Miscellaneous Radio Services

Armed Forces Radio and Television Service (AFRTS)

AFRTS operates over 800 radio and television outlets located in 120 foreign countries. AFRTS facilities are located with major concentrations of U.S. forces overseas as well as in remote areas of Alaska, U.S. trusts, territories and possessions, aboard 446 Navy ships and as closed-circuit facilities at 250 isolated locations. Most of the land-based stations are grouped into regional AFRTS networks to serve specific geographical areas, i.e. American Forces Network-Europe in Europe and Far East Network in the Pacific. AFRTS networks and independent stations overseas create their own individual radio and television program schedules from broadcast materials provided by the AFRTS broadcast Center in Sun Valley, Calif., and from their own local productions. Some outlets are broadcast open and some are carried on closed circuit systems of various types. Domestic and Intelsat satellite svcs are leased on a 24 hour-a-day basis, providing real-time stateside radio and TV to overseas locations.

Headquarters, AFRTS. AFRTS is the broadcast arm of DoD's American Forces info Service located at 601 N. Fairfax St., Alexandria, Va. 22314. (703) 274-4856. Melvin Russell, deputy dir; Colonel Joe Cook, chief of staff; Lieutenant Colonel Dave McNamee, plans/ops.

AFRTS broadcast Center. 10888 La Tuna Canyon Rd., Sun Valley, Calif. 91352. (818) 504-1201. Colonel Rick Fuller, commander; CDR Connie Haney, deputy commander; Gerry Fry, dir progmg; Vince Harris, industry liaison.

Radio Free Europe/Radio Liberty

Radio Free Europe/Radio Liberty, RFE/RL Inc. Oettingenstr 67 am Englischen Garten, 8000 Munich 22, Germany. E. Eugene Pell, pres/CEO. 1201 Connecticut Ave. N.W., Washington 20036. Voice of America

Headquarters: 330 Independence Ave. S.W., Washington 20547. (202) 619-2538. FAX: (202) 619-1241. Chase Untermeyer, dir; Robert T. Coonrod, deputy dir; Sid Davis, dir office of prog; Robert J. LaFleur, dir office engrg; Joe O'Connell, dir pub affs; Beth Knisley, dir media rel.

Policy: The Voice of America (VOA), the international broadcasting service of the U.S. info Agency, is governed by its Charter (Public Law 94-350) which stipulates VOA will: (1) serve as a consistently reliable and authoritative source of news and that its news will be accurate, objective and comprehensive; (2) represent America, not any single segment of American society, and will therefore present a balanced and comprehensive projection of significant American thought and institutions; (3) present policies of the United States clearly and effectively, and will also present responsible discussion and opinion on these policies.

Facilities: VOA has 112 medium wave and shortwave transmitters which collectively have a total power in excess of 26 million watts. The power of individual transmitters in VOA's worldwide network ranges from 35 kw to 1000 kw. The VOA standard is to use three transmitters for each broadcast. The transmitters are located at 18 relay stations in the U.S. and abroad in Antigua, Belize, Botswana, Costa Rica, England, Greece, Liberia, Morocco, the Philippines, Sri Lanka, Thailand and West Germany. Programs originate in the studio complex at VOA headquarters. A 150-channel master control panel is used to route them onto appropriate satellite circuits for delivery to the relay stations.

Programming: U.S. and world events are reported accurately and fully in VOA newscasts and news programs. Features, backgrounders, interviews, on-the-scene coverage of special events and documentaries provide listeners around the world with an accurate, comprehensive portrayal of American life and opinion. info on U.S. policies is reflected in editorials.

Program placement: VOA progmg is also made available to, and extensively used by, foreign media in more than 100 countries. Radio stations in some countries simply relay VOA's direct broadcasts or tape program segments from them for rebroadcast at prime local listening times. Satellite or high frequency feeds, dial-up systems, and airmailed tapes are also used to provide VOA progmg in 20 languages to stations in Africa, the American Republics, East and South Asia, the Middle East and Western Europe.

Program hours and languages: The 1,300 hours of progmg produced at VOA each week include two special services: VOA Europe and Radio Marti. VOA Europe is an around-the-clock radio service in English which is delivered to Western Europe by satellite for broadcast on FM and cable radio stations in 10 countries; 70 hours wky of the VOA Europe broadcast are originated by the VOA staff and the balance is syndicated music programs. The Radio Marti program is beamed to Cuba 168 hours each week by a 50 kw medium wave transmitter in Florida. All other progmg (1129 hours weekly) is transmitted on shortwave and/or medium wave in the following 43 languages:

