SPECIAL NOTE: Southside Johnny's "Trash It Up" AMAZING VIDEO JUST WENT ON MTV AND URBAN PROGRAMMERS AND AOR PROGRAMMERS LOVE IT!!! ALSO, THE MASS PUBLIC IS SEE HIM ON THE MILLER BEER COMMERCIALS!!! He's A GREAT ARTIST!!!

Think YOU have the "inside track" on what's going on??? Try this one on for size...WHAT NATIONAL PROGRAMMING CONSULTANT IS ABOUT TO GET HIS HANDS ON A PRIME L.A. PROPERTY??? AND, WHAT FORMAT IS HE FAMOUS FOR HELPING TO MAKE THE CURRENT RAGE???

RECORD INDUSTRY LEGEND...HAROLD CHILDS...is one of the nicest people I've ever met!!! I've known him for a long time and he's a TOTAL PROFESSIONAL!!! He's also been a BIG SUPPORTER of all my projects!!! I have the honor of telling you that he has been named the new head of POLYGRAM'S Black Music Department!!! I'm sorry that my good buddy is moving to New York, but, what a great opportunity for such a talented guy!!! BRAVO, HAROLD!!!

I had a great time a week ago at THE AMERICAN CINEMA AWARDS!!! It was the first time that these awards were given and it will now be an annual event!!! The awards ceremony was held at The Beverly Theatre before a capacity crowd!!! Honored were such film greats as JOSEPH COTTON, JOEL MCRAE, RUBY KELLER, and others!!! Later that night we all went to the FRIARS CLUB in Beverly Hills for a midnight supper!!! MILTON BERLE stopped by to chat..with me about his upcoming 75th Birthday and he was a riot!!! It was a tremendous thrill for me to talk to this legend...and he is the nicest guy, too!!!

Should be a packed house in New York when BARBRA STREISAND is honored by the RECORD INDUSTRY CHAPTER OF THE U.J.A. late October!!!

CONGRATULATIONS to THE DYNAMIC DUO at PASHA...SPENCE & CAROL!!! I'm so happy that QUIET RIOT is E-X-P-L-O-D-I-N-G across the country!!! The album is so HOT and now that the single is spreading so fast, \$ALES of the L.P. will skyrocket and it couldn't happen to better people!!!

Did you know that the group KISS took their makeup off before the MTV cameras this week??? Now ask me WHO CARES!!!

CONGRATULATIONS to my good friends BURT STEIN/DANNY GOLDBERG and their new label GOLD MOUNTAIN/A&M!!! This week they've released their first project: HORIZONTAL BRIAN hits radio as an L.P. this week with the single due OCT 10th! The single will be "Practicing First Aid" and SOUNDS LIKE A SMASH!!!

With the success that SCOTT SHANNON is having in New York City...Watch for others to try and copy him in THE BIG APPLE!!! But, noone can do it like SCOTT or so I'm told!!!

L.A. will be the city with the most cluttered radio dial by the end of '83!!!

I'm having a little survey run here in HITMAKERS and I'd like to know your opinion of the most important radio station in 1)The EAST 2) The WEST 3) The SOUTH 4) The MIDWEST!!! Only one station in each region and it should be the one you feel has the best music and programming!!! Record and Radio people are invited to send in their choices!!! SEND YOUR STATIONS TO ME HERE AT HITMAKERS!!! It will be very interesting to see what you feel are the stations that impact you the most!!!

RUTH ROBINSON Reporting

It should be fun to see BETTE MIDLER in the cable special on Oct. 14th. She talks a little about her life, four videos are seen, and some in-concert footage. The new album contains a little more real rock and roll than ever before—including "Beast of Burdon," and "Is It Love?"

Most radio stations using CDs are reporting that the listeners are responding favorably to the new technology. A report came from the RIAA and the Compact Disc Group saying stations counted ranked from those on the air 24 hours a day, down to 9 hours a day—from 90,000+ watts, down to 40,000 and they were 31 stations all across the country.

Look for an interesting panel when the Compact Disc Group meets to introduce the technology to the industry in conjunction with the National Academy of Recording Arts and Sciences. (By the way, what does NARAS do besides the Grammys?)

Speaking of awards, my money is on MICHAEL JACKSON to pick up an Emmy this weekend, along with the producers and director of the show to up the trophies on "Motown 25." And, yes, I'll be there screaming like a nut in support of these excellent choices.

What does JULIO IGLESIAS have? As of this week, the key to the city of Paris, a diamond disc from the GUINNESS Book of World Records for selling 100 million records in seven languages and women fainting in the aisles all over the world.

Remember I asked last week who was HARRY CASEY? This week I can tell you he is someone who surrounds himself with people who don't know how to follow directions—too bad JOANN GEFFEN and BARRY BLUESTEIN were away with K.C. AND THE SUNSHINE BAND in Australia. They don't fit that description, but alas, they weren't around when the deal went down.....

