WALRUS STATISTICS

Our statistics are a quantitative reflection of current Lp acceptance based on our contributors' reports. Progressive Retail Reaction is derived from Top 15 retail reports while New Retail Action is derived from New Reaction reports. Both are weighted to compensate for the size of the store chain.

Radio Emphasis is computed by counting radio reports of Audience Reaction and Heavy Airplay. (Heavy Airplay new additions are not included.) New Releases to Watch is calculated by counting all indicated New Additions and weighing them according to heavy or moderate play. All calculations are first done regionally then combined to form the national totals.

NEW RELEASES

Below is a catalogue of new releases. They are divided into categories designed to give you an idea of their relative musical worth. These first impressions are not meant to relate in anyway to past, present or future sales, nor should they be taken as the word of God.

SPECIAL MENTION ALBUMS

(These recordings which, in our opinion, deserve special mention because they come closest to perfecting their musical genre regardless of progressive radio application.)

The Heptones/NIGHT FOOD/Island ILPS 9381 (Purity. Beautiful tunes and perfect presentation, musically and sonically, put The Heptones on a pedestal. Their apolitical lyrics, usually of a boy-girl nature, also set them apart from other Jamacian artists.)

The Mighty Diamonds/RIGHT TIME/Virgin PZ 34235 (Donald "Tabby" Sharpe is the Smokey Robinson of reggae music. His voice hovers at the point of falsetto, gliding through super songs. A fine performance.)

U-Roy/DREAD IN A BABYLON/Virgin PZ 34234 (Previously reviewed as an import. U-Roy's inarticulate speech is perfectly wedded to the reggae rhythm. His contribution to the genre is his scat-like vocal/rhythm approach. It doesn't matter whether you can understand him.)

STRONGLY MERITORIOUS

(The following Lps are Merit Albums which we feel have an extra edge.)

Jeff Beck/WIRED/Epic PE 33849 (Extending the impressive musical thread started in his last album Jeff continues to realize his artistic potential. Beyond impeccable precise fusion performances he checks back with Mingus' "Goodbye Pork Pie Hat." A tasty move.)

City Boy/Mercury SRM 1-1098 (Previously reviewed as an import. These former folkies display the devotion of the converted. Their rock and roll concedes nothing in power while it remains melodically pretty and musically demanding. Precision playmanship highlights the Lp.)

Toots & The Maytals/REGGAE GOT SOUL/Island ILPS 9374 (Previously reviewed as an import. As Toots moves toward the R&B side of reggae, he inevitably must be compared to Third World, a group which has that space covered. Though, it no longer happens automatically, now that reggae music is past the startling new stage, Toots still shines.)

MERIT ALBUMS

(Our recommendations for serious progressive radio consideration, recognizing that not all Merit Albums are suitable for all stations.)

Bobby Bare/THE WINNER & OTHER LOSERS/RCA APL1-1786 (Bobby Bare, singing country-folk songs - many written by Shel Silverstein - makes a place for himself. He doesn't strain to overdo the production, instead he takes pains to find real songs for some real singing.)

Bill Callery/Lone Star-Columbia KC 34113 (Bill's country/folk music is organic. Spinning out of Texas, he is not so much a beer drinker as he is a disciplined writer of consistently enjoyable songs. Vote yes.)

Milton Carroll/BLUE SKIES/Lone Star-Columbia KC 34114 (The burly voice of Milton Carroll dominates an album of good songs, both original and chosen. His production permits a back-up as dense as the vocal. It might have been better had he countered with more clarity.)

Chicago/X/Columbia PC 34200 (Happily Chicago gives us more than a bunch of arrangements on their tenth Lp. There are some songs, especially on side one, which are listenable. Big group or not, melodically they have given just enough with which to get by.)

The James Cotton Band/LIVE & ON THE MOVE/Buddah DBS-5661-2 (Cotton's blues based boogie band creates a positive party atmosphere on this live Lp. It rarely lets up. Pretty fair recording quality captures the event.)

Lou Courtney/BUFFALO SMOKE/RCA APL1-1696 (Good songs, sparked by hot rhythms or alternately, spiced with a mellow glow, give Lou new life. Unity is something of a problem but, it is not overwhelming.)

King Errisson/THE MAGIC MAN/Westbound W-224 (Errisson brings a native feeling to disco giving the genre some exciting color. More precise recording quality would have enhanced appreciation of this tribal funk.)

Free Beer/HIGHWAY ROBBERY/RCA APL1-1733 (This Free Beer is tighter than the first. Their pleasant sound, which was nicely received the first time around, gets transmitted more convincingly. Nice material, warm harmonies.)

Jan Hammer Group/OH, YEAH?/Nemperor NE437 (Placing the two songs aside for the moment, Hammer's group continues the instrumental fusion thesis virtually unaltered. Maybe it's because of a fusion overkill but, even these densely developed tunes don't generate the awe once associated with the genre. Strong, but not titillating.)

MERIT ALBUMS CONTINUED

- Chuck McDermott & Wheatstraw/LAST STRAW/Back Door BDF-7474 (By comparison to Asleep at the Wheel, Wheatstraw is merely a second cousin. Still, these country-folkies from the urban East do bring it off. A bar is their natural habitat as the live tracks amply prove.)
- Tracy Nelson/TIME IS ON MY SIDE/MCA 2203 (Time is on Tracy's side. She makes albums of substance everytime out. They may lack flashiness but, that is made up with her unerring consistency. Good work.)
- Nilsson/. . . THAT'S THE WAY IT IS/RCA APL1-1119 (What's the point? Consciously overproduced music can't be considered some kind of reverse-hip. Applaud the songs Nilsson is choosing, but their musical context. Pick and choose tracks. Side two is more usable.)
- Cliff Richard/I'M NEARLY FAMOUS/Rocket PIG-2210 (Nearly flawless choice of material distinguishes Cliff's album beyond the ordinary. Crisp playmanship supports him admirably but credits for the musicians were thoughtlessly omitted. The record feels right from the beginning.)
- Silverado/RCA APL 1-1792 (Easy Silverado folk-rockin' melodies find an organic groove. Smooth vocals and a slight country taste put them in the mainstream.)
- Carly Simon/ANOTHER PASSENGER/Elektra 7E-1064 (Another Passenger is another Carly album which features adequate songwriting and sterling production. Notice how Simon songs are rarely, if ever, sung by others.)
- Spin/Ariola America ST-50013 (Pleasant instrumental melodies of only moderate force lay over a rocky bottom. Spin turns close to a disco groove but, that should not scare anyone away. The tunes are winners.)
- Spirit/FARTHER ALONG/Mercury SRM 1-1-1094 (Spirit's second incarnation has developed into quite a return. Their success is largely due to the refreshed sound they have developed. They didn't try to redo the old style. . . you can't go home. Some super melodies seal it.)
- Starz/Capitol ST-11539 (With the requisite Jagger look-alike as their centerpiece Starz begins a hard rockin' career. Well organized by Jack Douglas, they steam through a batch of decent songs. They even show taste at times.)
- James Taylor/IN THE ROCKET/Warner Bros. BS-2912 (Comfortable in everyway. The Taylor voice and his tunes are perfectly matched to accomplish that end. Classy production delivers it.)
- Peter Tosh/LEGALIZE IT/Columbia PC 34253 (Though Tosh is an extremely important reggae personage his album doesn't do its best to capture his essence. Recording quality is in large measure the problem - a lack of clarity inhibits the record. But, Peter doesn't always get the best performance out of his friends either.)
- Upp/THIS WAY.../Epic PE 34177 (A dual personality permits Upp to work a funky groove which dominates side two and a sweetened pop R&B groove which dominates side one. We prefer the funky side. They give nothing to the R&B genre, they just barrow.)
- Jerry Jeff Walker/IT'S A GOOD NIGHT FOR SINGIN'/MCA 2202 (Yet another Jerry Jeff album filled with round, flowing songs. This is the kind of record which doesn't wear out quickly, no gimmicks, no flash. Enjoyable throughout.)
- Johnny Guitar Watson/AIN'T THAT A BITCH/DJM DJLPA-3 (Both a stylistic mishmash and a sonic delight. When his blues guitar lights up Watson does best, especially in this bright sounding record. Some good songs scattered through the effort keep it afloat.)
- Widowmaker/United Artists UA-LA 642-G (Previously reviewed as an import. The Widowmaker brand of rock and roll has the proper dose of fuzz but, nothing to distinguish it except songs. Most of them are very good carrying the group to musical success.)
- Bobby Womack/B. W. GOES C AND W/United Artists UA-LA 638-G (In spite of some unnecessary sweetening this may be one of Bobby's better Lps. He has chosen some strong songs and he gives them an earthy quality they often miss. They become country-blues. Ray Charles did a country Lp many years ago, so Bobby draws on a successful example.)
- Celia Yancey/YANCEY/GRT 8012 (Celia has talent. Her most impressive ability is to deliver a lyric, communicating its meaning with more than just her been-there-before voice. The anonymous string arranger and the producer who permitted the arranging completely misunderstand Yancey's essence.)

