Miscellaneous News

Alan Merriman recommends the NASA audio filter in March 73 Poptronics. +++ Broadcasting Yearbook 1973 is now out; Bill Feidt had his on 4/23. Jeff Brasier received his even earlier on the WC. +++ NRC Log #3 is now in the mails and received by many. +++ ANARC is asking for nominations for the 1973 ANARC Man of the Year Award. They should be sent to: Dan Ferguson, 1521 Smith Rd., Apt. 7, Charleston, WV 25314, along with details of that DXer's accomplishments/activities. +++ Your pub. mistakenly "correcte a statement re Book/Tape Rate; the original statement, 14¢ for the first ONE lb. and 7¢ for each additional lb. is correct. That is the "Special 4th Class Rate" and contents should be marked "Book(s)" or "Recording Matter". +++ Latest geomag indices for Apr. 25 thru May 1 are: 14 20 26 19 36 17 14. +++ Prince Edward Island will celebrate its 100th Anniversary on (around) July 1, Angel Garcia notes. Anyone know of planned special broadcasting activities? +++ Jeff Brasier has received a XEROK QSL for a XELO reception report. +++

May 5. 1973 EASTERN DX FORUM Editor: Bruce R Heimburger - 817 Rawlins St. - Port Huron, MI 48060 \*\*++\*\*++\*\*++ Deadlines: 8 days before pub. date. It is my sad duty to inform you, the members.

that this is the last issue to be done on the elite typewriter & from A2.

Dave Faulkner - 183 Mayo Hall, MSU - East Lansing, MI 48823 Hi gang! I was thoroughly disgusted w/the results of the last election and I completely agree w/the action of the BoD in overturning the vote because of the underhandedness adopted by certain former members of this club. Let me take this opportunity to state that, despite my militant behavior 2 years ago in attempting to get the 1971 convention held in Toledo, I have never supported any of the other actions of these former members and was in complete agreement w/the majority of the board on their removal from the club. I am sorry if any of my previous actions may have misled Lotsof into believing that I actually supported him, and I feel that, as members of this club we can't let him get away again with attempting to use people to his own purposes, as he has so often done. Meanwhile... I was home for Easter weekend, but as usual, no DXing was done. Perhaps this summer...73s & good dx.

Frank Lawrence - 603 Gunby Dr. - Richmond, VA 23229 703-282-4683

Howdy! Well, just sent in renewal, so I guess a re-intro is in order. I'm 16, a soph. at Douglas Freeman High, my receiver is a Harmon Kardmon Stereo Recital II. I'm in the market for a new one, though. My antenna is a newly built 2' IRCA loop. My totals are 70/31 and states 24/18. I've been in the IRCA for 1 year now, but haven't had much time for DX. I hope more time shows. With Easter here, I've got quite a few newies: WGH, WIVE, WSOC, WBEN, & WSUN (my 1st from FL). (other catches left out. Please send to DXR-Brh) The only I've heard from requesting WLEE SCs are Gary Nuthals, Gregory Spencer, Paul Mount, & Grego Allinson. The offer is still open. I've found a new outlet which also carries WANT SCs. So just send any SCs you

can spare, or an SASE and get a few of both. 73s.

Jim Poterba - 949 Queens Dr. - Yardley, PA 19067 Greetings, gang. Not too much in the way of interesting happenings out here lately, but accasionally something will show up. WJAS-1320 has now changed to WKPQ, and has been since at least Tuesday 4/10. This per call from Dave Schmidt. As usual, a very few veries, have arrived. WMIR-1550, WSOC, WSWN, KGLC, WPGM, WFPG, WMVB, WNDB, WFLA, and a few others. That brings total to somewhere around 511. It's good to see that IRCA has finally, once again, recognized that veries are an important part of this hobby. At long last, we have a regular verie column. It looks like the new NRC log should be ready soon. When the daytime Pattern Book is printed, domestic DXers will be better equiped than ever before - w/both pattern books and the domestic log. possible, it would be much appreciated if one of our western members could check the freq. of 1270 some MM and note who the continuous music is there. About even w/KFJZ in the east. I hope that this one can be identified before the season gives out.

Bill Coleman Jr. - Box 5807, NCSU Station - Raleigh, NC 27607 Hi. Quite a bit of DXing recently. Tests heard on 3/26-WMOP 900 & WGOE 1590. WRCP 1540 ID at 0258 and on 4/11 WBAM 740, ID at 0151. On 4/11 hrd CHML 900 in well o/XEW, unusual. Also noted WDEE 1500 o/XERH. Local WRNC 1240 off air for test, which is very seldom, as they do not have any SP. UnID pirate w/no call given w/progressive rock hrd on 4/7 on 1610. Pirate w/call We Have More Music has been hrd on April 8, 9, & 10 on 1640, w/old hit format, location not hrd. Sure do appreciate all those SCs, please continue to send much more. Anybody wanting WNCT or WEED SCs, write soon. Please make note of my DX phone # 919-832-4976. No collects. Best time to chat around 0000-0300 EST. 73s in 1973

<u>Gregg Allinson - Rt. 1 Box 273 A - Maysville, NC</u> It is a sad commentary on the state of IRCA democracy that Bill Lipis' election to the BoD was declared invalid due to sour grapes on the part of those who could not legally elect their candidates. Not only is it dictitorial and a farce to those concerned enough to vote, but also a waste of time and money. I will support Mr. Lipis as many elections as it takes to see someone like him sit on the IRCA BoD, if that is ever possible. Meanwhile...I finally got to meet Bill Coleman. Dug him up at a HAMFEST in Raleigh. We hope to have a small get together of those in this area who can't make it to Hammond sometime in June. Cx here is deteriorating but totals are still rising. WHII verie in. Hand written note on a CM and rate folder. 73s and peace.

