J. Gillart

IN MEMORIAM

IT IS OUR SAD DUTY TO REPORT THAT ONE OF OUR MEMBERS, JOHN L. "ROY" BEER IS DECEASED. ROY DIED IN HIS SLEEP ON WED. DECEMBER 1ST. ROY WAS A VALUED EMPLOYEE OF THE EN-GINEERING DEPARTMENT OF KLZ, DENVER FOR OVER 25 YEARS. AT THE TIME OF HIS DEATH, HE WAS 55 YEARS OF AGE. HE IS SURVIVED BY HIS WIFE, MARIE, AND THREE SONS. ROY WAS NOT ACTIVE DXER, AITHOUGH HE ENJOYED READING ABOUT THE HOBBY. HE RAN A FREQUENCY MONITOR ING SERVICE IN DENVER AND PROVIDED THE IRCA WITH HIS LIST OF FICES. MANY OF OUR MEMBERS WILL REMEMBER HIM FROM THE DENVER NRC CONVENTION IN 1963 AND THOSE OF US IN DENVER WHO KNEW HIM QUITE WELL CERTAINLY FEEL A SENSE OF LOSS. MRS. BEER LIVES AT 1870 SO, CARR, DENVER, COLORADO FOR THOSE OF YOU WHO WOULD LIKE TO SEND AMESSAGE TO HER.

AND AND SALES OF THE SECOND NEW MEMBER DEPT.

Ontario, Calif. - S/off 0300 daily. Don Erickson-Galif.

Just a reminder to send tips to Denver after the 7th. After the 28th, they can come to Pueblo again. Deadline is Wednesday at both places. Sure will be nice to get back to some DX again. My HQ-145 is at the factory being repaired, and won't get it back till the end of the month, so will have to use my old SX-24 standby. If any of you guys get the chance, I'd sure like to have a letter from you. Don't have my log or anything with me here, so can't report any DX, so guess I might as well S/off till next week.

ADDRESS CHANGES

Once again, a reminder to get your change of address into HQ as quickly as possible. Don't just put it on the heading of your Forum report because it is not always picked up that way. Third Class Mail is not forwardable and costs HQ 8¢ to get back. No charge is made for address change but there will be a charge of 25¢ made for all bulletins returned to HQ because of an address change that we have not been informed of.

DUES EXPIRATIONS

With this issue: Mike Mitock, John Gifford, Dan Samer & Thomas Pryts Dec. 11th issue: Bruce Kirkpttrick, Charles Callahan, and Jody Coles Dec. 18th issue: Ronnie Coleman, Ev Watson, Jr., Arne Henden, James Elledge and John Turrietta.

Ellodgo and John Turriotta.

Dec. 25th issue: Randy Leo, Randall Reimer, Bob Astmann, Stegen Smith
Jan. 1st issue: Michael Gianunzio, Rusty Verner, Larry Becher, Bruce
Plasso, Gayle Herring, Ken Kramer, Paul Emch, Scott Shannen and
Ron Kusmack.

Tom Brent - 3293 Connaught Ave. - North Vancouver, B.C.

Greetings from the Golden West. First, since I'm a new member, I'll tell you a bit about dear old me. I'm 15, and in grade 10 at Delbrook Senior Secondary School here in North Van. I've been interested in DXing for about a year. Just when I got started this summer my old receiver decided to kick the bucket. It's not really worth fixing so I guess I won't be doing much DXing this winter, until I can save green stuff for a new receiver. I plan to arrange some DX specials in the next few months. I wrote to Bill Wilson asking if he could give me a little more information on the subject but he hasn't replied yet. I like the idea of a new BCB Log which was mentioned in the last Monitor. I would certainly like to work on one. Did anyone build the BCB Booster in the Winter 1965 Elementary Electronics? Is it really as good as they claim? I was thinking of building it, but a preamp isn't much good unless you've got a receiver to hook it to. Well, I'll sign off. 73. (Welcome, Tom. kgs).

all folks!"

John Richards Jr. - 4136 Briarwood - Palo Alto, Calif., 94306
Greetings. DX: WLS-890 on 11/11 from 1008-1033 and WGN-720 on 11/24 from 0035-0107.
Do these verify? (Yes, they do, John. kgs). To KGS: I have proof of WBAP change to WDAC with a report on 8/25. I'm not talking about the WDAC-FM in Lancaster, Pa.
To C. Allen Taylor: Although WPE calls are meaningless, I think they are good for beginning DXers. After all, the awards provide a drive to get as many states and countries verified as possible. Any more comments on this subject? 73.

Cray Scrimgeour - 1105 Virginia Way - La Jolla, California

KSWS-1020 verie says 9/16 was first day of modulation of new transmitter. No word of

RS. Ron Schatz - I agree; WPE's are for PE! Say, Ron: I use your Cuban list a lot;

how about the changes, but not a complete new list? Jim Foley - Your KAB is probably

RAB, 1613, an aircraft beacon in Rabinal, Guatemala. XEGM-950 is in EE now past 0050

and announces as "Rock-95 over San Diego." Last MM 11/29 was blah, but did get PJD2

fairly well, for country #36; ZBM1 poor. NHK sent some nice veries for a 9 month's

ago report; also sent back my tape and a set of wooden Kokeshi dolls! The only stat
ions that they verified were those on the tape; disregarded written reports, so tapes

to NHK from now on. v/s was T. Ohara, Mgr., Program Control Div., Overseas Bdcstng

Dept., NHK, Tokyo, Japan. Veries: KWSC, WMUU, K80W, WCKY, CKRM, KDKO, CBI. Domestic

veries are 21/22 for the year, but Hawaii 0/3! FLASH! Results are running 2-1 in

favour -- in favour of my name being Gary. Observe otherwise, please. Perhaps a DX

Marc Gottlieb - P. O. Box 674 - Grover City, California, 93433.

