Rose budding for Avenue

50 CENTS
Volume 19 No. 9
April 14, 1973

Surprisingly enough for a band so young in years, Rose has been performing together for some six years. They have, in their time, been through almost every musical style from blues to heavy rock. Originally known as Neon Rose, they were well known in the past as frequent winners of the Battle of the Bands. For the past two years, the group's members, Brian Allen, lead guitar; Ron Glatley, keyboards; Gary Lalonde, bass; and Ken King, drums, have been working as studio musicians.

Now with their first album, "Hooked on a Rose" out on the Avenue of America-distributed G.A.S. label, the group is enjoying considerable airplay and sales, as well as a berth on the RPM One Hundred Albums Chart. According to John Stewart, producer of the album and A&R man for G.A.S., three bids have already been received from American record companies for the set.

In the meantime, the group has been busy with personal appearances, having taped "Musical Friends" the Jim McKenna CFCF TVer, and with club dates.

As with all the G.A.S. product, the Avenue promotion team are out aggressively hustling the album to the radio and retail people. If early reaction to the set, which, by the way, is adorned with a very attractive Christianne rendering, is any indication, Stewart, Rose and G.A.S. have a winner on their hands.

AWARDS ESTABLISHED FOR YOUNG COMPOSERS

Establishment of a competition to be known as the CBC Radio/Canada Council Awards for Young Composers 1973 was announced last week. Described by officials as a new idea that was "unique in the world", the competition was announced at joint press conferences of the Canada Council and CBC Radio.

The press conference held in Toronto attracted reporters from local and national print and broadcast media. In attendance were highly-placed officials of CBC Radio and the Canada Council, who explained their plans in a manner that made it obvious that they consider the competition of vital national importance. "We want to find the new Canadian composers, then expose the best of them to the public" was how one official described the rationale for the Canada Council-CBC linkup.

Reporters were informed that an identical press-conference-with-wine was taking place that moment in Montreal, marking the equal involvement of CBC English and CBC French AM networks.

The competition is open to composers who are Canadian citizens or landed immigrants. The "young composer" reference in the title restricts entries to those who are 29 or younger on the competition's closing date (October 31, 1973).

Since today's music is so "Multi-directional", there are no first, second or third places which might force judgments about the relative merits of different types of music. Instead, up to four equal prizes of \$3000

will be awarded. There will also be a "runner-up" \$1000 award which will likely go to a newcomer showing excellent promise for the future. Additional awards make it possible for a Quebec or Ontario resident to earn \$6000 if his work is of great merit. These additional awards are being made by the Ontario Arts Council and Le Ministère des Affaires Culturelles du Québec, and amount to \$3000 for the best work submitted by residents of the appropriate province.

Judging is handled by a panel of four plus a chairman. The chairman is a joint choice of the CBC and the Canada Council. The four jury members comprise two from the Canadian League of Composers, one from the CBC, and one from the Canada Council. The winning works will be performed at a public concert that will air on CBC French and English radio networks.

Candidates may submit up to three compositions each. There are no restrictions on content except that works must be between twelve and twenty-four minutes and must entail no more than twelve performers plus conductor. Entries should be on tape if they are electronic music, or in score form if consisting of more conventional music.

Information and application forms are available from: CBC Radio/Canada Council Awards for Young Composers, Box 500, Terminal "A" Toronto, M5W 1E6 or Box 6000 Montreal.

"With an award of \$3000 or \$6000 a young composer could have a firm start toward a life-long career in writing Canadian music," one official commented.

60,000 BEATLE ALBUMS SOLD ON FIRST DAY

The four LP set known collectively as the "History of the Beatles" was released in Canada Monday April 2nd, and Capitol national sales manager Bob Rowe reported that orders on that date totalled 30,000 copies of each of the two double albums.

A&A ACQUIRES FIVE WESTERN STORES

Toronto-based A&A Records has announced the acquisition of five stores in British Columbia and Alberta, formerly belonging to Glenn's Music. Glenn Matheson, founder of the chain, will remain with the company as vice-president and director of Glenn's Music and will assume responsibility for all A&A record outlets in British Columbia and Alberta. The complete A&A chain now consists of twelve stores, two each in Toronto, Montreal and Edmonton and three stores in Vancouver and Calgary. Two or more stores will be opened in Montreal and Calgary this month.

For the time being, the Glenn's stores will retain their well-known names. Said John Fallows, vice-president and general manager of A&A Books and Records, "Glenn Matheson is certainly one of the best known record retailers in western Canada, and we're delighted to welcome him and his organization into the A&A fold."

The series is actually two separate albums, "The Beatles 1962-1966" (Apple SKBO 3403) and "The Beatles 1967-70" (Apple SKBO 3404) and each double album carries a suggested retail of \$10.49.

The following are the titles included in "The Beatles 1962-1966": Side One: Love Me Do/Please Please Me/From Me To You/She Loves You/I Want to Hold Your Hand/All My Loving/Can't Buy Me Love. Side Two: Hard Day's Night/And I Love Her/Eight Days A Week/I Feel Fine/Ticket to Ride/Yesterday. Side Three: Help/Hide Your Love Away/We Can Work It Out/Day Tripper/Drive My Car/Norwegian Wood. HANSEN-CHAPPELL RENEW PACT

Hansen Publications and Chappell & Company, Canada, have renewed for a five year term the agreement under which Chappell distributes in Canada the entire Hansen catalogue, including material by Carly Simon, Charley Pride, Johnny Cash, The Who and Chicago. According to Chappell Canada's head man, Cyril Devereaux, "During 1972, sales for the Canadian area improved by 250%. We attribute this to product, our aggressive sales policy and new improved facilities."

A new project for the Canadian marketplace, a series of workshops with educational specialist, John Brimhall, in Windsor, Hamilton, Toronto, Ottawa and London at the end of the month, will be one of the first results of the Chappell-Hansen agreement.

AUSTRIAN CELLIST TO APPEAR WITH TSO ORK

MARIPOSA SPRING PROGRAM IN GEAR

DOUGLAS MCGOWAN, Chief of the Radio Programming Division, Broadcast Programmes Branch of the Canadian Radio-Television Commission (CRTC) suffered a fatal heart attack April 4th. Mr. McGowan was visiting relatives in Cornwall when he was struck down by a massive coronary. He had celebrated his fortieth birthday March 31st of this year.

Mr. McGowan was a graduate of Ryerson Polytechnical Institute in Toronto and in 1955 joined CJIC-TV in Sault Ste. Marie as Program Manager. In 1956 he joined CBC-TV in Toronto in the Dominion Sales Service Department and later became Production and Program Director of radio station CKNW in Wingham, Ontario. In August of 1961 he became Program Director of CFRA in Ottawa where he remained until July of 1968 when he joined the Radio Division of the CRTC.

Mr. McGowan was well known and highly respected by broadcasters, programmers and record people from coast to coast in Canada and frequently represented the CRTC on the international scene. Regarded by many as the "programming heart" of the CRTC, Mr. McGowan sacrificed much of his own time in getting at the root of problem areas with regard to the 30% Canadian content ruling. He was at the beck and call of both the broadcast and record industries, whether it was sitting on a panel for campus radio, attending and participating in Canadian Association of Broadcasters' meetings and seminars or contributing to the RPM Communication Meetings - none of which he missed. He was extremely popular among his co-workers and associates in the industry, and was dedicated to his job and the responsibilities that came with heading the Radio Programming Division.

