NATIONAL RADIO CLUB DX NEWS February 3 39 Headquarters

Foreign Membership 317 East 10th St.,

Issued Weekly

\$1.75 Per Year \$1.75 Per Year Eric Penna We welcome the following new members: - Ike Davis-Elkhart Texas.... Miles I. Hart-Raleigh N.C..... Robert L. Blanchard-Brooklyn N.Y......

FCC NEWS:-New Calls-WMOB-Mobile Ala... Thers several changes in the FCC check sked, in which we will have out I hope this coming week.

Several of you members have wrote into HC asking about the NRC specials that we list in the DX Calendar, to clear up this matter I want each and every one of you to know that its not HQ fault on these listing, our CPC Len forwards me the tips and I place them in the calendar as they are sent in, so if it should happen to be a joint dedication, its not HQ fault. (To all you Clubs that receives the NRC bulletin please pardon the NRC HQ if we list a program as a NRC dedication when you are suppose to receive part of the program, I have no way of knowing this as all I have to go by is what our CPC men sends into me.) So in the future all the NRC CPC men please say if the station is dedicating to the NRC or to (ALL CLUBS). Lets keep our bulletin clean of all such troubles. HMG

Please remember that you may obtain your RADEX through the National Radio Club for only \$1.40 per year, this is a special CLUB plan for the NRC members.

XEFC-1340 kc., Merida Yucatah Mexico dedicated a program to the NRC on February 2 starting at 3:00 AM EST, this tip arrived to late for the bulletin. But in his letter he say's that there will be a second program between the 17 and 21 of February at the same time and will AIR Mail us the correct Date and time so that we may get the news out to all our members.

In last weeks bulletin we carried the tip on WHIP-1480 kc., Hammond Ind for February 4th, this letter was written by Elmer Herkner Studio Director, in it he stated that they would dedicate a special test program between the hours of 2:00-4:00 but fails to state if EST or CST, this week I have a letter from him which states CST time. And that the first hour will be for the NRC and the second hour for the NNRC.

Joseph T. Lippincott-Tufts College Mass, sent in a list of T.A. BCB stations that Evans B. Roberts and several of his friends have heard in the later part of December and January, we would of like to printed this list but it was just impossible as the NRC is ran on a budget and we depend on the membership fees to publish the bulletin, and our budget just souldn't stand the pressure, but now Joe says that any member that cares for this list may obtain it by writing to RICHARD HOLLAND, GONIC, N.H. inclosing 10¢ plus a return stamped envelope. The list is worth ten cents of any mans money as it would cost the club 42 cents to set up this list, plus the paper and time.

I want to acknowledge reports from Ray Edge, Larry Lunberg, Bill -Stone, Art Brackbill and to all you boys that had your reports cut to poices this week, but this ole bulletin is gettingto small for the news that we are getting. Next week we will try and add another extry page and catch up with all the back news, and reports. So lets see all you boys in this coming week as I will make room in the next issue if it takes 13 pages, thats getting to be a habit printing 3 pages every other issue. (Not only that we will have some pleasant surprise's for all the members in the NRC in a few days. Watch for this item.

Jan.30th-33 above-KVNÚ for check at 3:20 untill 3:22 this is second monday Ive heard them now. Too noisy and quit early. KGY came back and they have a nice station card. This one has eluded me for years. Jan. 31-22 above Snowing and too noisy to DX.KTSW on check at 3:02 and quit.

ERNEST_COOPER-Brooklyn_N.Y.Heres Ernie back and I hope to stay.Ernest says KELO Sioux Falls S.D has a test program every Tuesday AM at 1:00 untill about 1:30 EST. I pulled them thru this morning thru WIL. The information was sent me from KSOO, its sister station, when I wrote them for a verification. Incidentally KS00 can be heard at about 6:30 p.m.back of WRYA.