Robert E. Fischer - Box 94 - Newark, DE 19711

I agree with John Oldfield's views in page 7 of the 4/7 issue of DXM. If everyone was 100% honest, there wouldn't be a need for veries. If I positively log a station, hearing it and logging it is good enough for me. I do not write for veries. The time can be better spent in hitting the dials in search of new loggings or in pursuing other interests. As for the tape-letter verie controversy, I think tapes are superior. That is because tapes can be made as you DX...all stations logged can be taped...no long waits for verification letters. Tapes preserve, as they were heard, all important details of the loggings. I notice that in the 3/31 issue of DXM that several lines (maybe 6 or 8) in one member's "musing" contained material hardly pertinent to BCB DX. Hints on diets should be confined to Weight Watchers and leave the DX Forum to comments on BCB DX!

Larry V. Flegle, WDX4KVB - E. Powhatan - Tampa, FL 33604

Hi gang: By the time you read this report I'll have a new (old) receiver. It's a

Collins 51J-3, also known as a R-388. It has selectivity like I've never had before
so my totals should really change. Dave Thomas went with me receiver hunting and we
really had a fine time. Also looked at a R-390, but couldn't go the price. By the
way, a few veries in v/f-WWDJ for state # 32; v/q-KGBS & WJJD. Anyone wanting WQYK
bumper sticker or WUOU SCs write. I'm making plans for Hammon. Hope you are too.

Paul Mount - 471 Emerson Ave. - Teaneck, NJ 07666
Hello fellow DXers. Cx has been good w/4 new stations: WNAK, CJOY, WAKR, & WOHO. Veries: v/q-WFBL; v/1-CFTR. Have week of 4/23-4/27 off to DX. SCers, I have much to do so please be patient for my reply. If we can't put UnIDs in EDXR and they don't belong in EDXF, how do we solve our unIDs? Must end because PO is closing today. 73 (I have no quarrel with requesting help on unIDs being included in EDXF reports, as long as you don't have too many per report-Brh)

Gene Martin - 3303 E. Evans - Denver, CO 80201
There are dozens of ways to collect written verifications by the bushel without ever hearing the station. You don't even need a radio. Every issue of the DX Monitor contains many items of information in reception reports that any enterprising fellow could convert into an accurate, quite verifiable letter of his own to a station he never heard. The data can be found for hundreds of highly-accurate reception reports in out-of-town newspapers, in their radio sections. Superb "DXing " can be carried out in this way in the newspaper files of any public library. A Boston area DXer can hardly fail to get a verie from KOA if he checks the Denver Post first. The KOA people who send out the station veries (?) do not understand at all that KOA cannot be heard in Boston thru the NSP WHDH. In general, radio station personnel are trusting souls, and the idea that any person might claim reception falsely just never enters their minds.

Morris Sorensen - God's Narrows, MB ROB OMO I heard R. Paradise-1265 while in Ontario during the March break, but of course I can't count it in my totals. Recent veries: CJBK-1290 (ex-CJOE), WEBC-560, KLIZ-1380, KTOE-1420, WY00-980 (ex-WPBC), CFAM-950, KRNT-1350, CHQR-810, KILO-1440 and KNOX-1310. Recent DX has been limited by heavy auroral activity with many visible displays. For those who don't know, God's Narrows is an isolated Cree Indian Reserve some 360 miles NNE of Winnipeg, accessible only by air. Most people probably don't realize how important radio communication is here in the north. W/no regular telephone service, no newspapers, no TV and no local radio, radio telephones and skywave BCB reception are our main links with the outside world. When auroral conditions black out the radio signals you really feel cut off and if the airstrip happens to be unservicable at the same time the effect is compounded. If the membership is interested, I would consider writing a Special Features article re the importance of radio to remote northern Canadian communities. In closing, I would like to mention that my friend and neighbor Frank Teevens, VE4X06 is operating on 7164 kHz c.w. and would like checks with IRCA hams. His address is the same as mine.

Joseph A Markewicz - 1394 Elgin Ave. W. - Winnipeg, MB R3E 1B6
If you haven't noticed by now, CKY has changed their MoR format and now is "Canada's Superstar" which consists of Top 40 rock, LP cuts, etc. Most of their DJ's are either Americans or ex-CFRW announcers. It's almost a year since they've changed by they are still losing money because Winnipeg isn't ready for their American approach but CKY will continue with this format until Winnipeg likes them. I completely agree with Bill Nittler's comments on taped veries. JO has sent me a tape which had a bunch of Hawaii stations on it so can I also count them as a tape verie? Some veries: CJGX 940 (3 years):
WIBW 580; KAAT 1090; KTKT 990; KKGF 1310 (2 years) and KTGO 1090 (2½ years) whose GM apologized for the other GM who never answered my report and also sent me the name and addresses of the 19 persons who heard them on the DX test. 73

New Editor: Michael G. Worst - 3608 Phinney North - Seattle, WA 98103. Deadlines: Fridays 8 days before date of issue. Both WDXR and WDXF deadlines subject to change.

Michael B. Northem - 1608 NE Knott - Portland, OR 97212 As an IRCA member of long standing, and as a current member of the BoD, I was extremely disheartened to see the results of prop. 5.2-36, which would declare the recent election for the vacant BoD seat null and void, and particularly the deciding vote cast on that measure by the Pres. I believe that the BoD has, by its action, put expediency ahead of common sense, and, in doing so, subverted the basic democratic principles on which this club was founded. The Board cries "dirty politics!" because of the mailing of a possibly misleading postcard to many of the "new members without any knowledge of the (Lotsof/Kamp) incident." The BoD apparently feels that these "new members" would be sufficiently swayed by a largely anonmymous postcard to change their votes in the election. I have yet to be shown that even one "new member" so changed his vote, much less a sufficient number to alter the results of the election. But, the crucial point is that the BoD has, in its action, denied the membership's right to vote. I voted, as did many other members, in this election, expecting (in good faith) that my choice of a candidate would be tallied and that a new BoD member would be elected. Now the BoD tells me that my vote cannot be counted; that my choice doesn't matter; that I really didn't know what I was doing when I voted; that I don't count; and, in so doing, commits the worst act of "dirty politics" of all. 73.

