AMERICAN-BOSCH CentrOmatic RADIO

—and metal tubes, hand you 7 Start-
ling Guaranteed Radio Improvements!

1. More stations yours to enjoy.
2. Better, clearer tone.
3. Greater freedom from noise.
4. Tuning made easier.
5. 90% less wiring.
6. 104 trouble sources banished.
7. Extra performance from new metal tubes.

\$ 49⁹⁵

Model 510E—5 tube, 8 tube performance, standard and police bands superheterodyne Console radio. Range includes 540 to 1500, and 1500 to 3600 Kilocycles.

AMERICAN-BOSCH Radio presents the most revolutionary departure in radio engineering ever made—the *CentrOmatic Unit!* Its effect on radio performance is even more far reaching, more sensational than the new metal tubes alone (which, of course, these American-Bosch sets contain).

Entirely different from anything you have ever seen! All the radio elements are centralized in the separate CentrOmatic Unit—that's why CentrOmatic Radio is entirely different in performance from any previous radio experience you have ever had!

Surely your new radio must have the new metal tubes! Just as surely your new radio must have CentrOmatic engineering. *Only American-Bosch Radio gives you both!*

News and Comment

THE response so far, to the RADIO LISTENERS' ALLIANCE program preference vote is exceeding all expectations. Many surprising facts are shown, but it is, of course, too early to predict what programs, or types of broadcasts, are most in favor with the radio audience.

Balloting will continue for some time, and if every listener interested in definite programs will express their preferences through this ballot, it will serve a most useful and constructive purpose.

One listener writes, when sending in his ballot:

"Mark Twain used to say that everybody TALKS about the weather, but no one ever DOES anything about it.

"If you don't like this or that program, it's much better to boll over and express yourself than to stew about it in silence."

The RADIO LISTENERS' ALLIANCE, as an unbiased clearing house for listeners' opinions, is "doing something about it." Many thousands of votes will be tabulated, and the results transmitted to the broadcasters, who likewise can "do something about it." Sponsors and broadcasters have no way of knowing how listeners regard their programs unless the listeners themselves freely express their opinions COLLECTIVELY.

When you fill out the RADIO LISTENERS' ALLIANCE Program Preference Ballot, you NOMINATE the programs and artists that you wish to hear in your home. Your vote is important, *as are the votes of your radio friends.*

Sponsors and broadcasters are only too glad to provide programs that listeners prefer to hear.

Another Listeners' Alliance correspondent writes:

"It is easy to see that without listeners' opinions, producers of radio programs must take "a shot in the dark" when selecting a new program feature for broadcast. There are millions of listeners, each with their own opinions, for and against. Your Radio Listeners' Alliance ballot seems to me the simplest and most sensible way to determine if this or that program is really going over. But

enough listeners must vote. Here is my vote and I am going to suggest to all my friends to send their votes along."

Our good correspondent is right. The RADIO LISTENERS' ALLIANCE Ballot (see pages 19 to 22), if used by a large number of listeners, can save many "headaches" to broadcasters and many "earaches" to listeners.

Byrd to Receive CBS Medal in Reunion Broadcast

Radio, the medium that kept the Byrd Antarctic Expedition in touch with the world during twenty long months at the South Pole, will reunite its members in a special program to be heard over the Columbia network on Wednesday, September 25, from 5:30 to 6 p. m., P. S. T.

During the reunion broadcast Rear Admiral Richard E. Byrd will be presented with the Columbia Broadcasting System Medal for Distinguished Contribution to Radio, awarded March 31, 1934. The insistence of Admiral Byrd's doctor that he rest completely has delayed the formal presentation. The medal has been awarded to only five other persons—Col. Charles A. Lindbergh, Sir John Reith, director of the British Broadcasting Corporation; Amelia Earhart, Leopold Stokowski and Nino Martini.

Mrs. Herbert Hoover, wife of the former President and long noted for her interest in Girl Scout activities, will speak in connection with the annual convention of the National Council of the Girl Scouts of America Tuesday, September 24, 1 p. m., P. S. T., over a nation-wide NBC-KGO network from San Francisco.

