

here, WSSJ was in there also. WWSA-1290 has changed to WCHY, and is now relaying their C&W FM station during the wee hours, dropping Larry King, who, incidentally, suffered a mild heart attack in late February, with Jim Bohannon now doing the program six days a week, until King is able to return. (He's already back on his TV show--rce) On Wed. AM 2/25, there was what sounded like an off-frequency PFC on about 1288 kHz; anybody ID it? 'Twas gone next morning. WTJZ-1270 is now running AM, and is loggable here with "patience and fortitude" on KLS with WBR off - their format is black Gospel & phone-ins. Caribbean Beacon was on KS Fri & Sat. am till at least 0230 3/6-7 with REL programs, but not on Sun or Mon 3/6-9. Tough-to-verify WCRS-860, "CK" or "CK-36" was topping CBL here Mon 3/9 with deejay Roby, with oldies & dedications. No sign of WABO-1560-1200 here - very bad scheduling on this one, for WQXR's on till 0100, then signs off KMS, leaving 1560 nice and available in the East and WKDC should have been a cinch if they had been on after 0100 instead of 0015-0045. That kind of scheduling can sour a station on DXers! Time to dust off your FM sets, gong! Forward - March!

**Bill Harms**, Box 961 Red Aibling Station, APO New York, NY 09098  
How's DX on the other side of the Atlantic? Last night I fired up the rig and heard a few TA's. The Brazilian's on 1220 and 1040 were very strong. I finally got a clear ID from WQXR-1560 also. I heard a preacher on 1570, which I assume is the new station in Turks and Caicos. On to something else, I was nominated for President and the BoD in the current elections, however I chose not to run because I wanted to see some new faces join the hierarchy of the club. Just a few observations about my current term as a member of the BoD. It has been a fun and at the same time a challenging experience. I have seen some problems with personality conflicts between people, but for the most part people are willing to forget about these problems and go on to more important things. Bruce has nominated me to be the new publicity director for the club. I have been scouring over the comments which have appeared in the DXM on publicizing the club. Quite a few good ideas have been put forth. If you have more ideas of any further comments on the ideas that have already been put forth, I would like to hear from you. My mail box is always open. I will need some help with some of the ideas that I have, I may even sponsor a couple contests. Details will appear in a message that I will submit directly to HQ. Hang loose and let's make IRCA the best DX club around. One in which everyone who is a member can have fun contributing to. 73's von Bayern de WJH.

**Charles A. Taylor**, P. O. Box 346, Grifton, North Carolina 28530  
919-524-5760. Happy 23rd Birthday, IRCA! First of all, thanks to HQ for the membership list in edition 783. I copy these and put them in my DX log for future reference. I have a complaint about the list, a mild criticism: The Canadian membership is down at the tail of the list. Granted this is an international club; but it is, before all, a US and a Canadian club (as is the NRC). If I wrote the list, I would put the Canadian members up front at the head of the list. Anyway, I'm 40, happily married to Leonor (nee Lasao), a small, dynamic Filipina (much on the model of Pres. Corazon Aquino), with four young'uns. Am a VOA employee, working at the Greenville station; a Navy Viet vet; tech grade WD9INP; a sometime SWL and PM DXer, but a KW/AM DXer since 1958 or 59. My mother never more than tolerated my DXing and 'tronic, threatening to pitch the whole mess in the trash if my school grades didn't improve drastically (they did--eventually). Leonor is of a mentality to be a DXer, but pursues other equally strange activities instead, hi. See y'll in a few weeks or months. 73 de Charlie.

**John H. Demmitt**, Box A K0348, Bellefonte, Pennsylvania 16823  
The DX'ing hasn't been too exciting last week but there was a lot of interesting programming. KPH-131 Wichita, KS became a drive-in radio station when a motorist drove his car thru the front of the station protesting their programming as listened to music from another station. The traffic reporter landed his chopper at the station's parking lot and arrested the subject. The KPH traffic reporter happens to be a deputy sheriff. The national weather service has been generating a lot of phony weather bulletins as they play "war games" dealing with situations that might arise. The computer games were supposed to be for the WFO offices but somehow got plugged into a computer which transmitted the fake messages to TV and radio stations in the affected areas. One report told of the destruction of Rockford, Ill during severe weather conditions. Reports were carried by some radio and TV stations in IL and AL. The NWS corrected fake bulletins 5 minutes later. Other areas received false alarms during a two week period following this incident. Happened to catch the Blue Ribbon Panel - Tower commission report as the hearing panel gave its report. This was carried live by the Group W stations on Feb. 26th. At WLS-690, you never

know who is going to drop by and one such person happened to be Evil Knevil who happened to be in the area playing golf. He talked about golf, his broken bones and a haystack jump from an airplane which he will not do but will serve as an advisor for someone who is willing to take the plunge. Any takers? He now makes a living painting on commission. 73.

# ALASKAN AM-BROADCAST STATIONS

Freq.	Calls	Location	Power	
550	KENI	Anchorage	5000	
560	KVOK	Kodiak	1000	
580	KRSA	Petersburg	5000	
590	KHAK	Anchorage	5000	C-Quam Stereo
620	KPIEN	Homer	5000	
630	KIAM	Nenana-Fairbanks	5000	Prev. on 1270 thru 11-86
630	KJNO	Juneau	5000/1000	
640	KYUK	Bethel	10000	Prev. on 580 thru 5-86
650	KYAK	Anchorage	50000	
660	KIAK	Fairbanks	10000	
670	KDLG	Dillingham	5000	
680	KBRW	Barrow	10000

720	KOTZ	Kotzebue	5000	
750	KPOD	Anchorage	50000	Kahn Stereo
770	KCHU	Valdez	1000/500	
780	KNOM	Nome	10000	
790	KCAM	Glenallen	5000	
800	KINY	Juneau	5000	
820	KCBF	Fairbanks	50000	Kahn Stereo
830	KALN	Long Island-Big Lake	10000	
840	KSDP	Sand Point	250	Repeats KDLG-670
850	KICY	Nome	10000	
870	ESKO	McGrath	5000	
890	KHBT	Homer	10000	Prev. on 1250 thru 12-86
910	KIVU	Galena	5000	Repeats KSEA-FM PH, Eves.
920	KSRM	Soldotna	5000	
950	KRKA	Seward	1000	
950	KADD	Juneau (CP)	5000/500	Not yet on as of 2-1-87
970	KIAK	Fairbanks	5000	
990	KKFN	Fairbanks	1000	
1020	KCPA	Eagle River	10000	New, on air 12-25-86
1080	KASH	Anchorage	5000	(CP for 10000)
1140	KCSY	Soldotna	10000	
1170	KJNP	North Pole	50000	Dir. to NW Nights
1230	KIPW	Sitka	1000	
1230	KVAK	Valdez	1000	
1300	KRKO	Fairbanks	1000	
1360	WONG	Wasilla (CP)	5000	Not yet on as of 2-1-87
1450	KIAM	Cordova	250	
1450	KIAL	Unalaska-Dutch Harbor	50	Repeats KDLG-670

Above information is accurate as of February 1st, 1987.

To the best of my knowledge and observations KJNP is the only directional station broadcasting in Alaska.

Rod O'Connor, CC Box 1467, Kodiak AK 9961

## A DXer's TECHNICAL GUIDE

Now in its 2nd edition, this 120-page book answers questions on how receivers work, how to make them work better, what audio filters and loop antennas will do for you, how to build a beverage and phasing unit, and much more. Only \$5.50 for members, \$6.50 for nonmembers (\$2.00 extra for overseas airmail). Write IRCA, P.O. Box 21074, Seattle, WA 98111.
