4666 Larkhall Lane
Columbus, OH 43229**

P R E S S R E L E A S E

The Miami Valley DX Club is proud to present its Fourth Annual SWL-DX-LISTENER FORUM at the Dayton Hamvention on April 27, 1986. This year the All Ohio Scanner Club (AOSC) will for the first time be co-sponsoring the event.

Guest speakers at the 1986 forum include:

*** Fred Osterman of Universal Shortwave Radio, who will discuss "Sounds heard on Shortwave."

*** Chuck Gysi, the "Scanner Scene" editor for Popular Communications Magazine. Mr. Gysi will talk about "The Future of VHF/UHF Monitoring."

*** Darryl Symington, AOSC's "Below 30 MHz" Column Editor, who will discuss "Listening to and QSLing the Marine Band."

*** Fred Vobbe, the AOSC's "Tech Talk" Column Editor whose topic will be "Shortwave Broadcast Monitoring."

The Dayton Hamvention has become the largest hamfest in the western hemisphere, covering several floors of equipment display space indoors at the Hara Arena, and covering several acres of outside flea market as well.

This year's Hamvention will be held from Friday through Sunday, April 25 through April 27.

The Listener's Forum will begin Sunday morning about 9:30 EDT and last approximately two hours.

Any questions about the Forum can be directed to Dave Hammer of the MIAMI VALLEY DX CLUB, 4666 Larkhall Lane, Columbus OH 43229. Phone: (614) 471 9973 (evenings)

This is an all band event that should be of interest to all SWLs, DXers and other communications enthusiasts.

MUDXC - serving the DX community since 1973

Gerry Bishop's interesting notion about supplying a worthy country/group with a SW transmitter continues to draw attention in the form of some very thought-provoking letters. You may remember that last month Dan Sheedy raised a number of issues that seemed to cast grave doubts on the wisdom/utility of the venture. Two letters this month take a more positive view of the matter while at the same time taking cognizance of Dan's criticisms. First, a letter from Don Moore (Glendale Heights, Illinois):

[...]With some further refining the idea could still bear fruit.

First off, forget such exotic, almost unpopulated spots as Tristan and Pitcairn. Dan is perfectly right in bringing up such points as who pays for electricity, and station schedules not matching with propagation to North America. Can we really ask an island of fifty people to run a DX station for us? Instead, let's focus on well populated places such as Barbados, Jamaica, The Caymans, St. Kitts, etc.

The advantages of using the Caribbean, at least initially, are many. Existing stations, such as Radio ZIZ on St. Kitts, obviously must already have competent technical people to deal with any problems that may arise with the shortwave transmitter. Studio equipment is obviously already there. All they need to do is to relay the domestic service. (If someone at the station wants to produce a special international program once or twice a week, all the better.) Antenna costs shouldn't be much. I've visited many Latin American stations that get out quite well with a simple and inexpensive dipole. As far as the electric bills are concerned, these stations already run hefty medium wave transmitters. The increased power consumption from a low-power SW transmitter would barely be noticeable, especially since the SW service would run only a few hours a day. Another advantage of the Caribbean is that a lower power transmitter could be donated: 250 watts, or even 100 watts, from Jamaica will be better heard in North America than 500 watts from Tristan--given a clear frequency.

One thing I do see causing a problem is QSLing. The station would be inundated with reception reports, at least for the first year. If we are going to give them a transmitter, why not set-up a QSL bureau that will facilitate QSLing with the least possible hassle for the station? Reports would have to be sent to the bureau to be verified. The bureau would check the reports and fill out the QSLs. The QSLs would then be forwarded to the station where they would simply need to be signed, stamped, and dropped in the mailbox. Any reports the bureau felt unsure about could be sent to the station for further checking.

As to the cost of the transmitter, it is certainly not out of our range. I find it hard to believe that the many pirates who use 100, 200, etc. watts of power are shelling out thousands of dollars for their equipment. Obviously, there are cheap transmitters out there. A Ham transmitter would do -- we don't need hi-fi, nice as that would be. Getting the transmitter to its destination would be a problem, however. Do you trust the mails? How expensive is air cargo? Is there anyone planning a vacation trip to Barbados who wouldn't mind carrying a transmitter in their luggage? If we're dealing with a government-run station custom duties shouldn't be a problem. But if it's a private commercial or religious station, someone might have to pay duty.

Anyway, I think this can work. I've seen enough little radio stations in Northern Peru [please! tell us about them!--sgm] to know that it's not all that hard. In one case, a homemade 50 watt transmitter, a turntable, a microphone, and a dipole on the roof -- plus a rickety wooden table and a dirt floor. Donating a transmitter to an established broadcaster would be a piece of cake by comparison. Anyone out there willing to head a committee to start looking into the cost of a possible transmitter and to start contacting possible recipients?

Let's move right on to a letter from John H. Bryant (Oklahoma) which is in many respects complementary to Don Moore's letter:

Another salvo in the "give 'em a XMTR" story:

Good for Dan Sheedy -- "Scrooge-like comments" do help clear the mind and refine the idea. First, though, Sheedy seems to have missed the whole point of Bishops's idea. The point, as I understand it, is to find a currently non-SW country which needs a SW station for their own purposes, and then help them set it up. We would ask them to do some part of their broadcast week when their signal would propagate to NA/Eu/Ja, and ask them to undertake to respond to all correct reports which include adequate return postage.

As to Sheedy's concern about insulting folks to whom we might make the offer, I think Dan's being oversensitive. If we approach the folks in a helpful, respectful way -- not as 'Big Brothers' -- there should be no hurt feelings. I've been on the other side of the question -- I was a civilian 'snake-eater' for a while. There were occasions when we would have hocked half the island for a decent, small SWBC transmitter.

As for studio and antenna -- some of our Central American missionary friends put out a pretty decent signal with a 1/2-wave wire dipole and a very primitive (by our standards) studio.

Repair of equipment would be a problem, but rather more easily overcome than you might expect. [Presumably, a resident Ham could oversee maintenance; then again, if a SW XMTR were given to an existing MW station, many problems to do with repair and maintenance would disappear or rendered less important.--sgm]

Dan makes an excellent point about some of the countries mentioned obviously not needing SWBC capability for internal needs. In all likelihood, Pitcairn and Christmas Islands have no internal need, so we ought to strike them from the list. However, Palau, as a scattered island group, may not be decently served by their single MW transmitter. I'd rather let them tell us what they do and don't need. There ought to be other island groups in the Kiribati or PNG situation.

All in all, though, there seems not to be the groundswell of interest [well, I dunno -- you wrote, didn't you?--sgm] for this that Bishop hoped for... so shall we forget it? Anybody out there interested?

I was doing fine until I got to that last paragraph. In fact, Bishops Idea has generated more mail than almost any other single topic -- but do keep the letters coming: we need your ideas too. I think that it is possible to bring the above two excellent letters together to form an interesting synthesis. The recipient of a SWBC XMTR should be an already-established MW broadcaster in a region that would have a genuine need for the particular advantages of SW broadcasting. MW stations probably would not have a great deal of experience with, or interest in, QSLs (nor are they likely to have the staff to handle this work), so a QSL bureau would be set-up to take care of as much of the work as possible. We attach as few strings as possible to the donation, with the principal requirement being that the station undertake a maintenance program; further when/where propagation permits, some portion of the broadcast day should be receivable in selected target areas. Did I miss anything?

One more interesting point in all this. I received a nice telephone call from Jim Conrad (Waterloo, Iowa) with reference to the price quoted in last month's CONTACT for a 1 kilowatt transmitter -- \$250,000. Jim pointed out that this might just possibly be the case is the XMTR were hand-crafted of platinum and gold -- solid, you understand. In fact, he thought that rather less than one tenth that figure would be a very generous upper estimate for the total cost of everything: transmitter, a simple studio, antenna, etc. Even though I suspected that this was the case, I must say that I was considerably relieved to have my suspicions confirmed. Jim has considerable experience in international broadcasting, and you may know him from his work with KCBI.

I received two other letters this month. Emily Bershad (Freehold, New Jersey) wrote inquiring about a problem she's having when she tries to record directly off her Panasonic RF-3100. Tom Gietta (League City, Texas) sent a wonderful letter detailing his shack, and how he arrived at his choices for materials and organization. As these are essentially technical items in nature, and as we have a fine TECHNICAL TOPICS editor, I have forwarded these letters to him. Emily

was good enough to mention that she had written to her Representatives and Senators about the 'Electronic Communications Privacy Act of 1985.' Excellent! I hope that you have done the same thing, and that you will let us know the response that you get.

§ § CONTACT NOTES § §

My thanks to Fred Osterman of Universal Shortwave, 1280 Aida Drive, Reynoldsburg, Ohio, 43068; phone (614) 866-4267 for sending the new catalogue. Whew! All those goodies! The catalogue lists a very large number of receivers, antennas (and associated equipment), RTTY-CW demodulators and just about anything else you could think of. The format is very clear and uncluttered which only serves to make the offerings even more tempting. Now where did I hide that VISA...

A useful bibliographic P.S. to John Bryant's letter: "I just read Gerry Dexter's Secrets of QSLing. I thought, as a DXer/QSLer since 1953, that no one could teach an old dog new tricks. BOY WAS I WRONG. No wonder that guy has so many QSLs that I can't get. WOW. Highly recommended!" The full title is Secrets of Successful QSLing and it is available from: Tlare Publications, P.O. Box 493, Lake Geneva, Wisconsin 53147. The cost is \$9.95 + 1\$ s/h (domestic) or \$2 s/h (foreign). U.S. funds only.

A word (two, actually) to those who have requested the MUF paper/equations: please wait. Extensive revisions of the original edition have taken more time than I had anticipated. As soon as it's ready I send it out. I am aiming for mid-April to have everything ready for mailing. I will also send a revised edition to those to whom I sent the original.

Those who were listening to Radio Nederlands Wereldomroep MEDIA NETWORK on 20 March heard the interesting news that MONITORING TIMES from Grove Enterprises, and INTERNATIONAL RADIO from Miller publishing are shortly to merge into one publication. This should certainly become a very valuable source of monthly frequency information. As I have promised, in the not too distant future I will assemble information on periodical sources of frequency information, and discuss them here.

In my first column, I made the point that it was, at least in part, the dismal quality of American radio that drove me (and, I suspect, many others) to SW. There is, however, some hope for better things. Not long ago I ran across a superb program on CBS Radio -- Newsmark (I'm not sure of the spelling -- I haven't seen it listed), broadcast locally by WEEI Boston. It is a solid half-hour of radio in which a reporter takes a topic and examines it in detail. Not long ago Charles Kurault looked at lighthouses and their keepers -- both endangered species-- in an evocative program. Recently I heard an excellent program on the state of Unions in the United States. The production is very fine and the guest reporters are always very interesting. I strongly suggest that you make the effort to look for this wonderful program. It may not be easy, though. WEEI broadcasts the program at 5:30 AM local time on Sunday. The easiest thing to do would be to call your local CBS affiliate. This is certainly a program which suffers in no way in comparison with the best such programming on the BBC, and is cause for wild rejoicing.

That's about it for this time. We are in need of discussion topics -- programming, broadcast legalities, radio heard in travel abroad -- this is the sort of topic that CONTACT thrives on. So, unlimber the writing hand and break forth into print. In the meantime, many thanks to writers and readers, and good listening. 73-

Easy Listening

Editor: Alex Batman, 4636 Alvin Dark, Apt. 2, Baton Rouge, LA 70820

Last month I received a post card from Peter Dillon asking if I would list the foreign language courses available on shortwave. Not only did I appreciate the suggestion, I wanted to go him one better and review these language programs. But when the idea of devoting a special column to a review of language programs, I thought I would have to dismiss it out of sheer numbers. And then I started looking around and found that there are actually only a few, a fact that surprised me. If you feel, as Peter and I do, that these language courses are one of the most useful things about shortwave radio, it might not hurt to write some of the international broadcasters and request more of them.

"Auf Deutsch Gegast (Said in German)" (Deutsche Welle at 0135 on 6040/6085/6145/9545/9565, at 0335 on 6185/9545/9565/9640/9735, and at 0535 on 5960/6120/6130/9690--Saturdays). This program is currently finishing up a repeat of text book three and ready to start a new series in textbook four. The text itself seems designed to eliminate the need for much background in German from the other three courses, and it has translations of all texts in the back, a grammar section, but no glossary. The scenario continues the adventures of the five friends from Kiel now that they are Prien. When broadcast, the text is broken down into sentences and translated with notations of special problems. At the end of the program the dialogue is read straight through in German. Every third week is a specific review of grammar.

