The **IRCA MEXICAN LOG** lists all AM stations in Mexico by frequency, including call letters, state, city, day/night power, slogans, schedule in UTC/GMT, formats, networks and notes. The call letter index gives call, frequency, city and state. The city index (listed by state, then city) includes frequency, call and day/night power. The transmitter site index (listed by state, then city) tabulates the latitude and longitude of transmitter sites. This is an indispensable reference for anyone who hears Mexican radio stations. Size is 8 1/2" x 11".

Prices: **IRCA/NRC members** – \$9.50 (US), \$11.00 (Canada) \$12.50 (México), \$14.00 (rest of the world). **Non-IRCA/NRC members** – add \$2.00.

To order, send the correct amount (in US funds payable to **IRCA**) to: **IRCA GOODIE FACTORY, 9705 MARY NW, SEATTLE WA 98117-2334**. Or, order through PayPal [add \$1.00] to email: **phil_tekno@yahoo.com** (Phil Bytheway). Please state club affiliation when ordering.

FIRST CALL FOR PAPERS/TALKS: SHARING YOUR IDEAS

Have you had some fun DX experiences you'd like to share with the rest of the club members? Ideas for new techniques or antenna-design? Thoughts about ways to make the hobby even better?

The Kansas City joint DX Convention will be a good place to do that. We're thinking about restructuring our "tech talks" programs, to include less-formal presentations with the longer 'papers.'

If you don't have enough for a full-blown talk, we'd still like to hear your ideas, so consider this your first opportunity to express your interest in doing so. Regardless of the length of your comments, we can support your presentation with full audio and video playback as well as slide projection.

Please let me know if you have some DX-related ideas you'd like to contribute!
