ROLF ON A ROLL

For a former TV exec, BMG Chairman Rolf Schmidt-Holtz sure knows how to think outside the box. Not only is he slated to become Chairman of the post-merger Sony BMG, his Music Group has been picking up steam, and marketshare, at exactly the right time of year. This week, BMG has four albums in the Top 10 and two of the Top Five. Too bad he'd undoubtedly prefer a lederhosen wedgie to this *HITS* Contents appearance.

#1 **Britney Spears** (Jive), #2 **Beyoncé f/Sean Paul** (Columbia/CRG), #3 **Christina Aguilera** (RCA), #4 **OutKast** "Hey Ya" (Arista), #5 **Black Eyed Peas** "Where Is the Love" (A&M/Interscope), #6 **Linkin Park** (Warner Bros.), #7 **Baby Bash** (Universal), #8 **G-Unit** (G-Unit/Interscope), #9 **Nelly/P.Diddy/Murphy Lee** (Bad Boy/Universal), #10 **Limp Bizkit** "Behind Blue Eyes" (Flip/Interscope).

Hey, at least someone's profiting from this Iraqi war thing aside from Bush and his pals.

DreamWorks Nashville's Toby Keith is riding that patriotic sentiment all the way to the top of the charts with a #1 debut and 580k in first-week sales for his *Shock 'N' Ya'll*. Ain't America great?

One of five other newcomers to the Top 10, Arista's Sarah McLachlan returned after a six-year absence to a hearty *Afterglow* and a #2 bow.

The rest of the debuts came from Columbia/CRG's *Now* Vol. 1, 987,765 (#3), A&M/Interscope's Sheryl Crow (#4), Murder Inc./IDJ's *Ja Rule* (#6) and Atlantic/Atl G's *P.O.D.*

Trans World's Jerry Kamiler, a closet Bill O'Reilly fan, enthused: "It was a great week of new releases. A very strong debut from Toby Keith. And I thought that was a spectacular number from Sarah McLachlan, who hadn't been around for a long time. *Now 14* had a fabulous week, easily outselling the last one, which is a plus. Sheryl Crow did extremely well for a greatest hits package—and a left-winger to boot."

Arista's *OutKast* (#5), J Records' Rod Stewart (#7), RCA's Clay Aiken and Def Jam South/IDJ's *Ludacris* (#10) are the holdovers in the Top 10, where BMG and UMG had four apiece.

Other chart newcomers include Capitol's Coldplay CD/DVD hybrid (#11), Island/IDJ's *Bon Jovi* (#12), J Records' Wyclef Jean (#22), Desert Storm/Elektra/EEG's *Fabulous* (#23), Capitol's Bob Seger & the Silver Bullet Band greatest hits (#24), Lost Highway/IDJ's Ryan Adams (#25), RCA Nashville's Martina McBride (#33), Jive's *Too Short* (#38) and Walt Disney Records' *Cheetah Girls* soundtrack to the Disney Channel show (#48).

This Friday, 50 Cent's *G-Unit/Shady/Aftermath/Interscope* posse *G-Unit* goes head-to-head against Roc-A-Fella/IDJ's Jay-Z, with the two battling the *Amaru/Interscope 2Pac* soundtrack (which came out Tuesday) for next week's #1 record, while Arista's Pink, Reprise's Josh Groban and Atlantic/Atl G's *Kid Rock* will also be in the hunt.

Added Kamiler: "The macro decision to move a release date and get a record to the street ASAP because it's being pirated is the right thing to do. Hey, anyone know where I can download that Paris Hilton video?"

WILD CARD

JASON MRAZ ELEKTRA/EEG

This year's breakthrough singer/songwriter is back with his follow-up to the Top Five Pop hit, "The Remedy." "You & I Both" is the second single from his successful debut album, *Waiting for My Rocket to Come*. Crossing quickly from Modern & Hot Adult with adds at STAR94, WFBC, WBNS, WKZN, WVMX & others. With spins at KYSR, WPLJ, Y100, WWWQ, WRVW VH1 & more, Dennis Reese & the Elektra promo team will soon lock in another Pop hit.

Comin' Correct With Hamilton

Arista Records has soul. Specifically, the label has R&B sensation **Anthony Hamilton**, whose classic lived-in voice and Southern-fried grooves on his label debut, *Comin' From Where I'm From*, have found a warm reception. The album has sold more than 150k (up to 22-26k per week) since its release Sept. 23.

Arista Executive VP Promotion **Steve Bartels** points to the enthusiastic response from "key tastemakers, celebrities and industry critics" and the fact even he can dance to it as reasons for the album's success: "It's gritty, raw and powerful, yet enthusiastically passionate, and that's just my love life. It celebrates real and meaningful music. We are excited about the progress to date. Along with the impressive weekly and initial early sales, we are just starting the campaign and plan on a long focused launch to bring Anthony into the mainstream consciousness."

The Charlotte, NC native's momentum owes a great deal to grass-roots activity. The track's national video exposure has been strongly supplemented by love on 89 local and regional video shows, as well as endorsements from hip-hop artists like **Murphy Lee**, **Ying Yang Twins** and **Bone Crusher**.

"It's a rare occurrence in today's marketplace that artists show staying power without the obvious drivers being present," adds Arista Sr. VP of Marketing and Artist Relations **Mark Shimmel**. "Clearly there's a musical vocabulary at work here that listeners are sharing with each other. Perhaps the best artist development, overall, is good music. At least

that's what my crack team of psychics tells me."

■ The album's lead single/title track has enjoyed strong spins since its impact at Urban AC (8/11), where the single moved into the Top 10 this week, and Urban (8/18).

■ "Charlene," a love ballad, is already slated to be the second single at the same formats.

■ National TV exposure includes appearances on *Letterman*, *Regis & Kelly*, *Ellen DeGeneres*, *Jimmy Kimmel* and *Soul Train*. An appearance on *One* is upcoming.

■ MTV2, VH1 Soul and BET, with an appearance on MTV's July "You Hear It First Tour."

■ Features in *The New York Times*, *Vibe*, *Rolling Stone* and *Interview*, reviews in *Vanity Fair* and *GQ*, among others.

■ Online campaign (including acoustic performances on *VH1.com*) and generous satellite radio play (XM even added one of his songs to its country format) have also helped generate attention.

■ Performing at **Impact Marketing Retreat** on 11/8 and opening for **Sarah McLachlan** at the **PENCIL** benefit for public schools in NYC 11/10.

