MAIL

To Jeff...and all at FRED:

Please find our station logo enclosed, along with two t-shirts as samples for your logo search-outs.

We here in Corpus would love to share our "Super" image with all FRED readers, and hope to see our logo published in your great magazine!!

T-shirts are large sizes...be glad to send along a couple of mediums at your request. Thanks in advance for all your help!!

Rusty Garrett, Program Director
KZFM/Corpus Christi

CENTRAL COMMAND

To C.C.:

The last paragraph of "60 Seconds" last week (April 9, 1979) went right to central command in my mind and hovered there.

Since I've started posting this (I've found bathrooms, either on the mirror or in the stall, the most effective spot—much better than bulletin boards), people have started turning this off... I'm no longer a one person conservation committee.

So, I'm spreading the piece as far and wide as I can, in the hopes that a few less kilowatts will be produced.

Thanks for the inspiration...for putting the thought so cogently.

Deirdre O'Donaghue
KMGC/Dallas

A GIRL NAMED FRED

To FRED:

In "Once Upon a Mattress" there was this showstopper song—"I'm in love with a girl named Fred." well, I'm in

love with a magazine named FRED—and I'll tell you why:

Several times lately your publication has been extremely helpful in filling gaps for me and providing answers to questions which I couldn't otherwise have answered. I have found the information in FRED to be up-to-the-minute and consistently useful.

You are making a very real contribution, not only to the radio community, but to advertising and media services as well.

Keep up the good work!

Helen Burton, President
Creative Ventures, Inc.

CORRELATIVES

To Jeff:

Just a quick note to compliment you on the new features you have added to your column. I have always found FRED Magazine to have the finest information on latest product and watch THE HOTS very closely. I find your comments under all Universals very interesting and find that your research correlates with mine a great deal. The Key Notebook is very interesting and I hope you will continue it in the future.

Enclosed is a candid photo taken at our Hall of Fame weekend reception of Tom Murphy and Larry Lujack, two Seattle radio greats together for the first time in ten years. I have also enclosed a copy of highlights from our Hall of Fame weekend, which brought together some of the best talent in the country. Hope you enjoy it.

Until our next conference call.

Tony Stone, Program Director
KYYX FM/Seattle

DUPE PLEASITY

To FRED:

I would appreciate your sending another copy of the latest issue of FRED Magazine as ours was lost in a bizarre water accident. We have been keeping all issues and would be heartbroken to have one lost.

So, at your convenience, please send the April 9th edition to KBAI.

Ann Dunaway, MD
KBAI/Morro Bay

MAY JUNE JULY

May 1-31—Radio Month. Acquaint the public with the varied services radio provides.

May 1—Festival of the Hare. Celebrates the official opening of the turtle thoroughbred racing season.

May 1—Law Day USA. To advance equality and justice under law.

May 1—Save The Children Day. Local activities encouraged to celebrate the joy of children everywhere and to raise public consciousness about the plight of needy children in poverty areas around the world.

May 1-31—National Tavern Month. To honor the American Tavern for its place in history.

May 1-31—Christmas in May. For the purpose of stimulating people of the world to visit a handicapped child in their local hospitals or institutions and to take along a gift and some love.

May 1-31—Home Improvement Month.

May 1-31—Mental Health Month.

May 1-31—National Humor Month.

To promote, encourage and continue to develop the sense of humor and good fellowship that comes from making friends and family laugh.

May 19, 20 & 21—The 4th Burns Media Program Studies Seminar. Provides intensive exposure to the latest developments in key areas of radio programming. To be held at the Harbor Island Hotel, Harbor Island, San Diego, California.

May 21-24—National Public Radio Annual Conference, Hyatt Regency, Washington.

May 31-June 2—All-Texas Secondary Radio Conference in Austin, Texas at the Marriott Hotel.

June 5-9—American Women In Radio and Television 28th Annual Convention at the Atlanta Hilton.

Sept. 9-12—National Association of Broadcaster's Radio Programming Conference. Stouffer's Riverfront Tower, St. Louis.

Sept. 24-Nov. 30—World Administrative Radio Conference for U.S. and 153 other member nations of International Telecommunications Union. Geneva International Conference Centre and ITU headquarters, Geneva.

Oct. 7-10—National Radio Broadcaster's Association Annual Convention. Washington Hilton.

FRED 18-12💡

PRODUCED BY JOHNNY SANDLIN

MOST VALUABLE RECORD OF THE WEEK: BILLY JOEL

"Honesty" wins instant acceptance in all demos, speeding 22-14... **Peaches & Herb** keeps the lock on no. 1 for the third straight week... **Bee Gees** smash 6-3 behind strong sales.

HIGH-JUMPER OF THE WEEK: DONNA SUMMER

"Hot Stuff" melts all demos 17-4, heads for no. 1... **Randy Vanwarmer** remains strong (8-7), also covering all demos... **Supertramp** maneuvers 18-11 with no. 1 album, image and callout strength.

BREAKING BIG: BAD COMPANY & OLIVIA NEWTON-JOHN

"Deeper Than The Night" devours the females and debuts at 19... "Rock and Roll Fantasy" offers powerful image and rocks 26-21 with strong male support... **G.Q.** gains 24-22. **Rod Stewart** seduces the females 30-24.

WIDESPREAD DEMOGRAPHIC RECORD OF THE WEEK: REX SMITH

"You Take My Breath Away" is a blockbuster and spreading to all demos very quickly, debuts at 25... **Roger Voudouris** lifts 27-26.

CALLOUT RECORD OF THE WEEK: SISTER SLEDGE "Family"

IMAGE RECORD OF THE WEEK: CHEAP TRICK

NOVELTY RECORD OF THE WEEK (AGAIN!): FRANK ZAPPA

These stations show it all: KUPD 25-14, 99X 26-17, CK-101 18-12, WORD 20-11, WPFM 30-14, WTIH 38-25, and adds like KRTH, KHJ, KFRC, WISM, and KILT!

VAN HALEN: MALE ALBUM OF THE WEEK RICKIE LEE JONES: 18+ ALBUM OF THE WEEK

Zappa Still Sheikin' Up The Chart, Rockets Take Off, Brood & Browne Debut

Van Halen holding giant 16-24 male power. Single should maintain that power and spread the demos. **Supertramp** held at number one with giant across the board support and a big single. **Rickie Lee Jones** continued to gain strong 18 to 34 support and good requests and sales. **Zappa** moved 14 to 8 with giant reaction to the single. Extremely valuable image album. **The Rockets** continued to zoom up the chart with heavy 18 to 24 support and a fast breaking single. **Ian Hunter** showed strong male response, moving 23 to 18. Primary demos are 18 to 24. **Orleans** maintains strong 18-34 support with good sales. **Tycoon** debuted at 20 with solid 18+ support and developing sales. **Herman Brood** debuts at 26 with strong male and 18 to 24 female support. Sales and requests are developing. **Jay Ferguson** breaks into the chart with good 18 to 34 response and strong artist power. **Duncan Browne** moves in at 28 with impressive 18+ response, primarily on the single. Female reaction is very good. **New England, Ron Wood, Billy Thorpe, Lowell George** and **Manfred Mann** are next.

BRIDGING THE INDUSTRIES

APRIL 30, 1979

GOLDEN WEST

O'SHEA GOES NATIONAL

LOS ANGELES---MIKE O'SHEA is leaving the Program Director's post at KPOL/LA to become National Program Director for the Golden West chain. His sphere of responsibility will include all the Golden West outlets; KMPC/LA, KSGO/San Francisco, KEX/Portland, KQFM/Portland, KVI AM & FM/Seattle, WTWR/Detroit and WCXI/Detroit (which is the old WCAR).

O'Shea's background aptly shows his qualifications for his new position. He has programed KLIF/Dallas, WLW/Cincinnati, KVI/Seattle and KPOL/LA. O'Shea also was the National Program Director for the Amature Group out of Florida.

The strength of O'Shea's background is demonstrated by the fact that he has never been fired from any of the positions he has held. His career moves have always stayed in his hands, which is a remarkable achievement in today's radio industry.

At the same time, it must be noted that he has not lost in ratings in any of the markets he has programed.

