P.As Of Warner Bros/7 Arts Artists Boost Disc Sales

Montreal: Clyde McGregor, national sales for Warner Bros Seven Arts Records reports excellent sales following several appearances of their recording artists.

Jethro Tull, who appeared in London, Ont (4) are now seeing action on their deck of "Song For Jeffrey". Noel Harrison, who has received excellent television coverage recently is showing action on his lid of "Windmills". Glen Yarbrough product is chalking up excellent sales in the Toronto area, much of it due his Massey Hall appearance (4). Joni Mitchell, receiving much press coverage lately makes appearances in Ottawa (14) and in Montreal (15). Joni will also be the subject of an upcoming Miss Chatelaine feature story.

Don Ho into Toronto's Massey Hall April 17. Ontario's branch manager Gordon Edwards, just back from a couple of weeks in Acapulco, cur-

rently launching a Ho promotion to cash in on this appearance.

Trini Lopez moves into Montreal's Playboy Club for 10 days commencing April 26.

The recently released "Laugh-In 69" LP is showing signs of being a biggie. Says McGregor, "It's helping a lot of dealers laugh all the way to the (Bur)Bank."

A lot of promotional time has been spent by McGregor in getting "Do Your Thing" by Watts 103rd. St. Rhythm Band off the ground in Canada. Now it looks like he has a sleeper. Sales have been excellent and radio play fair, but now it appears that McGregor's efforts have paid off. Many radio stations across the country have just this past week realized the potential of "Thing". Petula Clark has made good strides up the chart with her single of "Happy Heart". "Next", says McGregor, "is 'Green-sleeves' by Mason Williams."

PM Howard Scores With Original Material

Toronto: One of the most sought after rewards a performer looks for is audience approval of his original material. The Pornographic Onion has that type of audience and PM Howard, who appeared there the weekend of Mar 29 gave them a good sampling of his own material plus penning by several other Canadian performer/composers.

Some of Howard's material was so new he didn't come up with a title for several of his compositions. His big and exceptionally well trained voice brought out the best in the Donna Marie Debolt's composition of "Stoney Day" and "Highway" by Murray McLaughlan. Art Gee's "Bottled Day Dreams" was an obvious crowd pleaser. Howard's own "Mandarin Candle" was a piece of art and laid bare, the qualities of his deep and sensitive delivery. Another Howard composition "Summery" which he co-wrote with Jane Showles was also outstanding and another reason why PM Howard will no doubt become a very important part of the North American coffee house circuit.

Howard has been off the music scene for several months, having been involved with the Toronto Work-

shop Theatre. Prior to his Onion appearance he was well received at Hamilton's newest coffee house, Catamavik. He is skedded for an appearance on CTV's "It's Happening" sometime in May.

BEATLES REMIX

Toronto: The new Beatle single "Get Back" (Apple 2490-F) has been rush released after a fast remix. The single, which features American Billy Preston on the organ, hadn't been slated for release until the end of April or early May.

The single is a mover with a fast tempo and a raving vocal by Paul McCartney. The session took place in Apple's new basement studio on Saville Row in London.

A few early copies that were received by disc jockeys were withdrawn for this fast remix which will be available about the same time as press time.

The flip is titled "Don't Let Me Down". This is a slower side and features John Lennon as vocalist. Both sides are Lennon-McCartney compositions.

JOHN ALLAN CAMERON IN TORONTO TALKS

Toronto: John Allan Cameron, Apex recording star, who has just passed the 10,000 units sold with his LP "Here Comes John Allan Cameron", in Toronto for talks with radio and television execs.

Cameron has been signed for the Newport Folk Festival as well as Canada's Mariposa Folk Festival. A Toronto night club engagement is expected to be announced shortly. It's also been reported that negotiations are underway for Cameron's LP to be released in the U.S.

NEW LABELS & DISTRIBS FOR CMA

Toronto: Jury Krytiuk, of Canadian Music Sales, announces that CMA have signed an agreement with Rusalka Records of Toronto for distribution of their product throughout Canada. Rusalka is one of the largest North American companies producing Ukrainian product.

Other labels recently acquired for Canadian distribution include: Glenside, Venus, Telestar and Arka.

Jury also announces the addition of two new distributors: Atlantic Musical Instruments, for the Maritimes; and Electrical Supplies Ltd, for Manitoba and Saskatchewan. CMA also have distributors in Vancouver, Calgary and Montreal.