■ Joining **Missy Elliott** and **Beyoncé** in the **RIAA's** anti-piracy trade ad campaign.

■ Ongoing promo tour.

Buddy Arnold, 1926-2003

Jazz saxophonist, recovered addict and revered Musicians' Assistance Program co-founder Buddy Arnold died Sunday (11/9) following complications from heart surgery. He was 77.

Arnold and wife, **Carole Fields**, beloved both in and out of recovery circles, started MAP in 1992 as a non-profit organization to help addicted musicians and industry people get treatment.

In lieu of flowers, a MAP spokesperson said donations to MAP would be welcomed in Arnold's name (see address below). Plans for a memorial are pending.

Bronx-born Arnold took up the saxophone at 9 and was gigging by 16. He served in the Army during WWII and after that toured with the likes of **Buddy DeFranco**, **Tommy Dorsey** and **Stan Kenton**.

Drugs increasingly interfered with Arnold's music, however, and he ultimately spent over 30 years as an addict—even landing in prison on occasion for junkie behavior such as writing false prescriptions.

During his last incarceration, he decided to get clean and did. Upon earning an early release, he took a job with a rehab program and began helping other addicts. After marrying in 1986, he and Fields began to work with musicians and eventually formed MAP.

To date, MAP has helped over 1,500 people get straight. Eighty-two cents of every dollar MAP raises goes directly to getting clients into treatment. Please send tax-deductible donations to Musicians' Assistance Program, 817 Vine St., Suite 219, Hollywood, CA 90038.

Napster Nabs Three

Here Kitty, Kitty. Napster is downloading an upgrade to its programming staff.

The online music destination—once the scourge of the music biz, but now a law-abiding division of **Roxio**—has tapped industry vet **Darcy Fulmer** as a senior music consultant and promoted **Wendy Kayland** and **Micah McKinney** to Senior Director posts.

Fulmer, who previously served as Music Director at **MTV**, **VH1**, **KROQ L.A.** and **KZZP Phoenix**, among others, will oversee programming and liaise with the industry, while explaining to Executive VP Creative Affairs **Glenn Kaino** what "liaise" means.

Kayland and McKinney both served at **Roxio**-owned **Pressplay**, where they spent most of their time explaining it wasn't a dry-cleaning company. Kayland previously worked at **Elektra Records** and **House of Blues**; McKinney was employed at **Satellite Films**.

The pair will jointly manage

programming and label relations, Napster's *Sessions* program and artist placement. They'll also work with the marketing department on artist campaigns while wondering where to forward **Shawn Fanning's** mail.

The moves follow the departure of **Alex Luke**, who'd been Napster VP of Programming since 2001.

Other Napster news, the company recently set up an unusual deal with **Penn State University** whereby the institution pays for legal student downloads (using a large-scale Premium subscription) as a positive anti-piracy measure. And starting next week, Napster will make prepaid cards available via 14,000+ retailers nationwide.

Since **Napster 2.0** bowed, the company says it has sold more than 300k tracks, and Premium members have downloaded or streamed over 2 million. Napster believes Premium subscribers will pass the 800k mark by year's end.

BY I.B. BAD, LOS ANGELES

WHO'S THE BOSS? Talkers talking overtime about what the power structure in the proposed **Sony/BMG** tie-up will really look like. How will BMG's **Rolf Schmidt-Holtz** and Sony's **Andrew Lack** share power? Is Schmidt-Holtz actually putting the finishing touches on a brief but impressive music career and planning a return to **Bertelsmann's** TV division, as at least one report theorizes? As such questions swirl, insiders pointing out that structural issues are often where deals like this start to unravel... Much head-scratching also taking place over the Sony/BMG announcement saying the merger would not include distribution. Many insiders choosing not to believe the current scenario, arguing that distribution is a major cost center ripe for consolidation... Could the possible new regulatory hurdles created by Sony/BMG for the **EMI/WMG** merger possibly push **Time Warner** chief **Dick Parsons** toward a more certain deal with the **Edgar Bronfman/Haim Saban** consortium? Should the EMI/WMG deal falter under regu-

lator scrutiny, many feeling Bronfman/Saban may be able to drive a more favorable bargain... Meanwhile, former EMI honcho **Jim Fifield** is said to be waiting in the wings with a proposal to take EMI private, as pressure mounts on current honcho **Eric Nicoli** to close the WMG deal—or face the career consequences of going 0 for 3. Those close to Fifield say his buyout plan is real... Are regulators, includ-

ing **Mario Monti** and the **EC**, now willing, as many insist, to accept only one more music merger? If so, will Sony/BMG's higher projected global marketshare make it the tougher sell? Or might EMI/WMG's higher projected European marketshare (see box above) give Sony/BMG the edge with the EC? Where will U.S. regulators, who never issued a ruling once EMI/WMG was nixed by the EC in 2000, come down on the current merger proposals?... Elsewhere in consolidation-land, **Polly Anthony** said to be close to a deal to head up **DreamWorks** when it becomes part of the **Interscope** family, as rumors fly that the job might be even bigger than that. What kind of staffing will Anthony have? Or will marketing/promotion duties fall to Interscope and/or **Geffen**?... Names in the Rumor Mill: **Alain Levy**, **Roger Ames**, **David Munns**, **Michael Smellie**, **Michele Anthony**, **Van Halen** and **Fred Durst**.

