Easy guide to Yearbook use

The information in this book is massive (more than half a million words), but it has been organized for speedy reference. There are six main sections. Here are the titles and locations of these sections and brief descriptions of what they contain. (Pages, incidentally, are numbered in two sequences—A and B. The A series is the front part of the book. The B series is the back. Page B-1 follows the last A page which is A-476.)

Market Facts for All U.S. Counties (pages A-17 through A-98): Current statistics showing total homes, television homes, radio homes, retail sales, food sales, drug sales and passenger car registration for each county in the nation.

The Facilities of Broadcasting (pages A-99 through A-476): Alphabetical list of television station call letters (A-102); directory of U.S. tv stations, including complete profiles of all stations on the air (A-105); directory of uhf translator stations (A-217); tv stations grouped by channels (A-219); tv stations now equipped with videotape recorders (A-221); history of all tv station sales (A-221); alphabetical lists of am station call letters (A-224) and of fm calls (A-232); directory of U.S. radio stations including complete profiles of all am and fm stations on the air (A-234); am stations grouped by frequencies (A-400); directories of multiple station owners (A-411) and of newspapers holding interests in radio-tv (A-415); directory of radio and tv station representatives including personnel and stations represented (A-422); Bell System tv network route map (A-435); directories of personnel and rates of all national radio and tv networks (A-436); directories of radio regional networks (A-456) and tv regionals (A-458); personnel of Canadian Broadcasting Corp. (A-458); Canadian tv calls (A-458); profiles of Canadian tv stations (A-460); Canadian am calls (A-463); profiles of Canadian radio stations (A-463); Canadian am stations by frequencies (A-469); directory of Mexican-Caribbean radio stations (A-470).

Regulation, Imposed and Voluntary (pages B-1 through B-36): How to apply for a broadcasting station (B-1); tv code of the National Assn. of Broadcasters (B-2); radio code of the NAB (B-8); Federal Communications Commission rules governing radio and tv (B-12); directory of FCC executives and staff (B-32).

Suppliers and Services (pages B-37 through B-117): Directories of equipment manufacturers and distributors (B-37); communications attorneys (B-52); consulting engineers (B-55); station

brokers (B-56); television program producers and production services (B-60); radio program producers and production services (B-77); radio-tv news services (B-82); talent agents (B-82); research services (B-84); public relations services (B-85) and of music licensing groups (B-85); six-year record of the 50 advertising agencies that bill most in broadcast advertising (B-86); directory of all advertising agencies placing broadcast advertising (B-97); directories of unions in broadcasting (B-110); communications carriers (B-111); closed circuit tv operators (B-111); subscription tv interests (B-111); community antenna systems (B-111); special schools offering radio-tv training (B-115); U.S. Information Agency and Voice of America (B-115); other U.S. government agencies of interest to broadcasting (B-116).

A television market is more than a city

When you use KOTV ☉ Tulsa, you sell a television market whose:

- Total Retail Sales are greater than Metropolitan Dallas.
- Effective Buying Income is almost \$2,000,000,000.
- Automotive Sales are greater than Metropolitan Oklahoma City, Omaha and Nashville combined.

Smart advertisers want to tap this market. They do it over KOTV ☉ the station that has been first in Tulsa in every survey since 1949. Represented by Petry.

A television market is more than a city

When you use KGUL-TV ☉ Houston . . . you sell a quarter of Texas—a television market whose:

- Total Retail Sales are greater than Metropolitan Washington.
- Effective Buying Income is over \$3,840,000,000.
- Food Sales are greater than Metropolitan Cleveland.

Smart advertisers want to tap this market. They do it over KGUL-TV ☉ the only station delivering city-grade service to both Houston and Galveston.

Represented by CBS Spot Sales.

A television market is more than a city

When you use WANE-TV ☉ Fort Wayne, you sell a television market whose:

- Total Retail Sales are twice those of Metropolitan Nashville.
- Effective Buying Income is over \$1,380,000,000.
- Automobile Sales are greater than Metropolitan Seattle.

Smart advertisers want to tap this market. They do it over WANE-TV ☉ as more families watch WANE-TV than any other station in the billion-dollar all-UHF Fort Wayne Market. Represented by Petry.

A television market is more than a city

When you use WISH-TV ☉ Indianapolis, you sell a television market whose:

- Total Retail Sales are greater than Metropolitan Buffalo and Kansas City combined.
- Effective Buying Income is almost \$5,000,000,000.
- Food Sales are equal to Metropolitan Milwaukee and Cincinnati combined.

Smart advertisers want to tap this market. They do it over WISH-TV ☉ the station that has dominated the Indianapolis Market in 25 consecutive surveys.

Represented by Bolling.

Market Facts for all U. S. Counties

Sources and dates of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by *Sales Management* updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Tv Penetration" and "Tv Homes"—as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent

Radio Penetration" figures were supplied to the BROADCASTING YEARBOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1958 by *Sales Management*; no further reproduction authorized without express permission of *Sales Management*. "Passenger Cars" are official registration figures from the motor vehicle departments of the various states.

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1953 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Tv Penetration" and "Tv Homes"—as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Penetration" figures were supplied to the BROADCASTING YEAR-BOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1953 by Sales Management; no further reproduction authorized without express permission of Sales Management. "Passenger Cars" are official registration figures from the various states.