CANADIAN SOUND HEARD THROUGHOUT WORLD

Toronto: While the battle for the recognition of Canadian talent goes on at home, there are several Canadians abroad who have, whether by accident or intention, created an interest in the Canadian Sound. Perhaps the most successful is David Clayton Thomas who, although not officially regarded the leader, has lead Columbia's Blood Sweat & Tears into the realm of "hitdom", and has topped many of the charts across the nation. These same radio stations ignored Thomas with his self produced releases of a few years ago including "Out Of The Sunshine" considered by many as one of the finest recordings to come out of Canada. Now that it has been established internationally that Blood Sweat & Tears are a top rated singles and album recording unit, Canadians generally are heralding the fact that David Clayton Thomas is lead singer. The Thomas style hasn't changed, he's just been recognized by other than Canadians. "You've Made Me So Very Happy" could become one of the top selling singles in Columbia's roster. The LP under title of the name of the group would also appear destined for the "top seller" bracket.

The Guess Who, a wholly Canadian group, who reside in Winnipeg, are about to make Canadian history — once again. This time however, they're climbing the Cash Box 100 chart so rapidly with their Nimbus Nine production of "These Eyes", it's almost a certainty they'll have a No. 1 hit within three weeks. Their other history making venture was with "Shakin' All Over", which established them as the first Canadian group to grab a birth on the Cash Box 100, which resulted in a quarter of a million units sold.

Andy Kim, who maintains residences in Canada and the U.S. had been knocking around the Canadian recording industry for several years experiencing disappointment after disappointment until an American record producer with an ear for potential, discovered him and crashed the international barrier with a Steed release of "How'd We Ever Get This Way". Again, Canadians, with gentle prodding by Quality Records, accepted an American discovered Canadian talent and even went so far as to vote him Canada's Top Male Vocalist in the RPM Awards of 1968.

Edmonton's Ken Chaney brought the Canadian sound to Young Holt Unlimited. Shortly after he joined the group, they were off and climbing the charts with their Brunswick single "Soulful Strut". Their initial album release for the label has also chalked up considerable sales. Chaney has also lived in Montreal and Toronto. He has just completed a successful engagement at Montreal's Esquire Show Bar, and also an excellent week with Young Holt Unlimited at Toronto's Colonial Tavern. He lives in Chicago with his wife and is skedded for the recording studios with producer Ted White for his first solo bit. His first

single, his own original, "Young And Hopeful" will be an instrumental with a chorus of voices. Chaney is highly regarded as a pianist and organist and has created much club interest with his method of playing the piano from the inside, plucking the strings with his fingers and sometimes with guitar picks. It's no doubt that Chaney's talents on the piano has been instrumental in advancing Young Holt Unlimited into public demand. Chaney wrote, "Just A Melody", the flip of their most recent chart climber "Who's Making Love". Young Holt Unlimited, now a quartet with the addition of a horn, will appear on the Mike Douglas Show, April 24.

A very quiet Canadian, who isn't making much noise on the chart scene but is perhaps the highest paid and most sustaining of club pianists is Montrealeur Reg Wilson, who has been held over for four weeks at Toronto's Cav-A-Bob. Wilson is also the proud owner of a fast selling United Artists LP "88 Keys And A Girl", which was produced by Leroy Holmes. The album is somewhat unique — an instrumental, utilizing the sound of a female voice as an instrument (obligato). A single "Windmills Of Your Mind" is expected to be culled from the set. Wilson chalked up excellent sales with his last single release "Allegro From McArthur Park", which had a lush string backing. Unfortunately this single was not released in Canada. Making his home in New York, Wilson has set a record for a continuous date at Jilly's, New York, 12 months. While playing Jilly's in Miami he was the piano player featured in the movie "Lady In Cement" which starred Frank Sinatra. Wilson is quite familiar with the club scene, having owned Montreal's popular Penthouse, which is perhaps the reason for his success as a performer. He's capable of sizing up the situation and with his top rated side-

men; Dave Sibley, on bass; and drummer Pete LoPinto, lays down an atmosphere of just enough musical excitement to keep the patrons happy and management asking for extensions. The gal pictured with Wilson on his album is his fiancee Sylvia Ellesworth from Cape Breton. Sylvia is a well known and extremely successful model and actress. They're to be married in New York July 26.