The broadcast and record industries in Canada are closely intertwined, with each having much respect for the other. Mr. McGowan was extremely important to both these industries. It is very difficult through words alone to express the feeling of shock and sorrow that prevails at a time of losing a very dear friend and one who was so dedicated to the development of Canadianism.

Our sincerest sympathy to Doug's wife Betty Ann and his two children, Mark George (14) and Mary Elizabeth (11).

Funeral services were held in Ottawa Saturday April 10 with interment at Notre Dame Cemetery .

We haven't heard the last of it

On a number of occasions, we have mentioned that next year the Juno Awards would be drastically revamped. We have had a number of official letters offering constructive criticism. We have a large file of complaints from various sources (unofficial gripes) which we will have a year to look at and consider. To put it politely, "Everybody is getting into the act!"

It would probably be unkind to say that some of the criticism came from sore losers or from people with "an axe to grind", but such is the case, and in view of the fact that everyone can't win, how much credibility can you give to the grippers?

Yes the categories will be revamped to suit our growing industry. Yes we will have nominations and the votes will be counted by an accounting firm. Yes we will keep the winners secret until the night of the Awards and yes we will be looking for additional monies to finance the additional expenses that such a mammoth task will obviously create.

"... the prophets of doom, the messengers of mediocrity, will be overwhelmed by the new generation of competent, creative, confident artisans and by all those of preceding generations who have already demonstrated their freshness of mind, their talent and their capacity for inspired leadership."

poll? (We still can't find that record company with that mythical BLOCK of ballots!!!)

Obviously there will be less people invited to the Junos next year, much of it due to the paper work and expenses that will be incurred by the additional details of satisfying a few people who think the system needs revamping. There will probably be fewer awards. There will probably be a shelving of our idea of expanding the Awards and probably we will have a better Awards Presentation because of all this.

FLIP SIDES HAPPENING FOR COLUMBIA PRODUCT

Mike Watson of the Columbia promotion department has released news of new radio station action on the flip sides of three newly-released Columbia singles. The B-side of the releases by Moran, Marty Butler and Murray McLauchlan have all started to gain airplay.

Moran's "The Beatles Thing" has been getting heavy airplay at CFTR Toronto, and in several other markets, and sales were coming through on the record. Now CHUM Toronto is reported as adding the tune "Lady Loves Me" to its playlist. With a U.S. release coming just days previous to the CHUM move, promotion is being reconsidered on the single to perhaps put an equal push on both sides of the Moran deck.

Marty Butler's "Love Vibrations" single had been gaining initial airplay on several key stations, notably CKGM and CKOC. But Watson, promoting the disc to CHUM and CKLW, found the stations receptive to the flip, "One Loved Woman, Once Loved

So we say to our critics, "You give us a successful industry, and we'll give you a successful Awards Presentation." What could be more fair? As for this year, the industry had a good look at itself. The Awards were covered internationally, and nationally.

As you well know, it's very easy to carry a cross in this industry. No one is looking for opportunities to take bows for the Junos, nor do we admit that we do everything with finesse - or correct, for that matter. We do welcome constructive criticisms but it is a little disconcerting to come across "bitchy little digs" from gossip mongers who unfortunately display an unprofessionalism we can do without in our industry.

Anyway, that's where it stands, and it wasn't too long ago that RPM was a loser, so we know how it feels.

Man" and both added it. On reporting back to 'OC and 'GM they too decided to get behind the flip with additional airplay, and it now appears that this side will get the big promotional push in the U.S.

The third record to flip over is Murray McLauchlan's "Lose We". The B-side "Farmer's Song" had already gained country airplay at stations like CFGM, CFOX and CFAC. Contemporary outlets were slow to get onto "Lose We", but then started to react to "Farmer's Song". In Toronto, CFTR and CHUM have now given it playlistings to definitely establish the B-side as the big one.

NO CBC SPECIALS FOR ANNE MURRAY

Balmur Limited, Anne Murray's management firm, has announced that the Juno Award-winning songstress will not renew her contract with the CBC Television network. For the past two years the publicly-owned net has carried regular "Anne Murray Specials", the last in the series being aired only two weeks ago.

According to Leonard T. Rambeau, general manager of Balmur, "Such a decision does not mean that Miss Murray will be leaving Canadian television, but because of international commitments and career direction, her priorities lie in doing specials for a much wider audience." It is expected that Miss Murray could, in the future, be doing international specials which could air over the CBC network in Canada.

Intra-industry excitement lacking

It's always seemed to me that one of the best avenues towards getting the domestic production scene on the move is to generate excitement within the industry itself. If the A&R men, the producers, the musicians, the writers, the promo people and everyone

RPM

by john watts

else all the way down the line are hyped up with the thought of domestic production, then they will naturally work harder and longer. The best thing that could happen then, is an international hit record or two, whether it's yours, your friend's or even an enemy's. Seeing success should, by a round-about process, breed more success.

The incredible excitement created within the industry by such international success stories as "Snowbird" and "Sweet City Woman" did much to get the A&R guys hustling, the producers back into the studios, the writers writing and so on.

In the past little while, however, we've seen a funny thing happening. Internationally, the Canadian production fraternity has had more success in the past three months or so than at any other time in history. One single company, Capitol has had three Canadian records on the international charts

simultaneously, two of them in the top five, one of them a certified million seller. A year ago, there would have been dancing in the streets, now something not too far removed from a yawn.

Since Capitol is particularly prominent in this situation, I asked Dave Evans, their national sales manager, for his analysis of the new blase approach to success. "It's like the moon landings, the first couple generate incredible excitement, but then " Sadly, it's an accurate simile. Indeed, we have allowed our fleeting brushes with success to tarnish us.

The unfortunate aspect of the situation is that our new attitude is not a result of self-confidence, when it might be said to be justified, but of indifference. Last year I would have been guaranteed at least a "far f . . . g out!" when mentioning a Canadian-produced million seller to someone in the industry, but this year it's hard to scrape up a "yeah, that's nice".

"Sweet City Woman", "Put Your Hand in the Hand", "If I Could Read Your Mind", "Last Song", "Danny's Song" and all the others are not ends in themselves, they are only the beginning. Ten years ago the British would have had far greater justification than us for sitting back complacently and thinking "well we did it, now lets go back to sleep", but they didn't. The excitement

was kept at a virtual fever pitch, both in England and in the international marketplace for no less than five years, long enough to put England forever on the musical map. We've had our fleeting meetings with fame in a much smaller way than the British and already we're too "big time" to get excited about it.

If we can't work up a little excitement about ourselves, there's no reason why anyone else should.

BEETLE INTO FORMAT CHANGE

Beetle Magazine, which at two-and-a-half years of age is Canada's oldest music consumer publication, has announced changes in format and distribution. The current (March) issue abandoned the newsprint tabloid format in favour of an 8" x 11" glossy magazine.

The format change is a result of Beetle entering into printing and distribution agreements with MacLean-Hunter Limited. Besides giving Beetle an improved format, distribution to newstands across the country will be more complete.

Beetle publisher Moe Wortzman, making the announcement, also said "Beetle will soon be available in the United States on a large scale".

MAPLE RELEASES HAWAIIAN SETS

Maple Records, headed up by Tom Shilstra, has bowed the wax scene with two albums featuring the steel guitar. One of the sets, "Maui Magic" by Ken Upton (MA1001) is a re-issue with four instrumentals replacing four original vocals. The second album, "Byrd In Hawaii" (MA1002) features Jerry Byrd. Both albums are available to record stations on request.

