CALL OR
WRITE TODAY

We carry a large supply of cords, receivers, monitor and mic-line amplifiers.

Please write or call for further information and printed material on our Audioclarifiers and amplifiers.

Audio Implements GKC is a small company located in Waukesha, Wisconsin, a suburb of Milwaukee. We invented this ear piece and have manufactured it since 1967. All major television networks use our products and have for many years. We hope to have the opportunity to be of service to you.

The On-Camera Audioclarifier is used mostly for talent. It comes with six different size ear tips or a custom ear piece. Both custom and tip models are also used for security and surveillance work.

**CALL OR
WRITE TODAY**

We carry a large supply of cords, receivers, monitor and mic-line amplifiers.

Please write or call for further information and printed material on our Audioclarifiers and amplifiers.

Audio Implements GKC is a small company located in Waukesha, Wisconsin, a suburb of Milwaukee. We invented this ear piece and have manufactured it since 1967. All major television networks use our products and have for many years. We hope to have the opportunity to be of service to you.

The On-Camera Audioclarifier is used mostly for talent. It comes with six different size ear tips or a custom ear piece. Both custom and tip models are also used for security and surveillance work.
