MANY COMPANIES PICK A LENDER WITHOUT INDUSTRY EXPERIENCE. ONCE.

That's usually enough to learn the lesson. Because without extensive knowledge of your industry, a lender may be able to provide financing, but they won't be able to structure that financing to work to your maximum benefit.

The rare combination of financial and industry expertise is the hallmark of The CIT Group/Equipment Financing Media/Communications unit.

Rather than chasing after the hot industry-of-the-month, we are a reliable lender to those industries where our experience brings added value to our clients. It is our knowledge of specific conditions and constraints that has helped us become a premier value-added lender to companies involved in broadcasting and a variety of other related fields. As America's most experienced asset-based lender, we help businesses tap the equity in their assets for the money they need to grow.

To find out how we can put our experience to work for you, contact Stephen Turpin at 770-551-7847 or visit our website at www.citgroup.com.