Tibbett to Stress American Songs for His New Series

LAURENCE TIBBETT, seeking the acceptance of American music on an equal level with the works of acknowledged European masters, will stress native compositions during his forthcoming series over the Columbia network. His broadcasts will be heard Tuesdays from 4:30 to 5 p. m., P. S. T., starting September 24.

The Metropolitan baritone will draw on the best works of Tin Pan Alley, negro spirituals and cowboy ballads, giving them equal prominence on his program with the best known operatic arias and classics of the concert platform. Tibbett advocates that artists of reputation should use their talents to convince his country's music lovers of the worthiness of our native music and intends practicing what he preaches.

"Nothing annoys me quite so much as the unthinking worship on the part of so many people of melody that comes from abroad just because it is written by a foreign composer and the unreasoning scorn that is turned by these same people on American works just because they are local products," Tibbett says. "We have every right to be proud of our best American tunes."

Radio Fans Page Rita Murray

Radio's "personality girl," Miss Rita Murray, returns to the air waves in a new series over KNX, every Wednesday evening at 8:30 p. m. Many times the question has been raised by radio listeners, "Where can we dial Rita Murray?"

BROADCAST WEEKLY found the answer when recently discovering Miss Murray making records for Australia. Her friendly chats won her a wide radio following some time ago, and her friends will be glad to welcome Miss Murray back to the air via the KNX air lanes.

"Music Maker" to Appear In October

A new monthly musical publication, edited by Redfern Mason, is scheduled to appear in a few weeks. A distinctive feature is the publishing of new original American music. From advance notices received, this publication should prove of immense value to ambitious, talented composers, and a most welcome periodical for the music lover.

Mr. Redfern, as editor, brings a sympathetic appreciation of musical values, with a most successful background as editor, writer and critic.

The board of examiners passing upon the new music to be published is headed by Alfred Hertz, and includes Mrs. Lillian Birmingham, Federation of Music Clubs; Henry

Cowell, Dr. Charles M. Dennis, Meredith Willson, and Walter J. Rudolph. A more detailed review of "Music Maker" will appear in an early issue of BROADCAST WEEKLY.

KMJ Airs Philco Amateur Contest

The weekly amateur contest broadcast over KMJ from the stage of the Warner Bros. Theatre in Fresno is approaching the time when the eight finalists compete for the grand prizes offered by San Joaquin Valley Philco dealers.

The first prize is a trip to San Francisco and an appearance on the Feminine Fancies program over the Columbia-Don Lee network. Second prize is a new 1936 Philco.

Final winners will be determined by votes from the radio audience received within one week after the final program from the Warner Bros. Theatre stage, about September 25.

Entry blanks and all information is available from any Philco dealer in the San Joaquin Valley.

Warnow's Music Will Have Big Rôle in Hayes Dramas

A new way of employing music as scenery for radio drama will be introduced on the weekly programs starring Helen Hayes to be broadcast over an NBC-KPO network starting Monday, September 29, at 9 p. m., P. S. T.

Mark Warnow, noted radio conductor and composer, will be musical director for Miss Hayes. He will work in close cooperation with the author of the scripts and a concert ensemble will respond to his baton.

Special tonal sequences will be composed for the Hayes broadcasts.

Baer-Louis Fight on NBC

THE heavyweight prizefight between Joe Louis, the brown bomber of Detroit, and Max Baer, former heavyweight champion, will be broadcast exclusively over combined coast-to-coast NBC networks, including Canada and Honolulu, from the Yankee Stadium in New York City on Tuesday, September 24 at 6 p. m., P. S. T.

A complete, blow-by-blow description, to be given from the ringside by NBC's ace sports announcers, will be followed by a summary of the contest. The entire fight and summary will be broadcast regardless of the length of the bout.

The Baer-Louis fight, which promises to attract the first \$1,000,000 gate since the days of Promoter Tex Rickard, will afford the winner a chance at the heavyweight crown now held by James J. Braddock.

**Glass Worker Walks 500 Miles
To Sing on Major Bowes' Hour**

Recently a 40-year-old glass worker arrived in New York with his 13-year-old son after walking most of the 500 miles from Pittsburgh. The glass worker, Alexander Roy, wrote a letter to Major Edward Bowes asking for a chance in the Amateur Hour. He got it Sunday night, sang "Softly as a Morning Sunrise," and another fine voice discovery was chalked up to the credit of Major Bowes' Amateur Hour.