Good for PAUL McCARTNEY and thanks for sending me the BUDDY HOLLY week T-shirt (funny, I don't get T-shirts anymore except from movie companies) In England, "BUDDY HOLLY WEEK" has been a regular feature on the rock calender since 1976. BUDDY had been a favorite of PAUL'S since the Winger was a teenybopper back in Liverpool. So when he bought the catalogue from whoever, PAUL began to have fun with it. As he says, "Some people say rock and roll dies with BUDDY HOLLY. Rock and roll dead? That'll be the day."

Having my choice should I go to Arizona for the NARM rack jobbers or to Acapulco for MUSEXPO????

RUTH ROBINSON Reporting

What about RICK JAMES and the "Spice of Life." He says it's so, but then MGM says it's not? I'm confused.

Attention all aspiring movie stars. Want to be in a motion picture? If you ever dreamed of appearing on the Big Screen with DOLLY PARTON and SYLVESTER STALLONE, your golden opportunity is in Denver, Oct. 8th. As part of BARBARA DAVIS'S Carousel Ball to benefit the city's Children's Diabetes Foundation, a walk-on part in "Thinestone," DOLLY and SLY'S new film will be on the auction block.

And speaking of movies...here's a giggle: Two executives of Universal Pictures can't go see their films in their own neighborhood. The owners of the only theatre in Malibu (the Malibu Cinema) refuse to show Universal films because of a tiff they had with the company over a rental agreement for the film "E.T." Owner DAVID O'MEARA says Universal accused him of trying to cheat the studio by underreporting attendance figures and withholding box-office receipts. He says Malibu residents MCA president SIDNEY SHEINBERG and Universal production chief THOM MOUNT won't be seeing the titles of their films on his movie marquee.

Tennis star ARTHUR ASHE, singer HARRY BELAFONTE and a batch of other celebrities have founded a group to discourage U.S. entertainers from performing in South Africa because of it's practice of racial segregation.

ASHE and BELAFONTE, cochairman of the new Artists and Athletes Against Apartheid, were joined at their news conference by OSSIE DAVIS, RUBY DEE, TONY RANDALL, and JOEL GRAY.

The growing list of names includes JANE ASHER, RUTH GORDON, SIDNEY PORTIER, PAUL NEWMAN, BILL COSBY, TYNE DALY, TONY BENNETT, and JANE FONDA.

Many wonderful things were going on at the Plant in Saualsalito including RICK SPRINGFIELD, in working on his new album. More later.

I'm on my way to La Costa for the NARM regional meeting... more on that confab next week.

Until then,

The underlying theme of the new album JOHN COUGAR has just finished recording is said to be captured on one of the songs, from the set, "A Warmer Place to Sleep." In it, COUGAR sings, "...a heart of gold ain't no better than a heart torn from the street/and I'd trade in my heart of stone for a warmer place to sleep." COUGAR, one of last year's biggest success stories, apparently feels that for all his accomplishments, there's still no place like home, Bloomington Indiana, to get a good night's sleep. A song called "Crumblin' Down," will be released next week as the first single from the album. The LP, which COUGAR recorded in just three weeks, is titled, "JOHN COUGAR Mellencamp, Uh-Huh," and is due out October 13th. COUGAR has no plans to tour at the moment. He's currently negotiating to produce an album for another artist, instead. But he will be in evidence on the tube throughout the fall. This week, CINEMAX is in Bloomington shooting a 30 minute documentary on the singer which will air all next month. He's also doing videos for 4 of the songs from the new album, including, "Crumblin' Down," which will be the first. And, MTV has plans to shoot a mini-documentary on the making of a rock video, using that as an example.

Forty five employees of the UNIVERSAL AMPHITHEATRE in Los Angeles felt the "Human Touch" this week, when RICK SPRINGFIELD sent them wine and flowers. SPRINGFIELD concluded his American tour there with five sold out performances. SPRINGFIELD will now be spending the time until he leaves for a far east tour in the studio completing the soundtrack for his movie, "Hard To Hold." The movie is now scheduled for March release.

"Blame it on Love," the duet by SMOKEY ROBINSON and BARBARA MITCHELL now in it's 3rd month on the charts, was the brainchild of producer GEORGE TOBIN, who wanted to team up the MOTOWN Vice President with one of HIGH INERGY'S featured vocalists. As ROBINSON recalls, TOBIN initially asked him to listen to the song just to offer his opinion, but when he expressed enthusiasm for it, he was asked to cut the vocal. "Originally," ROBINSON says, "there was another guy singing it with BARBARA, and I just flipped over the record and told GEORGE it was a great song. He responded by telling me he was glad I felt that way because he really wanted me to sing it all along." ROBINSON said he was glad he did since duets are so popular now and because "It's a great tune for a guy and a gal to sing together." ROBINSON, who also shares vocals with RICK JAMES on the song "Ebony Eyes," from JAMES' album, "Cold Blooded," said duets are a nice change of pace from his solo career.

CULTURE CLUB'S hot streak shows no signs of cooling off, in England at least. Their latest single, "Karma Chameleon," entered the charts this week at no. 3. CULTURE CLUB begins a British tour on the 24th.

During her recent tour of Australia, JOAN ARMATRADING was honored by the LORD MAYOR of Sydney with a civic reception, at which she was presented with a commemorative plaque acknowledging 3 Platinum and 7 Gold albums down under.