BEAT'S ME

STONE FAB 500. *Rolling Stone's* year-end double issue, which hits newsstands Nov. 21, will feature their much-ballyhooed "500 Greatest Albums Ever" in 45 pages and is sure to cause plenty of controversy. An advance peak at the list offers few real surprises, with a total of four **Beatles** albums in the Top 10 (and three of the top five) in *Sgt. Pepper* (#1), *Revolver* (#3), *Rubber Soul* (#5) and *The White Album* (#10). **Bob Dylan** was the only other artist with more than one in the Top 10, scoring a pair of entries in *Highway 61 Revisited* (#4) and *Blonde on Blonde* (#9). The **Beach Boys'** critical fave *Pet Sounds* finished #2, with **Marvin Gaye's** *What's Going On* (#6), the **Rolling Stones'** *Exile on Main Street* (#7) and *Clash's* *London Calling* (#8). Other interesting factoids: the highest-ranking jazz album was **Miles Davis'** *Kind of Blue* at #12; highest female album was **Joni Mitchell's** *Blue* at #30, with **Carole King's** *Tapestry* (#36) and **Patti Smith's** *Horses* (#44) the only other distaff albums in the Top 50. First rap disc mentioned was **Public Enemy's** *It Takes a Nation...*, at #48. **The Ramones'** first album finished #33, **Television's** *Marquee Moon* landed at #128, while **Suicide's** classic debut came in at #446. **Eurythmics'** *Touch* was #500... **AYE THERE'S THE PUB:** The **DreamWorks** sale to **UMG** raises questions about the future of veteran publicity legend **Bryn Bridenthal**, who was hard at work on the **Nelly Furtado** campaign when the deal was announced. **Juliana Plotkin** is another talented member of **Bryn's** staff whose future is now up in the air... **Ex-Dan Klores** PR whiz **Theano Apostolou** is the new Vice President Media Relations at music video network **FUSE**, formerly **MuchMusic**... Another **Dan Klores** alum, **Nathalie K. Moar**, is now VP Global Communications for **Mac Cosmetics**... Congrats to **Ex-Island** and **Green Galactic** publicity queen **Susan Mainzer**, who has joined Democratic candidate **Dennis Kucinich's** campaign for President as National Media Coordinator... **Rob Moore's** N.Y.-based indie **60 Cycle Media** has added former **WB** tour publicist **Melissa Sawyer** and **ex-RCA, Maverick** and **MCA** PR doyenne **Kymm Britton**, who has opened up an L.A. office for the firm. Call (310) 656-5900 or britton@60cyclemedia.com... **Sid McCain**, daughter of Arizona Sen. **John McCain**, has inked her Head of Publicity slot at **V2 Records** to head north, where she will fill in for **V2 Canada** GM Marketing/Label Ops. **Alison Mercer**, who goes on maternity leave next year... *Etiquette For Outlaws* scribes **Rob Cohen** and **David Wollock** are turning their book into a new reality TV show, executive-produced by **Howard Stern**. They also have a funniest home video pilot in development at **MTV**.

THE BEATLES: Batting .400 with four in *Stone* Top 10.

LIFE AFTER SHOWGIRLS: Movie star **Gina Gershon** recently wrapped up an eight-city tour with her band to mark the release of her feature film, *Prey for Rock & Roll*, promoted by **House of Blues** and **Immortal Entertainment**. Shortly afterward, Gershon wondered who took her on-set *Winnebago*, why her dressing room was so tiny and what the green mold on the backstage olive loaf was. Trying to explain **Elizabeth Berkley** received the same treatment are (l-r): **Immortal's** **Janet Billig Rich**, **HOB's** **Kevin Morrow**, **Gershon**, **HOB's** **Aron Levine** and **Lisa Battista Giglio**.

WHEELS&DEALS

BY RODEL DELFIN

NO MO' DOUGH FOR THE HORSE RACE?: Is the corporate blank check for bidding-derby acts going away? It seems dramatic changes in the biz may soon make those big-money deals a thing of the past. Word has it some labels are getting cold feet over bidding derbies we've covered lately. Will the cherry-picking of indie acts become a casualty of the high cost of buyouts? Meanwhile, some weasels say such deals just aren't financially responsible in this climate. Other industry insiders, meanwhile, comment that the six-to-seven figures their label paid for **buzz band X** could have spared numerous jobs—or been spent more wisely elsewhere in the company. So, will the chase go away? Probably not, but the \$\$\$ for those types of deals may have already... **BACK TO THE NEWS:** The latest **DreamWorks** scuttlebutt has veteran label executive **Polly Anthony** stepping into the **Interscope** label family, possibly to take on the **Prexy** post at the new **DreamWorks** incarnation. Still, wonderers are wondering how the label will be structured. Will it be an imprint with just **A&R** staff, or will it be a downsized, full-service label? Will the **DW** name and logo remain? Moreover, who will stay in the **DW A&R** department? Rumor has it **Ron Handler**, **Luke Wood**, **Beth Halper** and **Jeff Sosnow** are among the execs making the cut on the pop/rock **A&R** side. But who makes the final decision? Will it ultimately be up to **Polly** if she takes control? Stand by... The **Michael Rosenblatt**-repped **Limousine** is doing the label meet-and-greet circuit, as requests for private showcases keep rolling in. The **Orange County**-based lads were checked out by multiple labels at their recent **O.C.** and **San Diego** shows. The band hits the **Pepperdine** campus this Friday night (11/14); contact management for details... Is one publishing company becoming the hot spot for signing acts after a few of their unsigned-development projects graduate up to majors? Recently completed demos from an unsigned singer/songwriter on the pubco's roster appear to be generating lotsa phone calls and meetings from interested parties. Hmmm... A handful of weasels were on hand at the **Black Lab** show at the **Viper Room** last week since the group's single "See The Sun" has garnered spins on **KYSR** in **Los Angeles** and **KUCD** in **Honolulu**, among others... The **Steve Sessa/Andy Harris**-repped **Days Away** inks with **Jason Flom** at **Lava** after completing new demos for the label. Word has it that other labels were waiting in the wings for the band after hearing the new tracks. The group is currently on tour with **Something Corporate**... Expect pubcos at **The Von Bondies** show at the **Troubadour** on 11/18. The group just completed their upcoming **Sire Records** LP... Finally, **ASCAP** playboy **Tom DeSavia** taps **Harry Poloner** for Vice President of Membership, based in the **New York** **ASCAP** office. **Poloner** previously served as VP of Creative at **EMI Music Publishing**, where he signed such acts as **Incubus**, **Good Charlotte**, **Cake**, **Flaming Lips** and **Fountains of Wayne**... **BUZZIN':** **The Shins**, **Number One Fan** and **Keith Naftaly**... Hit me up: brotherxx@earthlink.net.

DENNIS CONSTANTINE PD KINK, Portland, OR

Reasons why Dennis Constantine and the KINK crew are on fire?