"I am so turned on. I wanted to stay here at KPOL because I really like

Michael O'Shea

the people at Capitol Cities. I really planned on staying here for a long period of time but Golden West came to me with this offer and it was one of those, man, I just didn't feel I could pass up."

With the diversity in stations and markets, O'Shea feels that it will be of prime importance for him to work with and be aware of all of Golden West's outlets. He is presently working with

RICHARD KALE, Vice-President of Golden West's radio division, to set the priorities of stations to be worked with first. His criteria for these priorities will depend on the existing situations in the various markets.

"I'll be working with the various PDs and General Managers from all the stations. One of the big things that I'm real excited about is establishing a talent bank of air and programming talent," stated O'Shea. "One of the large parts of my job is going to be talent coordination, so that when an opening comes up in one of our stations the PD or the GM will get on the phone to me and say, 'Hey, this is what we need,' and I'll be able to save them a lot of time and expense in finding the right person for the particular need. This is true of both on-the-air and programming positions. As we acquire more stations, I'll be able to work with GMs at selecting Program Directors."

All tapes and resumes for O'Shea's "Talent Bank" can be sent to: Golden West Broadcasters, 5858 Sunset Blvd., Los Angeles, Ca. 90028, to Mike's attention.

WABC'S PLAYLIST

DISCO BUT NOT DISCO

NEW YORK---With the continued success of WKTU and the disco phenomenon in the Big Apple, it is only natural that when another station begins to show increased amounts of disco product in their playlist everyone asks, "Are they going disco?"

Such is the current situation with WABC, one of the premier Top 40 stations in the country. Sources within WABC gave a resounding "No" when asked about this by FRED.

"Mass Appeal" is what ABC is saying about their programming today. One representative said, "We play what the people are buying. If you look at the sales trends, you will see that disco makes up a large percentage of sales in New York right now. This is obviously what the people want to hear on the radio. Sales has always figured in as a major part of our decisions on what to play, this has not changed at all."

The April 1979 Mediastrend shows ABC running second to WKTU in that

market, ABC reps feel that by staying mass appeal and not going disco they can turn that situation around by playing music for everyone. The fact that almost 75% of ABC's current playlist is disco product is totally a result of their on-going research into the music New Yorkers are buying and listening to.

"We don't want any labels. We play music for everyone, and will keep on that way."

BRILL TO MERCURY

Billy Brill

Los Angeles---BILLY BRILL has resigned from Ariola Records to go with BOB SHERWOOD and JIM JEFFRIES at Mercury Records. Billy will be working with the National Promotion staff, reporting to Sherwood.

"I loved working with Jay, Howard

and B.J. They were sensational," said Billy when asked his feelings on leaving Ariola, "They are really great people, but I'm thrilled to be working with Bob, Jim and the Mercury staff."

Billy began his industry rise in radio in Watkins Glen, New York at WGMF when he was 14 years old. In 1972 he moved from radio to record promotion at Polydor Records. Billy has been with Ariola for the last 16 months as National Singles Promotion Director.

JIM BROWN has been named to replace Brill in the National Singles Promotion spot. Brown came to Ariola from a midwest promotion spot for the label. Jim was formerly with ABC Records in the same job.

Brown comes from 16 years of radio with a background that includes time at WIL/St. Louis, WTRY/Troy, KSLQ/St. Louis, and he programed WDRQ/Detroit, as well as WZUU and WOKY in Milwaukee.

BROWN PROMOTED

Jim Brown

Brown joins the ever expanding group of former ABCers joining B.J. McELWEE at Ariola. Another recent arrival is DON KAMERER, formerly L.A. Branch Manager for ABC, now West Coast Marketing Director for the Lasker/Howard label.

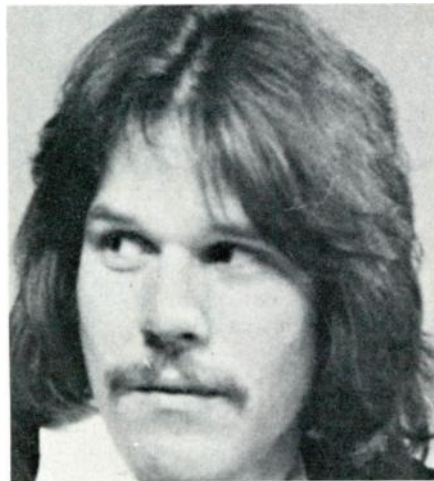

WEST PROMOTED

MITCHELL PD OF KJR

Seattle---TRACY MITCHELL, Music Director of KJR, has been promoted to Program Director of the station and will continue as Music Director as well. At the same time, STEVE WEST, former PD has been upped to Assistant General Manager.

"Right now it's an organizational period. I've got to get in touch with all the departments under me so I have a clear picture of what's going on. First, I've got to know what it is before I can change it," commented Mitchell.

"It's a finetuning process. I've been working with Steve in programing for the last four years, so it's not like all of a sudden, boom I'm here. I've been with it all along, it's just that now I have a lot more to concern myself with directly," said Mitchell, "Now it's my

Tracy Mitchell

ass that's on the line."

"The communications channels are still the same, I still report to Steve. With a guy like Steve as the GM, it makes it a lot easier to get what I want to do on the air."

Tracy is a full believer in keeping the jocks visible on the street. Although there is an upsurge of this during the ratings periods, Tracy feels this is of major importance at all times during the year.

"We merchandise the personality. The public stays very aware of our people. Right now all the jocks are out on personal appearance schedules. A lot of it is seasonal. For example, back to school, basketball games, football games, rallies and all that stuff. We're always covering those."

RESOLVED:

"Whereas the President of the United States has urged the FCC to eliminate unnecessary government regulation and related requirements for paperwork;

"Whereas the FCC has scheduled May 8, 1979 to review the issue of deregulation of radio;

"Whereas it now appears that the

FCC may propose a 'deregulation experiment' in selected larger radio markets;

"Whereas the NAB Executive Committee strongly opposes a 'deregulation experiment' as a wasteful exercise which would exclude the small market radio stations that make up the overwhelming majority

of stations on the air and are most in need of relief from unnecessary regulation;

"therefore, the NAB Executive Committee reaffirms the resolution of the NAB Board, at its January 1979 meeting, for the immediate deregulation of all of radio."

BRAVE NEW WORLD

Washington—ERWIN KRASNOW, commented recently on the U.S. Supreme Court ruling on a case involving CBS TV's 60 Minutes and its producer, BARRY LANDO. The decision means that public officials or public figures could force journalists to reveal what their thoughts, opinions and conclusions were while preparing a news story.

Krasnow feels that if allowed to stand, the Lando decision "cannot but severely restrict the ability not only of the press to challenge and question public officials, but the freedom of private citizens to oppose and challenge their own public officials in open debate."

Krasnow, also, feels that it would now become necessary for citizens speaking out at public meetings to

carefully weight the increased risk of suit and "accompanying demands that they account for their disagreements with public officials."

Another disturbing factor is that trial judges, who are mostly elected officials, are now able to require both citizens and journalists in libel cases to breach their own constitutionally protected freedom of speech by having to explain not just what they said, but the thoughts, beliefs and information on which they base their cases.

"The members of the Supreme Court are themselves public figures and the out-of-court attitudes toward the press raise serious questions about the detachment and propriety of the decision handed down," stated Krasnow.

Well, the truth was worse than the rumors. We had heard that RED MOUNTAIN was busted and indeed he was. It was a lot more serious than we thought. He lost not one but two thousand dollars in one evening at the tables in RENO. Now he's flat busted. To make up for those lost bucks, Red has opened the door to his consultancy. He already has a couple of clients, one of them being KCBN, the station he so successfully programed until recently.

In Tulsa, PD RON BLUE at KRMG has a lively talent in COMMANDER KEN who is doing afternoon drive. Ken is not only good on his own show but he also is one of the "Cast of Idiots" RICK DEES has with him every morning. Ken writes and voices many bits for Rick.

By the way, Rick is drawing good notices for his morning show since he moved to KHJ.

FRED DIRECTORY OF RADIO is now in production. It's been a long time coming, but it will be worth it. It won't fall apart when you open it, the stations or persons you want will be in it and their addresses and phone numbers will be correct. The forms we sent out have just about all been tabulated and the voting for PD, GM and record company executive of the year are quite tight. The one selection that will probably surprise the most people is radio's choice of promotion person of the year.