SATISFACTORY ALBUMS

(Albums of acceptable quality which, of themselves, require only secondary progressive radio consideration.)

- Jay Ferguson/ALL ALONE IN THE END ZONE/Asylum 7E-1063 (In spite of the high powered names involved with this project - Szymczyk, Walsh, and Vitale - the result is mediocrity. Mostly due to Jay's writing the record depends on production and presentation too heavily for its survival. Worse is the unflattering performance of "Medicated Goo," a song of tested quality.)
- Van Der Graaf Generator/STILL LIFE/Mercury SRM 1-1096 (Previously reviewed as an import. Supported by something of a cult following Van Der Graaf Generator is going to have to continue in that limited way. It's Peter Hammill's not-quite-musical writing which restrains their growth year after year. "Childlike Faith..." is best.)

FRINGE ALBUMS

(Good albums which are not progressive, yet hold some interest for progressive audiences.)

- The Beckies/Sire SASD-7519 (In spite of pop intentions inside and out, even to their bubblegum name, The Beckies are close. It is only the lushious arranging which holds them away. Good writing.)

FRINGE ALBUMS CONTINUED

- Barney Bigard & His Orchestra/CLARINET GUMBO/RCA APL 1-1744 (Cocktail party musak.)
- Conte Candoli & Frank Rosolino/CONVERSATION/RCA TPL 1-1509 (This mild mannered quintet work, featuring trumpet and trombone, is pleasant enough. The title track because of its scat singing might be of more interest than the rest.)
- Neil Diamond/BEAUTIFUL NOISE/Columbia PC 33965 (Diamond is a known pop talent who's impressive scope is easily able to handle major productions, such as Beautiful Noise. Good songs and overproduction are standard equipment. Grandiose.)
- Hampton Hawes/THE CHALLENGE/RCA JPL 1-1508 (Solo piano work is nice background. Because he uses mostly old standards as his jump off point rather than personally inspired riffs, the Lp isn't comparable to a Jarrett or Corea solo. Pleasant.)
- The 9th Creation/FALLING IN LOVE/Pye 12138 (Inconsistent writing leads to a forced feeling sometimes. A couple songs could be used like the opening and closing tracks on the front side. A fair pop-R&B album.)
- Mark Radice/AIN'T NOTHIN' BUT A PARTY/United Artists UA-LA 629-G (Blue-eyed disco soul music. Long tracks and overkill arrangements characterize this Brass Construction backed effort. The hot things which end each side are the best possibilities.)
- Jeannie Reynolds/CHERRIES, BANANAS & OTHER FINE THINGS/Casablanca NBLP-7029 (Though Jeannie's Lp is essentially a pop-R&B thing, it has a few funky tunes in it. Even with several different producers the album suffers from some unnecessarily restrained playing throughout. Try the end of side one and the beginning of two.)
- Buddy Rich & The Big Band Machine/SPEAK NO EVIL/RCA APL 1-1503 (Buddy has absorbed many hot R&B rhythms while maintaining the rest of the big band formula. The Lp demonstrates his relationship to the music scene as its tail end rather than as its leader.)
- Savannah/DR. BUZZARD'S ORIGINAL/RCA APL1-1504 (Savannah is an attempt to find a place between a Dan Hicks and a Manhattan Transfer. But, the imagery isn't fully developed resulting in another MOR recording - a good one but, middle-of-the-road anyhow.)
- Harriet Schock/YOU DON'T KNOW WHAT YOU'RE IN FOR/20th Century T-499 (Gene Page's orchestrations take Harriet directly to the middle of the road. Hidden amongst the lush is "He's So Macho" which melodically spins off of another melody.)
- Starbuck/MOONLIGHT FEELS RIGHT/Private Stock PS 2013 (Starbuck is a good pop band. Their songs amount to simple ditties done with a clean-cut sound. Toward outside.)
- Zulema/SUDDENLY THERE WAS YOU/RCA APL 1-1423 (It is the production which moves this self-contained artist to the fringes. Zulema writes fairly good songs and tracks like "I Love You Baby" and "Hungry For Your Love" show the way. "Here's Where Love Begins" is good too.)

SPECIAL PROGRAMMING

(Spoken, poetry - comedy and extraneous musics.)

- Claude Bolling/ORIGINAL RAGTIME/Columbia PC 33277 (Bolling explores the range of ragtime composers - Joplin is used only once. His pianistic syncopation is eight and controlled instead of the heavyhanded style we've heard by some others.)
- Cheech & Chong/SLEEPING BEAUTY/Ode SP-77040 (Well produced sketches and equally well conceived premises make a solid album. It's not hilarious but, it finds a special place in hip sub-culture humor.)
- Gunther Schuller/COUNTRY FIDDLE BAND/Columbia M33981 (Hardly the down home fiddling. The New England Conservatory fiddlers do approximate another American era. Production uses can be readily imagined.)
- Ettore Stratta/LOVE SCARLATTI/Columbia PC 33966 (Amalgome's like this one tend to have the effect of turning off everyone. The classical music people will not be thrilled to hear the jazz and rock sounds invading the Baroque field. Likewise, the modernists may have difficulty with all of those violins. Well done musically if not philosophically.)
- Swingle II/RAGS & ALL THAT JAZZ/Columbia PC 34194 (This is an evolution of the former Swingle Singers known for their jazzy, nonsense syllables. Lyrics are applied to rags of 50 years ago with more or less success. Tony Vincent is most successful in his adaption of Jellyroll Morton's "Kansas City Stomps." Manhattan Transfer should do it.)
- Jean-Claude T./THE BICENTENNIAL POET/Philadelphia International PZ34246 (Being a black poet is, almost by definition, a political place to be. Jean-Claude T. is as political but, not as potent as Gil Scott-Heron. Still, he has a worthy statement to make.)