Roy is the father of four children and he told the Major he "always wanted to sing but never had a chance." He talked the question over with his wife and they decided that he ought to come to New York and try for the Amateur Hour. It was the first time father and son had taken a trip together, but they described it as a "picnic," even though they walked most of the way.

Victor Young, maestro of the Chateau program, played a medley of Irving Berlin numbers in a recent program. Young was surprised when Berlin himself showed up for rehearsal. The composer was so intrigued by the arrangements Young had made of his numbers that he requested and

received an autographed copy of the score sheet from Vic. Incidentally Young himself is no amateur as a composer. "Sweet Sue" leads off a long list of hit tunes to his credit.

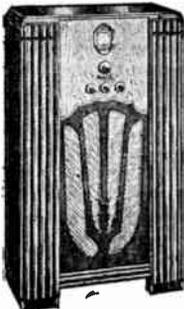

Al Pearce in Matinee Series

THREE half-hour matinees a week have been set for Al Pearce and His Gang in their new program series. Beginning Monday, October 7, Al and his sixteen singers and comedians and guest artists will be heard Mondays, Wednesdays and Fridays at 2 p. m., P. S. T., over an NBC network from coast to coast.

Pressed for details on the new series, Al said only, "It's just goin' to be the same old show we've always given—diff'rent every day. When we go on the air I'll just stand up to the microphone, like I always do, and introduce any one in the Gang who happens along."

The following artists will appear regularly: Mabel Todd, comedienne; Morey Amsterdam, world's greatest egoist; Arlene Harris, the Human Chatterbox; Harry Foster, romantic tenor; Lord Bilgewater, played by Monroe Upton; Andy Andrews, singing comic; Tony Romano, singer and guitarist; the Three Cheers, William H. Wright, and Tizzy Lish, dizzy cooking expert.

¶ As your eyes scan this print . . . your scribe will be fishing for flying fish in the dear old Los Angeles River. . . ¶ We read in a former edition of this magazine . . . that Tom KFRC Breneman . . . has the most misspelled name in Pacific Coast radio. . . We object . . . and at the same time claim the honor? . . . Here are a few at random . . . (These are the proper names we have been addressed . . . we'll skip the improper ones for obvious reasons.) . . . Coap . . . Koch . . . Coat . . . Coach . . . Coates . . . Koap . . . Pope . . . Choates . . . Koop . . . Cook . . . Coop . . . Choke . . . This could go on indefinitely . . . but who cares? . . . remind us to change our name to Haugen-grosschlagen . . . or sumthin equally simple. . . ¶ P. S. . . . Our creditors can certainly spell it correctly. . . ¶ While we are bragging . . . we resent a number of write-ups of claims for "scoops" by various stations on the recent tragic air crash . . . that

claimed those two noble American figures. . . Our program was just 25 minutes ahead of the so-called "scoops." . . . ¶ Here's the secret for the foist time . . . a stockbroker friend of ours . . . who is also a listener to our early morning air catastrophe . . . the Alarm Klok Klub . . . received the unconfirmed flash . . . via his northern stock wire service . . . He promptly phoned us at the station . . . and we immediately aired it . . . as an unconfirmed report. . . This was on the air before the news agencies got it . . . as near as we can ascertain . . . at least we claim that 25-minute jump on the lads who published the actual broadcast time of their "scoop." . . . ¶ Enough bragging . . . but give the man in the red tights his dues. . . ¶ KSL . . . Salt Lake . . . was originally called KZN . . . and bore the nickname . . . "Krazy Anne." . . . ¶ We nominate for clever call letter selections . . . KUMA . . . Yuma . . . Arizona. . . ¶ We nominate for dumb columns . . . this one . . . but after all it's the vacation spirit nipping on us. . . ¶ We recently conducted a "Joe Miller" joke contest . . . awarding an electric alarm clock each week to the winner . . . it taught us that if the contributions mean anything . . . listeners-in should be more tolerant of struggling air comics . . . one week we got seventeen duplications . . . and traced the "gag" to the current issue of a national weekly. . . ¶ We are of the firm opinion . . . that the simplest thing in life is to inspire tears . . . the most difficult . . . to cause hearty laughter . . . (especially on the radio . . . where the audience can't see the funny hats and faces). . . This is Funny Face Cope philosophizing at youse. . . ¶ We recently noted Charlie Sunshine Hamp's presence in S. F. . . . We didn't see CW in person. . . ¶ You can only see Chas.'s hat above the level of that big inverted sport bathtub on wheels. . . Wheel be seen ya. . .

