RADIO STATS

OUR RELATIVE CHARTING, AS SEEN BELOW, RESEMBLES BASEBALL'S BATTING AVERAGES. IT ESTABLISHES A RATIO BETWEEN THE IDEAL, (HEAVY AIRPLAY AT EVERY STATION WHICH REPORTED); AND THE WEIGHTED COUNT THAT A RECORDING HAS ACTUALLY EARNED. THIS MATHEMATICAL FORMULA IS APPLIED TO EACH RECORD—FIRST REGIONALLY, THEN NATIONALLY. A DUAL WEIGHTING SYSTEM IS USED TO DERIVE THE COUNT. IT ADJUSTS FOR MARKET SIZE AND FOR HEAVY OR MODERATE AIRPLAY. THESE CHARTS SHOW THE RELATIVE INTENSITY OF RADIO AIRPLAY FOR BOTH NEW AND ESTABLISHED RECORDINGS.

Night Talk explored the heating up of the Cold War with historians Daniel Yergin and Max Miller; and Robert Mirapol, son of Ethel and Julius Rosenberg. Also interviews with visits to China by two local people and author Orville Schell. Jimmy Mack, "the youngest rock critic on-the-air," (16) reviewed the recent ELP visit to Boston. Next week; we'll be featuring a report on the more politicized English Punk Rock scene, and will include an interview with one of the Americans who fought facism in Spain 40 years ago --

Nancy McCoy presents The Spotlight weekly. Past interviews included the Committee for Responsible Charter Reform which is examining the structure of Boston government; a look at alternative education of the '70s; an architect who designed the first solar heated house; Boston Wages for Women - part of an international group seeking paid housework for women thru taxing corporations!

Tom Starr has been just that in covering Boston issues. He recently received a citation from Mayor White, and it wern't for parking tickets... rather - excellent coverage during a time of crisis - the 4th of July weekend in Boston.

Hull-0 to our new friends in Walrus. We've been six months in Boston and its been a long and gritty road from automation to live radio but those blue skies are ahead.

At present our special programming includes a weekly concert, an Lp preview, Beggars Banquet - a list of freebees around the metro area. We've enjoyed cannibalizing some of the programming ideas in Walrus, and hope to provoke you with some of our own.

Some friends stopped by to chat, and cool off, in the past weeks: Carl Palmer 7/12 and Boz Scaggs 7/17. Great concerts by both!

A week of vacation in the California sunshine did wonders. Heard some good radio and saw lots of old friends. KMEL is a joy, and San Francisco is responding accordingly. Go get 'em Thom!

Happening in the Hub... interviewed Rolling Stone writer Ed Zuckerman on his exploits with the killer bees, Dave Fenton at Rolling Stone is distributing the interview via phone, but I have studio quality tape if you prefer. Just write. Interviews also with scientists, abortion activist Bill Baird and TM teachers who've perfected levitation. Really. And we're doing our part to help NORML help pot smokers... 3000 'COZ T-shirts have been sold so far at \$3.50 ea. with \$1.25 of that going to NORML. Bumper and 'rumper' stickers doing nicely too. A well deserved pat on the back for 'COZ promotion director Dan Kavanaugh.

NEWS/PUBLIC AFFAIRS:

We're in a summer slump, newswise... except for the state level attempt to cut off medicaid funds for abortions... that has certainly stirred up activity from those interested in protecting women's right to choose. Otherwise, the Culture Vulture had guests in the studio: Albert Finney and Elizabeth Swatos of "Nightclub Cantata." The Vulture flew across the river to be a guest on 'BCN's "Nighttalk" show... and he brought along his exclusive interviews with King Vidor and Gary Kurtz for a talk on the flicks - then and now.

Hester Fuller has been doing an on-going series of energy reports -- they've been airing 3 times a week and cover the gamut of energy-related concerns.

In jazz-news... interviewed Pat Metheny, Betty Carter (victorious from Newport), and Monty Alexander. That's it --

COMMENTS:

A few weeks ago, the WCAS softball team, unseeded but game, entered the 1977 March of Dimes Marathon tournament and proceeded to sweep 5 straight matches to win it all and become the Cinderella team of the event. The day-long affair raised over \$3,000 for the March of Dimes and hopefully next year more Bostonian stations will enter. (Let's go J.B.!)

On Sunday the 17th, we did a remote from the new site of the Children's Museum along Boston's waterfront. Everyone, young and old alike seemed to enjoy the clowns, firetruck rides, antique cars, face painting and music provided by a number of fine local artists, including Livingston Taylor, despite the 70° heat. Liv wrote a song especially for the day called "Gettin' Into My Pajamas" which the kids loved if only Walrus printed photographs!

I'll be on vacation in the middle of August - talk with you next in September, hopefully from our new studios.

COMMENTS:

A break in the heat wave and I see that all of us here have survived... as for what's been goin' on, July 4 saw us celebrate by compiling listeners' entries of their favorite groups/artists and presenting the music of the top 23 of them all during the day. We also drew names to determine who would win 2 acoustic guitars and selected albums as well. Top group: who else but the Beatles?... recent guests to the station - Kenny Loggins (who put on a fine show opening for Fleetwood Mac at the Civic Center), and Annie Haslam of Renaissance. Thanx to both of them..... The 'BRU softball team is warming up for some future games - any takers?

Till next time...

great things at WFSO in Tampa. Onwards and upwards Brock!!!

Many thanks to the Mike Pillot/Dick Wingate Show for a great Floyd weekend. It was one of the best 4th of July weekends ever.

The Jukes and Ronnie finally got to do another live broadcast from the Bottom Line and it was great!!! And just this past week Jerry Jeff Walker gave us a good ole boy version of a live cast which was close to a riot at the end. The Bottom Line continues to be the premiere club in the city and it is a great pleasure to work with Allen & Stanley - always...

Peter Frampton rang up Scott one afternoon from England and announced the dates for his New York shows on-the-air. Within several days we had the shows sold out and a third had to be added.

Since we last wrote in a lot of folks have stopped by and we thank them one and all... Michael Stanley, Denny Laine, Blondie Chaplin, Alan Parsons, Eric Woolfson, Scott Gorham (T. Lizzy), Pete Sinfield, Ian McDonald, Morris Pert & Robin Lumley (Brand X), Russell, Lawson & Hayes from the Persuasions, Pauline & Bob Wilson from Seawind, Jimmy Page, Dick Shawn, Widowmaker, Dollar Brand, Kenny Loggins, Bryan Ferry, Fools Gold, The Section, Stephen Bishop, Boz Scaggs, John Camp & Annie Haslam and finally Stephen Sinclair.

Once again many thanks to all involved for some very fine visits and interviews and one final thanks to the folks at Jem who have been keeping the import line open and filled with good product... Pete & Marty three cheers!!!!

That's it for now, we'll try to be more on time next time... - Morrera

SPECIAL PROGRAMMING:

To commemorate the 10th anniversary of John Coltrane's death, "The Other Other" devoted a show to Coltrane, the man and the legend. Guests were J.C. Thomas, author of "Chasin' the Trane," and McCoy Tyner, member of Coltrane's quartet and currently recording for Milestone Records. Listeners were invited to call in and discuss 'Trane's music too...

COMMENTS:

We had the misfortune of being knocked off the air by the infamous blackout - power was restored a day later, as you know, but it was rather frustrating for all us FM people, as none of the FM stations could function, so all we could do was wait... other than that, the heat wave continues in N.Y.C., but luckily our new studios do have air conditioning! Who gets your vote for most underrated jazz artist? I vote for Stephane Grappelli - definitely deserves progressive airplay!!! So does Eric Gale, in the area of crossover or fusion jazz... Stay cool, and we all send our love -

NEWS/PUBLIC AFFAIRS:

It's hot and the heat has
got to us in the news room.
We've sweltered long enough
and the only relief was to
come up with a variety of in-
teresting subjects on the sta-
tion's alternative news fea-
ture, The Pittsburgh Journal.
For one, we've covered or
rather uncovered a nudist
colony operating near Pitts-
burgh and not only that but
we've also found llamas roam-
ing the hills of suburban Pitts-
burgh.

We spoke with the manager of the nudist camp and the owner of the llamas. But don't worry 'bout us we also talked with Mayor Richard Caliaguri about a new 911 emergency telephone system for Pittsburgh, so help is on the way.