REISSUES

- The Beatles/ROCK N' ROLL MUSIC/Capitol SKBO-11537
- Andre Benichou/JAZZ GUITAR-BACH/Nonesuch H-71069 (This recording, though previously released, did not get wide circulation. It is being made available for those interested by calling Burt Stein at (213) 655-8280.)
- Electric Light Orchestra/OLE ELO/United Artists UALA630G
- Peres du Saint - Esprit de Chevilly/GREGORIAN CHANT/Seraphim 60269 (Save for Christmas.)
- Larry Santos/YOU ARE EVERYTHING I NEED/Casablanca NBLP 7030 (The first four tracks are replacements. They add lush romantism to the album.)

NOTABLE SINGLES

Alice Cooper/I NEVER CRY/Warner Brothers WBS 8228  
 Dennis Linde/YOU MAKE ME FEEL GOOD/Monument 2588700  
 Trooper/TWO FOR THE SHOW/Legend MCA-40533

IMPORTS

(Our imports are provided with the help of Intergalactic Trading Co., Portland, Ore.; Jem Records, P. O. Box 362, South Plainfield, N. J. 07080 - (201) 753-6100.)

Can/UNLIMITED EDITION/Caroline CAD 3001 (Sides 1 & 2 are a reissue of Can's Limited Edition. Sides 3 & 4 are unreleased things culled from an archive of unheard tunes. They are various noodlings, not particularly related, and in some cases downright extraneous. Treat sides 1 & 2 like a reissue and sides 3 & 4 like special programming.)  
 John Denver/LIVE IN LONDON/RCA RS 1050 (Denver, knowing exactly what he is doing, has become the Eddy Arnold of folk music. Toward MOR he broadens his audience appeal, leaving his original audience behind. Fringe.)  
 Dillinger/DON'T LIE TO THE BAND/Daffodil 9216-10055 (As gifted players Dillinger delivers a certain level of enjoyment. However, rather non-musical writing clamps a limitation on their actual appeal. The breaks are best. Satisfactory.)

IMPORTS CONTINUED

Henry Cow/CONCERTS/Compendium Fidardo 1 (If you think that the crazies who populate Henry Cow would alter their music to appeal to an audience you misjudged their commitment. There is strength in weirdness. Special Programming.)  
 Jackson Heights/Fontana 6424 085 (They never made much of a wave as a functioning group so the four previously unreleased tracks included here are not of any particular moment. Essentially a reissue.)  
 Triumvirat/OLD LOVES DIE HARD/Horzu IC-062-29622 (Another finely crafted Triumvirat album featuring the classically derived keyboard work of Jurgen Fritz. Triumvirat's great asset is that they tend to be more musical than others in their genre. Some nice acoustic work acts to reduce pomposity. Merit.)  
 Various Artists/GUITAR SOLOS 2/Caroline C1518 (Of the four soloists, Fred Frith, G. F. Fitzgerald, Hans Reichel and Derek Bailey only Reichel has his musical feet on the ground. However, his homemade guitar is as obtuse an instrument as the music played by the others. Special Programming.)

SPECIAL PROGRAMMING:  
 WMMR will be using the "Live at the Agora Series" Monday evenings at 11 p.m. Our first show will be Billy Cobham. For those unfamiliar the Agora is a bar in Cleveland with a 16-track studio above it-the quality is superb. I'll pass on their address next issue, I'm pushing this deadline now and my desk is several feet deep... Had a beautiful conversation (I wouldn't call it an interview) with Devadip Carlos Santana following their Spectrum Show last month... we presented it prior to our Last Biscuit with Santana (of course)... God Bless you Devadip!  
COMMENTS:  
 Live concerts include Yes, live from Jersey City, N.J. a beautiful show and hook-up with WNEW-FM. Warren Zevon live from the Main Point... watch out for this one. And The Grateful Dead on their 4th and final night from the Tower Theatre... (this one may go down in history)... Love to write more, but I understand 90% of Philadelphia's 18-34 year olds are arriving at the Airport tonight... and that I've got to see...

NEWS & PUBLIC AFFAIRS:  
WBCN Public Affairs Programs have included a report on Unsung Heroes: Conversations with whites in Boston's embattled neighborhoods - whites who support desegregation or at least have worked with the effort to change the school system. They tell of harassment and victimization by the anti-busing movement. This is an interesting and provocative social document, and would be of interest to stations in other cities.

She's On: Women and Development was the focus of our women's show - featuring interviews with some of the delegates from all over the world

who attended a conference at Wellesley College a few weeks back. Particularly interesting were the interviews with Arab women who dispelled some of the myths about women in the Middle East. Susan Sprecher produced this program.

You Don't Say: Our weekly conversation piece featured an interview with Roy Mackel of the Loch Ness Investigation Bureau - a timely report in the effort to find the elusive Loch Ness Monster.

Third World Report: Dave Gilton explored the problems that black clubs have in Boston, and also took a look at VooDoo on recent programs.

To WHFS - Good luck on your public affairs department. As I told a caller - and remind other stations - 'BCN programs are available for play in other cities.

To Ace Young - The KMET newsman sat in on a recent newscast - and we wish you well on your plans for a California news network and best of luck also to Mike Linder now at WNEW - I hope that we will be able to exchange news stories the way we did when you were at WQIV.

News Alert: There will be radio coverage available from both Philadelphia and Washington D. C. on July 4th. As you know the Peoples Bicentennial will be holding an extravaganza with name speakers and performers from the steps of the Capitol. Gil Scott-Heron will be there among others. For info - call toll free: 1-800-424-1130. The coalition sponsoring demos in Philadelphia will also have coverage, anchored by Larry Bensky of KPFA and many member stations of the alternative (non-commercial) radio network will be plugging in.

NEWS & PUBLIC AFFAIRS:  
Changes in the News Dept., too: Hester Fuller, who contributed a valuable internship here, then went back to school, is back again as a staff reporter. Eureka! And watch these pages for evidence of expanded news coverage.

As a matter of fact, we're in the midst of a major re-organization of our news and public affairs programming, but more on that next time...

Susan Abrams covered the Conference on Mental Patients Rights and Repression held the last weekend in May, and coming up we'll have coverage of Gay Pride Week, June 18 through 26. Meanwhile, Sid Blumenthal is keeping us abreast of Jimmy Carter's charisma.

Til next time -  
Judith Brackley,  
News Director

COMMENTS:

Changes, Circles Spinning: Changes abound here at 'CAS the past few weeks. Rick Starr, our P. D. here for 4 years has recently left for a long and well-deserved vacation and Moe has been kicked upstairs as our ably-qualified new P. D. And now, I get to report in these orange pages for the first time since my old days at WNTN. We'll certainly miss Rick, but we wish him well in whatever path he chooses to take in his life. And on the other side of the ledger, we'd like to welcome to our air staff Coralee, formerly with WAAF and WNTN, and Linda Carlou, who has been with WMFO the past few years. Last, but certainly not least, Ilana Pelzig of WZLY who has given us invaluable assistance in music and production.

SPECIAL PROGRAMMING:

Our Saturday night specials have been excellent recently...

Part I of a two-part Rick Wakeman concert was aired June 5th (Part II will run this coming Saturday -6/19).

This past Saturday we did a four-hour broadcast of The Grateful Dead, live from The Music Hall in Boston.

NEWS & PUBLIC AFFAIRS:

Our public affairs dept. has been busy with the R. I. Presidential Primary and the State Convention. We did an interview with Jerry Brown while he campaigned in Rhode Island which received quite a bit of favorable response. Tracy Roach continues to receive response to her series on Abortion: Who, Where, How and Why? The series has been quite controversial, due to the heavily Catholic population in the state.