Alexander Semmler Solos Greig Piano Concerto

Appearing with the CBS symphony orchestra on Sunday, September 22, at 11 a. m., Alexander Semmler, noted pianist, will play the Grieg A Minor Piano Concerto with the orchestra under the baton of Victor Bay.

It will be an all Grieg program. Other numbers include the suite "Aus Holberg's Zeit" for orchestra, and the Norwegian Dances Nos. 1 and 3.

CBS also announces the return of the New York Philharmonic Orchestra on or about October 13, with Otto Klemperer conducting. Arturo Toscanini returns later in the season. Detailed plans of the Philharmonic Society will appear in an early issue of BROADCAST WEEKLY.

Husing to Broadcast Major Football Classics During Coming Season

EVERY sectional football center of the United States is represented on the tentative schedule of football broadcast to be heard this fall over the nation-wide network of the Columbia Broadcasting System.

For the first time, Columbia will go into the Southwest to bring one of that region's major grid tilts—the game between Rice and Texas Christian at Fort Worth on November 3—to the CBS audience.

Ted Husing, Columbia's rapid-fire sports announcer, will describe 12 or more games during the season.

On September 28, Husing and Quailey will be at South Bend to report one of the strongest early games of the season—the Kansas-Notre Dame contest.

In the event the World Series in baseball is not going on, Husing will be at the mike in Evanston, broadcasting the game between Northwestern and Purdue.

One of the season's most promising games will be brought to the Columbia fans on October 1. On that date Husing and Quailey will man the microphones in Brooklyn for the clash between Louisiana State University and Manhattan.

On October 19, CBS will broadcast from Minneapolis where the University of Minnesota, last year's national champions, will meet Tulane, one of the South's strongest teams.

And one of the East's major contests—the annual game between Army and Yale—will be described by Husing from the Yale Bowl at New Haven on October 26. The game to be broadcast on November 2 has not as yet been decided on.

Other games on the tentative schedule are: November 9—Fordham vs. St. Mary's in New York, by tradition one of the most colorful inter-sectional games of the year.

November 16—Notre Dame vs. Army in New York.

November 23—Rice vs. Texas Christian at Fort Worth.

November 28—Pennsylvania vs. Cornell at Philadelphia.

November 30—Army vs. Navy at Philadelphia.

Ozzie Nelson's arrangement of "Tiger Rag" is being hailed all over the country as the raciest version of that torrid tune yet presented. Ozzie introduced the arrangement in the Bakers' Broadcast last spring and then had to repeat it by popular demand. When he comes back to the air October 6 for another radio season the tune will probably be heard again.

MICRO-SKETCHES

Although a lesson is emphasized, when certain gangster programs are aired, gruesome details do not provide entertainment. The radio is now established as a definite part of the family group, and its listeners include all ages. When the "youngest" set is tucked beneath bed covers the time has come to present this type drama. Many will agree—we hope.

A bit of humorous riddle-daddle is digested in the activities of Midge Williams, colored singer heard over the Don Lee network. It appears that she is voicing records, for a Shanghai (China) radio station. Midge offers songs translated into Japanese and is accompanied by a Filipino orchestra. Fortunately

There are no deep throated voices on San Francisco's ether today. The reason being that psuedo athletes, representing all ends of radio, are "stealing the bases" each week-end. Baseball has corrupted the idle hours of musicians, singers, actors, producers and now—editors and publicity men. The league, up to date, included the "nines" of NBC, captained by Meredith Willson; KFRC with Bill Pabst, as "clean-up man," the "bunter-outers" from Eddie Fitzpatrick's orchestra! Paul Pendarvis' "tooters" and Griff Williams' aggregation. These bands are heard via NBC. KFRC's "fence busters" vanquished the Willson "hole-in-the-bats" by a score of 24 to 7. Now the scribes are up in their "mitts" and have lured All-American Lloyd Yoder, press chief from the Sutter Street nine. With questionable aid from radio editors, press agents and free "lancers," including this writer (who has seen second base only from a distance) they hope to uphold their motto, which is "nobody is more 'batty' than we."

