GUARANTEED PERFORMANCE!

One of the most important words in today's fast-paced broadcasting world is READY. Even better is ready AND WAITING! Sparta has the top product in its field . . . the professional GT12 Custom Turntable in synchronous or 4-pole versions . . . and one of its greatest beauties is that it is READY AND WAITING TODAY!

- The GT 12 is a fast-start turntable; 1/16 revolution at 33-1/3 RPM
- Illuminated speed indicators and up-front controls make for smooth operation
- One hand cueing or slip starting is designed in with Sparta's unique "Power Paddle"
- Exclusive acrylic deep pile friction pad won't wear out or lose its glow of color

UNIVERSAL PARTS INTERCHANGE is guaranteed by strictest machining standards! Complete or partial replacement of platter/shaft, well and bearing assure that your GT12 is NEVER OBSOLETE!

We recommend that you order now while stocks are complete from the full GT12 line of carefully matched accessories. The ST220 Tonarm (adjustable even to lateral balance) and Sparta TEP3 series preamplifiers (AM and FM RFI exclusion built in) are further guarantees of complete satisfaction with the GT12 system. Control room beauty and convenience will be enhanced with the addition of Sparta's "Showcase" turntable returns. Their finish is superb in mar-resistant walnut and neutral laminated plastics. Ample room behind their sliding doors for Sparta MA-series monitor amplifiers or other equipment and records.