HN Michael S. Hardester, USN - U. S. Naval Hospital Box 89 - Lemoore, CA 93245
Howdy All! My last Forum rpt may have led some to think I had a 2000' Beverage strung
up somewhere in San Diego. Such was not the case. I had 2000' of wire, but none of
it was up. Besides the whip which comes with the Barlow Wadley, I use the SM-1 loop
antenna. The whip is fine for casual local listening & somewhat (useful) on shortwave,
but for MW DXing, the SM-1 is used; a longwire would be best for SW DXing. I'm now
stationed in Lemoore, having graduated from Navy Corps School on 12 Apr. I'm not sure
how long I'll be in Lemoore, but hopefully long enough to get some DXing in including
the stringing of a Beverage. My only rx at present is a Barlow Wadley XCR-30 which I
have played with for some time, and a review will be on its way to Special Features
soon. 73 & best to all.

Stephen E. Pitts - 2170 Church St. S.E. - Salem, OR 97302

I have benefited immensely from the loggings, comments and information in DXM and the NMP. I am a new member of the IRCA joining in Jan. after acquiring an SM-1 now used in conjunction with a Drake SW-4A. Hy primary efforts on MW have been directed towards foreign DX having logged 15 countries to date. I am 25 years old, married, have a 21-month old son and am a social worker by profession. My background in the hobby has been SWBC and I have been a member of the NNRC for several years. I am looking forward to continued participation in the activities of the club.

Credo Bisquera - vacationing on the north shore of Oahu at Kuilima Hotel

I am spending a couple of nights here celebrating our 6th anniversary & our birthdays.

Brought my portable Sony along and was able to log and ID the following stns within half hour period, 2300-2330 HST: KLAC, KMJ, KOGO, KFI, KNBR, KNX. Interesting to note that I can only pick up KFI & KNX w/my ARB & HQ-140 in Waianae. Imagine what I would have been able to log if I had brought my ARB! 4/17 DXing from car radio, 2327 to 2400: KPNW, KOMA, KFBK, KDAY. This is a good spot for domestics and Asia since many JJ were bombing in. Sure would like to spend the winter season here.

 $\mathcal{J}$ 1972 by Gordon P. Nelson for National Radio Club a sample page from the NRC Night Antenna Pattern Book... (actual size: 8½x14")

The question of why some medium-wave standard broadcast stations are consistently well heard while others of like power at the same distance are not has long been a major source of puzzlement to DX'ers and others interested in AM broadcasting. Much of the seemingly unpredictable nature of broadcast band reception arises from the fact that the majority of AM stations make use of highly DIRECTIONAL ANTENNA PATTERNS to concentrate the station's effective power into some areas while reducing the power to others. Thus a highly directional station listed as 50,000 watts may actually be sending only a few watts in your direction - making what would appear to be an easy catch actually very difficult to hear! Until now all but a handful of lucky DX'ers have been working in the dark as far as patterns are concerned; before the publication of the NRC NIGHT PATTERN BOOK the only volume of antenna patterns available to the DX'er was that of the Canadian Government - incomplete and priced at about \$80!

Now, through the combined efforts of the top experts in the National Radio Club, we are pleased to announce the availability of the NRC NIGHT PATTERN BOOK. This publication shows the directional patterns of all the more than 1,400 directional AM stations operating during the darkness hours in the U.S. and Canada. Each pattern has been individually scaled and drawn from official sources and shows at a glance just how much relative signal each station is directing toward you. Many receptions and channel allocations suddenly "make sense" when the directional patterns are displayed in this manner and this publication is guaranteed to take much of the mystery out of your DX'ing.

In addition to the 76 pages of over-sized pattern maps, the NIGHT PATTERN BOOK contains 7 pages of unique articles describing the significance of patterns in station operation, the rules for channel allocation, the relation ship between patterns, decibels, and S-units, etc. No single publication has ever presented so much new and unique broadcast band DX information as the NIGHT PATTERN BOOK and the response from both the DX and broadcasting communities has been overwhelmingly enthusiastic.

Produced by MW DX'ers and for MW DX'ers, the NRC NIGHT PATTERN BOOK is available for only \$5.95, postpaid.

The newest edition of the NRC DOMESTIC LOG is the ideal companion piece to the NIGHT PATTERN BOOK. The first two editions of the Domestic Log were universally acknowledged to be the most complete and accurate domestic station lists ever produced. The latest DOMESTIC LOG, THIRD EDITION FOR 1973-1975, contains more than 7,000 corrections and additions to the previous edition; it lists the call, location of license, day and night power, MAILING ADDRESS, PRESUNRISE POWER, network affiliation, CLASS OF OPERATION, and SCHEDULE for all 4,835 stations in the U.S. and Canada. It also includes a comprehensive listing of Canadian Low Power Relay Transmitters, American Forces Radio Service stations in Alaska and Puerto Rico, plus all outstanding CONSTRUCTION PERMITS and pending frequency changes, presently inactive stations, and the languages of Canadian stations. A useful new section is the CALL-FREQUENCY CROSS INDEX, alphabetized by call letter. Updated with new information as late as April 5th, 1973; 205 pages; offset printed; spiral comb binding. available from the NRC for only \$5.25 postpaid. Limited pressrun, first come, first served.

Send a self addressed stamped envelope for a free list of reprints of more than 200 articles of lasting interest to MW DX'ers from DX NEWS; many of these are feature and technical articles available only through the NRC.

Here are a few questions I would like you to answer. As soom as I get a response from a majority of the contributors, 1490 records will be published.

1. Should deleted stations be counted for records? Yes\_\_ No\_\_

2. Should non-member records be counted? Yes No

3. Within how many miles should stations be counted for a record?

Give a number ie. 25, 50, etc.

4. Would you be willing to give the mileage for each of your records?

5. Do you like the present format?

Not only will records be published in this column; but anything the contributors would like to say, as long as it pertains to GY DX.Latest DX tips on the GY frequencies will be included also.