Hi everybody. Best wishes from Pismo Beach (I live on it). Received on table radio: WGY at 2100 (????) and WLS at 0400. My SX-96 is still not working. I have replaced the only bad tube, but get no stations, just dead air. It's not a speaker, prob. condenser. Any ideas? Thanks for QSLs. I like the new format on WC\*DX Roundup; very helpful if I could get the receiver perking. I don't think it is necessary for every time zone, though. (Would split up the work, though, Marc. kgs). Answer all letters. That's all here. Anyone want a clam?? (Pismo Beach still planning on a World's Fair, Marc? They say putting on one of them takes a lot of clams. kgs). Gray: Do you know of any members in San Luis or N. Santa Barbara Counties? (Yes, there are some. Don Erickson can send you a membership list for a SASE, I believe. kgs).

Brian Lund - 97 Frederick Avenue - Winnipeg 8, Manitoba.

Hi. Some DX - 10/25-SS(Prob. XERB) 1090 at 0525; 11/7-XEMO, 860 with EE s/off at 0302, coming in like a local (they do here, too, Brian). Veries from WTTH, WKBH, KXGO, WCWC, CFAC, WAKR, and a nice card from WTOP (first DC), WTIC (first Conn.), CKWX (first BC) neat one from Belize, and KMOX. Totals 441/75, states 38/33, provinces 7/5, countries 6/3. A foot of snow up here and plenty cold!! G-G-Good B-B-Bye, G-Good Luck, and G-G-Good D-DX!! 73! (Thanks for your message, Brian. kkggss!!).

Paul Emch - P. D. Box 324 - Trabuco Canyon, California, 92678.

Hi!! Only verie - CKWX. Who are the SS stations on these frequencies? 990, 1050, 1270, 1310, 1410, 1420, 1430, and 1470? All logged between 1230 and 1330. (Must be XECL, XED, XEAZ, XEC, KCAL, XEXX, and XEAU, Paul. Check for IDs; kgs). Does XEMO verify? (Yes). Bill Nittler: That's a good idea of putting together a log of our own. I think we should also have a section stating the verification policies. I am going to write to KWIZ and see if we can get a DX special. 350 members, but only 31 reported in the 6/11 Forum. How about more? 73.

Richard Brazier - 343 Fueqo Avenue - Pomona, California.

Greetings from the soggy far west of the Inland Empire! My first report; I'm 19 years old and an electronics major at Calif. State Polytechnic College at Pomona. WPE6GGM.

Late veries include: KTW, WSB, KTAR, KOOK, KCPX, WCAU, KOMA, KFRC, KIST, WING, KIJV, KRDS, KTUC, WBZ, WCBS, WABC, and CKBI. All of these count for both contests. Logged WHAS, WSM, KFJZ, KDKA all nights 11/11. KHAI at 0330; KWJJ at 1080. KWK 1380 at 0407. 11/12 - WCFL 0338. KCEM on 11/20. KHVH, 1040 11/22 at 0139; KTRG at 0307. Foreign stations in regularly HRN, Belize, Cuba-700 (????), KICY, PJB, TGJ allnight (????), and loads of Mexicans. CP4 La Paz, 1020 at 2131 (????), TGUX at 2135 on 10/21. BBC 1214 5 or 6 times around 0000-0100 (very weak). No TPs so far this season. Best DX!73.

# SPECIAL NEWS !!

As I mentioned a few weeks ago, SWL Publications is planning a magazine for radio listeners. I've just received some later information on the magazine, and it's definite now. The first issue will be out soon. Here is the substance of a letter from SWL Publications:

talk, it is fact. It is called <u>SWL NEWS</u>. Editor is James J. Howard. We hope you will take out a subscription. The subscription cost is \$4 a year. A monthly printed magazine. The January issue will be sent out between December 15 and December 31. SWL NEWS will have numerous illustrations and photos. We hope that you will supply some of these photos (send negative if possible). There will be news plus feature articles, DX map every month, news about stations, station personel, clubs, club leaders, etc. .. One of the feature articles for the January issue is "Radio Across Deep Space" by Dr. Anthony Michaelis. Read about: radio messages from other civilizations...what wavelength...what would the message from another civilization be like...read about CTA-102...What are the odds?...Read about Orson Welles 1938 broadcast...This is only one of the feature articles in the January issue!

\$4 for 12 issues, to <u>SWL Publications</u>, <u>PO Box 9768</u>, <u>Kansas City</u>, <u>Mo. 64134</u>." I have given a lot of space to this because of the feelings expressed by the IRCA delegates at the San Diego Convention; the delegates felt there was need and there would be support for a DXers magazine. In response to an enquiry, I was told that articles on the subject of medium wave DXing would be welcome. A magazine for our hobby would be good. For info, write to above address. And <u>mention IRCA</u> and <u>BCB DXing!!</u> kgs

despite this, most Dies have logged at least one or two stations from this state. nembers, Florida is the most distant of the 48 continental states, but Probably the most frequently heard stations are the VOA stations on 1040 and 1180 kc, and WCTO, WFLA, and WRUF. Florida comes in exceptionally well in Southern California for MM sign-ons. The jammers in Cuba on some of the frequencies sometimes cause problems. Watch for Florida stations to stay on all night during tropical storms. Also, some of the stations are in Spanish - both for Cuba and for Florida - and are

WGTO Cypress Gardens. Daytimer, so schedule varies. Heard well. QSLs. WQAM Miami. NSP with R&R. Sometimes in west with KSFO off (Sun. AM). Or when 580 590

KMON off (Tues. past 0300). MMs in midwest. Regular in south past 0000. QSL. WBDO Orlando. Good music. Off MM only at 0100. WIBW only interference in South.

WDLP Panama City. Seldom on top in Alabama, but sometimes under WPLO. 600

WPDQ Jacksonville. If AN, as it has been, KOGO is only QRM in the South. 610 620

WIOD Miami. Silent MMs only, from 0100. Best past 0000 in south, but much QRM. WSUN St. Petersburg. NSP. Try before other s/ons - fairly easy in south, west, and midwest. Only CKCK interferes. WAPE Jacksonville. R&R,NSP. Listen at sunrise in midwest, evenings in east. 690

Best when it goes to 50 km. in the morning. 710

WGBS Miami. Spanish from 2330-0030, "Radio Miami." Off at 0030 on MM. Good 740

WKIS Orlando. Used to be AN. C&W. KTRH and KRMG interfere in South.