1) Fabulous summer book 3.3-4.9 (#1: 25-54, 18-49, women, adults, mornings, middays, afternoons and nights). 2) Sold-out charity concert (tickets went in 80 minutes) with *Barenaked Ladies*, Sarah McLachlan, and more. 3) 35 years of KINK radio. To celebrate

these accomplishments, Constantine took some time away from his home studio, where he produces the KINK feature *Almost 8 Track*, to come up with "The Time of Your Life" campaign. For 35 days (beginning Nov. 6), KINK will devote a day to each of their past 35 years. The dates are not in order – listeners have been voting on their favorite year, counting up to the all-time best year. Each day, listeners can win time-capsule prizes relating to that year. Example prizes for '81: Pac Man games, DVDs of movies from the year along with free music. On the final day, the station will feature the winning year and one lucky listener will get a Sony Vaio laptop computer complete with broadband and Napster subscriptions. Doesn't look like KINK will be cooling down anytime soon.

post toasted

BY IVANA B. ADORED

LIGHT AND DAY: I'm not sure when I decided I was terrified of flying. Not just reasonably fearful, but now it's to the degree where I spend the night before a flight in a heightened state of panic. At least this gives me more waking hours to make sure my upgrade goes through—if I'm going to die in a plane crash, I better be in first class. As you can probably surmise, I didn't die on either flight, which was little comfort through the worst of continuous hours of turbulence. Perhaps this is a metaphor for the current state of the music business, or maybe it isn't.... The many highlights of my eventful (yet stealth) visit East included seeing **Hanson** from the vantage point of an opera box in Carnegie Hall shared with **MTV/VH1** friends (and now-believers), **Arista's Shannah Miller** (the perfect plus-one for this type of event), **Ryan** from **Guster** and **Ben Kweller**. Dinner with **Epic's Jacqueline Saturn**, **DreamWorks' Ross Zappin** and the aforementioned Shannah Miller was a perfect respite after a hectic day of meetings, during which we determined our five-year plans (always a good mental exercise) and discussed every "what-if" scenario. **Geordie** joined me for Friday night's sold-out **Polyphonic Spree** show (a thousand fans in Brooklyn!), after which Hanson bonded with the Spree (there are photos to prove it) and various members of **Interpol**. This is part of my master plan to have my favorite bands love each other, although for what grand purpose remains to be resolved. The real reason for my stealth visit to NYC (en route to visiting the family in Easton), was the need to buy an outfit for **Gaby's** wedding. Said garment was found (with Shannah Miller's help) at **Barneys** (a Vasseur-Esquivel dress and my first pair of Manolos!) because no expense should

ME AND THE BOYS:
It really is about the music.

be spared when it comes to my dear friend Gaby. You will see me in this outfit at every awards show for the next decade.... The Hanson show precluded my chance to attend **Iggy's** CD release party, just as my flight home arrived too late for me to see **The Stooges** at **All Tomorrow's Parties** in Long Beach. Every important PoMo band, past or present, has been influenced by Iggy, even if it's a degree of separation away. Before the format becomes a completely meaningless array of faceless bands, whose songs do well in six-second increments on a research tape, consider your station's "five-year plan," as it were. Playing the new **Iggy Pop** single might not be the antidote, but why not acknowledge the true musical architects of our format—the one that's supposed to be "Modern" and/or "Alternative"?... On the heels of last week's 100k+ sales debut, **The Strokes' "12:51"** found new love this week at **KMYZ**, **KDGE** and **KBZT**. It's time for the rest of you to give this record the benefit of the doubt, which you should also apply to the following SMASHES: **OutKast's "Hey Ya"** (sales are over 1.5 million!); **Coldplay's "Moses"** (75k+ bow for live DVD/CD; new adds at **KPNT**, **KQXR**, **KFRR**); **Jet's "Are You Gonna Be My Girl"** (enormous built-in familiarity from the iPod ads). I know it's hard to compete with new singles from **Godsmack** and **Nickelback** fighting for your attention.... Our beloved **Ryan Adams'** new CD, **Rock N Roll**, sold nearly 50k this week! **WAVF** had the presence of mind to add "So Alive" this week. This project is a labor of love for **Howie** and **Christine** at **Island**, as is the new **Hoobastank** single, "Out of Control," which scored **HUGE** this week with adds from both **MTV** and **KROQ**! **Howie** may now resume searching for the **Paris Hilton** tape on the Internet.... There was something very fitting about blaring **The Darkness** CD on my drive from NYC to Easton, PA. Reminded me of cruising around town in the late '70s in any one of my friend's Camaros (it was the unofficial state car), listening to **ELP** or **UK**, except this time I wasn't stoned. **Ron Poore** and **Bonnie Slifkin** had a spectacular week on "I Believe In A Thing Called Love," including (drum-roll please!) **Q101**, **WPLY**, **99X**, **KNRK**, **WWCD**, **WJBX**, **KNXX**, **WRZK** and **KQRA**! We salute you, one and all!.... The **DreamWorks** gang (**Ross**, **Matt** and **Jeff**) had an extraordinary week with the "official" launch of **AFI's "Silver and Cold"**. Despite going into the add week with nearly 30 PoMo stations already playing this single, **Ross** and his team were still #2 Most Added! **AFI** is one of the biggest artist development/success stories of 2003—everyone involved should be commended for staying focused on a band that represents the present and the future of the format... Big props to **WFNX** for adding **Phantom Planet's "Big Brat"** this week. Imagine my pride seeing singer **Alex Greenwald** in this month's **Elle Girl** listed as #1 in the "50 Hottest Guys in Rock." Why do I have the cell-phone numbers of at least 25% of the 50 hotties? It means your teenage daughter will love me... **Audioslave's Chris Cornell** has always been the standard by which I judge "Hot Guys in Rock." This had absolutely no bearing in **WXTM**, **WPBZ** and **WPLY** adding "I Am the Highway" this week. Well, maybe **WXTM**.... Our friend **Jeff Sodikoff** has relocated to Chicago where, I'm pleased to announce, he's been named Sr. VP of Marketing for **IEG, Inc.** This company specializes in "creating strategy for both properties and brands to enhance or develop special sponsorship programs or initiatives that help produce greater ROI." I have no idea what that means, but it's probably more rewarding than grinding programmers for spins. Jeff's email is jsodikoff@sponsorship.com.... **SONG TO HEAR:** **The Shins' "So Says I"** (the new **Sub Pop** CD is genius!)... **PEOPLE TO WATCH:** **Greg Dorfman** (another great week on **Smile Empty Soul's "Nowhere Kids"**), **Gaby Skolnek**, **Stephanie Harty**, **Paul Driscoll**, **Suzie Dunn**, **Chris Woltman**, **Ross Zappin**, **Lorraine Caruso**, **Jay Harren**, **Bill Carroll**, **Jeremy Pritchard**, **Dave Stewart**, **Mike Stern**, **Dave Beasing** and **Marco Collins**.