There are many other Canadians making their sound known throughout the world. From Warner Bros-Seven Arts comes a full roster including Joni Mitchell, Neil Young, The Collectors, Kensington Market and Allan Bruce.

London's Sugar 'N Spice are now catching the international ear with their single of "Cruel War".

From the Quality camp comes international recognition of the 49th Parallel's "Twilight Woman", "If There's A Thought" by Happy Feeling, and The Churls, who have seen U.S. action on their A&M LP release.

Steppenwolf, distributed in Canada by RCA, have acquired international recognition mainly due the talents of their drummer Gerry McCrohan, and bass player Klaus Kassbaum. Mars Bonfire (real name Dennis McCrohan) brother of Steppenwolf's drummer, has gone solo and stands an excellent chance at the international market with his Columbia lid of "Faster Than The Speed Of Life". The Paupers, Ian & Sylvia, Rich Little, Gary Buck, Lynn Jones, Diane Leigh, and many many more waiting in the sidelines for that big break.

Perhaps the Canadian talent who stands at the head of his class, in view of the fact he's gaining international recognition the hard way, is Gordon Lightfoot. He hasn't cracked the barrier as a performer as yet, but as a songwriter, he is regarded as Canada's most successful. Ironically

with a copy of his CTL pressing. RCA has given a new look and caption to Lucio Agostini's CTL LP. It's been dubbed "Cold Shoulder And Hot Brass".

Carlton Showband To Assist In Newfoundland's 20th Anniversary

Toronto: Pam Fernie, of Variety Artists Productions, announces that the Carlton Showband will help celebrate Newfoundland's 20th Anniversary of Confederation by being the official group to tour the Province from May 2 through the 14th. Premier Joey Smallwood along with members of the Cabinet will attend the opening celebrations. The Band will also

make 5 television appearances throughout the Province.

Recent appearances by The Band in Toronto, and their weekly showing on CTV's "Pig & Whistle" have figured significantly in the increase in sales of their RCA LP product. It's expected that RCA will launch a promotional campaign to tie-in with the Band's Newfoundland tour.

BLOCK BOOKING AT WATERLOO U

Kitchener: A jointly sponsored Block Booking Entertainment Conference has been arranged by Waterloo Lutheran University and the University of Waterloo to take place from May 8 through May 11, at the University of Waterloo.

Several important eastern Canadian areas as well as those from the

U.S. bordering Canada will be represented including the Atlantic Provinces, Quebec, Ontario, Ohio and Michigan.

Delegates from more than 500 American and Canadian universities and community colleges have been invited to the Conference.

This is the third such Conference to be held in Canada and the largest of its kind ever held in Canada. The conference will feature a showcase of twenty top pop concert bands and comedians with hopes of acquiring a sizeable circuit.

George Stan, spokesman for the

Rotary Club Presents Talent Show

Scarborough, Ont: The Rotary Club of North Scarborough has set April 11th as the date for presentation of their fifth annual talent show, at the Cedarbrae Collegiate in Scarborough.

The 16 high schools in Scarborough were invited to submit their best acts in each of 4 categories - classical, popular, folk and instrumental. An elimination contest was held a few weeks ago at which time 20 acts were chosen to take part in the final judging.

Emcee of the show is Ken Watts. Judges are Vanda King, Elmer Eisler, and Sidney Banks.

Prizes are: \$150 for top honours; \$100 for second; and \$50 as the third prize, regardless of category.

APEX RELEASE FOR BUCKSTONE

Toronto: Buckstone Hardware, originally from North Bay, release their first Apex single "Pack It In", a Meatworm Production, cut at Sound Canada Studios. The group just completed a week at the Electric Circus and were recently featured on the CBC-TV's "Sunday Morning". This excellent exposure plus the many local and area appearances for the group has created a solid regional market for their single.

College Entertainment Conference (CEC) points up the fact that the Conference has other objectives. One of these being the hoped for impact on the Canadian musicians union and its agents to force a change in the promotion of bands. Invitees to this Conference control a budget estimated at \$50,000,000.00 annually for the buying of entertainment.

Another important point to be raised at the Conference is the desired changes by the Colleges in the musicians contract and the contract rider. Suitable papers will be circulated among those attending with respect to all aspects of the college promotion scene and those topics expected to create controversy.

Those requiring further information should direct their enquiries to Mr. George Stan, CEC Student Federation Campus Centre, University of Waterloo.