MARKET
 (AMONG OTHER THINGS)
FRESNO AND THE BILLION DOLLAR RICH
SAN JOAQUIN VALLEY

SAN FRANCISCO

- ★ Every nationality in the world is represented in this great valley. Limited and mass appeals can be made. If your product sells here, it will sell anywhere!
- ★ Three good TV stations to select from! Naturally, we believe, as one of America's highest rated ABC stations, that we're best. May we hear from you?

FRESNO

- ★ Isolated market with no outside TV penetration which enables you to pinpoint results fast!
- ★ 200,000 "PLUS" TV homes ensure you a practical cost per thousand.

BEELINE RADIO

delivers more for the money

Fast, accurate news coverage is one reason Beeline stations deliver a large and responsive audience in the Billion-Dollar Valley of the Bees. The five Beeline stations have their own news staffs for on-the-spot local news stories. They work closely with McClatchy newspapers and tie into available network news shows to add depth to their coverage.

As a group purchase, these radio stations deliver more radio homes than any combination of competitive stations . . . at by far the lowest cost-per-thousand. (Nielsen & SR&D)

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Tv Penetration" and "Tv Homes"—as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Tv Penetration" and "Tv Homes" — as of March 1958 — were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Penetration" figures were supplied to the BROADCASTING YEAR-BOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1958 by Sales Management; no further reproduction authorized without express permission of Sales Management. "Passenger Cars" are official registration figures from the various states.

Here is how WSB Radio and WSB-TV dominate their fields in Atlanta

AN ADVERTISER'S CHOICE of stations in Atlanta can make a sizable difference in his sales results. These charts show why. In few cities of the nation do you see so marked a degree of consumer preference. This massive preference for WSB Radio and WSB Television is built on a record of superior local programming, better news service and staff work of high professional quality. Certainly your advertising in Atlanta belongs on the WSB stations.

58-COUNTY CONGREGATION

For more than 244 consecutive Sundays, spokesmen of all religious faiths have led a 58-County Congregation in meditation on WCIA's "Evensong".

Since the program began on November 15, 1953, the first Sunday WCIA was on the air, representatives of all faiths have accepted the call to serve a congregation which encompasses 1,922 cities, towns and villages throughout Central Illinois and Western Indiana. Religious leaders have traveled as far as fifty, sixty, seventy-five, and, in one instance, 252 miles, to the WCIA studio to appear on "Evensong".

WCIA begins each day with a five-minute religious message, "Inspiration Time", delivered by clergymen of all faiths, and produces a weekly live program, "Your Neighbor's Faith", designed to promote a better understanding of all religions and to present a clearer picture of what each denomination teaches and accepts as its credo.

These WCIA-produced telecasts represent only a portion of the religious programming made available to viewers in the Channel 3 area.

Pictured above is the Reverend Robert Hughes of the Holy Trinity Church, Bloomington, Illinois as he appeared on the 244th "Evensong" program.

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Television Penetration" and "TV Homes"—as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Penetration" figures were supplied to the BROADCASTING YEAR-BOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1958 by Sales Management; no further reproduction authorized without express permission of Sales Management. "Passenger Cars" are official registration figures from the various states.

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Tv Penetration" and "Tv Homes"—as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Penetration" figures were supplied to the BROADCASTING YEAR-BOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1958 by Sales Management; no further reproduction authorized without express permission of Sales Management. "Passenger Cars" are official registration figures from the various states.

Iowa—Greatest
food-producing area
in the world

34 ½ million
acres of
Iowa land
(96%) is
in farms

Iowa—first
in value and
number of
eggs produced

Iowa—first in
value and number
of hogs on farms

Iowa—first
in value of
livestock on
farms

Iowa annually
ranks 1st or 2nd
in farm income
(altho many farm
states are larger)

22 ½% of all the
Grade 1 land in the
U. S. is within
WMT's 0.5 mv
contour

The farms
account for
about \$2 ¾
billion of Iowa's
annual income,
that's only half
the story

In the highly
industrialized
Eastern half of
Iowa \$2 out of
every \$3 of income
comes from
industry

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Television Penetration" and "Television Homes"—as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Penetration" figures were supplied to the BROADCASTING YEAR-BOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1958 by Sales Management; no further reproduction authorized without express permission of Sales Management. "Passenger Cars" are official registration figures from the various states.

**1,000,000 new
listeners?**

**Sure . . .
20 times the
power**

1,000,000 new people are hearing a sound they never heard before . . . now that WTI~~X~~ has 5,000 watts on 690 kc.

And June Hooper shows WTI~~X~~ firster than before—with 32.8% all-day average!

And latest Pulse shows WTI~~X~~ first in every daytime Pulse quarter-hour . . . and first in 499 of 504 Pulse quarters.

Now from Texas to Florida . . . there are over 2,500,000 listeners for WTI~~X~~'s 24-hour creative pro-

gramming service. Now, more than ever, the big New Orleans buy is WTI~~X~~—the station which even before the change was more popular than the next 3 stations combined. Talk 5,000 watts, 690 kc. and 32.8% to Adam Young . . . or WTI~~X~~ General Manager Fred Berthelson.

THE NEW WTI~~X~~ NEW ORLEANS

First . . . and getting firster . . .

BATON ROUGE..America's great new industrial empire!

for example ...

Esso Standard Oil's Baton Rouge Refinery is America's Largest

7000 employees share a \$45,000,000 payroll at Esso's gigantic refinery in Baton Rouge. The plant site, including 2 tank farms, covers 2300 acres!

Many of the greatest names in American industry have invested hundreds of millions for plants in this "empire area" and others are moving in . . . with \$254,800,000 for additional plants already scheduled.