RICHARD PALMESE of Arista came on the phone with a voice about an octave lower than the last time I talked to him and I knew he had been on vacation. It's amazing how tension can build over time. The release performers have to have is no less a necessity to promotion people, who have to put on, not one, but twenty performances a day.

The voice of intelligence is soft and weak. It is drowned out by the roar of fear. It is ignored by the voice of desire. It is contradicted by the voice of shame. It is hissed away by hate and extinguished by anger. Most of all it is silenced by ignorance.

Karl Menninger, 1955.

DC NIXES ARB, NAB, NRBA

WASHINGTON DC---Twenty-one stations in and around Washington are airing announcements informing the public that a ratings period is on. The Broadcast Ratings Council, the ARB Advisory Council, the NAB and the NRBA have all expressed displeasure at the announcements.

The announcements being aired state, "Radio audience measurements

are being conducted in your area. Surveys such as these are important to programing and operation of radio stations. If you participate in any of the surveys, it is important that your actual listening be accurately reported. Your cooperation and accuracy will enable (call letters) to better serve your interests."

NEW GM AT V-97

JACKSONVILLE---VICTOR W. ADERHOLD has been appointed Vice-President and General Manager of WAIV-FM (V-97). Aderhold comes from a management position with WKLS/Atlanta.

Aderhold has better than 20 years in broadcasting, with his earlier years spent in programing. More recently he has been in sales and management.

"I've always wanted to work in Florida. As a teen, I spent all my summers here and decided some day I would come back professionally. I have always been associated with a winner and that's my main reason for accepting the position here. I want to be a part of north Florida's number one station, V-97," said Vic on his arrival in the Sunshine State.

FM STEREO WAIV RADIO

RKO NETWORK

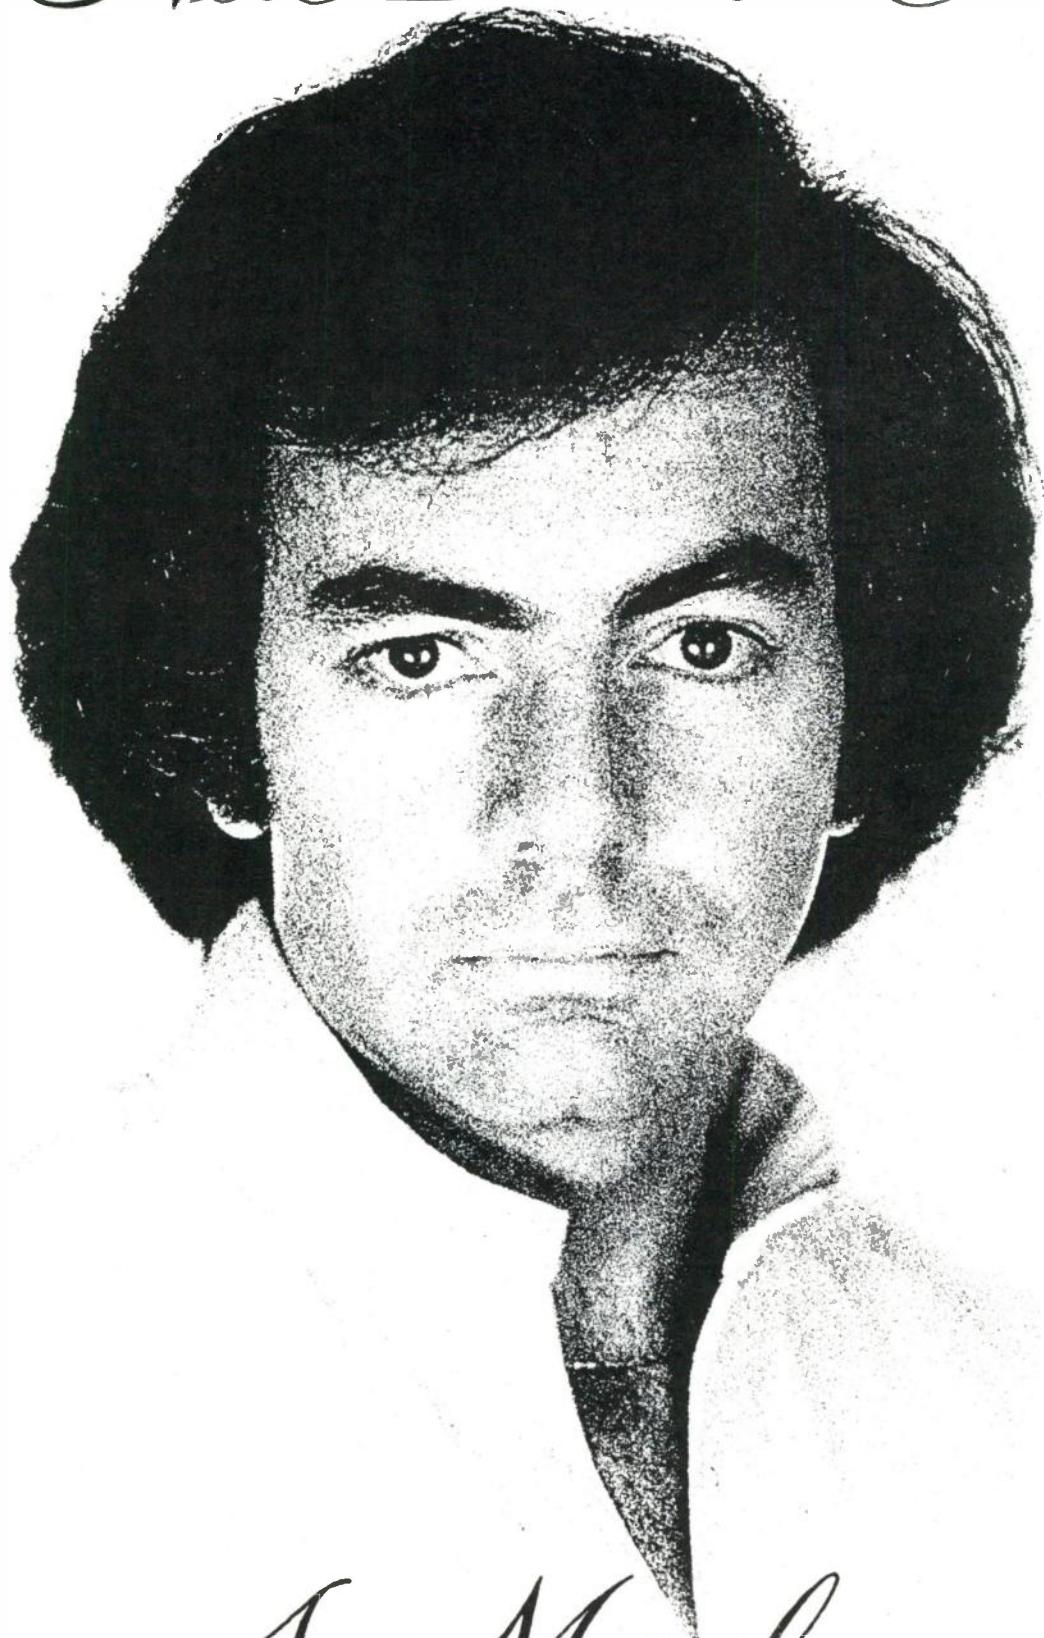

Dwight Case

Los Angeles---RKO President DWIGHT CASE announced the formation of the RKO Radio Network. The network will include the stations currently owned by RKO.

Case expects the network to be on the air at the beginning of 1980. The network will utilize new concepts in radio newscasting as well as special programing for music oriented radio.

Neil Diamond

Say Maybe

JUST CAUSE/HERBERT RESIGNS

Philadelphia—JERRY (ABEAR) HEBERT has resigned as Operations Director at WYSP/Philadelphia but will continue to do his midday shift. The resignation is over monetary compensation for the added responsibilities of the operations position.

Recently, former MD STEVE JOHNSON was fired when the station owner heard him on the air and didn't like what he heard. AFTRA has filed a lawsuit claiming that there was no "just cause" for the firing. Steve has been on the air for two years at WYSP and the union feels that to be sufficient time to prove himself. According to sources at the station, the contract with AFTRA is vague on the definition of "just cause" which will be a major part of the court battle ahead.