It's a bit different not being committed to doing a column every single week—and I must admit, I LIKE it. Let me try to recap a few of the shows I was able to catch recently. **Phantom Planet** were fantastic (a new term I picked up at Disneyland) at the Roxy—if you haven't seen them live, I IMPLORE you to head right out and catch them when they hit your town. (I have given that exact directive to **WBRU's Andy Yen**.) The old songs sound amazing, but wait until you hear the new stuff like "Big Brat," which should have landed on your desks so you can add it next year (yikes!). I also caught **Story of the Year** (if you like **The Used**...) and **Sugarcult** at the same venue and was thrilled to see my boys once again—the new tunes ROCKED and even rolled. (Thanks to **Ultimatum's John Loken** for the tickets!) I've heard they are putting the finishing touches on a great new record. By the way, I've also heard GREAT new things about the next **Ash** record. Stay tuned for more details. Checking in this week with **WXEG's Boomer**, I was happy to hear that the kids are fired up in Dayton about the new **Hoobastank** single. "Out of Control" is also a Boomer and **Kramer** favorite—which makes everything work out so very nicely! I also got to share my story of seeing the **Jimmy Kimmel Live** taping of the "Greatest Rock Band in the World," **Tenacious D**. Could **Jack Black** be any more adorable and hysterical at the same time? Fantastic show and a fabulous time. I had just been there to see **Virgin's IMA Robot**, which lived up to their completely spastic and quite entertaining selves and shook the rafters with their truly unique delivery. **Vinnie** at **WXDX** got to add to his "black crack" collection with a copy of "Black Jetta" on vinyl last week. But for all of you who perhaps only gave "Dynamite" a quick listen, do yourself a favor and go back to discover that there is a whole album worth of fun! Trust me. **Ryan Patrick** from **WEDG** kindly called me from the airport while flying back from New Orleans. He was at Voodoo Fest celebrating his birthday with fellow birthday boy **Aaron Scott** from **Universal** and **Epic's JJ Grossman**, which sounds like quite a party. Happy belated to both of you. **WEDG's** Dec. 9 Xmas show has just been announced with **Brand New**, **Motion City Soundtrack**, **Coheed & Cambria** and local band **Punchline**. I get to see the amazing **Brand New** later this week with my most favorite **Tom Gates** when he comes to L.A.. Cute little **Eisley** open the show (you may remember the raves from **KRZQ's Mat Diabolo** after he checked them out during **SxSW**) and you can be sure I will get there early, along with **KROQ's** lovable **Christine Fung**, to watch how the audience is amazingly drawn to these girls. More on that the next time. I hear **KROQ's Gene** will be there, too, sans the "homeless **Siegfried**" costume he donned for the **KROQ** Halloween party with **AFI** and **Pennywise**, which had to be postponed due to a power failure. I am pretty sure you won't catch Gene in that jumpsuit ever again after that evening of fiascos. Poor thing, but we'll have a blast at **Brand New**! Did you see last week's playlist from **WOXY**? They decided to give their listeners what they have been asking for—more tracks from their core artists. Plus they managed to add my favorite **Travis** track, "Beautiful Occupation," along with **Ivana's** favorite, "Happy to Hang Around"—well-done! Three cheers for **WOXY**! Hip-hip hooray! Can't wait for **Shivvy Shiv's** report from the **Polyphonic Spree** show he was heading out to see last we spoke. (Though nothing will likely compare to his recent **Pete Yorn** show, where he got MULTIPLE shout-outs. Cuteness indeed.) Crumminies, out of room again and no chance to thank **Matador's Jenn Lanchart** for the **Mojave 3** tickets (I am watching **Super Furry Animals** host **MTV2's Subterranean** as I type) or give **KMYZ's Lynn Barstow** some ink. Other good subjects worth mentioning: **Probot**, **Violet**, **Tim Bronson**, **Mary Shuminas**, **Josh Aarons**, **Kevin Mannion**, **Jeff Sottolano**, **Russ Schenk**, **Corbin Pierce**, **Eric Kristensen** and the **Foo Fighters** cover of "Darling Nikki" bringing in #1 phones at **WXDX**! Until next time...Hugs and kisses.

between a rock and a hard place
by JOHN LENAC

RACE TO THE FINISH LINE: With just a handful of weeks left in the reporting year, everyone's schedule has kicked into overdrive. As I grind the gears, playing Frogger with my time management, I look forward to what lies ahead in 2004... Well over a year ago, **Alan Galbraith** and the **Wind-up** crew launched the first **Seether** single and drove it to #1. Since then, they've had another Top 10 and just exploded into the Top 10 again with "Gasoline." Our friends at **WYSP** added it today along with another one of our faves, the new **Hoobastank**. **MTV**, **KUFO** and **WRAT** also found room for the smash "Out of Control." The guys are killing it on the road. Ask **WEBN's The Dude** about the post-party he had with the band during his live "Rubber Room" broadcast after their Cincinnati show... After my wife cranked **Foo Fighters'** "Darling Nikki" a couple of times at the Lenac casa, our son decided to put on his own show at a department store. Fortunately, he sang (shouted) what he *thought* Dave was singing: "...the lights went out and Nikki started to cry"... I can't stop singing along to the entire **Jet** album. **KSJO's Zakk Tyler** is a fan and just caught their show. "The band really kicks ass live. Each member has his own distinctive character, but they play as one unit. It's obvious they're stars and 'Are You Gonna Be My Girl' sounds awesome on the air." **Mattman**, from Zakk's old stomping grounds of **WTPT**, says: "I wasn't sure about it at first, but now it makes me want to dance and shit—take my clothes off." **KAZR** is the latest to add the infectious hit. Props to **Jo Michaels** for giving it the nod. In between trading sarcastic jabs with me, Jo couldn't stop raving about **Chevelle**: "'Closure' is another smash for the **Loeffler** brothers and is heading straight to the top of the chart." **WCPR's Mitch Cry** agrees: "Will we have another #1 with these guys? Only you can prevent forest fires." Their labelmates **Audioslave** broke into the Top 20—AGAIN! **KUPD** is among the new adds and as **Larry McFeele** says, "'I Am the Highway' is just another hit in the **Epic** library." So true, Lar. **Cheryl** and **Adan** have **KoRn's** "Right Now" inside the Top 15, with MUCH impressive callout continuing to come back. **Jonathan** and the boys just started their **Back 2 Basics** tour with **Limp Bizkit**. **WGIR's Valorie Knight** tells me that their version of "Behind Blue Eyes" is dominating the phones. "It's #1 and KoRn is right behind it with #2 phones." She also shares: "My favorite song on the air is 'Heaven's a Lie' from **Lacuna Coil**. It really stands out in the mix, we completely own it and they're selling a ton of albums here"... **Godsmack** owns #1 Most Added honors this week. **Universal's Howard Leon** also nabbed new **Element Eighty** adds at **WLZR**, **KATT** and **WKLO**... **The Darkness** is also Most Added, with new love from **WRIF**, **WCCC** and **WKLO**. **KDOT's Jave Patterson** is elated that he's finally getting some use out of the spandex portion of his wardrobe. "Reaction from our listeners is getting better and better. The negatives are turning into positives. Their album is amazing—sounds like **AC/DC** meets **David Bowie**." Congrats to their **Atlantic** labelmates **P.O.D.** on a 100k+ retail debut... Congrats also to **Lava's Dorfman** and **Delaney** on another strong week with **Smile Empty Soul**, new at **KBPI**, **WTFX**, **WRXR**, **KMRQ** and **WRXW**... If you hate holiday shopping as much as I do, maybe these two recommendations can help. For the sports nut, try the **Raider Nation DVD** (www.raidernationfilm.com). Even if you're not a card-carrying member of the Nation, it's entertaining and our favorite Sacramento freak, **KRXQ's Paul Marshall**, is the hero in it. The other is the **Tenacious D DVD** set, *The Complete Master Works*... **BUZZIN:** **Paris Hilton**, **Jules Riley**, **Bill Burrs**, **Joe Guzik**, **Dennis Blair**, **Gregg Steele**, **Skraper** (new at **KUPD**), **AFI** (#2 Most Added!), **Trapt**... Juliette and Kim found Lil Max\$O refreshing—especially after spending another day changing and burping programmers.