Shilstra, who produced the Byrd set in Hawaii, has found "a definite trend in world preference toward sweet instrumentals," a category in which he finds his releases fit nicely. Both albums have been leased to the Decca Record Co. Ltd. in the UK for European and world distribution with London handling Canadian distribution. Shilstra has long been dedicated to the promotion of the steel guitar and is hopeful that all retailers across Canada will include a steel guitar category in their browser box section.

Shilstra is a member of the Association for Hawaiian Music and just recently joined the Hawaiian Professional Songwriters' Society and is well equipped to assist any radio station in obtaining a supply of Hawaiian records in planning Hawaiian music programs. Those interested should direct all enquiries to P.O. Box 172, Station "O", Toronto. According to Shilstra: "Canada probably has more good steel players per capita than any other country. All they need is encouragement, direction and publicity." Maple will be releasing steel guitar recordings of almost every type of music in the near future.

BUD ROBERTS OFF WITH BOOT SINGLE

Bud Roberts, off the record scene for some time, has bounced back with a self penning, "Don't Hold Your Breath" on the Boot label. The flip, "Pipeliners Day" was written by Jimmy Simpson. The session was produced by Fred McKenna.

Roberts, a native of Albert County in New Brunswick, gained chart action last summer with "Sure Gonna Live Till I Die". He has been busy on the club circuit, racking up an amazing eleven months at the Horseshoe. He also appeared in concert with Stompin' Tom Connors at Massey Hall, earlier this year.

APPLEBAUM SCORES FIVE PORTRAITS

Noted Canadian composer, Louis Applebaum, is responsible for the scoring of CTV's "Canada: Five Portraits", a series of five hour-long looks at Canada, already acclaimed by the critics after only one airing. A native of Toronto, Applebaum has worked with the National Film Board, CAPAC, the Province of Ontario Council for the Performing Arts and numerous other prestigious bodies. Over a career spanning almost fifty years, Applebaum has scored countless radio and television productions, movies and live stage works.

AVENUE LINE LAUNCHED IN JAPAN

Avenue of America's Gary Salter has announced that the firm has launched its budget album line in Japan. Avenue is moving into the Oriental market as a result of interest shown at the recent NARM Convention in the more than one hundred and twenty albums in the Avenue catalogue. Details of Japanese distribution will be announced shortly.

Meanwhile the firm is in the throes of introducing its three-record budget LP concept to the United States, with television promotions running for both "Grammy Awards '73" and "Fifty Top Hits of '72". Both sets were recorded in London, England, by Allan Caddy and his orchestra.

SGM RELEASE FOR DAVID SINCLAIR

SGM, a Vancouver-based label, has bowed a new single by David Sinclair, "Take My Hand", a self penning. The single was culled from Sinclair's soon-to-be released album which he co-produced with Stan Cayer at Cayer's Vancouver studios. The single was released simultaneously in Canada and the U.S. and is apparently picking up heavy response in the state of Washington, B.C. Alberta, Saskatchewan and Manitoba.

It's expected that Sinclair will follow-up his album release with a promotion tour. He is well known throughout B.C. having made several appearances on CBC-TV as well as sharing the bill with Chilliwack, Tom Northcott, Poppy Family, Fludd and many others.

There is no information as to national distribution. Promo tapes and other info available from P.O. Box 34374, Station "D", Vancouver 9, B.C.

GREASE OPENS AT ROYAL ALEX

Broadway's tribute to the music of the fifties, "Grease", is now playing at Toronto's Royal Alexandra Theatre, to close April 21st. The musical attempts to bring back the sights and sounds of the fifties, complete with leather jackets, ducktails and penny loafers. Among the musical selections are: "Look at Me, I'm Sandra Dee", "It's Raining on Prom Night", and "Rock 'n' Roll Party Queen".

The Broadway company of "Grease" is still playing to capacity houses in its second year. So far the musical has been nominated for seven Tony Awards and one Grammy.

Contest: Guess who the dapper lad is with the top hat, cane, tails, gloves and carnation, and win his complete LP or tape library free. All you have to do is write his name and the title of his new 45 on a piece of paper with your name and address. We will draw a winner in time for our next "Tower Power". One clue, it is not Tom Williams. (P.S. Please state 8-track or LP, send all entries to Scott Richards at MCA Records, Toronto.)

Superbights: Sonny and Cher's single has had the intro edited (due to many, many stations requests). We are bringing in U.S. DJ samples. Dobie is on everywhere; all the majors, all the tips and trades. It has happened! Neil Diamond is taking off slowly and most of our action is from the West so far. Nonetheless, Neil seems bound for glory as hit U.S. charts and tip action show. Elton is home free, we have good stock and everybody is on this one.

New: We're proud to have Bob with MCA. This Alberta dentist joins us in asking you to get your teeth into his new album. All cuts - music, artist, lyrics, Canadian. Suggested cuts: "Thank God He's A Stranger", "Lately Love", "Cardboard Cowboys", and "Moondog Marty and Rosie Insane".
Comments: 1. Thanks Ed! . . . 2. Nice sultan Simon G.! 3. I have very groovy Sonny & Cher 16mm, no sound, colour for TV. 4. Wishbone Ash concerts went well in Toronto, Kitchener, Ottawa.

Hollywood jet set descends on Toronto

Toronto became the "in" place with Hollywood's movie and tennis do-ers in for a three day benefit gig (March 30 through April 1) to aid the Children's Asthma Research Institute and Hospital in Denver, Colorado (CARIH). The only sour note was the beginning with a press conference made up of ogling wet-behind-the ears writers (the term is used loosely), which must have been embarrassing to Academy Award winner, Liza Minelli and her travelling partner, Desi Arnaz Jr. Friday evening saw a packed Maple Leaf Gardens with tickets ranging from \$4.00 to \$10.00 - a pretty big bundle of bucks to be leaving this country for a nation much more economically sound (medically) than Canada - but that's another story and the concert was just the beginning. From a talent standpoint, Ms Minelli was worth every penny - all of which went to the American charity. It was, indeed, a rare happening for Toronto to witness an Oscar winner in action - so soon after winning the coveted Award - a feather in the cap of the Friends of CARIH, a group of one hundred Toronto women, led by Joanne Smith.

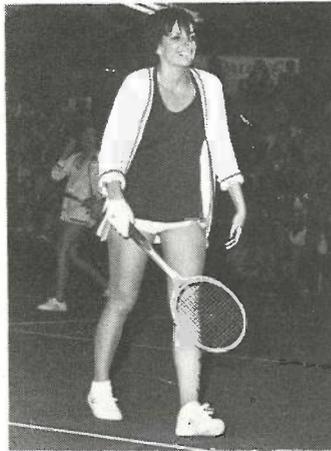

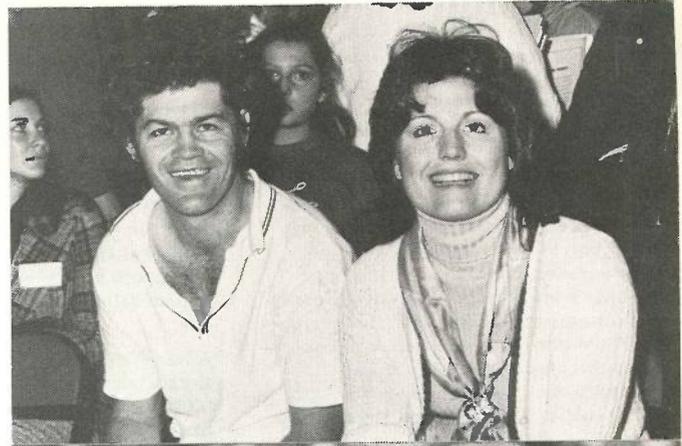

The Mayfair Tennis Club was the setting for the tournament which brought out Ms Minelli, of course, her young friend, Merv Griffin, Peter Brown, two Tarzans, Lex Barker, and Ron Ely, Jim Franciscus, Lloyd Bridges, Mickey Dolenz and his Monkee partner Davy Jones, Bill Shatner and other notables. Tickets for this effort ranged from \$3.50 to \$6.00 for each day - and again, the star lineup was well worth the bread. Saturday evening, Fred Wilmot, president of Columbia Records, Ms Minelli's release label, the Friends of CARIH and

Schenley Distilleries, co-hosted a cocktail party at the Sutton Place. A few bucks were made out of this party for CARIH as well.