WFUN South Miami. Only off 3rd MM (at 0000). R&R. Used to be regular on West 850 WRUF Gainesville. S/on at 0530 heard well in the west.

WEAT West Palm Beach. Silent only Sunday AM. 900

WSWN Belle Clade. O600 s/on in Calif. QSL.

920

WMEG Eau Gallie. Watch for O500 s/on in the west. WKXY Sarasota. Not AN. Try before 0000 in South. 930 940

WJAX Jacksonville. Rare in south. Under WKXY and othere.

WINZ Miami. NSP. R&R. Most evenings in South. WLOF Orlando. Off MMs only; DOOD. 950

970

WFLA Tampa. R&R. Silent SMs only. Often loud on West Coast. 990

WTOT Marianna. Frequent f/c's heard in the south.

WFAB Miami. 24 hours in SS (off MM at DDDD); "La Fabulosa." WHOO Orlando. Try in Calif. if 990 clear. Was AN R&R. Every night w/KNOX in 1040

VDA Sugarloaf (20 miles east of Key West). "La Voz de los Estados Unides de America" is scheduled from 1730–2330 and 0500–0900. AN sometimes (// 1180) during political crises. Regular throughout the continent, away from WHD. Roport to VOA, USIA, Washington, D.C. 1080 WJOE Port St. Joe. Try before SS s/off in south.

1110

WALT Tampo. At sunrise sometimes in south. 1140

WMIE Miami. In Spanish 24 hours a day; "La Voz de la Libertad." Boamed to Cuba at night. Off at 0100 MMs only. 1150 WTMP Tampa. Sunrise and sset in south.

1180

VOA Marathon Key. (cf. 1040 for schedule). WHAM is only interference. 1220

WMET Miami. Fulltime Spanish daytimer; "Radio Hora." EE s/on hrd in south. WNVY Pensacola. NSP, R&R. Every morning past 0100 in south. 1230 WJNO West Palm Beach. NSP. Sometimes u/WNVY. 1240

WMMB Molbourne. Fairly frequent past 0100 in Alabama. WDAE Tampa. Good music. Listen before 0000. 1250 1260

WAME Miami. Negro programming. Off MM at 0000. 1290

WIRK West Palm Beach. Have been AN. WIRL-KOIL interfere. 1320

WZOK Jacksonville. Not AN. Much QRM in Alabama.

1360 WKAT Miami Beach. NSp. R&R. Only past 0100 in south.

WCOA Pensacola. Off MMs at 0100. Watch for ET in Calif. Fairly well heard. WLCY St. Petersburg. R&R. Off MMs only. Occasionally in Calif. after 0400.
WMYR Fort Myers. D457 s/on often in Colorado. 1410

Florida (continued).

- 1420 WBRD Bradenton. Heard in Calif. in 1962 on special AN program. Verifies.
- 1440 WABR Winter Park. Once by Larry Schwartz in Calif. at 0500.
- 1450 WMFJ Daytona Boach. R&R, NSP. Mornings in south with many others.

WBSR Pensacola. Best in south on 1450. R&R,NSP.

WSKP Miami. NSP.

WSBP Sarasota. O500 s/on heard in California one summer.

- 1460 WMBR Jacksonville. R&R. S/off at 0000 or 0100; infrequent in South. WBAR Bartow. Calif. in Nov. 1962 at 0500 s/on. Verifies.
- 1490 WMBM Miami Beach. Negro programs. Off MM at 0000.
- 1530 WENG Englewood. Last season's DX made it throughout the country.
- 1570 WPAP Fernandina Beach. Loud on f/c if XERF ever off.
- 1580 WWIL Fort Lauderdale. Weak in Calif. (AN). Try 0000 s/off to east. 0345-0400 test on MM in west.

WSBP Chattahoochee. Has MM test, 0345-0400.

1600 WKWF Key West. Has SS from 0000-0600 daily. In west, try through the mess for hourly EE ID. Every evening in south w/WAPX.

Here are the times for sign-on and sign-off for daytime Florida stations.

Low-sun s/ons: 0400-0500 Low-sun s/offs: 1730-1800 High-sun s/ons: 0530-0600 High-sun s/offs: 1600-1700 Equinox s/ons: 0615-0645 Equinox s/offs: 1815-1845

Thanks to Ron Schatz, Dave Johnson, Park Barton, Larry Schwartz and Mike Shannon for useful information on Florida. We'll be having Massachusets, British Columbia, Wisconsin, and others soon. Please send any tips to Gray Scrimgeour, And raporteany changes in data here to DTI or the Forum, please.

WEST COAST DX FORUM

Larry Godwin - P. O. Box 1048 - Berkeley, California, 94701.

Hi gang! Greetings from the land of rainy weather, but I don't think it's affecting my DX. MMM 11/22 was a disappointment, and none of the DX shows were heard. I doubt that KPLS was on; KMER should have made it if it was on, with only an Oriental (prob. JOKR) for interference (Yes, JOKR;kgs). Fortunately AN KABL-960 was off, and I got a clear shot at 955. No sign of 965 this time, though; India might come through there one of these days. I talked to the KABL CE by phone, and he was very cooperative. Said the station will have to be off the air next weekend or the following one, and asked me the ideal time for the test to coincide with my DXing! (Did you tell him every MM, Larry?). I suggested next MM, so wait and see. I have a composite tape (very short)

me the ideal time for the test to coincide with my DXing! (Did you tell him every MM, Larry?). I suggested next MM, so wait and see. I have a composite tape (very short) of various time pips, etc., including North Korean, KBS, NHK, Peking and USSR; copies available if you'll send me a 3" reel. (With tape, Larry? kgs). After careful deliberation, I find that the South Korea (KBS) and NHK seem identical, the 4th note being a full-bodied tone. But the 4th note of the North Korean pips is not a tone, but rather just another pip, though higher than the other 3. (Does it squeak? If it does, you could call it the "pip-squeak,"Larry. kgs). I had the pleasure of meeting IRCA member Dave Martin of Santa Barbara the 23rd. He will be moving to this area in the near future. Good DX. 73, Larry.

