ANNIVERSARY

1940

1950

Each succeeding year finds BMI service to broadcasters building and expanding. Year by year the BMI catalogue grows steadily in size and in value.

BMI has had the hearty support of broadcasters from its very inception, not only because its combined catalogs contain a well-rounded store of great music but because it has created strong competition in publishing and in the field of performance rights.

With its current licenses running until 1959, BMI more than ever stands as enduring proof of the power and determination of American enterprise to create and maintain the right of free trade in a competitive market.