COMMENTS:

WBRU and the Providence Inner City Arts Association will be sponsoring "Two Days in the Park" on June 26 & 27th. We'll be having live entertainment all day featuring local artists and the winners of the WBRU-Salt Talent Search (Otis & Ridley and Hi Times). Crab Louie will be there, with enough equipment to broadcast four or five hours of the fair. We'll be spinning records from the park, having contests and giving away prizes all day long. Of course, everyone is welcome to drop by!!!

To Country Paul and WHCN:

Reciprocal congrats for the Bruce Springsteen Gold! See you soon?

NEWS & PUBLIC AFFAIRS:

Still recovering from The Gathering of the Tribe this Saturday in Boston for the Dead concert. Lots of old radio friends from the Northeast were gathered together for some great music, and even greater raps at the party afterwards. Congratulations and warmest thanks to Linda Clark and James Heathfield from U. A.

And as the U. S. Blues envelope us all... still awaiting some response from somebody out there as to July 4th activities. New York City, Philly and D. C. all have happenings planned. Who's covering, how and when? C'mon, lets see a little spirit! Stay tuned next issue for details on our coverage of the Democratic National Convention in N. Y. C. Michael Linder (WNEW-FM) and I are pooling our efforts. Your feedback, ideas, questions, comments welcome at 263-247-WHCN.

- Jim Cameron, News Director

COMMENTS:

After a fantastic week of radio concerts that came from as close as the Shaboo Inn with Rick Derringer, and as far away as the Music Hall in Boston with The Grateful Dead and the Bottom Line in New York with Billy Joel, I really felt it was time to say a few words about how far we've come in such a short time in concern to radio concerts and collective projects.

Hartford Continued...

WHCN-FM

It seems as though it was only yesterday that we dreamed of hooking up several radio stations to use their collective potential for exposing an artist in concert. Now it can be done in as few as four days. The ability to pull it off quickly also helps maintain the "instant media" effects that make radio even more effective and natural. We have advanced to such a point that talk of a satellite hookup is no longer considered just an immense pipe dream... that, in itself, is amazing. And what do our listeners say... "Keep 'em Coming"...

I would just like to try and thank all the people who have helped us make these tremendous achievements possible... Ed Heinz, Sam, Michael & Kate of Crab Louis Studios, Norm Winer, Dave Demers, Dave Pike, Pat Rustici, Roger Lifeset, Rick Aliberte, Irwin Sirotta, Mike Klennfer, Perry Cooper, Gil Colquitt, Mike Oliveri, Ted Cohen, Mathew King Kaufman, Steve Paul, Joel Fine, Mike Shavelson, Rick Swig, Stu Sank, James Heathfield... the list could go on forever... and so should live radio... it's a gas.

We nailed "Reverend" Moon (real name Moon Yong Myong) and his Korean adultery arrests, Nixo-Korean political ties, theology and gun factories in a 4-part series tied with the "God Bless America" debacle at Yankee Stadium. Moonies nailed right back by manhandling this reporter at the Stadium. They'll turn off your recorder and disconnect your mic first, tho.

A 5-part series on Est runs June 14-18 featuring Werner Erhard, Jerry Rubin and Adelaide Bry.

New York ACLU is challenging NYPD's "Froze Zone" around Madison Square Garden which will make convention demonstrators invisible to delegates.

Viet Vet's seizure of the Statue of Liberty broke the silence of local protesters on June 8-9... still no promises of major demonstrations except by local and national gay groups and the ubiquitous Yippies who lack grassroots support these days.

**COMMENTS:**  
Thanks to Norm, John,  
Country Paul, Joe, and especially  
Ira. I'm anxiously awaiting (with  
baited breath) a few tapes. It's  
starting to shape up; I'll let you  
know when I'm done what I've  
come up with, but great appreci-  
ation is going out to all of you  
for getting the ideas rolling.  
Again, thanks.  
  
- Mary Music  
  
And more thanks: These to  
Felix Pappalardi for stopping by  
for an interesting and well-  
received on-the-air conversation  
with Hank Ball and myself. We  
wish Felix and Creation the best  
with their album.  
  
And yet even more thanks:  
To Ed Hines and all at Columbia  
responsible for the excellent  
Billy Joel from The Bottom Line  
hookup.  
  
A vicious rumor has it that  
ABC may not, after all, release  
the new Flamin' Groovies album  
on Sire. It would be a shame to  
further ignore these expatriated  
American rock & rollers whose  
music has evolved from American  
punk rock to a refined invasion-  
era British pop sound. Though  
saying that something sounds like  
the Beatles circa '63-'65 may  
not make it seem too original,  
it is actually very refreshing.  
Well, ABC, will it be the Flamin'  
Groovies or more fodder for the  
Future Cutouts of America (FCA)?  
Take care,  
Eric

COMMENTS:  
WHFS and the Psyche Delly  
put on the first in what might  
become a series of concerts fea-  
turing local musicians. The show  
at the Warner Theatre Music  
Hall featured the Flying A's, the  
Rosslyn Mt. Boys, Danny Gatton &  
The Fat Boys, The Clovers, The  
Mystery Band and The Night-  
hawks.

WHFS-FM

Everyone seemed to enjoy the  
concert, in spite of the fact that  
not everyone could stay until  
4:00am when the Nighthawks  
finally finished playing.  
We have had tremendous  
response to our Radioactivity  
programs, which are two-hour  
radio shows done by selected  
listeners.  
Don Fagen stopped in Wash-  
ington on his way back from  
Europe. He flew on the Concorde  
and likened the flight to a bus  
trip from New Brunswick, N. J.  
to N. Y. C. He says its more like  
a Lotus than a Cadillac, built  
for speed and not for comfort.

After a couple years in Puerto Rico, Loretta Angeline comes back home to do afternoons on the ZOO. Loretta is a former ZOO FREAK, and previously was M. D. of KAFM Dallas during their progressive days. Loretta replaces Mark Addy, who has been with us since our birth 2-3/4 years ago. He's goin' back to his family in Detroit, and will be doing mornings on W4, where he was employed before moving to Texas. We'll miss Mark a great deal and hope he does well in the Motor City.

Our ZOO FREE SUNDAY concerts continue at the 1700 seat Electric Ballroom in Dallas. Recent free shows have starred John Klemmer, Kenny Rankin, Dr. Feelgood, Nitzinger, Styx, Les Dudek, Ayers Rock and more.

Recent studio guests: Joan Baez, Jesse Colin Young, Steve Miller and Felix Pappalardi. Lotsa nice BSing.

ZOO best wishes to Stan Byrd, who has helped us for years as local Columbia whiz-bang. Now, Stan is heading up Warner Brothers country promotion in Nashville. A top drawer dude.

Peaceful ways,  
 Ira Lipson  
 Zoologist

**COMMENTS:**

A quick trip back to the Northeast has assured me that the West Coast of Florida (now market #17) is an ideal place to be these days. The Grateful Dead: They're still the best for anyone who wants them to be. The Boston and N. Y. shows revived some older material ("Dancing in the Streets", "St. Stephen", "Cosmic Charlie", "High Time") and some older fans. New fans were won by radio broadcasts (love those tapes!). And as for being laid back (i. e. most of Garcia's tunes.) There is a place for the Dead in that rap that today's progressive is tomorrow's MOR: the Dead are growing old with the rest of us. The new Lp is not their best, but it'll do. Special thanks to U. A. 's Stewart Sank and James Heathfield. There sure are a lot of cars up there.