RICHARD ROBINSON ■

The Beach Boys' relationship with their American record company, Capitol Records, has apparently come to an end. The group filed suit last week in Los Angeles Superior Court against Capitol for over two million dollars.

At the same time the suit was filed, the group revealed that they have severed their seven year relationship with Capitol and have formed their own record label to be called Brother Records.

According to the group's business manager the lawsuit arises from a 1967 audit of Capitol's books by an accounting firm which revealed an alleged deficiency in royalty payments of at least \$622,618 and demands payment of \$1,418,827 in producer's fees for Brian Wilson who performed producer services at Capitol's request.

For their new record label the group is hoping to create the furthest reaching music company ever established. Already owning three music publishing companies, they plan to build their own sixteen track recording studio within their office complex. In addition they own a company that leases their sound system and another company that packages The Beach Boys and other artists concert tours.

Brother Records will also have a different policy in dealing with artists than most record companies have. Their manager, Nicholas Grillo, explains how they hope to create a relationship with artists that will "revolutionize" the recording business by eliminating exploitation. He says, "All artists on Brother Records will participate in the company's profits, predicated on a formula still to be devised. Artists will be offered complete financial protection through Financial Concepts, Inc., a management company, that will perform complete accounting services and offer financial and investment advice to personnel connected with Brother Records."

The Beach Boys, by the way, own Financial Concepts Inc. That company is already operating a real estate syndicate and a cardiac vascular clinic.

In fact the group is initiating an enormous conglomerate of business enterprises emanating from their new offices in Hollywood where they are building the recording studio. These include a recording company, a publishing firm, a travel agency, a business management company, a personal management company, and a concert production firm.

I think that it is just 'charming' that the Beach Boys are starting their own record label and that they believe Capitol owes them all that money. But I'd think twice before I sent anybody off to record for Brother Records. First because I haven't seen any major Beach Boy hits on the charts recently, second because I don't like a record company that sends me over to a management firm to check up on it both of which are owned by the same people. But then again, maybe I'm only a junior capitalist. I wish the group luck.

The first lady of soul, Aretha Franklin, will headline an incredible show scheduled to be held in Houston, Texas on June 13-15th at the Astrodome. The three day gala is called Soul Bowl '69 and is being organized by the International Afro Musical And Cultural Foundation. Aretha's father, The Reverend C.L. Franklin is President of the foundation.

The purpose of the Soul Bowl is to raise money to promote low cost housing in the U.S.'s ghettos and to promote lending institutions designed to aid in the establishment of small businesses.

Aretha will be joined at the show by Ray Charles, Sam & Dave, Percy Sledge, Jimmy Witherspoon, Redd Foxx, and Johnny Guitar Watson. In addition there will be an evening of gospel during the three days which will feature The Staple Singers and Clara Ward. Other musical categories to be represented at the festival will be African and West Indian, Blues, Ballads and Pop, Jazz, and Rock and Roll.

Reverend Franklin looks upon Soul Bowl '69 as black America's answer to the predominately white-oriented Orange Bowl, Cotton Bowl, Rose Bowl, and Kentucky Derby events. He is hopeful that the festival will develop into an annual affair for black Americans.

The Band is coming out of hiding. Bob Dylan's backup group, now selling on their own first album, will undertake personal appearances starting this summer at Winterland in San Francisco.

COLUMBIA'S "LADY" PASSES QUARTER MILLION UNITS SOLD

Toronto: Since the release of Columbia's Original Cast LP of "My Fair Lady" in April of 1959, a record breaking 250,000 units sold has been registered in Canada.

Recorded in London February 1st, 1959, the LP features Rex Harrison, Julie Andrews and Stanley Holloway.

Adapted from Bernard Shaw's "Pygmalion" by Alan Jay Lerner, the music was written by Frederick Loewe, and produced for records by Goddard Lieberson with the production staged by Moss Hart.

"Lady" was one of the first 8 track cartridges released by Columbia and has since registered an exceptionally high return. In view of this success and the sustaining disc sales, Columbia tagged "Lady" as top priority for their entry into cassette releases.

One of the most famous LP covers in the world "My Fair Lady"

Los Angeles: Contemporary Public Relations reports that the Bee Gees, currently climbing the charts with the Atco single "The First Of May" have had a design of racing car named after them. A formula Ford seater racer, the car was designed by an engineering firm in Leicester, England.