Now to the dirty part - and Canadians are getting pretty smooth at it. One "smashed" do-gooder - at the cocktail party - with his mouth stuffed with free food and a couple of double scotches ready to wash it all down with, was overheard to say: "You know, what the hell's all this money going to the U.S. for? Don't we have kids suffering from asthma?" Well, so we do. We have the Hospital for Sick Children, The Gage Research Institute and the Ontario Crippled Children's Centre - all in some way dedicated to easing the suffering of the more than 800,000 Canadians who suffer from asthma (not necessarily all children). The estimated \$150,000 that left this country from the gala weekend, could have lessened the burden, somewhat, of those mentioned above. It just so happens the initiative came from people who were interested in bringing attention to a nasty disease that somehow overlooks the tag "Canadian" or "American". Although it was touched on lightly, there was an indication that the monies raised through these tennis tournaments (approximately six each year) is for the development of a computerized system which would aid doctors around the world who were involved in asthmatic treatment. So, really what's all the fuss. There's a time and a place for flagwaving and Canadians have picked up the habit of finding the wrong time and the wrong place. It must be embarrassing not to have a star system. (Comment mixed with news is acceptable - at times. Pub.)

ROBERT DAVID INTO EGERTONS

Robert David is a quiet young folk singer with a myriad of experiences that he puts into song. He's not unique, as folk singers go - and he's a little unpolished - as most folk singers go. But he does have a great deal of stamina and he does communicate. Much of his stage repertoire can be found on his recently released RCA album, the production of which sometimes clouds his folk purity. David's voice is strong, his guitar work is more of a caress, which calls for a simple background. However, the album does have a couple of instrumental back-up goodies, one being "Manitoba Sun", written about the U.S. draft evaders (David is a New Yorker, now a Canadian resident, but free to go back and forth across the border). Another grabber is "White Oak", and if you don't have much time, try "Morning At Hancock" on for size. It's only fifty-seven seconds in length and will give you the sound of the real Robert David.

David just opened at Egertons in downtown Toronto (April 3), an up-and-coming folk club, owned by Warren Beamish, an up-and-coming young politician (unsuccessful as yet, but give him time) with an ear for talent and the struggling young artist.

RCA's promotion team, national and regional, were on hand for the opener which attracted campus radio and press types as well as VIPs from local radio and the dailies.

TAPESTRY COMPLETE NATIONAL TOUR

Heather Woodburn and Jack Winters, known as Tapestry, and now as Mr. and Mrs. Winters, have just completed a successful promotion tour across western Canada. Leading the way and setting up radio, press and television dates was Polydor's promo rep, Scoot Irwin.

Reason for the junket was the release of their single and album product: "Everything is Bringing Me Down" and "Down By Maple River". The talented young duo were well received, particularly with the Adult Contemporary radio stations, now programming their single as well as cuts from their album. Most requested album cut is the title song which is expected to be culled as a single. Country stations have also picked up on the group, who utilize a steel guitar on their session - most popular being "Cowboy Song".

Tapestry has undergone several changes since their showcasing on the Maple Music Junket. At that time, they were three - another gal, and they were concentrating on club dates which made their performances very visual, which is understandable, but lost its impact on wax. Now they are two with a pick-up band backing their "cool" and somewhat sophisticated sound.

Husband Jack does all the writing and, with the exception of "I Wish I Was Going Back Home" (produced by Cliff Edwards) does all the producing. The session was produced at a Montreal studio.

MURRAY CONCERTS TO LARGER AUDITORIUMS

Anne Murray's western Canadian tour has run into several rewarding situations, most of which has added more bucks in the till. Bruce Davidsen, who heads up International Promotion Consultants Limited and who arranged the tour, reports that the Murray concert scheduled for the 800 seat Civic Centre in Flin Flon had to be moved to a 3000 seat auditorium. Ticket sales were announced at 1 PM with "sold out" notices being posted at 2:40 PM the same day.

Advance publicity and the exceptional airplay being given Ms. Murray's current hit single, "Danny's Song" was given as the reason for the rush on the box office. Davidsen is already anticipating similar problems in Churchill, Yellowknife, Inuvik and Whitehorse - and hopefully there will be larger auditoriums to move to.

TRUCKERS TO HELP FIGHT PIRACY

Overdrive Magazine, devoted to the interests of truckers, will mount a campaign against pirate and bootleg tapes, according to Nashville's Country Music Association. Ray Parradines of Overdrive will attempt to enlist the aid of truck drivers in stamping out illegal tape duplication and merchandising; to kick off the effort Parradine will "inform the trucker what piracy is and how it hurts the working people and also inform them what they can do as a trucker."

The offer of trucker support came at a meeting of the Country Music Association's Anti-Piracy Committee.

KEEP NON-LOCAL FMers OFF CABLE, SAYS CRTC

The Canadian Radio-Television commission has made it clear, in decisions announced last week, that no cable TV systems may add any non-local FM stations to their services while the FM policy is forthcoming. The new CRTC policy on such applications by cable companies, is to defer any request to add distant FM stations (those which cannot be picked up with listeners' own FM antennas).

Speculation has it that the CRTC's FM radio policy will deal with the distribution of stations on cable FM. The Commission is known to favour increasing the number of Canadian stations available, but there are several problems to be worked out. One is how to protect established FM broadcasters (many of whom are in financial straits) from undue fragmentation of their audience. Another is to decide on the priority of stations to be added so that cable FM subscribers receive a proper mixture of stations, commercial and non-commercial, nearby and distant, Canadian and foreign.

Having station additions deferred last week were cable TV systems in Amos, P.Q., Collingwood, Ont., and Gravenhurst, Ont. The reason given was that all the stations involved were non-local FM stations.

CFAM ALTONA AND CHSM STEINBACH ADD 3rd AM

The Canadian Radio Television Commission last week announced approval for Southern Manitoba Broadcasting, licencees of CFAM Altona and CHSM Steinbach, to establish a third English language radio station in southern Manitoba. Approval was given for a 10,000 watt (day and night) station based in Boissevain, Manitoba on the 1220 KHz frequency.

Programming for the station will consist largely of relaying material originated on the Altona station. However, the CRTC said "while the overall programming will be of interest, there is an opportunity to present some separate local Boissevain and area programming." The licencee has agreed to provide local studios in the town and will be required to submit a program schedule for the station before going on the air.

NO RADIO STATION FOR SUSSEX, N.B.

The Canadian Radio-Television Commission has announced denial of a bid by a new company, Big Sound Broadcasters Limited, to establish the first English AM radio station in Sussex, N.B. The denial came because the application submitted was sketchy in giving details of the proposed service or in showing that the market could support the station.