WIOT-FM

**SPECIAL PROGRAMMING:**  
Special "WIOT confronts the artists & the events" on the new Alan Parsons Project. The hour-long "Tales of Mystery & Imagination Edgar Allen Poe" ran at 11 p. m. June 8. A lot of good response!  
**IMPORTS:**  
Would like to get import service. At least the "hotter" pieces like E. L. O. etc. Pleasee!  
**NEWS & PUBLIC AFFAIRS:**  
We here at IOT News are currently trying to catch our breath after the barrage of presidential candidates we had prior to the June 8th primary here in the Buckeye state. On the Friday before the voting, we even participated in an unac-customed bit of "jet-setting," flying to D. C. for an all Ohio radio presidential press conference.. an obvious use of the office for political purposes. But fun if you didn't take it too seriously. On that same day... we managed to tag along with Jimmy Carter's campaign. Earlier that week we got an exclusive "limo" interview with Mo Udall which resulted in some of the best comments we had ever heard from Mr. Second-Place of '76. Oh well, next stop "Convention City."  
- Craig Kopp & Rick Bird  
**COMMENTS:**  
Feature albums the last few weeks - Steve Miller, Jethro Tull, Billy Joel, Carly Simon.  
We'd like to congratulate Dave Lonca on his new position with MCA. He'll be doing pro-mo-tion work out of Cleveland. Dave has been with WIOT since its inception & we're going to miss him. We wish him best of luck & know he'll be doing some great promotions for MCA!  
Also... we'd like to welcome Jim Doyle as our newest week-end jock.  
Till next time...  
Greg

NEWS & PUBLIC AFFAIRS:

KQRS, in cooperation with 4 Minneapolis food shelf agencies & Youth Emergency Service, held the 2nd Concert for Sharing last Sunday. Melissa Manchester performed free as did the Shy Blue Water Boys, Lamont Cranston, and the Prophets. Thanks to great weather, the 4 groups, KQ's Steve Fingeret, and hundreds of generous sponsors, the concert was a huge success. There were in excess of 25,000 people at the show and they donated over \$5,000 to Y. E. S. and over 50,000 non-perishable items to the different food shelves of Minneapolis. Arista helped with Melissa's expenses. A great deal of thanks to all involved.

COMMENTS:

WXRT has just doubled our news staff with the addition of C. D. Jaco. C. D. will join Linda Brill in the newsroom. Terri Hemmert has aired public affairs interviews on fair housing, rape, the Panther trial and other topics.

Despite the fact that our call letters appeared in various trade ads regarding D. I. R. 's "The Way It Went Down," we are not airing it.

NEWS & PUBLIC AFFAIRS:

KZAM News/Information has launched its new news format, with amazing success. We have taken to having an afternoon daily 15 minute news block. Thus far it has turned out to be a "mini-magazine." In addition to the day's news we include one expanded feature (about 5 minutes) and another segment called "Other Sources." So far we have quoted magazines and newspapers as our other sources, but we are also including some short news and public affairs features produced by students at local university and college stations. We find this approach is more fun, less work, and reaction has been good.

COMMENTS:

Many thanks to Paul Rappaport of Columbia Records for bringing Roger McGuinn to KZAM for a special interview.

We're sandbagging in preparation for the Beatles release. Capitol's videotape is going to attract thousands of people into the stores - a great job by filmmaker Chuck Braverman.... Our new radio show on Philly's classical WFLN on Saturday nights is showcasing new releases - thank to the vendors who have helped us get the show on the road.

COMMENTS:

My concert review of the Nighthawks sure drew a lot of label response... and I meant every word I said. They're coming back in July with a live LP under their belt (Adelphi) - should ~~stay~~ nicely.

Also labels, don't forget about Atlanta's hottest band, Darryl Rhoades & The Ha Ha Vishnu Orchestra, currently packing them in at the Music Hall. Their private pressed single, "Surfin' Shark," will be out by July. Their recent TV appearance was super. Wise up and sign this band - for your own good!!

COMMENTS:

The recent Wings concert here has everybody buying their records now.

Same thing with George Benson.

New Billy Joe Shaver Lp is full of strong material and could help him surpass the stars who've gotten rich off of his songs.

New Zeppelin and Blue Oyster Cult are not turning any heads here for the first time.

The new Aerosmith is a joke, along with Elton John.

A few words in appreciation of the efforts and attention of people like Marvin Murphy and Mark Stewart of A&M, Mike Plummer of Janus, and Gwen Y. and Jack Campbell of U. A.

It's too bad their labels, among others, are so ineptly handled by our sales rep. of their Seattle distributor.

CONCERTIZING

HARVARD COOP/Cambridge, Mass. - Marty Lawhon

Artist(s): THIRD WORLD; THE SHAKERS  
Place & Date: Pauls Mall  
Type of Place: Club  
Ticket Price: \$3.50  
Capacity: 250  
Attendance: Full but not packed  
Production Values: Excellent  
Audience Reaction: Rave  
Reviewer's Reaction: Locals love that reggae and turn out when the real thing comes to town. Shakers opened to a warm reception and played that, we're from Berkeley but we should have been born in Jamaica, "Yankee Reggae." After quite a long wait between acts (not an unusual occurrence at the Mall) Third World took control of the stage and audience. Drawing from influences as diverse as old slavery days to Otis Redding to the Ink Spots to Ganja, an entertaining evening to be sure. The band thoroughly impressed the audience.

WBRU/Providence, R. I. - Ilyse Gottlieb

Artist(s): YES; THE POUSETTE-DART BAND  
Place & Date: Providence Civic Center - June 10th  
Type of Place: Hockey rink, basketball, etc. . .  
Ticket Price: \$6.00, \$6.50 and \$7.00  
Capacity: 14,000  
Attendance: Great!  
Production Values: Excellent  
Audience Reaction: Yes - Rave -- Pousette-Dart - Rave  
Reviewer's Reaction: The combination of the Pousette-Dart Band with Yes had me a bit worried first, but both acts blew the place away! Being P-D fans from start to finish, Providence loved the Pousette-Dart Band. They had fun playing here because of the great airplay reports and retail reports. Yes. . . well, being a town that just loves 'em, what would you expect? . . . One of the best concerts, for sure!

SAM GOODY'S/New York, N. Y. - Jeff Teitelbaum

Artist(s): BILLY JOEL  
Place & Date: Bottom Line  
Type of Place: Club  
Ticket Price: \$4.50  
Capacity: 400  
Attendance: Packed - S. R. O. (lined-up outside for a block)  
Production Values: Excellent  
Audience Reaction: Rave  
Reviewer's Reaction: Played a nice mixture from his last 3 albums and interspersed his songs with good vocal reactions to today's music scene - his style was unique and his music moved the entire house. He has a gift for words and lyrics that differentiate him from any other act. He is a super performer.

WBCR/Brooklyn, N. Y. - Kevin Harewood

Artist(s): RETURN TO FOREVER  
Place & Date: Beacon Theatre, New York - May 22  
Type of Place: Renovated movie house  
Ticket Price: \$7.50, \$6.50  
Capacity: 5,000  
Attendance: S. R. O.  
Production Values: Good  
Audience Reaction: Rave  
Reviewer's Reaction: We must talk about this concert in two different parts because I feel it was really two different concerts. Part One was a lackadaisical electric set. During this one hour set each member of the band seemed to be playing the same riffs over and over again with the exception of Lenny White. After a short break the band came back with their acoustic instruments. This set was mind-blowing. Each member was playing with new found energy. Chick Corea was especially good on acoustic piano as was Stanley Clarke on bass. This acoustic set was highlighted by improvised solos from each member of the band and an arousing version of Corea's "Captain Marvel." This set more than made up for the disappointing electronic set.  
 P.S. Return to Forever received a standing ovation from everyone but me.