Effective Buying Income per family in Baton Rouge is \$6,303—far above the national average.

Payrolls are at an all time high!

"Only  Sunshine reaches more homes in this BILLION DOLLAR MARKET!"

50,000 watt coverage...and 50,000 watt personalities like these make WDGY first a.m., afternoon, all-day in the Twin Cities

(31.4% all-day average Hooper. First per Pulse, too.)

1. DAN DANIEL. Tall, thin, Texas-drawler, named "Outstanding Disc Jockey" in Northwest by A.F.T.R.A. 7-10 p.m., daily.

2. BILL BENNETT. Comedian, emcee, TV performer, recording star, teen-dance innovator, "Northwest's outstanding radio personality," likeable, perpetual smiler, teen-age columnist, magician, amateur clown. 9-11 a.m.; 2-4 p.m., daily.

3. DON KELLY. "Morning Mayor," happiest man in radio, "Smilin' Irishman," singer, comedian, wit. 6-9 a.m. daily.

4. STANLEY MACK. Legitimate stager, vaudevillian, radio-actor (Sam Spade series), man of a thousand voices, dialectician, singer, drummer. Noon-2 p.m., daily.

5. BILL ARMSTRONG. Smooth, mystery-tuner, birthday acknowledger, actor, impersonator, writer, newscaster, public speaker, producer, ex-radio a.e. 11 a.m.-noon, daily.

6. BILL DIEHL. Top newspaper columnist, impersonator, humorist, inside-show-biz authority, business-newsman, full-fledged movie critic. 4-7 p.m., daily.

7. JOSEPH DELLA MALVA. News director, newscaster, WDGY news center overseer, Sound-Off editor, tipster-ringleader, scooper (on nearly every important local story), beauty judge.

8. RALPH MARTIN. Crisp, incisive, smooth, news-voice of WDGY, commentator, community force. The news, afternoon and evening, daily.

9. GEORGE RICE. Nightbeater, news writer, controversial, widely-discussed, phoned 800-900 times an hour (average), 10 p.m.-1 a.m. nightly.

IN BRIEF, 9 good reasons why WDGY is the most-listened-to radio station in the Twin Cities. (First Hooper, First Pulse.) Talk to Blair, or G.M. Jack Thayer.

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Tv Penetration" and "Tv Homes"—as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Penetration" figures were supplied to the BROADCASTING YEAR-BOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1958 by Sales Management; no further reproduction authorized without express permission of Sales Management. "Passenger Cars" are official registration figures from the various states.

WHB gives you both: area and people

96-county coverage 96-county Area Pulse shows WHB first in every quarter hour. WHB is first by far on the latest Area Nielsen.

40% bracket audiences WHB is first in Metro Pulse, Nielsen, Trendex, Hooper—with all-day averages as high as 48.5% (Nielsen).

Men and women: 50.2% WHB reaches 50.2% of the men and women who listen to the top 4 Kansas City radio stations . . . or more than the next 3 stations combined. (Nielsen Audience Composition analysis, 6 a.m.-7 p.m. average.)

Aren't these what you want: A *lot* of square miles . . . the ability to reach a *lot* of people . . . and finally, to attract a *mature* audience.

**YOUR OMAHA COPY TALKS BIGGEST . . .
. . . WHERE THE BIGGEST PULSE IS!**

The latest Pulse says what Pulse has been saying for years. KOWH is first a.m.; first p.m.; first all day! 32 out of 40 first place quarter hours! All-day average Pulse: 7.9.

These are the measures of KOWH's continuing dominance of Omaha's radio day, a dominance extending over 8 years.

The reasons: Programs and personalities that get through to people. Audiences aren't the only ones who turn to KOWH. Advertisers do too.

Good coverage, too, on 660 kc. Turn to Adam Young or KOWH General Manager Virgil Sharpe.

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Tv Penetration" and "Tv Homes"—as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Penetration" figures were supplied to the BROADCASTING YEAR-BOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1958 by Sales Management; no further reproduction authorized without express permission of Sales Management. "Passenger Cars" are official registration figures from the various states.

Symbol of service

WGR-TV, Buffalo, like the fireman, is dedicated to never-ending service to the community.

Serving 534,668 TV homes in the 14th largest community in the United States is a big job—even bigger when you add the 559,361 Canadian TV homes in WGR-TV's coverage area.

This calls for constant alertness to the needs of rural and urban viewers... for the right combination of education, information and entertainment.

In delivering top ratings month after month, year after year, at a low cost per thousand viewers, WGR-TV serves the advertiser as well as the community.

WGR-TV, Symbol of Service in Buffalo, is affiliated with the ABC Television Network. Represented by Peters, Griffin & Woodward.

LOOKING FOR TOP MARKETS...?

TAKE A LOOK AT KXJB-TV, VALLEY CITY—FARGO—GRAND FORKS

KXJB-TV, Valley City-Fargo-Grand Forks, is one of the top 100 television markets in the United States, according to the May 19th issue of Television Age. What's more, KXJB-TV covers one of the richest markets . . . North Dakota and Minnesota's rich Red River Valley, plus the southeastern third of North Dakota.

But that's not all—buy KXJB-TV and add the other Market Maker Stations of the North Dakota Broadcasting Company, KCJB-TV in Minot, KBMB-TV in Bismarck and KDIX-TV in Dickinson, and you get coverage of over 90% of the North Dakota market with one buy, one order, one contact! Buy KXJB-TV, one of the Top 100, add KCJB-TV, KBMB-TV and KDIX-TV, and you have the triple-terrific Market Maker Stations of the NDBC Television Network reaching the greatest percentage of all of the television homes in North Dakota—plus parts of Minnesota and South Dakota. In the Upper Midwest, you can't buy better!

