sales presentation. And while you're at it, make sure that in 1988, all our billboards are posted on dry days, stay up during sunny weather, always face the maximum amount of traffic—and that one goes up right across the street from the competition.

Could you also drop a Tele-Timer into to your sack? That's the gadget that guarantees that when we buy ROS spots from the local TV station, they all run in "Cosby," "Family Ties" and "Murder, She Wrote." Make sure also that the local morning TV show is always mentioning what our morning team is up to, and that the clips show them uttering their funniest lines of the year.

A can of Photo-Op Pop might be of value as well. It's a soft drink we can gulp down on remotes that lets us get the jocks and the station banner in every newspaper photo taken at the sold-out-years-in-advance Michael Jackson concert hosted by the drivetime jock. This benevolent beverage also causes every picture taken to be of magazine quality and perfect for inclusion in the station sales presentation to be trouped to ten cities during the first quarter of '88.

Speaking of presentations, don't forget a Memory Minder as a stocking stuffer. Typically inserted into the pocket of the national sales manager immediately preceding the big multi-media sales pitch at the Waldorf-Astoria before 500 of the most important time buyers in the industry, it guarantees that he or she will remember every word of every line we wrote, timed exactly to each change of slide or frame of film.

Hey, Santa, you've got your elves—so let's be liberal with interns this year. Flip a few in your bag for promotion folks to use at outdoor events and during mass mailings, so we don't come home with glue on our tongues and fingers that won't come apart.

Let's include a Comp-O-Meter for every little promotion girl and boy. That's

the item which makes sure that every comp concert or sporting event ticket is front row, center, or right on the third-base line—and not up there in nosebleed Uecker-land.

And could you wrap up a high-cume contest that's so irresistible that listeners set all six buttons on their car radios to the station for fear they'll miss an on-air opportunity to participate? Please make all our winners bright, verbal and hysterical when they win, so they make great one-sheet pictures and super on-air promos.

In the coming year, will you please arrange to fill every registration box at every in-store promotion to overflowing so owners don't shake them—and their heads at how poorly we deliver? And make sure that when in-store drawings are held, the winner is not only always present, but of the right target demographic.

Wrap in the brightest holiday foil tickets to the BPME convention—and you might think about extra tickets for the managers, so they can get a better appreciation of the talents wrapped up in their promotion persons.

And finally, Santa, keep giving us the greatest gift of all—a steady supply of the brightest, most dedicated and eager young promotion people who never say no to any request and are proud of the contributions they make to the success of their respective stations.

They make me swell with pride at being one of them, and make it real easy to write you this letter every Christmas.

Have a great trip!

Your pal,

HARV●

INSIDE COUNTRY

Here it is - the last chart of 1987. The Gavin Report offices will be closed the week's of December 20th and December 27th, and will re-open January 4th, 1988. The Gavin Country Crew - Cyndi, Elma, Lisa and Natalie - hope all of you have the very merriest of holiday seasons. You've made 1987 a wonderful year for us and for Country music. Here's to '88!

Congratulations to those nominated for Gavin Awards (see the nominees list starting on page 23). We're very proud of the distinguished group of Country nominations. The finalists were selected by tabulating the ballots filled out by Gavin subscribers. The winners will be announced at the Gavin Seminar for Media Professionals, February 12th & 13th. The awards banquet will be held on Saturday evening, the 13th.

We've gotten a lot of positive reaction to the Top 100's that were listed in last week's Gavin Report. We've also had

quite a few inquiries about Top 100's for past years. Twenty years of Gavin Country Top 100's are listed in the Gavin Top 100's book, which included the Top 100's for our other five formats. Those interested should contact us here at the Gavin Report.

Usually at this time of year, programmers are having a hard time finding good new product to add. But not this time. A whole crop of surprisingly strong new releases have shown up in the last couple of weeks. The most added records - Ricky Van Shelton, Bellamy Brothers, Steve Earle, Gary Chapman and Lee Greenwood - all received over 30 adds. Some of the big movers on the chart that look like they'll still be gaining momentum in 1988 are Rosanne Cash, Alabama, Tanya Tucker, Merle Haggard, Randy Travis, Sawyer Brown and Schuyler, Knobloch & Bickhardt.

Talk to you in '88. Merry Christmas!

REVIEWS

RICKY VAN SHELTON - *"Life Turned Her That Way"* (Columbia)
1987's been a banner year for Ricky, and hopefully this single will help him start 1988 on the right track. This, the fourth single from his Wild-Eyed dream album, showcases his clear, crisp vocal style.

