

Easy guide to Yearbook use

The information in this book is massive (more than half a million words), but it has been organized for speedy reference. There are six main sections. Here are the titles and locations of these sections and brief descriptions of what they contain. (Pages, incidentally, are numbered in two sequences—A and B. The A series is the front part of the book. The B series is the back. Page B-1 follows the last A page which is A-476.)

Market Facts for All U.S. Counties (pages A-17 through A-98): Current statistics showing total homes, television homes, radio homes, retail sales, food sales, drug sales and passenger car registration for each county in the nation.