Colin Petersen, Bee Gee drummer, is a racing enthusiast and owner of a 130 mph Broadspeed Mini. The group is apparently delighted over the transaction and hope to test the cars soon. It's also expected that the group may sponsor an entry in a coming meet.

Screen Gems Columbia; its American distributor, Atlantic Records and their Canadian distributor, Quality Records Limited.

Sedaka's French recording of "Lovers", ("Amour Perdu") has received much exposure on several French/Canadian radio stations resulting in excellent showings on many of the Province's charts.

Montreal: Adrian Bilodeau, National Sales Manager, London Records of Canada Ltd. announces the move to National Promotion for Mr. Pierre Bellemere. He was previously sales and promotion representative at London's Quebec Branch. Bellemere will

assist Bilodeau in all areas of promotion and will assume responsibility for promotion on a national basis. Mr. Jean Luc Dionne has been named promotion representative for the Quebec Branch, filling the vacancy by Bellemere's promotion.

POLYDOR LAUNCH LIFE PROMOTION

Special window streamers and in-store displays have also been sent out across Canada, to herald the release of the Life single.

COLUMBIA MOVES INTO CASSETTES

Toronto: Mr. Bill Eaton, national promotion for Columbia Records of Canada Ltd. announces the move into cassettes by the firm.

Initial release contains many top sellers from the disc scene including Marty Robbins' "I Walk Alone", "Bob Dylan's Greatest Hits", "Bookends" by Simon & Garfinel, "Donovan's Greatest Hits" and many others. The release also includes 21 cassettes by French Canadian artists including 6 from Claude Leveillee; 4 from Monique Leyrac; 4 from Gilles Vigneault; 3 from Andre Gagnon; and 1 each from

Les Compagnons De La Chanson, Caravelli, Renee Claude and Joe Dassin.

Columbia has also had much success with 8 track cartridges, and have experienced top sales with most of their releases which number over 300. These include cartridges from Columbia, Epic, Musicor, Starday, Immediate and Date.

English Canadian 8 track cartridges are also chalking up good sales for Debbie Lori Kaye, Tommy Hunter and The Mercey Brothers.

It should be noted that Columbia's move into cassettes has not been prompted by any decrease in disc sales. Eaton noted that "Tapes are not hurting record sales. There has been increased record sales with the advent of 8 track cartridges and cassettes."

It's expected that Columbia will increase their activity in the cassette market over the next few months. Cassette releases are judged on the drawing power of the artist, the type of release, and, in many cases, the sales activity of the album release.

MICHAL VINCENT SKEDDED FOR "IT'S HAPPENING"

Toronto: Michal Vincent, regarded as one of the top artists in Variety Artist Productions' roster, is skedded for an April 11 and May 15 appearance on CTV's "It's Happening". Vincent, a popular Vancouver born

pop singer, has become a national item through his many appearances on the CBC-TV and has recently cut several demos in Montreal which have reportedly created much interest by record VPs on both sides of the border.

PICKWICK INTO CASSETTES

Long Island City N.Y: Cy Leslie, Chairman of the Board of Pickwick International Inc. recently announced that Pickwick will market economy-priced pre-recorded tape cassettes as part of their Fall 1969 product package.

To retail at a suggested list of \$4.95, the cassettes will feature material from Pickwick's top selling album product including that of Dean Martin, Jack Jones, Jackie Gleason, Glen Campbell, Nat King Cole, Al Martino, Judy Garland and Guy Lombardo.

Reason for Pickwick's move into cassettes was attributed by Leslie "to the public acceptance of cassettes and the recent announcements by

Columbia Records and RCA Victor Records that they will issue their product in cassette form."

Leslie also pointed out that pre-recorded tape now accounts for approximately 15% of all retail record sales and that sales of Pickwick 8 Stereo tapes have doubled since September of 1968 which now accounts for 20% of the company's total recorded music sales. Leslie noted "our tape sales volume is increasing more rapidly than the growth of tape in the overall industry and we expect to accelerate this growth with the addition of our cassettes.

Pickwick is distributed in Canada by Waco/Kensington.

Re-Issued "Home" Heading For Charts

So far the single has been charted in 3 major cities in the Province of Quebec (Montreal, Quebec, and Drummondville). Early indications show the single heading for charts in Ontario with exceptionally heavy sales coming from the Ottawa area.