COMMENTS:

Thanks to Epic and Chuck Schwartz for the live Fogelberg and Kansas tapes which we aired with much positive response. We are pleased to welcome Sky Daniels as our new production director. Sky comes to us from WKDD, and we're looking forward to injecting his energies into our production department. Sky will also be pulling an air shift on Saturdays.

Unfortunately, the WYDD Marley concert has been postponed due to a foot injury sustained by Marley while pursuing his second favorite activity, soccer. However, we are assured of a rescheduled date in Sept. and 'YDD has all kinds of promotions lined up to make this concert one that will be remembered.

That's all for now -

SPECIAL PROGRAMMING:

We just picked up "Rock Around the World" for Sunday night at Midnite.

Currently running 2 minute news specials that deal with community problems and ways of getting help. We have received several calls about them, sorry, these will not be available for syndication.

Last week we had live broadcast with Jesse Winchester and Mama's Pride from the Ritz, which is the place to be in Memphis for intimate shows.

COMMENTS:

Sorry, our attendance in Walrus has been down lately. We are now recovering from the million and a half dollar fire that had a rough time with WMC-TV, WMC-AM, and WMC-FM. The TV station received the most damage from the inferno, while the radio end got smoke damage that you wouldn't believe. The FM jock got out the side door of the station and the AM jock had to be rescued from the second floor.

If you don't have smoke detectors in your station, or a sprinkler system, I would like to suggest that you take the time to check into their cost. You've got a lot of equipment so protect it. Also, a fire escape plan would be nice to have in the back of your mind.

Go National League.
Thanks.

NEWS/PUBLIC AFFAIRS:

Who created the notion that only news stations have a need for sports shows? WJZZ and the trend to FM have proved otherwise. We support a successful, twice daily feature sports show (Sports with Eli) that has been enthusiastically received - proving that rock-jazz listeners have the same thirst for in-depth news and reporting that the so-called straight audience has. How much longer will rock stations appealing to the 18-30 male deprive him of his favorite toy?

I find that many athletes listen and that our own average listener is happy not to have to switch elsewhere for sports news and even prefers the loose approach that gives more focus on actualities and feature stories. The fact is that our listeners, and yours, do not tune out sports news. They like it, and prefer a professional approach,

COMMENTS:

I don't know about anybody else... but we here in Cleveland are going gonzo (as usual) from the heat!!! Speaking of hot, the concerts are getting a bit much, this week alone we have Doobies, E. L. & P., Bad Co., James Taylor, Roy Buchanan among amongst others!!! I'd like to know where all the kids are getting \$\$ for records and concerts? Can it keep up much longer... seems doubtful to me, many acts are already suffering loss of ticket sales! Somehow there should be some extra coordination between groups, promoters and record companies!!!! Things are the same here... nuts!

COMMENTS:

WXRT hosted a special dollar concert with Charlie at the Ivanhoe. They treated a sellout crowd to a fine show. Many thanks to the group, Michael Plummer from Janus and the folks at the Ivanhoe.

We're also doing a promotion around Jesse Winchester's appearance at the Ivanhoe. One hundred WXRT listeners will not only be attending the show for free, they'll also be guests at a special party for Jesse before the show and will receive a T-shirt and a copy of his new album. Our thanks to the folks at Bearsville and Warner Bros.

COMMENTS:

Everybody understands about legal and marital entanglements - Allman's bad press stems from his betrayal of a friend. That much seems irrefutable, and, as you indicate, sadly unimportant. It's probably not that political consciousness and conscience are gone, but that we've learned that we sacrifice much in the way of personal comfort, security, financial progress, etc., by keeping such things at a high priority level - and, it seems to have a minimal effect. At best, Thoreau said, "I come into this world not chiefly to make it a better place to live - but, to live in it, be it good or bad." He wasn't so dumb.

COMMENTS:

Our sincere thanks to George Garity and Warner Bros. for the fine broadcast (coast-to-coast) of Bonnie Raitt live from Wolftrap. The sound and music quality were superb!!! Do hope it can happen again.

Captain Beefheart paid a visit to KZEL and played one night in a small club in Eugene. Quite the musical banquet.

Other than that, summer has hit in full force and many of us are vacationing. Cosmopolitan Program Director, Stan Garrett, is in London for the CBS convention, then travels to Toronto for the Billboard convention.

When he returns, I'll be heading for San Francisco, and hope to get together with many of the radio and record people located there. If you know

RETAIL STATS

OUR RELATIVE CHARTING, AS SEEN BELOW, RESEMBLES BASEBALL'S BATTING AVERAGES. IT ESTABLISHES A RATIO BETWEEN THE IDEAL (TOP 5 SALES AT EVERY REPORTING RETAILER); AND THE WEIGHTED COUNT THAT A RECORDING HAS ACTUALLY EARNED. THIS MATHEMATICAL FORMULA IS APPLIED TO EACH RECORD—FIRST REGIONALLY, THEN NATIONALLY. A DUAL WEIGHTING SYSTEM IS USED TO DERIVE THE COUNT ON THE HITS. IT ADJUSTS FOR STORE CHAIN SIZE AND REPORTED POSITION IN THE TOP 15. A SINGLE WEIGHTING SYSTEM WHICH ADJUSTS FOR STORE CHAIN SIZE IS APPLIED TO THE BREAKOUT REPORTS. THESE CHARTS SHOW THE RELATIVE INTENSITY OF RETAIL INTEREST FOR BOTH NEW AND ESTABLISHED RECORDINGS.

COMMENTS:

Touche' Touche'!! To WCMF radio 96.5 FM in Rochester and especially to Bernie Kimball their heads-up program director. In the July 18th issue of Walrus I was so bold as to claim our store had "beaten radio to the punch" and were in the process of breaking the new Lake and Horslips albums.

Bernie pointed out that 'CMF - "had been programming Lake as an import before they were even officially signed state side and were playing Horslips seven days before it was shipped to the retailers."

My apologies to WCMF and to Bernie for using a poor choice of words and congratulations for keeping such a close eye on the music industry.

Fact: With the help of WCMF, we are selling the Lake album like hotcakes.

COMMENTS:
Beware of the Trip Records' 16 Greatest Hits by The Drifters. Very bogus stuff. Stick to the Atlantic Lp.
Notice this year's T-shirts and give aways are plentiful? Maybe this is what the extra dollar goes for.
Also notice how 100° temperatures and stagnant air effects business?

COMMENTS:
It sure would help if
radio folks would tell their
audience the actual release
date of a major release, or if
not known explain that it isn't
out yet, since many labels
service stations well before it
is released. The listener/
consumer seems confused,
and we hear about it!

COMMENTS:
Let me see if I can get
this straight, Columbia
raises Boston to \$7.98 and
Atlantic raises the price of
their Boston soundalikes
Foreigner to \$7.98. If Co-
lumbia jumped off a bridge
would Atlantic feel they had
to do the same? What are
these two labels doing? Are
they punishing the public for
not being among the first
one million people to buy
these two records? Low is
hardly the word for this
merchandising technique.

COMMENTS:

"Going for the One" - Yes jumped to the top of our sales in only four days time. The album is a fine group effort, and it might even pick up new followers with the rock & roll that they generate in it. Their tour should increase sales tremendously. It is probably the best album out this year so it could even get stronger.

COMMENTS:

Being far from completely informed, I still feel justified in wondering how some records gain airplay for extended time and others don't. Portland has got to have a poor radio representation anyway, due to an absolute zero in any R & B play anywhere (just the extreme crossovers) and perhaps a 3% "progressive" format on our "progressive" FM stations. It seems to me radio plays for the trades and their benefits and the people's wants are totally forgotten. Why, with the amount of product spewn upon the market month after month, do AM stations play a 10 record rotation scale? The days of FM being anything other than glorified AM are here. Is it so hard to find a program director a station owner could endow enough faith in to actually deserve his title rather than program robot. Apparently, stations operate on 'fear,' waiting for the Biblical Billboard or Cash Box before adding a record. Fear does not encourage creativity! I'm sick of radio in this town as are most people within or without of my peers. I've discussed it with an endless filibuster I could give you here, but God I hope somebody will wakeup and discover true sales in this business as opposed to radio airplay.

COMMENTS:

I see that Geils released "You're the Only One" as the single from Monkey Island. I hope it was a wise choice. From the in-store play we've been giving the LP, it seems that "I Do" and "Somebody" have been getting the most attention and sales. My choice is "I Do" - a great summertime rocker. Oh well, we'll see!

On certain new releases non-defectives seem to be the exception rather than the rule. I don't want to name names, but their initials are W. E. A. and C. B. S. And M. C. A., R. C. A., A. B. C., plus a few others. Coupled with the price raise, it makes for great customer relations.