The decision read in part: "the Commission is of the opinion that the applicant would not be able to establish or maintain an adequate AM radio station on the basis of the information provided by the applicant. Moreover, the Commission is not satisfied that the market could generate enough revenue to sustain a new local AM station." The applicant had proposed 250 watts of power on 1340 KHz.

CFMC-FM SASKATOON ORDERED TO SHAPE UP

The Canadian Radio-Television Commission last week handed the operators of Saskatoon FM station CFMC a sharp rebuke over their management and programming. The rebuke came in the form of a minimal one-year licence renewal which extended the licence to March 31, 1974.

CFMC has been plagued with problems, financial and otherwise, because it is not affiliated with an AM station. The CRTC noted it expects the licencee, General Broadcasting, to "improve the operation of this station and the quality of its service. At the time of the next application for renewal of its licence, the Commission will wish to know what steps the licencee has taken to make the programming of CFMC-FM distinctively different from the radio AM service available in the Saskatoon area."

CFMC first came on the air in 1964 and has power of only 6000 watts.

LETTERS
to the editorA TORONTO BOOKER
WITH CLASS??????

Your paper's interview with Joe Mendelson has left me only partly amused.

Your unilateral grouping of managers and booking agents with "crawlers" as well as your blaming the disaster of the 1968 Toronto Sound on the "greed" of managers and bookers shows a contempt that's unworthy of a responsible trade paper.

You might be doing your readers a more valuable service if you recommended that they seek the counsel and benefit of work-

ing with the more ethical managers and agents such as the C.A.R.T. members (Canadian Association of Representatives of Talent).

Most of our successful hockey players, jockeys, authors and, indeed, musicians, actors and entertainers have advanced their careers with the assistance of competent and diligent managers and agents.

Sure we have some rip-off artists in our profession, for which I apologize, but the majority that I've dealt with have been very straight.

AHED U.K.
MAKING GAINS

Toronto-based Ahed Music is making inroads into the international marketplace via its British operation, according to Bill Gilliland. Roger Cook's "If It Wasn't For the Reason" and Blue Mink's "By the Devil", both hits in England, are currently picking up action in the United States via American trade tips and radio exposure. The second Parrish and Gurvitz album, produced by George Martin, is now completed and will be the focus of Ahed's international marketing push in the immediate future.

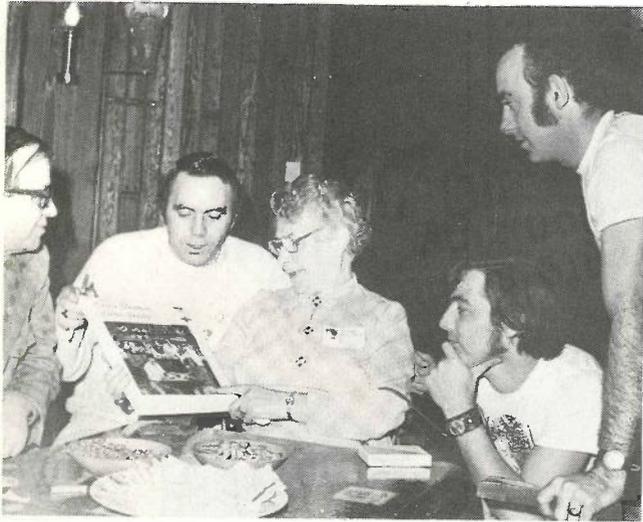

GRT of Canada, Ltd.

Tapestry, Jack Winters and Heather Woodward, with Polydor's Scoot Irwin have just returned from a successful promotion tour for their single and album releases.

Columbia's Mike Watson and Brian Master of CHUM-FM with Gentle Giant at Toronto concert which they shared with Wishbone Ash. Both Toronto and Kitchener gigs pulled capacity houses.

The Carlton Showband's Chris O'Toole, Mike Feeney, Fred White and Seamus Grew meet one of their most faithful fans, Mrs. Elizabeth Gooding of Moose Jaw during recent western tour.

The famous RCA group, along with RCA's Western regional promo rep, Jim Hogg, throw back a few with local radio VIPs. Their next single could be "Old Johnny Bucka".

DANNY'S SONG

Anne Murray
Capitol ST6393/F

There are two very significant things about this album. One is that Miss Murray, Brian Ahern and crew have done the impossible: that is, they have recorded an entire side live, at Ottawa's National Arts Centre, without sacrificing any technical excellence and at the same time capturing the vitality and spontaneity of the live performance, a rare feat, even in these days of technical wizardry. Two is that the album comes at a time when Anne is riding the considerable wave created by the success of "Danny's Song", the first time since "Snowbird" that an album has been released while one of its tracks was enjoying international success.

Beyond its significance as a piece of merchandise, "Danny's Song" (the album) is an artistic triumph. Anne's voice is in fine form on a collection of some of the very best contemporary songs, among them "Killing Me Softly" (recorded prior to the Roberta Flack success), Bruce Cockburn's beautiful "One Day I Walk" and the rousing "I Know". Richard, led by Skip Beckwith, are, as always, little short of incredible. The strings and horns are, for the most part, nicely understated.

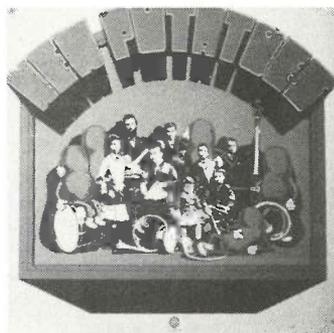

COLD WIND ON THE MOUNTAIN

Gary Buck

RCA Camden CASX 2617/N

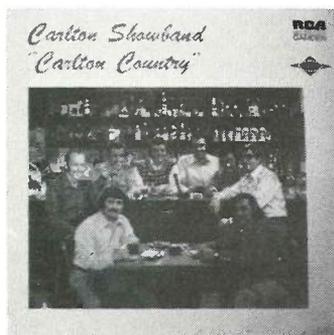

Buck has been busy as a producer for his own Arpeggio label, but he has also kept his hand in on his own vocal talent. One of the pioneer performers of the Canadian country scene, Buck is long overdue. He could break through with this set. We like "National Pastime", but don't overlook "It Takes Time".

NEW POTATOES

Capitol ST6389/F

Edward Bear proteges, New Potatoes, are a tight, musical, if low key, aggregation who seem to specialize in the soft commercial sound with which their mentors have met so much success. Our favourites on this Gene Martynec-produced set are "Resurrection" and "Show Me the Way".

CARLTON COUNTRY

Carlton Showband

RCA Camden CASX 2620/N

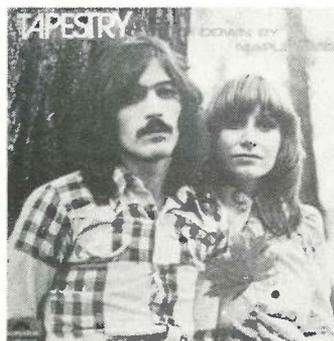

Kick this one off with "Old Johnny Bucka", a traditional effort arranged by Chris O'Toole. Don't be alarmed at the lyrics, they're completely acceptable and should cause listener reaction. The Showband have succeeded in waxing their rollicking fun time and should show a healthy sales return with this set.

SEGUIN

Warner Bros WSC9013/P

Although the lyrics seem a little strained to keep up with the music at times, this French language LP could make an interesting addition to progressive programming. Beware the CRTC however, if you're licensed for English only.