Larry Lehmer - 420 North 28th Street - Council Bluffs, Iowa, 51503
Recent veries: v/l- WATW, XEHF, WHSM (returned tape), KSKY, WISM. V/q:- WBIR, WHBC, KUOM, CBO, WSMB. V/f- WKMC, WTIX sent 2 veries on a CM for reports of 1/20 and 6/65 f/up. I cannot answer any questions pertaining to the domestic contests without return postage. 73's.

Pat Laird - 55 3rd Avenue NE - Swift Current, Saskatchewan
Tonite I am listening to CBK, and is XEWA ever blasting it off the air, At times it seven comes over CBK. How many watts? (150 kw;kgs). Was XEWA the old station that used to be sort of a pirate?? (No, it was Robin Hood). Latest DX - XEWA, WSM, WBZ (who is the Latin under WBZ?) (Undoubtedly XEQR, R. Centro; kgs). Two New Yorkers; WCBS and WNBC (are these stations the main stations for NBC and CBS?) (Yes, NBC owns WNBC, WJAS, WMAQ, WRCV, and KNBR; CBS owns WCBS, WBBM, KCBS, KMOX, KNX, and WCAU.
6 is the maximum any network can own. kgs). It's snowing up here and it's cold.
PLEASE, someone write to me. Come on.???? WATCH THE LETTERS roal (?) in. 73's.

Remember to keep your standings for the contests up to date. And send your verification records to Bill Lipis, 839 Terra Lane, El Cajon, Calif. Time for DX Records soon.

## "AN OPEN LETTER TO THE MEMBERS"

Recently, a proposal written by Ron Schatz was sent to me for my vote. Ron's proposal says that "individual members of the Board of Directors may not be criticized for their manner of voting." I am voting against this proposal and I consider my vote important enough to explain to you, the members of our club. The right to criticize an elected official, whether he be elected to Congress, Town Council, or Board of Directors, is one of this country's basic freedoms. Once the right to criticize is taken away, the rest of our freedoms are not worth two cents. The members of the IRCA elected me to the Board so that I may represent them. It is my voting, as well as the voting of my fellow Directors, that determines the future of our club. If a member is not satisfied with the way I vote, or if he is not content with my reasons for voting the way I did, it is his privelige to criticize my votes and to question my motives. I would be more than glad to answer him to the best of my ability. I would also like to point out that by Sept., 1967 (date of our next election), the members of the Board will have voted on an impressive list of proposals; possibly numbering into the hundreds. There will obviously be new candidates for the Board who may not agree 100% with the incumbents. Only if criticism is allowed--IN THE BULLETIN, WHERE IT MAY BE VIEWED BY ALL--can the members be given a chance to choose their Directors on the basis of philosophy, instead of personality. If for no other reason but this one, the individual voting records must be open to criticism at all times. Thank you. Howie Modell, Director: Region #1, 22-36 Edgemere Ave., Far Rockaway, NY

C.M. "Stan" Stanbury II, Box 218, Crystal Beach, Ontario, Canada For any poor soul that came in late, this has to do with the mal location of R. Americas, and Don Jensen's work on same. All right, straight from the horse's mouth. From a Jensen letter dated Oct. 21 - "Actually, you're right I hadn't specifically stated that the thing was ready for publication. As it turns out, at this late date, it doesn't really make much difference to me". Then in a letter dated Nov. 15 - "OK, I could have summarized the figures once again somewhere and pointed up, as I thought I had, that there were variances. I can't really say that I think doing so would have added anything to the ultimate results, but that's just my opinion". And it's my (CMS') opinion that while there are several wxplanations possible (in has last letter Jensen suggests "it is apparently indicative of a certain amount of deception, at least initially and in the earlier letter he suggests that neither of his witnesses bothered to count exactly), it's my opinion that these discrepencies are significant. But the census of Swan Isalnd mentioned by R. Seaver has no bearing on these discrepencies. In addition to being taken a few months before R. Americas came on the air, it also included total (probably permanent) population, not just technicians. In other words, both American technicians and

permanently employed unskilled/semi skilled ;abor from the Caribbean.

Ron Schatz, Box 5308 - South, Univ. of Fla., Gainesville, Fla. 32603 Attention all Diers! There will be a "Miami in "66"! Of course, this won t be a fullscale convention-just a friencly get-together with a sideshow. The date is not yet decided for sure, but it will definitely take place during the New Year weekend to coincide with Miami's famous Orange Bowl festivities, like the King-Orange Jamboree Parade, the Regatta, and the big game itself! You'll hear more about our plans in future issues; meanwhile, if you plan to attend (all IRCA and NRC members are invited, and I don't expect fisticuffs), pse let me know so we can arrange for the dinner. Y'all come! Say, did you know that 550 kc is assigned to Cuba under NARBA as a clear channel? Accordingly, CMAN can run its power as high as 50-kw ND, while the nearest f/t US stn. is 830 miles away and only 500 watts! Other "clear stns. in Cuba, with max poser of 10 or 15 watts, (watts or kw, Ron-pb) include CMHI-570, CMW-590, CMHQ-630 (illegally using 50 kw ND), and CMCK-980. Three definitely illegal Cubans are Colon-720, CMCA-830, and Perico-1220. Castro no longer follows NARBA, so what's to stop him from putting a 50-kwer on a graveyarder channel?! Well, this is a shorty this time; more next issue. Meanwhile, don't be afraid to catribute to DX MONITOR. If the "old man" answers you, you can somplain to the Board. 73's and come to 

From John Navin: Per Nov. 27 Billboard magazine: "The FCC has granted 3yr. renewals to Crowell-Collier stns KFWB-Los Angeles, and KEWB-Oakland, Calif., conditional on the outcome of the commission's investigation of record promo man Al Huskey's payola allegations". The stns had been under prolonged investigation by the FCC for possible mismanagement, deceptive quiz shows & payola charge, originating in the 1960 quia-payola probe era." The FCC has twice sent investigator to Los Angeles in the past seven months to check on most

recent pavola complaints."