"Dutch by Radio" (Radio Nederlands at 0205 on 6020/9895, at 0305 on 6165/9590, and at 0605 on 6165/9715--Tuesday). Not only does this course have a textbook, but it also has a cassette on which the dialogues and reading texts are spoken in Dutch for more help with pronunciation. The program was first broadcast from last April to October, and it turned out to be so popular that Radio Nederlands rebroadcast it beginning in January. At the moment they are on lesson 9 (March 18) out of twenty-six. Supplies of books and cassettes, however, are rather low right now. I'm hoping that when this rebroadcast ends, Radio Nederlands will decide to continue the series with a sequel to the twenty-six lessons of book one. When broadcast, the series always begins with the feature "Did You Know?" (facts about life in the Netherlands), and ends with an interview with an ordinary Dutch citizen (in English). I hope they do decide to continue with this; I rather miss Meneer and Mevrouw Bakker, their zoon Jaap and their dochter Lucie.

"Easy Hebrew" (Kol Israel at 2300 on 9435/7410/5885--Daily). Although technically not a program for learners, this is basically the same idea as the VOA's "Easy English". The Hebrew is just pronounced more slowly and distinctly. You have to have a good background in Hebrew already.

"Learn Chinese" (Radio Beijing at 1145 on 9820, at 1245 on 9820/9640 and at 0045 on 9820/11685 --Monday and repeated on Wednesday). I don't know too much about this once since I've only been able to hear it once. There is a text available and on March 17, the program was Lesson 11, Part I (of six parts). This lesson was "Phrases for Tourists" and featured the days of the week and the names of the month in Chinese.

"Learn Spanish: A Language without Bounds" (Spanish Foreign Radio at 0050, 0150, and 0550 on 9630/6055--Monday through Friday). As of March 12, Lesson 43 was being broadcast, a dialogue between Carlos and Ricardo, read in Spanish but without English translation. The second part of the program is about Spanish Grammar, explained first in Spanish, then in English. Although I'm not certain, I believe there is a text for this course available from Spanish Foreign Radio. The program would otherwise be very difficult to follow.

"Let's Learn Chinese" (Voice of Free China at 0245 and 0345 on 5985/6065 and at 0745 on 5985--Daily, but be careful. The 0345 broadcast on one night is a repeat of the 0245 and 0745 broadcast of the night before). This program is broken up by days. Wednesday night is the beginners' course, just starting a new series and on about Lesson 4 by March 26. Mondays and Thursdays is intermediate Chinese, and Tuesdays and Fridays is Advanced Chinese. Saturday night is Chinese pronunciation. There are texts available at all levels, but I found the first lesson of elementary Chinese so clearly and carefully presented that a text was not even needed, though it would have been handy for later reference.

"Let's Learn Japanese" (Radio Japan at 1335 on 5990--Tuesdays and Fridays). Technically there are two courses here: "Let's Learn Japanese" on Tuesdays, which has a text published tri-monthly (just about ready now to start on a new one for April-May-June), and "Let's Practice Japanese" on Fridays, which has a text published every two months. Other than the difference in texts, I can't really tell one program from the other; both are dialogues read in Japanese and then in English, then broken down by sentences. Considering that Japanese is so different from English structurally, I think Radio Japan should do a bit more with grammar; otherwise this program is very hard for a beginner in Japanese to follow.

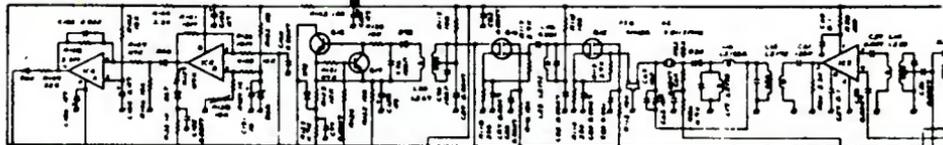

"Let's Learn Korean" (Radio Korea at 1440 on 9750, 0240 on 11818/15575, and 0440 on 9570--Monday through Friday). Again, I've only heard this program one time, but I believe there is a text available from Radio Korea. The edition I heard featured sentences read two or three times in Korean and then once in English. There seemed to be no analysis of the language itself.

"Let's Speak Latin" (Vatican Radio at 0050 on 6015/9605/11845--Friday). This program varies four times a month. The first Friday of the month is elementary Latin: a dialogue between Publius and Claudia, two Christian Roman teenagers, about life in the catacombs. The second and third Fridays are intermediate Latin. The second Friday has brief excerpts from the War Commentaries of Caesar including descriptions of battles, analysis of Caesar's leadership skills, and number of dead barbarians; the third week is excerpts from the Orations of Cicero and includes rhetorical analysis. The fourth week is advanced Latin, features excerpts from the Aeniad, and includes analysis of Latin scansion and epic form. All weeks have structured exercises at the end of the text, which is unfortunately out of print at the moment. The fifth Friday, should there be one, is a discussion of the role of Latin in the Church Today.

"Russian by Radio" (Radio Moscow at 1930 on 11840--Saturday. At 0030, 0330, 0930, and 1630 Sunday on various World Service frequencies). This program is almost impossible to follow without the text from Radio Moscow (which includes written exercises that Radio Moscow will correct for you if you send them in). The program is currently featuring a series called "Spoken Russian", on Lesson 5 as of March 22. It is a general collection of features, such as dialogues, Russian songs, and even a radio play in which the listeners are assigned lines in Russian (they even pause during the play to give you time to say your line). It actually sounds quite good, but without the text I was completely lost and the program was useless for learning Russian.

As a final note I wanted to let readers know (those who don't know already) that Radio Canada International's "Shortwave Listeners' Digest" now has a phone-in program every fourth Sunday of the month. Actually the phone-ins are done in advance and the tape played on Sunday night. Numbers to call are: 1-514-285-3545 and 1-514-285-3547; unfortunately the have not decided a definite time that will consistently be the time to call in (once, I know, it was on a Saturday afternoon before the broadcast that Sunday). When they do decide a permanent time, it--as well as any other ad hoc arrangements--will be announced during a regular edition of "SWL Digest". The title of this new feature is "Forum", and RCI is right now looking for topics of discussion and suggestions as to what direction the program should take.

THE CHALLENGE OF DXING OR APRIL FOOLISHNESS

Never let it be said that Radio Shack is one to let the grass grow under their feet. After ten years, RS has discontinued their SCIENCE FAIR electronic project kit #28-110 The Three Transistor Short Wave Radio. This little miracle of communications engineering offered regenerative tuning and push in terminal construction for soldaferrophobics (the fear of soldering irons). When coupled with the Science Fair 100 khz Frequency Standard Cat.# 28-140 you could be DXing with the best of them, drawing in such exotic stations as BBC, VOA, Radio Moscow, etc. Some fun hey kids!

No, Radio Shack felt the need to bring these little gems into the eighties, (or at least the 70's). In an effort to keep all our readership aware of the latest in technology we have contacted no less an authority than BABA RAM GRID BIAS to present a review of Radio Shack's latest offerings. We must note that there is no truth to the rumor that the reason BABA went off to the mountains of Tibet to meditate was that he was chief design engineer on the Radio Shack DX-300.

THE RADIO SHACK AM SHORTWAVE RADIO KIT by BABA RAM GRID BIAS

Greetings my children. I thank young Dial Twister for this chance to address you on this latest of Radio Shacks entries into the DX field. This Science Fair kit part# 28-176 is vastly improved over the previous #28-110 kit. Gone is the regenerative tuning and added are improved coil forms and springy thingy connector. The case itself is a vast improvement over the old style P-Box construction. Now instead of a breadboard you felt compelled to hide in a drawer, there is a fine console complete with miniature world map that will make a breathtaking display on any DXer's desk.

The AMSWRK, as we serious DXers call it, tune in the world on three bands. 520-1625 Khz, 5.5-10 Mhz, 9-16 Mhz. The kit contains everything the serious Dyer will need to begin filling his or her log books with exotic catches from the four corners of the globe. The kit even includes its own high impedance earphone. Its self contained 2 "AA" cell power supply makes it ideal for the traveling SWL. I am sure some of our more creative users will come up with a way to modify this kit into short waves first "walkman".

The AMSWRK is just one of six radio kit's that Radio Shack makes for Dyer's who want to "Roll Their Own". But at \$12.95 it represents the Top of the Line along with RS's 5-Transistor AM Radio Kit.

The serious builder will give strong consideration to all of the Radio Shack Radio Kits.

#28-176	AM Shortwave Radio Kit	\$12.95
#28-253	5-Transistor AM Radio Kit	\$12.95
#28-175	AM/FM Radio Kit	\$12.95
#28-221	VHF Radio Kit	\$9.95
#28-229	2-Transistor AM Radio Kit	\$6.95
and for all you purists out there who are looking for the ultimate DX challenge		
#28-219	Crystal AM Radio Kit	\$4.95

With this line up of quality communications gear it is clear that Radio Shack is sending a message to the world that radio is the way to go. And with their new Radio Shack/Citiline Card Credit Line even these rather expensive pieces are made affordable to the less well off DXer.

Well it is time for me to go out on the mountain top and contemplate the frequency schedule of Radio Earth. Farewell for now my children.

ALL KIDDING ASIDE DEPARTMENT. Well now it looks like BABA has had a little April fun with the Radio Shack folks. Before BILL OLIVER busts a blood vessel let me assure everyone, including Radio Shack, that all the above mentioned kits are really fine projects for anyone trying to understand how radio works. As my son becomes more inquisitive I hope to let him try his hand at many of Radio Shack's Science Fair kits. I must confess that while I was in college I had a great deal of fun playing with the old #28-110 Three Transistor Short Wave Radio. I think I paid \$6.00 for it on a "Where is as is" sale. Using tin-foil on two walls as an antenna, I logged forty or so stations. That works out to 15¢ per contact. I know some folks with K-71sthat are swaeting out fifty contacts, mostly due to poor listening habits. One of the things my Science Fair kit taught me was how to listen strategically, taking best advantage of band conditions. Also the regenerative circuitry of this kit allowed me to sneak up on some stations using the tuning to block out interference. It was no K-390 but I had fun and thats the important thing.

So thank you for being part of our April Foolishness, Radio Shack and thank you for providing kits to bring about the next generation of DXers. Keep those cards and letters coming folks!

P.S. This is to inform the American Psychiatric Association that I do hereby proclaim myself the discoverer of the terrible syndrom of fear of soldering irons. Further I state that I alone am author of the terms Soldaferrophobia and Soldaferrophobic as applied to this horrible form of mental illness. Therefor, let the accolades pour forth in my general direction. No doubt in future columns you will be hearing about where to contribute to the Soldaferrophobia Foundation so that we may conquer this terrible disease that turns hearty experimenting DXers into appliance operating drones.

P.P.S. This is not to be confused with my plan to market Schrödinger's catnip!

NASWA Awards Program

Awards Chairman: John M. Kapinos, 86 S. Quinsigamond Ave., Shrewsbury, MA 01545

Congratulations go out to the following folks who earned NASWA Awards during the month of February 1986:

Gerry DEXTER, Lake Geneva, WI: Master Radio Moscow DXer; Australian DXer
Ray FORSGREN, Chippewa Falls, WI: North American Continental DXer; Senior Ecclesiastic DXer
Donald F. JONES, Berea, OH: North American Continental DXer
Kevin KLEIN, Appleton, WI: World Wide DXer
Donna ROBINSON, Willow Springs, IL: World Wide DXer
Thomas V. ROSS, Lyons, IL: Ecclesiastic DXer
Gary STONE, Spokane, WA: Australian DXer
John R. TOW, Pinson, AL: Senior DX Centurian; South American Continental DXer
Gayle VAN HORN, Orange Park, FL: Arab World DXer
John WILKINS, Wheat Ridge, CO: Master Indonesian DXer

**** Kap's Komments ****

Interesting to note that 50% of our Award recipients this month come from 4% of the States, Illinois and Wisconsin. And, alas, not a soul from the Great Northeast, where the temperature is -6 one day and 55 two days later.

A reminder, lists of countries eligible for the Arab and British Commonwealth Awards are available for SASE, IRC overseas.

Some suggestions that have come along and I'd like to pass on: Radio Havana, Cuba takes between 3 and 6 months to QSL, for a "quickie" Cuba QSL go the Radio Moscow route. For 'full data' England and Ascension Islands cards the Voice of America works quite well. Chile has long been a thorn in a lot of folks' side, here's an address that should work for Radio Nacional as well as well as Radio Agricultura: Carlos Toledo Verdugo; Casilla 166; San Fernando VI Region; CHILE. At least 2 IRC or appropriate mint stamps are needed. Also, a local postcard would be a nice gesture.

I'm still trying to complete my personal collection of Polskie Radio's (now Radio Polonia) set of "Herby Miast Polskich" pennants. These were issued until about 4 years ago. I'll either trade 3 IRC or pay \$2.00 for each one you send along.

It's been a few months since we ran a contest, so here goes. 2 First Prizes, one for North America and one for the rest of the World. Choice of 3 IRC or 2 Awards. Kindly mention your choice on your entry. Here's the question: Many years ago a Major International Broadcaster used a rather unique transmitter setup, both from the European Area and also from Central America. Who was it and what was the setup. No hints. April 30 deadline for North America, May 30 for the rest.