HITS-MA-HUSTLE

by Kim Hughes

BURNIN' DOWN THE HOUSE: While the music business resembles the California landscape after Firestorm 2003, with **DreamWorks** about to become part of **Jimmy Iovine's Interscope**, that label continues to offer fresh new marketing ideas to entice music buyers into stores and keep their business afloat. **G-Unit's Beg for Mercy** streets this Friday (11/14), and four lucky people could score one of the "golden tickets" hiding in four separate CDs. Each winning ticketholder will snag a diamond-laden G-Unit medallion valued at \$12,500. Now that's some value-added ice! On the subject of marketing to your target demo, my friend **Brad Grein** IMed me **KDHT's** line-up for their upcoming show on Dec. 2. You know their audience will be bling-blinging to the **YoundBloodz**, **Bubba Sparxx**, **Ying Yang Twins**, **YoungGunz**, **David Banner**, **Rah Digga** and **Big Moe**. Smokin'! On the charity front, **P. Diddy** raised two million bucks—double what he planned—for his children's charities and NYC public schools running on a bum knee in the NYC Marathon. He said he "definitely wanted to stop," but didn't and had a "life-changing experience because of it." Our record pals never say die either, as Q4 heads into the home stretch... **Arista's Sackheim** increases **OutKast's** "The Way..." +153, holding steady at #7. "Hey Ya" enjoys huge gains, up +658. It's #1 phones for **Crash** and #2 says **Vinny**. **Kelis** milks it with a healthy #19-15 move. "Milkshake" is requesting big for **B. Brian** at **XM/The City** and a "smash," says **Erik Bradley**. Oh and check your **TLC f/Lil Jon**. "Come Get Some," is a heater, so don't sleep!... **Geffen's Maffei** shines with mighty **Mya** soaring #36 -26. "Fallen" has #3 phones on **XM/The City's** countdown and makes **KUUU's** as well, according to **Kevin**. **Greg Williams** reports #4 phones. **Avant's** already #1 phones at **WZMX** and #2 research. **WHHH** pulls Top 10 callout, so you know **Tom's** psyched "I Can Read Your Mind" debuts #38 **Mediabase**... **Interscope** rapper **Obie Trice's** "The Set Up," is doing just that with Top

Five Research at **KKFR** pre-impact and 150 mix-show spins nationwide. **Nino** and **Brian** snare **Hot 97** and **WJMN** adds early so no need to wait on this banger. And their **Tupac** and **Biggie** record is Top Five phones everywhere... My old partner in crime **Feather** predicted **Jive's Nick Cannon** would be a hit. Well, he called to report Top Five phones on "Gigolo" at **KYLZ**, which debuts at #32 **Mediabase**. **Strazza's** sailin' now with Top requests at **KZZP**, **KLUC** and **WWKX**... **Epic's Ayelet** and **Mike** lay-up **Beyonce** for **Charlie**—debuting "Me Myself and I" #35 **Mediabase**. See the video on **MTV** and **BET**. Then, their **Jagged Edge** cruises #21 - #18. **WJMN** battled it, and it dominated 4 nights! Also performing is **Bow Wow** hopping #37 - #32. **Kevin** says "My Baby" is #1 phones at **KUUU**... **MSC's Whited** does his thang for **Warren G**. He told me

