STATE OF THE MEDIA: AUDIO TODAY 2017

A FOCUS ON BLACK & HISPANIC AUDIENCES

THE NATIONAL RADIO AUDIENCE CONTINUES TO DIVERSIFY

BLACK AND HISPANIC CONSUMERS MAKE UP A THIRD OF AMERICAN RADIO LISTENERS

Audio is everywhere these days in America – available on multiple platforms and devices from our smart cars to our smartphones, and reaching consumers across the spectrum in hundreds of markets around the country.

The radio audience in the United States is also a diverse group, reflective of our national population. Nearly 75 million weekly radio consumers are Black and Hispanic, a number that continues to grow.

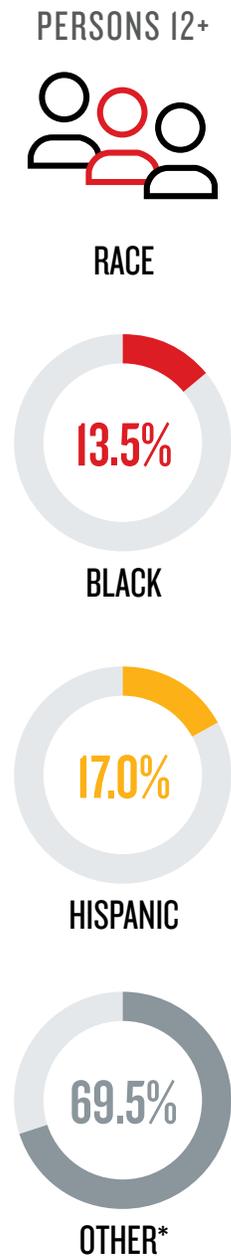

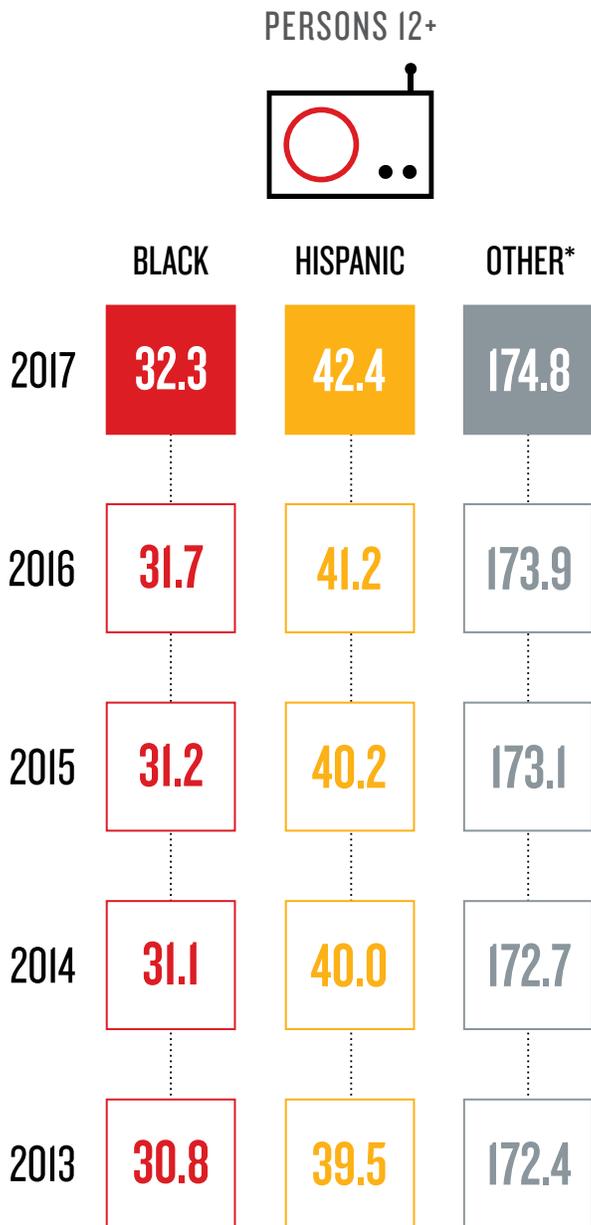

This quarter's *Audio Today* report profiles Black and Hispanic radio users, and finds that radio continues to be the top reach vehicle each week compared to other media. Overall, audio use is on the rise among these groups, particularly when it comes to streaming audio on the smartphone.