Steve Johnson

ROBIN HENKIN has been named to replace Johnson as the Music Director of the station.

THE P.A. HOUR

Los Angeles—In a report released this week, it was shown that approximately 20% of 12+ listeners do, in fact, listen to public affairs broadcasting when aired by their local favorite station. The breakdown shows that the younger segment of the audience is the least interested while the 25-49 age group shows the most interest.

In speaking with TODD WALLACE at Radio Index, who compiled the report, FRED learned that the research was taken from the 1,256 Index reporters they speak to weekly. Todd

felt that although the report should not be taken as gospel, the facts still show programmers the strength of public affairs shows.

The major point that Todd made is that, in his belief, public affairs programs do not necessarily have to be banished to the realm of Sunday morning programming. This type of programming can be extremely viable for midweek airing during prime time.

Although he had no way of totally verifying his figures, Todd feels that the information should be looked into by programmers in their own markets.

FORM TOO LONG- HABLO PLAIN-ESE?

Washington—The National Association of Broadcasters is continuing the fight against bureaucracy by asking the General Accounting office not to approve the FCC's revised Annual Employment Report until it is simplified. The NAB feels that the form is so ambiguous as to possibly provide an inaccurate and misleading picture of a station's employment practices. They also feel that it would create an unnecessary burden in filling out.

The Association noted that it had previously asked the FCC to consult with the Equal Employment Opportunity Commission to ensure that the

revised form contain no job titles or categories which are incompatible with the EEOC's reporting form. At the present time, there are several parts of the FCC form which are not in agreement with the EEOC form. The FCC maintains that it would take about an hour to fill out their form, but the NAB claims that it takes that long just to read it through.

The idea of "plain language" forms and documents is under heavy discussion within the legal community these days. The FCC, perhaps, should take note of this as they devise and concoct their various forms and questionnaires.

G.E./COX SHOCKS

EVERYWHERE---General Electric and Cox Broadcasting planned merger will require the expropriation of a number of their radio and television outlets. They announced sales agreements on eleven of their properties which are still subject to FCC approval.

One of these sales will be WSB-AM/Atlanta to Metromedia Broadcasting for \$8.65 million and Metromedia's WCBM/Baltimore. WSB-FM will be purchased by Atlanta OK Broadcasting for \$5.5 million. Atlanta OK is part of Broadcast Enterprises Network, Inc. which also owns WAOK in Atlanta.

WSIX-AM & FM/Nashville will be bought by the Katz Agency for \$3 million. KFOG-FM/San Francisco was sold by GE to Cardinal Communications Corp., a new company owned in part by N.Y. Yankee star REGGIE JACKSON and S.F. 49ers football star GENE WASHINGTON.

Cox's WSOC-AM & FM/Charlotte went to Charlotte Broadcasting while GE's WGFM/Schenectady was sold to October Mountain Broadcasting for \$1.75 million.

As would be expected, the television outlets sold for much more than the radio stations. The total sales figures approach the \$120 million dollar category.

When the transactions are completed, the combined GE/Cox company will own 5 television, 5 AM radio and 5 FM radio stations.

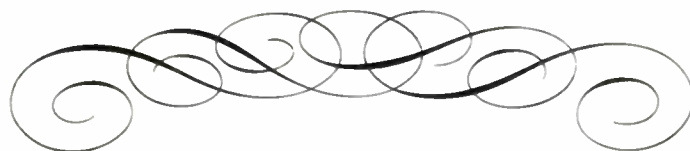

FORTUNE WINS AT WDIA

Memphis--- MAXX FORTUNE, former Music Director at WDIA, has been reinstated to his position after federal mediation.

Fortune was fired by Sonderling Broadcasting, DIA's parent company, over what was believed to be a conflict of interest. His union, the IBEW, took his case to court.

The problem arose when Fortune was present for the recording of an album by O.V. WRIGHT, on Cream/Hi Records. Sonderling believed that Fortune was involved on the creative level which, in their opinion, constituted a conflict of interest. Sonderling's view was predicated on the fact that Fortune's name appears on the liner of Wright's LP.

The decision of the arbitrator was that there was no conflict of interest and that Fortune should be reinstated at the radio station.

ATTENTION

ALL RECORD CO. EXECUTIVES!!!

Can You not Afford to Save A Life (radio station)???

Radio station KROQ/Los Angeles with its open energy is about to close its doors to all the records that you have found difficult to break. They want to go to a formula.

Of course, it happens all the time, and we've all become accustomed to it—we may even expect it. Maybe that's why we fail to lend our financial support to a station that has been proven crucial in breaking records from folks like **Blondie** (now a number one record), **Frank Zappa**, **Tom Petty and the Heartbreakers**, **Talking Heads** and **Police**, when it was difficult, if not impossible, to find a helping hand elsewhere.

Perhaps it's time record companies return a portion of the benefits that are reaped from a station with imagination like KROQ and do what we can to save its life—maybe a yearly contract can do it.

We all know that there are too few places to go to expose new product early.

They have been there when you needed them. Now you should be there when they need you. **TIME IS OF THE ESSENCE!** Help by calling with your company support. Contact Pat Welsh, KROQ (213) 578-0830.

THE CHOICE IS UP TO YOU

QUEST

by Buzz Bennett

The ARB starts and everybody changes their M.O. This seems to be a standard. First of all, stations take fewer chances on new product. This makes sense but, as usual, over compensation starts taking place. In too many cases, fear couples itself with concern and the words "fewer changes" turn into "no chances". "No chances" is the mentality of a bad programmer.

The competitive structure of radio is like a race track. If you don't make a bet, you can't lose. On the other hand, if you don't make a bet, you can't win. To survive in broadcasting, we must be as intelligent as possible about our betting procedure.

In an appraisal of odds, the two-prong attack comes to light because it increases our odds of winning. The first prong of this gamble is a potential hit song. The second prong is a hit group. To play a recording by the Doobie Bros., Cheap Trick, Van Halen or Journey is certainly only half the chance you take than when you choose a record with a no-name artist and go for it. This is not true in all cases. Sometimes we have a record that hits us so hard in the gut that you have to follow your feel, despite the fact that

it is by a no-name artist. When we experience this strong gut feel, we once again have a two-prong attack.

There have been too many times in my career when I said to myself, "I really, really believe in this record, but I think I'll hold off on it because I'm being too subjective". In nine out of ten cases, the record breaks for somebody else, then I say, "Damn it, I knew it!" And I experienced great shame within myself because I didn't follow very valid instincts. The master programmer will combine all the information available with all the gut available and come with an interpretation that makes sense. The minor programmer will refuse to respond to his own ability to sense what is valid and what isn't.

There is much to be said for the line "if it feels good, do it". Stopping your intuitive drive, relevant to music, is like stopping your sex drive. If you don't use it, you lose it, and you are left lacking an essential ability...the ability to get it on. The very essence of creative life has the breath squeezed out of it and we become unhappy and experience pain.

This philosophy would indicate that the great majority of radio is in pain, as

living the life of the tenth domino. To be the first domino is to be among the great programmers. It is, of course, not necessary to be the first domino every time. Those who would fall into this way of thinking have at least, a large ego problem. But to have the courage to be the first domino when it absolutely feels right is what proper leadership is all about.

Take these factors into consideration. If it looks like a hit record, that's one reason to take a chance. If it's a hit group, that's another reason to take a chance. But if you really believe, and it feels good, that is the best of all possible reasons to take a chance. Any of the three preceding reasons is enough reason to go for it. If you experience two or more of these reasons, go for it every time, because you can't lose.

Creativity should not stop when the book begins, it should accelerate. Possibly some day, all programmers will realize that it doesn't matter when the book begins. The creative juice should be employed twelve months out of every year.

THE MASTER PROGRAMER IS INTIMIDATED BY NOTHING.

CIPHER

by C.C. Courtney

Last week, I heard a jock say over the intro to a Chicago record, "Any group named after the hog butcher of the world must have a sense of humor, right?" I realized immediately that he is a young jock in a small market. I also realize that the ability to ad lib cannot be taught. However, there are several obvious flaws in the above attempt that should be examined.

First off, it assumes that the average listener knows that the record playing way in the background (he was much too over the music) was Chicago. Never mind that it is a classic--many listeners don't know artists and titles. Secondly, the ad lib assumes that the listener knows that the city Chicago is called "the hog butcher of the world." Definitely a college-educated assumption!