CONCERTIZING

WPRB-FM/Princeton, N. J. - George Korval
Artist(s): ROBERT GORDON With LINK RAY
Place & Date: CBGB's, New York City - July 15
Type of Place: Soon to be a major Las Vegas niteclub!

Ticket Price: \$3.50 + 2 drinks
Capacity: 300
Attendance: Full
Production Values: Good

Reviewer's Reaction: Super show!! Robert Gordon and Link Wray combine the energy of "new wave music" with the great sound of rockabilly to produce some very enjoyable rock and roll. What is most impressive is the fact that there are no deficiencies: Gordon's voice is very strong, and the band - with three guitarists - is excellent. Link Wray (no youngster) hasn't lost anything and has great stage presence, and Gordon's outfit - baggy 60's sharkskin suit with a black A-shirt - added visually to the impact. A fine show indeed!

P. S. In the audience were Southside Johnny & Co., who themselves put on a wonderful show earlier in the evening at Central Park. With Southside and Gordon emphasizing rock roots - and "resurrecting" Ronnie Spector and Link Wray - one senses a trend and sees renewed validity in 50's/60's music for AOR radio.

WLMD/Washington, D. C.
Artist(s): JERRY JEFF WALKER;
ROSSLYN MOUNTAIN BOYS; VASSAR CLEMENTS
Place & Date: Lisner Aud., Washington, DC-July 14
Ticket Price: \$6.50 - \$7.50
Capacity: 3500
Attendance: Sold out both shows
Production Values: Excellent (with one exception as noted)

Reviewer's Reaction: Washington Jerry Jeff fans were jubilant seeing their legend live. Jerry Jeff and his band put great energy and personal closeness into two shows, the second extending into the wee hours of the morning. Both shows were sell outs and the supporting acts were excellent. Washington's own Rosslyn Mountain Boys, always a pro show, set the stage for a good ole roudy night. Vassar Clements ran into some rather serious problems with his monitor in the first show but he never really lost a note. He works very well with his new band and in particular his guitar player. All in all, it was a great evening for Washington, Jerry Jeff's unpretentious air and pure energy made it a thrill to be a part of his tunes.

WCOZ/Boston, Mass. - Begonia Mire
Artist(s): BOZ SCAGGS;
 SOUTHSIDE JOHNNY/JUKES
Place & Date: Music Hall - July 16 & 17
Type of Place: Theatre
Ticket Price: \$8.50
Capacity: 2,500
Attendance: Full both nights
Production Values: Good
Reviewer's Reaction: May I join in the praises of Boz and The Jukes? I went to both shows because just one was not enough. It was one of the best matches I've ever seen, and will rank right up there in the top two concerts of 1977!

WRBB/Boston, Mass. - Woody Johnston, Jr.
Artist(s): PHYLLIS HYMAN
Place & Date: Playground in Boston - July 19
Ticket Price: Free: part of summerthing concerts
Capacity: 1,000
Attendance: 400
Production Values: Good
Reviewer's Reaction: A beautiful lady of 6-1/2 feet tall; her singing matches the beauty! Phyllis Hyman came out on stage in the heat and gave this relatively small Boston audience a performance that will be well remembered for years to come. Singing cuts from her album as well as rocking the crowd with her "Pride" series (Pride-Isley Bros. - Sir Duke-Stevie Wonder-and Getaway-Earth, Wind & Fire). She performed for about one hour. What really excited the crowd was in the middle of a song the mikes went dead; but the band continued to jam and Phyllis continued to sing her heart out. The crowd reacted by getting quiet enough so she could be heard. After the problem was resolved, she thanked the crowd and continued with the show. Phyllis Hyman is the type of entertainer that really reacts to the crowd especially if the crowd is actively involved in her performance. All I can hope for is that Phyllis Hyman gets all she deserves and the respect and attention from everybody in this crazy business to go in the right direction that she chooses. Also thanks to the National FM Promotion Director for Buddah Records, Jack Kreisberg.

JIMMY'S MUSIC WORLD/N. Y. - Jeff Teitelbaum
Artist(s): FRANK SINATRA
Place & Date: Forest Hills Stadium
Type of Place: Outdoor arena
Ticket Price: \$25.00
Capacity: 15,000
Production Values: Good
Reviewer's Reaction: Even though it was a warm evening - even though there was no place to park - even though ticket holders had to stand in line for a half hour - Sinatra was GREAT!! He came on at nine and sang straight through til ten o'clock. The New York crowd ate him up. He is THE KING in the New York Metropolitan area.

PLATTERS LTD./Philadelphia, Pa.
Artist(s): STEPHEN BISHOP; E. MURPHY
Place & Date: Main Point, Bryn Mawr - July 14
Type of Place: Small coffee house
Ticket Price: \$4.50
Capacity: 200 (approx.)
Attendance: SRO
Production Values: Excellent
Reviewer's Reaction: The first of two shows began with Elliott Murphy who is now recording for Columbia. He performed alone and did a completely acoustic set. His vocals were light and smooth and his lyrics were tight. The only thing that fell short in his show was that at times he seemed to be trying to carry the weight of his missing band. Stephen Bishop's appearance at the Main Point was extremely refreshing. He was able to keep the audience smiling while he glided along each of his equally melodic tunes. His stage presence was fantastic and when he finished his show the roar for an encore was one that you would have expected to hear coming from a much larger hall. He performed both of his singles "Save It for a Rainy Day" and "On and On." He also did a few new songs which I personally look forward to hearing again when they are released. In my opinion Stephen Bishop is on his way to a very satisfying and successful career. Best wishes to Stephen and ABC Records!

WTSR/Trenton, N. J. - Barry King
Artist(s): THE ORGANIC MOUTH SYMPOSIUM
Place & Date: The Silver Corridor - July 17
Type of Place: Club
Ticket Price: 100 Pennies
Capacity: 400
Attendance: SRO
Production Values: Excellent****
Reviewer's Reaction: The most original, innovative, and fully devastating group to have ever been formed. News about this group has spread quickly, strictly through word of mouth. The audience was quite curious about the lack of drums, guitars, keyboards, and other instruments not on the stage, what they did see were seven microphones only. The Band's music is formed by the members themselves.

WTSR/Barry King - continued...
 Each person "sings" into the mike voice imitations of guitars, drums, horns, bass, flute, and keyboards. The voice is electronically simulated through a couple of strange mixers, and reproduced through the speakers (the "sax" imitator was quite good). You'd wear, closing your eyes, that instruments were being played. But the "mought music" is developed, absorbing, and it flows. Bidders from major labels were present and overwhelmed. Watchout, chart climbers, O. M. S. has arrived!

WMC/Memphis, Tenn. - Ron Olson
Artist(s): MAC McANALLY
Place & Date: The Ritz - July 14
Type of Place: Big ass bar
Ticket Price: \$3.50
Capacity: 350
Attendance: Very full
Production Values: Excellent
Reviewer's Reaction: On Thursday night July 14th, Ariola Recording artist, Mac McAnally came to The Ritz for two sold out performances. Mac played by himself and received tremendous response from everyone in attendance. Mac was very at ease and came across as an experienced singer, songwriter, and storyteller. We carried the first show on the radio, and many said that it was truly the best broadcast we've done this year next to Jesse Winchester. He's great and got a girl friend in Atlanta. Do see him.

WUOG/Athens, Ga. - Abdul
Artist(s): HERBIE HANCOCK-V.S.O.P.; JOHN KLEMMER; MARLENA SHAW
Place & Date: Fox Theatre in Atlanta - July 9
Type of Place: Concert Hall
Ticket Price: \$8.00, \$7.00, \$6.00
Capacity: 4,000
Production Values: Excellent
Reviewer's Reaction: Marlena Shaw started off slow, they had difficulty with the mix, but by the end she had us in the palm of her hand. Klemmer was tight and concentrated on songs from Life Style and Touch. My favorites were a sax solo, "Prelude and Waterfall," and his encore, John Coltrane's "Mr. P. C." V.S.O.P. was the star attraction and lived up to this reviewer's expectations. Hancock, Carter, Shorter, Hubbard and Williams played 75 minutes of improvisational jazz which belied the fusion and funk which appears on their recent releases. Williams' cymbal work was superb and Ron Carter proved he's the best acoustic bassist on the scene. Hubbard played flugelhorn and trumpet and Shorter played soprano and tenor sax; they blended well when playing in unison and offered emotive solos. Herbie was hot too, alternating his lightening fast runs with innovative chords. Songs played included "Maiden Voyage" and "81."