JOSEPH T.LIPPINCOTT-Tufts College Mass. I notice in the SW section about the write up that the SW Editor had on receiving Africa on the BCB, well I hear Tunis and Tripoli quite often. For the benefit of Ike Davis I think he heard Tripoli on 1104 signing at 6:00. They do not always talk Italian and in fact I heard them with Spanish recently.Jan.25, Signals only fair.The usual French hrd. HAL BUTTELS-Aurora Ill. Well not to report very noisy this AM, WMIN Q5 R8-9 at 2:00am EST battling with WATL KRIC was heard signing off at 3:02 Q4-5 R6 QRMed by WNBO.WIL with Dawn Patrol signed off at 4:30 some others heard but just regular run. Veries this week WCOV VFB card WSAU and WIP, hope to have more next time. Manage to get 2 more for log Hi. Now at 1052 with 903 veries. Took in local Amateur Radio Club meeting last Thur Jan. 26 and hrd talk by one of WMRCs staff, WMRO has a Moblie unit 50w on 2850 ke call not known.

MERLIN_STEEN-Decorah_Iowa.Jan 25 WFBM testing at 4am EST, KHBC R4 3:58 who signed off 900kc at 4am EST. Jan.27 Who signed off on 1310 at 4am EST. Hrd faint music on 690kc at 3:53am possi ble 1YA. Jan. 23 CKMO R4 3 4am, a Mexican was hrd on 660 at 4:45 with chimes and train whisleidentification was XEA? perhaps XEAI. Also hrd stations on 650kc at 5:04 and 570 at 5:10am thought to be 1YA and 2YA any know for sure (You are right OM on the 650 and 570 for this Date as I logged 1YA for 45 minutes.Ed) Jan.29 WGAR for IDA R5-6, WWVA asked for reports on sign off. KELA hrd thru KXYZ at 2:30, KMA R8 @ 2:50, XERB off 3am, KDYL off 3:03am, who was Cuban on 1450 QRing CFCT at 3am, KWSC had a DX pro last sunday of every month 3-5am. CKWX R4 3 4:25, WHOM for a new one at 6:50am. Who was Cuban on 780 at 6:50am. Jan.31 KTSW on FCC test at 3:15am, WHBL testing new 100 watt xmitter, which will be put in service Feb 20, WAGF on DX program at 3:15am, WEXL R5 3 3:30, WJ3V off 3:36, who else was on 1370 besides WAGF at 3:55 am EST. To Dick Cooper KWLC have acknowledge all reports received. If you have not received verie yet send Feb FCC direct to me and I will go up and get a verie for you (To any member who desires a KWLC verie send reports to me if you wish and Ill personally contact the Chief Engineer and get your verie) Does KGV verify, after 3 reports to KFJM they still refuse to verify who signs reports for them. Latest veries KGY WLW CKAC WICC and WREC KYA and WMRO.WATL apparently don't verify at least for me, who signs them. Feb.1 WCOV on FCC test 3:35, WPAY 3-4:30, KRE R3 3 4am when they siged off, KIT on FCC test at 4:20 am. Who was on 1310 ke at 3:54amEST signing off at 3:53.

JOHN KALMBACK-Williamsville N.Y. (Note for Merlin Steen WAPO KGNC and KGVL were hrd on regular schedules.KGNC may be hrd signing off at 1 am EST. KGVL was logged at 7:30am EST on 1/14/39.WAPO was hrd at 3 pm EST on 12/20/33. WGR-WKBW test their maits daily from 6:30-6:50 AM EST. Latest veries are KTSW and WMBR.

JIM WALKER-Romney W.Va.CMGE in Cuba will be on for the NRC Feb.26th at 1-3AM EST.He said for me to tell the rest of the members to listen. Hrd CKCA test this AM on 1420, also WCOV Q4 R7, WAIW R9.Normandie Q4 R6 and Rennes on 1040 Q4 R7.