"Speaking in Tongues," becomes TALKING HEADS' first Gold album this week.

ELTON JOHN and KIKI DEE, who had a huge hit in the 70's singing "Don't Go Breaking My Heart," together, have teamed up again on a new single for DEE, "The Loser Gets to Win." Elton doesn't sing on this one, though, taking credit only as producer. KIKI DEE has also been doing some recording with DAVE STEWART of the EURYTHMICS.

KAJAGOOGOO continues to do well without the services of their original lead singer, LIMAH. A new single, "Big Apple," entered the British charts this week at no. 33. LIMAH, meanwhile, is pursuing a solo career and recently said JEFFERY DANIEL of SHALAMAR had offered to work on a project with him.

Three of ROD STEWART'S biggest songs will be available on a Sony videocassette this month. Sony has packaged "Do Ya Think I'm Sexy," "Young Turks," and "Passion," for one of their 15 minute video releases.

RCA recording artists the BONGOS will embark on a northeastern tour early October, coinciding with the recent release of the RCA debut mini LP "Numbers With Wings." A highlight of the tour will be an engagement at one of New York's premiere rock venues THE RITZ on October 7th.

NEWS

The final days of OLIVIA NEWTON-JOHN'S Australian vacation were spent in a flurry of activity. She was busy purchasing stock for her Los Angeles store, KOALA BLUE, which will open in October. The shop will sell all things Australian, from jars of vegemite to authentic boomerangs to records by GOANNA AND THE BUSHWHACKERS. OLIVIA will even man the sales desk herself on occasions.

The last member of the FIXX flew home to England Tuesday September 13th after they wrapped up their tour opening for the POLICE at Oakland Coliseum outside San Francisco. Tentative plans call for the band to return to America in November for a series of college dates.

THOMAS DOLBY finished recording his new album, "The Flat Earth," Saturday September 10th at a studio in Belgium, and is now off on a 3 week vacation. The album is due out at the end of next month on CAPITOL RECORDS. Meanwhile, CAPITOL has also signed DOLBY'S guitarist, KEVIN ARMSTRONG, to a solo recording deal. Both musicians are continuing to work together.

BRIAN MAY of QUEEN is releasing a single, "Starfleet," and a mini-album he recorded with EDDIE VAN HALEN and others. Next up for MAY is the new QUEEN album, which they are about to begin. QUEEN has left ELEKTRA records, and signed with CAPITOL, but it is still not clear if the new album will be their last for ELEKTRA, or their first for CAPITOL.

PAUL SIMON has decided there will be no SIMON and GARFUNKEL album this year. Instead, the record he has been working on will come out with only his name on it.

LEO SAYER was recently sworn in as an HONORARY DEPUTY SHERIFF of Storey County in Nevada. A deputy there who spotted him in a local bar turned out to be a big fan, and arranged to have the diminutive singer sworn in by County Sheriff BOB DEL CARLO.

Don't be surprised if acts like BETTE MIDLER, STEVIE NICKS, KISS, and CHEQUERED PAST start showing up on soundtracks for 20th Century Fox Films. DANNY GOLDBERG, who co-founded NICKS' record label, MODERN RECORDS, and still acts as management consultant for her and the other artists, has just been signed to package soundtracks and video clips for Fox Films, similar to the way "Flashdance" was created and packaged for Paramount. GOLDBERG has just finished putting together a soundtrack for the film, "Heaven," using music by CHEQUERED PAST'S singer, MICHAEL DES BARRES, RITA COOLIDGE, ENGLISH BEAT, and BRYAN ADAMS. Other upcoming films he'll be doing the music for are "Gorky Park" and "The Pope of Greenwich Village."

JORMA KAUKONEN and JACK CASADY each accused the other of planting the rumor that eventually made it to MTV that HOT TUNA would be reuniting. But once they had a good laugh over it at KAUKONEN'S home in San Francisco's exclusive St. Francis Wood neighborhood, they decided it might not be such a bad idea. Apparently fans agree: 10,000 tickets were sold at Nassau Coliseum on Long Island this week, the first day they went on sale. Until the reunion came together, JORMA had been working on an album for the Bay Area Boutique Label, 1750 Arch Records with local guitarist MICHAEL FALZARANO. Now FALZARANO will be joining HOT TUNA, and they'll be introducing some of the music they have done together at the HOT TUNA shows. KAUKONEN couldn't remember the last time he had played with CASADY, but all that changed Monday, September 19th, when rehearsals began. The group will be complete just as soon as they find a drummer. JORMA says one of the most interesting things about the reunion, is that they're getting a lot of "Big money offers" and a lot of jobs and they don't even have a recording contract, nor do they have plans to make an album, unless it's a live one. "I think the whole thing is pretty funny," he said. "This time essentially we're going to do it just for fun and not project profit sharing and retirement plans. And I'm sure everyone will be much happier."

Seventeen year old ANNABELLA LWIN has quit BOW WOW WOW and will now pursue a solo career, while the male members of the band move in a different musical direction. BOW WOW WOW'S founding members MATTHEW ASHMAN and DAVE BARBAROSSA will continue to work together using the name, CHIEFS OF RELIEF.