In view of the airplay being given the single, Bellemare reports Barclay Canada has re-released their French version by Mireille Mathieu.

CANADIAN COUNTRY TOPS AT CKDM

Dauphin, Manitoba: While on a recent tour of Western Canada, Capitol recording artist and producer Gary Buck stopped in to CKDM for a visit with the Guys and Gals. Buck, a former radio personality, was amazed at the amount of exposure CKDM was giving to Canadian country releases. His own single "Mister Brown" happened to be resting at the No. 15 spot on the chart at the time of his visit. Buck sat in with Wild Bill Flamond for a double personality show during CKDM's after-

noon "Ranch House" show. This created much listener reaction and ended up in Gary having a large sized autograph party and an obvious big selling album in the Dauphin area. Flamond also played several cuts from Gary's new album "Tomorrow Today".

Other Canadian happenings are Lucille Starr's "Full House" at No. 1; "Keep The Home Fires Burning" by Diane Leigh at No. 4; Odie Workman's "Same Ole Me" registering at No. 12 and Sparton's new release of "Escape" by Roy Adolph in at No. 19.

enough he has made it as a performer in Canada. His singles and albums released on the United Artists label have become best sellers, and all without the stamp of U.S. approval. Lightfoot, like another top Canadian talent, Bobby Curtola, has seen the strength in getting out into the field. His personal appearances throughout Ontario have made him the top draw in the Canadian entertainment business. Shortly after his appearances in Vancouver, his album product became much in demand, as it has in other Canadian centres where he has appeared. His appearances in major U.S. cities has also created a demand for his disc product. Early indications are now showing that 1969 could be the year for international recognition of Lightfoot the performer.

RAWHIDE BREAKS REBROFF PRODUCT

Toronto: One of the nation's top radio personalities, Rawhide (Max Ferguson), heard daily over CBL at 8:22 AM, has been instrumental in breaking LP product by Ivan Rebhoff, a German-born Russian folk singer, distributed in Canada by Columbia Records on their GS series.

Through Rawhide's heavy leaning on several cuts from Rebhoff's 3 LP releases, Sam The Record Man, reports a heavy demand for product. His fourth LP is expected shortly.

Rebhoff recently topped the French pop parade with a Russian-language song "Those Were The Days" which was produced in Germany.

Recording for CBS Germany, Rebhoff became Germany's top singles and LP seller on the strength of his fantastic rise up the charts with his Russian-language version of "Lara's Theme" from "Dr. Zhivago".

MARIE TAKES FESTIVAL DU DISQUE HONOURS

Montreal: Rodeo Records' French Canadian country artist, Marie, was awarded the top Country honours in the recent Festival Du Disque, an annual event to pick French Canada's top recording artists. Marie won the award over stiff male competition.

It should be noted that Marie's success was due the production talents of English Canada's top country producers George Taylor and Dougie Trineer.

Marie recently was awarded a gold disc for sales in excess of 100,000 units sold for her Caprice LP "Marie".

COUNTRY TIGERS CUT DAMRON PENNING

Winnipeg, Man: Popular local group, The Country Tigers, stand an excellent chance of becoming known nationally with their just released Sparton deck of "Some Kind Of Lonesome", written by Dick Damron of Lethbridge, Alberta. Up-front vocal work is by a brother team known as Ed and Rick. Another brother Tom is on the drums. The bass is handled by just plain Neil. The group prefers to go by first names only.

The session was cut at RCA's Toronto Studios and was produced by

Gary Buck.

The Country Tigers, have just recently completed a radio show on the 'Peg's top rated country FM station CJOB-FM, hosted by Peter Grant. They are also much sought after for local engagements and often represent the local scene for shows starring top international names. The latest being the Buck Owens Show.

Sparton's Larry Page reports good local action on the disc with good indication of national sales as well.

MYERS BROS RELEASE ON SPARTON

Chatham, Ont: The locally based and popular country unit, The Myers Bros and The Jubilaires have recently bowed their Sparton lid of "Teardrops-Heartaches" and "Can't Stand This Silence Any Longer", both sides written by Ray Myers. Jessup is distributed in Canada by Sparton of Canada.

The group have become well known throughout the Chatham area and South-western Ontario as well as Eastern Michigan. The session was cut by Jessup in Jackson, Michigan.

Larry Page, of Sparton, reports good reaction by one stops, with a particularly heavy order being placed by Taylor's of Toronto.