KVAN/Portland, Ore. - Les Friedman
Artist(s): LED ZEPPELIN
Place & Date: Seattle Kingdum
Type of Place: Domed stadium (small city)
Ticket Price: \$10.00
Capacity: 67,000
Attendance: 61,000? Sold out
Production Values: Excellent
Reviewer's Reaction: Finally, Led Zeppelin in the Northwest. Despite the humungous size of the Kingdum Led Zeppelin did a great job filling it with both sound and people. The Zep came out rockin' with "The Song Remains the Same" and ran the gamut of their material with seventeen (17) tunes. The acoustic set was very good and a nice touch to the otherwise loud evening. The only complaint this reviewer had (besides the size of the venue) was the band's self-indulgent solos which had a tendency to be too long. But how can you complain, Led Zeppelin is a legend and to be in the same hall was a rush. Boy nine years together and they can still do it! With only 200 persons injured and only a dozen or so arrests, a successful, enjoyable evening.

KZAM-FM/AM/Seattle/Bellevue, Wash. - Jon Kertzer
Artist(s): KEITH JARRETT
Place & Date: Paramount NW - July 12
Type of Place: Theatre
Ticket Price: \$7.00
Capacity: 3000
Attendance: 3000
Production Values: Excellent
Reviewer's Reaction: A very demanding yet rewarding concert. This was one of the only four solo piano concerts by Keith Jarrett this year in the U. S., and KZAM was very lucky to be a part of presenting it, along with Beaux Arts Associates. The show featured two long (45-50 minute) pieces improvised by Jarrett, with some incredible high points. There is no question about his virtuosity on the acoustic piano from which he extracts a dynamic range in a league with the best classical pianists. Although the length of the pieces and lack of any traditional structures made it difficult listening, the audience responded very warmly, demanding an encore which Jarrett refused to do, for "deconditioning" reasons. He explained that playing an encore would be "impossible." Too bad.

CONCERTIZING

KFAT/San Jose/Santa Cruz/Gilroy, Calif. - Laura Ellen
Artist(s): RODNEY CROWELL, EMMYLOU HARRIS; JOHN STEWARD
Place & Date: Salinas Community Auditorium - 7/14
Attendance: Good
Production Values: Poor
Reviewer's Reaction: Well, the show was billed Rodney Crowell opening for John Steward, the secret being that Emmylou was there with Rodney. And what emerged was a very personal performance from these two folks. With no Hot Band and doin' a lot of Rodney's tunes, some of Emmy's and yes, it was fine. The Salinas audience was truly taken by surprise. Emmy wasn't introduced clearly and through the first few numbers it seemed that no one there quite knew what was happening. Some guy stood up and yelled "who is that lady?" And after Emmylou introduced herself the crowd voiced its amazement. We all felt the show they put on was, like I said, very personal. John Steward did most of his old favs, but the sound system blew up and seemed no one in the band was having a very easy time of it all. The crowd loved it though... that was what they came to see. The rodeo was great also. Stay away from the snow cones, they're watery.

KCR/San Diego, Calif. - Barris Wellman
Artist(s): GEILS; PETER FRAMPTON
Place & Date: San Diego Sports Arena - July 10
Type of Place: Sports arena
Ticket Price: \$7.50; \$8.50; \$9.50
Capacity: 14,200
Attendance: Concert promoters refused to provide this information
Production Values: Excellent
Reviewer's Reaction: An interesting night for San Diego. Two different audiences at one concert. Thousands of teenagers waiting to see Peter Frampton - many rowdy Geils Band fans who couldn't care less about Frampton. By the night's end, both audiences were thoroughly satisfied. Geils Band was extremely polished, and obviously using this Frampton tour to get ready for their tour come this fall. Geils' only problem was the length of their set only 55 minutes. Peter Frampton was very well received. Musically the band was very tight, contrary to other reviews I had read. Peter played all the crowd's favorites without hardly a break in the entire two hour show. From where I was sitting it sounded so good, for all I know they could have been playin' the live album backstage.

KZOZ/San Luis Obispo, Calif. - Don Fischer
Artist(s): LEO SAYER; MELISSA MANCHESTER
Place & Date: Outdoor amphitheater
Ticket Price: \$8.50
Attendance: Sold out/full
Production Values: Excellent
Reviewer's Reaction: Excellent performance from Sayer who was his usual highly visible and energetic persona on stage. From the time he launched into "Giving It All Away" to the finale featuring "The Show Must Go On" Leo displayed a boundless energy and magnetic stage presence. One sad note was the absence of an encore although the crowd pressed for one. Melissa was well received by those in attendance and put on a great performance being much more of a performer than I had expected. It was good to see her out front strutting across the stage and it brought new life to some material I had not heard for some time.

WAAF/Worcester, Mass. - Ilyse Gottlieb
Artist(s): ANDY PRATT
Place & Date: Dean Park, Shrewsbury, Mass.
Type of Place: City park
Ticket Price: Free
Capacity: 7000
Attendance: 5000
Production Values: Good
Reviewer's Reaction: With a new album to play with and a lot of enthusiasm built up from previous releases, Andy put on a truly fine performance. His band has attained an obvious cohesiveness which may have been lacking in former days. With the enthusiasm and willingness to share his music with his audience, Andy presented himself as a polished hard working artist. The audience lasted through very, very hot and humid weather, but found it well worth the wait, and even though a brief but hard rain fell just as the band arrived at the park, the crowd waited patiently for the stage crew to get things dried off. As for the music, Andy did a good blend of new and old material, with the classic "Ave Maria" as a well-received opener. Three songs from the brand new Shiver In the Night did a fine job of getting people into the forthcoming album, and the tracks from Resolution were superbly done. Musically, the evening was great... and all proceeds (from T-shirts, soft drinks and poster sales) went to the Jimmy Fund. Thanks to Tony, Ed, Steve, Whistle Stop, Peace Train, Buzzy, Polar Beverages, Andy and his band.

WOUR/Syracuse/Utica, N. Y. - Tom Starr
Artist(s): EMERSON, LAKE & PALMER
Place & Date: Syracuse Memorial Auditorium
Type of Place: Auditorium, basketball court
Ticket Price: \$6.50
Capacity: 10,000
Production Values: Excellent
Reviewer's Reaction: The three some (sans orchestra for this date) provided a stunning display - matched by elaborate, staging and lighting and the enthusiasm of the folks on hand. (Making it extra enjoyable was the fact that it was one of those rare shows that totally captivated the interest of older ushers too. Had the orchestra been in tow they mighta even bought T-shirts.) The music was superb - the only hint of disappointment in the crowd was evidenced following the abbreviated rendition of "Lucky Man." Intricate lighting, though not commonplace by any means, is something audiences are coming to expect. The problems posed by massive lighting systems can unfortunately prove to render them more of a distraction than an asset. Not the case here. With uncanny computerized precision the lighting was flawless as well as awesome. Best of all, a real artist put together the color combinations. So often lights end up making performers look absolutely hideous because of bad color mixes. As for the sound... perfect - and in keeping with the overall integrity of this crew.

WAAL-FM/Binghamton, N. Y. - Steve Becker
Artist(s): EMERSON, LAKE & PALMER
Place & Date: Broome County Arena - July 17
Ticket Price: \$7.50 advance; \$8.50 day of show
Capacity: 7000
Attendance: 7000+
Production Values: Excellent
Reviewer's Reaction: ELP are the most professional performers I've ever seen. The two hour show was well structured giving the audience everything they came for. The familiar tunes were there, "Ho-down," "Niteraker," "Parkus," "Pictures At An Exhibition," all excellently executed and enthusiastically received. The highlights of this performance were the group's solos; Keith doing an extended piano solo on "Take a Pebble," Greg's simple acoustic versions of "C'est La Vie" and "Lucky Man," and Carl's show stopping drum solo in "Tank." Nothing could go wrong on this night for ELP, even the numbers the group would normally do with the orchestra did not lack in power and fullness. Effects underscored the music, especially in "Pirates" with the burst of cannons at climatic moments and in the encore "Fanfare" where the lights, Carl's revolving drum set, Keith's antics on keyboards... all came together. Excellent show. (Thanks to Greg for the interview and to Carroll Hardy of Atlantic.)