The biggest problem with the ad lib however, concerns the last part of the statement. It is illogical! Entertainment doesn't have to be logical, but the ad lib is put in a logical form; if so-and-so then so-and-so--if the group is named Chica-

go, then it must have a sense of humor.

An ad lib can be completely illogical or even literally unintelligible and still be right, but it must make sense even if the sense it makes is that it is nonsense. Read that a couple of times and you will see that it makes sense, though it is a bit too complicated for an ad lib on Top 40 Radio, which is another point--keep it simple.

The last error in this ad lib I am mercilessly destroying is the last word. The habit of ending every sentence with "right?" was irritating enough eight years ago when everybody was doing it. To do it on the radio, other than as a bit of characterization, at this late date is just out-of-touch. You cannot be out-of-touch. You can't say, "Isn't that a groovy song!"

Now that I've stated what you can't do, let me tell you what you can do. You can prepare! The best prepared is the best ad libber. You don't have to have notes but if you do, it doesn't mean you're not an ad libber. You can

think about your show and the music when you're not on the air and come up with a wealth of material that might flow out when you do get before the mike. Did you ever notice how much easier it is to think when you are not the one under pressure. You can watch people on game shows or talk shows and find things after they should have said. You can listen to other jocks and do the same. The things you think they should have said might be what you should say. It is a source of ideas anyway, as are books, magazines and newspapers. There is no substitute for preparation. Only when you are truly prepared can you truly be free to ad lib.

Finally, a word to the young ad libber. You can't be taught the ability to ad lib but you can be taught to ad lib. The best teacher is experience. Experience is, itself, preparation. You have to be out there on the edge--and you have to fall off a few times. Don't worry about it. Take some chances, but don't be stupid!

FOR SERVICE CALL
DANNY DAVIS OR SKIP MILLER
AT MOTOWN, 800 421-0760

BROADENING THE BASE

*Dan Davis, Vice President,
Asst. to the President/Motown*

My entrance into the record business was many years ago. I was a local man for Decca Records. Went from local to regional out of New York City. Left there and went to work for Big Top Records with Elvis Presley Music, Johnny and the Hurricanes and so forth. I was National Promotion Director.

I left there to join DONNY KIRSHNER as General Manager of Dimension Records. When Dimension was sold to Columbia Pictures, Donny very kindly took me along. I became National Promotion Director for Columbia Pictures. That lasted for about three years.

I left Columbia Pictures to join PHIL SPECTOR as Vice President, General Manager for Philles Records. Two and a half years with Phil and I accepted an offer as National Promotion Director for Col-Gems Records which was enjoying monumental success with the Monkees at the time. It had just started.

Eventually Columbia Pictures closed up the Col-Gems label and I became Vice President, Director of National Exploitation for Screen Gems-Columbia Music, probably the first full time promotion man for a publisher.

I was there for eleven years and it certainly afforded me great visibility and allowed me to create a great reputation and some credibility.

Screen-Gems moved into the same building as Motown and one day

BARNEY ALES called me upstairs and his question was, "How would you like, to get back into the record business?" It was for me "a way out", a catharsis. It is a highly challenging spot. I celebrated one year with Motown on March 20th.

Do you find problems incurred by too much of a defined image? What steps is Motown taking to try to spread out?

I love your question! It affords me the opportunity to speak what has become my most important message. Too many people view the Motown label as one dimensional wherein in fact it is not. We make music to please every ear, but sometimes music is programmed by who made it rather than by how pleasing it is on the listener's ears. I will tell you that it is a very real source of agony and anguish to the guys who promote and have to spread the gospel, if you will, about Motown Records. It becomes a very real problem.

The only way a one dimensional image can be undone is just to keep working at it. I don't know any shortcuts for hard work. Our image presents to us a lot of problems and certainly restricts creativity. In other words, if the music were allowed to speak for itself, an awful lot of programmers would

understand that Motown is the source of great music and has a vast, and indeed, worthy heritage. There has been an upsurge in just the last few months of Motown music. Programers are remembering that heritage. The current dance craze has caused many stations to discover how excellent a blend can be obtained using old and new Motown product.

Just by pleading the case often enough, we have found very receptive ears in such diverse and far flung places as Boise, Idaho, Des Moines, Iowa, Albert Lea, Minnesota. We have succeeded in getting people like Smokey Robinson, Marvin Gaye and Switch played in those marketplaces and they are selling. People have a brand new feel for the music. The stores are responding to it, radio is responding to it and we are meeting with a measure of success.

In answer to the question of how the company is doing it, just like radio looks for a star morning person, we're looking for the proper people to undo the one dimensional image. We're also dedicated to the premise of bringing over a major pop attraction. We may even bring over two. We have made the overtures to two very significant people.

We are knocking at the door of Album radio with a group called Fresh. We have now done a thing which heretofore has never been done by Motown. We have made up special 12" recordings for the Album Radio community, which should give some kind of credence to our very real desire to be afforded the same kind of consideration as anybody else that puts out a piece of AOR material.

I know full well that the only way to secure airplay, and the only way to undo what we're talking about is to ingratiate yourselves with radio. That is my intent. If we win enough friends and get out good products, we will influence enough playlists. I am dedicated to that end. I will cooperate in any manner with any radio station on any promotion!

TAPE CHECK

Sound Technology is readying for sale Tape Recorder Test System (Model 1500A), which has a variety of functions that should prove useful to all radio engineering departments.

With this microprocessor-controlled instrument, you can automatically measure and display:

Frequency response, 2nd and 3rd harmonic distortion, wow and flutter, wow and flutter spectral components, noise and noise spectrum, speed accuracy and drift, channel separation, vs. frequency and head azimuth accuracy.

All the above features can be extracted from the machine by the use of various buttons on the control board. The control board is readily accessible and very easy to use, as all functions are prominently marked.

The unit also gives a graphic version of the results on the microprocessor-controlled display screen.

Another advantage to the 1500A is that it can run tests automatically or be used in a manual mode. All the test sequences can be repeated or finalized as the operator chooses.

The 1500A will also differentiate flutter and noise to NAB, JIS or DIN standards.

The unit is expected to be ready for marketing this summer.

WHAT'S THE DIFF?

JERRY R. LYMAN

Sr. V.P. RKO Radio,
Director of FM

I would basically say in terms of selling there is no difference between AM and FM. You're selling radio. You're selling radio concepts and that comes down to your format, your personalities, your promotion and all the things that make you a strong, saleable radio station.

There are a couple of situations where I think FM radio is finally making inroads where traditionally they've been sorta shoved into the background. Chicago is a perfect example where FM radio has taken a sort of back-of-the-bus seat to AM radio until about three years ago.

In the advertising agencies we had a situation there for a long time where there were literally two budgets—an AM budget, an FM budget. What's happening now is that the growth of FM and the competition on the FM side, which is tremendous with all of the activity that's taking place partic-

ularly among the contemporary formats,, has created much more interest in FM radio.

FM radio is beginning to sell itself not only to the public, but to the advertisers.

I don't believe that anybody on the street selling, in a general sense, through-out the country is having a problem selling because they're in FM radio. I think that we've overcome that. AM is struggling right now.

DWIGHT CASE

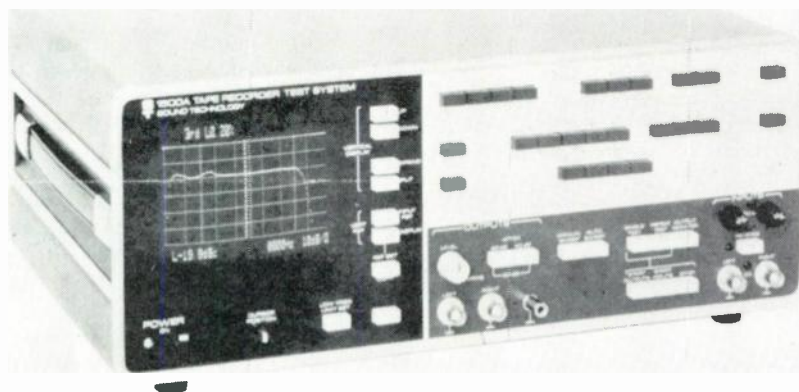

President of RKO

Well, there's an interesting phenomenon between AM & FM. Even though numbers seem to be lower on many of the major AM stations, the rates are still higher.