IKE DAVIS-Elkhart Texas. The says that he beleives his best verie is 2YN Nelson N.Z. 920kc with 30 watts. The also says that the Oriental he was speaking about last week was hid between 3:00 Am and daylight, the last time this Oriental was hid on Jan. 15th 1939 after 3:30 am till 6:00. The says that he hasn't been DXing so much here of late only spent four mornings at the dials. Well old pal we will wait.

FRED_BURLEIGH-Meriden Conn. Well the TAS have been pretty consistant during the past week. Have heard Lyons 648 Cologne 658, Cardiff 804, PP 959, Rennes 1040, Bordeaux 1077, RN 1095, Lille 1213 and Rome 1222. On 1/19 Wales Regional 804 was R7 from 6:50 pm untill sign off at 7:00pm. On 1/28 XEAC 980 was R7-8 around 2:00am CMGE 1375 was on with a DX and putting in a good R9 signal. They will present another DX during the latter part of Feb. KOIN 940 reading reports of missing people and cars at 2:30am on the 28th. LRA testing at 2:30am R5-6

CARL FORESTIERI-Bronx N.Y. The French are still strong. On Jan. 28 CMGE was R7 reading DX reports, at 2am Poste Parisien and Radio Normandie R8. CBR Vancouver R8 at 2 signing off. Py the way CBRwill extend their operations to Midnight in the very near future XEQ Radio Panamerica S.A. in Mexico City on 710kc verify and state that they changed frequency to 730 now and like to have reports, will verify. Feb 1st French stations R6 to R8 at 1:45, WAIM testing at 2:05, KWOS at 2:15, KOH good R8 at 2:20, KGIR never hrd so strong R9 at 2:25, WCOV testing 2:35. Feb. 2 Very poor. No TA's at all, WCOV testing at 2:25, WGRC testing 2:55. No trace of XEFC untill 3:15 when I called it a night.

JOE BECKER-Hamilton Ohio.Only 4 veries in since Jan.1 KTSW WCOV WSTP an XEQ. WSLI still out since Nov.3, and CMBF has 4 nice reports, 2 nice reports out to WJHL.Hrd a very weak sig on 750 this am may have been LRA.KRE coming thru pretty good this am.Hrd one on 1420 this morning who was much stronger than WBNO.(Jan.28) who was it.No luck with KVEC or KGY.Received a list of stations from the FCC and note that WGEL WNNY and WHAL are not listed, so I suppose that means deletion for the 3.(Late tip from Joe) WSLI and WJHL veries came in now 10 more for 1200 veries.

RANDOLPH HUNT-Leucadia Calif.Notice that closing date for S & E contest is April 15th, just one day after conclusion of freq checks. Why not close May 1st and allow more time for the lads to get veries in from April freq checks. (OK OM will take that Up) Would like to see next S & E contest have more DX element, no North American station with over a 1000 watts allowed, and not allow a contestent to enter a station unless it is over 400 miles. Over half the stations this year have veridied by letter. One enclosed verfication card also, KTRB sent two cards, three days apart. KIEM a Galif station about 700 miles from QRA has photo of Rewood Highway on Card. Eureka is further from 'shack' than El Paso Tex. Veries of past few days are KRLD KGVO an KGNF.

NICK EVANGELISTA-West Hamburg Pa.Jan.24 Hrd Poste Parisien at 2:05 on 960 kc. Radio Bordeaux at 2:16 1077, Radio Lyons at 2:35, KOH at 2:45. Hrd a station on 1275 or 1230kc between 3:07 and 3:30. They were off an on with program, was Spanish speaking station. Sounded like LS9 when he announced but LS9 is listed on 1270. Did anybody else hear them. Jan.27th KHBC signing off 4:00 cas (5 R7 never hrd them so strong. Jan.28 Hrd CMGE RS at 1:15, KGLO at 1:23, XED at 1:30 R7, Radio Rennes Q5 RS at 1:35 on 1040, Lyons at 1:45. PP at 2:03 on 960. Jan.29th Hrd CMH at 2:04 R7. KGFW at 2:20, CJRC at 3:00 CJRC at 3:00, KPAB from 3:01 to 4:03, Latest veries WKBB KCMO KFBB CBV KWEW KPMC LRA