A society matron once remarked that "to broadcast was simpler than lifting a tea cup." A radio executive friend suggested that she, in the spirit of fun, speak before a "dead" microphone. She agreed and did so for several minutes. However, during this bit of bravado, a whisper from an announcer informed her that she was really on the air. The poor woman collapsed. Most things appear "simple" from the sidelines.

Characters heard on NBC's One Man's Family program are to follow the long conspicuous trail of posterity. Several manufacturers are naming articles of clothing after these ether personages. It must be gratifying to the author, to have his brain children become such a definite part of every-day life. (Even if his name isn't attached to a linen shirt.)

* * *

The Mail Bag: Al Pearce et al. can be heard from KPO net, Friday, 6:30 p. m. . . . Norman Nielson is devoting his talents to the eastern musical comedy stage. . . . Bobbie Deane and hubby Ted Maxwell, are at the NBC studios in Chicago. Maxwell is often heard on the "Lights Out" broadcasts. . . . Cecil Barker's shows over KYA are improving. . . . Milly and Billy are not on the air at the present time. Ruth Fisher is with the Pan-American Airways. Production Manager Harry Rogers of KYA has a winner in the Opera Mirror, featuring an octette and Trobbe orchestra. . . . Gene Sullivan, one of the most consistent announcers on San Francisco air, is voicing the ship broadcasts. To Gladys Norton . . . thanx.

KNX Inaugurates Additional News Edition

KNX, "The Voice of Hollywood," has inaugurated a new edition of the KNX Newspaper of the Air, bringing the total news output of the station to six full fifteen minute periods a day.

The new edition is presented each morning at 7:30, and is known as the "Breakfast Edition" of the Newspaper of the Air. It comprises fifteen minutes of world-wide news happenings compiled from United Press, Transradio and other services feeding the KNX News Division.

Inauguration of the new early morning news period means that KNX broadcasts a solid hour and a half of news six days a week.

New Program from U. S. C.

From the studios of the University of Southern California comes a new program titled the "Organ Log," broadcast by KNX each Friday afternoon at 3:15.

Willard G. Smith, Professor of the U. S. C. Pharmacy Department and an accomplished musician, will accompany his organ recital with bits of philosophical discussions of famous organist-composers and interesting historical points on the development of pipe organs.

Professor Smith is also chief organist of a prominent Pasadena church.

Ted White, NBC tenor, is no longer a commuter. The singer has moved to San Francisco, subletting a studio apartment on Telegraph Hill which belongs to the Peruvian Consul, now on a three months' holiday in his homeland. . . . Oddly enough, the studio has not a Latin-American touch in its furnishings; it is decorated throughout in the modern manner.

Donald Stuart, who is Percy the Playwright on the Carefree Carnival, admits to three major superstitions. He doesn't believe in:

"Opening an umbrella in the house (because it's so unnecessary)."

"Walking under a ladder (it leaks, anyway)."

"Placing shoes on the table (without my feet in them)."

Sigmund Romberg, on the air again each Tuesday night over an NBC network with Deems Taylor, scoffs at those who say radio is too hard work. Romberg considers writing an original number or two a week and rehearsing his orchestra to be nothing very difficult.

Male Chorus Parade Makes Bow

Bringing the most outstanding male choruses on the Pacific Coast to western listeners, the Columbia-Don Lee Broadcasting System inaugurates an extended series of programs entitled "Male Chorus Parade" with the opening presentation set for Wednesday night, September 25, from 8:15 to 8:30 o'clock.

The initial program features the famous Olympic Club Glee Club of San Francisco, a music group of seventy-five male voices, which was organized fifteen years ago. In addition to being one of the largest vocal organizations in the West, it is likewise considered one of the best. The Club is directed by Henry L. Perry, prominent musical conductor.