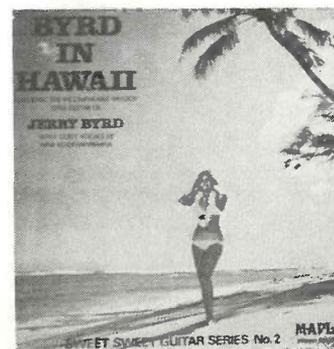

DOWN BY THE MAPLE RIVER

Tapestry

Polydor 2424 078/Q

Although drawing a little too heavily on Neil Young, both musically and lyrically, Tapestry sound tighter than they ever have before on this low key good music album. "Everything Is Bringin' Me Down" and "Down by the Maple River" should boost sales.

BYRD IN HAWAII

Jerry Byrd

Maple MA1002/K

Sweet steel guitar instrumentals should go over big with the MOR crowd, both from a programming and sales point of view. Among the better selections on this attractively packaged set are "Kamalani Keaukaha", "Beautiful Kahana" and "White Silver Sands".

"WORLD OF MUSIC" IN QUAD ON CJRT-FM

To the story of the demise of Toronto FM station CJRT, irony was added last week with the announcement of two four-channel broadcasts to be aired in April. The quadraphonic programs are featured on the April 1 and 29 editions of "World Of Music", heard Sundays at 5PM. The matrix system was utilized for the broadcasts.

The April first program is subtitled "Four Channel Fun for April Fool's Day" and examines the work of organist E. Power Biggs performing works by Dupre, Widor, R. Strauss and J.S. Bach. On April 29, "Switched On Bach", perhaps the most popular classical record ever released, will be the featured music. In addition, the English Chamber Orchestra will perform Vivaldi's "The Four Seasons".

"World of Music" is hosted by Andrew Marshall. The CJRT press release indicated his program would continue to present 4-channel recordings as they become available in Canada, adding a touch of irony to previous announcements that the station would close June 1.

The first Toronto FM station to broadcast in four-channel was the Rogers operation CHFI. The Dorren Discrete system was used in that pioneer broadcast, over a year ago.

"IDEAS" WINS ARMSTRONG AWARD FOR CBC RADIO

The CBC-FM series "Ideas" has won the first prize in the education category of the much-respected Major Armstrong Awards. "The Oceans—Tears on an Azure Floor" was the program honoured by the awards, which mark excellence and originality in FM broadcasting. James Anderson, producer, and Len Scher, researcher, accepted the award March 24 in Washington D.C.

"The Oceans—Tears on an Azure Floor" is a mythical, historical and literary journey through the high seas. The judges said the program blended "skillfully elements of literature, legend and scientific fact (to create) a brilliant sound experience which is not only informative but manages to impart a deep emotional sense of what the oceans have meant to man". The program was broadcast on AM and FM network last October.

RPM The Programmers

A WEEKLY FEATURE IN RPM
DESIGNED FOR CANADIAN

Programmers

Winnipeg reflects market situations

Winnipeg is a market that reflects many of the trends happening in radio today. Let's take a look at the January 1973 BBM ratings on the market and see what we can learn, if anything. (The BBM provided me the figures quoted but the interpretation is strictly my own.)

One of the first things we notice is that, similar to most markets, the dominant station is the traditional-type MOR station that's heavy on news and features. In second

The *IN YOUR EAR*
Programmers *dave chadwick*

place is a format-40 operation. This is in contrast to many U.S. markets where format-40's often have leading shares. The relatively small number of commercial AM stations in Winnipeg (four) has meant the market has not become fragmented very much, and the big adult age group goes to one station (CJOB) with a well-programmed rocker (CKRC) just behind.

FM in Winnipeg has not become a major force. Combining all four stations' average quarter hour counts the total is still less than CKRC's or CJOB's quarter hour listenership.

The CBC's radio ratings have been improving of late, so that they rank as high as fourth in daytime quarter hours (all persons). Much of this audience is over 49, however, as the station falls to sixth in daytime audiences when only the 18-49 bracket is considered.

There will obviously be major changes in the ratings scene in years to come. One of the most interesting points to watch will be the increasing audiences of the FM stations and the effect this will have on AM programming.

Here are the statistics:

CKSB WINNIPEG SOLD TO CBC OVER PROTESTS

Over the protests of Winnipeg ethnic groups, the Canadian Radio-Television Commission last week approved the sale of multi-language outlet CKSB Winnipeg to the Canadian Broadcasting Corporation, who plan to make it a French-only station.

The sale was approved with a CRTC note of approval for the fact that French CBC network radio would now be available to Winnipeg listeners. However, at the application, residents had complained that the network programs would be too Quebec-oriented compared to the previous CKSB local French programming. Accordingly, the CRTC directed the CBC to "continue to provide an adequate local and regional service to the French speaking residents within its service area and that it (CKSB) should not lose the personality it has developed over the years".

Another thorny matter at the public hearings was the issue of CKSB programs broadcast for various ethnic groups. These people had complained they would suffer the loss of

MUCH MORE HARD NEWS ON CBC'S CBL TORONTO

In line with a trend already established at other CBC owned-and-operated AM outlets, CBL Toronto last week added seven people to its staff of reporter-editors. The move came in order to give hard news and public affairs coverage an increased emphasis in prime morning, noon, and drive-home periods.

CBL's morning show from 6.30 to 9AM (hosted by announcer Bruce Rogers) until recently was using a format of records with light show business commentaries, hosted by Alex Trebek. At the time it was introduced, this type of format seemed to be in line with the "Radio One" and "Radio Two"

their long-established programs if CKSB went all-French. The CRTC didn't bend on the "French-only" programming policy, but gave the direction that one year grace should be given the ethnic programs so they will have time to arrange airtime on other stations before CKSB cancels them.

formats that the CBC planned to introduce on AM and FM networks respectively. This plan, to make CBC's AM outlets sound more like commercial AM radio, was subsequently vetoed by the CRTC. The new Bruce Rogers morning show will consist almost entirely of talk as opposed to music. Hard news, including major news segments "The World at Eight" and "The World At Nine", is up front, with regional coverage and national affairs rounding out the program. Recorded music has been virtually banished from the air.

Seven reporter-editors have been hired to do on-air segments for the show. They are Tom Egan, who will serve as senior news editor; City Hall reporter Frank Hilliard; plus Jay-Del Mah, Red Fairbanks, Judith Charles, David Grossman and Doug Grant. Some of the new staffers will also be contributing features to the Radio Noon program fed to the network, as well as CBL's local afternoon program emceed by announcer Bruce Smith. Smith had handled the CBL morning show for many years before he was replaced by the ill-fated Trebek morning show.

CRTC grants licence renewals

Last week the Canadian Radio-Television Commission released the verdict on licence renewals of over 100 Canadian radio stations. There was an interesting mixture of renewals ranging from two to five years in length. The announcements bring into effect CRTC desires to have radio licences all expire on March 31 of each year. Any of the stations who had previously had expiry dates other than March 31 had their licences changed to expire on this date in 1975, 1976, 1977 or 1978.