KXJB-TV, Valley City-Fargo-Grand Forks; **KBMB-TV**, Bismarck-Mandan; **KCJB-TV**, Minot; **KDIX-TV**, Dickinson; **KXAB-TV**, Aberdeen* (*on the air October, 1958).

Interview: *Jack Canning*

Sullivan, Stauffer, Colwell & Bayles, Inc. Timebuyer, Jack Canning, tells why he selects WLW TV-Radio Stations for PALL MALL Cigarettes.

"Sure, I buy time for PALL MALL Famous Cigarettes on the Crosley Stations because their greater length of audience filters commercials farther into smooth pleasure for advertisers."

"Yes, WLW Television and Radio Stations really pack in a full house of viewers across the Midwest and into the South for sponsor's sure-fire sales success."

"Outstanding—and that's putting it mildly!"

Call your WLW Stations Representative . . . you'll be glad you did!

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Tv Penetration" and "Tv Homes"—as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Penetration" figures were supplied to the BROADCASTING YEAR-BOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1958 by Sales Management; no further reproduction authorized without express permission of Sales Management. "Passenger Cars" are official registration figures from the various states.

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Tv Penetration" and "Tv Homes"—as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Penetration" figures were supplied to the BROADCASTING YEAR-BOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1958 by Sales Management; no further reproduction authorized without express permission of Sales Management. "Passenger Cars" are official registration figures from the various states.

IN the Johnstown-Altoona Total Coverage Area...

WJAC-TV

**leads by as much as 4 to 1 in
STATION SHARE OF AUDIENCE**

IT'S A FACT... backed by up-to-date ARB figures*... in the Johnstown-Altoona Total Coverage Area WJAC-TV overwhelmingly dominates the audience. Not just by a whisker, either. WJAC-TV leads its nearest rival (WFBG-TV) by 2 to 1, 3 to 1... even 4 to 1 in some time segments. But don't just take our word for it. Check the ARB facts and figures for yourself... you'll agree WJAC-TV is the buy... for audience... for results!

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Tv Penetration" and "Tv Homes"—as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Penetration" figures were supplied to the BROADCASTING YEAR-BOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1958 by Sales Management; no further reproduction authorized without express permission of Sales Management. "Passenger Cars" are official registration figures from the various states.

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Tv Penetration" and "Tv Homes"—as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Penetration" figures were supplied to the BROADCASTING YEAR-BOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1958 by Sales Management; no further reproduction authorized without express permission of Sales Management. "Passenger Cars" are official registration figures from the various states.

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Television Penetration" and "TV Homes" —as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Penetration" figures were supplied to the BROADCASTING YEAR-BOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1958 by Sales Management; no further reproduction authorized without express permission of Sales Management. "Passenger Cars" are official registration figures from the various states.

**A SHREWD TIMEBUYER
visits the scene of his greatest TV buy!**

They threw down this challenge
To Jonothan MacDoovit:
"Find the best buy in Milwaukee
And be sure you can prove it."

Four TV stations
Broadcast in Milwaukee.
He saw that one is UHF,
And then there were three.

Three TV stations
Have coverage, it's true.
He looked at the ratings,
And then there were two.

Two TV stations
Deliver by the ton.
He looked at the rate cards,
And then there was one.

ISN's the best buy.
The others also ran.
He picked up his telephone
To call the Petry Man.

Sources of information: "Total Homes" were prepared by A. C. Nielsen Co. from estimates by Sales Management updated to March 1958 by application of growth patterns determined by special surveys of the U. S. Bureau of the Census. "Percent Tv Penetration" and "Tv Homes"—as of March 1958—were supplied by the Advertising Research Foundation. The ARF county-by-county report of tv penetration and tv homes was prepared by the ARF technical staff with the assistance of A. C. Nielsen Co. and the Bureau of the Census. "Percent Radio

Penetration" figures were supplied to the BROADCASTING YEAR-BOOK by the A. C. Nielsen Co. and are the figures currently in use by that company. "Radio Homes" are the product of multiplying Nielsen percentages of penetration by total homes. "Retail Sales," "Food Sales" and "Drug Sales" copyright 1958 by Sales Management; no further reproduction authorized without express permission of Sales Management. "Passenger Cars" are official registration figures from the various states.

RADIO ONLY!

**WHEN SOMEONE
FINDS A WAY TO
REACH, INFORM,
ENTERTAIN AND
SELL PEOPLE ON
THE ROAD BET-
TER THAN RADIO
DOES NOW...WE
WILL MOVE OVER!**

Meanwhile, of all advertising media, radio alone is in the driver's seat. And nationally, the CBS Radio Network delivers radio's biggest audiences to advertisers—41 per cent more listeners than the next network.* What's more, these are listeners who really *listen*. The very nature of the whole program schedule tells you so. And we can prove it!

Dual - frequency corner - reflector antenna designed by PAGE for ionospheric-scatter communications

**ENGINEERS
PIONEER with
PAGE . . .
leader in tele-
communications**

During the past eight years as pioneers in the design, construction, testing and operation of scatter and other advanced radio communications systems, PAGE has played responsible and challenging roles in the building of multi-million-dollar telecommunications networks.

Members of our organization are working closely with representatives of the U.S. and foreign governments and industries in the development of such systems. Challenging assignments take our engineers to many corners of the globe.