WENE/Binghamton, N. Y. - Roberta Haber
Artist(s): JAMES TAYLOR; THE SECTION
Place & Date: Broome County Arena
Ticket Price: \$6.50; \$7.50
Capacity: 5000 scaled down from 7200 - no backstage used and some side seats not used.
Attendance: 5800 - sold out
Production Values: Excellent
Reviewer's Reaction: The Section opened the show with a good set, nothing spectacular, just some solid, jazz influenced rock. But in order to get a proper perspective on James Taylor, you have to consider the changes he has gone through over the years. The suffering, intense man who coined the term "singer-songwriter" is now the suave all-American family man staring at us from the cover of JT, looking more like Clark Gable than Sweet Baby James. While I'm certainly glad the man has not remained miserable, his newer music just doesn't carry the same emotional clout. The James Taylor that performed during the first part of the show was a competent, smooth entertainer who performed his competent, smooth, if rather dull, songs. But when James and the band returned after a short break, the older tunes dominated and the energy level rose. The excellent backing provided by The Section made the songs seem as fresh as ever. And even after all these years "Fire and Rain" can still give me the shivers. The crowd had a great time, and it seems that the band did, too. Before his last encore, James told the enthusiastic Binghamton crowd, "you'll make tomorrow night's audience look like a bunch of trained seals... I don't want to show to end."

WRUC-FM/Schenectady, N. Y. - Randy Meyers
Artist(s): BONNIE RAITI; KENNY RANKIN
Place & Date: Saratoga Performing Arts Center - July 17
Type of Place: Amphitheatre
Ticket Price: \$5.00; \$6.00
Capacity: 5000 inside, up to 25,000 total (inside and outside)
Attendance: 5000?
Production Values: Good
Reviewer's Reaction: The Kenny Rankin Quintet got this hot evening underway. Kenny's set seemed to lack direction and his attention and concentration often seemed to be elsewhere. Backed with a sax man, drummer, bassist, and keyboard player, nothing took control. Even Kenny's

usually sensual vocals were lost in the amphitheatre. A receptive crowd was ready as Bonnie Raitt appeared. Bonnie has become much more extroverted on stage over the years. Bonnie's strong voice, enhanced by her steady guitar playing and astounding slide work lifted the audience higher and higher with each piece performed. The band and the audience was peaking as the set ended but two encores brought on an extra treat - an appearance by John Hall. The encores topped the show with John Hall's enthusiastic riff exchanges with Will McFarlane and Frebo exchanging his bass tuba with his fretless axe. With smiles on everyone's faces, Bonnie dragged her father from behind the PA columns on stage right for another ovation. Always a strong performer; catch the tour if you can.

WVBR-FM/Ithaca, N. Y. - Andy Denmark

Artist(s): THE SWEATY TOOLS
Place & Date: Nitecourt - Ithaca, N. Y.
Type of Place: Disco/dance hall
Ticket Price: Free
Capacity: 500
Attendance: 200
Production Values: Good
Reviewer's Reaction: Not unlike their "new wave" contemporaries, the Tools put forth a lot of energy. It's not amphetamine-rock like the Ramones; nor is it as forced, and unnatural as Springsteen tends to be. Rather, the Tools are naturals. And, by combining their energy with good, original material and a lot of poise, they manage to make it work. I think they're ready for the big cities.

WVHC-FM/Hempstead, N. Y.

Artist(s): LITTLE RIVER BAND; FIREFALL
Place & Date: Dr. Pepper Music Festival - Wollman Skating Rink
Type of Place: Park - outdoor concert
Ticket Price: \$2.00 bleachers; \$4.00 general adm.
Capacity: Approx. 10,000
Attendance: Approx. 5000
Reviewer's Reaction: The Little River Band was not able to stir the audience, despite a tight set. The highlights were "It's a Long Way There" and two selections from their new lp, "Plappy Anniversary" and "Help Is On It's Way." They were pleasing, but the audience just seemed out of it, so it took away from their performance. Firefall, however, was incredible. Doing most of the songs from their debut, plus a sprinkling of new things from Luna Sea, their forthcoming Atlantic lp. The show really took off when Rick Roberts stepped aside and let Jock Bartley, the group's competent lead guitarist, steal the show. Bartley showed people that he deserves to be considered one of the best guitarists around today. He got the crowd warmed up with Mexico, but three or four songs later he blew them away with his licks on "Livin' Ain't Livin'". The band finished just before the rain started to fall. Many people were heard saying "I didn't know Firefall kicked like that," as they left the park. Boy does Firefall kick.

WRST-FM/New Brunswick, N. J. - Irv Lukin

Artist(s): RICHIE HAYENS; PERSUASIONS
Place & Date: Central Park - July 14
Type of Place: Skating rink
Ticket Price: \$4.00
Capacity: 3000
Attendance: Full
Production Values: Good
Reviewer's Reaction: While not the ideal location for the Persuasions, they managed to treat the audience with their style. To say that they do what they do better than anyone else should suffice. Ideal location or not, Richie Havens has maintained that magic which makes him a unique performer. Strumming his way through a bevy of tunes, he lacks no energy, no quality of sound. Havens is the type of performer you go to see, for what he has done and become enchanted by what he is doing.

WSM/Chattanooga, Tenn. - Chuck Wilkins

Artist(s): MAC GAYDEN
Place & Date: Gonzo Music In Motion Riverboat Ride
Type of Place: Riverboat ride down the Old Tennessee
Ticket Price: \$5.50
Capacity: 225
Attendance: SRO
Production Values: Good
Reviewer's Reaction: Following a well executed set of rhythm and blues from Morgan and White, a Chattanooga based band, Mac Gayden accomplished what I would have believed to be impossible. He gained the attention and respect of over 200 usually loud partying people. From the opening acoustic set it was obvious to everyone that Mac Gayden's original material (from his two ABC Lp's) with its sensitive lyrics and excellent, sometimes intricate guitar work was well worth listening to. Turning his attention to his electric guitar, Mac Gayden took this quiet, attentive audience and quickly had hands clapping and feet stomping to some very fine slide playing. The evening

WSM/Chuck Wilkins

was climaxed with a blistering jam of J. J. Cale's "Crazy Mama" with Mac playing slide backed by Morgan and White. I think you could say Chattanooga is anxiously awaiting the return of Mac Gayden.

WTUL-FM/New Orleans, La. - Shepard Samuels

Artist(s): JESSE WINCHESTER
Place & Date: Jed's - July 14
Type of Place: Tavern - club
Ticket Price: \$5 - \$7
Capacity: 100
Attendance: SRO
Production Values: Excellent
Reviewer's Reaction: This concert came closer to perfection than anything seen in New Orleans during the past year. All aspects of Winchester's performance were excellent, from his choice of songs to the top notch accompaniment of his current group. Highlights of his evening included "Nothing But a Beech," "Rumba Man" and "Mississippi On My Mind." Winchester is the rare artist whose musical abilities are equalled by a fine lyrical sense. Winchester's lack of pretension is extremely refreshing as witnessed in his self-deprecating and humorous "Rumba Man." Also adding much of the magic of the evening was Winchester's choice of Jed's as his setting for his first performance here. A relatively small but wholly appropriate club soundwise, Jed's provided the intimate environment that music of Winchester's calibre requires.

KSMB-FM/Lafayette, La. - Mike Mitchell

Artist(s): LITTLE RIVER BAND; JEFF POLLARD GROUP
Place & Date: Kingfish - July 21
Type of Place: Club (with great ping of Huey P. Long on wall)
Ticket Price: \$4.00
Capacity: 400
Attendance: 500 plus plus
Production Values: Good
Reviewer's Reaction: Jeff Pollard Group (newly signed to Capitol Records) from Baton Rouge with crisp and all original material, that was tasty indeed. Hard to describe their sound... maybe Cajun rock with lots of conga/parade vibes. Look for their debut album in a few months. And now the Little River Band... when.... there is no reason why the LRB can't be a major-major act. The two hour show they put on was nonstop with material from the two Harvest Lp's. Lead singer Glenn Shorrock really gets the audience involved and the other members blend perfectly, and shine on their own right. It's easy to understand why they're so big in their country of Australia and why they will be giants in the U.S. If they come near your town, don't miss 'em. One fine evening of sounds by two fresh groups that you will be hearing a lot about in the future.