John Navin, 1403 Wildwood, Chapel Hill, N. Carolina The wide wierd one strikes! The GM at WRVA, John Tansey, sent me a letter concerning the Cuban jammer on 1140 and it looks as though the hammer has upped its power cuz he said that recently WRVA has been having much more letters complaining. M. Tansey said that the FCC tells him nothing can be done as long as relations remain "unfavorable". Understatement of the year.  $D\bar{X}$ : 11/14; WCMB-1460  $\bar{0}125$  w/good strong signals but all mx so nothing verifiable. XEB-1220 see DXWW. WRBC-1300 s/off 0202 hrd rather garbled & distorted WMCA-570 0229 w/jingles easily identified u/WKBN which was extremely strong. WOL-1450 0238 also grabled & distorted. 11/9; SSS brought WBAM-740 1702-1720 w/nice signal for a report. 11/20; SSS again and I finally hrd all news WINS-1010 1732 u/CFRB, KIRA, & WGUN. KWKH-1130 1745-1800 w/WNEW looped out w/enuf for a rpt to my #2 La. stn. WKIO-1080 1852-1908 w/WTIC looped out. Good enuff for a rpt. 11/22: WDKD-1310 0630-0635 caught s/on, news, & "Heartbeat Theatre." Local WTIK was off so this 500 watter was almost in the clear. Before I get to the MM 11/22 DX here's my latest verie computation: WFKN-1220 v/l for their 11/1 DX test, WORD v/l & WTNT v/l. v/q: WFAA, WIBC, KMOX. Still nothing from KCTA after 2 mos. Rpts out to WKYC (have they verified anybody yet?), WJR(f/u), WFHG, CHML, WRCH, KAAY (f/u), WBAM, WDKD, KWKH, WGAR. DX for MM of 11/22: FF on 1200 matching YVOZ signals at time. Who? (Could it have been RTF-1205 Bordeaux?-pb) Too much noise per thunderstorm, so till next time 73 & good DX.

Bob Astmann, 191 Louvaine Drive, Kenmore, New York 14223 Hi there! Here is what DX has been like since my last rpt: 11/11- WBIR-1240 0101 s/off, WAVZ-1300 0123 (could have sworn they said WABC); 11/13 WXVZ-1550 1640, WOAY-860 1714 s/off u/CJBC (ID after SSB); 11/14 WASA-1330 0655 s/on, WGSA-1310 0700 s/on; 11/15 CKSO-790 2018; 11/16 WBIG-1470 1638 u/CHOW, WRFD-880 1648 o/WCBS, WAIT-820 1658 in the clear, WTHM-1530 1707 o/WCKY; 11/17 WOSU-820 1655 o/WAIT, CKEN-1350 2212 giving Maritime wx rpts., CFOS-560 2230; 11/18 WBSC-1550 1708. WNYC-830 was also hrd on 11/18 around sunset, but not enough for a log. Only 3 veries in this week: CKLB, KOAM (1st Kansas verie), & WKY (1st Okla. Verie). The following article appeared in a local paper a few days ago: "The owner of a Bogalusa, La. radio station who became nationally known for defying the Ku Klux Klan conceded defeat Tuesday. Ralph Blumberg, owner of stn WBOX in Bogalusa said the 'pattern of Klan fear' has forced him to sell the stn within 15 days or go broke." It seems to me that this is a disgusting thing to be happening in a countrylike ours.

Opinions welcomed. Totals 345/214. Sts. 39/38. C.U. next week. 73. Mike Hunter, 1703 Westwood Ave., Richmond, Va. 23227 DX lovers rejoice! Great CX are back. The SSS has shown a great improvement here, especially on the low end of the band. L. Godwin: There is not a NBC stn on 1160 according to the NBC net list. Maybe WWVA slop over? (In CALIF. ??-pb) You ve got a real nice mystery, unless it's a new stn. DX: SM 11/14 WSAY-1370 0058 s/off w/SSB. MM 11/15 BBC-1214 0032 w/Breakfast show. Fine signal.; WIMA-1150 1907 w/R&R mx. 11/18 I was fooling with the bandspread and got R. Belize-834 between WCCO & WHAS, with a fair signal at 1802.; WICU-1330 2220. C&W mx? 11/19 WYNN-540 1716 s/off for my best S.C. Stn.; WAAY-1550 1735 w/RS R&R.; XEWA-540 2335. 11/21 WITH-1230 0310 RS. WIMB-1360 0320 ID during TT. What is the power of this stn? (Don't have my log with me-pb). WEST-1400 0650 RS; WWIN-1400 0655 RS. 11/22 (MM) it was raining, and a lot of noise, but still got the BBC-1214 as strong as ever. Also WHOM-1480 s/off 0050. WHHY-1440 w/R+R 0039. What is QTH of VOA on 960? (Don't know-pb) Noted it at 0110. A couple veries; WAMO for a ET w/250 watts; WDMV v/q; WJLS v/q. WOAI v/q. and radio beacon RAB-1613 in Buat. v/q. What ever happened to the Naval time stns. on BCB and SW (NSS; NBA, etc.)? Also what is SS on 760 with time clock clicks in the background? Well so much for now. 73. FROM THE EDITOR: Hey, fellows- NOW is the time to start thinking about the big convention next year. Remember, you've only got about 8 more months. If you are like me, it will take some time to save up that there 'green stuf' that it takes to make these sort

of trips. Why not figure up now what it will cost you and start setting something aside each month so you be sure and have enough. Another thing; When you start to write up your reports to the DXF, sort out the helpful tips that could go to Domestic Tip Index and the foreign DX that could go to DX World Wide and send these to the respective editors. They will do much more good there than they will buried in your reports here. I know the DTI is usually the first thing I read when I get my bulletins. You'd be surprised at the help you can get from this column, so why not support it full heartedly. I guess that is about enough jabbering for one time. Hope to see more of you reporting to DX Forum in the future. -pb

Gary Bourgois, 221 Beedh St., Kingsford, Michigan 49802 Hola Amigos! Long time no formulate. My senior year at KHS is keeping me active and the receiver inactive. DX cx here are great. Last night, 11/26, added two new countries to ye olde logbook- Nicaragua-675 good after 2300 AN and Venezuala-698 0115-0200, (love those splits!) Nothing much hrd on the domestic scene, as I have been trying for a TA but so far no luck. K did hear a 1kc het under WCBS last night, but I couldn't get much in the line of modulation. It must have been BBC-881, all that could be hrd was a Tony Bennet song but that died out fast, so I can't be sure if it was BBC or slopover from WCBS. R. Belize-834 also puts a great signal into the north woods most nights, frequently 20 over S-9. No Q multiplier needed. Question: Will IRCA offer the WMG this year. Also where is the Tapesponders list. I am still a tapesponder, but the old mailbox would never know it. What happened to all my old sponders? I now work Mondays, Wed.'s, and Fridays as a DJ-operator at Stn WIMH. Don't bother lmoking it up, it's the closed circuit stn at the local VA hospital. This also cuts the DXing time. Well, the old snow plow just went by, so I think I will head for the mailbox and get this posted. 73, 3 3/4.