Due to the increased demand for PAGE-designed, installed, tested and operated systems, we now offer a few exceptionally interesting positions in our Washington, D. C. office as well as overseas.

Engineers who elect to locate in the Washington, D. C. area will find it offers outstanding educational, cultural and recreational facilities. Urban and suburban housing is readily available in all price ranges and easily accessible to PAGE's main offices in the heart of downtown Washington.

DIRECTORY OF TELEVISION STATIONS IN THE U. S.

Note: Listed in this directory are (1) all cities to which television allocations have been made by the Federal Communications Commission and (2) all television stations granted by the FCC.

(1) With each city are shown the county in which it is situated and the television channels allocated to that city by the FCC. A plus or minus sign after a channel indicates that a station occupying the channel must operate with its carrier frequencies offset 10 kilocycles above or below, respectively, the normal carrier frequencies.

(2) Information for each station listed below has been corrected to Aug. 1, 1958. Where applicable, the following data are shown: call letters, date station began (or intends to begin) operation, channel number, transmission facilities, address, telephone, TWX number, name of licensee, composition of ownership, network affiliation, sales representative, executives and Washington attorney. Color facilities of stations having them are also shown. Special note is also made of those stations now having a videotape recorder in operation.

Great stars (like those pictured) in great roles . . . believable stories that become memorable TV entertainment . . . productions that combine the vast complex of many creative talents . . . unequalled merchandising and promotion.

These are the ingredients of *SALES MAGIC . . . of Ziv's dynamic sales plan chosen by advertisers again and again for top results!

*YOU CAN MEASURE IT . . . through the rating records of all Ziv shows, time after time, city after city!

*YOU CAN JUDGE IT . . . by the national, regional and local sponsors who have profited from Ziv shows; who have renewed time and again!

*YOU CAN FEEL IT . . . in the air of excitement around a station, a sponsor, an entire market . . . in the increased customer traffic and sales that follow when a Ziv show takes over!

*YOU CAN USE IT . . . to discover for yourself the impact that the *SALES MAGIC of a Ziv series has on TV audiences . . . impact that will make your Ziv show your most effective selling force!

MAGIC of a Ziv Show!

*Call it "Genius", "Showmanship", or "Sales Magic", its the built-in Ziv know-how and skill that gives advertisers extra value, makes Ziv the leading name in TV film.

HOW TO GET AHEAD

But WMAL-TV's is the better way. Recipe: Combine aggressive, imaginative programming with equally imaginative scheduling . . . stir in equal parts of showmanship and promotion. Result: WMAL-TV's light and airy domination of afternoons, commanding position in all hours, for top response. Like ABC, WMAL-TV is still on the move.

A WRC-TV SPOT CAMPAIGN HELPS YOUR NETWORK TV CLIENT CASH IN ON WASHINGTON'S NEW MONEY!

Big things happen when you have a spot campaign on WRC-TV. For example, with the addition of WRC-TV's 14/50 plan — 14 announcements per week at 50% discount — you can triple the audience now reached by your client's network television show. Here's a sample:

1/4-HOUR NIGHTTIME TV PROGRAM	PLUS 14/50 PLAN
Percentage of homes reached per week . . . 17.7 55.0
Number of homes reached per week . . . 89,500 287,100
Average frequency per home per week . . . 1.0 2.0
Total net cost per week \$1,590 \$2,210

It is important that you have a strong schedule in the Washington market since a recent Federal pay raise has placed an additional \$135 million per annum in the hands of Capital consumers.

There has never been a better time to go all-out in your Washington campaign. Contact WRC-TV or NBC Spot Sales *now* for all the details of a sales-winning spot schedule. **WRC-TV•4**

WOW!
WHAT A FIRST YEAR!
Thanks A Million Folks

"Jaxie" and WFGA-TV have enjoyed one year of steadily growing popularity down in

Jacksonville—focal point of a \$1½ billion 64-county Florida-Georgia area. During the year, the station won national honors in Two Station Markets, winning 2nd place for General Audience Promotion and 2nd place in Sales Promotion in the Television Age-Billboard promotion competition.

We want to express our appreciation to our good friends and patrons, the agency people and time buyers throughout the country.

"Jaxie" the porpoise with a purpose, is beginning his second year with the same avowed aim—to provide top-flight programming! . . . excellent promotion! . . . hard-hitting merchandising!

Where else will you find *satellite* markets that outspend their entire central metropolitan trading zone by 5-to-4 in sales dollars? Or a *universe* that has such a big, rich central market! What an opportunity for you to increase your share of the *total* potential in this greater Indianapolis television area!

where else . . .

- does a central market exert such an economic pull on *so many* specific areas that are retail trading centers in their own right?
- do you find such a *widespread* marketing area covered from *one* central point . . . and by WFBM-TV!

A SURE THING!

WHO-TV delivers solid coverage of 46 counties in strategic Central Iowa—a \$2 billion market!

This is the heart of America's *leading* agricultural market—where the average farm income is over \$11,300 or 78% *above* the national average! Yet, it is also a rapidly expanding industrial market. For example, Des Moines, the shopping center for all of Central Iowa, has more than 400 diversified industries with a payroll of \$100 million, an average family income of \$6000, and retail sales of \$343 million!

There are 392,700 TV families in this rich 46-county area—and you need *only* WHO-TV to cover them all!