MOKE-FM/Austin, Tex. - Carolyn Allen

Artist(s): JESSE WINCHESTER
Place & Date: Paramount - July 8
Type of Place: Music hall/theatre
Ticket Price: \$6.00
Capacity: 1300
Production Values: Excellent
Reviewer's Reaction: For a boy who attended Williams College, Jesse ain't all that bad--in fact he's great--no, that's an insiders' joker--after interviewing Jesse the day of the show I discovered I had been at Bennett College in the mid-60's when he was at Williams dating a close friend of mine. All that leads us to the show that night. Jesse is a consummate artist/songwriter of the R&B/soul/space-man variety. His renditions of "Mississippi, You're On My Mind" and "Brand New Tennessee Waltz" brought the audience to tears. You could've heard your proverbial pin drop in that emotion-laden silence. Jesse's encore song--a new tune entitled "Eleven Roses" left all of us more firmly convinced that ever of the magic from the road with his feet in Dixie and his head in the cool blue North.

WDR-FM/Kalamazoo, Mich. - Valerie Elliott

Artist(s): LITTLE RIVER BAND; HEART; NAZARETH; BOB SEGER & THE SILVER BULLET BAND
Place & Date: Martin U. S. 151 Driveway - July 2
Type of Place: A driveway with a natural amphitheatre & man made stage
Ticket Price: \$9.00 advance
Capacity: ?
Attendance: Approx. 35,000
Production Values: Excellent for an outdoor concert
Reviewer's Reaction: In the first Michigan rock festival in 7 years there was a crowd of all ages who obviously hadn't heard of generation gaps or rudeness. That was amazing because of all the unfortunate but inevitable traffic and parking problems. Little River Band opened to the general influx of the crowd and put on a surprisingly tight show for a relatively new band. Nazareth woke the audience with their energetic rock and roll. Highlight of their act was McCafferty's bagpipes in "Hair of the Dog." Heart walked out to a receptive crowd, started slowly and gained a lot of momentum by the end of their hour set.

CONCERTIZING

WIDR-FM/Valerie Elliott

Ann Wilson's vocals were superb and she challenged Robert Plant by doing a tune from their bar band days, Zeppelin's "Rock & Roll."

Seeger and Company came out to a wild welcome as those that had done all day crushed forward to party with Bob and the Band. Seeger didn't disappoint a one. He moved through a good portion of the live album and did more than justice to the Night Moves LP, from which he omitted only one. In prime form, Seeger had the audience wrapped around the fist that accentuates each pounding beat. Since he's put down his guitar for the majority of the time, Seeger can get out and work an audience with the best of them. They left the crowd with a 15 minute 50's medley stemming from Let It Rock and their crazy saxophonist, Alto Reed, cruising the sky in a hot air balloon, wailing on the sax that was still hooked up to the P.A. "Rock & Roll Never Forgets," and neither will the audience at the Michigan Jam.

KUMM/Morris, Minn. - Bob Pratt

Artist(s): POCO; AMERICA
Place & Date: St. Paul Civic Center - July 9
Type of Place: Hockey rink!
Capacity: 15,000
Attendance: 3500

Production Values: Poor - lousy sound!

Reviewer's Reaction: Studio technology has evolved to the point where acoustically perfect, distortion free recordings are simply taken for granted. Why then do concert sound systems continue to be so totally inadequate?! On their current tour America is carrying a system that on this particular evening buzzed and rumbled through the entire concert! Complaints about the sound aside, Poco opened with a tight and spirited set featuring old favorites coupled with a healthy sampling of tunes from the new album Indian Summer. Rusty (I'll play anything with strings) Young was outstanding on electric and pedal steel guitar, banjo, dobro and mandolin while Paul Cotton's electric and acoustic lead guitar work was clean and powerful. Cotton along with Tim Schmidt and George Grantham provided three part vocal harmonies that are still among the best around. Poco's lack of commercial success continues to be a mystery! Tonight they reaffirmed their place as one of America's great live bands.

America's past concerts have been entertaining and very professional. Live they're not inspiring but they're generally competent. Dan Peek has left the band which has left a void in their live show that they haven't adequately filled. At times rowdiness was substituted for musicianship which didn't set well with the audience. Overall, this performance didn't measure up to America's past standards

JAZZ RECORD MART/Chicago, Ill.

Artist(s): ART PEPPER
Place & Date: Jazz Showcase - July 17
Type of Place: Jazz club
Ticket Price: \$3.00 - \$5.00
Capacity: 180
Attendance: 120

Production Values: Excellent

Reviewer's Reaction: Pepper brought back lots of surprises after his long absence. First was a noticeable affinity for the local sidemen (Willie Pickens, piano - Steve Rodby, bass - Wilbur Campbell, percussion). Beyond that, his particular facility for melding Lester Young/Kansas City style mellow swinging with post "Bird" agility and imagination and, concurrently, with mid-seventies avant-garde. A most sophisticated fusion.

WXRD-FM/Woodstock, Ill. - Art Reis

Artist(s): BOB SEGER & THE SILVER BULLET BAND
Place & Date: Alpine Valley, Wisc. - July 13
Type of Place: Outdoor music theatre
Ticket Price: \$10 reserved; \$7 general admission
Capacity: 5200 seated, 20,400 total
Production Values: Good

Reviewer's Reaction: It would be interesting to know if all Bob Seger concerts are like the one at Alpine Valley Music Center, July 13. No one can be that "on" every night. But, then again, not everybody is Bob Seger. By halfway through the 2 hour set, the entire audience was on its feet, clapping in time, singing along with the music and literally dancing in the aisles, on the terrace, and on the seats. Through it all, Seger was in control of the situation completely, directing the band with his mike, with his body, with his facial expressions. The Silver Bullet Band, by the way, is a rock star's dream. They are the tightest band I have ever seen, but they also looked like they were having fun. Particularly noteworthy were the performances of lead guitarist Drew Abbott and sax man Alto Reed. Drew is rather sedate on stage, but plays a mean lead. Alto Reed, on the other hand, is a real jumper, or as one of the audience put it, "a delightful show-off." Even the sound system, which is, as always, loud, held itself back for the gentler numbers such as "Main Street," which proves that you can have some dynamic range in a rock concert and still be enjoyable.

KBLE/Des Moines, Iowa - Ron Sorengen

Artist(s): DON WILLIAMS; JESSI COLTER; WAYLON JENNINGS
Place & Date: Hilton Col., Iowa State U., Ames, Iowa

Type of Place: Basketball court

Capacity: 12,000+

Attendance: 10,000

Production Values: Fair

Reviewer's Reaction: Don Williams opened with a trio, doing mostly ballads and was excellent! Either the P.A. or Jessi Colter's voice was in bad shape for her set. Her voice sounded thin or piercing depending on sound levels. Waylon conquered even the P.A., did a tight, but relaxed set, featuring mostly golden (and current) singles. Stand-outs were "That's Why Cowboys Sing the Blues" and "Luckenbach." Audience loved it and called Waylon back twice.

WGTR-FM/Washington, D.C. - Prof. Mota

Artist(s): THE NIGHTHAWKS; CLOVER

Place & Date: Collar Door - July 16

Type of Place: Folk club

Ticket Price: \$4 admission; \$1 minimum

Capacity: 300

Attendance: 195

Production Values: Good

Reviewer's Reaction: Clover opened up the show introducing their music to an audience that fell in love with them. They are a very friendly and tight band, their songs have a taste of R&B mixed with country and folk. Too bad that they cannot electrify you in records as much as they do live. The Nighthawks came on stage and did not lose anytime. Playing all sorts of tunes from their 2 albums, they rocked this place out!! In the years that The Nighthawks have been doing this town they have made their name well known. When you think of them you think of good blues and rock and roll in its purest form. This night was a treat, with the addition of The Rhythm Kings Horns the "Hawks" sound was more intense, with more "body." They played songs (watched out for "Are you lonely [for me baby]" from their new release on Adelphi Records Side Pocket Shot and it was very welcomed by all of us. If they come your way, try to check them out. You'll be surprised.

WUMB/Boston, Mass. - Frank Murtagh

Artist(s): BOY SCAGGS; SOUTHSIDE JOHNNY & THE ASBURY JUKES

Place & Date: Music Hall, Boston - July 16

Type of Place: Theatre, concert hall

Ticket Price: \$8.50 - \$6.50

Attendance: Sold out

Production Values: Fair

Reviewer's Reaction: I only heard 2 songs from Southside Johnny, but was impressed by their power. I was somewhat disappointed with the Scaggs Show because of the arrangement changes on some songs. Sitting close, I was disappointed with the sound. I also expected Boyz to boogie around and get into his music. He did not. He sometimes went into foolish raps about his songs. His band was fantastic, especially the percussionist. Even Boston mayor Kevin White was on hand, and I wonder what he felt about the drama of the music hall...? The screen show for "Harbor Lights" was a big yes!!