I would also like to announce that a GY DX'er of the year will be chosen. Competition will start the next time 1230 is published.

GY stations are not very hard to log. Try it! You'll like it!

# BROADCASTING IN CUBA

"CUBA, PRIMER TERRITORIO LIBRE EN AMERICA."

Thus every station on this Communist Island, located only 90 miles from the Flo-RIDA KEYS AND THE USA, ANNOUNCES EVERY HALF HOUR IT'S COUNTRY'S FREEDOM FROM "YANKEE" IMPERIALISM. "

BROADCASTING IN CUBA IS UNIQUE, IF ONLY FOR THIS REASON: AT THE TIME OF ALL OTHER MARXIST REVOLUTIONS THE BROADCASTING INDUSTRY IN THE AFFECTED COUNTRIES WAS EITHER NONEXISTENT, IN ITS INFANCY, OR GOVERNMENT OR "COMMISSION" CONTROLLED. WHEN FIDEL Castro walked into Habana in 1959 there were over 200 private stations then in opera-TION. THE TASK: EXPROPRIATE THESE STATIONS AND CONSOLIDATE THEM INTO A BROADCASTING SYSTEM THAT WILL SERVE THE CAUSE OF SOCIALISM.

HISTORY IS WITNESS TO THE FACT THAT THIS PROCESS WAS A SLOW ONE SO AS NOT TO "SHOCK" THE PEOPLE. STATIONS WERE TAKEN OVER ONE BY ONE, ANNOUNCERS AND STAFF WERE "RETIRED" AND REPLACED BY COUNTERPARTS WHO HELD MARXIST PHILOSOPHIES, NATIONAL AND PROVINCIAL NETWORKS WERE ENLARGED, AND TENS OF "UNNECESSARY" STATIONS WERE DELETED. LATER, POWERFUL NEW TRANSMITTERS WERE IMPORTED FROM CZECHOSLOVAKIA, AND THE ENTIRE SYSTEM WAS UNITED INTO A CENTRAL ORGANIZATION, THE INSTITUTO CUBANO DE RADIODIFUSION (ICR), A BBC-LIKE AFFAIR COMPLETE WITH ITS OWN "POPS" ORCHESTRA BUT WITHOUT THE FOR-MER'S INDEPENDENCE . 36 74 6 4 6

TODAY CUBA AND ITS SIX PROVINCES POSSESS THE MOST COMPLICATED BROADCASTING SYSTEM OF ANY COMMUNIST COUNTRY. IT CONSISTS OF 6 NATIONAL NETWORKS, 5 PROVINCTAL NETWORKS, AND A NUMBER OF LOCAL STATIONS. THE TELEVISION SERVICE CONSISTS OF 2 NATIONAL NETWORKS AND A PROVINCIAL NETWORK IN ORIENTE. THERE ARE LOW-POWER FM TRANSMITTERS, BUT THEY ARE INTENDED ONLY AS LINKS AND INTER-STATION RELAYS. THERE IS NO LONGER A "TROPICAL BAND" OPERATION, BUT THERE IS A POWERFUL INTERNATIONAL SERVICE, THE CELEBRATED RADIO HABANA CUBA, WHOSE IS CHIMES OUT THE WORDS: "ADELANTE CUBANOS."

THE SIX NATIONAL "CADENAS" (NETWORKS) EACH HAVE STUDIOS IN THE VEDADO DISTRICT OF HABANA AND RELAY STATIONS SCATTERED THROUGHOUT THE COUNTRY. THE NETWORKS ARE FIXED; NO STATIONS BREAK AWAY FOR LOCAL PROGRAMMING OR IDENTIFICATION.

# RADIO REBELDE

THIS IS THE PRIORITY "NUMERO UNO" NETWORK, RELAYED BY THE MOST POWERFUL TRANS-MITTERS IN THE COUNTRY, TWO OF 150 KW EACH. IF A TRANSMITTER ALONG THE LINE BREAKS DOWN (A COMMON OCCURRENCE) ANOTHER STATION IN THE CITY WILL BE SUBSTITUTED TO TAKE ITS PLACE WHILE THE DAMAGE IS REPAIRED.

PROGRAMMING ON RADIO REBELDE CONSISTS OF A REGULAR SCHEDULE OF NATIVE AND POPULAR MUSIC, SPORTS (ESPECIALLY BASEBALL), NEWS, "NOVELAS" (PLAYS, SERIALS, ETC.), CHILDREN'S PROGRAMMES, AND POLITICAL COMMENTARY. THERE ARE REGULARLY SCHEDULED EDUCATIONAL PRO-GRAMMES AS WELL.

# RADIO PROGRESO

THIS HOLD-OVER FROM PRE-CASTRO DAYS PROUDLY CALLS ITSELF "LA ONDA DE LA ALEGRÍA." THE ORIGINAL NETWORK HAS BEEN EXPANDED DURING THE PAST FEW YEARS WITH NEW STATIONS IN SANCTI-SPIRITUS, BAYAMO, AND GUANTANAMO. THE LOCAL ADDRESS IN THE BEDADO IS "INFANTE 105."

THE FORMAT CONSISTS TALSO OF REGULARLY SCHEDULED PROGRAMMES, BUT THERE IS A HEAVI-ER EMPHASIS ON DJ MUSIC SHOWS. A NEWS SERVICE, KNOWN AS "NOTICIERO RP, " IS PRESENTED ROUGHLY EVERY 90 MINUTES.

DURING THE EARLY-MORNING HOURS (0000-0530) RADIO PROGRESO RELAYS RADIO ENCICLO-PEDIA NACIONAL, LOCAL HABANA STATION CMBQ. RADIO LIBERACION PERSENSE - DESVICES - COLVERENSE DE POLICE

THIS "CADENA" IS BETTER KNOWN TO MANY AS CMQ, BROADCASTING FROM MODERN STUDIOS IN THE VEDADO -- "RADIOCENTRO." THE FORMAT AGAIN CONSISTS OF REGULARLY SCHEDULED PRO-GRAMMES SIMILAR TO THOSE OF REBELDE AND PROGRESO ABOVE. THE THE PROBLEM AND PROGRESO ABOVE.

