FROM THE EDITOR-IN-CHIEF

This is the first softcopy-only issue of this volume; the next hardcopy edition comes just before old Saint Nick makes his annual run. A .PDF version of this issue is also available online. Your Editor-in-Chief stumbled across another tropo opening on FM and digital TV on December 13-14, this time pulling in stations from Kentucky and Tennessee, adding a new station to my FM logbook. The information on the new TIS-HAR list appears below, along with details on the new IRCA Mexican Log. Have you entered the Letterama contest yet? If you haven't, this is an excellent time to enter. Contact Nancy Johnson at the E-mail or postal address in Western DX Roundup for more information. An unidentified group is still at work on a potential Convention bid; stay tuned to DX Monitor for more details. Anyone still interested in submitting a Convention proposal should contact Lee Freshwater for more details. This issue features your favorite DX columns. I'm sure all of us in IRCA are ready for the holiday season that's upon us; thank you for your continued support of the International Radio Club of America. It's your support that makes IRCA the club it is today.

The **IRCA MEXICAN LOG** lists all AM stations in Mexico by frequency, including call letters, state, city, day/night power, slogans, schedule in UTC/GMT, formats, networks and notes. The call letter index gives call, frequency, city and state. The city index (listed by state, then city) includes frequency, call and day/night power. The transmitter site index (listed by state, then city) tabulates the latitude and longitude of transmitter sites. This is an indispensable reference for anyone who hears Mexican radio stations. Size is 8 1/2" x 11".

WINTERFEST 2012

Your Editor-in-Chief is inviting all IRCA members in the Midwest to Winterfest 2012, sponsored by the St. Louis and Suburban Radio Club. The hamfest will take place on Saturday, January 28 at the Gateway Convention Center in Collinsville, IL (you may use the IL 157 exit of I-55/70 or the Horseshoe Lake Road exit off I-255). Hamfests are generally great places to find good deals on new and used receivers, materials for an antenna project, or other radio-related needs. Information can be found at **www.slsrcc.org**