The newest Metropolitan Des Moines ARB Survey (Feb. 8-March 7, 1958):

	FIRST PLACE QUARTER HOURS		PERCENTAGE OF TOTAL	
	1 Week	4 Week	1 Week	4 Week
WHO-TV	256	232	54%	49%
STATION K	162	186	34%	39%
STATION W	47	51	10%	11%
TIES	8	4	2%	1%

SEPTEMBER 1958

calls for a Celebration in New Orleans

No, it's not an early Mardi Gras . . . not even a premature Sugar Bowl season . . .

It's the First Anniversary of WWL-TV, Channel 4 . . . New Orleans' newest, fastest growing television station.

This has been an eventful year for viewers . . . for the first time in local history, Orleanians have had their choice of video entertainment . . . and these television firsts—

- 1 Full Range CBS Programming
- 1 Jack Paar Show
- 1 Farm Program — "Town and Country Journal"
- 1 Stereophonic Television Production
- 1 Romper Room

—and the future looks even brighter for more firsts. Sales are up, viewing is up, programming is up.

Make your sales grow with the South's fastest growing channel.

Plan now for greater sales this fall and winter. Check with your Katz representative for details or phone Howard Summerville, EXpress 4444, New Orleans.

4 YEARS OF UHF SUCCESS STORIES

No. VHF station has a grade B signal in this central Delaware-Maryland-Virginia Peninsula market, so . . .

WBOC-TV IS TELEVISION HERE! Thousands arrange daily chores — and meals—to see favorite day-night shows on WBOC-TV . . . Normally 15 of the top 20 network shows, most of the top film shows, and live studio shows daily. Everybody sees the first run and don't want repeats.

What a loyal, responsive audience WBOC-TV enjoys! Without prizes or other special inducements, one store received mail from 83 communities; another's mail reached near 1,000 pieces a day. Sets are sold with built-in UHF or converted on delivery.

As Basic as the Alphabet

**Every important advertising campaign should include Detroit
... every Detroit campaign should include the WWJ stations.**

Detroit Standard Metropolitan Area contains the greatest concentration of people and wealth in Michigan: 50% of the state's population, 53% of its retail sales.

Ever growing, this three-county area has a population of 3,843,000 and 1,101,100 families. (Total population in the WWJ stations' coverage area is nearly 7,000,000.)

The effective buying income per family is \$7,355—up \$1,434 over the national average.

Retail sales in 1957 totaled nearly \$5,000,000,000. Food, automotive, drug and cosmetic purchases were high on the list of consumer expenditures.

Outstanding in volume of bank debits ("money at work"), Detroit ranks third in the nation, surpassed only by New York and Chicago.

In Detroit, 81% of families own one or more automobiles.

To the people of Detroit and southeastern Michigan, the WWJ stations are time-tested friends; believable, trustworthy, always welcome.

HOW DO YOU MEASURE A

"A Whale of a station serving a whale of a market" – that's the WNCT story. But how do you calibrate such a mammoth mammal?

TOWERS/WNCT has a big one. Looks lovely at night with its blinking red lights. But Eastern Carolina folks are so busy watching the programs on Channel 9, they just don't seem to care about towers.

COVERAGE/WNCT reaches 42 counties with \$1,785,979,000 to spend. But families in Eastern Carolina never once mention coverage to ARB or TelePulse. Mostly, they talk about the programs on Channel 9.

POWER/WNCT has 316 kw visual, 138 kw aural and scads of 110 and 220 volts AC-DC. But our 1,626,800 Eastern Carolina friends aren't interested in power unless it fails and they can't see their favorite programs on Channel 9.

MARKET/WNCT has a healthy, prospering one. But to Eastern Carolina a market is where a big chunk of their \$1,263,941,000 retail sales are spent.

However you measure, all we can ask is that you try the whale for size and results. Hollingbery has avails and free copies of our new factual brochure.

A. HARTWELL CAMPBELL, General Manager, Represented National by Hollingbery

what a MARKET!

**THIS BUSTLING,
WIDE-AWAKE SECTION
OF NORTH CAROLINA—**

—from Greensboro to the coast, from Virginia to the South Carolina line—has the happy combination of industrialization and fertile, multi-crop farms. Per family retail sales are highest in the South, except Miami, and higher than in 11 central states. Population in this Carolina buy-land is more than two million. Merchandise moves in this market!

what a MEDIUM!

**POWERFUL, LOW-BAND
WRAL-TV HAS A
RATING RECORD
SECOND TO NONE—**

—in the rich Raleigh-Durham viewing zone. In the most densely populated section of its total coverage it has unduplicated NBC programming. Exclusive local features attract and hold loyal audiences. Handsome new studios, capable personnel, and the best production equipment—including a VIDEOTAPE recorder (first in North Carolina) and a \$100,000 4-camera MOBILE UNIT—assure top quality handling of programs and commercials.

"My Gawd, she's TALL!"

YESSIR, she IS tall-ll — the tallest thing man ever made in North Dakota—WDAY-TV's new antenna, 1206 feet above the ground (1150 feet above average terrain!).

As you know, tower height is extremely important in getting TV coverage—more important than power, though WDAY-TV of course utilizes the maximum 100,000 watts.

So WDAY-TV—with new Tower and new Power—now covers 96% more of North Dakota-Minnesota's best countryside than before—covers 60% more of the prosperous Red River Valley's families than before!

Even before building this tremendous new tower, ratings proved that WDAY-TV is the hottest thing in the Valley. Now they're better and better, and for greater and greater distances!

This month WNEP-TV becomes one of America's most powerful television stations... zooming up tower height and visual power to deliver a *bonus* of about 80,000 additional tv homes... penetrating even fringe areas with maximum signal intensity on direct line-of-sight.