THE MCCARTERS - *"Timeless And True Love"* (Warner Bros.)
Here's a little something new to wrap up the year. The McCarters are three sisters -- Jennifer, who plays acoustic guitar and sings lead, and twins Lisa and Teresa, who sing harmony. Their sound is sweet, their feel is bluegrass, and their future looks promising.

RONNIE McDOWELL - *"It's Only Make Believe"* (Curb)
Nearly thirty years later, this song still sounds great. "Make Believe" was Conway Twitty's first million seller in 1958, and Ronnie gives it a faithful treatment, even allowing Conway to sing a verse. This classic is sure to pull in requests through the new year.

INSIDE URBAN RADIO

Welcome to your two-week reprieve from calling in those reports! We mailed you our Top 100's of 1987 last week and we're doing our last chart of '87 in this week's issue. We'll need to hear from you beginning week of January 4th. By the way, we also have Top 100's for the Urban format available from 1967 to 1987 - 20 years! The chart itself debuted prior to 1967 but the Top 100's date back if you need them.

WELL RED looks like a winner, moving to number 30 and getting calls. Frenche Be, WQIM-Montgomery also says it's the hottest dance tune in his market. Alton Palmore, WQIC/FM-Meridian, adds that the WELL RED is getting requests there, but he says, "If you want to dance, put on Jody," meaning WATLEY, of course, who's getting number one phones for him. SALT-N-PEPA have three releases that are doing well all at once. "Push It" gets requests everywhere and is crossing over to Top 40. "Chick On The Side" is logging in this week with 18

reports, and "I Am Down" is now picking up reports. So if you're playing "My Mike Sounds Nice" and "Tramp" as recurrents, you could have a total of five cuts going at once from their LP. BOY GEORGE hits many charts in the Urban format, including WBMX/FM-Chicago, where the PD didn't know the man was still alive. The soul mix version is getting calls, says Jay Riley, WNOO-Chattanooga, from the 18-35 demo. Jay also relays the message that WORLD CLASS WRECKING CREW gets 18+ requests, and Roshon Vance, WPEG-Charlotte, agrees because he's getting "tons of calls" for it, too. Roshon also tells us the MARCIA GRIFFITH "Electric Boogie," is in his top five requests. Gary Weiler, WBLZ-Cincinnati, once again couldn't be silenced: he says the M/A/R/R/S is the "most happenin', freshest, liveliest cut of all!" Record to Watch, WALTER BEASLEY, looks good for the new year. Added at WNOO, WWDM, and it's already in heavy rotation at WXOK-

Baton Rouge. Darryl Moore, KXZZ-Lake Charles, says it's one of the most requested tunes there, along with STREET FARE. Ciao for now and the New Year! Take care and have a Happy Christmas and Merry New Year! Betty & John

REVIEWS

By Betty Hollars and John Martinucci

WISHING WELL
TERENCE TRENT D'ARBY

TERENCE TRENT D'ARBY
Wishing Well (Columbia)
What a package! T.T.D'Arby combines the best of James Brown, Prince and Tina Turner, and still comes out with a unique sound all his own. Everyone here is just crazy about this single. Terence's

follow-up to "If You Let Me Stay" should be big. Don't overlook this man's style - he is a powerhouse performer ready to explode.

TEMPTATIONS

Look What You Started (Motown)
These guys take a step in the funk direction and head out in a big way - their "feet don't touch the ground," according to the lyrics. It's a familiar Temptations sound with a feel in the dance-tempo mode.

ATLANTIC STARR

Wonderful (Warner Bros.)
They are using that same "feeling of sincerity" that riddled the 1987 number one hit, "Always." And it works. When they sing "Wonderful," they sing it with feeling!

URBANIZING

by Jerry Boulding

ON LINE

I recently received a letter from a medium-market morning man who said that, since his station went on the computer, his music rotation is all screwed up. He says his show now has too many slow songs and a lot of repeats, and sometimes the computer schedules the same artists in a single hour. And, he admits, it took away some of the choices he used to enjoy. We checked, and, despite his complaints, his morning ratings have gone up.

Like research, the computer revolution has been resisted by a number of potentially great programmers and music directors. Others of us could not imagine life without them. Hardware and software have changed not only how we conduct our business, but our lives. Once mastered, they can make living much easier.

Being a history buff, I relate to the story of an ace architect from the last century named Louis Sullivan who, although he was considered a genius by his peers,

died broke and forgotten by all but a few. His designs for buildings weren't just works of art, but marvels of engineering. He believed in the maxim, "Form follows function." By that he meant that, while architects may not always correctly anticipate the use of the structures they design, those structures (the "form") will inevitably change to serve the unshakable purpose.