Ed Krejny, 6538 Belmeadow Dr., Middleburg Heights. Ohio 44130 Hello out there to everyone, and who said the Browns couldn't repeat? I've got my fingers crossed for the Chargers, Randy! (Now, ED, what kind of DX is this?-pb). But down to DX: conditions have been quite good of late, especially for TAs. Recent reports have been sent to Brno-953, EAJ15, R. London, R. 3-9-0 (Tentative), Konigslutter-548, XEN, and JEC-750 (A tape of their "double" s/on). Also am holding reports for Vilnius-1106 and Rome-845 hoping to get more logging data to add. Yesterday I hrd what I'm sure must have been Tirana-1358 from 2230-2303 (This on 11/26). Will try again tonight for a positive ID. Domestics report recently have been: WIMB (DX); CKBB (DX-no sign of CKCB, slthough I only looked briefly); KMER (DX-tentative, and hopefully the stn mixed in with CKBB. A real mess!); and KBEA (DX) Recent veries have come from CKKW, KNWS, KAPT (Two- one for my original report, and one for my f/up, hi!), and WFKN (DX). Still marking time just under my goal of 2,000 veries, but I should make it without too much difficulty before the end of the season, and possibly even before the end of the year. Would also like to end the season with 70 countries confirmed, but that means I'll have to add 6 new ones. Hope

everyone had a pleasurable Thanksgiving!

Ralph Vatalaro Jr., 97 REAR Franklin St., Somerville, Massachusetts 02145 Hello from Somerville's only IRCA DXer. On 10723, I took a trip to Falmouth, Mass. and I took along my LUCOR "Milano". DX from there: 10/23 WFIF-1500 1218; WJTO-730 1315, WRCH-910 1450; 10/24 WIDB-1490 1245, WPFG 1235; 10/25 WSAI-1360 0215, TGTO-820 0229 (tns to DXWW) WWCH-1300 0115 (test???), KSO-1460 0126, KOMA-1520 0147, WJAB-1440 1400, WSRO-1470 1405; 10/30 (from Somcerville) WGBB-1240 0050-0100 s/off??, WBNX-1380 SS- 0400; 11/1 CHUM-1050 0252; 11/4 WING-1410 0455; 11/6 WJAS-1320 0030; 11/7 CBO-910 0302, WOKY-920 0303 u/???. 11/13 WJOY-1230 0242, KPOL-1540 u/KXEL at 0345. Rpts out to: WOKY, CHUM, CBJ, WIDB, KOMA & WORL. Veries: WNBC, CHNS, KSO, CJBC, WIBX, & WHIM. Totals now stand at 240/77, sts. 30/25, Does WOKY verify? (Did for me-pb) I have been trying to get N.H. veried. Repts out to WHEB, WKNE, WOTW, & WBBX. Hrd Fla. from Falmouth, on 10/25 WEAT-850 at 0305 s/off u/WHDH, but not enuf for a rpt. I agree with P. Laird on the reporters crisis, nobody like to receive a 4 page bulletin, so GET BUSY AND WRITE!!! 73 and good DX and especially to those who report.

Jim Petersen, 11327 Arrowhead Trail, Hales Corners, Wisc. 53130
Since this is my last issue of membership to the IRCA I would like to express thanks to everyone that has helped me and helped to make the IRCA the Greatest. I have decided not to renew membership in the IRCA mainly because the hobby of DXing is no longer present at this address. Therefore I feel that the \$4.00 can be used in a better way. This club has really got something over the others. If I ever take up D^ing agin I will most surely again turn to the IRCA for it's helpful assistance and friendliness. You have great leaders and a great system. I would like to say thanks especially to D. Erickson and M. Shannon who introduced me to the IRCA. Also I want to thank all the Milwaukee members who became friends with. Good luck on the 66 convention fellas'. All of you-KEEP UP THE GOOD WORK.

Richard Cooper, 13 Winthrop Road, Wayland, Mass.
I have the following DX to report: 11/17 KISN-910 2037, CKWS-960 2210 ?, CHGB-1310 2236, 10/19 WPAT-930 2028, YVQJ-1080 2028 w/WTIC, 11/20 WRIB-1220 1551, 11/21 WAAT-1300 2339, 11/23 WHCU-870 1715, WKAR-870 1712, 11/26 WWNH-930 1647. V/1's from WISM-1480 and WSUH-1420. I went through 55 reception reports at WBZ last week. Six had return postage, 17 were on postcards or WPE cards, and over 2/3 gave no definite proof of reception. There were only five or six really good reports; among them two from NRC members on report forms and one from Finalnd, These 55 reports had been received in four days, and all were verified. See you hext week. (Richard, do you think you might be able to talk to the person in charge of verification at the station and get them to check the reports and verify only correct ones, or possibly turn all reports over to you or some other DXer in the area and you check and verify reports. Something certainly needs to be done in this case and many more all over the country. I have heard of several instances like this and this hurts the honest DXers-pb)

Park Barton, P.O. Box 43, Troy, Alabama 36081

DX for the past two weeks goes like this: 11/15 wdic-1430 f/c TT 0122-0126½, BBC-1295

RS 0145, WIOP-1370 (ex-WBGR) ET/mx 0232-0247; 11/20 WSCC-930 RS 0137; 11/22 WSLT-1520

ET/TT 0344½-0401; 11/28 WADE-1210 ET/TT + mx; 11/29 KRSI-950 test(??) 0242-0246, KHUB1340 NRC DX 0321, KACY-1520 NRC DX 0335-0350. All above reported. WFKN, WMRE, WONE,

KNWS, KIMA (for 12/28/64), KSTN, WUNI, WNDR, WTTI, KAPT, ZFB1. I reported WNDR in Nov. of
64, and sent f/up in August of 65. I received a letter from the CE that reads as follows

"I do not have a record of your report - I would be pleased to receive a written report
of centents of programing in order to identify signal for verification". The original
report was a tape and I did not send one with the f/up, but told him that if he did not
have my original, I would send another copy of the one I sent him. (I keep a recording
of all tapes that I send as reports). Now, how many statimes do you know of that would
have taken the time to write and ask for another report!!? Too bad all aren't like this
one. I have one verie that the CE wrote on the bottom of my f/up letter and said "If
you say you heard us, I'll take your word for it". Enuf-73.