It's hard to say which sells better because the FM stations generally run a lighter commercial load than most of the AM community. They're down to the 6 and 8. How do you, in fact, read value purchased for "single" spot announcements. The thing that's fascinating in most of your major markets is that, by and large, the rates charged by FMs are still lower than AMs. FMs should be charging more than AMs because their numbers are higher, but they don't seem to have the courage to do that.

As soon as FM begins to get its rates up to where its numbers are, I think then you're going to find that we'll have a much more hotly competitive thing in the market place. I hope FM gets its rates up to where radio in general suffers such an incursion of money it can't handle it.

There seems to be a tremendous amount of inside industry attitude and a lot of press on how FM is becoming a much more important part of the radio dollar. But it doesn't seem to have gotten to the entire buying market place yet. They're quicker to spend \$400 on KFRC than they are on an FM station with the same numbers.

THE PLATINUM NETWORK

C.C. McCartney, Dan Vallie, Spanky, Bob Hamilton, Bobby Sorrell and Joel Denver:

FRED: *What is your current programming philosophy?*

C.C.: Well, I don't have any philosophy—I just play the hits, you know? What we're doing at B-100 is a top tracks type thing. We're playing the best of the disco, the best of the Albums and the best of Top 40. We're mixing it and dayparting it heavily. It seems to be working pretty good and from all the indicators we've seen lately, we're really coming on. We weren't looking so hot last fall book when we were doing more of an album type thing.

Neither is what I'm doing now anything like what I was doing a year ago. It's a total change in my way of thinking as far as Top 40 programming goes. I was doing a real tight passive research thing. That stuff works one time and then that's the end of it.

Now we're playing the hits. We play 'em when they come out, we don't wait til the research shows them to be totally familiar before we go on them. We're using a new type of research system

that gives us an indication of when it's time to go on a record. But I'm able to pop a lot of new product down here. The competition is really getting heavy, too.

FRED: *Are you using the RAM system?*

C.C.: No, I don't. I have my own research company called MJM Research and that's what I use.

FRED: *How about giving us the relationship between you and KNUS.*

C.C.: Bobby is using my research there and we confer back and forth on songs, but they make most of the decisions on records themselves. We talk like once a week and he lets me know what's hot down there and I let him know what's hot here. We're doing our research system in their radio station. It's more of a music consultant type thing, and I help Larry with promotions and stuff, too. Larry's the Program Director.

FRED: *Bobby, give us the current philosophy at KNUS.*

BOBBY: Well, basically C.C.'s covered

it on what he said about B-100. The thing he talked about opening up the market is what we've been doing because of the Dallas market. Dallas has been so tight for so long that it was devastating how you would have a station like Z97 over in Ft. Worth go on records after they had fallen for two weeks in a row. Something needed to be done in the market, so what we do is try to pick what is hot from a new album—say the second cut that was going to be released. I would try to find out from a local record rep what was going to be released, and I would test it at that time to try and open up this market somewhat because it was so tight.

FRED: *When you do a test, what kind of frequency of play does that indicate?*

BOBBY: It really depends on how strong the record checks out. Usually I'll give it a light rotation. A five or six hour run. We originally were an Oldies station. We took the radio station from being a very heavily doo-wop radio

station slowly but surely enough to blow off the image we had, grab new audiences and motivate change. It's worked pretty well for us.

FRED: *What is the status quo at WAYS?*

SPANKY: Well we're in a unique situation here. There may be six major radio stations in Charlotte and the AM's are still dominating the market. There's no disco station per se in the market. There is no Top 40 FM.

Charlotte has a Superstar station. We also have a somewhat laid back FM station which is more or less targeting females though the last book they pulled males which threw everybody off. And then we have not, of course, which is somewhat of an adult contemporary Top 40.

WAYS is what we would like to consider street radio with a little element of class to it. With the situation of no disco station, we're trying to make a mixture of disco and rock-and-roll.

FRED: *What do you use for a programming philosophy?*

BOB: You could say I use human reaction—finding the initial reaction to a particular situation. If a listener finds something that's different or unique—something new—he wants to be first on it so he can be classy or hip to his new friends. An example of that out-

side of music is finding the latest fashions. People usually go out and buy it quickly. The times when you are aggressive musically gives your radio station the same advantage. Then later you get listeners calling in saying "Boy, I'm glad you're not overkilling such-and-such because everybody else in town is playing the record to death. In a way, it serves a purpose in the education I'm trying to do with the day-long quarter-hour listener. The passive listeners have to be led.

People ask "Why are you playing disco product?" First of all, we don't sell it as disco—we sell it as another hit record. People who listen to us for the Doobies sometimes get offended by the word because they may like the song they're hearing and not refer to it as disco. Consequently, the word becomes a negative.

I'm doing a variety situation, which I know nobody in the world is doing because it's really unique to this marketplace. The more you find the relativity of one record to the next record so that one song is excellent and the listener feels the second record is even better, the continuation will keep the quarter-hour going for an extra length of time.

FRED: *Dan, what are your guiding thoughts at 92Q?*

DAN: As rock stations have been add-

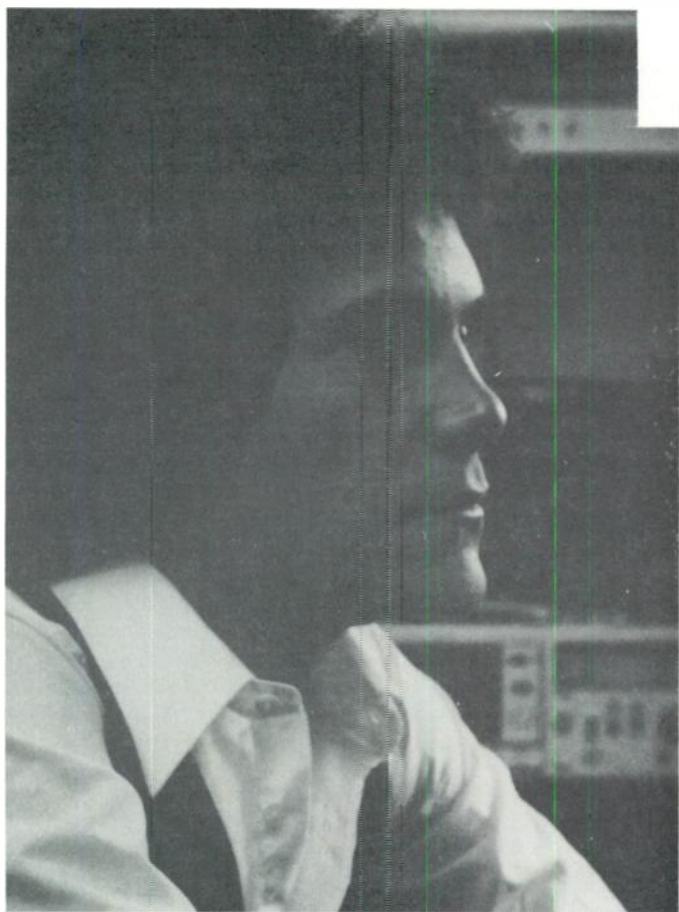

ing disco music to balance with their own particular emphasis, so eventually will stations that are called Disco be doing things. Universals stations are doing because they are going to be trying to balance their disco emphasis. The same thing happened with Album stations which are sounding very Top 40 in some areas and some Universal stations are moving toward AOR. We've got an unusual market here, because we've got five contemporary stations in the FM band alone. Nashville is not country as a lot of people think. There's no specific market we can watch for new music. As a rule of thumb, we watch jumps at some of the more credible radio stations, but mainly we rely on our research.

FRED: *What well do you draw from for KSLQ, Joel?*

JOEL: There's a rock club here called "Mississippi Nights." It was one of the first places I went to because I wanted to find what St. Louis is really about. There are a lot of rock and roll rednecks in there and that's what this market's serious about—gut-slam rock and roll.

St. Louis is not really a disco market. It's very, very Black. The Black audience here is really into that Black hard, funk stuff. As you can tell from my playlist, I play some Black music but I have to be very careful to use only the very best of what's available.