Selections to be heard on the program are: "One Night of Love," by Berlin; "Land Sighting," by Grieg; Heidelberg Stein Song from "Prince of Pilsen"; and "The Night Is Young," by Romberg.

The Olympic Club Glee Club is prominently identified with music on the Pacific Coast, and each year is featured at the famous Bohemian Club's summer encampment at Bohemian Grove, a rendezvous of celebrated authors, playwrights, and musicians.

*American Legion Commander
To Speak*

The new National Commander of the American Legion, to be elected at the convention in St. Louis, will speak over the Columbia network on Thursday, September 26, from 7:15 to 7:30 p. m., P. S. T.

Earl Lee, NBC character actor heard on the Sunday Special, holds the San Francisco record for long runs in theatrical engagements. . . . Lee was featured as Cousin Henry in White Collars, for six months at the Capitol Theatre . . . then followed an engagement in Henry Duffy's production of "The Best People," which ran at the Alcazar Theatre—also for six months.

RADIO LISTENERS' ALLIANCE

OFFICIAL BALLOT

October 1, 1935

PURPOSE OF THIS BALLOT

IN THE belief that the stereotyped "Popularity Contest" is inaccurate as a means of determining program values from the listeners' viewpoint, and that it unjustly reflects upon excellent artists and programs through commercial and biased activities in accumulating "votes," the Listeners' Alliance has been formed to gather absolutely unbiased information, with no commercial tie-in whatsoever.

Many prominent radio listeners, sponsors, stations and advertising agencies have approved the plan, and consider it the most valuable, practical and effective way to gain an accurate picture as to what radio programs listeners prefer to hear. Your cooperation, as a radio listener, will be of very great value to all concerned, in building new programs for the coming year, and your help will be both beneficial and appreciated.

This ballot is for the purpose of gaining an accurate and unbiased idea of (1) **RADIO PROGRAMS NOW ON THE AIR THAT LISTENERS PREFER TO HEAR**; (2) Discontinued features and old favorites that listeners would like to hear again; (3) Subjects and types of programs **NOT ON THE AIR** that listeners would like to hear; (4) Opinions as to how broadcasting may more **COMPLETELY** entertain and serve the

listener; (5) Stations about whose programs listeners desire **COMPLETE** information; (6) Artists who particularly please listeners.

This information is not for publicity purposes but to indicate LISTENER PROGRAM PREFERENCES. Names of individual listeners and their expressed preferences will be held in the strictest confidence. Tabulated results of the vote as to listener preferences, will be sent to stations, artists, or sponsors concerned, as ballots are received and tabulated.

By casting your vote on this ballot, you may have a voice in determining many of the coming seasons' new programs.

How to Vote

Fill in the blank lines under each question, in the order of your preferences. When your ballot is completed, mail to J. L. Robertson, Secretary, "RADIO LISTENERS' ALLIANCE, care BROADCAST WEEKLY, 1114 Mission Street, San Francisco. There is no cost or obligation involved.

There will be at least one

visiting fireman in the audience of the Carefree Carnival on October 26, for his wife has written to NBC to make certain tickets will be reserved for them on that date. "My husband is a fireman and will have his vacation in October," she says. "We plan to be in San Francisco on October 26, and are looking forward to seeing the Carnival and all the artists whom we have been enjoying over the air."

JOAN BLAINE
 Star of the "Life Story of Mary Marlin"

The mammoth skull of an Indian, who went to the Happy Hunting Grounds many, many years ago, is startling visitors at the Birt Fisher (manager of KOMO-KJR) home these days. The skull, a grisly thing to dig up in anybody's backyard, was unearthed recently from under seven feet of ground during excavations at Fisher's home. Coroner Mittelstadt was sent for, and after a careful examination, it was decided the skull, due to its enormous size and peculiar bony structure, belonged to a mature Indian. The teeth, still sound and white, exposed in a grim and deathless grin, send a chill through spectators who view it at the Fisher home at Three Tree Point near Seattle.