Bill Nittler, 4599 So. Julian St., Englewood, Colorado DX on 11/29 found Portugal-665 in with loud signal until after 0330. English ann. heard at 6307 mentioning Radio Portugal's schedule. KHUB-1340 heard easily on NRC DX but un-needed here.nBBC-1214 was also in quite strong again. Signal on 755 and 773 also but nothing audible. 12/ KDIX-1230 logged for another report on r/c. Believe the VOA-960 everyone is reporting is Bermuda, ZFB1 relaying the VOA as this has been reported in other clubs. Gary Bourgois: The WMG will not be offered through HQ this season ... just too much trouble but if someone else is willing to handle it, perhaps it could be worked out. Don't know what the census of Swan Island has to do with the location of Radio Swan or Radio Americas. Seems to me that if it is a CIA operation, they aren't going to tell anyone anything about how many people are on the island, anyway. Thus far, there has been a lot ot talk but no one has come up with any other concrete locatiom for Americas but several DXers' loop pearings at least put it in the area so I blieve the official location should remain at Swan Island, for country counting purposes. Nothing more to report from here. DX has been mighty sparse with very little listening time. Have been listening nitely at 2300-0200 for TA's but only two openings this week. Nothing new either. Looks like they are really rolling in to the WC. Gray, guess I didn't get tuned into PJD2 early enough last week as they were pretty well out of it bythe time T tuned in. Do they verify now?

### A LESSAGE FROM YOUR PRESIDENT

There exists today an organization which in all probability most of the members of our club know little about. Its name is the Association of North American Padio Clubs, and its goals encompass a fundamental desire to realize what many DX club administrators have sought after for many years—a spirit of unity in our hobby.

The success of this venture can be measured by the Association's distinction of defying every one of its critics and becoming a monumental effort by every major DX club in North America. Previous to this our club has played only a passing role in the AMARC, but it is now time we change this indifference to interest and I think we shall for our club will be represented by two of our finest members, Gray Scrimgeour and Richard Heiser. But, as I wrote in my Treatise on DX Clubs, the work has not been completed—it has just begun. Our task will be to keep our representatives informed of our opinions and ideas and how we feel they should speak for us in the Association.

Unity is a two-way street. We must be willing to give of ourselves to receive the growth and bright future we hope for. Accop once said, "United we stand, divided we fall," and only by all of us working hard together towards the same goals for DXing will the future of our DX clubs be bright and everlasting.

Around this time of the year we once again prepare for the upcoming holiday season. For most of us it is the most joyous time of the year when we gather with our family and friends to colebrate Christmas and New Year's. However, for a third of the people alive today it is not so happy a time. For them it is only a time of consolation for they live under the rule of communism. In our hobby we have a person whom I consider one of the bravest men in the world for he knows firsthand the tragedy of life under communism. Yet he defies his masters and fights for his dream of having his home free once again.

This DKer's name is Oscar Reyes of Havana. I want to ask the members of our club to show him that we are supporting him by giving him a gift of a free year's membership in the IRCA. This was done last year by one of our members and I believe it would be in the very best traditions of our hobby to continue doing so. If you are interested in showing Oscar that we have not forgotten him, please send your contributions to me. It takes so little to mean so much. Let's make this a Merry Christmas for every DKer throughout the world.

For those of you who didn't catch the notice in last week's <u>DX Monitor</u>, I want to call your attention to the two new "DX Forum" editors, Larry Snouffer and Steve Russell. Larry and Steve will take over Park Barton's place on the news staff in addition to lightening the load for our NC editors. Check last week's <u>DXM</u> for the new setup and mail your reports to the editor covering your area. Their addresses are: Steve Russell, 8914 Mohawk Lane, Bethesda, Maryland, 20034, and Larry Snouffer, 98 Perkins Hall, Ohio University, Athens, Ohio, 45701.

The setup outlined in last week's bulletin is only temporary as plans are being developed for more editors on our staff. Suggestions range from having editors in each time zone, adding a MW "DX Forum" for those members in the Mid-West, and several other ideas. All of these, and countless other ideas will be discussed by our Publication Format Committee, which will very shortly be starting its work.

One of my programs for the presidency was the creation of officially-recognized local chapters of the IRCA. The plan would be that any group of members living in an area so that at least five members could feasibly meet at regular intervals, perhaps once a month, upon submitting to the president copies of the rules to which they would be bound and upon the approval of these rules by the Board of Directors, they would be officially-recognized as a Chapter of the IRCA.

As official Chapters, they would be authorized to carry out business in their local area as official representatives of our club, arrango local DX programs, perhaps set up inter-Chapter contests, hold regional IRCA conventions, and in short, just about everything we now do on a club-wide basis. I believe this would do much to stimulate local participation in club affairs, give our members practical experience in club administration, provide a basis for future IRCA conventions, and many other untapped possibilities. If there are five or more members who can meet regularily, why not draft a set of rules and submit copies of them to me? They not be the first in the nation to become an official IRCA Chapter?

As the old song goes, "I'll be Hone for Christmas," so shall your president! If you are planning to write to me between the dates of December 18 to January 3, I would suggest you address your letters to my home address, 229 West Chestnut Street, Souderton, Pennsylvania, 18964. Letters addressed to me at my Tucson, Arizona address will eventually reach me, but for better service, address any letters you plan on mailing to me between those two dates to my home.