# RADIO RELOJ NACIONAL

THIS UNIQUE SERVICE HAS BEEN ON THE AIR CONTINUOUSLY FOR OVER A DECADE; IT IS THE ORIGINAL "ALL NEWS" STATION. THE FAMILIAR BACKGROUND IS CREATED ELECTRONICALLY; SECOND-MARKING PULSES AND A GONG TO MARK THE MINUTE. A "BEEPER" IS KEYED MANUALLY CLASSES BY THE ANNOUNCER TO MARK TIME CHECKS, GIVEN EVERY MINUTE ON THE MINUTE.

THERE IS A TEAM OF TWO ANNOUNCERS ON DUTY AT A TIME, TAKING TURNS READING NEWS, COMMENTARIES AND "PUBLIC SERVICE ANNOUNCEMENTS," SUCH AS THE DAILY SCHEDULE OF TELE-VISION PROGRAMMES. IF THE ANNOUNCER CANNOT FINISH READING THE ARTICLE BEFORE THE REQUIRED TIME CHECK ON THE MINUTE HE (OR SHE) SAYS "CONTINUARA," GIVES THE TIME, THEN CONTINUES WITH "CONTINUADA." IT IS COMMON PRACTICE TO GIVE THE TITLE OF THE ARTICLE AND THE NAME OF ITS AUTHOR, WHERE APPROPRIATE, ON BEGINNING ITS READING.

ON THE HOUR AND HALF-HOUR TIME CHECKS ARE GIVEN FOR SEVERAL WORLD CAPITALS, THE REGULAR IDENTIFICATION IS MADE, AND THE TWO ANNOUNCERS INTRODUCE THEMSELVES WITH "CON USTEDES ... "

THE TIME CHECKS ON RELOU NACIONAL HAVE BEEN FAIRLY ACCURATE IN RECENT YEARS, CONSISTENTLY FALLING ONE SECOND BEHIND WWV.

# CMBF, RADIO MUSICAL NACIONAL

This is the cultural, classical-music Programme, considered to be the least im-PORTANT OF THE NATIONAL NETWORKS. IT IDENTIFIES WITH A HARP INTERLUDE AND THE STATE-MENT: "PRESENTANDO MÚSICA PARA TODA LA REPUBLICA."

# LA VOZ DE CUBA.

THIS IS A SPECIAL NATIONAL NETWORK CARRIED BY STATIONS BELONGING TO RADIO REBELDE, RADIO LIBERACION, AND RADIO REVOLUCIONA IT OPERATES 0000-0530 LOCAL TIME, OR DURING THE EARLY-MORNING HOURS. THERE IS A DEFINITE EFFORT TO REACH LISTENERS OUTSIDE OF CUBA, AND A HEAVY EMPHASIS ON INTERNATIONAL (LATIN-AMERICAN) MUSIC AND POLITICAL COMMENTARY. RECEPTION REPORTS ARE REQUESTED CONSTANTLY, TO BE SENT TO APARTADO 60-17 IN HABANA.

# PROVINCIAL CHAINS

IN ADDITION TO THE SIX NATIONAL NETWORKS THERE ARE FIVE PROVINCIAL NETWORKS. PRO-GRAMMING IS SIMILAR TO THAT OF RADIO REBELDE, ETC., BUT ON A MORE REGIONAL LEVEL. THE PROVINCE OF LA HABANA IS TOO SMALL TO SUPPORT A PROVINCIAL NETWORK, SO IT LACKS ONE. THE OTHER PROVINCES AND NETWORKS ARE AS FOLLOWS:

# PROVINCIA

-CAMAGÜEYRBAR 1800 DATR ATRODIYJETRBOR. LAS VILLAS MATANZAS PINAR DEL RIO

# CADENA

ORIENTE A STORE OF THE WAR DESIGNATION CONC. RADIO REVOLUCION RADIO CADENA AGRAMONTE DOBLEVE (W), LA FRECUENCIA DEL AZUCAR RADIO VEINTESEIS (26) AND OF GUARAL (LA AMANDE OF THE RADIO SHOW (LA AMANDE OF THE PROPERTY OF THE P

# LOCAL STATIONS

LOCAL, "HOME-TOWN" STATIONS TAKE CARE OF LOCAL NEEDS IN PROGRAMMING. IN THE LARGER CITIES WELL SERVED BY NETWORK OUTLETS THEE STATIONS MAY TEND TO SPECIALISE, SUCH AS ONDA MUSICAL IN SANTA CLARA. IN SMALLER TOWNS, WHERE IT IS GENERALLY THE ONLY STATION, PROGRAMMING WILL SHOW MORE VARIETY AND COMMUNITY ATTENTION, SUCH AS RADIO CARABETON THE ISLES OF PINES . A TATE OF STATE

ALL STATIONS IN THE COUNTRY CAN BE BROUGHT TOGETHER FOR SPECIAL PROGRAMMING, SAY FOR A SPEECH BY THE "COMANDANTE." ON SUCH AN OCCASION ALL STATIONS PARTICIPATE, WITH THE SINGULAR EXCEPTION OF RELOJ NACIONAL, WHICH NEVER BREAKS ITS NEWS ROUTINE.

# THE REPORT OF THE PART OF THE

ALMOST EVERY IMPORTANT CITY AND TOWN IN CUBA HAS ONE LOCAL STATION, AND NO MORE THAN ONE, WITH THE UNIQUE EXCEPTION OF THE CAPITAL, HABANA, WHICH BOASTS SIX. WITH THAT MANY LOCAL STATIONS UNDER THE SAME MANAGEMENT SPECIALISATION IS NECESSARY:

CMCH, RADIO CADENA HABANA. NATIVE CUBAN MUSIC, AND TIME CHECKS WITH A LOUD GONG. CMCA, RADIO CORDON DE LA HABANA. IT USED TO BE IN ENGLISH, NOW FEATURES LATIN "ROCK" AND OTHER FEATURES FOR THE YOUNG.