Till next time

BEST,
Kap 3/13/86

Allan L. Courtney
801 Mt. Vernon Dr.
Lexington, KY
40502-2221

Ed's Note: Alan's program prints log sheets on a standard sheet of paper. Each sheet has space for: Date, UTC, Freq., Station, LG, SINPO and comments. As written, the program is for the Commodore 64 and Commodore 1526 printer. It will also run as written with the Commodore MPS-802 printer. To use the program with other printers it may be necessary to delete or change lines 66 and 70. These lines send commands to the printer to compress and decompress line spacing. This program makes extensive use of the Commodore 64's graphics keys. For that reason, it is probably not possible to adapt it to another brand of computer. It can be run on the VIC 20 or Commodore 128 by deleting the POKES in line 10.

Shortwave Programs Database

In the July Computer Corner, Ron Pokatiloff's International Broadcast Listener's Program was featured. Ron has gone back to the keyboard and produced an expanded and improved version. It is aimed at the program listener and contains over 4000, yes 4000, program listings. Want to know what's on the BBC Tuesdays at 0240 GMT? How about Monday at 0115 on Radio Beijing? It's all there; a day by day, hour by hour breakdown of shortwave programming.

The program is available on disk for the Commodore 64 and is priced at \$15.00. What's that you say, don't have a Commodore 64 or don't even have a computer? Well, Ron has a 70 page print out of all the information available. Its also priced at \$15.00 from:

Ron Pokatiloff

March 4, 1986

The Hon. William J. Hughes
2307 New Road
Northfield, NJ 08225

Dear Congressman Hughes:

I am writing to express my strongest opposition to S1667/HR3378, the Electronic Communications Privacy Act of 1985. While I am an advocate of the right to privacy, I also believe that, as written, this bill erodes the existing rights of the public due to major flaws in its construction. I also believe that this bill wrongfully places the costs of privacy and security in communication on the taxpayer when they should be placed on the communications companies that profit from the use of the radio spectrum.

I am a disabled individual. Although I am able to work and perform most activities of daily living, my physical condition limits me to sedentary activities. My recreational activities reflect this limitation. When I became disabled, I took up radio monitoring as a hobby. I have become active with monitoring Shortwave, HAM and VHF (known as scanner) radios. These activities are currently legal but may no longer be if the above legislation is not modified.

Unfortunately, cellular telephones, radio, cordless telephones, etc. share portions of the radio spectrum with the above mentioned services. S1667/HR3378 is intended to protect the privacy of telephone, etc., however, in doing so, will make legal listening illegal.

The Associatin of North American Radio Clubs, an umbrella organization representing 15 individual clubs with over 10,000 members, has given testimony on the 4 major flaws of this bill;

FIRST: The bill contains NO definition of "readily accessible to the public." The Association contends that there is a simple test that can be applied to establish "ready accessibility."

SECOND: The list of stations to which it would be lawful to listen is NOT consistent and NOT logical. This could be easily solved by addressing the definition of "ready accessibility."

THIRD: Any law stemming from S1667/HR3378 would be virtually unenforceable. There are currently MILLIONS of radios in American homes capable of receiving these broadcasts. Is it the intention of Congress to make millions of Americans criminals? A lesson can be learned from the Federal Communications Commission's inability to effectively regulate the licensing of the Citizens Radio Service. When the unenforceability and futility of the effort became apparent, the licensing requirement was dropped. By the way, it is currently estimated that there are thousands more scanners in American homes than citizens band radios. If the government could not regulate a service in which the radios could be identified by their transmissions and large (18' tall) outdoor antennas, how will it regulate this? Scanners are receivers only. They do not give off easily detectable waves; their antennas are indoors and only 18" tall. Obviously you see the ludicrousness of this.

FOURTH: This bill shifts the responsibility and cost for communication security from the provider of the service, who is making a profit, to the American Taxpayer. Current technology can easily make telephones, etc. NOT "readily accessible" at a reasonable cost of several dollars per unit. You can see the obvious reasons why business doesn't want to have to bear these costs. It is much cheaper to leave the current insecure systems in place and have the taxpayer bear the expense, responsibility and impossible task of keeping the general public from listening.

I urge you to insure that S1667/HR3378 does not make currently legal activities illegal. I also urge you to insure that S1667/HR3378 places the responsibility and COSTS of providing communications security where it belongs; with those who profit from the use of the radio spectrum, not the general public.

Your editor urges all Computer Corner readers to write their representatives.

NOTICE

The NASWA Foreign Language Report Guides are available again from NASWA Headquarters. The languages are Spanish, French, Portuguese, and Indonesian. Price is 75¢ each or the four for \$2.25. We also have a few NASWA stamps left at \$3.50 each. These stamps add a nice touch to your correspondence and identify you as a NASWA member.

Listeners Notebook

GLENN HAUSER, Box 490756, Ft Lauderdale FL 33349

PROPER CREDIT Other publications and broadcasters may use material from LN, provided due credit be rendered to the original reporter and the NASWA Listeners Notebook. This courtesy does not extend to closed organizations which do not allow reciprocal access to their publication. BBC Monitoring Service items (designated WBI for World Broadcasting Information) are copyright and may not be reproduced without BBC MS permission. The most important items have been broadcast immediately on WORLD OF RADIO or SWL DIGEST, not otherwise mentioned herein. All contributions to LN are gratefully received, but your editor cannot promise a personal reply because of severe time constraints. Material for LN should be marked as such each time (not just on the envelope), as input for other gh outlets also comes to Box 490756. Reports to gh should not be cut into little strips. It also helps if you use one side of paper only, and do not mix LN items with other correspondence. All times, dates and days are day/month GMT = UTC, uos. Please do not ask me for advice on receivers or other equipment. Thanks (gh)

ANGOLA ER de Benguela, 6152, and ER do Lobito, 7193, both hrd at 0520 w/diff pgms of Afro mx; fair sig 11/2 (Ernie Behr, Kenora, Ontario)

AUSTRALIA 21/2 letter from R S Gulson, Supervisor, Engineering Services, ABC Darwin, says mine was first report from USA for Alice Springs Tests. Gives sked in ACST as 8 am-4:30 pm on 4835, 4:30 pm-8 am on 2310, likewise for VL8T Tennant Creek on 4910 2325, and Katherine VLK8 on 5025 2485. "All three aeriels are troposphere scatter systems" (Ron Howard, Santa Barbara CA) I'm afraid he is confused; as usual with HF, the ionosphere is involved, not the troposphere; enclosed booklet explains this vertical incidence xmsn method as 'reflected back downwards by the ionosphere'. Nominal range of each is apx 450 km radius; most of the time pgm the same as MW stns 8DR, 8AL, 8GO, 8JB, 8KN, 8TC but 'there are plans to include segments of special interest to people in remote areas' (gh)

C H I N A La Lettre de Radio France, Feb, says: Following contacts between TDF and the Chinese Ministry of R&TV, an inter-govt'l agmt provides for exch of xmtr time (French: heures-fréquences) for SWBC by RFI. RFI'll be being for 6 hours a day from Chinese xmtrs, fed by an Intelsat, for the Indian Subcont, SEAs, Pac (WBI 6/3) & That means R Beijing also via RFI facilities! (gh)

C O L O M B I A Correction, please on your 1/3 RCI SWLD DX report: Re Dario Monferini's report that LV de los Centauros was on 4785. I did not inform him such a tip; it was given by a phone call from Bernhard Gründel, Stuttgart, to Dario; this is wrong! A misunderstanding. Actually I told Bernhard on his visit to me that I hrd on 4785 23/2 0450-0800 f/out Ecos del Combeima, ads, time, nx ID! I showed him a QSL card from LV de los Centauros, which I received after 3 yrs, from my vacation in the Canary Is, for 5954.6! This was received on 6/2. I don't know what was said on the phone between Gründel & Monferini. I don't like this, because it destroys my name. I have been DXing with accuracy. (Roland Schulze, Stuttgart, W Germany) Dario phoned me a correction on this & it was mentioned ASAP. I'm sure we all regret this misunderstanding! (gh) At the time I bc the item, along w/one from someone else on the same date contradicting it, I figured Combeima might have had Centauros pgm via a network (gh)
Transamazônica, Guaviare, at respectable level at 1103 check 21/1; don't be misled by refs to a San José--not a Costa Rican (Max in Maine) 6035, I suppose

C O S T A R I C A R Impacto is back on 6150, from 0100 w/LAm mx, 23/2; 20 mins earlier was still on 6160; wkdays to 0600*; Sun to 0400*v; R Sandino still on 6161.6 at 0400 4/3 (Ernie Behr, Kenora Ont) R Impacto back on 6150 after spending 19 weeks on 6160. Move necessitated by appearance of R Sandino on 6161.6 (ex-6200), which was probably an intentional effort on the part of Sandino to QRM Impacto (John Wilkins, Wheat Ridge CO, 12/3)

C U B A Monitoring 3-15/2 shows RHC ES redesigned format and presentation of SP to Ams 3/2, coinciding w/Third Congress of Commie Party of Cuba, Havana, 4-7/2. Briefly, pgming changes include: (a) Major commentary features entitled World Events and RHC Comenta are no longer carried. (b) The "Our America" commentaries continue but other new comm features "Nota," "Comentario," "Punto de Vista" have been introed. (c) Long nx reports carried outside regular newscasts are entitled "Reportaje" and "Reportaje desde [name of country]". These

long nx reports are by phone from R Havana and Prensa Latina correps abroad. (d) A review carrying reports from Cuban nxpapers has been introed. (e) A 10-min quasi-religious pgm "Por Dentro" which is described as "a panoramic view of Cuban religion & society" is now being bc. The first one was on Mon 10/2. Ancd that Por Dentro'd be carried on Mon & Thu and'd feature "Cuban Church Personalities"; however, it was not carried Thu 13/2. Changes've been made to other RHC svcs. Incl an incr in PT to LAm, 01-0245 on 11725, 09-1045 on 9550. --an increase from 2 to 3½ hpd. 22-23 xmsn in Quechua [sic] moved to 00-01 on 11725. Guaraní 11725 is now one hour later at 2300. RHC FR to Am doubled to one hour a day, 03-04 on 6090. Outputs of EG & SP to Ams unchanged. Seems to 've been cutback in eve bcs to Eu, ME, Af w/EG 1830-20 on 11795 ex-FR; 2010-21 40 bc in EG no longer hrd (WBI 20/2)

DOMINICAN REPUBLIC New stn! Radio Discovery, the Voice of the Caribbean, tnx to tip from Terry Palmersheim, MN, hrd testing Sun 23/3 1820 intermittently past 2100 on 15045; IDs in EG & SP, mostly Jeff White in EG w/Radio Earth-like pgming, Carib countries promoted, Carib mx, promising QSL for reports to a Tampa P O box, or phone calls to an 809 number in Santo Domingo; otherwise, no mention of actual location of stn hrd, and must wonder if this is completely legal; Terry also hrd it in evening on 6215 (gh)

ECUADOR R Bahá'í, 4991, 0436-0457* 12/3 w/soft instl mx, soft talk by M w/R Bahá'í IDs; s/off routine 0452 incl fq, anthem. R Católica Nacional, 5055, *1100-1108 16/3, instl then choral anthem, s/on ID, anmts, SIO 343. LV de Galápagos, 4810, 0204* 13/3 u/hvy ute QRM but did catch s/off routine & anthem (Richard A D'Angelo, Wyomissing PA) Re Mar LN logging for R Rio Amazonas, yes indeed, I meant 4870, a 'printo' error (Maxfield Greenwood, Sedgwick ME)

R Quito reported 19/2 2300: Early this morning, three members of the "Alfaro lives, Dammit!" mvmt seized installations of our colleague, R Éxito. The report was made by José Rodríguez Santander, owner and manager of R Éxito, who said the stn op Jorge Andino and ancr Fabian Buenano were forced into a toilet [room or commode?] while the assailants quickly placed in the console a cassette w/msg marking the 3rd anniv of the foundation of the "Alfaro lives, Dammit!" mvmt and referring to a magazine that had been advertised in the past few days. Rodríguez said that the assailants then wrote subversive slogans on the walls and placed a suspected explosive charge... (WBI 27/2) I'd dearly love to know just which Spanish expletive was rendered here as "Dammit!" (gh)

EQUATORIAL GUINEA One eve I hrd R Nacional on two // outlets 4925 & 5005 so there are two diff xmtrs (Marcel Roumerts, Holland, Feb DSWCI SWN) Maybe one was that which sometimes ops ES on abt 15105 (No#1 Green, ed)

ESTONIA [Cf Feb LN-20] Tallinn is no longer on 6085; moved to 5925 several yrs ago; RS pgm hrd by Greenwood on 6085 could be from anywhere in USSR; 5925 also used by other Sov xmtrs; have hrd Mayak mx pgm there to 2200* last Nov (Ernie Behr, Kenora Ont)

FINLAND R Finland, ancd 11/3 0930 that from beginning of DST 30/3, all xmsns'd be one hour earlier by UTC; also some fq changes, notably EAs/FE 0830 15155 ex-11935; morn EAs/Au 2100 11715, ex-31m; 1830 Eu 9560 ex-9530 (WBI 20/3)