"Gangsta Nation" performs beautifully for **KPWR** and **KYLD** and demonstrates hit potential in Texas at **KDHT**. **Big Bink** says **Candy** loves it so he's gonna start mixin' it in too! This record can work anywhere, simply spike and see... **Universal's Gary**, **Chuck** and **Warren** do backflips for **Duarte**, grabbing #1 phones at **KYLD**, **Z90**, **KQKS** and **KPRR**. **Buzz** told me he liked it so much he added it without promotion (LOL). The trio takes **Murphy Lee** Top 10. They're also impacting **Juvenile's** "In My Life" (11/25), and have **Nelly's** "Iz U" hittin' at **MTV**—now #17 **Mediabase**... **DreamWorks' Tuggey** fights for her girls **JS**, whose "Love Angel" is in hot rotation for **KRRG's Rob** and develops nicely for **WPHI's Colby**. I LOVE NEW YORK: I was in New York last week and I had a really great time. I got there on Saturday morning and went non-stop until I left on Thursday morning. Saturday night I went for dinner and drinks with bunch of old friends including, Hakimah Shah, Gita Williams, Shawn Norman, Aisha Allen and Dawn. After Dinner, we went to meet two more friends for drinks, and we didn't get home until 7:00 the next morning. Needless to say, Sunday was a day of rest so I could be coherent for my meetings on Monday and Tuesday. I lived and worked in NYC for several years, but I never really went to other peoples' offices, so it was really interesting to see where everyone works. I started off over at J Records with Ken Wilson and Cynthia Johnson. They played the new Luther single, "Think About You," for me, and it's a very pretty record. Ken also told me that the new Reuben Studdard record will be out before the end of the year. After the huge Clay Aiken debut, there's definitely a lot of pressure on Reuben to perform, but I hear the single is great... My next stop was Sony Music to see David McPherson, and that was interesting. I've known David since his days at Jive, so to see him as the big boss of the urban division was pretty funny. It was great to see him, and I also got to see a lot of other great people including Rodney Shealey, David Lawrence, James Brown and Sherri Warren... Of course, I had to see my girl Niki Benjamin, so my last stop of the day was at Jive. I got to see a lot of my former co-workers, which was great. There are so many talented people there, including Denise George, Roberta Magrini, Claudine Atout, Craig Davis, John Strazza and Wanda... That night, I had a great dinner with Geo Bivins, who has been having an amazing year. He has been instrumental in turning Chingy into a certified star, and now he's developing an incredible national picture on Westside Connection. Make sure you don't miss his new artist, I-20, who's also from the Disturbin Tha Peace camp. At dinner, Geo gave me an advance album from another new artist, Van Hunt, and it's great. As a matter of fact, my friend Shawn liked it so much, she kept it... For my last night in NYC, I had another great dinner with all of my friends, and this time Greg Powell came, too. He's still getting settled in at Virgin, but I think he's going to do very well. He has quite a few records coming up before the end of the year, including a new Beenie Man, a new Drag-On single called "Bang Bang Boom" and the first single from Jin—the guy who won "Freestyle Fridays" like eight weeks in a row on 106 and Park—and last but not least, a new Janet record. So make sure you holla at Greg. That's it for me! Thanks to everyone in New York for a great time!

A MILLION & COUNTING... Waz listenin' to Skins fan/Washington Post sportswriter Tony Kornheiser on ESPN radio talkin' about the celebration for the one millionth subscriber he'd just attended @ the XM Satellite studios in D.C. & thinkin' hey, this is it. XM's gonna make it. Folks who're sick of commercial radio now have an alternative & it's working. & for those mix Djz who either had "regular radio" turn itz back on them or vice versa, they now have a place that wants them to be themselves & play the hottt shittt w/o restraint. Whatta concept. B. Brian, the PD of "67 The City," one of XM's Urban channels, sez: "When a record comes across my desk, I can just put it on the air if I think it makes sense. I don't have to research it, talk to folks above me, etc. If it sounds good, I play it. I love the freedom. In my FM career, there was always music that I wanted to play, but because of the design of the playlists, I couldn't. At XM, the rotations aren't as tight, which allows me the ability to expose more new muzic to our subscribers az well az rotate more potential hit records. This freedom applies to our mix shows, where we can play two or three new songs in a row, which we couldn't in FM w/o gettin' 'hot-lined!' This iz a dream radio job. The only thing I miss about FM is doing remotes, but this iz definitely more innovative & challenging & just more fun overall." Doc B (XM/WKKV): "With commercial radio, familiarity iz the formula, whether or not it's a great song. XM gives you a chance to build a record from the ground up without that pressure to produce numbers right away and the proof iz in the subscription numbers that XM has accomplished. I'm glad to be a part of it!" Also, look for So So Def Radio to debut shortly 4p-6p Sat on B Brian's channel... Congrats to Jay-Z, who nails #1 on this week's Commercial Radio Mix Show Conference Call, while Obie Trice takes #1 on the unda. RERAP

BY MARK PEARSON

As Universal Music and Video Distribution continues to roll out its new JumpSTART pricing plan, Virgin Entertainment Group CEO Glen Ward seemingly stands alone in his refusal to give UMVD the terms they require to participate in the program. VEG has cut off all contact with the marketshare leader and continues to put the small quantities of UMVD product they do carry alphabetically in bins. No hit walls, no end caps, no windows feature any Universal acts. Although Ward will not comment, word has it that one-stops that have been supplying VEG with Universal titles are being pressured by UMVD to stop. How long can what Ward refers to as an "impasse" continue? One would have to surmise that it has to be hurting Virgin's bottom line by not featuring product that would otherwise be accounting for some 30% of their music revenues during the most important retail sales period of the year. But Ward downplays that notion: "Thank goodness everybody else is doing quite nicely at the mo-

ment," he says referring in part to BMG's current chart dominance. "Business has been pretty good." According to Ward, the current conflict hasn't changed any of VEG's expansion plans. Virgin currently operates 22 stores in the States and Ward says they are just about to announce two new locations to open in 2004. Also, VEG is in the process of refurbishing the eight-year-old 40,000 sq. ft. S.F. location with an eye to re-launch the store the first week of December. Ward indicates will represent the next generation of Virgin Mega-Stores and will feature an even broader mix of product lines than the current incarnations. Although he stresses that music will remain VEG's core business, the new store will shrink its music to non-music mix from 60/40 to 50/50. "That's just a reflection of what's going on in the marketplace anyway," says Ward. "It's not a case of substituting other products, but hopefully seeing incremental business"... At presstime, **Best Buy** is putting the hugely controversial **Rolling Stones Four Flicks** live DVD set on their shelves, which has set off a bitter debate in the retail community over BB's exclusive rights throughout the holiday season. BB Entertainment honcho **Gary Arnold** defends his company's stance saying, "I started these discussions with Michael Cohl from **TGA Entertainment** at NARM. Every retailer in the nation was there. They were talking to any number of people, and we just happened to close the deal."