WNEP-TV will now deliver the best possible coverage of the prosperous Scranton - Wilkes-Barre trading area at the lowest cost-per-thousand.

In North Eastern Pennsylvania's 21-county area, WNEP-TV will now be hitting a total of 336,157 tv homes (plus about 65,000 more reached by two satellites)... blanketing a booming industrial

center with annual retail sales of over \$2 billion. Add ABC-TV's top-rated shows... fine new local programming from studios in both Scranton and Wilkes-Barre... and WNEP-TV makes the "prettiest picture" for advertiser and viewer alike!

Transfers of Tv Station Ownership

A Record of All Television Station Sales

ALABAMA

WABT Birmingham—Licensed to Television Corp. of Alabama (Birmingham News Co.). Original owners: The Television Co. (Ed Norton, 75%; Thad Holt, 25%). Original call letters: WAFM-TV. Sales price: \$2.4 million (with WAPI and WAFM[FM]). FCC approved: June 10, 1953, on condition Birmingham News Co. relinquish WSGN-AM-FM-TV [For the Record, June 22, 1953]. Note: On Jan. 25, 1956, FCC approved \$18.7 million purchase of Birmingham News Co. by S. I. Newhouse [For the Record, Jan. 30, 1956].

WBRC-TV Birmingham—Licensed to WBRC Inc. (WKRC-AM-TV Cincinnati). Former owner: Storer Bestg. Co. Sales price: \$6,350,000 (with WBRC-AM). FCC approved: May 8, 1957 [For the Record, May 13, 1957]. Note: Storer purchased WBRC-AM-TV for \$2.4 million from Eloise S. Hanna in May 1953 [For the Record, June 1, 1953] and was required to sell stations with FCC approval of purchase of WBPB (TV) Wilmington-WIGS-AM-FM Philadelphia.

WKRG-TV Mobile—Licensed to WKRG-TV Inc. (Kenneth R. Giddens and Mobile Press Register). Former owners: Shirley Rester Conrad and others. Sales price: \$1,179,915 (with WKRG-AM-FM). FCC approved: Feb. 20, 1958 [For the Record, March 3, 1958]. Note: Mr. Giddens was a 20% stockholder before the transaction.

- Mutual is the choice because
- Mutual gets the choice listening audience—the buyers in the family. Why? Because Mutual is the one network whose stations offer community-integrated programming—programming of local interest for local audiences—while delivering national news, special events and sports features that only top network programming can provide. For big results, at the lowest cost-per-thousand of any major medium, pick the big network—Mutual.

Success Story

Small advertisers are smart buyers, too. Example: 3 years ago, 3 employees and a \$12,000 budget. Today, 100 employees and a business that has increased a hundred-fold. Still on Mutual exclusively... and still growing.

Top Coverage

Verified clearance is assured by Mutual's own contract with affiliates which gives MBS advertisers up to 365* stations out of 400 per News program.

*For verification, see Nielsen, June II, 1958 or current report.

DIRECTORY OF AM AND FM RADIO STATIONS IN THE U.S.

Note: Listed in this directory are all am (amplitude modulation) and fm (frequency modulation) stations in the U. S. and its territories. Information for each station listed below has been corrected to Aug. 1, 1958. Where applicable, the following data are shown in this order: call letters, date station began (or intends to begin) operation, frequency, power, station address, telephone, TWX number, name of licensee together with date present licensee acquired station, national and regional network affiliations, national representative, hours of specialty programs (Negro or foreign language) broadcast each week, executives, companion fm and tv stations.

For each station associated with newspaper ownership

and/or multiple owners of radio and/or television stations the phrases "see Newspaper Ownership" or "see Group Ownership" appear after the name of the licensee. These refer to specialized directories which may be located by consulting the Facilities index on page A-99.

For fm stations which are companions of am stations and which duplicate the programming of the am, only facilities are listed. Fm stations which are programmed and operated independently are listed in greater detail.

Appropriate note is made of television companions of radio stations listed here. Full information about all television stations is presented in the Directory of Television Stations in the U. S. beginning on page A-105.

KOBY GETS ACTION in San Francisco!

CONSISTENT is the word that best describes KOBY! High ratings stay high because KOBY family audiences stay loyal. If your favorite tune is "Happy Days Are Here Again," played by thousands of ringing cash registers, then it's time you called your Petry Man for the KOBY "Consistency Story." KOBY motivates the market in San Francisco!

IT ALL DEPENDS WHO KNOCKS ON YOUR PROSPECTS' DOOR

If you want to open more doors and close more sales, it's sound practice to "knock" over KFMB in the highly reliable company of such welcome newsmen as Edward R. Murrow, Eric Sevareid, Lowell Thomas and Walter Cronkite. They have access to some 301,000 San Diego County homes (plus thousands more in five additional Southern California Counties) and will help add deep conviction to *your* message. And they're backed up by a whole corps of local reporters who get an equally warm reception. With news reaching such new peaks of interest the San Diego CBS radio station has one of the strongest selling voices in America. In San Diego KFMB IS CBS. COMING

POWER FOR THE PEOPLE

50,000 Lively Watts

MORE COVERAGE — MORE SALES

WMAZ, the original radio voice of Middle Georgia soon will have more coverage to go along with the superb personalities and dependable public service developed in Middle Georgia during the last 31 years. The 50,000 lively watts power will provide additional coverage for those 50,000 watt personalities who always have had the top audience in the rich Middle Georgia market . . . the market that's too busy to listen to recession talk.