Several people have inquired about the possibility of having official IRCA report forms printed. Right now, your Secretary-Treasurer, Bill Nittler, and myself are discussing this very thing and I believe that soon arrangements will be worked out with our printer so that report forms can be made available.

For the past few weeks, opinions have been expressed pro and con the publishing of MPE calls in our bulletin. These opinions expressed by our members should be interpreted as their own and in no way reflect any official opinion by the IRCA: government. Unless Board action decrees otherwise at some later date, the use of MPE calls in one's report is solely up to the discretion of the individual member.

We of the IRCA government hope all of you are making plans to attend our club's gala convention in August, 1966. Our hosts are already busy planning out an action—and fun-filled time in Milwaukee. The City is so anxious to see us there that they've even remodeled the hotel where our convention will be hold! Don't be one of the unfortunate few to say I wasn't at Milwaukee in '66—save now, you'll be glad you did!

On the next page you will see a report of recent Board actions. The number of the proposals is broken down as follows: a "2" indicating the second BoD administration, a "1" for the first year of this administration, and a set of numbers indicating the specific proposal number. The numerical column headings stand for the BoD member from that region: #1, Howie Modell; #3, Mike Shannon; #4, Park Parton; #5, Ernie Mosolowski; #6, Larry Godwin; #7, Don Erickson. An "F" means a vote in favor of the proposal, an "0" is a vote opposed to it, an "A" means an abstaination from voting on that proposal.

-Paul Kirkpatrick, IRCA President, OMR, Box 80649, Tucson, Arizona, 85707 4 December 1965 DX WORLDWIDE Page One

TAN DI Barrensan Arean Are	from 2015-2025. IDed definitely as Radio San Carlos. (ELK)
1470 ????	
	They had a Mexican "sound". They were heard 11/22 from 0120-0130.
i se a a se a se a a a se a se a como de la la como de la la como de la como	Made no ID. (AL) (Sounds like XESM, Mexico City, Al ed)
1/75	Made no in. (All) (Sounds like Aldm, Mexico City, Al ed)
14/3	Vienna, AUSTRIA was logged with a fairly good signal 11/29 at 0011.
	Program of music. (ELK) have which this has visually
1520 2QN	Denilquin, AUSTRALIA sent a very nice letter from E. E. Scoones,
ार 🗀 🖟 संबंधी ᠪ 🕏 अनुस्क	Engineer-in-Charge, PO Box 312. He says "To date we have received only
·	· · · · · · · · · · · · · · · · · · ·

		· · · · · · · · · · · · · · · · · · ·
1520	2QN	two other long distance reports from Japan and Germany. You can
		readily imagine the surprise caused by your letter." 2 kws. day
		and night with 400 watts reserved for emergencies. Their primary service area is 26,000 square miles and they have a musical format.
	<u>.</u>	A "Happy 100" survey and a coverage map were also sent. (KGS)
1520		Radio Caroline North, INTERNATIONAL WATERS had a steady 56 signal on
1320		an otherwise clear channel on 11/29 from 0330-0400. WKBW, KOMA, and
		KYMN were all off then. Same old R&R programming with slogans like
		Where the action is". (RB)
1560	2RE	Taree, AUSTRALIA-an unsigned QSL card was received for my 9/65 and
1700	ZKL	10/65 receptions. Their 2 kw. transmitter is located in Glenthorne,
		and they use a 162 foot tower. (KGS)
1560	CMGB	Varadero, CUBA is assumed to have been the weak Reloj Nacional
1,000	Gradi	station noted here 11/28 from 0350-0355. (ELK) This Reloj Nacional
	•	was noted all alone here around 0400 on 11/29. They had a good
		signal for only 250 watts (RB)
1580	XEDM	Hermosillo, MEXICO was noted atop this channel o/ WCLS on 11/25 from
		0100-0130. They still mention that same old Arizona address after
		almost every record. Strongest Mexican on the band. (RB)
INTER	NATIONAL	The new "pirate" station, Radio Essex, can be heard from around
WATE	RS	1900-2200 on 1350 kcs The address to the station is: 33 Avenue
		Road, Southend-on-Sea, Essex, England. (SCDX)
DOMIN	ICAN	Dominican stations have been noted to be using GMT-42 hours
REPU	BLIC	recently. (SCDX)
GERMA		Power increases are slated for the following stations:
(WES		Konigslutter-548 600 kws. in 1966
EAS	ST)	Boden-665 300 kws.
•		Hamburg-971 300 kws. so all soul soul yourself
	1.	Saar-1421 Now 400 kws.2 (x-100 kws.)
		Mainflingen-1538 600 kws. in 1966 stipp among the control of the c
		Cologne-WDR (Freq.?) 400 kws. in 1966 and plans for 800 kws.
	* .	Schwerin-529 Now 220 kws. (x-20 kws.)
		Be lin-611 Now 500 kws. (x-300 kws.)
		(All of the above information is from the MWN)

Beginning January 3 Radio Portugal is to hold a competition called "Make your dream come true". It will be divided into two stages. The first stage consists of eleven periods, of two weeks each, between Jan 3 and June 5. The second period lasts from June 6 to June 19. The main prize will be a free visit to Portugal and eleven subsidiary prizes consisting of records of Portuguese music and regional souvenirs will be awarded after each of the two week periods in the first stage. For further information write to Radio Portugal, Rua St. Marcal 1-A, Lisbon, Portugal. (SWEDEN CALLING DXERS)

Remember that the deadline here is now on Wednesdays, so try to get your reports in by that date. If they are received after that date they will be held over until the next week's column. Thank you! (ed)

### REGUARDING RULES

to for succi evicence efficient etic coll electio

ole ole in it is the (ba) they dowld complete of down week

Some members have been sending in veries from last season or they arent! listing veries according to the contest rules. Please check the rules as stated in an earlier monitor. Contest covers from September 1, 1965 reception on so please observe this.

Nice to see a few more IRCAers coming to the front of the contest. There are still several of you, I know who have accumulated quite a few points who have still not reported in. Let's do it and make the contest more interesting.