by **Babbil Hach**

It's been a #1 Most Added first week for Evanescence's "My Immortal," guided by the expertise of Wind-Up's Lori Holder-Anderson. Adds include WOAL, WMBZ, KQMB, KURB and WOZN. Hot spins at KPEK, KALC, WKSZ, KSII and KALZ. They'll be performing on the AMAs 11/16 and the *Billboard Music Awards* 12/10. Bob Guiney is on your desk now with his "Girlfriend" impacting 11/17. "Bob who," you ask? He's the hot single guy on *The Bachelor*. Catch him on *The View* on 11/10, *Oprah* 11/11 and all over the country at Barnes and Noble with book signings. Early action at KFBZ... Happy Belated B-Day to Elektra's Michelle Babbitt, who requests Jason Mraz adds in lieu of wine, flowers or gift certificates. It's not much to ask, considering this one's hit potential in rollout already at WTMX, WPTE and KJZS. Top requests at WMMX and KOSO. New at WBNS, WVMX, WKZN and WNNK... Universal's Dave Reynolds is on the prowl for Jack Johnson's latest, "Taylor." New at KLLC, KFMB, KOSO, KMHX and KVUU. Leading the way at WBMX, WWZZ, KALC, KPEK and KYSR... Killer live shows drive word of mouth on VZ's Katy Rose, and Matt Pollack and Cheryl Khaner know it. Says KLLC's Derek Madden, "At a time when it's difficult to get people to react to ANYTHING, Katy Rose has lit up our phone lines. Top 10 requests." With Hot AC paving the way for the January Top 40 release, this teen talent is headed for big things... Next to the word "catchy" in the dictionary: Virgin's Ben Harper, as promo dynamos Danny Cooper and Jason McFadden pound this one home. New at WKRQ and WPTE, along with solid airplay at KEZR, WKSZ, WOZN, WYMA and KAMX. Not content to be red-hot at Top 40, Stacie Orrico has a good story building at Hot AC. Great spins at KJZS, WTSS, KRSK, WZPL and KBIG; new at WPTE and KLLY... That loud whistle you hear is Columbia's oncoming Train. Engineers Pete Cosenza and Laura LaBadia keep stoking the fire, scoring Top 5 callout at KSRQ. Big spins at KSTP, WMC, WKZN, WMMX and KRSK; new at WWZZ, WCSQ and KURB... Chalk up another hit for Maverick/WB's Michelle Branch, thanks to the team of Maverick's Ken Lueck and WB's Debbie Cerchione. Top requests at WTIC, WSNE, WIXM, WLNK and WKDD. #11 callout at KLCA. Closeout adds at WMYX, WTSS, WKTI and KMXB. Haven't you figured out by now that Seal is the surprise smash of Q4? Solid spins at WOAL, WDDV, KFMB and KCDU. New at WMMX and KYKY. Great requests at WWZZ, WLNK and KURB... The Epic team of Bonnie Goldner and Kevin Powell score Most Added laurels on Howie Day, including WOMX, WLNK, WWZZ, WRVE and WHYN. Great spins at WTMX, KPLZ, WZPL, WOAL and KMHX. Nice growth for Fuel, which is energized by top requests and big callout at WKRQ, WYMA, KLCA and WMBZ, not to mention solid spins at WMBZ, WYMA, KZPT and WPTE. New at KPEK, WWZZ and KVUU... Arista's Etta Zisselman has two rockets in her pocket: Dido and Sarah McLachlan. Both songs are total home runs and scream female!!! Dido is getting Top callout everywhere, including KFMB, KLLC, WOMX, WRVE, KRSK and WBMX. Sarah is also exploding in research, including WDDV, KFMB, KAMX, KPLZ and WTMX. Top requests everywhere... DreamWorks may be changing hands, but Marc Ratner is rockin' with Nelly Furtado. "Powerless" had another +100 spin jump on the chart. Catch her on MTV's *The Leak* 11/17, *Good Morning America* 11/24, *Leno* 11/26 and *Regis and Kelly* 12/5. Top requests at KMXB, KLLC and KOSO... Sanctuary's Drew Murray has females demanding Meat Loaf's latest. Top callout at KSTZ and great spins at WTSS, WRFY, KFME and KFBZ. New at WKSZ... RCA Music Group's promo stud, Adrian Moreira, is expanding the success of core Hot AC artist Dave Matthews. Leading the way at WPLJ, WWZZ, KPEK and WYMA. The album has sold over 900k. Dave will be touring with the *Some Devil* band this winter and doing lots of media everywhere, including *Saturday Night Live* and two appearances on *Letterman*. From the soundtrack to "Love Actually," likely to be a holiday blockbuster, comes "The Trouble With Love Is," from Kelly Clarkson. The song has perfect placement in the middle of the flick, playing for 2... minutes. New at WTIC, WMC, KURB, KSII and KCDU... You need only hear the new track from Reprise's Barenaked Ladies once and you will sing it all day. Alex Coronffy reports Top 15 callout or better at WPTE, WMMX, WKRQ, WMYX and WLNK. Closing out at WOMX, WEZF and WKZN... New Jersey power pop stares down #1 at Top 40 and keeps building at Hot AC, as S-Curve's Fountains of Wayne smash continues to astound. EMI Music Collective's Kevin Carroll and Mitch Mills are getting Top 10 callout at WKRQ and big ol' spins at WPLJ, WMYX, WZPL, WTSS and WOZN... KOCH's Chuck Oliner keeps crushing on behalf of The Bangles, who are enjoying success at WZPT, WMBZ, KLLY, KYIS and WMC. Women love soap operas, and "Leave the Light On" by Beth Hart is all over CBS Daytime. The track will be in 30-second spots promoting *The Guiding Light*, slated for a 16-week run... Prepare yourselves for IDJ's Fefe Dobson, going on 11/24. Mike Easterlin is all about this future star. KMXB couldn't wait... Records I love: Norah Jones and Kelly Clarkson. See ya!

You can't imagine so many monkeys in the daily mail
All of them coming anonymously so they leave no trail
I never thought I'd have an admirer from overseas
But someone is sending me stationary filled with
chimpanzees. Some chimps in swimsuits, some chimps
are swinging from a vine Some chimps in jackboots,
some chimps that wish they could be mine. Starsky and
Hutch chimps, a chimp who's sitting on the can A pair
of Dutch chimps who send their love from Amsterdam.
Another postcard with chimpanzees And every one is
addressed to me. If I had to guess, I'd say the monkey-
sender thinks it's great He's sending me, maybe she's
sending me just to see me get irate I'm losing sleep -
and it's gonna be keeping me up all night I thought it was
funny, but now I've got money on a monkey fight. Some
chimps in hard hats, chimps a-working on a chain gang

Barenaked Ladies Another Postcard

Some chimps who love cats, burning
rubber in a Mustang A birthday-wishing chimp, a chimp in black
like a goth A goin' fishin' chimp, a British chimp in the bath.
Another postcard with chimpanzees And every one is addressed to
me. Somehow they followed me even though I packed and moved my
home No matter what, they come and they come they won't leave me
alone Another monkey in the mail could make me lose my mind But
look at me shuffling through the stack until I finally find Some
chimps in swimsuits Some chimps in Jackboots Some chimps in hard
hats Some chimps who love cats I've got some shaved chimps; that's
chimps devoid of any hair I've got depraved chimps dressed up in
women's underwear. Another postcard with chimpanzees And every one is
addressed to me. Every one is every one is every one is addressed to me.