Voice of America wky Language Broadcasts (hours and minutes per week). Aribanian 7:00; Amharic 7:00; Arabic (Near East and North Africa) 9:00; Armenian 7:00; Azerbaijani 7:00; Bangla 14:00; Bulgarian 10:30; Burmese 10:30; Cantonese 7:00; Chinese (Mandarin) 7:00; Creole 5:15; Czech-Slovak 21:00; Dari 10:30; English (Africa) 70:00; English (Caribbean/American Republics) 44:30; English (East and Southeast Asia/Pacific) 70:00; English (Middle East/North Africa/Europe) 129:30; English (South Asia) 42:00; English VOA Europe 70:00; Estonian 8:45; Farsi 28:00; French (Africa) 32:30; Georgian 5:15; Greek 3:30; Hausa 6:00; Hindi 10:30; Hungarian 17:30; Indonesian 21:00; Khmer 14:00; Korean 7:00; Lao 7:00; Latvian 8:45; Lithuanian 8:45; Pashto 10:30; Polish 28:00; Portuguese (Africa) 17:30; Portuguese (Brazil) 7:00; Romanian 15:45; Russian 98:00; Serbo-Croatian 8:45; Slovene 3:30; Spanish (Latin America) 47:00; Spanish Radio Marti 168:00; Swahili 5:00; Tibetan 1:45; Turkish 7:00; Ukrainian 28:00; Urdu 14:00; Uzbek 14:00; Vietnamese 14:00; Total broadcasts 1367:00.

U.S. AM Stations by Frequency

Editor's Note: Clear stations appear in boldface type. Refer to the frequency heading to determine if the station is a class I-A or I-B. All other stations operating on these frequencies are class II. For an explanation of AM stations classes, see the FCC Rules and Regulations in Section A.

Radio Formats Defined

Broadcasting & Cable Yearbook defines a radio format as programming broadcast over 20 hours weekly. Programming broadcast from one to 20 hours weekly is defined as special programming. This is not a hard and fast rule, however. Some stations may report programming unique to their main programming format(s) as "special" programming regardless of the number of broadcast hours.

Most stations broadcast one format, though some stations report having two or more formats. A station that lists four or more formats is categorized as "Variety/Diverse." Formats which did not fit into a specific category (such as beach music) are listed as "Other."

At present, *Broadcasting & Cable Yearbook* recognizes 71 different formats. These formats are listed below, with appropriate definitions.

This listing is followed by a breakdown of U.S. Formats by State and Province. The chart on page B-524 gives a breakdown of radio programming by AM/FM and commercial/noncommercial stations in the U.S. and Canada.

Adult Contemporary—Recent popular songs, with a few oldies. The songs tend to be upbeat and soft. News and talk segments are prominent during rush hour "drive times." Also known as "Lite."

Agriculture & Farm—News, weather and features of interest to farmers and others involved in agriculture.

Albanian.

American Indian—Programming for North American Indians, includes native language (i.e. Navajo) broadcasts.

Arabic.

Armenian.

Beautiful Music—Uninterrupted, instrumental soft music. There is usually very little talk, and few commercials. Also known as "Easy Listening."

Big Band—Popular music from the thirties and forties. Primarily instrumental works by bands such as Glen Miller's Orchestra and Tommy Dorsey. Also see **Nostalgia**.

Black—Music, talk and news targeted at Black listeners. Music at these stations is similar to Urban Contemporary stations, but this format caters more directly to the interests and tastes of Black audiences.

Bluegrass—Related formats are Country and Folk.

Blues—Some Jazz and Progressive stations also program blues music.

Children—Programming for children, usually for educational purposes. Includes music, informational programming, and news presented for young people.

Chinese.

Classic Rock—Popular rock music of the seventies and eighties. Also see **Rock/AOR**.

Classical—Classical music, often long pieces played without interruption. Announcers provide extended commentary and criticism on the pieces. Special features, such as live concerts, are common. Primarily a noncommercial FM format.

Comedy—Recorded stand-up comics and/or old radio comedy series. A rare format.

Contemporary Hit/Top-40—Current hot selling records. Usually a playlist of 20 to 40 songs continuously played throughout the day. DJs are often upbeat "personalities." News and information are given light coverage.

Country—Country music, ranging from older traditional country and western to today's "Hit Country" sounds. The amount of news and talk on country stations varies widely from station to station.

Croatian.

Czech.

Disco—High-energy dance music first popular in the seventies. Also see **Black** and **Urban Contemporary**.

Drama/Literature—Dramatic readings, poetry, and broadcasts of live dramatic performances. A rare format in the U.S. and Canada.

Educational—Informative and instructional programming, such as over-the-air college courses. Primarily a noncommercial format.

Farsi.

Filipino.

Finnish.

Folk—Played full-time on very few stations, American folk music is also heard on noncommercial Variety stations. Also see **Bluegrass**.

Foreign Language/Ethnic—In addition to the specific language categories (i.e. French, German), this format denotes multilingual stations and others catering to ethnic minorities.

French.

German.

Gospel—Especially popular in the South, evangelical music is programmed on many Religious format stations.

Greek.

Hebrew.

Hindi.

Hungarian.

Irish.

Italian.

Japanese.

Jazz—Primarily a noncommercial FM format. Some Classical stations program jazz music features.

Jewish.

Korean.

Lithuanian.

MOR (Middle-of-the-Road)—Traditional AM format featuring a balanced mix of music, news and talk. Songs are usually popular standards. Announcers are often personalities who try to keep the listener interested and informed. News, both local and national, plays an important role at most MOR stations; coverage of sporting events and other features of interest to the community is common.