FRANCE RFI M86 EG, presumably same times in Apr as in Mar: 16-17 11705 17620 17795 6175. 0315-0330 & 0345-0400 6175 7135 9790 9535 6055 9800; 0415-0430 & 0445-0500 7135 9790 6175 9535 1233 9550 6055 9800 (RFI) See also CHINA

GABON ANO, Libreville, reported 15/2 0630: ANO'll now be hrd farther away and be more powerful. Gabon & France signed a financing agmt 14/2 that'll en-

able ANO & RFI to improve quality of their xmsns. Over 622 megacFAfrance involved in project; for the pan-Af stn this'll possibilize fitting Moyabi xmtr centr w/new powerful ant which'll enable it to improve qual of recep over entire cov area, partic WAF; Pierre Dabezies, French Amb to Gabon, described the eqp: This ant'll at the same time incr geog & strategic capabilities of ANO & enable RFI i.a. to allocate more hours of xmsns. And'll incr self-financing capability of ANO giving this stn greater prominence than so far, and far from negligible because thousands--even millions--of people listen to it. (Ed note: AFP report same day said the 'antenna' 'd be a 250-kW one, indicating that the word "antenna" may have been used to mean 'xmtr' (WBI 20/2) This happens again & again in press reports regarding SW; how can people be so dumb? (gh)

GERMANY EAST Monitoring 11-16/2 shows: Use of MW 1575 for the Radio DDR-1 DS now ending at 1830; then that fq from Burg xmtr is used by RBI ES; except for FR, these bcs on 1575 are new: 1830-1915 GM // 7205, 1915-2000 SD, 20-2045 GM, 2045-2130 FR //9730 7260 7185 7105, 2130-22 GM relay of V of the GDR svc, 22-2245 DN. Xmsns on RBI's other MW fq 1359 appear unchanged. Anmt in 1830 GM bc 16/2 said RBI'd adopt new sked from 3/3; GM to Eu 0530-0615 7295 5955, 09-0945 9730 7185 6040 (Sat & Sun), 1830-1915 7295 7205 1575, 20-2045 on 9730 1575; earlier anmt 12/2 indicated GM Ams from 3/3: 2230 9645 9620 6125 6070 6040 6010, 0130 9730 6080, 0345 9560 6010. Above indicates consequential changes affecting other non-GM svcs (WBI 20/2) SW portion of V of the GDR DS in GM, one hour earlier during DST [which has now begun]: 2315-04 9730 6115, 04-1715 6115; remainder of 24h sked on MW & FM only (WBI 20/3)

GERMANY WEST DW on 5960 & 6130 had AR pgm at 05-0550* 10/3, both vy strong; next day hrd w/usual EG to Nam; what's going on? (Ernie Behr, Ont)

Monitoring 2/3 shows DW ES pgm sked for Mar is considerably reorganized in non-GM svcs; most retimed, resulting in increase of DW output (incl GM) of 26: 55 per week to a total of 568½ hours. Langs reduced in output: Std Chinese, JP, PT=Brazil; increased: AR, BG, Dari, EG, IN, Macedonian, Maghribi, Pashto, RM, RS, SC, Slovene, SH. No change in others tho retimed & reorganized. DW continues xmtng via own SW facilities pgms in Czech/Slovak, HG, PL, produced by other WGerman ES, DLF; however, two DW xmsns, one in RM, other SC, no longer via DLF 1539. Also, fram D/3 Eu xmsns one hour earlier (WBI 13/3)

Addl DW bc in EG to Nam at 03-0350 on 6010 6185 9545 9565 9640. Sked of test xmsns[from Jülich as before? site not given]: 06-0755 GM Eu 6075, 08-0955 GM SAs 21560, 10-1155 GM SAm 15245, 12-1355 GM Af 17875, 14-1555 GM SEu 6040, 17-1750 Persian 7285, 18-1850 Turkish 7285, 19-22 GM Af 9640, 2230-2320 Indo 7200, 00-0155 GM SEu 7130, 02-0250 EG SAs 6035, 03-0350 EG Nam 9735, 04-0550 AR ME/NAf 11795 (via Eric Falkenhan, Baltimore MD)

France-Inter, Paris, reported 5/3 1200 that Europe No 1 is to become an entirely private radio stn once again; This morn, SOFIRAD (the state-owned bcing finance co) issued a cqué saying it'd sold the 34.2% of shares it held in ENO to the Holpa company, a subsidiary of the Hachette group (Ed note: ENO, a French-lang commercial stn w/studios in Paris, bcs from xmtr in Saarbrücken, FRG on 183 kHz) (WBI 13/3)

GREECE On 2/3, VOG made some sked changes; so far monitored: 00-0150 & 02-0350 Nam 9935 9420 7430. 04-0450 Arabia 9425 7430; 05-0615 ME same. 15-1550 Nam 17565 15630 11645. 18-1850 SAf 15630. 19-1950 Eu 9425 9935 7430. 20-2050 Balkan same. 21-2150 Au 9935 9420 7430. 22-2250 Au 9420. 22-2350 SAM 9935 7430. 23-2350 Panamá 9420 (Christos Rigas, Chicago IL)

GUAM KTWR sked in EG: 0715(Sat/Sun 0700)-0830 15115, 1300-1415 (Sat/Sun 1430) 9870 (WBI 27/2) There may have been one or two changes since then. WBI claims all KTWR xmsns are to As, tho DU sources say the Arabic 0830-09 on 11735 is specifically for Australia (gh)

AWR-Asia is still in construction stages but hopes to begin bcing in the fall of 1986 (AWR Current via Richard A D'Angelo, PA) Do they have fall in Guam?

GUATEMALA R Cultural, 0320-0630* 2/3, first noted 0320 w/EG pgm abt JC, t/in again 0528 in SP relig pgm, 0627 música de meditación, s/off anmts. Nevrr hrd this stn so long before, peaked at 0540 SINFO 44333 (Roland Schulze, Stuttgart GFR) Presumably 3300, tho in my Jan visit there, found 5955 also on the air w/low power xmtr to hold the fq, unanecd (gh) R Chortis, 0240-0305* 2/3 SP relig pgm, 0303 ID & s/off anmts on 3380.1 (Roland Schulze, Stuttgart FRG)

Prensa Libre newspaper, Guat City, reported 28/2: TV Channel 5 has not become part of the Ministry of Culture, because it is still administered, directed and sponsored by the Guat Army, Captain Juan Fernando Cifuentes, offl spoxeman for the armed forces, said yesterday. Presently, Ch 5 is preparing spl pgms because most students have returned to school and morn bcs've been suspended. The morn bcs'll be replaced by a literacy pgm in co-ordination w/the Educ Ministry, which'll be very beneficial, Capt Cifuentes said. Attractive pgm of Guat poetry and prose directed by Delia Quiñónez'll be bc in near future. There'll also be an EG lesson so students can receive guidance on TV. Texts that'll be used as f/ups to TVed readings and writing lessons can be purchased at the Multiling Institute, directed by Ernesto Falla (WBI 13/3) Logo of this stn is "TVCE," even tho official call may be "TGCE" as given in WRTH 86; during my Jan visit following inauguration of democratic govt of Cerezo, this stn fqtl ran nauseating 5-min promos of the glories of the Guat military, also picked up by other channels. The power struggle goes on (gh)

GUIANA FRENCH RFO, Cayenne, 3385, 0025-0200 in FR, slow mx, singer group, ID, SINFO 34333! (Roland Schulze, Stuttgart, W Germany, 2/3) see CHINA

GUINEA RTVG, 4900, 21/2 cora or guitar IS *0554, 0559 NA & Son, Qur'an, then long pgm of strange Waf vocals to 0645 nx; seems regular, ex-4910 (John Wilkins, Wheat Ridge CO, 12/3) Conakry on 4900 2341-2403* 11/3, continuous easy instl mx until ID, anmts at 2359, then orch anthem 0001; poor (D'Angelo, PA)

Not having been at my rx for near a month, & not since I logged Chad on 4/2 for 4900, with 0800*, and in passing at 0700 7/2, I can't declare my logging for Chad, yet, wrong. But today 7/3, immediately on reading March IN, I tuned in 4900 at 2325 & listnd to a G sig from Guinea to 2403*; Will, at first late-night (or very early morning) listening, check 4900 betw 07 & 08 to see if my 'wandering' Chad was, in fact, Guinea--& will duly report results (Max in ME)

ICELAND Reykjavik hrd on new 9774 USB, IC pgm 2300-2410* Sun 9/3; vy strong sig until 2347, when VOA het began; other days to 2335*v; sounded like 50 or 100 kW, not 10, maybe beamed to Manitoba, which has largest Icelandic community outside Iceland (Ernie Behr, Kenora Ont, next to Manitoba, 11/3)

INDIA AIR ES to begin regular GM lang xmsn later this yr; AIR is now using a new time signal (Jose Jacob, India, Jan IDXCI ADXR) At end of the VII 5-yr plan the number of AIR stns'll go up from 88 at present to 203. Coverage'll go up from 90 to 99%. 100 FM xmtrs to be set up; on MW 3 stns upgraded to 300 kW ea. On SW eight 50 kW to be installed. For ES, four 500 kW SW, and two 250 kW SW also to be installed. Presently there are 35 AIR SW stns. In Andhra Pradesh, Hyderabad SW to be upgraded from 10 to 50 kW. In Kerala, new SW for Trivandrum (Jose Jacob, Feb IDXCI ADXR)

INDONESIA In early March, I visited RRI Denpasar and got some useful info. Per a booklet on RRI, there are 49 RRIs in Indonesia and they are divided into 4 categories: 1) central stn in Jakarta, 2) 5 Nusantara key stations (Medan, Yogyakarta, Banjarmasin, Ujung Pandang and Jayapura), 3) 26 regional I stns in provincial capitals, and 4) 17 regional II stns in large district capitals. If you hrd unID RRI giving the ID as "Radio Republik Indonesia, regional satu...", the stn is located in the provincial capital.

RRI Denpasar now operate 24 hpd on 3945 (1 kW), 648 kHz (1 kW), 1206 (10), and 93.75MHz (50 W). Own nx at 2230, 2330=(EG rx and info pgm to 0000), 0200, 0530, 0900 (Balinese nx), 1000 (covering Nusa Tenggara territories), and 1300. Their studio is now located in Jalan Hayam Wuruk, Denpasar.

RRI Banjarmasin has EG pgm daily 0830-0900 consisting of mx, info and mx. Hrd in Bali on 1134 and maybe 3250 (not confirmed).

RRI Yogyakarta now 24h; fq usage is very complex; exact fqs not given, only wavelengths listed in pgm sked; fqs are calculated from wavelengths: 41.72m = 7190 0300-0600. 42.25m = 7100 0000-0300, 0600-0800. 59.43m = 5047 0800-2200. 127.6m = 2350 0800-2200. 271m = 1107 2130-0300, 0400-0700, 0930-1730. 308m = 972 kHz 0600-1000. FM 103 MHz 0700-2400, 107 MHz 0400-1730, 2130-2200, 0000-0300. Their own nx pgms at 0030 (EG), 0100 (Javanese), 0300 (regional nx), 0630 (regional nx), 0930 (sports), 1000 (city nx), 1130 (EG nx), 1230 (Javanese), 1400 (Nusantara II nx), 1830 (midnight nx) and 2230 (city nx). Their addr is a little diff from WRTH 86: Jalan A. Jazuli No. 4, Yogyakarta (Satoshi Wakisaka, Suita city, Osaka, Japan, 14/3)

RRI Biak now on 5500.5, ex-5451 since early Feb. Hrd 21/2 w/Qur'an 0906, lagu melayu 0916, then US pop vocals to 0930 Jak pgm. 0959 ID anc "...gelombang 54,54 meter..." (5500 kHz). VG Sig. RRI Jayapura, 9612v, hrd 20/2 w/ lagu populer Indonesia at unusually early hour of 2138; F-P w/9610 QRM (John Wilkins, Wheat Ridge CO)

RRI, Jakarta, reported 12/2 1200: V of Indonesia, the intl svc of RRI, '11 begin Spanish svc in near future. Dir-Gen of R, TV, Film said in Jak that RRI '11 bc in 10 langs w/intro of SP. (Ed. note: VOI currently on 15150 & 11790 for 77h a week in AR, Std CH, EG, FR, GM, IN, JP, ML, TI) (WBI 27/2) Feb DSWCI SWN:

INDONESIA Latest follow up to 1985 survey :
2492.1 (Mataram?) at 1600-1900 with heavy QRM from V of Strait on 2490. Note // 2901.
3355.3 Jambi *1700-1830- daily all night Dec/Jan. Unheard 1500. Wonder where it is between 4927 s-off and 3355 s-on
3945.5 Ternate at 1300(regular s-off may be 1400) & 1700-1900- Often only this frqcy in 1985 and all night. Different pxing from 3345/3916 and seems special prgm for Ternate local area.
3946.1 Tanjung Karang til 1700 and sometimes all night. Wrongly confirmed as Jakarta at last survey. Must be ex 3955 which has'nt been reported for several years //3349.9. Suspect relays Jakarta px all night most of time.
3995.1 Pontianak til 1600 - extended 1 hr. Also on //3345.0.
4866.6 Wamena -0900-1200- here in early Dec.85
5043.6 Wamena -0830-1200- returned from mid-Dec.
5045.1 (Jayapura) -1100- noted very poorly Dec/Jan. Heard at 0900 in Tokyo but not at 1100.
5046v Yogyakarta -1000-2100- still all night on this channel with E nx at 1130.
5451v Biak *0800A-1200A*. Til 0800 and after 1200 seems to be on 7210.6. Time changes unsure. Sometimes in '85 noted 0800-1200 on 7211 and before/after on 5451.
5500.5 Biak QSY from 5451 from late Dec.85. Same sched as above
5882v/5886v Pekanbaru QSYed to 5894v/5895v from early Sept.85
5987.5 Menado irr. used instead of 3215 in '85.
6069.9 Jayapura -0800- seems here with very poor signal Jan.86
6127.5 Kabire -0900-1200- s-off extended maybe before Dec.85
Unstable sig-strength. E LL noted 0845-0900 on 3 Jan.86. S-on of night txn is 0755 w/IS, RRI opening mx (name unknown) and opening announcement.
6188.4 Manokwari inactive for night txn on this freq recently Only on 3986v?
6553.5 Jakarta. Harmonic of 3277 sometimes better than fundam.
7210.6 Biak (see 5451 above) is vy low modulated.
9509.9 Ujung Padang *0155- in Jan.86.
9611.6 Jayapura -0600-1100*. Almost no modulation in Dec.85. Fair to poor signal and sometimes only heard "Rayuan Pulau Kelapa" before the nx.
4920.1v Tanjung Pinang (*1400)-2000- on all night instead 3225. Never heard here Tanjung Karang reported. HM

Ed: excellent information Hitoshi and Nihon DX Club and also for your comment. All is understood and I know how it is to be short of time. Any news is welcomed here.

I R A N VOIRI on 9022 1956-2008 16/3 w/talk on recent events. 2004 ID, readings from Holy Qur'an. F-G; looked for reported 6080 but no luck (Richard A D'Angelo, PA) Maybe 6088?

I S R A E L V of Israel reported 25/2 0900: The Comms Minister 'll continue to handle the establishment of VOA xmtr in Israel and a spl govt company 'll not be set up for the purpose. Our correspondent Elihu Ben-On reports this was agreed in a meeting between the PM & CM. Proposal to set up a govt company had been raised by the Treasury. Dir-Gen of Comms Min sked to meet US reps today to discuss plans to continue installation of the xmtrs (WBI 6/3)

V of Israel, ES in EG: 00-0030, 01-0125, 02-0225 Eu/Am 9435 7410 5885. 05-0515 Eu/ME/As/Au/Am 21710 11960 11700 9860 9435 9009 7410. 11-1130 Eu/ME/As/Au/Am 21625 17710

V of Israel, reported 7/3 1500 in HB: Some 4 million Soviet citizens tune in at least once a week to the VOI bcs beamed to Soviet Jews. This was learned from a poll recently conducted by one of the larger radio stns in Eu. Shows that listeners to VOI in the SU are particularly interested in nx of events in Isr and the ME, and accept the nx as verified, true info. The Sovs invest apx 1.2 gigadollars a year in jamming bcs by Western countries. This sum exceeds the SU's expenses on the purchase of grain annually (WBI 13/3)

Rec'd F/D Kol Israel ES card w/ "Reshet Bet Relay" typed on card in 36 days for a monitoring report and a req to please indicate the relay. Took 3 attempts to get it right. Latest sked for Reshet Bet shows 13745 ex-9385 1830-2315, 9388 ex-7465 1530-2315; 9388 confirmed w/monitoring 15/3 1730-1815 (D'Angelo)

I T A L Y Marconi R Intl from 15/2 testing new 11960 or alt 11650, Sat 1230-1530 & Sun 1030-1430 (R Tritto, Italy, Play-DX)

I V O R Y C O A S T Fraternité Matin, Abidjan, reported 3/3: By 15/3 we think the new radio xmtr will reach max power of 500 kW, says Info Min Amadou

Thiam at the Akouedo xmsn centre last Sat [1/3]. Info Min went there to see on the spot progress made in installation of 500 kW xmtr. Was very satisfied esp'ly because installation work has been adjusted to 100 kW on all range of fqs allocated to it. Its small ant completed 27/2; large ant also completed and the power of 500 kW'll be attained 15/3. Mr Thiam could not hide his happiness, tho the IC is against self-satisfaction. 500 kW xmtr'll enable IC to make itself hrd in world. IC has a msg to deliver. Known for coffee & cocoa but have other things to offer the world... Don't regret decision to buy xmtr from Thomson of France. French engrs have done their work and are still here... (WBI 6/3)

Monitoring 3/3: EG pgm from Intl Svc of R C8te d'Ivoire now hrd 18-19 on 11940; 1240 & 92 MHz also ancd; addr for listeners: Intl Svc of R Cd'I, P O Box V191, Abidjan, C8te d'Ivoire (WBI 13/3)

J A P A N NSB Tokyo, 9760, hrd from 2300 w/JP 2nd pgm 9/2 only; also on 9595 w/JP 1st pgm; both vy strong, but faded by 2400; only other stns on band were Magadan, Argentina, Paraguay; this was during big blackout when all bands were dead for 2 days; no trace of RCI & SWLD on any fq that weekend (Ernie Behr, Kenora Ont) NSB, R Tampa, Tokyo, 3925, G in EG & JP Sun 1100 w/feature pgm "Sony World Network--Radio Around the World" 22/12 (Leigh Morris, Feb NZ DX Times)

K A R E L I A N A S S R Reception report sent to RMWS on a RS DS xmsn of Petrozavodsk resulted in a full data QSL card, which included xmsn site; on 4780. Surprised to rx this as R Moscow does not verify domestic svcs (Christos Rigas)

K E N Y A Recent skeds from VOR are somewhat ambiguous! Mick Ogrizek got one showing Natl & Genl svcs: Natl: 02-0630 5985 7135, 0630-1330 11740 9635, 1330-2010 7135 6050. Genl: 02-0630 6000 6170 7220, 0630-1330 11795 11750 9725, 1330-2010 7220 6150. Pat McDonald got a sked for Genl svc: M-F 02-0620 4804, 0640-1310 7125, 1315-2010 4804; Sat 02-0620 4804, 0640-1320 7125, 1325-2010 on 4804; Sun 0230-0620 4804, 0640-1320 7125, 1325-2105 4804. There has always been uncertainty about actual sites for Kenya hf svcs, and in past, there has been an interchange of fqs for some svcs. As far as I know, there are only two 250 kW xmtrs at the Komarock site, used mainly on the HF bands 5950+ (Bob Padula, Vic, March ADXN)

P H I L I P P I N E S NHK-TV Tokyo reported 24/2 0700: anti-Marcos group has seized state-run TV stn [Maharlika BCing System, also referred to as Ch 4] and has changed name to (Televisi Filipino). Stn has switched from EG bcs to Tagalog, the native Phil lang. Using anti-Marcos ancrs, repeatedly urges public to rise up to overthrow Marcos...

Monitoring 24-25/2: Stn called "The Voice of Free Philippines" became audible at 0830 24/2 on 918, fq formerly used by MBS's Tagalog "V of the Philippines" stn in Quezon City. Since abt 1100 24/2, some sort of bcng link hrd on 7045 SSB. Nx, ivs, conversations in EG & TG obs w/some correspondents ancing the circuit as being the "V of the Phil" & also callsign "DWLMS". Fq also obs// FEBC. A corresp even hrd urging listeners to phone stn for which he was reporting and giving same phone number as ancd by VOFP on 918.

V of the Free Philippines, Quezon City, in EG/TG 0830 24/2 ancd: Friends, this is another stn to serve the people, the People's Power. The People's Power over this stn 914 [sic]...from Bohol Avenue [location of HQ of former MBS]. Friends, this is a public svc. We are former employees of ABS-CBN [a pre-martial law radio & TV stn closed down in 1972] who are here to serve you. We have waited so long to be able to serve you once again, and I am very, very happy that we are given a wonderful opportunity to serve you again. You know, when we entered our former dwelling, I kissed the ground. It is very dirty because many people walked thru the door but it really is 'home sweet home'...Friends, you will soon hear old voices. We have (Roger Nagasca), (Chris Daluz), (Donna

Tuazon), just to mention a few of the personalities that we used to hear during the good old days of Radio Patrol [a pre-martial law radio pgm]... This is the Voice of the Philippines [as hrd], V of Free Philippines. This is the former DZXL [callsign of the key stn] of the ABS-CBN. I am in the booth right now where I used to conduct my "Midnight Patrol" pgm. Of course, many things have happened in the past 13 yrs. It took us 13 yrs before we returned to our old home... After so many years, we are back...on the air...914 kHz from Bohol Avenue, Quezon City, the former ABS-CBN, the Philippines' largest network (WBI

Broadcasting behaviour since departure of former Pres Marcos: 27/2)

Monitoring 26-28 Feb: the stn from Quezon City on 918 which IDed variously as as V of the Free Phil, V of the New Phil, or simply V of the Phil, had by evening of 26/2, started mainly to use the name Radio of the Nation (Tagalog: Radio [sic] ng Bayan). Radio of the Nation also hrd w/dom pgms for R Veritas whose xmtrs had been put out of action 23/2. After 1000 & 1130 nx on 918, ancd in TG "You are still tuned to the Radio of the Nation. This is Radio Veritas, temporarily using the facilities of VOP on 918 kHz AM". Stn also played "Onward Christian Soldiers," hymn normally associated w/RV. 26/2 1544 further anmt in TG: "Tomorrow we at RV will return to our old studio on Liveview but this studio will continue to bc. We wish to thank all concerned here for letting us use the facilities. Tomorrow at 0630 in the morning, a thanksgiving mass will be held at Camp Aguinaldo and Camp Krame, a mass for the nation to be attended by a megaperson, so bring your xsistors w/you as RV'll xmit the celebration of mass". 1600, closed down to return at 2100. Info from RV 28/2 said its own stn was still off the air; hoped to have repairs completed 3/3 & resume 846 kHz. 28/2, xmns in EG hrd to have resumed on 6170 [one of former MBS SW channels]. Ancd as "Your information radio DZFM" and "Bcing 24 hours, DZFM, Quezon City" DZFM was called used by former MBS QC xmtr on 738.

NHK-TV, Tokyo, 28/2 1100, abstract of report on propaganda campaign during final days of Marcos govt: RV was attacked by a 50-member armed group early on 23/2 and forced to shut down at 1030. However for some unknown reasons a stn believed to be KV hrd in Manila at 1800 24/2. BC originated from small stn only 2 km from Malacañang Palace, which normally bc only mx, DZRJ, 810 kHz. To prevent pro-Marcos groups from locating stn, callsign changed to DZRB in its bc. As fq of 810 quite close to RV 846, people thought RV'd resumed bcs. Stn requested audience to provide info by phone, and among those who did were Defence Min Enrile, Gen Ramos and Mrs Aquino (WBI 6/3)

Bulletin Today, Manila, reported 2/3: Now it can go on record that radio & TV paved the way for ousting a Phil president... One stn stands out, RV, a bc arm of the Catholic Church and run by priests & nuns; should take the largest credit in info dissemination and urging families to go out and contribute to the success of People Power. When practically all other stns continued playing mx or their regular pgming, DZRV [Radio Veritas] took on the added task of mobilising people on the air. At height of the 3-day crisis in Camp Crame & Camp Aguinaldo, the stn served as forum for mx, ideas, suggestions, appeals. At that point, RV had shed all signs of an objective medium. Like the church, it had gone partisan. It was this partisan stand and the stn's overwhelming hold on its listeners that led Marcos soldiers to destroy DZRV's P40 million tower and relay stn in Malolos, Bulacan. Quick on their wits, the staff transferred to a radio stn in Sta Mesa where it took on the personality of a bandit stn. Around this time, tension between the Marcos camp and the rebel soldiers of Enrile and Ramos was mounting to a climax. RV, then introing itself as DZRB or 'radio broadcast' urged people to go out and barricade the two Camps to prevent any violent encounter betw two sides of a now-divided military. Manning its booth on a 24h basis were Fr Ben Carreon, Fr Efren Datu, Orly Punzalan, June Keithley and a pool of field correspondents. Another stn, DZRH went to town w/live cov of those 3 unforgettable days in Feb. DZRH was about the only commercial stn that dared air a running account of the defection, the seige of ch 4 and the fall of Marcos. To some, DZRH did a better job in fair and objective reportage. When the rebels captured former govt stn Ch 4 in morn of Mon 24/2, an atmosphere of festivity marked the new era's first telecast. Orly Punzalan hosted that first bc together w/Maan Hontiveros. Ch 4 facilities had hooked up w/some radio stns, incl DWIN-FM and DWLL. People could actually leave their TV sets now and still get the msg on the radio. This further mobilised the citizens who, by then had been anticipating victory. Even those already barricading Crame, Aguinaldo, Ch 4 and later also Broadcast City, kept themselves attuned to the latest mx, thanks to the radio...