RADIO INTERNACIONAL. "PRESENTANDO MUSICA DE TODO EL MUNDO." FEATURES REGULARLY SCHEDULED PROGRAMMES OF MUSIC FROM VARIOUS PARTS OF THE WORLD. "IDS OVER BOOKED ORGAN INTERLUDE.

RADIO ENCICLOPEDIA (NACIONAL). AMERICAN "BACKGROUND" MUSIC, TIME CHECKS, AND BITS OF TRIVIAL INFORMATION ON FAMOUS BUILDINGS, HISTORICAL BATTLES, SCIENCE, ETC . -- ENCYCLOPAED ANOSTYLE TO THE PROPERTY OF THE PARTY OF THE PART

RADIO POPULAR. A SMALL DJ-RUN OPERATION WITH NATIVE MUSIC AND FEW ID'S. ONLY 

## TELEVISION

BROADCASTING IN CUBA

WITHOUT GETTING INTO DETAIL, THERE ARE TWO TELEVISION STATIONS IN NATIONAL NET-WORK FORM. THEY ARE NAMED BY THE CHANNELS IN USE IN HABANA, RESPECTIVELY:

TELEVISION NACIONAL, CANAL 2 THE CHANNELS 2 AND 6 REPRESENT FIDEL'S ATTACK ON THE MONCADA BARRACKS BACK ON 26 JULY 1953, CONSIDERED TO BE THE FIRST BATTLE IN THE WAR TO "LIBERATE" CUBA.

PROGRAMMING IS POLITICALLY ORIENTED, USES PLENTY OF SOVIET IMPORTATIONS, AND IS OTHERWISE LOUSY. THE LOGOS IS A 2 OR 6 OVER A FLOWER DESIGN, AND THE ID MUSIC 45 AN ORCHESTRAL VERSION OF "GUANTANAMERA."

# CALL LETTERS

CUBAN STATIONS STILL USE CALL LETTERS, IF ONLY FOR BUREAUCRATIC PURPOSES. THE CALL CONSISTS OF THE NATIONAL PREFIX "CM-" PLUS A PROVINCIAL INDICATOR AS THE THIRD

CMA-	PINAR DEL RIO	CMF-	CAMAGUEY		
CMB-	LA HABANA	CMG-	MATANZAS	CML- ORIENTE	
CMC-	LA HABANA	CMH-	LAS VILL	AS CMO- LA HABANA	49.45
CMD-	ORIENTE	CMJ-	CAMAGÜEY	CMR- LAS VILLAS	
	그 선생님 나는 아내가 되었다.				

# APPENDIX 1:

GETTING A QSL OUR OF A DOMESTIC CUBAN STATION IS QUITE EASY; IN MOST CASES IT'S A MATTER OF COMMON SENSE:

- 1) WRITE THE RECEPTION REPORT IN SPANISH. USE A REPORT FORM IF NECESSARY. WHY? HOW FAST WOULD YOU ANSWER A LETTER WRITTEN IN HAUSA?
- 2) IF THE STATION IS A NETWORK RELAY, WRITE TO THE CENTRAL STUDIO, NOT TO THE RELAY SITE. E.G., A REPORT TO CMKV-600 IN SAN GERMÁN SHOULD BE ADDRESSED: "RADIO RE-BELDE: HABANA 4, CUBA." THIS IS COMMON SENSE.
- 3) STEER CLEAR OF POLITICS IN YOUR REPORT. NEITHER OFFEND THE READER BY OPPOSING HIS LIKELY MARXIST PHILOSOPHY NOR SOUND LIKE A PHONEY REVOLUTIONARY BY AGREEING WITH HIM. JUST STICK TO THE SUBJECT.
- 4) DO NOT SEND IRC'S OR RETURN POSTAGE, NOR INCLUDE ANYTHING IN THE ENVELOPE THAT CUBAN POSTAL AUTHORITIES MIGHT RETURN AS POSSIBLY CONTAINING ANY "PERSONAL AR-TICLES. "

### THE MAKING OF THE RFS LIST APPENDIX 11:

THE ADVENT OF RADIO SWAN (LATER RADIO AMERICAS) GAVE FIDEL AN EXCUSE TO FREE CUBA FROM THE NARBA TREATY, SO CUBA NO LONGER SUPPLIES OFFICIAL LISTS OF ITS STATIONS TO ANYONE, EXCEPT TO A LUCKY "UNKNOWN" FEW. THE RESULT IS THE PITIFUL, ANTIQUE LISTS OFFERED FOR A PRICE BY VANE JONES, THE ITU, AND WHITE'S RADIO LOG. THE ONLY AVAILABLE LIST APPROACHING "REASONABLE" ACCURACY IS SUPPLIED BY THE FBIS IN THEIR BROADCASTING STATIONS OF THE WORLD. THE FBIS OBTAINS ITS INFORMATION THROUGH MONITORING.

THE RFS CUBAN STATION LIST ( SO NAMED BY OTHER DX ERS, NOT BY RFS) WAS DEVELOPED UNINTENTIONALLY IN 1962 THROUGH ROUTINE DX'ING OF CUBAN STATIONS. THIS IS NOT A DIFFICULT TASK, SINCE SOME 80% OF ALL CUBAN STATIONS CAN BE IDENTIFIED FROM SOUTH FLORIDA IN BROAD DAYLIGHT.

