### MEMBER CONTRIBUTION

**Jon Pearkins** (Edmonton AB) sends along the following dated 10/2/615:

You've probably seen this already: [http://transition.fcc.gov/Daily\\_Releases/Daily\\_Business/2015/db1023/FCC-15-142A1.pdf](http://transition.fcc.gov/Daily_Releases/Daily_Business/2015/db1023/FCC-15-142A1.pdf).

But, if not, it would be great to find someone who can translate it into something readable for your column. Especially the section that reportedly will give Class A Clear Channel stations in the US a lot less protection. (Document is 74 pages long and a bit too long for column-ye ed).

Changing jobs, laid off unexpectedly due to a budget cut Thursday 10/29, 250 of us were laid off from Aurora CO and Riverdale Park MD and Omaha NE with Raytheon as part of a 'rolloff' (layoff), at my current position so looking elsewhere, both internal and external to my company. Hope to land something soon, will make the best of it in the interim. If anybody out there has any job tips for me (I fly satellites for a living), please Email them to me at my AOL account. Maybe by the time you read this I may have something new. Hope your DX is good, very warm out here of late on the east coast. 73's. Bob Wien

#### EDITOR'S NOTES

Thanks to Kraig for his logs in this edition. I thought DX never took a holiday at L'Anse MI, hi! The log of WAJR 1440 brought back memories of the DX test I heard from that station on December 5 1993. It is one of just 11 AM stations I have heard from West Virginia. This is a short column this week. 73 and good DX from NØUIH

 1566 **REP KOREA**, HLAZ, Jeju, FEBC. The usual closing announcements for the Japanese program 1342 11/2, otherwise just a carrier with occasional audio. (bp-WA)

## PAN AMERICAN DX ROUNDUP

- 730 **MÉXICO**, XEHB, Hidalgo del Parral, Chih. 11/6 good over KDAZ, no sign of XESOS. 01:01 with XEHB ID and mention of city, state, etc. New logging for me. (JcJ-AZ)
- 970 **MÉXICO**, XEJ, Ciudad Juárez, Chih. Is back on the air (or never actually left?) as "Pancho" //99.1 with only 1kW. The signal is very weak compared to their old signal. I caught their national anthem and ID in my Border Inn beverage site recordings at 1104 9/26. Most nights XESW is audible instead. (TH-CA)
- 1060 **MÉXICO**, XERDO. Thanks to some aurora I finally heard XERDO at 1000 11/7 on 1060.08, and was rather lucky to do so. The signal came up just in time for an ID at the hour with call letters and "La Raza" slogan, and a few minutes after that it had faded back down, and XEEP owned the frequency (with a very good program of Andean music). Apart from being one I've been chasing for the last year, it's also my #100 Mexican, so doubly welcome. (NP-AB)
- 1610 **ANQUILLA**, The Valley, Caribbean Beacon. Was heard at 0302 11/7 with a religious program by woman. Very poor and just above the noise level. (BB-AZ)

Welcome to another edition of SportChannels! Hockey season is under way; we're wrapping up the NHL network lists with the station lists for the Pacific Division of the Western Conference. This is the only division in which there is NOT an "Original Six" team; the oldest team in the division, the Los Angeles Kings, came into the league with the 1967 expansion.

As many of you may know, my mother passed away on October 24 2015. She battled Primary Lateral Sclerosis, a slower-progressing form of Lou Gehrig's Disease, for 18 years. From 1997 to 2009, I was able to juggle work, school, taking care of my mother, some semblance of a social life and, of course, DXing. She helped me buy my first shortwave radio receiver, a Realistic DX-60 AM/FM/CB/Shortwave portable, back in October of 1981; she was always supportive of my hobby, regardless of whether I was DXing or talking on the Amateur Radio bands. She will be missed. In local radio news, KFNS 590 Wood River IL is back on the air as of November 5; the station is now broadcasting a mix of Sports and local talk from Internet station Inside STL; they simulcast KXFN 1380 (the station never did change to KRFT) during daylight hours. Both stations are being leased by Inside STL from Grand Slam Sports. The on-air lineup is anchored by two of the more controversial personalities in St Louis radio history: JC Corcoran and Kevin Slaten. During the month of October, I caught several stations on day power after sunset to cover high school football. New logs in October included KEWI 690 Benton AR on October 2 at 2213 ELT with the end of a high school football game, Little Rock area ads into the post-game show in a KSTL null. A new country was added on October 4 when I pulled ZNS3 810 Freeport, Bahamas through WHB at 0427 with soul music, an ID and local ads. This is my 20th country logged from my present location. KEYL 1400 Long Prairie MN was noted with an ID and Country music poking through the mess on October 7 at 0357 for my 50th Minnesota AM. I also caught KGND 1470 Vinita OK on day power that same morning at 0436 with talk on the post-season in baseball and "The Sports Animal" ID. KYAL 1550 Sapulpa was also in; the 1550 signal was stronger. KJOZ 880 Conroe TX must have been on day power and pattern when I logged them at 0428 on October 14 with local spots, calls in a want ad for an account executive, ID and a rock format. A New Mexican was added when XEP 1300 Ciudad Juárez Chih was heard on October 16 at 0343 with a Mountain time check, promo for the upcoming newscast at 0400 ELT and light vocal music in Spanish. DX conditions have been very good since the switch to standard time at the beginning of November. WWOW 1360 Conneaut OH was heard on November 2 at 1657 ELT with an Oldies format and legal ID over KBKB and WSAI. KNEK 1190 Washington LA was noted the same afternoon at 1740 with an Urban AC format and local spots; it was tough copy through WOWO with KQQZ nulled. WBKV 1470 West Bend WI noted on November 4 at 1620 ELT with Oldies and "Cool Oldies 1470 WBKV" ID, taking out WMBD with some splatter from KHOJ 1460. Long-wanted KOEL 950 Oelwein IA was finally bagged that same afternoon at 1643 with Country music and call letters in a KWOS null. WSJM 1400 Saint Joseph MI was noted on that same afternoon at 1725 with a promo, ID and sports talk, taking out KJFF. As of November 6, 1,628 stations are in the logbook. 73.

The IRCA is a non-profit organization devoted to the hobby of hearing distant stations on the Broadcast Band (510-1720 kHz). **DX Monitor**, the official publication of the IRCA, is published in "soft" form 35 times a year (weekly from November through March, twice monthly from April to November.) **DX Monitor** contains members' loggings, articles on radio stations, receiver reviews, technical articles, DX tips, and other material of interest to Broadcast Band DX hobbyists.