Summary of item on Media Network on R Netherlands 6/3 1150: RV Asia was badly damaged in two incidents. Technical Manager at RV in Manila, David Mapanao, interviewed by phone on 4/3 says all xmtrs are out of commission but they are optimistic that one 100 kW SW xmtr will be opl w/in the week. The stn has 5 xmtrs at its site. The bldg is still intact after the attacks but damage was sustained on the MW xmtr. Tuning components among other things were damaged. One attack was by a 50-strong group, not in uniform, who used axes and rifle butts. The second was by two tanks. When the 100 kW xmtr returns to the air, it will be used for the normal overseas svc, time-extended to cover other langs. As for the other xmtrs, they are 20 yrs old and there will be a problem in getting spares. Mapanao is optimistic that the 2nd and 3rd xmtrs can be made opl w/in four months (WBI 13/3)

Manila Bulletin, 14/3, reported: Many televiewers are expected Sun 16/3 to respond positively to a call to contribute any amt that'll help RV rebuild its SW & MW xmtrs and other comms eqp destroyed during the recent people's revolution. Contributors may drop their donations at any of the branches of the United Coconut Planters Bank (OCPB) and the Bank of the Philippine Islands (BPI) on that day from 8 am to 6 pm. The OCPB started receiving donations for RV since Sun 9/3. Its officers and staff pledged P50,000. Dubbed as "Teleton on Four," the nonstop, 17 hour whole-day bc'll go on the air at 7am over the new ch 4. Orly Punzalan, Domestic Pgms Mgr of RV, said pgm made possible thru coop of Info Min Teodoro Locsin Jr and Ch 4's Officer-in-Charge José Mari Velez.

AFP nx agcy, Paris, reported from Manila 16/3 1439: Pres Corazón Aquino 16/3 kicked off a fund-raising campaign to restore Roman Catholic stn Veritas, blaming its destruction on 'misguided elements' in the ousted regime of Marcos. The militant radio stn was being live reports of the 4-day civilian-backed mly revolt which sent Mr Marcos into exile when some 50 armed men cut its xmsn lines in nearby Malolos town 23/2. Mrs Aquino appealed for public support in a brief msg on the govt Teleton, a day-long televised benefit show which solicited more than 1.4 megapesos (70 kilodollars) from viewers. "As you may know, the misguided elements of the former regime destroyed the stn's xmtrs with axes and hammers," she said. The 53-yr-old Pres said the destruction of RV had meant "the voice of the truth can no longer be hrd in the Philippines." (WBI 20/3)

The new Continental 100 kW xmtr for FEBC will probably not be on line for M 86 and it's hoped for this to be fully operational for J86--planned usage then: 6030 10-11, 6065 22-23, 6120 12-16, 9645 09-12, 9670 11-16, 9675 2230-24, 9700 2230-2330, 9715 12-14, 11780 16-17, 11850 07-16, 11865 00-02, 15350 07-11, 15375 11-1430, 15410 23-02, 15445 23-02 [including other xmtrs] (Bob Padula, Feb ADXN)

P O R T U G A L RP obs w/PT svc to Af 11915, a slight move from 11910, at 1943 for Sun svc 9/3. PT to Af also hrd on new 11795 at 1950 // 11915 9740 9/3. And on 7160 *0800 Suns for PT to Eu // 9740, into Church svc 9/3 (Bob Padula, Vic)

S A I P A N KFBS came up on new 15175, for aftn svc in Chinese, 05-07, replaced planned 15115, excellent lvl 10/3. Morn svc in CH now on new 11935 arnd 2135 but QRM from R Liberty co-channel 8/3. EM svc now on 15320 / 17795 both new, 0010, and both now severe-co-channel QRM from R Australia! Lai Chau 6473 1030-1330. Lam Dong on 4413 10-11, 1130-1230. Nghia Binh 5120 1130-13. Son La 6332 & 4715 03-0430, 1130-14. Thanh Hoa 4882 1030-1100 (WBI 20/3)

Y E M E N N O R T H W E S T YAR Radio, Sana'a, DS in AR on 9780 6135 4853 711: 03-0705, 0705-10 Fri, 10-2310; includes V of Palestine daily 16-1630 exc during Ramadan at 18-1830 (WBI 20/3)

YEMEN SOUTHEAST Radio of the PDRY, Aden, DS in AR on 11770 7190
1188: 03-06, 06-11 Fri, 11-21 (WBI 20/2) 31/1 at 1925 on 11770, SINPO 44444,
English press conference w/new military leader--guess one of the rarest occasions
for EG pgm from Aden (Pradyot Banerjee, Calcutta, Feb IDXC1 ADXR)

YUGOSLAVIA RY on 7240, 2217-2228* 11/3, nx by W, 2223 ID, s/off ment
// 9620 & 6100, neither hrd; SIO 332 (Richard A D'Angelo, PA) in EG, now earlier
by an hour, I assume (gh) "Borba," Belgrade, reported 23/1: The SAWP extends
full support to the further development of pgming and modernisation of R Yugo,
it was stressed in the course of talks which Aleksandar Grlickov, Pres of the
SAWPY Fedl Conf, had yesterday w/ reps of this radio bcng orgn. Milan Rakas,
pres of the section for info & public opinion of the SAWPY Fedl Conf, and Miroslav
Lazic, Secy of the section, participated in the talks. Dr Dragan Markovic
Dir of RY, and Pance Zafirovski, chief and responsible editor, acquainted Pres
Grlickov w/work of the ed office and efforts made to promote the svc which is
bc in 10 forn langs, as well as w/construxion of new SW xmsn centre in Bijeljina.
It was said that, if necessary funds provided, centre'd be commissioned at
beginning of next year, when facts & truth about our country and its role in
the intl community and its views on world events'd be hrd and listened to in
all continents. Support was expressed in the talks for the efforts made by
the RY work organisation collective sothat the new bcng centre might be completed
as soon as possible, which'd also ensure that all the republican and
provincial radio stns'd get much more bcng time on RY to carry their pgms
intended for emigrants and for workers temporarily working abroad (WBI 27/2)

ZANZIBAR This month's sensation is the reactivation of the xmtr on
11735; hrd from abt 1530 to 1815* (Finn Krone, DSWCI SWN Feb) Pgms all in SH
w/nx from DeS at 1700; first hrd by Finn 19/1, same day I first hrd the ID,
but my notes suggest it was active at least the week before (No#1 Green, UK,
DSWCI ed.) RTZ noted on two new fqs, 11734.4 arnd 1530-1730 and 6014.7 arnd
1600-1700--former from 11/1, latter from 16/1 and //. 3339 not hrd for several
months. Jun-ichi Nishikawa rxd a letter from an ancr of RTZ last year
saying that 'it'll begin to use the new xmtr for the ES". So one, or both
could be it (It'd only be the SW relay of Zanzibar for listeners in neighbour-
ing countries) (Hitoshi Miyashita, Japan, Mar DSWCI SWN)

CLANDESTINE CRANNY V of Namibia hrd 7/2 1858 s/on, IS &
V of Revolutionary Ethiopia ID, then ID
in EG for VON; RFE QRM (Christos Rigas, Chicago IL) Fq? I suppose arnd 9595

V of the Libyan People Can anyone help me to find their addr? (Fabien Serve)

V of Liberation of Iran, 7080, addr sought in Feb LN; they give an addr in Bonn
and another on 9027: P O Box 535, London NW 10, UK; P O Box 201225, 5300 Bonn
2, W Germany (Fabien Serve, 27/2)

V of the Communist Party of Iran, intercepted in Persian at 1740 11/3 on 3880;
and daily bc at 1730-19, repeated 0315-0445 on 75 & 65m; addr for listener
correspondence given as Postfach 100600, 5000 Cologne 1, W Germany. In 1984,
VOCPI hrd giving slightly diff addr in Cologne as well as in Turin & London.
17/3, hrd *1730 on 3870, // 4480 at 1750, to 1900* w/Intle (WBI 20/3)

V of Mujahedeen, 7110, hostile to Iran govt, hrd in Farsi 1530-1930 daily; pre-
viously thot to be via mobile xmtr in Iraq, but present steady sig negates that.
Curiously enough, there's a bubble jammer on fq too, meaning that the Iranians
are using such jammers too. Clear ID at 1600 as "Sdyee Mujahed" in militant
voice. Not of [sic] patriotic chorus nos. and speeches but no addr given (Su-
pratik Sanatani, Jan IDXC1 ADXR)

V of Unity, 1530-1625 on 11490 and other fqs on 31mb are 9535 9560 9795 (Kuni-
toshi Hishikawa, Japan) Did you hear these other fqs?

V of the People of Burma, first hrd 9/4/71 tho subsequent anmt indicated inau-
gurated 28/3; after test period towards end of Nov 79, present VOPB replaced
original stn 28/3/80. Bcng reduced to 3 days a week sometime between Apr 85
& Feb 86. Now monitored on 5110 Fri/Sat/Sun 0130 BM, 0155 Karen, 0210 Jingpaw,
0225 Shan, 0240-0255 Wa; same pattern 1230-1355, times apx; run by Burma Commu-
nist Party (WBI 20/2)

V of the Khmer (Cambodian: Smleng Khmer) started expl MWBC from Cambodian/Thai border area 15/1/84; SW started Oct 85; describes self as non-communist natl Cambodian bcng stn in the liberated zone of Cambodia under leadership of Siha-nouk and Son Sann; run by Khmer People's Natl Libn Front (KPNLF), in Cambodian 05-07, 11-14, 23-24 on 6325 and unconfirmed 1250 (WBI 20/3)

V of the People of Malaysia The Nation, Bangkok, reported 18/2 from Betong, Yala, Thailand: A captured jungle camp of the Communist Party of Malaya insurgents N of this border town [Betong] housed a major CPM cland stn, military sources confirmed 17/2. Maj Gen Kitti Rattanachaya, Commander of the 5th Army Div, said Thai troops found evidence showing that the seized camp, abt 15 km N of Betong, was base of the so-called 5th Special Comms Platoon of the CPM. Field mily sources said the jungle camp also served as a CPM cland radio stn which bc in Chinese & Malaysian twice daily. Xmen covered areas thruout Malaysia & sevl southern provs of Thailand, per the sources. The Nation reported 19/2: The govt troops, led by mortar barrage and rocket bombardment from helicopter gunships, 16/2 seized the stronghold of the CPM 5th Spl Comms Platoon which also served as the CPM major radio stn. He [Rattanachaya] said the cland radio stn was called "Suara Rakyat" or "V of People of Malaysia" per CPM document found in the camp. Kitti said the govt's seizure of the insurgents' mobile radio stn has reduced ability of the CPM comms and brought much advantage to the anti-CPM joint [Thai & Malaysian] opns. Said govt soldiers were also trying to uncover another CPM cland radio stn believed to be nearby (WBI 27/2)

E Echo of the People Began xmsn in mid-Aug 85; style more softened in comparison w/V of Natl Salvation (ex-V of Rev Party for Reunification). Some pgm almost same as that of KBS Social Educ pgm, same them mx and style used but w/contrary intentions. Many monitoring results show this is from N Korea (tho anc "from Seoul" like V Natl Salvation), from 100 kW xmtr at Pyongyang, which was used for V of Reunif and is used for 6250 Pyongyang; 4120 kHz off (rpts on mDX [sic--?]) via Hitoshi Miyashita, Japan, Mar DSWCI SWN)

V of Nationa [sic] Saving (ex- VO the Reunification) on 1053: 03-05 KR, 10-14 KR, 15-1630 KR, 20-22 KR, 22-2230 EG (FE Radio Club, Japan, via Jan IDXCI ADXR)

R Camilo Cienfuegos (CID) relays mx from R Martí at 1031-1042 // 6075, and also relays mx from Miami MW stn WQBA 1140 at 1102-1106 (Steve Reinstein, DSWCI) Fq? RCC--I think it is in Florida--they make interviews w/people living in FL and have people working there that live in Miami (Raymond Slagt, Oranjestad Aruba)

R Monimbó, 6230, had strong, clear sig *0200-0325* 7/3; no sign of HCJB, which I found on 6050 w/EG pgm, right on top of their own SP svc; next day back on 6230, which should be moved 5 or 10 kHz to avoid R Monimbó (Ernie Behr, Ont) Please pay attn to R Monimbó and

R Caimán; presume that it is the same stn, same ancrs; they do not transmit on the time [at the same time?] (Raymond Slagt, Oranjestad, Aruba, NWI, 10/2) R Caimán, 7470, massive sig 7/2 w/talk on science & refs to USSR 0138; anybody come up with an addr yet for QSL? (John Wilkins, Wheat Ridge CO)