WRUV-FM/Burlington, Vt. - Brad Borley

Artist(s): KISS; CHEAP TRICK

Place & Date: Montreal Forum, Montreal, Quebec

July 12

Type of Place: Auditorium

Ticket Price: \$7.50

Capacity: 17,500

Attendance: 16,000

Production Values: Good

Reviewer's Reaction: With fireworks and sparklers being thrown with abandon, and almost everyone in the crowd wearing or waving illuminous green wands, Cheap Trick blasted out their sound so loud that only those who were familiar with their album could have known what they were playing. They drew some from an upcoming album but the crowd was impatient for Kiss. Trick got their greatest applause when they mentioned Kiss and came back for one encore. At last Kiss arrived, using their music as a weapon, the decibels hammered the crowd to their seats. Yet, this was what the crowd of 13-17 year olds expected. Kiss are definitely great showmen, relying on dancing, prancing, scowling and a stage complete with rising platforms, fog machine, and fireworks of their own. All members did solo acts, and collectively drew most of their material from their last 3 albums, Destroyer, Rock and Roll Over and Love Gun. Some of the act drew upon older performers a la Alice Cooper and Peter Townsend. I write this with ringing ears yet cry over the fact that I had no camera to record that marvelous stage show that kept the audience coming to their feet even against the thundering onslaught of sound.

CONCERTIZING

WCBN-FM/Ann Arbor, Mich. - Michael Kremen

Artist(s): MELODIOSO
Place & Date: Ann Arbor Art Fair
Type of Place: Free Street Concert
Ticket Price: Free
Capacity: ?
Attendance: About 500
Production Values: Good

Reviewer's Reaction: As part of this summer's Ann Arbor Art Fair (a really large scale, citywide, four day big deal visited by thousands) The Eclipse Jazz Collective, the same people who produce jazz shows for the University of Michigan, decided to bring some aural stimulation to what is still a primarily visual festival. 48 hours of quality music, mostly jazz and all performed by Ann Arbor musicians, was presented from 3 stages set up among the exhibits and booths. We at WCBN-FM set up phone lines at one stage and broadcast nearly 24 hours of the music. Melodioso, a 5 man salsa-jazz group probably received the

strongest audience reaction. Their set which closed Thursday evening's activities was wildly received by a street full of people who didn't expect to be dancing in the streets. Melodioso combines the light-as-a-feather feeling of the first Return to Forever group with a pulsing percussive bottom. Flute, keyboards and lots of rhythm are the simple ingredients. The set was mostly instrumental but did include short vocal passages, sometimes in Spanish. Melodioso has put together an engaging blend that seems to "cross-over" to a non-Latin audience more effectively than the two Columbia "Fania All-Stars" Lp's. I believe that authentic salsa, judiciously programmed, can add a pleasingly exotic edge to a progressive-FM mix. As a starting point, I suggest checking out "Bongo Fiesta" on the Lp The Two Sides of Tipica '72, (The entire Lp is a joy - but this instrumental cut should fit right in - if you program any jazz whatsoever.) It's on the Inca label, which is distributed by Fania.

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES. THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES, NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

SPECIAL MENTION ALBUMS

(These records which, in our opinion, deserve special mention because they come closest to perfecting their musical genre regardless of progressive radio application.)

(None.)

STRONGLY MERITORIOUS

(We feel that these Lp's have an extra edge.)

Grateful Dead/TERRAPIN STATION/Arista AL 7001
(Upon the first drum beat you know that this Dead album has life to it not recently heard. The rest of the front side is good musically, though it never improves on the opening track. Then there is side two. Named "Terrapin Part I," it is a symphonette of superior melodic quality and presentation. It is simply the best music the Grateful Dead has issued in years.)

MERIT PLUS ALBUMS

(All Merit and Merit Plus Albums are recommended for serious progressive radio consideration, recognizing that not all of these recommendations are suitable for all stations. The Merit Plus Albums distinguish themselves with an extra vitality.)

Be Bop Deluxe/LIVE! IN THE AIR AGE/Harvest SKB-11666
(Bill Nelson's rock and roll is right there. No facade, no tricks, it is obviously grounded in solid melodies, lyrics and presentation. This live album tends to be somewhat bottomy, while the included EP defines high quality live recording.)

Simon Stokes /THE BUZZARD OF LOVE/United Artists UA-LA 769G (Simon Stokes' strokes were weird before it was fashionable. His bayou mysticism is always entertaining. Here he develops a talkin'-rock vocal style which is distinctive while it emphasizes the strong solo breaks. Simon is not a product of the formula.)

MERIT ALBUMS

Jay Boy Adams/Atlantic SD 18221 (No one bothered to tell Jay Boy Adams that he was living in the past, that modern balladeers no longer work from an acoustic base or sing about cowboy days. It is a good thing. Otherwise, we won't have the opportunity to hear Adams weave his tales. A refreshing anachronism.)

Joe Barry/ABC Dot DO 2085 (Joe Barry is another in a venerable list of Southern singers who transcends genre. He is a country/rhythm and blues singer. His style is organic as it delivers some classic songs from both fields. Huey Meaux produced this basic music album.)

Blind John Davis/RECORDED LIVE!/Alligator AL 4709
(You'll find Blind John Davis' main charm to be that he breaks stereotypes. He is a combination blues-boogie woogie piano player and superclub performer. Hence, his repertoire moves from "Limehouse Blues" to "I Got the World On a String" without hesitation. This Lp captures Blind John at home in a bar in Germany. Write: Box 11741, Chicago, Ill. 60611.)

Emperor/Private Stock PS 2029 (This finely crafted pop rock band jumps out of the grooves at times. Like Boston they use classic rock moves in clusters as a means to reach the audience. Strong harmonies and guitars abound. Emperor songs are not quite as hooky as they could be.)

Firefall/LUNA SEA/Atlantic SD 19101 (CSN, Eagles and Poco established this territory. Firefall follows tested lines, and like their formers, find a comfortable place to reside. Consistent high quality material is missing from Firefall's otherwise evenly woven fabric.)

Robert Gordon with Link Wray/Private Stock PS 2030
(While there is no question that Robert Gordon is the 50's incarnate, he disappoints in only one way. All of his voicings are borrowed from his heroes. His art is lessened because he doesn't establish his own essence as different as Elvis was from Jerry Lee. Still, Gordon elevates historic chauvinism to art by repeating the lyric, "my gal is red hot, your gal ain't doodle squat.")

Eddie Henderson/COMIN' THROUGH/Capitol ST-11671
(Skip Drinkwater's funky settings get more and more crafted each time out. This one's a beauty. However, Eddie Henderson is a mere cog in the wheel which points to the problem with all formula music, even the best of it. Mixed feels accrue from an album of notable quality.)

Navarro/LISTEN/Capitol ST-11670 (Totally integrated packaging handily telegraphs the nature of Navarro's sound. Lightly rocky and smoothly harmonized songs had to be. The single mystery was the quality of the material and presentation. In those areas the group meets all standards but, does not exceed them. A few well chosen outside tunes would have enhanced the album.)

MERIT ALBUMS CONTINUED

100% Whole Wheat/AVI AVL-6011 (This Lp builds resentment from the start. All the accompanying literature talks of the meticulous care which went into the production. The resentment comes when the sound quality on the limited edition, individually numbered record is average, at best not able to stand up to even the run of the mill 12" disco single. It is further nurtured by a consistent averageness in both the writing and the presentation of the band. Their smoothly harmonized folk-rock is nice enough but, hardly anything special or new. Worth a listen anyhow. Write: 9220 Sunset Blvd., Los Angeles, Calif. 90069.)

Andy Pratt/SHIVER IN THE NIGHT/Nemperor NE 443
(Characteristically, Andy issues a really worked album. Every note has been labored over, at least that is the impression. Unfortunately, it could have felt more organically sewn, it could have been somehow more uplifting.)

Rabbitt/A CROAK & A GRUNT IN THE NIGHT/Capricorn CP 0190 (Was this massive production worth it? The effect on the sound quality caused by squeezing all of that information into the grooves is significant. Further, the songs, when boiled down to their essence, are merely average, which begs the first question again. A case where nothing can be faulted except the lack of an ephemeral magic.)