WAER/Syracuse, N. Y. - Matthew Weiner

Artist(s): THAD JONES/MEL LEWIS/PEPPER ADAMS QUINTET  
Place & Date: Eddie Condon's on 54th Street, Manhattan June 6  
Ticket Price: No cover charge, but you better keep drinking  
Capacity: About 100  
Attendance: About 50 or so  
Production Values: There was no production involved  
Audience Reaction: Rave and a half  
Reviewer's Reaction: In this day of tight performances and solos that are the same from one night to the next, it's a pleasure and a relief to know that the art of improvisation still exists and can be had live, for cheap. Thad & Mel & Pepper, on trumpet and flugelhorn, drums, and bari sax respectively, worked through 5 sets of free-association jazz, and about 40 years of standards. This is a bit of a departure for them, doing a quintet and not a big band, and the effect was startling. The tightness, that only years of together can attain was nothing less than astonishing.

WAER/Matthew Weiner - continued. . .

There were solos galore, all of them good, an excellent rapport with the audience which made for a wonderfully pleasant evening in the Big Apple. The night's highlight had to have been the Duke's "In a Mellow Tone" with a round of solos (trumpet, drums, piano, sax, flugelhorn, and bass). Audio ecstasy for sure. I can't wait to see their big band!!!

WAAL/Binghamton, N. Y. - Steve Becker

Artist(s): YES; POUSETTE-DART BAND  
Place & Date: Broome County Arena - June 9  
Ticket Price: \$6.00 advance, \$7.00 day of show  
Capacity: 7,000  
Attendance: 6,000  
Production Values: Excellent  
Audience Reaction: Yes - Rave  
Reviewer's Reaction: Unfortunately, the Pousette-Dart Band did not show up, this due to road problems. I did want to see them. However the evening was not a total loss. I and the audience was treated to a two hour greatest hits package of the group Yes. When I asked Jon Anderson earlier in the day if there was any surprises, Jon responded "No, just the same boring Yes." Same Yes, but far from boring. The combination of White and Moraz additions, the incredible light show, and the group's near perfection performance, made for the best audio-visual show of the year. Rave!

WCUR/West Chester, Pa. - Rick Bohs

Artist(s): STEVE MILLER BAND  
Place & Date: Temple Music Festival, Ambler, Pa. June 14 (first of two nights)  
Type of Place: Semi-outdoor amphitheater  
Ticket Price: \$6.50 and \$7.50  
Capacity: 3,600  
Attendance: 2,400  
Production Values: Good  
Audience Reaction: Rave  
Reviewer's Reaction: A solid, two part, two and one half hour show put on by Steve and his latest touring band. The first half Stevie played acoustical guitar and aside from minor feedback problems, he gave the crowd some of his better known hits plus some songs from his latest Lp. The first set ended with a fine reggae arrangement of "The Joker." After taking fifteen, the band returned and Stevie showed why they call him "Guitar" Miller as he exhibited some fine electric work in spacey-blues vein he has been noted for. From the second set opener "Fly Like an Eagle" to the rushing finale his band complimented each other nicely. Tasteful lighting provided by the Showco folks greatly enhanced the performance. In all, a fine show. . . watch for it in the fall in your town.

\*

WCBN/Ann Arbor, Mich. - Michael Kremen

Artist(s): FENTON ROBINSON with "THE SILVERTONES"  
Place & Date: The Blind Pig - June 12  
Type of Place: Small jazz/blues club  
Ticket Price: \$1.50 admission  
Capacity: 250 - for the entire evening  
Attendance: 250  
Production Values: Good  
Audience Reaction: Rave  
Reviewer's Reaction: The Blind Pig, a small club that usually features local talent, proved to be an excellent showcase for the guitar virtuosity of Chicago bluesman Fenton Robinson. Robinson, who was capably supported by the Ann Arbor based group "The Silvertones," demonstrated a capable vocal delivery on both original and classic electric blues. However, it was when he played his guitar that Robinson was most eloquent. His guitar playing was a superb distillation of the Chicago style as defined by Elmore James married to B. B. King's phrasing. Robinson shined on King's "The Thrill is Gone," "Everyday I Have the Blues," and his own standard "Somebody Loan Me a Dime." Repeated listening by this reviewer to Duane Allman's work on the Boz Scaggs version of this tune, had made comparison with the late guitarist inevitable, but Robinson's excellent solo reclaimed the tune as his own. Other highlights included Robinson's version of Guitar Slim's minor classic, "The Things I Used to Do," and the dynamic exchanges between Robinson and harp player Steve Nardella who managed to be both forceful and tasteful. Robinson records for the Chicago based Alligator Records.

WMIR/Lake Geneva, Wisc. - Gordon Mills

Artist(s): WINGS  
Place & Date: Chicago Stadium, June 2  
Ticket Price: \$9.50  
Capacity: 25,000 - 30,000  
Production Values: Excellent  
Audience Reaction: Rave  
Reviewer's Reaction: I grew up with the Beatles, and although my reactions to his solo and Wings material have been mixed, the experience of absorbing this performance was a supremely satisfying one. McCartney obviously has utilized his showmanship and production expertise to the fullest for this tour. Even though McCartney wants Wings to be received as a unit, a band, there can be no doubt Paul is the man. Memories ran heavy during the Beatle numbers, especially his beautiful and crystal clear renditions of "Yesterday" and "Blackbird," the latter emphasizing what a fluid and precise guitarist he is. The others should not be overlooked however; the surprisingly tight and dynamic horn section, particularly noteworthy.

WMIR/Gordon Mills - continued

Even the songs I previously didn't really care for ("Silly Love Songs") were knockouts. The light show was superb, and in all, a concert one thinks about days afterward, and remembers for a lifetime.

WMMR-AM/Minneapolis, Minn. - John Wahl

Artist(s): SUICIDE COMMANDOS
Place & Date: Guild of Performing Arts - June 13
Type of Place: Auditorium (small)
Ticket Price: \$1.00 (benefit concert)
Capacity: About 100
Attendance: 100 (capacity)
Production Values: Excellent
Audience Reaction: Favorable
Reviewer's Reaction: The Suicide Commandos are a new punk rock & roll band. I was advised to witness their performance by a local concert reviewer in Minneapolis. He described them as, if memory serves me correctly, "One of the best Rock & Roll bands in the world." Well, if not the best, they are certainly the tightest unit around. A power trio, consisting of a drummer (who also sings lead), a bassist, and an almost totally power chord guitarist, the Suicide Commandos counted "One, two, three, four!" and started playing like it was the last song of the night. They ran through a diverse variety of material, covering "Born to be Wild," better than Steppenwolf, "Personality Crisis," Iggy and the Stooges, two Stones tunes, and a monster Who medley including "I Can See for Miles" and "Shaking All Over." Most unfortunately, the band demonstrated that they could only play fast, hard rock, like taking their "Born to be Wild" and speeding it up by 30%. For this reason, audience reaction lapsed toward the end. Still, as tight as they were, I found myself wishing I had a live recording of their performance.

KMSC/Moorhead, Minn. - Rose Steinhart

Artist(s): NAZARETH; IAN GILLAN BAND
Place & Date: Fargo Civic Auditorium - June 12
Type of Place: Auditorium
Ticket Price: \$5.50 advance; \$6.50 at the door
Capacity: 4000 - 4500
Attendance: Total sellout
Production Values: Good
Audience Reaction: Nazareth - rave; I. G. B. - favorable
Reviewer's Reaction: Nazareth, a local favorite, drew an expected strongly favorable reaction from the overflowing sellout crowd. An excellent light show provided by the band served to further the hysteria during the evening of heavy rock music.