Radio Caimán: Observations on anti-communist radio. Monitoring research 23 Jan 86. A radio station broadcasting in Spanish and calling itself Radio Caimán was heard broadcasting on 7470 kHz from 0058-0236 gmt on 23rd January. This transmission was announced as an 'evening' one. The station also announced a frequency of 9960 kHz for its 'morning' transmission. A news bulletin entitled 'Radorama' was broadcast at 0100 gmt. It contained items critical of the Soviet Union and allied communist/socialist countries. (WBI 30/1)

The above item is printed exactly as BBCMS did, no editing or contraxion as I usually do. It is the first (and so far, last) time BBCMS has mentioned this stn, confirmed by their 1985 index which does not list it. Isn't it incredible that such a powerhouse on the air for so many months is barely noticed by them? Furthermore, no hint whatsoever of what area, even what continent it comes from. This illustrates something important: while the BBCMS has never claimed to be comprehensive, or even objective, it is obviously under considerable political pressure in its coverage. It is after all, part of an intelligence agency. I can imagine the scenario: BBCMS knew about Caimán for a long time, but was pressured by the FBIS (CIA) guys upstairs to keep it quiet since it's "one of ours". After lengthy negotiation and discussion, BBCMS was finally allowed to publish the above rather incomplete and inadequate item, a minor victory (gh)

UNIDENTIFIED 9757 in AR at 1600-2200 f/out since 26/1; maybe Kor-
an pgm from Cairo? (Ernie Behr, Ont, 25/1)

9640 Vy strong AR to 1425*A, 15/1 only (Ernie Behr, Kenora Ont, 25/1)

9585 AR stn hrd from 0330 w/TS & AR nx, 0348 mx, 0400 TS; weak sig 11/3; need
help w/IDs for these AR stns (Ernie Behr, Ont, 11/3)

9575 AR mx at 2300-2400A since 9/3, under REE in SP, which is also on new 9745
(Ernie Behr, Ont, 11/3)

5560/5565 unID lang, like Arabic, speaks about Sana and Aden, but only about
them; arnd 0025, VG sig (Fabien Serve, 27/2)

6100, on KCBI 9/3 Capital DXers rptd R Cultura, For do Iguacu, Brasil at 0730,
obviously a list logging; too many false & misleading reports from this group
on KCBI; A weak stn is on 6100 to 0757* under YVTO, but is not Brazil; see al-
so MALAWI (Ernie Behr, Kenora Ont, 11/3)

5010, 2308-2314* 19/1, SIO 3+53+; t/in to Qur'an recitations to 2312 when short
anthem (?) commenced to 2314; then carrier cut. No voice anmts. Wonder if this
is V of UAE, Abu Dhabi? TBS says testing there last Feb (Richard A D'Angelo PA)

4753 [Cf Jan LN-32], Greenwood's unID at 2200 could be Ujung Pandang [INDONESIA]
via long path, but not in AR (Ernie Behr, Kenora Ont, 25/1)

PUBLICATIONS DX LISTENING DIGEST If you like LN, you'll also like
DXLD, lots more DX information in very similar format,
plus frequency cross-reference, plus Enjoying Radio, a technical/philosophical
forum edited by David Newkirk. Some copies of #4 are still in stock, and #5
has just been published. Samples are \$1.50 each in North America, 6 IRCs else-
where; 12-issue subscriptions \$17 in North America by first class, \$21, \$23 or
\$25 overseas airmail depending on zone; US funds only by check or money order.
DX Listening Digest, Box 490756, Ft Lauderdale FL 33349 (gh)

Dear Mr. Ron Howard

We are very pleased to hear from you and we thank you for your precise verification report.

We would like to take your attention that the short-wave you had received in Santa Barbara, is not for the mass audience but for our contact-use broadcasting. NHK is casting 2 middle-wave domestic broadcasting such as 1st and 2nd hpm. And the later one is also cast by short-wave. This broadcasting is fulfilled with educational and cultural programs as well as some news.

It's a great thing to expand your horizon or viewpoint by listening to several stations as ours. We hope your purpose will bring a big and juicy fruit.

Sincerely yours,
Saichi Kitabayashi

Mr. R. Howard,
P.O. Box 30040,
Santa Barbara,
California, USA 93130

Dear Sir,

Thank you for your letter dated 9 February, 1986, detailing reception of test transmissions from our new 50 kW Inland H.F. Service transmitters at Alice Springs. So far we have had reception reports from New Zealand and Papua New Guinea but your report is the first from the United States.

The H.F. Service when fully operational will include two other transmitters at Katherine and Tennant Creek in the Northern Territory. All three services are troposphere scatter systems.

The frequencies for all three are as follows:-

Station and Frequency

Time (CST)	Alice Springs (VLSA)	Tennant Creek (VLSB)	Katherine (VLSK)
8.00 a.m. - 4.30 p.m.	4.835 MHz	4.910 MHz	5.025 MHz (60 metre band)
4.30 p.m. - 8.00 a.m.	2.310 MHz	2.325 MHz	2.485 MHz (120 metre band)

Please find enclosed a booklet on this new service.

Yours faithfully,

R.S. OLSON
R.S. OLSON
Supervisor, Engineering Services

KARELIAN SSR: Radio Petrozavodsk 4780 f/d cd. w/ site in 52 ds. for a RS * transmission! (Rigas-IL).

(816) 523-7292 7-10 pm only!

UPCOMING DEADLINES: 10 April (Mid-April) 20 April (May) 10 May (Mid-May)

Reproduction permitted provided credit is given original reporter and NASWA UPDATE.

Dates, times and days GMT: freqs kHz.

BRAZIL RadioBras, 11765, in FR 2000. Soft IS; theme mx (sounds like whooping apes) and W w/ ID, sked and address. RadioBras apparently alive though maybe not all that well. (Park, HI 2-25)

CANADA BBC WS, site tentative, 5965, in EG 1419. "Music Land" prgm about classical mx, discussing the Grammys, sports show // 6195. Not listed WRTH86. BBC via Canada rare here, low freq a surprise. Poor, mixing w/ RTM and an unID. (Park, HI 3-8)

CHINA Xinjiang PBS, Urumi, 5440, in Kazakh 1525. M singing "blues" mx w/ mandolin, M anncr w/ anncmts, xylophone-like mx, talks by M&W, // 4330. Vy poor, QRM ute 5435. (Park, HI 3-13)

Beijing FS, 5850, in Mongolian 1200. Wobbly sounding IS (messed up tape loop), ID "Buhjing jarsj..." M&W w/ anncmts and nx. // 5145. Per WRTH and RDI. Poor w/ much nearby ute QRM. (Park, HI)

COOK IS. RCI, 11760.8a, in EG/Maori 0925. Mix of US pops (e.g. Lionel Richie, Pointer Sisters) and local MoR mx. Full ID in EG/Maori by W, more local mx. Vy poor, distinctive xmtr hum a la Kiribati, local qrm/qrn. (Park, HI 3-5)

ECUADOR R. Quito, 4820, in SP 0427. M singing ballad, singing ad, long stn jingle and ID: Radio Quito, la voz del capitol, another jingle and Andean guitar mx. Poor. (Park, HI)*** Presume 4820 a typo for 4920. tba

FR. GUIANA RFO Cayenne, 5055, in FR 0915. Continuous Afrolatin mx (mixed Afr and LAm songs) at 0927 W talking over background mx reading psas. M w/ world nx, morse code dits and dahs between items. New xmtr? Poor, co-channel RTTY. (Park, HI)

GABON ANO, 4830, in FR 1740. M talking excitedly, then playing Madonna mx. Ex-4810. Poor to vy poor. ute and local QRM. (Park, HI)

GUAM KTRW, 15115, in EG 0820. "Through the Bible", stn anncr w/ request for letters, "Insight." Poor, some xmtr blackouts. (Park, HI)

KENYA VoK, 7220, in EG 1737. US soul and local mx, 6 pips and W w/ ID: "This is the Voice of Kenya." Into Christian religious talks by very soft-voiced M, 1758 song "Family Christmas," pips, band mx and nx. Tentative // 9505. Do not confuse w/ R. Tanzania since this ID includes a word that sounds like Dar es Salaam. Poor, mixing w/ unID. (Park, HI 2-11)

VoK, 11740, in EG 1857. EAfr mx, then W w/ ID: "from the Voice of Kenya, Nairobi, where it's 10 o'clock." Nx headlines, hair cream ad, UK pop mx. Not always on this freq. Poor w/ static. (Park, HI 2-18)

MADAGASCAR RN, 6020, in EG 1900. "All About Love," prgm of love songs // 9540. Vy poor to unusable, under RMWS and fading fast. Heavy local QRM. (Park, HI 3-10)

NAMIBIA RSWA, 3295, in AK 0436. Talk by W, speech by politician. Poor, ute and local QRM. (Park, HI 3-3)

NEPAL RNepal I, 5005, in presumed Nepali 1618. SAsian mx, then W w/ anncmts and ads, M singing local MoR mx. Poor. QRM from co-channel RID from 1619 when it statred beeping. RTTY 5008. (Park, 2-26)

NORWAY RNI, 9620, 1756. Barely usable but recognized IS under co-channel VOA and jammer. (Park, HI 2-18)

PHILIPPINES FEBC R. Intl., 15350, in EG 0826. Religious-oriented philatelic prgm, "The Hobby of Knigs," anncr w/ QTH and ID. "Unshackled." This is beamed to EG speaking Malaysia and Singapore per anncmts. Poor VoFC QRM 15345. (Park, HI)

POLAND R. Polonia, 7145, in Polish 0458. Mazurka mx, IS and IDs "Radio Polonia." Horn flourishes and ID: "Tu Polskie R. Warszawa programa." Anncmts, nx. Fair, some QRM. (Park, HI 3-10)

RWANDA (?) SW, 9565, in EG 0304. Natl and world nx, cut from "Hooked on Classics" LP, into "Focus on Modern Living" past 0330 // 9545. L. Miller "International Radio" says this is new NAM service but 3-15 check shows 7225 and 9545 in FR 0350. Poor, 2 unIDs co-channel. (Park, HI 3-8)

SINGAPORE BBC WS, 3915, in EG 1713. "Letter from Scotland," prgm preview, "Meridian", // 7160. Poor. (Park, HI)

BBC, 15380, in EG and Burmese 0013. 3-note B-B-C IS, EG ID w/ lang and site, theme mx, ID in Burmese, "Myawan London," prgm preview and world nx. Poor. (Park, HI 2-23)

SWAZILAND TWR, 7300, in GM 0358. Handbell IS, theme mx and ID: "Hier ist...,Manzini, Swaziland." M w/ annmct, religious prgm // 5955. Poor w/ RM and jammer on 7295. (Park, HI 3-2)

TWR, 9710, in EG/vern 1843. Handbell IS, IDs "This is Trans World Radio, Swaziland," W w/ lang ID, into in-house religious prgm. Lang is Umbundu per WRTH 85. Fair, qrm jammer 9705, co-channel het (I'm dreaming its Mauritius, hi.) (Park, HI 2-13)

TAIWAN VoAsia, 5980, in EG 1125. Current US top 10 mx (from Sade to James Brown to Starship) being played by W who was difficult to understand. // 7285. Poor, mixing w/ unID, QRM Korea 5975. (Park, HI 3-9)

USA WYFR, 15170, in EG 2206. "Family Radio Mailbag," 6 second ahead of VoFC relay on 15 Poor, usual irritating het from Tahiti slightly above 15170. (Park, HI 3-15)

USSR(?) Tentative R. Afghanistan HS via USSR relay, 3965, in vern 1655. Persian-type singing by W, M w/ talks (several mentions of democratic) but missed ID. No time pips 1700. Poor. (Park, HI 2-25)

ZANZIBAR RTZ, 11735, in presumed SH 1756. MoR mx, followed by ID "Hii ni ... Tanzania Zanzibar," pulsating drums, annmct and nx. Gave another ID 1805. WRTH 1986 does not show RTZ as testing a new xmtr, but if so, it's overmodulating badly. Poor. (Park, HI 2-25) *****

Hope you enjoyed these fine reports from Dale Park. Hope to see reports from you next time.

—Thanks to the regular and new contributors again this month & HAPPY SPRING to all!!

—1986 DAYTON HAMVENTION....Why mention a hamvention in a SWL/DXer publication(??). The Miami Valley DX Club will be sponsoring the 4th annual "SWL Forum" at the 1986 Dayton Hamvention on 27 April at 0930am. If your in the area, be sure to drop by for this most interesting few hours as well as the bargains at the "flea" market outside. Im sure Universal SW Radio will display the new NRD-525 as well!!!! CU there!!!

—Going to Provinciales & Barbados for a much deserved holiday in a week with no radio, TV, mail(!), or students, if Im not here next month.....

—CU next month(??) & thanks again!!

mde —

LOG REPORT

section C

6200 to 11699 kHz

Editor: Peter Drizhal, P.O. Box 683, Oxon Hill, MD 20745

ON THE WAVE:

As usual, a number of "common" loggings have been omitted. Some of them--like RM and VoA--for reason of premeditated airway glut; others because their listing almost becomes--if I may allow the analogy--cliché. If you don't by now know what stations commonly frequent the corners of 9580 and 9715, for example, then don't worry--eventually you will. If only by osmosis.