<u>DAMIEL YAPP-Kittanning Pa.New veries are a mimeo card from KTÓK and a nice letter from KGER.Nothing from XEAC as yet or KGFF.Have about 12 reports still out, but veries are very slow.</u>

Welcome the the NRC MOLPO of SW reporters Eldon Addy OM. We assign you as NOLPO # 12. We hope you find a lot of good tips and very much enjoyment out of the NRC bulletins each week. Heres hoping that we may hear from you often...Well Well If it isnt good old timer E.H.Manning of Alberta who has joined the NRC and has sent his first SW report in to us. Boy I would like to hear from you real often OM. How about dropping me a line and lets hear how the world is treating you. How about taking over a NO-LPO assignment Ok....It was not so long ago that your Editor had a tough job getting enough news togather for the bulletin each week. Now we are having a tough time getting all the news in the bulletin each week. Hi. That shows the members are right on their toes and supporting the bulletin 100 %. Last week Harry could not get all the tnfo into the Bulletin so this week we are starting where he left off. Thanks a million fellows for your fine support.

CUESTIONS & ANSWERES DEPARTMENT

Leo Herz answers his own question of last week by telling us that the station he was hearing on 4.785 megs was HJlABB La Voz de Baranquilla, Colombia. He logged it several times last week. .. Nick Woytan has been hearing some mystery stations on 7.000 and 7.350 megs at 1:45pm and want to know who they are. WHO can help him out. ??? Fred Alfred wents to know ow who the Phone Station on 9.500 megs is at 4 pm daily with R8 Q5 signals who talks but never gives the calls. (Your Editor thinks it is KE: at Bolinas California) Fred also wants to know what city in Domincan Republic that HILH is: located in. Who has received any veries from Spa in Lately. (Editor) Your Editor had reports out to EAQ and EAR for a year now but no veries as yet ... E.H. Manning says that the Dautsche Freiheits sender is a German station and that the QRA is the same as all the Ceremen Stations and the vericication card is also the same.

TOPICS OPEN FOR DISCUSSION

E.H. Manning does not agree with Cy Will who says the Ankara station is on the air from 11:30nm-4:00pm daily. Monning had the station mag times and they always signed off at about 2 minutes to 5pm EST(Fellows here we are having the same discussion as several times befor Your Edutor sent a report to Ankara last week and they signed off at 4:00pm ESI However the next day they signed off at 5:00pm. They seem to sign of mostly at 5pm but there are times when they sign off at 4pm so that i that.Hi)

NATIONAL RADIO CLUB DX NEWS SHORT WAVE NEWS

--A WORD FROM THE SW EDITOR--

Feb 1st is the end of my first year in the NRC and I wish to state that I did enjoy my membership very much and since I was appointed Assnt SW Editor I have had the whole hearted support of my good Friend Larry. This also goes to the other Officers and the Board Of Directors to whom I wish to thank each and everyone and I hope to have the friendship of you fellows of the NRC for many years to come.

I have a few more remarks to make on my New Howard receiver which I forgot to tell you last week. One of the outstanding feats of the receiver is that their are no gaps between bands and it sure does prove it on the VFB results I get on 61 meter band. This receiver covers 540 kc to 42.000 kc and last week I managed to get reports out to XE1DU ZS6BR PY2JC K5AN VUD2 HI3N G5SA K6LPV K4FSP COBX KAICS HJ1AA and HJ3CAD

SW CONTEST OF THE NRC

Cy Will says I voted against my idea. I think the idea of seeing who can verify the most countries in a year is going a little more exciting contest.