A FEW YEARS LATER POPULAR RECOGNITION AND DEMAND MADE THE LIST A SERIOUS UNDER-TAKING: CONTACT WAS ESTABLISHED WITH THE ICR, AND DXPEDITIONS WERE MADE TO KEY WEST AND NASSAU. AS YEARS PASSED METHODS WERE IMPROVED AND PERFECTED TO THE POINT WHERE PRESENT LISTS ARE ESTIMATED TO BE 97% TRUE TO THE ACTUAL SITUATION. THIS IS FAR BETTER ACCURACY THAN THAT PRESENTLY AVAILABLE FROM MOST OTHER LISTS OF LATIN-AMERICAN STATIONS.

CLEAR DETAIL ON HOW THE INFORMATION WAS OBTAINED FOR THE RES LIST IS CLASSIFIED, SINCE THE 'LIST IS A POTENTIAL AND ACTUAL SOURCE OF PROFIT FOR THE AUTHOR. THE TENTH EDITION APPEARS IN WRTH-1973; THE ELEVENTH EDITION APPEARS, EXPECTEDLY, IN THIS ISSUE. -30-

VENEZUELA, MORÓN, R. MORÓN 3/25 0018-0026, UPBEAT LA MUSIC, MENTION OF 1000 YVNM MORON, AND ID. (CC, E, NRC)

COLOMBIA, ?, NEIVA, R. COLOSAL I BELIEVE WAS THE ONE IN 1033-1040 4/23 1020 HJDP WITH LOTS OF LIVELY MUSIC, SOME ROCK AND 2 CHIMES NOW AND THEN. SIGNAL WAS GOOD. SUNRISE LINE BEING WHERE IT WAS, COLOMBIA AND BOLIVIA WERE THE ONLY REAL POSSIBILITIES. WAS NOT ABLE TO COPY AN ID, BUT I DID HEAR AN "ONDA" OR TWO. KDKA WAS NULLED. HOW ABOUT IT? WAS THIS THE ONE? (AWP) [HJDP is now on 1025. Perhaps this was HOF2, Onda Popular, in Colon, PANAMA. ED]

PARAGUAY? ASUNCION. THE ONLY LETTER I HAVE WRITTEN TO A DXING TARGET 1020 ZP14 STATION IN THE PAST 10 YEARS WAS SENT TO THIS ONE, R. NANDUTI. I HAVE ASKED IF THEY CUSTOMARILY BEGIN THEIR DAILY BROADCAST WITH 35 SECONDS of Chimes and Gongs. I taped this unique kind of 1S at 0800 4/11 with KDKA TIGHTLY NULLED. AT 0754 THAT MORNING, I NOTED A SLIGHT HET APPEAR-ING IN THE KDKA NULL AS IF A TRANSMITTER HAD BEEN PUT ON THE AIR. THERE WAS NO OTHER SIGNALS THERE. AT 0758, I BEGAN TAPING THINKING I MIGHT CATCH A NA ON THE HOUR, BUT INSTEAD THESE CHIMES AND GONGS SHOWED UP BEGINNING 22 SECONDS AFTER THE HOUR. THERE ARE 19 OR 20 OF THESE STRANGE SOUNDS UNDER THE YAKKING OF KDKA'S JACK WHEELER BUT | CANNOT MAKE OUT ANY VOICE CONNECTED WITH THIS IS. STILL, SOUNDS LIKE THIS CARRY MUCH BETTER THAN VOICE, AND THE TAPE SHOWS THEY DIDN'T COME FROM PITTSBURGH. WRTH SAYS NANDUT! TAKES THE AIR AT 0800 AND IS THE ONLY 1020 STATION WHICH DOES. I TAPED BITS OF MUSIC ON THE FREQUENCY UP TO 0845, AND AT 0900 | NOTICED A SINGLE PIP BUT HAVE NO IDEA WHERE IT CAME FROM. MUSIC BITS DO NOT SOUND LA ESPECIALLY AND ONE AT 0840 WAS IDED AS BY THE CARPENTERS, SO THAT MAY WELL REPRESENT A LOCAL IMAGE. I AM LEFT WITH THE THOUGHT THAT MY STATION WAS THERE AT 0800, BUT MAY HAVE BEEN ABSENT ENTIRELY IN THE LATER TAPINGS. FREQUENCY IS MONITORED EVERY NIGHT AT THAT TIME, BUT NOT HEARD AGAIN. ON 4/10, DISTINCT LA FOUND HERE WITH MENTION OF COLOMBIA AT 0807. AMG HAS FOUND HJFQ ANING

- 1020 ZP14? +HERE THIS MONTH, AND AM HAS SPOTTED PANAMA ANING ON 1020. AM SUGGESTS MY MYSTERY STATION MAY BE PANAMA OR PERHAPS LT10 TAKING THE AIR ON A NEW SCHEDULE. LARRY GODWIN THINKS R. MANDUTI IS THE BEST BET. MEANWHILE, WHILE AWAITING A POSSIBLE REPLY FROM NANDUTI, CAN ANYONE SHED ANY LIGHT ON THIS NOVEL KIND OF IS? (GM,C) [ON THE TAPE GENE SENT ME, I GOT THE IMPRESSION THAT THE SOUNDS WERE FROM A CHURCH BELL, SLIGHTLY OFF-TUNE AND WITH THE SAME TYPE OF REVERBERATION. R. NANDUTI APPARENTLY WAS LAST REPORTED A COUPLE OF YEARS AGO WITH NA AT 0840 OR SO.ED]

International Waters According to a news item by Radio Northsea International, Radio Veronica was driven onto a Dutch beach during the violent storm of April 3. According to an item in the April 23 Toronto Globe & Mail, Abie Nathan's Voice of Peace was damaged in a Mediterranean storm and will be in port in Marseilles for a week. (C.M. Stanbury 110