In line with CRTC policy not to give long renewals while the FM policy is still undecided, all the FM licences are for two years only: The only note of interest in regard to the stations' programming policies is that CKVL-FM in Verdun, Quebec has received CRTC blessing to change from English-and-French broadcasting to French only. The station had been bilingual since its establishment in 1950, but the CRTC said that with the proportion of English to French listeners in Montreal, the market would have a better balance of radio stations if CKVL-FM were to go 100% French. The following licences are to expire on March 31, 1975: British Columbia: CJOV-FM Kelowna, CKOK-FM Penticton, CJAT-FM Trail, CBUF-FM Vancouver and CFMS-FM Victoria. Alberta: CFRN-FM and CJCA-FM in Edmonton, CHEC-FM Lethbridge, and CKRD-FM Red Deer. Manitoba: CKX-FM Brandon, plus CJOB-FM and KY-FM in Winnipeg. SHARON LOWNESS RELEASE ON BOOT

Sharon Lowness who saw much chart action with her Boot deck, "Flying East", has another go 'round, this time with "God Made Me A Woman." The plug side is a co-effort by Jerry Gillespie and Ricci Mareno and was produced by Mark Altman. There is no information available as to where the session was taped, nor the nationality of the writers, which would indicate that the record does not qualify as Canadian content.

Ms Lowness, who hails from Halifax, recently previewed her single on Elwood Glover's "Luncheon Date" (CBC-TV) and, according to reports, was very well received. She has been active on the club and concert circuit where she is backed by a group headed up by her husband Chuck.

Jason Schoonover of CFQC reports Saskatoon record stores are doing a roaring business in Canadian 45's these days, better than at any time in the recent past and even surpassing most of the U.S. product in sales. Hottest sales going to: "Strawberry Wine"/Ronnie Kartman, "Songman"/Bobby Curtola, "Farmer's Song"/Murray McLauchlin, "Dirty Old Man"/George Hamilton IV, as well as the singles by Stampeders, Susan Jacks, Valdy, Abraham's Children, James Leroy and Gord Lightfoot.

To tie in with last week's meat boycott, George Patton of CHML Hamilton dug out "Half A Pound of Ground Round" by Tom T. Hall, and "Bullshippers" from the Dave Dudley LP one or two back. "Bullshippers" are people who drive the trucks packed with that \$2-per-pound beef.

New to the 3-7 PM slot at CJIB in Vernon B.C. is Duane Grandbois, moving over from CFSL in Weyburn, Saskatchewan.

Congrats to Herbie Mintz for 51 years on the air. He is with WAVS Fort Lauderdale, Fla. and started in radio February 12, 1922 with KYW Chicago.

"Isn't Love Unkind In My Life", the recent Foot In Coldwater single that got extremely heavy play on CHUM Toronto and several other key stations, will be getting another chance. The song was completely remixed for a U.K. release on Island Records and the new version is being reservised now to Canadian stations. Sales of the first version were slow but Daffodil staffers hope the new version will change that. Make sure you re-audition the record; it's a damn fine single.

New all-night man at VPCM St. John's from CHIC Brampton and Toronto cable TV is John McEwen. He'll use the airname of David Kay. VPCM airing "Name It And Claim It" contest. Companies wishing exposure of their product on this contest should forward extra duplicate copies to VPCM in St. John's. A cheap way to get exposure for record companies! Former open-line host Ron Pumphrey has dropped his VPCM editorials to do the regular 4.55 PM newscast. This cast is like Gordon Sinclair's famous CFRB Toronto opinion/news broadcasts. Pumphrey has the licence to comment because of his proven pull in the St. John's market. Johnny Murphy of VPCM says Dottie West's "Country Sunshine" commercial for Coke could be a monster hit if it was out on 45. Whoever owns the rights on this one should look into it, could be another "Like To Teach The World To Sing".

Sure have been plenty of long-life singles lately. Seems all the good product was released about four months ago and now the new stuff isn't exciting enough to warrant pulling off the old just yet. And singles are taking much longer to break into full-fledged hits. Recently off Billboard's

Hot 100 in this category are: Dancing In The Moonlight (22 weeks on chart), I Can See Clearly Now (20 wks.), I Am Woman (22 wks.), Funny Face (20 wks.), Rocky Mountain High (19 wks.), and Crocodile Rock (17 wks.). As of the April 7 issue of Billboard, these songs had the weeks indicated and looked like they would add a couple more before dropping from the Hot 100. Last Song (17), Danny's Song (14), Cover of Rolling Stone (19), Daddy's Home (18), Do You Want To Dance (16). So what does this indicate to programmers? Some of the songs shown were such powerhouses in most markets that they should be kept on air, if not on full chart rotation, on a reduced-play basis as a "current gold" record or whatever you choose to call it. On the other hand, certain of the hits above have had long chart runs just because the action was

spread out over time instead of concentrated. These records, thus, should NOT be given extra weeks of play on your station. You, as a programmer, will have to weigh the situation as it applies to YOUR market. Charts from the trades and elsewhere can only be a GUIDE to you and not a bible. The music available to you is very complex and constantly changing so that records added at one time, may turn out to be not quite strong enough, in a period when a lot of other strong singles are out.

CFGQ's 20-20 news staff added several new news people to staff. Joining the Ottawa station are Paul Talbot, Rayfield White and Don Crockford.

Golden days for Edward Bear

Edward Bear is perhaps the most Gold laden Canadian group in the business. Besides picking up Canadian Gold (RPM Gold Leaf Award) for their Capitol single, "Last Song", penned by group leader Larry Evoy, they received R.I.A.A. Gold (U.S.) which represents sales of 1,000,000 in the United States. They are, in fact, one of the few Canadian groups to have made it to this magic number. The group is much in demand by international promoters, much of this due their appearance on the Maple Music Junket in 1972.

The above photographs are some indication of the Bear's Gold activity. (TL) Capitol's A&R Director, Paul White presents Canada's Gold Leaf Award for sales in excess of 50,000 singles to (l to r) Roger Ellis and Larry Evoy. (TR) Mauri Lathower, A&R Director for Capitol Inc. presents prized R.I.A.A. Award to Bear. Al Coury on right. (BL) Capitol Canada's Director of Marketing, Dave Evans, presents Canadian Gold to Bear. Information and features, some from other armed forces stations across Canada. Parts are in French for the many Francophones on the base. Music is MOR; program appeals not only to the base but also to the community who become aware of activities on the base.

Radio Western at U.W.O. in London moving studios into new location these past weeks. Music director Ron Moore just appointed to job of program director (and will keep MD job as well). Station manager is Darcy McGroarty. Radio Western will remain on the air all summer via CFPL-FM all night show. Companies please keep sending product to Moore for this broadcast. Station has now submitted a brief to CRTC as first step in their application for an FM stereo licence.

George Johns has resigned from the station manager's job at CFTR Toronto. He is going to the Fairbanks chain, which has stations in Boston, Dallas, Orlando and several other U.S. markets. Johns will be the national program director. Filling his slot at CFTR will be Chuck Camroux of CHAM Hamilton.

CKLG Vancouver getting requests on Orly/Guess Who after initial play. Keith Hampshire not making much of a stir so far.

Brantford CKPC country jock Vic Foliott reports an unbelievable response to his Lightfoot Special (the Lightfoot story with Gord doing every third song). More

phone calls of approval for this than for anything else aired in quite a while. It appeals to nationalistic instincts I guess. Vic also tips stations to Tammy Wynette's newest single "Kids Say The Darndest Things" which communicates with both MOR and country listeners. With the female singer being today's big sound, this Wynette record could be a huge crossover from country to pop. Country stations are invited to exchange info for the CKPC news sheet.

Bachelor paranoia on the upswing in Montreal radio after "Wedding Week" last week. CKGM PD John Mackey and early evening jock Steve Shannon both exchanged rings (not with each other, for the benefit of the quick minds out there). CKGM up to \$11,000 given away in the "Phrase That Pays Contest".