WEBN/Cincinnati, Ohio - Denton

Artist(s): THE GREG KIHN BAND
Place & Date: Bogart's - June 12
Type of Place: Rock club
Ticket Price: \$4.00
Capacity: 350
Attendance: 300
Reviewer's Reaction: Two solid, well-paced sets left the crowd demanding more... the encore number was Jonathan Richman's "Road Runner"... miss these Berkeley Boys at your own risk.

KREM-FM/Spokane, Wash.

Artist(s): TANYA TUCKER
Place & Date: Joe Albi Stadium - June 11
Type of Place: Athletic stadium
Ticket Price: \$3.50 & \$5.00
Capacity: 35,000
Attendance: 3000
Production Values: Poor
Audience Reaction: Mixed
Reviewer's Reaction: Ya gotta understand this was part of a Shriner's Affair - the thing was shabbily promoted and produced even worse. But above it all was Tanya - Tanya's voice. It's amazing, at 17 she's singing as well as the acknowledged queens of progressive country... and her material's leaning in that direction, too. If she can define her direction away from country schlock she'll be untouchable. Good band, good songs and a great singer... catch her if you can.

EVERYBODY'S RECORDS/Portland, Ore. - Tom

Artist(s): RANDY NEWMAN; LEON REDBONE
Place & Date: Paramount - May 28
Type of Place: Converted theatre
Ticket Price: \$6.00; \$5.50; \$5.00
Capacity: 3060
Attendance: 2000
Production Values: Excellent
Audience Reaction: Rave
Reviewer's Reaction: The connoisseur of mellow walking stick music, Leon Redbone continued to confound and please at the same time. Folks who saw his last appearance said that some of the high points were missing - not that it wasn't a great show but there were no ups and downs - just music to relate to - and no encore even though the audience wanted lots more. Randy Newman, our master lyricist, continued to weave his spell over the large following in the audience, but the lack of new material was a slight drawback from the otherwise excellent presentation. Tunes came from most all his albums with the normal Newman witicism between and during songs.

EVERYBODY'S RECORDS/Corvallis/Eugene, Ore. -M. Reff

Artist(s): BOZ SCAGGS
Place & Date: Paramount Theatre - May 30
Type of Place: Remodeled theatre
Ticket Price: \$5.50 advance
Capacity: 3000
Attendance: 2600
Production Values: Good
Audience Reaction: Rave
Reviewer's Reaction: After a mediocre opening set from Fools Gold, Boz and his large ensemble came out to a thunderous ovation. Boz looked classy and cool as usual, but the music cooked with red hot intensity. The two female singers were delightful, the horn section played with power and particularly impressive were the two keyboard aces David Paich and Joe Porcaro. The manic crowd kept Boz and the band around for two encores and it took insistent cajolery to get them moving to the doors at that time.

TOWER RECORDS/Sacramento, Calif. - Les Temple

Artist(s): HOLLY NEAR
Place & Date: California State U. - Santa Cruz
Type of Place: Auditorium
Capacity: 300
Attendance: Standing room only
Production Values: Excellent
Audience Reaction: Rave
Reviewer's Reaction: The amount of energy that Holly Near can produce from an audience, with only one piano player (Jeff Langley) as an accompanist, is astounding. Holly Near's music is political in nature. She sings of women's struggles, prisons, farm workers, oppression, and love. Like Joan Baez, her beautiful voice acts as a voice for many. At her concerts, people sing along but listen intently when she explains the circumstances that lead her to write a certain song. She was offered a recording contract by a major company, but turned it down. With 3 albums to date, all on her own Redwood Records label, the word about Holly Near is spreading. When you listen for the first time, you'll feel immediately what thousands are already feeling.

KALX-FM/Berkeley, Calif. - Christian Super

Artist(s): TUBES; RUNAWAYS
Place & Date: Shrine Auditorium - May 28
Type of Place: Auditorium
Ticket Price: \$7.50
Capacity: Approx. 7000
Attendance: Nearly sold out
Production Values: Excellent
Audience Reaction: Tubes - raves; Runaways - favorable
Reviewer's Reaction: Although less than half the crowd showed up for the Runaways, they "rocked admirable." Their stage presence was not as potent as it could be, and will hopefully improve during their summer tour. The Tubes continue to be one of the most amazing acts anywhere. Their stage show has been changed to incorporate material from their new Lp, resulting in the unfortunate omission of some of their more exciting rockers. Their show has, in the past few months, become far more cohesive and professional. Still a must-see act, with "White Punks" the show stopper to end all.

WBRW/Waltham, Mass. - Peter Mork

Artist(s): LOUDON WAINWRIGHT III
Place & Date: Jazz Workshop - May 11
Ticket Price: \$3.50
Attendance: Sparse (2nd show)
Production Values: Good
Audience Reaction: Rave
Reviewer's Reaction: This guy is a real spaz, but I have to admit he has quite a way with an audience. That's entertainment.

WHFS/Bethesda, Md. - Joshua Brooks

Artist(s): HORACE SILVER
Place & Date: Childe Harold - June 1 - 6
Type of Place: Club
Capacity: Approx. 200
Production Values: Excellent
Audience Reaction: Rave
Reviewer's Reaction: Horace played to sold out crowds for six nights and re-established himself as one of the top pianists and writers in the jazz world. Horace has always been known for showcasing new talent and this trip through D. C. proved no exception. Bob Berg on tenor and Tom Harrell on trumpet are two of the hottest young horn players around. On one of the nights I was there the Crusaders and Esther Satterfield stopped in to pay their respects. Other rave shows over the past two weeks were NRBQ, Steve Miller, Powerhouse, Jack DeJohnette's Directions with John Abercrombie, John Payne Band, Greg Kihn, The Amazing Rhythm Aces and the six local groups involved in the WHFS/Psyche Dolly Home Grown Music Festival.

KPFT/Houston, Tex. - Larry Foster

Artist(s): STEVE GOODMAN
Place & Date: La Bastille - June 8
Type of Place: Club
Ticket Price: \$5.00
Capacity: 325
Attendance: 325
Production Values: Steve Goodman is a songwriter and outstanding performer. When seeing Steve on stage with his very natural ways and superfine music, it makes you believe that performers can still be human beings.

WNYU-FM/New York, N. Y. - Chris Long

Artist(s): GEORGE CARLIN  
Place & Date: City Center - June 4  
Type of Place: Concert hall  
Ticket Price: \$7.50  
Attendance: Almost capacity  
Production Values: Fair  
Audience Reaction: Favorable  
Reviewer's Reaction: George Carlin presented a very enjoyable evening of comedy, taken mostly from his efforts on record. Carlin's humor consisted of social satire and human conditions too embarrassing for most to talk about. The only thing I would fault Carlin with was an excessive use of obscenity at the end which seemed pointless.

WYDD/Pittsburgh, Pa. - Steve Downes

Artist(s): ZZ TOP; AEROSMITH  
Place & Date: Three Rivers Stadium - June 12  
Ticket Price: \$8.50; \$10.50  
Capacity: 60,000  
Attendance: 54,000  
Production Values: Fair  
Audience Reaction: Favorable  
Reviewer's Reaction: The first of Pittsburgh's stadium concerts for this year got off with a bang, literally! There was the usual collection of senseless assholes, starting fights, throwing firecrackers, bottles, etc. That makes it hard for this reviewer to defend large stadium concerts, even if it is a small minority that causes trouble. I mean, is it really worth it for a pregnant woman to have an M-80 blow up on her lap, or another girl to get hit in the face with a wine bottle so that the rest of us can have large stadium concerts? Musically, Aerosmith and ZZ Top are two of the best rock & roll bands around and (with the exception of some sound problems) rocked the place out. The only trouble was they didn't give a shit about what was happening out in the crowd either. "Just got paid today."