Quickly on another point, loggings made in January were also cut, simply because January loggings in an April issue of FRENEX would actually be out of place. After all, LOG C is supposed to be relatively up to date. In plainer terms, for the May 12 deadline, send only (to LOG C at least) April and May catches. If you feel you might miss the deadline, then you'd best send your log strips directly to the appropriate editor--this will give you 3-4 extra days.

NOTICE

According to information received from Joe Hanlon of Philadelphia, the Pirate Freak Broadcasting Service will conduct a test transmission to North America at 0400 to 0500 GMT, April 13, 1986 on 6310 kHz. The power will be 100 watts. If you can QSL this test, Joe suggests that you write to Andreas Comte, Fillerdamm 36, D-2838 Sulingen, West Germany who will probably be able to forward your reports.

(FRG6/R390A); Charles WEISS, South Euclid, OH., (RF-B600).

+++++

Here we are at the end of another month and as promised, all loggings that were received after I closed out the March Column early, have been forwarded to the respective Editors.

For those of you who may not have already seen or received information slips, Mr. Fred Osterman of Universal Shortwave (1280 Aida Dr., Reynoldsburg, OH. 43068) is putting together the Second Edition of the "DXer's Directory", this publication, in its 1985 Edition, contained over 800 Listings of DXer's and information on over 100 Radio Clubs.

Hopefully this Second Edition will be even bigger than the last. Those of you who may be interested in being included, please drop Fred Osterman a note asking for a DXer's Directory form, please be sure to include an SASE as well, for those of you who have not seen the Latest Catalog from Universal Shortwave, simply send off \$1.00 US Currency and Fred's group will send one off to you, the dollar is refundable on first purchase. This Catalog is chuck full of Goodies for the Casual or Serious DXer. I'm sure you will find anything and just about everything you could want in his Catalog, and if you don't see it, just drop a line to Fred and he will do his best to give you help in locating what it is you might want. He also publishes a fine "Used Equipment List" on a regular basis and at substantial savings to the buyers of Used Equipment.

The Warmer weather seems to be on its way, although we here in the Northeast have been experiencing a rather mild winter, however the Solar Flares are raising havoc with the radio signals, rather badly on occasions. Hopefully we will have good conditions for listening for a few more months yet. Keep those loggings coming, they are what makes this Publication what it is today.

NO COLLECT CALLS, PLEASE, UNLESS SO STATED.

FOR SALE: Sony ICF-2001, \$95.00; Sony ICF-6700W, \$175.00. Prices include shipping. Customized Beam Headings (from/to) and Distances (MI/KM) to over 355 WRTH transmitter sites. Useful in picking alternate transmissions and selecting listening times based on distances. ITU Country Codes included. Send your location/coordinates, \$6.00. Gilfer's Confidential Frequency List, 5th edition; Guide to RTTY Frequencies, 2nd edition; FRENDX complete 1984-1985. \$5.00 each. Cashiers check or money order, please. Al Drehmann, Route 2, Box 3B, Tryon, NC 28782. Phone (704) 894-3398.

WANTED: Cassette recording of the ABC/Ray Briem Show concerning SWL and DXing. I will supply cassette. Scott Nelson, P.O. Box 321, Parrshall, ND 58770.

FOR SALE: Electronic Research Corp. Active Audio Filter with low and hi pass filters, bandpass filter, and notch filter. Great for DXing and in good condition. \$15.00 plus UPS shipping. ALSO: Sanyo battery cassette recorder in good condition. Good spare recorder, \$5.00 plus UPS shipping. Steve Kennedy, P.O. Box 402, Waverly, TN 37185-0402. Phone (615) 296-1897 daytime (home) or 296-2456 nights Mon.-Wed. and Fri. 0100-0600 GMT.

FOR SALE: Hammarlund HQ-180-AX (180-A with 11 crystal positions on front panel in place of clock). Like new. Still has most of original Hammarlund tubes in it! With manual, \$300.00 or best offer. ALSO: Hammarlund HQ-129-X in very good condition. All capacitors replaced. Works well. With schematic, \$100.00. Tom O'Hare, 20023 84th West, Edmonds, WA 98020. Call prepaid (206) 778-3668.

FOR SALE: Drake SPR-4 with speaker, \$225.00. Sony 2010, \$225.00. McKay Dymek DA100 active antenna, \$75.00. WRTH 1981-1985, \$8.00 each. FRENDX 1983-1986, \$20.00 complete. Telex and Yamaha headphones, \$12.00 each. Misc. shortwave books, \$5.00 each. Please ad shipping. Dennis W. Tuft, 12884 Eveleth Avenue, Apple Valley, MN 55124. Phone (612) 432-6020.

WANTED: Technical literature is greatly needed for the RCA WO-9LB Oscilloscope for classroom use. Send particulars to Mr. J. Sheldon, Instructor, Electronics Dept., Oak Ridge High School, Providence Road, Oak Ridge, TN 37830.

FOR SALE: Radio Shack DX-360 macro-portable, \$45.00. Bearcat BC-300, \$200.00. Regency HX-1000 handheld, \$150.00. All scanners in excellent condition. Andy Robins, WMUK (FM), Western Michigan University, Kalamazoo, MI 49008

FOR SALE: Sony ICF-2002 in excellent condition with owner's manual, Gilfer case, and AC adaptor. \$175.00 or best offer. Dustin Brann, 12211 East 58th Terrace, Kansas City, MO 64133. Phone (816) 356-2947 between 2100 and 0100 UTC. If you get the recorder, please leave message.

FOR SALE: ICOM R70 receiver with FL 44 A filter, \$450.00. ALSO Uniden CR-2021 digital portable receiver, \$75.00. James G. Herkimer, 3255 South Drive, Caledonia, NY 14423. Phone (716) 538-4868.

FOR SALE: Wife says either some of this gear goes or I do. It's tempting, but I guess I need to get rid of the following: U.S. Navy AN/SRR-13A receiver, 2 to 32 MHz, 110 v ac. Built by RCA in the mid-1950's and employs plug-in modules for easy repair. Has gobs of mechanical filters. In gray case, 17" w x 8" h x 16" d and it weighs 69 lbs. I have one that works great, one that works not so great, and a third one with a bad power supply but good modules. I want to unload all three, complete with instructions and repair manual. Make me an offer I can't refuse. WANTED: Space Spanner or Star Roamer receiver or something of equality. Harold Cones, 2 Whits Court, Newport News, VA 23606.

FOR SALE: Kenwood R-2000. Six months old, \$395.00. Would consider portion in trade. H.C. Beal, P.O. Box 1246, Walla Walla, WA 99362. Phone (509) 529-0073

WANTED: 1947-58, 1960-64, 1966-68, and 1974-76 issues of the WRTH in reasonable condition. Also want back issues of FRENDX from 1966 to 1968. Will purchase or copy and return paying all postage. Tom Daly, 132 RICHARD Court, Pomona, NY 10970.

SOLAR LIGHT CO. INC.

AUTOMATE THE SONY ICF-2010/2001D AND THE ICF-2002/7600D WITH THE
CC-2020 CASSETTE CONTROLLER!!!

DEAR SONY ICF-2010/2001D AND ICF-2002/7600D OWNERS, THE CC-2020 CASSETTE CONTROLLER GIVES A TYPICAL AUDIO CASSETTE RECORDER THE ABILITY TO BE CONTROLLED BY A RECEIVER WITH A PROGRAMABLE TIMER AS WHEN THE ICF-2010'S MULTI TIME, MULTI FREQUENCY TIMER IS SWITCHED ON.

WHAT DOES THE CC-2020 DO ?

THE CC-2020 COPIES THE PROGRAM TIMER FUNCTIONS OF THESE TWO RADIOS IN TURN OPERATING A CASSETTE RECORDER GIVING THE 2010/2001D AND THE 2002/7600D RECORDING FLEXIBILITY SIMILAR TO THAT OF A VCR.

THE CC-2020 CASSETTE CONTROLLER LINKS THE TIMER IN THE ICF-2010 AND 2002 BY A SUBMINI PLUG GOING TO THE REMOTE CONTROL JACK OF A CASSETTE RECORDER. THIS ENABLES YOU TO MAKE CASSETTE RECORDINGS OF SHORTWAVE PROGRAMS NO MATTER WHAT TIME OR FREQUENCY THEY MAY BE BROADCAST JUST BY SETTING THE TIMER ON BOARD THE ICF-2010/2001D OR ICF-2002/7600D.

WHY PURCHASE A CC-2020 ?

IF YOU ALREADY OWN A ICF-2010/2001D OR A 2002/7600D AND WANT TO EXPAND THE RECEIVER'S TIMER CONTROL THE CC-2020 GIVES YOU THE ABILITY TO LISTEN TO SW BROADCASTS WHEN YOU WANT TO HEAR THEM.

ALL CONNECTIONS TO BOTH RECEIVERS ARE MADE VIA EXISTING INPUTS ON THE 2010/2001D AND 2002/7600D. NO DISASSEMBLY OF THE RECEIVER IS NECESSARY. REQUIRES A CASSETTE RECORDER WITH REMOTE JACK, A SONY AC ADAPTOR OR EQUIVALENT DC POWER SUPPLY, AND AN AUDIO PATCH CORD BETWEEN THE 2010/2001D AND 2002/7600D TAPE OUTPUT JACK AND THE CASSETTE MICROPHONE INPUT JACK.

THE PRICE ?

THE PRICE IS \$34.95. INCLUDING A TWELVE MONTH WARRANTY.
PLEASE ADD \$3.00 FOR SHIPPING.
AUDIO PATCH CORDS [MINI PLUG TO MINI PLUG] ARE AVAILABLE AT TIME OF ORDER FOR \$2.00.

OTHER RECEIVERS WITH PROGRAMABLE TIMERS MAY WORK ALSO. WRITE FOR DETAILS.

DEALER INQUIRES ARE INVITED..

FOR IMMEDIATE RELEASE

March 26, 1986

MONITORING TIMES TO MERGE WITH INTERNATIONAL RADIO

Bob Grove, Editor of *MONITORING TIMES*, and Larry Miller, Editor of *INTERNATIONAL RADIO* (formerly *Shortwave Guide*), have announced plans to combine into a single operation beginning with the July, 1986 issue.

MONITORING TIMES, now in its fifth year of publication, has grown steadily, earning a worldwide reputation for accuracy, timely reporting, and journalistic integrity.

INTERNATIONAL RADIO has similarly earned a reputation for in-depth interviews of broadcasting personalities, up-to-the-minute time and frequency schedules, and program details.

The expanded 60-page tabloid will be the largest periodical in the monitoring industry, featuring authoritative writers and improved printing from a new laser printer on heavier paper stock.

A year's subscription to the new *MONITORING TIMES* will be only \$14 including second class postage. Discounts are available for two and three year subscriptions, quantity orders for resale, and educational institutions.

For more information, contact MT headquarters directly: 140 Dog Branch Road, P.O. Box 98, Brasstown, NC 28902, or call 1-704-837-9200.

Foreign rates: Surface \$27, Air \$49 for one year

★ **This is your official notification**

This letter is your official notification, that the 1986 DXER's DIRECTORY will be available soon. This publication will be available in late March. The 1986 Edition will include over 1200 listeners from 50 countries. The Directory will once again include an extensive listing of DX' clubs, and an expanded listener photo section. The book will be in the same 5 1/2" by 8 1/2" format as the 1985 Edition. Despite the larger size of the 1986 edition, the price will remain the same as last year's. Price: \$4.95 plus \$1.05 surface-rate shipping.

★ **Ordering information**

You may order your 1986 DXER's DIRECTORY at any time. To insure fastest delivery, you may place your order now to reserve your 1986 DXER's DIRECTORY. You may order with check, Mastercard, Visa or COD using the order form on the back of this mailer. The price is \$4.95 plus \$1.05 shipping.

EASE NOTE: Due to a lack of response for effective leadership at the helm of HAP-USA, inc., I feel compelled to announce that this will be the last HAP page to appear in print in US based publications. It is a sad commentary when a viable organization must be shelved due to a lack of volunteerism. As of March 31, 1986, HAP-USA, Inc. will no longer issue tax-exempt receipts for US residents.

We have had and continue to have a fine relationship with other organizations which strive to assist the disabled within their own ranks. We have a commitment to continue supporting HAP-UK, HAP-Oceania, CHAP, HAP-India and HAP-Germany. These independent organizations provide a vital service and necessary assistance to those less fortunate in our hobby. They still need our help.

Until further notice the HAP page will continue to be published overseas. If anyone wishes to be placed on our mailing list just send an SASE to the address below.

ADDRESS: Sam Barto, HAP-Worldwide, 47 Prospect Place, Bristol, CT 06010 USA
SPECIAL OFFER: Due to popular response, we will continue to offer 50 stickers/decals for only \$5.00 (\$6.00 overseas). They make for excellent enclosures in reception reports.

They can also be very attractive as a montage in your DX den...Sam.