IRCA FOREIGN LOG WORK HAS STARTED ON THE NEW IRCA FOREIGN LOG, Vol. 11. SO FAR THE TA SECTION HAS BEEN WORKED ON. IT WILL BE A LITTLE BIGGER THAN LAST YEAR'S, VUT 100 NEW STATIONS ARE INCLUDED. THE SECTION CONTAINS ABOUT 550 REPORTS OF 238 STATIONS FROM 55 REPORTERS. MOST PROLIFIC TA REPORTERS ARE AL MERRIMAN, ANGEL GARCIA, PAGE TAYLOR, RUSS EDMUNDS, BILL GRANT, GLENN HAUSER, GENE MARTIN, PLUS OUR THREE OVERSEAS REPORTERS—DENZIL BAKER, THOMAS CARLSSON, AND TERRY GREENHILL. A ROUGH COUNT SHOWS ABOUT 210 NEW LATIN STATIONS. SINCE THE IRCA FL, 11, WILL BE COMPLETELY NEW, YOU CAN STILL GET YOUR COPY OF THE FOREIGN LOG, Vol. 1, FOR ONLY \$2.75 CHECK OR MONEY ORDER (NO CASH PLEASE) MADE OUT TO IRCA, BY WRITING TO FATHER JACK PEJZA, 3266 NUTMEG ST., SAN DIEGO, CALIF. 92104.

TIN'S REMARKS. HISTHINK IT IS TIME WE REALIZE THAT "DXING" IS REALLY A GROUP OF THOBBIES CENTERED ON DISTANT RADIO LISTENING. DOMESTIC DXING, FOREIGN DXING, VERIFY-ING, TAPING, CONTESTS, SOCIAL EXCHANGE— ALL ARE ASPECTS OF DXING THAT CERTAIN GROUPS ARE ATTRACTED TO. I THINK ONE OF THE MAIN OBJECTIVES OF IRCA SHOULD BE TO EDUCATE THE NOVICE DXER AS TO THE POSSIBILITIES THAT LIE AHEAD OF HIM AFTER HE HAS LOGGED AND VERIFIED HIS FIRST FEW CLEAR CHANNEL STATIONS. SOME CLUBS HAVE THE UNSTATED GOAL OF CATERING TO THE "EXPERTS" IN THE HOBBY; IRCA, ON THE OTHER HAND, HAS ALWAYS TRIED TO WORK WITH THE YOUNGER DXER, TO BRING HIM ALONG IN THE HOBBY. THIS IS NOT AN EASY TASK. IT TAKES A GREAT DEAL OF SKILLFUL LEADERSHIP TO FOSTER AND CHANNEL YOUTHFUL ENTHUSIASM INTO CONSTRUCTIVE AND LASTING MEMBERSHIP, SO NECESSARY IF IRCA IS TO PROSPER AND GROW. HERE'S WHERE THE PROBLEM ARISES VERY OFTEN—LEADERS AND MEMBERS ALIKE FAIL TO SEE THE BIG PICTURE AND GET BOGGED DOWN IN A MORASS OF PICAYUNE DETAILS. HOPEFULLY THE OFFICERS OF IRCA TO BE ELECTED THIS SUMMER WILL REALIZE THEIR ROLE IN PROVIDING SUCH LEADERSHIP.

## OVERLOOKED REPORT :

1020 YVMX VENEZUELA, MARACAIBO. WITH HJFQ-LA VOZ DEL PUBBLO ALREADY ON, TWO STATIONS BEGAN TO S/ON WITH NA AT 0952 4/2. QUESTION: Have you ever noticed that the high. TA' frequencies are at 8 kHz intervals rather than 9 kHz? After 1538, they become 8 kHz. Anyone know why? (AMG)

21 APRIL 1973

Richard C. Evans - Box 2048 - Gary, Indiana 46409

As Percy Kesteven mentioned in his 4/7 President's Report, a new column on verifications has been approved for the DX Monitor. Since there is no definite format (or even name) for this column which is to appear on an irregular basis, I think the club would benefit from seeing the entire proposal as presented to the Board of Directors:

# PROPOSAL #5.2-33

I propose that there be created a column to appear in <u>DX Monitor</u> at irregular times devoted solely to the subject of verifications. This column is not to be a mere listing of veries received, but to play up different aspects of the subject, as well as giving suggestions on how to obtain them.

Possible subjects would be examing various collections, such as Richard Wood's results from Hawaii, Glenn Hauser's veries of BCB stations on their harmonics, specialized collections such as LA's or TA's. Perhaps a column could point (out) the differences and similarities of verifying of now as opposed to say twenty years ago.

The main purpose of the column would be to demonstrate that a good and satisfying verie collection is not one of verifying every station heard, but of specializing in one or more sub-areas of QSLs, in hopes that a member might find more happiness while (working) towards a goal he sets up for himself.

The editor should be one with several years of experience in the hobby, and should be able to write much of the material himself, while gathering most of the subject matter from those who are the experts.

As stated above, the column will appear at irregular times, but should appear at least ten times during each volume year.

Respectfully submitted, (signed) Richard C. Evans (note: one spelling error and two accidental word deletions are corrected above--rce)

Comments: The third paragraph could have been worded more carefully, inasmuch as I didn't mean to say nobody could try to do so. However, I wanted to set up a column to look into different areas of this part of the hobby, and, therefore, my comments had to be in the proposal to give it direction, and keep it away from becoming a mere listing of veries received, such as a veries signer list. The proposed articles Jim Poterba and Dave Schmidt are co-writing on reception reports and on the reports which WDEL-1150 received for their recent test definitely fall in the scope of this column. There is no definition of "verie" above in the proposal, so both tapes and paper veries will fall in the scope of the column. How about some club wide discussion on the subject? (These comments were not submitted to the board; only the proposal was.--ree)

# CONVENTION REPORT:

As it stands right now, the convention date will be August 10-12, 1973, the second week-end of the month. Registration fee will be \$10 per person. Location is Howard Johnson's (South) which is on US 41 (Indianapolis Blvd.) at I-80/94, and can be seen from the expressway. Complete details will appear in the June DX Monitor. One important note: the motel requires TWO pieces of identification for each person. If you're planning to come, make sure you have it. For those wondering (as I did at Toledo), the motel accepts American Express and Texaco credit cards. A complete list will appear with the complete convention report. John Zondlo is the one in charge.-rce.