Fred Alfred says he does not like the idea of the VIC ratings at all for a contest. When a chap gets 60 or 70 countries verified it gets harder all the time to get another country. I think the best idea for that contest is to count all the stations verified during the year of 1939 if the contest is going to run for a whole year. Another thing CW veries should not be count because they travel twice as far as voice signals and it would be twice as easy to get CW (SL's.A fellow that cant read code hasnt a chance with the fellows that can read code. Phone stations are OK because sometimes you have to wait for an hour befor they come out of scrambled speech in order to identify them.

out of scrambled speech in order to identify them.

Next week your Editor will give you the type of contest the members as a whole want. If this is passed by the BOD the contest shall become official and I hope everyone participates.

The initial report for this column comes from Syracuse M.Y.contributed by: - Nick Woytan-On commercial CW I have heard 55 countries. Among these: EPB Iran, TFJ Iceland, FXG Frindo-China, CND Morocco, CRF Cape Verde, FOYL Fr. Oceania, VKS Australia, WTU-WXF Alaska, XOH China PJQ Curacao, TAF Turkey, HSP Siam, TDm Manchukuo, FZF Martinique and others from Russia, Austria, Switzerland, Spain, Surinam, etc. DX on 20 meter CW is fair and have logged about 25 countries. Some of the better ones hrd include: FAGL (Algeria), VP5BR, K5AH, CN8AJ F3KH G5TZ OZ7UU(Den) NY2AE K6OKN G5QG HB9CC K6BNR ON4UU ON4DZ LU3EV YV5AK PJ3CO and CT-3AN (Maderia) Veries from HB9CC ON4DZ LU3EV and F8PY." FB DX there Nick wish I had some of them. Lets hear from you again soon.

GEORGE BRODE-Philadelphia Pa. Our very good friend George came thru with a very nice report. Geo's call is W3HHS. On the 40 meter band Geo reports for Jan.18th: K5.M 7100 R8, K6JFU-7103 R7, CM5DB 7125 R7,: Jan.24th. K4FAI 7015 R6, K_JFU 7103 R6, VK3TD 7090 R5, HH2ES 7120 R7, these 7 mc stations all hrd between 6 and 7 A.M.A later report from Geo informs us that on Jan.27th at 6:30AM he hrd and contacted VP2SA 7103 kcs. St. Vincent Island (Nice going OM lets hope that we hear more of your DX)

After reading the reports of Woytan and Brode's, yours truly donned the fones, lost a few hours sleep and was rewarded by: CRF CUW CWA-Uru-guay, EAN SPW ZPZ Paraguay, VPN Bahamas, VIY Australia, RGO RKA and RKB Russia, NBA Canal Zone, JAS JMN3 JNJ JYY Japan, FXE and FXJ Lebanon Asia, IDÚ Eritrea, SUW and SUY Egypt and XOB XSD XGL China.On Jan.30th all six continents were hrd on CW between 1:55 and 2:25 AM. N. America, XDY S.America CEF, EUROPE SPW, Oceania VIY, ASia JNJ and Africa SUW.Perhaps some of the members can read code but have hever given CW DXing a try. To them we have only this to say, another glance at the stations reported should convince the most skeptical that there is Real DX on CW. Take a crack at it fellows and send your reports in to Uncle Dudley.

((BCB SV Reports cont.)) WWV-5.000 National Bureau of Standards Hrd R9/Q5 at 7:10am (Herz-Ill) W2XE-11.830 New York N.Y. hrd R8 (# 12-Iowa)

LAST MINUTE QUESTION
A station was hrd by your Editor on 17.810 mags relaying the Daventry
Programs till 8:30am EST. Was it TPB3 ? No call letters were given & station left air at 8:50 while GSG-17.790 megs left the air at 8:53 am EST. Who can help me out.