Rare Earth/Prodigal P6-10019SI (Carried by a resilient rhythm groove Rare Earth returns respectably. Their songwriting isn't great which puts pressure on Peter Hoorelbeke's vocals. Fortunately, his voice is big enough to survive the challenge.)

Tony Rice/Rounder 0085 (Surrounding himself by David Grisman, Richard Greene & J. D. Crowe, Tony had limited his odds on failure before starting. His album of country folk music is an easy delight.)

Demis Roussos/THE MAGIC/Mercury SRM 1-1162 (Sub-standard recording quality inhibits the transmission of the Roussos magnitude. The Ezio Pinza of rock could blow the speakers off the wall if he was given half a chance. Vangelis and Demis, together, are a potentially volatile combination. Generally good songs.)

The Rumour/MAX/Mercury SRM 1-1174 (We've known that Rumour is a good band. They maintain their reputation while missing the forceful, dynamism of Graham Parker's leadership. Rumour is O.K. without him, but elevated with him.)

Soul Syndicate/HARVEST UPTOWN /Epiphany EPLP 101
(The reggae equivalent to The Section or Stuff or Area Code 615. Soul Syndicate is made up of the Jamaica's studio regulars. And like the stateside groups they perform well but project no personality of their own. They use all of the right words, "rootsman" and "Ja" and "vibration" to no avail. Write: Box 31125, San Francisco, Calif. 94131.)

Various Artists/CTI SUMMER JAZZ AT THE HOLLYWOOD BOWL ONE, TWO, THREE/CTI 7076, 7077, 7078
(These three Lps are issued separately but, together they represent one afternoon. All of the CTI players convened, back in July 1972, for the performance in which each man takes a turn at the helm. On one hand, this date is a half step above a jam while, on the other hand, we hear these pretty fair players unencumbered by the excessive sweetening which marks their studio Lps. A pleasant afternoon.)

Various Artists/LIVE AT THE RAT/RAT (The Rat is a Boston rock club which plays home to that region's New Wave music. This Lp is a panorama of that scene. Regardless of the wave, new or old, the song is the thing. In the search for songs, a few tracks bear mention; "Boy From Nowhere" by DMZ, "Right Away" by Susan, "Rockin' In the USA" by Sass, "Bad Ass Bruce" by Third Rail and "Norkis of the North" by The Infliktors are among them. Write: 528 Commonwealth Ave., Boston, Mass. 02215.)

SATISFACTORY ALBUMS

(Albums of acceptable quality, which, of themselves, require only secondary progressive radion consideration.)

Jaguar/RCA APL 1-2420 (Judge Jaguar by the cover. Neither the jacket or the band have pizzaz. The musical problem is basic, their writing is under-developed. Melodies are adequate but not catchy, while their lyrics are plainly unworked. Potential for the future.)

Petra /COME & JOIN US/Myrrh MSB-6582 (Petra's rock and roll for God is only half bad. The melody writing and the rhythm section are weaknesses which sometimes make them sound like an imitation of a rock band. The guitars consistently raise the level to respectability.)

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES. THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES, NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

SATISFACTORY ALBUMS CONTINUED

Ramp/COME INTO KNOWLEDGE/ABC Blue Thumb BT-6028 (A beautiful Roy Ayers production is marred by worthless songs, especially on the lyric side. Roy is responsible there too. Somehow when he does those kinds of songs himself they work, but not here. Boredom sets in resulting from the repetition.)

FRINGE ALBUMS

(Good albums which are not progressive, yet hold some interest for progressive audiences.)

Rhoda Curtis/United Artists UA-LA 761-G (Rhoda's hip MOR approach is a product of a production decision. It is easy to imagine how her voice and her songs could have been done with less emphasis on sweetening. Her tunes are O. K.)

Bruce Fisher/RED HOT/Mercury SRM 1-1168 (His album loses some of its focus as it wanders through most every R&B subgenre. Still, one startling reality punches through and that is that Bruce Fisher is a great singer. Blessed with full, rich tone, he is able to bend it into any nuance at will. Try "Red Hot.")

Giorgio/FROM HERE TO ETERNITY/Casablanca WBLP 7065 (The distance between the avant garde & this ultra-pop music is a thin line. Klaus Schulze's electronics and Giorgio's are two sides of the same coin. Schultze de-emphasizes the beat and the vocals but, beyond that there is little real distinction between them. Well crafted.)

Garland Green/LOVE IS WHAT WE CAME HERE FOR/RCA APL 1-2351 (We find Green wrapped in tasty pop arrangements. Still, Garland Green's essential rhythm and blues heritage comes through. It is front and center in both tunes by Willard Burton as well as Leon Haywood's "Moody Woman.")

Kitty & The Haywoods/LOVE SHOCK/Mercury SRM 1-1171 (The Haywoods are a female spinoff of the Ohio Players, like a ladies auxiliary. A fair presumption would be that the LP is going to be made well, it is. But, Kitty and her sisters fail to establish a point of distinction between themselves and many other female vocal groups.)

Harry Nilsson/KNNILLSSONN/RCA AFL 1-2276 (Harry saddles his super tunes with those gigantic, but progressive, orchestrations. It's like working while wearing a 50 pound harness. Movement and flexibility are limited. The hippest of easy listening records also fails to credit most of the musicians.)

The Philadelphia International All-Stars/LET'S CLEAN UP THE GHETTO/Phila. Intern'l JZ 34659 (A commendable project consistent with the social responsibility expressed in recent liner notes by Kenny Gamble. The socio-political nature of his point is interesting but not important. We would second his emotion even if the music offered wasn't as good as it is.)

FRINGE ALBUMS CONTINUED

Paul Smith/HEAVY JAZZ/Outstanding 009 (Though conceptually integrated, Paul Smith's delivery of these comboed tin pan alley tunes is very impressive. Ray Brown and Louie Bellson drive his pianistic strokes with determined taste. Heavy Jazz isn't heavy but, it will challenge Oscar Peterson fans. Write: Box 2111, Huntington Beach, Calif. 92647.)

Space/MAGIC FLY/United Artists UA-LA 780-G (Space isn't spacey at all, they merely project an impression of being spacey. Their music is on the bubblegum end of a continuum with Kraftwerk. Pointing toward disco repetition.)

Lenny Williams/CHOOSING YOU/ABC AB-1023 (Lenny's manicured album leans into the pop R&B mainstream. But, the former Tower of Power lead singer has a place if you stick to the possibilities on the first side. It feels good throughout.)

SPECIAL PROGRAMMING

(Spoken, poetry - comedy and extraneous musics.)

Don Ellis & Survival/MUSIC FROM OTHER GALAXIES & PLANETS/Atlantic SD 18227 (Jazzy ideas are the fuel for these big band orchestrations. With an overtone of serious music Ellis' tunes do generate some spunk as they learn a lot from contemporary music. Diversity harnessed.)

Martin Carthy & Dave Swarbrick/SECOND ALBUM & PRINCE HEATHEN/Topic 12TS341 & 12TS344 (These albums, recorded in 1966 and 1969 respectively, reach back into the folk archives. It is the music which backbones our folk music and it, therefore, takes on added meaning. Furthermore, it is enjoyable. Distributed through Rounder Records.)

Wishbone Ash/CLASSIC ASH/MCA MCF 2795 (Reissue.)

CONCEPTS

TO PARAPHRASE FRANK ZAPPA: "KILL UGLY RADIO"

By Ken Benson

After reading the Concepts section in the August 1 issue, I felt that I had to write to disagree with your conclusions.

All of the evidence offered on the Gregg Allman album is correct I think. However, I think you may have erred in your conclusion.

I would suggest that rather than politics fading away and rock and roll continuing on, what is more likely is that most radio programmers today never had any political interest in Gregg's drug involvement and if they were interested in the Cher affair, it was only on the level of a teen magazine or people magazine reader.

Rather than playing his album because they hold no grudges. I believe they play his album because they are familiar with his name. There seems to be a heavy reliance upon the names from the late 60's and early 70's. The continuation of airplay on an artist because of consistently high quality

of recording is meritorious, but I would rather suspect the continued airplay is because most programmers don't have an ear for music and therefore rely on "names" for programming.

I think we are all well aware of countless albums released by people that signify they would have been wiser to retire some years ago. I think perhaps the same can be said for many programmers who are in their present positions because they have not yet decided what they want to do for a living.

There was a time and there was a music called progressive. We now cop to a name called AOR. Although that is supposed to be my particular field of expertise, I would think that the most appropriate designation would be MOR.

(Ken Benson is AOR promotion person for Capitol Records covering the western United States.)