It's the same way I approach KSLQ as an album crossover. I play only the best album stuff available. We try to be a good, solid, Top 40 station.

FRED's JOCKEY NOTEBOOK

'Mix' and 'Blend' your way to a Higher Quarter-Hour

With variable speed turntables, Disco has mastered the art of quarter-hour development (increasing listener duration) through continuity. With few jarring changes, the flow is constant and therefore the content doesn't interfere with the listener. C.C. Courtney astutely compared the sound to "a clock in the box" to soothe a small animal.

With Universals music, finding such a common link between songs involves more variables. The mix of ballads, rockers, hard vs. soft, pacing lyrics and of course, the Beat, all combine to diffuse the Blend. However, occasionally segueing songs in the same key fuses the connection. You know how nice those segues sound.

SONGS IN THE KEY OF C MINOR

SUPERTRAMP/The Logical Song
QUEEN/We Are The Champions
BEATLES/Girl
CARLY SIMON/You Belong To Me
G.Q./Disco Nights

K.C. & SUNSHINE BAND/That's The Way (I Like It)
DONNA SUMMER/Love To Love You Baby
TRAMMPS/Disco Inferno
OHIO PLAYERS/Fire!

Welcome fourteen new Universals reporters! 91-X/San Diego, KTSA/San Antonio, KRLA/Los Angeles, K-104/Fresno, KTFX/Tulsa, KQDI/Great Falls, KOKQ/Monterey, WCKO/Ft. Lauderdale, WZZX/Louisville, WMEE/Ft. Wayne, WSKY/Asheville, N.C., WKPT/Kingsport, TN, WPFM/Panama City, FL and WTOB/Winston-Salem, North Carolina.

All of us at FRED extend our deepest sympathy to GARY KIRK of WRFC/Athens, GA, whose father passed away April 21st.

Would you believe Billy Joel is being *banned* from the air at several stations in Louisville? Programmers there are feeling the heat from the Catholic Church for the song "Only The Good Die Young." Meanwhile, RAY OAKES at WZZX down the street is banging the hell out of it, with number one phones in all demos! Ray plays what his town wants to hear and to prove it, they're presenting the 101 (FM) Top Tracks of Louisville via a local newspaper poll. WZZX should do well in this book.

GENE KNIGHT and 91-X/San Diego are broadcasting "San Diego's Top 100 Favorites of All-Time." In return, 91-X has now picked up valuable new research on local musical tastes, something that has not apparently been done for awhile. It keeps you young to hear that "Layla" is among the top contenders.

If you don't have the bucks to give away, just finding a good bargain is a prize in itself, so CKGM/Montreal is having a half-price sale. JOYCE PILLARELLA tells us that in a downtown hockey area are new cars, boats, clothes, appliances and other merchandise tied in with CKGM all on sale. We hear they're selling mink bikinis for a ridiculous figure.

There's a lotta loot in them thar hills: It's the notorious KQDI/Great Falls Montana Bank Heist. Sheriff CHARLIE STONE admits that the listener who can safecrack the heavily guarded (but gosh darn it, someone leaks clues every few minutes!) eight-digit combination can open the vault and in one minute make off with up to \$10,000 cash. But gallop into the hills with that payload fast, before the Invisible Ripoff Shadow cuts you off at the pass.

I got so many entries for my "Radio's Messiest Desk" competition that I'm now accepting unretouched photos for Radio's Neatest Office. Winners get trips to Hawaii, a tie-in we're doing with Grease Line Barge Company.

KEY CUT: PUNK SANDWICH
7. SWEET/Cut Above the Rest (Capitol)
KEY CUT: DISCOPHONY

12" 's

by Steve Jenkins

THOM O'HAIR did it at KMEL when he was P.D. there, with fairly spectacular results. Now KSJO is doing it and again the reaction is only terrific. I'm speaking of giving away an album (in KSJO's case, Led Zeppelin) that hasn't been released, or even pressed. No, they don't really give the album away, just a certificate which entitles the bearer to a copy of the LP upon its release (in Led Zep's case, this August). They never mention that fact in the promos, of course, and it works.

I heard the promos and started wondering why there were no Led Zeppelin albums at the FRED office. Obviously, it's a great idea that is most effective when a power group is involved, and it's also a stellar example of what Buzz calls "the power of the unspoken word and/or the theater of the mind."

Meanwhile, the arena of Album Radio is heating up and the questions seem to be, "Is the purpose of Album Radio to please everyone or to rock 'n roll?" That's putting it a little too simply, but the uproar seems to center around the success of KMET and their hard rocking, male oriented sound. It's only natural that their dominance of the nation's second largest market would inspire a host of imitators. I'm inclined to think that it goes a little deeper than that; that album radio is finally coming to grips with its position as the home of rock 'n roll and hip image.

In a market of any size with a fair amount of fragmentation, it is folly to think that you should be all things to people. Album Radio, in most cases, is the only format playing better than 50% rock 'n roll cuts other than the single. Not only is it what distinguishes you from other stations with other formats, it's the foremost tool in the quest for high ratings.

In markets with two or three Album stations, all playing rock, what you do to establish image is what will decide the outcome. The fact that an album station bends its music towards a harder sound does not mean that they are unoriginal or a bad radio station. It may be that they are finding the sound that their audience is most comfortable with.

Albums

- 1 1 SUPERTRAMP/BREAKFAST IN AMERICA KEY CUT: THE LOGICAL SONG (A&M)**
 Profile: Hot at KBPI, 92-ROCK, Z92, KDKB, WSMI, KAWY, C-101, KQRS, ZETA7, KSHE, KMEL, WAAF, KZEW, KMET, WABX, WDVE, WGRQ, WKDF, WKLS, KFMH, WLRS, WMMR, WMMS, KWST, WSHE, WYSP, WOUR, ZETA-7, KRST-FM, KEZY-AM, KTIM, KZOM, WLAV, KXXY, WBCN, KGON, KSJO, KXFM, KGGO, KYTX, KTXQ, WZZO, WCPI, KROQ, WNOR, WLOB, and KSFM...medium at M-105, and KSAN...WNOE-FM L-M...other cuts: Goodbye Stranger, Take The Long Way Home, Gone Hollywood, Child of Vision and the title...maintaining very strong 18-34 support...sales are very big...female acceptance is very good.

What a great week! The new vinyl keeps pouring in and so do our Album reporters. Welcome WOUR, WLOB, KEZY-AM, KSFM, 98 ROCK, KROQ, WSMI, 92 ROCK, WNOR-FM and MAGIC 92—it's great counting you in!

As the rock keeps rolling, phones have been ringing Off The Hook with Album promotions that are clever, funny, rewarding or all of the above... Some goodies this week: At WLOB/Portland, they're using all media in their Tubes promotion as they give away a Beta Max to the writer of the

best Prime Time TV script. FEE WAY-BILL will pick the winning entry on the air the day the Tubes play Portland ...I'll tell you the winning script next week...In Philly, WYSP is wooing listeners with "The 158 Prize Prizathon". Listeners register at local record shops, and on May 8th, WYSP will start giving away a prize an hour for 158 hours from BBQ's with 100 lbs. of meat to an all-expense paid trip to Disneyland. Meanwhile across town, WMMR takes the music to the people with their anniversary block party featuring Southside Johnny and an expected 75,000 people dancin' in Philly's streets. Nothing like a free party with great music... Cleveland rocks! 92ROCK is sponsoring a petition drive to find the best local band. The winning group gets a 3-hour, 24-track recording session. More fantasies came true as WKDF/Nashville and Arista Records gave a listener and a friend a chance to be tycoons in an Atlantic City casino with \$1000 cash, while in Denver, a lucky couple won a limo ride with red carpet treatment to a Rod Stewart show, thanks to KBPI. The list of well-done

and winning promotions is endless wherever good Album radio and record people let their minds run loose in synch.

In the "To Be Congratulated" department:KIMBERLEY JAEGER, promoted to MD at ZETA4/Miami and warmest wishes to DONNA HALPER, returning to her hometown as Music Director of WHDH/Boston. In Philadelphia, congrats to ROBIN HENKIN, Music Director, and KAREN LOCKHART, Programing Secretary, WYSP. Good luck, ladies...more salutations to BOB GOWA, new Program Director at KGAB/Ventura. A warm wish that must be filed under "Dreams Do Come True" goes to DOUG JAMES as he leaves MAGIC 92 and upstate N.Y. for WEFM/Chicago. Good luck, Doug!