Sorry fellows but this is all we have room for this week. Will try and get the gossip of our members in next weeks bulletin. Ed, (A word from Hq, as you know I am a BCB DXer, but always remember this club belongs to the DXers and not to any individual, and its up to you members to say what you want, as it is we are publishing more pages than other clubs are in each issue, but we are willing to increase one more page if you members can show an increase in members. As thats what it takes to get out a bulletin, members means money and money will get the bulletin as you want it. (HMG)

Greetings once again SWL fans. We have plenty of news so lets get at it at once.

--MANCHESTER RADIO EXHIBITION--

Reg Lawton, 10 Dalton Ave., Thatch Leach Lane, Whitefield, near Manchester, England, who is Secretary of the North Manchester Radio Socliety, wrote me that in 1938 he arranged a special short wave stand at Manchester Radio Exhibition and expects to do this again in 1939. They intend to have a big display of photos of SWLs and their dens. He request my photo and I told him maybe some of the NRC readers would also like to have their dens included in this display, so if you have a photo why not mail it over to Reg. He also (SLs 100% so enclose a card if you do not have his yet.

--BELGIUM CRAs--

In one of the past issues I publish a number of QRAs and some information from Luc D'Hefft-Lafere, Sulferberstraat 8, Bruges, Belgium. He has sent me a little more news and some VFB QRAs which will be put in this section in the weeks to come. First he informs us of the sudden death of Baron Bonaert de la Roche. ON4HH, who was QSL manager for Belgium and one of the most active members of the R.B. Therefore all cards to Belgium should not be sent to his QRA anymore. Luc D'Helft-Lafere Will handle these cards now and disperse them, but only when a card is also enclosed for himself if one has not been sent him already. Luc who is quite a ham DXer has 340 amateur veries and 500 SVL cards but has about 3000 cards out. (1000 to SWL and 2000 to amateurs.) . He also sends the new QRA of ONL533, Jacques Pirsoul which is now: Avenue de 1'9pale 51, Brussels, Belgium, a 100% QRA. He said that if any members have written for his card and not received it not to think he does not QSL because he always replies although it takes him some time because of the size of his mail. We sent him a copy of the bulletin and he says it is VFB. Would like to join the NRC but exchange rates over there are too high at present.

-LETTERS FROM MEMBERS-

CARL FORESTIERI, 2224 Adams Place Bronx NYC. The old "Bronx Owl" sends along his SWL card so here's another member to QSL fellows. STAN_BRUS, 1441 Bell Ave., No. Braddock Penna. Has been swapping cards since March 1937 and has 703 cards at present from 48 states, Alaska and 21 foreign countries. Stan USLs 100%, all SWL cards, pictures post cards and photos, with anyone, anywhere. He also sends some VFB QRAs which we will use in the near future. Many thanks OM. MERLIN STEEN, Route 6, Decorah Iowa. Sends us another FB letter with some fine QRAs which we will use soon. Merlin also swaps fotos so send yours along. Okay OM on the VK-ZL Exchange bureau. We have been members for some time and will mention it in next column.

The IDA has made arrangements for a special transmission from YL2-CD (28.08) located at Riga Latvia. The broadcasts are to be on February 12th and 26 from 10-10:15 am EST. The frequency, 28.08 is at the extreem low frequency end of the ten meter amateur band, so if your receiver tunes down to the ten meters get up early both Sunday mornings and if conditions are right you can increase your VIC. The power of YL2CD is 25 watts. Send your reports with an IRC to Arvids Vitolins, Mieraiela 52-5, Riga Latvia. This is the first in a series of special from hard to get countries arranged by the IDA.

--QSLs RECEIVED--

Leo Herz-Chicago Ill-Reports receiving the following cards: VK4PX 42 watts, a VEB verie with green lettering: VK3EH 50 watts, three color card: VK6HT, a VFB card. Those three are from Australia. Also received: YV4AE Venezuela, whose card is 82 X 42. Leo is aiming at 100 countries verified this year. His VUD3 verie gives him 64 which leaves 36 to go.