It happens all the time. An architect who thought he was designing a cultural arts facility sees it spurned and later turned into a high-tech disco. Whenever we hear the expression, "Things didn't go according to plan," we may be certain we made the wrong call on function. But does this mean we have to be slaves to an insensitive computer designed by someone who doesn't really know our feelings or those of our audience? Not necessarily.

While some computer music systems are limited by their software, all can be limited by the user. Problems in balancing the right combination of applications and programming skills seem to be the biggest reason for the negatives. If you're a weak programmer, the computer won't make you a strong one. I have personally seen computer systems brought in, abandoned and replaced by new systems—only to have some functions still done by

hand. An all-too-familiar cry in both large and small markets is, "Well, it's back to the old card system for awhile, and let's see if we can't get the bugs out."

Despite these difficulties, the computer, when properly managed, is a time-saver. Where it might take a sharp music director three or four days to set up the proper rotations by hand, a computer can do it in a matter of minutes. It will also keep you extremely organized as to how often songs are played and prevents the jocks from making errors or airing something unauthorized. And its play history can keep them from repeating the same sequence day after day.

But if you're getting ready to computerize, remember that it's a serious investment that takes time, planning and patience. Each song has to be coded, priorities must be assigned to the rules you create, and the clocks have to be designed for each individual situation. Most find they simply can't use someone else's clock. And even the best programs require constant updating and attention.

And you know, some computers are almost human. When they make a mistake, they put the blame on another computer! ●

MIDEM '88

Nowhere in the world is so much industry business conducted each year as at MIDEM, the world's largest international music market. To celebrate its 22nd year, MIDEM '88 will be bigger than ever. Over 8000 professionals from 1500 companies and 50 countries are expected to participate.

DAVE SHOLIN'S PERSONAL PICKS — SINGLES

'87'S BEST SINGLES

Don't let anyone try to convince you that picking ten favorite songs from an entire year is easy. There was no lack of quality product during 1987, but putting all objectivity aside, here's my list of personal faves during the past year.

WHITESNAKE - *Here I Go Again* (Geffen)

One of those rare records I find impossible to burn out on.

LISA LISA AND CULT JAM - *Head To Toe* (Columbia)

A melody and production that's simply supreme.

INXS - *Need You Tonight* (Atlantic)

In my opinion, the hottest band in music today.

U2 - *I Still Haven't Found What I'm Looking For* (Island)

Wove a hypnotic spell that hasn't been broken.

LOS LOBOS - *La Bamba* (Slash/Warner Bros.)

A true rock'n'roll classic was introduced to a new generation in this spectacular version from a group of master musicians.

STARSHIP - *Nothing's Gonna Stop Us Now* (Grunut/RCA)

Easily their best effort so far this decade, with Grace and Mickey soaring to new heights.

T'PAU - *Heart And Soul* (Virgin)

A clever and unusual song that lives up to its title.

WHISPERS - *Rock Steady* (Solar/Capitol)

Why can't there be more records like this?

CUTTING CREW - *(I Just) Died In Your Arms* (Virgin)

Not too many groups make their debut with a number one record...this song deserved that distinction.

ABC - *When Smokey Sings* (Mercury/PolyGram)

A tribute to Smokey Robinson requires something extra special, and this track went way beyond filling that requirement.

RON FELL'S PERSONAL PICKS — ALBUMS

'87'S BEST ALBUMS

FLEETWOOD MAC - *Tango In The Night* (Warner Bros.)

Since its release last April, this album has already given up four hit singles, with two more to come. It just shows what they could do when they wanted to.

U2 - *Joshua Tree* (Island)

Bono gives new testament and hope to recorded music as an art form. U2 proves you can make meaningful statements within a pop framework.

STING - *Nothing Like The Sun* (A&M)

The long run of success for WE'LL BE TOGETHER has delayed the ultimate appreciation due the many other finely crafted songs on this double-pocket LP.

ROBBIE ROBERTSON - *Robbie Robertson* (Geffen)

Best known for the music of another generation, Robbie has no trouble making an album of heroic proportions, fit for consumption in the most demanding times.

GEORGE HARRISON - *Cloud Nine* (Dark Horse/Warner Bros.)

The closest album yet to the spirit of The Beatles' "Let It Be."

ROGER WATERS - *Radio Waves* (Columbia)

Possibly the most rewarding hour of music released this year. THE TIDE IS TURNING may be the best song never played in 1987.

BRUCE SPRINGSTEEN - *Tunnel of Love* (Columbia)

A refreshingly under-produced collection of simple songs, recorded somewhere between Asbury Park and the state of Nebraska.