New Age—Soft "fusion" (a form mixing elements of jazz and rock), often played as background entertainment. As the name implies, this format is a recent development.

News—Continuous coverage of local, national and international news, including sports, weather forecasts and features.

News/Talk—Combination of news and talk formats. One of these elements may receive more emphasis. Also see **News** and **Talk**.

Nostalgia—Popular tunes from the thirties, forties and fifties. Nostalgia stations often feature on-air personalities, and usually have heavy news and information coverage.

Oldies—Hit songs from the fifties, sixties and seventies. Usually played by upbeat DJs, with news, talk and

special features (chart countdowns, trivia contests, etc.) playing an important role.

Other—Programming which falls outside the categories listed here.

Polish.

Polka—Music for the traditional dance. Most polka format stations are located in Wisconsin.

Portuguese.

Progressive—Progressive stations play many types of music, often including avant-garde music not played on conventional stations. Primarily a noncommercial format, common among college radio stations. Also known as "alternative."

Public Affairs—Community interest programming (i.e. broadcasts of city council meetings.) Many noncommercial, News, and Talk stations cover local issues on news features or talk shows.

Reggae—Jamaican music. Often played on Progressive stations.

Religious—Inspirational/spiritual talk and music. Most religious stations air Christian sermons or songs. Also see **Gospel**.

Rock/AOR—Rock music from the sixties to the present. Album-oriented-rock features music "sweeps," or uninterrupted sets. News plays a secondary role. Also see **Classic Rock**.

Russian.

Scottish.

Serbian.

Slovak.

Slovenian.

Spanish.

Sports—Play by play and taped coverage, sports news, interviews, discussion.

Talk—Topical programs on various subjects. Includes health, finance, and community issues. Listener call-in and interview shows are common, and the host's personality tends to be an important element. Many talk stations air national satellite-delivered talk programs. News, sports and weather are usually emphasized during "drive times." Also see **News** and **News/Talk**.

Ukrainian.

Top 40/Contemporary Hit—See **Contemporary Hit/Top 40**.

Urban Contemporary—Dance music, often from a variety of genres (i.e., rhythm & blues, Rap). Most Urban Contemporary stations emphasize music by black artists. Also see **Black** and **Disco**.

Variety/Diverse—A station listing four or more formats. Typical of noncommercial stations.

Vietnamese.

Women—Programming for women. Emphasis on news and information, pertaining to women's issues.

U.S. Radio Markets: Arbitron Metro Survey Area Ranking

This chart ranks the 263 radio markets by Metro Survey Area population (see also the following chart of rankings by Total Survey Area). Figures include all persons aged 12 or older and are based on 1990 U.S. Bureau of Census estimates updated and projected to January 1, 1993. Data reflects the Fall 1992 Arbitron market definitions.

A single asterisk (*) following a market name indicates that the market is embedded in a larger nearby market. See *U.S. Radio Markets* beginning on pg. B-577 for details. The double asterisk (**) following the Monmouth-Ocean, NJ, market indicates that Monmouth County is included in both the Monmouth-Ocean, NJ, and New York Metro markets. The triple asterisk (***) following the Manchester, NH, market indicates that a portion of Rockingham County is included in both the Manchester, NH, and Portsmouth-Dover-Rochester, NH, markets.

1. New York	14,077,500	71. Knoxville, TN	525,500
2. Los Angeles	9,607,400	72. Toledo, OH	510,200

U.S. Radio Markets: Population Ranking

This chart ranks the 263 radio markets by Total Survey Area population (see also the preceding chart of markets ranked by Metro Survey Area). Population figures include all persons aged 12 or older and are based on 1990 U.S. Bureau of Census estimates updated and projected to January 1, 1993. Data reflects the Fall 1992 Arbitron market definitions.

A single asterisk (*) following a market name indicates that the market is embedded in a larger nearby market. See *U.S. Radio Markets* beginning on pg B-577 for details. The double asterisk (**) following the Monmouth-Ocean, NJ, market indicates that Monmouth County is included in both the Monmouth-Ocean, NJ, and New York Metro markets. The triple asterisk (***) following the Manchester, NH market indicates that a portion of Rockingham County is included in both the Manchester, NH, and Portsmouth-Dover-Rochester, NH, markets.

1. New York	17,272,000	71. Austin, TX	1,031,200
2. Los Angeles	13,149,000	72. Roanoke-Lynchburg, VA	1,017,800

Prior to 1971, data reflects factory sales by U.S. manufacturers plus those products imported directly by distributors or dealers for resale. All import statistics are based upon average value as published by the U.S. Department of Commerce, which is F.O.B. and therefore excludes U.S. import duties, freight charged from the foreign country to the United States, and insurance.

U.S. Radio Audiences

Radio was in more U.S. homes than ever as 1993 approached. The Radio Advertising Bureau (RAB) estimated that 99.9% of 94.4 million U.S. homes were radio-equipped as of January 1, 1992. RAB also estimated that the number of working-order radio sets in the United States totaled 557.8 million in 1992: 355.5 million of these were home and personal radio sets; 202.3 million were out-of-home receivers.