KOL dialers are remembering the time for "Connie's Adventures," a new program released every Sunday, Tuesday and Thursday evening at 8:15 p.m. The story deals with the adventures of a mother, played by Ada Daniels; her daughter, who is studying to be a beautician, played by Rita Roberts, and her country cousin, Lucy, played by Dorothy Weller. This fifteen-minute program is written by Byron Fish and produced by Dick Lackaye.

Helen Hayes, who won't
 do any more acting in this
 country until after the first 13
 weeks of her radio program
 which starts late in September,
 is in London to try out a new
 play, "Victoria Regina," in
 which she will open on Broad-
 way in December.

Deems Taylor named Rudy
 Vallee, Sigmund Romberg,
 Paul Whiteman, and Jimmy
 Wallington for his all-star
 radio program in a recent
 magazine article.

KOL is all in a dither over the resignation of Hec Chevigny, the Northwest's ace continuity writer, who shortly leaves for Hollywood. Chevigny, creator of the noted "Pioneers" series, stories of early days in the Northwest, for the past year has been lecturing on playwriting at the University of Washington. Beyond saying he is going to Radio's Coast capitol, Hec is mum about his plans.

Bernice Claire, heard on the "Melodiana" program over CBS, has just had a full page of her pencil sketches of the prominent radio artists accepted for publication in an early issue of a national magazine published in New York.

CLAY LANDON
 Popular banjo artist heard over
 CDLSB network

KFOX's "Los Caballeros" is registering a hit with fans who have traveled in Latin-American countries and are, therefore, able to appreciate Mexican and Spanish music done in the true foreign style. The program, under the direction of Tony Seine, offers native instrumental selections excellently done by a typical Spanish orchestra. Mr. Seine, who announces the program, is a Mexican by birth and a fluent speaker in both Spanish and English.

"Los Caballeros" is heard over the Long Beach station Mondays, Tuesday, Thursdays and Fridays at 3 p. m., Wednesdays at 2:15 p. m. and Saturdays at 2:30 p. m.

Barry McKinley, "Dreams Come True" baritone, got a renewal this week. Ohio's Musical Union informed him that he was to continue in the capacity of "Ambassador of Melody" from that state, the title conferred upon him by former Governor White.

A West Coast studio has ordered a "thriller" screen story prepared along the lines of the Buck Rogers program. Curtis Arnall, who plays the lead in the air show, may appear in the film next spring if time and contracts permit.

It was a narrow escape for
 Ken Stuart, noted KOL sports
 broadcaster, who was almost
 the victim of a plane tragedy
 recently, while flying back
 from the Ellensburg Rodeo
 with John C. Stevenson,
 County Commissioner. At an
 altitude of 8000 feet, a motor
 cylinder head of the plane
 cracked and the pair were
 forced to land. Neither were
 injured, but admit they were
 badly scared.

Look for Jane Froman's early airdate on the Paul Whiteman guest star lineup.

THE Broadcasting Corporation of Japan is preparing to shift stations for broadcasting during the winter months. For a period of several days station JVN on 10.66 meg. was used to broadcast the international programs simultaneously with JVH on 14.60 meg., and it is expected that the former transmitter will probably take over this broadcast in the near future.

On Monday and Thursday afternoons, JVM on 10.74 meg. is now operating simultaneously with JVH, and will probably replace it within a few weeks.

Station JVT on 6.75 meg., which carried the daily 1 to 4:40 a. m. broadcasts last winter, has been heard testing near 12:30 a. m., and will undoubtedly resume these transmissions in place of JVM before long.

3LR of Melbourne, Australia, has now adopted a new identification signal to rival that of 2ME's "kookaburra." The management of 3LR went deep into the Victorian forest of South Australia to record the peculiar call of the "lyre bird," a fowl similar to a peacock, with tail feathers in the shape of a lyre. The new identification is put over the air at 11:55 p. m. daily, and at irregular times during the 12:15 to 4:30 a. m. broadcast.

If present reception is any indication of what may be expected during the coming months, this fall and winter will bring some of the best shortwave receptions ever experienced on the Pacific Coast. Many South American broadcasters, which are heard with maximum volume in midwinter, have already attained a strength equal to that which was recorded in December of 1934, and it may safely be predicted that signals will continue to improve as the days grow shorter. At the present time, a great many Latin American transmitters may be heard every evening on the 49 meter band (5.80 to 6.80 meg.) between 5 and 7 p. m.