Suggestion to campus stations: now that exams are here, you should send all the record companies letters detailing your plans for the summer (whether you go on all summer or shut down). If you do this, your service will be bang on time when you really need it next fall. Nothing turns off a record company more than never hearing from the people it sends product to. One bit of ink will do wonders for your station's image at the offices of the record companies.

CKBC, Bathurst N.B. requests better service on Canadian MOR & rock music as this material has been getting good reaction lately. For example, four hottest phone items are the new ones by Edward Bear, April

Wine, Keith Hampshire and Eric Clapton ("Bell Bottom Blues"). MD J. Roger Blanchard says "we starve while the mail crawls along".

Here are this year's headlining acts for the CNE Grandstand Shows in Toronto this summer: James Last, Aug. 24 & 25; The Guess Who, Aug. 26; Tom Jones, Aug. 27 & 28; Charlie Pride, Aug. 29; The Osmonds, Aug. 30; Three Dog Night, Aug. 31; and Sonny and Cher, Sept. 1. Also going with the top musical entertainment are the Scottish World Festival, the Soviet Red Army Festival and the Canadian National Drum and Bugle Corps Championship.

New York City is like another world when compared to Canadian cities. Just look at disc jockeys' salaries. Reports say that WOR New York is offering a salary of \$200,000 yearly to Gary Owens in hopes of luring him away from his gig at KMPC Los Angeles. The 200 grand figure is the highest ever for any announcer so far in the States. Owens has been with KMPC for ten years, has numerous citations as best deejay in L.A., and is one of only three jocks on the station making over the \$100,000 mark. One reason the NYC offer is so high is that Owens would be dropping his L.A. television work which includes NBC's new version of "Laugh-In". The other reason: very high cost of living in NYC, where apartment rents are incredible. By the way, that same WOR just signed Bob & Ray in a move to heavy personality

on their "Radio New York" afternoon drivetime show.

The prime opening at CJCA Edmonton has now been filled. Getting the nod was Bob Arnold, morning man and PD at Regina country outlet CKRM. Arnold was previously with two Calgary stations, CFCN and CKXL.

New lineup at CJCH Halifax: Jerry Lawrence 6-8.30 AM, Action Line with Jim Nunn till 11.30, Chuck Brady (MD) from 11.30 to 3 PM, Dick Reeves 3-7 PM, Chris Morgan (ex CJON St. John's) from 7-12 with Michael McGuire all night. Ron Roberts and Sean Ryan do weekends and the PD is Jim Keith.

The opening at CHSJ Saint John has now been filled. Joining the air staff is Ron Dale. Four hottest CHSJ phone requests; Valdy, Vicki Lawrence, Bells, Roberta Flack.

New staff appointments at Fredericton N.B. campus station CHSR: station manager is Dale Geary, program director Stanley Twist, and the new music director is Moe Latouche.

Must be nice to be as highly paid as New York's Imus In The Morning. (Don Imus is of course the morning ratings powerhouse on WNBC.) What other announcer could get away with saying on air "I find it intolerable here" and that, though he'd finish his show, he would no longer work for the station and have his lawyer see if he could get out of the contract. Management responded "We'll work it out" though Imus' slot was left vacant for most of a week. He's been known to be several hours late a number of times for his 6-10 breakfast gig and some days never makes it in at all. With a format of "insanity" and "talk dirty" some listeners have been offended at the way he cuts sacred cows to shreds. Other things he cuts up are control room staff, who filed a grievance with the union over his excessive demands and abuse. But the ratings are there and that must be the reason Imus can get away with so much.

WABX-FM in Detroit just wrapped up the April celebration they call the Kite-In. Last year's kite fly drew 30,000 spectators plus a request from the parks dept. to clean all the string out of the trees this year.

The Programmers **NEW ON CHARTS**

PRINCIPAL MARKETS

War's "Cisco Kid" erupted onto charts across the country this week. Added to CKGM, CJCH, CKOM and CKRC which join previous stations CKXL, CKOC, CKLG, CJME, CFGO and KKLW.

Helen Reddy came out of left field to add four charts to the one station (CKLG) that she had last week. "Peaceful" got chart numbers at CKLW, CKXL, CKOM and CKRC. Edward Bear last week had just one chart (CKOC) but this week got berths at CFGO,

CKLG, CKOM and CKRC.

Skylark's "Wildflower" this week got confirmation as a fully-national chart record. CFRW, Radiomutuel and CKOC gave it numbers, joining earlier stations CKLW, CKLG, CKGM, CKXL, CKRC, CKOM and CJME. Also getting total confirmation this week was Donny Osmond; now on 100% of our major charts. A third act that confirmed a big sweep this week is Keith Hampshire. He was charted at CKXL, CFRW and CKRC to accompany previous chartings at CJBK, Radiomutuel, CFGO, CKOM, CKGM and CKOC.

Susan Jacks continues excellent progress with charts this week at CKLW and CKGM, who join CKRC, CKOC, CJME, CKXL, CKLG and CHED chartings. And Stevie Wonder went on CJME and CKLW to join last week's charts at CFGO, CKXL, CKLG, CHUM, CKOM and CKOC. Gladys Knight continues strong; joining spearhead stations CJBK, CHUM, CKGM, CKXL, CKOC, CJME CFRN and CKLG are this week's: CKRC and Radiomutuel.

Dobie Gray continues a long, drawn-out process of adding charts with CFGO and CFRW. Previously on CKXL, CKLW, CKLG, CKOC and CKRC. And Lou Reed continues scattered progress with CFRW and CJME chartings this week (previously CKXL and CKLG).

PRINCIPAL MARKETS

Elton John is following up "Crocodile Rock" with a softer sound called "Daniel". In its first week of release, CFGO, CKOM, CKLW and CKXL playlisted it.

Steely Dan is showing up as the strongest of the other product in a week where programmers all seem to be into different things in each market. "Reeling In The Years" went on CKXL, CJME and CFRN lists, joining last week's stations CKLW and CKOM. In the first week for Loggins and Messina, "Thinking of You" hit the air at CFGO, CKLW and CFRN.

Carly Simon continues slow progress on "The Right Thing To Do". It was added to CFRW, CKLW, and CKXL which accompany last week's airplay on CFRN and CFCF. Gilbert O'Sullivan picked up a couple more stations this week for playlists, but is slow to get chart numbers. O'Sullivan airplay: CKXL, CJME, CKLW, CHAM, CFCF, CHLO, CFRN, CKY, CFGO and CKOC.

Bob McBride's "Butterfly Days" went on air at CKOM this week, joining earlier play at CFRW, CKGM and CFCF. And Focus's "Hocus Pocus" was added to CJME playlist (previous stations CKXL, CFGO and CKLW).

The major market stations this week added little in the way of new "try-it-and-see" product. But the breakout markets uncovered no less than fourteen potential hits. All or any of these could be just the thing to break big, if given major airplay. The smaller stations have placed substantial confidence in: Hallelujah Day/Jackson 5; Orly/Guess Who; Bitter Bad/Melanie; Lady Run Lady Hide/April Wine; How Can I Be Sure/Frank Mills; Daisy A Day/Jud Strunk; Thank You/Abraham's Children; Lady True/Foot In Coldwater; Saw A New Morning/Bee Gees; Playground In My Mind/Clint Holmes; Everything's Been Changed/Fifth Dimension; No More Mr. Nice Guy/Alice Cooper; If It Wasn't For The Reason I Love You/Miki Anthony; and Butterfly Days/Bob McBride.