In the thank you notes this week, THANKS from ME to everyone for calling with such positive feedback on our expanded Album section and wishing us luck with our new computer and Album report format. It makes us feel great cause we're just like you—we love to keep the customer satisfied! Catch you Off The Hook next week.

SINGLE OF THE WEEK

KENNY ROGERS/She Believes In Me

(UA)

Everyone believes in Kenny! This has been the most added record for three consecutive weeks.

TRI-ANGLES

by Terry Gillingham

Most importantly, a very hearty welcome to 4 new SIII reporters! WSMI-AM/Litchfield, Ill. and KEYN/Wichita join the ranks of trendsetters this week. Also CKWW/Windsor and CJAY-FM/Calgary continue S-III's international spread.

It has always been said that change is refreshing and exciting. Not being one to avoid an encounter with refreshing excitement...I've made some changes in the S-III section. However subtle the differences might appear, they are important ones! It all has been done in an effort to expand even further the already useful information contained within these pages.

You will find the numbered chart has now been expanded to include thirty records. This should give you an earlier indication of the strength of a record and offer a broader, more inclusive view of those records that pertain to your format. It also, may initially bring about some confusion in reading the chart action. Previously those records found in NEXT were slated to hit top twenty. Therefore, those records found in the top of Significant Action may have been floating at a comparable position of 25 for a period of time. You will note some records entered the top thirty this week directly from SA. Any disc that places top 30 nationally deserves a number.

You will also find the chart moves (from stations that do chart their records) listed in the profiles. Again, I hope this will grant more insight for you on the specifics of a record. There will be in the ensuing weeks additional changes and improvements.

For those of you who just dropped in; Spectrum III is meant as a modern evolution from terms such as Adult Contemporary, MOR, Pop Adult, Soft Rock, Easy Rock, etc. What an evolution!

EAR SHOTS

DUNCAN BROWNE/Wild Places (Sire)

MINNIE RIPERTON/Memory Lane (Capitol)

TELESCOPE by Lynn Tolliver

My prime concern this week is the forthcoming death of black radio. And please listen, its black radio, not black music I'm talking about. Black music is alive and well! Its carrying the heaviest percentage of disco music and its getting great exposure from universal stations. But looking back a few months, it seems that black radio stations are losing innovation. They are not supporting black artists like they should.

Examples are these: The Amii Stewart, the George Benson, the Donna Summer, and just recently, the new Sister Sledge single. Black radio has no one to blame but THE BLACK PROGRAM DIRECTORS, who are still

playing games while they are losing the race. Donna Summer is taking all kinds of leaps on charts across the country, universally, and, there are still some black stations that are not on it.

When the black station refuse to support black artists, and a black artist gets a start on a universal station, that black station can forget about time buys. That station can forget about special attention. For instance, the Pointer Sisters were broken pop, FIRST, so the stations that started that record got the Pointer Sisters to do personalized call letters in their record.

Not only will you lose time buys

and special attention, you'll lose your audience to the universal stations, because they will come to realize that you, their black station, is not giving them the music that is available. When you have finally lost your listeners through audience erosion the bucks from record company ad support and finally other advertisement from your audience loss, you will have no one to blame but yourself. Let's support black artists when they have hits. There are alot of them out there and you can be playing them. Let's save black radio and start becoming professional. Let's be the innovators of black music. Let's be first, so we can last!! Enough said.

excellent or the song is a live version of a "standard," ie. "Maiden Voyage" from the Hancock/Corea LP.

In-station editing can be one solution (you might even convince the label involved of the value of doing their own edit for 45 or 12" single release to stations) or playing the original, studio version of a tune and letting your listeners know that there is an extended live version available.

listeners) appreciate information when you cant play a particular cut. Every listener makes your station that much more a part of your market.

First off, check out the Ira Sullivan LP on Galaxy. The guitarist is a fellow named Joe Diorio. I bring this up because some years ago I acquired a solo guitar LP by him on a small label called Spitball Records out of Miami. I dont know if Spitball still exists, but if you see the record, grab it. It's him alone and it's truly great.

THE GOLD NETWORK

REX SMITH WINS GOLD! WGH JOINS NETWORK

The Gold Network has just voted 7-0 to add Rex Smith's "You Take My Breath Away" to heavy airplay at all stations. Duncan Browne's "The Wild Places" scored high marks from several Members and is eligible once more for final voting. Last week's pick Van Halen is dancing home!

FRED and the Gold Communicator Network are proud to welcome Bob Canada and WGH/Norfolk as the newest Gold Member!

This Week's Hottest Nominations:

REX SMITH/You Take My Breath Away	(Columbia)
DUNCAN BROWNE/The Wild Places	(Sire)
BEACH BOYS/Good Timin'	(Caribou)
JOE JACKSON/Is She Really Going Out With Him?	(A&M)
NEW ENGLAND/Don't Ever Wanna Lose Ya	(Infinity)

Honorable mention this week:

JOHN STEWART/Gold	(RSO)
FRANK ZAPPA/Dancin' Fool	(Zappa/Mercury)
JAY FERGUSON/Shakedown Cruise	(Asylum)
RICKIE LEE JONES/Chuck E.'s In Love	(WB)
TARNEY-SPENCER BAND/No Time To Lose	(A&M)
TRIUMPH/Hold On	(RCA)

The GOLD Network Members Are:

KYYX/Seattle, Tony Stone CK-101/Cocoa Beach, Jim Sumpter WISM/Madison, Jonathan Little WNAP/Indianapolis, Steve Mitchell WZDQ/Chattanooga, Anne McCartney JB-105/Providence, Todd Chase WGH/Norfolk, Bob Canada.

THE PLATINUM NETWORK

REX SMITH & JAY FERGUSON GET TOP VOTES

By a 5-1 vote, the Platinum Network narrowly missed adding Rex Smith's "You Take My Breath Away" to heavy rotation at all stations, with consensus that Rex is a smash! Jay Ferguson's "Shakedown Cruise" also earned positive reaction in his first opportunity and can reach final voting status again.

Last week's pick Rickie Lee Jones looks like a smash!

This Week's Hottest Nominations:

REX SMITH/You Take My Breath Away	(Columbia)
JAY FERGUSON/Shakedown Cruise	(Asylum)
BEACH BOYS/Good Timin'	(Caribou)
VAN HALEN/Dance The Night Away	(WB)
ROCKETS/Can't Sleep	(RSO)

Honorable mention this week:

TAKA BOOM/Night Dancin'	(Ariola)
NEW ENGLAND/Don't Ever Wanna Lose Ya	(Infinity)
HELLFIELD/Too Long	(Epic)
MANFRED MANN/You Angel You	(WB)

The PLATINUM Network Members Are:

92-Q/Nashville, D. Vallie & S. Davis WAYS/Charlotte, Spanky KRTH/Los Angeles, Bob Hamilton KNUS/Dallas, Bobby Sorrell KSLQ/St. Louis, Joel Denver B-100/San Diego, C.C. McCartney

THE SPECTRUM III NETWORK

"GOOD TIMIN'" FOR HEAVY AIRPLAY!

The Beach Boys newest single, "Good Timin'," was barely in the hands of the network when it was voted into heavy rotation. David James Holster with "Constant Love" received very favorable reviews from almost all network members.

James Taylor pulled very strong positive response.

Duncan Browne is in "Wild Places" with his newest release. Certain network members noted this record has infectious qualities.

This Week's Hottest Nominations:

BEACH BOYS/Good Timin'	(Caribou)
DUNCAN BROWNE/Wild Places	(Sire)
JAMES TAYLOR/Up On The Roof (LP)	(Columbia)
ART GARFUNKEL/Since I Don't Have You	(Columbia)
DAVID JAMES HOLSTER/Constant Love	(Columbia)

The SPECTRUM III Network Members Are:

WLOL-FM/Minneapolis, Buddy Hollis* WSM-FM/Nashville, Mary Catherine Sneed* LOVE 94/Miami, Rick Peters* KEZR/San Jose, Bob Harlow* WFFM/Pittsburgh, Dave Popovich* KCBQ/San Diego, John Fox.