Not to be outdone by its sister station on 5.78 meg., station OAX4G of Lima, Peru, has added six days to its schedule, and is now broadcasting daily until 8 p. m., and Wednesday until 9. The frequency is 6.25 meg., and excellent reception has been reported in all parts of the Pacific Coast.

The Powerful transmitter on 5.89 meg. has now been definitely identified as HCK

of Quito Ecuador. Musical programs are released daily until 7 or 8 p. m., and the station has often been heard after 9 o'clock testing and phoning with YV4RC and TIGP.

The Thursday evening broadcasts from "Estacion El Prado" in Riobamba, Ecuador, have improved remarkably, and are now being received as far north as Seattle with good volume. Letters from listeners are read over the air during the "Mail Bag" period at 8:15 p. m., and not a few have been from California, Washington, and Oregon. PRADO operates on 6.66 meg. every Thursday from 6 to 8:30 p. m., and test broadcasts are often released on other days, but on no regular schedule.

The new Venezuelan station, reported in this section last week as YV8RV, has been identified as YV8RB of Barquisimeto. The transmitter works on an announced fre-

quency of 5.88 meg., and uses the identification slogan "La Voz de Lara." The daily schedule calls for operation until 7 p. m., but programs frequently run overtime as much as forty-five minutes.

HC2ET of Guayaquil, Ecuador, seems to have increased its power, and now reaches this country with good volume during its Wednesday and Saturday broadcasts from 6:30 to 8 p. m. A set of chimes is employed to precede every announcement, and the English language is used occasionally to facilitate identification. The frequency is 4.60 meg.

YVQ, a 20 kilowatt phone transmitter in Maracay, Venezuela, is reported to have a regular broadcast period every Saturday afternoon from 5 to 5:30 o'clock on 6.67 meg. Similar transmissions are also scheduled for Sunday between 8 and 9 a. m., and are relayed by YVR on 9.14 meg.; but it is doubtful if either station will reach out very far at that time of day as long as they use such high wavelengths.

The DX Corner

Positive identification of a station on 6:40 meg. which signs off irregularly between 6 and 7 p. m. is still lacking, but it is believed to be YV9RC, "Ondas Populares" of Caracas, Venezuela.

* * *

HCJB, Ecuador's famous "Voice of the Andes," has considerably improved its signal during the past two weeks, and is now being received well on a daily schedule, except

Monday, from 4:30 to 7 p. m. HCJB operates on 8.21 meg.

* * *

HJ3ABF of Bogota, Colombia, which sometimes uses the old call letters, HKF, will increase its power to 1,000 watts in the near future, according to information divulged in a recent test with W2XAF. This well-known Colombian broadcaster employs a frequency of 6.17 meg., and is on the air daily between 4:30 and 8 p. m.

* * *

New Cuban stations are now appearing in all parts of the dial, and although most of them should not exactly be classed as "DX," they will all be listed here together to avoid confusion. CO2FU on 8.31 meg. tests irregularly between 5 and 6 p. m.; CO9JO on 8.89 meg. follows a somewhat irregular schedule between 4 and 7 p. m.; and the latest and strongest addition, the call letters of which have not been definitely determined as yet, may be heard daily on 8.62 meg. near 6 p. m.

* * *

From Africa comes news that OPM of Leopoldville, Belgian Congo, is employed mainly for phone work with the mother country, but broadcasts are effected on Saturday between noon and 1:30 p. m., P. S. T. OPM operates on 10.12 meg., and will make a real DX "catch" for some lucky fan.

* * *

An unconfirmed report from Venezuela states that YV7RMO, which now operates only on the broadcast band, will shortly install a shortwave transmitter for work on 5.81 meg. Possibly this is the weak station which several listeners have reported on that frequency near 7 p. m.

SHORT WAVE FEATURELOG

Watch this new department for day by day American and Foreign features on the short waves. New stations will be added from week to week. Please cooperate by reporting reception to ALL-WAVE EDITOR, BROADCAST WEEKLY, 1114 Mission Street, San Francisco.