Artist(s): KEITH JARRETT with Jan Garbarek, Charlie Haden and String Orchestra conducted by Paul Shure  
Place & Date: Seattle Center Opera House - June 13  
Type of Place: Concert hall  
Ticket Price: \$6.50; \$6.00; \$5.50  
Capacity: 3000  
Attendance: 3000  
Production Values: Excellent  
Audience Reaction: Rave  
Reviewer's Reaction: What makes Jarrett so special, aside from his brilliant playing, is his constant striving for new ways of composing and presenting his music. I have seen him five times now, each time in a different setting, yet through it all his music remains captivating. Here he was performing his new work for string orchestra - Arbour Zena. The orchestra players were all from Seattle and performed very well, although their role is to add color and depth to the music, and was not that harmonically complex. It was the trio of Jarrett, Haden and Garbarek who dominated the concert with beautiful improvisations. Norwegian soprano and tenor saxophonist Garbarak, was the special treat, in his first American appearance. The only negative aspects of the evening were some of Jarrett's enigmatic comments to the audience, and lack of encore.

KILO-AM/Seattle/Kirkland, Wash. - Michael Fox

Artist(s): PAUL McCARTNEY & WINGS  
Place & Date: Kingdome (Seattle) - June 10  
Type of Place: Indoor stadium  
Ticket Price: \$8.00 (\$10.00 at door)  
Capacity: 68,000 (approx.)  
Attendance: 68,000 (approx.)  
Production Values: Excellent  
Audience Reaction: Rave  
Reviewer's Reaction: Beatlemania 1976 poured forth within the confines of the Seattle Kingdome June 10th as McCartney-endowed-with-Wings entranced 68,000 capacity crowd to our heart's delight! Even the Stones could never generate this kind of magic; running the gamut from old Beatle tunes like "Lady Madonna" and "I've Just Seen a Face" right on through the new stuff. Sound was unbelievable - especially considering the awesome size of the Kingdome (this was its first rock concert). Laser lighting, artist rapport, and excellent fore-planning all contributed to one of the best nights I've spent in a long time!

KVAN-AM/Portland, Ore. - Bob Ancheta

Artist(s): LARRY RASPBERRY & THE HIGH STEPPERS  
Place & Date: Euphoria - June 8 & 9  
Type of Place: Club  
Ticket Price: \$2.00  
Capacity: 400  
Attendance: To the walls and ceiling  
Production Values: Good  
Audience Reaction: Rave  
Reviewer's Reaction: If you like to dance Larry Raspberry knows how to give it to you. The band is tighter than ever and the music was great. KVAN did a co-promotion with Euphoria on this one and it came off great. Don't miss them if they come to your town.

KSFM/Woodland/Sacramento, Calif. - Gene Mitchel

Artist(s): PAUL McCARTNEY & WINGS  
Place & Date: Cow Palace, San Francisco - June 13  
Type of Place: Auditorium  
Ticket Price: \$8.50  
Capacity: Sold out (approx. 15-20,000)  
Attendance: Max +  
Production Values: Excellent  
Audience Reaction: Rave  
Reviewer's Reaction: All of my adult life I have lived with the all mighty legend of the Beatles and what they have done to the world musically and otherwise. With this kind of image of super stardom already in my head it would be very easy to be disappointed. To say my expectations were high is an understatement. Well--the legend lives boys and girls. McCartney is everything I dreamed he'd be. From beginning to end it was plain to see who the power behind the Beatles was. He had the audience in the palm of his hand from the outset and didn't disappoint. From the new Speed of Sound material to a rockin' "Lady Madonna" (complete with a one mo' time) the band was hot and tight with a light show that was worth the six hour wait in line. No wonder the Beatles don't want to get together with him. They couldn't keep up. Best show I've seen.

KFIG-FM/Fresno, Calif. - Helen Melene

Artist(s): FIREFALL  
Place & Date: Roxy, Los Angeles - June 11  
Type of Place: Club  
Ticket Price: \$5.00  
Capacity: 500  
Attendance: Sold out  
Production Values: Good  
Audience Reaction: Favorable +  
Reviewer's Reaction: After hearing Firefall with Leon & Mary Russell, I had to go back for more. Although Firefall is still in their birth stage, they performed well and their set was smooth and tight. Some nice lead guitar work from Jock Bartley. A good group to watch.

\*

KZOZ/San Luis Obispo, Calif. - Don Fischer

Artist(s): MICHAEL NESMITH  
Place & Date: Palace of Fine Arts Theatre, San Francisco - June 12  
Type of Place: Theatre  
Ticket Price: \$4.50  
Capacity: 2000  
Attendance: 1500  
Production Values: Good  
Audience Reaction: Favorable  
Reviewer's Reaction: Attendees at this all too rare appearance of Nesmith were well rewarded with a highly professional stage presentation of his latest "Book With a Soundtrack" called "The Prison." Joining Nesmith and a very competent back up ensemble were the Carlos Carvajal Dance Spectrum in what was billed as a concert/rock ballet. It could have been awfully pretentious and shoddy but it was well handled and above all enjoyable. Good to see Michael getting out in front again.

KZSU/Stanford, Calif. - John Jeanes

Artist(s): STONEGROUND (With Quicksilver)  
Place & Date: Stanford Music Hall  
Type of Place: Auditorium  
Ticket Price: \$4.50  
Capacity: 1200  
Attendance: 700  
Production Values: Good  
Audience Reaction: Favorable  
Reviewer's Reaction: Stoneground was the opening act for the new Quicksilver Messenger Service. They have an Lp of their own out and their set opening the first show drew heavily from it. They have the best female vocal duo I have heard, fronting an extremely tight rock quartet. Especially good was Jo Baker's intense rendering of "Heat Wave." If you like a mix of soul vocals and rock rhythms then go see Stoneground.

KLRB-FM/Carmel, Calif. - George Bryant

Artist(s): CLIFTON CHENIER; DIRTY BUTTER JUG BAND  
Place & Date: Santa Cruz Civic - June 3  
Type of Place: Auditorium  
Ticket Price: \$4.00  
Capacity: 1500  
Attendance: 300  
Production Values: Fair  
Audience Reaction: Chenier-favorable; D. B. J. B. - rave  
Reviewer's Reaction: The overall barnroom sound of the Santa Cruz Civic did much to take away from both acts. Chenier, the king of Zydeco had the audience dancing from the moment they hit the stage, but the true hit of the evening was the Dirty Butter Jug Band. The reason for the concert was the 5th Anniversary of the most popular band in the Santa Cruz mountains, Lead singer Rita Black is perhaps the finest blues singer since Billie Holiday. The band's rhythm section sounds just like the street bands of 1920's New Orleans. I can find no reason why one of the specialty record labels has not signed this group. The audience, though small, reacted to both groups as if this were the greatest private party ever.

WALRUS STATISTICS

Our statistics are a quantitative reflection of current LP acceptance based on our contributors' reports. Progressive Retail Reaction is derived from Top 15 retail reports while New Retail Action is derived from New Reaction reports. Both are weighted to compensate for the size of the store chain. Radio Emphasis is computed by counting radio reports of Audience Reaction and Heavy Airplay. (Heavy Airplay new additions are not included.) New Releases to Watch is calculated by counting all indicated New Additions and weighing them according to heavy or moderate play. All calculations are first done regionally then combined to form the national totals.