The new 50,000 lively watts mean that, in the 0.5 MV/M circle, the vital statistics read like this:

POPULATION, 1957	1,322,300	EFFECTIVE BUYING INCOME	
NUMBER HOUSEHOLDS, 1957	347,300	1957	\$1,700,089,000
		RETAIL SALES, 1957	\$1,043,678,000

KAKC

**TULSA'S NO. 1 STATION
21 MONTHS SOLID!**

Balanced programming plus timely news and public service features — that's the number one station in Des Moines.

For over 15 months, the New KIOA has been overwhelmingly the first choice of Des Moines radio listeners.

The New KIOA has more listeners than four other Des Moines stations combined — listeners that are your buyers!

Buy the station that reaches all of Iowa with blanket coverage.

From last place to the top in a few short weeks — and then holding top position for over 21 months straight.

That's the New KAKC story. A story of loyal listeners who depend on KAKC for music and up to the second news.

Buy the station that delivers the most — KAKC in Tulsa — recipient of the coveted Associated Press Award for best coverage of all A.P. radio and T.V. stations in the United States!

STATION **WHO** PUTS THE *Plus* INTO MERCHANDISING!

"Feature Foods" is a comprehensive merchandising *plus* service conducted by WHO Radio at the point-of-sale in 350 high traffic chain and independent food stores. Coverage includes all cities of 5,000 population or more in 76 of Iowa's 99 counties. It is available, *at no extra cost*, to advertisers whose products are sold in food stores and whose gross expenditure on WHO Radio is \$300 per week for 13 weeks, or \$3900 within a 13-week period of time.

HERE'S HOW IT WORKS: Each 13 weeks, experienced WHO "Feature Foods Merchandising Teams" guarantee you all four of these *plus* services:

WHO's Feature Foods merchandising service is producing *big results* for many of the nation's finest food manufacturers.

Talk to PGW about putting more "plus" in your Iowa advertising with WHO Radio—and Feature Foods!

WHO Radio is part of

NEWS TRAVELS!

...SO WHO NEEDS RADIO?

News always finds a way to travel. It was true in the days of the smoke signal . . . true with the Town Crier . . . true in hundreds of country stores and over tens of thousands of back fences.

But if you want to sell with news . . . there's no substitute for the personal service offered Baltimore listeners by WFBR. Four full-time

newsmen who have more "scoops" to their credit than Solomon had wives . . . 4 mobile units . . . AP and UPI wire services . . . plus thousands of correspondents recruited right from our own listeners! Baltimore radios stay tuned to WFBR . . . for news every hour on the half-hour. That's why so many advertisers stay with WFBR news year in, year out.

What a vote of confidence!

IT'S

KFABULOUS

Paralleling the big audience trend to KFAB... is the big buying trend to KFAB by local and regional accounts. Omaha's finest firms... are now regular KFAB advertisers, and are using KFAB as a basic selling medium.

KFABulous as it is... it's no accident that the big buying trend is to KFAB in the Big Omaha Market. Local advertisers know the market and they know the stations as they are listeners as well as buyers. They have selected *quality* KFAB to sell their *quality* merchandise, and KFAB is doing just that... at the lowest cost per thousand in Omaha radio history.

Get the facts today... on the KFABulous buy in Omaha radio. Get in touch with Petry... or E. R. Morrison, KFAB's General Sales Manager.

The most successful advertising technique is "telling your sales story to as many people, as many times as you can, within the limits of a sound budget." This is the WKBW SATURATION FORMULA which is bringing increased sales results for WKBW advertisers; and we have the renewals to prove it. A WKBW saturation campaign gives you more than twice as many listeners for your advertising dollar. That's why your sales results will be more than twice as good . . . that's why WKBW is your most profitable buy in the Buffalo and Western New York market.

Because it talks in an adult way to an adult audience

WQXR PRODUCES MAN-SIZE RESULTS

Adults are your prime sales targets. They make the buying decisions. They spend the money.

The age group between 30 and 49, for instance, spends 53% of all money invested in automobiles, clothing, accessories, food, beverages, tobacco, home furnishings, recreation, medical care.

WQXR, concentrating on fine music, reaches an audience that

is 96.6% adult, according to Pulse. WQXR brings your message to a higher percentage of adults than any other New York radio station.

For one million adult families, nothing takes the place of good music . . . nothing takes the place of

BEST BUY IN CHARLOTTE? WIST ... ALL THE WAY!

... IN AREA RATINGS*

Pulse shows WIST a strong second *all day* in the six populous counties surrounding Charlotte—second only to a 50 kilowatt station whose rates are four to five times higher.

... IN METROPOLITAN RATINGS**

Hooper shows WIST *on top* during the morning hours; near the top thereafter.

... IN TOTAL COVERAGE

WIST's mail comes from *forty-six* North and South Carolina counties.

... IN STEADILY INCREASING POPULARITY

Top quality independent programming, with a wide *variety* of music, handled by top-flight announcer-personalities, is increasing WIST's popularity every day. There's no compromise with quality on WIST, and a sensible limit on number of spots per hour, let *your spot stand out*.

Our advertisers don't pay more for WIST's quality, coverage, or ratings. SRDS listings show only one (250-watt) Charlotte station has daytime rates lower than WIST's.

For a revealing look at what's happening in Charlotte radio, and the full WIST story, contact your Peters, Griffin, Woodward Colonel, or WIST Managing Director, Ray Stanfield.
