

Great News!

Ampro's Cartridge Tape Recorder/Reproducer gives you 4 more ways to take the guesswork out of your studio.

1. "STRETCHED PEAK" LED RECORD LEVEL INDICATORS warn of excessive record level. Standard.

2. ELECTRONIC SPLICE FINDER positions splice between play head and capstan. Option.

3. RELOAD INDICATOR flashes the ready light after play until cartridge is reloaded. Standard.

4. DIGITAL MESSAGE TIMER gives a continuous 5-digit LED display of elapsed playing time down to the tenth of a second. Option.

Available in thirty-four different mono and stereo models to suit your studio's needs. Built for long, trouble-free life, Ampro Cartridge Tape Recorder/Reproducer is a system you can rely on.

It's Ampro Dependable...Ampro Tough!
